

Clark Says Motive In Suit To Harass

County Superintendent of Schools Charles Clark said this week that he saw a clear connection between the suit filed in U. S. district court and the earlier petition filed with the State Board of Education to force redistricting of the county's five educational divisions.

"The two moves," he said, "were made only to harass and embarrass the school system because a few people have not been able to manipulate the Floyd county school system to their own whims."

Supt. Clark conceded that the last change in the educational districts took place in 1957 when the Prestonsburg independent district was merged with the county system. "We assumed," he said, "that the districts were apportioned in a legal manner at that time." He added that all the educational divisions have lost population since that time, according to the school census.

"This 'gerrymandering' alleged in the U. S. court petition," he added, "is something we didn't do at all. This redistricting was done at a time when Joe Hobson (attorney for the group now demanding redistricting) was legal adviser to the board of education, and it was all right with him then."

Clark said the board of education has procured voter registration lists used for the May, 1968 primary and a nose-count of registered voters in each

MARTIN GIRL LAKE VICTIM

Drowning of Girl, 10, Sunday, First of Year; 4 Saved As Boat Sinks

Dewey Lake claimed its first victim of the year Sunday afternoon when a 10-year-old Connie Sue Hale, of Pilgrim, Martin county, drowned after the boat in which she and four others were riding sank.

The tragedy occurred off the point at the north entrance to Jenny Wiley boat dock. The girl's body was recovered, about 3:45 p.m., 15 minutes after the mishap, by Elmer Layne, South Williamson, Ky., safety director for the Island Creek Coal Company.

Three of those rescued were sisters of the victim, and the fourth was her brother-in-law. Their names were listed as Clayburn Hayes, 21, and his wife, Janice Hale Hayes, of Warfield, Elvia Hale, 16, and Linda Hale, 14, both of Pilgrim.

Layne and Dr. Davis, of Pikeville, administered artificial respiration to the girl. Only three of the boat occupants could swim, it was said, but life preservers were tossed to those in the water, and bystanders assisted in their rescue.

Raymond Copley, of the U. S. Corps of Engineers, said Hayes, operator of the boat, told him he hit a heavy wake from another boat and that when he looked toward the stern water was pouring in. The boat had been launched, a short distance from where it sank. State police said the occupants apparently panicked.

The boat, which was recovered by the Floyd County Emergency and Rescue Squad, was a 14-foot fiberglass craft with a 25-horsepower motor. Officers said its capacity was rated at 900 pounds and that weight of its occupants was in excess of this figure.

The victim is survived by her parents Ernest and Florence Gauce Hale; two other sisters, Mrs. Edith Collins, of Grove City, Ohio, and Mrs. Betty Birmingham, of California, and four brothers, Sherman, Eddie, Ruble and Ernest Hale, Jr., all at home.

Funeral rites were conducted from the residence Wednesday at 1 p.m., the Rev. Glenn Ray Moore officiating. Burial was made in the family cemetery at Pilgrim.

Residents of Gas Fork have asked The Times to express for them their thanks to County Judge Henry Stumbo and James Spilisbury, director of adult education for the Floyd County Board of Education, for getting a school bus run into their community to take children to the Allen school.

Although its new public pool at the Stratton Branch recreation area will close after Labor Day, the state park will keep its private pool open for guests at May Lodge through September. The golf course there will close, November 1.

No closing date has been announced for the Skylift and the riding stables at the park, both of which are privately operated, but both normally are open well into the fall.

This Town... That World

Things have come to a pretty pass when Democrats can't have their own Donnybrook without the armed forces being called in to protect them from outsiders.

E PLURIBUS UNUM

This nice lady, Lida Margaret Spradlin, is one in—well, if not in a million, certainly one in thousands. She, of all the readers of this newspaper, was the only one who missed this column enough when it was omitted recently to say she had.

GIVE ME A HOSS...

Times do change—now, don't they? I can remember the day when a Cadillac would have us falling over our feet to draw near and gawk, and most of us recall when a jet overhead caused more than one wry neck. But only the other day, in the space of an hour, all this went by the wayside. More than one "Cad" eased past, and never a second glance. A jet broke the sound barrier, and the only comment was a crusty remark the pilot wouldn't have appreciated.

Then down the street came a lone man. Necks craned, you could see ears perk up. This man was riding a horse.

NEWS ITEM

A friend tapped me on the shoulder, the other day, pointed to a girl, and said, "There's an item for your column." It was news. This youngster was intent upon an encyclopedia, meanwhile disregarding the comic books, movie magazines and other popular "literature" in a rack, a few feet away.

SMALL COMFORT

This story was told and the teller vowed, so help him, it's the truth. This old guy had bought himself a brand-new car and was snagged on the little item of sales tax. When he expressed considerable displeasure, he was reminded that the car would depreciate next year, and he would get credit on that.

Quoth he:

"Now, I depreciate what you're tryin' to tell me, but I derned sure don't depreciate these taxes!"

ROSE BOOKED ON 6 COUNTS

Three Are Arrested On Liquor Charges; School Is Damaged

Roger J. Rose, of Garrett, was booked at the county jail Tuesday by Sheriff Joe Wheeler Lewis and Deputy Sheriff Grady Skeans on charges of breaking and entering, grand larceny, banding, attempted rape, no operator's license and improper registration.

Sheriff Lewis said he was accused of breaking into a Garrett woman's house and of attempting to rape her. The grand larceny charge grew out of the theft, which Rose denies, of tires from an automobile.

Three persons were arrested within the week on liquor charges. Clarence Martin, of Drift, was named on a charge of possessing alcoholic beverages for the purpose of sale when Sheriff Lewis and Deputy Sheriff C. A. Flanery confiscated 90 cans of beer during a raid at Drift last Friday. Herbert Spurlock was booked at the jail on a possession charge by Deputy Sheriffs Flanery, J. D. Martin and Caner Hunter. Lillie M. Jones, of Grethel, was arrested Tuesday by State Trooper Angel and Constable Gillis Conn and booked at the jail on a charge of transporting alcoholic beverages. The officers confiscated five cases of beer.

Ballard Edward (Cokie) Hall signed a statement admitting that he broke windows of the Lackey school with his fist. He said he was drunk at the time. Hall was booked by Sheriff Lewis and Deputy Sheriff Flanery on a destroying public property count.

Others arrested and charges on which they were booked: Homer Wright, cutting and wounding Hatfield Bentley of Frasure's Creek, and parole violation, arrested by Lewis and Flanery; Louranza Dowell Darnon, driving while intoxicated, by State Trooper Angel; Anderson Newsome, forgery, by Deputies Martin, Hunter and Newsome; Doffie Justice, driving while intoxicated, by State Troopers Ross and Brenner.

Allen in Dual Capacity At Community College

Dr. Henry A. Campbell, Jr., director of Prestonsburg Community College, recently announced the appointment of Robert R. Allen as admissions officer at the college. Mr. Allen's duties will be multi-fold, in that he will not only be admissions officer and registrar but will be developing a recruitment program for the counties served by the college. The latter phase of his work will consist of working closely with the students, guidance counselors, and principals of the high schools. He is co-chairman of the Scholarship and Attendance committee as well as the Scholarship Fund-Raising committee, and in coordination of student activities and publicity.

Mr. Allen was graduated from Kentucky Military Institute in 1957. He served in the U. S. Army for three years in Frankfurt, Germany, then attended the University of Kentucky and Morehead State University where he received his bachelor of arts degree with majors in English and political science. In 1965, he received his master of arts degree at Morehead State University. Since graduation Mr. Allen has done work toward his doctorate, both at

the University of Kentucky and Morehead State University.

Mr. Allen's experience includes work as senior publicity specialist for the Kentucky State Department of Education, Frankfort; director, Project Head Start, Floyd county schools, and English consultant for the Floyd County Board of Education.

All information pertaining to admissions may be obtained by contacting Mr. Allen.

Club To Break Ground For Clubhouse, Sunday

The Floyd County Fish and Game Club this week added an item to the program for its annual fish fry Sunday at its Johns Branch club grounds which it regards as deserving top billing.

This is the ground-breaking ceremony for the long-planned clubhouse which will be erected on the club grounds, Congressman Carl D. Perkins will be the speaker during the exercises, which will be held Sunday afternoon.

Preparation of the site and pouring of footers will begin, at

most immediately, and completion of the structure is anticipated by mid-summer next year, a club official said. The structure will be of concrete block construction.

It also was announced that \$200 worth of attendance prizes will be given away during the day. A coon drag beginning at 10 a.m., casting events starting at 11 a.m., a day-long turkey shoot, and shooting for the county skeet championship at 4 p.m. are among features of the day's program.

