

Democrats Sweep Floyd, Score Heavily Over State

Leslie, Hall Win Principal Races In Floyd County

On the face of unofficial returns every Democratic candidate for office in this county was elected Tuesday, and the party's sweep continued to other sections of the state.

The vote count was delayed Tuesday night as two election commissioners, Ellis Martin and Sheriff Lewis, were unable to be present for the tabulation. Certifying of the vote was completed Wednesday morning, but the official totals had not been made available at that time.

In this county only one race had any element of suspense. That was in Magisterial District 4 where Denzil Ray Hall, Democrat, has apparently defeated Fred Newsome, Republican, for Magistrate by 23 votes.

Newsome filed Wednesday morning for a recount of the vote in the 10 precincts of the district.

Frank Leslie, Democrat, easily won the Floyd Sheriff's office over Mrs. Eva Collins, Republican. His lead exceeds 2,000 votes and may be as high as 2,400.

No other Democratic candidate for county office had opposition. In legislative District 95 Democrat T. P. (Tim) Reynolds won for Representative over Elmer Furguson, Republican.

The voting over the county was light, with a total of only 8,066 ballots cast. This was about 4,000 fewer votes than were cast in the super-heated primary last May.

Reports from Knott and Magoffin county say that John Chris Cornett, Hindman Democrat, has lost the office of circuit judge to Ben Mann, who was an independent candidate. In Pike county Democrats made a sweep similar to that recorded here. Among the casualties were Circuit Judge Lowe and County Judge Pauley.

Johnson county Republicans won in traditional fashion.

Wells and Crace Again Arrested In 'Repeat' Raid

The third raid on an Auxier road place of business in the last few weeks resulted in the arrests last Thursday of two men, both of whom had been taken in previous searches.

William Riley Wells, Jr. and Bill Crace were again booked at the county jail on liquor possession counts by Sheriff Joe W. Lewis, Deputy Sheriff Bill Hall and an ABC agent. They later executed bond.

Sheriff Lewis said eight half-pints of whiskey and a small quantity of beer were taken—some from a car, the remainder from beneath a soft drink case at the corner of Wells' building which, he claims, he had leased to Crace.

Two raids Sunday resulted in the arrest of Ballard Johnson at Minnie and Danny Newsom at Teaberry. Both were booked for possession by Deputy Sheriffs Denver Newsom, Claude Flanery and Bill Hall and two ABC agents.

Others booked at the jail within the week:

Kenneth Ray Spears, destroying private property, arrested by Sheriff Lewis; Estill Crace, Jr., drunk driving, by State Trooper Leman Bevins; Claude Isaacs, no operator's license, by Trooper Gary Rose; Bobby Ray Kinder, drunk driving, by State Trooper Michael Angel; Henry Clifton, speeding, by Policemen Sam Hale and Girvin Waddle; Ora Davis, driving while under the influence of alcohol, by State Trooper Flora.

One Section Here Classified Higher For Fire Insurance

The Kentucky Inspection Bureau has notified insurance companies and their representatives that the area commonly known as the Goble-Roberts Addition to Prestonsburg is to be rated for 10th class insurance rates, although all other parts of Prestonsburg are in the lower Class 7.

It was explained that the higher rate for the Goble-Roberts area remains because it is "mainly inaccessible at this time to adequate fire department response," being accessible only over "a long, unimproved, temporary road... or by a suspension bridge of inadequate capacity for fire apparatus."

Water mains have been extended to the Goble-Roberts Addition and fire hydrants have been placed. It is expected that the rate for that area will be lowered upon completion of the bridge now under construction across the Big Sandy to connect the Addition with US 23.

Report on Martin School Sparks New Controversy

A committee representing the Floyd County Board of Education told a delegation of Martin citizens at Saturday's board meeting that the estimated \$694,000 cost of a new elementary school at Martin makes the project unfeasible, and suggested, instead, the renovation of the present high school and construction of a six-room addition to it to serve elementary pupils.

That touched off a resumption of the months-long argument between Martin's Save-Our-School organization and the board.

The committee report, signed by two of its members, Superintendent of Schools Charles Clark and Assistant Supt. Wayne Ratliff, pointed out that funds required for the construction of a new building are not available now and that, since the board is already committed to the construction of a new high school at Eastern, "we cannot foresee that the \$694,000 required for the proposed elementary school building will be available in the foreseeable future."

The report said that renovation of the high school at Martin and an addition of six new rooms would make 18 classrooms available for elementary school purposes there. The present elementary enrollment there is now 562.

Superintendent Clark said the proposed renovation work and the six new rooms would cost \$324,727 if recommendations of George Lee Shannon, architect, are carried out. It was indicated renovation cost, however, would be less than the \$200,000 suggested. Mr. Shannon was the third member of the committee named by John M. Stumbo, board chairman, to study feasibility of a new elementary school at Martin.

The committee added that construction of the Eastern school "is much more important now and for the future than it has ever been in the past," since it has become obvious that with the present enrollment trend in the four high schools on Right Beaver Creek all four will, within a short time, become emergency high schools because of limited enrollment.

The report admitted that there is immediate need for elementary classrooms at Martin but expressed the feeling that the board has done all in its power to alleviate the situation. It

suggested that the architect be authorized to start his design for the new addition when the plaintiffs "in the litigation which is delaying construction of the new high school at Eastern officially, through their attorney, ask that all pending cases be dismissed."

The Rev. Lorie Vannucci, a member of the Martin delegation attending Saturday's board meeting, later commented:

"We say there is no relation between the high school and the emergency need of a grade school at Martin. Our children need a grade school—that is what we are interested in, right now."

