SPEAKING OF AND FOR FLOYD COUNTY

THURSDAY, NOVEMBER 10, 1966

This Town . . . That World

Some of the very fellows who thought the elephant was dead and buried got caught in Tuesday's stampede.

Friend of mine lows as how, now that the election is over, that what this country needs is more slow readers and fewer fast talkers.

THE REASON

There's the story of the fellow who made a plumb sour election bet on the basis of what his computer had forecast. Asked how come he got such a bum steer from the infallible gadget, he explained:

"My regular programmer quit, and I hired another. And she turned out to be Miss Information 1966."

Since that recent experience of mine the feeling has been growing that I belong in front of a set, not on it.

SUIT NAMES TERRY FIRM

Action First Taken By State Under New Strip Mine Legislation

The first suit filed by the state to compel compliance with the new strip mine law was filed in Franklin circuit court last week against the Terry Elkhorn Mining Company, of Prestonsburg.

Terry Elkhorn was named for alleged violations connected with its operations on Lick Branch and Jane Brown Branch, between Prestonsburg and Auxier.

One or more of the company's operations was the scene earlier this year of picketing in a labor dispute, but no demonstrations have occurred recently.

The suit, filed by Assistant Attorney General David A. Schneider on behalf of the Division of Strip Mining and Reclamation, charges that Terry Elkhorn has:

1. Dumped overburden on the property of landowners outside the area covered by its permit to operate.
 2. Failed to impound, drain or treat run-off water so as to reduce soil erosion and stream pollution.
 3. Failed to keep natural drainways in the area free from overburden, and also failed to construct proper drainage ditches.

CITY BUSES BEGIN RUNS, ELECTION DAY

Buses of the Prestonsburg City Bus Co., Inc., began their "maiden" runs between Auxier at the northern end of their route to Betsy Layne at the southern, on election day, and are now operating on a regular schedule.

One of the two 35-passenger buses makes two round trips daily between Prestonsburg and Betsy Layne. The other also has a twice-a-day schedule covering the area from Prestonsburg to Auxier, the Prestonsburg Community College, West Prestonsburg, David and points between.

COOPER AND PERKINS IN EASY VICTORIES

FLOYD QUILTS TRADITIONAL DEM STATUS

Howard, Dr. Allen Win In School Board Races; Charter Revision Loses

The Republican party came alive Tuesday from the near-oblivion threatened by the Goldwater debacle, and with its string of victories over the tradition came a "first" for rockribbed Democratic Floyd county.

The county gave Republican John Sherman Cooper the first majority it ever polled for a member of its party for U. S. Senator. He polled a lead of 1,020 votes over John Young Brown, Lexington Democrat.

At the same time Congressman Carl D. Perkins, Democratic incumbent, led his Republican opponent, C. F. See, of Louisa, by 5,583 in the Floyd voting, and over the district he piled up a lead which may pass the 30,000 mark.

Those who watched the voters' switch from Perkins to Cooper, and vice versa, remarked that all doubt of the ability of voters to "cross their ticket" had been dispelled.

Cooper scored a smashing statewide win over Brown, his lead exceeding 200,000. The county voted almost 7 to 1 against the revised constitution, and the issue was said to have lost every other county in the state.

Strong local interest centered on Educational Divisions 1 and 2 where spirited races for members of the Floyd County Board of Education were decided. In Division 1 Ray Howard, incumbent, defeated Woodrow Branham by 882 votes, and in Division 2 Dr. J. H. Allen, also an incumbent, scored a 788-vote victory over Thomas Leo Music.

Both winners polled majorities in every precinct. The Floyd county vote: For U. S. Senator — John Y. Brown, 3,846; John Sherman Cooper, 4,860.

For Congress — Carl D. Perkins, 6,938; C. F. See, 1,374.

For Revised Constitution — Yes, 1,039; No, 7,184.

For Board of Education: Division 1 — Ray Howard, 1,341; Woodrow Branham, 459. (See Story No. 1, Page 8)

Prestonsburg Woman Is Victim Wednesday; Funeral To Be Friday

Mrs. Donna Jean Music, 28 years old, wife of Ronald Music, of Prestonsburg, died Wednesday morning at the Paintsville General hospital.

She was a daughter of Joe and Leta Leake DeRossett, of Little Paint.

Survivors, other than her parents and husband, are a brother, Kenneth J. DeRossett, of Prestonsburg, and a sister, Mrs. Betty Jo Daniels, of Owensboro.

Funeral services will be conducted at 2 p.m. Friday from the First Church of God on Little Paint. Burial will be made in the Richmond cemetery here under the direction of the Floyd Funeral Home.

TWO SEIZED IN CO. RAIDS

Mitchell Is Charged With Drunk Driving In Three-Car Wreck

Lum Carr was booked at the county jail last Wednesday on charges of possessing and selling alcoholic beverages after State Trooper Herron, ABC Agent Claude Flanery and Deputy Sheriff Milt Hunt had found a pint of whiskey on his premises at the Arkansas curve on KY 80, near Martin.

Lonnie Neeley, of the Auxier road, was arrested on a sale charge, the same day Carr was raided. Search of his premises by Sheriff Joe W. Lewis, ABC Agent Claude Flanery and Deputy Sheriff Milt Hunt failed to net any intoxicants.

Earlier in the week, Sheriff Lewis, Flanery and Alcoholic Tax Unit officers confiscated a moonshine still which they found in the home of Wilburn Hamilton on Tackett Branch, near Grethel. A warrant has been issued for Hamilton's arrest.

Willie Mitchell, of Mud Creek, was jailed Sunday on a drunk driving charge after his auto had rammed two others — those of George D. Brown, of Prestonsburg, and Miss Phyllis Music, of Abbott Creek, on Middle Creek. Mrs. Brown remains in the Prestonsburg General hospital, and the Brown car was badly damaged.

Walker Newsome, of Price, was arrested November 1 by State Trooper E. B. Allen on a hit-run charge after his auto had smashed into that of Randall Allen, of Allen.

Others booked at the jail on traffic offenses:

Samuel Lee Williams, no operator's license and reckless driving, arrested by Deputy Sheriff Tommy Engle; Gary Franklin Lafferty, drunk driving, by State Trooper Ray, fined \$100 and costs by Magistrate Dewey Roberts; James Newsome, drunk driving, by Deputy Sheriff Hunt and Martin; Bennie Hall, no operator's license, by Deputies Hunt and Martin, fined \$2 and costs by Magistrate Roberts; James Monroe Hunt, Jr., drunk driving and no operator's license, by State Trooper Allen; Bobby Ray Kinder, drunk driving, by Trooper Allen, fined \$200 by Magistrate Roberts.

Within the last two weeks 10 servicemen have been booked at (See Story No. 8, Page 7)

COUNTY WINS TAX APPEAL

Appellate Court Rules 3-Cent Extension Tax Levied in 1963 Valid

Floyd county has won its suit, via Court of Appeals decision, with five major companies which sought to avoid payment of the 3-cent county agriculture extension tax.

The companies won a restraining order from the Floyd circuit court on their contention that the tax was levied without a public vote and that it violated Section 157 of the state constitution which provides that the tax rate for counties and taxing districts shall not at any time exceed .50 cents per \$100 on the value of the taxable property.

The appellate court in reversing the lower court pointed out that the word, "value," in Section 157 does not mean "assessed value" but the actual fair cash value. In support of this point the court said that the assessed value of taxable property in this county in 1963, the year in which the companies instituted the action, was only 21.1% of fair cash value.

The companies—Kentucky West Virginia Gas Co., United Fuel Gas Co., C. & O. Railway Co., Southern Bell Telephone Co., and the Kentucky Hydrocarbon Co.—have not paid the extension tax since 1963. The decision means about \$13,000 for the county, County Attorney Barkley Sturgill said.

