

Court Members Spurn Pay Raise

Magistrate Job Not Part-Time, Roberts Avers

Any notion that the magistrate's is only a part-time job is "crazy as hell," according to Magistrate Kenneth Roberts. But, for the second year in a row, he and his fiscal court colleagues decided Friday to forego a proposed cost-of-living raise.

While the county's other constitutional officers are being paid the current maximum, Judge-Executive John M. Stumbo declined this year's raise. County Clerk Carla Boyd and Sheriff Henry Hale have each been paid \$30,605 since Jan. 1 this year; Jailer Lawrence Hale will be paid a like amount, beginning July 1; Stumbo will continue to be paid \$29,485. The four magistrates will each continue to be paid \$20,363.

All the salaries are supplemented with \$3600 annually for expenses, the magistrates' furnished by the county, the other officers' by the state.

For all but two of the county's 58 employees, salaries for the 1984-'85 fiscal year were set at the same rates as for the year just ending. Finance Officer Delores F. Dingus and Janet Tackett, secretary to the judge-executive, each received a 7.65 percent raise, representing a cost-of-living adjustment. Mrs. Dingus will now be paid \$18,065 annually; Mrs. Tackett, \$14,209. The two were given raises because they do not participate in the county's medical benefits plan, Stumbo explained.

The question of mailing out delinquent tax bills, an issue that has had the sheriff's department at loggerheads with the fiscal court, was (See Story No. 4, Page 4)

Allen Park Pool Receipts Mount

Tighter management of the Allen Park swimming pool—where the book-keeping last year was criticized by the state auditor as too sloppy to make any sense—already appears to be yielding results.

In operation two weeks and two days so far this summer, pool manager Molly Chaffins has turned in to the county—\$5471—\$364 more than was turned in over the whole of last summer, according to a county official. Mrs. Chaffins took over management of the pool this year from Naomi Green, who was hired by the fiscal court last week as a county road worker.

In a report issued in April, State Auditor Mary Ann Tobin said record-keeping at the pool, which opened last year, was so rudimentary auditors were unable to determine how much money was taken in or where it went. On the auditor's recommendation, numbered tickets are being used at the pool this year and receipts are being balanced daily.

The marked increase in receipts comes despite the fact that the pool kitchen has not yet opened this season. It is expected to be in operation this weekend, when hot dogs, hamburgers and french fries will go on sale, Mrs. Chaffins said.

Haywood Quits Here To Coach at Belfry

Phillip Haywood, Prestonsburg High School's most successful football coach, resigned last week to become grid coach at Belfry High in Pike county.

The development, which apparently has been brewing for some time, left the coaching position here open, and the search for his successor is under way.

The change ended nine years of coaching here for Haywood, who during that time had guided the Prestonsburg Black Cat grid team to a record of 72 wins against 32 losses—a record which included three trips in as many years for the team to the state playoffs.

Of his decision to make the change Haywood said Monday, "I feel it's a better opportunity for me and my family."

He did not elaborate, but friends said Belfry will be paying him 50 percent more in salary, placing him as a teacher in the high school (not in the grades, where he has been teaching here), supplying as many as five paid assistants and affording other benefits. Supt. of Schools Pete Grigsby, Jr.

Friday Meeting To Plan Cleanup Of Dewey Lake

The Kentucky Department of Parks has \$60,000 of its new budget earmarked for a cleanup of Dewey Lake, the predominant feature of Jenny Wiley State Park, and now it's looking for the best way to spend it.

An organizational meeting will be held at 1 p.m. Friday at May Lodge to study ways and means. Interested individuals and groups are welcome to sit in on the session which will be attended by representatives of two state departments, Parks and Natural Resources, State Rep. Greg Stumbo said.

It is possible, Stumbo said, that a portion of the \$60,000 will be placed in a fund to pay local organizations such as Boy Scouts or sports groups to do cleanup work. The main objective was described as the removal of debris and accumulations of plastic jugs and other litter that makes the shorelines and the general lake area unsightly.

If the expenditure here proves worthwhile, it may be extended to other impoundments, Stumbo said.

FUNDS FOR CLEANUP of Dewey Lake, where accumulations of flood-deposited trash and debris have created a monumental problem for parks personnel, have been earmarked by the state Department of Parks and a meeting set for Friday at May Lodge will examine the most effective means of utilizing the money.

Everybody Talks About It, But...

Few Actually Participate In County's Fight on Drugs

Drug abuse, it seems, is something everyone agrees is a major social problem and hardly anyone can get excited about.

Witness the twice-monthly meetings of the Floyd chapter of Kentucky War on Drugs, where the same handful of people find themselves talking to one another, or the address last week at Allen Central High School, where a Lexington psychologist, desperate for news coverage, suggested headlines he thought might grab public attention.

"Head your story, 'Massive Case of Child Abuse Reported,'" pleaded Dr. George R. Ross, after addressing about 20 persons on a problem he claimed is destroying the lives of as many as 30 million young people nationwide.

There were plenty of statistics, a lot of them gleaned from Ross' experience with a drug-rehabilitation program he conducts in Lexington, called Possibilities Unlimited. Some of the figures, he seemed aware, might strain the credulity even of an audience disposed to believe the worst. But he wasn't backing down.

Drug use begins, on average, at age 12½, he said...one in 10 high school seniors is doing drugs daily...his audience could take it for granted that "60 to 70 percent of the kids in this school are using drugs at least once a month, if you include alcohol."

Ross challenged some conventional wisdom on the cause of drug abuse, too. Youngsters don't typically pop pills because they're insecure or uneducated in moral values, he said, citing the achievers among his own clientele and the 37 percent of them who are weekly churchgoers.

Nor was he inclined to blame the schools. Drug education programs in some school districts are so effective, some students turn out to be drug connoisseurs, he said.

The ready availability of drugs itself accounts for the surge in drug use over the past 20 years; peer influence plays

Dr. George R. Ross

a big part in it; and there are powerful economic forces driving the \$100-billion-dollar industry, Ross emphasized.

But the principal reason children take to drugs, he said, is that adults do. The athletes pushing beer and the housewives finding relief in one out of every four television commercials both promote and reflect a mainstream culture that is tolerant of mood-altering drugs.

This Town...That World

The heat's on—and July and August are waiting to take their swing at us.

RELATIVELY SPEAKING

The death of a horse, the other day, gained a point for those who maintain that most things are "relative"—which, I suppose, is to say that how one thing, person, or event stands in relation to another or others of the same sort figures in its status. For example:

If a man of 50 visits a grade school class, he is looked upon as an oldtimer, but let the same individual go to a senior citizens' meeting and some old codger is likely to want to know what that young whippersnapper is doing there.

Swale, the winner of the Kentucky Derby and the Belmont, died suddenly last Sunday morning, and the news shocked people all over—many of them, the same people who had dismissed the slow, agonizing death by starvation of hundreds of animals, including horses, with a superficial expression of dismay. But this was a group of animals, (See Story No. 6, Page 4)

Mountain Truck Parts Destroyed By Fire

Fire early Tuesday evening gutted the Mountain Truck Parts building at Allen where, nearly three years ago, five men were killed and three wounded by 70-year-old William Okie Bevins, of Printer.

The blaze destroyed the firm's inventory and the upstairs residence of George Laven, owner of the structure. Allen volunteer firemen, aided by firefighters from surrounding communities, battled the fire. The origin of which is under investigation.

FINISHING TOUCHES were being completed on props and various sets this week as the Jenny Wiley Summer Music Theatre made final preparations for the opening of its 20th anniversary season, Saturday evening. "Fiddler on the Roof" will be the first of the season's performances.

Regulation Seen For TV Cables

The fiscal court may again regulate cable television firms operating in Floyd county.

On a recommendation of County Attorney Arnold Turner, Jr., the court voted last week to consider an ordinance establishing a single-member commission to set subscriber fees and investigate complaints. An earlier ordinance was struck down by the state court of appeals on a technicality in September, 1981, after cable operators Mike Little and Paul Butcher challenged the ordinance.

Turner said he believed some cable operators here have abused their freedom from regulation. In three years, monthly subscriber fees have risen in some instances from \$6 to \$14, he said.

"Not a week goes by that I don't receive a legitimate complaint from some consumer," Turner said. "The

operator just says, 'If you don't like it the way it is, we'll just take your line out.' The people have no place to go."

Whereas the earlier ordinance set up a five-member commission, the new law will provide for a single commissioner with expertise in the technical aspects of the cable television industry, the county attorney said. Under the earlier law, both operators and commissioners sometimes complained that the panel was asked to make decisions for which it lacked the necessary technical knowledge.

The commissioner, who would be responsible for licensing cable operators, could be supported by a small fee levied on subscribers, Turner suggested.

The proposed ordinance will be presented at the fiscal court's July 12 meeting.

Red Cross in Review Of Disaster Foulups

In a meeting so poorly-organized it aptly illustrated the agency's problems here, American Red Cross workers gathered Monday at May Lodge to figure out what went wrong with the relief effort following last month's flood and what might be done to prepare for the next disaster.

Long delays experienced by families seeking help at thinly-staffed disaster offices set up here point to the need for a network of volunteers who could be mobilized quickly in future emergencies, the Rev. Timothy Jessen, pastor of First Presbyterian Church, told agency officials.

The flood, and the problems attending it, have prompted renewed interest in activating the Floyd Red Cross chapter, an interest on which agency officials appear eager to capitalize. The local chapter folded last year for want of community support.

In Monday's hastily-called meeting, national and state Red Cross officials met with a handful of volunteers who assisted in the flood relief effort here. In the wake of the small tornado and floods that hit Kentucky in early May, 10 counties, including Floyd, were identified by Red Cross as ripe for the reorganization of local chapters, explained Bev Headberg, the agency's field service chairman for this area.

The flood brought out the county's strengths and weaknesses, according to Jessen, who said it was his first ex-

perience of a natural disaster. The county's inability to tap enough local workers, and its consequent dependence on outside help, he identified as a major drawback in the relief effort.

The assistance center set up in the Martin grade school was "hell on earth...absolutely inhumane to the people there," Jessen said. At Allen Central High School, where another center operated, she became fearful when it looked as if 500 people would have to be turned away for lack of the proper forms, said Prestonsburg social worker Harrietta Ranier.

"Lots of people wanted to do something (to help) but didn't know what to do," said Jessen. "The community was woefully unorganized and ill-equipped to provide the volunteers needed," he said. "We simply did not have the connections to know how to mobilize and get them working."

Cassie Allen, the Prestonsburg lawyer who coordinated the Red Cross effort here until staff workers were sent in from the national organization, suggested the picture was not as bleak as the pastor had portrayed it, but she conceded that the community missed the services of a local Red Cross organization and of Meals on Wheels, both of which had been pressed into service during earlier floods.

Red Cross workers from outside the county failed to coordinate with local relief operations already in place, Mrs. Allen said. "They come in here and don't communicate with anybody. They don't ask for information and, if it's volunteered, they ignore it," she said.

A critical part of any disaster effort, said Harry Noftsker, Red Cross operations director, is the initial estimate of the number of people affected and the kinds of services needed. "In an area like this it's harder than heck to do a good survey if it has to be done by people from outside," he said. "That's why we're trying to get a local group set up."

"Unfortunately, we'll probably be back in a couple of years," Noftsker (See Story No. 5, Page 4)

Sorrells Returned Here To Face Arson Trial

A Floyd man wanted on arson charges was returned from a Joliet, Illinois jail recently and arraigned Thursday in Floyd Circuit Court.

Rick Sorrells, 24, pleaded not guilty to charges of setting fire to a house belonging to Z.C. Dingus and a motorcycle belonging to Robbie Keathley in Martin on April 6 last year.

Sorrells was indicted by a Floyd Circuit Court grand jury last year but had fled the county before a warrant could be served on him. He was extradited from Illinois on May 29. A July 13 pre-trial date has been set.

Signs To Play at Pikeville

During his four years of basketball competition at Paris, Stanford averaged 15 points and six assists a game in the guard position. He received all-State Honorable Mention honors in 1982, and was named second team all-State in football in 1983. Stanford, the son of Mr. and Mrs. Jack Stanford, is pictured with Coach Lyons.

Plan Mobile Home Parks For Ky. Disaster Victims

Federal, state and local disaster recovery officials jointly will construct mobile home parks in Kentucky to provide temporary housing for hundreds of people driven from their homes by recent floods.

The decision to use group parks in addition to private sites was based on problems that developed in the late 1970s and federal directives approved since that time, according to Samuel W. Speck, associate director for state and local programs and support for the Federal Emergency Management Agency (FEMA).

Speck said group sites are necessary since federal floodplain management regulations now prohibit placing government-owned mobile homes in designated flood hazard areas. Much of the area flooded in eastern and central Kentucky falls into this category, he said.

"A number of mobile homes placed on private sites in Kentucky in 1977 were flooded again two years later," Speck said. "That was a poor location decision which we will not repeat."

The decision means that FEMA will

not place mobile homes on private sites which would be adjacent to many of the homes damaged by flood waters.

"We realize this means some of those left homeless will have to relocate to one of the mobile home parks outside of their familiar neighborhoods," Speck said. "We are sympathetic to the personal problems this may cause, but there are no practical alternatives to insure the safety of those occupying federal housing and the housing itself."

Development of appropriate group sites to accommodate upwards of 650 mobile homes in Kentucky will be financed by state and local governments with funding assistance from FEMA.

Speck said providing federal funds for this kind of project is unusual for FEMA. He explained that FEMA provides mobile homes when necessary, but the agency ordinarily looks to the state and local governments to pay the cost of constructing the parks.

"Funding from FEMA for this purpose is unusual," Speck said, "but it is necessary since state and local funds are not sufficient to provide decent, safe and sanitary housing for victims of the floods."

He pointed out that unexpected expenditures of this size can place a strain on a state's financial resources. "We believe it is appropriate that we provide this support," he said.

FEMA officials declined to estimate the total cost of the parks project, since it is not yet known exactly how many mobile homes will be required.

CAMBELL REUNION

Descendants of the late John Copper and Eliza Wicker Campbell met May 27 for their annual family reunion.

After decorating the family cemetery at Mousie, dinner was served at the Garrett School cafeteria following the invocation by Mrs. Ancil Campbell.

Those who attended from a distance were Mr. and Mrs. Fred Campbell and sons, of Knoxville, Tenn.; Buford Campbell and John, of Monroe, Mich.; Jerry Oney and Matthew, of Virginia; James Oney, Phoebe Oney, Larry Oney, Mike Oney and Leasha, of Louisville; Jim Wallace, Mr. and Mrs. Howard Hicks of Kendallville, Indiana; Mr. and Mrs. Bill Brown and Jason, of Dayton, O.; Clay Fink, of Washington, D. C.; Barbara Cox and Mrs. Kathleen Moore, of Lexington.

Equine Virus Under Control

Discussions recently in the Washington have given Kentucky Agriculture Commissioner David E. Boswell the opportunity to inform federal animal health and safety officials that Kentucky has taken effective steps to control and eradicate the disease equine viral arteritis.

