

This Town ... That World

I report with considerable regret that the frost had no ill effect whatsoever on my crop of wild onions.

ON FILING

Suffering from low blood pressure? It might help to compare your tax assessment with others. Told to file with the county clerk written request for a hearing if I wasn't satisfied, I, for some perverse reason, was reminded of the story told of the old fellow who showed up at the circuit clerk's office here, several years back, to inquire what to do about a lawsuit that had been filed against him.

"You'll have to file an answer," he was told.

"File an answer?" he yelled. "I'm answerin' right now—hit's a danged lie!"

Bill Jones made this report with some preamble, explaining he had hesitated about telling of the occurrence but, now that he had witnesses, was ready to inform me that he has at his home here a tree which has taken to smoking, it's an English mulberry, and when there is no breeze white puffs are plainly visible, emerging from the point where leaves are forming or where young berries are developing. Last Sunday, he called neighbors over to see for themselves, and they saw. On one occasion, he said, it "blew" a perfect smoke ring.

Today (Wednesday), he said, no smoke came. Probably gave up the habit, he comments.

ANY IDEAS?

Speaking of phenomena, Gordon Francis and neighbors have on three occasions in a period of weeks felt what seemed to be distinct earth tremors. No jet overhead, no nerves or imagination. Several families on Court street felt the strange tremors, and some on Trimble street gave the same report. Inquiry has failed to locate a quake center on the continent, and the matter is downright puzzling. Somebody (See Story No. 2, Page 6)

CITY GROUP IS GRANTED BUS PERMIT

Franchise To Cover US 23 from B. Layne; To Operate 2 Buses

Prestonsburg has won its fight for a municipally owned bus line to serve a wide section of the county, it was announced last week with the issuance by the Department of Motor Transportation of a franchise to the Prestonsburg Bus Company, Inc.

The franchise covers U.S. 23 from Betsy Layne to Prestonsburg and Auxier, and the roads to David and Jenny Wiley State Park.

Given 60 days in which to put the bus line into operation, the Prestonsburg Chamber of Commerce last Friday met at the Municipal Building to plan a finance drive preliminary to the actual purchase of two 36-passenger buses.

As of Tuesday, the amount needed was more than half subscribed, it was said by Homer D. Neeley, Chamber president.

The finance drive and other arrangements for the bus line have been placed in the hands of a steering committee composed of Burl Spurlock, Thomas Hereford, Ed Music and Blaine Hall, who will work with City Manager Curtis Clark.

Stockholders in the corporation will have the benefit of advertising of their businesses through signs on the outside and interior of the buses, it has been decided. Advertising space will not be sold to non-stockholders.

The upper Big Sandy section of the county as far north as Allen is now being served by the Pikeville City Bus Line. This service to Pikeville will be suspended after the Prestonsburg line begins operation, it was said.

Discussed at last Friday's meeting were:

MR. WHITNEY

Tryouts for Roles In Berlin Musical Scheduled, Sunday

"MISTER PRESIDENT," an Irving Berlin musical adapted from the book by Howard Lindsay and Russell Crouse, is the first production of the five-part musical series to be presented this season at the Jenny Wiley Amphitheatre by the Jenny Wiley Drama Association.

Auditions for parts in this opening musical are scheduled for next Sunday at 3:30 p.m., at the Amphitheatre.

The two-act production has 33 speaking parts, in addition to a chorus of singers and a dance troupe.

Cuttings from the script will be used for the auditions. Persons auditioning for major leads will be required to sing one number of their choice. This requirement exists in only five of the roles.

The show is to be staged over the first two week-ends in July. Rehearsals will be held during the months of June.

INEQUITIES CLAIMED IN TAX ASSESSMENT

This week's inspection period during which property-owners are permitted to inspect their assessments and compare them with the assessments of others began Monday on a stormy note, with taxpayers' complaints on the vociferous side.

The inspection will continue through this week, and the board of supervisors will take over, beginning next Monday.

Many of those inspecting the assessment lists reported numerous inequities, contending their property was valued too high in comparison with values placed on other properties of commensurate worth.

They may get a hearing before the board of supervisors by making request in writing to the

county court clerk this week. Further appeal may be made to the courts.

The first recapitulation of assessment totals was forwarded Monday to the State Revenue Department by Mrs. Orpha C. Akers, tax commissioner. Mrs. Akers declined to make these figures available to The Times for publication, explaining that she was not certain of the Department's regulations and that she wants to comply with its wishes.

Mrs. Akers said the total for the county will be approximately six times what the 1965 recap showed.

The supervisors named to begin work next week are Wayne Stumbo, of Minnie, Jack Branham, of Betsy Layne, and Homer Salisbury, of Prestonsburg.

County Judge Henry Stumbo said the fiscal court cannot establish a tax rate until the final assessment totals are known.

The Floyd County Board of Education voted at its last meeting to petition for a 10% increase in tax revenues this year.

The City of Prestonsburg, which has 100% assessment, recently set its rate on real estate and personal property at 30c per \$100 valuation. This is an increase of 1½ cents over the 1965 rate.

Prestonsburg's taxation is designed to produce, in all, enough to finance a \$179,600 budget for this year.

53-DEGREE DROP BRINGS GARDEN, FRUIT LOSSES

A mass of Arctic air stole a march on a large part of the nation, including Floyd county, during the night Sunday, and the next night saw the worst killing frost experienced in this section in years.

Sunday's high of 92 degrees dropped during the night to 39. Clearing skies during Monday night caused the damage, frost killing beans, tomatoes and other growing vegetables.

Extent of the damage has not been determined, and it will vary from one locality to another, the extension department here said. The strawberry crop was hit but how hard was not determined. Beans and tomatoes were virtually wiped out.

FROST, COLD NO PROBLEM IN FLOYD MAN'S "GARDEN"

Otis Blackburn inspects one of the 3,800 heavily laden tomato plants in his Stanville greenhouse.

In this photo Mr. Blackburn inspects tomatoes, crated and ready for market.

While most Floyd county gardeners are replanting frost-riddled tomato patches, Otis Blackburn, of Stanville, is harvesting and marketing his.

Mr. Blackburn's crop is under roof — in possibly the largest greenhouse complex in Eastern Kentucky. He has 3,800 tomato plants now producing, and all hands — he, his three sons and a hired man — and the cook, Mrs. Blackburn, are hard-pressed to keep the ripened tomatoes picked and prepared for market while also attending a variety of other vegetable

crofts and a profusion of flowers and plants.

The Blackburns have four greenhouses, each 36 feet wide by 176 feet in length, with a total floor space of 25,344 square feet. All four are centrally heated by hot water through the use of a stoker-type coal furnace.

Besides his bumper tomato crop, Blackburn is growing other plants, including cucumbers, sweet potatoes, egg plant, canteloupes and watermelons. And flowers — you name them: colus, petunias, geraniums, snapdragons, marigolds, scarlet sage, azaleas.

24,850 ARE ELIGIBLE FOR PRIMARY BALLOT

County Clerk C. "Ollie" Robinson said this week that 24,850 Floyd countians will be eligible to vote in the May 24 primary.

The Democratic party, as usual, has a big edge in the total of eligible voters with 21,840. The Republicans have 2,990 eligible voters, and there are 10 registered as Independents.

The registration books were closed on March 26, with a total of 26,481, but the Floyd County Purgation Board has purged 1,633. This is believed to be the heaviest purgation of the voting lists to be done in the county.

Magisterial District 1 leads in total registered voters with 8,464. Magisterial District 2 (Right Beaver) has the smallest total of eligible voters with 4,235; District 3 (Left Beaver) has 7,213, and District Number 4 (Upper Big Sandy, Big Mud and Little Mud) has 4,938.

Jack's Creek precinct has the largest number of eligible voters for any of the 41 precincts in the county, with a total of 975 voters. Cliff precinct is second with 898, John Ant (McDowell) has 888, Betsy Layne has 856, New Martin 845, Wheelwright and Antioch are tied with 832 and Cow Creek and Allen also are tied with 815.

Mr. Robinson said the primary polls will be open from 6 a.m. till 5 p.m.

Shot Victim's Condition Described As Serious

Harrison Stephens, of Pyramid, is in serious condition in a Lexington hospital as the result of a bullet wound suffered at his home last Friday. The bullet entered beneath his chin and was removed from his upper forehead. The operation performed at the Lexington hospital involved brain surgery.

The wound was said to have been self-inflicted.

Hughes, New Member Of State's Bar Ass'n, In Manchester Office

Henry E. Hughes, son of Mr. and Mrs. Robert Hughes, of Prestonsburg, was one of 36 who have been admitted to the bar after passing the State Bar examination. Results of the exam became known last week.

Mr. Hughes received his juris doctor degree last year from the University of Kentucky College of Law and his bachelor of laws from Vanderbilt University, Nashville, Tennessee.

Rescue Squad Plans Allen-Martin Canvass For Funds Saturday

The Floyd County Emergency & Rescue Squad announced this week that it will make a house-to-house canvass of Allen and Martin Saturday, seeking financial support of its work.

Latest lifesaving effort of the squad was last week-end when it dragged Dewey Lake after an auto said to have been driven by Billy Ray Whitt plunged into the lake. The dragging operation was staged when it was reported a second man was in the car.

BEER-LADEN AUTO TAKEN

Driver Jailed, Helps With Search Warrant; Man's Record Probed

Floyd Pierce, driver of an auto from which Sheriff Joe W. Lewis and State Trooper Olds confiscated almost 11 cases of beer Monday, was jailed here on a charge of transporting alcoholic beverages in dry territory.

First arrested by the officers near Sugar Loaf on a traffic violation, Pierce, whose address was given as Paintsville, signed an affidavit for a search of the car inside which the beer was locked. The car, which was licensed in the name of Elmer Davis, of Paintsville, was impounded.

Commonwealth's Attorney Harold Shumbo said Monday that he will move to procure a habitual criminal indictment against Willard Blankenship, who was jailed here recently on a copper wire charge. He said that a check had been made by State Detective Chester D. Potter of Blankenship's previous criminal record in Pike county.

Those jailed during the week, charges against each and names of arresting officers follow:

Adrian Martin, drunk driving, Deputy Sheriff Milt Hunt; Bobby Jones, driving while under the influence of alcohol, Deputy Sheriffs Hunt and C. B. Hall; Everett Ellis and James E. Hamilton, no operator's license, Deputies Hall and Hunt; Norman Hall, reckless driving, Deputy Sheriffs Hunt and Hall; James H. Adams, reckless driving, Deputy Sheriff Hall; R. W. Howard, drunk driving, booked by Sam Hale, Prestonsburg policeman.

Louisville Firm Gets Floyd Road Contract On Bid of \$38,981.40

A contract for bituminous concrete surfacing on the Prestonsburg-Bonanza (Ky. 1427) road has been awarded by the Highway Department, Governor Edward T. Breathitt and Highway Commissioner Henry Ward announced Wednesday.

