## This Town-- That World

Don't crow. You may have to eat it.

### CORRECTION

You know, it doesn't pay a body to write anything, unless you get paid for it. A few weeks back, I noted in this space that Schirra chose a bad time to do his orbiting, inasmuch as everybody else was in orbit that day as the Giants were laying it on the Yanks. And now comes a note from Mrs. Jane R. Combs, of San Carlos, California, to remind me that it was the Dodgers those Giants were flogging at the time. Well, we said we were in orbit, didn't we?

### THE PROOF

Not long ago, our 30 Years Ago column noted that W. J. Newman had caught a giant pike in Tygart Creek. Now comes Jack Keenan, of Prestonsburg, with a photograph of Mr. Newman and the big fish. It was 50 inches in length and weighed 35 1/2 pounds. And it was a muskie, not a pike. And you don't hardly come across any such fish no more.

### WE REGRET . . .

Lon Hill sends me a bit from "The Comstock Lead," from that excellent bit of journalistic humor and whimsy called The Hillbilly. Says I might use the clipping and live up to this sometimes dreary column. Well, Lon has a point there, but I fear I have the few readers who stay with us unaccustomed to certain harmless but salty expressions from this source, and so we must reject "with regrets."

Incidentally, the piece started out with a discussion of the correctness or otherwise of a sign in a restaurant which reads, "Not recommended by Duncan Hines. He has never been here, but after all, it is you, not he, we are trying to please."

Question is, should it be "he" or "him" following the word, "not." Anybody want to join the argument?

## LOW INTEREST MARKS CAMPAIGN IN COUNTY

### LIGHT FLOYD VOTING VIEW OF OBSERVERS

#### One Board Candidate, City Marshal Unopposed; New Voting Places Listed

Not even the incentive of a school election has created enough steam in the current political campaign to assure a heavy vote in this county at next Tuesday's election, it was pointed out here this week.

The fact that Bill Wells, of West Prestonsburg, is unopposed for member of the Floyd County Board of Education from Educational Division No. 1 adds to the apathy which the most vigorous efforts of campaigners have failed to shake. In Educational Division No. 2, Dr. J. H. Allen, of Langley, is opposed by George E. Barnett, of Martin, but even there the campaign is in the doldrums.

Outside of the Senatorial and Congressional races, the ballot in one precinct, Allen, will bear the name of G. L. Gray, unopposed candidate for town marshal, a post which he now holds.

Officers to conduct the election in the 38 voting precincts have been briefed by DeGarmo DeRossett on how to control the vote by machine for school board candidates in precincts where educational division boundary lines do not coincide with precinct boundaries.

The candidates for major offices are:

For U. S. Senator: Thurston B. Morton (R); Wilson W. Wyatt (D). For Representative in Congress: S. Alex Parker, Jr. (R); Carl D. Perkins (D); Dr. Rex Henriekson (Ind.).

Sheriff Henry C. Hale this week listed the voting places for the four newly created voting precincts. They are:

Jack Allen No. 35 (which includes David), Goodloe postoffice building; Rock Fork No. 36, Garrett school building (old Garrett precinct's voting place will be moved back into the main section of Garrett); Abbott No. 37, Bonanza school; Weeksburg No. 38, Weeksburg school.

The voting places for all other precincts will be in the same buildings where the primary polling was held.

### Lone Traffic Fatality In Floyd In September, Commissioner Announces

Frankfort, Ky., Oct. 31—The Kentucky Department of Public Safety has recorded one traffic fatality in Floyd county for the month of September. One person was killed in a traffic accident in the county during the same month of 1961.

The county total for the first nine months of this year stands at eight fatalities as compared with four recorded for the same period in 1961.

Public Safety Commissioner Glenn A. Lovern pointed out that the statewide traffic death toll through September stood at 604 fatalities, 82 ahead of last year's total for the same period. He urged all motorists to be especially careful during heavy week-end traffic and earlier twilight hours.

## FORMER PASTOR TELLS OF CHRISTIANS ABROAD

"Christians who suffer for their faith have a message for you. Ask them to pray for us; they tell me when I ask them if there is any word which would have me take to other Christians."

So said Dr. Josef Nordenhaug, Arlington, Virginia, secretary of the Baptist World Alliance, in his Sunday morning sermon from the pulpit here of Irene Cole Memorial Baptist Church of which he is a former pastor.

Dr. Nordenhaug's travels take him to every country of the world where there is Baptist work. He told of a moving experience at a Baptist Church in Moscow, several months ago. The dedication of Russian Christians to their faith was described. The Moscow church which he visited has a seating capacity of 600. There for three hours 2,700 persons, most of them standing, jammed shoulder to shoulder to take part in the worship service.

### Delinquent Taxes Here Slated for Advertising

Scott Collins tax collector for the city of Prestonsburg, said Wednesday that all property here on which taxes are due and unpaid will be advertised, beginning with next week's edition of The Floyd County Times, and sold on December 1.

Collins said the law requires that sale of property for city taxes must be made by December 1, and, since four weekly advertisements are required, publication of the list of delinquent taxpayers must begin next week. He cited KRS92.590 as authority for the action.

## NAME COURT TERM JURORS

### Criminal Term Convenes Monday, Nov. 12; Three Murder Trials Docketed

The next term of the Floyd circuit court, which will convene Monday, November 12, will be held for the trial of criminal cases, but a grand jury will not be empaneled for the session.

The list of petit jurors to serve during the term was released last week by Circuit Clerk Henry Stephens. Names and addresses of the 37 jurors follow:

Jewell Mills, Auxier; Perry Green, West Prestonsburg; Jim Dillon, Lancer; Jim Cornett, Cliff; Geneva Hall, Betsy Layne; Mrs. Hargis Pigman, Water Gap; Mrs. Bill Goble (Vinegar), Lancer; Dorothy Hamilton, Melvin; Goldie Wilcox, Auxier; Della Kidd, Harold; Emma Harris, Lancer; Mrs. Joe Crum, Lancer; Jim Layne, Harold; Gypsy Collins, Martin; John Burchett, Woods; Carl Stephenson, Cliff; Mrs. Lemuel Meade, Honaker; Robert Sammons, Martin; Ben Akers, Dana; Otto Hyden, Auxier; Emma G. Wallen, Water Gap; Bess Arnett, Lancer; T. Y. Harmon, Auxier; Nancy Campbell, Water Gap; Bascom Crisp, Langley; Alice Ball, Prestonsburg; Mrs. Joe Stanley, Prestonsburg; Mrs. Oscar Wallen, Prestonsburg; Columbus Lawson, Honaker; Herbert Mosley, Garrett; Mrs. John Hall, Harold; Re-vella Stewart, Minnie; Mrs. Sam Thomas, Betsy Layne; Sam Adkins, Harold; Marvin Akers, Honaker; Lee Stephens, Hueysville; Ocie Shepherd, West Prestonsburg.

The first trial listed on the docket for the term is that of Mrs. Ruby Little, who is accused of wilful murder in the slaying of her father-in-law, Andy Little. She is scheduled for trial November 12, first day of the term.

Two other murder trials are slated for hearing during the month. James Hall is booked for trial November 14 on a charge of slaying his father. Deputy Sheriffs Troy Mullins and Marion Martin are scheduled for trial November 19 in the slaying of Ex-Magistrate John May.

In all, 157 cases are docketed for trial, and of these 37 are for child desertion. Twenty-six cases involve theft, including the charges of breaking and entering, grand larceny and knowingly receiving stolen property.

## OUSLEY IS NAMED TOP WINNER IN 4-H STRAWBERRY CONTEST

Joe Ed Ousley, 15-year-old Prestonsburg high school sophomore, of Risher, has been named state 4-H strawberry champion. The announcement was made recently by the University of Kentucky 4-H Club office.

The youthful student-farmer sold \$1,350 worth of strawberries from a quarter-acre plot in two years. He figures that \$1,000 of this amount was profit. In addition the boy supplied the family with berries for home use.

The yield on the Ousley plot was \$750 the first year but drought cut production last year to \$600. He anticipates a comparable crop this year.

Ousley, a son of Mr. and Mrs. Taylor Ousley, has an outstanding 4-H Club record. He has been Floyd county strawberry champion for two years and a records champion also for the same period. He was awarded a 4-H Club jacket two years ago for his strawberry project.

Ousley is a member of the Floyd County Water Management Team and the 4-H program which won the

competition in the Big Sandy District and placed third in the state contest this year.

He began his 4-H club work at the Alum Lick school and served as president of the club two years.

## DEDICATIONS ARE PLANNED

### Governor Combs, Others To Attend; Handicrafts Business Opening Set

Two new developments under the Area Redevelopment Administration program of assistance to this region will be opened to the public Saturday at Paintsville. Governor Bert Combs and a party from Frankfort, and Richard H. Craft, special assistant for ARA planning, Washington, D. C., will be present.

The Kentucky Hills Handicrafts and the Star Fire Motel buildings will be dedicated with speeches and ceremonial ribbon cutting at 1 p.m. Both buildings are located on the U. S. 23 By-Pass.

The Handicrafts structure is two stories, constructed of brick and brick. It will house the area handicraft industry initiated by Miss Jo Pack, who also owns a souvenir manufacturing plant at Prestonsburg. The Paintsville business will do both retail and wholesale, she says.

The motel was built by Mrs. Ethel Cox and sons.

The ribbon-cutting ceremony and dedicatory speeches will be made at both places, it is announced.

## UTILITY FIRM, UNION AGREE

### Contract Is Approved By Vote of Workers; Benefits Are Increased

A one-year contract between the Kentucky West Virginia Gas Company and its employees, members of Local Union No. 3510, Oil, Chemical and Atomic Workers Union, was approved by vote of the workers last week.

The new contract provides for an across-the-board wage increase of seven cents per hour, it was said by Woodrow Branham, president of the local.

Other gains include improvements in vacation and hospitalization benefits, Branham said. An additional \$2 per month on hospital insurance was granted. The new pact provides three weeks' vacation for all 10-year employees and an additional day for each two years of service above 10 till 20 years' experience is reached. At 20 years the employee will receive four weeks' vacation. Heretofore, a four-week vacation went only to those who had been employees for 25 years.

### Galveston Man Victim Of Five-Year Illness; Former Schoolteacher

Fred Hall, 77, of Galveston, died Monday evening at home following an illness of five years. Mr. Hall was a former school teacher.

He was a son of Greenberry and Polly Hall. His wife, Chrissie Hall, died 12 years ago. He was a member of the Baptist Church.

Surviving sons and daughters are Oliver Hall and Mrs. Olive Keathley, both of Galveston, Phillip Hall, Louisville, Mrs. Ruth Elliott, Oak Grove, Kentucky, Mrs. Sylvia Browning, Nautaguck, West Virginia, and Mrs. Edith Curry, Huntington, West Virginia. Surviving brothers and sisters are Patrick Hall and Mrs. Minnie Spears, both of Galveston, Ned Hall, Lexington, Tom Hall, Cleveland, Ohio, and Mrs. Olie Hall, Lorain, Ohio.

## RETURN FLOYD MAN TO PEN

### Robinson Violates Terms Of Parole, Charged; Two Life Sentences Pending

Lonnie Robinson, 68-year-old Floyd county parolee from two life terms in the state reformatory, was on his way Wednesday from Ohio to Kentucky to resume serving his prison sentences, State Parole Agent James A. Duff said here.

Robinson was arrested late last month at Oberlin, O., where he has been residing with relatives, after he allegedly had violated terms of his parole. Conditions of his parole provided that he stay out of Floyd and surrounding counties.

Parole Agent Duff said he came back to this county at least four times following his parole and that on the last visit to the county he fired one or more shots into the home of a Dwale man. No formal charge was made against the parolee, however, and it was said he will not be indicted.

The aging Robinson has been fighting extradition from Ohio since the date of his arrest. He was convicted in the mid-40's of slaying two policemen here and was given two life terms. He had served 14 years when paroled.

## JOB TRAINING FOR 50 SET

### Government Allots Funds For Unemployed In Area; Mayo State To Instruct

The federal government has agreed to allot \$34,274 to train 50 unemployed persons in the Prestonsburg-Paintsville area for new jobs.

Earle V. Powell, commissioner of the State Department of Economic Security, said his department will screen applicants and make subsistence payments to trainees. The job training will be carried out by the Bureau of Vocational Education in the State Education Department. The project is being established under the Area Redevelopment Act.

Federal approval for the project came last week from Secretary of Labor W. Willard Wirtz. It calls for the training of 50 unemployed persons as bench workers in the arts and crafts industry.

The money will be supplied by two federal agencies—\$24,000 from the Labor Department to the Economic Security Department to make subsistence payments to persons enrolling in the course and \$10,274 from the Department of Health, Education and Welfare to the Vocational Education Bureau for classrooms and equipment. The allowances to students will be approximately equal to the unemployment benefits paid by Kentucky.

Powell said the course will be conducted in two classes of 25 students each. (See Story No. 7, Page 8)

## WALTER MAY ELECTED JUNIOR YOUTH HEAD

The Junior Kentucky Youth Assembly held at Frankfort under the auspices of the State Y. M. C. A., ended on a note of triumph for the Prestonsburg delegation. When the session adjourned Saturday, the Prestonsburg group came away with the highest elective office and one of the four distinguished awards for Cabinet members.

At the closing session, Walter May was elected Governor for the 1963 assembly, and was presented the gavel as a symbol of his high office. Walkie's election was made possible by his excellent campaign speech, and by the active support of the entire Prestonsburg delegation.

Mary Lynn Combs received the distinguished award for cabinet members. This award was made on the basis of interest, activity, performance and accomplishment.

The group was successful in getting passed through both houses of the assembly one of the three bills which they sponsored—House Bill 13 regarding compulsory reforestation. The bill was presented by Janie Webb, acting as a Representative at this session. She was assisted by Victor Goble, House minority leader.

Some of the highlights of the Assembly were the legislative sessions, held in the regular

## PEACE IS ENVISIONED AS RESULT OF TALKS

### Still Destruction, Arrests Feature Raid Made by Officer Trio

Destruction of two moonshine still locations and equipment and the arrest of two men last Wednesday was made on Clear Creek by ABC Agent Claude Flanery and Deputy Sheriffs Joe Wheeler Lewis and Curt Hall.

