

Jury Asks Action By Fiscal Court

Fulltime Work For Better Pay Asked in Report

In its final report to Circuit Judge Hollie Conley last Wednesday, final day of its session, the grand jury called on the Floyd fiscal court for a series of actions and concluded with the recommendation that, "in the event the fiscal court does not carry out the above-stated recommendations, each member be asked to come before the September grand jury and explain why."

One paragraph of the report, which was signed by Glenn S. Anderson, foreman, dealt with the salary raise recently voted the magistrates. Noting that members of the grand jury had read in The Floyd County Times of the salary increase, the jury wrote: "... it is our recommendation that all magistrates, as well as the county judge, be fulltime."

Inspection of the new Courthouse Annex resulted, the report said, in the discovery that plumbing leaks have occurred before completion of the structure. "The contractor should not be paid ... until that is taken care of," the jury recommended.

Commenting on its findings in an inspection of the county jail and also referring to earlier grand jury comments on leakage from the jail into offices on lower floors, the jury suggested that the

TRYING TIMES
Burt Gearheart, a cousin of mine who long ago forsook the native heath for Ohio, read last week's piece in this column about Judge Arnold dubbing The Times, back in the hit-and-miss days, as "that tri-weekly, trying to get out one week and getting out, the next." Burt writes:

"We always got the paper, sometime. So we nicknamed it 'The Sometimes.'"

TRANSFORMED OR CONVERTED?
Another expatriate, Paul R. Jordan, Sr., of Springfield, Va., does a bit of reminiscing. He writes:

The Times' recent picture of Dave Tufts, Sr. and his bride, who celebrated their 55th wedding anniversary at Wayland, set off a chain reaction of nostalgia for me.

Dave, bless his heart, was my first barber. Now that in itself is not unique, but the plot thickens, as they say.

Cole Held Here For the Slaying Of His Brother

Ernie Cole, of Abner Fork, near Melvin, was jailed here Monday night by State Trooper Danny Stumbo after he had allegedly shot and killed his brother, Charles Ray Cole, 31, also of Melvin.

A blast from a .410-gauge shotgun was fired into Cole's side at close range, and he was dead on arrival at the McDowell Regional Hospital. The shooting took place at Ernie Cole's trailer-home.

The slaying was investigated during the night by State Police Detective Gary Rose, County Detective Sam Hale and Coroner James J. Carter.

The coroner said Jacqueline Cole, widow of the victim, told him her husband and his brother had been drinking and began fighting. She said that when she heard Ernie Cole say, "Let me alone or I'll kill you," she ran for help from another brother of the two, Delmas Cole, and that the shot was fired as she did so. On her return to the scene, Coroner Carter said she told him, Ernie Cole said, "I've killed him."

The victim was a son of the late Londy and Hattie Gibson Cole and was unemployed. Besides his wife, survivors include two sons, Michael Ray, 7, and Billy Ray, 6; a six-months-old daughter, Malissa Faye; six brothers, James Arnold, Ernie, Delmas and Phillip, all of Melvin, and Ronnie, of Lexington.

Funeral services will be held tomorrow (Thursday) from the home of Gomer Blackburn at Melvin by ministers of the Free Will Baptist Church, and burial will be made in the Painter Harve cemetery at Melvin under direction of the Merion Funeral Chapel.

Hall's Release Precedes Death Of Shot Victim

Ed Hall, Jr., 30, who on April 30 shot and wounded Larry Spencer, 27, on Little Paint Creek, was indicted last week by the grand jury on a charge of first degree assault. His bond was set at \$10,000, he executed it and is at liberty.

Last Friday, after the grand jury had adjourned, Spencer died in the UK Medical Center, Lexington, and now Hall is wanted on a murder charge. He had not been returned to jail Tuesday morning, and was reported to have left the state.

Spencer was shot one time in his head by a .22-calibre rifle bullet. The shooting, it was reported, occurred as Spencer, a foreman for B and B Engineers, and Hall argued about a roadway.

A native of Paintsville, the victim was a son of Otto and Arizona Collins Spencer, of Little Paint Creek. Survivors, in addition to his parents, are his widow, Mrs. Ann McCoy Spencer, and three sons, Kenneth Dean, James Morris and Christopher Travis Spencer, all at home; three brothers and four sisters, James Otto Spencer, of Leander, Billy Clyde Spencer, of Van Lear, Bobby Joe Spencer, East Point, Mrs. Wanda Lee Miller, of Abbott Creek, Mrs. Wilma Jean Daniels, Mrs. Willa Sue Flannery and Mrs. Goldia Lou Morris, all of East Point.

The victim's funeral was conducted Tuesday at 1 p.m. from the Free Will Baptist Church at Cliff, the Revs. Dewey Conley and Moses Kitchen officiating. Burial was made in the family cemetery on Little Paint, under direction of the Floyd Funeral Home.

4 Johns Creek Changes Sought By Rail System

The Chessie System (C. & O.) has applied to the U.S. Army Corps of Engineers for a permit to change the course of Johns Creek in four separate locations for a distance of 1,600 feet to make room for a railroad line along the left side of the creek, the source of Dewey Lake in this county.

The proposed changes are sought for the construction of 8.33 miles of new railway to reach the rich Johns Creek coal field. The line will begin on the west side of the Big Sandy and cross over at Milepoint 83, near Coal Run.

An environmental impact statement on the proposed creek relocation, which would save the railway construction of bridges, will be prepared by the St. Louis office of the Cost Guard.

Persons who have an interest in the issuance of the permit sought by the railway may request a hearing. Such request must be made within 30 days of notice of the permit application and are to be addressed to the District Engineer U.S. Corps of Engineers, P. O. Box 1800 Huntington, W. Va.

Red Cross Funds at \$7,200

By Monday, contributions to the local Red Cross chapter fund drive totalled more than \$7,200 as indicated by the special fund drive "thermometer" which has been erected here on the corner of Mayo Trail and Court Street. This year's goal is \$12,000. Pictured are, from left to right, Hansel Cooley, vice-chairman of the Floyd Chapter board; Hershell Joseph, executive director of the Floyd Chapter, and E. B. Funding Ready For Expansion Of Water Plant

Congressman Carl D. Perkins announced Tuesday morning in a telephone conversation with County Judge Henry Stumbo that the Economic Development Administration has set aside \$1,125,000 for expansion of the Prestonsburg water treatment plant.

The "set aside" of EDA funds means, Mr. Perkins explained, that the funds "are ready when you are," and that actual funding of the project will be made when formal application is received.

The congressman also said \$600,000 had been set aside for a Pike county project. That and the Prestonsburg water system are the only projects provided for in the Seventh district by the EDA action, he said.

Bill Harvey Howard, utilities system superintendent, said the funds, first sought from, and denied by, HUD, will serve to treble the capacity of the water plant—from its present 1 million gallons a day to 3 million gallons.

Judge Stumbo pointed out that such expansion would assure an adequate water supply from the Prestonsburg plant for Bull Creek, Abbott Creek, Little Paint, Allen and perhaps other outlying areas.

Mr. Howard indicated the city of Prestonsburg will make the necessary application for the EDA funds without delay.

Shock and Fall Kill David Boy

A 16-year-old David youth who last Friday reportedly climbed a power pole to ascertain if the power line carried any charge was electrocuted and fell about 30 feet to his death.

A jury empaneled by Coroner James J. Carter from members of the Floyd County Emergency and Rescue Squad who had been summoned to the scene of the tragedy, ruled that the victim, William Shepherd, died of electric shock and injuries suffered in the fall. His neck was broken.

It was said the line with which the boy's hand came in contact carried more than 7,000 volts of electricity. Wayne Blackburn, 20, witnessed the accident.

The victim was a son of Olen Shepherd, of Ironton, O., and the late Susie Slone Shepherd. Other survivors are a sister, Brenda Sue Shepherd, and three brothers, Olen, Jr., John F. and Donald Ray Shepherd, all of Ironton.

Funeral services were conducted at 11 a.m. Sunday from the Church of God at Goodloe by the Rev. L. P. Tussey. Burial in the Long John Shepherd cemetery at David was under direction of the Carter Funeral Home.

Notice to Candidates

Because of the heavy volume of political advertising The Times is required to handle, all such advertising must be in our hands not later than noon Monday of the week of publication. Advertising will be accepted till the usual 5 p.m. Monday deadline, but any received after noon Monday cannot be guaranteed publication the same week. All full-page advertisements must be submitted not later than 10 o'clock Monday morning.

Five Schools Go On Six-Day Work Week

Six schools—Auxier, Betsy Layne, Allen, Drift, Harold and Martin—went to Saturday classes last week for three consecutive Saturdays, and every day of classwork for all schools of the county have been extended by an hour and 12 minutes.

The revised school calendar was approved by the Floyd County Board of Education at its meeting last Wednesday after further relief from the last-time burden was not given.

Because some schools lost more time than others, closing dates vary. Fourteen schools will have their last classwork on June 2, and will end their terms June 6. These are Allen Central, Auxier, Bonanza, Clark, Garrett, John M. Stumbo, Martin, Maytown, Melvin, Osborne, Prestonsburg, Spruce Pine, Wayland Wheelwright.

Last day of classes at Allen will be June 8, with the term to end the following

day. Betsy Layne and Harold classes will end June 14 and the schools will close June 15. Last day for classes at Drift, McDowell and Prater Creek will be June 6, with their terms to end June 7.

June 3 and 4 will be the last two of four required teachers' in-service days.

The board of education entered an order of compliance with a requirement of the Division of Teacher Certification which was issued 10 years ago but is only now in effect. The Division fixed the terms of renewal of certification of teachers who had graduated in 1967. The teachers were issued provisional 10-year certificates, with the stipulation that a master's degree or completion of a fifth-year program would be required at the end of that period. Teachers certified at that time now have the responsibility of supplying proof that they have satisfied the requirements before they can be rehired. An exception is made however: If a teacher can show good reason why he or she did not earn the master's degree or do the fifth-year program, an extension of one year is given upon the teacher's commitment to meet the requirement at the end of that time. Failure after that to satisfy the requirements would end any hope of renewed certification.

Coaches for spring sports at the county's five high schools were employed by the board last week:

Allen Central—Howard Wallen, boys' track, and Lindsey Blackburn for baseball; Wheelwright—James Francis, baseball; Betsy Layne—Tommy Boyd for boys' golf, William Newsome for baseball and James Cecil for boys' track; McDowell—Johnny Slone for boys' and girls' tennis and Malcolm Layne for baseball; Prestonsburg—Russell Shepherd for baseball, Charles Collins for boys' and girls' tennis, Freddy Setser for boys' golf, and Sharon Meade for boys' and girls' track.

Mabel Blackburn was employed to fill the vacancy in the Home Branch school created by the death of Curtis Jervis. Anna Ruth Thornsby and Glenda Larson were employed as certified substitute teachers. Charlotte Bentley was hired as teacher-aide at Garrett to replace Susan Slone who resigned; Sandra Holt, as janitor at McDowell after the resignation of Carlotta Shannon, and Marietta Griffith as bus driver after the resignation of Darvis Newsome. Howard Wallen was employed as substitute bus driver.

Schools' Prettiest in Fest Here Saturday

RATLIFF CORDIAL CARTER PHILLIPS HAMBY

The Floyd County Music Festival, which has become a traditional event for the high schools of the county, will be staged here Saturday, beginning at 10 a.m. Participating will be all five of the high schools, Allen Central, Betsy Layne, McDowell, Prestonsburg and Wheelwright. Each school will be represented by its band and its candidate for Festival queen.

The bands and the school queens with their escorts in gaily bedecked convertibles will feature the parade through Prestonsburg streets which annually claims the attention of several thousand persons.

The parade will begin on Highland avenue at the rear of the Prestonsburg Elementary School at 10 a.m., follow Highland to Court, turn left from Court onto Third avenue, continue to Graham, then turn right to South Lake Drive, and follow Lake Drive to the school bus turnaround at the front entrance to the elementary school grounds.

Following the parade will be the judging of candidates for the title of 1977 Festival Queen. The winning candidate will be crowned by Supt. of Schools E. P. Grigsby, Jr.

The five school beauties who will compete for the title are:
—Robin Ratliff, 16-year-old daughter of Mr. and Mrs. Roy Ratliff, of Martin, a junior at Allen Central High School.
—Tammy Cordial, 16, daughter of Mr. and Mrs. Teddy Cordial, of Dana, a junior at Betsy Layne High School.
—Gina Carter, 17-year-old McDowell High senior, daughter of Mr. and Mrs. Curtis Carter, of McDowell.
—Sandi Phillips, 18, Prestonsburg High School senior, daughter of Mr. and Mrs. Charles E. Phillips, of Allen.
—Tammy Renee Hamby, 16-year-old Wheelwright High School junior, daughter of Mr. and Mrs. Jerry Hamby, of Wheelwright.

Club Gives Added \$500 To Fire Department

Wayland, Ky.—The regular monthly meeting of the Lackey-Garrett-Wayland Woman's Club was held April 17 in the Masonic Lodge recreation room at Wayland. In the absence of the speaker, Mrs. Hildreth Burchett, director of the Martin Senior Citizens' Club, the club held a business session.

A report was given on the profit made from the sales of pecans. An additional \$500 was voted to be given to the Area Volunteer Fire Department as a continuing project in community improvement. The club had already pledged \$1,000 as the previous year's commitment, making a total contribution of \$1,500 from the club itself, plus other monies collected by the club and turned over to the project.

It was announced by Mrs. J. C. Wells that the club's annual citizenship-scholarship award was to be divided this year equally between two graduating seniors at Allen Central High.

The current club officers were reelected by acclamation, as follows: President, Mrs. James A. Duff; first vice-president, Mrs. Bobby Joe Castle; second vice-president, Mrs. Marie Mullins; recording secretary, Mrs. James E. Martin; corresponding secretary, Mrs. Otto Martin; treasurer, Mrs. Don Hughes; parliamentarian, Mrs. James E. Martin. Mrs. Lula Coburn was reelected trustee for another five-year term.

Mrs. Don Hughes, hostess, served refreshments to Mrs. Marie Mullins, Mrs. Marcellaus Dunfee, Mrs. Hansel Bradley, Mrs. Lula Coburn, Mrs. Dora Reed, Mrs. Bobby Joe Castle, Mrs. Ronnie Patton, Mrs. Rex Martin, Mrs. J. T. Spillman, Mrs. J. C. Wells, and Mrs. Otto Martin.

Log Cabins, Wagons, To Lure Film Makers

Do you own a covered wagon or log cabin?

If you do you may be able to help the Kentucky Film Commission attract the film industry to Kentucky for production of a movie set in the late 1700s.

Tom Clark-Todd, executive director of the film commission, said other items, such as cooking utensils, furniture, farm implements, weapons and clothing from that period also are needed.

"If you are willing to make these items available, send a description and photo, if possible, to the film commission," Clark-Todd said. The address is: The Kentucky Film Commission, State Capitol, Frankfort, Ky. 40601.

Engagement Announced

Mrs. Aggie Collins, of Wayland, announce the engagement and forthcoming marriage of their daughter, Miss Virginia Ann Collins, to Mr. David Charles Cooley, son of Mr. and Mrs. Dave Cooley, of Wayland.

Miss Collins is a graduate of Allen Central High School, and is presently employed at the Floyd county courthouse. Mr. Cooley is employed by the Beaver-Elkhorn Water District.

The wedding will take place at 2 p.m. Saturday, June 4, at the Methodist Church of Wayland. The gracious custom of open church will be observed.

A reception will be held, immediately following the wedding, in the basement of the church.

Program on Africa Slated at College

A program on the customs, arts and crafts of an isolated group of desert people who inhabit the Ayr Mountains of Niger, Africa will be presented in the auditorium of Prestonsburg Community College, Friday at 7 p.m. Presenting the show and leading the discussion will be Aubine and Michael Kirtley who together explored and lived for several years with Tuareg artisans of the Ayr Mountains in one of the more remote parts of Africa.

The program will be followed by a slide show with music and sound. A discussion will follow. Accompanying the show is an exhibit of artifacts from the artisans. There is no charge for this event, however, donations will be accepted at the door from those who wish to contribute to help meet expenses.

The workshop is being co-sponsored by the Kentucky Arts Commission and Prestonsburg Community College's Office of Community Services.

Death Toll Last Month Rose As Driving Conditions Improve

Summer-like driving conditions and a rash of multiple-fatality accidents made April one of the worst months on Kentucky's highways in the last 16 years, according to Lt. Ernest Bivens of the Kentucky State Police.

Eighty-seven motorists were killed on Kentucky highways during April, compared to 71 in April, 1976. Kentucky highway deaths for April average 78.

April's fatalities bring the total for the year to 240, compared to 256 this time last year.

Bivens said there were 12 multiple-fatality accidents during April, killing 26 people. He said this, combined with nice weather encouraging more people to drive, brought about the fourth worst fatality total for April since 1962.

This year began with some of the worst weather since the Kentucky State Police began keeping records. Bivens said drivers began driving more carefully.

"The first three months of this year were tremendous," Bivens said. He said

comparatively few motorists (41) were killed in both January and February and 50 were killed in March.

"Then the summer-like weather set in and more people took to the roads and we saw 87 people killed during April," Bivens said. "People were just not driving as carefully as they did on the ice and snow. They got careless and wound up in accident-causing situations."

Even though this year's total is still below last year's, Bivens expressed concern for drivers to begin driving more attentively with the Memorial Day weekend coming up.

The record high for traffic fatalities in April came in 1969 when 106 people were killed on Kentucky highways. The record low came in 1963 when 52 people were killed.

fiscal court "should pursue the possibility of removing the jail from the third floor of the courthouse and building a new jail."

(Repair of plumbing in the jail has been begun, but doubt has been expressed that overflow of stopped-up commodes and lavatories can be effectively contained and kept from lower floors.)

Discussing the problems of pollution in the county and garbage service problems, the report recommended "that our Representative and Senator make an effort at the next Legislative session to have legislation passed prohibiting the use of plastic throwaway bottles in this state."

"It has been brought to our attention," the jury added, "that open coal trucks traveling the roads of this county are overloaded and that coal falls from the trucks, as a result of that. It is our opinion that the Floyd fiscal court should pass an ordinance requiring any type of truck that has contents that may spill, be covered."

Other recommendations by the grand jury included these:

1. That the courthouse restrooms be repaired; lights through the courthouse should be cleaned and faulty bulbs replaced, and the ceilings repaired.

2. That a pay phone be installed on the first floor of the courthouse; all electric clocks in the building repaired, and ash trays and spittoons provided for courthouse hallways.

3. That the fiscal court give attention to the construction of ditches needed to keep county roads in repair.

4. That as soon as the Courthouse Annex work is completed the fiscal court should have the parking area at the rear of the courthouse resurfaced and marked off so that jurors and officials and their employees will have parking space.

5. That a fulltime, competent maintenance man be employed to take care of plumbing and the upkeep of both the courthouse and the new annex.

The jury took note of the fact that only one person had been indicted during its session for an alcoholic beverage violation, and it expressed concern about the number of crimes of a violent nature that had been reported.

It was in 1927, at the tender age of a year or so, when my father, the late Jack Jordan, slipped me away from my mother and made that fateful trip to the barber shop. There, Dave sheared my curly, long locks over my vigorous, profane protests. I can't remember this, of course, but my mother still talks about how my lovely tresses were ravaged on that long ago day. She cried at the time, of course.

Thirty years later, I was visiting my grandfather, the late Bee Hall, at Garrett, and when my wife wasn't looking I slipped our year-old son away and went, posthaste, to Dave's barber shop. Dave had a field day cutting the boy's long curly locks as he sobbed and repeatedly tried to fend off those slashing scissors. Later, looking like a real boy with short hair, he was presented to his mother. She cried, of course. That little guy is now 21 years old. A devout Baptist who preaches occasionally in his church, Paul R. Jordan II is studying for the ministry at the Philadelphia College of Bible (senior, next year).

I guess you could say Dave made a believer out of him!

SPEAKING OF BARBERS

Watt Hale has stayed closer home than those other two contributors, but he had to go back to his native Carter county for the material. He pegs the yarn to the premise that some people are mightily law-abiding and conscientious even about little matters.

It appears that this solid citizen had taken a violent dislike to the enormous handlebar mustache which his neighbor had cultivated, trimmed, twisted and waxed over the years. The man had a fierce look with that mustache that made his neighbor hope to see the day when he would no longer have to look at it.

Finally the day came. The mustachioed one had a weakness for hard liquor, and he was under such heavy sedation from that he fell asleep under a roadside tree. There he was found by the man who disliked that hirsute growth from his upper lip.

Upshot was, the solid citizen hauled his Barlow, whacked off one side of the noble mustache, and walked away.

But two miles or so up the road the man recalled that there was a law against physical disfigurement. Besides, he remembered the teaching about never leaving a job half-done. So he corrected the situation.