\$10,000 GIFT GOES TO ARH

Half of Contribution Marked for McDowell, Bradbury Announces

A \$10,000 gift from the Inland Steel-Ryerson Foundation to the Appalachian Regional Hospitals fund-raising campaign was announced today (Thursday) by Arthur Bradbury, of Wheelwright.

Bradbury, president of the Community Advisory Council of the McDowell Appalachian Regional hospital, said that \$5,000 of the contribution had been allocated to the council's community campaign.

The donation enabled the Council to exceed its quota of \$6,577 by \$470.

The Council was notified of the gift by E. Minor Pace, formerly of Wheelwright, who is general manager of coal properties for Inland Steel Company.

Pace, whose headquarters are now in Sesser, Ill., said, "We are pleased to give this assistance to the McDowell ARH hospital in recognition of the health services it has provided to Inland Steel employees and other citizens of the community."

Proceeds of the fund-raising campaign will be used to provide operating capital and buy new equipment for the 60-bed McDowell hospital. The McDowell campaign is part of a national drive to raise \$3.6 million for the nine community hospitals in the ARH system. (See Story No. 7, Page 7)

FARLEY MEN LOSE IN PIKE

Administration Foes Gain 3 to 2 Margin On Pike School Board

In Pike county school board candidates backing the positions of four magistrates who went to jail rather than approve the school budget won victories Tuesday over two candidates backed by Superintendent C. H. Farley.

The election of Russell Johnson and Cecil Barney to the board evidently gives those opposed to the proposed school budget a three-to-two majority to the board members favoring it.

Johnson defeated Scott Mullins by 1,867 to 1,576 and Barney won election over Deacon Jones by 1,604 to 1,199.

At Pikeville about 150 persons gathered in the jailer's quarters at the Pike county jail to celebrate the victory with the jailed magistrates.

Johnson and Barney will not take office until January.

Former Brainard Man Is Killed by Train

Ermon Prater, 27 years old, of Warsaw, Indiana, formerly of Brainard, was fatally injured Saturday when struck by a train at Warsaw.

A son of Mrs. Dorsie Williams Prater, of Warsaw, and the late Herbert Prater, he was employed at Warsaw as a machine operator by the Indiana Briquetting Company. His wife, Mrs. Virginia Crum Prater, survives.

Also surviving are one son, Mark Anthony Prater, a brother, Joyce Holland, all of Warsaw.

Funeral rites were conducted Sunday at 12 noon from the Chestnut Grove United Baptist Church at Brainard, the Revs. Paris Music and Wallace Calhoun officiating. Burial was made in the Hill and Johnson cemetery at Brainard under the direction of the Carter & Callahan Funeral Home.

UNITED FUEL, UNION REMAIN FAR APART

An attempt by a federal mediator to get contract talks going again between the United Fuel Gas Company and striking members of the Oil, Chemical and Atomic Workers Union ended abruptly at Charleston, West Virginia, Monday.

"We are farther apart than ever," said James S. Phillips, president of United Fuel, after the brief session.

Further talks are not scheduled.

About 1,350 field and maintenance employees of the Columbia Gas System, of which United Fuel is a subsidiary, have been on strike in Kentucky and West Virginia since contract talks collapsed, October 25.

Phillips said the union added three new demands Monday, involving maintenance of membership, revision of dues checkoff practices and re-employment of

Various high schools will be represented in the pageant. The parade will begin at the grade school following the pageant, and will proceed via Court Street and through the business district. Santa Claus will be aboard to extend greetings.

The entire Snow Queen event, in cooperation with other local organizations is planned as the official opening of the Christmas season locally.

Mrs. Thomas, Age 76, Succumbs Saturday At Hospital Here

Mrs. Blanche Compton Thomas, 76, of Wayland, died Saturday at the Prestonsburg General hospital. A daughter of the late James Herndon and Elizabeth Esper Compton, she was a native of Bowling Green, where she had worked as a bookkeeper. Mrs. Thomas was twice married, first to G. Mack Roberts, and after his death to Paul Thomas, who (See Story No. 6, Page 7)

ISLAND CR'K SELLS TOWN OF W'WRIGHT

New Owners To Offer Homes for Sale; Evans Discusses Firm Plans

The Island Creek Coal Company has sold its nationally known model mining town, Wheelwright, to Mountain Investment, Inc., composed of Floyd countians, for \$1.3 million.

Announcement of the transaction was made here late Wednesday afternoon by George E. Evans, Jr., president of the Evans Elkhorn Division of Island Creek.

Conveyed were 334 residences, 17 business properties, the company-owned utility system — water, gas, sewage disposal, power, TV cable and telephone systems — and the clubhouse, swimming pool and library which marked the town as a showplace among U. S. mining communities.

The community golf course, which was not conveyed, will continue to be operated, Mr. Evans said.

Mountain Investment, Inc. is composed of J. C. Wells, Wayland, president; Burl Spurlock, Prestonsburg, chairman of the board; John Allen, Prestonsburg, secretary, and John Allen, Jr., Prestonsburg, treasurer.

It was said that, sometime after January 1, the new owners will offer to sell the dwellings to tenants occupying the houses at that time. Rental rates will remain unchanged until that time, but some utility rates, which previously were subsidized by the company, will necessarily be changed slightly. (See Story No. 3, Page 7)

UK PRESIDENT AND TRUSTEES TO VISIT COLLEGE HERE, MEET WITH P.C.C. ADVISORY BOARD

Dr. John W. Oswald, president of the University of Kentucky, and members of the Executive committee of the University of Kentucky Board of Trustees will visit Prestonsburg Community College next Thursday. Dr. Oswald will address a special convocation at 10:30 a.m. in the Commons Room of the college.

Following his address, President Oswald will visit informally with students and faculty in the Commons Room. He and his party will have lunch with the Prestonsburg Community College Advisory Board at May Lodge. The Executive committee will have its meeting at 1:30.

This visit, one of a series throughout the state, will not only allow the President to visit each community college but will also dramatize the importance

of the Community College System and Dr. Oswald's deep commitment to it.

A strong advocate of community colleges, which he has said could become ultimately "the undergirding of higher education in Kentucky," Dr. Oswald moved, soon after assuming the presidency of the University in 1963, to implement development of the U. K. community colleges and other action aimed at giving them necessary latitude to perform a comprehensive function — liberal arts, technical, and adult education alike.

Members of the Executive committee who will be accompanying President Oswald here are Dr. Ralph Angelucci, Smith Broadbent, Jr., Robert Hillenmeyer, Dr. Hershell Murray, and James A. Sutherland.

MOTHER, DAUGHTER STUDY AT UK — Dr. A. S. Levy, coordinator of special education programs at the University of Kentucky, discusses the UK program for teachers of the mentally retarded with freshman Karen Martin and her mother, Mrs. Jean Martin, both of this county. Mrs. Martin, who taught retarded children at Martin for five years, holds a UK graduate fellowship awarded by the State Division of Special Education. Karen, a 1966 graduate of Prestonsburg high school, now studies at UK and is employed as a teacher's aide at the Blue Grass School for Retarded Children.

5 FLOYD APPALACHIAN ROADS TO COST ABOUT \$14½ MILLION

Thirty-one highway projects which extend a distance of 116.6 miles were located last week by the Appalachian Regional Commission, and of these five are Floyd county highway construction undertakings which will cost an estimated \$14,498,000.

These were approved last month by the Commission for construction.

In all, 210.2 miles of highway in Kentucky to cost the federal and state governments \$146,095,000 have been approved for construction.

The Floyd county projects

given definite locations by last week's action of the Commission, the length and estimated cost of each follow:

KY 114, near Prestonsburg, to Water Gap, 3 miles, \$2,666,000; Water Gap to KY 80 at New Allen, 2.2 miles, \$3,381,000; KY 80 at New Allen to Banner bridge, 1.7 miles, \$1,562,000; Banner bridge to Mare Creek road, 5 miles, \$4,013,000; Mare Creek to Pike-Floyd line, 3.7 miles, \$2,876,000.

