> need of physicians." Under this plan, a student may borow up to \$2,500 per year by contracting to practice in either a "critical" Health Service in an approved area. One year's loan is waived for each year of such practice. The four students are Charles Glyndon Click and Charles Edward Crace, both of Berea; Rodney Kent Bates, Hazard; and Glenn R. Womack, Louisville.

The 10 "critical" counties selected for 1967-68 on the basis of information supplied by the Kentucky Medical Association and the State Board of Health are Knott, Jackson, Crittenden, Metcalfe, Powell, Meade, Estill, Mc-Creary, Rockcastle and Leslie. Semi-critical areas selected are Owsley-Breathitt, Wolfe-Magoffin, Bracken-Robertson, Cumberland-Clinton, Butler-Edmonson, Lewis, Carter, Lincoln, Martin, Owen,

Fifteen renewal applications of upper classmen were also approved at the board meeting. As an incentive to physicians entering practice for the first time. the Fund will lend them \$2,000, forgiving \$500 per year in a critical county and \$250 per year

in a semi-critical area. The Board also approved a new team concept whereby the Fund will grant a \$2,000 loan to a two-physician team planning to establish practice in approved areas where the ratio is less than one physician to 6,000 inhabitants. The forgiveness features of the critical or semi-critical counties would also apply in this program. The Fund would enter into an individual agreement with each physician and would not become involved in the team contact.

Dr. Howard said that the board is particularly appreciative of the continued interest and support of Gov. Edward Breathitt, Health Commissioner Russell Teague and the Kentucky General As-

The Story Taxes Our Credulity

But for the reputation of Kyle Vance as a factual reporter who does not have to resort to sensationalism to satisfy his newspaper, we would be skeptical of a part of his story published in The Courier-Journal this week telling of the difficulties met by the Beth-Elkhorn Coal Company in its attempt to close old mine openings in Eastern Ken-

Believing came easy on these parts of the story which told of landowners refusing to permit closing of the abandoned workings because they wanted water from the mines, or coal, or shelter for livestock, or even seclusion for a moonshine

But this bit about fathers and mothers wanting these death-traps kept open as places for their children to play in—this is almost incredible. Such abysmal ignorance and callous indifference to the safety of children is shocking.

The truth of the matter is, we don't want to be-lieve this of an Eastern Kentuckian. But Mr. Vance's story was painstakingly authenticated; we

accept it as true. Such being the situation, and the coal company facing strong opposition in its laudable effort to close these mine openings, the state and federal governments should take an active hand in the matter. Laws against water pollution are on the books. Coal companies often are their prime targets. Now that there is a company which of its own initiative would seal off these mine openings as sources of water contamination, not to mention their existence as threats to the lives of human beings, the full power of state and federal authority should be thrown into action in support of Beth-Elkhorn.

Will you pay the price of a Cadillac...and not get one?

Literally thousands of people are driving cars that cost as much as a Cadillac-yet provide far less in motoring satisfaction, distinction and lasting value. A few minutes with an authorized Cadillac dealer and a few miles at the wheel of a Cadillac can prevent you from making this unnecessary compromise. The fact is, if you're planning to buy in the medium-price range, an investigation could show

generally acknowledged that a Cadillac holds its value so well that it actually costs less to own than many lower priced cars. Right now, your authorized dealer has a fine selection of models and colors-with all the advanced engineering, superb performance and many safety features that make a Cadillac a Cadillac. Every year you wait is costing you its price in personal pleasure and satisfaction. that you are very close to a Cadillac in cost. And it is Why not see your Cadillac dealer before the week is out?

Heading the gripe section is the subject of taxes. Our obsession with this necessary evil is reminiscent of the woman who drove with her young son to a service station and asked for a tire check. Before the attendant could comply with her request, the boy jumped from the car and

said he would check the tires. "You get back in this car, this minute!" the woman stormed. 'What do you think we pay gasoline taxes for?"

MY FELLOW FLOYD COUNTIANS:

Practically every Democratic voter in this county knows that I was born and reared, educated in the fine Floyd county schools, and hold the AB and MA degrees from Morehead State University.

Because I have experienced "below the table politics," in my race for RAIL-ROAD COMMISSIONER, I

have spent a lot of money on attorney fees to prove to the FRANKLIN CIRCUIT COURT at FRANKFORT, that one of my opponents was running a "dummy" candidate against me with the name of "LEE LEW ALLEN," and it was ruled by court action that his name must be changed on all of the Democratic Primary Ballots of the 44 counties, as LEE LEW-ALLEN, OF HAZARD, KENTUCKY. CERTAINLY THIS WILL CAUSE OUR COUNTY CLERKS A LOT OF TROUBLE, BUT BELIEVE IN "CALLING A SPADE A SPADE." THIS IS THE SAME PHILOSOPHY THAT MANY OF YOU DEDI-CATED, HARD-WORKING PEOPLE FEEL. I HAVE A BET-TER UNDERSTANDING OF THE STATEMENT OF A GREAT STATESMAN WHO ONCE REMARKED, "I WOULD RATHER BE RIGHT THAN BE PRESIDENT.

