END OF FIRST YEAR NEARS FOR COLLEGE

FINAL EXAMS BEING HELD THIS WEEK

Teachers Are Invited To College May 8th; Student Aid Sought

Final exams are under way at the Prestonsburg Community College this week, and the end of the first year of regularly scheduled work at the college will end with the week's work.

Registration for summer school will be held June 10 and 11, and classwork will begin on June 14, the last for enrollment.

The founding year of the college ends on a triumphant note as enrollment has far exceeded expectations and as it is indicated that 500 or more will enroll here next September.

The strong influx of students poses a problem, it has been pointed out, which belongs to the community as well as to the college. This is the problem of housing for those students who live at such distances that daily travel is not feasible or is impossible.

One of the last scheduled events of the present college year is High School Teachers' Visitation Day, Saturday of this week, to which all high school teachers of the area have been invited.

One purpose of the day is to seek to establish solid relations for the benefit of all of the students of the area. "We would like to tell the teachers what we are trying to do and how we are

This Town . . . That World

Punctuation means a lot. Take these words, "Still fishing," for example.

"Still-fishing!" could mean, "Be quiet, you dope! —can't you see I'm fishing?"

"Still-fishing" would mean a fisherman was sitting quietly, fishing with a minnow or worm.

"Still fishing?" would be a question that doesn't merit an answer.

THANKS FOR THE MEMORY

I was vexed with myself last week for forgetting to print in this column a malicious, little item about three fellows I know sheepishly admitting that they had spent the week-end fishing at Lake Cumberland. Then, after five other young and old hopefuls had dashed off to Norris on the same mission and had returned with pretty near the same results, I counted among my blessings a fickle memory.

FISHING TIP

Pondering upon such misadventures, I sorter envy four-year-old Jimmie Moore, of Pyramid, who also failed to catch anything on a venture to the creek, a few days back. But on the way home, he let his worm-baited hook drag on a length of line behind him. Result: A greedy chicken was led home by the wickener.

ON MY OWN PETARD

For some years now I have been pestering members of our Sunday School class about being absent. Last Sunday, I was among the absentees, and this week came a note from Walker Cline:

"I trust you will come to Sunday School next Sunday—'cause you will need a double dose." You know, I had expected something like that.

Presbyterian Church Sets Groundbreaking For Sunday, May 23

An invitation is extended to each individual in the Prestonsburg area and especially to the church members of the area to attend the ground-breaking of the Presbyterian Church at the site of its new building on the Auxier road, across from Radio Station WDOC at the northern end of the Green Acres housing development.

The ground-breaking will be held at 2:30 p.m., May 23, and will consist of the actual ceremony of breaking of the ground and brief greetings from civic, business and religious leaders of the community.

Contracts for construction remain to be awarded.

SURFACE JOB SET MAY 17

Sidewalk Work Begun But Blacktop Delayed; July 8 Is Deadline

Facing a July deadline, the Adams Construction Company indicated this week that it will not resume Prestonsburg street surfacing till around May 17.

Some sidewalk work has been done this spring. Most of Lancer's sidewalks remain to be built, and roughly a third of those in New Lancer are not completed.

Although heavily loaded with highway surfacing contracts, Adams Construction expects to complete the work here ahead of the deadline date, John Hill, engineer for the city, said he had been told. One of the company's road jobs, Ky. 7 on Salt Lick Creek, is not scheduled for work till July. The company has been doing work recently on the road from Lancer to Jenny Wiley State Park, preparatory to surfacing.

2 TO LEAD HEADSTART

Board of Education Names Two Teachers; Lunchroom Plans OK'd

Harry James Wallace, English teacher at Prestonsburg high school, was named Saturday by the Floyd County Board of Education to head Operation Headstart in Floyd county, and Miss Lexie Allen, assistant principal of Maytown high school, was named his assistant.

The appointments become valid when the Headstart program in this county is financed by the Office of Economic Opportunity. The program is designed to give preschool children of low-income families the benefits of training equivalent to kindergarten.

At the same meeting the board accepted final plans drawn by G. L. Shannon, architect, for the Garrett school lunchroom, and authorized Shannon to prepare plans for the repair of the front of the Melvin school building.

It was said that the board did not name a successor to Bill Wells, board member in Division No. 1, who resigned recently. The board has 90 days from the date of his resignation to fill the vacancy.

A check in the amount of \$1852 was accepted from the Ford Foundation, to be used in supplying scholarship aid to needy high school and college students. The board authorized Superintendent Charles Clark to endorse the check to the scholarship committee headed by Eva Allen Horn. The scholarship fund to this county came through the offices of the Council of the Southern Mountains.

A year's leave of absence was granted John Calvin Martin, member of the high school faculty here, who has accepted a full scholarship to Cornell University to do advanced study in the field of science.

Superintendent Clark was authorized to offer for sale the David gymnasium building. The school building there was razed after its discontinuance last year when the Clark elementary school was completed.

Mrs. Frances Branham was employed as grade school teacher here to fill the vacancy created by the illness of (See Story No. 5, Page 6)

THE YOUNGSTERS DO THEIR BIT, TOO. Joe Buchanan, Prestonsburg grade school pupil, is shown presenting a \$50 check to H. B. Ranier, president of the Prestonsburg Park Board, at the school last Thursday morning. Other members of the Park Board in photograph are Mrs. J. D. Adams, at extreme left; Mrs. Mary Jane Harkins, next to young Buchanan, and Harris S. Howard, at extreme right.

The youngsters, seventh and eighth grade members of the Coed-Y, led by Mrs. Kathryn S. Frazier (second from left), raised their contribution by staging a talent show.

Two nights later, Zebulon Masonic Lodge here voted to prepare a baseball field at the park and to equip it. Other groups are already at work on phases of the total park effort.

Grading was completed last week for tennis courts and one or more basketball courts at the park.

POLL BOARD IS SELECTED

Three Commissioners For Floyd Are Named; Challenge Is Hinted

Appointment of Floyd county's three-member election commission was announced Tuesday by the state election commission — two days, some say, later than the law provides.

The new appointees are Glenn Burchett, Democrat, and William (Bill) Darby, Republican. Sheriff Henry C. Hale is the third member by virtue of his office.

The appointment is for one year. Some talk heard here indicated the appointments may be attacked because they were not made by the May 1 deadline provided by state law.

The list of persons applying for absentee ballots will be posted Friday, County Clerk C. Ollie Robinson said. They totalled, as of Wednesday morning, about 315—far below the large number anticipated.

Newsome Victim, May 2 At Pikeville Hospital Following Long Illness

Charlie Newsome, a disabled miner, died at Pikeville Methodist hospital, May 2, following an illness of 17 years. He was 38 years old and was a son of Daniel and Rhodina Hamilton Newsome.

His widow, Mrs. Alma Doris Kiser, survives, as do two daughters, Lucille and Vivanna, both at home. Brothers and sisters surviving are John B. Newsome, of East McDowell, Chester Newsome, Mrs. Mary Alice McKinney, both of Craynor, Mrs. Dakota Hamilton, Mrs. Susanna Howell, both of Grethel, and a half-sister, Mrs. Shirley Mae Hamilton, of Detroit.

Funeral services were held Tuesday morning, May 4, at the Old Regular Baptist Church at Teaberry. Burial followed at the Joe Reynolds cemetery at Beaver under direction of Hall Brothers Funeral Home.

FLOYD S. S. PAYROLL \$301,793 A MONTH

During 1964, 6,125 Floyd countians received \$301,793 a month in Social Security benefits, according to Thomas L. Read, district manager, Social Security Administration district office, Pikeville. Mr. Read noted that the year's total of more than \$3,500,000 is a significant contribution to the economy of the county.

Further statistics showed there were 1,624 retired workers and 500 disabled workers from the county who received monthly benefits during the year. This means, it was pointed out, that there were more than 2,000 workers that had reduced or no earnings due to old age or disability. These individuals received a partial replacement of their earnings by Social Security benefits.

The families of these workers were also protected and paid monthly benefits if all requirements were met.

RUM RAIDERS ARREST TWO Troopers, ABC Agents In Raids on Salt Lick And Estill Last Week

State police and ABC agents collaborated last Thursday in two more liquor raids in the Right Beaver Creek section of the county, arresting two men and confiscating a sizeable haul of intoxicants.

State Trooper Don Goble and ABC Agent Claude A. Flanery arrested Bill Sexton at a small store building at the mouth of Raccoon Fork of Salt Lick and confiscated 192 cans of beer, 35 pints of wine and 12 half-pints of whiskey.

At the same time State Trooper Paul Fraim and ABC Agent Randolph Stamper were arresting Junior (Red) Martin at Estill and confiscating from his premises 181 cans of beer, 11 half-pints of whiskey and gin and a pint of wine.

Both men were charged in Magistrate Zeb Ousley's court with selling and possessing intoxicants. Their trials were set for June 12.

Henry Barnett, of the Floyd-Magoffin section of Middle Creek, was jailed here Friday by Sheriff Henry Hale after Magoffin county officers had arrested him on a charge of raping a 12-year-old Abbott Creek girl. The alleged offense was committed April 19, officers said, but Barnett's whereabouts were not known till last week.

Others jailed within the week: Gene A. Turner, arrested by Parole Officer James Duff on a charge of violation of parole (See Story No. 4, Page 6)

CATS DEFEAT FOUR TEAMS

Slone and Goble Top Regional Track Marks In Meet Here Tuesday

The Prestonsburg high school track team copped its fourth track meet of the season Tuesday night, defeating four visiting schools on the local track.

Total points were: Prestonsburg, 90; Jenkins, 28½; Louisa, 25; Paintsville, 16, and Flat Gap, 13½.

