Board Plans New Start on School

Tells Clark To Act Soon On Program

Board of Education Sets School Opening, Hires Drivers, Janitors

The Floyd County Board of Education is hanging tenaciously to its avowed purpose of building a central high school at Eastern to serve the entire Right Beaver Creek section of the county.

It authorized County Superintendent Charles Clark last Saturday to take any steps necessary to expedite construction of the school, also to notify the Floyd fiscal court, which serves as its holding agent, that it is ready to proceed with advertising for bids as soon as two state agencies, the Division of Finance and the Division of Building and Grounds, give the nod.

Step No. 1 will be advertising for construction bids, then advertising bonds. Sale of bonds, once regarded as an impossibility because of a 6% interest limit, is now regarded as no great chore, since the Court of Appeals has held that bonds may bear interest as high as 7%. The board has ready for use \$200,000 Title I funds allocated to it for the school.

Construction costs and a higher rate on bonds, however, are expected to add heavily to overall cost of the project.

The board of education at its Saturday meeting set Monday, Aug. 16 for the opening of the new school year. Commenting on protests that mid-August weather is too hot for school opening, Supt. Clark pointed out that the early beginning of classes was decided upon because of a situation which arose two years ago. Beginning classroom at a later date, the schools ran afoul of bad weather and treacherous road conditions that winter to such an extent that 23 days' teaching time was lost and the full number of days taught was reached barely in time for some teachers to enter summer school. The teaching time required by law is 170 days.

"We feel it's better to start early and have ample time to dismiss in event of bad weather and dangerous roads, and still finish in time," Clark said. (See Story No. 4, Page 5)

Full Work Force Seen at KAI Soon

Kentucky Appalachian Industries (KAI) at West Prestonsburg was awarded by the Defense Supply Agency a \$1,133,334 contract Tuesday, and that, with other contracts at hand, will restore the plant to its full working force of 300 employees within a matter of six weeks.

L. E. Danielson, KAI manager, said the plant has other small contracts to fill — three in the parachute line — and that negotiations with private industry promise a full work schedule.

The Defense Supply Agency order, which calls for the production of 143,460 nylon twill wet-weather parkas, will involve the work of approximately 150 employees over a period of about eight months. The plant recently completed a \$6 million contract for tents for the military, and at this time is working about 125 persons.

Mr. Danielson said one of the

small contracts on which the plant has been working is the manufacture of tentage for Coleman campers. "We expect more work from this fine company," the plant manager added.

Negotiations are under way, also, with the South Bend Sporting Goods Company and the Kaiser Jeep Corporation.

Danielson said production acceleration at the plant will not begin for five or six weeks.

The prospects at KAI for continued production are very bright, despite rumors that the plant may be "in trouble" for lack of orders, Danielson said.

Announcement of the new contract for parkas for the armed forces was made in Washington by Congressman Carl D. Perkins.

RECC Campaign Heated, Johnson Man Accused

There's a hot election campaign winding up this week in Floyd and Johnson counties, and in Johnson it has engendered such "enthusiasm" that one participant has been accused of assault and battery and robbery.

Warrants sworn out by Dave Ward, of Williamsport, named a member of the Johnson County Board of Education, Doug Butcher, of Meally, alleging that Butcher struck him when they met, near Whitehouse, and forcibly took from him Big Sandy RECC ballots which he had gathered to deliver to the Paintsville RECC office.

Two slates of candidates of two men each are seeking places on the co-op's board of directors. One ticket is composed of Clell Smith, of Oil Springs, and Marcus Wells, of Tomahawk; the other, of James O. Vanhoush, of Flat Gap, and Bruce Castle, of Lowmansville.

Although none of the three places held by Floyd counties on the board of directors is to be filled, Floyd RECC members participate in the voting. The vote-count is scheduled for Friday at the annual meeting in Paintsville.

MARTIN SETS FLOOD RALLY

Meeting Next Monday Planned To Increase Community Interest

A flood control rally has been scheduled for 8 p.m. July 14 at the Martin school, it was announced this week.

"This rally," a community spokesman said, "is for all residents of the Martin vicinity who are interested in alleviation of this problem, which three times in the past 10 years has brought tragic consequences to the community."

The meeting will be the second held there. Purpose of the meeting is to engender interest in the proposed flood control project and to give support to leaders who are working to get a federal appropriation to finance widening, straightening and otherwise improving Beaver Creek to prevent a recurrence of disastrous flooding.

Actual work on the flood control project, which is planned to extend from a point upstream from, and near, Martin, approximately four miles downstream depends this fiscal year upon restoration of funds originally omitted from the new federal budget.

This Town . . . That World

Every mountaintop has its valley. Watch your step.

Is the name Rockefeller or Joe Pit'hs? Anyway, whenever the man has gone recently trouble has been sniffing at his next footstep. Wouldn't be surprised if this fine astronaut, Bowman, isn't worth more as a goodwill ambassador than all the officials, state and federal, we've exported in the last several years.

If the boys don't get moving, they're going to call it the Hot Air Pollution Commission.

QUESTION

Is this so-called Credibility Gap a relative thing, or can it be pinned down to a plain matter of falsehood and truth? It wasn't so long ago that the national administration was arguing, with some slight degree of success, that the United States stood in Vietnam as Horatio at the bridge, barring the sweep of communism southward. Men of the stature of the revered Eisenhower agreed. Quit Vietnam, and all Southeast Asia would fall to the Communists. America's prestige among the nations of the world would hit bottom. Our friends would no longer trust us.

Now, after thousands of American boys have died in Vietnam, we have decided to get out. Whether we've made that decision without thought of its effect on our prestige and the other fellow's feelings about us, or with the calm realization that it's time to get out of a war we can't win — that we wouldn't know. Mental Health Center Enlarging Its Facilities

Expansion of the Mountain Mental Health-Mental Retardation Center here was announced this week by Richard Stai, director of the five-county program which began its third year of work in the region, July 1.

The center is moving its administrative offices to the Elswick-Clark building on South US 23 here, and a day-care program will be initiated there. The clinic will continue to occupy its present location in the Odd Fellows building on Court street.

Addition of an entire mental-retardation segment is planned for next fall, Mr. Stai said. Opening of the day-care program, which will permit patients to remain here through the day for treatment and return to their homes at night, will require the addition to the staff of a supervisor, an aide and a driver of the vehicle used for transportation of patients.

A second psychiatrist, Dr. Ronald Cribbs, has been added to the staff, joining Dr. James Bland, who has been here since January. Dr. Cribbs, a native of Tennessee, recently completed his residency at the University of Kentucky Medical Center.

PIONEERING. 1869 STYLE. Floyd and Knott county teachers are shown preparing lye soap from wood ashes and animal fat, also corn for hominy-making—all as a part of the exhibit at Pikeville College, July 8 and 9, reconstructing early home life in Eastern Kentucky. Wearing attire of that era, Mrs. Thelma Pruitt, of Prestonsburg, and Myrtle Hardwick, Betsy Layne, work at soap-making. At right Shelby Mullins and Mary Combs, of Knott county, and Rebecca Tackett, of Beaver, make hominy.

