Engineers Request 'Floodwall' Work

City To Do Some Work, Mayor Says

Archer Says City Not Responsible for Hazard Created by State Bldg.

Some of the Prestonsburg floodwall repairs and improvements asked of the city of Prestonsburg by the Huntington District, Corps of Engineers, are being made, and others will be made, but some cannot be undertaken at city expense, Mayor George P. Archer said this week.

The improvement that will not be undertaken by the city, Dr. Archer said, is the guard fence asked by the Corps of Engineers to top the cribbed wall built during construction of the Tourist Information Center, in the vicinity of the flood protection installation.

"The fence is needed, but we didn't create the hazard. This was done by the state. Besides, we do not have the money to do the work," the mayor said.

The clearing of brush and weeds from the banks of the levee and the outlet channel, which was suggested, was being done this week. Replacement of one or more bearings in Pump No. 1, which is noisy when running, also will be made by the city, it was said. So will a missing belt in the pedestal of the gate operating mechanism.

BOAT LOST TO FLAMES

Houseboat Damaged, Others Threatened By Blast at Dock

An explosion inside a cabin cruiser at the Jenny Wiley Boat Dock on Dewey Lake early last Thursday afternoon resulted in destruction of the cruiser and heavy damage to a houseboat, and only prompt action by dock workers and others prevented what might have been a "chain reaction" of fires which could have swept the entire dock area and its scores of water craft.

The explosion took place in a 24-foot cruiser owned by Mrs. Dan Knauz, of Harold, while it was temporarily docked. The blast, of undefined origin, originated at the Postmaster General's office.

Perkins Joins Patrons Protesting Office Close

The possibility that Postmaster General Blount may order the closing of the postoffice at Cliff has been protested by Congressman Carl D. Perkins and between 375 and 400 patrons of the office. The patrons' petition asking that the office be retained was forwarded to Perkins, who in turn relayed it to the Postmaster General.

Mrs. Carol N. Bowling, postmistress, said this week postal

Mrs. Howell Said Nunn Veto Target

Opposition to its being headed by the wife of a former Floyd county man and dominated by the Turner political organization in Breathitt county has been given as the basis for the reported veto by Gov. Louie B. Nunn of a \$178,985 grant to carry on the work of the Middle Kentucky River Area Development Council headquartered at Jackson.

The veto, says a Frankfort report, stemmed from a report to Nunn by Lynn B. Frazer, director of the Kentucky Division of Economic Opportunity.

The Frazer report hit at Mrs. Treva Turner Howell, wife of Jeff Howell, formerly of the Price section of this county. It also claimed the selection of Mrs. Howell was illegal under OEO guidelines because her brother-in-law, Jerry F. Howell, a state representative and merchant while residing in this county and later

Four Injured Here In 2-Car Collision Near Archer Park

Mrs. Raymond Hall, of Allen, who underwent surgery at the Prestonsburg General Hospital, Wednesday of last week, was joined there temporarily by her husband and two daughters, Ramona and Rita Fay, the following afternoon when they were injured in a two-car collision on the Mountain Parkway, near the entrance to Archer Park.

A fourth passenger in the Hall car, Susan Harris, also of Allen, was injured. Three of the four were thrown from the car when it was struck as Mr. Hall prepared to turn into an opposite lane of the highway to return toward Prestonsburg. They suffered severe bruises and lacerations, and the Hall car was reduced to wreckage. Billy Tussey, of the Middle Creek road, driver of the second auto, was uninjured.

This Town ... That World

THE MOON — CLOSE UP AND FAR AWAY

Perhaps many who read this had the same experience. Anyway, here I am watching TV, Sunday night — who wasn't? — when Neil Armstrong plants foot, perhaps the first since Creation, on the moon. The whole thing has me in a tizzy. The imagination reels as I try to grasp the nub end of comprehension. There on television is this man walking, then the other, "Buzz" Aldrin, joins him, I see and hear what is happening out there in space, a quarter of a million miles away. And then I glance out the window — and, hanging low over the hilltop, over Middle Creek, U. S. A., is that same moon, a golden crescent of a moon that seems not more than a few miles away. It's an eerie feeling to see in one glance the age-old mystery riding the skies and with the other to see men ambling about on it.

NAMELY, THE U. S. A.

This moon-landing was man's greatest achievement. The genius, initiative and daring of Americans made it possible, and surely every American is proud and thankful. Only in one respect did Columbus outdo our fellows. He discovered something worth far more.

U. S. CHARGE IS DISMISSED

Against Johnson Man Named in Postal Case; Floyd Man Under Bond

A postoffice robbery charge against a man held in jail here last week was dismissed Monday by U. S. Commissioner Harry C. Campbell at Pikeville while the moonshine possession count against another booked here required bond of the defendant.

The robbery charge against Amos Colvin, 24, who was accused of robbery of the postoffice at Sitka, Johnson county, was dismissed on the ground that the United States "failed to show probable cause." In the July 13 break \$7.33 in cash, \$58 in postal stock and 185 money order blanks were missing, but some of the loot was later found in a nearby cornfield.

Dennis Watson, of Harold, was held to the federal grand jury which will convene, Dec. 1, on a charge of moonshine possession. He was jailed here Friday after he had been arrested by Deputy Sheriffs Claude Flanery, Paul Stilton and Bill Hall. Eight gallons of whiskey were confiscated. Okie Hall was jailed by the same officers Friday on a moonshine possession count but was not cited to federal court. He also was booked for drunk driving.

A fight which broke out during the square dance at Archer Park Saturday night resulted in the arrest of Sammie Nelson on charges of breach of the peace and resisting an officer. Four policemen — Chief Potter, Frasure, Waddle and Rice—took part in his arrest.

Perkins Bill Asks Lunch Aid Funds

Congressman Carl D. Perkins, chairman of the House Education and Labor Committee, took to the floor of the House Monday a bill to authorize immediately the Secretary of Agriculture to use \$100 million from funds derived from taxes on imports of foreign agricultural products to provide free or reduced-costs meals to needy children.

The funds would be distributed to economically hard-pressed school districts in Eastern Kentucky and other areas of need, particularly where no school breakfast or lunch programs are now available or where all children in need are not receiving free meals. In bringing the bill to the floor Perkins said, "Evidence before the committee indicates that there are approximately 3 1/4 million children who need free lunches but are not now receiving them."

A preliminary estimate of the Kentucky share of these funds for the current year will be slightly in excess of \$3 million.

Similar legislation sponsored by Perkins passed the U. S. House

4 Volunteer Groups In County Receive Help on Equipment

The Department of Public Safety has begun mailing checks totaling \$99,999.90 to some 297 Kentucky fire departments for the purchase of needed equipment. Individual payments range from approximately \$147 to \$450 per department.

Among those in line for the state checks are four Floyd county fire departments, each of which was awarded \$336.70. Receiving checks on behalf of the Allen Community Volunteer Fire Department, the Betsy Layne Volunteer Fire Department, Wayland Fire Department and the Wheelwright Fire Department was County Judge Henry Stumbo. Allocation For Roads Is Reduced

Fiscal Year Ends With \$8,000 Surplus; New Budget Approved

The \$243,870 budgeted for Floyd county's governmental expenditures during the fiscal year beginning July 1 are, roughly, \$50,000 less than the actual expenditures of the preceding year.

The budget, adopted by the county budget commission, has been approved by D. M. Magill, state finance officer.

The county wound up last fiscal year with an \$8,000 surplus.

The reduced budget results mainly from a \$45,200 reduction in the county's equipment operating account. In all, the budget figure set for highways this fiscal year totals \$48,300, as compared to the \$105,500 actually spent last year.

The road budget reduction stems from uncertainty about what the state will do in this county, and the amount budgeted is a tentative figure, County Attorney Barkley J. Sturgill said.

