

2 Major Projects In Planning Here

\$11,700,000 For Planning Of 78 Units

Council Authorizes Search for Location For Municipal Building

Two major public construction projects apparently are ahead for Prestonsburg. Dr. George P. Archer, Prestonsburg mayor, indicated last week.

One of these, the construction of 78 low-rent homes, drew a \$11,700 grant for preliminary planning from the Department of Housing and Urban Development.

The second project got a nudge from City Council when it recently voted to negotiate the purchase of a site for a new city hall to replace the old Municipal Building which was rendered untenable by fire.

If the housing project materializes, it will give Prestonsburg 162 municipal housing units. There are 42 units in the original Green Acres development, and 42 more are expected to be ready in the College Heights development at the mouth of May's Branch here in December. This second complex is under construction by Akers & Akers, Dana contractors, and will cost \$690,000.

Word of approval of planning funds for the third housing project was received by Mayor (See Story No. 4, Page 5)

Rev. Henry Mullins, 59 years old, of Eastern, well-known minister of the Free Independent Baptist Church, was instantly killed Saturday morning when he was crushed beneath a car at his place of business at Eastern.

It was said Rev. Mullins was attempting to place braces beneath an auto which was being held off the ground by a wrecker, when the winch, which reportedly was not properly engaged, slipped, allowing the car to drop onto him.

Mrs. Davidson, a daughter of John Witten Layne and Angeline Auxier Layne, was born in Prestonsburg and spent her entire life here. "Miss Annie," as she was known to relatives and friends, was a charter member of Irene Cole Memorial Baptist Church here and of Adah Chapter, Order of the Eastern Star, John Graham Chapter, Daughters of the American Revolution, which was named for her great-grandfather, John Graham, Floyd county pioneer, was organized in her home May 26, 1926, and she served the chapter as its organizing regent two years. Former Floyd Man Slain, Spouse Held

Authorities at Wabash, Ind. have charged Mrs. Areninda Miller Brown, 34, former resident of the Middle Creek section of this county, with first degree murder in the fatal shooting of her husband, Everett Brown, 36, formerly of West Prestonsburg, Friday morning at their home at Liberty Mills, Indiana.

Brown's body was discovered by neighbors on the living room floor of the couple's home, located at the edge of a junkyard operated by Brown. He had been shot three times, twice in the chest, and in the side. A .22-caliber revolver recovered by police is believed to be the murder weapon.

Neighbors first became alerted to the situation when Mrs. Brown was seen running, apparently panic-stricken, down the highway, clad only in a slip. Upon stopping her and returning her home, they found the body. It was said the couple had been having marital difficulties and had been separated about a month. During this time Brown had been living in a semi-truck trailer which he was converting into living quarters in his junkyard. The Browns were reportedly scheduled to appear for a hearing concerning their marriage on the day of the shooting.

Mrs. Brown is presently being held at Wabash county hospital.

The victim had resided at Liberty Mills for the past 11 years and, in addition to operating a junkyard, also worked part-time for the B. & C. Oil Co., near here. He was born Aug. 19, 1932 in Floyd county, a son of Jason and Nancy Meade Brown, of West Prestonsburg.

Surviving, besides his parents and widow, are a son and four daughters, James Jason, Pamela Sue, Marta, Nancy Jean and Connie Louise Brown, all of Blue River; one brother, Sgt. Cledith Brown, of Fort Riley, Kansas, and seven sisters, Miss Allene Brown, of Lexington, Miss Barbara Jean Brown, Mrs. Lucy Marsillett and Mrs. Kathleen Shepherd, all of West Prestonsburg, Mrs. Imogene Shank and Mrs. Maxine Grainger, both of Ft. Knox, and Mrs. Pauline Sammons, of Princeton, Indiana.

Funeral rites were held Monday at 10 a.m. at the home of the victim's parents, the Revs. Foster Prater and Bayard Poe officiating. Burial in the Brown family cemetery at Ivyton was directed by the Carter Funeral Home.

TURNER DIES, SHOT VICTIM

Curt Bartley Held In Perry, Accused Of Sunday Slaying

Curtis Bartley, 50, of Biggs, Pike county, formerly of Lancer, is being held in the Perry county jail at Hazard, facing a possible murder charge in the gunshot death, early last Sunday morning, of James Edgar Turner, 44, of Wheelwright.