He turned, walked back the two miles, again produced the Barlow and sawed off the other half of the mustache.

Nobody disturbed. Job completed. No disfigurement, no law-violated. The man was so proud of a job well done that he later admitted doing it.

THE PROVIDER?

I may be giving this cardinal couple more credit for fidelity than I should, but if that male bird wasn't carrying food from our feeder to his mate on the nest, 50 yards or so away, the other evening, I would like for somebody to explain why he made so many trips back and forth, back and forth. Finally, after three or four of his round trips, the female showed up at the feeder while the male (I assumed) stayed home. It might have been that that redbird has enough human onriness about him to tell his missus that he was tired and if she wanted more to eat to go, get it herself.

College Students Help 'Ma' Sargent

Allen, Ky.—Two University of Kentucky students came to "Ma" Sargent to help with her cleaning after the recent flood. This couple, Jeff Foster and Laurel Jordan, was to be married May 6.

Ma had been working practically day and night to save what she could. Gary Hillis from Newark, Ohio and Ronald Stambaugh from Paintsville, helped one day.

The students from the University were working under the direction of the Rev. Larry Brandon, minister of the Christian Student Fellowship in Lexington.

It was a great experience for Ma on her birthday, since she is one of the older citizens in this county.

Letters to the Editor

A Different Perspective

In the April 13 "Times" an article appeared announcing that a much-needed water line to the David Community was going to be delayed until September 1. The article seemed to place the blame for the delay upon property holders along Route 850, where the water line is to run. It is my wish as a resident, and as a member of the Route 850 Community Action Group to place this delay of the water line's construction in a slightly different perspective.

Since the beginning of the David Water Project, it has been assumed that we would grant free access to the line through our properties. Given the benefits of a water line, this was not unreasonable. Yet we were never given a firm statement of the line's location, or of the width of the easement. We were constantly confronted with variable widths, and placements, and were never granted reasonable assurance of access to the utility seeking to extend itself through our lands. In light of more recent developments, it is doubtful that the Utility itself played a major role in this. However, it did build a resentment and distrust sufficient to prevent our signing an easement not containing written statements of our rights.

Adjustments to the route of the line were also necessary. Had the line followed the original route, housing and land development along the 850 Valley would have been largely frozen as is by the splitting of habitat land into narrow tracts unsuitable for housing. Thus, what benefits gained by housing in David would have been lost along the 850 Valley. . . an area of far greater residential potential.

The problem climaxed on March 30 when the Beaver Elkhorn Utility announced suits against the landholders. To deal on a more equal footing, and to protect ourselves from arbitrary action, we organized ourselves into the Route 850 Community Action Group. We have met with representatives of the Company several times, and have achieved what seems to be a working relationship with the Utility. As of last Saturday, April 23, a great majority of the easements have been signed. With only a little more effort, all can be negotiated. There should be little reason why construction cannot begin immediately.

The development of one community cannot take place at the expense of one's neighbors. To create housing in one area by limiting its development in another is the most ridiculous of economics. As was stated in writing to the Utility's counsel some time ago, it was not, nor is it now our intention to stop the David Water Project. Our only purpose is to broaden its scope to meet the needs of both our communities.

Mountain Manor Nursing Home Says "Thanks"

During the recent flooding disaster which affected so many members of our community, Mountain Manor discovered how ready our friends and neighbors were to help in our time of need. It was necessary to evacuate our home, and facilities of Irene Cole Memorial Baptist Church were readily made available for our use. It would be impossible to thank everyone individually who assisted in moving and caring for the patients, so we would like to say a collective "Thank you" to the following:

Irene Cole Memorial Baptist Church, the Prestonsburg Fire Department, the Floyd Co. Rescue Squad, Dr. Roger Jurich and his wife Sheryl, the patients' families, volunteers from the community who did everything from patient care to running errands, and all employees who worked continuously throughout the emergency until relief was obtained.

Knott Countian Dies In His 101st Year

Jack Handshoe, who may have been Eastern Kentucky's oldest man, died April 19 at Handshoe, Knott county, in the community where he spent his long life. He had observed his 100th birthday, a month earlier.

A son of Wilson and Mandy Shepherd Handshoe, he was born Feb. 21, 1877. He was a farmer and in the days when timber and merchandise were transported by mule team was a teamster.

Mr. Handshoe was twice married—first, to Lona Bailey, and after her death to Pearlie Watkins, who survives. He is also survived by two sons, Kelly Handshoe, of Dwarf, and Charles Handshoe, of Hueysville; six daughters, Mrs. Pearlie Conley, Mrs. Bertha Conley, and Mrs. Mae Conley, all of Stroh, Inc., Mrs. Myrtle Bailey, of Hueysville, and Mrs. Glenna Gibson, of Hazard; two brothers, Bud and Bill Handshoe, both of Hueysville, and many grandchildren, great-grandchildren and great-great-grandchildren.

His funeral was conducted April 22 from the United Baptist Church on Salt Lick, and burial was made in the family cemetery at Handshoe.

HERE FROM LEXINGTON

Mr. and Mrs. Dennis Stephens and children, Lucindy and Stephanie, of Lexington, were here, Mother's Day, visiting her parents, Mr. and Mrs. Arnold Clark, and his aunts, Misses Elsie and Linda Stephens, of the Bull Creek road. They attended services at the First Methodist Church on Sunday.

Protests Movies Shown

At Drive-In Theatre

I am writing about some of the movies that have been and are being put on the screen at the Drive-In theatre. Such as "Masacre at Central High" and "The Teacher." Movies such as these are very disgraceful. To show movies as these exposes young children to such disgraceful acts that the movie reveals. It's probably true that movies that have sexual themes bring in a crowd and naturally the money for the owners. If one had small children and wanted to go shopping at Hecks or even visit some one up that way, they couldn't without exposing them to the filth. Not only can you see it from the small road, just be on your way to Prestonsburg from Paintsville—there the filth is all in full color.

I'm asking all Christians and all citizens in Prestonsburg that don't want to be exposed or have your children exposed, to this filth, to join me in trying to get this filth off of the theatre. I am asking the City Council to outlaw such practices as this. Remember, your child could be influenced by such filth as that on that large screen. Again I would like appeal to the City Council to act on this problem. The child you may save may be your own.

30 Indictments, One for Murder, Voted by Jury

Among the 30 indictments reported by the grand jury last week, 21 alleged crimes of violence which included murder, manslaughter, armed robbery and assault.

Carl Nance was charged with murder in the slaying of Earl (Buster) Carroll. His bond was set at \$15,000.

Ed Hall, Jr., who was named in a first degree assault indictment for the shooting of Larry Spencer, faced a murder count, since Spencer later succumbed to his wound, but a new indictment is not expected till the next grand jury session in September.

The list of indictments follows, including the allegation made against each defendant:

Stevie Allen Akers, second degree wanton endangerment; Thomas Bartram, first degree assault in the shooting of John F. Smith and Tommy Nelson; Gary Lee Castle, first degree robbery of the TCT gas station on Katy Friend and first degree assault in the shooting of Cleotis Boyd, the station attendant; Bennie (B. J.) Caudill, third degree criminal mischief and second degree wanton endangerment by shooting at Hollie Allen; Phyllis Crase, theft by issuing a \$545 worthless check to Ruby Kinser; Franklin D. Goble, criminal mischief, third degree, by damaging and destroying tires and three guns, the property of Betsy Lafferty.

Donnie Hall, theft by unlawful taking a 1976 car owned by Alex Hall; Harless Hall, two counts of second degree assault, one for striking Clyde Shepherd with an axe, the other for shooting Larry Shepherd with a shotgun; Clyde Ronnie Jarrell and Billy Ray Jarrell, first degree assault, shooting of Russell Jarrell with a shotgun; Kenneth Ray Lafferty, second degree assault on the person of John Goble; Reginald Gene Lazar, illegal sale of alcoholic beverages; Earnest Little, theft of meat and a stove owned by Janie Collins; Phillip Moore and Cisco Neeley, two counts of first degree assault—one for striking Vandale Shipley with a rock, the other for striking Tramble Adkins. (Neeley was indicted, earlier in the term, on two second degree manslaughter counts in the deaths of Lolita Howard and her unborn baby after a car driven by him had collided with Mrs. Howard's auto.)

Phillip Pointer, burglary, second degree, accused of entering Sandy Valley Explosives while armed with a .38-caliber pistol, also named in another indictment for carrying a concealed deadly weapon; William Roekwell, third degree assault by striking Lou Edith Patierno; Glenda Spradlin, theft by unlawful taking \$3,317.25 from the Branham and Baker Coal Company "and paying same on a 1976 Cadillac;" Norm Thornsbury, third degree assault by striking Sue Carol Watson; Roger Dean Webb, third degree burglary by entering the Vance Volkswagen building here while armed with a deadly weapon and taking a safe; Rachael Webb, theft by unlawful taking, accused of taking control of a check in the amount of \$13,867.11 which was payable to her, Burl Wells Spurlock and Elza Webb; Edgar Wright, first degree endangerment by holding at gunpoint State Troopers T. Shelton and J. Stephens.

Robinson Completes

15th Year in Office

Floyd County Clerk C. "Ollie" Robinson recently completed his 15th year in the office and last Monday he made his 15th return of excess fees. He returned to the county \$5,199.97.

Mr. Robinson said he is the first Floyd county clerk ever to return excess fees to the county and that since being clerk he has returned nearly \$175,000.

Robinson also returned to the county \$7,097.91 for tax collected on deeds, and the Floyd County Board of Education received \$2,951.06. Delinquent taxes collected and returned to the county amounted to \$1,025.

Judge Stumbo To Retire after 38 Years

County Judge Henry Stumbo, who has announced that he will end his career as a public official with the end of his next four years in office, is Eastern Kentucky's most remarkable political figure.

Here's why:
1. At the end of the term to which he was elected at the November election he will have held office, without interruption, for a few months longer than 38 years.

2. He has never been defeated in an election, and will retire undefeated.

Judge Stumbo will pass the usual retirement age before his next term of office ends, and he says he almost decided not to seek re-election this year. "If I had listened to my wife, I would have retired at the end of this year," he said. "But there are a few more roads and bridges that I want to build, and I want to see the county's solid-waste and comprehensive health programs working before I quit," he added.

Judge Stumbo was first elected in 1939 when he ran for the short term as Magistrate in what is now District 3. A magisterial election there had resulted in a contest between Willie Hall and Martin L. Johnson, and both lost right to the office. Governor A. B. Chandler appointed Omery Hall, son of the Democratic candidate, till the office could be filled by popular vote.

Stumbo then was elected to two full four-year terms as Magistrate before entering the race for County Judge in 1949.

He has held the judge's office ever since, and in no election has his victory margin been considered narrow.

Before entering politics he was a railway section worker, and before that he worked in Left Beaver Creek coal mines. "I've been reminded that I could claim Black Lung benefits," he recalls, "but I have an income and work, and it wouldn't be right."

He got into politics when, he says, he was asked to do so by the late Wayne Stumbo. Judge Stumbo says he was "walking track" at the time and that his

kinsman suggested he enter the race. "I went to my brother George and tried to get him to run, instead," he says, "but George felt that my baseball playing had given me a wider acquaintance and that I could do better than he."

At that time the future judge was playing with the McDowell baseball team which was predominantly Stumbo and on occasion was composed entirely of players of that name. He played short-

stop and third base and, as he grew older, moved back of the plate.

In fact, he played baseball until the July before his election as judge. "I decided I'd better see somebody other than baseball crowds if I was going to win," he recalls.

Besides the strength found in his sports friends, Stumbo started off with a strong voting base in his own family. His father, Greenville Stumbo, was twice married and there were 25 in the two "sets" of his children. Only eight of these now survive.

Judge Stumbo was asked how he had held over the years such a strong place in the esteem of the voters. He ranks service first, but he also points out: "If anybody fought me or voted against me, I have never been mad with them or treated them as an enemy. That's a freedom we all have. I tried to treat them right, and I figured that, maybe, next time they might be for me."

"I've enjoyed most of my time as county judge," he said recently. "There have been times of awful tragedy, such as the 1957 flood, the school bus wreck and some of the murders that have been committed, but, on the whole, I've enjoyed it."

Some of the enjoyable recollections are the roads built. When he became magistrate, he says, there were only the Mayo Trail (US 23), KY 80 from Allen up Beaver Creek, only a portion of the Left Beaver Creek road—and no connecting road, except the Cow Creek road that was WPA-built and the road out the head of Left Beaver into Pike county. Since then, dozens of roads linking creeks and

Henry Stumbo discusses matters with friends in a typical scene from the daily routine of the Floyd County Judge.

On November 21, 1973, the above article appeared in the FLOYD COUNTY TIMES. It was a public announcement by Henry Stumbo that he was through as a candidate for political office. This announcement pleased me, since long before it was placed in the newspaper I had definitely decided to be a candidate for County Judge. "How good it will be," I thought, "to be able to run for the office without having to point out to the people of this county the serious mistakes of judgment made by Henry Stumbo, particularly during his last two terms. Several of my friends accused me of being naive for believing that he would not run. They kept insisting that he would. I refused to believe them, because after all, within two weeks of the day he announced his present candidacy, he convincingly assured me that he was not a candidate. My upbringing has taught me that a man's word is his bond.

I have no intention of running against Henry Stumbo. As far as I am concerned, he is running against me. He is simply "crying Wolf" and expects the entire county to run and save him. "One more term" he cries "and I shall complete my stay and finish my projects." Surely you, the voters of this county, can see through this. Surely you can see that this is simply nothing more or less than a new campaign tactic; after all, 38 years in politics results in emptying the bag of political tricks. In order to win you must use new methods of swaying the voters or they will abandon you.

A man of great wisdom, Abraham Lincoln, warned his and future generations about those who will use false promises to reach their goals. He said, "You can fool some of the people all of the time and all of the people some of the time, but you cannot fool all of the people all of the time." How true this statement is!

I ask all of you to think of the times Henry Stumbo has fooled you or your loved ones or friends by promising something and then conveniently breaking that promise. I am sure you will not have to think too hard or too long to recall a broken promise. Some of them, as I, have been fooled some of the time. But we must refuse to be fooled any more.

The Congress of the United States passed the Twenty-Second Amendment to the Constitution of the United States in 1947. That Amendment proclaims that no person shall serve in the office of President for more than two terms. The reason for this Amendment being passed was to avoid the concentration of power in one man for too long. If one holds a political office for too long, he can soon believe that HE is the government. The will of the people can then too easily be forgotten and one man rule results. If you will recall your history, you will remember that our country was created to avoid one man rule, not perpetuate it.

Therefore, ask yourself whether or not you are tired of one man rule. Then ask yourself how Henry Stumbo started his present campaign—with another broken promise.

With your support we, together, can eliminate the concentration of power in one man and place the government of Floyd County back in its proper hands—of all the people.

IT'S TIME FOR A CHANGE

VOTE FOR BILL WELLS
COUNTY JUDGE EXECUTIVE
No. 1 On The Ballot

LET'S FACE THE FACTS! To all voters of District No. 4 in Floyd County. Just a few more days until the primary election. As I've said before I am a full-fledged candidate for the benefit of the people.

It has been known that some candidates have circulated stories of other candidates withdrawing from the campaign. Regardless of what anyone says, I am there to stay.

I have really enjoyed talking with the people through the election, talking about the shape their roads are in. If Mr. Roberts has promised to build the people roads, why hasn't he already done it; he's had three and a half years. I will pledge my honor to the people, I will work the roads and bridges.

Give a young, poor boy a chance instead of the fat cats on the highway.

Bradley To Compete
In Skill Olympics

James Bradley, of Wayland, will compete in the National Vocational Clubs of America (VICA) Skill Olympics in Cincinnati, Ohio, June 21-24. He will be representing Kentucky in machine drafting.

Bradley is a student at Mayo State Vocational School, Paintsville, enrolled in technical drafting. He was the regional winner at Mayo and the state winner of the VICA Skill Olympics held in Bowling Green, April 22-23. He is a son of Mr. and Mrs. Dingus Bradley, of Wayland.

VICA is a national organization consisting of secondary and post secondary vocational education students in trade, technical and health occupational classes. The purpose of the organization is leadership development for members. Skill contests in students' occupational field are designed to motivate students to greater achievement in the technical knowledge and skills that will be required of them on the job.

Lackey Senior Wins
Nat'l Merit Award

Brian S. Morgan, of Lackey, a senior at Knott County High School, is the only Eastern Kentucky high school student to win a National Merit Scholarship this year.

His four-year scholarship will be to Transylvania University, where he will study either science or pre-medicine. He is a son of Mr. and Mrs. Robert L. Morgan, of Lackey.

Young Morgan is a member of the National Honor Society and the Chemistry and Chess clubs of his high school. He has won awards in mathematics and science, including the 1974 mathematics contest at Cumberland College and the 1975 science and math contest at Eastern Kentucky University.

Vote for a Qualified
And Experienced Coroner
JAMES J. CARTER

My campaign for re-election as Coroner of Floyd County is based on experience and qualifications.

Since you elected me as your Coroner, I have constantly tried to give you my very best service. I have been available, by day and night, to go wherever I was needed, to serve in the capacity for which I was chosen. Ask anyone who has witnessed an inquest or an investigation I have conducted about my thoroughness. My record shows I have conducted my office as it should be—with ability and fairness, efficiency and integrity, knowledge and impartiality.

The office of Coroner is important—important to you and important to me. We never know when it will be one of our loved ones who will need the services of a qualified Coroner.

This is an office of dignity and respect, knowledge and experience. Together, we can keep it that way. Remember, when you cast your vote, that you now have a Coroner in office who is reliable, dependable, efficient, available, honest, experienced and qualified. My only interest is upholding the laws and duties of the Coroner's office.

In addition to my 25 years of Coroner, I am a graduate of the Cincinnati College of Mortuary Science. I had two years pre-medical study at Eastern Kentucky University. During World War II, I served three years with the United States Army Medical Department as a surgical technician in the operating room—two years of this service overseas in the European Theater. I have been a licensed funeral director and embalmer for 31 years in my own business.

A vote for me is a vote for the best interest of your friends, your family and yourself. You know you have a Coroner who is qualified by education and experience, who has served you well and will continue to do so.

I will serve you in the future as I have in the past.

for **CONSTABLE,**
Dist. No. 2
Democratic primary, May 24
Number 1 on the ballot

TO THE VOTERS OF DIST. NO. 2:

It is election time again and I again ask for your support to re-elect me. Before the last County election I asked for a chance to serve you and you gave it. I have served you as your Constable for the past 3½ years to the best of my ability. I have recovered stolen property for many of you. I have patrolled the roads, winter as well as summer, to keep you safe. I have attended school activities, such as ball games and dances, and escorted funerals. I came to many of you in your time of trouble and will continue to do so. I have met many of you I did not know before I became Constable. I consider myself lucky to have made so many new friends, and I hope to continue these friendships, win or lose.

For the people I have not met let me introduce myself: I am 32 years old. I live at Martin. I am a member of the U.M.W.A. 8167 at Garrett. I am Vice-president of the Fish and Game Club and president of the Floyd County Coon Hunters' Association at Johns Branch. I am the son of the late Alex Hackworth. My mother is Ruth (Hale) Hackworth. I am married to Janny Flanery, daughter of Merlin and Orleen Flanery, of Martin, and I have one son, Bobby, Jr.

Miss Wells-Mr. Howell Exchange Vows

The marriage of Miss Dorothy Susan Wells and Mr. Thomas H. Howell was solemnized at 4 p.m. Saturday, March 26, at the Irene Cole Memorial Baptist Church here. The impressive double-ring ceremony was performed by the pastor, Rev. W. D. Jagers.

Miss Wells is the daughter of Mrs. Helen B. Wells, of Prestonsburg, and the late Ralph Eugene Wells. Mr. Howell is a son of Mr. and Mrs. Scott Howell, of Prestonsburg.

Nuptial music was presented by Mrs. Chalmer Frazier, organist. Selections included "The Lord's Prayer".

The altar was adorned with fuchsia mums, snowdrift palm, smilax and English ivy with candelabra on either side.

Given in marriage by her brother, Jeffrey Whitt, of Huntsville, Alabama, the bride wore a flowing, floor-length gown of white tiffany jersey enhanced with venise lace edging the Queen Anne neckline and Victorian sleeves. The attached semi-cathedral train flowed from an empire waist. She wore a picture hat accented in matching venise lace and carried a cascade bouquet of white Eucharis lilies, sweetheart roses, stephanotis and English ivy resting on a white Bible.

Miss Cathy George, of Prestonsburg, maid of honor, wore a pale yellow floor-length gown styled with empire waistline and matching hooded jacket.

