

THURSDAY

This Town-- That World

The Times adds its own note to the Floyd county crime picture this week. We've been robbed! And the criminal, we wager, is now composing the felony. He was so disappointed that he's more than likely on a protracted drunk.

Ike and I are alike. Neither of us will go to Japan this year.

POOR ME!

Some folks feel neglected, and I'm afraid I'm about to join their ranks. I sorta feel, maybe, that I've been relegated to that limbo they used to call innocuous desuetude. Not one wild-eyed fisherman has rushed to my home or office, all season long, to show me the Big One I had dreamed about.

THE QUESTIONS PILE UP

Our side has failed to buy friendship overseas, as should have been expected, and now new problems arise. The decision of the Japanese government to cancel the invitation for a visit by President Eisenhower will in all probability mean that the government will fall, and soon. The new regime may be Communist or so far left that it will amount to the same thing. Then what? If the new government asks the U. S. to quit its bases in Japan, shall we up anchor and go home? If we don't are we to hold them by force? Then what will Russia or China's next move be—a show of force, too? And if we quit Japan, the Reds may, as in Japan, the surrender of bases all around the world, leaving the United States in a bad way. And what then?

You can ask questions and wonder, on and on. Where do we go from here?

NEWLY ENACTED LAWS DISCUSSED BY CLERKS

A whole flock of new laws become effective July 1—some, even earlier—and these cornered the talks at last week's convention in Lexington of the County Clerks Association.

There is the new law on the eligibility-age for marriage, for example. On and after July 1, the female half of the proposed partnership must have attained the age of 16 before a marriage license will be issued. At present the marriageable age for girls is 14; for boys, 18.

But county clerks gave deeper thought to a less romantic subjects, cars and trucks and weight tags, and the like. For instance:

Effective today (Thursday), the gross weight of farm trucks was increased from 22,000 to 24,000 pounds. The license fee is still \$4.50.

Effective the same date, motor vehicles not previously registered in Kentucky, must be inspected by a

VOTE MACHINE USE APPROVED IN NOVEMBER

Court Approves Buying 37 Machines; Precincts Will Be Consolidated

The Floyd fiscal court last week directed the purchase by the State Buildings & Properties Commission of 37 voting machines to be delivered in time for the November election this year.

The purchase was made in accordance with the new state law which provides for the issuance of bonds to finance the machines, with the counties cooperating with the state on a lease-rental basis.

Thirty-six of the voting machines will be used in as many precincts, with the 37th held in reserve to replace a machine that may become inoperative.

The machines will cost approximately \$1,700 each. Floyd county has been asked to budget \$200 a year for each machine, or a total of \$7,400, but half of this amount will be reimbursed to the county by the state under the new law which raises the state's contribution per precinct from \$20 per election to \$50, or \$100 per precinct a year.

Consolidation of precincts is a task confronted by County Judge Stumbo in order to make effective the voting machine system, county-wide, at the November polls.

The new law provides that a county of Floyd's population must convert to voting machines before the 1961 primary election. Judge Stumbo and members of the court decided to convert now.

"We thought it best to make the change this year, because the November ballot will be small, and use of the machines at this year's election will give the people an opportunity to become acquainted with them before next year's primary and its long ballot with a large number of names," Judge Stumbo explained.

Lonesome Pine Scouts Open Summer Camping At Shawnee In Park

Lonesome Pine Council, Boy Scouts of America, opened its summer Scout camp, Camp Shawnee on Dewey Lake, Sunday, with a capacity group of Scouts and Scouters in attendance.

Fifty-two Scouts and leaders who applied for this week were rejected because of an overflow of applications. Most of these have shifted to a later week.

In attendance this week are: Troop 106, Hazard; Troop 68, Whitesburg, James Gose, leader; Troop 143, David, Clyde Storey, leader; Troop 27, Prestonsburg, E. B. May, Jr., leader; Troop 15, Betsy Layne, Jack Branham, leader; Troop 66, Allen, Don Martin, leader; Troop 70, Burdine, Robert Figgers, leader; Troop 43, Grundy, Va., W. T. Collins, leader.

Jack Hodge, of Prestonsburg, member of the Council's professional staff, is camp director. Jesse Elliott, of Betsy Layne, is program director.

Mrs. Lenora Coleman and Mrs. Neva Stapleton, of Paintsville, are the dietitians.

JOINT MEET HEARS GREEN

Noted Playwright Speaks To Kiwanians After Tour Of Proposed Drama Area

Paul Green, nationally known playwright and Pulitzer Prize winner, has been named by the executive committee of the Jenny Wiley Drama Association to write an outdoor drama for presentation in the state park here. Ratification of the selection by the board of directors of the association and contractual arrangements with Green are necessary before the selection is official, it was said.

Choice of Green to write a drama based upon the history of this region, of which the Jenny Wiley episode is to be a part, was made here Thursday afternoon after the dramatist made a tour of the park area and spoke at the Kiwanis Club meeting.

"The locale here for an outdoor drama is the best I have ever seen," the author of "Wilderness Road," "The Common Glory," "Lost Colony" and other widely-acclaimed outdoor plays, told the Kiwanians, representatives of the Junior Chamber of Commerce and the Woman's Club.

Green voiced the idea that any drama written for presentation here must have native mountain ballads and music as an integral part of the story. Courage of pioneer mountain women, he indicated, would be in the story and the saga of Mrs. Jenny Wiley, who was captured by the Indians, lends itself appropriately to the play.

"What the public wants and gets should be worth getting," Green told the Kiwanians in referring to the high type of drama he envisioned.

Green toured the Jenny Wiley State Park with Marvin Smith. (See Story No. 4, Page 4)

AREA YOUTHS ARE DROWNED

Buddy Campbell Victim At Lancer; Two Others Claimed On Week-End

Fourteen-year-old Joe Mack (Buddy) Campbell, of Bull Creek, was the first of three Eastern Kentucky youths to meet death by drowning within the week.

Young Campbell drowned in the river at Lancer last Thursday afternoon, around 3 o'clock, and his body was recovered an hour and a half later by the Floyd County Emergency & Rescue Squad.

Roger Wells, also 14, of Johnson county, drowned in the Big Sandy, between Meally and Paintsville, late Saturday afternoon. The Floyd County Emergency & Rescue Squad was called to join the search. The body was recovered at 10:28 that night by Cecil Short, of Johnson county, who took part in the body-recovery work here after the school bus tragedy.

Isaac Chaffin, 15, drowned Tuesday in Rockcastle Creek, near Inez, while he and a nine-year-old boy were wading in what they believed to be shallow water. He stepped into a hole nine feet deep.

The Floyd drowning victim, first in the county this year, had gone swimming with three other youths. His companions, Jack Conley, Jim Sizemore and a Willis boy, said he started across the river and suddenly went under. Falling to find him themselves, they called for help. The body, found not more than a mile from the school bus tragedy. (See Story No. 5, Page 6)

AUTO MISHAP KILLS FIFE

Allen Man Succumbs Five Hours After Hurt; Two Others Hospitalized

Charlie Wess Fife, 49, of Allen, succumbed at 2 a.m., Sunday, at Our Lady of the Way hospital to internal injuries received five hours earlier in an automobile accident on Ky. Highway 80 near Martin.

Mr. Fife and Henry Everidge, of Martin, were passengers in a car driven, it was said, by Alton Bradley, also of Martin, when it left the highway near the residence of Dr. J. H. Stumbo and plunged over the embankment. Bradley and Everidge were hospitalized at the Beaver Valley hospital but it was said their condition was not serious.

Mr. Fife, a miner, was the son of the late Henry Weddington Fife and Mary Jane Compton Fife. His wife, Nannie Canterbury Fife, survives. Surviving sons and daughters are Bobby Ray, Charles Ray, Clyde Edward, Randall David, Lois Jean, Mary Ellen, Lucille, Sadie Lee and Brenda Gail, all at home, Miss Anna Ruth Fife and Mrs. Barbara Sue Johnson, both of Mt. Clemens, Mich. Brothers and sisters surviving are Ervin Fife, Portsmouth, O., French Fife, Grundy, Va., Don Fife and Mrs. Birdie Johnson, both of Marshes Sliding, Ky., Mrs. Thelma Bryant, Sawyer, Ky., and Mrs. Marie Taylor, Corbin, Ky.

Funeral rites were held at 3 p.m., Tuesday, at the home, the Revs. Isaac Stratton and Bill Amburgey officiating. Burial followed in the Canterbury cemetery at Emma under the direction of Hall Brothers Funeral Home.

ALLEN SLONE SHOT BY WIFE

Mrs. Slone Injured By Thrown Hatchet In Fight At Home

Allen Slone, 57, of the Sugar Loaf vicinity, is in critical condition at the Beaver Valley hospital, Martin. He was shot, late Saturday night, by his wife, Mrs. Cora Ratliff Slone, whom he had struck on the mouth with a Boy Scout hatchet during a family altercation.

Mrs. Slone, who now is at home after receiving treatment at the Prestonsburg General hospital, said the trouble arose as a result of her efforts to keep her husband from leaving home, about 11 o'clock last Saturday night.

She gained possession of his 38-calibre revolver, "I thought," she said, "if I got his gun he would stay home. Always before, he did."

But, it was said, Slone hurled the hatchet, inflicting a cut which required four stitches to close. The shooting followed. Authorities here said two shots were fired, one bullet striking the ceiling of the room. The other entered Slone's side. (See Story No. 6, Page 6)

Funeral Home Building Completed At Martin; Facilities Are Noted

The Turner-Ryan Funeral Home has near completion at Martin its new building, erected near the railroad crossing there and in the vicinity of the Beaver Valley hospital, it was said this week.

The structure is 60 by 50 feet, with an L extension at the front of 15 by 18 feet. It is of brick construction. Milton Ryan, owner of the funeral home, said the lower level of the building provides for ambulance and other storage and a display room. On the upper floor are Mr. and Mrs. Ryan's living quarters, the firm's office, a chapel, family room and embalming room.