Other budgeted expenditures follow with the amount for each item spent last year appearing in parentheses:

Protection to person and property, \$16,500 (\$15,200); health and sanitation, \$2,950 (\$2,400); hospitals, charities and corrections, \$8,238 (\$13,108); libraries, etc., \$2,300 (\$2,000); debt service, \$19,000 (\$15,660); miscellaneous, \$27,232 (\$28,250); forestry, \$2,800 (\$3,000).

Of the \$243,870 anticipated revenues for the new fiscal year, the budget commission expects \$191,270 to come from tax levies. Other income anticipated is \$800 from delinquent tax receipts, \$500 in fines and forfeitures, \$5,100 excess fees, \$5,300 in occupational licenses, \$4,000 election refund from the state, \$1,000 motor vehicle operators' licenses and \$1,000 property transfer taxes, plus the \$8,000 surplus on hand.

SO. STATES HOLDS MEET

Local Representatives Elected Here Monday; Refund Is Set at 2%

Lloyd Wells, of Auxier, and Denver Collins, of Ivel, were elected to the local Southern States Agency, Prestonsburg Farm & Home Store, at the annual membership meeting held July 21 in the Prestonsburg high school cafeteria. More than 100 stockholder-members and their families attended the session.

Theodore Warrick, of Water Gap, was named chairman of the advisory board. Lloyd Wells was named secretary.

Long River Search For Child at End

The Floyd County Emergency & Rescue Squad has at last despaired of recovering the body of seven-year-old Beverly Akers, who was drowned in the Big Sandy river at Emma last Jan. 25 with her mother and younger sister.

Obviously disappointed at the failure of the long search, Capt. Graham Burchett, of the rescue squad, told The Times Wednesday of the decision that further search is considered useless. Daily search of the stream was made, immediately following the multiple drownings, and later the river was patrolled on week-ends, all the way from the scene of the wreck downstream as far as Auxier.

"Farmers and others have

watched the river from the banks, fishermen have been alerted to keep watch. We have dragged the river. Nothing has succeeded," Burchett said.

Bodies of the child's mother, Mrs. Barbara Howell Akers Pierce, and her sister, Tammy's were recovered soon after the tragedy.

Last week-end seven members of the Floyd squad joined an estimated 300 others, including rescue squads of several other counties, in a search for Mona Baker, 41, Laurel county housewife who disappeared July 15. Before going to the nearby barnyard to milk, Mrs. Baker told her son to go, repair an electrified fence on the farm. When the boy returned, he found the milk pail overturned, his mother missing.

One group of searchers wandered into a moonshine still, Capt. Burchett said, and was pinned down by riflefire. The Floyd group arrived at the scene on the edge of the Daniel Boone National Forest, near Corbin, Saturday morning. Shortly after they left late Sunday, Mrs. Baker arrived home.

She told State Police that while she was milking her cow a man forced her at knifepoint to accompany him about six miles cross-country to a deserted house. She said her abductor was armed with a shotgun and had a walkie-talkie which kept him aware of the movements of searchers. When searchers approached the house, she said, the man would force her to take refuge with him in nearby woods.

The woman and her husband, Brock Baker, own a sizeable farm, it was said. She told State Police she would submit to a "lie detector" test.

30 Floyd-Co. Mines Get State Warning

Thirty Floyd county mines were among the 300 ordered Wednesday by Atty. Gen. John B. Breckinridge to comply with the state worker's compensation law or close. The total number of mines in the state to be notified may reach 500.

The compensation law provides that any business employing three or more persons in a "hazardous occupation" must either purchase workmen's compensation insurance to cover employees or provide private insurance or an indemnity bond with comparable benefits.

Breckinridge has notified commonwealth's attorneys and county attorneys to enforce compliance. The law permits these local officials to institute criminal action which provides fines of \$100 to \$500 for each day of violation.

Coal firms operating in this county which have been listed for apparent non-compliance follow (the mine location, if different from the address of the company, appears in parentheses):

Keathley Mine & Trucking Co., Harold (Honaker); J. B. Crum Coal Co., Martin (Orkney); D & B Coal Co., Honaker; Carry Back Coal Co., Risner (Blue River); Carry Back Coal Co., Lancer; Childers Coal Co., Pikeville (Harold R. 1); Carry Back Coal Co., Langley; Carry Back Coal Co., Risner (Manton); C & K Coal Co., Grethel (Honaker); Hamilton Coal Co., Inc., Allen (Orkney); C H Coal Co., Printer (Honaker); Export Coal Co., Langley; Beaver Br. Coal Co., Martin (Printer); Beaver Br. Coal Co., Martin (Minnie); Pike Island Coal Co., Pike

Industry, Leaders In Meeting Here

More than 200 civic and business leaders of a five-county area were introduced Monday evening at Prestonsburg Community College to Eastern Kentucky's newest industry and the products it will manufacture.

The new addition to the area industrial picture, American Standard Manufacturing Co., has under construction at the Kenwood site, between Paintsville and Prestonsburg, a 160,000-square-foot building in which the manufacture of plumbing and bathroom fixtures is scheduled to begin around Jan. 1.

Introduced at the meeting here was a seven-member advisory board formed "to help the company know more about East Kentucky as well as help East Kentucky know more about the company." Members of the board are Mayor George P. Archer and R. V. May, of Prestonsburg; May or P. B. Wells, Clarence Castle, George Ramey and John Mark Trimble, of Paintsville, and Eugene Ward, of Inez.

A 38-minute film of the company's products was shown. Some

of these products will be manufactured at the new \$5 million plant. Among the innovations shown were bathroom designs, an electronically operated surgeon's scrub sink in which the water turns on automatically at the approach of the user and shuts off at his departure; slip-resistant units for bath-tubs and ultra-modern plumbing devices.

Roger I. McKenzie, manager of the new plant, said 1,200 applications have been received for the 250 jobs to be created when the plant begins production. Expansion to employ 450 is planned. An employment facility is to be established soon at Paintsville.

Leaders of the five counties—Johnson, Floyd, Martin, Magoffin and Pike—were gratified by the benefits seen in the new plant for the entire region. Prestonsburg and immediate area were particularly pleased when American Standard's check for \$2,500 was presented to the Highlands Hospital Corporation to help swell the local contribution to the financing of the new hospital to be constructed near Auxier.

Why Writer Nominated For 'Ananias Award'

Editor, The Times:

How do the following exact quotations strike you, as a Floyd countian?—

"With 41,000 population, Floyd county is 399 square miles of decayed mountain land near the Virginia line that must have been beautiful once: switch-back roads twisting past ragged cliffs of amber rock, crooked brooks spilling over terraces of shale; mossy woods of tonic silence. Now it is a giant litter basket. Carcasses of abandoned cars line every road. Rickety coal tipples and here and there a strip-mine mars the hillsides. . . . To move among the shacks in Floyd county's weary hills is to move through a montage of tattered children with dull eyes and of men and women beaten and eroded from a lifetime in a place where the coal industry has been, at once, the only hope and greatest despair."

The quotation above was copied verbatim from IMPACT magazine, Volume No. 1. I feel that there is as much truth in these quotations as there was in the rest of the magazine, which devoted the whole issue of twenty-two pages to describing the Floyd county school lunchroom program.

The author spent only two or three days here in our county, and with the truth abundantly available to him he saw only what he wanted to see and reported much he didn't see or hear. Is it any wonder that we nominate Charles Rensberg, the writer, for the Ananias Award of 1969?

"For those who are uninformed about Ananias, he was the biggest liar in either the Old or the New Testament."

CHARLES CLARK, Supt. Floyd County Schools

report was made to the governor Mrs. Howell denied any wrongdoing in connection with the program and declared the Middle Kentucky program is becoming one of the best efforts of its kind in Kentucky. A woman whose ability is widely recognized, she charged that Frazer has waged a personal vendetta against her since the date of her selection.

"I'm as clean as a hound's tooth, and he (Frazer) should know it," Mrs. Howell said. "This job is a matter of how interested you are in people. And I can be pretty darn interested in my kind-folk and neighbors."

