Perkins Is 'Father' of Anti-Poverty Drive

BY FRED W. LUIGART, JR.
 (Reprinted from The Courier-Journal)

Washington—If President Johnson's anti-poverty program clears Congress, the most pleased man on Capitol Hill will be Representative Carl D. Perkins.

The reason is simple enough: the President's bill consists mainly of programs Perkins has been pleading with his colleagues to enact since shortly after coming to Washington in 1949.

"Community action" for attacking acute poverty—a feature of the President's bill—is old hat to the Hindman, Kentucky, Democrat. He first urged this back in 1954 in a bill introduced into the House.

Perkins also is familiar with the youth programs the President requested, including the job corps and work studies for unemployed teenagers and needy students. He sponsored legislation in 1956 to provide financial aid for underprivileged high-school graduates that would have allowed them to continue their education. The job corps is merely an extension of the Youth Conservation Corps, which Perkins advocated in 1959.

A provision in the bill which would expand work opportunities for

unemployed parents is similar to legislation introduced by Perkins in the mid-1950's.

STARTED IN 1952

Perkins' own legislative "war on poverty" was first launched in 1952 in response to rapidly changing economic conditions in the agricultural areas and coal fields of his Seventh Congressional District.

Wage demands and automation of the coal mines, which occurred almost overnight and left thousands in Eastern Kentucky jobless and their children desperate for food and clothing, spurred Perkins to urge the revival of the old Works Project Administration and other federal programs for alleviating unemployment.

Since then, Perkins has been storming the halls of Congress with legislative proposals for solving the problems of the poor.

Whether in his office here or on a trip through his district, Perkins is never far away from the acute hardships imposed by unemployment and low income.

SHOWS IN FACES

As he rides through his district, it shows up in the somber faces of

undernourished children and impoverished adults, in rundown housing, and on hillside farms where aging farmers measure their annual incomes, not in terms of the administration's \$3,000 yardstick for measuring poverty, but in annual incomes of less than \$1,000.

In Washington, the pleadings of the poor arrive daily in the mail Perkins receives from throughout most of his district.

"Mr. Perkins, I have to have help," an unemployed miner wrote recently. "I'm not able to work, haven't worked since 1957. I have four small children and they have to have something to eat."

Another wrote: "I am an unemployed widow and I have a daughter 17 years old. We draw \$76.80 Social Security (a month) but as we are both sick a lot that is not enough to live on and pay the doctor bills. My daughter has to have an operation and I don't have the money to pay for it."

Letters like these come to Perkins' office at a rate of about five a day. Many are scribbled on cheap tablet paper. During any session of Congress, Perkins will receive—and answer—hundreds.

Even the most casual reading of them can be a depressing experience.

They poignantly explain why Perkins takes more than a passing interest in poverty, and particularly in the President's anti-poverty program.

As the second-ranking Democrat on the House Labor and Education Committee that is holding hearings on the bill, Perkins is in a key political position to help guide the measure through Congress.

He was consulted on several occasions by the President's advisers on poverty while the program was being prepared for submission to the Congress.

While he could have insisted that he be named to sponsor the poverty bill, he deferred to Representative Phil M. Landrum, of Georgia, in a gesture intended to help the Administration win support for the program from among Southern Democrats.

Since the hearings began, Perkins has found only one flaw in the President's anti-poverty proposals.

He remedied this to his own satisfaction by introducing an amendment which specifies that funds provided in the bill can be used to construct public facilities in depressed areas, another of his ideas which predates the current war on poverty by several years.

MUTUAL BENEFIT LIFE INSURANCE CO.

NEWARK, NEW JERSEY

SHOULD LIFE INSURANCE BE SOLD OR
BOUGHT LIKE SOAP FLAKES?

Not if we can help it. Life insurance is the only property that will guarantee true security to your family, your business, your profession and yourself. There are two major considerations when purchasing life insurance.

1. The Company.
2. The Agent.

Our company, The Mutual Benefit Life Insurance Company, of Newark, New Jersey, is one of the oldest and largest in the industry. It is known as the policy holders company. All net earnings of our company belong to the policy holder.

Below is our annual report for 1963:

Assets — \$2,051,896,000.

TOTAL PAYMENTS \$160,431,000, consisting of \$101,123,000 to living policy holders including dividends of \$40,870,000 and \$59,308,000 to beneficiaries in death claims. Surplus policy holders \$89,061,490. Insurance in force \$7,179,783,000.

Mutual Benefit Life has two great beliefs that their agents must have.

1. That he is trained and knows what he is talking about.
2. That he must be prepared to give service—No detail is too small to warrant his special consideration.

We are prepared and anxious without obligations to discuss with you any problems you may have or any explanations you may desire in regard to:

1. FAMILY INSURANCE PLAN
2. BUSINESS INSURANCE PLAN
3. PROFESSIONAL INSURANCE PLAN
4. YOUR RETIREMENT PLAN

The Chamber Of Commerce Fills Another Need

Another of Prestonsburg's needs is being filled with the organization of a Chamber of Commerce. This community has moved ahead in a splendid way, these last four years. An alert, progressive city administration and business and civic leaders of the same calibre have taken every opportunity offered by state and federal governments for public improvements, and these improvements have been many.

Yet much remains to be done. Road, sewer and street work, college, courthouse and library construction—these soon will be completed. These have created what may be characterized as an artificial business boom. But now comes the time when private business must take over and through cooperative effort, sound planning and concerted action build on the foundations provided by all these new improvements—either that, or stand by and witness economic decline and the wasting of all these previous advances.

As Prestonsburg faces the realities of such a situation, there must be a community of thinking and effort. It is here that the Chamber of Commerce can be most effective. As businesses of all types, many of them competing with each other, work together the community will move ahead. The petty jealousies that have plagued and often embarrassed the community cannot exist if the Chamber exists, for one will destroy the other.

This practice of blood-letting on the part of business rivals may be the private affair of those involved as long as it affects only the principals, but when it affects others and the community in which they live and work it becomes the letting of innocent blood. The old adage to the effect that we hang together or hang separately is as meaningful now as when it was first written.

So it is that we see in the Prestonsburg Chamber of Commerce an organization which, bringing business interests together, holds out a great deal of hope for this community and Floyd county.

CLARK FAMILY

Charles F. Clark, Floyd county superintendent of schools, kindly contributes information on the Eastern Kentucky Clark family. Samuel Clark and Elizabeth, his wife, were natives of Scott county, Virginia, and migrated to the Big Sandy valley in 1818. They were the parents of seven sons and daughters: Alexander, John, Lorenzo Dow, Susanna, Morgan, Polly and Margaret.

(1) Alexander Clark. Little is known of him. We do not even know the name of his wife. Two of his children were Lucinda, married Joseph Ratliff; and Luanna, married Hardin Garrett. (2) John H. (Little John) Clark. Family genealogists are on more secure ground when it comes to John H. Clark. He married Polly Taylor, of Scott county, Virginia. She was evidently a sister to Nimrod Taylor, mentioned in the histories of Southwest Virginia counties.

Issue of the union of John H. and Polly Taylor Clark were (1) Dr. N. T. Clark, married, first, Sarah Elizabeth Osborne. The name of his second wife is unavailable. (2) Alexander Clark married Elizabeth Peery. Their children were John, James, Alexander, Beverly, Rosa, Polly. (3) Morgan Clark married Dr. Fairis Sizemore. They were parents of Dr. John Sizemore, married Emma Akers, and Minnie Sizemore, married Mike Blevins. (4) Tilda Clark married George Spears. (5) Phoebe married Bill George. (6) Rosa Clark married Mark George. (7) Sally Clark married John Moore. (8) Josie Clark married Richard (Dick) McGuire.

(3) Lorenzo Dow Clark. He was born 1807, married Patience Williams, born 1820. They were the parents of nine sons and daughters. (1) James Clark. (2) John Clark. (3) Samuel Clark, born 1833. (4) Surena Clark, born 1840, married Moses Sanford (Saint) Layne. (5) Robert Clark, born 1844. (6) Malinda Clark, born 1842, married Honaker. (7) Kenas G. Clark, born 1848, married Mary Frasure. (8) Morgan Clark, born 1836, married Sarah Jane Clark. Five children of Morgan and Sarah Jane were Amozetta, Ulysses, William S., Paris, and Buford B. (9) Lindsey Clark married Rebecca Mayo.