As a result of the visit by Commissioner Boswell, Deputy Agriculture Commissioner John Heflin, State Veterinarian Dr. Robert Hail and University of Kentucky and Kentucky thoroughbred industry officials, an inspection trip to the Commonwealth by USDA and British epidemiologists is being made. Those officials will satisfy themselves that the virus is under control and that circumstances will soon be such that the current 30-day shipment ban on Kentucky thoroughbreds imposed last week by England, Ireland and France can be lifted.

"Federal officials now know that all can be done to solve this problem has been done," Commissioner Boswell said after Wednesday's 90-minute meeting. "We will cooperate fully with those who visit us next week to assure themselves of the circumstances and the actions we have taken."

The disease was found on May 25 at Airdrie Stud in Woodford County and, to date, 82 horses on 20 farms in Woodford, Madison, Fayette and Jessamine counties were found infected and inoculated. Hundreds of other animals have received vaccinations because of exposure or as a safety precaution.

On June 2, Commissioner Boswell ordered a minimum 30-day movement restriction to keep infected or exposed horses within the Commonwealth. This followed his called emergency meeting of the Kentucky Agriculture Board, and subsequently he and Governor Martha Layne Collins signed emergency regulations imposing the temporary movement ban.

1984 Bluegrass Queen

Kimberly Raye Robinson, daughter of Mr. and Mrs. Kenny Robinson, of Martin, was crowned 1984 Bluegrass Queen, May 19 at the Plantation Motel. She received a trophy, crown and banner, was named most photogenic in her category and was presented the title of Miss Rosepetal, at Allen Central and the title of Miss Eastern Kentucky Starburst, held June 3 at May Lodge, where she also won in swimwear and photogenic. She is the granddaughter of Mr. and Mrs. Sam Robinson, of Martin, and Mrs. Josephine Scarberry, of Langley.

Participate In Bike-a-Thon

(Photo by Ken Peters)

Martin area youngsters did their part during the St. Jude Children's Hospital Bike-a-Thon and citizens of the town came through as well with generous cooperation and support. The fund-raiser collected a total of \$537.35. Wayne Branham collected the most money and Clyde Salyer and Nathan Jacobs rode the most miles. They received tote bags and T-shirts as well as Misty Jenkins, Alan Harvey, Bonita Compton and Stacia Lance. Participants pictured include, from left—Nathan Jacobs, Clyde Salyer, Wayne Branham, Misty Jenkins, Alan Harvey, Bonnie Crisp, Marv Jenkins and Reba Harvey.

Named Postmaster-Of-The-Year

The Kentucky Chapter, National Association of Postmasters of the United States (NAPUS), at its recent annual convention named Aileen Hall, of Betsy Layne, Postmaster-of-the-Year and presented her an engraved plaque that included commemorative stamps of the 50 states' flags. The convention was held June 10-13 at Executive Inn Rivermont in Owensboro with Mike Bourne, of Science Hill, serving as president.

Mrs. Hall was recognized for her many years of dedication to the organization on state, regional and national levels. She has served in every elective office of the chapter, including five successive terms as secretary-treasurer and as the first woman president. She was for two years editor-at-large for Postmasters Gazette, and in 1981 the Air Transport Association of America awarded her a lifetime membership in the Order of the Vest.

Other area postmasters attending the convention included Don Osborne, Prestonsburg; Delores Tackett, Harold; Pam Branham, Sidney; Rita Vance, Robinson Creek; Robert Sweaney, Shelbyana; Shelba Brown, Lovely, and Tom King, Paintsville.

The organization sponsors a scholarship program—the John D. Miller Scholarship Foundation—for children and grandchildren of postmasters, and this year five \$1000 awards were made to deserving students.

**Floyd Student at ALC
In Undergrad Workshop**

Anthony C. Stumbo, of McDowell, is one of 13 students from 10 colleges and universities who have been selected to participate in the second annual Undergraduate Workshop of the Professional Education Preparation Program, a program administered by the Kentucky Council on Higher Education. The workshop is being conducted by the University of Louisville and will run from June 11 to July 13.

Stumbo is a student at Alice Lloyd College. The students selected for the workshop are from Kentucky counties which have a chronic shortage of physicians or dentists.

The Undergraduate Workshop, which is an advanced phase of the PEP Program, is designed for students who have completed at least their sophomore year of college. It is providing the students the opportunity to evaluate their progress, potential and relative competitiveness for admission to medical school or dental school.

Students in the Workshop will work to increase their skills in test-taking, increase their scientific knowledge, and improve their reasoning ability. The Workshop is also intended to prepare the students for taking the Medical College Admissions Test (MCAT) or the Dental Admissions Test (DAT), major steps in applying for medical or dental school.

Another area student selected for the workshop is Phillip B. Johnson, of Virgie, who also is attending Alice Lloyd.

★ Cancer Hopeline

Q. Do vitamins change my cancer risks?

A. Scientists have found some relationship between a lack of certain vitamins—A and C—and cancer. For example, diets low in vitamin A have been linked to cancers of the prostate gland, cervix, skin, bladder and colon.

On the other hand, studies indicate that vitamin A and vitamin C may help protect the body from some types of cancer. However, most people don't need to take vitamin pills unless their diets are deficient in them. You can get all the vitamins A and C your body can use if you choose two helpings daily from the same fruits and vegetables that are in a balanced diet—dark green vegetables, yellow-orange vegetables and yellow-orange fruits.

Q. Does drinking alcohol cause cancer?

A. Excessive amounts of alcoholic beverages have been linked to a number of cancers. Heavy drinking is associated with cancers of the mouth, throat, esophagus, and liver. People who both smoke cigarettes and drink have a higher risk of getting cancers of the mouth and the esophagus.

Q. Will on-the-job exposure to cancer-causing agents increase the risk of developing cancer?

A. Exposure to some industrial agents increases cancer risks. The kinds of workplace substances that cause cancer can be divided into three broad groups: chemicals, metals, dusts and fibers. Only a small number of agents in these groups actually cause cancer. They do damage by acting alone or probably more often by acting in combination with another workplace carcinogen or with cigarette smoking. For example, studies have shown that breathing in asbestos fibers creates an especially high risk of lung disease and cancer. The risk is extremely high for workers who smoke. In fact, some scientists suggest that the main carcinogen in the workplace is the cigarette.

Regulatory agencies, industries, and organized labor have developed health and safety measures related to hazardous exposures in the workplace. Some measures cover individual safety. You can help protect yourself by knowing and following such worksite health and safety rules. If protective clothing or equipment (masks, respirators, coveralls, gloves) are recommended or required for your job, wear them.

For more information on protection against cancer call 1-800-4-CANCER or write to McDowell Cancer Network, 915 South Limestone, Lexington, Ky. 40336 and ask for free copy of "Good News: Better News: Best News: Cancer Prevention."

A CONSUMER REPORT FROM ULTIMATE IMAGE TANNING CENTER ON TANNING BEDS VERSUS TANNING BOOTHS

We at Ultimate Image Tanning Center at Banner, Ky. realize that the person who desires the quickest tan in the least amount of time wonders which system of tanning is the best, the tanning bed or the tanning booth?

At Ultimate Image Tanning Center we use what we consider to be one of the most efficient and quickest forms of tanning in the world, utilizing the Hex Tanning Booth.

What makes the Hex Tanning Booth different from any tanning bed manufactured in the world?

The Hex Tanning Booth uses 40 tanning bulbs with the strength of 1,500 milliamps in each bulb, compared to the tanning beds which use only 20 or 24 tanning bulbs with the strength of approximately 800 milliamps in each bulb.

The secret of the faster tan is the larger amount of bulbs and milliamps per bulb.

You see, it takes 30 minutes on a tanning bed to receive the desired results, but it only takes 10-15 minutes in the Hex Tanning Booth to receive the same results.

This is why we guarantee that the Hex Tanning Booth can give the same tan in 10-15 minutes that any tanning bed manufactured in the world gives in 30 minutes.

The question is whether you would rather lie down for 30 minutes, or use the Hex Tanning Booth for 10-15 minutes.

We at Ultimate Image Tanning Center believe that time means money to people, and that the best tanned person is the best informed person.

We guarantee our Hex Tanning Booth to be safe and to tan without burning.

We also believe that the person who has used a tanning bed, and then comes to Ultimate Image to try our Hex Tanning Booth, will wonder why they were not informed sooner, and will also make up their mind not to lay down on the job any longer.

predicted. "Now is the time for identifying places that could be used for shelters, assistance centers, and the like."

The American Red Cross spent \$427,076 in emergency relief here last month, according to an agency report. The flood destroyed 87 homes and trailers and did major damage to another 310 dwellings, the report said. In all, 935 Floyd families applied for Red Cross help.

Mrs. Allen, who estimates that \$9000 will be needed to provide basic operating expenses for a local chapter, said she is planning to call an organizational meeting and to launch a drive to recruit members here.

Larry Jones, Red Cross field service manager, applauded the effort. "This community is a sleeping giant," he said. "Until it is awakened we can talk all we want—nothing is going to happen."

nameless, unrelated in almost every way to us. Swale, on the other hand, was an individual, famous for his racing achievements, a beautiful animal on whom some of us had even pinned our hopes of making a few dollars at the prevailing odds.

The Red River Gorge is something to behold, but alongside the Grand Canyon it's merely a deep ditch in the earth. A thousand are killed in an earthquake in another country, and it is a disaster. One individual whom we know and respect or love is killed, and it's more than disaster—it's deep tragedy that comes home to us.

Age, too, might be said to be "relative." I was 10 years old when my father mentioned that he was 40, and immediately I began worrying, fearing that this advanced age meant he would not be with us long. Now, I have lived more years since that day than he had lived at that time, and, by cracky, I'm not so old. I know a lot of people who are older and who are hoping to grow older and older.

Verily, it's "all relative"...maybe.

EVER WAVE AT A COMPUTER?

I suppose children still wave at passing trains. I know they used to, but that was a long while ago. It was before they cut off all the passenger trains, converted the locomotives to diesel burners and track crews quit operating handcars.

A distant train whistle trailing off into silence on a rainy night remains one of the sounds in a noisy world that soothes rather than jangles the nerves. But that is about as close as I get to a train, these days—except when I sit fidgeting at crossings, wondering how much gas I'm wasting, waiting for that endless string of coal cars to pass.

Now I learn that the trains that are left are being mechanized to the point that freight trains will no longer need a caboose. The conductor and brakeman who rode "the little red caboose" are being supplanted, they say, by computers. One railway, the Union Pacific, already is giving away its cabooses. I am not privy to the councils of the Chessie System, but chances are it will follow suit.

That being a possibility, we return to this matter of waving at a passing train. As somebody has rather innocently asked,—how do you wave at a computer?

'What It's Really Like'

After reading the article in a Friday, June 8 daily paper about Prestonsburg Housing Project, which is unfounded, in reality, I have decided to speak out and try to shed some light on what it is really like to live here.

In 1979, living in an apartment, paying high rent, utilities, and living expenses, my name finally came up for an apartment here. Of course, I was ecstatic and moved in at once. My rent has gone up and down according to my earnings. My utilities are always paid. Whether my earnings were small or large, I have been treated with the kind, courteous treatment I received when I paid the full amount—never has anyone been rude to me but always saying kind things like not to worry and how things would be better.

When a rule was broken in my contract, I was informed of such so it would be taken care of by me. Since I am the person who signed that contract, it certainly was my responsibility to keep my word to people who kept their word to me.

For, you see, what they promised me was a good home, no utility bills, help with my rent when I needed it, a maintenance man for all repairs, usually within eight hours (if emergency, sooner), my yard and surrounding areas mowed and cleaned of all debris, a peaceful place to come and rest at day's end with me having the same freedom as my neighbor, with each of us treating the other with respect. However, when I moved here they did not promise that I was moving to the French Riviera or to any fancy resort where I could party all night and keep my hard-working neighbors awake. I was not promised I could play my stereo till all hours of the morning at full volume. Neither was I promised that my relatives could all move in with me. No, somewhere along the line, I must have gotten a different contract than some others because mine clearly states that if I keep my part of the bargain they will continue to give me the same wonderful service I have enjoyed all these years and it is not because I am a pick or pet, because they don't know me from Job.

Would Save Old Home

We were horrified today to learn that the owner of the Captain Bill Bolen Hall house plans to tear it down; that the owner has even refused an offer by the state to purchase it!

How can this be? This house is a part of the history of Eastern Kentucky. The owner should have great pride and joy in this old house, linked to history. I do not know who owns it, but I do wish, and so does my husband who is a Hall, that the owner would restore it, or sell it to the state. To lose it would be a tragedy.

Essay Winner

Jamie Renee Milligan, daughter of H.K. and Sue Milligan, of Prestonsburg, was named winner of a contest held recently among students of Mrs. Carol Rice's third grade English class at Prestonsburg Elementary School. Students were asked to write a report on an extraordinary experience such as might appear in a news story. Miss Milligan's entry follows:

A Day To Die—Believe It or Not
I was getting out of school. I was going to let my mom come in a car to pick me up. She couldn't, she was sick. So, I had to ride the bus home on a rainy day. It was my stop next. When I got off I had to walk in the rain without a hood or umbrella. "I wish that I didn't have to walk a half of a mile in this rain," I said. My wish came true.

Behind some apartments a dinosaur came out. It was a tyrannosaurus. I thought I would die! "Don't be afraid of me, he said. "Don't be afraid of you, you're dead!" "No I'm not, I'm still alive. I wasn't killed yet," he said. "Well, maybe you're not, but would you be my friend and take me home," I asked. "Sure," the dinosaur said.

The End

"Where love rules, there is no will to power; and where power predominates, there love is lacking." Carl Jung

To Help The Innocent

For too long, this nation's criminal justice system has ignored the plight of the innocent victims of crime. Victims' pleas for justice have gone unheeded, and their wounds—personal, emotional, and financial—have gone unattended.

Now Congress has a chance to amend this tragic situation by quickly passing the Administration's Victims of Crime Assistance Act of 1984. The bill would establish a Crime Victims' Assistance Fund in the Treasury to provide federal financial assistance to state victim compensation programs and improve the assistance offered by every level of government and the private sector to victims of crime.

The Administration's bill implements many of the recommendations of President Reagan's Task Force on Victims of Crime, including a recognition that the burden for compensating crime victims should be shared by the state and federal government rather than placed solely on the states.

A unique aspect of this bill is that criminals—not innocent taxpayers—would provide the money for the Fund since financing would come from criminal fines collected from convicted federal defendants. It is expected that these fines would generate \$45 to \$75 million for the Fund in its first year.

Fifty percent of the money deposited in the Fund would be available to states with operating victim compensation programs. Another 30 percent would be distributed to states and territories based on their population to improve the assistance provided to victims by state and local governments and nonprofit organizations. The remaining 20 percent would be distributed among federal law enforcement agencies to improve the assistance offered by the federal government.

No amount of money can erase the tragedy and trauma imposed on the innocent victims of crime. However, some financial redress can be an important first step in helping victims begin the often lengthy process of recovery. For some, this modest assistance can be the lifeline that preserves not only some modicum of stability and dignity, but also life itself.

