MY OPPOSITION

Sometime ago, I announced my intention for re-election as Commonwealth Attorney.

My opponent announced his candidacy in the last week before the deadline for filing as a candidate for the office of Commonwealth Attorney.

Every informed voter knows that the present State Administration is supporting my opponent.

I have been informed that Jarvis will get his State Job back if he is defeated in the forthcoming primary election.

As your Commonwealth Attorney, I will continue to fight crime in Floyd County.

CIRCUIT JUDGE Suggests Reforms For the Circuit Court

It may be that our present Circuit Judge should be given credit in having made certain improvements in what may be called "The Dignity of The Court." However there are areas in the Administration of Justice which are equally - indeed, more important - to those involved in cases in the Circuit Court. I mention only two in this article and two others on another page in this paper:

1. Written Opinions On Major Decisions.

Present practice, generally, is for the judge to give his decision from the bench, directing the lawyer winning the case to prepare the written judgement. This often leaves the losing party with little explanation as to why the judge decided as he did. As Circuit Judge I will support all major decisions by a recorded or written opinion.

2. Speedy Action On Cases.

In only one week of campaigning, I am surprised by the number of people who complain of long delays in deciding their cases. However, the speedy movement of cases is the direct responsibility of the Circuit Judge.

PAUL E. HAYES for Circuit Judge A JUDGE FOR ALL THE PEOPLE

OF ROADBLOCKS This contractor is working hard to get the streets back into shape here, and he has such problems that I perhaps shouldn't tell about sailing up one street to find myself blocked, the other day, then turning to another to find the same situation prevailing. For a moment, I had a feeling that I knew how the man driving the getaway car has when he runs into roadblocks. If a siren had wailed behind me, just then, I might have abandoned the car and taken off across lots on foot . Power Politics In Campaign For Circuit Judge

My opponent, your present Circuit Judge, during the past two weeks or more, has been traveling about the county with one or more other county officials who also seek reelection.

Voters who have been so approached by these other candidates traveling with my opponent, report that such statements as "A vote against this fellow is a vote against me," was made to them. I cannot bring myself to blame other elected county officials seeking reelection for taking advantage of the power of the Circuit Court to help them get votes, but voters must be protected from this type of campaigning.

Every profession, and many occupations, have a code of practice and a code of ethics. A code for the conduct of Judges has been adopted by the Court of Appeals as law. In three sections of this code there is a direction that Judges "should avoid . . . the public endorsement of candidates for political office." (See Canons of Judicial Ethics Secs. 28, 30, 34). I ask you, the voter, if the conduct of our present Circuit Judge during the past week or more is, or is not, "the public endorsement of candidates for political office."

Election history in Floyd County shows that this "gang type campaign" has caused the defeat of one or more of those involved.

If you want a Circuit Judge who seeks to use the power of his office to elect your other county officials vote for my opponent. If you want a non-political Circuit Judge then my plea is — vote for me.

Everett Akers Supported Black Lung Legislation

EVERETT AKERS for Sheriff

The Courier-Journal, in its March 28 issue, in an article by Hugh Morris, of Frankfort, noted Representative Everett Akers' stand on pneumoconiosis or black lung. The Courier-Journal stated that "Improving the state's workmen's compensation law regarding payments to sufferers of pneumoconiosis (black lung) - a respiratory disease to which coal miners are susceptible" would be the subject of a joint legislative committee study.

The Courier-Journal thought that Akers' support of the study and the proposed improvement of the workmen's compensation laws so important that they quoted his support and wrote:

"Representative Everett Akers, D-Martin, Ky., said he understands one of the big problems to be the fact that coal miners have to pay as much as \$4,000 to \$5,000 in legal fees to collect, perhaps \$20,000 in compensation."

The Courier-Journal went on to quote Akers:

"I think the state ought to set up a medical committee of three doctors and if miners get the disease they ought to be able to go before this committee and get their money without having to give away a third or a fourth of it to lawyers to collect it for them.

"I don't want to jump on the mining industry. I understand they're trying through use of water sprays and the like to cure this coal dust problem. I've seen 'em gasping for breath. It's a pitiful situation. We're going to hear a lot more about black lung as time goes on."

Representative Everett Akers was thus one of the first supporters of Black Lung legislation. This support was just another area of progressive representation at Frankfort.

More Reforms for Circuit Court Proposed by

Paul E. Hayes

Circuit Judge

Here are two policies that should be adopted in the Circuit Court:

1. FACING SQUARELY THE ISSUES.

Sometimes elected, rather than appointed, Judges are tempted to step aside, especially when public questions become "hot potatoes," with large groups of voters on one side or the other. A special judge from out of the county must then be appointed. He cannot possibly know our problems as well as our own. In the opinion of many this happens far too often in Floyd county. As your Circuit Judge I will "face the music," not "pass the buck."