Johnny Rackey and Calvin Henderson were arrested and later fined \$50 by Trial Commissioner Harold J. Stumbo. The officers said the two men were captured while carrying equipment to the location of intended operations. The haul included 150 gallons of mash.

## HEART CLINIC SLATED HERE

### November 15-16 Dates Set for Work To Help Indigent of 5 Counties

A two-day consultative and diagnostic heart clinic for medically indigent patients will be held at the Floyd County Health Department here, Thursday and Friday, November 15 and 16.

This clinic is being organized so that adult patients only will be admitted to the clinic on November 15, and children only will be seen on November 16.

Physicians from the departments of Medicine and Pediatrics at the University of Kentucky Medical School will conduct the clinics.

Co-sponsored by the Kentucky Heart Association and the state and county health departments, this clinic provides a diagnostic service for the patient along with recommendations for treatment and management of the case. It also provides an opportunity for the referring physician to consult with the clinician regarding his patient.

Necessary expenses of the clinic are being underwritten by the Kentucky Heart Association and the (See Story No. 5, Page 8)

### Former U.K. Net Star To Lead Revival Here

The services of the Rev. Ed Beck have been secured for an eight-day Crusade for Christ, February 3-10, at the First Methodist Church here.

Ed Beck was center and captain of the University of Kentucky basketball team which won the national championship during the 1957-58 season. The Rev. Beck is now with the Board of Evangelism of the Methodist Church, Nashville, Tennessee.

This announcement was made this week by the pastor of the church, the Rev. Orin M. Simmerman, Sr.

## PARTIES SIGN PACT TERMS; QUIET NOTED

### Four Persons Arrested After Affidavit Filed Charging Blast Plan

Quiet rested on the disturbed small-mine coal industry in Floyd county Wednesday, with scattered operations working and others preparing to return to production.

The break in the situation occurred late last week when it was announced that small-mine operators and the United Mine Workers of America had signed a contract for the operation of the mines. This was effected by a labor-management parley called by Commissioner Carl Cabe, of the Kentucky Department of Labor.

Terms of the contract have not been fully disclosed, but it was said one clause provides for the full payment of the 40-cent-per-ton royalty.

Picketing continued Monday at the Garth Hollow auger operation, first of the small mines to resume work after their closing about six weeks ago. But there was no picketing Tuesday and Wednesday, it was reported from various points in the disturbed area.

Four persons were arrested Tuesday on charges connected with an alleged attempt to dynamite the Garth Hollow mine. Dynamite had been exploded on a hill, in the vicinity of the mine, Monday afternoon.

Lee Howell, who generally is regarded as the leader of the pickets, was arrested Tuesday morning on two warrants charging him with banding together to commit an unlawful act and with wilfully counselling and procuring an explosion with intent to destroy property. He promptly executed the \$15,000 bond asked for his release till the hearing date, November 7.

Others arrested in connection with the same incident are Roy Shepherd, 17, of Hunter; Woody Shepherd, 18, of Hite, and Carl Mc-

## LAKE LEVEL IS DROPPED

### Lowering Completion Seen Within Five Days; Boat House Is Moved

Lowering of the level of Dewey Lake to 25 feet below its conservation pool began this morning (Thursday), and it was said that the let-down will be completed within five days.

Preparations for the drop in the lake level occupied attention of boat-owners this week and also that of dock personnel. The boat house and seven lockers at the dock were moved Wednesday from their usual location in Brandy Gole Cove to a point near Goble Branch.

Electric power connections were being made to the dock installations moved there, and the facility will be operated for the convenience of fishermen while the lake is at its low level.

The restaurant at the boat dock closed at the end of the day's business, Wednesday. The report that a new dock will replace the present facility with the opening of the 1963 season next spring was not confirmed.

Park and dock supervisory personnel have not learned what work is to be done as a public works project approved for Dewey reservoir. A news release received late last week said the project will repair and improve recreational facilities at the lake.

This and four other Kentucky projects, to entail the expenditure of upwards of \$1,250,000, were approved by President Kennedy through the Area Redevelopment Administration and were requested by Lieut.-Gov. Wilson W. Wyatt and Congressman Carl D. Perkins, it was said.

The plan to lower the lake level by 25 feet was first announced about two months ago by Bernard Carter, head of the Division of Fish, Department of Fish & Wildlife Resources, who received approval by the U. S. Corps of Engineers to drop the water level. The lower level will confine Dewey Lake mainly to the old stream-bed of Johns Creek, and sealing or netting of rough fish will be permitted till next spring as a means of ridding the impoundment of carp, shad, catfish and other fish not classified as game fish.

chambers of the State Capitol, the banquet and Governor's ball, and the worship service, held in the First Presbyterian Church in Frankfort. Tours of the Old Capitol and the Governor's Mansion were on the program.

"YOUR NEW CAR DEALER  
—A GOOD MAN  
TO HAVE AROUND"

**PEOPLE.** People who participate. People who don't just sit back—but who step forward.

The measure of a town's quality is very often a measure of the way folks get together and work for the town.

The projects are numberless—Church and PTA work, service organizations such as Kiwanis and Lions, Chamber of Commerce, Scouting, and many, many more.

Look around our town—in the forefront of activity you'll find the top businessmen of the community. And you'll always find a franchised new car dealer!

Nobody has a greater stake in the present prosperity and the future welfare of our town than the New Car Dealers. For we move on wheels. From the pre-dawn call of the milkman to the last police patrol at night—our whole lives are geared to automotive transportation.

Keep a town good and strong and healthy, and it'll move. We'll move with it. It's fun to participate. It pays to step forward instead of sit back. It's downright satisfying to help make this town a better place to live in.

**TO THE PEOPLE OF FLOYD COUNTY**

For the past six years Kentucky has heard the melancholy refrain, "Mr. Morton voting no" on issues which vitally affect Kentucky's welfare. But if this is a major key, there is a minor refrain, equally sad to Kentucky's ear—"Mr. Morton absent."

My opponent has been a CHRONIC ABSENTEE. In the year 1961, my opponent was one of the worst absentees in the entire Senate. During that year, my opponent was playing "Mr. Big" as Republican National Chairman. But you, the voters of Kentucky, paid him to be your Senator. Instead, he spent his time running the Republican party. And, consequently, in that year, 1961, my opponent ranked 91st out of 100 Senators—only nine Senators had a worse record in answering roll calls.

But 1961 was not his only bad year on the job. This year—1962—it was even worse: he was absent on one-half of all the roll calls.

He was absent when the Trade Expansion Bill came up. He was absent when the tax-credit bill came up. He was absent when the bill to protect you against lethal medicines came up. He was absent when the public works bill, to provide jobs for Kentuckians came up. He was absent when critical amendments to the farm bill came up. He was absent when the Labor-Management bill came up—on five separate roll calls. He was absent when the Mine Safety Bill came up.

Perhaps Kentucky's only comfort can come from the fact that, had he been present, he would probably have voted against Kentucky.

Elect me your Senator and I shall stand up and be counted—FOR Kentucky.

During the closing weeks of this campaign, I feel sorry for Senator John Sherman Cooper. During the past six years, Senator Cooper has, time after time, found his vote cancelled by that of his colleague, Mr. Morton.

Time after time, Kentucky's voice and vote in the Senate has been mute because the two Senators have pulled in opposite directions. One minus one equals zero, and Kentucky's influence in the Senate has been exactly zero. The reason is that my opponent has consistently cancelled Mr. Cooper's vote.

And now, the etiquette of party regularity has compelled Mr. Cooper to give lip-service to my opponent's pitiful cry, "Don't break up the team."

There IS no team—or, if there is, it's the first team in all history which consistently pulled in opposite directions.

During the past six years, my opponent killed Mr. Cooper's vote on not less than 148 important roll calls. Does this sound like teamwork? Of course not.

On legislation affecting the laboring people of Kentucky, my opponent cancelled Mr. Cooper's vote on 28 separate occasions.

On farm legislation, my opponent killed his colleague's vote on 14 roll calls.

On public works, to provide jobs for our unemployed, my opponent cancelled his teammate's vote on 12 roll calls.

On public housing, Cooper and my opponent split asunder on 12 votes.

On assistance to education, the team was divided against itself on 13 votes.

On foreign aid, Mr. Cooper and my opponent went in opposite directions on 19 roll calls.

On civil rights, the team was split on nine separate votes.

And, of course, on the Kennedy medicare program, Senator Cooper voted with the Democrats while my opponent voted to kill medicare—and cast a decisive vote.

Perhaps the most cruel division of all—between the so-called teammates—came when my opponent voted against a \$5.00 per month increase in the allowances for old-age pensioners, dependent children, the disabled and the needy blind. Senator Cooper and the Democrats voted "Yea" but Mr. Morton "No."

As your Democratic Senator, I shall work, I shall vote, I shall fight on the people's team.

## HUNTING SEASON DATES ANNOUNCED BY CLARK

Frankfort, Ky., Oct. 26 (Spl.) — The first phases of the dove and squirrel seasons come to a close on October 31, the Department of Fish and Wildlife Resources announced today, but hunters will have another chance at these two species at later dates this year.

Dove hunting during the months of September and October has been unusually good, hunters report, and the latter part of the squirrel season has been above par, reports indicate.

The dove hunters will have another chance in the second phase of the season which opens on December 1 and continues through December 9. The same regulations apply to the second phase as to the first part of the season, with only afternoon shooting permitted. The daily bag limit is 12.

In the western section of the state, the squirrel season will begin on November 15 and continue through November 25 while in the eastern section shooting may be resumed on November 15 and con-

tinued through December 7. The bag limit for squirrels is six per day or a possession limit of 12 after two or more days of hunting.

Kentucky's first wild turkey season will be held on November 2 and 3 in a designated section of Eastern Kentucky during which either hens or gobblers may be harvested. Minor Clark, commissioner of the Department of Fish and Wildlife Resources, announced.

Only shotguns, of not larger than 12 gauge, may be used in the two-day hunt and each hunter must have a valid Kentucky hunting license and only one turkey may be taken by a hunter. A successful hunter cannot assist another in the taking of a turkey and use of dogs is prohibited.

The area set aside for this hunt is as follows: That portion of Putnam and McCreary east of U. S. Route 26, north of Ky. Route 99 and south of Ky. Route 89 (excepting the Beaver Creek Wildlife Mgt. Area), Ferry, Breathitt, Knott (including the Robinson Forest Wildlife Management Area), Clay and Leslie (including Ford Wildlife Management Area), that portion of Jackson county lying west of U. S. Route 421, Wolfe, Powell and that portion of Meade county lying south of U. S. Route 470.

Commissioner Clark points out that this is the first legal turkey hunting season permitted in Kentucky for almost half a century, except for a controlled hunt for turkey gobblers that is held each spring in the Kentucky Woodlands National Wildlife Refuge.

A closed season on all birds and wild animals, protected and unprotected, will become effective on November 1 and continue through November 14 with the exception of the four-day gun deer season in 43 counties and the two-day wild turkey hunt on designated sections of Cumberland National Forest.

The deer season opens on November 7 and continues through November 10, while the turkey season will be on November 2 and 3. Hunting of all other animals and birds is prohibited under a Department regulation which is designated to prevent pre-season hunting of small game, the season for which opens on November 15, Commissioner Clark explained. Commissioner Clark said the hunting of crows and groundhogs is illegal during this period and any person apprehended for such hunting will be arrested and prosecuted in the courts. The Commissioner reminds that it is unfair to legal hunters to allow men in the field with guns under the guise of taking crows or groundhogs or other animals and birds when actually they are engaging in pre-season hunting of small game. Clark points out that under this system pre-season hunting has been greatly reduced in the past few years.

### MEET HAZARD SATURDAY

The Prestonsburg Little League football all-stars will meet a similar group in Hazard at 2 p.m. Saturday afternoon. Don Graves, coach of the winning Eagles in the local league, will be the head coach, and his assistants will be Rube Tackett and Ashland Joseph. Twenty-two players from the four-team league have been selected by the coaches.

The Eagles went undefeated during this Little League season, and the finale was especially rewarding to them as they belted the runner-up Browns, 42-6. The Browns' two losses were to the Eagles.

The regular fall meeting of the Eastern Kentucky Mountain Conference has been changed from November 29 to November 26 at 6 p.m. in Hazard. At this time the official football championship will be awarded to Hazard and the runner-

up trophy to Whitesburg. The all-conference team will be chosen, and other routine business will be transacted.

Neighborhood rivalries wind up the high school football season this week-end, except for Paintsville's meeting with Mt. Sterling on November 9.

The Prestonsburg Black Cats travel to Paintsville Friday night for their annual tussle with the Tigers who have romped over nine successive opponents without a defeat.

Walter Brugh's Tigers are the leaders in Region 3, Class A and can wrap up the title with a victory over Mt. Sterling. Prestonsburg has not beaten their arch-rivals in the past four seasons.

The deer season will open in the Dewey Lake Refuge next Tuesday at dawn and continue through Thursday. The limit is one per hunter. State biologists claim there are between 450 and 500 deer in the area. The water level of Dewey Lake will be dropping 25 feet Thursday morning and it will require about five days for the let-down to 625 elevation. Boat owners were busy over the week-end transporting boats from the lake. Prestonsburg high school will open its home basketball season, Wednesday, November 21, with Louisa high school as its guest. Thirty-four candidates, including 15 lettermen, answered coach Jack Wells' first call to practice, Monday afternoon.