Pike county's seven projects, which will cost an estimated \$21,727,000, are:

Pike-Floyd line to Coal Run, 4.8 miles, \$4,028,000; Coal Run to lower bridge, Pikeville, 3.8 miles, \$3,342,000; lower bridge to US 119, Pikeville, 1.4 miles, \$1,074,000; US 119 to upper bridge, Pikeville, 1.1 miles, \$674,000; upper bridge to junction US 460, 6.1 miles, \$5,639,000; 1.1 mile east of Pikeville to Zebulon school, 4.1 miles, \$3,525,000; Zebulon to Meta church, 4.1 miles, \$2,945,000.

Berea, Ky., Nov. 3—Bill Jenkins, son of Mr. and Mrs. Walter Jenkins, Wheelwright, Kentucky, is vice-president of the freshman class of Berea College. He is a 1966 graduate of Wheelwright high school, and plans to major in biology.

Matthews Says Trust In Polls, Computers Could Be Dangerous

"Polls and computers can be a real danger to this country if given too much bearing on people's thinking and contribute to apathy in politics," Attorney General Robert Matthews said in a speech before the Prestonsburg Woman's Club, last Thursday evening. Pointing out that only 50 to 60% of those eligible to vote today as compared to the 90 to 100% who voted in the early days of the country, Mr. Matthews declared, "When you do not vote, you do not share your part of the load of government work."

Turning to the proposed revised constitution, he emphasized that only 30% of it differs from the old one now in effect. He said that he believes that most opposition to the document arose through a lack of understanding. He added that the Bill of Rights remains the same; that, while an office might be renamed, it would not be abolished; there would be more home rule locally, and a reduction in the exorbitant number of elections, since they would be scheduled only in even numbered years.

Following Mr. Matthews' speech, Mrs. Helen Wells, president, formally opened the meeting. Mrs. John Roberts led the devotional, with prayer by Mrs. M. Robert Regan. Minutes of the last meeting were read by Mrs. Lillian Pelphrey, secretary. On display were gift items to be offered for sale during the Christmas Tour of Homes scheduled early in December.

Attending the meeting were Mrs. Helen Wells, Mrs. Hal Midkiff, Mr. and Mrs. Woodrow Burchett, Mr. and Mrs. R. V. May, Mr. and Mrs. John Roberts, Mrs. George Lee Shannon, Mrs. Bill Pettrey, Mrs. Victor Hale, Mrs. Harlin Short, Mrs. Olga Latta, Mrs. M. Robert Regan, Mrs. Wm. O. Goebel, Mrs. Paul Combs, Mrs. George P. Archer, Mrs. Edw. B. Leslie, Mrs. L. B. Fairchild, Mrs. C. E. Roberts, Mrs. Dorothy Burke, Mrs. Zella Archer, Mrs. Lillian Pelphrey, Mrs. James Donahoe, Mrs. H. B. Ranier, Mrs. Blaine Hall, Mrs. Vera Ford, Mrs. Mary Jane Harkins, Mrs. John Heinze, Mrs. Frank Layne, Mrs. Joe Buchanan, Mrs. Fred Francis, Mrs. Mary Alene Riffe, Miss Christine Spradlin, and a guest, Mrs. Betty Pope.

Goes to Vietnam

Sgt. Julius C. Bates has returned to Lockbourne Air Force Base, Columbus, Ohio, after completing the air police combat preparedness course, and was awarded the certificate of training at Lockland Air Force Base, San Antonio, Texas, before being sent to Vietnam.

Sgt. Bates was awarded the Expert Ribbon for qualification on the M-16 rifle and the M-60 machine gun. He is a son of Mr. and Mrs. Carl Bates, of Bevinville, was graduated from Wheelwright high school, and attended Alice Lloyd College before entering the Air Force. Sgt. Bates is a veteran of fifteen years with the Air Force. He and his wife, Mary Sue, reside in Lockbourne, Ohio.

JOB CORPS SETS DRIVE

Recruiting Campaign In Eastern Kentucky Scheduled Nov. 14-18

In a special effort to give extra opportunity to Kentucky young men and women between the ages 16 and 22 to join the Job Corps, the United States Employment Service, the Women In Community Service (WICS) and national regional teams from the Job Corps will conduct a concentrated recruiting campaign in Eastern Kentucky during the week of November 14-18.

To facilitate recruiting procedures, seven special recruiting stations have been set up and special representatives from Job Corps, U. S. Employment Service, and WICS will be in attendance at local Employment Service offices to answer all questions and to recruit on the spot. LACKEY

CELEBRATES BIRTHDAY

Dr. Joseph D. Meade, of the Golden Years Rest Home, celebrated his 92nd birthday Sunday with friends and relatives who called early and spent the greater part of the day. Walter Meade, who had made tape recordings of several poems read by Dr. Meade on his 85th and 90th birthdays, played back the readings to the many guests and Dr. Meade. Many of these were poems from his own book, "Spirit of the Mountains in Rhyme." Adding to the delight of his audience were Dr. Meade's introduction to his poems, telling the inspiration of each.

A short meeting was held with his poetry guild, and Dr. Meade was ushered into the long hall of the Home where tables were covered with refreshments. The Lackey-Garrett-Wayland Woman's Club had made cup cakes to serve all the guests and their relatives in the home for lunch and evening dinner. Mrs. Walter Meade, of Paintsville, Mrs. Elmer Morrison, of Wayland, and Mrs. Beatrice Collins, of Lackey, were the refreshment committee.

Visitors expressed much joy seeing all the residents of the Rest Home joining in the party and watching Dr. Meade open his gifts.

Guests coming a distance for the party were Rufus Reed, himself a poet and writer, of Lovely, Kentucky; Mrs. Amanda Meade Brewer and brother-in-law, Virgil Hoke, of Kermit, West Virginia, also members of the Poetry Guild; Mildred Gilmore and Louise Brashear, of Pikeville; Mr. and Mrs. Walter Meade, George Mitcher, brother-in-law of Dr. Meade, Dorsel H. Sparks and Arbin Sammons, all of Paintsville; John P. Sammons, of Martin; Mr. and Mrs. Elmer Morrison and daughter Connie, of Wayland; Beatrice Collins and granddaughter, Alice Faye Collins and Miss Soronda Horn, of Lackey.

Coal and concrete highways are partners in progress for Kentucky's Appalachian region

Coal mining is the greatest single potential source of jobs and income in the Appalachian area. Paving Kentucky's 434 miles of Appalachian road mileage with concrete means greater use of coal—more work for miners! And this increased activity benefits other businesses and industries, too.

Concrete on these highways not only will mean more work for the coal miner—it also will provide a first-class road system that attracts new industry and tourists to boost local business even more. Concrete stays solid and smooth-riding, lasts 50 years and more with little maintenance. Based on actual Kentucky records, upkeep expense runs 75% less than for asphalt.

Today in Kentucky's Appalachian region, coal and concrete highways are partners in progress. With miners, businessmen, and everyone concerned with the future of this area, the choice for highways is modern concrete.

This message sponsored jointly by:

THE PORTLAND CEMENT ASSOCIATION, Louisville, Ky.

An organization to improve and extend the uses of concrete, made possible by the financial support of most competing cement manufacturers in the United States and Canada

THE KENTUCKY COAL ASSOCIATION, Lexington, Ky.