I ask your readers to contact their Congressional delegation and urge passage of the Victims of Crime Assistance Act. This Act can help end an era of neglect and restore public confidence in the integrity of our nation's system of justice.

A Whitman Fan

I want to express my appreciation to The Floyd County Times for printing the letter from Mrs. Crookshank, of Los Angeles, concerning Slim Whitman.

I am a fan of Whitman's. I cannot understand why he is England's best-loved singer, Scotland's also, and an A-1 favorite in New Zealand, while his home country ignores him. None can sell over 60,000,000 records and be a "dud." I've never listened to a voice so clear and beautiful; singing the "oldies" with expressive appreciation. The bearded Willie Nelson, Cash, Jackson—they all sound like the howling coyotes I listened to as a child in North Dakota.

Mrs. Crookshank offered free records to the radio stations of our county. Slim can be heard on WMDJ and WDOC; both stations accepted her kind offer.

Slim Whitman has an international fan club—the only fan club I've ever joined.

In this age of drugs, liquor, sex perversion, sex without marriage, child abuse, child pornography, and much more, it seems that decent citizens—certainly the Born Again Ones—would delight in the songs of Slim Whitman, and "put him over" in his own land!

Buy his new record, "Angeline," and hear what singing is all about.

Says We're 'Sue Happy'

We are transplants from Eastern Kentucky and keep fairly well posted on coal country happenings through your excellent publications.

It is rather shameful that the good people of Floyd county have become so "Sue Happy." Your paper usually contains a great deal of this matter. Needless to say, this is probably an expense the taxpayers could do without. We noted one attorney's comment about dragging people into court and making them prove their own innocence. In some areas of the county, judges are trying to alleviate the problem of frivolous lawsuits, cases without merit. In a losing argument, the plaintiff, along with the lawyer, is being ordered to pick up the tab for all court costs, plus attorney fees for both sides in the case. Seems fair enough, doesn't it?

They Do More Than Just Teach

(Excerpted from The Campbell County Recorder)
 Do teachers just teach? What do they do with spare time during the summer when they do not have lesson plans to prepare or papers to grade? Do they sit around all summer and think about grading papers? Do they just sit and read every hour of the day? Do teachers just teach?

The answer is no! Many teachers do a lot more than that. They spend their leisure time enjoying their hobbies. The teachers in the Ft. Thomas school system have a variety of activities.

A lot of teachers enjoy music. For instance, Miss Pam Terry, second grade teacher at Moyer School, brings enthusiasm and dedication to not only her classroom but to a variety of other activities and interests.

An accomplished pianist, she has 25 eager piano students each week and a lengthy waiting list. This interest in music is further evidenced by a major second grade musical production each year and her continuous effort to become an accomplished flutist. Her weekly flute lesson at the Conservatory and the required practice are an important part of her life.

In addition to teaching music, this busy person has found time to develop her artistic talents through private lessons and has a great flair as a cook, especially for baking.

She and her equally talented sister, Pat, fourth grade teacher at Johnson School, have performed in music groups at state parks during the summer but more recently have charmed

and pleased many travelers as they have served as AAA tour guides to the World's Fair and to the great Northwest.

Miss Pat Terry plays the violin in the Cincinnati Community Orchestra and in her leisure time plays the piano and teaches it, too.

(The twin sisters are daughters of Mr. and Mrs. Quentin R. Terry, of Van Lear, formerly of Prestonsburg.)

Pike Co. Leads Ginseng Harvest

Last summer's drought had no noticeable impact on the 1983 ginseng harvest, according to Agriculture Commissioner David E. Boswell.

Recently compiled figures from across the Commonwealth show a total harvest of 17,000 pounds, only 1,000 pounds short of the 1982 harvest.

Pike county, with 2,500 pounds, had the largest amount and usually leads the state in ginseng harvested.

There were only 10 counties in Kentucky which did not report any ginseng taken, the Commissioner added.

"This year's harvest will get under way on Aug. 15," Boswell said. "It is illegal to harvest ginseng before that date."

"Ginseng is on the federal endangered list, and limiting the harvest season is a way to make sure we can profit from it in years to come," he said. "Prior to Aug. 15, the plants are still dropping the seeds which are needed to propagate the plant."

The digging season ends Dec. 1. The ginseng selling season runs from Aug. 15 through March 31 of next year.

Boswell also pointed out ginseng dealers must be registered before June 30, and ginseng must be certified by the Kentucky Department of Agriculture before it can be exported.

Dealers can register by writing Ginseng, Office of Marketing Services, Kentucky Department of Agriculture, 7th Floor, Capital Plaza Tower, Frankfort, Ky. 40601.

As part of the certification examination, department inspectors determine whether the ginseng was dug during the season. Last year, one dealer was left holding more than \$17,000 worth of uncertified ginseng. He was unable to export the ginseng when it was determined to have been harvested out of season.

"Ginseng makes an important contribution to Kentucky's economy," Boswell said. "It's equally important that we protect this valuable resource."

Bertha Ratliff, Dot Tiner, Lula Bradley and Mary Poole have been in Knoxville, Tenn. to complete a teachers' course in the 2:7 series.

The Maytown United Methodist Bible School ended Sunday evening with a program, with all children taking part. They report a very successful week.

EASTERN NEWS

Vacation Bible School began Monday, June 18, at Eastern. It is being held at the home of Miss Barbara Wynsma and Miss Lois Holmquist from 9 a.m. to 12 p.m., across from the Allen Central High School with classes for all ages. Children will be enjoying lessons, crafts, games, contests, quizzes, music and much more.

A closing program for parents and neighbors will be Friday at 11:30 a.m. Come and enjoy this good week.

Wins Safe Driver Award

Trooper James Stephens, representing State Police Post 9, Pikeville, is pictured last week presenting a certificate of recognition for safe driving to Edith B. Ousley, of Prestonsburg, as part of a special Memorial weekend publicity program aimed at encouraging the use of safety belts and promoting safe driving.

Ten safe driving applications per-county were distributed to troopers in each of the five counties covered by Post 9 and these applications were completed by troopers in their respective counties, by stopping drivers who were observed driving in a safe, courteous manner, and using their safety belts. An award recipient was selected from each county, based upon the applications received from troopers, along with their recommendations of the most outstanding acts of courtesy and safety displayed by the driver.

A check for \$10 was also presented to each driver by the independent insurance agents of Kentucky.

Many Effects of Disaster Cited

On the basis of a very small number of research reports, it was thought for years that mental or emotional effect on families following a disaster was minimal at most. Recent disasters have shown that not to be the case. According to research following the flood disaster at Buffalo Creek, Va., in 1972, there were some definite unanticipated emotional and mental problems that persisted well into the second year following the disaster.

Many community members displayed continued apathy, loss of interest in work and interpersonal relationships, a diminution of sexual relations, and a marked decline in general day-to-day efficiency, in contrast to their former level of functioning. Moreover, anger, resentment, and hostility were widespread.

Frequent symptoms appearing among adults included the following:

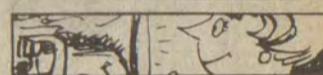

Initial anxiety; depression and loss of ambition; increased marital discord with difficulties in managing money, caring for children and responsibility for housework; increase in alcohol consumption or tranquilizing agents; increase in medicines needed to manage stomach ulcers, headache, and hypertension; increase in suicide rates; increase in heart attacks.

Most survivors respond to disaster with a deep sense of loss—a nameless feeling that something has gone grotesquely awry in the order of things, that their minds and spirits have been bruised beyond repair, that they will never again be able to find coherence, that the world as they knew it has come to an

end. It is a reminder to the survivor how vulnerable he is and how uncertain life can be.

Lonesomeness increases and is reinforced. People have heavy loads of grief to deal with, strong feelings of inadequacy to overcome, blighted lives to restore—and they must do all these things without much in the way of personal resources or self-confidence. Solving problems and making decisions—those are the hard parts.

(If in the midst of solving problems and making decisions, one finds he or she needs some direction or assistance, feel free to call Mountain Comprehensive Care Center for an appointment at 1-800-422-1060.)

Some used to consider it bad luck for women to look at trumpets.

FIRST BIRTHDAY

Olivia Anne Johnson, daughter of Randy and Angie Johnson, celebrated her first birthday at the home of her grandparents, David and Nancy Scott, of Garrett.

Those attending and bringing gifts were her grandparents, Carl and Verda Johnson, her great-grandparents, Hawley and Ruby Scott and Tom and Roxie Crum, Hedy and Roxanne Sexton, Mona and Brennan Napier, Susan Johnson, Margaret Chaffins, Stevie Crum, Tammy and Susan Scott and Kristy Lawson.

John Graham Chapter Has Flag Day Program

John Graham Chapter, Daughters of the American Revolution, met at May Lodge, Jenny Wiley State park last Thursday for its annual luncheon and Flag Day celebration, with the regent, Mrs. Ray Brackett, presiding, and Mrs. Opal S. May conducting the ritualistic service.

The following announcements were made: that the annual Kentucky Highlands Folk Festival, which was founded by a member of John Graham Chapter, Mrs. Edith James, will be held September 6-8 at Jenny Wiley State Park, with John Graham Chapter as hostess, and that the next meeting of the Sons of the American Revolution (S.A.R.), will be held September 8 at May Lodge.

Mrs. Goble, who is director of the Sixth district D.A.R. also announced that the district meeting will be held at the Carriage House, Paintsville, September 7, with registration beginning at 8:30 a.m., and the meeting followed at 9:30.

The regent, Mrs. Brackett, told the group that the Auxier family reunion will be held July 7 at the home of Mr. and Mrs. Bob Hager, at Oak Lawns, and on July 8, the same family group will meet at the Carriage House in Paintsville.

Mrs. Brackett announced that Atty. John David Preston's book, "The Civil War in the Local Counties," is now available for sale. She gave a list of programs from which members are to make selections for the ensuing year. Then she presented the program leader for Thursday's meeting, Mrs. J.G. Stepp, who spoke briefly, concerning the observance of Flag Day, then introduced Miss Betty Rowland, UNISERV consultant for the Kentucky Education Association. Miss Rowland pointed out that although Flag Day is not an official national holiday, the President annually proclaims a public observance.

Miss Rowland read "The Makers of the Flag," which was delivered by Franklin K. Lane, on Flag Day, in 1914, declaring that "Our Flag is what we believe it to be, and what we make it."

Mrs. Margaret Collins reported to the group on the National Conference of the American Revolution, held recently in Washington, D.C., at which she and her aunt, Mrs. Sally Humphreys, formerly of Prestonsburg, now of Florida, represented John Graham Chapter as delegates.

The program ended with Mrs. Edith James leading the group in "The Star Spangled Banner."

Enjoying Thursday's program and luncheon were: Guests, Miss Betty Rowland and Mrs. Julia Curtis, and members, Me. James Frances Brackett, Olga Preston, Norma S. Stepp, Margaret Collins, Virginia S. Goble, Edith James, Margaret Alley, Mae S. Kendrick, Margaret Spradlin, Opal S. May, and Miss Maurine Mayo.

HRMC Wins Award For Public Relations

The Public Information Department of Highlands Regional Medical Center was honored with a Thoroughbred award from the Kentucky Society for Hospital Public Relations. The award winning entry was the new HRMC Patient Information Brochure.

The Run for the Roses awards competition was open to 119 member hospitals. Highlands Regional was one of 34 statewide winners announced at a luncheon held in their honor during the Kentucky Hospital Association meeting in Louisville. Amy Lively, Public Information Officer and Clarence Traum, Administrator, accepted the honors on behalf of the Medical Center and Public Information Department.

If your cakes tend to fall a lot it could be because the eggs you use are too big. Medium to large eggs are best. Extra large may be too much for your recipe.

Seek Sites To House Flood Victims

The Federal Emergency Management Agency's temporary housing office in Paintsville is still looking for land in Floyd county that can be developed for group parks for mobile homes to house flood victims.

The land must be: out of the flood plain, accessible, reasonably level, near sources of water and electricity, and available for 18 months, renewable for an additional six months.

In exchange for the donation of the land, the agency will make improvements at no charge.

If you have any land that you think could be used, call the Disaster Field Office in Paintsville this week at 789-6911 between 8 a.m. and 5 p.m.

Softball Tourney Set in Paintsville

The Big Sandy Drug Fourth of July men's softball tournament will be held Friday, June 29, through Sunday, July 1, at the Paintsville Park and Playground. This will be a double elimination tourney and each team will furnish its own balls.

The deadline to enter is Wednesday, June 27. For information as to entry fee and other details, call Dave Kretzer, 789-3071.

Excels in England

Kristian Wiley, 12-year-old daughter of Air Force Captain Russell and Mrs. Nora Wiley, formerly of this county, recently became the first student to win three consecutive "Mastermind" contests at Royal Air Force Alconbury Elementary School, Alconbury, Cambridgeshire, England. Mastermind is a question and answer contest held for students in grades 4, 5 and 6. Students go through two-minute series of questions on various subjects and levels. In three years of competition Kris never lost a single round. This year, since she was the first student ever to win three consecutive years, she received a special mug and will have her name engraved on a plaque which will be displayed in the school. Alconbury Elementary School has an enrollment of over 600 students and is part of the Department of Defense school system for children of military personnel stationed overseas. Kris is the granddaughter of Mabel Wiley and the late Overton Wiley, of Prestonsburg; Pauline Williamson, of Martin, and Willie Goodman, of Eastern.

KCC Annual Meet Slated Saturday

The Kentucky Conservation Committee will hold its annual meeting Saturday, June 23, at Shakertown at Pleasant Hill.

The organization was founded in 1975 to support sound environmental legislation, particularly on the state level. The topic of this year's meeting is upcoming environmental issues, and how they might be addressed in 1984 and 1985, in between sessions of the General Assembly.

Tackling that topic in a panel discussion at the annual meeting will be state Rep. Joe Barrows, of Versailles, a supporter of conservation legislation; Karen Armstrong-Cummings, state Deputy Commissioner of Environmental Protection; and Mike Greene, a KCC lobbyist who is active in farmland preservation measures. Moderator of the panel discussion is Hank Graddy, a Versailles attorney who is a member of the Environmental Quality Commission, an advisory body to the governor and to the Natural Resources Cabinet.

Registration is from 9 to 9:30 a.m. Election of new board members is at 9:30 a.m., and the panel discussion will begin at 10 a.m. From 1:15 to 3:30 p.m., participants will hear subcommittee reports, organize new subcommittees, and select five priority environmental issues for 1984-1985.

The meeting will be followed by a reception from 4:30 to 5:30 p.m. The press and the public are invited to attend.

Drunken Driving Law Seminars Scheduled

Attorney General David L. Armstrong announced last week that his office will be co-sponsoring with the Highway Safety Standards Section of the Kentucky State Police a series of nine seminars across the state to address the changes in the drunk driving laws in Kentucky.

The seminars, called "Prosecuting the Drinking Driver Under Kentucky's New DUI Law: A Sobering Experience," are being funded by a federal grant and are being hosted by commonwealth and county attorneys of the counties where the seminars are to be held.

Eastern Kentucky seminars will be held in Ashland, July 9; Hazard, July 10, and Somerset, July 11.