Flower girl was Miss Krystal Leigh Howell, niece of the groom. Acting as best man was Mr. Scottie Howell, brother of the groom, and ushers were Steve Stephens, Johnny Heinze, and Gordon Freels.

Mrs. Wells chose a peach-colored dress for her daughter's wedding, and Mrs. Howell wore a dress of beige. Mrs. Dorothy Burke, grandmother of the bride wore a mauve jacket-dress.

Immediately following the ceremony, a reception was held in the church annex.

After a wedding trip, Mr. and Mrs. Howell returned here where they will reside on May's Branch.

Narin Is Officer Of Engineer Group

Edward R. "Ted" Narin, P.E., of Prestonsburg, has been elected Administration Vice President of the Kentucky Society of Professional Engineers. His election was announced during the KSPE annual meeting held recently at the Hyatt-Regency Hotel in Lexington.

Narin, general manager of Elliott Glass and Electric Company in Prestonsburg, is a mechanical engineering graduate of the University of Kentucky College of Engineering. He is a native of Pikeville and member of the Big Sandy Chapter of KSPE.

In 1975 Narin was honored as Floyd County's Citizen of the Year by the Prestonsburg-Floyd County Area Chamber of Commerce. He is currently serving on the KSPE Board of Directors and is chairman of the construction section of the Professional Engineering Society.

KSPE has 1,600 members in 12 chapters throughout Kentucky. It is a state affiliate of the 75,000 member National Society of Professional Engineers.

VISITS HERE

HERE FROM PIKEVILLE

Mr. and Mrs. William J. Baird, III, and daughters, of Pikeville, were here during Mother's Day week-end, visiting her parents, Mr. and Mrs. E. Dick Roberts. They attended services with Mr. and Mrs. Roberts at the First Methodist Church, Sunday morning.

The earliest recorded strike was one by an orchestra leader from Greece named Aristos in Rome about 309 B.C. The cause was meal breaks!

THINGS TO CONSIDER

Each of us is seeking a better way of life and new ideas that will help our children have a happy, more successful future. This thought should not, and must not, remain a dream. Individual achievements have their rewards, but countywide achievements will bring pride, satisfaction and success to all our people.

Think on these proposals:

1. Water and sewage expansion;
2. The continuity of garbage collection;
3. YMCA and a YWCA;
4. Roads that can be travelled;
5. Upgrade the pay for county police and improve their equipment;
6. A summer work program for high school seniors working for the county;
7. The availability of your Magistrate to be seen or talked to four hours daily.

DOUG LEWIS

—A Democrat for—
Sheriff

... To All Concerned Citizens of Floyd County ...

The May election is only a few days away. If, by some chance, I don't get the opportunity to meet and talk with you, allow me this opportunity to ask for your vote and support.

From now until election day you will be hearing many issues and many rumors. I urge you to stop and think. Judge the candidate by his past record, as an officer—all but one candidate has been an officer.

As to judging a candidate who spreads rumors, ask him why he can't campaign on his own record instead of down-grading his opponent. If the candidate has done a good job, he should have plenty to tell you about himself instead of throwing off on his opponent. I think the people of Floyd County understand this kind of politics.

All of the candidates opposed to me seem to have made a big issue out of my youth. Well, I'm 26 years of age and I've been a police officer in this county for the past 3½ years. I have worked many long, hard hours and I've always tried to do my best, most of all, I've stayed honest.

Some of the candidates will tell you that I'm too young to serve you. If I had no experience I could understand their complaint, but I have 3½ years experience as a police officer and I have 84 college hours of Law Enforcement from The University of Kentucky and Eastern State University.

Some of the candidates opposed to me have been Sheriff before. Can you tell me one outstanding thing they did? Well, they are fifty to sixty years old and I can tell you plenty of things they shouldn't have done. Even a ten-year-old should have known better. I've been an officer as long as they have and I've never killed anyone yet, neither have I ever been dishonest.

People, if I am elected I will continue fighting the trafficking of alcoholic beverages and the trafficking of drugs. I have an open record on this. If there should be anyone in doubt about this record, come by the Sheriff's office and I'll show you my arrest records on both. I'll show you pictures of some of the biggest loads of liquor and drugs ever caught in this county. My past record is open to all the people of Floyd county.

I would like to ask the people of Floyd County to give these two questions a great deal of thought.

1. Why should a candidate want to give up a lifelong career making twice the salary as he would being your Sheriff? —Also he would have to put in twice more working hours.

2. Why shouldn't a young man have a chance and a place in our county and our government—especially when the young man is experienced and that being his chosen profession.

Last but not least, no matter what you may hear from the other candidates, my father, Joe Wheeler Lewis, Sheriff of Floyd County, will still be working in the Sheriff's office with me.

Thank You

'The City that Waits To Die'

San Francisco is not prepared. Scientists say a major earthquake in San Francisco is inevitable. They point to the fault line that runs right through the heart of the city, and warn that if the earthquake erupts along the fault as expected, as many as 50,000 to 100,000 people could die. "The City that Waits to Die," a one-hour special about the imminent danger San Francisco faces will air on KET Saturday, May 14 at 9 p.m. (ET), and Sunday, May 15 at 5 p.m. The program candidly states that San Francisco is not prepared for the major earthquake that most scientists believe is inevitable and features several American experts who are deeply concerned by the indifferent attitude toward minimizing the effect of the disaster. What experts say is particularly negligent is the continued building of institutions along this same fault line. Besides the Berkeley University stadium and 14 schools, such emergency centers as the police department, the civil defense building and the county hospital are located on the area most vulnerable to an earthquake. The film demonstrates that structures built close to rock foundations are less vulnerable to earthquake tremors than those set on softer soil. Scientists warn that because of the pressure to expand in downtown San Francisco, engineers are

not adhering to these safety principles. The key to saving the city, narrator Paul Vaughan points out, is understanding the causes of the 1906 quake. Through the use of photographs and rare film footage, the 200-mile break along the San Andreas Fault is shown. The pressure of rock moving in opposite directions caused cracks in the earth as wide as 20 feet in some areas. The program also shows some footage of the earthquake that hit Anchorage, Alaska. Taken by a sailor who just happened to have his camera on at the moment of impact, the sequence shows people being swallowed up by the earth and the water being sucked from the city's harbor, leaving it completely dry.

HUD Draws Blasts As Flood Aid Slow

The name of HUD is mud, in some quarters. Mainly with officials and citizens of those Eastern Kentucky areas which were left deep in mud by the early-April flood. Officials said this week that more than 5,000 Eastern Kentuckians have filed for temporary housing and Bill Kalbus, HUD official, admitted that fewer than 700 had been afforded the hoped-for shelter. County Judge Wayne T. Rutherford, of Pike county, was acrimonious in his criticism of the federal agency. On one occasion he said, "Not one of the 200 mobile homes sent into Pike county has been occupied. The flood of red tape rolling out of Washington is almost as devastating as the floodwaters themselves. We need help—not excuses, not bureaucratic mumbo-jumbo." Floyd County Judge Henry Stumbo was less vehement in his criticism of HUD, but he said this week, "They're dragging their feet, to some extent. They should have got in quicker with more and forgot some of the technicalities because people are suffering." An aide who keeps Gov. Julian Carroll posted on flood relief efforts said his office gets 15 to 20 calls a day from flood victims, most of them staying with friends or relatives and trying to find housing. A third approach is to use "existing resources," such as vacant apartments, to house flood victims, but Kalbus said there are "very few existing resources" in the 15 mountain counties where the floods were worst. Provided the aid is a matter of "receiving the applications, determining eligibility and then actually getting the work done," he said. That's not simple. For example, 1,317 grants for home repairs have been approved. Specifications have been drawn up and bids invited for 949 of the repair jobs. Of those, 845 are now under contract and the work has probably started, Kalbus said. As for mobile homes, he said, 986 have been ordered, 640 have arrived at staging areas at Pikeville and Corbin, and 605 have been dispatched to sites where flood victims will use them. So far, 276 are

occupied. "The terrain over there has created unbelievable problems"—in finding trailer sites, moving the trailers and setting them up, Kalbus said. Recent rains have made the problems worse, reducing some trailer sites to seas of mud, he said. Crews had to halt house-trailer work in Beltry because of a storm Thursday. Even in day weather, he said, "It's not easy towing a 65-foot mobile home across these mountain roads. We're faced with the problems of towing mobile homes from the staging areas to the sites and then setting them up in the mud and muck. The mud has to be dug out." HUD is lending private land for groups of trailers in some areas, Kalbus said. That, too, is complicated. HUD must get the landowner to agree. The Army Corps of Engineers then surveys the land and develops plans and specifications for lighting, water and sewer lines and gravel drives. Then, contractors are invited to bid, and the job goes to the low bidder, Kalbus said. He said there are more than 450 people working on the temporary housing effort, including permanent HUD employees, people assigned by housing authorities across the country and people hired locally. Tom Dorman, aide to Gov. Carroll, who spent eight days in the flood region, said he understood the difficulties, but added he wondered if the process could be streamlined. "We're talking about people who need to live somewhere. It's been a month. We've got a need here for some quick reaction," he said. Kalbus said he didn't know how the procedures could be changed. "Congress had mandated our functions by law, by the Disaster Assistance Act," he said. "We are given a mission assignment. Based on our regulations, which in turn are based on the law, we go out and provide this assistance." Jack Ingram, head of HUD's London office, said last week that "HUD people are going all they can, working 15 hours a day and seven days a week in order to rehouse families as quickly as possible."

To The People of District 4

In hopes you the good people of District 4 have been reading my previous publications in the Times, I am sure by now you have some idea of my concerns about many problems and needs in our District as well as how we (you and I) working together can solve them.

Letting you know I am aware of what can be achieved in District 4 by talking with our people, listening to their concerns and being a citizen of this District myself, I feel we all will be able to take a great deal of pride in our accomplishments if you will let me work WITH and FOR you the next four years.

I, Wilburn Akers, of Betsy Layne, am the son of the later Webster and Ida Hamilton Akers. I am married to Verlie Walker and we have three daughters, Mrs. Gary Adkins and Mrs. Larry Steffey, who reside in Ohio, and Mrs. Curt Blackburn.

I am a member of the Masonic Order, 32nd degree. I am a former member of the United Mine Workers, and I am now an officer with United Steel Workers AFL-CIO, representing the state of Kentucky.

I publish this information as I want you the people to have some insight as to my interest and family background.

District 4 is my major interest now, and I hope you the people will give me the chance to prove it.

Look for my name on the ballot No. 4 and give thought to everything I have said. I want to serve District 4.

Court Upholds Judges' Primary

The state Supreme Court last Thursday upheld Kentucky's nonpartisan primary for district court judges, overturning a lower court ruling that it is unconstitutional.

The unanimous ruling setting aside the April 25 decision by Jefferson Circuit Judge George B. Ryan came less than one hour after the court heard oral arguments on the issue.

The brief, one-page ruling, which will be followed later by a written opinion explaining the Court's reasons, also suspended an injunction Ryan had issued against Secretary of State Drexell Davis keeping him from certifying the names of the Jefferson County district judge candidates.

The ruling lifts the suspense for the 244 candidates who have filed for the 113 new judges' positions, which are on the ballot for the first time this year. The district judges will replace the current local city and county courts next year under the new Judicial Article.

Mayor's Proclamation

Whereas, long term care facilities in our community have dedicated themselves to providing quality care to those entrusted to their care, and

Whereas, many of our convalescing aged and chronically ill citizens spend varying periods of time in long term care facilities, and

Whereas, the long term care profession has forcefully demonstrated its dedication by continually striving to upgrade standards of care and improve services, and

Whereas, member homes of the American Health Care Association and the Kentucky Association of Health Care Facilities are sponsoring many activities in observance of National Nursing Home Week beginning Mother's Day, May 9, now

Therefore, I HAROLD COOLEY, as Mayor of this City of Prestonsburg, Ky. urge all residents of this community to join in this observance and participate in a demonstration of recognition, support, encouragement and appreciation for the high standard of care that long term care facilities are providing in our community.

Perkins Hopes EK CEP To Get \$10.5 Million

A total of \$10,535,000 will be available for new public service jobs in Eastern Kentucky under economic stimulus legislation expected to clear Congress within a few days, Congressman Carl D. Perkins said last week.

The \$10.5 million will go to the Eastern Kentucky Rural Concentrated Employment Program, and is part of the \$71,565,000 total going into Kentucky. Additional funds will come in from the state's allocation, which is separate.

The public service jobs program is a major part of President Carter's Economic Stimulus Package sent to Congress more than two months ago.

Rep. Perkins was one of the original sponsors of the legislation, and it follows a proposal that the Eastern Kentucky Congressman has been advocating for years.

"This allocation of funds will put unemployed people to work fast, doing productive things in their communities—doing jobs that need to be done," Rep. Perkins said.

"When the jobs created through this program are tied in with the public works jobs program, which should also pass Congress shortly, we will be seeing significant benefits in our area," he said.

JOHNSON SPEAKS OF YOUNG GENERATION

I, Charlie Johnson, would like to take this opportunity to speak of the young people and young voters in our Dist. No. 1.

As I have traveled through our Dist. 1 and talked to as many voters and families as I possibly could, I've found that the younger generation is taking a great deal of interest in what's going on in our district and our County.

I think this is wonderful, and I'm sure their parents are very thankful and proud of them for this.

All of you know it's the young people that's going to be stepping up in Floyd county government. I believe by letting them know and finding out about our county will help to make a better Dist. No. 1, as well as a better Floyd county, in the years to come.

Please, as a young man myself, all I'm asking is a chance to prove my willingness and understanding to work at succeeding in the office of Magistrate in Dist. No. 1.

AS I HAVE PROMISED, IF ELECTED I WILL RUN THIS OFFICE FULLTIME. I ABSOLUTELY DON'T THINK A MAN CAN HANDLE THIS OFFICE THE WAY IT SHOULD BE WITH ANOTHER FULLTIME JOB. I ALSO PROMISE I WILL BE WITH THE COUNTY ROAD EQUIPMENT AT WHATEVER TIME IT IS IN DIST. 1 UNTIL IT MOVES TO ANOTHER DISTRICT. These two promises I mean to fulfill for the people of Dist. 1 from the bottom of my heart.

Give me a chance to use the office of Magistrate in Dist. 1 for a better District, and to set a good example for the people coming up in this District.

Blackcats Place 2nd In P'burg Invitational

The Prestonsburg Men's Track team, coached by Forrest Hughes, captured second place in the Prestonsburg Invitational Track Meet held at the PHS stadium last Saturday. The overall winner was Bourbon County High School who won the meet with 62 points while PHS followed with 49. Third place went to Whitesburg, fourth to Paintsville, and fifth to Pikeville.

Although soaked with rain and very slippery, the P-burg track still yielded some outstanding performances. Sophomore James Brown, of Prestonsburg continued his domination in the distances events as won the 880-yd. run in a quick 2:09, the mile in a tactical 4:45 and the 2-mile in an easy 10:25 besting second place by almost a full minute.

Other highlights for Prestonsburg was William O. Goebel's winning long jump effort of 18'8", and Paul Ackerman's second place jump of 18'. Junior Kerry Sloan of the Blackcats had a busy day as he took third in the shot put, third in the discus, second in the 220 yd. dash and was a member of the second place 880-yd. relay team of Goebel, Gary Mosier, and Wayne Tibbs.

Paul Ackerman also had a busy day as he set a school record of 54.9 for the 440-yd. run, finished second in the long jump, fifth in the triple jump and was a member of Prestonsburg's winning mile relay team of Jim Derosssett, Alvin Jerrell, and Bill Knarr.

Other valuable efforts turned in by Prestonsburg's runners were Tony Vandine's third place in the high jump, and Ken Powers' second place in the shot put.

The Prestonsburg womens' team coached by Sharon Meade grabbed third place in a tightly contested meet as only six points separated first and third places in the womens' running events. Outstanding efforts for P-burg was Bridget Clay's win in the high jump, and Kim Hilton's fourth place finish in the mile and 880 yd. runs. Barbara Hatfield won the shot put, Dee Dee Music placed third in the high jump, and Prestonsburg finished third in the 880-yd. medley relay. Brenda Wright finished second in 110 hurdles.

Cats in Tourney Finals

By C. "OLLIE" ROBINSON

The Prestonsburg High School baseball team moved into the championship game of the 58th district baseball tournament and will advance to the regional baseball tournament next week.

Regardless of the outcome of the championship game scheduled for 2 o'clock this afternoon (Wednesday) at the Drift baseball field, Coach Russell Shepherd's Blackcats are the defending district champs and will play either Wheelwright or McDowell for the championship. Wheelwright played McDowell Tuesday. Prestonsburg advanced to the title game by defeating a good Betsy Layne baseball club, 10 to 2.

Greg Dixon started and was the winner. It was his third win of the season. Ronnie Allen pitched fine relief ball the final two innings. Eddie Boyd started for Betsy Layne and was tagged with the loss. Jeff Cline pitched fine relief ball for Betsy Layne. Wilburn Samons connected for a home run in the first inning and was

robbed of a triple as Ricky Morgan made the best defensive play of the game as he grabbed the line drive in right centerfield.

In the first game Wheelwright won over Allen Central, 17 to 10. Coach Frankie Francis' Trojans took advantage of several walks and errors by Allen Central. Joe Tackett started for the Trojans and picked up his sixth win of the season without a loss. Charlie Hall relieved Tackett, and Tackett came back into the game and relieved Hall. Wheelwright came up with 10 runs in the third inning as Rick Pack, the starter and loser for Allen Central, had control problems. Actually, in the hitting department, Allen Central outthit Wheelwright. Allen Central staged a rally in the bottom half of the seventh and came up with seven runs but not enough.

McDowell High School, the host team, drew a bye and played Wheelwright Tuesday.

PCC Speech and Drama Team Wins First Place in Tournament

The Prestonsburg Community College speech and drama team won the first-place sweepstakes trophy in both group and individual events at the ninth annual Community and Junior College Speech Tournament held April 25-26 at the University of Kentucky.

Award-winning students in the tournament were Jana Floyd and Blaine Stanley, who tied for first place in extemporaneous speaking; Carol Blevins, who took first place in book review; Debbie Yerian and Johnnie Ross, who placed third with their scene from "The Glass Menagerie;" ten students who composed the Readers Theater event, an adaptation of Shirley Jackson's short story, "The Lottery"; were Dennis Walker, Gary Burruss, Robin Barker, Joyce Guess, Bernadine Wells, Blaine Stanley, Diane Holbrook, Beverly McGuire, Thelma Hughes, and Johnnie Ross, won third place honors with their presentation. Ross was also given an individual Reader's Award for this event; and Rita Hall placed third in impromptu speaking. In addition to the extemporaneous award, Jana Floyd also received third place in book review. Participating in broadcasting were Frank Tyler and Chuck Leffler. Joann Smith and Pam Witten were P.C.C.'s entries in interpretive recital. Miss Witten and Mrs. Yerian also presented original orations. Lynn Weddle served as assistant to the director in the group events.

Other colleges participating in the tournament were Jefferson, Paducah, Elizabethtown, Somerset, Hazard, and Henderson Community Colleges. Jefferson and Paducah tied for second place in the sweepstakes.

The students were accompanied to the tournament by their coach, Mrs. Laura Weddle, and their co-sponsor, Leo Weddle.

Pineville Prepares For Mt. Laurel Fest

"The unified spirit of the Pineville residents who are working together to clear the debris left by the floods, closely resembles that of Kentucky's pioneer settlers," commented Tom Gatewood, curator of the Kentucky Historical Society (KHS) Historymobile.

He continued, "They are determined to let nothing interfere with the annual Mountain Laurel Festival scheduled for May 26-29. 'Pineville Shall Rise Again' has been added to the festival's original theme, 'Kentucky, A Beautiful Place.'"

The Historymobile, a 40-foot tractor trailer which contains a mini-museum, will be featured at the Mountain Laurel Festival May 26-27. Gatewood feels that the mobile museum's exhibit is appropriate as it depicts how Kentucky's settlers worked and played together to build the frontier between 1774 to 1784.

Along with a slide presentation of the first decade of settlement in Kentucky, the mobile museum houses a life-size log cabin. Surrounding the fireplace in the cabin are primitive cooking utensils, a spinning wheel and other artifacts from the pioneer era. The exhibit also features replicas of weapons, maps and scale models of a flatboat and a pioneer station.

"The Historymobile creates an awareness of our heritage," said Gatewood. "It also stimulates an enthusiasm for Kentucky history when students work as curators and makes the state's past available to people who never have the opportunity to visit a museum."

The Historymobile is operated seven days a week from March through November. "It is especially appropriate for community festivals and any local historical celebration," said Gatewood. "But the mobile museum is also available to schools, clubs, prisons, parks, nursing homes and country fairs." For scheduling, contact either Gatewood, the curator or General William Buster, executive director, Kentucky Historical Society, (502) 564-3016.

