SPEAKING OF AND FOR FLOYD COUNTY

THURSDAY, SEPTEMBER 15, 1966

This Town ... That World

Take it from me, it's a lot pleasanter to wet a line than to write one.

LARRY CAUDILL

Last Friday, a day after this column had reprinted his paragraphs on "The Empty House," Larry Caudill, of Blackey, Letcher county, died. And there went another of our good intentions. Impressed by bits of his writings, we had long intended to write Mr. Caudill a little note of appreciation. But didn't. . . . Larry Caudill died at 64. A graduate of Centre College and a manager of the famous 1921 Prayin' Colonels team that defeated Harvard, he had worked on the copy desk of the Atlanta Journal and from 1942 to 1957 was copy editor and fishing columnist for The Louisville Times. Living with his mother at Blackey after retirement from the daily newspaper field, he continued to write and was active in efforts to bring industry to Eastern Kentucky. His talents were not confined to journalism. In Atlanta he was known as an expert amateur golfer and bridge player. His closest Floyd county connection was Mrs. Cleo Hale, of Manton, who was a cousin.

NOT ALL WHITE

Far be it from us to tell an off-color story, so here's one that is plumb colored. It deals with the manufacturer of washers who was taking a distinguished Negro visitor through his plant. The visitor found much to please—fascinating machinery, sparkling products, good working conditions, employment well divided between whites and Negroes—and yet there was just one little item to criticize. "I observe that all your machines are white. Why?" "Never mind," the tycoon reassured his caller. "They're all white, it's true, but every one has a black agitator inside." (See Story No. 2, Page 3)

RATES VARY ON 2 TAXES

Final Listing Shows Drop on CET, Increase Of .2 Cent for Schools

The tax rate, as finally approved by the fiscal court last Thursday, showed minute variations from the rates published in The Times last week. The county extension tax was decreased .1 cent from an even one cent to .9 cent. The school tax on real estate and tangible property was increased from 40.3 cents to 40.5 cents. The court at its special meeting Friday received from the Floyd County District Extension Board a request for \$8,996.80 to finance the cooperative extension program for the new fiscal year. Of this total, \$2,700 would come from the general fund for a third county extension agent. The remainder would come from the fund created by the extension tax: \$2,400 for travel expenses of the three agents; \$2,900 for secretarial salaries; \$350 for office expense and telephone; \$646.80 for social security contributions, surety bond, audit and audit publication. The court record did not indicate the request had been approved. The fiscal court adopted Magistrate Dewey Roberts' motion asking the Department of Highways to set up a rural highway program to provide for repair of the bridge spanning the river at the mouth of Ivy Creek. It also voted \$100 to pay expenses of court members to Louisville on business for the county. Occupational licenses and penalties for non-payment will remain as in the preceding fiscal year, the court decided.

BOOZE CASE DEFENDANTS HELD GUILTY

Fines and Jail Terms Given Three; 2 Others Enter Guilty Pleas

Three liquor case defendants, two of whom are women, were convicted Wednesday in circuit court. Mrs. Mack Hunt pleaded guilty to a selling charge and was fined \$20 and sentenced to 30 days in jail. Herman Perry, given trial in absentia on a possession charge, was fined \$100 and given a 60-day jail term. He has two other cases pending, it was said. The third defendant, Sadie Click, was given trial Wednesday afternoon, was fined \$100 and given a 60-day jail sentence. Two earlier convictions resulted from pleas of guilty. Earl Walters was given a one-year term for child desertion, and Bobby Webb drew a two-year term for auto theft. The breaking and entering charge against Webb was dismissed.

Lewis Dye won an acquittal at the conclusion of his trial on a non-support count. The forgery trial of Charles H. Hamilton was continued till next Wednesday, and trial of Catherine Martin, charged with false swearing, was continued and set for September 27. She was held in contempt of court when she failed to appear when her case was called for trial September 9. Her fine was \$25. Trial of Curtis Hughes, charged with shooting into a public building, also was continued, with trial set for September 29.

Cases dismissed: Larry Sexton, grand larceny and knowingly receiving stolen property; Sterling Hamilton, cold check; Kenneth Salisbury, deserting a pregnant wife and child desertion, dismissed for lack of prosecution.

MAGOFFIN-CO. FIND POSES 2nd MYSTERY

The body found September 7 in Pike county was identified Wednesday as that of Mrs. Pierina Kelly, of Ashland. Identification was made by fingerprints. She came to the United States from Italy under sponsorship of her husband, Virgil Kelly, who died 18 months ago.

The dismembered and decomposed body of a man found near Salyersville Friday has been positively identified as that of Douglas Skidmore, 24, of Steubenville, Ohio.

Discovery of the body presented the area with its second mystery death in a period of a week. The body of a woman was found on the mountain between

WET MOTION IS GRANTED

Conley Vacates Bench, Asks Appellate Court To Name Special Judge

Circuit Judge Hollie Conley last Thursday vacated the bench for the trial of the suit filed by Wet forces against the Floyd County Election Commission to contest the results of the July 27 local option election. The case was certified to the Court of Appeals for designation of a special judge to preside in the hearing of the action.

The Dry majority of 85 votes was attacked on the claim that a number of Dry voters cast their ballots in precincts where they did not reside and that voters were intimidated.

The motion asking Judge Conley to vacate was supported by the claim that he had, with other officials, signed an advertisement supporting the Dry cause.

Joe Hobson, attorney for Dry forces, has until September 24 to file an answer to the Wet petition. The plaintiffs have asked that oral testimony be heard, and they used this in support of their motion for Judge Conley to vacate, pointing out that he would be presiding as judge of the regular September term of court here during the time testimony in the contest case would be heard.

DR. MAYO TO HEAD GOV'T POLICY STUDY

The George Washington University, Washington, D. C., last week launched a major effort to assist government officials in defining and analyzing important policy issues, and named to direct the program is Dr. Louis Harkey Mayo, native Prestonsburg man.

Dr. Mayo has been appointed vice-president for Advanced Policy Studies by University President Lloyd H. Elliott.

For the past six years, Dr. Mayo has served as dean of the Graduate School of Public Law at George Washington University. "We feel that George Washington University must become a national center where the complex problems facing society can be analyzed in a multi-disciplinary setting," said Dr. Elliott. "This is a particularly appropriate mission for a private university located in the nation's capital, where the major policy decisions are being made."

The new dimension in the organization of the University has been made possible by an initial grant from the National Aeronautics and Space Administration. The grant of \$750,000, payable over three years, will support a program of policy studies in science and technology typical of those in the nation's space program.

The basic objective of the new Policy Studies Program is to focus the University's research capability, and that of cooperating organizations, on existing and emerging policy issues of major importance. The program will also carry on a continuing appraisal of the appropriate role of the university in the national policy studies function.

Internally, the program will provide faculty assistance to— (See Story No. 1, Page 3)

GROUP PLANS AUTO RACING

Center To Be Located On Farm Near Martin; \$30,000 Project Seen

Work toward establishing an entertainment center, with stock car racing its top attraction, is expected to be started next week on the Lawrence Keathley farm, near Martin, by Family Hobby Center, Inc., a firm composed of 30 residents of the county.

The corporation has leased from Mr. Keathley between 40 and 50 acres of land. First development of the tract will be construction of a quarter-mile dirt track for auto racing and a grandstand to accommodate 4,000 persons. An oval for horse racing also will be provided.

Future plans call for a half-mile asphalt track for stock car racing. The group hopes to operate later under NASCAR sanction.

Engineering work was expected to be done today (Thursday). Family Hobby Center's 30 shares of stock is being sold at \$1,000 per share. Its officers are H. B. Ranier, president; John Allen, Jr., secretary, and Russell H. Hagedorn, treasurer. Its building committee is composed of Marcus Reynolds, Winston Ford, Jr., H. B. Ranier, Richard Martin, John P. Wells and Shannon Greer.