Registration At College This Semester To Hit 425

Registration at Prestonsburg Community College stood at 420 at the end of the regular registration period, Tuesday afternoon. Belated registration will continue through Sept. 4, Robert Allen, admissions officer at the college, said.

Dr. Henry A. Campbell, Jr., director of the college, had earlier anticipated an enrollment of around 500, which would have been an increase of about 10 percent over that of last year.

Bids on construction of two new buildings which are expected to be ready for use in the fall of 1969 will be opened Friday. Bids for mechanicals and wiring were opened last Friday, but successful bidders are not expected to be announced till the opening of construction bids.

One of these, the academic building, a 122-foot-square two-story structure, will house laboratories for home economics, special instructional rooms for accounting and drafting, classrooms and offices, an art studio, a complete communications laboratory with television and FM radio studios.

The second structure, a one-story student activities building, will contain student work rooms, a book store, snack bar, kitchen, student lounge, game rooms and counseling offices.

Cost of the building program will cost an estimated \$1,450,000.

Nine faculty positions were announced by Dr. Campbell. They include new faculty member John Hanson, physics, a master's degree recipient of the University of Mississippi and a native of New Orleans, La., and returning faculty member Miss Betsy Boyd, music, who has been on a year's leave of absence studying at the University of Indiana. She previously received her M. A. degree from the University of Missouri.

Other new faculty members include Ronald Lipton, business, with a 1966 M.A. degree from Mississippi State and a native of Meadville, Pa.; Miss Jessica Pollard, art, with a M.A. degree 1968 from Pratt Institute, Brooklyn, N. Y., a native of Connecticut, and Fred Kramer, sociology, with a 1968

One Project Dedicated, Perkins Urges Another

Congressman Carl D. Perkins had his usual busy day last Saturday, although Congress is on vacation and he presumably is taking it easy. He was involved, most of the day, in attending the dedication of one project for which he had won federal financing and in attending a meeting on another which he hopes to see under construction.

At 10 a.m. Perkins was at the Stumbo school at Grethel to urge residents of the Mud Creek valley to get busy and not pass up the opportunity for a water distribution system which will involve the expenditure of more than a million dollars, most of which is an outright grant from the Economic Development Administration.

Four hours later, he was on Left Beaver Creek to appear as the principal speaker in the dedication of the new postoffice building at Hi Hat.

The Congressman was joined by County Judge Henry Stumbo and other county officials in urging Mud Creek residents to sign up the 700 prospective water-users required for final approval of the water distribution system. About 125 persons attended the mass meeting.

At Hi Hat Perkins and William J. Rahter, assistant to the regional director, Post Office Department, Cincinnati, spoke during the postoffice dedication.

"It was largely due to the cooperation of the citizens of Floyd county that made not only this post office building but many other federal projects possible," Congressman Perkins told a gathering of more than 200 at Hi Hat.

But Mr. Rahter gave the Congressman most of the credit for Post Office Department financing of the building. "Many of the national

AMBULANCE LOSS CITED

Floyd County Lucky, View As Others Lose Service by Morticians

Floyd county has four funeral homes which maintain ambulance service, and the county doesn't know how lucky it is, said a funeral home director this week.

In other towns and cities—the nearest, Paintsville—funeral homes have given up on ambulance service. The new minimum wage rate of \$1.60 an hour the necessity of maintaining 24-hour service with resulting overtime for the driver, the cost of equipment and maintenance make ambulance operation unprofitable. So funeral homes in many places quit and private operators took over.

But the business has, in many cases, been unprofitable for the new operators. Many have quit, leaving communities without any dependable service. In some cities, the charge for transporting a patient within the city to a hospital is \$30.

The situation is far from ideal in Big Sandy towns, Paintsville and Louisa, it is reported, Ashland, Huntington, Lexington—these, too, are having their problems.

"There's no money in the ambulance business—it's an 'accommodation' service," said the funeral home director. "But Floyd county can be thankful we haven't quit."

Jenny Wiley Theatre To Close '68 Season At Park This Week-End

The Jenny Wiley Summer Music Theatre closes its 1968 season at the Jenny Wiley amphitheatre here this week-end. The professional cast will present HIGH BUTTON SHOES this evening (Thursday), THE FANTASTICKS on Friday, and THE BOY FRIEND, Saturday.

Operating on a professional basis for the first time this year, the theatre became the first musical theatre in Kentucky to present a series of musicals on a rotating basis. Because of the unique set-up, the theatre has attracted professional talent from all over the country.

The musicals being presented represent a cross section of music theatre of the past thirty years. And all have played to critical acclaim in New York.

Johnson-Co. Opposition Is Voiced

To Regional Hospital Proposed Near Here; Archer at Meeting

A new site for the regional hospital planned for the Prestonsburg vicinity by the Highlands Hospital Corporation, the non-profit group which presently operates the Prestonsburg General hospital, has been selected, it was announced here this week by Chalmers H. Frazier, administrator of the hospital here.

The new location is a 17-acre tract owned by Hobart McGuire, and it lies across US 23, opposite the state-owned lot, near Auxier, which had been sought earlier as the hospital site. The Highlands Hospital Corporation has an option on the McGuire property.

The change in proposed sites followed a meeting of Dr. George P. Archer, of the Prestonsburg General hospital staff and leader in the move for a regional hospital here, with the Paintsville Chamber of Commerce last Thursday. Opposition to the regional plan by Dr. Glenn Powell, of the Johnson County Medical Association, caused Highlands to abandon hope of buying the state-owned site and to move across the highway to private property.

Cooperation of the Johnson medical group, or at least a lack of opposition, was needed to make acquisition of the state-owned property possible.

Dr. Archer explained to the Chamber of Commerce and members of the Johnson medical group that the regional hospital "is going to go, regardless, but we would prefer your cooperation." He explained that the regional hospital has no connection with, and no effect upon, the vocational rehabilitation center which Johnson county apparently has won.

Cooperation of the Johnson medical group, or at least a lack of opposition, was needed to make acquisition of the state-owned property possible.

Dr. Archer explained to the Chamber of Commerce and members of the Johnson medical group that the regional hospital "is going to go, regardless, but we would prefer your cooperation." He explained that the regional hospital has no connection with, and no effect upon, the vocational rehabilitation center which Johnson county apparently has won.

Prestonsburg, Kentucky, under the act of March 3, 1879.

THE SPIRIT OF THE LAW LOST IN LEGALIZING

The Kentucky Revenue Department in its zeal for compliance with the state Constitution and the mandate of the Court of Appeals which require property assessment at fair cash value has directed that a "blanket raise" be placed on Floyd county real estate.

But "tracking the letter of the law" on the one hand strays far from the spirit of the law on the other. This spirit of the law embraces this tenet: "Better that a hundred guilty go free than one innocent suffer."

In the case of the so-called blanket raise, when all owners of farm lands, for example, are hit by a 20% increase, the guilty (those who listed their property far below value) will escape, inasmuch as their assessments still will be too low; and every soul who was honest with himself and his government and handed in a fair assessment will suffer by having added on to him 20% more than fair cash value.

This unfair assessment increase is not to collect more tax monies; the total of taxes collected cannot be more than last year's, so the rate will be adjusted downward because of the higher assessment. The only thing the state seeks to achieve is a "fair" assessment—and it can levy blanket raises till doom's-day under the present system and yet never realize that.

We believe in honoring the Constitutional provision demanding assessment at "fair cash value, but we do not believe the writers of the Constitution ever wanted to see the guilty escape the full penalty while the innocent pay 20% more than the law asks the guiltiest to pay.

EARLY CHRISTMAS SHOPPING SLATED TO FILL DITTY BAGS, RED CROSS CHAPTER SAYS

The earliest and one of the most urgent of all Christmas projects is ready to begin here

as the filling of Ditty Bags for service men in Vietnam is slated to begin, Miss Ella Noel White, executive secretary of Floyd Chapter, American Red Cross, said this week.

The Ditty Bag quota for the county this year is 100—25 more than last year when the quota was exceeded by 28. Each of these bags, which are furnished by the Red Cross chapter but made by women volunteers, is filled with personal items for service men. The cost of filling a bag is about \$3.

They must be shipped not later than Oct. 15, to reach those for whom they are intended in time for Christmas.

The work of filling the bags is to begin immediately, and any group or individual wanting to have a part in the project is asked to contact the Red Cross here.

Our Yesterdays

(Items taken from files of The Floyd County Times
of 30 and 20 years ago.)

