

Group Plans Suit For KAI Bldg. Use

Claim Irving Rent Demand Stalls Plant

All members of the Prestonsburg Industrial Corporation who were present at a meeting held here last Wednesday night agreed to take legal action in an attempt to regain control of the KAI building at West Prestonsburg from Irving Industries.

Other members contacted later concurred in the proposal.

Those attending the meeting were unanimous in the decision that they have no other recourse. At least two manufacturers have expressed an interest in locating here if the building is available, but negotiations with Irving have drawn only rental offers and a selling price that are regarded as unreasonable.

Irving holds a lease agreement to the effect that as long as it pays \$1,100-a-month to sublease the structure back to the Industrial Corporation. According to Edward Music, chairman of the Industrial Corporation, it has set a sale price of \$240,000 on the building.

A Boston firm which would have employed 30 initially and 130 within two years has lost interest while the attempt to get the building for its plant failed. Music said a South Carolina clothing manufacturing firm which would have employed 25 to begin with and 250 within two years was "very interested" but that the chances of its coming here are now only 50-50.

The initial 10,000-square-foot unit for KAI was begun when 32 business men here invested \$500 each. Two other additions of the same size were later made. The rent paid by Irving and its subsidiary KAI has been applied to bank loans effected for construction financing. The total cost of the building was \$110,627.

The building has been closed almost three years, and Irving has given no indication that it expects to return here. "What we are concerned about," Music said, "is not that Irving has the building but the fact that the building is empty, isn't being used for the purpose it was built for and may never be used for that purpose."

Scottish Rite Class Of 150 Expected

A Scottish Rite class of 150 or more from this and surrounding counties will be initiated Saturday at the Prestonsburg High School fieldhouse, John W. Hall, petitions committee chairman, said.

Degree work will precede the banquet to be held in the school cafeteria at 6 p.m. A degree team of 50 from Lexington Consistory No. 44, headed by Dr. R. M. Sirkle, will conduct the initiatory rites.

Woman Accused Of Knife-Slaying Of Her Husband

Bond of \$9,000 was asked Tuesday afternoon by County Judge Henry Stumbo for the release from jail of Mrs. Hattie Sue Wagner Hatfield, 26, who is accused of the knife-slaying late last Friday afternoon at the Hatfield home on Spurlock Fork of Middle Creek of her husband, Clethid Hatfield, also 26.

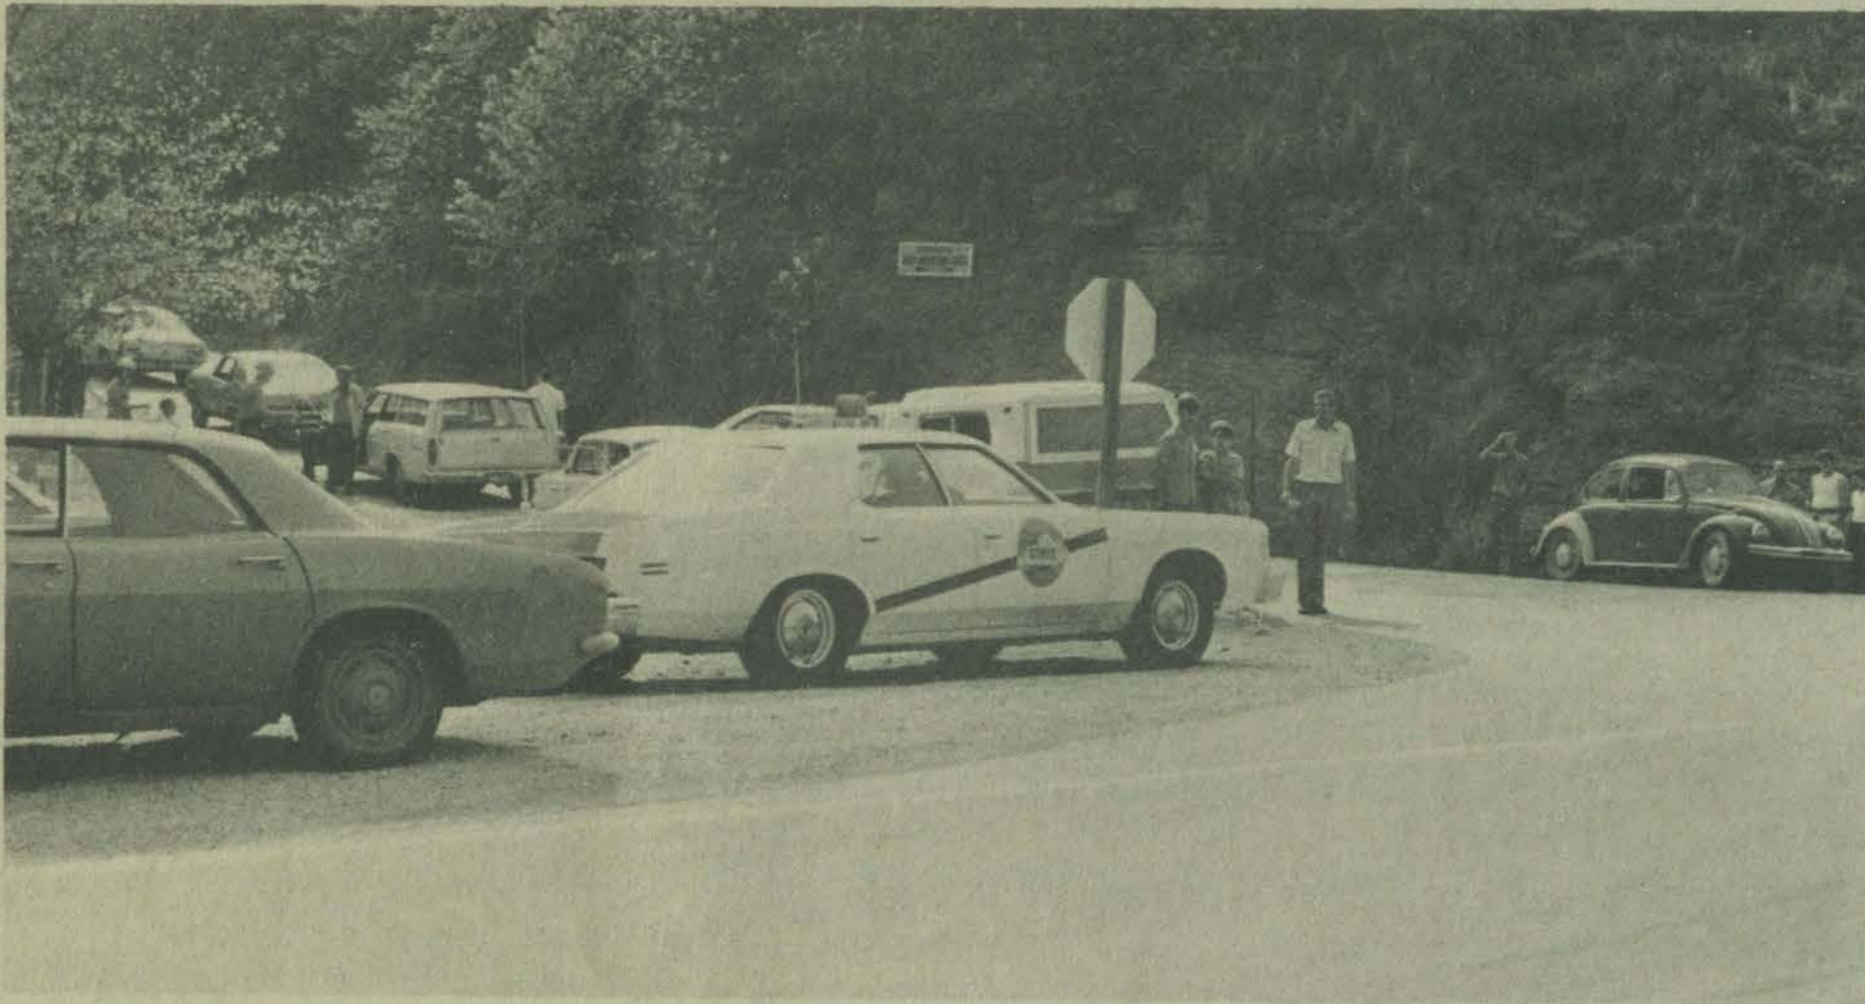

Bond was set for her appearance in response to grand jury action after Commonwealth testimony was heard at the woman's examining trial. The defense did not offer testimony.

Principal witnesses at the hearing were the dead man's parents, Morrow and Loma Calhoun Hatfield, whose home is near that of their son. Mr. Hatfield said he saw his daughter-in-law with a knife, heard her during the course of an argument with her husband say, "I'll kill you if I can." He said the two then disappeared from his sight and that he later heard his wife cry, "Lord, have mercy!—Sue, what have you done?" He added, that upon running to the nearby home he found his son stabbed.

Mrs. Hatfield told of her son and his wife arriving in their car and of beginning its unloading. She testified that before the stabbing her son's wife threw rocks at him and that he picked up a piece of wood "to protect himself."

The only other witness heard during the examining trial was State Trooper A. C. Cantrell, who said he talked with the

Plane Discovery Hoax Draws Big Crowd

Photo shows some of the scores of vehicles which jammed parking space on the Bull Creek road Monday afternoon after a squirrel hunter had perpetrated a hoax by notifying authorities he had discovered in the nearby woods wreckage of the plane which has been missing since the early evening of Sept. 9. State troopers and other officers, members of the Floyd County Emergency and Rescue Squad, and the curious, upwards of 500 persons, rushed to the spot where the hunter had agreed to meet State Trooper Elmo Allen. They waited two hours. The hunter never came. State Detective Chester D. Potter later went to the man's home and heard only rambling stories.

Bidders Again Asked For Building Offers

An advertisement appearing in this edition of The Times means, in all probability, that the Social Security Administration has failed for a second time to decide upon the permanent location of an office to serve Floyd, Johnson, Magoffin and Martin counties.

The advertisement says that the U. S. government wants to lease 3,933 square feet of air-conditioned office space within the city limits of either Paintsville or Prestonsburg, or on US 23, between the two towns.

Acceptance of a bid out of the second lot of bidders was expected last Monday, but this week a Social Security representative said the new advertisement possibly indicates rejection of all bids and re-advertising. Bids were first asked last March, then again early in July.

Meanwhile, Social Security offices remain in operation in the former States Motel building here and are expected to continue in this location "for an indefinite period of time."

