## FHA Holds Housing Program Feasible

### Work Start Is Possible By Summer

25% Increase in Cost Of 75 Units Approved; Four Sites Selected

The Prestonsburg Ministerial Association has been told by a Federal Housing Authority official that its plan for 75 rent-supplement housing units here is feasible, and it is possible that construction will begin this summer.

The housing program is being sponsored by the ministers as a non-profit group to relieve the acute housing shortage here.

Four sites in the Goble-Roberts Addition, which will be served by the proposed highway bridge at Lancer, are under option. The ministerial group last December received approval of an initial \$71,214 in rent-supplement funds for use when it succeeds with plans for construction.

The undertaking was originally estimated to cost \$800,000. The total expenditure will be nearer \$1 million. The larger figure results from a 25 percent increase allowed the local sponsors by FHA because of high land costs.

Because of the limited site area available and the cost of what was available, the housing units will be in two-story "Town House" apartments—living room, kitchen and dining facilities on the first floor, with bedrooms on the second.

The rent-supplement program, financed through long-term FHA loan, is designed to afford modern housing to families, although their income may not be adequate to pay rentals on housing of this type. A family, for instance, could rent a \$125-a-month apartment, although its income is only \$100 a month. In that case, the tenant would pay \$25 a month rent, and FHA would pay the remaining \$100. But the income of a tenant-family may be high enough for it to pay the full amount of the monthly rent.

## This Town . . . That World

Between Sandy Howard, Pup Goble and Dal Allen this place is well on its way to going to the dogs.

One of the weightier matters the Legislature has to consider is a bill to raise the allowance of prisoners from \$2 a day to \$4. Proponents argue, "We're raising everything but the bars—why not the boys behind 'em?"

"PRAISE THE—" This is plumb tragic. This farmer, who was deeply and vocally religious, never said "giddap" or "whoa" to start the family mule up or bring him to a halt. To get the donkey moving he said, "Praise the Lord." And he stopped the critter with an emphatic "Amen."

This worked fine till, one day, he loaned the mule and one-horse wagon to a neighbor who took his wife in the general direction of town. For some perverse reason known only to the mule, the animal took off suddenly across country toward a high precipice. The man yelled (See Story No. 1, Page 6)

## Calhoun Wounded In Vietnam Action, Parents Are Told

Mr. and Mrs. Sam Calhoun, of the Auxler road, have been notified by the War Department that their son, Sp4 Berkin Calhoun, was wounded in action against the enemy in Vietnam, Feb. 27. The chest wound sustained by Calhoun was described as slight and from small arms fire. Although no further word of his condition has been received, his parents later were told he had been evacuated to a hospital on Guam.

Calhoun has been in Vietnam since last September.

## TREE ORDERS REPORTED UP

But 300,000 Goal Distant as Friday To End '68 Signup

As of last Friday, Floyd County landowners had ordered 135,000 tree seedlings for planting this spring, it was said by Elder Goble, of the Floyd County ASCS office here.

Although this number was roughly three times the number of trees ordered at the same time a year ago, the 300,000 hoped-for total was still far from reached.

The deadline for placing orders is tomorrow (Friday). The landowner must visit the ASCS office to be eligible for cost-sharing on setting trees, doing necessary clearing and fencing, if necessary.

There are several species of trees available. Those desiring help in deciding which species is best suited to their type of land should call the Kentucky State Division of Forestry, Prestonsburg, phone 886-3814; the county agent, phone 886-2668; the Soil Conservation Service, phone 886-3128, or the ASCS office, phone 886-2802.

## CHURCHILL TO LECTURE

At College March 27, Opening Arts Festival; Pianist, Author Slated

The Prestonsburg Community College Fine Arts Festival will begin March 27 with a lecture by John Spencer Churchill, nephew of the late Sir Winston Churchill, it was announced this week.

Mr. Churchill's lecture will include reminiscences of his relationship with his uncle, wartime Prime Minister of Great Britain.

Gus Kalos, chairman of the Fine Arts division of the college, said other events planned for the three weeks will also feature musicians, well-known artists and art exhibits.

Famed pianist Ralph Votapek will appear at the Prestonsburg grade school, April 2, in conjunction with the Eastern Kentucky Concert Series.

Jim Wayne Miller, author of "Copperhead Cane," will give a poetry reading for PCC students, April 5, and will be at the Floyd County Library that evening.

Other events will be scheduled for the Festival, it was said.

## AV's Move Office Here from Bristol

The Appalachian Volunteers, Inc., have completed moving their central office from Bristol, Tenn. to Prestonsburg.

The new AV office, located in the Turner building on Court street here, will coordinate the field operations in the areas of Kentucky, West Virginia and Virginia where Appalachian Volunteers are working.

Milton Ogle, director of Appalachian Volunteers, said that Prestonsburg was selected as the new site for the Appalachian Volunteers' central office because of its location and its spirit of progressive action.

"We have observed," he said, "the progress Prestonsburg has

made in becoming one of the leading communities in Eastern Kentucky; this, as well as the excellent location, makes Prestonsburg the ideal site. The Appalachian Volunteers intend to contribute to this progressive spirit."

Appalachian Volunteers, he explained, are working primarily to help people living in rural areas to break the cycle of poverty which is so prevalent in these areas. They furnish technical assistance in the areas of community organizations, adult education, cooperative formation, small industry development, tax reform, welfare rights, electoral reform, conservation and reclamation.

## HOUSE VOTES PROBE OF CJ

Resolution by Akers Hits at Newspapers, Asks Federal Probe

By a voice vote in which only a few no's were heard, the Kentucky House of Representatives last Friday adopted a resolution asking the U. S. attorney general to investigate The Courier-Journal and Louisville Times Company.

The investigation, the House Resolution 99 said, would be to determine: "If this company is operating a monopoly in restraint of trade in violation of federal law."

"If the political activities of this company or any of its employees are in violation of federal law."

The resolution was sponsored by Rep. Everett Akers, D-Martin.

"The political activities and associations of some employees, past or present, of these newspapers," Akers said in his resolution, "is of a questionable character, at best."

He also charged that the newspapers, which have the same ownership, and are the only daily newspapers in Louisville, were "restraining the free flow of news" and were "effectively preventing competition within their circulation areas."

"Let's stop this before it gets out of hand," Akers said. "Or has it already got out of hand? Let's stop it before we have a dictator right here at home."

The papers' editorial columns recently have been critical of Akers, who is president of Akers & Sons Amusement Co., a coin-machine company, for sponsoring and voting for a measure to legalize multiple-coin pinball machines in Kentucky. Machines of this type had been made illegal by law after courts declared them to be gambling devices.

## Homestead Exemption Wins House Approval

The \$5,000 homestead property tax exemption for persons over 65 years old which is sought in a bill introduced by Rep. W. J. Reynolds, of this county, sailed through the House last Friday by a 65 to 5 vote.

If the measure, which is H. B. 479, passes the Senate and is approved by Governor Nunn, no person over 65 will be required to pay property tax on the first \$5,000 evaluation of his or her home.

When Louisville Republican Louis E. Ballenger protested, asking if the author of the bill had any idea how much it will cost the state in lost revenue, Reynolds replied: "Nary idea. We broke their (the taxpayers') backs yesterday; I'm just trying to give them a crutch."

He referred to the administration's 5-cent sales tax which the House approved last Wednesday.

Opposing the sales tax increase, Reynolds in a House speech said: "My district is a depressed area in the heart of Appalachia. That means there has been an objective finding that a substantial number of the people in my district do not have sufficient income to meet their minimum needs. The sales tax hits the little man hardest. To impose the highest sales tax in the nation on a people of a state which is 44th in the nation in per capita income is criminal."

