

### **Coal Roads** Allocation Is \$37,000 **Production Formula Favors Western Ky.**

.

Floyd county's coal roads have been tentatively allocated \$370,000 for 1976, it was announced in Frankfort last week by the Bureau of Highways.

**On Coal Tax Rebate** 

Coal road funds are being allocated primarily for construction, reconstruction, repair and maintenance of roads damaged by coal truck traffic, but the counties may spend the money on any public road. The fiscal courts of these counties may designate how their shares of the so-called Energy Road Fund will be used. The roads may be graveled, blacktopped or graded, but they cannot be oiled with the special road money.

Allocation of funds this year is being made on a tonnage production formula. Until the 1976 Legislature adopted the new Energy Road Fund legislation, the coal severance tax rebate was based on the amount of coal tax collected in each county. That favored Eastern Kentucky coal, because it brings higher prices than coal from the Western Kentucky fields.

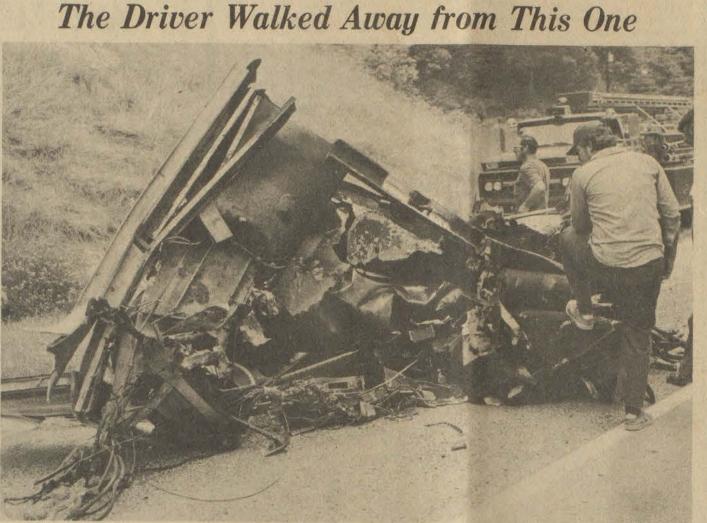

Under the new formula the 11 counties of Western coal fields will receive an allocation of about \$4,610,000 while the 28 counties in Eastern Kentucky will be alloted about \$7,170,000.

Fiscal courts of the several counties will designate which roads are to benefit from the funds, and the state will do the work

Muhlenberg county' in Western Kentucky is expected to get the heaviest allocation to any one county, \$1.8 million, but Pike county will be close behind with \$1.6 million.

Tentative allotments for other counties follow

Bell, \$340,000; Breathitt, \$560,000; Butler, \$60,000; Carter, \$20,000; Christian, \$10,000; Clay, \$90,000; Daviess, \$80,000; Elliott, \$30,000; Greenup, \$10,000; Harlan, \$900,000; Hancock, \$20,000; Henderson, \$90,000; Jackson, \$40,000; Johnson, \$110,000; Knott, \$330,000; Knox, \$150,000; Laurel, \$120,000; Lawrence, \$60,000; Lee, Leslie, \$310,000; Letcher, \$10,000: \$400.000: Magoffin, \$160,000; Martin, \$570,000; McCreary, \$80,000; McLean, \$70,000; Morgan, \$90,000; Owsley, 000 · Pulas 20 000 \$30.00

Almost miraculously, the driver of a tractor-trailer involved in a collision with a coal truck, Friday on U. S. 23 near Katy Friend, emerged from the wreckage of the rig's cab (pictured above) without serious injury.

Following a collision with a coal truck on new U. S. 23 near Katy Friend, shortly after noon, Friday, tractor-trailer driver Clyde Lee Barker, Jr., of Norcross, Ga., was pulled from the tangled wreckage of the rig's cab and was believed to be recovering this week at Cabell-

### Water Districts, Assured Supply, Seek FHA Help

Expansion of Prestonsburg water plant facilities has removed one barrier to the founding of two nearby water districts which must depend upon the Prestonsburg system for its water supply, and both are seeking Farm Home Administration loans and grants to finance their undertakings.

The Water Gap - Bull Creek Water District has signed 212 customers and collected tap-on fees, and has made its final application to the Farm Home Administration for \$600,000 grant and loan to finance construction of approximately 15 miles of water mains. The proposed water service will begin with a connection with the Prestonsburg system at the railroad crossing at the mouth of Bull Creek and extend in one direction to the top of Bull mountain and in two other prongs to the top of the Katy Friend and Town Branch hills, and in the main Bull Creek valley to include both right and left forks. The signup of 200 customers for the Abbott-Little Paint Water District was approximately half completed this week, and pre-application for an FHA grant and loan of \$520,000 was filed several weeks ago. Tap-on fees hopefully will raise the \$30,000 local matching funds required on the project.

Huntington hospital, Huntington, West Virginia

Barker reportedly suffered a broken leg, and a concussion, in addition to multiple cuts and abrasions, after his rig crashed into the back of a coal truck driven by Robert L. Varney, of Auxier. It

God in His mercy doesn't want to overwork us. He doesn't require us to ask forgiveness for all those mistakes we didn't intend to make.

SOMETHING OVERLOOKED

Covered wagons are travelling the country, this Bicentennial year; things and scenes and customs reminiscent of the old days and ways are being featured over the nation. But we are yet to have a report of any community tearing up a good stretch of street or highway to make one of those mudholes such as were

was said Barker attempted to pass the coal truck on an uphill grade heading in the direction of the intersection of U.S. 23 with the Mountain Parkway when the coal truck apparently moved into the same lane and was struck by the tractortrailer. Varney escaped injury.

### **Council Votes** \$91,812 Sewer **Project Here**

At a special meeting Monday night, the Prestons1burg City Council adopted an ordinance authorizing the construction and financing of a sewer improvement project for the Mays Branch area which would cost an estimated \$91,812.

Of the total cost of the project, the city proposes to appropriate from available city funds \$50,000, this amount to be expended from Revenue Sharing monies.

**Mud Creek Men Wounded Friday** In a 'Shoot-Out'

Two Mud Creek men were wounded, one seriously, Friday night in what was described as "a shoot-out" between them and their brothers-in-law.

Jonah Tackett was struck in his face by a shotgun charge, and his brother, Eugene, was wounded in his right arm. Hershell and Henry Shepherd, who married the Tacketts' sisters, were jailed here by state troopers.

Jonah Tackett was first taken to the McDowell Appalachian Regional Hospital, and later was transferred to the U.K. Medical Center. Although seriously shot and reportedly threatened with the loss of an eye, he is expected to recover.

The trouble began, officers were told, (See Story No. 3, Page 4)

### **Accepted Bid On Machinery** \$24,000 Higher

Can the Pike county fiscal court legally accept a bid on half a million dollars' worth of heavy road equipment from a Pike county firm that is \$24,000 higher than the "lowest" bid submitted by a company located in neighboring Floyd county?

That is the question being studied by Russell McClure, secretary of the Department of State Finance and Administration, and the staff of the Office for Local Government.

The court advertised for bids on 16 pieces of equipment to be paid out of coal severance tax funds. The equipment includes a loader and a grader for each of the county's eight magisterial districts.

Whayne Supply Co., of Pikeville, submitted a bid of \$552,635, and that bid was accepted over that of the low bidder, Kentucky Machinery & Supply, of Allen, which was \$528,028.

In a letter to the state finance secretary, June 3, Pike County Judge Wayne T. Rutherford cited these reasons for approving the higher bid:

-"Whayne Supply Co. is the only company that chose to buy property and locate in Pike County," Rutherford wrote

-"Two other major companies placing bids on this equipment were Brandeis Machinery and Supply and Kentucky Machinery, Inc. Both Brandeis and KMI came to Pike County during the coal boom and later chose to relocate in another county.

-Rutherford cited an "experience" Pike Fiscal Court had with KMI when the firm was located in Pike and it submitted an approximately \$6,000 invoice for repair of a track loader

-"Even though Brandeis did not file a proper bid with the court, we have

Wayne, \$10,000; Webster, \$160,000; Whitley, \$230,000, and Wolfe, \$10,000.

### **Ohio Men Plead** Guilty to Theft, **Assault Charges**

Three Ironton, Ohio men received jail terms Monday, after pleading guilty in Prestonsburg Police Judge Tom Lafferty's court to the assault and robbery of a woman here earlier that day.

Rickie E. Hankins, Danny Dickens and Robert Dale Hackworth were arrested by Prestonsburg Policemen C. E. Kilgore, Keith Lawson and J. Caudill about 45 minutes after they reportedly approached Mrs. Norma Fraley, of Prestonsburg, as she was leaving a downtown grocery store, threw her to the ground and made off with Mrs. Fraley's pocketbook, which contained \$91. The money was recovered.

Hankins was sentenced to 30 days for assault in the third degree and an additional 30 days for theft by unlawful taking. Dickens and Hackworth received jail terms of 30 days each for charges of criminal coercion.

Phillip R. Spradlin, of Middle Creek, paid fines and court costs totalling \$257 last Tuesday in Judge Lafferty's court after pleading guilty to a charge of transferring drugs. Spradlin was arrested by Prestonsburg Policemen Lafferty and Kelly on a warrant which was issued by a girl who told authorities that Spradlin had given her drugs several days earlier.

Others booked at the county jail over the past week, charges against each and arresting officers follow

Marion Cecil, drunk driving, by State Trooper Williams; George Carty, drunk driving, by State Trooper Shelton; Oliver Setser, drunk driving, resisting arrest and wanton endangerment, by State Police Sgt. Akers and Trooper Williamson; Dana Old, illegal possession of alcoholic beverages, by Deputy Sheriff Randall Lewis; Donald Francis, drunk driving, by State Trooper Shelton; Curt Mullins, drunk driving, by Deputy Sheriffs J. D. and Melvin Martin; Claude M. Maynard, drunk driving, by Deputy Sheriffs Doug Lewis and Linzie Hunt; Billy Younce, knowingly receiving stolen property, by Deputy Sheriffs J. D. and Melvin Martin; Danny Grimes, Richard E. Rhodus, Billy Joe Pruett and (See Story No. 7, Page 4)

#### **Report of Tackett Arrest Erroneous**

The Times erroneously reported in last week's edition that Allen Tackett had been arrested on a charge of possessing intoxicating beverages for the purpose of sale

In fact, Mr. Tackett, who is a resident of Hi Hat, was charged only with possession, and it was later pointed out that at the time of his arrest he had in his possession only six cans of beer and these for his own use.

The Times regrets this error and welcomes the opportunity to correct it.

negotiated by our forefathers, 200 years ago. And I doubt if anybody will split any rails, either.

#### FOR NO-EXCUSE SUNDAY

Members of Northend Prince of Peace Lutheran Church in Portland, Ore., have received in the mail a list "of the many things that will be done for them" at church on "no-excuse-for-staying-home Sunday.

Cots will be placed in the narthex for those who say Sunday is their only day to sleep in, according to pastor Olin Nordsletten.

Murine will be supplied for those with tired eyes from watching late Saturday night TV shows.

Steel helmets for those who say the roof would cave in if they ever went to church

blankets for those who think the church is too cold . . . fans for those who say it is too hot . . . score cards for those wishing to list hypocrites present ... . TV dinners for those who can't go to church and cook dinner also . . . and finally, Christmas poinsettias and Easter lilies for those who have never seen the church without them.

DOWN AT THE FEED STORE My friend, Homer Salisbury, sends me this from Elmer Hinton's "Down to Earth" column in The Nashville Tenneseean:

Maybe you wouldn't believe it, but some of the most entertaining talk and comment down at the feed mill concerns television commercials. The keg sitters can really rip them apart.

"The other morning one of the fellows wondered how we made out when we (See Story No. 6, Page 4)

### **Four-Day Celebration To Mark Martin Bicentennial Effort**

The Martin Woman's Club, which has planned a four-day Bicentennial celebration climaxing with its July 4 program, announced this week that Congressman Carl D. Perkins will serve as grand marshal of the big parade scheduled for Saturday, July 3.

The parade will feature several beauty queens, bands, school organizations, Kentucky National Guard personnel, Shriners, county and state officials, among others. A bingo tent will be set up in the back parking lot along with arts and crafts booths.

Sidewalk sales and flea markets are planned for all four days of the

celebration, beginning on July 1. Country and Bluegrass music will be played by

various groups for visitors' enjoyment. Highlights of the celebration on Sunday, July 4 will be the Miss Bicentennial beauty pageant, a pretty baby contest, a talent show and various traditional contests such as sack races, hog-calling, fiddling, ugliest man and others, plus drawings for \$500 cash.

At dusk Sunday, the celebration will be concluded with a fireworks display.

Co-chairmen of the celebration are Mrs. Phyllis Gearheart and Mrs. Eulene Ratliff

A public hearing to be held at City Hall, June 28 at 7:30 p.m., will decide the following questions:

1. - Shall the project be undertaken, abandoned or altered?

2. - If approved, shall the remainder of the cost of the project be financed through the issuance of bonds according to the assessed value of the property involved or on a front footage basis?

In the council's regular meeting last Thursday night a resolution was passed which requires city residents who plan yard or garage sales first to procure a city license. The council also ruled that such sales may not run for more than three days.

After hearing a delegation of residents of Francis Street voice complaints regarding certain parking problems on the street, the council resolved to erect signs designating a fire lane, resident parking areas, and marking the street as dead end

The council also passed a resolution which will result in the hiring of a competent agency to conduct soon an accurate city census.

The police judge's report for the month of May showed a total of \$3,194 in fines and fees collected.

### P'kway Named **To Honor Combs**

The Mountain Parkway has been renamed to include the name of the governor who caused it to be built.

The Kentucky Turnpike Authority, which is headed by Gov. Julian Carroll, last Thursday renamed the four-lane toll road connecting the Blue Grass and the Mountains the Bert T. Combs Mountain Parkway.

The Turnpike Authority adopted the new name "in recognition of Combs" foresight, courage, leadership and accomplishment" in developing the state's highways. The resolution directs the state Department of Transportation to erect appropriate signs, using the new name of the route.

Carroll, who was Combs' running-mate in the 1971 Democratic primary when the latter lost the nomination for governor for a second term, commented that the renaming of the road was "a formality," since Ex-Governor Nunn "had rightfully dedicated this parkway to Bert T. Combs.

In November, 1971, while Nunn was governor, a plaque honoring Combs' (See Story No. 4, Page 4)

Tenants-turned-painters pictured at work are Doug Baker, Curtis Anderson, Jimmy Baker and Melissa Akers.

Highland Heights, first of the housing projects to be built in the Goble-Roberts Addition, was receiving a new coat of paint last week, and all the labor was being provided by tenants.

Rather than contract work to professional painters and risk incurring considerable expense, the Church Housing Association, Inc., the non-profit group which owns and operates Highland Heights, decided to hire a handful of tenants to brighten up the exterior of the units. Julia M. May, managing agent for the Association and executive director of the Prestonsburg Housing Authority, said, "The painting project provides employment for the tenants and they're doing an exceptional job. After all, they're painting their own homes." The painting work is being directed by Sam Goodman, Church Housing maintenance supervisor.

Tenants of the housing project pay rent according to a sliding scale as part of a rent supplement arrangement by which occupants pay as much as their income allows and the federal government pays the remainder. Highland Heights was the first such rent supplement project developed by a non-profit organization in the Southeastern region. Chairman of the Church Housing Association is the Rev. Bruce Boss, of Prestonsburg.

### ATTENTION

All grocery stores, restaurants, service stations and drive-in restaurants, your new occupational license will be due July 1, 1976.

If you sell cigarettes or any type of tobacco (vending machines included), soft drinks, ice cream or sell prepared foods (such as restaurants or drive-in restaurants), you must have a license to sell any or all items. This is for any grocery store, drive-in restaurant, service station or any restaurant located in Floyd County, including the corporated towns of Prestonsburg, Allen, Martin, Wayland and Wheelwright.

If you have a vending machine in your business (cigarettes, soft drinks, etc.) whether you own the vending machine or not, you must have a license for each machine.

Your license to sell tobacco, cigarettes, soft drinks, ice cream or operate a restaurant or drive-in restaurant is due on or before July 1, 1976 and this will run through June 30, 1977

Licenses are now available at your County Clerk's office. 6-9-3t.

### Jenny Wiley Music Theatre Opens June 30 with '1776'

The Jenny Wiley Drama Association energy would not be able to bring it off. will open next Wednesday evening its Bicentennial summer season for Jenny Wiley Summer Music Theatre. "1776" one of Broadway's most brilliantly successful musicals will start off a season which also includes such stellar American classics as Roger's & Hammerstein's "South Pacific", Jerome Kern's "Showboat" and Truman Capote's "The Grass Harp".

In "1776" - exciting, comical, irreverent and relevant history set to music - will take over the stage as the cast of 22 chronicles the squabbles and conflicts leading up to the Declaration of Independence.

Written by Peter Stone with music by Sherman Edwards, "1776" drew capacity audiences for three years in New York and was crowned with both a Tony Award and a New York Drama Critic's Circle Award as the best musical of its first season.

The unusual aspect of "1776" and the one thing that, in our nation's Bicentennial Summer, makes the play must viewing for all Americans is that it humanizes the personal and sectional conflicts that erupted in the Continental Congress as it moved toward the decision to cut the American Colonies loose from England and thus form a new nation. Where members of that Congress are usually painted in heroic poses as a band of foresighted, patriotic and selfless statesmen, "1776" depicts them somewhat differently - as real fleshand-blood men, with a variety of strengths, problems and weaknesses. Barbara Desioto, Lexington, Kentucky, is directing all productions for Jenny Wiley Summer Music Theatre.

"This summer is a very ambitious undertaking for us all and quite frankly a company of less than super talent and

Performances are given nightly at 8:30, Wednesday through Sunday, on the following dates:

"1776" — June 30 through July 11; 'South Pacific'' - July 14 through August 1 (except Fridays); "The Grass Harp" - July 16 through August 13 (Fridays only); "Showboat" - August 4 through August 15 (except Fridays).

All ticket inquires should be made by calling 606-886-9274 or writing Jenny Wiley Summer Music Theatre, Box 22, Prestonsburg, Ky. 41653.

#### Floyd 4-H'ers Take **Top Honors in Poultry Judging Contest Here**

Floyd county senior 4-H members won the first four places and the juniors three of the top four places in the Northeast Area 4-H Poultry Judging contest held June 14 at the Clark Elementary School.

Michael Reffett and Melvin May tied for first place with a score of 382 out of 400 points possible. Michael is the 16year-old son of Mr. and Mrs. Frank Reffett, Hueysville, and Melvin, 15, is a son of Mr. and Mrs. Roy May, Langley.

Richard Hackworth and John Flanery tied for third with 365 points. Richard is the 15-year-old son of Mr. and Mrs. Troy Hackworth, West Prestonsburg, and John is the 14-year-old son of Mr. and Mrs. Thomas Flanery, Langley.

Other Floyd county senior judgers and their scores were: Ricky Ferrell, 300; Greg Collins, 285; Vicky Blackburn, 281; Ann Flanery 261; Linda Boggs, 251; Jackie Slone, 228.

In the Junior Division, Mark Westfall and Nathan Reffett tied for second place with 347 points. Mark is the 12-year-old son of Mr. and Mrs. Thomas Westfall, Ivel, and Nathan, 15, is a son of Mr. and Mrs. Beverage Reffett, of Langley.

Todd Halbert, 12-year-old son of Mr. and Mrs. Martin Halbert, Jr., of Langley, was third with 337 points.

Other junior judgers were: Bill Flanery, 257; David Reffett, 246; Joey Collins, 271; John Howard 261; and Dwayne Fraley, 309.

All the members participating in the area event qualified for the state contest. Members from Pike, Magoffin, Breathitt, Johnson, Martin, Greenup, and Floyd counties participated in the contest

### Where To Put Lower Courts **Poses Legislative Problem**

The special legislative committee named to study the legislation needed to get Kentucky's new judicial system working next year met last Friday, and quickly it learned that it has a job on its hands

The situation is so fraught with possibilities, if not impossibilities, that the committee has indicated it may split next month into two subcommittees-one to study the impact of the judicial article on local governments, the other to devote its attention to the actual provisions of whatever legislation is necessary to implement the court system authorized when the voters approved the Judicial Amendment to the state constitution.

The legislators meeting last week ran into scores of questions, and one involved how counties are going to acquire and finance the physical facilities for the new courts that will be created. (Floyd county, with its courthouse annex under construction, may be more fortunate in this respect than many.)

Discussion revealed the fact that two courthouses in Kentucky-they were not named-do not contain sanitary facilities

One judge told an inquirer he recesses court and walks across the street to a service station.

The lawmakers are trying to come up with proposals for a special legislative session this fall on how to organize the most complicated and far-reaching portion of an amendment which revamps the state's court system.

Basically, the system will have four levels-the Kentucky Supreme Court, already in operation, a Court of Appeals to be selected in coming months, the 56 circuit courts, which apparently will remain, and a new district court system, which poses the most problems.

William E. Davis, director of the Office of Judicial Planning, which is making several surveys, told the interim special committee the major question will be the number and location of district courts. He indicated there could be as many of these courts as circuit courts.

Sen. William Sullivan, D-Henderson, the committee chairman, said his colleagues' task will touch "darn near every segment of local government it's going to get heavy before it's over."

The legislators and legal advisers must decide not only the number of district judges, but of prosecutors and clerks.

Davis said he would recommend that all 120 counties have some form of judicial representation.

'But there's no way on earth to satisfy everybody," he said.

The attorney general's office said it is making a study of alternative systems, using a \$50,000 grant it received.

The Urban Studies Center of the University of Louisville said it also plans surveys on the impact of the judicial

In addition, 24 other groups are going to help coordinate the efforts to institute a new court system at the lower level.

said a number of key questions already have come up. Samples:

-What provision shall be made to

their salaries be supplemented to make up the lost revenue?

-Will the commonwealth's attorney serve as prosecutor for district as well as circuit court? How about the county attorney

take over all prosecutorial functions? The 1976 legislature passed 12 bills

Gov. Julian Carroll said he will call a specialsession between Thanksgiving and Christmas, partly to consider the judicial article.

WE NOW HAVE DELICIOUS

FRIED

reimburse local governments for money they now get from the court system, but which will be lost beginning in 1978?

-Should commonwealth's attorneys, county attorneys and fiscal court members continue to receive part of their pay from the court system?

-Since county courts no longer will perform judicial functions, and therefore receive no fines and forfeitures, how will

### A Long Name That We Like

Long names, titles and other designations turn us off, as a rule, but the addition of Bert T. Combs' name to the Mountain Parkway which he dared to build gets our unqualified approval, for what our approval is worth.

This modern highway from the Blue Grass into his isolated, native Mountains was the longest of the "tracks" which Bert Combs made as governor of Kentucky. As the years pass and the value of this highway to other parts of Kentucky as well as to the Mountains becomes more apparent, more of us are deciding that a giant walked here.

Combs' administration was not without its mistakes. But he made other "tracks" which outweigh any imperfections in his record as governor. These, in addition to the Mountain Parkway, he left behind for the benefit of all Kentucky:

1. A community college system which has served as a model for other states.

2. A state parks system given new life to become one of the nation's finest.

3. Voting machines which eliminated the old paper ballots and all their venalities which served to make Kentucky politics live up to Judge Milligan's famous description.

Bert Combs does not wear a halo gracefully, and we do not propose to force one upon him, but we still see his "tracks" and take pleasure in pointing them out to others, including those who would not have had some of them made.

It is well that his friend, Governor Carroll, — a man who at this time is engaged in building another road (KY 80) as another liberating influence on the Mountains, - has led the move to rename the Mountain Parkway so that if will hereafter be officially the Bert T. Combs Mountain Parkway.

#### (June 21, 1956)

Senator Earle C. Clements' final margin over Joe B. Bates in the May Democratic primary stood last Friday at 81,820 when the last returns were filed in the office of the Secretary of State . . . Orders from Floyd farmers for one carload of sheep are already in, Robert M. Jones, assistant county agent, said this week . . . Mrs. Maudie Adkins, 36, of Bevinsville, mother of six, was killed almost instantly late Saturday night at Caney Creek, 18 miles south of Pikeville, when the auto driven by her husband and bearing the entire family crashed into a tree . . . An ordinance designed to lessen both noise and sudden bursts of auto speed here was enacted by the City Council at its Tuesday night meeting . . . Landmon R. Johnson, soil conservationist of the Floyd County Soil District, was awarded a 20-year service pin and a certificate in recognition of his service, at the Personnel Work Convention, of the Soil Conservation Service held at Louisville, June 12-14 . . . About 100 citizens from six mid-Eastern counties met at West Liberty last week and organized the Cave Run Reservoir Association . . . Born: to Mr. and Mrs. Billie Price, a son, Richard Gordon, June 11 at the Prestonsburg General hospital . . . There died: Bertram L. Porter, 67, last Friday at a Paintsville hospital; Robert Clay, 81, Tuesday at his home at Garrett; Mrs. Cora Hicks Fannin Johnston, 80, Tuesday at her home at West Prestonsburg; Mrs. Katherine Grace Elliott, 28, of Allen, last Wednesday at Good Samaritan hospital, Cincinnati, Ohio; Holton Hamilton, 47, of Emma, Saturday; James Harvey Stephens, 66, Wednesday at his home at Langley; Earl C. Martin, 48, Kite, last Friday at the Methodist hospital, Pikeville; Mrs. Jay Moore, 81, last Friday at the Beaver Valley hospital, Martin; Sam Horn, 86, Monday at West Prestonsburg; Mrs. Nell P. Silvey, 66, a native of Floyd county, June 8 at an Oak Hill, O. hospital; Sam Turner, 68, formerly of Floyd county, June 10 at Lexington.

#### Thirty Years Ago

#### (June 20, 1946)

Labor union officials and members gathered here this week to untangle the snarl created within the past few days by the organization of 17 employees of the Sparks Brothers Bus Company into the United Construction Workers . . . Problems created by Prestonsburg's efforts to operate a garbage collection system and by its installation of parking meters consumed the greater part of the City Council's meetin Monday . . Rocky mountain spotted fever, the malady caused from the bite of a tick, this week claimed its first Floyd county victim as 12-year-old Joan Fields, of Tandy's Branch of Johns Creek, died at the Paintsville hospital, Wednesday morning . . . Lee Bayes, 36 years old, of Harold, died Saturday at the Methodist hospital, Pikeville, of injuries sustained Thursday when he was crushed by a motor in a mine of the Harold Fuel Company . . . The Valley Air Service, owned by Burl Spurlock, R. W. Scott and Charles B. Meadows, has leased the airfield on the John Branham farm, Auxier road, to offer chartered plane service and flight instruction, it was announced, Wednesday . . . Directors of the Big Sandy Rural Electric Cooperative Corporation have voted, it was learned this week, to move the coop's offices from Prestonsburg to Paintsville . The new "pistol law", providing a penitentiary sentence of two to five ve for any person convicted of the offense of carrying a concealed deadly weapon, became effective Wednesday . . . Married: Miss Lana Rebecca Peters, of Martin, and Mr. George M. Queen, of Ashland, June 11; Miss Mabel Jean Conley, of Huntington, West Virginia, and Mr. Tom Lemaster, of Prestonsburg, June 14 at Paintsville; Miss Virginia Auxier, of Auxier, and Mr. Edward Tiffoe, Miami, Florida, June 17 at Miami; Miss Genevieve Music, of Estill, and Mr. Eldred A. Kline, of Exira, Iowa, June 8... Born: to Mr. and Mrs. Junior Wilson, of Ivel, a son, at the Pikeville hospital, Friday; to Mr. and Mrs. Bob Crum, of Cliff, a daughter, Roberta, May 23 ... There died: Lewis Miller, 64, at his home on Middle Creek, June 6; Mrs. Augusta Neyman, 54, of Weeksburgy, at the Beaver Valley hospital, Sunday; Elnora Hall, 29, of Melvin, Sunday at the Beaver Valley hospital, Martin; Henry Eugene Hicks, 13, of Hippo, while en route to the Stumbo Memorial hospital, Lackey, June 8; Parker Conn, 96 years old, Thursday at the home of a son at Printer; W. T. Irick, 69, at the home of his daughter at Manton, Monday.

### Mr. and Mrs. Z. S. Dickerson **Observe 70th Anniversary**

Mr. and Mrs. Z. S. Dickerson, Sr. observed their 70th wedding anniversary June 17 at their home on Burke Avenue here.

They have four children: Rev. J. A. Dickerson, of Olive Hill, Mrs. Charles B. Meadows, of Prestonsburg, Dr. Z. S. Dickerson, Jr., of Harrisonburg, Va., and Fred L. Dickerson, of Prestonsburg; seven grandchildren and seven greatgrandchildren

Mr. and Mrs. Dickerson have resided in Prestonsburg 68 years.

### My Favorite Uncle

By GEORGE L, MOORE

Last year I wrote a story about my favorite uncle who was no kin to me. In this issue I would like to tell about my favorite uncle who was, as my aunt used to say, my own blood kin.

Uncle Harry Lee Moore, a member of the Old Regular Baptist Church for more than fifty years, was a devoted and dedicated Christian who lived his religion seven days a week. He lived on the head of Turkey Creek, midway between Right Beaver and Left Beaver in Floyd County. His home church was located at the Mouth of Wilson's Creek some six miles further down the valley. Today a large sycamore tree stands in the old church yard. It is said to have grown from a riding switch that he stuck in the ground here when he was quite young.

As I recall, church was on the fourth Sunday of each month. There was a sort of a preliminary service on Saturday which, in addition to preaching, the business of the church was transacted. My uncle attended both sessions without fail. He had to take off one Saturday each month to attend a director's meeting at the bank. The Sunday services were unusually long. The length of the services was determined largely by the number of ministers present. None of the Old Regular preachers were noted for their short sermons. The meeting began about ten in the morning and lasted until about two in the afternoon. The old church, when I first knew it, was an old frame building badly in need of repairs. Uncle Harry Lee had it remodeled at his own

roof, new doors and windows, and a new coat of paint inside and out. The members took up a collection which helped pay a small fraction of the cost.

The Old Regulars arranged their schedules so there would be no conflict in meeting dates. This made it possible for a member to attend a Regular Baptist service each Sunday. Other churches that my uncle attended were Rock Fork near the town of Garrett, Stonecoal, and Steel's Creek.