Originally, Congressman Carl D. Perkins announced two years ago that a permanent Social Security office would be established here. That statement was later confirmed by a Social Security Administration spokesman, who predicted that the office here would eventually employ a larger staff than the Pikeville office. The office was being set up here, it was explained, for the convenience of residents in the northern part

of this county and in Martin, Magoffin and Johnson who were at the time obliged to travel the long distance to Pikeville.

But, according to local sources, the bidding was extended to include Paintsville after U. S. Senator Cook intervened.

Supporting this contention was a statement later credited to Senator Cook's office which said recently that he "had expressed an interest in the proposed Social Security building and wanted to know if it could be located in Paintsville." According to the Cook office spokesman, the senator's main reason for favoring the Paintsville location was its accessibility to those who would use its services, as well as population distribution and highways.

A Social Security representative expressed the fear that if the building is located in Paintsville a large portion of Floyd county which would be served by an office in Prestonsburg would go to Pikeville, causing an overload on the office there.

This Town . . . That World

At this point in time—ever heard that?—I am certain of one thing: The Floyd County Times will not be printed again in Maysville this week.

Morning after the Cincinnati Reds (remember when it wasn't patriotic to call them Reds?) won the western division title, The Cincinnati Enquirer had one of the headlines I wish I had written. It read:

"How the West Was Won"

WARNING

Now that we've turned to baseball, I rise to remark that if the rumor heard hereabouts turns out to be true, fans should boycott the team. This rumor runs to the effect that the Reds will trade Tony Perez before the 1974 season begins. I'll do my part. I will even threaten to stop thinking about going down to see them play.

WHEN HURTIN' HELPS

The man was doing just to'able, but said he was thankful for all his aches and pains. "If I didn't have 'em," he explained, "I wouldn't be sure, sometimes, if I was still alive."

Prestonsburg, Valley Towns Included in Governor's Tour

The 28th Governor's Tour, sponsored annually by the Kentucky Chamber of Commerce, will include Prestonsburg in a tour of southeastern and eastern Kentucky communities, October 2-4, according to Phillip A. Thompson, executive vice-president of the Chamber.

Governor Wendell H. Ford and J. Ed McConnell, president of the Kentucky Chamber, will accompany the tour group, which will be comprised of more than 100 state business leaders.

The tour will begin at the State Capitol early on the morning of October 2, when the governor will officially greet each participant. The tour will visit the future headquarters of the Kentucky Chamber at Frankfort, now being renovated for occupancy within a few weeks, will lunch

at Richmond and in the afternoon move on to Berea, Corbin and Pineville. Lodging the first night of the tour will be at Pine Mountain State Park.

The second day of the tour will include stops at Harlan, Whitesburg, Breaks Interstate Park and Pikeville. Many of the touring business leaders will participate in a duffers golf tournament at Pikeville.

On the final day of the tour the group will visit Prestonsburg and Jenny Wiley State Park, and then Paintsville for lunch, prior to departure for Frankfort, the first disembarkation point of the tour.

At Pikeville the group will split up, one contingent visiting Fishtrap Dam, the other going to a Beth-Elkhorn mining operation on Elkhorn Creek.

Trailer Raid Nets Beer, Whiskey Haul

A raid last Saturday afternoon on a mobile home near the top of the mountain between Mud Creek and Printer netted ABC Agent Arvel Nelson and Deputy Sheriffs Roland and Ralph Howell 47 cans of beer and five half-pints of whiskey.

The raid resulted in the arrest of the trailer's owner, Joe Howard Conn, on a charge of possession of alcoholic beverages for purpose of sale. Conn was booked in Magistrate Bill Well's court.

Others booked within the week, of-fenses and arresting officers follow:

George Hudson, drunk driving, by State Trooper Williamson; Joseph Keese, drunk driving, by City Police Officers Potter and Messer; Noah Hall, assault and battery, by State Troopers Simpson and Bevins; Marion Hurd, Jr., perjury, by State Trooper Gary Rose and State Detective Sam Hale; Clifford Woods, drunk driving, by State Trooper Tucker; Donald D. Newsome, drunk driving, and possession of a concealed deadly weapon, by State Troopers Bevins and Simpson.

Heavy Equipment Bought by Court At \$58,021 Cost

The Floyd fiscal court purchased last Friday heavy machinery to be used mainly at sanitary landfill operations in connection with the county's solid waste disposal program.

Total cost of the machinery was \$58,021, plus sales tax. Bids were considered from three firms on all four pieces of equipment, then by individual items, with the latter procedure saving \$123.

Purchased were these items: A dozer with winch for \$23,075 and a low boy for \$4,660 from the Brandeis Machinery Company; a loader for \$18,855 and a Joy air compressor for \$11,431, both from Kentucky Machinery, Inc.

After the bids were opened the Whayne Supply Co., highest bidder of the three, proposed to give a 5 percent discount and to pay the 5 percent sales tax on the purchases, but this was rejected.

Hearing Set Here Today On Permits

Mine Wastewater To Be Given Study; 97 Permits Planned

The U. S. Environmental Protection Agency began public hearings in Frankfort Tuesday and is in Prestonsburg today (Wednesday) to receive comments on wastewater discharge permits proposed for 97 Kentucky mining operations, Regional Administrator Jack E. Ravan announced.

The hearing originally had been scheduled only for Frankfort—on Tuesday, Sept. 25, at 10 a.m. But at the request of the Appalachian Research and Defense Fund and the Natural Resources Council, the federal agency agreed to extend the hearing and reconvene it here Wednesday at 10 a.m.

Paul J. Traina, director, Enforcement Division, will conduct the hearing.

The permits were drafted by EPA under the National Pollutant Discharge Elimination System, the new permit program established by the 1972 Amendments to the Federal Water Pollution Control Act. The proposed permits specify strict limits on the discharge of pollutants.

A temporary permit was granted the Inland Steel Company in this county, among others. Such permits will become permanent if evidence produced at the hearing is considered by the Environmental Protection Agency.

Under the proposed plan every coal mining operation, large or small, would be required to have a permit. Permits would be granted on promise of these operations to restrict the sedimentation and acid content of discharges from their mines into streams.

Suits Involve 2 Bookmobiles, Coal Haulage

A suit filed in the Floyd circuit court last Wednesday by the Kentucky Department of Libraries involves a dispute over the possession of two bookmobiles formerly operated in this county.

The bookmobiles have been replaced and for an extended period of time have been in storage. The Department of Libraries now seeks to recover the two vehicles, a 1961 International Harvester valued at \$850 and a 1961 Ford valued at \$625, from the possession of Rex Gearheart.

David Properties in a recent circuit court suit asked a temporary restraining order to prevent Middle State Coal Company and Fon Johnson from hauling

Fair Attracts 2,228 Exhibits, Gains over 1972

Discounting the loss in school entries, interest of Floyd countians in exhibiting their crafts and the products of fields and gardens was greater at last week's Floyd county fair than at the event a year ago. A total of 2,228 items were on exhibit as compared to 1,989 in 1972.

School exhibits, which heretofore have predominated the fair scene, dropped to a mere half-dozen this year, with only Dwale, Clark and Prestonsburg elementary schools and the Jenny Wiley Right To Read group having entries. Other entries in the school category were by the Mountain Manor Rest Home and Mountain Mental Health, with both excelling in their displays.

Cold, threatening weather cut into the attendance at the fair the first two days, Wednesday and Thursday, but the crowds were at normal or above by Friday.

The 4-H exhibits were most numerous, with 1,176 items—202 more than at last year's fair. These included foods, woodwork and electricity, garden crops, clothing, knitting and livestock.

