

## DST Poses School Bus Headaches Saturday Midnight To Mark '75 Start Of Daylight Savings

The change to daylight savings time which is effective Saturday midnight poses problems to many, and perhaps the most serious of these is visited on schools, their pupils and teachers.

Superintendent of Schools Charles Clark said Tuesday:

"As far as we know at this time we will be picking up children, beginning next Monday morning, before daylight."

The resumption of daylight savings time means that clocks are moved forward one hour.

Mr. Clark said he had contacted Lewis Yandell, of the State Department of Education's division of transportation, and that Yandell indicated there are no exceptions to the fast-time regulation.

He added that the only alternative to the opening of schools on the "fast time" schedule would be for working parents to have one time schedule and their children another. This would be the case if school openings were set at, say, 9:30 a.m. instead of the opening hour now in use. With no time to sound public opinion on such an alternative, the superintendent said the schools simply will accept the hour faster time and try to operate under it.

The greatest distance any Floyd county pupil travels to school is perhaps 17-18 miles, Supt. Clark said. A number travel 10 miles by school bus. Because of the distances to be travelled, early-morning starts are necessary for buses — and, beginning Monday, they will begin their runs an hour earlier than before.

## Relief Program To Provide Jobs For 21 in Floyd

Floyd county, with a reported unemployment rate of 8.2 per cent, will benefit by only 21 jobs from Title VI federal funds designed to reduce the impact of recession and attendant unemployment. Funds allocated for the Floyd county program total \$68,343.

The Eastern Kentucky Concentrated Employment Program, Inc., of Hazard, has been designated by the U. S. Department of Labor to administer the funds under the Comprehensive Employment and Training Act of 1974 in 22 Eastern Kentucky counties.

The temporary program has been deemed necessary because of the present economic situation of severe unemployment. It is designed to have an immediate impact at the local level. Plans call for all jobs to be filled by the end of February. The duration of the jobs will average six months.

Preference in filling the jobs will be given to unemployed persons who have exhausted their unemployment insurance benefits, unemployed persons who are not eligible for unemployment insurance benefits, and those who have been unemployed for 15 weeks or longer.

The \$838,151 allocated to the 22 counties will provide jobs for 256 individuals, and 90 percent of the funds will be expended for participant wages and benefits. Each county will receive its proportionate share of funds based on its total number of unemployed individuals compared to

## Suicide Shot Heard by Phone, Riley Is Later Found Dead

Investigating the death of 19-year-old Cleadis Lee Riley, Jr. last Saturday night at East McDowell, State Police Detective Gary Rose and State Trooper Tucker were told that a person who was having a telephone conversation with Riley heard him announce that he intended to end his life, then seconds later heard a shot.

The shot, the officers learned during their investigation, was heard between 10 and 10:30 p.m. Saturday, but the body was not found till around 3 o'clock Sunday morning. The charge of a 16-gauge shotgun had been fired into his face.

Young Riley was a resident of Plymouth, O., and was visiting at the home of an aunt, Mrs. Ernestine

## New Buildings In Martin Area

The "forks of Beaver" area outside Martin is developing as a business center. At top is shown the new 20,000-square-foot S-Mart, completed and ready for its opening next week. The building is on KY 80, at what is popularly known as the "Y". Sam Hicks, a native of the Middle Creek section of this county, is manager. At right is the partially completed future quarters of the First Guaranty Bank, located in the same vicinity. The new bank is perhaps six months away from opening, Glenn C. Spradlin, president, said.

## Puckett Jailed Here In Hopkins Slaying

Tom Puckett, about 50, of the Myrtle section of Abbott Creek was jailed here following the shotgun slaying last Thursday night in the Myrtle vicinity of Vernon Hopkins, 55, of Royalton, Magoffin county.

Puckett was arrested about two hours following the shooting by State Police Detective Gary Rose and Trooper Tucker. He had left the mobile home of his mother, Mrs. Audrey Puckett Belcher, where the shooting took place, and was arrested at another point in the community.

## Martin Facing Three Charges Following Raid

Sheriff Joe W. Lewis and deputies arrested off-arrested Clarence Martin, of the Drift Vicinity, Sunday on three counts, one of which was third-offense possession of intoxicating beverages for the purpose of sale, after they had confiscated slightly more than 10 pints of whiskey found on his premises.

Martin also was charged with tampering with a public record, the result of his allegedly having destroyed the search warrant served on him. The third count accused him of resisting arrest. Martin was brought here and later released on bond in all three cases. Deputies Doug Lewis, Green Slone and Linzie Hunt took part in the raid.

David Wayman Blair, who was arrested Friday night at Dwale by Deputies Slone and Lewis, was booked on a breaking and entering count and is being held for Lorain, O. authorities. The 18-year-old Blair is accused of breaking into a firearms store at Lorain.

Forrest Martin was arrested on a

(See Story No. 1, Page 4)

The full charge of a .12-gauge shotgun struck Hopkins in his upper lip and nose. Only the two men were in the trailer at the time, officers said.

The theory, expressed soon after the shooting, that the shot may have been accidentally fired was discounted when it was discovered that some shot struck Hopkins' hand, indicating that he may have thrown a hand in front of his face as the shot was fired. Part of a bottle of whiskey was found on a table inside the room where the body lay.

Puckett was expected to be arraigned Monday.

The victim was a native of the Abbott Creek section and was a son of the late Sam and Phoebe Manuel Hopkins. He was employed as a coal-truck driver. Survivors include one daughter, Mrs. Joan Stanley, of Prestonsburg, and two brothers, Paul Hopkins, Kenton, O., and Gibson Hopkins, Warsaw, Ind.

Funeral rites were conducted at 1:30 p.m. Sunday from the Salyersville Church of Christ, and burial was made in the Marshall cemetery, near Royalton, under direction of the Caudill Funeral Home.

## Panel Inquiry In Hiring Case Is Lengthened

The two-man panel investigating the hiring of W. J. "Bud" Reynolds, son of State Representative and House Democratic Caucus Chairman W. J. Reynolds, of Allen, as manager of the state Manpower office here has decided to lengthen its inquiry, it was reported in Frankfort last week.

A delay in the panel's final report was announced after Glenn S. Anderson, retired office manager here, told the panel that Rep. Reynolds made a telephone call to him and told him that Governor Ford (now U. S. Senator Ford) had promised him his son would get the job.

Representative Reynolds was later quoted as saying he might have told Anderson that his son was hoping for the job but that he did not remember having made such a call as Mr. Anderson described.

Norman Willard, commissioner of Manpower Services, who made the appointment of the younger Reynolds to the post here, has denied that political influence had anything to do with the selection of Reynolds.

Reynolds' selection was challenged by three other applicants who are now contesting the appointment before the state Personnel Board and in a pending lawsuit. The unsuccessful applicants are Thomas M. Hereford, III, of West Prestonsburg, William L. Baldrige, Jr.,

## Allens, Losers In Damage Suit In Johnson Co.

Lawton Ray Allen, Prestonsburg certified public accountant, and his wife, Eleanor, lost in the Johnson circuit court last Thursday their suit for damages claimed on the ground that fiberglass duct work in their new home in Johnson county caused the severe illness of Mrs. Allen and the death of her unborn child.

The jury in the case reportedly voted 9 to 3 to deny the Allens' claim of \$580,000 damages. Defendants in the suit were the Johns Manville Corp. and the Elliott Glass and Electric Company.

Trial of the case began last Monday and it involved "expert" testimony introduced by both plaintiffs and defendants. In the battery of lawyers was Ex-Governor Louie B. Nunn, representing the Allens.

Mrs. Allen contended that her respiratory troubles began when she and her husband began building a nine-room residence in the Executive Heights development, approximately a mile north of Combs Airport, in 1969.

She claimed a series of changes on the house as construction continued necessitated her frequent presence at the building site. Just before the Allen family moved into the completed residence in December of that year, she said, she began to have respiratory troubles and was informed by several doctors that she had an allergy, but none was able to determine the cause.

After employing several remedies to alleviate the dust problem in the house apparently caused by the fiberglass, the Allens moved from the new residence, and resided with relatives in this county, at times traveling to Arizona and Florida.

Defendants pointed out that other members of the family were not affected. "Expert" testimony for the opposing parties were at wide variance as to the cause of her condition.

#### MEETINGS SET ON THURSDAYS

Meetings of the Big Sandy Regional Family Planning Board will be held at Jenny Wiley State Park at 6:30 p.m. on the third Thursday of each month.

### This Town... That World

If the weather becomes any warmer, those seed catalogs that have been so pretty are going to begin fading for me.

#### JEHU AND HIS CHARIOT

Although it is well known that I am the executive type — all spit-and-polish, desk in perfect array, orders barked out in the best raspy voice — I keep my hand on this sheet with some of the more prosaic tasks. For instance, most Wednesdays I load up a van with newspapers bound to dealers out in the county. These I transport to Allen in an ancient truck. We don't cut such a figure, the van and I, it's true, and Lenna Moore and Watt Hale emphasized that point, the other day, when they conspired to ask if that might be Ironside pulling away and what had become of his ramp.

#### THREE — COUNT 'EM

Jay Stephens, of the Middle Creek section, tells the story of the halfwit who wound up as the star performer in a court trial. He was a witness for the Commonwealth, and the defense attorney argued that not only the witness but also anything he might say was incompetent. The judge allowed he would be the judge of that, and he himself quizzed the witness.

Name? The man told him. Age? Likewise. Place of residence? Correct. Then the jurist popped a tougher question. "Tell me, how many seasons are there?"

The witness said, "Three," and the judge generously conceded that might be right but asked the man to name them. Whereupon the witness ticked them off on his fingers as he said: "Christmas, Hog-Killin' Time and Election."

## New Projects For Floyd Co. Are Unidentified

If Governor Carroll's plan for rebuilding roads damaged by coal trucks is realized, it may result in most of the state's road work in this county during the year.

At this time only the Banner bridge is a going project, and no other major construction job is seen for the year, it was said here.

Governor Carroll said this week that if federal funds are denied the state for the work, Kentucky will repair the truck-damaged roads on its own.

Although definite work commitments have not been made in this county for the year, KY 80 work continues to be a strong possibility, with aerial studies of the route being continued. Straightening and widening the highway, with three-lane construction on hills, will be involved.

Although Department of Highways officials will not commit themselves, it is regarded as almost certain that the new KY 80 will not intersect with US 23 at Allen, as at present, but will connect with the federal route near Water Gap, from there follow the left fork of Bull Creek and return to the present KY 80 location in the vicinity of Martin. Other changes of routing farther up Right Beaver Creek are receiving consideration but firm commitments are perhaps months from being made.