Turner who was shot in the face, below his left eye, was dead on arrival at the Hazard Appalachian Regional hospital.

Commonwealth's Attorney Talbert Combs, of Hazard, said Bartley admitted to Hazard police and state police that he fired the fatal shot. No further explanation of the circumstances was available from Bartley, who remains in jail.

The shooting apparently took place in the vicinity of Vicco. The commonwealth's attorney said two Floyd county women were questioned as witnesses. One of the women was said to have been driving, with the two men in the rear seat, when a muffled report that was not immediately recognized as a gunshot was heard. When Turner slumped against the driver, this story says, she reached backward to push him aside, later to find her hand covered with blood.

Officers first learned of the shooting when the auto in which the four were driving arrived at the outskirts of Hazard. There it was stopped by Policeman Gayther Mullins because, he said, of its erratic course, and he was told a man was being taken to the hospital. Mullins escorted the car to the hospital, where it was found that Turner had been shot and was dead.

BANK TABS FLOYD MAN

Campbell To Become Jackson Bank Official; Resigns Post at Martin

Wesley Campbell will leave the First Guaranty Bank at Martin to become vice-president and cashier of the Citizens Bank of Jackson, effective next Monday, it was announced this week.

Mr. Campbell resigned recently from the post of cashier at the Martin bank, and he and his wife will dispose of their property at Allen and move to Jackson. He had been associated with First Guaranty since Oct. 1, 1958 after having served as assistant cashier of The First National Bank here since 1942.

He becomes the second Floyd county to be an official of the Jackson bank. Jerry Fonce Howell, former state representative from this county, was cashier there until his resignation, several months ago.

Citizens Bank of Jackson was organized in 1963 by the late Judge Ervin Turner and others. Judge Turner's widow, Mrs. Marie Turner, veteran superintendent of Breathitt county schools, is now president of the bank.

Court To Docket New Cases Friday

Three Are Arrested In 2 Raids Staged During Week-End

Two men were jailed here and a third executed bond last week-end following their arrests in liquor raids staged by Sheriff Joe W. Lewis and deputies.

Willie Tackett was arrested at Grethel Friday night by Sheriff Lewis and Deputy Sheriff Caner Hunter, who reported they confiscated 43 cans of beer found on his premises. Another raid in the vicinity failed to uncover intoxicants. Tackett executed bond in Magistrate Dewey Roberts' court. (See Story No. 6, Page 5)

PAROLE POST HERE FILLED

Montgomery Named To Succeed Duff In Probation Job

Roy Montgomery assumed his duties Monday as Floyd county's new probation and parole officer, succeeding James A. Duff, of Hueysville, who resigned, effective September 30.

Mr. Duff, who has held the post the last eight years, said he was asked to resign by the Department of Corrections, or face the alternative—dismissal. The threat of dismissal, he said, was based on political reasons, alleged participation in political activities contrary to Merit System regulations. He added: "My political activities have been limited to what I considered justifiable under the Merit System rules. However, I am a Democrat and I have expressed my feelings in past elections. It will continue to be my policy to express my feelings in coming elections, because this is my constitutional privilege."

Montgomery, an Army veteran of Korea and Vietnam, said Wednesday he is looking for an office location outside the courthouse. He said he had been notified by Commonwealth's Attorney Harold Stumbo, in a room of whose office the probation and parole office has been located, that the space will be needed by Stumbo. He said he prepared to move Tuesday before finding a new location but that Mr. Stumbo requested that he remain while finding a new office.

Stumbo explained that use of his office by Duff was on a temporary basis and that persons waiting to confer with him had on occasion been required (See Story No. 8, Page 5)

Only Two 'Emergencies' Yet on Board Payroll

The Floyd county school system has only two "emergency" teachers on its payroll this school term, it was recalled when they were employed at Saturday's meeting of the Floyd County Board of Education. Ten years ago, Supt. Charles Clark said, the number of teachers on emergency status was about 125.

The board of education set today (Thursday) at 7:30 p.m. as the time for a joint meeting with the fiscal court. The meeting will be held to prepare for the sale of bonds to finance the construction of the school center at Eastern and the Betsy Layne gymnasium.

Bids for the Tinker Fork school building which is being abandoned for school purposes were rejected as too low, and the superintendent was authorized to readvertise the structure. (See Story No. 1, Page 5)

Mrs. Mandy Meade Dies In 80th Year; Funeral Held Tuesday

Surviving are three sons, Robert and Bill Meade, both of Printer, and Joe Meade, of Belleville, Mich., and two daughters, Mrs. Ollie Carroll and Miss Margaret Meade, both of Printer.