The project will begin four miles west of Ky. 1427 and extend to Ky. 114, a distance of 5.793 miles.

Gaines P. Wilson & Son, Inc., Louisville, submitted the low bid of \$38,981.40.

BERRY PLANT TO REOPEN

PREPARE PROCESSING PLANT. Shown getting the strawberry processing plant ready for its opening next week are, from left, Roger Goble and Virgil Goble, both of Lancer, and the plant owner, Carl Abbott.

Carl Abbott, of Bedford, Kentucky, will open his strawberry processing plant at the Floyd County Emergency & Rescue Squad building here next Monday, and during the berry season will employ about 40 persons, it was said this week.

Growers will pick up crates next Monday. A deposit of \$1 will be made for a complete crate, but this amount will be refunded as each crate is returned at the end of the processing period.

MIDDLE CR. WORK BEGUN ON 2 FARMS

Development Is Ahead Of 26 Other Counties As 37 Seek Contracts

The Middle Creek land improvement project which recently won approval of the Appalachian Regional Commission is possibly farther along in development than any of the projects approved in 27 Eastern Kentucky counties, ASC and Soil Conservation authorities said here this week.

Thirty-seven farmers in the Middle Creek area have already made requests for contracts under which work will be done on their farms. Contracts for five have been approved, and work has begun on two of the farms.

The procedure which landowners follow in order to participate in the program is this:

The farmer files with the ASC committee request for a contract. This committee refers the matter to the Soil Conservation Service, which sends a representative to the farm and prepares a farm improvement plan. After the return of this plan to the ASC office, a contract is entered into with the farmer to do the work in a period of three to 10 years, with federal funds paying 80% of the cost.

The maximum area permitted any farmer for improvement is 50 acres.

Morrow Hatfield has begun site preparation for reclamation of abandoned land, and G. C. Holbrook has started work on wildlife habitat development on his farm, with a farm pond to be (See Story No. 1, Page 6)

SMALL-MINE WORK BEGUN

Resumption of Work In County Gradual After Pact Signed

Small mines of the county began Monday to move back gradually into coal production, but several operations had not returned to work by mid-week, The Times was told.

A new coal contract was signed this week by small-mine operators.

Operation of the larger mines was resumed at the first of the month under terms of a new soft coal contract granting a \$1 a day raise to all workers except inside electricians, mechanics and continuous mining machine operators who gained \$1.32 a day.

Cost of trucking the small-mine product from mine to a preparation plant or tippie created the major problem for the smaller unionized mines and resulted in last week's idleness.

Work continued this week at the Terry Mining Company, near here. So did picketing but on a reduced scale.

COLLEGE ENDS 2nd YEAR, LOOKS TO 700 ENROLLMENT IN 1966-'67

The Prestonsburg Community College ended its second year Tuesday and began immediately to look toward new work this summer and a big increase in its student body next fall.

Dr. Henry A. Campbell, Jr., director of the college, and Rondall Lawson, bursar, agreed that a minimum of 700 fulltime students may be expected at the college next fall and they described that figure as "conservative."

Another 100 students may be added if Martin county succeeds in winning approval of a transportation project such as Morgan county's which was in effect this year. Morgan county is expected to renew its program of transporting students to the college here, with federal aid, for another year at least.

Another 75 to 100 part-time students are expected to be added next fall to the growing number of students which is beginning to crowd facilities of the college.

Although new buildings are a necessity, Mr. Lawson said that by beginning classwork at 8 a.m. and continuing till 5 p.m., on a weekly six-day schedule, the college can handle 900 students.

That would get Prestonsburg Community College through the 1966-'67 school year. And by September 1, 1967, at the beginning

of a new term, a second building is expected to have been completed on the campus.

This is the technology structure which was approved at the recent meeting of the University of Kentucky board of trustees, G. L. Shannon, Prestonsburg architect, is now working on plans for this building.

It will cost an estimated \$350,000, will contain eight classrooms, 25 faculty offices, from five to nine laboratories, five suites of offices and an auditorium seating 200 to 250 persons.

A second structure given approval but to be built later is a student center.

More than 140 have already registered for work at the college this summer and Dr. Campbell expects 250 to enroll before the registration period ends.

Mr. Lawson, who is taking a leave of absence to do graduate study for the next year at the University of Indiana, cited the energy and ability of Dr. Campbell in meeting the needs, present and future, of the college. He pointed out that the community college system has three principal aims—to provide education for those who will later transfer to senior colleges and universities, to train others for vocations and to provide a broad commun-

ity cultural program.

It was on this last point, he said, that the college here has jumped ahead of others and made of the cultural improvement program a reality.

Prestonsburg Community College, for instance, is the first college in the system to develop a music department. Last year, Gus Kalos was named head of the department, and three part-time instructors—Mr. and Mrs. Dean and Mr. Fernandez — were employed.

For next year, Miss Betsy Boyd will be added to the department as instructor in piano.

And Jeanne Jarnes, instructor with the famed Juilliard School of Music, New York City, will come here next month to begin work as a fulltime instructor in drama and as a leader in the full development of the plan to provide the community, as well as the college, the cultural benefits of drama and music.

Looking toward the college level technology work to be offered in the community colleges, 22 faculty members from various colleges in the system met at May Lodge this week to develop and write courses in English and mathematics. Dr. Campbell addressed the group at its first session, Tuesday evening.

Henry Thomas Cooper, Former Floyd Man, Is Victim In Ohio

Henry Thomas Cooper, 80, of Sunbury, Ohio, formerly of Drift and Banner, succumbed Friday at Sunbury to an illness of four years.

A retired miner, he came to Floyd county in 1919 and was employed by the Old Beaver Coal Co., at Drift. He was a member of the Church of Christ.

Mr. Cooper was a son of the late Francis Cooper, and was twice married—first to Emma Hogan, and following her death, to Artie Moore, who survives.

Surviving, besides his widow, are eight sons, Willard, Arnold and Jessie Cooper, all of Lima, Ohio; Glenn Cooper, Mantion, Frank, Roy, Kelly and Truman Cooper, all of Sunbury; one daughter, Mrs. Bertha Conley, Gelana, Ohio; two step-sons, Oscar Milburn, Centerburg, Ohio, and Ernest Milburn, Gelana, Ohio; one step-daughter, Mrs. Lucy Artrip, of Drift; three brothers, Arthur, Joe and Harry Cooper, and two sisters, all of Birmingham, Alabama.

Funeral services were held Monday at 10 a.m. at the home of Lucy Artrip, ministers of the Church of Christ officiating. Burial was made in the Drift cemetery under the direction of Hall Brothers Funeral Home.

Mrs. Mary Salisbury Victim In 75th Year At Sandusky, Ohio

Mrs. Mary Salisbury, of Sandusky, Ohio, formerly of Hunter, died last Monday at Memorial hospital, Sandusky, at the age of 74.

She was a member of the Baptist Church.

Mrs. Salisbury was a daughter of the late William and Rebecca Osborne Salisbury and was the wife of Hiram Salisbury, who survives.

Survivors, other than her husband, are three sons, Lloyd and Clyde Salisbury, both of Sandusky, Earl Salisbury, Tampa, Florida; six daughters, Mrs. Casper Spurlock, Harold, Mrs. Sadie Smith, Printer, Mrs. Donald LaCourse, and Miss Ruby Salisbury, both of Sandusky, Mrs. Leeman Linton, Monroeville, Ohio, Mrs. Karl Beatty, Castalia, Ohio; one sister, Mrs. Harry Patton, of Hite; five brothers, Lackey Salisbury, of Printer, George, Walker, Frank and Edward Salisbury, all of Hite.

She also leaves 27 grandchildren and five great-grandchildren.

The funeral was held last Thursday at 2 p.m. at the home of Lucy Artrip, ministers of the Church of Christ officiating. Burial was made in the Drift cemetery at Hunter.

Former Martin Woman Dies Last Wednesday At Ft. Riley, Kansas

Mrs. Alda Craft Nesbitt, 43, of Junction City, Kansas, formerly of Martin, died May 4 at Ft. Riley, Kansas. She had been in ill health the past five years.

She was a daughter of Mrs. Minerva Williams Flannery, of Martin, and the late John Craft. Her husband, Sgt. Herman E. Nesbitt, survives.

Survivors, besides her husband, are a son, Curtis Nesbitt, Junction City; one brother, Al/C John Craft, Dover, Delaware; two sisters, Mrs. Ella Craft, Ypsilanti, Michigan, and Mrs. Lillie Patton, of Martin.

The funeral was held at Faith Bible Church at 10 a.m. Wednesday, the Rev. Robert Martin officiating. Burial in the Chandler cemetery at Lackey was under the direction of Hall Brothers Funeral Home.

Former Wayland Man Wounded in Vietnam

Mr. and Mrs. Roy Blankenship, of Mt. Sterling, Ohio, formerly of Wayland, have received a telegram from Washington, D. C., that their son, Marine Cpl. Bobby Blankenship, was wounded in the left arm in Viet Nam, May 3 while engaged in an operation against the Viet Cong in the vicinity of Da Nang. He is due to return home the last of June.

Wesleyan Guild Honors Its Charter Members

The Wesleyan Service Guild of the First Methodist Church celebrated the 25th anniversary year of its organization by honoring its charter members April 26, at the Floyd County Library. Mrs. George P. Archer was hostess to the group.

Of the 15 charter members, eight were present. They were presented with corsages by Mrs. Woodrow Greenwood.

Mrs. Robert Hughes was in charge of the program. She presented Mrs. Claybourne Stephens, the first secretary, who read the minutes of the organization meeting which was held at the home of Mrs. Thomas Hereford, Jr., October 4, 1938.

Mrs. Fannie Runnells gave the progress of the church organization from 1939 to 1965.

A look at the future was Mrs. Adrian Roberts' contribution to the program.

The eight charter members present were Mrs. Claybourne Stephens, Mrs. Tom Fields, Miss Alice Harris, Mrs. E. Dick Roberts, Mrs. Luther Shivel, Mrs. Alex Spradlin, Mrs. Richard Spurlock and Mrs. Robert Hughes.

Other members present were Mrs. Robert Wallace, Mrs. Charles Wiechers, Mrs. Fred Meece, Mrs. Adrian J. Roberts, Mrs. Fanny Runnells, Mrs. J. W. Sutherland, Mrs. William R. Callihan, Mrs. Woodrow Greenwood, Mrs. Winston Ford, Sr., Mrs. William O. Goebel, Sr., Mrs. Paul C. Combs and the hostess, Mrs. George P. Archer.

P'BURG ELEMENTARY P-T.A. MEETS TUESDAY NIGHT

The Prestonsburg Elementary School P-T.A. met Tuesday night in the school auditorium.