Mrs. Howell is a member of the Turner family, which dominated politics in Breathitt county, the largest county in the antipovary area, for decades. Mrs. Howell's father was the late Circuit Judge Irvine Turner. Her mother is Mrs. Marie R. Turner, longtime Breathitt county school superintendent.

The family's political influence is legendary in its Democratic stronghold.

Mrs. Mary Hicks, 77, Dies of Heart Seizure At Kendallville, Ind.

Mrs. Mary Stanley Hicks, 77 years old of Garrett, died Tuesday in the McCrey hospital at Kendallville, Ind., while visiting her children there. Death was attributed to a heart attack.

Born June 6, 1893 at Garrett, she was a daughter of the late Tommy and Martha Compton Stanley. Her husband, Milton Hicks, preceded her in death.

Survivors include three sons, Orville Hicks and Wayne Hicks, both of Kendallville, and Raymond Hicks, of Garrett; two daughters, Mrs. Howard Slone and Mrs. John Ward, Jr., both of Kendallville; one brother, Jack Stanley, of Garrett, and two sisters, Mrs. Minnie Huff, of Franklin, O., and Mrs. Ida Hicks, of Dayton, Ohio.

Funeral services will be held Saturday at 10 a.m. at the Little Union United Baptist Church at Garrett, of which she was a member, ministers of that church officiating. Burial will be made in the family cemetery at Garrett under the direction of Hall Brothers Funeral Home.

James Harmon, 87, Former Bonanza Man, Dies At Waverly, Ohio

James H. Harmon, of Waverly, Ohio, formerly of Bonanza, Ky., died recently at the age of 87.

He was a son of the late Henry and Susan Spradlin Harmon and was twice married — first to Nan Minnix Harmon and upon her death to Maude Stanton Harmon, who survives.

Other survivors include three sons, William Harmon, of Bluffton, Ohio, Leonard Harmon, Warsaw, Ind., and Clyde P. Harmon, of Bonanza, and three sisters, Mrs. Leona Burke, Silver Lake, Ind., Mrs. Susan Hackworth, Ada, Ohio, and Mrs. Edith Frey, of Columbia City, Indiana. He also leaves 16 grandchildren, 9 great-grandchildren, two stepsons and five stepdaughters.

Funeral services were held Wednesday, July 9, at 1 p.m. at the Bonanza Free Will Baptist Church, the Revs. Charley LeMaster, Bill Campbell and Bruce Spencer officiating. Burial was made in the Whitaker Cemetery at Bonanza.

LEGAL NOTICE

Pursuant to the Provisions of Chapter 337 of the Kentucky Revised Statutes, I, or my authorized agent, will on August 6, 1969, commencing on or about 9:00 A.M. (Eastern Daylight Time), in the Conference Room of the Twelfth Highway District Office, U.S. No. 23, North Pikeville, Kentucky, hold a hearing to consider a revision of the prevailing wage rates for laborers, workmen, mechanics, helpers, assistants, and apprentices engaged in construction under contracts with the Kentucky Department of Highways in a locality consisting of the following counties of this State: Floyd, Knott, Letcher, Magoffin, Martin, and Pike. This locality has been determined by the Commissioner of Highways by Official Order No. 77300. At this time, evidence relating to fringe benefits provided through irrevocable agreements between employers and employees shall be considered in establishing a prevailing rate of contribution for the same. All interested persons desiring to present evidence or offer testimony on this date are invited to attend the hearing.

The grants, made at the discretion of the Public Safety commissioner under the Commonwealth's standards for safety legislation, are issued annually to departments of 12 or more men or "to cities and districts contemplating the establishment of such a department." Total annual outlay authorized is \$100,000.00.

Each year, eligible departments submit requests for aid, itemizing current equipment needs, to committeemen appointed to administer the program in each of the state's seven fire districts. Topping the list among this year's recipients were fire departments in the communities of Benham, Everts and Lynch, each of which was awarded \$450.00.

and Mrs. Ollie Wallen, both of Water Gap.

Mrs. Wallen also was named chairman of the Farm Home Advisory Committee, while Mrs. Gray was elected secretary.

Less Wallen, of Water Gap, was chosen as a delegate to represent the local membership at the Southern States Cooperative's 46th anniversary annual stockholders' meeting in Richmond, Va., November 13 and 14. Theodore Warrix, of Water Gap, was named alternate.

One of the highlights of the meeting was the financial report of Southern States Cooperative given by L. L. McClure, of Huntington, W. Va., a regional representative of the organization. According to the report, the cooperative will pay a 2% patronage refund to its farmer-members this year. Total volume for the year ended June 30, was over \$121,580,000, up about 7.5% over the previous year.

Kenneth Meade, manager of Prestonsburg Farm & Home Store, gave the report on local operations and services, and showed color slides.

Another feature of the session was a Young Farm Family recognition ceremony during which a number of local young farm families received the cooperative's special Young Farm Family Participation Certificate. The awards were presented by Manager Kenneth Meade to Mr. and Mrs. James Shepherd, Mr. and Mrs. Billy G. James, Mr. and Mrs. Troy Blackburn.

There was also a ceremony honoring new board members at which they received lapel pins. Retiring board members were presented the cooperative's Leadership Award in recognition of their services.

The Old Bottleneck, Still Unbroken

There was a time when we naively associated a U.S. highway with a good, modern thoroughfare, wide enough, straight enough and smooth enough to travel.

That was before U. S. 23 disillusioned us with the unpleasant truth that a road by any other name could be much better.

U. S. 23 has been a bottleneck on the way from Detroit to Miami for years now. Not all of the route is in disrepair, poorly designed and ill-kept, but the eastern Kentucky and the western Virginia sections are miserable — rough, crooked, narrow.

Federal funds are available through the Appalachian Regional Commission to correct the situation, but the work moves slowly. Kentucky has built at least two modern turnpikes since the Appalachian funds became available. Two or three others are planned, and they will be completed before U. S. 23 gets its due, unless Frankfort and/or Washington step up the pace on this main north-south artery of traffic.

The work on U. S. 23 was correctly begun on an unimproved section from Louisa to Paintsville, extending what passes as a modern highway on from the Kentucky-Ohio border southward. A two-lane section that also passes as a modern highway exists between Paintsville. That gets the visitor from the north as far as Prestonsburg, without encountering the rather harrowing experience of U. S. 23 at its worst, which is the section between Prestonsburg and Pikeville.

But the improvement of the route does not extend in unbroken sequence from Prestonsburg toward Pikeville. Now it has jumped to Pikeville, from which point the highway-builders apparently plan to work back toward Prestonsburg and on southward toward the Kentucky-Virginia line.

We accept that bit of leapfrogging in construction, even though its soundness is not readily apparent. But we cannot continue to try to appear satisfied with the continued delay in getting action on the highway, starting with the end of the improved highway here in Prestonsburg.

Every time that miserable stretch of U.S. highway between Prestonsburg and Allen — one of the most-travelled in Eastern Kentucky — is encountered, one becomes more dissatisfied.

THE PARK AND ITS CAMPERS

The U. S. Corps of Engineers has procured all but one of the tracts of land needed for the modernized camping area which the state proposes to establish in the Goble Branch section of Jenny Wiley State Park. Acquisition of the remaining acreage and work on the project are of immediate concern.

The existing camping area on the Stratton Branch arm of the lake is called "primitive" by campers when they are in their better moods; at other times, it is given more colorful appellations. A campsite there amounts to little more than a plot of ground and a few basic facilities.

What makes the improvement so urgent is the fact that Kentucky has, over a period of years, advertised Jenny Wiley's camping area. As a consequence, campers from Ohio, Michigan, other states have come here, expecting something special. They have left, disgruntled, sometimes obviously angry, later to tell others to give Jenny Wiley's camping area a wide berth. And that sort of advertising tends to keep even non-campers away.

If it has not already done so, it will reduce the number of visitors to the park, although Jenny Wiley is, on the whole, one of the finest in Kentucky's great parks system. What has been a bright tourism picture begins to darken.