A Young Man Asks for your Vote and Support.
ARNOLD TURNER, JR.
FOR COUNTY ATTORNEY

His father, Arnold Turner, of McDowell, fed himself and his family by the wages of a coal miner for over 21 years as an underground miner and then worked an additional 12 years as a Kentucky State Mine Inspector. This young man's grandfather, Joe "Hoss" Turner, is the son of Joel and Margaret Coburn Turner of the Right Beaver section of Floyd County. His paternal grandmother is Mertie Martin Turner, daughter of Keene and Martha Robinnett Martin, who are from the Drift-Minnie area of our county. Arnold Turner, Jr.'s mother, Annette Newsome Turner, was a working woman, employed 17 years as the Housekeeping Supervisor at the Appalachian Regional Hospital at McDowell. She is the daughter of the late Milford Newsome who was from the Ligon-Mud Creek section of this county. His maternal grandmother was Dona (Donie) Hall Newsome, who was well-known as a restaurant owner in Martin and McDowell for many years. Her parents were Robert and Henrietta Hopkins Hall of the Spewing Camp-McDowell area.

Other family members consist of three sisters and two brothers-in-law, all of whom live at McDowell, and those being Donise Turner, Joan Chaffins, Anita Gibson, Phillip Chaffins, son of the late Dave and Mint Chaffins of Wayland, and David S. Gibson, son of Selton and Bertha Gibson, of Maytown.

He is married to Elizabeth Ann Burga, the daughter of Bill Burga of Hager Hill and Alta Burga of Wheelwright. She is the granddaughter of Dewey and Eula Osborne of Wheelwright. They have one son, Arnold Brent Turner, currently enrolled in the Allen Elementary School.

It should never be suggested that Family relations should determine your vote, but a man's background is a good indication of a man's desires for the future. Arnold Turner, Jr. is a native Floyd Countian whose hopes, dreams, and ambitions stand to see Floyd County prosper and progress.

Vote Arnold Turner, Jr. For County Attorney
A Democrat.

RECOVERS FROM ILLNESS
Mrs. Mary Jo LaPointe, who has been confined to her home at the spradlin Apartments with a severe cold, is recovering.

Martin Senior Citizens' Center Dedicated to Mayor Grigsby

From left—Helen Ison, Martin housing director; Mayor E. P. Grigsby, Sr.; Dee Burchett, director of the Senior Citizens' Center.

Open house was held May 6 for the dedication of the Senior Citizen Center at Martin. Link Lemaster, of the Area Agency on Aging, made the introduction of the people and agencies that had made the center possible—Mayor E. P. Grigsby, the Town Council, Housing Director Helen Ison, the Board of Commissions, Big Sandy Area Development District Chairman Henry Stumbo, members of the Senior Citizens Board, members of the Area Agency on Aging, Phil Price, Title VII of the Nutrition Program, and Paul Ritchie, board member of Title VII.

In the five-county area several centers have been named or dedicated to some outstanding citizen who has given of his time and service. The Martin Center was dedicated to Mayor E. P. Grigsby. Mayor Grigsby spoke of his desire for several years for this accomplishment and it was gratifying to him to see it become a reality, and what it would mean to the senior citizens of the county.

Mrs. Dee Burchett is the director of the E. P. Grigsby Senior Citizens Center.

Arts and crafts made by the senior citizens were displayed, and many projects are planned for coming months. On May 18 and 19 a chartered bus will take them to Western University, Bowling Green, for the Governor's Conference on Aging.

Refreshments of cake and punch were

served to the following: Goldia Vance and Mary Ellen Ratliff, Wayland; Bessie Isaac, Bypro; Flurinda Tackett, Bevinsville; Marie Stephens, Bradis P. May, Thurla Ramey, George H. Ramey, John R. Baldrige, Alice Baldrige, of Langley; Mr. and Mrs. Hawley Scott, Garrett; Peachie Warrens and Hester Vanderpool, Hueysville; Sister Jeanette Tenbarger, Dwale; Lyda Hall, Audilee M. Hall, Viola Poole, Emojean Marshall, Lulla Dussing, Z. C. Dingus, Thelma B. Allen, Earl Allen, E. P. Grigsby, Sr., Lorie Vannucci, John Lemaster, Ethel Vicars, John H. Fleming, Anna M. Spencer, Alva Davis, Bertha Flanery, Rebecca D. Skeans, Stella Justice, Paul Ritchie, Betty Ritchie, Lucy Smith, Inez Justice, Darcus Lafferty, Amanda Lafferty, all of Martin; Elizabeth Baker, Langley; Claude Swiney, Verlie Newman, Lula Wallen, Yvonne P. Jones, Jean Patton, Prestonsburg; Greg Akers, Leroy Akers, Betty Akers, Anna M. Stumbo, Kathleen Stumbo, McDowell; Phil Price, Prestonsburg; James Martin, Drift; Roshia Moore, Garrett; Hazel Crisp, Wheelwright.

The cake was made by Marie Stephens, of Langley, Ky. Mrs. Stephens and Kathleen Stumbo presided at the punch bowl. Mrs. Paul Ritchie registered the guests. Extra chairs were furnished by Hall Brothers Funeral Home and were delivered by Leroy Akers.

Floyd Doctor Named Diplomate of ABFP

Dr. Roger D. Akers, of Wheelwright, has been named a diplomate of the American Board of Family Practice (ABFP) as a result of passing a certification examination offered by the ABFP. He is now certified in the specialty of family practice.

The intensive two-day written examination taken by Dr. Akers is designed to prove his ability in the areas of internal medicine, surgery, obstetrics, gynecology, pediatrics, psychiatry and community medicine.

To qualify for the examination a physician must have completed either a three-year family practice residency or have been in family practice a minimum of six years and successfully completed 300 hours of continuing medical education approved by the American Academy of Family Physicians.

VICTIM OF DEWEY ROBERTS DIST. NO. 4

In response to Dist. No. 4 Magistrate Dewey Roberts' statement about all roads being fit for the bus to pick up kids on their runs, I, Romey Spears, want to make it known to the people of No. 4 that I had to take my girl to school all winter, because the bus could not travel the road.

Fire Marshal Warns Against Trailer Fraud

Another deceptive business practice has cropped up in Eastern Kentucky in the aftermath of severe flooding last month that left thousands of families homeless.

State Fire Marshal Warren Southworth said his office has learned through the federal Department of Housing and Urban Development (HUD) that some people are attempting to sell mobile homes by falsely advertising: "HUD disaster mobile homes for sale, make us an offer." Southworth said that these very mobile homes may have sustained flood damage. Too, he said, insurance companies may have reimbursed the owners for a total loss of the "HUD" trailers.

Southworth said any person approached by another who claims to be a HUD employee could verify that employment by contacting local HUD offices. Or, those with questions about buying mobile homes can contact the fire marshal's office through a toll-free number: 1-800-372-2967.

State Dept. of Education Offering Mine Safety Classes for Coal Miners

The Kentucky Department of Education is conducting classes in mine safety for coal mine employees. The mine tragedies in eastern Kentucky last year prompted state and federal government mine officials to set up new regulations governing mine safety training classes.

Kentucky has approximately 2,200 mines, including both surface and underground, and more than 30,000 miners.

Lynn Tackett, in the state Education Department's Bureau of Vocational Education, supervises a new unit that is working in cooperation with the Mining Enforcement and Safety Administration (MESA) and the state Department of Mines and Minerals in the training and retraining of mandatory safety standards established by MESA, in the U.S. Department of Interior.

Tackett said that under the new regulations, coal mine operators must adopt training programs for inexperienced and experienced miners, training miners for new work assignments and annual training of miners. Thus, Kentucky has set up a mine training program that coal operators can use to meet the state and federal training requirements.

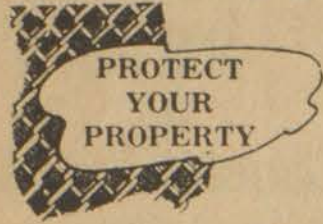

The Bureau of Vocational Education has offered or is presently offering approximately 34 mine safety classes in the coal producing regions of the state. Classes are also being planned for certified mine supervisory personnel in gas detection, roof and rib, ventilation, first aid, principles on mine rescue and law.

"The coal-producing counties are included in five vocational education regions," said Tackett. "All but one of these regions have a full-time teacher coordinator employed by the Bureau of Vocational Education to coordinate the mine safety standard training program." All of these teacher-coordinators have had several years experience in the mining industry.

Jimmy Cartwright serves as teacher-coordinator in Region 2, Madisonville; Norman Goble, Region 11, Paintsville; Raymond Cochran, Region 12, Hazard; and Burnett "Bill" Halcomb, Region 13, Harlan.

"We are planning to hire 85 part-time instructors," Tackett said. The coordinator and instructors must be certified by MESA and the Bureau of Vocational Education to teach the mine safety classes. The classes are organized in cooperation with MESA and the Department of Mines and Minerals to insure that persons completing and passing each course will be accepted for certification and/or qualification, Tackett added.

"By June, '77, we plan to have conducted approximately 50 courses in which some 2,000 mining industry employees will have participated," said Tackett.

Floyd Education Association In Annual Spring Convention

The annual spring convention of the Floyd County Education Association was held the evening of April 28 at the Martin Elementary School. The short business meeting, well-attended by county teachers, was dubbed "a very active session" by the presiding officer, Edgar Bingham.

In addition to the annual election of local officers, KEA delegates and alternates, several technical business matters were resolved. The injection of a personal period in this year's meeting gave members ample opportunity to view their opinions and offer suggestions.

Recognition of special guests included KEA field worker Betty Rowland, and KEA-EKEA board director Philip Dingus, Martin school principal.

Because of the resignation of William Patton, the FCEA board of directors had previously appointed Prestonsburg teacher, Janice Allen, to fill the position of vice-president, pending membership approval. Mrs. Allen was accepted by acclamation and will serve in that position until August 31.

It was resolved that the FCEA submit to KEA for legislation the proposal of an increase in teachers' retirement to 15 percent and 20 years service. "A 20-year retirement is not unreasonable," KEA Uniserve worker, Betty Rowland, assured the gathering.

Following a discussion about the loss of school days due to the recent flood, Edgar Bingham, FCEA president, instructed the association's secretary, Shirley Stewart, to submit to both the State Department of Education and Governor Carroll a letter describing the plight of the Floyd county school calendar. It also was suggested that Mrs. Stewart send copies of this letter to both

The Lexington Herald-Leader and The Courier Journal.

A committee, whose purpose will be to gather information about teachers' Blue Cross-Blue Shield insurance, was named, with Maytown Principal Ralph O'Quinn designated as chairman. Mr. O'Quinn was asked to report his group's findings at the next membership meeting.

New officers elected are: President-elect, Shelby Draughn; vice-president, Ruth Ann Blanton; secretary-treasurer, Nadine Hicks. The in-coming president, John Maddox, was unable to attend, but sent in his stead a letter pledging his constant support to the association. Mr. Maddox will assume office, September 1.

The following were named as representatives from the several county areas:

District 1—director, Edgar Craft; delegate, Janice Allen; alternates, Delphia Hicks, Ruth Ann Blanton, and Nadine Hicks.

District 2—director, Blanche Dingus; delegate, Philip Dingus; alternates, Audrey Gunnell, Doris Robinson, and Pam Wohlford.

District 3—director, Helen Martin; delegate, Wava Turner; alternates, Alice Martin, Lance Manns, and Kay Scutthfield.

District 5—director, Bertha Ratliff; delegate, Lucy Reynolds; alternate, Judy Looney.

Representatives from District 4 will be named later.

During a brief recess a five-member KEPAC committee was elected. Effective September 1, the following will represent Floyd county in KEPAC matters: Ralph O'Quinn, Edgar Craft, Sammy Wells, John Maddox and Ruth Ann Blanton.

The FCEA, aided by the Martin Elementary lunchroom workers, provided refreshments. The Hospitality committee was headed by Blanche Dingus.

To Observe Anniversary

Mr. and Mrs. Estill Johnson, of Golf Hollow, in Wheelwright will celebrate their 25th wedding anniversary at their home Saturday, May 14. Estill Johnson and Dorsie Wright were married on May 14, 1952, by Preacher Johnny Bates at his home in Bybro.

Mr. and Mrs. Johnson are the parents of 12 children: Ruby Collins, of Wheelwright; Julia Faye Smith, of Hazard; Irene Isaac, of Ohio; Phyllis Boyd, of Wheelwright; Danny Johnson, of Tennessee; Estill Johnson, Jr., of Prestonsburg; Paul Johnson, of Wheelwright; Brenda Hall, of Indiana; Debra Johnson, of Alice Lloyd College; Ricky Johnson, David Johnson, and Marian Sue Johnson, all at home. Mr. and Mrs. Johnson also have fourteen grandchildren.

They are members of the Joppa Old Regular Baptist Church, of Melvin.

Two Die in Fire At Paintsville

Two men died in a fire which gutted the Mary Carter Paint Store and eight apartments on West Third Street, Paintsville last Tuesday night.

The dead men were identified as John Johnson, Jr., 61, and Hershall (Huck) Fraley, 60.

The fire started in Johnson's apartment, which was located at the rear of the building. At 12:55 a.m., the fire department was summoned to the building, after a tenant, Roger Martin, smelled smoke. Martin awakened tenants of seven other apartments who escaped without injury.

The fire department used three pumps and one from Prestonsburg to control the fire and prevent its spread to a house, a mobile home and the Paintsville Herald.

"There were 300 gallons of aluminum paint in the building," Fire Chief Bob Dixon said, "and they exploded one right after the other." Some firemen suffered minor cuts and burns, he said.

The property loss has not been estimated. Cause of the fire is not known, but arson has been ruled out, it was said.

There was a quote in a paper the other day: "Trivial matters take up more time for discussion because some of us know more about them than we do about important matters."

When we read this, we started thinking. It's true that about 75% of all conversations are about trivial and unimportant matters. Few people have the time to get into deep and important discussions any more. Is this good—or is it bad? What are important matters? Someone has said—"It's important if it helps you—your neighbor—your country or the world."

Think back over the matters you have discussed this week. Were there many that were important, or were the majority of your discussions trivial?

OUR THOUGHT TO REMEMBER: "IF IT IS HELPFUL—TAKE TIME TO DISCUSS IT."

Meals on Wheels Allotted \$10,486

Human Resources Secretary Peter Conn announced last week the receipt of \$332,100 from the state's general fund for expansion of the department's supplemental foods program for the elderly. Community Meals on Wheels (Big Sandy ADD) will receive \$10,486.

The majority of the grant, \$198,741, is earmarked for awards to 15 Title VII-funded agencies, enabling them to provide supplemental foods programs in 19 counties which previously had no elderly nutrition projects.

The remainder of the allotment will be used by the Bureau for Social Services to enhance and develop special programs operated by the Center for Aging.

"These are state funds being utilized to supplement the nutrition programs for the elderly in accordance with the Governor's commitment and concern for the elderly," said Harold Mann, director of the Center for Aging.

Each of the feeding programs funded by Title VII will now be serving a minimum of 150 meals per week to Kentucky's needy senior citizens.

Extension Service News
What Happened To My Beans?

By JOHN E. SPARKS
County Extension Agent

This was the question that puzzled the home gardeners last year. Last spring the weather was very favorable for root rot, bean mosaic and bacterial blight.

The most common bean disease that the white half runners had were root rot (rhizoctonia) and bean mosaic.

The fungi which decays the lower stems and roots of green beans are present in almost all soils in which beans are grown. This fungi shows up when weather becomes unfavorable for the best growth of bean plants.

The tap root and lower stems are affected by the fungus and show reddish lesions which later turn brown to black. The red colored taproot may decay, shrivel and die. The way the stem decays does cause confusion, making it look like worms have bored through the stems.

In controlling root rot you need to rotate 4 to 5 years between bean crops which is helpful and the longer the better. Plant after the soil has warmed in order to produce rapid, vigorous growth. Cool soils do increase the incidence of root rots. Shallow plantings may be helpful. Seed treated with captan can reduce seedling rots (1 teaspoon per pound of seed), spray the furrow, where seeds are going to be dropped with captan before covering the seeds (1 teaspoon per 20 feet of row as dust or mix in water).

Most bean varieties are susceptible to root rot under certain conditions but some more so than others. White half runners and Kentucky Wonder pole beans are among the most susceptible with vine type beans more susceptible than the bush varieties.

Bean viruses are causing serious problems. More than one virus disease may be involved. Symptoms are different from root rot with vine tips and new leaves crinkling, downward cupping of leaves, yellow mottling, and dead area along the veins of infected leaves. You can tell by pulling the plant and looking at the roots. The above symptoms it would indicate bean mosaic.

Bean yellow mosaic virus is carried to beans by aphids from white and alsike clover or other related legumes. White and alsike clover should be destroyed in fence rows and near the garden. Control of aphids may help keep the disease from spreading. Use malathion at the rate of 1 tablespoon per gallon of water.

In general, bush beans are more tolerant to the virus disease than Kentucky Wonder pole and white half runner beans. Later plantings of these beans may escape the disease.

To The Voters of District 3

As the election is drawing near some of my opponents have been making wild promises of what they will do for District 3. I hope the good people will not be misled by these promises. We have had too many promises made in the past to be fooled again.

I wish every voter in District 3 would attend a few fiscal court meetings so they could see how their county government operates. Fiscal Court meetings are open to the public, any time they wish to attend. During my term of office, and with the help of the other good Magistrates, we have voted to pay the county employees every two weeks instead of once a month. We also voted to pay the Constable in each district a salary for the first time in the history of Floyd County. We voted to build a juvenile detention center for our young boys and girls which was needed badly. This is near completion and should be ready for dedication soon. During my term of office a road has been made so the school bus can get in and out of Stumbo Hollow at Drift.

District 3 was damaged very badly by the recent flood, and the fiscal court will let contracts on some of these roads and bridges so they can be repaired as quickly as possible. I will do everything I can to rush this up.

There may be some homes that I haven't had an opportunity to visit, so please don't feel hurt at me. Anytime I can be of help to you, please feel free to contact me. On May 24th go to the polls and re-elect Leroy Akers, and together we will make District 3 a place to be proud of.

ARNOLD TURNER, JR. FOR COUNTY ATTORNEY

Less than two weeks from today, the people of Floyd county will go to the polls to select a new County Attorney. This new County Attorney will take office on the same date our new District Court begins. All violations of law heretofore processed through our county courts, magistrates' courts and city police courts will go through this one judicial body. The District Court, with its new County Attorney will represent a new opportunity for our people to bring a professional and competent approach to our law enforcement problems. We can make it a new beginning, to bring a solid and consistent application of the law to protect our people, yet maintain a constant effort to achieve basic fairness for every man and woman.

But to do this, I honestly believe the County Attorney's office must be matched with a new face, a man who is fresh in commitment, energy and ideas. To do otherwise will be to look to the past and miss this new opportunity.

Therefore, I ask for your vote and support. In return, I promise you four years of hard work and dedication to do the things that must be done for all of us. My office will have an open door for every man and woman, whether rich or poor, with a sympathetic ear to your problems and difficulties. My official duties will be carried on in the open, visible to all, with a complete explanation to anyone as to why any certain thing has been done.

MY PLEDGE IS TO RUN AN OFFICE THAT WILL MAKE FLOYD COUNTY A BETTER PLACE FOR US AND OUR CHILDREN.

May 19 Date Set For East Kentucky Highway Contracts

As the construction season shifts into summer gear, the Kentucky Transportation Department (KYDOT) has announced that it will take bids on 56 projects at the next scheduled bid letting, set for May 19 at Frankfort.

Eastern Kentucky projects will include:

—Two contracts for upgrading US 23 in Boyd and Lawrence counties under the Appalachian Development Program. In Boyd county, grade and drainage improvements and surfacing will begin at a point .3 mile south of Durbin School and continue northerly to within about one-half mile south of Lockwood. The Lawrence county segment of that work will start just north of Roe Creek and stretch northerly to Buchanan, a distance of just over one mile.

—Four Energy Road Fund contracts for surfacing two miles of roads in Breathitt county, almost 12 miles of Letcher county roads, 3.3 miles of roads in Laurel county and 3.3 miles of Clay county roads.

Floyd Family Planning To Conduct Clinics

Floyd County Family Planning will conduct a family planning clinic May 11 at the Mud Creek Health Project at Craynor, Ky. Another planning clinic will be held Monday, May 23, in the basement of the Floyd County Health Department. This clinic is free to all, age 15 or older. For questions or appointments concerning these clinics, call 886-8702.

To Compete in Ohio

Paul Branham, of Prestonsburg, will compete in the National Vocational Clubs of America (VICA) Skill Olympics held in Cincinnati, Ohio, June 21-24 where he will represent Kentucky in Industrial Electronics.