A motion was made to change the name from Prestonsburg grade to Prestonsburg elementary school and the secretary was instructed to write a letter to Supt. Charles Clark requesting this change. The Prestonsburg elementary school letters were purchased by the 7th and 8th grades and have been mounted on the front of the building.

Thomas Lemaster reported on progress of playground improvements and said the work should be completed soon.

There was discussion about the water cooler on the second floor, which is not working. A motion was made to buy a new cooler rather than have the old one repaired.

The following officers were installed: Rose Collins, president; Carolyn Ford, vice-president; and Lois George, treasurer.

Mrs. Jane Wallace, county health nurse, presented the program. A question and answer period followed.

Maytown Girl, Festival Queen

Miss Jackie Stone, representing Maytown high school, was named Floyd County Music Festival queen here Saturday, winning out over six other high school nominees for the honor.

Coronation of the queen at the Prestonsburg athletic field was the climax of the festival program which drew the usual large gathering. Three girls tied for runner-up honors: Miss Jan Collins, of Prestonsburg high; Miss Connie Morrison, of Wayland, and Miss Phyllis Keathley, of McDowell high school.

The Wheelwright majorettes were adjudged best in their division; Prestonsburg high school's, the best playing band, and Betsy Layne high school's the best marching band.

The parade was described as the longest and best staged at any of the annual festivals held here.

TIDBITS of KENTUCKY FOLKLORE

By GORDON WILSON, Ph. D.

ON THE BAND-WAGON

In recent years anything that is called folklore has at once attention and a following. It doesn't have to be authentic; if it is merely strange or crude or unusual, then it is folklore. In these hoop-la years of accepting folklore there have been dozens of funny things and some that approached the pathetic. But the average person who is a part of the so-called folklore seems oblivious of it all. If it is called folklore by some well-known comic TV performer, then it is folklore; what would an old dry-astute college researcher know, anyway?

It may seem funny, but this very acceptance of whatever is the fad is probably the biggest sort of folklore now known. The very faddists usually assume that they are unhampered, free, illuminated; but to observers with memories of many similar outbreaks of fadism, the enthusiasts seem merely some reincarnations of other times. And this is not wholly a matter of enthusiastic youthfulness; many of the funniest, and therefore the most folkish, fads arose among the mature, the educated, the solid segments of society.

Probably no myth has had a tougher life than the myth of the superiority of the primitive. In spite of tons of data to prove that we are stronger, healthier, tougher than the pioneers, thousands of people still insist that the earlier people in America were almost demi-gods in vigor and size and strength. If one in a few dozens of men could stand in his stockings, then all his generation were fully that large or ever larger. If one old man, like one Mr. Chapman, who was the

first white child born south of Green River, lived to the ripe old age of 91, why, lots of others did that, too. Since few of the pioneers have a gravestone like the one to Mr. Chapman, on top of the hill as the road starts down to the Middle Bridge in Warren county, we just guess that very old used to be common. There has rarely been a half year in the 31 years of this column when I have not heard someone who should have known better raving over our modern degeneracy as compared with our heroic ancestors.

Many of the younger generation whom I know have had their best laughs at some of the earlier folk remedies. Good old asafetida has had many critics of late; why, some middle-aged people, even, now doubt whether the smelly bag tied around their necks actually drove away children's diseases. Just as funny as asafetida was the rage for badfasting water that swept over the whole country in the last century. If a spring or well produced water that had a pronounced taste, at once there grew up a hotel or, often, several hotels to take care of the people who came to drink the water or bathe in it or both. And carefully-worded analyses of the smelly or bad-flavored water seemed to show that each well or spring had almost the elixir of life itself. I used to see a one-horse wagon making the rounds of our town every day, delivering mineral water to people who thought themselves fortunate in having such sources of perennial health so near at hand.

If I could do so without facing a lawsuit, I could list for the rest of this article the names of medicines that had all the virtues. In the three quarters of a century that I can remember things I am sure that every year has seen the rise of some new nostrum. Maybe little more than branch water, with enough grain alcohol to keep it from spoiling, some remedy would sell like the proverbial hot cakes and then give way to some later invention that would cure everything from falling hair to falling arches. Not to have the new remedy on one's tongue branded you as outside the pale of real folks; if you still clung to your asafetida bag, how tacky and old-fashioned you were!

Ho, hum! Now let me sing you an old ballad that I made up last night, a genuine Kentucky mountain ballad, just reeking with the flavor of mountain ballads.

New Federal Law To Help Veterans Toward Education

The new federal law in relation to veterans goes into effect June 1, and after that date all veterans would be eligible to attend school, the Prestonsburg Community College pointed out this week.

Veterans should make application at once to the Veterans Administration for eligibility. Forms for this purpose can be obtained at the Community College office. It will take approximately three to four weeks to receive this letter, so time is of the essence and prospective veteran students should make application immediately.

The college estimates that between 50 and 100 will attend Prestonsburg Community College during the 1966-'67 school year under this program.

Thirty Years Ago

(May 8, 1936)

Bids are being asked by the Floyd county board of education this week on construction of seven school buildings and a one-room addition to another school. The Rev. Wilson Cole, 45, Holiness minister, was killed Sunday morning when struck by a train near Betsy Layne. Ambrose Compton, 25, was shot and killed Sunday afternoon near his parents' home at Dinwood. Edgar Aldridge alias Tom Ledford, alleged automobile thief and fugitive North Carolina convict, died Thursday at Methodist hospital, Pikeville, of a bullet wound received March 8 at Drift when he was shot by an agent of the FBI. Claude Huff, of Lackey, was seriously injured Thursday evening in an auto wreck on the Lackey-Hindman road near Ball Branch, Jones Fork. There died: J. E. Hale, 81, at his home at Prestonsburg, Monday; Mrs. Elizabeth Laven Johns, at her home at Dwale, Saturday night; Hillard Baldrige, 28, of Hueysville, at the Paintsville hospital, Sunday; Thomas Nelson, 73, at the home of his son, Highland Nelson, on Town Branch, Wednesday; John Mosely, 83, Wednesday at his home at Emma; Hillas Bailey, seven years old, of Wheelwright, at the Beaver Valley hospital, Friday; Oran Morris, 18, at home at Estill, Wednesday; Edgar Hicks, 8, of Wayland, Tuesday at the Paintsville hospital.

Twenty Years Ago

(May 9, 1946)

With eight trains serving the people of this county scheduled for suspension of their runs beginning Friday of this week, and with all bus lines in the county still strike-bound, public transportation nears the vanishing point. After the pros and cons of the Big Sandy canalization project had been voiced before the House Rivers and Harbors Committee in Washington, Monday and Tuesday, Congressman A. J. May expressed confidence that the committee would give a favorable report on the project. Mollie Rose, 20-month-old daughter of Mr. and Mrs. Eli Bryant, of Hi Hat, was drowned in Left Beaver Creek, Sunday, near the Bryant home. The Prestonsburg-David road will receive bituminous surfacing this year over more than half its length. W. J. Turner, Drift merchant, purchased the Morell Supply Company, here, last Thursday, for an amount admitted to be "over \$100,000." The First Guaranty Bank, the county's latest, will open for business in temporary quarters at Martin, Saturday morning. Married: Miss Martha Caudill, of Martin, and Mr. G. E. Minton, of Louisville, at Louisville; Miss Phoebe Bray, of West Prestonsburg, and Mr. Glenn Allen, of Goodloe, Saturday at the Methodist Church here; Miss Peggy Joyce Spradlin, of Cliff, and Mr. Douglas George, of West Prestonsburg, Saturday at Ashland; Miss Virginia Lee Collins, of Prestonsburg, and Mr. Joel David Martin, of Edgar, here, May 6. Born: To Mr. and Mrs. Oscar Branham, of Martin, a daughter, Teresa Ann, April 30. There died: Henry S. Allen, 38, last Thursday at home at West Prestonsburg; Seymour M. Prater, 60, near his home at Hueysville, Saturday; Mrs. Sarah A. Frazier, 89, at the home of her son, Caner Frazier, at Martin, Sunday.

TO THE MEMBERS OF AMVETS POST, MARTIN, KY., ALL OFFICERS OF THE LAW, OFFICERS OF THE COURTS and CITIZENS OF FLOYD COUNTY--

WHO IS ROBERT PACK?

As a veteran, a citizen and an officer of the law I intend to find out, if possible. I offer you the plain facts.

WHO IS GUILTY?

First, I doubt that this man really exists. Second, if there is a Robert Pack, and if he did buy beer at the AMVETS Club in Martin, Ky., why doesn't he come forth? If he did buy the beer, the club is guilty. But if someone swore that he was Robert Pack, and he were someone else, and swore he bought the beer from the club and did not—then he is guilty and should be brought before the court and punished.

If this is the case, such a man is one of low morals, would probably steal from you or do worse. If this man did swear a lie and use a false name, it is the duty of every citizen to help find his true identity and bring him before the court for trial.

Did you ever stop and think? — If it wasn't for these and other veterans throughout the United States, what would have happened to you? If you were lucky, you would be dead. If not, every time you spoke or moved, a black boot from a German or Jap officer would hit you in the rear. You would mine the 16-inch coal from our mountains — they would starve you until you would fit the 16-inch seam, and the only time you would see daylight would be when you worked your way out of the other side of the mountain.

If there is one person in Floyd county who believes that I would get a person to swear this lie even on my worst enemy, or serve an illegal warrant knowingly, I will gladly take a lie detector test to clear it up. I will serve a summons on any and all persons suspected of knowing anything about this case and will do it without charge for these veterans.

ABOUT OUR SHERIFF

I was not for our newly elected Sheriff, Joe Wheeler Lewis. I was not for him in the May primary, I was not for him in the fall election but did nothing against him in the November election, and I never did or said anything against him. I am not the type who will put on a man's stickers in the fall, after the election, and lie and pretend I was for him from the day he registered as a candidate.

I honestly believe that Joe Wheeler Lewis has made us an honest Sheriff and that he will continue to do so for the remainder of his term of office. He would arrest one of his children, or his brother, or any member of the State Police, or anyone else he saw violating the law. He would not get or serve a warrant unlawfully on anybody.

I am thoroughly convinced we have got us an honest Sheriff. And, Joe Wheeler, I ask you to help me, the Constable of District No. 3, to get to the bottom of this Robert Pack business, since the clubs are in my district. I also have a duty to the people.

TED H. SALISBURY, JR.

Constable, Dist. No. 3

The Floyd County Mental Health and Retardation Association will hold its monthly meeting, here next Tuesday at 7:30 p.m. All members are being urged to attend, since a number of issues must be decided and acted upon at the meeting.

Spring Arts Festival Slated For Tuesday At High School Gym

Prestonsburg high school's Spring Arts Festival will be held next Tuesday at 8 p.m. at the high school gymnasium, it was announced this week.