Each Sunday he would put on a white shirt, a blue serge suit, a black hat, and mount his favorite riding horse and head for the Old Regular Baptist meeting place. I thought that was the happiest moment of his life.

The church was the main interest in his life. It was a custom then to have a funeral service for the departed a year or so after the burial had taken place. My Uncle Harry Lee was a firm believer in this practice. Near his home was the family cemetery. It was here that many of the Moore clan and their kindred were laid to rest. My uncle would sometimes have a funeral service for some of his kinsmen in the nearby orchard.

The only word that comes to mind in attempting to describe the amount of food served by the host on such occasion is the feast of Belshazzars. Such a funeral meeting usually began with a front porch service on Friday evening and was not over until about two in the afernoon on Sunday.

The preparation for such a funeral is erv elaborate. Plank seats were erected in the orchard to accommodate three or four hundred people. Saturday the cooking moved outside. A three hundred pound hog was slaughtered and cooked in large round iron kettles. Usually a sheep would be slaughtered and cooked in the same manner. Inside the baking of cakes and pies was going at full blast. On top of the stove large pots of beans were boiling.

received poor service from this company also. William Zachman, an OLG staff

22, Prestonsburg.

with a dispute at the Shepherds' store on Branham's Creek over the relative merits of a trick. At a hearing held by Magistrate Dewey Roberts Monday morning, State Detective Gary Rose said the Tacketts returned to the scene of the original fight. He said it had not definitely been established who first began shooting. Shots from a shotgun and a revolver apparently were fired into the Tacketts' truck, and revolver or pistol

shots were fired into the store. A deputy sheriff said Eugene Tackett told him that Henry Shepherd "threw off on his truck" and that a fight ensued, that he left the scene and later returned with his brother. He was quoted as saying he fired four shots into the house after he and his brother had been fired upon.

Magistrate Roberts set Hershell Shepherd's bond at \$5,000, and asked \$4,000 bail of Henry Shepherd.

A photograph of the Tacketts' truck made after the exchange of shots showed that the rear window of the truck was almost entirely blasted away. This resulted, Eugene Tackett explained, when one of the Shepherds fired a shotgun charge at an angle through the open side window of the truck.

Bond of \$5,000 was asked Saturday by Magistrate Bill Wells for the release of Oliver Setser, of Auxier, who was accused of shooting and wounding Shirley Hayden and son, Buddy, of Auxier, and of shooting the lock off the home there of Theda Branham. The Haydens were not seriously wounded, authorities said.

Setser executed bond Monday for his grand jury appearance.

efforts to build the parkway was erected at the Campton toll plaza.

The toll section of the parkway extends from Lexington to Campton, from which point the highway divides into two prongs, one extending on to Prestonsburg, the other to Hazard. The Prestonsburg section of the road has been designated the Mountain Parkway perhaps because Combs was a resident of Prestonsburg at the time of his election as governor.

#### ATTEN POLO MATCH

Ruth Ann Fairchild, Lynn Weddington and Cindy Bott attended a polo match in Wednesday, following a Versailles 1 on in honor of Miss Lea bon vo' Davi

a new project.

They point to Rutherford's statement that "The Pike County Fiscal Court does not, at this time, desire to do any business in any way with this firm." (The reference was to Brandeis.)

Sources in OLG also said one of the bidders complained that the specifications were drawn up in a manner favoring Whayne Supply Co.

They said the bidder questioned the requirement in the specification for "caliber disc brakes on all four wheels . .

In a letter submitting the bids a sales engineers for Brandeis wrote the court:

'We must take exception to the 24 volt lighting system and a 4 speed forward transmission, but we feel that we can justify our reasons for not offering these items

OLG sources also say Harvin Horton, a representative for KMI, has protested the awarding of the higher bid to the Pike county firm

They said the protest was made to Finance Department officials.

The sources who discussed the questions about the bidding procedure also noted Pike Fiscal Court went ahead and advertised for the equipment before the legislative committee even approved the project. They said this is prohibited and the Finance Department rejected outright consideration of those bids.

In his letter to McClure Rutherford also listed other reasons for the court's approval of the higher bid. They included:

-Other companies placed bids that did not meet specifications or could not offer any service at all." The other bids are from Kingsley Equipment Co., Lexington; Commonwealth Equipment Co., Catlettsburg and Blue Grass Tractor Co., Louisville.

didn't have deodorants and according to the TV commercials we need so many nowadays

"Cousin Nud had the answer to that. He said back yonder we all smelled alike and there was no problem."

#### SQUARELY YOURS

Radio is not my dish. Besides being a competitor, its instant purveying of news over which we who deal with the printed word toil long hours leaves us feeling much as the tortoise must have felt when the hare hopped past, flipping up his heels

But it has its points. In some respects it puts TV where it belongs - in the wellknown shade. Few singers ever come across on television for me as on radio, mainly because radio mercifully spares the listener those receding hairlines, bulging waistlines and popping eyes as the songster reaches for a high note. Radio leaves something to the imagination. So it was that until TV came along I imagined Kate Smith to be one of the loveliest of women - how could she not be?

And I still say some of those radio plays, with nothing seen except by the mind's eye, had these TV shows beat by several wavelengths

I may be the exception, but to me no television thriller is in the same league with radio's old "Inner Sanctum" or that Martian spoof perpetrated by Orson Wells. And for comedy - I have never laughed again as I did while the Great Gildersleeve, Amos 'n Andy, Lum 'n Abner, Burns and Allen, Fred Allen, Jack Benny and all that gang were on radio. Now, to tell the truth, all this is to square myself with the rest of you squares before I confess to a weakness for Hawaiian music - REMEMBER? Driving alone, the other day, I switched on the radio, and there it was - a steel guitar giving with the soft, sad strains of 'Aloha Oe.'

"Farewell to Thee" . . . and I am back there, years ago, with that Certain Girl on a Sunday afternoon. And we sort through a stack of phonograph records. Here it is . . . "Drowsy Waters" . , and "Sweet Leilani (anybody remember how to spell it? It meant, I take it, Heavenly and "On the Beach at Flower) . Waikiki'' and more.

The tide comes in and goes out, and time doesn't - thank goodness - always march on, even if it doesn't wait. Have a helping of nostalgia, friends it's all on me

10.10

About the only guests on Friday night would be four or five ministers. On Saturday assorted kin began to arrive from distant parts. It was not unusual to have 50 or 60 people to spend the night on Saturday. All the rooms in the large two story farm house were filled to overflowing. Many of the male members of the crowd spilled over into the hayloft of the barn.

Breakfast had to be served in several shifts. It is no exaggeration to state that the number of mature barnyard fowls was reduced by half while the entire population of frying sized chickens was completely wiped out.

Many years later, I knew an old lady -God rest her soul in peace - that measured the success of such meetings by the amount of food served by the host. One Sunday she stopped by our place on her way home. I inquired about the service. She said, "That was the best meeting I ever attended in my life. They had four or five different kinds of cakes and pies and at least three different kinds of meat.

#### **RETURNS HOME**

On the reverse side of the new Kentucky vehicle operator's license, a space is allotted for the signature of any licensee who wishes to donate vital organs for medical use in the event of the operator's death. Although a few, like Doug Fitzpatrick, of Garrett, pictured signing his license, Friday at the circuit clerk's office here, have signed the authorization in the county, too many have been reluctant to make the commitment. Asked why he chose to sign, Fitzpatrick said, "It would be such a shame for something to go to waste that might save another life."

### **Camp Shawnee Food Service Free To Scouts This Summer**

Camp Shawnee, the summer camp operated by the Lonesome Pine Council, Boy Scouts of America, will be able to offer food service to campers free of charge this summer.

A new federal program has made funding available through the Kentucky Department of Education to feed

children at summer camps at no cost. To be eligible, a camp must have one-third of its campers from homes meeting the same criteria as the free and reduced price school lunch programs.

The Lonesome Pine Council has applied for and received approval for the funding for Camp Shawnee according to John Fischer, council president. It is expected that all three week-long Scout camping sessions will be eligible for reimbursement of all food costs. All campers will be served the same wellbalanced, nutritious food regardless of race, color, creed, or national origin, Fischer stated.

The basic fee for a Scout coming to camp is \$30, which helps pay for program equipment, supplies, staff salaries, andcother costs except food. There are many camperships available for Scouts who cannot afford the regular camp fee and any Scout desiring information on camperships should write or call the Lonesome Pine Council, Boy Scouts of America; P. O. Box 110; Pikeville, Kentucky 41501; Phone : (606) 437-6209.

#### MILD EARTHQUAKE STRIKES ON CALIFORNIA'S COAST

BERKELEY—An earthquake registering 2.5 to 3 on the Richter scale shook an area just north of Petaluma, Calif., yesterday, the U. S. Geological Survey said. A spokesmen for the survey said the mild quake was centered about five miles north of Petuluma and probably could be felt from about 15 miles. The Sonoma County Sheriff's office said there were no reports of damages. Sonoma County is on the coast.

### Brown Overcomes Handicaps To Win "Game Guy" Award

#### (From The Paintsviller Herald)

Just over six years ago Paul David Brown was being carried up and down the stairs at Paintsville Junior High School in a wheelchair. Last Thursday night he walked to a platform in front of the graduating seniors of Paintsville High School to accept the coveted "Game Guy" award given by the Kentucky High School Athletic Association.

The walk Thursday night, and the PHS Spring Sports Banquet held the following evening at the school, marked the close of Brown's high school athletic career that included earning ten varsity letters in four sports.

In December of 1965 and during his second year at Paintsville Elementary School, Brown developed a limp in his right leg which his doctor diagnosed as leg pertheis, a blood condition affecting the ball socket in the hip. The prescribed treatment was to take all body weight off the leg so Paul David Brown, at age seven, began wearing a leg brace.

Five years later, in January of 1970, the disease had progressed into both legs and was now being called bi-lateral leg pertheis. The doctors prescribed complete bed rest but optioned to putting the eleven-year-old Paul David into a wheelchair so he could continue his education.

For the next fourteen months, Paul David was assisted about the school halls by his friends who volunteered to carry him up and down the stairs so he could get to class. Each morning, his father Paul Brown would bring his son to school and carry him into the classroom to begin the day's schooling.

At the junior high school, principal Paul Wade Trimble assigned some older boys to assist Paul David about the halls. In March, 1971, the wheelchair was parked for the last time and Paul David was allowed to negotiate on crutches. The doctors felt that the right leg had healed enough for the 12-year-old to use it.

Paul David began an intensive weight program to build up the strength in his legs. His mother, Peggy Brown, recalls that Paul David could be found in one of two places during the conditioning period, in the family swimming pool or riding his bike around the house.

The youngster's efforts were rewarded by his being able to play a few games of Little League baseball that year.

After he got into high school, Paul David appeared to be over the bi-lateral leg pertheis. His parents weren't convinced, however. Paul David was allowed only casual participation in high school athletics during his freshman year. At the start of his sophomore year, Paul David set aside his parental concerns and went out for football, getting an assignment as wide receiver.

Paul and Peggy Brown winced from the sidelines as their son went through the gridiron season, staying with him through basketball and baseball.

In his junior year, Paul David was moved to the quarterbacking slot for the Paintsville Tigers. It was not the ideal choice of his parents but they accepted it. It was during his junior year that Paul David was first nominated for the KHSAA Game Guy Award but an athlete in another part of the state who had contracted leukemia got the award.

In 1976, Paul David Brown was the unanimous choice of the KHSAA for the award. The Game Guy trophy is annually awarded to the one athlete in the state of Kentucky who has overcome a physical handicap and participated in high school athletics.

Through his conditioning program of leg weights and swimming, Paul David Brown earned three varsity letters in each of the three sports of football, basketball and baseball and got his tenth letter in track. He was twice named to the All-Area team in football, was twice All-Tournament in district basketball play and was named All-Area this year in basketball.

In 1975 he was named the most valuable player by the Johnson County American Legion Post 183 baseball team.

#### On Dean's List At Pike College

Pikeville, Ky.—Pikeville College has announced 155 students have been named to the Dean's List for the spring semester.

Thirty-eight of those students had the highest grade standing possible, 4.0, according to registrar, John E. Martin. Among these are the following from Floyd county:

Juniors—Charles M. Brook, of Betsy Layne, Ronald K. Caudill, of Allen, and Jacquelin Dillion, of Ivel.

Seniors—Pauletta Collins, of Allen, Judy D. Looney, of East McDowell, Joe H. Cooley, Ingri A. Millemann, Mollie Darlene Starnes, all of Prestonsburg, and Marcella Miller, of Manton.

Other Floyd county students famed to the Dean's List are these:

Sophomores—Debra H. Engle, of Wheelwright, Pauletta Smith, of Tram. Juniors—Vivian Barnette, of Martin, Evelyn Wells Hager, of Prestonsburg, Flora Tackett, of Grethel, and Reina T. Trusty, of Garrett.

Seniors-Thomas L. Westfall, of Allen.

#### **NOTICE TO BIDDERS**

The Floyd County Board of Education will accept the lowest and best sealed bids until 12 noon, June 19, 1976 for the following items delivered to the Floyd County Bus Garage, Allen, Kentucky. The Board reserves the right to buy in quantity at the bid price during the 1976-'77 school year.

Tires—first line nylon 100 level or better—130 900 x 20, 10-ply; 130 tubes, 900 x 20.

Anti-freeze, permanent type-4 55 gal. drums; 30 cases, 1-gal. cans.

Transmission grease, multi-purpose-840 lbs., in 120-lb. containers with LS. Chassis grease, with moly or

equivalent—480 in 120 lb. containers. Oil—motor oil for service CB, SE and SE as rated by American Petroleum Institute—1200 gal. HD 30 W. 55 gal. containers; 30 cases HD 30 W. quart containers; 25 cases transmission fluid; floor oil.

First aid kits—40 units (12 in box) (refills).

The Board reserves the right to reject, any or all bids. RAY BRACKETT Assistant Supt., Floyd County Schools

> CHARLES CLARK Supt. Floyd County Schools

Fish and Game analyzed anti-hunting arguments. He divided the arguments into three general categories: cruelty, uncivilized, and ecological. The first two arguments are opinion oriented and unresolvable involve viewpoints.

The cruelty argument is straightforward-killing is cruel. The argument is 'based on the opinions that some hunting methods are inefficient and cause suffering; that the killing of female animals sometimes leaves the young to die; that steel traps cause some animals to chew off their legs in escape attempts; that modern hunting methods, such as snowmobiles, airplanes, and telescopic lenses, are not sporting; and that most hunters are "slobs" and think only of killing and shoot indiscriminately; that killing animals for food is a thing of the past; and that "sport" is not involved when animals are shot at twelve feet with a high powered rifle.

The uncivilized argument does not really attack the act of hunting but scrutinizes the hunter himself. Hunters are viewed as culturally immature throwbacks to the dark ages, imcapable of expressing concern or feeling for living things. Hunters have been described as sexually inadequate, using their guns as masculine symbols of virility. This argument pictures hunters as person incapable of handling their everday frustrations, instead relying on their guns as tension relievers.

The ecological argument against hunters maintains that the natural balance is upset by killing animals. Animal extinctions and near-extinctions attributed to hunters, as in the case of the buffalo and passenger pigeon, are parts of this argument. Anti-hunters also point to the higher animal populations found in refuges when compared to areas open to hunting. The national parks, closed to hunting and replete with high numbers of several species, are often cited as ideal. Artificial manipulation of habitats by wildlife managers has also been attacked.

Of course the most common argument against hunting takes on aspects of all three categories and seems to be centered on the lack of a strict code of ethics. The point most often mentioned about ethics is not that codes of behavior in different hunter organizations do not exist, but that they are not practiced. The American hunter is presently on a

microscope stage and his every action is and will be questioned. Hunters have adopted a defensive posture, a situation to which they are unaccustomed. The result has been a flurry of charges and countercharges with bitter words and phrases, such as "slob" "the Bambi syndrome," "bleeding hearts," and "gun freaks," being bantered from one group to the other. In the next article we will examine the hunter's philosophy.

### Atty. General Gives Opinion On Martin Co. Indictments

A criminal indictment may be sealed only until the person named in it has been arrested and released on bond, the attorney general's office advised Martin Circuit Court Clerk Carolynn P. Horn in a recent written opinion.

A bitter factional dispute which brought the grand jury in Martin county to a standstill prompted Kentucky State Supreme Court Justice Scott Reed in April to appoint a special judge to get it moving.

Part of that dispute involved six indictments which Martin Circuit Judge William Hazelrigg ordered sealed. Hazelrigg, who also refused to order warrants issued for those indicted, has questioned the process by which the grand jurors were selected.

The Martin county controversy has involved County Attorney John Kirk and his father, Tom Kirk, on one side and County Judge Hay Fields, Commonwealth's Attorney Eugene Rice and Inez newspaper publisher Homer Marcum on the other.

Kirk is a former law associate and campaign backer of Hazelrigg, who was highway commissioner in the Republican administration of former Gov. Louie B. Nunn.

Marcum has charged that the Kirk faction is harassing him. That is being investigated by the Kentucky Press Association. Kirk owned a rival paper until last October and has a \$125,000 libel suit pending against Marcum.

Marcum has been arrested four times on charges of contributing to the delinquency of minors by allegedly using them to sell his newspaper during school hours. Marcum charges they are trumped up charges. He has also had several different type of insurance policies canceled.

In the opinion to Mrs. Horn, Assistant Attorney General William W. Pollard makes no mention of the controversy.

Pollard said "the Kentucky rules of Criminal Procedure make for only one situation in which an indictment returned by a grand jury may be sealed. RCr.5.24 (3) states that the court may direct that an indictment be kept secret until the defendant charged therein has been taken into custody or has been enlarged on bond."

(Attorney general opinions are advisory and do not have the force of law.) "Because it is normally a formal charge," Pollard concluded, "it is our opinion that an indictment is not to be sealed other than in the limited situation described in RCr 5.24."

In an unrelated matter, Pollard advised Mrs. Horn that, starting June 19, the date a new law goes into effect,

APPLE SNACK FOOD PATENTED WASHINGTON — Two Japanese were granted a patent recently for a method of producing snack foods from apples.

The process includes cutting apples into pieces, soaking the pieces in sugar syrup, draining the excess syrup away, drying the drained pieces in hot air and finally, at reduced pressure, frying them and cooling them until they harden.

county offices may close two half days instead of one full day a week.

The attorney general's office advised Lawrence County Trial Commissioner Daniel D. Hall that a county judge pro tem can try juvenile cases, but only when the county judge is out of the county or unable or disqualified "to act because of sickness or other valid causes ...."

Ball wrote the attorney general's office that Lawrence County Judge James H. Martin wanted to use another officer to try the case. Assistant Deputy Attorney General Charles W. Runyan advised Ball the trial commissioner could try juvenile cases if the county judge assigned them to him.

#### Notice of Intention To Mine

In accordance with the provisions of KRS 350.055, notice is hereby given that: Circle "C" Coal Company, Meta, Kentucky intends to file an application for the surface mining of approximately 22.0 acres located northwest of Thomas in Floyd county. The proposed operation is approximately 1.5 miles northwest of State Route 194's junction with Brushy Creek Road and located north of Johns Creek.

The surface of the area to be mined is owned by: J.N.C. Coal Company. A brief description of the kind of mining activity proposed is: strip and auger mining by controur method.

The application will be filed at the Division of Reclamation, Prestonsburg Area Office, N. Lake Drive, Prestonsburg, Ky. 41653.

Persons wishing to object to the Department for Natural Resources and Environmental Protection as to the issuance of a mining permit must do so in accordance with KRS 224.081 (2) and must forward same to the Director, Division of Reclamation, Capital Plaza Tower, Frankfort, Ky. 40601.

#### To Subscribers

Please note date shown opposite your name on your copy of The Times or on the wrapper. If the date reads, for instance, "June 76," your subscription will expire at the end of June.

Because of increased mailing costs, notices to subscribers of their expiration dates will be discontinued. Subscriptions which have expired must be cancelled within one month of the expiration date.

Yearly subscription rates are: \$6.30 in Floyd county; \$7.35 elsewhere in Kentucky; \$8.50 outside Kentucky.

#### Floyd County Students Receive UK Degrees In 109th Commencement

Miss Sara Judith Smiley, daughter of Mrs. Otela Smiley, of Prestonsburg, and the late V. A. Smiley, was awarded her Doctor of Philosophy degree in history at the University of Kentucky's 109th commencement exercises, May 8. Miss Smiley's dissertation leading to her doctorate was entitled "The Political Career of Thruston B. Morton: The Senate Years, 1956-1968"

Receiving the Master of Arts in Education degree from this county were the following:

Margaret Goble Collins, Marylynn Hall, Shirley Ann Hicks, and Constance Tackett, all of Prestonsburg, Mazola Lynn Salmons, of Risner, Ella Louise Watts, of Wheelwright.

Dionna Burchett Ferguson, of Prestonsburg, was graduated with the Master of Science degree in home economics, and Fonetta Akers Blackburn, of Dana, Master of Social Work degree.

Graduates of the College of Law were John David Preston, of Allen, Gary Edward Johnson, of Ligon, Margaret Popp Armistead and Walter Wells May, both of Prestonsburg.

College of Dentistry graduates included Carlos Dean Blankenship, of Weeksbury, and Roger Lee Tackett, of McDowell.

Receiving degree in the College of Arts and Sciences—Judith Ann Amburgey, of Bypro, Joseph Clifford Buchanan, Jr., Barbara Sue Hall, Marshall Douglas Osborne, Robert Willis Edwards, Clara Theresa Magura, Herbert Douglas Prater, all of Prestonsburg, James Byron Hamilton, Joyce Lynn Reynolds, both of Allen, Reva Carol Duff, of Hueysville, Mary Helen Newsome, of Martin, Gorman Bradley, Jr., of Drift, and in the College of Agriculture, Cline Douglas Watson, of Risner.

College of Engineering graduates receiving Bachelor of Science in civil engineering degrees were William M. Potter and John Frederick Smiley, both of Prestonsburg, and in electrical engineering, Darvin Spencer, of Garrett. Receiving degrees of Bachelor of Arts in education, College of Education, were Rhonda Boyd, of Harold, Robert Vance Harmon, of Hueysville, and Marcella Jane Whitaker, of Hi Hat.

Brother and sister, Graden Richard Jarvis and Susan Kay Jarvis, were graduated from the College of Business and Economics with Bachelor of Business Administration degrees. Their parents are Mr. and Mrs. Pete Jarvis, of Prestonsburg.

Mary Stickler Guion, of Drift, received the Bachelor of Science in Pharmacy degree, and in the College of Allied Health Professions, Shirley Ann Halbert, of Prestonsburg, received a Bachelor of Health Sciences degree.

Miss Mary Elizabeth Gibson, of Betsy Layne, received a Bachelor of Science in home economics degree.

#### Boyd County Native Water District **Ag Council Director**

Frankfort, Ky. - Tom Ray, a native of Eastern Kentucky, has been appointed director of the Council on Agriculture by Gov. Julian Carroll. He replaces Bill Gayle, who had served as acting director until Ray assumed his duties June 1.

The new director said he plans to carry out the current programs of the council. "I will work for the development and promotion of a broadly conceived, statewide agriculture and agri-business program designed to market, distribute and promote Kentucky's agricultural products," he commented.

Raised on a farm in Boyd County, near Catlettsburg, Ray left the state to attend a business college in Chillicothe, Mo. He then spent three years as an undergraduate at the University of Kentucky before transferring to the University of Louisville, where he received a degree in public administration. Ray also attended the University of Louisville law school.

Ray, 45, has had extensive experience in administrative and managementoriented work, and served in the U.S. Marines during the Korean conflict. He served four years in Kentucky's General Assembly as a representative from the 39th legislative district in Jefferson county.

# Wins Rate Boost

The Kentucky Public Service Commission (PSC) has granted a \$22,850 rate increase to the Sandy Valley Water District, which serves customers in both Floyd and Pike counties.

Sandy Valley had requested an additional \$30,963, but the June 7 PSC order notes that such rates would be "unfair, unjust and unreasonable.

A Sandy Valley customer, the Mud Creek Water District of Galveston in Floyd county, was granted a \$9,698 increase. However, the commission has ordered Mud Creek to file monthly operating reports with them until the district's water line loss is reduced to 15 percent. The loss is presently over 52 percent, a figure the PSC termed 'grossly excessive.'

In addition, Mud Creek has been directed to compute customers' bills from the nearest 100 gallon increment instead of the present 1,000 gallon system.

Both PSC orders will result in minimum monthly bills of \$5.

A hearing was held in the commission's Frankfort office March 9 to review the rate increase requests. The consumer protection division of the attorney general's office and Pam Goldman, of the Appalachian Research and Defense Fund of Kentucky, Inc., intervened. The latter group represents certain Mud Creek consumers

Frankfort, Ky., June 21 - Several lakes are reporting fair to good jump fishing for white bass, and bluegill fishing is generally fair around Kentucky. The lake-by-lake rundown, as compiled by the Department of Fish and Wildlife Resources

CUMBERLAND: In lower lake, white bass and crappie fair night fishing off points and deep banks; white bass fair in the jumps early and late in the day; in the upper lake, bluegill good in inlets and bays; crappie fair over submerged cover during the day; in tailwaters, trout good, crappie, sauger and white bass fair; clear to murky to muddy, rising slowly, 26 feet below timberline and 76 degrees. CAVE RUN: Musky fair casting and trolling crank baits and deep runners over old road beds and drop offs; black bass fair night fishing surface lures in inlets and bays; in tailwaters, crappie slow; clear, stable at pool and 76 degrees.

LAUREL: Black bass fair on crank baits and artificial nightcrawlers in inlets and bays and over drop offs; crappie fair over submerged cover; clear, stable at pool and 78 degrees.

DEWEY: Crappie fair over submerged cover; bluegill fair in inlets and bays; clear, rising slowly, at pool and 78 degrees

ROUGH RIVER: Crappie fair night fishing over submerged cover; bluegill slow in shallow water areas; in tailwaters, crappie slow; clear, stable at pool and 78 degrees.

BARREN: Bluegill good along deep banks; black bass good in lower lake on

degrees

pool and 78 degrees.

above pool and 78 degrees.

### Kentucky Fishing Report

GRAYSON: Bluegill fair in inlets and bays; black bass slow on medium runners and artificial nightcrawlers around points and over drop offs; in tailwaters, crappie fair; clear, stable at one foot. below pool and 70 degrees.

GREEN: Bluegill good around gravel points: black bass fair at night on artificial nightcrawlers off points and over drop offs; in tailwaters, bluegill and trout fair; clear to murky, rising slowly, 11/2 feet above pool and 79 degrees.

BUCKHORN: Black bass fair on artificial nightcrawlers along deep banks; bluegill fair off deep banks; clear to murky to muddy, stable at pool and 79 degrees

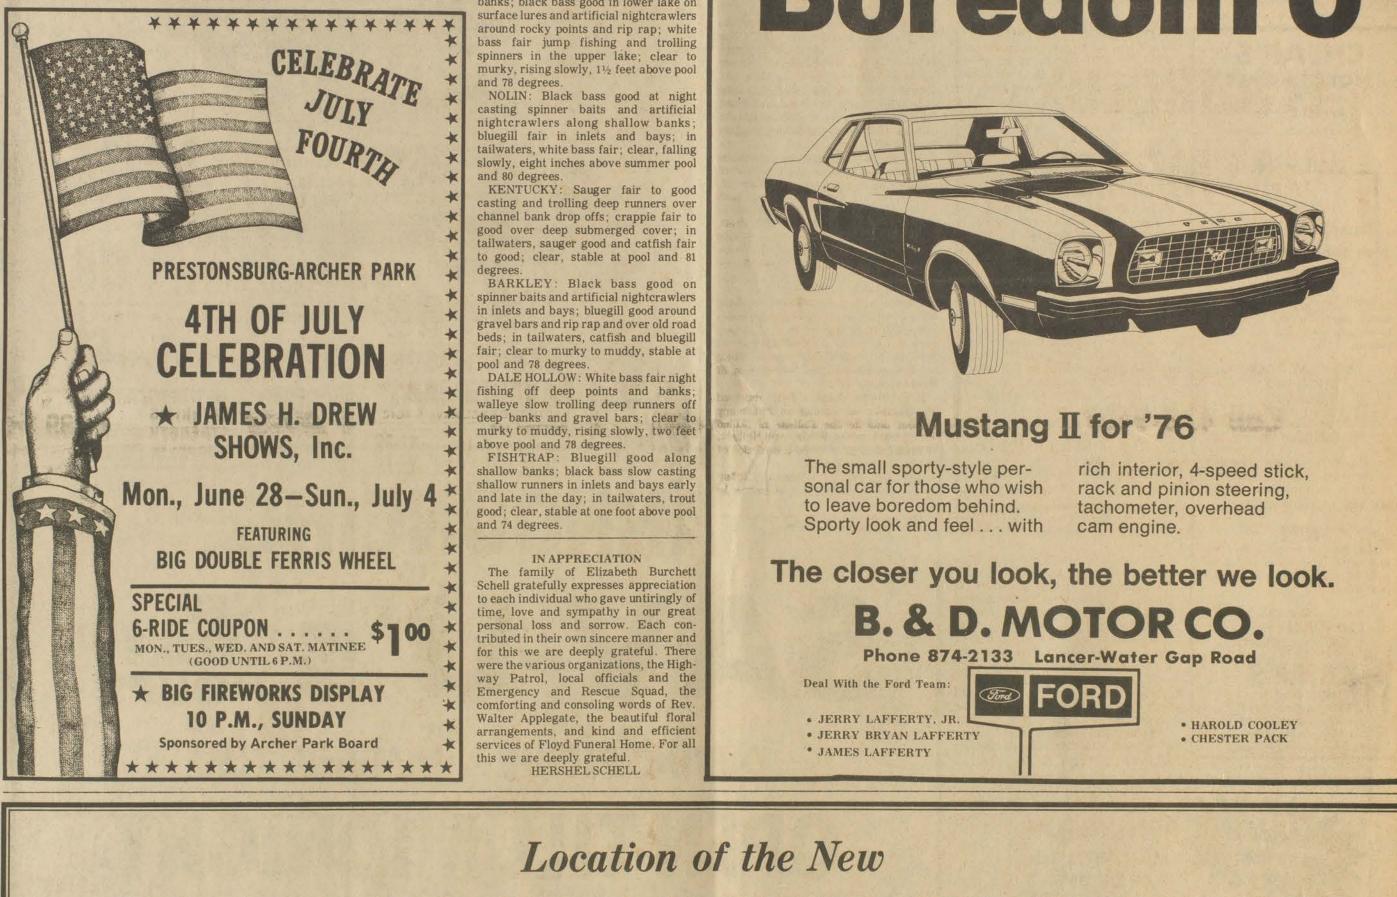

HERRINGTON: Bluegill good drift fishing along deep banks; white bass fair in the jumps; clear, stable at one foot below pool and 80 degrees

### **Columbia Sees Reduced** Supply **Of Natural Gas**

Projected natural gas curtailment levels for large industrial and commercial customers of Columbia Gas of Kentucky during the coming winter are greater than those of the preceding winter due to the continuing deterioration of Southwest supplies, a company spokesman said.

