SPEAKING OF AND FOR FLOYD COUNTY

THURSDAY, JUNE 10, 1965

This Town . . . That World

IMPERFECT MEN MAKE MACHINES IMPERFECT

If it had to happen, we're glad it was Martin county and not Floyd that "jimmied" the voting machines. We're sold on the machine method of voting, but they're not beyond manipulation if there's an absolute unanimity of opinion among those in charge that manipulation is the thing to do.

This comment from Martin county:
"It used to be Mr. Green who counted—now it's the Lever Brothers."

Did you hear about the student who had so much of the rabbit in his system that he was afraid of a dog-eared book? Or the fellow who was so chicken he was afraid to open his mouth, lest he lay an egg?

COMPLETE DISGUISE

"Uncle" Mart Crabtree was telling the fellows at the courthouse, Wednesday, of the time when a "revenoer", name of John Hall, ventured into a lawless "river" section, down in his home state of Tennessee, years ago, and got himself killed by a moonshiner. Everybody in the vicinity was haled into court during the investigation as the law made a determined effort to learn the identity of the killer.

"Did you see this man John Hall shot?" a lanky individual was asked.
"Not exactly," he replied.
"Do you know who shot him?"
"Not exactly."
As the questioning persisted, the "witness" casually remarked that as near as he could make out the fellow who shot the revenue agent was disguised.
"Disguised? What sort of disguise did he have?"
"Wa-al," drawled the witness, "as I recollect, he was a-wearin' a clean shirt!"

HOWARD RETURNS TO BOARD; TEACHERS FOR YEAR NAMED

Ray Howard, of Prestonsburg, returned Saturday to membership on the Floyd County Board of Education by vote of the board, filling the vacancy created by the resignation of Bill Wells, member representing Educational Division No. 1.

Mr. Howard, a former member of the board, was elected by unanimous vote of the three remaining members, took the oath of office and participated in a busy meeting of the body.

The afternoon session saw a contract awarded for construction of a building and the employment of teachers and other personnel.

Contract for construction of a lunchroom for the Garrett schools was awarded to the firm of Kendrick & Dyer on its bid of \$109,515. The structure will be an annex at the rear of the present Garrett high school building.

Teachers were employed on recommendation of Superintendent Charles Clark, who expressed regret that there are not enough places in the system for all qualified teachers. He pointed out this week that six or seven fewer teachers are needed this year because of a drop in the average daily attendance during the year recently ended. There are between 35 and 50 applicants who have degrees and are fully qualified.

"I hate like fury not to be able to find a school for every one of these," he said, "but there simply aren't enough places to go around." Clark added that he does not expect to have an emergency teacher in the schools this year. There are only four or five

'FAIR CASH VALUE' PLAN IS ORDERED

HIGH COURT SETS JAN. 1 AS DEADLINE

For Revised Assessment On Property in State; Floyd Listed at 29%

On penalty of misfeasance or malfeasance, tax commissioners of the state's 120 counties and the commissioner of revenue were ordered by the Court of Appeals Tuesday to assess all taxable property in the state at 100% of its "fair cash value," beginning next January 1.

First reaction locally to the mandate was that the result would be unbearable taxation, but it was pointed out that "fair cash value" assessment will enable taxing authorities to levy a lower rate.

The Appellate Court order may affect Governor Breathitt's plans for the special session of the General Assembly planned this month to meet a "crisis" in school finances.

County Clerk C. Ollie Robinson has received instructions from the Department of Revenue to delay preparation of the 1965 tax bills in this county till action is taken by the special session. The same instructions have apparently gone to all county clerks.

The court decision sweeps into the discard the long-standing practice in Kentucky of assessing property at a fraction of its real value despite the Constitutional requirement that all property shall be assessed at its fair cash value.

An example of the present mode of assessment is shown in the 1963 assessment figures by counties. Floyd county property was assessed at an average of 29% of actual cash value. Gallatin county was high with 37.7%, and Menifee low with 10.4%. The statewide average was 27%.

The Court of Appeals said it is aware that "100 percent perfection" cannot be achieved, and this was recognized in an old decision in which it was held that a differential of 5% was not sufficient to violate the principle of equality.

"However, we repeat that the Constitution and statutory law demand assessment of property at its fair cash value, and the people of this commonwealth and this court will no longer tolerate any substantial retreat from this standard," the decision added.

The court branded as "appalling" any suggestion that the long custom of violating the Constitution amounts to an "implied repeal" of its fair value requirement.

"We are dealing with our fundamental law," the judges asserted. "It is not outdated, or obsolete, or contrary to any policy we know of. The public has

10-Day-Old Infant Dies At Pikeville Hospital

David Anthony Mitchell, 10-day-old son of Smitie and Mary Scalf Mitchell, of Beaver, Kentucky, died June 8 at Methodist hospital, Pikeville. Survivors, in addition to his parents, are one brother, Larry Mitchell, and two half-brothers, John and Donald Williams, all of Beaver. Funeral services were held Wednesday at 10 a.m. Burial was made in the Elliott cemetery at Beaver, Hall Brothers Funeral Home directing.

GOBLE DIES OF INJURIES

Ivel Man, 24, Succumbs Saturday at Pikeville To Auto Wreck Hurts

Roger Lee Goble, 24-year-old Ivel man, died Sunday at Methodist hospital, Pikeville, of injuries sustained in the wreck of his auto Saturday night near Betsy Layne. The mishap occurred around 11 p.m. when Goble, driving alone, lost control of the car and went over an embankment.

Goble was employed as a coal shooter by the Black Diamond Coal Co., Grundy, Virginia. He was the son of Oliver and Jessie Endicott Goble and was married to Laura Faye Dameron Goble, who survives.

Other survivors are one son, Donald Lee Goble, and a daughter, Brenda Kay Goble, both at home; three brothers, Adrian and Oliver Goble, Jr., both of Ivel, and Burns Goble, Dwayne; three sisters, Mrs. Clara Ellen Golden, Chose Creek, Kentucky, Mrs. Edith Faye Click, Ivel, and Mrs. Jean Delores Click, of Betsy Layne.

Funeral services were held Tuesday at Tom's Creek Free Will Baptist Church, the Rev. James Harmon, Henry Crider and Bill Amburgey officiating. Burial was made in Davidson Memorial Gardens at Ivel, Hall Brothers Funeral Home directing.