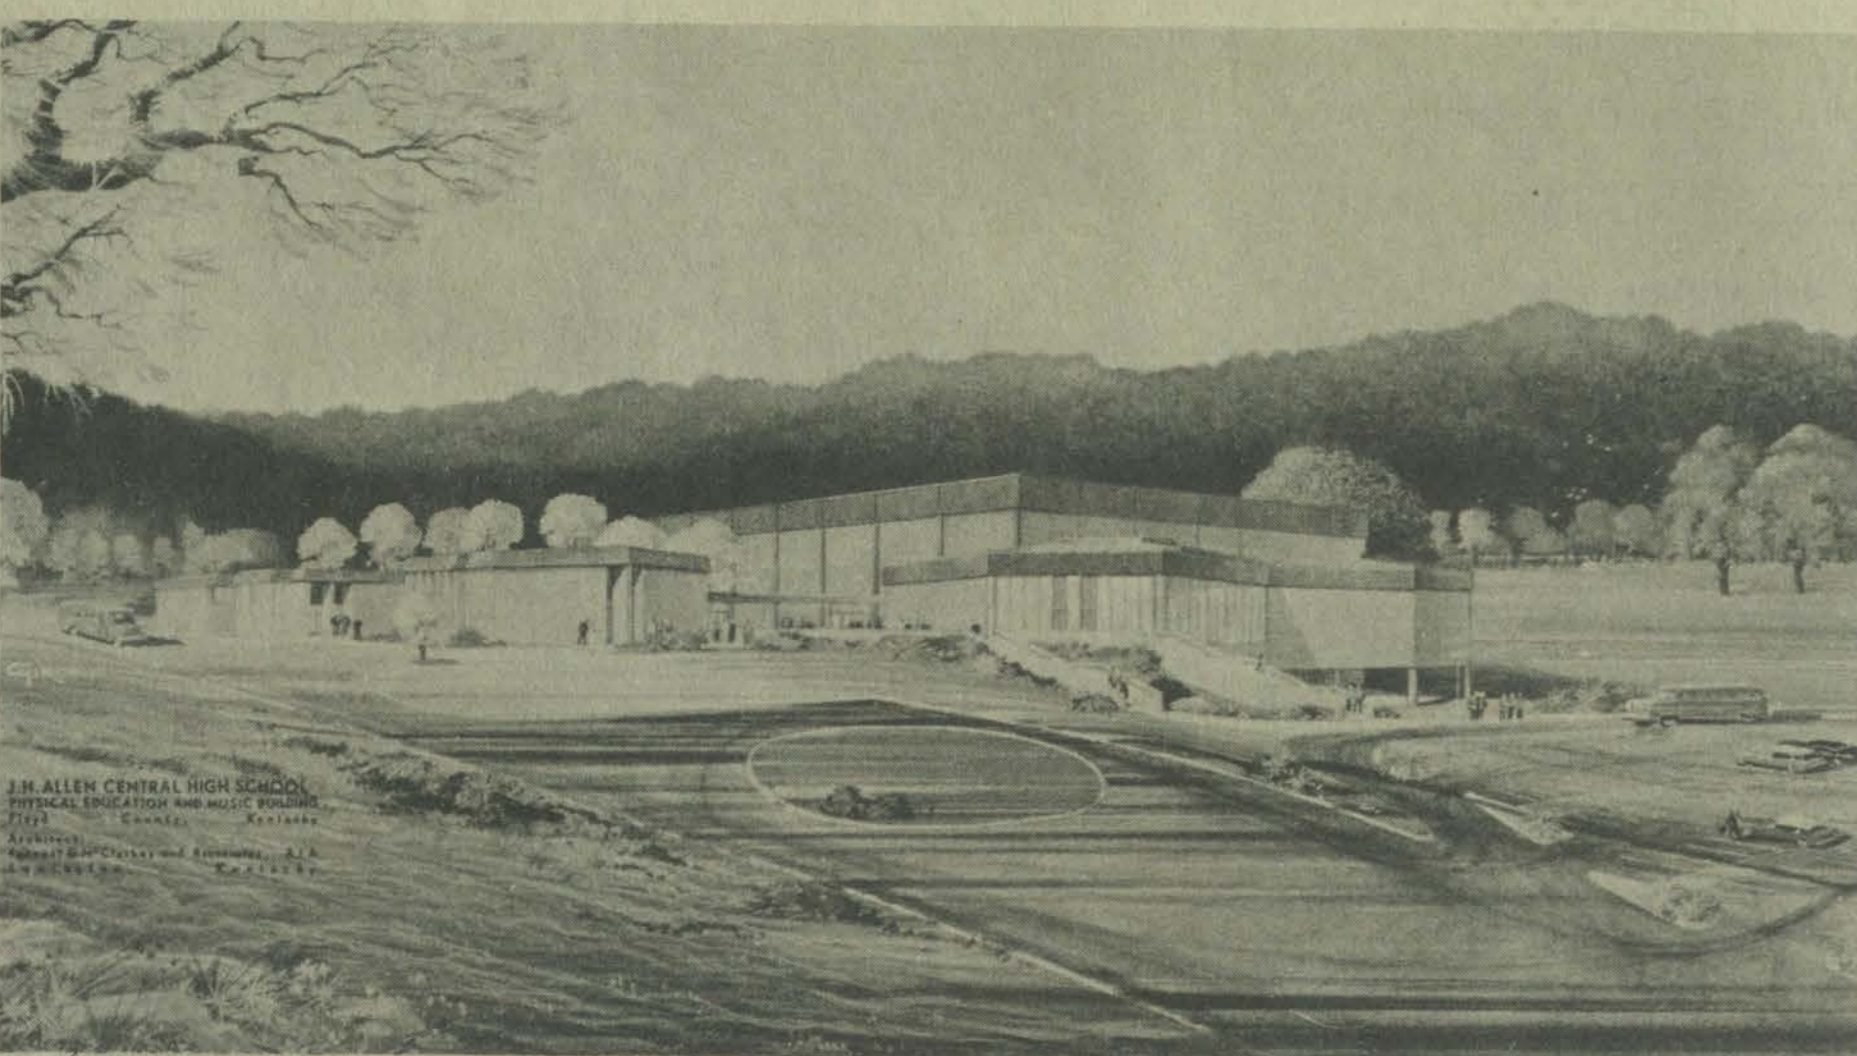

The 621 adult exhibits were next in number, including flowers, antiques and hobbies, fine arts and handicrafts, sewing, canning, cooking, garden crops and livestock. Other exhibitors were the Future Homemakers and Future Farmers of America.

Addition Near for New School

Architect's concept of the entire Allen Central High School as it will appear when Phase II physical education building (at right in photo) is completed. Original classroom structure, of less height, is shown at left. Forrest G. McCloskey and Associates, Lexington architects, designed the structure.

If contractors' bids due next month are accepted and work moves as planned on Phase II at Allen Central High school, the new school at Eastern will be the largest public school facility in the county.

Phase II is the multi-purpose physical education building at Allen Central. Its approximately 60,000 square feet of area will house the physical education, music and drama departments of the school. The physical education facilities to be provided include a gymnasium with inter-collegiate basketball court,

two intramural courts and loft playing areas for minor physical education sports and a swimming pool approximately 35 x 75 feet. The gymnasium-auditorium facility will seat approximately 3,800.

Cost of the building project has been estimated at \$1,237,752. It will be of steel structure with pre-cast concrete floor systems and masonry walls. The Phase II contract will include exterior site development and parking. Completion is scheduled for November, 1974.

STAPLETON-POTTER VOWS SAID

—Photo by Strahan-Nelson

The marriage of Miss Alice Sue Stapleton, daughter of Mr. and Mrs. Herbert J. Stapleton, Sr., of Prestonsburg, to Mr. William M. Potter, son of Mr. and Mrs. Bill Potter, of Prestonsburg, was solemnized at 3 p.m. August 18 at Irene Cole Memorial Baptist Church, Prestonsburg.

The officiating minister in the double-ring ceremony was the Rev. W. D. Jagers. Preceding the ceremony, wedding music was presented by Mrs. Joseph Buchanan.

Given in marriage by her father, the bride wore a designer gown of Alencon lace and imported organza, enhanced with maize satin ribbon. Lace medallions adorned the high neckline, shepherds sleeves and demi-bell skirt. A self ruffle encircled the hemline and attached chapel train. Her headpiece was a profile of lace motifs sparked with pearls and bell buds and held her bridal veil. She carried a bouquet of pom-poms and yellow sweetheart roses.

Mrs. Janet Mays, sister of the bride, served as matron of honor. Bridesmaids

were Miss Stephanie Midkiff, Mrs. Carol Stapleton, Miss Zella Osburn and Miss Serena Layne. The attendants wore floor-length gowns in rainbow colors of voile, enhanced with printed flocked voile, grosgrain ribbon and tiny venise lace. The deep, oval necklines, cap sleeves, and slightly raised waists complimented the self-raised flounces around the hemlines. They carried bouquets of white pom-poms and carnations with cornflowers matching the color of each dress.

Mr. Bill Potter, father of the groom, served as best man. Ushers were Mr. Herbert Layne, Mr. Herbert J. Stapleton, Jr., Mr. Thomas Ray Stapleton, and Mr. Steven Lee Patton.

A reception at the church followed the ceremony. Acting as hostesses were Mrs. Cleda Wells, Mrs. Glenora Montgomery, Mrs. Ida Rose Kendrick and Mrs. Faye Potter. Presiding at the guest register was Mrs. Sherri Slone.

The couple now resides in Lexington, Ky., after having spent their honeymoon in Florida.

The Floyd County Democratic Women's Club met Sept. 12 at May Lodge after a summer recess. Mrs. Marcella Bailey, director and founder of the Red, White and Blue Day parade, spoke to the group, producing letters she had received from notables in every walk of life. She gave high praise to veterans and all who had worked to make the day a success, the last three years.

Mrs. Roland Burchett, president, extended an invitation to members, encouraging all who could to attend the 1973 state convention to be held at Barren River Lake State park, Oct. 5-6. Members decided to make an all-out membership drive next month. The next meeting will be held Oct. 10 at May Lodge.

Vote For

Joe Wheeler Lewis

Democratic Nominee for

Sheriff of Floyd County

Fourteen years' experience in Floyd county as Deputy Sheriff and "High" Sheriff. If elected Sheriff, I will not only try to stop the children from using dope but I will do my best to stop the bootlegging, too. From my 14 years' experience as a peace officer I have found alcoholic beverages to be involved in most all crime.

- No. 1. Funerals will have escort.
- No. 2. Ball games and school programs will have protection.
- No. 3. Churches will be protected, if needed.
- No. 4. I will do my best to keep the drunks and drunk drivers off the roads.
- No. 5. All breaking and enterings will be worked, day or night.

Vote for a better Floyd County.

"A Gymnasium for Rats"

Irving Industries, the firm which at one time operated Kentucky Appalachian Industries (KAI) here and which retains control of the KAI building, holds the key to possible future manufacturing industry here, and it asks a high price for putting the key in the lock.

Under a lease agreement executed at a time when local interests were anxious to get a manufacturing enterprise of any kind or size established here, Irving retains control of the West Prestonsburg building which housed KAI as long as it pays the \$1,100-a-month rent. It continues to pay that rent, although the building is unoccupied and, according to a company spokesman, the firm does not expect to return here.

The 30,000-square-foot structure was erected by the Prestonsburg Industrial Foundation. The original building of 10,000 square feet was started by 32 businessmen here, each of whom invested \$500 in the structure with the sole aim of getting a new industry to employ people who needed work. The Foundation borrowed money to complete that first unit, borrowed more money to complete two additions.

Now they and others see a building with closed doors, and the price Irving asks is such that the doors may never be reopened. For Irving Industries is offering, according to Ed Music, chairman of the Industrial Foundation:

1. To sublease the building for a period of six months at a rental of \$2,000 a month; and, after that, to charge 90 cents a square foot, or \$27,000 a year

2. Or to sell the building back to the original builders and owners for \$240,000.

These figures are difficult for Prestonsburg people to understand, inasmuch as the cost of the building, to begin with, was only \$110,627, and the rental charge to Irving is only \$1,100 a month—\$900 short of the minimum rental Irving now asks.

Any industry is entitled to a profit on its investment, but this smacks of profiteering.

The situation thus created is made more tragic because, it is claimed, the community has lost already this year one industry which had offered up to \$1,200 a month rent for the building, and another has apparently lost interest while negotiations for the building have dragged along to an unsuccessful conclusion.

Failure to acquire at least temporary control of the KAI building and the location of a new plant there also stymies industrial growth in another direction. The Prestonsburg Industrial Foundation has an excellent industrial site waiting development at Cliff. But highway access must be provided to it. Road construction to the site, however, can be justified only by a commitment by an industry to locate there. An industry cannot locate there until a road is built, and so a chicken-and-egg situation exists. If the KAI building were available, it is claimed, such an industry could locate in it temporarily, commit itself to the Cliff location and in the interim be producing at a profit while the access is being built.

Meanwhile, Irving's KAI building stands empty, serving only as a gymnasium for rats.

LETTERS TO THE EDITOR

We Appreciate This

Editor, The Times:

Once more the Jenny Wiley Reading Council members enthusiastically doff our hats in appreciation to The Floyd County Times. We have just finished our second year of existence—a year which has brought us some measure of recognition at both the state and national IRA levels.