A similar operation near Salyersville has met with sensational success this year, drawing capacity crowds.

WOMAN HELD IN SHOOTING

Shotgun Blast Wounds Spears; Two Arrested After Raids Staged

A Home Branch of Buffalo woman was in jail here this week, charged with shooting and wounding James F. Spears, about 35, early last Saturday morning at her home.

Spears is in the Prestonsburg General hospital, suffering from a shotgun wound in his thigh. Mrs. Elizabeth Jervis, wife of Tom Jervis, has been accused of firing the shot. The shot struck Spears in a leg which was already crippled. He is expected to recover.

Evelyn Ferrell told Commonwealth's Attorney Harold J. Stumbo that Mrs. Jervis fired the shot. She said she spent the night preceding the shooting at the Jervis home and Spears did also. Because, she told Stumbo, Spears accused Mrs. Jervis of stealing his whiskey and threatened to "get his gun and come back and kill Elizabeth," Mrs. Jervis fired on him. She added that Spears was unarmed.

Two liquor raids were staged within a few miles of Prestonsburg during the week-end. The first, made by Sheriff Joe W. Lewis, Deputy Sheriff C. B. Hall, ABC Agent Claude Flannery and State Trooper Richard Herron resulted in the confiscation of 17 cans of beer from the premises of Lonnie Neeley on the Auxier road, near here.

Sheriff Lewis said Sunday's raid on Willard Burchett at Knotley Hollow followed a watch he maintained on the premises during which he saw Burchett make a sale from a Nash automobile, near the mouth of the hollow, (See Story No. 3, Page 3)

COURT OK'S NEW BUDGET FOR SCHOOLS

Almost \$3 Million Anticipated Revenue From Outside Floyd

The \$3,439,006 budget of the Floyd County Board of Education for the 1966-67 fiscal year was approved last Thursday by the fiscal court.

Of that total, \$2,915,965.35 will be realized from funds received from outside the county. The Foundation Program fund will provide \$2,897,965.35, and \$18,000 is anticipated from Title III and Title IV (federal funds). Income from taxation within the county is expected to net \$523,040.65. Revenues from taxation within the district, or county, cannot exceed that of the previous year by more than 10 per cent.

The budget for current expenses call for these expenditures within the year:

Administration (salaries, office supplies, legal services, tax collection costs, contractual services, etc.), \$57,000; instruction (including teachers' salaries, secretarial and clerical assistants, library books and supplies, audio-visual materials, teaching supplies, etc.), \$2,537,806; attendance services, \$36,000; health services, \$4,000; pupil transportation (including salaries, gasoline, parts, insurance, etc.), \$225,000; operation of plant (building supervisors, custodial services, heat, water and sewerage, electric power, telephone and supplies for operation), \$170,000; maintenance of plant (maintenance of buildings and grounds, equipment), \$170,000. (See Story No. 4, Page 3)

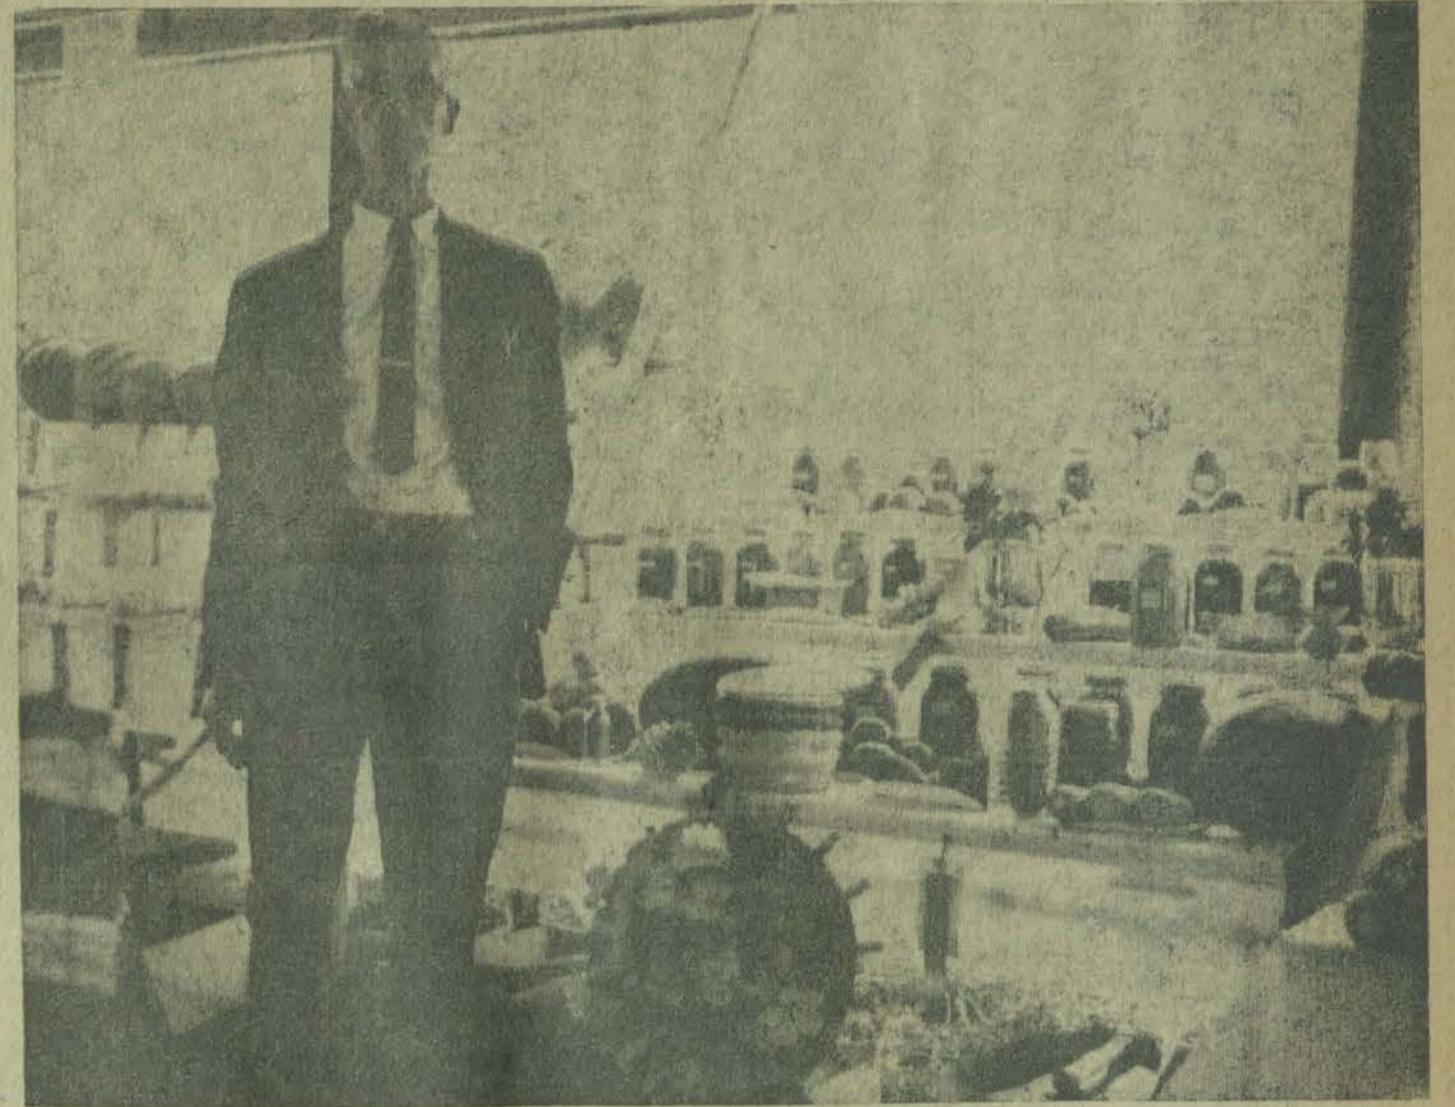

OEO Grant of \$169,156 To Continue Program In Area Counties

The Office of Economic Opportunity this week announced a nine-month grant of \$169,156 to Floyd, Johnson, Lawrence, Magoffin, Martin and Pike counties for a conduct and administration program. Sidney H. Woolner, acting Mid-Atlantic regional director for OEO, said that the applicant agency is the Big Sandy Area Community Action Program.