3rd OFFENSE IS ALLEGED

Drift Man Arrested, Intoxicants Taken; Arrests Show Drop

Faced with a third-offense liquor possession charge, Clarence Martin, of Stumbo Branch, near Drift, is at liberty under \$500 bond after his arrest Monday in a raid on his premises by Sheriff Joe W. Lewis and Deputy Sheriffs Claude Flanery and Paul Stilton.

The search netted six half-pints of whiskey, three half-pints of vodka, two half-pints of gin and 82 cans of beer.

The Fourth of July weekend was, on the whole, quiet in this county. The number arrested was below that of the preceding week, no serious traffic accident was recorded in the county, and most arrests were for drinking and traffic violations. Booked at the county jail were:

Richard A. Wallen, speeding and running a stop sign, by Policemen Frasure and Potter; Tommy Burke, no operator's license, by Policemen Frasure and Herald; Webster Johnson, driving while under the influence of intoxicants, by State Trooper Thornsberry; Avery Lowe, driving while under the influence, by Troopers Sword and Ross; Craig V. Crisp, driving while under the influence, by Deputy Sheriff Hall; Jerry Lee McGarey, operating a vehicle while under the influence, by Troopers Brenner and Angel; Lewis Stepp, fishing without license, by Conservation Officer Don Mead; Eddie Gillman, fishing with improper license, by Conservation Officer Mead; William E. Grooms, fishing without license, by Conservation Officer Dalton R. Conley; William Russell Layne, driving while under the influence, by State Troopers Sword and Ross; Lawrence Bentley, reckless driving, by Deputy Sheriff Hall; Darling and Darris Newsome, a. w. o. l., jailed by Special Officer Troy Mullins; Francis Gordon Rice, held for Jefferson county authorities.

FLOYD, KNOTT-CO. TEACHERS IN LEAD ROLES AS PIONEER LIFE AND WORK IS DEPICTED

Open house was held at Pikeville College's Academy building, July 8-9, to permit students and visitors to view exhibits of pioneer Eastern Kentucky life arranged by students of Miss Goldie Benedict's education workshop class.

The exhibit contained period furniture pieces, kitchen and home tools and implements, farm tools and implements, dishware, knitting and weaving devices and scores of utensils pertaining to life in pioneer homes. The exhibits covered every facet of life in an Eastern Kentucky home or farm during the pioneer or log cabin development periods.

Floyd and Knott county teachers attending the workshop had lead roles in depicting pioneer life and work. Soapmaking from animal fats with lye made from wood ashes was demonstrated

16 Children Training In Summer Training At 2 Floyd Centers

The Floyd county school system has been the recipient of a special Title VI grant this summer to improve and provide education for handicapped children.

Floyd county's project is designed to serve 16 trainable, mentally retarded children from Allen center and Spradlin Branch. These children are participants in the regular fall program. They will have been involved in a six weeks program that began June 16 and will end July 25, county Supt. Charles Clark said.

"Floyd county's share of the grant is 1% of the \$40,000 provided for the entire state, and we are most pleased to serve these children," Supt. Clark said.

Ray Brack, Title I director, is charged with the administration of the program. Mrs. Anna Sue Stumbo is the supervisor. Mrs. Hollie Faye Wicker is the teacher, and she is assisted by two aides.

General intent of the program is to provide instruction in self-care, social adjustment and economic usefulness. The purpose of these (See Story No. 1, Page 4)

Horn Prepares Site For Carpet Structure

Donald L. (Dootney) Horn has begun excavation of a site on South US 23 here, preparatory to construction of a 60x202-foot all-metal building which will be used as a retail carpet outlet.

The structure will supplant the building now occupied by Mr. Horn's carpet business at Lancer. Expansion of the business requires additional space for storage and display.

The Prestonsburg man's business, known as the Kentucky Carpet Company, extends into neighboring states and has developed into one of the largest of its kind in the region.

Appraisals Under Way In County

September Contract Scheduled in Pike, Highway Dept. Says

A Department of Highways spokesman said Wednesday that appraisals of rights-of-way on new US 23 through the Mountain Parkway to Allen via Katy Friend and Bull Creek are now being made and that February, next year, is the deadline for their acquisition.

The Louisa-Paintsville sector of the route is far toward completion, but the next actual construction will not begin with the Floyd end of the improved US 23 between Paintsville and Prestonsburg but will jump to the Pike county end of the route.

The highway department now has rights-of-entry from Keene's Garage, near the northern city limits of Pikeville to Weddington Branch, and condemnation suits have been filed against landowners with whom the state has not been able to agree on right-of-way values. From Weddington Branch to the Floyd-Pike county line rights-of-way are now being appraised.

The first construction contract on the Pike end of the highway is scheduled for Sept. 1.

Construction of the Lancer-Water Gap road up Bull Creek to connect with new US 23 when, and if, built, has not been started. Clearing of right-of-way is being done, however. Culvert work, which Ford & Coburn, of Prestonsburg, will do on the road, is delayed as a river crossing for the moving of materials and machinery onto the route is pending.

The Frankfort source said the administration, naturally, is interested in seeing the House and Senate agree on the bill which the Senate voted Tuesday, appropriating \$444 million for the Appalachian Regional Development Program and extending it four years instead of the three (See Story No. 6, Page 5)

Low Housing Bid Exceeds Estimate

The Jamar Construction Company, Danville, Ky., is the apparent low bidder on construction of the five-story structure which will house 32 low-rent housing units at Martin.

But the firm's bid of \$538,000 was \$113,000 above architects' estimate, and the awarding of a contract depends upon the availability of federal funds. The Atlanta office of the Department of Housing and Urban Development (HUD) has approved the low bid, and application has been made to Washington for needed additional funds.

R. R. Allen, executive director for the Martin Municipal Housing Commission, said he has been told prospects of an increased grant are good.

Bids on the housing development were opened June 28.

Of the 32 new housing units to

be provided, 20 will be specially designed and built to meet the needs of the elderly. Because of added safety features and conveniences, cost of each of these units will be approximately \$18,000 — roughly, \$4,000 more than the cost of each of the other 12 units which will afford the usual housing facilities.

The housing structure, said to be one of the first of its kind planned for this section, will rise on a site, 80x130 feet, at the rear of the municipal parking lot at Martin. Access living quarters on all levels above the first floor will be by elevator. A community room will be located in the basement of the building.

When completed the housing structure will give the community of Martin a total of 72 low-rent housing units. The first, Pageant Hill, was completed in 1955.

More on the Primary

The John Allen farm is located in the Porter precinct, however, several voters living north of Cliff Allen, who has reported to me the names of Sol Sammons, Bertie Sammons, Eppie Banks, Jr., Ballard Endicott and others, who voted in the Cow precinct, as stated by him, which is in violation of law, and the same situation is reported to have happened in the Betsy Layne precinct of people living in the Mouth of Mud precinct.