An organization working for the interest of the Kentucky coal industry

FOREST FIRE LAWS ARE CITED BY OFFICER

Oliver Hall, law enforcement officer, Kentucky Division of Forestry, this week reminded Floyd county residents of state forest fire laws. A resume of the law follows:
From October 1 until December 15 and from March 1 until May 15 it is illegal to burn any open fires within 150 feet of any woodland. If burning is done more than 150 feet from the woodland but capable of spreading to the woodland through grass or other flammable material it is still a violation of the Kentucky forest fire laws. If burning must be done it is permissible between the hours of 4:30 p.m. and 12 midnight, providing all reasonable precautions are taken. Reasonable precautions shall consist of cutting and piling flammable material and

clearing around the flammable material to prevent spread of fire to the woodland. The fire must be extinguished at 12 midnight.
Setting of fires to capture any wildlife is prohibited by law. This statute includes the smoking of squirrels or other animals out of hollow trees, hollow stumps, or holes in the ground.
Violators when convicted are subject to both fines and imprisonment. Violators are also responsible for the cost of putting the fire out.
Division of Forestry employees will be patrolling the area to apprehend violators. Citations will be issued to individuals violating the forest fire laws.
For further information, contact the Division of Forestry district office at Prestonsburg.

GOVERNMENT WORK FOR THE BIRDS

London — The Society of Civil Servants polled its members on working conditions and found that more than half of the younger civil servants hate their jobs.

BEAR BITES OFF ARM

High Point State Park, N. J.—A caged bear bit off the arm of a 3-year-old Port Jervis, New York, girl who was feeding it sugar cubes Sunday, state police said. The child lost all of her right arm from just above the elbow.

ALLEN P.-T. A. TO MEET

The Allen Elementary PTA will meet today (Thursday) at 7 p.m. at the school. Maurice Allen, Floyd county school social worker, will speak about various problems under Title I. All parents, teachers, and friends are invited.

AMENDMENTS CHANGE DISABILITY PROVISIONS

The Social Security Amendments of 1965 made several important changes in the disability insurance provisions of the social security law according to John Willis, field representative in the Floyd county area. The most important single change is that payments are no longer limited to people with relatively permanent disabilities. Willis said, "I remember under the old law that a person could get disability benefits only if he had an impairment that was considered permanent." By permanent was meant a disability which was expected to continue for a long and indefinite time or to result in death.

Now, Willis explained, a person may be eligible for benefits if his disability is expected to last for a continuous period of 12 months. Even if he may be expected to recover and return to work, he may receive payments while he is severely disabled.

Under the new law as under the old, he stated, a person is considered disabled only if his impairment makes him unable to do any substantial work for which he is qualified by age, experience and education.

"There are other changes," Willis said, "which I will list, and I encourage our readers to contact us if they desire more information."

First — disability payments after retirement. After receiving reduced retirement or widow's benefits, it is now possible to change to disability benefits if a person becomes disabled before age 65.

Second — if a person becomes blind before age 24, he may

be eligible for benefits if he has credit for 1½ years of work in the 3 years before he became blind.

Third — if a person becomes blind before age 31 he may be eligible for benefits if he has work credits for half the time after age 21 and before he became blind.

Fourth — blind persons age 55 and older may get disability benefits if they have the necessary work credits, are not engaged in substantial work and are unable to do work comparable to the work they did before they became blind.

For more information about the new disability provisions or any other 1965 changes in the Social Security law, contact the Pikeville Social Security office which is located at Second and Division Streets, Pikeville. The hours are 9 a.m. to 5 p.m. Monday through Thursday, and the office is open from 9 a.m. to 9 p.m. each Friday.

Seventh District, KFWC Meets At Jenkins

Mrs. Zella S. Archer, governor of the Seventh district, Kentucky Federation of Women's Clubs, conducted the 48th annual meeting of the district at Jenkins recently.

She introduced Mrs. C. C. Lowry, president of the Kentucky Federation of Women's Clubs, who addressed the group. Mrs. Lowry cited improvements and scientific developments of the last decade and charged that "we have achieved proximity without community." To those who would criticize the youth of today she posed the question, "who raised them?" She challenged the clubwomen to check their own image and example. She concluded by stating that Christian unity provides the answer for adapting to the present and preparing for the future.

New district officers elected at the meeting were: Mrs. Joseph Justice, of the Pikeville Woman's Club, vice-governor; Mrs. Nick Cooley, of the Drift Woman's Club, recording secretary. The Paintsville Woman's Club issued an invitation for the 1967 meeting to be held in Paintsville. Floyd county clubs represented at the meeting were those of David, Drift, Lackey-Garrett-Wayland, and Prestonsburg.

The Commission, at its October 12 meeting, approved 372.2 miles of new construction projects on the entire development highway system, totalling \$79,017,000 in federal funds. This brings the total approved mileage to 790.

An additional \$21,411,000 in federal funds for location studies and preliminary engineering on sections of highways to be selected by the Appalachian states was also approved.

The Commission's October action now brings the total amount of federal funds approved for the highway program to \$300 million. This includes \$281,792,000 for development of highways, \$17,500,000 for local access roads, and \$708,000 for Bureau of Public Roads administrative expenses.

The Appalachian Region Development Act authorized \$840 million in federal funds for the construction of up to 2,350 miles of development highways and 1,000 miles of local access roads.

The Commission, in July, 1965, completed designation of highway corridors for the development highway system. These corridors are designed to connect major urban centers and open up the Appalachian region to a greater flow of commerce, industry and tourism.

The local access roads are designed to further increase mobility within the region. They will serve specific recreational, residential, commercial and industrial development opportunities.

Stationed In Vietnam

Sgt. T. J. Halstead, U. S. Marine Corps, son of Mr. and Mrs. Claude Halstead, of Cliff, is presently stationed in Viet Nam, serving with a Logistic Support Group in the Red Beach zone.

In a letter to his parents recently, Sgt. Halstead told of fighting in the Red Beach area: "Now I'll tell you what's going on. About a week ago we got hit. Not one of us got it. But about a half-mile away two guys got it. It was bad. It was about 10 a.m. and I'll tell you, we had this place lit up like it was daylight. And it stayed that way all night. And your son took his men and got in a hole. We stayed there for quite a while."

Sgt. Halstead, a veteran of 10 years with the Marines, has four months remaining of his tour of duty in Vietnam.

court recently by Elzie Whitaker, a landowner, asks a total of \$4,000 damages of Terry Elkhorn, alleging that in building roads and access to its mining operations it has removed large quantities of earth, failed to make proper provisions for drainage of water and that water running across their land has deposited clay, rock and other materials on their garden and house seat. The operation, the Whitakers claim, constitutes a private nuisance.

The state's suit seeks a penalty of \$1,000 a day for 12 days of operation since October 21, and \$1,000 a day for continued violation after November 1.

It also asks the court to enjoin Terry Elkhorn from further violation of regulations, and to require it to remove overburden already dumped in public streams and on the land of adjacent property owners.

Finally, the suit asks for a court order requiring the company to take all reclamation measures in the future required by state law and regulations.

Earl Hall, Age 54, Is Claimed Saturday At Residence At Hi Hat

Earl Hall, 54 years old, died Saturday at his home at Hi Hat.

A former miner, Mr. Hall was a member of the UMWA local union at Wheelwright and had been a member of the United Baptist Church for the past 23 years.

He was a son of Duran and May Spradlin Hall and was married to Cassie Salisbury, who survives.

Additional survivors are eight sons, J. D. Hall, of Eastern, James and Arthur Hall, both of Wadsworth, Ohio, Paul, Bill, Roger, Benny, Winston Layne and Earl Hall, Jr., all of Hi Hat; two daughters, Mrs. Marcella Newsome, Hi Hat, Mrs. Linda Payne Anders, Huntington, Indiana; two brothers, Verman Hall, of McDowell, and Willie Hall, of Mason, Ohio; six sisters, Mrs. Annie Stumbo, Mrs. Verdie Stumbo and Mrs. Maggie Newman, all of McDowell, Mrs. Elizabeth DeLong, Columbus, Ohio, Mrs. Jenny Frisco, Louisville, and Mrs. Edna Sizemore, of Chillicothe, Ohio.

He also leaves seven grandchildren.

Funeral services were conducted Tuesday morning at 10 o'clock from the Clear Creek United Baptist Church. Burial in the Newman cemetery at Hi Hat was directed by Hall Brothers Funeral Home.