Driver Test Papers Flood Department; Licenses Delayed

So many young people are passing driver's tests these days that the Department of Public Safety is far behind in its work of processing applications and permits, Circuit Clerk Frank DeRossett said this week.

As a result, as long as 11 weeks is being required for many new drivers to receive their licenses from Frankfort. Mr. DeRossett asked that those who are concerned about the length of time required exercise patience.

TWO ACCORDED HONORS. Mrs. Fanny Jarrell, left, who retired as a teacher after 45 years, and Lloyd Stumbo (shown here with Mrs. Stumbo), who resigned the principalship of the Prestonsburg elementary school, were presented gifts at a recent testimonial dinner sponsored at May Lodge by Prestonsburg elementary school teachers.

Retiring Teacher, Principal Of Grade School Honored

Two members of the Prestonsburg grade school faculty were honored May 27 at May Lodge, Jenny Wiley State Park — one upon retirement, the other as he transferred to another post in the county school system.

The honorees, Mrs. Fanny Jarrell and Lloyd Stumbo, were presented silver trays by other teachers in the school.

Mrs. Jarrell is retiring after 45 years in the schoolroom, with all but two spent here. Mr. Stumbo, who has been principal of the Prestonsburg grade school the last three years, is transferring to McDowell, his hometown, where he will be principal of McDowell high school upon the retirement of George L. Moore, another teaching veteran.

Mrs. Jarrell, who is the widow of Joe Jarrell, has taught every grade in the school here except the second, and her pupils, spanning three generations, number almost 2,000. She is said to be the first teacher in the grade school here to retire.

The gifts were presented the two on behalf of other teachers by Mrs. Kathryn S. Frazier.

3 PASTORS ARE MOVED

Ky. Conference Returns Roberts to Church Here; New Assignments Listed

Ministerial appointments made at the Kentucky Conference of the Methodist Church, held last week at Barbourville, returned the Rev. Adrian J. Roberts to First Methodist Church here for the second year of his local pastorate, but several changes in pastors were made in other Floyd Methodist churches.

Tom Madon, Asbury Theological Seminary student, was named pastor of the Community Methodist Church here.

At Allen Paul Pepon succeeded James C. Stratton, who was named to the pastorate of First Methodist Church, Middlesboro. Logan Whalen was transferred from Martin-Maytown to Stone, and Leonard Sumner was appointed to the Floyd pastorate. At Wayland-Garrett Tim Hume was succeeded by James Burge. Donald Guth remains as pastor at Wheelwright, as do Charles Elswick at Vogel-Day and Floyd Lafferty in the Dwayne Circuit.

Other ministerial appointments in the Ashland district: Advance Memorial, Robert Hart; Aldersgate, Alton Brown; Ashland Centenary, John Worthington; Ashland First, E. L. Tullis; Ashland Second, W. E. ONLY 1 SCHOLARSHIP LOST, 2nd SEMESTER

The average of all 20 scholarship recipients during the second semester at the Prestonsburg Community College last year was such that only one student will be dropped from the scholarship list when the college begins its second year, next fall, Dr. Henry A. Campbell, Jr., director, said this week.

To retain a scholarship the student must maintain a 2.4 average, or better, based on a full load of 12 or more semester hours and on courses which carry two or more hours of credit.

Representative W. J. Reynolds, Jr., of Allen, chairman of the college scholarship committee, recently stressed the need of scholarships to meet the needs of capable and deserving youths who need such assistance in order to attend the college here.

Dr. Campbell said that all students receiving scholarships, unless the student receives the grant from a specific person or organization, are written a letter which lists all of the community-minded persons or businesses which have given scholarships. He said the college feels that these students should know those who have contributed to their education, "because, in one sense of the word, every person or institution which gives a scholarship is aiding not only one student but is aiding every student who has been awarded a scholarship."

Institutions, concerns, or private individuals may award scholarships or grants to specific students or to students from specific high schools or areas if they so desire; however, it must always be remembered that students may drop so low that they will not be eligible under our conditions. Other students may achieve high grades and need the help of a scholarship. The college must retain a certain degree of freedom in the final awarding of all scholarships.

All high schools are asked to submit the names of needy and able students. All schools are asked to name at least three; however, the college reserves the right to either award the scholarships to these students or if it finds that there are more de-

SEWER LINK DATE IS SET

June 19th Deadline Set for Connections Of Homes, Businesses

Except for those few homes or businesses on the outskirts of Prestonsburg where sewer lines are not available, the June 19 deadline for all to connect with the sewer system is in effect and will be enforced, Dr. Russell L. Hall, health doctor, Floyd County Health Department, again warned this week.

"We have no other alternative," he said. "These open sewers are a menace to the health of the people, and the danger increases as the weather becomes warmer."

A recent survey showed that more than 50 residences or business houses in the corporate limits of Prestonsburg were not connected with the new city sewer system.

After Saturday, June 19, Dr. Hall said, the owner of any home or place of business which is not connected with the sewer system, except in those few cases where sewers are not available, will be prosecuted.

The health doctor said that in one or two sections of Prestonsburg it is difficult to determine if connection has been made. "The only way I know to solve that problem is to plug the old lines leading from such places. Then we'll wait and see what happens."

LIFE IN PEN PRONOUNCED

Judge Conley Sentences May in Hobson Death; Howard Also Sentenced

Sentence of life imprisonment for the slaying of his mother-in-law, Mrs. A. B. Hobson, was pronounced Wednesday morning on Headmon May by Circuit Judge Hollie Conley.

May's only reported statement was, "I want to get somewhere to a doctor." Shortly before the sentence was passed, May had discussed the long hours of overtime work he had done, immediately prior to the shooting of the elderly Mrs. Hobson and her husband at Harold, and had spoken of a pain in his head. An insanity plea was offered at his trial.

May was convicted May 4 at the end of a trial in which the death penalty was sought. It was at first planned to hold him prisoner in the county jail here till the September court term when his trial for the slaying of Mr. Hobson is planned.

Charles Howard, who entered a plea of guilty to child desertion, was sentenced Tuesday to a two-year pen term.

May and Howard are expected to be taken to LaGrange reformatory this week by Sheriff Henry Hale.

Hite Woman Victim Friday at Age of 84; Burial Is at Manton

Josephine Meade Estep, 84, died Friday at her home at Hite, having been seriously ill since last September. The daughter of Albert and Elizabeth Estep Meade, she was the widow of George Estep. She had been a member of the Regular Baptist Church for 20 years.