According to Armstrong, the seminars are designed for prosecutors, judges and law enforcement officials and is being presented prior to the new law taking effect on July 13. "The new laws are very complex and quite different from the DUI laws under which we have been operating," he said. "We felt that it is critical that training on the intricacies of the new law be provided for legal and law enforcement professionals."

The seminars will cover such topics as reporting requirements and how the new law affects police procedures, trial preparation and sentencing. There will be a panel discussion on case preparation, trial techniques and problem areas with the new law.

State Employment Offices Active in 'Hire a Vet' Move

The Kentucky Department for Employment Services is participating in a nationwide campaign to increase the hiring of jobless Vietnam-era and Korean War veterans during June, which has been designated as "Hire a Vet" month by U.S. Secretary of Labor Raymond J. Donovan.

"We are using this month to intensify our promotional efforts of the Emergency Veterans' Job Training Act," said Ron Keal, Director of the Division of Veterans Employment Services. "This program offers employers a unique op-

portunity to expand their work forces and increase their productivity. At the same time, they are repaying some of the debt we owe to people who have served in our country's defense." (In the Prestonsburg office of the Department for Employment Services Claude Ratliff is the veterans' employment representative. The phone number is 886-2396.)

Since the program began about six months ago, Keal said, "We've had more than 2,400 veterans and some 160 employers who've applied for or received eligibility certification from the Veterans Administration. The employer applications represent some 360 jobs that already have been approved by the Va. About 60 of these job openings have been filled, while others are expected to be filed within the next few months."

Participating employers can recoup half the costs, up to \$10,000, of hiring and training eligible veterans for jobs in growth or technology-based industries.

Training, which may take place on the job or in a vocational or specialized training center, may be funded for three to 15 months, although most training lasts six to nine months. Each local Department for Employment Services office has staff available to work with any employer interested in the program.

CARD OF THANKS

We, the family of John T. Stepp, take this opportunity to express our deepest appreciation to our many relatives and friends who helped in any way during the time of sorrow upon the loss of our loved one. The beautiful flowers, delicious food, many cards, telephone calls, love and consoling words, and your presence meant more than words can express.

A special "thank you" goes to the many churches for their prayers and concern, and to the various organizations that were helpful in so many ways, and the Carter Funeral Home for its thoughtful and efficient service. We would also like to thank Bennie Blankenship, pastor of the Prestonsburg Church of Christ, for the tribute and the wonderful service which he conducted, and the members of the choir of that church for the lovely songs. We also would especially thank the Andy Blanton Chapter No. 18, Disabled American Veterans', of Auxier, for conducting the military honors and gravesite rites.

John T. Stepp, a retired master sergeant who had spent more than 22 years in the U.S. Airforce in the service of his country, during which time he traveled extensively, would have been proud of these tributes.

Prepared Childbirth Class

A Prepared Childbirth class, sponsored by the Big Sandy Family-Childbirth Education Association, is scheduled to be held on Thursday evenings from June 21 through July 26. These classes are for expectant parents with July or August due dates and will be held on the Prestonsburg Community College campus from 7 to 9 p.m. in the Magoffin Complex Building A-1.

CARD OF THANKS

The family of John M. Ferguson takes this opportunity to thank everyone for their help in the loss of our loved one. Thanks to those who sent flowers, food, and for all the kindness shown in our time of grief. A special thanks to the minister, Richard Bowens, and his singers. Thanks to the D.A.V. Chapter No. 18, and also Hall Funeral Home for being so kind.

DOCIA B. WOODS, SOCIETY EDITOR

HERE FROM LEXINGTON

Mr. and Mrs. Richard Belding and son Drew, of Lexington, spent the week-end here with relatives.

REV. BIGGS HONORED

The Rev. Taylor L. Biggs, who retired as pastor of the Community United Methodist Church, June 10 after nine years of faithful service there, christened a baby and accepted seven members into church fellowship—four by transfer of letter, and three on the profession of faith during this last services there. At the close of the service, Mrs. Jean Burke, chairwoman of the Worship committee, presented him his identification Bi-Centennial Medallion and the Conference Certificate of Appreciation. She had received these for the Rev. Biggs at the Methodist Conference which he could not attend because of illness. Mrs. Burke also read a poem, composed by Mrs. Margaret Harris, and a letter of "best wishes and appreciation," from the Rev. Timothy Jessen, on behalf of the Prestonsburg Ministerial Association, of which the Rev. Biggs formerly served as president, and of the members of the First Presbyterian Church, which Rev. Jessen serves as pastor.

Mrs. Drema Osborne, president of the United Methodist Women, presented Mrs. Biggs, who, with her husband, has long served the church, a silk floral arrangement for her "service and love to the ladies of the congregation."

Mrs. Sandi Arnett Cooley, of Pikeville, who is a member of the Community United Methodist Church, had painted two pictures—one of the "old" church (1953-1977) and the other of the "new church, (1977-1984), and these had been mounted and framed by artist Tom Whitaker, of the Prestonsburg Community College faculty, and were presented to the Rev. and Mrs. Biggs. Special guests were the Rev. S.B. Rucker, of Ashland, who retired, for the second time, from the Community United Methodist Church, Mrs. Rucker, and the Ruckers' daughter and son-in-law, Mr. and Mrs. Marvin Franklin. A covered dish-dinner followed in Fellowship Hall. Special entertainment was furnished by "The Darlings," Clem and Tine (John Paul Leslie and Barry Howell), in a "Hee Haw" type skit.

The Rev. and Mrs. Biggs have moved to their former home at Route 1, Box 630-K, South Shore, Kentucky.

ENJOYS COOK-OUT

Saturday, a cook-out was held at the home of Mrs. Marylee G. Woods at Emma. Enjoying the occasion were Mrs. Joda Gunnell, Mr. and Mrs. Jeff Hall, Crystel and Ginger, Mr. and Mrs. Philip Green and Ashleigh, Mrs. Flo Sizemore, Kelly and Jody, of Emma; Mr. and Mrs. Bobby Mills, Tracy and Linny, Marion, Ohio; Mrs. Anne B. Gunnell, Columbus, O., and Frank Gunnell, of Palaskale, Ohio. Sunday, Mr. and Mrs. Mills, Tracy, Linny and Mrs. Woods went to Myrtle Beach, S.C., to visit Mrs. Woods' daughter, Mrs. Lois Faye Jenkins, and Mr. Jenkins.

NEW PASTOR ARRIVES

The new pastor at the Community United Methodist Church, the Rev. James T. Doughton and Mrs. Doughton are being welcomed by members there. The Rev. Doughton came here from the Herald Memorial Methodist Church in Raceland.

IN HOSPITAL HERE

Don Compton is a patient at the Highlands Regional Medical Center. His many relatives and friends are concerned about him.

REUNION PLANNED

The 12th annual reunion of the descendants of Sam and Wilsie Miller will be held Sunday June 24, at Archer Park. All relatives are invited to come, and to bring food for the pot-luck dinner.

Vacation Bible School Plans Are Announced

The First United Methodist Church, Prestonsburg, will conduct Vacation Bible School, June 18 through June 22, from 6:30 to 8:30 each evening. Classes will be held for children, ages 3 through 9th grade. There will also be a class for adults.

The schedule includes lessons, crafts, outdoor activities, music and refreshments. A special feature will be a daily visit from the Bible School puppets and clown. The Bible School will be held Saturday, June 23, beginning at 7 p.m.

Students needing transportation on the church bus may be picked up at the following locations: Goble-Roberts at Whitaker's Grocery, 5:45 p.m.; Briarwood Apts., 6:00 p.m.; Indian Hills, 6:15 p.m.; Green Acres office, 6:20 p.m. For transportation information, call 886-6610 or 886-3993.

CONDITION IMPROVES

Julian Murrill, who has been a patient at the Highlands Regional Medical Center, is now showing improvement at the Riverview Manor Nursing Home here.

LAST MEETING OF YEAR

Mrs. Garnett Fairchild, president of the Prestonsburg Kiwanians, announces that the last luncheon-meeting of the current year will be held Thursday, June 28, at 12:30 p.m., and urges all members to attend.

HAVE 25TH ANNIVERSARY

Estalene and the Rev. Andy L. Newsome, formerly of Hi Hat, presently of Louisville, celebrated their 25th wedding anniversary with the renewal of their marriage vows recently, in the same room (at the home of her parents, Mr. and Mrs. James H. Ricker, of Hi Hat), where the wedding had taken place, and with the same witnesses they had during the ceremony 25 years ago. The officiating minister was the Rev. Don Fraley, Jr. The Lord's Prayer was led by J.H. Ricker and Mrs. Priscilla Fraley sang, "We Have Only Just Begun," and "The Twelfth of Never." The couple cut the three-tiered, decorated wedding cake, which was served with other refreshments by Mesdames Viola Fraley, Priscilla Fraley, Irene Tuttle, Verna Ricker, and Joy Newsome to: the Rev. and Mrs. Andy L. Newsome, the Rev. Don Fraley, Jr., Kevin Newsome, Mr. and Mrs. James Ricker, Mesdames Olga Newsome, Anna Jones, Lillian Stewart, Helen Smith, Karen Newsome, Joy Connie Newsome, and Debbie Johnson; and Brandon Newsome, and Selmer Johnson.

The couple was presented many attractive and useful gifts.

RECENT GUESTS

Mrs. CURT HOMES has had members of her family visiting recently. Her daughter, Mrs. J. Clifford Todd, and daughter, Mia Todd, of Simpsonville, were here during a part of last week, and on Sunday, her son and daughter-in-law, Mr. and Mrs. Gordon Fox Homes, of Louisville, were here. They enjoyed lunch with Mrs. Homes at May Lodge.

WEDDING DATE SET

The wedding of Miss Brenda Joyce Stapleton and Mr. Maurice McKinley Minix, IV, will be solemnized Saturday, June 23, at 2 p.m., at the First United Methodist Church, here. A reception will follow in Fellowship Hall. The gracious custom of open church will be observed.

Wins State Title

Miss Sandra Renee Horne, 17-year-old daughter of Mr. and Mrs. Dexter Horne, of Prestonsburg, won the title of Miss Kentucky Talent at a statewide competition in Lexington May 26. She now advances to the national competition. Miss Horn is a senior at Prestonsburg High School.

Vacation Bible School Begins Sunday, June 24 At First Presbyterian

"Share the Good News" will be the theme of the annual Vacation Bible School sponsored by the First Presbyterian Church of Prestonsburg. The School will begin Sunday, June 24, and continue each evening through Thursday, June 28, with a closing program on Friday, June 29. Hours of the school are 6-8:30, and children from ages 3 and up are welcome. The program each evening will include Bible stories, singing, crafts, and recreation, as well as a special "Share Fair".

Mr. and Mrs. Thomas Howell announce the birth of their second child, first son, on June 8 at the Methodist Hospital, Pikeville. The baby has been named Thomas Andrew. The maternal grandparents are Mrs. Helen B. Wells and the late Gene Wells, and the paternal great-grandparents are Mrs. Dorothy Burke and the late H.R. Burke. The paternal grandparents are Mr. and Mrs. Scott Howell.

VISITS GRANDPARENTS

Miss Mollie Saunders, of Lexington, spent a vacation of several days recently with her grandparents, Mr. and Mrs. Delmas Saunders, of the Abbott road. During that time, they all enjoyed a trip to Nashville, Tennessee.

NEW PASTOR, WIFE HONORED

A reception honoring the Rev. Lowell Langfield, new pastor of the First United Methodist Church, and Mrs. Langfield, was held at Fellowship Hall, following services there Sunday evening. Decorated cake and other refreshments were served by the women of the church, and a period of fellowship was held between 75 and 100 persons.

Jenny Wiley Theatre Opens June 23

The Jenny Wiley Theatre will open its 20th anniversary season Saturday with a spectacular production of "Fiddler on the Roof."
"Ticket sales are growing at an unprecedented rate, and if we are not sold out for opening night, I'll be surprised," said Keith Stevens, managing director of the theatre.

Set in Tsarist Russia, "Fiddler on the Roof" is the tale of Tevye, a poor man, and his family. He dreams of what he could do "If I were a rich man," but his troubles begin with his daughters, one of whom wants to marry a poor tailor. Yente, the "Matchmaker," is brought in to find the daughters good husbands and the girls plead with her to make a good match for them.

As the couples are arranged and rearranged, love and tradition keep the family together. A happy ending is in sight as the family heads for America.

"Even though the show is set in a far-off country, all of these characters are people you know. No matter where you're from, you can relate to the story and the people," said Andrew Horn, a company member who is playing the role of Lazar Wolf.

"Single tickets are keeping us busy and subscriptions keep coming in. We can't believe the response we are getting—it's been tremendous!" said Stevens.

"Customers may reserve tickets by phone and can either charge by phone or send a check. Windows are also open to those who want to come to the theatre to purchase tickets. Box office hours are 10 a.m. to 6 p.m. on non-performance days and 10 to 8:30 p.m. on performance days," Connie Parrish, box office manager, said.

The opening of "Fiddler on the Roof" will be followed on Wednesday, June 27 with the opening night of "Joseph and the Amazing Technicolor Dreamcoat."

"Annie" will open Saturday, July 7, and after that the three shows will run in repertory until August 19.

Court-Ordered Sale Nets \$229,050 Total For Smith Holdings

Properties belonging to Bill G. and Peggy Craft Smith, of Prestonsburg, went under the hammer in an auction conducted by Master Commissioner Marshall Davidson on the courthouse steps Thursday. The sale was to satisfy a debt the couple owed the First National Bank of Pikeville. Smith is owner of the Bill G. Coal Company.

The couple borrowed \$250,000 from the bank in November, 1982, putting up as security their Middle Creek home and farm, a trailer park, and a Mare Creek property. Payments on the loan were to be made over three years at a rate of \$8666 monthly.

When no payments were made after July, 1983, the bank sued, claiming \$238,664 was still due. Liens on the properties were also filed by the Internal Revenue Service, which claimed that \$114,521 was due in federal taxes, and by the Kentucky Revenue Cabinet, which claimed \$13,125 in state taxes.

Last June, judgement was awarded Campbell Oil and Mine Supply, of Pikeville, which claimed Smith owed them \$8231. Davidson said a claim had also been filed against the properties by Bernie Ratliff for \$38,000. On May 4, Circuit Judge Hollie Conley ordered the mortgaged properties sold to satisfy the Smiths' debts.

Value of the Mountain Parkway home and property, on the Ike Fitzpatrick subdivision, was estimated by appraisers at \$140,000. Attorney Jack Page represented the Pikeville bank in bidding against David Layne, of Ivel, and Micky McGuire, a director of the Bank Josephine here, whose joint bids acquired the property for \$127,000.

The trailer park, appraised at \$47,000, was sold to John Earl Dillon, of Prestonsburg, for \$46,050. The Mare Creek property, valued at \$80,000, reverted to the First National Bank, which submitted the only bid, for \$55,000.

Jamie Lynn Hall, four-year-old daughter of James G. and Michelle Hall, of Topmost, was chosen Cinderella Tot, May 19, at Allen Central High School. Jamie was the overall winner with the highest score in her age division. She now goes on to represent Eastern Kentucky at the state finals, June 29, in Williamsburg, Ky.