Church properties in the community will be deeded to each denomination now occupying them.

In a letter which is being mailed to residents of Wheelwright, Mr. Evans said:

"Island Creek operates 29 mines and has over 6,000 employees. It has been our company's experience that in each instance where company towns have been sold employees have benefitted immeasurably through owning their own homes. Wheelwright has been a model community for years. There is every reason it should continue to prosper."

In his letter Evans assured residents that Island Creek has no present plans to diminish its operation in the Wheelwright area. "On the contrary," he said, "we have very large coal reserves in the area which it will take us many years to mine; and we have been working actively and successfully on the development of substantial new markets for these coals. While we cannot give you absolute assurance, it is our intention and our expectation that we will either maintain or expand our operations in the area in the foreseeable future."

Pointing to the company's operations at Wheelwright, he told The Times that 10,200 tons of coal were produced there Monday—an increase of 3,000 tons above the production of Inland Steel when the properties were bought last February by Island Creek. Monday's production, he added, is about normal operation.

Island Creek will continue to maintain its office, store and hospital at Wheelwright, he said.

The town of Wheelwright had its beginnings about 50 years ago when Elk Horn Coal Corporation began coal development there. The coal holdings and town were purchased by Inland Steel in 1930, and with its ownership began those improvements which earned it the reputation of being a model mining community.

CITY OF PRESTONSBURG, KENTUCKY ADVERTISEMENT FOR BIDS

Sealed bids will be received by the City of Prestonsburg, Kentucky, at the office of the Mayor, at the Municipal Building in Prestonsburg, Kentucky, until 7:30 p.m., Thursday, December 1, 1966, at which time, in the Council Meeting Room at such Municipal Building, bids will be publicly opened and read aloud, for furnishing labor and materials and performing all work, as set forth by this advertisement for bids.

The equipment to be furnished is as follows:

1. Hydraulic refuse packer of 18-cubic yard capacity rear or side loader.
2. 1967 model heavy-duty chassis for such packer body, adequate in strength, G.V.W. 19,500 pounds.

The bids must comply with specifications approved by the City Council, copies of which specifications may be obtained from the office of the City Clerk, in the Municipal Building at Prestonsburg, Kentucky.

All persons or companies bidding shall bid separately on the refuse packer and chassis, and may also bid on same as a complete unit. Bids received after the scheduled closing time for reception of bids will be returned unopened to the bidder. Bids must be accompanied by a bid bond payable to the City of Prestonsburg, Kentucky in an amount not less than 5% of the base bid. In event an award is made and the successful bidder fails to execute a contract for performance of the work under the award, then the bid bond shall be forfeited as liquidated damages for such failure.

Bids and bid bonds shall be in a sealed envelope bearing the bidder's identification, addressed to the City of Prestonsburg, labeled in the lower left-hand corner:

"Proposal, 1. Hydraulic refuse packer body, 2. 1967 model heavy-duty chassis for refuse packer body."

The City of Prestonsburg reserves the right to reject any or all bids, which bids shall not be withdrawn for 45 days subsequent to the opening of bids, without consent of the City of Prestonsburg.

Division 2—Dr. J. H. Allen, 1-382; Thomas Leo Music, 594. The G.O.P. recorded a gain of at least 48 House seats, three in the Senate and eight Governorships. Results of the voting leave the Democrats with a margin in the House, but the Republican members and dissident Democratic Congressmen may pose a threat to the Johnson program.

Few were surprised by the reelection of either Congressman Perkins or Senator Cooper, but the Republican Senator's show of strength over the state had political leaders of both parties looking beneath the results for causes. In this county no Republican leader expected a Cooper majority, and all Democrats expected Brown to poll a lead, although some expected it to be greatly reduced.

The voting in the county was comparatively light, with less than 9,000 votes cast. The entire Floyd vote was tabulated early Tuesday night with the exception of Mud precinct where the election officers failed to certify the returns. The vote from this precinct was certified Wednesday morning.

(Continued from Page 1)

NEXT TO MANNA
It wasn't manna, but it was the next thing to it that fell at the Jack Howard residence here last Sunday afternoon. Mr. Howard was taking things easy when he heard two thumps in rather quick succession on his front door. Opening the door to see what was coming off, he found two quail lying on the porch.

Wondering who would toss dead quail at his door and leave without a word, he stooped down, felt of one of the birds. It was warm. Then he understood. This particular door reflects an image quite clearly, and the two, en route to rendezvous with others of their kind on the river bank, back of the Howard home, had got a glimpse of quail, headed straight for them—and smack!
It seems rather redundant for me to record here that these quail found a warm welcome—as warm as the family stove was required to be to ready them for the table.

Potpouri . . . The Prestonsburg football team had a very successful season. Look what happened to Paintsville . . . I don't get around to these games as I once did, but I've been hearing all about why I should have been at that homecoming game here. Not just the team. The band, the majorettes, particularly Marguerite Famin's miniature majorettes—was it 60 or 120 of these youngsters performing like veterans? . . . And there's this matter of gourds at Homer D. Neeley's place on Abbott. His young son had a losing bout with weeds, weather, etcetera last year when he tried a watermelon patch. But he came back for more last spring, and Homer decided to give him a lift. He introduced to the patch what he thought was canteloupe seed. Only they weren't—and every one of the blasted gourds grew luxuriantly, rankly, wildly till you can get just about any kind of bargain you want if you'll take some of the intruders off their hands . . . Ever drink water from a gourd? If Omar Khayyam had ever had any experience with a hot day, and cold water trickling from a gourd to quench his thirst, he would have forgotten all about that "jug of wine, loaf of bread and thou" palaver.

HELP NEEDED
The story at hand tells of the sheriff who also was the only veterinarian in the county. Late one night, he was jerked from bed by a frantic telephone caller. "Do you want me as sheriff or not?" he asked.
"Both," came the voice. "We can't get our dog's mouth open, and there's a burglar in it."

BILLY R. HOWARD ADVANCES IN DEPT. OF CORRECTIONS

Acting Commissioner of Corrections John Wingo last week announced the appointment of two directors in the department, one a native of Floyd county. Belcher, a native of Jessamine county, presently is assistant director of administrative services in the Department of Child Welfare, where he has been employed the past five years. He fills the Corrections' post which was held by Marshal Swain until he transferred to the Department of Education several weeks ago. Wingo said Howard became the department's director of education and special services, Nov. 1, to succeed Henry Burns who resigned recently. Howard was education di-

Topmost Resident Passes Away Monday At Martin Hospital

Mrs. Causby Ratliff, 75, of Topmost, died Monday at Our Lady of the Way hospital, Martin, following an illness of several years. A daughter of the late W. B. and Alba Mullins, she is survived by her husband, Don Ratliff.

Surviving sons and daughters are Samuel Ratliff, of Ypsilanti, Michigan, Daniel Ratliff, Topmost, Euel Ratliff, Indianapolis, Indiana, a step-son, Hampton Ratliff, of Wayland, Mrs. Pansy Gibson, Marion, Ohio, Mrs. Junella Sturgill, Cleveland, Miss Thelma Ratliff, Topmost, two step-daughters, Mrs. Prinnie Potter, Jenkins, Mrs. Roxie Akers, Detroit. Other survivors include four brothers, Finis Mullins, of Cincinnati, George, Jim, and Curtis Mullins, addresses unknown, 44 grandchildren and 54 great-grandchildren.

Funeral services were held Wednesday morning at the Dry Creek Regular Baptist Church, to which Mrs. Ratliff had belonged for 53 years, the Rev. Bert Howard and others officiating. Burial was made in the Dry Creek cemetery under direction of Hall Brothers Funeral Home.

Maytown Expecting One of Best Teams; 3 Starters Return

The Wildcats of Maytown high school expect to have one of the best basketball teams in the 58th district, and possibly the region.