2. A WELL DEFINED POLICY OF PROBATION IN CRIMINAL

CASES: One of the more difficult problems of the Circuit Judge is whether or not to probate. A well defined probate policy should be established in our county based upon facts of the crime, past record, age, family, occupational prospects, and probability of criminal repeat. Certainly no Political considerations should be involved. Citizens I have talked with complain that present probate practices have no rhyme or reason. Rest assured if I am elected your Circuit Judge, I shall set up such a policy — and in writing.

The University of Kentucky and graduate students in locating volunteer worker, left for his week include Russell Hayes, jobs and helps alumni in their home in Glen Ridge, N. J. last Claude Reffitt and children, of professional advancement.

To you whom I do not know personally or have not met during my campaign for your sheriff I address the following and flatish. perhaps my last public appeal before election day for your support as your most important public official.

I have given to each individual all that I as a God-fearing, family man, miner, railroader, 6-year Navy veteran, common laborer, firm supporter of a true democratic form of government, from my home to local county, state and national level has to offer and, last but not least, I offer the best of myself.

Misleading remarks, jealousy and hatred are not the makings of a man, woman or a potential county official with best intentions, desires. Instead they mark those who may hope to lower the standard of law and order and a dry Floyd County. Yes!!! you, the voters of our county, have an all-important vote. Won't you use it in the best interest of your family and yourself?

We are foolish to try to run away from God, mentally, physically or financially. No man has ever been wrong by being right, and those who may hope to accomplish their own goals by deterimental remarks about me are to be pitied, not admired. I shall in no way use any remarks that may lower or impair the character of my fellow man.

Ask your neighbor about me.

# Your Representative Reports...

EVERETT AKERS for Sheriff

Every man in whom the people has entrusted to office should report to the voters upon his accomplishments. He should make his record an open book and ask that it be examined. A good steward can do no less.

As your Representative at present and now a candidate for Floyd County Sheriff I ask the people to study what I have achieved and the diligence with which I have served your interests. Let's look at my record.

#### U. S. 23 Made Four-Lane

. . . . HR 50 introduced, Feb. 13, 1968. This resolution ask the Highway Department "to reconstruct as a fourlane highway that portion of U.S. 23 from Portsmouth, O. to the Kentucky-Virginia line." Became law March 27, 1968.

#### \$5,000 Homestead Exemption

. Worked hard to secure passage of a bill, HB 479, and sponsored the bill with others, to exempt taxation up to \$5,000 value on homestead of every person over 65 years of age. Taxes often become an intolerable burden to the aged and I fought hard to lift some of the load. That it failed of passage was not due to lack of effort on my part and that of several sponsors. That kind of a law is not popular with the tax specialists in this state and they unlimbered their big guns on us. BUT.. we tried and tried hard.

#### Harold and Lancer Bridges

. I worked diligently and steadfastly to get the Harold and Lancer bridges constructed. I made special trips to Frankfort to jog the Highway Department into hurrying the construction of these projects. Now that these bridges are going into construction I have a deep personal satisfaction that I expended so much effort and was successful.

### New Road Surfacing

.... Let's look at the road record—Bituminous surfacing has been laid down on 1.4 miles of the Tinker Fork road, 2.9 miles of the Arkansas Creek road, 2.0 miles of the Martin-Prestonsburg road, 1.8 miles of the Hen Pen Branch road, 2.3 miles of the Stephens Branch road, 1.5 miles of Ky. 1929, and 1.7 miles of the Mare Creek road.

This is an outstanding road accomplishment for myself and those who aided me in the short span of my legislative service.

#### Child Welfare

.... During my tenure in office as your Representative I have been much interested in the child welfare programs. As evidence of this interest I want to quote a letter I received from George Perkins, Acting Commissioner, dated May 20, 1968, in which he said: "I want to take this opportunity to personally thank you for your interest and concern."

#### Education

.... No Representative in Frankfort worked harder and more consistently in the interest of education than I. My record on that needs no elaboration as it is well known. I worked for teacher salary raises as all teachers and school administrators are well aware and I made a special effort to see that appropriations for Prestonsburg Community College were adequate for expansion.

UPON THIS RECORD I STAND and I am proud that I was able to accomplish so much for you. I am now a candidate for Sheriff and I will make you the same dedicated servant in that office as I did as your Representative from the 96th District.