I am an educator and was unopposed for the office of President-elect of the Eastern Kentucky Education Association. As an elementary principal I am teaching citizenship and character to the youth of Kentucky today. Because of my honesty, sincerity, and being marked as one that will "call them as I see them," I WAS ENDORSED BY THE BROTHERHOOD OF RAILROAD TRAINMEN, I AM THE FIRST EDUCATOR EVER ENDORSED BY THIS ORGANI-ZATION OF THOSE SEEKING THE OFFICE OF RAIL-ROAD COMMISSIONER. TWO OF MY OPPONENTS HAVE WORKED WITH THE RAILROADS. THIS WAS ONE OF THE GREATEST COMPLIMENTS EVER GIVEN TO ME; AND, BELIEVE ME, MY FLOYD COUNTY FRIENDS, I WON'T LET THEM DOWN, IF A VOTE HAS ANYTHING TO DO WITH DISCONTINUANCES OF RAILROAD FACIL-ITIES AND PASSENGER SERVICE.

I have written every high school class president stressing the importance of registering Democratic. I believe the registration in Floyd county when the books were closed was to 1 Democratic. My interpretation of this is simply this: Every good thing has come out of a "Democratic administration.

PLEASE CUT THIS OUT AND TAKE TO THE POLLS

with you Tuesday. I am the only candidate from the

Appalachia's Future Bright, Hayes Predicts At Pippa Passes Meet

Pippa Passes, Ky. — Approximately 125 members of the Council of the Southern Mountains beard Alice Llevel Coll heard Alice Lloyd College President William S. Hayes predict a

bright future for Appalachia, Hayes said that in 20 years many of the problems of the area will have been overcome. 'But does Appalachia really want to catch up with the progress of urban America?" he asked. "Perhaps the congestions of the city is not the ideal to which we should strive. Perhaps the development of attractive. small towns, reminiscent of America a few years ago, should be our goal. In such an environment there is a lack of tension, a quiet taste, a friendliness that may attract people and businesses tired of urban congestion.'

Included on the program with President Hayes was a panel of youths from Alice Lloyd College, Southeast Community College and Breathatt County high school. The eight students discussed their roles in the development of Appalachia and agreed that young people must remain in the region if it is to progress

The Council meeting ended in the afternoon with a program of folksongs moderated by Raymond McLain, of the Hindman Settlement School.

FOR REPRESENTATIVE. 96th DISTRICT

Due to slander my opponents are using, I want the people to know that I had no part of this new Tax Law. This Law was enacted in 1964-1965. If you remember, I was defeated by Mr. Fred Gearheart and was not a member of the General Assembly at that time, I understand Mr. Gearheart opposed this bill.

Why send a man to Frankfort who is interested in nothing but pin ball machines and gambling when you have a working man?

AGAIN I WILL SAY, A MAN'S RECORD SPEAKS LOUDER THAN WORDS:

I wish every person in Eastern Kentucky could check

I have a 100% record for Labor and Education. I fought hard for our Prestonsburg Community College, our Miners' Hospitals, Old Age Pensions, increase in Teachers salaries, Veterans Bonus Bills, bills to help our needy children and all other bills that would help our people in Eastern Kentucky. I have a 100% record for all these bills.

I cannot be persuaded to go against the people I rep-

VOCATIONAL-TECHNICAI BUILDING TO SET RECORD IN '67

VOCATIONAL SCHOOL CONSTRUCTION PUSHED-Governor Edward T. Breathitt has announced that bids will be opened before mid-summer for construction of this classroom addition to the state's Northern Kentucky Vocational School at Covington. The new three-story brick building, as pictured in the architect's drawing, will have a one-story connection to an existing administration and classroom building. Breathitt said allocations of 1965 bond issue money matched by Federal funds will pay for this addition and additions at six other existing vocational schools in Kentucky.

IF ELECTED REPRESENTATIVE OF THE 95th DISTRICT

- I will represent the people, not any company of any kind, gas or otherwise.
- I will not vote myself a raise in salary, as did my opponent.
- If I vote any salary raise it will be for teachers, who are very deserving of a raise.
- I will never cross a picket line, as my opponent has done during recent strikes.
- appeal to all young people with whom I grew up with, and played basketball with, for their vote and support.

P.S. And as far as Hoss Halbert is concerned, he must still be holding a grudge for all the beatings Wayland handed him in '54-'55-'56.

DECLARED

The taxpayers of Floyd county and the State of Kentucky have declared political war upon the Breathitt administration and the 100, 200, 300, and 400 percenters and upon those politicians supporting the candidacy of Henry Ward, the administration candidate. Percentage-wise, many of the tax bills exceed 400 percent over the last few years.

The day of the Kingmakers has gone and passed forever. About 2,000 years ago Christ was betrayed and crucified, nailed to a cross with a crown of thorns upon his head, and left there to linger, suffer and die for the sins of the world but He has arisen, and He is now among us watching over us each day. In a sense, the taxpayers have been crucified by higher and higher taxes, and if we don't wake up, the next effort will be to nail the taxpayers to a cross with a crown of thorns upon their heads and left there to do the best they can.

The taxpaying public is now aroused as never before, and on May 23, 1967, they will be able to go forth in great numbers and do something about these deplorable conditions now existing. The people only have an opportunity every four years to rid themselves of some of the sins that have been heaped upon them. You will soon have an opportunity, if you desire to right some of the wrongs to which you have been subjected, and if you are not willing to do so, keep on voting as you have in the past, and when the time comes around to pay your taxes do not complain, just grin and bear it, you had it coming to you.