She is the granddaughter of Dewey and Mary Evelyn Hall, of Wayland, and Harold and Marie Hall, of Topmost.

Bill Conley Named To OSU Grid Post

(Excerpted from the Columbus, O. Dispatch)

Bill Conley, a former player who also nounced Saturday as the choice at Ohio State University to replace offensive backfield coach Wayne Stanley, who resigned.

Conley, 32, was head coach the past two seasons at Middletown High School in southwestern Ohio. Coincidentally, four Middletown players have signed with the Buckeyes in that time, including three this year. Among the three was Cris Carter, one of the most highly recruited wide receivers in the country.

Conley graduated from Pleasant View High School in southwestern Franklin County in 1968 and was a walk-on football player at OSU. He eventually earned an athletic grant and lettered twice at offensive guard.

He was an assistant coach at London (Ohio) High School in 1972-73 and head coach there from 1974-77. Conley was out of coaching in 1978 but returned as head coach at Groveport in 1979, and in three years posted a 15-14-1 record. At Middletown the past two years, he was 15-5, including 9-1 last year.

Conley, a head coach nine of his 11 years in coaching, said he had turned down other opportunities to be an assistant on the college level in the past. "But Ohio State is something special."

"It was a tough decision. But at the same time, being an assistant coach at Ohio State is one of the greatest opportunities anybody can have."

He is the son of Eucker Conley, of Ashland, and Mrs. Melba Dean, of Columbus, Ohio. He is also the grandson of the late Marion Martin, of Drift, and Mrs. Amy Martin, who now resides in Columbus, Ohio.

CARD OF THANKS
 The family of Walter Jones wishes to thank all who were so kind and considerate during our time of grief. We want to thank those who sent flowers and gifts of love. We especially thank the members of the Wayland United Methodist Church, the staff of the McDowell Appalachian Regional Hospital, Dr. Rivera, Dr. Vicars, the friends in Wayland, and the Hall Funeral Home for being so kind. All your kindnesses were greatly appreciated.

W'wright To Represent County in Tournament

Floyd county will be represented by Wheelwright, coached by Danny Johnson, in the third annual 15-and Under AAU/USA Junior Olympic State Basketball Championship Tournament to be held June 27-30 in Frankfort.

Prior to these detonations, the audible signals above will be sounded. In addition, all residents or owners of dwellings or structures with one-half (1/2) mile of the blasting activity will be notified orally or by the most appropriate means.

Two Drivers Involved In Two-Car Collision Deny Blame at Trial

A Floyd Circuit Court jury began to hear Tuesday a complex series of claims and counterclaims stemming from a 1982 automobile collision on the Mountain Parkway.

Ellis Castle, 49, of Auxier, was nearing Prestonsburg around 11 p.m. on March 6, 1982, when his Cadillac ran head-on into a Dodge driven by Leonard Stephenson, Jr., 25, of the Middle Creek road. Both drivers claim the other driver crossed the center-line prior to the collision.

Stephenson, who suffered injuries to the hip, liver and spleen, said he had medical bills amounting to \$46,000 and he also seeks damages for his pain and suffering. Castle sustained broken ribs and a cut eyebrow.

Also seeking damages, from whichever driver the jury reckons to have been at fault, are Stephenson's two passengers—Robin Frasure, 23, of Langley, in whose car they were riding, and Lloyd Keith Hall, 24, then of the Middle Creek road and now of the Goble Roberts Addition—and a passenger in Castle's car, Johnny Collins, 37.

Stephenson, then a mobile home dealer, and his passengers were traveling a short distance from his home to Hall's when the accident occurred, on a curve just above Clark Elementary School. Castle was returning from Lexington, where he had gone to help Collins move his furniture back to Floyd county.

FEMA Scales Down Flood Aid Operation

The Federal Emergency Management Agency (FEMA) disaster assistance teams are beginning to phase out the operations they began here in the wake of last month's flooding. An office will remain open in Floyd and Pike counties one day a week as long as needed, however.

Applications for temporary housing, individual and family grants, and Small Business Administration loans may be made by flood victims on Mondays, from 10 a.m. to 4:30 p.m., at the Department for Social Insurance office on the Auxier road (886-3871).

Applicants for SBA loans should not delay, said field manager Frank Tindall. Applications may be mailed to Small Business Administrator, P.O. Box 1618, Paintsville, Ky. 41240. For further information call, toll-free, 1-800-422-1044.

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT
 82-CI-687
 Family Federal Savings And Loan Association, Paintsville, Ky., Plff. VS: NOTICE OF SALE
 Palmer Crider, Betty Lou Crider, United States of America and Floyd county... Defts.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the March 5 and May 3 terms, 1984, in the above-styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 5th day of July, 1984, at 11 o'clock a.m., same being a day of the regular term of the Floyd Circuit Court, for cash or upon a credit of three (3) months, the following described property, to-wit:

That certain tract or parcel of land, lying and being on the waters of Woods Branch, a tributary of Cow Creek in Floyd County, Kentucky, and being the same land conveyed to Palmer Crider and Betty Lou Crider, by deed from W. T. Foley and Pauline Foley, his wife, on May 23, 1977, recorded in Deed Book 229, page 197, Floyd County Clerk's Office.

That certain tract or parcel of land lying in Floyd County, Kentucky, on Woods Branch, a tributary of Cow Creek, containing 4 acres, more or less, and being more particularly described as follows:

Beginning at an iron stake on east side of Woods Branch and also joining line with Laura Belle Herald's line approximately 40 feet from culvert of State Road; thence running with State Road approximately 550 feet southeast to Edd Hunt's line to the top of the point of Laura Belle Herald's line; thence down the point with old fence to the beginning at Wood's Branch.

If the purchaser is other than the Plaintiff, Family Federal Savings and Loan Association, Paintsville, Ky., they shall make a cash deposit of \$1,000.00 on date of sale.

The amount of money to be raised by this sale shall be in the sum of \$15,167.06 plus interest, the sum of \$11,323.58, and the principal sum of \$33,118.02 with interest thereon at 12% annually from the 5th day of March, 1984 on both debts plus \$558.21 accrued interest until satisfied and the costs of this action, including costs of advertising of this sale and the fees and commissions for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force the effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 18th day of June, 1984.
 MARSHALL DAVIDSON,
 Master Commissioner

Watchtower Convention Set In Huntington

The Watchtower Bible and Tract Society of New York has scheduled 119 district conventions of Jehovah's Witnesses throughout the United States this summer.

A number of members of the Allen Congregation of Jehovah's Witnesses will attend one of two such meetings next month at the Huntington, West Virginia, Civic Center. About 14,000 Witnesses from this region will be at the Huntington conventions, said local minister Meredith Spurlock.

Around 1,150,000 persons are expected at the "Kingdom Increase" conventions in 64 other cities. Much of the program will be about the growth of the religious group in recent years.

"Jehovah's Witnesses are marking a centennial this year," said Spurlock. "The modern day history of Jehovah's Witnesses started 100 years ago with a handful of Bible students. Today 2,600,000 of us are doing a ministerial and preaching work in 205 lands. This indicates the tremendous growth we have had," said Spurlock.

Church Groups Join In Follow-Up Relief

By REV. TIMOTHY JESSEN
 Pastor, First Presbyterian Church

Though memories of the flood of 1984 are now quickly fading for those who were not deeply affected, many citizens in the county remain in need of many kinds of assistance before their lives can return to normalcy. With the departure of the American Red Cross Center from Allen Central High School, more and more of the recovery effort will be left to local agencies for follow-up and assistance.

It is at this point—when Red Cross and federal aid efforts are exhausted—that the services of the churches and the community at large are greatly needed. To this end, several recent meetings have been held to help organize the long-term recovery efforts.

A meeting sponsored by the United Methodist Committee on Relief was held at the first Methodist Church here last Thursday, with pastors, lay people, and other interested persons present from three counties affected by the flooding—Floyd, Pike and Martin. In addition to representatives from the New York headquarters of the Relief Committee, the district superintendent, Robert Wood, met with people from Salisbury, Allen, Elkhorn City, Shelbyana, Warfield, Inez and other communities in the Big Sandy Valley. Efforts to help these and other flooded areas by United Methodists will be coordinated with other church and ecumenical agencies. Chalmers Frazier will coordinate Methodist help locally.

The Rev. Alan McCraime, disaster coordinator for the Kentucky Council of Churches, working out of Lexington, spoke at the Prestonsburg meeting of efforts of the Kentucky Council to aid victims whose needs fall "between the cracks" of Red Cross and federal and state programs of aid. Under the leadership of the Rev. Timothy Jessen, president of the Floyd County Ministerial Association, an ad hoc group is being formed to help direct assistance from various church groups and agencies to persons most in need.

A preliminary meeting was held two weeks ago at Our Lady of the Way Hospital, Martin, and a follow-up meeting will be held at the Martin Methodist Church tomorrow (Thursday) at 7 p.m. The Martin church was itself severely affected by the recent flooding. All ministers, concerned lay people, and other citizens willing to be involved in volunteer recovery efforts are being asked to attend this meeting, to plan for a more effective, coordinated response to needs.

The Rev. Mr. McCraime will be present from the Kentucky Council, as well as representatives of other church denominations that are willing to send in volunteer groups to do home repair and help rebuild flooded homes. Already several work camp groups have been at work in the county—last week from Barberton, Ohio and Raleigh, N.C.—doing such work under the leadership of agencies already at work in the county. It is hoped that the work may be coordinated, and special needs identified, and that the local community may be more effectively mobilized to deal with its own disaster.

These efforts, as well as attempts to

get the local chapter of the American Red Cross revitalized for local service, indicate that the community, having survived the emergency and short-term relief periods of the flood disaster, is now moving toward a long-term recovery effort.

Commodities To Be Distributed Today

The Big Sandy Area Community Action Program will be giving out commodities to qualified low-income people in Floyd county, today (Wednesday).

Applications will be taken and commodities given out at the following locations:

CAP Office, Stumbo Park, Allen; Senior Citizens Center, Wheelwright, and also at the John M. Stumbo School, Grethel.

Distribution will start at 8 a.m. and will continue until all commodities are given out. Applicants must show identification that shows a valid Social Security number.

Persons unable to pick up commodities can authorize another person to be their representative. The representative will need to show a signed, dated statement by the intended recipient which authorizes the representative to pick up their commodities. The authorized representative will also need to have one form of identification for the recipient such as driver's license, medical card, social security card, etc. The elderly and handicapped persons will have priority.

Further information may be obtained by calling the Big Sandy CAP Office at Allen, (606) 874-2965.

Jean Ritchie Concert Here to Aid Hospice

Hospice of Big Sandy will present famed Eastern Kentucky folk singer Jean Ritchie in concert, Friday, June 29, at 8 p.m. in the Pike Auditorium, Prestonsburg Community College campus.

A Jean Ritchie concert is an unforgettable experience. For those who are native to Southeast Kentucky, her tales and songs will bring back memories of years gone by. Jean was the youngest of fourteen children of Balis and Abigail Hall Ritchie, who lived in the tiny village of Viper on the North Fork of the Kentucky River in Perry county. She has gone on to record and transmit to the present generation many of the old ballads and songs with which she was raised. The New York Times says: "Jean Ritchie is one of the finest authentic traditional folk singers we have in the United States today."

People in our area will have an opportunity to hear her June 29 and support a worthy cause as well. In addition to the concert, a "silent" auction will be conducted, during which people may submit bids for various items donated to benefit the Hospice program.

Tickets are available at the door, or by calling 886-1962 or 886-2214.

To Appear at Auxier Church

The Victormen Quartet from Free Will Baptist Bible College, Nashville, Tenn., will be in the service at the Auxier Free Will Baptist Church, Sunday morning, June 24, at 11. Rev. Douglas Burkett is the pastor.

Cratis D. Williams To Lead MSU's Appalachian Celebration

America's foremost Appalachian scholar will be at Morehead State University, June 25-29, for the eighth annual Appalachian Celebration.

Dr. Cratis D. Williams, a native Eastern Kentuckian and one-time MSU student who now is special assistant to the chancellor at Appalachian State University in Boone, N.C., will be the Appalachian Celebration's Scholar-in-Residence.

Williams, a native of Lawrence county, will lecture, teach, autograph his new memoir, and receive an honorary degree from MSU.

At 8 p.m. Tuesday, June 26, MSU President Morris L. Norfleet will present Williams on honorary doctorate. Williams will then lecture on "My Relationship over the Years with Morehead and Morehead State University."

During the reception to follow, Williams will autograph copies of "William H. Vaughan: A Better Man Than I Ever Wanted To Be," a memoir published by MSU's Appalachian Development Center. The book recalls Williams' relationship with the educator who was president of MSU from 1940 to 1946.

Williams' other public lecture will be "Folk Remedies in Appalachia" at 6:45 p.m. Thursday, June 28, in 401 Reed Hall. During Celebration Week he will also co-teach a class in Appalachian

GERODONTOLOGY

Q. What is gerodontology?

A. You probably know the term "geriatrics"—health care of the aging. Gerodontology is the dental science within that health specialty. Scientists are constantly learning more about the dental problems of the aging and their cures. This growth of knowledge and advance in techniques is essential, for today there are more older people in our population than ever before, and their number increases daily.

Most dentists treat many older patients in their regular dental practice, so they make a point of staying up-to-the-minute on the newest and best treatments for this age group.

TV Nostalgia

By Katy Koontz

Would you believe that a spy show spoof about an inept secret agent known for regularly speaking into his shoe could run on television for five years (four on NBC and one on CBS) in the late '60s? "Get Smart" did just that, with Don Adams playing Maxwell Smart, Agent 86 for C.O.N.T.R.O.L. — a Washington-based counterintelligence agency headed by "The Chief" (Edward Platt). Smart's partner, Agent 99 (Barbara Feldon), was much more capable than her enthusiastic but bumbling co-worker, who she eventually married in the show's third season.

The pair's arch enemy was a group called K.A.O.S. that wanted total control of the entire world. K.A.O.S. was run by Conrad Siegfried (Bernie Kopell) and his assistant Starker (King Moody), who set up plenty of clever traps for Smart and 99. The couple eventually managed to find their way out of every one of them, whether Smart got smart or just plain lucky.

Question: What was Agent 99's real name on the show?

Answer: Susan Hilton

CARD OF THANKS
The family of Ronald Ousley would like to thank all of our friends, neighbors, and relatives for all the kindness shown to us in our hour of sorrow. Thanks to those who sent food and flowers, the Rev. L.P. Tussey and Hall Funeral Home for its kind and efficient service.
MARY AND FRANKIE OUSLEY

CARD OF THANKS
Beverlee and Daisy Tackett would like to thank each and everyone who sent flowers, food, or who gave money to help in their time of sorrow. Thanks also to the Regular Baptist ministers, to the Floyd County Emergency and Rescue Squad for their effort and help, and to the Merion Funeral Chapel for their kindness and help upon the passing of our loved one, Willie Tackett, Jr.