David Clifton and senior Paul Tackett were the individual leaders with 14 points each. Clifton won the high hurdles and high jump and was a member of the winning 890 and mile relay teams, as was Tackett, who also copped the 100-yard dash and broad jump.

Junior Larry Slone bettered the regional record in the 800-yard run as he sped the distance in 2:02.5, in addition to leading off the mile relay. Pole vaulter James Derossett tied the regional mark with a vault of 10 feet, 6 inches, and senior Gary Goble ran the 220-yard dash in 22.6, best ever in Eastern Kentucky.

Former Allen Minister, Rev. Campbell, Assumes Pastorate at Lancer

The Rev. Cohen Campbell, former pastor of the Allen Baptist Church, will preach his first sermon as pastor of the Lancer Baptist Chapel at the mid-week prayer service tonight (Thursday).

Besides his work as fulltime pastor at Lancer, he will work with the Rev. W. D. Jagers, pastor of Irene Cole Memorial Baptist Church here, in the mission program of the church. The local church voted two weeks ago to call him to the Lancer pastorate upon request of the congregation there.

The Rev. Campbell has been pastor of the Allen church for five and a half years. He and his family will move here within a few weeks.

AUXIER WATER HELD SAFE AFTER TESTS

Dr. Russell L. Hall, county health doctor, said this week, in response to numerous inquiries, that the water supply at Auxier is now safe for all household uses.

A new water system has been installed there. Last year, while work on the system was under way, the school there was closed temporarily and the water was considered unsafe because of a lack of filtration and treatment facilities.

An attempt was made at that time to establish a water district, but Forrest Music, owner of the new system pointed out that he

These officers are President, Claude Swiney; vice-president, Albie Burchett; secretary, Harold Cooley; treasurer, Jimmy Burchett. The new board of directors is composed of Bobby Crager, Estill Lee Carter and Vance Mitter.

Ted Hicks now president of the organization, will serve the club until the new officers are installed at a banquet, June 4.

BODY OF TOT RECOVERED

Left Beaver Creek Search for Victim Ends Last Friday

The body of three-year-old Anna Doris Yates was found Friday afternoon, four days after she had drowned in Left Beaver Creek at Hunter.

Recovery of the body ended a night-and-day search which had continued since shortly after the child toppled from a low-water bridge near the home of her parents, Denzil and Josephine Meade Yates.

Ancl Turner, of the Garrett Area Civil Defense, and State Mine Inspector Willard Stanley, of Martin, found the body approximately 500 yards downstream from the scene of the tragedy.

Surviving the victim, besides the parents, are 11 brothers and sisters: Stephen, Danny, Gwen, (See Story No. 6, Page 6)

MAY INSANE, PLEA HEARD IN DEFENSE

Wife Whom He Shot Tells How Husband Slew Her Parents

Headmon May escaped a death sentence Tuesday at the hands of a Floyd county jury which held him guilty of the murder of his mother-in-law, Mrs. A. B. Hobson, of Harold, and fixed his sentence at life imprisonment.

The jury of 11 men and one woman received the case at 10:40 a.m., and word did not reach the courtroom that a verdict had been reached till 7:15 p.m.

May was the second man in recent months to stand trial in the new courthouse here, accused of multiple murders. Roy Salisbury was earlier convicted of the slaying of Mrs. Roy R. Denney, one of three persons shot to death near Drift, and was sentenced to die in the electric chair by a jury of Pike countians.

May is also accused of the slaying of his father-in-law, A. B. Hobson, and of shooting and wounding his wife, Ruth Hobson May.

The jury's verdict was received by the defendant without show of emotion. His attorney, Francis Dale Burke, obviously relieved on hearing the life verdict, waived the right to poll the jury.

A defense based on the claim that the defendant was temporarily insane, backed by testimony of a psychiatrist and that of relatives and acquaintances in both West Virginia and Kentucky, defeated the contention of the Commonwealth that May deserved capital punishment.

May's wife, testifying for the state, told of seeing May point a gun at her father and begin shooting, then of her mother being shot, and of her own flight into the yard where she was followed by her husband, hit on the head with the revolver and then shot in the leg. She added that her husband then flipped the cylinder of the weapon and left. She hobbled to the back door of the home, and it was then, she said, that May returned and shot her again, telling her, "I'm doing what I told you I would do." She testified that he had earlier told her he intended to kill her parents and cripple her.

Mrs. May said she then crawled over her father's body in the dining room to where her mother lay, then crawled into a bedroom where she hid from May.

Rosalind Tackett and Raymond Ratliff told of seeing May shoot his wife.

A LETTER TO FLOYD COUNTY VOTERS FROM THE DAUGHTERS of JOE W. LEWIS

Dear Friends:

We sincerely ask your support for our father, Joe W. Lewis, a candidate for Floyd County Sheriff. A vote for him is a vote for yourself and your county because his greatest desire is to have excellent law enforcement and to work with you for the betterment of Floyd county.

We vouch for his following qualifications:

- 1. EXPERIENCED:** He has a clean record of nine year's distinguished service as a deputy.
- 2. INDUSTRIOUS, CONSCIENTIOUS:** He always answered calls for help — night or day. He served at social functions — pie suppers, ball games, etc.—when needed. He kept our roads a safe place to travel. He organized an all-out campaign against crime and illegal activities. He will do the same.
- 3. FAIR, HONEST:** He treated all people alike. None received special favors. He will do the same.
- 4. DEDICATED:** He wants to try to stop crime in Floyd county. He will cooperate with all law enforcement officers to organize a fight against crime.

He has had enough experience to know how to serve you as well as anyone else can.

Very truly yours,

GEORGIA LEWIS BARNETTE

Mrs. Joe Buchanan, president of the Prestonsburg Woman's Club, and Mrs. R. V. May, first vice-president of the Kentucky Federation of Women's Clubs were guests of Miss Lena Porter, governor of the Seventh district, to the Spring Luncheon of the Pikeville club last week. The luncheon, held at the Starlite Bowling Lanes, was attended by about 70 members and guests. Mrs. Hamilton, of Bardstown, state president, brought greetings from Mrs. Edward T. Breathitt, who could not be present. After the meeting, a tour of some of Pikeville's homes was enjoyed by the visitors.

VOTE FOR A QUALIFIED AND EXPERIENCED CORONER

JAMES J. CARTER

I wish to take this opportunity to thank the many people who are helping me in my campaign for re-election for Coroner. Many of you have called me or come by to see me. Without your help and support, I would be as the minister in the pulpit with no congregation to hear the message.

During my tenure of office, the importance of Coroner has been elevated as it should be and should be kept. It isn't just an office to be filled, for it deals with your loved ones and friends. There isn't an office of more importance than the office of Coroner. You, the voters, have realized this fact and expressed it by the overwhelming majorities you have given me in the past.

You know that you have a Coroner in office now who is reliable, dependable, efficient, available, honest, sober, experienced and qualified.

Many of you are familiar with my record, but for those who aren't—here are the facts:

I was born in Floyd county and spent all my life here, except for college years and army service in World War II. After graduating from Prestonsburg high school and taking two years pre-medical study at Eastern Kentucky State College, I entered the Cincinnati College of Embalming and graduated with honors. In World War II I served with the United States Army Medical Department as a surgical technician in the operating room. On my return to the states I took a refresher course at the Kentucky School of Embalming at Louisville, Kentucky. I took the State Board examination for funeral directors and embalmers and passed with high honors. Since I was first elected to the office of Coroner I have attended every state convention or seminar. I have attended three national conventions—being a delegate from Kentucky at two of the national seminars, and I served on the hospitality committee and some of the procedure and planning of the entire program, moderator of speaking sessions, and entertainment of guests from the entire United States and Canada was given to me. I have served as a member of the Board of Directors of the Kentucky Coroners Association and as a member of the legislative committee since 1952. I am also a vice-president of the Kentucky Coroners Association.

Perhaps some of you are wondering what all these facts have to do with my race for Coroner. Just this: I feel I have the background of experience, and knowledge, and education that qualifies me as your Coroner. This is an office of dignity and respect, knowledge and experience. Together we can keep it so. No one knows when the services of a qualified Coroner will be needed for one of our loved ones or friends.

I wish I could visit every home in Floyd county but this isn't possible. So I am appealing to my friends to talk to their friends and ask them to vote for and support me in the coming election.

Remember when you cast your vote that you are voting for the best interest of your friends, yourself and your family. You know you have a Coroner who is qualified by education and experience who has served you well and will continue to do so. My past record speaks for itself. No matter where or at what hour you may need the services of a Coroner, you know I'm available and capable of performing my duties. I will serve you in the future as I have in the past.

Sincerely,

JAMES J. CARTER

To Scotch a Rumor . . .

JOE WHEELER LEWIS STATES PLAIN FACTS

Some of my opponents have undertaken to damage me in my race for the Democratic nomination for Sheriff by spreading the rumor that, if I am elected, I will put my brother, Mack Lewis, in as my chief deputy.

In reply to that rumor, let me put it as plainly as I can:

I promise the people of Floyd county that, if I am elected their Sheriff, NEITHER MACK LEWIS NOR ANY OTHER PERSON WHO HAS BEEN CONVICTED OF A FELONY WILL EVER BE A DEPUTY OF MINE.

I hold for my brother the brotherly love that is natural. But our mutual regard for each other does not lessen my duty to the people of this county. I would not have Mack as my deputy, and I am sure he would not have the job if it were offered to him.

I do not believe in personal attacks or mud-slinging. I am running my own race, leaving other races for the candidates who are seeking those other offices. Because other men are wanting the same office I seek is no reason for me to want to damage them in any way or to hold hard feelings against them. If any of the candidates for Sheriff in this primary want to travel around over the county with me, they are welcome to join me. I will furnish the car—it won't cost them a penny.