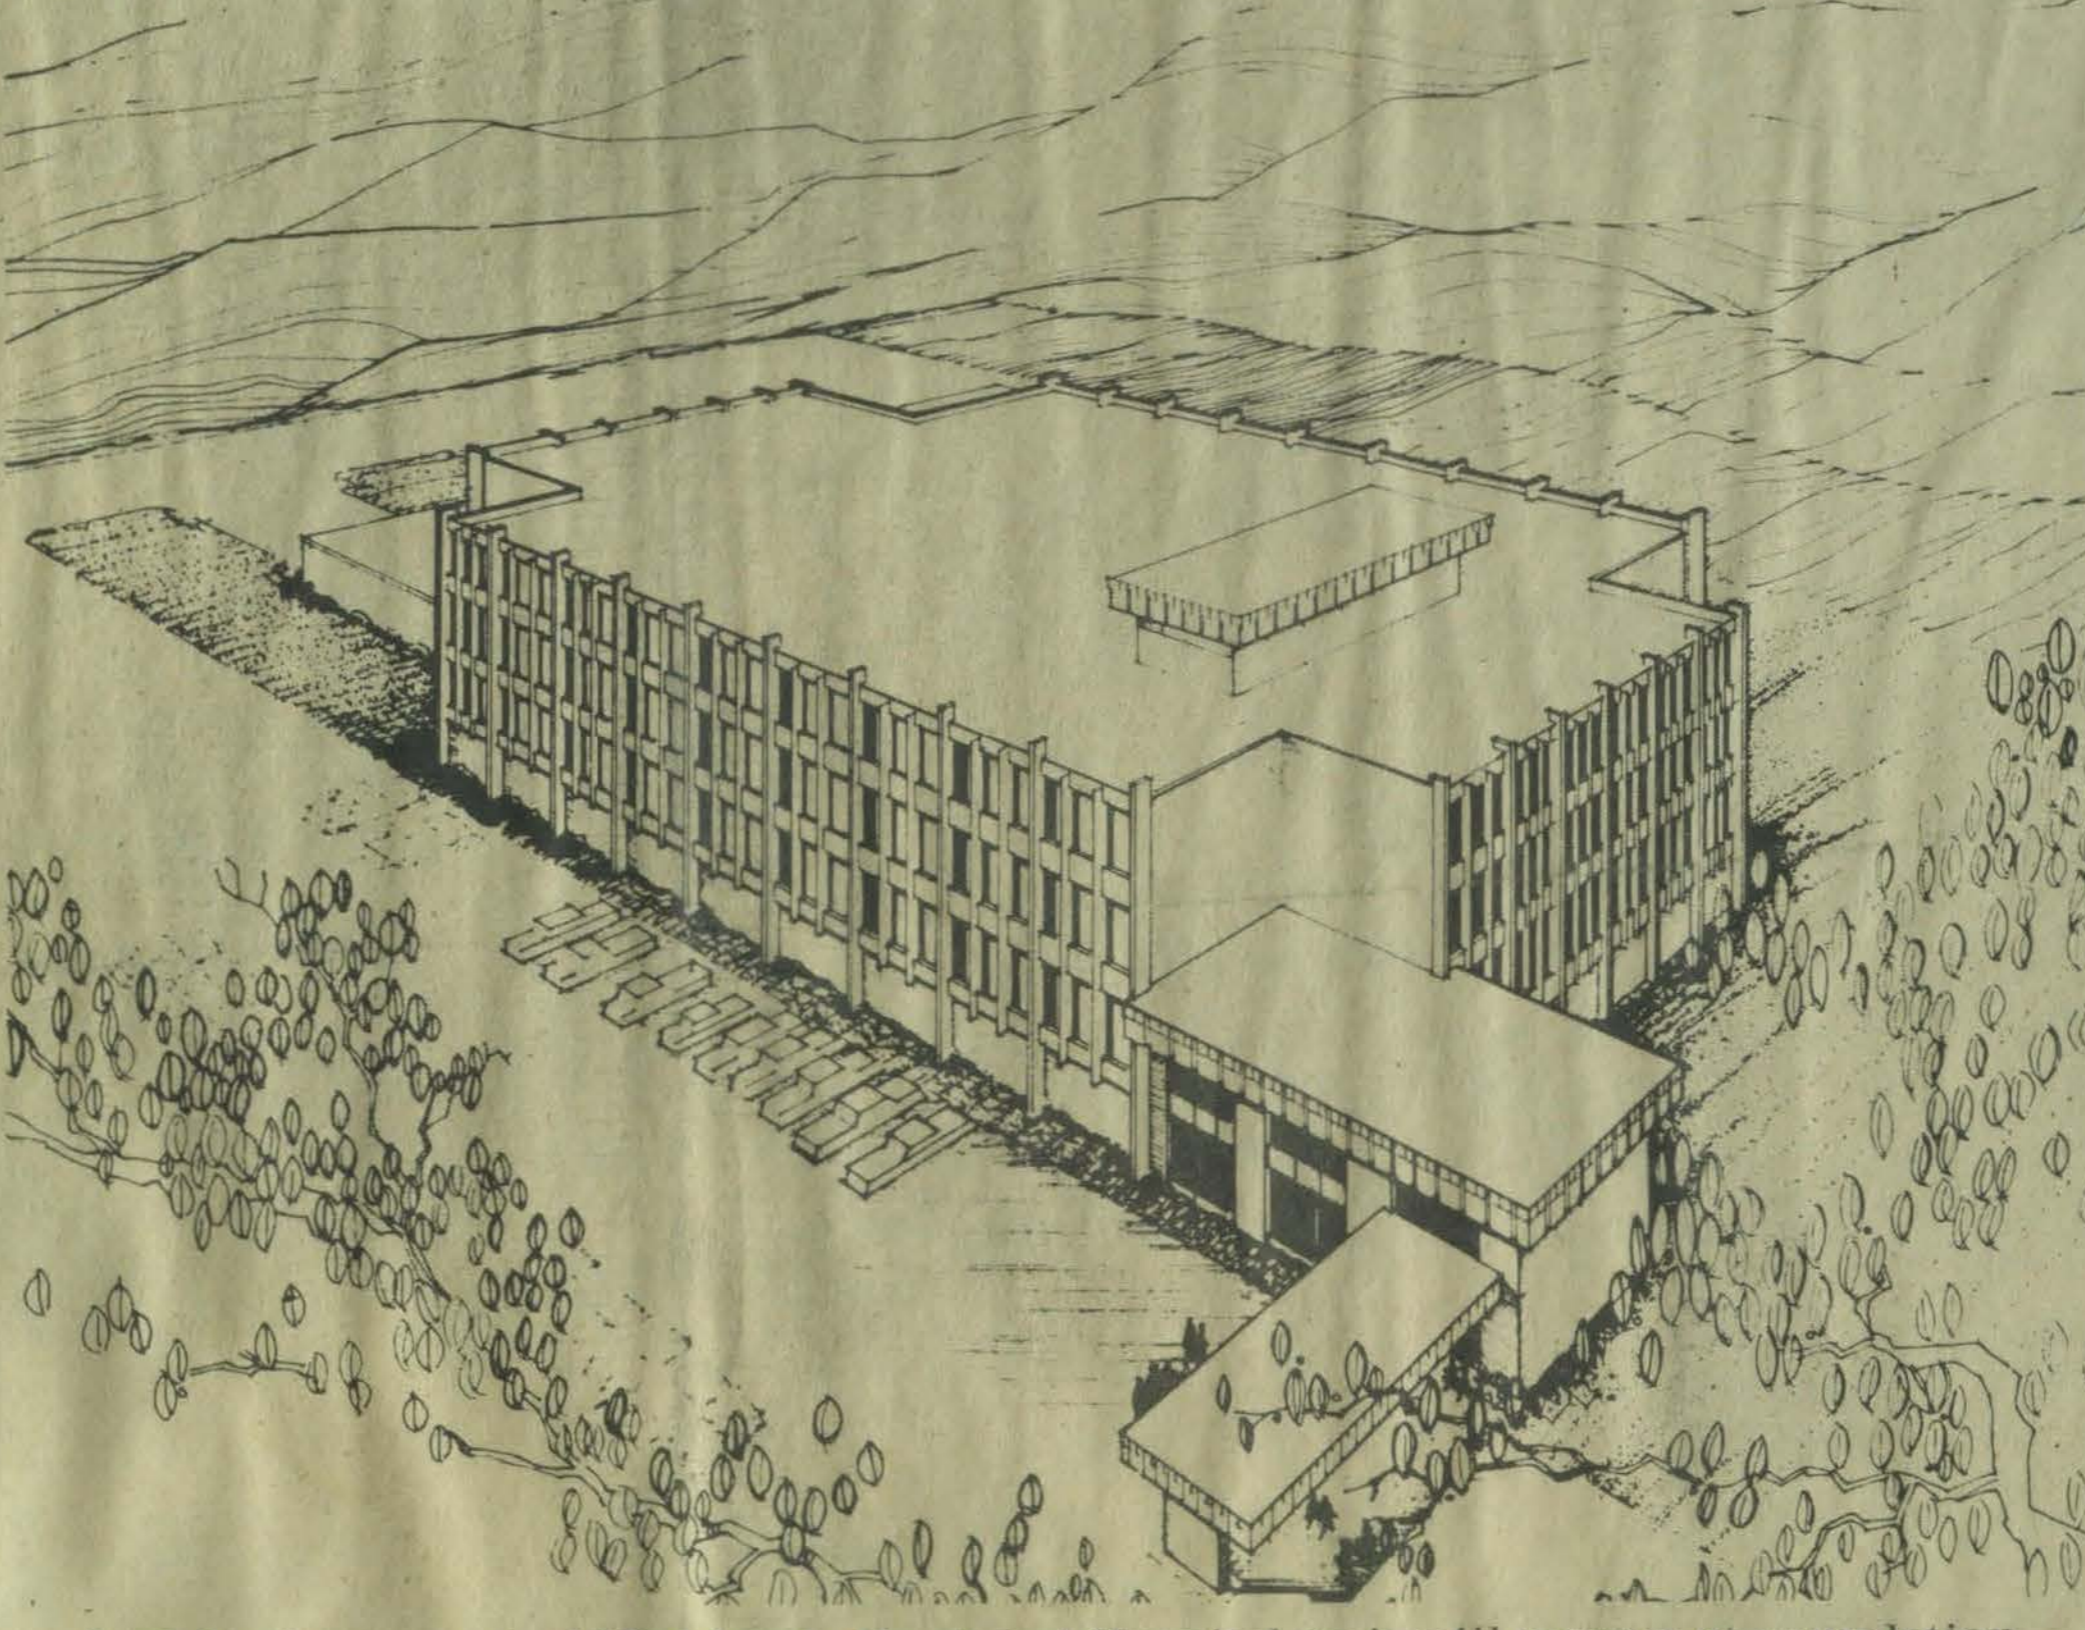

He said that none of the six trailer-classes in use at Martin have bathrooms and that the first grade, composed of 65 pupils and three teachers, have only one bathroom. This classroom space is in the Masonic building.

"We are not fighting construction of the Eastern school," he added. "We did not bring suit to stop construction. What we are waiting for is to see if the law will require the maintenance of a high school at Martin as directed by the circuit court order of 1939. Till a judge rules otherwise, we are contending that a high school should remain in Martin. When a court holds that it should not be we will comply with the law as good citizens."

Superintendent Clark said, "We are going to start the school at Eastern as soon as the stream pollution case is decided by the Court of Appeals."

The committee report noted that "judgment must be made from time to time regarding expenditure of limited school funds, and the Board of Education feels strongly that they cannot permit local citizen groups to substitute their judgment for that of board members and professional educators." It pointed out that the State Department of Education Facilities Report of 1961 and amended report four years later made a strong recommendation for the new consolidated high school at Eastern.

At Saturday's meeting the board complied with the committee suggestions by authorizing Sup. Clark to begin work preliminary to the six-room addition at Martin.

Threat of Fund Cutoff For Health Program Fades

The threatened suspension of funding of the giant Comprehensive Health Program, now going into its third year in this county as a pilot venture, did not materialize, and the work continues without curtailment, Dr. Russell L. Hall said Monday.

The financing threat came two weeks ago when a new contract had not been signed with the Big Sandy Community Action Program. Harry Eastburn, Big Sandy CAP director, said Monday that a contract has since been signed, but Dr. Hall, director of the health program, insisted he had signed no pact with CAP.

Dr. Hall said similar programs over the country have suffered rather deep cuts in financing but that the reduction in funds to the Floyd county program is very light. This statement was made, shortly after his return here from Washington.

Mr. Eastburn said the Personnel and Finance Committee of Big Sandy CAP has asked that an evaluation be made of the Comprehensive Health Program in this county.

He said the evaluation study will perhaps be made Friday by Lawton Allen, auditor, Glenn S. Anderson, Floyd member of the Big Sandy CAP board, Lynn B. Frazer, state OEO director, and Anford Alexander, assistant state OEO director.

Perkins Says Cutback Leaves Adequate Funds For Regional Highways

Besides scoring Republican leadership and calling on the voters to elect Democratic officials, Congressman Carl D. Perkins briefed his audience here Saturday on matters of general interest.

He announced the final approval of funds for the Highlands Hospital, near here, told of his correspondence with Governor Nunn since the latter declared war on OEO programs, discussed "black lung" legislation and the prospects of the Appalachian road system in the face of G. O. P. cutbacks.

Congressman Perkins said there are ample funds to keep the Appalachian highway program on schedule. He termed any slowing down of that program "false economy." He predicted the House will vote a 15 per cent increase "across the board" for social security in the next two weeks but would not hazard a guess as to what the Senate will do. Perkins added that he will ask the Ways and Means Committee this week to provide Medicare benefits for the disabled under social security. He said he is seeking to get beneficiaries age 60 freed of reductions in benefits. (At this time reductions are made on beneficiaries at age 62.)

"This fellow Nunn—it's difficult for me to understand him," the Congressman said, recounting the governor's opposition to so-called poverty programs, including Head Start, the Job Corps and the Neighborhood Youth Corps. Governor Nunn, he said, has asked for a hearing on OEO and related subjects. Perkins said he has told Nunn he may appear in the second or third week of November.

"They don't want hearings—they want to confuse the people," Perkins said, referring to Nunn and Rep. William Scherle (R. - Ia.) who have asked an opportunity to testify before the committee headed by Perkins.

Of the "black lung" section in the mine safety bill which has passed both Houses of Congress, Perkins said Democrats succeeded in having that part of the bill retain the retroactive provision.

Board Initiates Training Program For the Educable

The Floyd County Board of Education at its Saturday meeting took the first action to put into effect a plan to establish in each of its larger schools a class for educable children.

First of these classes for handicapped children will begin Nov. 10 at Clark elementary school, where Edith I. Hopkins was employed as teacher. Title I funds make the program possible, and other classes will be formed as rapidly as possible, it was said.

The board authorized funds to be advanced school lunchroom reimbursements against the arrival of federal lunch funds, and approved the 1969-70 teachers' salary schedule.

The high bid of \$300 made by Eugene Shepherd for the Shepherd school building and the high \$535 bid of Minerva Arnett for the Big Branch school grounds were accepted by the board.

In other actions the board employed, on the superintendent's recommendation, Sarah Shepherd and Katherine Lee Johnson as substitute teachers; Wayne Patton as regular bus driver at McDowell, and Ursal Wilcox, Harold DeRossett and John Wallen as substitute drivers. Charles Hall was employed as garbage man at the Melvin school.

VISTA Agrees to Controls, Work in County Continues

The work of VISTA will continue in Floyd county, now that the organization has accepted terms imposed by the Big Sandy Community Action Program's board of directors, Harry Eastburn, director of Big Sandy CAP, said Monday.

The CAP directors several weeks ago voted to require VISTA to accept supervision from CAP and to work under Community Action Program regulations. VISTA's acceptance of

these requirements saved the program from almost certain curtailment of OEO funds.

"We feel," Mr. Eastburn said, "that with proper supervision VISTA can be a good program. If we find that they will not abide by the prescribed regulations, the program will probably have to be discontinued."

VISTA (Volunteers in Service to America) has concentrated its work mainly in the Mud Creek section of the county.

Hospital Contract Set, Dec. 2

EDA Funding Told By Perkins Here; Bids Being Asked

The Highlands Regional Hospital, scheduled for construction between Prestonsburg and Auxier, last week won the final go-ahead, and this week the \$5 million-plus project was advertised for contract-letting, Dec. 2.