(4) Susanna Clark married Robert Meade. (5) Morgan Clark married Elizabeth Burchett. Issue of Morgan and Elizabeth Burchett Clark were (1) Samuel, married Susan Wells. One son of Samuel and Susan Wells Clark was James Blaine Clark, prominent Martin county attorney, who married Luita DeLong. A son of James Blaine and Luita Clark DeLong is Sheldon Clark, now county superintendent of Martin county schools. (2) Mintie Clark married William Nesbitt. (3) Levetha Clark married Martin P. Spradlin. (4) Martin Clark married Mintie Bevins. (6) Polly Clark. No information available.

LYNCH FAMILY

A letter from Mrs. Pricey M. Smith, 715 Franklin Ave., Belpre, Ohio, offers information on the Lynch family of our region. She offers additional information. "My mother's parents were William Lynch and Katherine Mead Lynch. Their children were Robert Lynch, Rhodes Lynch, Columbus Lynch, Sarah Ellen Lynch, Belle Lynch and Onelle Lynch. Sarah Ellen was my mother. She married A. L. Smith. Onelle married a Mullins. I met a son, Alex Mullins, in 1940. They lived in the Rockhouse section. I understand they all lived in that section.

"Robert Lynch moved to Wayne county, West Virginia, and died there. Some of his family are still living but I can't contact them. I am sending a picture of my Grandmother Lynch and her two brothers, Thomas Mead and John Mead. I hope some of the descendants will write me."

Persons having information on the Lynch or Mead families are requested to write Mrs. Smith. She will gladly exchange information.

LOGGING IN MOUNTAINS
R. B. Maynard, of Heenon, Pike county, Kentucky, sends the

second of his contributions on logging in our area. It follows: The D. E. Hewitt Lumber Company erected a band saw mill at the mouth of Wolf Creek, in Martin county, Kentucky, in 1914 and built a narrow gauge "dinky" railroad about 16 miles up the creek to the heads of Pigeon Creek and Meat House forks, near the Martin and Pike county border. This job was finally completed in 1924.

Its method of logging was to use five men to each cutting crew; a notcher, or foreman; two men who used a crosscut saw, known as sawyers; and two men, each with an axe and a cant-hook, known as bruters. The notcher cut a lead notch facing in the direction that he desired the tree to fall. After the sawyers fell it the notcher measured it off in lengths of from eight to eighteen feet and the sawyers cut it up; then the bruters scalped the run side of each log and rounded the tip end. If the ground was steep enough for it to "slip," started it one time, that is, far enough out of its own brush to where a later "foul bruting" crew could easily locate it.

This logging company employed five, five-man cutting crews and an additional crew of usually eight men, as a "foul bruting" crew. The "foul bruting" crew moved into a "swag" after the cutters got through, and "bruted" the logs to high ground, that is, to where a team could be hooked to them without any danger.

A man who lived in Pike county was employed as foreman of the "foul bruting" crew for about one year, near the end of the job. He hired Pike county men. They walked across a high mountain and worked ten-hour shifts for twenty cents an hour; then walked back across the mountain in the evening. In the winter season they left home before daylight and returned after dark.

In some places many logs had to be "bruted" down through a narrow swag. Some of the first logs would stop and the crew would arrange them as a chute for later ones to slip through. Great races were had out of many of the logs and the more lively of the crew would shout, "Timber runnin'" at the top of their voices.

Draft horses were used to "snake" the logs to where a log loader could reach them from the "dinky" track. The "dinky" tracks were built up every hollow that had much length. In many instances a team, which consisted of two horses, was taken high on the mountain and a trip of several logs was made up, by means of trail grabs; and if the ground was dangerously steep, some of the logs in a trip were turned with the bark side down to hold the rest back. But as before mentioned, a great portion of the logs had to be "foul bruted," as the ground was too steep to be hauled over by a team.

PIKE WOMAN FOUND DEAD

K. F. Williams Dies Of Gunshot Wound; Formerly Lived Here

An investigation of the slaying of Ruth Ratliff, 17, of Freeburn in Pike county has been suspended until a report can be made to the Pike county grand jury in June.

State-police Detective Perry Taylor said Sunday that the man she was last seen with May 9 died of a gunshot wound the next day at Kingsport, Tennessee.

A coroner's report said the man—King William Williams, 43, Feds Creek, and a former resident and construction worker of Prestonsburg—had killed himself.

The girl's body was found Saturday on an abandoned mine road near Feds Creek. State police said she had been shot twice in the back and once each in the arm and right side. The body was covered with a sleeping bag. She had been the object of a search for several days.

Taylor said Williams was seen with Miss Ratliff near the scene where the body was found a few hours before the time of death set by the coroner.

A Feds Creek resident saw Williams later with a pistol, Taylor said, and Williams told the man he was "in heree trouble again" and in danger of going back to prison.

Williams was in a Virginia prison from 1943 to 1959 on a murder charge, was paroled to Kentucky, and recently was released with a good record from supervision by the State Parole Board, Taylor said.

Williams, who signed his name K. F. Williams, left a string of bad checks in this area a few weeks ago. One, signed by a J. R. Anderson and drawn on the First National Bank of Sunbury, Pennsylvania, was for \$100 and was cashed by D. & D. Food Market. Another worthless check was cashed by a Lancer grocer, part of it being applied on a long-overdue grocery bill.

Emma Resident Dies At Ashland Hospital, A Victim of Cancer

Brady Edwards, 58, of Emma, died Thursday last week at an Ashland sanatorium of cancer. He had been ill for months.

Mr. Edwards was a son of the late Granville and Fanny Morehead Edwards. He was a member of the Baptist church.

Surviving is a daughter, Evelyn Edwards, Huntington, W. Va. One sister, Mrs. Thelma Collins, West Prestonsburg, survives.

Funeral services were held Sunday at 2 p.m. at the Benedict Chapel on Cow Creek, the Rev. Cohen Campbell officiating. Burial was made in the Darby cemetery under the direction of Floyd Funeral Home.

Grade School P.-T.A. Installs Officers

The Prestonsburg grade school P.-T.A. met last Thursday at the grade school auditorium. The president, Mrs. George Lee Shannon, presided.

Officers for the coming year were installed by Elsie Stephens. The new officers are Marshall Davidson, president; Vada Reed, vice-president; Mrs. Calvin Herick, secretary; Mrs. C. E. Roberts, treasurer.

Mrs. Shannon thanked the P.-T.A. for the help she had been given the past year. An invitation to attend the spring concert at Prestonsburg high school tonight (Thursday) was extended by Carlos Haywood. Mrs. Kathryn Frazier presented a music program, with students of the seventh and eighth grades participating. Mrs. Lillian Watson won first place in the room count.

THIS SALUTE TO PRESTONSBURG GENERAL HOSPITAL IS MADE IN OBSERVANCE OF NATIONAL HOSPITAL MONTH.

ORDINANCE NO. 10-64
 An Ordinance of the City of Prestonsburg, Kentucky, Determining That It is Necessary in the Interests of the Public Safety and General Welfare That Said City Undertake Its "Street and Sidewalk Project of 1964" As Hereinbefore Proposed in Ordinance No. 8-64, Adopted and Approved On April 30, 1964, As Amended To Correct Inadvertent Errors By Ordinance No. 9-64 Adopted and Approved, May 19, 1964; That Streets, Avenues and Other Public Ways in Said City Be Constructed, Reconstructed Or Improved, and That Sidewalks Be Constructed Or Reconstructed, In the Manner and According To the Classifications of Benefitted Properties As Set Forth in Said Ordinance; And That the Same Be Undertaken Through Application of A Grant from the United States Government and the City's Portion of the Cost Thereof Be Financed Through the Authorization and Offering At Public Sale of Improvement Assessment Bonds According to the "Assessed Value Basis" Authorized and Provided for in KRS Chapter 107.

