SPEAKING OF AND FOR FLOYD COUNTY

THURSDAY, OCTOBER 27, 1966

WETS' COUNSEL VOID MOVE TO WITHDRAW

Attorneys for Wet forces in the Floyd county local option contest Wednesday withdrew their motion asking permission to withdraw as attorneys of record in the case.

"The problem has been resolved, and we will continue as before," Paul E. Hayes, one of the attorneys, said Wednesday afternoon. Mr. Hayes declined to comment on the problem.

Other attorneys for the contestants are J. Ervin Sanders, Fred B. Redwine and James B. Todd.

Hearing of testimony is expected to be resumed today (Thursday). Special Judge C. E. Lowe, of Pike county, last Friday granted plaintiffs' attorneys an extension of time, till November 15, in which to complete their main evidence.

SUITS GROW TO \$328,548

Small Action Mounts Through Amendments And Counterclaims

What began last March as a damage suit seeking the recovery of less than \$20,000 has developed, through amended complaint, counterclaim and countersuit, into an action in which a total of \$328,548 is asked.

In the original suit Jonas Miller sought to recover from Lawrence Keathley and G. C. Spradlin \$7,048.98 for work on a Clay county oil well, \$500 for moving his rig onto another lease in that county and \$10,000 damages for what he described as slanderous, derogatory and untrue remarks they allegedly had made about him to a Michigan man.

His complaint was later amended to demand a total of \$107,548.

In their answer, counterclaim and a third party complaint in (See Story No. 3, Page 3)

In support of their motion to be permitted to withdraw from the case the attorneys said that in numerous conferences held recently with those supporting the contestants-plaintiffs "it appears that there is a misunderstanding between counsel and those by whom they were employed, and that the necessarily close and confidential relationship of attorney and client... is not present and it does not appear that it can be further had in this action."

Hayes said that, according to his tabulation, contestants have overcome the 85-vote margin held by the Drys and now are 59 votes ahead.

DR. CAMPBELL, STANLEY HEAD CHARTER CAMPAIGN

Two Floyd countians will share the leadership of the campaign in this county to win approval of the proposed Revised Constitution at the Nov. 8 election.

Dr. Henry A. Campbell, Jr., director of the Prestonsburg Community College, and O. E. Stanley, president of the Floyd County Teachers Association, will serve as co-chairmen. They will work with educators and students to establish a precinct organization.

Announcement of their appointment was made by John Fred Williams, Ashland Republican, and State Senator C. Gibson Downing, Fayette county Democrat, co-chairmen of the Kentuckians for a Better Constitution.

Although Kentucky's college and high school students are, according to a statewide poll, giving 2-to-1 support to the revised constitution, the only Floyd high school reported as polled to date, Betsy

BLOOMING HEROES

Folks persist in referring to the brave, little crocuses that dare to peek out before the snows leave, but if I were pinning any medals on flowers I'd have to decorate these beauties that bloom these fall days, daring the frost to bite its hardest and not knowing if today's sunshine may not turn overnight to sleet or snow.

SAME HERE

Leon Moore lives in a house on a hillside at Wheelwright. Directly below him, also on the hillside, lives Albert Lewis, whose nickname is Shine. Those facts comprise the setting for this story told by officers here this week:

Mr. Moore appears to have been looking downhill toward his neighbor's home, just when the action was picking up last Saturday. ABC Agent Claude Planer and Deputy Sheriff John D. Martin, in plainclothes, arrived for a visit at the Moore residence just as the man of the house was commenting on what he saw down there below.

"Looks like Brother Shine's getting raided," the officers said they heard him remark.

Then, as they suddenly dove into view, he quickly added: "Looks like I'm bein' raided, too."

NOT EVERY STIFF NECK IS A MARK OF PRIDE.

Not every stiff neck is a mark of pride. Fact is, I'm not a bit proud of this crick.

THERE WAS A REASON

This story sticks with me so persistently that it might interest some others:

The youngster had applied for a job on a farm where help was sorely needed.

"Can you operate a tractor?" the farmer wanted to know.

"No."

"Can you run a mower?"

Same reply.

"A milking machine?"

No.

"What can you do?"

"I can sleep while the wind blows."

The farmer liked that reply as little as any of the others but his need for help was so great that he hired the boy.

Then came the night when a storm rolled up... thunder, lightning, gusts of wind that belatedly the stronger blow to come. Alarmed, the farmer ran to the room occupied by the boy, and found that he had told the truth. He was sleeping.

NOTIFY SIX FOR SERVICE

Draft Board 25 Calls 18 Others for Exams; All To Leave Nov. 10

Selective Service Board No. 25, which serves the northern (lower) section of the county, said this week that six of its registrants have been notified to report for induction November 10 and that 18 others have been called to report on the same day for physical examination.

Those to be inducted are George Ousley, Elbert Stratton, Jr., William Goble, Jr., Arbie Adkins, Danny H. Hamilton, Charles Akers, Jr.

To report for physical examination are:

Charles K. Akers, Homer McKenzie, John P. Childers, Angloe Shepherd, Paul D. Stepp, Billy W. Hall, Robert A. Keathley, James Stephen Ison, Larry Estill Howell, Thomas Arnold Stanley, James Kenneth Terry, Albert Conn, William Darwin Patton, Thomas Michael Wise, Eddie Arnold George, James O. Cavins, Jr., Gary Randle Kendrick, Raymond Blackburn, Jr.

Selective Service no longer permits publication of postoffice address of registrants.

Merit Scholars favored the revision by a 39-to-9 vote.

High school groups voting to support the proposed document: Hazel Green Academy, Washington County high, Bristow high of Warren county, Alvaton high of Warren county, Feds Creek of Pike county, Elkhorn City high, Ohio County high, St. Joseph Prep of Bardstown, Central City high, Paducah Tilghman high, Hindman high, Jessamine County high, Assumption Academy of Louisville, Louisville Flaget high, Anville Institute of Jackson county, Henry County high, Fleming County high, Irvine high, Crittenden County high, Breckinridge County high, Webster County high, Anderson County high, Lafayette of Lexington, Westport of Louisville, and Union County high.

High school groups opposed: Nancy high of Pulaski county, Oldham County (one vote cast), St. Charles of Marion county, Maysville high, Caverna high, Lynch high, Sandy Hook high, Scottsville high and Metcalfe County high.

College groups voting to support the revision: University of Kentucky, Northern Community College at Covington, Eastern Kentucky University, Morehead State University, Ashland Community College, Elizabethtown Community College, and Southeast Community College at Cumberland.

Opposed are: Southeast Christian College, Winchester; Nazareth College, Nazareth, and Prestonsburg Community College.

Film Society, Formed At College, To Offer Outstanding Features

A Film Society to promote an international film series has been organized at Prestonsburg Community College. The Society, started by several faculty members and students, plans to show 12 feature films at the college on Tuesday evenings, perhaps twice a month.

The twelve films selected are "Wild Strawberries," "Black Orpheus," "Jules and Jim," "I'm All Right, Jack," "The Road to Life," "A Hard Day's Night," "Ashes and Diamonds," "This Sporting Life," "The Bicycle Thief," "Suddenly Last Summer," "The Crucible," and "Alexander Nevsky." These films will represent France, Italy, the United States, Poland, the

'KENTUCKY'S LAST FRONTIER' BY HENRY P. SCALF, ON SALE; AUTHOR, EX-TIMES WRITER

"Kentucky's Last Frontier," a 566-page history of the 12-county region that was the original Floyd county, by Henry P. Scalf, former member of the Floyd County Times staff, went on sale last week.

The work, completed after 25 years of research, reflects the care of the sincere searcher for historical truth. "Kentucky's Last Frontier" tells the story of Eastern Kentucky from the days of the Mound Builders through those of the pioneers, the early settlements, days of travail and development, the Civil War, the coming of the mining industry to the region, opening of the area to the outside world by railroads and highways, on through days of depression and migration to the more recent time covered by a final chapter, "The Fetters

work."

The student of regional history will find the work a treasure of detailed fact. The cursory reader will find it of deep interest as the history of Kentucky's last hinterland is recorded in detail and in depth.

Dr. Thomas D. Clark, Lexington historian, says in his foreword to Mr. Scalf's book: "Mr. Scalf has written of every phase of life in Eastern Kentucky. He writes of a land which he loves and understands... Here is found a great mass of detail which only a good regional historian would include in a book, but they are details which have a high degree of meaning... His history of Appalachian Kentucky has the fine, basic qualities of a durable work."

SITE FUND IS STILL \$6,000 BELOW GOAL

As of Wednesday noon, the drive led by the Prestonsburg Chamber of Commerce for funds with which to purchase the U.S. Shoe Company plant site near Lancer was still \$6,000 short of its \$18,500 goal.

And, emphasizing the short time in which to raise that \$6,000, U.S. Shoe has tentatively set next week for ground-breaking for the plant construction.

Homer D. Neely, Chamber of Commerce president, expressed disappointment that some professional men and officials have not joined those contributing to the fund. "If this were a project that would help only a few people, or only one community, I could understand the reluctance of some to contribute, but this is not the case," he said.

One of the two tracts of land on which the plant will be located was purchased this week. It is the smaller tract owned by

Russell Kendrick and for which \$4,500 was paid. The larger tract, owned by Bud Garrett, is under option.