She is survived by five sons and four daughters: Wilburn, Elijah and Jodie Estep, all of Hite; George Estep, Albion, Michigan; William Estep, Detroit, Michigan; Lutie and Maggie

GATHERINGS SET AT PARK ON 2 DAYS

Famed Singing Group To Appear Saturday, Sponsored by Club

You-all come! There'll be singing and dancing and fiddlin' and guitar-playin' and a peek at the hills of home for those who too long have been away from home.

That was the invitation given this week as preparations were being made for the Floyd County Homecoming which begins here Friday and continues on into Sunday.

Music programs predominate in the arrangements, with Mrs. Edith F. James planning these features of the Homecoming.

At the new City Park Friday evening homecomers and their relatives and friends will see ceremonial Indian dances, English and American folk dances, hear folksongs that go back to early England—"Barbara Allen," "Little Mohee," "Play-Party tunes," "Weaverly Wheat," and the purely American "Skip-to-My-Lou," "John Hardy," "Cripple Creek," "Can't You Dance the Polka?" and "Prettiest Little Girl in the County-o," and others.

School and college groups, a string band and individual performers will lead Friday evening's festivities, a feature of which will be the appearance of the 1964 Miss Floyd County, Wheelwright's Sharon Collins.

Saturday evening at 8 the famed Thoroughbred Chorus, of Louisville, will appear at the Jenny Wiley State Park amphitheatre under the auspices of the Prestonsburg Kiwanis Club. This will be the only event to which admission will be charged. Fifty-two voices will render music from World War I days to the

"CHART AND COMPASS"

Fred Vinson, Jr., son of the late Louisa native who was chief justice of the Supreme Court, recently took the oath of office as assistant U. S. attorney general, and the Bible used was the one employed at every oath-taking by his father after he left Congress. Writes a Washington columnist:

The interesting thing about the Bible is that it was a wedding gift to the senior Fred Vinsons when they were married on January 24, 1923. On the flyleaf, the donor, a prominent Kentucky lawyer, wrote: "Chart and Compass for the Voyage." Twenty-three years later on their wedding anniversary the late Chief Justice Lawrence Groner of the U. S. Court of Appeals wrote under the first inscription and signature: "As the result of which he has kept his rudder true," and signed his name.

"TAXES"—NAUGHTY WORD!

That stuck-pig scream you may or may not have heard Wednesday morning was the reaction of property owners who felt the Court of Appeals had done a fair job of seeing to it that they will be neatly quartered and roughly drawn, come January 1.

Personally, I'm all for it. If our counties and our schools are worth maintaining, let's get it done, and let everybody chip in his honest share of the cost. But I am not naive enough to think one court order will be all that is necessary to get everybody's property assessed at fair market value.

We talk about the dole—how many accept a free ride, or the next thing thereto, in this matter of paying taxes?

Suppose all of us were to let our taxes go and sit back and watch them advertise our real estate for sale—what would happen? Nobody has ever yet forfeited an inch of real estate to Floyd county because he didn't pay his taxes; the property is advertised, names and amounts due go on a book, a few pay when and if the notion strikes them or if the property is transferred. End of sentence; end of the whole matter.

Another thought arises. It might not be necessary to sell real estate at all if tax collectors would "track" the law and levy on personal property first. If you want to get a taxpayer to "divvy up," just start out the door with his television set.

Thomas Jefferson is quoted as having told Chief Justice Marshall, "You have handed down your opinion—now, enforce it." Some would pass the same word on to the Court of Appeals.

AWAY FOR HOLIDAYS

Mrs. N. M. White and Miss Ella Noel White went to Mt. Sterling for Memorial Day weekend. They were accompanied by Mrs. Lillian Rimmer, who spent the week-end in Lexington with her daughter, Mrs. Richard Webb, and family.

To the Voters of Floyd County and My Many Friends:

I want to thank each and every one who voted for me or took any part in my campaign, to give me such an overwhelming majority of votes I received in the race for Jailer of Floyd county.

I want to thank each man and woman who has been confined in this jail for any length of time, for their cooperation. The Jailer has to have the cooperation of his prisoners and the Fiscal Court to do a good job, and I have had both the last three years.

I don't have any ill-feelings toward any of my opponents or anyone who was against me—we are still friends.

I am looking forward to trying to do an even better job the next four years as your Jailer. So thanks again, my many friends.

Our Yesterdays

(Items taken from files of The Floyd County Times of 30 and 20 years ago.)

Thirty Years Ago

(June 7, 1935)

The tippie, powerhouse and shophouse of the Sandy Valley Coal Company at Water Gap was destroyed by fire Thursday morning at an estimated loss of \$35,000. . . Two lifers in the county jail led a mutiny in the Floyd county jail Wednesday, but order was restored soon after the arrival of Jailer B. L. Sturgill. . . The Floyd County Board of Education awarded contracts for construction of 11 schools and school additions on bids approximating \$14,500. . . A demonstration featuring the burial of the "Yellow Dog" in effigy was staged at Maytown Sunday afternoon by members of the International Association of Oil Field, Gas and Refinery Workers and the United Mine Workers. . . Dr. Julian C. Harlowe, of Prestonsburg, was graduated Tuesday from the School of Dentistry, University of Louisville, with highest honors in a class of 32. . . There died: Mrs. Mary Hicks, 58, May 26 at Maytown; Mrs. Plurie Lyons, 36, Friday at a Martin hospital; Mrs. Carrie Carroll, 33, at a Martin hospital; Joe Pentik, of New Kensington, Pennsylvania, employee of the Golden Valley Shows, Sunday at Martin.

