by poverty workers. The number of Catholic families in Floyd county is not five. Martin, Ky. has a large, well-attended Catholic Church, a school (children of many religious faiths attend this school with Catholic children), a hospital now operating, and a new, modern hospital under construction. As implied in the anticles, religious bigotry is not practiced in Floyd county. If at all, it is a rare exception rather than a general rule. From the above record, the most skeptical must conclude

much good for Floyd countians. In reference to the statement, 'Children eat coal to satisfy a nutirtional deficiency," I would remind Floyd countians when and where this statement was first used. During the early 1960's, at the time of the bitter labor dispute between coal operators and miners, clothing, food etc. was shipped into Floyd and surrounding counties by unknown donors. In this "poverty assistance" were bundles of "The Worker," the official propaganda organ of The Communist Party U.S.A. In one issue of this "hate sheet" was an article which I quote in essence: "While the starving children eat coal to satisfy their hunger the rich operators live in comfort in their fine brick homes." This is a classic example of the art of promoting class hatred and class warfare.

It is not necessary to quote the misleading statistics concerning illiteracy, internal parasites, unemployment and malnutrition, or to comment on the photographs depicting Prestonsburg, Ky, as a poverty stricken mountain village; therefore, I respectfully submit the following suggestions and observations for the future guidance of week-end poverty workers' use when dealing with the people of Appalachia and their problems:

1. An individual who cannot resolve his own "inner conflict" is unqualified and unsuited to advise others concerning their problems.

2. Commuting, week-end poverty workers cannot possibly understand the problems or the philosophy of the people of Ap-

palachia. 3. Those physically able to work should not be "rewarded" for their unproductivity. This practice destroys the individual's incentive to seek gainful employment and will further the present governmental trend to-

ward the "welfare state." 4. A citizen of this Republic is economically responsible for his own welfare and morally responsible for his transgressions.

5. Class hatred and religious bigotry should not be taught or insinuated where none exists.

6. The theory of taking from the "haves" and giving to the "have-nots," or "penalizing" the industrious and "rewarding" the unproductive, is Com munism-Socialism. It is an alien ideology opposed to the principles of the

free enterprise system. 7. Our constitutional concept of government is unique in all history. Contrary to governments based on the principle of "freedom to its subjects as is permit-

HENRY WARD REALLY SAYSII

The false rumors you've heard—here is the TRUTH!!

Other candidates for governor have tried to deceive the people with false statements about what Henry Ward stands for.

Here are his quoted statements on issues of the day.

ABOUT NEW PROGRAMS: "We must move ahead boldly in industrial development . . . in promoting our agricultural economy . . . in developing tourism . . . in highway construction and traffic safety . . . in crime prevention . . . in providing improved educational opportunities for our people."

ABOUT TAXES: "A competent and thrifty administration can maintain and even expand the present level of services without any new or additional taxes."

ABOUT FRESH AIR IN GOVERNMENT: "Bringing in 'fresh air' means bringing in young people with young ideas. And we should give these young people and their young ideas a chance to prove themselves."

ABOUT SPECIAL INTEREST GROUPS: "Responsible state government requires fairness . . . not favoritism."

HENRY WARD IS A MAN YOU CAN BELIEVE

Soil Conservation News By HAROLD R. WALLACE Soil Conservationist

How many different kinds of soil do you think there are in Floyd county? Well, there are 103. In Kentucky there are 800, and in the United States as a whole there are 70,000 different

"Each soil has its own distinctive traits of characteristics. To make wise and intelligent use of the land, it's best to know what kind of soil we are working with. Some soils, for example, can be used safely and productively for cultivated crops. Some

"Some soils will support a lousing development or a ractory. Others won't. On some house lots, the soil will filter sewage from a septic tank. On others the soil won't."

To find out about proper uses of soil for both rural and urban residents, SCS soil scientists survey 50 million acres a year. Their reports are used by farmers. They're also used by planning commissions, zoning boards, architects, builders, developers, school boards, health departments, tax assessors and highway departments.

When you look for the most room and the smoothest ride and the best value, you'll end up with a Chevrolet wagon everytime.

Top left: Chevy II Nova Station Wagon. Foreground: Chevrolet Impala Station Wagon. Top right: Chevelle Malibu Station Wagon.