The Jenny Wiley Council was granted a charter by the International Reading Association in 1971 for the purpose of improving the quality of reading and reading instruction. Since that time—October, 1971—your paper has unfailingly supported our cause and has been very instrumental in our accomplishments in education. As a result the Executive Committee of the Kentucky State IRA recently deemed the Jenny Wiley Council as "the most outstanding reading council in the state of Kentucky."

Council members recently conducted a workshop for the benefit of the other Kentucky reading councils. We were bombarded with questions as to how we managed to inform parents and the general public about our objectives and activities. The answers were invariably the same: the credit for the mainline of communication between council and public belongs to Mr. Norman Allen and the Floyd County Times.

The Life of John Morris

I have this information in a History of Regular Baptist concerning John A. Morris who was my great-great-grandfather.

John Morris was born on Smith's River in Virginia, about 1780. In early life he emigrated to Floyd county, Kentucky and settled on Beaver Creek where he spent the remainder of a very long and useful life.

Here he united with Stone Coal Church, then under the pastoral care of good, old Simeon Justice, he was ordained to the ministry in 1819, and soon afterwards succeeded to pastoral care of the Stone Coal Church. To this congregation he ministered 50 years. To what other churches he preached, the author is not informed. He was much loved and revered by the people among whom he lived and labored; and his influence over them was very great. He was a good man, and full of the Holy Ghost and of faith, and much people were added to the Lord. The Master took him to Himself, when he was 90 years, in 1870.

If any one reads this who has any more information to add to his, please send it to me. Old Church records or any historical facts on the life of John Morris.

Roberts Says Prisoners Returned Where Nabbed When Refused at Jail

Constable Kenneth Roberts said Monday that he returned to Maytown, where he had arrested them, four juveniles charged with drunkenness after Jailer Lawrence Hale had told him Saturday night he could not jail the four until they had first been taken before County Judge Henry Stumbo.

Roberts said one of the youths had collapsed on the floor where a dance was being held for benefit of the Maytown volunteers fire department and that the others were drunk. He said the jailer called Judge Stumbo's residence, but the phone was busy.

"I took them back where I got them, and I want the public to know why," Roberts said.

Judge Stumbo could not be contacted Tuesday morning, but Jailer Hale said the law requires juveniles charged with drunkenness or other misdemeanor to be taken before the judge before committal to jail. He said he suggested to Constable Roberts that he drive to the judge's home with the prisoners.

Kentucky Chapter, ACGD, Organized September 16

The American Academy of General Dentistry organized the Kentucky chapter at a meeting held Sept. 16 at the UK Continuing Education Center, and Dr. H. G. Salisbury, Jr., of Prestonsburg, was elected to the state chapter's board of directors.

Mountain Parkway, An Example Of Benefits of Better Roads

Frankfort, Ky.—Better roads mean better living, and a perfect example of this is Kentucky's Parkway System.

Kentucky's parkways are playing an integral part in shaping a bright future for the Commonwealth. The parkways help carry farm and manufactured goods to market. They have attracted many new industries to various areas of Kentucky.

An important example of the industrial development advanced by such a highway is the Mountain Parkway. The Mountain Parkway, extending 75.5 miles from Winchester to Salyersville, serves the towns of Prestonsburg, Paintsville, and Pikeville. During the past eight years, \$38,585,000 has been invested in new industry along this parkway. An additional \$17,727,000 has been spent in expanding existing industry. This development has created 2,330 new manufacturing jobs.

The parkways most certainly have added to the pleasure of Kentuckians and those traveling in and through Kentucky. They have helped in attracting many tourists to Kentucky, providing scenic routes to many of the state's recreational and historic attractions.

They reflect the history and geography of Kentucky. For example, the Daniel Boone Parkway is not only named after Kentucky's frontier hero, it takes the motorists right through the Daniel Boone National Forest and Levi Jackson Wilderness Road State Park. Parkways are designed for maximum safety, efficiency, and pleasure. They are strategically located to connect with Kentucky's Interstate highways and major cities in all regions of the Commonwealth.

Kentucky's parkways have been rated among the safest in the United States. According to the National Safety Council, the 53-mile-long Jackson Purchase Parkway has never been the site of a fatal accident.

Generally, the parkways have four lanes with access controlled by carefully located interchanges. All crossroads go over or under the through-lanes to provide an added margin of safety. The parkways allow long-sight distances and provide advance warning signs and exit signs that are easy for the motorists to read. Convenient exits and rest areas where the driver can stop to rest, get

Hope Abandoned For 4 on Plane Lost Sept. 9th

Hope of survival for four men lost since the afternoon of Sept. 9 with their chartered twin-engine plane has been abandoned, and the air search for the wreckage has been suspended.

The ground search continued last week-end, however, with Kentucky National Guardsmen combing woodland in the area of Combs airport, near here, which was the destination of the plane.

Relatives of the missing men have requested owners of woodland to undertake an individual search of their farms. The search by helicopters and other aircraft has been suspended because the heavy leaf cover of trees makes detection at ground level virtually impossible.

The Floyd County Emergency & Rescue Squad has assisted in the ground search. Every report of a low-flying plane or of a plane apparently in trouble on the afternoon when the plane disappeared has been checked out, without result.

The lost aircraft, a red-and-white Cessna, reported by radio to Tri-State Field, Huntington, W. Va., around 6 p.m. on the day of its disappearance, noted its position as four minutes from Combs field and did not report any trouble. The plane, en route to Combs airport from Humbolt, Tenn., was charted for a direct route from London, Ky. to the airport near here.

Three of the missing men were employed by the McCarter Corporation in the construction of the Louisa General Hospital. They were J. W. Milam, superintendent; his son, Joe, and James Hall, all of the Brownsville, Tenn., vicinity. The fourth man was the pilot, Bill Wickersham, Dyersburg, Tennessee.

SUSTAIN INJURY

Miss Mayo Davis, of Pikeville, sustained a back injury last week at her home. She was removed to The Methodist Hospital there for treatment.

HERE FROM VIRGINIA

Mr. and Mrs. Rives Gravely, of Roanoke, Va., were guests here last Thursday of his sister, Mrs. Ethel G. Heinze.

Toll Road Receipts Up During August

Kentucky's toll receipts for August, 1973 totaled \$2,247,497. This represents an increase compared to \$1,870,423 collected over the same period last year.

Toll facility collections as compared to their 1972 aggregates were: Shawneetown Bridge, \$39,971, up from \$36,851; Kentucky Turnpike, \$820,924, up from \$777,870; Mountain Parkway, \$217,273; up from \$189,618; Western Kentucky Parkway, \$391,994, up from \$342,080; Blue Grass Parkway, \$253,732, up from \$225,139; Jackson Purchase Parkway, \$50,069; up from \$46,293; Pennyrite Parkway, \$198,539, up from \$193,770; Sebree Bridge, \$4,619, down from \$4,759; Audubon Parkway, \$61,796; up from \$33,435; Daniel Boone Parkway, \$27,473, up from \$20,608; the Green River Parkway, opened to traffic in December of 1972, collected \$153,693 for the month of August; and the Cumberland Parkway, which is partially opened to traffic, collected \$27,414 last month.

Volunteers To Help At Clark School

The volunteer program, which is a segment of the Right to Read program in progress at Clark elementary school, is now being formed for this school year. Several mothers are already on the job, donating a minimum of one to two hours each week to classroom activities being carried on there. Announcements have gone out from the school asking any adult member of the community who may have time to call the school and set a schedule to volunteer some time each week to assist students in their work.

John K. Pitts, school principal, said that to become a volunteer all that is needed is time to spend with the student and a willingness to help him. Volunteers now working in the school are assisting children in reading and music. Others planned are more reading, sewing, typing, electricity, knitting and dancing.

Adults who may be interested in becoming a volunteer are asked to contact Mr. Pitts or any teacher at the Clark school for details.

PRESTONSBURG COMMUNITY COLLEGE STUDENT CENTER

FOR SALE Hagewood-Ratliff Real Estate

BUILDING LOTS—75x150-ft. Meadow View Estates and Frasure-Hill Estates. Cable TV, school bus by door.

Three miles to Prestonsburg High and Graded schools. Restrictions: No mobile homes, all homes at least 50 percent brick or brick veneer. Your home will never be cheapened with low grade housing. Also, new homes being completed, \$23,500 and up.

BUILDING LOTS AND BABY FARM.

Item 1. Baby farm 3-plus acres across creek from Allen Central High School. One old dwelling presently occupied with several high and dry building lots.

Item 2. Lots Nos. 105, 106, 107, 108 in May Gearheart Addition, across from Dinwood. Lot 105 on curve contains .86 a.; lots 106, 107, 108 are 75-ft. front by 150-ft. deep. (See plat 414, County Clerk's office.)

Nice baby farm and home. 8 acres with 300' blacktop frontage, 3 bedrooms, kitchen, d. room, l. room, bath. 2 rooms recently added. Drilled well—soft water, city gas. Rolling land would easily lend itself to full or partial basement. Plenty room for a second building and garden. Located 1/2 mi. from Auxier on blacktop road and school bus route.

2-bedroom, l. room, kitchen, d. room, bath. Newly-remodeled. Aluminum siding. Carpeted and newly-paneled, except kitchen and bathroom, on lot approx. 50'x105'. Located on Central Ave., Prestonsburg.

DUPLEX—2 story apartments, each containing 2 bedrooms, kitchen-dining room, large living room. Downstairs completely furnished, kitchen upstairs fully furnished, and two air-conditioners to stay. Located on Highland Ave., within sight of both grade and high school, and within walking distance of the college. Live in one while the other helps pay for both. Possession immediately.

THIS IS THE ONE you've dreamed about—City conveniences in a country setting on a rolling 3/4-acre, with drilled well (plenty water) and pump house. Tri-level, largely brick, with 2-car garage and full basement (opening out on ground level in front). Four bedrooms, large kitchen (complete with dishwasher and garbage disposal), large TV room, extra large living room with open fireplace, fully carpeted with high quality, plenty closet space, all outside doors are sliding type to conserve space, custom tailored drapes and curtains and drapes. Stays with house: Large drapes, garbage disposal, dish washer, cook top stove and double oven, TV system (including line, antennae, boosters). Located on Little paint, approx. 5 1/2 miles from Prestonsburg, on school bus route.

ALMOST NEW, and looks it inside and out. Three-bedroom, 1 1/2 ceramic baths, large kitchen, dining room and living room. Nice rolling lawn with beautiful quality shrubbery on 150-ft. lot with drilled well, pump house and storage. House paneled throughout, fully carpeted, fully insulated, wall electric heat with individual thermostats. Located on State Road Fork, approx. 1/2 mile from Mt. Parkway. Adjoining acreage available.