It has come to me several times concerning past Circuit Judges, and the manner in which Circuit Court was held. I don't know whether they were referring to Judge Edward P. Hill or me, or both of us; however, I can state truthfully as an official or Circuit Judge I never appeared on both sides of the same case.

It has been reported in the press that an investigation is being sought for the purpose of making an investigation as to the May primary. Why not have the state police appear on the days of an election so that they may see the manner in which the elections are held in Floyd county? In the Cow precinct the challenger or inspector was forced or put out of the voting house twice. Why? Was it because he might observe just what was taking place on the inside?

It seems to me that in the suit I filed in the Circuit Court against Frank Derossset, the court was of the opinion that I filed my motion and affidavit for the judge to vacate the bench, too late; however, I filed one day before the judge took any action. For that reason the judges of the Court of Appeals must have felt the same way; however, they were wrong in the same respect, when that court overruled my motion and petition for a Writ of Prohibition. Now, why all these proposed investigations when it is too late? There is no use to lock the door when the horse has already been stolen. I have come to the conclusion, it is no use to trust any prayer, or promise, since politics is only grains of sand, promises are made to be broken and the best policy to keep from going broke is to avoid these bandit voting machines.

Just a short time ago, I was in the office of a lawyer who stated to me that all the opposing candidates were defeated before they started. Now how did he know, if he was not aware of what was taking place or would take place? He must have had in mind that something was wrong. No doubt, David Herford, before becoming a candidate, was promised and sponsored by some of the Courthouse officials, but some reason arose

whereby he was dropped and Robinson was placed in the forefront.

I am not by any means through the May primary, insofar as seeing that honesty prevails. I have intestinal fortitude enough to see that illegal practices are brought to light. Remember, the days of the wicked are numbered and there will come a time when the truth will out. It always does, and I think that the days are fast approaching when that day will come, I will have more to say. I don't throw in the sponge and quit very easily. Honesty has always been my policy and I hope that I will always have the respect of the good people whom I have served in many different ways.

Almost everybody has a friend who has heard "electric heat is expensive."

Melvin Wertz knows better

"People who say that electric heat's expensive just don't know. I know it's not, because we switched our 40-year-old house to electric baseboard heat and our electric bill isn't higher than our gas bill was, electric heat is more reasonable in cost." Ask Melvin Wertz of Russell, Ky. or anyone who has it. They'll tell you the comfort of flameless electric heat is incomparable—but that cost is compara-

ble to other forms of heating. Let us prove it. Get a free estimate—from us or your Reddy Kilowatt Recommended Dealer.

25-Year Award Presented

L.L. Raybourne (left), zone manager, Ben Franklin Stores, congratulating Warren Risner on receiving 25-Year Award.

Mr. and Mrs. Warren Risner, of the Bypro Ben Franklin Store, were the recipients of a Ben Franklin 25-Year Award presented to them during a luncheon at the Clubhouse in Wheelwright.

In accepting the award, Mr. Risner reflected on the progress he has witnessed in the retail field since he first became associated with the Ben Franklin program some 25 years ago. The Bypro store was originally opened in 1938 by Woodrow Taylor, of Lewisburg W. Va., along with E. P. Grigsby, now owner of the Grigsby, Ben Franklin Store at Martin. Later, Mr. Risner, who also started with the store in 1938, took over the operation which is now owned and operated by him and Mrs. Risner. Mr. Taylor is still associated with the corporation.

The award was presented to Risner by L. L. Raybourne, zone manager, representing

the Ben Franklin Distribution Center in Stow, Ohio.

Also attending the presentation were Mr. and Mrs. Risner's daughter, Deborah (Mrs. J. Belcher) and Mrs. L. L. Raybourne. Mrs. Belcher accepted the award in behalf of her mother who was unable to attend. Mr. and Mrs. Risner also have two other daughters, Delona, 19, and Denise, 16.

Lab Reports Belie Belief All Rabies Tests Positive

Data supplied by the Floyd County Health Department dispel the widespread belief that an automatic diagnosis of rabies follows laboratory examination of an animal.

This year, for instance, heads of three dogs, six cats and one fox have been submitted for tests. The result in each case: No rabies.

Last year, six of 26 animal heads examined showed evidence of rabies. The animals suspected included 10 dogs, four cats, six foxes, one opossum, one squirrel, one cow, one groundhog and two ground squirrels. Only the cow, four foxes and one dog were found to have been rabid.

The fight on rabies continues from year to year, under health department sponsorship, with the three-year anti-rabies serum offered. But the response often is comparatively light. This year, only 454 dogs and cats were immunized. Last year, the number was 809.

Let's Get One Thing STRAIGHT! No Matter What You Say Or How You Say It— The ONLY Issue in a Local Option Election Is: Alcoholic Beverages

Let us remind ourselves that vile as the bootlegger is, he is not more vile than the tavern owner who, under license, sells the same alcohol. It is not the bootlegger who kills on the highway, who destroys the home, who makes an alcoholic, but the stuff he sells — alcohol. And alcohol, whether it is bought in the alley or the tavern, is a killer. Keep that in mind, and our thinking will be a lot less muddy.

This issue is clearly drawn between the Christian Groups which are out for a clean, free state where men, women and youth will not have to bear the terrible weight of failure and misery which the alcohol traffic entails... and the alcohol industry, fighting for only one thing, profits!

The phrase "LEGAL CONTROL" is misleading. "Control" regulates condition of sale, and nothing else. It does not control drunkenness. It does not control bootlegging, and it does not control disastrous consequences of over indulgence. When we grant a person license for any other activity under the sun, we insist upon his being responsible, but when we license liquor sales, we throw caution to the winds, sow the seeds of bitter tragedy, and contribute to the degradation and death of millions of unfortunate people — Alcohol is as uncontrollable as quick-silver and as deadly.

IT SHOULDN'T BE LEGAL

Marijuana is being used in this county. This at one time was rumor; now, it is a known fact. "Pot," as it is commonly known, is an insidious drug — so insidious that many see no harm in its use, just as the use of alcohol is widely sanctioned. It merely provides a means, they contend, of "getting high" without the "hangover" after-effects. It has another selling point — the telltale odor is missing and it is not easily detected.

Ignoring obvious dangers, these contend that marijuana is relatively harmless — less harmless, even, than the alcohol so freely used by "men of distinction." They discount the reports of marijuana-crazed men running amok, transformed from ordinarily peaceable human beings into mass murderers.

The Encyclopedia Britannica describes marijuana as a stimulant and an intoxicant, the use of which may be accompanied by thirst, hunger, nausea, dizziness, abdominal pain, drowsiness, delusions of grandeur or persecution, uncontrollable hilarity, talkativeness, apprehension, mental confusion, depression and delusions.

Apparently, marijuana has different effects on different people. Alcoholic drinks produce similar effects, at wide variance with one individual and another.

We are old-fashioned enough to believe that marijuana and LSD are to be shunned as deadly dangers to the minds and bodies of those who experiment with them.

Sure, marijuana is going to be "pushed." There's a law forbidding its sale, but the law will be violated. The youngsters are going to get marijuana, despite the law.