Chevrolet Impala, roomiest in its class. While extra Mono-Plate rear suspension to smooth the ride is roominess is perhaps the best reason for buying a Chevrolet wagon, consider, also, these bonuses: Body by Fisher, Chevrolet dependability, flush-and-dry rocker panels and Magic-Mirror finish. Chevelle Malibu, smoother, quieter ride. A Malibu not only gives you a Full Coil suspension ride, but the body mountings are double-cushioned. And Chevelle carries plenty. It opens wide. 54.6 inches, to be exact, 28.5 inches high. Flip the second seat down and you've got 86 cubic feet of cargo space for all your gear. Chevelle was built to take a lot. Chevy II Nova, best equipped for the money. All-vinyl upholstery is standard. Flush-and-dry rocker panels that clean themselves are standard. FOR FLOYD COUNTY

~~~

No public officer develops a more open record than does a member of the Legislature. The service of Bill Reynolds in and out of the State Legislaure is truly a succession of accomplishments, one after the other, for Floyd county and his people.

Here are only a few:

PROGRESS IN EDUCATION

- Leader in the development of the Community College now 600 young people receiving college training-with plans for three new buildings for 1,500 students.
- Bill Reynolds started the movement and saw to its conclusion the building of the Garth Vocational School offering vocational training for adults and high school students.
- Retarded school children program, supported by Bill Reynolds, was brought into the regular school system, with the advantage of the use of public money rather than begging funds by solicitation.
- Bill Reynolds has supported progress for education on all levels.

PROTECTION FOR SPORTSMEN

Bill Reynolds led a four-hour fight on the floor of the House of Representatives successfully saving the fish and game clubs from being taken away from the sportsman.

JOB OPPORTUNITIES

Bill Reynolds helped in securing the sewing factory in Floyd county. Through his persuasion emergency funds of the state were obtained to train workers required by the company.

ROADS

1/沒//沒/過1/20

Through legislation sponsored and supported by Bill Reynolds, Floyd county received \$320,000 in additional rural road funds during the last four years.

Education for young and old, greater job opportunity, emphasis on rural roads, are only a part of the Programs for Progress accomplished and which can go forward with Bill Reynolds' seniority and experience in the Legislature.

Bill Reynolds in two terms supported more funds and wider coverage than ever before to increase the payments to the old-aged, dependent children and needy blind.

A vote for Bill Reynolds for Representative now is a vote for Floyd county to move ahead.

TAX COMMISSIONER

I'm appealing to the people of Floyd county for your vote to elect me for Clive's last two years of office. Neither Clive nor I had anything to do with this new 100% assessment. On June 8, 1965, the Kentucky Court of Appeals ruled that, beginning Jan. 1, 1966, each property owner must list his taxable property at 100% value.

The Tax Commissioner is subject to a fine, if he or she fails or neglects to do his duty in listing properties at their 100% value.

REPUBLICANS

Tuesday, May 23rd, is the day. Tuesday, Nov. 7, 1967, will be the final blow to the present Grasshopper Administration.

We are asking all Republicans to join us now, back the entire Louie B. Nunn team, come Tuesday, May 23rd.

You see almost daily on TV and read in the papers about marches, march for this, march for that.

The greatest march that has ever been staged anywhere, any time will be November 7. We invite all to join us in this march. We will march with Louie B. Nunn and all his team-NOT ON FRANK-FORT, but TO FRANKFORT.

You saw in the papers where Henry Ward said he intended to get rid of the DEADWOOD. Who hired the deadwood?

We don't want to say too much about the GRASSHOPPER AD-MINISTRATION. Just listen and read what Chandler and the other candidates tell us about this administration. They know the facts and are telling you daily.

HENRY WARD For GOVERN

Henry Ward has always been a great booster and hard-working friend for Floyd county.

What other candidate for Governor can match these accomplishments for Floyd county?

1. JENNY WILEY STATE PARK: Henry Ward as Commissioner of Conservation started Kentucky's modern system of parks. Henry Ward made Jenny Wiley a state park. As a member of the Park Board he worked with Gov. Bert Combs to build and expand Jenny Wiley State Park into Kentucky's second largest park. This has meant much to Floyd county. He also promoted new programs in forestry, flood control and tourism.

2. MOUNTAIN PARKWAY: Serving as Highway Commissioner under Bert Combs as Governor, Henry Ward was the guiding director in the construction of the Mountain Parkway. This Parkway has been the greatest breakthrough into our county and Eastern Kentucky. One candidate opposing Henry Ward said that the Mountain Parkway "started nowhere and went to nowhere." We believe the people of Floyd county will remember this callous remark and vote for Henry Ward for Governor because he stayed with us.

3. RURAL ROADS: Henry Ward, as Highway Commissioner, developed and expanded the Rural Road Program. Henry Ward working with Gov. Bert Combs started the Rural Road Co-Operative plan, whereby county and state units could work together to build more and better Rural Roads. Under this plan Floyd county has built more and better Rural Roads than in any period in our history. As Governor, Henry Ward will continue this program and will fully cooperate with our county government to build the best Rural Roads possible for all our people.

Henry Ward has been Kentucky's greatest road builder. As Governor he will continue to be Floyd county's Road Building Friend.

GOOD ROADS — NEW INDUSTRY — TOURISM — EDUCATION — FORESTRY —FLOOD CONTROL.

FLOYD COUNTY NEEDS THESE AND OTHER PROGRAMS.

FOR REPRESENTATIVE. 96th DISTRICT

Due to slander my opponents are using, I want the people to know that I had no part of this new Tax Law. This Law was enacted in 1963-1964. If you remember, I was defeated by Mr. Fred Gearheart and was not a member of the General Assembly at that time. I understand Mr. Gearheart opposed this bill.

Why send a man to Frankfort who is interested in nothing but pin ball machines and gambling when you have a working man?

AGAIN I WILL SAY, A MAN'S RECORD SPEAKS LOUDER THAN WORDS:

I wish every person in Eastern Kentucky could check my record.

I have a 100% record for Labor and Education. I fought hard for our Prestonsburg Community College, our Miners' Hospitals, Old Age Pensions, increase in Teachers salaries, Veterans Bonus Bills, bills to help our needy children and all other bills that would help our people in Eastern Kentucky. I have a 100% record for all these bills.

I cannot be persuaded to go against the people I rep-

I promise you if you will elect me, I will still do everything in my power to help the people I represent, as I have done in the past.