Announcement of final federal approval of the project was made here Saturday by Congressman Carl D. Perkins while speaking at a Democratic rally. Perkins paid tribute to the leadership and vision of Dr. George P. Archer in heading the move for the hospital which the Congressman described as "one of the greatest improvements to come to Eastern Kentucky."

(The Congressman made no mention of his own contribution to the hospital cause. Without his help, Highlands leaders said, the project would have been bogged down or lost.)

The move for the new five-story hospital began in 1965 with the filing by Chalmers H. Frazier, administrator of the Prestonsburg General Hospital, of a letter of intent, looking toward organization of the hospital as a non-profit institution. In 1966 the non-profit Highlands Hospital Corporation was formed.

Later, \$11,300,000 in Hill-Burton funds were approved for the venture. This year, a drive for local funds added \$150,000.

Meanwhile architects were preparing plans, which finally passed Health, Education and Welfare (HEW) inspection. This done, EDA approved last week a grant of \$2,818,400 and a loan of \$1,126,600 for the hospital.

If bids to be opened Dec. 2 are within the cost estimate, it is possible that work on the hospital will begin by year's end. Completion is scheduled by 1972.

The 150-bed hospital will be located on a 23-acre tract, and it is designed to supply six separate services: medical, surgical, obstetrical, pediatric, physical medicine and psychiatry. In addition to 100 acute general hospital beds, it will have four beds for coronary care, four for intensive care, a six-bed recovery room and 50 beds for extended care.

"We envision," Dr. Archer said, "a comprehensive health program at the new hospital complex—a program that will really meet the needs of the people, meanwhile working with other health resources of the community and region."

He added that the hospital will work with the University of Kentucky Medical Center and Prestonsburg Community College in the development of a regional and community program. "We are presently planning with Dr. Campbell (director of Prestonsburg Community College) training in health careers," he said.

The hospital will employ 350 persons, exclusive of the medical staff, and will have a payroll of about \$1,350,000 a year.

Exterior of the hospital will be of prefabricated concrete panels similar to those being used in the construction of the new Academic building on the Prestonsburg Community College campus, except for the one-story lobby which will be of brick.

The hospital will include three major operating rooms and two minor operating facilities, a communications hookup with ambulance and emergency services and the state police, a special recovery room with emergency lifesaving equipment, a pressroom and information facility.

The entire structure will be air-conditioned and centrally heated.

Planned to serve Floyd, Martin, Johnson and Magoffin counties, the facility is designed to bring the most modern hospital services to an area of 100,000 population.

This Town . . . That World

OOPS! November — when the hills hereabouts do their strip-trees act.

APOLOGY Things have hummed around here in recent weeks till I'm beginning to think the motor's stuck. Things have come to such a pass that my loafing friends have begun to feel unwelcome. I miss palaverin' and jawin' with them, but till matters take a turn for the better we'll have to let some other brains settle the fate of the rest of the world.

This is my birthday, and I'm celebrating — whoopee! — by trying to rout out of a dry think-tank a few ideas for this column.

VOTER EDUCATION I may have been the only person around here who thought Election Day parking was for free. If anybody shared my delusion, he or she perhaps has learned better by this time. Anyway, I boldly parked at a parking meter and sauntered away without feeding it. Now I know: Election Day is when you vote one ticket and they hand you another that you can't feed to a ballot box.

COMING UP A few more weeks of this, and the seed catalogs will rate my best-seller list. Nothing like a roaring fire to sit beside, and have a bed of flowers in front of you, on one page, and a red-ripe watermelon on the other.

Joe Creason tells in his Courier-Journal column of the golfer who swung mightily, undercut the ball and sent it soaring, up, up, almost straight up and far, then yelled: "Fore, Lord, fore!"

CONVERSATION: Small boy to small girl: Are you the opposite sex, or am I?

Teenage boy to teenage girl: What do you mean, I'm "not spiritual"? I bowl in three church leagues.

NYC Program in County Gets \$151,910 for 1969-70

The Department of Labor has extended its Neighborhood Youth Corps with the Floyd County Board of Education for the 1969-70 school year, it was announced here recently.

Superintendent of schools Charles Clark said the gross cost of this program will be \$151,910, with the Department of Labor furnishing \$134,160.00. The remaining \$17,750.00 will be provided in services by the Floyd County Board of Education. This is an increase of \$4,000 over the amount furnished by the federal government last year.

The number of enrollees in the Floyd program is 250. This is an increase of 35 over this time last year. And there are 108 people on the waiting list, with little chance of an increase in number. These enrollees are paid \$1.30 per hour, and are covered by workmen's compensation and social security benefits.

The enrollees work from 8 to 10 hours per week as teacher aides, library aides, clerical aides, custodial aides, lunchroom aides, and hospital aides.

To be eligible for the Neighborhood Youth

Corps Program, a student must be from a low-income family, be making normal progress toward graduation, be of good conduct and willing to upgrade themselves in getting ready for future employment. N. Y. C. money must not be used for gasoline, pinball machines, gambling, playing pool, or for buying alcoholic drinks, it is emphasized.

The N. Y. C. enrollees are expected instead to use their income to buy lunches, care for personal appearance, pay dental bills, and buy textbooks and any other school supplies needed.

Estill Hall, director of the N. Y. C. program, lists the following as accomplishments of the enrollees: improvement in personal appearance, conduct, attitude toward work, better grades and school attendance, and a desire for further education after high school.

Another improvement is that more enrollees are taking typing, bookkeeping, shorthand, and other vocational classes. This is made possible by these students now having the money for typing dues and other vocational class costs.

Leake Promoted To Full Colonel

John Leake, former Floyd countian, was recently promoted from Lt. Colonel to full Colonel in the Army reserve. He is associated with the finance and loan department of Prudential Life Insurance Company in Charlotte, N. C. A graduate with the 1937 class of Prestonsburg high school, he attended Alice Lloyd College and was a graduate from the University of Kentucky. Mr. Leake is a nephew of Mrs. Henry Stephens, of Prestonsburg.

MRS. MULLINS, 85, VICTIM SATURDAY AT BEVINSVILLE

Mrs. Nannie Jane Mullins, 85, died Saturday at her home at Bevinville. Born May 9, 1884, she was a daughter of the late Bud and Lucy Tackett, of the Mud Creek section. She was married to Harry Mullins, who preceded her in death in 1965.

Survivors include five sons, Jerry Mullins, of Delaware, O., Andy and Hilbert Mullins, both of Bevinville, Melvin and Duval Mullins, both of East McDowell; two daughters, Miss Elmore Mullins, of Bevinville, Mrs. Mallie Brown, of Langley; a brother, Marion Tackett, of McDowell; 30 grand-children and seven great-grandchildren. Funeral services were conducted Monday morning at the Little Rock Regular Baptist church at Halo, of which she was a member, by ministers of that church.

Burial was made in the Andy Mullins cemetery there under direction of Merion Funeral Chapel.

ORDINANCE NO. 9-69

AN ORDINANCE ESTABLISHING FIRE LIMITS IN THE CITY OF PRESTONSBURG, FLOYD COUNTY, KENTUCKY, AND PROVIDING FOR A PENALTY FOR VIOLATION OF THE ORDINANCE

WHEREAS, in the interest of the protection of life and property it is deemed advisable to limit building construction in the Business Districts of the City against the hazards of fire spreading from building to building, and

WHEREAS, the Kentucky Inspection Bureau has recently made a survey and evaluated the fire defenses of the City of Prestonsburg for the purpose of classifying the City for fire insurance rates and has recommended the establishment of fire limits,

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PRESTONSBURG, KENTUCKY:

SECTION I

For the purpose of this ordinance fire limits shall be established as being the same territory established under the City's Zoning Ordinance as "BUSINESS 1" (B-1) and "BUSINESS 2" (B-2) Districts, and any territory within the boundaries of such a business district as may be hereafter created, extended, changed or revised by subsequent amendment to said Zoning Ordinance.

SECTION II

Building construction within these districts shall conform to the Standards of Safety of the Division of Fire Prevention, Department of Public Safety, of the Commonwealth of Kentucky, which have been heretofore adopted by Ordinance No. — on April 2, 1969.

SECTION III

Any person, firm or corporation violating any of the provisions of this Ordinance shall be guilty of a misdemeanor and upon conviction thereof shall be fined in a sum not less than Ten Dollars (\$10.00) not more than Five Hundred (\$500.00) Dollars, for each violation, or confined in jail for not more than sixty (60) days, or both. Each day such violations exist shall, in the discretion of the courts, be considered a separate offense.

SECTION IV

This Ordinance shall take effect and be in force at the earliest date provided by law, after same has been signed by the Mayor, attested by the City Clerk, and published according to law.

Adopted October 16, 1969.

GEORGE P. ARCHER, M. D. Mayor City of Prestonsburg

ATTEST: JUDITH D. ARCHER Clerk, City of Prestonsburg, Kentucky

HAROLD RESIDENT, MRS. ESTA HALL, IS VICTIM FRIDAY

Mrs. Esta Mae Hall, 62, of Harold, died Friday at Methodist hospital, Pikeville, following an illness of two years.

Born August 27, 1907, she was a daughter of Dallas and Alice Burckett Layne, of Harold, and was married to Samuel Bryant, who preceded her in death in 1967. Mrs. Hale had been a member of the Harold Church of Christ for 35 years.

Surviving, besides her parents, are three sons, Sherlie N. Hale, of Betsy Layne, Woodrow Gene Hale, of Harold, Jackie L. Hale, of Louisville; two daughters, Miss Glema Hale and Mrs. Allene Hayes, both of Harold; a brother, Denver Layne, of Pikeville, and three grandchildren.

Funeral services were held Monday morning at the Harold Church of Christ, ministers of that church officiating. Burial was made in the Dallas Layne cemetery there under direction of Hall Brothers Funeral Home.

ABBOTT NATIVE, MISS CONLEY, 41, DIES IN CALIF.

Miss Mildred Jackie Conley, 41, of Costa, Calif., formerly of Prestonsburg, died there October 27, at the Orange County Medical Center.

Born August 30, 1928, she was a daughter of Mrs. Rosie Conley, of Big Branch of Abbott Creek, and the late Edgar Conley. She had lived in California for the past eight years.

Surviving, besides her mother, are three sisters, Mrs. Betty Jean Conley, of Toledo, O., Mrs. Angelina Todd and Mrs. Ann Whittaker, both of Ypsilanti, Mich., and a brother, Forrest Conley, of West Prestonsburg.

Funeral services were conducted last Friday afternoon at the Abbott Creek Community church by the Rev. W. D. Jagers. Burial was made in the Richmond cemetery, here, under direction of Floyd Funeral Home.

Scout Group Holds Fall Conference

Tomahaken Lodge, Order of the Arrow, held its fall fellowship conference at Lonesome Pine Boy Scout Council's Camp Shawnee on Dewey Lake, Oct. 24-26. Thirty-four boys and 12 adults from 10 Kentucky and three Virginia counties attended.

Purpose of the conference was to give members of the Order of the Arrow an opportunity to meet and discuss matters of mutual interest. A large part of the week-end was spent in training members in the purposes and ideals of the organization.