Machinery began arriving at West Prestonsburg this week for the beginning of a worker-training program against the day when the plant structure is completed and equipped. This training program will be conducted in a building at Archer Park. The plant will employ about 400 persons.

Steve Johnson, 47, Heart Attack Victim At Residence, Tuesday

Steve Johnson, 47 years old, former Hi Hat miner, died Tuesday while en route to the McDowell Appalachian Regional hospital of a heart attack. Mr. Johnson was digging a well at his home when he suffered the fatal seizure.

A son of the late Jo and Liddie Childers Johnson, he was married to Nora Hall, who survives.

Also surviving are six sons, Gardner Johnson, Ft. Brewing, Georgia, Gariand, Clarence, Claude, Russell and Ronnie Johnson, all at home; five daughters, Mrs. Bertie Spears, of Kendallville, Indiana, Lora, Rosalee, Peggy Sue and Myrtle Louise Johnson, all at home; two brothers, Herman and Joe Johnson, Jr., both of Ashland, and three sisters, Mrs. Lillie Hall, Hi Hat, Mrs. Zill Bates, of Kite, and Mrs. Stella Price, Hatcher, West Virginia.

Funeral services will be conducted from the residence Friday at 10 a.m., ministers of the Regular Baptist Church officiating. Burial will be made in the family cemetery at Halo under the direction of Hall Brothers Funeral Home.

500 AT FOUNDERS DAY HEAR RADCLIFFE PREXY

A student exchange between Radcliffe College, Cambridge, Massachusetts, and Alice Lloyd College was proposed Sunday by Dr. Mary I. Bunting, president of Radcliffe. Dr. Bunting is principal speaker at Alice Lloyd College's 50th anniversary Founders Day celebration on the college campus at Pippa Passes.

Speaking to about 500 people, Dr. Bunting suggested that the school founded by Mrs. Lloyd and her alma mater could both benefit from such an exchange. Dr. Bunting also suggested a study of the role of women in developing education. Mrs. Lloyd, she said, is a unique example of the great contribution women

have made to American education.

Alice Lloyd came to Caney Creek, in Knott county, in 1916. In the ensuing 32 years she established 100 grade schools, 15 high schools and Caney Junior College. In 1962, upon her death, the college was renamed in her memory. Alice Lloyd College is now working on an extensive program of expansion which includes academic and residential facilities.

Part of Sunday's Founders Day activities was an academic procession, the first on Caney Creek. Forty-five colleges and universities sent representatives to participate in the procession.

FIVE NABBED IN 3 RAIDS

Intoxicants Found At Melvin, W'wright; Book Martin Couple

Three raids made simultaneously in the Melvin-Wheelwright area Saturday resulted in the arrest of five persons and the confiscation of small quantities of whiskey and beer.

Johnny Johnson and his wife were arrested at Melvin when 12 cans of beer were found in their home. Johnson was named in two warrants for selling and one for possession of intoxicants for the purpose of sale; Mrs. Johnson, on two selling counts.

At Wheelwright Mr. and Mrs. Leon Moore and Albert "Shine" Lewis, Negroes, were arrested. Fifteen pints of whiskey and five cans of beer were found in the Moore residence. Moore was named in a possession charge; Mrs. Moore, for selling. Officers reported Lewis had three pints of whiskey, six half-pints and eight cans of beer. He was charged with both sale and possession.

FOUR SQUIRES GO TO JAIL

Special Judge's Order To Approve Tax Raise Is Disobeyed by Four

Four Pike county magistrates went to jail Tuesday rather than approve the county's school budget.

Special Judge W. D. Sparks, of Louisa, told the men they could stay there until they "purged" themselves.

The four said in a statement issued from the Pike county jail Tuesday night that they weren't ready—at least at this time—to give up their campaign against the budget.

Sparks took his action after giving the four an hour in which to reconsider their votes against the county school budget.

The four magistrates jailed are Taylor Dock Justice, Foster Bentley, Burbage Prater and Darwin Newsome.

They claim the proposed county budget violates state statutes and the Kentucky Constitution by imposing "a 20 percent increase on individual taxpayers while it actually puts no increase on the large public service corporations."

Sparks said it was his opinion that the proposed budget complies with the law, which permits a 10 percent increase in school taxes.

The budget failed to pass on a 4-4 vote.

All four magistrates jailed for voting against the budget are Republicans.

Three of the magistrates who voted in favor of the budget are Democrats. They are Lee Roberts, Cowan Radliff and Wood-

1,650 Union Members Walk Out As Further Pact Talks Unslated

United Fuel Gas Company employees went on strike Tuesday night, closing the Warco compressor station in this county and all other Kentucky stations as well as most field operations.

The work-stoppage had been expected since October 18 when negotiations between United Fuel and representatives of the Oil, Chemical and Atomic Workers Union broke off at Charleston, West Virginia.

Approximately 1,650 union members in Kentucky and West Virginia were idled by the strike. It was said that the company does not plan operation of any of its Kentucky compressor stations and that some in West Virginia will also be idled.

No disturbances have to date resulted from the shutdown. Further talks between company and employees are not scheduled at this time.

Kentucky West Virginia Gas Company union employees are continuing work after having extended till November 19 the time for a contract to be reached. Contract talks continue, the latest being scheduled today (Thursday).

Though its employees continue at work, Kentucky West Virginia Gas Company union employees are continuing work after having extended till November 19 the time for a contract to be reached. Contract talks continue, the latest being scheduled today (Thursday).

Cards Clinch Title In Little League Play
The Cards clinched the Little League championship here last Thursday by downing the Eagles, 25 to 0, with the winners presenting a powerful ground attack led by Herbie Salisbury and John Paul Leslie.

But the title-clincher was not the outstanding game of the evening. The scoreless deadlock between the Colts and the 49'ers of Clark Elementary was outstanding, with Quarterback Neeley and Johnny Heinze, halfback, starting for the Colts and Charlie Stone providing most of the threat for the 49'ers.

Eagle defensive standouts were Allen Cline, Scott Cline, Jack Hammonds and Dorsey Ferguson.

The standings:
Team W L T
Cards 4 1 0
Eagles 2 2 1
49'ers 1 2 2
Colts 0 3 2

KEEP COOPER ON THE TEAM WORKING FOR FLOYD COUNTY

AS A MEMBER OF THE SENATE PUBLIC WORKS COMMITTEE, SENATOR COOPER USED HIS POSITION TO HELP FLOYD COUNTY GET THE FOLLOWING PROJECTS:

1. Three dams at the headwaters of the Big Sandy that almost assure us that we will never have a flood like we did in 1957 and 1963. Had the dams been in operation the 1957 flood would have been 17 feet lower.
2. A grant to develop Jenny Wiley State Park.
3. Low rent housing for Martin and Prestonsburg.
4. Floodwall for the business section of Prestonsburg.
5. Improved water system for Martin and Prestonsburg.
6. Sewer systems for Prestonsburg and Martin.
7. New streets and sidewalks for Prestonsburg.
8. After the 1957 flood got the Red Cross to double the aid planned for flood victims.
9. Got the Eisenhower administration to make loans to homeowners and business men who were flood victims, many without collateral.
10. Dredge Beaver Creek to lessen danger of flooding.
11. Aid in improvement of U.S. 23.
12. Secured four Navy divers when we needed them.
13. Helped provide jobs for 560 unemployed fathers.
14. Helped to get money for the Mud Creek study on contaminated wells.
15. Money for our new schools and aid to education.
16. Money to train people for jobs in our new factories.
17. Worked to keep our truck mines open.
18. A new water and sewer system for Beaver Creek.
19. Water facilities from Pikeville to Harold.
20. Aided hundreds of sick people to get their Social Security, also many veterans to get deserved pensions.

SIX YEARS AGO, SENATOR COOPER WAS RE-ELECTED BY AN OVERWHELMING MAJORITY. WE URGE THE VOTERS OF FLOYD COUNTY TO SHOW THEIR GRATITUDE TO THIS GREAT STATESMAN FROM THE HILLS OF SOMERSET, KENTUCKY.

Mrs. Esta Salyer, 72, Passes Away Tuesday; Funeral To Be Friday

Mrs. Esta Julia Salyer, 72, of Langley, died Tuesday at 3:30 a.m. in an Ashland hospital. Mrs. Salyer was the victim of pneumonia which developed as she was receiving treatment in the hospital for a broken hip sustained in a fall at her home last Friday.

A native of Red Bush in Johnson county, she was the daughter of the late Alfred and Sarah Ferguson Williams and was the widow of Hoke Salyer.

Survivors include four sons, Clyde Salyer, of Langley, Stanley Salyer, Paintsville, Emery Salyer, Minford, Ohio, and Paul Salyer, Pikeeton, Ohio; one daughter, Mrs. Florence Bussey, of Allen; two brothers, Fred Williams, of Red Bush, and Dola Williams, Bell Center, Ohio.

She also leaves 20 grandchildren and 10 great-grandchildren.

The funeral will be held Friday at 1 p.m. at the United Baptist Church at Flat Gap. Burial will be made in the family cemetery at Flat Gap, Merion Funeral Chapel directing.