The program will maintain and extend community action programs in the area. The staff is composed of a director, three assistant directors, a clinical social worker, 12 aides, seven secretaries, an educational expert and a field coordinator. This staff will be responsible for administering on-going programs in the area such as sanitation projects for Ligon, Middle Fork, Hurricane and Elkhorn Creeks; overseeing delegated programs such as Head Start, family planning, and the Prestonsburg Community College summer educational enrichment programs; and planning new programs. Staff director of the program is Harry Eastburn.

Floyd Mental Health Group To Meet Here

The Floyd County Mental Health and Mental Retardation Association will hold its monthly meeting at 7:30 p.m. next Tuesday in the Health Department building. It is requested that all members and any other interested citizens attend. New ways and means will be explored to enlarge the association, in order that more people can participate on a county-wide basis.

JUDGE FINES PIKE LAWYER

Tape Recorder Use By Combs At Hearing Brings Contempt Rule

Federal Judge Bernard T. Moynahan Jr. fined Pikeville attorney Dan Jack Combs \$100 last Friday for using a tape recorder in federal court at Pikeville.

The charge was criminal contempt of court. The judge said Combs had surreptitiously recorded proceedings Tuesday in a land case involving the Paintsville-Prestonsburg airport.

Combs said he didn't know he was breaking a rule, and denied acting secretly. In this he was supported by several persons who testified they saw the recorder.

The reason for making a tape, Combs said, was delay in getting transcripts from the court clerk. He appealed Judge Moynahan's ruling to the Sixth Circuit Court of Appeals at Cincinnati.

Use by Combs of the tape recorder was discovered by Judge Moynahan, Tuesday of last week, while a hearing on a motion to disqualify Moynahan from serving as judge in the trial of the case of the Williams heirs against the airport board in a condemnation proceeding. Combs was cited for contempt at the time, and hearing of the contempt case was held Friday.

Holding that Combs had failed to show that he held any bias toward the heirs, (See Story No. 5, Page 3)

4,000 ATTEND FAIR ON CHILDREN'S DAY

7th District Opening Of Brown Campaign Set Here Sept. 23

The Seventh Congressional district opening of John Young Brown's campaign for the U.S. Senate will be held at the courthouse here at 7:30 p.m. Friday, September 23. The rally will be the first to be held following next Thursday's official state campaign opener.

Mr. Brown and Congressman Carl D. Perkins will be the speakers.

Perkins Reports Grant For Training Allowances And Vocational School

Congressman Carl D. Perkins notified The Times Wednesday that the Secretary of Labor has approved a grant of \$105,700 for training allowances, transportation and subsistence payments for 60 unemployed persons residing in the Johnson county redevelopment area. In addition to this sum, the Secretary of Health, Education and Welfare is making available \$57,600 to support the cost of providing training in vocational education facilities at Mayo Vocational Education School.

The program and funds are authorized under the Manpower Development and Training Act, and the training to be offered will equip persons for employment as highway engineering aides.

Children's Day at the Floyd County Fair last Saturday, plus the attractions of farm, home and school exhibits, drew an estimated 4,000 persons to the new fairgrounds at Archer Park here.

"Very successful" was the assessment made by Extension Agent Gene Ball of the fair. "In fact, those of us who worked with the fair were pleasantly surprised."

It was the first county fair held here in three years, and for that reason some of its supporters had feared exhibits would be few and interest lagging. The opposite was the case, however, and now there is talk of enlarging the facilities for bigger fairs in future years.

Quality of the exhibits was good, and fair visitors were surprised by the excellence of farm and garden products, despite a poor growing season.

Judges at the fair were: Livestock—Carroll Bailey and Mason Morrison; Johnson and Pike county extension agents, respectively; farm and garden exhibits—Prichard King, Magoffin county agent, and Fred Conley, Salyersville; home economics—Biddle Williamson and Gullene Smith, both of the Kentucky Power Company, Pikeville.

POWER FIRM PLANS TOLD

Construction Here Of Office Building To Begin This Fall

Kentucky Power Company will start construction this fall of an office building in Prestonsburg at the corner of South Lake Drive and Graham Street.

H. H. Kincaid, Pikeville division manager of the company, made the announcement Tuesday. The building will measure about 40 feet by 42 feet. Cost of the project is estimated at over \$100,000, including the land and the new building. The lot on which the structure will be erected was purchased from Mrs. Josephine Harkins Browning. It fronts 107 feet on Lake Drive (US 23) and extends 97 feet back.

"This building with its drive-in window will provide our customers in this area with much greater convenience and accessibility," Mr. Kincaid explained. "Prestonsburg's growth as a trade center led to the company's decision to expand and modernize our office facilities here," he noted.

He said the building will feature a conference-type meeting room which will be available for public meetings of a civic nature. "The new office also will provide us with much-needed space to display modern electric appliances and electric heating equipment," he said.

An electric heat pump will provide heating and cooling for year-round comfort. The company's service vehicles will be provided with supplies and equipment in the storage area in the back of the building. Architect for the building is George Lee Shannon, of Prestonsburg. Completion of the project is expected this winter.

This drawing of the front of the proposed Prestonsburg office of Kentucky Power Company shows the drive-in window on the side for additional convenience of customers. The office also will feature a conference room for public use and a display area.

TEMPTED

I foreswore the off-color story, a few lines back there. But I am sorely tempted to recount that yarn J. D. Bond told me last week about a yellow tomcat yecept Ambrose.

IT HAPPENED TO ME!

For years now I've listened and gawked while wild-eyed fishermen gasped out stories about the big ones which had snapped 12-pound-test lines—"yes, sir, like it was a spider web"—and of the monster which literally tore a gang of hooks from a plug. I confess, I've been a bit envious of these fellows and their adventures with big fish.

But now I'm beginning to understand. Monday afternoon late, I had the tail hooks torn out of my favorite Crippled Minnow. The only thing that kept me from rushing madly home and gasping out a story about behemoth is, the fool fish jumped—and it was all of 10 inches from tip to tip.

—Hm— Could it be that other hooks have been loosened to the point of falling out and other lines frayed gossamer-thin?

INTEGRATED?

What became of the white bass at Dewey Lake? Men who see fishermen come into the two docks on the lake every day say they haven't seen one since the Spring "run." Casting, trolling, fishing with minnows at night—nothing short of rotenone will get one. Could it be they're not there? We would suggest a population study, but you can't study a population that isn't, can you?

Now, if that doesn't get them back in action, you can write the whites off as integrated with the black bass (if any).

OUT IN THE COUNTRY

Delta Rose Mills, of Alpine, Kentucky, favors us with a bit of what we of the desk-bound underprivileged are missing a lot of.

Taking my coffee on the back porch this morning, watching the sun rise over the misty valleys and blue hills, I could smell the first touch of fall and feel a slight nip in the air.