New officers elected at the conference are Marshall Weems, Pikeville, lodge chief; David Meade, Paintsville, first vice-chief; Richard Shelby, Jenkins, second vice-chief; Foster Taylor, Big Stone Gap, Va., treasurer; Mike Webb, Paintsville, secretary; Phillip Meade, Paintsville, Area 4G deputy chief.

Two of four adults inducted to the Order of the Arrow were Jimmy Spurlock and Richard Harmon, both of Prestonsburg. John Chidester, of Prestonsburg, was one of 12 boys inducted to Brotherhood membership.

Five members of the organization received the highest award given a member of the Order of the Arrow. Chosen on the basis of service and dedication to principles of the order were Arthur Leach, Prestonsburg Orloff Knarr, Jr., Jackson, Larry Coleman, Pikeville, Cliff Barnett, Hazard, and Tom Smitherman, Pikeville.

CARD OF THANKS

We wish to express our deepest thanks for every expression of kindness and sympathy extended us during the illness and passing of Henry Parsons. Especially do we want to thank all who sent flowers and food; the ministers, Roy Hall, Bob McKinney and Wayne Darnon, for their comforting words, the Hall Brothers Funeral Home, for its efficient services. Special thanks to Mrs. Hazel Stevens who stood by us and helped all through the illness and passing of our loved one.

The Family of Henry Parsons

Many handicapped workers are benefiting by technological advances in the modern working world, where skill means more than muscle. For example, a polio-paralyzed engineer runs a computer for Hughes Aircraft Company in California, although he works from a wheelchair and sleeps in an artificial respirator.

Mrs. F. K. Clagett, of La Mesa, California, formerly of Lackey, has retired after 21 years' Civil Service employment. The past 10 years, she was supply clerk supervisor at the Naval Supply Center in San Diego.

Her husband, Kin Clagett, formerly of Garrett, owns the San Diego Redwood Manufacturing Company. Mrs. Clagett is a daughter of the late Callie Reed. She and her husband live in this county.

Maytown News

Mr. and Mrs. Randall Gayheart and Randy, of Shelby, Ohio, were guests of her mother, Mrs. Bessie Patton, last week-end.

Mr. and Mrs. Stanley Ramey and Tim, of Alexandria, Ky., spent last week-end here and Eastern, visiting relatives.

Mr. and Mrs. Don Little and children, of Lexington, were week-end guests of her mother, Mrs. Triby May.

The Maytown school held its annual Hallowe'en carnival Friday night, preceded by a parade led by the band. Riding on a float were: King, Johnnie Mullins Jr.; Queen, Marita Hagans; Prince, Linville Martin and Little Princess, Pam Osborne.

Randy Click, of George Washington University, Washington D. C., visited his parents, Mr. and Mrs. Teddy Click, here last week-end.

Ory Bowling and Pat have returned home after a visit with relatives in Dayton, Ohio. Mrs. Bowling remained for a longer visit with her daughter and son-in-law, Mr. and Mrs. Bobby Joe Click.

Mr. and Mrs. Claude J. Webb and Mecca, of Springfield, Ohio, were week-end guests of relatives here and at Hippo.

NOTICE

Bids will be taken on the sale of 1966 Universal Jeep, model CJ-5, 4-wheel drive. Damaged by collision. MRS. STURGILL, 71, IS VICTIM SATURDAY; RITES HELD TUES.

Mrs. Nora Mae Sturgill, 71, of Louisa, died Saturday en route to a Huntington hospital. Born February 21, 1898, she was a daughter of the late Frank and Nancy Brown Risner and a member of the Church of God. She was married to Crawford Sturgill, who survives her.

The Pollution Fight Must Include Everybody

As this country comes to grips with a problem that is of greater importance than Vietnam or the most urgent in a long list of other items high on the national agenda, it becomes increasingly obvious that if a solution is to be reached the atmosphere of suspicion and outright animosity must be dispelled.

We refer to the problem of saving America and its people from physical and economic destruction from air and water pollution and to those who lead opposing schools of thought.

There is a tendency, which perhaps is natural, for conservationists to view industry as the arch-enemy of conservation and the work needed to make the air we breathe and the water we use safe for human beings and the other forms of life humans depend upon in their natural environment; and to the opposing view often taken by industry that those who are fighting pollution are leftists who perversely oppose industrial progress and the American way of life.

We need to know that there are good Americans on both sides of the issue, and that they share principles on which they can work together. For instance:

The fact that there is a danger of cancer in the use of cyclamate was reported by its manufacturer, Abbott Laboratories, at a tremendous financial loss. Score one for industry.

On the other side is a man such as Elvis J. Stahr, former secretary of the Army and onetime president of the University of Indiana. This is no wild-eyed radical, but he says strip-mining should be prohibited in areas such as Eastern Kentucky.

The genius of American business is finding ways to meet some of the country's problems. A reduction in the accumulations of waste is seen as glass is being ground up and reused in the construction of buildings and roads. Tin cans and plastics can be reused. The deadly exhaust fumes of automobiles can be controlled, and to an extent are being controlled in a few spots over the country.

But the attack on pollution—air, water, even the soil—must come on a nationwide front. America the Beautiful, we want; America the Liveable, we must have.

Acid waters are upsetting the life cycle in our streams. DDT is adding a deadly load to the nation's running waters and even to the sea. First affected are the most minute organisms on which small fish feed, then the minnows on which larger fish feed, and finally the larger fish which humans eat. The bald eagle is on the way to extinction because of DDT. The eggs become thin-shelled and break before they hatch. That is oversimplifying the process, but it indicates the deadliness of the chemical which once was hailed as a godsend.

A baby in this country feeding at its mother's breast may receive into its system twice the quantity of DDT that is considered safe.

Air pollution in Los Angeles is so deadly that it is destroying forestland, thirty miles away. Nature is reacting to man's assault in varied ways, many of which are not yet known but all of which will exact a terrible price from the offender.

We are told that, barring a nuclear holocaust or some other catastrophic reduction of the population, the United States will in the next twenty years double its population. That means twice as many houses, twice as much garbage, twice as many automobiles and their deadly fumes, twice as much pavement and man-made improvements—and it leaves only half of our present natural legacy, open lands, forests, unpolluted streams.

So it should be obvious to any individual capable of thinking and seeing past his own nose that time is running out, that something must be done. And not by only the few who are willing to brave criticism and speak out as voices in the wilderness.

Those who are to carry on the fight—and that should include all of us—should not write industrial development off as a mortal enemy. The consumer may have to pay the price, but industry can find a way to operate so that others and the country itself will survive. At the same time, this idea that growth is its own reward, and that nothing should be done that would retard it is callously fallacious. As somebody has said, the idea that growth purely for growth's sake is good is the same ideology that possesses the cancer cell.

Environment Problem Said 'Survival Issue'

By KATHLEEN ARNOLD
(In The Courier-Journal)

WASHINGTON — The scene in Capitol Hill, in one of the majestic caucus rooms where senators meet to determine the destiny of the nation.

"The issue is survival," is the refrain echoed time and again during a blue-ribbon conference last weekend.

But the senators, the scientists and the citizens participating are not worrying about the hydrogen bomb or nuclear war when they talk about survival.

They're talking about the environment—worrying that air and water pollution, pesticides and radioactivity, wasted resources and the population explosion will combine to so poison Earth that human life will soon become impossible.

Of course, the American public has been concerned about the environment for many years, but generally that concern has been on an aesthetic level. Among politicians, pollution control ranks up there with motherhood and the flag as something nobody can be against but hardly a life-or-death issue. Control programs are enthusiastically adopted, if not as enthusiastically funded.

And so it seems curious for Sen. Gaylord Nelson, D-Wisc., to say, "as important as we consider war and peace, Vietnam, hunger, equal opportunity for all people—all of them put together are relatively insignificant compared to the environmental crisis now facing us."

What made the congressional conference on the environment so frightening was that pollution wasn't being condemned because it's smelly or ugly or wasteful. Instead, the scientists warned that our environment will be totally destroyed unless we radically change our ways.

"For all practical purposes the planet will be uninhabitable for most of its living species within a half-century," Sen. Nelson said. "The productivity of the oceans will be destroyed in a handful of years."

"We can't afford the luxury of assuming the destruction will not happen in our generation," said Barry Weisberg, director of San Francisco's Bay Area Institute. "We do not know. It is probable this will happen in our children's generation. We may be the last people on Earth to have a chance to do something about this."

The problem boils down to this:

We're disposing of our wastes carelessly, poisoning the air and water, heedless of the effect on plants, animals, even people. The ever-increasing growth of technology and our consumer philosophy pushes us into an orgy of consumption and waste, using more of the resources that should be saved for future generations. And most important, the population explosion squeezes everything, magnifying the waste and the pollution, applying more pressure for consumption.

Doomsday might come when our atmosphere is so polluted that sunlight can filter through the smog only with difficulty and the temperature of the world falls. (At the rate we've been going, it will take only 200 years to get as cold as it was during the Ice Age.)

Or when pesticides and poisons finally kill so many plants, fish and animals that man simply can't find enough uncontaminated food to eat. Or when the world's population gets so large that all the miracles of modern agriculture cannot feed it. Or maybe in some combination of horrors that we can't now foresee.

But nobody seems to deny that we're on the road to doomsday. They hope it's not too late to turn back.

Some scientists have been preaching this message for years, but with negligible effects. But it seems this year that people are starting to listen.

Kind reader, the days of Noah have come again. All the great changes and revolutions now coming in the world are but the turning of the wheels of Providence making way for the second personal coming of Christ. Do not the present world-shaking events prove beyond a doubt that we have fallen into the dregs of time, and that the end is nigh, even at our doors? Sinner, this is God's description of thee by nature: Ps. 39: 5; 62: 9; 51: John 3: 3; 6: 44; Rom. 1; Rom. 3: 23; 5: 12; 8: 6-8. Man is long on talk, but short on acts; long on praying, short on paying; as a talker, man travels in a jet airplane faster than the wind; as an actor, he rides in an ox-cart; yet he does get along, somehow. Dog won't eat dog, but man will eat each other up like cannibals, and boast of it too. He prays to God on Sunday, but PREYS upon his fellow man on weekdays—hypocrisy on Sunday, hocus-pocus on weekdays. Man will wrangle over Christianity, write for it, fight for it, die for it, anything but live for it. Snakes crawl, birds fly, fish swim, dogs run, but man talks himself forward. It is said out of eleven million words spoken by man in a year, five million are "I" "me" and "mine". Most of our time is spent watching other people, hearing what they say, wondering what they think. We seldom watch ourselves and rarely ever get the "low-down" or the "high-up" about the person closest to us. Come, Jesus, come! Come, Lord Jesus, come! save us from our selfish selves! Remember dark Calvary! Nature is sunk and fallen; and nature's creed is this: "I see and approve the better path, but take the worse." Free-will was ruined in Eden. What is man, any man, every man DUST and VANITY, less than nothing? Even all the nations are less than nothing in His sight, and are as a drop of a bucket, Isa. 40: 15. Shall I then fear DUST, be alarmed at vanity, or be terrified at Less than NOTHING? This would be to dishonor God and bring discomfort to my soul. Everything in this world of itself goes backward and downward if left to itself. There is not one single INDICATIVE assertion of free-will in the whole Bible; observe this!! Arminians represent the Universe as the governess of God, instead of representing God as the Governor of the Universe. Man is the only creature that persists in changing the order of the world; the birds, the animals, the flowers have their tasks - and they carry them out. But man is never satisfied. He wants to dominate, and when he is interfered with, he starts to destroy. Man himself is his greatest problem, not his sociology or economics!!