Four-laning of US 23 is in state planning, and the survey from Louisa to Catlettsburg is almost complete. Projected is the survey of US 23 from Paintsville to Louisa for four-lane construction.

At this time no serious study of the route between Prestonsburg and Paintsville is being made, but engineers as long as three years ago were looking ahead to future work on this sector. At that time they were viewing the new four-lane US 23 between Prestonsburg and Paintsville as generally following the old route, via Little Paint Creek, because it is shorter than the present road.

Some have also pointed to the near-impossibility of a four-lane road following the present river route because of lack of room and the necessity of cutting deep into mountainsides to make space for a modern highway.

## Damage Actions Would Recover \$53,025 Total

A suit claiming \$30,000 damages and an additional \$1,000 for medical expenses was filed in circuit court here last Thursday against the Mountain Parkway Chair Lift, Inc. by Cora Elswick.

The plaintiff alleged negligence and carelessness of employees of the chair lift at Jenny Wiley State Park caused the lift to jerk, partially throwing her from the seat and dragging her "a considerable distance." The incident occurred last May 31 as the chairlift was returning from the top of the mountain to which she had ridden as a paying passenger, she said.

A second damage suit, filed Friday by Frank and Virginia Wallace, claims a total of \$22,025 due them in damages by the Triple Elkhorn Mining Co., Inc. Plaintiffs allege that strip and auger mining operations of the company, attended by blasting, damaged the foundation, floors and ceilings of their two-

## Vets' Van To Offer Special Services

The red, white, and blue mobile van manned by veteran services and benefits specialists is touring Kentucky and will be at the Courthouse parking lot here, February 20, according to Robert F. Welch, Louisville Veterans Administration regional office director. The van will be open for business from 9:30 a.m. to 3:30 p.m.

The Mobile Van Program seeks to "bring the word to the people, in every corner of every state." For information and counseling in all areas of veterans' benefits, veterans, widows, and dependents are encouraged to visit the van. It is a one-stop service to bring veterans, their widows and dependents immediate information.

### Observe Golden Wedding

Jesse and Virgie Conley Slone observed their 50th wedding anniversary recently at their home at Wayland.

Natives of Knott county, they were married at Mousie Jan. 28, 1925, then moved to Garner where they lived 34 years. They have been residents of Wayland 16 years. They have three daughters, Lydia Huff, Plain City, O., Mary Hill, Dayton, O., and Laurie Olwin, Springfield, O., and 10 grandchildren.

### MISSIONARIES FROM ETHIOPIA TO VISIT CHURCHES IN AREA

THE Rev. and Mrs. Alex Fellows, missionaries to Ethiopia, will be visiting in Floyd county, the latter part of February, and will speak at various churches.

They have served under the Sudan Interior Mission for 30 years. They will be guests of the Rev. and Mrs. Robert Martin and Mr. and Mrs. George Barnette, of Martin.

Rev. Fellows was born in Australia where he attended the Melbourne Bible Institute. Mrs. Fellows is a native of Ohio and attended the Moody Bible Institute. They met as missionaries in Ethiopia and were married there.

They have had five children. A little girl, Karen died at the age of 4 of cancer on the mission field, and is buried there. Their eldest son, Bruce, is in residency at a Wilmington, Del. hospital. Another son, Tom, is at Ohio State and plans to enter medicine. Keith is at Columbia Bible College. Son Tim is at Byran College and plans to attend Moody Bible Institute this fall. A daughter Ruth is a nurse in an Atlanta, Ga. hospital.

During their years in Ethiopia the Fellows' work was basically pioneering new, unreached areas, planting churches and teaching in newly formed Bible Schools, once churches were formed.

Five years ago Alex Fellows was placed in charge of the Bonga district. His work consists largely of caring for a large number of churches and with administrative duties. In the past three and a half years this work counts 700 baptized believers and another 1300 cleantcut professions of faith. There are 65 groups of believers, nine of them formed into local churches and others rapidly being organized. Fifteen literacy centers, four grade schools, one district Bible school, and two medical clinics have been opened.—All of which adds up to busy days for Alex and Theresia Fellows.

They are what is known as "faith workers,"—which means that they are supported (rearing and

educating their children; entirely by freewill offerings and gifts from interested churches. The Women's Missionary Fellowship of Faith Bible Church has had them on their list of workers to assist, as has the Ivis Bible Church.

Their furlough address is St. Marys, Ohio. They will return to Ethiopia, if conditions permit, late this summer.

#### CARD OF THANKS

Our children and I wish to express our deep appreciation for all the kindness and sympathy shown us upon the passing of my dear husband and their father, Lesta Lewis Salisbury. I especially want to thank all our friends and neighbors who sent flowers and food or any one who helped in any way. We wish to thank Dr. Sing and the staff at the McDowell Hospital for all they did in his behalf. We thank the Old Regular Baptist ministers and all the ministers and singers for their consoling words. We are especially grateful to Tommy Moore who sang the songs Lesta loved so much. We thank Hall Bros. Funeral Home for their efficiency and kindness when we needed it most.

## New State Regulation May Stop Deep Mines

A proposed state regulation, unless changed, will stop development of new deep mines in East Kentucky, representatives of the underground coal-mining industry claim.

The regulation in question would set environmental standards for surface disturbance around deep mines. It is required by state law but has not yet been implemented.

Billy S. Lewis, state Land Resources Commissioner, said the regulation is now "nearly irreversible."

One or more deep mine groups will file suit if the subcommittee adopts the regulation, according to industry spokesmen.

Robert Holcomb of Pikeville, president of Coal Operators and Associates, said the regulation would "completely stop the development of all new (deep) mines" in Eastern Kentucky due to the mountainous terrain.

One section of the regulation prohibits surface disturbance within 100 feet horizontally and 10 feet vertically of a stream, except for roadways.

Holcomb contends, "It is impossible to get 100 feet horizontally and 10 feet vertically from a stream because of the terrain."

You'd have to go up on the side of a mountain and cut a place out, and what are you going to do with that (material)?" he questioned.

Cloyd McDowell, president of the Harlan County Coal Operators Association, said a lawsuit to block the regulation would get "very careful consideration" if the regulation is not changed.

## Is It a Death-Watch?

A way will be found to do it, but how the U. S. Army Corps of Engineers will be able to spend \$711,000, as planned in the President's budget, on Dewey Reservoir is a rather abstruse matter to most of us.

The money is to be spent, the Huntington district office of the Engineers tells us, on routine maintenance. That would leave out major dam repairs, any construction of small upstream dams to curb the flow of sediment into the lake, or any new undertaking.

Dewey Lake — and is this news? — will continue to be under study. The sedimentation study will be continued.

It is already known that the lake is suffering from sedimentation. But the "doctor," who has been well-paid for his services and who has another big "fee" coming up, prefers to sit at the sickbed and keep vigil for more symptoms, leaving the treatment till some day out there in the distant future.

The callous neglect of Dewey Lake by both state and federal governments is beyond our understanding.

## For Children Only?

Will those newspapers which criticize Kanawha county, W. Va. parents for protesting material found in their children's textbooks dare to print the "juicier" excerpts from those same books?

Words are getting into newspapers and other publications, these days, that belong, traditionally, to outhouse walls, but EDITOR AND PUBLISHER, leading trade publication in the newspaper and printing industry, reports:

"We don't know of any newspaper of general circulation that is prepared to print the stuff verbatim."

Reed Irvine, editor of the AIM REPORT, monthly journal of Accuracy in Media, examined some of the textbooks, then wrote:

"We debated reproducing some of these quotations, but we decided against it. They are too foul for this publication." (And that publication is not read by youngsters but by adults who, presumably, have already seen and heard all the dirt.)

No television station has yet dared read or flash on the screen many of the words and sentences contained in those textbooks.

Then doesn't it naturally follow that material too foul for newspapers aimed at adult readers and for television which often offends the most blasé grownup should not appear in textbooks used by children beginning at the seventh grade?

## THE EXPLANATION

Then there is the story a departed friend used to tell of the Prestonsburg man who acquired a span of mules and housed them in a stable right in town. He boasted of the quality of his mules till our friend finally decided to step across the way and look them over.

The owner had thrown down to them some blade fodder, and as the visitor neared the barn he heard a medley of sounds which had him puzzled till he entered the barn and got a look at the two crowbats that had been rated so highly.

"It was their gums screakin' across that fodder," he explained. "Sounded like a bunch tunin' up for an old fiddlers' contest."

I am not certain who suggested that this is the Stovepipe Season, since there's so much flu, but I doubt if it matters greatly.

## JUDGE PATTON'S INSTRUCTIONS

At one time there presided over the Floyd circuit court a Judge Patton who was famous for his instructions to grand juries. To the late Josiah Combs, who included some of them in his collection of humor, and to APPALACHIAN HERITAGE at Pippa Passes, which has published some of his collected humor, we are indebted for the following pronouncements of the judge from the bench:

"Gentlemen, you have here a most beautiful piece of public property, upon which rests this hall of Justice. Its verdant, rolling grass, and majestic towering tree tops attest at once God's loving kindness and infinite mercy. A lovely fence encircles this property and hall, where justice is wont to be meted out. But, gentlemen, our people are hitching horses to this fence. There is a class of people in this world, gentlemen, who would ride up to the Garden of Eden, push aside its heavenly-commissioned guardian, fling the gate wide open, loiter down its temple-like vales, hitch their horses to the Tree of Life, and banter Moses for a horse-swap. Fine these men, gentlemen, fine them!"

At another time he instructed a jury: "Gentlemen! whenever you see a great big over-grown buck sitting at the mouth of some holler, artificial rose on his coat lapel, and a banjo strung across his breast, and a pickin' of Sourwood Mountain, fine that man, gentlemen, fine him! For if he hasn't already done something, he's a-go-in to! Everytime one of those characters comes into my country, I go straight home to my daughter."

East Point, and James L. Reed, Salyersville. They point to these qualifications: Eight years' experience and a master's degree for Hereford, 13 years' experience and a master's degree for Reed, and 16 years' experience for Baldrige.

Reynolds' qualifications were listed as a bachelor's degree and between two and three years' experience.

The investigating panel is composed of James Way and Dr. Jack Razor. They had planned a final report at the March Meeting of the Personnel Board, but it was said this week the report will be made at a later date.