WHEREAS, at a meeting held on April 30, 1964, the City Council of the City of Prestonsburg, Kentucky, adopted, and the Mayor approved, Ordinance No. 8-64, which is identified by its title or caption, as follows:

ORDINANCE NO. 8-64
 "An Ordinance of the City of Prestonsburg, Floyd County, Kentucky, Proposing and Initiating A Public Project for the Improvement of Designated Streets, Avenues and Other Public Ways, and for the Construction or Reconstruction of Sidewalks On One Or Both Sides of Certain Streets in Said City; Setting Forth the Nature and Scope of Said Public Project; Providing That There Shall Be Applied To the Costs Thereof the Proceeds of a United States Government Grant in the Sum of \$486,000; Proposing that Said Project Be Undertaken Under Authority of KRS Chapter 107, and That The Remaining \$265,000 of the Costs Thereof Be Provided Through the City's Issuance of Its 'Improvement Assessment Bonds-Street and Sidewalk Project of 1964', Payable As To Principal and Interest Solely from Annual Improvement Benefit Assessments To Be Made Upon the Properties Improved and Benefitted by Said Project According To the 'Assessed Value Basis' As in Said Chapter 107 Provided; Establishing Rules, Orders and Classifications To Effect Equality and Equity Among Property Owners; Identifying Certain Items Or Alternates and the Order in Which Same Will Be Omitted in the Event Construction Costs Shall Be Determined To Exceed Available Funds; and Providing for A Public Hearing with Respect To All of the Foregoing."

and the same was published in the May 7, 1964 issue of the Floyd County Times, a newspaper published in Prestonsburg, Kentucky, and having the largest circulation therein, together with a Notice that in accordance with KRS Chapter 107 and the provisions of said Ordinance a Public Hearing should be held in the Council Chambers, Municipal Building, in said City of Prestonsburg on May 15, 1964, at 7:30 p.m., Eastern Standard Time, in order that the owners of properties proposed to be benefited and assessed might appear and be heard in favor of or against said proposed Project and the proposed method of financing the City's portion of the cost thereof; and

WHEREAS, such Public Hearing was duly held at the appointed time and place and a record or minutes of the proceedings had thereat has been submitted to a subsequent regularly scheduled meeting of the City Council and publicly read, and on such occasion the owners of benefited properties were once again afforded an opportunity to be heard with respect to the proposed Project and method of financing; and

WHEREAS, after the adoption and publication of said Ordinance No. 8-64, and prior to said Public Hearing, it was discovered that through inadvertence or misunderstanding the respective percentages of the aggregate of all costs of said Street and Sidewalk Project of 1964 properly allocable to each of the five "Classifications" of benefited properties as set forth in SECTION 6 of said Ordinance No. 8-64 were incorrect and had not been computed in the contemplated manner in that the total thereof did not account for allocation of 100% of the total aggregate costs of said Project (as the term "costs" is defined in KRS 107.029(5)), but were based solely upon actual construction costs without taking into account other necessary and proper items such as the fees of Engineers and Bond Counsel, printing of Bonds, publication of Ordinances and Notices, advertisements of a public sale of the Bonds as required by law, Government expense for field inspection and auditing, interest during construction, and other items; and upon the occasion of said Public Hearing announcement was duly made thereof, and of the purpose of the City Council to adopt an amendatory ordinance solely for the purpose of correcting the respective percentages of

the total aggregate costs of said Project allocated to each of such property Classifications; and

WHEREAS, the City Council has now adopted, and the Mayor has approved, Ordinance No. 9-64, amending Ordinance No. 8-64 in order to correct the inadvertent errors therein; and the City Council has considered all comments protesting or advocating the undertaking of said Project; protesting or advocating the method of financing of the same; and all requests that the nature and scope of the Project be altered; and the City Council is sufficiently advised.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PRESTONSBURG, KENTUCKY, DOES HEREBY ORDAIN, AS FOLLOWS:

SECTION 1. It is hereby determined that it is necessary in the interests of the public safety and general welfare of the City of Prestonsburg, Kentucky, and of its citizens, inhabitants and property owners, and particularly the owners of properties proposed to be specifically benefited and improved, that the City's "Street and Sidewalk Project of 1964" as particularly described and delineated in the said Ordinance No. 8-64, as amended by said Ordinance No. 9-64, and in accordance with the classifications of properties and the respective percentages of the annual improvement benefit assessments to be allocated to and assessed against properties in each of the respective classifications, as so amended, be undertaken and carried to completion as expeditiously as weather conditions may permit; that the proceeds of a grant heretofore offered by an agency of the United States Government under the Accelerated Public Works Program (presently estimated to be in the amount of \$285,000, subject to audit upon completion) be applied to the costs of said Project in the manner proposed in the aforesaid Ordinance No. 8-64; and that the City proceed with the financing of the required local contribution in the sum of \$265,000 in accordance with the City's Loan Agreement with an agency of the United States Government (HFWA Project No. PFL-KY-648 (APW-KY-251CL)), by authorizing and offering at public sale the City's Two Hundred Sixty-five Thousand Dollars (\$265,000) Improvement Assessment Bonds-Street and Sidewalk Project of 1964, to be dated as of May 1, 1964, and to mature serially over a period of years beginning May 1, 1966, and ending May 1, 1984, such Bonds to be issued under authority and in the manner set forth in KRS Chapter 107 and to be payable, both principal and interest, from annual improvement benefit assessments made according to the "assessed value basis" provided for in KRS Chapter 107. Reference is hereby made to the aforesaid Ordinance No. 8-64, as amended by said Ordinance No. 9-64, for a particular identification of the nature and scope of said Project and a particular identification of the properties to be benefited and improved thereby and to be subject to annual improvement benefit assessments.

SECTION 2. Said Street and Sidewalk Project of 1964 shall be undertaken forthwith and completed as soon as possible, substantially in accordance with the plans and specifications prepared by Prestonsburg Engineering Company, Prestonsburg, Kentucky, Consulting Engineers, previously employed by the City in connection therewith. The approved plans and specifications, a copy of which may be examined in the custody of the City Clerk, are hereby incorporated herein for reference for further details.

SECTION 3. For purposes of identification this is the "Second Ordinance" referred to in KRS Chapter 107 and shall take effect from and after adoption, approval, attestation, and publication in the time and in the manner and subject to the conditions set forth in said KRS Chapter 107.

ADOPTED BY THE CITY COUNCIL OF THE CITY OF PRESTONSBURG, KENTUCKY, at a regular meeting held on the 15th day of May, 1964. Approved Thursday, May 21, 1964.

This tomato plant didn't amount to much last December when Mrs. Maude Dye discovered it after it had sprouted from some soil which she had purchased for African violets, but now it's window high, would go higher if there were room, and it's bearing tomatoes. When the plant first sprouted, Mrs. Dye was tempted to pull it up as a weed, but a few days' watching resulted in its identification. Thereafter she kept it in a lard can filled with good soil, and kept it watered. For many weeks now the giant tomato has been attracting passersby at Bill's Bargain Store here. Three ripe tomatoes have been taken from the vine, and there are more coming. Shown in photo is Mrs. Opal Marie Boyd, Adamsville, Alabama, daughter of Mrs. Dye.

HOSPITAL COMPLETES REMODELING PROJECT

The Prestonsburg General Hospital recently completed a remodeling program that began in July, last year. Cost of modernization and addition of facilities totaled \$40,000, it was said this week by Chalmer H. Frazier, administrator.

The extensive alterations, additions and remodeling was done by Bev Burchett, general contractor, with electrical work by John Ed Shepherd. An all-electric kitchen features the face-lifting job.

An addition of 390 square feet of laboratory space makes it one of the most modern in Eastern Kentucky. It is here that modern medical tests are made with many new gadgets of a scientific nature.

New to the laboratory are a flame photometer used by the technicians to determine the state of the body chemistry, a microgasometer which also adds

to the ability to do chemical analysis of the body. With the aid of FBI test equipment tests can be run to determine thyroid gland functions. The latter is an apparatus to determine the thyroid gland's function by means of radio isotopes.

An EKG data phone, installed in the midst of the remodeling program, is connected with the University hospital, Lexington. Readings of the heart functioning can be made at Lexington and relayed back to the physician here.

An expanded dining room for employees and a modernized central business office add to the efficiency of the institution.

Frazier, in commenting on the place of the hospital in the community, said:

"Hospitals throughout the United States are marking National Hospital Month and making an effort to develop greater public understanding of hospitals and their activities.

"The well-being of the hospital and the community are inseparable. The hospital could not maintain or continue to improve its health services without community support. The Prestonsburg General hospital feels it will receive that support in a greater measure as it offers increased and expanded medical and health services."

The Prestonsburg General hospital is now in its twenty-fifth year, the administrator added. It was established at West Prestonsburg but was later, after it was acquired by Dr. George P. Archer and others, moved to its present location.

CARD OF THANKS
 The members of the F. T. Jones family warmly and sincerely thank all our friends and neighbors for their expressions of kindness and sympathy during our recent hours of sadness. We wish to thank those who contributed food, and Adah Chapter No. 24, Order of the Eastern Star, for preparing and serving dinner and conducting the beautiful services Friday evening. Our special thanks to Dr. Wray Miller for conducting the comforting church services, Mrs. Virginia Shivel and Mrs. Patsy Evans for their songs and Zebulon Lodge No. 273 and Wheelwright Lodge No. 381 F. & A. M. for conducting the last Masonic rites at the graveside.