If the politicians and job holders, including state employees, had your welfare at heart as much after the election as they do before, it would be a great day, but the chances are you will not see them until the next four years, at which time they will reappear, seeking your help in the next campaign in order that they may retain their positions or jobs, but you who do the helping get nothing in return.

The public in general should support the candidacy of Thelma Stovall for State Teasurer, since she is the only state official, who at her own expense, toured the state fighting and making speeches against the proposed constitution amendment which would have brought havoc upon the general public; however, the amendment was defeated by approximately 400,000.

Within the last few years, salaries of state officials have been increased from \$5,000.00 to \$20,000.00 or more, and your county officials from \$5,000.00 to \$14,900.00. A few from Floyd county within the last few years have received from the state treasury around \$100,000.00 each.

You can readily see from the above figures there is little or no hope of reduction of your taxes unless you take matters into your own hands and go to the polls and vote to eliminate as many of these evils as possible, which have already existed far too long. It is high time that the taxpayers take matters into their own hands in an effort to eliminate all the useless jobs and expenses in order to bring about at least some relief. The taxpayer has been gouged and bored to such an extent, he hardly knows which way to turn for relief. He can't even get a good night's sleep, not knowing what will take place next.

Many of the taxpayers are coal miners who go under the hills, slave and labor and eke out an honest living, not knowing whether they can support their families and pay their taxes. Other people in other occupations work diligently at their jobs in order to meet their bills and pay their taxes, but the worst matter of all is to have their tax money gobbled up and paid out to useless employees who do little or nothing. As the days go by, more state employees are being added to the state payroll, which, of course, is being done for the purpose to influence a few more votes for the candidacy of Henry Ward.

It is a well known fact that most state employees, if not all of them, are directly or indirectly called upon to make liberal donations to such campaigns as is now being conducted in the State of Kentucky.

Just recently a count was made of the number of tax bills and the number of people upon whose property had been levied and advertised for sale in The Floyd County Times, the number being more than 2,000, and the total amount sought to be collected was \$60,256.73, to which, when redeemed, is added 6% penalty, costs of advertising and 12% interest per annum until date of payment. After the sale of the properties for delinquent taxpayers, a lien is created upon whatever property is sold and is made a record of in the office of the County Clerk, and as the various properties are redeemed and paid to the County Clerk, the clerk issues a check of 20% of same in payment to the County Attorney as a commission.

Now, for instance, consider that you take the state as a whole, based upon Floyd county, you would have more than 240,000 people and around \$8,000,000 in past due taxes. This number of taxpayers levied upon is sufficient to defeat any candidate. As a result of these sales, many people will lose their homes or whatever property is sold. After a certain period of time the county attornies of the various counties may institute a suit in Circuit Court against these delinquent taxpayers and take title thereto to the county and state and move the owner out.

If and when the taxpayers ever assert their rights, then and only then, they will be recognized and our public officials will heed the warning of the ballot, and something will be done about it and relief will be forthcoming.

People have already heard that many people are being called over the phone and otherwise and advised just how they got their job, and to get on the ball for Ward. That means if you don't, you will be discharged. More coercion is brought upon you. It seems this country is not free to act anymore, except by only a few politicians.

It is also rumored throughout the county if the Wet and Dry issue is decided in favor of the Wets, certain people may get a license to sell liquor or beer or both, proovided their actions prove satisfactory in the coming Primary. But everybody knows there is a limit to the number of retailers in a county, and no doubt more promises have been made than will be allowed. Some are going to be misled and fooled since all the promises cannot and will not be filled.

The people get an opportunity every four years for a change in the administration for Governor, and on May 23rd that day will arrive. Then it will be your opportunity to act and vote in your own defense, and for your own preservation. The voters have it in their power to shake and jar the State Capitol at Frankfort, until they will think MT. VESUVIUS has erupted thereunder. These 100 percenters and more will awaken to their greatest calamity in their political history. Talk about action, you will get it then.

Some people say a change will not be any better, but the question is-Could it be any worse? It is very doubtful beyond any question that it could be any worse, or more deceitful. Take a look around and you will find scads of employees receiving salaries out of all reason, and more are now being added each day, just before the Primary as usual. Many of them do little or nothing. No wonder the slogan of this administration is tax and tax. CHANDLER removed the old age lien law from the backs of the poor and needy and also repealed the Sales Tax as promised. He has promised in his present campaign to do something about these 100 percenters.

Now is the time for a call to arms and to go forth and fight a noble, heroic, political battle, and win, and thereby placing some of the authority of Government in the hands of the people where it belongs. Do your duty and never swerve, and you will sleep sounder, knowing that you have done your best to relieve yourself from the taxing sins of these political vultures, who are always picking your bones.

GIFFORD APPRAISES WORLD LEADERS, ADMITS ONLY DeGAULLE DISLIKED

but she frankly admits that there worker, and he's eager. well do without.

Guess who?-De Gaulle.

Speaking at May Lodge, Jenny Wiley State Park, at a meeting of the Prestonsburg Woman's Club last Thursday evening, Miss Gifford candidly discussed national and international personalities whom she has met as head of the General Federation of Women's Clubs.