The harm that has already been done cannot be erased, overnight. What has been lost must be regained, and that may be a more difficult job than is readily recognized. Surely, the Corps of Engineers and the state's Department of Parks will not let another camping season pass before the new, honest-to-goodness camping facility is made available.

WHAT EASTER SEALS DO

Picture Story by Jim Miller and Art Penick Ky. Dept. of Public Information

Two children's faces mirror a happy week at Camp Kysoc. At the above right, one of 33 college student counselors shows three campers the right way to prepare a campsite while another counselor, at lower left, watches two campers fish for the big ones. At lower right, a counselor and a camper watch campfire flames rise at the end of a satisfying day.

CAMP KYSOC, operated by the Kentucky Easter Seal Society, entertained 76 perceptually handicapped children June 29 to July 4. It is the only public camp in the nation that has a special live-in session for the persons that have one or all of their five senses impaired by brain damage. The camp began in 1961 with a capacity of about 30 campers and a 10-year projection to go to 48. By 1968, the camp was enlarged, primarily through donations, to a capacity of 72 with added facilities to actually accommodate up to 90 campers.

Don Fernandez, as Mr. MacAfee, holds his head in agony as he hears the Conrad Birdie theme song for the 999th time in the hit musical, "Bye Bye Birdie," playing the Jenny Wiley Summer Music Theatre Thursdays, Fridays, and Saturdays, through August 2.

The Jenny Wiley Summer Music Theatre drew record crowds during its opening performances last week of the musical, "Bye Bye Birdie." The success of the musical at the Amphitheatre in Jenny Wiley State, scheduled to run Thursdays, Fridays, and Saturdays, through August 2, echoes the response the show received when it opened in New York.

Aft its New York premiere John McClain, critic for the N. Y. Journal-American, must still have been throbbing with the excitement that greeted the curtain's fall when he reached his typewriter, 20 minutes later, for he began his review with "Hallelujah! We've got a bright, new, funny, fast, crazy musical going for us. It opened last night to uproarious approval."

The report made following the semi-annual inspection on May 26 by Corps representatives also cited the need of a minimum of 1000 sandbags to be stored and kept available for emergency use. Mayor Archer said the Corps of Engineers at first demanded that the No. 1 pump be replaced, and that he countered with the statement that the city does not have \$45,000 for such an outlay and cannot get it without a tax increase. "I was told then that the semi-annual inspection, they would demand the improvements," the mayor said. "Well, these are the facts."

(Continued from Page One) ated in the inboard motor, it was said. Mrs. Knautz' two daughters and others near the craft escaped injury, although the explosion threw debris an estimated 50 feet into the air. Knott county youths visiting at the lake were credited with freeing the burning boat from the area paralleling the highway which skirts the lake and permitting it to be moved away from nearby boats. The burning cruiser then drifted into the rear of the Amy Lee, a 32-foot houseboat owned by Ernest Turner and his son Ray, of Drift, causing damage estimated at \$3,673. The two boats drifted to the other shore of Brandy Keg Cove where spewing gasoline ignited dead grass and weeds along the narrow access road below May Lodge. There the Knautz boat sank. No estimate of the loss in destruction of the cruiser was available. It was said both boats were insured.

MISS RECC '69 — Miss Krista Kay Williams (center) is presented a silver bowl by Bradis Goble, Cooperative vice-president, after being named Miss Big Sandy RECC for 1969. Looking on, at left, is last year's queen, Deborah Taylor, of Lowmansville.

The 29th annual membership meeting of Big Sandy Rural Electric Cooperative Corporation, held July 11 at the Cooperative office in Paintsville, drew one of the largest crowds in the history of the event. Bradis Goble, of Floyd county, vice-president of the cooperative, presided.

Two directors were elected at the annual meeting. In District 3, Clell Smith, of Oil Springs, received 2,230 votes over James O. Vanhoose, Flat Gap, who received 1,447 votes. In District 4 Marcus Wells, of Tomahawk, won with 2,231 votes over Bruce Castle, Lowmansville, who received 1,446 votes. Smith and Wells were elected to the board of directors for a period of three years.

Capturing the title of Miss Big Sandy RECC for 1969 was,

Miss Krista Kay Williams, daughter of Mr. and Mrs. Oscar Williams, Jr., of Flat Gap. The queen received a silver trophy bowl, certificate of award, a \$150 clothing allowance, winner sash and an expense-paid trip to the state Miss RECC finals at the Kentucky State Fair.

Winning runner-up honors was Miss Sandra Kay Brown, daughter of Mr. and Mrs. Claude Brown, of Volga. Miss Brown received a silver award, runner-up sash, and will serve as an alternate to participate in the state finals. Other contestants were Earleen Stapleton, daughter of Mr. and Mrs. Earl Stapleton, of Sitka,

and Teresa Gayle Allen, daughter of Mr. and Mrs. Bartee Allen, Hueysville. These received a silver token of appreciation.

An added attraction at the meeting was the unexpected appearance of Congressman Carl D. Perkins, who gave a report on activities in the Big Sandy valley. He told the large crowd that he was confident that Paintsville and Yatesville dams would receive necessary funding for a construction start in the next fiscal year. He also repeated his belief that US 23 should be made a four-lane highway across Kentucky and urged continued support of that objective by area residents.

HEALTH MANPOWER NEEDS CITED BY ADMINISTRATOR

One of the most currently discussed topics was commented on this week in a different light by Chalmers H. Frazier, administrator of Prestonsburg General Hospital.

"Delivery of health services in the future to the people of the Big Sandy valley," he said, "will largely depend upon the supply of health manpower available. To meet the increasing demands of the public for more and better health care, we must produce more as well as new types of personnel to deliver the service."

Mr. Frazier also said that national studies indicate that 10% of all high school graduates are needed to enter health occupation training by 1975 to keep up with the demand for health personnel. It was noted that 45 persons are currently employed at the hospital here and there are 8 positions yet unfilled.

"Much of the problem of health manpower shortage has been the lack of effort on the part of the health field to actively inform people adequately about the over 200 health careers which are available. Unfortunately, most people think that the only health professionals are physicians and nurses, but it has been demonstrated that for every physician there are thirteen additional health workers participating in the delivery of health services," the hospital administrator explained.

"We are pleased," Frazier commented, "that 31 allied health associations under the leadership of the Kentucky Hospital Association have stepped forward in beginning to solve the health manpower problem by establishing a non-profit program, Health Careers in Kentucky, which recently completed one year of operation." The careers organization with its headquarters in Louisville has actively been working with school counselors, volunteers, health professionals and health occupation educators throughout the Commonwealth for the past year.

Any individual can write to Health Careers in Kentucky, Suite 342, Kentucky Hotel, Louisville, Kentucky 40202, and request information on what health career training is available, where the schools are, and financing a health career. Another service of the program (all services are offered for no charge) includes a slide film presentation on health careers for groups and clubs.

The McKay Reed Company, of Louisville, general agent for the John Hancock Mutual Life Insurance Company, announces the appointment of Glenn S. Anderson, Jr. as district manager for the eastern part of Kentucky, effective August 1. Mr. Anderson will be in charge of the hiring and preliminary supervision of all new agents for all Kentucky counties east of Lexington.

Mr. Anderson has been with the John Hancock Mutual Life Insurance Company for two and a half years and has produced approximately \$2,000,000 during this period of time. His office will be located at the present location, 105 Court Street, Prestonsburg.

Mental Health Ass'n In Luncheon Meeting

The July meeting of the Floyd County Mental Health-Mental Retardation Association was held July at the Irene Cole Memorial Baptist Church annex. The Rev. W. D. Jagers presided at the luncheon meeting in the absence of the president, Mrs. Dora Stephens.