Featured in the festival will be the high school glee clubs under the direction of Mrs. Carol Haywood, the school band, directed by Franklin Honeycutt, and an art exhibit under direction of Carlos Neeley. A series of dances, climaxed by the Maypole dance, will conclude the program. Judy Music will direct the dances.

A diamond carved in ice emphasized the Kentucky Federation Diamond Jubilee when the Prestonsburg Woman's Club and the Prestonsburg Junior Woman's Club met in a joint dinner meeting May 5 at May Lodge. The occasion was the installation of officers for both clubs, with Mrs. W. Ed Hamilton, immediate past president of the Kentucky Federation, the installing officer and guest-speaker.

The Woman's Club installed the following officers: Mrs. Helen B. Wells, president; Mrs. L. B. Fairchild, first vice-president; Mrs. Hardin Short, second vice-president; Mrs. Zella S. Archer, third vice-president; Mrs. Lillian Pelphrey, recording secretary; Mrs. Jack Abshire, corresponding secretary, and Mrs. Hal Midkiff, treasurer.

Mrs. Hamilton presented an award to Mrs. R. V. May for her outstanding service on Jewell Manor, the Rehabilitation Center sponsored by the Kentucky Federation. Diamond Jubilee key chains were given to Mrs. Regina Mayo Roberts for her many years of loyal and faithful service to the Prestonsburg Women's Club.

Mr. Club, Mrs. Joe Buchanan, outgoing president, and Mrs. Helen B. Wells, new president.

Junior Woman's Club officers installed were:

Mrs. Clifford B. Latta, president; Mrs. Henry A. Campbell, Jr., first vice-president; Mrs. James Holbrook, third vice-president; Mrs. Larry Askins, recording secretary; Mrs. John Dale, corresponding secretary; Mrs. Phil Nelson, secretary.

Guests included Mrs. Elmer Beckett, incoming president of the Paintsville Woman's Club; Mrs. Oscar Sowards, Pikeville, second vice-president of the Kentucky Federation of Woman's Clubs, and Mrs. Roy Wieg, Louisville, state education chairman, Kentucky Federation of Women's Clubs.

came up with the idea that the tremors were caused by falls or slides inside old mines on the mountain overlooking Prestonsburg.

WHAT COMES NATURAL

And now we come to a purely scientific matter.

The combination family-and-office dog made himself persona non grata for a time Sunday and Monday by wallowing in some vile-smelling substance, then becoming friendlier than usual—as usual.

Why would a respectable dog so behave? we wondered. And the very next morning Allan Trout published in his "Greetings" column the same question from a Mr. Robert E. Livingston, of Louisville. Wrote the wily Trout, in reply:

"Sir, what you observed was a dog rolling on the putrified skin of a carcass to get relief from the myriads of fleas that itched his skin. A stinking old sheep skin is preferred by dogs on the prowl for this sort of insecticide. As you say, they roll on it with unalloyed pleasure.

"I have seen dogs roll in patches of fennel for the same flea-ridding purpose. Dogs like to roll in dust, but I do not know the reason. Dogs know a lot in this respect. The dog licks his own wound, for example, because his saliva has remarkable power for self-healing. They also eat green grass as a sort of tonic. Mebbe so. But I have seen a dog scrubbed and combed and curried till a respectable flea wouldn't associate with him, then promptly rush out and roll joyously in the same kind of—er, thing. I wonder if dogs don't behave so, simply because, as the old fellow put it, 'it's the nature of the brutes.'

ALICE LLOYD COLLEGE HAS 50 SCHOLARSHIPS WORTH \$25,000 AVAILABLE FOR 1966-'67 TERM

Alice Lloyd College has announced that it is making available during the coming academic year 50 new scholarships valued at \$25,000 to students expressing interest and aptitude in professions especially needed in Appalachia.

Ten fields of special importance to the mountain area have been singled out to be promoted by the private junior college through Alice Lloyd memorial scholarships. For students willing to dedicate themselves to study in one of the critical areas, stipends of \$200 to \$800 will be available.

Five scholarships each will be awarded in the promotion of nine areas of development: conservation, business management for economic development of the region, general practice physicians for rural areas, dentists, nurses, and medical technicians, elementary and secondary teachers, engineering, law, social services, and one other field yet to be selected by the college board of trustees.

The special scholarships were established in conjunction with the college's observance of the 50th anniversary of Alice Lloyd's arrival from Boston at Caney Creek in Knott county.

William R. Hughes, Alice Lloyd academic dean, said that Alice Lloyd students always have dedicated themselves, after senior college study, to returning to the mountains and serving their people, but that now a greater effort is being made to increase the effectiveness of the student's dedication by promoting the professions in greatest demand in the area.

"Ninety per cent of our graduates return," Hughes said. "We want to make certain they return with the

BREATHITT POINTS TO ROAD PROGRESS

Frankfort — Governor Edward T. Breathitt maintains that Kentucky is making "excellent progress" on its Appalachian highway program. He said that since the Appalachian Regional Development Act was passed by Congress in March, 1965, Kentucky has accomplished the following:

- A complete inventory of the 495 miles of development highways on the system has been made to determine what improvements are needed.
- Cost estimates have been completed on the 413 miles of the system which have been found to need improvement.
- Route studies have been undertaken to find the most beneficial locations for the improvements, and are expected to be completed by July.
- Two access roads have been approved by the Appalachian Regional Commission — to the new carpet factory at Louisa and to the Cooper Stream Generating Plant in Pulaski county.
- Construction has been started on 19.2 miles of Appalachian development highway improvements in Letcher, Lawrence, Bell, Perry and Harlan counties. All of these were in the "Quick-start" category — projects on which construction plans were ready or on which right of way had already been acquired, Breathitt said.

An Ordinance Creating An Issue of \$280,000 of Waterworks Revenue Bonds of the City of Allen, Floyd County, Kentucky, and Providing for the Payment and Delivery Thereof

WHEREAS, the Board of Trustees (herein called the "Board") the governing body of the City of Allen (herein called the "City") Floyd County, Kentucky, proposes to purchase from Heran Porter, the owner (herein called the "Owner") of the waterworks (herein called the "existing waterworks") now operated in the City and in the communities of New Allen and Dwaile, under the name of The Allen Water Company and more specifically described in the engineering report prepared by Kenney and Company, consulting engineers for the city (herein called the "Engineers");

WHEREAS, the Board has agreed with the owner as to the value of the existing waterworks, and has pursuant to KRS No. 96.360 given 45 days' notice by publishing the agreement of purchase, setting out the price, to wit, \$275,000, the interest rate, the condition of the existing waterworks and possible depreciation and repairs, in the December 16, 1965, issue of the "Floyd County Times," which is the only newspaper of general circulation published in Floyd County (there being no newspaper published in the City);

WHEREAS, the engineering report by the engineer is and has been since at latest December 6, 1965, on file in the office of the City Clerk and there available for public inspection;

WHEREAS, within the period of 45 days following publication of the aforesaid agreement, no petition calling for an election was filed with the county clerk of Floyd County;

WHEREAS, by contract dated February 7, 1966, the City has agreed to purchase from the owner and the owner has agreed to sell to the city, the existing waterworks together with the improvements and extensions to be made thereto by the owner, to comply with the recommendation of the Engineers, for a total purchase price of \$275,000, of which the final \$75,000 is to be withheld until completion by the owner and approval by the Engineers of the aforesaid improvements and additions;

WHEREAS, pursuant to the provisions of KRS 96.350 through 96.510 the City is authorized to issue its Waterworks Revenue Bonds in an amount sufficient to pay the cost of acquiring the existing waterworks, as extended and improved as aforesaid;

WHEREAS, the income and revenue derived and to be derived from the operation of the improved waterworks system will be fully adequate to provide for the payment of the principal of and interest on the Bonds so proposed to be issued, as such principal matures and such interest becomes due;

NOW, THEREFORE, THE BOARD OF TRUSTEES OF THE CITY OF ALLEN, FLOYD COUNTY, KENTUCKY, DOES ORDAIN as follows:

Section 1. That it is hereby determined to be necessary and desirable that the City acquire the existing waterworks, with the improvements and extensions thereto, as described in the preamble and recitals to this ordinance, which, upon evidence duly submitted to and considered by the Board, are hereby found by the Board to be true and correct statements of fact.

Section 2. That for the purpose of acquiring the existing waterworks system as improved and extended (which said improved and extended system with such extensions and improvements as may hereafter be made thereto is herein called the "waterworks") there shall be issued and sold the bonds (herein called the "Bonds") of the City, in the aggregate principal amount of \$280,000, which Bonds shall be designated "Waterworks Revenue Bonds," shall be dated February 1, 1966, shall be of the denomination of \$1,000 each, shall be numbered consecutively from one through 280, and shall mature serially on February 1, in each of the years and in amounts as follows: 1st year \$4,000, 2nd year \$4,000, 3rd year \$4,000, 4th year \$5,000, 5th year \$5,000, 6th year \$6,000, 7th year \$6,000, 8th year \$6,000, 9th year \$6,000, 10th year \$7,000, 11th year \$7,000, 12th year \$7,000, 13th year \$7,000, 14th year \$8,000, 15th year \$8,000, 16th year \$8,000, 17th year \$9,000, 18th year \$10,000, 19th year \$10,000, 20th year \$11,000, 21st year \$11,000, 22nd year \$12,000, 23rd year \$13,000, 24th year \$13,000, 25th year \$14,000, 26th year \$14,000, 27th year \$15,000, 28th year \$15,000, 29th year \$16,000, 30th year \$17,000; provided that the City reserves the right to call for redemption all of the Bonds maturing on February 1, 1982 and thereafter, in whole or from time to time in part, in the inverse numerical order of said Bonds, on February 1, 1981, and on any interest payment date thereafter, at the redemption price of the principal amount or par value thereof, plus accrued interest thereon to the redemption date, plus a redemption premium equal to 5% of such principal amount or par value if the date stated for redemption is on or before

February 1, 1982, and thereafter on the same terms except that the redemption premium shall be an amount equal to 3% of the principal amount or par value if the date stated for prior redemption is on or before February 1, 1966. Notice of the exercise of such right of redemption, identifying the bonds to be redeemed and the other terms and conditions in connection with such prior redemption, shall be as set forth in Section 3 of this ordinance which contains the form of such Bonds.

The bidders at the public sale of the Bonds shall be permitted to name the rate or rates of interest, and the rate or rates set by the successful bidder shall be fixed by the City as the interest rate or rates on the Bonds; provided none of the Bonds shall bear a rate of interest exceeding six percent (6%) per annum.

