\$231,760 SET FOR FLOYD'S NYC PROJECT

Labor Dept. To Pay Most of Cost As Work Provided for Students

Renewal of Floyd county's Neighborhood Youth Corps program under sponsorship of the Floyd County Board of Education was announced this week by Senator John Sherman Cooper and Congressman Carl D. Perkins.

The program will be financed by Department of Labor funds totalling \$206,550, with the Board of Education contributing \$25,210. It will provide eight hours' work a week to 300 high school enrollees and 20 hours employment weekly to 300 next summer.

The Neighborhood Youth Corps is a work experience program affording part-time employment to students needing to earn money in order to continue in school. To remain eligible for its benefits, students must show advancement in their school.

Floyd's is believed to be the first renewal of a Neighborhood Youth Corps project in Kentucky. Thirty other counties last week received a grant totalling \$530,000 for a NYC project, but this is an out-of-school program sponsored by the Kentucky Department of Natural Resources and offering employment in forestry work. It will afford work for 215 young men in the construction and maintenance of fire access trails, lookout towers and forest ranger stations and jobs for 15 girls who will serve as clerical workers and fire dispatchers.

RAIDERS HIT 3 COUNTIES

Former Floyd Man Among Six Arrested In Magoffin County

Floyd county was without liquor raids this week, but raiders made news last Saturday in three adjoining counties.

Five raids were staged during the day in Magoffin county, with these results:

Adis Ousley and Aaron Shepherd, arrested on the head of Grassy Fork of Licking River, near the Floyd-Magoffin line. Ousley charged with selling and Shepherd with possession; Pauling Steele, in Salyersville, charged with sale and possession; Elwood Perkins, on US 460, a mile outside Salyersville, sale and possession; Billy Ray Shepherd, on Mountain Parkway, outside Salyersville, fined \$120 on each count, sale and possession; Bill Sexton, formerly of this county, on Howard Branch.

The Sexton raid, Magoffin County Judge Hager Watson reported, followed the other four and was made by Magoffin officers. The other arrests were made by ABC Agents Claude Flanery, Randolph Stamper and Henry Goley, State Police Sgt. Ross. State Troopers Tucker, Debord and Combs. At these four places, it was said, 100 or more cases of whiskey, vodka and gin were confiscated.

PERKINS BILL WINS, E. KY. TO BENEFIT

U. S. House and Senate conferees met this week in efforts to harmonize provisions of the Perkins' Elementary and Secondary Education Amendments of 1966 which passed both houses of the Congress in an extraordinary speed up of Congressional activity last week.

The Perkins amendment carries authorizations of approximately \$8 million for Eastern Kentucky schools during the current school year. For the school year beginning September, 1967 these funds would increase to approximately \$16 million.

Now we hear that the Cincinnati's may trade Leo Cardenas. Another troublemaker like Robinson, they say. The rumor is that he pulled a knife on a Cincinnati pitcher. Why condemn the poor guy? I hereby nominate Senor Cardenas for the Nobel Peace Prize because he didn't draw a bead on the whole pitching staff.

While I am on the subject of baseball, I wish to state that I have a pot of well-cooked crow which certain of the local genitry are invited to partake of after making those derogatory remarks about a ballplayer named Robinson.

BLACK POWER

This story got into circulation locally through a Republican, but I made the mistake of telling it to Brad Boyd, and since that time he has with considerable pleasure been ascribing the canard to yours truly. It runs like this:

Know how Lady Bird can get anything her heart desires from LBJ? Simply by holding her breath till she turns black.

Did you hear the one about the little girl who said Grandma was reading the Bible so much that she must be cramming for her finals?

ALTHOUGH 1966 BILLS LATE, TAXPAYER TO GET DISCOUNT, COUNTY OFFICIALS BELIEVE

Although Floyd county taxpayers may not get their bills for 1966 county, state and school taxes until around December 1, a month after the usual discount period is past, county officials believe they will be entitled to a discount on taxes promptly paid.

This belief is based on the premise that the law provides for a discount period, and that, although the usual time for taking a discount will be past, the taxpayer is not at fault because he could not pay until he received a bill.

Traditionally, the tax bills are in the hands of the Sheriff for collection by September 15. But, this year, the new 100%-of-value assessment and the necessity for taxpayers to appear in person at the Tax Commissioner's office delayed the assessment to the point that meeting this Sept. 15

Under the terms of the legislation, the federal money, which does not require local or state matching funds, may be used to support educational programs and projects in those schools which have relatively large numbers of children coming from low-income families. "It is these schools that are less able to finance high quality education programs and the necessary equipment and facilities to afford youngsters a full opportunity for education," Perkins said.

In addition to funds to improve programs in such schools, the legislation also authorizes to the state of Kentucky federal funds amounting to \$1,593,703 in the current fiscal year and \$2,656,172 in the next fiscal year for the acquisition of textbooks, library resources and other instructional materials which can be furnished teachers and students on a loan basis.

Another feature of the legislation would authorize the state \$2,492,249 this fiscal year and \$9,396,353 in the next fiscal year to fully fund supplemental education centers and services.

FORMER GESTAPO PRISONER, NOW WHEELWRIGHT PASTOR, VANS HOMECOMING EVENT

The moving spirit in the golden anniversary homecoming program for the Wheelwright community and its Community Methodist Church, which will begin Sunday and continue through next week, is a man whose experiences have been unusual, often trying, always memorable.

He is the Rev. Adolf Bergman, pastor of the Wheelwright church, and he has some personal anniversaries coming soon after the community and church event. He became a citizen of the United States in November, 1952. "November also will mark my 64th natural and 45th spiritual birthdays," he points out.

A native of St. Petersburg, Russia, his memories include those of World War I, the Bolshevik Revolution and World War II. During the latter he was a prisoner of the German Gestapo.

It was a Sunday 20 years and four months ago — on June 16, 1946 — when the Swedish liner, Drottningholm, with some 800 displaced persons or refugees aboard, eased into the Hudson River. Among these homeless people of many nationalities and vocations was the Rev. Bergman with his family.

ARH NAMES FLOYD MAN

Evans, New Member Of Board of Trustees; 3 Added to Council

The board of trustees of Appalachian Regional hospitals has elected another Eastern Kentuckian to the board and approved the election of three new members of the Community Advisory Council of the McDowell ARH hospital.

The new trustee is George E. Evans, Jr., of Wayland, who is president of the Evans-Elk-horn of Island Creek Coal Co., a vice-president of Island Creek Coal, and chairman of the board of directors of the Kentucky Coal Association.

Evans, who is a member of the McDowell ARH Advisory Council, was elected to the 30-member ARH Board at its meeting in Lexington, Oct. 6.

He also is a director of the First Guaranty Bank of Martin and of the Big Sandy-Elk-horn Coal Operators' Association. He is a member of Mining and Metallurgical Engineers, and a past director of the Southern Coal Producers' Association and the American Mining Congress Advisory Council. He is a former district

CYCLE CRASH KILLS FOLEY

Former Floyd Man's Son Victim Saturday In Pike County Wreck

Eighteen-year-old Richard Ray Foley, of the lower Johns Creek section of Pike county, was instantly killed at 5:30 p.m. Saturday when his motorcycle collided with an automobile on KY 194, five miles west of Gulnare postoffice.

It was said here that the auto cut across the highway and that the motorcycle was travelling at such speed that young Foley was unable to avoid striking it.

The victim was a son of Thomas Avery Foley, native Floyd man, and Julia Blackburn Foley. He was a nephew of W. T. Foley, of Prestonsburg and Auxier. A 1966 graduate of Johns Creek high school, he was employed as a welder by the Maynard Machine Shop, Williamson, West Virginia.