MEET STUDIES BONUS FORMS

Maggard, Vet Groups Meet At Paintsville; Filing Deadline Noted

Arnold Maggard, of Langley, assistant director of the Bonus division of the Department of Military Affairs, Frankfurt, was at the Johnson county courthouse, Paintsville, May 29, to instruct members of veterans' organizations and the Red Cross in completing bonus applications of veterans and beneficiaries of veterans.

Members of the American Legion, VFW, DAV and AMVETS, as well as Floyd County Chapter of the American Red Cross, attended the schooling. Mr. Maggard explained each section of the bonus application, pointing out the documentary evidence required with each application. The schooling has proved of great help in completing the applications.

Attending the school from this county, in addition to members of the Red Cross, were Marshall Davidson, Tom James and others from Floyd Post No. 29 in Prestonsburg; Shelby Draughn, adjutant, and Commonwealth's Attorney Hollie Conley, from George S. Owsley Post No. 291, at Garrett, Moon Mullins, of Jenkins, represented Post No. 66 of the American Legion in Jenkins.

As a result of this schooling, Commonwealth's Attorney Conley and Mr. Draughn were able to complete applications all day long Wednesday, June 8, in the basement of the Garrett Baptist church. Four typists and a notary public were kept busy from 9 a.m. until 6 p.m., completing applications for veterans and their beneficiaries. Helping complete the forms were Ross H. "Bud" Cooley, Fairis Johnson, LaFaye Hughes and Billy R. Francis.

Mr. Maggard advised all veterans and beneficiaries to go to people who know how to complete their forms, and to be sure that their information is right and complete. He said applications that were incomplete or lacked the required documentary evidence would be (See Story No. 7, Page 6)

JULY 4 CELEBRATION ASSURED AFTER DRIVE

The most successful money-raising drive yet undertaken locally for the purpose of financing a July 4 celebration was announced this week by Dan Goble, finance chairman. More than \$1,200 had been raised, he said.

Of this amount, \$400 will be given away as cash prizes at the Prestonsburg grade school playgrounds at 4 o'clock on the afternoon of the Fourth.

(The complete program of the day's events will be announced in this newspaper next week.)

David B. Leslie is chairman of the July 4th Celebration committee. Mr. Goble is finance chairman; Jesse Hagewood, treasurer, and Wm. O. Goebel, Sr., assistant treasurer.

"The cooperation of business people has been the most pleasing thing about our work so far," Goble said.

The following business firms which have contributed to the July 4 fund will give tickets to customers, making them eligible as possible cash award winners:

The Ben Franklin Store, Francis Stores, Flanery & Dings TV Service, Bob Francis Apparel, E. S. Vanhose & Co., Music-Colvin Motor Co., Sandy Valley Tire Service, Clabe Bingham's Gulf Service, I. Richmond Co., Thomas Hereford Co., Wright Bros. Jew-

GROUP DRILLS BIG OIL WELL

In Johns Creek Section; Gas Production Totals 1,205,000 Cubic Feet

An oil well of an estimated 250-barrel capacity, one of the heaviest strikes ever made in this county, was drilled in on Johns Creek last Thursday by Governor Bert Conley, Smith Bradley and associates.

The well, drilled in the Big Lime formation on the Collinsworth Branch of Johns Creek, also is producing 1,205,000 cubic feet of gas and has a rock pressure of 340 pounds.

When drilling was finished in the Big Lime only a small "show" of oil was visible. Acidizing quickly changed the picture, and three tanks were filled with oil. Actually, 175 barrels of oil flowed from the well in a 14-hour period.

The well was drilled on a 278-acre lease. The new strike is expected to result in a flurry of activity in the upper Johns Creek section.

Other known members of the group which drilled in the big well are Mr. and Mrs. J. W. James, James B. Goble, J. A. Spradlin, Ray R. Allen and Charles Bradley.

HOWELL QUILTS PARTY POST; LESLIE NAMED

Democratic Committee Acts At Special Meet; Party Meeting Slated

Jerry F. Howell, of Price, resigned Tuesday as chairman of the Floyd County Democratic Executive Committee, and Dr. Edward B. Leslie, mayor of Prestonsburg, was named to fill the vacancy created by his action.

Mr. Howell's resignation was submitted to the committee at a special meeting here which was attended by the chairman of Legislative Districts 1 and 2, Woodrow Fitzpatrick and Ellis Martin, Chairman Howell and Lon C. Hill, secretary.

Howell's written resignation said, in part: "Business pressures require so much of my time that I can no longer devote the necessary time to do the job at hand. I further feel that this step will be helpful in solidifying the party for the battle in November."

"I have always tried," Mayor Leslie said in accepting the chairmanship, "to serve my country, state or party in any capacity that I thought would be helpful to all citizens. It is in this spirit of helplessness that I accept this responsibility."

As county party chairman, Howell had already called the Democratic mass meeting to be held at the courthouse here Saturday at 2 p.m., to select 40 delegates to the state Democratic convention in Louisville the following Saturday.

Election of precinct committeemen and the effecting of a new party organization will not be made till December.

All Democrats are invited to the mass meeting here Saturday, it was said.

PUPIL SLUGS SCHOOL HEAD

Garrett High Principal Hospitalized, Slashed By Bert Conley

Charles Clark, principal of Garrett schools and superintendent-elect of Floyd county schools, was slugged into insensibility last Sunday morning at Garrett by a member of the school's 1960 junior class who later himself was severely injured by Clark's brother-in-law.

Clark's assailant, Gary Trusty, later was named in an assault and battery warrant issued by Magistrate Zeb Owsley and was released under bond. But, the night following the attack on Clark, Trusty himself was slashed by a broken bottle hurled or swung by the principal's brother-in-law, Bert Conley.

Both men were hospitalized at the McDowell Memorial hospital. Trusty suffered severe loss of blood, and his condition was at first believed to be serious. It was said that Clark was rendered unconscious by Trusty's blow or from impact of his head against a sidewalk when felled by the student.

No official report of the Garrett trouble was available. It was reported, however, that the trouble stemmed from failure of Trusty to be promoted this year. He was a member of the starting five of the school's basketball team. This report said Clark did not see Trusty when he was struck.

The attack on Trusty came that night at a nearby service station. United Fuel Gas Company will begin construction this month of a micro-wave station with a 320-foot steel tower on Arkansas mountain, near Martin, to forge a link in its new 200-mile micro-wave communications system. It was announced by D. E. York, superintendent of communications.

The site is south of Banner, off the Prater Creek road. The station will be one of 13 to be installed in the system which will begin in Gilmer county, W. Va., extend through Charleston and Huntington, and terminate at Prestonsburg.

Mr. York said the system will have a capacity of 240 channels and will carry regular telephone circuits plus teletyping and control signals in pipelines remotely.

He said micro-wave signals are sent like beams of light and are highly reliable because they are not subject to outages caused by storms and power failures.

The system will effect substantial savings in the operation and maintenance of the company's communication network, he said.

The tower will be equipped with a flashing beacon light for aircraft protection. A metal building, 18 feet long and 12 feet wide, will be constructed at the base.

Communication signals received on Arkansas mountain will be beamed to a reflector on Abbott mountain, which will re-direct them to United Fuel's Prestonsburg office.

Collins Radio Company, Dallas, Texas, will be the contractor. (See Story No. 8, Page 6)

BAYES GIVES PEACE BOND

In Threatening Case That Initiates Walkout At Princess Coal Mine

Samuel Bayes, mine employe of the Princess Elkhorn Coal Co. was placed under \$1,000 peace bond here Saturday after a hearing in quarterly court on a charge of threatening a foreman.

Events leading up to the hearing precipitated a walkout at the mine, but the men later returned to work. Bayes was accused of threatening the life of Dawson Bussey, mine foreman. He waived to the grand jury a charge of assault and battery on Harmon Tussey, general mine foreman, whom he allegedly struck with a club, and executed \$1,000 appearance bond.

Jailed here last week, Bayes was arrested by Deputy Sheriffs J. Hall and Harold Johnson on drunkenness and moonshine, possession charges, and Ellis Hicks, arrested by State Trooper Martin on a charge of drunk driving, Edd Williams and Ellis Hall were jailed also on drunk driving charges Saturday. Tommy Brown, Jr., who was booked by Conservation Officer Don Mead on a charge of fishing without license, was fined \$16.50. Woodrow Mullins was booked on charges of drunkenness and escaping custody.

Others jailed: Carl Jones, possessing moonshine, arrested by Deputy Sheriffs Paul Lucas and Harold Lewis; James Frasure and Carl D. Ansel, drunk and possessing moonshine.

Mrs. Laura May Davidson, Age 96, of Prestonsburg, Victim At Home, Friday

Mrs. Laura May Davidson, 96, member of a prominent Prestonsburg family, died Friday evening at her home here after a brief illness.

Born in Prestonsburg, December 5, 1863, she was the daughter of William James and Cynthia Powers May, pioneer residents of this county. Mrs. Davidson was the widow of the late Samuel Patton Davidson, who operated one of the first stores in Prestonsburg, and was also the first pharmacist in Floyd county. She was a devout member of the First Methodist Church of Prestonsburg and because of her long and faithful service and influence in the community, she was commissioned a Kentucky Colonel by Ex-Governor A. B. Chandler on her 96th birthday.

Surviving are five daughters, Mrs. J. E. Garnett, Hazard, Mrs. George T. Roberts, Mrs. Douglas Perry, Mrs. Tom Fields, and Mrs. Luther Shively, all of Prestonsburg, and two sons, former County Judge Alex L. Davidson, of Prestonsburg, and William B. Davidson, of Atlanta, Ga.; a nephew, Dr. A. J. Davidson, whom she reared and loved as her own; 11 grandchildren, 8 great-grandchildren, one great-great-grandson and one sister, Mrs. J. M. Porter, of Prestonsburg.

Funeral services were conducted at the First Methodist Church Monday by the Rev. Harold Dorsey, pastor, and the Rev. Ira McMillen. Burial was in Davidson Memorial Gardens at Ivel under the direction of Carter & Callihan Funeral Home.