## JACOBS BACK AFTER BREAK

Fugitive from Jail One of Two Captured; Raiders Arrest Three

Berlin Jacobs, who escaped jail here three months ago, was back in the hands of the law again Wednesday, facing a breaking and entering charge.

He and Denver Coburn were arrested Wednesday by Sheriff Joe W. Lewis after Inman's Restaurant at Garrett had been broken into, Tuesday night. Cigarettes, chewing gum and about \$5 in coins from a pinball machine were taken after a door lock had been pried off.

Sheriff Lewis and deputies made three liquor raids in the county over the week-end. In the first, Saturday afternoon, they arrested Cora Slone on a possession charge after a search of her premises at the old Winchester mining camp, near Emma, had yielded five (See Story No. 4, Page 6)

## Hazelrigg Sets August For Bridge Beginning

### MASSIVE CHURCH EFFORT BEGUN IN EAST KENTUCKY; 613 FLOYD HOMES VISITED

A massive church visitation effort is under way in Eastern Kentucky, sponsored by Evangelism-in-Depth, an effort to involve all Christians in witnessing.

The goal of ED is that every home be contacted and left a Scripture portion and a gospel selection. In 15 counties 239 churches of 36 denominations are cooperating. In this initial phase of two weeks of this unprecedented effort in evangelism in Eastern Kentucky, more than 10,000 homes have been visited involving 1,355 Christians. Forty-nine decisions have been registered for Christ. This is a partial report since approximately two-thirds of the cooperating churches have reported.

In Floyd county, 613 homes have been visited involving 95 Christians. Three decisions have been made. Fifteen churches are cooperating, representing many denominations and mission groups.

The Rev. Garland Franklin, of Emmalena, Ky., is executive director, and Rev. Ralph Bauer, of Wootton, is serving as visitation chairman. The program has been used successfully in 10 foreign countries but never before in the USA.

### Access Road Work Delay Is Possible

#### Commissioner's Letter To Latta Tells Plans; Plant To Open Soon

State Senator Clifford B. Latta announced this week that he has received from Commissioner of Highways W. B. Hazelrigg a letter stating that construction of the bridge across the Big Sandy at Lancer is expected to be begun in August.

The bridge is a portion of a 2.9-mile project between US 23 at Lancer and Water Gap where it would connect with the proposed relocated US 23. It is a part of KY 1536.

While the entire project might not be programmed this fall," Hazelrigg wrote Latta, "we realize the importance of an early construction schedule on the bridge and, therefore, propose to expedite it to the fullest."

The letter to Senator Latta was in confirmation of an earlier discussion of the bridge which has been urged as an urgent need because of the shoe company location.

The building which will house the U. S. Shoe plant is 90% complete, and it expects to move at least one department into the plant by March 25.

Commissioner Hazelrigg explained that the Department of Highways has encountered some difficulty in the design criteria for the bridge because of the imposition by the U. S. Bureau of Roads of a new safety standard. As a result, a change of design has been, or is being, made to conform with this regulation. Acquisition of right-of-way is anticipated.

## 3 Groups Confer On Rabies Control

The threat of rabies to humans, domestic animals and wildlife brought together here Sunday representatives of three vitally interested groups, and one of the three later issued in the form of resolutions its recommendations for dealing with the situation.

The Floyd County Fox Hunters Association, Inc., following the conference with representatives of the Floyd County Health Department and the Department of Fish & Wildlife Resources, adopted resolutions recognizing the seriousness of rabies and pledging its support "of any reasonable program by any agency of authority" to halt the rabies spread.

Dr. Russell L. Hall, Floyd county health doctor, said there has been no material change in the situation. Six

animals which have been found dead, or were killed, have been found by laboratory tests to have had rabies. Thirty-eight residents of the county are receiving, or have completed, anti-rabies treatment. The quarantine on dogs continues in the Right Beaver Creek section to the Knott county line and in the upper Middle Creek area to the Magoffin county line.

A massive program of extermination of wild animals has been considered, but this has not been adopted. The Fox Hunters Association made these recommendations, placing responsibility on legal authority to handle the situation.

That the proper authorities implement a program for the elimination of stray or unclaimed dogs.

That Floyd County Board of Health use the necessary means to halt the spread of rabies in the area where the problem exists.

That all dog owners have their dogs treated immediately for rabies.

That proper authorities take steps to curb the sale and traffic of dogs at livestock sales without health certificates.

That all sportsmen clubs, civic organizations and individuals report all stray and unvaccinated dogs to the proper authorities.

**ANOTHER VISITOR FROM THE NORTH.** A few weeks ago, it was a peripatetic dog from Michigan that took up residence at Allen. Now, it's a Canada goose (on ice, center of photo) that is visiting at Dewey Lake. The honker has thrown in his lot with the ducks at the lake and has been faring well, thanks to Bill Pet-

trely who has been feeding the ducks since the state renounced responsibility for their welfare. How long the goose will continue his Floyd county stay is a matter of conjecture. He occasionally indicates a desire to travel, takes to the air and calls the ducks to follow. But when they refuse, the goose rejoins them.

**Series of Clinics Set In County Saturday To Control Rabies**

Dr. Russell L. Hall, county health officer, has announced pre-season rabies clinics which will be held in the areas of Blue River, Brush Creek, Garrett, Wayland and Maytown to meet the current spread of rabies. The clinics will be held one day only, Saturday, March 16.

"It is extremely important that all owners of dogs and cats in the areas of the scheduled dog clinics take advantage of these clinics," Dr. Hall said. "The threat of a rabies out-break constitutes a real danger in this county. There have been numerous cases of positive rabies in this county in the past two months, and every dog and cat owner owes it to his family, friends and neighbors to have his animals vaccinated against rabies."

Dr. Beecher L. Scutchfield, licensed veterinarian from Martin, will conduct the clinics. He will be assisted by Paul Wells, sanitarian from the Floyd County Health Department. The vaccine to be given is the three-year type and the price per animal is \$1.50, which is one-half the regular price.

The time, date and place the clinics will be held follow:

- 10 a.m., Manton postoffice;
- 10:20 a.m., Little "A" Stone's store, Blue River; 10:45 a.m., Island Creek Service Station, David; 11 a.m., Island Creek Company store, David; 11:30 a.m., Pyramid postoffice; 11:50 a.m., Hippo postoffice; 12:20 p.m., Maytown high school; 1 p.m., Adkins' Steak House; 1:20 p.m., Eastern postoffice; 1:40 p.m., Right Beaver Food Market, mouth of Brush Creek; 2 p.m., Hueysville postoffice; 2:20 p.m., Duff's Grocery store, mouth of Salt Lick; 2:40 p.m., Wallace's store, West Garrett; 3 p.m., Garrett postoffice; 3:30 p.m., Lackey postoffice; 3:45 p.m., Griffith's store, Punkin Center; 4 p.m., Messer's Market, Estill; 4:20 p.m., Company store, Wayland.

\$1.50 per dog or cat; 3-year serum; Dr. Beecher L. Scutchfield, Veterinarian.

**COURT RULES FOR HENSLEY**

**Republican Is Winner Of Magoffin Office; Absentees Are Voided**

The Magoffin county clerk's office, which has been held since the November, 1965 election by Woodrow Arnett, Democrat, rightfully belongs to Republican Howard Hensley, the Court of Appeals ruled last Friday, upholding the judgment of the Magoffin circuit court.

A separate action will be necessary to adjudicate the salary lost by Hensley and paid to Arnett during the long contest action, Hensley's attorney Scott Collins, of Prestonsburg, said.

The Magoffin vote count showed that Hensley led Arnett, 2,207 votes to 2,150 in the regular polling. But the absentees gave Arnett a 93-vote edge.

The absentee balloting was attacked in the contest action, and Special Judge James B. Stephenson, of Pikeville, last fall held that Hensley was the winner.

