

Work on \$1.8 Million Project Begins

Ground was broken Tuesday to mark the beginning of work on the new 116-bed Riverview Nursing Home which is being built on a two-acre tract of the Mayo farm, adjacent to Briarwood Addition here. Contractor on the \$1,800,000 project is Gold Key Builders, of Dayton, Ohio. Pictured at the groundbreaking are, from left, Earl McGuire, chairman of the board of The Bank Josephine; Paul Spencer, Margaret Spradlin, Claude Robinson, Dr. James D. Adams, vice-president of P. & P. Investors, owners of the facility; Mabel Goble, Mountain Manor Nursing Home employee; Joe D. Spradlin; Jack Absher, secretary of P. & P. Investors; Tom G. Dingus, P. & P. treasurer; Stella Swiney, Mountain Manor employee; Eleanor Robinson, administrator of Mountain Manor; Alice Clay, Mountain Manor employee; H. D. Fitzpatrick, Jr., president of P. & P. Investors; Frank Fitzpatrick, Patsy Evans, activities director for Mountain Manor, and Harold Cooley, Prestonsburg Mayor.

27 Road Repair Jobs Contracted On \$108,142 Bid

The Floyd fiscal court awarded Monday to the Hershel Owens Construction Co., West Prestonsburg, a contract for repair of 27 flood-damaged roads on its bid of \$108,142.

A contract on eight other roads was not approved because of overbidding on the projects. Owens was the only bidder.

The fiscal court will do the repair work on other roads which were not let to contract and will be reimbursed by the Federal Assistance Administration. The FAA approved \$142,837 to cover all Floyd road and bridge damages.

The bid of \$7,457.60 of Music-Carter Hughes to supply a 1976 Chevrolet cab and chassis for the Left Beaver Rescue Squad was accepted.

The court in its last session prior to the primary accepted the report of County Clerk C. "Ollie" Robinson of \$5,199.95 excess fees returned, \$1,025.02 delinquent taxes, \$7,097.91 tax on deeds, \$1,120.14 to the county attorney and \$2,951.06 to the board of education.

Robinson asked that he be exonerated for 1976 on the following: \$3,100.76 usage tax undercharged by deputy clerks; \$1,923.81 due by vehicle dealers on bills; \$311.90 for bad checks.

District Judge Candidates Get Isolated Spot

The fate of upwards of 100 candidates for county and district office will be decided by the voters at next Tuesday's primary election.

Of all the candidates listed on the ballot, all are Democrats except six. The Republican candidates are two for magistrate and four for constable, all in District 4.

The ballot is lengthy but fairly simple. Some confusion, however, is feared in the race for judge of the new district court. The names of the three candidates for the office are in the Non-Partisan Judicial column, isolated from both the Democratic and Republican candidates. Voters are instructed to vote for only one of the three candidates for the office.

The names of two Democratic and two Republican candidates are not listed on the ballot, because they are unopposed. The Democrats are C. "Ollie" Robinson for county clerk and Loveal Hall for property evaluation administrator. The unopposed Republicans are Ronald Frasure for county judge and W. T. Foley for magistrate in District 1.

County Clerk Robinson said all election officers are expected to attend the instruction period at 9 a.m. Saturday in the county courtroom.

The polls will open at 6 a.m. next Tuesday and close at 6 p.m. The county clerk said election officers should be at the polling places by 5:30 a.m. They are being advised that if they have any problems at the polls to contact the Board of Election Commissioners, not the county clerk or the sheriff. The board will be in session throughout the day.

If any voting machine problems are encountered, he said, election officers at the precinct should contact DeGarmo

(See Story No. 5, Page 4)

Cancer Society Fund Drive Is Rescheduled

The American Cancer Society's annual fund drive in Floyd county has been rescheduled, it was announced last Friday.

The Floyd fund drive will be conducted during the month of June with house-to-house visits, June 5-12, and the business collections throughout the month. Lyda Howard is chairman of the Floyd county unit of the American Cancer Society and committee members include Mrs. Elmer Collins, Doris Prater, Kay Cooley, Eva Collins, Doug Turner, Rev. Bill Thomas, and Helen Wells.

Auxier Group Tells Fear of 'White Lung'

Citizens of Auxier are protesting the proposed construction of an ammonium nitrate loading ramp in their community and are asking that the state close down one which has operated there since 1971.

The existing loading ramp, operated by Austin Powder Company, a Cleveland-based firm, is used to transfer the powdery chemical from rail cars to trucks, and Auxier residents claim the operation creates drifting, choking dust which causes particular problems in older men who already suffer black lung and other respiratory ailments related to coal mining.

Ammonium nitrate, a common fertilizer, is loaded at the Auxier ramp for use in mining operations where it is mixed with diesel fuel to form a powerful explosive which is used in blasting.

A petition, bearing the names of 225 Auxier residents, asks that the state Division of Air Pollution order the removal of the Austin ramp and prevent the establishment of another a few hundred feet from the existing ramp by Southern Explosives Corp. (SEXCO), of Glasgow, Kentucky.

Residents who live near the C. & O. Railway's tracks are especially outspoken on the problem. One, Clifford McKenzie, 60, said, "I worked coal mines that were so dusty that the light on a man's head looked like a little firebug. It's really rough on people like us to have

to breathe more dust now."

Officials of the two company's contend that the residents' objections are unfounded and they said they are taking steps to make the ramps cleaner.

SEXCO operated a ramp for a few days in Auxier before it was forced to close by the state Division of Air Pollution.

Fire Departments Stem Auxier Blaze

Quick action on the part of Prestonsburg and Auxier fire fighters Thursday afternoon prevented what could have developed into a disastrous blaze as flames swept through a section of the structure in Auxier which formerly served as a storage building for the now-defunct Princess Manufacturing Company.

According to Prestonsburg Fire Chief Tom Blackburn, the blaze began in a single-story addition of the two-story frame structure and damage was restricted mainly to that section. Blackburn said the blaze was extinguished "just in time."

"If we'd arrived just a few minutes later," he said, "the fire would probably have gone out of control."

No Drilling Boom Seen in East Ky.

President's Plan On Energy, Price Increase Factor

Lou Ponzetto, chief of the Oil and Natural Gas Division, Kentucky Geologic Survey, was quoted this week as saying the "explosion" in energy prices is stimulating exploration for new gas reserves in Kentucky.

But, according to officials of two of Eastern Kentucky's major gas companies — Columbia and Kentucky West Virginia, both of which have offices here — no such stimulation is seen in the Eastern Kentucky field.

In fact, a Columbia spokesman said, his company may be cutting back, at least temporarily. Five wells were scheduled for drilling in Pike county this year, for instance. One was drilled. The other four may be cancelled.

Kentucky West Virginia Gas Company has two wells under way in Pike county, but most of its exploration is being done in the Perry-Leslie county area.

"We don't expect any big flurry," the company representative said. "We're drilling less than years ago, and our operations are expected to remain about as they now are," he added.

Both men indicated that the Carter energy plan and the price of gas will go far to determine future drilling activities.

Yet Jack Wilson, geologic planner for Columbia Gas Transmission Co., has been quoted recently as saying that drilling activity is going to pick up. "We have plans for more wells," he said.

He was quoted as declining to say how many wells his company plans this year, since they aren't yet budgeted.

This Town...That World

Hot grocery store item for election year: CANDIED DATES.

CHANGE ON THE WAY

We barely become disenchanted with New Math than along comes this Metric System for a gullible America to swallow, hook, line and sinker. Somebody might start pushing next for us to drop the English language for some polyglot such as Esperanto, but we've already demonstrated that that won't be necessary. One more generation of bureaucracy and compromising of English as she is with English as she is writ, and the transition to something else will have taken care of itself.

UNHAPPY WINNER

Speaking of politics — or were we? — Fellow ran for constable and, having no opposition, won by a sizeable vote. But the taste of victory became as wormwood and gall in his mouth, and he became plumb sorry that he had got himself into politics. He explained why: "I did so well my whole family's mad at me for not running for a bigger office."

QUITTING TIME

This might be called a sequel to Watt Hale's yarn about the barber job done on the man's handlebar mustache. Anyway, he says, this fellow who lived up the hollow emerged therefrom one day, demanding of his neighbor a haircut. The neighbor protested that he had never done a lick of barbering in his life, but the fellow insisted that that was of no consequence whatsoever, or words to that effect, and that he wanted a haircut, here and now.

(See Story No. 7, Page 4)

KY 80 Sector Up for Letting As Bond OK'd

First contracts on new four-lane KY 80 between Water Gap and Hazard are expected next month, it was said in Frankfort last week after the Kentucky Turnpike Authority had authorized a \$212 million bond issue to finance construction of the road.

The first section of the highway to be let to contract is expected to be in the Perry county end of the 42-mile project. Most of the right-of-way in Floyd county remains to be acquired, and some decisions on the routing of the road were reported yet to be made.

Although the huge construction job is not expected to be completed before 1980, Governor Carroll says he expects some sectors to be open before he leaves office in 1979.

Engineers estimate that the road will cost almost \$4 million a mile because of the mountainous terrain through which it will be built.

The new KY 80 will not be a toll road like others financed through the Turnpike Authority. The negotiated sale of the bonds is scheduled for late this month. They will be bought and resold by a group of underwriters headed by Blyth, Eastman, Dillon & Co., of New York, and Dupree & Co., Lexington.

Hydrocarbon Co. Is Strikebound For 3rd Week

The Kentucky Hydrocarbon Company plant near Maytown remained closed today for the 18th day as a result of a strike called at midnight April 30 by Local Union 3-744, Oil, Chemical and Atomic Workers.

Wages and other issues are involved. The strike has been without violence.

"The men have acted like gentlemen, and we have told our supervisors to treat them as gentlemen," Thomas Flanery, plant superintendent, said.

The plant, which extracts heavier hydrocarbons from natural gas, has 27 union employees. The current stoppage is the first strike there since the union organized the workers in 1964. The plant was strikebound for 10 days at that time.

The last bargaining session was held last Wednesday at Paintsville, without result, and further talks have not been scheduled.

The workers, it was said, have asked a wage increase of 75 cents per hour; the

24,082 Eligible To Vote

There are 24,082 Floyd countians who are eligible to vote in next Tuesday's primary election, but no more than half of them are expected to go to the polls.

County Clerk C. "Ollie" Robinson gave this breakdown of the voter registration by magisterial districts:

District 1 — 8,257 registered (7,459 Democrats, 750 Republicans and 49 Independents); 4,151 women, and 4,107 men.

District 2 — 3,997 registered (3,648 Democrats, 335 Republicans and 14 Independents), of whom 2,047 are men and 1,950 women.

District 3 — 6,611 registered (6,174 Democrats, 411 Republicans and 24 Independents), 3,425 male voters and 3,186 female.

District 4 — 5,220 registered (4,558 Democrats, 645 Republicans and 17 Independents). Of the total registered there, 2,704 are men and 2,516 women.

Miss Hinchman, Pageant Winner

Miss Floyd County 1977, Paula Jo Hinchman, was crowned Saturday evening at the Jenny Wiley Amphitheatre by Miss Kathy Mullins, Miss Floyd County 1976.

The new Miss Floyd County is the daughter of Mr. and Mrs. Joe Hinchman, of Allen, and was sponsored by the Sandy Valley Explosive Co., of Allen. She is a senior at Prestonsburg High School and is active in school affairs.

First runner-up was Miss Joy Nelson, daughter of Mr. and Mrs. Reynold Nelson, of Dwaile. She is a graduate of Prestonsburg High and was sponsored by Prestonsburg Chamber of Commerce.

Second runner-up was Miss Edith Yates, daughter of Mr. and Mrs. Harold Yates, of Prestonsburg. She is a senior at Prestonsburg High School, is active in school affairs, is a member of the high school chorus, has been a member for two years of the All State Chorus, and has achieved superior ratings in the music festival. Her sponsor was the Prestonsburg Kiwanis Club.

Winner of the talent award was Miss Yates for her rendition of "Evergreen", theme song of "A Star is Born."

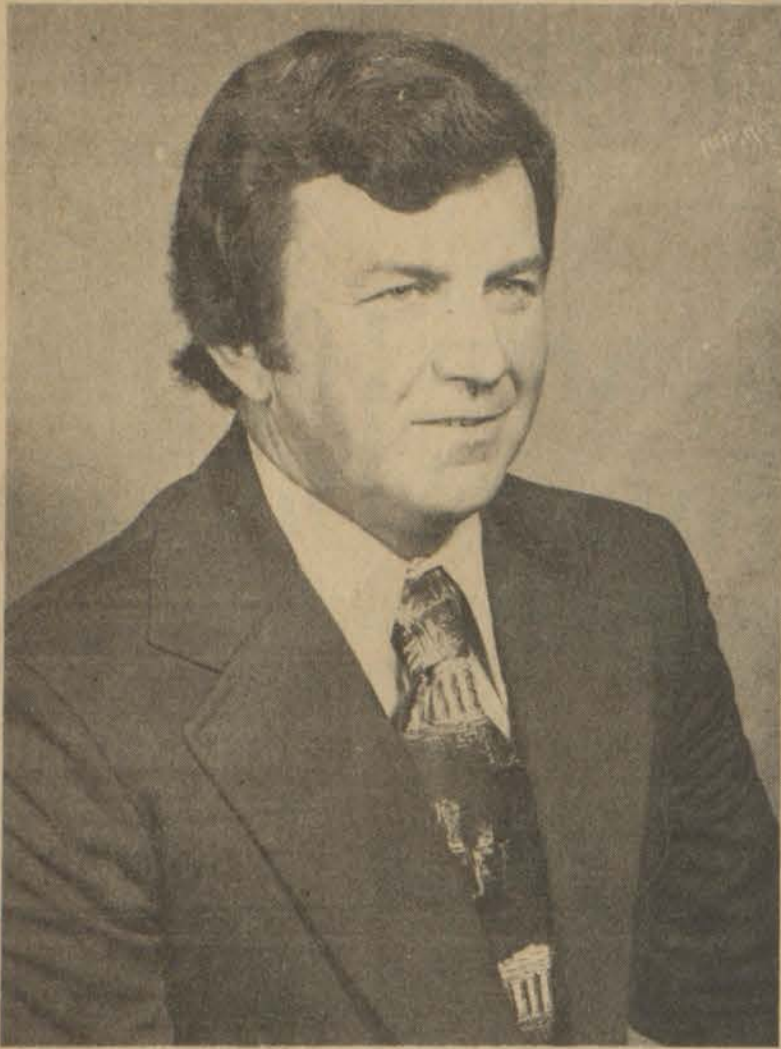

This year's was the 14th annual Miss Floyd County Pageant to be sponsored by the Prestonsburg Junior Woman's Club. The pageant is a preliminary to the Miss Kentucky Pageant to be held in June in Louisville.

Miss Hinchman, as Miss Floyd County, was the recipient of a trophy and a \$250 scholarship donated by the Junior Woman's Club. Her crown and a wardrobe valued at nearly \$1,000 were donated by the Francis Stores, Jan's Shoe Box, Cox's, Wells and Hamilton Sporting Goods, Leva's Style Shop and B. F. Casual. A dozen red roses were the gift of Jan's Floral and Gift Shop of Martin.

First runner-up, Miss Nelson, received a trophy and a \$150 scholarship from the

Miss Floyd County, 1977

Nominate and Elect HOWARD KEATHLEY FLOYD COUNTY JUDGE

Democrat

A Man For All the People...Last (No. 4) On the Democratic Ballot

This is the last week of my campaign for the nomination for County Judge Executive. In the past weeks of my campaign, I have written several political advertisements urging the people of Floyd County to vote for me. Not once have I tried to personally down-grade my opponents. This race for county office has never been a personal conflict between another opponent and me. I seek this office merely because I want to be your next County Judge and do for all the people of Floyd County the job for which a County Judge should be responsible! I have hope for this county's future and I am positive my ideas will prove beneficial to ALL THE PEOPLE if given the chance, May 24.

I have, in an attempt to raise my daughters, instilled in them an idea in which I was taught to believe, by my father, who was a coal miner and farmer. A man cannot better his name and reputation by trying to lower his opponent's name and reputation! I ask you, the voters of Floyd County, to vote for me because of the type of man I am and the ideas I have attempted to best express in my campaign. I AM POSITIVE I CAN, AND WILL BE, THE KIND OF COUNTY JUDGE FLOYD COUNTY HAS DESPERATELY NEEDED FOR SO LONG!

I urge all voters to read my advertisements and keep in mind the ideas I have stressed throughout my campaign. This will, I am sure, give you a good idea as to the type of County Judge I will prove to be! I AM A MAN FOR ALL THE PEOPLE OF FLOYD COUNTY!

Here are a few important points I would like the voters of Floyd County to remember, May 24: THE PUBLIC MUST HAVE ACCESS TO THEIR ELECTED OFFICIALS. If I am elected, all

Fiscal Court sessions will be announced with the news media and public welcome at all sessions. At this time, under the present administration, Fiscal Court sessions are unannounced to the general public, thus resulting in closed sessions and allowing the same 28-year-old underhanded policies to continue.

I AM A MAN WITH 15 YEARS PRACTICAL EXPERIENCE IN ROAD CONSTRUCTION AND MAINTENANCE. Every citizen of Floyd County knows that their tax dollars are being wasted by the present administration's road maintenance program! Taxpayers should not have to travel on roads similar to dry creek beds! We should not have to face a situation where an ambulance or emergency vehicle is stopped because of road conditions!

TAXPAYERS SHOULD BE ABLE TO SEE THEIR TAXDOLLARS AT WORK! Through wiser budgeting of the already-available funds, that, in the past, have been foolishly wasted, we will be able to provide the people of Floyd County with decent, respectable recreational facilities, improved water supplies, better ambulance and health-care systems, and up-to-date sanitation methods.

Voters, the responsibility of improving the condition of Floyd County will be in your hands, May 24! Nominate and elect me, to be your next County Judge, and it will be my job and responsibility to you to see that you are truly satisfied and benefiting from the ways your tax dollars are used!

Will Pikeville 'Cut-Through' Imperil Downriver Residents?

Will the Pikeville "cut-through," which is designed to save the main section of that town from future flooding and provide additional space for growth, mean worse flooding elsewhere?

That question is being asked by residents of the Bowles Addition of Pikeville, which lies immediately below the cut-through, also by communities farther downstream which fear the swifter flow through the new channel will speed floodwaters on their way.

The Pike County News last week reported:

Residents of the Lower Bowles Addition expressed concern at a Pikeville City Commission meeting that the Cut-Through Project, coupled with the rerouting of the river and flood gates at the new U.S. 23 bridge, will cause even

worse flooding for that area in the future.

The chief spokesman for the delegation of residents was John B. DuPuy, who said residents were "alarmed, depressed and concerned" about flood protection outside the cut.

In a letter to city commissioners last week, DuPuy asked the city to stop work on the Cut-Through Project until the flooding situation can be studied more fully.

DuPuy told city commissioners . . . that the past studies made by the Army Corps of Engineers took into consideration the weather conditions between 1861 and 1957. However, he said the 1977 flood has proved all those statistics to be changed.

DuPuy maintained that if the city goes through with the highway and river projects that the Lower Bowles Addition, plus the other areas downriver, would be flooded worse or even washed away entirely because the river current will be swifter.

DuPuy wanted to know what immediate relief residents might expect.

Mayor William C. Hambley told the delegation that there could be no immediate relief. And he said, "If God sends enough water," Lower Bowles will be flooded again.

The proposed flood gates would protect the downtown section of the city from future flooding, the mayor said. "If you had the choice of saving \$30 million or losing \$2 million, we'll lose \$2 million," Mayor Hambley said.

DuPuy said that what the residents were trying to say was that now is the ideal time to build a floodwall to protect areas that are inside city limits but outside the Cut-Through Project.

And he said it might cost a lot of money, but he thought a federal court would listen to a suit designed to give people flood protection "before we pull the plug" to change the water channel on the Levisa Fork of the Big Sandy River.

A bill has been approved in the Senate which calls for the Corps of Engineers to speed flood protection to Pikeville. The legislation calls for construction of floodwalls.

By reason of the recent Legislative changes I am eminently qualified for this office

(Pd. by candidate, 11.)

JARVIS ALLEN

Candidate For

DISTRICT JUDGE

Wishes to explain to the people that this is an office that covers Floyd County and is not confined to a certain district within the County. It is a Non-Partisan office in which all qualified registered voters may vote whether Democrats or Republicans. The candidates for this office will be listed separately under a label "Judicial Ballot" and the voter, after voting his party ticket, may then vote for his choice under the Judicial Ballot. I would ask each voter to determine in his own mind who is the qualified candidate, has the most experience and knowledge of the law, who would be fair and honest in his dealings with the attorneys and people who come before the Court, whether wealthy or poor, and who would try to give unbiased opinions, and when you are fully convinced, vote for that candidate because you, the people, deserve the best service you can get and the best cost no more than the poorest in this case. Your welfare is what will be at stake. I will abide by your judgment, but let it be your judgment and not that of others who may mislead you for their own selfish interest.

JARVIS ALLEN

(Pd. by candidate, 11.)

Miss Phillips Named 1977 Music Fest Queen

Following Saturday's annual Floyd County Music Festival Parade which featured bands from the county's schools as well as queen representatives and attendants, Sandi Phillips, 18-year-old Prestonsburg High School senior, was named 1977 festival queen. Miss Phillips is a daughter of Mr. and Mrs. Charles E. Phillips, of Allen. Runner-up was Gina Carter, 17-year-old McDowell senior and a daughter of Mr. and Mrs. Curtis Carter, of McDowell. Pictured, from left to right, are Tammy Renee Hamby, 16, Wheelwright's representative and a daughter of Mr. and Mrs. Jerry Hamby, of Wheelwright; Allen Central's representative, Robin Ratliff, 16, daughter of Mr. and Mrs. Roy Ratliff, of Martin; Miss Phillips; Miss Carter, and Tammy Cordial, 16-year-old Betsy Layne contestant and a daughter of Mr. and Mrs. Teddy Cordial, of Dana.

ALLEN COMMUNITY NEWS

Sympathy is extended to the family of Mrs. Josie Frazier who passed away Sunday, May 15, at Clark County Hospital at Winchester. Mrs. Frazier was a long-time resident of Allen and is survived by her children Mrs. Nancy Louder, Winchester, Mrs. Emma Jean Tackett, Florida, Mrs. Ruby Baker, Ashland, Russell Frazier, and Jack Frazier, of Allen.

Mrs. Josephine Hill Hall had as guests this past week Mrs. Rebecca Burchett and Mrs. Emma Wakeland, of Betsy Layne. Mrs. Burchett had just returned from Arizona where she had gone for health reasons. Other visitors recently were Donald L. Osborne, Lee's Summit, Missouri, and Mr. and Mrs. Darwin Thacker and daughter Andrea, accompanied by a friend, Lisa, all of Attica, Ohio.

Mr. and Mrs. Felix Crisp visited Mr. and Mrs. Fred Conn at Dana, Sunday. Mr. and Mrs. Ted Akers, of LaGrange, Kentucky, were guests of Mr. and Mrs. Russell Laven this week.

Mr. and Mrs. Alfred Spears and children, Alfred, Jr., and Rachel, of Chicago, Illinois, visited her parents, Mr. and Mrs. Leeman Bevins and son, Mike, this week. They also visited Mr. and Mrs. Leeman Bevins, Jr., Ricky and Sandra, and Mr. and Mrs. Stephen R. Brackett.

Mrs. Don Prater has been with her mother, Mrs. Amanda Mullins, of Printer, at Our Lady of the Way Hospital

this week. Mrs. Mullins is very seriously ill, but has shown some improvement at this time.

Mrs. O. B. Crisp and Mrs. Dora Nelson, of Dwale, have returned from a week's visit in Cincinnati, Ohio, with Mrs. Nelson's daughter, Mrs. Charles Turner, and Mr. Turner. They also visited Mr. and Mrs. Oliver Crisp at Cincinnati. Friday they visited Mrs. Crisp's daughter, Mrs. Joe Larry Vaughan, Mr. Vaughan and family in Lexington, and grandson, Marty, returned home with them for a visit. Visiting them this weekend were Mr. and Mrs. W. A. Reynolds, of Michigan.

Mrs. J. Frank Preston was surprised with a birthday dinner and cake by her family Sunday at Ulysses. Guests were Mr. and Mrs. Ray Crisp and Nancy Jo, Mrs. Margaret Hicks and Jeremy Michael, Mr. and Mrs. Stephen R. Brackett, Hazard, Mrs. Howard H. Moore, Louisa, John D. Preston, Paintsville, Mary A. Stephenson, Lexington, Mr. and Mrs. Ray Brackett and Laura Frances, and Mr. Preston. Other visitors there this week were Mrs. Willa Faye Allen and Mrs. Ann Hoskins, of Ary, Kentucky.

Mrs. Clifford Reynolds, Jr., has been confined to her home this week with pneumonia. She is improved at this time.

Bill Malone, of Louisville, was here to visit his mother, Mrs. Alta Malone, this week-end.

Mr. and Mrs. Richard Martin and children, Lisa and Patrick, of Lexington, visited her parents, Mr. and Mrs. Walter Frasure, this week-end.

Mrs. Daisy McGuire, and Melvin Imes are both patients at Highland Regional Medical Center, where they were entered for observation and treatment. Jimmy Conn, who has been a patient at Jewish Hospital in Louisville, was transferred, also to Highland Regional Medical Center this week, where he will undergo therapy for burns he suffered several months ago.

MOUSIE YOUTH GROUP TO SPONSOR CAR WASH

The Mousie Youth Group is sponsoring a car wash to be held Saturday from 12 to 5 at the Mousie church parking lot. Proceeds will be used to buy carpet for the church, as part of the church's building program.

Evans Receives Degree From Western, May 14

John David Evans, of Prestonsburg, was one of 1,870 Western Kentucky University students who received degrees May 14 at the university's 115th annual Commencement exercises.

Mr. Evans, who is a son of Mr. and Mrs. John D. Evans, of Prestonsburg, received the bachelor of science degree.