Frank Layne, membership chairman, reported that the membership drive is well under way. The Rev. Jagers emphasized the importance of getting more local people involved in the mental health movement. Richard Stai, executive director of the Mountain Mental Health Center, informed the group of the new Day Care Center to be located in the Elswick-Clark building here. Dr. Ronald Cribbs, the new staff psychiatrist, was introduced.

Those who attended were Marshall Davidson, Gladys Allen, Ruth Ratcliff, Dr. Ronald Cribbs, Mr. and Mrs. Robert Wallace, Mr. and Mrs. Frank Layne, Sue Dingus, Zella Archer, Larry Frasier, Brenda Roberts, Jancie Parsons, Sandra Arnett, Richard Stai, W. D. Jagers, Carl Chaffin, Lucia Gatton, Michael Auxier, Dell Stanton.

The next regular meeting will be held Monday, August 11.

Wayland Man Named Accredited Member Of National Ass'n

Daniel H. Slone, of Wayland, has recently been elected an accredited member of the National Association of Enrolled Federal Tax Accountants, Chicago, Ill.

Mr. Slone qualified for membership in this voluntary, professional tax practice and tax accounting organization by having passed the two-day written examination of the Internal Revenue Service in Louisville, in September, 1965, and he has held his federal license to practice before the IRS since June, 1966.

Membership in the NA ETAs is limited to those persons who hold a special Federal License which permits them to practice, as a taxpayer's representative, before all of the appeal procedure levels within the IRS in the event that a tax audit results in a dispute as to the correct tax liability.

IN KOREAN OPERATION

Ft. Bragg, N. C. — Pvt. Raymond Collins, 19, son of Mr. and Mrs. Mont Collins, Star Route 325, Prestonsburg, Ky., and a member of the 82nd Airborne Division from Ft. Bragg, N. C., participated this year in the U. S. Strike Command's Exercise Focus Retina in Korea. Focus Retina, designed to test the rapid reaction capability of Strike Command forces based in the U. S., linked some 7,000 soldiers and airmen from the U. S. and Korea in the longest airborne assault operation in history.

HOW IT ALL STARTED...

Road System Originated With "Waggon" Highways

(Editor's Note: This is the first in a series of three articles on the "History of the Kentucky Department of Highways." The succeeding two articles will be titled: "Turnpikes Enter The Highway Picture In A Big Way" and "The Rattle Of The 'Tin Lizzie' Heralds A New Day In Road Construction.")

One of the current commercials we see on television says "you've come a long way, baby." This applies to the Kentucky Highway System.

Originally, Kentucky was a district of Virginia. Because of its remote location, communication with the seat of state government was practically nonexistent. This situation eventually led to Kentucky becoming an independent state in its own right.

In 1748 Virginia, by legislative action, required all roads to and from, the court house of each county, and roads to all public mills and ferries, to be well cleared from woods, bushes and other obstructions and that all roads be well grubbed up for a 30 foot width. This was adopted by the Kentucky legislature.

Virginia had a law regarding work on the highways that was also adopted by the Kentucky legislature. This statute provided for opening new roads and the alteration of existing roads under the direction of surveyors appointed by the county courts. All male persons 16 years old or older were required to work the roads except those that were masters of two or more male slaves over the age of 16. If any man through neglect or absence failed in this duty he was fined at the rate of \$1.25 for each day's absence or neglect to thus work.

In the absence of bridges, mill dams were required to be built at least 12 feet wide for public road passage with bridges over the pier heads and flood gate. The surveyors were empowered to impress wagons and teams and to transport stone, earth and timber for building roads. A method of paying for this, out of the county levy, was provided.

On December 14, 1793 the first act of legislature of Kentucky regarding roads appointed Bennett Pemberton, Nathaniel Sanders and Daniel Weisiger, "a commission to receive subscriptions in money, labor, or property to raise a fund for clearing a Waggon Road from Frankfort to Cincinnati." The road was regarded as "productive or private convenience and public utility," and the route was "through an unsettled country which cannot be cleared in the usual manner by order of the county court."

The next road act was December 12, 1794 when commissioners were appointed to raise funds to clear a road from "Madison Court House (then Milford, about 4 miles southwest of present day Richmond) to Hazel Patch on the road leading from Crab Orchard to Powells Valley." It is not known why, but this road had not been opened when the legislature passed the "Act opening a Waggon Road to Cumberland Gap." This road was to start at Crab Orchard and go to the top of Cumberland Mountain at the Cumberland Gap. This is the same entrance to Virginia and Tennessee that we use today.

This act had several aspects that are of interest:

- (1) It made the first highway appropriation of 2000 pounds.
- (2) The Commissioners were appointed by the Governor and not named in the Act.
- (3) The Commissioners were empowered to employ the road workers or to contract any or all of the work.
- (4) The decision, if made, to contract any or all of the road was to be advertised in the Kentucky Gazette for six successive weeks and then let to the lowest bidder or bidders.
- (5) The Act stated that the road should be "carried the nearest and best way it can, for the safe and easy passage of waggons and carriages, making the same in every part perfectly commodious and passable for waggons carrying one ton weight, and to be in every part, except where digging or bridging is necessary, at least 30 feet wide."
- (6) The pay of the Commissioners was 10 shillings or \$1.40 per day, payable on affidavit for the amount of service rendered.

CARD OF THANKS

We would like to express our appreciation to our many friends and relatives who in any way expressed their sympathy upon the passing of our loved one, Mona Mayo. We especially thank Dr. Adams, Elenor Robinson, and Eunice Hall and each one at the Mountain Manor Nursing Home for making our loved one's last days more comfortable. We also thank the elders of the church, also the choir and the Hall Brothers Funeral Home for their kind and efficient service.

Man on the Moon— And Voting Machines

A great number of people have been asking me why I dismissed my contest suit in the race for Circuit Court Clerk? It should be easily understood why. Entering orders in my case dated two days before they were written—how can you stay in court under such circumstances? Automobiles were given away during the May primary in Left Beaver. I knew where the court stood when he refused to vacate the bench, when I filed my motion and affidavit to vacate the bench, which he overruled. Then why should I spend two thousand dollars or more to prepare my case when I knew what would happen when my motion and affidavit were overruled to vacate the bench?

Other Judges in counties surrounding or near Floyd County voluntarily vacated the bench without the necessity of filing a motion and affidavit to vacate the bench. Three years ago, so far as I know carried a full page ad in The Floyd County Times with all the names of the county officials advocating the dry issue, except one, whose name is Edd Caudill. Where do these same officials stand now, or what position will they take on August 23rd 1969, the voting date of the wet and dry issue? I am advising the dry organization to place guards wherever these machines are stored, and remain there day and night. Every person with ordinary knowledge knows what happened in the May primary. David Hereford, a candidate in the May primary, was in the building where the voting machines are stored and so was I, on the day they were supposed to be checked. David Hereford has told me that a man by the name of Montgomery was also there, the same man who negotiated the sale or assisted in the sale of these machines to Floyd County. Mr. Montgomery lives in Western Kentucky and why was he here at such a time? Who called him to be on hand at this particular time? Hereford also informs me that ten or more machines showed the bolts in the back of the machines had been removed or at least showed the evidence of having been removed. Mr. Montgomery, when asked about these changes, failed to comment upon such changes. No doubt he well knew, why.

I have taken the matter up with other county officials in other counties whose clerks of the County Court have the custody and delivery of such voting machines. Why did the Circuit Judge

here, place these machines in the hands of DeGarmo Derosssett, including the key? When we talk about keys to these machines, it is my contention that there are more keys than one. Donahoe's store can make keys to all cars of 1969, then why couldn't other people have keys to these machines? The Court, I contend, violated the law just a few days ago in changing these machines to an outsider, when the law of 1968 specifically provides that the County Clerk has custody and delivery to the voting precincts of these machines. We have now placed on the Moon, which is the greatest feat of modern times, but just wait until these voting machines get there, and when the voting begins we will not know where we are. The law in one county is the same as all others, but not in Floyd County.