Funeral rites were conducted Tuesday at 1 p.m. from the Spurlock Church of Christ at Printer, of which she was a member, ministers of that church officiating. Burial in the Meade cemetery at Printer was directed by Hall Brothers Funeral Home.

Jury Votes Indictment Vs. Howard

One Murder Charge Listed After 3-Day Grand Jury Session

Trial dates for defendants named on major charges by the grand jury which last Thursday completed its three-day session for the current court term will be set Friday by Circuit Judge Hollie Conley.

One of those expected to be given trial during the September court term is Larry Howard, who was named in one involuntary manslaughter indictment charging him with causing the deaths "by the reckless and wanton operation of a motor vehicle" of Mrs. Elder Wright and her daughters, Mrs. Brenda Crum and Miss Teresa Wright, near here on the night of June 2.

Howard is at liberty under bonds totaling \$45,000 in the three deaths. A murder indictment named Ballard Cable, who is charged with the fatal shooting of Howard Tackett, on Mud Creek.

Two men and a woman were indicted for their alleged participation in a Left Beaver shoot-out in which two were wounded, July 1. Ark Isaac was accused of shooting and wounding Gordon Hall, and Tommy Isaacs was named for shooting and wounding Ark. Mazie Hall was indicted on a charge of shooting at without wounding Tommy.

Clyde Hogged, Martin merchant, was named in another indictment alleging shooting at without wounding. He is accused of shooting at Chief of Police A. J. Reed, of Martin.

Another Martin man, Alvin Randall Frazier, was indicted on a resisting arrest charge. The indictment alleged that he "did unlawfully resist arrest by force and threatened to do great bodily harm to peace officers."

Other indictments reported by the grand jury: Homer Stanley, reckless use of a deadly weapon; Donald Collins, Carl E. Rowe and Ronald D. Collins, breaking and entering Fleming's Drive-In; Roger Henderson and Charles Milham, breaking and entering Caudill's Service Station; Robert Griffith and Frank Scott, rape, both accused by the same girl; Gene (See Story No. 9, Page 5)

Mother, Son College Mates

Mrs. Meade and Son

When young Martin Meade entered grade school at Hi Hat, several years ago, his parents, Eugene and Ruth Jones Meade, expressed the determination that he would some day go to college.

Now 18 and graduated from Wheelwright high school, Marvin is entering Morehead State University as a freshman this month, and another resident of Hi Hat is enrolling there with him.

The second enrollee is Marvin's mother, now 42 and a grandmother. (See Story No. 3, Page 5)

Mrs. Meade's belated college entrance is a continuation of the story of her determination and is a tribute to the worth of the Adult Education Program operating in this county. She quit high school, shortly after the outbreak of World War II when she was in her teens, to train as a machinist at the old NYA vocational shop here, then became a lathe operator at Patterson Field, Ohio. Marriage and a family prevented her return to high school, but her interest in learning (See Story No. 3, Page 5)

This Town . . . That World

NEWS TO ME

It's rather humbling to have a fellow come in from the sequestration of a college library and introduce you to something any barnyard scientist should have known all his life, especially one who has included in his boyhood diet such delicacies as sheep's service, service (sarcop) berries, mountain tea, wild gooseberries and the like. Anyway, Bob Wallace has just now introduced me to what he says is a ground cherry, and it's delicious. I have an idea somebody told me, sometime "way back, that they were pizen. Which would account for my ignorance, or a part of it. (See Story No. 5, Page 5)

WHAS CRUSADE

During the annual WHAS Crusade for Children, a fully-equipped first-aid station backstage is manned by a trio of nurses. Most used item by the volunteer workers? Throat lozenges. Most common first-aid need is on the costumes—and the nurses are prepared for that, too!

MARINE CORPS

The U. S. Marine Corps Recruiters in Kentucky and Southern Indiana provide "backstage security" for annual WHAS Crusade for Children . . . people without passes just don't get past. The 47th Rifle Company, U.S.M.C. Reserve, is in charge of crowd control in Louisville's Memorial Auditorium.

CRUSADE GRANTS

Grants from the WHAS Crusade for Children have helped thousands of mentally and physically handicapped children in Kentucky and Southern Indiana towards better, brighter tomorrows.