MASTER COMMISSIONER'S SALE FLOYD CIRCUIT COURT

Floyd Federal Savings and Loan Association, Prestonsburg, Ky., ... Plaintiff, and Ashland Oil & Refining Company, Ashland, Ky., ... Intervenor

Against // NOTICE OF SALE Michael D. Brown and Beatrice Brown, ... Defendants.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the September term, 1966, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 14th day of November, 1966, at 10:00 o'clock, a.m., same being the first day of the regular November term of the Floyd Circuit Court, upon a credit of six months the following described property to-wit:

Beginning at the corner of Kentucky State Highway No. 821 and the land of Luther Messer; thence with the line of Luther Messer to Stone Coal Creek; thence with Stone Coal Creek 50 feet downstream to the line of Joel Martin; thence with the line of Joel Martin 50 feet to Kentucky State Highway No. 821; thence with said highway to the point of the beginning.

Said tract is more particularly described in that certain deed of conveyance from Josephine Brown, widow, by deed dated May 29, 1964, and recorded in Deed Book 185, Page 248, and being an interest in the same land inherited by Michael D. Brown as evidenced by affidavit of descent dated May 29, 1964, recorded in Deed Book 185, at Page 247, Floyd County Court Clerk's office.

Said land and improvements are situated in Garrett, Floyd county, Kentucky.

Privilege is given the purchaser to pay the purchase price in cash without executing bond, or to pay the purchase money at any time before maturity.

All taxes and assessments due in the year 1964 and thereafter, if any, shall be assumed and paid by the purchaser.

The amount of money to be raised for the Plaintiff, Floyd Federal Savings and Loan Association by this sale shall be in the principal sum of \$1,977.90, with interest thereon at the rate of 6% annually from the 22nd day of September, 1966, until satisfied and the costs of its action.

The amount of money to be raised by the Intervenor, Ashland Oil & Refining Co., by this sale shall be in the principal sum of \$627.72 with interest thereon at the rate of 6% annually from the 22nd day of September, 1966, until satisfied and the costs of advertising this sale and the fees and commissions for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 19th day of October, 1966, CASSIE J. ALLEN, Special Commissioner Floyd Circuit Court (Cost of adv. \$42.00) 10-27-31

J. Bingham.

Top Students Engage In Unusual Program And Escape Classes

Arlene Sievers, 14-year-old granddaughter of Mr. and Mrs. L. B. Moore, of Prestonsburg, is one of a small and select group of students at North high school, Evansville, Indiana, who are earning history credits this year without attending classes.

A pilot program in the high school, the course is referred to as a seminar. It's up to the student to manage his or her time, do research and whatever is needed. A teacher is assigned to the class, but she has no uniform schedule of meetings with her pupils. The small group of top-notch students in the pilot program will be graded on the work they have done but not on written tests.

The course involved is in ancient civilizations. "It may show that attending class can be a waste of time, as some students have often charged," one educator commented.

Miss Sievers is a sophomore at North high and is the daughter of Fred Sievers, Evansville newspaperman, and Mrs. Billie Moore Sievers, teacher there.

CHAPTER ELECTS OFFICERS
Greenville Davidson Chapter, United Daughters of the Confederacy, met October 21, with the president, Mrs. Sally L. Clark, at her home on Arnold avenue. The ritualistic service was repeated by the members before the business session. Mrs. Clark reported that she had presented a gift of \$20.00 at the state conference in Lexington to help pay the expenses of the Kentucky teas at the National U.D.C. convention in Richmond, Virginia, November 10 and to purchase an orchid for Mrs. Anna Nell Hall, Lexington, Kentucky's candidate for national president of U.D.C. Mrs. Everett Sowards reported gifts for favors at these social events had been contributed by The Bank Josephine and had been mailed to Richmond by her. Election of new officers for the coming two years resulted in these selections: President, Mrs. F. L. Heinze; first vice-president, Mrs. Bess S. May; second vice-president, Mrs. L. H. Shivel; historian, Mrs. Harry Sandige; registrar and treasurer, Mrs. Tom Fields; secretary and recording secretary, Mrs. Everett H. Sowards; chaplain, Mrs. Rachael Starr; custodian of flags, Mrs. Roy Perry; recorder of crosses, Mrs. Sally L. Clark. The installation of these officers followed. Sick card had been sent to Mrs. Joe Hobson, who was ill in the Prestonsburg hospital. Mrs. Clark served a dessert and coffee to Mesdames F. L. Heinze, Luther H. Shivel, Everett H. WHY WE SUPPORT CONSTITUTIONAL REVISION

We shall vote for the new Constitution, not because it is perfect or because we understand every provision of it, but, in the main, on three points.

One of these provisions which we consider important to Kentucky will cost us, dollar-wise—not because of taxes but through loss of advertising and printing income. This is the provision which calls for fewer elections.

Fewer elections do not, as we see this matter, deprive the people of their rights as citizens. They will continue to elect all county and top state officials; they will have a referendum vote on the record of appointed circuit judges, and that vote will determine if these jurists are to remain in office. But elections will not come so often, and we are all for it. Our people need a respite from political campaigning. They need the chance to recover from the bitterness and tensions that accompany these emotional Donnybrooks. In Floyd county, this very day, we would say fully fifty percent of the prejudice and malice and hatred that poison the lives of otherwise peaceable citizens springs from old political fights. We need less of that; in the name of peace and goodwill, we need less of it.

Our second reason for supporting the Revised Constitution has a relationship to the first. It pertains to the appointment of circuit judges and those of higher courts rather than their election after indulging in all the wiles and stratagems and skulduggery of political campaigns. We shall be happy to know that a judge can enter upon his duties as an arbiter of human rights and justice without having compromised himself with promises of official favors in return for votes. It will be a big step forward for judges to be able to forget next year's election or the next and to suffer less fear when they dare to administer justice without favor.

(We recognize the high quality of many judges, under the present system, and honor them for it, because they surmount very real handicaps to achieve such commendable standards of official conduct.)

Reason No. 3: The Revised Constitution moves away from the old and basically dishonest fee system by providing:

"Judges and commissioners of all courts shall receive for their services adequate compensation to be fixed by law. All authorized salaries and expenses shall be paid out of the Treasury of the Commonwealth."

"... shall be paid out of the Treasury of the Commonwealth"—mark that. No man sitting in judgment on another in Kentucky will depend for his salary on fees based on fines received through that or any other trial.

That, we submit, is a big step—not all the way, but at least part of the way.

'JACK' HILL, UK LAW STUDENT QUITS AS LEADER OF GROUP FOR REVISED CONSTITUTION

John (Jack) Hill, University of Kentucky law student who resigned from a pro-constitution unit on the campus showed up Tuesday at Secretary of State Thelma Stovall's office for a news conference.

Hill, a former resident of Prestonsburg, said he quit as co-chairman of Law Students for a Better Constitution after becoming convinced the proposed new charter is too vague and would create controversy and litigation.

He added that he volunteered to appear at Frankfort after learning that nine pro-constitution college students demonstrated Monday, protesting what they called Mrs. Stovall's restrictive attitude on absentee ballot applications.

Mrs. Stovall is against the new constitution.

Hill said he contacted Mrs. Stovall after the student protest and she suggested he appear "because the press corps has its headquarters here."

He released statements on various aspects of the constitution and said he is not calling on colleagues to reject the new charter, but merely to study it carefully.

He is a son of Mr. and Mrs. Lon C. Hill, formerly of Prestonsburg, now of Huntington, West Virginia.

Exchange Vows

The marriage of Miss Elaine Music, daughter of Mr. and Mrs. Sam E. Music, 100 Tyler Drive, Walbridge, Ohio, and John Yant, son of Mr. and Mrs. Orville Yant, Toledo, Ohio, was solemnized Saturday, June 25, at 1:30 p.m., in Main Street United Brethren Church, Walbridge, O. The Rev. Kenneth Graham officiated at the double-ring ceremony.

The altar decorations consisted of candelabra and vases filled with white chrysanthemums and pompons. Mrs. Manyweather rendered the organ music. Mrs. Pat Moore played the piano for the soloist, Mrs. Verla Judy, who sang "O Promise Me." Ethan Remley sang "I Love You Truly."

The bride, given in marriage by her father, wore a white chantilly lace gown with a detachable train. The veil was held by a crown of pearls and sequins. She carried a white Prayer Book covered with miniature carnations and stephanotis.

Maid of honor was Mary Braden and the bridesmaids were Cherri Sigler and Peggy Yant, sister of the groom.

Roxanne Remley, friend of the bride, was the flower girl. Robert Allen Yant was the ring-bearer.

Richard L. Yant, of the U. S. Navy, served his brother as best man. Robert Coleman and Robert Thatcher were groomsmen. Ushers were David Alberts and Gary Hinchman.

Both the bride's mother and the mother of the groom wore pink lace, with white accessories. Their flower were pink sweet roses and white carnations.

After a honeymoon in Canada, Mr. and Mrs. Yant are living in Toledo, Ohio, where they are connected with the Owen-Illinois Company. Both are graduates of Davis College in Toledo.

BOARD MEMBERS SUPPORT HOWARD AND ALLEN

The entire membership of the Floyd County Board of Education is proud of the great progress made by our school system in recent years. This progress was not an accident. It was the result of love for Floyd county youth and dedication to the idea that much has been done but much remains to be done. Dr. J. H. Allen and Ray Howard have been two very important spokes in our wheel of progress. Ray has missed only one meeting in two years and Dr. Allen has missed only two meetings in four years. We the undersigned board members wish to urge our friends and the friends of education in Floyd county to see that Ray Howard and Dr. J. H. Allen are re-elected to the board November 8.