The following grandsons were pallbearers: Sam Hatcher, James H. Hatcher, Samuel Davidson Hatcher, Samuel W. Garnett, James E. Garnett, Jr., James E. Garnett, III, William Graves Davidson, Marshall Davidson, A. J. Davidson, Jr., Willie Mellon, Jerry Ward, W. T. Archer, Robert Collins, Robert Maranville.

This year, for the first time, 4-H demonstration and speech contests will not be held during 4-H Club Week. These events will be held at the Kentucky State Fair in September.

Mrs. Byrd B. Goble, Age 68, Dies Monday, On Visit To Brother

Mrs. Byrd Beavers Goble, 68, of Prestonsburg, was claimed by a cerebral hemorrhage Monday at 8 p.m., at Frankfort, Ind., hospital. She was stricken earlier that day, while visiting a brother, Henry Beavers, at Frankfort.

Mrs. Goble was a daughter of Nathaniel Yancey Beavers and Charity Scutchfield Beavers and the widow of W. G. Goble, well-known Prestonsburg attorney, who preceded her in death in 1940. She was a member of the Presbyterian church. Surviving are a son and two daughters: James Y. Goble and Mrs. Ernest B. Osborne, both of Prestonsburg, and Mrs. Lawrence Gagie, Fort Wayne, Ind. Besides her brother, Henry, another brother, Palmer Beavers, of Ashland, survives. Surviving also are six grandchildren and one great-grandchild.

Funeral rites were conducted at 2 p.m. today (Thursday) from the Presbyterian church, the Rev. Paul Bingham officiating. Burial was made in the Richmond cemetery under the direction of the Moore Funeral Home.

Pallbearers were Frank Layne, Ray Howard, Bernard Tackett, James E. Goble, James Wesley Howard, Glenn Anderson, Sr., John H. Osborne, Ralph Davis, Jr., and Woodrow Salyers.

RETURNS FROM NEW YORK

W. W. Burchett returned a few days ago from New York City where he spent a week on business connected with the Kentucky Public Service Commission.

Vegetables are primarily little bags of water. Cucumbers, for instance, are 93 per cent water. Most other vegetables are 90 per cent water or more. A rule of thumb is that most vegetable plants require about one inch of water per week.

Mrs. Hughes Addresses Allen-Martin Club

"Youth Conservation" was the program of the Allen-Martin Woman's Club, June 7. The district director of the Sandy Valley Girl Scout Council, Mrs. Robert Hughes, of Prestonsburg, was guest speaker.

Mrs. Hughes gave an enlightening talk about the behind-the-scenes of the Girl Scout Council. She said all interested adults in the scouting program are members of the council as well as the heads of the many departments that comprise the Girl Scout organization. Their well-strung network makes Scouting and camping possible for the girls of the Sandy Valley area.

Mrs. Hughes also pointed out that most communities, save a very few, have active girl Scout organizations in the five districts of the Sandy Valley area.

After her talk, refreshments were served by the hostess, Mrs. German Vance, at her home to the following members: Mesdames John J. Sherman, T. J. Allen, John W. Hall, David Marrs, William Martin, Carl Martin, T. A. Combs, John P. Sammons, Miss Nelle Music and guests, Mrs. Robert Hughes and Miss Andra Lee Hall, Lee Hall.

On May 16, an informal business meeting of the Allen-Martin Woman's Club was held at the home of Mrs. John J. Sherman, Martin. The members reviewed library procedure for the loaning of books at the branch library in Martin. Also discussed were plans to undertake a summer story-reading hour for all interested youngsters.

Refreshments were served by the hostess, Mrs. Sherman, to the following: Mesdames T. J. Allen, John C. Hall, John W. Hall, Glenn Spradlin, Carl Martin, William Martin, David Marrs, Charles Marshall, Miss Nelle Music, J. D. Adams, B. Seehalf and guest, Miss Andra Lee Hall.

CARD OF THANKS

We wish to thank all our friends and relatives who were so thoughtful and kind upon the tragic passing of our son and brother, Elijah Baker. We would especially thank those who brought food and sent flowers, the Revs. Paris Music and Ira McMillen for their comforting words, and the Carter & Callihan Funeral Home for its efficient service.

Kentucky No Longer
'Happy Hunting Ground'

Kentucky has been known since pioneer days by a variety of colorful nicknames, such as the Great Meadow, the Dark and Bloody Ground, the Happy Hunting Ground and perhaps one or two other more obscure titles.

Although this fair Commonwealth in more recent years has not been known as a hunter's paradise, the name, "The Happy Hunting Ground," has still remained highly appropriate. For, even though the bear, the wild turkey and the deer were not here to be stalked by the hunter, a new kind of nimrod found this good hunting.

Kentucky has for years now been the Happy Hunting Ground for those from other states who were looking for teachers needed for the staffing of their schools. We mourn the passing of the game which abounded in this state and the fact that no longer do men speak in reverential tones wherever sportsmen gather of the Kaintuck and its hunting. But we rejoice that the state is no longer the Happy Hunting Ground for those "raiding parties" from other states who come to lure away teachers, born and bred in this state and educated in Kentucky colleges at heavy public expense.

The change in the Kentucky "hunting" situation is described in the following from "The Report Card," a newsletter published by the Ohio Education Association:

"No Hunting"—The lushest hunting grounds that Ohio superintendents have ever known lie just across the Ohio River in the hills of Kentucky and West Virginia. For more than a decade the recruiters have brought back to Ohio school systems a steady stream of teachers.

Last year Kentucky supplied Ohio with more teachers than any other state, 17% of all out-of-state teachers attracted to Ohio. The combined bag from Kentucky and West Virginia yielded a whopping 30% of the total. During the past 10 years, the two states furnished Ohio with 8,482 teachers.

Ohio superintendents have been aided and abetted handsomely by the Kentucky and West Virginia legislatures which never quite grasped the fact that their states were being bled white of teacher talent. (Ohio systems hired 194 Kentucky teachers in 1950, 689 in 1951).

Today the 'No Hunting' signs are going up in Kentucky. Governor Bert Combs and the Kentucky legislature have mapped out a dramatic about-face for education in Kentucky.

Next fall teachers in the top three training grades will receive \$900 salary increases (and \$200 next year). Increases in lower categories will be \$300 to \$400. Not only will the new salary levels substantially hike the state's dismally low (\$3,475) average salary but make it much more difficult to lure teachers out of Kentucky.

So far as Bert Combs is concerned, the pay increases are merely a first step. His goal is to bring the average Kentucky teacher salary up to the national average (now \$5,160) in four years.

The legislature hiked state school support under the minimum foundation program by 35%, raising the annual appropriation from \$63 million to \$98 million. State funds now will pay considerably more than the former 50% of the cost of Kentucky education.

Money for Kentucky's stepped-up school program will come from a new three per cent sales tax, expected to produce \$60 million (and \$50 million will be used to increase public and higher education appropriations)."

Spillman-Carter Vows Said in Home Wedding Solemnized June 10th

Miss Virginia Carol Spillman, daughter of Mr. and Mrs. James Thomas Spillman, of Wayland, and Mrs. Donald Wayne Carter, of Morehead, son of Mrs. John Carter and the late Mr. Carter, were married Friday evening, June 10, at the home of the bride's parents.
S. C. Honeycutt, of the East Point Church of Christ, read the double-ring ceremony.
The vows were exchanged before an improvised living-room altar which was banked with greenery, pink roses and white tapers in silver holders.
The bride wore a street-length dress of white cotton, trimmed in white satin cord and buttons, with a rounded neckline. Her flowers were a colonial bouquet of white and pink roses and streamers.
Miss Phyllis Burnett, of Wayland, was maid of honor. She wore a street-length dress of pink cotton with white lace trim and a corsage of white carnations with pink and white ribbon. Mr. Jack Carter, of Morehead, served his cousin as best man.
A reception was held for members of the immediate families.
The bride's table, covered with a lace cloth, was centered with an arrangement of red roses and held a tiered wedding cake.
Mrs. Carter attended school at Wayland and is a graduate of Morehead State College. For the past year she was employed as a teacher in the Brown county school system at Mount Orab, Ohio.
Mr. Carter spent four years in the Navy and is now a senior at Morehead State College. He is employed for the summer by Tennessee Gas & Transmission Company at Winchester. They are residing in the Meadows Trailer Court on Second Street, Morehead.

Two Kentucky Youths Scheduled For Visits In Scotland, Uruguay

Kentucky's IFYE to Scotland sailed from New York, June 11, along with 21 other International Farm Youth Exchange delegates to Europe.
Nelson McCall, Clark county, is one of the two IFYE's from Kentucky who will spend about five months in a foreign country, living with farm families and taking part in their daily life. Walker Thomas, Hardin county, is the other Kentucky delegate. He leaves in August for Uruguay.
The 21 young people from 20 different states who left June 11 took part in an orientation program at the National 4-H Center in Washington, D. C., before their departure. Discussions covered world agriculture, trade, U. S. foreign policy, understanding people and the American way of life.
The International Farm Youth Exchange is a people-to-people program for promoting understanding and friendship, conducted by the National 4-H Club Foundation and the Cooperative Extension Service. This year, 107 U. S. delegates will go abroad this year, while 120 exchanges from about 27 countries will come to this country.

Reporter Loses 33 lbs. Costly Alterations; Swimming Improves

By GORDON MOORE
(Reprinted from Huntington Herald-Advertiser)
(Fourth in a Series)

DiETING, after a certain period of time, can become a fairly expensive proposition, if one has aspirations of keeping off excess tissue, and I do.
Thus, I am faced with obtaining a new wardrobe or eliminating excessive material that is no longer required from my present clothing. This grieves me regardless of the course of action I take.
In the initial investment, I had to pay more for the materials than the average-size person, however, I must confess to the fact that their usage was stretched to capacity and the depreciation was about as fast as a car dealer can read the "Blue Book" on a new automobile, especially when one anticipates an early trade-in.
With some 32 pounds yet to be whittled off and if I attempt to have a tailor alter my loose-fitting clothing, the same predicament will crop up again soon, (I hope), and if I head for the local men's shop to outfit new, the tailor will have to go through the same process, thus I don't wish to be caught in the middle with my "pants" down.
In many pieces of fan mail and hundreds of other free suggestions in this weight-losing venture, no one has offered any worthwhile solution to this "depressing or pressing" problem.
A decision, out of necessity, will soon be forthcoming, since our society is highly critical of sparsely dressed males, although a scantily clad blonde is admired and appreciated by the same society.
Financing the extra-curricular charges of this most gratifying experience has been ably assisted by my publisher, funds from which have helped purchase 206 cigars and 114 packages of "chewin and spitin," used and consumed in 41 days.
In the past two weeks, my swimming ability has improved to the point that I'm considering giving lessons (swimming) to my secretaries and other interested female candidates.
Over the past week, I spent virtually all of three days in the lake and dropped three pounds in the process and I can now swim the 200 odd yards across the lake without stopping.
In these low-caloried 41 days, I have lost 31 pounds and the next report will be forthcoming soon.