The unanimous appellate court opinion, written by Commissioner Davis, said:

"The record reflects that there were many failures to comply with the statutory procedures governing absentee voting . . . cumulatively sufficient to sustain the trial court's finding that all the absentee votes were void."

The court pointed out that Hensley received just over 50 per cent of the regular votes, yet less than 24 per cent of the absentee ballots.

"This factor alone would not suffice to warrant rejection of all the absentee ballots," he said, "but it does arouse suspicion that all may not have been well."

Among other things cited by the opinion,

- The clerk failed to see that one absentee-ballot box was adequately guarded and appropriately locked.

- Another absentee-ballot box was provided with only one lock.

- The "unlikely happenstance" that 75 consecutive votes out of 76 absentees were marked one way.

Of the contents of one absentee-ballot box the court said:

"Only the last ballot removed from the box was marked for the Republican candidate. The law of probability is strained by this circumstance."

Hensley will take over the clerk's office upon issuance of the appellate court's mandate.

The Kentucky Society for Crippled Children, the Easter Seal Society, owns and operates seven facilities in the state offering needed services to physically handicapped children.

**I Say What I Think**

By S. C. VAN CURON

Lt. Gov. Wendell Ford gave Kentuckians something to think about yesterday when he cited the experience of Rhode Island after enactment of a five percent sales tax last year.

It may be of particular significance to merchants operating on the borders of Kentucky where the sales tax of adjoining states are lower than five percent.

If the five percent rate goes into effect in Kentucky, all seven

bordering states will have a lower tax than Kentucky, Tennessee, Missouri, Virginia and West Virginia have a three percent tax. Indiana has a two percent. Ohio has three percent but food is exempt.

"I back fully the appropriations Gov. Nunn proposes for such worthwhile purposes as education and mental health," Ford said. "But I feel it is imperative for Kentucky to find some better advised source of revenue than the flat five percent sales tax. It is bad for low and middle-income citizens, and it is bad for business."

Ford said Gov. John H. Chaffee, of Rhode Island last year backed a bill increasing the sales tax from four to five percent. It went into effect June 1, 1967.

Even though food and medicine were exempt, Ford explained, "Rhode Island merchants still found themselves at such a disadvantage with neighboring states that Chaffee has now proposed that the tax be cut back to four percent." The state's legislature meets every year. Rates in Connecticut and Massachusetts are three percent and 3.5 percent.

Ford called upon Nunn and legislators to exempt food and drugs from the sales tax and suggested that the money be made up by eliminating exemption of the federal income tax when computing state income taxes.

**Pat Patrick**

Henry B. Patrick, better known as Pat, was born in Magoffin county on Feb. 22, 1896, died on Dec. 4, 1967, and was buried in the Davidson Memorial Gardens, Ivel, Kentucky, on December 6, 1967.

He was the only son of Judge A. T. and Amanda Patrick. He was the husband of Ruth Archer Patrick, a daughter of George P. Archer, Sr., who served as President and Cashier for the Bank Josephine for many years.

For more than 30 years Pat served as a member of the Board of Directors of the bank and performed his duties as such Director with great credit to himself and with great honor to the bank which he so ably represented.

He attended the regular meetings of the Board and in addition thereto acted as an appraiser for the Bank in regard to any property which the bank was interested in loaning money that was to be secured by a mortgage. His judgment on all matters was sound, and the bank has lost a painstaking director and a faithful friend.

We mourn his loss and extend to his widow, his daughter and grandchildren our deepest sympathy in their bereavement.

Therefore, Be It Resolved: FIRST: That a page be set apart upon the records of this Board whereon shall be recorded these resolutions.

SECOND: That no further matters be hereafter entered upon the original record book of this board subsequent to the minutes of the meeting at which these resolutions are adopted and entered.

THIRD: That a copy of these Resolutions be furnished to the family and to the Floyd County Times for publication.

**SHERIFF'S SALE**

The First National Bank of Prestonsburg, Ky., . . . Plaintiff

Vs.: NOTICE OF SALE  
Virgil and Polly Ann Hall, . . . Defendants

By virtue of execution issued in Civil Action No. 6236, to me directed, which issued from the office of the Clerk of the Floyd Circuit Court, in favor of The First National Bank, Prestonsburg, Ky., against Virgil Hall and Polly Ann Hall, I will on the 25th day of March, 1968, at 11 a.m., at the Courthouse door in the City of Prestonsburg, Ky., expose for public sale, to the highest bidder, a tract of land, together with all improvements thereon, lying on the waters of Toler Creek of Big Mud Creek, a tributary of the Big Sandy River and described as follows:

Beginning at the fence post at upper corner of Virgil Hall's yard at edge of road; thence up the county road with the fence to a point opposite a large apple tree at back of bottom; thence across the bottom to said apple tree; thence to the fence and cliff; thence down the creek with said fence and cliff to the cross fence at upper side of Virgil Hall's house; thence with said cross fence to the fence post at edge of road, the beginning corner, containing one (1) acre, more or less.

Being the same land conveyed to Virgil Hall and Polly Ann Hall, his wife, by Joe Hall and Nan Hall, by deed dated June 16, 1951, recorded in Deed Book 150, at page 48, Floyd County Court Clerk's office.

I will proceed to sell said land, or so much of it as will be necessary to satisfy said execution and the cost thereof, to the highest and best bidder on credit of six (6) months from the day of sale, the purchaser giving bond with approved surety to have the force and effect of a judgment on which execution may issue if the same is not paid at maturity, when and where due attendance will be given by me. The amount to be raised is the sum of \$593.29.

Given under my hand as Sheriff of Floyd county, Kentucky, this 4th day of March, 1968.

PRESIDENT'S TROPHY  
FOR 13th YEAR**

Commonwealth Life Insurance Company congratulates its Big Sandy Agency on winning the 1967 President's Trophy. The Agency has won this honor for the 13th consecutive year.

To win the Trophy, which is presented annually, the Big Sandy Agency demonstrated the highest operational efficiency of any Commonwealth agency its size.

John Parker and the people in his agency are to be congratulated on a job well done. We are proud of their accomplishments and their contributions to the social and economic progress of their community. It's career life insurance people like the members of the Big Sandy Agency who have made Commonwealth the company with more individual coverage on the lives of Kentuckians than any other company.

Salisbury, N. C.—Mr. and Mrs. William O. Goebel, Sr., of the Ben Franklin Store, Prestonsburg, recently attended the Norman's Drapery Sales Clinic and Decorating School sponsored here by the R. W. Norman Company.

According to the Easter Seal Society, 15,000 occupational therapists are needed to rehabilitate the nation's handicapped.

Mr. and Mrs. Joe Peraino, of 3 Fairway Drive, Mt. Vernon, Illinois, announce the engagement of their daughter, Shirley Ann, to Mr. Conrad Jestmore, son of Mr. and Mrs. Louis Jestmore, of St. Louis, Missouri. The bride-elect is a graduate of Wheelwright high school. Both are attending Kansas State Teachers' College in Emporia, Kansas and majoring in drama. Wedding plans are incomplete.

**Rev. George R. Watson Passes Away Sunday At Home at Auxier**

Rev. George Randolph (Dolph) Watson, 69-year-old minister of the Free Will Baptist Church and a retired miner, died early Sunday morning at his home at Auxier. He had been in failing health for some time.

Born Dec. 9, 1898 in Ohio, he was the son of Elmer L. and Elta Houck Watson. His wife, Mrs. Malta Castle Watson, survives.

Survivors, other than his widow, are three sons, George Randolph Watson, Jr., of Cleveland, Ohio, Elmer L. Watson, of Xenia, Ohio, and Capt. James A. Wells, of Quantico, Va.; a daughter, Mrs. Beulah Dudek, of Auxier, and a sister, Mrs. Ora Cumutte, Auxier.