Madness by nature reigns within,
The passions burn and rage,
Till God's own Son, with skill
divine
The inward fire assuage.

HIS COMPASSIONS FAILETH NOT

All hail the POWER of Jesus' name!
Let angels prostrate fall;
Bring forth the royal diadem,
And crown HIM Lord of all.

Seeing we are living in perilous times, I was, if I mistake not, given a DESIRE to say something concerning Jesus Christ's warning to Adam's dead family to beware of men; for they will deliver you up to the councils, and they will scourge you in their synagogues." Matt. 10: 17. My whole desire is to "Cry aloud, and spare not!" The voice said, "Cry," and he said, "What shall I cry? All flesh is grass and all the goodness thereof is as the flower of the field; the grass withereth, and the flower fadeth, because the Spirit of the Lord bloweth upon it; surely the people is grass. The grass withereth, the flower fadeth, but the Word of our God shall STAND FOREVER." Isa. 40: 6-8. I also must cry, "The day is short, the work great, the workmen lazy, the wages high, the Master urges; up, then, and be doing." Doing what? Believe in the Lord your God, so shall ye be established; believe His prophets, so shall ye prosper." 2 Chron. 20: "Ye believe in God, believe also in ME," John 14:1. Repent Ye and believe the gospel, Mk, 1:15.

Adam's dead family has agreed, almost to a man, that we must build the ladder by which we rise from this lowly earth to the vaulted skies. The earth is filled with violence, religiously speaking, because of this satanic lie. Fallen man is so much a beast that he cannot know himself to be one until God teaches him, Eccl. 3: 18-21. And we never learn to be men till we have learned that we are beasts, Acts 9, Dan. 4: 24-37; Ps. 73: 22; 49: 12; Jonah 2; Ex. 4: 10; Gen. 32: 10; Deut. 32: 10; 1 Cor. 15: 32; 2 Peter 2: 12. There is no aversion to the will of God, no inclination to what offends Him in any creature on earth but man, Gen. 3: 6, 7. No creature ever razed God's image out of its nature, but only man. He is like the beasts that perish. It is not said that he is like this or that beast, but he is like the BEASTS that perish, Ps. 49: 12; Ps. 73: 22; 2 Peter 2: 12. There is no such depravation in the nature of any creature except the diabolical nature. Take any beast, or all beasts, the worst of beasts—he is a picture of them all, and he daily exemplifies the vilest of their qualities in his own man. Then, who was once the glory of creation, made UPRIGHT, Eccl. 7: 29, is become the vilest of all creatures, for that is vilest which is most contrary to the infinite glory, but so is our nature: Isa. 6:5; Acts 7:57-60; Rom. 1:2 and 3; Jer. 1:4-9; Jonah 1 and 2; Mark 14:50; Ex. 4:10; Dan. 4:27-37; Judges 6:15; Mat. 27; Jude 10; Titus 1:12.

Kind reader, the days of Noah have come again. Man has made man his god. It is much later than most people think. Man, fallen man, will not be saved in God's own way, if he can help it! He wants to cry, "Half mine!"

Of all the creatures God has made
There is but man alone,
That stands in need to be
arrayed
In COVERINGS NOT HIS OWN.

The brutes obey their God
And bow their necks to men;
But we, more base, more brutish
things,
Reject His easy reign.

By nature, beasts, bulls and
swine
With fowls of every wing,
Are much more warm, more safe,
more fine,
Than man, their fallen king.

Kind reader, the days of Noah have come again. All the great changes and revolutions now coming in the world are but the turning of the wheels of Providence making way for the second personal coming of Christ. Do not the present world-shaking events prove beyond a doubt that we have fallen into the dregs of time, and that the end is nigh, even at our doors? Madness by nature reigns within,
The passions burn and rage,
Till God's own Son, with skill
divine
The inward fire assuage.

We lick the dust, we grasp the
wind
And solid gold despise;
Such is the folly of the mind,
Till Jesus makes us wise.
Lifted up was He to die;
'Tis finished!—was his cry;
Now is heaven, exalted high; -
Hallelujah! What a Savior!

Self can never overcome self. How tragic, yet true, that we must be led through the very valley of strip-all' before we die to self. Man's sin lieth wholly in his own PERVERSE will. He cannot come because he WILL NOT; help enough is provided, were he willing; but he will not heartily receive Christ as his only Prophet, Priest and King; he will not submit to be wholly saved by grace through faith FOR NOTHING! He wants to cry Half-Mine! Men perish because they WILL NOT COME to Jesus; yet if they have a WILL to come, it is God who works the will in them, John 1: 17; Phil. 1: 6; Ps. 110: 3; 115: 1. Grace, ELECTING grace, both draws the will and KEEPS IT STEADY, and to grace be all the praise, Eph. 2: 8; Rom. 3: 24; Rom. 11: 5. Salvation is of the Lord; damnation is of man! Everything is within the reach of free-grace, but nothing is within the reach of free-will, but hell. Free-will establishes merit; free grace checks it. Read the testimony of Saul of Tarsus, David, Jonah, Jeremiah, the prodigal son, Jacob, Moses, Nebuchadnezzar, Isaiah, Peter and all the apostles, and be FULLY CONVINCED that it is the UNMERITED COMPASSIONS OF God that saved these old veterans, and caused them to lift Jesus so high. Remember the poor woman who "suffered much of many physicians, spending all she had, but never came to Jesus until she was nothing bettered but grew worse," Mark 5: 26. Read Rom. 8: 5; Ps. 39: 5; 1 Cor. 2: 14.

A man's free-will cannot cure him even of the toothache, or of a sore finger; and yet he madly thinks it is in its power to cure his soul. All the disputes between 'free-willers' and 'free-gracers' may be reduced to these two questions: 1. Is God dependent on man, or is man dependent on God? 2. Is man a debtor to God, or is God a debtor to man?

"Oh, why should the spirit of mortal be proud?
Like a swift - flying meteor, a
flash - moving cloud;
A blast of the lightning, a
break of the wave,
Man passeth from life to the
rest of the grave.
'Tis the wink of an eye, 'tis
the draught of the breath,
From the blossom of health to
the paleness of death;

From the gilded saloon to the
bier and the shroud.
Oh, why should the spirit of
mortal be proud?"

Candid reader, if we are justified by LAW-KEEPING, tell me, I pray, what has the Lord and Savior Jesus Christ 'achieved' by His death, by His preaching, by His victory over sin and death?? The law was never intended to save, but to show man that it is impossible to save himself.

The law discovers guilt and sin,
And shows how vile our hearts
have been;
Only the gospel can express
Forgiving love and cleansing
grace.

What curses does the law de-
nounce,
Against the man that fails but
ONCE;
But in the gospel Christ appears,
Pardoning the guilt for many
years.

My soul, no more attempt to draw
Thy life and comfort from the
law;
Fly to the hope the Gospel gives:
The man that believes the gospel
lives

Believe on the lord Jesus Christ, and sing
lustily:

"Upon a life I did not live;
Upon a death I did not die;
Another's death, Another's life,
I risk my soul eternally."
What think ye of Christ?
In my Surety I am free.
His dear hands were pierced for
me;
With His spotless vesture on,
I'm holy as the Holy One.

Oh, beware of trust ill - grounded,
'Tis but fancied faith at most;
To be cured, and not be wounded,
To be saved before you're lost.

What think ye of Christ?
Are you trusting in your own heart? Then you are a fool, says Solomon. Prov. 28: 26. Jeremiah says, "The heart is deceitful and desperately wicked, who can know it?" Jer. 17: 9.

The heart is the little homeborn thief. It cries CONTINUALLY, "Look to yourself! Look to yourself! Righteousness brings me to Christ!" Ah, look to yourself, and you will certainly be lost. As long as you look to yourself there is no hope for you. What a mercy it is our heart is not the compass Christ sails by. It is not a consideration of WHAT YOU are, but a consideration of what GOD is, and "What think ye of Christ?" that saves you. It is not: Christ AND baptism, nor Christ AND anything else! There is no other Name under heaven given among man whereby we MUST BE SAVED, Acts 4: 12. Hallelujah! what a Savior! It is His Name that gives our prayers their acceptance, John 15: 16, because the Father can DENY NOTHING asked in His Name therefore you are not denied. Hallelujah! what a Savior!

"What think ye of Christ?"
'Tis not the law of ten commands,
On holy Sinai given,
Nor sent to men by Moses' hands,
Can bring a soul to heaven.
(Rom. 3: 20; 3: 24; Gal. 2: 16; 3: 16; James 2: 10; Acts 15: 1-11) Hebr. 11: 6 says, "But without

faith it is IMPOSSIBLE to please Him, for that COMETH to God MUST BELIEVE that He is, and that He is a rewarder of them that DILIGENTLY seek Him."

Faith is truly the height of wisdom, the RIGHT KIND of righteousness, the only true religion, Rom. 5: 1; Gal. 3: 11; 2: 16; John 8: 24. "If ye believe not that I am He, ye shall die in your sins." Beware, DO-GOODER! Sinner, beware of men! The church has got in the place of Christ! Flee to Jesus! None but Jesus can do helpless sinners good!

Look away to Jesus
Look away from all!
Then we need not stumble,
Then we shall not fall.

From every snare that lureth,
Foe or phantom grim,
Safety this ensareth,
Look away to HIM!"

Look to Him now, 2 Cor. 6: 2; Isa. 45: 22; 51: 1. For the light of these scriptures, and many, many more like them, is it not amazing that men should become so SUBVERTED as to teach that Christ is returning to set up an EARTHLY kingdom and reign 1000 literal years to save sinners? Build your life on Jesus Christ TODAY. No man needs to be bound by SATAN. If he is so it is his own fault. Christ the Deliverer, is able to save to the uttermost, all who come unto God by HIM (NOW! (John 6: 37).

His compassions fail not! Lam. 3: 22.
The Clock of life is wound but
once,
And no man has the power
To tell just when the hands
will stop
At late or early hour.

To lose one's wealth is sad
indeed;
To lose one's health is more;
To lose one's soul is such a
loss
As no man can restore.

The present is only our own,
Live, love, and toil with a
will;
Place no faith in tomorrow; for
The Clock may then be still.

The Lord gave us COMMANDMENTS—He did not mention AMENDMENTS. The future we study and plan for BEGINS TODAY. Tomorrow is the graveyard of good intentions. We, naturally, are for BRINGING TO CHRIST; and THAT MUST NOT BE. Not a penny of Nature's highest improvements will pass in Heaven. Nature is so corrupt as not to understand its own depravity.