Survivors, in addition to the parents, are one brother, Thomas David, of Route 1, Pikeville; two sisters, Mrs. Glenda Annette Gosslin, Madison Heights, Michigan, and Mrs. Janet Lee Stapleton, Detroit, Michigan; his paternal grandmother, Mrs. Maudie Foley, Portsmouth, Ohio, and the maternal grandparents, Mr. and Mrs. Roscoe Blackburn, McCombs, Kentucky.

Funeral rites were conducted Tuesday from the Gulnare Free Will Baptist Church, the Rev. John W. Conley officiating, and burial was made in the family cemetery under direction of the Baker Funeral Home.

GROUP DISAPPOINTED, PICKETING IS HINTED

Charles "Chuck" Dagnan, community intern assigned by the Appalachian Volunteers to the Mud Creek section of this county, expressed such keen disappointment at results of a meeting of a 60-member Eastern Kentucky delegation with state officials at Frankfort last Friday that he was quoted as promising a strong protest later.

"The next trip to Frankfort may be different — maybe we'll come with pickets," he was quoted as saying.

The delegation from Floyd and nine other counties pleaded for better schools and roads. Its members met first with James Melton, assistant superintendent of public instruction, complaining generally of poor roads, teachers' attitudes, the quality of instruction, poor condition of buildings, local politics and — modern math.

Melton advised them to send their complaints in writing so that his department could investigate.

When J. C. Moore, deputy commissioner, Department of Highways, suggested at the second meeting that day that the group mark on maps the roads needing attention and that the maps be returned to the department, a delegation member remarked, "Thanks a lot," and walked out, followed by about half of the group.

Dagnan and Mrs. Zi Graves, of Rockcastle county, both Appalachian Volunteers interns, said they were disappointed. They had, they said,

CHAMPIONSHIP FLOYD TEAM FEATURED IN MINE EVENTS

MINE RESCUE is a precise art as practiced by industrial teams in the annual mine-rescue competition conducted by the Kentucky Department of Mines and Minerals. Here, the 1965 championship Island Creek Coal Company team from Wheelwright reaches a mine cave-in "victim." The "mine" is simulated by roped-off areas including sheltered "corridors" (background). Miners wear breathing apparatus.

Cave-ins are becoming less and less frequent, but they remain a fact of life with the mining industry, and preparedness has become its watchword. In the event of a mine disaster, rescue and first-aid teams from across Kentucky can be summoned to begin the arduous task of mapping and, where possible, "neutralizing" underground pitfalls, locating trapped victims and bringing them to the surface for first-aid treatment.

Such an operation calls for precision and the Kentucky Department of Mines and Minerals has found a novel way to combat inactivity, the bane of precision. The department annually disquires a "refresher course" under the cloak of competition.

Industrial teams gather each year at the University of Kentucky's School of Education to compete in a mine rescue contest. Spectators, many of them miners on hand to lend moral

support to the team from their company, line a field that has been roped-off into "mines" to watch the five-man teams begin a race against the clock and each other.

Each "mine" is sectioned into corridors and chambers that contain a variety of hazards such as deep water, fire, or a loose roof. And somewhere beyond the obstacles is the body of an unconscious miner.

SECOND DAM IS COMPLETE

North Fork Reservoir Dedication at Pound Scheduled Oct. 22

Dedication of a second Virginia dam and reservoir which is designed to reduce Big Sandy River floods will be that of North Fork Reservoir at Pound, Virginia, October 22, it was announced this week.

Principal speaker at the dedication will be Virginia Congressman W. Pat Jennings. The announcement was made by Pound Mayor E. B. Shockey, chairman of the planning committee. The ceremony is being sponsored by the town of Pound.

North Fork Reservoir was designed and constructed and is operated by the Army Corps of Engineers as part of the Big Sandy River basin flood control system. It also provides recreation and water quality control which means certain quantities of water will be released from the lake during dry periods to maintain stream flow.

Recreation facilities include boating, fishing, camping and hiking.

North Fork Dam is a rock-fill structure 122 feet high. It measures 600 feet long and 32 feet wide at the top. Construction began in 1963.

Other Army Engineer reservoirs in the basin include John W. Flannagan near Haysi, Virginia; Fishtrap, under construction near Pikeville, and Dewey, near Prestonsburg.

If Authority Is Denied Responsibility Will Be Fixed

Dewey Lake has the rather dubious distinction this fall of being the only lake in the Commonwealth that is muddy from beginning to end. And its unsightly appearance comes at a season when this ugliness is emphasized by the beauty of the Joseph's coat of color cloaking its shoreline and the overlooking hills.

True, heavy rains fell in the Dewey Lake area recently. But equally heavy rains fell in the headwaters of other Kentucky impoundments. So in our anger and disgust we can blame everybody and everything but nature.

The trouble lies in what has been happening for months now in the headwaters of the lake—fills and cuts made for a railroad, roads built up steep mountainsides to new mine openings, power shovels working even in the stream bed, rooting out sand, gravel and mud to change its course.

All this comes under the heading of progress and economic development. But the lackadaisical attitude taken by state agencies which are—whether they accept the role or deny it—responsible for the protection of Dewey Lake from pollution, if not ruin, is neither progressive nor economically sound. Small basins to catch the runoff from all that newly uprooted earth could have been provided, the fills and cuts could have been seeded and protected temporarily by straw, many things could have been done—but nothing was done, except to “keep an eye on the situation.”

Kentucky, they boast, has a model strip-mining law. They're not stripping coal, up there in the headwaters of this stream whose impoundment creates Dewey Lake, but they are stripping the good earth. Call it what you like, the results are devastating.

Will somebody accept authority? If not, many will be required later to accept responsibility, whether they choose to do so or not.

LONG MILES LIE between Wheelwright and Buckhannon, W. Va., but it has been a journey of some interest to the former Catherine Pandzic, a graduate of Wheelwright high school and now serving as Catholic Sister Mary Helen Pandzic, assistant professor of nursing at West Virginia Wesleyan College. She joined the faculty this fall after two years as director of nursing at a Morgantown, W. Va., hospital and nine years at St. Mary's hospital in Huntington. She is shown at left here at a Wesleyan nursing department meeting.

TIDBITS

Of Kentucky Folklore

By GORDON WILSON, Ph.D.

Folklorists, unlike antique-hunters, have no especial ax to grind. They want to know what customs, words, artifacts of other times were and how they fit into the lives of the people who developed or used them. There is no effort on the part of a folklorist to select from the amazing number of outdated folkways what he feels is best for the race. I am slightly suspicious of the fellow who wants to reintroduce some older way of humanity merely because he likes it or because it was once practiced by great people.

When I have heard people rave over the grand old buildings, I have felt a little cynical because I know what sanitation was like then. I used to tell my students that I wanted to talk about Mammy in the kitchen but state it as “Mammy and the flies in the kitchen.” I in no way want to tear down anybody's dream world, but people of wide reading ought to know that we must see conditions in toto in evaluating some long-ago time.

The study of human arts is valuable in proportion to its recognition of permanent values. A rage for some fad in art or architecture or music usually runs its course and is then dismissed. If such a fad has some permanent values, these can survive under other forms in later times. But to try to reintroduce any previous era without its accompanying good and bad features is a futile attempt and should be. It does not detract from the value of our ancestors to recognize the primitive virtues of the time, but only a person who has turned his back on his own time will try to bring back what has already had its day and ceased to be.

A great tragedy of old age is that it often attempts, in theory if not in practice, to turn the clock back to some imagined Good Old Time. Somehow this does not seem very convincing when I am talking to an advocate of his earlier days and can hardly hear what he says because his radio and television is turned up a bit too loud. And, often, all the furnishings of his room while he laments the despicable present are of a time far later than his dream world.