Thirty Years Ago

(July 28, 1938)

Judges of the Court of Appeals Friday decided that the temporary injunction issued by Circuit Judge John W. Caudill to prevent the removal of the Martin high school should be continued. Mrs. Carl Allen and her four-month-old daughter were seriously injured and another daughter, Jacqueline, 11, was killed when a speeding truck swerved off the highway near Lackey striking them as they walked along the railroad track. Floyd farmers have received \$12,000 in loans from the Federal Land Bank in the past 60 days, it was announced. That sheep-raising may be revived in Floyd county, a group of approximately 30 farmers met in County Agent Sam Isbell's office here last Thursday and organized the Floyd County Sheep Grower's Association. Mrs. James Watkins and her 18-month-old daughter were rushed to the Stumbo Memorial hospital where the babe remained in critical condition for several days after they were both bitten by a copperhead. Born: To Mr. and Mrs. M. J. Leete, Jr., at Martin, July 17, a daughter, Judith Carol. There died: Irvin "Pomp" Ford, 40, of Prestonsburg, July 23, at his home; Mrs. Rosa Hurd Hall, 57, of Banner, last Thursday at her home; James Shannon Stratton, 74, of Mare Creek, July 20, at his home; Mrs. Lila Francis, 28, of Wayland, last Friday at Wayland.

Twenty Years Ago

(July 29, 1948)

Floyd county will have its own draft board, as will most other Eastern Kentucky counties, it was announced last week. Damage estimated at upwards of \$1,500 was caused near West Garrett late last Thursday night by a windstorm of cyclonic intensity. Another phase of the Dewey reservoir operation was expected to get under way within a matter of a few weeks as the U. S. Corps of Engineers received three bids Tuesday on the job of clearing the reservoir area. The Prestonsburg Board of Education at its meeting Tuesday evening employed a full complement of 14 high school teachers, three of which are new to the school. Ted Benedict, former Eastern State Teachers College grid star and coach at Wheeling, W. Va., high school, was employed Tuesday night by the Prestonsburg Board of Education as athletic coach here to succeed John R. Eibner who resigned recently. Howard Burchett, of Emma, pitching star of Prestonsburg high school's Black Cats was recently signed by the Dayton, Ohio club of the Central League. Married: Miss Virginia Lee Keen, Prestonsburg, to Capt. Robert Moore Butler, of Yazoo City, Miss., June 12, at Alexandria, Va.; Miss Eileen Elizabeth Wolf, of West View, Pa., to Mr. Clyde B. Burchett, of Prestonsburg, June 5. Born: To Mr. and Mrs. Richard D. Ball, Jr., a son, Richard D. III, at Pikeville. There died: Mrs. Martha Hall Allen, 89, of Lackey, last Friday at the home of her son, Willie Allen, at Lackey; Mrs. Laura Goble, 69, of Emma, Tuesday at the home of her daughter, Mrs. Rhoda Reed, Dayton, Ohio.

TIDITS of KENTUCKY FOLKLORE

By GORDON WILSON, Ph. D.

WHAT WE BRAG ABOUT

"If an owl could talk," says an old Chinese proverb, "it would brag about catching mice." Through more than a half century I have watched people brag and have found them no wiser and no more foolish than this Chinese owl. It seems necessary, in order to keep up our spirits, to brag a little, no matter how few things we have to brag about.

At Fidelity, no matter how remote we may have been, we had our share of braggarts. Ancestors, especially dead ones, are a safe thing to boast of. We had our share of ancestors, the same number as anybody else. But somehow they assumed gigantic proportions when we talked about them. Most of our horses were small and ornery-looking critters, but there were some of the loafers at the store who boasted about owning some exceptional horseflesh. Children were average or maybe below in intelligence, but fond parents advertised the great brains of our own. There was nothing much to brag about when architecture was mentioned, but many of our neighbors could expatiate on fine mansions that their families owned back in North Carolina before the migration of the 1850's to the Jackson Purchase. College degrees were not then, as now, a dime a dozen; but certificates of sorts could be framed and exposed to view, even second-class county certificates earned by prospective teachers. Father had never had his M.D. diploma framed, but we children got a sort of uplift by showing it secretly to saucer-eyed children who visited us on Sunday afternoons. You see, the whole thing, except—in big black letters—MARQUIS PILLOW WILSON—was in Latin, perfectly understandable to everybody whom we knew. That made it almost like code words in some secret initiation. Though our playmates were constantly making wise cracks, not one ever said a smart, witty thing while looking at this big piece of sheepskin. And we brats gloated over the others by having such a thing to show.

And then there were carriages to brag about or look important about. Some of the people owned buggies as far back as I can remember, but they were pretty scarce vehicles when my memory started acting. It must have been humiliating when a family, riding to Sulphur Springs in a farm wagon, was passed on the dusty or muddy road by some other family in a buggy. When I was a little boy, big enough to know what can make people brag, the rubber-tired buggy sailed into style, and many young bucks soon owned one. Then the owners of ordinary buggies probably paid for their uppishness in passing farm wagons on the road. The owners and drivers of rubber-

tired buggies passed everything on the road, dust or no dust. Mothers of young men who could or did drive the stylish rubber-tired buggies lost no chance to mention the fact.

Unfortunately for me, I suppose, the automobile did not penetrate into our section before I left Fidelity. I wish I could have seen the gradual reaction to this contraption on the part of those who had so held the spotlight when they got their new rubber-tired buggies. Poetic justice must have worked again. You see, it rarely pays to brag. Just about the time we decide that our gadget is the latest, another one comes out that makes ours look antiquated and slightly silly.

The tendency to feel big over possessions did not die with the modernization of Fidelity.

Adkins-Orrison

Harold, Ky.—Miss Shelia Adkins and Mr. James Orrison, both of Harold, Ky., were wed Aug. 17, at 3 p.m. at the Harold Church of Christ.

The bride, daughter of Mr. and Mrs. Cecil Adkins, was given in marriage by her uncle, Estill Cecil, of Lincoln Park, Mich. She wore a satin and lace A-line floor-length gown with Empire waist and a single string of pearls. Her bridal bouquet was a white orchid which she carried on a white Bible.

The matron of honor, Mrs. Betty Parker, of Belmont, Ohio, wore a pink satin and lace A-line gown with matching veil. She carried a bouquet of pink carnations. The bridesmaids, Miss Rosemary Tackett, of Grethel, Ky., Miss Shelia Cecil, of Harold, Ky., and Miss Sharon Parker, of Belmont, Ohio, wore matching satin and lace A-line gowns, of pink and green and carried bouquets of pink and green carnations.

The flower girl was Teresa Cecil, of Harold. Ringbearer was David Cecil.

Best man was Phillip Osborne; ushers, Jimmy Castle, Jack Hamilton, Gary Roberts and Ross Hale, all of Harold.

Amos Orrison, father of the groom and minister of the Harold Church of Christ, officiated at the double-ring ceremony. Open house was observed.

The mother of the bride wore a medium-blue dress and a corsage of white carnations. The groom's mother wore a lilac dress and a corsage of white carnations.

A reception was given at the home of Mrs. Garfield Castle for members of the wedding party and the families of the bride and groom.

After a honeymoon the newlyweds will reside at Yorktown, Kentucky.

Mrs. Orrison is a graduate of Betsy Layne high school and is employed by Watson's Department Store.

Mr. Orrison was graduated from high school in Parkersburg, W. Va., and is now employed by Blake Pinson.

Stimulating Judge Pauley's decision to leave was a dispute over the naming of a new assistant CAP director for Pike county. That post, which pays a base salary of \$750 per month recently was vacated by Virgil Osborne, who became the director of another OEO program. Area CAP director Harry Eastburn advised the board that he had a number of names submitted for the job, and that he had interviewed all of the nominees.

Eastburn's statement that he found Robert Walters to be the best choice resulted in a quick and vigorous objection from Judge Pauley, who charged that the recommendation was political in nature and that he intended to "wash my hands of it," referring to the Community Action Program. Judge Pauley said that he had had practically no contact with the CAP, that he felt he should have a voice in such decisions, and that he would no longer be connected "in any way" with the program if Walters was named to the post.

Mayor Wells, who had vigorously objected earlier to a lack of communication between the CAP and the city of Paintsville, said at that point that he also "was through," and didn't expect to attend any more meetings.

The mayor had said previously that he had not been contacted in his three years in office by Eastburn, and expressed doubt about CAP interest in the city's participation.

Another board member, apparently irritated by the trend of the meeting at that point, suggested that other business continue, since the two officials had said they were no longer interested in participating. Judge Pauley and Mayor Wells promptly rose in harmony and left the meeting.

Harry Eastburn, who had appeared to become slightly heated as the conversation with Judge Pauley progressed, told the remaining members of the board and others present that the Big Sandy CAP "could not become politically oriented" or it would lose its federal funds and collapse.

ALLEN

Mr. and Mrs. Randy Flannery and children, of Bluefield, W. Va., were visiting Mrs. Flannery's parents, Mr. and Mrs. Russell Frazier, here last week.