FARM—150 acres with coal, oil, gas and timber. No houses on this tract but plenty of home sites. Contains two hollows where buildings and lake may be constructed with assurance that no one can get beyond you. Timber would go along way toward paying for farm. No timber removed during last 40 yrs. Located on State Road Fork of Middle Creek.

FOUR ROOMS AND BATH, newly panelled inside, newly painted outside, new roof. No. 1 clear oak floors in two front rooms. Should be maintenance free for several years. Ideal for couple or small family. Located in Westminster. Priced to move.

BUSINESS PROPERTY—Three-bedroom home, three apartments, two fully-furnished, one partly-furnished. Business property has been occupied by same tenants for fourteen years. Income (without dwelling) approximately \$3600.00. Tenant waiting list for apts. Ideal for home with income property on same lot. Located in Martin, Ky. Seen by appointment only.

FOUR-BEDROOM, 2-STORY BRICK. Corner Westminster and Carter, Prestonsburg. Inclosed garage one side, nice driveway other side—parking for four cars off street. 1 1/2 baths, small basement with shelving, hot water tank, etc. Large living room, fireplace, dining room or TV room connecting. Fully carpeted. Located in one of best sections of town. High quality furniture, most of which can be bought from present owner. Curtains and drapes (except sheer) to stay.

THREE-BEDROOM BRICK. Two full bathrooms, large living room with built-in bookcase. Compact kitchen—built-in cabinets, floor and wall, extra large dining—family room. All fully carpeted. Two utility bldgs. in rear—one wood, one metal. Nice patio. Dishwasher, refrigerator and stove to stay. Located on dead end street adjoining well-kept city property.

O. C. (Bill) Bentley

O. C. (Bill) Bentley, 66 years old, died Thursday at his home at Dema after several years of ill health.

A retired miner and member of the Regular Baptist Church, he was born January 28, 1907 at Fleming-Neon, a son of the late Robert and Sarah Bentley. His wife, Bessie Whitt Bentley, survives.

Also surviving are seven sons, George and Harold Bentley, both of Wayland, James Bentley, of Indianapolis, Ind., Bobby Bentley, Martinsville, Ind., Paul Bentley, of Leburn, Ky., Dean Bentley, Marion, Ohio, and Roger Bentley, of Hall; four daughters, Mrs. Sylvia Wicker, of Topmost, Mrs. Nora Lee Murrill and Mrs. Lola Faye Griffith, both of Indianapolis, Mrs. Delilah Ann Gibson, of Marion, Ohio, and two brothers, Robert Bentley, of Wayland, and Pat Bentley, of Pickens, West Virginia. Twenty-six grandchildren and four great-grandchildren also survive.

Funeral services were conducted Sunday at 11 a.m. at the Mousie Regular Baptist Church with ministers of that church officiating. Burial was made in the Chandler cemetery at Lackey under the direction of Hall Brothers Funeral Home.

CARD OF THANKS

The family of the late Levi and Clara Waddles Johnson wish to express sincere thanks and deep appreciation to the many friends and neighbors who brought or sent food, sent floral offering, and gave their support and kindness upon the death of their brother, Roy Gene Johnson. We are grateful to the Merion Funeral Home and we would especially like to thank them for their kindness and excellent service. We would also express a special thanks to the pastor of the First Baptist Church and members of the Jack's Creek Mission and to the ministers of the Little Rock Regular Baptist Church of Jack's Creek for their comforting words.

NOTICE

I will not be responsible for persons riding in the car with or on the motorcycle with or of John Bartrum. His mother, GERALDINE H. BARTRUM, Martin, Ky.

Obituaries

Frank (Dickie) Clark, Jr.

Frank (Dickie) Clark, Jr., died last Monday at his home at Garrett at the age of 60. He had been in failing health for some time.

A son of the late Frank and Mary Elizabeth Tussey Clark, he was born October 2, 1912 in Prestonsburg. Mr. Clark was a disabled miner and is survived by his wife, Victoria Jacobs Clark.

Other survivors include five sons, Dickie Ray, George and Joe Clark, all of Wabash, Indiana, James Clark, of Albion, Mich., and Charles Clark, of Martin; three daughters, Mrs. Charlotte Martin, Goldsboro, N. C., Miss Billie Yvonne Clark, at home, and Mrs. Mary Mason, of Frankfort; three brothers, Ernie Clark, of David, Hershell Clark, of Newport News, Va., and Jim Clark, San Diego, Calif., and three sisters, Mrs. Mamie Gibson, Detroit, Mich., Mrs. Helen Green and Lucille Clark, both of Tiffin, Ohio. He also leaves 14 grandchildren.

Funeral services were conducted Thursday at the Stone Coal Regular Baptist Church with ministers of that church officiating. Burial followed in the Chandler cemetery at Lackey under the direction of Hall Brothers Funeral Home.

CARD OF THANKS

We wish to express our heartfelt gratitude to all who were so kind to our loved one, Rebecca Laferty, during her illness, to all who were helpful upon her passing—those who sent flowers and food, the ministers, Revs. Jack DeRossett and Doug Burkett, for their comforting words, and the Hall Brothers Funeral Home for its efficient service.

THE FAMILY

HONORED ON BIRTHDAY

Bill Samons

Bill Samons, 91, of Martin, died last Tuesday at his home after a long illness.

A son of the late Carr and Polly Ann Crum Samons, he was born at Martin, September 17, 1882. A retired miner and member of the Church of Christ for 60 years, Mr. Samons was preceded in death by his wife, Amy Crum Samons in 1957.

He leaves six sons, Paul Samons, of Allen, Millard, Curly, Jason and Jack Samons, all of Martin, and Henry Samons, of Marion, Indiana; four daughters, Mrs. Flora O'Brien, of Paintsville, Misses Judy and Inaf Samons, both of Martin, and Mrs. Eva Miller, of LaPorte, Indiana, and one sister, Mrs. Parie Turvey, of Missouri. Also surviving are 20 grandchildren, 27 great-grandchildren and one great-great-grandchild.

Funeral rites were conducted Saturday at the home with Church of Christ ministers officiating. Burial was made in the Jake Samons cemetery on Arkansas Creek under the direction of the Hall Brothers Funeral Home.

Ben Sizemore

Ben Sizemore, 92, of Betsy Layne, died Friday, Sept. 14 in a hospital at Warren, Michigan.

Born July 6, 1881 in Carter county, he was a son of the late Thomas Woodson Sizemore. He was a retired coal miner.

Survivors include his wife, Edna Wilson Sizemore; two sons, Oscar Sizemore, of Trout Creek, Mich., and Thomas Sizemore, of Freeburn; three daughters, Mrs. Garnet Sargent, of Betsy Layne, Mrs. Hazel Morrison, of Oak Hill, W. Va., and Emma Jean Sizemore, of Warren, Michigan. Twelve grandchildren also survive.

Funeral services were held at 2 p.m. last Monday at the home at Betsy Layne with Cohen Campbell, officiating minister.

Burial followed in the Davidson Memorial Gardens at Ivel under the direction of the J. W. Call and Son Funeral Home of Pikeville.

L. B. Akers

L. B. Akers, 39, of Ravenna, Ohio, formerly of Prestonsburg, died Sept. 12 at Robinson Memorial Hospital at Ravenna after a short illness.

He was a son of John Akers, of Ravenna and the late Pearl Akers. Survivors other than his father, include four brothers, T. J. and Robert Akers, both of Ravenna, Luther Akers, of Galveston, Ky., and John B. Akers, of Pikeville; four sisters, Mrs. Delphia Damron, of Columbus, Ga., Mrs. Alma Ratliff, of Akron, Ohio, Mrs. Katherine Younce, of Ravenna and Mrs. Florene Mays, of Kent, Ohio.

Funeral services were held at 2 p.m. Sunday at the Luther Akers residence at Galveston. George Groth officiated. Burial followed in the Robert-Hall Cemetery at Galveston.

Arrangements at Ravenna were directed by the Wood Funeral Home, Ravenna.

Sie Hall

Sie Hall, 75 years old, of Printer, died Sunday at Our Lady of the Way hospital at Martin.

A son of the late David and Rofie Howard Hall, he was born at Craynor, August 6, 1898. Preceded in death by his wife, Verdie Mitchell Hall, who died in 1972, he was a retired miner from the Hamilton Coal Company and a member of the Zion Regular Baptist Church.

Survivors include a son, Sie Hall, Jr., and a daughter, Frances Hall, both of Craynor, and one sister, Mrs. Viola Mitchell, of Teaberry. Fifteen grandchildren and 23 great-grandchildren also survive.

Funeral services were conducted Wednesday at 10 a.m. at the home with ministers of the Regular Baptist Church officiating. Burial was made in the Ike Roberts cemetery at Grethel under the direction of the Hall Brothers Funeral Home.

Town of Burton Gets \$655 in Municipal Aid

Frankfort, Ky., Sept. 21—Governor Wendell H. Ford and Transportation Secretary Elijah M. Hogge today announced the 1973-74 Municipal Aid Program for the town of Burton, Floyd county. The program is based on an allotment of \$655.99 for the coming fiscal year.

Highway Commissioner James E. Bray explained that the program provides for construction of a drainage structure on No. Two Street in Burton.

The activities authorized will be accomplished by the town, with the Bureau of Highways financing all or a portion of the work in accordance with the Municipal Aid Agreement.

Moonlight Schools Students Burned the Midnight Oil

By HELEN PRICE STACY

Speak of Moonlight Schools and you get a dozen responses involving everything from trying to lessons on how to make mountain moonshine.

Occasionally, the uninitiated might think in terms of one-room schools held at that time of day when illumination was by moonlight. That would be more nearly correct, though Moonlight Schools were for adults and provided color and character to an already unique era.

Mrs. Cora Wilson Stewart was superintendent of Rowan county schools when she became concerned that almost 25 percent of the county population over ten years of age could not read or write. This situation was not exclusive to the

one county, for hill counties all the way to the Tennessee and Virginia borders were equally, if not more, uneducated.

Realizing that she had within her influence those things needed to do away with ignorance so far as book learning was concerned, Mrs. Stewart opened night school for adults. Classes were to meet in rural and county schools only on moonlight nights.

In an article in The Rowan County News (no The Morehead News) Centennial Edition of 1956, a writer stated that "mothers bent with age came that they might learn to read letters from absent sons and daughters, and that they might learn to write to them for the first time."