I am the father of 14 children. My oldest two have graduated from college, three are still in high school and four are in grade school. These children of mine and your children deserve a better county in which to grow up, live and do their life's work. To that end, and to the end that law and order may prevail in our county, I pledge my every effort when I am elected your Sheriff.

On no other basis would I presume to ask the people of this county to help elect me.

Sincerely,

JOE WHEELER LEWIS FOR SHERIFF

CONFUSED? WHY GAMBLE? ELMER BOWE

For MAGISTRATE District No. 2

Safe—Sober—Sound

To Voters of Magisterial District No. 2:

The Primary election campaign is drawing to a close. I wish to thank you and express to you my deep gratitude for your support and encouragement you have been kind enough to give me in my race for Magistrate of District No. 2. The encouragement has been extended throughout the district. Since it is a physical impossibility for me to meet each of you personally as I would like to do, I am using this means in making my appeal to you. Some candidates will use treacherous and desperate means and methods, unprincipled in their promises as desperate men will use desperate methods of deceiving you. Don't be deceived. I am in this race to the finish and any false rumor that I will withdraw is not true. I never show cowardice in the face of the enemy. Your friends will tell you they are sincere, and enemies are really so. A quitter never wins and a winner never quits.

If we must build, we must build together. Let's never become tarnished or rusty in our aim in making District No. 2, and Floyd county, a better place to live. We march on easily because we all are marching together. It is only by virtue of unity we can accomplish the many developments and improvements we so badly need in District No. 2 and Floyd county.

The multitude which does not reduce itself to unity is confusion. March to the polls in May 25 Democratic Primary and follow the crowd . . . Vote BOWE. Don't be assassinated on the assembly line by the Absent Dealers. No. 4 on your Ballot.

Sincerely and respectfully,

Your friend,

ELMER BOWE

Entered as second class matter June 18, 1927, at the postoffice at Prestonsburg, Kentucky, under the act of March 3, 1879.

Congratulations, All Concerned!

This week marks the end of the first year of regularly scheduled classwork for the Prestonsburg Community College, and congratulations are due all around.

The college surpassed expectations in its initial enrollment, and it promises to be at the capacity of its present physical properties when it begins its second year's work, next September.

Facilities at the college itself, housing for students, the necessity for an enlarged faculty—all these present problems. But it is good to have problems which growth and progress create.

The college is meeting vital human needs, reaching those who desperately need reaching, creating a cultural climate that was sadly lacking, bringing higher education to whet the intellectual appetite of youth who, in turn, will introduce an intellectual leaven which will work beyond their own life-span.

This first year, we surmise, has been full of problems for Dr. Campbell and those who have worked with him at the college. But solutions have been found with a minimum of fuss and pother; to the layman's eye all has moved smoothly, and that is an achievement in itself.

So, congratulations, all around—to those who conceived and worked for the founding of the college, those who continued to work and who still work; to the director and those who work with him; to the students who have been in that first class and had a part in something as fine as it is new; to Floyd county, neighboring counties and, most of all, to Prestonsburg which in this college has found honor and good fortune beyond anything we expected.

"Eliminate" Is The Proper Word

The Board of Engineers for Rivers and Harbors has indicated that it is at least partially aware of the financial inability of communities such as Paintsville and Louisa to raise one or two million dollars as their share of dam construction cost in return for recreational benefits the two towns could expect to realize. The Board now says the payment requirement may be modified for communities such as these.

The engineers hope the Appalachian Development Act will take care of most of the community share of the cost. But "modified" isn't the word; it should be "eliminated."

If the purpose of flood control will be served enough to justify these reservoirs, and if communities downstream from Paintsville and Louisa will benefit, as surely they will, there remains no reason for either of these towns or any other in Appalachia to be assessed even a part of the cost of projects such as these.

It is true that communities profit from recreational benefits resulting from such impoundments. Dewey Lake and scores of others attest to that. But all is not profit: counties lose many hundreds of acres of land to taxation when the federal government acquires title and the waters rise.

Besides, no single community or county can correctly be held the sole beneficiary from these impoundments. Paintsville and Louisa may well get the lion's share of recreational profits, but these extend far out, reaching restaurants, motels, suppliers and others over a wide area.

This Water Project Recreation Act opens up a wide area of possibilities, none of which are overpractical. It could be a veritable Pandora's Box of befuddlement. Shall the federal government extend this matter to roads and parks and national forests and demand that every community realizing benefits from them pay a part of the cost? And how far down the road do you go in pursuit of the dollar that is so scarce in areas such as this?

Will these dams help protect towns and farms and hamlets and even cities, miles on downstream? Are they worthwhile in a region under constant threat of flood? If the answer is "Yes," then let the federal government get on with the job, without imposing an onerous, even impossible, burden on communities which already are shouldering a heavy load.

SOLICITS YOUR SUPPORT FOR MAGISTRATE District No. 1

Since becoming your candidate for Magistrate in District No. 1, I have been able to see most of you and talk to you personally. However, being a working man, it may be impossible for me to see every one before election day. I think it only fair and right that I give the public a look at my family and wife's family in order that you might better know for whom you are voting. It is only natural for a candidate for public office to solicit the support of his and his wife's family. However, this is not all the support that I solicit and want. I am asking for the support of all who believe that it is in the best interest of our district in particular and Floyd county in general that I be your next Magistrate.

My great grandfather was Wiley Slone who married Amanda Bradley Slone. My grandfather was Branch Whitaker who married Mae Slone Whitaker. My grandmother Whitaker had the following sisters and brother: Tora Slone who married Millard Hamilton, Lou Slone who married Jim Owens, Betsy Slone who married Jot Nelson and Butler Slone who married Sis Whitaker.

I married Billie Jo Fitzpatrick and have two sons, Kenneth 14, and Michael, 9 years. Billie Jo is the daughter of Bill Fitzpatrick and Mae Pitts Fitzpatrick of West Prestonsburg, Kentucky. Her paternal grandfather is Henry Fitzpatrick and her paternal grandmother was Alma Harmon Fitzpatrick. Her maternal grandfather was John L. Pitts of Spurlock Fork of Middle Creek, and her maternal grandmother was Frances Ousley Pitts.

I am the son of W. E. (Everett) Wells and Bessie Whitaker Wells, Prestonsburg, Kentucky, and have three sisters: Jacqueline Wells Sammons, Betty Sue Wells Depp, and Peggy Jean Wells Conley.

I think you will agree that I have demonstrated my interest in the youth of our community by having served fourteen years with your sons in Little League baseball, football and basketball. I am at present president of your Little League for this area. I pledge that my interest in these youth activities will not diminish when I become your Magistrate.

While serving as a member of the Floyd County Board of Education, I have been, and shall continue to be, interested in the education of your children after I become your Magistrate. The Fiscal Court and Board of Education must work closely together. I pledge the utmost cooperation with your Board in all matters concerning our children.

If elected your Magistrate I promise that I will be on the job twelve months of the year. I will give attention to your roads at all times, not just before election time. Road construction and maintenance will be done on the basis of need—not on the basis of votes. First consideration in roads will be given where needed to benefit school children—where they walk, where they are hauled by contract carrier, or where the school bus runs.

TO YOUNG FLOYD COUNTIANS:

This is to humbly ask for your vote and support for my candidacy for the office of County Judge.

The late John F. Kennedy in his Inaugural Address stated that the Torch had been passed to a new generation of Americans. In a few years from this date the Torch will again pass to a new generation of Americans, and you will no doubt have to assume a part of that burden.

For sixteen years I have continually renewed my faith in this new generation and with the power of my office I have made every effort to assist all young Floyd countians in this new role of leadership. It is my belief that a few words of kindness and encouragement will prepare the youth of today for the struggle of tomorrow.

Let me continue in my present role as your County Judge and your generation will be treated with kindness and respect for four more years by the personnel in the office of County Judge.

So let the word go forth from this date that the youth of Floyd county is supporting Henry Stumbo for the office of County Judge.

Mrs. McClanahan Dies Monday at Water Gap After a Long Illness

Mrs. Stella Warrick McClanahan succumbed Monday, May 3, to an extended illness at her home at Water Gap. Born June 9, 1918, she was the daughter of Mrs. Josephine Warrick and the late Add Warrick. She was the wife of Andy J. McClanahan, and was a member of the Free Will Baptist Church.

Survivors, other than her husband, are three children, Andrew and Gardner McClanahan and Mrs. Emma Jo LaFerty, all of Water Gap; and the following—brothers and sisters: Theodore Warrick, of Waldo, Ky.; Virgil Warrick, of Sarasota, Fla.; Curtis Warrick, of Water Gap, and Mrs. Gertrude Crum, of Van Lear.

Funeral services were conducted Wednesday afternoon from the residence at Water Gap, the Rev. Bill Davidson officiating. Burial was made in the Warrick cemetery under the direction of Floyd Funeral Home.

Our Yesterdays

(Items taken from files of The Floyd County Times of 30 and 20 years ago.)

Thirty Years Ago

(May 3, 1935)

Seven West Prestonsburg men were jailed Sunday morning, accused of burglarizing the railway depot there of 144 pints of legal whiskey... Henry Morris, 26, of Langley, and John Moore, of Knott county, will recover, it is predicted, from bullet wounds they received Saturday night... The Maggard-Fields Variety Store will open here Saturday... The first soft ball game ever played here was staged Monday afternoon by Coach C. V. Watson, with the high school seniors losing to the juniors... Home of W. S. Akers was destroyed by fire at Harold last week... Thirty-one Floyd youths left last Thursday for a C.C.C. camp near Pineville... There died: Andrew J. Spears, 48, at Pikeville, of injuries suffered when a tree fell onto him at Harmon's Branch; Kit Robinson, 31, Sunday at West Prestonsburg.