It is the responsibility of the scholar of any persuasion to try to know the permanent aspects of our culture and to adapt to our own needs such of these as seem appropriate to our times. As a teacher of Latin in my younger days I always tried to make my students see that the Romans were people, not abstractions, that they had the same basic pains and dreams and fears that are common to humanity. They met life in their own way, with a goodly number of old-timers always preaching the degeneracy of the present, the glory of some imagined perfect time. It took their wisest poets to see humanity in a sort of isolated experiment and work out some permanent values. The great value of genuine literature is that it knows how to span the ages because the authors recognize in even the humblest peasant of ancient Rome some of the problems that we all have to confront.

It is, then, not merely because a writer is old that he is to be respected and honored for having found some ways out. If his dreams have cheered generations of people of all sorts of cultures, that is excellent; on the other hand, if his writings have tended to discourage us in our struggles, he is better forgotten. Hosts of great things have been lost along the way, but we are fortunate that great ideas have marvelous survival values and return again and again in similar forms.

GREATEST COAL PROGRESS SEEN IN NEXT 20 YEARS

Lexington, Ky.—“The coal industry will experience its greatest period of sustained growth in the next 20 years,” the Kentucky Coal Association was told last Friday.

“The nation's demand for energy is insatiable,” said Joseph E. Moody, president of the National Coal Policy Conference, Washington, D. C., and “an astronomical amount of fuel must be available to supply our needs for power.”

Estimates of the demand for fuel vary greatly, Moody added, “but there is unanimity of opinion that it is going to take everything we can produce to provide the energy and fuel needs of the future.”

Moody said nuclear power “is here to stay and will become a major part of the power structure of this nation” and a major competitor of coal. He said this, plus research into extraction of crude oil and gas from coal, and tremendous growth in coal-burning power plants, means more than just competition.

“It is my conviction that the new era in the coal industry means that we are going to have an “energy industry”—an industry to take care of the energy demands of this nation and with the international aspects that are inevitable, made up of oil, gas, uranium, and, of course, the basic fuel of them all—coal.” Moody called Continental Oil Company's acquisition of Consolidation Coal Company “a step toward the energy company of the future.” Gulf Oil Company also has control of Pittsburgh &

Midway Coal Company, and Standard Oil Company of New Jersey has plans to create a coal and oil-shale department, he said.

“These big companies . . . have decided that the coal reserves of this nation are a vast reserve of energy that has to be tapped” to meet future demands.

For the first time, Moody added, “activity in the coal industry will be on a big-money basis, whether it is to develop liquid crude or a gaseous fuel as a synthetic pipeline gas. In either case, it means that the use of coal reserves will spread further and further from the source.”

Looking ahead, Moody said coal's potential in chemicals manufacture is only about 20 million tons a year. But if synthetic crude can be made economically and if coal-derived crude served only 10 percent of the oil industry's needs, “the coal necessary would approximate 143 million tons annually.” Similarly, he said, coal-derived synthetic gas would require another 145 million tons a year if only 10 percent of the natural-gas requirements were met by it.

TAX DOLLAR VALUE CITED

In Health Dept. Report Showing Services Given During Last Fiscal Year

In an annual report designed to show citizens of the county where and how their “health tax dollars” are being used, the Floyd County Board of Health has pointed out the total value of health services rendered the county during the past fiscal year was \$103,230.50.

This amount was compared with the health tax funds derived, which amount to only 25% of the total funds received by the Floyd County Health Department, the remaining 75% being supplied by state and federal funds.

The breakdown on the value of services rendered includes: 19,842 immunizations of all kinds, at a cost of \$70,378; 2,581 blood tests, urinalyses and pap smears, \$12,092; 647 water, milk and meat samples for laboratory analysis, \$4,997; 1,224 dental examinations, \$3,672; 2,667 dental corrections, \$12,091.50.

The figures cover tangibles on which charges could be fixed by established fees, but a wide variety of other services could not be given a price tag. These included pediatric clinics, a clinic for physically handicapped children, two heart clinics for adults and the same number for children, eight t. b. clinics, five on mental health, 16 on well-child nursing; assistance with the Headstart program in the schools; the Ligon sanitation project; day-to-day services of sanitarians, dealing with roadside dumping and littering, working with landfill dumping grounds, cooperating with the U. S. Corps of Engineers to reduce littering and pollution of streams and the Dewey Lake area; the work of public health nurses in clinics, home and school visits; a continuing program of health education.

And the keeping of voluminous records, some of which many are finding of real importance as death records are necessary to settle estates and birth certificates are required to establish eligibility to Social Security and other benefits.

Detroit—Police found a dead 200-pound black bear in an East Side alley Tuesday. Officers theorized that a hunter shot the bear, brought it home and was ordered by his wife: “Get rid of it or don't come back.”

Man Held in Ohio In Blevins Stabbing Said P'burg Native

A Scioto county (O.) deputy sheriff told The Times Tuesday that a man who had been arrested in the stabbing of a Wheelersburg man Sunday night had listed his birthplace as Prestonsburg.

The man, who is accused of knifing and seriously wounding Jess Blevins, 53, at a Wheelersburg trailer court, was listed as Zeke Freeman, 33, who now lives near Wheelersburg. Freeman was placed under \$500 bond.

Blevins was taken to a Portsmouth, Ohio hospital where surgery was performed. Three other persons were questioned as witnesses to the stabbing. The Ohio officer said he could not give details of the altercation.

Our Yesterdays

(Items taken from files of The Floyd County Times
of 30 and 20 years ago.)

Thirty Years Ago

(October 9, 1936)

The Court of Appeals today refused to hold that either John Scott or Dewey Roberts was entitled to hold the office of Magistrate in Floyd county, an office which Scott claimed by virtue of receiving a plurality of votes last November . . . Due to the loosening of the earth's strata caused by the recent shooting of oil and gas wells in and around Garrett, approximately 60 percent of the water supply of this mining community is polluted with oil . . . The Prestonsburg vicinity is now having the nearest thing to a building boom that it has experienced in many years, with a new theater being built, the courthouse under reconstruction, the First National Bank building undergoing interior alterations, a new garage planned and a number of fine homes under construction . . . Married: Miss May K. Kenney, of Augusta, Kentucky, and Mr. E. D. Roberts, of Reedy, West Virginia, September 2 at Mt. Sterling . . . Born: To Rev. and Mrs. Arnold T. Malmberg, a son—John Carl—Monday, October 5, at Cow Creek . . . There died: Miss Laura Sulphin, 15, at the home of her parents here, Wednesday; Milton Woods, 65, at his home at Emma, Wednesday; John Scott, at his home at Wonder, Saturday.

Twenty Years Ago

(October 10, 1946)

Although preparing for continued operation through the opening of a new mine, the Elk Horn Coal Corporation is selling its mining town of Wayland, the 350 or more miners' homes there being offered first to employees . . . The approximately 1,300 miners of the Inland Steel Company at Wheelwright went on strike, Tuesday morning . . . Mrs. Tilda C. Cole, 38, well-known Wheelwright woman, died Tuesday afternoon at the Inland Steel Company hospital, Wheelwright, shortly after she was struck by a passenger train at Wheelwright Junction . . . Wayland is the 1946 Big Sandy Baseball League champion, winning the title Sunday at Wayland by taking the third game of the series with Prestonsburg, 7 to 5. Ray Patton was the winning pitcher . . . County Attorney W. W. Burchett, of the Prestonsburg Kiwanis Club, was selected the new lieutenant-governor of Division 1, Kentucky-Tennessee district of Kiwanis International, last week at the Kiwanis convention at Bristol, Tennessee-Virginia . . . John S. Hampton, superintendent of the Glogora Coal Company, won the championship of the Beaver Valley Golf Club, at Allen, recently, defeating Day Crisp . . . Married: Miss Ruth Conley, of Riceville, Kentucky, and Mr. Hargis Preston Hughes, of Prestonsburg, October 4 at Paintsville; Miss Juanita Williams, of Ashland, and Mr. Hobart Lafferty, of Langley, September 18 at Ashland . . . Born: To Lieut. and Mrs. Winston Layne Burke, their first child, a son—James Robert—October 3 at the Paintsville hospital . . . There died: Mrs. Catherine Gearheart, 70, at home at Hueysville, last Thursday; Dan Patrick, 49, of Martin, last Thursday at Memorial hospital, Huntington, West Virginia; Mrs. Minnie Garson, 77, of Honaker, Sunday at the Gearheart hospital, Martin.