Returning starters from last year's team are Rudy Thacker, Mike Tallent and Eddie Stewart. Thacker, senior guard, floor leader and spectacular passer, was second in scoring with a 21-point average last year. Tallent, senior guard and forward, who averaged 22 points per game last season, is considered by many one of the better college prospects of the region along with Thacker. Tallent, who is 6-2, may see some action at center. His brother, Bob Tallent, is a junior guard playing on the University of Kentucky Wildcat varsity team. Eddie Stewart, senior, provides balance, was a strong defensive guard and all-around team player.

A starter from late last season is Jim Bailey, 6-7 center. A junior, he shows great improvement over last year in his work on rebounding.

With sophomores Tom Stewart and Randy Click a coach might wish for a six-man team. Stewart and Click are expected to be two of the outstanding sophomores in the region.

Coach Gene Frasure boasts a strong bench in sophomores Jackie Halbert, Kenny Patton, David Gibson and Keith Hicks, senior Delbert Martin and freshman Rodney Hicks.

It was widely talked last season that the Wildcats were the team to watch this year, but Coach Frasure and the boys say they expect few easy victories. Considering the usual strength of all the teams of the district and the 15th region, the Wildcats know the victories will come the hard way.

Brent Allen, Billy Joe Caudill, and David Spencer are managers for the 1966-67 season.

The team's cheerleaders are Anna Howard, Dianna Ousley, Ruthie Burchett, Eida Black, Glenna Cooley, Libby Gibson and Danise Conley. Their sponsor is Miss Shirley Bradley.

The Wildcats open the season November 5 at home against Knott County high, of Hindman.

'Kentucky Calling' Project Seeks West Coast Industry

By GOV. EDW. T. BREATHITT

Frankfort, Ky.—Some 70 Kentuckians are poised for a modern-day rush on California in one of the most aggressive and imaginative industry-seeking campaigns of my administration. On an eight-day visit to the Los Angeles and San Francisco areas, they will acquaint 500 West Coast manufacturing firms with the many advantages Kentucky offers for branch-plant location.

The ambitious project, operating under the descriptive name of "Kentucky Calling," was organized by the Kentucky Department of Commerce under the direction of its commissioner, Miss Katherine Peden. Participants in the venture will include representatives of the department, and of the Kentucky Chamber of Commerce, local chambers of commerce, manufacturing concerns, development organizations, banking institutions, and utility and transportation companies.

In their quest for branch plants, the Kentuckians will contact 350 firms in the Los Angeles area and 150 in and near San Francisco.

Some of our state's most recently-acquired industrial operations are branches of companies and corporations based in California, most populous of the nation's states.

Three of five new plants are located on the 930-acre tract of the Northern Kentucky Industrial Foundation in Kenton and Boone counties. They are Levi Strauss, the Great Lakes Carbon Corporation, and Anchor Products, Inc.

Harvey Aluminum, Inc., built its branch near Lewisport in Hancock county, and the U. S. Borax and Chemical Corporation of Los Angeles announced purchase of a site at Henderson for another branch-plant operation.

All this gives rise to the thought that while most, if not all the yellow treasure of the "forty-miners" has been mined, California still offers a wealth of opportunity to such states as Kentucky, which has so much to offer as a location for branch plants.

The Kentucky group is scheduled to leave Standiford Field at Louisville for Los Angeles at 7:10 p.m., November 12. Its members will remain there until, November 16, then they will take off for San Francisco.

Local arrangements for the tour were handled through the Los Angeles office of the Kentucky Department of Commerce. Calls on the companies to be contacted will be made by the Kentuckians in teams of two. Packets of promotional literature describing the advantages of locating in Kentucky have been

Better Roads Make More Roads Needed

Frankfort, Ky.—Better roads bring more cars and thus need for more roads, according to the Kentucky Department of Highways. By the end of the year, Kentucky is expected to register 1,583,000 vehicles, compared with 1,499,972 in 1965. This represents a 5.5 percent increase in registrations in 1966. The U.S. Bureau of Public Roads says the national increase will be 4.2 percent. Highway Commissioner Henry Ward says these statistics remind the Department "it must always be gearing itself to meet future needs."

Judged Best Industrial Guide

Frankfort, Ky.—The Southern Industrial Development Council, meeting in Austin, Texas, judged the Kentucky Department of Commerce's new Kentucky Industrial Information Guide as best of its class in the Council's annual publications competition. Other awards won by the Kentucky department were for the Kentucky Directory of Manufacturers, the News Digest, and a General Plan for Jackson, Kentucky. Commissioner Katherine Peden of the Kentucky department was elected to the board of directors of the Council.

A work-study program is available to those who need financial aid to stay in vocational education, the State Education Department says.

WE ALL MAKE DECISIONS . . .

In elections, in business, the matter of living out our lives — each of us is required to make decisions, to choose, hopefully, for the better if not for the very best.

The choices we make in building a home—in planning it, selecting a site, determining its size and the shape it will take, the materials that are to go into it to stand the stresses and strains, the wear and tear of time and use and climate . . . these are among our most important decisions.

For that home or business of yours we submit that we offer those materials which will stand the most rigorous test. Let us help you make the right choice.

HARD OF HEARING?

READ THIS

October 20, 1966

West Prestonsburg, Ky.

DEAR BELTONE HEARING AID CENTER—

After suffering with shingles for the past four years I have steadily been losing my hearing. Being saved 60 years ago I have lived a Christian life and placed my faith in the Lord. Recently, I have prayed to God for my hearing again—and the hearing aid was my answer. It is almost impossible for me to speak my heart and say what a blessing it has been. I now enjoy my church, my neighbors, my friends like I used to.

My advice to anyone having a hearing problem — don't put it off another day, enjoy your life while you can.

**Hunting on Property
Of State Parks Banned**

Frankfort, Ky.—A new regulation prohibits hunting on property owned, leased or under the control of the State Parks Department, Commissioner Robert Bell has announced.
Some hunting infractions were reported at state parks in the past, and the regulation was ordered for reasons of safety to campers, hikers and park visitors, Bell said.
The regulation prohibits the use of firearms on any property owned or leased by the Parks Department, except for official use by state, federal or other police officers or Parks Department employees.

**DEER SEASON
ENDS SUNDAY**

**Only Antlered Deer
May Be Hunted Here;
Open Counties Listed**

Kentucky's five-day gun deer hunting season began Wednesday and will continue through Sunday, Nov. 13, with a total of 68 counties open. In addition, six other counties, opened to deer hunting for the first time, will have a one-day season on Nov. 12.

In 36 counties in west and west central Kentucky either sex deer may be taken and in 32 counties in the east, northeast and southeast region only antlered deer, with antlers at least three inches long, may be taken. Only one deer may be taken per hunter in the archery and gun season combined and after a hunter has harvested his deer he may not assist a friend in hunting.
In Knox county a one-day season has been set for Nov. 12 with antlered deer only being legal, but in Allen, Boyle, Clinton, Henderson and Russell counties, the one-day, Nov. 12, has been set and either sex deer may be harvested.

In addition to the counties listed herewith controlled deer hunts on different dates will be held on the Fort Knox, Fort Campbell, Camp Breckinridge and Bluegrass Ordnance military reservations and on a number of public hunting areas operated by the state.
Last year gun hunters in Kentucky harvested an estimated 5,980 deer during the five day season and with additional territories opened this year the total take is expected to be increased if favorable hunting conditions prevail.