Twenty Years Ago

(May 3, 1945)

Mrs. Annie Stumbo this week sold the Beaver Valley hospital at Martin to Dr. Claude L. Allen, of Langley, Dr. J. W. Preston, of Pikeville, Dr. R. M. Sirkle, of Weeksburg, and Charles Moore, of McDowell, for \$60,000... The week's casualty list names four Floyd servicemen as killed in action—Pfc. Foster Hall, of Honaker, April 17 in Germany; Sgt. Bill Stephens, of Risner, April 6 on Luzon; Pfc. George Goodman, of Allen, April 14 on Luzon; Pvt. Harry Porter, of Prestonsburg, in the Pacific war theatre. The wounded—Pfc. George L. Click, of Ivel, April 13 in Germany; Pvt. Russell Crum, of Banner, in France... Sgt. Mont Gibson, Jr., of Prestonsburg, who was seriously wounded in France, is spending a part of his convalescence period in boosting the Floyd County War Bond drive... Mrs. Jane Gearheart, the county's oldest woman, died Saturday at Gearheart at the age of 100... G. C. Spradlin, former executive vice-president and cashier of The First National Bank, began work Tuesday as senior state bank examiner... Carl Douglas Branham, 6, of Lancer, was seriously injured Wednesday when hit by a car... W. A. Rose this week bought a half interest in the Hughes Drug Store from G. A. Cubertson... Palmer L. Hall has been liberated from a German prison camp, his wife has been notified here... Married: Miss Emma Marie Vass, of Stone, Kentucky, and T/Sgt. Woodrow Holbrook, of West Prestonsburg, April 17 at Stone... Born: To Capt. and Mrs. Jay M. Shields, of Camp Maxey, Texas, April 28 at the Paintsville hospital a daughter—Dinah Paige... There died: Janice Carol Holbrook, 1, fatally burned last Wednesday at Wheelwright.

The accused man did not testify. Dr. Champ Ligon, Lexington psychiatrist, testified that in his opinion the defendant at the time of the shootings did not understand the law and could not conform to it, and that even if he had known he could not have resisted the impulse to shoot.

On the other hand, Dr. Irroyen, head of the mental department, criminal section, State Department of Health, claimed that May was sane, though a borderline I.Q. case.

Relatives of the defendant, one of his Kentucky employers and certain acquaintances from West Virginia told of his mental aberrations, severe headaches and violent, impulsive acts.

Dr. Ligon described some of the tests he gave May at the jail here, pointing out, for example, that when he held before May a green worm the prisoner said it had the appearance of dangling arms.

State Detective Chester D. Potter, a state's witness, described the scene of the shooting — the location of the bodies, the cartridge cases found and the results of ballistic tests.

Commonwealth's Attorney Harold Stumbo was assisted in the prosecution by W. W. Burchett. Mr. Burke was assisted by Joe P. Tackett on the defense.

Empanelling of a jury began Tuesday morning, last week, and the 13th juror was not accepted and seated till Monday morning of this week. In all, 467 talesmen were examined before a jury could be qualified and accepted for a possible death verdict.

The trial of Willie "Jap" Harris, charged with the beating of Mrs. Catherine Akers, is scheduled for trial Monday.

Leading Pastors Coming Here For Simultaneous Revivals In Six Baptist Missions

What is believed to be the first simultaneous revival to be conducted in several missions in the Kentucky Baptist Convention will begin Monday, May 10, in six missions sponsored in this county by Irene Cole Memorial Baptist Church.

Pastors of six leading Baptist churches will come to this county at the expense of their own churches. Each will preach at a mission throughout the week at 7:30 p.m. daily.

trying to do it," said Dr. Henry A. Campbell, director of the college.

The visiting teachers will be welcomed by Dr. Campbell at 9 a.m. Saturday, with the Community College Chorus presenting a 15-minute program at 9:15. Meetings will be held in individual departments.

The college has applied for a project under the Appalachian bill which would bring to the college 124 high school juniors and seniors this summer who will primarily be selected on the recommendation of high school principals.

"We have asked for enough money," Dr. Campbell said, "to present a series of stimulating experiences in four academic areas and in foreign language. These will not be teaching experiences, as such, but will be designed to keep these topnotch students in school and to encourage them to continue their school careers on into a college program."

CONDITION UNCHANGED

Paul F. Harris, brother of Mrs. John Ed Shepherd, remains in serious condition at Park View hospital in Ft. Wayne, Indiana. Mr. Harris was injured in an auto accident, February 23. His daughter, Susan, is living here with Mrs. Shepherd.

PARDON MY BLANK STARE

"Bootie" Salisbury McMurray writes from Nashville a note that has me in the market for the services of a hypnotist or for a book on self-hypnosis. Says a man who appeared on a TV show there sported a nice head of hair and that he vowed he was as bald as a door-knob till he was 70 when he hypnotized himself. If you meet me and I fail to speak, don't get sore—I'll be in a trance and sprouting.

EUREKA!

Which gets us around to the story of the fellow who raised rabbits and was losing them faster than they could multiply—which is quite fast. Finally, he loaded up his truck with dead rabbits, took them to a veterinarian and asked him to do autopsies till he learned how come.

But for all his probing and studying the vet could come up with no diagnosis. "I can't find anything wrong with these rabbits except that they're dead," he told the man.

He pondered the matter some more, then asked: "What have you been feeding these rabbits?"

"Oh, the usual diet, and some goat's milk."

"Goat's milk, you say! That's it! Didn't I tell you three years ago that that greasy kid stuff would kill every hair you've got?"

"HOW THE WEST WAS WON"

Academy Award Winner

TO THE VOTERS OF FLOYD COUNTY:

I was born at Emma, Floyd county, Kentucky, March 5, 1912. I received my elementary education under my uncle L. C. (Crit) Leslie and graduated from Betsy Layne high school, later attended Pikeville College and graduated from Morehead State Teachers College. I have coached and taught at Betsy Layne high school, Wheelwright high school and was principal at Auxier high school. Have also served four years as policeman and patrol officer at Prestonsburg, Kentucky. For the past four years I have been book custodian for the Floyd County School Board. My record speaks for itself.

When I am elected Sheriff, I will stand by and enforce to the Nth degree my oath of office.

To the mothers and fathers of teen-age children: "I would counsel, advise and treat them as you yourselves would."

My deputies will be of good character, honest, sober and efficient, and I want the good people—the ministers and church-goers—to help select my deputies.

I will set up a law enforcement body to be on call for service or duty to any part of the county twenty-four hours per day.

If you drink, don't drive! A complete laboratory will be set up in the Sheriff's office to test the amount of alcohol consumed by the suspected driver.

If you believe in strict law enforcement and a better Floyd county, then join me in the Democratic Primary to be held May 25, 1965.

Sincerely yours,

DAVID B. LESLIE

Alice Lloyd Award Goes to Miss Cobb For Work As a Poet

Pippa Passes, Ky. — The first annual Alice Lloyd College Award in Appalachian Poetry was presented to Ann Cobb for her work entitled, KINFOLKS, as part of the events of the Art Festival held May 1 at Alice Lloyd College.

The Alice Lloyd College English Department and the college library were involved in the presentation of this award. The Hindman Settlement School accepted the award on behalf of Miss Cobb, who spent several years there as a teacher.

The purpose of this award is to call attention to the tradition of Appalachian poetry and in this particular case honor Miss Cobb, one of the great personalities who identified herself with mountain culture and expressed the spiritual and moral integrity of mountain people.

Albert Stewart, a leading mountain poet, and professor of English at Alice Lloyd College, was a student under Ann Cobb at the Hindman Settlement school. Like Alice Lloyd, founder of Caney Junior College (now named Alice Lloyd College in her memory), Ann Cobb came to the Kentucky hills during the second decade of the Twentieth century to devote her life to the fight in overcoming the backward ways in education and to struggle for educational progress in the mountains.

Dixon Is Among 66 At Engineers' Camp

A Floyd county student, Carl Douglas Dixon, is one of 66 University of Kentucky civil engineering students attending this year's engineering camp at Kentucky Lake State Park.

The group, under the supervision of John Dearlinger and Tom Morgan, two faculty members of the department, will perform surveying tasks, map highway locations and do topographic charting.

The students' participation will gain them course credits and aid in future development of the state park.

Dixon is the son of Mr. and Mrs. Carl Dixon, West Prestonsburg. He was graduated from Prestonsburg high school and is a junior at UK.

George Washington Carver Scorned Wealth While Creating Industries

While creating multi-million dollar industries by his experiments with peanuts, soy beans and other farm products, George Washington Carver refused any increase in his \$125-a-month starting salary during his 46 years on the Tuskegee Institute faculty.

This is revealed by Lawrence Elliott in "Beyond Fame or Fortune," a new biography of the famous Negro scientist, published in the May Reader's Digest.

Often he delayed cashing his salary checks until the treasurer protested and frequently he gave them to needy students. He refused to go to work for Thomas Edison at \$100,000 a year. A dye-stuffs firm offered Carver a laboratory and a blank check. He sent back the check with formulas for 536 dyes that he had discovered.

When Florida peanut planters sent a box of diseased specimens with a check and offer of a retainer, he diagnosed the disease and returned the check. "If the good Lord charged nothing to grow your peanuts," he wrote, "I do not think it fitting of me to charge anything for curing them."

Spurred by Carver's research, America's peanut crop, Elliott writes, today is our sixth most important agricultural product. The two billion pounds harvested each year are worth close to 300 million dollars to the farmer and another 200 million to industry.