Affected will be some 75 industrial and 117 commercial gas users that use more than a million cubic feet of gas in any month. The company will put into effect the Phase II priorities of service approved by the Public Service Commission in the order of Oct. 1, 1975.

The projected levels of curtailment scheduled to go into effect Nov. 1 are 100 per cent curtailment of both industrial boiler loads and industrial loads with an alternate fuel capacity; 10 per cent curtailment of all industrial and commercial loads with no alternate fuel capacity

The spokesman said curtailment levels being announced are under constant review and include assumptions based on previous experience and best estimates as to economic conditions; approval by the Federal Power Commission of the proposed curtailment plan of Columbia Gas Transmission Corp., wholesale supplier to Columbia Gas of Kentucky; anticipated underruns by industries and other variables such as weather, conservation and supply conditions in the Southwest

Kathi Anne Mullins, 18, of Melvin, will represent Floyd county in the 1976 Miss Kentucky pageant. She is the daughter of Mr. and Mrs. Julius Mullins and enjoys music and swimming. The pageant will be held June 24-26 at the Macauley Theatre in Louisville.

### **State Asks Health Agency Certification Be Delayed**

The federal government has been asked by the state of Kentucky to delay the granting of an official designation to East Kentucky Health Systems Agency (EKHSA) until additions to its official board and other corrections are made. EKHSA comprises 68 counties in the eastern part of the state, and it is designed to direct health planning. Nominations for other board members have already been sought.

EKHSA is opposed by a group called East Kentucky Citizens for Better Health Care. Last February 100 from that group voiced protests at a meeting in Lexington of the EKHSA board of governors.

They charged that the board is unrepresentative and fails to include spokesmen for the poor, coal miners, black lung victims, disabled coal miners and women.

In a letter to Charles DiSalvo, Appalachian Research and Defense Fund attorney who represents the protestors, C. Leslie Dawson, secretary of the Department for Human Resources, said, "It was decided to request the Department of Health, Education and Welfare (HEW) to defer designation until such time as appropriate corrections and additions (to the board) can be made."

### **State Jobless Rate Below U.S. Average**

Frankfort, Ky. - Kentucky's unemployment rate has taken another drop in May, to 5.6 percent, according to figures released by the Department for Human Resources

Robert MacDonald, chief labor market

Dawson stated in the letter that he was writing at the request of Gov. Julian Carroll

'The application for conditional designation of EKHSA was reviewed in depth," the letter said.

EKHSA was created by the federal government under the National Health Planning and Resources Act of 1974. It will be headquartered in Winchester. There are two such agencies to serve the state, except for three northern Kentucky counties which are included in the Cincinnati planning area.

The application is under review currently by HEW, and sources there have indicated federal officials might delay the designation by one month to Oct. 30 to allow time to restructure the board.

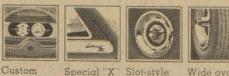

Federal funds for the agency, which plans for proper distribution of hospitals and other health services, have been cut from \$273,000 to \$259,027.

When the review is completed in 10 days, HEW is expected to say that nine sub-area councils spread throughout the 68-county area will be advisory in function, and have little actual power. Actual decision-making powers will be left to the board of governors.

Flemingsburg, Ky. "A Division of Cheap's Chevrolet Co." Only 60 minutes drive From Downtown Lexington analyst for the department, said, 'Kentucky's economy continues to improve as total employment figures rose by 11,400 in May and the number of persons unemployed dropped by 3,700. The unemployment rate of 5.6 is down three-tenths of one percent from the April rate of 5.9 and is the lowest rate since December 1974, when it was also 5.6 percent. This drop is due to continued hiring within most of Kentucky's major industries.'

The Kentucky unemployment figure is below the national unadjusted rate for May of 6.7 percent.

#### Miss Pelphrey-Mr. Gibson To Wed

### Work Contracts On Four Roads Total \$263,035

State Transportation Secretary John C. Roberts has announced three contract awards totaling nearly one-half million dollars for road surfacing projects in Eastern Kentucky.

The largest project calls for the surfacing of more than eight miles of roads in Floyd county. The successful low bidder for that contract (\$263,035) was East Kentucky Paving Corporation, of Grayson.

The Floyd county roads to be surfaced are:

-Arkansas Creek road, south from KY 80, three miles.

-Buckeye Branch road, west from KY 404 for .8 mile.

-Spurlock Creek road (KY 2030), southeast from KY 122 for 1.1 miles.

-Maytown-Garrett road (KY 777), south from KY 80 at Maytown 3.3 miles. A second contract was awarded to Walker Construction Company of Mt. Sterling on its bid of \$48,220 to surface another 2.4 miles of roads in Bath county.

The third contract went to Adams Construction Corporation, of Pikeville, which bid \$138,971 to surface 6.7 miles of Knott county roads:

—The Darfork-Sassafras Road (KY 1088), southeast and northeast from the Perry county line to Young's Fork road (CR 1226) for 3.8 miles.

—Mill Creek road from the end of the existing blacktop 2.3 miles south of KY 80 and extending on south for .6 mile.

-Big Branch-Trace Fork road (CR 1231), beginning at the end of the Army Corps of Engineers' Project 2.1 miles north of KY 15 and extending northward 2.3 miles.

All three contract awards followed a bid letting held June 3 by the state's Bureau of Highways.

TO THE EDITOR

#### Thanks Those Who Helped

I would like to take this opportunity to thank all who assisted in putting out the fire in my home on the 6th of June.

A special thanks to the two ladies and the young men who first came to my rescue. I didn't get their names during the confusion but I hope they might read the Floyd County Times and know that I appreciate all that they did.

My thanks to Richard Davis and the Prestonsburg Fire Departent, Roger Nelson, Larry Burke, John Henry Baldridge, Alton Sword, William O. Goebel, Jr., my son and sons-in-law and our mayor, William O. Goebel.

At a tragic time like this, we find all kinds of friends and good people and I wish for God to bless each one of you. Myrtle Robinson Prestonsburg, Ky.

Want Program Continued

### New Law Requires Newspaper Notice For Strip Permits

Frankfort, Ky.—Strip mine operators are required by a new law to give advance public notice of their intention to seek a permit from Kentucky's environmental agency.

Beginning June 19, the operators must have the 'legal notice' published in the newspaper of the largest circulation in the county where the proposed mine is to be opened before the application can be filed.

Officials of the state Department for Natural Resources and Environmental Protection said the new law requires publication of the notice at least 10 days, but not more than 30 days prior to filing for the permit.

A spokesmen for the Bureau of Land Resources said the action of the operators should bring citizens' comments to the forefront much sooner than under the existing law, giving the bureau

adequate opportunity to consider the remarks without delaying the issuance of permits. Robert D. Bell, secretary of the

department, told operators at a recent seminar on new legislation that the advertising of intent will help everyone.

"If there is going to be a conflict and if there has to be a resolution of a problem, it is far better to do that before we spend a lot of time reviewing permit applications. The earlier we get to the problems, the earlier we can resolve them." he said.

The secretary said his department would continue the present practice of mailing notices to landowners near the proposed mining site when it is felt an operator's notice in a weekly newspaper is not adequate.

Under the old law, according to department spokesmen, landowners normally did not learn of the application until after it had been pending for two or three weeks. The department's experience showed that comments were usually filed approximately two or three days before a permit would normally be issued. When this happened, according to the environmental agency officials, the permit issuance or denial was delayed for a considerable period beyond the date on which the department would normally have acted on the permit.

#### **Rescue Squad Called**

#### After Three Wrecks

Three calls for help have been made on the Floyd County Emergency and Rescue Squad within the last six days following highway wrecks.

The first, last Thursday, involved a trailer-tractor and a coal truck in the Katy Friend hill area of new US 23 (see photo and separate story).

Two persons were reported to the Squad as pinned in a car after a wreck Saturday morning on US 23, near the Alpike Motel, south of Allen, but they had been freed when Squad members arrived. Mrs. Pet Hall, of Prater Creek, who was reported as pulling across the highway from the Alpike, was taken to a Pikeville hospital. Arthur Crider, of

#### MAYTOWN NEWS Milford Bryant, of Langley, received word that his grandaughter, Miss Janet Jones, of Greensboro, N. C., received the honor of being chosen for Who's Who among Greensboro youth. Miss Jones is the daughter of Mr. and Mrs. John K. Jones, of Greensboro, N.C.

Mr. and Mrs. Milford Bryant had as recent dinner guests Mrs. Bryant's sisters, Mrs. John D. Potter, of Tazewell, Va., Mrs. James K. Hoskins, Pikeville, Mrs. Ann Rumler, of Lexington, and Mrs. Bryant's nephew, Robert W. Hamlin, of Huntington.

Mrs. Armina Hall, of Price, and Miss Connie Bryant, of Prestonsburg, spent several days visiting Mr. and Mrs. Milford Bryant, of Langley, recently.

Elder and Mrs. Alonzo Allen, of Milan, Ind., were overnight guests of Mr. and Mrs. Milford Bryant, recently, and they also visited Mr. and Mrs. W. B. Day while here.

Miss Bess Ratliff visited South Shore near Portsmouth, accompanying Mr. and Mrs. Frank Stewart after visiting Mr. Stewart's parents in South Shore. They spent a night in Flatwoods with friends.

BOSTON — The author of Boston's court-ordered school busing program received an honorary degree from the New England School of Law recently and was praised for his "dedication to the principle of law and order."

WDOC Radio is asking for a write-in as to whether we wish to keep the Morning Devotional Program.

My wife and I are retired and it occurs to us that there must be many old folks who can't make themselves known. Some can't write, some can't speak but nonethe-less enjoy and need this program. However, the poll of the community is made, it is dead certain that these forgotten ones won't appear in the results. Some things can't be measured in numbers, only in spiritual values. Let's keep this program.

WALT AND IDA PRITCHARD Dwale, Ky.

#### REP. WILBUR MILLS CRITICIZES REPORT

WASHINGTON — Rep. Wilbur Mills, whose bout with alcoholism cost him his committee chairmanship in the House, has criticized a report that indicated some alcoholics could take up normal drinking patterns after being treated.

"I know enough about the illness to recognize the dangers to alcoholics of any encouragement based upon so-called scientific research that would lead them to believe that there is a permanent cure for alcoholism," Mills, D-Ark., said in a statement issued by his office yesterday.

The report, prepared by the Rand Corp., said that after some alcoholics are treated, they can resume drinking alcohol with no more danger of a relapse than if they abstaned.

It was based on an 18-month study of more than 1,000 people treated for alcoholism.

Mills resigned as chairman of the House Ways and Means Committee after his well-publicized appearances with stripper Fanne Foxe in 1974. He underwent months of treatment for alcoholism in a private hospital.

He has been active in Alcoholics Anonymous, and has spoken publicly about alcohol abuse.

STANFORD SIGNS STAR SWIMMER PALO ALTO, Calif.—Kim Peyton of Portland, Ore., winner of four gold medals in swimming competition at the Pan American Games in Mexico City last fall, has signed a letter of intent to attend Stanford University Peyton, 19, was named Oregon amateur athlete of the year for 1975. She won the 100 and 200meter freestyle races at Mexico City and swam the anchor leg on the winning U.S. 400-meter freestyle and medley relay teams. Stanville, who was driving south on US 23 with his wife and four-year-old son, was said to have been hospitalized with a possible shoulder injury. Mrs. Crider was released from the hospital after examination, and their son was not injured.

The same type of situation took the Squad Tuesday morning to Midas, near Hueysville, after the auto of Everett Williams, of Wayland, traveling east on KY 80 collided with a paving machine pulled by a trailer belonging to the East Kentucky Paving Co., then hit the side of the highway bridge, and glanced off this striking a flagman's car driven by Lonnie May, of West Liberty. Both came to rest on the west end of the bridge, blocking traffic for an hour before the vehicles could be moved. Williams, who was temporarily pinned in his car, and May were taken to Our Lady of the Way Hospital, where May has been released while Williams remains hospitalized. All of the injured are expected to

### Senior Citizen News Hearing Slated **On Melvin Case**

Gov. Julian Carroll has by executive order charged Johnson County Sheriff Ray Melvin with neglect of the duties of his office and, in the same order, appointed a special commissioner to conduct a hearing in the case and make a recommendation to the governor.

Sheriff Melvin was convicted on May 4, this year, in U.S. District Court on seven counts of extortion involving bootleggers in Johnson county. He was given a fouryear prison sentence and ordered to pay a \$75,000 fine. Sheriff Melvin continues to serve as sheriff, pending outcome of an appeal from the sentence.

The Kentucky Constitution and Kentucky law provide that the governor has the responsibility and authority to remove from office peace officers who are guilty of neglect of duty.)

Gov. Carroll has appointed Eugene Mooney, a professor at the University of Kentucky College of Law, to hold a hearing into the Melvin case and make a recommendation to the governor.

The hearing will be held in mid-July in the courtroom of the Kentucky Supreme Court in the Capitol Building in Frankfort

Individuals whose affadavits were part of the Melvin trial will be required to testify in the hearing into the removal of the sheriff from office.

The Kentucky Society, Dames of the Court of Honor, met June 16 at the Imperial Ramada Inn, Lexington. Mrs. Sallye L. Clark, the president, presided. The meeting was opened with the salute to the American Flag led by Mrs. E. H. Gibson. Mrs. Ruth D. Sowards led the Pledge of Allegiance to the American Flag. The chapter presented to Mrs. Clark the book, "The Trace of Liberty," a story of Thomas Jefferson, which will be placed in the Floyd County Library in

### Mrs. Clark Presides Over

#### Dames of Court of Honor

Eugene Lewis, 78, of Wheelwright, died Monday, June 14, at McDowell Appalachian Regional Hospital following an extended illness.

Born January 1, 1898 in Birmingham, Ala., he was a son of the late William and Cora Chapman Lewis. A retired miner, employed by Inland Steel Company, he was a member of the Friendship baptist Church and of the Masonic Lodge at Wheelwright. His wife, Mrs. Julia Johnson Lewis, preceded him in death in 1966.

Survivors include a son, James W. Lewis, of Wheelwright; four daughters, Mrs. Willie Lee Blackmon, Mrs. Gertrude Tyson, and Mrs. Rosetta Terry, all of Wheelwright, and Mrs. Flora Mae Kavanaugh, of Cincinnati, O.; 20 grandchildren and 17 great-grandchildren.

Funeral services were conducted at 1 p.m. Sunday at the Friendship Baptist Church in Wheelwright by the Rev. Brice Hill. Burial was made in the Community cemetery there under direction of Merion Funeral Chapel.

#### William E. Garland

William E. Garland, 57, of Paintsville, died Wednesday evening, June 16, at Central Baptist Hospital, Lexington, following an extended illness.

A native of Staceyville, Iowa, he was born March 23, 1919, a son of the Rev. Charles R. Garland, and the late Mrs. Ida Pearl Inchum Garland. He was president of the H. B. Rice Insurance Co. and was a member of the First United Methodist Church of Paintsville.

In addition to his father, he is survived by his stepmother, Mrs. Velma Plank Garland; his widow, Mrs. Mary Grace Rice Garland; a son, William Rice Garland, of Paintsville; a daughter, Miss Rebecca Wesley Garland, of Chicago; four brothers, Dr. Charles R. Garland, Jr., of Chicago, Sidney Garland, of Paintsville, Phillip Garland, of Danville, and Paul Garland, of Statesville, N. C., and one grandchild.

Funeral rites were conducted at 2 p.m. Saturday at the First United Methodist Church of Paintsville, and burial was made in the Mayo cemetery there.

#### Walker Scott Cline

Walker Scott Cline, 59, of Prestonsburg, died Thursday, June 17, in Veterans' Hospital, Huntington, W. Va., following an extended illness.

Born November 26, 1916, he was a son of the late Allen M. and Dovie McCoy Cline. A car and mobile home salesman, he was a veteran of World War II, a Kentucky Colonel, and a member of the Baptist church. His wife, Mrs. Myrtis Whetstone Cline, preceded him in death in 1966.

Survivors include his stepmother, Mrs. Lucy Fraley Cline, of Dunbar, W. Va.; two sons, Scott and Allen Cline, both of Prestonsburg, and a half-sister, Mrs. Billie Crouch, of Dunbar.

Funeral services were conducted at 2 p.m. Sunday at the Irene Cole Memorial Baptist Church here by the Rev. W. D. Jaggers. Burial was made in the Cline cemetery on John's Creek under direction of J. H. Nunnery Funeral Home

#### Mrs. Sylvia M. Pack

Mrs. Sylvia M. Pack, who had resided at Wayland with her sister, Mrs. Monnie Hicks, for several years, died Wednesday, June 16.

She was a daughter of the late Leo and Laura Gum Murray and was the widow of James W. Pack.

In addition to her sister, she is survived by a brother, Escom Murray, of Jackson, Ohio.

#### State Police Plan Strategy To Minimize July 4 Traffic Deaths

"The long July 4th holiday could hold the promise of being the most dangerous weekend of 1976," stated Truett Ricks, Commissioner, Kentucky State Police, as he prepared for the increased traffic and certain increase in accidents.

Continuing, Ricks said, "This Bicentennial year is one filled with history and rejoicing over our great heritage as a state and nation. We have traditionally seen this holiday period leave us with the greatest number of traffic accidents, death, and injury. The Kentucky State Police will do everything in their power to prevent this from happening in 1976." Planning for the holiday period will include:

-Greatly intensified patrol on interstate highways, especially on the major routes of I-65 and I-75.

-Troopers will be scheduled so as to have maximum manpower during peak traffic hours.

-All speed timing devices, radar, aircraft, will be utilized to enforce 55 mph speed limits.

-Secondary roads will be patrolled as heavily as possible.

-State Police posts will cooperate with AAA in making known trouble spots on the various roads.

-Public Information radio spots will be used to gain the cooperation of the driver. Problems of speed, drinking, and importance of wearing seat belts will be

#### **Club Has 14th Annual Program Owens To Lecture At MSU Conference**

Joy Bible Club award winners included these four girls - from left, Angela Gayheart, Eastern; Linda Goble, Hippo; Beulah Prater, Brush Creek; Renee Adkins, Eastern.

The 14th annual Achievement program of the Joy Bible Club, of Eastern, was presented recently. Children taking part in this were from Maytown, Martin, Eastern, and surrounding communities. The room was decorated in the patriotic motif. Many of the recitations took place in a small inside rose-and-ivy garden. Tables of crafts made by members of the clubs were on display. Included among these were decoupage, woodcrafts, various wall hangings, paintings, plaques, decorative vases and the unique craft of quilling.

The program began with the girls' chorus presenting a patriotic mini travelogue. This was followed by various exercises of Bible memorization, lessons, songs and award time. The Thursday Bible Club sang songs such as, "Books of the Bible," "Children of the King," and "His Name is Wonderful". Both groups joined later with the missionary song of 'Till Every Tribe Shall Hear''. The fifth and seventh graders presented "God's Plan for the Ages" in flannelgraph.

One of the highlights of the evening was the presentation of \$150 to Mr. and Mrs. Gary Foster who are missionary candidates to the South Pacific. They are under the auspices of the United Missionary Fellowship and have been Bible Club workers in Nova Scotia. They now will be establishing fundamental Bible churches in New Zealand and teaching in a Bible college there. Their daughter Debbie sang, "I'll Tell The World That I'm a Christian", and son Greg pleased with his talk on going to New Zealand. Mr. Foster presented a missionary message and showed slides and curios of their area of service. The boys and girls of the Joy Bible Club have given support to missions around the world - to Mexico, Japan, Venezuela, Haiti, Alaska and Equador.

The boys and girls were presented awards for their achievements in Bible Club during the year. Miss Angela Gavheart won the top honor in the Tuesday Club and Miss Beulah Prater won top award in the Thursday C ib and was presented a week at Bible Camp. Miss Linda Gobel won the gold trophy cup and Miss Renee Adkins the silver cup for excellence in Bible drilling. Miss Elizabeth Halbert was given a special award for her excellent standing, and Miss Renee Adkins was presented a camp award for her fine standing in club work Partial camp awards were presented to Andrea Wicker, Linda Gobel, and Madonna Branham. Beverly Martin and Melissia Martin were honored for their excellent work as was Duke Martin, for memorization. Other awards were presented to: Sherry Waddles, Daneen Martin, Della Scarberry, Arnold Daniels, Dana Bradley, Danise Martin, Beverly Martin, Anette Martin, Mandy Colley, Connie Bentley, Mitsy Branham, Kelly Branham, Wesley Halbert, Paige Bradley, Craig Tackett, Lowell Scarberry, Susan Martin, Marie Martin, Melissia Martin and Karen Prater. Tokens of the Bible Clubbers' memory work were displayed in wall arrangements. Mrs. Pete Wicker presided at the punch bowl and Mrs. Richard Gayheart served the decorated cakes. The older Bible Clubbers served as junior hostesses.

Teachers of these Bible Clubs are Miss Barbara Wynsma and Miss Lois Homquist, of Eastern. The clubs meet weekly and will resume again in the fall. Miss Sippel and Miss Hilmentoler, of Risner, were thanked for their helpfulness. All area children are invited to attend these classes when they resume. A camp day is planned July 6 for parents and children. The Joy Bible Clubs meet in the large basement area of the home of the teachers at Eastern.

## MOREHEAD KY. - The Division of

Languages and Literature at Morehead State University will be presenting its 11th annual Linguistics Conference Wednesday, June 23, in the B. F. Reed Hall Auditorium

The day-long program will feature presentations by members of the MSU faculty as well as guests from the surrounding area.

The morning portion of the program will feature presentations by Dr. Lewis Barnes on the Nature of Proverbs and Victor Venettozzi on the Nature of Riddles. Guest-lecturers will complete the morning program with presentations by Marcus Owens, of Prestonsburg, on Elements of Appalachian Folklore; Ernie Tucker, of Ashland, on Folk Medicine; Barbara Edwards on Language Structures in Appalachian Folk Ballads, and Lionel Duff, of Hindman, on Jack Tales.

The afternoon session will include presentations by six MSU faculty members including Dr. Donald H. Cunningham on Missouri Legends, Leo Blair on Mountain Fiddling, Dr. William Hampton on Br'er Rabbit Tales, Dr. Glenn Rogers on Medieval Bestiaries and Dr. Ron Dobler and Dr. Billy Bryant on the Appalachian Dulcimer.

The conference is free and open to the public

**The Bank Offers July 4th Bonds** 

The Bank Josephine will, on request, issue Bicentennial-design Series E Savings Bonds dated July 4 to over-thecounter customers between July 1 and July 31. This special commemoration of our nation's 200th birthday will have no effect on the terms and conditions effective on the bonds.

In announcing this special opportunity, H. D. Fitzpatrick, President of the bank said, "We are extremely pleased to be able to offer everyone in this area a chance to make the purchase of Savings Bonds a truly Bicentennial event. Those bonds bearing the July 4 date will make perfect souvenirs of our birthday celebration that everyone will want to have and keep for many years to come."

Denominations of the Bicentennialdesign Series E Savings Bond range from \$25 to \$1,000, with purchase prices of \$18.75 to \$750.00. They draw six percent interest when held to a five-year maturity (41/2 the first year), and carry an automatic 10-year extension of interest beyond maturity.

#### **Park Pool Offering** Free Swim Lessons

Keith Shannon, manager at the Jenny Wiley State Park pool, announced this week that free swimming lessons will be given at the pool, begining at 7 p.m. Monday. The only charge will be admission to the pool, and the free instruction will be for adults as well as for children

### Cancer hasn't stopped 1,500,000 people from living.

They did it by not letting fear kill them. They did it by going to the doctor in time. They did it with the help of the effective methods of treatment today-surgery, radiation, chemotherapy. They did it because of the advances made through research. More than 1,500,000 Americans are living proof cancer can be cured. The American Cancer Society needs millions to save millions more Please, give more today. We want to wipe out cancer in your lifetime American Cancer Society

THE CONTRIBUTED BY THE PUBLISHER AS A PUBLIC SERVICE

UNIVERSITY OF KENTUCKY . COLLEGE OF AGRICULTURE

In life and in death, clover is perhaps one of the most valuable plants that ever grew on earth. For centuries, it has been a most important forage crop and, for ages, a special partner of bees, giving them nectar for their service in carrying its pollen. In more recent times, agricultural scientists discovered something else about clover. In partnership with underground bacteria, it adds fertility to the soil.

Pull up a clump of clover and tiny nodules or swellings can be seen on the rootlets. For all practical purposes, these nodules serve as home for "clover brownies" that extract nitrogen from the air and change its form so that the clovers can absorb it. After the clover crop has been harvested, the roots remain in the ground, their little

#### **Girl Scout News**

Junior Girl Scout Troop 65, of Auxier, has been busy this semester. Besides the regular weekly meetings, the girls have gone to Huntington, W. Va. and attended skating lessons given once or twice a week. Most of the girls are now interemediate skaters and are continuing their skating lessons at the East Point Skating Rink each Thursday evening. They have attended all the Girl Scout area activities and on Friendship Day won top awards in the Olympic games.

The scouting activities were concluded by a Potluck-Father-Daughter Banquet. This was the highlight of the year and was enjoyed by all who attended. Badges were given to the girls as reward for the hard work they had done. Folk songs were sung by Robyn Lynn Goble, and her father, Freddie L. Goble. Also the fathers were treated with songs by their daughters that they had learned during the year.

Troop 65 parents would like to thank Mrs. Eula Ferguson, leader of Troop 65, and Mrs. Brenda McKenzie, assistant leader. We appreciate your kindness and love for our children and the community. You have done an excellent job.

Auxier Troop 65 Parents

storehouses filled with nitrogen to which the soil and other plants fall heir.

In addition to enriching the soil, clover roots penetrate to great depths, protecting the land from erosion. Also, since clover foliage forms a thick carpet over the ground, it prevents or hinders evaporation, thereby conserving soil moisture. Crimson clover was once used extensively as a cover crop. Its seed was sown in the fall and the plants plowed under in the spring to add to the fertility of the soil. Crimson clover is also of aesthetic worth. One of the most beautiful sights on earth is a field of crimson clover in bloom.

Botanists say there are around 75 species of clover in the United States, and one of the most common is red clover. A peculiar thing about this particular variety is that, without the bumblebee; it could very well vanish from the earth. The red clover has such deep florets that, of all our bees, only the big bumblebee has a tongue long enough to reach the nectar. It is therefore dependent upon this large, noisy insect for the development of its seed, and it is a wise farmer who refrains from swatting the bumblebee when it whizzes around his head. It is said that some sections of the country, where the production of red clover seed was once a big business, now produce no seed at all. Something happened to the bumblebees

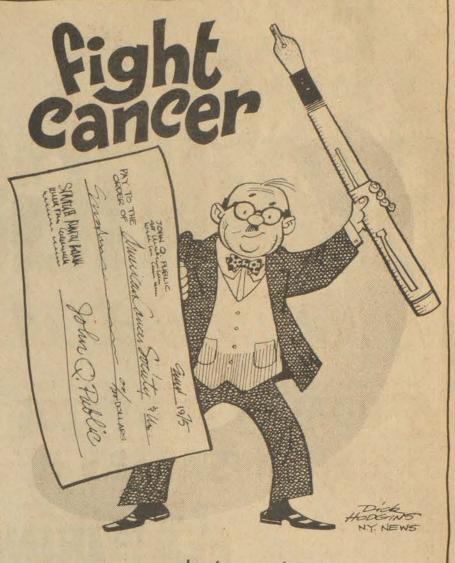

Another peculiarity of most clovers is the habit of going to sleep at night. Some botanists object to this human term that they admit to the fact that there is a sort of sleep movement wherein the compound leaves fold or close up in darkness and spread apart in daytime.

And, of course, we shouldn't forget the good luck a four-leaf clover may bring to a finder-all of which makes this product of the outdoor world a wonderful as well as valuable plant.

### **Cleary Resigns Theatre Position**

Thomas J. Cleary, Jr., recently announced his resignation from the position of managing producer for the Jenny Wiley Summer Music Theatre. Mr. Cleary, who has been three years with JWSMT, has accepted the position of vice-president of special projects with Resseguie-Lewis Associates, a public relations and advertising firm with offices and subsidiaries in New York City, Washington, D.C., and Phoenix, Arizona. Assuming the duties of general

manager for the Summer Music Theatre is Barbara Moore, of Nashville, Tenn. She served as Guest Director of the highly acclaimed 1973 JWSMT production of "1776", becoming the first woman to direct a major production at Jenny Wiley. Presently serving as executive director for Professional Artist Productions International in Nashville, she produces, directs and packages plays for dinner theatres throughout the south and southeast. She has been a television personality in the Nashville area, cohosting "The Noon Show" for nine years, plus hosting her own talk shows, "The Barbara Moore Show" and "Here's Barbara". She has worked in theatre at all levels, both professional and community and on two occasions helped organize professional theatre ensembles. Her awards include Best Actress in 1964 for her performance in "Miracle Worker", Woman of the Year in Broadcasting 1965, and Executive Woman of the Year in 1972. In his letter of resignation to Dr. Henry A. Campbell, president of the Jenny Wiley Drama Association, Mr. Cleary pointed out that only through the efforts of the Association, chartered to assist and stimulate creative activity in the theatre arts, has it been possible to sustain the high level of professionalism that has become the hallmark of the Jenny Wiley Sumer Music Theatre.