RECORD CONTRIBUTIONS

Contributions to the 1967 Crusade were a record \$481,493.93. Expenses dropped to 3.4 percent.

KY. COMMUNITY COLLEGES ENROLL A RECORD 9,756

The University of Kentucky Community College System reports that the 1968 Fall semester student enrollment is a record-high 9,756—nearly double last year's 5,662.

Dr. Ellis F. Hartford, dean of the UK system, said he was "gratified with the enrollment figure this fall—especially the large increases at Henderson and Southeast at Cumberland."

MAYTOWN

Howard Ramey visited his parents, Mr. and Mrs. W. M. Ramey, in Portsmouth, Ohio, last week-end.

Mr. and Mrs. Earl Edward Webb and Tommy Dean Webb visited Mr. and Mrs. Earl Edward Webb and family at Kimper, Ky., Thursday.

Mr. and Mrs. Fred Stewart and Mr. and Mrs. Freddy Stewart and baby, of Ashland, were guests of Mr. and Mrs. Frank Stewart, last week-end.

Mrs. Taulbee Tussey, Jeffrey and Scarlett, of Springfield, Ohio, are guests of her parents, Mr. and Mrs. Claude Webb, this week.

Regg and Philip Perkins were weekend guests of their grandparents, Mr. and Mrs. Roland Burchett.

Dana Jack Hicks, of Lexington, was the week-end guest of his parents, Mr. and Mrs. Gardner Hicks.

Mr. and Mrs. Clark Shelton, Mrs. Selton Gibson and Mrs. David Gibson visited David Gibson at the Good Samaritan Hospital in Lexington, Sunday. Mr. Gibson has been a patient at the hospital since Thursday for observation.

Sympathy is extended to the Mullins family because of the death of Rev. Henry Mullins.

Most of the increase is due to the opening of five new campuses in the system this past year at Hazard, Louisville, Madisonville, Maysville, and Paducah. These five new colleges added 3,825 to the enrollment total.

A breakdown by colleges shows: Ashland, 989; Elizabethtown, 585; Fort Knox, 367; Hazard, 160; Henderson, 663; Hopkinsville, 401; Jefferson, 2,167; Lexington Technical Institute, 195; Madisonville, 200; Maysville, 243; Northern at Covington, 1,364; Paducah, 1,055; Prestonsburg, 418; Somerset, 493; Southeast at Cumberland, 456.

"I am especially pleased with the increasing number of students choosing the two-year program. It is an encouraging trend," Dean Hartford said, adding that "40 per cent of the enrollment at Somerset chose the terminal programs."

The UK dean said his records showed only 125 students registering for noncredit, adult classes. "This figure is deceiving because only a few classes have completed registration. We expect the figure to be much higher."

The enrollment at Jefferson Community College in Louisville also is deceiving, Dean Hartford pointed out. The 2,167 students there include "only those students who had paid fees" as of Wednesday (Sept. 4). "When fee payments are completed we expect this figure to rise sharply."

Mrs. Zella Archer, past district governor, presented Mrs. Joseph C. RESOLUTION OF BOARD OF TRUSTEES OF THE CITY OF WAYLAND, KENTUCKY, August 3, 1968

WHEREAS, the existing franchise held by Kentucky Power Company for the distribution of electric power in the City of Wayland, Kentucky, will expire on September 28, 1968, and

WHEREAS, there is a continuing public necessity for adequate service of electric power and energy to the citizens of the City of Wayland, Kentucky, and

WHEREAS, it appears that it is to the interest of the public that a franchise be advertised and sold granting and entitling the grantee to use the public streets, thoroughfares and other public places for the erection and maintenance of lines for the transmission and distribution of electric power,

NOW, THEREFORE, be it resolved by the Board of Trustees of the City of Wayland, Kentucky:

I.

Section 1. That there be sold at public auction to the highest and best bidder, the right, privilege and authority to acquire, maintain, construct and operate in, above, under, across and along the streets, thoroughfares, alleys, bridges and public places (as the same now exist or may hereafter be laid out) of the City of Wayland, Floyd county, Kentucky, lines, poles and equipment for the distribution of electric energy either by means of overhead or underground conductors, with all the necessary or desirable appurtenances for the purpose of supplying electric energy to said City and the inhabitants thereof and persons and corporations beyond the limits thereof for light, heat, power and any other purpose or purposes for which electric energy is now or may hereafter be used, and for the transmission of the same within, through or across said City.