Sincerely,

THE FLOYD COUNTY TIMES

Paul R. Gearheart Is a Civic-Minded Businessman Who Wants To Serve As County Judge...

Paul R. Gearheart is a competent and successful businessman who has demonstrated that it is possible to bring business and provide jobs for people in Floyd County.

BUT Paul Gearheart is more than merely a successful businessman. He is civic-minded and has worked strenuously to bring into Floyd County many of the modern health and welfare programs we have.

Here are a few brief facts about Gearhearts's activities in your behalf:

1. He served two years as President of the Floyd County Planning and Development Association. He served on the Board of Directors, was president of the Big Sandy Council during 1968 and is presently secretary of the five-county Big Sandy Area Council.

2. Several Federal Aid Programs are sponsored and conducted by this Council and more than \$5,000,000.00 in Federal funds were expended by this organization during the past year. Gearheart has been an active participant in the necessary activity to procure these programs.

3. The original application for Floyd County Comphrehensive Health Program was signed by Paul R. Gearheart on behalf of the Floyd County Development Council. That this program, which means so much to the aged, infirm and indigent of this county, is now in successful operation is matter for justifiable pride.

4. He has been active for many years in civic organizations of a local nature whose purposes are to promote better social, educational and economic conditions in our area.

5. He is presently President of the Harold-Betsy Layne-Stanville Community Development Club, Inc. and in cooperation with other public-spirited citizens of the area is seeking the acquisition of potential industrial sites with the view to bring industry there.

It's Delightful Decision time at your Buick dealer's now.

Good citizens of Floyd county, May 27th is drawing close. I'm sure you are considering who will make you the best sheriff of Floyd county.

It has been stated by some of my opponents to judge a man by his past records.

I am a Sergeant in the United States Army, where I have served for the past thirteen years. I'm sure you will find that my previous record in the service should in itself alone prove what kind of person I am.

I would have to be a person of good character and high integrity to acquire the standard I now have.

I urge you to vote for me and a chance to prove to you, that I want only the best for the citizens of Floyd county.

I'm not going to be able to see each and everyone of you, personally, but please keep in mind this doesn't mean I don't want and need the support of all of you.

I fully agree with my opponents, a person's past should be weighed and judged in order to select the way you deserve to be served. I have nothing to hide in my past and want only to devote my time to you in the future.

So please think hard before casting your vote May 27th, four years is a long time to be neglected and mistreated.

If elected I promise you I will try to the full extent of my ability to serve the public with only their welfare in mind.

Sgt. M. Burl Joseph, last one in the first column, number 5 on the ballot.

## Who Is "Little A" Allen Slone?

The son of the late Charley Slone, a Floyd county school teacher for 20 years.

I urge you to ask my neighbors about me; in fact, I want to suggest that you inquire about all 10 candidates for Sheriff. Listen to the neighbors who have known us for a lifetime.

The important office of Sheriff demands in these troubled times an honest and sober man, dedicated to the office of law enforcement. I will have sufficient deputies in and around communities to keep the peace. Long ago, an inspired writer pronounced a blessing on the peacemaker, and as your Sheriff I promise to seek that goal.

A VOTE FOR "LITTLE A" MEANS VICTORY IN MAY

Democratic Candidate

for

## Circuit Court Clerk Of Floyd County

I am a candidate for the office of Circuit Court Clerk. Not being as well known as my opponents, I would like to tell you, the voters, something of my background.

I am the son of the late Dock and Lourena Hall Johnson, of Weeksbury, Ky., where I now reside. I was in World War II, where I earned 6 Battle Stars and 2 Unit Presidental Citations. I am presently employed at the McDowell Hospital, where I have worked for 14 years. I have two children, daughter, Wanda Marie, and son, Danny Cecil. I am active in sports and have worked with the grade school basketball teams, as I am interested in our youth to help better themselves as citizens.

If I am elected I will continue to sponsor the Driver Education in our schools and to keep you notified of your birth month to help you keep your drivers licenses in force. Also I have a plan to visit each Magisterial District to renew your drivers' licenses, instead of making the long drive to Prestons-

I ask you, the voter, to take a second thought before you make your X on your ballot. I pledge to give you honest, courteous service, as this office will work for the convenience of the people. I will appreciate your help and support. Let's elect Ernest Johnson for Clerk.

# Judge Hollie Conley Rules In Favor Of Earl Dale In Black Lung Case

Judge Hollie Conley, of Prestonsburg, awarded compensation to Earl Dale, a former Wheelwright miner, in a black lung case, but his decision was reversed by the Court of Appeals. The Louisville Courier Journal carried the following story on March 1, 1969.