### Wins Promotion

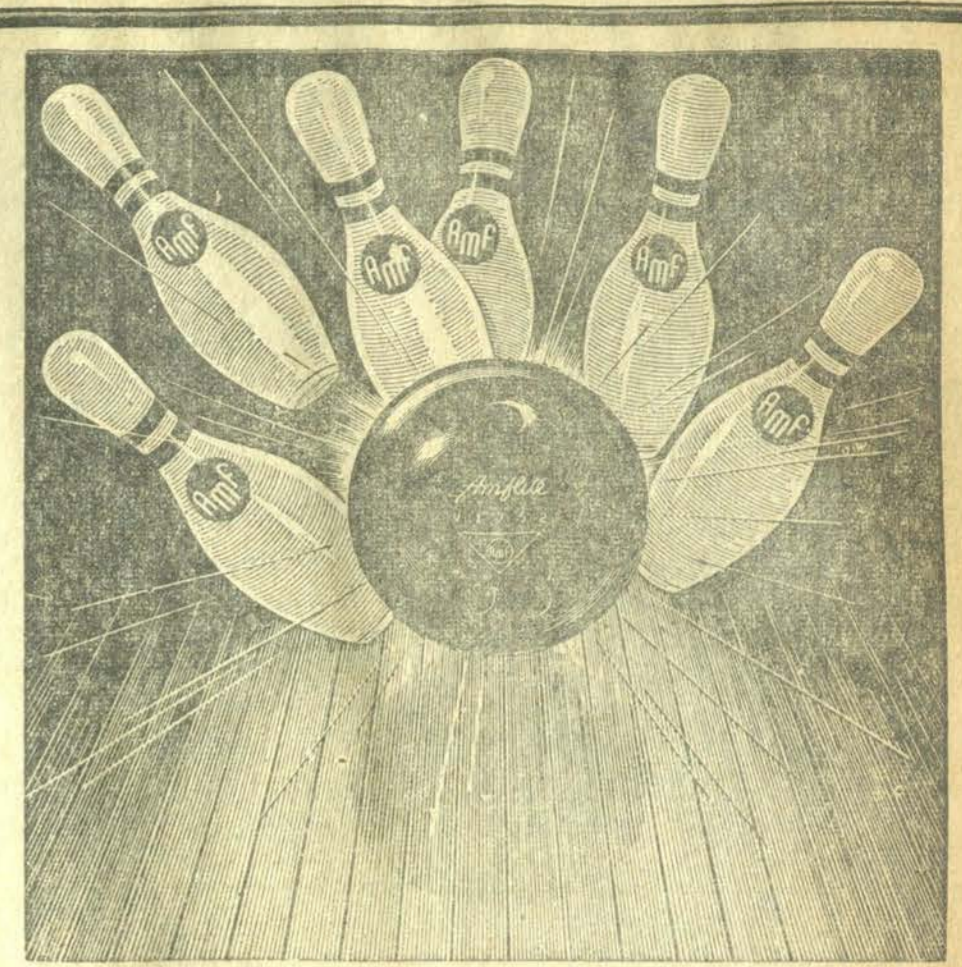

A-2C Thomas J. Allen, Jr., who is with the 4637 Support Squadron (Sage) ADC, United States Air Force, McGuire Air Force Base, New Jersey, in the Fighter Interceptor Squadron, has been promoted to the grade and rank of airman first class.

A 1958 graduate of Prestonsburg high school and a student at Morehead State College, he is the son of Mr. and Mrs. Thomas J. Allen, Sr., and grandson of Mr. and Mrs. B. L. Sturgill, of Prestonsburg, and Mrs. Maile C. Allen, of Hueysville, and the late Wayne Allen.

## AN APPEAL FROM SENATOR COOPER

Dear Friends:  
 The country does not need a rubber-stamp Congress.  
 It needs members who have respect for their responsibility to the people, members who will subject the proposals of the Administration to public examination and debate.  
 I support Senator Morton in his race for re-election with all my energy and enthusiasm. He is able, independent in thought, a man of

conviction and integrity, and a Senator highly respected in the Senate and in Kentucky. I urge you to keep the Cooper-Morton team together.  
 Of the hundreds of recorded votes cast in the past 6 years while Senator Morton and I have served you in the U. S. Senate, we have voted on the opposite side of only 10% of the major issues, which means we have voted together 90% of the time!  
 I urge you to vote for Senator Morton and to work for his re-election on November 6th.

Sincerely yours,  
  
 John Sherman Cooper  
 United States Senator

## MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT CR-3731

First Federal Savings & Loan Assn. Plaintiff, vs. NOTICE OF SALE Virginia Hines, et al. Defendants.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the October term, 1962, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 3 day of November, 1962, at 10:00 o'clock, a.m., same being the first day of the regular term of the Floyd County Court, upon a credit of six months, the following described property, to-wit:

Beginning at a point at the south edge of First Avenue (evidenced by a cross (X) mark cut in the concrete curb with spike driven therein and witnessed by a power line pole measuring 22 inches to the nearest part thereof from said cross (X)); thence a South course in a straight line extending between the brick-tile bungalow and two-story frame apartment building to cross mark in the concrete walk at the head of the steps extending down between said buildings, further marked with a spike driven therein (which point is nine (9) inches from the east edge of said walk); thence continuing the same course in a straight line to Big Sandy River; thence with said river and down same to the line of W. H. Jones (formerly Elizabeth Maynard) lot; thence with the said line of Jones (or Maynard) lot in a northerly direction to First Avenue; and thence with said First Avenue to the point of beginning. This being the same property conveyed to the mortgagees herein by Bert T. Combs and his wife, Mabel Combs, and Byron Nunnery and his wife, Lucille Nunnery, by deed dated January 8, 1949, and recorded in Deed Book No. 140, page 592, Floyd County Court Clerk's Office.

And from David B. Leslie to Rose Mary Leslie, Nelle Ruth Leslie and Judith Gale Leslie on March 8, 1950, recorded in Deed Book 147, page 428, Floyd County Court Clerk's Office.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 15 day of October, 1962.

## Conservation Awards Made At Annual Meet; 500 Delegates Attend

Louisville, Ky., Oct. 26 (Spl.) — Seventeen Kentuckians received the Conservation Award of Merit during the second annual Conservation Congress held recently in Louisville. They were presented by the Natural Resources Development Committee, sponsor of the Congress, "for outstanding leadership and distinguished service in the field of conservation and development of Kentucky's natural resources."

Edward Adams, education director of the State Department of Fish and Wildlife Resources presented the awards to Highway Commissioner Henry Ward, Frankfort; James A. Miner, Madisonville; State Senator Alvin Kidwell, Sparta; Dr. Ralph Woods, Murray State College president; Les W. Murdock, Mayfield; Mrs. W. C. Cooper, Henderson; Roscoe Davis, Hazard; Harry Caudill, Whitesburg; D. C. Anderson, Frankfort; Hudson Bieri, Cincinnati; Mrs. Ruth Layson, Millerburg; Mrs. J. Kidwell Grannis Flemingsburg; Perry E. Brown, Mammoth Cave; Jewell Graham, Lewisburg; Charles Metcalfe, Madison county; and Mrs. Ed Jackson, Beattyville. Dr. E. R. Pohl of Horse Cave was not present to receive his award.

Some 500 delegates attended the three-day Conservation Congress described by speaker Brooks Hays, special assistant to President Kennedy, as the best program of conservation education yet developed by any state. Chairman was J. O. Matlick, state conservation commissioner. Matlick and other officers of the Natural Resources Development Committee were re-elected.

**VETERAN SERVICES**  
From 1943 to 1962 the Veterans Administration has provided vocational rehabilitation services to one-and-a-half million disabled veterans. Their disabilities cut across injury and disease categories from the veteran with relatively minor disabilities to the quadriplegic (paralysis of all extremities), and the veteran with very serious psychiatric history.

**Area Home Ec Teachers Hold Meeting October 20**  
The Big Sandy district home Economics teachers' fall meeting was held October 20 at the May Lodge, Jenny Wiley State Park. Mrs. Evangeline Kelsey, teacher-trainer, University of Kentucky, was the guest-speaker.

Her topic was, "Meeting the Individual Differences of Students." A film on individual differences was shown and home economics teachers were given problems to solve from the film and discuss after the film was shown.

## BOTTLING FIRM SLATES FOUR-DAY GALA EVENT

In celebration of 50 years of friendship with people in Floyd and Pike counties, the Coca-Cola Bottling Co., of Pikeville, will hold a four-day gala event, the biggest yet in this area, for its dealers, employees and the public, beginning Monday, November 5.

The golden anniversary party for the public will be open house on Wednesday and Thursday, Nov. 7 and 8, between the hours of 1 p.m. and 4 p.m. in the afternoon and 6:20 p.m. and 9:30 p.m. on those two nights. Souvenirs will be given and door prizes, including television and radio sets, will be awarded. Everyone will be welcomed at the Coca-Cola building on Cline Street during those hours.

Officials of The Coca-Cola Company from Atlanta, Georgia, Chattanooga, Tennessee and Washington, D. C., and Coca-Cola bottlers from surrounding territories plan to attend the celebration, which will be started with an employees dinner for them by the company at the Green Meadows Country Club, Monday, Nov. 5.

DeSales Harrison, chairman of the board of Coca-Cola Bottling (Thomas), once Chattanooga, Tenn., will be master of ceremonies at the banquet.

Edgar J. Forio, senior vice-president of The Coca-Cola Company, Atlanta, will be the main speaker at the banquet. Forio joined the company as a salesman in the New Orleans territory in 1920, served as district manager in New Orleans and Chicago and moved to Atlanta to direct experimental sales programs. He was elected to his present position in 1956.

It was 1886 when Coca-Cola was created and first sold in Atlanta by its originator, John S. Pemberton, pharmacist and wholesale and retail druggist. It was in November, 1912 that W. T. Huffman, F. T. Hatcher and Grover C. Leslie formed the Pikeville Bottling Co., later changing the name to Coca-Cola Bottling Co. of Pikeville. All these men are now dead.

Present stockholders of the company are Mrs. Jack L. Hatcher, Mrs. G. C. Leslie, Miss Julia Virginia Hatcher, Mrs. Ralph Elswick, Mrs. South Whitt, and Jack Thomas Hatcher.

Present officers are Miss Hatcher, president; Mrs. Hatcher, secretary-treasurer; Mrs. Leslie, vice-president, and South Whitt, general manager.

Trimbale Pruitt is production superintendent and Donald Lee is assistant superintendent.

Jack L. Hatcher, deceased, served on the Company's Board of Directors from 1922 until his death in 1959. His widow is now secretary-treasurer. He was the only son of one of the original stockholders, F. T. Hatcher. Miss Hatcher is the only daughter of F. T. Hatcher. Jack Thomas Hatcher and Mrs. South Whitt are children of Jack L. Hatcher. Mrs. G. C. Leslie is the widow of original stockholder, G. C. Leslie, who served the company as general manager and president. South Whitt is the son-in-law of the late Jack L. Hatcher and Mrs. Hatcher. Mrs. Ralph Elswick is the daughter of the late G. C. Leslie and Mrs. Leslie.

## Judgment Is Obtained Against Firm for Paying Less Than Legal Wages

Secretary of Labor W. Willard Wirtz has obtained a judgment for \$1,045 in the U. S. district court for the Eastern district of Kentucky, Pikeville, requiring Payne Rice, of Oil Springs, to pay that sum to the Secretary of Labor for distribution to one of Rice's employees found to have been paid wages at rates less than those required by the Fair Labor Standards Act.

The judgment was entered following the filing of a complaint based on the report of an investigation made by the Lexington field office of the Wage-Hour Division of the United States Department of Labor. According to the complaint, the defendant's operations are subject to the Federal wage-hour law, since oil and gas obtained from the wells drilled by his employees are shipped in interstate commerce, and, therefore, the defendant and his employees are engaged in the production of goods for commerce.

**Less, Please, from the "Experts"**

The Times is, as all Americans surely are, greatly encouraged by the turn of events in and around the island of Cuba and by the Russian decision not to push the world into war.

The world is not out of the woods by any means, but until the situation becomes darker we all may breathe easier.

Exultant as we are, we shall not pose as a foreign relations expert or as a military analyst. We shall not boast that Khrushchev has been forced to back down, that he has lost face, that Russia has met more than her match, that her allies will desert her, that now we shall have things all our way and so on and so on.

And we wish a big, rough hand were clapped over the big mouths of those who rant for public consumption on such matters. It strikes us that these folks are contributing little to the peace of the world or the strength of the Free World. For, every time a jibe is poked at Russia, it is passed on to the Kremlin, and the net result is to make the Soviet less amenable to reason and the proposals we shall later have to make.

**WHY?**

We are told that never has one Floyd county driver lost his operator's license under the state's point system. One wonders why.

Could it be that Floyd county's drivers are so circumspect, so observant of every law against speeding, reckless driving and all those other mad antics which roll up a ghastly death toll, year in and year out, that nobody deserves to lose his license?

Entries on the records of the jailers and those in judges' and magistrates' offices indicate that this is not the case.

Then could it be that the Department of Public Safety is not getting the record of convictions made in Floyd county courts? The law provides that each such conviction shall be certified to the Department. This done, each conviction counts a given number of points against the offending driver, and when the total reaches 13 the driver loses his license.

It's a good law. But if it is circumvented, it merely sounds good on the statute books.

**Diabetes Detection Set By State Medical Group; Cooperation Is Urged**

"Finding unknown diabetics and helping them to live longer, more useful lives is the goal of the annual Diabetes Detection and Education Drive during the week of November 11-17," according to Robert S. Tillet, M.D., Louisville, chairman of the Kentucky State Medical Association's Diabetes Committee.

Sponsored by the KSMA in cooperation with the American Diabetes Association, the drive will be held during the period officially proclaimed as Diabetes Week in Kentucky by Governor Bert Combs.

"In 11 previous public service campaigns, nearly 2,000 persons who were unaware they had diabetes learned of their condition. These individuals now have the necessary knowledge to enable them to use proper precautions," Doctor Tillet said.

Every physician, hospital and laboratory in the state has been asked to cooperate in the drive by giving a FREE urine sugar test to anyone requesting it. All Kentuckians are urged to take advantage of the drive, which is unique in that it is strictly a public service effort and not a fund-raising campaign.