#### School of Alcohol Studies Scheduled Week of July 11-16

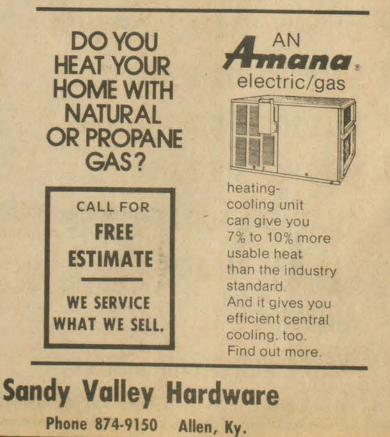

The Sixth Annual Kentucky School of Alcohol Studies will be held July 11-16 at Centre College in Danville. The school is sponsored by the Department for Human Resources in cooperation with the Kentucky Association on Alcohol Abuse and Alcoholism.

A banquet Sunday evening, July 11, will open this year's school and will feature Bill Borchert, producer of the movie "The Bill W. Story." The film is the life story of Bill Wilson, co-founder of Alcoholics Anonymous. Sunday's session is open to the public.

Nationally-known authorities in the field of alcohol abuse and alcoholism will be featured during the week's training session. Advanced and basic workshops will be offered in addition to special workshops for persons of senior high school and college age. Special emphasis will be given to the alcohol-related problems of minority groups.

Persons wishing to attend the school or to acquire additional information should contact the Kentucky Department for Human Resources, Bureau for Health Services, 275 East Main Street, Frankfort, Kentucky 40601 or call 502-564-7450. The deadline for applications to attend the week-long event is July 5, 1976.

Cook a delicious ham in 25 minutes . . baked potato in 4 minutes . . . sizzling hamburger in 1 minute! The oven is big enough for family-size recipes. children. And it's not impossible. Today there are 1,500,000 Americans. cured of cancer and living normal lives. Research found ways to cure them. And research is working to find more cures. But that takes lots of money. The American Cancer Society needs your help to support research and its other lifesaving programs.

cancer.

What wouldn't you give for a world without cancer?

American Cancer Society also initiated restoration and home when the building was destroyed by fire in November "Building the plane was the

idea of Thomas D. Criswell, a member of the Carter county school board," Clark said. Criswell had been considering Clark would like to see the such a project for some time museum built in front of the and had written Edward Peck school. "We'll need financial of Jeffersonville, Ind. who is help, but the museum is imwriting a book about Sellers. portant to this area of Eastern Peck sent detailed drawings of Kentucky because of the work Sellers did here," he said. the plane and Clark, together with students Fred Roark, Allen According to Clark, the Bailey, Steve Sparks, Tim museum would also house other Maddox and James Markham, articles of area historical in-

assembled the plane. Matthew B. Sellers, conducted most of his airplane experiments in Carter county. His mother had purchased several hundred acres of land in the area and had built a house that was given the family name, Blakemore. Sellers built a workshop and a

wind tunnel near the house. The

The historical society had experiments preceded some of those of the Wright Brothers preservation of the Sellers and he managed to fly his machine at about the same time as the Wrights. Sellers, who worked with and was acquainted with other aviation pioneers including Charles Lindbergh kept journals complete with drawings and explanations throughout his

experiments. He left Blakemore after the death of a helper and continued his work from his home in the south during the winter months and in the Baltimore area. Link Binion his assistant, was starting the propeller of the plane when he was struck and killed by the blade. His death affected Sellers so deeply that he immediately began preparing to leave Carter county. The plane, which resembles a four-wing glider, will be displayed in Olive Hill the week of July 4 for the annual Tom T. Hall Homecoming. It may also be on display at the Kentucky State Fair in Louisville.

around a single theme: Why not stock more bass? The largemouth, as most bass fishermen will point out, is the nation's number one sport fish. As a rule, serious bass fishermen spend more money on boats, motors, rods, reels,

except bass.

tackle, depth finders and other equipment than do other fishermen. And most take their sport rather seriously. So why, they ask, can't the Department stock more bass.

At first glance, stocking

BY JOHN WILLSON

wildlife's fisheries division. For one thing, a lake may already be at its carrying capacity that is, have all the bass its food

supplies or habitat can support. Bass fishermen know that every port of a lake isn't suitable for bass. These fish have rather specific habitat requirements and sometimes up to 80 percent of a lake bottom won't support bass. In a lake like this, additional stocking wnn't help since all available

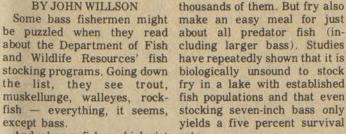

habitat already have bass. But even in lakes where stocking could increase bass populations substantially, there are other factors to consider. Pfeiffer says. And the biggest single factor is, as always, cost. "It's pretty simple to stock

frv (just-hatched fish). They don't have to be fed while they're growing up, and a stocking truck can hold

> FINANCING APPROVED FOR POSTAL SERVICE

Kentucky

Dept. of Fish and Wildlife

And when a fishery biologist rate. But the larger the fish at speaks to a bass club, the stocking, the higher the cost. question-and-answer session almost invariably revolves Pfeiffer estimates that it would cost \$25,000 - \$30,000 to stock Nolin Lake, for example, with enough seven-inch bass to double the standing crop of 15 to

21 inch bass. This estimate takes into account the costs of food and labor to raise the fish and transportation charges for the 80 trips it would take to get the 160,000 bass from the hatchery to the lake.

To stock all the major lakes in the state at the same rate would take, according to the projected figures, almost seven million dollars the first year and over a million dollars per year

thereafter. If the bass fisherman is still unconvinced, he might point out that Kentucky stocks thousands of catchable-sized rainbow trout each year. But these trout, Pfeiffer points out, are obtained free of charge from federal hatcheries and that transportation costs are paid by the

sale of trout stamps. Trout are much easier to raise and transport than are bass and other warm water fish. They can be reared under crowded conditions and tank trucks which will carry 1,000 pounds of trout will only have room for 400 pounds of bass, Pfeiffer says.

cause of a great majority of cases of baldness and exces-So all-in-all, large scale bass stockings just aren't feasible, sive hair loss, for which no method is effective. Lesley Hair Specialists cannot help Pfeiffer concludes. But this doesn't mean that the departthose who are slick bald after ment is ignoring the needs of the years of gradual hair loss. bass fisherman. There are methods other than stocking to improve fishing that we'll go into in a future article.

### **Consumer** Comments

BY ROBERT F. STEPHENS

(Attorney General) Have you ever received an offer to purchase magazines at your door or by telephone? The likelihood of such contacts will increase considerably with the coming of the summer months and it is important to know what to look for so you can act wisely in these situations.

First, be sure the salesperson you are dealing with is from a reputable firm. According to Kentucky law, the solicitor must show a registration receipt issued by the county clerk's office which authorizes the salesperson to sell subscriptions in your county. If the solicitor is offering to sell by phone, the number of the registration receipt must be given. Any subscription contract you make shall be void and unenforceable at your option if the solicitor does not comply with this requirement of Kentucky law.

You should do business only on the basis of a written contract since the terms of the sale will then be in black and white before you sign your name. Be sure, however, that you carefully read and completely understand the contract before signing it.

One important thing to look for in the contract is a statement of your right to cancel within three business is frequently disregarded by FOR AMTRAK

agreement. As you might expect, their version of the agreement often differs greatly from yours. You are then asked to pay much more than you thought for magazines you do not want. Don't be forced into buying anything by gimmicks of this type. Make the company show you the contract you signed. When signing any sub-

you ordered over the telephone.

They may also state that they

have a tape recording of your

scription contract, request a clear copy that contains all the information upon which the transaction was based. In the event of a problem with the sale, a written agreement will save you both time and trouble. To quote an old saying, "An ounce of prevention is worth a pound of coure."

If you have a consumer complaint, write to the Attorney General's Division of Consumer Protection, Room 34, The Capitol, Frankfort, Kentucky 40601. The office has found that it can deal most effectively with written complaints and encourages you to write when you have a complaint. However, if you have an emergency situation, call the consumer hotline. The number is 1-800-372-2960

WAYNE T. RUTHERFORD Pike County Judge Date: June 16, 1976 6-16-3t

**Announce Engagement** 

Mr. and Mrs. Cleveland Duty, of East Point, announce the engagement and forthcoming marriage of their daughter, Carolyn, to Russell Hamilton, son of Mr. and Mrs. Virgil Hamilton, of Mullins Addition

Miss Duty graduated from Prestonsburg Community College where she received her associate degree in nursing. She is presently employed at Paintsville Hospital.

Mr. Hamilton is a graduate of Eastern Kentucky University where he received his B.A. degree in business administration. He is associated with Old Republic Insurance Agency, Pikeville. The wedding will be solemnized at 2:30 p.m., Saturday, July 3 at the Auxier Free Will Baptist Church. The gracious custom of open church will be observed.

#### **Homemakers** Attend **Cultural Arts Camp**

Sixteen Floyd county Homemakers attended the fourth annual Homemakers' Cultural Arts Camp held recently at the Irish Acres 4-H Center, near Ashland. While there the homemakers participated in classes, learning to do new cultural art projects. They also attended a program in flower arrangement.

Those attending were Helen Boyd, Trilby May, Thelma Hicks, Alta Gibson, Alice Hayes, Eleanor Horn, Peg Hewlett, Ola Mae Colvin, Anna L. Watts, Otelia Smiley, Dorothy Harris, Grace Derossett, Rhoda Brickley, Priscella Hager, Ora Bussey, Emodel Boyd, and frances Pitts.

**Times Want Ads Get Results!** 

#### The Floyd County Times

#### **ALLEN COMMUNITY NEWS**

The Allen Baptist Women met Monday evening at the home of Mrs. Sarah Laven. The meeting was opened by the president, Sarah Laven, who read the poem, "The Kneeling Heart". Prayer was offered by Mrs. Pearl Watts. After the business session and reports from committees on progress and accomplishments, Mission Support Chairwoman Berniece Porter and Co-Chairwoman, Ruby Imes, along with Mrs. Judy Short, had an interesting program on prayer. Each member present was participant in the program. Mrs. Laven served refreshments to Gertrude Clay, Alta Malone, Berniece Porter, Shirley Williamson, Mary Ann Hall, Judy Short, Ruby Imes, Pearl Watts, Rosemary Frasure, Dorothy Harris, and guest, Ramona Hall.

Mr. and Mrs. Harry Martin and Miss Elinor Martin spent some time last week visiting their daughter, Mrs. Kenneth Parson, Mr. Parson and children at Miamisburg, Ohio. They also enjoyed attending the Lawrence Welk show at Daytona Arena and visiting places of interest.

Mr. and Mrs. Jeff Damron, Mr. and Mrs. Robert Damron and family and Mrs. Glenn Heinish have returned home after a vacation spent in Florida, where they also visited Disney World.

Mr. and Mrs. Joe Clark spent last Sunday evening at Cynthiana, where they heard their daughter, Miss Donna Sue Clark, sing with the group, "God's Looking Glass.

Mrs. J. Frank Preston and Mrs. Eulavene Conn, both members of the Betsy Layne High School faculty who retired this year, were honored by the high school faculty with a dinner at the lunchroom. The faculty also presented each an engraved silver tray and a silver bracelet

Miss Sherri Sellards, bride-elect of Earl Cline, was the honoree at a shower given at the Allen Baptist Church, June 18. Miss Sellards received many gifts. Hostesses for the occasion were Mrs. Lonnie Stapleton, Mrs. Jo Ann Click, Mrs. James W. Sellards, Mrs. Bill Woods, Jr., Mrs. Larry Slone, Miss Nncy Stephens, Mrs. William Sester, Miss Teresa Cline, Mrs. Milford Tackett, Mrs. Carl R. Sellards, Mrs. William Sloan, Mrs. Rueben Stephens, Mrs. Gene Davis, Mrs. Leo Rice, and Mrs. Jerry Frost.

Mr. and Mrs. Tommy Westfall, Jr., were hosts to a cook-out at their home Friday evening. Guests were Mr. and Mrs. Joe Ratliff and son, Mary Lynn and Mark Westfall, of Stanville, and Mrs. Ben Westfall.

Mrs. Eula Spurlock and grandson, Patrick, of Springfield, Ohio, are here spending several days with her parents, Mr. and Mrs. Felix Crisp.

Mr. and Mrs. O. B. Crisp spent Wednesday through Saturday attending an oil and gas convention in Lexington. They also visited their daughter, Mrs. Joe Larry Vaughan, Mr. Vaughan, Larry, Phillip and Marty, while there.

Mr. and Mrs. Tommy May and daughters, Vickie and Connie, spent the week-end in Lexington.

The Allen United Methodist Women enjoyed a cookout at the home of Mrs. Kay Lemaster, June 15. After the cookout and fellowship, a business meeting was held with the president, Mrs. Maude Snodgrass, presiding. She opened the meeting with a poem from Guideposts, "The Me I Want To Be." She also reminded the group of the mission school which was announced last month, and reported that materials for tables for the basement had been ordered, and would be built by the men of the church. Mrs. Snodgrass was also in charge of the program which included several quotations of scripture, and a story from Guideposts entitled, "God, Send Someone," a true story of how God answers prayers. Mrs. Jerry Martin read several poems written by Mrs. Ruby Holt Carter, Carl Martin's grandmother. One written on her 87th birthday was entitled, "Life's Journey." Those enjoying the eveing were Jerry Martin, Edna Mae Callison, Tincy Crisp, Karen Marcum, Kay Gray, Bonnie Spencer, Jewel Allen, Maude Snodgrass, Margaret Marcum, Elizabeth Bailey, and Kay Lemaster.

Wiley State Park and a day at the Breaks of the Mountains.

Dinner guests of Mr. and Mrs. J. Frank Preston last Sunday at Borders Chapel were Mrs. Howard H. Moore, Louisa, Mr. and Mrs. Howard F. Moore, Ashland, Thurman Sellards, Jr., Mr. and Mrs. Ray Crisp, Tim and Nancy Jo, Mike Dixon, of David, Mr. and Mrs. Ray Brackett, Stephen and Laura.

Joe David Martin, of Lexington, was here this week-end to visit his mother, Mrs. Wesley N. Martin.

Mr. and Mrs. Kenneth Conn and family, of Covington, are here visiting her parents, Mr. and Mrs. Troy Hall, and his mother, Mrs. Goldia Conn, of Dana. Mr. and Mrs. Donald A. Willis and sons, Donald and Ronald, were called Sunday to Indiana by the death of his aunt, Mrs. Ivy Loveles.

Sympathy is extended to the family of Mr. and Mrs. Ottis Spurlock, whose little granddaughter passed away in Michigan last week. Mr. and Mrs. Spurlock are former residents of Allen.

Mr. and Mrs. Troy Beverly and son, Tim, Mr. and Mrs. Jack Webb and children, of Langley, Mr. and Mrs. Jerry Price, Lexington, and Mr. and Mrs. Chester Porter were recent dinner guests of Clyde Beverly, of Steele's Creek.

Mr. and Mrs. Leeman Bevins and children, Sandy and Ricky, have returned home after spending their vacation in Florida.

12 MONTHS OR 12,000 MILES

MECHANICAL INSURANCE COVERAGE

FOR USED CAR BUYERS

FOR PEOPLE

Pick any of the used car buys listed in this ad, and you can buy Mechanical Insurance Coverage which protects against the cost (subject to a \$25 deductible) of repair and replacement of specified major parts for 12 months or 12,000 miles, whichever comes first. In addition, car rental reimbursement coverage can be included, a provision you'll appreciate in the event your vehicle is laid up at least one night for repairs of parts covered by the policy. So come in and let us show you how you can sign away the cost (subject to a \$25 deductible) of most major mechanical repairs on a quality used car

#### CHECK THESE USED CAR BUYS ALL ELIGIBLE FOR MECHANICAL **INSURANCE COVERAGE 1974 CHEVROLET LAGUNA S-3**

### 200 years at the same location.

Choose a special Bicentennial souvenir that earns money.

Come in any time during the month of July for your Independence Day Savings Bonds. You can buy them in denominations ranging from \$25 (on sale for \$18.75) to \$1,000 (purchase price, \$750).

These special-design Bonds feature vignettes from America's history, and will only be on sale during the Bicentennial period. They're truly "Collector's Items You Can Collect On," and they make great gifts for every occasion!

So be sure to stop in during July for your Independence Day Savings Bond!

### **Music Theatre Among Park Attractions**

It's music theatre time again at Jenny Wiley State Resort Park, and it's always time to plan a visit to one of the most beautiful parks in the state park system. Jenny Wiley Summer Music Theatre opens the season June 30 with "1776" and follows with three other outstanding musical productions. "1776" closes July 11 with "South Pacific" playing July 14 -Aug. 1, "Show Boat" Aug. 4 - Aug. 15 and "Grass Harp" each Friday night during the season starting July 16.

Jenny Wiley's amphitheater is located in a wooded cove with wildflowers and green hills adding to the setting. The

stage and buildings are behind a large parking area near the rebuilt boat dock. "Of course, boating is a popular feature of the park," commented park Superintendent Lowell Baker, "but we

### **Daniel Boone Forest ORV** Plan Approved

The interim off-road vehicle (ORV) where conflicts exist. Areas, roads and plan for the Daniel Boone National Forest has been approved by Richard H. Wengert, the forest's supervisor. The plan will be used to manage ORV use in the 648,000-acre national forest until comprehensive unit plans are completed by 1985.

Wengert's approval comes after more than a year of public participation and staff work in the plan's preparation. It recognizes ORV's as a public use of the forest and seeks to minimize conflicts between the vehicles, and the environment and other users.

The interim plan will permit continued ORV use throughout the forest except

"Believe you can-and you can!"

These are very difficult words to belive when the future looks impossible. How unbelievable they may appear-they are true.

The man who held the record for running a mile-held it for 37 years. "He is the fastest man alive," everyone said. One day a young man by the name of Roger Bannister broke the record. He cut almost 11 seconds off the record, and ran the mile in 4 minutes flat. Why? Because he believed he could. Even Bannister's record has been brokenand it will continue to be broken, because there is always someone who believes he can do it. This is true in most every facet of life. Believe in yourself, your family, your friend-and you will see the records broken through your faith.

tertainment that appeals to the entire family.

The superintendent said the musical productions attracted many visitors in the summer and pointed out that hiking lakeside trails and participating in swimming and activities are simple pleasures guests enjoy.

Those who come to camp and take in entertainment will find a new camp area of 128 sites with electricity and water service. Park cottages also have been renovated.

In addition to a regular golf course, a miniture golf course has been completed.

"We have new facilities in many areas," said Baker, "and have improved others." He pointed out that the new boat dock and slips will be welcome news to the many boaters on Dewey Lake.

As with most state-maintained parks, reservations are heavy, but Baker suggests that those wanting a room, cottage or campsite call the park. "We still have a few available through the summer, but they are few and they're staggered. Still, some have to cancel at the last minute, so it might pay to call." Jenny Wiley State Resort Park offers

excellently prepared food in its large dining room plus other services. The park is easily accessible from the Mountain Parkway.

Besides meeting state laws, each ORV must have a properly installed muffler and spark arrestor.

The standards in the interim plan will be used during the comprehensive planning of each of the forest's 10 units. Specific areas of fragile soils, endangered plant or wildlife communities and other conflicts in uses will be identified.

The forest supervisor will determine what actions should be taken to manage the conflicts and incorporate them as part of each unit's 10-year management plan

The U. S. Forest Service offers equal opportunity in all programs without regard to race, color, religion, sex, age or national origin.

Section Three, Page Six

In the words of University of Kentucky garden specialists, good gardens and good management go hand in hand. Good gardens require almost daily care. Insects and diseases, weeds and ripening of the vegetables can get out of hand with surprising speed. Therefore, good management practices will usually result in better gardens with much less work. Here, according to UK Extension vegetable specialist C. R. Roberts, are some things to do to make your gardening easier and more fruitful.

One very important practice is cultivation. The main reason for this task is weed control. Weeds rob vegetable plants of water, nutrients, space and light. Also, soil in a loose condition aids in catching rainfall and retaining moisture. But don't cultivate too deeply. Most vegetable crops are shallow-rooted and cultivation should be only deep enough and often enough to control weeds. Deep cultivation can greatly reduce yields.

Lack of soil moisture is one of the most common causes of garden failure. Vegetable crops do best when they get about one inch of water each week. If water is available in time of drought, the soil should be soaked thoroughly each week. Contrary to popular opinion, watering in late evening is not wise because plant diseases start and spread more rapidly on wet leaves. Something else to remember: light, frequent waterings will do little, if any, good.

Insect and disease control is another important garden practice. Disease control involves the use of resistant varieties and disease-free seed; crop rotation; control of insects that spread disease; and the removal and destructionof diseased plants. Insect control depends on weed control, the burning of plant refuse in the fall and the use of insecticides.

The use of mulch such as straw, lawn clippings, dead leaves or sawdust will make gardening easier by keeping down weeds. Mulch will also conserve moisture, prevent erosion and make for cleaner vegetables. Black plastic sheeting has proven highly effective as mulch, but it should be applied around the plants in early spring before the soil dries out.

It goes without saying that a good garden requires plenty of plant nutrients and most gardeners apply plant foods at the time of planting. However, longseason garden crops-such as eggplants, muskmelons, tomatoes, peppers, cucumbers and cantalopes-have their greatest need for plant food when they are in full growth and producing fruit. Unless enough plant nutrients have been provided, these plants will not be able to develop their fruits to a satisfactory size and maintain normal growth. To provide this extra vigor needed, at the last cultivation apply a quart of complete fertilizer, such as 8-8-8 or 10-10-10, per 50 feet of row. Work these fertilizers into the

Mr. and Mrs. Charles Truman Robinson, of Allen, formerly of Pikeville, announce the engagement and forthcoming marriage of their daughter, Deanna, to Mr. Ernest Richard Wells, son of Mrs. Ernestine Wells, of Auxier, and the late Chester Wells.

Both graduated from Prestonsburg High School and attended Prestonsburg Community College. Mr. Wells also attended Mayo Vocational School. A fall wedding is planned.

#### Denied Commission Because of Illness, Cadet Finds Friend

When Rep. Carl Perkins, D-Seventh, turned on the network television news one recent evening, he heard the saga of Cadet Peter Burke, a recent graduate of the West Point Miliary Academy.

Burke was denied the U. S. Army commission West Point graduates get because he suffered from Hodgkin's disease, a form of cancer. But the disease, first recognized in Burke's early days at the academy, had been controlled and the cadet finished his four years at the academy.

Perkins, who said he doesn't know Burke or his family, was moved by the story to introduce legislation urging that the Army grant Burke a commission as a second lieutenant.

"I believe he has been poorly used and badly treated by the Department of Defense and the academy," Perkins told his House colleagues the day after he saw the newscast. "The Congress, the country and certainly Cadet Burke need a straight answer from someone in authority as to why he was permitted to proceed with his studies if he was not to receive a commission."

### **PUBLIC NOTICE**

The regular July monthly meeting of the Floyd County Board of Education will be held at the Administrative office building of the Floyd County Schools on Arnold Avenue, Thursday, July 1, 1976 at 7 p.m.

THE GENERAL PUBLIC IS HEREBY ADVISED THAT HEREAFTER ALL REGULAR MONTHLY MEETINGS OF THE FLOYD COUNTY BOARD OF EDUCATION WILL BE HELD THE FIRST WED-NESDAY OF EACH MONTH, BEGINNING AUGUST 1, 1976 AT 7 P.M. AT THE SAME LOCATION.

All persons and parties having business to present to the Board for its consideration are duly notified.

#### CUBAN WITHDRAWAL STARTED IN ANGOLA, SOVIETS REPORT

MOSCOW—Cuban troops have begun to leave Angola, an authoritative Soviet commentator told Russian television audiences recently.

The statement by Yuri Zhukov, who normally writes for Pravda, the Communist Party newspaper, was the first Soviet comment on the Cuban withdrawal report earlier by Cuban Premier Fidel Castro in a letter to Swedish Prime Minister Olof Palme.

Zhukov's statement came while Angolan Prime Minister Lopo do Nascimento toured the Soviet Union on an official state visit.

#### **Of Historic Powell County Land** The Nature Conservancy, a nonprofit

conservation organization, announced Monday its plans to purchase approximately 320 acres in Powell county, Kentucky, of significant historic and geologic value.

Known locally as Pilot Knob, this exposed rock escarpment is the spot from which Daniel Boone is believed to have first seen the land of Central Kentucky. Rising 1,446 feet above sea level and approximately 730 feet above the Outer Bluegrass, Pilot Knob is a unique part of the extreme western edge of the Cumberland Plateau.

From the point of Pilot Knob there is an unobstructed view of the Bluegrass region, the Knob region, and the Pottsville Escarpment. Winchester, Mount Sterling, and the high rise buildings of Eastern Kentucky University in Richmond can be seen from the peak on a clear day.

The Pilot Knob area is rich in study material for botanists, geologists, and ornithologists as well as a unique combination of soil and rocks notable for an unusual abundance of certain wildflowers

Pilot Knob is reached from Lexington by taking Interstate 64 and the Mountain Parkway. Journeying southeast on this tollroad, Pilot Knob is best seen on the left after passing the 13-mile marker. It is about four miles northwest of Clay City.

June 7 was designated Boone Day more than a century ago by the Kentucky Historical Society. On that date in 1769, Daniel Boone and his companions climbed to the top of Pilot Knob and first laid eyes on the level land now known as Central Kentucky.

This is an area of "firsts": the site of the first merchant's store, the site of the first recorded Indian fight in Kentucky, the site of an early camp of white settlers, and the first field of Bluegrass. The first book brought into and read in Kentucky accompanied the Boone party on this initial trip.

Plans announced by The Nature Conservancy, involve purchase of the Pilot Knob property from Miss Ella Stone Spencer and her family. The preserve will be known as the Spencer-Morton Memorial Preserve. The Kentucky Chapter of the Conservancy has begun its fundraising drive to reimburse the national organization, according to Chapter Chairman Bruce Poundstone, of Lexington.

Contributions should be sent to Dr. Ray Hammond, Treasurer of the Pilot Knob Project, in care of the Division of Science, Centre College, Danville, Kentucky 40222. Checks should be made payable to The Nature Conservancy and contributions are tax deductible.

In today's announcement, Riesley Jones, Conservancy vice-president for the Southeastern Region, said, "The Nature Conservancy has a commitment to preserve and protect important natural areas. Working with our Kentucky Chapter, we plan to bring the full resources of the Conservancy staff and members together to preserve and protect Pilot Knob. Nothing could be more fitting on Boone Day here in Kentucky, and especially during our bicentennial year, than to undertake a positive program of protection and preservation of this unique natural and historic area." As one of 31 Conservancy chapters across the country, the Kentucky Chapter will be in charge of the management and protection of the Pilot Knob preserve in conjunction with the Southeast Regional Office in Atlanta. Management plans for the area will keep the property in its natural state in perpetuity but will allow access for use as an educational and historic interpretive area The Nature Conservancy has been exceptionally successful in its attempt to acquire natural areas over the past 25 years. To date, nearly 925,000 acres have been preserved through the direct or indirect involvement of the Conservancy in over 1,600 projects. conservation As a national organization which receives its support from the public, The Nature Conservancy's objective is to preserve and protect ecologically and environmentally significant land and the diversity of life which it supports. To achieve this goal, the Conservancy purchases lands using its revolving fund which is then replenished through fundraising; accepts gifts of land; retains and provides stewardship for 60 per cent of all projects; works with local, state, and federal governments to identify and protect important natural areas; and acquires and manages land in advance of government agencies' ability to do so. member-governed nonprofit A organization, The Nature Conservancy was incorporated in 1951 in the District of Columbia for scientific and educational purposes. National headquarters for the Conservancy are located in metropolitan Washington, D. C., with regional offices in Atlanta, Boston, San Francisco, and Minneapolis. The headquarters for the Kentucky Chapter are located at 130 Hamilton Park, Lexington, Kentucky 40504

For further information on The Nature Conservancy on the Pilot Knob Project, contact the Chairman of the Kentucky Chapter, Mr. Bruce Poundstone, at (606) 255-6555

### WANT RESULTS? **USE TIMES WANT ADS!**

minimum deposit of \$250.00 to be paid at the time of sale, the following described property to-wit:

Those certain tracts or parcels of land lying and being on the waters of Trace Branch in Floyd County, Kentucky and being more particularly described as follows:

#### Tract No. I

Beginning at road and across Trace Branch and across the bottom to a planted stone with J. Hunter's line down the branch with J. Hunter's line to a planted stone thence up the hill John Hunter's line 43 feet to a planted stone; thence a west course with the fence 297 feet to a sycamore bush, thence back across bottom to branch thence on to County Road about 104 feet thence down road to the beginning. (Previously conveyed to Benjamine Hunter to Walker Hunter by deed dated December 18, 1963, and recorded in Deed Book 200, page 82 in the office of the Floyd County Court Clerk).

#### Tract No. II

Beginning at mouth of drain at main Trace Branch and running up said drain to a stake; thence a westerly course as the fence runs now, to box elder near Hime Carrell's line, thence continuing a straight line to said Hime Carrell's line thence running down the hill with said Hime Carrell's line to the main tract branch; thence running with center of said Trace Branch to the beginning, and containing one acre, more or less. (Previously conveyed by Benjamin Hunter to Curtis Tackett and Nancy Tackett by deed dated March 4, 1964, and recorded in Deed Book 156, page 181, in the office of the Floyd County Court Clerk's Office. The foregoing tract of land was conveyed to Benjamin Hunter by John Hunter by deed dated April 18, 1921, recorded in Deed Book 81, page 91 in the office of the Floyd County Court Clerk.)