Cards Win 3rd Game, Eagles Edge 49'ers In Thursday Games

The Cardinals, looking forward to a possible city Little League championship, made it three in a row last Thursday night at the expense of the Colts. Employing a powerful ground attack led by Jack Hyden, the Big Red rolled to a 26-0 victory. The Colts could never muster a sustained drive, although the team as a whole played a good defensive game, completely stopping the Cards' passing attack.

In the second game of the evening the 6-0 score told the story of the closeness of the contest. For three quarters neither team, the Eagles or the 49'ers, could make headway against the other. But in the closing minutes of the last quarter the game was broken open on a pass from Quarterback Allen Cline to Wayne Bevins, end, for 30 yards and an Eagles score. The 49'ers came roaring back, only to be stopped on the Eagle's two-yard line as the game ended.

'BOURGEOIS' TASTE

Moscow—Russian women jammed department store counters yesterday to purchase a new perfume imported from France. It is called "Bourgeois."

Left to right, Peggy Gullett, Bobby Hensley, Al Gilbert, Teresa Meade, and Becky Stapleton.

Students of Jacqueline's Twirling and Dance Studio, of Paintsville and Prestonsburg, attended Dance Educators of America convention at the Alms hotel in Cincinnati, October 9. Al Gilbert and Dorothy Vose, Los Angeles, California, taught teachers and students tap, ballet, and jazz for the day. Students who attended were Becky Stapleton, Peggy Gullett and Teresa Meade, of Paintsville, and Bobby Hensley, of Prestonsburg. Accompanying Miss Porter were Mrs. Virginia Gullett, Mrs. Robert Hensley and Mrs. William Stapleton.

Homeowners Insurance Change Recommended With \$50 Deductible

Frankfort—Proponents for a change in homeowners insurance have recommended that an automatic \$50 deductible provision be included in policies presently held by Kentuckians.

Representatives of the Multi-Line Rating Bureau, the Transportation Insurance Rating Bureau and the Kentucky Inspection Bureau testified at a Kentucky Department of Insurance hearing Sept. 30 that the use of the deductible would eliminate the need for a \$4.5 million, or 18%, increase in premiums paid by policyholders to bureau member companies.

S. Roy Woodall, Jr., state insurance commissioner, is expected to rule on the application within the next month.

The use of the deductible would, in effect, amount to an overall statewide reduction in premiums paid of \$250,000, according to bureau spokesmen. They said 94% of all policyholders would receive premium reductions of 2.8%.

Those who already have deductible provisions in their coverage—the remaining 6% of policyholders—however would have to pay increased premiums if the application for change gains approval from the Insurance Department.

The proponents also said homeowners' insurance rates in Kentucky have been reduced several times since 1955 and Kentucky policyholders generally are paying considerably less than they were 11 years ago.

No opposition was voiced at the hearing.

Cab Driver Wounded Near Hindman, Two Letcher Men Held

Two Letcher county men have been arrested and placed in separate jails in connection with the Knott county shooting and wounding of a taxi driver and the theft of his cab.

State Police and officers from Letcher and Knott counties reported Sunday they had arrested Anderson Tyree, 21, and Clifford Hall, 30, both of Haymond, on charges of shooting and wounding with intent to kill and armed robbery.

They are accused of the shooting of Clarence Dupree, 60, of Vico, who was found wounded by four .22-caliber pistol bullets Friday night on Ky. 80, about four miles south of Hindman.

Dupree, at first erroneously reported to have been killed, was in critical condition Sunday night.

His cab was found Saturday, abandoned and burned atop a mountain in Letcher county.

Arresting officers said Hall was placed in jail at Hindman and Anderson in the Letcher county jail at Whitesburg.

No bond was set and no date was set for their examining trials.

W. S. C. S. MEETS
The W.S.C.S. of the Community Methodist Church met Oct. 4. Mrs. Allie Spradlin read the Scripture and presented a short devotional. Mrs. Joe Burke was program chairman. The subject was "Mission to Six Continents." Assisting were Pearl Crum, Anne Jean Howell, Josephine Meadows, Mary Hall, Jean Burke and Zella Price.
A short business meeting followed, Viola Cooley, president, in charge. Final plans were made for the luncheon to be served Oct. 13 to the Family Living Seminar in the church basement.
Mrs. Allie Spradlin and Mrs. Sue Spradlin served refreshments to Bertha Dickerson, Mary May, Clara Warrick, Zella Price, Jean Burke, Earnestine Collins, Mary Hall, Pearl Crum, Josephine Meadows, Anne Jean Howell, Leslie Burke and Viola Cooley.

JOANNA DAVIS BRIDE OF MR. MOORE

Mr. and Mrs. Delbert Davis, of Wheelwright, Kentucky, are announcing the marriage of their daughter, Joanna, to Mr. Jim L. Moore, son of Arnold Moore, of Cheyenne, Wyoming, and the late Mrs. Rose Simkins. The double-ring ceremony was performed by the Rev. Don Guth on October 1 at the home of the bride's parents.
Given in marriage by her father, the bride wore a long-sleeved wedding dress of peau de soie accented by lace motifs and seed pearls. Her bouffant veil was held by peau de soie roses, and she carried a cascade of gardenias and stephanotis.
Miss Judy Davis was her sister's maid of honor. She wore a princess-styled street-length dress of emerald green silk. Her matching veil was held by a yellow bow and she carried a nosegay of yellow mums.
Stanley Wallace Holbrook, of Lexington, Kentucky, served as best man.
A reception was held immediately following the ceremony. Assisting were Mrs. Alma Souleyrette, Mrs. June Horne and Mrs. Linda Barker, sister of the bride.
For her wedding trip to the Smoky Mountains the bride chose a three-piece moss green cape suit with matching accessories.
Mrs. Moore is a graduate of Wheelwright high school and attended Eastern Kentucky University. Mr. Moore is a graduate of McDowell high school and attended Mayo Vocational School. He is employed by Dayton Forge and Heat Treating Company as an electrician.
The couple will make their home at 303 Superior Avenue, Dayton, Ohio.

Floyd P.-T. A. Group Invited To Conference

Floyd county units to receive the conference call are Allen, Clark, Drift, Harold elementary, Martia, Maytown and Prestonsburg elementary.