### Chapter Here Notes National FFA Week

National FFA week is February 15-22. Members of the Prestonsburg Chapter join with over 450,000 other FFA members in the United States in celebrating National FFA Week which began February 15.

Throughout the week, the state's 225 chapters have planned activities to support the theme, "FFA a Chance for Growth."

According to local chapter president Don Stanley, of Prestonsburg, the chapter here are sponsoring a radio program, dress-up day, and display posters.

National FFA Week always includes George Washington's birthday in observance of his leadership in promoting scientific farming practices. Washington is considered the patron saint of the FFA and has come to symbolize the FFA treasurer.

Organized in 1928, the FFA promotes leadership, cooperation and citizenship among high school vocational agriculture students. The FFA Foundation awards program provides chapter, state and national recognition for supervised programs of agricultural production, marketing, processing and service.

### Presents Statue to Governor

PRESENTING A STATUE to Gov. Julian Carroll is Clyde DeRossett, Jr. of Prestonsburg, representative for the Lonesome Pine Council of the state's Boy Scouts of America. Each year, the Boy Scouts make an annual report to each state governor and to the President. In Kentucky, there are five district councils of the Boy Scouts. Gov. Carroll recently invited each council president and executive scouting director—along with their wives—to a luncheon at the Executive Mansion in Frankfort. Speaking at the event were scouts representing each of the five councils. Besides DeRossett, representatives included Joseph Rightmyer of Calhoun (Audubon Council), Timothy Crowley of Danville (Blue Grass Council), Doug Dennis of Paducah (Four Rivers Council) and Randell Riley of Bardstown (Old Kentucky Home Council).

Clyde DeRossett, Jr., of Prestonsburg, represented Lonesome Pine Council, Boy Scouts of America, at the annual Report-to-the-Governor ceremonies which were held Monday in Frankfort. Governor Julian Carroll was host to representatives from each of the five Boy

Scout councils in the state. Attending the ceremonies with the Prestonsburg Scout were his parents, Mr. and Mrs. Clyde DeRossett, O. T. Dorton, of Paintsville, immediate past council president, Mrs. Dorton, John W. Fanning, of Pikeville, Scout executive, and Mrs. Fanning.

Young DeRossett is a senior at Prestonsburg High School, an Eagle Scout and a member of Scout Troop 27 sponsored by the Community Methodist Church here. He is also the recently elected chief of the Tomahaken Lodge of the Order of the Arrow, a society of Scout honor campers.

During ceremonies following a luncheon with Governor Carroll, he presented a report of the progress made by the Lonesome Pine Council during 1974 and presented to the Governor an original woodcarving produced by Roy May of Maytown, who is also Scoutmaster of Troop 24 in that community.

 RESTAURANT

Today more and more eating places specialize in only one kind of food. That's what makes Jerry's so special - especially at dinner time. It doesn't matter if you're hungry for steak or chicken, or sirloin tips in mushroom gravy, or maybe even shrimp creole or a juicy ham steak. Sometimes there is even saucy lasagna on the menu - and sometimes roast turkey with all the trimmings. And always - there are those green garden vegetables. You get a selection. Jerry's Restaurant specializes in

making everybody happy with a different selection each evening. Choose from four entrees and select two vegetables. And for the same price, pick a soup or appetizer. Jerry's offers more than one kind of food - something for everybody.

**Office of Attorney General Opinions**

FRANKFORT, Ky.—Among opinions released last week from the office of Atty. Gen. Ed W. Hancock were the following:

Paul D. Gudgel, a Lexington attorney, asked if the mother of a child placed in her custody following a divorce can legally change the child's name without consent of or notice to the father. Before 1974, the father had top priority in deciding whether or not the child's name could be changed. However, due to an amendment of the statute governing such action, it is the opinion of the office of the Attorney General that the parent—whether mother or father—given legal custody of a child under the age of 18—is not required to notify or gain the consent of anyone in petitioning the county court to change the child's name.

James S. Secrest, Allen county attorney, asked whether a court can jail a juvenile for a moving motor vehicle offense when he has failed to pay the fine. While this office had adamantly concluded that cases in juvenile court may not be disposed of with a fine, the one exception is for a moving motor vehicle offense. The statute covering this offense states that the juvenile so charged will be treated as any adult offender. The Attorney General's office held that a juvenile may be fined for this offense and subsequently jailed if he fails to pay the fine. However, local law enforcement agencies should segregate the juvenile offenders from the adults in jail. If possible, juveniles should be retained in the county's juvenile detention facility.

Lewis Baker, of Hazard, stated that he would like to be a candidate for city commissioner, but he is a heavy equipment operator covered by the state merit system. Although the city commissioner's position is nonpartisan, it pays a small salary. Baker asked if he could legally be a commissioner if he donated this salary to various churches. In the opinion of the office of the Attorney General employees under the state's merit system are allowed to seek only those offices that are both nonpartisan and for which no compensation is provided. City commissioners receive a salary. What is done with the money does not affect the law.

W. P. Hurlley, director of the Bureau of Correction's division of probation and parole, asked whether probation and parole officers may carry concealed deadly weapons for their protection during duty. The Attorney General's opinion was that such agents are peace officers and entitled to the authority and powers of that office. Therefore, during the discharge of their duties and for protection, probation and parole officers may carry concealed deadly weapons.

## Miss Peters-Mr. Patton Wed

Candlelight set the mood for the marriage of Miss Mary Peters to Mr. Steve Patton, January 18, at 7 o'clock at the Martin Methodist church. The double-ring ceremony was performed by Reverend Huffman, pastor of the church.

The bride is the daughter of Mr. and Mrs. Virgil Peters, of Martin. The groom is the son of Mr. and Mrs. Palmer Patton, of Prestonsburg.

Given in marriage by her father, the bride carried a large bouquet of white carnations and lace with blue streamers. She wore a floor length gown of white satin peau de soie with a full ruffle at the hem trimmed with alecon lace. The bodice, with a high collar and oval yoke, was overlaid with sheer shimmering silk and an ornate design of pearls. The long, full sleeves, also covered with silk, had eight-inch cuffs and were trimmed with rows of matching lace giving the gown an old-fashioned look and was designed for her by her sister, Sandy Ratliff, who was also maid of honor and wore a similar design of blue crepe with ruffles at the bodice and hem, trimmed with lace at hem and sleeves.

The flower girl was Debby Cate, who was dressed in a long blue dress of polyester with puffed sleeves and streamers in her hair. She carried a basket of flowers.

The best man was Kenny Zemo of Prestonsburg. Ushers were Johnny and Paul Peters, brothers of the bride.

The ceremony was performed under an archway of baby's breath and greenery. Blue candles were used throughout the church. The music was provided by Jane Collins on piano and Ronnie Bradley on guitar. The musical selections included "We've Only Just Begun," "Love Story" "Colour My World," "Never Be Lonely Anymore."

A reception followed in the church basement. Beverly Clay registered guests and Janet Barnett, Virginia Chaffins, Judy Peters, and Beulah Peters served at the reception table which was covered with blue and white lace tablecloths with a large wedding candle at one end.

The couple left after the reception for a short wedding trip and are now residing in Lexington, where the groom is employed.

We, the family of Myrtle Parsley Blankenship, would like to express our appreciation to all who shared with us in the loss of our mother. For all those who sent flowers, food, and expressed their sympathy in any way, we sincerely thank you. Our thanks to the Wayland Methodist Church and Pastor Floyd Tackett for their kindness shown during this time and to the Hall Brothers Funeral Home for its kind and efficient service. Also, a special thanks to Dr. Mary Hall, of the McDowell Hospital. May God Bless You All.

A son of the late Gilvert and Martha Prater Bentley, he was born February 5, 1915. He was a disabled miner and a veteran of World War II.

Survivors include his widow, Mrs. Japalene Howard Bentley; two sons, Terry Bentley, of Langley, and Gerry Bentley, of Pikeville; five daughters, Mrs. Bonny Gross, of Goshen, Ind., Mrs. Donna Halbert, of Bristol, Tenn., Mrs. Darla Castle, of Hueysville, Misses Teresa and Carolyn Bentley, both at home; five sisters, Mrs. Julia Sparkman, of Hueysville, Mrs. Madge Prater, of Eastern, Mrs. Maggie Lamb, of Miami, Fla., Mrs. Edna Hurst and Mrs. Ada Hurst, both of Greenup, and seven grandchildren.

Funeral services were conducted at 10 a.m., Monday, at the home. Burial was made in the Prater cemetery at Hueysville.

**Rufus Osborne**

Rufus Osborne, 42-year-old McDowell native, was killed Feb. 6 at Butte, Mont., when he was run over by a 150-ton truck hauling copper ore. Mr. Osborne was truck foreman at the operation where he was killed.

He was a son of the late Dock and Lizzie Osborne, and moved to Montana about 10 years ago. Surviving are his widow, Mrs. Sharlene Hall Osborne, and eight children; a brother, Edgill Osborne, of Ohio, and four sisters, Mrs. Maxie Tackett, Mrs. Aggie Pace, Mrs. Clearance Enos and Mrs. Stella Hall, all of the McDowell vicinity.

Funeral rites, with military honors, were held Feb. 10 and burial was made in Sunset Memorial Gardens, at Butte.

**Harold Holcomb**

Harold Holcomb, son of Mrs. H. H. Holcomb and the late Mr. Holcomb, died in Tucson, Arizona last week after a long illness. His funeral was held last Thursday at Scottsville, Ky., home of his wife. He was about 50 years old and formerly resided in Prestonsburg. Surviving are his wife, a daughter and two brothers, Eugene and Robert Holcomb, and his mother.

**Mental Health Group Meets Here, Feb. 10**

The regular meeting of the Floyd County Mental Health — Mental Retardation Association was held at the Floyd county library February 10. The president, Mrs. Brenda Roberts, presided.

Various ideas were presented for assisting people with emotional, mental or retardation problems who cannot obtain help elsewhere.

The association voted to send Valentine gifts to all Floyd county patients at Eastern State Hospital, and allocated money for the purchase of the gifts which were hand-delivered on Valentine Day.

Members were urged to contact another person to attend the March meeting which will be held on the second Monday at noon at the library.

**VISIT IN ARIZONA.....**

Host Mr. and Mrs. Charles "Blacky" Layne had a "hillbilly supper" in Phoenix for the following family members and friends: Mrs. Deva Woods, Mrs. Ted Nelson, Mr. and Mrs. Jim Robb, Lula Layne Ruth, Mr. and Mrs. Milford Northrup, Joe Layne, Tracy, Jeffrey, Bill and Joe Whittinger and Mrs. Alan Whittinger.