A student at Mayo State Vocational School in Paintsville, he is enrolled in Industrial Electronics in Robert Rice's class. He was the regional winner at Mayo and the state winner of the VICA Skill Olympics held in Bowling Green, April 22-23.

Branham is a son of Mr. and Mrs. Lowell Branham, of Prestonsburg.

VICA is a national organization consisting of secondary and post secondary vocational education students in trade, technical and health occupational classes. The purpose of the organization is leadership development for members. Skill contests in students' occupational field are designed to motivate students to greater achievement in the technical knowledge and skills that will be required of them on the job.

Big Sandy CAP, Other Agencies Receive Funds

Gov. Julian M. Carroll and Peter Conn, secretary of the Department for Human Resources, have announced the allocation of federal funds in the amount of a \$119,000 grant to Community Action agencies in Eastern Kentucky.

Some \$25,000 of the funds will be used to provide emergency flood relief food and nutrition programs by the following agencies:

—Big Sandy Community Action Program, Paintsville, \$10,000 for a period of two months.

—Bell-Whitley Community Services Agency, Pineville, \$6,000 for a period of two months.

—Harlan County CAA, Harlan, \$2,000, for a period of two months.

—Knox County Economic Opportunity Council, Barbourville, \$2,000, for a period of two months.

—Leslie, Knott, Letcher, Perry Community Action Council, Hazard, \$3,000 for a period of two months.

—Middle Kentucky River Area Development Council, Inc., Jackson, \$2,000, for a period of two months.

In addition, \$94,000 in federal funds were allocated for general operation and administrative purposes of the following agencies:

—Big Sandy Community Action Program, Paintsville, \$50,000;

—Bell-Whitley Community Services Agency, Pineville, \$20,000;

—Harlan County CAA, Harlan, \$5,000;

—Knox County Economic Opportunity Council, Barbourville, \$8,000;

—Leslie, Knott, Letcher, Perry Community Action Council, Hazard, \$8,000;

—Middle Kentucky River Area Development Council, Jackson, \$3,000.

These Community Action Agencies are local administrative units that operate on a regional basis and deliver services geared to the needs of the people in the area served.

The funds are awarded in accordance with Section 242 of the Head Start, Economic Opportunity, and Community Partnership Act of 1974, as amended.

Consumer Comment

By ROBERT F. STEPHENS
(Attorney General)

What you see is what you get! This popular phrase sums up the meaning of the "as is" clause in used car contracts.

The Attorney General's Division of Consumer Protection receives phone calls daily from consumers about used cars. Generally, their complaint concerns a recent used car purchase which is not functioning. The consumer usually thinks that the car dealer must fix the car or reimburse them for repairs. But, the car dealer is under no obligation when the consumer has signed an "as is" contract, which means that the consumer is accepting the car just like it is for better or worse!

When the consumer buys a used car, the contract usually says that the consumer is buying the car "as is," or has a 30-day warranty under which the dealer pays half the repair costs while the consumer pays the other half. These contracts mean what they say.

Regardless of what the salesman said, or what seems fair, an "as is" contract means that the consumer has purchased the car without any guarantee or warranty whatsoever. The dealer is under no obligation if it falls apart.

If the contract states that the warranty is for 30 days, with the repair costs split between the dealer and the consumer, check the details. Many times there is a clause requiring the work to be done at a particular place and the cost may be higher than average. Remember that if the warranty is for 30 days, the dealer does not have to do anything if the car begins to have problems or stops operating on the 31st day after the sale.

To guard against later disputes, make sure you understand the contract and that all the terms of the sale are written down and included in it. Find out the terms of the contract before you purchase the car. Don't blame the car dealer when the sales agreement is clearly written out in the contract. The responsibility to know what you are signing is yours.

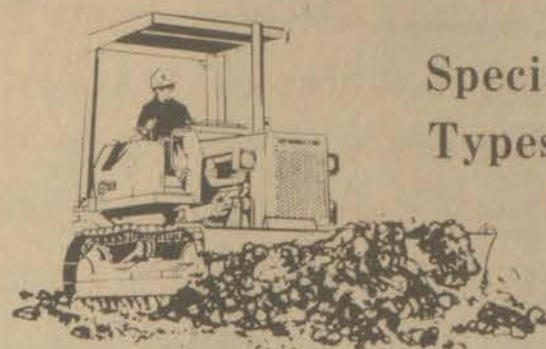

If you have a consumer complaint, contact the Attorney General's Division of Consumer Protection, Room 34, The Capitol, Frankfort, Ky., 40601, or call our toll-free hotline 1-800-372-2960.

As all of the people that I have spoken with know, my main concern is the road conditions in Dist. No. 1. If elected improving these roads will be my goal and fulltime task.

All of you know promises aren't any good unless action and work stand behind these promises.

Please try to keep this in mind from now until you cast your vote. I was raised on bad roads, traveled on bad roads to and from school, and still travel bad roads to and from work. Just as so many of you have done in the past and still do today.

Wouldn't you say that if anyone understands, and is familiar with our road conditions I am? With your help and support we can change this for all of Dist. No. 1.

OF DISTRICT 4**

It grieves me and saddens my heart that a brother and Elder of mine would so deliberately and maliciously slander and lie. I have heard these rumors and know them to be completely unfounded and untrue. Perhaps my brother and the elder in their zealously for power have forgotten the commandment "Thou shalt not bear false witness against thy neighbor".

I am proud to say that I have known Sandy Boyd all his life, and am proud to say that I have never known nor met a more upstanding young man. He has always dealt friendly and honestly and always with love in his heart. There was never a more righteous man in this country than his Grand-pa, Bennie Boyd. Sandy has spent his life working with and teaching our children. He has always considered friendship more important than money. I have heard him say that he would rather have a friend than a dollar. As a result of this practice, he has acquired a lot of friends and very little money. But he doesn't care, for he understands that his reward will come in heaven, not on this earth. I know this boy to have a strong belief in God and a righteous knowledge of what is wrong and what is right.

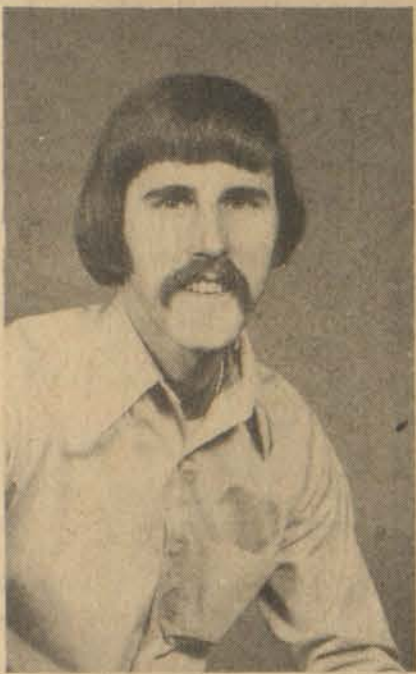

All too often we see yet we are blind. We hear but we are deaf. I tell you my brethren that there is more to this man than we see or hear. My Brethren recall St. Mark 2:16 and 17. Let us choose a man who lives by the Book—not talks about it.

JARVIS ALLEN

Candidate For

DISTRICT JUDGE

Wishes to explain to the people that this is an office that covers Floyd County and is not confined to a certain district within the County. It is a Non-Partisan office in which all qualified registered voters may vote whether Democrats or Republicans. The candidates for this office will be listed separately under a label "Judicial Ballot" and the voter, after voting his party ticket, may then vote for his choice under the Judicial Ballot. I would ask each voter to determine in his own mind who is the qualified candidate, has the most experience and knowledge of the law, who would be fair and honest in his dealings with the attorneys and people who come before the Court, whether wealthy or poor, and who would try to give unbiased opinions, and when you are fully convinced, vote for that candidate because you, the people, deserve the best service you can get and the best cost no more than the poorest in this case. Your welfare is what will be at stake. I will abide by your judgment, but let it be your judgment and not that of others who may mislead you for their own selfish interest.

Re-elect
HENRY C. HALE
Floyd County Sheriff

"For all the People"
Knowledgeable, Experienced
and Qualified

A man of proven ability who will work on the job 24 hours a day toward the accomplishment of the following goals and objectives for good law enforcement and preservation of justice for all the people of Floyd County:

1. I will work with all 11 State Troopers, the elected District Judge, County Attorney and Commonwealth Attorney to insure the even-handed and fair enforcement of all the laws of the Commonwealth of Kentucky and to insure the protection of lives and property of all the people of Floyd County.
2. I will work with the Floyd County Fiscal Court, regardless of who is elected, in a co-operative and informative attitude to assure proper financing of the Sheriff's Office, thereby providing the best law enforcement and justice for the people of Floyd County.
3. I pledge that I will continue the program that was started by me in my first term as Sheriff, to insure that all deputies are in proper uniform and that all cars are marked and have proper emergency equipment.
4. I will work for and insure the proper patrol and thereby the proper protection of property and people throughout Floyd County, especially in the areas outside the city limits of the various towns of Floyd County.
5. I will work with the Crime Council Big Sandy Region, the Kentucky Crime Commission, and the LEAA to see that deputies' salaries are properly supplemented wherein we attract good, qualified, and honest deputies with integrity, and to see that these deputies are properly trained and participate in the continued legal training for all law enforcement officers both with the Commonwealth of Kentucky and with the federal government through the Kentucky Crime Commission.
6. I will work to see that a county-wide rescue system, directed by the Sheriff's office, is implemented through federal assistance through the LEAA, Kentucky Crime Commission, and the Crime Council Big Sandy Region, so that disaster programs and calamity rescue operations can be properly implemented in time of individual, family and community emergencies.
7. My past experience as Sheriff, as State Representative from Floyd County, and my maturity and the wisdom from working with all the people of Floyd County will assist me and you, the people, in having a Sheriff who is innovative and hard-working for the interest of all the people of Floyd County.

**DELMER (DICK)
ELSWICK
FOR SHERIFF**

I am a candidate for Sheriff of Floyd County now and will be until the election is over. Some people are evidently anxious for me to come off because they keep starting the rumor. If you hear this rumor don't pay any attention to it because I have no intention of quitting.

I will state again that I want to be your sheriff. If elected I will:

1. Have competent deputies in full uniform that will treat each and every person fairly and equally.
2. I will have a deputy in each magisteral district.
3. I will do my utmost to stop bootlegging, selling and use of illegal drugs and drunk driving.

If you will check the records you will see that I am the only candidate for sheriff on the Democratic ticket who has not been a law enforcement officer.

Vote for a man that has never had the chance to serve you. I promise if elected sheriff of Floyd County you will say after my term is up, "A job well done".

Your vote and support will be appreciated.

WILLIE HALE

Democrat for Constable
Dist. No. 1
No. 2 on the ballot

I am the son of James M. Hale and Mary Marslett Hale, of Blue River. I am married to the daughter of Lee Dillon and Celia Merritt Dillon, of Sugar Loaf. I have lived in Prestonsburg for the past 25 years, and I have worked for the Bank Josephine and H. D. Fitzpatrick for the past 30 years.

Your Vote and Support Will be Appreciated.

Pd. by candidate, 5-11-77.

**TO THE VOTERS
OF DISTRICT 3**

I, Terry David Bentley, was born at Drift, November 13, 1947, and later moved to Garth, on Left Beaver Creek. I am the son of Mancel Bentley and Thelma Osborne Bentley, of Hite. I am the grandson of the late Fair Bentley, who was a railroad worker at Martin. I am also the grandson of the late Freel Osborne, coal miner at Weeksbury and Wheelwright. I am the great-grandson of the late Dent Osborne and Carrie Hall Osborne, of Garth. I married Deborah Meade, from Salisbury. She and I have four lovely daughters, Terri, Tamara, Tariana and Trenda.

I was brought up hard and know what it is to work for what I get. I also know what it is to wade mud down the hollow to a bus stop a mile away.

If elected to the office of Magistrate, I have an office set aside for the duties and obligations of such an office. The office phone will never be unlisted or left off the hook. My home will also be available for any assistance of which I can be to my fellow citizens. I believe if a person has a problem and is in need of assistance, he needs it then and not days later.

If elected to the office of Magistrate, I pledge to have at least five outstanding citizens from each community to take turns and sit in with me at the Fiscal Court meeting each month. By doing this, our problems will be made public, and therefore can be acted upon.

I was reared to believe that "a man's word is his bond." Citizens of District 3, take me at my word. If elected, I will stand behind any pledge or publication made during my campaign.

HENRY C. HALE
Floyd County Sheriff

"For all the People"

Knowledgeable, Qualified and Experienced

World War II Veteran—served in the U. S. Navy as Seaman First Class. Knowledgeable of the Veterans and their problems.

Worked 20 years in Union Coal Industry of Eastern Kentucky—Believes in and supports the right of coal miners and employees of other industries to have a voice in the determination of their working conditions and safety, and the right to earn a decent, respectable, livable wage.

Served as State Representative from Floyd County 3 terms, 1948 thru 1953, during which time he fought for passage of legislation to upgrade Eastern Kentucky's, as well as Kentucky's, educational system and improvements for the working conditions of both men and women throughout the Eastern Kentucky and Kentucky economy.

Elected Sheriff of Floyd County and began service in 1962—First Sheriff to have marked cars and uniformed deputies.

—Worked with all Magistrates in each magisterial district in choosing four deputies from each district to safeguard the property and lives of the people of Floyd County.

—Formed first countywide patrol system by the Sheriff's Department.

—Served as President of Kentucky Sheriff's Association in 1964, and was honored by a letter of commendation from the Kentucky Sheriff's Association, stating: "We couldn't help but be reminded of the good work you (Henry C. Hale) did through the Kentucky Sheriffs Association and especially while you were President. We were successful in getting the blue light for all law enforcement officials, enable Sheriffs in all counties to obtain uniforms and radios, and succeeded in getting a lot of Sheriffs to mark their vehicles."

MAGISTRATE,

Dist. No. 1

I think that every voter in Dist. No. 1 knows I am well qualified and, if elected, I will be a fulltime Magistrate. AS YOU PEOPLE KNOW, A MAGISTRATE CANNOT HOLD ANOTHER JOB AND BE AVAILABLE WHEN NEEDED, AND CANNOT SERVE THE PEOPLE WHEN NEEDED.

So I am saying to you, I promise, if elected, I will be on the job and available 6 days a week.

The election being a short time away, I would like to thank everyone that I and my family have visited and spoken with for their time and kindness. Many thanks to all my friends for their courtesy and support.

I personally will not be able to speak to all the voters in Dist. 1, so I would like to take this opportunity to tell you more about myself and family.

I am married to Linda Stumbo Johnson, daughter of Mr. and Mrs. Perry Stumbo, Jr., granddaughter of Mr. and Mrs. Perry Stumbo, Sr., also Arthur Jones and Anna Sue Caldwell Jones, all of Betsy Layne, Ky.

I am the son of Mack Johnson, (a disabled coal miner) and Myrtle Haywood Johnson; grandson of Tom and Avanelle Hubbard Johnson, Jobe and Gracie Ousley Haywood; great-grandson of Bee and Eliza Hicks Johnson, Malcom and Rebecca Harmon Hubbard, which many of you may remember MY GREAT-GRANDFATHER, MALCOM HUBBARD, WHO RAISED FRUITS AND VEGETABLES ON SPURLOCK FORK OF MIDDLE CREEK, AND SOLD THEM FROM HIS HORSE AND WAGON IN PRESTONSBURG.

Leo Music
Magistrate District One

I, Oliver Prater, will support Leo Music for Magistrate. Because he is the only man running qualified for the job. I have worked road construction work with him and we have worked together in the mud, snow and the cold. He is the man that District One needs on country roads. He can operate and repair any equipment that the county has. We need someone that lives in the country and understands the needs of the country roads and the needs of the people in the country. He will devote full time to being Magistrate of District One.

Pd. for by Oliver Prater, 5-11-77.

What Is a District Judge?

In Floyd County, the District Judge will do the work now being done by five City Police Judges, four Magistrates, County Judge, Judge Pro-Tem, Trial Commissioner and Juvenile Judge. Floyd County will still have a County Judge (now known as County Judge Executive) and Magistrates, but their duties will be limited to fiscal matters, making up the budget and supervising the spending of the county tax money.

The District Judge will preside over all civil cases where the amount involved is \$1500, or less, all juvenile matters, including the violation of all state laws and city and county ordinances, except offenses punishable by penitentiary confinement or death.

In addition to the other duties, the District Judge will also preside over another new court, known as the Court of Small Claims (matters under \$500).

It is estimated that 68 of every 100 persons having business before the courts will come first to the District Court.

The office of District Judge will require a person with not only a law degree, but also with considerable administrative ability. It will require a person with good health, good nerve and a willingness to work long hours. How the office is operated for the first time may set the pattern of justice in Floyd County for a long time to come.

Believing that I am the best man for the job, I respectfully urge you to vote for me in the coming May Primary. If I am elected, the fact that my residence is next door to the court house (and jail) will somewhat ease the problem of having your District Judge available after hours.

The office is non-partisan and I welcome the vote of my Republican friends as well as my fellow-Democrats.

SCOTT COLLINS

Candidate for District Judge

Pol. Adv. Pd. for by Rose Marie Collins, Treas., 5-4-77.

Ladies and Gentlemen:

I am Holland B. Hurley, Democratic candidate for Sheriff of Floyd County.

As you know, it's just a few weeks to the election, and you will go and vote for the candidate of your choice.

A lot of the big county Democrats think it's funny that I am a candidate for Sheriff. I served my country in combat and I would like to serve my county as Sheriff.

This is the time that the voters can show the Court-house Gang that they can unite together and make a change.

I will never be Sheriff, unless you, the people of Floyd County, want to give a poor man a chance.

People didn't think Jimmy Carter would be President, but a lot of people got fooled.

Take a look at our county. Can you buy a beer anywhere? or can you buy dope? I think people deserve more out of their tax dollar.

Get behind me and elect me Sheriff for four years and then we can say our county will be one of the cleanest in Kentucky.

I have been flooded, and haven't had all the time I needed to campaign. So if I don't get to see you before the election, I am your friend and will be your friend if you vote for me or don't.

I know I don't have lots of money or county support. I don't think I will need it. I am going 50-50 with you. All you have to do is vote for me and I will do the rest.

If elected, I hope to have a former Kentucky State Trooper as chief deputy. From the time that he is sworn in, he will be in charge of bootlegging and dope. I don't ever want him to tell me who he is going to raid, as long as he is in the bounds of the law, and I'm sure he will be.

Thank you,

A PROVEN LEADER FOR EAST KENTUCKY

Floyd Risner

Floyd Risner, 87, of Rt. 1, Betsy Layne, died Tuesday, May 3, at Methodist Hospital, Pikeville, after a brief illness.

Born March 11, 1890 in Magoffin county, he was a son of the late Dean and Martha Ann Jenkins Risner. A retired miner, he was a member of Local No. 9845, UMW and was a member of the Betsy Layne Church of Christ. His wife, Mrs. Dora Jane Burns Risner preceded him in death in 1971.

Surviving him are two sons, Floyd Risner, Jr., of Akron, O., and John Dean Risner, of Mobile, Ala.; five daughters, Mrs. Pansy Anderson, of Orlando, Fla., Mrs. Della Wise, of Betsy Layne, Mrs. Virginia Lipke, of Ormond Beach, Fla., Mrs. Martha R. North, of Annapolis, Md., and Mrs. Sylvia Price, of Homestead, Fla.; two half brothers, Walker Jenkins and Thurmond R. Penix, and two half sisters, Wanna J. Fibbs, Wilda and Hilda Penix, all in Ohio; 19 grandchildren and 15 great-grandchildren.

Funeral services were conducted at 1 p.m. Friday at the Betsy Layne Church of Christ with Tommy Spears, the officiating minister. Burial was made in the Bush cemetery at Harold under direction of Baker Funeral Home.

Dr. Frank T. Rogers

Dr. Frank T. "Tip" Rogers, 69, prominent radiologist, died Thursday, May 5, at his home in Knoxville, Tennessee.

Prior to World War II, he lived with his uncle and aunt, the late Mr. and Mrs. Fred H. Cottrell, of Prestonsburg. A Medical Corps Major in Europe during the war, he returned to Knoxville to practice.

He is survived by his widow, Mrs. Ginny Rogers, and three sons, Gillette, Dick, and Dr. Frank Rogers, Jr.

Burial was made in Knoxville Saturday.

Walter Little

Walter Little, 62, of Laurinburg, N. C., formerly of Wheelwright, died Friday in Morgan Center Hospital there following a long illness.

A disabled miner, he was born October 25, 1914, a son of the late Floyd Little and Eliza Little Smallwood. His wife, Mildred Kiser Little, preceded him in death. He was a member of the Church of Christ.