"The state Court of Appeals yesterday conceded that the weight of evidence was in favor of a Floyd county coal miner claiming workmen's compensation for black lung disease, but said it was powerless under the law to rule in his favor.

"The court voted 6-1, with Judge Edward P. Hill dissenting, to deny \$19,000 in disability payments to Earl Dale of Hager Hill. The ruling reversed Floyd Circuit Judge Hollie Conley, who awarded compensation to Dale after the state Workmen's Compensation Board refused it."

I hereby request all working men to support Judge Conley.

Sincerely.

Earl Dale

time in its history. I have worked hard to see that Floyd County and its people get their fair share of every program and project available to better our County. To achieve this has taken hard work and co-operation by every agency of County Government. This must continue if we are to move ahead for the future.

this County is in better shape than any time in its history. Law enforcement, government services and our fiscal affairs are in the best shape ever. As your County Attorney I have tried to serve you fairly, efficiently, friendly, and worked hard for Law and Order. Every Citizen knows that there are forces at work in this election

who want to divide our County, destroy our program of progress and to defeat good Democrats in an effort to help continue the Nunn Republican administration. WE CANNOT LET THIS HAPPEN. Floyd County has a great future. Please do not let them divide

our County. Let us continue to work together for good government.

O CONTRACTOR OF THE PROPERTY O

# WE WONDER!

Why a group of dissident Democrats, sponsored by a clique of Louie Nunn Republicans, at the eleventh hour announced as candidates in the Democratic Primary.

# Could It Be Because:

They are not interested in the record of good government and the unprecedented era of Law and Order in Floyd County or do they want to strengthen and perpetuate the Nunn Republican record of 5c sales tax, \$12.50 automobile license, \$3.00 operators license, 20% increase in property taxes and other burdens imposed upon the people of Floyd County.

What is the object of their candidacy?

Whose interest do they seek to serve?

Who caused them to run?

Who is financing their campaign?

What kind of a county would you have if they were elected?

Of Facts

I began this race for Commonwealth's Attorney, believing that each candidate would run for a particular office without trying to control all the offices, but I have found this is not true. It seems that some of the candidates presently holding office in Floyd County are not willing to have an independent Commonwealth's Attorney.

This group of candidates is covering the county together, spreading false stories as to my candidacy, asserting that I was prompted to run by the present state administration in Frankfort, telling people who favor a dry county that I am wet and telling those who favor a wet county that I am dry.

My opponent, after the election six years ago, described to me how the same group of candidates went from house to house spreading false stories as to my support of Chandler or Breathitt. He said they convinced the Breathitt supporters that I was for Chandler and convinced the Chandler supporters that was for Breathitt. This is a dirty way to gain support. Any person who cannot be elected on his own qualification but must mislead the voters should be defeated.

The truth is that I resigned my position with the Highway Department and became a candidate on my own without any discussion or persuasion by any person in Frankfort. I have never spoken to the present Governor nor discussed this election with any of his staff. When I entered this race the wet and dry issue was never in my mind and the most I have heard of it is rumors spread by people supporting my opponent, such as his woman-relative who has been telephoning Church people and making statements that she knows are not true.

Has my opponent every tried to help Floyd County or Eastern Kentucky? Did he ever support a governor from Floyd County? The truth is that he did everything in his power to defeat Governor Combs, even appearing on television against him. He did not support Henry Ward in the last election and I believe you should ask him who he supported in the Governor's race in November. Many of his associates voted Republican. I did everything I could to help elect Governor Combs and I supported Henry Ward in the last election.

I have stated the facts and believe each voter should inquire as to the truth when these people try to mislead you. If elected I will not be controlled by any person or group and will be able to serve all the people honestly and fairly without regard to mere creed or party affiliation.

You, the voters, must take control of this election and select your officers on their qualification and independence and not at the demand of other officeholders who apparently feel that you are within their control and will obey their demands. You should tell each candidate to confine his efforts to the particular office he seeks.

I only seek the office of Commonwealth's Attorney. Give me a chance to serve you by casting your vote for me, May 27.

I ask the support of all citizens of Floyd County, regardless of party affiliation.

# SALISBURY

Candidate for Magistrate District No. 3

## My Qualifications

I am a HIGH SCHOOL GRADUATE and a lifelong DEMOCRAT.

I am a LABORING man. I currently am employed with the C. & O. Railway Company and have served this company 23 years as brakeman and conductor.

I am a UNION I ABORER. I belong and have belonged for 23 years to the Brotherhood of Railroad Trainmen.