Funeral services were held Wednesday at 10:30 a.m. at the Auxier Free Will Baptist Church, the Revs. Franklin Miller and John H. Shadd officiating. Burial in the Government Relocation cemetery on Auxier road was directed by Jones & Preston Funeral Home.

The Kentucky Society for Crippled Children, founded in 1923, is the state Easter Seal Society. The society is a pioneer in serving children crippled by many causes.

Research projects to devise ways of eliminating and preventing crippling are financed by the National Easter Seal Research Foundation. Two such projects are underway at the universities of Kentucky and Louisville.

**UMW OUSTS DISTRICT 50**

**Disloyalty to Coal Is Charged to Union By Boyle, UMW Head**

District 50, which has a considerable membership in this section, was tossed out of the parent organization, the United Mine Workers of America, last week.

The atom caused the split. District 50 has been organizing in the nuclear field and has predicted a great future for peaceful uses of the atom. That, in the opinion of UMW President W. A. Boyle, amounted to disloyalty to coal.

"How sharper than a serpent's tooth it is to have a thankless child," quoted Boyle.

His United Mine Workers have 129,000 members. The "child," District 50, has 220,000.

A hint that a battle for the loyalty of members of District 50 may be ahead was seen in Boyle's statement. "It is not the intention of the officers of the international union to desert these people." He predicted that many District 50 members will not want to leave the parent organization.

**Joe Adkins, Age 72, Is Victim Saturday**

Joe Adkins, 72 years old, of Pikeville, Rd. 1, retired miner and brother of two Floyd county women, passed away Saturday after a lingering illness.

He was born at Pikeville, March 27, 1895, the son of John and Cinda Sanders Adkins.

Surviving are three sons, David Adkins, of Dearborn, Mich., and Joe and Donald Adkins, both of Detroit, Mich.; five daughters, Mrs. Sarah Stevens, of Pikeville, Mrs. Sylvia Leslie, Mrs. Goldie Hamilton and Mrs. Mary Boyd, all of Pikeville, and Miss Eileen Adkins, of Man, W. Va., and two sisters, Mrs. Ricie Justice, of Osborne, and Mrs. Sarah Justice, of Prestonsburg.

Burial was made under the direction of the Call Funeral Home.

**HELP NEEDED**

More than 460,000 therapists and professionally trained rehabilitation workers are needed now to help train the handicapped, according to the Easter Seal Society.

**Letters To the Editor**

**VETERAN ASKS HELP**

EDITOR, The Times: I am a handicapped veteran, living on a small pension. My vision and hearing are leaving me. The doctors tell me there is nothing they can do. Not wanting to worry about it, I have made projects to keep busy with, in an effort to forget my defects.

One of my projects is the history of calendars. I am collecting real old calendars to use as illustrations and have four that are 1892, 1893, 1897, 1896 and looking for others.

While I am collecting old post cards, bookmarks and Reward of Merit cards, most of my projects concern histories of holidays like Easter, Halloween and St. Valentine's Day. To make it interesting, I am collecting real old valentines to use as illustrations and plan to give them to a museum when I finish.

I have two valentines that are over 125 years old and four that are over 95 years old and a few dating back to 1880, but on my limited funds, I am having a hard time getting a better represented collection of real old valentines.

I was in hopes that perhaps a few of your readers may have a few real old valentines they do not want, because I would be happy to have any they may care to send me, and be glad to get them.

Eventually, I hope to try writing a book about my projects, in an effort to earn enough from it to get off this small VA pension and have some medical care, which the VA is unable to afford me, so my projects have a dual purpose.

**BELL ADDS 446 PHONES**

**To Floyd-Co. System; Annual Report Cites '67 Business Record**

Of the 691,000 telephones added by Southern Bell Telephone Company last year in its nine-state territory, 446 were added to Bell's Floyd county exchanges. W. S. Gibson, Paintsville, local Southern Bell manager, reported this week.

At the end of 1967 6,263 telephones were on the company's lines in this county.

The company's annual report showed that Southern Bell set new records for telephone growth and capital construction last year. It has a total of 10,888,301 phones in service, and last year it invested more than \$540 million in new facilities. During 1967 Southern Bell gained 20,755 telephones in Kentucky.

For the third consecutive year, Southern Bell's operating expenses and taxes in 1967 surpassed \$1 billion, totaling \$1,232,795,000.

The company paid nearly \$323 million in taxes, an increase of \$20 million over 1966. In addition, telephone customers paid out some \$140 million in excise and sales taxes on telephone service, which Southern Bell collected for federal, state and local governments.

Wages, salaries and related costs for Southern Bell's 86,000 employees totaled over \$398 million.

Earnings per share of the company's stock in 1967 were \$2.22. The 1967 report is the last that Southern Bell will issue as a nine-state company. After July 1, 1968, a newly formed corporation—South Central Bell Telephone Company—will operate the business in Kentucky, Alabama, Louisiana, Mississippi and Tennessee. Southern Bell will continue to serve in Florida, Georgia, North Carolina and South Carolina.

The Kentucky Society for Crippled Children provided assistance to 4,149 Kentucky youngsters in 1967. Easter Seal services offered by the society include hospitalization, resident and day camping, swim programs, hearing and speech therapy, physical and occupational therapy and special education.

**The trend is clear!**

Few women would wear a dress designed in 1930 . . . but many are tolerating heating systems that are as outdated as a bustle. Because of misconceptions about the cost of electric heat, you may be cheating yourself out of a cleaner, more comfortable, flamelessly safe home. The difference in operating cost is so small it's insignificant. Millions of homeowners who heat electrically have discovered how much more it is worth. That's why owners of older homes are converting to electric heat in record-breaking numbers. Few things you can buy for your home add more to its value than electric heat because dollar-for-dollar it delivers so much more for your money. Virtually any home can be converted to electric heat quickly and economically. Let us prove it. Just mail this coupon.

## Scholarship Committee Slates Benefit Dinner

The Scholarship Fund committee for Prestonsburg Community College will hold a \$10-per-plate dinner at May Lodge, Jenny Wiley State Park, March 28 at 7 p.m.

Purpose of the dinner is not only to raise funds but also to present the scholarship program to the public and to explain what this program is doing for PCC students. Residents of Floyd, Pike, Johnson, Morgan, Magoffin and Knott counties are being invited.

The program for the evening will consist of recognition of present donors, a music program by the John Hochnick trio and a speaker.

The speaker will be Robert C. Johnson, vice-president of Student Affairs at the University of Kentucky.

The goal set by the scholarship committee is \$18,000. It is hoped that 60 students will receive scholarships of \$300 each, next year.

### A MATTER OF BUSINESS

I seem to recall printing, some time or another, an item reminiscent of the following, only the one I'm having trouble placing seems to have happened at Hindman. This one concerns the butcher who asked a lawyer this question:

"What would you do if a dog kept coming to your place and stealing meat?"

"Why, I'd make the owner pay for the meat, of course."

"In that case," said the butcher, "you owe me \$15, for it's your dog."

The lawyer smiled. "Fair enough. Just deduct the \$15 from the \$25 you owe me for the advice."

I am a changed man. I have not been caught in a snowstorm while fishing this year. I have not literally broken the ice by sliding off a frozen creek bank. It's not that I'm any wiser. Why do you suppose I avoid such incidents, these days?

(Continued from Page One) other factor requiring time, it was pointed out.

During construction of the million-dollar shoe plant near the mouth of Bull Creek, access to the site has been possible only via Town Branch and the existing road down Bull Creek or via Allen and across Bull mountain.

When U. S. Shoe reaches full production it expects to employ approximately 400 persons. Its worker training program has been under way for several months at Archer Park here.