Interest on the Bonds shall be payable semiannually on August 1 and February 1, in each year beginning with the first such date following the issuance of the bonds and continuing until paid. Both the principal and interest on the Bonds shall be payable in lawful money of the United States of America at the Marine-Midland Grace Trust Company, New York, New York, or its successor as paying agent (herein called the "paying agent.")

The Bonds shall be signed by the facsimile signature of the Chairman of the Board of Trustees of the City, sealed with the facsimile of the corporate seal of the City and attested by the Clerk of the City, and the interest coupons attached to the Bonds shall be executed by the facsimile signatures of such Chairman and Clerk, and said officials, by the execution of the Bonds by facsimile or manual signatures, shall adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons.

The Bonds shall be payable solely from the revenue funds derived from the waterworks and shall in no event constitute an indebtedness of the City within the meaning of any constitutional provision or any constitutional or statutory limitation.

Any of the Bonds may be registered at the option of the holder as to principal only, at any time prior to maturity, in the name of the holder, on the books of the City in the office of the City Clerk, such registration to be noted on the reverse side of the Bonds by the City Clerk, and thereafter the principal of such registered Bonds shall be payable only to the registered holder, his legal representatives or assigns. Such registered Bonds may be transferred to another registered holder or back to bearer only upon presentation to the City Clerk, with a legal assignment duly acknowledged or proved. Registration of any of such Bonds shall not affect the negotiability of the coupons there attached, but such coupons shall be and remain transferable by delivery.

The Bonds herein authorized are issued pursuant to the provisions of KRS 96.350 through 96.510, and all of the provisions of such statutes are hereby incorporated herein by reference as if fully set out herein, and the provisions of such statutes shall prevail if there is any necessary inconsistency between the provisions of such statutes and the provisions herein set forth, but only to the extent that there is any such inconsistency.

Section 3. That the Bonds and coupons attached thereto shall be in substantially the following form:

(Form of Bond)
UNITED STATES OF AMERICA
COMMONWEALTH
OF KENTUCKY
COUNTY OF FLOYD
CITY OF ALLEN
WATERWORKS REVENUE
BOND
No. \$1,000
KNOW ALL MEN BY
THESE PRESENTS:
That the City of Allen (herein called the "City"), Floyd County, Kentucky, for value received, hereby promises to pay to bearer, or if this bond be registered as hereinafter provided, then to the registered holder hereof, solely from the Bond Account of the City of Allen, as hereinafter mentioned, the sum of One Thousand Dollars (\$1,000) on February 1,, and to pay interest on such principal sum from the date hereof until paid, at the rate of, percent (.....%) per annum, payable August 1, 1966, and semi-annually thereafter on February 1 and August 1, in each year, upon presentation and surrender of the interest coupons hereto attached as they severally mature.

Both the principal of and interest on the Bonds are payable in lawful money of the United States of America at the Marine-Midland Grace Trust Company of New York, New York, New York.

This bond is payable solely from the revenue funds derived from the waterworks system of the City and not otherwise and is one of an authorized issue aggregating the principal sum of \$280,000 issued under authority of KRS 96.350 through 96.510, and all laws amendatory thereof and supplementary thereto, for the purpose of paying the cost of acquiring the waterworks for the City, and this bond does not constitute an indebtedness of the

City within the meaning of any constitutional provision or statutory limitation. A statutory mortgage lien shall exist upon the waterworks and appurtenances and extension thereto in favor of the holders of the Bonds and coupons of the issue of which this bond is one, as provided in KRS 96.400. Such waterworks, together with the extensions and appurtenances, shall remain subject to such statutory lien until the payment in full of the principal and interest of all of such Bonds. Any holder of the Bonds or coupons of the issue of which this bond is one may, by action at law or in equity, enforce the lien and enforce and compel the performance of all duties required by KRS 96.350 through 96.510, including the making and collecting of sufficient rates, the segregation of the income and revenues and the application thereof, as provided in KRS 96.410.

Under said statutes and the ordinance adopted pursuant thereto, the entire revenue derived and to be derived from the operation of the waterworks of the City shall be deposited in a separate fund designated as the "Waterworks Fund of the City of Allen," which shall be used only for the purpose of paying the principal and interest on the Bonds of the issue of which this bond is one, the cost of operating and maintaining the system, providing an adequate depreciation fund and creating and maintaining the several accounts established by the ordinance authorizing the issue of Bonds of which this Bond is one. From the first revenues of such Waterworks Fund of the City there shall be paid into the "Bond Account" for the purpose of paying the maturing principal and the interest accruing on the Bonds of the issue of which this Bond is one, sums sufficient for such purposes, as is more specifically set forth in the ordinance authorizing such Bonds, and such Bond Account shall be used only for the purpose of paying such principal and interest.

The City hereby reserves the right to redeem prior to maturity, on February 1, 1981, and on any interest payment date thereafter the bonds maturing on February 1, in each of the years 1982 through 1996, in the inverse numerical order of such bonds, at the redemption price of the par value or principal amount thereof plus interest accrued to the date stated for redemption, plus a redemption premium equal to five percent (5%) of such par value or principal amount if the date stated for redemption is on or before February 1, 1992, and thereafter on the same terms, except that the redemption premium shall be an amount equal to 3% of such par value or principal amount if the date stated for prior redemption is on or before February 1, 1966.

Notice of such redemption shall be given by registered mail to the registered holder at the address shown on the books of the Registrar, and unless all Bonds to be redeemed are registered Bonds, such notice shall be published once a week for at least two consecutive weeks in a newspaper published in the City of New York, New York, and deputed in part to the publication of financial news, and shall be filed at the place of payment of said Bonds. The mailing, the filing and the date for the first publication of said notice shall be at least thirty days prior to the date specified for redemption, and said redemption notice shall describe the Bonds to be redeemed, the date of redemption and the place of redemption, which shall be the paying agent as stated in said Bonds. After notice of redemption has been given in accordance herewith and funds are on deposit with the paying agent to pay said Bonds so to be redeemed, interest thereon shall cease from and after the date of redemption.

It is hereby certified and recited that all acts, conditions and things required by the Constitution and statutes of the Commonwealth of Kentucky to be done precedent to and in the issuance of this Bond and in raising funds to promptly assure payment thereof have been done, and have happened, and have been performed in regular and due form of law, and that provision has been made for depositing in said Waterworks Fund the entire revenues received from the operation of the waterworks, to be applied in the manner as hereinabove set forth; that it is hereby covenanted and agreed that rates will be charged for the use and service of the waterworks sufficient at all times to pay the principal of and interest upon all the Bonds of the City which are payable from the revenues of the waterworks, to pay the cost of the operation and maintenance thereof and to make all payments into all funds as required by the ordinance authorizing the Bonds of the issue of which this Bond is one.

This Bond may be registered as to principal in the name of the holder, on the books of the City in the office of the City Clerk, such registration to be evidenced by notation of said Clerk on the back hereof, after which no transfer hereof shall be valid unless made on said books and similarly noted hereon, but it may be discharged from such registration by being transferred

to bearer, after which it shall be transferable by delivery merely.

IN WITNESS WHEREOF, the City of Allen, Floyd County, Kentucky, by its Board of Trustees, has caused this bond to be signed by the facsimile signature of its Chairman, a facsimile of its corporate seal to be hereto affixed and attested by the manual signature of its Clerk, and the coupons hereto attached to be signed by the facsimile signatures of said Chairman and said Clerk which officials, by the execution of this bond by facsimile or manual signatures, do adopt as and for their own proper signatures their respective facsimile signatures appearing on said coupons, and this bond to be dated as of the first day of February, 1966.

Section 4. That upon the issuance of any of the Bonds herein provided for, the waterworks, for the purpose of this ordinance, shall be operated on a fiscal year basis, commencing with the first day of January and ending the last day of December of each such year; and during each year ending December 31, so long as any of the Bonds herein authorized to be issued are outstanding, the entire revenues derived from the operation of the waterworks shall be collected and shall be set aside as collected and be deposited in a separate fund, which is hereby created and which shall be designated as the "Waterworks Fund of the City of Allen" (herein called the "Waterworks Fund"). The Waterworks Fund shall be kept apart and segregated from all other moneys of the City and shall be used only to create and maintain the several accounts hereinafter specified for the purpose of paying the principal of and interest on the Bonds, the cost of the operation and maintenance of the waterworks, providing an adequate depreciation reserve and to make payments into all of the other funds only as herein provided, and the Waterworks Fund shall be used only for such purposes and is hereby pledged thereto.

Section 5. That for the accounting of all moneys and assets of the Waterworks Fund at any time and from time to time while any of the Bonds are outstanding and unpaid, there are hereby created and established five (5) separate accounts to be designated (a) the "Bond Account," (b) the "Operation and Maintenance Account," (c) the "Depreciation Account," (d) the "Bond Reserve Account" and (e) "Surplus Account." All deposits made to and all funds held in each of said accounts, respectively, shall be continuously secured to the extent that such deposits are not insured by Federal Deposit Insurance Corporation by a pledge of direct obligations of, or obligations which are unconditionally guaranteed by, the United States of America. There shall be paid on the first business day of each month all moneys held in said Waterworks Fund in accordance with the following provisions and in the priority of said accounts so created and established as follows:

(a) BOND ACCOUNT: There shall first be deposited in the Bond Account for the purpose of paying the maturing principal of and the interest coming due on the Bonds, a sum equal to 1/6 of the interest next due and 1/12 of the principal next maturing, which amounts are hereby irrevocably pledged for the payment of the Bonds and shall be used solely for such purpose. If it is hereby covenanted and agreed that such amount shall be set aside monthly in the Bond Account.

It is the express intent and determination of the Board that the amount of said income and revenue so to be set aside and deposited into the Bond Account shall be in any event always sufficient to pay the interest upon the Bonds as the same becomes due and the principal thereof as the same matures, and there shall be deposited out of such in-

come and revenue received from the operation of the waterworks from month to month during each such fiscal year, without further authorization from the Board, sufficient moneys in the Bond Account to pay promptly such principal and interest.

No further payment need be made into the Bond Account when and so long as such amount of the Bonds shall have been retired that the amount then held in the Bond Account, together with the amount then on deposit in the Bond Reserve Account hereinafter described, is equal to the entire amount of all interest, principal and redemption premium that will be payable at or before the time of redemption or maturity on all of the Bonds then remaining outstanding.

If in any fiscal year the City shall for any reason fail to pay into the Bond Account the full amount above specified, then an amount equivalent to such deficiency shall be set apart and paid into the Bond Account from the first available revenue of the next following fiscal year or years, and shall be in addition to the amount otherwise herein provided to be set apart and deposited during each succeeding fiscal year or years.

If there are not sufficient funds in the Bond Account available to pay the maturing principal of and interest on the Bonds, such deficiency shall be made up (1) by the transfer of funds from the Bond Reserve Account, herein created, (2) from the transfer of funds from the Depreciation Account, herein created, and (3) by the transfer of funds from the Surplus Account, herein created.