On Labor Day, Sept. 4, 1911, Mrs. Stewart and volunteer teachers made a canvass of the county to explain the program. The following evening 1,200 men and women from 18 to 86 showed up to start their "schooling."

It was not easy to admit they could not read or write, said Mrs. Stewart, and they mentioned excuses by the dozen. "High bills, bridgeless streams, weariness from the day's toil, the shame of beginning study late in life and all other others. But they were not seeking excuses—they were earnestly and sincerely seeking knowledge. Their interests, their zeal and their enthusiasm were wonderful to witness."

Word spread about the schools in Rowan county and by the following year Moonlight Schools had been formed in 10 Eastern Kentucky counties.

A retired Lewis county teacher said many nights at a late hour she would answer her door to find some adult standing there "embarrassed, but wanting to learn to read and write so much all they could say was 'Will you help me?'"

If extreme shyness prevented some aged persons from seeking help through the schools, teachers frequently traveled to the homes out in the county and gave private lessons.

The Moonlight Schools continued through World War I.

Morehead State University President Dr. Adron Doran and the university paid tribute last week-end to the Morehead Christian Normal School and Mrs. Cora Wilson Stewart, and open house was held at a one-room school moved to the MSU campus and restored as a "Moonlight Schoolhouse."

1973 Floyd County Fair

By MARIE L. HARMON

When I visited the '73 fair, I was pleased to see Bill Pettrey back with the Dewey Lake Fish and Game Club booth. Welcome back, glad to see you.

This year the Maternity and Infant Care, Health Department Activity-Physical Features and Forestry booths were also there again with friendly, courteous and helpful personnel.

Welcome to the Culligan Mand, the Church of Jesus Christ of Latter Day Saints (Mormon); and the Floyd County Jaycees' dunking machine, sponsored by our good friends, Music-Carter-Hughes. The dunker was wet and I hope he stayed that way, as it is for great causes—Mental Health and other requested help.

The Jenny Wiley Council of International Reading Association—RIGHT TO READ had another outstanding display this year. Talking with Mrs. Nadine Hicks, one of their workers and teacher at Clark, was very enlightening. I enjoyed the many displays from Clark school this year, especially the poster, "I Caught the House on Fire," by one of the small students. Mrs. Hicks said that any interested persons could call 886-3148 for more information.

Greenhouse project had the most beautiful exhibit at this year's fair. The loom with a partly made yarn belt, finished belts and potholders, growing plants. Their plant, a patch of mental health, had to be seen and studied, as it is beyond the words of this writer to describe. This booth also excelled in their personnel. Teens-Who-Care, sponsored by Phillip Price, Mental Health and Public Assistance workers—All a lovely group of people who in this day and age care

To my regret I was unable to enter anything in the fair this year. Entries in the fruit and vegetable open class department, were very few. Some nice items were on display. Maybe next year will be a better growing season and some others will be able to enter. Let's hope so.

F. F. A., sponsored by Lloyd Wells, Vo-Ag teacher, won a number of blue ribbons—about 90 percent. It seems a shame that the F.H.A. girls, sponsored by their teacher, Mrs. Joyce Stewart, couldn't have been judged equally. I would say these girls received less than 40 percent blue ribbons. All those mouth-watering cakes and candies carrying white ribbons; their beautiful flower arrangements, sewing, knitting, painting and crocheting carrying other than blue ribbons.

The Arts and Crafts department received fair judgement this year. Come on, ladies, let's try to have more entries, come next year's fair. Mrs. Reuben Lafferty had an outstanding display this year. One, if not the best, seen here. I must admit I was amazed that so many blue ribbons were given to the same person in the same class. Has the one entry per person per class been lifted? The home-canned foods for the first time since I have been attending the fair showed equal numbers of Blue, Red and White ribbons. It's about time a few more blues showed up.

Does Past Performance Count?

I have shown my interest in our community by serving on the City Council for the past six years. During this time, I have served as Mayor pro-tem on numerous occasions. I feel I merited the respect of our former mayor and fellow councilmen or I would not have been chosen to serve in this capacity.

I have worked with the Prestonsburg Industrial Foundation to bring new industry to our community and create more jobs for our people.

I helped initiate the Environmental Program that employed students during this summer to do a general clean-up job throughout the city. I want Prestonsburg to be clean and kept that way. I plan to continue this Environmental program if I am elected.

In conducting my campaign for the office of mayor, I am going to state my qualifications in an honest and straight forward manner. I do not intend to run my campaign by down-grading my opponent in any way. I am running for mayor on the strength of my abilities and on my record of serving my community whenever I have been called on to do so.

We live in a good community but I want Prestonsburg to be the best community in the state of Kentucky. If you want that too, then I urge you, as a responsible citizen, to vote and elect the man that can do the best job. The man that has proven his ability to fill the office of Mayor.

JUDGE COLT

The smell of sagebrush with a touch of hemp hangs around this report from the Detroit Free Press of a Texas trial, back in 1894:

The dispenser of the finest brand of western justice sat on a soap box with a law book spread before him on an up-ended whiskey barrel.

"Who arrested this man?" he asked, as the prisoner stood up before him.

"We did," responded half a dozen citizens standing around.

"What's the charge?"

"Hoss stealing."

"Kin you prove it?"

"You betcher life we kin. We ketchin' him in the act."

The judge looked ugly.

"Will you swear to it?" he asked.

"Course we will; didn't we just tell you we ketchin' him up when you ketchin' him."

"All right, gents," said the judge, blandly, as he laid his gun across the law book. "I'll fine each and every one of you ten dollars and costs for contempt of court in fetchin' him here and dismiss the case agin the prisoner. You oughter strung him up when you ketchin' him."

I expect to be missing, after a fashion, this week-end. No questions, please, when I return.

accused woman at the Highlands Regional Medical Center, where Hatfield was taken. He quoted her as saying her husband was unloading vacuum cleaners from the family station wagon and threatened to destroy them. A fight between the two ensued, and she was quoted as saying her husband either hit her or struck at her with a stick, whereupon she stabbed him.

Mrs. Hatfield was jailed by State Trooper Cantrell, and the investigation of the slaying was made by him and Commonwealth's Attorney Harold J. Stumbo. Stumbo said a sample of Hatfield's blood has been sent to the State Police laboratory at Frankfort for analysis to determine if the slain man was drinking at the time of his death.

Hatfield was stabbed in the right chest and died en route to the hospital.

The victim was a machinist for the Porter Electric Co., Allen. Survivors, besides his parents and his wife, are three sons, Stevie Bryant, Bryan Keith and Timothy James, and one brother, Kenneth, all of West Prestonsburg.

Funeral rites were conducted Monday from the residence of the parents, the Revs. Wallace Calhoun and Ted Ball officiating. Burial in the family cemetery on Spurlock was directed by the Carter Funeral Home.

P'burg General Hospital Bldg. Sale Announced

Region 11 Mental Health-Mental Retardation Board, the regional policy board of Mountain Comprehensive Care Center, approved Monday the purchase by the board of the old Prestonsburg General Hospital on First Avenue here for use as a regional administration office.

The property was owned by the Highlands Hospital Corporation and includes buildings and land in the rear of the hospital building. The purchase price was \$100,000.

Richard T. Stai, executive director of Mountain Comprehensive Care Center, explained that the board will renovate the first floor of the building immediately to house regional administrative offices which are now located throughout Prestonsburg. Later, regional administrative offices will be moved to Auxier and the hospital building will then house the Floyd county team administrative and I-S-R units, presently located in the Odd Fellows Building.

Stai said that the upper two floors of the hospital will eventually be renovated for other Comprehensive Care Center programs.

In other action, the regional board elected officers for the year 1973-'74. O. T. Dorton, of Johnson county, was re-elected president Marvin Music, of Prestonsburg, was elected vice-president, Mrs. Sue Arnett, of Magoffin county, was re-elected secretary and Buddy Johnson, of Pike county, was elected treasurer. Mrs. Jane Combs, of Floyd county, and Willis Haws, of Martin county, were named to the Executive committee of the board.

New members elected to the expanded regional board were Buddy Johnson and Lawrence Webster, of Pike county; Mrs. Eva Howard and A. B. Conley, of Magoffin county; Mrs. Viola Williams, of Johnson county; and Willis Haws, Mrs. Peggy Arnett, Mrs. Sharon Marcum and Ron Friend, of Martin county. Dr. J. I. Meyer and O. T. Dorton were re-elected to board positions. Each of the region's five counties has five members.

The annual board meeting will be held October 22 at May Lodge, Jenny Wiley State Park.

coal across its property. The statement made by Woodrow Branham, head of David Properties, alleges that such coal haulage would cause permanent damage to the lake on which the town of David depends for its water supply. It also is claimed that houses in the town also would suffer damage.

An unusual action was taken by the Commonwealth recently when it filed suit against a bonding company to recover the amount of its bond for the liberty of a man accused in circuit court. The suit was filed against the Johnson Bonding Company in the case of Billie Parrigan who failed to appear for trial of his circuit court case. His bond was \$1,000.

In another circuit court action John Mark Howard claims damages \$25,000 and \$550 medical costs of Glenn Webb who, he alleges, negligently drove his auto into the rear of plaintiff's car.

The annual meeting and election of officers and directors of the Floyd County Farm Bureau will be held at the Floyd County Courthouse at 7 p.m., Oct. 12, 1973. 9-26-2t.

County Judge Henry Stumbo commented:

"After these bids are received, I don't think we have the right to change them. I don't see how we can jockey around after they are opened."

Holding that the discount should have been included in the original bid by Wayne, Magistrate Bill Wells said, "If I was representing a company, I would bid it just as low as I could, to begin with."

The court authorized the payment of \$10,000 to Mr. and Mrs. Ralph Leslie, the payment to be held in escrow for right-of-way for the Emma bridge which is now under construction.

Media Is Topic At AAUW Meet

American Association of University Women members from all over Kentucky gathered Saturday at Jenny Wiley State Park for their fall conference.

With 72 officially registered, Kathryn Frazier, of Prestonsburg, A.A.U.W. vice president for program development, welcomed the group and introduced the theme of the conference, "Media: Issues-Communications."

Alice Kousser, supervisor of educational television in Tennessee, began her presentation on "Mass Media and Children" with a plea that media be an aid in communication which she described as a two-way process. Using graphic visual aids, Mrs. Kousser made the point that media in any form should be utilized with the objective of furthering a child's self-expression and development.

In a panel presentation, Bos Johnson, of WSAZ-TV, made a plea that individual citizens communicate their views to the people who are responsible for mass media. This communication puts the media in a better position to assess community needs.