Twenty Years Ago

(June 7, 1945)

The town of Allen occupies an unusual position, its treasurer-clerk-tax collector, said this week—it owes nobody, and nobody, not even a taxpayer, owes it a penny. . . Reported as liberated from enemy prison camps are Cpl. Shirley Lewis, of Betsy Layne; Pfc. Austin Caudill, of Fed, and Pfc. Dingus Banks, formerly of Prestonsburg. . . The Big Sandy Baseball league was organized here Monday evening with W. A. Malone as president, W. C. Rimmer as vice-president and Fred Dickerson as secretary-treasurer. . . Prof. W. M. Caudill, onetime superintendent of Prestonsburg schools, has resigned his chair on the faculty of Murray State College to become president of Campbellsville Junior College. . . Capt. Paul E. Hayes, of Fed, has been awarded the Bronze Star for meritorious achievement as squadron armament officer of a B-24 liberator group in England. . . Samuel R. Hatcher, of Allen, who at the age of 13 was the youngest student ever to matriculate at Centre College, is a major in command of an engineer unit in the European theatre of war. . . Sgt. Doug Fitzpatrick has received his Army Air Force discharge after 129 missions with the air transport command in the Pacific war theatre. . . Second Lieut. Mary Cover was graduated May 16 from the Ft. Knox basic program for Army nurses. . . Nick Everidge, 35, was fatally injured Friday morning when struck by a locomotive while he was working in the Martin railroad yards. . . Donald Thacker, 16, of Shelbiana, was killed Monday at Wheelwright when crushed in the treads of a bulldozer being used in construction of a golf course. . . Married: Miss Lillian Wells, of Prestonsburg, and Sgt. Carl T. Watson, formerly of Auxier, here June 1. . . Born: To Mr. and Mrs. Lonnie Herald, of Cow Creek, May 30, a daughter, Dianne. . . There died: Mrs. Willie Salvers Allen, 81, Thursday at West Prestonsburg; Mrs. Susie Mullins, 37, of Arkansas Creek, Sunday at a Martin hospital; Henry LaViers, 83, coal industry pioneer in this field, last Thursday at Paintsville; Mrs. Garfield Music, suddenly last Thursday near Bonanza.

HARRY GORDON ALLEN SAYS THANKS

In our "Floyd County Pageant", held on May 25, 1965, I received 4,719 votes for Tax Commissioner. My opponent received 5,048 votes for the same office. I was beaten by only 329 votes. I was fortunate enough to carry 23 of the 41 precincts and merely needed 5 more votes to give me 25 of the 41 precincts. On election day there were 30 or more precincts when I didn't have anyone even giving out the little "Vote For Me" tickets. The reason I'm pointing all this out is — Reasonably Speaking — the people still have a voice in their government. I want to thank my opponent for the clean and professional type of campaign he conducted. Again, I thank you and you will again have an opportunity to cast your vote for me.

Respectfully Yours, HARRY GORDON ALLEN

Jack Hyden Thanks Voters for Support

I want to thank my many friends for their support in the past election. I want to assure the many people who pledged their support before the primary election and the many, many people who have contacted me and pledged their support, now that the primary is over, I shall make an all-out effort to win. And with your help I have no doubt that we will be the winner in the final election by a large majority.

**Ben Martin Carries
13 Out of 19 Precincts,
Also Absentees' Votes**

The primary election is over, thousands of people exercised their privilege of voting, made their choice and elected their nominees.

I was lucky enough to be one of the nominees and for this I am humbly and deeply grateful to those who made it possible. I hold no ill will against those who were against me.

Having been defeated in a primary myself, I know the disappointment and hurt of those who were not winners. But please remember the best part of a campaign is meeting so many fine people; some of the friends made during a campaign become life-time friends, which is something no amount of money can buy.

To all those who worked so hard for me, gave me a cup of coffee or offered to, or let me eat with them and rest a few minutes at their homes, my very special thanks. I promise to represent all our people to the fullest extent of my ability.

Sincerely,

BEN MARTIN

acquiesced in its non-observance simply because private rights were not adversely affected and citizens heretofore have not been inclined to take the initiative to compel executive compliance.

"This law today is just as vital and enforceable as it was the day it was written into the Constitution."

The court disposed of the argument that its past decisions have, in effect, nullified the "fair cash value" requirement by substituting the test of "uniformity."

None of these past cases, it said, ever presented the basic issue squarely enough so that the constitutional and statutory issues could be enforced.

Funeral rites for William B. (Billy) Stone, 18, who was killed last Wednesday evening near Salversville in the collision of his auto and a truck, were conducted Saturday from the home at Bypro of his parents, Ollie and Margie Owens Stone.

Young Stone met death while en route home from Morehead State College where he had completed the freshman term. He was a graduate of Wheelwright high school. Surviving, besides his parents, are three brothers and one sister, Gleason, Lonnie and B. J. Stone and Mrs. Faye Hall, all of Bypro.

Officiating at the funeral were the Revs. Hobert Bates and Leonard Stone. Burial was made in the Jackson Stone cemetery at Pippa Passes under direction of the Merion Funeral Chapel.

WE WERE WRONG

The Times erred last week in its election story in stating that Jailer Lawrence Hale led in every precinct but one. He lost two precincts — Antioch to Georgie Tackett, and Clear Creek to Charles Newman.

Under no conditions will any prospective student be awarded a scholarship which is based on political considerations. Our scholarship committee, it was pointed out, is concerned with needy and deserving students and is not concerned with any possible political involvements. It is further emphasized that pressures will do more to prevent the awarding of scholarships than it will ever help.

present, catching the mood of the good, old days in melody. Then at 2 p.m. Sunday, back at City Park, will be Hymn Sing time, a program which will be broadcast. Choirs, quartets, groups from the Floyd County Singing Convention and a composite choir of singers from several churches will sing old and well-loved hymns. "Amazing Grace," "When Jesus Christ Was Here Below" and others—to set the leavestaking mood for those who have been here for Homecoming.

NOTICE OF SALE OF ELECTRIC FRANCHISE

On the 20th day of May, 1965, the City Council of Prestonsburg, Kentucky, adopted a resolution directing the sale at public outcry of a city electric power franchise. This resolution is in words and figures as follows:

WHEREAS, the existing franchise held by the Kentucky Power Company for the distribution of electric power in the City of Prestonsburg, Kentucky, will expire on October 22, 1965 and

WHEREAS, there is a continuing public necessity for adequate service of electric power and energy to the citizens of the City of Prestonsburg, and

WHEREAS, it appears that it is in the interest of the public that a franchise be advertised and sold granting and entitling the grantee to use the public streets, thoroughfares and other public places for the erection and maintenance of lines for the transmission and distribution of electric power.

NOW, THEREFORE, be it resolved by the City Council of the City of Prestonsburg, Kentucky:

I.

SECTION 1. That there be sold at public auction to the highest and best bidder, the right, privilege and authority to acquire, maintain, construct and operate in, above, under, across and along the streets, thoroughfares, alleys, bridges and public places (as the same now exist or may hereafter be laid out) of the City of Prestonsburg, Floyd county, Kentucky, lines, poles and equipment for the distribution of electric energy, either by means of overhead or underground conductors, with all the necessary or desirable appurtenances for the purpose of supplying electric energy to said City and the inhabitants thereof and persons and corporations beyond the limits thereof for light, heat, power and any other purpose or purposes for which electric energy is now or may hereafter be used, and for the transmission of the same within, through or across said City.