This property is being sold to settle the estate of the late Benjamin Hunter and the costs of this action, including costs of advertising of this sale and the fees and commissions for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 21st day of June 1976

#### **ORDINANCE NO. 7-76**

City of Prestonsburg, Kentucky AN ORDINANCE OF THE CITY OF PRESTONSBURG, KENTUCKY, AUTHORIZING AND PROVIDING FOR THE ISSUANCE AND SALE OF ONE HUNDRED FIFTY THOUSAND DOLLARS (\$150,000) PRINCIPAL AMOUNT OF "CITY OF PRESTON-SBURG WATER, SEWER AND NATURAL GAS SYSTEM REVENUE BONDS, SERIES OF 1976," TO BE DATED UPON THE DELIVERY THEREOF, UNDER THE PROVISIONS OF SECTIONS 58.010 TO 58.140, IN-CLUSIVE, OF THE KENTUCKY REVISED STATUTES, FOR THE PURPOSE OF PAYING THE COST OF CONSTRUCTING EXTENSIONS, ADDITIONS AND IMPROVEMENTS TO THE MUNICIPAL COMBINED AND CONSOLIDATED WATER, SEWER AND NATURAL GAS SYSTEM OF SAID CITY: SUBJECT TO THE VESTED **RIGHTS AND PRIORITIES EXISTING** IN FAVOR OF THE HOLDERS OF CERTAIN OUTSTANDING BONDS CONSTITUTING PRIOR EN-CUMBRANCES AGAINST CERTAIN **REVENUES, AS HEREIN SET FORTH** AND ACKNOWLEDGED; SETTING FORTH THE TERMS AND CON-DITIONS UPON WHICH SAID \$150,000 OF BONDS ARE TO BE AND MAY BE ISSUED AND OUTSTANDING; PROVIDING FOR THE COLLECTION, SEGREGATION AND DISTRIBUTION OF THE REVENUES OF SAID COM-BINED AND CONSOLIDATED SYSTEM (AFTER COMPLYING WITH ALL CONTRACTUAL OBLIGATIONS INCIDENT TO THE AFORESAID OUTSTANDING BONDS): AND PROVIDING FOR AN ADVERTISED, PUBLIC, COMPETITIVE SALE OF THE BONDS HEREIN AUTHORIZED.

WHEREAS, the municipal water system, the municipal sewer system and the municipal natural gas system supplying water, sewer and natural gas services, respectively, in and to the City of Prestonsburg, in Floyd County, Kentucky, are owned and operated by said City, and in that connection, said City presently has outstanding certain Bonds of said City, which, by their terms, and by the terms and provisions of the Ordinances pursuant to which the same were issued, are payable from the revenues of the combined and consolidated water and sewer system, or of the combined and consolidated water, sewer and natural gas system, as indicated by the names of the respective Bonds, as follows:

\$396,000 principal amount of "City of Prestonsburg Water and Sewer Revenue Refunding Bonds," dated November 1, 1962 (the "Bonds of 1962" or the "1962 Bonds"), of an original issue of \$623,000 principal amount of Bonds; and

\$559,000 principal amount of "City of Prestonsburg Water, Sewer and Natural Gas System Revenue Bonds," dated November 1, 1963 (the "Bonds of 1963" or the "1963 Bonds"), of an original issue of \$586,000 principal amount of said Bonds;

AND WHEREAS, said municipal water and sewer systems were ordered by the Ordinance authorizing certain Bonds of 1956 (the City of Prestonsburg Water and Sewer Revenue Bonds, dated November 1, 1956) to be combined and

WHEREAS, it is the desire and intent of the City Council of the City that provision be made in this Ordinance for the issuance of \$150,000 of additional Bonds, to be designated as "City of Prestonsburg Water, Sewer and Natural Gas System Revenue Bonds, Series of 1976," to be dated upon the issuance and delivery thereof, for the purpose of providing funds to defray the cost, not otherwise provided, of constructing certain extensions, additions and improvements to the said combined and consolidated Water, Sewer and Natural Gas System, to the extent and in the manner contemplated and recommended in the reports of Howard K. Bell, Consulting Engineers, Inc., Lexington, Kentucky, now on file with the City Clerk of said City, and subsequently approved by the Farmers Home Administration of the United States Department of

Agriculture; and WHEREAS, under the provisions of Sections 58.010 through 58.140, inclusive, of the Kentucky Revised Statutes, said City is authorized to issue such proposed Bonds to finance the cost, not otherwise provided, of said proposed construction as extensions, additions and improvements to said combined and consolidated public project; and

WHEREAS, construction and installation of the aforesaid extensions, additions and improvements are to be, or may be, undertaken through interim financing arranged by the City in contemplation of the receipt by the City of the proceeds of the Bonds of 1976 herein authorized.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PRESTONSBURG, KENTUCKY, DOES ORDAIN, AS FOLLOWS:

Section 1. Definitions. As used in this Ordinance, unless the context requires otherwise:

(1) The "City" refers to the City of Prestonsburg, Kentucky;

(2) "City Council" means the City Council of the City of Prestonsburg, Kentucky, or such other body as shall be the governing body of said City under the laws of Kentucky at any given time;

(3) The terms "public project," or "Water, Sewer and Natural Gas System," or "System," shall be used synonymously in this Ordinance and shall be deemed to refer to the existing municipal water system of the City, the existing municipal sewer system of the City, and the existing municipal natural gas system of the City, which systems have heretofore been ordered to be (and have been) combined and consolidated and operated as a single, combined and consolidated revenue-producing municipal Water, Sewer and Natural Gas System, together with all future extensions, additions and improvements to said System and-or to any part of same;

(4) The terms "construction project" or "1976 project" shall be deemed to refer specifically to the construction of extensions, additions and improvements to the existing municipal combined and consolidated public Water, Sewer and Natural Gas System, as contemplated and recommended in the aforesaid reports of the Engineers, the cost of which construction project, not otherwise provided, is being financed by the Bonds authorized herein;

(5) "1956 Bonds" or "Bonds of 1956" shall be used synonymously in this Ordinance and shall be deemed to refer to the City of Prestonsburg Water and Sewer Revenue Bonds, dated November 1, 1956, as authorized by Ordinance of the City Council of said City, adopted on October 24, 1956, and which Bonds of 1956 have now been retired; (6) The term "1956 Bond Ordinance" refers to the Ordinance of the City Council of the City, adopted on October 24, 1956, authorizing the issuance of the Bonds of 1956, certain provisions of which are still controlling, notwithstanding complete retirement of all of the Bonds of 1956 (7) "1962 Bonds" or "Bonds of 1962" shall be used synonymously in this Ordinance and shall be deemed to refer to the outstanding City of Prestonsburg Water and Sewer Revenue Refunding Bonds, dated November 1, 1962, as authorized by Ordinance of the City Council of said City, adopted on October 15. 1963: (8) The term "1962 Bond Ordinance" refers to the Ordinance of the City Council of the City duly adopted on October 15, 1963, authorizing the issuance of the Bonds of 1962; (9) "1963 Bonds" or "Bonds of 1963" shall be used synonymously in this Ordinance and shall be deemed to refer to the outstanding City of Prestonsburg Water, Sewer and Natural Gas System Revenue Bonds of 1963, dated November 1, 1963, as authorized by Ordinance of the City Council of said City, adopted on April 21, 1964; (10) The term "1963 Bond Ordinance" refers to the Ordinance of the City Council of the City, adopted on April 21, 1964, authorizing the issuance of the Bonds of 1963; (11) "1969 Bonds" or "Bonds of 1969" are used synonymously in this Ordinance, and refer to "City of Prestonsburg Water, Sewer and Natural Gas System Revenue Bonds, Series of 1969," dated February 1, 1969, as authorized by an Ordinance of said City adopted on April 17, 1969; (12) The term "1969 Bond Ordinance" refers to the Ordinance adopted by the City Council of the City on April 17, 1969, authorizing issuance of the Bonds of 1969; (13) The term ''1974 Bonds'' or ''Bonds of 1974" are used synonymously in this Ordinance, and refer to the City's 'Water, Sewer and Natural Gas System Revenue Bonds, Series of 1974," dated June 27, 1975, as authorized by an Ordinance of said City adopted on June 6, (14) The term "1974 Ordinance" refers to the Ordinance adopted on June 6, 1974, authorizing issuance of the 1974 Bonds; (15) The term "previously issued

Bonds" refers to any and all of said outstanding Bonds of 1962, 1963, 1969 and 1974 (16) The term "previous Bond Ordinances" refers to said 1956, 1962, 1963.

1969 and 1974 Bond Ordinances, or to any of same as the context may require; (17) The terms "the Bonds," or "these

Bonds," or "the Bonds of 1976," or "1976 Bonds" shall be used synonymously in this Ordinance and refer to any or all of the \$150,000 of Bonds of the issue herein authorized, of the City of Prestonsburg Water, Sewer and Natural Gas System Revenue Bonds, Series of 1976;

(18) The term "1976 Bond Ordinance" refers to this Ordinance authorizing said \$150,000 of 1976 Bonds;

(19) The term "1956 Revenue Fund' refers to the "City of Prestonsburg Water and Sewer Revenue Fund of 1956' created in Section 8 of the 1956 Bond Ordinance, re-affirmed in Section 13 of the 1963 Bond Ordinance, again reaffirmed in Section 17 of the 1969 Bond Ordinance, and again re-affirmed in Section 17 of the 1974 Ordinance;

(20) The terms "Sinking Fund of 1956" and "1956 Bond Fund" refer to the "City of Prestonsburg Water and Sewer Revenue Bond and Interest Redemption Fund of 1956" created in the 1956 Bond Ordinance for the retirement of the Bonds of 1956 and re-affirmed in the 1962, 1963, 1969 and 1974 Bond Ordinances:

(21) The term "1956 Depreciation Fund" refers to the "Water and Sewer Depreciation Fund of 1956" created in the 1956 Bond Ordinance and re-affirmed in the 1962, 1963, 1969 and 1974 Bond Ordinances

(22) The term "1956 Operation and Maintenance Fund" refers to the "City of Prestonsburg Waterworks and Sewer Operation and Maintenance Fund of 1956" created in the 1956 Bond Ordinance and re-affirmed in the 1962, 1963, 1969 and 1974 Bond Ordinances:

(23) The term "Bond and Interest Fund of 1963" refers to the "Bond and Interest Fund of 1963" created in Section 13 of the 1963 Bond Ordinance for the purpose of providing for the principal and interest requirements on the Bonds of 1963;

(24) The term "Sinking Fund Reserve of 1963" refers to the Debt Service Reserve constituting a portion of the Bond and Interest Fund of 1963, created in Section 13 of the 1963 Bond Ordinance;

(25) The terms "Revenue Fund of 1969," "Sinking Fund of 1969," "Sinking Fund Reserve of 1969," "City of Prestonsburg 1969 Bond and Interest Payment Account," and "Depreciation Fund of 1969' shall be deemed to refer to such Funds and Accounts as created in Section 18 of the 1969 Bond Ordinance;

(26) "Fiscal Agent" means such Fiscal Agent as the Farmers Home Administration of the U.S. Department of Agriculture may designate as the place of payment of principal and interest installments due on a Fully Registered Installment Bond representing all or a part of the 1976 Bonds of the City payable to said Administration, as provided herein

(27) "Engineer" or "Engineers" means the engineers (or one of them) prepared the plans and who specifications for the construction of said 1976 project, and who will supervise the construction thereof, and shall be deemed to refer to Howard K. Bell,

plural as well as the singular number unless the context shall otherwise indicate. The term "bondholder" means and contemplates, unless the context otherwise indicates, the holder of the Bonds (and-or coupons) at the time issued and outstanding hereunder, or any of them, and shall be deemed to include the Registered Owner of a Fully Registered Bond provided for herein.

Section 2. Recognition and Confirmation of Prior Liens, Pledges and Security. The City of Prestonsburg hereby expressly recognizes and acknowledges:

(a) That the City has previously created for the benefit of the owners and the holders of the aforesaid Bonds of 1962, certain liens, pledges and security rights relating to the combined and consolidated municipal Water and Sewer System of the City, all as set forth in said Bonds of 1962 and in the 1956 Bond Ordinance and the 1962 Bond Ordinance; (b) That the City has previously created for the benefit and protection of the owners and the holders of the aforesaid Bonds of 1963, certain liens, pledges and security rights relating to the combined and consolidated

municipal Water, Sewer and Natural Gas System of the City, all as set forth in said Bonds of 1963 and in the 1963 Bond Ordinance (subject to the aforesaid prior similar liens, pledges and other security rights theretofore created in the 1962 Bond Ordinance with reference to the Bonds of 1962); and

(c) That the City has previously created for the benefit and protection of the owners and holders of the aforesaid Bonds of 1969, certain liens, pledges and security rights relating to the combined and consolidated municipal Water. Sewer and Natural Gas System (subject to the aforesaid prior similar liens, pledges and other security rights theretofore created in the 1962 Ordinance for the 1962 Bonds and in the 1963 Ordinance for the 1963 Bonds); that all of said 1969 Bonds were purchased and are held by the Economic Development Administration of the United States Department of Commerce (EDA), and that pursuant to Section 21(a) of the 1969 Ordinance, as aforesaid, EDA has previously consented that the 1974 Bonds be issued on a basis of parity and equality as to security and source of payment with the 1969 Bonds, and has been requested to consent that the 1976 Bonds hereinafter authorized be issued on a basis of parity and equality as to security and source of payment with the 1969 Bonds and the 1974 Bonds:

and it is hereby expressly recognized, acknowledged and covenanted that there shall be a strict separate accounting at all times of the income and revenues produced by the operation of said Water, Sewer and Natural Gas facilities of the City, which now constitute the combined and consolidated public Water, Sewer and Natural Gas System of the City, according to the 1962 Ordinance and the 1963 Ordinance; and said prior liens, pledges and other security rights are, with respect to such income and revenues, prior and superior to any and all liens, pledges and other security rights hereinafter created in connection with the issuance of the "City of Prestonsburg Water, Sewer and Natural Gas System Revenue Bonds, Series of 1976," until such time as said previously issued and outstanding 1962 Bonds and 1963 Bonds shall have been fully paid, both principal and interest, in accordance with the terms thereof; but provided, however, that with the express consent of EDA, these 1976 Bonds will rank on a basis of parity and equality as to security and source of payment with the 1969 Bonds and the 1974 Bonds. In the normal course of events, said 1962 Bond Issue will be fully matured and paid off as of November 1, 1989, and said 1963 Bond Issue will be fully matured and paid off as of November 1, 2003. Section 3. Municipal Water, Sewer and Natural Gas System to Continue to Be Operated As a Single, Combined and Consolidated Revenue-Producing Public Project; Approval of Construction Through Interim Financing. That the action of the City Council of the City in ordering in the 1963 Bond Ordinance that the municipal water, sewer and natural gas systems of the City be combined and consolidated and constitute a single municipal Water, Sewer and Natural Gas System and that same be owned, controlled, operated and maintained on a combined and consolidated basis, and on a revenue-producing basis, be and the same is hereby ratified and confirmed, and same shall continue to be designated as the "City of Prestonsburg Water, Sewer and Natural Gas System." It is further determined and ordained that so long as any of the Bonds of 1976 hereinafter authorized and any parity bonds shall remain outstanding, said municipal Water, Sewer and Natural Gas System shall continue to be owned, controlled, operated and maintained by the City as a single, combined and consolidated revenue-producing public project or system, pursuant to Sections 58.010 through 58.140 of the Kentucky Revised Statutes, for the security and source of payment of said Bonds of 1976; but in full recognition and acknowledgment, nevertheless, of the prior rights, as hereinabove set out, incident to the 1962 and 1963 Bond Issues, including (a) the rights of the holders of the Bonds of 1962 to a separate accounting for water and sewer revenues, and (b) the rights of the holders of the 1963 Bonds to prior liens, pledges and security rights upon combined Water, Sewer and Natural Gas Revenues as provided in the 1963 Ordinance; but on a parity with the 1969 Bonds and the 1974 Bonds. That the action of the City in initiating the 1976 Project, as defined above, with available funds or pursuant to interim financing, in contemplation of the issuance of the Bonds of 1976, is hereby authorized, approved, ratified and confirmed.

Section 4. Authorization of 1976 Bonds. For the purpose of defraying the cost (not otherwise provided) of the construction of said 1976 Project referred to in Section 1 (4) of this Ordinance, including preliminary expenses, land and rights-ofway, engineering expense, capitalized interest during construction, legal and administrative costs, publication costs, and all incidental expenses, there are hereby authorized to be presently issued and sold One Hundred Fifty (150) Bonds of said City, to be known as City of Prestonsburg Water, Sewer and Natural Gas System Revenue Bonds, Series of 1976, in the total principal amount of One Hundred Fifty Thousand Dollars (\$150,000), to be dated as of the date of issuance thereof, in the denomination of \$1,000 each, numbered 1 to 150, inclusive (unless in Fully Registered Form, as hereinafter provided), payable from the income and revenues of said municipal Water, Sewer and Natural Gas System, subject to the vested rights and priorities set out herein. Said \$150,000 of Bonds shall be offered at public sale as hereinafter provided, and if the United States of America, Farmers Home Administration, shall become the purchaser of any or all of said Bonds, such purchaser shall be privileged to elect that the same be issued and delivered either according to the "Form of Coupon

Fully Registered Bond," as prescribed in Section 8B hereof. Said Bonds shall bear interest from the date of delivery of said Bonds, payable initially on the February 1 or August 1, next after delivery, and thereafter semiannually on the first days of each February and August until payment of principal, and said Bonds shall bear interest at a rate or rates to be determined by resolution to be adopted by the City Council of the City at the time of the public sale of said Bonds, such rates not to exceed 5 percent per annum, as provided in the "Official Notice of Sale of Bonds" hereinafter approved in this Ordinance.

Bond," as prescribed in Section 8A

hereof or according to the "Form of

The numbering, principal maturities of Coupon Bonds (and corresponding installments of principal of the Fully Registered Bond), of said \$150,000 of Bonds shall be, as follows:

BONDS PRINCIPAL DATE NUMBERED AMOUNT OF (Inclus

clusive)		MATURITY
1	\$1,000	February 1, 1977
2-3	2,000	February 1, 1978

83-89	7,000	February 1, 1998

#### Section Three, Page Eight

payable out of and only out of the "City of Prestonsburg Water, Sewer and Gas Sinking Fund of 1969" and shall be a valid claim of the holders thereof against said Fund and against a fixed amount of the net revenues of said municipal Water, Sewer and Natural Gas System of said City pledged to said Fund, as hereinafter provided, on a parity with the 1969 Bonds and the 1974 Bonds, but subject to the priority of said previously issued 1962 and 1963 Bonds and to the requirements of said previous Bond Ordinances as aforesaid.

Section 7. Provisions As to Registration and Prior Redemption. All 1976 Coupon Bonds issued hereunder shall be fully negotiable, but upon presentation of any of said Bonds at the office of the payee bank, as Bond Registrar, Coupon Bonds may be registered as to principal in the names of the owners thereof in accordance with and subject to the registration provisions, terms and conditions contained in the Coupon Bond Form set out in Section 8A below.

All 1976 Coupon Bonds maturing prior to February 1, 1987, shall be non-callable, and corresponding installments of principal in the case of Bonds in Fully Registered Form, shall not be subject to prepayment. Coupon Bonds of said authorized issue maturing on and after February 1, 1987, numbered 27 to 150, inclusive, and corresponding installments of principal in the case of the 1976 Bond in Fully Registered Form, shall be subject to redemption or prepayment by said City on any interest payment date falling on and after August 1986, in accordance with the terms and provisions contained in the respective Bond Forms set out in Sections 8A and 8B below.

So long as the United States of America, Farmers Home Administration, is the Payee of said 1976 Fully Registered Bond, or is the owner of any of the 1976 Coupon Bonds, the City shall have the right to prepay on any interest payment date the entire unpaid principal amount thereof, or such lesser portion thereof in multiples of \$1,000 as the City may determine, at the principal amount thereof plus accrued interest to the date of such prepayment, without any redemption premium.

Section 8. 1976 Bond Forms. The forms of said 1976 Coupon Bonds and of said 1976 Fully Registered Bond, respectively, shall be as follows:

#### A. 1976 COUPON BONDS

Said 1976 Coupon Bonds, and the interest coupons appertaining thereto, and the form of Registration thereon, shall be in substantially the following forms, with appropriate insertions, omissions and variations consistent with or as provided or permitted in this Ordinance:

(FORM OF COUPON BOND) United States of America **Commonwealth of Kentucky County of Floyd City of Prestonsburg** WATER, SEWER AND NATURAL GAS SYSTEM REVENUE BOND SERIES OF 1976 \$1.000.00 KNOW ALL MEN BY THESE

PRESENTS: That the City of Prestonsburg, in the County of Floyd, in the Commonwealth of Kentucky, for value received, hereby promises to pay to bearer, or if this Bond be registered, to the registered holder hereof, as hereinafter provided, solely from the special fund hereinafter identified, the sum of One Thousand Dollars (\$1,000) on the first day of February, , and likewise from said special fund to pay interest on said sum from the date hereof until payment of principal, at the rate of per cent pct.) per annum, payable initially on February 1 or August 1 next after the date hereof, and thereafter semiannually on the first days of February and August in each year, until paid, except as the provisions hereinafter set forth with respect to prior redemption may be and become applicable hereto, such interest as may accrue on and prior to the maturity of this Bond to be paid only upon presentation and surrender of the annexed interest coupons as the same severally mature, both principal and interest being payable, without deducation for exchange or collection charges, in any coin or currency which is legal tender for the payment of debts due the United States of America, at The First National Bank, Prestonsburg, Kentucky, or at the option of the holder or registered owner, at the main office of the Chemical Bank, New York City, New York.

consolidated into a single, revenueproducing public (water and sewer) project, said Bonds of 1956 having been refunded through the application of a portion of the proceeds of the aforesaid Bonds of 1962; and

WHEREAS, said water, sewer and natural gas systems were ordered by the Ordinance authorizing the aforesaid Bonds of 1963 to be combined and consolidated into a single revenue-producing municipal Water, Sewer and Natural Gas System, subject as to the revenues of the municipal water and sewer portions thereof, to the vested rights and priorities in favor of the holders of said outstanding Bonds of 1962; and

WHEREAS, said City subsequently sold and issued its \$248,000 "Water, Sewer and Natural Gas System Revenue Bonds, Series of 1969," dated February 1, 1969 (the "1969 Bonds"), pursuant to a certain Ordinance which was adopted on April 17, 1969 (the "1969 Ordinance"), subject to and in full acknowledgment of the prior vested rights and priorities of the Bonds of 1962 and the Bonds of 1963; and \$234,000 thereof are outstanding at the date of adoption of this Ordinance; and

WHEREAS, said City subsequently sold and issued its \$315,000 "Water, Sewer and Natural Gas Revenue Bonds, Series of 1974," dated and delivered June 27, 1975 (the "1974 Bonds"), pursuant to a certain Ordinance which was adopted June 6, 1974 (the "1974 Ordinance"), and \$312,000 thereof are outstanding at the date of adoption of this Ordinance; and

WHEREAS, it is provided in Section 21 (a) of the Ordinance of April 17, 1969, authorizing the aforesaid 1969 Bonds, that future bonds might be issued from time to time, payable from Water, Sewer and Natural Gas System Revenues, ranking on a basis of parity and equality with the 1969 Bonds, but only with the consent of the holders of 95 percent in principal amount of the 1969 Bonds; and such consent was obtained with respect to the 1974 Bonds, and has been requested and is anticipated to be received with respect to the 1976 Bonds, herein authorized; and

WHEREAS, all of said Bonds of 1962, 1963, 1969 and 1974, respectively, presently outstanding, are current as to payment of both principal and interest, and for the security of which certain sinking funds and reserves are being maintained in the manners and by the means prescribed in the respective Ordinances authorizing said respective Bond Issues, which Ordinances were duly adopted by the City Council of said City on October 15, 1963, April 21, 1964, April 17, 1969, and June 6, 1974, respectively; and

Consulting Engineers, Inc., 553 South Limestone Street, Lexington, Kentucky 40501:

"Independent Consulting (28)Engineer" refers to an Independent Consulting Engineer or Firm of Engineers of recognized Kentucky reputation in the fields of water, sewer and natural gas system engineering, and such definition includes the Engineers named above:

(29) "Payee bank," "Paying Agent," or "Depository Bank" means the bank at which the principal and interest on the Bonds herein authorized will be payable, and which shall continue to serve as the depository of the Revenue Fund of 1969, and the Sinking Fund of 1969, referred to in this Ordinance, and also as the Bond Registrar, which bank is The First National Bank of Prestonsburg, Kentucky, or its successor; but such terms do not include reference to said bank as the depository of the "Construction Fund of 1976," inasmuch as the City Council has elected to designate The Bank Josephine, Prestonsburg, Kentucky, as the depository therefor;

(30) "Construction Fund of 1976" means the fund having that designation as set forth in this Ordinance, which shall be maintained in The Bank Josephine, Prestonsburg, Kentucky;

(31) "Alternate payee bank" or "alternate paying agent" means the Chemical Bank, 30 Broad Street, New York City, New York;

(32) "FDIC" refers to the Federal Deposit Insurance Corporation;

(33) "Fiscal year" refers to the period from November first of each year through October thirty-first of the next vear

(34) "United States Government," or "Government," or "FHA," includes the Farmers Home Administration, U. S. Department of Agriculture or any agency of the Government which may succeed to its functions;

(35) "Fully Registered Bond" refers to a single, non-negotiable Bond payable to FHA, or its successor, or its registered assigns, of the form set out in this Ordinance under the title "(FORM OF FULLY REGISTERED BOND).'

(36) "U. S. obligations" means bonds or notes which are the direct obligations of the United States of America or obligations the principal of and interest on which are guaranteed by the United States of America;

(37) "original purchaser" means the agency, person, firm or firms to whom the \$150,000 of 1976 Bonds are awarded at the public sale of the Bonds, or their successors; and

(38) The words "bond," "owner," "holder," and "person" shall include the

90-96

Section 5. Place of Payment and Manner of Execution of 1976 Bonds. Both principal and interest of 1976 Coupon Bonds shall be payable at the payee bank, The First National Bank, Prestonsburg, Kentucky, or at the option of the holder or registered owner, at the alternate payee bank, the Chemical Bank, 30 Broad Street, New York City, New York, in such funds as are at that time legal tender for the satisfaction of debts due to the United States of America. Said 1976 Coupon Bonds shall be executed on behalf of said City with the duly authorized reproduced facsimile signature of the Mayor of said City, and the reproduced facsimile of its corporate seal shall be imprinted thereon, attested by the manual signature of the City Clerk, and the interest coupons attached to said Bonds shall be executed with the duly authorized reproduced facsimile signatures of said Mayor and said City Clerk; and said officials, by the execution of appropriate certifications, shall adopt as and for their own proper signatures their respective facsimile signatures on said Bonds and coupons. Both principal and interest of the 1976 Fully Registered Bond shall be payable at the place and manner set out in the form of such Fully Registered Bond prescribed in Section 8B below. Said Fully Registered Bond shall be executed in the manner prescribed in such form contained in said Section 8B.

Section 6. 1976 Bonds Payable Out of Revenues. All of said Bonds of 1976 (whether issued in Coupon Form, or in Fully Registered Form without coupons) together with the interest thereon, are to be issued in anticipation of the net revenues to be derived from the operation of said municipal Water, Sewer and Natural Gas System, on a basis of parity and equality with the 1969 Bonds and the 1974 Bonds, after providing for the vested rights and priorities in favor of the aforesaid previously issued Bonds of 1962 and 1963 and after providing for all of the requirements of the previous Bond Ordinances with reference to said Project and System, of which the aforesaid 1976 Project is being financed by the Bonds authorized herein, together with any and all further extensions, additions and improvements thereto, all as hereinafter more specifically provided; and said Bonds of 1976 shall be

This Bond is one of a duly authorized issue of Bonds, in the total principal amount of \$150,000, numbered consecutively from 1 to 150, inclusive, issued by said City for the purpose of defraying the cost (not otherwise provided) of constructing extensions, additions and improvements to the existing municipal combined and consolidated Water, Sewer and Natural Gas System of the City.

This Bond and the series of which it is a part (hereinafter sometimes referred to as "the Bonds of 1976" or "these Bonds") are issued pursuant to an Ordinance of the City authorizing same (the "Ordinance''), to which Ordinance reference is hereby made for a description of the nature and extent of the security thereby created, the rights and limitations of rights of the holder or Registered Owner of this Bond, and the rights, obligations and duties of said City. Said Ordinance ordered that said municipally owned and operated Water, Sewer and Natural Gas System of said City, heretofore combined and consolidated, shall continue to be combined and consolidated and operated as a combined and consolidated revenueproducing public project, and that these Bonds be issued on a basis of parity and equality as to security and source of payment with outstanding bonds of two

series of outstanding Bonds, similarly entitled, and designated "Series of 1969" and "Series of 1974"; but in full acknowledgment, however, of prior rights and security interests (1) as to both water and sewer revenues, created in connection with the issuance by said City of its "Water and Sewer Revenue Refunding Bonds," dated November 1, 1962, and (a) as to water, sewer and natural gas system revenues, created in connection with the issuance by said City of its "Water, Sewer and Natural Gas System Revenue Bonds," dated November 1, 1963; said combined and consolidated waterworks, sewer and natural gas systems being hereinafter collectively designated as the "Water, Sewer and Natural Gas System" or the 'public project''; and said Ordinance further provides that so long as any of the Bonds of 1976 are outstanding, said municipal Water, Sewer and Natural Gas System will continue to be operated by the City as a single, combined and consolidated revenue-producing public project under and in full compliance with the aforesaid Ordinance and with the Constitution and Statues of the Commonwealth of Kentucky, including among others, Sections 58.010 to 58.140, inclusive, of the Kentucky Revised Statutes, as amended.

Bonds of this authorized issue of Bonds of 1976 maturing on and after February 1, 1987, numbered 27 to 150, inclusive, as may be outstanding from time to time, are subject to redemption by said City prior to maturity, as a whole or from time to time in part, in inverse order of maturity (less than all of a single maturity to be selected by lot), on any interest payment date falling on and after August 1, 1986, upon payment being made by the City of the face amount of the Bonds so redeemed, plus accrued interest to the redemption date, plus a redemption premium expressed in terms of a percentage of the face amounts of the respective Bonds so called for redemption, as follows:

3 percent if redeemed from August 1, 1986 through February 1, 1991, inclusive; 21/2 percent if redeemed from August 1, 1991 through February 1, 1996, inclusive; 2 percent if redeemed from August 1, 1996 through February 1, 2001, inclusive; 11/2 percent if redeemed from August 1, 2001 to final maturity.