We wish also to thank Zebulon Lodge No. 273, Wheelwright Lodge No. 389, F. & A. M., and Adah Chapter No. 24, O. E. S., for the beautiful floral emblems and sincerely thank Wayland Star Chapter and Wheelwright Chapter, O. E. S., and all our friends for their lovely floral tributes. Our sincere thanks to Drs. C. L. Allen, Lowell Martin and nurses of the Beaver Valley hospital. We wish to thank the Hall Brothers Funeral Home for its efficient and understanding services in the hours of our great personal loss.

SCHOOLS SET FUND DRIVE

For Kennedy Library;
 Charles Clark Named
 Floyd County Chairman

Students from Floyd county schools will "carry the torch" Sunday afternoon, May 24, in a house-to-house canvass to help raise Kentucky's \$150,000 quota for the National John F. Kennedy Memorial Library.

Former Governor Paul Patton, chairman of the Kennedy Memorial Library Foundation of Kentucky, last week announced Floyd county chairmen and team captains.

County chairman is Charles F. Clark, superintendent of Floyd county schools. School team captains are Mrs. Carlos Haywood, Prestonsburg high; Boone Hall, Wheelwright high; Ruby Akers, McDowell high; Mrs. Goldia Short, Betsy Layne high; Deborah Trusty, Garrett high; Billy S. Johnson, Wayland high; Sherrill Frazier, Martin high, and Eloise Allen, Maytown high.

Governor Edward T. Breathitt in a proclamation designated May 24 as "Torch Sunday." The theme is from the late president's inaugural address statement, "the torch is passed."

William H. May, of Frankfort, foundation president, expressed his gratitude to the local chairmen, team captains and other workers who are organizing the "Torch Sunday" fund drive in this county.

The solicitation will begin at 1:30 p.m., May 24, in every Kentucky community following a torch-lighting ceremony at the state Capitol in Frankfort. All donors will be enrolled as members of the Kennedy Memorial Library Foundation of Kentucky and their names will be placed in the archives of the Kennedy Library.

The library will be built at a cost of \$10 million, raised through public subscriptions, on land donated at Boston by Harvard University. It will be operated by the federal government.

JUST THE THREE OF 'EM
 These youngsters! A group of little girls were playing here, a few years back, when they began discussing their parents and boasting about where Dad and Mom had gone on their honeymoons. They used their imaginations so effectively that one was just a bit undone. One spoke of her parents honeymooning in New York, another at some faraway spot, and so on. Finally the girl who was up against it for a story blurted out:
 "That's nothin'. My Daddy and Mommy took a honeymoon around the world—and they took me with them!"
 Speaking of youngsters, my grandson had a time of it deciding, the day President Johnson came to these parts, whether he was more thrilled by seeing the President of the United States than by that very day being given a bunch of Beanie cards.

Students of Forestry Graduation Candidates At Quicksand Substation

BY NEVYLE SHACKELFORD
 Quicksand, Ky. — Graduation exercises will be held in the Robinson Substation auditorium here Friday morning for 19 young men who have just completed nine months' training in the techniques of forest management and wood utilization.
 Originated under the Manpower Training Act as a joint venture of the University of Kentucky, the Breathitt County Board of Education, State Division of Vocational and Technical Education and the Department of Economic Security, this school, believed to be the only one of its kind in the nation, got under way last September. Of the 40 students enrolled from Eastern and Central Kentucky, 19 finished out the term which included instruction in basic forestry, timber estimating, sawmilling, wood preservation, use of wood fabricating machinery, and other related subjects.
 "If these graduates want jobs," John E. Ford, superintendent of the school, said, "there will be jobs for them and at good wages too. On many of the jobs offered, it will be possible for beginners to make \$100 per week or possibly more."
 At the beginning, the school was described as a "pilot course" to determine whether or not such an undertaking, taking advantage of the new Wood Use Center here, would be successful. The flood of job offers indicates that it has been a success, and tentative plans are to start another period of instruction in late July for other young men who may want to become foresters or to engage in wood manufacturing.
 Graduates include Lowell Burton, Melvin McDowell, Donald Sweeney, Carter county; Johnny Blevins, Jack Dickenson, Harlan county; Kenneth Bullock, George Neilkirk, Stephen Freeman, Pulaski county; Marvin Smith, Norman Combs, Perry county; Raymond Gravely, Gary Lee Holton, Lawrence Molands, Cary M. Rose, Breathitt county; Bobby Ray Cantrell, Floyd county; Burgess Daugherty, Rockcastle county; Homer Downey, Clay county; Arvil Hammons, Knox county; Edward Johnson, Laurel county.

TAULBEE YOUTH KILLED
 Han Carpenter, 19, of Taulbee, Breathitt county, died in a Covington hospital Tuesday shortly after he was injured in an automobile-truck accident on Interstate 75 near Florence.
 State police said Carpenter and two other youths were pushing a stalled car from the highway when a truck crashed into them.
 The death raised Kentucky's yearly traffic toll to 250 compared with 246 at the same time last year.

Prestonsburg Kiwanians of Yesterday

The Prestonsburg Kiwanis Club has long been a leading civic group in Prestonsburg. Evidence of its consistently outstanding membership is that Marvin Music, Prestonsburg businessman and director of The First National Bank, is now Governor of the Kentucky-Tennessee Kiwanis district.

Shown here in this picture of Kiwanians of yesterday are, left to right, the late Charles Milby, the late Dr. K. J. Whaley, Ishmael Triplett, the late Joe M. Davidson, (Prestonsburg banker), the late Dr. Martin J. Leete, the late Rev. C. H. Nichols and J. Bascom Clarke, Prestonsburg attorney and active Kiwanian of today. The boy in the front row is Hubbard Francis, Jr.

The First National Bank salutes the Prestonsburg Kiwanis Club and recognizes its leadership in many civic causes.

SHERIFF'S SALE CR NO. 4557

People's National Fund, Inc., Plaintiff, Vs. ORDER OF SALE Mack (Mike) Rollins and Linda Sue Rollins Cantrell, Defendants.

By virtue of an execution issued from the clerk's office of the Floyd Circuit Court, dated April 23, 1964, in favor of the plaintiffs in the above-styled action, I, or one of my deputies, will on Monday, the 1st day of June, 1964, between the hours of 10 a.m. and 12 noon (EST), offer for sale at public outcry at the courthouse door in Prestonsburg, Kentucky, the following described property:

A certain tract of land lying on the waters of the head of Otter Creek, a tributary of Left Beaver Creek, and more particularly described as follows:

Beginning on a marked stone at the creek; thence up the hill with George Sowards' line to another marked stone; thence around the hill, down the creek, to another marked stone; thence down the hill to another marked stone at the creek; thence up the creek to the marked stone at the beginning so as to include all the land in said boundary, embracing one-half acre, more or less.

For further description of said property reference is made to records of the Floyd County Court Clerk's office, Deed Book 175, Page 596, showing conveyance of said land on August 10, 1960, by Elizabeth and Thalmadge Thompson to Mike Rollins and Linda Sue Rollins.

Said sale is made to satisfy a debt of \$3,255.00, with interest at 6% per annum from January 24, 1964, plus \$47.20 plaintiff's costs and further costs of this sale and advertising same. Sale will be made on a credit of three and six months, with approved surety required, same having the force and effect of a replevin bond.

Given under my hand, this the 12th day of May, 1964. HENRY C. HALE Sheriff Floyd County, Ky. By Samuel Hale, D.S. (Cost of adv. \$25.50) 5-14-3t

ORDINANCE NO. 9-64

An Ordinance of the City of Prestonsburg, Kentucky, Amending Ordinance No. 8-64, Adopted and Approved On April 30, 1964, Solely for the Purpose of Correcting Certain Mathematical Errors That Were Made Therein by Reason of Inadvertence Or Misunderstanding; and Ratifying and Reaffirming Said Ordinance No. 8-64 In All Other Respects.