### SPURLOCK, FRANCIS IN GROUP HONORED AT AWARDS NIGHT

Two Prestonsburg students, along with a leading Chicago attorney, William Woodson, and the executive director of the National Urban League, Whitney Young, Jr., have been elected to the University of Kentucky circle of Omicron Delta Kappa, national honorary leadership society.

In addition, three members of the UK faculty and 12 other students were tapped for the honorary at the annual Awards Night ceremony, Sunday.

The Prestonsburg students who were honored are:

William G. Francis, son of Mr. and Mrs. Fred G. Francis, of Prestonsburg, a senior major in political science. He attended Prestonsburg Community College before transferring to the Lexington campus. He was co-chairman of the Leadership Conference Committee.

Daniel Spurlock, son of Mr. and Mrs. Burl Spurlock, Prestonsburg, a senior majoring in zoology. He plans to attend medical school and is president of his fraternity. He has been on the dean's list and is a member of Eta Sigma Phi, national classical honorary.

## House Votes Budget, Sales Tax of 5 Pct.

Frankfort, Ky.—The House on March 5 approved Gov. Louie B. Nunn's \$2.47 billion budget by a vote of 100 to 0, but on March 6, Rep. John O. Hardin, III, D.-Hopkinsville, formerly of Prestonsburg, switched to "nay," leaving the final vote 99 to 1. Hardin explained that he could not conscientiously support a budget he is unwilling to finance.

On March 5 also, the House voted 48 to 47 to exempt food, clothing and medicine from the proposed five percent sales tax in the administration bill increasing the levy from three percent. It quickly adjourned till next day when, after a five-hour session, it reversed itself and by a vote of 56 to 41 restored the previously exempted articles to the bill.

The measure, House Bill 399, which also raises auto license fees from \$5 to \$12.50 a year was subsequently sent to the Senate along with the budget bill, HB 400.

Also on March 6, the Senate deadlocked 19 to 19 on a bill which would exempt Kentucky from daylight saving time.

While a tie vote in itself would have defeated the measure, Lt. Gov. Wendell H. Ford, President of the Senate, cast a "no" vote to break the tie. Now, barring change, Kentucky will observe daylight saving time along with the rest of the nation each year from the last Sunday in April to the last Sunday in October.

### AUTO INSPECTION

Senate Bill 252, which the Senate passed 26-10, would replace Kentucky's compulsory annual auto inspection law with one that would require only that vehicles must pass a safety inspection within 12 months before changing owners.

### PINBALL MACHINES

Sen. Edward A. Murphy, D.-Richmond, announced that the Senate Committee on Business Organizations and Professions, of which he is chairman, would give further consideration to a bill to legalize multi-coin-type pinball machines.

Operation of this type of machine in Kentucky was prohibited by legislation enacted at the 1958 General Assembly. The current measure, introduced by Rep. Everett Akers, D.-Floyd, passed the House Feb. 28 by a vote of 46 to 9.

### CONSTITUTIONAL AMENDMENTS

Reported favorably in the Senate was HB 423 and in the House SB 173, both of which propose amendments to Kentucky's Constitution. Only two proposals to amend the State Constitution can be forwarded to the voters by the Legislature when it meets in regular session every two years.

HB 423 would provide for annual instead of biennial legislative sessions and a later start in the year following the election of a governor. SB 173 would require farm property to be assessed for tax purposes at its agricultural rather than potential residential or industrial value.

### OPEN HOUSING

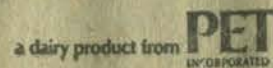

Reported favorably in the House was a committee substitute for HB 232, forbidding racial, ethnic or religious discrimination in the sale of property. The bill, as reported by the committee would exempt a person who rents or leases four apartments or less in a building in which he lives, or a person who rents "six or less" housing accommodations without the aid of a real estate broker.

Introduced in the Senate Mar. 6 was a joint resolution to place the University of Louisville in the state system of higher education by July 1, 1970. The measure would leave to trustees of the University of Kentucky and the U. of L. the form of what relation the U. of L. would have with other state universities. (See Story No. 1, Page 8)

**FLOYD QUARTERLY COURT**  
No. 14,291

**Prestonsburg Municipal Housing Commission, Plaintiff**  
**Prestonsburg Building Supply Company, Intervening Plaintiff**  
Against // Notice of Sheriff's Sale

**John Childers, Defendant**  
By virtue of a judgment and order of sale in the above styled action directed to me, I, or one of my deputies, will on the 25th day of March, 1968, between the hours of 10 a.m. and 11 a.m., upon a credit of three months, at the Floyd County Courthouse door, Prestonsburg, Ky., expose to the public by sale to the highest bidder the following described property, to wit:

One washer and one dryer now stored on the premises of the Prestonsburg Municipal Housing Commission at Green Acres in North Prestonsburg, Floyd county, Kentucky.

The amount of money to be raised by this sale shall be in the principal sum of \$86.50 with interest thereon at seven percent per annum from August 1, 1967, and the costs of this action, including costs of advertising of this sale, and fees and commissions for conducting this sale, and the further sum of \$138.94 with interest thereon at six percent per annum from May 31, 1967.

For the purchase price the purchaser must execute bond with approved surety of security bearing legal interest from date of sale and having the force and effect of a judgment with a lien retained on said property as a further security. The purchaser may pay cash in lieu of executing bond. Bidders will be prepared to comply with these terms.

Given under my hand, this 21 day of February, 1968.

**NOTICE OF SALE OF ELECTRIC FRANCHISE**

On the 16th day of February, 1968, the Board of Trustees of the City of Wheelwright, Kentucky, adopted a resolution directing the sale at public outcry of a city electric power franchise. This resolution is in words and figures as follows:

"RESOLUTION OF BOARD OF TRUSTEES OF THE CITY OF WHEELWRIGHT, KENTUCKY  
February 16, 1968

WHEREAS, it appears that it is to the interest of the public that proper provision be made for the distribution of electric energy in the City of Wheelwright, and

WHEREAS, it appears that it is to the interest of the public that a franchise be advertised and sold granting and entitling the grantee to use the public streets, thoroughfares and other public places for the erection and maintenance of lines for the transmission and distribution of electric power.

NOW, THEREFORE, be it resolved by the Board of Trustees of the City of Wheelwright, Kentucky,

SECTION 1.  
That there be sold at public auction to the highest and best bidder, the right, privilege and authority to acquire, maintain, construct and operate in, above, under, across and along the streets, thoroughfares, alleys, bridges and public places (as the same now exist or may hereafter be laid out) of the City of Wheelwright, Floyd county, Kentucky, lines, poles and equipment for the distribution of electric energy either by means of overhead or underground conductors, with all the necessary or desirable appurtenances for the purpose of supplying electric energy to said City and the inhabitants thereof and persons and corporations beyond the limits thereof for light, heat, power and any other purpose or purposes for which electric energy is now or may hereafter be used, and for the transmission of the same within, through or across said City.

SECTION 2.  
Said lines and appurtenances shall be constructed so as to interfere as little as possible with the traveling public in its use of the streets, thoroughfares, alleys, bridges and public places. The location of all poles or conduits shall be made under the supervision of the proper board or committee of the city government.

SECTION 3.  
The right, privilege and franchise shall be in full force and effect for a period of twenty (20) years from the date of the passage of the ordinance granting it.

SECTION 4.  
The grantee of this franchise shall save the City harmless from any and all liability arising in any way from negligence in the erection, maintenance or operation of said lines and appurtenances.

SECTION 5.  
Whenever the grantee of this franchise shall begin the erection of any lines or other equipment, it shall promptly and diligently prosecute the work to completion and leave the streets, thoroughfares, alleys, bridges

and public places where such work is done in as good condition of repair as before such work was commenced.