NOTICE OF INTENTION TO MINE
Pursuant To Application Number 436-5086
In accordance with the provisions of KRS 350.055, notice is hereby given that Buck Coal, Inc., Star Rt. 2, Branham Village, Prestonsburg, Ky. 41653, has filed an application for a permit for an underground mining operation. The proposed operation will affect a surface disturbance of 16.5 acres and will underlie an additional 110.0 acres located 3/4 miles southeast of Blue Moon in Floyd county. The proposed operation is approximately 1 mile southeast from State Route 2030 junction with Little Mud Creek Road and located 3.4 miles east of Little Mud Creek. The latitude is 37° 30' 00". The longitude is 82° 40' 30". The proposed operation is located on the Harold and McDowell U.S.G.S. 7 1/2 minute quadrangle map. The surface area to be disturbed is owned by Nora Clark, Grace Hall, Willie F. Clark, Willie Kidd, Elkhorn Coal Corporation, Wilburn Akers, Thurman Akers, John Mature, Parson heirs, Nelson Tackett, Curt Tackett, John Tackett, Wendell Stratton, Arrith Tackett, Willie Meade heirs. The operation will underlie land owned by The Elkhorn Coal Corporation, and Willie F. Clark. The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 503 South Lake Drive, Prestonsburg, Ky. Written comments, objections, or requests for a permit conference must be filed with the Director of the Division of Permits, 6th Floor, Capital Plaza Tower, Frankfort, Kentucky 40601. This is the final advertisement of this application; all comments, objections, or requests for a permit conference must be received within thirty (30) days of today's date. 1t.

IN MEMORIAM
In loving memory of mother, Zella Martin. God called her away March 5, 1981. God knew what was best. God bless her. Sadly missed by children and friends 1t.

AARP BOARD MEETS
Board members of the Jenny Wiley Chapter, A.A.R.P., held a meeting at the Prestonsburg Municipal Building, June 8, at 7 p.m. The president, Jack Freed, told of the recent state A.A.R.P. meeting, at London, Ky., which he attended. A discussion in regard to the possibility of starting a health program was held, and it was said that members of another organization are needed to help in this endeavor. The "55 Alive" Drivers' Training course needs 10 students in order to be offered. It was announced that persons participating in this program could possibly receive a reduction in car insurance. The boatride, planned by members of the A.A.R.P., is to be June 21, at 11 a.m. Attending the board meeting were Jack Freed, Mrs. Opal S. May, Glenn Anderson, Mr. and Mrs. Aaron Akers, Mrs. Jean Hickman, Mrs. Dorothy Osborne, Mrs. Irene Cooley, Mrs. Sally Goble, Jimmy Goble, and Mr. and Mrs. Delmas Saunders.

To Study Banking Laws
The Department of Banking and Securities will hold a legislative conference to discuss Kentucky's banking laws which were revised by the 1984 General Assembly. According to Commissioner Ballard W. Cassidy Jr., the meeting is planned for June 25, beginning at 1 p.m. at the Capital Plaza Hotel in Frankfort.

IN MEMORIAM
In memory of Randall Fannin, who gave his life in battle (Italy) May 20, 1944.

RANDALL FANNIN
While bomber planes were roaring, And ships sank at sea, Our darling stood in battle, Praying, "Nearer, My God, to Thee." Our county was in danger, Randall knew he couldn't stay; With chin up and smiling, Thus our boy marched away. Away from home and kindred, Away from his native land; We thank God for remembrance When He took Randall's hand. Should he awaken from slumber, His words would surely be, "Dear Brother, Please weep not for me." Brother Herschell 1t.

A TRIBUTE TO BUTLER HAMILTON ON FATHER'S DAY
Dad, you were the best father a girl could have. Your honesty was a virtue that will live with me forever. Sadly missed by your daughter, V. LOIS HAMILTON WELLS Ypsilanti, MI

—Photo by Steve Porter
Kristy Lynn Bishop, 13-year-old daughter of Richard Bishop and Thelma Wallen Bishop, of Auxier, won the title of Ky. Summer Ray Queen, Sunday, June 10, at Wheelwright High School. She won the titles of beauty, sportswear, swimwear and photogenic queen and also won two special events, "Most Beautiful" and "High Point Queen," ages 9 to 17 years and won the titles of Sportswear Queen, Churchwear Queen, and two special awards of "Prettiest Dress" and Most Beautiful at the Queen of Queen's Beauty Pageant held at Allen Central High School.

Kristy is granddaughter of Mr. and Mrs. Ollie P. Wallen, of Prestonsburg and Mr. and Mrs. John Bishop, of Paintsville.

Disaster Hotline To Close Sundays

Effective June 16, the Federal Emergency Management Agency's Toll-Free Disaster Hotline (1-800-422-1044) will cease operation on Sunday. The hotline has been in operation seven-days-a-week since May 18 and has handled 5,195 calls to June 10.

The hotline still maintains hours 8 a.m. to 5 p.m. Monday through Saturday, and is always available for:

- Up-to-date information on disaster programs.
- Assistance in filling out forms and papers for processing.
- Housing information—in particular, temporary housing and mobile home sites being offered from the FEMA program.
- Any questions whatsoever pertaining to disaster matters. Deadline for applying for disaster assistance is July 16.

Put Your Lawn Work In Our Hands

Let GREENLAND take over your lawn needs after your landscaper has finished. In the event that you are not quite satisfied with the color or quality of your lawn, there is an easy solution to this dilemma. Call GREENLAND LAWNS. No, not the Greenland just North East of us with the famous Ice Shelf—but the Greenland that's going to be famous for its green, lush lawns.

JUST CALL 886-8097 OR 886-1798 for an appointment, or drop by and talk with Paul Green, your local Greenland Representative located at SHILOH GARDENS, U.S. 23, between Paintsville and Prestonsburg.

Greenland Lawns provides quality seeding, fertilizing, mowing, and trimming. Other services available are Aeration Power Raking or Thatching. Some lawns may need selective herbicide application, fungi treatment, or perhaps an insecticide to further enhance an already mature lawn. Crabgrass, ground ivy, webworm, dandelion, etc., should be addressed. We also install manual and automatic sprinkler systems. This maintenance service is available for large or small lawns.

INVITATION TO LEASE OFFICE SPACE
The Finance & Administration Cabinet of Kentucky desires to lease approximately 2,600 net square feet of office space to be located in Prestonsburg or Paintsville, Kentucky. Space must be available for occupancy on or before September 15, 1984.
Responses may be made by any person in writing on or before 10:00 a.m. Friday, June 29, 1984. You need only to designate the type and location of the property, the name, address, and phone number of the property owner, and the date of availability of the property for lease. Lease Requisition Number SR-263 should be clearly marked on the outside envelope of each proposal submitted to Room 171, New Capitol Annex, Frankfort, Kentucky, 40601.
All responses received will be publicly opened and read at the above designated time. You will be notified by a representative of the Leasing Branch so that an appointment can be made to inspect the proposed facility.
Property must be approved by the Office of the State Fire Marshal, meet OSHA and handicapped accessibility specifications, as well as existing applicable building codes. For any additional information contact Jim Butler of the Leasing Branch at (502) 564-2416 or 2319.

WHAT EFFECT DOES PRE-PLANNING HAVE ON SURVIVORS?

Generally, there are strong benefits to your survivors!

Consider the impact of pre-planning on your survivors: will they understand you want your own wishes carried out and not theirs? That you may wish to economize in your choice of service, casket, etc., instead of putting the choice in their hands when they are under great stress and shock?

Will they understand that you want a certain specific order of service? A particular portion of scripture read? Your favorite music? Your designation of minister? And, of course, that you insist on paying for it yourself, sparing them the emotional and financial burdens?

Many of those for whom we have pre-planned funerals have solved these difficult considerations. They have involved their families in the decision-making process. You, too, may wish to invite members of your immediate family to discuss pre-planning with you and with one of our professional funeral counselors.

Once having made your funeral arrangements, your sense of security and accomplishment may be comforting and valuable to you and your loved ones.

Weather Outlook Is Poor But All May Not Be Lost

Mother Nature is keeping Kentucky's farmers on their toes (or back on their heels?).

This spring, planting was delayed in many areas of the Commonwealth by heavy rains. In some areas, rain flooded lowlands and riverbottoms where corn and other crops were planted. Cooler-than-normal temperatures kept early plant growth at a minimum.

Now, farmers are faced with another weather extreme—above-average temperatures and below-normal rainfall. They are concerned with getting enough water to livestock and crops

each day, and getting field work done in 90-degree weather.

"Current weather conditions are causing problems in parts of the Commonwealth," said Agriculture Commissioner David E. Boswell. "It's hard to forget what the drought did to livestock and crop production last year."

Figures released by the Kentucky Crop and Livestock Reporting Service show that Kentucky's crop planting is ahead of the planting at this time last year.

As of June 10, corn planting was 94 percent complete. That is 15 percent above last year's figure and 1 percent above a five-year average.

Soybean planting is currently 23 percent above last year's figure. This figure should increase as some Western Kentucky fields, still wet from flooding, begin to dry.

Sixty-two percent of Kentucky's burley planting is completed. This time last year, planting was only 42 percent complete. A five-year average finds this year's crop still 2 percent below the average.

Generally, tobacco plant supply is adequate, and tobacco in the field is in good condition.

This year's peach crop is estimated only 3 million pounds, half of last year's harvest. This is the third consecutive year the Commonwealth's peach production has declined. The decrease is blamed on poor weather conditions.

"Even though most of Kentucky is now experiencing hot, dry weather, we can be optimistic that so many of our crops got a good start before the heat came," the Commissioner said. "Drawing on our experience from last year, we hope to battle the elements and make this a productive growing season."

Library Has Titles In KET Book Series

All the books featured on "Reading Rainbow," the children's book series which returns next week to Kentucky Educational Television, are available in the Floyd County Library, Librarian Carolyn Traum confirmed this week. The books are identified by a rainbow appearing on the dust jacket.

"Reading Rainbow" is a weekday series hosted by LeVar Burton, who appeared as Kunte Kinte in the mini-series "Roots." It returns to KET next Monday, June 25, at 6 p.m. The program reveals the fascinating world inside one featured book through illustrations and lively narration by well-known stars such as Ruby Dee, Lorne Greene, Raul Julia, and William Windom.

The book list for the "Reading Rainbow" series, from which a book is featured daily, is as follows:

"Tight Times," "Miss Nelson Is Back," "Bea & Mr. Jones," "Bringing The Rain to Kapiti Plain," and "Louis The Fish" for the week of June 25 to 29.

"Digging Up Dinosaurs," "Liang & The Magic Paintbrush," "Gila Monsters Meet You At The Airport," "Three Days On A River In A Red Canoe" and "The Gift Of The Sacred Dog" for the week of July 2 to 6.

"Gregory The Terrible Eater," "Three By The Sea," "Arthur's Eyes," "The Day Jimmy's Boa Ate The Wash" and "Ty's One Man Band" for the week of July 9 to 13.

"Hot Air Henry," "Simon's Book," "Ox-Cart Man," "Mystery On The Docks," and "A Chair For My Mother" for the week of July 16 to 20.

The entire "Reading Rainbow" series begins again (with "Tight Times," etc.) on July 23.

To Wed June 23

Leonard Kiser, of Hi Hat, and Connie Osborne, of Wheelwright, announce their engagement and forthcoming marriage, June 23, at 3 p.m. at Samaria Church. Elder Kermit Newsome, will perform the ceremony.

Family and friends are especially invited.

Wins RECC Award

Miss Sherry Lynn Stephenson, daughter of Leonard and Betty Stephenson and a student at Prestonsburg High School, has been named recipient of the Big Sandy RECC award. The award is presented annually to the junior student who achieves the highest score on an examination that is administered to RECC students living in a five-county Eastern Kentucky area.

One result of this award is that Miss Stephenson was given a week's expense-paid tour of Washington, D.C.

An honor student, she is recording secretary of the National Honor Society and is a member of the National Beta Club.

State FFA Officer

The Kentucky Association of Future Farmers of America has announced that Dewey Stephens, of Prestonsburg, has been elected secretary of the state association of Future Farmers of America. Stephens, a 1984 graduate of Prestonsburg High School, is the son of Edgar and Loretta Stephens, of Prestonsburg. He has spent the past week in Louisville at the state FFA convention where he underwent interviews by a committee of FFA members who nominated him for this office. His FFA record includes two-time state finalist in public speaking, an outstanding leadership award, chapter Star Farmer, chapter secretary 1982-84, president of the Eastern Region FFA, and chairman of Community Services committee. Stephens is also a member of the National Honor Society, National Beta Club, Who's Who Among American High School Students, and the Society of Distinguished American High School Students. He is the first state officer from Prestonsburg and plans to attend the UK College of Agriculture and study pre-veterinary medicine.

Other business transacted at the convention included presentation of a Bronze Emblem Chapter Award to Prestonsburg FFA, elevation of Mark Greene, Greg Prater, and Dewey Stephens to degree of State Farmer, and a Leadership Conference. Keith Hackworth served as official delegate, and Edgar Stephens served as chaperone. One of the highlights of the convention was meeting with the National FFA President, Ron Wineinger.

ATTENTION! ATTENTION! DAVIDSON MEMORIAL GARDENS PLOT OWNERS

If you have put several flower arrangements on your cemetery plots, please come and pick your flowers up if you want to keep them. We can't mow or trim because of the flowers on the grass. Also the grass is dying. Please put the flowers in the vases or on the monuments only. In order to keep the cemetery neat we will have to dispose of the flowers that are on the grass unless you come and pick them up.

Kentucky Power Asks Stiff Rate Increase

Kentucky Power Company filed last Friday an application with the Kentucky Public Service Commission, seeking a \$51.7-million increase in its retail electric rates. Under normal Public Service Commission procedures, the new rates would take effect in December.

The increase amounts to an average of about 26%, according to Robert E. Matthews, president of the company. The effect of the proposed increase on a residential customer using the company average of 1,088 kilowatt-hours a month would be an increase of \$14.65. The company serves some 145,000 customers in 20 eastern Kentucky counties.

The power company executive said the major portion of the increase is made necessary by two major additions to the Kentucky Power system which will be ready for service later in 1984: Unit 1 of the new Rockport Plant in Indiana, of which Kentucky Power has petitioned to own 15%, and the 765,000-volt Hanging Rock-Jefferson transmission line.

Matthews said, "Our customers have been very fortunate. We have not had to add any facilities of this magnitude to serve them for 15 years. This has given Kentucky Power customers rates which are among the lowest in the nation. But their growing demands for electricity and our obligation to insure adequate, reliable electric service make these projects and this rate increase request necessary."

The last generation built by Kentucky Power was completed in 1969, when a unit was added to the company's Big Sandy Plant at Louisa. "However, this past winter, a new all-time peak demand for electricity was established by our customers which was almost equal to

the total generating capacity of the Big Sandy Plant, our only generating facility. Our customers' needs this coming winter could well exceed our generating capacity," Matthew said.

