

THE CARNIVAL, along with the annual July Fourth softball tournament, is already attracting big crowds to Archer Park, the center of this year's holiday celebration in the Prestonsburg area. A special Fun Day for children is planned throughout the day today (Wednesday), followed by the City's customary fireworks display which will begin at around dark. For folks in the Auxier area, the town's community development club will have a fireworks show of its own.

## Flood Damage Figures Too Low, Say Officials

Federal disaster funds will foot the bill for only a fraction of the damage done to county roads by the May floods, county officials learned last week.

Floyd's status as an officially-declared disaster area means that 75 percent of the cost of repairing flood damage to county roads and bridges is theoretically eligible for reimbursement from federal funds. But cost estimates vary widely, it turns out, depending on who is doing the figuring.

Damage that U.S. Army Corps of Engineers inspectors put at close to \$1 million in this county can be repaired, says the Federal Emergency Management Administration (FEMA), for \$118,000. Judge-Executive John M. Stumbo said he would seek an early meeting with FEMA officials to see if the agency might revise its estimate.

County officials looked at the FEMA reckoning with disbelief last week, as hundreds of disaster survey reports were returned by the federal agency for their inspection. These were on-site, itemized estimates, done originally by Corps engineers, of the cost of repairing slides and washouts across the county. Where the estimate of the

FEMA reviewer differed from the Corps', a separate sheet bearing the FEMA revision was attached to the front of the report.

In all but about five percent of the survey reports, FEMA reduced the Corps' estimate, often slashing it substantially. Some of the repair work was ineligible for federal subsidy because the damage was done prior to the flood, the agency said. In other cases, the proposed repairs were more elaborate than they need to be, road crews were being paid at too high a rate, or more time was being allocated than the job warranted, the FEMA reviewers argued.

In some instances, the FEMA revision brought the cost estimate for a job below \$250, making it ineligible for any federal funding.

It would take \$203,560 to replace a bridge on KY 114 at Rough and Tough, the Corps estimated. Maybe so, but they won't be paying the bill, said FEMA, because the bridge had shifted before the flood hit. Nor could they be expected to pick up the \$32,800 tab for a bridge over Left Beaver Creek at Price, argue FEMA officials; it was

damaged well before the flood, they claim, by a truck laden with concrete blocks.

A landslide behind the Allen Park convention center, which the Corps of Engineers reckoned would take \$114,000 to stabilize, was allowed \$5000 by FEMA.

Cost of replacing a wooden bridge over Little Mud Creek near the Spruce Pine school, which Corps engineers put at \$8093, was reckoned by FEMA at \$1944. Two wooden bridges over Spurlock Fork would cost \$20,966, said the Corps; \$2824, said FEMA. A concrete bridge over the left fork of Abbott at Myrtle would cost \$38,080. Make it wooden, said FEMA, and it will cost only \$7194.

Drawing on his 22 years' experience with one of the state's biggest road construction firms, Judge-Executive Stumbo wrote in a detailed commentary on the FEMA estimates, he figured the cost of repairing flood damage on Tinker Fork of Mud Creek as \$35,000, conservatively. He was "astounded," he said, when he saw that the federal agency had allowed only (See Story No. 1, Page 4)

### Despite Knott Situation...

## Pact with State Reassures Court

He has it in black and white, Judge-Executive John M. Stumbo insisted—he and the Floyd fiscal court will decide how state road-aid money is used in this county.

Stumbo was responding to reports that in neighboring Knott county the Democratic Party chairman—who described himself as Gov. Martha Layne Collins' patronage contact in that county—publicly boasted that he made the decisions about which rural roads will be resurfaced there this summer.

Fiscal court officials are far from happy at the prospect that Democratic party leaders—or even, as in Floyd county, persons without office in the local party—might be calling the shots on where state road money will be spent.

The way Knott Democratic Chairman Sidney Adams explained it, the arrangement between the Collins administration and local patronage contacts is "just a little thing set out to give a little interest to those who worked in the governor's campaign."