**Two Wheelwright Men Train At Ft. Knox**

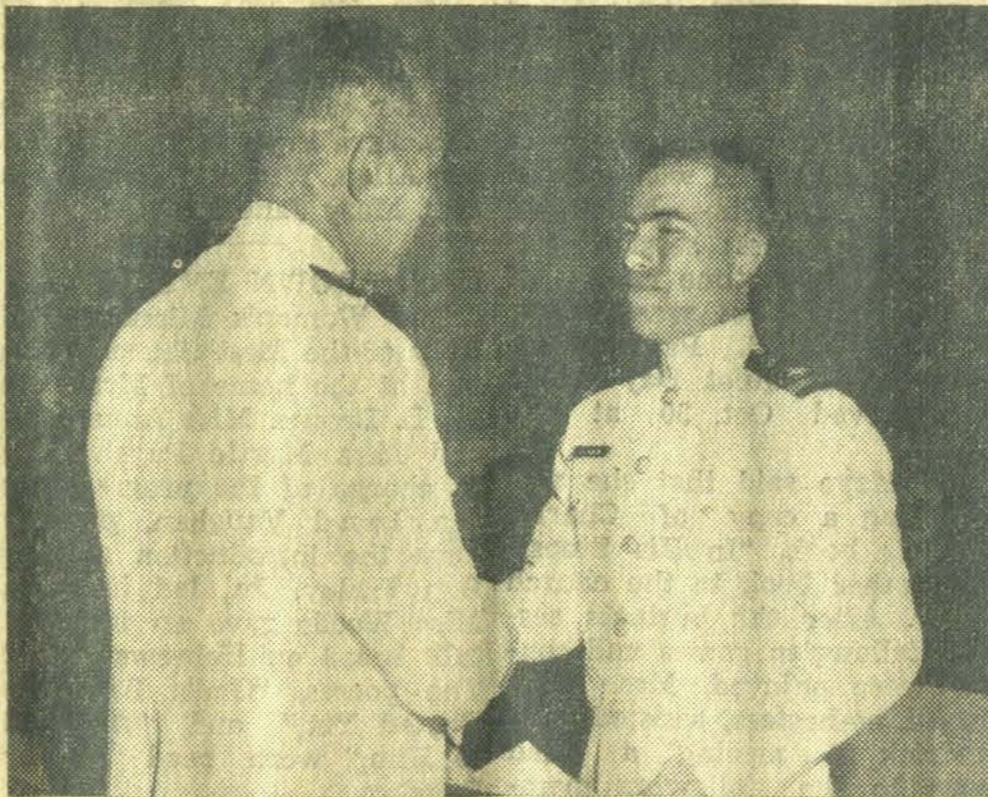

Fort Knox, Ky.—Pvt. Ira C. Brank, 20, and Herbert E. Brank, 17, sons of Mr. and Mrs. Harry A. Brank, of Wheelwright, Ky., are currently undergoing advanced training in Company A (Parts Supply School) of the 2nd Training Brigade's 7th Battalion at Fort Knox.

This course of instruction in the 2nd Brigade a major unit of the U. S. Army Training Center, Armor (USATCA), at the Kentucky fort, is of eight weeks duration. During this time they will receive instruction in the identification, receipt, storage and issue of parts used in the Army.

They are scheduled to complete this course early in December.

The Wheelwright soldiers entered the Army last August and completed basic combat training at Fort Knox.

**Martin Commissioned At Pensacola**

Robert O. Martin, of Garrett, was recently commissioned as an Ensign in the U. S. Naval Reserve at graduation exercises at the U. S. Naval School, at Pensacola, Florida.

Captain P. H. Caldwell, commanding at Pensacola, wrote the new officer's parents, Mr. and Mrs. William H. Martin, October 12, with congratulations.

"During his arduous training at Pre-Flight, he demonstrated that he possesses the high qualifications and worthy attributes of an offi-

cer," Captain Caldwell said. "His successful completion of the courses here represents a milestone in his naval career."

Ensign Martin, a graduate of Garrett high school, studied two years at Lincoln Memorial University, Harrogate, Tennessee, but was awarded a B.S. degree at Morehead State College in 1961.

He is shown here being congratulated by his commanding officer at the graduation exercises at Pensacola.

**Four from County Are Centre Students**

Danville, Ky., Oct. 26 (Spl.) — Four Floyd county residents have enrolled at Centre College of Kentucky here for the school's 143rd academic year.

They are Sharon Carol Allen and Thomas May Hereford, both of Prestonsburg, and Sharon Hayes Claypool, of Hueysville, and Daryl Gale Luxmore, of Martin.

Miss Allen, a junior, is a graduate of Prestonsburg high school and is a daughter of Mr. and Mrs. Norman Allen. Mrs. Claypool, a senior, is a graduate of Wayland high school and is a daughter of Mr. and Mrs. Rondal E. Hayes. Hueysville. Hereford, a freshman, is a graduate of Prestonsburg high school and is a son of Mr. and Mrs. Thomas Hereford, Prestonsburg. Luxmore, a sophomore, is a graduate of Martin high school and is the son of Mr. and Mrs. Charles Luxmore, of Martin.

**Getting to NO you, Senator Morton!**

"Getting to know you" is being used as a theme song in Senator Thurston Morton's campaign for re-election.

Scanning Morton's voting record, we are convinced his slogan is excruciatingly appropriate! Morton has NO'd labor not less than 18 times in the past four years!

On the following bills, all of which concern workers directly or indirectly, Morton has said NO to workers and to Kentucky:

Thurston Morton voted WRONG on a trick political maneuver to cement anti-labor provisions in reform bill. (S. 1555, April 22, 1959)

Thurston Morton voted WRONG on McClellan amendment to ban secondary boycotts, a legitimate, fair and necessary trade union tool used for years to protect decent working conditions. (S. 1555, April 24, 1959)

Thurston Morton voted WRONG on aid to depressed areas. (S. 722, March 23, 1959)

Thurston Morton voted WRONG on a civil rights bill. (H.R. 8601, April 4, 1960)

Thurston Morton voted WRONG on a public housing bill (S. 57, February 4, 1959)

Thurston Morton voted WRONG on a bill to provide federal aid to public schools, with more funds going to less wealthy states. (S. 8, February 4, 1960)

Thurston Morton voted WRONG on a bill to tax dividend income fairly. H.R. 12381, June 20, 1960)

Thurston Morton voted WRONG on a measure to extend greater temporary unemployment compensation to jobless workers. (H.R. 5640, March 25, 1959)

In the 1961-1962 Session . . .

Thurston Morton voted WRONG on a measure crippling depressed areas aid (S. 1, March 14, 1961)

Thurston Morton voted WRONG for a bill to deprive unemployed in some states of full benefits (H.R. 4806, March 16, 1961)

Thurston Morton voted WRONG for a bill attempting to clamp unfair limit on new minimum wage coverage, and to block future efforts to extend coverage. (H.R. 3935, April 19, 1961)

Thurston Morton voted WRONG on a bill to provide \$2 1/2 billion federal aid for public schools. (S. 1021, May 25, 1961)

Thurston Morton voted WRONG on a bill to provide better housing loan program for moderate-income families and boost public housing funds for low-income families. (S. 1922, June 8, 1961)

Thurston Morton voted WRONG against measure to furnish power for the Northwest through atomic energy. (H.R. 7576, July 18, 1961)

Thurston Morton voted WRONG for an attempt to trim a training program for jobless workers displaced by automation to an inadequate fraction of original measure. (S. 1991, Aug. 23, 1961)

Thurston Morton voted WRONG on a bill providing \$75 million for immediate public works in hard-hit unemployment areas. (S. 2965, May 28, 1962)

Thurston Morton voted WRONG on a bill to provide adequate health care for the aged (H.R. 10606, July 17, 1962)

### Goble-Buckalew Vows Taken At Floydsburg; Rev. Allen Officiates

Mrs. Elizabeth Henderson Goble, of Louisville, Kentucky, announces the marriage of her daughter, Mary Loretta, to Mr. Donald Preston Buckalew, son of Mr. and Mrs. Arnold Buckalew, of Hartford, Kentucky, on October 6 at 11 o'clock in the morning at the Duncan Memorial Chapel, Floydsburg, Kentucky.

The Rev. Hugh G. Allen performed the double-ring ceremony before an altar banked with ferns, white mums, and branched cathedral candelabra holding white candles. Pre-nuptial music was furnished by Mrs. R. C. Minish. The Rev. Allen sang "The Lord's Prayer" at the conclusion of the ceremony.

The bride, given in marriage by her paternal grandfather, wore a white ballerina gown of brocaded taffeta, which featured three-quarter sleeves, a scoop neckline, and a bell-shaped skirt. Her veil of illusion was topped with a crown of lily of the valley and seed pearls. She carried a bouquet of white roses and lily of the valley, showered with white ribbons. Her maid of honor, Miss Nancy Jo Cubbage, Pleasureville, Kentucky, wore a deep rose satin sheath dress. She carried a bouquet of pale pink baby mums and eucalyptus. Her headress was a matching bow of rose satin.

Mr. William W. Spear, Louisville, served as best man. Ushers were David Pryor, Louisville, and James Hicks, Prospect, Kentucky.

Following the ceremony a reception was held at the home of Mr. and Mrs. Thomas H. Leanhart, Sr. The bride's table was covered with a Venetian embroidered cloth, centered with a four-tiered bridal cake, flanked by triple repousse candelabra holding white twisted candles. Mrs. Marguerite Jones, Louisville, cousin of the bride, poured punch. Mrs. Miriam Wilson, Louisville, poured coffee. Mrs. Ed Stephens, Jeffersonton, Kentucky, presided at the guest book. Following the reception, the couple left for a short wedding trip.

The groom, a graduate of Western Kentucky State College, is presently in a management training program with Liberty National Bank & Trust Co., Louisville. Mrs. Buckalew is a graduate of Western Kentucky State College, and is teaching at Pleasure Ridge Park high school, Louisville. They will reside at 2200 Speed Ave., Louisville, Kentucky.

(Items taken from files of The Floyd County Times of 30, 20 and 10 years ago.)

**Thirty Years Ago**  
(October 28, 1932)

Floyd county is one of the 41 Kentucky counties, to which are allotted funds borrowed by the state from the Reconstruction Finance Corporation. . . W. J. Reynolds, of Martin, former Floyd county magistrate, was appointed county treasurer, October 15, at a meeting of the fiscal court. . . Y. C. Mims, Weeksbury negro, died at the Beaver Valley hospital, Martin, Monday, of back and chest injuries sustained last week when he was trapped beneath a rockfall in the mines of the Koppers Coal Company, Weeksbury. . . Dr. F. L. Hill, of Prestonsburg, has been named chairman in the old Tenth Congressional district of the veterans for Roosevelt organization. . . Married: Miss Millie Hicks, of Garrett, to Mr. Angel Dudley, of Maytown, October 15. . . Born: To Mr. and Mrs. Kermit Stone, a son, Kermit Edsel, Jr., September 18. . . There died: W. A. Fraley, Jr., 30, of Prestonsburg, October 19, at the home here of his father; William M. Pack, 59, October 15, at his home at Garrett; James Clevenger, 65, Sunday at his home in Prestonsburg; Mrs. Mary Ann Sexton, last Saturday, at the home of her son, on Salt Lick.

**Twenty Years Ago**  
(October 29, 1942)

As the deadline on the Kentucky scrap drive campaign drew near, Floyd county has hopes of getting little beyond the half-way mark in its drive to gather a quota of more than 5,000,000 pounds of metal and rubber. . . A dozen persons from Bull, Abbecks and Middle Creek communities were receiving treatment this week at the Floyd County Health Department after having been bitten by dogs. . . The Floyd county volunteer women workers are far behind in their quotas of surgical dressings allotted them for September and October, with a quota of 55,000 dressings coming up for next month. Mrs. Lillian Keenon, director of this Red Cross endeavor, pointed out this week. . . Coffee rationing, which will allow one pound every five weeks for every person who was 15 or older when sugar rationing began last May, starts November 26. . . Floyd county's first feminine contingent, trained in the NYA shop here for work in the nation's war plants, left Prestonsburg Thursday, to receive further training at Dayton, Ohio, that will qualify them as War Department employees at Patterson Field, Dayton. . . Taylor Skeans, 42, of Deck, father of eight, volunteered last week for Army service. . . Married: Miss Martha Helen Stone, of Louisa, to Pvt. Haskel Price, of Martin, October 9. . . There died: Thomas Hall, 47, native of McDowell, at his home in Flemingsburg, Saturday morning; Sol Stone, of Dema, at home, Monday; Bonnie Lou Arrowood, 12 years old, of Langley, Thursday, at the Beaver Valley hospital, Martin; Mrs. Usley Jane Vanderpool, 75, Floyd native and former resident of McDowell, Friday, at Baden, Virginia; Fred Jefferson Cochran, 4, of Salisbury, Wednesday, at the Beaver Valley hospital, Martin; Toby Marie Harris, 5, of Emma, Saturday at St. Joseph's Infirmary, Louisville.

**Ten Years Ago**  
(October 30, 1952)

The Floyd County Good Government Taxpayers League this week had \$1,000 already pledged to use as rewards for the conviction of vote violators in the federal election next Tuesday. . . Radio Station WPRT should go on the air shortly after November 16, the station owner, D. C. Stephens, and Rex Osborne, manager, said this week. . . Three Floyd county truck mines on Big Mud Creek have been ordered closed by the Kentucky Department of Mines and Minerals because of illegal use of blackpowder, a violation of the safety provisions of the mining laws. . . The week-long mine strike which followed the Wage Stabilization Board's refusal to approve the \$1.80-a-day pay increase granted the miners in the new coal contract, ended Monday night as John L. Lewis, UMW president, requested the men to return to work. . . In donating blood for the wounded in Korea, Wheelwright fell just shy of the 100-pint mark when the bloodmobile visited that community last Wednesday. . . Hundreds of acres of forest land in Floyd county were swept by fire, last week, during one of the worst droughts to afflict this season. . . Sportsmen of the area heard last Sunday afternoon informal talks by Senators Thomas R. Underwood and Earle C. Clements concerning the possible deepening of Dewey Lake. . . The Prestonsburg Chamber of Commerce Monday evening voted funds to carry on prospecting for a "mystery metal"—germanium, worth \$350 a pound and found in coal. . . There died: Susie Elta Francis, 4, at the Beaver Valley hospital, October 24; Cpl. **VISITORS FROM LYNCH**

Miss Judy Skaggs and Danny Russell, of Lynch, visited Miss Elizabeth Graham Dingus and Kermit Baldrige, Jr., over the week-end, attending the homecoming game and dance.

**DISCUSS MENTAL HEALTH**

The Prestonsburg Day Homemakers Club met October 11 at the home of Mrs. Clyde Burchett, with Mrs. Mabel Donahoe as co-hostess. The meeting was opened by the new president, Mrs. Vertner Clarke. The devotional was given by Mrs. Betty Roberts.