SECTION 6.  
Wherever in this franchise, either the City of Wheelwright or the grantee hereof is referred to, it shall be deemed to include the respective successors and assigns of either, and all rights, privileges and obligations contained in this franchise shall be binding upon and inure to the benefit of the respective successors and assigns of said City, and said grantee, whether so expressed or not.

SECTION 7.  
When the smoke of battle cleared, 60 Kentuckians — including Daniel Boone's son — lay dead. Another seven were captured. The dead were buried on the battlefield and a crude limestone slab was erected to mark the spot of their common grave. It is still marked in the park.

SECTION 8.  
The consideration paid by the successful bidder for the franchise, privilege and right provided for herein shall be complete compensation and consideration for said franchise, privilege and right for the use and occupancy of the streets, avenues, alleys, bridges and public ways of the City in lieu of any street or alley rental or to the charge for the use or occupancy of said streets, avenues, alleys, bridges, thoroughfares or public places of said City and in lieu of any pole tax or meter tax.

SECTION 9.  
Each bidder for said franchise, privilege and right shall file as a part of his bid a certified copy of a certificate of convenience and necessity from the Public Service Commission of Kentucky, issued under the authority of KRS 278.030 (3).

SECTION 10.  
The ordinance granting this franchise shall be accepted by the grantee thereof within sixty (60) days from the date of its passage.

SECTION 11.  
The City reserves the right to reject any and all bids.

SECTION 12.  
The Clerk of the City of Wheelwright is hereby directed, after having advertised the time, place and terms of sale and the rights to be sold by posting written or printed notices in six (6) public places in the City of Wheelwright, including the door of the city hall and in at least five (5) other conspicuous public places in the City for at least 15 days before the time of sale and by causing the publication of such notice in the Floyd County Times for not less than three (3) consecutive issues next before the date of sale, to offer for sale at public outcry to the highest and best bidder at the front door of the city hall in the City of Wheelwright, between the hours of 10 o'clock in the morning and 2 o'clock in the afternoon on some convenient date to be named in such notice and advertisements and upon other conditions herein stated; and receive bids for franchise and authority herein directed to be sold.

No person, however, other than the owner of a plant and equipment sufficient to render the service required by this Resolution shall be entitled to bid on such franchise unless the prospective bidder shall deposit with the Clerk before the commencement of the bidding a certified check for the sum of \$4,000.00, pursuant to KRS 96.020. Said franchise shall be sold to the highest and best bidder and the deposit above referred to may be forfeited upon failure of the successful bidder to meet the other requirements of said statute.

SECTION 13.  
The Clerk will report his acts, together with all bids received by him for such franchise to the Board of Trustees at their next regular or adjourned or called meeting, held next after such sale.

Pursuant to the direction of the Board of Trustees of Wheelwright, Kentucky, as set forth in the foregoing resolution, the undersigned will, on the 15th day of March, 1968, at the front door of the city hall in the City of Wheelwright, Floyd county, Kentucky, at 10 o'clock in the forenoon or shortly thereafter and in any event, between the hours of 10 a.m. and 2 p.m. offer for public sale at public outcry to the highest and best bidder, an electric franchise on the public streets and thoroughfares of Wheelwright, Kentucky, which electric franchise shall be in the terms set forth in the foregoing Resolution set forth above and all bidders will be required to comply with the terms of such Resolution.

WITNESS, H. M. WILKINSON,  
City Clerk, this 23rd day of February, 1968.

**Blue Licks State Park Is Memorial to Last Fray of Revolution**

Blue Licks Battlefield State Park, near Mt. Olivet, is a memorial to the last battle of the Revolutionary War.

A force of 500 Indians and British soldiers under the command of Captain William Caldwell ambushed 182 Kentucky volunteers August 19, 1782. The fighting took place at Blue Licks, a ford at which the road from Maysville to Paris crossed the Licking River.

When the smoke of battle cleared, 60 Kentuckians — including Daniel Boone's son — lay dead. Another seven were captured. The dead were buried on the battlefield and a crude limestone slab was erected to mark the spot of their common grave. It is still marked in the park.

Now a granite monument stands above the battlefield where the Kentuckians shed their blood for the freedom and independence of their state. In tribute, their names are etched on the granite shaft for posterity.

Because the battle took place nearly a year after the surrender of Great Britain's Lord Cornwallis at Yorktown, it has been called the last battle of the Revolution.

The 100-acre park was acquired by the State Parks system in 1924. According to Commissioner Robert E. Gable, more than 176,000 persons visited the park during 1967.

One of the main attractions is a museum which houses pioneer weapons, implements, furnishings, maps and other items. The park also offers picnicking and playground facilities, hiking trails and a modern swimming pool. The museum will reopen April 2 and the swimming pool will be ready for use the latter part of May.

Unimproved camp sites are also available at the park. It is located on U. S. Highway 68, between Paris and Maysville.

# President Requests Strip Mine Control

President Johnson last week sent a far-ranging conservation message to Congress. It included proposals for a federal surface mining reclamation law, stronger measures for water pollution control and increased spending for air pollution control. The President said America needs a system to assure that all lands disturbed by surface mining in the future will be reclaimed. He proposed the Surface Mining Reclamation Act of 1968, which would set federal criteria to guide states in developing their own surface mining regulations.

Within two years after passage of the act, states, with the aid of federal grants, would submit their planned reclamation legislation to the Secretary of the Interior for review and approval. If a state did not act, or the Secretary called its plan inadequate, federal standards would be imposed. The Act would cover all minerals.

Legislation covering the President's proposal was expected to be introduced almost immediately in both houses and congress. The Senate Interior Committee has already scheduled hearings April 4 and 5 on a bill by Sen. Frank Lausche (D-Ohio) which is roughly similar to the President's plan, except it affects only coal. Any hearing on the Lausche bill now, however, would include the President's proposal. The National Coal Association has written Sen. Henry M. Jackson (D-Wash.), chairman of the committee, asking that the hearings be postponed at least 30 days to allow the coal industry time to study and evaluate the legislation.

President Johnson also directed federal agencies to make sure their regulations require the reclamation of federal lands leased for surface mining, and that federal contracts for purchase of coal and other surface-mined minerals contain effective reclamation clauses.

In discussing water pollution, the President did not mention

mine drainage, but he did ask Congress to strengthen existing law by allowing the federal government to require those responsible for dangerous discharges of pollutants to take whatever action the government considers necessary to clean it up. If the polluter fails to act, the government wants the added authority to do the job and hold him liable for the costs.

The President's message endorses the Clean Air Act of 1967 and stresses the need for the Secretary of Health, Education and Welfare to designate air quality control regions, and to publish air quality criteria and related information on control techniques as provided in the Act.

The President said he is seeking some \$123 million for air pollution control in fiscal 1969, more than in any past year. He said the federal government is making an intensified effort — and spending \$53 million — to set a good example by adopting the latest air and water pollution control methods at its own installations.

**Breaks Park Announces Season Opening, April 14**

Visitors to Breaks Interstate Park near Elkhorn City find that it's possible to be two places at once. A lively river has carved its spectacular canyon path across the Kentucky-Virginia border, creating breathtaking views on both sides of the state line.

Beginning April 14, all park facilities will be open, including the 24-unit Motor Lodge, the restaurant in Rhododendron Lodge and tent and trailer camping sites. Recreation facilities will also be in full use—hiking paths, picnic and playground areas, shelter houses and the Visitor's Center with exhibits of Breaks flowers, animals and geology. Riding stables will be opened in early May.

Geologists say it took the Russell Fork River—a tributary of the Big Sandy—250 million years to create one of the nation's oldest and largest river canyons. The gap is sometimes known as the Grand Canyon of the South or the "Grand Canyon with clothes on." Breaks Interstate Park, operated jointly by Kentucky and Virginia, attracted 192,112 visitors in 1967.