Mr. and Mrs. Burt Allen had as guests Sunday afternoon Mr. and Mrs. Ransom Daniels, of Paintsville.

Miss Denise Ison has returned from a visit with relatives in Catlettsburg.

Mr. and Mrs. Roy Kapoka and son Jimmy returned to their home in Berea, Ohio, Sunday after a visit here with Mrs. Fanny Workman. Mrs. Workman has been a patient in the Methodist hospital, Pikeville, but is improved and has returned to her home.

Mr. and Mrs. Jimmy D. Gray and Todd had as guests, Friday night, Hubert Allen, of Chicago, and Teddy Allen, of Pyramid.

Mr. and Mrs. James Robinson and children, of Newark, Ohio, are visiting relatives here and at Dwayne.

Johnny Webb, of Lexington, was visiting Mr. and Mrs. John Henry Carr and other relatives here, Friday.

Obie Crisp has resumed his duties with the McKunkin Company after being a patient in Central Baptist hospital, Lexington. Before returning home, he and Mrs. Crisp visited their daughters and their families in Lexington and Cincinnati.

Mrs. Euna Laven was hostess to the Women's Society of Christian Service of the United Methodist Church at her home Tuesday night. Mrs. G. L. Gray presided over the meeting. She was presented a past president pin as retiring president, and was also in charge of the worship program, showing a number of film strips on the work of the society. Several business items were discussed, with a beginning of plans for a "Service of Celebration." During the social hour, Mrs. Thelma Allen was presented gifts in observance of her birthday. Mrs. Edna Callison, who was also observing a birthday, was unable to attend. Gifts and a cake were brought for her and given her later. Cake and punch were served by Mrs. Laven to Mesdames Tincy Crisp, Flora Gray, Jewell Allen, Thelma Allen. Mrs. Jewell Allen will be hostess to the September meeting, with Mrs. Tincy Crisp in charge of the program. The new president, Mrs. Euna Laven, will preside.

A rally was held in the Emma United Methodist Church Sunday afternoon. Mrs. Palmer Crisp was in charge of the program. Refreshments were served by the women of the church.

WHAS CRUSADE

To raise money for the WHAS Crusade for Children, youngsters have staged street dances and back-yard circuses, have set up soft drink stands, and sold candy and potholders. Adults have conducted bake sales, fish fries, softball and bowling tournaments, a "Duck Race" and pony shows.

MARTIN-ROBERTS VOWS SAID

The marriage of Miss Jo Anne Martin, daughter of Mr. and Mrs. Roy S. Martin, Garrett, and Mr. Ronald William Roberts, son of Mr. and Mrs. William Roberts, of Louisville, was solemnized Aug. 10 at the Garrett Baptist Church.

The double-ring ceremony was performed by the Rev. Rush Stone.

Preceding the ceremony, a program of nuptial music was presented by Miss Ruth Karen Francis, pianist, and Mrs. William Claypool, soloist.

The bride, given in marriage by her father, wore a classic gown of white peau de soie. The empire bodice was appliqued with re-embroidered alencon lace encrusted with bridal pearls. Matching appliques ending in a scallop ornamented the slender skirt. The chapel train was touched with lace motifs.

Her veil of English silk illusion was bouffant and held by alencon lace petals. She carried a cascade bouquet of yellow chrysanthemums and stephanotis centered with a removable corsage of white cymbidium orchids.

Mrs. James Clark was matron of honor and Miss Peggy Martin, sister of the bride, was maid of honor. Bridesmaids were Miss Martha Eads, Louisville, Miss Sharon Allen, Lexington, Miss Debbie Hughes, of Wayland. They were attired in floor-length gowns of Arabian blue in an A-line silhouette. Their headpieces were diminutive bouffant veils of matching blue illusion. They carried colonial bouquets of yellow chrysanthemums.

Mr. Glenn Williams, of Louisville, served as best man. The ushers were Thomas Rice, Lexington; Larry Leach, Louisville; Larry Routt, Louisville; John Martin, brother of the bride, Garrett.

HERE FOR VISIT
Chief Warrant Officer Bill Bussey, Mrs. Bussey and sons are guests here of his parents, Mr. and Mrs. Otis Bussey prior to his departure for Vietnam. Mrs. Bussey and children will reside at Ft. Lauderdale, Fla., during his stay overseas.

Cats To Play W'right For County Grid Title

The Floyd county football championship will be decided Saturday evening when the county's two grid teams, the Prestonsburg Black Cats and the Wheelwright Trojans, renew their annual rivalry. The game will be played at Wheelwright at 8 p.m.

Prestonsburg won the title in two home-and-home games last year, but the Trojans will enter Saturday night's encounter with a game under their belts and experience under fire, even though it was a 42-0 loss to Johns Creek high. Johns Creek reportedly is loaded with grid talent this year. Prestonsburg begins its season with a new coach. George McClellan, former UK griddier, and with only four of last year's starters back. The team lost 12 seniors last year, is lighter and lacks depth in both the line and backfield. But, with a few breaks, especially luck in avoiding disabling injuries to key players, the team is expected to develop well and have a good record. The Cats have 11 games on their schedule. They won 10 of their 11 last year, losing only to Belfry.

ALLEN ON ALLEN

Dr. J. H. Allen didn't know he was to be honored at the recent Maytown homecoming — surely not, or he would have arranged that his hunting and fishing partner, Ray Allen, did not get a chance at making "a few feeble remarks," as they say. Anyway, Doc was hooked and was forced to sit and suffer in silence while Allen quoted from three newspapers, for the first time in his life attested to the veracity of newspaper editors, and wound up by twisting them to his own purposes. Said he:

"If Dr. Allen had been a drinking man, some items appearing would not be complimentary. For instance, Norman Allen in The Floyd County Times stated that a sign on the Doctor's office door read: 'Office Closed—Gone to Watts BAR.'"

"The Scott County weekly carried a news item: 'Dr. J. H. Allen Kills a Squirrel.' Before Governor Combs found out it was a red squirrel, he awarded Dr. Allen a Colonel's commission.

"The Knoxville Sentinel in its Sunday edition, July 10, 1961, stated that Dr. Allen had caught a five-pound fish. Again Governor Combs, thinking Dr. Allen had caught a game fish, awarded him a commission as Admiral of Beaver Creek. After discovering that Dr. Allen had caught a carp, he changed the award to read: 'For the Long Practice of Medicine.'"

Now, Doc can mount the nearest nail-peg and descendant upon the peridy of alleged friends.

I Say What I Think

By S. C. VAN CURON

Frankfort, Ky. — With presidential nominating conventions in the news spotlight, it may be well to point up the deadly seriousness of them among professional politicians.

Since the general public is detached from them because there is no direct vote on the party choice, the average citizen doesn't get a chance to make his decision until November.

The progress begins a long time before convention time, and this is the theme of this column.

Twice within the lifetime of many around today, two presidents have been the victims of well-planned and directed propaganda campaigns to discredit them in the public eye and to prevent their re-election.

President Lyndon B. Johnson is just as much a victim today of such a campaign as Herbert Hoover was before 1932. There are many around today who will hoot at this as so much hogwash, but historians will record this and bring it into perspective in future years.

The public today recognizes that Hoover was the victim of a plot that made him a political pin cushion for 20 years, but time and nature heal a lot of wounds. Fortunately, he lived long enough for the circumstances and the vitriolic plot to be exposed and erase the stigma from his name. He died, a loved and revered man.

When Alfred Smith lost the 1928 election, and this wasn't one that should be used as the standard for political etiquette, Charles Schwab and other influential New Yorkers set about to discredit Hoover and to elect Smith in 1932.

There is no guesswork about the effectiveness of their scheme, for history tells me what happened to Hoover.

They gathered a big fund, sent Charlie Michelson, one of the greatest wordsmiths of his day, to set up shop in Washington for the avowed purpose of cutting Hoover to ribbons and to insure his defeat in 1932. Innuendoes, fabrications and outright lies were the tools used to destroy Hoover as well as political conniving to stall his program through Congress.

The goal was to regain the presidency for the Democrats, particularly Smith. Probably these connivers did not foresee the destructive cost of the whole nation, but they attained their goal in one respect. Hoover was defeated. However, it was Franklin D. Roosevelt who turned out the benefactor of the Democrat party and not Al Smith.

The case of the man from Texas is a parallel today, but his destruction has come from members within his own party and has been done with much more finesse.

Instead of having a professional wordsmith directing a propaganda factory, a group of the Eastern establishment has acted as spokesmen, releasing news to the press that has damaged Johnson's image within the party and with the public in general.