The lesson for the month, "Promoting Mental Health," was presented by Mrs. Gilva Spurlin and Mrs. Otelia Smiley. A few highlights of the lesson: "Take Time To Live." Some people keep so busy getting things done they reach the end of their lives without ever having lived at all. Suggestions for maintaining good mental health are: 1. Keep physically fit; 2. Have good mental habits by keeping a positive approach to living; 3. Associate with people who have good mental health; 4. Have an abiding faith in yourself, in others and in God.

Dr. George S. Stevenson suggestions for keeping good mental health were quoted: Talk it out; escape for awhile; work off your anger; give in occasionally; do something for others; take one thing at a time; avoid the urge to be superior; go easy with your criticisms.

The Christmas dinner was discussed. A committee was appointed to discuss having the dinner with the other two homemakers clubs of Prestonsburg. The club plans having a special craft lesson soon.

A desert course was served by the hostesses to the following: Mesdames Anna Feller, Emma Osborne, Otelia Smiley, Gilva Spurlin, Gladys Hughes, Edith Kendrick, Vermer Clarke, Opal Dingus, Peg Hewlett, G. R. Allen, B. L. Sturgill and her guest, Miss Dorothy Reese, and two new members, Mrs. Betty Roberts and Mrs. T. B. Sturgill. Guests of Mrs. Burchett were her aunt Mrs. A. E. Williams, and sister, Miss Carolyn Wolf, of Pittsburg, Pennsylvania.

**SERVICE GUILD MEETS**

The Wesleyan Service Guild met Tuesday, October 23 at the home of Mrs. William O. Goebel on North Arnold Avenue. The president, Mrs. Winston Ford, presided and conducted the business meeting.

The program, presented by Mrs. Arthur Haywood, was entitled "Prayer Equals Power."

Mrs. Woodrow Greenwade was a co-hostess with Mrs. Goebel and served a delicious dessert.

Members present were Mesdames Charles Wiechers, William Callihan, Robert Wallace, George Archer, Mary Jane Harkins, Fred Francis.

Only today, we were reminded that November 4-11 is National Cat Week. Wonder if National Bridge Club Week runs concurrently.

THIRTY YEARS AGO

Speaking of cats and Cat Week, we are reminded that in our files of 30 years ago we found this week an item telling of the sad experience a Right Beaver Creek man had with a cat. It seems a prowling tom-cat used a hole in his floor as a runway. This became plumb annoying, and the householder finally decided he would lay for Old Tom. He selected a sturdy timber, placed it beside his bed and waited. Then, in the still night there came sounds of claws at the hole. The man eased out of bed, seized upon the shillelah, paused till the precise moment and let fly. And almost faintly, it appears that the feline specimen with which he had made contact wasn't that kind of a kitty.

**Allen Girl Represents  
Floyd Club As Choice  
For Homecoming Queen**

Richmond, Ky., Oct. 29 (Spl.)—Miss Patricia Ann McCormick, of Allen, has been selected as the Floyd County Club candidate for 1962 Homecoming Queen at Eastern Kentucky State College.

Miss McCormick, a freshman commerce major, is the daughter of I. W. McCormick. She is among 29 candidates for the beauty title.

The homecoming queen will be crowned Saturday in colorful pre-game ceremonies prior to the important Eastern Kentucky-Tennessee Tech Ohio Valley Conference football contest at Hanger Stadium. Wendell P. Butler, State Superintendent of Public Instruction, will crown the new queen.

kinney, 19, of Mimmie. They are in jail, accused of willfully exploding dynamite in an attempt to destroy property. A fifth man, Malcolm Scarberry, was implicated but had not been arrested Wednesday morning. Bonds of the three youths were set at \$5,000.

Roy Shepherd signed, by his mark, an affidavit telling of a plan to explode five sticks of dynamite on a nearby hill to divert the attention of State Police, then to blow up the auger operation. The affidavit claimed Howell offered the others \$100 to blow up the mine.

Howell denied any connection with the incident.

An affidavit signed by McKinney, late Tuesday, did not implicate Howell. He stated that Woody Shepherd asked to borrow his knife and that after they had walked onto the hill, back of the mine, Roy Shepherd began cutting dynamite fuse. He claimed he walked away at about that time but that he saw the Shepherds throw sticks of dynamite in the direction of the mine. McKinney added that the blasts were set off to divert State Police attention.

State Police Detective Chester D. Potter said only two sticks of dynamite were exploded. He added that the attempt to blow up the mine itself never came off.

Violence in the coal field included the burning last week of tipples owned by Henry Hamilton on Left Beaver Creek, and two explosions which damaged a coal hopper and a tippie at the Right Beaver Creek Coal Company, near Kite in Knott county, a union mine owned by George E. Evans, Jr., of Wayland.

Tension hung heavy over the entire Eastern Kentucky coal field as other outbreaks were reported.

While his bond was being arranged here Tuesday, Lee Howell reportedly indicated work at the mines would be permitted to resume without further picketing. He did express an interest in the reported contract, saying he may go to Washington, if necessary, to determine the exact state of affairs.

The only indication of disturbance Wednesday lay in an alleged threat made at the mine operated by Nannon Sammons on Arkansas Creek, near Martin. Sammons procured a peace warrant for Lonnie Conn. His affidavit stated that Conn had threatened to shoot the men "right between the eyes" for working at Sammons' mine.

Monday, peace warrants against Ralph Moore, small-mine operator, and Jack Dingus were dismissed on the grounds that evidence produced was insufficient. Lloyd Meade was held to \$2,000 peace bond, but his alleged offense was not directly attributed to the mine disturbance.

A hearing for Ollie Sammons, first of the pickets to be arrested, was set for November 26. He was charged with breach of the peace.

C. E. Beane, Pikeville, president of District 30, U.M.W.A., said the contract between the union and Coal Associates, Inc., an organization representing the truck-mine operators in this county, was signed Saturday.

"Personally, I'm hopeful things will clear up this week," Beane said of the picketings. "I hope the men go back to work immediately. They have been instructed to do so."

After signing of the contract the officers of all union local associations of all union locals were instructed to inform their members to return to work, Beane added.

**Jewish Convert Plans  
Speech At Convention  
Slated At Owensboro**

A brilliant young Jewish convert to Christianity will be one of the featured speakers at the annual Kentucky Baptist Convention scheduled for Owensboro, November 13-15. Don Brandeis, widely-known Southern Baptist evangelist, will speak three times, including the closing Youth Rally.

Brandeis was ordained to the Baptist ministry in 1957. Quickly, he became widely known as a very effective preacher, and now he is a nationally known speaker through college lectures, international preaching assignments and appearances at youth assemblies. Over 36,000 persons have made religious decisions in Brandeis meetings since 1956.

The regular sessions of the Kentucky Baptist Convention will be at the Third Baptist Church in Owensboro beginning at 11 a.m. on November 13. More than 1,000 official messengers and another thousand Baptists from all over Kentucky are expected for the three-day meeting.

in the sciences while receiving his college education, and at the time of his call to the ministry he was a professor at the University of Oslo. He came to this country to attend the Southern Baptist Theological Seminary at Louisville. Soon after his graduation there he came to the Prestonsburg church.

Dr. Nordenhaug speaks seven languages fluently and has a working knowledge of others. This facility, plus the slight foreign accent which he retains to this day, stands him in good stead as he visits church groups in practically every part of the world. While he was in Prestonsburg he was engaged in translating one or more books from the Norwegian to the English, or vice versa.

From the Roanoke Church he went to the pulpit of a Lynchburg, Virginia church, then to the Foreign Mission Board in Richmond, Virginia. In 1948 he was named president of the International Baptist Theological Seminary, Zurich, Switzerland, a post which he held 12 years until his election in 1966 at the Rio de Janeiro meeting of the World Baptist Alliance as secretary.

His election to the world post came without his seeking it. "He was recognized by all Baptist groups as the one man who could best represent Baptists all over the world," said a friend following his selection.

Bentley is a 1958 graduate of Garrett high school. His father, W. L. Bentley, lives at Ashdown, Arkansas.

**CONTROL BROADLEAF WEEDS**  
The fall is one of the best times to control many broadleaf weeds such as plantain, dandelion, dock, ground ivy and mustards in the established lawns. An application of 2-4-D or a combination of 2-4-D and 2-4-5-T applied in October or early November has given good control of many of these weeds. Silvex, a new herbicide is also effective on these weeds. Since these materials have very little effect on germinating seeds, they should be applied as a foliage treatment on the leaves of the plants. Be sure to follow directions on the label for the rate of chemical to use.

By treating with 2-4-D and related materials at this time of year instead of in the summer, there is less danger of injury to ornamental plants. This treatment is for established lawns only and not for new seedings.

**4-H BEEF SHOW**  
Three Floyd county 4-H club members entered baby beef calf in the Northeast Kentucky 4-H beef show held at Catlettsburg, October 18.

Tyrone Martin entered a shorthorn calf weighing 905 pounds. This calf was judged third in the heavy weight class and sold for thirty-five dollars per hundred. John Robert Baldrige entered an Angus calf weighing 755 pounds and this calf also received a blue ribbon and was fifth in the heavy class. This calf sold for thirty-three dollars per hundred.

Roger Merritt's Angus calf weighed 885 pounds and received a red ribbon, sold for twenty-eight dollars and fifty cents per hundred. Roger Merritt won the senior showmanship and was awarded a 4-H jacket as his award.

A Pictorial Review of East Kentucky  
(No. 213 in a Series)

**TYPICAL ARCHITECTURE OF EAST KENTUCKY**

Typical of home construction in the mountains of Eastern Kentucky at the turn of the century was that of the Floyd E. Williamson home at Turkey Creek, Pike county. It was a landmark of the area but burned a few years ago.

Features of the period architecture were the porch and portico, the locally-dressed yellow poplar weatherboarding and the hand-made window shutters. A long hallway was entered from the front door and a stairway led to the upper story from it. These old homes were imposing residences for the time.