**IN MEMORIAM**

In Loving Memory of—Mother, Bessie Derossett Daniels, April 20, 1971; father, Bee Daniels, Aug. 30, 1973; brother, Clay Daniels, Sept. 15, 1973.

**BEYOND THE RAINBOW.**

If we could only look Ahead of us We'd see somewhere Beyond the rainbow's bend A happy land where Loved ones go to rest For this is where their cares And troubles end This is a place

Where no night shadows fall, Where everything is fresh And bright and fair, Where flowers of love And friendship always bloom And sweetest fragrance Fills the very air . . .

All walk as equals In this perfect place, Love rules in every mind— In every heart

All things of beauty Thrive and flourish there No friends or dear ones Ever need to part And even though It's very hard for us

To say "Goodbye" to these We've cherished much And we are left behind In loneliness Missing a voice—

A dear, familiar touch If we could call them back, How could we dare Knowing what peace and joy— What love is there!

**International Affairs Discussed by Speaker**

"International Affairs should be the concern of everyone", emphasized Mrs. J. T. Spillman, speaking on "International Affairs" at the recent program meeting of the Lackey-Garrett-Wayland Woman's Club at the home of Mrs. John Reed, of Wayland.

"We should read newspapers and magazines and listen to the news on radio and television and take note of what is going on among the nations of the world," stressed Mrs. Spillman. "We should strive in every way possible to end discrimination and to help make a better understanding among nations, for it is only in this way that we can have harmony and nations and their people can be drawn closer together. In this way peace is brought about and peace is necessary for survival." She stressed that "if we don't decide we are going to carry on, we'll be carried out." Mrs. Spillman also emphasized that we should communicate with our representatives in Congress and inform them of our reaction to their proposed legislation.

Prior to the program Mrs. Don Hughes led the Pledge to the Flag, followed by the Club Collect by Mrs. Mervil Dixon and devotions by Mrs. J. T. Spillman.

During the business session, presided over by the club president, Mrs. J. C. Wells, it was reported by Mrs. Otto Martin that so far the club had collected and contributed \$1,520 to the purchase of a fire truck for the Area Volunteer Fire Department which covers the Lackey-Garrett-Wayland communities and their environs. Mrs. Wells reported that Mervil Dixon had been appointed Heart Fund chairman for Wayland, Estill, and Lackey; Mrs. Marcellous Dunfee, for Garrett, and Mrs. Otto Martin, chairman of Memorial and Special Gifts for the area. A contribution was voted to St. Jude Children's Hospital. The spring district contests were discussed and copies of the various rules for these contests were distributed to be given to the contestants. An election was held for Nominating Committee members to nominate officers for the coming club year. Members elected were: Mrs. Otto Martin, Mrs. Mervil Dixon, and Mrs. Marie Mullins.

As has been the custom for the past several years, each club member baked and delivered two dozen cupcakes to the patients of the Golden Years' Rest Home at Lackey on Valentine's Day.

The club voted unanimously to contribute \$65 toward the purchase of uniforms for the Garrett Girls' Basketball Team.

On behalf of the club, a silver tray was presented to Mrs. Wells by Mrs. Otto Martin, expressing the club's appreciation of Mrs. Wells' service and devotion to the club above and beyond the duties of her office.

Refreshments were served by the hostesses, Mrs. Spillman and Mrs. Reed, to the following: Mrs. J. C. Wells, Mrs. Earl Castle, Mrs. Marcellous Dunfee, Mrs. Felix Coburn, Mrs. Marie Mullins, Mrs. Rondell Lawson, Mrs. Don Hughes, Mrs. Bobby Joe Castle, Mrs. James E. Martin, Mrs. Mervil Dixon, and Mrs. Otto Martin, members and one guest, Mrs. Lucy Sturgill.

## 58th Dist. Tourney Pairings Announced

Wheelwright High School will be the host school for the 58th district basketball tournament, March 5-8, and for the first time since 1957 the games will be played at Betsy Layne.

The draw for tournament pairings was held at Wheelwright Monday, and Prestonsburg high school drew a bye in the top bracket. The draw for boys' play follows:

Wednesday, March 5, 8:30 p.m. — Betsy Layne vs. McDowell; Friday, March 7 — the winner of that first-round game meeting Prestonsburg.

In the lower bracket Allen Central will meet Wheelwright Thursday, March 5, at 8:30. The championship game will be played Saturday at 8:30 p.m.

The draw for girls' tournament play: In the upper bracket, Wheelwright vs. Betsy Layne, Wednesday, March 5 at 7 p.m.; and on Friday at 7 p.m. the winner of that first-round game meeting McDowell.

In the lower bracket Prestonsburg will play Allen Central Thursday, March 6, at 7. The championship game will be played Saturday, March 8, at 7 p.m.

The regional tournament for girls will be held the following week at the Prestonsburg field house. The boys, regional will be held at the same time at Johnson Central High School, Paintsville.

## Meeting Marks Step Toward Developing Land Use Plan

Glen E. Murray, Lexington, state conservationist, Soil Conservation Service, speaking to the RC&D Council at May Lodge. Others in photograph are, foreground, Mrs. Roslyn H. Burchett, and Lloyd Wells, of Prestonsburg and Auxier; in background, Steve Mooney, Lexington planning consultant, and Roy Cain, of Salyersville.

Last Thursday night's meeting of the Project Council of the Big Sandy Resource Conservation and Development project was devoted to gearing up for the start on the planning process which includes developing a land use plan for the area and each county involved. The undertaking is in cooperation with the Big Sandy Area Development District.

At the meeting, held at May Lodge, Jenny Wiley State Park, Glenn E. Murray, state conservationist, Soil Conservation Service, Lexington, outlined the assistance SCS and other agencies can provide to local planning bodies. Steve Mooney, Lexington planning consultant, defined the role of consultants.

"Land use planning," W. H. Dempsey, of the Soil Conservation Service, later commented, "must start, like any other natural resource planning—at the grassroots, or 'head of the holler,' as we mountain people might say. To be effective, the people who own, occupy or otherwise control the land must make the decisions as to how it will be used, then voice this through elected representatives in community, city, county, state and national governments."

A Big Sandy RC&D Project spokesman views the problem, this way:

"The big issue in land use in this area applies to urban expansion (or living space), water impoundments and surface mining. The issue is not whether there will be more, but rather what form these

will take and where they will be located. Our personal and professional interests should be geared to guiding development rather than trying too hard to prohibit it. If the adverse effects of growth and development which affect our land resources can be minimized—growth may actually help us achieve a better quality of life—by developing new technologies to improve our environment and by providing more jobs for people, better standards of living, and more economic security."

## Floyd County Basketball

By C. "OLLIE" ROBINSON

The Prestonsburg Blackcats won three games last week to run their won and lost record to 22 and 2. Their final win of the three was over Belfry at the fieldhouse Tuesday night by a score of 75 to 71. The Cats were leading at halftime, 34 to 26, but the Pirates came roaring back in the third quarter and outscored the cats, 28 to 11, as Belfry hit 88 per cent from the field. Down by nine points going into the fourth quarter, the Cats roared back and won by 75 to 71. Robbie Herrick scored 26 points — 18 in the fourth quarter, and Kippy McNally scored 19.

Allen Central lost to Greenup county, 83 to 68, in the first game of the doubleheader.

The Blackcats in a week-end road trip blasted Robertson county, 84 to 43 as Gormie Collins had the best offensive night of his career, racked up 24 points and controlled the boards for a total of 22 rebounds. Saturday night, the Blackcats faced strong Bracken county and it was homecoming. Prestonsburg went into high gear and was leading by 10 points in the second quarter but things went wrong. Collins, Herrick and Flanery all got into foul trouble and Bracken County came back and was trailing by only one point at halftime, 35 to 34. So Coach Setser at halftime knew his team was in trouble and he and the officials were disagreeing, so he went into a stall in the third quarter — and what a freeze it was! Bracken County got the ball only twice in the third quarter and never scored and the Cats were leading going into the fourth quarter by 39 to 34. In the fourth quarter Bracken came back and tied the game at 43-41, and with Cats still in the stall the winning basket was made with only 20 seconds left and so the Cats overcame the homecoming crowd and the officiating and won their 22nd game.

Coach David Turner's McDowell Daredevils are still having injuries and, with the injuries, the Daredevils are losing. Last Tuesday night, McDowell lost to Elkhorn City, 73 to 70. Again Ricky Roberts didn't play. Friday night, the Wheelwright Trojans blasted the Devils at McDowell, 67 to 64.

## DeRossett, First Scout in Area Named to Staff at Philmont

Arthur Leach, chairman of the Camping Committee of Lonesome Pine Council, Inc., Boy Scouts of America, announced last week that he has received word from Philmont Scout Ranch at Cimarron, New Mexico that a Scout from the Lonesome Pine Council has been selected to serve during the entire summer as a ranger at the ranch.

Eagle Scout Clyde DeRossett, Jr., a member of Troop 27 of Prestonsburg, which is sponsored by the Community Methodist Church, will be employed during the entire summer as a ranger at Philmont—a high adventure program area of the Boy Scouts of America, located in northeastern New Mexico. Young DeRossett is a senior student at Prestonsburg High School and in his church has completed the requirements for the Scout's God and Country award, although formal presentation of the award has not yet been made.

He attended Philmont Scout Ranch during the summer of 1974 with the contingent from the Lonesome Pine Council. As a ranger this coming summer, he will have the responsibility of hiking certain assigned trails on the 15,000-acre ranch located in the Sangre De Christo mountains of New Mexico, assisting Scout and Explorer units as the need arises. Among his duties will be responsibilities for search and rescue, should such need arise. He will also be prepared to render first-aid in extreme situations and to perform such other responsibilities as arise on the trails of such a large and primitive camp area. At any given time during the summer, more than 2,000 older Scouts and their adult leaders will be hiking on the mountain and forest wilderness trails in areas which cannot be reached by ordinary vehicles.

The present energy situation gives you a valid reason for a bit of "peace and quiet." You can urge the family to turn off television, stereos, and radios when no one is actually watching or listening. "Background noise" uses energy and costs money, too.

The Prestonsburg Scout is the first from the 13 counties served by the Lonesome Pine Council to be accepted for a staff position at Philmont Scout Ranch. Philmont staff members are selected from among applications received from throughout the entire United States. In addition, a certain number of staff members are selected from foreign countries.