MASTER COMMISSIONER'S
SALE
FLOYD CIRCUIT COURT
CR 6723

Paul E. Hayes, Administrator of the estate of
T. A. Bates, deceased, Plaintiff
against: Notice of Sale
L. A. (Lillian) Bates, John Bates, Jake Bates,
Della Bates Stanley, Myrtle Bates Johnson,
Mary Jane Bates, and Uriah Bates, and In-
competent Defendant

By virtue of a judgement and order of sale of the Floyd Circuit Court rendered at the November 8 term, 1968, in the above-styled cause I shall proceed to offer for sale at the courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 14th day of November, 1969 at 10:30 o'clock a.m. same being a day of the regular term of the Floyd Circuit Court, upon a credit of six months, the following described property to-wit:

A certain tract or parcel of land lying and being in Floyd County, Kentucky, on the waters of Abner Fork of Left Beaver Creek and being the same land conveyed T. A. Bates and Lillian Hall by deed bearing date, May 31 1936, which is duly recorded in Deed Book 150, pages 420-421 in the Floyd County Court Clerk's Office and being more particularly described as follows:

Lying on Osborn Fork of Left Beaver Creek, beginning on a black walnut tree on the right hand side of the creek; thence a straight line to the top of the hill to a knob; thence down the point to a buckeye marked on the right hand side of the creek; thence a straight line to a black gum tree marked on the left hand side of the creek; thence a straight line to a black walnut tree, marked; thence a straight line up the point to the top of the hill, around the top of the hill to a knob; thence down the spur again to the beginning; thence a straight line down a drain to a black walnut tree on the left hand side of the creek; thence a straight line to the beginning on a black walnut tree.

This land is being sold to settle the estate of the late T. A. Bates.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms. Given under my hand, this 23rd day of October, 1969.

**Now for the Big One, Friday--
Prestonsburg vs. Paintsville**

The Prestonsburg Black Cats ran into disaster at Russell Friday night, losing their fourth game of the season, and that by a lopsided 32-0 score.

But that defeat and all that has occurred in the past fade as a more urgent matter looms at home, this Friday evening, when the Paintsville Tigers will be here for their annual game with Prestonsburg. A win in this one is what both teams want more than in any other athletic contest of the year.

At Russell the Cats were flat. They couldn't get their offense going, either by land or air.

They fumbled six times in the first half. They had two passes intercepted. Russell held a 20-0 lead at halftime, and on the opening kickoff of the second half the Red Devils' quarterback gathered in the ball and scampered 92 yards for a touchdown his team didn't need.

The Black Cats played without the services of Tommy Burchett, star blocking back, who suffered a broken ankle in the Hazard game.

Paintsville's Tigers are undefeated but in their last game were played to a 6-6 tie by Elkhorn City, a team which Prestonsburg defeated, 20 to 6. Those who consider the statistics are reminded, however, that Paintsville defeated Russell, 14 to 12, earlier in the season.

Friday night's game will be the Prestonsburg homecoming, and the Boosters Club has planned a gala program for the occasion. A parade through downtown Prestonsburg will begin at 4 p. m. At halftime of the game the Homecoming queen will be named from a field of three candidates, Connie Clark, Waynette Davis, Susie Jarvis and Marsha Watson. The schedule will wind up with the Homecoming dance at Archer Park.

LOCAL UNION NO. 5899
United Mine Workers of America
 WHEELWRIGHT, KENTUCKY 41669

October 30, 1969

The Editor
 Floyd County Times
 Prestonsburg, Kentucky

Dear Sir:

On December 9, 1969 there will be an election of the International Officers of the United Mine Workers of America. This election could very easily and will be a determining factor in the future welfare and progress of this great union.

Let's let history and the records speak for themselves with respect to the working members and pensioners of the United Mine Workers of America who are enjoying the pension from the Welfare and Retirement Fund. You are aware that the United Mine Workers of America has always been the labor union that has done more for the cause of the laboring class of people than any union in this nation. The United Mine Workers has been fortunate and blessed to have labor leaders such as JOHN L. LEWIS who did so much for the laboring people throughout this nation, not only for the interest of the coal miners, but all other industry. Mr. Lewis was also the founder of the Welfare and Retirement Fund. He and his associate officers had nothing but the interest of the coal miners and their families at heart. Mr. Lewis was aware of the fact that he would one day have to be replaced by a younger man as President of the International Union.

Now, let's let the record speak on behalf of the United Mine Workers for Mr. Lewis chose none other than W. A. 'TONY' BOYLE to become the President of our great union. Mr. Boyle was trained and tutored by John L. Lewis, Thomas Kennedy, and John Owens for his position. Our previous leaders had the opportunity and privilege to choose from thousands, but their decision for Mr. Boyle to serve in this capacity has proven to be a wise one, because he has done so much in the short period of time as President of our union for the working members as well as the pensioners. Mr. Boyle has negotiated contracts that surpass all contracts of any industry-wide negotiations in take-home-pay and fringe benefits to the members of the United Mine Workers of America. Mr. Boyle is responsible for the increase in the pension payments from \$75.00 per month to the present \$150.00 per month. He has made it possible for the coal miners to receive jury pay, increased vacations, and, also, better security for our husbands working in the coal mines.

So, we urge the wives of every coal miner, not only in District 30, but throughout this nation to support W. A. 'TONY' BOYLE and his associate officers, GEORGE J. TITLER and JOHN OWENS for re-election on December 9th and keep our union in the hands of honest men that will fight for the betterment of our UNION in the future.

**COMMITTEE FOR THE RE-ELECTION OF TONY BOYLE
 AS PRESIDENT OF THE UNITED MINE WORKERS OF AMERICA**

Wives of members of Local Union 5899, UMWA, of Wheelwright, Ky., do hereby join the crusade of committees for the re-election of Tony Boyle as President of The United Mine Workers of America.

Of course you can switch to electric heat in winter

without one degree of discomfort.

Flameless electric heat is the one that can be installed on the coldest day of the year without the discomfort of a cold house. For example, if you're switching to baseboard electric heat it can be installed without shutting down your furnace. If your furnace has stopped completely, temporary, portable electric baseboard units can keep you warm while your permanent electric heating system is being installed. If you're struggling along with an old furnace, there's no reason to postpone switching to electric heat because of the weather. Result of Senior Citizens' Work

What the older fellows can do for an old house is shown in these "before and after" photos of the home of Elzie Whitaker on the Auxier road where workers in the Senior Citizens Mainstream Program have been at work on repairs. The house repair program for low-income families is administered by the Big Sandy Community Action Program (CAP). Mr. Whitaker, who receives disability social security, supplied the materials used in the work.

Wayland News

"If you have been 'taken', you as a consumer can report it to Kentucky's Attorney General," Mrs. Marie Mullins said, speaking on "Consumer Education" last Monday evening to the Lackey-Garrett-Wayland Woman's Club at the home of Mrs. Hansel Bradley, Garrett.

"Since 1962 the federal government has had a committee to study the needs of the consumer," reported Mrs. Mullins. "Through this committee the rights of the consumer have been approached through four avenues: The right to safety, the right to be informed, the right to choose, and the right to be heard. The government will keep the public informed on the dangers in various commodities, foods, and drugs. Consumer interest and welfare will be the chief considerations under government policy," explained Mrs. Mullins. She reminded her audience that this has been forcefully brought before the public just recently by the removal from the market of certain sugar substitutes and food additives.

Mrs. J. T. Spillman conducted a devotional, prior to the program, stressing that the Church is the light that guides the lost to safety. At a business meeting, also held prior to the program, Mrs. Mervil Dixon, club president, appointed Mrs. Jackie Lawson, Mrs. J. C. Wells, Mrs. Donald Hughes and Mrs. J. T. Spillman to serve on a committee to obtain barrels to be placed in the communities of Garrett, Lackey, and Wayland in the club's garbage disposal drive. Mrs. Dixon also brought up the subject of the club's purchasing American flags to be displayed in a public place in each of the three communities. After discussion, it was decided to withhold a decision on the matter until further information had been obtained. It was also reported that pecans and place-mats had been ordered for sale by the club as fund-raising projects.

The November 17 dinner for the Club's daughter clubs was discussed and a committee composed of Mrs. J. C. Wells, chairman, Mrs. Otto Martin, Mrs. Marie Mullins, Mrs. Earl Castle, Mrs. Rudolph Spencer, Mrs. Hansel Bradley, and Mrs. M. M. Collins was appointed. Refreshments were served by the hostesses, Mrs. Hansel Bradley, Mrs. Felix Coburn, and Mrs. Marie Mullins to the following: Miss Mildred Meek, guest, Mrs. Van Patton, Jr., new clubmember, Mrs. Cecil Johnson, Mrs. Mervil Dixon, Mrs. M. M. Collins, Mrs. J. C. Wells, Mrs. S. M. Martin, Mrs. Charles R. Martin, Mrs. Stanley Bamer, Mrs. J. T. Spillman, Mrs. Ronald Lawson, Mrs. Birchell Duff, Mrs. Donald Hughes, Mrs. Alice Hornsby, Mrs. Marcellous Dunfee, Mrs. James E. Martin, and Mrs. Otto Martin.

Weddington Buys Bull Cr. Acreage

Joe D. Weddington, Prestonsburg insurance man, last week completed a series of land purchases involving several hundred acres on lower Bull Creek and the Big Sandy river which may be developed into home and commercial sites.

Mr. Weddington did not disclose the amount involved in the acquisition of the property which began months ago. Latest purchases were the farm of Zelman Younce on Bull Creek, including Big Branch, and the adjacent farm of Herbert Blair.

Earlier, Weddington acquired the property of Rev. Shepherd at the mouth of Bull Creek and the land of Anderson Hatfield and Arthur Sturgill along the west side of the Big Sandy, extending south toward Prestonsburg and the V. O. Turner property which he bought some years ago.

All the property acquired is contiguous. Commercial sites expected to be developed are in the vicinity of the approach from the Bull Creek side to the new highway bridge being built across the river.

SPEND WEEK-END HERE

Mr. and Mrs. Henry L. Bauers and baby daughter, Jodi Ann, of Peoria, Ill., were guests here, last week-end, of his parents, Mr. and Mrs. Louis Bauers.

Labor Department Funds On-the-Job Programs in Region

The Labor Department will again finance nine on-the-job training programs in eight Kentucky areas, Representative Carl D. Perkins said last week.

The goal of these programs is to move men, women and out-of-school youth from the welfare rolls into meaningful permanent productive employment through appropriate training and supportive services.

Perkins, chairman of the House Committee on Education and Labor and sponsor of the on-the-job training legislation, listed these eastern Kentucky programs approved for refunding at last year's levels:

Northeast Kentucky Development Council, Olive Hill; Big Sandy Community Action Program, Paintsville; Leslie, Knott, Letcher, Perry Community Action Program, Whitesburg; Licking Valley Community Action Program, Flemingsburg.

Other on-the-job training programs were refunded for agencies in Fayette county, Lawrenceburg, Henderson and Covington.

The Department of Labor, which administers the programs through its Manpower Administration, recently completed an extensive review of the operations in Kentucky.

M-SGT. FITZPATRICK EARNS DECORATION

Biloxi, Miss.—Master Sergeant Robert J. Fitzpatrick, nephew of Bob Campbell, of Garrett, Ky., has been decorated with the U. S. Air Force Commendation Medal at Keesler AFB, Miss.