De Gaulle was the only one she Association. didn't like. "Most conceited ass I've ever met in my life," she added. "De Gaulle talked constantly about DeGaulle."

Miss Gifford feels that a part of his Anglo-American animosity arises from the time when Winston Churchill and President Roosevelt virtually ignored him.

Madame Chiang, she told the clubwomen, "is the only woman I've ever known who can hold men in the palm of her hand." Recalling a conversation with the late Eleanor Roosevelt, who she termed "a complete realist," Miss Gifford said she asked Mrs. Roosevelt how Mme. Chiang contrived to convince hardheaded business and government leaders of the imminent revolution on the Chinese mainland. Mrs. Roosevelt's reply: "Why, don't you remember what she did to FDR?"

Miss Gifford's frank appraisal of personalities continued:

Adenauer: He reiterated his wish that Berlin be reunitd "but not at the expense of relations with the United States."

Willy Brandt: "Reunite Berlin, and to hell with the U.S." Khruschev: "With all his crudeness, he had more sense

than to start World War III." Castro: "Completely unfitted to head a government. The Bay of Pigs saved him. He was on his way out till then."

Vietnam, she said, began with the Eisenhower administration. 'Kennedy inherited the situation now, Johnson has it."

On Presidential hopefuls (she explained the Democratic nominee already is decided and so did not comment on him).

Romney: "Is he running too scon? He is a fine man, intelligent, kind. Stand on international affairs not well-defined."

Rockefeller: "I like him very much, but too many women would never vote for him be-

HOW MANY WINTERS?

There's the snowy kind, of course.

Then there's Dogwood Winter . . . and Redbud . . . and Blackberry . . . and Elder Bloom . . . and . . .

But, really, we aren't too interested in how many "winters" there are. What matters is how many winters we last. And how many the homes we build withstand, providing us and our loved ones safe, comfortable, enduring shelter.

Our specialty is providing the materials which will make for you and yours an attractive, lasting home. See us before you build.

Your Telephone Manager BILL GIBSON

ARE YOU A CLUB PRESIDENT? OR CHAIR-MAN OF A PROGRAM COMMITTEE? OR HEAD OF A CHURCH GROUP? If so you may need help—the kind of help we can give you. It's Southern Bell's new program catalogue, and just listen to some of the program aids that are listed. 16mm sound films, for instance, to cover every subject from science to interior decorating, to safety, to music and range in length all the way from eight minutes to a full hour. Also listed is a variety of lecture-demonstrations on everything from flowers to safe driving, to space exploration. The catalogue also tells about tours of Telephone Company buildings and communities' meetings conducted by telephone people. Really, there's so much in the catalogue we can't begin to list it all here. And everything -films, demonstrations, teaching aids - is available to you at no cost. Even the catalogue is free so why not get yours right away by calling or writing?

We now have a lecture demonstration program entitled: "Communications: Prologue to Tomorrow" available on short notice for group presentation.

LEARN THESE SIGNALS. THEY COULD SAVE YOUR LIFE.

THE ATTACK WARNING SIGNAL

A WAVERING TONE OR SHORT BLASTS FOR 3 TO 5 MINUTES --ACTUAL ATTACK AGAINST THIS COUNTRY HAS BEEN DETECTED --TAKE PROTECTIVE ACTION IMMEDIATELY !

THE ATTENTION OR ALERT SIGNAL

A STEADY BLAST OR TONE FOR 3 TO 5 MINUTES --LISTEN FOR ESSENTIAL EMERGENCY INFORMATION!

Recently, Civil Defense warning signals took on slightly different functions. As shown, a wavering tone or a series of short blasts for three to five minutes means an actual attack against the country has been detected, and that protective action should be taken immediately. The alert signal, a steady blast or tone from three to five minutes, may be used by local governments in case of tornado, flood or other types of "short-fuse" disasters, and will always be supplemented by explanation and instruction by radio, television or otherwise.

One man, a Mr. Mewat, a friend of wild life and a noted naturalist, took steps to try to save the whale. But he acted too slowly. Before he could cut through the govern-5-11-2t-pd ment red tape and get the \$1,000 they appropriated to and the second of the second help succor the whale, several boatloads of men moved down on her with their rifles and began to shoot her for sport. The whale couldn't escape their fusillade of bullets; she couldn't cry out for mercy, and her killers showed no mercy. Although the suffering whale couldn't protest to her killers, she did a silent message by radar to her mate, whom we'll call Moby Jack. Moby Jack got her message and knew she was in bad trouble. He swam as near as he could to where she lay writhing in agony. But he couldn't reach her; he swam back and forth in the ocean, near the pool where she was a prisoner. He couldn't go to her over the dry land, so he just swam back and forth, back and forth, and if a whale can pray, I'm sure Moby Jack must have prayed for his

At length Mr. Mowat got his money and also orders from the government to stand guard over the whale and try to save her. He also got a lot of money through the mails, sent to him by persons who had a feeling of pity for the trapped whale. But it was too late now. The men who had gotten their brutal sport out of shooting a defenseless creature, got in their boats and rowed away. Mr. Mowat was much too late. WE DELIVER VOTE for

MRS. CIIWE

TAX COMMISSIONER

I AM MRS. ORPHA CHAFFINS AKERS. THE WID-OW OF CLIVE AKERS AND THE MOTHER OF FOUR CHILDREN.