# Telephone Work To Middle Creek Now Underway

Work begun by the Powerline Construction Co., Stanton, Ky., at the intersection here of Dingus street with US 23 is a part of South Central Bell's program to take its lines underground in the Middle Creek, David and Pyramid areas and, ultimately, to take all its facilities in the county "out of the air," Phil Scott, Paintsville, South Central Bell manager, said last week.

The contractor's work here is to take beneath US 23 the conduit branching from a trunk line, to cross the nearby river, follow an existing pole route along the railroad and then go underground into the Middle Creek areas.

Mr. Scott said cost of conduit to be used in the hookup here will be between \$45,000 and \$50,000 and that the entire Middle Creek project will cost approximately \$200,000.

This and other work are designed to allow for normal business growth, eliminate some party lines and remove unsightly poles.

Now under way is a \$400,000 project to take underground phone cable into Abbott Creek. The company will do similar work from Auxier to Dewey Dam to meet increased tourist needs, and later will remove some of the aerial cable on North Lake Drive, Mr. Scott said.

Much of the phone cable serving Prestonsburg was taken underground in 1973-74.

## NOTICE

Notice of filing of a petition in the Floyd County Court for the annexation of territory by the Beaver-Elkhorn Water District.

Pursuant to KRS 74, public notice is hereby given of the filing of a petition by the Board of Commissioners of the Beaver-Elkhorn Water District in the Floyd County Court, praying for the annexation of territory to the Beaver-Elkhorn Water District for the purpose of providing water service to said territory, being described as follows:

All that land in Floyd County, Kentucky, bounded as follows: on the south by the present boundary of the Beaver-Elkhorn Water District, on the west by the Magoffin County Line, on the north by an east-west line through a point on old U. S. Highway No. 23 and No. 460, said point being one mile north of the intersection of old U. S. Highway No. 23 and No. 460 with Kentucky Highway No. 80 at New Allen; and bounded on the east by a north-south line through a point on Kentucky Highway No. 80, said point being 3200 feet (measured along the centerline of said Kentucky Highway No. 80) east of the intersection of old U. S. Highway No. 23 and No. 460 with Kentucky Highway No. 80 at New Allen, Kentucky. Exception No. 2 - all that land within a 3,000 foot wide corridor whose mid-point is the centerline of Kentucky Highway No. 80, and which extends a distance of 8,500 feet north as measured along the centerline of Kentucky Highway No. 80 from a point in the intersection of Kentucky Highway No. 80 and Kentucky Highway No. 122 south of Martin, Kentucky.

Within thirty (30) days after the publication of this notice, any resident of the area to be annexed may file objections and exceptions and the Court shall set the case for hearing within ten (10) days. If the Court finds that the annexation of territory by the District is reasonably necessary for the public health, convenience, fire protection and for the comfort and general welfare of the residents of said territory, it shall make an order annexing said territory to Water District. If the Court does not find the proposed territory annexation necessary, it shall dismiss the petition. Either party may thereafter appeal to the Circuit Court for a retrial, and from the Circuit Court to the Court of Appeals as provided.

# MAYTOWN FIRE DEPARTMENT STARTS FUND-RAISING DRIVE

Langley, Ky.—Under the leadership of Paul Richard Patton, Fund-raising chairman, the Maytown Volunteer Fire Department has begun a drive to raise funds to finish paying for its fire station and to purchase a fire truck by the end of this year.

Plans have been made to send letters once every two months asking for donations from each family from Stephens Branch to Brush Creek on Right Beaver. It is hoped that each family receiving the letters will make an extra effort to donate at least \$2 each time, and more if they can afford it. All donations will be used to pay the balance owed on the fire station which was built near the Maytown Grade School and to purchase a fire truck and additional equipment. All of this and the training of the men, which has been started, will eventually lead to a lower insurance rating by the state. Anyone wishing to

make a donation please mail it to the Maytown Volunteer Fire Department, Langley, Ky. 41645.

Fire Chief Edward F. "Buddy" Robinson said the fire department will go wherever called, day or night. The fire department has been called on several times in the last year—once to fight a forest fire near the road on John's Branch, near Maytown, and again for a vehicle accident between Maytown and Eastern. The men also help with other community activities such as directing traffic and parking cars. There is never any charge for anything they do. They depend entirely upon donations.

"We hope no one ever has to call us but we are as near as the telephone. Numbers to call are 285-3227; 285-3665 or 285-3808," Robinson said.

# Chairlift Case Resumes Status Of Damage Suit

The Cumberland Falls chair lift case apparently returned last week to its original status—to that of a lawsuit in which Cumberland Falls Chair Lift, Inc. is suing the state for \$1.7 million.

That is the amount sought in the original lawsuit filed by the firm, headed by Ed Music, of Prestonsburg. The original action ended with an agreed judgment of \$127,000 payment to the firm in full settlement of its claims for expenses incurred and all damages.

But when Julian Carroll became governor he ordered the check withheld and retained Joseph Leary, Frankfort attorney, to try to set the settlement aside.

Franklin Circuit Judge Henry Meigs, Jr. last Wednesday set the agreed judgment aside and ordered the suit set for trial on its merits.

Meigs acted under a rule of civil law allowing a judge to set aside a final judgment for "any . . . reason of an extraordinary nature."

Meigs listed two "extraordinary" circumstances in the chair lift case: The state's refusal to pay the \$127,000 under the agreed judgment, and the possibility that the original lease "may have been illegal."

The latter relates to Leary's main argument—that the original lease violated the wilderness protections of the wild rivers law and thus the firm could not recover anything on a lease illegal from the start.

The falls are on a stretch of the Cumberland River covered by the wild rivers law. The law limits timber cutting and permits only "nonmechanical modes of transportation" in protected areas.

Meigs also relied heavily on a 1958 ruling by the U. S. Sixth Circuit Court of Appeals that said, in part:

"The refusal . . . (by one party) to carry out its part of the contract by which the judgement was obtained fully justified the (lower) court in taking appropriate action to restore the parties to their status quo prior to the execution of the agreement . . . Such action lies within the discretion of the trial judge."

Music's attorney, C. Kilmer Combs, of Pikeville, argued that Gov. Carroll and his commissioners were bound by honor and the law to abide by the judgment agreed to by their predecessors in office.

Combs also repeated arguments as to why the state attorney general's approval of the Dec. 23 settlement was not required.

Meigs in his oral opinion did not mention the issue of the necessity of the attorney general's approval.

Combs later said he would study the case further before deciding on his next move. He expressed hope for an early trial.

# Miss Floyd County Entrants Sought

Prospective Miss Floyd County '75 competitors are now being sought.

The qualifications for entry are that the candidate be between the age of 18 and 28 on Labor Day, must be a high school graduate by that date, and never married. Poise, beauty, and talent are the three major requirements.

Applications for entry must be in by March 1, and civic clubs are urged to encourage girls to enter the pageant. The number of candidates is limited to 12. Those interested may call 886-3415 or 886-6624 for an application form.

## VISIT SON HERE

Mr. and Mrs. Kinder, of Cincinnati, Ohio, spent the weekend here with their son, Glen Kinder, and Mrs. Kinder. On Sunday morning they attended the ordination services of Mr. and Mrs. Glen Kinder; Mr. Kinder as an elder and Mrs. Kinder as a deacon in the First Presbyterian Church here.

Heavy, wet snow can bend or even break low-growing shrubs and evergreens. You can save these plants from breaking by shaking or jarring them gently to remove the snow; don't try to beat off the snow or ice, as this may damage the plants even more. If the plant seem bent out of shape, straighten them up and stake them in place.

# School Lunch, Related Programs Endangered, Rep. Perkins Says

The school lunch and related food programs for children are in serious danger of being crippled, and Rep. Carl D. Perkins announced this week that he has taken action to prevent this.

Rep. Perkins was joined by many other Members of Congress who realize the importance of good nutrition for children, in the first phase of the effort to save the school meal programs. He is now preparing legislation for the second phase of the fight.

The first action involved a Congressional concurrent resolution, which has already been introduced, saying the Administration's five percent ceiling on any increases for school nutrition programs should not be put into effect.

"In an effort to bring some stability to the program," he said, "so that the local communities could continue to maintain effective nutrition programs for children in school, Congress enacted an escalator linking federal support for school meal programs to the consumer price index." The Kentucky Congressman said the provision, adopted in November, 1973, has helped to "keep these programs solvent."

But, as of January 1, 1975, the consumer price index for food used in school programs had already increased by 5.79 percent.

"Since such an increase indicates that the cost of school meals is going to rise considerably, the Congress ought to reaffirm the great necessity for supporting the programs at a level which will not take food away from children who need these meals," he said.

"With unemployment rising, and more and more families having to cut back on what they can purchase in the markets, we have a greater obligation to see to it that the children are fed properly," Rep. Perkins said.

He also pointed out that without adequate federal support parents will have to provide additional lunch money for their children, and many cannot afford to.

The legislation Rep. Perkins is preparing would expand the program, so that more schools can participate, and more children who need nutritious meals would receive them.

Perkins has also raised a strong objection to the Administration budget proposal which would eliminate several nutrition programs, including school breakfast and special milk. He said the Administration is claiming that elimination of these programs would make sure that only needy children are fed.

"What they are really trying to do is repeal the National School Lunch Act and the Child Nutrition Act," Rep. Perkins said. "It is going to be a fight, but we have to make it, and we have to win it. The health of future generations is involved," he said.

### State Agency Sells Seedlings, Warns of Lumber Shortages

FRANKFORT, Ky.—More trees are being grown in Kentucky and the nation than are being cut. But, the state forestry agency warns that the increased demand for timber generated by population increases could surpass the amount of wood available if steps aren't taken now to bolster future supplies.

American Forestry Association officials estimate that nationally at least 40 million acres should be planted in trees during the next decade to meet future demands for wood and wood products. Latest state inventory figures indicate that nearly one million acres of idle and eroding land in Kentucky should be planted in trees.

To help Kentucky landowners reforest their idle acres, the division of forestry, in the Kentucky Department for Natural Resources and Environmental Protection, is selling 11 million tree seedlings. The seedlings, which were grown at the three tree nurseries operated by the division, will be sold on a first come first serve basis this year, since several species are in short supply.

According to Harry Nadler, director of the division, the nurseries will start lifting and shipping seedlings to fill orders around Feb. 12 and will continue

until about the first of April. He said that this year there will be a good supply of Black Locust, Loblolly Pine, White Pine, Scotch Pine, Virginia Pine and White Ash. The supply of Shortleaf Pine, Yellow Poplar and Black Walnut is limited as a result of a short seed supply last year.