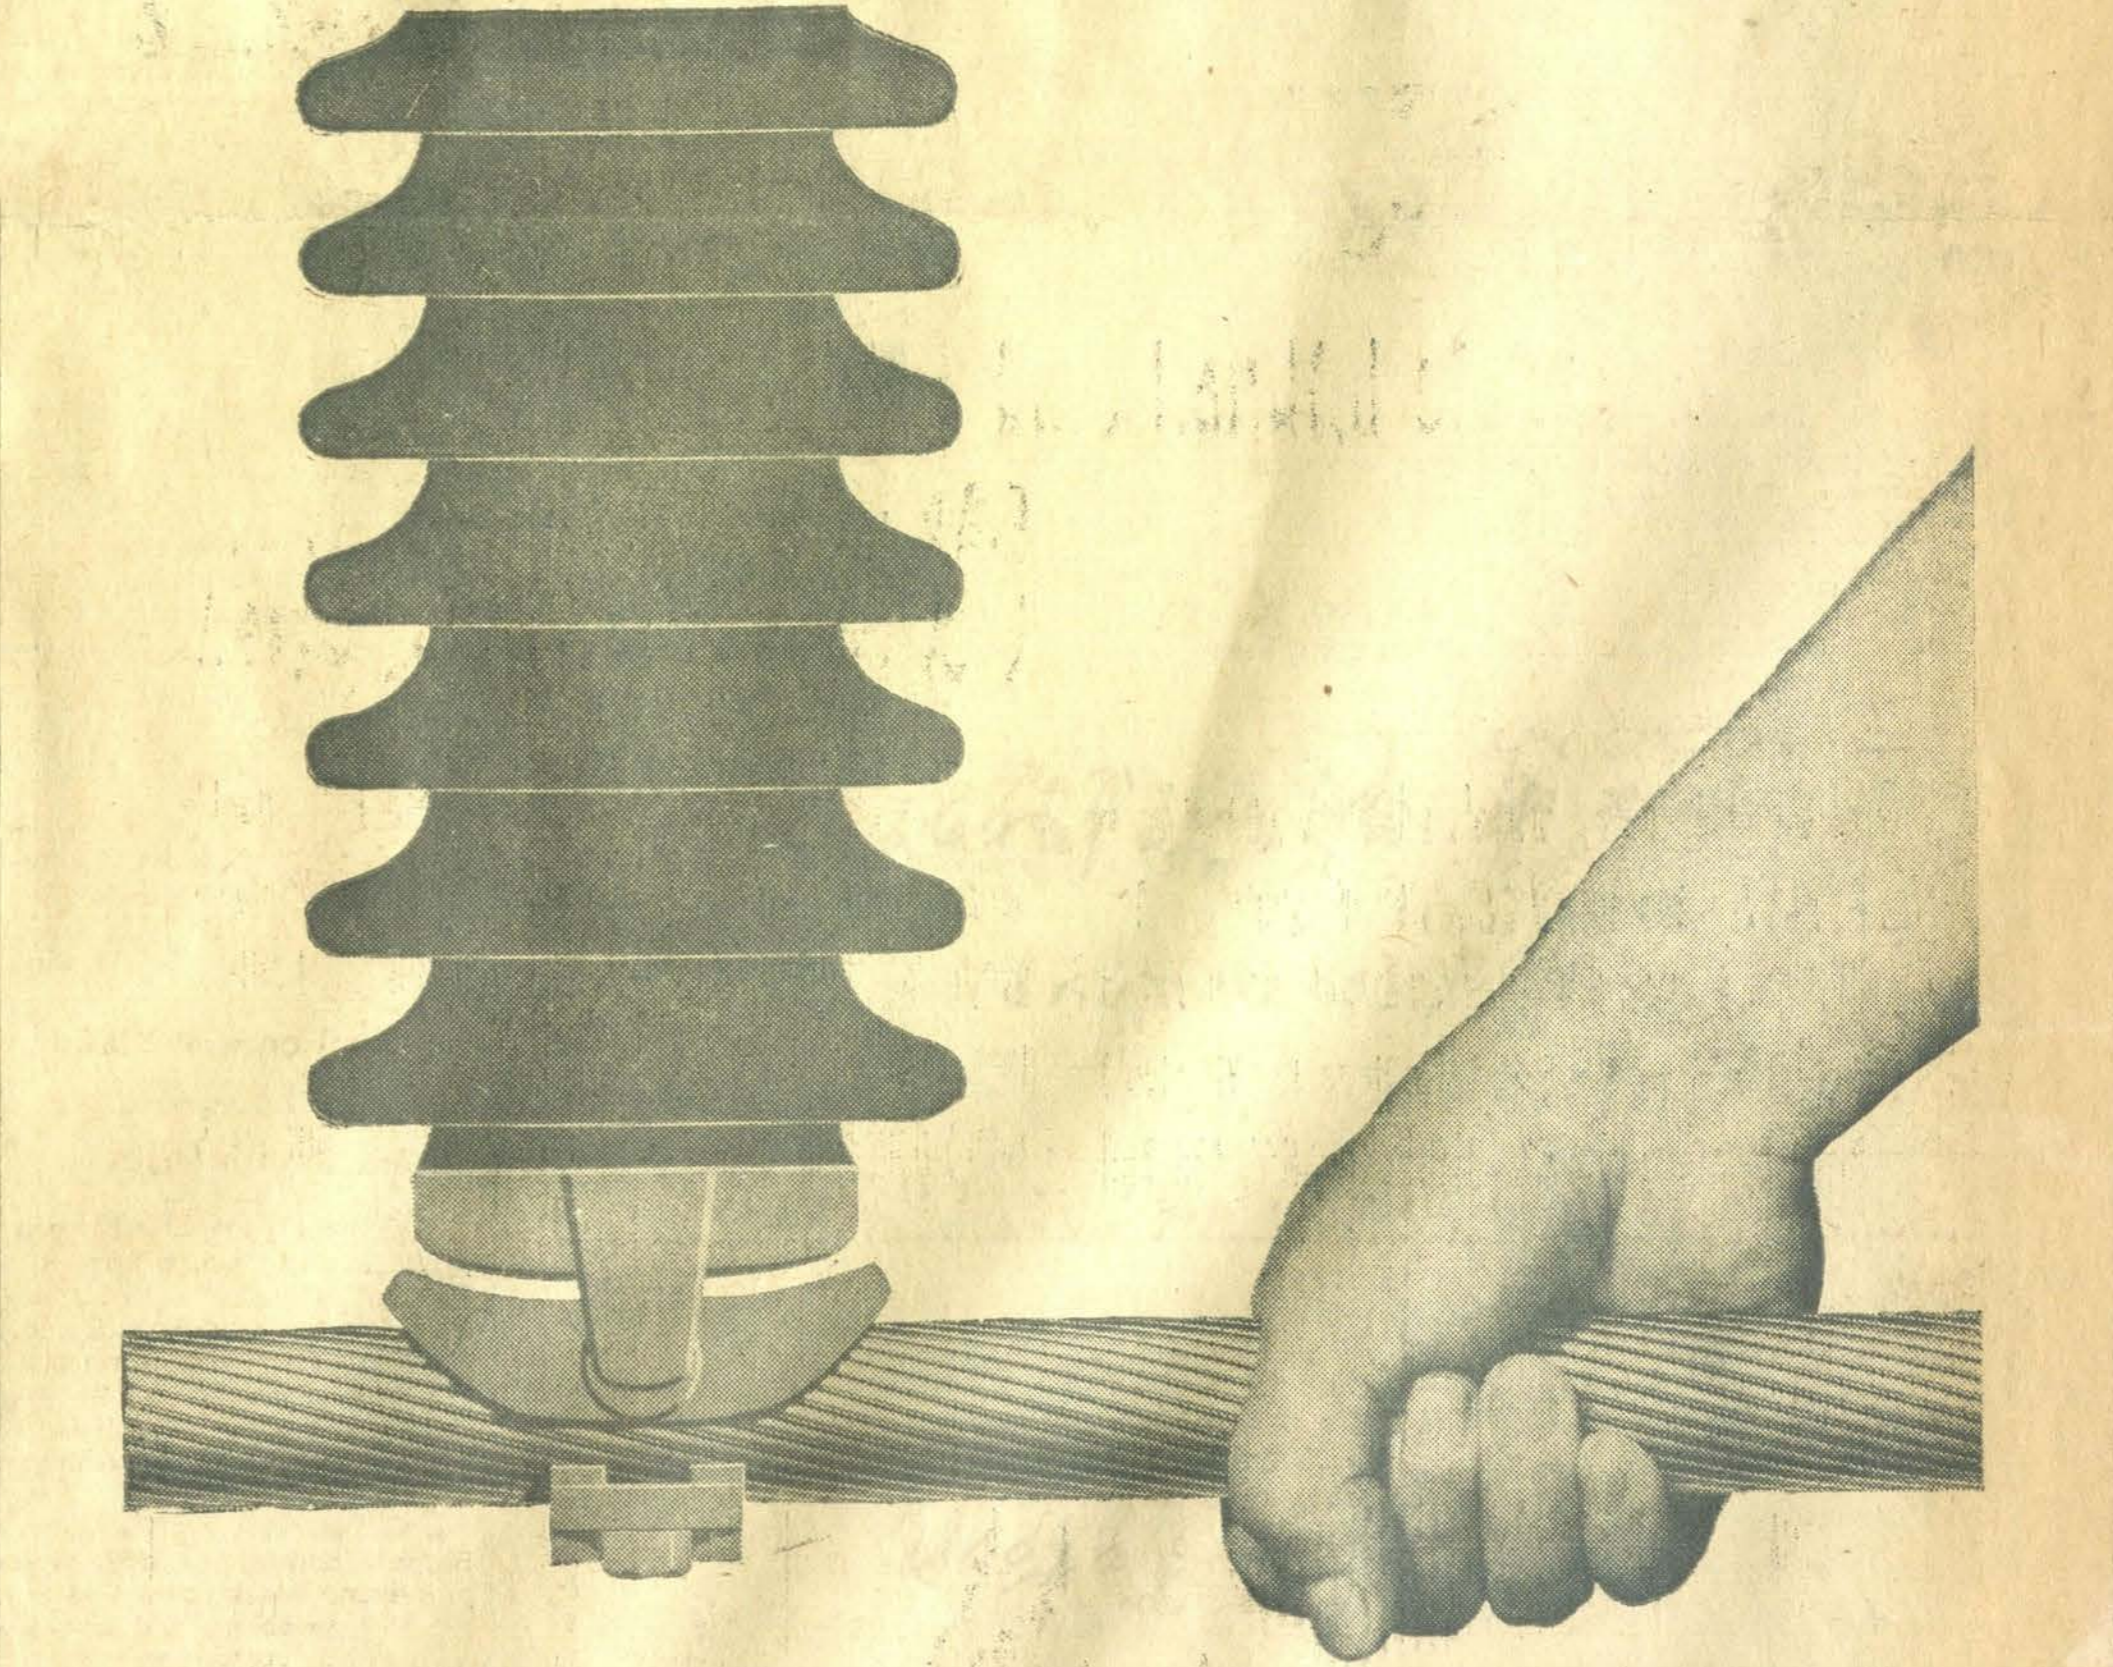

Shown here, left to right, is the owner, "Fat" Hi Williamson, and two visitors, Kenas F. Leslie and Ben Runyon, both of the Johns Creek section. The picture was taken in 1912.

The First National Bank presents these pictures of the regional past in recognition of our historic heritage.

**Working, relaxed, with a bare handful of 138,000 volts**

.....another new way AEP keeps your electric costs low

Linemen's tenseness while working on "live" high-voltage electric lines is practically eliminated by a new maintenance method...barehanded. The men work relaxed, high above the ground from specially designed insulated equipment. Barehanded high-line repair work is done much faster, more safely, while the electric power continues to flow.

Doing things in new ways to improve service and efficiency is one big reason why the average unit price of electricity, for customers of Kentucky Power Company, has not gone up during twenty years of inflation.

Your service is better, your rates are lower because Kentucky Power Company is a part of the American Electric Power System. Supplying more electricity than any other investor-owned utility, AEP aids the economic growth of 2,350 communities in seven states. Through integrated operations, progressive engineering, research, and coordinated management, the six member companies of AEP bring you low-cost power with greatest dependability.

**KENTUCKY 'FIRSTS' LISTED**

"To know Kentucky is to know that it has many things to make us proud of and many things to make us ashamed," remarked Mrs. Milton Trusty, Jr., in her program last Monday evening at the clubhouse of the Lackey-Garrett-Wayland Woman's Club in Wayland.

Listing some of Kentucky's firsts, Mrs. Trusty pointed out that it was the first state to draft its own constitution and the first to incorporate the Bill of Rights into its constitution. Kentucky was the first national park, so used by the Indians. The first ovariotomy in the world was performed at Danville in 1809. The first cataract eye removed from a human eye was done in Lexington in 1836. The first fulltime health department in the U. S. was established in Jefferson county in 1908. The first Boy Scout troop in America was formed at Burnside. A native of Carrollton founded the Order of the Eastern Star. A school teacher at Henderson, Kentucky originated Mother's Day in 1887, which was made a national day in 1916.

Some of the interesting statistics on Kentucky included by Mrs. Trusty were that the state has 20 state and three national parks. It has 28 senior colleges and 11 junior colleges, with an approximate enrollment of 46,000 students. In 1954 there were 27,600 one-room schools in the state and in 1961 less than 1,000. In 1954 50 per cent of Kentucky teachers had no degree and in 1961 80 per cent had degrees. The largest railroad freight switchyard in the world is operated by the Chesapeake and Ohio Railroad at Russell. Kentucky has more than 2,000 caves, more than any other state. Since 104 men born in Kentucky have been governors of other states, Kentucky has produced more governors than any state in the union.

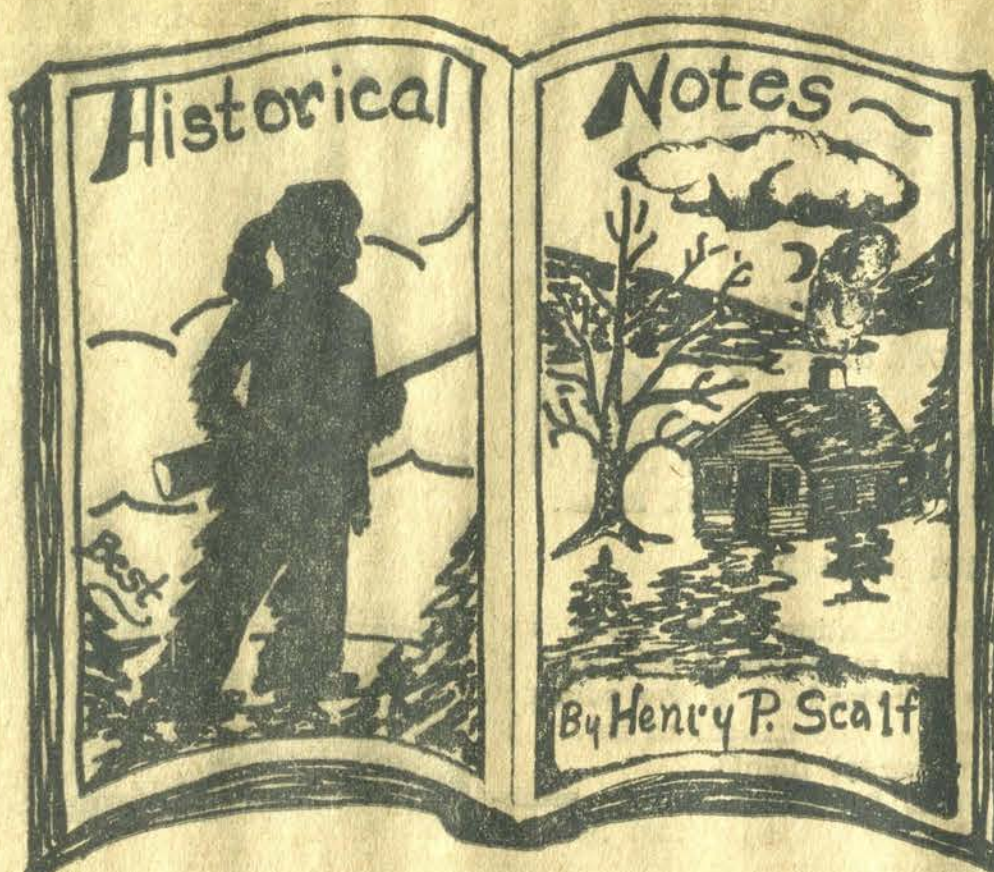

In pointing out the unpleasant facts about Kentucky, Mrs. Trusty mentioned that the number of mentally retarded in the state and the percentage of failures among Kentucky boys taking mental tests for the armed services is shocking. She also stated that 620 persons have been needlessly killed on Kentucky's highways so far this year.

In conclusion the speaker stressed, "We should know Kentucky, in order to help Kentucky."

Prior to the program, Mrs. Richard Vinson conducted a brief devotional period, followed by a business session. Immediately following the program, the hostesses, Mr. Rudolph Spencer, Mrs. Felix Coburn and Mrs. Gene Mullins, served a dessert course to 25 members and one visitor, Mrs. Sam Martin.

Those attending the Seventh district convention at Pikeville, Oct. 16, and taking part in the club skit from the Lackey-Garrett-Wayland club were: Mrs. J. C. Wells, Mrs. George E. Evans, Jr., Mrs. Ellen Hornsby, Mrs. Richard Vinson, Mrs. Noah Howard, Mrs. S. M. Martin, and Mrs. Otto Martin.

**ECONOMIC ACTIVITY AHEAD**  
Lexington, Ky.—Economy for the remainder of 1962 appears "sluggish" but there is a possibility of some improvement.

**GORMAN, JUSTICE, TIPTON, LUSK**

A letter from Mrs. Sorena J. Busch, 165 Howard Avenue, Vallejo, California, supplies information on many Eastern Kentucky families, particularly in the Floyd and Carter county areas.

She writes: "I thought that a few family group sheets could give you a much better picture of the families I am working on and the charts will show how these families are linked together."

"In the case of the Brammer family, my mother has the family Bible from which we obtained the birthdates which have been checked by Census records. (A resume of what Mrs. Busch wrote on this family will appear in a future column.)"