The Bond Account shall be carried as a separate deposit at the Marine-Midland Grace Trust Company of New York, New York, New York, and the moneys in the Bond Account may be invested and reinvested in bonds or other direct obligations of the United States of America having a fixed maturity of not exceeding ninety-one (91) days from the date of each investment.

Funds sufficient to pay the principal of and interest on the Bonds from the Bond Account, together with the fees and expenses of the paying agent, disbursed from the Operation and Maintenance Account, shall be delivered to the paying agent at least fifteen (15) days prior to the due date of such principal or interest.

(b) OPERATION AND MAINTENANCE ACCOUNT: There next shall be set apart and paid out of the Waterworks Fund into the Operation and Maintenance Account, an amount considered necessary and sufficient to pay the reasonable current expenses of operating, repairing and maintaining the waterworks for the current month, including, without limiting the generality of the foregoing, salaries, wages, services, costs of materials, supplies, insurance, power and administration, and the reasonable fees and expenses of the paying agent.

(c) DEPRECIATION ACCOUNT: Beginning March 1, 1966, there next shall be deposited in the Depreciation Account the sum of \$135 each month until a maximum of \$28,000 is on deposit in said Account, which is hereby found and determined to be a reasonable amount necessary to accomplish the purpose for which said Depreciation Account is established. The moneys in said Account shall be used to pay the cost of necessary replacements to the waterworks and shall not be used for extensions to said waterworks, and all expenditures for such necessary replacements shall be approved by an independent consulting engineer or engineers favorably known for skill in such matters, before any such expenditures are made. The moneys held in the Depreciation Account to the extent necessary to prevent or remedy a default in the payment of the interest on or principal of the Bonds shall be used and held for use for that purpose and shall be transferred to the Bond Account, and whenever such a transfer is made, the amount so transferred shall be added to the next deposit to be made, and thereafter until full reimbursement to the Depreciation Account has been made.

The moneys in the Depreciation Account may be invested in bonds or other obligations of the United States of America or certificates of bank deposit with fixed redemption value maturing within five years from date of purchase as may be authorized from time to time by resolution of the Board.

(d) BOND RESERVE ACCOUNT: There shall next be deposited in the Bond Reserve Account all remaining funds until a maximum of \$28,000 is on deposit in the Bond Reserve Account, and at which figure the Bond Reserve Account, notwithstanding any transfer therefrom as herein permitted, shall thereafter be continuously maintained, and all moneys therein shall be used from time to time to provide for payment of the interest on or principal of the Bonds whenever there exists a deficiency in the Bond Account hereinafter established, and all withdrawals therefrom for that purpose shall be reimbursed from the next revenues available therefor as provided herein. Whenever the amount on deposit in the Bond Reserve Account, together with the amount on deposit in the

Bond Account hereinafter described, is equal to or greater than all interest, principal and redemption premium that will be payable at or before the time of redemption or maturity then no further deposits need be made in the Bond Reserve Account.

The Bond Reserve Account shall be carried as a separate deposit at the Marine-Midland Grace Trust Company of New York, New York, New York, and the moneys in the Bond Reserve Account may be invested and reinvested in bonds or other obligations of the United States of America maturing within five (5) years from date of purchase, or in such securities permitted by the laws of Kentucky governing the deposit of public funds, as may be authorized from time to time by resolution of the Board.

(e) SURPLUS ACCOUNT: Any surplus funds then remaining after providing for all of the deposits hereinabove listed in subparagraphs (a) through (d) shall be deposited in the Surplus Account to be used and held for use as follows:

(i) First, for the reimbursement at any time and from time to time of any account listed in subparagraphs (a) through (d) hereof that is depleted by withdrawals; and

(ii) Second, for the purpose of making improvements and extensions to the waterworks or for the redemption of Bonds that are eligible for redemption at the then applicable redemption price as hereinbefore stated, or for the retirement of the Bonds prior to maturity by purchase on the open market at not more than par and accrued interest, and all Bonds so redeemed or purchased shall be cancelled.

The moneys in the Surplus Account shall be carried as a separate deposit, and the moneys therein may be invested and reinvested in bonds or other obligations of the United States of America maturing within 10 years from date of purchase, or in such securities as are permitted by the laws of the Commonwealth of Kentucky governing the deposit of public funds as may be authorized from time to time by resolution of the Board.

Section 6. That the City hereby agrees to carry insurance on the waterworks of the kinds and in the amounts which are usually carried by private parties operating similar properties, including without limiting the generality of the foregoing, fire, windstorm, insurance, public liability and any additional insurance covering such risks as shall be recommended by a competent independent engineer employed for the purpose of making such recommendations, and all moneys received for losses under such insurance policies as insure against physical damage to or loss of the waterworks shall be deposited in the Depreciation Account and shall be used in making good the loss or damage in respect of which they were paid, either by repairing the property damaged or replacing the property destroyed, and provision for making good such loss or damage shall be made within ninety (90) days from date of the loss. The proceeds of any and all policies for public liability shall be paid into the Operation and Maintenance Account and used in paying the claims on account of which they were received.

The payment of premiums for all insurance policies required under the provisions of this section shall be considered an operation and maintenance expense.

Section 7. That while any of the Bonds remain outstanding or unpaid, rates charged for water services shall be sufficient at all times to pay the principal of and interest on all of the Bonds, to pay all costs of operation and maintenance of the waterworks, to make the payments and maintain the balance as required in the Depreciation Account, and to make the payments and maintain the balance as required in the Bond Reserve Account, as is hereinabove provided for. There shall be charged against all users of the waterworks, including the City, such rates and amounts for water services as shall be adequate to meet the requirements of this section.

Charges for services rendered to the City shall be made against the City, and payment for the same from the corporate funds shall be made monthly into the Waterworks Fund as other revenues derived from the operation of the waterworks and in the same manner as other revenues are so required to be deposited.

In addition to the foregoing the City covenants not to provide any free service from the waterworks and to charge promptly for the use of all facilities connected and to be connected to the waterworks, including water used for fire protection to be computed by the number of fire hydrants connected, and to be connected, with said system.

It is expressly herein covenanted that to the extent permitted by law the City will not grant a franchise for the operation of any competing waterworks system within the City, and that the Bonds shall constitute legally enforceable liens upon the earnings of the waterworks, including all further extensions, additions and improvements thereto, whether acquired through purchase, contract or otherwise.

The City may make line refund agreements with respect to any extension to be paid for by any persons or entity other than the City.

As provided by KRS 96.400, a statutory mortgage lien shall exist upon the waterworks and appurtenances and extensions thereto in favor of the holders of the Bonds and the coupons appertaining thereto.

Section 8. That in the event that the City defaults in complying with any covenant contained in this ordinance, any holder of any Bond, or of any coupon representing interest accrued thereon, may, either in law or in equity, by proper suit or other proceeding, compel the enforcement and performance of all duties required by law and by this ordinance, including the making and collecting of sufficient rates for water service for that purpose, the segregation of the income and revenue from the waterworks and the application of such income and revenue as herein provided.

The holders of the Bonds and the coupons thereto appertaining shall have all the rights provided for in favor of the Bonds issued under KRS 96.350 through 96.510, including the court cost incurred by the holder of any Bonds in connection with obtaining the appointment of a receiver as authorized by statute, including a reasonable attorneys' fee, such cost shall be payable out of the income and revenue from the waterworks.

Section 9. That it is hereby covenanted and agreed with the holders of the Bonds that the City will not issue any other or additional bonds or other evidences of obligations of the City payable from or in any way creating a charge upon the income and revenues to be derived from the operation of the waterworks, except only the Bonds to purchase the waterworks and subordinate and junior bonds as hereinafter provided, unless the following conditions are met. Additional parity Bonds (herein called "Parity Bonds") may be issued if the gross cash operating revenues earned for the two fiscal years ending December 31 immediately preceding the authorization of any such Parity Bonds as shown by an audit of a certified public accountant were sufficient to pay all costs of operation and maintenance of the waterworks, and leave a balance equal to at least 135% of the combined maximum annual principal and interest requirements on the Bonds then outstanding and the Parity Bonds proposed to be issued.

Notwithstanding the above restrictions, additional bonds (herein also called "Parity Bonds") to share ratably and equally in the income and revenues of the waterworks with the Bonds may be issued at any time after the passage of this ordinance for the purpose of constructing improvements and extensions to the waterworks; but only upon approval of the Original purchaser of the Bonds, and upon certification to the Board by the consulting engineer then in the employ of said municipality,

(a) giving a reasonably detailed description of such work, an estimate of the cost thereof, and an estimate of the time of completion thereof; and

(b) showing and substantiating the feasibility of such additional revenue financing with reference to existing and proposed rates and anticipated earnings based thereon, and such certificate must show and substantiate that projected revenues for the first full fiscal year following completion of such work, will be sufficient to pay all costs of operation and maintenance, and leave a balance equal to at least 150% of the combined maximum annual principal and interest requirements on all Bonds then outstanding and the Parity Bonds proposed to be issued.

Said certificate shall be approved by the Board and filed in the office of the City Clerk for public inspection preliminary to the adoption of any ordinance providing for the issuance of any Parity Bonds.

The City further covenants that if any Parity Bonds are so issued the maximum amounts to be deposited in the Bond Reserve Account and the Depreciation Account shall be increased in proportion to the principal amount of any Parity Bonds so issued.

The City reserves the right to issue bonds for the construction of further necessary improvements, extensions, repairs and rehabilitations to the properties comprising the waterworks which shall be subordinate and junior in standing in all respects, with respect to the payment of the principal of and interest on and the security of the Bonds and all Parity Bonds of the City thereto, or thereafter issued under the provisions of this Section, provided that any such subordinate and junior lien bonds shall mature after the final maturity date of the Bonds and the Parity Bonds and shall not be subject to redemption prior to maturity until after the final maturity of the Bonds and the Parity Bonds.

In addition to the foregoing, if prior to the payment of the Bonds and the Parity Bonds, it shall be found desirable to re-

fund all or a part of the Bonds or the Parity Bonds, said Bonds and said Parity Bonds may be refunded notwithstanding the restrictions as to the issuance of additional bonds set forth in this section (but only with the consent of the original purchaser and holders thereof, unless the Bonds to be refunded are subject to redemption and provision for call and redemption thereof is duly made), and any refunding bonds so issued shall share ratably and equally in the revenues of the waterworks and the pledge thereof under this ordinance with the portion of the Bonds or the Parity Bonds which are not refunded; provided, however, that if only a portion of the Bonds or the Parity Bonds are to be refunded at any time, such obligations shall not be refunded by bonds bearing interest at a rate greater than the average interest rate provided by this ordinance for the Bonds and the Parity Bonds then outstanding, or maturing at a date earlier than the final maturity of such Bonds or Parity Bonds not refunded.