I AM APPEALING TO YOU GOOD PEOPLE, THE VOTERS OF FLOYD COUNTY, TO ELECT ME ON MAY 23rd, SO THAT I MAY SERVE YOU DURING THIS TWO-YEAR TERM AS TAX COMMISSIONER, TO WHICH MY DECEASED HUSBAND, CLIVE AKERS, WAS ELECTED AND UNFORTUNATELY DID NOT GET TO FINISH.

IF ELECTED I WILL WORK WITH YOU TO OBTAIN THE LOWEST ASSESSMENT POSSIBLE OF PROPERTY THAT THE LAWS OF THE STATE WILL PERMIT.

WILL YOU PLEASE LET ME FINISH THE JOB OF THE TWO REMAINING YEARS AS YOUR TAX COM-MISSIONER BY CASTING YOUR VOTE FOR ME THIS MAY 23 DEMOCRATIC PRIMARY?

THANKING YOU IN ADVANCE.

Mrs. Clive Akers

BILL REYNOLDS' RECORD MEANS PROGRESS FOR FLOYD COUNTY

No public officer develops a more open record than does a member of the Legislature. The service of Bill Reynolds in and out of the State Legislaure is truly a succession of accomplishments, one after the other, for Floyd county and his people.

Here are only a few:

PROGRESS IN EDUCATION

- Leader in the development of the Community College now 600 young people receiving college training—with plans for three new buildings for 1,500 students.
- · Bill Reynolds started the movement and saw to its conclusion the building of the Garth Vocational School offering vocational training for adults and high school students.
- · Retarded school children program, supported by Bill Reynolds, was brought into the regular school system, with the advantage of the use of public money rather than begging funds by solicitation.
- Bill Reynolds has supported progress for education on all levels.

PROTECTION FOR SPORTSMEN

Bill Reynolds led a four-hour fight on the floor of the House of Representatives successfully saving the fish and game clubs from being taken away from the sportsman.

JOB OPPORTUNITIES

Bill Reynolds helped in securing the sewing factory in Floyd county. Through his persuasion emergency funds of the state were obtained to train workers required by the company.

ROADS

Through legislation sponsored and supported by Bill Reynolds, Floyd county received \$320,000 in additional rural road funds during the last four years.

Education for young and old, greater job opportunity, emphasis on rural roads, are only a part of the Programs for Progress accomplished and which can go forward with Bill Reynolds' seniority and experience in the Legislature.

Bill Reynolds in two terms supported more funds and wider coverage than ever before to increase the payments to the old-aged. dependent children and needy blind.

A vote for Bill Reynolds for Representative now is a vote for Floyd county to move ahead.

VOTE FOR

MRS. CLIVE AKERS

TAX COMMISSIONER

I'm appealing to the people of Floyd county for your vote to elect me for Clive's last two years of office. Neither Clive nor I had anything to do with this new 100% assessment. On June 8, 1965, the Kentucky Court of Appeals ruled that, beginning Jan. 1, 1966, each property owner must list his taxable property at 100% value.

The Tax Commissioner is subject to a fine, if he or she fails or neglects to do his duty in listing properties at their 100% value.

SOME OF THE FACTS

Our present Legislator claims credit-where none is due.

He practically alleges that he built the Prestonsburg Community College, when in fact the authority was granted, funds provided and the people of Floyd county made up \$100,000.00 to purchase the ground a full year before he was elected the first time.

He claims that he and the Breathitt Administration increased Rural Road Funds in Floyd county \$320,000.00 I can not find any record of this and my only question is, "Where in the World did the Money Go?"

We now maintain that he championed the cause of the laboring man. But the employees of his Gas Company tell a far different story. When they were formed into a prolonged strike to attain a living wage, he never once joined their ranks or even expressed sympathy for their just cause.

The truth is he does not, indeed he cannot, represent the common people of the 95th District because he belongs in the largest utility corporation in the Appalachian area.

REPUBLICANS

Tuesday, May 23rd, is the day. Tuesday, Nov. 7, 1967, will be the final blow to the present Grasshopper Administration.

We are asking all Republicans to join us now, back the entire Louie B. Nunn team, come Tuesday, May 23rd.

You see almost daily on TV and read in the papers about marches, march for this, march for that.

The greatest march that has ever been staged anywhere, any time will be November 7. We invite all to join us in this march. We will march with Louie B. Nunn and all his team-NOT ON FRANK-FORT, but TO FRANKFORT.

You saw in the papers where Henry Ward said he intended to get rid of the DEADWOOD. Who hired the deadwood?

We don't want to say too much about the GRASSHOPPER AD-MINISTRATION. Just listen and read what Chandler and the other candidates tell us about this administration. They know the facts and are telling you daily.

ATTENTION, Young Voters

We are the future taxpayers of Floyd county. A. B. Chandler promises to put to rest, once and for all, the free-spending, free-taxing philosophy of this Breathitt-Ward administration.

When A. B. Chandler is elected governor, there will be summer employment for high school and college students, to help defray your school expenses.

The following students have been appointed Chandler co-chairmen in their respective high schools:

BETSY LAYNE - Katie Hamilton, Gary Hall.

GARRETT - Daphne Baldridge, Jerry Manns.

MARTIN — Gay Hogsed, Virginia Stout, Robert P. Settles.