WHEREAS, at a meeting held on April 30, 1964, the City Council of the City of Prestonsburg, Kentucky, adopted, and the Mayor approved, Ordinance No. 8-64 of said City and the same was subsequently published according to law in The Floyd County Times, Prestonsburg, Kentucky, in its issue of May 7, 1964, and is now in full force and effect, the same being further identified by its title or caption, as follows:

"An Ordinance of The City of Prestonsburg, Floyd County, Kentucky, Proposing and Initiating A Public Project for the Improvement of Designated Streets, Avenues and Other Public Ways, and for the Construction Or Reconstruction of Sidewalks On One Or Both Sides of Certain Streets in Said City; Setting Forth the Nature and Scope of Said Public Project; Providing That There Shall Be Applied To the Costs Thereof the Proceeds of A United States Government Grant in the Sum of \$486,000; Proposing That Said Project Be Undertaken Under Authority of KRS Chapter 107, and That the Remaining \$265,000 of the Costs Thereof Be Provided Through the City's Issuance of Its Improvement Assessment Bonds—Street and Sidewalk Project of 1964, Payable As To Principal and Interest Solely from Annual Improvement Benefit Assessments To Be Made Upon the Properties Improved and Benefited By Said Project According To the Assessed Value Basis" As in Said Chapter 107 Provided; Establishing Rules, Orders and Classifications to Effect Equality and Equity Among Property Owners; Identifying Certain Items Or Alternates and the Order in Which Same Will Be Omitted in the Event Construction Costs Shall Be Determined To Exceed Available Funds; and Providing for a Public Hearing With Respect To All of the Foregoing."

AND WHEREAS, it was provided in said Ordinance and in conformity with KRS 107.030 that a Public Hearing be held with regard to the subject matter thereof, the same to be convened in the Council Chambers, Municipal Building, Front Street, Prestonsburg, Kentucky, on May 15, 1964, at 7:30 p.m.; and prior to such designated time it was discovered that through inadvertence and misunderstanding the respective percentages of the total aggregate costs of the "Street and Sidewalk Project of 1964" properly allocable to each of the five "Classifications" of properties to be benefited by said Project, as set forth in SECTION 6 of said Ordinance No. 8-64, had not been computed in the contemplated manner in that the total thereof did not account for allocation of 100% of the total aggregate costs of said Project (as the term "costs" is defined in KRS 107.029(5)), but were based solely upon actual construction costs without taking into account other necessary and proper items such as the fees of Engineers and Bond Counsel, printing of Bonds, publication of Ordinances and Notices, advertisements of a public sale of the Bonds as required by law, Government expense for field inspection and auditing, interest during construction, and other items; and upon the occasion of said Public Hearing announcement was duly made thereof and of the purpose of the City Council to adopt an amendatory ordinance solely for the purpose of correcting the respective percentages of the total aggregate costs of said Project allocated to each of such property Classifications, without otherwise amending or changing said Ordinance No. 8-64 in any respect; and

WHEREAS, it appears to the City Council, upon advice of legal counsel, that the errors necessary to be corrected are obviously mathematical and due to inadvertence or misunderstanding, have been properly disclosed and announced at said Public Hearing, and may be corrected at this time without affecting the rights and interests of the owners of properties which will be benefited by said Project, and without affecting the rights and interests of the owners of properties in each of the five "Classifications" of benefited properties, as set forth in SECTION 6 of said Ordinance No. 8-64; and it is the opinion and judgment of the City Council that proper action should be taken at this time to correct said errors in order that the proceedings may be carried forward in timely fashion and in such manner as to qualify for obtaining from the United States Government an Accelerated Public Works Grant of \$486,000 toward the costs of said Project, which Grant will be lost unless the City complies with all legal requirements, authorizes the undertaking of the project and the financing thereof, and actually sells the City's proposed \$265,000 "Improvement Assessment Bonds—Street and Sidewalk Project of 1964" prior to a fixed deadline date which cannot be further ex-

FISH & GAME NEWS

FOOD PLOT PROGRAM The game bird food plot program which is being sponsored by the Club is progressing as planned. We now have 30 farmers in the county who are cooperating. If this program proves to be the Club's satisfaction, it will be increased from year to year.

FISHING CONTEST Two entries have been made so far this year in the fishing contest: Crappie division, Donald Hensley, Langley, Kentucky, 10 1/2 inches long; white bass division, Johnny M. Osborne, Eastern, Kentucky, 17 1/2 inches long. It was reported that fishing conditions are improving on Dewey Lake. Some nice crappie are being taken on minnows or small doll flies, and black bass are hitting surface plugs, early morning and late evening.

QUAIL RESTOCKING Twenty-three hundred fifty quail have been delivered from the Division Game Farm to various individuals in the county who rear them to adult stage and release within the county; also, an undetermined number of adult quail have been furnished and released within the county by club members.

JUNIOR CLUB CAMP District Junior Club Supervisor Bernard Baldrige reported that the dates set for the girls to attend Camp Earl Wallace is the week of August 3. The date set for the boys to attend will be the week of June 8. A total of 109,146 boys and girls were enrolled in the junior conservation education program during the school year 1963-64. Nine junior club supervisors and 114 conservation officers administered the program.

BULLETIN BOARDS A number of bulletin boards will be installed at various spots over the county to make available any news which might be of interest to sportsmen.

LEAGUE CONVENTION An interesting three-day program has been arranged for the 29th annual League of Kentucky Sportsmen convention to be held at Ashland, June 12, 13 and 14, with headquarters at the Henry Clay hotel. Governor Edward T. Breathitt will be present and will present the Sportsman of the Year award. Every sportsman who can should attend this League convention.

SECTION 1. It is hereby determined that upon reexamination of Ordinance No. 8-64 of the City of Prestonsburg, Kentucky, adopted and approved on April 30, 1964, and after consultation with the City's Consulting Engineers and Bond Counsel, that by inadvertence or misunderstanding certain mathematical errors were made in computing the respective percentages of the total aggregate costs of the proposed "Street and Sidewalk Project of 1964" properly allocable to each of the five "Classifications" of benefited properties as set forth in SECTION 6 thereof, all as recited in the preamble of this Ordinance; and that said respective percentages may and should be corrected, each in the same ratio, manner and proportion, so that the aggregate of such percentages will be such as to take into account all proper elements of the costs of the Project as defined in KRS 107.029(5).

SECTION 2. Said Ordinance No. 8-64 is hereby amended, solely in order to correct such respective percentages, and to conform to KRS Chapter 107, in the following manner (reference being made to the five "Classifications" of benefited properties, as set forth in SECTION 6 of said Ordinance No. 8-64):

"CLASSIFICATION I—The allocation to this Classification of 32% of the aggregate of all costs of said "Street and Sidewalk Project of 1964" is hereby increased to 30% thereof, solely for the purpose of including for said Classification its proper proportion of those elements of the costs of the Project as were omitted in making the original computation of percentage.

"CLASSIFICATION II—The allocation to this Classification of 5% of the aggregate of all costs of said "Street and Sidewalk Project of 1964" is hereby increased to 6% thereof, solely for the purpose of including for said Classification its proper proportion of those elements of the costs of the Project as were omitted in making the original computation of percentage.

"CLASSIFICATION III—The allocation to this Classification of 14% of the aggregate of all costs of said "Street and Sidewalk Project of 1964" is hereby increased to 18% thereof, solely for the purpose of including for said Classification its proper proportion of those elements of the cost of the Project as were omitted in making the original computation of percentage.

"CLASSIFICATION IV—The allocation to this Classification of 19% of the aggregate of all costs of said "Street and Sidewalk Project of 1964" is hereby increased to 23% thereof, solely for the purpose of including for said Classification its proper proportion of those elements of the costs of the Project as were omitted in making the original computation of percentage.

"CLASSIFICATION V—The allocation to this Classification of 12% of the aggregate of all costs of said "Street and Sidewalk Project of 1964" is hereby increased to 14% thereof, solely for the purpose of including for said Classification its proper proportion of those elements of the costs of the Project as were omitted in making the original computation of percentage."

SECTION 3. Except for the specific amendments to SECTION 6 of said Ordinance No. 8-64, as set forth in SECTION 2 hereof, said Ordinance No. 8-64 is in all respects ratified and reaffirmed. In order to avoid any oversight or misunderstanding in the future, the City Clerk is instructed to inscribe in the Official Ordinance Book, adjacent to the title or caption of said Ordinance No. 8-64, as recorded therein, a notation in substantially the following text:

"SECTION 6 of Ordinance No. 8-64 amended in certain respects by Ordinance No. 9-64, adopted and approved May 19, 1964, to which reference is hereby made for details."

SECTION 4. This Ordinance shall be in full force and effect as provided by law.

Adopted by the City Council of the City of Prestonsburg, Kentucky, at a regular meeting held on May 19, 1964.

APPROVED Thursday, May 21, 1964.