Survivors include a daughter, Mrs. Glenda Bailey, of Laurinburg, N. C.; two brothers, Burlin Little, of Eugene, Ohio, and Henry Little, of Wheelwright; one half brother, Ed Smallwood, also of Wheelwright; a sister, Mrs. Geneva Landis, of Johnstown, Pa., and three grandchildren.

Funeral services were conducted at 3 p.m. Sunday at Hall Brothers Funeral Home chapel, William A. Carrington, Jr., the officiating minister. Burial was made in Davidson Memorial Gardens at Ivel.

IN APPRECIATION

We, the family of James Selton Gibson, would like to express our deepest gratitude to all those who helped us in any way during the illness and death of our dear husband and father. A special thanks to Dr. Mary A. Hall, the nursing staff at the McDowell Appalachian Regional Hospital, the people who sent flowers and brought food, the ministers of the Regular Baptist Church, the Bethel Church for the use of the church, and the Hall Brothers Funeral Home for their kind and efficient service.

Johnson Judge Defends Carroll, Relief Efforts

"It is totally reckless and unconscionable to blame the state or Governor Carroll for either the 1977 flood disaster in Eastern Kentucky or its aftermath."

So said Johnson County Judge James C. Witten in response to critics of Governor Carroll and Kentucky's disaster relief efforts in the wake of the 1977 flood along the Cumberland and Big Sandy Rivers in Eastern Kentucky.

"I can only speak for the efforts that were expended here in the five counties of the Big Sandy Area Development District (ADD)," Judge Witten said, "but the response time from the state and federal agencies was immediate and without reservation."

The Johnson judge's comments were in reaction to criticism levelled by some Eastern Kentucky groups at both the Governor and individual relief agencies for what was characterized as "... a lack of adequate response."

"Within hours of the knowledge of the flood and its effects, state and federal representatives were not only on the phone but were landing in large numbers at local airfields with personnel, equipment and supplies. I don't know how we could have expected any greater response than that," Witten continued.

"Furthermore, thanks to the efforts of local civil defense volunteers, we experienced the utmost degree of coordination between local, state and federal agencies in their assistance efforts."

Judge Witten placed the responsibility for any "disaster relief gaps" on what he described as "the suddenness of the heavy rainfall and the relative inertia or response time of local government officials" in mobilizing local civil defense organizations.

"Governor Carroll and every agency of state government was in contact with me by the time we had a clear picture of the flood and its damage. In addition," Witten said, "hardly a day has passed since, that some agency has not been in

Louisa-Ft. Gay Bridge Group To Meet May 19

State Transportation Secretary Calvin G. Grayson has announced that a meeting of the Louisa-Ft. Gay Bridge Task Force has been scheduled for May 19 at the Lawrence County Courthouse.

Grayson said that all 24 members of the task force are being asked to attend the 1 p.m. meeting that will enable the group to "tie together any loose ends before the bridge plans are completed."

Members of the task force, which was created last year to expedite the bridge construction, include Grayson; C. G. Cook, chairman and director of the state Transportation Department's (KYDOT) Division of Bridges; Louisa Mayor E. W. VanHoose; Jack Schaffer, mayor of Ft. Gay; Thaddeus M. Miller, representing Lawrence County; Col. James C. Smith, representing Wayne County, W. Va.

G. F. Kemper, Kentucky state highway engineer; J. Lynn See, president of the Louisa-Ft. Gay Bridge Action Group; William A. Hartig, state highway engineer for the West Virginia Department of Highways; J. Speed Jones, West Virginia Commissioner of Highways; and J. W. Hilborne, assistant Kentucky division administrator for the Federal Highway Administration.

Grayson also indicated the Army Corps of Engineers, United States Coast Guard, KYOVA Interstate Planning Commission, FIVCO Area Development District, N & W Railroad and Frankland and Lienhard, project consultants from New York, would send representatives to the meeting.

The meeting is open to the public, and the Secretary urges all interested parties to attend.

CARD OF THANKS

I wish to take this opportunity to express my appreciation to all my friends and neighbors, Floyd County Rescue Squad and the Prestonsburg Fire Dept. who devoted their time to help me in the passing of my husband, Tom J. For more particular reference to the tract of land described, a map of said territory is filed with Richard Earl Martin, Civil Engineer, Prestonsburg, Kentucky.

(2) Pursuant to this Ordinance, this action was filed in the Floyd Circuit Court on April 4, 1977, by the City of Prestonsburg, Kentucky.

(3) Notice of filing of said action was published in the Floyd County Times in its issue of March 16, 1977. This notice in part provides as follows:

"... Notice is further given that said petition was filed pursuant to the provisions of KRS Section 81.210, and that if no defense to said proceeding setting forth the reason why the territory or any part of it should not be annexed to the City of Prestonsburg, Kentucky, by May 2, 1977, the first day of the May Term of the Floyd Circuit Court commencing more than 20 days after the filing of said petition unless the time for such defense is extended by the Floyd Circuit Court by its order, that the City of Prestonsburg, Kentucky, will request the Floyd Circuit Court to render judgment annexing the said territory as a part of the City of Prestonsburg, Kentucky."

(4) No defense was made on May 2, 1977, the first day of the May Term of the Floyd Circuit Court, which Term did not begin until more than 20 days after the filing of said petition seeking said annexation and this Court made no order granting further time for making defense.

CONCLUSIONS OF LAW

Pursuant to the above Findings of Fact, the petitioner is entitled to entry of judgment annexing said territory into and as a part of the City of Prestonsburg, Kentucky.

JUDGMENT

Pursuant to the above Findings of Fact and Conclusions of Law, it is adjudged by the Court that the territory described in the petition and in the foregoing Findings of Fact shall be incorporated herein by reference as if it was set out at length, be and the same is hereby ordered annexed into and as a part of the City of Prestonsburg, Kentucky.

It is further ordered by the Court that said territory shall hereinafter be treated and considered for all purposes as a legal part of the City of Prestonsburg, Kentucky.

That this action be filed away and hence stricken from the docket at the cost of the petitioner, City of Prestonsburg, Kentucky. Dated: May 3, 1977.

HOLLIE CONLEY Judge, Floyd Circuit Court

SECTION 3. Pursuant to the proceedings had in said case, the City Council of the City of Prestonsburg, Kentucky, does hereby ordain that the property hereinafter described be annexed as a part of the City of Prestonsburg, Kentucky, and shall be treated and considered for all purposes as a part of the incorporated area of the City of Prestonsburg, Kentucky, to be effective as of May 3, 1977, the date when said judgment was entered by the Floyd Circuit Court.

Said property hereinafter referred to consists of a tract of land immediately adjacent to the most northern limits of the City of Prestonsburg, Kentucky, and described as follows:

WAY OF THE CROSS OUTREACH

"In Times Like These"

These are troubling times and God's work is not exempt from these troubles. But, if we were dependent upon ourselves to solve all problems then surely we would be of all people most miserable. We have found our source of strength in our God by a living faith that really works. We have been given a commission not to keep silent but to share God's word and His goodness to all people of all walks of life. We surely cannot keep quiet in times like these. We need to raise our voices in the sweetest of songs and sing "JESUS SAVES, JESUS SAVES."

There is nothing undertaken for the Lord that does not meet opposition. Then it is time to look for the problem potential. Once we find the problem, then it becomes a challenge. That's an exciting way to live, for surely God did not mean for the Christian way to be unexciting. Each day you face may be the day you will reach someone with the love of Jesus Christ. Each new day can be the day you can sing, "This is the day the Lord hath made." This is the day that I will rejoice and be glad therein. The world sees enough sadness. They want to see the reality of being a real child of God. Smiles, and all that goes with it.

Tragedies have swept our town, counties and states, homes and lives wiped out. Dark clouds hovering over even the children of God, but He is still on His throne. Sometimes He speaks in tones of thunder and some times in a still small voice, but it is all God. Could it be He is speaking now and could it be He would speak again in greater depth than before? Let us walk softly before Him. Let us help heal broken lives. Let us help those who are looking for guidance in these troublesome times. Those who are saying "I wish I knew God's Will in this situation or if He would just show me what I ought to do, I would gladly do it!"

Maybe friend, you just need to talk it over with some reliable Christian friend or your minister. So many times a solution becomes plain as soon as it has been brought to the light.

Just talking about a problem has a way of just reducing its size.

That's what the "WAY OF THE CROSS OUTREACH" is all about. Someone loves you and is there to talk it over with you. Pray with you or just to come and sit in the quietness of His presence and meditate upon His word.

There are many ways in knowing the will of God. Always choose the way of the Cross (not the building), but the Cross that Jesus says, take up thy Cross and follow me. If you have to choose between two paths, one smooth and the other rugged, always take the rugged path (for the route God chose for His Son and His servants of old was seldom smooth).

SPECIAL

Friday 13, 7:30 p.m. Rev. Lorie Vannucci and Youth group singers will be at the "Way of the Cross Outreach." Rev. Vannucci's message will be entitled "The offense of the Cross." Join in for this great night of fellowship with God's children of like faith.

3-Year Average Court Funds To Determine Reimbursement

Regulations outlining the procedure for reimbursing localities for revenues lost through implementation of the Judicial Article became effective last Thursday.

When filed by the Administrative Regulations Review Committee of the Legislative Research Commission.

The Judicial Article, an amendment to Kentucky's constitution, was passed by voters in November, 1975. It reformed the court system which had existed in the state since 1891. Under the article, all courts including police courts, justices'

or magistrates' courts, and quarterly or county courts in Kentucky were incorporated into the state court system.

In order to prevent counties and cities from losing revenue due to implementation of the article, the special session of the General Assembly provided that the base court revenue of local courts be returned to localities. The General Assembly also directed the Department for Finance and Administration to draw up regulations governing the return of this revenue to counties and cities.

Under the regulations, the finance department will notify city mayors and county judges of the necessity of determining the base court revenue.

Base court revenue is determined by averaging net court revenue for the three fiscal years ended June 30, 1974, 1975 and 1976. (Net court revenue means the gross revenue collected by a local government from fees, fines and forfeitures assessed by a local court minus the operating cost of that court. These fines don't include parking fines unless collected by an action taken in a local court.)

The regulations require each unit of local government to respond with a determination of the base court revenues by July 15. They can respond in one of three ways: That they didn't have a local court as of June 30, 1976; that they are including a statement of their base court revenue; or that their court system was operating as a deficit and no reimbursement is available. The finance department will mail forms to cities and counties for the localities to fill out, regarding this information, and return.

The finance department will review each base court revenue determination through an audit process, and will notify cities and counties of the result of the review.

Under the laws passed by the General Assembly, localities must provide "reasonably available" space to the state for district and circuit courts to operate in. In addition, any income that counties or cities derive from new or existing sources as a result of the implementation of the Judicial Article would be subtracted from base court revenues.

In determining net court revenue, the regulations noted, any item of expense or revenue should be included in the computation "if the item will be assumed by the state in connection with the operation of the court after Jan. 1, 1978" when the state will assume full responsibility for the new court system.

The first quarterly payment to counties and cities who will be reimbursed by the state, will be made on or about Jan. 31, 1978.

LEO MUSIC for Magistrate

Dist. No. 1 — Democratic Primary

Four years ago I ran for Magistrate against a man who made all kinds of promises but fulfilled few, if any, of them. I am a man who lives on the country roads and knows the needs of the people.

Now I am running against seven or eight more candidates about the same as the one we now have. They all have jobs and don't have the time to be a Magistrate.

There's only one qualified man—and that's LEO MUSIC.

Here are the qualifications of some of my opponents:

- Hardware store clerk.
- Clothing store clerk.
- Gas company worker.
- Another gas company worker.

Do you think these men could put in a drain pipe?

I have worked about 20 years as a heavy equipment operator, mechanic on heavy equipment and road-building. I think that makes me the only one on the ticket that is qualified to be a Magistrate.

Vote for me, LEO MUSIC, the only qualified candidate and the only fulltime Magistrate on the ticket—and the only man qualified to put in a drain pipe.

A vote for me is a vote for you and your roads.

I am not merely FOR or AGAINST things. I will stand up and fight for the people's rights.

1. Supports foxhunters in their fight to stop the trapping and killing of red foxes in Eastern Kentucky.

2. Backs Roy Cook, one of the oldest foxhunters in the county, and the fox hunters all over Eastern Kentucky who are alarmed because their dogs are coming in from the hills with their paws cut off after being caught in steel traps.

This is a great loss to the hunter who sometimes pays as high as \$800 for a dog.

3. Backs the coonhunters whose dogs are coming in from the hills, crippled up.

THE GREAT LIFE!

This is how you and your family will feel after starting a sales career with us.

What makes it great?

Your payday, first of all. You can expect average earnings of \$250 to \$300 per week—more if you're above average. You will have a guaranteed income during your intensive training program. Next you will have the prestige of working for a 46-year-old company that has an outstanding reputation for service. Benefits for you and your family are top—such as free hospitalization insurance for the entire family. You will contact both established accounts and prospective accounts that have contacted us.

If you are interested in one of the better sales opportunities in the state with unlimited income and advancement opportunities, see:

BRITISH GOVERNMENT COMES TO RESCUE OF AN ANT COLONY
LONDON—Britain, the country renowned the world over for its love of animals, has gone to the rescue of a colony of ants.

Two out-of-work university graduates will feed the ants cheese and sugar, paid for by the government, for the next four months.

It may sound as if Britain's love of animals has gone to extremes. But in all seriousness the British Institute of Terrestrial Ecology is trying to save years of research.

A fire last summer ravaged about 500 acres of abandoned hillside where an ant colony was being studied. The colony was no longer able to find food on the site, so the authorities agreed to hire the university graduates to take daily rations to them.

AN OPEN LETTER TO THE PEOPLE OF DIST. 3

I would like to take this opportunity to let you know that I have tried my very best during my 3 1/2 years in office to make you a good Magistrate. I have tried to fix every road and bridge in the district when I had the equipment and materials to do this with.

When I was elected Magistrate the Floyd County Road Department had two graders that would run and some old equipment. This equipment was shared among the four districts. During my term in office the Floyd Fiscal Court has purchased two new graders, two dump trucks, two bulldozers, one backhoe, one tractor trailer to haul the equipment. This equipment was bought out of the coal severance tax money, also this equipment is shared among each district. The Fiscal Court paid \$37,500.00 for the land for the Mini Park at Minnie, Ky. for Dist. 3. The right of way has been bought from C. and O. Railroad for the new Cushaw bridge at Printer, Ky. During my term of office I have blacktopped two and one tenth miles of the Frazier Creek road which cost \$100,883.45. The Salisbury Road blacktopped two and one tenth miles, the cost \$82,500.00. Weeksbury road .6 of a mile, \$12,000.00; Arkansas road has been resurfaced with the help of the Kentucky State Highway Department and during my first year in office the Dinwood road at Martin was resurfaced. The Floyd Fiscal Court bought the land for the new Floyd County Park at Allen, Ky., and the work has now begun on it.

The above was all paid for out of the coal severance tax money. In the new Fiscal year 1977-78 Floyd County will be allotted \$256,000.00 in severance tax money. On February 2 the Fiscal Court met with the highway engineer and this is what was proposed for Dist. 3:

Simpson Branch at Drift, one mile to be resurfaced; Bryant Branch road, one mile to be blacktopped; Garbage Hollow at Wheelwright, one mile to be blacktopped; Frozen Road at Jack's Creek, one mile to be blacktopped.

The following projects have already been approved by the State Finance Officer out of the recreational funds for Dist. 3: Wheelwright Swimming pool, \$36,300.00; City of Martin, \$20,000.00; Weeksbury Community Center, \$12,000.00; Mini Park at Minnie, \$32,000.00.

I'm sure that everyone will agree that this past winter has been the worst in many years, and the recent flood has not helped matters any. I am trying to get the roads and bridges that were damaged fixed again. A Federal official and the county road foreman finished their inspection this week of the roads and bridges.

This is my record . . . It speaks for itself.

For Continued progress in District 3, re-elect

Essay, Poster Contests Feature Fish, Wildlife

"Fish and Wildlife Resources: Their Management, Use and Value to Me" will be the subject of this year's Conservation Essay Contest and Jim Claypool Conservation Poster Contest.

The annual contests are open to all Kentucky elementary, junior and senior high school students. More than 69,000 essays and 30,000 posters were entered last year.

The poster contest is for students in grades one through five. Those in grades six through 12 may participate in the essay contest. The Courier-Journal and The Louisville Times will award U.S. Savings Bonds and plaques to state and district winners.

Co-sponsors of the contests with the newspapers are the Kentucky Association of Conservation Districts and the Kentucky Department of Education.

The contests begin officially in September. Students who wish to enter may contact their principals, who will be provided with details and reference material.

1978 Public Speaking Contest Is Scheduled

Content and delivery will be the focal point for judging of the 1977 Reader's Digest Association-BSA national public speaking contest for older Scouts and members of the Explorer Division of the Boy Scouts of America.

The speech, five to seven minutes in length, must be an expansion of some phase of the Scout's or Explorer's experience, such as one part of a merit badge requirement or program activity.

Local contests in the Lonesome Pine Council will be held during June and July following selection of unit winners. Winners in the Council will be awarded trophies, and all participants will receive certificates. The national Scout and Explorer winners will each receive a \$2,000 scholarship, and 10 additional scholarships will be awarded by the Reader's Digest Association, which co-sponsors the contest with the BSA.

A deadline of May 31st has been set for unit winners to be selected. To qualify, Scouts must have received the First Class award and Explorers must have rendered outstanding service to church, school, or community.

FROM OCTOBER 1975 to October 1976, there was a rise of 750,000 youths 16 to 24 years old in the labor force, reflecting increases in their numbers and a further increase in their labor force participation rate.

Early on 'Blue Monday,' Safest Time for Driving, Data Shows

The safest time to be on the highway in Kentucky last year was between 4 and 5 a.m. on Monday mornings.

According to a Kentucky Department of Transportation report released, only 116 auto accidents—and no fatalities—were reported during that time period last year. The worst time to be on the road was at 4 p.m. on Friday afternoons when just about everybody is rushing home or somewhere else for the week-end.

Four p.m. Friday motorists racked up a score of more than 2,400 accidents, including five deaths, during 1976.

Although the primary purpose behind the report released last week is to give traffic safety and engineering experts the sort of statistical data they need to make our streets and highways a safer place to drive, it also makes some very depressing reading for the general public as well.

During 1976, Kentucky law enforcement agencies reported more than 140,000 traffic accidents resulting in 28,224 persons injured and another 874 killed.

The only really "hopeful" note sounded in the report—if it can be called that—was the decline in persons killed last year. By comparison, in 1975 the death toll was 28 higher, or 882.

KYDOT officials, however, are expressing considerable enthusiasm over the report from the standpoint of the unusually detailed accident information which it makes available to planners who have the task of trying to discover better ways of making our roads and streets safer.

"For example, the report gives us a far more accurate picture of the crash situation, as it really is, on our highways than we ever were able to put together in years past," says KYDOT Traffic Safety Coordinator Bennie Maffett.

The report is the result of a law enacted by the 1974 Kentucky General Assembly, which took effect at mid-year 1975, that requires all law enforcement agencies to forward reports of all accidents investigated to Frankfort. In the past, mandatory reporting applied only to fatal accidents.

It is compiled by the Kentucky State Police and furnished to enforcement, highway engineering and other traffic safety offices in KYDOT and other agencies.

Maffett, who heads the Kentucky Office of Highway Safety Programs (OHSP), said that OHSP will use the data as "an improved planning tool" in helping Kentucky agencies develop and obtain federal funding for various traffic enforcement, engineering and educational programs.

During the past fiscal year, OHSP-approved grants to state and local agencies amounted to more than \$1.8 million.

Among the facts disclosed in the 1976 report, it was revealed that drivers under the age of 25 were involved in more than 35 percent of all traffic accidents.

The death rate was higher for those 25 and over who were casualties in almost 55 percent of all fatalities reported during the year.

And interestingly enough, drivers under the legal driving age of 16 were found to have been involved in six fatal accidents, 231 injury crashes and 403 other accidents where property damages only were reported.

Of the 117 pedestrian deaths reported,

Hearing To Consider Underground Mines' Compensation Rates

The Kentucky Department of Insurance will conduct a public hearing at 10 a.m. (EST) Tuesday, May 24 on an application by the National Council on Compensation Insurance for an overall 34.8 per cent reduction in workmen's compensation rates for underground coal mine employers.

The department approved on March 29 at 20.4 per cent decrease for all other workmen's compensation rates. Rates for underground coal mines, however, are figured separately because the area includes two main elements that contribute to the rates: Occupational disease (black lung) and the traumatic rate (injuries from accidents).

The Kentucky Coal Association has asked to intervene during the hearing. The meeting will be held in rooms 1-3 of Frankfort's Capital Plaza Sports Center.

over alf—71—occurred while walking in the roadway. Attempting to cross a road or street at some point other than at an intersection was second with 31 deaths.