But we believe just about everybody will agree we shouldn't have an election and make the sale of marijuana legal.

Most feel we had no business there, in the first place.

Whatever the result, one thing is certain. No future Lincoln will ever stand on a Vietnamese battlefield and say "... that these honored dead shall not have died in vain."

Maybe it's the heat that got me rattling off on matters that are a bit beyond my depth. Excuse it.

FISHING REPORT

The latest report from Dewey Lake is that it's so dull that Raymond Copley has deigned to take a few whacks at a golf ball. If I can get the hole in the knee of my plus-fours patched and can round up my old checkered cap, I may do a little backsliding myself. . . . One thing about fishing—you don't make a poor cast and throw your rod away.

THE REASONS GIVEN

This little boy arrived home, at dusk, out of breath after taking fright at the shadows and letting his galluses out a notch or two. Asked why he was frightened, he came up with a rather lame explanation:

"Wasn't skeered, neither. I was rummin' 'fore it got too late."

An oldtimer up our way, some years ago, met the fact that he wasn't the greatest of the gladiators in a more effective way. To the suggestion that he might be a bit leary of a certain group of well-known battlers, he gave answer:

"Shucks, they ain't so bad. I chased five of them all over Alum Cave, one time." Then, as an afterthought, he added: "But I was in the lead."

years provided by the House-passed bill. The Senate bill appropriates \$150 million more for the Appalachian road program than was provided in the House bill.

The measure as passed by the Senate would include appropriations for the following programs: \$95 million for the demonstration health programs which includes one in Southeastern Kentucky.

\$15 million for the land stabilization and erosion control program. \$15 million for mine area restoration, which includes sealing and filling of abandoned coal mines and the extinguishing of underground mine fires, chiefly in Pennsylvania.

\$3 million for stimulation of housing development for low-income families by providing loans to cover up to 80 per cent of the cost of planning such projects.

\$10 million for manpower development projects. \$50 million for vocational education facilities.

\$90 million to increase the federal percentage under various grant-in-aid programs to allow states to do more with less local money.

\$15 million to help finance the administration expenses of local development districts.

The amount that would be available for the highway program under the Senate bill would amount to \$695 million, which includes \$445 million previously authorized but spent through the end of the 1968-'69 fiscal year.