H. G. SALISBURY, JR. Mayor Pro Tem City of Prestonsburg, Kentucky

(SEAL) ATTEST: JUDITH D. ARCHER City Clerk

CERTIFICATION The undersigned, City Clerk of the City of Prestonsburg, Kentucky, hereby certifies that the foregoing is a true copy of Ordinance No. 9-64, duly adopted by the City Council of said City at a regular meeting held on the 19th day of May, 1964, and in the absence of the Mayor from the county for more than three days, signed by the Mayor Pro Tem on Thursday, May 21, 1964, as evidence of his approval and attested under seal by me as the City Clerk; and that a copy thereof has been delivered to the

Floyd County Times, Prestonsburg, Kentucky, for publication. WITNESS my hand and the seal of said City, this 21st day of May, 1964.

ELECT ANN B. HALL TO CONGRESS MAY 26 PRIMARY (DEMOCRAT) No. 1 On the Ballot

ANN B. HALL of Floyd County is a qualified candidate for Congress. She has served in the Kentucky State Legislature, has served as an Associate Commissioner of the State Department of Revenue, and as Associate Commissioner of the Kentucky State Tax Commission.

In recognition of her outstanding performance in these and in civic and National affairs, Ann B. Hall is currently listed in "Who's-Who of American Women" and "Who's-Who of the South and Southwest."

When elected, Ann B. Hall will do the following things for you: Get legislation passed to enable the widowed mothers to continue drawing their Social Security checks so long as she is or remains the widow of her deceased husband.

Amend the Social Security in two other areas.

1. The present disability law requires a six months waiting period after your doctors have declared you totally disabled before you receive your first check. If one had no other income he and his family could starve to death within six months time. Ann B. Hall will introduce legislation to do away with the first four months waiting period and make the two months processing period retroactive.

2. The work requirement law, known as the "twenty-fourty" provision, means that if one has not worked twenty months out of the five years preceding total disability, then he can not qualify for disability benefits and must wait until he is 62 years of age before he can draw any benefits. This is true even if a man has paid into the program since it was first started. On the other hand, if a man never paid into the fund until just the five years before becoming disabled, and if he meets the requirement of the five years before becoming disabled, then he can draw full benefits under the present law. This law should be amended so that a man can draw disability according to the years he has contributed to the fund.

Ann B. Hall will get industry into our district necessary to revitalize our economy.

Listen to Ann B. Hall on Channel Three (3) Television, Huntington, at 8:30 p.m. EST, Monday, May 25, when she will explain in detail how she will get industry into our area and how she will retain \$788,000,000 of our tax dollars in our state. This \$788 Million in the past has been going to the Federal Government.

Hear the facts from the most informed person, "tax-wise," that we have in our district.

Hear all the issues, then we know you will "by-pass" the Dictators and vote for yourselves on May 26, instead of voting again for a Small group who use you to elevate themselves. This election is, in fact, an election of "THE RICH VERSUS THE POOR." Let us go to the polls and prove for once that we are not as illiterate as our present Congressman has told the world that we are.

VOTE FOR AND ELECT ANN B. HALL TO CONGRESS... NO. 1 ON THE BALLOT.

WHAT CARL D. PERKINS HAS DONE TO THE PEOPLE OF EASTERN KENTUCKY. CAN WE AFFORD ANOTHER TWO YEARS OF THIS? WHAT'S HE RUNNING ON THIS TIME? FLOOD CONTROL? (We don't know yet, he hasn't said.) DOES HE INTEND TO HAVE HIS POLITICAL BOSS LINE UP AGAINST THE PEOPLE AGAIN AND SEND HIM BACK TO REPORT THE NEWS TO US FOR THE NEXT TWO YEARS?

He has not gotten that first industry into Eastern Kentucky (How long does it take?) We have man-power, coal, (some timber left), water, (particularly in the Spring of the year—real often of late), and the sense and ability to do any jobs that are made available to us. He has never done anything to protect the industry that we already have.

He has voted more than \$77 Billion of our American tax dollars into the already over-flowing Foreign Aid Slushfund.

When Secretary Udall started the import of residual fuel oil, which wiped out 4,000 jobs of the coal miner, then in March of this year Secretary Udall increased the import quota of residual fuel oil by another 63,000 barrels a year, our present Congressman didn't say one word in defense of his people, namely, the coal miners who have in the past supported him. Though he is in the second top spot on the labor committee and could stop this if he had wanted to do so.

He has never asked Congress, either by resolution or by introducing a bill to increase appropriations so that research could be stepped up to protect the health of his people or the tobacco industry. He very well knows that there are many counties in our district that depends on the tobacco industry for their very livelihood.

He was the only man in the south to vote for the Public Accommodations Bill as it was introduced in the House. The House version of the Public Accommodations Bill destroyed more Civil Rights than it protects and will cost the tax payers close to a million dollars a year to enforce it. He knows that about 80% of all committee chairmen are Southern Democrats, yet he voted for this bill knowing this district will be punished because of his blundering. In my opinion, he is the stooge of Adam Clayton Powell, the Negro Congressman from Washington. He voted for Adam Clayton Powell's home district in New York, known as Harlem, to get \$70 million dollars for its so-called distressed area, though he could not get Powell to vote for or to allow him to vote for the \$350 tax deduction to help educate our children although we are called, even by our Congressman, the most illiterate people in the United States... But... almost in the same breath, he voted himself a \$10,000.00 a year increase in salary.

Although he is and has been on the Education and Labor committees for the past sixteen years, these are the only two areas where we are most deficient. Under the sixteen year reign of Carl Perkins, we have become a national scandal.

Instead of hiring three Eastern Kentucky girls, he hires one woman who is not a Kentucky, but is from North Dakota and is paying her a salary of \$10,000.00 a year.

Perkins just has a habit of voting against industry in his district. As far back as the early 1950's we had many saw-mills making staves to be used for whiskey barrels, but when the whiskey people introduced "Reused Cooperage" bill, Perkins voted for this bill, thereby putting all the stave mills in Eastern Kentucky out of business and increasing the unemployment in his own district.

The Spindle-Top Research Report, paid for by Kentucky, and published in October of 1963, shows that TVA (which is federal) in 1952, used Kentucky produced coal. When these contracts were let, the Western Kentucky coal fields got contracts for 8.8 million tons of coal. Eastern Kentucky coal fields got contracts for only 1.4 million tons. Now, just where do you suppose Eastern Kentucky's Congressman was when these contracts were being let? This is just typical of a Perkins performance, always letting his district down.

These are just a few of the things our present Congressman has done to us. Be sure to listen to Ann B. Hall on Channel 3 TV at Huntington, at 8:30 EST, Monday, May 25.

Be sure to go out and vote for Ann B. Hall for Congress. She cannot help you unless you first help her to get elected. She is No. 1 on the ballot.

J. T. MESSER District Chairman (Pol. adv.)

THERE MUST BE A BETTER WAY...

to help employees burdened down with big medical expenses

There is—with a complete plan of medical coverage, one of the many attractive features of The Travelers Insurance "4 or More" Plans.

Travelers Major Medical, for example, pays up to \$10,000 for each person insured and for each separate cause. It covers many medical expenses not normally covered under typical group plans.

Travelers "4 or More" plans can be written on a business with as few as four employees, yet provide insurance benefits similar to those available to employees of huge corporations.

The cost of your "4 or More" plan can be designed to your needs. The value to your company can be immense.

NOTICE

John G. Archer, M.D., is now presenting for the first time, in Prestonsburg, Kentucky, the services of a Consulting and Practicing Specialist in diseases of women and in Obstetrics.

Dr. Byron C. Beard, chief of the Ob-Gyn Service at the Appalachian Regional hospital at McDowell, Ky., has consented to visit my office in Prestonsburg on one morning each week to offer his expert advice and therapy to those women who may desire such Specialist service.

Dr. Beard is a former associate professor of Ob-Gyn at the University of Augusta Medical School in Augusta, Georgia and was chief of the Ob-Gyn Service at the University Hospital where some 5,000 babies were delivered each year. This Medical School is one of the three best schools in the entire Southern portion of the nation.

Dr. Beard is also chief of the medical staff at the A. R. H. I. at McDowell, and is vice-president of the staff. He is also a member of the board of directors of the Daniel Boone Clinic. There are many other specialists in that group who may be persuaded that we need their services in our town at some future date.

The following are the hours for the Special Clinic which Dr. Beard will hold at my office in Prestonsburg each week:

Wednesday mornings from 9 to 12 noon. The nature of his work necessitates the need for each patient to have a special time to see Dr. Beard, and we must request that you call for an appointment during those hours (9 a.m. to 12 noon) so that each patient will have the necessary time for consultation and, if needed, an examination.