If your Fire Insurance policy does not return a cash dividend, you are paying too much for insurance.

ATTENTION, YOU, THE GOOD CITIZENS OF DISTRICT No. 1!

LETTER TO THE PEOPLE

Do you remember how in the Old Bible times that Esau sold his birthrights for a morsel of meal? Beware, voter. Let us not sell our school system for a few unworthy promises. I don't intend to try to buy this office of Board member. If I did, I would have to sell you good people out in order to get my return.

I have been asked many times how I stand on the Constitution Amendments. I say vote NO as is now proposed. I know what it means to look up and say, "Dad, I want so and so," and to hear Dad say, "No, son, you can't have this or that." Also I have seven sons, I know what it means when one of the boys looks up and says, "Dad, I want so and so." When I have to look down and say, "Son, I would like to fulfill your wishes but I can't." Are we going to turn our state and our school systems over to dictatorship and have to ask the governor or school superintendent if we can have this or that? Let us not give up the last right that we have. Keep our voice in our school system.

Now, school teachers, you are being forced against your better judgment. Now is the time to stand up and be counted. Come out from under them and be ye a separated people. Have a VOICE in the WAY YOU CONDUCT YOUR SCHOOL.

Why can't we have a strong athletic program? Why don't we have a winning team? Is it the coach or is it the boys? I don't think so. The place to start, to help this program is the top end of the chairs and find that weak link and cut it out. I know we are being promised that after this ELECTION there will be something done. For many years past there has not been anything DONE. In old times when you went to a log-rolling you had to have a good, new hand spike. I think now is the time to cut a NEW HAND SPIKE in our school systems.

Watch out tax payers you won't get your tax bill until after the election. Then I bet we wish we had not got them at all. I am not a politician. Don't be persuaded. Elect Woodrow Branham to School Board, District No. 1.

Try to hold taxes

Medic In Vietnam

Cu Chi, Vietnam—Pfc. Gary R. Butler, 21, son of Mr. and Mrs. James P. Butler, Drift, was assigned as a medical aidman, September 23, in the 25th Medical Battalion, 25th Infantry Division in Cu Chi, Vietnam.

Butler entered the Army in January, 1966, and was previously assigned to the Medical Field Service School at Fort Sam Houston, Texas. He is a 1964 graduate of Martin high school.

involving Victor A. Vincent, Michigan associate of Miller, the defendants asked total damages of \$221,000. Their allegations are:

1. They paid Miller \$1,200 to supervise construction of a gas line in Lawrence and Gallia counties, Ohio, and certain other amounts from time to time to meet the payroll and other expenses. Miller failed to keep accurate records and account for receipts and disbursements and failed in his supervisory responsibilities to their damage in the amount of \$10,000.

2. Because of the negligence of Miller in drilling a well in Clay county about two years ago, the well was drilled past the main oil-producing sand into the salt sand; the "frac," or chemical treatment used, was lost to their damage in the amount of \$5,000, and the entire lease was destroyed. They claim they were about to option the lease for \$160,000 and set their damage at \$200,000.

3. Miller used gas from the Hammonds lease on which the well was drilled for the drilling of a well on an adjoining lease; damage, \$2,500.

4. In November, 1965, they paid Miller \$3,750 for a one-sixteenth interest in a well to be drilled on the McFadden lease in Clay county; the well was not completed as of October 3, 1966, and \$5,200 damage is claimed.

He did not take time to awaken his help but ran to the barn, first of all. The doors were all fastened, tight, and every stall was shut and its occupant or occupants securely inside. Then he thought of the straw outside—it would be scattered to the four corners. It was covered, neatly bound and anchored to nearby posts and buildings.

Suddenly the meaning of what he boy had said dawned on the farmer: "I can sleep when the winds blow."

(Strikes me, there's a sermon there for most of us.)

THE VETO

There's little that's funny about this integration matter; still, the jokes are told.

There's the one about the leader of the integration movement who had grown a bit tired of the slow pace things were moving. He called a meeting and proceeded to speak his mind.

"We've tried sit-downs, lay-ins, marches, singing — everything, and we ain't gettin' no publicity. I tell you, it looks like the only way we can wake people up is to go out there, pour some gasoline on ourselves and strike a match."

This was too much for one youngster who edged toward the door. "Count me out, mister," he yelled. "I've set in, I've marched and sung and laid out and laid in, and I'll do it again. But when it comes to cook-outs, I beg to be excused."

Our Yesterdays

(Items taken from files of The Floyd County Times of 30 and 20 years ago.)

Twenty Years Ago

(October 24, 1946)

Floyd county's worst rail crossing tragedy occurred at Gearheart, on Left Beaver Creek, last Thursday afternoon when a passenger train plowed into the side of an automobile, fatally injuring three of the car's seven occupants. The dead: Mrs. Rosanna Hall, 60, Wilma Jean Newsome, 11 months old, and Mrs. Ida Newsome, 33, all of Bevinville. Threat of a paralyzing new coal strike next month arose this week as John L. Lewis charged the government with breaching its contract and moved to reopen the whole question of wages, hours, and a host of other matters. Dolph Combs, 57-year-old miner, was killed by a slatefall in the mine of the Elk Horn Coal Corporation at Wayland last Thursday night. Under the federal old-age and survivors insurance program, Floyd county has 746 persons receiving \$10,337.72 per month for an average of \$13.85. Frank Huff, three-year-old son of William and Joyce Huff, of McDowell, died October 17 at the Gearheart hospital, Martin, five days after having fallen into a tub of scalding water at the Huff residence. Married: Miss Mary L. Lloyd, Meadowview, Virginia, and Lt. Joe M. Prater, formerly of Lackey, October 2 at Quantico, Virginia. Born: To Mr. and Mrs. Sam K. Hatcher, of Prestonsburg, a son—Samuel Davidson—October 24 at the Prestonsburg General hospital. There died: Joseph Morgan Davidson, 78, at his home here, Saturday; Homer E. Hewitt, 51, of Banner, last Thursday, of an illness from which he had suffered since World War I when he was a victim of a German poison gas attack. Mrs. Jane Risner Stone, 88, of Prestonsburg, Tuesday at the Prestonsburg General hospital; Mrs. Alma Ferguson, 28, of Martin, Friday at the Gearheart hospital, Martin; Mrs. Lucy Radliff, 74, Monday at her home at Maytown.

The raids were staged by Sheriff Joe W. Lewis, Deputy Sheriffs Milt Hunt, John D. Martin, Silas DeRossett and Tommy Engle and ABC Agent Claude Flanery.

Raleigh Barnett and his wife, Dorothy, who were taken recently in a raid on Buck's Branch, were arrested again Monday by Sheriff Lewis and ABC Agent Flanery on a charge of permitting a juvenile to sell whiskey.

Jack Raymond Salisbury was returned to jail here last Thursday by Deputy Sheriff Milt Hunt after he had failed to appear in answer to an arson charge and his bond had been forfeited. He is accused of complicity in the burning of a Mud Creek store.

In all, 22 were booked at the county jail Saturday.

Others booked, charges marked against them, and names of arresting officers: Harvey Meade, bond forfeiture; Carlos Hall, reckless driving and no operator's license, State Trooper Ray and Constable Gillis Conn; James Goble, of Michigan, carrying a concealed deadly weapon and reckless driving, Constable Conn; Larry Huff, Jimmie Branson and William Watkins, a. w. o. l., Sgt. Berry.

A Michigan juvenile who had been missing since October 9 was taken in custody at Garrett Friday by State Trooper Don Laferly but was later released to his parents. It was said that he had taken his mother's car, \$2,200 of his father's money and had driven with an unnamed Garrett youth to California. He returned, towing a racing car which he had bought in California.

FOUNDERS DAY PROCESSION TO INVOLVE 40 COLLEGES

Pippa Passes, Ky. — Delegates representing more than 40 colleges and universities throughout the United States will march here Sunday, October 23, in the first academic procession in the history of Alice Lloyd College.

The procession, which will include the official delegates, and the Alice Lloyd faculty, staff and trustees, will be part of the College Founder's Day program, observing the 50th anniversary of Mrs. Alice Geddes Lloyd's coming to Caney Creek from Boston to establish and develop a program of leadership education.

Guest-speaker for the all-day function will be Dr. Mary I. Bunting, president of Mrs. Lloyd's alma mater, Radcliffe College, Cambridge, Massachusetts.

The major part of the program will begin at 1:30 p.m. after a box lunch on the campus. Lunch is free and all friends of the college throughout the area are invited to attend. Beside the procession and Dr. Bunting's address, the function will include "open house" throughout the college, special exhibits, the presentation of citations to individuals representative of significant phases of the school's

history, and guided tours of the campus.

For all ALC alumni, student parents, friends and faculty, a banquet will be held at 6 p.m. Saturday, October 22, in the Knott county high school gymnasium. The banquet program will feature music by Edna Ritchie Baker and short narrations of the history of the college.

Ship 70 Ditty Bags As Christmas Gifts For Boys in Vietnam

The last of 70 Christmas ditty bags, filled with personal items for the use of service men in Vietnam, left here today (Thursday), Miss Ella Noel White, executive director of Floyd Red Cross Chapter, said. The chapter's quota was 20.