In addition to the admiration of scientists everywhere, Carver

won the friendship of Presidents Theodore Roosevelt, Calvin Coolidge and Franklin D. Roosevelt, and also of Henry Ford, the industrialist. Ford and Carver visited each other for years and Ford named a Dearborn school for him.

Three years before he died on January 5, 1942, Carver, who never married, gave his life savings of \$33,000 to the Carver Foundation to provide more facilities at Tuskegee for research. Other gifts followed and the foundation now has a two-million dollar building.

Congress passed unanimously a bill by Sen. Harry S. Truman creating the George Washington Carver National Monument on the site of the farm near Diamond Grove, Missouri, where Carver was born a slave in 1862.

As friends and neighbors of Clyde Jarrell we take this means to urge the People to elect him Magistrate of Dist. 1.

We have known Clyde for many years. Despite the loss of his right arm he has always worked at any job available. He is active in the Baptist Church and will get up at the hour of midnight if he can give a helping hand. He is sympathetic to poor people because he has known poverty all his life. He will do everything in a Magistrate's power to expand the work programs for Floyd county. We urge you to vote for Clyde Jarrell for Justice of the Peace—No. 6 on the ballot.

**Gov. Breathitt Proclaims
 May 2-8 Immunization Week**

Governor Edward T. Breathitt has proclaimed May 2-8 as Immunization Week in Kentucky. In issuing the proclamation, Governor Breathitt joined with the Kentucky Medical Association and other state organizations in urging all Kentuckians to check their own family immunization needs.

"Kentucky's compulsory immunization law requires that all parents, guardians, and other persons having care, custody, or control of any child under 18 years of age, shall have the child immunized against diphtheria, tetanus, poliomyelitis, and pertussis within 12 months after birth," Ralph D. Lynn, M.D., Elkton, Chairman of the KMA Public Health Committee, said.

Doctor Lynn pointed out that since the immunization law was passed, safe, effective vaccine against measles has been developed, and he urges that parents

also get their children properly immunized against this disease. The law states that unless his religion forbids it, no child under 18 years of age will be eligible to enroll as a student in any public or private elementary or secondary school without first presenting a certificate from a duly licensed medical or osteopathic physician stating that the child has been immunized against diphtheria, tetanus, and poliomyelitis, or that such immunization would be injurious to his health.

"Proper immunization will provide our families with the protection we need from these dreaded diseases," Doctor Lynn noted. He stressed, however, that to maintain such a record, immunization must be a year-round program; and that not only school-age children, but adults and pre-school age children as well, should avail themselves of the vaccines which afford protection against these death-dealing diseases. Doctor Lynn encourages maintaining the permanent immunization record given to mothers by their family physician or the local health department.

**Article Says 60,000
 Cubans Rioting in
 Castro's Prisons**

More than 60,000 Cubans are "rotting in unbelievably foul hells" because they have opposed the Castro regime, reports Gustavo de los Reyes, now in the United States after surviving four years of such imprisonment. He describes his experiences in a May Reader's Digest article, "Imprisoned by Castro."

"Cuba has at least 48 prisons, detention centers and concentration camps specifically for those men and women who have dared to defy Castro," writes the Cuban author, who now lives in Palm Beach, Florida. "All are overcrowded, disease-ridden — and run with iron fists."

The slightest signs of "counter-revolutionary" attitudes, such as avoiding "volunteer" sugar-cane cutting on week-ends, can bring imprisonment. An elaborate neighborhood spy system keeps a flood of accusations rolling in, with children encouraged by authorities to inform on their parents.

Conditions in these jails are unbelievably wretched, says de los Reyes. If physical punishment fails to break a prisoner's spirit, psychological pressure usually succeeds.

Starvation is common among prisoners. In the camp where the author was imprisoned, a 50-gallon drum of coffee-flavored water served as "breakfast" for hundreds of men. Other meals usually consisted of a watery solution with a few shriveled vegetables thrown in. Malnutrition was the inevitable result; many prisoners lost all their teeth, having to gouge them out themselves because of the lack of medical facilities. Others developed tuberculosis and dysentery.

Adding to the misery was unrelenting pressure by communist guards to convince prisoners that they've been abandoned by the free world, and that acceptance of Red doctrine holds their only hope for relief.

"I am lucky to be alive," says de los Reyes. "Yet I am sick at heart. Is it too much to expect that the United States should rally the free nations in an unceasing, uncompromising demand for an end to this infamy?"

**PINBALL CRACKDOWN
 ASKED BY GOVERNOR**

Frankfort, Ky.—Governor Edward T. Breathitt has called upon local law enforcement officials to crack down on certain pinball machines that a federal court has ruled are gambling devices. These are new-type machines on which the U. S. Internal Revenue Service requires a \$250 federal gambling tax stamp. Breathitt asked mayors, county judges, sheriffs and other local officials "to locate, confiscate and remove those machines on which payoffs are actually being made."

The Internal Revenue Service has reported that 1,730 persons and firms have purchased the \$250 stamps for 2,558 of the coin-operated gambling devices in Kentucky, Breathitt said. The Governor offered local officials the help of State Police, the Attorney General's office and agents of the Alcoholic Beverage Control Board in enforcing Kentucky's anti-gambling laws against the new-type machine. Breathitt said State Police would begin cracking down on the machines after 30 days.

Last month U. S. District Judge Henry L. Brooks ruled at Louisville that the machines for which the \$250 stamp had been purchased were gambling devices per se. The ruling is being appealed.

Breathitt pointed out that,

pending a decision on the appeal, the state can take action against the machines only with evidence that pay-offs are actually made. "These devices not only violate our laws that relate to gambling," Breathitt said, "they constitute a corrupting influence on many thousands of our citizens and divert funds that are often urgently needed for legitimate uses. They can swallow a hard-earned paycheck, including money for food, medicine, rent and clothing, within a matter of a few hours or less."

The state has sent information on the number and location of the devices to local law enforcement authorities.

If elected Sheriff I shall employ SALARIED DEPUTIES that won't have to make unnecessary arrests in order to have an income.

All deputies will wear UNIFORMS and drive MARKED CARS so that they can easily be recognized and shall be men that are RESPECTED by the citizens of this county.

I'm sure all the people of Floyd county are aware that these things must be done before we can have TRUE LAW ENFORCEMENT.

The Sheriff's office will be dedicated to the protection of the people and their rights, operating with EFFICIENCY and COURTESY.

Let us have good law enforcement for four years. Vote for CHARLES E. BRADLEY—"The People's Candidate."

★
**To the PEOPLE
 of
 FLOYD COUNTY:**
 ★

Four years is a short time. I am now in the fourth year of my first term as your County Attorney. During this time Floyd county has made more progress than any period in its history.

As your County Attorney the last four years have been marked by positive leadership, progress and service to ALL our people. Let's look at the record.

A RECORD OF SERVICE TO THE DEMOCRATIC PARTY:

I have served as President of the Young Democrats of Kentucky; President of the Floyd County Young Democrats; National Committeeman from Kentucky; member of the Democratic State Central Executive Committee; Co-ordinator for John F. Kennedy in 1960; Speaker's Bureau for Breathitt for Governor in 1963; Committee for Kentucky for Johnson-Humphrey in 1964.

Because of this background in party affairs I have been able to help Floyd county get its fair share of all federal and state programs. My work for our Democratic Party qualifies me to act in close cooperation with state and federal officials. I know we have accomplished much in the last four years and much more can be done. I believe the people know I can help and be of greater service because I know the people in Frankfort and Washington. I have proved I can get things done for Floyd county.

RECORD OF PLANNED PROGRAMS OF PROGRESS:

As your County Attorney we have accomplished the following programs:

1. New Courthouse.
2. Clearing and snagging Right Beaver Creek.
3. Food Stamp Program.
4. Unemployed Parents Program.
5. Community College.
6. Anti-poverty Program, Advance Planning Money, \$23,900.00. One of the first counties to qualify and the staff has been hired ready to move ahead.
7. Extensive Rural Road Program.

Every home in Floyd county has benefitted by these programs. It is just the beginning. If we continue to cooperate with all officials we can get more. During the last four years Floyd county has a record of getting the most first—We must continue on this road of planned progress.

RECORD OF LAW AND ORDER:

I am against organized crime and bootlegging. During my term as County Attorney the forces of organized crime have failed in their attempt to take over in Floyd county. My firm stand on the prosecution of bootlegging and all crimes has kept the crime organization from taking over. I will continue this fight! —I will continue to cooperate with the Governor's office, State Police, ABC Agents, your Sheriff and all interested law enforcement agencies to curb organized crime and especially bootlegging. Let me say again I appreciate the help and cooperation of the ministers, churches, P.T.A. groups and citizens in helping in this fight. I ask you to stay with me in this fight for law and order.

A RECORD OF KNOWING THE PEOPLE AND THEIR PROBLEMS:

It is necessary for a man to know the people he serves and understand their problems. The people must know their County Attorney. Does he know them? Is he a man who can understand and give friendly, efficient service to ALL the people? I have had experience in the County Attorney's office. I have worked hard and given leadership and service to ALL our people. I believe the people know me. Ask yourself, Do you know the other candidate for office? How will he do? Should we change?

I was born and raised in Floyd county. I attended the schools of Floyd county. I grew-up and played ball with your children. I know the people and have a great desire to render great public service to all our people.

I ask your vote and support for County Attorney, so we can look forward to four more years of continued progress and service.

To the People of Magisterial Dist. 2:

I guess by now most of you have made up your minds for whom you will cast your vote on May 25. You have probably analyzed all of these promises that have been made to you, and from the past you know that most of them don't amount to a hill of beans.

I've lived in Floyd county all my life. I've been an employee of Kentucky West Virginia Gas Company for 43 years and am now retired. I have never been in politics before.