From the park's entry, a paved drive winds upward through thick evergreen woods ride over 1,000 feet above the to palisades and overlooks that river canyon. One natural wonder that is a favorite of visitors is the 1,600-foot-high Towers, a pyramid-like rock formation a half-mile long and a third of a mile wide. Twelve-acre Laurel Lake, odd rock formations, balanced rocks, caves and hidden springs are other features of the park.

**Guaranteed Markets, Prices Are Offered Growers of Cucumbers**

Frankfort, Ky. — Cucumbers can produce cold cash, according to the State Agriculture Department.

Kentucky farmers who grow pickling cucumbers are offered guaranteed markets and prices, Commissioner J. Robert Miller says.

Miller reports that in 1967 42 producers were paid an average of \$1,125 an acre by a Louisville processor and 372 growers were paid an average of \$630 an acre. Miller says prices for 1968 will be about five percent higher.

Contracts for pickles are now being offered, says Miller. He suggests that interested persons contact their local pickle station manager for contract forms. In counties where pickles were not grown last year, information may be obtained from Agricultural Extension Offices.

Growing pickles, says Miller, has these advantages: small production expenses; no special machinery or equipment required; most labor occurs at a time which doesn't interfere with other crops; payment is made upon delivery.

**Meade Downs McDowell In 15th Regional Here**

Meade Memorial high school had its last chance for another shot at the state basketball title last Saturday night when its team met McDowell high in the finals of the 15th region here, and it cashed in on it.

Meade came back from a seven-point deficit at the half to down the Floyd countians, 76-68.

It was the school's last chance at state honors, for it will be merged next year with the new Johnson County high school at Paintsville.

McDowell got into the regional finals by defeating Inez, 89-78, and Dorton, 60-56. Meade eliminated Mullins, 77-68, and Wayland, 81-56, before Saturday night's showdown. McDowell's high-scoring Tom Martin set out most of the third quarter of the title game when he accumulated four fouls.

The 15th region champs will meet Shelby County at 3:45 p.m. today (Thursday) in the state tourney.

**17-Year AF Veteran Martin B. Burchett Named Master Sgt.**

Naval Weapons Center, China Lake, Calif., March 8 — An Air Force munitions supervisor assigned to the Air Force Systems Command Scientific and Technical Liaison Office at Naval Weapons Center (NWC) recently received a set of stripes signifying his promotion to senior master sergeant.

Sgt. Martin B. Burchett, formerly of Emma, Ky., known to many of his friends at this center as "Sarge," also received official congratulations from Brig. Gen. Raymond A. Gilbert, Director of Laboratories at Andrews AFB, Washington, D. C.

Gen. Gilbert's letter reads: "Congratulations on your selection for promotion to Senior Master Sergeant. As you know promotion to this grade is limited to individuals who have compiled a record of outstanding duty performance and demonstrated the potential to serve as senior leaders in the airman corps of the United States Air Force. This well-deserved recognition gives evidence of your capability to assume senior leadership responsibilities."

Thirty-seven years old and with 17 years of active service with the Air Force, Sgt. Burchett has demonstrated his potential as a career airman. He is a son of Mr. and Mrs. Belvard Burchett, of Emma, and was graduated from Prestonsburg high school in 1949 and on April 21, 1951 enlisted in the Air Force at Lexington.

Stateside and overseas tours of duty since 1951 have included such places in the SAC organization as Bergstrom AFB, Tex.; an isolated tour in French Morocco; back to Lake Charles, La.; then to the far north with a stint of duty at Goose Bay AB, Labrador, and later returning to Lockbourne AFB, Ohio, then to Westover AFB, Mass., before departing for Kadena AB, Okinawa. Returning from this assignment he was stationed at Seymour Johnson AFB, N. C. and completing this tour was once again reassigned to Udorn AB in Thailand.

Sgt. Burchett's wife is the former Mary Adkins, of Louisa.

**Hale Leads PCC Spartans To Ninth Win of Season**

Beecher Hale topped the 30-point mark for the fifth straight game to lead the Prestonsburg Community College to its ninth victory in 10 games, an 83-81 thriller over Logan Branch of Marshall University in Logan, W. Va., Saturday night.

The 6-1 sophomore from Prestonsburg earned 16 of 24 field goal attempts, and four of six free throws for 36 points. Hale also grabbed off 13 rebounds. Ernie Collins tallied 21 for the Spartans, and Roy Conn scored 17 points and pulled down 18 rebounds. Hale is now averaging 31.2 points per game. Collins 25.4, and Conn 11.7.

The Spartans held a 41-36 advantage at halftime, but had to fight off numerous Logan rallies in the final 20 minutes to preserve the victory. Don Kirk and Bill George led the Logan attack with 22 and 20 points, respectively. Napier added 16 and Brady had 11 for the losers. Prestonsburg will be host to

Logan Friday at 8 p.m., then meet Northern Community College of Covington Saturday at 2 p.m., to close out the home schedule. The Spartans will travel to Covington March 23 for an afternoon rematch with Northern in the Highlands high school gym before taking a two-week layoff to prepare for the 14-team Mountain Dew Festival tournament, beginning April 19.

**Two Floyd Students Attend Symposium**

Pippa Passes, Ky. — Among eight Alice Lloyd College students who attended the Kentucky Chamber of Commerce College-Business Symposium in Lexington, March 6, were two Floyd county residents.

## I Say What I Think

By S. C. VAN CURON

Frankfort, Ky.—Gov. Louie B. Nunn's revenue measure to meet his record \$2.5 billion budget may just squeak under the wire before the legislature adjourns sine die March 15.

It's a cinch that it isn't going to sail through the Senate in a record three days as many Democrat budgets have in the past. The majority Democrats in the Senate have indicated they are going to make every effort to try to find other sources of revenue besides increasing the sales tax to five cents.

They don't mind the hike in the auto license plates from \$5 to \$12.50, but they scream loud about imposing the hefty sales tax on what they term the "people least able to afford it," and they are talking about the low-income people and those retired or living on fixed incomes.

Whether they are able to muster enough strength, although they outnumber Republicans 24 to 14 in the Senate, to plant the tax burden elsewhere, is another question, but they steadfastly say they are going to make a bold effort.

Lt. Gov. Wendell Ford has made a proposal that would soften the blow of the heavy sales tax by refunding every individual \$13 a year—an average estimate that the two cents extra sales tax would cost.

Senator Floyd Hayes Ellis offered five alternatives to choose from last week, and Senator Tom Harris has made an extensive study about the cost of educating out-of-state students. Harris wants to hike the out-of-state tuition to take a portion of the burden off of Kentucky taxpayers. It costs an average of \$900 plus for every college student and the tuition does not reach that figure.

Harris concedes that concessions should be made to Kentucky students, but he wants the out-of-state students to pay their own way. He has introduced a bill to this effect.

Education leaders have had teachers writing letters putting pressure on legislators to vote the five percent sales tax, but Senate has withstood this more sternly than the House.

Democrats last week pointed out to educators that it was the Democrats who kept the Minimum Foundation Progress from being the target of Nunn's required de-escalator clause in his budget.

Every budget must have the de-escalator clause to end the biennium with a balanced budget, but other governors have spread this across all departments.

Nunn's budget read "to include a reduction in the school foundation program." Democrats attached an amendment making this clause read, "but not to include the school foundation program." This amendment passed on a straight party-line vote with 47 Democrats on the amendment while 43 Republicans voted against it.

Not many classroom teachers knew this feature was in the budget.

Democrats very frankly say they are for Nunn's budget, and it will have no trouble passing, but their quarrel is the five cent sales tax as the source of increased revenue. They are willing to place it on income tax or elsewhere—most any combination of sources, but not on the low-income people.