"I received a letter from J. E. Akers, Dwaile, Kentucky, who is a grandson of Elijah Hall. He offers to help me with that family. My mother has worked off and on for 30 years trying to find out a little more about the family but she didn't know where to go next. I am truly happy to find a cousin who really wants to help me."

The Justice family data submitted by Mrs. Busch follows:

Alison or Aulse Justice was born about 1813 in Tennessee. Died and is buried in Pleasant Valley cemetery, just outside Olive Hill, Carter county, Kentucky. He married first to a Mullins, about 1835. They were married in Kentucky.

Children of this union were Solomon, born about 1836; Hannah, born about 1838, married first Riley Hall, second Alfred Bays; Mary, born about 1840; Jonathan, born about 1842; Valentine, born about 1844. Children of Riley Hall and Hannah Justice Hall were Henry Hall, Reuben Hall and Tom Hall.

Alison married second to Leannah Tackett, about 1848. She was born about 1828, died about 1862. Children of this union were Jacquin, born about 1849; Harvey, born about 1851; Malinda, born about 1853, married Jesse Brown; Julia A., born about 1857, married John Henry Jones; James, born November 10, 1858, married Mary Aminda Tipton. Alison is also supposed to have married Leannah's sister Nancy and had two daughters by that marriage.

Alison Justice had a younger brother, Jackson Justice, who lived in Floyd county, and who married Dorcas Patton. He died in Andersonville Prison during the Civil War.

Mrs. Busch, in continuing information on the Justice family, writes:

"Roy Justice, who lives at Olive Hill, has written my mother that Alison's wife was named Victoria. Roy is a grandson of James Justice through his son Edward but none of the cousins who are living in Oregon can remember a Victoria."

"Most of the information on Alison Justice is family remembering and the 1850 and 1860 Floyd County Census. This is one family we are particularly interested in finding more information on. According to what I can learn this family moved from Floyd to Carter county somewhere around 1875."

The Tipton family sheet begins with John Canada Tipton, born in North Carolina about 1814. He was a son of Wiley Tipton and Anna McKinney Tipton. Information on the early origins of this family were taken from THE TIPTON FAMILY, by W. Hord Tipton, Mrs. Nannie B. Hall's files, Verona, Oregon, the 1850 Census of Yancey county, North Carolina, and the 1860 Census of Floyd county, Kentucky.

John Canada Tipton was married twice, his first wife being Mary or Polly Honeycutt, born about 1822 in North Carolina. She was a daughter of Nathan Honeycutt and Cincy Blewins Honeycutt. He married second to Mary Culbertson, Scott county, Virginia.

Issue of John Canada Tipton and his first wife were Ruben Tipton, born June 13, 1839, in Yancey county, North Carolina. He married Dorcas Hall, October 16, 1860, and died January 12, 1821. Hannah Tipton, born about 1842, Yancey county, married first George Robinette, second to Peyton Justice, James Madison Tipton, born about 1844, Yancy county, David Alexander Tipton, born March 8, 1847, Yancey county, married Louise Justice. Rebecca Tipton, born about 1846, Yancey county, Myra Tipton, born about 1851, in North Carolina, married William Hall. Mary Mallis-sie Tipton, born about 1853, North Carolina, married William Akers. Caroline G. Tipton, born about 1855, in Scott county, Virginia. Win-

field Scott Tipton, born about 1858, Scott county.

Issue of John Canada Tipton and his second wife, Mary Culbertson Tipton, were William Tipton, born December 23, 1864; Robert Tipton, born December 31, 1866; Thomas Jefferson Tipton; Hugh Tipton; Albert Walker Tipton; Mary Ellen Tipton. Mrs. Busch notes that all of these last sons and daughters were probably born in Floyd county.

Samuel Lusk, born about 1774, in Virginia, died between 1840 and 1850. He married Sarah Bailey, January 5, 1804, in Tazewell county, Virginia. His wife was born about 1778 in Virginia.

Issue of this union were Martha Lusk, born February 14, 1816, in Virginia. She married Robert Gorman, March 14, 1831, in Greenup county, Kentucky. Susan Lusk, born in Virginia, Russell Lusk, born about 1825, in Virginia. William Lusk, born about 1826, Virginia. Samuel Lusk, born about 1830. Emily Lusk, born about 1831, in Kentucky, married a Hall. There were probably other children.

Robert Gorman, born about 1801, in Virginia, died September, 1836, in Greenup county, Kentucky, was a son of Robert O'Gorman, Martha Lusk, who married Robert Gorman, was born February 14, 1816, in Virginia. She died February 15, 1869, Pearl, Pike county, Illinois, and is buried in Green Pond cemetery there. After the death of Robert Gorman she married second to Gordon Adkins, July 25, 1837.

Issue of Robert Gorman and Martha Lusk Gorman were David Gorman, born December 23, 1831, Greenup county, married Mary McCoy, August 15, 1865; Samuel Gorman, born 1833, Greenup county; Rilda Gorman, born 1835, Greenup county, married first to a Kellogg, second to a Wishon, died April, 1910; Robert Gorman, born December 26, 1836, Greenup county, married January 25, 1860, Mary Jane Terry, died November 11, 1905.

The information supplied by Mrs. Busch will be concluded in another issue.

Even though apples are cheaper by the bushel, does it really pay to buy them that way? Only if you can use them quickly or if you have adequate storage space with proper temperature, answers Mrs. Letta Jasper, UK Extension specialist in consumer marketing. A bushel of hard, mature apples will keep for a month at 55 to 60 degrees; the lower the temperature—down to 32 degrees—the longer they will keep. Unless you have cool storage space for apples or unless you can use them fairly soon, you may be better off to buy small quantities rather than a bushel of apples.

**AN OPEN LETTER to our FRIENDS and NEIGHBORS**

\*\*\*\*\*

**FELLOW KENTUCKIANS:**

We are at the crossroads. For too long we have lacked a strong, fighting representative in the United States Senate. For too long we have had a man who has talked one way, voted another.

Look at the record of the Republican senator. Look at his vote on aid to the needy, the blind. Look at his aid on a program of public works. Look at his record on taxes, a vote for the wealthy, a vote for bigness.

Contrast all that with the record of Lt. Gov. Wilson Wyatt. Look at the new roads, the new parks, the new plants. Look at the industrial and farm research centers. Know then that Wilson Wyatt took the lead in all the programs of progress.

Make up your minds to go to the polls on November 6 and send to the United States Senate a man with a record of accomplishment, a man devoted to us, his friends and neighbors!

**WILSON WYATT ALL DEMOCRATS**

FLOYD COUNTY

DEMOCRATIC WOMENS' CLUB

**TO THE PEOPLE OF FLOYD COUNTY**

Wilson Wyatt, who says he is responsible for bringing all the new industrial plants in Kentucky in the past three years, showed how uninterested he is in industrial growth in Kentucky by having an 18 page tabloid newspaper printed in Cleveland, Ohio, and mailed in Cleveland, Ohio, to all the postal patrons on Local, Rural Route and Star Routes in the state of Kentucky. This issue, which was received in this county this past week, represents an investment of between 50,000 and 100,000 dollars which Mr. Wyatt did not see fit to spend in the state of Kentucky.

It is hard to understand why the man who claims he alone has the welfare of the people of Kentucky at heart would not have first turned to printing plants located in Kentucky or better still to printing plants located in one or more of the depressed areas of the state.

Mr. Wyatt also had his brochure mailed from Cleveland which took business away from Kentucky Post Offices. If instead, he had mailed it through various post offices in the state, he could have helped those communities add additional postal employees or added additional work hours for those persons already working for the post office. No one knows how many post offices could have been elevated from third class to second class or second class to first class by having handled this added volume.

From this literature it is obvious that Mr. Wyatt either does not care about Kentucky industry and workers or else he can not see far enough ahead to see the effects of his actions. Neither of these possibilities seem to me to be a good quality in someone running as a candidate for Senator from Kentucky.

GLENN SPRADLIN

(Pol. adv.)

**THE DANGER OF A.D.A. AND WILSON W. WYATT**

**What is A. D. A.?**

A. D. A.—so-called Americans for Democratic Action—is a national left-wing organization, not connected with either the Democratic or Republican party. Though not admittedly a secret organization, no membership list can be obtained from its national headquarters in Washington.

Wilson W. Wyatt, a candidate for U. S. Senator, is one of the principal founders of A. D. A. He broke away from the Democratic Party in 1947 in order to help organize A. D. A. and become its first chairman.

**Why A. D. A. Threatens our Way of Life**

Being neither Democratic or Republican, A. D. A. comes near to being socialistic in its ideas. If A. D. A. could swing enough power, there is no doubt that our country would be headed straight in the direction of socialism. A. D. A. also favors soft policies and soft acts toward powerful Soviet Russia and Red China.

Here are some examples of A. D. A. thinking:

A. D. A. FAVORS WAGE CONTROL—the right to tell every working man how much he can earn.

A. D. A. FAVORS PRICE CONTROL—the right to tell every businessman how much he can charge for the products he makes.

A. D. A. FAVORS ABOLITION OF THE LOYALTY OATH.

A. D. A. FAVORS RECOGNITION BY THE UNITED STATES AND THE UNITED NATIONS OF RED CHINA—the same position taken by Soviet Russia.

A. D. A. FAVORS LOANS AND GRANTS BY THE U. S. TO COMMUNIST COUNTRIES.

**What's At Stake in the November 6 Election?**

Wilson Wyatt, founder of A. D. A. is campaigning for election against Senator Thurston B. Morton. Mr. Wyatt's connection with A. D. A. is the SINGLE MOST IMPORTANT ISSUE IN THE ELECTION.

If you want to continue our American Way of Life and keep America safe and strong, speak your mind on this issue at the general election on November 6.

**COMPLETE AGREEMENT**

We, the undersigned members of the Floyd County Board of Education, are in complete agreement on the following statement:

Our school system has made great progress during the last two years under the leadership of Superintendent Charles Clark, and we have great hope for the future. In order to carry the program forward for all our children, we hereby endorse the candidacy of Bill Wells in Educational District No. 1, and Dr. J. H. Allen in Educational District No. 2. Let us go forward to make Floyd county schools the best in Eastern Kentucky.

**DEPARTMENT OF COMMERCE TELLS PUBLIC WORKS AID**

Frankfort, Ky., Oct. 22 (Spl.) — The Kentucky Department of Commerce has alerted 88 groups of officials meeting in 63 Kentucky cities about opportunities for constructing new public facilities under the recently-enacted \$400 million Federal Emergency Public Works Accelerated Program for Depressed Areas.

It has been estimated that eligible Kentucky areas can obtain up to \$40 million in 50 per cent grants in connection with construction of public works projects, said Commerce Commissioner James H. Nutter, Jr.

He added that "although any type of public facility — except schools — are eligible for consideration under the new public works acceleration program the recent meetings underlined the paramount need for new or enlarged water systems, sewer systems and sewage disposal plants in Kentucky communities."

Nutter emphasized that "these types of community improvements are on the 'must list' of industrial firms seeking new locations for manufacturing plants or considering expansion of existing plants."

The meetings were held in early October largely as the result of letters sent to every mayor and county judge in eligible areas, said Walter Shouse, director of the Planning and Zoning Division, an arm of the Kentucky Department of Commerce.

The local-level meetings were held by members of the planning and zoning staff in cooperation with

**Hendrickson To Appear On Ballot, Court Rules**

The Kentucky Court of Appeals explained recently why it had ruled in favor of Rex Hendrickson, of Morehead, independent candidate for Congress in this district, who had been involved in an argument with Secretary of State Henry Carter over the question of getting his name on the ballot.

The court ruled that the office sought by Hendrickson was fairly and accurately deductible from the language of his petitions. Chief Justice Brady Stewart said that "when Hendrickson was nominated as a candidate for the 'Office of United States Congress' everyone knew it meant U. S. representative."

Carter had contended that there was no such thing as "Office of U. S. Congress," but the Court of Appeals said "we are unable to agree with such an argument."

**KENTUCKY NEEDS WILSON WYATT IN THE U.S. SENATE—**

—a Democratic Senator to help a Democratic President and Democratic Administration bring you:

- 1 Really good medical-hospital care for your parents and for you, in your old age—under Social Security, and without the pauper's oath—with your own choice of doctors—costing you only 25c per week.
- 2 Federal aid for education, to help pay for better teaching, better schools, better education—with local control of how the Federal dollars are spent.
- 3 Fair prices for farm products—continuation and extension of the Democratic tobacco program—expansion of rural electrification—opposition to the Benson policy of liquidating 2,000 family farmers.
- 4 Tax reforms that will help American industry meet foreign competition, and reduce prices to American consumers—while preventing tax evaders from deducting yachts, hunting lodges, pleasure trips to Europe, etc. as "business expense."
- 5 Let the U.S. Government ACT for a square deal for everybody, instead of a lopsided deal that benefits only the rich, the privileged, the powerful.
- 6 Help Kentucky get its fair share of the money and jobs that the Nation has set up for its 48 BILLION-dollar Defense program—almost none of which is now spent in Kentucky, thanks largely to our do-nothing Senator Morton.

Your single vote could make all the difference

**Nation's Communications Being Shaped by Telstar**

"The future of our country's communications is now being shaped by the knowledge now being gained by the Telstar satellite," Guy Hisle, local manager of Southern Bell Telephone Company, told the Prestonsburg Kiwanis Club at its regular Thursday evening dinner meeting, October 18.

Telstar, the telephone company's space satellite, has been in orbit since July 10. "It has already met our most optimistic expectations in successfully relaying telephone, telegraph and television messages across the Atlantic," Hisle said.

On a half-size scale model, the Southern Bell manager pointed out the complicated make-up and different functions of the satellite. He said the immediate future assignment of Telstar is to continue to collect scientific data.

"Although this phase of the experiment is of lesser interest to the general public than the first few days of live overseas television and related tests, it will be of equal worth in telling scientists meaningful things about space," Hisle added.

Harris Howard, club president, presided at the meeting, and the speaker was introduced by chairman of the program committee, Clyde George.

**THE ELK**  
The elk is the most important big game animal of North America and the largest deer with round antlers. A shade smaller than the moose, which has flattened antlers, the elk is far more handsome, with his sleek coat of light fawn color, and a lighter straw-colored patch on the rump. His head and neck are darker, being a rich shade of tawny brown or dark chestnut. His legs are rich mahogany brown, almost black.