ANSWERS TO YOUR TAX QUESTIONS BY WILLIAM E. SCENT KENTUCKY'S COMMISSIONER OF REVENUE

(In preparing this column for the next issues of The Floyd County Times, we have used some of the questions most frequently asked of this department. In the future, we hope the readers of The Floyd County Times will send their questions to us at Frankfort to have them answered.)
Q. What is the sales tax and when does it go into effect?
A. Effective July 1, the new sales and use tax, enacted by the 1960 legislature, goes into effect. To explain briefly the sales tax, it is a "vendor" type tax, which means the tax is paid by the person who makes the last sale before the property is used. This person may, however, pass the tax on to the final consumer. If he does, he will use the bracket prescribed by the Revenue Department. That is:

Sales of	Tax Due
\$.01 to \$.14	None
.15 to .44	.01
.45 to .74	.02
.75 to 1.14	.03 and so forth through each additional dollar.

No tax stamps will be required in connection with retail sales, since it is a 3% tax on the merchant's gross receipts.

The tax applies only to tangible personal property. This means that professional services, such as doctors, accountants, etc., are not taxable as is the case also with real estate, stocks and bonds, salaries, wages, commissions or labor charges.

It does apply, however, to admissions to theaters and spectator sports and hotel or motel rentals for less than 90 consecutive days.

There will be no additional charges on sales of water, electricity, gas and telephone and telegraph. While the sales tax will apply to these sales, at the same time the gross utilities tax of 3% is removed.

Q. What is the use tax?
A. The use tax is a sort of back stop for the sales tax and applies to purchases made from an out-of-state retailer. The rate of tax is also 3% and is paid directly to the department by the consumer of the property unless the out-of-state retailer is registered to collect it.

AROUND FLOYD COUNTY

By Quentin Allen

A special kind of devil must have crept into the builders of Tom Thumb golf course while it was under construction.

After the last bit of carpeting had been laid and the concrete had hardened, there was in Prestonsburg a most challenging and interesting miniature golf course.

The owners incorporated elaborate "waterfalls," "mountains," tunnels, sand traps, and sloping putting surfaces that defy a par score.

Its initial success has inspired the building of a second course, together with a driving range, on the Auxier road.

Prestonsburg's new reason for divorce is located beside the B & W Cafe where, currently, a tournament is in progress.

The 16-man tournament began Monday night and saw the youngest and oldest competitors eliminated. Steve Allen, son of Mr. and Mrs. John Allen, the gallery's favorite, was eliminated by Henry Hughes. Tony Ramier was edged by Gerald Jones.

Other contestants who advanced into the quarter-finals Tuesday night were Chuck Tackett (def. Harry Burke), Bill Baker Burke (def. Stuart Stephens), Dickie Leslie (def. Johnny Allen), David W. Allen (def. Hansel Cooley), Vincel Cooley (def. Billy Malone), Jimmy McDonald (def. David D. Allen).

Dave Leslie, an old righthander par excellence, has informed us of a movement afoot to organize a Floyd County Pony League. Prestonsburg, according to Leslie, is to field two teams to fill out the league.

Prestonsburg has the boys to supply two teams. However, there is a distinct lack of backers on the financial end of the Pony League baseball operation.

All the moralizing about what a tremendous asset youth constitutes to our community, county, and county seems to fall on deaf ears.

For youngsters who are interested in playing baseball, take this advice.

Contact Dave Leslie and become instrumental in organizing a team yourself. Don't be an asker; be a do-er and make your own money for the team. Maybe you can ask the Kiwanis or Junior Chamber of Commerce for advice.

Aged Wayland Resident Is Victim At McDowell; Was Tennessee Native

(Continued from Page One)

Silas Carver, 64, of Wayland, was claimed by cancer and a heart condition at 10:40 p.m., Wednesday of last week, at the McDowell Memorial hospital. He was a World War I veteran and a retired miner.
Mr. Carver, a native of Tennessee, was a son of the late John W. and Rhoda Henderson Carver. His wife, Lora Castle Carver, survives. Surviving are three step-daughters; Mrs. Ellen Williams and Mrs. Joy Beck, both of Cleveland, Ohio, and Mrs. Alice Combs, in Indiana. Surviving brothers and sisters are Sil Carver, Ironton, Ohio, Ed Carver, in Indiana, Mrs. Mary Sweat, LaFollette, Tenn., Mrs. Vola Pressnell, Dayton, Ohio, Mrs. Agge Easter, Portsmouth, Ohio, and Mrs. C. Malby, address unavailable.

Conducting the funeral services at 2 p.m., Saturday, at the Wayland Methodist church were the Revs. Green Boyd and Harry Fegan. Burial was made in the Martin cemetery at Wayland under the direction of Hall Brothers Funeral Home.

BUDWORMS, HORNWORMS

Budworms, and hornworms may hit state tobacco crops in the very near future, the University of Kentucky Cooperative Extension Service warned this week.

Barkley Sturgill and Henry P. Sealf, all officers of the drama association, after breakfast with another group of persons interested in the drama.
He was accompanied here by Mrs. Green and after speaking at the Kiwanis meeting left for Bardstown where another of his plays, The Stephen Foster Story, is being presented in the J. Dan Talbott theatre.

NOTICE

We are authorized to announce Mrs. W. D. Osborne, of Bypro, Ky., as a candidate for member of the Floyd County Board of Education Educational Division No. 4.

GRANDPARENTS

Conflicts often arise between parents and grand-parents because each forgets that the other has certain rights where the children are concerned, according to Mrs. Mary Browder, University of Kentucky Extension family life specialist.

Minix Wins Competition With Americanism Essay

First prize in the essay contest sponsored by the Literary and Drama committee of the Prestonsburg Woman's Club was won by Paul "Red" Minix, of Prestonsburg high school's junior class. Subject of the essays entered was, "What It Means to Me To Be an American."

The essays were judged on the basis of originality and individuality of style. All three judges voted Minix's essay best. He received for his effort a set of Thorndike dictionaries and cash. The prize was presented to him at the recent Parent-Teacher Association meeting by Mrs. W. W. Burchett, chairman of the Literary and Drama committee, on behalf of the woman's club.

Young Minix is an outstanding lineman on the Black Cat football team and is one of the returning veterans around whom the 1960 team will be built.

STOPPED HERE

nicking the large intestine and affecting a nerve center, with the result that his intestines are paralyzed, according to Dr. J. A. Stumbo, of Martin, Dr. Stumbo and Dr. C. L. Allen, head of the hospital, are treating Stone.

The wounded man's condition showed slight improvement, Wednesday afternoon.

It was indicated the shooting may have been accidental as the couple struggled for possession of the weapon.

County Attorney R. S. Wellman said Mrs. Stone had urgently requested that her husband's version of the shooting be taken at the hospital. He said the wounded man has not been in condition to discuss the case, however.

No official action has been taken in the shooting.

The wounded man's son, James Stone, returned only a few days ago from St. Mary's hospital, Huntington, W. Va., where he has been a gunshot patient. The younger Stone was shot twice a few weeks ago at the home of Bennie Blackburn, who is under \$10,000 bond to answer to grand jury action.

SALLYE HILL

Mrs. James Frazier, Camp chairman, announces that the summer camping program of the Sandy Valley Girl Scout Council's established Camp Chatterawha on Dewey Lake, near Auxier, will open July 10 and continue for two sessions, each of two weeks' duration.

Miss Sallye Hill, daughter of Judge and Mrs. E. P. Hill, will enroll at Purdue University for three weeks' training at aquatic school so that she will be qualified as director of waterfront activities.

Miss Hill, a senior at Stetson University, Deland, Fla., has been active in Scouting since 1946. She has attended camp and has served as counselor. The waterfront program will also include the services of several assistants who have Red Cross lifesaving training.

Camp Chatterawha offers swimming, canoeing and experience in future homemakers and a genuine outdoor living. Valuable training for appreciation of nature are important parts of the camp program.

Other trained staff members provide supervision and guidance to the 48 girls who can be accommodated at Chatterawha each session.

Mrs. Zella Archer, executive director of the Sandy Valley Girl Scout Council, will serve as camp director. Her assistant will be the Council's district director, Mrs. Robert Hughes.

A new asphalt road makes the camp easily accessible to Girl Scout campers and their parents.

than 25 feet from where he was last seen, was in water about 12 feet deep.

The victim was a son of Harve and Nancy Nelson Campbell, of Water Gap. He leaves, besides his parents, a brother, Eddie Arnold, and two sisters, Ina Rae and Irene. Funeral services were conducted Sunday from the Free Will Baptist church on Bull Creek, the Revs. Wallace Cahoun, Jack Derosssett, Ted Nelson and Richmond Shepherd officiating. Burial was made in the family cemetery under direction of the Carter & Callihan Funeral Home.

The Emergency & Rescue Squad was called at 7:30 p.m., Tuesday to Water Gap to assist in the search for four children who were lost in the hills. The four—Judy Miller, 10, Carol Shepherd, 10, Willie Shepherd, 13, and Donald Shepherd, 8, were found at dark by "Red" Crace. They were huddled together on the mountain at the head of Katy Friend fork of Middle Creek.