SECTION 2. Said lines and appurtenances shall be constructed so as to interfere as little as possible with the traveling public in its use of the streets, thoroughfares, alleys, bridges and public places. The location of all poles or conduits shall be made under the supervision of the proper board or committee of the city government.

SECTION 3. The right, privilege and franchise shall be in full force and effect for a period of twenty (20) years from the date of the passage of the ordinance granting it.

SECTION 4. The grantee of this franchise shall save the city harmless from any and all liability arising in any way from negligence in the erection, maintenance or operation of said lines and appurtenances.

SECTION 5. Whenever the grantee of this franchise shall begin the erection of any lines or other equipment, it shall promptly and diligently prosecute the work to completion and leave the streets, thoroughfares, alleys, bridges and public places where such work is done in as good condition of repair as before such work was commenced.

SECTION 6. Wherever in this franchise, either the City of Prestonsburg or the grantee thereof is referred to, it shall be deemed to include the respective successors and assigns of either, and all rights, privileges, and obligations contained in this franchise shall be binding upon and inure to the benefit of the respective successors and assigns of said City, and said grantee, whether so expressed or not.

SECTION 7. The grantee of this franchise may make such rules and regulations covering the furnishing of said electric energy as may be fair and reasonable and consistent with the standard practice of the grantee. Said grantee may charge such rates for electric service as shall be fair and reasonable. The said grantee shall render service under said franchise of like quality, that is, adequate, efficient and reasonable, to that now being rendered to said city.

SECTION 8. The consideration paid by the successful bidder for the franchise privilege and right provided for herein shall be complete compensation and consideration for said franchise, privilege and right and for the use and occupancy of the streets, avenues, alleys, bridges and public ways of the City in lieu of any street or alley rental or for the charge for the use or occupancy of said streets, avenues, alleys, bridges, thoroughfares or public places of said City and in lieu of any pole tax or meter tax.

SECTION 9. Each bidder for said franchise, privilege and right shall file as a part of his bid a certified copy of a certificate of convenience and necessity from the Public Service Commission of Kentucky, issued under the authority of KRS 278.020(3).

SECTION 10. The ordinance granting this franchise shall be accepted by the grantee thereof within sixty (60) days from the date of its passage.

The City reserves the right to reject any and all bids.

The Clerk of the City of Prestonsburg is hereby directed after having advertised the time, place and terms of sale and the rights to be sold by posting written or printed notices in six (6) public places in the City of Prestonsburg, including the door of the City Hall and in five (5) other conspicuous places in the City for at least 15 days before the time of sale and by causing the publication of such notice in the Floyd County Times for not less than three (3) consecutive issues next before the date of sale, to

offer for sale at public outcry to the highest and best bidder at the front door of the City Hall in the City of Prestonsburg, between the hours of 10:00 o'clock in the morning and 2:00 o'clock in the afternoon on some convenient date to be named in such notice and advertisements and upon other conditions herein stated; and receive bids for franchise and authority herein directed to be sold.

No person, however, other than the owner of a plant and equipment sufficient to render the service required by this resolution shall be entitled to bid on such franchise unless the prospective bidder shall deposit with the Clerk before the commencement of the bidding a certified check for the sum of \$5,000.00, pursuant to KRS 96.020. Said franchise shall be sold for cash in hand and the deposit above referred to may be forfeited upon failure of the successful bidder to meet the other requirements of said statute.

IV.

The Clerk will report her acts, together with all bids received by her for such franchise to the City Council at its next regular or adjourned or called meeting held next after such sale.

Pursuant to the direction of the City Council of Prestonsburg, Kentucky, as set forth in the foregoing Resolution, the undersigned will, on Thursday, the 17th day of June, 1965, at the front door of the City Hall in the City of Prestonsburg, Floyd county, Kentucky, at 10 o'clock in the forenoon or shortly thereafter and in any event, between the hours of 10:00 a.m. and 2:00 p.m. offer for public sale at public outcry to the highest and best bidder, an electric franchise on the public streets and thoroughfares of Prestonsburg, Kentucky, which electric franchise shall be in the terms set forth in the foregoing Resolution and said sale shall be made in all respects in accordance with the Resolution set forth above and all bidders will be required to comply with the terms of such Resolution.

WITNESS, Judith D. Archer, City Clerk, this 20th day of May, 1965.

JUDITH D. ARCHER,
City Clerk of
Prestonsburg, Ky.

Advertisement for Bids

PERKINS LAUDS WORKS ACT AND URGES ITS EXPANSION

A continuation and expansion of the Public Works Acceleration Act and the Area Redevelopment Act without local matching funds being required was requested this week by Congressman Carl D. Perkins.

Perkins said that the Accelerated Public Works Act in the short period of its existence had done more to change the appearance and living conditions of Eastern Kentucky's Appalachia than any other single program enacted to date. "The success demonstrated in the short beginning of this program should merit its continuation and expansion," he argued.

Perkins indicated that the Accelerated Public Works Act alone had enabled the construction of almost 90 different projects in the Seventh Congressional district, including modern public buildings, sewer and water facilities, new streets, recreational facilities, libraries, recreational reservoirs, road construction, and other urgently needed public facilities. Without the benefit of this federal program many small Eastern Kentucky communities have no hope of elevating living conditions or to be in any position to attract commerce and industry. Perkins emphasized that adequate public facilities in the form of water, roads, sewer facilities, and sewer treatment facilities are essential to the development of tourism and the expanding recreational industry in Eastern Kentucky.

"The Public Works program has worked admirably and harmoniously with the provisions of the Area Redevelopment Act program in opening new economic activity and hope in many economically depressed communities," he said.

Perkins' remarks were addressed to the chairman of the House Public Works Committee, The House Public Works Committee is considering Presidential recommendations to extend both the Area Redevelopment Act program and the programs authorized by the Public Works Acceleration Act in the form of new legislation designated the Public Works and Economic Development Act of 1965. The committee has concluded hearings on the legislation and will be meeting in executive session to take further action on the measure.

"Other important public works which could be undertaken under the terms of the legislation are the construction of tourism facilities, industrial access roads, airports, watershed and flood control prevention projects," said Perkins. "Many of the existing federal programs are unsuitable and never reach the small communities of Eastern Kentucky. It is essential that the Public Works Acceleration program initiated in 1962, be fully funded and extended to continue the work started in Appalachian Eastern Kentucky."