Bonds numbered 1 to 26, inclusive, maturing prior to February 1, 1986, are not subject to redemption prior to maturity; provided, however, if and so long as any Bonds of the entire Series may be held by any agency of the United States Government, the same may be redeemed at any time, with interest, but without premium

Notice of any such intended redemption, identifying the Bonds to be redeemed, will be on file at the office of the Registrar (hereinafter designated) at least thirty days prior to the specified redemption date, and such notice shall be given by publication at least one time not less than thirty days prior to such redemption date in a financial newspaper or journal of general circulation among bond purchasers published in the English language in New York City, New York, and in a newspaper of general circulation throughout Kentucky. Notice of such redemption may be waived with the written consent of the holder(s) of the Bond(s) so called for redemption. All of said Bonds of 1976 as to which said City reserves and exercises the right of redemption and as to which notice as aforesaid shall have been given, and for the retirement of which, upon the terms aforesaid, funds are duly provided, will cease to bear interest on the redemption date. It is provided in and by said Ordinance that these Bonds are and will continue to be payable from and secured by an exclusive pledge of a fixed portion of the net income and revenues to be derived from the operation of said combined and consolidated municipal Water, Sewer and Natural Gas System, on a parity with outstanding 1969 Bonds and 1974 Bonds; but after providing for the vested rights and priorities in favor of outstanding Bonds of 1962 and 1963, and after providing for all of the requirements of the previous Bond Ordinances (identified in the Ordinance), which fixed portion of said net income and revenues shall be sufficient to pay the principal of and interest on these Bonds and the aforesaid 1969 Bonds and 1974 Bonds as and when the same become due and payable, and which shall be set aside as a special fund for that purpose and identified as the "City of Prestonsburg Water, Sewer and Gas Sinking Fund of 1969"; provided, however, as aforesaid, that these Bonds are issued in full recognition and acknowledgment of all liens, pledges and security rights previously created and existing for the security of all of said outstanding Bonds of 1962 and 1963, until such time as the same are paid in full. These Bonds do not constitute an indebtedness of the City of Prestonsburg within the meaning of any constitutional or statutory provisions or limitations. Said City convenants that so long as any of these Bonds are outstanding, said combined and consolidated municipal Water, Sewer and Natural Gas System will be continually operated as a single, revenue-producing undertaking and that the City will fix, and if necessary, adjust from time to time, such rates for the services and facilities of said project and collect and account for the income and revenues therefrom so as to maintain in said Fund an amount sufficient to pay the interest on and principal of these Bonds and the Bonds of 1969 and Bonds of 1974, and also to pay the cost of operation, maintenance and depreciation of said project, after first providing for the vested rights and priorities aforesaid. This Bond is fully negotiable and shall pass by delivery unless registered as to principal in the name of the owner on the books of The First National Bank, Prestonsburg, Kentucky, as the

Registrar, under the Bond Ordinance, and such registration noted hereon, after which no valid transfer hereof shall be effective unless made on said books and similarly endorsed hereon at the written request of the registered holder or his duly authorized representative. But this Bond may be discharged from registration by being in like manner registered to bearer, whereupon full negotiability and transferability by delivery shall be restored, but this Bond may again from time to time be registered as aforesaid. Such registration, however, shall not affect the negotiability of the interest coupons, which shall always remain payable to bearer and transferable by delivery merely. The City, the Registrar and the alternate payee bank may deem and treat the bearer of this Bond, if not registered as to principal, and the bearer of any coupons hereto appertaining, whether or not this Bond be so registered, or if this Bond is registered as herein authorized, the person in whose name the same is registered, as the absolute owner for the purpose of receiving payment and for all other purposes.

This Bond is exempt from taxation in the Commonwealth of Kentucky

It is hereby certified, recited and

declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of these Bonds, do exist, have existed, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all other obligations of said City, does not exceed any limit prescribed by the Constitution or Statutes of the Commonwealth of Kentucky

IN WITNESS WHEREOF, said City of Prestonsburg, in the Commonwealth of Kentucky, has caused this Bond to be executed on its behalf with the duly authorized reproduced facsimile signature of the Mayor of said City, and the reproduced facsimile of its corporate seal to be imprinted hereon, attested by the manual signature of its City Clerk, and the coupons hereto attached to be executed with the duly authorized reproduced facsimile signatures of said Mayor and said City Clerk, and this Bond to be dated

1976," herein referred to as the "Bond," provided) of constructing extensions, revenues shall be sufficient to pay the

The Floyd County Times

in conformity with the unpaid principal amount of this Bond, and in the form of such Coupon Bond as provided in said Ordinance, with semiannual coupons annexed representing the accrual of interest corresponding to the rate herein provided.

In addition to the installments of principal required to be paid by the City, as hereinabove set forth, the City, at its option, shall have the right to prepay, on any interest payment date on and after August 1, 1986, in the inverse chronological order of the aforesaid installments (less than all of a single annual installment to be selected by lot), the entire principal amount hereof then remaining unpaid, or such lesser portion thereof, in multiples of One Thousand Dollars (\$1,000), as the City may determine, at a price in an amount equivalent to the principal amount duly designated to be prepaid, plus accrued interest to the date of prepayment, plus a premium in an amount expressed in terms of a percentage of the principal amount of such prepayment, as follows: percent if prepaid from August 1,

1986, through February 1, 1991, inclusive; 2½ percent if prepaid from August 1, 1991, through February 1, 1996, inclusive; 2 percent if prepaid from August 1, 1996; through February 1, 2001, inclusive; 11/2 percent if prepaid from August 1, 2001, to final maturity

Principal installments maturing prior to February 1, 1986, are not subject to prepayment prior to maturity, except as set out below

Notice of any such optional prepayment shall be given at least thirty days prior to the prepayment date by mailing by registered mail to the Registered Owner of this Bond, a Notice fixing such prepayment date, the amount of principal, and the premium, if any, to be prepaid; but the requirement of notice by registered mail may be waived, whereupon any means of communicating the notice of optional payment, acceptable to the Registered Owner hereof, shall be sufficient.

So long as the United States of America, Farmers Home Administration, is the payee of this Bond, the City shall have the right to prepay on any interest payment date, without being required to publish any notice thereof, the entire unpaid principal amount hereof, or such lesser portion thereof in

multiples of \$1,000 as the City may determine, at the principal amount thereof plus accrued interest to the date of such prepayment, without any redemption premium. It is provided in and by said Ordinance that this Bond is and will continue to be payable from and secured by an ex-

clusive pledge of a fixed portion of the net income and revenues to be derived from the operation of said combined and consolidated municipal Water, Sewer and Natural Gas System, on a basis of parity and equality as to security and source of payment with the 1969 Bonds and the 1974 Bonds, hereinabove referred This Bond, designated as the "CKy of to, after providing for the vested rights Prestonsburg Water, Sewer and Natural and priorities in favor of said outstanding Gas System Revenue Bond, Series of Bonds of 1962 and 1963, and after providing for all of the requirements of is issued by said City for the purpose of the previous Bond Ordinances, which defraying the cost (not otherwise fixed portion of said net income and

meeting the requirements of KRS 424.110-120, for publication, in which official publications of the City of Prestonsburg are required to be published; in (b) The Courier-Journal, a daily newspaper published in Louisville, Kentucky, and having general circulation throughout the Commonwealth of Kentucky; and in (c) The Bond Buyer, a periodical of general circulation among bond purchasers, published in New York, New York.

The published Notice, the Official Notice of Sale of Bonds and the Statement of Essential Facts shall be in the customary form or forms, shall identify the Bonds offered for sale, shall designate a day and hour for the receiving and public opening and consideration of purchase bids, which time shall be the date of a regular, adjourned regular, or called, special meeting of the City Council, as the Mayor may determine, and shall inform bidders of the following bidding requirements:

(1) That bidders are required to bid a cash price of not less than per value for the entire issue of 1976 Bonds, and to specify in their bids the exact net interest cost of their respective bids for the Bonds at an average net interest cost not to exceed five per cent (5 pct.) per annum; provided:

(a) Interest rates shall be in multiples of one-eighth (1/8) or one-tenth (1-10) of one per cent (1 pct.) with no limit as to the number of rates;

(b) All Bonds maturing on the same late shall bear the same rae of interest; (c) No Bond shall bear interest at more than one interest rate from date to maturity, nor at an interest rate ex-

ceeding 5 pct. per annum; (d) The difference between the lowest and highest interest rates shall not ex-

ceed two (2) percentage points; and (e) Interest maturing on any Bond on any interest payment date shall not be

represented by more than one coupon. (2) That the lowest net interest cost will be determined by deducting the total amount of any premium bid from the aggregate amount of interest upon all of the Bonds, computed from the date of the Bonds (the date of delivery thereof), to he final maturity thereof. For the purpose of determining the lowest bidder, calculations of net interest cost will exclude the bid of the Farmers Home Administration of the United States Government.

(3) That FmHA has entered into a Loan Agreement with the City, pursuant to which said FmHA proposes to submit a purchase bid, at par, at a five per cent (5 pct.) interest rate; provided, however, if the City shall receive any other bid upon equal terms, the FmHA bid shall cease to constitute a bid for the purchase of the said Bonds.

(4) That if said Bonds are not ready for delivery and payment within sixty (60) days from the date of sale, the successful bidder or bidders (except in the event FmHA becomes the purchaser), shall be relieved of any liability to accept any of the Bonds

(5) That bidders (except FmHA) shall be required (a) to submit their bids on the prescribed "Official Bid Form," and (b) to deposit a good faith check by cashier's check or certified check, in the minimum amount of one per cent (1 pct.) of the face amount of the Bonds (\$1,500); and (6) That the City reserves the right, in the discretion of the City Council, to determine the best bid or bids, to waive any informality or irregularity and to reject any or all bids. The Mayor and the City Clerk are additionally authorized in connection with such sale, to sign, cause to be reproduced in mimeographed, printed or other multiple copy form, and to supply any interest party upon request, the Official Notice of Sale of Bonds and a Statement of Essential Facts, giving a more detailed description of the Bonds, and setting forth any other terms and conditions calculated to bring about uniformity in the bidding; and supplying financial, engineering and other pertinent information. Suggested forms of a "Notice of Sale of Bonds," the "Official Notice of Sale of Bonds," and the "Official Bid Form" having been prepared by Bond Counsel and submitted to this City Council, and the same having been examined by the City Council and found to be in order, the same are hereby approved and may be used for the purpose of this Section. A "Statement of Essential Facts" having been prepared by the Engineers, Accountants and proper City Officials, and having been submitted to and examined by the City Council and found to be in order, the same is hereby approved and may be used for the purposes of this Section. As set out in Section 9 of this Ordinance, if the United States of America, Farmers Home Administration, shall become the purchaser of the entire issue of the Bonds of 1976, it may elect that the Bonds so purchased be issued either in the form of negotiable, bearer, Coupon Bonds, of the denomination of \$1,000 each, registrable as to principal only, in the form prescribed in Section 8A of this Ordinance, and as advertised; or, in the form of a single "Fully Registered Bond" in the form prescribed in Section 8B of this Ordinance and as permitted by KRS 61.390 Section 12. Establishment of Construction Fund; Deposit Therein of Moneys From Various Sources; Interim Financing; Proceeds of the Bonds. In order to make provision for payment of the proper costs of the 1976 project, the City hereby creates and establishes, in and with The Bank Josephine, Prestonsburg, Kentucky, a separate and special fund which is designated the "Water, Sewer and Natural Gas System Construction Fund of 1976," for convenience hereinafter referred to as the "1976 Construction Fund. Although provision is made in this Ordinance for the offering of the 1976

#### ATTEST (Facsimile Signature)

#### FORM OF 19 FULLY REGISTERED BOND Said 1976 Fully Registered Bond referred to herein shall be in substantially the following form, with appropriate insertions, omissions and

additions and improvements to the solidated municipal Water, Sewer and Natural Gas System of the City.

This Bond is issued pursuant to an Ordinance of the City authorizing same (the Ordinance), to which Ordinance reference is hereby made for a description of the nature and extent of the security thereby created, the rights and limitations of rights of the Registered Owner of this Bond, and the rights, obligations and duties of said City. Said Ordinance ordered that said municipally owned and operated Water, Sewer and Natural Gas System of said City (heretofore combined and consolidated), shall continue to be combined and consolidated and operated as a combined and consolidated revenueproducing public project, and that these Bonds be issued on a basis of parity and equality as to security and source of payment with outstanding bonds of two Series of said City's outstanding Bonds, similarly entitled, and designated "Series of 1969" and "Series of 1974" but in full acknowledgment, however, of prior rights and security interests (1) as to both water and sewer revenues created in connection with the issuance by said City of its "Water and Sewer Revenue Refunding Bonds," dated November 1, 1962, and (2) as to water, sewer and natural gas revenues, created in connection with the issuance by said City of its "Water, Sewer and Natural Gas System Revenue Bonds," dated November 1, 1963; said combined and consolidated Water, Sewer and Natural Gas System being hereinafter designated as the municipal "Water, Sewer and Natural Gas System" or the "public project"; and said Ordinance further provided that so long as the Bonds of 1976 are outstanding, said municipal Water, Sewer and Natural Gas System will continue to be operated by the City as a single, combined and consolidated revenue-producing public project under and in full compliance with the aforesaid Ordinance and the Constitution and Statutes of the Commonwealth of Kentucky, including among others, Sections 58.010 through 58.140 of the Kentucky Revised Statues, as amended.

As provided in said Ordinance, this Bond is exchangeable at the sole expense of the City at any time, upon ninety days' notice, at the request of the Registered Owner hereof and upon surrender of this Bond to the City at the office of the Paying Agent in the City of Prestonsburg, Floyd County, Kentucky, for negotiable Coupon Bonds, payable to bearer, registrable as to principal only, of the denomination of One Thousand Dollars (\$1,000) each, in an aggregate principal amount equal to and maturing

principal of and interest on this Bond, existing municipal combined and con- and the outstanding 1969 and 1974 Bonds, as and when the same become due and payable, and which shall continue to be set aside as a special fund for that purpose and identified as the "City of Prestonsburg Water, Sewer and Gas Sinking Fund of 1969"; provided, however, as aforesaid, that this Bond is issued in full recognition and

acknowledgment of all liens, pledges and security rights previously created and existing for the security of all of said outstanding Bonds of 1962 and 1963 until such time as the same are paid in full.

This Bond does not constitute an indebtedness of the City of Prestonsburg within the meaning of any constitutional or statutory provisions or limitations. Said City covenants that so long as any part of this Bond is outstanding and unpaid, said combined and consolidated municipal Water, Sewer and Natural Gas System will be continuously operated as a revenue-producing undertaking and that the City will fix, and if necessary, adjust from time to time, such rates for the services and facilities of said System and collect and account for the income and revenues therefrom so as to maintain in said Fund an amount sufficient to pay promptly the interest on and principal of this Bond and said outstanding 1969 and 1974 Bonds, and also to pay the cost of operation, maintenance and depreciation of said project; all subject to the vested priorities aforesaid.

This Bond is exempt from taxation in the Commonwealth of Kentucky.

It is hereby certified, recited and declared that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of this Bond, do exist, have existed, have happened and have been performed in due time, form and manner as required by law, and that the amount of this Bond, together with all obligations of said City, does not exceed any limit prescribed by the Constitution or Statutes of the Commonwealth of Kentucky.

IN WITNESS WHEREOF, said City of Prestonsburg, in the Commonwealth of Kentucky, has caused this Bond to be executed on its behalf in its name by the Mayor of said City, and its Corporate Seal to be hereto affixed and attested by the City Clerk of said City, and this Bond to be dated

CITY OF PRESTONSBURG, KEN-TUCKY

By (Manual Signature) Mayor

ATTEST (Manual Signature) City Clerk

(Affix Seal of City Here)

behalf of the City as prescribed above in the form of such Fully Registered Bond, constitute a part of the (or the entire) issue of Bonds of 1976 herein authorized and referred to, shall be without interest coupons, registered as to principal and interest, payable as directed by the Payee, and shall be in substantially the form hereinabove set forth.

The City hereby covenants and agrees with the Registered Owner and holder of such Fully Registered Bond that the City will, at the request of such holder, at the City's own expense and within ninety (90) days of such request, issue its negotiable, bearer Coupon Bonds (registrable as to principal only), in the form as set forth in Section 8A hereof, in the denomination of \$1,000, in aggregate principal amount, maturing as to principal and bearing interest, respectively, equivalent to the unpaid installments of principal and interest then represented by such Fully Registered Bond which is surrendered in exchange therefore. Coupon Bonds shall be so issued and substituted only for and upon surrender to the City of the corresponding Fully Registered Bond, which shall then immediately be cancelled by the City Treasurer.

Section 10. 1976 Coupons Maturing Before Delivery. Before executing any 1976 Coupon Bonds, the City Clerk shall detach and cancel all matured coupons, if there are any such matured coupons thereon and if any such coupons have been printed, and shall deliver to the Paying Agent and to the purchaser a certificate as to such cancellation. In the event it shall have been anticipated when the printer was authorized to prepare the Bonds, that at the time of delivery of the Bonds certain appurtenant coupons would be past due, the City may instruct the printer not to prepare such coupons; and in that event a certificate of the printer to the effect that such overdue coupons were not printed may be accepted as evidence to that effect. Section 11. Sale of 1976 Bonds. The

entire \$150,000 of Bonds of 1976 authorized by this Ordinance shall be offered for sale, which shall be publicly advertised, upon the basis of sealed, competitive bids, which bids shall be publicly opened and acted upon by the City Council; and to that end, the Mayor and the City Clerk are authorized to sign an appropriate form of notice soliciting purchase bids, and to cause the same to be published in conformity with Chapter 424 of the Kentucky Revised Statutes, at least one time, not less than seven days nor more than twenty-one days prior to the designated sale date, in (a) The Floyd County Times, which is a newspaper having the largest bona fide circulation which is published in the City of Prestonsburg, and is the newspaper Bonds at an advertised, public, competitive sale, it has been caused to appear to the City Council that in view of current interest rates, as published from day to day, there seems to be no likelihood that the 1976 Bonds herein authorized will attract any purchase bids remotely approaching the purchase bid which FmHA, in accordance with its Loan Agreement, has agreed that it will submit for the purchase of the 1976 Bonds, this being a bid for purchase of all of the 1976 Bonds at par or face value, and at a single uniform interest rate of 5 pct. per annum, applicable to all of the 1976 Bonds.

Such being the case, the City must, and hereby does, recognize and take cognizance of established rules and regulations of FmHA, whereunder it is known that if on the occasion of the public offering of the 1976 Bonds FmHA shall become the purchaser thereof,-FmHA will not accept delivery of the 1976 Bonds and make payment to the City therefor until such time as it is caused to appear that the 1976 project is at or about 80 pct.-90 pct. complete; and that by reason thereof it is required that the City make arrangements and provisions for either (a) providing available funds of its own. or (b) obtaining, from other than governmental sources, one or more loans for interim construction purposes.

Accordingly, by proceedings concurrent with the adoption of this Ordinance, the City Council has adopted a concurrent Ordinance, authorizing the borrowing by the City, if necessary (on an interim basis, and in anticipation of the receipt by the City, in due course of time, of the proceeds of the 1976 Bonds, when delivered to FmHA in accordance with the prevailing rules and regulations of FmHA), of up to \$ from The Bank Josephine, Prestonsburg, Kentucky, the same to be secured by a pledge that the City will repay the same from the proceeds of the 1976 Bonds, when the same are delivered in accordance with its anticipated purchase bid, and in accordance with prevailing FmHA rules and regulations; such concurrently adopted Ordinance being identified by its title or caption as follows

AN ORDINANCE OF THE CITY OF PRESTONSBURG, KENTUCKY, AUTHORIZING THE BORROWING OF MONEY (IF DEEMED NECESSARY), FOR INTERIM FINANCING IN AN-TICIPATION OF THE CITY'S ISSUANCE OF ITS "WATER, SEWER AND NATURAL GAS SYSTEM **REVENUE BONDS, SERIES OF 1976,'** ACCORDING TO THE CITY'S LOAN AGREEMENT WITH THE UNITED STATES OF AMERICA, ACTING THROUGH THE FARMERS HOME ADMINISTRATION OF THE DEPARTMENT OF AGRICULTURE; RECOGNIZING THE CITY'S ESTABLISHMENT AND CREATION OF A SPECIAL CONSTRUCTION FUND WHEREIN THERE SHALL BE DEPOSITED FROM TIME TO TIME MONEYS RECEIVED FROM ALL SOURCES FOR THE CONSTRUCTION OF THE PROJECT INTENDED TO BE THROUGH FINANCED THE ISSUANCE OF SUCH BONDS: AUTHORIZING THE EXECUTION AND DELIVERY OF PROMISSORY NOTES FROM TIME TO TIME IN EVIDENCE OF SUCH BORROWING; PLEDGING REPAYMENT OF SUCH BORROWINGS AND INTEREST THEREON FROM THE PROCEEDS OF SUCH BONDS: PRESCRIBING CON-DITIONS RELATING TO DISBUR-SEMENTS FROM SUCH CON-STRUCTION FUND AND REIMBURSEMENT AUTHORIZING TO THE CITY, OR TO ITS UTILITIES COMMISSION, FOR ANY AD-VANCEMENTS WHICH MAY BE MADE IN LIEU OF BORROWING MONEY FROM A BANK. said Ordinance, for convenience of reference, being hereinafter called the "Interim Financing Ordinance"; and in accordance with the provisions of said "Interim Financing Ordinance," and of the City's FmHA Loan Agreement, the following provisions are made: (A) Until issuance and delivery of the 1976 Bonds, it is recognized and acknowledged that the City is obliged (according to FmHA requirements) to obtain (and it has obtained) arrangements for interim financing as provided in and by the terms and provisions of the aforesaid "Interim Financing Ordinance." Reference to said "Interim Financing Ordinance," as the same is of record in the City's official records, is hereby made, and the full text thereof is incorporated herein as if reproduced herein, in full. (B) All provisions set forth in the aforesaid "Interim Financing Ordinance," with reference to the pledging by The Bank Josephine, Prestonsburg, Kentucky, of U. S. obligations for the purpose of securing all deposits in the aforesaid 1976 Construction Fund, to the extent such deposits may at any time exceed the amount insured by FDIC, are hereby adopted, ratified and confirmed. (C) When the 1976 Bonds are actually issued, delivered and paid for, as in this Ordinance contemplated and provided, the City shall apply the proceeds thereof in payment of the costs of the 1976 project, to the extent such costs have not theretofore been paid from the City's available funds or from the proceeds of the City's interim financing; and to the extent such costs of the 1976 project have already been paid by the City through application of its own funds or from the proceeds of interim financing, the City hereby pledges and commits that it will apply the proceeds of its FmHA loan to the repayment thereof, with interest thereon. Section 13. City officials to Be Bonded. The City will cause each municipal officer or other person having custody of any moneys administered under the provisions of this Ordinance to be bonded at all times in an amount equal to \$50,000 or to the maximum amount of such

moneys in his custody at any time, whichever is lesser, unless a greater amount is required by law; provided that the amount of said required surety bond is cumulative and not additional; and if such official (s) is (are) already bonded in such amount and if such surety bond applies to the moneys administered hereunder, as well as other municipal funds, no separate surety bond shall be required hereunder. The City will segregate and earmark such funds, consistent with this Ordinance, in such manner as to enable the City to obtain the benefit of the lowest possible surety premium rates on such surety bond or bonds. Each such surety bond shall have a surety given by a surety corporation qualified or authorized to do business in Kentucky, and approved by the governing body of the City, and the premium of such surety bond shall constitute a proper expense of operating and maintaining the project, and may be paid from the moneys available in the "1956 Operation and Maintenance Fund,"

hereinafter referred to. Section 14. Adoption of Budget of Current Expenses. The City covenants and agrees that prior to the delivery of the 1976 Bonds and prior to the completion of said 1976 project, the City will adopt a Budget of Current Expenses for the operation of the combined and consolidated municipal Water, Sewer and Natural Gas System, for the remainder of the then current fiscal year, and that thereafter, on or before the first day of November of each year prior to the year of final maturity of any outstanding Bonds, the City will adopt an Annual Budget of Current Expenses for the ensuing fiscal year (as previously covenanted in the 1969 Ordinance), and will furnish a copy of such Budget or amendments thereto, upon request, to any bondholder. Current expenses shall include all reasonable and necessary costs of operating, repairing, maintaining and insuring said public project, but shall exclude payments into any of the Sinking Funds and-or the

Depreciation Funds. The City further covenants that the Current Expenses incurred in any year shall not exceed the necessary and reasonable amounts required therefor, and that the City will not expend any amount or incur any obligations for operation, maintenance and repair in excess of the amounts provided for Current Expenses in the current Annual Budget, except on proper justification and resolution by the governing body of the City, that such expenditures are necessary to operate and maintain the project. The City further covenants that at the same time and in like manner, the City shall prepare an estimate of Gross Revenues to be derived from the operation of the project for said fiscal year and that sufficient Gross Revenues shall be provided, through the maintenance of proper rates and charges (and through the increase thereof if necessary), to satisfy the requirements of all of the provisions contained in this Ordinance, including the accumulation and maintenance of all required reserves specified herein

Section 15. Separate Accounting of Water and Sewer Revenues. As noted in Section 2 hereof, a strict and separate accounting of all income and revenues of

provide for the principal and interest requirements of the Bonds of 1962 and to maintain the prescribed \$40,000 debt service reserve for the further security of the Bonds of 1962.

(2) Subject to the required separate accounting of water and sewer revenues as aforesaid, the cash revenues of the water and sewer systems required to be deposited into the 1956 Revenue Fund are required by said Section 13 of said 1963 Bond Ordinance to be applied as set out in (B), (C), (D) and (E) hereinafter set out.

(B) The "Bond and Interest Fund of 1963" was created for the purpose of providing for principal and interest on the Bonds of 1963. It is required that after observing the respective priorities (as to the application of revenues or flow of funds) with reference to the Bonds of 1962, there be deposited on or before the fifteenth day of each month from the 1956 Revenue Fund the following amounts to the credit of the Bond and Interest Fund of 1963:

(1) Monthly amounts equal to one-sixth (1-6) of the interest to become due on the Bonds of 1963 on the next interest payment date;

(2) Monthly amounts equal to onetwelfth (1-12) of the principal of the Bonds of 1963 to mature on the next succeeding November 1; and

(3) Monthly amounts of at least \$400.00 into a Sinking Fund Reserve of 1963 as a part of the Sinking Fund of 1963 until the sum of \$63,000 is accumulated, after which said \$400 monthly deposits may be discontinued. All amounts held in the Bond and Interest Fund of 1963 and in the Sinking Fund Reserve of 1963 are required to be deposited in The Bank Josephine, Prestonsburg, Kentucky, and the monthly amounts required to be deposited into said Bond and Interest Fund of 1963 are required to be transmitted to said Bank for deposit therein at the times therein required.

The balance of the income and revenues of the project is required to be applied for Operation and Maintenance and for depreciation, as follows:

(C) After all of the foregoing conditions and requirements are met, the City must transfer from the monthly balances remaining in the 1956 Revenue Fund, monthly deposits of \$400 (as prescribed in the 1962 Bond Ordinance) into the 1956 Depreciation Fund until there is accumulated in said 1956 Depreciation Fund the total sum of \$80,000, which amount is required to be maintained and restored when necessary.

(D) In the 1963 Bond Ordinance, the City further agreed to maintain the "City of Prestonsburg Waterworks and Sewer Operation and Maintenance Fund of 1956" created and maintained pursuant to the 1956 and 1962 Bond Ordinances. The 1963 Bond Ordinance requires in Section 13 (D) that after all of the foregoing requirements have been complied with, there shall further be deposited into said 1956 Operation and Maintenance Fund, out of the balances remaining in the 1956 Revenue Fund, a sum in each month equal to the estimated cost and expense of operating and maintaining the public project during such month, together with an amount equal to any deficiency in the amount

(A) Revenue Fund of 1969

The City has heretofore directed that from and after the issuance of the Bonds of 1969, all such surplus funds shall be deposited into a separate or special fund or account of said City, distinct and apart from all other funds and accounts, which fund was, in and by the 1969 Ordinance, created and designated and identified as the "City of Prestonsburg Water, Sewer and Gas Revenue Fund of 1969," which fund shall be maintained at The First National Bank, Prestonsburg, Kentucky, and, into which all such surplus funds shall be transferred each month. The City covenants and agrees that it will deposit in said fund, promptly as received from time to time, all surplus cash revenues of said municipal Water, Sewer and Natural Gas System as hereinabove defined, and as defined in Section 13 (E) of the 1963 Bond Ordinance, said surplus cash revenues to be used, disbursed and applied by the City. however, only for the purposes, and in the manner and order of priorities, specified in the succeeding subsections of this Section 18, all as permitted by applicable statutes, as follows:

(B) Sinking Fund of 1969

There was created in and by the 1969 Ordinance a special account or fund to be known as the "City of Prestonsburg Water, Sewer and Gas Sinking Fund of 1969" (the "Sinking Fund of 1969"), to be deposited and maintained at The First National Bank, Prestonsburg, Kentucky. From the proceeds of the 1976 Bonds there shall initially be set aside into said 'Sinking Fund of 1969," the amount authorized as capitalized interest, to pay interest on interim construction loans, and also to pay interest on the 1976 Bonds during the remaining period of construction and development of the 1976 project as has been specified in the FmHA Loan Agreement, such interest requirements being legitimate project

Thereafter, there shall be set aside on or before the fifteenth day of each month, from the net income and revenues then remaining in the Revenue Fund of 1969, such portion thereof as will be sufficient to pay any interest on and principal of the Bonds of 1969, the Bonds of 1974, and the Bonds of 1976, as may be outstanding from time to time. The amount to be so set aside and paid into said Sinking Fund of 1969 in each month, in equal monthly deposits, on or before the fifteenth day of each month, shall be sums not less than the following respective amounts: (1) Beginning with and including (or no

later than) the month in which interest shall last be payable from the proceeds of the sale of said Bonds of 1976, as capitalized interest during construction and development, a sum equal to onesixth (1-6) of the next succeeding interest installment to become due on all of the outstanding Bonds of 1969, the Bonds of 1974, and the Bonds of 1976;

(2) A sum equal to one-twelfth (1-12) of the principal amount of the Bonds of 1969 and Bonds of 1974, maturing on the next succeeding February first; and effective February 1, 1976 (and retroactively to that date if the 1976 Bonds shall be issued and delivered thereafter), a sum equal to one-twelfth (1-12) of the principal amount of the Bonds of 1976 maturing on the next succeeding February 1;

(3) Beginning with and including the

and upon surrender of maturing Bonds and-or coupons. The Fiscal Agent designated by EDA in the Bonds of 1969 shall continue to make appropriate notations as to payment of principal and interest installments on any Fully Registered Bond and promptly send written notice thereof to the Payee Bank; and if FmHA shall become the purchaser of the Bonds of 1976, moneys sufficient to pay maturing interest and principal of the Bonds of 1976 shall be transferred to the registered place of payment thereof.