In answer to Mrs. Marcella Bailey's ad she had in last week's paper about her uncle, Mr. Zeb Ousley:

He may be a good, old fellow; he may be a good singer; he may be able to sing "One Rose Will Do", but I haven't been able to work on a road with a song. I haven't been able to fill a muddy hole with a song, and I haven't been able to build a bridge with a rose.

Mr. Ousley said he just wanted one job. What he did not tell the people is: He is retired and his wife is a retired school teacher.

Mrs. Bailey said, "Let's give him his roses while he is living". If roses is what he wants, I will send him a dozen roses, and I will keep on working on your roads and building bridges.

If you people want someone who will keep on working for you, and stand up for you and see that you all get your share, then vote for Kenneth Roberts.

Due to another ad in last week's paper I can't see any difference in being a Vietnam veteran than being a World War Two veteran.

BURNIS MARTIN
Democrat
COUNTY ATTORNEY

X VOTE BURNIS MARTIN—No. 1 on the Ballot!

tt-pd.

In a recent survey the American voter listed **HONESTY** as the no. 1 yardstick for public office.

Burnis Martin needs the office and Floyd County needs Burnis Martin in this office.

Floyd County Christian Dry League Endorses Doug Lewis For Sheriff of Floyd County.

We feel that Doug Lewis is the man for this office. He has proven to be an outstanding officer and proven to be against alcoholic beverages.

We urge each and every Christian and each person being against alcoholic beverages to vote for Doug Lewis for Sheriff.

At the End of a Busy Afternoon

The Sheriff's office was a bit crowded, late last Thursday, after this array of whiskey, wine and beer taken in a raid on Salt Lick Creek had been stored there. In photo are, from left, Deputy Sheriffs Roland Howell, John D. Martin, Denver Newsome, Sheriff Joe W. Lewis and Deputy Sheriff Doug Lewis.

Beer and Whiskey Go Down The Drain

Pictured with over 400 cases of beer and 40 cases of liquor which were poured out Monday through a drain in front of the Floyd County Courthouse, are (from left to right) Randall Lewis, Deputy Sheriffs Ed Isaac, Doug Lewis and Harold Johnson and an unidentified helper. The illegal booze represented the past six months of liquor raids by Sheriff's Department officials.

A picture is worth a thousand words.

- Elect -

DOUG LEWIS FOR SHERIFF

No. 8 — Last on the ballot.

(Pd. by Floyd County Christian Dry League, Delmas Saunders, Chm., D. M. Hutchinson, Vice-Chm.)

Representatives of Groups Hear Needs of Dewey Lake

U. S. Corps of Engineers representatives had their first public meeting on the Dewey Lake situation when they met with members of the Highlands Bass Club at Jenny Wiley State Park last Monday evening to inquire about the thinking of the club on problems at the lake, and they left with an earful.

The meeting lasted more than two hours while the discussion covered such matters as water quality, siltation, the low fish population in the 8-15-inch range, poor spawns over a period of years, absence of vegetation, low oxygen content of the water and dinginess of the water.

Although Corps representatives considered feasible several of the suggestions heard, they made no commitments. Dwight Burchett, president of the club, said, however, he has promised a report from the Corps of Engineers within the next two weeks on what may be recommended for possible funding.

Structures to impede or slow the flow of siltation into the lake were suggested for construction on feeder streams such as Big Branch, Dick's Creek, Sowder's Creek and possibly others, and a major siltation control dam was suggested for the headwaters section of the lake.

(Such silt dams were built where streams enter Carr's Fork reservoir in Knott county before the lake was impounded and have been highly efficient,

Congressman Carl D. Perkins told The Times last week.)

One of the suggestions winning an encouraging reception was that of raising the water level of the lake during spawning season several inches to bring the water for that period into vegetation growing along the shores. Discussing the lack of water vegetation, club members suggested lowering of the lake level to permit sowing of aquatic plants or grasses and to make possible the location of more structures such as fallen trees in the impoundment.

Another idea submitted was to stabilize the lake at its summer pool and hold it through the winter instead of dropping the lake level five feet in the late fall.

Corps representatives toured the lake three days following the meeting, Burchett said.

The Corps representatives and club-members were joined at the meeting by Dean Murray, reservoir manager, Lowell Baker, superintendent of Jenny Wiley State Park, and Tommy Cantrell, representing the Division of Fish and Wildlife.

The Corps of Engineers has sought meetings with all groups having an interest in the lake, but not until last week was one held. Mr. Burchett said there was some disappointment expressed at the apparent lack of interest on the part of the general public and business people.

HOMEMAKERS ELECT OFFICERS

The evening Martin Homemakers Club met May 9 at the school lunchroom for its last meeting until September. The lesson for the evening was on Household Appliances, given by Frances Pitts. Dorothy Wildman opened the meeting and Wilma Mayo gave the devotional. New officers were elected for the coming year. They are: President, Gail Osborne; vice-president, Eva Stephens; devotions, Dolly Mayo; reporter, Dorothy Tackett; Sec.-Treas., Pat Frye; telephone reporters, Mexie Bates and Wilma Mayo. Present were Dorothy Wildman, Alice Hayes, Wilma Mayo, Gail Osborne, Mexie Bates, Francis Pitts, Eva Stephens. A visitor for the evening was Peggy Burke who will be leaving soon for Germany. Hostess was Alice Hayes.

To The Voters of District 3

As the election is drawing near some of my opponents have been making wild promises of what they will do for District 3. I hope the good people will not be misled by these promises. We have had too many promises made in the past to be fooled again.

I wish every voter in District 3 would attend a few fiscal court meetings so they could see how their county government operates. Fiscal Court meetings are open to the public, any time they wish to attend. During my term of office, and with the help of the other good Magistrates, we have voted to pay the county employees every two weeks instead of once a month. We also voted to pay the Constable in each district a salary for the first time in the history of Floyd County. We voted to build a juvenile detention center for our young boys and girls which was needed badly. This is near completion and should be ready for dedication soon. During my term of office a road has been made so the school bus can get in and out of Stumbo Hollow at Drift.

District 3 was damaged very badly by the recent flood, and the fiscal court will let contracts on some of these roads and bridges so they can be repaired as quickly as possible. I will do everything I can to rush this up.

There may be some homes that I haven't had an opportunity to visit, so please don't feel hurt at me. Anytime I can be of help to you, please feel free to contact me. On May 24th go to the polls and re-elect Leroy Akers, and together we will make District 3 a place to be proud of.

Re-Elect **LEROY AKERS**
MAGISTRATE, Dist. 3

Number 5 on the ballot
Your Vote and Support Greatly Appreciated.

(Paid by the candidate)

ARVEL (Mush) NELSON
Democrat for
SHERIFF

Vote for protection for you and your family. I pledge an open line to the Sheriff's Dept. 24 hours a day. (Formerly ABC Agent)
Your vote will be deeply appreciated.

(Adv. pd. by the candidate, 1t.)

To the Voters of Floyd County:

I would like to take this opportunity to introduce myself to the voters of Floyd Co., as time is drawing short and I realize that I can not possibly contact each of you personally, as I would prefer to do.

I am Arvil Nelson, (known better as "Mush"). I am a Democratic candidate for Sheriff of Floyd County.

My qualifications for this important office are: four years as A.B.C. Agent; I was born and reared in Prestonsburg, the center of Floyd County; I am one of ten children, raised by an old, retired, disabled hand-loading coal miner.

My father, Hiland Nelson, is a charter member of the United Mine Workers of America, having fought the union's battles, since it's inception. Our family believes and trusts the U.M.W.A.

My mother is the daughter of the late Pat (Patsy) Osborne and Alice Delong Osborne, of Near East Point, Kentucky.

My father, Hiland Nelson, is the son of the late Tom (Tussey) Nelson and Alpha (Hubbard) Nelson.

I can list in my blood lines the following: The Nelsons, Tusseys, Hubbards, Robinettes, Hamiltons, Osbornes, Wrights, Webbs, Crisps, the Hammonds, Delongs, Banks, McKeids, DeRossetts and Laynes and further back the late Judge Eddington.

This is my first time to ask the good people of Floyd county to employ me as a public servant, and when you elect me as your next Sheriff, I will be your servant.

My aims are:

1. An open line to the Sheriff's office 24 hrs.-a-day, seven days a week.

2. Full protection for all citizens: escorts for all funerals and church services, when requested.

3. A full-time field deputy in each magisterial district, with deputies serving under him, all these to be chosen by citizens of each district.

4. I propose humane treatment for all accused, under the Constitutional right granted that anyone is innocent until proven guilty.

5. I propose equal enforcement of laws pertaining to drugs as well as illicit liquor trafficking in this and other dry, local option territories.

6. I pledge to you, the citizens of Floyd county, full and complete support of the State Police and, or, any other law enforcing agencies in or around our jurisdictional district.

7. I pledge full support of church and schools—to keep drunk driving at a minimum, to keep roads to churches and schools clean.

I leave you with this thought: As Franklin D. Roosevelt said, thirty-five or six years ago—"the only thing we have to fear is fear itself," and "with God's help and your support, we will survive."

Thank You, God Bless You and Keep You,

and remember

NO. 1 ON BALLOT.

(Adv. 5-11-2t-pd. by the candidate)

Vote for a Qualified
And Experienced Coroner
JAMES J. CARTER

My campaign for re-election as Coroner of Floyd County is based on experience and qualifications.

Since you elected me as your Coroner, I have constantly tried to give you my very best service. I have been available by day and night, to go wherever I was needed, to serve in the capacity for which I was chosen. Ask anyone who has witnessed an inquest or an investigation I have conducted about my thoroughness. My record shows I have conducted my office as it should be—with ability and fairness, efficiency and integrity, knowledge and impartiality.

The office of Coroner is important—important to you and important to me. We never know when it will be one of our loved ones who will need the services of a qualified Coroner.

This is an office of dignity and respect, knowledge and experience. Together, we can keep it that way. Remember, when you cast your vote, that you now have a Coroner in office who is reliable, dependable, efficient, available, honest, experienced and qualified. My only interest is upholding the laws and duties of the Coroner's office.

In addition to my 25 years of Coroner, I am a graduate of the Cincinnati College of Mortuary Science. I had two years pre-medical study at Eastern Kentucky University. During World War II, I served three years with the United States Army Medical Department as a surgical technician in the operating room—two years of this service overseas in the European Theater. I have been a licensed funeral director and embalmer for 31 years in my own business.

A vote for me is a vote for the best interest of your friends, your family and yourself. You know you have a Coroner who is qualified by education and experience, who has served you well and will continue to do so.

I will serve you in the future as I have in the past.

Vote for

James J. Carter for Coroner

(Pd. by candidate, 1t.)

MINISTER ENDORSES NELSON

I, Donnie T. Burke, Minister of the Gospel, take great pride in endorsing a longtime friend, Arvel "Mush" Nelson, for Sheriff of Floyd County.

I am Assistant Pastor of the Church of the Lord Jesus Christ at Shop Fork, near Wayland.

Your vote and support will be greatly appreciated.

Signed,
REV. DONNIE T. BURKE
 Minister

(Pd. by Rev. Donnie T. Burke, It.)

To the Voters of District 3

Since this is the last edition of the Floyd County Times before the election, I would like to thank the good people in Dist. 3 for giving me the chance to be their Magistrate for the past 3 1/2 years. I hope you will give me this chance again. I have tried my very best to make you a good Magistrate. I have helped people, regardless of their politics. I believe when someone needs something, their politics should not be in question. If re-elected your Magistrate I will continue to give you honest and dependable service.

If there is anyone that I haven't got to talk with during this campaign, I hope I haven't offended you. There have been times I have visited you, and no one was home. Many people have asked me how the coal severance tax money has been spent. These are the figures for Dist. 3.

Bought land for Mini Park at Minnie, cost \$37,500. Blacktopped two and one tenth miles of Frazier Creek road, cost \$100,883.45. Blacktopped two and one tenth miles of Salisbury road, cost \$82,500.00. Blacktopped six tenths of a mile of Weeksbury road, cost \$12,000.00. Recreational funds for City of Martin, \$20,000.00. Recreational funds for Wheelwright swimming pool, \$36,300.00. Recreational funds for Weeksbury Community Center, \$12,000.00. Recreational funds for Mini Park at Minnie, \$32,000.00. The combined total for roads and recreational funds is \$295,683.45.

On Feb. 2 the Fiscal Court met with the Highway Engineer and this is what was proposed for District 3: Simpson Branch at Drift, one mile to be resurfaced; Bryant Branch road, one mile to be blacktopped; Garbage Hollow at Wheelwright, one mile to be blacktopped; Frozen Road at Jack's Creek, one mile to be blacktopped.

Let's Keep Dist. 3 Going Forward.

RE-ELECT LEROY AKERS MAGISTRATE

No. 5 on the ballot.

Your Vote and Support Greatly Appreciated.

CHARLES MARTIN
NUMBER 3 ON THE BALLOT.
 (Adv. pd. by the candidate)

To the Voters of Magisterial Dist. No. 4

The election is drawing near, and I am asking you to continue to give me your support during my campaign for Magistrate in Dist. 4.

I have worked early and late for the people of Dist. 4, trying to help them get things done. The roads in Dist. No. 4 were damaged very badly by the recent flood. The county road department has and is repairing some of them. The Fiscal Court let contracts on several projects May 16, so they can be repaired as quickly as possible.

There is a lot of difference in talking about building roads and building them. I am a fulltime Magistrate and use my time for the people of Dist. No. 4 and Floyd County, helping them with their problems. I suppose there are some who think there is only a few people that need help, but a public official is a servant for all, the rich and the poor alike.

Stop and think seriously before casting your vote for a Magistrate in Dist. No. 4 at the primary election May 24. Say to yourself: "Now, if I don't help elect Dewey Roberts Magistrate, he won't be there to help me when I call."

Please go to the election on May 24, and cast your vote for Dewey Roberts for Magistrate, and I will prove to you that you never will regret it. There is no substitute for experience. Capable, dependable and qualified.

Your support and influence will be appreciated.

DEWEY ROBERTS For MAGISTRATE

No. 3 in the second column on ballot.

(Paid for by Dewey Roberts)

TO OUR FRIENDS

We, Bill Nelson, of Banner, Ky., and Harry Hager, of Auxier, Ky., ask that you vote for and support Arvel "Mush" Nelson for Sheriff of Floyd County.

Our life's work has been coal mining. Over the past 35 odd years we have worked with and made many friends in the mining industry.

I have taken many of your young sons underground to start their mining careers. I have taken care of these young fellows as I would have my own, and, thank God, none of them were injured. Many of you more experienced miners have sought my help in obtaining work at various mines.

Mr. Nelson is a lifelong citizen of Floyd County, and member of the United Baptist Church and has always been available and willing to go out of his way to assist any one who asks his assistance.

We implore each of you, as friends, to assist this man in his bid to become your public servant.

Vote for and support Arvel "Mush" Nelson, Democratic candidate for Sheriff.

No. 3 on the ballot.

Signed: Harry Hager, Auxier, Ky.
Bill Nelson, Banner, Ky.

(Paid for By Bill Nelson and Harry Hager)

Elect a Full-time Qualified Magistrate — Leo Music

I am Leo Music, candidate for Magistrate, No. 2 on the Democratic ballot.

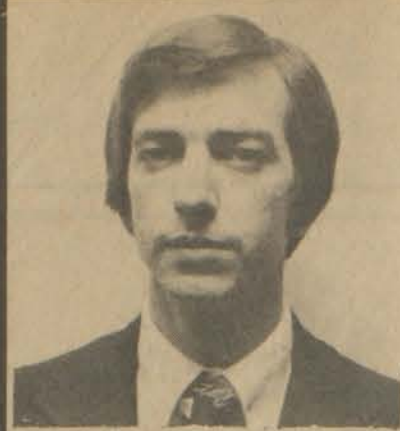

Last week the Grand Jury asked that the Magistrate's job be a fulltime job, since the pay is \$1,200 per month. I think the Magistrate should also be qualified. If you got sick, would you go to a mechanic or to a doctor? I think the Magistrates should know how to build roads and know the equipment that they are built with.

There are six precincts in Prestonsburg, and the people of Prestonsburg seldom need the help of a Magistrate. I would like to ask the people of Prestonsburg to support a man who is qualified and who will do the job, and be a fulltime Magistrate. Most of my opponents have jobs and would not quit a job that pays a lot more money.

Vote for a man who lives on one of those county roads and knows the needs of the people.

Vote for LEO MUSIC
No. 2 on the Democratic ticket,
for MAGISTRATE

(Adv. pd. by the candidate)

DOUG LEWIS Democrat for SHERIFF

"Keep Our County Clean"

(4-20-pd. 5t. by the candidate)

To the Democratic Voters of District 1

My name is Hershel Joseph and I would like to take a moment to speak to you about a race I feel is very important to all of us. In our current election we sometimes overshadow many races by talking only of the County Judge, Sheriff or other countywide offices. We tend to ignore or forget the significance of local races here in District 1.

When it comes to real service for the people, particularly when you need a law officer, you have the state police and county sheriff. But you really have a third law officer, a more personal one. You have a man who is local to District 1, a man who is acquainted with District 1's people and needs, you have a man who is your neighbor and friend. You have your local Constable.

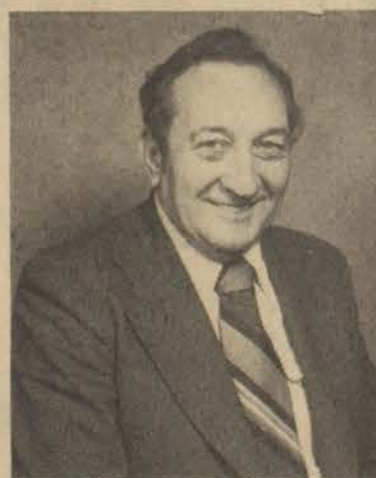

Your local Constable is Corbin Joseph, my father.

You know we live in a time when people tend to belittle a term law officer and constable. There are people who say a constable has no real purpose, but merely as a symbol of the past. But I can say this: For 12 years my father, Corbin Joseph, has shown the good people of District 1 that the office does have a purpose and that his labor and hard work have proven it.

He has shown that a constable has a unique scheme in our American system. He is your local law officer. He is the man who knows you, your children and your neighbors. Constable Corbin Joseph is the man whose first obligation is to the people of District 1 and he will pursue only your best interests and service. No man or proposition will separate him from this simple idea that Corbin Joseph is your personal law officer, your friend and that he answers only to you.

Therefore, I ask that you consider a man who has dedicated 12 years of his life as your constable. I ask that you consider and vote for Corbin Joseph, the man who respects you, the man who respects the Office of Constable and the man that works to get the job done.

Pd. for by Hershel Joseph (Son of Corbin Joseph)

DELMER (Dick) ELSWICK For SHERIFF

This is the last issue of the Floyd County Times to be published before the election. If you will check the previous issues you will find that I have not dealt in mud-slinging and I do not intend to do any in this issue. I know all the candidates want the office of Sheriff of Floyd County as I do but I do not think it would be worth the price of hurting the other person. I want you to vote for me as your Sheriff and if elected Sheriff I will perform the duties as your Sheriff to the best of my ability but I do not want to gain this office by slandering and mud-slinging my opponents and their families.

I was born and raised in Floyd County, Kentucky. I am 52 years of age and my parents are J. B. (Jim Bob) Elswick and Cora Estep Elswick of Hi Hat, Kentucky. I am married to Billie Harris Elswick and her parents are Steve and Anna Harris.

I do not drink and I haven't drunk any alcoholic beverages for over four years.

I want to take this opportunity to again state my stand concerning this office:

1. First of all I want to protect the citizens of Floyd County and in order to do this I would have a well-organized and competent staff both in the office and out in the county.

2. My deputies will be in full uniform at all times and will treat the people equally.

3. I will do all in my power to keep drunk drivers off the highway as well as the drivers under the influence of drugs.

4. I will, if you elect me your Sheriff, use my office to fight the sale of harmful drugs, the use of which has caused so many families heartaches.

5. I will have deputies on duty at any public function where they are needed and requested.

As I have stated before, no Elswick has ever run for public office in Floyd County.

I would appreciate your voting for me and giving me an opportunity to serve you as your next Sheriff.

Thank you for your vote and support.

DELMER (DICK) ELSWICK

(Adv. pd. by the candidate)

Fellow Citizens of Floyd County:

This is Donnie T. Burke, a minister of the Gospel of our Lord Jesus Christ . . . I am appealing to each of you as a friend and neighbor to vote for and support a longtime friend, and fine, decent gentleman, Arvel (Mush) Nelson for Sheriff of Floyd County . . . Over the years we have been blessed with many fine leaders . . . We have also had leaders who were not qualified, nor dedicated to the people . . . and some who were dishonest . . . We, the people of this great county, do not deserve this type of political treatment. We do not need men who get their experience at the taxpayers' expense . . . We need to vote for a better Floyd county . . . and now is the time for us to do just that . . . by the grace of God, and the people of Floyd county, we will demand fair and honest government . . . Now is the time to elect Arvel (Mush) Nelson for Sheriff . . . Mr. Nelson is highly qualified, with experience in law enforcement from four years as serving as an A.B.C. Agent covering 79 counties in Kentucky . . . Mr. Nelson has placed his life in jeopardy many times in an effort to enforce the laws of the people of the state . . . He has had to expose himself to the undesirable element of society many times in conducting investigations that resulted in the confiscation of many gallons of illicit alcoholic beverages . . . The voters of Floyd county should not observe the May 24th primary election just as the victory of a man, but a celebration of freedom, signifying a renewed expression of the voice of the people . . . Mr. Nelson has made the following points the backbone of his pledge to the people when elected . . .

1. To have an open line to the Sheriff's office 24 hours a day, seven days a week, to make service available to the people when it is needed . . .

No. 2. To give equal, fulltime protection to all the people, not just a selected few . . .

No. 3. Mr. Nelson believes that a person is innocent until proven guilty in a court of law, and should be treated like a human being, not handled with unnecessary violence like the practice has been in the past . . .

Also when elected Arvel Nelson will provide escorts for all funerals and churches when requested . . . Arvel (Mush) Nelson wants, as your Sheriff, to make the rough places smooth and the crooked places straight . . . My friends, let me say this, which I sincerely believe . . . One of our great presidents once said, "We have nothing to fear but fear itself" . . . In your hands, my fellow citizens, rests the success or failure of our county . . . Let's get together and elect a qualified, decent man to the office of Sheriff . . . Arvel (Mush) Nelson, No. 3 on the ballot, No. 1 in the running . . .

Thank you very much, and may the Lord Jesus richly bless each and every one of you . . .

Rev. Donnie T. Burke

Pd. by Rev. Donnie T. Burke

We Still Have a Choice!

We, the people of Floyd County, still can choose a Sheriff who will serve all the people of our county.

An opinion has been handed down by the Attorney General's office to the effect that an outgoing Sheriff cannot serve on the staff of an incoming Sheriff.

This opinion was published in The Floyd County Times, issue dated May 4, 1977. Yet, in issue dated May 11, 1977, one of my opponents says that his father will assist him in the office.

In view of this opinion, I ask—How? Why should the good people of Floyd County give any one family a strangle-hold on the most important office in the County? This office controls the ballot boxes and/or voting machines; through this office pass all tax monies collected.

I appeal to you, the good citizens of Floyd County, it's time for a change.

Let's put the Sheriff's office back on a business basis instead of making it a family affair.

Elect Arvil "Mush" Nelson Sheriff at the Democratic Primary, May 24, 1977.

Vote for and support, Arvil "Mush" Nelson for Sheriff.

No. 3 on the Ballot—1st in the running.

Pd. for by Nelson for Sheriff Comm.; Don Nelson, Chairman

Vote and Elect

HOLLAND B. HURLEY

Democratic Candidate for

SHERIFF FLOYD COUNTY

Time is getting short. It's just a week till election day. If you want to help keep down organized crime, vote for a man who will help make our County second to none.

If elected I will be your Sheriff 24 hours a day. I will have meetings with people in each district and let the citizens help me pick my deputies.

I haven't spent much on my campaign. I think if you elect me Sheriff I can show you that you didn't waste your vote.

So when you go to the election on Tuesday, May 24, why don't you think it over and then vote for me? I might not have lots of money or courthouse backing, so you know I could enforce the law and treat all the people the same.

Our County is getting back in bad condition. It's not safe for our kids to play in the streets or parks. A person never knows when some dope pusher will try to get their kid to smoke a joint or get them in a fast car and run them over the hill.

So elect me and we will see our County come back to the people. It's your money that pays your Sheriff. Don't you think it's time that you made a change?

PUT YOUR VOTE BEHIND A MAN WHO WILL SERVE YOU.

Thank you,

HOLLAND B. HURLEY

(Pd. by the candidate, It.)

To the Voters of Floyd County

RE-ELECT

HENRY C. HALE

FLOYD COUNTY SHERIFF

“For all the People”

Knowledgeable, Experienced
and Qualified

A man of proven ability who will work on the job 24 hours a day toward the accomplishment of the following goals and objectives for good law enforcement and preservation of justice for all the people of Floyd County:

- 1. I will work with all 11 State Troopers, the elected District Judge, County Attorney and Commonwealth Attorney to insure the even-handed and fair enforcement of all the laws of the Commonwealth of Kentucky and to insure the protection of lives and property of all the people of Floyd County.
- 2. I will work with the Floyd County Fiscal Court, regardless of who is elected, in a co-operative and informative attitude to assure proper financing of the Sheriff's Office, thereby providing the best law enforcement and justice for the people of Floyd County.
- 3. I pledge that I will continue the program that was started by me in my first term as Sheriff, to insure that all deputies are in proper uniform and that all cars are marked and have proper emergency equipment.
- 4. I will work for and insure the proper patrol and thereby the proper protection of property and people throughout Floyd County, especially in the areas outside the city limits of the various towns of Floyd County.
- 5. I will work with the Crime Council Big Sandy Region, the Kentucky Crime Commission, and the LEAA to see that deputies' salaries are properly supplemented wherein we attract good, qualified, and honest deputies with integrity, and to see that these deputies are properly trained and participate in the continued legal training for all law enforcement officers both with the Commonwealth of Kentucky and with the federal government through the Kentucky Crime Commission.
- 6. I will work to see that a county-wide rescue system, directed by the Sheriff's office, is implemented through federal assistance through the LEAA, Kentucky Crime Commission, and the Crime Council Big Sandy Region, so that disaster programs and calamity rescue operations can be properly implemented in time of individual, family and community emergencies.
- 7. My past experience as Sheriff, as State Representative from Floyd County, and my maturity and the wisdom from working with all the people of Floyd County will assist me and you, the people, in having a Sheriff who is innovative and hard-working for the interest of all the people of Floyd County.