McDOWELL - Debbie Mead, Tommy Martin.

MAYTOWN - Debbie Hicks, Rudy Thacker.

PRESTONSBURG - Sheryl Blackburn, Larry Lyons, Pat Nelson.

(Continued from Page 1)

Moby Joe was a species of fin-back whale belonging to the family called, Rorquals. Her color was slate-gray above and white below. She was 80 feet long and had 100 pleats on her throat. She was a rapid swimmer when in the sea and her food consisted of krill, small shrimp, tiny fishes, protozoa and plankton. Instead of teeth, her mouth had a large sieve or strainer, made of whalebone with fringes; she gulped in tons of sea water and strained out her food. Her big tongue weighed as much as an average-size elephant! She could stay under water for nearly an hour as she hunted for food, and when she had to come up at last for air, she spouted out a great hissing geyser through her nostrils, which shot twenty feet into the air. It was like an old-time engine blowing off steam, and old sailors seeing a signt like that shouted excitedly: "Thar she blows!"

About 15,000 of these big fin-back whales are killed each year to satisfy industry's demands for their products, such as perfumes made from the ambergris in their intestines and various types of oils from the blubber. These big Rorquals mostly stay in cold waters of the ocean as they have a large layer of blubber all around their bodies to act as insulation against cold sea water. Their bodies are hairless, streamlined and smooth and their tails have flukes and are flattened sidewise, instead of vertically.

Each whale mother brings a single young and suckles it for six months. The giant Rorquals include the great blue whales, the largest mammals ever known in this or any other age of the earth.

Three from County Receive Certificates After 6-Week Course

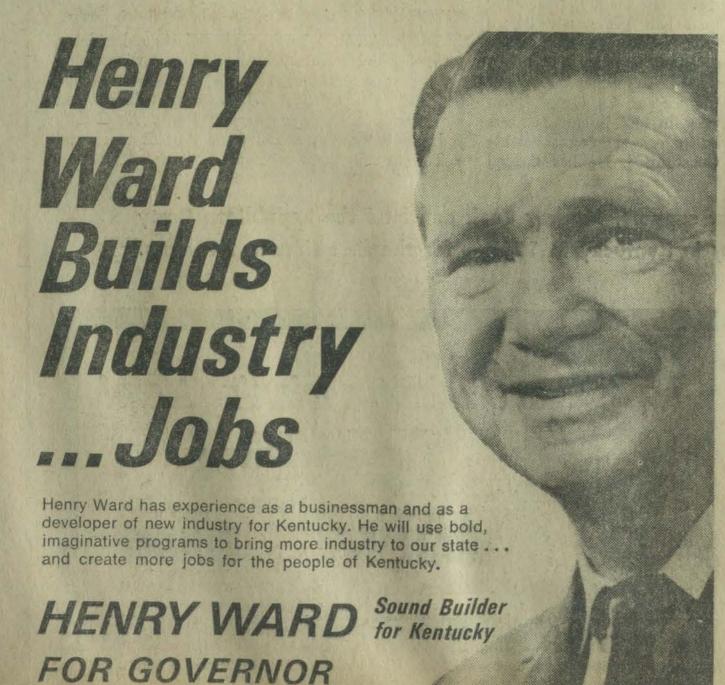

A special awards program was held in the District Highway Office at Pikeville last Friday.

Twenty-three highway employees received certificates of achievement for having completed a six-week training program in highway construction inspection. This class and others are being conducted by the Department of Highways in order to train additional personnel which will be needed, beginning next year, to supervise and inspect the 200 miles of road to be constructed in District 12 under the Appalachian Program.