The bags were made by members of the David Woman's Club and Mrs. Dolores Conley. Their contents were purchased with funds contributed by individuals and organizations. The Kiwanesses here contributed \$50.

The cost of mailing the bags was about \$5 for every 20, and this expense also was covered by contributions. A contribution of \$5 for this purpose was made by Junior Girl Scout Troop No. 295 here. Mrs. Roy Radliff, leader of the troop, said the 15 girls donated 10c a week till the money was raised.

Summary of changes in KENTUCKY'S COURT SYSTEM

A UNIFIED COURT SYSTEM The proposed Constitution Revision seeks to unify Kentucky's court system from the highest state level through the local level. The unified system would consist of a Supreme Court, a Court of Appeals, Circuit Courts and District Courts.

THE SUPREME COURT This would be a new judicial level created out of the existing Court of Appeals, presently Kentucky's highest court. The Supreme Court would become the highest court—the court of last resort—in the Commonwealth. The Supreme Court would set rules of procedure for lower courts. Jurisdiction would be established by the General Assembly.

THE COURT OF APPEALS A new intermediate judicial level, the Court of Appeals, would relieve some of the work load from the Supreme Court. It would consist of at least nine judges, one from each of the seven Court Districts and two from the state-at-large.

CIRCUIT COURTS The Circuit Courts would operate as they do now.

DISTRICT COURTS A District Court would be created for each county and would assume the present jurisdiction of the Police, Justice of Peace, Quarterly and County Courts. The General Assembly would provide for as many District Court judges in each district as the Supreme Court certifies is necessary. Generally, there would be one district court for each county. However, two adjoining counties could be consolidated into one district if the Supreme Court certifies that one district judge could handle the judicial business of the combined counties. In this case, a District Court Commissioner would be named from residents of counties other than the one in which the judge lives.

QUALIFICATION OF JUDGES Under the Constitution Revision, all judges would be qualified attorneys.

SELECTION OF SUPREME COURT AND COURT OF APPEALS JUDGES When there is a vacancy, a Nominating Commission would present three names to the Governor. He will appoint one of these. After three years, this judge would run for election to a full eight-year term. He would run unopposed and "on his record." He would not run as a member of any political party. He would have to be approved by the voters for each additional term. Should he fail to win this approval, or resign from the bench, a vacancy would exist; and the same nomination-appointment-election procedure would be required.

SELECTION OF CIRCUIT AND DISTRICT COURT JUDGES Circuit Court judges in districts with a population of more than 50,000 would be selected in the same manner as higher court judges unless otherwise voted by the people of the district.

Circuit Court judges in districts of less than 50,000 would be elected for eight-year terms unless otherwise voted by the people of the district.

District Court judges would be elected for four-year terms.

THE BILL OF RIGHTS The original Bill of Rights under the present Constitution remains unchanged in the proposed revisions. However, three new rights were added: One permits an individual to waive pre-trial indictment in a felony charge, thus allowing him a speedier trial. A second prohibits any individual from being held in jail as a material witness. The third would prohibit the invasion of privacy of an individual by means of wire tapping or any other electronic or mechanical snooping devices.

Williams Observe 60th Anniversary

Mr. and Mrs. M. B. Williams, 3087 Harding Highway, Lima, Ohio, observed their 60th wedding anniversary Sunday afternoon. Open house was observed for their family and friends from 2 to 4 o'clock at the Jackson grange hall, five miles west of Ada.

Mr. Williams and the former Dora Adams were married October 19, 1906, in Prestonsburg, Kentucky, and are the parents of six children. They are Mrs. Norman (Maggie) Prater, Mrs. Russell (Marie) Howell and Mrs. John (Maida) Neeley, all of Prestonsburg, Mrs. Charles (Opal) Webb, of Ada, Mrs. Milo (Ruth) Hackworth, and Oscar Williams, both of the Lafayette area. They also have 37 grandchildren and 33 great-grandchildren.

Mr. Williams is a retired employee of the Lost Creek nursery.

IVEL

Mr. and Mrs. Keen Setser, of Allen, visited Mrs. Hattie Goble here Sunday.

Mr. and Mrs. W. M. James were guests of Mr. and Mrs. Leaven Burchett, of Emma, Sunday afternoon. Mrs. Burchett has been a "shut-in" for several years, suffering with arthritis.

Mrs. Jeffrey Damron and Mrs. Bob Damron left Sunday for Ann Arbor, Michigan, to be with Jeffrey, who was expected to undergo an operation Monday.

Mrs. Everett Jobe and daughters, Shirley and Nellie, of Ashland, visited friends here last week. The Jobes were residents of Betsy Layne a few years ago. While here they called on Georgia Damron Taylor, and Mr. Taylor, and Mr. and Mrs. Ernest Boyd.

A gospel meeting will begin October 24 at 7 p.m. at the Betsy Layne Church of Christ. The evangelist will be Benny Blankenship, of the Prestonsburg Church of Christ. Everyone is invited to attend.

Mrs. John Meeke is back in the hospital at Pikeville. She will undergo surgery again.

Vote "YES" for the Constitution Nov. 8

The improved Kentucky Constitution:

- Will take schools and courts out of partisan politics.
- Will save taxpayers millions of dollars on school construction by lowering interest rates on bonds.
- Will prohibit Frankfort appointment of local officials.
- Will cut cost of elections in half.
- Will provide complete exemption of tax on livestock, farm equipment, machinery and intangibles.
- Will permit farmers to assess property for present use rather than at 100% fair cash value.

That Is

BEST

FOR FLOYD COUNTY AND EASTERN KENTUCKY

JOHN Y. BROWN in the United States Senate and CARL D. PERKINS in his present post as Congressman is the Best Team possible for Floyd County.

For years, long before his opponent was in public life, JOHN Y. BROWN was fighting the battle for Eastern Kentucky. JOHN Y. BROWN has always been in the forefront of any battle for any project to help Floyd county and Eastern Kentucky.

CARL D. PERKINS, our Congressman, is one of the most outstanding members of Congress — hard-working and nationally recognized, particularly for his legislative achievements in the area of education. His service to his district has no equal.

As a former member of Congress and the Kentucky Legislature, he has sponsored and supported more laws that benefit our people. A vote for JOHN Y. BROWN for U. S. Senator is a vote for a man who has stood in the past, and who will stand in the future, for Floyd county and our part of Kentucky.

CARL PERKINS needs a partner in the Senate. He and JOHN Y. BROWN will work, hand in hand, with the Democratic administrations in Washington and Frankfort to win for Floyd county and Eastern Kentucky those things so greatly needed.

Telephone Talk

By
ROY L. ATHERTON
Your Telephone Manager

"MAKE MINE MEDIUM RARE, PLEASE." Not long ago a telephone operator talked to a harassed young man who needed some culinary advice. It seems his wife had gone to a meeting and asked that he put a roast in the oven at a certain time. When the time came, he couldn't remember the right oven temperature. The telephone operator gave him the correct information, and wished him good luck with the roast beef. All of which proves there's never a dull moment in the life of a telephone operator. And very few ways she can't be of service should you need her!

"MY ONE VOTE WON'T COUNT. I DON'T THINK I'LL BOTHER." How many of us say that when an election day comes around? We Americans are probably the world's greatest individualists, but when it comes to voicing our personal opinions by voting on important matters, we're sometimes just too busy with other things, or too complacent to make the effort.

Just try to imagine, if you can, that we weren't ALLOWED to vote. That decisions about public issues and public offices were made FOR us and we had to take them—or leave them. We'd complain LOUD and LONG.

Re-reading our country's early history reminds us that one of the things our ancestors died for was the right to a voice in government—a right to vote. And reading the daily newspapers reminds us that men are STILL dying for this same right. But all too often we let bad weather—a bit of inconvenience—or just plain lack of interest keep us from casting our ballot on important issues.

Next time we have an election of any kind, let's each think of voting as a duty and a privilege—a right to be GUARDED and USED every single time we have the opportunity.

STATE FOREST SYSTEM BEGAN IN '19 WITH GIFT

Frankfort, Ky. — For forestry purposes, the state may obtain by law lands through gift, purchase or lease.

The state forest system has had a relatively long and slow growth to its present 47,000 acres and seven state forests, the Department of Natural Resources reports.

In a book published by the Department's Division of Forestry, the growth of the system is reviewed from the original gift in 1919 of 3,738 acres in Harlan county, known as Kentenia State Forest because it was given by the Kentenia Catron Corporation.

The timberland acquired during 1930 in land use and reforestation projects in Bell, Christian and Caldwell counties was leased by the Forestry Division through the 1940's as the second and third state forests.

In 1954 the United States deeded to Kentucky 11,987 acres in Bell county, which became Kentucky Ridge State Forest. In the same year, 15,260 acres in Christian and Caldwell counties were deeded to the Commonwealth, becoming Pennyrile State Forest.

The state bought the 800 acres in Carter county for Tysarts State Forest in 1957. In the same year, Kentucky entered into an agreement with the United States for use of 10,000 acres to comprise Dewey Lake State Forest.

The next additions were Knobs State Forest in Nelson county—4,000 acres leased from the Isaac W. Bernheim Foundation. The last addition was Olympia State Forest by the purchase of 758 acres in Bath county.