When the conditions herein specified for the issuance of additional bonds have been met, then upon the issue thereof any such additional bonds, when issued, shall be entitled to the equal and proportionate benefit and security of the pledge of the revenue and income derived and to be derived from the operation of the waterworks, with the Bonds without preference, priority or distinction as to participation of such pledge or revenue, or in the benefit of one bond or coupon of each of said issues over or from any other issue by reason of priority in execution, issue, delivery or negotiation thereof, or by reason of the date or dates of said bonds, or the date or dates of maturity thereof, or for any other reason whatsoever, the intent hereof being that each and all of said bonds, as aforesaid, and of coupons evidencing interest thereon shall have the same right and pledge as to payment and security with the same legal effect as if each and all of said bonds and coupons had been executed, issued, delivered and negotiated simultaneously as one proceeding.

Section 10. That the City hereby covenants and agrees with the holder or holders of the Bonds that it will punctually perform all duties with reference to the waterworks required by the Constitution and laws of the Commonwealth of Kentucky, including the making and collecting of sufficient rates for the use and service of the waterworks required by the Constitution and laws of the Commonwealth of Kentucky, and segregating the revenues of the waterworks Fund and the application of the respective accounts created by this ordinance, and it hereby covenants and agrees not to sell, lease, loan, mortgage or in any manner dispose of or encumber the waterworks (subject, however, to the right reserved in Section 9 to issue additional bonds) including any and all extensions and improvements that may be made thereto, until all of the Bonds shall have been paid in full, both principal and interest, or unless and until provision shall have been made for the payment or redemption thereof.

The City further covenants and agrees with the holders of the Bonds to maintain in good condition and continuously to operate the waterworks and to make, enact and enforce all needful rules and regulations and ordinances for the efficient management and proper maintenance and protection of the waterworks and for the use and service thereof.

Section 11. That the Waterworks Fund and accounts shall be audited within sixty (60) days after the close of each fiscal year by an independent firm of certified public accountants, and such audit and accounts shall be open for inspection at all proper times to any holder of the Bonds or anyone acting for or on behalf of such Bondholder. Such audit report shall include the following items: (a) balance sheet, (b) operating statement, (c) comments of the auditor relative to the fulfillment of ordinance provisions and the manner in which the waterworks has been operated; his recommendations for improving the financial cooperation of the waterworks, (d) insurance data, (e) number of metered customers; number of unmetered customers; number of properties connected to the waterworks; number of hydrants, and (f) gallons of water through master meter and gallons of water billed; and copies of such audit report shall be furnished to the original purchasers of the Bonds and shall also be furnished to any Bondholder upon request.

Section 12. That the provisions of this ordinance shall constitute a contract between the City and the holders of the Bonds, and after the issuance of the Bonds no changes, additions, or alterations of any kind shall be made hereto, except as hereinabove provided, until all of the Bonds and the interest thereon shall have been paid in full, or unless and until provision shall have been made for the payment or redemption thereof; or unless

Night Driving Holds Greater Perils, Claim By Public Safety Dept.

The survival rate of traffic accident victims in Kentucky is less at night than in the daytime, according to the results of the first phase of a study of Kentucky traffic accidents by the State Department of Public Safety.

The study also shows a sharp increase in the number of teen-age drivers in the state involved in traffic accidents and that the percentage of women drivers involved in Kentucky traffic accidents during a five-year period was double that of men drivers.

While just over 25% of the state's traffic accidents occur at night, they account for 40% of the fatal accidents, the study reveals.

It also shows 106% increase for 17-year-old drivers involved in traffic accidents between 1960 and 1964 and an increase of 84% for 16 year olds over the same period.

The number of women drivers involved in traffic accidents in Kentucky over the five-year period increased by 64% as compared with 30% for men drivers.

The report notes, however, that there is no way to determine how many drivers there are of each sex because the Kentucky Drivers Licensing Bureau does not keep a breakdown by sex on the total number of drivers.

the holders of all outstanding Bonds shall have agreed in writing to such change, alteration or addition.

Section 13. That the City Clerk is hereby authorized and directed to cause notice for bids for the purchase of all of the Bonds to be published in accordance with legal requirements. That such notice shall be in the customary form and shall state that the right is reserved to reject any or all bids. That the City Clerk may also send further information as to the sale of the Bonds and bid forms in the customary forms.

All proceeds derived at the sale and delivery of the Bonds numbered 1 through 280 herein authorized shall be accounted for by the City Clerk as follows:

(1) At the time of the delivery of and payment for such bonds there shall be paid the sum owing for the purchase of said system as provided in the contract of purchase on file with the City Clerk as heretofore approved by the Board, without such amount being placed into any fund of the City;

(2) An amount as heretofore agreed by contract of purchase shall be placed in an escrow account at the First Guaranty Bank, Martin, Kentucky, and so held until a certificate by the consulting engineer that the improvements heretofore undertaken as agreed by contract have been completed, such certificate to bear the endorsement and approval of the Chairman of the Board, and accompanied by (a) an order for payment upon said Clerk and depository, signed by such Chairman of the Board and the Clerk of the City, which order shall state specifically the purpose for which said order is issued.

(3) The remaining proceeds received by the Clerk heretofore shall be deposited in the Bond Account to advance the payment of interest on the Bonds for a period not exceeding the first three years following the date of the Bonds.

Section 14. That if any section, paragraph, clause or provision of this ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the other provisions of this ordinance.

SECTION 15. That the ordinance entitled "AN ORDINANCE CREATING AN ISSUE OF \$200,000 OF WATERWORKS REVENUE BONDS OF THE CITY OF ALLEN, FLOYD COUNTY, KENTUCKY, AND PROVIDING FOR THE PAYMENT AND DELIVERY THEREOF," adopted February 18, 1966, be and the same hereby is repealed.

Section 16. This ordinance shall be in full force and effect from and after its adoption as provided by law.

ADOPTED by the Board of Trustees of the City of Allen, Floyd County, Kentucky, on May 8, 1966; and on said date signed in open session by the Chairman and attested by the City Clerk, to be recorded and published or posted as provided by law.

AMENDMENT OF ORDINANCE

No. 3-66

An Ordinance of the City Council of the City of Prestonsburg, Kentucky, Amending An Ordinance Dated December 16, 1965, No. 23-65, With Respect To the Establishment of Rules and Regulations of the City Utilities Commission, Relative To The Granting and Conditions Upon Which Service Shall Be Granted, Within or Without the Corporate Limits of the City, and the Rates To Be Charged for All of Such Services.

WHEREAS, the City Council of the City of Prestonsburg, Kentucky, on December 16, 1965, passed an Ordinance relative to the extension of services and rates of the City Utility Commission with respect to gas, water, sewer service, and

WHEREAS, the City desires to amend that Ordinance to permit the payment of refunds by the City Utilities Commission to consumers outside the Corporate limits of the City.

NOW, THEREFORE, be it ordained by the City Council of Prestonsburg, Kentucky, the following amendment to the rules and regulations with respect to rates and the granting of services by the City Utilities Commission.

1. Numerical paragraph (6), of Section III, is hereby deleted and repealed. Said Section is as follows:

"(6) In the event that any area to be served by the Commission under the within provisions shall be annexed to the City within a period of eight years from the completion of any such installation; thence, the regulations adopted by the commission for installation within the corporate limits of the city shall become applicable and the project or extensions shall be eligible for refunds, provided for hereunder, for areas within the corporate limits of the city, for that portion of said eight year period remaining on and after the date of annexation."

2. In lieu thereof, paragraph (6) of Section III, shall hereby read as follows:

"Deposits made by any Applicant hereunder shall be refunded to the depositor as follows:
For each user served by the extension, the Commission will refund 75% of all revenues collected from each water and sewer user, and 30% of all revenues collected from each gas user, for a period of eight years under the following conditions. Such refund shall in no instance exceed the amount so deposited by Applicant and will be made in January of each year; provided, however, that no refunds will be made on account of customers who began taking service from such extensions eight years or more after such utilities are made available for service. The eight year period will begin in the area as designated on attached plat on the day that any such utility is made available for service."

3. Numerical paragraph 7, Section III, shall be deleted in its entirety, and in lieu thereof, said paragraph shall read as follows:

"Nothing herein shall prevent the Commission from extending its mains beyond the terminus of any extensions made under these regulations, and the depositor shall not be entitled to any refund for connections made to future extensions at the expense of the Commission. No refunds will be made on account of any temporary connections, or in the case of water services, for fire hydrants installed on said extensions at the expense of the Commission."

4. There shall be added to Section III of the Ordinance, the following paragraph designated as paragraph 8.

"(8) No interest will be paid by the Commission on account of any funds deposited with, or collected by the Commission hereunder."

5. All other provisions of the aforesaid Ordinance No. 23-65, adopted December 16, 1965, are hereby reaffirmed and ratified, except those paragraphs and Section expressly repealed or deleted herein.

This Ordinance shall become effective upon its passage and publication as required by law.

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT

First Federal Savings & Loan Assoc., of Paintsville, Ky., Plaintiff
Against // NOTICE OF SALE
CR 5,596

Morton Horn & Evelyn O. Horn, His Wife, Defendants.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the March 7th, term 1966, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 13th day of May, 1966, at 10:00 o'clock, a.m., same being a day of the regular term of the Floyd Circuit Court, upon a credit of six months, the following described property to-wit:

A certain tract or parcel of land lying in Floyd county, Kentucky, on Salt Lick Creek of Right Beaver and being the same property conveyed to Morton Horn and Evelyn O. Horn, his wife, by Deed dated April 12, 1956, and recorded in Deed Book No. 162, Page 243, in the Floyd County Court Clerk's Office, being more particularly described as follows:

"Said tract of land starts at bank of Salt Lick Creek with a stake marked "X"; thence in a straight line running southeasterly direction to a marked fence post at corner of chicken lot a distance of approximately 460 feet; thence straight up point in same direction to forks of twin poplar tree; thence up hill in same direction straight line to a marked black oak; thence about 65 paces to right of another marked black oak at junction of line; thence back down point on opposite side running in north-westerly direction with the line of Carrie Allen back to the banks of Salt Lick Creek; thence down with creek approximately 135 feet to marked stake at beginning.

It is understood that gas rights on this property, approximately 1/12th of the Huff estate, were conveyed these defendants in the above deed but that the free gas remained at the Home Place with the grantors and was not conveyed by the above deed.

There is excepted from the above described property that portion of same which was conveyed by Morton Horn and Evelyn Horn to the Kentucky Department of Highways by deed dated January 26, 1962, and recorded in Deed Book No. 179, Page 282, of the records of the Floyd County Court Clerk's Office.