(Paid for by Henry C. Hale Campaign Fund; Thomas M. Hale, Treasurer)

The campaign for Sheriff of Floyd County is almost over. You have heard and read thousands of words for and against each candidate. Now the decision is yours. Consider that decision carefully.

I have worked very hard in this election, trying to see as many of you as humanly possible, explaining my platform but listening to you, too. From these talks with people all over the County, I find that they too, feel that their Sheriff's Department could be more effective in serving all the people. They expect more, they deserve more.

They feel as I do, that regular patrols by Sheriff and deputies and their prompt response to calls from the citizens, would help to control the major crimes, illicit drugs and alcohol, breaking and entering and other crimes we have so much of in this County.

The people want a capable, competent deputy assigned to each of our Magisterial Districts, who will be available to them immediately if needed. Some of our Districts do not have this service. I wonder why? Even in the 60's the Fiscal Court allowed 4 salaried deputies.

The people want a Sheriff who will investigate crimes and respond to their calls—that is why they elect him. That is his duty. They have not always had this service from the Sheriff's Department. Read the newspapers and be glad we have 11 State Police and detectives in our county to help us.

The people want a Sheriff who will enforce all the laws of our state and county with firmness and fairness but without undue force and brutality. A well trained, competent Sheriff's Department that respects the laws and the rights of its citizens will in turn earn respect.

I have tried to conduct my campaign on the issues involved and on my qualifications and ability to carry out my programs. I can only state, that if elected, I'll do the job to the best of my ability and will keep an open door to the Sheriff's office. The Sheriff's office belongs to the citizens of Floyd County and not to any one person.

I will work for you and with you to upgrade the Sheriff's Department so that we can all be as proud of it as we are of Floyd County. Consider carefully and then vote. I respectfully ask for your vote and your help on May 24th.

HENRY C. HALE

No. 5 on Ballot

Elect

Henry C. HALE

DEMOCRAT FOR

Sheriff, Floyd County

Voters, I ask your support when you go to the polls May 24. A life-long resident of Middle Creek section of Floyd County, the son of James and Susie Stephens Hale, I am married to Winfred "Penny" Osborne of Martin, Ky. We are the parents of six children, James, a captain in USAF, Tommy and George, coal employees, and UMWA members, Ben, Kay and Jon, who are still in school. I am employed at a UMWA mine as trucker. I have worked very hard all my life to raise my family and build my business.

I will work as hard for you when elected Sheriff. You know that I worked the same way when I served you in Sheriff's office before and also as your State Representative three terms.

I am as concerned as you for the welfare and protection of our families. I believe it could be better. Some of us have not had this protection recently. Each section of our county needs a readily available Deputy for their protection in case of need. Each citizen also should feel free to call on his elected Sheriff night or day. You know that I am available.

My office will always be open to each of you. Your comments and advice will always be welcome.

A MAN FOR ALL THE PEOPLE

Lend a helping hand

by Sandy Boyd

If you're a small man, then you know what it's like to be dominated by a larger person. The problem is that if you're not Marshall University's Dan Hall, there is always someone bigger. You've heard it before—"Yor gittin' to big for ye briches"—and when that happens there's always someone waiting around the corner.

A smaller man gets "no respect." That is, until he learns that it's not how big the man is, but how the man is big. And "bigness" is accomplishments, good neighborliness, working hard and having love and respect for your fellow-person. "Bigness" is honesty and good citizenship.

Some may share different values. Judging the size of a man by the money he has in his pocket, the strings he can pull, or the favors he may bestow.

This is not an attack on the rich or those in political office. On the contrary, money and politics are necessities for good government. But if the person doesn't put his share back into the community, then he has shrunk in size, missing the value of good citizenship.

The McCoy brothers, by building the

various facilities at Phelps, have grown measurably and should serve as an inspiration for others who have taken so much from our hills, never putting anything back.

The person using his office for personal gain, as so many are now, locally as well as nationally, is getting so small, making him hard to be seen but easy to be heard. Let's hope that Jimmy Carter will increase instead of decrease. Let us also hope that our local politicians grow. They are getting harder to see every day, but as election time grows near, they are increasingly easy to be heard.

Harry Truman will be a hard act to follow. "Give 'em Hell, Harry!" and an earlier movie based on his life while a judge in his native Missouri, have shown him to be our last moral president, and maybe our last honest grass-roots politician.

Remember, folks, in the words of Lennon and McCartney "and in the end the love you take is equal to the love you make."

Be a big man. Get involved. Lend a helping hand. Love your neighbor.

Law enforcement on the ball

BY SANDY BOYD

I would like to take this opportunity to turn from criticism to praise for our local law enforcement agencies. It seems as though all young people have disrespect for these protectors who keep us safe from today's demonic youth. Indeed, their job is very dangerous.

In proof of this I would like to recall the daring raid by the Floyd County Sheriff's department and state police on a devilishly-inspired party on Prater Creek a while back.

The fact that the party was in an isolated cabin miles away from the area's residents did not deter these brave enforcers of justice. They walked the miles of unaccessible road and caught the evil party-goers red-handed cutting up a turkey. They also caught them with that youth-killer, marijuana, as well as numerous cases of that devil juice, beer.

The law enforcers caught them red-handed, toking, joking and having fun.

There is little doubt that these young criminals would have done irreparable damage to the wildlife, not to mention the damage done to themselves. Addiction, birth defects, chromosome damage and sterility are but a few of the damages that this devil weed can cause.

There are many more, but I can't remember them. The worst danger of marijuana is that it makes you feel good, and feeling good surely is against the laws of God.

Yes, indeed, a great injustice was done that night. The criminals who were worse than rapists and murderers were marched out and hauled to the Floyd County Jail, where they were detained for only three days. Would you believe that some of these hoodlums had the audacity to complain about their rights? Some even complained about the small, lice-like creatures that make their home in the county jail.

These criminals have no right to complain. The sheriff and his brave band of men should have lined them up and shot them on the spot. (Maybe that would prevent other young people from partaking of these evil activities.)

In other action last month, a man was lodged in jail for attempted murder and robbery. He was released on bond a couple of hours after his arrest. Justice was served. For, no doubt, attempted murder and robbery are much less a crime than beer-drinking and weed-smoking.

Sleep restfully, for your law-enforcement agencies are awake!

These are two articles that appeared in the Appalachian Express while I was working as a weekly columnist for that paper. I have written others but these are two of my favorites. Both were written before I entered into the Magistrate's race and both were written with purpose.

In the first article my hopes were to encourage people to help, assist and love others.

The article on the party was written sarcastically to show the discrepancies and unfairness in our court system. On one hand you had a group of young adults having a Thanksgiving party with no intent to harm or bother anyone, arrested and being lodged in jail for three days. Those who pleaded guilty were fined and let go while those who pleaded innocent were held. When the trial came up not one conviction was granted. They were all booked in Dewey Roberts' court. The sad part is that those who wanted out of jail had to plead guilty and now have a drug charge on their record. The possibility that only one person said he had marijuana did not deter Mr. Roberts from insisting that they all plead guilty. I was not at the party, but many of my friends were.

On the other hand, a man pulls into a service station, robs the attendant, then shoots him twice and drives away with the money. He is arrested, charged, and released on bail the same night. Ask yourself which is worse—attempted murder or having a party?

I think the purpose of any elected official is the protection of its citizens, not the destruction of its youth.

We have reached a time in our existence where the young will no longer be played against the old. The rich against the poor. The Christian against the non-Christian. We all have the same goal: To make District 4 a better and safer place to live. It's time we all put away our petty jealousies and prejudicial attitudes and worked together to rebuild our whole district. This is not a contest between precincts, but a race for the future.

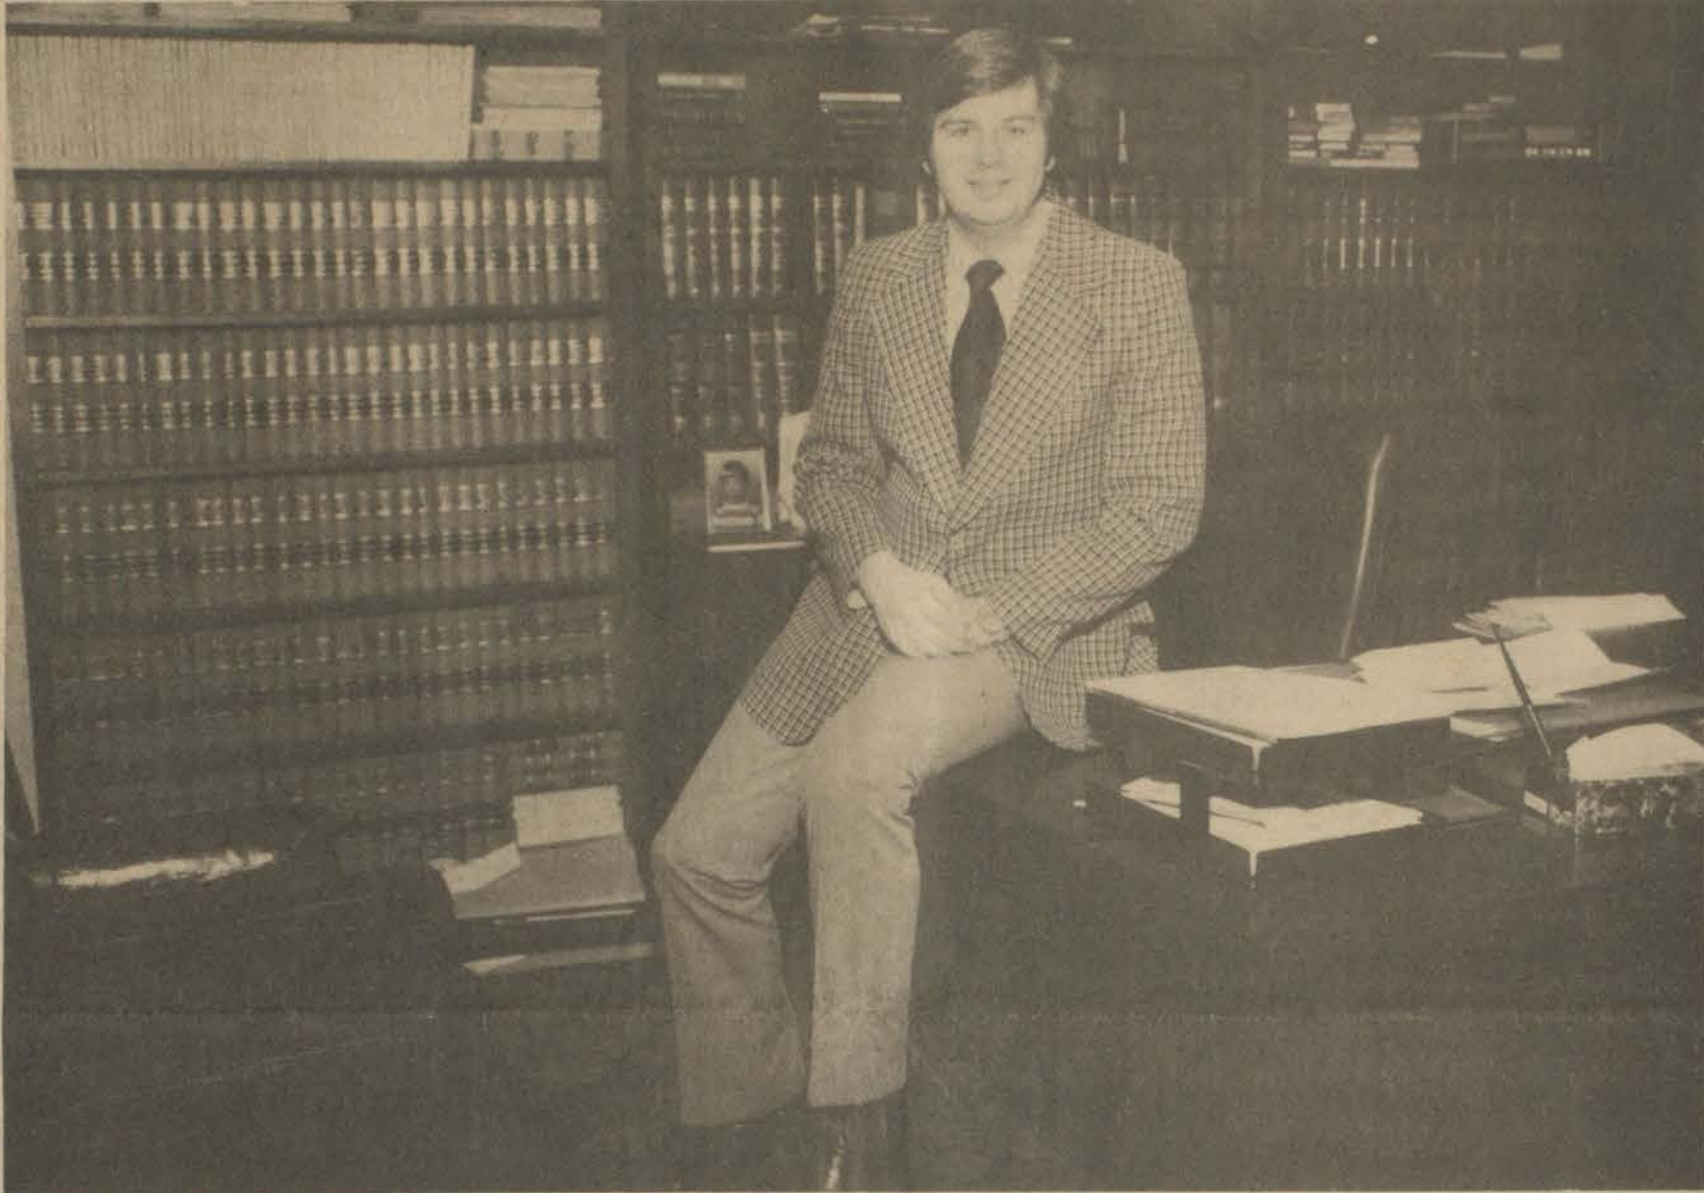

As the state's motto suggests, "UNITED WE STAND, DIVIDED WE FALL". Let us all come together for a CHANGE.

VOTE SANDY BOYD

MAGISTRATE, DISTRICT 4

No. 1 on the ballot

ARNOLD TURNER FOR COUNTY ATTORNEY

Next Tuesday, Floyd County voters will take the first step toward establishing our new District Court system, by voting not only in its judge's race, but by selecting the new County Attorney who will be its prosecutor.

This step can be one toward the future, or one to remain in the past. The District Court is intended to assume all the duties of our Magistrate Courts, City Police Courts and County Court. In 1975, this amounted to over 6,600 cases. Obviously, this will be no easy job, but if done properly it can be an advancement for our people. It can bring consistent and sure application of the law, and at the same time see that every defendant receives fair and equal treatment. If taken lightly this court can be a nightmarish situation.

The County Attorney, as its prosecutor will set the tone for this court. That County Attorney must act with energy and determination. He must be fresh in commitment to protect our people, yet see that every man and woman, whether rich or poor, is treated with full consideration for their basic rights. He must have respect for the people. He must be willing to open his office to all, to deal with their problems and listen to and respect their opinions.

I intend to be such a County Attorney. I hope my campaign demonstrates it. I am the candidate who is the serious one. I have approached this election, trying to show the people that I am not only wanting the office but intend to do something with it when elected. We cannot afford to waste this new opportunity for a new court with an old approach to our problems.

It is on this basis I ask for your vote.

I ask for your help, and I promise you a total commitment to be a working County Attorney, an active man in office. Problems cannot be solved in any other way.

I promise, if elected, not to be just an office-holder, but to be a working, active, public servant.

**To all former employees of Princess
Mfg. Co., Auxier, Ky., Local 1004
Amalgamated Clothing Workers of
America — A.F.L.C.I.O.**

This is just to remind you to remember how the Sheriff's dept. and especially his deputies manhandled the women at the factory, August, 1974. They had chains around their arms and we were told they would wrap them around our heads, and one of the ladies was pulled over the hood of a car at the front door and hurt her back. Also, at this time, five of the ladies were taken to jail for 24 hours.

All of this was done by deputies under the supervision of the present sheriff. We have not been shown any justice by any of the courthouse officials. We feel we have enough proof, and that it is definitely time for a change.

So, all relatives and friends of employees of Princess Mfg. Co.—please remember this when you go to the polls to vote on May 24th.

LABOR AND EDUCATION ENDORSE JAMES JITTER ALLEN

Kentucky Educators Public Affairs Council

The Political Action Arm of the United Teaching Profession
Affiliated with NEA-PAC

Mrs. Doris E. Wilson
Chairperson
Lyndle Barnes
Secretary-Treasurer

KEPAC
101 W. Walnut St.
Louisville, Kentucky 40202

May 4, 1977

Rep. James "Jitter" Allen
Route 2, Box 82
Martin, Ky. 41649

Dear Sir:

We are extremely pleased to inform you that the Kentucky Educators Public Affairs Council, the political arm of the education profession, has voted to endorse you for election to the Kentucky General Assembly.

The State KEPAC Committee voted this endorsement after studying and reviewing one or more of the following:

1. Your past voting record for educational legislation;
2. Your attitude toward the 1978 KEA Legislative Program;
3. Your response to interviews with educational leaders;
4. Recommendation of the education lobbyists.

We hope you will use this endorsement in any way you see fit at the local level to help your candidacy.

We plan to include your name in the list of candidates endorsed by the profession in the May 12 issue of the *KEA News* which will be distributed to 35,000 active teachers, retired teachers, and others.

Your election is extremely important as we seek ways to improve Kentucky's schools and bring them up to the level of the schools in the states that border Kentucky. The need is great, and we feel certain that you will be in there supporting these improvement efforts.

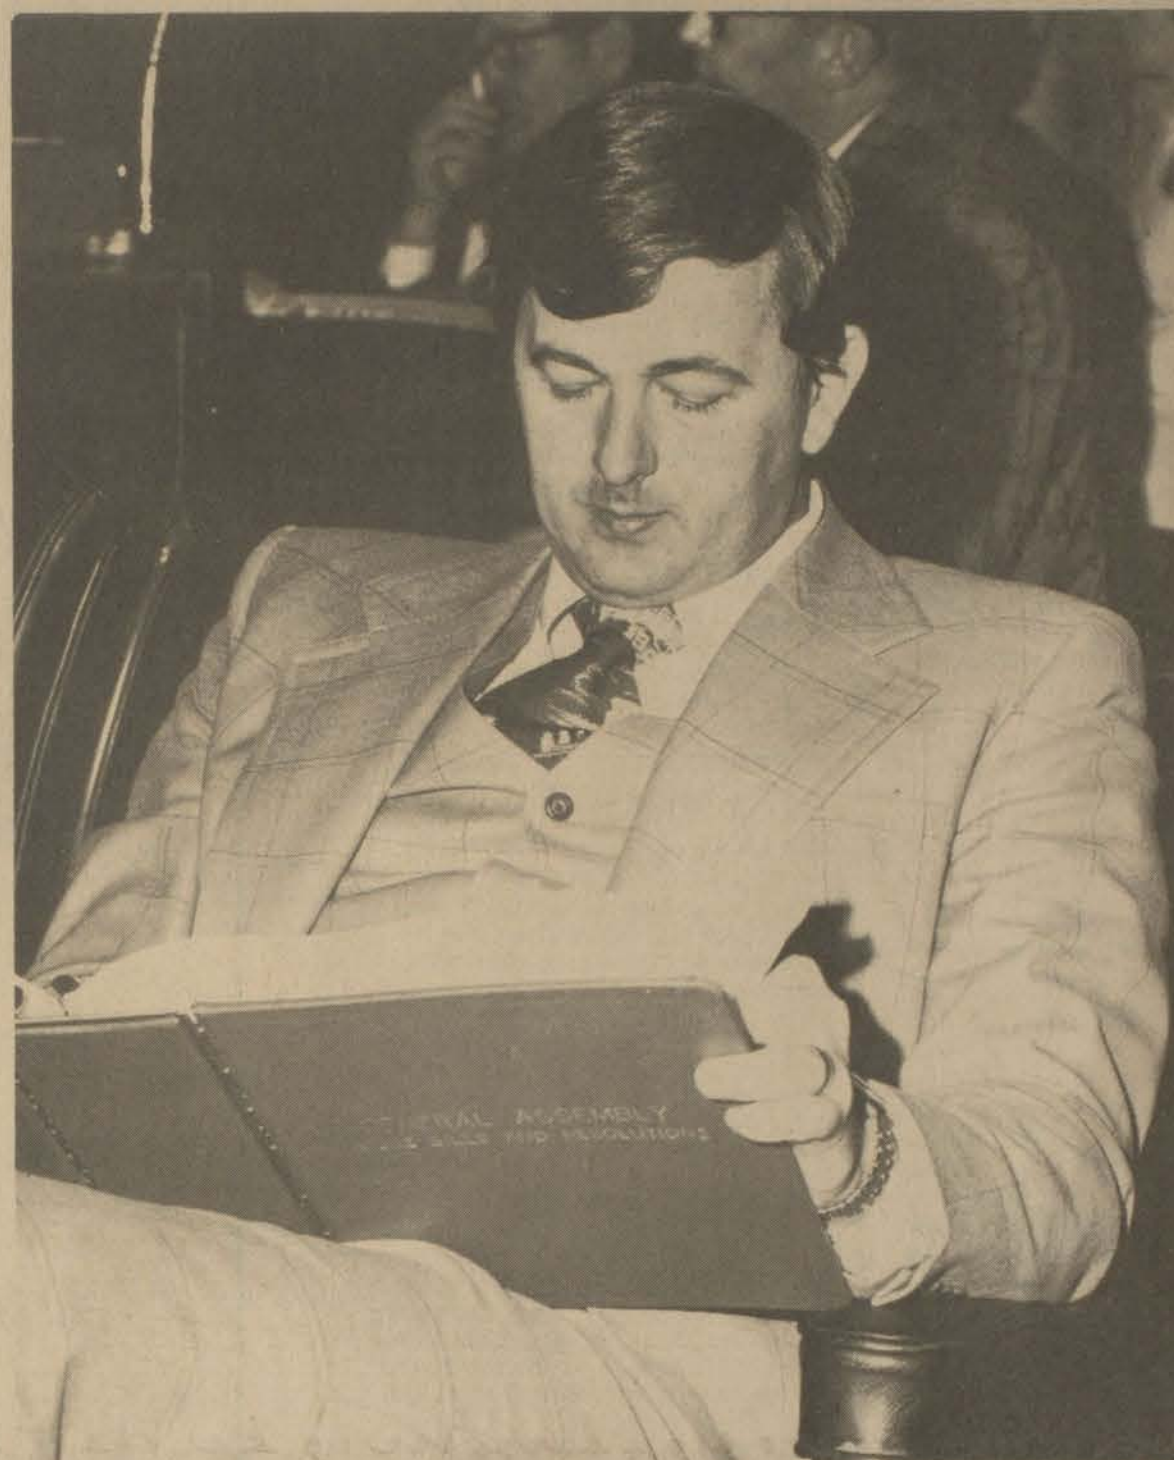

If you need additional support in your campaign, or just want to hold a press conference to announce your endorsement, I suggest that you contact the chairperson of one of our local political action committees in your district.

Yours sincerely,

Doris E. Wilson
Mrs. Doris E. Wilson, Chairperson

A PROVEN FRIEND OF FLOYD COUNTY

Announce Engagement

Mr. and Mrs. Lee Edward Allen, of Martin, announce the engagement and forthcoming marriage of their daughter, Miss Carolyn Elizabeth Allen, to Mr. Ricky Conn, son of Mr. and Mrs. Allan Conn, of Dana.

A date has not been set, but a June wedding is planned.

ATTEND MONTREAL MEETING

Mr. and Mrs. Calvin Whitt have returned from a week spent in Montreal, Quebec, where they attended Mutual of Omaha's Chairman's Council. At the council meeting Mutual of Omaha honored its top producers (and their spouses) in the United States, Canada and other foreign countries. Mr. Witt is Mutual of Omaha's regional representative in the Big Sandy area. In addition to attending convention sessions, Mr. and Mrs. Whitt spent several days touring Montreal, Ile de St. Helene, the St. Lawrence Seaway, an ancient Quebec Indian Village, and old Quebec City where they dined at the historic Chateau de Frontenac. They also visited with Marlon Perkins, known for his "Wild Kingdom" program for Mutual of Omaha.

To Subscribers

Please note date shown opposite your name on your copy of The Times or on the wrapper. If the date reads, for instance, "March 77," your subscription will expire at the end of March.

Because of increased mailing costs, notices to subscribers of their expiration dates will be discontinued. Subscriptions which have expired must be cancelled within one month of the expiration date.

Yearly subscription rates are: \$6.30 in Floyd county; \$7.35 elsewhere in Kentucky; \$8.50 outside Kentucky.

Seminar Here To Consider Alternate Sources of Energy

A seminar on alternate energy sources for heating homes and small business buildings will be held tomorrow (Thursday) in the auditorium of the Technology building of Prestonsburg Community College.

Purpose of the seminar is to provide to residents, small business operators, building contractors, supply houses and all who are interested the latest information on alternate heating sources and methods, other than natural gas, such as the use and installation of coal and wood burning stoves, types of fireplaces, solar heating, including space and water heating, electrical heating and related materials. The ultimate goal is to prepare people of the Big Sandy area for a possible shortage of natural gas for heating homes and small buildings.