Only a few trees are beginning to turn a red or golden hue, but in another month the hills will be a riot of rainbow colors. There is a kind of hush over the land, and in the still, cool air the call of a catbird comes sharp and clear. Spiders, in the night, have spun in one corner of the porch a web that sparkles in the slanting sunbeams. The hoarse "chree-rug" of the master bullfrog in the little pond just over the hill seems to say he knows winter is not far away. The doves moult in the treetops across the valley for no reason, except it is their nature to moult, rain or shine. The long, lazy cry of a hound-dog on the trail of a rabbit, or possibly a 'coon, and not caring if he catches up with it or not, comes up from the trees, while the flowers in the garden seem to be blooming in a last riotous burst of colors before the frost comes to lay them low.

These are things to be seen and enjoyed by anyone living in the country, or near the woods, that a town dweller never finds.

and later take at least three bottles from a Dodge, parked farther up the hollow. Twenty-four pints of whiskey were taken from the Dodge when the search was made later by Lewis and ABC Agent Claude Flanery.

Both men executed bond. Mark Henry, of the Abbott Creek section, was jailed here Monday by Deputy Sheriff Hall on warrants accusing him of armed robbery, breaking and entering and striking and wounding. He was accused of breaking into the home occupied by Manuel S. Robinson and Theodore Robinson, of striking the former and taking \$27 from him.

Others booked at the county jail within the week: William Maloney, a.w.o.l., by Sgt. Berry; Vernas Hamilton, possessing untax-paid liquor, by Deputy Sheriffs John D. Martin and Milt Hunt; Arco Hunt, driving while intoxicated, by State Trooper Harmon; Ashland Joseph, rape, jailed by Deputy Sheriff Hall; Janet Barnett, no operator's license and speeding, by Policemen Ray Click and Woodrow Salyers; Roger Dale Compton, improper starting, by Policemen Ray Click and Woodrow Lafferty; James Luther Wright, who was arrested by police on a breach of peace charge, was fined \$17.50 and given a 15-day jail term by Police Judge Harry Sandige.

whom he did not know, Judge Moynahan at first refused to vacate the bench. Later, however, remarking that Combs "had been contemptuous of the court," he disqualified on his own motion.

The move to disqualify the federal judge followed his memorandum opinion last July in which he gave the Williams heirs 30 days in which to accept the \$15,000 granted them by a lower court jury in the first trial of the condemnation case or to go back for a fourth trial.

In two retrials of the case at Pikeville juries gave the landowners \$52,300 at the first hearing and \$63,500 at the second. Judge Moynahan termed the awards "grossly excessive, by any set of standards," adding: "To allow the awards to stand would be tantamount to sanctioning a raid on the public treasury."

GRETHEL

Mr. and Mrs. Aaron D. Hall, and son, Dennis, of Pocatello, Idaho, have been visiting relatives in Milan, New London and Marion, Ohio. They also visited his mother, Nancy Tackett, and his brother, Clyde Hall, here.

Mrs. Charlie Hall, who is ill, is with her daughter, Lily Mae Jones.

Mrs. Freeman Hamilton, who has been shopping in Virginia and Tennessee for her clothing store in Ohio, visited her mother, Mrs. Jim Tackett, here recently.

Mrs. Jim Tackett recently visited Rev. Tack Hall, who is very ill, and also her cousin, John Marth, who is ill at his home here.

Mrs. Jim Tackett was honored August 27 with a birthday party. Around 100 friends and relatives attended the party, which was given at the home of her son, Clyde Hall. Mrs. Tackett received many gifts.

The new road, which is only gravelled on to McDowell, is drawing heavier traffic than the older highway, and the school bus is helping many children.

"BUILDING" . . . A GOOD WORD

Diametrically opposed to destructiveness, it has within it meanings which include initiative, energy, orderly design, the will to do, to achieve . . . nothing of folded hands, idle do-nothingness.

We hail the builders. And as we build, let us also work at building a better world.

Our Yesterdays

(Items taken from files of The Floyd County Times of 30 and 20 years ago.)

Thirty Years Ago

(September 11, 1936)

Flood dams on the Levisa Fork of the Big Sandy River moved a step nearer Wednesday afternoon following a public hearing in the circuit court room in Pikeville before Lt. Col. John F. Conklin, of Huntington, West Virginia, district engineer for the war department. . . Marvin Music, 25 years old, of Bonanza, was electrocuted last week in the Bonny Blue mine of the Blue Diamond Coal Company, at Bonny Blue, Virginia. . . The courthouse at Prestonsburg being under repair due to a fire some time ago, the September term of the Floyd circuit court is being held in the high school gymnasium here. . . Work on the roads in Betsy Layne, employing a work force of 35 men, was started Tuesday of this week. . . Among the 1,200 applications for old-age assistance already on file from Floyd county, the claim of Mrs. Jane Salmons, of "Ball Alley," near here, has been the first to be approved by the State Department of Welfare. . . According to reports received from Frank Clay, county WPA supervisor, work on the paving of the streets of Martin will soon be underway. . . Thursday of this week marked the beginning of work on two new native stone school buildings, one to be erected at Martin and the other at Water Gap. . . There died: James, six months old son of Mr. and Mrs. Charlie Smith, of Lancer, Friday; Irene Boyd, 10-month-old daughter of Mr. and Mrs. Don Boyd, of Allen, Sunday.

Twenty Years Ago

(September 12, 1946)

County officials this week expressed the fear that, as in 1945, the Rural Highway Administration will fail to send gravel for road surfacing until too late for application during good weather. . . Ollie Conley, 48, of East Point, was instantly killed Tuesday when trapped beneath a heavy slate-fall in the Utilities Elkhorn Coal Company mine near Martin. . . Although a number of Prestonsburg residents are aviation enthusiasts, The Times learned Wednesday that the community has taken no step toward building an airport here or of improving the field already in operation on the Auxier road by becoming eligible for federal aid. . . T/4 Tom Horn, 22 years old, formerly of Prestonsburg, was killed on Luzon, August 29, by an accidental gunshot, army authorities notified his widow, Mrs. Joan Derossett Horn, here last Saturday. . . Work has been begun by workmen for the Central Wholesale Grocery Company on the construction of the Mayo Trail, at the upper limits of Prestonsburg, of a 60 by 100-foot building to house its stock and offices. The portion of the Richmond building now occupied by the grocery company will be occupied by a business to be opened by Thomas Hereford. . . Operation of the Sparks Brothers Bus Company's buses was resumed Saturday after a federal mediator had succeeded in arranging for company-employees' differences to be submitted for arbitration. . . The Carter & Callihan Funeral Home, Prestonsburg's second business of the kind, opened this week on Second avenue. . . Married: Miss Lois Martin, of Mt. Zion, Kentucky, and Mr. Thomas Edward Allen, of Martin, August 7; Miss Patricia Elizabeth Rimmer, of Prestonsburg, and Mr. Richard Spurr Webb, II, of Lexington, Saturday; Miss Garnet Spradlin, of the Abbott road, and Mr. Lindsay B. Fairchild, Jr., of Paintsville, August 29. . . Born: To Mr. and Mrs. Rex Gearheart, of Borders, Kentucky, a son, at the Gearheart hospital, Martin; to Mr. and Mrs. Oscar Vanderpool, of Drift, a son—Donny Lee—September 4 at the Pikeville hospital. . . There died: Carl Prather, 48, of Betsy Layne, Sunday on Branham's Creek; Henry Clay Oliver, 48, store clerk for the Inland Steel Company at Wheelwright, Friday at the Methodist hospital, Pikeville; the three-year-old son of Mr. and Mrs. Ralph Moore, of McDowell, at the Methodist hospital, Pikeville; Mrs. Hattie Sparks, 69, at the home of her daughter at Estill, Wednesday.

WAYLAND

HOLDS BUSINESS MEETING

The Lackey-Garrett-Wayland Woman's Club held its first meeting of the new club year last Monday evening at the clubhouse. It was a business meeting to assign program topics and appoint program leaders for the year.