Also contributing to the need for the rate increase are the costs associated with a major transmission line which will be completed later this year, reinforcing Kentucky Power's ability to obtain large blocks of electricity when needed, and to export idle capacity when we do not need it, Matthews added. The line will provide another major tie for the company with other member companies of the American Electric Power System.

Luncheon To Honor Kentucky Teachers

More than 350 teachers from across Kentucky will be in Frankfort tomorrow, Thursday, to attend a luncheon in their honor given by Superintendent of Public Instruction Alice McDonald.

The program was designed this year to recognize a teacher in each public school across the state who was an example of excellence in teaching and inspires students of all backgrounds and abilities to learn, according to McDonald.

"Kentucky has some of the brightest and most dedicated teachers in the nation," said McDonald. "This day is just a small way to show our appreciation to them for their dedication."

NOTICE

NOTICE OF PROPOSED RATE INCREASE

Rates contained in this notice are the rates proposed by Kentucky Power Company. However, the Public Service Commission may order rates to be charged that differ from these proposed rates. Such action may result in rates for consumers other than the rates in this notice.

TERMS AND CONDITIONS OF SERVICE

EMPLOYEES' DISCOUNT.

Regular employees who have been in the Company's employ for 6 months or more may, at the discretion of the Company, receive a reduction in their residence electric bills for the premises occupied by the employee.

TARIFF R.S. (Residential Service)

RATE.
Service Charge \$7.00 per month
Energy Charge
First 500 KWH per month 6.057 cents per KWH
All Over 500 KWH per month . . . 4.638 cents per KWH

SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service.

TARIFF RS-LM-TOD (Residential Load Management Time-of-Day Electric Service Schedule)

AVAILABILITY OF SERVICE.

Households eligible to be served under this Tariff shall be metered through one single-phase multiple-register meter capable of measuring electrical energy consumption during the on-peak and off-peak billing periods.

RATE.

For the service provided under this Tariff, the rate shall be:
Service Charge \$9.50 per month
Energy Charge
All KWH used during on-peak billing period 7.481 cents per KWH
All KWH used during off-peak billing period 3.036 cents per KWH

For the purpose of this Tariff, the on-peak billing period is defined as 7:00 a.m. to 10:00 p.m. local time, for all weekdays, Monday through Friday. The off-peak billing period is defined as 10:00 p.m. to 7:00 a.m. local time for all weekdays and all hours of Saturday and Sunday.

CONSERVATION AND LOAD MANAGEMENT CREDIT.

For the combination of an approved electric thermal storage space heating system and water heater, both of which are designed to consume electrical energy only between the hours of 10:00 p.m. and 7:00 a.m., local time, for all days of the week, each residence will be credited 1.179 cents per KWH for all energy used during the off-peak billing period, for a total of 60 monthly billing periods following the installation and use of these devices in such residence.

SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service.

SEPARATE METERING LOAD MANAGEMENT PROVISION.

Customers who use electric thermal storage space heating and water heaters which consume energy only during off-peak hours specified by the Company, or other automatically controlled load management devices such as space and/or water heating equipment that use energy only during off-peak hours specified by the Company, shall have the option of having these approved load management devices separately metered. The service charge for the separate meter shall be \$3.00 per month.

TARIFF G.S. (General Service)

AVAILABILITY OF SERVICE

The rates for service at 2.4 KV and above as listed below are available only where the customer furnishes and maintains the complete substation equipment including all transformers and/or other apparatus necessary to take the entire service at the primary voltage of the transmission or distribution line from which service is to be received. The rates set forth in this tariff are based upon the delivery and measurement of energy at the same voltage.

Existing customers not meeting the above criteria will be permitted to continue service under present conditions only for continuous service at the premises occupied on or prior to December 5, 1984.

RATE
For Capacity Requirements less than 5 KW.
Service Charge per month \$10.25
Energy Charge per KWH:
First 500 KWH per month 7.252 cents
All Over 500 KWH per month 4.399 cents
Monthly Minimum Charge \$10.25

Table with columns for Delivery Voltage (Below 2.4 KV, 2.4 KV and Above) and rows for Service Charge, Demand Charge, Energy Charge, and Monthly Minimum Charge.

MONTHLY BILLING DEMAND.

Billing demand shall be taken monthly to be the highest registration of a 15-minute integrating demand meter or indicator, or the highest registration of a thermal type demand meter. The minimum billing demand shall be 5 KW.

MINIMUM CHARGE.

This tariff is subject to a minimum charge equal to the sum of the service charge plus the demand charge multiplied by 5 KW for the demand portion (5 KW and above) of the rate.

Industrial and coal mining customers contracting for 3-phase service after October 1, 1959 shall contract for capacity sufficient to meet their normal maximum demands in KW, but not less than 10 KW. Monthly billing demand of these customers shall not be less than 60% of contract capacity and the minimum monthly charge shall be \$4.45 per KW of monthly billing demand, subject to adjustment as determined under the fuel adjustment clause, plus the service charge.

TERM OF CONTRACT.

Contracts under this tariff will be required of customers with normal maximum demands of 100 KW or greater, except for 3-phase service to industrial and coal mining customers as provided elsewhere in this tariff. Contracts under this tariff will be made for an initial period of not less than 1 year and shall remain in effect thereafter until either party shall give at least 6 months' written notice to the other of the intention to terminate the contract. The Company will have the right to make contracts for periods of longer than 1 year and to require contracts for customers with the normal maximum demands of less than 100 KW.

SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service. This tariff is also available to customers having other sources of electrical energy supply but who desire to

purchase service from the Company. Where such conditions exist the customer shall contract for the maximum demand in KW which the Company might be required to furnish, but not less than 5 KW. The Company shall not be obligated to supply demands in excess of that contracted for. If the customer's actual demand, as determined by demand meter or indicator, in any month exceeds the amount of his then-existing contract demand, the contract demand shall then be increased automatically to the maximum demand so created by the customer. Where service is supplied under the provisions of this paragraph, the billing demand each month shall be the contract demand instead of the billing demand defined under paragraph "Monthly Billing Demand" and the minimum charge shall be as follows:

Service Charge \$12.50 per month
First 5 KW or fraction thereof of contract demand \$22.00 per month
Each KW of contract demand in excess of 5 KW . . \$4.45 per month per KW

This tariff is available for resale service to mining and industrial customers who furnish service to customer-owned camps or villages where living quarters are rented to employees and where the customer purchases power at a single point for both his power and camp requirements.

LOAD MANAGEMENT TIME-OF-DAY PROVISION.

Available to customers who use energy storage or other load management devices with time-differentiated load characteristics approved by the Company, such as electric thermal storage space-heating furnaces and water heaters which consume electrical energy only during off-peak hours specified by the Company and store energy for use during on-peak hours.

Customers eligible to be served under this provision shall have the load management devices separately metered by a time-of-day meter.

MONTHLY RATE.

Service Charge \$3.00 per customer per month
Energy Charge 8.243 cents per KWH for all KWH consumed on-peak
. 3.337 cents per KWH for all KWH consumed off-peak

For the purpose of this Tariff, the on-peak billing period is defined as 7:00 a.m. to 10:00 p.m. local time, for all weekdays, Monday through Friday. The off-peak billing period is defined as 10:00 p.m. to 7:00 a.m. local time for all weekdays and all hours of Saturday and Sunday.

SPECIAL TARIFF PROVISION FOR RECREATIONAL LIGHTING SERVICE.

Available for service to customers with demands of 5 KW or greater and who own and maintain outdoor lighting facilities and associated equipment utilized at baseball diamonds, football stadiums, parks and other similar recreational areas. This service is available only during the hours between sunset and sunrise. Daytime use of energy under this rate is strictly forbidden except for the sole purpose of testing and maintaining the lighting system. All Terms and Conditions of Service applicable to Tariff G.S. customers will also apply to recreational customers except for the Availability of Service.

RATE.

Service Charge \$12.50 per month
Energy Charge 5.600 cents per KWH

TARIFF L. G. S. (Large General Service)

AVAILABILITY OF SERVICE

Available for general service. Customers shall contract for a definite amount of electrical capacity in kilovolt-amperes, which shall be sufficient to meet normal maximum requirements but in no case shall the capacity contracted for be less than 100 KVA nor more than 1,000 KVA. The Company may not be required to supply capacity in excess of that contracted for except by mutual agreement. Contracts will be made in multiples of 25 KVA.

The rates for service at 2.4 KV and above as listed below are available only where the customer furnishes and maintains the complete substation equipment including all transformers and/or other apparatus necessary to take the entire service at the primary voltage of the transmission or distribution line from which service is to be received. The rate set forth in this tariff is based upon the delivery and measurement of energy at the same voltage.

Existing customers not meeting the above criteria will be permitted to continue service under present conditions only for continuous service at the premises occupied on or prior to December 5, 1984.

Table with columns for Delivery Voltage (Under 2.4 KV, 2.4 KV - 12.5 KV, 34.5 KV - 69 KV) and rows for Service Charge, Demand Charge, Energy Charge, and Monthly Minimum Charge.

MONTHLY BILLING DEMAND

Billing demand in KVA shall be taken each month as the highest 15-minute integrated peak in kilowatts as registered during the month by a 15-minute integrating demand meter or indicator, or at the Company's option as the highest registration of a thermal type demand meter or indicator, divided by the average monthly power factor established during the month corrected to the nearest KVA. Monthly billing demand established hereunder shall not be less than the customer's contract capacity except that where the customer purchases his entire requirements for electric light, heat and power under this tariff, the monthly billing demand shall not be less than 60% of the contract capacity. In no event shall the monthly billing demand be less than 100 KVA.

MINIMUM CHARGE.

This tariff is subject to a minimum monthly charge equal to the sum of the service charge plus \$3.50 per KVA of monthly billing demand.

TERM OF CONTRACT.

Contracts under this tariff will be made for an initial period of not less than 1 year and shall remain in effect thereafter until either party shall give at least 6 months' written notice to the other of the intention to terminate the contract. The Company reserves the right to require initial contracts for periods greater than 1 year.

SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service. This tariff is available for resale service to mining and industrial customers who furnish service to customer-owned camps or villages where living quarters are rented to employees and where the customer purchases power at a single point for both his power and camp requirements.

TARIFF Q. P. (Quantity Power)

AVAILABILITY OF SERVICE.

The customer shall own, operate and maintain equipment, including all transformers, and other apparatus necessary for receiving and purchasing electric energy at the voltage of the transmission or distribution line from which service is delivered.

The rate set forth in this tariff is based upon the delivery and measurement of energy at the same voltage.

Table with columns for Delivery Voltage (2.4 KV - 12.5 KV, 34.5 KV - 69 KV, Above 69 KV) and rows for Service Charge per month.

Table with columns for Demand Charge per KW, Energy Charge per KWH, and Reactive Demand Charge. Values range from \$10.23 to \$9.33 and 2.043 cents to 2.000 cents.

MONTHLY BILLING DEMAND.

The billing demand in KW shall be taken each month as the highest single 15-minute integrated peak in KW as registered during the month by a demand meter or indicator, or, at the Company's option, as the highest registration of a thermal type demand meter or indicator. The billing demand shall in no event be less than 60% of the contract capacity of the customer, nor less than 1,000 KW.

The reactive demand in KVARs shall be taken each month as the highest single 15-minute integrated peak in KVARs as registered during the month by a demand meter or indicator or at the Company's option, as the highest registration of a thermal type demand meter or indicator.

MINIMUM CHARGE.

This tariff is subject to a minimum monthly charge equal to the sum of the service charge and the demand charge multiplied by the monthly billing demand.

TERM OF CONTRACT.

Contracts under this tariff will be made for an initial period of not less than 2 years and shall remain in effect thereafter until either party shall give at least 12 months' written notice to the other of the intention to terminate the contract. The Company reserves the right to require initial contracts for periods greater than 2 years.

SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service.

This tariff is available for resale service to mining and industrial customers who furnish service to customer-owned camps or villages where living quarters are rented to employees and where the customer purchases power at a single point for both his power and camp requirements.

SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service.

TARIFF C. I. P. - T. O. D. (Commercial and Industrial Power - Time-of-Day)

AVAILABILITY OF SERVICE

Available to a designated group of commercial and industrial customers pursuant to Public Service Commission Order dated February 28, 1982, in Administrative Case 203.

The Order mandates that this experimental time-of-day tariff be implemented to the target group of customers for a 1-year period. At the conclusion of the 1-year period, customers will continue to be billed under this tariff until a final order is issued by the Public Service Commission in Administrative Case 203 on time-of-day rates. These customers shall contract for a definite amount of electrical capacity in kilowatts sufficient to meet normal maximum requirements but not less than 7,500 KW. The Company may not be required to supply capacity in excess of that contracted for except by mutual agreement. Contracts will be made in multiples of 100 KW.

The rate set forth in this tariff is based upon the delivery and measurement of energy at the same voltage. The customer shall own, operate, and maintain equipment, including all transformers, switches and other apparatus necessary for receiving and purchasing electric energy at the voltage of the transmission or distribution line from which service is delivered.

RATE.

Table with columns for Delivery Voltage (2.4 KV - 12.5 KV, 34.5 KV - 69 KV, Above 69 KV) and rows for Service Charge per month.

Table with columns for Demand Charge per KWH, Energy Charge per KWH, and Reactive Demand Charge. Values range from \$8.96 to \$2.08 and 2.043 cents to 2.000 cents.

For each KVAR of reactive demand in excess of 50% of the monthly on-peak or off-peak billing demands \$54 per KVAR

For the purpose of this tariff, the on-peak billing period is defined as 7:00 a.m. to 10:00 p.m. local time for all weekdays, Monday through Friday. The off-peak billing period is defined as 10:00 p.m. to 7:00 a.m. local time for all weekdays and all hours of Saturday and Sunday.

MONTHLY BILLING DEMAND.

The monthly on-peak and off-peak billing demands in KW shall be taken each month as the highest single 15-minute integrated peak in KW as registered by a demand meter during the on-peak and off-peak billing periods, respectively.

The reactive demand in KVARs shall be taken each month as the highest single 15-minute integrated peak in KVARs, as registered during the month by a demand meter or indicator, or, at the Company's option as the highest registration of a thermal type demand meter or indicator.

MINIMUM DEMAND CHARGE.

Table with columns for 2.4-12.5 KV, 34.5-69 KV, and Above 69 KV, and rows for \$10.23, \$9.33, and \$8.70 per KW.

TERM OF CONTRACT.

Contracts under this tariff will be made for an initial period of 1 year and shall remain in effect thereafter until the Public Service Commission issues a final order in Administrative Case 203.

SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service.

This tariff is available for resale service to mining and industrial customers who furnish service to customer-owned camps or villages where living quarters are rented to employees and where the customer purchases power at a single point for both his power and camp requirements.

TARIFF I. R. P. (Interruptible Power)

AVAILABILITY OF SERVICE.

The rates set forth in this tariff are based upon the delivery and measurement of energy as the same voltage. Company shall determine and advise customer which of its lines will be utilized to deliver service hereunder and shall specify the voltage thereof.

The customer shall own, operate, and maintain equipment, including all transformers, switches and other apparatus necessary for receiving and purchasing electric energy at the voltage of the transmission or distribution line from which service is delivered.