Section 2.

Said lines and appurtenances shall be constructed so as to interfere as little as possible with the traveling public in its use of the streets, thoroughfares, alleys, bridges and public places. The location of all poles or conduits shall be made under the supervision of the proper board or committee of the city government.

Section 3.

The right, privilege and franchise shall be in full force and effect for a period of twenty (20) years from the date of the passage of the ordinance granting it.

Section 4.

The grantee of this franchise shall save the City harmless from any and all liability arising in any way from negligence in the erection, maintenance or operation of said lines and appurtenances.

Section 5.

Whenever the grantee of this franchise shall begin the erection of any lines or other equipment, it shall promptly and diligently prosecute the work to completion and leave the streets, thoroughfares, alleys, bridges and public places where such work is done in as good condition of repair as before such work was commenced.

Section 6.

Wherever in this franchise, either the City of Wayland or the grantee thereof is referred to, it shall be deemed to include the respective successors and assigns of either, and all rights, privileges and obligations contained in this franchise shall be binding upon and inure to the benefit of the respective successors and assigns of said City, and said grantee, whether so expressed or not.

Section 7.

The grantee of this franchise may make such rules and regulations covering the furnishing of said electric energy as may be fair and reasonable and consistent with the standard practice of the grantee. Said grantee may charge such rates for electric services as shall be fair and reasonable. The said grantee shall render service under said franchise of like quality, that is, adequate, efficient and reasonable, to that now being rendered to said City.

Section 8.

The consideration paid by the successful bidder for the franchise, privilege and right provided for herein shall be complete compensation and consideration for said franchise, privileges and right and for the use and occupancy of the streets, avenues, alleys, bridges and public ways of the City in lieu of any street or alley rental or to the charge for the use or occupancy of said streets, avenues, alleys, bridges, thoroughfares or public places of said City and in lieu of any pole tax or meter tax.

WHO WILL PROFIT FROM A NEW HOSPITAL?

Some of the opposition to the founding by the Highlands Hospital Corporation of a regional hospital between Prestonsburg and Paintsville is self-condemnatory.

This is the opposition based on the argument that the building and staffing of a new and modern hospital outside Paintsville will adversely affect the economy of that progressive county-seat town.

It occurs to The Times that the question should not be asked if this community or that will profit financially from the new hospital; rather, that the all-important question is, "Will sick children, the elderly, all who need hospitalization, surgery, expert treatment, the most modern facilities for their treatment and care—will such as these benefit?"

The Times happens to be among those who think a new hospital and the specialists it will attract, plus the most modern facilities for treatment and care, will profit those who need help in time of greatest need.

WEEKSBURY

The Weeksbury Community Center was honored August 24, by a visit from Representative Carl D. Perkins, County Judge Henry Stumbo and County Attorney Barkley J. Sturgill. Efforts being made to improve the community were made known to them and accomplishments noted. The center extends a welcome to any public officials who would like to visit the community.

Peggy Bradford, chairman, and Mrs. Shelby J. Johnson, secretary, of the Weeksbury Development Corporation, attended a community development workshop in Ashland, August 7-8. The workshop was sponsored by the North-east Kentucky Rural Community Development Association.

The Weeksbury Development Club's tearing down the old company store, "Fountain", theatre and "Club House", the buildings were "objects of interest" in a national TV show, "Christmas in Appalachia," sometime ago. Elbert Gibson, treasurer of the Community Development Club, has been active in this work. The Nelson Scheuer community volunteers have been most co-operative. The expense of the purchase of the buildings from the owners is offset by sale of usable lumber.

Mr. and Mrs. Virgil Lee Tackett and children recently moved into Weeksbury.

A son, Jeffrey Scott, was born to Mr. and Mrs. Paul Mullett, September 1.

Weeksbury servicemen now in Viet Nam are:

Pfc. Tommy Campbell, son of Mr. and Mrs. James L. Campbell; Pfc. Willis D. Little, son of Mr. and Mrs. Ballard Little; Pfc. Larry Vanderpool and Pfc. Terry Vanderpool, sons of Mr. and Mrs. Sage Vanderpool.