The telephone number is 886-6511, and we suggest that you call as early as possible, since Dr. Beard has told me that he will be happy to see all those persons possible during those hours. We will do our utmost to see that you are in to see the doctor as near to the hour you have chosen as possible.

More and more women are joining the labor force. In 1940, 18 percent of Kentucky women over 14 years of age were in the labor force; in 1960, 27 percent were working outside the home. The greatest increases have been in clerical and secretarial work, while the number of domestic workers has decreased considerably.

Frankfort, Ky., May 18 (Spl.)—Dr. Russell E. Teague, commissioner of health, Kentucky State Department of Health, warns that every precaution should be exercised this year against the possibility of an outbreak of encephalitis, commonly known as "sleeping sickness" or "brain fever."

In September of last year, a three-month-old child from New Haven, Nelson county, was reported to have St. Louis encephalitis, caused by a virus and transmitted by mosquitoes.

When the case was reported, the State Department of Health started extensive blood tests on horses in that area. The results of the tests showed the presence of the virus in the horses, indicating that mosquitoes in that area were spreading the disease. Because the case occurred during the latter part of the mosquito season last year, there is reason to believe that further cases may occur this year.

TEAGUE ISSUES WARNING ON DANGERS OF EPIDEMIC

children from mosquito bites. The onset of the disease in humans is usually sudden and the symptoms may include high fever, headache, nausea, vomiting, stiff neck, dizziness, drowsiness progressing into coma, muscular twitchings and convulsions. Some patients have speech difficulties, are mentally confused, lethargic, and show tremors of the tongue, lips and hands. The disease is mild in older children and young adults, severe in infants and extremely severe in the aged.

Encephalitis is an inflammation of the brain caused by a virus. The infectious source of the virus is birds, both wild and domestic. The mosquito transmits the disease from the birds and infects horses and humans through its bite. Unlike the horse, which does not show the symptoms when infected, humans become seriously ill.

Until the disease is eliminated in the animal population, the prevention of encephalitis depends upon how effectively mosquitoes are controlled. Mosquitoes breed only in water, and standing water will produce a crop of mosquitoes within four days.

Dr. Teague advises: If possible, keep cellars and areas under the house dry by ventilation. Empty barrels, buckets, cans, other containers, and old discarded automobile tires, and use insecticides on any other water area which cannot be drained or covered. Be sure that all window and door screens fit tightly, and check that there are no breaks in the screens themselves. Use insect repellents when out-of-doors, and be extra careful to protect

SEEKING THE REPUBLICAN NOMINATION FOR CONGRESSMAN
7th CONGRESSIONAL DISTRICT

In asking your support in the coming primary I point with pride to my record in civic affairs and the confidence my fellow citizens showed in me.

I have been mayor of the City of Ashland two times (8 years) a past president of my Kiwanis Club; past Potentate of El Hasa Temple, A.A.O.N.M.S.; past president of the Ashland Business Men's Association; past Exalted Ruler, B.P.O. Elks, No. 350; past Commander of American Legion Post No. 76; am now treasurer of American Legion Building Corporation; Chairman National American Legion Civil Defense; Director of Ashland Civil Defense; Chairman Board of Incorporators, King's Daughters' Hospital; a Kentucky Colonel on the staff of Gov. Flem Sampson, an honorary Colonel on the staff of Gov. Frank S. Clement of Tennessee; Chairman, 8th District Kentucky U. S. Bond Sales; and a participant in many other civic activities.

All this, plus my interest in the progress and prosperity of Eastern Kentucky and my years of experience in my own business, I feel sure merits your confidence and support.

As a member of the American Legion National Security Commission I am making an extensive tour of military and other installations around the world. I regret my inability to conduct a personal campaign in the primary, so, I am entrusting the result to your good judgement, your co-operation and your consideration.

Sincerely,
DAVID ARONBERG

I must make some changes in my schedule of OFFICE HOURS, since I apparently do not have enough time to keep these hours I formerly tried to keep. Therefore, in order to offer medical care to as many patients as I possibly can, the following schedule of hours seems to me to be best for the most care. I hope that this schedule will meet with your approval:

BEGINNING FRIDAY, MAY 1, 1964, IN PRESTONSBURG, KENTUCKY—
 Saturday: 9 a.m. to 3 p.m.
 Monday: 9 a.m. to 3 p.m.
 Wednesday: 9 a.m. to 12 noon.
 Thursday: 9 a.m. to 3 p.m.

AT THE DANIEL BOONE CLINIC, McDOWELL, KENTUCKY—
 Tuesdays, 8 a.m. to 6 p.m., by appointment only.
 Fridays, 8 a.m. to 6 p.m.
 Sundays and holidays will be by appointment only. Night-time —from 8 p.m. to 10 p.m.

Telephone number in Prestonsburg office, 886-6511, day or night.
 You may receive appointments for me to see you at McDowell, Kentucky, by calling 377-2417 or 377-2418 (ask for Extension 21).
 Dr. Byron C. Beard will see women patients in my office on each Wednesday morning.

Notice of all UMWAs HOLDERS OF HS-35 Card: These cards will be honored at my office at any time and also will be honored by Dr. Beard. Such honoring of card will be on the same basis as at any Daniel Boone Clinic.

EASTERN STATE COLLEGE HAS RECORD GRAD CLASS

Richmond, Ky., May 19 (Spl.)—Degrees will be awarded a record graduating class of 636 on June 3 when Eastern Kentucky State College holds its 57th spring commencement, President Robert R. Martin announced today.

Another class will be graduated at Eastern at the summer commencement August 6.

Dr. Norman Vincent Peale, 1964 clergyman of the year and noted author of "The Power of Positive Thinking," will deliver the commencement address at the 10 a.m. Alumni Coliseum exercises and will be awarded an honorary doctor of letters degree. U. S. Representative Carl Perkins will also receive an honorary degree at the commencement program. His will be the honorary doctor of laws degree.

These will become the ninth and tenth honorary degrees awarded by Eastern. President Lyndon B. Johnson received the first such degree at the 1961 spring commencement.

Congressman Perkins, now serving his eighth consecutive term in the United States House of Representatives, is the ranking democratic member of the House Education and Labor Committee and chairman of the general subcommittee on education.

As ranking majority member of the House Education and Labor Committee, he is chairman of the subcommittee on education. In this position, he sponsored the federal aid for education in impacted areas, the rural library services bill, and the vocational education bill.

During his entire service in Congress, he has supported a program for general federal aid to education. A staunch conservationist, he has long advocated a soil and water conservation program, including flood control and navigation projects on the Ken-

tucky, Licking, and Big Sandy valleys.

Floyd county candidates for degrees are:

Bachelor of arts—Steve E. Dotson, West Prestonsburg; Ronald L. Hager, David; Judith Howard and Carol J. Johnson, both of Prestonsburg.

Bachelor of science—Fred Meece, Jr., Prestonsburg, and Frances Sherman, Martin.

LEARNING MEANS FUN FOR BOYS AND GIRLS OF WOODCRAFT

As junior members of Woodmen of the World in this area, your youngsters enjoy a very big extra: a year-round program of special activities ranging from summer encampments and outdoor sports to indoor fun. All of them are planned to offer both good times and educational opportunities. This extra fraternal benefit, of course, goes hand in hand with the protection of good, sound, legal reserve insurance. Make a quick phone call today. Get specific details on the Boys and Girls of Woodcraft programs.

 "THE FAMILY FRATERNITY"

Kentucky has improved its position. In 1961 it was 72 percent. However, there is considerable variation from one county to another and the difference between high income and low income counties is increasing every year.

HAYES-NOLEN REUNION
 The Hayes-Nolan family reunion will be held July 5 in the Boyd County Community Building, Ashland. Those planning to attend are asked to contact Charles E. Nolan, Route 3, Box 456, Ashland, before June 10.

TEACHERS
 With 2 years college, list with O.H.I.O.-KENTUCKY TEACHERS AGENCY, Beavertown, Ohio for positions in Ohio, Indiana or Florida.

CHANGE RESIDENCE
 In Kentucky, as in the rest of the nation, about one-fifth of the families change residence each year, either within the state or back and forth to other states. Kentucky has lost in the exchange of people with other states. Between 1950 and 1960, an estimated 760,000 people left Kentucky and 374,000 came to Kentucky to live.