The book, "Forestry in Kentucky," says, "Additional acreages of forest land could be used advantageously by the Division for the people's interest in those sections in which there are no state-administered areas.

"In cases where the state forest acreages are small, additional areas sufficient to make administration economical and feasible (about 5,000 acres) would enhance the usages of the present ownership as well as the additions."

Former P'burg Man Field Representative For Oilwell Division

Carmi, Ill., Oct. 18 (Sp.) — The appointment of James E. Goff as field representative of U. S. Steel's Oilwell Division at Carmi, was announced today in Columbus, Ohio, by J. P. O'Toole, Eastern area manager.

Mr. Goff joined Oilwell in 1932 at Centerville, Illinois. He served in the Army as a corporal from 1942 until 1945, returning to the division's employ at Olney, Illinois. He was appointed store manager at Centerville in 1951 and field representative at Salem in 1960; district representative at Evansville, Indiana, in 1962; and sales representative at Prestonsburg, Kentucky, in 1964, the position he held prior to his recent appointment.

Statewide Program To Detect Diabetes Launched on July 1

Frankfort, Ky. — There are more than 20,000 "hidden diabetics" in Kentucky—people who have diabetes and don't know it, according to the Kentucky Department of Health.

"To find them early and help them get the medical treatment they need is a vital public health objective and opportunity," says Dr. Russell E. Teague, State Commissioner of Health.

"The Health Department embarked on a statewide diabetes detection program July 1," Teague said. "To date we have 26 counties participating and expect six or seven more to begin in the next month or two."

Tests are administered locally, and then sent back to the Health Department for analysis, Teague said.

The tests determine the percentage of glucose in the blood. If the glucose content is abnormally high, then the person is referred to his physician for further testing.

"Our records indicate that around 1.5 percent of all Kentuckians have diabetes," Teague said, "and half of them don't know it."

The Department of Health and the Kentucky Medical Association will intensify their efforts during National Diabetes Detection Week, November 13-19. Teague said most of Kentucky's private physicians will be giving free diabetes tests during the week.

IN MEMORY

In loving memory of a dear son, brother and father, James Kelly Prater, born March 8, 1929, passed away October 22, 1965:

When the evening sun is fading
And we sit in quiet, alone,
To our hearts there comes a longing—
If he could only come home.
Friends may think we have forgotten
When at times they see us smile.
But little did they know the heartache
Our smiles hold all the while.
You left behind some broken hearts
That loved you most sincere,
We never did and never will
Forget you, Kelly dear.
If all the world was ours to give
We would give it, yes, and more,
If we could see your smiling face
Come walking through the door.
Sadly missed by his mother,
brothers, sisters, and son. He is gone
but not forgotten and sadly missed
by those who knew and loved him.

McDowell Rebuilding For New Net Season; Three Stars Missing

McDowell, Ky.—Although football is still in the spotlight in area high school athletics, many high school mentors have already begun pre-season preparation for the coming basketball season which begins for most schools in early November.

Coach Pete Grigsby, Jr., of the McDowell Dare Devils, defending champions of the 15th region, looking ahead and seeing that defense of the crown this year is going to be tough, is among these "eager-beavers."

Without the services of Ricky Hall and such established stars as Woody Carter and Tracy Stumbo, Grigsby is faced with rebuilding his team with unseasoned youngsters. He does, however, have his two fine guards, Donnie Hall and Terry Heinisch, back to attempt to help these inexperienced young players to become what could be a very fine basketball team.

Among the rookies who are expected to see plenty of action are Stan Ward, Sammy Adams, Mick Newsome, Teddy Hall and Jerry Moore. Wade Tackett is the only "old man" returning to battle these boys for a starting front-court role. In the backcourt, young Barry Hall, a defensive specialist, is expected to push the starting guards Tommy Martin, a transfer from Ohio, looks promising and in the future could be a great asset to the Dare Devil team.

Rounding out the squad are David Dawson, Thene Hall, Keith Patton, Barry Hopkins and Ira Sean Newman.

COMMITTEE TO MEET

The meeting of the Advisory Coordinating Committee of the Alice Lloyd College Community Action Programs will be held at Pippa Passes, Saturday, November 5, at 9:30 a.m. Everyone who is interested is invited to attend.

U-KATS SEEK TO GIVE AID To Ky. High Schools In Need of Improved Facilities for Sports

Lexington, Ky.—U-KATS, the new statewide athletic development group, is seeking Kentucky high schools that need better facilities for outdoor sports, a spokesman announced today.

Bill Baxter, executive secretary of U-KATS, said his group had sent a questionnaire to the state's high school principals offering aid to any school that would request it.

"We have discovered that many of our schools are playing football, baseball and track on fields that are not only of poor quality—many of them are unsafe," Baxter said. "There are football fields in Kentucky that are packed as hard as concrete; there are baseball diamonds with rocky infields and mudholes in the outfields; there are track teams practicing on pavement for want of better facilities; and there are many schools which don't have football, baseball or track facilities at all."

U-KATS Fields and Facilities Chairman Kenzie E. Jones, Lexington, will visit any school official in Kentucky to discuss projects to improve facilities, Baxter said.

First Phase of Season For Squirrel-Hunting To End Next Monday

Initial phases of three hunting seasons will come to a close next Monday but in all three instances the hunters will have another chance at their quarry. Ending on the last day of October are the seasons for squirrel, dove and bow and arrow deer hunting but on December 1 all three seasons will be reopened.

Squirrel hunters have been well pleased with the initial phase of the season which opened on August 13. The archery deer hunting season was for the month of October and will be extended through December, giving the bow and arrow hunters the longest season on record.

The same bag and possession limits and regulations apply for the second phases of these seasons as for the first part.

The season for hunting deer with guns in 68 counties will open on November 9 and extend through November 13, and the rabbit and quail season will open on November 17 and extend through January 31. In addition, duck hunters may start hunting, statewide, on November 25 and continue through January 8.

There is a closed season on all wildlife, both protected and unprotected, except geese and deer, from November 1 through November 16.

Bands' Halftime Show Rained Out at Eastern; 4 Floyd Bands Attend

Richmond, Ky., Oct. 17 (Spl.)—Four Floyd county high school marching bands and 63 other units were showered with praise—and rain—Saturday.

The praise came from some 17,000 persons lining the parade route through Richmond. The rain was an unwelcome guest and completely washed out the finals of Eastern Kentucky University's sixth annual Band Day.

Taking part in the day's festivities were the bands of Betsy Layne, Prestonsburg, Wayland and Wheelwright high schools. Nearly 5,000 young musicians were on hand for the event. They managed to complete the parade despite overcast skies, but plans for a presentation during halftime of the Eastern-East Tennessee football game were cancelled.

The rain came just as the game began. By halftime, the football field was a sea of mud. The bands were scheduled to join in a performance of Sibelius' "Finlandia," Vincent Youman's composition, "Great Day," and, in a combination instrumental-vocal presentation, "My Kentucky."

CATS DOWN HAZARD FOR THE FIRST TIME

The Prestonsburg Black Cats, for the first time in their history as a football team, defeated the Hazard Bulldogs when they travelled to Hazard last Friday night.

The Black Cats were led to this victory behind the fine quarterbacking of freshman Mark Miller.

With only a few minutes lapsed in the first quarter, Jody Vance intercepted a Hazard pass on the 46-yard line and plowed on for three more yards. On the first play from scrimmage, right tackle Clinton Hager opened the hole which enabled Bennett Leslie to go 43 yards for the score. The extra point was booted by John Clark.

The second touchdown occurred in the same quarter. It was set up with a 21-yard pass from Miller to Clark and a lateral from Clark to Leslie, who was downed on the four-yard line. John Clark went over from there on the next play. The conversion attempt by Clark was no good.

In the second quarter, Hazard's David Baker scored from 13 yards out. The extra point was made by Eddy Chappell. The score stood 13-7 at halftime.

MONTH GIVEN ON TAX PAY

Governor Breathitt Extends Time After Tax Bills Received

Governor Edward T. Breathitt has given taxpayers whose tax bills have been delayed an additional 30 days to pay the property tax.

He issued a proclamation saying taxpayers will not have to pay their tax until 30 days after receiving a tax bill received for by the collector since October 1.

The Governor said the extension was granted because consultations and hearings in connection with the Court of Appeals' "fair cash value" ruling caused delays in giving the tax bills to collectors and sheriffs.

Many counties were not able to get the bills to collectors by September 15, as called for by law. (Floyd county's tax bills are not expected to be in the hands of taxpayers before November 1.)

An extension previously had been granted by the Governor to taxpayers in 65 school districts.

TRY THE WORLD'S TOUGHEST 2-DOOR

This new Chevy pickup looks so good you could call it a 2-door.
(You could also call it the toughest Chevy pickup ever built!)

This Fleetside pickup's got a lot more than good looks going for you.
It's got new construction to bring you more durability, working ease, comfort and safety. Check that new all-steel pickup box, for example. New full double-wall side panels and tailgate keep your load from leaving its mark on Chevy's good looks. And new measures have been taken to help keep out rust and corrosion. Like the one-piece wheelhouseings that

now protect sheet metal against tire splash.
Inside, the color-keyed cab looks and feels like a pleasant place to work. There are a number of new safety features, too: an energy-absorbing steering wheel and a dual master cylinder brake system, to name two.
And here's another thing the new Chevy pickup's got going for you: it rides better than some cars. Choose from 26 Fleetside and Stepside models now at your Chevrolet dealer's.