I am a veteran of World War II, having served with the 1st U. S. Infantry Division.

I have been a DEPUTY INSPECTOR GEN-ERAL of the American Veterans of the STATE of KENTUCKY.

I was born at WEEKSBURY, KY., the son of Lucy Salisbury and the late Ted Salisbury.

The office of Magistrate is one of the most important offices of service to our people of Floyd County, Ky. Yet, it is one of the most abused and neglected offices of public trust in our county.

I seek the office of Magistrate that I might serve people - that I might help in some way to assist the people of District No. 3 in restoring proper dignity and respect to this important office.

# The Big Question

What would our citizens from other parts of Floyd county, other counties and other states think if they saw our little, neglected roads in Dist. No. 3? They would probably ask -

· Do these people pay taxes?

· Does the county have any equipment to use in repairing the roads?

· Does the county have a Magistrate in Dist. No. 3 to stand up for them?

Answer these questions yourself in your

own heart. Make up your own mind. On election day support me FOR MAGIS-TRATE DIST. No. 3 for my election to this office. I shall ever be grateful for your influence

and support. Thank you very much.

Among the 250 animals to be seen at the 58-acre zoo are elephands, giraffes, antelopes, zebras, baboons, rhino, lions, seals, camels, exotic and native birds, Mamas, kangaroos, and monkeys. The exhibits are arranged in continents with all the African animals grouped together, Asian, Australian, American, etc. Landscaping and shelters are an integral part of each ex-

The Children's Zoo, a "zoo within a zoo," is especially appealing to the small visitor as it allows closer contact with young animals, both wild and domestic. Special food is available for feeding the animals. The walk-through aviary houses a selection of hardy native and Asialic birds.

A miniature train encircles the rides in the Children's Zoo. There's an amphitheatre where

## Why I'm for Frank Leslie For Sheriff

On May 31st, 1968 Frank Leslie proved to be calm and collected in time of an emergency.

Frank and I were working the yards at Martin and I slipped and fell between coal cars we were switching. I lost my left hand, 3 inches above the wrist, in the accident.

Frank Leslie, by having mine safety experience and Rescue Squad training, knew where and how to stop the flow of blood, thereby saving my life.

Support and vote for Frank Leslie for Sheriff. An honest friend to all. Floyd County's best qualified candidate for Sheriff.

C.H. 'Dick' Stanley Endorses Ted H. Salisbury For Magistrate

To My Friends and Neighbors of Martin, Ky. and All of Dist. No. 3:

I would like to take this opportunity to endorse Ted H. Salisbury for Magistrate, Dist. No. 3. I lived in Wheelwright, Ky, for a number of years, and I now live in Martin, Ky. I know all the candidates for Magistrate, Dist. No. 3, and in my opinion Ted H. Salisbury is best qualified for the job.

Since Herston Mayo and Chester Howell, of Martin, Ky., are no longer candidates for Magistrate, Dist. No. 3, I believe the race for Magistrate lies between Edd Caudill and Ted H. Salisbury. The only choice that we have is between these two.

I am in favor of better roads and a fair and square man for all our people. I am in favor of and intend to vote for and support Ted H. Salisbury for Magistrate, Dist. No. 3,

Let's all help Ted H. Salisbury, May 27th.

# A Disabled Veteran Of World War II Will Not Be a Candidate

CONTRACTOR CONTRACTOR

I have come off the ballot. Due to an illness and a disability that I received while serving my country, I don't feel that I am able to make the race. I ask you to vote for my friend, Ted H. Salisbury, for Magistrate, Dist. No. 3.

Ted H. Salisbury is a veteran of World War II. He is honest, sober and best qualified. I ask all my friends and relatives to vote for him.

I live on a very small disability pension. It is my only source of income. I am unable to work, except minor jobs. Ted H. Salisbury has often helped me, loaned me money, invited me into his home to eat with him. In time of need of assistance he is always there to lend a helping hand.

It gives me great pleasure to endorse Ted H. Salisbury for Magistrate, Dist. No. 3. By voting for him you will be helping me as well as the people of Floyd county. I ask you to vote for Ted H. Salisbury for Magistrate.

The eye is light yellow. It is often seen in our region during winter, but does not often nest here; it seems to prefer the cotton fields and plantations of the south as a place to rear the young. The bird is a brave lighter and has been seen to log a large tomcat and put him on the run; it will even attack a dog or any large animal that comes close to its nest.