Each time a monthly amount is deposited in any account in connection with any of the Funds herein created, such deposit shall, if requested by the original purchaser of the Bonds herein authorized, be made with a letter of transmittal from the City to said payee bank, with a copy of such letter being mailed to the original purchaser of the Bonds, or its successor, on mimeographed forms supplied by such purchaser.

Said Sinking Fund of 1969 and said Reserve Fund of 1969 are hereby pledged equally and ratably for the payment of theinterest on and the principal of the Bonds of 1969, the Bonds of 1974, and the Bonds of 1976, and are subject to a first and paramount lien and charge in favor of the holder or holders of said Bonds of 1969, 1974 and 1976.

No further payments need be made into said Sinking Fund of 1969 or into said Reserve Fund of 1969 whenever and so long as such amount of the Bonds of 1969, 1974 and 1976 shall have been retired that the amounts then held in such funds are equal to the entire amount of the interest and principal that will be payable to and at the time of the retirement or maturity of all of the Bonds of 1969, 1974 and 1976 then remaining outstanding.

Such payments into said Sinking Fund of 1969 and Reserve Fund of 1969 shall be made in equal monthly installments on or before the fifteenth day of each month, except that when the fifteenth day of any month shall be on a Sunday or a legal holiday, then such payments shall be made on or before the next succeeding secular day.

In the event that the income and revenues during any month are inadequate to make the required payments into said Sinking Fund of 1969 and Reserve Fund of 1969, the deficiency shall be made up and paid as aforesaid from the first available income and revenues thereafter received, and same shall be in addition to payments otherwise provided to be made in such succeeding month or months.

All moneys held in said Sinking Fund of 1969 and in said Reserve Fund of 1969 shall be deposited in the payee bank, The First National Bank, Prestonsburg, Kentucky, and to the extent that same shall cause deposits of the City in said Bank to exceed the amount insured by the FDIC, the same shall be continuously secured by a valid pledge of U.S. obligations (as defined herein), having an equivalent market value, or such portion of such account as is designated by the governing body of the City shall be invested for the benefit of such account in such U. S. obligations having a maturity date prior to the date when the sums invested will be needed for meeting interest and-or principal payments, to mature or be called, as provided in KRS

as may be required to eliminate the deficiency in such Sinking Fund of 1969 and to avoid a default; provided, further, that any such withdrawals shall be promptly restored to said Depreciation Fund of 1969 from the first available revenues of the project.

Whenever the balance in said Depreciation Fund of 1969, including the market value of investments held for the account thereof, shall equal the sum of \$90,800, the monthly payments into said Fund may be discontinued, or by order of the governing body of the City, may be diverted into the Sinking Fund of 1969 to be held as a part of the Sinking Fund Reserve of 1969, and may then be used to purchase or redeem outstanding Bonds of 1969, 1974 or 1976, but only after the aforesaid Sinking Fund Reserve of 1969 shall have accumulated beyond the minimum amount hereinabove prescribed (\$90,800); provided, however, that payments into said Depreciation Fund of 1969 must be resumed whenever, and so long as, necessary to restore and maintain said balance in the sum of \$90,800. However, the Depreciation Reserve Portion of said Depreciation Fund of 1969 shall be available and may be withdrawn and used by the City, upon appropriate certification by the Mayor of the City to the payee bank, for the purpose of meeting principal and interest requirements, including the accumulation of the aforesaid Sinking Fund Reserve of 1969, or same may be used for any of the purposes set out in the preceding paragraph hereof.

All funds in said Depreciation Fund of 1969 shall be kept separate and apart from all other municipal funds, shall be deposited in the depository bank, The First National Bank, Prestonsburg, Kentucky, and shall be deposited, secured and-or invested by said Bank in the manner as hereinbefore provided for deposit, security and-or investment of the Sinking Fund of 1969.

#### (D) Surplus Funds

After said stipulated Depreciation Reserve Fund of 1969 has been accumulated to the amount of \$90,800, if at the end of any fiscal year, after making the payments required by the foregoing, which requirements are cumulative, there shall remain a balance in said Revenue Fund of 1969, such balance shall within sixty (60) days after the end of such fiscal year be used as follows:

(1) To retire or redeem outstanding Bonds of 1969, 1974 or 1976 (or prepayments on the Fully Registered Bonds) in inverse numerical and maturity (or in inverse chronological) order, at not exceeding the call prices (or redemption or prepayment terms), in accordance with the respective terms and conditions thereof; as may be determined by the governing body of the City; or

(2) To transfer additional amounts to the Depreciation Fund of 1969, provided, however, that no such transfer shall be made unless there shall have first been accumulated in the 1956 Operation and Maintenance Fund a surplus equal to the cost (not otherwise provided) of maintaining and operating the public water, sewer and natural gas project during the remainder of the current fiscal year and the succeeding like year; or

(3) To pay principal and interest requirements of any outstanding junior and subordinate obligations against said public water, sewer and natural gas project, or any part thereof.

the System with reference to water and sewer services, shall be kept, and all provisions of the 1962 and 1963 Bond Ordinances, authorizing the issuance of the Bonds of 1962 and 1963, respectively, are hereby expressly ratified and confirmed, and shall inure to the benefit and security of the holders of said previously issued Bonds, respectively. From and after the retirement of said Bonds of 1962, the entire income and revenues of the Water, Sewer and Natural Gas System of the City shall constitute income and revenues of the combined and consolidated Water, Sewer and Natural Gas System, as hereinbefore more fully defined.

Section 16. Fiscal Year. From and after the issuance and delivery of the Bonds of 1976, and so long as any of said Bonds of 1976 remain outstanding and unpaid, said municipal Water, Sewer and Natural Gas System shall be operated on a fiscal year basis beginning each November 1 and ending on each ensuing October 31 (the same fiscal year previously designated by said previous Bond Ordinances, even though the Bonds of 1969, the Bonds of 1974, and the Bonds of 1976 are scheduled to mature on February 1 of each year), but subject to such accounting adjustments as may be necessitated by the requirements of the three separate Bond Issues of 1962, 1963 and 1969, and on that basis the income and revenues of said System shall be collected, segregated, accounted for and distributed as hereinafter provided.

Section 17. Provisions of Bond Ordinance of 1963 As to Flow of Funds Incorporated Herein. Recognition is hereby taken of the provisions of Section 13 of the 1963 Bond Ordinance, providing substantially as follows:

(A) All of the revenues of the project are initially required to be deposited into the "City of Prestonsburg Water and Sewer Revenue Fund of 1956," which is the "1956 Revenue Fund" created in Section 8 of the 1956 Bond Ordinance. Separate accountings were therein required, and the same are hereby recognized, acknowledged and ratified,-except insofar as it appears and has been shown that certain Bonds therein referred to as being outstanding have now been retired, and need no longer to be referred to. Taking said bond retirements into account, the provisions of the 1956 Ordinance are restated, as follows:

(1) A separate accounting is required of revenues of the water and sewer systems so long as any of the Bonds of 1962 are outstanding., pursuant to the 1962 Bond Ordinance, and amounts are required to be deposited into the 1956 Bond Fund (Sinking Fund of 1956) to deposited therein for the previous month, based on estimates made by the City's Utility Commission, said 1956 Operation and Maintenance Fund to be maintained for the purpose of providing for the payment of current expenses of the project as therein defined.

(E) It is further provided in the 1963 Bond Ordinance that if after due observance of the respective priorities of transfers, there shall remain a balance in the 1956 Revenue Fund in excess of the estimated amounts required to be so transferred into each and all of the aforesaid special funds during the succeeding three months, all or any part of such excess may, upon order of the City Council, be transferred and deposited in whole or in part into any of said special funds, or same may be transferred over into the General Fund of the City and-or used for any other lawful purpose.

Section 18. Recognition and Confirmation of Additional Flow of Funds Required By the 1969 Ordinance. It is hereby recognized that the foregoing provisions of the 1963 Bond Ordinance provide that the City shall, out of the revenues of the 1956 Revenue Fund, transfer all amounts necessary to provide for the Bonds of 1962 and the Bonds of 1963, and to provide for operation and maintenance and for the designated depreciation funds, and said 1963 Bond Ordinance further provides that if, after all of such requirements have been complied with, there shall remain in the 1956 Revenue Fund a balance in excess of the estimated amounts required to be so transferred into each of said special funds during the succeeding three months, all or any part of such excess may, upon order of the City Council, be transferred and deposited in whole or in part into any of said special funds, or same may be transferred over into the General Fund of the City and used for any lawful purpose. In view of the recitations which were made in the 1969 Ordinance, to the effect that at the time of issuance of the 1969 Bonds all of such previous commitments had to be complied with; and by reason of the fact that such recitations have been reviewed and confirmed as being correct, it is hereby certified that it is contemplated that said System will produce sufficient revenues to meet all of the aforesaid requirements and to produce a surplus in said 1956 Revenue Fund in an amount sufficient to enable same to be transferred by order of the City Council and used for the purposes prescribed in the 1969 Ordinance, the 1974 Ordinance, and in this 1976 Ordinance, it being hereby affirmatively found and determined by the City Council that the same constitute lawful public purposes.

month in which deposits shall be made under subsection (1) above, a sum equal to seventy-five per cent (75 pct.) of the revenues remaining in the Revenue Fund of 1969 after providing for the payment of principal and interest in subsections (1) and (2) above.

Said monthly transfers set out in the foregoing three paragraphs of this Section shall continue until there shall have been accumulated in said Sinking Fund of 1969 an amount sufficient to pay the interest and principal of the Bonds of 1969, the Bonds of 1974, and the Bonds of 1976, as same shall become due during the ensuing one year period, and to accumulate an additional amount as a debt service reserve (of 1969) in the sum of \$79,800 (being an amount equal to more than the maximum amount of principal and interest requirements falling due on the Bonds of 1969, the Bonds of 1974, and the Bonds of 1976, in any year hereafter), to be held on deposit as a part of said Sinking Fund of 1969 and designated as the "City of Prestonsburg Water, Sewer and Natural Gas System Sinking Fund Reserve of 1969," sometimes referred to herein as the "Reserve Fund of 1969," or as the "Sinking Fund Reserve of 1969." Thereafter the City shall in like manner and amount make such payments as may be necessary to be made until there has been accumulated and there is being maintained in said Sinking Fund of 1969 such amounts as will be sufficient to pay the interest and principal next becoming due on the outstanding Bonds during the ensuing one year period, and at all times to accumulate, maintain, and whenever necessary, to restore, said Reserve Fund of 1969 in said minimum amount of \$79,800.

On or before the fifteenth day of January and July in each year, the payee bank shall transfer from the Sinking Fund of 1969 (and from the Reserve Fund of 1969, if necessary), a sum equal to the interest, or a sum equal to the principal and interest, as the case may be, becoming due on the next following respective February or August 1, with respect to the Bonds of 1969, the Bonds of 1974, and the Bonds of 1976, and deposit the same in a "City of Prestonsburg 1969, 1974 and 1976 Bond and Interest Payment Account," hereby created, and shall notify the Alternate Paying Agent and-or the Fiscal Agent that the same is held as a trust fund to be drawn upon by the Paying Agent and-or the Fiscal Agent to pay maturing coupons, and-or interest installments, or Bonds and coupons, andor principal and interest installments, as the case may be, of the Bonds of 1969, the Bonds of 1974, and the Bonds of 1976, upon presentation thereof on or after maturity 66.480.

(C) City of Prestonsburg Waterworks, Sewer and Natural Gas System Depreciation Fund of 1969

There was created in the 1969 Ordinance a fund known as the "City of Prestonsburg Water, Sewer and Natural Gas System Depreciation Fund of 1969' (hereinafter sometimes called the "Depreciation Fund of 1969"), into which, subject to the foregoing disposition of the revenues of said public water, sewer and natural gas project, there shall be set aside and paid, in each month, as the next payment from said Revenue Fund of 1969, all of the remaining funds in said Revenue Fund of 1969, and said deposits shall continue and be made whenever necessary until there has been accumulated and is being deposited in said Depreciation fund of 1969, the sum of at least \$90,800 (being an amount equal to more than 10 pct. of the total cost of the 1969 and 1974 projects, and the estimated cost of the 1976 project), as a 'Depreciation Reserve of 1969," which Reserve shall continue to be maintained, and when necessary, restored to said

amount.

There shall also be deposited in said Depreciation Fund of 1969, the proceeds from the sale of any equipment no longer usable or needed, fees or charges collected from potential customers to aid in the financing of the cost of extensions and improvements and the proceeds of any property damage insurance not immediately used to replace the damaged or destroyed property. Moneys in said Depreciation Fund of 1969 shall be available and shall be withdrawn and used (with or without other funds on deposit in other depreciation funds created in connection with previously issued bonds), upon appropriate certification to the payee bank, for the purpose of paying the cost of making unusual or extraordinary maintenance, repairs, renewals and or replacements to the public project not otherwise included in the Annual Budget of Current Expenses, which would be necessary to keep the System in good operating condition, but only when there is not sufficient money for such purpose included in the Annual Budget, or for paying the cost of constructing replacements, improvements or extensions to the project; provided, however, that in the event the available balance in the Sinking Fund of 1969 and Sinking Fund Reserve of 1969 on any January 20 or July 20 shall be insufficient to pay the next maturing installment of interest and-or principal on the Bonds of 1969, 1974 and 1976, the City shall withdraw and transfer from said Depreciation Fund of 1969 such amounts

Section 19. Determination By City That Proportions of Deposits Are Correct. The City Council of the City hereby finds and determines that the allocation of the gross revenues of said public water, sewer and natural gas project into the respective funds hereinabove set out, in the proportions and priorities set out above, is proper and sufficient for the respective purposes thereof.

Section 20. Rates and Charges For Services of the Project. While the Bonds of 1976 authorized hereunder, or any of them, remain outstanding and unpaid, the rates for all services and facilities rendered by said public Water, Sewer and Natural Gas System to said City and to its citizens, corporations, or other requiring the same, shall be reasonable and just, taking into account and consideration the cost and value of said project, and shall be adequate to provide not less than (a) the principal and interest requirements of the outstanding previously issued Bonds of 1962 and 1963, and the current payments required by the 1962 and 1963 Bond Ordinances to be made in the various funds including 100 percent of the cost of maintaining and operating the project, plus (b) 125 percent of the amounts necessary to meet payments of interest of and principal on the Bonds of 1969, 1974 and 1976, such amounts being considered adequate to provide for the accumulation and maintenance of the Sinking Fund of 1969, the Sinking Fund Reserve of 1969, and the Depreciation Fund Reserve of 1969, and there shall be charged such rates and amounts as shall be adequate to meet all requirements of the provisions of the 1969 and 1974 Bond Ordinances, and of this 1976 Ordinance. Compensation for services and facilities rendered to the City shall be paid out of the corporate funds of the City by monthly payments into the Revenue Fund of 1956 the same as other income and revenues of said public project are paid, and shall then be apportioned as other income and revenues thereof are required by this Ordinance to be apportioned among the various funds. Prior to the issuance of the Bonds of 1969, a new 1969 schedule of rates and charges for the services to be afforded by said project to all users was established and adopted by separate rate ordinance which provided, among other things, for operation of the public project on a fully metered basis, and without any free service or preferential customers. Subsequent to the issuance of the 1969 Bonds, the City Council has authorized various increases in rates and charges. All of such provisions and increases are

hereby ratified and confirmed.

The City will not at any time make any reduction in any prevailing schedule of rates and charges for the use of the services and facilities of the System without first obtaining the written determination of an Independent Consulting Engineer, as defined herein, to the effect that the proposed reduction will not adversely affect the ability of the City to meet all of the requirements of this Ordinance.

Section 21. Parity Bonds, Inferior Bonds, And Surplus Facilities.

(a) Parity Bonds. The City shall not, so long as any of the Bonds of 1969, 1974 or 1976 are outstanding, issue any additional Bonds payable from the revenues of said System unless the lien or pledge of the revenues or other security to secure such additional Bonds is made inferior and subordinate in all respects to the security of said Bonds of 1969, 1974 and 1976; provided, however, that the City may issue Bonds ranking on a parity with the Bonds of 1969, 1974 and 1976 with the consent of the holders of 95 percent in amount of the Bonds of 1969, 95 percent in amount of the Bonds of 1974, and 95 per cent in amount of the Bonds of 1976, for the purpose of (a) paying the cost, not otherwise provided, of the completion of the 1976 project, or (b) to finance future extensions, additions or improvements to the project. In the event that the cost of completing the project is in excess of funds available from bond issue proceeds and other sources, the City agrees to deposit the excess amount required into the Construction Account out of other funds of the City.

(b) Inferior Bonds. The City further reserves the right at any time or times to issue its bonds or other obligations payable from the revenues of the combined and consolidated System and not ranking on a basis of equality and parity with the Bonds of 1969, 1974 and 1976, without any proof of previous earnings or net revenues, and without the consent of the holders of any of the Bonds of 1969, 1974 or 1976, but (after the initial completion of the 1976 project) only if such other bonds or obligations are issued to provide for additions, extensions or improvements to the System and only if such other bonds or obligations are issued in express recognition of the priorities, liens and rights created and existing for the security, source of payment and protection of the Bonds of 1969, 1974 and 1976, and any parity Bonds; provided, however, that nothing in this Section is intended to restrict, or shall be construed as a restriction upon, the ordinary refunding of the Bonds of 1969, 1974 or 1976, or of any parity Bonds.

(c) Permissible Disposition of Surplus Facilities. The City covenants and agrees that so long as any of the Bonds of 1969, 1974 and 1976 are outstanding, it will not sell or otherwise dispose of any of the facilities of the public project, or any part thereof, and, except as provided for above, it will not create or permit to be created any charge or lien on the revenues thereof ranking equal or prior to the charge or lien of the Bonds of 1969, 1974 and 1976. Notwithstanding the foregoing, and subject to the rights of the holders of the previously issued Bonds, the City may at any time permanently abandon the use of or sell at the fair market value, any part of the facilities of the project, provided that:

(a) It is in compliance with all

the insurable portion(s) of all of the holder a written report of the findings System facilities.

The foregoing fire and extended coverage insurance shall be procured and maintained whenever and so long as any of the Bonds of 1969, 1974 and 1976 are outstanding and shall be in amounts sufficient to provide for not less than full recovery

(b) Builders Risk Insurance During Construction. The City shall procure and maintain or cause to be procured and maintained throughout the period of construction of the 1976 project, builders risk insurance on the 1976 Project to the extent of 100 percent of cost.

In the event of any damage to or destruction of any part of said System, the City shall promptly arrange for the application of the insurance proceeds for the repair and reconstruction of the damaged or destroyed portion thereof.

(c) Liability Insurance On Facilities. Upon receipt of the proceeds of the sale of the 1976 Bonds, the City shall, if such insurance is not already in force, procure and maintain, so long as any of the Bonds of 1969, 1974 or 1976 are outstanding. public liability insurance relating to the operation of the facilities of the System, with limits of not less than \$200,000 for one person and \$500,000 for more than one person involved in one accident, to protect the City from claims for bodily injury and-or death; and not less than \$100,000 per accident and \$200,000 aggregate from claims to property of others which may arise from the City's operation of the public project, or any part thereof.

(d) Vehicle Liability Insurance. If and to the extent that the City owns and operates one or more vehicles in the operation of the System, upon receipt of the proceeds of the Bonds of 1976 the City shall, if such insurance is not already in force, procure and maintain, so long as any of the Bonds of 1976 are outstanding, vehicular public liability insurance with limits of not less than \$200,000 for one person and \$500,000 for more than one person involved in one accident, to protect the City from claims for bodily injury and-or death, and not less than \$100,000 from claims for damage to property of others which may arise from the operation of such vehicles by the City. (e) Insurance To Comply With Government Requirements. Notwithstanding the provisions of (a), (b), (c) and (d) above, the City shall during construction and thereafter, so long as the Government holds any of the Bonds of 1969, 1974 or 1976, carry insurance, and during construction require each contractor and subcontractor to carry insurance, of such types and in such amounts as the Government may specify, with insurance carriers acceptable to the Government.

Section 24. Records, Audits and Reports. The City hereby irrevocably covenants and agrees with the holder or holders of said Bonds of 1969, 1974 and 1976, that so long as any of said Bonds are outstanding, (a) that the City will keep proper books of record and account, separate and clearly distinguishable from all other municipal records and accounts, showing complete and correct entries of all transactions relating to said System and the same shall be available and open to inspection by any bondholder and by any agent or representative of a bondholder; and (b) that the City will within ninety days after the end of each fiscal year, cause an audit to be made of the books of record and account pertinent to said System, by an independent statelicensed accountant not in the employ of the City on a monthly salary basis, showing all receipts and disbursements with comments of said accountant concerning whether the books and records are being kept in compliance with this Ordinance and in accordance with recognized accounting practices, and will promptly cause a copy of the audit report to be filed in the office of the City Clerk where it will be available for public inspection, and the City will promptly mail a copy thereof to the original purchaser or purchasers of the Bonds of 1976. If requested to do so, the City will furnish to any bondholder a condensed form of the Balance Sheet, and a condensed form of the Operation Report, in reasonable detail. All expenses incurred in causing such audits to be made and copies distributed, shall constitute proper expenses of operating and maintaining said project and may be

and recommendations made as a result of said inspection.

E. That as provided in KRS 96.934 and other applicable legal provisions, the City will at all times by Ordinance provide that water service to any premises will be discontinued upon delinquency of payment for sanitary sewer service to the same premises, according to such reasonable regulations in that connection as may be promulgated and made effective from time to time; and the City further reserves the right through its Utilities Commission, to render bills for water service, for sewer service, and for natural gas service, at the same time or at different times, and on the same bill forms or on one or more separate bills, as may in the discretion and judgment of said Utilities Commission best serve the City in the interests of efficiency and economy in the administration and operation of the project.

F. Notwithstanding any other provisions hereof, so long as any of the Bonds are held by the United States Government, the City shall comply with all of the terms and conditions of any Government Loan Agreement, and, specifically, with the Loan Agreement between the City and the FmHA for the 1976 Project, being Project No.

Section 26. Arbitrage Covenants. In this Section unless a different meaning clearly appears from the context:

(a) "Code" means the Internal Revenue Code of 1954 of the United States of America, Title 26 of the United States Code, as amended to the date of adoption of this Ordinance or as hereafter amended, including valid Regulations of the Department of the Treasury thereunder;

(b) References to a provision of the Code by number or letter include reference to any law hereafter enacted as amendment to or substitute for such provision:

(c) Words which are used herein and in Section 103 of the Code shall have the meaning given to such words in or pursuant to said Section;

(d) "Bonds" means the "City of Prestonsburg Water, Sewer and Natural Gas System Revenue Bonds, Series of 1976," authorized in and by this Ordinance

(e) "City" means the City of Prestonsburg, Kentucky.

(2) The City shall at all times do and perform all acts and things permitted by law and necessary or desirable in order to assure that interest paid by the City on the 1976 Bonds shall, for the purposes of Federal income taxation, be exempt from income taxation under any valid provision of law.

(3) The City shall not permit at any time or times any of the proceeds of the 1976 Bonds or other funds of the City to be used directly or indirectly to acquire any securities or obligations the acquisition of which would cause any such Bond to be an "arbitrage bond" as defined in subsection (d) (2) of Section 103 of the Code as then in effect and to be subject to treatment under subsection (d) (1) of said Section as an obligation not described in subsection (a) (1) of said Section, unless, under any valid provision of law hereafter enacted, the interest paid by the City on the Bonds

in any ordinance or other proceedings pertaining hereto; and (b) provided further, that the holders of eighty per cent (80 pct.) in principal amount of the Bonds of 1969, the Bonds of 1974, and the Bonds of 1976, at any time outstanding, shall have the right to consent to, and approve the adoption of ordinances, resolutions or other proceedings, modifying or amending any of the terms or provisions contained in this Bond Ordinance, subject to the provision that this Ordinance shall not be so modified in any manner that may adversely affect the right of all holders of the Bonds of 1969, 1974 or 1976 then outstanding, or to reduce the percentage of the number of holders whose consent is required to effect a further modification; and provided also, that as set out in Section 21 hereof, the consent of the holders of ninety-five per cent (95 pct.) in amount of the outstanding Bonds of 1969, also of the Bonds of 1974, and also of the Bonds of 1976, is required for the issuance of Bonds ranking on a parity with the Bonds of 1969.

Section 28. Bondholders' Remedies. That any holder of said Bonds of 1969, 1974 or 1976, or of any of the coupons, may, either at law or in equity, by suit, action, mandamus, or other proceedings, enforce and compel performance by said City and its officers and agents of all duties imposed or required by law or by this Ordinance in connection with the operation of said public project, including the making and collecting of sufficient rates, the segregation of the income and revenues and the application thereof in accordance with the provisions of this Ordinance.

If there be default in the payment of the principal of or interest on any of said Bonds of 1969, 1974 or 1976, then, upon the filing of suit by any holder of said Bonds or coupons, any court having jurisdiction of the action may appoint a Receiver to administer said System on behalf of said City, with power to charge and collect rates and charges for the services and facilities provided by said System sufficient to provide for the payment of any and all System Bonds or obligations outstanding, and the interest thereon, and the expenses of operation and maintenance, and to apply the income and revenues in accordance with the provisions of this Ordinance, and of the applicable statutes of Kentucky, and to take such other action as may be appropriate for the protection of any such holder, within the applicable legal provisions.

A default shall automatically be deemed to exist within the meaning of the foregoing whenever any principal or interest payment required to be made by this Ordinance remains unpaid for more than thirty (30) days. If and when there is ever an insufficient amount to pay principal and interest of the Bonds of 1969, 1974 and 1976, when due, any amounts available shall be used first and applied in pro rata payment of all interest due, with past due interest having first priority, and the balance shall be applied in payment of outstanding Bonds of 1969, 1974 and 1976, subject to the vested rights and priorities in favor of the holders of previously outstanding and issued Revenue Bonds, in accordance with the terms and provisions thereof. Provided that no holder shall be compelled to accept payment at any time of

Introduced, adopted, approved and ordered published by the City Council of the City of Prestonsburg, Kentucky, at a meeting held on May 27, 1976. Approved:

WILLIAM O. GOEBEL, JR. Mayor City of Prestonsburg, Kentucky

(SEAL)

ATTEST BEVERLY M. HACKWORTH City Clerk

#### CERTIFICATION

I, Beverly M. Hackworth, hereby certify that I am the duly qualified and acting City Clerk of the City of Prestonsburg, Kentucky; that the foregoing Ordinance is a true copy of an Ordinance duly adopted by the City Council of said City, at a properly convened meeting of said City Council held on May 27, 1976, as shown by the official records in my custody and under my control; that said Ordinance has been ordered to be published as required by law; and that said Ordinance appears as a matter of public record in the City Ordinance Book. IN WITNESS WHEREOF, I have hereto set my hand as City Clerk and the official seal of the City, this 28th day of

May, 1976. BEVERLY M. HACKWORTH **City Clerk** City of Prestonsburg, Kentucky

(SEAL) 6-16-2t.

#### L'ville Woman Named To State Commission

Frankfort, Ky.-Celia Creal McDonald has been appointed administrative assistant to the Kentucky Commission on Women, according to Commissioner-Chairperson Marie Abrams.

McDonald's duties will include assisting the Executive Director, Carrol Smith, in research and development of programs, in addition to co-editoring publications.

A resident of Louisville, she has been public relations director of the Kentucky Lung Association since 1974. Prior to that time, she was administrative assistantpublic information officer for the Jefferson County Air Pollution Control District. She presently serves as president of the Mid-Kentucky Chapter of Women in Communications; on the executive board of strategies for Environmental Control; on the executive board of the International Association of Business Communicators; and is a member of the Kentucky Press Women.

The commission was established in 1972, for the purpose of promoting, encouraging and providing advisory assistance to the women in the state.

WASHINGTON-The first prototype B-1 bomber completed its flight performance tests last Friday at Edwards Air Force Base, Calif., the Pentagon announced.

Dr. Dan Spurlock wishes to announce that

DR. JOHN C. ADLER

Will assume his practice in the middle of June, and that records remain available at the office in the Archer Memorial Clinic, Prestonsburg, Ky.

covenants and undertakings in connection with all of the Bonds then outstanding and payable from the revenues of the System, and all sinking fund reserves for all such Bonds have been fully established;

(b) It will, in the event of any such sale, apply the proceeds to either (1) redemption of outstanding Bonds in accordance with the provisions governing prepayment of Bonds of the respective issues in accordance with the priorities thereof, in advance of maturity, of (2) replacement of the facility so disposed of by another facility, the revenues of which shall be incorporated into the public project as hereinbefore provided;

(c) It certifies, in good faith, prior to any abandonment of use, that the facility or facilities to be abandoned are no longer economically feasible or producing net revenues;

(d) It certifies, in good faith, that the estimated net revenues of the remaining facilities of the public project for the then next succeeding fiscal year, plus the estimated net revenues of the facility or facilities, if any, to be added to the public project, are adequate to enable the City to meet all of the requirements of the previous Bond Ordinances and of this 1976 Bond Ordinance;

(e) Notwithstanding any other provisions hereof, so long as any of the Bonds of 1969, 1974 or 1976 are held by EDA or FmHA, the City shall not dispose of its title to the System or to any useful part thereof, without first obtaining the written consent of EDA and FmHA.

Section 22. All Bonds of the 1969 and 1974 Issues And of This 1976 Issue Are Equal. The Bonds of 1969, the Bonds of 1974, and the Bonds of 1976 authorized hereunder, and from time to time outstanding, shall not be entitled to priority one over the other in the application of the income and revenues regardless of the time or times of their issuance, it being the intention that there shall be no priority among any of the Bonds of 1969, 1974 and 1976 regardless of the fact that they have been issued and delivered at different times, subject to the provisions of Section 21 (Parity Bonds, Inferior Bonds, And Surplus Facilities).