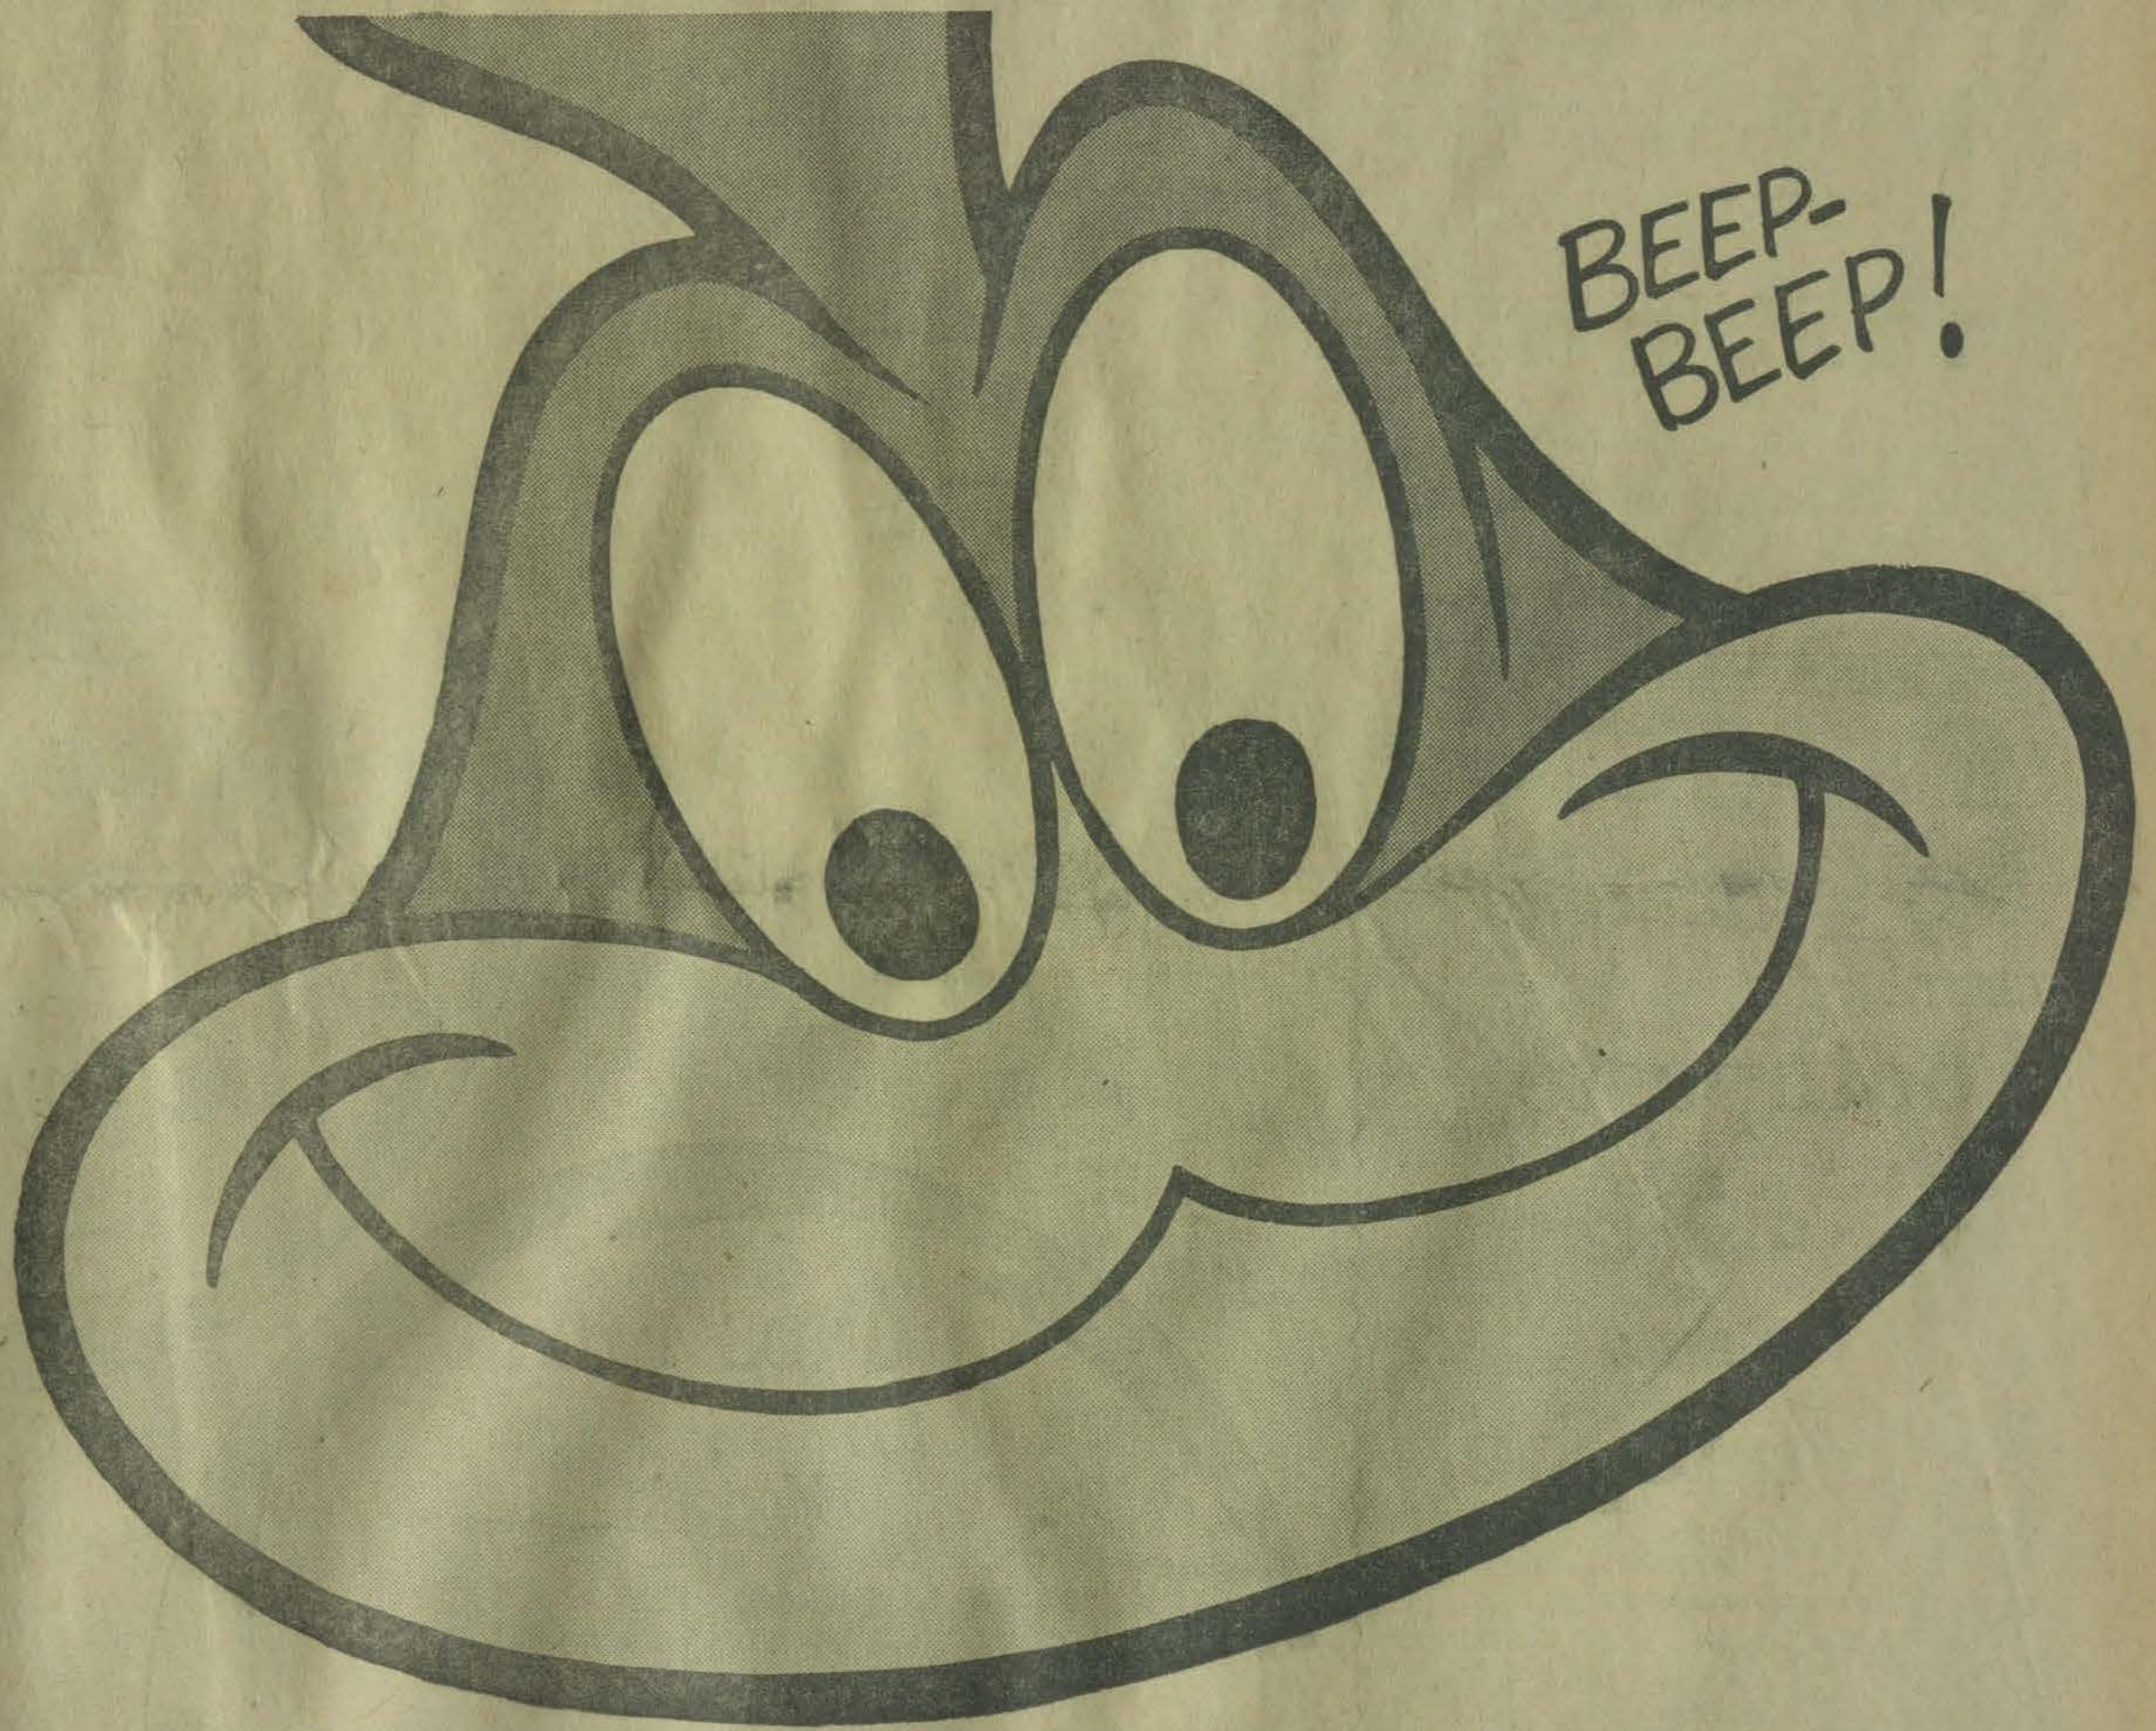

In addition to the five Floyd county projects announced recently to cost a total of \$105,018, the Adams Construction Co., Pikeville, has been awarded contracts totalling \$182,531 for surfacing 15 miles of Pike roads, \$121,496.50 for four miles in Knott and \$79,296.75 for surfacing seven miles in Martin county.