The counties open: Antlered deer only (minimum antler three inches), Lewis, Greenup, Fleming, Rowan, Carter, Elliott, Bath, Menifee, Morgan, Johnson, Magoffin, Powell, Wolfe, Estill, Lee, Breathitt, Floyd, Knott, Letcher, Rockcastle, Jackson, Owsley, Perry, Pulaski, Laurel, Clay, Leslie, Wayne, McCreary, Whitley, Bell, Harlan and for Knox county a one-day season, November 12. Either Sex Deer (five full days), Livingston, Lyon, Trigg, Crittenden, Caldwell, Christian, Union, Webster, Hopkins, Muhlenberg, Todd, Logan, Daviess, McLean, Ohio, Butler, Warren, Hancock, Grayson, Edmonson, Barren, Monroe, Breckinridge, Meade, Hardin, Hart, Metcalfe, Cumberland, Bullitt, Nelson, Larue, Marion, Taylor, Green, Casey, Adair and new counties for one-day only, Nov. 12, Henderson, Boyle, Russell, Clinton and Allen.

Regulations pertinent to deer hunting follow.

Hunter must have on his person a valid hunting license and a deer hunting permit, cost of which is \$10.50 for either resident or non-resident. The metal clip from the deer permit must be affixed to the hind leg of the killed deer just above the hock immediately after it is killed and must remain on the deer during transportation.

Hunting will be permitted in daylight hours only, and a hunter under 18 years of age must be accompanied by an adult.

Rifles of .243-caliber or larger may be used, but fully automatic rifles are barred. Full jacketed military ammunition or tracer ammunition may not be used and muzzle-loading rifles of .33-caliber or larger may be used. The Army M-1 carbine is barred due to low muzzle velocity. Shotguns, 20 gauge to 10 gauge, may be used with slug ammunition only. Buckshot are illegal in deer hunting.

No dogs may be used in deer hunting and deer may not be taken by use of boats, or other vehicles or by use of domestic animals, nor may they be taken while swimming in a stream or body of water.

Hunters are required to wear orange or yellow clothing.

NOTICE

Notice is hereby given that Langley Gas, Inc., of Langley, Kentucky, did on the 9th day of November, 1966, file with the Public Service Commission at Frankfort, Kentucky, application to adjust its retail rates.

The new rates sought by the company are as follows:

First 1 MCF at \$2.30; next 29 MCF at .80; next 570 MCF at .75; all over 600 MCF at .55. Minimum monthly bill, \$2.30.

The foregoing rates will become effective upon order of the Public Service Commission.

A public hearing upon the foregoing application has been set before the Public Service Commission on the 5th day of December, 1966, at 3:00 p.m. EST in the Commission Office at Frankfort, Kentucky.

**Lewis and Old Band
To Feature Festival
At Pikeville College**

Pikeville College will serve as host to approximately 60 school bandsmen on November 11, 12 and 13 as they assemble to participate in the Pike County Band Festival.

These students representing 10 high schools will rehearse under the direction of Prof. John Lewis, of Ashland.
In 1927 Professor Lewis and the Pikeville Academy Band represented Kentucky at the National Music Contest in Council Bluffs, Iowa, where they were honored by receiving one of the highest musical awards in the United States.

The Pike County Band Festival is an attempt to recreate this band and to honor Professor Lewis for his outstanding service to the Eastern Kentucky youngsters.

The festival's activities will culminate with a final concert on Sunday afternoon, November 13, at 3 p.m. in Faith Chapel on the Pikeville College Campus.

This program will include those music selections performed by Professor Lewis and the Pikeville Academy Band in Council Bluffs almost 40 years ago.

**Walter D. Howard, 49,
Dies Suddenly, Sunday**

Walter Davidson Howard, 49, son of Mrs. Walter Van Landingham, of Miami, Florida, and the late Dr. Grover L. Howard, died suddenly Sunday of a heart seizure at the home of his mother.

He was the grandson of the late Walter S. and Josephine Davidson Harkins, of Prestonsburg. He was a veteran of World War II and was a member of the Methodist Church.

Surviving, besides his mother, are his wife, Sonja, and a son, Russell Howard, both of Miami, Florida, and one brother, Grover L. Howard, II, of New Orleans, Louisiana.

Funeral services were conducted Tuesday at 3:30 p.m. at the Combs Funeral Home in Miami.

**Caterpillar Survey
Made In State**

Frankfort, Ky.—A survey has begun to determine the extent of the Eastern tent caterpillar problem in the state. Kentucky Natural Resources Commissioner J. O. Matlock reports that teams from the U. S. Forest Service and the state division of forestry are checking cherry and apple trees in 30 Kentucky counties "to determine the existence of egg masses." Matlock said the survey will determine in what areas the insects exist, which areas have been most heavily damaged, the intensity of the insects in each area and what natural controls, are present.

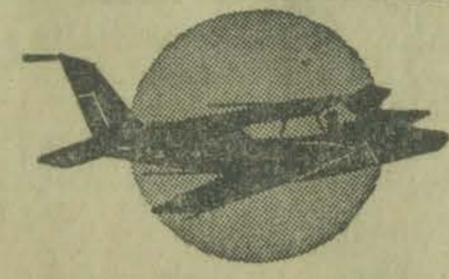

**Governor Breathitt
Names Members**

Frankfort, Ky.—Governor Edward T. Breathitt has named three new members to the State Water Pollution Control Commission. He announced that the commission will conduct public hearings next month on water standards. Appointed to the commission are Andrew Broaddus, former Louisville mayor; Fred Bullard, Lexington, executive secretary of the Kentucky Coal Association; and George Milne, a Calvert City industrialist. Breathitt said the hearings would be held in Frankfort to give citizens "a voice in establishing state standards under the new federal Water Quality Act."

BLACK CATS END SEASON WITH WIN AT PAINTSVILLE

The Prestonsburg Black Cats closed their season with a victory over arch-rival Paintsville for the first time in eight years. The game was a thriller to the very end as the final score was 15-14.

The first quarter was scoreless but in the next quarter, Mark Miller got the Cats rolling when he connected with Larry Mann on a 46-yard pass play. John Clark's conversion attempt was no good.

The Cats' strong defense held the Tigers scoreless in the first half.

Paintsville came alive in the third quarter and the game was nip and tuck from there on.

Harold Taylor scored for the Tigers on a 22-yard run. Taylor's extra point put Paintsville ahead, 7-6. John Clark climaxed the game with a 37-yard field goal, making the score 9-7 in the Cats' favor at the end of the quarter.

In the fourth quarter, Harold Taylor came through for Paints-

ville once more as he galloped 42 yards for the score. Taylor's conversion was good. This put Paintsville ahead, once more.

Bennett Leslie ended the game when he scored from one yard out for the Cats with only one minute remaining in the game.

WINS THREE AWARDS

Frankfort, Ky.—The Kentucky Department of Public Information won three awards in the 1966 competition of the American Federation of Advertisers Region 5. The competition drew 1,200 entries from the region, composed of Kentucky, Ohio and West Virginia. Of the seven entries by the Kentucky department, it won awards in outdoor billboards, magazine advertising and specialty advertising. Commissioner Cattie Lou Miller accepted the awards won by the Kentucky department at the Federation's annual meeting recently at Columbus.

NOW \$15,000
ON DEPOSITS IN THIS BANK**

The long-familiar \$10,000 limit on Federal Deposit Insurance for deposits maintained "in the same right and capacity" has now been increased to \$15,000.

This new \$15,000 coverage has been put into effect automatically at this bank on all savings account, checking accounts, certificates of deposit, and all deposits which are legally and properly covered by this Deposit Insurance protection. It will apply to new accounts, and to additions to present accounts up to \$15,000.

Thus you may have an individual account covered to \$15,000, a spouse may have a similar account also insured to \$15,000, both may have a joint account insured to \$15,000, either or both may have accounts as executor or trustee of an estate, and in fact every account held in a different "right and capacity" will be insured to the full \$15,000.

Your bank pays for this insurance protection, which supplements our sound management policies in providing protection for your deposited funds. We are happy to furnish this safeguard, and this higher amount of coverage, to our depositors.