The seminar is a cooperative effort of the University of Kentucky's College of Engineering, Prestonsburg Community College, Pikeville College Mining Technology and Research Center, Big Sandy Area Development District, Big Sandy Chapter of Kentucky Society of Professional Engineers of Prestonsburg Area, and University of Kentucky's Institute for Mining and Minerals Research.

The seminar will begin at 8 a.m. with registration, followed by a joint welcome by Dr. Henry A. Campbell, Jr., director of Prestonsburg Community College and Dr. Jackson O. Hall, president of Pikeville College. Topics to be discussed include: "Wood and Coal Burning Stoves," "Fireplaces," "Availability of Wood for Fuel in the Area," "Solar Heat, Including Space and Water Heating," and "Electrical Heat". Speakers will include O. W. Stewart, professor,

Mechanical Engineering Department, University of Kentucky; Mike Herschel president, United States Stove Company; Dr. Tom Murray, professor of Electrical Engineering, Speed Scientific School, University of Louisville; Arthur Leach, Kentucky Department of Forestry, and Hailu Bogale, assistant professor, Prestonsburg Community College.

CEU credit will be granted by Prestonsburg Community College to those attending.

Firm To Contribute To Pike Flood Relief

Gates Supply Company, of Pikeville, has announced that the company will contribute 15 percent of its sales for a two-month period to two local institutions to aid in flood relief and rebuilding efforts.

Rob Rappold, manager of Gates Supply, has informed Dr. Jackson O. Hall, president of Pikeville College and local Red Cross officials that 7 1/2 percent of the gross sales in the Pikeville store from May 15 through July 15 will be donated to each organization.

Oliver Prater supports Leo Music for Magistrate, District 1

If elected, Leo will be a fulltime Magistrate, not just a few hours a day, a day or two a week.

With all the money in Floyd County from coal and other sources, there is no excuse for people to have to travel the roads they are now traveling.

Remember to vote for Leo, next Tuesday. A vote for Leo will be a vote for gravel on your county roads all year long, not just once every four years, at election time.

(Pd. for by Oliver Prater)

MORE OF YOUR FRIENDS AND NEIGHBORS BANK AT THE PEOPLE PLACE.

The BANK JOSEPHINE A FULL SERVICE BANK

Prestonsburg - Garrett - Harold - Allen

To the Voters of Magisterial Dist. No. 1

Just a little about myself. I live on Bull Creek, I am a member of Zebulon Lodge, No. 273, and also, I am one of the Water Commissioners of the Bull Creek Water District. I have been working on this project for four and a half years. So by working together with the citizens of Bull Creek, and other interested people, we at last accomplished our goal.

At the end of December, 77, I will have finished 26 years as an employee of the Columbia Gas Company. Then I will be ready to serve as a full time Magistrate—not four hours per day, not just on Saturday, but eight hours each day, six days each week; or as many days or hours that is necessary to get the job done.

Now, I want to take this means of letting all my friends and Kin Folk know that I am a candidate for Magistrate of District No. 1, Floyd County, Kentucky. My name will be on the Democratic Ballot in the May Primary Election, 1977. We have had a part time Magistrate for almost 12 years. So let's try the next four years with a full time one. I can, and I will, keep these promises. I have only four promises to make and here they are:

1. I will try to the best of my ability, and with the help of the other members of the Fiscal Court to help in any way I possibly can for everyone concerned.
2. I will give \$100.00 each month to the Crippled Children's Fund.
3. I will give \$100.00 each month to the Heart Fund.
4. And I will also give \$100.00 each month to the Kidney Fund.

So, if the good people of Magisterial District No. 1 want to help their children, grandchildren, friends, and neighbors - to do so - all I'm asking you to do is very simple. Elect me as your next Magistrate of District No. 1. This I can, and I will do, so help me God.

JESSE WALLEN FOR MAGISTRATE

(No. 4 on ballot)

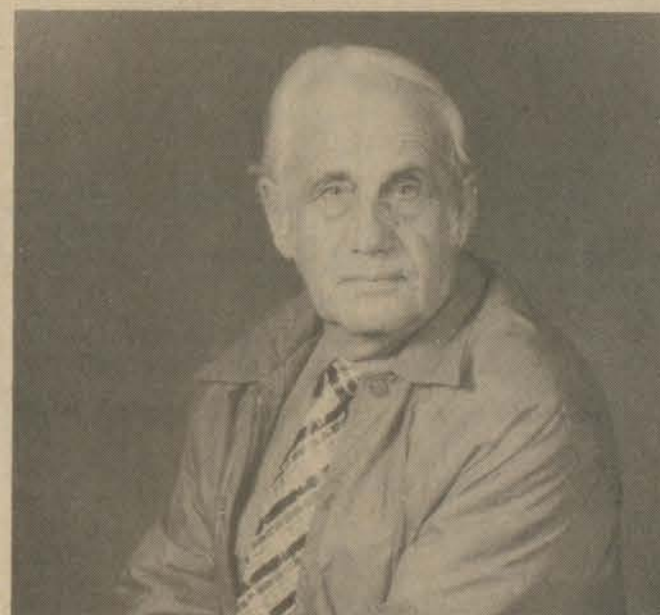

The Last Call

This is my last and final plea, to my kinfolk, friends, neighbors, and concerned citizens, to ask you all to do me just one simple favor. I know you will vote for some one for Magistrate of Dist. No. 1 on May 24th. Please vote for me, then we will all be very happy—the Crippled Children, The Heart Fund, and The The Kidney Foundation in the amount of \$14,400, for the 4 years I serve as your Magistrate.

Thanks A Million Your Friend,

JESSE WALLEN

No. 4 on the ballot

Please stop and think very seriously before you cast your vote for your next Magistrate of District No. 1. Say to yourself, "Now, if I don't help elect Jesse Wallen, he won't be able to help the Crippled Children, Heart and Kidney Funds."

To the citizens who really care: You know \$14,400, will go a long way to fight for those people who cannot fight for themselves. Did you ever think that the \$14,400 gift I have pledged to this cause might just be enough to unlock the cause of these dreadful diseases that cripple so many of our dear children and the older people also?

Some of you people may not like me or my personality. But please don't hold this against the above-mentioned funds. If you concerned citizens do not vote for and elect me as your Magistrate of Dist. No. 1, you will not only be voting against me but you will be voting against the Crippled Children, the Heart and Kidney Funds in the amount of \$14,400 which I have pledged for the 48 months that I will serve as your Magistrate, if elected.

So please help me so I can, and I do promise, and swear this pledge, if I am elected, I will keep, so help me God.

I am sure the good people want to help me, so I can help these unfortunate people, by giving them \$14,400 within my four-year term as Magistrate of Dist. No. 1. I take this means of thanking each of you in advance from the very bottom of my heart, and I am sure that these unlucky people will forever be grateful to each of you who vote for and elect me, so I can help people who cannot help themselves. Please don't let us down.

Your friend, JESSE WALLEN

100 SBA Checks Arrive in Area

R. B. Blankenship, director of the Louisville district office of the Small Business Administration, last Tuesday distributed approximately 100 checks totaling nearly one million dollars to the managers in the six SBA disaster offices in Prestonsburg, Belfry, Pineville, Harlan, Pikeville, and Corbin.

Mr. Blankenship said these checks had been flown by special courier from Denver, Colorado in an effort to expedite the disaster funds to the people in the Eastern Kentucky counties that were flooded in early April.

The SBA director estimated that more than 50 million dollars in SBA loans will be processed in Eastern Kentucky, and he urged people to visit SBA disaster offices if they are in need of disaster loan funds to replace or repair property destroyed or lost in the flood.

"In addition to disaster business loans, the SBA can make personal and home loans to replace losses due to flooding. The disaster offices will remain in Eastern Kentucky as long as there is a need for SBA services," he said.

SBA's disaster loans may be made for a period of up to 30 years and bear a current interest rate of 6% percent. Disaster victims may obtain direct home repair and replacement loans of up to \$50,000, and loans of up to \$10,000 for damaged or destroyed personal property. "However," Blankenship noted, "the maximum SBA can lend one borrower for both purposes may not exceed \$55,000.00."

Business owners may receive direct SBA disaster loans of up to \$500,000.00 to restore real property, machinery, equipment, fixtures, and inventory. The SBA loans are available to qualified applicants only to the extent that the damage exceeds the applicant's insurance coverage.

"If victims have questions about the SBA program, they should contact one of the SBA disaster offices or call the SBA District Office in Louisville (502-582-5971).

The Floyd County office is located at Prestonsburg Community College, Phone 886-9026.

Gearheart Elected Kentucky President Of Telephone Ass'n

Paul Gearheart, president of Harold Telephone Company, has been elected president of the Kentucky Telephone Association.

Gearheart has served on the Kentucky Telephone Association board of directors for seven years. He became president of Harold Telephone Company, which serves sections of Pike and Floyd counties, in 1942.

Active in community affairs, he has served as vice president of the Harold-Betsy Layne Kiwanis Club, as chairman of the Big Sandy Community Action Program and is a member of the Betsy Layne Volunteer Fire Department.

Other Kentucky Telephone Association officers elected were E. L. Langley and Grover Corum, vice presidents, and Frances King, secretary-treasurer.

The Executive committee is comprised of Mr. Gearheart, Mr. Langley, W. R. Bacon, J. C. Isenhour and Bernard Hill.

Members of the Kentucky Telephone Association board of directors are Gearheart, Langley, Bacon, Isenhour, Hill, Grover Corum, W. H. Farmer, D. S. Haller, R. C. Thacker and W. W. Thomason.

HUD has a three-way temporary housing program. It provides grants of up to \$4,000 for emergency repairs if a home can be made habitable for that much. It also sends house trailers into the flood region for those whose homes cannot be repaired.

Suzhanna Park, daughter of Dr. and Mrs. Don Park, of Paintsville, received a superior rating in piano and was selected as regional winner of the Kentucky Music Educators Association's Keyboard Festival held at Pikeville College, April 25. She appeared in a piano recital at Prestonsburg Community College last Sunday.

VISITOR HERE
Mrs. Helen Weddington, of Emma, was here Friday, visiting her daughter, Miss Flo Weddington, who is employed at the Floyd county sheriff's office.

NEW MUSEUM IN LONDON HOUSES TWO TOP COLLECTIONS
 LONDON—The new Museum of London, opened by the queen last December, houses two great collections. The one from Guildhall, founded in 1826, includes ancient archaeological findings near London. The other, from the former London Museum at Kensington Palace, features exhibits on the development and life of London since medieval times.

Disaster Help Yet Available

The Federal Disaster Assistance Administration (FDAA) reminds citizens of the 15 disaster-designated Kentucky counties that disaster aid is still available through federal and state agency offices located in their areas.

The deadline for making application to the Dept. of Housing and Urban Development (HUD) is June 5. Those still needing housing assistance should contact one of the HUD disaster field offices listed below:

Prestonsburg, Floyd County Health Center; Pikeville, Pikeville College; Belfry, Belfry High School; Inez, Hardin Building; Hazard, 941 Main Street.

Those homeowners and businessmen in this area stillneeding disaster loan assistance should make application to one of the following Small Business Administration (SBA) offices prior to June 5:

Prestonsburg, Prestonsburg Community College; Pikeville, Old Pikeville High School; Belfry, Belfry High School; Hazard, Hazard High School gym (Thursdays only); Inez, Martin county courthouse (Thursdays only).

The application deadline for the Individual and Family Grant Program is June 5. Applications for the Grant Program are being taken in this area at Dept. for Human Resources offices in Pineville, Jackson, Hindman, Louisa, Whitesbury, Inez, Hazard; Old Pikeville High School in Pikeville; the Mountain Comprehensive Care Center in Prestonsburg.

Farmers still interested in applying for disaster loans should contact their Farmers Home Administration county agent.

The Internal Revenue Service (IRS) has provided a toll-free number for those still needing tax assistance - 1-800-292-6570.

The FDAA urges anyone in the disaster-stricken area still needing to make application to the above agencies for assistance to do so as soon as possible. Disaster-related information and agency office locations can be obtained by calling 1-800-442-7880, toll-free.

Air-Borne Cameras To Inspect Mines

Aerial photography will soon provide a new means of strip-mine inspection in some areas of the state, according to Commissioner John D. Witt, Department for Natural Resources and Environmental Protection.

"The primary purpose of the aerial photography is to find illegal strip-mine operators," said Witt. But, he added, "The photos could be used to review and analyze operations holding permits as well." Since the pictures show areas which can't be seen from roads, strip-mine inspectors should find it significantly easier to locate anybody operating without a permit, Witt said.

The pictures also make it easy to determine if permitted operators are mining and reclaiming according to plan, he said. The pictures can be blown up to give the strip-mine inspector a clear view of everything of interest—including slides, silt control measures, benches, highwalls, vegetation, erosion, terraces and access roads.

"Right now we have a set of pictures for every bit of Leslie County," Witt said, adding that the department has plans to extend the project into other areas of the state. Secretary Robert Bell, state environmental chief, initiated the project in Leslie County because of the county's history of illegal strip mining. Witt said that the department had had a great deal of success in stopping the illegal mining and that the aerial photography project is a new phase of inspection and enforcement.

The transportation department's photogrammetry division did the aerial work. Gene Sturgill, of the division, said that it took 172 photos to cover Leslie county's 412 square miles. He said that this included a 60 per cent overlap and a 30 per cent sidelap to insure an accurate picture.

The prints, on a scale of one inch to 2,000 feet, can be enlarged up to a scale of one inch to 100 feet if desired.

UK FORESTRY DEPARTMENT STUDIES LAND RECLAMATION
 LEXINGTON, Ky.—The University of Kentucky Forestry Department is conducting a research project in Bell County to determine how coal companies can best reclaim land that has been strip-mined.

Bon Graves, assistant professor of forestry, said the project is aimed at determining what a coal operator can expect to accomplish for a certain amount of money.

CHARLIE JOHNSON

Democrat for

Magistrate of Dist. 1

YOUNG AND AGGRESSIVE

I, Charlie Johnson, believe that I am very well qualified for the office of Magistrate of Dist. No. 1. In saying this I mean that I am well aware of Dist. 1 road conditions, I will run this office fulltime, I will be with the county road equipment at what time it is in our District.

As I have campaigned through our District, I've had some to ask, "What does a young man like you want with this office?" Yes, I am a young man interested in this office, and my District, and not just its salary.

All my life I've had respect for my elders, and always will. I feel, as many other young people, as well as old, that this office needs a little young blood in it. A young man with an open mind to all the people and not just certain ones. I think we all agree that young people need a voice in this District. What good is all talking to, teaching, going to school any good to young people unless you put it to use?

I am asking all the young people and young voters in this District to help me win this office, so I can work to put your ideals to work with mine.

Give me a chance to use this office of Magistrate in Dist. 1 for a better District, and to set a good example for the young people coming up in this District.

A vote for me, Charlie Johnson, is a vote for a man who wants to succeed in the office of Magistrate in Dist. No. 1., a young man who is sincere in helping District No. 1 and running this office, fulltime, not just for power or extra money on the side.

Vote

CHARLIE JOHNSON

Democrat for

MAGISTRATE, DIST. 1

No. 6 on the ballot.

(Pd. by the candidate, It.)

To all the good voters of Floyd County:

I would like to take just a minute of your time. My name is Leonard Joseph, Jr. and I am as most of our good County knows, a candidate for Jailer of Floyd County. I would like to say to all of you, that I regret not being able to come, see and talk with every good voter throughout Floyd County, but as we all know that's virtually impossible for any candidate to do. However, I do feel that I have campaigned, seen, and talked with you about the Jailer's race more than all of my opponents combined. Throughout my campaign I have campaigned on an issue which I am sure every voter in Floyd County will vote for, and that is I Leonard Joseph, Jr., am a candidate for Jailer of Floyd County. And if I am elected I pledge the following:

- (1) There will be fair and just treatment to all the people, and not just a SELECT FEW in Floyd County.
- (2.) I will personally assume full responsibility for my turnkey.
- (3) There will be no beatings, this I emphasize, in the Floyd County Jail during my tenure. This I pledge to everyone.
- (4) A 24-hour medical treatment will be available to all jail prisoners.

Your vote, support, and influence will be deeply appreciated.

LEONARD JOSEPH, JR.

Democratic Candidate for Jailer

No. 2 on the ballot.

Vote and Elect
CHARLIE JOHNSON
for
MAGISTRATE,
Dist. No. 1

I think that every voter in Dist. No. 1 knows I am well qualified and, if elected, I will be a fulltime Magistrate. AS YOU PEOPLE KNOW, A MAGISTRATE CANNOT HOLD ANOTHER JOB AND BE AVAILABLE WHEN NEEDED, AND CANNOT SERVE THE PEOPLE WHEN NEEDED.

So I am saying to you, I promise, if elected, I will be on the job and available 6 days a week.

The election being a short time away, I would like to thank everyone that I and my family have visited and spoken with for their time and kindness. Many thanks to all my friends for their courtesy and support.

I personally will not be able to speak to all the voters in Dist. 1, so I would like to take this opportunity to tell you more about myself and family.

I am married to Linda Stumbo Johnson, daughter of Mr. and Mrs. Perry Stumbo, Jr., granddaughter of Mr. and Mrs. Perry Stumbo, Sr., also Arthur Jones and Anna Sue Caldwell Jones, all of Betsy Layne, Ky.

I am the son of Mack Johnson, (a disabled coal miner) and Myrtle Haywood Johnson; grandson of Tom and Avanelle Hubbard Johnson, Jobe and Gracie Ousley Haywood; great-grandson of Bee and Eliza Hicks Johnson, Malcom and Rebecca Harmon Hubbard, which many of you may remember MY GREAT-GRANDFATHER, MALCOM HUBBARD, WHO RAISED FRUITS AND VEGETABLES ON SPURLOCK FORK OF MIDDLE CREEK, AND SOLD THEM FROM HIS HORSE AND WAGON IN PRESTONSBURG.

Your help and support will be appreciated.

ARNOLD TURNER, JR.
FOR COUNTY ATTORNEY

WHO IS THIS MAN?

That is a question that deserves the consideration of the people throughout this county.

Arnold Turner, Jr. is a young man of 28 years, born and reared in McDowell, Kentucky, the product of a coal mining family. His father has been connected with coal mining since he first entered the mines at the age of 16 years. His grandfather and four of his uncles are all United Mine Worker's members, whether retired or active. His mother and her family are deeply imbedded in the mountain way of life, and the life experiences of the working man and woman.

Arnold Turner, Jr. graduated from McDowell High School in 1966. From there he went on to the Prestonsburg Community College for two years, and then on to the University of Kentucky to complete his undergraduate work. He then fulfilled a long-time ambition of himself and his family by entering the University of Kentucky Law School. He graduated from that institution in 1973. During his last year and one-half there, he not only was a full-time student, but worked 20 or more hours a week as a law clerk to then Kentucky Attorney General Ed Hancock, driving daily from Lexington to Frankfort, Kentucky after classes and home again to complete his studies before the night was done. While there as a law clerk, he comprised one of the original three-member staff of the Kentucky Attorney General's Consumer Protection Division and participated in the successful prosecution of the "Dare to be Great" consumer investment fraud that made national headlines.

At last, completing his legal education, he found like many other young men and women that doors do not open easily for the inexperienced. He located in our neighboring Pike County, and was employed as an Assistant Commonwealth Attorney to that two-judge Circuit Court. For two years he prosecuted felons by murder to incest, and maintained a near 90 percent conviction rate. During that time he was described by John Paul Runyon, President of the Kentucky Commonwealth Attorney's Association as "probably one of the best young prosecutors in the entire state" of Kentucky.

However, native Floyd Countians seldom remain satisfied with any arrangement other than their home. So, in November of 1975, he opened a private practice here in Prestonsburg, Kentucky.

Now, for the first time, he is seeking public office. Not as a seasoned politician, but as a young man who now feels he has the experience, honesty and know-how to be a good County Attorney for our people. His heart and interests lie here. Look to his

family ties and relations.

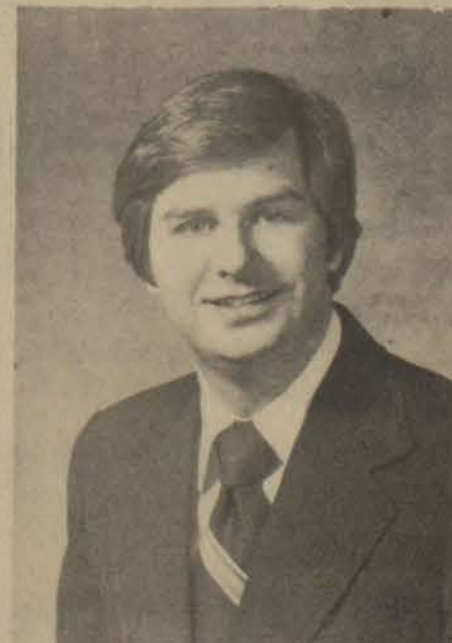

His father, Arnold Turner, of McDowell, fed himself and his family by the wages of a coal miner for over 21 years as an underground miner and then worked an additional 12 years as a Kentucky State Mine Inspector. This young man's grandfather, Joe "Hoss" Turner, is the son of Joel and Margaret Coburn Turner of the Right Beaver section of Floyd County. His paternal grandmother is Mertle Martin Turner, daughter of Keene and Martha Robinnett Martin, who are from the Drift-Minnie area of our county. Arnold Turner, Jr.'s mother, Annette Newsome Turner, was a working woman, employed 17 years as the Housekeeping Supervisor at the Appalachian Regional Hospital at McDowell. She is the daughter of the late Millford Newsome who was from the Ligon-Mud Creek section of this county. His maternal grandmother was Dona (Donle) Hall Newsome, who was well-known as a restaurant owner in Martin and McDowell for many years. Her parents were Robert and Henrietta Hopkins Hall of the Spewing Camp-McDowell area.

Other family members consist of three sisters and two brothers-in-law, all of whom live at McDowell, and those being Donise Turner, Joan Chaffins, Anita Gibson, Phillip Chaffins, son of the late Dave and Mint Chaffins of Wayland, and David S. Gibson, son of Selton and Bertha Gibson, of Maytown.

He is married to Elizabeth Ann Burga, the daughter of Bill Burga of Hager Hill and Alta Burga of Wheelwright. She is the granddaughter of Dewey and Eula Osborne of Wheelwright. They have one son, Arnold Brent Turner, currently enrolled in the Allen Elementary School.

It should never be suggested that family relations should determine your vote, but a man's background is a good indication of a man's desires for the future. Arnold Turner, Jr. is a native Floyd Countian whose hopes, dreams, and ambitions stand to see Floyd County prosper and progress.

In January, 1978, Kentucky will begin a great experiment called the District Court. All violations of law heretofore processed through our County Courts, Magistrates Courts, and City Police Courts, will go through this one judicial body. The County Attorney taking office at that time will be its chief prosecutor and driving force. Now is the time for a new face to be joined with a new beginning. The supporters of this young man sincerely believe that he will bring honesty, openness and effective service together for all of us as our County Attorney.

VOTE ARNOLD TURNER, JR., A DEMOCRAT, FOR COUNTY ATTORNEY

(Paid For By the Arnold Turner, Jr. Campaign Fund—Phillip Chaffins, Treasurer)

Sealing Agents or Fluoride Eliminate Most Tooth Decay

"We now have the technology to eliminate most tooth decay through preventive sealing agents and the various fluoride therapies," but people will have to take advantage of the new technology, according to Dr. James Corum of the Department for Human Resources.

Corum, director of the department's dental health branch, said fluoridation of community water supplies can eliminate 60 per cent of cavities. And the weekly fluoride mouthrinse program in schools further decreases the chance of decay by 20 to 40 per cent. Kentucky also has fluoridation units in 129 rural schools where fluoridated community water is not available.

Kentucky is already a leader among the 50 states when it comes to fluoridation and the use of the fluoride mouthrinse, so Corum wants to go a step further by using a sealer on biting surfaces of school children's teeth.

The sealer is not widely known to the public but has been shown to be effective, Corum said. The plastic agent protects

the most vulnerable areas of the teeth, "the pits and grooves on the chewing surfaces of molars and premolar teeth," he said. "The sealer makes them very resistant to decay. These surfaces represent 12.5 per cent of total tooth surface but account for 45 percent of the cavities."

No grinding or drilling is required to apply the sealer which is about 90 per cent less expensive than a filling. A dentist or hygienist can simply paint the sealer on a tooth, Corum said.

"Tooth decay is one of the most common health problems; almost everyone has it and it's expensive to treat and often painful. Thirty-seven and one half per cent of Kentucky's population 18 years and over have no teeth according to limited surveys done in Kentucky," according to Corum who added the percentage is roughly double the national rate.

"But now we can prevent much of it. The preventive sealant is here and available now as well as the weekly mouthrinse in schools. Dental assistants and hygienists can apply the sealing agent but Kentucky law requires continuous supervision and inspection by a dentist," said Corum.

An obstacle to the use of the preventive sealant is lack of knowledge. "There is little demand for new products such as this one because the public is not aware it exists," he said.

"There are very few areas in health where we can see the obvious need so clearly and have the technology to meet that need, Corum said, adding he would like to see a generation of children with excellent teeth. "Maybe the preventive sealers are one answer."

Yates-Smith

Mr. and Mrs. Joe Yates, of Wheelwright, Ky., announce the engagement and forthcoming marriage of their daughter, Lucinda Ruth, to Mr. Michael Lynd Smith, daughter of Mr. and Mrs. Elva Smith, of Bevinville.

Both are students at Wheelwright High School where Mr. Smith will be graduated in June.

The wedding will be solemnized at 2 o'clock, the afternoon of Saturday, May 21, at the home of the bride's maternal grandmother, Mrs. Gladys Pack, of Price.

Floyd ALC Grads Win Scholarships

Two Alice Lloyd College graduates from Floyd county have won scholarships which will help them complete undergraduate studies at the University of Kentucky. The winners are:

Sheila A. Isaac, daughter of Mr. and Mrs. Ivan Isaac, of Melvin, who earned a 3.80 grade point average while an ALC student (4.00 is a perfect "A" record). She plans to major in science and accounting, eventually earning a master's degree at UK.