NOTICE AS TO THE FILING OF A SUPPLEMENTAL PETITION OF THE MUD CREEK WATER DISTRICT FOR APPROVAL AND RATIFICATION OF THE PREVIOUS CREATION OF SAID DISTRICT, OF THE CORRECTION OF THE BOUNDARIES THEREOF, AND OF ALL PROCEEDINGS HAD TO DATE IN CONNECTION WITH SAID DISTRICT.

The Mud Creek Water District has filed a Supplemental Petition in the Floyd County Court, requesting said Court to enter

its Order affirming, ratifying and approving the previous creation of said District, and amending and approving the description of the boundaries of said District so as to exclude the Hi Hat section of the County which is a part of another water district and so as to more specifically define and describe the exact area currently embraced and intended to be embraced by the boundaries of said Mud Creek Water District.

Said Supplemental Petition refers to the original Petition filed

in said Court on March 4, 1967, the order of said court creating the District on April 24, 1967, and the subsequent Orders of this Court appointing the members of the Board of Water Commissioners, fixing their terms of office and dealing with related matters; Said Supplemental Petition further requests the Court to approve all action heretofore taken by said Water District in applying for a loan and grant from the Economic Development Administration of the United States Government in

order to enable said District to finance the cost of constructing a new waterworks system in the District.

Said Supplemental Petition provides the following description as being a more accurate and specific description of the area now intended to be included in the boundaries of said District, said area being located in Floyd county, Kentucky, and more particularly described as follows:

Beginning at the forks of Mud Creek, which is at the junction of

Kentucky Highway 979 and Little Mud Road (which is Kentucky Highway No. 1426); thence going up Little Mud Creek to the head of said Creek, including all of the tributaries of said Creek to that point, as determined from a topographical map of the area; thence following Kentucky Highway No. 979 from the forks of Little Mud Creek to the mouth of Toler Creek; thence up Toler Creek to the Pike county line, including all of the tributaries of Toler Creek to that point; thence following Kentucky High-

way No. 979 up Big Mud Creek to the top of the Ligon Hill, including all of the tributaries of Big Mud Creek adjacent to said Highway to that point.

Within thirty days after the first publication of this Notice on August 29, 1968, any resident of said area described above, may file with the County Court Clerk of Floyd county, Kentucky, at his office in the County Courthouse in Prestonsburg, Kentucky, objections to the action sought by said Mud Creek Water District and to the Orders

requested by said District, and may object to the effectiveness of the prior Orders creating said District, appointing such Commissioners and covering related proceedings pertaining to said District as previously entered by this Court, or to the entry of a proposed Order affirming, ratifying and approving the previous creation of this District.

A Hearing shall be held on the matter on Sept. 30, 1968, at 10 a.m., E.D.S.T., in the Courtroom of the Floyd County Court, at the County Courthouse in

Prestonsburg, Kentucky, at which time any resident of the area described above, or any other interested party, may appear and be heard on any prior objection filed by him concerning the matter or with respect to any other aspect of the matter.

Dated this 16 day of August, 1968. (Signed) C. OLLIE ROBINSON, Floyd County Clerk.

Teacher-Family Head Now Principal in Ohio

If all the teachers in the family of Lawrence B. Price follow him to Ohio, Floyd county will have perhaps lost its largest family teacher-group.

Mr. Price, instructional supervisor for the Floyd County Board of Education since 1959, resigned the Floyd county post recently to become principal of Western high school at Latham, Ohio. His wife, two daughters, son and a son-in-law are already teaching; a son-in-law and a daughter-in-law are preparing to teach.

Mrs. Price is a teacher in the Parker (Ohio) elementary school, in the Western local school district in which her husband is principal. A daughter, Mrs. Jack Music, is a member of the Prestonsburg high school faculty; another daughter, Mrs. Alex Spencer, Jr., and her husband are teaching at Elyria, Ohio. Their son, Phillip, is a Maytown high school teacher. Phillip's wife, the former Rose Howard, of Prestonsburg, is preparing to teach, and so is the husband of Mrs. Music.

Besides his duties as high school principal, Mr. Price will also serve as coordinator of federal programs for the Western local school district. After receiving his A. B. degree in social studies and the Christian ministry from Transylvania University and his master's from Miami University, Oxford, O., he came to Wayland high school in 1937, remaining there as teacher, basketball coach and principal till the spring of 1959. In recent years while with the county board he has given much time to research, counseling and other special work. Meanwhile, he has done graduate work at the University of Kentucky, Morehead and Eastern Universities.