To offer advice to any zany individual who would get that chummy with a shark is wasted effort. Ten thousand words to those so unwise are insufficient. . . This reminds us of the general consternation that prevailed when a group of us at a beach sighted our first porpoises. They almost had to set it down in writing to convince us we weren't threatened by imminent attack by man-eaters.

Me, I'm the type they won't have to worry about when it comes to flirting with such critters. Way back in my subconscious remains the memory of an old wives' tale that little blue lizards bite and are poisonous. That somehow caused me to put all lizards in the same category. Then came the time on Fontana Lake when an old river-rat type shoved a bucket of spring lizards, or "water dogs," under my nose, vowing if I'd use one I could catch bass. I almost did a swan dive out of the boat. . .

Me bother a shark? I like twisting lions' tails.

Looking still farther ahead—to the first Monday in December, 1961: No county clerk may issue a register receipt for any motor vehicle for any year until the owner has presented proof that all taxes, based on the assessment made on March 1 of the preceding year, have been paid, or unless the owner can produce proof that the vehicle was not subject to assessment. If a tax lien has been filed against a motor vehicle, the clerk shall not issue a registration receipt until the lien is properly released.

A new Kentucky statute provides for collection of occupational license fees (soft drink licenses, etc.) by the counties. It is estimated this will increase Floyd county's revenues by \$8,000 a year. The County Clerk's office here pointed out this week that the deadline for procuring occupational licenses is July 1, and that a penalty of \$2 will be charged thereafter.

SINGING JUBILEE AT THE FLOYD COUNTY SESQUICENTENNIAL, 1950

One of the featured attractions of the Floyd county Sesquicentennial celebration at Prestonsburg in 1950 was the Singing Jubilee under the direction of Mrs. Edith F. James. Many vocal groups from all sections of the county and many churches participated.

Floyd county, the mother of all or part of 16 Eastern Kentucky counties, was created by act of the General Assembly, in 1799, effective June 1, 1800. Magoffin county, carved out of the original area of Floyd, was organized in 1860 and will celebrate its centennial in July at Salyersville.

The First National Bank presents these pictures of our region as a bit of its friendly service with the hope they will contribute to your understanding of our historic heritage.

COTTAGE CHEESE
Buying cottage cheese during Dairy Month? You can choose from two types. "County style" or "old-fashioned" cottage cheese has small, firm curds and is good for serving on salad greens. The large-curd type has large, soft curds and is best for cooking and blending with other ingredients.

Notice

On 10th day, June, 1960, Kentucky Power Company filed with the Public Service Commission of Kentucky, an Application (1) for a Certificate of Public Convenience and Necessity authorizing it to construct a 265,000 KW Generating Plant on the Big Sandy River in Lawrence County and to construct transmission and substation facilities to connect said Generating Plant to the present transmission system of the Company and of Appalachian Power Company, (2) for authorization for the issue of notes and (3) for authorization to modify the forms of fuel clauses.

The Application, which is available for inspection at the office of The Public Service Commission of Kentucky, at Frankfort, Kentucky, contains a description of the Plant and other facilities for which a certificate is desired as set forth in (1) above, together with approximate cost and other appurtenant data.

In connection with (2) above, the Application requests authorization to issue notes to, and borrow up to \$40,000,000 from, four banks, the proceeds of which borrowing would be used to cover part of the cost of the construction hereinbefore referred to and partly to repay presently outstanding notes. A copy of the agreement with the banks has been attached as an exhibit to the Application.

In connection with (3) above, the Application contains the proposed revisions in the fuel clauses of the Company, which revisions are requested because of the change in the Company's source of power which will result from the construction of the aforementioned plant. The revised fuel clauses are in two forms, one for Tariffs DS, GS, MW, CL, SP-17 and SP-18, and one for Tariffs LP, CPO, LCP, IP, FSH, CP and GSO. Under the proposed revisions, beginning with the sixth month after the aforementioned plant goes into service, the fuel cost in effect during the fourth month of said plant's full scale operation will be treated as the base for fuel costs and, therefore, any variations in rates will be based on the cost of fuel at said plant instead of on the weighted average cost of fuel of the Company's present supplier of power. The revisions of the fuel clauses will not of themselves result in a change in any rate. Changes in rates will occur only if the cost of fuel is greater or less by specified amounts than the specified base fuel costs. The precise text of the proposed revisions in addition to being incorporated in Exhibits to the Application is also on file at each of the offices of the Company.

The Public Service Commission of Kentucky has set this matter for public hearing on 7th day, July, 1960, at 9:00 a.m., EST, at the Commission's offices in Frankfort, Kentucky.

WHEELWRIGHT TO HOST GALA EVENT

The community of Wheelwright will be host to a number of gala events next week-end. Heading the list is the eighth annual E. R. Price Invitational golf tournament along with a full schedule of swimming, dancing and dinner engagements to entertain the visiting linkmen.

Qualifying period for the tournament is any time between Monday, June 20, and Friday, June 24. However, if the participant expects to play in the championship flight or vie for medalist honors, qualifying rounds must be played on Friday, June 24.

Tournament play will begin Saturday morning, in foursomes only, and will consist of 18 holes.

Prizes will be awarded to the medalist, winners and runners-up in each flight along with gifts for various other feats.

Several new additions have been made to the Wheelwright clubhouse, and all activities will center there.

Martin high school concluded its sports activity for the year last Monday afternoon with a picnic for all its 1959-60 athletes at Dewey Lake.

Honored were members of the basketball, baseball and golf teams, along with managers and cheerleaders. Named as the outstanding players in each sport during the season were: David Conley, basketball; Gary Lafferty, baseball, and Jimmy Isom, golf.

The Floyd Circuit Court Clerk's office has yet to receive any boat licenses, which are to comply with the new law, effective July 1. Pikeville's Don Ratliff was named the "Most Valuable Player" in the three game East-West basketball series last week. Wheelwright's Bobby Vickers was tabbed as the second game's star.

Coach personnel in the county's nine high schools will remain the same next season except at Garrett high school, where Coach John Campbell, Jr., has resigned to enter business in Lexington. Auxier's Martin Webb will attend Lees Junior College next season. Hazard high will have a new football coach next season.

A Louisville newspaper reporter stopped in The Times office recently, and later over coffee asked our esteemed Editor:

"How do you maintain a circulation in a town here where everybody knows everything everyone else is doing anyway?"

As usual our Editor came up with a quip: "They read The Times to see who got caught at it."

WHEELWRIGHT

NEIGHBORHOOD GIRL SCOUT MEETING

The neighborhood meeting of Girl Scouts was held, May 24, in Girl Scout room. Mrs. Hunter Thomas, chairman, presided.

The meeting was mostly a general discussion on the Wheelwright Day Camp. The camp will be held the week of June 20-24. The director will be Mrs. Ray Gibson and nurse, Mrs. John McNeil. A day camp committee was appointed.

The Girl Scout fall council meeting will be held in Wheelwright. Plans for this meeting are being made.

The following attended the meeting: Mesdames Russell Hall, Ray Gibson, Steve Benedict, Minor Pace, Bob Grimm, Hunter Thomas, Harrison Sparks, Edna Baskin, Flora Kavanaugh and Miss Joan Osborne.

OUT WHERE THE COUNTRY CAN TEAR A TRUCK TO PIECES—

Chevy middleweights get 1/3 more work done in a day!

Where they used to deliver 2,300 gallons of liquefied petroleum gas in other trucks, Petrolene Gas Service of Long Beach, California, can now deliver 3,500 gallons a day! That's 7 days a week usually, over back trails and up into high rock country with maximum GVW loads. And with Chevy's Torsion-Spring Ride paving every foot of the way! "You don't get any more jolting on washboard roads than you do in a passenger car, or any sidesway on curves," says driver Bernie Stone. "I used to take some rough roads at from 5 to 8 miles an hour. Now I can go 30 over them." Petrolene has over 200 Chevrolets hauling for them.

If you think we're excited about Chevy's independent front suspension, you ought to talk to the truck owners who are profiting by it. They'll tell you Chevy's torsion-spring design is the hottest thing to hit the industry since trucks began. Drive one—that's the proof, short and sweet.

SEXTON FAMILY

We are again indebted to Mrs. W. H. Welch, 2700 Sea Island Drive, Fort Lauderdale, Fla., for a family history, this time of the Sexton family.

She writes: "The Sexton family which lived in the Cox Mill Settlement (near the present Hazel Green, Kentucky) came from the same section of Virginia . . . Grayson county, where the Coxes lived prior to coming to Kentucky. Benjamin and Comfort Smith Sexton, his wife, sold 333 1/2 acres of land to Prior Sexton, Land adjoined William Sexton in 1807. Soon afterward they were in Bath county, Ky. Many of these Sextons are buried in the Cox Mill district. Their children were:

1. "William who married Feb. 21, 1828, in Morgan county. He had children, Lafe and Wesley and probably others.
2. "Benjamin F., Jr. Was taxed in Montgomery county, Ky., in 1807. He died Feb. 20, 1877, in Morgan county.
3. "John was taxed in Montgomery county in 1800. Married in West Liberty, Dec. 11, 1827, to Fanny Holden.
4. "Obadiah, Married March 21, 1829, Mary Magdalene Davis.
5. "Judah, born April 15, 1782, in Virginia. Died Sept., 1860; married John Cox.
6. "Nancy, 7. Mary Mariah, 8. Elizabeth Connie, married Feb. 15, 1830, Joshua Frost, Morgan county, Ky. 9. Mary A., married Hugh Ward, 10. Anne, married Solomon Cox.

"Mrs. Hugh Ward owned a family Bible, later in the possession of Mrs. W. J. Swango, which gave the parents of Benjamin F. Sexton (born circa 1755) as Joseph and Mary Lee Sexton. Sexton was often spelled "Saxson" in Grayson county, Va.

"In James Cox's family Bible in Grayson county (father of John Cox of the Cox Mill Settlement) there is an item: Daniel Saxson was born Sept. 25, 1827, and his mother, Deetha Samday Sexton, died that May.

"John Sexton had 2,000 acres of land (No. 17915) in Grayson county . . . and 50 acres on the north side of New River near Coxes Mill, the

line running down the river to include his plantation for quantity.