Ten bicycling deaths also were reported. The number of bikers injured as a result of being struck by a motor vehicle was considerably higher—1,645.

Of all two-vehicle collisions reported, it was not surprising to read that the head-on crash accounted for the highest number of fatalities while rear-end collisions led the list in injuries.

The report also appeared to substantiate the general belief among most safety experts that the highest percentage of accidents happens within 25 miles of the driver's home. During 1976, more than 80 per cent of all accident-involved drivers were identified as local residents.

Major accident locations, in order of frequency, were listed as rural, business and residential areas.

It also came as no great surprise that speed continues to be Kentucky's biggest killer on the highway. Alcohol involvement was next, with failure to yield right-of-way a close third.

Where mechanical failure was identified as the cause of fatal accidents, defective brakes caused the largest percentage of those accidents. Tire failure was next.

(Adv. pd. 1t. by the candidate)

DEAR VOTERS OF DIST. 3:
We have had too much slack on the part of our
Magistrates in keeping up our roads and building new
ones. We need someone who will devote their entire time to
this task. We need a Magistrate who will travel through the
District, looking after our roads, and when some one needs
help on their roads not put them off with some excuse, but
come to their aid.
If you will vote for me as your Magistrate, I will do all
in my power to do as I have told you. I will use the money
that is allotted to me to build and repair your roads.
Dear voter, I have been in the church for 22 years and
my word is my bond. The reason I am running for this
office is to make our roads better for our cars to run over. I
have been over these roads and see that they need repairs
very badly. We need new roads built and our bridges
looked after.
When you need help, come to me and I will do all in my
power to see that you are taken care of. Your vote for me
will be a step toward new and better roads.
LOOKING TO BE YOUR SERVANT,
GEORGE C. COCHRAN, SR.

FOSTER PORTER
of Martin, Democratic Candidate for
CONSTABLE, DIST. 3
Yes, I am 70 years old. I fell on the ice last winter—that is the reason I am
using a cane. Yes, I am very able to be a good Constable. No, I am not able to
physically wrestle anyone into submitting to arrest. My grandparents on my
father's, Tom Porter's, side were Dr. Benjamin Porter and Cynthia Napier
Slone Porter. My great-grandparents on my mother's, Hattie Salisbury
Martin Porter's, side, were Joel Martin and Judy Turner Martin. My wife,
Sarah, is Bill Flannery's daughter. She goes to M. D. Anderson Cancer In-
stitute, Houston, Texas, for cancer treatments. My daughter is Mrs. Charles
(Rita) Lafferty. I am a member of Wheelwright Lodge 889, F. & A.M. I have
amateur and citizens band radio license. I have made a lot of trips as
locomotive engineer on the railroad up and down Left Beaver Creek. Also,
like to trade on old coins. I've told you about myself—if you want to know
more, ask me. Now how about voting for me?

WALTER L. STUMBO
for
MAGISTRATE
District 3
The election is drawing near and I would like to ask the
voters of District 3, to give me the chance to serve as your
next Magistrate.
I am the son of Mrs. Anna Hall Stumbo and the late Lee
Stumbo of McDowell. I have lived in District 3 all my life.
I am married to Gertrude Turner Stumbo and the
parents of nine children. We live on Sizemore Branch at
Minnie.
I am a World War II Veteran and a disabled miner. I
have been active in many elections in the past. However, this
is the first time that I have asked the people to give me a
chance to fill a public office.
If elected, my main aim will be to serve the people. I will
be a full-time Magistrate and will devote my time helping to
make District 3 a better place for all.
I feel that the tax payers of Floyd County should get the
best possible services for every tax dollar spent. I pledge to
the people of District 3 that I will do everything in my power
to improve our roads. I would like to see roads that people
could travel safely to and from their homes.
If you want a Magistrate who will be available for ALL
THE PEOPLE OF DISTRICT 3, then give your vote and
support to Walter L. Stumbo, No. 10 on the ballot in the May
Primary.
Your vote will be appreciated.

**JAY LEE
HAMILTON
BACK AGAIN!**
Asking for the office of Jailer of Floyd County. I was
defeated for this office in 1957 by Brother Hayes.
I was born at Betsy Layne, and I spent most of my life
at Big Mud Creek, an area in Floyd County where the
Hamilton generation is wellknown. I am a grandson of
Elder Red John Hamilton. In the past I have served on
many boards, clinics, and other programs of the sort.
When I am elected for this position I promise to be a
Jailer that will best serve the people. The turnkeys I hire
will be upstanding men, on their duty at all times. Also, the
janitor that I hire will keep it clean and neat—inside and
out. All prisoners will be treated as citizens, regardless of
race, creed, or color, or the crime that was committed.
The prisoners will be allowed to call their loved ones—
local or long distance. Any prisoner requiring medical
assistance will be treated immediately.
When elected as your New Jailer—"I WILL be
available.
Not only will I do my duty in this office, but I will be of
help to the people in other ways—such as State Govern-
ment.

Miss Harris was crowned by last year's Queen, Kathy Ferguson.

**15 Comp Care Centers To Get
Visits from Review Committee**

Kentucky's 15 comprehensive care centers soon will be getting personal visits from a review committee sponsored by the State's Department for Human Resources (DHR).
Human Resources Secretary Peter Conn established the committee recently to coordinate the state's relationship with the centers which operate mental health and mental retardation programs in each of Kentucky's 15 area development districts.
The committee is made up of representatives from all four program bureaus in DHR, and the department's Office of Administrative Services.
Committee members were given four major assignments by Conn:
To review each center's plans and budgets for the 1977-'78 fiscal year; revise the way DHR monitors and evaluates the centers' performances; develop a comprehensive contract with each center which would include all funding received by the center; develop standards for improving the accounting systems used by the centers.
The state's concern for the comprehensive care centers does not mean that the state will be able to match each lost federal dollar with a state dollar, according to Conn. "Setting priorities is essential, for DHR and for each center. Each mental health-mental retardation board must assess the needs of its area and use its available resources to meet the highest priorities."
The new procedures to be used by DHR in dealing with the comprehensive care centers will make both the department and the centers more accountable, Conn believes. "The signing of a comprehensive contract is a two-way street. We want the centers to know exactly how much money is available to them, and we want to reach an agreement on how it will be spent. We will do our job in monitoring and evaluating the centers' performance and we will expect them to handle their money wisely and well," Conn said.
Conn said he created the committee because "we were not dealing with the comprehensive care centers as a department. Our approach was fragmented and there was no system of coordination among the four program bureaus."
Conn noted that each of the department's four bureaus provides funding to the center. The committee will be a permanent coordinating group for the centers.
Committee members will meet with the board of directors of each center before July 1. The emphasis on budget and planning is necessary, Conn said, because the federal funding that established the centers some eight years ago now is drying up.
"The centers were created as private, non-profit corporations with the idea that they would generate other sources of revenue to offset the eventual phase-out of federal money," Conn explained. "But many centers haven't been able to develop enough local support. They have been forced to cut back their programs to maintain balanced budgets," he said.

**Area Span Work
Let to Contract**

State Transportation Secretary Calvin G. Grayson has announced more than \$8.5 million in contract awards made April 21 for road and bridge improvements in Eastern Kentucky.
The largest contract awarded calls for grade and drain work and blacktopping along about 1.3 miles of Somerset-London road (KY 80) in Laurel county, beginning about 1.3 miles west of Interstate 75. It was awarded to Watts and Call Construction Co., Inc. of Lexington on a low bid of \$1,486,630.
In Leslie county, another major contract also was announced for a bridge and approaches over Middle Fork of the Kentucky River on KY 2009 at Hoskinston. The successful bidder (\$489,246) on that project was C and C Contracting Corp. of Williamsburg.
Bridge awards included these:
—\$138,685 for replacement of a Magoffin county bridge over the Licking River on the Royalton-Lakeville road (KY 867), one mile southwest of KY 7, by Apex Contracting, Inc., of Paris.
—\$92,312 for decking repairs on two Johnson county bridges; one located over Big Paint Creek on the Paintsville-Prestonsburg road (US 23X), and the other crossing the C. & O. Railroad and KY. 1428 on the Paintsville-Auxier-Prestonsburg road (US 23), near West Van Lear.
Contractors on those projects are Ramco Construction Co., Inc., of Frankfort, and All-Points Construction, of Lexington, respectively.
Both projects were awarded to All-Points Construction under a single contract.
—\$6,000 to clean and paint a Breathitt county bridge, located over Troublesome Creek on Lost Creek-Davies Road (KY 2468). Low bidder was Olympic Painting and Sheeting Co., Inc. of Youngstown, Ohio.

Region Has Unheralded Wonders

Do you know about an undiscovered scenic wonder in your county? Have you heard older Kentuckians tell about a natural arch that few people have seen, an isolated waterfall known only by woodsmen and hunters or other places of interest and beauty in the state? The Commonwealth is trying to locate many of its undiscovered wonders in order to tell not only other Kentuckians but also to point them out to the world.

"It does not have to be the tallest building, the longest bridge or the widest river," Mrs. Woodrow Stamper, of West Liberty, said. "Right here in Eastern Kentucky we have tourist attractions that other states would think are the greatest."

"We don't have to go to the Grand Canyon of the far West to see great wonders sculptured in stone by Nature. Right here on Wolf Creek, Martin county, there is one of the most remarkable stone formations," Rufus M. Reed, of Lovely, said.

He described the formation as "the Great Stone Face of Wolf Creek," and said it was fully equal to the stone face which Hawthorne used in his famous story. "This stone face on Wolf Creek has a Roman nose, a cleft chin, an Adam's apple, a benign expression on the face and wears a small cap on the head. The long hair extends back from the head about two feet," he said.

Eastern Kentucky has another great stone face that few travelers notice. In the spring, before trees are heavy with leaves, a stone profile is easily visible at the end of Nada tunnel in the Red River Gorge.

To observe the formation, described as "Daniel Boone's profile," travelers must

travel through the community of Nada and enter a narrow tunnel that once served as a railway. As they start to emerge from the tunnel, they can see the profile, shaped by weather and time. For centuries, the Powell county face has been a sentinel for the famous Red River valley and gorge. In Martin county, the face has been guardian of the beautiful Wolf Creek Valley.

"The Great Stone Face of Wolf Creek has stood there on the spur ridge for thousands of years," Reed explained. "Disasters and world upheavels move it not. It always looks calm and peaceful as if to say, 'Take life easy—you have all the time there is.' I call it the Old Philosopher in Stone."

The gorge formation stands at the gateway to Eastern Kentucky; the Wolf Creek face is on Kentucky's far eastern rim. Both are surrounded by mountains, hills, rugged cliffs and, at this time of year, wildflowers.

Look around you and note any interesting rock or other formations in your neighborhood and county. As Mrs. Stamper said, these can be things of simple beauty that people from other states—even other countries—would want to see.

Health Notes

By BRENDA HUNTER

The Floyd County Health Department will conduct two clinics within the week—Thursday, May 12, a pap smear clinic at the health department from 9 a.m. to 2 p.m., and on Monday, May 16, an outpost clinic at Ethel Osborne's store at Bypro from 10 a.m. to 2 p.m.

At the Bypro clinic immunizations, TB skin tests, diabetes screening and blood pressures will be among the services rendered.

Both clinics are free.

The Floyd County Health Department reminds the public that May is National High Blood Pressure Month. It is estimated that one in every two Americans has high blood pressure. Many of these are in danger because their blood pressure is not being treated adequately. It is easy to ignore high blood pressure. There are no symptoms. But it may explode in a crippling or killing stroke, heart disease, or kidney failure.

What is your blood pressure? If you don't know, get it checked and keep it checked at least once a year. If it is high, make sure you fully understand what the doctor says and stick with treatment.

The Floyd County Health Department and the Big Sandy Health Care Clinic of Wheelwright will jointly conduct a weight control class beginning Thursday, May 19, at 6:30 p.m. on the second floor at the Big Sandy Health Clinic, Wheelwright. This class is open to all women in the Wheelwright area.

SUPPORTS JOHNSON FOR MAGISTRATE DISTRICT NO. 1

I, Barbara Slone, would like to take this opportunity to say I'm sorry for each and everyone who suffered from the flood.
Four years ago I ran for Magistrate in Dist. No. 1. A lot of people said they wouldn't vote for a woman, but I received many votes, thanks to my friends and supporters. And I appreciate everything they did for me.
I'm asking each and everyone who voted and supported me to help and support Charlie Johnson for Magistrate in District No. 1. I would have liked to run again at this time, but because of my bad health I am unable to. So I urged Charlie Johnson, my nephew, to run.
I promise each and everyone in District No. 1, who will help and support Charlie Johnson, that we will have better roads and a fulltime Magistrate.
I urge all my friends to vote for Charlie Johnson for Magistrate of Dist. No. 1.

Thank you,
BARBARA SLONE

To the Voters of Dist. 3

I am writing this letter in support of my wife,
BARBARA R. NEWSOME.

She is a candidate for Magistrate of District 3. We have been married for 23 years and have three wonderful children—Loretta, 22; Michael, 19, and our youngest, Chester, 13. She is a wonderful wife and mother. She has been a hard worker all her life and she loves people. Her personality is tops. I am very proud of her and what she wants to do for the people of District 3, and I know she will do the job to the very best of her ability.

I am a preacher in the Regular Baptist Church and we do our best to live a Christian life. I am asking the people to get behind her and support her in this election, because I believe she is the person who can get the job done. She has walked many miles during this election to get to know the people and their problems and wants very much to get them solved.

If the people will get behind her, she WILL get better roads, which are needed so badly. Bridges, which are in terrible shape will be repaired so our children can get to school safely.

So I appeal to you people who want to go forward, not backward, to vote her your Magistrate. She is No. 1 in second column of Magisterial District 3 Democratic ballot.

Thank you.

To the Voters of Magisterial Dist. No. 1

Just a little about myself. I live on Bull Creek, I am a member of Zebulon Lodge, No. 273, and also, I am one of the Water Commissioners of the Bull Creek Water District. I have been working on this project for four and a half years. So by working together with the citizens of Bull Creek, and other interested people, we at last accomplished our goal.

At the end of December, 77, I will have finished 26 years as an employee of the Columbia Gas Company. Then I will be ready to serve as a full time Magistrate—not four hours per day, not just on Saturday, but eight hours each day, six days each week; or as many days or hours that is necessary to get the job done.

Now, I want to take this means of letting all my friends and Kin Folk know that I am a candidate for Magistrate of District No. 1, Floyd County, Kentucky. My name will be on the Democratic Ballot in the May Primary Election, 1977. We have had a part time Magistrate for almost 12 years. So let's try the next four years with a full time one. I can, and I will, keep these promises. I have only four promises to make and here they are:

1. I will try to the best of my ability, and with the help of the other members of the Fiscal Court to help in any way I possibly can for everyone concerned.
2. I will give \$100.00 each month to the Crippled Children's Fund.
3. I will give \$100.00 each month to the Heart Fund.
4. And I will also give \$100.00 each month to the Kidney Fund.

So, if the good people of Magisterial District No. 1 want to help their children, grandchildren, friends, and neighbors - to do so - all I'm asking you to do is very simple. Elect me as your next Magistrate of District No. 1. This I can, and I will do, so help me God.

JESSE WALLEN FOR MAGISTRATE

(No. 4 on ballot)

Now the time is at hand for my kinsfolk, friends, neighbors, and all concerned citizens of Dist. No. 1 to go to the polls on May 24 to cast their vote, and elect me as their Magistrate for the next four years.

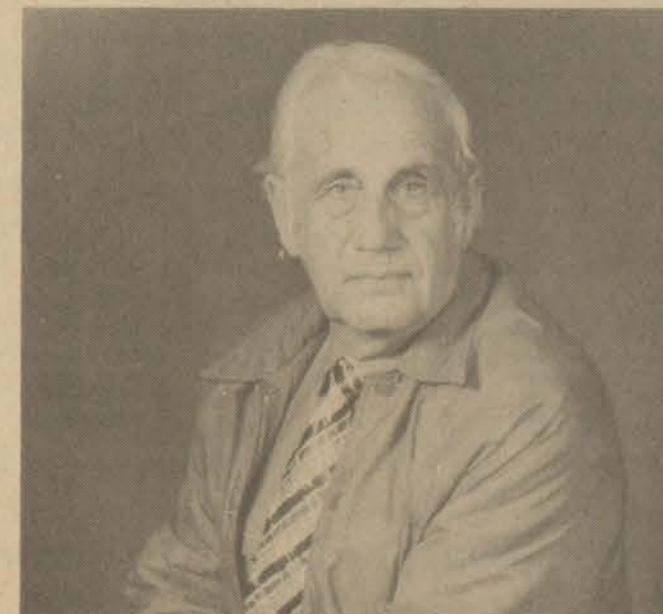

I have stated, time after time, and time again, if elected I will be your fulltime Magistrate. I will have your interest at heart for the next four years. I am sure you people of Dist. No. 1 will not settle for anything less than a fulltime Magistrate. Vote and elect me and I promise I will work fulltime.

I am sure I can and I am sure I will make the citizens of Dist. No. 1 one of the best Magistrates ever elected in Dist. No. 1. I am only asking to have the chance just to prove that I really have the people's interest at heart. So please give me that chance.

I am not looking for money for myself, but I am looking for money to help the people who can not help themselves.

I really believe I am the only man on the ballot who will be a fulltime Magistrate. Here is why: All of my opponents have good jobs and I don't believe either of them will give up their present job to be your fulltime Magistrate. I think either of my opponents, if elected, will keep their jobs, and be another part-time Magistrate for another four years.

So go to the polls May 24th and elect me and I will prove that you will never regret that you voted for me. I will work with you, for your interest, so we can prove just what togetherness can do.

Please stop and think very seriously before you cast your vote for your next Magistrate of District No. 1. Say to yourself, "Now, if I don't help elect Jesse Wallen, he won't be able to help the Crippled Children, Heart and Kidney Funds."

To the citizens who really care: You know \$14,400, will go a long way to fight for those people who cannot fight for themselves. Did you ever think that the \$14,400 gift I have pledged to this cause might just be enough to unlock the cause of these dreadful diseases that cripple so many of our dear children and the older people also?

Some of you people may not like me or my personality. But please don't hold this against the above-mentioned funds. If you good and concerned citizens do not vote for and elect me as your Magistrate of Dist. No. 1, you will not only be voting against me but you will be voting against the Crippled Children, the Heart and Kidney Funds in the amount of \$14,400 which I have pledged for the 48 months that I will serve as your Magistrate, if elected.

So please help me so I can, and I do promise, and swear this pledge, if I am elected, I will keep, so help me God.

I am sure the good people want to help me, so I can help these unfortunate people, by giving them \$14,400 within my four-year term as Magistrate of Dist. No. 1. I take this means of thanking each of you in advance from the very bottom of my heart, and I am sure that these unlucky people will forever be grateful to each of you who vote for and elect me, so I can help people who cannot help themselves. Please don't let us down.

(Adv. pd. by the candidate)

THIS IS TO RIGHT A WRONG

I have lived in this county all my life, being absent only for three years, which were spent in the service of my country. I have three sons and one daughter.

I started in business in the community in which I live at the age of nine years as a shoeshine boy, then as a paper boy, later as radio repairman, furniture business, and Amusement Company, at the present time as owner of Akers Television Community System.

My life is an open book and the issues which I believe in I strongly support and speak for, and those issues which I am against and which I believe would be detrimental to the people I strongly speak against and always will! I am not afraid, and no man can buy me or unduly influence me.

If you see fit to elect me as your Representative of District 95, I will attempt, with all the power and influence at my disposal, to do away with the sales tax and the income tax. Also, the strip miners will not be able to go on to our land without permission, to destroy and mutilate our beautiful hills, ruin our water supply, and utterly destroy our homes.

I will work religiously for the interest of ALL the people, especially the aged individuals, who are not getting their fair share of the monies being doled out and are being taken advantage of by the rich, greedy strip miners. I will attempt to have the Reclamation & Environmental Agencies live up to what their title implies—they will be made to verify their efforts to have the devastated, stripped land reclaimed to its original contour—rather than words, they will SHOW the landowner the end result.

I give my word of honor that I will work religiously for the betterment of local government and when the next flood occurs—and you may rest assured that as long as the strip miners are allowed to tear the mountains apart, that the next flood will be even greater—if you have flood insurance, I will make every effort to see that your flood insurance is not cancelled.

I will be available at all times to the people whom I represent and who elected me. I will listen to your problems and I will attempt to help each and every person.

Another issue which is very close to my heart and which I believe is directly responsible for the unemployment rate and the poverty in this County, this is the poor educational system which has prevailed in our County for many years. I would attempt to help develop all our human resources so that we may have the Scientists, the Artists, the Statesmen, the Businessmen, the productive, honest, active citizens which we so desperately need.