PIKE BOARD IS OPPOSED

As Tax Boost Asked; Denies Allegation Of Packed Hearing

Spirited opposition to the permissive 10% increase in school taxes asked by the Pike County Board of Education brought charges last Friday that school officials had packed a tax hearing with teachers interested in getting a pay increase.
Denying the accusation, school officials said the heavy attendance of teachers at the hearing was the result of the work of the Pike County Education Association, and not that of the school board.
Schools were turned out and teachers filled the county court room to overflowing at least an hour before the hearing.
The hearing was called as required by law to hear public reaction to a proposed 10 percent increase in school taxes.
It was called by the Board of Education. An earlier hearing conducted by Supt. Claude H. Farley was ruled invalid because it lacked board sanction.
The Pike fiscal court has refused to approve budgets submitted by both the Pike county and the Pikeville city school boards. Each proposes higher taxes.
After first upholding fiscal court, Pike Circuit Judge Charles E. Lowe directed the court to approve the budgets.
The decision relating to city schools has been appealed. A similar appeal is expected with regard to the county system.
Farley said the higher taxes are needed for salary increases and furniture and bus purchases, which in the past have been denied by tax limitations.
He said higher pay would be enjoyed not only by teachers but by bus drivers, janitors, maintenance personnel and others. Five new school buses will be purchased, he said.
Mrs. Hazel Prince led a round of expressions opposing the increase.
"The people are not really represented here," she said. "The schools were turned out so that teachers could show up in force."
Avery Potter, chairman of the board, replied that the board had nothing to do with the appearance of teachers.
Margaret Justice, a teacher, said Glenn McDowell, president of the Pike County Education Association, sent out letters explaining the purpose of the hearing and recommending that teachers attend.
Potter said the teachers will make up the day away from school.
"That's nice," one "anti" called out. "If we keep our kids out of school for a day, will they be permitted to make it up?"

WOULD LIKE RIDE to Southern Michigan area Friday, October 21, return Sunday. Will share expenses. Phone 789-4435, Paintsville. 1f

He had been transferred by Bishop Raymond J. Wade, under whom he had served the Methodist Church in Europe for 18 years, to serve two churches in Ironwood, which is located in Michigan's Upper Peninsula, near the Wisconsin border. One, a Swedish church, had been praying for a minister who could speak the Swedish language. The other had an English-speaking congregation.

Now, he continues his work as a minister, in this county. Busily engaged in the church and community life of Wheelwright, he looks back on his experiences as faraway, in both time and distance, and buckles down to the job at hand, proud of his American citizenship and claiming "the United States of America and the Church as my home."

"I love America more than my life, and there is not anything that I would not do for the well-being and safety of my adopted country," he says.

The homecoming program for Wheelwright and the Community Methodist Church follows:

Sunday, Oct. 16, 11 a.m., worship with District Superintendent Steadman Bagby preaching; Monday, 7:30 p.m., Youth Night, showing of the film, "Inquisition, Communist Style;" Wednesday, Ladies' Night; Friday, 7:30 p.m., memorial service, a look at the past, present and future, featuring several speakers; Saturday, 6 p.m., Fellowship supper at Community Hall, followed by messages of greetings from distinguished visitors and guests; Sunday, 11 a.m., and 7:30 p.m., closing services of the program, directed by the pastor, the Rev. Bergman.

The church choir will sing at all services. Residents of the entire area are invited to join in the week-long anniversary observances.

The radiothon will follow a breakfast to be sponsored at the Wise Restaurant here Saturday morning at 7 by the Prestonsburg Chamber of Commerce.

The site fund stood Wednesday noon at \$6,800, counting pledges made.

The \$18,500 goal must be met by November 1, the date when U.S. Shoe Company plans to break ground for construction. The building and equipping of the plant will be financed by a City of Prestonsburg revenue bond issue of \$900,000. Payment of the bonds and interest is guaranteed by a lease contract under which the company agrees to occupy the plant at a rental sufficient to amortize the debt in 15 years.

The original site under option from Bud Garrett will be purchased for \$13,000. Three acres later added to the site will cost \$4,500 more.

Names of individuals and firms making cash contributions to the site fund, as of Wednesday:

Earl Castle, Homer D. Neeley, Akers & Akers Construction Company, Hughes Motor Company, Marvin Music, Hall & Music Insurance Agency, Ray Howard Furniture Stores, Francis Stores, Ben Franklin Store, Floyd Cleaners, Orville Duff, Mrs. Sammy Moore, Floyd County Times, The Coal Bit Company, Rose Drug Store, Floyd Federal Savings & Loan Association, employees of Floyd Cleaners, Brown Motor Court, Hans Rasmussen.

The fall commencement of the 34th year of the Cincinnati College of Mortuary Science saw the graduation of 130, one of the largest classes to be graduated.

The exercises were held Friday morning, September 23, at the Walnut Hills Avondale Methodist Church in Cincinnati. The Rev. Dr. Charles F. Murphy, of the host church, delivered the commencement address. Diplomas were awarded by President Charles O. Dhonau.

As a part of his closing examinations at the Cincinnati College of Mortuary Science, Mr. Carter applied and was accepted to test for the National Board of Embalmers. He was notified September 30 that he had successfully passed these examinations, which entitle him upon completion of his apprenticeship and funeral director's examination to be eligible for licensing without further testing in all states which recognize the National Board.

Twenty-eight states now accept the National Board examinations. A graduate of Prestonsburg high school, Mr. Carter was a 1965 graduate of Eastern Kentucky University with a bachelor of arts degree in the social science area. He is a member of Pi Sigma Eta, national honorary mortuary science fraternity, and is a member of the First Methodist Church, of Prestonsburg.

Mr. Carter, son of Mr. and Mrs. James J. Carter, of Prestonsburg, is married to the former Judith Ann Howard, daughter of Mr. and Mrs. Ray Howard, also of Prestonsburg. Mrs. Carter is presently employed as a teacher at the Charles Clark elementary school, and they are residing on South Arnold avenue here.

patient became alarmed at this surgical hopscotch and wanted to know why Uncle Ferd was being opened up in so many places. "This is why," grunted the surgeon as he pounced to a new spot. "That's the way the ball bounces."

The late James Michael Curley, celebrated Boston political figure, was master of the retort proper. Once, when running for Congress, Curley was hooted by a heckler who said he wouldn't vote for him even if Curley were Saint Peter himself.

James Michael looked the heckler up and down and then replied, "If I were Saint Peter, you wouldn't be in my district."

The object of the contest is to negotiate each obstacle, record it on a map, locate the miner and bring him safely to the surface.

Competing team members wear the standard "hard hat" helmets and breathing apparatus containing a two-hour supply of oxygen. To assist them in their rescue work they carry flame safety lamps to check for oxygen deficiency and methane gas, carbon monoxide detectors, fire-fighting equipment and a stretcher on which the injured miners are carried out.

The only communication between team members is through a whistle carried by the team captain and by jerks on a rope which links them together, much in the fashion of mountain climbers.

The captain is the important man in the operation. State Mines and Minerals Commissioner A. H. Mandt points out. "His first responsibility is to take care of his own men."

The teams are graded on the amount of time it takes to complete the rescue, their underground performance, accuracy of their map and on preliminary written tests.

Kentucky's mine rescue teams take the contest seriously. A Kentucky team has won the national championship since its inception some 15 years ago every year but two. Virtually every team in this year's state contest is a former national champion, including the International Harvester Company team from Benham, the 1966 Kentucky champion.

First-aid teams take over after the victims have been brought to the surface. The 1966 champion team is from the Wheelwright mine of the Evans Elkhorn Division of Island Creek Coal Company.

Mandt points out that the real purpose of the contests is to provide "a refresher course to keep Kentucky supplied with trained rescue teams."

Mandt credits the infrequency of mine disasters in Kentucky to "an increasingly favorable attitude toward safety by the mining industry."

in on contract talks being held at the company's Prestonsburg office.

"We're stuck on 27 issues," Hall said. But, he added, the differences do not appear at this time to be insurmountable.

Negotiations between United Fuel and its workers are being held at Charleston, West Virginia. Although no statement from either the company or union representatives was available, it was known here that ballots have gone out to members of the union employees of the company and that on how these are voted will hinge the matters of work or strike. The ballots are due to be counted Monday.

The Kentucky West Virginia employees will make their final decision in union meeting at Allen where employees from half a dozen Eastern Kentucky counties hold their regular sessions.