"A Judah Sexton married June 2, 1795, Grayson county, Virginia, to James Rogers. John Sexton married, Grayson county, Nov. 30, 1793, Elizabeth Ingram. The Ingrams also came to your section as did many other Grayson and Montgomery county, Virginia, families.

"There were many Cox and Sexton intermarriages in Grayson and adjoining counties in Virginia.

"William, Charles and Benjamin Sexton were in Capt. John Cox's company during the Revolution; listed as serving in 1782. No doubt this Benjamin Sexton is the one who came to Kentucky with his wife, Comfort Smith, and their children.

"Others who served under Capt. John Cox during the Revolution and whose descendants later came to your section, were: Isaac Duty, John Isom, Daniel Trigg, J. Davis, William Johns, William Stewart, James Johns, Joshua Hanks, Lemuel Prewitt. Many of the Coxes served under him, including his son, James, who was the father of John who came to and established the Cox Mill Settlement. There was a D. H. Green buried in the Cox graveyard who was born in Virginia, April 15, 1782.

"All these Sextons are related to other Sextons who located in other Kentucky counties. I would like any Sexton records I can get. The Terrills and Sextons also intermarried in Virginia. I have much data on the descendants of these Sextons and would like to correspond with anyone who is interested.

WELCH FAMILY

In another letter Mrs. Welch writes of the Welch and other families of Eastern Kentucky and their origins.

"There was an Elijah Welch born 1784 in Kentucky. He may have been the son of James Welch, a Revolutionary soldier, of Monroe county, Ky. He was kin to Thomas and Agnes Welch, of Rutherford and Lincoln counties, N. C. Many Welches went from North Carolina to Kentucky, very early. They were the same family as the Welches of Rowan county, N. C. Some of this family are in Fentress county, Tennessee.

"There was a John Welch born Rutherford county, N. C., owned land in Rutherford county, N. C., and resided at one time in Bote-tourt county, Virginia. He was kin to the White county, Tenn. group.

"Robert Chappell left a will in Perquimans county, N. C., in 1773. Mrs. E. E. Davidson, 287 Madison St., Twin Falls, Idaho, would have something on this.

"There was a Greenstreet family in King George county, Va. A Thomas Greenstreet died prior to 1742 and his inventory is filed there. Berryman Greenstreet was living there in 1771 and his administration was filed here then. The Greenstreets may have been in Essex county early or one of those counties taken from old Rappahannock county.

"A Richard Chappell left a will in Richmond county, Va., in 1701. Richmond county was the same line of emigration.

"Abraham Stepp was in Essex county, in 1714, where he left an inventory that year. Essex, Richmond and King George were all the same county at one time."

In another letter Mrs. Welch notes:

"There was a Welch family in Jessamine county, Ky., quite early. Kin to John and Elizabeth McDowell McKinney who went first to Lincoln county, then to Jessamine county. Their son John, with his wife, Hannah Evans, all from North Carolina, lived in Jessamine and Woodford counties. They were kin to the Welches, Chrismans and Lyles."

Anyone having Welch, Chappell, Greenstreet or Stepp records are requested to write Mrs. Welch, or this column.

Ancient Tribe At Wickliffe Is Attraction

Kentucky appeals even to travelers with a yen to view the dust and bones of an ancient civilization.

Such a remains of civilization can be seen at Wickliffe in extreme Western Kentucky at the confluence of the Ohio and Mississippi Rivers. On a lofty bluff overlooking this junction is Ancient Buried City containing some village mounds of a prehistoric people.

Some of the mounds are still intact and others have been opened with such care that all remains are in their original positions. The burial mound, now protected by a modern shelter, contains more than 150 skeletons. The site is open to the public. The village was inhabited by a tribe of the pre-Columbian era.

Burials were upon, rather than within, the soft alluvial soil, and charcoal found, here indicates fire was used in some manner in connection with the burials. There are several layers of burial, one superimposed upon another, with the lower levels in a better state of preservation than the upper.

Three modes of burial were used: some bodies were fully extended, some were in bundles, and some cremated.

That the race had reached a high degree of culture was indicated by the many articles of use and adornment found beside bodies. A non-migratory life also was indicated by charred remains of Indian corn, remnants of timbers used in house construction, still existing fireplaces, and fragments of wooden furniture.

No weapons, except one flint dagger, have been found. Apparently there was a flourishing trade center here before the coming of the white man.

SYKES SERVES

Fort Bragg, N. C.—Army Pfc. Joe E. Sykes, 18, son of Mr. and Mrs. Burgon Sykes, of Wheelwright, Ky., was graduated from the 82nd Airborne Division Jump School at Fort Bragg, N. C., May 26.

Sykes received his parachutist wings after completing four weeks of intensive ground and aerial training which included five parachute jumps.

He entered the Army in September, 1959, and completed basic training at Fort Knox, Ky.

Sykes is a 1959 graduate of Wheelwright high school.

WOODS PARTICIPATES

Berlin — Army Pvt. John H. Woods, 18, son of Mrs. Clyde Jarrell, of Emma, Ky., participated with other personnel from the 6th Infantry in the "Power for Peace" Armed Forces Day Parade in Berlin, May 21.

The parade was held at the historic Templehof Central Airport, scene of the 1948-49 Berlin Airlift.

Woods, a gunner in the infantry's Company A in Berlin, entered the Army in February, 1958, and arrived overseas the following September.

He attended Floyd County high school, Prestonsburg.

Campbell-Sneed Vows Solemnized

At the First Baptist Church, in Wheelwright, April 16, Miss Barbara Ann Campbell, daughter of Mr. and Mrs. Paul Campbell, of Weeksbury, became the bride of Mr. Clegg Maurice Sneed, son of Mr. and Mrs. Joseph C. Sneed, of Pageland, South Carolina. Rev. Ira McMillen, Jr., performed the ceremony.

Given in marriage by her father, the bride wore a gown of Chantilly princess lace over white satin with V-shaped neckline and ballerina length. Her fingertip veil of French

illusion fell from a crown of pearls and sequins. She carried a white orchid on a white Bible.

Miss Betty Jane Campbell, sister of the bride, was maid of honor, and Miss Joyce Ann Waddles was bridesmaid. Best man was Mr. Walter M. Moyer and ushers were Mr. Paul Edward Campbell, brother of the bride, and Mr. Aubrey Darryl Woody. Mr. and Mrs. Sneed will make their home in Fitchburg, Massachusetts.

Morris Answers Queries About Social Security; Qualifications Listed

One of the questions most frequently asked at the Pikeville Social Security office according to James A. Morris, field representative, is, "How long must I work under Social Security in order to qualify for benefits when I retire?"

In order for a person to qualify for benefits at retirement age, he must be fully insured. The number of quarters of coverage needed for a fully insured status depends upon the person's date of birth. A person will be fully insured if at retirement age (62 for women, 65 for men) he has earned one quarter of coverage (earned any time after 1936) for each two full calendar quarters that have elapsed since 1950.

Quarters earned any time after 1936 are counted in determining the final number that he has to his credit. In no case can a person be insured with less than six quarters of coverage and a person who has at least 40 quarters or ten full years is fully insured, regardless of his date of birth.

In 1911 radio was installed in a naval aircraft for the first time.

PUPIL TRANSPORTATION TO GET EXTRA MILLION

Over \$1,000,000 in additional state funds will be spent on pupil transportation during the 1960-61 school year, Wendell P. Butler, State Superintendent of Public Instruction, said this week.

"An estimated \$7,962,000 will be provided the local school districts by the state's new revenue program, including the sales tax," said Butler. Local districts received \$6,843,200 in state funds during the 1959-60 school year.

Butler added, "The additional revenue will greatly relieve overcrowded conditions in pupil transportation throughout the state and will enable the school districts to continue their programs of providing safer and more comfortable transportation for the youth of Kentucky."

Postoffice Positions Open At Prestonsburg; Examinations Scheduled

The Post Office Board of U. S. Civil Service examiners, Cincinnati, Ohio, announces an examination for substitute clerk and substitute carrier positions at the Prestonsburg post office. The salaries begin at \$2.00 per hour.

Applicants must actually reside within the delivery of this post office.

No specific experience is required, but all applicants must pass a written test. Application forms, which must be filed on or before July 7, and full information regarding the examination may be obtained from the local post office. Applications should be sent to the executive secretary, Board of U. S. Civil Service Examiners, Room 202, Postoffice Building, Cincinnati, O.

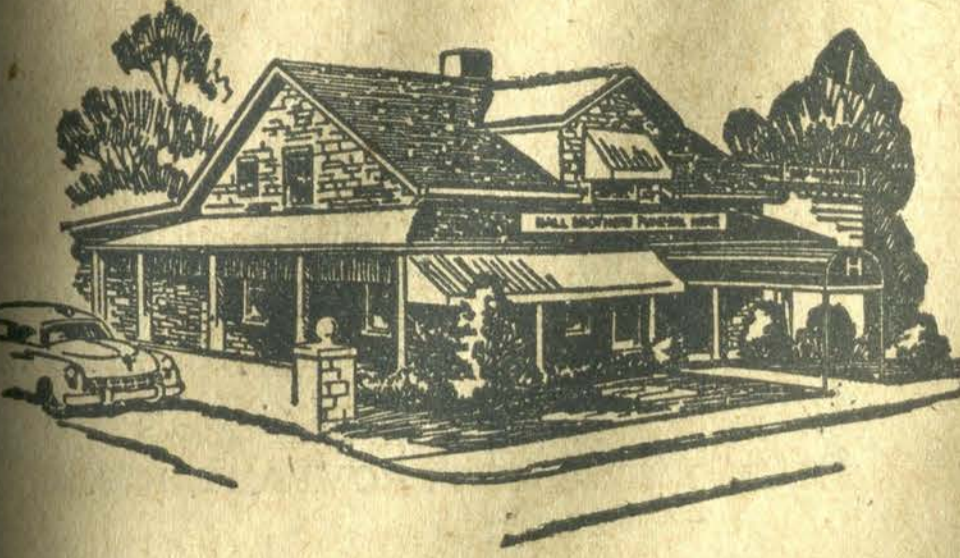

The Navy made its first wireless installation on a battleship in 1901.