I have waded mud and water all my life, as you people have. I thought that the road I lived on was in pitiful shape. But since visiting you people I found that many of you are a lot worse off than I am.

I will work for a road up every hollow. I will support buying a portable rock crusher. I will devote full time to the job. I will promise you that if a problem arises I will bring it to you and we will sit down and work it out together, and when you need me I won't be hard to find. I'll try my best to help all the people, not just some of them. I will appreciate your support.

So on May 25 get out and vote — if not for me, the man of your choice. That is one of our privileges that we have left.

Here is a little reminder:
I am No. 1 on the Democratic ballot for Magistrate in District 2.

I thank you.

D. L. (DAVE) BENTLEY

A Democrat for State Representative

A man's record comes to light and speaks for itself. Due to the Floyd county registration record that was given in the Herald-Dispatch, April 17, I would like to state these facts:

I have been a registered Democrat for more than 30 years. I have been active in the Democratic party, both state and county, for that time.

I was elected on the Democratic ticket for State Representative for the 1960-1962 term.

My record shows I co-sponsored and fought for all bills to help the people.

On this record I ask your support.

Estill Man Victim Of 10-Year Illness Friday at His Home

Watt Martin, 83, died last Friday at his home at Estill following an illness of ten years. A retired farmer and miner, he was first married to Birdie Patton and after her death he married Sally Conley Martin, who survives. He was a son of the late Joe and Lou Martin.

Survivors other than his widow are three sons, Charles, Watt, Jr., and Joe Martin, all of Estill; three daughters, Mrs. Katherine James, of Louisville, Mrs. Lou Barnett, of Cincinnati, and Mrs. Doris Campbell, of Wayland. Two sisters, Mrs. Susie Martin, of Greenup, Kentucky, and Mrs. Kate May, of Cincinnati, also survive.

Funeral services were conducted at the home Saturday morning, May 1, the Revs. Green Boyd, Kelly Martin, and Bill Amburgey officiating. Burial was made in the family cemetery at Estill under direction of Hall Brothers Funeral Home.

For Magistrate

I am still a candidate for Magistrate in District No. 2 on the Republican ticket, and I appeal for the support of the voters at the May 25 primary election. Your support will be greatly appreciated.

UK Professor Notes Passing of Nostrums, Folk Remedies of Yore

Nostalgia for the springtimes of the old days when sassafras tea or sulfur-and-molasses prepared a man to face the hot summer months "with thin blood and health" may linger with a few of the elderly and rural-oriented among us, but such nostrums of yore rapidly are becoming a part of our folklore, notes a University of Kentucky professor.

Dr. Howard Hopkins, chairman of the Department of Pharmacy in the UK College of Pharmacy, says that Americans "are the most health-minded people in the world," and that they no longer will tolerate the old-time drugs, "because we have learned not to settle for second rate when the best is available."

Sulfur-and-molasses and the other "folk" drugs served a useful function in their day, the UK professor comments, "but our people have become more sophisticated, and because modern drugs offer them an assurance of getting well, I'm sure most people will agree when I say 'they can have the good old days,' as they look forward to added years of health."

Dr. Hopkins adds that some of the old drugs are still available, but they will have "a real rough road" in the future and eventually will "fall off the vine, and into history."

He said the first Food and Drug laws of 1906 stated simply that drugs sold in interstate commerce could be neither adulterated nor misbranded. In 1937, new legislation added the requirement that drugs must be "safe," and after the recent thalidomide episode, new laws in 1962 dictated that drugs now must be proved "effective."

With the new laws came new labeling requirements. Suggested dosages are in more detail, and warnings such as "desist if dizziness occurs," and "must not be given to children under six years of age," now appear on the labels of what Dr. Hopkins calls "across the counter medicines," those obtained without prescription.

Because Americans want the best medicine that is available when they have a need for it, today's number one miracle drug may be displaced to the junk pile tomorrow, as a newer, more "miraculous" one, is discovered.

For this reason, pharmaceutical companies plow tremendous sums into research, probably more so than any other U. S. industry, "to build a better, more effective pill."

Dr. Hopkins believes that criticism toward the high cost of drugs is unwarranted, and that miracle drugs are available today because drug companies are willing to risk millions of dollars in research to make them available.

"True," he says, "fears that their product may be on the junk pile tomorrow keeps them researching for new medicines, as they anticipate competitors' discoveries that could put them out of business. But because this competition exists, we have found many of our miracle drugs." He could not recall a single new drug introduced in the Communist countries in the previous 25 years.

"Expensive medication is a matter of relativity," he adds. "A person who contracts pneumonia can spend \$25 for the new anti-biotics and be back on his feet and at work in a few days, whereas in pre-antibiotics days he would be off work for several weeks and his chances for regaining his health would be far less."

In the old days, as a physician moved with the frontier, he carried with him a supply of drugs. He maintained his own apothecary, but as his supply became exhausted he turned to indigenous or Indian plants that were available to him in his new bailiwick.

"Despite the tendency today to discount those old medicines, they were, in many cases, effective," Dr. Hopkins says. He adds that the "placebo effect" may have had much to do with it, "because if a person believes that a medicine will help him, and the medicine contains no harmful ingredients, then chances are good that he will respond to it. Experience has shown that one of three persons will tend to respond to a placebo-type medication."

Under present Food and Drug laws, Dr. Hopkins says, any drug that is on the market, whether a prescription item or an across-the-counter medication, must meet what it claims that it will do, or it will be removed from the market by the Food and Drug Administration.

New marketable drugs in the future will be recommended toward more specific ailments, Dr. Hopkins says, but adds that as they do so, the potential for hazard increases. The drug must be tested a long time, with any indicated side effects as a result of its consumption noted and followed through in new testing before it is finally given a go-ahead by the FDA.

In the springtime, as the sap rises in the trees and you want to shake off the sedentary, sluggish days of winter, Dr. Hopkins says he would recommend a cup of sassafras tea, that is, if you have a taste for this brew.

"It may not cure all your ills," he says, "but it won't hurt you, and if you believe that it will help you, then it probably will make you feel better."

The UK professor concludes: "Frankly, I like the taste of sassafras tea. I drink it whenever I get it."

To the People of Magisterial Dist. No. 2

As you all know, the election is drawing near, and the power and privilege is in your hands to choose who will be your next Magistrate.

I am a Democratic candidate for re-election, and I have tried very hard to make your tax money do as much good as possible. We have built several new roads and bridges, and I am sure that if you will just think back you will say all of the roads in our district have been improved. Yet I say that they are not good enough.

If re-elected, I will continue to do all I can for you — for better roads, peace and goodwill and a sober and honest conduct of the office of Magistrate.

I will appreciate your support at the primary election May 25.

WOMEN from time as far as history records have played important roles in moulding our Country's Ideals, in Religion, Education and above all the teaching of **CHRISTIAN MORALS** not only in our homes but throughout the world.

WOMEN have volunteered their services in time of war; and all performed heroic service at home and with the Armed Forces abroad. Never have they failed to answer the call for help in the time of need.

WOMEN serve unselfishly in time of national or local disaster; you find them on the scene rendering service to mankind.

WOMEN serve as teachers in our local schools; your children's guidance are entrusted to them daily, **THEY HAVE DONE** and **ARE DOING** a splendid job in moulding their character, morals and habits for the future.

WOMEN serve in our churches of all denominations, teaching our youth Christianity and the need for it in our every-day life.

WOMEN serve in our welfare programs and do social work of all types and kind to better the living standards of all our citizens, here again they excel in this work.

WON'T YOU GIVE ME ONE—ONE CHANCE to join the ranks of those who have contributed so much, that I too may add to their achievement by being the first woman to serve as your **COUNTY COURT CLERK?**

SPORTS AFIELD

By TED KESTING

It would be nice, but the fact remains you do not become an expert bass angler overnight. There are some tips, however, that will speed your progress and increase your luck.

First, you should get out and fish as often as you can. Work hard at it, long hours at a stretch. The second rule is interrelated: Use your head when fishing!

Be sure to fish when they're hitting best. Very often (especially in summer) this means early and late in the day.

Fish early and late in the season. Early spring has fast bass fishing—and it's generally easy, in shallow waters. But stay away for everyone's sake in the spawning beds. Actually, very late in the season is by far the best for really large fish—not only bass, but pike, walleyes, muskies and others.

Vary your fishing depth greatly. It's amazing how many ignore this highly important rule of bass fishing and always fish at approximately the same depth. On very rare occasions indeed, a bass will come up 15 feet or more to take a surface or shallow-running lure; ordinarily he won't go over six feet or so for one, and it's much the best to try to get it within three feet of him.

A good but not invariable general rule is that you'll find bass in rather shallow water only early and late in the day and early and late in the season.

Vary your retrieve. The general rule is that more reluctant a bass, especially a big one, is to strike, the slower the retrieve should be. Keep the lure teasingly near him. Exactly the same great variation of speed in retrieve works underwater. But remember that in both underwater and topwater retrieves, the chief thing is irregularity.

Try lures of various kinds. "Don't make the mistake of having a lot of lures all very similar in type and action. Have a wide range," recommends Jason Lucas, Angling Editor of Sports Afield Magazine.

Combs Family Ass'n Directors in Meet

The Combs Family Association's board of directors held its third annual meeting recently at the Campbell House, Lexington.

Gene Combs, of Hazard, president of the Association, presided. Other officers for 1965 attending the meeting were Mrs. Maurice Kaufman, Lexington, vice-president; Mason Combs, Pineville, secretary-treasurer; Mrs. Earle Combs, Richmond, historian; Denver Knuckles, Barbourville, secretary-at-large; Bert T. Combs, Lexington, chairman of the board of directors.

The date for the 1965 reunion was set for Sunday, August 15, 10 a.m. to 3 p.m. at Memorial gymnasium, Hazard.