Sergeant Fitzpatrick, an air traffic control superintendent at Keesler, received the medal for his performance during Hurricane Camille and during the recovery period. He is assigned to the 205th Communications Squadron. The sergeant, who has served in Vietnam, is a 1952 graduate of Prestonsburg high school. His wife, Barbara, is the daughter of Mrs. M. E. Thompson, of 132 N. 11th St., Fort Pierce, Florida.

Per-capita corrugated fibreboard box consumption in the U. S. amounts to almost 100 average size boxes for every man, woman and child in the country... a 35 per cent increase in the past decade.

Probe in Dynamiting Of Trooper's Vehicle Under Way This Week

The investigation into the dynamiting near here early last Saturday morning of the auto of State Trooper Lerman Bevins has failed to develop clues as to the identity of the person or persons involved. The auto, a Chevrolet Impala, was blasted at about 12:15 a. m. Saturday while it was parked within 30 feet of the Bevins trailer-home, in the vicinity of the Plantation Motel on U. S. 23, north of here. Trooper Bevins was on duty at the time and learned later of the dynamiting. One or two sticks of dynamite were exploded beneath the rear section of his car. One appraiser said the vehicle may be "a total." Bevins has been active in rounding up bootleggers in both Floyd and Magoffin counties. He expressed the belief that this may have resulted in the dynamiting.

Bentley-Hays

Miss Carol Bentley became the bride of John Hays, of Hindman, on October 24, at the home of the bride's parents, Mr. and Mrs. Romine Bentley, at Estill. The Rev. Archie Everage performed the double-ring ceremony.

Given in marriage by her father, the bride wore a white wedding dress with long tapered sleeves, matching train, and fingertip veil. Her accessories were white and she carried a white lace-covered Bible topped by a white orchid.

The maid of honor, Patricia Bentley, wore a brown street-length dress with brown accessories. She carried a yellow rose bouquet with matching streamers.

Acting as best man was Gene Warren Hays, brother of the groom.

The couple left for a wedding trip to Niagara Falls and Canada. They are now residing at Hindman.

Mrs. Hays is a graduate of Wayland high school and attended Mayo school of cosmetology. She now operates her own shop at Hindman. Mr. Hays is a graduate of Hindman high school and is employed at Hindman.

Miss Akers Heads Dimes March Drive

"The development of a vaccine against rubella (German measles) gives us one more preventive weapon in our fight to conquer birth defects," Miss Ruby Akers, director of the 1970 campaign of the Floyd County Chapter of the National Foundation March of Dimes, said last week.

The new vaccine and other preventive measures were the focus of a two-day March of Dimes program orientation meeting which Miss Akers attended last Thursday and Friday in Cincinnati.

According to Miss Akers, the 1964-65 epidemic of rubella damaged or destroyed some 50,000 American babies before their birth. At the meeting approximately 250 volunteers from Kentucky and neighboring states learned how their local chapters could help prevent another epidemic by assisting in immunization programs with local health departments and medical societies.

"We want to see that as many boys and girls between one year of age and puberty as possible are vaccinated against rubella. If children cannot catch rubella, they cannot spread the disease to pregnant women," said Miss Akers.

Scientists at 111 March of Dimes Birth Defects Centers are studying the causes and prevention of birth defects, as well as the improvement of diagnostic, treatment and rehabilitation techniques. The national voluntary health organization also offers professional and public health education and patient community services.

The Democratic swing on a statewide basis was reflected in the election of Mary Louise Foust to the office of State Auditor over the present auditor, James Thompson, who was appointed to the post by Governor Nunn following the death of Auditor Clyde Conley, of Johnson county. Miss Foust, a former auditor, won, despite a lack of campaign funds. With more than half of the state's 3,063 precincts counted, Miss Foust held a lead of more than 40,000.

Both Jefferson and Fayette counties, where the Republican party was well-entrenched, swung into the Democratic column. Three of the five key State Senate races were won by Democrats.

In the Paintsville city election Mayor J. B. Wells lost his bid for re-election, losing to John E. Chandler.

ORDINANCE NO. 10-69

AN ORDINANCE ESTABLISHING PLANNING GOALS AND OBJECTIVES OF THE CITY OF PRESTONSBURG, KENTUCKY.

WHEREAS, the City of Prestonsburg, Kentucky, has for some years been engaged in a total planning program, and WHEREAS, the Planning Commission of the City has adopted certain goals and objectives for preparation of elements of planning, as required by KRS 100.193, 100.197, and has recommended that the City adopt said goals and objectives,

NOW, THEREFORE, BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF PRESTONSBURG, KENTUCKY, AS FOLLOWS:

Section 1. The City Council of Prestonsburg hereby adopts the following goals and objectives for a guide in preparation of all elements of planning for the City:

Industrial Districts

- To encourage the location of additional appropriate industries in the area;
- To promote the development of new planned industrial districts in areas which may be served by the extension of existing services;
- To locate industrial districts in such a way as to facilitate their direct use of transportation arteries;
- To hasten the removal of industrial uses presently located in incompatible areas;
- To minimize the effects of noise, odor, and the discharge of industrial wastes on their surrounding areas.

Public or Semi-Public Service Districts

- To provide library facilities for all residents in the region related to their special interests, within convenient distance of all residential areas;
- To provide adequate police and fire protection for all areas in the Urban Area;
- To provide adequate health and welfare services related to the needs of the residents of the area;
- To provide cultural facilities for the area to complement those provided by private organizations and individuals;
- To ensure efficient maintenance of all public facilities;
- To promote the coordination of public and private educational institutions to reduce the duplication of facilities.

Residential Districts

- To promote a desirable range of housing types related to the needs, incomes and desires of the population of the Region;
- To upgrade the quality of existing residential areas;
- To encourage new housing areas to develop into compact residential communities;
- To promote residential development in those areas suitable for extension of existing utilities;
- To equalize the facilities and level of public services present in all residential areas.

Commercial Districts

- To promote the development of compact commercial centers;
- To encourage the location of commercial centers in the areas which are readily accessible to residential districts;
- To promote a variety of commercial establishments related to the population and income level of the areas served;
- To upgrade the quality of available existing commercial areas and to facilitate the removal of abasolescent commercial districts in the Planning Areas;
- To increase the competitive advantage of commercial areas in the region in relation to surrounding cities.

SHERIFF'S SALE FLOYD CIRCUIT COURT CR 7102

The First National Bank, Prestonsburg, Kentucky A Corporation and Lawrence Keathley Plaintiffs

VS. NOTICE OF SHERIFF'S SALE United Utilities of Kentucky, Inc. Defendant

By virtue of execution, to me directed, which issued from the Office of the Clerk of the Floyd Circuit Court on November 3, 1969, in favor of The First National Bank, Prestonsburg, Kentucky, against United Utilities of Kentucky, Inc. in Civil Action CR 7102, late pending on the Civil Docket of the Floyd Circuit Court and by virtue of an execution to me directed, which issued from the Office of the Clerk of the Floyd Circuit Court on November 3, 1969, in favor of Lawrence Keathley vs. United Utilities of Kentucky, in Civil Action CR 7102, late pending on the Civil Docket of the Floyd Circuit Court, I will, on the 24th day of November, 1969, at the courthouse door in the City of Prestonsburg, Kentucky, at the hour of ten a. m. on said date, expose to public sale to the highest and best bidder, that certain property lying in Floyd County, Kentucky, and described as follows:

Stock certificates issued by Momarc Utilities, Inc. to the defendant, United Utilities of Kentucky, Inc. as follows:

- No. 25 75 Shares
- No. 26 50 Shares
- No. 27 25 Shares

Stock certificates issued by Shale Gas Company to the defendant, United Utilities of Kentucky, Inc. as follows:

- No. 67 20,000 Shares
- No. 68 20,000 Shares
- No. 69 20,000 Shares
- No. 70 20,000 Shares
- No. 71 1,700 Shares

Stock certificates issued by Consolidated Utilities, Inc. to the defendant, United Utilities of Kentucky, Inc. as follows:

- No. 20 10 Shares
- No. 21 10 Shares

The natural gas distribution system and facilities of the defendant, United Utilities of Kentucky, Inc., formerly owned by Laekey Distributing System, comprising all meters, regulators, lines, customer service contracts, rights of way and/or easements used in connection with said system in the distribution and sale of natural gas to domestic and commercial consumers as now served by the said defendant in the towns of Garrett and/or Baptist Bottom, Lackey, New Estill and Pumpkin Center and/or facilities near the mouth of Jones Fork in Floyd County, Kentucky, serving approximately 230 customers, more or less.

Being all of the property located in Floyd County, Kentucky, conveyed to the defendant by Insurance Investors Trust Company by deed dated August 29, 1964, and recorded in Deed Book 185, Page 593, Floyd County Court Clerk's Office.

I will proceed to sell said property or so much of it as will be necessary to satisfy said executions and the costs thereof, to the highest and best bidder on a credit of six months from the day of sale.

The stock certificates will be first offered by me for sale on the date aforesaid and if such certificates do not bring the debt, interest and costs of said executions then the balance of the property, or so much of it as will be necessary to satisfy said executions, will be offered for sale at the time and place above mentioned.

The purchaser is to execute bond with approved surety to have the force and effect of a judgment on which execution may issue if the same is not paid at maturity, when and where due attendance will be given by me.

The amount to be raised on the execution in favor of The First National Bank, Prestonsburg, Kentucky, is as follows:

(1) The sum of \$10,975.75, together with interest thereon at the rate of six percent per annum from May 6, 1969.

THORNTON WAIVED

MIAMI (AP) — The Miami Floridians of the American Basketball Association waived Dallas Thornton Friday. The 6-foot-4 guard from Kentucky Wesleyan was in his second year with the Floridians.

Wheelwright had two candidates among these Eastern Kentucky University coeds from whom was chosen the 1969 Homecoming Queen and crowned at pre-game ceremonies at Richmond, recently. Eastern played its traditional rival, Western, in football clash in E. K. U.'s new stadium. Eastern's Louisa Ann Flook, Miss Kentucky, was last year's Homecoming Queen. The queen candidates, front row from left, are Shannon Logan, Wheelwright; Connie Haney, New Boston, Ohio; Sandra Jones, Stanford; Sandy Reeves, Wheelwright; Vicki Del Vecchio, Ashland; Jamie Mullins, Mt. Vernon. Back row, Nancy Vater, Pittsburg; Jackie Schoulthies, Bellevue; Beverly Doty, Paint Lick; Deborah Cox, Anchorage; Sherry Faulkner, Walton; Dianna Moore, Pikeville; Linda Atkinson, Louisville; Nancy Ruck, Cincinnati. Sue Anne Owens, Stanford, was absent when picture was made.

Sophomore Smith Leads McDowell

Coach Pete Grigsby at McDowell high school has in Steve Smith, 6-11 sophomore center, a player whose size makes him a standout among high school basketball players, and young Smith has started off the current net season in a fashion that indicates he will be watched for reasons other than size.

Against Knott County high last Friday night Smith scored 33 points as McDowell won, 75-54, and gathered in 17 rebounds.