THE BROWN THRASHER. For musical genius this bird econd. It is the state bird of Georgia. It is perhaps more andsome than its cousin; is 11 nches long and is reddish-brown on back and tail. The breast is a light, creamy color and is heavily streaked with black; the throat is white, the bill is long, lender and curves down. The eyes are yellow. Early in the spring, the brown thrasher returns from the south to our region and is usually one of the earliest of the songsters to be heard; it mounts the topmost boughs of a tree and literally pours out its song in a wild torrent of melody. It repeats each note or phrase and emphasizes each with a thrashing movement of the long tail, which is used ike the old-time flail with which farmers thrashed their oats hence the name, "thrasher." This bind's song rouses the farmers and gets them in the notion of plowing and planting. Its song has been interpréted as saying: 'Corn is sprouting, corn is grow-

FOR MAGISTRATE

WOODROW LAFFERTY

Is the Man for Magistrate, Dist. 1 Democratic Primary, May 27

# To All Floyd Countians, Young and Old:

With the election just a few weeks away, I would like to appeal to each one for their vote and support. I am seeking reelection for County Court Clerk. I am opposed by David Richmond Hereford. This is the second time that he and I have opposed each other. The first time Mr. Hereford ran against me, Floyd countians gave me a majority of 718 votes over Mr. Hereford.

When elected at that time I promised the people a full time clerk, I would visit all communities and high schools to issue tags and register voters and issue hunting and fishing licenses at any business place in Floyd county, not just at one Sporting Goods store, and I promised to return to the Floyd County Treasurer excess fees, in which I have returned over \$30,000.00, the first Clerk in history to do this.

David Richmond Hereford, I am sure, is qualified. He and I are just about the same age, he has two children and I have two children. He attended several colleges and was able to get what I would call a better education than I have. After I graduated I was unable to go to college, due to financial problems; however I went to the U.S. Army and later returned for some college and then I worked at WPRT. The people of Floyd county have been good to me; I

owe you. I have no other interest, no sporting goods or appliance store. My family owns no stocks and bonds, no motels or large tracts of real estate for sale. I wish we did. The only outside work that I do is a sports program on WPRT that I tape each morning at 5:30. Before the District Basketball Tournament I did the play by play for our High Schools and Grade School Tournaments. However, Mr. Hereford filed a protest with the Government and stopped me from broadcasting basketball games at night. I have never received any pay for any sports program that I have broadcast for either station. I have given my full time to the Clerk's office, seven days a week.

There will be two names in the race for County Clerk-C. "Ollie" Robinson and David R. Hereford. My children's names nor his either will not appear. You are not voting for the family but for the person that knows you at all times, a person that is a Democrat seven days a week, not every four or six years.

Of course I have had personal problems like many others have had, but judge a man for his honesty, service and just a plain person. If you do this, then I am sure you will vote for me.

- 12. I will do everything in my power to advance progress and prosperity in Floyd county.

David Hereford was born and raised a Democrat. He first took an active part in 1952, at age 18, in the Presidential campaign of Stevenson and Sparkman on the campus of Eastern Kentucky State College. In each election to follow, without fail, he has worked for the Democratic party. He has twice held office in the Young Democrats Club of Floyd County.

W. J. "Bill" Reynolds

Representative,

95th District

# Attention, Coal Miners:

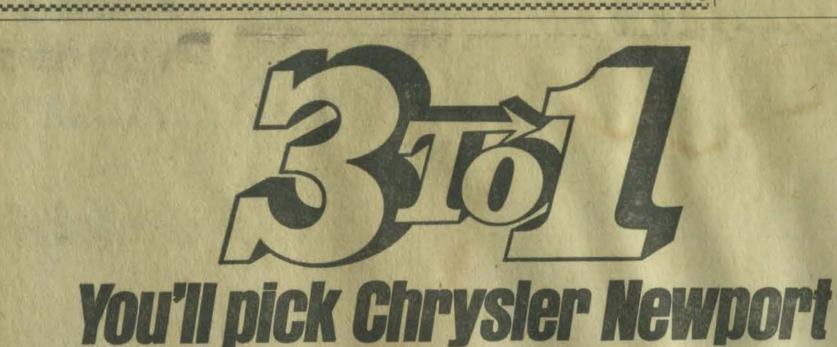

March 13, 1969—Regular Meeting of Kentucky Legislative Research Commission, 9 a.m., Room 2261 Rayburn House Office Building, Washington, D. C.

Motion was made by Bill Reynolds, member, and adopted by all members to call the Legislative Committees on Labor, Health and Industry together to begin work writing the Black Lung Law and Mine Safety Legislation for the January 1970 session.