\$50,000 REWARD OFFERED

Hollywood — A loan company owner offered a \$50,000 reward Monday for recovery of \$1 million worth of stolen jewelry and arrest of the burglars who stole it from his firm. Burglars broke into the Hollywood Boulevard Loan Co. September 17 and looted a vault of about 1,000 pieces of jewelry, police said.

The same day, Curtis Jack Jude was arrested on a selling charge at his place on KY 40, near Inez, by Martin County Sheriff O. J. Davis and the ABC agents who assisted in the Magoffin raids. In Pike county Saturday Sgt. Ross, Trooper Combs and ABC Agent Flanery raided the premises of Lula Bates, near Pikeville, arresting her on charges of selling and possessing alcoholic beverages, and her son, Buford, on a possession count. Flanery said the grand jury will be asked to indict Mrs. Bates on second and third offense counts and also for selling intoxicants while under a court restraining order.

EDUCATIONAL TV GRANT IS APPROVED BY EDA

Approval of a \$1,140,080 grant to help construct six educational television transmitters in Eastern Kentucky was announced last week by Eugene P. Foley, Assistant Secretary of Commerce for Economic Development.

The grant was recommended by the Appalachian Regional Commission.

The funds supplement a \$499,998 grant by the Department of Health, Education and Welfare. The state of Kentucky is providing \$410,018 toward a total cost of \$2,050,086.

The transmitters will be located in Ashland, Hazard, Morehead, Pikeville, and Somerset and in Madison county. They will be part of a state-wide educational TV network which will become operational early in 1968.

The Kentucky network production, administration and electronic switching center will be located in Lexington. About 75 percent of all programs will be fed simultaneously to all transmitters of the network from the Lexington center.

The applicant, the State of Kentucky, says that programs will be designed to meet the needs of the State Department of Education, the colleges and universities, industry, and the professions.

SAYS BUS ISSUE NOT IN SCHOOL BILL

Washington, D. C.—The House was assured Wednesday that the administration's \$5.7 billion school bill would not authorize federal officials to order the transporting of school children.

"There is no such provision in the bill," Rep. Carl D. Perkins, D-Ky., told Southerners and Republicans who raised the question during debate.

The issue of transporting students from segregated neighborhoods into predominantly white schools has arisen in recent charges that U.S. Education Commissioner Harold Howe II is moving too fast toward racially integrated schools. Howe has insisted he is only following the requirements of the law and the courts.

Perkins, floor manager of the House bill, took a similar view yesterday, telling the House that court desegregation orders go further than the desegregation guidelines by Howe.

Perkins said school officials might decide to use federal funds for a transportation program, but that under no circumstances could the federal government impose such a program.

Catholic Women Meet At May Lodge, Oct. 4

The fall meeting of the Mountain Deanery of the Diocesan Council of Catholic Women was held at May Lodge, Jenny Wiley State Park, October 4. The meeting was opened with a celebration of the Mass at St. Theodore's, Prestonsburg, at 8:30 a.m.

Arrangements for the meeting were made by the host altar societies of St. Michael's at Paintsville, St. Francis, Pikeville, St. Theodore, Prestonsburg, and St. Juliana, Martin.

Mrs. L. B. Brashear, president, presided. The Mountain Deanery comprises 25 counties in southeastern Kentucky.

A donation was given to the Newman club at Williamsburg, Kentucky. This will be an annual project of the deanery.

The Mite Envelope Project for St. Peius X Seminary at Erlanger, Kentucky, was effectively depicted on a poster designed by Mrs. T. A. Combs, of Maytown.

All the women were urged to participate in this project. The Covington diocese assumes the education of its priests, and this assures any young man who has the desire that he can become a priest.

Guest-speaker was Father Joseph Dunne, of Paintsville. His talk was on "Missions," pointing out that we always think of missions as being "over there," in India, China or Africa, when in fact there is a mission wherever one lives. In the new spirit of ecumenism he urged the women and their husbands to become involved in civic groups and projects for the betterment of the community and all the people.

The following parishes were represented: Paintsville, Pikeville, Martin, Prestonsburg, Jenkins, Berea, McKee, Manchester, Lancaster, Beattyville, Mid-diesboro, Corbin, London, Williamsburg, Hazard, Richmond. A total of 86 guests and 16 priests attended. Music during lunch was provided by Mrs. Chalmers H. Frazier, of Prestonsburg.

TO GO TO VIETNAM

Pfc. Gary R. Butler has just ended a 16-day leave with his parents, James and Mollie Case Butler, at Drift, before going to Vietnam. He was graduated from Martin high school in 1964 and is now 21 years old. He was employed at McCreary's in Kendallville, Indiana, before going into the army, January 5, 1966. He will be serving with the medical corps in the 25th Infantry in Vietnam.

JUVENILE CRIME STUDY MADE BY ATTY. GENERAL

Attorney General Robert Matthews last week announced the completion of a statewide juvenile delinquency study and set forth an unusual plan to deal with the delinquency problem.

The study, conducted in cooperation with the Kentucky Department of Child Welfare and the state's county judges, revealed that Kentucky young people between ages nine and 17 committed more than 10,000 crimes which were officially disposed of by juvenile courts last year. This amounts to a rate of 18 offenses per 1,000 young people—compared with a national rate of 11 per 1,000.

Official cases disposed of by the Floyd county juvenile court during last year, the study shows, were:

Auto tampering, 1; behavior problems, 4; breaking and entering, 9; destruction of property, 6; petit larceny, 2; truancy, 1.

The national rate is based on the most recent figures published by the Department of Health, Education and Welfare, but is not considered highly accurate because so few states have modern record-keeping systems.

Matthews said he hopes that his efforts to put together what he called "the first accurate profile of juvenile delinquency in Kentucky" will mark the beginning of an up-to-date system of juvenile records for the state.

The Attorney General said that the response from county judges in making the study was excellent and that several high-ranking Washington officials have encouraged his work.

"In fact, Undersecretary of Health, Education, and Welfare Wilburn Cohen has asked me to urge the National Association of Attorneys General to follow Kentucky's lead in seeking accurate records of juvenile offenses," he said.

He also said that upon hearing of the study, FBI director J. Edgar Hoover commented favorably on Matthews' efforts and told him such programs "are absolutely essential if we are to intelligently measure the effectiveness of the criminal administration of justice . . ."

Besides totals and rates, Matthews' study also shows that more than a third of the crimes committed by young people are those which can be committed only by young people. Behavior problems, for example, constituted 25 percent of all crimes. This includes running away from home and general incorrigibility. Thirteen percent of all the crimes were truancy from school.

Of more cause for alarm, however, was the high number of larcenies and robberies (17), breaking and entering (15 percent), and automobile thefts (8 percent), liquor law violations (6 percent)—crimes not unique to the young.

More encouraging, on the other hand, was the small number, in percentage terms, of the deeply serious crimes of sex offenses, murders, and manslaughters. In fact, in 1965 murders and manslaughters together accounted for less than one percent of all the crimes this age group committed. Floyd county had none of these.

To combat Kentucky's juvenile delinquency problem, Matthews said he is calling a statewide youth conference.

"We feel that juvenile delin-

When is the best time to put in a pool?

Not many people know it, but Fall is the very best time to buy a pool. There are four important reasons why:

1. Our crews have the time to take extra care in installation.
2. Grass and shrubs are best planted in the Fall. They have months to get established. Water is more available, too.
3. When the pool is complete, we give you a free Aqua-Lock® Pool Cover. It seals out dust, leaves, and dirt throughout Winter and Spring.
4. On the first hot day next Spring, just peel back the cover and dive into sparkling water in a clean pool. No raw dirt around. No muddy backyard from Spring rains.