Banks-Benedict Vows Said

Miss Paula Lynn Banks and Mr. Stephen Hays Benedict, formerly of Wheelwright, but now of Mt. Vernon, Ill., were united in marriage June 1 at the First Community Church, Mt. Vernon. The bride is the daughter of Mr. and Mrs. Ralph Banks, of Mt. Vernon, and the groom is the son of Mr. and Mrs. Steve Benedict, also of Mt. Vernon. Rev. R. W. Gibson, Jr., Covington, Ky., performed the double-ring ceremony before an altar decorated with columns of snapdragons, daisies and palms.

The bride was given in marriage by her father. Flower girl was Kathryn Jo Hatch and ring-bearer was her twin-brother, Michael Hatch, of Mt. Vernon. Maid-of-honor was Pamela Raymer, Leitchfield, Ky., and bridesmaids were Kathy Kelly, Louisville, Ky., and Marsha Benedict, sister of the groom. Donald Sooper, of Lexington, Ky., was best man, ushers were Gregory Ralph Banks, brother of the bride, Bethesda, Md., and Steve Griner, Florence, Ky. Organist was Alice Jean Gibson, Covington, Ky.

The bride wore a gown fashioned of imported embroidered silk organza, accented with Ven-

ise lace trim. The fitted empire bodice was styled with bateau neckline and short set-in sleeves ending with scalloped Venise lace. Bands of Venise lace circled the softly gathered skirt near the hemline. From a baby doll cap tied under the chin fell a cathedral train of silk illusion trimmed with lace. Bridal bouquet was of orchids, stephanotis and ivy.

A reception was held in the church immediately following the nuptial ceremony with Mrs. Helen Pace and Miss Barbara Beckmeyer, both of Mt. Vernon, serving the four-tiered cake and punch. Mr. and Mrs. Benedict spent their honeymoon in St. Louis, Mo.

Mrs. Benedict is a senior at the University of Kentucky, majoring in education, and Mr. Benedict, who has a B. S. degree from the University of Kentucky, is now doing graduate work in microbiology there. They plan to reside in Lexington.

Among the out-of-town guests were Mr. and Mrs. Johnny Benedict, daughters, Jonna and Lisa, and Miss Goldie Benedict, all of Virige; Miss Brenda Roberts, Pikeville, and Mrs. Ruth Elliott, Lynch, Ky.

Local audiences will have their last opportunity to see the spectacular circus musical, CARNIVAL, Thursday, Friday and Saturday nights of this week at the Amphitheatre in Jenny Wiley State Park.

CARNIVAL has won critical and popular acclaim during its first two weeks' run. Jean Dietrich, drama critic of the Louisville Courier Journal, called CARNIVAL "a happy thing to run into on the road," and enthusiastic audiences of children and adults have backed her endorsement.

It's difficult to decide which feature of CARNIVAL audiences like best — the huge dancing bear, the magic act, the jugglers, the delightful puppet shows, or the colorful production numbers. Whatever the preference, audiences have found themselves surrounded by the spirit of the circus as hawkers roam the audience and volunteers are asked to assist during the magic act.

The score for CARNIVAL is by Bob Merrill and includes "Love Makes the World Go Round," "Mira," and "Cirque de Paroe." The play stars Eileen Barnett Bittman as Lili, the lovely young orphan cast among circus people.

Miss Bittman also stars as Rosie, a role she played on tour opposite Jack Bailey, in BYE, BYE, BIRDIE, which plays the Jenny

Lo, the Poor Editor!

A wedding may or may not be a happy occasion for all concerned. The following relates to the trouble one newspaper editor had with one of these and-they-lived-happily-ever-after events:

Mrs. Ellison Frymire, Lost Creek Farm
Dear Mrs. Frymire:

We are indeed sorry that the Harmony Weekly "had to go and spoil the otherwise beautiful June wedding of our darling daughter Susan," as you put it. Please feel assured no personal hurt was intended where we printed "on the bride's head was a net mantilla covered with lice."

What we meant was "lace" — not lice. We called in Miss Carah Genevosh, the society editor, and Mr. Ronnie Graves, the linotype operator, and learned they are on the outs, and Mr. Graves refused to correct the error because the society editor had made a mistake in her copy. We sternly admonished them and asked them to set aside their personal nifts and concentrate on improving the newspaper. This week we will reprint the paragraph which describes your daughter's getup and trust it will undo the damage. Our humblest apologies to you and Mr. Frymire and, of course, the blushing bride.

Most regretfully,
Thomas Eddies, Editor
Harmony Weekly

My dear Mrs. Frymire:
First, we would like to thank you for pointing out the error in our correction, although the tone of your letter seemed to register undue harshness.

You surely knew we meant "cow!" where we said "her neckline was a howl," and this time Graves admitted correcting the error but I fear his heart wasn't

Program To Reduce Migration of Trainees Begun by Ky. Chamber

A program has been initiated to reduce the number of vocational school trainees who leave Kentucky after, or just before, completing training. On June 19, the Kentucky Chamber of Commerce departments of Education and Economic Development went out to all members a listing of vocational students in training and the skills they are following.

On a quarterly basis, all schools will be asked to send into the Chamber office a total listing of those pupils in training. The listing will be tallied and complete information sent to all members of the KCC immediately.

The activity follows personal visits to all vocational training centers by the Chamber staff with subsequent study to determine the most effective method to help reduce the numbers of those who are leaving the state, in many instances because of not knowing where in Kentucky the jobs are available.

In the letter to the KCC membership, President LeRoy M. Miles stated that, "The Kentucky Chamber of Commerce is interested in seeing that all of our resources are used most effectively. This includes the assisting of our employers in finding trained personnel as well as helping our citizens find employment in their native state."

"We also learned that most of these students would rather remain in the state if job opportunities were offered to them. Since these students have been trained at the expense of the taxpayers of Kentucky, it behooves us to do all we can to see that they make use of their skills in Kentucky."

"The State Chamber is not going into placement business. Our only concern is to inform you where skilled help might be secured. We do encourage you to contact the school where the kind of personnel you are seeking has been trained."

in it, as he and Miss Genevosh are still at each other's throats. So I read them the riot act, and told them to make up or else! And we should be able to get it right this week. By the way, Brides love have its bright side. Brides love to save their wedding write-ups, and now your Susan will have three clippings from three consecutive issues of the same newspaper. Not many brides get that kind of news coverage.

Penitently yours,
Thomas Eddies, Editor

My very dear Mrs. Frymire:
Your lawyer has written me and I feel just frightful about the nasty step you have taken.