Sandra K. Newsom, daughter of Mr. and Mrs. Morris Newsom, of Harold who had a 4.0 grade point (all-A) average. She plans to attend the College of Allied Health at UK, and after graduation as a physical therapist to work in one of the hospitals near her home.

Scholarship winners were selected by a panel of ALC faculty and staff. Announcement of the award was made at ALC's commencement, Saturday.

STUMBO'S PAINT, PAPER & TILE STORE

We feature a big selection of only the best grades in paint as well as a varied assortment of ceramic tile, and we can get your wallpaper over night. We can provide men for your painting needs, tile installation or paper hanging so you can "Make One Stop and Do It All."

Methodist Children's Home Will Receive Offering

United Methodist Churches of Kentucky will take an offering Sunday, May 29, for their children's home. The Methodist Home is located near Versailles and serves United Methodist Churches in both the Louisville and Kentucky Conferences.

Four times a year, in each month that has five Sundays, the churches in these two conferences take offerings in support of the home.

**Debris Removal Project
On Cumberland River
Provided by Contracts**

The Personal Service Contract Review Commission recently approved over \$1 million in personal service contracts, including one for which Gov. Julian Carroll, commission chairman, said the work had "already been done or is in the process of being done."

The \$30,000 contract was for the removal of a "massive amount of flood-related debris from the Cumberland River Channel," according to the contract description. Gov. Carroll noted that he had once said that there wouldn't be such a thing as an emergency situation and that all contracts would be approved by the commission in advance. But he said, "I was wrong." He said the transportation department had told him that if the debris was not removed immediately, a highway bridge on Kentucky 413 could be lost.

In addition, the Governor said there were leading containers of propane gas in the debris and at the same time it was even feared that there were bodies in the flood deposits. Transportation Secretary Calvin Grayson said that the state took two bids from the only contractors they could find in the aftermath of the flooding and contracted with Starr and Sons Contractor, Inc., the lower estimate.

OLD PHOTOGRAPH shows the original Elk Horn Coal Corporation tippie at Wheelwright. Photo was made some time before 1927.

IRIS, A POPULAR PERENNIAL

The iris is a perennial plant that has been developed through the years into a floral species that currently appears in such an abundance of color that it could well be described as the "rainbow" of the flower world.

Iris was the goddess of the rainbow in Greek mythology and the dictionary today lists one of the meanings of the word as "rainbow."

One of the most renowned authorities on this easy-to-establish perennial is H. C. Mohr, of the Horticulture Department of UK's College of Agriculture.

Mohr is a researcher in horticulture breeding and in his work has developed varieties of the iris, which in early days was known as the "blue flag"—primarily because the iris of that period predominantly had blue flowers. That

species grew wild—and still does—especially in marshy areas.

"A lot of home gardeners are very fond of the iris—and it is and has been a popular flower virtually worldwide," Mohr says. "Its popularity probably stems from the fact that as a perennial it is relatively easy to grow—although the more attention given to the plants, the finer the resulting specimens."

Mohr said lovers of the iris—or for flowers in general, for that matter—will be able to see some of the finest and most beautiful specimens of the perennial when a display of the blossoms is set up in the lobby of Seay Auditorium at the College of Agriculture's Agricultural Science Center on Sunday, May 15.

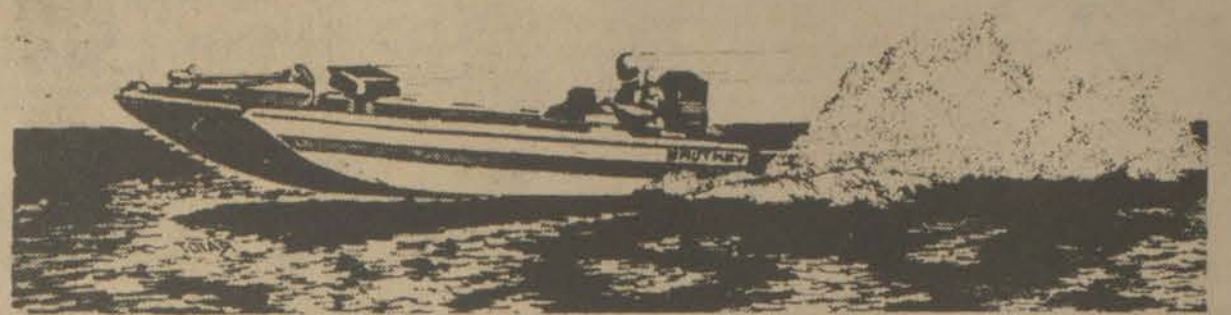

The exhibit is the annual show of the Blue Grass Iris Society, a group of iris growers that looks to Mohr for supportive knowledge and expertise in the growing and development of the perennial.

He said the exhibit will include several hundred flower stalks of the finest iris cultivars available, plus floral arrangements featuring the iris.

The exhibits will be judged by accredited judges of the American Iris Society, Mohr noted. He said all flower lovers are invited to attend the show, the exhibits to be on display from 1 to 6 p.m. and completely open to the public.

FLAWLESS DIAMONDS ARE RARE
WASHINGTON—To be termed "flawless" under Federal Trade Commission regulations, a diamond must be free of imperfections under 10-power magnification. Such stones are very rare, experts say.

Although minute flaws seen under magnification reduce a stone's value, they neither mar its beauty nor threaten its durability.

7 P'burg Hi Groups, 2 Soloists Win 'Superior' Festival Ratings

The second phase of the Kentucky High School Music Festival, which began March 30 and was interrupted by the flood, was completed April 25 and May 9. Held on the campus at Pikeville College, the festival was open to students in Perry, Knott, Letcher, Floyd, Pike, Magoffin, Wolfe, Breathitt, Johnson and Martin counties. It is one of eleven state level festivals held throughout the Commonwealth annually.

Associate Professor of Music Bill McCloud, coordinator of the festival, announced the schools and their ratings in the category of choruses and choirs and ratings for the keyboard festival. The choruses and choirs festival was held May 9 on the campus of Pikeville College. The keyboard festival was held Monday, April 25. McCloud explained that the festival is not a competition in the usual sense. "Each student is judged in comparison with how well he or she does against perfection, not against other students," McCloud pointed out. "These students, particularly the choirs, choruses, bands and ensembles, have been practicing for this festival since last September, working on intonation, balance and blend. All of this practicing is done outside school hours."

Choruses and choirs were judged by Mrs. Ann Beane and Mrs. Vasile Venettozzi, both of Morehead State University. Superior ratings were earned by the Prestonsburg High School boys' chorus, girls' chorus and mixed chorus, Virgie High School mixed chorus, Paintsville eighth grade mixed chorus, Pikeville High School mixed chorus.

The Elkhorn City Junior High School and Senior High School mixed choruses received good ratings.

Vocal ensembles were evaluated by Mrs. Vasile Venettozzi. Those groups earning superior ratings were:

Prestonsburg High School—miscellaneous girls' ensemble, miscellaneous mixed ensemble, madrigal group and girl's ensemble; Pikeville High School—boys' quartet and girls' trio; Paintsville High School—miscellaneous girls' ensemble.

Six students were judged superior in the vocal solos division by Mrs. Ann Beane, adjudicator. They were Edith Yates and Dee Dee Kalos, of Prestonsburg High School; Dwayne Leslie, Johns Creek; Marc Whitt, Paintsville; Chris Sirginnis and Jeff Slone, Pikeville.

Mary Shep Mann, of Marshall University, was adjudicator for the keyboard festival. Of the 28 students who participated, four earned superior ratings; Jennifer Preston, seventh grade student at Flat Gap Elementary; Melissa Pack, seventh grade student at Porter Elementary; Anita Roberts, eighth grade student at Paintsville Junior High; Sue Park, 11th grade student at Paintsville High School.

Sue Park was named the outstanding pianist at the festival. A resident of Hager Hill, she will represent Eastern Kentucky at the Kentucky Music Teachers' fall conference.

Individual performers in the Prestonsburg High School superior-rated groups are:

Girls' ensemble—Kaye Brown, Edith Yates, Dee Dee Kalos, Susie Wright, Beth Martin, Margaret Buchanan; madrigal group—Dee Dee Kalos, Edith Yates, Sandra Goble, Paula Hinchman, Dwayne Campbell, Brett Davis, Tom Blackburn, Wendell Blackburn; mixed ensembles—Nina Fannin, Cindy Roth, Tammy Salisbury, Lynn Tussey, Dee Dee Kalos, Lona Goble, Karla Whittaker, Lillieann Bradford, Dwayne Campbell, Brett Davis, Jamie Steffey, Tom Blackburn, Bobby Adkins, Wendell Blackburn;

NOTICE TO BIDDERS

The Floyd County Board of Education will accept bids until 12 noon June 1, 1977 for the following items:

11 (more or less) 22,000 to 24,000 BTU Air Conditioners, voltage 220, single phase, window type.

Bid price to include free delivery to schools.

The Board reserves the right to reject or accept any or all bids.

For further details contact Ray Brackett, Assistant Superintendent of Floyd County Schools.

PETE GRIGSBY, JR.
Supt., Floyd County Schools
5-4-3t.

NOTICE

WHEREAS: The Commonwealth of Kentucky, Bureau of Highways, deems it necessary for the proposed construction of Ky. 1426 and Ky. 979, SP 36-476-12L; SP 36-496-4L; S 612 (6) to remove and relocate an undetermined number of graves in the Allen Family Cemetery located on the property of Arcolas and Dewey Allen on the north side of Ky. 979 and near the junction of Ky. 979 and U.S. 23 at Harold, Kentucky.

The Kentucky Bureau of Highways would like to contact anyone having knowledge of the next of kin of the deceased interred in the above mentioned cemetery.

Address all correspondence giving name, address and telephone number to Harry L. Wicker, Kentucky Bureau of Highways, Division of Right of Way, P.O. Box 2468, Pikeville, Kentucky 41501.

SIGNED:
David Watson
Chief Right of Way Agent
3-23-9t.

girls' ensembles—Kaye Brown, Edith Yates, Nina Fannin, Dee Dee Kalos, Lynn Tussey, Lona Goble, Susie Wright, Sandra Goble, Angela Goble, Susan Wells, Karen Bradley, Beth Martin, Margaret Buchanan; boys' ensemble—Dwayne Campbell, David Nelson, Jamie Steffey, Sammie Wells, Brett Davis, John Holland, Ken Wallace, Tom Blackburn, Bobby Adkins, Keith Arnett, Wendell Blackburn, Richard Ellis, Ken Campbell, Mike Fitzpatrick.

Sandra Goble won the rating of Excellent with her alto solo.

Mrs. Carlos Hayward is the director of vocal music at the school.

Film to be shown at

Faith Bible Church

Martin, Ky.

May 22, 7 p.m.

A powerful story about what can happen when Jesus Christ returns. All are urged to see this film.

Flood-Hit Students May Receive Grants

Students from the 15 flood disaster counties who will be enrolled, fulltime, at 50 eligible Kentucky colleges, universities, business colleges, and hospital-based schools of nursing may be eligible for grants from a special state funded program which has just been established by the Kentucky Higher Education Assistance Authority. These need based grants to meet educational expenses will range from \$200 to \$300, except for students choosing to attend 21 private Kentucky colleges who may qualify for grants from \$200 to \$850 for the academic year 1977-78.

Any Kentucky student who wishes to attend a Kentucky college next year whose family was affected by the flood is encouraged to contact KHEAA for information on the program by calling toll free 1-800-372-2991 as soon as possible.

Gov. Julian Carroll authorized an emergency regulation implementing this program. Paul P. Borden, executive director of KHEAA, has announced \$100,000 has been reserved for aid to students who need special assistance as a result of the flood. Students should apply for the program by July 1, if possible.

Buyers will be responsible for loading all equipment purchased.

AUCTIONEER—DICK BRYAN

All sales cash or certified check on day of sale. (Personal checks will be accepted with proper identification)

Rutherford Asks Court Help With Pike Flood Insurance

In a suit filed in U.S. district court at Pikeville last Wednesday Pike County Judge Wayne Rutherford, asked that the court "compel" the federal Housing and Urban Development Agency (HUD) to map the flood-prone areas of the county so residents can get flood insurance.

The suit states that Pike fiscal court voted April 4, 1972 its "desire to participate in the flood insurance program (FIP)." It alleges that HUD rules and regulations require that a "study be made of areas affected by flooding and designate flood prone areas by preparing a map."

The suit charges that HUD has failed to make this map.

Pikeville Attorney Dan Jack Combs, who prepared the suit, said that since the county passed the resolution in favor of joining the program, there had been a continuation of correspondence between HUD and county officials over disputed regulations in the program.

From Atlanta, Jim Smith, HUD flood insurance supervisor for Kentucky, said, "It's mistaken. There is probably a misunderstanding if he (Rutherford) felt he had to have a map before joining the program."

"You can get insurance if there isn't a map. I'll agree it's easier to get it if there is a map," Smith said.

The suit points out that three Pike county communities, Pikeville, Coal Run and Phelps, all incorporated towns, are presently in the flood insurance program.

Rutherford said over the week-end that many families in flood damaged Pike county were applying for Small Business Administration (SBA) loans at 6% per cent but would never qualify for them because they did not have flood insurance, a loan requirement.

Smith said that Pike county officials received a "preliminary flood plain map last week, for comments. It's based on available data."

Smith said, "I want to make clear that the delay is a matter of policy. We map towns first because there is more population concentration. We're now starting on the counties."

He said that the process usually takes from a year to 18 months to complete and that Eastern Kentucky flood plain mapping has recently been put on "top priority by FIA."

"All the counties will be getting them soon," Smith said.

Smith said he was aware of the court's April 1972 resolution expressing the desire to join the program.

"But in '72 they passed on only half of the program," Smith explained that mapping of a county results in "designated flood hazard areas," where flood insurance policies and building permits are required in order to qualify for building loans from federally insured lending institutions, such as banks and savings and loans.

It is also required for participation of a county or municipality that new building developments wanting flood insurance build above the 100 year flood plain, he said.

Smith said, "They (Pike county) did not pass on the permitting requirements

in 1972. He added that he met with Rutherford last week. "I think that they were going to do it (pass a resolution endorsing acceptance of permit requirements)," Smith added.

The building permit requirements have generally been a major reason why most counties in Eastern Kentucky have not joined the program.

Last week, Johnson County Judge James Witten called for amendments to the program for Eastern Kentucky.

"If the provisions of FIP were applied strictly to Eastern Kentucky, most of our houses and businesses would be built on stilts," he said in a prepared statement.

MUSIC FESTIVAL SET MAY 22 AT HUNTINGTON

An outdoor concert of traditional mountain music will be Sunday, May 22, from 2 to 5 p.m. at the Huntington Galleries. Featured performers are the Kentucky Foothill Ramblers and Dave Peyton with Joe Dobbs. The concert is part of the Galleries' annual West Virginia Heritage Festival, which runs this year from May 17 through 29.

ARC Votes \$200,000 To Help Flood Area

At the request of Gov. Julian Carroll, the Appalachian Regional Commission has voted to provide initial funding for redevelopment of flood-ravaged Eastern Kentucky.

The commission acted on the Governor's request at a meeting yesterday in Atlanta. Initial funding, totaling \$200,000, will finance long-range recovery efforts in flood-stricken portions of Kentucky, West Virginia, Tennessee and Virginia.

As a first step, Gov. Carroll said, the commission voted to commit \$100,000 to the four states. "Each of the four states has pledged \$25,000 which will be matched by the \$100,000 commitment from Appalachian Regional Commission funds," Carroll said.

Representatives of the 13 Appalachian states, meeting with commission federal co-chairman Donald W. Whitehead, said the states' immediate task is to analyze the total nature and extent of the flood damage and to plan for the redevelopment of the area.

Commission spokesman said this would involve an evaluation of all possible alternatives including redevelopment, new development, flood protection facilities and identification of funding sources.

In addition, commission members said the four-state consortium approach will allow the residents of the affected areas and local governments to participate in this flood recovery effort.

FLOOD OF 1977 — CAUSED BY STRIPMINING

The time is drawing near when a decision must be made as to which candidate for representative is best qualified to serve YOU, the people in Eastern Ky. in the Legislature.

The first thing then, to be determined is: What kind of man do you want in the Legislature, an experienced, older man who has held this position previously and who has lived and been in business in Eastern Ky. for fifty years and who knows the needs and the means to accomplish the job or a younger and consequently a man who turns to what pleases HIS FANCIES.

I will not deal with fancies but with facts such as:

- (1) EDUCATION—which is a shameful mess, I would do all within my power to see that each child will become all that he is capable of becoming.
- (2) I would make every effort to see that strip mining, if done at all, is done in a legal and lawful manner and homes will not be destroyed or washed away by greedy, rich, selfish strip miners.
- (3) I will honestly attempt to bring the plight of the ELDERLY to the attention of the Legislature, as I do know, FIRST HAND, that the elderly are a neglected and almost forgotten people.
- (4) I would take every possible action to obtain employment for EVERY able bodied young man in Floyd County, EMPLOYMENT, not A HANDOUT, that he may retain his self respect and dignity.
- (5) I would make every effort to do away with the Sales Tax which is a most serious burden to the working people and which if allowed to continue will be disastrous.
- (6) Our Democracy is at stake and the candidates who we elect are in part, at fault, as they do not take their jobs seriously, and are apathetic, many do not show up for sessions in the

legislature, consequently, issues which are important to citizens are not fully voted FOR or against. I will be at each session, serious, sober and conscientiously, with your interest at heart, your lives and the lives of your grandchildren are at stake, they deserve the VERY best.

(7) I am interested in YOU, in YOUR problems. In these troubled times we need leadership as we have never needed it before. This will be a full time job which I am ready to participate in, not a hobby, not a part time job.

(8) THE ANSWER LIES IN THE MAN you elect as your representative—will he speak up for your interest? Will he be timid and fearful? Will some rich stripper or other industries, such as Gas companies be able to buy him? I will not be one of those. I am my own man—I will speak for what is best for YOU, the people of the almost forgotten, poverty stricken Eastern Ky.

Let our mountains and streams remain the way God made them. He did a good job.

I wish to thank each and every person with whom I have talked and to tell you how I appreciated your kindness, your friendliness, and your hospitality when I delivered to you the Floyd Co. Times. Thank you, this comes from the bottom of my heart and I love you, each and everyone, as a human being, as a friend and most of all as one of God's creations, who deserve the VERY BEST that life has to offer and which I believe I can assist you.

Thank you again—win or lose I remain your friend.

Elect
GERALD
DeROSSETT
A Democrat
For Magistrate
District No. 1

The election is near and it may be that I will not be able to personally solicit the vote of everybody in Magisterial District No. 1.

I think that every voter who knows me will say that I am qualified. I have lived in District 1 all my life at Bull Creek. I am the son of Alex and Loma DeRossett. My Dad was a teacher for years in Floyd County—most of them on Spurlock, Katy Friend and Middle Creek.

I am married to Katie Burton who has worked at Prestonsburg General, United States Shoe Corporation and at present Highlands Regional Medical Center as a nurse for 16 years. We have four children, ages 2 through 14, Gerald Doug, John Bryant, Leslie E. and James Alex.

If elected, I pledge four years of hard work and an administration of the office based upon Justice, Understanding, and Goodwill to my fellowman. To do less would make me untrue to myself, so I say from the bottom of my heart, Thank you for the support and courtesy you have shown me and my family in this campaign. Together we will win a victory.

I Sincerely Solicit Your Vote

FOSTER PORTER
of Martin, Democratic Candidate for
CONSTABLE, DIST. 3

Yes, I am 70 years old. I fell on the ice last winter—that is the reason I am using a cane. Yes, I am very able to be a good Constable. No, I am not able to physically wrestle anyone into submitting to arrest. My grandparents on my father's, Tom Porter's, side were Dr. Benjamin Porter and Cynthia Napier Slone Porter. My great-grandparents on my mother's, Hattie Salisbury Martin Porter's, side, were Joel Martin and Judy Turner Martin. My wife, Sarah, is Bill Flannery's daughter. She goes to M. D. Anderson Cancer Institute, Houston, Texas, for cancer treatments. My daughter is Mrs. Charles (Rita) Lafferty. I am a member of Wheelwright Lodge 889, F. & A.M. I have amateur and citizens band radio license. I have made a lot of trips as locomotive engineer on the railroad up and down Left Beaver Creek. Also, like to trade on old coins. I've told you about myself—if you want to know more, ask me. Now how about voting for me?
(Pd. by candidate, 4-20-31.)

Lynn
ALLEN
Magistrate

Dist. 2

Christian — Vietnam Veteran — Qualified

As your Magistrate, I will serve ALL the people of District 2.

All available funds and equipment will be in continuous use improving bridges, secondary and cemetery roads.

Special attention will be given to drainage of all County property.

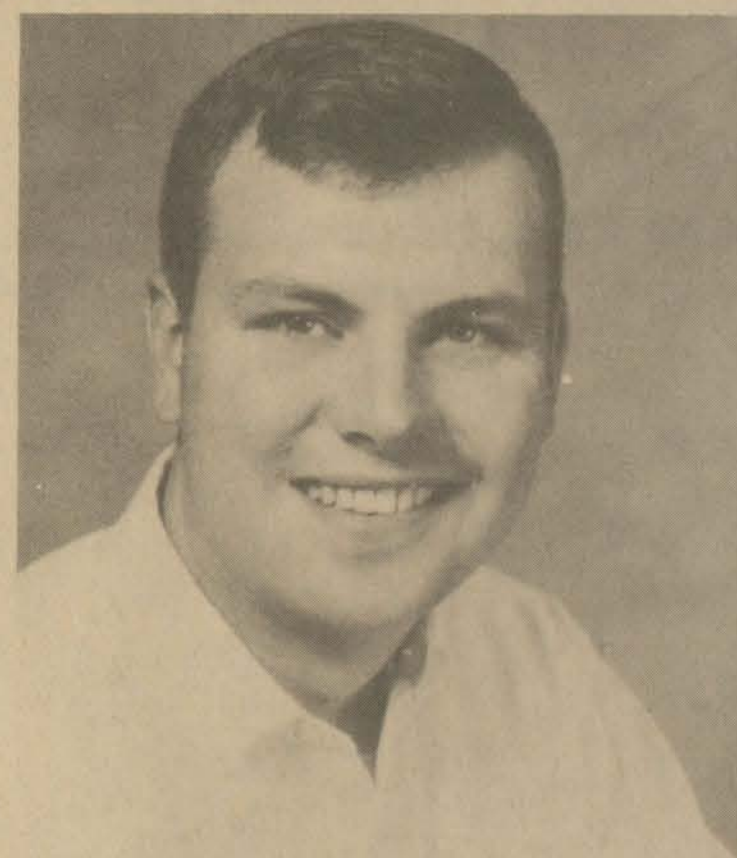

I will support free dumping for any individual who hauls his own garbage to County Landfill.

Honest — Capable — Dependable

Number 3 on Democrat Ballot

YOUR SUPPORT WILL BE APPRECIATED.

(Adv. pd. 5-11-21. by the candidate)

THIS IS TO RIGHT A WRONG

I have lived in this county all my life, being absent only for three years, which were spent in the service of my country. I have three sons and one daughter.

I started in business in the community in which I live at the age of nine years as a shoeshine boy, then as a paper boy, later as radio repairman, furniture business, and Amusement Company, at the present time as owner of Akers Television Community System.

My life is an open book and the issues which I believe in I strongly support and speak for, and those issues which I am against and which I believe would be detrimental to the people I strongly speak against and always will! I am not afraid, and no man can buy me or unduly influence me.

If you see fit to elect me as your Representative of District 95, I will attempt, with all the power and influence at my disposal, to do away with the sales tax and the income tax. Also, the strip miners will not be able to go on to our land without permission, to destroy and mutilate our beautiful hills, ruin our water supply, and utterly destroy our homes.

I will work religiously for the interest of ALL the people, especially the aged individuals, who are not getting their fair share of the monies being doled out and are being taken advantage of by the rich, greedy strip miners. I will attempt to have the Reclamation & Environmental Agencies live up to what their title implies—they will be made to verify their efforts to have the devastated, stripped land reclaimed to its original contour—rather than words, they will SHOW the landowner the end result.

I give my word of honor that I will work religiously for the betterment of local government and when the next flood occurs—and you may rest assured that as long as the strip miners are allowed to tear the mountains apart, that the next flood will be even greater—if you have flood insurance, I will make every effort to see that your flood insurance is not cancelled.

I will be available at all times to the people whom I represent and who elected me. I will listen to your problems and I will attempt to help each and every person.

Another issue which is very close to my heart and which I believe is directly responsible for the unemployment rate and the poverty in this County, this is the poor educational system which has prevailed in our County for many years. I would attempt to help develop all our human resources so that we may have the Scientists, the Artists, the Statesmen, the Businessmen, the productive, honest, active citizens which we so desperately need.

If elected to represent you in the Legislature, this County will cease to be an educational wasteland, the extra-curricular activities will be less prominent and the basics—reading, writing, comprehension and arithmetic—would again be paramount in the school systems. A child will not be allowed to graduate from high school on his ability to throw a ball in a hoop but on his ability to read, write, comprehend, and to figure.

(Adv. pd. by the candidate)

NOTICE

The Kentucky Bureau of Highways, in order to assist those people displaced by highway construction, desires to obtain listings of available housing and building lots which are for sale, rent, or lease in Floyd County in the Betsy Layne, Harold, Mud Creek area.

Information concerning any property listed with the Bureau will be made available, free of charge, to those people displaced by highway construction and at no cost to the property owner offering the property.

Any property owner having property for sale, rent, or lease, is requested to send a brief description of the property; giving the lot size, type (brick, frame, block), number of rooms, type of heat, if gas and water are available, location, and whether or not the house has a bathroom. If the house is for rent, state monthly rent; if house is for sale, the sale price. Be sure to indicate the name and address of the owner and telephone number, if any.

All properties listed just be decent, safe, and sanitary, and available for sale or rent without regard to race, creed, color, or national origin.

All replies should be sent to C. M. Coleman, District Relocation Assistance Agent, Bureau of Highways, P.O. Box 2468, Pikeville, Kentucky 41501.