#### Section 23. Insurance.

(a) Fire and Extended Coverage. If and to the extent that the municipal Water, Sewer and Natural Gas System includes structures above ground level, upon acceptance of the completed 1976 construction project from the contractor(s), the City shall, if such in-

purposes, as herein provided. So long as the United States Government shall hold any of the Bonds of 1969, 1974 or 1976, the City shall, in addition to the foregoing, furnish operating and other financial statements in such form and substance, and for such periods, as may be requested by the Government. Section 25. General Covenants. The City covenants that so long as any of the Bonds of 1969, 1974 or 1976 are outstanding, as follows:

paid from revenues allocated for such

A. It will at all times operate said System on a revenue-producing basis, and will permit no services to be rendered free of charge or without full compensation.

B. It will at all times maintain said System in good condition through application of revenues accumulated and set aside for operation and maintenance as herein provided, and will make renewals and replacements, as the same may be required, through application of revenues accumulated and set aside into the respective Depreciation Funds.

C. It will not permit any competing water, sewer or natural gas system, public or private, to sell or serve water, sewer or natural gas service to customers within the City limits and its outside service area, to the extent that the City is legally able to prevent same. D. It will retain a firm of Independent Consulting Engineers to inspect the System and its operation at least once in each period of five years and will cause surance is not already in force, procure such firm to file with the City Clerk and fire and extended coverage insurance on make available to any interested bond-

shall be excludable from the gross income of a recipient thereof for Federal income tax purposes without regard to compliance with the provisions of subsection (d) of Section 103 of the Code.

(4) In order to assure compliance with this Section, thereby better securing and protecting the holders of the Bonds and the City, the City from the date of adoption of this Ordinance covenants that it shall not purchase any obligation or invest or direct any Depository Bank to, and no Depository Bank shall, invest the proceeds of said 1976 Bonds in any obligations that produce a yield in excess of such applicable maximum yield as may be permitted by the Code.

(5) The City further covenants that prior to the issuance of said 1976 Bonds and as a condition precedent to such issuance the City shall certify by issuance of a certificate, supplemental to this Ordinance, of a City Officer having responsibility for the receipt, disbursement, use, and investment of the proceeds of the 1976 Bonds and of the revenues of the City, that on the basis of the facts, estimates, and circumstances in existence on the date of issue of said 1976 Bonds it is not expected that the proceeds of said issue of 1976 Bonds will be used in a manner that would cause such obligations to be arbitrage bonds, such certificate to be made in accordance with the provisions of Internal Revenue Service Regulations 1.103-13(a)(2)(ii) adopted by the Department of the Treasury, Internal Revenue Service, pursuant to Section 103(d) of the Code.

Section 27. Contractual Nature of Ordinance. The provisions of this Ordinance, and of the 1969 and 1974 Ordinances, shall constitute a contract between the City and the holders of the Bonds of 1969, 1974 and 1976, and after the issuance of any of such Bonds of 1976, no change, variation, or alteration of any kind in the provisions of this Ordinance shall be made in any manner except as herein provided until such time as all of said Bonds of 1969, 1974 and 1976 and the interest thereon have been paid in full; provided (a) that the governing body of the City may adopt an Ordinance to evidence the succession of another Bank(s) or Trust Company as payee bank, depository, depositories, alternate paying agent and-or Bond Registrar and may enact any other Ordinance for any other purpose not inconsistent with the terms of this Ordinance, and which shall not impair the security of the bondholders, for the purpose of curing any ambiguity, or of curing, correcting or supplementing any defective or inconsistent provisions contained herein or

less than the full amount of any individual Bond. In the event of default, each defaulted Bond and each defaulted coupon shall continue to bear interest after maturity until the necessary funds are made available for the payment thereof, at the rate of six per cent (6 pct.) per annum.

Section 29. Ordinance Requiring Sewer Connections Is Contractual. It is hereby represented that the City Council of the City has heretofore enacted an Ordinance requiring that all sources of flowable sewage be connected to the municipal sewer system if and when connection is available, or as soon as the same may be made available, and declaring that all unconnected sources of flowable sewage, where sewers are or may hereafter be made available, shall constitute a public nuisance which shall be abated; and establishing penalties and effective dates; and it is hereby covenanted that no changes which may adversely affect the rights of the holders of any of the Bonds of 1969, 1974 or 1976, shall be made in the requirements specified in said Ordinance so long as any of the Bonds of 1969, 1974 or 1976 are outstanding.

Section 30. Provisions In Conflict Repealed. That all ordinances, resolutions and orders, or parts thereof, in conflict herewith, are, to the extent of such conflict, hereby repealed, and it is hereby specifically ordered and provided that any proceedings heretofore taken for the issuance of other bonds payable or secured in any manner by all or any part of the income and revenues of said System, or any part thereof, and which have not heretofore been issued and delivered, are hereby revoked and rescinded, and none of such other bonds shall be issued and delivered.

Section 31. Signatures of Officers. If any of the officers whose signatures or facsimile signatures appear on any of the Bonds of 1976 or appurtenant coupons cease to be such officers before delivery of said Bonds, such signatures shall nevertheless be valid for all purposes the same as if such officer had remained in office until delivery, as provided in KRS 58.040 and KRS 61.390.

Section 32. Severability Clause. If any section, paragraph, clause or provision of this Ordinance shall be held invalid, the invalidity of such section, paragraph, clause or provision shall not affect any of the remaining provisions of this Ordinance.

Section 33. Effective Date of Ordinance. That this Ordinance shall take effect from and after its adoption, approval and publication as provided by law.

We Also Have Custom Draperies, Wallpaper and Window Shades.

### **Community Gardening Idea Grows**

GOOD OLD FASHIONED COOPERATION -- A ten-acre community garden funded by Gov. Carroll's allocation of \$2,312 is ploughed (above), watered (left), and planted (right). The project is a result of work between state and local agencies, neighbors and friends who have pulled together their resources to provide fresh vegetables for older citizens in the Gateway area.

Owensville, Ky.-Gov. Julian Carroll's plans to provide fresh, locally grown vegetables for Kentucky's elderly may be a greater idea than he had even hoped for-at least, this seems to be the case in the Gateway Area Development District.

The entire yield of a half-mile tract of land will be divided among as many as 400 disabled and elderly citizens of the five-county area. The counties are Bath, Menifee, Montgomery, Morgan and Rowan

More than five tons of Irish seed potatoes have been planted in the 10-acre project and could, depending on the weather, result in 100,000 pounds of produce.

While an average family garden may have about a cup of beans planted in it, Gateway's community garden has 100 pounds of beans already under the soil. By the time the garden is set, there will also be 250 pounds of seed corn ready to germinate and about 150 pounds of onion

#### Notice of Intention to Mine

In accordance with the provisions of KRS 350.055, notice is hereby given that: WOLVERINE MINING COR-PORATION, Route 3, Box 738, Salyersville, Kentucky 41465, intends to file an application for the surface mining of approximately 42 acres located North of Training Act which funds jobs Rough and Tough in Floyd county. The programs.) This not only provided the proposed operation is approximately 4 necessary manpower to plant and narmiles West of State Route 114's junction vest the produce, it gave jobs to local with Rough & Tough and located South of Middle Creek. The surface of the area to be mined is out those who will eventually receive the owned by: Elsa Prater, Malcom Prater, Clora Miller, Kennie Miller, and Wolverine Coal. A brief description of the kind of mining activity proposed is Strip and Auger. The application will be filed at the Division of Reclamation, Prestonsburg Area Office, Prestonsburg, Ky. 41653. Persons wishing to object to the Department for Natural Resources and Environmental Protection as to the issuance of a mining permit must do so in accordance with KRS 224.081 (2) and must forward same to the Director, Division of Reclamation, Capital Plaza Tower, Frankfort, Kentucky 40601. 1t.

sets will be planted in rows a half mile long

When 3,000 cabbage plants did not arrive at a nearby Morehead railyard, a local farmer donated 1,000 of his own plants. This is just one example of an important by-product of the community garden project that no one could anticipate-good old-fashioned cooperation.

The Gateway Area Development District donated the use of their 10 acres and in case transporting the produce at harvest time requires every truck owned by the five counties, they have been offered. When the garden recently needed water, a fire truck was there to provide

The community project has brought together farmers, state and local agencies of government, volunteers and many others. Sid Stewart, director of the Gateway Community Services Organization brought two mules from his own small farm to help plow the garden. 'Everyone wants to get into the act," he said. "It has turned into a real picnic." Department for Human Resources funds used to start the garden totaled \$2,312. Along with the money, the department located some 50 CETA workers for the garden. (CETA is the federal Comprehensive Employment and

### **Branch Banks Being Erected**, Soon To Open

If Floyd county's building industry isn't what it should be, don't blame its banks. They themselves have four buildings under construction.

The structures being built and expected to be open for business by fall are branch banks. The First National Bank has one branch under way here on North Lake Drive and a second at Betsy Layne. The Bank Josephine has one branch going up at Harold and another at Garrett.

The Harold and Garrett branches will give the Bank Josephine five facilities in the county, counting its main bank and its North Lake Drive branch here and its Allen branch bank.

Its main bank here, and its Twin Bridges branch at Martin, plus the two branches under construction, will give the First National four banking facilities. Add to these the First Guaranty Bank in its new building at Martin and Floyd Federal Savings & Loan Association here, and the county has 11 banking facilities

### **Pike Mine Students Attain Dean's List**

Pikeville, Ky. - Pikeville College has announced 50 students have been named to the Dean's List for Mining Technology for the spring semester

To be eligible for the Dean's List, first year students must attain a minimum grade standing of 3.0 of a possible 4.0 and second year students a 3.14.

Those from Floyd county are the following: First year - Hobert Anderson, Halo; James C. Gore, Wheelwright; Walter Howard, Wheelwright; Johnny C. Stephens, Price; Joey Tackett, Weeksbury; Mark M. Weddington, Allen.

Second year - Gregory S. Hall, Garrett, and John A. Salisbury, Martin.

WASHINGTON - President Ford has asked Congress for \$200 million to help victims of the Teton Dam collapse in Idaho to "rebuild their lives and rebuild their communities.

### Stuck with a lemon?

A car that spends more time in the repair shop than in your driveway can really put the squeeze on your pocketbook. So trade it in for a new one, and when you do, see us about a low-cost auto loan. We can work out a repayment schedule for you that you can easily afford. You won't be squeezed - you'll just be pleased. Stop in soon.

citizens who were formerly unemployed. Human Resources will also be seeking

fresh vegetables. "People react positively when they see people like themselves out in a field like this, getting dirt under their fingernails. Some people came out because they couldn't believe there was such a thing as 11,000 pounds of seed potatoes," said stewart. "It's really something to stop and realize that the whole thing will only cost about \$3,500 total and every dollar spent could turn into \$10 worth of food.' Gateway's community garden is one of eight such projects funded in the state.

**Times Want Ads Get Results!** 

In addition to its two branches now under way, the Bank Josephine is enlarging its Allen branch and has emptied its main bank basement here in preparation for work which will enlarge that facility.

The bank-building boom began with the 'coal rush'' which has appreciably slowed, but it has been pointed out that it also reflects the confidence of financial leaders in the future of the county.

All four branch banks under construction will be of modern design, with the most sophisticated equipment.

The U.S. Department of Labor's Bureau of Labor Statistics predicts good job opportunities for chemistry graduates at all degree levels, according to the "Occupational Outlook Handbook in Brief.

#### Ordinance No. 8-76

City of Prestonsburg, Kentucky AN ORDINANCE OF THE CITY OF PRESTONSBURG, KENTUCKY, AUTHORIZING THE BORROWING OF MONEY (IF DEEMED NECESSARY), FOR INTERIM FINANCING IN AN-TICIPATION OF THE CITY'S ISSUANCE OF ITS "WATER, SEWER AND NATURAL GAS SYSTEM **REVENUE BONDS, SERIES OF 1976.**" ACCORDING TO THE CITY'S LOAN AGREEMENT WITH THE UNITED STATES OF AMERICA, ACTING THROUGH THE FARMERS HOME ADMINISTRATION OF THE DEPARTMENT OF AGRICULTURE; RECOGNIZING THE CITY'S ESTABLISHMENT AND CREATION OF A SPECIAL CONSTRUCTION FUND WHEREIN THERE SHALL BE DEPOSITED FROM TIME TO TIME MONEYS RECEIVED FROM ALL SOURCES FOR THE CONSTRUCTION OF THE PROJECT INTENDED TO BE FINANCED THROUGH THE ISSUANCE OF SUCH BONDS; AUTHORIZING THE EXECUTION AND DELIVERY OF PROMISSORY NOTES FROM TIME TO TIME IN EVIDENCE OF SUCH BORROWING; PLEDGING REPAYMENT OF SUCH BORROWINGS AND INTEREST THEREON FROM THE PROCEEDS OF SUCH BONDS; PRESCRIBING CON-DITIONS RELATING TO DISBUR-SEMENTS FROM SUCH CON-STRUCTION FUND: AND REIMBURSEMENT AUTHORIZING TO THE CITY, OR TO ITS UTILITIES COMMISSION. FOR ANY AD-VANCEMENTS WHICH MAY BE MADE IN LIEU OF BORROWING MONEY FROM A BANK.

WHEREAS, the City of Prestonsburg, Floyd County, Kentucky (the "City"), has entered into a "Loan Agreement" with the United States of America, acting through the agency of the Farmers Home Administration of the Department of Agriculture ("FmHA"), as represented by an FmHA Letter to the City contemplating the issuance by the City of \$150,000 "City of Prestonsburg Water, Sewer and Natural Gas System Revenue Bonds, Series of 1976," the proceeds thereof to be applied to the construction of improvements (the "1976 Project") to the existing municipal combined and consolidated Water, Sewer and Natural Gas System (the "System"), together with necessary appurtenances; and

WHEREAS, it is neither contemplated nor agreed that any portion of the FmHA Loan will be disbursed or otherwise made available to the City until the 1976 Project has been commenced and is approaching completion; but it is required, under the terms and conditions of the FmHA Letter, and according to prevailing FmHA regulations, that in anticipation of the receipt of the proceeds of the City's Revenue Bonds the City may, and is required to, either (a) advance its own available funds, if any, or (b) borrow money on an interim basis to provide for the payment of necessary costs and expenses of the 1976 Project, with provision that such advanced or borrowed money, and interest thereon, shall be repaid from the proceeds of said Bonds: and

WHEREAS, in order that the City's

the same to the credit of the City in the cipal of and interest on such Bonds. aforesaid 1976 Construction Fund, hereinabove created and established in the custody of said The Bank Josephine, Prestonsburg, Kentucky, simultaneously furnishing the Treasurer of the City a copy of a deposit slip, credit slip, or other proper evidence of such deposit. The authority hereby given to the Mayor and City Clerk shall include the execution of renewal notes in evidence of renewal and extension of notes becoming due, providing the aggregate of the principal amount of all such promissory notes outstanding and payable to said Bank shall not exceed \$150,000.00, and providing each note which is renewed or superseded is simultaneously cancelled by said Bank and transmitted to the Treasurer of the City. The rate of interest applicable to each note, and each renewal note, shall be six per cent (6 pct.) per annum.

Section 3. As permitted and contemplated by FmHA procedures and practices, the City hereby covenants and agrees with the aforesaid Bank named in Section 2 that upon issuance and delivery of the City's aforesaid Water, Sewer and Natural Gas System Revenue Bonds, Series of 1976, according to the terms and provisions of the FmHA Letter, the City will apply the proceeds thereof to whatever extent may be necessary in payment of the principal amount of all such notes then held by said Bank, together with interest thereon to the date of such payment, and the proceeds of said Bonds are hereby pledged therefor, and the same shall constitute a first and prior charge against the same.

Section 4. Upon the occasion of each request of the City for an advance by said Bank, it is agreed that there shall be tendered to said Bank a promissory note executed in the name and on behalf of said City by the Mayor and City Clerk in the amount of the advance then requested, accompanied by one or more vouchers, certificates, or other written instruments in appropriate form wherein it is certified or affirmed by Howard K. Bell, Consulting Engineers, Inc., Lexington, Kentucky, Consulting Engineers for the City, that to the extent the amount requested to be advanced represents payment to construction contractors, or to the Consulting Engineers, the same represents sums duly earned by and payable to such contractors or the Consulting Engineers, in accordance with a contract duly authorized and executed on behalf of said City, each such written instrument to bear an approving countersignature of the Mayor of the City. To the extent that the amount of any requested advance shall be for items not relating to construction contracts or compensation of the Consulting Engineers, it shall be certified by the City Treasurer, with the approving countersignature of the Mayor, that the requested advance represents an expenditure which may be properly made under FmHA loan procedures, and which is eligible for payment or repayment by the City from the proceeds of the aforesaid Revenue

Bonds There shall also be submitted with each such request for an advance, checks drawn upon the aforesaid "Construction Fund" aggregating the amount of such advance, each check to be signed by the Treasurer and countersigned Mayor; and upon approval of the request, acceptance of the promissory note by said Bank, and deposit of the amount thereof in the aforesaid "Construction Fund," said checks may be released or transmitted to the respective payees thereof, and the same shall represent authorized withdrawals from said Construction Fund. Section 8. This Ordinance shall be in

Frankfort, Ky.-The school drop-out problem is a major one, both for educators and for the communities and students who are its victims. But Kentucky schools can get assistance in finding a solution through the state's Title IV program.

Title IV, a consolidation of seven federal programs, includes funds which may be used to attack the drop-out problem

The Henderson Independent School District, experiencing a high drop-out rate of between 28 and 32 percent, applied for and received a grant for \$20,545 from Title IV. And the results indicate the money was well spent.

"It's done a good job of making the staff aware of the drop-out problem. And the best part is that they now feel they have a way to solve it.

The Henderson project attacked on three fronts-through the staff, the students and their parents.

No the faculty front, those involved in the project attended sessions which helped them develop communications skills and ways of dealing with parents. They also attended workshops which helped them widen their perceptions. For example, they learned that there are

alternate value systems which are as acceptable as the ones they hold. And the staff also received training in interaction analysis.

On the student front, the project screened students from the first grade through high school for potential dropouts. Then, students in the seventh through twelfth grades were given indepth, subjective screening. In the final stage, 13 "trainers" began working with 5 or 6 students, each from the higher grades. They provided individual counseling for these students, dealing primarily with the students' attitudeswhy they stay out of school for example, and what they do when they're absent. An initial investigation indicated that

low academic achievement and general lack of interest in school were two of the three key factors in the drop-out rate. Therefore, the individual counseling is expected to have a significant impact. The third key factor was low home

motivation, which was attacked on the parent front. First, parents with children in the fifth through eighth grades were surveyed on their students whose children were selected for counseling.

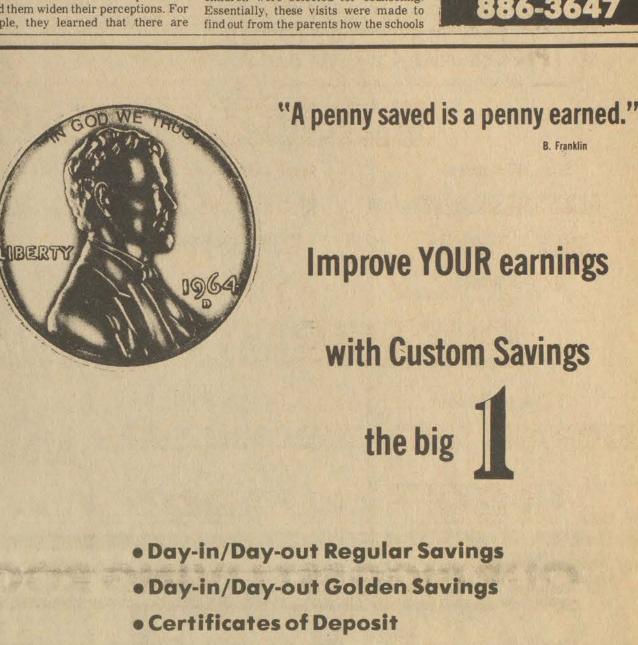

can help the children

"The home visits were a real revelation," said Georgia Sublett, a worker in the project. "Before, communication between the parents and school took place only when there was a crisis. This kind of communication could forestall a crisis.

'There's no scientific data available yet on the program's impact," she added. "But judging from the personal feelings of those involved, even in this first year, change has taken place."

In summing up the project, Superintendent Russell Below said that it would help the schools "keep people off the ash heap rather than find ways of putting them there.'

1976 Project may be undertaken, it is necessary that the City authorize and make provision for advancing and-or borrowing interim construction funds, and for the repayment thereof in the contemplated manner; and

WHEREAS, the City has made arrangements with The Bank Josephine, Prestonsburg, Kentucky, to borrow, if needed from time to time, up to \$150,000.00 for interim purposes pending the authorization, sale and delivery of such Bonds, upon condition that such loan, with interest thereon at the rate of six per cent (6 pct.) per annum be repaid to said Bank when such Bonds are issued and the proceeds thereof are received by the City,

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF PRESTONSBURG, KENTUCKY, DOES HEREBY ORDAIN, AS FOLLOWS:

Section 1. It is hereby recognized and acknowledged that for the purposes described in the preamble of this Ordinance the City Council, by a certain Ordinance concurrently adopted, has created and established a special and separate fund or account of the City, and the same has been designated as the "Water, Sewer and Natural Gas System Construction Fund of 1976" (the "1976 Construction Fund"). Said 1976 Construction Fund shall be maintained in The Bank Josephine, Prestonsburg, Kentucky, said Bank being a member of the Federal Deposit Insurance Corporation. There shall be deposited in said 1976 Construction Fund by the Treasurer of the City from time to time all moneys received from any and all sources which are obtained for the purposes of the aforesaid 1976 Project (except amounts provided to be set aside for capitalized interest), including moneys advanced by the City or its Utilities Commission, or borrowed from said identified Bank. A true and accurate separate accounting shall be made of all deposits in and disbursements from said 1976 Construction Fund, and at no time shall there be any commingling with other moneys of the said City of Prestonsburg, Kentucky.

Section 2. The borrowing, if needed, of up to the aggregate sum of \$150,000.00 from The Bank Josephine, Prestonsburg, Kentucky, is hereby authorized; and the Mayor and City Clerk are hereby authorized to execute in the name and on behalf of the City any number of negotiable promissory notes, in such form as may be prescribed by said Bank, each evidencing an advance of cash funds by said Bank to the City; and said Bank is hereby authorized and requested to make disbursement of the proceeds of each such promissory note by depositing

-)

City Clerk: BEVERLY HACKWORTH

#### City Treasurer: ANNA JEAN TACKETT

Said Bank is authorized to accept and rely upon genuine signatures of the said officials, as the same appear above, until such time as said Bank may be notified in writing by formal resolution or ordinance duly adopted by the City Council, that any or all of said officers no longer hold their respective offices, or until such time as they are notified of the delegation of authority to other officials.

Section 6. Moneys from time to time on deposit in said Construction Fund in excess of the amount secured by the Federal Deposit Insurance Corporation, if any, shall be secured by a valid pledge to the City of Prestonsburg, Kentucky, of direct obligations of, or obligations the principal of and interest on which are fully guaranteed by, the United States of America, having at all times a market value (exclusive of accrued interest), at least equal to the balance maintained on deposit therein. If at any time there should be on deposit in said Construction Fund moneys in excess of the estimated disbursements on account of the 1976 Project for the next ninety (90) days, the City reserves the right to direct that The Bank Josephine invest such excess funds in direct obligations of, or obligations the principal of and interest on which are guaranteed by, the United States Government, which shall mature not later than eighteen (18) months after the date of each investment and which shall be subject to redemption at any time by the holder thereof. Earnings received from any such investments shall be deposited by the City in the Construction Fund. Any moneys remaining in the Construction Fund after all costs of the 1976 Project have been paid and all loans and advances have been reimbursed, shall be promptly used to the extent possible for the redemption of the Bonds of the issue referred to herein; and any residue shall be deposited in the account established in the Bond-authorizing Ordinance for the payment of the prin-

length dress of polyester and cotton, lenoand-seersucker weaves. The gown had a square banded neckline, empire-style waistline, gathered dirndl skirt, and Juliet-style sleeves elasticized at the wrist. She carried two long-stemmed red roses accented with a white lace bow.

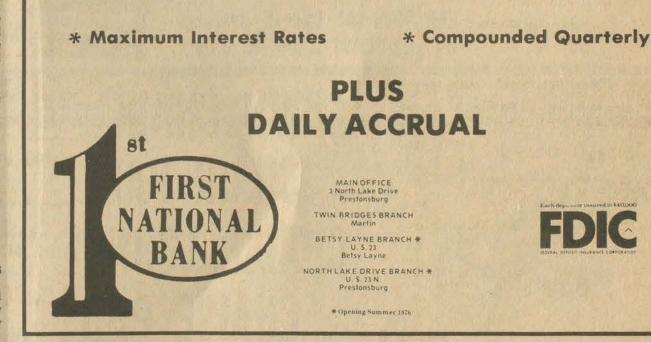

Honoring the saying, "Something old, something new," the bride was given the diamond ring of Mrs. Lula Martin, grandmother of the groom, to wear for the ceremony

Nicki (Waller) Tyson, of Sedalia, Ky., matron-of-honor, wore a floor-length red gown and carried a single red rose. Donnie Greenwell, of Waverly, Ky.,

served as best man. After a trip to Mammoth Cave, Mr. and Mrs. Martin returned to their home in Morganfield.

#### Librarians' Seminar

A seminar for librarians in the southeastern Kentucky area sponsored by the Kentucky 'Oral History Commission will be held at 10:30 a.m., June 30 at the Laurel County Public Library. The seminar's purpose is to familiarize librarians with the use of equipment such as cassettes and recorders in the collection of oral history.

The oral history project is aimed at collecting information which might be valuable for posterity from older citizens of Kentucky

Equipment will be available to civic and social groups as well as private individuals wishing to participate in this project.

Micheal Lee Mullins, project director of the Appalachian Oral History Project, will be conducting the seminar.

#### Most Gov't Records Now Open to Public

Frankfort, Ky. - Most state and local government records will be open to Kentuckians' inspection effective June

Legislation opening records was passed in this year's session of the General Assembly and affects any agency receiving as much as one-fourth of its funds from state or local governments.

Gov. Julian Carroll, on signing the bill, explained that "The only records that this bill would not open to the public without a court order are those which common sense or fair play dictate should be confidential.

Among records not open are adoption, welfare and income tax records and records that could lead to any unfair business advantage, such as public records pertaining to a prospective location of a business. Also excluded are records of law enforcement agencies that, if disclosed, would interfere with law enforcement actions.

The bill provides that a citizen refused access to a public record can request the state Attorney General to review the agency's denial and deliver an opinion. A person who successfully sues an agency in the circuit courts to get access to records will be awarded all costs, including attorney fees incurred in the litigation.

The federal government's first national conference on industrial safety met in Washington, D.C., in 1949, according to a publication of the U.S. Labor Department, "Important Events in American Labor History.

of Hindman. The project will upgrade the city's existing sewage treatment plant, repair three sewage lift stations and replace nine lift stations. Gov. Carroll explained that the project

would correct problems in the ciy's sewage facilities that have made the system costly, inoperable and a health hazard to the community.

The total cost of the project will be \$245,000. In addition to the ARC grant, local sources will provide funds totaling \$49,000. The city of Hindman will receive and administer the grant.

Branch area, duly incorporated as a part

of the city of Prestonsburg, Kentucky.

Be it ordained by the City Council of the

city of Prestonsburg, Kentucky, as

SECTION 1. That the City Council does

hereby authorize the construction and

financing of a sewer improvement

project pursuant to Chapter 107.030 of

Kentucky Revised Statutes, in the area

known as Mays Branch Area of the City

of Prestonsburg, Kentucky,

follows:

k

#### **214 To Be Graduated** An ordinance authorizing the construction and financing of a sewer improvement project pursuant to Chapter **From Mayo Vocational** 107.030 of Kentucky revised statutes, affecting the property known as Mays

graduated at 1:30 p.m. June 30 from Mayo State Vocational-Technical School, Paintsville, it was announced this week by James E. Dills, director. Dr. James B. Graham, Kentucky superintendent of public instruction, will deliver the commencement address.

Names of Floyd countians who will be

Fraley, Weeksbury.

SECTION 2. That said territory subject to be improved as set out in Section 1 hereof, is described as follows: "BEGINNING at a point in the existing

City limits line located on the northeast side of the Mays Branch Road where the present City limits line crosses Mays Branch Road; thence leaving the present City limits in a northeast direction to the top of the hill between Spradlin Branch and Mays Branch, corner of the property of Dr. David White; thence with the property line of Dr. David White, around the head of the hollow, and down the point to a point on the north side of the Mays Branch Road; thence in a southern direction to a point in the existing City limits line, located on a high point on the ridge between Mays Branch and Trimble Branch.

For more particular reference to the tract of land described, a map of said territory is filed with Richard Earl Martin, Civil Engineer, Prestonsburg, Kentucky

SECTION 3. The nature and scope of the improvement shall be the construction of a sanitary system for the sole benefit of said area.

SECTION 4. That the preliminary estimate of the costs of said project is the sum of \$91,812.00 as submitted in writing by Howard K. Bell Consulting Engineers, Inc., of Lexington, Kentucky; the said Howard K. Bell Consulting Engineers, Inc., holding a license from the Commonwealth of Kentucky.

SECTION 5. The cost of said project shall be determined upon the basis of construction bids publicly solicited and shall be binding upon the City and upon the owners of the property to be benefited by the proposed improvement whether the same turns out to be equal to, above, or below such preliminary estimate. Architects, engineers, fiscal agents may be employed without advertisement or competition.

SECTION 6. That the amount which the City of Prestonsburg, Kentucky, proposes to appropriate from available City funds towards the estimated costs of said project is \$50,000.00 and which is to be expended from Revenue Sharing Funds.

SECTION 7. That a public hearing shall be held at the office of the City of Prestonsburg, Kentucky, on South Lake Drive, Prestonsburg, Kentucky, on the 28th day of June, 1976, 7:30 p.m. Notice is hereby given that at said hearing any owners of property to be benefited may appear and be heard as to whether the proposed project shall be undertaken or