Richard Schwein, assistant editor of the Lexington Leader underscored the need for the public to speak up, focusing his remarks on the need for citizen press councils which would function as a communications system between journalists and the community.

The psychological aspects of today's media was the topical Thurston Taylor, of Mountain Comprehensive Care Center, Prestonsburg. Mr. Taylor urged his listeners to be mindful of the vast amount of material available on the psychological impact of the media, particularly television. He said extensive research is necessary before any conclusion can be arrived at, since experts differ so greatly at this time.

Kentucky Educational Television was represented at the conference by Tom Potter, who spoke briefly. Mr. Potter pointed out that Kentucky has the largest operation of its kind in the United States. He also took the opportunity to announce that K.E.T. will be starting a series of college courses for credit and urged anyone interested in taking them to contact their nearest state university. The courses include law enforcement, semantics, black history and U.S. history.

Hospitality arrangements were by Marge Sammons and her committee.

Conduct Water Sign-Up

The Weeksbury Community Club and surrounding communities are conducting a customer sign-up for water from the Beaver Elkhorn Water District. The club points out that the present tap-on fee is \$25 but may increase to as much as \$150 if customers wait till the water comes through. Anyone interested in signing up should contact one of the following: Peggy Bradford, Weeksbury; Lawrence Hall, Melvin; Gordon Meade, Ligon, or Crit Johnson, Melvin.

The club needs people to work in the Wheelwright Junction and Hi Hat area and urges everyone to sign up for good water and fire hydrant service.

"The Lovelight," a quartet from the Prestonsburg church, will sing during the revival.

Eastern Star Chapter Installs Mrs. Powell

Mrs. Gladys Powell was installed worthy matron of Adah Chapter No. 24, Order of the Eastern Star, September 24 at the Masonic Hall here. Mrs. Rebecca Rasnick was the installing officer; Mrs. Thelma Jones, marshal; Anna Lowe, chaplain; Mrs. Beth Jones, organist; Mrs. Rose Oney, warder; Mrs. Ruby Wallace, sentinel. Mrs. Patsy Evans, soloist, sang her favorite songs.

The Chapter room and dining room were decorated with sprays of autumn flowers. The outgoing matron, Mrs. Rasnick, expressed her appreciation to all who assisted her during the year, and presented each with a gift. Mrs. Dolly Petrey, sister of the junior past matron, presented her a Past Matron Pin.

In her retiring address, Mrs. Rasnick gave a detailed report on her year in the East. The incoming matron presented an addendum for the retiring matron and presented her a gift from each of her officers. She also presented a gift to the junior past patron, Mr. Kawaja.

An Addendum was given by the new officers for the worthy matron-elect.

The following officers, in addition to the worthy matron, were installed for 1973-1974: Haleem Kawaja, worthy patron; Lilla Mae Price, associate matron; E. L. Bierman, associate patron; Patsy Evans, secretary; Burieta Gearheart, treasurer; Abby Bolling, conductress; Belle Conn, associate conductress; Leatha Kawaja, chaplain; Lois Ann May, marshal; Beth Jones, organist; Holly Blanton, adah; Audry Hall, Ruth; Maxine Bierman, Esther; Jewell Bays, Martha; Mabel Jean LeMaster, Electa; Clara Warix, warder; Dolly Petrey, sentinel.

Following her address, the new matron presented the installing officers gifts of appreciation and expressed her gratitude to those who were present from visiting chapters.

The next stated meeting will be October 8 at 7 p.m. Refreshments were served in the dining room by the junior past matron, Rebecca Rasnick.

Fish and Wildlife, Topic Of State Conservation Contests

Fish and wildlife—whose welfare often reflects that of mankind—is the topic this year as Kentucky elementary and high school students compete for \$4,050 in U. S. Savings Bonds in the 1973 Conservation Essay and Conservation Poster Contests.

The subject for the 30th annual essay contest and first annual poster contest is "Fish and Wildlife Conservation: What Can I Do?"

The competitions are sponsored by The Courier-Journal and The Louisville Times in cooperation with the Kentucky Department of Education and the Kentucky Association of Soil and Water Conservation Districts.

The annual essay competition, open to all Kentucky elementary and high school students, last year drew 89,372 essays on "Trees—Their Effect on Me and My Local Environment." The 1972 winner was Johnnie Matthew Walters, of Garrison.

The new annual poster competition is open to all Kentucky elementary students in grades one through five. Although the essay contest is open to students in these grades, students may not enter both the essay and posters contests during the same school year.

The writer of the top essay in the state will receive a \$500 bond. The second place essay winner will receive a \$200 bond, and third place will earn a \$100 bond.

The state winner of the poster contest will be awarded a \$100 U. S. Savings Bond. The second place poster winner will receive a \$75 bond, and the third place award will be a \$50 bond.

The three top winners in each contest, their parents and teachers will be guests of honor at the newspapers' annual Farm Awards Luncheon in Louisville next March. Prizes will be awarded at the luncheon.

Each essay contest winner in the state's 121 Soil and Water Conservation Districts will receive a \$25 bond and a wooden plaque from the Louisville daily newspapers. District winners in the poster contest will receive a wooden plaque from the newspapers.

Certificates will be awarded to the runner-up in each district in both contests. School winners in both contests will also receive certificates.

Health Dept. Warns
Builders That Plans
Must Be Submitted

James B. Goble, administrative assistant, Floyd County Health Department, this week reminded citizens who are planning to construct a public building that construction plans must be submitted in triplicate to Frankfort through the local health department prior to construction.

Said Mr. Goble: "It is important for any person who is thinking about constructing a public building to first consult personnel at the local health department on the rules and regulations that must be met before constructing a public building. Also, persons who are planning to operate an existing public building should first contact the local health department to make sure this public building is in compliance with state and county rules and regulations."

Mr. Goble explained that it is the responsibility of the health department to stop construction or operation of public buildings if prior approval has not been given by state and local health departments.

IS NURSING STUDENT

Miss Vicki Frazier, daughter of SMSgt. and Mrs. William Frazier, Grand Forks AFB, N. D., is one of the 36 students who were admitted to the Bismarck Hospital School of Nursing, August 28.

**Clark Says Right To Read Aim
Is To Eliminate Illiteracy**

One of the objectives of the Right to Read program now in progress in the United States is to eliminate illiteracy by 1980, Jenny Wiley Council members were told in a recent meeting at the Osborne elementary school.

Joseph Clark, Right to Read coordinator and reading supervisor from the Kentucky State Department of Education, told council members of the newest efforts concerning the Right to Read program. "It was decided," Mr. Clark said, "that a redirection of momentum needed to be made, that more work would be done through state agencies in an effort to strive for the outcome Right to Read hopes to achieve."

Kentucky was one of the first 11 states to receive Right to Read funding. A total of 31 states have received this funding and it is predicted that within a year every state will have a person or office for coordinating the Right to Read efforts.

"The basic idea of the Right to Read effort is not to improve general reading ability," he remarked, "but to aid those who don't read at all, or

at such a low level that they are unable to function." All 50 states, according to the reading coordinator, have seen "not reading" as a serious problem. Both children and adults are hampered by this disability which is readily apparent at the school, community and college levels.

Council members were told that the Right to Read program had had its difficulties but still maintains priority in the Office of Education. "There will continue to be a definite thrust toward the target day in 1980," stated Mr. Clark.

Other activities of the evening included the presentation of the second IRA pin to former president, Bertha Ratliff. The pinning was among the first official duties of the current president, Marie Stumbo. Refreshments were served by the Osborne school personnel and parents.

In Memoriam

In loving memory of our son and brother, **Ronnie Dean Dotson**, who passed away one year ago, Sept. 24:

In the cemetery softly sleeping
Where the flowers gently wave
Lies the one we loved so dearly
But whom we could not save.

You are gone but not forgotten,
And as dawns a year;
In our lonely hours of thinking
Thoughts of you are always near.

A heart of gold stopped beating,
His smiling face is at rest;
God broke our hearts to prove to us
He only takes the best.

God knew you had to leave us,
But you did not go alone,
For part of us went with you,
The day he took you home.

It's lonesome here without you
And sad has been the way,
Our life and home are not the same
Since you were called away.

Sadly missed by
Parents, Brothers and Sisters,
Mr. and Mrs. Greeley Dotson
and Family

Reynolds, Allen; Jerry Founce Howell, Jackson; Mr. and Mrs. Albert Howell, Price; Jack Elkins, Williamson, W. Va.; R. C. Layne, Wilmington, N. C.

In Memoriam

In loving memory of our precious mother and loving wife, **Sylvia Sykes**, who passed away September 29, 1970 . . .

Dear Mom, we wanted so much to keep you,
We loved you more each day,
But our hearts were broken when you had to go away.
God watched you while you suffered,
He knew you had your share,
He tenderly closed your weary eyes,
And took you in His care.

Do not ask if we miss you,
There's such a vacant place.
Often we think we hear your footsteps,
And see your smiling face.
Days of sadness still come over us,
Tears in silence often flow;
Memory keeps you ever near us,
Though you left three years ago.

Sadly missed by children, grandchildren, and husband, Bruce.

Park Lodge Rates Change When Autumn Scenery Changes

By MARIANNE STYLES KOHLER

A dewy fall morning with a sprinkle of frost in Kentucky doesn't necessarily mean it's time to get out the heavy wool wardrobe and settle down for the winter. There's still plenty of warm autumn days to spend wandering through the countryside where nature's enchanting transition is casting a spell. Lush green pastures and hills mellow into warm hues of gold, orange and brown... a pleasant atmosphere to be caught up in. It's worth taking time off to enjoy - especially at Kentucky's state parks, where the cost of accommodations drops long before the autumn leaves do.

Out of the state's 15 resort parks, nine remain open year round, offering winter lodge room rates of \$8.00 single or \$12.00 double. Each room is furnished with two double beds, climate controls, television

and phone. Visitors to the parks find Kentucky geography is as fascinating as her abounding history, for there are lodges on, or in, or near mountains, caves, waterfalls, natural stone bridges and great sprawling lakes.

In the state's eastern area, Jenny Wiley State Resort Park, at Prestonsburg, is the choice of many travelers who seek a mountain vacation. The park is on 860-acre Dewey Lake and caters both to visitors who crave sports and to those who want a quiet holiday. The area is steeped in history, tradition and folklore. The park was named for a pioneer girl who was captured by the Indians but escaped to return to her people. Many variations of the saga of Jenny Wiley are still heard in the mountains and around the resort in the magnificent and colorful Big Sandy Valley.