FEDERAL DEPOSIT INSURANCE NOW \$15,000 ON DEPOSITS IN THIS BANK

The long-familiar \$10,000 limit on Federal Deposit Insurance for deposits maintained "in the same right and capacity" has now been increased to \$15,000.

This new \$15,000 coverage has been put into effect automatically at this bank on all savings account, checking accounts, certificates of deposit, and all deposits which are legally and properly covered by this Deposit Insurance protection. It will apply to new accounts, and to additions to present accounts up to \$15,000.

Thus you may have an individual account covered to \$15,000, a spouse may have a similar account also insured to \$15,000, both may have a joint account insured to \$15,000, either or both may have accounts as executor or trustee of an estate, and in fact every account held in a different "right and capacity" will be insured to the full \$15,000.

Your bank pays for this insurance protection, which supplements our sound management policies in providing protection for your deposited funds. We are happy to furnish this safeguard, and this higher amount of coverage, to our depositors.

THE NUCLEAR BOARD HEAD, BRECKINRIDGE FOR COAL

Although he is chairman of the Kentucky Science and Technology Commission and presiding officer of the Southern Interstate Nuclear Board, Former Attorney General John B. Breckinridge has as little reason as most Kentuckians to promote the cause of nuclear energy for industrial purposes.

Normally, one in his position would be expected to urge the use of fissionable materials as a substitute for coal, but that, fortunately, is not the case with Mr. Breckinridge.

The former attorney general proved again his grasp of the situation at the September 29-30 meeting of the National Coal Association and Southern Interstate Nuclear Board at Oak Ridge, Tennessee. Breckinridge called for greater efforts in joint research involving coal through the National Coal Association, the Bituminous Coal Research, Incorporated, the Southern Interstate Nuclear Board, the Appalachian Commission, the Atomic Energy Commission and other federal agencies.

"In this way we can develop new uses and greater realization of the value of one of our greatest natural resources—coal," said Breckinridge.

Breckinridge espouses the potential of the atom for the Commonwealth, certainly, for he pioneered the legislation which brought the uses of the atom to Kentucky in 1962. However, as an individual who maintains an enthusiasm for the many uses of coal, Breckinridge commented:

"Recent developments in the nuclear power industry and gov-

When is the best time to put in a pool?

Not many people know it, but Fall is the very best time to buy a pool. There are four important reasons why:

1. Our crews have the time to take extra care in installation.
2. Grass and shrubs are best planted in the Fall. They have months to get established. Water is more available, too.
3. When the pool is complete, we give you a free Aqua-Lock® Pool Cover. It seals out dust, leaves, and dirt throughout Winter and Spring.
4. On the first hot day next Spring, just peel back the cover and dive into sparkling water in a clean pool. No raw dirt around. No muddy backyard from Spring rains.

Spartan® pool — Gold Medal winner
This beautiful pool won the national first prize for "design excellence." Bridge-type, galvanized-steel sidewalls are designed to withstand the rigors of the worst winters. Tile-smooth vinyl interior never needs maintenance. No painting or refinishing — ever. Pool includes filter and built-in skimmer.

FREE AQUA-LOCK POOL COVER
We give you this famous pool cover worth as much as \$200 if you buy a Spartan Pool now.

One ton of water in sleeves on all sides seals out leaves, dust; keeps pool safe for children, pets.

Floyd Navy Man, Home After Surviving Burns Suffered Aboard Ship

Herman Tackett recently received his medical retirement from the U.S. Navy after surviving critical burns suffered June 29, 1965, and is at home with his parents, Mr. and Mrs. Logan Tackett, of Route 1, Printer.

He suffered first, second and third degree burns over 87% of his body while serving aboard the USS Churchman and spent 13 months in the U.S. Naval hospital, S. Albans, New York, and a Brooke Army hospital, Ft. Sam Houston, Texas.

"We feel that he would never have survived if it had not been for the prayers of good, Christian people," his mother said.

Presbyterians, Western To Do Religious Study In Appalachian Section

Bowling Green, Ky.—Two Presbyterian denominations in cooperation with Western Kentucky University have announced the undertaking of the Appalachian Religious Research Project, under the direction of Hart M. Nelson, assistant professor of sociology at the University.

This joint research project in Southern Appalachian will be sponsored by the Presbyterian Church U. S. and the United Presbyterian Church U. S. A. It will seek information to guide the development and implementation of religious education curricula for use in Appalachia by Presbyterian and related denominations. The project may be construed as a major undertaking and will require two years for completion.

7 OF 10 POLLED SAY, CUT FEDERAL SPENDING

Seven out of 10 Americans want to reduce federal government spending to control inflation.

Eight out of 10 express concern about inflation.

Two out of three say they have been hurt by it.

One-third feel they are worse off financially than a year ago.

These are some of the results released today from a major national opinion survey taken in early October by the Opinion Research Corporation of Princeton, New Jersey. The study was commissioned by the National Association of Manufacturers.

Given a choice between the two, 71% of the respondents favored a cut in federal spending rather than increased taxes (7%).

Compared with earlier surveys, the latest ORC poll also shows that there is growing concern about inflation with its consequent rising prices and reduced purchasing power of the dollar.

Almost half (48%) of the respondents report they are "greatly concerned" and this concern is evident in all segments of the population, regardless of age, occupation, educational level, or where they live.

Six in 10 say they are fighting their own private war against inflation by changing shopping habits . . . cutting down, buying cheaper foods, substituting, designating heretofore "necessities" as "luxuries."

"I walk around the store a long time before I buy anything today." (Woman, over 40, Midwest)

"I look for some things to take the place of other things—some things are just too high." (Woman, over 40, West)

The survey also demonstrates that the effects of inflation are being felt more seriously by the elderly and those with lesser education. More than four in 10, 60 years and older, report that they are "worse off today" than a year ago.

Land Between Lakes Expected To Outdraw Great Smokies Area

Frankfort, Ky.—A Tennessee Valley Authority official has indicated that the Land Between the Lakes in Western Kentucky and Tennessee may soon draw more tourists than Great Smoky Mountains National Park, the nation's most popular national park.

Harold Van Morgan, T.V.A. planning chief of the Land Between the Lakes region, told representatives attending the national conference on state parks at Kentucky Dam Village State Park that 5.4 million visits have been recorded this year at the 170,000-acre facility, still under development. This, he said, compares with six million visits to the Great Smokies, which is spread over one-half million acres.

Van Morgan and other conference speakers said demand for outdoor recreation will continue to climb and ways must be found to meet it.

Mr. Slone is in the Beaver Valley hospital. He suffered a mild stroke at his home on Buck's Branch earlier in the week.

47,000 ACRES IN STATE FORESTS

State forests comprise 47,000 acres of timberland. The forest program was started in 1919 with a gift of 3,738 acres in six tracts of forest land in Harlan county to the Commonwealth by the Kentucky Cation Corporation.

FOR MEMBER BOARD OF EDUCATION, DIVISION 1

**A FATHER, STUDENT OF PRESTONSBURG HIGH SCHOOL,
25-YEAR MEMBER OF LOCAL UNION 3510**

FACTS

1. Vote for a man who wasn't forced to run and succeed himself.
2. Why didn't the 7 rooms at Prestonsburg elementary school start in early summer?
3. Attention, PRINCIPALS and ADMINISTRATORS! When elected as your Board member of District No. 1 you will not be required to advertise in order to hold your job.
4. Janitors and bus drivers will be raised in salaries.
5. How much were teacher salaries increased at teacher's level? Multiply monies times teachers (wow! a shortage.)
6. You, the tax payer—how much is a teacher's salary? How many coordinators and administrators on the payroll of the county?

Educational District No. 1 precincts—Prestonsburg No. 1, Prestonsburg No. 2, Richmond, Cliff, Auxier, Bonanza, Depot (West Prestonsburg), Middle Creek (David).

PLATFORM TO WORK TOWARD

1. Install a teacher placement program from the college graduates to fill vacancies and new jobs.
2. No teacher or personnel fired if position is needed (not just a political stronghold).
3. Attend all regular Board meetings (control stormy harmony).
4. Buses and drivers to conform to Kentucky State Police program, as directed by the state safety commissioner.
5. A broader educational program at student and adult levels.
6. Teachers' salaries raised (as money is available), and not put in additional administration personnel.
7. Itemized publication in Floyd County Times of expenses, not just lump-sum personnel and administrative expenses.
8. Athletic program equal to any in state and not by firing all the coaches.
9. A complete retarded children's program at all consolidated schools.

MAYTOWN

WOMAN'S CLUB MEETS

The Maytown Woman's Club held its regular monthly meeting October 18 at the home of Mrs. David Reed, of Warco, with Mrs. Roy May, president, presiding. The program was on Mental Health, with Mrs. Theodore Gibson reading an enlightening article from the clubwoman magazine. Discussions followed. Plans were made and committees selected at this meeting for the Maytown high school annual homecoming which will be held Friday, November 25. A reception, ball game and homecoming dance will be features of the event. Refreshments were served by Mrs. Reed to the following members: Mrs. Paul Borders, Mrs. Roland Burchett, Mrs. Gene Frasure, Mrs. Theodore Gibson, Mrs. Roy May, Mrs. Billy Joe Patton, Mrs. Kenneth Blevins, and new members, Mrs. Hubert Halbert, Mrs. Dave Spencer.