**JAY LEE HAMILTON
BACK AGAIN!**

Asking for the office of Jailer of Floyd County. I was defeated for this office in 1957 by Brother Hayes.

I was born at Betsy Layne, and I spent most of my life at Big Mud Creek, an area in Floyd County where the Hamilton generation is wellknown. I am a grandson of Elder Red John Hamilton. In the past I have served on many boards, clinics, and other programs of the sort.

When I am elected for this position I promise to be a Jailer that will best serve the people. The turnkeys I hire will be upstanding men, on their duty at all times. Also, the janitor that I hire will keep it clean and neat—inside and out. All prisoners will be treated as citizens, regardless of race, creed, or color, or the crime that was committed. The prisoners will be allowed to call their loved ones—local or long distance. Any prisoner requiring medical assistance will be treated immediately.

When elected as your New Jailer—"I WILL be available.

Not only will I do my duty in this office, but I will be of help to the people in other ways—such as State Government.

REMEMBER thru your VOTES and SUPPORT I will become the NEW JAILER of FLOYD COUNTY.

No. 1 on the Ballot It is time for a change!!

**SUPPORTS
JOHNSON**

FOR
**MAGISTRATE
DISTRICT NO. 1**

I, Barbara Slone, would like to take this opportunity to say I'm sorry for each and everyone who suffered from the flood.

Four years ago I ran for Magistrate in Dist. No. 1. A lot of people said they wouldn't vote for a woman, but I received many votes, thanks to my friends and supporters. And I appreciate everything they did for me.

I'm asking each and everyone who voted and supported me to help and support Charlie Johnson for Magistrate in District No. 1. I would have liked to run again at this time, but because of my bad health I am unable to. So I urged Charlie Johnson, my nephew, to run.

I promise each and everyone in District No. 1, who will help and support Charlie Johnson, that we will have better roads and a fulltime Magistrate. I urge all my friends to vote for Charlie Johnson for Magistrate of Dist. No. 1.

Thank you,
BARBARA SLONE

(Pd. by Barbara Slone, 5-11-2t.)

DEAR VOTERS OF DIST. 3:

We have had too much slack on the part of our Magistrates in keeping up our roads and building new ones. We need someone who will devote their entire time to this task. We need a Magistrate who will travel through the District, looking after our roads, and when some one needs help on their roads not put them off with some excuse, but come to their aid.

If you will vote for me as your Magistrate, I will do all in my power to do as I have told you. I will use the money that is allotted to me to build and repair your roads.

Dear voter, I have been in the church for 22 years and my word is my bond. The reason I am running for this office is to make our roads better for our cars to run over. I have been over these roads and see that they need repairs very badly. We need new roads built and our bridges looked after.

When you need help, come to me and I will do all in my power to see that you are taken care of. Your vote for me will be a step toward new and better roads.

LOOKING TO BE YOUR SERVANT,

GEORGE C. COCHRAN, SR.

WALTER L. STUMBO

for

MAGISTRATE

District 3

The election is drawing near and I would like to ask the voters of District 3, to give me the chance to serve as your next Magistrate.

I am the son of Mrs. Anna Hall Stumbo and the late Lee Stumbo of McDowell. I have lived in District 3 all my life.

I am married to Gertrude Turner Stumbo and the parents of nine children. We live on Sizemore Branch at Minnie.

I am a World War II Veteran and a disabled miner. I have been active in many elections in the past. However, this is the first time that I have asked the people to give me a chance to fill a public office.

If elected, my main aim will be to serve the people. I will be a full-time Magistrate and will devote my time helping to make District 3 a better place for all.

I feel that the tax payers of Floyd County should get the best possible services for every tax dollar spent. I pledge to the people of District 3 that I will do everything in my power to improve our roads. I would like to see roads that people could travel safely to and from their homes.

If you want a Magistrate who will be available for ALL THE PEOPLE OF DISTRICT 3, then give your vote and support to Walter L. Stumbo, No. 10 on the ballot in the May Primary.

Your vote will be appreciated.

Pd. by candidate and friends, 5-4-2t.

**"A THOUGHT
BEFORE YOU
VOTE"**

Voters of Dist. No. 1

As all of the people that I have spoken with know, my main concern is the road conditions in Dist. No. 1. If elected improving these roads will be my goal and fulltime task.

All of you know promises aren't any good unless action and work stand behind these promises.

Please try to keep this in mind from now until you cast your vote. I was raised on bad roads, traveled on bad roads to and from school, and still travel bad roads to and from work. Just as so many of you have done in the past and still do today.

Wouldn't you say that if anyone understands, and is familiar with our road conditions I am? With your help and support we can change this for all of Dist. No. 1.

(5-11-2t., ad pd. by the candidate)

NWF Urges Adoption Of "Bottle Bill"

The National Wildlife Federation has urged President Carter to support a national beverage container law which would require mandatory deposits on soft drink and malt beverage containers.

Thomas L. Kimball, executive vice president of the NWF, said in a letter to the President that such a law could result in a significant reduction in litter, conservation of energy, a reduction in solid waste, creation of jobs, and an overall boost to the economy.

Delegates to the NWF's 41st Annual Meeting, which concluded recently in Washington, D.C., adopted a resolution urging national beverage container legislation, or, failing a national law, that every state legislature adopt a law. Deposit laws were adopted last November by voters in Maine and Michigan.

Hall-Thornsberry

Mr. and Mrs. Frank Hall, of Teaberry, proudly announce the marriage of their granddaughter, Thelma Lea, to Mr. Earl D. Thornsberry, son of Mary Thornsberry, of Kite.

The marriage was solemnized at the Church of Christ in Clintwood, Va., May 6.

The groom is presently employed at National Mines at Pippa Passes, Knott county. The bride is an employee of the Mud Creek Health Clinic at Craynor. The couple is now residing at Teaberry.

Natural Disasters This Spring Costly to American Red Cross

More than a month has passed since flood waters roared through Appalachian communities in Kentucky, West Virginia, Virginia and Tennessee, smashing homes, drowning possessions and driving thousands of families from their homes.

The American Red Cross mobilized emergency teams to help the victims of these tragedies. In the case of the Appalachian floods, Red Cross encountered special difficulties brought about by treacherous terrain and poor communications.

Since early April Red Cross has spent or committed more than \$9.3 million in the four flood-stricken Appalachian states, in flooded area of Louisiana, and in tornado-hit communities in Alabama.

In Appalachia alone hardest hit of the spring disaster sites, Red Cross has spent or committed \$8.8 million in assistance to more than 18,693 families in the four-state area.

(The Floyd County Chapter Red Cross fund drive is currently under way. Contributions may be sent to E. B. May, Special Gifts Chairman, Prestonsburg, or Hershell Joseph, executive director, Floyd County Chapter, Prestonsburg.)

County Mines 11th in State Coal Output

Kentucky again led the nation last year in coal production, and of its coal-producing counties Floyd county ranked tenth.

Figures released by the state Department of Mines and Minerals place the state production for the year at 142,593,562 tons.

West Virginia, the second-largest producer, trailed Kentucky by 108,793,594 tons. This is the fourth straight year Kentucky has been the top coal producer, although the 1976 figure is down from the record 144,204,511 tons mined in 1975.

Mines and Minerals Commissioner Harrel N. Kirkpatrick attributed the decline to a leveling off from a coal boom that began in 1974.

A breakdown shows that Muhlenberg county maintained its place as the state's top county producer of coal with 20,562,756 tons recorded. Pike follows with 19,002,001 tons.

From there the figure drops to Harlan, 10,502,724; Hopkins, 9,775,205; Ohio, 9,360,795; Martin, 8,159,973; Union, 7,632,321; Perry, 7,473,251; Breathitt, 6,372,708; Floyd, 4,561,573; Bell, 4,523,997; Leslie, 4,410,158; Knott, 4,320,848, and Letcher, 4,125,608.

The tonnage for other counties follows: Johnson, 2,809,504; Webster, 2,306,705; Magoffin, 2,242,944; Whitley, 1,497,958; Laurel, 1,205,271; Lawrence, 1,166,374; Knox, 1,111,523; Daviess, 1,004,726; Henderson, 972,513; Butler, 874,117; Clay, 791,071; McLean, 751,381; McCreary, 607,269; Morgan, 604,393; Pulaski, 461,289; Elliott, 373,234; Wolfe, 345,496; Carter, 333,902; Owsley, 294,595; Lee, 276,812; Boyd, 267,343; Christian, 219,595; Wayne, 168,551; Hancock, 130,602; Greenup, 102,050; Rockcastle, 54,827; Warren, 14,620; Grayson, 11,311; Menifee, 2,550.

Folk Song Fest At Grayson Lake Set June 11-12

Mountain Music will ring through the foothills of Grayson Lake for the Kentucky Folk Song Festival, June 11 and 12.

The week-end will feature authentic mountain music of the past, arts and crafts exhibits, an antique car show and recreational activities in a relaxing woodlands setting.

Some 7,000 people attended last year's songfest.

The festival will begin at noon Saturday with the arts and crafts exhibits and an afternoon program of mountain and bluegrass music.

A square dance exhibition is scheduled for Saturday evening. Sunday afternoon's music will be hymn singing and folk music.

The festival has grown in stature and this year has attracted the attention of such publications as "National Geographic," "Readers Digest," "The National Folk Festival Magazine," "Southern Living," "Kentucky Travel Guide" and the U.S. Travel Service.

Boone Day Marks Bluegrass Discovery

"On the seventh day of June, we found ourselves on Red River, and from the top of an eminence, saw with pleasure the beautiful level of Kentucky," wrote Daniel Boone in his diary in 1769.

In 1836 a small group of patriotic Kentuckians met in the Old Capitol because each of them recognized the need to preserve the state's heritage. That meeting resulted in the birth of the Kentucky Historical Society (KHS). When Boone's diary was found, the KHS started the tradition of Boone Day to celebrate his discovery of the Bluegrass at Pilot Knob in Powell County.

"This June 7 is very special as it marks the 100th anniversary of the traditional Boone Day celebration," said General William Buster, executive director of the KHS.

Frank W. Sower, Frankfort attorney and vice president of the Kentucky Historical Society, heads this year's Boone Day committee. Sower said that the entertainment for festivities will be provided by the "Kentucky Sweethearts," square dancers from Ravenna High School. Dr. Holman Hamilton, a history professor at the University of Kentucky, is scheduled to be the guest speaker.

A well-known speaker, Dr. Hamilton delivered the annual J. P. Young lecture series at Memphis State University in 1961 and the "History of American Civilization Series" at the University of Florida in 1958. He was the first person to give a graduate course on U.S. history in South America and served as Fulbright Lecturer at the Center for Inter-American Studies at the University of Chile, Santiago in 1966.

Ky. Film Conference Set June 2 at Frankfort

The Kentucky Film Conference will open with a showing of the Academy Award-Winning Harlan County: USA, Thursday evening, June 2, 1977, 7:30 p.m., at Kentucky State University in Frankfort.

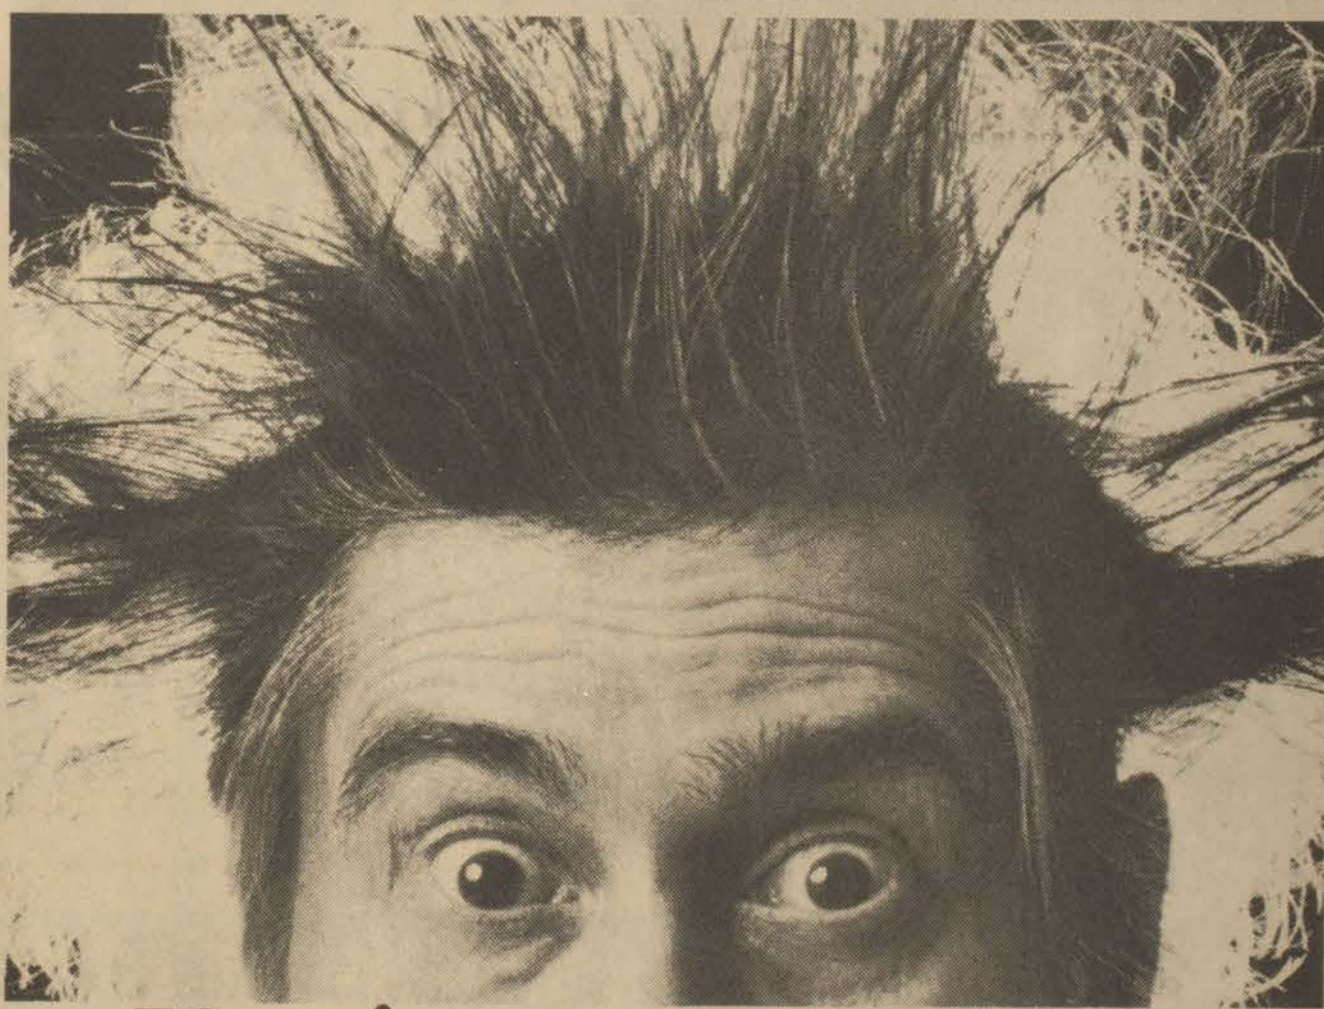

This conference is intended to encourage film programming in Kentucky communities. It is open, free of charge, to people who are interested in learning more about the art of film and ways of presenting films and film series in their communities. We are designing the programs to assist people in various situations and with varying experience with film. So if you are performing arts sponsors, librarians, teachers, art guild members, film buffs, or just curious about films and how they might work in your community, this is the right experience for you.

REV. HENRY HAROLD WRIGHT,
Pastor Phone 9882

If you're not careful your CB antenna could put you in touch with a lot more than you bargained for.

Unfortunately, your CB base station antenna will not only help you reach more people, it could also put you in touch with our power lines.

And the slightest contact between you, your antenna and our lines could be fatal.

So, before you put up your antenna, here are a few suggestions you should follow.

First, we recommend you have a professional do it for you.

Okay, if you're determined to do it yourself, look out for power lines. The ones attached to poles. And the ones attached to your house.

If you can't tell a power line from a phone line, don't experiment. Steer clear.

Then make sure you locate your antenna (including supporting mast and guy wires) at least one and a half times its total height from all power lines. Which means, a 30-ft. high antenna should be 45 feet away from all power lines in all directions.

That way, if it falls during construction, or gets blown down during a storm, it won't hit any lines and endanger you or your neighbors.

Trying to carry an antenna, climb a ladder and keep your balance all at the same time is risky business, too.

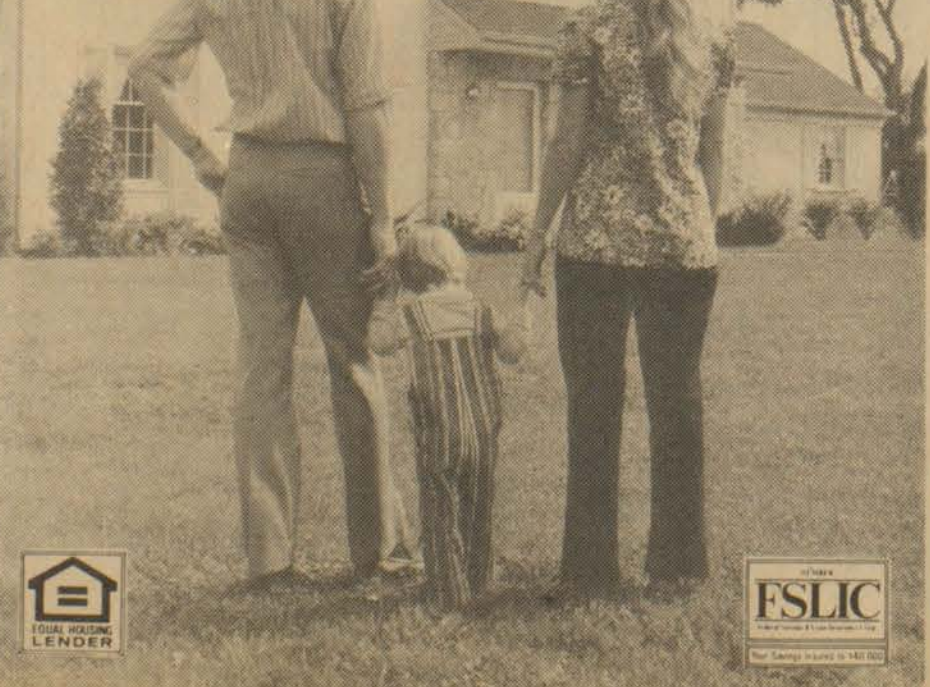

Wait for a calm day, assemble the antenna where you intend to put it up, be sure to ground the antenna properly and get somebody to help you.

Allen Central Observes Science Awareness Days

The S.W.A.T. team at Allen Central High School recently sponsored its third annual Science Awareness Days. S.W.A.T. (Science Watchers Acting Together) is a very active science club at Central and presents Science Awareness Days in order to generate creativity and originality on the part of Allen Central's science students. Each year, projects, contests, lectures, tours, and movies are organized in the hope of creating an interest in science.

Festivities were begun with a science program for all students which stated the purpose and the events of the coming three days. S.W.A.T. members, science instructors, and the principal, James O. Dingus, contributed to the program. Student projects were on display in the

gymnasium lobby, beginning on Monday, as were projects provided by the Garth Vocational School students Steve Am-burgey, Gary Bailey, and Tommy Clouse. Alice Lloyd College physics professor Ahnemann Grender also displayed projects from the A.L.C. science department, including a workable automobile built by himself.

On Tuesday displays continued awhile the feature documentary "Blue Water, White Death" was shown for the student body. The movie depicted sharks in their natural habitat and was a fore-runner to the movie, "Jaws". Also on Tuesday, the winners of the third annual S.W.A.T. science-poster contest were announced. Cash awards were made to the top three finishers in both humorous and factual categories. Winners were: First place (humorous), Taunda Hicks; first place (factual), John Sizemore; second place (humorous), Billie Martin; second place (factual), George Michael Hall; third place (humorous), Diane Morgan; and third place (factual), Pam Lykens.

Eighth grade classes from Allen, Martin, Maytown, and Garrett were brought to Central on Wednesday to view the projects on display in the gymnasium and the science facilities at A.C.H.S. Science Awareness Days were concluded Wednesday afternoon by Ray McLaughlin, service co-ordinator of the IBM corporation in Lexington. Mr. McLaughlin displayed an audio-visual presentation of IBM achievements in science technology as well as gave information concerning occupations and the impact of an IBM installation on the socio-economic future of a city.

1977 S.W.A.T. officers were Mike Smith, president; Jennifer Mullins, vice-president; Clara Ousley, secretary, and Vicky Jacobs, treasurer. Other S.W.A.T. members included Debi Beatty, Byron Coburn, Paul Combs, Jennie Cox, Kay Craft, Lynn DeRossett, Kelly Dingus, Sybrina Hicks, Trudy Hunter, Debbie Johns, James Layne, Melissa Lykens, Pam Lykens, Melvin May, Jennifer Mullins, and Rose Smith.

Science projects were contributed by Clyde Lee, Clara Ousley, Kay Craft, Tanya Martin, Regina Caudill, Sandy Duff, Tammy Francis, Jennifer Frasure, Delores Gibson, Sybrina Hicks, Debra Hughes, Debbie Hunter, William Hunter, Ken Layne, Joyce Martin, Melvin May, Greg Moore, Mary Mullins, Shannon Prater, Carol Shepherd, Sharon Spencer, Sharon Turner, Cheryl Webb, Billy Mullins, Fred Samons, Bobby Bailey, Ralph Caudill, Jennie Cox, John Flanery, Iris Flannery, Keith Harris, Lana Hayes, Barbara Hicks, Chris Holbrook, Glen Ison, James Layne, Mandy Martin, Sharon Martin, Beverly Moore, Sheila Spencer, Toby Spradlin, Danny Troxell, Jeff Wicker, David Prater, Johnny Prater, Teresa Bentley, Jamie Branham, Melesha Crum, Flo Flannery, Robyn Frasure, Byron Hansford, Gary Howard, Sheila Johnson, Billie Martin, Yvette Martin, Diane Morgan, Valencia Slone, James Wallen, Rebecca Watts, Debi Beatty, Byron Coburn, Paul Combs, Kim DeRossett, Taunda Hicks, Brenda Hughes, Vicky Jacobs, Gary Lovely, Pam Lykens, Connie Martin, Nikki May, Donna Pratt, Rose Smith.

Science posters were contributed by Susan Patton, Mike Smith, Greg Davis, Elmer Handshoe, Barbara Whit, John Reynolds, Willie Bentley, Belinda Branham, Twila Conley, Butch Patton, Jerry Mills, Sharon Wright, Brenda Ramey, Arvel Smith, Robby Turner, Truman Combs, Dale Howell, Janet

Miller, John Sizemore, Tammy Francis, Jennifer Frasure, Delores Gibson, Sybrina Hicks, Joyce Martin, Melvin May, Sharon Turner, Debra Patton, Jennie Cox, Iris Flannery, Barbara Hicks, Chris Holbrook, Paul Justice, Sharon Martin, Beverly Moore, Toby Spradlin, Jamie Branham, Flo Flanery, Phillip Gibson, Byron Hansford, Gary Howard, Sheila Johnson, Billie Martin, Diane Morgan, Byron Coburn, Paul Combs, Taunda Hicks, Brenda Hughes, Vicky Jacobs, Pam Lykens, Connie Martin, Rose Smith, Vanessa Akers, Roy Clifton, Dwayne Crum, Joey Crum, Melinda Hall, Randy Johnson, Regina Lawson, Sabrina Scott, John Shepherd, Recilla Sonner, Martin Vanderpool, Tommy Webb, Precilla Slone, Gerry Bailey, Terea Bradley, Bud Bradley, Wayne Conn, Ann Hall, Cecil Harvey, Karen Phillips, Gerry Stanley, Alice Potter, Beverly Reffitt, Tim Thornsberry, Gail Sammons, Steve Mills, Molly Blackburn, Madonna Bates, Joey Crum, Carmen Crum, George Hall, Ola Jones Ronnie Ousley, Greg Ratliff, Irene Robinson, Joey Sammons, Tammy Shepard, Katie Terry, Beverly Moore, Keith Osborne, Fred Derf, Jeff Allen, Sandra Bentley, Carol Bryant, Matista Dalton, Teresa Dalton, Eda Hoover, Bonita King, William Petry, Tammy

Prater, Harry Bates, Johnny Skeans, Vickie Smith, Madonna Thornsberry, Anthony Scott, Edwina Bentley, Tony Crum, Rosie Duncan, Ricky Hicks, Cathy Ratliff, and James Spurlock.

To Graduate May 22 From Castle Heights

When Castle Heights Military Academy, Lebanon, Tenn., graduates its senior class Sunday, May 22, Cadet David Colin Stephens will be among those receiving his diploma as the school finishes its 75th year of independent secondary education.

Cadet Stephens is the son of David Stephens, Jr., of Prestonsburg.

NOTICE TO BIDDERS

The Floyd County Board of Education will accept sealed bids until 12 o'clock noon May 25, 1977 for the following:

A limited quantity of Football Equipment.

Notice of Intention To Mine

In accordance with the provisions of KRS 350.055, notice is hereby given that: Hall & Adkins Coal Co., Inc., 444 By-pass Road intends to file an application for the surface mining of approximately 14 acres located south of Galveston in Floyd county. The proposed operation is approximately 4 miles south of State Route 23's junction with Bear Fork Road and located east of Branham Creek. Latitude 37 degrees 24 feet 27 inches Longitude 82 degrees 36 feet 57 inches. The surface of the area to be mined is owned by Tildy Ray, Andy Hamilton, Talvarage Blanton, Roxey Hall, of Grethel and Hawkeye Elkhorn Coal Co. of Pikeville, Ky.

A brief description of the kind of mining activity proposed is: strip and auger.

The application will be filed at the Division of Reclamation, Prestonsburg Area Office, South Lake Drive, Prestonsburg, Kentucky 41653.