### CARD OF THANKS

We would like to take this means of expressing our thanks to all those who were so kind and helpful to us upon the passing of our beloved father, Madison Gibson, who passed away Feb. 13. We extend special thanks to our friends and neighbors who sent flowers and food, to the Rev. Jonas Miller, of Prestonsburg, for his comforting words, the Gibson family for the beautiful singing, and the Hindman Funeral Home for its efficient service.

**ALL WELCOME**

The low image of education's revenue is increasing and many legislators frankly blame the education leadership, but don't let the classroom teachers escape on the excuse they don't know anything about the budget or revenue bills.

The serious study of Senator Harris has been prompted by this continual demand for higher education and the foundation program as well.

About the earliest Gov. Nunn's revenue measure could get through the Senate is Wednesday, but it might well be the last measure the Senate passes before adjournment Friday.

It would be an extreme outside chance that the revenue bill doesn't get through and a special session would be necessary.

## Wright, Martin Clubs Give \$544 to Alice Lloyd To Help Meet Fire Losses

Pippa Passes, Ky.—Wheelwright and Martin Kiwanis clubs presented a total of \$544.79 to Alice Lloyd College's dormitory fire relief fund at a regular meeting March 5 at Martin.

Chairman for the effort to help meet college and student losses resulting from a fire which destroyed Hemlock Dormitory, Jan. 2, were Judge Hollie Conley, Sherrill Frazier, Boone Hall and Lloyd Stumbo. Through them, benefit basketball games were arranged at schools in Martin, Maytown, McDowell and Wheelwright. Students in the schools, informed of the purpose of the games, responded generously.

Alice Lloyd assistant to the president, H. Clayton Ackley, ac-

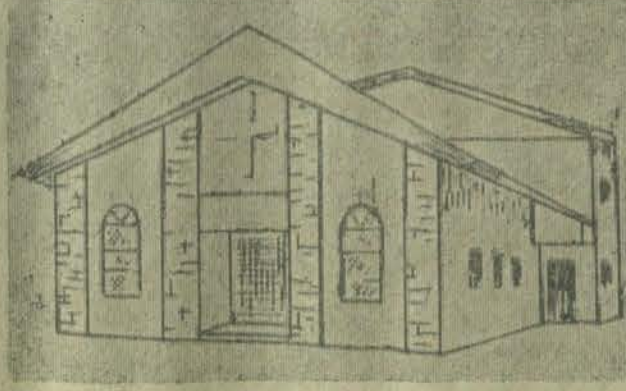

cepted the gifts for the college. "Your efforts," he said, "reflect those qualities of character in the mountain people that Alice Lloyd College is working to preserve. We appreciate your gifts because of the good they will do our students and the college."

Ackley said the 46 boys who lost their possessions in the blaze are being reimbursed in full by the college. "Of course, we are not legally obligated to do this," he said. "But many of our students lost all they owned, and some could not continue in school without this assistance. We want to give our students every encouragement to continue and excel."

## NO LONG WAIT NECESSARY FOR KY. WEATHER CHANGE

It was Paducah's Irvin S. Cobb who was supposed to have said: "You don't like Kentucky weather? Then just wait a minute."  
 A University of Kentucky-stationed weather observer now adds scientific substantiation to the famed humorist's remarks.  
 "Kentucky weather is among the most changeable in the nation," says Allen B. Flam, Jr., FSSA Weather Bureau state climatologist whose office is in the UK Agricultural Experiment Station.  
 He attributes the changeableness to Kentucky's location on or near storm tracks followed by storms or low pressure centers moving from west to east across the nation. "Temperature and precipitation vary as storm centers move rapidly or slowly across the state."  
 Flam's observations are based on a study of climatic statistics drawn from Kentucky records extending back to the late 19th Century.  
 Flam was an Air Force weather bureau officer during World War II, and entered U. S. Weather Bureau service in 1945 as a meteorologist in Texas.

## Earns Master's

Greene E. Tussey, a 1961 graduate of Prestonsburg high school, recently completed requirements for a master's degree in education at Xavier University, Cincinnati, Ohio.  
 A 1968 graduate of Berea College, Greene is presently employed by the Princeton city school district in suburban Cincinnati. Acquiring the M.Ed. with a concentration in school administration makes him eligible for certification in Ohio as curriculum supervisor, elementary principal, and district executive head.  
 He is a son of Mr. and Mrs. Curtis Tussey, of David.

## JUNIOR WOMAN'S CLUB CITES ARCHER PARK WORK

By MRS. WILLIAM B. COOK  
 In the fall of 1964, the Prestonsburg City Council was able to purchase 32 acres for the park area at the edge of town. From there began the work of individuals, civic organizations, businesses and schools.  
 The Prestonsburg Junior Woman's Club was the first group asked to participate in this project. The club decided to sponsor the playground for children up to nine years of age. Peppermint Park, as the club named it, was voted \$1300 for the summer of 1965.  
 The club purchased \$998.97 of equipment that year. The pieces bought consisted of animal swings, a bick-about, and six animal saddle-mates. Donations of three used swing sets were received; a huge cement culvert which became a tunnel for children to play through was added. Salvaged window bars from the old jail were welded into a climber. City Manager Curtis Clark supervised this work for the club, as he did in the making "Stumpy," the funny-faced sliding board.  
 The club members painted all the equipment, plus a wood fence. In the summer of 1967 the club purchased a turn-about and three benches for \$276.40. Three large covered trash cans were bought for \$45, and the Prestonsburg Community College art class decorated them with animal motifs.  
 Improvements for this summer are to include repair of playhouse, a large sandbox to be added, purchase of seesaws, mending and painting of fence and equipment, addition of chinning and pull-up bars, and a snack table.  
 The club also donates \$200 annually to the Junior Olympic pool which was opened in July, 1966. The Woman's Club and Kiwanis Club also donate the same amount.  
 The third area of the park in which the Juniors have functioned is the amphitheater and horse show ring. This work began in July, 1966. Seating for 800 was built in 1966, and in 1967 200 more seats were added.  
 Kentucky Power Company cooperated by running wire to this area in 1966. In 1967 the club

Almost everyone does something or other to try and save time and make life easier. But it's amazing how easy it is to overlook one of the biggest money-savers around: Calling station-to-station. It's true. People think about the 40% savings over calling person-to-person... and forget all about the convenience side of it. So, the next time you call station-to-station just give the operator the area code and the number you're calling to get your call through faster... you'll be saving money. ## UK Zoologist Condemns Many Proposed Dams

A University of Kentucky zoologist feels the time has come to protect a few of Kentucky's rivers and streams, leaving them in their natural state.  
 As president of the Kentucky chapter of the Nature Conservancy, Dr. Roger Barbour opposes the projects of the U. S. Corps of Engineers to build dams in the Red River Gorge, on the North and South Forks of the Kentucky River and near Falmouth on the Licking.  
 Dr. Barbour feels that the "rivers have become congressional pork barrels, and the Corps of Engineers have reacted to this. It's gotten so that where there is standing water they want to drain it, and where there is water moving they want to dam it."  
 He concludes that "it's too bad there isn't one river that flows through every congressional district in Kentucky that could be turned over to the Engineers. They could build dams from one end to the other, and as soon as the reservoirs were in they could start draining them. This would keep them busy and the congressmen happy forever."

**THE GREAT WIDE-TRACK DRIVE IS ON!**

There's very little difference between Wide-Tracking in a Pontiac and ordinary driving... in dollars. A big, powerful Wide-Track Pontiac costs no more than some of the so-called low-priced cars. So if you're settling for less than a 400 cubic inch V-8 and a big-car 121-inch wheelbase, stop settling. Start Wide-Tracking. The drive is on. See your Pontiac dealer. He's out to smash sales records for the 7th straight year!

See the U.S. Ski Team vs. World Competition, Sunday, March 17, NBC TV. Free 24-page Ski Team Race Guide at your Pontiac Dealers.