If elected to represent you in the Legislature, this County will cease to be an educational wasteland, the extra-curricular activities will be less prominent and the basics—reading, writing, comprehension and arithmetic—would again be paramount in the school systems. A child will not be allowed to graduate from high school on his ability to throw a ball in a hoop but on his ability to read, write, comprehend, and to figure.

For Magistrate, Dist. 2

America, we love you so much—but, America, home of the brave and home of the free, we, the people, are treating you in a very unkind way. It's time we turn around and ask God's blessing, ask Him to touch the hearts of everyone and let's all love one another and when you have love in your heart for your country and your fellowman you won't have the heart to abuse a country called America and everyone will be happier.

We still live in a country where we have many freedoms—one of those freedoms being the right to vote for the person of your choice. Everyone loves their people and I'm asking all you good people to all go out and exercise your only God-given right and vote on Tuesday, May 24th.

Zeb Ousley, my Mom's brother and my uncle, is a candidate for Magistrate in District 2 and Zeb is a good, ole feller and loves to sing, "Just one rose will do." So all you good people, let's all give him the roses while he lives and cast your vote for him. If elected, he'll not forget you but will try to do the job as best he can.

of Floyd County

Mr. and Mrs. Joseph and Children.

I would like to introduce myself. I am the son of Leonard and Sarah Prater Joseph, of Prestonsburg. I am married to Delle Ray Johnson Joseph, daughter of Pearl Row Johnson and the late Columbus (Chum) Johnson, of Risner. I have lived in Prestonsburg the past 31 years. We have two wonderful children, a daughter, Laura Jean, and a son, Leonard Dale. They both attend Prestonsburg Grade School.

MY PLATFORM IS AS FOLLOWS:

1. Fair treatment to all the people, not just a select few.
2. I will assume full responsibility for my turnkey.
3. There will be no beatings in the jail during my tenure. This, I pledge.
4. 24-hour medical treatment will be available to all prisoners.
5. If anyone is brought in needing medical attention, they will be taken to the emergency room immediately. This I pledge.

Democrat for
SHERIFF

Vote for protection for you and your family. I pledge an open line to the Sheriff's Dept. 24 hours a day. (Formerly ABC Agent)
Your vote will be deeply appreciated.

(Adv. pd. by the candidate, It.)

To the Voters of Floyd County:

I would like to take this opportunity to introduce myself to the voters of Floyd Co., as time is drawing short and I realize that I can not possibly contact each of you personally, as I would prefer to do.

I am Arvil Nelson, (known better as "Mush"). I am a Democratic candidate for Sheriff of Floyd County.

My qualifications for this important office are: four years as A.B.C. Agent; I was born and reared in Prestonsburg, the center of Floyd County; I am one of ten children, raised by an old, retired, disabled hand-loading coal miner.

My father, Hiland Nelson, is a charter member of the United Mine Workers of America, having fought the union's battles, since it's inception. Our family believes and trusts the U.M.W.A.

My mother is the daughter of the late Pat (Patsy) Osborne and Alice Delong Osborne, of Near East Point, Kentucky.

My father, Hiland Nelson, is the son of the late Tom (Tussey) Nelson and Alpha (Hubbard) Nelson.

I can list in my blood lines the following: The Nelsons, Tusseys, Hubbards, Robinettes, Hamiltons, Osbornes, Wrights, Webbs, Crisps, the Hammonds, Delongs, Banks, McKeids, DeRossetts and Laynes and further back the late Judge Eddington.

This is my first time to ask the good people of Floyd county to employ me as a public servant, and when you elect me as your next Sheriff, I will be your servant.

My aims are:

1. An open line to the Sheriff's office 24 hrs.-a-day, seven days a week.
2. Full protection for all citizens: escorts for all funerals and church services, when requested.
3. A full-time field deputy in each magisterial district, with deputies serving under him, all these to be chosen by citizens of each district.
4. I propose humane treatment for all accused, under the Constitutional right granted that anyone is innocent until proven guilty.
5. I propose equal enforcement of laws pertaining to drugs as well as illicit liquor trafficking in this and other dry, local option territories.
6. I pledge to you, the citizens of Floyd county, full and complete support of the State Police and, or, any other law enforcing agencies in or around our jurisdictional district.
7. I pledge full support of church and schools—to keep drunk driving at a minimum, to keep roads to churches and schools clean.

I leave you with this thought: As Franklin D. Roosevelt said, thirty-five or six years ago—"the only thing we have to fear is fear itself," and "with God's help and your support, we will survive."

Thank You, God Bless You and Keep You,
and remember

The Poor People's Candidate
HOLLAND B. HURLEY
Democratic Candidate for
SHERIFF
FLOYD COUNTY

Strong Union Man...Vietnam Veteran.

Ladies and gentlemen, I am Holland B. Hurley, Democratic candidate for Sheriff of Floyd county.

I know that the election is just a few weeks away. This election will determine who will run your Sheriff's office for the next four years. I hope when you go to the election that you will think about it on the way.

I know a lot of you people haven't talked to me and I also was flooded and haven't been out like I should.

As you know a Sheriff is a public servant—he should serve all the people, not just a chosen few. He must have deputies who can and will serve the public.

I pledge to not hire anyone that is a relative of mine. I also will clean up drugs and bootleggers. I promise that I will have deputies on the highway 24 hours a day. Also, someone will be in the Sheriff's office at all times.

I want it understood if elected Sheriff, I will be your Sheriff from the first day I take office to the last. I will have an up-to-date Sheriff's Department.

I will try to get some Federal money so deputies can have the proper training. A law enforcement officer should be neat and respectful, and set an example for the public.

I would also like for the public to know that I didn't put any big signs up. I am putting all the money up myself. I won't be a puppet on a string—if elected, the people of Floyd county will do it, not the bootleggers. A vote for me now, is a vote for yourself. And I would like for the people who are tearing down my signs to know, I hope you are having fun. Thank you.

HOLLAND B. HURLEY

Nominate and Elect
HOWARD KEATHLEY
FLOYD COUNTY JUDGE
Democrat

A Man For All the People...Last (No. 4) On the Democratic Ballot

I, Howard Keathley, would like to take this opportunity to introduce myself to the voters of Floyd County. I am a native of Harold, Ky. My parents are Mrs. Bertha King Keathley and the late Grover C. Keathley. I am a graduate of Betsy Layne High School and attended Pikeville College. My wife is the former Lucille "Tiny" Cartmell, foster daughter of Graham and Evelyn Harris Burchett, of Emma. We have 2 daughters—Ebbie, married to Doug Prater, of Prestonsburg and Suzanne, married to Bruce Henderson, of Willoughby, Ohio. Tiny and I, also, have one 5 year old granddaughter, Renee.

Here are a few important points I would like the voters of Floyd County to remember, May 24:

- THE PUBLIC MUST HAVE ACCESS TO THEIR ELECTED OFFICIALS. If I am elected, all Fiscal Court sessions will be announced with the news media and public welcome at all sessions. At this time, under the present administration, Fiscal Court sessions are unannounced to the general public, thus resulting in closed sessions and allowing the same 28-year-old underhanded policies to continue.
- I AM A MAN WITH 15 YEARS PRACTICAL EXPERIENCE IN ROAD CONSTRUCTION AND MAINTENANCE. Every citizen of Floyd County knows that their tax dollars are being wasted by the present administration's road maintenance program! Taxpayers should not have to travel on roads similar to dry creek beds! We should not have to face a situation where an ambulance or emergency vehicle is stopped because of road conditions!
- TAXPAYERS SHOULD BE ABLE TO SEE THEIR TAXDOLLARS AT WORK! Through wiser budgeting of the already-available funds, that, in the past, have been foolishly wasted, we will be able to provide the people of Floyd County with decent, respectable recreational facilities, improved water supplies, better ambulance and health-care systems, and up-to-date sanitation methods.

Voters, the responsibility of improving the condition of Floyd County will be in your hands, May 24! Nominate and elect me, to be your next County Judge, and it will be my job and responsibility to you to see that you are truly satisfied and benefiting from the ways your tax dollars are used!

CANCER Answer line

(A regular feature, prepared by the American Cancer Society, to help save your life from cancer.)

A farmer writes: "Whether or not laetrile is any good I believe that as an American I should have the freedom to choose to use if I want. It is a matter of my basic rights. What do you say?"

ANSWER line: Freedom of choice is one of our most precious concepts but to invoke it on behalf of a substance that has never been scientifically proven to be either effective or safe for cancer patients is "a snare and a delusion," in the words of Dr. Frank J. Rauscher, Jr., Senior Vice President for Research of the American Cancer Society and former director of the National Cancer Institute. Some unfortunate patients or their families, believing that Laetrile, a derivative of apricot pits, is a suitable alternative method of treatment, ignore proven treatments that might be life-saving. It is a misuse of the concept of freedom of choice when patients are victimized because they are falsely lured to a sometimes needless and untimely death.

A student asks: "Does the public have any say about the Government's investigation of chemical cancer-causing substances in our environment?"

ANSWER line: At the end of 1976, the National Cancer Institute established a Clearinghouse on Environmental Carcinogens to consider which chemicals should be tested for cancer potential, the appropriate experiments, the significance of test results and any possible cancer risk to human beings. Voting membership includes 30 representatives of groups outside the Federal Government such as the American Cancer Society, representatives of industry and labor organizations as well as consumer groups devoted to health. All meetings of the Clearinghouse and its subgroups are open to the public. Dr. James M. Sontag, Executive Secretary of the Clearinghouse on Environmental Carcinogens at the National Institutes of Health at Bethesda, Md. has full information about its activities.

A reader asks: "What is 'hemotherapy' and is it used to treat cancer?"

ANSWER line: The term refers to the use of blood or blood components in the treatment of disease or side effects. It is particularly important in cancer treatment because many forms of cancer injure the body's ability to manufacture blood cells and destroy the capacity to fight infection or stop bleeding, which are properties of blood cells. Some anti-cancer drugs also impair the blood system's function and for these reasons, transfusions of special blood components are critical in keeping a patient healthy during cancer treatment. Blood components are particularly important for patients with leukemia, which is the cancer that directly affects the blood and blood-forming tissues.

Rothman To Hold Sculpture Workshop

The Community Service Program's Potters Guild at Prestonsburg Community College and the Kentucky Arts Commission are co-sponsoring a ceramic sculpture workshop to be conducted by Jerry Rothman, a sculptor of international fame. The workshop will be held on the college campus, May 14-15 from 9 a.m. to 5 p.m. each day.

Rothman, one of the world's leading ceramic sculptors, has taught at the University of Southern California, the University of Iowa, and since 1970 has taught advanced ceramics and ceramic sculpture at California State University in Fullerton.

Those who are interested in attending this workshop should contact the Office of Community Services, Prestonsburg Community College, Prestonsburg, Kentucky 41653; telephone: (606) 886-3863. This workshop was originally scheduled for April 9-10, but had to be postponed because of the recent flooding.

Record of Judge Henry Stumbo

What does the TRUE record tell?

When Henry Stumbo became Floyd County Judge, the County had a bonded indebtedness of \$800,000.

Judge Stumbo has worked with local citizens, Kentucky's Governors, Congressman Carl Perkins, the Floyd County Magistrates, Prestonsburg City Officials, and Officials of other Floyd County Communities to bring about the following:

Water Districts Created and Operating

	GRANTS	LOANS
1966 Sandy Valley	\$759,000	\$506,000
1967 Prestonsburg Water Improvement	365,000	248,000
Beaver-Elkhorn	2,232,000	558,000
1968 Mud Creek	1,163,000	309,000
1975 Special Grant for David and Beaver-Elkhorn	300,000	

Other Projects Funded

	GRANTS
1960 New Courthouse	448,000
1969 Highlands Hospital Corporation	\$4,500,000
1970 Campsites Dewey Lake	346,000
1975 Floyd County Park at Allen	482,000
Grants pending on Park	600,000
1976 National Guard Armory	\$500,000
Big Sandy Bridge at Jenny Wiley Entrance	\$780,000
Upgrade Cliff Site Road	\$55,000

Water Projects to be Completed

	GRANTS	LOANS
1977 Water Gap-Bull Creek	\$441,000	\$164,000
Abbott-Little Paint	\$385,000	\$165,000
Prestonsburg Water Plant Expansion (proposed)	\$770,000	\$330,000
Water Plant for Sandy Valley and Mud Creek (proposed)	\$750,000	\$250,000
Upgrade Allen Water System		No Estimate of Cost

Sewage Treatment Plants and Collector Lines

The required planning is being done throughout the County to qualify for federal funds. To date, all RURAL AREAS are at the BOTTOM in the federal priority system. Not ONE dollar is available right now for these projects in Floyd County.

Without federal assistance, sewage treatment by conventional methods would cost each of you at least \$30 per month. Federal dollars will be necessary to accomplish this task.

Revenue Sharing Funds

During the first two years of Revenue Sharing, Floyd County received only \$212,168 per year. At my request Congressman Perkins arranged for James Allen (County Attorney) and myself to meet with the Washington Revenue Sharing Office people in Washington.

Result: Our annual revenue rose to \$363,704 per year, plus a \$258,000 check for adjustment over the first two years. This one conference has been worth \$875,000 to Floyd County.

Our Floyd County Magistrates all know that Revenue Sharing Funds must be spent within two years of being received. These funds cannot lie idle in financial institutions.

Manpower Programs

Many of you know that I have always worked with OEO, CETA, EKCEPTS, CAPs, to provide every possible job for our Floyd County people. I have served on the Board of all of these organizations and presently am a member. I will work to continue to bring every possible job to our County.

Coal Haul Roads

Our economy depends on hauling coal. At present neither the State of Kentucky nor any of its Eastern Counties can maintain the roads needed to support our coal industry and have the roads in a condition that is suitable for all of our Citizens.

I am working with Congressman Perkins, Governor Carroll, Senators Ford and Huddleston to get SPECIAL FEDERAL FUNDS for our coal haul roads. This is necessary if we are to provide the types and quality of roads needed for our Area.

Only large sums of money will accomplish the above. It costs NOTHING to PROMISE better roads. It costs HUNDREDS of THOUSANDS of dollars to BUILD and MAINTAIN good roads.

The Mud Creek Water Problem

Floyd County's elected officials, officials of EDA, and the Public Service Commission all placed faith in Pikeville's pledge to supply the necessary water to Sandy Valley and Mud Creek. We all know that this was a mistake. It will be corrected by building the WATER TREATMENT PLANT for Sandy Valley and Mud Creek. This is a top priority project.

The Next Four Years, 1978-1981

In my past years as your County Judge, I have worked to help bring over \$16,000,000 in federal grants and loans to our County for water projects, hospital facilities, parks. The next "County Judge-Administrator" will have more time to work on new programs and improve upon the operation of old ones.

With my BROAD EXPERIENCE, with MORE TIME, and the DESIRE to bring existing plans and programs to a successful conclusion, I PLEDGE to you that EVERY EFFORT will be made to provide more jobs, better roads, expanded recreational facilities, improved services to all Citizens in so far as it is honestly and humanly possible to do so.

Together we HAVE made progress in the past.
Together we WILL make progress in the future.

Your vote and influence is again greatly appreciated.

HENRY STUMBO

(Adv. pd. by James R. Allen, Chm., Stumbo for Judge Committee)

I WILL NOT TURN AND RUN . . .

On my way through life I've found some great obstacles in my path, however, realizing that this is a part of life, I refuse to weaken, but to face up to these obstacles, to be honest and frank with myself and with others. If elected to represent YOU in the legislature I will NEVER compromise on what I believe to be BEST and right for YOU, the people. I will NEVER turn and run and not vote when one of your principles are at stake and the voting for the issue is to be made.

One of my opponents in this race for Representative stated in the Floyd County Times the organizations in which he is a member—I, too, belong to several organizations. To state a few: The John W. Hall Lodge No. 950, F. and A.M., Martin, Ky., the 32nd degree Mason Scottish Rite Free Masonry, Valley of Covington, Ky., the Adah Chapter of the Eastern Star, Prestonsburg; the Pikeville Commandery No. 45, Knights Templar, Pikeville, Ky. a member of the above for approximately 30 years. I am also a veteran of World War II.

The Lodges of which I am a member have changed my life drastically, along with God, has given direction to my living, has given me stability in the midst of chaos and great changes. This has been a motivating force in my life, which, hopefully, with assist me in helping YOU, the people of the ONCE beautiful mountains of Eastern Kentucky to regain this beauty, devoid of the scars.

To the Voters of Dist. 4
I apologize for my failure to get
around to meet and talk with each
of you, but for various reasons,
including the recent flood, I could
not.
I hope you will consider this and
help me win the Democratic
nomination for Constable in our
District, May 24.
Thanks for all your kindnesses.

(Pd. by candidate) 4-13-6t-pd.

To the Citizens and Voters
Of Floyd County:
To familiarize you with my family and myself, I offer
the following information:
I am one of nine children, born to L. C. "Crit" Leslie
and Clara Layne Gunnell Leslie, of Emma, Ky., both
deceased.
Married to Hester Woods the daughter of Johnnie
Woods and Maxie Goble Woods, of Emma, Ky., deceased.
To our union were born four sons, John Paul, married
to Pam, daughter of Mr. and Mrs. Roger Spradlin, of
Prestonsburg; Darrell Keith, married to Cheryl, daughter
of Dr. and Mrs. Garland Godsey, also of Prestonsburg;
Jonathan Bennett Lee, married to Debby, daughter of Mr.
and Mrs. Jimmie Fulks, of Allen, Ky.; Jerry Mayo,
married to Deanna, daughter of Mr. and Mrs. James D.
Caudill, of Auxier, Kentucky.
I, as did my wife, graduated from Prestonsburg High
School. I then went to the CCC's for six months, joining
your U.S. Navy in December, 1940, pre-Pearl Harbour, as
a member of the heavy Cruiser U.S.S. Salt Lake City on
which I served six years. I know because I was there when
we went to war.
I mined coal for 15 years at our Wheelwright and Price
Inland Steel mines, belonging to our Wheelwright local for
the same number of years.
I am presently employed by the C. & O. R. R. Company
as a conductor, working from the Manton yard in the Right
Beaver section and the Ivel-Bull Creek section of our
county, still belonging to a union—this time, the Brother-
hood of Conductors and Brakemen—and hauling the coal
that you dig to market.
From then and at present I am still a part of our most
plentiful resource of energy, "Coal", and a proven union
man.

GREENVILLE
(WEDGE HEAD)
BRANHAM
Democrat for
CORONER
Of Floyd County

The typographical error
in spelling of Coroner
was that of the Times.
(No. 3 on Ballot)
To the Voters of Floyd County:
I am the son of the late Claude
Branham and the stepson of the
late Charlie and Mornor Lafferty. I
am married to Carrie A. Blevins,
of Prestonsburg, who has been a
licensed practical nurse for 10
years.
I would like to explain to the
people that the qualifications for
the office of Coroner does not have
to necessarily be that of a funeral
director or embalmer. The
Coroner's job is to deliver a just
and honest investigation of any
suspicious fatality or accidental
death. A vote for me will insure
FULL TIME (24 hours a day),
honest and just service in the office
of Coroner.
I would also like to bring to the
voter's attention that I am not
associated with any funeral home
in Floyd county. Your vote and
support will be most appreciated.
Thank you.
11-3d.

What I Am For
As Your
Representative
I. To do away with the sales tax.
II. To do away with the Ky. Income Tax (other
states don't have it)
III. Stop destroying our beautiful mountains by
strip and auger mining.
IV. This will stop the flooding of our homes.
Deep mining of coal will create more union jobs
for our citizens.
Let our mountains and streams remain the way
God made them. He did a good job.

Your Vote will be Appreciated.
(3-16-3t-pd. by Stumbo Campaign Committee; James R. Allen, Chm.)

Elect
GERALD
DeROSSETT
A Democrat
For Magistrate
District No. 1
The election is near and it may be that I will not be
able to personally solicit the vote of everybody in
Magisterial District No. 1.
I think that every voter who knows me will say that I
am qualified. I have lived in District 1 all my life at Bull
Creek. I am the son of Alex and Loma DeRossett. My Dad
was a teacher for years in Floyd County—most of them on
Spurlock, Katy Friend and Middle Creek.
I am married to Katie Burton who has worked at
Prestonsburg General, United States Shoe Corporation
and at present Highlands Regional Medical Center as a
nurse for 16 years. We have four children, ages 2 through
14, Gerald Doug, John Bryant, Leslie E. and James Alex.
If elected, I pledge four years of hard work and an
administration of the office based upon Justice, Un-
derstanding, and Goodwill to my fellowman. To do less
would make me untrue to myself, so I say from the bottom
of my heart, Thank you for the support and courtesy you
have shown me and my family in this campaign. Together
we will win a victory.
I Sincerely Solicit Your Vote
A Friend To You All