The minimum order which can be filled is 500 seedlings—approximately the amount needed to plant a half acre.

The cost of the seedlings varies with the species and size of the bundle ordered. The cost per 1,000 ranges from \$15 to \$25. Price lists and order forms can be obtained from any Division of Forestry, Soil Conservation Service, Cooperative Extension Service or Agricultural Stabilization and Conservation Office.

Landowners desiring assistance in determining the best species for their particular planting site can obtain help from one of the division's service foresters. For assistance write the Director, Division of Forestry, Frankfort, Kentucky 40601.

**DRUG ARRESTS CLIMBING**  
 Arrests by the Kentucky State Police Narcotic Unit were up by a record 133 per cent, going from 319 to 1973 to 742 last year. The 1974 conviction rate was up nearly 73 per cent. Additional arrests from uniformed troopers raised the overall statistics even higher—from 1,169 in 1973 to 1,703 in 1974. More than \$540,000 worth of drugs was confiscated last year.

**Women's Rights Group Names Steering Committee**

Thirty people attended a meeting held Sunday, February 16, at the Mud Creek Health Project to organize a group in the area to promote and defend the rights of women and to set up concrete programs to help women become fully active in community and political life. Each of the persons at the meeting explained why he or she had attended and what they felt the group could do to help women in the area. Several people expressed interest in working on phases of the program.

A steering committee was set up to plan for future meetings and to decide on details of the structure of the organization. Members of the steering committee included Lacy Henson, Sarah Breckenridge, Sallye H. Stumbo, Elinor Graham, Donna Durham, Eula Hall, Otto Honaker, and Janet Stallmeyer. One of the first activities of the group will be to support an event around International Women's Day, March 8. The next regular meeting of the group will be March 16. Persons interested in finding out more about this group should write Box 9, Craynor, Ky, 41614 or call 587-2209.

**Reading Council Board of Directors Studies Legislation**

The Jenny Wiley Reading Council's board of directors met Wednesday evening, February 5, at the request of the president, Delphia Hicks, to discuss matters of business and to draw up proposals to be presented to the General Assembly.

The first proposal dealt with the scholarship offered by the Reading Council. Ray Brackett presented the names of two applicants. It was proposed that, since no one had applied for the scholarship the previous year, two would be presented this year.

A mini-workshop, planned for Floyd county Title I teachers, will be held at the Materials Center at Allen. Volunteers from the Council will assist the teachers in laminating their teacher-made materials. Teachers will be notified of the time and date.

Bertha Ratliff and Nadine Hicks discussed the speed reading class taught by members of the council last semester. This offer is open to the council again this semester if council members are interested in volunteering their service. The proceeds would go to the council.

The president read the names of the nominees for the state I.R.A. offices, calling attention to the fact that a member of the Jenny Wiley Council, Lexie Allen, had been nominated for state treasurer. She asked everyone to watch their mail for ballots and to be sure to vote.

**CARD OF THANKS**

We, the family of Eva Collins Lafferty, wish to thank everyone who helped in any way at the passing of our mother: the nurses at Mountain Manor of Prestonsburg; pastors Bill Amburgy and Bill Campbell; the singers of Bonanza Freewill Baptist Church; all those who sent flowers and brought food; the neighbors and friends who visited our home and offered sympathy, and a special thanks to Hall Brothers Funeral Home for its kind and efficient service.

### Whaley Predicts No Change In Ky. Per-Pupil Spending

LOUISVILLE, Ky.—Apparently there'll be no change this year in Kentucky's 49th place rank in money spent on each public-school pupil. Kentucky Education Association (KEA) public relations and research director Charles Whaley said it appears only Mississippi will spend less per pupil than Kentucky. Thus, Whaley said, Kentucky won't show any rise from the lowest spot it has ever held in state-by-state educational rankings.

Kentucky's new per-pupil spending figure—which includes money from state, local, and federal funds—is estimated at \$864 for the current 1974-75 school year. Bottom-ranked Mississippi is spending only \$26 less.

Last year's final Kentucky figure was \$790, Whaley said, only \$3 more than bottom-ranked Mississippi.

(Preliminary estimates for last year had put the Kentucky figure at \$727, ahead only of Alabama's \$716. But year-end figures increased Alabama's showing to \$814 while dropping Mississippi's earlier \$787 below Kentucky's \$790.)

While a Kentucky child this year has only \$864 spent on his or her public schooling a New York child has more than twice as much—\$2005. This puts New York first in the nation.

The national average for per pupil spending is \$1245, up \$98 from last year.

Whaley said an analysis of preliminary 1974-75 statistics gathered by the National Education Association (NEA) shows that the seven states bordering Kentucky are spending an average of \$1083 per pupil—\$219 more than Kentucky.

Compared with Kentucky's \$864, the seven bordering states spend these per pupil amounts: Tennessee, \$903; West Virginia, \$910; Indiana, \$1039; Missouri, \$1078; Virginia, \$1130; Ohio, \$1144, and Illinois, \$1376.

In teacher-salary-average comparisons, Whaley said, the new estimates show Kentucky in the same 46th place it held last year.

This year's salary average for Kentucky classroom teachers is expected to be \$8890, up \$595 from last year's final figure of \$8295. (Last year's preliminary estimate had put Kentucky teacher salaries in 47th place with \$8244.)

Nationally the classroom teacher salary average is estimated at \$11,513, up \$735 from last year. This is \$2623 more than the Kentucky average.

For the seven states bordering Kentucky the salary average is \$10,524, or \$1634 more than the Kentucky average.

Compared with Kentucky's \$8890, these are the salary averages for the seven bordering states: West Virginia, \$8972; Tennessee, \$9684; Missouri, \$10,030; Virginia, \$10,397; Ohio, \$10,650; Indiana, \$10,920, and Illinois, \$13,014.

## Consumer Comments

BY ED W. HANCOCK  
Attorney General of Kentucky

As you spray your hair with hair spray, spray your bathroom sink with a cleaning foam, spray your lawn with insecticides or spray anything else with an aerosol can, remember that aerosol sprays can be dangerous. According to the Consumer Product Safety Commission, each year about 5,000 persons are given emergency room treatment for injuries associated with aerosols.

One problem with aerosol spray cans is the danger of explosions brought on by puncturing or by high heat. So don't smoke while spraying and don't use sprays near heating appliances or other heat sources. Keeping aerosols away from heat also means keeping them out of direct sunlight and not storing aerosol cans in the car during hot weather. Store aerosols in cool places. Never throw aerosol cans in incinerators or trash compactors; the cans contain propellants that may cause explosions.

Another risk of aerosol sprays is flammability. Always keep aerosols away from open flames, burning cigarettes or matches.

Some aerosols may be toxic if large quantities are inhaled in an unventilated room. When using an aerosol spray indoors, have plenty of ventilation. If any dizziness, nausea, headache, blurred vision or skin irritation occurs, stop spraying immediately. Get some fresh air and call a doctor if these symptoms persist. Although some aerosols are specifically made for direct application to the body, others—such as insecticides—should be kept away from the body and should be washed away immediately after contact. Some aerosols, such as some household products, should not be used around food. Yet there are others specifically made to be used with food. Check the instructions on all aerosol cans, so that you are aware of any restrictions or warnings.

Last year we heard much about aerosol cans pressured by vinyl chloride, the chemical substance linked to cancer of the liver. The Food and Drug Administration has banned the use of vinyl chloride in drugs and cosmetics packaged in aerosol cans, and almost 100 products were recalled by the FDA. The Environmental Protection Agency banned pesticide sprays containing vinyl chloride as a propellant. The Consumer Product Safety Commission banned the use of vinyl chloride in household aerosol products that fall within its jurisdiction. If you have old aerosol spray cans which might have been made and sold before these bans and recalls, check your shelves and jot down the brand names and lot numbers. Then write to the Environmental Protection Agency (Office of Public Affairs, EPA, A-107, Washington, D. C. 20460). Write to the Food and Drug Administration (FDA, 880 West Peachtree St., N. W., Atlanta, Georgia 30309). Write to the Consumer Product Safety Commission (CPSC, Washington, D. C. 20207). Or, write to the manufacturer. Obtain lists from them of the banned and recalled aerosol products. Don't send aerosols through the mails because it is forbidden by postal regulations. But do make sure your shelves are safe.

If you have a consumer complaint, write the Attorney General's Consumer Protection Division, Room 34, the Capitol, Frankfort, Kentucky 40601. Kentucky residents may call free of charge on the consumer-hotline by dialing 1-800-372-2960.

### Club Continues Plans For Pageant, April 5

The Allen Woman's Club held its February meeting at the home of Nancy Marcum.

Lois Marshall, pageant chairman, asked for reports on committees. It was learned that the Little Miss and Junior Miss Floyd County Pageant, will be held April 5 in the Prestonsburg Grade School auditorium. Estill Lee Carter will again be master of ceremonies for the pageant. Judges will be chosen from out of the county.

Miss Shawn Renee Curry, last year's Little Miss Floyd County, will crown this year's winners.

Winners of the pageant will also be sponsored by the club in the state pageant, and a wardrobe will be furnished.

The closing date for entries will be March 9. Numbers to call for more information are 874-9154, 874-2684 and 874-2752.

Members also discussed work of the City Improvement Committee. Work is continuing toward getting the dumps in the community closed. Anyone interested in helping can do so by turning in license numbers and taking warrants for anyone seen dumping. A \$50 reward is still being offered for the arrest and conviction of violators. It was also noted that garbage could be taken to the sanitary landfill that is operating at Turkey Creek, near Maytown.

Refreshments were served by the hostess to Doris Clark, Ruth Karen Marcum, Anita Lafferty, Vickie Boyd, Libby Turner, Bonnie Spencer, Lois Marshall, Janet Lester, Elaine South, Sue Reynolds, Belle Conn, Hollie Blanton, Delores Smith, Mary Hinchman, Jerri Martin, Jo Ann Adams, Sue Frost, Margaret Tackett, Pat DeRossett, and Bonita Porter.

# State To Seek Share Of \$2 Billion Fund

FRANKFORT, Ky.—Highway Commissioner John C. Roberts said last Wednesday that Kentucky will be doing "all we can to be sure we get our share" of \$2 billion in unallocated highway funds released by President Ford.

But Roberts said bureau officials can't begin to identify projects to submit for the funds, or identify sources for matching funds, until they have more information on the President's action.

"All we have seen so far are the reports made by the media," Roberts said, "and these don't contain the fiscal and project priority details we need to get to work on our requests."