Bill Reynolds is a member of the Legislative Research Commission. Because of his performance, ability as a leader and his experience as a legislator, Floyd County cannot afford to lose this man from this critical position at a time when we are faced with the need for legislation in the field of workmen's compensation, our schools and other measures designed to protect and support the working people in the State of Kentucky. By virtue of his position he has already started the wheels in motion to pass adequate Black Lung legislation at the next session of the Legislature. Keep a man in Frankfort with experience and who has the ability and leadership to adequately represent Floyd County.

> Committee for W. J. "Bill" Reynolds for Representative Ailen Turner, Chairman

# I spent one minute. I saved \$662.

Proctor Haller of Ashland, Kentucky made one phone call and discovered. "Electric whole-house air conditioning cost me \$662 less than the gas estimate for the same size unit, and my operating cost will be less than it would have been with gas. The electric air conditioning unit was easily installed on my present gas heating system." In home after home, we have proved that flameless electric whole-house air conditioning costs less to install and less to operate than gas. Electric wholehouse air conditioning can be added to most warm air furnaces,

regardless of the fuel used for heating. If you're thinking of installing gas whole-house air conditioning, make a phone call for an electric cost comparison. It could be the most profitable minute you ever spent.

Give Me a Chance To Serve You

# Maverick's hot! Any questions?

Measure it any way you like. By the crowds. The news stories. The sales. Few cars have caused a sensation like Maverick or broken so many records. Every day more and more people are asking questions about it. Here are the answers.

Q. Why did you build the Maverick?

A. We think of Maverick as another one of Ford Motor Company's answers to the gold drain. Now Americans who want small car economy don't have to send their U.S. dollars overseas.

Q. Why did you call it Maverick?

A. You know what a maverick is. A maverick breaks the rules. A maverick is different. Maverick plugs the big gap between the compacts and the imports. It has a wheelbase eight inches shorter than a '69 Falcon, eight and one-half inches longer than a VW 1500. Nothing else like it.

Q. Why did you make it this size?

Maverick more leg room. More shoulder room. More luggage room. Good example: the front seat of a Maverick offers you nine inches more shoulder room than the front seat of the leading economy import and its trunk can handle all the luggage for a family of four, including a set of golf clubs.

Q. What do I get for the price?

A. You get your money's worth. A complete, built-for-Americans kind of car. Room. Hot styling. Colorkeyed interiors. Even the heater is included. Some economy car interiors are about as luxurious as a park bench. Not Maverick's. You get plush seats. Cloth and vinyl upholstery with unique tartan plaid cloth inserts. You also get safety features like smart pull-out door handles. Strong safety door locks. Twospeed electric wipers. Safety belts. Head restraints. Plus conveniences like armrests, coat hooks, lighted heater controls . . . important little things that add so much to your driving comfort.

Q. What about options?

A. You can get 'em if you want 'em. You can order integral air conditioning. (It's built in, not hung on.) Other options include 3-speed automatic or low-cost semiautomatic transmission, and a hefty 200 CID Six. But lots of people won't put an extra cent into this car. Because it's all there. A complete car all ready to drive home.

Q. What kind of gas mileage can I get?

A. That depends on you as well as the car. You can get as much as 25 or 26 miles per gallon-if you have an educated toe and the right road conditions. If you have a lead foot, or do a lot of city driving, you will

get a lot less. In tests by professional drivers at our tracks, where we do our best to duplicate actual driving conditions, Maverick averaged 22.5 mpg.

Q. What kind of power does Maverick have?

A. Maverick's Six lets loose 105 galloping horses. That's 52 more than you get in the 4-cylinder VW 1500. Maverick can cover 417 feet in ten seconds from a standing start. That means you can get up to highway speed in a hurry. When you enter a 70 mph turnpike, you won't feel like a retired bookkeeper thrust into the middle of a pro football game.

Q. If it has an eight inch longer wheelbase than the

leading import, does it still handle and park easily? A. Maverick pinches pennies, not people. We gave A. Maverick can U-turn in a tighter circle (35.6 feet) than the leading economy import (36.0 feet). Mayerick can slant through traffic like a halfback. It can turn on a dime and give you nine cents change. If you've been driving any other American car, you'll find Maverick's neat size adds up to 51/2 feet to any

Q. Can Detroit really build a small economy car that's

tough and long lasting? A. It's not easy, but we did it. Maverick's unitized body construction makes it light, strong and durable. It's welded like a battleship. Rustproofing compound goes into deep crevices that never see the light of day. Then all that strength is covered with four coats of paint for lasting beauty. Result: one tough little car that's put together to stay together. (The service schedule in the Maverick owner's manual goes up to 108,000 miles or nine years; that ought to tell you something about its rugged durability.)