The executive board voted to make the Combs reunion a major event for Perry county in Kentucky's 1965 Homecoming.

The attendance at the 1964 reunion totaled 1,500 and it is estimated that this figure may be doubled in 1965, since this is Homecoming year in Kentucky.

Ward Asks Candidates To Keep Posters Off State Rights-of-Way

Frankfort, Ky., April 30 (Sp.)—Highway Commissioner Henry Ward today issued an appeal to candidates running for public office to refrain from placing political posters or other campaign material on Highway Department right-of-way.

Ward said state law prohibits advertising on highway right-of-way, and Highway Department maintenance crews must remove advertising on the right-of-way wherever it is found.

"Besides detracting from the beauty of our roadways, these posters and signs become an unnecessary drain on the taxpayer's pocketbooks since maintenance crews have to use their time to remove them," Ward said.

"Therefore, I urge that all candidates please refrain from placing campaign material on right-of-way maintained by the Department of Highways."

HOW LOW CAN POLITICS SINK?

In my race for County Judge of Floyd county I have learned much about the needs of our people, their hopes, desires and ambitions. It has been a wonderful experience to meet hundreds of new friends and learn that they join with me in this effort to be elected. Like me, they envision a greater Floyd county, one in which they can rear their families with high hope and with much better prospects for the future than has existed before.

These good people are the ones I rely upon to support me in this race for County Judge. However, there are other people in this county who envision nothing but petty politics and the benefits of elective office. These people stop at nothing to destroy me and my candidacy for I endanger their entrenched positions. They are circulating lies as to my sources of income and would lead you to believe that I am the head of a vast, intricate network of liquor dealers.

Only the common sense of Floyd county voters is a defense against such a lie. My opponents neglect to point out that I have one of the best and largest dentistry clientele in this region and that I have other business interests, chief of these being a joint ownership of the Martin Drug Store which, within themselves, insure me a good living. I came up, as you know, the hard way. I have lived honorably and enjoyed the respect of thousands of Floyd countians. I have served in various public capacities and no trace of scandal or corruption has tainted my career. I wonder if as much can be said of those who oppose me.

Less and less you will hear this Big Lie, however, for there is such a thing as the Law of Diminishing Returns. Fewer and fewer people are willing to listen to character assassination. More and more people are exercising their common sense. A majority of our voters are interested more in a better Floyd county than in perpetuating a Stumbo in office.

If you are told that I am the king of the bootleggers, use your common sense and tell the character assassin this:

"Dr. Joe T. Hyden is an honorable man. He has had an honorable career and by dint of hard work and good business sense he has created a competence for himself. He has a fine family, a good wife from a good family and like us he wants to leave his children something besides tainted whiskey dollars.

"Dr. Joe T. Hyden has never been in public office and the whiskey ring, if one exists in this county, is not his creation. It is the creation of others. The piles of whiskey bottles and the thousands of beer cans in our public dumps were put there under his opponent's administration, not under Dr. Hyden's administration for he is not in office. He could do, like his opponent's supporters, charge that they head a whiskey ring but he won't stoop that low. He doesn't have to do it to win the office of County Judge."

That's what I trust you will tell these character assassins. That's what you should say when they tell you the Big Lie.

My defense to the Big Lie is the commonsense of the Floyd county voter.

I solicit your support and I pledge to you in the name of all good people and in the names of my wife and children to whom I want to leave an honorable career as a legacy that I will enforce the law without favor and fear. You are entitled to full enforcement of the law and I will not be satisfied to give you less.

FLOYD COUNTY NATIVE HEADS COLLEGE SERIES

To be of further service to parents and teachers in this area Pikeville College will offer a two hour workshop in August dealing with all areas of mental retardation.

Richard D. Howard, formerly of Hueysville, will be director of the workshops.

This will be the first of four such workshops to be offered at the college. It will be followed in successive years by specific studies dealing with the language arts, social studies and mathematics as they pertain to retarded persons.

This initial course, which will be conducted August 16-20, will be exploratory in nature. The class will be open to teachers for credit and for parents who desire to participate for non-credit.

The workshop will endeavor to survey the entire field of retardation, and will center around the needs of those who enroll for the course. Interested persons should write the college for further information.

The director, Mr. Howard, attended Pikeville College in 1949-1950. He received his B.S. degree from Eastern Kentucky State College and taught at Wayland for one year prior to going to Miami, Ohio. Mr. Howard is married to the former Lurline Reed, of Lackey. He received his master's degree from Miami University and has done further study at the University of Dayton, Wittenberg University, Ohio State University and the University of Cincinnati, where he is currently pursuing his doctorate in special education.

Howard is currently directing the work-study program for educable retarded students at West Carrollton, Ohio. He researched

and formulated the program in both the junior and senior high schools. He has also been one of the leaders in the formulation of the national organization dealing with mental retardation, the Division of Mental Retardation of the Council for Exceptional Children. As membership chairman of the division, he has seen it grow to 2,000 members in two years.

PERSPECTIVE

BY ROBERT J. HASTINGS

RELIGION AND HEALTH

In a recent speech at the University of Louisville, Dr. Norman Rothermich pointed out that excessive fear or anxiety may help to bring on arthritis. He also explained that excessive anger may induce high blood pressure and heart disease, and that excessive frustration may encourage ulcers. He was careful to point out that these are not the only causes, but that emotions do play a vital role in many illnesses.

It has been said that there is not a single one of the ten trillion cells in the human body which is not affected to some degree by one's mind. And another doctor, E. A. Strecker, writes, "It is not an overstatement to say that fully 60 percent of the problems of the acute stages of an illness . . . have their primary origin not in the body, but in the mind of the patient."

This means that a sound religious faith benefits the believer not only morally and spiritually, but also physically, because faith is a powerful antidote to fear, frustration and anger. All other factors being equal, the person with a mature Christian faith will be healthier and stronger than his non-believing neighbor. This is how one prophet expressed it centuries ago, "Thou wilt keep him in perfect peace, whose mind is stayed on thee" (Isaiah 26:3).

TWO-LEGGED BUZZARDS

A policeman from one of the communities devastated by the Palm Sunday tornado which raged through six states was interviewed on radio. "As soon as the storm subsided," he said, "looters came from out of town. We weren't bothered by local residents—but it was these outsiders who drifted in to steal from the dead and injured."

Nature provides buzzards and vultures which clean the countryside of dead animals. And it seems that human nature also provides two-legged vultures who are always ready to take advantage of the unfortunate (whether it is picking the pockets of an unconscious traffic victim or looting the contents of a store or home wrecked by a storm). While many rush in to help the victims of disaster, there are always a few who rush in to help themselves.

Here are two basic ways of looking at life: What is there in it for me? Or how can I be of service to others? Few of us can spend all our time thinking about others, but we can remind ourselves that the world is full of other people—people with feelings, with hurts, with needs, with privileges. This trait was characteristic of Christ, as evidenced by his explanation that He "came not to be ministered unto, but to minister, and to give His life a ransom for many" (Mark 10:45).

ORDINANCE NO. 5-65

An Ordinance of the City Council of the City of Prestonsburg, Kentucky, Authorizing and Instructing the City Attorney of the City of Prestonsburg, Kentucky, To Take Steps To Annex As A Part of the City of Prestonsburg Certain Territory, Lying Near the Northern City Limits of the City of Prestonsburg, On the East Side of U. S. Highway 23, Being Known As the May Property, and Containing 19.09 Acres, More Or Less.

Be It Ordained by the City Council of the City of Prestonsburg, Kentucky, As Follows:

SECTION 1. That the City Attorney institute an action and file a petition in the Floyd Circuit Court, within thirty (30) days after the adoption and required publication and advertisement of this Ordinance, according to law, to annex as a part of the City of Prestonsburg the following described territory:

\$1,000 IN CASH OFFERED TOP FORESTRY FARMERS

The search is on again for the top farm foresters in Kentucky and Southern Indiana.

Woodlot owners can win cash prizes totaling \$1,000 in the 11th annual Tom Wallace Farm Forestry Awards competition, sponsored by The Courier-Journal, The Louisville Times, and WHAS, Inc.

Top prizes in the contest, named in honor of the late editor-emeritus of The Louisville Times, is \$500. The second prize winner will collect \$200.

An improvement prize of \$200 will be given that farmer who has made the greatest improvement in his farm woodlot during the contest year—August 12, 1964 to August 11, 1965. The second place improvement prize is \$100.

Certificates of merit will be awarded to the top farmer in each county from which five or more entries are submitted. The top prize winners will receive their awards at the annual Farm Awards Luncheon next February in Louisville.

Entry blanks may be obtained from your local forest-

er, banker, county agent, soil conservationist, or by writing to the Public Service Department, The Courier-Journal and The Louisville Times, Louisville, Kentucky 40202.

Deadline for entering is August 11.

To the VOTERS of FLOYD COUNTY:

I would like to let you all know my background for the past 40 years.

1. I have been a member of the Old Regular Baptist Church for the past 40 years.

2. Over the same number of years I have been the laboring man's friend and have worked with them as a Union man.

If I am elected, I will serve every mother's boy alike, as if they were my own; and if they were unfortunate enough to get in jail, they shall be

permitted to call home, if they wish, and without charge.

I will serve you all as Jailer to the best of my ability and will be kind and courteous to all, as I have been in the past. I will appreciate your help and support. The only way I can serve you will be by the help of you good people.