"Naturally we'll be taking a close look at all our projects which would be eligible for federal funding and trying to match them with the priorities in the President's statement. We'll do this so that we have a head start when we do get the details. Right now, though, any detailed plans would be pure speculation; we just don't have enough information to work on."

"Media reports said the priority for

funding would be given first to projects which would produce meaningful jobs, then to highway safety improvements and third to completion of key links in the interstate system."

Some Urban Mass Transit projects could be substituted for less critical highway projects.

Roberts said Kentucky has important projects which would fit one or all of these priorities. But we're not going to identify the specific projects until we have more details.

"I would say though that we should be in a good position to receive our portion of this money. We have a good 'track record' when it comes to obligating federal funds and our planners will certainly be ready to match projects to the requirements."

"As soon as we receive the guidance we need to get specific, I think we'll be right on top of this," Roberts said.

## "He's a Doll" After 76 Years

By HELEN PRICE STACY

"He's a doll to me!"  
 The words were not spoken by a young girl describing her first love, but by a 91-year-old still looking through eyes of love at her companion of almost 77 years.

Lydia Wells and husband Lynn, 93, will mark their 77th wedding anniversary next July.

The couple's daughter, Mrs. Banford McCoy, 67, recalls stories of how her parents met. "He had gone to a working of some kind or other. Back then folks had workings to peel apples, string beans or build barns. He looked up and saw my mother, only 13 at the time, walking along the road to come to the working. He told the others right then that 'that's my woman and I aim to wed her.' They just laughed at him, but when she was 14 and him about 16 they got married."

Mrs. McCoy is one of 13 children, 10 of whom are now living.

Mrs. Wells, whether intended or not, began to assert her individuality early in her marriage. The couple was building a little plank house in "Possum Holler," according to the daughter. "The house was to have a big fireplace and while Dad was building the chimney, she stood below telling him how to do it. Finally, he stopped work, looked at her and said, 'I'll crawl down and give you the britches, now, if you think that's the way it ought to be.' He didn't, but she has always kindly told him what to do."

In July, 1973 more than 400 guests attended the couple's 75th anniversary at their home in Denniston, Menifee county. They received Kentucky Colonel commissions, gifts and letters from notable personalities in and out of Kentucky. "It is not every day someone can boast of their attending a 75th wedding anniversary and shaking hands with two Kentucky Colonels in the same day," commented Mrs. Gwendolyn Mayer, of the Menifee County Journal.

Wells' health is not too good. The couple lives alone in their own home, but some of the family looks in on them regularly. Mrs. Wells still does her own work.

One of the family said the couple had exchanged Valentines in years past, but for the most part they prefer to make their everyday life joyful and loving. They had 50 grandchildren, 75 great-grandchildren and 20 great-great-grandchildren at the 1973 celebration count.

Their "receipt" for a long and happy life together includes contentment with one another, "as few worries as possible," and seeing that the other one is happy.

A few days ago their granddaughter, Lily Mae Lawson, stopped by the house to check on the couple and to shave her grandfather. When she had finished shaving him she turned to her grandmother and said, "Doesn't he look nice?" Her reply: "He's a doll to me."

## Attorney General's Opinions

Martin W. Johnson, a Benton attorney, asked if teaching service in Fort Campbell's school system, operated by the federal government, can be used in Kentucky to meet the 30-year requirement for annuity. Teaching service in schools operated by the United States, both at home and abroad, is credited as out-of-state teaching. Therefore, it is the opinion of the Attorney General's office that a person may use up to three years of teaching in a federal school system as credit toward attaining retirement annuities.

Christopher D. Whitney, Washington, D. C. attorney, recently asked whether a corporation formed under the laws of Kentucky must maintain a registered office and agent in this state and whether such a corporation also must maintain a known place of business here. The answer to the first question is yes, and it is the opinion of the office of the Attorney General that a corporation is not required to maintain a separate place of business in addition to a registered office since, technically, the office is the corporation's known place of business.

Haywood H. Ward Jr., director of public safety for Northern Kentucky State College, asked whether the authority of a campus security officer extends to violators pursued off campus and whether or not an officer has the authority to arrest any passengers in a car so pursued if they interfere with the issuing of a citation. The office of the Attorney General's opinion is that the authority of security guards does extend off campus. Furthermore, such officers may arrest any passenger guilty of preventing the arrest of citing of another.

Homer Mills, of Manchester, who recently received a full pardon from the governor, asked whether or not he might be reinstated in his old office as sheriff of Clay county and whether or not there were anything in the election laws that would keep him from running in the next primary. It is the opinion of the Attorney General's office that a person receiving a full pardon for a felony has no right to assume his former position unless appointed to fill the vacancy by the county court. In answer to the second question, if such a person's latest registration as a

voter is made after the 1974 general election, he would be considered a new registrant and qualified to file a notification declaration paper as a candidate in the May 27, 1975 primary.

# Critical Areas Get Physicians

By MARY GEHANT  
FRANKFORT, Ky.—Applications from 15 Kentucky counties for needed physicians have been approved by the National Health Service Corps, the Department for Human Resources (DHR) announced last week. As many as 34 doctors could begin practicing in the Commonwealth if all approved slots are filled.

As of Jan. 19, Eastern Kentucky has gained the six physicians who have committed themselves to settling in the Commonwealth. Three will go to Knott county, two to Menifee and one to Leslie. (Leslie's application for four physicians was approved one year ago, but it was only this year that a physician has elected to move to that county.) They will take up their positions next July.

Other approvals are: Bath, Elliott, a joint application from Lee and Owsley counties and one from Homeplace Clinic to serve in Knott and Perry counties, all approved for two physicians—a possible gain of eight new doctors—and approval for a second physician to come to Knott County.

Floyd, Magoffin, Pike and Wolfe counties have applications for physicians still pending. Also pending are applications for dentists in Elliott, Knott, Letcher, Perry and Wolfe.

Last year, the Center for Comprehensive Health Systems Development in DHR received applications for 48 physicians, 12 dentists and five "physician extenders" from counties which were designated "critical shortage areas" for medical personnel. ("Physician extenders" are allied health personnel such as nurse-practitioners or nurse-midwives, who work with a doctor and relieve him of some duties so that he can make more efficient use of his professional skills.)

The National Health Service recruits physicians and dentists to work in rural areas for a two-year term of service. The doctors may select from a list of approved positions. Applications for Health Service personnel must be initiated by either a governmental agency or a non-profit organization. The applicant should have the endorsements of the county and state professional societies (medical society or dental society), regional and state health planning agencies and the city or county government, if the application did not originate from that government.

To date, the National Health Service Corps has neither approved nor denied the dentist and physician-extender applications.

# Teen Pageant Finalist

Miss Joy Vanessa Blevins, 17-year-old daughter of Mr. and Mrs. Kenneth Blevins, of Langley, has been selected to be a finalist in the 1975 Miss Kentucky Nationwide Teen Pageant to be held Feb. 22 at the Holiday Inn, North Lexington.

The contestants will be judged on scholastic achievement, leadership, citizenship, poise, personality and appearance. There is no swimsuit competition. Contestants from all over Kentucky will compete for the title, this pageant being the state preliminary to the Miss Nationwide Teen Pageant to be held in Kansas City, Missouri, next August. Each contestant will recite an essay on the subject, "Why I Am Proud To Be An American."

Miss Blevins is being sponsored by the First National Bank of Prestonsburg and its branch bank at Martin. Her hobbies include swimming, cheerleading and horseback riding.

# Get Beef Cows Ready For Spring Calving

Now is the time to get your beef cow herd ready for the spring calving season. That reminder comes from Russell BreDahl, Extension beef cattle specialist at the University of Kentucky College of Agriculture.

Cows should be fed enough to gain slightly during the last 60 days before calving, says BreDahl. Supplemental vitamin A should be fed during the winter and low-level feeding of magnesium oxide is advisable in Kentucky as protection against grass tetany.

BreDahl points out that a clean grass pasture is an ideal place for a calf to be born. "Kentucky winter weather is seldom severe enough to be harmful to even newborn calves," he says. "Filthy barns and lots with high concentrations of cattle are responsible for far more calf losses than cold weather."

Keep the concentration of cattle on the calving pasture as low as possible by separating cows that will calve in the spring from fall-calving cows and stocker cattle, advises the UK specialist. Ideally, the calving pasture should be located close to shelter and restraint facilities, in case some cows require assistance at calving, he adds.

# Nature Trails

By Rufus M. Reed

Since food prices are outrageous, and we are also in the throes of a recession, it behooves all of us to turn our attention to the many "free foods" to be found in the great storehouse of nature. I shall write a series on these, where and how to find them, and various ways of preparing them to eat. It would be wise of my readers to clip this series of articles for future use.

First of all, we should never despise the most lowly and insignificant plant. For instance, let's take the little plant called "Shepherd's Purse." This member of the cress family is known to botanists as Capsella Bursa Pastoris, meaning a shepherd's pouch, from the pouched form of the seeds. This plant grows in cultivated fields and grassy places and makes good greens when mixed with mustard or plantain.

This little plant, which we scarcely notice during the season, was studied for a number of years by a prominent scientist of Princeton University, to try and discover its secrets of genetics. After a period of experiments with the pollination and reproduction of Shepherd's Purse, the scientist worked out a method of producing hybrid corn, which has been a great contribution to agriculture. One might say that nature yields her deepest secrets to the sincere seeker after her ways.

Spring is not far off now, when nature will produce many different kinds of foods, all free for the taking. These are rich in vitamins and minerals and will impart good health to all who eat them. Some plants are hardy and are not killed by winter. Take the wild strawberries, their leaves may be picked most of the winter and in early spring. A tea made from wild strawberry leaves is one of the best remedies for kidney or bladder trouble. The leaves of blackberry can also be obtained during most of the winter. The leaves of these two plants when cooked with a piece of side meat make a tasty dish of greens. Then there is chickweed, which you may despise as a

lowly weed. It stays green in winter and forms patches in cultivated ground. It is a hardy plant, and a good soil cover and renewer. Instead of despising chickweed, try picking it to cook for greens. The leaves make tender salad and they are rich in Vitamin C and other minerals. Creamed chickweed makes a tasty dish. RECIPE: Parboil, strain, chop fine and cook it with milk or butter, adding salt and pepper. This is called "Creamed chickweed." There is another evergreen plant found in abundance along brooks or in rich mountain coves, and known to most people as "turkey mustard" or "crow's foot." The books call it "crinkleroot," or "toothwort." You'll find its leaves still vigorous, looking freshly purple despite the cold. Both the roots and leaves are edible; turkey mustard is a member of the cress family, noted for its many edible plants. The roots are long-jointed and crinkly and make a delicious, peppery salad. They are a favorite food of Boy Scouts when living "off the land." The leaves of crinkleroot make one of the best tonics for the elderly. The roots may be washed and eaten raw. Prepare the leaves for eating as follows: cut them in small pieces, place in a vessel, pour hot grease over them, salt and serve. Like all good tonics, the leaves have a mildly bitter taste.