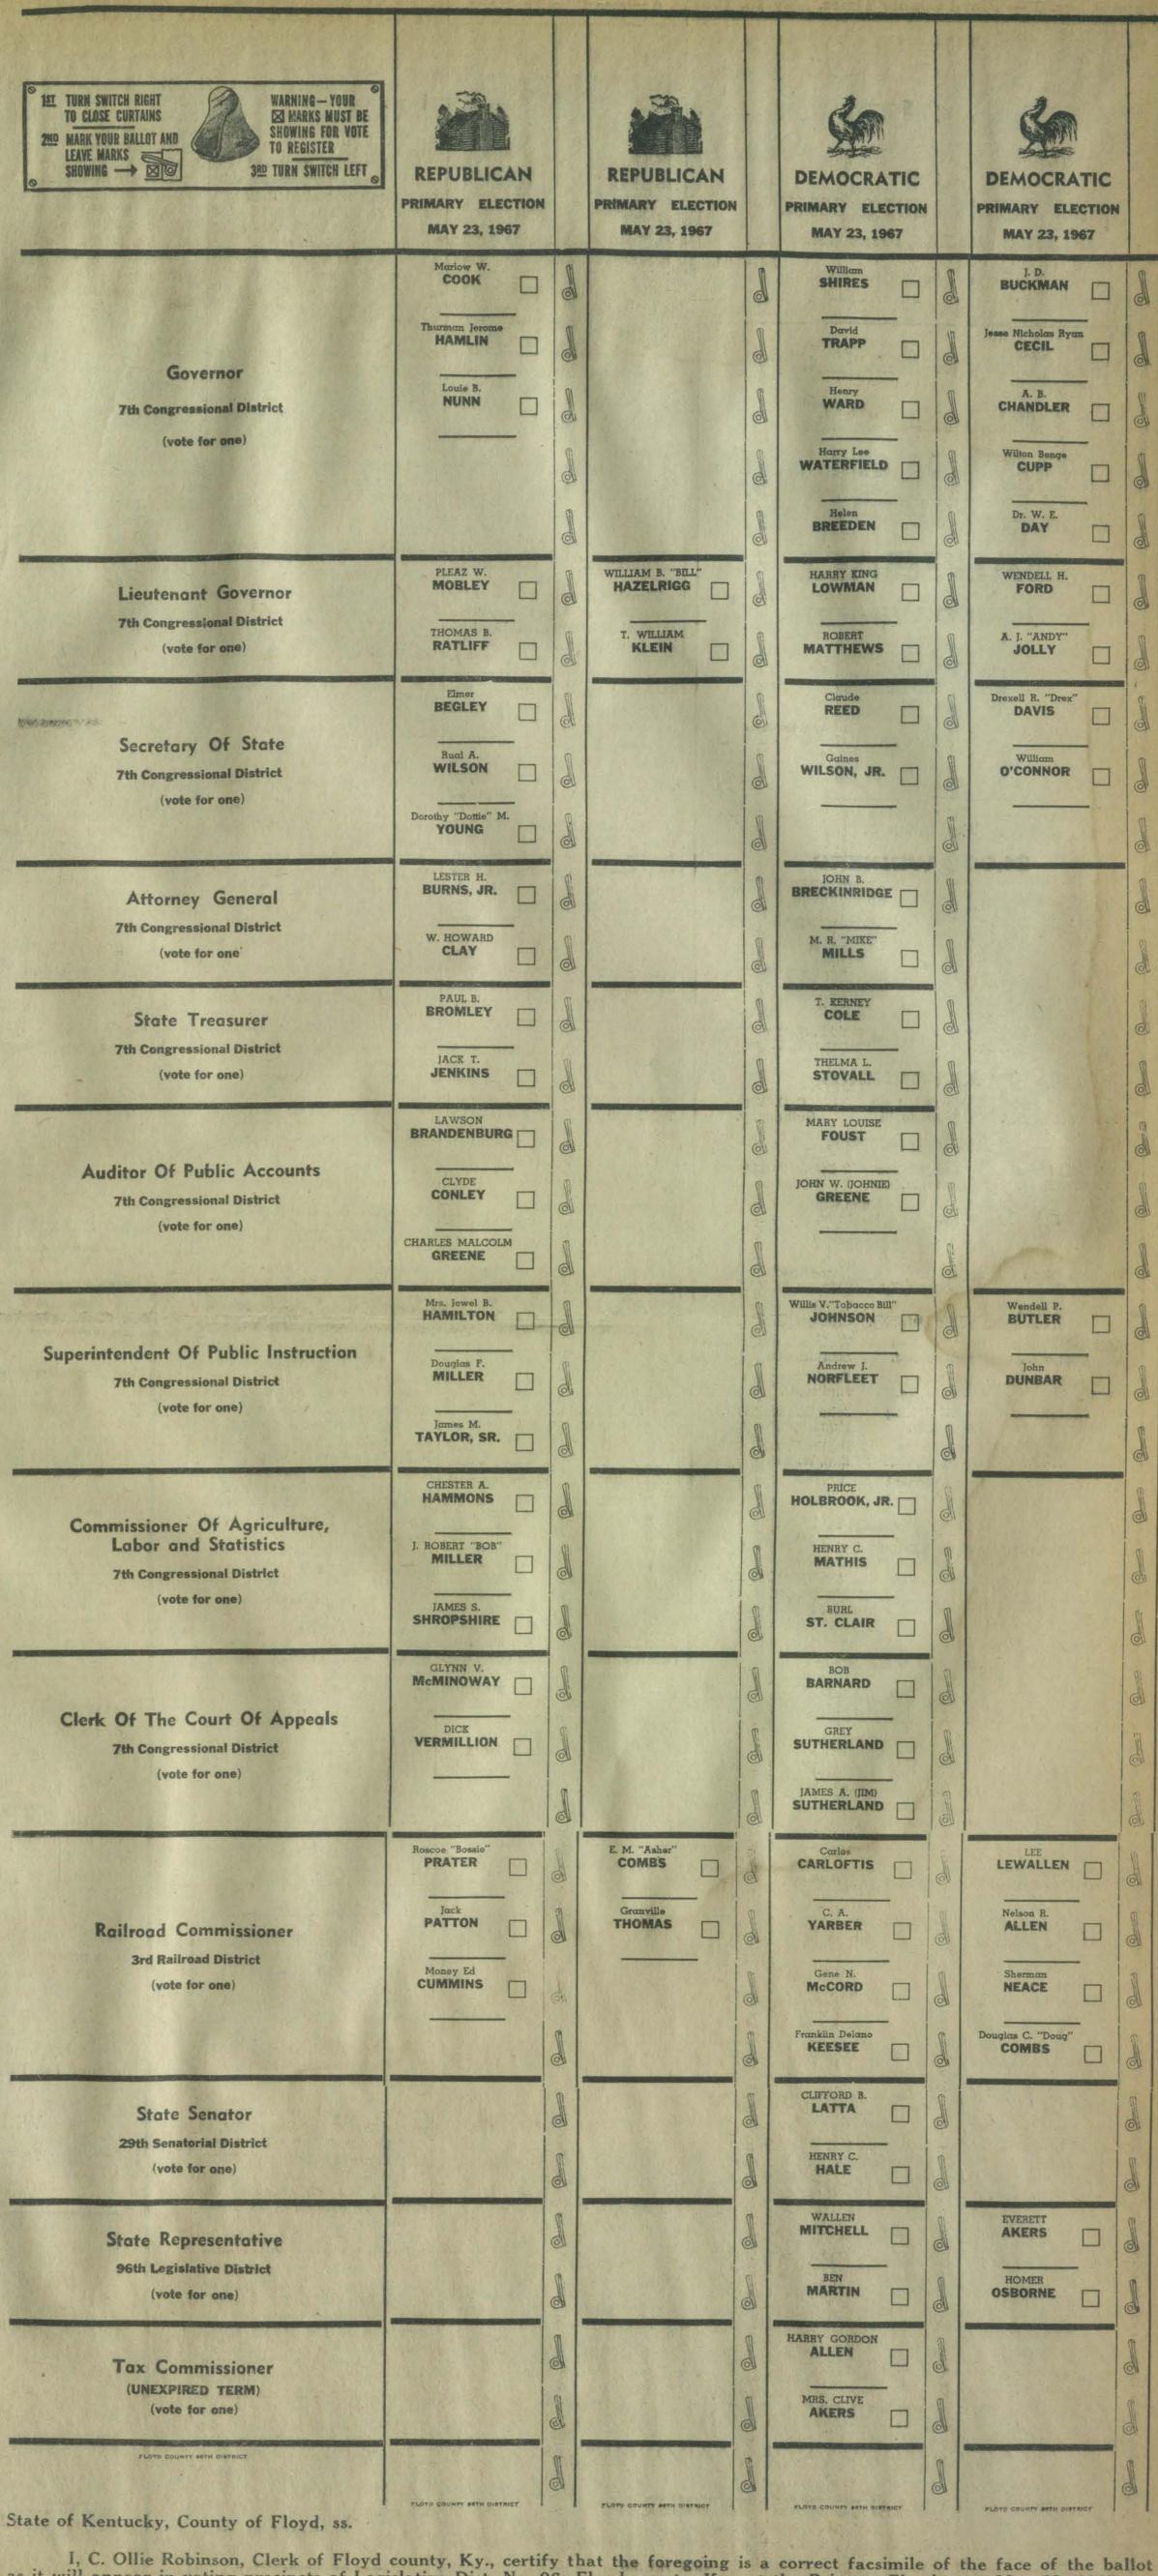

District Engineer Wendell Bayes pointed out to the group the need for constant training and advancement on the part of each employee in order that he be qualified for the responsibilities that lie ahead.

Completing the course from the Prestonsburg area were: Donald Gray, Ralph G. Hager and Doris E. Osborne; from the Paintsville area-Gene T. Murphy, Robert Wallen, and Russell J. Ward; from the Hindman area-Charles G. Hays and Billy R. Slone; from the Pikeville area -Kenneth Bales, Paul B .Goff Robert Lee, Sonny Hall, Lucas Hatfield, Jr., Don E. Robinson and Frank Helms.

The three major functions of the University of Kentucky are (Pol. Adv.) teaching, service, and research.

A PROVEN WINNER For Kentucky Republicans

ELECT MARLOW W. COOK

GOVERNOR

legislature in 1957 and 1959, County Judge in 1961 by a record 20,000 majority; reelected County Judge in 1965 by a whopping 55,000 majority.

A PARTY BUILDER-Marlow Cook has worked for the Republican Party in Kentucky since he completed Navy duty in 1946. In 1962 he helped get Senator Morton a 24,000 Jefferson County majority. In 1963 he helped the gubernatorial candidate lead the Republican ticket in Jefferson County with over 94,000 votes, and helped him get nearly 34,000 against the Breathitt Constitution. He has headed schools to end double sessions.

A WINNER-Marlow Cook has defeated the Dem- registration drives in Jefferson County, where nearly ocrats in all former races he has run - the state 100,000 Republicans are now registered - a 30% increase in just 5 years!

A MONEY-SAVING ADMINISTRATOR-As County Judge, Cook has stretched taxpayers dollars by saving them \$200,000 annually by investing non-current tax funds. He consolidated water districts to save water users \$1,750,000 the first year. He combined City and County Commissions to save money. He developed a central fire alarm system that saved taxpayers \$800,000 in insurance rates.

Democratic scratches. In 1964 Judge Cook cam- A SUPPORTER OF EDUCATION-As a legislator, paigned all over Kentucky for the entire Republican Judge Cook voted for safer school buses, for increasing ticket. In 1966 he made over 40 speeches throughout appropriations including free text books, for revenue Kentucky for Senator Cooper and for Congressman bonds for schools, for federal aid for state schools, and Carter, Cowger and Snyder. In 1966 Judge Cook was for increased teacher retirement funds. As County the only Republican leader campaigning statewide Judge he supported use of County funds to expand

With your support, Marlow Cook can lead the Republican Party to victory in Kentucky in 1967 - for the first time in 24 years.