Later, Mrs. S. M. Martin reported that \$127.40 had been cleared on the recent dance at Garrett sponsored by the club to meet current expenses.

The first program meeting was held September 6, with Mrs. Milton Trusty, Jr., as leader. The subject was, "Youth Is Our Future," with Miss Melanie Conley as guest-speaker.

At the conclusion of the meeting soft drinks were served by Mrs. S. M. Martin to the 12 members present.

Melanie Conley Speaks On Stay in Nepal

Wayland, Ky.—"Youth Is Our Future" was the subject discussed at the first program meeting of the Lackey-Garrett-Wayland Woman's Club Tuesday evening at the clubhouse.

Mrs. Milton Trusty, Jr., was program leader, and Miss Melanie Conley, who a few months ago returned from six months spent in Nepal, was guest-speaker.

Miss Conley showed colored slides of the countryside and of the Nepalese people, explaining each as it illustrated her life as an IFYE. An IFYE (International Foreign Youth Exchange), must live in the home of the host family in the country to which she is assigned, doing the same work and taking part in the family life as if a real sister to the other girls and boys in the family.

After describing in detail the Nepalese food and how it is prepared, Miss Conley was asked the question, "Were you ever ill because of the food you ate?" Her reply was that the only time she had been ill during the entire six months was when she received in March her Christmas box from home, containing fruit cake and other goodies, thereby causing her to become ill on Eastern Kentucky food rather than Nepalese.

Miss Conley pointed out that, though there are schools in Nepal, 90% of the population is illiterate. It is a poor country and children cannot go to school without paying, even in the lower grades; only the affluent can afford an education.

Concluding her talk, Miss Conley related that in seeking to find the differences between Americans and Nepalese, she found instead striking similarities. "They, like us, love their children and seek a better life for them than they have known."

A number of interesting items were displayed by the speaker at the conclusion of her talk, one of which was a sari, the native dress of Nepalese women. Miss Conley demonstrated the draping of the garment, using Mrs. S. M. Martin as the model.

Prior to the program, Mrs. J. T. Spillman gave the devotions, speaking briefly on the subject, "God Is Not Dead."

There were 17 members present, and the following guests: Mrs. Mildred Martin, Mrs. Ralph Blankenship, Miss Shirley Perce, Miss Geraldine Collins, Mrs. W. E. Parker, Mrs. N. D. Howard (member of the Pikeville Woman's Club), Miss Deborah Trusty, little Miss Jennifer Lou Mullins, and Miss Melanie Conley. Hostesses were Mrs. Ellen Hornsby, Mrs. James Burge, and Mrs. Milton Trusty, Jr.

RETURN FROM GERMANY

Mr. and Mrs. Kenneth Shopper and daughters, Patty and Debby, returned recently from Germany where Mr. Shopper held a Civil Service position with U.S. forces and have been guests here of her mother, Mrs. Sylvia Worland. They have moved to Perry, Georgia, where Mr. Shopper will continue his work as a Civil Service employee.

GROUP TO DEVELOP GUIDE TO STUDY OF IDEOLOGIES

Frankfort, Ky. — An advisory committee has been named to work with the Bureau of Instruction, State Department of Education, to develop guidelines, resource materials, and public relations techniques for teaching about communism in Kentucky schools.

The initial meeting of the group took place at Vanderbilt University, where many of the committee members were participants in the 1966 Institute on Communism and Constitutional Democracy. A second meeting at the Department of Education August 19 included Kentucky participants from the Institutes of previous years.

Basically, the committee has as its purposes acquainting Kentuckians with the need for objective instruction about com-

munist, strengthening teacher education programs, and structuring materials for both unit and course approaches to the study of communism and other totalitarian forms of government.

Don Bale, Assistant Superintendent for Instruction, said that a special course in comparative government is already being offered in a few schools in the state but that many teachers feel that their preparation has been inadequate for a depth approach to this course. For this reason, Mr. Bale anticipates that unit studies in most schools will simply be incorporated into such courses as world history, American history, and problems of American democracy. Through a broad teacher training program, he hopes that more and more teachers will gain competence for instruction about communism. A pilot program for training teachers by educational television is under consideration.

A Pictorial Review of East Kentucky

(No. 339 of a Series)

FOUR BROTHERS—SOLID CITIZENS ALL

The accompanying photo is of four brothers whose industry and citizenship contributed much to Floyd county. They are, from left, Daniel Hicks, Smith Hicks, James Hicks and Emery Hicks.

Their father, William Hicks, came to this county from Virginia and settled on the Left Fork of Middle Creek, near the present town of David, where there was a salt spring. (This may have been the same salt "lick" at which Daniel Boone and a companion spent a winter before the famed explorer ever saw the Blue Grass country of Kentucky.) Here Mr. Hicks established a salt mill which was operated by horse power and which supplied early residents with one of the most precious commodities of the day.

His four sons—Daniel, Smith, James and Emery—themselves established homes and reared their families, working hard and asking charity of none. They swapped work, built log houses, sawed their own lumber for floors, ceilings, doors and windows. These homes became not only the dwelling places of their own families but places known for their hospitality to all, friend or stranger, who called.

(Much of the preceding was supplied by Joseph Hicks, 76, of Hippo, the last survivor of the nine sons of James Hicks. Four of the eight daughters of the family are yet living.)

The First National Bank presents this and other sketches from Eastern Kentucky life as a part of our historic heritage.

A daughter of J. B. and Mima Stone Young, she was the widow of Elbert S. Salyers.

Survivors include two sons, Hudson Salyers, of Eastern, and Luther Salyers, of Cottontale, Florida; five daughters, Miss Mary Salyers and Mrs. Braskie Koppel, both of Detroit, Michigan, Mrs. Aileen Loftis, Dearborn, Michigan, Mrs. Dora Barber, Ashland, Mrs. Ella Maxwell, of Flat Rock, Alabama; one sister, Mrs. Rosa Parker, of Wayland.

She also leaves 31 grandchildren and five great-grandchildren.

Funeral services were conducted Tuesday at 10 a.m. from the chapel of the Hall Brothers Funeral Home, the Rev. Dillard Reed officiating. Burial was made in the Stumbo cemetery at Minnie.

Experiences of Boys At International Camp In New York Recalled

Two 15-year-old Eastern Kentucky boys — one, a resident of Prestonsburg — had the privilege last summer of spending eight weeks with boys from Europe and widely scattered parts of the United States in an upstate New York camp. Their adventure was made possible by the cooperation of the Council of the Southern Mountains and Camp Rising Sun at Rhinebeck, New York.

Last winter George Jonas, head of the Lewis August Jonas Foundation and founder of Camp Rising Sun, spent several days in Berea and Eastern Kentucky counties interviewing boys and their parents. He was assisted by his longtime friend, P. F. Ayer, executive director of the Southern Mountains, Isaac Vanderpool, education coordinator of the Council's Ford Foundation project, and Milton Pearson, dean of men at Berea Foundation School.

The boys, Joe Horn, of Prestonsburg, and James Heisen, of McKee, were enrolled, the Council agreeing to defray the expense of their travel to and from the camp. The Jonas Foundation pays all other expenses for the 20 European and 40 American boys who are selected each year on the basis of financial need, intelligence and willingness to learn.

The 60 boys and their counselors live in tents and all upkeep is done by teams of boys who rotate in work details. The campers also elect six boys to coordinate the activities of the eight-week period.

In 1930 a large tract of pine was planted by the first year campers and every summer since that time it has been one duty of the boys to keep the underbrush cleared away and to replant any trees that are not flourishing.

The camp offers excellent cultural exchange. One Scandinavian boy built a brick sauna bath—a small house with a huge fireplace. Young Horn recalled the stimulating experience of steaming in the sauna house until his skin was brick-red, then plunging into the cold water of the camp pool.