There is no way out of this dilemma until people wake up and begin to think of what is right and wrong, and get the love of the LORD JESUS CHRIST in their hearts, and rid themselves of their sins, and then great changes will take place.

I will take up the matter of the taxpayers' plight in the next issue, and show you just what and how your tax dollars are wasted and spent.

HENRY STEPHENS
(Pol. Adv.)

Rate Resolution

RESOLUTION OF THE MUD CREEK WATER DISTRICT OF FLOYD COUNTY, KENTUCKY, ESTABLISHING RATES AND CHARGES FOR THE USE OF AND THE SERVICES RENDERED BY THE DISTRICT WATERWORKS SYSTEM, AND PROVIDING FOR THE COLLECTION AND ENFORCEMENT OF SUCH RATES AND CHARGES.

WHEREAS, the Board of Water Commissioners of the Mud Creek Water District, of Floyd County, Kentucky, has heretofore determined that the promotion and preservation of the public health, safety and general welfare of said District and of all its citizens and inhabitants require the construction and installation of a new District waterworks system, and

WHEREAS, the District is by concurrent proceedings providing for the issuance of its Water Revenue Bonds for the purpose of defraying the costs (not otherwise provided) of constructing said system in the manner provided by KRS 74.370 and KRS 96.350-510, and

WHEREAS, in and by said statutes it is required that rates or charges for services of the District waterworks system be prescribed and maintained so as to provide for the payment of the interest upon and principal of said bonds as the same become due, and also to pay operating and maintenance costs, as well as to create a depreciation fund, and

WHEREAS, it is necessary at this time that a schedule of rates for water service be prescribed and that provision be made for the collection thereof.

NOW, THEREFORE, THE BOARD OF WATER COMMISSIONERS OF THE MUD CREEK WATER DISTRICT OF FLOYD COUNTY, KENTUCKY, DOES HEREBY RESOLVE AS FOLLOWS:

SECTION 1. WATER CONNECTION CHARGES.

Water connection charges are hereby established and shall be exacted for each connection with the waterworks system of the District, as follows: For all customers who have signed or who sign an "Application for Service" and/or do not pay the application connection charge until after construction commences, the water connection charge shall be an amount to the actual cost of making such connection, as determined by the Manager or Superintendent of the waterworks

system at the time, and all Applications for Service filed after the commencement of construction shall, at the time such application is filed, pay an estimated connection charge, based on the estimate of such Manager or Superintendent, which estimated connection charge shall be adjusted when the connection is completed.

SECTION 2. MONTHLY WATER RATES.

There shall be and there are hereby established from and after the effective date of this Resolution, monthly rates or charges for the water supplied by the waterworks system of the District, as follows:

| Size of Water Meter Connection | Minimum Monthly Water Charge |
|--------------------------------|------------------------------|
| 3/4 inch | \$ 4.00 |
| 1 inch | 4.50 |
| 1 1/2 inch | 5.00 |
| 2 inch | 6.00 |
| 3 inch | 10.00 |
| 4 inch | 15.00 |
| 6 inch | 25.00 |

B. Meter rates for water usage. Subject to the minimum monthly water rates specified above for the first 2,000 gallons or less of water consumption in each month for the respective size connections, metered charges shall be made for each additional 1,000 gallons or less of water consumption per month to customers of all size connections:

| No. of Gals. Mthly Charge Per Water Or 1,000 Gals. Or Less Per Mth. | Less Per Mth. |
|---|---------------|
| First 2,000 gals. | |
| Minimum rate specified above for each size connection. | |
| Next 3,000 gals. | \$1.50 |
| Next 15,000 gals. | 1.10 |
| Next 30,000 gals. | .80 |
| Next 50,000 gals. | .60 |
| All over 100,000 gals. | .50 |

Whenever the minimum monthly charge is in excess of the total metered charge, the minimum shall apply. Whenever the total metered charge is in excess of the prescribed minimum monthly charge, the metered charge shall apply.

SECTION 3. RIGHTS ON PAYMENT OF WATER CONNECTION CHARGES.

Water connections shall be made available to the owners of any premises (residential, commercial or industrial) abutting upon any street, road, alley, public way or easement in which a water line is constructed by the District within 150 feet of the property line or easement of such owner. Such lines shall be considered available to any premises

as to which the boundary line or easement is located within 150 feet of such water line.

Any and all property owners to whom such lines are so available shall be entitled to a water connection upon timely payment of the prescribed water connection charge as set out above.

Any and all owners of properties where the property line or easement is located more than 150 feet from a water line shall be entitled to the same privilege by paying the additional cost of bringing a water line the additional distance, in excess of 150 feet, to his property line or easement.

SECTION 4. RIGHTS ON PAYMENT OF CONNECTION CHARGE; PAVEMENT REPLACEMENT.

The payment by property owner(s) of the prescribed water connection charge shall entitle the owner of such property to have a water line brought to the edge of his property line or easement, and said charge includes the cost of replacing any pavement which may be disturbed on any dedicated public streets or ways during construction. Such property owner, if he desires water service, must bear the cost (including replacement of any pavement which may be disturbed on his premises during the construction) of running a water line from the building located on his premises to the point in said property line or easement where the District has brought the water line.

SECTION 5. COSTS OF INSTALLATION AND INDEMNIFICATION.

All costs, expenses and responsibility incident to installation, connection and use of water lines from the outlet side of the respective water meters to such respective premises where such respective water lines are brought to serve such premises and extending to the respective buildings on such premises, shall be borne by the respective property owners, who shall further indemnify the District from any loss or damage that may or indirectly be occasioned by the installation of such lines. All water connections shall be made under the supervision of the Superintendent of said waterworks system in accordance with the rules and regulations of the Kentucky Department of Health.

SECTION 6. RATES ARE EXCLUSIVE OF SALES TAX.

The foregoing rates are rates to be charged by the District, and any applicable State sales tax shall be added to each bill as a separate charge.

SECTION 7. EFFECTIVE DATES FOR WATER CHARGES.

The foregoing water rates and charges shall be effective as to all water customers beginning on the respective dates upon which water service is sufficiently available to the water premises of the

respective customers to enable such customers to connect their premises to the waterworks system of the District. Such system shall be considered sufficiently "available" to any premises which but upon any street, road, alley, public or private way or easement in which there exists a water line of said system, capable of supplying water service to such premises, where a water line has been brought to the edge of the property line or easement of such premises within the meaning of Section 3 hereof, such date to be determined either upon the date of actual connection of said premises with such water line or a date ten (10) days after the District furnishes such customer notice, either by personal written notice or by notice published in a local newspaper of general circulation through the District, to the effect that water service is available to such premises, whichever date is earlier.

SECTION 8. ALL CUSTOMERS METERED; NO FREE SERVICE.

It shall be mandatory for all customers of the waterworks system to be metered. No one shall receive or be entitled to free water service or to any such service without paying the full rates herein specified. The schedule of rates herein prescribed for monthly water service shall be uniform charged to all customers of the waterworks system of the District. No customer shall resell water except under the terms of a special contract executed with the District.

SECTION 9. METERS READ MONTHLY.

Water meters shall be read monthly commencing on the 20th day of each calendar month or as soon thereafter as weather and other conditions and circumstances may reasonably permit, and such reading shall continue as expeditiously as possible until all of the meters have been read.

In the event that upon the occasion of a monthly meter reading, it is found that the meter of a customer is defective or non-operative, such water bill shall be computed on the basis of the average monthly water consumption of such customer shown by the three preceding monthly meter readings, provided that if no such readings are then available, the applicable water bill may be computed on the basis of an estimate of water consumption, estimated by the Superintendent of the waterworks system, subject to adjustment upward or downward according to the average of the next three succeeding monthly meter readings.