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT

Floyd Federal Savings and Loan Association, Prestonsburg, Ky., Plaintiff, and Ashland Oil & Refining Company, Ashland, Ky., Intervenor
Against // NOTICE OF SALE
Michael D. Brown and Beatrice Brown, Defendants.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the September term, 1966, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 14th day of November, 1966, at 10:00 o'clock, a.m., same being the first day of the regular November term of the Floyd Circuit Court, upon a credit of six months the following described property to-wit:

"Beginning at the corner of Kentucky State Highway No. 821 and the land of Luther Messer; thence with the line of Luther Messer to Stone Coal Creek; thence with Stone Coal Creek 50 feet downstream to the line of Joel Martin; thence with the line of Joel Martin 50 feet to Kentucky State Highway No. 821; thence with said highway to the point of the beginning.

Said tract is more particularly described in that certain deed of conveyance from Josephine Brown, widow, by deed dated May 29, 1964, and recorded in Deed Book 185, Page 248, and being an interest in the same land inherited by Michael D. Brown as evidenced by affidavit of descent dated May 29, 1964, recorded in Deed Book 185, at Page 247, Floyd County Court Clerk's office.

Said land and improvements are situated in Garrett, Floyd county, Kentucky.

Privilege is given the purchaser to pay the purchase price in cash without executing bond, or to pay the purchase money at any time before maturity.

All taxes and assessments due in the year 1964 and thereafter, if any, shall be assumed and paid by the purchaser.

The amount of money to be raised for the Plaintiff, Floyd Federal Savings and Loan Association by this sale shall be in the principal sum of \$1,977.90, with interest thereon at the rate of 6% annually from the 22nd day of September, 1966, until satisfied and the costs of its action.

The amount of money to be raised by the Intervenor, Ashland Oil & Refining Co., by this sale shall be in the principal sum of \$627.72 with interest thereon at the rate of 6% annually from the 22nd day of September, 1966, until satisfied and the costs of its action, and the costs of advertising this sale and the fees and commissions for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 19th day of October, 1966.

CASSIE J. ALLEN
Special Commissioner
Floyd Circuit Court

APPROVES GUARDRAILS

Frankfort, Ky.—Highway Commissioner Henry Ward has approved installation of median guardrails at two dangerous locations on Interstate 75 in Kentucky.

CUCUMBER GROWERS TO GET TOP PRICES NEXT YEAR

Farmers in many areas of Kentucky can add to their income next year by growing cucumbers to be processed into pickles, says Hubert W. Davis, UK Extension Service vegetable specialist. Cucumber growers who do a good job in 1967 may gross as much as \$1,500 an acre.

This is not a new crop for Kentucky, Davis points out. Farmers in this state have been growing cucumbers for sale to pickle processors for several years. But increased demand for this product and labor problems in other production areas will make cucumber-growing even more profitable in Kentucky next year. Processors are expected to pay some 20 percent more for cucumbers in 1967 than in 1966.

"This won't be just a single-year opportunity," he emphasizes. "This crop can be developed into an industry that will serve an area for many years. Growers are learning more each year about how to boost yields. With improved cultural and management practices and improved seeds, cucumbers could become the highest yielding vegetable crop grown in Kentucky, in terms both of return per dollar invested and return per man hour of labor."

The average cost of producing an acre of cucumbers is about \$35 to \$50 out-of-pocket expense and about 300 man hours of labor. In the past, this crop has been harvested with hand labor, but a few Kentucky growers are now using harvesting aids. On a few farms last year, pickers rode a tractor-drawn platform and harvested the entire cucumber crop without stooping or walking. As more harvesting equipment is developed, labor requirements per acre probably will be lowered.

Growing cucumbers has several advantages for the farmer, Davis notes. This crop need not replace any other cash crop grown on the farm but can be used to supplement farm income. Since it only ties up land for about 12 weeks, the land can be used for some other crop after the cucumbers are harvested. And, in many cases, cucumbers can be grown using only family labor.

Kentucky cucumbers are grown under contract to a Louisville processor. Enough cucumbers must be grown in a given area for this company to set up a receiving station there. However, many new production areas could be developed in Kentucky without threatening prices, Davis says.

Before 1963, most growers viewed this crop as a means of increasing the farm income by a few hundred dollars and of supplying children with a summer job. But, since then, many growers have produced \$800 to \$1,000 per acre with some of the top yields reaching \$1,200 to \$1,400. This increased income has come mostly from improved management and cultural practices. With the 1967 price increase, top growers may sell \$1,800 to \$2,000 worth of cucumbers next year.

"Nationally, cucumbers rank third in total tonnage and fifth in total value among those vegetables produced for processing. Growing cucumbers for processing can be an important step toward the development of a prosperous horticulture industry in Kentucky," according to Davis.

"According to an old saying, 'nothing succeeds like success.' Success with growing cucumbers commercially will help attract more outside interest. And processors and fresh market buyers will be looking toward Kentucky as vegetable production needs climb."

New Geologic Map Of Floyd-Co. Area

Publication of two new geologic maps depicting portions of Floyd, Lawrence and Martin counties was announced this week by Dr. Wallace W. Hagan, state geologist and director of the Kentucky Geological Survey at the University of Kentucky.

The new maps are of the Martin Quadrangle, an area of 60 square miles in Floyd county, and the Milo-Webb Quadrangles, which include sections of Lawrence and Martin counties.

Both were published as part of the statewide mapping project now being conducted cooperatively by the Kentucky and United States Geological Surveys. They include geologic diagrams and explanations, structural information, and summaries of the areas' mineral resources.

Data for the Martin map was compiled by C. L. Rice, while that for the Milo-Webb map was assembled by E. C. Jenkins.

The maps show mine openings, prospects and structure contours, and trace portions or all of the outcrop of numerous coal beds. Other resources of the two quadrangles include natural gas, oil, clay, shale and sand.

Copies of the new maps, priced at \$1.13 each, may be obtained from the Kentucky Geological Survey, Mineral Industries Building, University of Kentucky, Lexington 40506.

For more information on acreage, marketing and organization of a production area, visit your county Extension office or write to Hubert W. Davis, Extension specialist in horticulture, Agricultural Science Center, University of Kentucky, Lexington, Ky. 40506.

NEGROES APPOINTED

Frankfort, Ky.—Governor Edward T. Breathitt has named the first Negro ever to be appointed to the five-member Kentucky Board of Hairdressers and Cosmetologists. She is Mrs. Willa Carter, a Louisville beautician who has operated her own shop for 17 years. Her term will expire July 1, 1968. The board is the regulatory agency for all hairdressers and cosmetologists in the state.

BURLEY CROP DOWN IN KENTUCKY

Frankfort, Ky. — Kentucky's 1966 burley tobacco crop is expected to produce 371.3 million pounds, about six percent below production in 1965, according to the Kentucky Crop and Livestock Reporting Service, Kentucky Department of Agriculture. The yield is estimated at 2,350 pounds per acre — about 190 pounds more than the 1965 per acre yield.

COLEMAN REAPPOINTED

Frankfort, Ky.—Governor Edward T. Breathitt has reappointed Dr. Robert M. Coleman, of Hopkinsville, to the State Human Rights Commission. He also named to the Commission C. Hunter Green, of Louisville, to succeed the Rev. Thomas Francis, formerly of Henderson, who resigned, and Zirl A. Palmer, a Lexington pharmacist, to replace Frank Stanley, Sr., whose term has expired.

This new \$15,000 coverage has been put into effect automatically at this bank on all savings accounts, checking accounts, certificates of deposit, and all deposits which are legally and properly covered by this Deposit Insurance protection. It will apply to new accounts, and to additions to present accounts up to \$15,000.

Thus you may have an individual account covered to \$15,000, a spouse may have a similar account also insured to \$15,000, both may have a joint account insured to \$15,000, either or both may have accounts as executor or trustee of an estate, and in fact every account held in a different "right and capacity" will be insured to the full \$15,000.

The First National pays for this insurance protection, which supplements our sound management policies in providing protection for your deposited funds. We are happy to furnish this safeguard, and this higher amount of coverage, to our depositors.