It has been a burning desire to recapture the presidency for one of their own social company, the Harvard set or intellectuals. It's true that Johnson passed more legislation than John F. Kennedy, but he has been unable to solve some of the big social problems. These have been used against him. Cutting innuendoes, sharp asides, and poison darts about his Texas manners, ignoring his socially, and other tolls have been used.

The position of the country should come first. This parallel in history will be recorded in time for all to see.

(Continued from Page One)

The Prestonsburg doctor explained the funding and background of the regional hospital undertaking and pointed out the services it will render. "We," he frankly told the Paintsville group, "had hoped to put it in the middle of Prestonsburg, but were advised it had to be built between Prestonsburg and Paintsville."

Dr. Powell, in an exchange with Dr. Archer which at times grew heated, protested the new hospital on two grounds, alleging:

1. That the new regional hospital would result in a loss to the Floyd-Johnson area of hospital beds. This claim was based on the possible closing of Prestonsburg General, the McDowell Regional hospital and a Paintsville hospital.

2. That there had been a lack of communication between backers of the new hospital and the Johnson County Medical Association.

The claim that a loss of beds would result was disputed on two grounds:

1. That the only hospital certain to close is Prestonsburg General.

2. That the new hospital will have 130 beds, not the 80 which Powell said it would have.

Dr. Archer said here that no medical association, not even Floyd's, has been contacted about the proposed hospital. He said the need of the new hospital, its improved facilities and better services had, instead, been taken to the people.

The Highlands Hospital Corporation has received approval of \$1.3 million in Hill-Burton funds for the proposed hospital in this vicinity. Additional financial strength is being sought through another grant-loan arrangement, it was said.

Harry Laviers, Paintsville business leader, who is a Highlands Hospital Corporation trustee, spoke in defense of the new hospital plan.

— 3 —

(Continued from Page One)

The new brick structure has an area of 640 square feet and is air-conditioned, contrasting sharply with the 12-by-20-foot frame building with its tin siding which has served Hi Hat as a postoffice for years. The postoffice there was established Aug. 7, 1881 and was known as Fed until its name was changed to Hi Hat July 1, 1943.

Mrs. Sylvia H. Newman, postmaster, welcomed the gathering, and Mrs. Ruth J. Meade, president of the Hi Hat Homemakers Club, presided as master of ceremonies.

The dedication was a community affair, but many from other communities were there to help. The invocation and the benediction were pronounced by the Rev. John Adams, of the Lambert Baptist Church. The honor guard was composed of members of American Legion Post No. 129, of Prestonsburg, led by David B. Leslie, and music was provided by the Wheelwright high school band directed by Richard Allen.

A floral arrangement in patriotic colors emphasized the spirit of cooperation, since it was presented by seven visiting postmasters: Barbara Johnson, Buckingham; A. A. Rene Caudill, Bevinville; Norma Martin, Halo; Mary E. Wilson, Bypro; Bill Harris, Wheelwright; Gretel Mullins, Melvin, and Haskell Hall, Weeksburg.

CARD OF THANKS

We wish to thank everyone who assisted us in our time of bereavement. We especially thank the ministers for their comforting words, the Odd Fellows Lodge, the Disabled American Veterans, Chapter 18, of Paintsville, who performed the military rites at the graveside, and all the friends of the deceased for their assistance and comfort, as well as Hall Brothers for their excellent service.

A SALUTE TO LABOR

WE SALUTE OUR WORKING FORCES

Labor Day is more than just a day of rest . . . it is a day of tribute to the men and women who are united together in the working forces of America. We can be proud of this country of ours, and the dedication that has given it greatness. Labor is the backbone of our nation, the forerunner of progress and invention, the provider. Let us sit back for a moment on this day and enjoy the fruits of our labor, and celebrate the great strides our country has made in all fields. Labor Day is a day of thanksgiving to all workers, for it is they who have shown America prosperity.

McFADDEN REUNION HELD

Three hundred seven descendants of John H. and Florence Gray Morton McFadden gathered for their annual reunion at the Fishtrap 4-H Club in Johnson county, Aug. 18. The reunion began Saturday when campers and cars entered the area. Seventy-one of them spent the night there. Early Sunday morning, others began to arrive from throughout Kentucky and Ohio, some from West Virginia, Tennessee, Michigan, Arkansas and Texas. Bert H. McFadden was in charge of the program on Sunday. Prizes were awarded and guests introduced.

Mayor J. B. Wells, of Paintsville, spoke on the history and characteristics of the McFaddens. A large, decorated cake was contributed by Mrs. Dorothy Arnold, of Springfield, Ohio, to the supply of food. Plans will be started soon for another reunion next August.

During each WHAS Crusade for Children, over 150 handicapped youngsters from agencies in and near Louisville participate on stage.

"Bring 'em Back Alive" Rerun To Begin Aug. 30

A rerun of the "Bring 'Em Back Alive!" traffic safety program will be held during the Aug. 30-Sept. 2 Labor Day week-end in Kentucky.

Gov. Nunn praised the American Automobile Association clubs in Kentucky for their efforts in sponsoring a successful first "Bring 'Em Back Alive!" program over the 4th of July holiday.

Although there was a 16 percent increase in traffic on Kentucky highways during the July 4 week-end, there were only nine traffic fatalities as compared to 20 for the same holiday week-end a year ago.

The Kentucky AAA clubs attributed the safer 4th of July driving record in the state to several factors. Efficiency of the state and local police in eliminating former trouble spots, favorable weather, and the "Bring 'Em Back Alive!" program all contributed to safer driving conditions.

Gov. Nunn urged all motorists to approach the Labor Day

week-end with concern for safety on the highways.

Through Aug. 13, the number of traffic deaths in Kentucky this year had risen to 606 from 589 for the same months in 1967, according to the Department of Public Safety.

Stand Up For America

"The American people are sick and tired of the government running everything back home. They are sick and tired of sending foreign aid to countries that won't help us in Vietnam, and they are sick and tired of people chanting in the street for a victory for the Communists over the American servicemen."

Wallace states: "Only in those nations that guarantee the ownership of property as basic and sacred under their law are there any human rights, and one of the greatest human rights is the right to own something; your home, an automobile or a business, and call it your very own."

George Wallace is the son of a dirt farmer and he did a lot of plowing behind a mule when he was a youth, before he went to college and went on to become a legislator, a circuit judge and governor.

Having been a farmer himself, Governor Wallace has always been a friend of the farmer. He has understood their problems and he has endeavored to help solve them.

"To permit our senior citizens to live under conditions that provide less than the bare necessities of food, clothing, shelter and medical care is unthinkable and appalling. My concern in this field is not a position assumed for political gain. I have a long and consistent legislative record in support of measures benefitting the aged. I feel it is a man's duty to help the old."

Alabama became the first state in the nation to increase appropriations to education by as much as 100 percent during one administration. When Gov. Wallace became governor, Alabama's school appropriation was \$139 million. When he left office in 1967, four years later, Alabama's appropriation to education was \$283,370,000.

"I do ask that you not be misled—that you forthrightly determine the truth—that you not be emotionalized into relinquishing a free democratic God-fearing system.

"I ask that you Stand Up for America."

—George C. Wallace, Governor,
State of Alabama, 1963-1967.

One writer described him as "the undisputed leader in the fight for personal and property rights, and against excessive taxation and the takeover of personal rights by the Great Society."

Gov. Wallace believes that persons who raise money and blood and clothes for the Viet Cong and who advocate victory for the Viet Cong are guilty of 'pure treason' and should be indicted and jailed as traitors.

Another writer said Gov. Wallace "is a down-to-earth man who likes turnip greens, blackeyed peas, grits and cornbread. He's a little backward about eating in high falutin' places and had rather get a hamburger or hamburger steak with plenty of cat-cup in a regular cafe."

"We've got to elect a President who loves the United States and cherishes its greatness. Of all potential candidates, there is only one who offers us something different from what we have been having. This man is George Wallace, of Alabama. And true Democrats and Republicans—real Americans—should rise enmasse to carry his torch of liberty to election as leader of our country in 1968," The Russell Springs, Kentucky, Times-Journal.