SECTION 10. DEPOSITS

A meter deposit (in addition to the water connection charge) shall be made with the District for water service by any applicant desiring service before said applicant may receive such service. The amount of such meter de-

posit shall be an amount equal to the minimum monthly charge for the size of service applicable to the applicant (i.e., \$4.00 for 3/4-inch service, said \$4.00 deposit, together with the \$11.00 connection charge constituting the total payment of \$15.00 made by each applicant for a water connection) provided that a meter deposit of \$20.00 shall be required with reference to water service to any house trailer. A separate meter deposit of \$10.00 may be required of any tenant who applies for service after construction is commenced. Such deposits, less any unpaid charges, shall be refunded to such customer, his heirs or assigns, whenever such customer notifies the District legally to disconnect or terminate service to such customer.

SECTION 11. LIABILITY FOR CONNECTION CHARGES AND RATES.

Connection charges, where applicable, shall be the personal obligation of the party who signs the "Application for Service" and same shall include both property owners and tenants who sign such applications. All water charges, other than connection charges, shall be the personal obligation, collectible by law, of the occupant of the lot, property or building receiving the benefits of such use and service so long as the same continues, and the satisfaction of the liability by any party shall be a discharge of the liability for which the payment is made.

SECTION 12. MULTIPLE USERS.

Where two or more tenants or occupants (of different rental units) of property are served by a single water meter, the water rates and charges shall be the personal obligation, collectible by law, of the person or persons who apply for such service and, where applicable, make the required deposit. Such occupants may each obtain a separate meter, and in the event that such multiple unit property is served by a single meter, each of such occupants shall be billed his proportionate (to the number of users and not to the quantity used) share of the water charges applicable to such property, and each shall constitute a separate user and be billed accordingly, and in any event, not less than the minimum rate(s) herein prescribed. The computation of the water consumption above the amount allowed in the minimum bill to such water users shall be made the same as if only one customer occupied the entire property; provided, however, that a motel may be billed through a single water meter, according to the applicable water rates for the amount of water so consumed.

Any customer may file an application for a separate water meter, and upon payment of the applicable connection fee and deposit therefor, the District shall install a separate water meter for such

applicant, in which event such applicant will be billed at the water rate applicable to the usage of water recorded by such separate meter.

SECTION 13. REVISION OF RATES.

The schedule of rates and charges prescribed in this Resolution shall be revised from time to time, and whenever required shall be increased, so as to produce income and revenues from the waterworks system adequate to comply with such covenants and agreements as may be made by the District in connection with the revenue Bond Issue financing referred to herein.

SECTION 14. BILLING; COLLECTION; PENALTIES.

The rates or charges aforesaid shall be billed monthly on or about the first of each month, and all bills for such service shall be considered due and payable ten days after rendition. If a bill is not paid as aforesaid within such ten-day period, there shall be imposed a penalty on each bill not so paid, in an amount equal to ten percent (10%) of the charges (other than sales tax) shown on the face amount of said bill not so paid. If a bill is not paid within the first thirty-day period after said due date, the charges shown on such bill shall be deemed delinquent, and the attorney for the Water District is hereby authorized and directed to enforce and collect any such charges remaining delinquent for a period of thirty days. If the deadline date falls on a Sunday or legal holiday, the bill shall be deemed to be timely paid on or before the next secular day thereafter.

SECTION 15. DELINQUENCY; DISCONNECTION OF WATER SERVICE; RECONNECTION; RE-ESTABLISHMENT.

If a bill is not paid after remaining delinquent for thirty days, the Superintendent of the waterworks system shall thereupon turn off the water of such user according to the current practices existing at the time of the turn-off for water delinquents and may further enjoin use of the water facilities of the District by said customer until payment in full is made. If the deadline date falls on a Sunday or legal holiday, such deadline shall not expire until the next secular day thereafter. If water service is disconnected by the District by reason of delinquency in the payment of any water bill, reconnection of such service shall not be made until the owner or user pays all charges and penalties owed, plus the amount of Eight Dollars (\$8.00) as a disconnection and reconnection charge. If water service is discontinued at the request of the water customer at a time when such customer is not delinquent in the payment of any charges, then reconnection of such water service shall not be made until the customer

pays all charges and penalties owed plus the amount of Eight Dollars (\$8.00) as a re-establishment charge.

SECTION 16. DEPOSIT IS NO EXCUSE FOR DELINQUENCY.

The foregoing provisions are intended to and shall apply regardless of the availability of any initial deposit required by this resolution.

SECTION 17. RECORDS AND AUDITS.

The rates, rentals and charges for the use of and services rendered by the District waterworks system shall be billed and collected by the District, and the full amount of the proceeds for such service shall be deposited as received and set aside into the appropriate fund as the Superintendent of the system may designate, but subject to any different designation which may be made in any proceeding relating to the issuance of Revenue Bonds. The records of the District with respect to charging, billing, collecting and accounting for water service shall be audited at least once each twelve months by an independent certified public accountant, and a report thereof shall be filed with the Secretary of the District, or shall be filed in such manner and at such other time or times as may be provided in any resolution or proceeding of the District relating to the issuance of Revenue Bonds. The cost of such audit shall be classified and paid as an expense of operation and maintenance of the District waterworks system.

SECTION 18. SEVERABILITY.

If any clause, provision, paragraph or section of this Resolution be ruled void or unenforceable by any court of competent jurisdiction, the remainder thereof is intended to be adopted and shall be in full force and effect notwithstanding.

SECTION 19. ALL FORMER PROVISIONS REPEALED; EFFECTIVE DATE OF RESOLUTION.

All District resolutions, orders, motions, or parts thereof, insofar as same may be in conflict herewith, are repealed, and this Resolution shall take effect from and after its adoption, approval, and publication as provided by law, except that the rates herein prescribed shall be effective on the respective dates herein provided. Adopted and approved on this 16 day of May, 1969.

Hayes Named Trainer Of Morehead U. Teams

Roger M. Hayes, of Betsy Layne, has been named trainer of athletic teams at Morehead State University.

Hayes, 21, who will be graduated from MSU in August, served as assistant trainer during the 1966-'67 term and as a manager in 1966-'67 and 1967-'68.

Son of Mr. and Mrs. John Hayes, of Betsy Layne, the new trainer will be employed as a graduate assistant in the athletic department after starting work on his master's degree in September. Now acting trainer, he is a 1965 graduate of Pikeville high school.

A former vice president of the MSU Student Council, he is a member of the Varsity "M" Club and founder of the Tau Kappa Epsilon social fraternity chapter at Morehead State.

As trainer, Hayes will be responsible for physical conditioning of MSU athletes engaged in intercollegiate competition. His duties start Sept. 1.

Wayland Club Holds Installation of Officers

The annual installation breakfast of the Lackey-Garrett-Wayland Woman's Club was held recently at the home of Mrs. Earl Castle, of Estill. Mrs. Joseph W. Justice, of Pikeville, Seventh district governor of the Kentucky Federation of Women's Clubs, was present to conduct the installation of officers for the coming club year.

Mrs. Justice pointed out that it was a time of rededication and commented that the "quality of the organization is determined by its leadership."

Officers installed were: President, Mrs. Mervil Dixon; first vice president, Mrs. Hansel Bradley; second vice-president, Mrs. Milton Trusty; recording secretary, Mrs. Jane Burge; corresponding secretary, Mrs. Otto Martin; treasurer, Mrs. S. M. Martin. Mrs. J. C. Wells and Mrs. Charles Ray Martin stood in for Mrs. Trusty and Mrs. S. M. Martin, who were absent.

Guests present were, besides Mrs. Justice, Mrs. Margaret Sherman, Beckley, West Virginia; Mrs. N. D. Howard, Pikeville; and Miss George Ann Kipp, Milford, Ohio, houseguests of Mrs. Otto Martin. Members present were Mrs. James Burge, Mrs. M. M. Collins, Mrs. Charles Ray Martin, Mrs. James E. Martin, Mrs. J. C. Wells, Mrs. Earl Castle, rs. Felix Coburn, Mrs. Hansel Bradley, Mrs. Marie Mullins, Mrs. Mervil Dixon, Mrs. Alice Hornsby, Mrs. J. T. Spillman and Mrs. Otto Martin.