Frequent discussion groups and general meetings in the daytime and lectures by nationally famous people in the evenings expanded the intellectual and cultural horizons of the campers. Even though attendance was not compulsory, the boys eagerly participated in these functions. Mr. Jonas personally took the European boys to visit famous landmarks of America during the eight-week period.

The McKee boy said that to him one memorable time was "vigil night" where each boy went out to spend the night alone. He was to think of his life, his goals, handicaps, problems, etc. and write it all down, seal in an envelope and turn it in to camp headquarters the next morning. When asked if he wrote anything, James grinned and said, "Only about 18 pages." On their 21st birthdays the boys will receive the envelopes, still sealed, when they can see how closely their experience fulfills their aspirations.

Both boys said another highlight of their summer was a canoe trip which carried them almost to the Canadian border. The wild game was plentiful, including deer, small animals, and an occasional moose.

The fellowship bond grows strong in eight weeks, so strong that the boys always plan a reunion in winter or early spring, held at some place sponsored by civic or private groups. Alumni of the camp keep in touch with each other and the new campers each year. Some of them are successful doctors, lawyers, professors, scientists, newspaper men, etc., but they find time to act as a big brother to any boy who has ever attended Camp Rising Sun when he needs it.

Mrs. Amy Rader, 70, Is Claimed Sunday At Hospital Here

Mrs. Amy Lou Parrott Rader, 70 years old, of Prestonsburg, died Sunday at the Prestonsburg General hospital after an extended illness.

She was a member of the Free Will Baptist Church.

Born at Myrtle, Mrs. Rader was a daughter of the late Amos and Katherine Short Napier. She was twice married, first to Jim Parrott, and following his death, to Harley Rader who also preceded her in death.

Surviving are four sisters, Mrs. Lizzie Hopkins, Wakefield, Ohio, Mrs. Nettie Thompson, Emporia, Virginia, Mrs. Fanny Schultze, Wapakoneta, Ohio, Mrs. Pearl Conley, of Prestonsburg, and two brothers, C. B. Napier, of Louisville, and W. L. Napier, of Shepherdsville.

Funeral rites were held Wednesday morning at 10 o'clock at the chapel of the Floyd Funeral Home, the Rev. Ted Nelson officiating. Burial was made in the Stanley cemetery at Myrtle.

The banana will be king at Fulton September 28-October 1, dates of this year's Banana Fest.

3rd STRAIGHT ELUDES CATS

Game With Elk. City Ends in Tie; Jenkins Here for Home Opener

Playing their third consecutive game away from home, the Prestonsburg Black Cats sought their third victory in a row last Friday night at Elkhorn City but were forced to settle for a 7-7 tie.

They will play their first home game Friday night when they will be hosts to Jenkins high school's team.

The two teams struggled through a scoreless first half. The ice was broken in the third quarter when Prestonsburg went ahead on a 27-yard touchdown pass from Phillip Haywood to Donnie Ratliff. John Clark kicked the extra point.

The Cats barely avoided serious trouble when a punt was blocked and an Elkhorn City player ran the ball for a touchdown which was nullified by a clipping penalty.

Not until midway the final quarter was Elkhorn City able to tie the score. With first down on the one-yard line, the Cougars gained only inches in three downs, but on the last try Elswick managed to edge the ball across. The conversion attempt was good.

FOUR EAST KY. DISTRICTS TOO SMALL, KEA TOLD

Louisville, Ky.—Does Kentucky
have too many school systems
too small to provide adequate
educational opportunities for
every student?

The Committee for Economic
Development (CED), a nonprofit
national research and educational
organization of 200 executives,
would answer yes to that ques-
tion.

In a recent report on moderniz-
ing local government the New
York City-based group recom-
mended that in order to offer a
diversified curriculum every
school district in the nation
should enroll a bare minimum of
1,500 students.

Analyzing Kentucky public-
school enrollments for the 1965-
'66 school year the Kentucky
Education Association (KEA) re-
search division found that 32
percent of the state's 200 school
systems fail to meet the 1,500-
student minimum advocated by
CED.

Altogether, 64 Kentucky school
systems last year had fewer than
1,500 students in average daily
membership.

Within that category the range
was from Southgate's low of
138.8 to Russellville's 1435.7.

The Floyd county school sys-
tem last year had an average
daily membership of 11,113. It
has no independent school dis-
tricts. Four independent distric-

in the area—Pikeville, Paints-
ville, Van Lear and Jenkins—
fall below the 1,500 minimum.

The KEA research analysis
was made for the KEA Commit-
tee for the Study of the Founda-
tion Program, which is now in
the final stages of a two-year
study-in-depth of the state's
foundation program for education.
The KEA Committee's study and
recommendations will be pub-
lished in January.

The CED, whose trustees gen-
erally are presidents or board
chairmen of corporations and
presidents of universities, said
in its latest statement that "a
unified school system with 1,500
students can function with some
competence."

The 1,500-student minimum, ac-
cording to the CED report, would
enable every student to have
adequate educational opportuni-
ties "without imposing unfair
burdens on the taxpayers."

Consolidations forced by state
action have reduced the number
of independent districts in the
nation by 75 percent since 1942, the
CED said, but "still the number
is far too high."

Since the county reorganization
law of 1908 the largest number
of Kentucky school districts ex-
isting at any one time was 508.

In 1955-'56 there were 224
school districts in Kentucky. By
1965-'66 that number had been
cut to 200 (the current figure)
through voluntary mergers en-
couraged by the State Depart-
ment of Education.

Miss Neeley Becomes Bride of Mr. LeMaster As Vows Said July 30

Miss Betty Neely, daughter of
Mr. and Mrs. Herbert Neely, of
Frazier, Kentucky, and Roger Le-
Master, son of Mr. and Mrs. Hol-
lie LeMaster, of Martin, were
married Saturday, July 30, in
the New Salem Baptist Church
at Frazier.

Palms, white gladioli and light-
ed tapers in cathedral candelabra
decorated the altar for the
double-ring ceremony. The Rev.
Parcel Flannery officiated.

Mrs. William Kelly, organist,
and Miss Melinda Hutchinson,
soloist, presented a program of
wedding music. Miss Hutchin-
son's selections included "Be-
cause," "I Love You," and "The
Lord's Prayer."

The bride, given in marriage
by her father, wore a gown of
silk organza over taffeta. The
fitted bodice of Alencon lace fea-
tured a rounded neckline, short
sleeves and slightly raised waist-
line. Alencon lace covered the
lower half of the A-line skirt
ending with a scalloped edge.
The cathedral length train was
attached to the gown at the waist-
line. Her full length silk illusion
veil fell from a pillbox of the
material of her dress and she
carried a bouquet of white rose-
buds centered with a white or-
chid.

Mrs. Wendell Howard Massen-
gale, of Cape Kennedy, Florida,
was her sister's matron of honor.
Bridesmaids were Miss Frances
Dobbs, of Lexington, Miss Caro-
lyn Dobbs, of Memphis, Tennes-
see, and Mrs. Billy Neely, of
Florence, sister-in-law of the
bride. Their floor-length gowns
of pink linen had scooped neck-
line and puffed sleeves. A row
of pink embroidered roses gave
an empire effect to the A-line
dresses. The matching head-
dresses were of a bow design.
They carried long-stem red roses
surrounded by greenery and red
ribbon.

Beth Asbury, niece of the
groom was the flower girl. Her
gown was of identical material
and similar design to those of
the attendants.

William T. Magruder, Lexing-
ton, served Mr. LeMaster as
best man. Ushers were Charles
Budd, Milton Scott and John
Houchin, all of Lexington. The
ring-bearer was David Earl
Neely, nephew of the bride.

The reception was held im-
mediately following the cere-
mony at the home of the bride.