FOR MEMBER OF THE
FLOYD COUNTY BOARD OF EDUCATION
Educational District No. 2

Now it is an admitted fact by the school superintendent and your present board member, Dr. Allen, that the Martin school will be moved out of our Educational District to the Right Beaver district. This means that our educational district will not have a single high school at all. Is this the way we want to be represented? Don't you want a high school for your children in your own district? Don't you people of Maytown and Martin want your high schools any longer? Do you want your children to go farther up Beaver? I wonder if they have forgotten the 1957 bus wreck. The transportation problem would be worse. And crossing the Maytown hill in the winter could become another 1957 tragedy. Should our children be transported any farther than necessary?

Who will the new school at Eastern be named after? Dr. Allen? Johnny Campbell? Ross Cooley? George Edward Allen? Charles Clark named one after himself. Will this be the Charles Clark Right Beaver School? Will this be named after Wayne Ratliff? Clem Martin? Claude May? Blanche Dings? Who will be the principal? Phillip Dings, Ed Stewart? Burnice Gayheart? James Bolen? Who will be the coach? Hoss Halbert? Dog Campbell, or will there be a new man, a dark horse? Will some teachers be left out of a job? Is this a sly way to get rid of some of the old teachers? Can a new teacher have a chance to get a job? Or will they have to move to Ohio or some other state to teach? Would this keep some of our young people from becoming teachers? Could this cause a shortage of teachers?

We may think that can't happen to us but it can. It has happened in other states. They have promised our teachers a pay raise and the state allotted the money for that. Do you think maybe they have put on so many extra people in order to win this board race and they won't get the raise?

Why don't Dr. Allen campaign for himself, instead of Wayne Ratliff, Shag Campbell and a lot of the other people that should be working?

Could a man almost 80 do the job he should? He has been a board member too long now.

I will keep the Martin school where it should be. I think we need a new school in Martin but it should stay where it belongs.

Your Vote and Support Will
Be Deeply Appreciated.

NOTICE TO CONSUMERS OF THE PRESTONSBURG WATER & SEWER SYSTEM

Pursuant to the provisions of Ordinance No. 14-62 enacted on the 20th day of December, 1962, and Ordinance No. 15-62 enacted on the 3rd day of January, 1963 by the City Council of the City of Prestonsburg, Kentucky, with respect to making physical connection with the City Sewer System and for the payment of water and sewer charges for services rendered, said ordinances authorize the discontinuance of water service, as well as the impositions of fines and penalties for the failure to comply with the terms of said ordinances. That the provisions and penalties pertaining thereto are as follows:

A. Ordinance No. 14-62, Section 3, enacted on December 20, 1962 provides as follows:

"When the construction and installation of the improvements and extensions to the Sanitary Sewer System progresses to such a point as to be capable of receiving and disposing of the flowable sanitary sewage of any premises, the City shall give written notice to the owner or occupant of such premises that a sanitary sewer connection is available, and that such premises shall be connected thereto within ninety (90) days after such notice is given. All owners and occupants of premises where sewer service is hereafter made available, as herein defined, shall, within ninety (90) days from the date of such notice, connect therewith all sanitary sewage drain pipes and sanitary sewage outlets of such premises, unless satisfactory reason for delay is shown in a writing delivered to the Mayor or to the City Clerk."

Pursuant to the provisions of Section 9 of said Ordinance, violation of any of the provisions of same by any person, firm or corporation shall, upon conviction, subject such party to a fine of not less than \$5.00 nor more than \$25.00 for each offense. The ordinance further provides that each day a violation shall be considered a separate offense. The ordinance further provides for a connection charge of \$75.00 if same is made within ninety (90) days after notice of consumer that the service is available. After the expiration of ninety (90) days the connection charge is \$100.00.

B. Ordinance No. 15-62, Section 5, enacted January 3, 1963 provides as follows:

"Pursuant to authority of Section 96.930, and following sections of the Kentucky Revised Statutes, bills for water service and sanitary sewer service shall be rendered, collected and enforced together; and when any bill for sewer service remains unpaid for a period of ten (10) days after the bill is issued, the same shall become delinquent, and the City shall discontinue water service to the delinquent premises and shall not reinstate

water service thereto until the bill for sewer service, together with penalties, interest and the prescribed water reconnection charge shall be paid in full, whether or not the bill for water service to the same premises shall have been paid or tendered. Bills for water service and sewer service shall be due and payable when rendered, and if not paid within ten (10) days a penalty in the amount of ten (10%) per cent of the face of the bill shall accrue. Such penalty shall accrue whether or not water service is discontinued for

delinquency in the payment of either the water service bill or the sewer service bill. In the event water service is discontinued by reason of delinquency of the bill for sewer service, the reconnection of water service shall not be made until the delinquent party has paid to the City the sum of \$3.00 to cover the City's estimated reasonable expense in sending someone to restore the water service connection."

Four Floyd Bands To Participate Saturday In Eastern Band Day

Richmond, Ky., Oct. 7 (Spl.)—More than 65 high schools will participate in the sixth annual Band Day at Eastern Kentucky University next Saturday.

Included in a full day of activities will be a joint performance of the bands at half-time of the Eastern-East Tennessee football game. The bands will begin arriving on campus at about 9 a.m. Saturday and will assemble for a parade through downtown Richmond.

An extra attraction has been added this year with the performance of "My Kentucky," written by Francis McPherson of Eastern. Aside from playing the tune, the band members will join in a 5,000-voice vocal presentation.

The Band Day Program is under the direction of Henry F. Pyrse, director of college-school relations, and assisted by John L. Vickers, executive assistant to Eastern President Dr. Robert R. Martin.

Floyd County high school bands and directors scheduled to attend are:

Betsy Layne, Mrs. Billie Jean Osborne; Prestonsburg, Franklin Honeycutt; Wayland, Mark Rice and Wheelwright, Richard Allen.

CLUB HOLDS BUSINESS MEETING

The Lackey-Garrett-Wayland Woman's Club held its October business meeting at the clubhouse, October 3. Delegates and alternates for the forthcoming Seventh district convention of the Kentucky Federation of Women's Clubs were appointed by the president, Mrs. L. B. Price, as follows: Mrs. Eugene Mullins and Mrs. James Burge, delegates, and Mrs. Charles Scott and Mrs. Hansel Bradley, alternates.

It was decided that the clubmembers individually would assist in the "worm project" in Floyd county by contributing either sheets or money to purchase sheets for the families of underprivileged school children in certain areas of the county in the fight against pin worms.

It was also unanimously decided to purchase an outfit of winter clothing for one girl at the Girls' Rehabilitation Center.

Several clubmembers will meet at the home of Mrs. Otto Martin sometime prior to the district convention to practice for the skit to be presented as the President's Report.

There were 18 members present.

The following members answered to roll call: Mrs. Nick Cooley, Miss Jane Hoffman, Mrs. Ronald Turner, Mrs. McKinley Little, Mrs. Byron Beard, Mrs. Bill Stumbo, Mrs. B. F. Reed, Mrs. W. L. Reed, Mrs. Isabelle Reed, Mrs. Ben Martin, Mrs. Lloyd Stumbo, Miss Ruby Akers and Mrs. Bill Hoffman.

A skit portraying the club's yearly activities was planned for the Seventh district convention which will be held October 15, at Jenkins. Ten Drift Club women plan to attend. Mrs. Nick Cooley will serve as secretary to Mrs. Zella Archer, district governor.

Mrs. Martin reported on the progress of the Left Beaver Creek dredging project.

A community meeting sponsored by the club is planned for October 17, at McDowell high school. A film on the proposed constitution will be shown and the Fine Arts committee will furnish the entertainment part of the program.