Miss Genevosh and young Graves have patched up their quarrel — and what do you think? They eloped Tuesday before the paper was put to bed, so neither of them read proofs — I did, and I am to blame for the part which read: "in her arms, the bride clasped white orchids and Stephan Otis." I didn't know Stephan was a flower. On top of which I happen to have a subscriber named Stephan Otis, who raises chickens out on Lost Creek Dam,

not far from your home, and whose subscription has just run out. So I guess I had him on my mind when I changed it.

Can't we, like Graves and Miss Genevosh, patch our differences? After all, from one June wedding sort of came another didn't it? Isn't it romantic? And believe me, when one day you and your good husband are holding your sweet grandchildren on your knee all of you-including your lovely daughter, Susan, will enjoy a good laugh over this. So let's call off your attorney and enjoy a real belly laugh now. What say?
Overwhelmed with shame,
Thomas Eddies

PROGRAM PLANNING

Dr. John E. Barrows, coordinator of program planning and evaluation at the University of Kentucky, foresees 25,746 students on the Lexington campus by 1978.

SPECIAL HELP

The University of Kentucky participates in a national program which provides special educational help to black students interested in studying law.

REPRESENTS U. K.

Gene Ball, extension agent, has returned here from Charleston, S. C., where he was one of two representatives of the University of Kentucky at the 13-state Rural Community Development Association conference. Mr. Ball was accompanied to Charleston by Mrs. Ball and children.

CARD OF THANKS

We would like to express our appreciation to all our friends, neighbors and relatives who in any way expressed their sympathy upon the passing of our father, Virgil DeLong. Our special thanks to the Rev. Forester Prater and to the Carter Funeral Home for its kindness and efficient service.

THE DeLONG FAMILY

DEPT. OF CHILD WELFARE SEEKS FOSTER HOME CARE

The Kentucky Department of Child Welfare is looking for families who can provide temporary foster home care to handicapped children and youngsters whose emotional problems can best be treated in a warm and accepting home setting. The department is also asking Kentuckians to open their homes to teen-agers who, due to a shortage of acceptable homes, have forgotten what family life can offer to them as they approach young adulthood. These teen-agers, some of whom have been involved in minor brushes with the law, are living in state institutions where they are receiving group counseling geared toward a return to community life.

If there are families in the Prestonsburg area, regardless of their financial situation, who feel they can offer temporary foster home care for our special children, more information can be procured by calling the Pikeville Child Welfare Office at 432-2596 or 432-2597.

VISIT RELATIVES

Mr. and Mrs. Norman Ward spent Sunday with her mother, Mrs. Webb, at Russell. Their grandson, Mark Ward, Xenia, Ohio, accompanied them home for a visit.

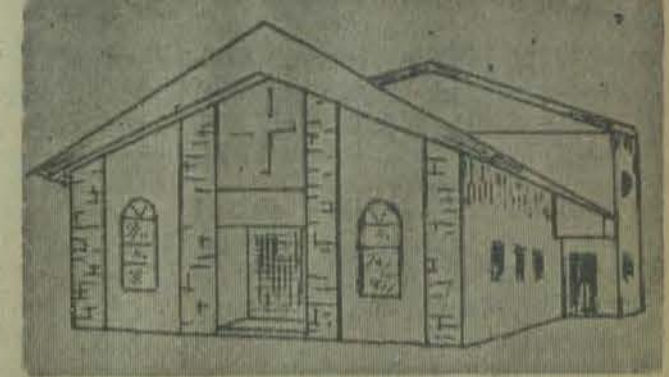

CARD OF THANKS

We would like to take this means of expressing our sincere thanks to everyone who helped us in any way during the illness and upon the death of our father, Arland H. Page. To everyone who sent flowers, food, etc., we are deeply grateful. We would especially like to thank Dr. Lowell D. Martin, of Our Lady of the Way Hospital. We also wish to thank the singers of the Dwale Community Choir, the ministers, Rev. Wayne Blanton and Rev. Claude Goble, and Hall Brothers Funeral Home for their services.

ROCKCASTLE WOMAN, LONE 'REBEL' VETERAN'S WIDOW, STILL LIVING IN KENTUCKY

Frankfort. — Bugles that once sounded assembly for 35,547 Kentuckians who served as soldiers of the Confederacy have since sounded taps for all of them since the Civil War ended on April 9, 1865 at Appomattox.

And 104 years later only one Kentucky woman survives as a widow of a Confederate veteran and is still drawing a state pension. She is Mrs. Rachel Luceford, of Brodhead, Rockcastle county.

Now 75, she is the last of Kentucky's 1,184 veterans' widows who were granted pensions after the General Assembly in 1914 voted the benefits. She receives \$50 a month.

The money is paid to her in quarterly payments as long as the Rockcastle judge certifies she is still alive.

The \$2.5 billion state budget for 1968-70 contains a provision for Confederate pensions, merely mentioning the "amount necessary." Once a thriving state agency handled thousands of claims and payments. The agency was abolished long ago and the accounts were shunted into the general budget.

The operation survives today as a farm nearby and Mrs. Luceford. Born in Harlan, she married William Luceford while visiting relatives in Brodhead. She was 16 and he 62.

For 30 years they lived on a farm nearby and Mrs. Luceford recalled, "My husband was the best farmer you ever saw. He'd drop corn down and it'd come up before your eyes."

She is living with her daughter, Mrs. Hazel Wren, in Brodhead. A widow for 29 years, Mrs. Luceford doesn't remember that her husband ever said very much about the war. "All I ever heard him mention was how he'd hauled ammunition to Cumberland." Luceford died in 1940.

It was a May-December marriage for Mrs. Luceford. Born in Harlan, she married William Luceford while visiting relatives in Brodhead. She was 16 and he 62.

Stantville, Ky. — The color and hustle which marked the doubleheader between the Harold Mets and the Ivel Reds, the Allen Angels and the Prater Indians, held at the Prater field over the weekend may be an indication that the All-Star game held at Elkhorn City on July 16 will find a fine team from this league.

The interest has been high and some crowds have been estimated at the four and five hundred figure. This season has been indicative of what a fine program the Little League is when there is adult interest.

There have been many outstanding players, including Jim Bill Frasure and Danny Hall. Hall is averaging over 15 strikeouts a game, having won every game in which he has appeared for Ivel. The record books are being checked to see if big Dan is setting some sort of national record.

The league all-stars play Pikeville at 6 p.m., July 16 at Elkhorn City. There will be a playoff after the all-star game. When the "official" winner has been declared the teams will be taken to Cincinnati to watch the Reds in action against the Pittsburgh Pirates on August 16.

League standings:

	Won	Lost
Ivel	8	4

Prater	6	5

Parcel Weight Limit Increased to 40 lbs., Effective July 1st

The parcel post weight limit was raised to 40 pounds for shipments between first class post offices after July 1, postmaster Jack Stumbo announced last week.

The maximum parcel post weight limit was increased from 30 pounds on shipments between larger post offices in the third through eighth parcel post zones (more than 150 miles). On packages sent locally and to offices in parcel post zones one and two, the ceiling has been 40 lbs. The maximum size of packages sent between all first class offices remains 72 inches in combined length and girth.