Perkins asked that local matching of funds be eliminated as a requirement from the legislation. All of the economically hard-pressed communities in Eastern Kentucky and throughout the nation in most instances find it extremely difficult to raise any funds for matching these federal programs and any requirement for local contribution to defray part of the cost of the project will mean that many small communities who need it most will be unable to undertake the pro-

gram. Under the terms of the Accelerated Public Works Act, local matching requirements were as high as 50% and as low as 25%, depending upon the financial ability of the community. Under the new legislation currently under consideration by the Congress, the matching requirement could be as low as 20%.

Perkins also stressed the importance of specifically providing in the legislation that the Accelerated Public Works program was not to supplant or replace other federal grant-in-aid programs. "To do this," said Perkins, "would be to nullify the very purpose of the Act. Regular federal aid programs for the construction of airports, roads and highways, sewage treatment facilities, and other public works should continue at an accelerated pace and the liberal provisions of the Public Works Acceleration Act applied to additional projects in these hard-pressed areas."

He praised those portions of the legislation which would expand direct loans to enable the development of job-creating enterprises in economically distressed areas. "In particular," he pointed out, "it is essential that authority include the ability to finance needed working capital for new and expanding enterprises."

Poet Cohen Publishes 'The Hill Way Home'

Pippa Passes, Ky. (Spl.)—The Alice Lloyd College Press has recently released a volume of poems, THE HILL WAY HOME, by William Howard Cohen, poet-in-residence and instructor at Alice Lloyd.

Kentucky writer, Jesse Stuart, who inscribed the volume, states: "To William Howard Cohen, fellow poet of these hills; a true poet with the ear—the music—and the feel of heart and mind."

THE HILL WAY HOME was printed on a "homespun" Kraft with illustrations in charcoal by paper and designed by the author Walter Pritchard, the college's artist-in-residence.

A handcrafted product of the Alice Lloyd College Press, the book may be ordered by writing Hill Poems, Alice Lloyd College, Pippa Passes, Kentucky.

USDA Revokes Grocer's Food Stamp Rights

Atlanta, Ga.—The U. S. Department of Agriculture has permanently revoked the authorization of a Grundy county, Tennessee, food store because of program violations.

The store is King Grocery at Tracy City and is operated by John Dillard King. Officials of USDA's Consumer and Marketing Service said that permanent revoking of King's authorization card and number was on the basis of violations which otherwise would have warranted disqualification.

A letter to King, signed by Russell H. James, director of the Consumer and Marketing Service's southeast area food distribution office at Atlanta, Georgia, charged him with accepting food stamp coupons for ineligible items including alcoholic beverages, accepting loose \$2 coupons, exchanging cash for coupons, and giving cash as change to a food stamp coupon customer.

Forty-six food retailers in Grundy county are authorized to accept food stamp coupons. The Grundy county program was inaugurated in June, 1963.

By virtue of a judgement entered in the above styled cause in Floyd County Circuit Court, I, or one of my deputies, will on Monday, June 21, 1965, at the hour of 10:00 a.m., at the Court-house door in Prestonsburg, Kentucky, offer for sale to the highest and best bidder, the following described tract of land, or so much thereof as may be required to satisfy plaintiff's debt, interest and costs, plus the cost of advertising and sheriff's fee:

Property located at Wayland, Kentucky, recorded in Deed Book No. 163, Page 445, from Hobert Johnson, etc. to Virgil Combs, etc., dated August 28, 1956.

Beginning at a point in north edge of concrete walk on a line midway between house No. 1165-1166 and house No. 1167-1168, S 61:30 W 18:02 feet to the northeast corner of house No. 1165-1166 and S 51:10 E 18:02 to the northeast corner of house No. 1167-1168; thence with line midway between house No. 1165-1166 and house No. 1167-1168, south 5:10 W 75 feet to a stake; thence S 84:50 E 58 feet to a stake on a line midway between house No. 1167-1168 and house No. 1169-1170; thence with line midway between house No. 1167-1168 and house No. 1169-1170 N 5:10 E 76 feet to a point on north edge of concrete walk, thence with north edge of concrete N 84:50 W 58 feet to the beginning and containing 0.10 acres, more or less.

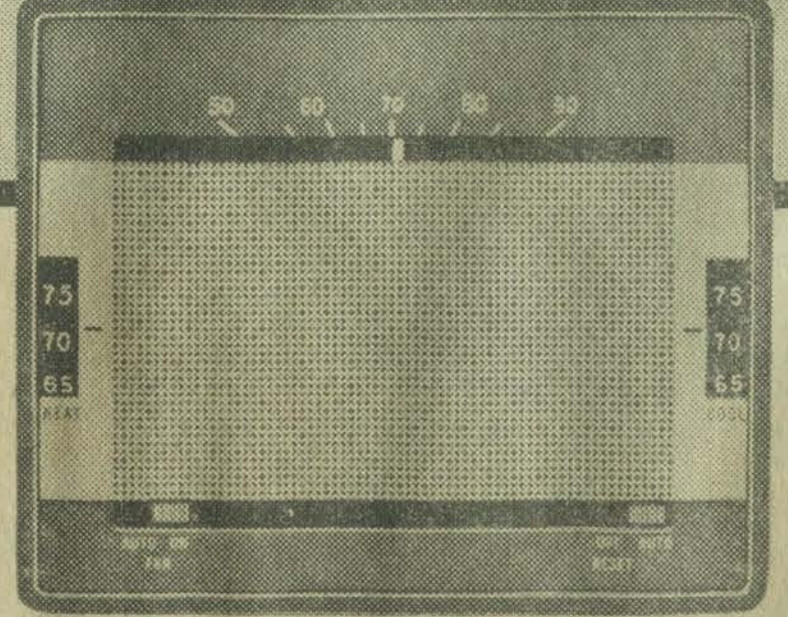

Amount of debt to be satisfied, \$1,000.00, plus \$135.00 costs, and 6% interest from March 3, 1964, until paid, and the advertising costs and sheriff's fee. Sale will be made for cash in hand or on a credit of three months, with bond required of the full force and effect of a replevin bond to insure full payment of debt and all costs in this action. Sale of said property subject to all previous mortgages and encumbrances.

Given under my hand, this the 11th day of May, 1965.

IT'S ALWAYS APRIL...ETERNAL SPRINGTIME With An Electric Heat Pump

That's right. Eternal spring is built right into a home using an electric heat pump. You just set the dial. That's all there is to it. The temperature stays exactly the way you want it.