New members voted into the club were: Mrs. Curt Carter, Mrs. Don Little, Mrs. Demorris Martin, Mrs. LeRoy Jones, Mrs. Harry Martin, Miss Willie Harris, Mrs. Roger Castle, Mrs. Romeo Berardi, Miss Bertha Ratliff and Miss Eunice Barker.

Mrs. Bill Stumbo will be hostess at the next meeting.

TO FRIENDS OF EDUCATION IN EDUCATION DIVISION NO. 1

Although I have been an announced candidate to succeed myself as a member of the county board of education for some weeks, I feel compelled to make the following statement regarding my candidacy.

I was first elected to the board almost eight years ago in opposition to the administration, as it existed at that time. Two years after my election to the board, a new superintendent was hired by the majority of the board, as it was made up at that time. We did have some stormy board meetings after the new superintendent was seated but during the stormy period we all learned a great deal about each other and about our responsibilities as board members and school officials. We discovered that what we all really wanted was the best school system possible for Floyd county's children and we had the same hope for creating a better Floyd county through greater opportunity for our youth.

Under the leadership of Superintendent Clark and his staff the Floyd county school system has made more progress during the last six years than during any other period in our history. I am happy to have been a part of that period of great progress. Our school system has gained a reputation as one of the best and most progressive systems in all of the Appalachian Area. As evidence of progress made within the last six years I list below a few examples:

1. More than 80 new classrooms completed and in use (Contract let for 7 rooms at Prestonsburg Elementary school.)
2. One of the first county systems to qualify for "Head Start."
3. Most complete lunchroom program in Eastern Kentucky.
4. Adult Education program which has been copied by school systems in Kentucky and West Virginia.
5. One of only thirty-two school systems in Kentucky operating a N.Y.C. program in Kentucky, whereby our young people have earned over 1/2 million dollars on workshops during the past school year. We are assured of a similar program this school year.
6. Summer school program for over 4,000 of our educationally deprived young people.
7. A complete vocation school program at Garth which can be used by young people from all sections of Floyd county.
8. Clark Elementary School consolidating all the Middle Creek section.

The above accomplishments, as well as many others, have made all the board members very happy to have been a part of such a school system. Greater things are planned for the future and I want to be a part of that future. For this reason I wish to solicit your support in order to insure harmony and to keep this school system moving forward. I have complete confidence in the leadership of Superintendent Clark and his staff and I want them to have a chance to continue their dynamic leadership.

BELFRY HIGH DOWNS CATS

Saturday Loss Evens P'burg W-L Record; Whitesburg, Next Foe

The Prestonsburg Black Cats Saturday night lost their third game of the season when they were downed by Belfry high, 35-14. The loss makes the Black Cats' record, 3-3-1.

On the whole, the defensive game of the Black Cats looked weak, but Clinton Hager and Donnie Ratliff contributed strong defensive and offensive play.

Belfry scored with only seconds left in the first quarter. Danny Hatfield scored for the Pirates from three yards out. The conversion was made good by Wally Bevins.

The Cats came back in the second quarter with a 63-yard touchdown pass from Philip Haywood to Donnie Ratliff. The point after was made by John Clark. Shortly afterwards, Leon Guyton plunged over from the six-yard line. Wally Bevins kicked the extra point.

After Prestonsburg's punt rolled dead on the eight-yard line, the Pirates called again on Leon Guyton, who raced 92 yards for the score. This made the score 21-7 in favor of Belfry at halftime.

The only score for either team in the third quarter was made by Belfry when Scotty Smith hit paydirt from three yards out.

Freshman quarterback Mark Miller, did exceptionally well, passing 37 yards to Bennett Leslie, who played his usual good game.

Next Saturday, Prestonsburg will play host to Whitesburg.

Invitation To Bid

The Floyd County Board of Education will offer for sale by sealed bid its equity in the following properties until 12 noon, November 5, 1966:

A Summary of the Proposed Kentucky Constitution Revision as it affects The Kentucky Legislature

THE ROLE OF THE GENERAL ASSEMBLY The elected General Assembly is THE law-making body in Kentucky. The proposed Constitution Revision gives more continuity to the legislature and seeks to improve and strengthen its legislative functions.

ANNUAL 60-DAY SESSIONS The General Assembly would be in legislative session 60 days each year, rather than 60 days every other year as now provided by the Constitution. A two-thirds vote of the members could extend a session up to 30 more days.

SALARIES RATHER THAN PER DIEM PAY The revision provides for all legislators to be paid an annual salary in an amount to be fixed by law. This would replace the present "amount-per-day" method of payment for legislators.

TERMS FOR MEMBERS OF HOUSE AND SENATE The 1891 Constitution provides for two-year terms for House members and four-year staggered terms for Senators. The Constitution Revision would provide four-year staggered terms for House members and six-year staggered terms for Senators.

ANNUAL DEBT LIMIT State debt would be limited to 2% of general fund tax revenue for the preceding fiscal year. This would replace the present debt limit of \$500,000.

PROVISION FOR INSPECTOR AND EXAMINER The General Assembly would be authorized to appoint an inspector and examiner to conduct audits and other studies of public funds, as directed by law.

ELECTIONS EVERY TWO YEARS As it now stands, the Constitution requires an election in Kentucky every year. In effect, we have double elections because of the importance of primaries in Kentucky. The Constitution Revision would provide for elections every two years, held on even-numbered years, at the same time U. S. Representatives are elected. The terms of office of all elected officials would be adjusted to fit the biennial elections.

INFORMED CITIZENS MAKE WISE CHOICES
I encourage every Kentucky voter to read the entire proposed Constitution Revision. You may have a free copy by writing to the Attorney General's Office, State Capitol Building, Frankfort, Kentucky.

FLOYD COUNTY HAS 97 STUDENTS AT EASTERN

Richmond, Ky., Oct. 7 (Sp.) — A total of 97 Floyd county students are among the 7,398 students enrolled for the fall semester at Eastern Kentucky University, President Robert R. Martin announced.

This enrollment figure represents a 13.6 percent increase over the previous record total of 6,949 set a year ago.

The total includes only students doing college work on the main campus at Richmond. It does not consider 654 students enrolled in the University's Model Laboratory School and 404 students enrolled in extension classes in correspondence study courses by mail.

The total number of students receiving higher instruction through Eastern is 10,011.

Class totals for the fall semester are: 3,594 enrolled as freshmen; 1,792 sophomores; 1,218 as juniors; and 906 in the senior class.

Students enrolled in the graduate school number 388.

Ford's famous quiet ride
 comes in 18 beautiful
 styles for 1967

Quieter because they're stronger. Stronger because they're better built. For '67, the best-built Fords in history.

3 new LTD's. All three LTD models—2-door hardtop, 4-door hardtop, and 4-door sedan—offer conveniences like a transmission that shifts both manually and automatically (standard), and a full-width front seat that divides to adjust individually for driver and passenger.

2 new XL's. Both the XL 2-door hardtop and convertible offer, as standard, bucket seats and console, plus spirited 289-cu. in. V-8. A 7-Litre power option includes a 428-cu. in. V-8, power disc front brakes, and sports steering wheel.

13 new Galaxies, Customs, wagons. Convertibles, wagons, hardtops, sedans all offer basic Ford strength and quiet, plus a wide range of conveniences and options. Wagons provide a two-way Magic Door that swings out for people and down for cargo.

Better ideas from Ford. SelectShift Cruise-O-Matic transmission shifts automatically . . . or lets you shift manually without a clutch for things like climbing hills, downshifting to save brakes, pulling trailers, getting extra traction in mud and snow, or just for fun. It's available on every '67 Ford. And all '67s come with Ford Motor Company Lifeguard-Design Safety Features.