ATTEND CLINIC

The Maytown cheerleaders and their sponsor, Miss Shirley Bradley, attended the annual cheerleaders' clinic Saturday at Eastern Kentucky University, Richmond. Cheerleaders attending were Anna Howard, Ruth Ann Burchett, Denise Conley, Glenna Cooley, Eldamae Black, Libby Gibson, Dianne Ousley. They were also accompanied by Mrs. Roland Burchett, Janet Cooley and six leaders of the Maytown Pep Squad, Becky Stewart, Janie Bailey, Jeanie Frasure, Denise Blevins, Sherry Amburgy, Judy Radcliff.

ATTEND CONFERENCE

Several 4-H Club members from the Maytown school enjoyed the Youth Power Conference held at May Lodge this month. Guest speaker at the banquet was Tommy Porter, a member of the University of Kentucky basketball team. The young people also attended an afternoon tea at the lodge. Members present were Verna Lee Bowling, Carla Robinson, Danise Conley, Belinda Jones, Anna Bowling, Mike Halbert, Lillie Branham and Bonnie Crisp.

COLLECT FOR UNICEF

Members of the Maytown Methodist Youth Fellowship enjoyed a Halloween party at the church basement Friday evening. Approximately 40 young people attended in full costume and participated in an evening filled with games and fun, followed by refreshments. Prior to the party, the MYF'ers canvassed the town collecting for UNICEF and did a grand job. They wish to thank the many people who gave to this worthy cause. Jerry Patton won the "most unique" costume of the evening with his French artist outfit, and Jerry Rowe won the "ugliest getup" prize. MYF adult leaders are Mr. and Mrs. Herbert Ousley and Mrs. Ed Stephens.

Mr. and Mrs. Howard Ramey and Mr. and Mrs. Sanford Reffitt were shopping in Huntington, Wednesday. They also visited Mr. and Mrs. Arthur Staley and Mr. and Mrs. Jake Thompson.

Mr. and Mrs. Jim Dixon, of Miami, Florida, were visiting Mrs. Dixon's mother, Mrs. Viola Stewart, who is a patient at the Beaver Valley hospital.

Mr. and Mrs. Joe Ed Allen and children, of Cincinnati, were the week-end guests of his parents, Mr. and Mrs. Leonard Allen.

Bob Tallent, who is attending the University of Kentucky, spent the week-end here with his parents, Mr. and Mrs. Jones Tallent.

Mr. and Mrs. Frank Stewart and children spent last week-end with his parents at Russell.

Mrs. Gene Frasure was a business visitor in Lexington last week.

Jimmy Lynn Allen, who is a student at Sue Bennett College, spent the week-end with his parents, Mr. and Mrs. James Allen.

Jeffrey Tussey, small son of Mr. and Mrs. Taubee Tussey, has returned home after spending a week at the Beaver Valley hospital suffering from pneumonia.

Jack Webb, who is stationed at Ft. Knox, spent last week-end visiting his wife, parents and other relatives.

David Brown, who has completed three-year's service with the U.S. Army in Europe, is now at home with his mother, Mrs. Thelma Brown.

Mr. and Mrs. Roland Burchett and Ruth Ann spent last Sunday in Lexington visiting Mr. and Mrs. Tim Perkins and sons.

Mr. and Mrs. Claude Webb had as guests last week-end Mr. and Mrs. Kent Webb and sons and Paul Webb, of Springfield, Ohio; Mr. and Mrs. Taubee Tussey, Louisa, and Mr. and Mrs. Jack Webb.

Mr. and Mrs. George Grey have purchased the house of Baisden Osborne and moved in last week. Mr. Osborne is now living at Eastern.

Stanley Ramey and Ossie Spencer have transferred from Mayo State Vocational School to Northern State Vocational School at Covington.

Patricia Bowling, student at Morehead State University, spent the week-end with her parents, Mr. and Mrs. Ory Bowling. She was accompanied by her roommate, Hazel Hudson, of Corbin.

BIG SANDY RECC SCHEDULES HEADQUARTERS DEDICATION AT PAINTSVILLE, OCTOBER 30

The new headquarters building of the Big Sandy Rural Electric Cooperative Corporation, located on 11th Street, Paintsville, will be dedicated Sunday, October 30, beginning at 1 p.m. The program will be held on the parking lot of the new building, but in case of inclement weather it will be held in the auditorium.

Congressman Carl D. Perkins will be the dedicatory speaker. J. K. Smith, general manager of the Kentucky Rural Electric Cooperative Corporation, Louisville, will be master of ceremonies. Rural Electrification leaders, state and national, have been invited to attend.

Following the brief dedicatory ceremonies, an open house will be held and guests will be taken on guided tours of the facilities until 5 p.m. The tours will begin at about 2 p.m., immediately following the dedicatory program, and will be conducted by Big Sandy RECC personnel.

"We believe that everybody in this entire area should be interested in this new building," Big Sandy RECC Manager D. J. Gambill states. "It is a definite asset to the area and we sincerely hope that everybody will avail themselves of the opportunity to inspect the entire facilities on Sunday, October 30."

The basic construction of the new building is of concrete block with brick veneer and a flat, insulated roof. A drive-in pay window and a night depository are conveniently located at the front of the building. A large, well-lighted auditorium will seat 200 persons and is available for use by any civic organization. A commercial kitchen located adjacent to the auditorium will make it possible for meals to be prepared for dinner and luncheon meetings. In addition, a complete demonstration kitchen is on display inside the auditorium. This will be used to demonstrate the advantage of all-electric kitchens and the most economical use of electricity in the home.

The warehouse, located in the rear of the new building, has a floor space of 6,072 square feet. This structure will provide inside storage for all line materials with the exception of transformers and poles. The transformers will be stored on a specially constructed, wire enclosed dock while the poles will be kept in a pole yard located near the

TO FRIENDS OF EDUCATION IN EDUCATION DIVISION NO. 1

Although I have been an announced candidate to succeed myself as a member of the county board of education for some weeks, I feel compelled to make the following statement regarding my candidacy.

I was first elected to the board almost eight years ago in opposition to the administration, as it existed at that time. Two years after my election to the board, a new superintendent was hired by the majority of the board, as it was made up at that time. We did have some stormy board meetings after the new superintendent was seated but during the stormy period we all learned a great deal about each other and about our responsibilities as board members and school officials. We discovered that what we all really wanted was the best school system possible for Floyd county's children and we had the same hope for creating a better Floyd county through greater opportunity for our youth.

Under the leadership of Superintendent Clark and his staff the Floyd county school system has made more progress during the last six years than during any other period in our history. I am happy to have been a part of that period of great progress. Our school system has gained a reputation as one of the best and most progressive systems in all of the Appalachian Area. As evidence of progress made within the last six years I list below a few examples:

1. More than 80 new classrooms completed and in use (Contract let for 7 rooms at Prestonsburg Elementary school.)
2. One of the first county systems to qualify for "Head Start."
3. Most complete lunchroom program in Eastern Kentucky.
4. Adult Education program which has been copied by school systems in Kentucky and West Virginia.
5. One of only thirty-two school systems in Kentucky operating a N.Y.C. program in Kentucky, whereby our young people have earned over 1/2 million dollars on workshops during the past school year. We are assured of a similar program this school year.
6. Summer school program for over 4,000 of our educationally deprived young people.
7. A complete vocation school program at Garth which can be used by young people from all sections of Floyd county.
8. Clark Elementary School consolidating all the Middle Creek section.

The above accomplishments, as well as many others, have made all the board members very happy to have been a part of such a school system. Greater things are planned for the future and I want to be a part of that future. For this reason I wish to solicit your support in order to insure harmony and to keep this school system moving forward. I have complete confidence in the leadership of Superintendent Clark and his staff and I want them to have a chance to continue their dynamic leadership.

Front Entrance Closed To Capitol After Work To Repair Steps Begun

Frankfort, Ky. — Kentucky's State Capitol is open for business as usual, but the front entrance of the 55-year-old structure is temporarily closed to visitors.

A rope is stretched across the base of the concrete steps which lead to the front entrance while the Acme Building Cleaning Co., of Lexington, cleans them and makes repairs.

Those who use the front entrance — mainly tourists to the Capitol — are using the side and rear entrance ways while the renovations continue.

A. B. Scott, director of the division of services in the Finance Department, the agency of government responsible for Capitol maintenance, says "the foot-steps of countless thousands of visitors combined with time and weather have taken their toll on the concrete steps. Some are cracking while others are settling.

"Water has seeped into joints to cause some buckling and all the steps are weather worn." Cost of the repairs is \$29,485 and the Acme Co. has four months to complete the job, which also includes cleaning the stairs by sandblasting, Scott said.

"We don't expect the front entrance to be closed to visitors for the entire period of the contract," he added. "Once the cleaning operation is completed, we anticipate the stairs and the front entrance will be re-opened to the public."

According to Scott, this marks the first major repairs made to the front entrance stairwell except for minor work done in the past by the State Highway Department.