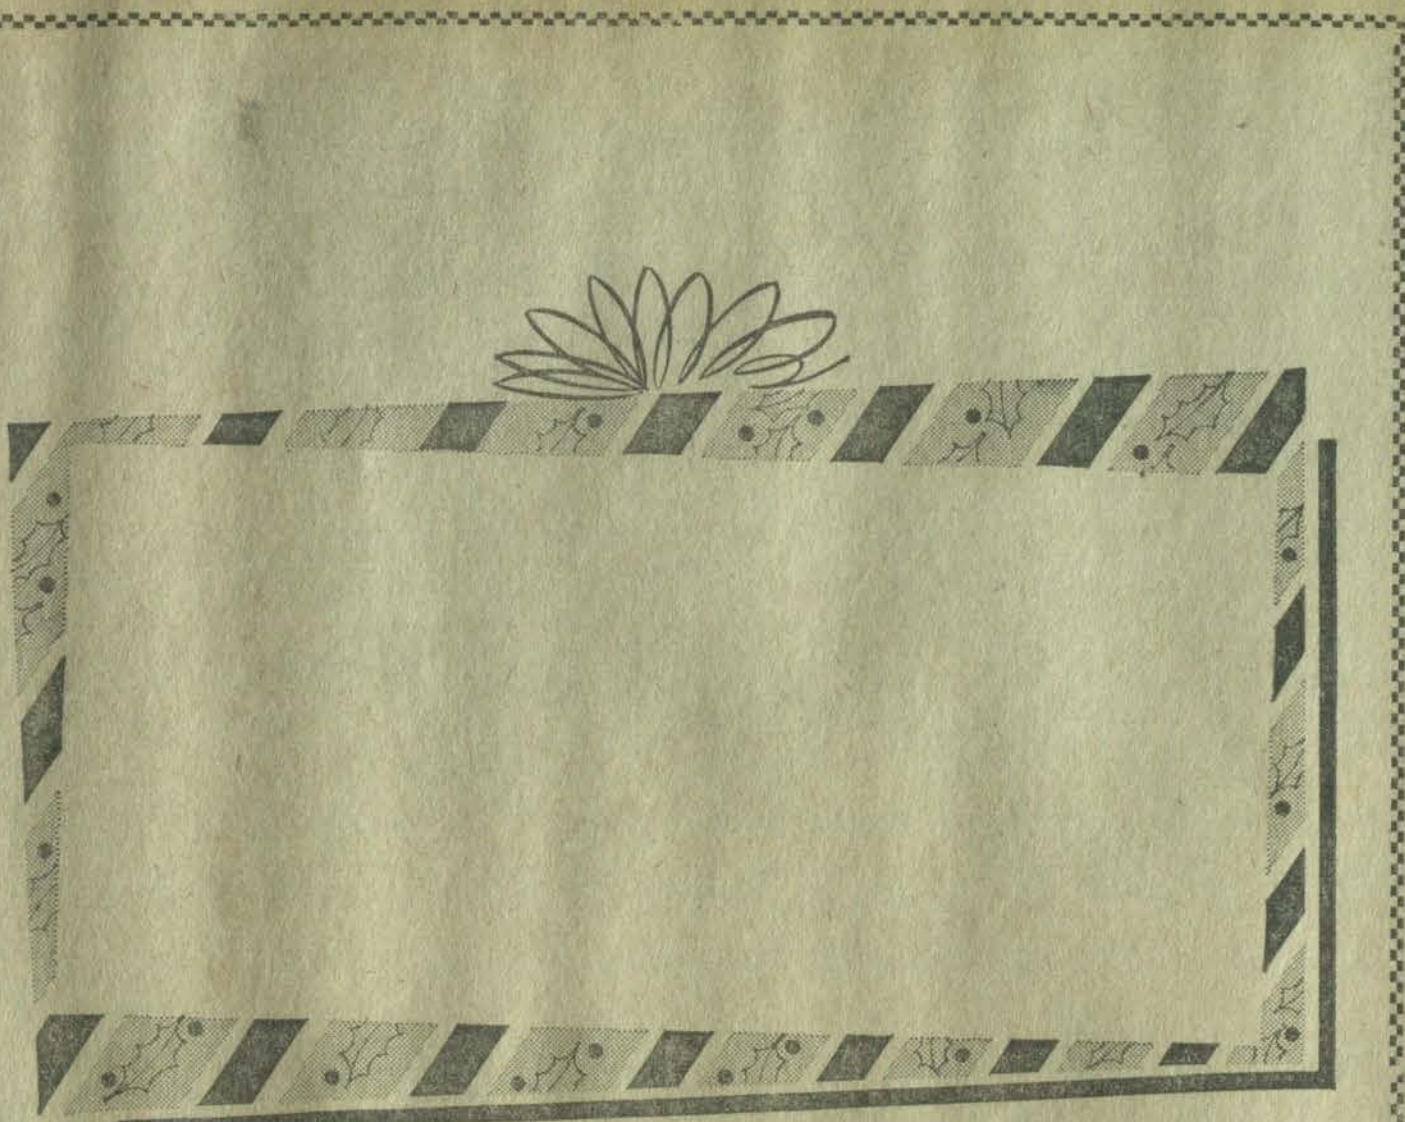

"The working people of this state, the coal miners, the steel workers, the communications workers and other industrial groups have helped me more in my movement outside this state than any group I can think of," Governor Wallace commented.

NOTICE AS TO THE FILING OF A SUPPLEMENTAL PETITION OF THE MUD CREEK WATER DISTRICT FOR APPROVAL AND RATIFICATION OF THE PREVIOUS CREATION OF SAID DISTRICT, OF THE CORRECTION OF THE BOUNDARIES THEREOF, AND OF ALL PROCEEDINGS HAD TO DATE IN CONNECTION WITH SAID DISTRICT.

The Mud Creek Water District has filed a Supplemental Petition in the Floyd County Court, requesting said Court to enter its Order affirming, ratifying and approving the previous creation of said District, and amending and approving the description of the boundaries of said District so as to exclude the Hi Hat section of the County which is a part of another water district and so as to more specifically define and describe the exact area currently embraced and intended to be embraced by the boundaries of said Mud Creek Water District.

Said Supplemental Petition refers to the original Petition filed in said Court on March 4, 1967, the order of said court creating the District on April 24, 1967, and the subsequent Orders of this Court appointing the members of the Board of Water Commissioners, fixing their terms of office and dealing with related matters. Said Supplemental Petition further requests the Court to approve all action heretofore taken by said Water District in applying for a loan and grant from the Economic Development Administration of the United States Government in order to enable said District to finance the cost of constructing a new waterworks system in the District.

Said Supplemental Petition provides the following description as being a more accurate and specific description of the area now intended to be included in the boundaries of said District, said area being located in Floyd county, Kentucky, and more particularly described as follows:

Beginning at the forks of Mud Creek, which is at the junction of Kentucky Highway 979 and Little Mud Road (which is Kentucky Highway No. 1426); thence going up Little Mud Creek to the head of said Creek, including all of the tributaries of said Creek to that point, as determined from a topographical map of the area; thence following Kentucky Highway No. 979 from the forks of Little Mud Creek to the mouth of Toler Creek; thence up Toler Creek to the Pike county line, including all of the tributaries of Toler Creek to that point; thence following Kentucky Highway No. 979 up Big Mud Creek to the top of the Ligon Hill, including all of the tributaries of Big Mud Creek adjacent to said Highway to that point.

Within thirty days after the first publication of this Notice on August 29, 1968, any resident of said area described above, may file with the County Court Clerk of Floyd county, Kentucky, at his office in the County Courthouse in Prestonsburg, Kentucky, objections to the action sought by said Mud Creek Water District and to the Orders requested by said District, and may object to the effectiveness of the prior Orders creating said District, appointing such Commissioners and covering related proceedings pertaining to said District as previously entered by this Court, or to the entry of a proposed Order affirming, ratifying and approving the previous creation of this District.

A Hearing shall be held on the matter on Sept. 30, 1968, at 10 a.m., E.D.S.T., in the Courtroom of the Floyd County Court, at the County Courthouse in Prestonsburg, Kentucky, at which time any resident of the area described above, or any other interested party, may appear and be heard on any prior objection filed by him concerning the matter or with respect to any other aspect of the matter.

Dated this 16 day of August, 1968. (Signed) C. OLLIE ROBINSON, Floyd County Clerk.

COMMISSION SETS LIMITS ON ALL BLACK BASS TAKEN IN ANY KENTUCKY WATERS

Minimum size limits for all black basses in all Kentucky waters have been decreed by the Fish and Wildlife Resources Commission.

No black bass smaller than 10 inches in length may be taken from running waters while from

the impounded waters, including farm ponds, the minimum size limit will be 12 inches. The action, taken in an effort to allow the larger fish to remain in the water to further forage on unwanted species, will become effective Oct. 1. At present size limits are imposed on black bass only in designated waters. In further action the Commission affirmed that sking zones in state-owned lakes apply to sking only and that boat racing in those areas is prohibited; that a sports fisherman may use only two trotlines at the same time and that each trot line may include not more than 50 hooks; that commercial gear must be attended at least every 24 hours and must be removed from the waters when not in use; that the minimum mesh size for hoopnets be set at three inches, and at four inches for gill nets and trammel nets. A closed season statewide was designated on snaglines. All this gear will be legal in all waters designated by the Department as commercial, and will become effective, next January 1.