Your Friend,

GEORGIE TACKETT

TAX COMMISSIONER

- ★ Son of the late WAYNE ALLEN, of Right Beaver Creek
- ★ Accountant, 6 YEARS' COLLEGE
- ★ 4 years MILITARY INTELLIGENCE
- ★ My outfit that I was with in KOREA won the PRESIDENTIAL UNIT CITATION
- ★ Former KENTUCKY STATE TROOPER
- ★ Taught 5 years in FLOYD COUNTY SCHOOLS

When ELECTED TAX COMMISSIONER, I will hold INCOME TAX SCHOOLS at the eight high schools at night so as to teach people how to fill out their own INDIVIDUAL INCOME TAX RETURNS, both STATE and FEDERAL.

Each year SEVERAL THOUSAND people pay various other persons to fill out their INCOME TAX RETURNS. This SERVICE Will be AT NO CHARGE TO YOU. I CAN PERSONALLY SAVE MANY TAXPAYERS OF THIS COUNTY FROM \$10 to \$15 each. This would ADD UP TO A SAVINGS FROM ALL OF YOU COMBINED TO APPROXIMATELY \$40,000 each year. NO SERVICE OF THIS NATURE HAS EVER BEEN OFFERED BY ANY TAX COMMISSIONER IN THE ENTIRE STATE. I NEED YOUR SUPPORT ON MAY 25—YOU CANNOT STAY AT HOME AND ELECT ME.

"Progress" -- A One-Man Effort?

THROUGHOUT THIS CAMPAIGN THERE HAVE BEEN REPEATED STATEMENTS MADE BY MY OPPONENT RELATIVE TO THE DEGREE OF PROGRESS MADE IN FLOYD COUNTY DURING HIS TENURE AS COUNTY ATTORNEY. A CASUAL GLANCE AT NEWSPAPER ARTICLES, HIGHWAY BILLBOARDS AND SIGNS WOULD LEAD TO THE CONCLUSION THAT ALL THAT HAS HAPPENED IN FLOYD COUNTY FOR THE GOOD HAS BEEN ACCOMPLISHED SOLELY BY THE EFFORTS OF MY OPPONENT.

I DO NOT MEAN TO MINIMIZE THE IMPORTANCE OF ANY OF THE PROGRAMS AND PROJECTS WHICH HAVE COME OUR WAY, BUT I DO BELIEVE, IN ALL FAIRNESS TO THE MANY PEOPLE WHO PARTICIPATED IN THIS WORK, THAT THE TRUE STORY SHOULD BE TOLD. IN THE ITEMS LISTED IN HIS RECORD OF PROGRESS THE COUNTY ATTORNEY PLAYED A LIMITED ROLE.

YOUR COUNTY ATTORNEY CITES THE FOLLOWING PROGRAMS WHICH I WOULD LIKE TO COMMENT ON.

(1) NEW COURTHOUSE:

The first effort to construct a new courthouse began in 1960, before my opponent took office. A \$7,500.00 planning advance was made available for preliminary plans and specifications. On this occasion I made a trip to the Housing and Home Finance Agency in Atlanta, Georgia, along with the County Judge, the Architect and a Prestonsburg banker. At that time, as well as later, the new courthouse project was being initiated in conjunction with the City of Prestonsburg and the Prestonsburg Municipal Housing Commission.

In January, 1962, after my opponent took office, the Prestonsburg Municipal Housing Commission and myself, as Executive Director, approached the Fiscal Court and offered to purchase the old county property as a part of its Urban Renewal Project. From the very beginning, the new courthouse was a City-County Project. The best evidence on this fact is an excerpt from a letter written on October 10, 1963, from County Attorney Barkley J. Sturgill to E. Bruce Wedge, Regional Director of Urban Renewal, Atlanta, Georgia. The excerpt is as follows:

"This is to advise your office that the planning of Ky. R-43 and the construction of the new Floyd County Courthouse has been undertaken as a City-County Project. Preliminary discussions and negotiations were initiated immediately after January 1, 1962, with the election of a new City Council in the City of Prestonsburg."

"Mr. Latta and myself have worked closely in the planning of both the courthouse and Urban Renewal Project, in order that we might be able to take timely steps to expedite the ultimate completion of the total project, that is, construction of the new Floyd County Courthouse and installation of public parking facilities by the City of Prestonsburg. Without

It is not my intention to detract from any of the above programs or to make light of the efforts which may have been put forth by the present County Attorney. However, I could not fail to challenge the inferences raised by such statements. My point is simply this: Most of the programs would have become a reality even if we didn't have a County Attorney. PROGRESS is not the product of ONE MAN--IT IS THE RESULT OF THE COMBINED EFFORTS OF OFFICE HOLDERS AND CITIZENS, ON ALL LEVELS, WORKING TOGETHER!

My opponent's road signs make this statement: "DON'T STOP PROGRESS FOR ALL OF FLOYD COUNTY." He obviously infers that if you do not elect him as your County Attorney, all programs will stop. I earnestly believe that I have made a substantial contribution to the PRO-

the proposal of the Prestonsburg Municipal Housing Commission to include existing county property in its project, Floyd county would not be constructing a new courthouse, and public use of the existing courthouse property is being discontinued solely because of the undertaking of the Urban Renewal Project."

Mr. Sturgill's letter would seem to indicate that many other people made worthwhile contributions toward the construction of our new courthouse.

(2) CLEARING AND SNAGGING RIGHT BEAVER: This project was planned and programed by the United States Army, Corps of Engineers and would have been completed if JOHN DOE had been County Attorney.

(3) FOOD STAMP PROGRAM: The food stamp program was begun in 1961 by the United States Department of Agriculture as a PILOT program in Floyd county, Kentucky, and McDowell county, West Virginia. The planning for this program was well advanced prior to my opponent taking office in January, 1962. In fact the first deposits which were made to the Food Stamp Account at the First National Bank, Prestonsburg, Ky., were made in June, 1961, SIX MONTHS BEFORE MR. STURGILL TOOK OFFICE AS COUNTY ATTORNEY.

(4) UNEMPLOYED PARENTS PROGRAM: This program was initiated under the Administration of the late John F. Kennedy. The program started in 1963 with a 100% Federal Grant and has been supplemented with Federal funds authorized under the ECONOMIC OPPORTUNITIES ACT (Anti-Poverty Program) and in recent months by one-quarter matching state funds. Floyd county was selected to participate in this program by statistical data processed in WASHINGTON and FRANKFORT. The parents working under this

program were selected on the basis of their income and NOT BY MY OPPONENT. If credit is to be given for this program I should think Congressman Carl D. Perkins would be high on the list.

(5) COMMUNITY COLLEGE: The Prestonsburg Community College is a result of the combined efforts of literally hundreds of people. The Governor's Commission for the Study of Education recommended the program to the legislature which subsequently passed the enabling legislation. The people of Floyd county rallied to the cause; COAL MINERS, DOCTORS, BANKERS, BUSINESSMEN, RADIO STATIONS AND NEWSPAPERS, TEACHERS AND EDUCATORS, AND YES, SCHOOL CHILDREN gave their time, dollars and pennies to acquire the land upon which the college now sits. I participated in that project as the attorney who prepared the articles of incorporation of the Big Sandy College Development Corporation and now serve as its secretary. I also abstracted the title to a portion of the land. I performed all of these services FREE.

(6) ANTI-POVERTY PROGRAM ADVANCE PLANNING MONEY, \$23,900.00: The funds were acquired under the sponsorship of the FLOYD COUNTY PLANNING AND DEVELOPMENT CORPORATION of which I was a charter member and attorney, and now serve as a member of its board of directors. The work of this group has been carried on for many months by many persons from all over Floyd county. Mr. Sturgill became "active" ONLY after I announced my candidacy for the office of County Attorney. AGAIN the legal services performed by me were FREE.

(7) EXTENSIVE RURAL ROAD PROGRAM: The people who are served by rural roads are best qualified to comment on this item of "PROGRESS"!

RESS of Floyd county, but I have never deceived myself by saying "it couldn't have been done without me."

For the past four years I have been a salaried employee of the Prestonsburg Municipal Housing Commission. I have been charged with the direction of three Federal-City projects: (1) Prestonsburg Housing Project, (2) Courthouse Square Urban Renewal Project, and (3) Central Business Urban Renewal Project. In addition to my work as Executive Director, for which I was paid, I performed all legal services WITHOUT CHARGE.

I invite the public to inquire of the Mayor of Prestonsburg, any member of the City Council or examine the records of the Housing Commission concerning my activities in connection with City affairs. These records are open for your inspection.

"TRUTH or CONSEQUENCES"

EVERY MAN MUST RUN ON HIS RECORD--I FEEL THAT THE VOTERS HAVE A RIGHT TO ASK QUESTIONS AND INQUIRE INTO A CANDIDATE'S PUBLIC LIFE. FOR THIS REASON I HAVE SECURED PERMISSION FROM SCHOOL AUTHORITIES TO HOLD A PUBLIC MEETING AT THE MARTIN HIGH SCHOOL AUDITORIUM ON SATURDAY, MAY 15, 1965, AT THE HOUR OF 3:00 P.M. THE PURPOSE OF THE MEETING WILL BE TO ANSWER ANY QUESTIONS CONCERNING MY PARTICIPATION IN ANY PUBLIC PROJECT. AT THE SAME TIME I INVITE MY OPPONENT TO BE PRESENT ON THE SAME PLATFORM FOR THE SAME PURPOSE. I WILL WELCOME ANY QUESTIONS FROM THE PUBLIC OR MY OPPONENT. HE SHOULD NOT HESITATE TO DO THE SAME. THE NEWSPAPER IS NOT THE PROPER FORUM TO DISCUSS ISSUES IN A POLITICAL CAMPAIGN. THE PUBLIC SHOULD HAVE AN OPPORTUNITY TO SEE THE CANDIDATES AND HEAR THEIR ANSWERS, LIVE AND UNREHEARSED.

YOU HAVE A RIGHT TO KNOW!