The amount of money to be raised by this sale shall be in the principal sum of \$4,733.66 with interest thereon at 6% annually from the 12th day of January, 1966, until satisfied and the costs of this action, including posts of advertising of this sale and the fees and commissions for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 22 day of April, 1966.

Notice of Bond Sale, \$250,000

Town of Allen, Kentucky
Water Revenue Bonds

The Board of Trustees of the City of Allen, Kentucky, hereby gives notice that until May 20, 1966, at the hour of 1 p.m., Eastern Standard Time, at the City Hall at Allen, Kentucky, it will receive sealed competitive bids for the purchase of \$250,000.00 waterworks revenue bonds, dated February 1, 1966, being 280 negotiable coupon bonds registerable as to the principal, each in the denomination of \$1,000.00 maturing serially on February 1, as follows:

Certain of the years 1967 through 1996, inclusive. Subject to redemption on and after February 1, 1982. Payable at Marine-Midland Grace Trust Company, New York, New York.

Provided that the city reserves the right to call for redemption all bonds maturing on February 1, 1982, and thereafter, in whole or from time to time in part, in the inverse numerical order of said bonds on February 1, 1981, and on any interest payment date thereafter, at the redemption price of the principal amount or par value thereof, plus accrued interest thereon to the redemption date plus a redemption premium equal to five percent of such principal amount or par value if the date stated for redemption is on or before February 1, 1992, and thereafter on the same terms except that the redemption premium shall be an amount equal to three percent of the principal amount or par value if the date stated for prior redemption is on or before February 1, 1996.

Bidders shall offer a sum in cash, (but not less than 98 percent of the face amount of the bonds plus accrued interest) for all bonds and stipulate interest coupon rate, provided each is a multiple of 1/8 or 1/10 of 1 percent.

None may exceed 6 percent per annum, the net interest rate shall not exceed six percent and only one interest rate shall be stipulated for a single maturity date. At the place, date and hour specified above, the Chairman of the Board of Trustees of said city will open all such bids as may have been received, and the same shall be referred by him for acceptance or rejection at a meeting of the Board of Trustees then scheduled. A no litigation certificate and approving legal opinion of Dumas, O'Neil and Hays, of Birmingham, Alabama, will accompany the bonds. Bidders must furnish a good faith deposit (a certified or bank cashier's check) of \$5,600.00 which shall accompany each bid, such amount to be forfeited by the successful bidder as agreed liquidated damages for failure to take up and pay for the bonds when ready. The Board of Trustees reserves the right to determine in its sole discretion the best bid, to reject any and all bids and to waive any informality in any bid. In the event that, prior to the delivery of said bonds, the income received from private holders from bonds of the same type and character becomes taxable by the terms of any Federal tax law, the successful bidder may be relieved of its obligation under any accepted proposal to purchase the bonds, and in such case the amount of the good faith check will be returned upon request.

The bonds will be deliverable at the Marine-Midland Grace Trust Company of New York City, New York.

For further information as to the sale of the bonds may be obtained from Nellie L. Parsons, City Clerk of Allen, Kentucky, or Harold D. Audsley and Company, 1210 Baltimore Avenue, Kansas City, Missouri.

ORDINANCE

No. 1A-66

An Ordinance of the City Council of the City of Prestonsburg, Kentucky, Closing A Portion of Hager Street in the City of Prestonsburg, Kentucky, Lying Between U.S. Highway 23 and Arnold Avenue, and Authorizing the City Attorney Or A Special Attorney, Designated by the City Council, To Institute the Necessary Legal Proceedings To Affect This Purpose.

WHEREAS, there is existing in the City of Prestonsburg, Kentucky, located between U.S. Highway 23 and Arnold Avenue and more particularly bounded and described as follows:

"BEGINNING at a point S 43-01E 6.09 feet from a concrete monument located in the right-of-way line dividing U.S. Highway 23 and the property of Gulf Oil Corporation; thence S 62-41-46W 165.00 feet to a stake; thence N 27-18-14W 35.00 feet to a stake in the northern boundary of Hager Street; thence N 62-41-46E 155.80 feet to a stake in the right-of-way line of U.S. Highway 23, thence N 38-23-30W 7.07 feet to a concrete monument in said right-of-way line; thence S 43-01E 28.95 feet to the place of beginning, including all of said boundary."

WHEREAS, said section of street, as above described, is not now in use and has not been used by the general public for many years and the closing thereof will not damage the general public or any of the adjoining or abutting property owners, and

WHEREAS, it is the desire of the City Council to permanently close said street and surrender it to the use and occupancy of the adjoining property owners, their heirs, successors and assigns, subject only to the right of the City of Prestonsburg to ingress and egress on said street for the purpose of laying, removing, altering or maintaining city utilities.

NOW, THEREFORE, the City Council of the City of Prestonsburg, Kentucky, by virtue of the power vested in it hereby enacts and ordains as follows:

SECTION I. That a portion of street in the City of Prestonsburg, Kentucky, as hereinabove described, is hereby permanently closed and said property surrendered to the use and occupancy of the adjoining land owners, their heirs, successors and assigns, subject only to the right of the City of Prestonsburg to ingress and egress on said street for the purpose of laying, removing, altering or maintaining city utilities.

SECTION II. That the City Attorney, or a special attorney, designated by the City Council, is hereby authorized to take whatever legal action appears necessary to carry out the purpose and intent of this ordinance, including the filing of a suit in the Floyd Circuit Court, the cost of which, including attorney fees is to be borne solely by the adjoining property owners affected hereby.

SECTION III. This ordinance shall become effective as of the date of its enactment, execution and publication as required by law.

Dated this 7th day of April, 1966.

MARTIN

The Girl Scout advisor, Mr. Gray from Lexington, has asked that the date for the meeting in the high school here be changed from May 12 when they were supposed to meet, to the 19th. The meeting will be at the same place, same hour, but on Thursday, May 19. All interested persons, mothers and daughters are asked to attend.

Several hundred children attended the Honor Banquet here recently. They had a very enjoyable evening, many winning awards for extraordinary achievements.

Joseph High, of Durham, N. C., spent several days here, the guest of his friend, Harry Gene Preflatish, and family. Mr. High plans another visit this summer and to bring his family to enjoy the beauty and relaxation of May Lodge and Dewey Lake.

Mrs. Mary Dermont spent a few days in Lexington, last week. While there she stayed with Mrs. Elizabeth Hunter, formerly of Martin.

Nila, daughter of Dr. and Mrs. Frank Garbin, was given a birthday party at her home last Tuesday. Many of her small friends from her school attended and enjoyed refreshments and games.

William Myers, of the Army Corps of Engineers, Huntington, W. Va., was a business visitor in Martin this week. Mr. Myers visits official weather observers. He was visiting Betty Preflatish, observer for Martin.

Mr. and Mrs. Billy Ray Crisp, of Lincoln Park, Mich., Mrs. Shirley M. Owens, of Vista, Calif., son and daughter of John Crisp, attended his funeral here this week. Others to attend were his brother and sister-in-law, Mr. and Mrs. Bert Crisp, of Wheelwright, his sister, Mrs. Alice Ray, of Columbus, Ohio. Mrs. Owens' husband is a captain in the Marine Corps and is now serving in Viet Nam.

Seniors of Martin high school went on their trip, touring Kentucky under the guidance of Roberta Turner.

Carol O'Hara and Mrs. Parr, of Paintsville, were business visitors in Martin this week. They are volunteer workers in St. Michael Parish.

The spring meeting of the D. C. C. W. was held in McKee, Kentucky this year. Attending from St. Juliana Parish were Rev. Leo Frankrone, Mrs. Virginia Brashear, of Martin, Mrs. Alice Lewis and Mrs. Aida Berardi, of Drift. William Ackerman, bishop of the Covington diocese, and Rev. John Roff were visitors in this region last week.

Several friends and relatives attended the funeral of Mrs. Gladys Deaton in Jackson, this week-end. Mr. and Mrs. J. C. Skeans and daughter Lina were among those attending the rites. Mrs. Deaton was the former Gladys Tackett, formerly of Martin.

Rev. and Mrs. Raymond Wright, Mr. and Mrs. John Fannin, Mr. and Mrs. Burke, Mr. Brown and Fred Bishop attended a revival at Dotson, Sunday night. Rev. White is the minister in charge.

Mr. and Mrs. J. H. Osborne and son, J. H. Osborne, of Charleston, W. Va., spent the week-end here with relatives and friends.

TB FIGHT TO LEAD INTO KY. SCHOOLS

Frankfort, Ky. — During the next two school years, nearly 440,000 youngsters across Kentucky will receive a skin-test for tuberculosis.

The intensive program to seek out TB among school children will utilize a new \$110,000 appropriation made by the 1966 Legislature at the recommendation of Governor Edward T. Breathitt.

The tuberculin skin-testing program is a cooperative effort of the Kentucky TB Hospital Commission, the Kentucky Departments of Education and Health, the state's two medical schools and the Kentucky Tuberculosis and Respiratory Disease Association.

Launched some 18 months ago, with limited funds, it has tested some 116,400 persons already and uncovered 60 cases of active tuberculosis.

Thomas Layton, executive director of the TB Hospital Commission, said, "With the new appropriation we can more than triple the number of tests performed."

The testing procedure involves the use of a rapid-action device, called a "Sterngun." After the child's arm has been sterilized, the "gun" is activated by a nurse. Six tiny metal points in the "business end" of the gun are pushed into the upper layer of the skin.

On each tiny point is a TB reaction agent (Connaught PPD). The "head" of the gun, which comes in contact with the arm, is interchangeable and a new, freshly sterilized one is used for each child being tested.

After a few days, the test areas are examined and evaluated. If a redness or swelling has developed, the test is termed "positive."

Layton said this does not necessarily mean active tuberculosis, but it could mean that the subject has been exposed to the disease.

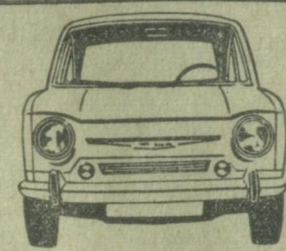

Positive cases are re-tested, he said, using another process—the Mantou test—and if they again show a positive reaction, chest X-rays will be given at special clinics. In some cases, where the disease is not active but the children could possibly develop tuberculosis later in their lives, drugs are given to prevent the disease.

The medical staff of the TB

Hospital Commission cites these advantages of the Sterngun testing process over other, older forms of testing:

1. Tests can be made more quickly and with a minimum of personnel.
 2. The children are more receptive to taking the test, as a gun is used instead of a needle.
 3. The Sterngun tests are inexpensive — about four cents per test as compared with 70 cents for each chest X-ray.
- "Testing the youngster in school also aids the state's total TB program," Layton said. "Oftentimes, a child will lead us to a source case where he was either exposed to or contacted the disease."
- "We are quite hopeful that with public cooperation and help we can eliminate this once dread disease for all time."