RATE.

Table with columns for Delivery Voltage (34.5 KV - 69 KV, Above 69 KV) and rows for Service Charge per month, Demand Charge per KW, Energy Charge per KWH, and Reactive Demand Charge.

MONTHLY BILLING DEMAND.

The billing demand in KW shall be taken each month as the highest 15-minute integrated peak in KW as registered during the month by a demand meter or indicator, or, at the Company's option, as the highest registration of a thermal type demand meter or indicator. The billing demand shall not be less than 60% of the contract capacity of the customer, nor less than 5,000 KW.

The reactive demand in KVARs shall be taken each month as the highest single 15-minute integrated peak in KVARs as registered during the month by a demand meter or indicator or at the Company's option, as the highest registration of a thermal type demand meter or indicator.

MINIMUM CHARGE.

This tariff is subject to a minimum monthly charge equal to the sum of the service charge and the demand charge multiplied by the monthly billing demand.

TERM OF CONTRACT.

Contracts under this tariff will be made for an initial period of not less than 2 years and shall remain in effect thereafter until either party shall give at least 1 year's written notice to the other of the intention to terminate the contract. The Company reserves the right to require initial contracts for periods greater than 2 years.

CONDITIONS OF SERVICE.

5. No responsibility of any kind shall attach to the Company for or on account of any loss or damage caused by or resulting from any interruption or curtailment of this service.

SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service.

Any corporation, body politic or person by motion within thirty (30) days after publication or mailing of notice of the proposed rate charges may request leave to intervene. Such motion shall be submitted to the Public Service Commission, 730 Schenck Lane, P.O. Box 615, Frankfort, Kentucky 40602, and shall set forth the grounds for the request including the status and interest of the party. Intervenor may obtain copies of the application and testimony by contacting Kentucky Power Company, 1701 Central Avenue, P.O. Box 1428, Ashland, Kentucky 41105-1428.

A copy of the application and testimony will be available for inspection in the offices of Kentucky Power Company located at Ashland, Grayson, Hazard, Jackson, Jenkins, Paintsville, Pikeville, Prestonsburg, West Liberty, Whitesburg, Kentucky, and Williamson, West Virginia. Ivel Pharmacy Student Wins Honors At U. of K.

Forty-three University of Kentucky pharmacy students, including one from Floyd county, were honored recently by the UK College of Pharmacy.

Honored for leadership and academic achievement during the 1983-'84 school year was John D. Butts, of Ivel. He received the Blue Grass Award given a third-year student selected by classmates for leadership, scholarship, activity and character. The award is sponsored by the Bluegrass Pharmacists.

Other area students honored were: —Debbie F. Litteral, of Van Cleve, Breathitt county, who received a Rho Chi achievement certificate for achieving a 3.5 or better grade point average in the pre-pharmacy curriculum.

—Leslie J. Wells, of Paintsville, who received a Rho Chi achievement certificate for obtaining a 3.5 or better grade point average in pre-pharmacy curriculum.

—Lanny R. Adkins, of Pikeville, who received the Outstanding Graduating Man award chosen by his classmates. The award is co-sponsored by the Kentucky Pharmacists Association and Lambda Sigma fraternity.

From Early Lessons He Learned Survival In The Wilderness

(National Wildlife Federation News) When he was 20, Tom Brown entered New Jersey's Pine Barrens with nothing but desire, curiosity, intuition, and survival skills he learned from an Apache Indian.

He lived in the woods for a year, making clothes from bark fiber, shelter out of leaves, tools from stones and bones, and a believer out of himself, according to the current issue of National Wildlife magazine.

Brown now runs a wilderness school, teaching 2,000 people a year how to survive in the outdoors. He also tracks lost hikers and fugitives, and teaches police officers and rescue crews how to track.

When Brown stepped naked into the Pine Barrens, a desolate place the size of Yosemite National Park, he was fulfilling a childhood dream at the age of 21.

"I wanted to test myself completely," he said in National Wildlife, published by the National Wildlife Federation. "I've been thinking of it ever since I'd learned, as a child, that Indian scouts frequently spent a year alone in the wilderness."

Brown grew up near the Pine Barrens and began learning about the woods at age 7. His teacher was an 83-year-old Apache Indian who lived with and taught Tom about survival for nine years before returning to his home in New Mexico.

As a sort of final exam, the Indian took Brown to a path made by an animal and asked him to read it.

"I said it was made by a two-year-old female coyote, weighing 25 pounds, carrying a rabbit in the left side of her mouth, and that an old injury to her right rear leg—probably she had been hit by a car—was causing her to put her weight more on her inner three toes," Brown recalled.

That kind of knowledge helped Brown in his time in the Barrens. His first shelter was a hut of leaves he built on a pole frame. He wove cedar bark fibers into a loincloth and ate edible plants. He used an ancient Indian weapon, a short, heavy stick hurled with great accuracy, to catch animals. He skinned rabbits with a tool known as an eolith, a sharpened stone.

Brown's Indian teacher had made Brown spend two weekends a year blindfolded in the woods, an experience that paid off one winter day when Brown became snowblind. He now teaches his students how to survive "blind."

Brown also teaches students how to create a fire, improvise animal traps, make bows and arrows, chip arrowheads and create wilderness shelters.

Not everyone has to take Brown's class to get the most out of a trip to the woods. Brown has some suggestions for outings:

—Don't worry about setting a schedule that must be followed when going for a walk—take your time.

—Do something different—take a new path, lie down, look up into the trees instead of down at the ground, look into dark places.

—Know where and when to look—wildlife concentrate in transition areas (the edges of forests, fields and streams), at night and before and after storms.

—To hide your scent from animals, try bathing with a natural soap. You can also rub your clothing and exposed parts of your body with pine needles, catnip or any other aromatic herb.

1984 Bluegrass King

Christopher K. Robinson, son of Mr. and Mrs. Kenny Robinson, of Martin, was crowned 1984 Bluegrass King at the pageant held May 19 at the Plantation Motel. He received a crown, trophy and banner. He was also named most photogenic and was presented a trophy and banner.

Christopher has won the photogenic categories at the Queen of Queen's Pageants at Allen Central and the Eastern Kentucky Starburst Pageant held June 3 at the lodge.

He is the grandson of Mr. and Mrs. Sam Robinson, of Martin, and Mrs. Josephine Scarberry, of Langley.

Snakes are deaf. When a cobra appears to rise to a snakecharmer's music, it is really only responding to motion.

Pharmacy Footnotes

By HAROLD COOLEY

Using herbs as medication can be a dangerous practice. Many people mistakenly believe that because herbal teas come from plant sources, they have an innocent, folkloric quality. In fact many herbal teas contain chemicals that interfere with normal physical and psychological functions. Some experts believe that herbal teas should be classified as drugs, not foods, because of their strong, and often uncharted, pharmacological effects. Doctors know, for example, that teas brewed from senna or aloe leaves can cause diarrhea. Camomile and goldenrod teas contain pollen that causes allergic reactions in some people. Comfrey tea contains alkaloids that are toxic to the liver and are carcinogenic in rats. And some herbal teas contain more caffeine than coffee.

COOLEY APOTHECARY looks forward to meeting the complete pharmaceutical needs of every member of your family...from the newborn baby to the Senior Citizen. We meet the highest level of professionalism in our business and would be honored to become your pharmacy. Patient profiles are maintained for your ease in obtaining proper credit at income tax time and for insurance purposes. We are located in the No. 2 Town Center Bldg., 886-8106. Master Charge and Visa honored plus we welcome all third party payments. Open: Mon.-Fri. 9-5:30, Sat. 9-4:30.

HANDY HINT:

Some doctors particularly warn against self-medicating with herbs in tablet form.

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT 81-CI-325

The Bank Josephine, a Kentucky Corporation Pif.

VS. NOTICE OF SALE

Sterling Hamilton and Olga Hamilton, his wife, and Sterling Hamilton, dba Sterling Hamilton Coal Company Defts. By virtue of a judgement and order of sale of the Floyd Circuit Court rendered at the January 17 term, 1983, in the above-styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 5th day of July, 1984, at 10:30 o'clock a.m., same being a day of the regular term of the Floyd Circuit Court, for 10 percent of the sales price as established by purchaser's bid and the balance upon a credit of thirty days, the following described property to-wit:

Those certain mineral tracts lying and being on the waters of Big Mud Creek in Floyd County, Kentucky, that were conveyed the defendant, Sterling Hamilton, recorded in the records of the Floyd County Clerk's Office, as shown below and as described more particularly as follows:

1. By deed of December 18, 1975 from Zettie Snyder, et al. as recorded in Deed Book 224, page 521, embracing 50 acres of surface, more particularly described as follows:

Beginning at a rock in the creek (Tinker Fork) of Big Mud Creek; thence N 40-30 E 200 feet crossing the bottom to an X on a rock at the corner of Mack Hamilton garden; thence S 72-45 E 103 feet to an X on a rock at the branch; thence up the center of the branch with Mack Hamilton's line to a point opposite a small elm at or near a small drain; thence N 7 W 25 feet to said drain; thence up said drain to the point; thence with the point and hill up same to a black walnut on top of the hill a corner to Red Si Hamilton; thence down the Red Si Hamilton's line to the creek (Tinker Fork); thence up the creek with Emery Kiser's line to the beginning.

This is subject to a 15-foot road through the property, as described in the aforesaid deed.

2. By deed of February 13, 1975 from Hamey Hamilton, et ux, as recorded in Deed Book 220, page 388, embracing 160 acres of surface, only, lying and being on the waters of Tinker Fork of Big Mud Creek, more particularly described as follows:

Beginning on a walnut tree a corner of Kendrick Johnson's line; thence a straight line to a marked locust on point; thence up the point to a marked stone; thence on same point to a twin black oak; thence on same point to top of a marked stone; thence with Snowden Keathley line to Barzee Elliott's line; thence turns left down the hill to a marked hickory; thence down the point to a beech tree; thence straight line to branch to Barzee Elliott line; thence down the branch to the beginning black walnut tree, embracing approximately 20 acres.

An additional tract described as follows:

Beginning at a small elm at mouth of a small drain a corner to Lot No. 6; thence up said drain with Lot 12, reversed to a small beech, thence up said drain to black gum; thence up hill to top of the hill; thence with the ridge to Lot No. 10; thence with Lot No. 10 running down the point to a sycamore; thence with the branch to the beginning; this tract referred to as Lot 11, Deed Book 153, Page 636. One tract known as G. W. Elliott Estate Lot Nos. 6, 7, 8, 9, 10, 12, beginning at a small elm at the Branch a corner to Lot No. 5 and leaving the branch and up the hill N. 28 E 130 ft. to a black oak on the point; thence up with center of the point to an X on a high cliff N 27 45 E 185 feet to a stake on center of the ridge a corner to Lot No. 4; thence with the center of the ridge around the head of the branch and down the ridge to a hickory a corner of Irie Hamilton; thence down the hill with said Hamilton's N 26 30 W 275 to a large rock between two large black gums on the point N 16 45 W 212 ft., to a small chestnut oak on the point N 16 30 W 357 feet to a small ash on the point N 30 W 320 feet to a large beech above the road continuing down the hill to a small elm at the mouth of drain below dump; thence down the center of the branch to the beginning. These seven tracts embrace a total of approximately 140 acres.

Notice To Public Of No Significant Effect On The Environment And Notice To Public Of Request For Release Of Funds

Date: June, 1984

FLOYD COUNTY FLOYD COUNTY COURTHOUSE PRESTONSBURG, KENTUCKY 41653 TO ALL INTERESTED AGENCIES, GROUPS, AND PERSONS:

On or about June 20, the above-named County will request the Kentucky Department of Local Government to release Federal funds under Title I of the Housing and Community Development Act of 1974 (PL 93-383) for the following project:

Floyd County Economic Diversification Project.

Provision of Water & Sewer to a Proposed Shopping Center and Motel.

Floyd County, Kentucky.

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and, accordingly, the above named County has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969 (PL 91-190).

The reasons for such decision not to prepare such Statement are as follows: The project is consistent with local and state plans; the project has overall beneficial effects upon the environment.

An Environmental Review Record respecting the within project has been made by the above-named County which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Review Record is on file at the above address and is available for public examination and copying, upon request, at the Floyd County Courthouse between the hours of 8:00 a.m. and 4:30 p.m.

No further environmental review of such project is proposed to be conducted prior to the request for release of Federal funds.

All interested agencies, groups, and persons disagreeing with this decision are invited to submit written comments for consideration by the County to the County Judge/Executive at the Floyd County Courthouse. Such written comments should be received at the Floyd County Courthouse on or before July 5. All such comments so received will be considered and the County will not request the release of Federal funds or take any administrative action on the within project prior to the date specified on the preceding sentence.

Floyd County will undertake the project described above with Block Grant funds from the Kentucky Department of Local Government under Title I of the Housing and Community Development Act of 1974. Floyd County is certifying to the State that Floyd County and John M. Stumbo, Judge Executive, in his official capacity, consent to accept the jurisdiction of the Federal Courts if an action is brought to enforce responsibilities in relation to environmental reviews, decisionmaking, and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval Floyd County may use the Block Grant funds and the State and HUD will have satisfied their responsibilities under the National Environmental Policy Act of 1969. The State will accept an objection to its approval only if it is on one of the following bases:

(a) The certification was not in fact executed by the County's Certifying Officer.

(b) The County has failed to make one of the two findings pursuant to 58.41 or to make the written determination decision required by 58.47, 58.53 or 58.64 for the project as applicable.

(c) The County has omitted one or more of the steps set forth at Subparts F and G for the preparation and completion of an EA.

(d) No opportunity was given to the Advisory Council on Historic Preservation or its Executive Director to review the effect of the project on a property listed on the National Register of Historic Places, or found to be eligible for such listing by the Secretary of the Interior, in accordance with 36 CFR Part 800.

Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58) and may be addressed to the Kentucky Department of Local Government, Capital Plaza Tower, 22nd Floor, Frankfort, Kentucky 40601.

Objections to the release of funds on bases other than those stated above will not be considered by the State. No objection received after July 23 will be considered by the State.

Attending U of L Program

The Council on Higher Education has selected Anthony Clark Stumbo, senior biology major at Alice Lloyd College, to participate in the Professional Education Preparation Program's 1984 MCAT/DAT Training Conference at the University of Louisville. The program begins June 11 and ends July 12. Students receive instruction in biology, physics, chemistry, math, analytical reasoning and vocabulary. Medical and dental students conduct test taking sessions designed to assist them in preparing for the MCAT/DAT. Student also visit various health facilities and points of interest in the Louisville area.

Stumbo has been on the Dean's Distinguished List for the past six semesters, held offices in student government and the pre-med club, and served as a lab assistant and tutor for the chemistry department at Alice Lloyd. He participated in the Health Careers Opportunity Program at the University of Kentucky last summer. He is the son of Clark and Carolyn Stumbo, of McDowell, and the grandson of Walker and Marie Stumbo, also of McDowell, and Luther and Gertrude Hurst, of Ypsilanti, Mich. He will finish his last year at Alice Lloyd this fall and plans to attend medical school after graduation.