A duck season of 30 days, Dec. 3 through Jan. 1, with a bag limit of three and a possession limit of six was approved by the commission.

The 70-day goose hunting season was approved, beginning on Nov. 4 and continuing through January 12.

NOTICE

FLOYD CIRCUIT COURT

First Federal Savings & Loan Association, of Paintsville, Plaintiff
Against/NOTICE OF SALE
Cr. No. 6,587
Ray Howell,
et al, Defendants.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the May 24 term, 1968, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 7th day of September, 1968, at 10 o'clock, a.m., same being a day of the regular term of the Floyd Circuit Court, upon a credit of six months, the following described property to-wit:

A certain tract or parcel of land lying and being in Floyd county, Kentucky, and described as follows:

Beginning at the Kentucky State Highway, a corner to Estill Little; thence up the hill with said line to J. B. Elswick line; thence up the hill with said line to top of the hill to George McCarty's line; thence down the hill with said line to the beginning, so as to include all land in said boundary. Lying on Left Fork of Beaver Creek in Floyd county, Kentucky. Beginning at the C. & O. right-of-way, a corner to the Elkhorn Coal Company; thence up the creek with the C. & O. right-of-way to W. R. Turner's line; thence across the bottom with said line to the State Highway; thence up the highway to the Tom Stumbo line; thence up the hill with said line to the top of the point to the Elkhorn Coal Company line; thence down the hill with said line to the C. & O. right-of-way to the beginning, so as to include all land in said boundary. There is excepted from this mortgage that certain tract of land conveyed to Thomas Hall and Maggie Hall, by deed dated Sept. 12, 1949, and recorded in Deed Book No. 143, page 382, Floyd County Court Clerk's office. Being the same property conveyed to A. L. Howell and Dorsie Howell, his wife, by deed dated March 1, 1945, from Tom Stumbo, recorded March 3, 1945, in Deed Book No. 125, page 200, and deed of August 5, 1947, by Lela Rogers, recorded August 5, 1947, in deed book 135, page 603, of the records of the Floyd County Court Clerk's Office, and inherited by the defendants as heirs-at-law of A. L. Howell and Dorsie Howell.

The amount of money to be raised by this sale shall be in the principal sum of \$2,955.23 with interest thereon at 6 percent annually from the 8th day and the costs of this action, in- of March, 1968, until satisfied including costs of advertising of this sale and the fees and commissions for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 15th day of August, 1968,

SPEEDWAY RACES WILDEST OF YEAR

Announcer McCormick, of the Beaver Valley Speedway had a field day Saturday as fans witnessed what was perhaps the wildest race of the year. After several rainouts, the drivers reported to the track, rarin' to go. The excitement started in the first heat race as Flagman Westfall was unable to put the reins on pace car No. 11 driven by Cloyd Elliott, of Orkney. Dale Marshall, of 47 Jr., took this race, with Ronald Adkins zipping into the winner's circle in the second race. Bill Rorer took the lead in the fast heat of the Sportsmen Class, but spun out early on the damp track. Don Thornsburg, of Car 15, led the last eight laps to take this screamer.

The Modified heat proved to be the most exciting as Johnny Crisp pressured Darrell Whitaker into a spin on the white, flag lap in the last turn and roared over the finish line ahead of Paul Salyers in No. 88.

New cars took the spotlight in winning the first positions of the Sportsmen Feature this week as Car 47 claimed first place. Sammie Maggard's Chevrolet was driven by Red Morris as his Ford was on the disabled list. Ronald Adkins of Car 41 took second with Don Thornsburg taking third in Car 15.

Paul Salyers, of Salyersville, drove Car 88 from pole position to the finish line in the Modified Feature. Darrell Whitaker and Johnny Crisp swapped positions in second and third with Johnny passing No. 007 on the 27th lap to finish second.

FBI Offers Work To Hi School Grads

The Federal Bureau of Investigation is accepting applications from high school graduates, both male and female, for clerical workers at its Washington, D. C., headquarters.

Palmer M. Baken, Jr., special agent in charge, FBI, Louisville, has announced that the starting annual salary for these positions, which require no typing or shorthand ability and no previous experience, is \$4,231. Fingerprint technician vacancies are filled from the clerical staff and, after 90 days' training, those found qualified are promoted to \$4,600 per year. Additional increases are given at six, nine, and twelve-month intervals, thus increasing the salary to \$5,145.00, \$5,732.00 and \$6,321.00 per year at those stages. The only test necessary is a 20-word spelling test.

There are also positions available for those who can qualify as typist and stenographers with starting annual salaries of \$4,600.00 and \$5,145.00, respectively.

Applicants must be United States citizens, at least 16 years of age, able to pass a required physical examination and a rigid investigation of loyalty, reputation and character.

Anyone interested in applying should write immediately to the Federal Bureau of Investigation, Post Office Box 1467, Louisville, Ky. 40201, and arrangements will be made for a personal interview.

Bureau of Mines Readies

Mine Health Legislation

By WARD SINCLAIR
(In The Courier-Journal)

The U. S. Bureau of Mines, having admitted its laxity in protecting the health of coal miners, is preparing proposed legislation that might improve the situation.

Spokesmen for the bureau say they hope to have their proposals ready for submission to Congress for consideration after it reconvenes next month.

Details of the proposed legislation are not being discussed publicly, but it is expected to cover a wide range of new provisions for mine safety and occupational health.

Occupational health — principally that related to dust control to prevent respiratory ailments — is virtually untouched by either federal or state regulations at the present.

One of the Bureau of Mines' chief critics, safety crusader Ralph Nader, already is raising doubts about what the bureau is preparing to send to Congress.

Nader says his sources indicate there is doubt that meaningful dust-control standards will be proposed. And he says that no new controls in other aspects of safety are expected.

He also says his sources tell him that after a mine is deemed too gassy, the operator will be given a full five years to eliminate hazardous non-permissible electrical equipment. That is too long, Nader believes.

One of his earlier predictions — that the legislation is being proposed too late to have much hope of passage this year — appears to be on the verge of coming true.

Should Congress fail to act this year, the legislation would have to be reintroduced next year and started back through the mill again.

"Let's assume Congress does not act," said one Bureau of Mines official. "Maybe we could get a feeling of the reaction and maybe some changes could be worked into the measure for reintroduction."

"Calling attention to the problem is what is important," he said.

"Yes, a change of administration in January will bring change of policy but it won't change the facts."

The facts to which he referred are, by almost unanimous agreement, inside and outside government, serious.

Nader has been instrumental in publicizing the lack of governmental control over conditions that make coal mining the country's No. 1 industrial source of lung and respiratory ills.

The most common lung ailments suffered by miners are silicosis, pneumoconiosis and emphysema. All are severely debilitating and are sometimes fatal.

These and other related diseases are linked with the profusion of coal dust that miners breathe in and around the mines of Kentucky and the other coal states.

A U. S. Public Health Service survey in 1963-64 found one in 10 active bituminous coal miners and one in five retired miners suffering from pneumoconiosis — not to mention other ailments.

One of Nader's chief arguments is that the Bureau of Mines has done too little, too late to improve conditions that lead to such statistics.

Interior Secretary Stewart L. Udall, whose department includes the Bureau of Mines, has acknowledged that too little is being done. But he says that is being changed.

One evidence is a long-range study that got under way this spring to attempt to provide information on levels of mine dustiness and to relate these to miner disease.

The underground dust sampling and studies will be done by the Bureau of Mines. The Public Health Service will handle the medical aspects, conducting physical examinations of coal miners.

Earle P. Shoub, of the bureau's health and safety office said the study is being "accelerated," although he acknowledged that several years at a minimum would be required for completion.

NOTICE OF SALE OF ELECTRIC FRANCHISE

On the 3rd day of August, 1968, the Board of Trustees of the City of Wayland, Kentucky, adopted a resolution directing the sale at public outcry of a city electric power franchise. This resolution is in words and figures as follows:

RESOLUTION OF BOARD OF TRUSTEES OF THE CITY OF WAYLAND, KENTUCKY, August 3, 1968

WHEREAS, the existing franchise held by Kentucky Power Company for the distribution of electric power in the City of Wayland, Kentucky, will expire on September 28, 1968, and

WHEREAS, there is a continuing public necessity for adequate service of electric power and energy to the citizens of the City of Wayland, Kentucky, and

WHEREAS, it appears that it is to the interest of the public that a franchise be advertised and sold granting and entitling the grantee to use the public streets, thoroughfares and other public places for the erection and maintenance of lines for the transmission and distribution of electric power,

NOW, THEREFORE, be it resolved by the Board of Trustees of the City of Wayland, Kentucky:

I.