BETSY LAYNE

The Betsy Layne-Stanville Progress Club held its regular monthly meeting July 8 in the recreation room of the Betsy Layne Volunteer Fire Dept. building. Harold Conn presided as chairman in the absence of the president and vice-president. Topics discussed were the possibility of remodeling the school lunchroom, incorporation of the town, and an athletic field for the communities.

Alonzo Ferrell, of the Big Sandy Community Action Program, was guest of the club, and discussed ways that his program could aid communities wanting to improve.

The treasurer's report was given by Mrs. Clara Allen, who also announced that Beckham Caldwell won the lawnmower given by the club in the membership drive. At the conclusion of the meeting the group enjoyed watermelon donated by the president, Darvene Conn.

The next meeting will be held August 12 at 7:30 p.m. in the recreation room of the Volunteer Fire Dept. building.

KEA Intervention Voted In Pike School Case

The Kentucky Education Association (KEA) board of directors has voted to intervene as a friend of the court in the case of 11 Pike county educators whose job assignments were changed or ended after a new superintendent took office on July 1.

In addition, the KEA board endorsed the 11 men's request for financial assistance from the Du-Shane Emergency Fund of the National Education Association (NEA) in Washington, D. C. The request also has been endorsed by William Justice, president of the Pike County Education Association (PCEA), and the PCEA board.

The 11 men, represented by Pikeville attorney Francis D. Burke, filed suit in Pike circuit court July 11 against the new superintendent, Tilden Deskins, school board chairman, Utan Childers, and school board members, Gifford Varney, Russell Johnson, John J. Ward, and Russell Gooslin.

They contend that the board

unlawfully declined to approve an April recommendation by now-retired superintendent Claude Farley that they be re-employed in their present positions. They charge that the board deliberately delayed action so it could wait until Deskins replaced Farley and made different recommendations.

The 11 plaintiffs are C. V. Snapp, Arson Justice, James T. Dotson, Robert Dye, Joe B. Elswick, Phenix Potter, William S. Risner, Woodrow Maynard, William R. Clevinger, Aubrey Taylor, and Gether Irick.

**Joseph P. Meade, 36,
Betsy Layne Native,
Succumbs in Michigan**

Joseph P. Meade, 36, of 9202 Green Road, Goodells, Michigan, was dead on arrival, July 3 at Yale Community Hospital of an apparent heart attack. He was stricken in Emmitt, Michigan.

Born in 1934 at Betsy Layne, he was a son of William and Pearl Meade, now of Prestonsburg. Mr. Meade was an employee of Floyd Motor Company, Sterling Township Stamping Plant. He was married to Orena Dunmore, Jan 13, 1957 in Ypsilanti, Michigan.

Survivors are his widow, a son, Philip J., and three daughters, Denise, Andrea and Virginia, all at home; his parents; two brothers, Charles T. Meade, Jacksonville, Fla., and Claude E. Meade, Morehead, Ky., and four sisters, Mrs. Ernest Sanders, of Weeksbury, Mrs. Mitchell Burke, Taylor, Mich., and Mrs. Roger Marshall, of Morehead.

The funeral was conducted July 7 from Lamb United Methodist Church by the Rev. Max D Weeks, pastor. Burial was in Lamb cemetery, Lamb, Michigan.

Extension News

Area Extension Specialist 4-H

Area 4-H Clothing Camp

Floyd county was represented by 10 4-H members at the Northeast Area 4-H Clothing Camp held July 14-15 at the Felner 4-H Camp. This camp taught the girls the fundamentals of the sewing project and was followed by an area judging contest. The top six members in both the junior and the senior divisions will represent the area in the state contest.

Lora Hopkins, of the Maytown 4-H club, was the top judge in the junior division, scoring 686 points out of a possible 800. She is the 11-year-old daughter of Mr. and Mrs. Eugene Topkins, of Eastern.

Elizabeth Ann Flanery, of Maytown 4-H Club, finished fifth in the junior contest and will also represent the area in the state contest.

Deborah Hicks, Garrett, was fourth in the senior contest and will take part in the state contest.

Three Floyd county 4-H mem-

bers were selected as alternates to the area team. They are Susan Compton, Maytown, first alternate junior division; Reva Duff and Myra Green, first and second alternates in the senior contest.

Other Floyd county members attending were Glenna Robinson, Danise Conley, Iris Hicks and Georgia Gibson.

The state judging contest will be held August 15 as a part of the State Fair activities.

4-H FOOD JUDGING CAMP

Floyd county was represented by eight 4-H club members and two leaders at the Area 4-H Food Training Camp and judging contest.

These members received training conducted by the area extension foods agents, Miss Carol Lee Bailey and Miss Patricia Peck; Kathy Dillon, Linda Spradlin, Naomi Conn, Judy Stewart, Buelah Patton, Janie Bailey, Brownie Hall, JoHannah Bush.

Leaders assisting with the camp were Mrs. Sid Bailey and Mrs. Polly Martin, of the Maytown 4-H Club.

MOST GO STRAIGHT

Parolees going straight the first year after their release from Kentucky prisons exceed the national average by nine per cent — 80 to 71—says a study by the National Parole Institute. Kentucky's record was attributed to in-service training and a low caseload for probation and parole officers, who average 34 to 35 cases compared with a national average of 50.

TO TOUR MANSION

Now that the executive mansion at Frankfort has taken on the elegance and charm befitting the home of a Kentucky governor through the renovative effort of the first lady, Mrs. Louie B. Nunn — as told and shown in a recent newspaper article — it might be well to recall that:

Mansion visiting hours are from 9 to 11:30 a.m. Tuesdays and Thursdays except when functions of state are scheduled. Tour guides may be had by applying at the information desk in the Capitol lobby.

ACTION NOW

The Kentucky Water Pollution Control Commission took steps to speed procedures against polluters by delegating to its chairman, Natural Resources Commissioner James S. Shropshire, the power to initiate legal proceedings between regular commission meetings.

It was said this could reduce the time it takes to issue a commission order by two months.

DERBY FILMS?

Ten-minute films of the 1968 and 1969 Kentucky Derbies that make excellent program material for civic club meetings are available at the Department of Public Information, Frankfort, says Commissioner W. James Host. This year it was Majestic Prince by a neck over Arts and Letters and the fast-closing Dike. In 1968 it was Dancer's Image and Forward Pass.

THE GOVERNOR SAYS

Governor Nunn told the American Legion in state convention at Owensboro that the American revolution has never ended, that if the American way of life is to survive, we must win on two battlefronts, both in Vietnam and in men's minds.

He chided "Cowards who hide behind anti-war placards" and declared only the "decent majority of youth and adults can keep the flame of Americanism alive" by being more vocal and willing to stand up and be counted for what they feel is right.

An Open Letter

Dear Floyd Countians:

You are being asked to decide if the sale of alcoholic beverages will be legal in Floyd county. Some sources tell us the "Wets" will win by a margin. If this is true (I do not believe it), I offer these suggestions as to how Floyd county can increase its share of tax dollars.

My first suggestion is that an open invitation to all drinkers be placed in surrounding dry counties. In it, Floyd county would become a haven for the "Brothers of the Bottle." Also, large billboards could carry this message. "Welcome all drunkards and social drinkers. We will gladly relieve you of your hard-earned money your family needs." This will attract much business.

Secondly, I recommend that any law blocking teenagers from drinking be ignored. Teenagers form a large part of population and we are only interested in Tax Money. If a teenager becomes an alcoholic, we must consider progress. Think of the Tax Money!

Thirdly, drunks are to be treated with respect. Any Floyd countian who insults a drunk should be put in jail. The drunk you step over is a customer who buys whiskey and beer.

Now let us turn to this thought: If the collected taxes will pay for the increased police force (highly unlikely) the remaining portion should be spent on a institution to treat alcoholics. If they are going to buy the whiskey and beer to give us tax money, we owe them something.

Yes, Utopia is just around the corner.