The size limit on parcels sent to or from smaller offices, Rural or Star Routes, Military Post Offices, and all Alaskan and Hawaiian post offices remains at 70 pounds, with a combined length and girth of 100 inches, Stumbo added.

Public law 89-593, enacted Sept. 20, 1966, authorized the Postal Service to increase weight and size limits on shipments between larger cities. On July 1 of 1970 and 1971, the length and girth limits are scheduled to rise to 78 and 84 inches, respectively, on shipments between first class post offices.

ROBERTSON, FLOYD NATIVE, IS NO. 1 MED TECHNOLOGIST

A University of Kentucky hospital medical technologist has received a merit award naming him the year's "outstanding medical technologist in Kentucky."

Denver Robertson, chief medical technologist in the hospital's clinical pathology laboratories, was presented the Corning Glass Works Award at the 37th annual convention of the American Society of Medical Technologists in Philadelphia.

The award, designated for the year 1968, was given in recognition of outstanding contributions to the community, to the field of medical technology, and to the American Society of Medical Technologists on local, state and national levels.

Robertson, a native of Floyd county, earned a B. S. degree in medical technology from UK in 1948. His medical technology training was done at Good Samaritan Hospital in Lexington. Prior to coming to Albert B. Chandler Medical Center in 1961, he was chief medical technologist at Hazard Memorial Hospital, Hazard. He is a son of Mr. and Mrs. Branch Robertson, formerly of Estill.

BETSY LAYNE

NEW CUB SCOUT PACK MEETS
Betsy Layne's newly organized Cub Scouts, Den 1, Pack 15, held its first Pack meeting, June 30, in the newly redecorated recreation room of the Betsy Layne Volunteer Fire Department.

Cubmaster Harold Conn conducted the meeting. Committee men Jesse Elliott, James Clark and Glenn Blackburn were present, as well as several parents and friends. Cubs Randy Conn and Jeff Walters received their Bob Cat pins. The Cubs demonstrated scooters they had made and other projects were on display such as terrariums, plaster casts, sweet potato vines, and pictures on wood, stone collections and scrap books.

The Cubs, under the leadership of Denmother Pat Conn and Assistant Denmother Clara Allen, are working to qualify for the National Summertime Pack Award. Conducting three Pack activities during June, July and August with 50% or more of their members participating will qualify them for this award. Activities planned for July and August included cook-outs, a trip to Cincinnati to see a baseball game, and a family picnic at Jenny Wiley State Park.

The Den is sponsored by the Betsy Layne — Stanville Progress Club, which has also been responsible for the redecoration of the meeting room. Special credit should go to Mrs. Pat Conn, Mrs. Clara Allen and Johnny Bradley for painting the floor and furnishings, Beckham Caldwell for mending benches and furnishing a fan for the room, and Glenn Blackburn for assisting in the general clean-up.

The Betsy Layne-Stanville Progress Club will hold its regular monthly meeting in the Recreation Room of the Betsy Layne Volunteer Fire Dept., Tuesday evening, July 8, at 7:30. Everyone is urged to attend.

Greene Says He Hoped Help Could Be Given Boy Who Stabbed Him

Daniel Greene, who was stabbed at Martin recently by a 17-year-old Tram youth said this week that he did not press charges in juvenile court here, hoping that County Judge Stumbo could arrange some legal means "to get some testing and training to help the boy."

He added that he feels the incident was unfortunate but that it was more unfortunate that some legal measures were not taken to help the youth and prevent possible similar incidents in the future.

Greene also pointed to what he described as "extenuating factors" that should be mentioned in reference to the stabbing and events preceding it. He said the boy had been an occasional visitor to the mission operated in Martin by the Brothers of Charity and that after he had returned to this county from Indiana he again visited the mission. The night preceding the stabbing, he said, the youth was asked to leave the boys' residence because of a disturbance he was creating. At that time, Greene said, he was threatened with a wooden crutch, whereupon he took the boys back to the mission to avoid further trouble.

Next day, Greene said, he told the youth to leave after he had discovered that the boy had entered the boys' residence and spent the night there. In reply, according to his account of the series of events, the boy threw two large wooden planks at him. When Greene pursued the boy, the latter came after him with broken bottles. These he dropped when Greene threatened to call the state police.

Returning to the mission that afternoon, Greene said, he found the youth there. Greene told him to get his clothes and leave, and as he stood talking to the other, his hand on the boy's shoulder, the youth drew a knife and swung it twice. Then, Greene said, he picked up a guitar lying near him and hit the other over his head in self-defense. The stabbing followed.

Her Assurance

(The following verse was written by my mother, Mrs. Jane Stephens, nine years before her death as a part of her obituary. So many have requested a copy of it that I am having it published here. — Frankie Stephens Best.)

Don't weep for me when I am gone, My soul shall be at rest; While you are traveling here below I'll sleep on Jesus' breast. I never shall return to you, Don't let this grieve your heart; But you can quickly come to me where we will never part. (1st-pd.)

Sisters in Musical Comedy Debut

Each Thursday, Friday and Saturday through July 12, as a tattered French circus moves its colorful wagons and banners on-stage in the Jenny Wiley Summer Music Theatre production of CARNIVAL, a well-known Big Sandy Valley sister-singer team moves with it.

The Magura Sisters, well-known in this area as a folk-singer group, are making their musical comedy debut in CARNIVAL. They appeared previously in a production of HMS PINAFORE at the Amphitheatre, "but in CARNIVAL we feel much more involved," says Sylvia, eldest of the three sisters and spokesman for the group.

Involved they are, indeed, as they play multiple roles in CARNIVAL. In the opening scene as the circus moves on to an empty meadow, Sylvia and Marcy are seen in the colorful garb of harem girls. Clara makes a spectacular entrance holding a huge bear on a chain.

In a later scene Sylvia, Marcy and Clara return in blond pigtails as the Bluebird Girls, singing German act.

The sisters became a singing trio by accident. "We were on the porch singing," recalls Sylvia, "and a neighbor heard us and suggested we do the same thing before an audience." They did just that and quickly won local acclaim as an outstanding vocal group.

Talent runs in the Magura family, their acts vary from three to five, "depending on who's home at the time." The Magura boys also have their share of talent. Paul Michael Vincent, 10, will be starring as Randolph MacAfee in the

next Amphitheatre production, BYE BYE BIRDIE. The girls have also proved they can stand on their own as individual artists. Sylvia recently won the talent division of the Miss Floyd County Pageant.

Other local performers appearing in CARNIVAL are Marilyn Rose, Vivian Shannon, Kerry Lee and Kimberly Shannon, and Johnny Crifith. Professional performers

appearing in the production include Eileen Barnett Bittman of Herb Rogers' Music Theatre and others; Bill Hayes, who starred in "Everyman" at New York's Lincoln Center; Julieanne Beasley, of Centennial Theatre, and Mitch Douglas, who has worked with the Gateway Stock Company of New York and the American Choreographers' Ballet Company.