In addition to his work as an educator Mr. Price has throughout his Floyd county stay been active in ministerial work with Churches of Christ at Bosco, Glo and other places.

WAYLAND

CLUB FILLS VACANCY

The Lackey-Garrett-Wayland Woman's Club held a called business meeting August 19 in the Wayland Methodist Church basement. The main business of the evening was to elect a trustee to replace Mrs. Ellen Hornsby, who recently moved to Winchester, and Mrs. J. T. Spillman was unanimously elected for the vacancy.

Mrs. Spillman reported that the club had given a cash contribution to the fund for the recently held picnic for patients of the Golden Years Rest Home.

During the meeting dues were collected from those in attendance by the treasurer, Mrs. S. M. Martin, and program topic were distributed for the coming year.

The first program meeting will be held September 9, Jenny Wiley State Park, at the vacation trailer-home of Mrs. Mervil Dixon, club president, with Mrs. S. M. BETSY LAYNE

YOUTH PANEL HEARD

The Woman's Society of Christian Service, of the Betsy Layne Methodist Church, held its regular meeting, Sept. 5, at the home of Kathryn Blackburn, with the following members present: Mary Lykins, Clara Allen, Kelsie Elliott, Edith Mae Stanley, Hettie Johnston, Elizabeth Bailey, Billie Jean Osborne, Aileen Wallen and Kathryn Blackburn.

The program chairman, Billie Jean Osborne, presented the inspiring program, "Youth—Society's Untapped Resource."

A group of local young people representing different churches in the community formed a panel and presented the youth activities and programs of their churches which help them to witness for Christ. There was also an enlightening question-and-answer period between the younger and older groups. The panel was made up of the following young people: Paella Allen, Georgia Rose Gibson, Linda Spradlin, Naioma Conn, Shelia Jo Ratliff, Shelia Clark, Regina Hamilton, Carol Tackett, and Kay Blackburn.

The next meeting will be Oct. 3, and will be held in the church in recognition and celebration of Charter Month.

John Hanna, a Frankfort church-builder, traveled to England to see the traditional design of churches there, before he erected the Church of the Ascension for the Frankfort parish. Sixteen years after its completion the apse and transept were added, but John Hanna would never walk beyond the line where his original structure ended.

TAVERN AT PARK CITY BUILT AS STAGE STOP

Bell's Tavern at Park City was erected by William Bell in 1830 as a stage coach stop for his lines bringing visitors to Mammoth Cave. Famed in the U. S. and Europe for excellent honey brandy for "Joy before cuisine and magic peach and the journey's end," the tavern burned in 1880. The Civil War doomed the completion of a new tavern, and the remainder of the original structure is still standing.

Institute To Hear Mined-Land Views

Natural Resources Commissioner James S. Shropshire has announced George Sall, executive director of the Mined-Land Conservation Conference, Washington, D. C., will be one of the headline speakers at the National Institute on Natural Resources Law.

Sponsored by the Natural Resources Department, the Institute will be conducted at the Kentucky Hotel, Louisville, October 7-9.

Sall, a mining engineer, was formerly director of the Coal Division of the American Mining Congress. He also served as associate director of the National Coal Association and has worked with federal agencies on national coal industry problems.

Shropshire said, "We feel it is very timely and important to bring together all those persons who have an interest in the rapidly evolving field of natural resources law. To our knowledge, this Institute will be the first such meeting in the United States."

Controversial topics, such as strip mining, air and water pollution and water legislation will be discussed. Industry, state and federal government officials will be represented on most of the panels.

The topic of water resources law will cover the problems of water supply and allotment now facing many cities. This legal subject, now in its infancy, promises to become a major legislative focal point in the near future.

Panel discussions will cover proposed national legislation and existing state strip mining laws. Kentucky's strip mining law, said by many to be the nation's

toughest, will be fully explained to conference participants. Most states have little or no control over strip mining and are looking to Kentucky's law for aid in legislative drafting.

The Institute will be open to all persons interested in natural resources development and legislation.

PTA Board Meeting Scheduled Saturday

Reports also will be heard from the standing chairmen and council presidents.

The agenda also will include arrangements by Mrs. James Adkins, second vice-president, and Mrs. Minnie C. Winder, program chairman for the fall conference which will be held in Boyd county. Vacancies in chairmanships to be filled include: Disaster Preparedness, Congress Publication, Reading and Library Service.