THE CRESSES OR "CREASES."—There is one called "winter cress," or "St. Barbara's cress," named after this saint of old. This cress is known to botanists as BARBAREA VULGARIS (common). Also "yellow rocket," as the blooms are yellow. It grows in patches in cultivated fields and farmers pick it out to eat in early spring. This cress and another one, spring cress, are quite similar and have a sharp, peppery flavor when cooked as greens. Boil the greens with a piece of fat bacon and serve with dill pickles. Mustard may be added if obtainable. The bottom leaves of these cresses are long and lyrate and make the best greens.

# Toll Road Receipts Gain in December

Toll receipts on Kentucky's parkway system totaled \$1,752,278 for the month of December, according to statistics released by the Department of Transportation.

That figure represents an increase of \$329,588 over the same period last year, when parkways and toll facilities earned \$1,422,690. Every toll road in the state showed a gain.

The following figures represent cash received by each toll facility and a comparison with receipts for the same month last year:

Shawneetown Bridge, \$30,281 for December, 1974, up from \$22,353 for December, 1973; Kentucky Turnpike, \$617,301, up from \$566,212; Mountain Parkway, \$147,511, up from \$100,925; Mountain Parkway Extension, \$56,785, up from \$38,488; Western Kentucky Parkway, \$243,107, up from \$201,968; Western Kentucky Parkway Extension, \$13,168, up from \$11,859; Blue Grass Parkway, \$159,671, up from \$135,221; Jackson Purchase Parkway, \$38,102, up from \$32,056; Pennyrite Parkway, \$138,453, up from \$118,346; Sebree Bridge, \$4,043, up from \$2,896; Audubon Parkway, \$43,085, up from \$35,456; Daniel Boone Parkway, \$57,778, up from \$17,994; Green River Parkway, \$130,597, up from \$100,916; Cumberland Parkway, \$72,395, up from \$38,001.

# Letter of Resignation

Honorable Bill Goebel, Jr.  
Mayor of Prestonsburg  
Prestonsburg, Kentucky 41653

Dear Bill, Jr.:

My term having expired in November of this past year, I think it proper to ask you to accept my resignation as a Commissioner of the Prestonsburg Water & Gas System.

I feel it to be in the best interest of your administration for me to do so.

I have no quarrel with you as Mayor, nor any of the newly elected City Council. I think it best that the present City Council be afforded the privilege of choosing whom they want to replace me. They have earned this privilege by the fact that they were elected by the majority of the citizens.

There are others who can do the job as well, or better than I, and they should be afforded the opportunity.

Very Truly yours,

Today more and more eating places specialize in only one kind of food. That's what makes Jerry's so special - especially at dinner time. It doesn't matter if you're hungry for steak or chicken, or sirloin tips in mushroom gravy, or maybe even shrimp creole or a juicy ham steak. Sometimes there is even saucy lasagna on the menu and sometimes roast turkey with all the trimmings. And always - there are those green garden vegetables. You get a selection. Jerry's Restaurant specializes in

making everybody happy with a different selection each evening. Choose from four entrees and select two vegetables. And for the same price, pick a soup or appetizer. Jerry's offers more than one kind of food - something for everybody.

## Essay Poster Contest Winners

GRACIE HALE

TAMMY BATES

Gracie Hale, Prestonsburg High School student, is the county winner of the 1974 conservation essay contest. Bernadine Wells, also of Prestonsburg High, was the second place winner in the county.

The subject of the essay was "Water Conservation—Its Effect on My Community." The winning essay and poster have been sent to The Courier-Journal for judging in the statewide contest.

The county winner in the poster contest on the same subject for grades one through five was Tammy L. Bates, Clark Elementary School pupil. Joyce Newsome, of John M. Stumbo Elementary School, was the second-place winner in the poster contest.

The total number of essays written in the county was 3,731 and there were 1,412 posters entered.

The contest is sponsored annually by the Courier-Journal and the Floyd County Conservation District, with assistance from the U. S. Soil Conservation Service and the Floyd county superintendent's office.

The Floyd County Conservation District will present \$340 in cash awards to student-winners and school awards or trophies, and a number of teachers will receive honor certificates. Miss Hale will receive local cash awards of \$17 and a \$25 U. S. Savings Bond from The Courier-Journal. Tammy Bates will receive local cash awards of \$15 and a Certificate of Merit from The Courier-Journal.

School winners in the essay contest and the poster contest are: Allen Central High—Teresa Salisbury, \$5, first place; Jean Carol Compton, \$3, second place; Prestonsburg High—Gracie Hale, \$5, first place; Bernadine Wells, \$3, second place; McDowell High—Toni Lynn Allen, \$5, first place; Rodney Damron, \$3, second place; Betsy Layne Elementary—Valeria Hale, \$5, first place; Wendall Tackett, \$3, second place; McDowell Elementary—Jerri Lynn Ward, \$5, first place; Sharon Slone, \$3, second place; Kimberly Ann Moore, \$5, first place; Hank Jeffery Wright, \$3, second place; Allen Elementary—Renee Marshall, \$5, first place; Hassell H. ## Health Notes

By DONNA J. GRIFFITH

A nurse from the Floyd County Health Department will conduct a pap smear clinic, Monday, February 24, in the old high school building at Wayland. Clinic hours will be from 10 a.m. to 2 p.m. The health department reminds all women that they should have at least one pap smear every year because early detection and treatment can save lives. The clinic is free and open to all women.

Heart attacks were responsible for more than 675,000 American deaths last year alone. But there are a couple of things you can do to give yourself a fighting chance against this No. 1 killer. One thing you can do is follow the Heart Association's recommendations for reducing the risk. That means a diet low in saturated fats and cholesterol, keeping normal weight, having the blood pressure checked, no cigarettes, moderate daily exercise and regular physical examinations.

Another thing you can do is support the Heart Fund. With your support, medical research may soon find the causes and cures of Heart Disease. When your Heart Volunteer calls on you, give as generously as you can.

Berea Names Bussey  
Alumni Affairs Director

Rodney C. Bussey, assistant headmaster of the Lexington School, will become director of alumni affairs for Berea College next July 1, President Willis D. Weatherford of Berea College announced Tuesday.

Mr. Bussey, a 1963 graduate of Berea, has been at the Lexington School since 1967 as a teacher of mathematics, science and physical education, also serving as director of admissions and as purchasing agent. He previously taught at the Harbor Country Day School in St. James, N. Y. and was director of youth activities at a Methodist church. He holds the M.A. in student personnel from Eastern Kentucky University.

Mr. Bussey has been actively involved in Berea alumni affairs, as a member of the Alumni Association executive committee and in its Great Commitments program for the Lexington area. He and his wife, the former Helen Adams, live at 1338 Bordeaux Drive, Lexington. They have two daughters, Kelly and Kimberly.

A native of Floyd county, he is a graduate of Prestonsburg High School.

ROPES Schedules  
Meets To Benefit  
School Districts

ROPES Region 11 has scheduled two meetings designed to benefit local school districts by bringing Department of Education services to the region.

Reo Johns, executive director, said that a textbook committee meeting for school district personnel who work with textbook selection will be held at the ROPES office here February 20, beginning at 9:30 a.m. Topics to be discussed include, among others, textbook budgets, adoption reports, and procedures for dealing with controversial instructional materials. This meeting is being held in conjunction with the Division of Instructional Media.

The second meeting, on February 26, will deal with recommended standards for elementary and secondary schools. This session will also be held at the ROPES office, beginning at 10 a.m. The meeting, held with the Division of Supervision-Accreditation-Organization, will give local school districts an opportunity to reply to recommendations before the recommendations are adopted as standards to be met in the operation of elementary and secondary schools. Chairmen for the accreditation standards meeting will be appointed and asked to attend a preliminary meeting prior to the February 26 meeting.

CARD OF THANKS

We would like to thank our neighbors and friends for their sympathy shown while our father, Johnnie Davis, lay in state at the home of Mr. and Mrs. John R. Pelphrey. To all who sent food and flowers, everyone who stayed days and nights, those who stayed and cleaned our house during the funeral, the ones who helped prepare the grave, the Floyd County Rescue Squad and for the comforting words of the ministers, we are most grateful. May God bless you all.

Carroll Discusses Legislature

By Anthony Pearce-Batten

FRANKFORT, Ky.—When Julian Carroll succeeded Wendell Ford as governor of Kentucky, the chairmanship of the Legislative Research Commission (LRC) passed from the executive branch to the legislative leadership.

Because of a law passed during the 1974 Legislature, the LRC was placed under the co-chairmanship of the House Speaker and President pro-tem of the Senate, positions now held by Norbert Blume and William Sullivan, respectively.

As the last lieutenant governor to be chairman of LRC, Carroll was largely responsible for that action and encouraged the emergence of a stronger, more independent legislature.

Now, as governor, Carroll remains enthusiastic about a strong legislative branch. "I happen to think the job of chief executive of Kentucky is too big for one man, no matter what his experience, education or intellect might be, and thus he needs the assistance of the other branches of government to take care of the people's business," he said.

Carroll thinks the LRC has helped improve the legislature by "1,000 per cent" and that state government would benefit from the "scrutiny of legislative evaluation and from legislative input."

He continued, "I have assured my friends in the legislative branch that if they take any program within state government and improve upon it, they will find me receptive to the idea."

To make information from his office available to state legislators, Carroll has appointed a legislative liaison officer to his staff.

Noting that programs enacted by the state legislature are implemented by the departments of state government, Carroll said that LRC has set up a process of regulatory review through which legislators can ensure there is continuity between the letter of the law and its implementation.

Carroll said he always will be willing to accept the advice of the General Assembly, but he emphasized that he, too, has a constitutional responsibility—to advise the legislature about what he thinks is in the public interest.

While welcoming partnership between the executive and legislative branches

that produces a "lot better system of government to Kentucky," Carroll warned, "I shall never in any respect surrender my constitutional responsibility to perform my obligation to the office of governor."