Over 4,300 school buses are now in use in Kentucky, said Vickers, and "the additional revenue will enable us to add more and better buses."

"Kentucky has one of the finest pupil transportation safety records in the nation," said Vickers, "and by effectively utilizing the additional revenue and continuing our training and supervising of drivers, we will continue to have such a high rating."

He pointed out that workshops for bus drivers are held periodically and that more comprehensive workshops will be held in the future.

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT
CR2742

First Federal Savings & Loan Association — Plaintiffs,
Vs.: NOTICE OF SALE
Clifford Brown, Shirley Brown, Howard Osborne and Harweda Osborne, Defendants

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the May term, 1960, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 27th day of June, 1960, at 10:00 a.m., the same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:

A certain tract or parcel of land lying in Floyd county, Kentucky, on Left Beaver Creek, containing 1/4 acre, more or less, and more particularly bounded and described as follows:

Beginning at a culvert and corner to L. G. Frazier's; thence an east course and with Ky. State Highway 75 feet to a locust post; thence, across the bottom to center of Left Beaver Creek; thence with creek down to the line of Malcolm Little; thence across the bottom with said line to the line of L. G. Frazier and up the creek with L. G. Frazier's line to near culvert and place of beginning so as to include all inside this boundary.

This being the same property conveyed to the defendants by Rex Gearheart and his wife, Alice Gearheart, by deed dated December 28, 1953, and recorded in Deed Book No. 155, Page 372, records of the Floyd County Court Clerk's Office.

This sale is pursuant to the said order in order to make the sum of \$1,553.27, with interest thereon from October 31, 1959, until paid, together with its costs herein expended.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this the 6th day of June, 1960.

INDIAN VISITOR HERE GOODWILL MESSENGER

BY HENRY P. SCALF

Several months ago a student from India came to Prestonsburg and when he returned home the parting hands remained, extended across the seas.

India and America: two worlds, opposite each other on the globe, the people white and brown, the former speaking a hundred tongues. In between are barriers of culture and space.

But poets and people bridge space and time. Poets who speak the universality of people; just plain people who possess good will and become its emissaries.

Of poets there was Sir Rabin-dranath Tagore, who died in 1941. Of men of good will there is K. L. Basu, who was here but yesterday.

In East Kentucky he found only the very learned had ever read Tagore but he also found that life beats everywhere with a poet's message.

He left India to study in America. He wanted to take back to one of the world's oldest civilizations a knowledge of a much younger one. He isolated himself in the libraries of great universities; in contrast, he walked busy streets to visit bustling factories. In a few months he came to Prestonsburg. Here he found friendship and good will.

He visited schools and teachers in Prestonsburg, consulted the agricultural agents and talked with persons in all walks of life.

When he left India a great nation was rattling its weaponry, another bursting with uncountable millions was threatening his home land. Against the rockets, missiles and armed millions he was an adversary with nothing but a smile and good will. If there were others like him, many others, there would be no need for rockets, guns and the armed millions.

"I enjoyed my stay at Prestonsburg," he wrote a friend in the office of the county superintendent of schools here. "I liked the Big Sandy River, the lovely mountains and the advent of spring. Above all, I liked the people. I tried in vain to remember if anywhere I had met such friendly people. I shall be eager to keep in touch with you even when I go back to India."

He mailed a volume of Tagore's poems, inscribed on the fly leaf, "To my friends at the office of the Floyd County Board of Education."

The book, titled, "Gitanjali," means "song offering" in Bengali, the native language of Basu.

"Tagore was awarded the Nobel Prize for Literature in 1913, mainly for this little book," Basu wrote. "The original work, written in Bengali, was translated by the poet. Of course, much of the beauty of the original poems has been lost as a result of prose rendering. Most of the poems are religious and philosophical. Some of them contain the essence of Hindu philosophy. Incidentally there is little difference between Christianity and Hinduism as truly understood."

"Last Sunday I visited the Mammoth Cave and Lincoln's birthplace," he continued. "The log

cabin in which Lincoln spent his childhood was very inspiring.

He sent clippings or as he called them, "cuttings," from The Hindustan Times, to Clem Martin. He wanted the Floyd county school supervisor to have them to "provide a study in contrast."

One cutting was titled, "Achieving World Peace Through Meditation," and the other was "Discovery of Omega-Pioneer Work at Delhi Varsity."

In the first newstory a Californian, Dr. John Smith Hislop, was in India to establish meditation caves.

"The movement proposes ultimately to build 84 caves—and living quarters, attached to them in the Himalayas," the clip said. "Eighty-four teachers of meditation—half of them Indians and the rest from abroad — will receive training and go back to their respective countries to teach their compatriots how to meditate."

In the second clipping from The Hindustan Times there is this lead paragraph: "The reported discovery of the 16th fundamental particle of (See Story No. 1, Page 5)

COOPERATION is a Kentucky tradition!

HOUSE WARMINGS... OR WARMING HOUSES!

A new house has always meant a house warming here in Kentucky. Old friends and new neighbors all turn out. All the new modern conveniences from electric heat to built-in ranges get demonstrated. Dinners get cooked and children bedded down. And everyone shows up with one of those small gifts that quickly turn a house into a home. Taking the work out of moving in is another example of neighborly cooperation.

MRS. WARD, HOSTESS
The Drift Woman's Club held its June meeting at the home of Mrs. Glenn Ward, with the president, Mrs. W. L. Reed, presiding.

Mrs. Reed presented the club with a certificate for its participation in the CARE program and also an honor certificate for being a 100% club.

The club voted to contribute to a bake sale for the Yankee Little League Booster Club.

The next meeting will be June 20, at the Turner-Elkhorn office, with Ruby Akers as hostess. Members present included Mesdames W. L. Reed, C. J. Cahill, Belfont Refz, Bobby Hall, Bill Stumbo, Clyde Moore, Harry Martin, Sam Martin, Ben Martin, Fred Cochran, McKinley Little, Glenn Ward, Ruby Akers and guest, Mrs. Clarence Turner.

an atom by a Delhi University scientist has aroused considerable interest in the scientific circles of Delhi. It is felt that the discovery may be a big contribution to the study of nuclear physics.

Mind and matter, Men ever seek the ultimate from both.

Basu's letters return quickly to the people of Big Sandy and the history of the region. He had read the Floyd County Sesquicentennial book and other informative articles.

"I wish I had read the book before going to Prestonsburg. The fascinating story of the early 'Indians,' specially of the dying Cherokee chief who 'chanted his Death Song, imploring the Great Spirit to retain the valley for his people,' the heroism of Mathias Harmon, the Jenny Wiley Episode and the battles of the Civil War have made a deep impression on my mind.

Neuritis Pains Go; Can Raise Arms

One man said the neuritis pains in his shoulders disappeared for the first time in 2 years and he can raise his arms above his head once again. He got RUGON only a few short weeks ago and says this is the only medicine that ever really helped him. He is among hundreds who praise it.

RUGON is helping so many victims of rheumatism and neuritis because this NEW Liquid Formula contains Three Wonderful Ingredients. Not a tablet or capsule. RUGON goes to the very source of pain almost at once and costs but a few cents a day to take. So don't go on suffering. Get RUGON at W. A. Rose Drug Co.

Okra, long a familiar garden product, came originally from Africa.

Every gardener should invest a few dollars in a pressure spray. If properly cared for a sprayer should last several years. The two biggest advantages of using a wet spray instead of dust, is first of all it is cheaper in the long run, and it will be more effective.

There are five cardinal principles for safe use of farm chemicals, they are:

1. Read and understand the label on the container before use; just reading is not enough.
2. Apply the chemicals as directed and heed every precaution.
3. Never use pesticides for weeds, bugs or diseases unless the manufacturer recommends the chemicals use for that purpose.
4. Dispose of empty containers, by keeping them away from children, pets and livestock.
5. Store agricultural chemicals in their original containers in a special safe place.

Many chemicals are poisonous to humans and other warm-blooded animals. Protective clothing and masks or respirators frequently are required for safe use of these chemicals. A small investment in such protective devices bears out the old saying: "Better safe than sorry."

Frank Douglas Scutchfield, son of Mr. and Mrs. Beecher L. Scutchfield, of Martin, has been named the best pre-medical student in the freshman class at Eastern Kentucky State College, Richmond.

Young Scutchfield, who was graduated last year from Martin high school, was notified of the top standing he had achieved at Men's Honors Day, an annual event at Eastern.

The Navy Nurse Corps celebrated its 52nd birthday on May 13 of this year.

Mr. Basu, the man of good will, is back in India now but the freedom and lift of America, the warm friendship of its people like those he met in Prestonsburg, are like the spreading arms of the little girl.

Others attending from Floyd county were Joan Hicks, Mae Rita Gayheart, Delbert Ousley and Freer Martin.

GARDEN INSECTS
Garden insects are multiplying very fast. With each new hatch the number of insects increase several times.

The Mexican bean beetle, cabbage worms, cucumber beetles, and the potato beetles are all in great numbers in most of the gardens visited this last week.

Two materials will control practically all the insects that will attack vegetables. These are Methoxychlor and Malathion. The garden should be sprayed every 7 to 10 days to completely control the insects.

SAFE USE OF FARM CHEMICALS
There are five cardinal principles for safe use of farm chemicals, they are:

When corn is from four to 25 inches tall, control of most broadleaf annual weeds should be done by use of chemical weed-killers.

LAWN CARE
Are you raising crabgrass instead of bluegrass in your lawn? Here's what you can do about it.

Look at the labels on the commercially sold crabgrass killers to see if they contain such materials as potassium cyanate or disodium methyl arsenate. These are the two materials recommended by the Kentucky Experiment Station's weed control specialists.

Use those materials as directed on the label and follow the precautions and directions closely.

Try to get the crabgrass in the immature stage, before it has become vigorous and deep-rooted; it is easier to kill then. Be sure to try to kill crabgrass before the plants produce seed. Since crabgrass seeds may germinate over a period of several weeks, more than one application of a chemical may be necessary during the growing season.