Why Floyd Countians Should Vote For
REDWINE
 For
JUDGE,
COURT OF APPEALS

- REDWINE, a tall Eastern Kentuckian, is the only candidate in this race who has solidly and outspokenly supported the only former Floyd county Governor, and his program for better roads, new parks, more funds for education at all levels, and increased welfare benefits.
- REDWINE never has, never will, and is not now trying to play both sides. A lifelong, solid DEMOCRAT, he is the only candidate in this race who has not registered for this office on both Democratic and Republican tickets.
- The name of FRED B. REDWINE can be found in only one place: Under the DEMOCRATIC ROOSTER.
- REDWINE stands ready to render sound justice with equality to all—the poor, the rich, the weak, and the strong, the high and mighty and the downtrodden—without fear or trembling—with honor and dignity.

MASTER COMMISSIONER'S SALE
FLOYD CIRCUIT COURT

J. S. Gleason, Jr.,
 Admr. of Veterans Affairs, Plaintiff,
 Vs.: **NOTICE OF SALE**
 CR 4,745
 Curtis Colwell, etc., Defendant.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered and entered at the April 27 term, 1964, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 23rd day of May, 1964, at 10:00 o'clock, a.m., same being a day of the regular term of the Floyd Circuit Court, upon a credit of 6 months, the following described property, to-wit:

That certain tract or parcel of land lying in Floyd county, Kentucky, at Bypro, near Wheelwright Kentucky, that was conveyed Noah Newsome, Jr. and Ada Newsome, his wife, by Curtis Colwell and Virginia Colwell, his wife, on December 3, 1962, as recorded in Deed Book 181, page 202, in the Floyd County Court Clerk's Office, which is more particularly described as follows:

"Beginning at a stake in a drain 9 feet from the center of the side tract of the C. & O. Railway Company at the corner of property of Thomas Bates; thence S 69 07 W 36 feet to a stake in the line of other property owned by Jim Leanoski; thence with his line, S 14 39 E 270 feet to a stake at the edge of the road through the property of Sill Hall; thence with the edge of said roadway S 63 47 E 70 feet to a stake; thence N 69 12 E 52 feet to the right-of-way of the C. & O. Railway Company sidetrack; thence with said right-of-way, N 19 29 W 190.5 feet to a stake 9 feet from the center of said side track; thence N 15 40 W 131 feet with said right-of-way to the place of beginning. Being the same property set out and described in deed of conveyance from Jim Leanoski & c to first parties herein, of even date herewith, lodged for record in the office of the Clerk of the Floyd County Court."

The amount of money to be raised by this sale would be in the principal amount of \$6,123.19, with interest thereon from March 5, 1964, until satisfied and the costs of this action, including the costs of advertising of this sale, amounting to \$..... and fees for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply promptly with these terms.

Given under my hand, this 5th day of May, 1964.

Prestonsburg high school won its first regional track meet in 16 years last Friday as the local barriers scored 47½ points, as compared to runner-up Elkhorn City's 33½.

Other schools registered these totals: Hazard 28, Paintsville 23, Belfry 14, Jenkins 12, Fleming 7, Pikeville 6, Jenkins Dunham 2, Mullins 2, Peds Creek, Whitesburg and Hellier failed to score.

By virtue of their victory, the Black Cats also won the first place trophy from the Eastern Kentucky Mountain Conference and qualified 13 individuals for the state track meet in Lexington, Friday and Saturday. Only first and second place winners in the regional qualify for the state finals.

Johnny Herald, Prestonsburg senior, set a new high jump record for Eastern Kentucky as he leaped five feet, 11 inches, three inches higher than other youth in the mountains had ever jumped. Chalmer Howard, who now has amassed nine first and second place medals in three years, set a new regional record in the 100-yard dash in the good time of 10.2 and also broke his own regional mark in the low hurdles with a time of 22.4. Howard also ran anchor man on the half-mile relay team that registered a first place win.

Sophomore David Clifton was the other regional record-breaker as he sped the high hurdles in 16.9. Thus the Black Cats in winning with ease established five new regional marks. Hazard senior, Charles Walker, erased the old mile mark of 4.31 by running the distance in 4:20.4.

Meet results follow:
120-yard high hurdles, David Clifton, Prestonsburg, 16.9; shot put, Charles May, Prestonsburg, 42 ft., 7 in.; 100-yard dash, Chalmer Howard, Prestonsburg, 10.2; pole vault, Danny Hamilton, Prestonsburg, 10 ft., 3 in.; mile run, Charles Walker, Hazard, 4:20.4; high jump, Johnny Herald, Prestonsburg, 5 ft., 11 in.; 440-yard dash, Derek Potter, Elkhorn City, 52.9; broad jump, Ralph Ball, Belfry, 19 ft., 5 in.; 880-yard relay, Prestonsburg (Howard Castle, Gary Goble, Lonnie Penix, Chalmer Howard, 1:40.35; discus, David Adkins, Elkhorn City, 120 ft., 5 in.; 180-yard low hurdles, Chalmer Howard, Prestonsburg, 22.4; 880-yard run, Charles Walker, Hazard, 2:03.5; 220-yard dash, Benny McFall, Elkhorn City, 23.5; mile relay, Paintsville, 3:40.5.
(Prestonsburg disqualified for mile relay.)

State Park Beaches To Open Memorial Day, Commissioner Bell Says

Frankfort, May 18 (Sp.)—Beaches at all Kentucky state parks will open Memorial Day, May 30.

Among these will be the new facility at Lake Malone State Park, near Greenville, and Boonesborough, newest unit among the 34 state parks and shrines, according to Parks Commissioner Robert D. Bell.

Lodging accommodations at all but three state parks are now open for the season. Yet to open are the lodges at Cherokee, near Hardin; Natural Bridge, near Slade; and Buckhorn Lake, near Hazard.

The new lodge at Natural Bridge tentatively is scheduled to open the second week in June and the new lodge at Lake Buckhorn the last week in June, Bell said.

Supervised recreation programs, extended this year to all vacation-type parks and to Levi Jackson, will begin June 10 and continue through Labor Day.

KIRCHNER AT BUCKHORN
A new park superintendent has been named for Buckhorn Lake State Park, near Hazard, and a general manager at Greenbo Lake State Park, near Greenup, State Parks Commissioner Robert D. Bell has announced.

Clair B. Frost, 45, formerly superintendent at Buckhorn Lake, has been transferred to Greenbo as general manager and Kenneth F. Kirchner, 55, until recently a park manager trainee at Jenny Wiley, now heads the Buckhorn Lake park.

NO HONOR

Fourteen coaches who had teams entered in last week's Eastern Kentucky regional track meet here in Prestonsburg agreed to abide by the National Federation of High School Track rules, which permit a youth to enter four (either or) events. The K.H.S.A.A. states that a youth may not enter more than three running and one field event.

Three schools had boys entered in four running events. Prestonsburg was one of the three and had the best qualifying time in the mile relay. By 10 a.m. last Friday morning, five different schools had already called the commissioner's office to state that Prestonsburg had violated the rules, although all coaches unanimously agreed the previous night.

The commissioner's office had no alternative except to disqualify Prestonsburg's mile relay team. However, the coaches failed to keep the Black Cats from winning the regional and E.K. M.C. trophies.

Maytown's Bob Tallent will wear No. 2 on the Kentucky all-star basketball team which plays the Hoosier all-star squad June 20 in Louisville and June 27 in Indianapolis.

The Ashland invitational basketball tournament now has these seven schools lined up for the December meeting: Corbin, Covington Holmes, Louisville Male, Lexington Henry Clay, Paris, Meade Memorial and host Ashland.

The Eastern Kentucky regional baseball tournament will begin play in Ashland's Central Park, Wednesday with six teams participating.

Ashland, Rowan County and Paintsville have already won berths while the Floyd county affair is yet to be decided.

The high school regional golf meet is set for Friday at 9 a.m. over the Paintsville Country Club course. More than 100 youths will compete for the right to enter the state golf meet. Eddie Worland, Jr., Billy May, Claude McKenzie, Steve Webb and Dana Stephens will represent the Black Cats.

Chalmer Howard and Johnny Herald, three-year veterans on the local track team, are expected to become Eastern Kentucky's first qualifiers in the finals of the state track meet in the 100-yard dash and high jump. Only one youth—Mike Kirwan, Atherton—has jumped higher than Herald this season.

Defending champion McDowell nipped Martin, 4-3, in the opening game of the district baseball tournament at Drift, Monday afternoon.

Shelby county exceeds all other Kentucky counties in the production of milk and is one of the leading dairy counties in the United States.

To All 65 or Older

All Floyd residents 65 years of age or older are entitled to receive, without cost, hunting and fishing license. I invite all of this age group to call at my office and get their free license to hunt and fish.