Persons wishing to file written objections and/or request a formal administrative hearing in regard to the above described strip mine should notify the Department for Natural Resources and Environmental Protection within 30 days of the date of this notice. Such objection or request must be in accordance with KRS 224.081 (2) and must be forwarded to the Director, Division of Reclamation, Capital Plaza Tower, Frankfort, Kentucky 40601.

Crowned Tiny Miss Springtime

Pamela Ann Burke was crowned Tiny Miss Springtime May 14 at the Maytown Woman's Club Spring Style Show. Pictured above is Arvel (Mush) Nelson presenting Pamela a gift certificate.

She was sponsored by Big Sandy Aviation Corp. Billy T. Burke, president, also presented her a gift certificate. Pamela is the four-year-old daughter of Mr. and Mrs. Donnie T. Burke, of Martin.

Allen Woman's Club Has Anniversary Meet

The Allen Woman's Club celebrated its sixth birthday at the May meeting at the clubhouse. Mrs. William Hoffman, member of Drift Woman's Club and chairman of the Kentucky Federation of Woman's Club's Election and Credentials committee, installed the year's new officers.

The new officers are: Nancy Stevens, president; Wanda Weber, vice-president; Pat DeRossett, secretary; and Mary Hinchman, treasurer. Mrs. Hoffman spoke on the topic "Perceptive Possibilities."

A "100 Percent Club Certificate" was presented to the club by Mrs. Hoffman. Preliminary plans for the installation of the president of the General Federation of Woman's Clubs were discussed.

Gifts of appreciation were presented to Mrs. Hoffman and Mrs. Joan Adams.

Following the club's installation dinner, a short business meeting was held with the club's new president, Nancy Stevens, presiding. The Little Miss Floyd County area pageant was discussed. The club's community improvement project for the year is to sponsor a girls' softball team. Jim Cecil, of Betsy Layne, is to be the coach. Co-chairmen for this project are Lois Marshall and Mary Hinchman.

The club president reported on the Seventh district student arts, crafts and music contest held in Pikeville in March. She urged all club members to attend a workshop with ideas for fund-raising club projects to be held at the Breaks Park in July.

New program committees and hostesses were appointed.

The installation dinner was enjoyed by guests, Mrs. William Hoffman and Miss Ruby Akers, and clubmembers Hollie Blanton, Bonnie Spencer, Bonita Porter, Mary Hinchman, Pat DeRossett, Delores Smith, Wanda Weber, Vicki Boyd, Lois Marshall JoAnn Adams, Nancy Stevens, Ellen Sellards, and Deloris Dunaway.

PARTY FOR GRANDSON

Minnie, Ky.—Mrs. Edith M. Hopkins entertained with a lawn party at her home, May 11, honoring her grandson, Martin Thomas Hall, on his third birthday. Refreshments were served to 30 mothers and children. Others attending were Mr. and Mrs. Bill Martin, of Martin, and granddaughter, Jennifer Yabroff, of Wilmington, Delaware; Mrs. Bess M. Helton, Page, Susan and Marla Conley, of Martin.

School Break Here Nets Thieves \$6

A break into the Prestonsburg Elementary School last week-end netted thieves \$6 in cash, Policeman Darrel J. Conley said. Entrance was effected by prying off a side door. Use of matches for illumination during the burglary indicated that the break was by amateurs, Conley said.

Big Sandy Elkhorn, Engineers To Meet

A two-day joint meeting of the Big Sandy-Elkhorn Coal Operator's Association and the Central Appalachian Section of the American Institute of Mining, Metallurgical and Petroleum Engineers (AIME) to be held on May 20-21, at the Campbell House Inn, Lexington, will bring together representatives of the private industry, local, state and federal government agencies, and other persons interested in the coal industry.

An interesting technical and social program has been planned under the direction of the program committee comprised of Harry C. Campbell, president of the Big Sandy Coal Association, David A. Zegeer and W. L. McMorris, III, program committee chairman.

Friday morning, May 20, a technical session will be held. Serving as session chairman will be Raymond A. Bradbury, president of the Martin County Coal Corporation. The session topics and speakers will cover a wide range of subjects which relate to Kentucky's coal industry.

The Saturday session will be devoted to papers presented by members of the U.S. Bureau of Mines.

CHARLES MARTIN of Wayland, Ky.

Democratic Candidate for **CONSTABLE**

Dist. No. 2

May Primary

NO. 3 ON THE BALLOT. Your Help Will Be Appreciated.

(Pd. by candidate, It.)

Re-elect

BOB HACKWORTH Constable, Dist. No. 2

To the voters of Dist. No. 2:

In the past few months I have had published what I stand for and what I will do if I am re-elected. Not one of my three opponents has published what they stand for. I am running on my record and you, the voters can check me any way you want to. I ask the church members and the people with young boys and girls growing up to vote and support and re-elect me.

Consider these 7 questions on May 24th when you go to the polls.

1. Will this man mistreat our young boys and girls.
2. Would he hold this office for his benefit or yours (such as bootlegging).
3. Has this man ever been indicted before the grand jury.
4. Does he have a police record.
5. Would he take bribes from bootleggers.
6. How does he stand on drug abuse.
7. Is this the man I want to represent and protect me.

Consider these 7 questions and I am sure you will cast your vote for me on May 24th. I am qualified and able. I have 5 1/2 years of law enforcement experience. Neither of my opponents has ever been an officer.

LAST CHANCE...

Now moving out for law and order — End of line

to Re-elect Frank Leslie. Asking for your support.

FRANK LESLIE SHERIFF OF FLOYD COUNTY

(Adv. pd. by the candidate)

HOW LONG IS TOO LONG?

How long is too long? It's too long when politics and not programs is a way of life in Floyd County. It is too long when the County Judge can determine who gets jobs and whose roads are repaired. It is too long when a man's vote is not his own but is directed from the courthouse. It is too long when the taxpayer's money is being wasted by a County Judge campaigning for re-election in county vehicles. It is too long when a new courthouse annex for juvenile delinquents—already leaking before it's completed—is more important to spend coal severance tax money on than repairing roads so children can go to school.

I PLEDGE THAT JOBS WILL GO TO THE QUALIFIED—NOT THE WELL-CONNECTED; THAT PROGRAMS FOR FLOYD COUNTY WILL TAKE PRECEDENCE OVER POLITICS AS USUAL; THAT THE TAXPAYERS' MONEY WILL BE STRICTLY ACCOUNTED FOR AND NOT SPENT ON POLITICAL PURPOSES; THAT ROADS WILL BE REPAIRED AND REBUILT WHERE THE NEED IS—NOT JUST WHERE THE POLITICIANS OR THEIR FRIENDS LIVE; AND THAT SEVERANCE TAX MONEY WILL BE SPENT TO BENEFIT THE MOST PEOPLE.

I FURTHER PLEDGE THAT UNDER NO CIRCUMSTANCES WILL MY CHILDREN HOLD JOBS PAID FOR BY THE COUNTY'S TAXPAYERS AND THAT I WILL NOT RESIGN OR RETIRE SO A MEMBER OF MY FAMILY CAN TAKE MY JOB. MY CHILDREN HAVE ALWAYS BEEN AND WILL CONTINUE TO BE EMPLOYED IN PRIVATE BUSINESS.

Henry Stumbo has now been in public office for 38 years. While neighboring counties are growing by leaps and bounds with progressive leadership searching for new industries and new jobs, Floyd County is still in the dark ages of a welfare system where all jobs, money, and aid can be controlled from the courthouse. Henry doesn't want new industry in Floyd County because he can't control who industry hires.

I PLEDGE A NEW PROGRAM, WORKING WITH BUSINESS LEADERS AND THE FLOYD COUNTY CHAMBER OF COMMERCE TO ACTIVELY SEEK OUT AND BRING IN NEW INDUSTRY AND NEW JOBS TO FLOYD COUNTY.

Neighboring counties are working with the coal industry and getting their cooperation in helping to improve their counties. Floyd County ignores the coal industry, except for a few public officials like Henry who enjoy the profits from it, but fails to take advantage of the expertise and assistance the new industry would be willing to make to the county.

I PLEDGE AS COUNTY JUDGE TO INVITE THE COAL PRODUCERS OF FLOYD COUNTY TO JOIN IN A MUTUAL PARTNERSHIP WITH THE COUNTY TO PARTICIPATE IN A PROGRAM IN WHICH THEY WILL HAVE A MAJOR ROLE IN DETERMINING THE PRIORITY OF REPAIRING ROADS WHICH HAVE BEEN DAMAGED BY COAL-RELATED TRAFFIC. THIS PROGRAM—WHICH I HAVE NAMED CAP (COAL AND PEOPLE)—WOULD ASK FOR A VOLUNTARY CONTRIBUTION OF FUNDS FROM THE INDUSTRY AND THE PARTICIPATION OF PRIVATE CITIZENS, AND I BELIEVE WOULD BE MUTUALLY ADVANTAGEOUS TO THE INDUSTRY AND THE COUNTY. I WILL SEND LETTERS TO COAL PRODUCERS OF THE COUNTY THIS WEEK, TO FULLY OUTLINE THE PROGRAM. THE COAL INDUSTRY, AS A PARTNER IN FLOYD COUNTY'S DEVELOPMENT, HAS BEEN IGNORED TOO LONG.

Henry Stumbo has run an ad in the FLOYD COUNTY TIMES about his "true record." He says he "worked with" other people for this record, but fails to mention any by name but Congressman Carl Perkins. Since I have been on Henry's Fiscal Court for 12 years, I know how these grants were obtained—by hard-working citizens and many other state, county, and city officials. When Henry "worked with" them, he usually signed a letter that someone else wrote or took a trip that the taxpayers or someone else paid for. The Highlands Regional Hospital, as is well-known, was spearheaded and driven to completion by the late DR. GEORGE P. ARCHER. The National Guard Armory was brought here largely by the efforts of former REPRESENTATIVE W. J. "BILL" REYNOLDS. The Cliff Site Road has been a project of the Prestonsburg Floyd County Chamber of Commerce for many years. Yet Henry lists all of these in his "true record". On the other hand, he doesn't list any projects going back before 1960, which was coincidentally BERT COMBS' first full year in office. Henry was first elected in 1949—28 long years ago. Did it take a Floyd Countian in the Governor's office to get him started? In addition to those named above, there are many others whose work Henry has taken credit for.

I PLEDGE TO GIVE CREDIT WHERE CREDIT IS DUE, BEGINNING NOW. THE FOLLOWING NAMES ARE THOSE WHO WORKED FOR THE "TRUE RECORD" (AND I HOPE IF I HAVE OMMITTED ANYONE THEY WILL FORGIVE ME):

Rep. James "Jitter" Allen
Mag. Leroy Akers
Dr. George P. Archer
Edgille "Shag" Branham

IT'S TIME FOR A CHANGE

VOTE FOR BILL WELLS COUNTY JUDGE EXECUTIVE

No. 1 On The Ballot

SHERIFF JOE WHEELER LEWIS MAKES STATEMENT TO THE PUBLIC.

I have served the people of Floyd County as a deputy sheriff for ten years at which I tried to do my best. I then ran for SHERIFF and was elected. I promised I would do my best and my greatest desire was to serve you as SHERIFF for four years without having to kill any one and this was done. Again in 1973 I ran for SHERIFF and polled the largest vote of any candidate in Floyd County. As of this date, I have been successful and neither I or my deputies have ever had to kill any one.

During my campaigning in the past I have been accused of being the most brutal police that has ever been in Floyd County. Yet I have not had to murder anyone, neither has any of my deputies.

Up to the past month we have never heard of any brutality but as the election is getting closer the opposition are yelling "BRUTALITY." I am sure you are very well aware of what is the trouble—all of the opposed candidates have found out who they have to beat and they all jump him and scream: "Brutality! Brutality!"

Why don't they run on their record? and tell you they will do their best to curb bootlegging and stealing and thieving in Floyd County? What is their answer????????????????????

JOE WHEELER LEWIS, Sheriff

Princess Manufacturing Company,
Inc. A Corporation of Auxier, Floyd
County, Kentucky,

VS:::CR NO. 10,577 Order of Delivery

Mary Zemo and Carol Lafferty,
Who are sued for and on behalf
of the employees of Princess Manufacturing
Company and co-receivers.

To: Joe Wheeler Lewis, Sheriff
Floyd County, Kentucky

Upon the verified petition of the plaintiff herein and after a hearing on same held this day before me, Hon. Hollie Conley, Judge of Floyd Circuit Court, and it appearing that the plaintiff is entitled to relief sought, and said plaintiff having posted bond, with good and sufficient surety in the sum of \$169,457.74, all of which is approved and you are hereby ordered and directed to take into your possession and deliver to the plaintiff all of the goods and material now located at Princess Manufacturing Company, Auxier, Kentucky, and more particularly described in an inventory statement designated exhibit one and attached hereto and make a part of this order.

This order is returnable immediately in the same manner as an order of arrest is directed to be returned. Dated: 26th day of August, 1974.

S/HOLLIE CONLEY, Judge

Re: To The Above Order,

I, Joe Wheeler Lewis, Sheriff of Floyd County, Kentucky, went to the Princess Manufacturing Company to execute the order. At this time I was asked by some of the employees to give them time to talk to their attorney. Time was granted and a donation was given them to buy drinks with. The second time I appeared to execute the order, the defendants, Carol Laferty, Mary Zemo and others, asked if they could come to the Sheriff's Office and see if something could be worked out. This request was granted but no success. The next day I was demanded to execute this order or a suit was going to be filed against me and my bonding company. This day the Kentucky State Police assisted me and my deputies in the service of the above order. At this time we were ordered by the workers not to enter. This day three or four female persons were arrested and brought before Honorable Henry Stumbo, the County Judge of Floyd County. They were offered bond by the court but they refused by saying they wanted to go to jail. Some of the employees spit in the officer's face, asked for drink of water and the water was thrown in the officer's face. Air was let out of tires. This plant could have been working today if it had not been for a few radicals. The service of this order was a duty I had to do, although it was against my will.

JOE W. LEWIS

Endorses Doug Lewis For Floyd Co. Sheriff

We, the officers and members of Local Union 8100, Ligon, Ky., United Mine Workers of America, hereby endorse DOUG LEWIS for the office of Sheriff of Floyd County.

Pres., CHESTER NEWSOME
Financial Secretary, CECIL NEWSOME, JR.

Local Union Number 7685, U.M.W.A. Endorses Doug Lewis for Sheriff

Local union No. 7685 at a regular meeting held Friday, May 13, 1977 voted unanimously to endorse Doug Lewis for Sheriff of Floyd County, Kentucky. This local union endorses Doug Lewis for the following reasons:

1. Joe Wheeler Lewis, who is our present sheriff, has been a member of our local union and has always been a good member.
2. Joe Wheeler Lewis has served our county as a deputy sheriff for ten years and as Sheriff for approximately eight years and we have always found him trying to do his best and to be a man of his word.
3. Joe Wheeler Lewis has not stopped all of the bootlegging but he has done more than any sheriff has ever done to curb the whiskey and stealing in Floyd County. We feel assured that Doug Lewis will follow his father's footsteps. Doug Lewis has grown up in our community and we have no reason to doubt his honesty. We further feel that in case of trouble he will be impartial and will not guard us with machine guns as has been done in the past.

Therefore we urge each retired coal miner and all the working members to go to the polls on May 24, 1977 and cast your vote for a better Floyd County and by doing this we will have a better place to live. "VOTE FOR DOUG"

Some of Doug Lewis' opposition are screaming "Police Brutality," which they have always done against our present sheriff. We want to say to you that nothing of such thing has ever happened to our knowledge and we ask you not to listen to these election rumors, and vote for a candidate who is seeking the nomination for sheriff on his own record. Now it is your time to make a decision. Judge each candidate by their platform and their past record. Don't make another mistake?

Local 7685, Dist. 30, Harold, Ky.

Tom Keathley, P
Joe Jarrell, F-S
Oscar Watkins, R-S
James Kidd, Jr., C
Curtiss Wilburn, C

Elect
**WILBURN
AKERS**
MAGISTRATE
District 4

People of District 4, I have worked many long exhausting hours during the last several months visiting and talking with you in an effort to know exactly what the problems of our District are, and gain a better understanding of what YOU the people feel can be achieved through the interest, involvement, and concern for all by a Magistrate who is willing to work and give EQUAL attention to these needs and will take pride in eliminating as many of these problems as possible. I have taken notes, and made a list of what YOU the people have expressed to me and needless to say, it would be impossible to publish all of them, but just as I can say . . .

To YOU the people of Landsville Bottom, at Harold, I too feel after twenty-six years it's time something is done about the sewage problem.

To you the people of Tom's Creek, I too feel it's time you had roads in a condition that are safe and can assure you your children will be able to get in and out to school without having to call the governor.

To YOU the people of Ivel who are concerned about their children walking over a mile in all kinds of weather to catch the bus because there is contract carrier, I too feel efforts should be made to change this.

To YOU the people on the left hand fork of Toler Creek, I too want roads fit to bus your children. There are not many children in this immediate area, but ALL children are EQUALLY important.

To YOU the people who want the roads repaired where breakoffs have reduced the traffic to one lane, I too feel roads should be kept in a condition to render the service they were intended.

To YOU the coal operators, I share your interest in seeing that more of our coal tax is returned to this District. Three mines alone on Mink Branch are in great need of roads that can tolerate the winter weather to assure continued coal production. How many others have slack work during winter months because of the roads.

To YOU the people who have invalids in the family, I too feel it should not be necessary to go to the state in order to have roads paved so wheelchairs can be used and cars brought closer to the house.

People, all of these needs should and can be met at the local level, as well as the many, many others, time and cost will not permit me to publish, but I can assure you I have not forgot one of them.

I appeal to you now for the last time as election day is next week. If you yourself feel you have no needs, give some thought to your neighbors, friends, community and HELP me to HELP them.

I want YOU the people of District 4 to have input and participate in what efforts I make on behalf of our District if I am elected. My platform has been EQUAL service for all, and I feel it's about time the people had it.

Elect

WILBURN AKERS
Magistrate, District 4

MARTIN NEWS

Mr. and Mrs. Lawrence Maggard had as week-end houseguests Mrs. Rose Oiler, Miss Carol Tackett, and Miss Nina May, all of Dayton, Ohio.

Mr. and Mrs. Kenneth Skeans visited his mother, Mrs. Rebecca Skeans, and sister, Virginia Skeans, Thursday. They are making their home in Helechawa, in Wolfe county where Kenny is with the State Police.

At the last meeting of the WMC of the First Assembly of God Church in Martin, minutes were read by the secretary, Virginia Skeans. Those present were Lucy Smith, Annette Vannucci, Alva Davis, Nora Bell Martin, Rebecca Roberts, Jan Gilde, Mary Jenkins, Virginia Skeans, Rebecca Skeans, and Naomi Sargent, president of the group. Plans were made for a booth at the Fourth of July celebration at Martin.

Mrs. Alma Fannin and her sister and brother-in-law, Mr. and Mrs. W. A. Blakeman, of Lexington, were recent visitors in the home of Mrs. Zella Stumbo.

Mrs. Zella Stumbo and Johnny Hall, Jr., went by plane recently to Warner Robbins, Georgia, where they visited with Mrs. Stumbo's granddaughter and family, Mr. and Mrs. Charles Luxmore, Jr., and son, Edmund.

Albert Berry continues to be very ill and is a patient in Our Lady of The Way Hospital.

Michael Catrone, of Washington, D.C., is spending his vacation as a guest of his sister and brother-in-law, Mr. and Mrs. Lorie Vannucci.

Miss Kathy Gilde and friend, Cheryl Brook, of Cadillac, Michigan, are houseguests of Kathy's parents, Mr. and Mrs. Everett Gilde, this week.

Rev. Johnnie Huffman, pastor of the Martin Methodist Church, is a patient in Highlands Regional Medical Center.

Mr. and Mrs. Phil Jenkins and daughters, Pamela, Virginia, and Tammy, have returned from a 10-day vacation in Titusville, Florida where they visited with Mr. and Mrs. John Henry Osborne, Mr. and Mrs. John Henry Osborne, Jr., and Mr. and Mrs. Phil Osborne. While there, they took the children to visit Disney World.

Mrs. Jennie Arrington is a patient at Highlands Regional Medical Center where she underwent surgery Monday morning. Her condition is favorable.

Mrs. Reda Endicott and daughter, Meisha, of Sissonville, W. Va., were recent guests of her mother, Mrs. Nora Bell Martin.

Mrs. Elizabeth Terry has returned from Columbus, Ohio where she visited with her daughter and family, Mr. and Mrs. Jess Blankenship and son, Timmy, and her son and family, Mr. and Mrs. Paul Terry and daughters, Shannon and Jessica.

Mr. and Mrs. T. J. Allen and niece, Mrs. Kathleen Moore, and son, Paul, of Lexington, Mr. and Mrs. Worlington Wicker, of Mousie, and Mr. and Mrs. Tom G. Dingus, of Prestonsburg, were dinner guests at May Lodge on Mother's Day.

Mrs. Regina M. Roberts, of Prestonsburg, and Mrs. Ann Steffey, of Detroit, Michigan, were guests in the home of Rebecca Roberts, Saturday night. On Sunday after dinner, Mrs. Mayo, Mrs. Steffey, Miss Roberts, Mrs. Nora Bell Martin, Mrs. Mary Jenkins and Pamela, Virginia and Tammy Jenkins visited May Lodge where they enjoyed a dessert and showed Mrs. Steffey the beautiful scenery.

ATTEND FUNERAL

Among the relatives who attended the funeral last Thursday in Lexington of Jayne Ann Ferrell were Mr. and Mrs. Bob Hinkle, of Paintsville; Mr. and Mrs. Richard Fitzpatrick and Sarah, Mr. and Mrs. Franklin Fitzpatrick, Mrs. Lois May, Mrs. Doug Hyden, Mrs. Phyllis Herald, Mrs. Gladys Wallen and Jackie Wallen, of Prestonsburg; Mrs. Stella Hicks, of Lynchburg, Va.; Mr. and Mrs. Bernard Keene, of Columbia, S. C.; Mr. and Mrs. Vanidan Ferrell, Sr., Mrs. Sylvia Ferrell and Mr. and Mrs. Ted Ferrell, of Pikeville.

**To the people
of Floyd County**

This is a note to the people of Floyd County, I, Chester Kiser, was arrested by Deputy Melvin Martin and Deputy John D. Martin. We have taken a picture to show the people of Floyd County what good deputies that this county has. He don't even bring his mother to see her mother who lives in the Tinker Fork because he don't want his mother to see him get beat up. His grandmother is real sick. She is 97 years old. They think they can run the whole world, but some of these days they are going to meet their match.

So, people of Floyd County, please think about what I have said before you vote for this young Lewis.

CHESTER KISER

(adv. pd. by Chester Kiser)

Let's Keep the Team!

To continue to solve many of our problems, **FEDERAL DOLLARS** are necessary.

Competition for Federal Dollars gets tougher every day. The money is harder to get.

What must a City or County do in order to get these Federal Dollars?

1. The unit of government must have a plan.
2. The unit of government must have a thorough knowledge of government "red tape."
3. The Head of the unit of government must **KNOW HOW**, and have the **ABILITY**, to work with the Federal Agencies and Washington Elected Officials . . . especially our **CONGRESSMAN**.

We have in **CONGRESSMAN PERKINS** a man with 28 years of experience. He is the most influential Congressman in Washington.

We have in **JUDGE HENRY STUMBO** a man of 30 years experience. He **KNOWS HOW** the federal government works; he knows **WHERE** the federal dollars are; he is a **CLOSE PERSONAL FRIEND** of Congressman Carl D. Perkins.

In 1970 Mayor George P. Archer stated: "I wouldn't think of going to Washington for help without having Judge Henry Stumbo go with me. He knows his way around and has the greatest influence with Congressman Perkins."

The **HENRY STUMBO-CARL D. PERKINS TEAM** has been getting the job done! With a Democratic President and a Democratic Congress, this **TEAM** will be able to accomplish much more for Floyd County than they could under the "Nixon Years."

The **HENRY STUMBO-CARL D. PERKINS TEAM** has the **YEARS OF EXPERIENCE**, it has the **INTEREST** in the **PEOPLE** of Floyd county, it has the **ABILITY** to get the job done.

KEEP THE WINNING TEAM!

For County Judge-Executive

Reading Council Honors
Floyd Co. Educator

Ray Brackett, assistant superintendent of Floyd county schools was awarded an honorary membership by the Jenny Wiley Council of the International Reading Association at the recent Council dinner meeting held at the Porter Elementary School.

Larry Jervis, president-elect of the Council, told the gathering that Mr. Brackett had made outstanding contributions to the field of reading and the improvement of the I.R.A. Council and is a credit to the educational system.

A resident of Allen, Brackett has been assistant superintendent of Floyd county schools for the past four years. He received his educational training from Morehead, Eastern, Marshall, and the University of Kentucky. He has earned A.B., M.A., and Rank I credentials in School Leadership and School Administration. Brackett is a former teacher, social worker, supervisor and head football coach.

Other activities conducted by the Council was the election of officers for the coming school year. Bertha Ratliff was elected president-elect; Pauline Hicks, secretary, and Lexie Allen, treasurer.

Tangled Skein
Of Red Tape
Plagues Banks

Kentucky's banking chief told a joint interim legislative committee on Banking and Insurance recently that a deluge of federal regulations has caused his department to become increasingly hesitant about advising state banking institutions on policies.

John L. Williams, Jr., commissioner of the state Department of Banking and Securities, explained that, "We have amendments to amendments." He suggested at a recent gathering that the committee of state representatives and senators write their U.S. Senators and Congressmen about the problem.

Committee members expressed general disbelief at a regulation that prohibits the distinction of a person's sex on a loan application.

When questioned by the committee about electronic funds transfers, a process by which bank transactions can be made by inserting a personalized card into a sophisticated machine known as a CBCT, Williams said he would be "hesitant" to suggest legislation governing the transfers since federal regulations were "hazy" on the subject. He added that Kentucky's regulations were being examined as a possible model for the U.S.