The bride's mother was
dressed in a seafoam green silk
dress and jacket with matching
accessories and a white orchid
corsage. The bridegroom's
mother wore a sheath dress of
blue linen with a white lace coat
and her corsage was also an
orchid.

The couple left for a trip to
Virginia Beach, Virginia, after
which they will reside at B-16
Cooperstown, University of Ken-
tucky, Lexington.

The bride attended the Uni-
versity of Utah, Salt Lake City,
and the University of Florida at
Gainesville, and received a BS
degree in Home Economics at
the University of Kentucky, Lex-
ington.

The bridegroom received a BS
degree at the University of Ken-
tucky and is employed at the
university where he is working
on his master's degree.

The Full Facts About Savings

There has been so much talk about Savings, Certificates of Deposit, Bank Savings Bonds, Savings Notes, Savings Certificates, Time Certificates, Income Certificates and Investment Certificates . . . that the general public appears to be somewhat confused. This advertisement, published in the public interest, states the full facts about savings in the hope that it will answer any questions which may have existed in your mind.

SAVINGS ACCOUNTS

Everyone should have a bank savings account. Savings are essential to meet emergencies and to provide individuals and families with immediate funds when they are wanted. It is more convenient to keep your savings where you can also have your checking account, obtain all kinds of loans and have available the wide range of facilities of a full service bank. It is easier to save by making regular deposits or by having a certain amount automatically transferred from your checking to your savings account. The deposits of each customer of an insured bank are protected up to \$10,000 by the Federal Deposit Insurance Corporation. This amount can be increased, however, by maintaining multiple accounts. Thus, a husband and wife can insure up to \$30,000 and a husband, wife and child, up to \$70,000.

A bank savings account is there when you need it and offers maximum flexibility with a fair return of interest. How do these accounts work in various banks?

Rate of Interest: Banks are permitted by regulation to pay a maximum interest rate of 4% per annum. Some banks pay 2 1/2%; some, 3%; some, 3 1/2%; some 4%. The Bank Josephine pays 4%.

Method of Computation: Some banks pay interest on the lowest balance during the interest period. (You do not get interest on funds deposited all during the interest period, and any withdrawal eliminates all interest for the period on those funds withdrawn.) Some banks pay interest from day of deposit if the funds stay in your account until the end of that period or in some cases the following period. (Any withdrawals made eliminates all interest for the period on those funds withdrawn.)

Interest is computed by The Bank Josephine for each month on the highest continuous balance. Withdrawals from your account eliminates interest only for the month on those funds withdrawn. The Bank Josephine's Automatic Savings service enables customers to transfer funds regularly from their checking accounts . . . and they get interest on their savings from date of transfer.

Grace Period: Under banking regulations a grace period of 10 days or less is permitted at the beginning of the interest period during which deposits made draw interest from the first of that month. All deposits made to your Bank Josephine savings account on or before the 10th of the month earn interest from the 1st . . . this month and every month.

Interval of Payment: Some banks pay interest semi-annually, some quarterly, some monthly. The Bank Josephine pays interest semi-annually, and is automatically credited to your account on June 1 and December 1. If you need your interest for living expenses, you can go to the bank and get it. If you want to close your account, you don't have to wait 6 months or 3 months but can close it at the end of any month without losing any interest you are due.

Compounding: Normally interest is compounded at the same interval at which it is paid. This means that you start getting interest on the interest that has been paid to date. Thus, your Bank Josephine savings account earns interest at 4% compounded semi-annually.

Bank Josephine Savings Account: Our accounts earn interest at a 4% rate, the highest rate allowed by law, and is automatically credited on June 1 and December 1. We sincerely believe The Bank Josephine's is as good as any savings account plan offered by any bank anywhere. We invite comparison. If you have any questions on your Bank Josephine account or your savings program at any other institution, stop in at The Bank Josephine's main office in Prestonsburg or our branch in Allen and let us discuss your savings needs.

CERTIFICATES OF DEPOSIT

Bank Savings Bonds, Savings Notes, Savings Certificates, Time Certificates, Income Certificates, Investment Certificates . . . no matter what a bank calls them . . . are for all practical purposes Certificates of Deposit, or C-D's, as they are commonly called. They are deposits and, therefore, each depositor is insured up to \$10,000 by the Federal Deposit Insurance Corporation. Despite the fact that at times C-D's earn a higher rate of interest than savings accounts, unless you have sizeable funds to invest or unless you are certain that you won't need to withdraw your funds for a fixed period of time, you have more flexibility and, therefore, are better off with a bank savings account. How do C-D's work and what is offered by various banks?

Time Period: The customer purchasing C-D's agrees to leave his funds on deposit . . . not less than 30 days, more often 90 days or more. By regulation, C-D's can be cashed prior to maturity only in the event of real emergency. In such event, all accrued interest for up to 90 days must be forfeited. It is a violation of Federal Regulations by the bank and the customer if C-D's are redeemed prior to maturity without true emergency. Unless C-D's are automatically renewable, interest stops accruing at maturity and the customer has 10 days to renew his C-D without loss of interest.

Rate of Interest: Under regulations, a maximum rate of interest of 5 1/2% is permissible on C-D's. However, the first responsibility of a bank is to be sound by providing safety and liquidity to protect its depositors; in determining the interest rate which a bank can afford to pay, soundness must be controlling as well as regulations. Rates on C-D's are usually negotiated between the bank and the customer and as a general rule the longer the customer agrees to leave his money on deposit the higher the rate of interest.

C-D Rate Fluctuation: C-D interest rates are subject to more frequent fluctuation than those of savings accounts. Of necessity, C-D rates fluctuate with the economy. In addition, one bank may have a greater demand for loans from time to time than another; therefore, the interest rates which they are able to pay on C-D's vary rather frequently between banks themselves.

Various Plans Offered: Banks in the nation, including some of those in Kentucky, offer C-D's calling them Bank Savings Bonds, Savings Notes, Savings Certificates, Time Certificates, Income Certificates, Investment Certificates. Various rates are specified . . . 4%, 4.25%, 4.50, 4.75, 4.80, 5%. Some of these guarantee a rate if held a year or more, with no interest if cashed earlier. Some can be cashed at the end of each 90-day period without loss of interest. Some require 90-day written notice by the customer to the bank. Some have definite maturity. Some are automatically renewable. Some of these plans are excellent although any pre-planned package has limitations and does not necessarily fit every investment situation. The only way to make certain that a C-D fits your particular investment needs is to examine the C-D instrument itself and to determine its features and its drawbacks. Any Bank Josephine officer will be pleased to review and explain any C-D you hold or any plan you are considering.

Bank Josephine Certificate of Deposit: The Bank Josephine does not have one plan or plans from which to choose. We feel that the investment of sizeable funds by our customers is important enough for personal attention. Our emphasis is on investment needs of the individual and we can tailor Certificates of Deposit to meet these needs. Yes, The Bank Josephine offers C-D's from 30 days out to several months, and they provide an automatic renewal provision. Yes, they can provide monthly, quarterly or semi-annual income or be on a growth basis with interest deferred to maturity. Yes, The Bank Josephine is generally competitive with other banks. If you have funds to invest in C-D's, stop in at The Bank Josephine's main office in Prestonsburg or our branch in Allen and let us discuss your individual investment needs.

YOU have Good Neighbor banking friends at The Bank Josephine to give you straight facts and figures on all savings plans that might suit your needs—and there is no obligation!

Wilhite-Akers Vows Are Said

Miss Ilene Wilhite, daughter of Mr. and Mrs. Howard Wilhite, of Beaver, Kentucky, was united in marriage to Mr. Michael Dennis Akers, son of Mr. and Mrs. Richard Akers, of Grethel, August 7 at 2 o'clock in the afternoon at the First Baptist Church of Lambert, Kentucky. The pastor, the Rev. Horne Johnson, officiated at the ceremony, which was solemnized before an altar banked with candelabra and green ferns.