The University of Kentucky Opera Theatre is maintained by the Department of Music, producing four operas a year—two workshop productions in the Laboratory Theatre of the Fine Arts Building, a major production during the spring semester, and a summer session production.

UNCLE TOM'S CABIN LOCATED AT OWENSBORO

Just outside Owensboro is the site of the original Uncle Tom's Cabin. Area historians recently discovered the yellowed entry in an accounting of slaves setting out the ownership and freeing of the original "Uncle Tom," Josiah Henson. Henson, a Negro who later founded one of the early Negro communities in the North for escaped and freed slaves, is listed as the property of a pioneer Daviess county family.

HISTORY MOBILE FUNDED, WILL TRAVEL KENTUCKY

Frankfort, Ky.—The Kentucky Historical Society is the recipient of \$5,000, a bequest from the will of the late Nelle Henton Edwards, of Versailles, a life member of the society.

The executive committee of the society will be requested to earmark the \$5,000 gift toward purchasing and equipping a "History Mobile," which will travel throughout Kentucky.

George M. Chinn, director of the Kentucky Historical Society, said the "History Mobile" can be driven to schools across the state, affording perhaps 100,000 children who live in remote areas an opportunity to arouse their interest in Kentucky history.

Through the facilities of modern science an exact replica of Daniel Boone's rifle can be duplicated and placed in the "History Mobile."

Other items, such as documents signed by Isaac Shelby, Kentucky's first governor, and prints by Paul Sawyer, a renowned Kentucky artist, are being considered for the mobile.

BIG BATTLE

One of the greatest single military events in the history of Kentucky was the Battle of Perryville, fought on October 8, 1862. It marked the end of any serious attempt by the Confederates to gain possession of Kentucky. A newly constructed museum on the site depicts the battle.

One point of interest near Tompkinsville is the Old Mulkey Meeting House. In 1773, Phillip Mulkey built the first church in the area. Built in the form of a cross, it has 12 corners for the Apostles and three doors for the Trinity. Daniel Boone's sister is buried in the graveyard.

Almost everybody has a friend who has heard "electric heat is expensive."

Melvin Wertz knows better

"People who say that electric heat's expensive just don't know. I know it's not, because we switched our 40-year-old house to electric baseboard heat and our electric bill isn't higher than our gas bill was, electric heat is more reasonable in cost." Ask Melvin Wertz of Russell, Ky. or anyone who has it. They'll tell you the comfort of flameless electric heat is incomparable—but that cost is compara-

ble to other forms of heating. Let us prove it. Get a free estimate—from us or your Reddy Kilowatt Recommended Dealer.

TAXES

"How Come I've Got This Dollar Left?"

I THINK I'm in big trouble. I was going through my pockets today and I found something I can't explain.

A DOLLAR.

I've paid my income tax, and my state tax, I've paid the amusement tax, sales tax, hospital tax and gasoline tax. I've paid taxes for medicare and for old age benefits. I've paid the liquor tax, the cigarette tax, the automobile tax, the school tax and the tax to put up a bridge at the other end of the country.

When I pay my lawyer 600 bucks, I pay tax on that—and so does he. I pay tax on the money I give to the babysitter and the real estate salesman and the man who makes out my income tax form each year.

SO how come I've still got a DOLLAR?

OBVIOUSLY I've made a mistake somewhere and overlooked a tax. But I distinctly remember paying my road tax, the excise tax, the defense tax and the tax to provide more scholarships for kids to go to the university so they can tell me how rotten the system is.

I've paid my taxes for sewers, bombs, wheat for India, the senate, and public transportation.

Yes, I've paid my water tax. And when they charge us an air tax to clean up the pollution, I'll pay that, too.

I confess I haven't paid my death taxes yet.

But I will.

I've paid my taxes for parks, fire protection, law enforcement. I've paid my taxes to help the farmer, the Indian and the unmarried mother.

I wouldn't dream of going fishing, owning a dog or getting married without first paying the tax.

I pay taxes on the toothpaste I use when I get up in the morning and I pay taxes on the pillow I rest my head on when the day is over.

HOW COME I've got this dollar in my pocket? Where did it come from? Did somebody put it there to get me in trouble? Is there a tax when you find a dollar like that? I'm not sure. But I know the government is going to be sore when they find out I've got it.—Des Moines Register.