Trustees Name Floyd-Co. Men

The board of trustees of Alice Lloyd College and the Caney Creek Community Center, Inc., elected two new board members during recent sessions in Lexington.

They are Dr. Russell L. Hall, director of the Floyd County Health Department and an Alice Lloyd graduate, and George E. Evans, Jr., chairman of the board and executive officer of Evans Industries, Inc., and president of the Big Creek Development Co. and Evanston Coal and Sand Co., Wayland.

In other actions, the board approved plans to institute field centers providing continuing education and degree programs in communities beyond the campus and to initiate an associate in science degree program, which is subject to approval by the Southern Association of Colleges and Schools. The associate in science degree program will complement already functioning courses of study leading to an associate in arts degree or a certificate in arts.

City, Commission Sued for \$6,000

Jack Absher has filed suit against the City of Prestonsburg, the City Utilities Commission, the Y & S Construction Company and Howard K. Bell, engineers, seeking to recover a total of \$6,000 damages allegedly caused during water system work.

Absher, owner of a 31-acre tract adjoining new US 23 here, claims defendants built a concrete ditch on the north side of his property, causing water to discharge onto his property. He also alleges 100 trees on his land were destroyed, and asks a mandatory injunction to require defendants to remove the ditch.

In another action Renia B. Blair sued Henderson Bays and others for \$5,000. The suit involves use of a trailer which Mrs. Blair claims as the sole beneficiary of the will of the late Sam Bays.

Years, 10 Floods Exact Their Toll On Mission Center

The years and 10 floods have so damaged a small building that has been used on Caney Fork of Middle Creek by two generations of Sunday School classes that it must be replaced—and an appeal for help in doing that has been made.

Sarah Helmantoler and Ruth Sipple came to Risner on Caney Fork when the creek was the highway. A small building was erected, mostly by volunteer labor, and for a time it served them as living quarters as well as Sunday School space for the community.

The first flooding of the building was 14 years ago. The two women found themselves trapped inside and the water pouring through the doorway at 2 a. m. Since that time, floodwaters have invaded the building nine times. Now, the flooring is warped, with a hole showing here and there, the walls are sagging and the ceiling is collapsing because the recurring floods have caused the foundation to sag.

Misses Helmantoler and Sipple, who are associated with the non-denominational Kentucky Mountain Evangelical Fellowship, say a new site has been procured and that work is ready to start. But finances are low, and, frankly, they need help.

Mr. and Mrs. Elmer Music, of the Auxier road, hold six catfish taken on a trotline in Dewey Lake, the morning of Oct. 28. The two larger fish, yellow cats, weighed 33 and 28 pounds. The other four were channel catfish. Within a week the Musics brought home more than 100 pounds of fish, they reported.

Miss Sanderson Wins Place in Semifinals

Barbara Sanderson, daughter of Mr. and Mrs. William Sanderson, Middletown, Ky., and granddaughter of Mr. and Mrs. Elmer W. Rice, of Banner, is one of 92 Louisville area high school seniors who have been named semifinalists in the 15th annual National Merit Scholarship program.

Miss Sanderson, a student at Eastern high school, Middletown, has already been awarded a \$1,500 scholarship.

Boy Fatally Shot

Butch, 11-year-old son of Mr. and Mrs. Arthur Whittaker, of Gunlock, Magoffin county, was killed Saturday when a high-calibre rifle bullet was fired into his chest.

The shooting was reported as an accident. It was not learned if the boy discharged the rifle or if it was fired by a playmate. It was said here the shooting took place in the trailer-home of an older brother.

HENRY PRATER, IS VICTIM FRIDAY AT HOSPITAL HERE

Henry Prater, 79, of Brainard, died Friday morning at Prestonsburg General hospital following a brief illness.

Born December 9, 1889, he was a son of the late Press and Susanna Holbrook Prater. He was a farmer and a veteran of World War I.

His wife, Mrs. Nora Adams Prater, survives him as do two daughters, Mrs. Ruby Puckett and Mrs. Icie Hampton, both of Brainard. A brother, Richard Prater, of Brainard, two grandchildren, and one great-grandchild also survive.

Funeral services were held Sunday afternoon at the Chestnut Grove United Baptist church, Revs. Wallace Calhoun and Parris Music officiating. Burial was made in the Chestnut Grove cemetery under direction of Carter Funeral Home.

JAMES L. HORNE IS VICTIM HERE; RITES HELD SAT.

James Leonard (Jim Buck) Horne, 75, of East Point, died last Wednesday at Mountain Manor Convalescent Home, here.

Born August 26, 1894, he was a son of the late James Y. and Ester Hopson Horne.

Surviving are two grandsons, Seldon and Steward Ray Horne, both of Prestonsburg, and one great-grandchild.

Funeral services were held Saturday afternoon at the Little Point Church of God at East Point, of which he was a member, by the Revs. Moses Kitchen and T. W. Farmer. Burial was made in the Ford Gap cemetery at Auxier under direction of Carter Funeral Home.

Community College Study To Include PCC, Nov. 12th

Prestonsburg Community College will be under study by a visiting team Nov. 12 in the first mass accreditation project conducted for the community college system, it was announced in Lexington last week-end.

The project will also involve for the first time the Southern Association of Colleges and Schools.

The UK system has never had an outside visit for its 15 community colleges. The association has not visited a system, as such, and has not tried the "back-to-back" simultaneous-visit method for a system heretofore.

The first phase of the project—visits to the central Lexington campus and comparable visits to Elizabethtown and the Lexington Technical Institute.

Accreditation visits made to Henderson and Northern Community Colleges, Wednesday through next Sunday.

From next Sunday to Nov. 12, the teams will visit Hopkinsville and Ashland.

Someset and Prestonsburg will be observed, beginning Nov. 12.

Each visit will include three days of observation by community-college administrators, special technical personnel and faculty members. They will study each college to ascertain how well its program, personnel, and facilities conform to the standards of the Southern Association of Colleges for two-year institutions.

The remaining seven community colleges will be visited next spring, or at the time of another visit to the Lexington campus next fall.

PRE-REGISTRATION ADVICE, COUNSELING GIVEN PCC STUDENTS

Advising and counseling of students at Prestonsburg Community College is being conducted November 3 through November 21. During these dates, each instructor confers with students pertaining to their Spring Semester schedule.

Pre-registration will be held on Monday, Tuesday, and Wednesday, November 24, 25, and 26 in the Commons Room of P. C. C. from 9 a. m. to 3 p. m.

Students that pre-register will have a better idea of what classes that will be offered for the Spring Semester. Also, this year for the first time, students will actually be enrolled and not have to re-enroll in January.

CARD OF THANKS

We would like to take this means of thanking everyone who helped us at the passing of our dear father and husband, Elder Jerry Hall. We especially wish to thank those of you who sent flowers, food or did anything to help. And a special thanks to the ministers of the Regular Baptist church, and the Hall Bros. Funeral Home for its fine service.

241 from Floyd County At Morehead University

Morehead, Ky.—Morehead State University has a record fall enrollment of 6,459 students, including 241 students from Floyd county.

The student body comes from 88 Kentucky counties, 18 states, and eight foreign countries and is an increase of 3.1 per cent over the previous high of 6,262 students in the fall of 1967. The total of 6,459 students enrolled does not include the 481 students at University Breckinridge School, over 500 persons enrolled in extension courses, or 781 persons who are taking correspondence courses.

The out-of-state enrollment made a significant drop to 23.7 percent of the total enrollment. The out-of-state enrollment is 1,529 this fall—159 fewer than were enrolled last fall when out-of-state students comprised 25.9 per cent of the total.

Counties with an enrollment of over 100 include Rowan 475; Boyd 303; Jefferson 300; Carter 269; Pike 262; Floyd 241; Greenup 207; Morgan 173; Letcher 167; Lewis 145; Campbell 144; Johnson 140; Montgomery 132; Bath 128; Fleming 116; Kenton 115 Fayette 113; Mason 113; and Knott 112.

HALLOWEEN SOCIAL HELD

First Baptist Church of Martin was host to a Halloween social in the church basement Friday night when 120 persons enjoyed the occasion, many in costumes. Mrs. Milton Ryan won first prize for her costume, with John H. Turnley, second. Pastor James E. Clark was in charge of entertainment for the adults, Mrs. John Spurlock, for the young folks, and Mrs. Freddie Lafferty directed games for the smaller children.

Since Halloween was the birthday of the Rev. Clark, the church surprised him with a gift certificate, presented by Clarence King with words of appreciation for his services since accepting the pastorate last January, and a beautiful birthday cake, decorated by Mrs. Marie Stephens, of Maytown. Contributions for the gifts had been solicited by Mesdames Ben Spradlin and Clarence Crisp. Attendance at services is increasing noticeably. Everyone is cordially invited to attend, particularly those without affiliation elsewhere. A Thanksgiving pot-luck dinner in the basement has been announced for Tuesday, November 25, at 6:30 p. m.

The number of Kentucky students applying for admission to the University of Kentucky College of Medicine jumped from 213 in 1967 to 322 in 1968. A total of 88 students were accepted into the entering freshman class of the medical college.

CONSERVATION ESSAY

A \$25 U. S. Savings Bond and a handsome trophy will be awarded the winner of the 1968 Floyd County Soil Conservation Essay Contest, the Floyd County Soil Conservation District announces.

The essay for this year is entitled, "Water Conservation—Its Effect on My Community." The three state winners will receive \$500, \$200 and \$100 U. S. Savings Bonds, plus a trip to Louisville, to attend the 32nd annual Farm Awards Luncheon.

Other awards in the county will be to the top two essays in each grade. There will be two winners from each grade in the county. A cash award will be given to these two contestants.

The winning essay from each school will be given a cash award, a Certificate of Merit and an opportunity to compete with winning essays from other schools in the county to become the county winner.

The schools with the highest percentage of participation will be given an award for their efforts. Teachers who have county grade winners will receive honor certificates.

Further information concerning the contest may be procured by contacting the Floyd County Soil Conservation District or USDA Soil Conservation Service in Prestonsburg at 886-3128. Each school has a list of prize money to be distributed, as well as a list of rules and regulations which must be followed.

Howard Named To KARC Board

Richard D. Howard, Pikeville College director of special education, has been elected to the Kentucky Association for Retarded Children general board. The KARC is affiliated with the National Association for Retarded Children which has related groups in each state.

Howard, assistant professor of education, will represent the board's northeastern district which embraces about 15 counties including Floyd, Pike, Johnson, Martin, Letcher, Magoffin, Knott, Perry and Lawrence.

Howard, a native of Hueysville, has been active in special education several years. He has developed and administered programs for the retarded from primary levels through high school.

In 1968 he joined the staff of Pikeville College where he developed the program in special education and for the retarded. Authorities in the field have recognized the program as exemplary. The program has been rated excellent by the University of Kentucky, the University of Texas, and Columbia Teachers College of Columbia University.

NOTICE

Prestonsburg Community College has made application with the Federal Communications Commission for a construction permit to operate an Educational, Non-Commercial, FM 10-Watt Radio Station on a frequency of 89.1 mc.