This big game animal, once plentiful over our region and most of central and northern United States, has been honored with many streams and town named "Elk—" We have two creeks named Big and Little Elk in Martin county, a river, Elk, in West Virginia, and towns named Elkhart. We have a lodge called, "The Elks," and its members often wear the elk's big "tusks," or teeth, for watch charms.

The Elk is a powerful animal, strong, sleek, well built. He stands over five feet high at the shoulders and measures over nine feet long! A full-grown bull elk often weighs 800 to 1,000 pounds!

The Shawnee Indians had already given this noble animal the name of "wapiti" when the white men came. The elk was the choice big game animal of the Shawnee and other tribes, and they used his hides for many things, and his meat was highly prized as their food. The Indians had a saying: "Autumn is the Love Moon of the bull elk." That was when they loved to hunt him, and they would call him up by using elk whistles made of bamboo, or hollow boughs.

The cry of the bull elk is the wildest, most blood-curdling sound that ever rang through the forest solitudes. It begins as a sort of bugling sound and rises in pitch to a mighty roar that shakes the trees, and finally it reaches a peak with the shrill whistle of a locomotive. Then it dies away in a series of savage grunts. While he is giving his wild challenge, the bull elk will tear down small trees with his powerful antlers, and hook the bark off large ones. One bull elk usually collects a harem of about 50 cows and rules them as master. He challenges the other bulls to fight him for the possession of the herd. Often two bull elks engage in fight to the death. Sometimes they get their pronged antlers interlocked and cannot get free. Then both animals die of starvation!

The war-song of the bull elk has been set to music as follows: It ranges from middle C on the piano for the lowest note, and then up to C 2 octaves higher for the second note, and then on up to E another octave and two notes higher for the top note, where he gives the locomotive scream of defiance. So his war-song ranges through three octaves and four notes. The bugling, roaring, whistling challenge is something a man never forgets. Once it has assailed his ears, it echoes in his heart all the days of his life.

The elk is an eater of grass and herbs and can eat as much as four deer or two cows. He is perpetually hungry, and when he is starving in winter, he will invade farms, horn down the fences, kill the cattle if they do not flee, and then devour their feed. Cattle have a mortal terror of a big elk and will flee in panic at sight of one. The elk has two sets of bro twines, sharp as the tines of a fork. Naturalists call these the elk's "dog killers," and a dog glasts about 10 seconds when he attacks an elk. The elk can also tear a big bear into shreds with his sharp antlers, and he is a fearless warrior.

The elk is a ruminant, a cud-chewer, and an even-toed ungulate of the deer family, CERVIDAE. His huge antlers are built like two beams, or long boughs of a hornbeam tree, with six points or tines on each beam. A six-point stag is called "Royal Stag." The big antlers are over 10 inches in circumference near the base, and these are shed in the latter part of the winter. New ones begin to grow at once, and are fully developed by late summer. The antlers on a bull elk grow six feet long and have a spread of almost four feet.

While the elk were once wiped out in many regions by ruthless slaughter, they have made a comeback in several western states. The two largest elk preserves in the United States today are: the one at Jackson's Hole, Wyoming, and at Clear Water Range, Idaho. They

have multiplied there until hunting is permitted, and about 10,000 elk are killed in Wyoming every year, and about 16,000 in Idaho, Montana and Colorado are also great elk states, and hunters kill several thousands in these states during the open season. But the big game hunters are now deeply worried lest these vast herds of elk become driven out by the proposed construction of large government dams in Idaho and Wyoming, which they say will overflow and inundate tens of thousands of acres now used as a range by the elk, and without good range elk cannot survive.

Elks have radar ears like bats and are difficult to stalk. They also have sharp eyes and are wary. The meat of elk is said to taste like prime beef and is highly prized. The elk is a prized trophy of the hunter; his head and antlers are much sought and his skill and daring make him worthy of the best hunters skill.

Man is the greatest enemy of the elk, or has been in the past. Most animals like wolves, bears and cougars fear to attack a big elk. But they will devour the calves if given a chance. Another bad enemy of the elk is heavy winter snows, which form a crust, and when the elk goes through these deep crusted drifts, he is often trapped and cannot get free.

Parasites also weaken and destroy many elk, such as wood ticks, larvae of botflies and tapeworms.

The cow elk gives birth to her calf in May or June, and it weighs about 35 lbs. at birth. As soon as it is born, it can stand up, and then the mother elk licks it from the tip of its shiny black nose to the tip end of its tail and down to its baby feet. She does this to remove all animal scent, and to put her mark on it. Then she takes and hides it in the tall grass. A bear or a wolf can pass within four feet of the baby elk and not detect its presence, because it gives out no scent.

The baby elk has a spotted coat, which makes it blend with the ground and the weeds and grass. It is said the milk of a mother elk is four times stronger, and has four times as much food value, as ordinary cow's milk.

**WHY I'M FOR MORTON**

In 1942 I went to the Pacific Theatre of War, where I was to spend the next 31 months in Guadalcanal, New Guinea, Saipan and Iwo Jima. I experienced, as did other Floyd county boys the privations and hardships of war. I can never forget the associations I had, the acquaintances I made or the faces I saw during those terrible years. And one of them was none other than the Hon. Thurston Morton. On one occasion when our food was gone and our ammo exhausted, Morton came to our rescue with a Mine Sweeper.

His opponent says he was born with a silver spoon in his mouth. But I tell you when the call to duty came he answered, and for 51 months he gave a good account of himself. I assume he could have landed a soft job in Washington as his opponent did, and dodged the draft. But he didn't.

With the clouds of war hanging so threateningly over our country today I appeal to all VETERANS, to all FATHERS, and to all MOTHERS to vote for this man Morton. He sought no special favors, he was willing to make the supreme sacrifice when our country was at the Crossroads a generation ago.

Lest we forget—Vote the Man—Vote Morton.

**EDUCATION LEADERS ENDORSE CLARK PROGRAM**

We, the undersigned school principals and administrators, are in complete agreement on the following statement:

- (a) We feel that the Floyd County School System has had more than enough fussing and fighting, so we say, let's go forward in harmony to make ours the best school system in Eastern Kentucky.
- (b) A great deal of progress has been made in the last two years, although Superintendent Clark has had to work hard to even hold the school system together.

**PROGRESS MADE RECENTLY:**

1. The highest teacher salaries paid in history, and paid on time.
2. Eight new contract runs to transport children who have heretofore had to walk great distances, as well as adding five additional school buses to our fleet.
3. The rural school lunch program which will start again next month, and which insures for each child a good lunch whether he has the money to pay for it or not.
4. A good start has been made on an ambitious building program. Additional class rooms have been constructed at Betsy Layne, Martin, McDowell and Prestonsburg. Let's go forward to finish the new building program as outlined by the State Department of Education: Mud Creek Elementary, Middle Creek Elementary, Vocational School at Garth, Wheelwright Elementary, and others as money is available.
5. Floyd county was selected as a pilot county for an adult education program. The board of education accepted the program on the recommendation of Superintendent Clark.
6. Two traveling teachers employed to instruct physically handicapped children in their homes.
7. The Board of Education and Superintendent Clark have worked very closely with the various colleges to encourage extension classes for our high school graduates and teachers.

Superintendent Clark has kept his eyes open to every opportunity to improve the Floyd County School System, and we believe he is determined to continue to do so, no matter what the odds. We know that Clark is a sober, dedicated and honest school man who deserves a chance to finish the next two years of his contract with a board willing to cooperate. It makes sense to us to elect board members who are willing to work together for the sake of our children, and for that reason, we, having looked over the board candidates, urge all Floyd countians to support and vote for Bill Wells, District No. 1, and for Dr. J. H. Allen, District No. 2. We are sure they are willing to support all the progress which has been made and that they feel, as we do, when we say, we need less "fussing and more schooling."

## BARKLEY LAKE ENVISIONED AS BOON TO WEST SECTION

Completion of Barkley Dam on the lower Cumberland River in 1964 or 1965 will give Western Kentucky the greatest combination of man-made lakes in the world, making the Kentucky Lake-Barkley Lake area one of the greatest tourist attractions in the United States. The 7,985 foot long dam will create 118-mile long Barkley Lake, running almost parallel with Kentucky Lake through Kentucky and Tennessee. The gigantic Corps of Engineers project lies only four miles east of Kentucky Dam and at one point the lakes will be only two miles apart. A deep canal will connect the two mammoth impoundments. The canal will decrease shipping

distance between the Cumberland and Tennessee Rivers by 67 miles and will allow one lake to borrow water from the other when the pool is low. The great decrease in shipping time between the two busy rivers is certain to attract new industry to the rapidly developing industrial complexes surrounding the "twin lakes" area.

Barkley Lake will rank as the tenth largest man-made lake, giving Kentucky three of the world's eleven largest man-made impoundments. Kentucky Lake (184 miles long) and Lake Cumberland (101 miles long) rank fifth and eleventh respectively.

Barkley will undoubtedly rival her sister lake in luring thousands of vacationers to her scenic shores. Kentucky Lake has long been one of the most popular water playgrounds in the southeastern United States. The two lakes lying side by side will offer unequalled opportunities for private and state resort development.

In an area famous for excellent fishing, Barkley will more than hold her own. Since water in the new lake will be several degrees cooler than Kentucky Lake, the area is assured of two spring spawning runs of crappie. Kentucky Lake is nationally famed for her April and May run of crappie, and offers excellent angling for black bass, sauger, white bass and monster catfish in the Tennessee River below the dam.

There has been a great deal of public sentiment, both in Kentucky and Tennessee, toward developing the "land between the rivers" (the Tennessee and the Cumberland) into a national recreation area, thereby preserving the abundant wildlife and natural resources for future generations. Secretary of the Interior Stewart Udall and members of his staff visited the rugged and heavily forested area between the two lakes in the fall of 1961 and were visibly impressed with the potential of the area for a national recreation area. The prospects of such a splendid development look excellent.

### LIGHTS IN LAYING HOUSE

Lexington, Ky. — Electric lights during the short fall and winter days can increase laying flock profits, says C. E. Harris, UK Extension Service poultryman. Winter production may be increased by 10 per cent or more, Harris says, depending on layers' age, time in production, general management and inherited ability.

## Industrial Corporations Of Top 500 Manufacture Or Have Plans In State

Frankfort, Ky., Oct. 22 (Spl.) — One hundred of the biggest U. S. industrial corporations listed in Fortune Magazine's "Top 500" for 1961 have manufacturing facilities in operation or under construction in Kentucky. Corporate ranking in the list is based on total sales.

Lt. Gov. Wilson Wyatt, chairman of the Kentucky Economic Development Commission, said, "This is seven more than Kentucky could claim in the Fortune list for 1960 and reflects the Blue Grass state's growing importance as an industrial entity."

Drawing on a survey conducted by the state's Industrial Promotion Division, Wyatt added, "Thirty-three of the top 100 U. S. industrial giants in the magazine's tabulation are represented in Kentucky as are three of the top 10." He said the three and their Fortune rankings are Ford Motor, third; General Electric, fourth, and Swift, tenth. DuPont, also in Kentucky, was 11th. The Lieutenant Governor pointed out that many of the 100 top firms with Kentucky divisions or subsidiaries do not bear the same names as their in-Kentucky units. "For example, Philadelphia and Reading Corporation is the parent of Union Underwear Company which has factories in Frankfort, Campbellsville and Bowling Green."

Wyatt observed, "These top firms in Kentucky are growth industries; the promotion unit's survey shows that since the beginning of 1960, more than forty expanded their in-state plants and that 11 new plants have been built or are being built at the present time."

Among newcomers to Kentucky on the magazine list are Crane Company and the Trane Company, "with each now constructing new multi-million-dollar plants, Crane at Somerset and Trane at Lexington," Wyatt said.

### CLEANING OF CORN CRIBS

Lexington, Ky. — A thorough cleaning-out of corncribs before the new crop is stored will be needed to protect against insect pests in the stored grain. After the cleaning-out, says R. L. Miller, UK Extension Service entomologist, a spraying with Malathion is necessary. Use one pint of the emulsifiable concentrate premium grade to three gallons of water. Cover walls and floor inside, plus the outside walls and underneath the floor. Apply spray until the mixture runs off the surfaces.

### WHITE GRUB CONTROL

Lexington, Ky. — Some homeowners may want to treat their lawns now against one type of white grub, says R. L. Miller, UK Extension Service entomologist. But, he cautions: Treatment now might not be effective. One of the grubs, the annual one (Cyclocephala), may be feeding at root zones and be killed by the insecticide; but when cool weather comes, this grub probably will retreat into the ground where the insecticide may not get it.

### BOYD IS AIRLIFTED

Fort Benning, Ga. — Army Sergeant First Class Jess W. Boyd, son of Burl Boyd, of Hueysville, Kentucky, is a member of the 1st Battle Group, 38th Infantry which was airlifted from Fort Benning, Ga., October 15 for a six-month tour of duty in Germany.

Sergeant Boyd entered the Army in 1949. He is a platoon sergeant in the group. Boyd is a graduate of Maytown high school, of Langley, Kentucky.

### PLANT BED SITES IN FALL

Lexington, Ky. — Insecticides can be added to plant bed sites anytime from now until 30 days before bed-seeding is done in February or March. Insecticides so used will control underground insects that plague plant beds, such as wireworms, cutworms and grubworms, says Ira Massie, UK Extension Service tobacco specialist.

## makes STATEMENT

Because there are some stories making the rounds that Bill Wells favors this person or that person as superintendent, or favors certain changes in the administrative setup in the Floyd County School System, I feel it necessary to make the following statement:

I shall, as a member of the board of education of Floyd county district No. 1, promote harmony and cooperation because it is only through this manner that our schools will move forward. I feel that Charles Clark has been a fine superintendent and that our school system has made great progress during his two years in office. If Mr. Clark has a cooperative, open-minded board in the future, I am certain that greater progress will result in better education for our school age population. In the interest of harmony and greater progress, may I also urge my friends, relatives and persons interested in better schools to support Dr. J. H. ALLEN in District No. 2.