Remember: In dry weather, crabgrass control is more difficult. And it probably will take two or three seasons of work to really get the pest under control. One way to help control crabgrass is to stimulate the growth of desirable lawn plants such as bluegrass with fertilization, reseeding, and treatment with weed-killers.

SELECTING HOME FABRICS
When you select fabrics for your home, hundreds of choices are possible, so select with care for just the effect you want, suggests Beth Burr, University of Kentucky Extension specialist in home furnishings.

When corn is from four to 25 inches tall, control of most broadleaf annual weeds should be done by use of chemical weed-killers.

TO THE PEOPLE OF FLOYD COUNTY

Dear Friends:

Two years ago the people won a victory for the schools. They took the first step toward restoring the schools to the people by defeating two of the Administration Board members.

We told the people at that time that another election would be necessary before the "For the Children" program could be put into action—the school program that will eliminate the wasteful, inefficient administration of our schools.

The election will soon be here—On November 8, 1960, the voters of Educational Districts 3, 4 and 5 will elect three Board Members. The present administration has made some changes in an effort to fool the people, but it is the same old 'Possum looking out of a different hole. The same old greedy interests that seek power, influence and wealth at the expense of the children.

We hope that the people will agree with us that it is time some thinking is done in behalf of your children and ours, and that the selfishness of those who seek power and influence and wealth at the expense of the youngsters must be thrown into the discard, where they belong, to make room for a plain, common-sense administration of our school system for the sole benefit of the boys and girls who go to school.

BUD COOLEY, District 3, CURT STUMBO, District 4, and WALTER AKERS, District 5 believe in this type of school program. We believe that they will practice what they preach, and have confidence that they truly have the welfare of the children at heart.

If you share this confidence and believe that it is time for a change, time to put the interest of the children and teacher first—we ask that you join the Crusade and help finish the job that was started two years ago. Get behind these men and work for their election. By so doing, you will win a victory for the children.

Sincerely yours,
(Signed)
RAY HOWARD, Board Member Dist. 1
JOHN G. HALL, Board Member Dist. 2

CAPT. FRALEY SUPERVISES

Bergen-Hohne, Germany—Army Capt. Marvin C. Fraley, son of Mr. and Mrs. Fred Fraley, of Wayland, Ky., participated with other personnel from the 37th Armored in supervising the Seventh Army tank runny program in Bergen-Hohne, Germany, March 22-May 28.

The competition program features the firing of the tank mounted 90-millimeter gun.

Captain Fraley is assigned to the 37th's Headquarters Company in Schweinfurt. He arrived overseas in December, 1958.

A member of Lambda Chi Alpha and Alpha Omega Alpha fraternities, the captain is a graduate of Wayland high school. He holds a bachelor of science degree from the University of Kentucky and holds a medical degree from the University of Tennessee. His wife, Mary, is with him in Germany.

James Garrard—soldier, farmer, Baptist preacher, politician—was the only governor of Kentucky to be elected for two consecutive terms.

Gothic Temple First Favored As Clay Shrine

Many Kentuckians are familiar with the towering monument in Lexington Cemetery which is a memorial to Kentucky's silver-tongued orator, Henry Clay. It is not widely known, however, that an ornate Gothic temple first was favored as a design for the tomb.

It was in 1855, almost three years after the death of the aged Sage of Ashland, that H. T. Duncan, president of the Clay Monument Association, and other interested persons met in Lexington and tentatively accepted a design submitted by a Cincinnati architect. The plan called for an elaborate symbolic structure which a popular magazine likened to the Sir Walter Scott memorial erected in Scotland.

The memorial was to be a 13-sided temple, representing the 13 original states of the Confederacy. The remains of Clay were to be placed in a sarcophagus in the center and a statue of Clay was to be placed at proper height for viewing the work of the sculptor. A room in the upper part of the memorial was to contain many of the gifts presented to Clay. The pointed dome of the temple was to be surrounded by a winged figure of Fame, while around the sides were to be angels blowing trumpets, American eagles and other fanciful devices.

When a meeting of contributors to the monument fund was assembled it was announced the association had but \$50,000 to spend for a memorial and the proposed temple would cost \$90,000.

It was more than a year and a half later, in 1857, that the monument association selected a design submitted by Julius Adams, of Lexington, calling for a vault of Egyptian design, surmounted by an 181-foot Corinthian column topped by a heroic statue of Clay. The cornerstone was laid July 4, 1857, with impressive ceremonies attended by 50,000 persons. The monument was dedicated, Independent Day, 1858.

RIVER SURVEY IS APPROVED

Kentucky River Survey Approved by Engineers; Embraces Many Phases

The Kentucky River comprehensive survey has been approved by the office of the U. S. district engineer at Louisville, it was announced this week. The office of the division engineer in Cincinnati said its review will be completed and sent to General E. C. Itchner, Chief of Engineers at Washington, D. C., within a week.

Recommendations of the Corps of Engineers instruct the division engineer to issue public notice. The survey must be approved by the Board of Engineers for Rivers and Harbors and by General Itchner before its submission to Congress.

The survey was ordered in 1953 in a resolution sponsored by Senator John Sherman Cooper. Since that time \$232,500 has been appropriated to complete the survey.

The survey covered approximately 1,000 miles of rivers in the Kentucky River Basin, including the Kentucky River itself, the North, Middle and South Forks, and other tributaries, in an area embracing approximately 6,900 square miles. The report involves existing navigation facilities of 14 locks and dams, extending from the mouth of the Kentucky River, 250 miles upstream to Beattyville, and other navigation possibilities. It includes reports on favorable reservoir sites on the Kentucky River and its tributaries which meet the cost-benefit ratio prescribed by law, that is, that the benefits to be derived from any reservoir will pay for the cost of the facility over a period of fifty years. Senators Cooper and Morton said the Corps of Engineers had informed them that data secured from the 1957 and later floods had been helpful to the Corps in establishing a favorable cost-benefit ratio.

Sensors Cooper and Morton said: "This complete survey of the Kentucky River Basin, including all of its tributaries, and embracing navigation, flood control, reservoirs (including the Walker's Creek site), hydroelectric power, water supply for local communities and recreational facilities, will provide a basis for the full development of the Kentucky River, extending deep into Eastern Kentucky, and will be of great help to the area and its people."

Morris Advises Clergymen On Social Security Law; Deadlines Are Announced

Many newly-ordained clergymen in this area may not be taking advantage of future social security benefit rights which could be available to them through their electing coverage and paying the self employment tax, James A. Morris, field representative of the Pikeville Social Security office, said today.

Social security coverage was made available to clergymen, on an individual election basis, beginning with the year 1955, Morris said. Clergymen who elect coverage are considered self-employed persons, even though their incomes may be derived primarily from salaries.

In order to obtain social security coverage, a clergyman must waive his right to exemption from payment of the tax. He does this by filing a waiver certificate with the District Director of Internal Revenue serving his area. The waiver form may be obtained from either an Internal Revenue Office or a Social Security Office. There are deadline dates for filing these waiver certificates.

For a clergyman whose second "taxable year" ended or will end after Dec. 31, 1958, the deadline for electing social security coverage was or will be the due date (or any extension thereof) of his tax return for that second taxable year. A taxable year is a year in which a clergyman has net earnings of \$400 or more, any part of which is derived from the exercise of his ministry.

The deadline for filing the waiver certificate for a clergyman whose second taxable year ended on or before Dec. 31, 1958 was April 15, 1959.

Two Outdoor Dramas Opening At State Parks

Two outdoor dramas open summer runs at Kentucky state parks June 24.

Stephen Collins Foster and his songs return to My Old Kentucky Home, Bardonia, for their second season in a musical by Paul Green, Pulitzer Prize winning playwright.

The suffering of Job provides inspiring fare for visitors again this summer at Pine Mountain State Park, Pineville.

"The Stephen Foster Story" is scheduled for nightly performances, except Mondays, through Labor Day. A special performance July 4 is in honor of Foster's 134th birth anniversary.

"The Book of Job," a drama adapted by Orlin Corey from the King James version of the Biblical book, will be presented nightly except Sundays at Laurel Cove Amphitheater in the Pine Mountain Park. The setting is a natural cathedral in the Hills.

Mrs. Wyatt Is Club Speaker

From left to right, Mrs. R. L. Hall, Mrs. R. V. May, Mrs. Helen Gillis, Mrs. Georgia Cantrill, Mrs. Leon Porter, Mrs. Harrison Sparks, and Mrs. K. E. Moore.

Mrs. Wilson Wyatt, wife of the lieutenant governor of Kentucky, was the speaker at a luncheon given by the Wheelwright Woman's Club at the Wheelwright Clubhouse to install new officers and mark the end of the club year.

In her talk Mrs. Wyatt said she had been a member of the Woman's Club since she had been old enough to join. Said Mrs. Wyatt, "A group of women pooling their talents and energy can accomplish a great deal." At the close of her talk, she gave the club members a standing invitation to come to the "old mansion" in Frankfort and visit her. She mentioned that the Historical Society had taken it over and redone it. Mrs. Wyatt was introduced by Mrs. Ann B. Hall, member of the Wheelwright Woman's Club and presently an official in Governor Comb's administration.

Mrs. R. L. Hall, outgoing president, introduced Mrs. R. V. May, governor of the Seventh district, who in a candlelight ceremony installed the new officers: Mrs. H. K. Gillis, president; Mrs. K. E. Moore, vice-president; Mrs. Leon Porter,

recording secretary; Mrs. Harrison Sparks, corresponding secretary; and Mrs. Georgia Cantrill, treasurer.

Mrs. Gillis reported on the convention in Lexington which she and Mrs. Arthur Bradbury attended. She also brought to attention of all the fact that the club had had one of its best years under the presidency of Mrs. R. L. Hall. She said the Woman's Club should find out the needs of its community and try to meet those needs.

Mrs. Gillis presented Mrs. May a token of appreciation for installing the officers. Decoration of the dining room was made by Mrs. Georgia Cantrill. Flowers were donated by John Yost, of the Citizens Bank, Pikeville.