Q. How about parts and service?

A. Maverick is designed to be unusually easy to service. You're dealing with made-in-America parts and 6,000 easy-to-find Ford Dealers. Fast repairs and easy replacements mean extra savings in both time

Q. Is Maverick really easier and less expensive to

maintain than an economy import? A. Definitely. Maverick oil changes come only every 6,000 miles and chassis lubrication once every 36,000 miles. The leading economy import recommends oil changes every 3,000 miles (twice as often as Maverick) and chassis lubrication every 6,000 miles (six times as often as Maverick!). Those are just a few examples of the many ways Maverick lessens inconvenience and lowers operating cost.

Q. Can I do my own maintenance work?

A. Yes, if you have an average amount of mechanical ability. The Maverick owner's manual contains 24 pages of detailed diagrams and easy-to-follow instructions for routine maintenance jobs you can do yourself, if you wish. You'll find it easy to change spark plugs, replace ignition points . . . plus many other do-it-yourself repairs and replacements.

Q. Can a small car be safe? And how safe is safe?

A. This small car incorporates the latest advances in engineering. Maverick's brakes are as big as a standard compact's-designed to stop cars weighing hundreds of pounds more. Maverick gives you weight . . . power . . . stability. Designed for American driving conditions.

Q. How does Mayerick ride?

A. Here's where Maverick's longer, wider stance really pays off. You get a smoother, quieter ride. Maverick's tight, strong, unitized body helps eliminate squeaks and rattles. Special insulation blocks out road noise. The people who brought you a Ford that was quieter than a Rolls-Royce now bring you a small car that doesn't sound like a power mower.

Q. Is there an advantage in the fact that Maverick is really a 1970 car?

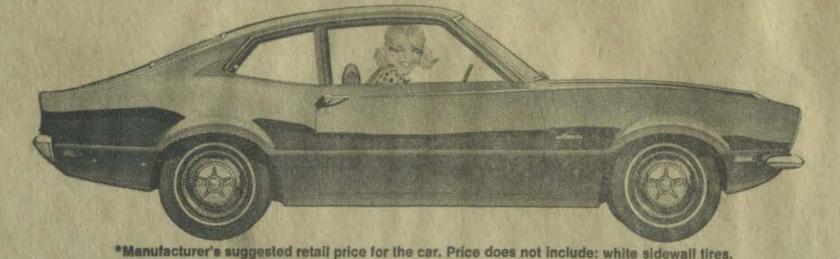

A. Slower depreciation is one money-in-the-pocket advantage. Maverick's 1970 model designation means it keeps its trade-in value higher, longer. (Maverick is built to be a good investment from the minute you buy it to the minute you sell it.)

Better come take a look at this one. You'll find it where the action is . . . right in there with other great Ford values like specially equipped Ford Galaxie 500's ... Fairlanes ... Mustangs and Falcons.

You'll find them at your Ford Dealer's . . . the place you've got to go to see what's going on.

For an authentic 1/25 scale model of the new Ford Maverick, send \$1.00 to Maverick, P.O. Box 5397, Department No. N-50, Detroit, Michigan, 48211. (Offer ends July 31, 1969.)

# Vote For A Qualified And Experienced Coroner

# JAMES J. CARTER

My campaign for re-election as Coroner of Floyd County is based on experience and qualifications.

I have been Coroner since 1951,—18 years of experience and my record speaks for itself. I have conducted my office of Coroner with ability and impartiality. I have been available at any hour, day or night, to go wherever I was needed.

I have had two years pre-medical study at Eastern Kentucky University. I am a graduate of the Cincinnati College of Mortuary Science; during World War II I served three years as a surgical technician in the operating rooms of the United States Army Medical Department. I have been a licensed funeral director and embalmer in my own business for 23 years.

I feel I have the background of education and experience that qualifies me for re-election as your Coroner. This is an office of dignity and respect, knowledge and experience. Together, we can keep it that way. Remember, when you cast your vote, that you now have a Coroner in office who is reliable, dependable, efficient, available, honest, experienced and qualified. My only interest is upholding the law and duties of the Coroner's office.

Many of you, my friends, have given me much encouragement, and have assured me of an overwhelming victory in my race for Coroner. I appreciate your coming to see me at my office, and I am grateful for your calling me by telephone, inquiring if there is anything I would like for you to do. The answer is-yes-I would appreciate your continued support now and right down to the time the polls close. I am appealing to you, my many friends, to vote for me in my race for re-election as your Coroner. Talk to your friends and ask them to vote for and support me in the coming election.

I will serve you in the future as I have in the past.