In the northeastern hills of Kentucky is another winter park attraction, combining the fascination of caves with mountain music and crafts. Carter Caves Resort Park at Olive Hill offers a tour of two different caves, by request only, in the off-season months. Ingenious lighting in the caves allows you to enjoy many interesting formations. Bat Cave is especially fascinating for children, as well as adults, who enjoy seeking animals in their own environment. A full-time naturalist conducts the tours and is a 10-year veteran of the woods and caves of the thousand-acre park. Experimental plans were put to work last summer to conduct classes on ecology for high school and college groups who want to obtain additional education in the atmosphere of the eastern cave area.

Natural Bride State Resort Park, also in the mountains and, in addition, within part of the massive Daniel Boone National Forest, is another winter resort that offers the unusual. Right in the middle of a beautiful wilderness, nature has carved a high bridge out of rock that is the result of millions of years of wind and water wearing on the exposed surface. The bridge stands in all its grandeur atop a mountain at an elevation of 1500 feet. You can ride a chairlift to the top (through October 31) and enjoy a view of deep valleys and of mountain ridges that seem to be supported by sheer rock walls.

The Cumberland River winds its way through the southeast corner of Kentucky hills for hundreds of miles until it reaches one of the world's largest man-made impoundments, Lake Cumberland. On a select hilltop offering the very best view of the broad waters is Lure Lodge, ultramodern and designed with enough glass to let the beauty of the country through to you. Private balconies and patios help you enjoy the wonderful aroma of thick forests, and the distant lake sounds. Lake Cumberland State Resort Park offers planned recreation throughout the year for its guests.

Cumberland Falls, called "the Niagara of the South," is well worth the trip just to see the largest waterfall east of the Rockies (except for Niagara itself). A beautiful sandstone-and-timber lodge nestles into the scenery to become a part of one of Kentucky's loveliest resort areas. A full moon on a clear night, combined with the mist from the falling water, creates a moonbow... one of only two in the world.

Barren River Lake State Resort Park is almost directly south of Louisville and you might make some sightseeing stops along the way at Hodgenville, to take in Abraham Lincoln Birthplace National Historic Site, and Lincoln's boyhood home at Knob Creek... and a stop in the Central Kentucky Cave Area, for a scenic tour. You will most certainly be impressed by the spacious, relaxed atmosphere on reaching Barren River. You begin to get glimpses of the lake between tall trees along the way, and finally of the expansive lodge, over 600 feet from one end to the other, curving around the lake, offering a splendid view from dining room and lobby on one end, all the way around to the three-tiered guest wing. There is so much to see and do in the Cave Area, you will most probably want to stay a few extra days, and Barren River Lake is just a nice drive away.

Kentucky's west is wonderful for lots of water and land activities. The two winter state resort parks there offer boats for rent and great golf courses among lots of other attractions. Kentucky Dam Village State Resort Park, at Gilbertsville, has a golf course that has been called one of the top courses in the state. A new course at Lake Barkley State Resort Park... just a short distance away by land or water... is also popular with golfers. The lodge at Lake Barkley is an impressive structure of redwood beams and glass that curls around some beautiful lakefront views that can be appreciated from the dining room or any of the many balconies that adorn the lodge.

The last of the winter parks mentioned here is often the first for many visitors to Kentucky, as it is on the northern border of the state. General Butler State Resort Park is just the place for a few days' relaxation, though there is always some planned activity if exercise is your bit.

Although it is not always necessary to make reservations at the winter parks, the best idea is to plan ahead. It is easy to make your reservations by making a toll-free phone call. If you live in Ohio, Indiana, Illinois, Missouri, Tennessee, Alabama, Georgia, South Carolina, Virginia or West Virginia, dial 1-800-626-2911. From any location in Kentucky, dial 1-800-372-2961, toll-free. If you are calling from a place where the toll-free service is not available, call the central reservations service in Frankfort at (502) 223-2326. You'll pay for the call in this case, but what a wonderful wintertime holiday is at the other end of the line!

Second Half Fatal To Cats; Pikeville Averages 1972 Defeat

In Prestonsburg High School's Friday night grid contest with the Pikeville Panthers at John's Creek the Blackcats' upriver rivals took revenge on the team that last year caused Pikeville's only regular season defeat, downing Prestonsburg 30-20.

After receiving the opening kickoff Prestonsburg mounted an 80-yard drive which resulted in a Cat touchdown after fullback Steve Campbell scored on a two-yard plunge. Quarterback Jim Blackburn scored the two extra points on a "sneak."

After a fumbled Prestonsburg ball was picked up by a Pikeville player, who also fumbled, Dennis Walker wound up with the ball and ran 43 yards for another Blackcat score. The extra point attempt failed after this TD, making the Prestonsburg lead 14-0. Before the gun sounded for halftime, however, Pikeville's Eugene Cowan scored his team's first touchdown, followed by a pickup of two extra points by quarter-

back Newsome, resulting in a halftime score of 14-8.

The third quarter proved Prestonsburg's downfall as the Panthers scored three times. The Pikeville team first scored on a 16-yard run by Tim Clark and later in the quarter Cowan earned a TD after a Prestonsburg fumble. Cowan's score was supplemented by a two-point conversion by the Panthers' quarterback, and yet another Pikeville touchdown, this time on a 28-yard run by Greg Hall, made the point total Pikeville 30, Prestonsburg 14.

A fourth quarter score on a three-yard scramble by Mike Meade put Prestonsburg's final tally at 20, ten points behind the victorious Panthers.

Leading ground gainers for Prestonsburg were Mike Meade, eight carries for 35 yards and one touchdown, and Jim Blackburn, seven carries for 31 yards and two extra points. Quarterback Blackburn completed 12 of 25 passes for 164 yards. Leading receivers were Dennis Walker, three for 57 yards; Mike Meade, three for 26 yards; Danny Lane, two for 14 yards, and Ricky Yates, one reception for 43 yards.

This Friday's confrontation with Russell at the Prestonsburg athletic field represents an important district and Sandy Valley Conference game. Coach Ed Radjumas says the Cats will "have their hands full."

Fishtrap, Flanagan Drawdown Is Begun

The annual fall drawdown of Fishtrap Lake was begun in mid-September by the Army Corps of Engineers in preparation for the flood season.

A Corps spokesman said Fishtrap will be lowered 32 feet at a rate of about a half a foot per day. It is expected that the drawdown will be completed by November 1, which is a month early to allow a crew better access to the lake area in order to make a sediment resurvey.

The annual drawdown of John W. Flanagan Reservoir was begun Sept. 17. The lake will be lowered 16 feet at a rate of .2 feet per day. The drawdown is expected to be completed by December 1.

The Dewey Lake drawdown will not begin till November 1.

End of the Summer Marks Special Day

The end of summer marks a very special day all over Kentucky this year. This is especially true in Floyd county. District Conservationist William J. Cantrell, who heads the USDA-Soil Conservation Service (SCS) in Floyd and Magoffin counties, said, "September 22 this year not only means the beginning of fall, but it marks a day sportsmen are gathering to pay homage to men who make better homes for people, wildlife and fish."

This date has been named National Hunting and Fishing Day, and has been so declared by President Nixon. The Floyd County Conservation District has made a major contribution to fish and wildlife development in Floyd county. Twenty-four ponds have been created by cooperating landowners with the conservation district. These bodies of water provide many hours of fishing enjoyment for Floyd county sportsmen. Cantrell further pointed out that properly planned and managed ponds

make good homes for many forms of wildlife. Other conservation practices aiding wildlife that have been established on land through the conservation district include: 35,600 feet of hedgerow planting, 2,200 feet of field borders, and 1,547 acres of wildlife habitat development.

Health Board Slaps Reorganization

Frankfort, Ky.—The State Board of Health voices reservations and some displeasure late last week with Gov. Wendell Ford's reorganization that threw the health department in with two other huge agencies.

The board appeared to be somewhat—although not completely—mollified when Laurel True, Ford's secretary of human resources, assured it that public health would continue to get a high priority.

Several board members also lavished praise on former health commissioner William McElwain, Jr., whose status was cast in some doubt by the reorganization.

Board Chairman Dr. Robert Long, Louisville, all but asked True what the shifts would mean to McElwain but got no forthright answer. True said later he would very much like McElwain to remain with the department but the decision would be up to the former commissioner.

The reorganization put the program aspects of both the departments of health and mental health into a new bureau of health services, to be headed by former mental health commissioner Dale Farabee. That bureau, along with the old child welfare and economic security departments and other, smaller agencies, were put under True.

McElwain became health commissioner in 1970, when that position was filled by the board of health. A 1972 law gave the governor authority to appoint the health commissioner while another 1972 law reorganized the board of health, broadening its representation and including consumer interests on it so it no longer is basically a panel of doctors.

McElwain told the board at the conclusion of Thursday's meeting that he was unsure of his personal position but that "I look forward to working with you." The implication was that he would remain with the department if a suitable position were offered him.

While acknowledging some discomfort at "running second in what was essentially a two-man race," McElwain declared that "it's no shame to be second to Dale Farabee."

'74 DART.

We think a lot more buyers will be shopping the compact car market this year. And it's a beautiful time at our showrooms. With over a million Darts on the road, you know our compact is dependable. Dart also gives you a large trunk, plenty of legroom, a full choice of options, and six compact-priced models for '74. See what we mean about a "beautiful time"?

'74 CHARGER.

Maybe you wouldn't call our '74 Dodge Chargers "beautiful." Perhaps "sporty" is a better word! But when you travel the road "Charger Style," you're enjoying the kind of room, ride, and distinctive styling only one of our new "Chargers Three" can give you. Come in and check out a new '74 Charger now.

CLUB CAB PICKUP.

Only the Dodge Boys have it. The Club Cab pickup is still a Dodge exclusive! It's the only pickup that gives you 34 cubic feet of storage space behind the front seat, letting you keep

things safe and out of the weather under lock and key. And this year, we have added a whole group of four-wheel-drive Club Cab pickups to our great Dodge line. It's a "beautiful time" for pickup lovers—at the Dodge Boys'.

See all the beautiful '74 Dodges today—
(and tell 'em "Honey" sent ya).

To 'Strip' Huge Martin Acreage

INEZ, Ky.—A Chicago-based firm last week announced plans to open a major strip mine operation in Martin county. Robert E. Thomas, president of MAPCO, Inc., a national energy fuel concern, said the company plans to install a surface mine operation which would "reach a capacity of three million tons annually by January, 1976."