We call it "comfort conditioning." Gentle, warm air in winter; cool, refreshing air during the warm months with excess humidity removed.

You can be sure of the dependable quality of an electric heat pump. And your actual heating and cooling costs can be accurately calculated in advance. Check with us today for all the facts about an electric heat pump that brings "eternal springtime" to your home.

Kentucky POWER COMPANY
An Investor-Owned Public Utility

Visiting all of Eastern Kentucky's vacation attractions and scenic vistas in one short trip sounds like an impossible or at least difficult journey. However, it can now be easily accomplished and enjoyably so, in 15 minutes—the time it takes to see a new sound-color movie produced by the Kentucky Department of Public Information.

"The Kentucky Highlands" is a portrait of Eastern Kentucky; of its fishing, boating, swimming, natural attractions and varied activities at its several state parks. It is generous with scenes of wooded mountains and beautiful valleys. The riotous color of autumn scenes is outstandingly beautiful.

The movie was seen Saturday in this area over WSAZ-TV, Huntington, West Virginia.

The new movie follows the journeys of a lovely young blonde travel writer as she visits Jenny Wiley State Park, near here; Breaks Interstate Park, near Elkhorn City; Natural Bridge State Park, near Slade; Carter Caves, near Olive Hill; Greenbo Lake State Park, near Ashland,

and Buckhorn Lake State Park at Buckhorn. Other state parks which are also visited include: Levi Jackson, near London; William Whitley, near Stanford; Lake Cumberland, near Jamestown; General Burnside, near Somerset; Cumberland Falls, near Corbin; Pine Mountain at Pineville, and Cumberland Gap national historic monument at the gateway to Kentucky near Middlesboro.

**'Appalachian Trails,'
80-Minute Travelog,
Is Now Being Filmed**

An 80-minute travelogue, "Appalachian Trails," is now being filmed in Kentucky. The color film with a music sound track will feature Eastern Kentucky and its mountain crafts. Miss Cattie Lou Miller, state public information commissioner, said:

It will also include scenes of such attractions as "The Book of Job," the outdoor drama soon to start its seventh season at Pine Mountain State Park, near Pineville, other state parks, camping facilities, and many more Commonwealth attractions, Miss Miller said, including some in areas other than Eastern Kentucky.

The travelogue is being filmed by LeRoy Cooks Productions, a privately-owned firm from Sarasota, Florida. Kentucky sites were selected because of their historic and scenic values, owner Crooks said.

The commercial film will be shown in Canada, the Southeast and the Midwest for a month each to audiences numbering up to 5,000 per week, officials of the filming company said.

Two new sections have been created in the division of flood control and water resources of the Kentucky Department of Natural Resources.

"Each section will be headed by a qualified engineer, with specific areas of responsibility for carrying out current projects and for long-range planning," Commissioner J. O. Matlick said.

Robert Knarr, 35, and Douglas Griffin, 24, both of Lexington, will head the two sections. Knarr is in charge of flood control and Griffin will head up water resources development.

Matlick said the creation of the two divisions is in line with in-

Death in Family?— Check Soc. Security

One of the three major types of protection provided through social security is protection against the loss of family income because of the death of the family breadwinner.

Widows and children of recently deceased workers come in to the Pikeville, Kentucky social security office daily to find out if they are entitled to monthly social security survivors payments. Some people do not inquire about their entitlement, however, and lose— or stand to lose—large amounts of money.

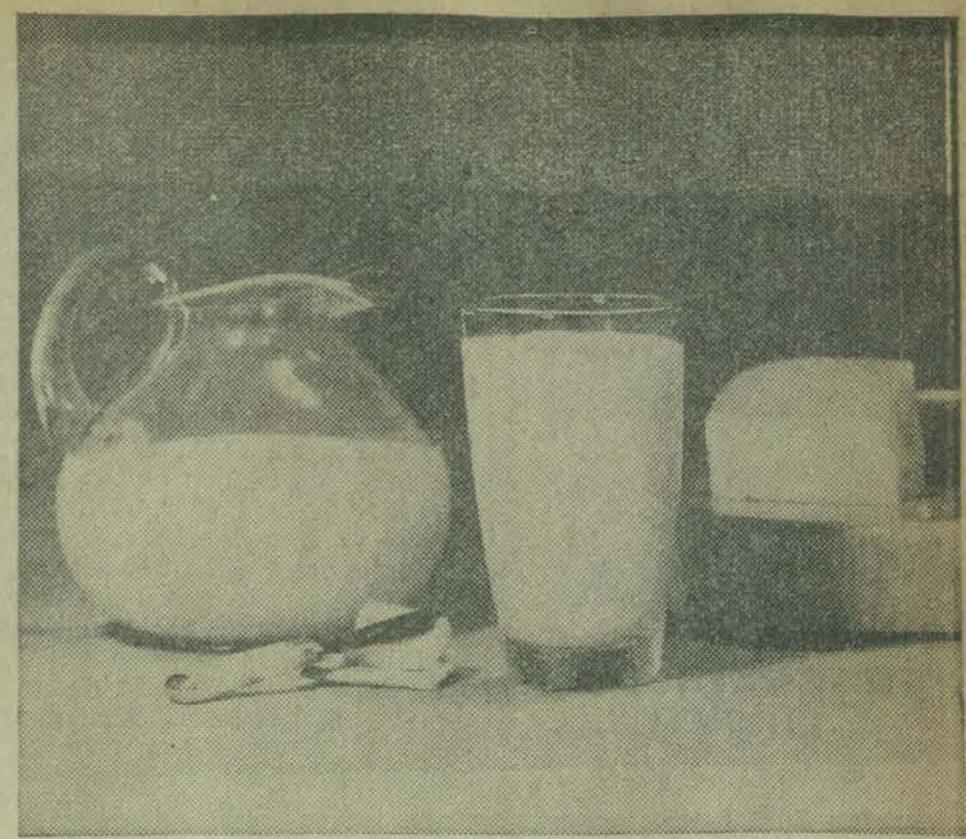

Because it wants to pay all benefits that are due, the Social Security Administration has for many years urged people to check with a social security office any time a death in the family occurs. Such inquiry will help prevent misunderstanding about the requirements for monthly survivors payments. It will help prevent loss of benefits to eligible people who make the mistake of assuming they cannot get benefits.