Moreover, the banking commissioner predicted that electronic funds transfers would be "evolutionary rather than revolutionary." He said the transfers are presently in effect in Louisville, Lexington, Ashland and the Northern Kentucky area.

Williams also told the committee that the department's examination of state chartered banks is ahead of schedule, its best record in 10 years. The commissioner credited a recent 22 per cent increase in examiners' fees as contributing to greater staff efficiency and an overall boost in morale.

Prepared Childbirth
Class To Begin

The Community Service Office of Prestonsburg Community College will begin another class in Prepared Childbirth conducted by Mrs. Jean Rosenberg and Mrs. Donna Goebeler. The class will meet on Mondays, beginning May 16, from 7:30 to 9 p.m. at the Floyd County Library and will continue for six consecutive Mondays. For further information, contact the Community Service Office, 886-3863, Ext. 243.

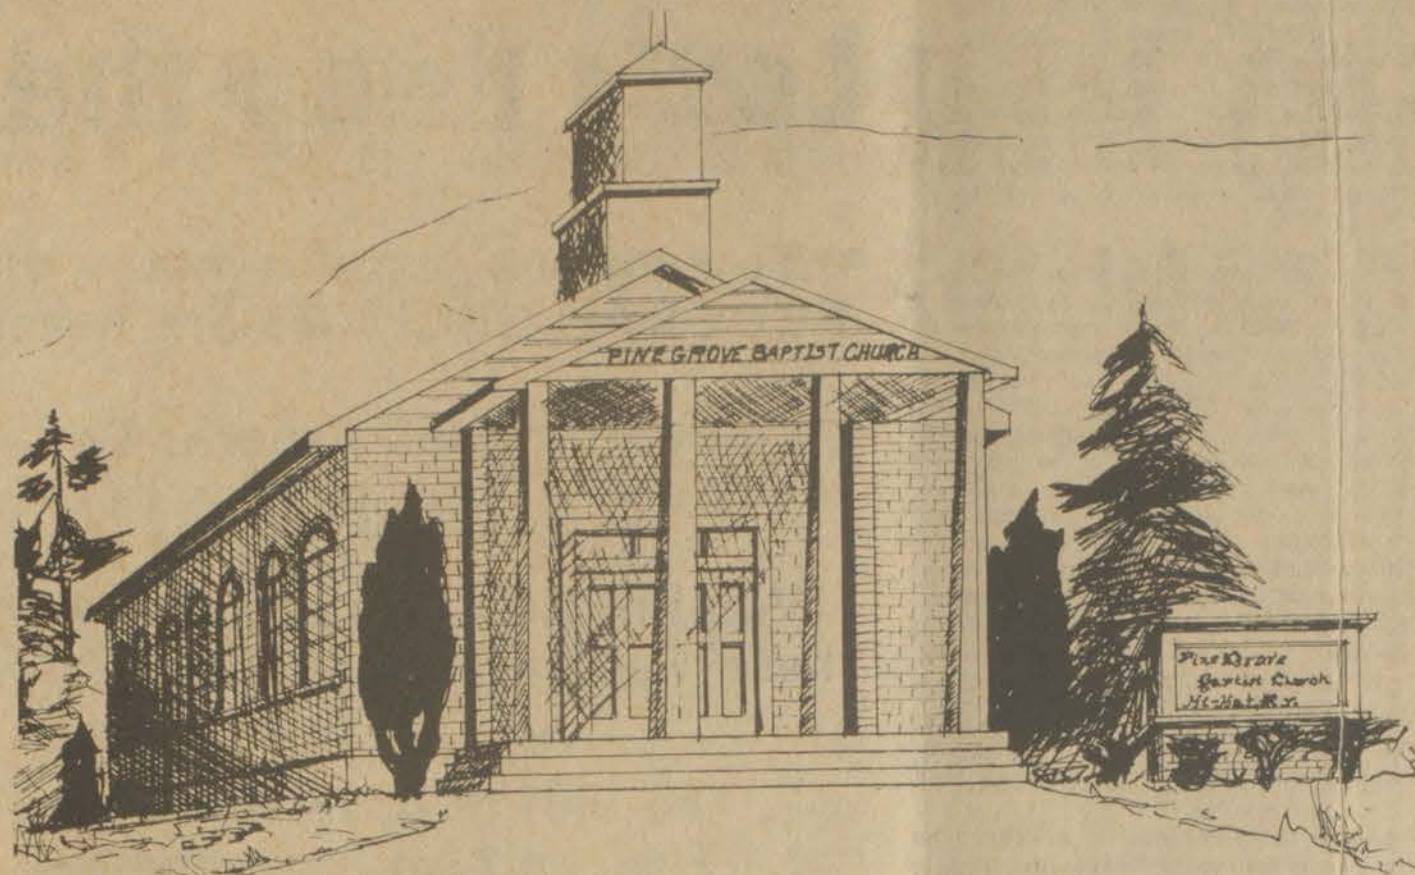

RETURNS TO MOREHEAD

Miss Rose Sammons, student at Morehead State University, spent the week-end here with her parents, Mr. and Mrs. Dallas Sammons. She returned to Morehead Monday and will be working in a research project at the university this summer.

VISIT IN INDIANA

Mrs. Richard Davis, Mrs. "Huck" Francis, and Sylvia Helen Davis were week-end guests of Thomas J. Long in Jeffersonville, Indiana.

Price Church Nearing Completion

This new church structure, now under construction at Price, is primarily an effort on the part of the congregation, but it involves many others. "We borrowed some. Members of the church gave and worked, people outside the church helped, even our children and grandchildren have had a part," Mrs. Ruth Meade, a member of the congregation, said last week.

The Pine Grove Baptist Church, which will seat 200 and include facilities for Sunday School and other church activities, was begun last August. Its predecessor was the Lambert Baptist Church, near Ligon. The pastor of the new church is Ishmael Elliott, who has temporarily deserted his nearby grocery store to help with the construction. Much of the labor on the building has been free, helping the contractor, Charles Ward, of Meally, Ky.

Opening of the new church is tentatively set for July.

Conservation: Everybody's Business

Floyd Conservation District Board of Supervisors members, from left, standing—Billy Merritt, L. R. Johnson, Hobert Younce; seated—Ruby Akers, Anna Sue Stumbo. (Not shown are H. D. Fitzpatrick, Jr. and Lloyd Wells.)

By LARRY J. LEACH
(Kentucky Division of Conservation)

Nature takes care of itself pretty well. It heals its own sore spots. Man disturbs nature in order to get the raw materials he needs to live, and there is nothing wrong with that. Problems do occur because nature usually works slowly and it can't keep up with man's pace.

Floyd county depends on its natural resources for the livelihood of many residents. Coal, forests, soil, and water are the most obvious natural resources here. Who takes care of these resources? Most of the land in Floyd county is privately owned and the people living on the individual properties do the caretaking.

The supervisors of the Floyd Conservation District realize that conservation is everybody's business. They work toward getting that idea to every resident of the county. Since 1951 the Conservation District has worked to

improve the environment of all Floyd county citizens by the conservation and development of all renewable natural resources within district boundaries. The Floyd district is governed by seven elected landowners and is actually a subdivision of Kentucky State Government. The board of supervisors consists of Ruby Akers, vice-chairman, Drift; H. D. Fitzpatrick, Jr., Prestonsburg; L. R. Johnson, chairman, Prestonsburg; Billy Merritt, treasurer, Abbott Creek; Anna Sue Stumbo, McDowell; Lloyd Wells, secretary, Auxier; Hobert Younce, Middle Creek. H. D. Fitzpatrick, Jr. also serves as commissioner of the Kentucky Association of Conservation District Area 8. Jane Hall, a C.E.T.A. employee, serves as the district's clerk.

The supervisors normally meet once a month on the fourth Tuesday at 3 p.m. in the Soil Conservation Service office on the second floor of the Fitzpatrick building in Prestonsburg. Special meetings are called to discuss or act on matters of immediate need; supervisors are encouraged to attend a fall state meeting of the Kentucky Association of Conservation Districts and a summer area meeting. Supervisors do not receive a salary.

The district's work involves all facets of conservation. Major emphasis is placed on (1) the Courier-Journal-sponsored Conservation Essay and Poster Contest in the fall; (2) Conservation Youth Camp in the summer; (3) Cooperation with landowners to improve the land and water resources within Floyd county.

To accomplish its goals, the Conservation District enters into cooperative work agreements with units of government, government agencies, and private citizens. A major association is that between the Conservation District and the Soil Conservation Service, which provides personnel to give technical assistance in carrying out conservation measures. Examples of these measures are spring development, tile drainage, diversion ditch and waterway construction. The district conservationist in Floyd county is W. J. Cantrell.

Limited money is available to fund the district's program of work. State funds are available through the Kentucky Department of Natural Resources, Division of Conservation. Local funds are available through Floyd County Fiscal Court. The conservation district does what it can to promote conservation but natural resources are much too important to be left in the supervisors' hands alone. Each landowner has a legal right to certain uses of his land and water, a moral obligation to society to use those resources wisely, and a duty to God to be a good steward of His creation. Conservation is everybody's business!

CHURCH GROUP MEETS

The Christian Circle met at the First Christian Church on North Arnold Avenue May 5, at 7:30 p.m. Devotions were led by Leona Winkler. The topic for the evening was on being ambassadors for Christ. Those present were Patsy Cutlip, Sandy Burns, Leona Winkler, Lois George, Rhoda Brickley, Christine Spradlin and Garnet Fairchild. The group decided to take some help to the Grundy, Va. Children's Home which suffered loss from the recent floods.

IN LEXINGTON, LOUISVILLE

Mr. and Mrs. Jerry Kinzer and daughter, Jeri Lynn, were recent visitors in Lexington and Louisville. Mrs. Kinzer's mother accompanied them.

Adopting Wildlife Pets Is Dangerous
For Both Animals and Their Adopters,
Children's Nature Magazine Advises

"Wildlife babies do not make good pets," according to the current (May) issue of Ranger Rick's Nature Magazine.

The National Wildlife Federation publication cautions youngsters—and their parents—to resist the temptation to adopt wild creatures—even if they appear to have been abandoned by their mothers.

There are dangers for both the young animals and their young foster "parents," the children's nature magazine advises. First, there is the likelihood that wildlife babies will die in captivity—unless they get more care and attention than most people can give. Then there is the possibility, even if they survive, that their wild nature will prevail. Result: They become dangerous and destructive.

For example, a baby raccoon grew up to be a treacherous vandal indoors and had to exist in a cage. It could not survive in the wild because its instincts had not been nurtured by its mother. Also, a cuddly bobcat became a biter and when full grown had to be de-clawed and its eye teeth pulled in order to stay with the family that took it in.

A little animal alone in the woods does not mean that the mother has deserted it, Ranger Rick says. She could be watching from a hiding place or away searching for food or water.

Some animal mothers will kill their young or reject them once they've been handled and picked up a human's scent. In addition to needing their mother's

special milk and attention only a natural mother can give, wildlife babies can develop ravenous appetites and grow too large for cages. A young bear, for example, can eat twice as much as a large dog. And zoos do not want young wild animals because they already have all they can handle.

Just finding a wildlife baby could jeopardize the person. Mother bears, deer, elk, and moose often will attack a human trying only to pet or help their young.

Wild animals rarely become as domesticated as dogs or cats. Many carry such parasites as lice, fleas, and ticks, which can lead to serious illness for humans as well as the animal.

Ranger Rick also points out that wildlife conservation laws prohibit catching and keeping many wild animals.

"Young animals, like young humans," Ranger Rick says, "belong with their parents. They will see to it that their babies grow strong and healthy."

"Remember, if you find a wild baby animal, just look and let it be—wild and free," the children's nature magazine urges.

HERE FROM LEXINGTON

Mrs. Anna Laura Boulos, of Lexington, is here this week for a visit with her relatives, Mr. and Mrs. Tom Fields, Mr. and Mrs. Luther Shivel, Mrs. Ralph LaPointe, Mrs. Anna May Mellon, Mrs. Douglas Perry and Mrs. Lack Roberts.

Burchett and Horn
Win Bass Tourney

The team of Dwight Burchett and Paul Horn won the Highlands Bass Club's fishing tournament at Dewey Lake last Sunday with a catch of 4½ pounds. Horn also landed the largest bass of the day, a 16½-incher.

Twenty-six fishermen entered the tourney and fished in pairs. All bass under 12 inches were not counted, the productive "bass-snatcher" was barred, and the fishing was restricted to artificial lures.

Trophies were awarded the top three two-man teams and for the prize catch of the tournament. In second place were Dean Salyer and Doug Reed with a catch of 3¼ pounds, and Bob Owens and Darrell Pack were third with a catch weighing in at 2¾ pounds.

Times Want Ads Get Results!

To all the voters of Magisterial District 4

As you all know, the election day is only a few days away. I will make my last plea to the voters. I humbly beg for your vote and support in this campaign for Magistrate.

As you all know, the Magistrate is only for road and bridge building and helping use the taxpayers' money honestly. I'll be a strong supporter in helping build roads to cemeteries, and building each and everyone a road regardless of his politics.

I am ready to talk to anyone. They don't have to have a lot of votes in their family to talk to me.

I'm a poor boy and I need the job and I will put in full-time if elected. I'm concerned about everyone's road in the entire District, not just my own.

I believe we all have a right to the tree of life.

Give a Poor Boy a Chance.

Vote For and Stand By

THOMAS D. TUCKER

For MAGISTRATE, DIST. 4

No. 6 on ballot (Second place in second column)

ELECT (ELDER) HERSHELL HAMILTON

DEMOCRATIC CANDIDATE FOR MAGISTRATE

Dist. No. 4

In the beginning of my campaign for Magistrate of District 4, I thought that the area where I would have the biggest problem getting people to support me would obviously be that where Dewey Roberts, our present magistrate lives, Harold and Boldman. I went to this area talking to people trying to help them to understand that I would not neglect any area if elected magistrate. While in this area I learned from a friend, who was receiving a weekly news publication that an article had appeared some time ago concerning a raid made by the Sheriff's Department in Prater Creek of Floyd County. This man explained to me that he could not support Sandy Boyd, because in a later publication Sandy Boyd had supposedly written an article criticizing officials for making such a raid. As I continued my campaign I found more concern from people about the rumors of Sandy Boyd, a candidate for an office such as Magistrate, criticizing an act of law and order. I did not wish to make this information a campaign issue, in the event that Sandy Boyd did or did not write such an article he should have clarified his position before now.

On May 4, 1977 at approximately 10 p.m. I answered my telephone to a man who identified himself as William Collins. This man told me that he was from Mare Creek and spends a lot of time away from home which was the case at the times when I had been in his community asking people to vote for me. He told me that he had just finished talking to Sandy Boyd, who is also a candidate for Magistrate in District 4. This man who called himself William Collins said that he was trying to decide which of the two, Sandy Boyd or myself to vote for because he wanted to vote for the man who had the best chance to beat Dewey Roberts. I told him the best way for him to make his decision was to give him my contact in each precinct and to have my opponent to do the same. This way he could call at his convenience and talk to people who could give him their best opinion on both candidates. I told him he could check my background along with Mr. Boyd's background. Mine being as a minister and my opponent's background being a school teacher. I told him that I thought this would give him an idea of which man is stronger in each precinct. After telling him this he asked me what I meant by our backgrounds, and I replied that mine was published in the Floyd County Times last week. He then asked me about Sandy Boyd's background. I answered by telling him that he would have to find out about it from someone else. After I had given him the telephone number of a friend of mine in another precinct this ended our first telephone conversation. Within 5 minutes the same man, still calling himself William Collins called me again to tell me that I must have made a mistake in the telephone number which I had given him because the man who I had referred him to was related to Sandy Boyd. Mr. Collins told me that my contact had informed him that he intended to vote for Sandy Boyd and wanted me to do the same.

I felt very strongly that I recognized the voice on the other end as being that of Sandy Boyd himself. After telling me this story about a man who I was sure was a man to be trusted and believed I became even more suspicious. The man then inquired once more about my own opinion of Sandy Boyd's background. Realizing that more than likely I was being tricked, I mentioned a rumor that I had heard about Sandy Boyd writing an article in the paper. Telling the man in some detail about how concerned people are when it comes to their children. I also told him that I was almost sure that Mr. Boyd had heard this rumor. Mr. Boyd still has 3 more weeks before the election and that there is still time left for this statement. We spoke a few more words, not on this matter and ended our conversation. I then dialed the number of my friend, which I had given to the man who called himself William Collins, finding no answer at this number. Becoming even more suspicious and believing stronger than before that the man who identified himself as William Collins was actually Sandy Boyd I then called 3 of my friends and told them of 2 conversations and asked their opinions and advice. I thought that they would know how to deal with something like this better than I would. Each friend told me that things like this are likely to happen in politics. I was advised that perhaps the man on the phone was truthful with me and that maybe it had not been Sandy Boyd and if this was the case then I should not have mentioned the rumor about Mr. Boyd. After thinking about these happenings a while longer I became worried that maybe I had done wrong by talking about my opponent out of his presence. So I called him and explained what had happened. He told me that I could cause him to lose his job as a teacher by mentioning such rumors. I offered to come off the ticket as a candidate or to make a public statement as an apology if I was wrong but he assured that this was not necessary. Later in the night I called Circuit Judge Holly Conley and tried to explain the situation to him, and seeking his advice as to whether I should come off the ticket, before things go any farther. He advised me to continue my campaign, telling that misunderstandings occur in elections quite frequently. I went to a brother and sister in the church and told them that I had talked about one of my opponents and felt that I had done wrong. Explaining to them what had happened they told me that they had heard the rumor also and that most people did. They convinced me that I should go on with my campaign. They urged me to go on and try to win the race for the benefit of others who needed roads repaired and bridges built. After talking to them I left and went home at 1 a.m. to rest.

Notice the date of the article that appeared in the Pike County paper. Support a man that will not betray you. Vote for Elder Hershell Hamilton, No. 8 on the ballot.

LAW ENFORCEMENT ON THE BALL

(From The Appalachian Express, Pikeville, Ky., published Feb. 16, 1977.)

BY SANDY BOYD

I would like to take this opportunity to turn from criticism to praise for our local law enforcement agencies. It seems as though all young people have disrespect for these protectors who keep us safe from today's demonic youth. Indeed, their job is very dangerous.

In proof of this I would like to recall the daring raid by the Floyd County Sheriff's department and state police on a devilishly-inspired party on Prater Creek a while back.

The fact that the party was in an isolated cabin miles away from the area's residents did not deter these brave enforcers of justice. They walked the miles of unaccessible road and caught the evil party-goers red handed cutting up a turkey. They also caught them with that youth-killer, marijuana, as well as numerous cases of that devil juice, beer.

The law enforcers caught them red-handed, toking, joking and having fun.

There is little doubt that these young criminals would have done irreparable damage to the wildlife, not to mention the damage done to themselves. Addiction, birth defects, chromosome damage and sterility are but a few of the damages that this devil weed can cause.

There are many more, but I can't remember them. THE WORST DANGER OF MARIJUANA IS THAT IT MAKES YOU FEEL GOOD, AND FEELING GOOD SURELY IS AGAINST THE LAWS OF GOD.

Yes, indeed, a great injustice was done that night. The criminals who were worse than rapists and murderers were marched out and hauled to the Floyd County Jail, where they were detained for only three days. Would you believe that some of these hoodlums had the audacity to complain about their rights? Some even complained about the small, lice-like creatures that make their home in the county jail.

These criminals have no right to complain. The sheriff and his brave band of men should have lined them up and shot them on the spot. (Maybe that would prevent other young people from partaking of these evil activities.)

In other action last month, a man was lodged in jail for attempted murder and robbery. He was released on bond a couple of hours after his arrest. Justice was served. For, no doubt, attempted murder and robbery are much less a crime than beer-drinking and weed-smoking.

Sleep restfully, for your law-enforcement agencies are awake!

I Promise, if elected, to be a fair and honest Magistrate

I PLEDGE . . .

- that **P**eople and their needs will be my concern.
- that **R**oads will be built wherever needed.
- that **O**ur buses will be able to get to our children's homes.
- to **G**et the jobs done right for District 4.
- to **R**espond to all the people's calls in District 4.
- the **E**lderly, sick, and afflicted will not have to be carried out of hollows for transportation.
- to **S**upport the law in fighting bootleggers and drug pushers.
- to **S**upport the people's needs, and the money allotted by Fiscal Court for District 4 will be used to meet these needs.

TO ALL THE PEOPLE OF DIST. NO. 4.

The May election is only a few days away. Therefore I ask for your vote and support. I promise four years of hard work to do the things in District 4, that are overdue, that needs to be done for all of us. My office doors will be open for all, rich and poor. My telephone receiver will not be laid off, so the sick and afflicted can relate problems to me by phone.

I have taken my campaign to the people, as the people know I have spoken for PROGRESS in District 4. I have not slandered nor have I lied, as stated in last week's paper.

NOTICE

There will be an organizational meeting held in each of the following schools for the purpose of electing School Title I Parent Advisory Councils on May 25 and 26 at the times indicated below. All interested persons are urged to attend.

'Bluegrass Run' Via Bike Provides Novel State Tour

How would you like to spend your vacation on an exhilarating and relatively inexpensive tour of some of the most colorful and historic sites in Kentucky?

If so, then the "Bluegrass Run"—Kentucky's portion of the TransAmerica Bicycle Trail, stretching 4,500 miles from Astoria, Ore. to Yorktown, Va.—might be just the ticket for you.

Featuring stopovers at such famous places out of our past as the Old Capitol at Frankfort, My Old Kentucky Home at Bardstown, Lincoln Homestead State Park at Springfield and Fort Harrod at Harrodsburg, the "Run" winds through more than a dozen Kentucky counties in the Bluegrass Region and the eastern and central parts of the state.

At least 20 different starting dates already are being offered to cyclists wanting to sign up for the 12-day tours which will begin and end at Lexington, starting on May 11.

The Bluegrass Run was developed by Bickentennial in cooperation with the Kentucky Department of Transportation (KYDOT). Bickentennial is a nonprofit group at Missoula, Mont. which manages the bike tour program both nationally and in each participating state along the entire 4,500-mile TransAmerica Trail.

KYDOT's costs amounted to about \$50,000 which was spent largely on marking the Bluegrass Run with green-and-white "Bike Route" signs.

The money came partly from the Federal Highway Administration and from state highway funds.

According to John Moisan-Thomas, bikeway planner for KYDOT here, the TransAmerica Trail was opened to bikers for the first time last year and enjoyed "instant success." It brought into Kentucky about four tourist dollars for every one dollar spent by KYDOT to mark the trail.

"And we hope to see the state realize an even larger return on that original investment this year," he said.

Most of that money returned to Kentucky comes out of the fees charged by Bickentennial to tour participants and then paid out along the route to local merchants and business establishments for lodging, meals and other incidentals.

Bickentennial has two fee schedules. For the biker-camper, the 12-day Bluegrass Run costs about \$250. If the biker prefers to overnight at bike inns along the route, the fee is slightly higher—about \$330. Both fees cover all costs of lodging, three meals-a-day, maps, guidebooks and up to \$50 for emergency replacement of equipment and medical expenses arising out of accidents or illness.

Asked how rugged a 12-day bike trip would be, Moisan-Thomas, who made the trip himself last year, admits that the first few days can be a little difficult.

"Still, you get used to the pace and look forward to each day's adventure. In fact, it was a little hard to readjust to sitting still every day in an office after I made the trip," he said.

The trip Moisan-Thomas took called for a daily mileage of 50 to 70 miles. However, the upcoming Bluegrass Run trips will cover only 30 to 50 miles per day which should allow plenty of time for lunch and sight-seeing, "since most cyclists can average about 10 miles-an-hour without much trouble," Moisan Thomas said.

Two days of the trip will be set aside as rest days when bikers can go off on side trips if they desire.

Each tour group also will be accompanied by a group leader who is thoroughly familiar with the route and trained in bicycle safety and repairs.

Kentucky's terrain, much of it gentle, rolling hills, has attracted the interest of cyclists from all over the country. Columbus, Ohio's American Youth Hostel Chapter was so intrigued with Kentucky countryside that they invested \$600 in development of the Bluegrass Run.

So if you're sold—or even just

Health Notes

By BRENDA HUNTER The Floyd County Health Department will conduct a glaucoma clinic, Friday, this week. Clinic hours will be from 9 a.m. to 2 p.m. Glaucoma is the second leading cause of blindness and it is estimated that one out of every 50 Americans over 35 years of age have this disease.

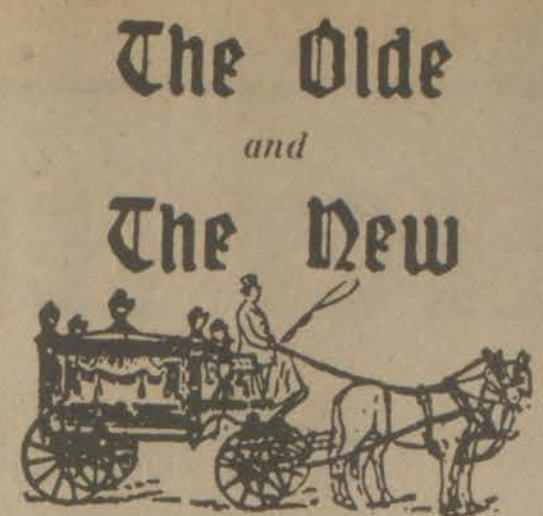

Monday, May 23, an outpost clinic will be held at Hamilton's Kentucky Food Store, at Teaberry. Clinic hours will be from 10 a.m. to 2 p.m., with the following services being available free of charge: immunizations, TB skin tests, diabetes screening and blood pressures.

is this your year for a pool? Your own pool can mean many things. It will quickly become the center of much summer activity. A focal point where everyone, young and old, can rally around. It is something you have been thinking about for a long time so why not make this year, your year, for that pool. Polynesian pools have the Standard, Lo-Hung and Deluxe Concrete models and they come in just about any size and shape you could think of. Polynesian Pools Write or call for "No obligation" information. It is easier than you think and it will put a whole new glow in your life style. Leisure Time Pools 789-1322 Division of Patco, Inc.