Section 1. That there be sold at public auction to the highest and best bidder, the right, privilege and authority to acquire, maintain, construct and operate in, above, under, across and along the streets, thoroughfares, alleys, bridges and public places (as hereafter be laid out) of the City of Wayland, Floyd county, Kentucky, lines, poles and equipment for the distribution of electric energy either by means of overhead or underground conductors, with all the necessary or desirable appurtenances for the purpose of supplying electric energy to said City and the inhabitants thereof and persons and corporations beyond the limits thereof for light, heat, power and any other purpose or purposes for which electric energy is now or may hereafter be used, and for the transmission of the same within, through or across said City.

Section 2.

Said lines and appurtenances shall be constructed so as to interfere as little as possible with the traveling public in its use of the streets, thoroughfares, alleys, bridges and public places. The location of all poles or conduits shall be made under the supervision of the proper board or committee of the city government.

Section 3.

The right, privilege and franchise shall be in full force and effect for a period of twenty (20) years from the date of the passage of the ordinance granting it.

Section 4.

The grantee of this franchise shall save the City harmless from any and all liability arising in any way from negligence in the erection, maintenance or operation of said lines and appurtenances.

Section 5.

Whenever the grantee of this franchise shall begin the erection of any lines or other equipment, it shall promptly and diligently prosecute the work to completion and leave the streets, thoroughfares, alleys, bridges and public places where such work is done in as good condition of repair as before such work was commenced.

Section 6.

Wherever in this franchise, either the City of Wayland or the grantee thereof is referred to, it shall be deemed to include the respective successors and assigns of either, and all rights, privileges and obligations contained in this franchise shall be binding upon and inure to the benefit of the respective successors and assigns of said City, and said grantee, whether so expressed or not.

Section 7.

The grantee of this franchise may make such rules and regulations covering the furnishing of said electric energy as may be fair and reasonable and consistent with the standard practice of the grantee. Said grantee may charge such rates for electric services as shall be fair and reasonable. The said grantee shall render service under said franchise of like quality, that is, adequate, efficient and reasonable, to that now being rendered to said City.

Section 8.

The consideration paid by the successful bidder for the franchise, privilege and right provided for herein shall be complete compensation and consideration for said franchise, privileges and right and for the use and occupancy of the streets, avenues, alleys, bridges and public ways of the City in lieu of any street or alley rental or to the charge for the use or occupancy of said streets, avenues, alleys, bridges, thoroughfares or public places of said City and in lieu of any pole tax or meter tax.

Section 9.

Each bidder for said franchise, privileges and right shall file as a part of his bid a certified copy of a certificate of convenience and necessity from the

FOUR NAMED IN PIKE SUIT

Damage Suit Filed In US Court Names Men Earlier Cleared

Four Pikeville men who were acquitted last January by a U. S. district court jury of flood-relief fraud charges were named recently in a federal suit asking \$72,230 damages in connection with the same case.

The civil suit, filed in U. S. district court, repeats the charges on which the four men were acquitted, names the City of Pikeville as a co-defendant, and seeks double damages as provided by law in such cases.

The government named Julius C. Williamson, his son, W. J. Williamson, former Pike County Judge Ervin S. Pruitt, and Pikeville City Manager W. E. Butcher, together with the city itself, as defendants.

The January trial cleared the four men of criminal charges in connection with claims for debris clearance along the banks of the Levisa Fork of the Big Sandy River at Pikeville after the March, 1963, flood.

The suit contends that the City of Pikeville, Butcher, and Pruitt presented the government a false claim which caused the government to suffer damages of \$10,375, and a sked double damages in the amount of \$20,750.

It also alleges that the two Williamsons and Pruitt submitted a false claim which resulted in loss to the government of \$25,740. A judgment of \$51,480 is sought in that phase of the complaint.

Public Service Commission of Kentucky, issued under the authority of KRS 278.030 (3). Section 10.

The ordinance granting this franchise shall be accepted by the grantee thereof within sixty (60) days from the date of its passage.

II.

The City reserves the right to reject any and all bids.

III.

The Clerk of the City of Wayland is hereby directed, after having advertised the time, place and terms of sale and the rights to be sold by posting written or printed notices in six (6) public places in the City of Wayland, including the door of the city hall and in at least five (5) other conspicuous public places in the City for at least 15 days before the time of sale and by causing the publication of such notice in the Floyd County Times for not less than three (3) consecutive issues next before the date of sale, to offer for sale at public outcry to the highest and best bidder at the front door of the city hall in the City of Wayland, between the hours of 10 o'clock in the morning and 2 o'clock in the afternoon on some convenient date to be named in such notice and advertisements and upon other conditions herein stated; and receive bids for franchise and authority herein directed to be sold.

No person, however, other than the owner of a plant and equipment sufficient to render the service required by this Resolution shall be entitled to bid on such franchise unless the prospective bidder shall deposit with the Clerk before the commencement of the bidding a certified check for the sum of \$1,500.00, pursuant to KRS 96.020. Said franchise shall be sold to the highest and best bidder and the deposit above referred to may be forfeited upon failure of the successful bidder to meet the other requirements of said statute.

IV.

The Clerk will report his acts, together with all bids received by him for such franchise to the Board of Trustees at their next regular or adjourned or called meeting held next after such sale.

Pursuant to the direction of the Board of Trustees of Wayland, Kentucky, as set forth in the foregoing resolution, the undersigned will, on the 13th day of September, 1968, at the front door of the city hall in the City of Wayland, Floyd county, Kentucky, at 10 o'clock in the forenoon or shortly thereafter and in any event, between the hours of 10 a.m. and 2 p.m. offer for public sale at public outcry to the highest and best bidder, an electric franchise on the public streets and thoroughfares of Wayland, Kentucky, which electric franchise shall be in the terms as set forth in the foregoing Resolution set forth above and all bidders will be required to comply with the terms of such Resolution.

WITNESS, J. T. SPILLMAN, City Clerk, this 26th day of August, 1968.

LABOR DEPT. GIVES OKEH

**For Repair of Homes
Of Poor by Workers
In Nelson Program**

The Big Sandy Community Action Program has received approval from the Department of Labor to use the enrollees of the Nelson Program (Operation Mainstream) for home repairs on individual homes where they meet any acceptable poverty line as far as dependents and income are concerned. The individuals are required to own their homes and have a valid deed to show proof of ownership.

Applications for this type of work may be filed with the Nelson Program Office or the Floyd County Community Action Office, at the Courthouse, Prestonsburg. This work will cover the counties of Floyd, Pike, Magoffin, Martin, Johnson and Lawrence. Applications may also be filed with the Community Action Offices in the five other counties of the area.

The new work program in this county was said this week to be the first that is operational in the nation. Orientation of workers was completed last week, and 121 are employed by the new Comprehensive Employment Program (CEP), and 52 remain at work under the Nelson Program arrangement. About 60 remain employed under the old WEAT (Happy Pappy) program, which is being phased out.

Community Chorus Credited With Winning P'burg Respect; Record Membership Expected

A visitor to Prestonsburg this summer commented that "much of Eastern Kentucky looks to Prestonsburg for inspiration . . . your extensive cultural activities . . . especially your community chorus."

This year, the Prestonsburg

Community Chorus promises to be a bigger source of inspiration than ever before. Expecting a record membership at its first meeting Monday evening, Sept. 9, at the Prestonsburg Community College, the group has made tentative plans to rehearse Vivaldi's "Gloria," that 17th century composer's greatest choral work.

Membership to the choral group is open to the public, and all interested persons are urged to attend the Sept. 9 meeting at 7 p.m. Additional information may be procured by writing or calling Gus Kalos at Prestonsburg Community College.

Phyllis Knight has participated in every Crusade since 1955.

MINNIE

(Last week's correspondence)

Miss Deb Allen, of Minnie, was surprised with a party given in her honor last Friday. The party was held at Eastern at the home of Miss Lois Holmquist and Miss Barbara Wynsma. Miss Allen received many gifts. The tables were decorated in the pink and white motif. The centerpiece was of pink candles and flowers. Miss Marcella Stumbo presided at the punchbowl. Guests included Pat Allen, Mrs. Launa Allen, Janet Stumbo, Marcella Stumbo, Mrs. Pauline Stumbo, Mrs. Katherine Youmans, Lorraine Youmans, Toni Meade, Mrs. Tom Martin, Juanita Martin, Sheryl Stumbo, Perlina McDaniels, Goldie Allen, Miss Allen, the hostesses and others.

CARD OF THANKS

We gratefully acknowledge every expression of sympathy extended to us upon the passing of our loved one, Herbert Hancock. We especially thank friends for their thoughtfulness, the doctor and nurses at Our Lady of the Way hospital, those who sent food and flowers, the ministers for their comforting words, the Dwale choir, and the Hall Brothers Funeral Home for its kind and efficient services.