Almost every working person has had earnings covered by the Social Security Act, and the record of those earnings is especially important to the families of workers who die. That record will usually show whether the person worked long enough and earned enough to permit payment of benefits. It will also be used by the Social Security Administration to calculate the amount of the monthly benefits payable to worker's widow and children.

Nine out of 10 young children and their mothers can count on these survivors benefits to help keep the family together if the breadwinner dies. The average benefit paid to widowed mothers with two children has been about \$193 a month. It can be as high as \$254 a month. The lowest benefit payment for widows and children is \$60 a month.

Checking with social security if someone in your family dies is a most important thing to do. A lump-sum death payment can usually be made to a widow or the person who pays the burial expenses, even when there are no survivors eligible for monthly payments.

The district office servicing Floyd county is located in Pikeville. The telephone number is 432-2177. A representative from this office is in Prestonsburg at the Employment Office every Tuesday from 9:30 a.m. until 2:00 p.m.

it's June Dairy Month

Let's celebrate the occasion by being extra sure to eat tasty, nutritious dairy products at every meal.

Enjoy cold, refreshing milk at every meal and encourage your friends and neighbors to do the same. Get into the habit of drinking milk regularly. Sharp cheddar cheese is a hard-to-beat snack. Select from the wide choice of delicious ice cream flavors when you order or serve dessert.

We're proud that many dairymen in this community are loyal Purina customers. And, we welcome this opportunity to promote the milk and milk products they produce.

Why not make a mid-year resolution to use more of their dairy products in June... and throughout the whole year!

Control Measures Urged For Household Insects

Lexington, Ky.—Several household or homestead insects call for control measures now, says Dr. R. L. Miller, UK Cooperative Extension Service entomologist.

ELM LEAF BEETLES: These small, blackish larvae are on Chinese elms now. Use 50 percent strength DDT wettable powder, at two to four tablespoons per gallon of water. Spray now and in three weeks. Cover foliage thoroughly.

ROSE THRIPS: These insects discolor roses by attacking the petals with rasping-sucking mouth parts. Dust or spray with DDT or Malathion. Follow label directions for mixing, application, safety measures. Cygon, a systemic material, also may be used. Apply weekly.

SOD WEBWORMS: About two to four weeks from now (mid June to late June) will be a good time to spray against this pest. Flights of the egg-laying moths are increasing. Use Sevin or Diazinon. Follow label directions carefully. Use three to five gallons of water (for the spray mix) per 1,000 square feet of lawn.

ANTS: These pests are entering houses in search of food. Spray outside foundations with one-half of one percent strength Dieldrin emulsifiable concentrate, or two percent strength Chlordane concentrate. Spray soil a foot out from the house and up the foundation a foot above the ground. Do this monthly. You may want to spray window sills, too.

Mrs. Stumbo Is Invited To Serve on Committee In 'Decade of Health'

Washington, D. C. (Spl.)—Stella B. Stumbo, D.N., of Martin, Kentucky, has been asked by the American Association of Doctors' Nurses to serve on its Decade of Health Committee. The purpose of the committee will be the development of several projects which this national association and its chapters can promote to help mankind.
In asking Mrs. Stumbo to serve, Myrtle Powell, D.N., of Norfolk, Virginia, a member of the Professional Council of AADN, said that in its Decade of Health program the association will attempt to remind people about the dangers of smoking, air pollution, drinking, failure to have check-ups, ways of recognizing danger signals, and others. The first phase of this program, concerning the plight of the non-smoker, is mentioned in the current **READER'S DIGEST**.

KMA Trustees Back State Bond Issue

Support for the \$176 million bond issue proposed by the Breathitt Administration has been voted by the board of trustees of the Kentucky Medical Association.
Dr. Robert E. Pennington, London, chairman of the board, said the motion to endorse the bond issue to be voted on in November passed without a dissenting vote. The board of trustees is the interim governing body of the Association.

Lady's Arm Bent Like Jack-Knife

One lady told us her arm used to be doubled up like a jack-knife because her muscles were stiff and sore with rheumatic pain. She said people would stare at her. Finally she got RUGON and now says she can raise her arm above her head and the awful pain and stiffness is gone entirely.
RUGON is helping so many victims of rheumatism and neuritis because this NEW Liquid Formula contains Three Wonderful Ingredients. Not a tablet or capsule. RUGON goes to the very source of pain almost at once and costs but a few cents a day to take. So don't go on suffering. Get RUGON at W. A. Rose Drug Store.

To Receive Degree

Miss Lois Combs, daughter of Former Governor Bert T. Combs and Mrs. Combs, now living in Lexington, is one of 165 candidates for A.B. degrees at Randolph-Macon Woman's College on June 6.
Former Governor Terry Sanford, of North Carolina, will deliver the Commencement address.
Miss Combs, a biology major, is president of West Hall dormitory and chairman of the Constitution committee of the Student Government Association. She participated in the Experiment in International Living program in Switzerland last summer, and was a member of the 1965 May Court.

Term Given Doctor Who Failed To Act

Nancy France—A French doctor, charged with refusing to assist a youth fatally wounded in a knife fight, yesterday received a four-month suspended prison sentence.
Dr. Gerard Colin was charged with failing to answer a call for help from friends of Gerard Fevre, who was stabbed in a street brawl last November near the doctor's home. Fevre died after lying in the street 45 minutes.

Miss Conley Graduates From Washington U.

Miss Melanie Conley, of Eastern, was awarded Monday a B.S. degree in Occupational Therapy at the 104th commencement of Washington University, St. Louis.
Miss Conley is the daughter of Circuit Judge and Mrs. Hollie Conley, of Eastern. She is a graduate of Maytown high school and attended Berea College for pre-professional training. Miss Conley is president of the Washington University Student Occupational Therapy Association.

Our Historic Heritage
A Pictorial Review of East Kentucky
(No. 330 in a Series)

This view of Prestonsburg, taken from a hillside at the back of West Prestonsburg, reflects the spread of the community on both sides of the Big Sandy, 40 years or more ago. The white house in the foreground on the distant side of the river was that of the late W. A. (Bill Buck) Dingus and was at that time the northernmost home built in what was then known as the Garfield Addition, an area which is now filled with modern homes. The two-story home (right center) was that of T. M. Hereford, and on beyond was that of S. E. Allen. On farther winds the county road from West Prestonsburg around the hill to the only bridge spanning the river, which was located at the old Prestonsburg railway station.

The First National Bank presents this and other pictures of the regional past in recognition of our historic heritage.