Preceding the ceremony, nuptial music was rendered by Mrs. Ilene Martin and Eleanor Acker. A reception followed the ceremony.

Both Mr. and Mrs. Akers plan to continue their education.

IN LEXINGTON

Martin, Ky. — Mr. and Mrs. Curt Tussey, Sr., of Martin, Mr. and Mrs. Henry H. Wright and family, of Lawrenceburg, and Mr. and Mrs. Bill Tussey, of Lexington, attended Bethel Temple Assembly of God Church in Lexington, this past week-end. Following services they were dinner guests there at the home of Mr. and Mrs. Bill Tussey.

RED CROSS CHAPTER ASKS FLOYD COUNTIANS TO JOIN SUPPORT OF FIGHTING MEN

The American Red Cross is offering every family in Floyd county the opportunity to show in a tangible way that they are solidly behind our fighting men in Vietnam, according to Ella Noel C. White of the Floyd County Chapter.

"We want to make this Christmas a memorable one for every serviceman in Vietnam. To make certain that there won't be any 'forgotten' U. S. servicemen in Vietnam on Christmas Day, the Red Cross proposes to distribute 'ditty' bags filled with small gifts for every man or woman on duty there," Miss White said.

She explained that a ditty bag is a small, easily-made bag, given to the serviceman to hold his personal gear, such as shaving equipment, usually some letters from home, etc. Any serviceman who has been hospitalized in a military or VA hospital is familiar with a "ditty" bag.

In order to assure success,

TIMES WANT ADS PAY—USE THEM TODAY!

the American National Red Cross is asking local Red Cross chapters throughout the United States to make and fill 360,000 of these ditty bags, 72,000 of them from the ten states in Southeastern area.

Individuals and organizations interested in participating with thousands of others in making certain there won't be a "lonesome Joe" in the U. S. Forces in Vietnam on Christmas morning should call the Floyd County Chapter, American Red Cross, Phone 886-2521 immediately for details.

Notice To Bidders

Prestonsburg High school will receive bids on band uniforms until 12 noon Saturday, September 17, 1966. Details and specifications may be procured from Franklin Honeycutt, band director, at the school. The right is reserved to reject any and all bids.

"THE ONLY THING RUSTY AT OUR HOUSE IS THE COLLIE."

Says B. JACK MARTIN, of Langley, Ky.

"Since we got our Everpure equipment we like our water fine."

"Our white things would stain and even our colored clothes were murky looking," says Mrs. Martin. "Even our tea and coffee had a scum on it."

"We called James E. Allen and after he analyzed our water he told us we had iron and iron bacteria in our water like many of the people in our area. He told us that by super-chlorination and fine filtration we could eliminate our water problem."

"The Everpure equipment which we purchased has been in operation for almost two years and we wouldn't be without it."

Even Rusty, Jack Martin's big collie, would agree, "It's the best doggone water in Floyd county."

VARIED PROGRAM PROMISED AT MAYTOWN FLOWER SHOW SCHEDULED SUNDAY, SEPT. 18

The annual Maytown Fall Flower Show, scheduled next Sunday, on the Maytown school campus, promises a program for the day. Exhibits will be registered from 7 to 9 Saturday evening, and until 9 a.m., Sunday. The gymnasium will be open for viewing from 12 noon to 5 Sunday. No exhibits may be moved until after 5 p.m. Sunday.

A chicken and dumpling dinner will be served by the Maytown senior class in the lunchroom, starting at 11 a.m. A bazaar conducted by the Maytown high cheerleaders will be open in the lunchroom also.

The Music Department of Alice Lloyd College and Maytown high school will present a music program at 2 p.m. in the school auditorium. Awards will be made at this time.

MAYTOWN

Claude Rowe underwent major surgery at Veterans hospital in Lexington last Friday. He is recuperating nicely and expects to be home soon. This is Mr. Rowe's third major operation in the past few years. He had been a patient at the Huntington Veterans' hospital several weeks before being transferred to Lexington.

Mrs. Walker Prater and daughters have returned to their home at Cedar Lake, Indiana after spending several months here as guests of Mr. and Mrs. Tom Webb while Mr. Prater recovered from bone surgery. They were accompanied to Cincinnati by Erma Joyce Prater and Mary Agnes Cooley.

Ray Prater and Jack Webb spent a few days this week squirrel hunting in Lee county.

Friends of Ivan Bouch, former superintendent of Kentucky Hydrocarbon Company, and now of Pittsburg, Pa., regret to hear he is a patient at Greene County Memorial hospital, Waynesburg, Pa., and wish for him a speedy recovery.

Arnold Cassidy, of Mich., was visiting friends here Sunday. He and Mrs. Cassidy are visiting their daughter, Mrs. Thelma Turner, of Prestonsburg.

Mr. and Mrs. Thurmal Click, Mrs. Howard Ramey and Stanley were business visitors in Pound, Virginia last week. Miss Rhonda Rowe and Mrs. Sid Bailey were with their father, Claude Rowe, when he underwent surgery in Lexington last week.

Mrs. Clyde Salyers flew by United Air Lines to Red Oaks, Iowa, last week to attend the Lampe family reunion.

An added feature to the annual fall Flower Show this year will be Marcella's Churners. After a chicken and dumpling dinner sponsored by the senior class and viewing the beautiful floral arrangements, those attending will be treated to a "live" exhibit of butter-making. Three old-time churns will be in operation and fresh butter or buttermilk can be purchased as soon as made.

Mr. and Mrs. Ballard Robinson had as their guests for a cook-out at their home Mr. and Mrs. George Fraley, of Printer, Mr. and Mrs. Harold Fraley, of Hippo, Mrs. Ayeon Martin, of Milford, Indiana, and Mr. and Mrs. Curt Hall and Gwendolyn, of Detroit, Michigan. Mrs. Hall is the former Bessie Fraley.

Saddle Club To Plan Hindman Horse Show

Plans for a horse show at Hindman this fall will be discussed at the Sept. 24 meeting of the East Kentucky Saddle Club at Martin, it was said this week. The film, "The Greatest Horse," also will be shown. All members are urged to attend.

No admission charge will be made for the music program or the viewing of exhibits. However, a silver tray is provided for offerings to help the Maytown Woman's Club defray expenses of staging the show.

Exhibits in flower arranging, horticulture specimens, arts and crafts, or any other unusual collection or hobby that people would enjoy viewing are welcomed. Space will be provided.

Kentucky Author's Book To Be Released

"A Bit of Clay" a book of poems by the late Grace Lee VanOver, will be released by Dorrance & Co., Philadelphia, Pennsylvania, September 15.

Miss VanOver was well-known both as a teacher and a poet in the Ashland area. After her tragic death in Orlando, Florida, her poems were collected by her mother, Mrs. Virgil VanOver, and edited and published by Dorrance.

This book contains 149 pages of verse which run the gamut from young love to the bitterness of despair and disillusionment. It also contains a group of humorous verse and description of nature.

Dr. Hall To Study At North Carolina

Dr. Russell L. Hall, who has served both the Floyd and Martin county health departments as health doctor, left September 6 on a year's leave of absence to study at the University of North Carolina at Chapel Hill, North Carolina toward his Master's degree in public health.

A medical clinician will be employed to serve both health departments during his absence. Dr. Hall plans to resume his duties with the Floyd health department upon completion of his work at the university. His family will not move to Chapel Hill, it was said.

BELL BRUCellosis FREE

Bell is the first Kentucky county to be certified brucellosis-free in the state-federal cooperative program to rid the entire state of the infectious cattle disease by December, 1969.

OPINIONS NOT BINDING

Opinions of the Attorney General of Kentucky are not legally binding, but they do play an important part in resolving many legal questions, thus reducing the case-load of courts.