"They're allowed to do it and there's nothing anybody can do about it that I know of," said Adams. "As long as you don't steal nothing heavy, there's nothing wrong with it."

A Collins-appointed official in the Pikeville office of the state highways department said the governor's office had furnished him with a list of contact people in the counties. "They gave me a list of people I'm to talk to," said Greeley Chaney. "Some are county chairmen. Some are not."

But Stumbo, who conferred with County Attorney Arnold Turner, Jr. last Thursday about the road-aid contract, said it clearly recognizes his office—not some third party—as arbiter of the county road program. Moreover, said the judge, he has a June 8 letter from Otto Ingram, deputy Transportation Secretary, to prove it.

Ingram is commissioner of the state Department of Rural and Municipal Aid, a department abolished under the John Y. Brown administration in 1980 but

revived by Gov. Collins earlier this year. It has about \$39 million in gasoline taxes to distribute among the state's 120 counties for surfacing rural roads.

In trying to persuade counties to participate in the new road-aid program, Ingram reassured county judges-executive that "entering the (program) in no way interferes with the administra-

## Federal Court Convicts Doctor On Fraud Counts

A doctor who has practised in Floyd and Johnson counties since he arrived in Paintsville three years ago was convicted in federal court last week of nine counts of Medicare-Medicaid fraud.

Dr. Pankaj Anand Agrawal, generally known as Dr. Anand, was found guilty Thursday in U.S. District Court in Pikeville on nine of 32 charges that he submitted fraudulent billings to the federal and state medical assistance programs between November, 1981 and October, 1982.

A native of India, Anand could receive a five-year prison sentence on each of the nine counts and on two additional mail-fraud convictions. U.S. District Judge Henry R. Wilhoit set sentencing for July 20.

According to testimony in the case, Anand's two Shree Ji medical clinics and one of two rest homes near Paintsville were named for a religious sect that encourages the amassing of material wealth. Anand was a multimillionaire who owned three Mercedes-Benzes and at least \$1.2 million in real estate in Paintsville, it was said.

Government witnesses said Anand billed Medicaid and Medicare for diagnostic procedures he did not perform, including X-rays, electrocardiograms and ultrasound tests.

### Prelude to the 'Slammer'...

## Judge Warns Drunk Drivers That Stiff Penalties Certain

"If you want to drink alcoholic beverages, go to the top of some mountain and look up at the squirrels," District Judge Harold Stumbo told a packed courtroom Tuesday. "But don't drive a car because, if you do, it will cost you."

The courtroom audience was made up largely of persons being arraigned on a variety of charges, many of them for drunk driving, and Judge Stumbo said his remarks were meant to "warn and help" them. On July 13, he explained, a new law takes effect which mandates much stiffer penalties for drunk driving convictions.

The so-called "slammer bill" enacted in the last legislative session carries a mandatory jail sentence for even a first offense and leaves the court with no choice but to impose it, Stumbo warned.

"If the judge fails to impose the penalties, he is subject to prosecution," he said. "So don't come asking for favors. I'll have none to give."

For a first offense, the new law mandates two to 30 days in jail, a \$200 to \$500 fine, a \$125 service fee, and automatic revocation of the offender's driver's license for 30 days. Juveniles will have their licenses revoked until they turn 18.

A second offense will bring a jail term of a week to six months, a fine ranging from \$350 to \$500, the \$125 service fee, and a six-month license revocation.

For a third offense, the penalty will be a pen term of a month to a year, a fine of \$500 to \$1000, and loss of license for two years.

### This Town...That World

Today is Independence Day, we are all aware. Have a care that you don't get the Fourth mixed up with a fifth, lest your independence not last the day out.

#### NIGHT FISHING

This, I am somehow reminded, is the season for night fishing. The water cools off during the night, you know, and the boaters fall, exhausted.

There are sound arguments for using the wee, sma' hours, but I have never subscribed to them. Casting into the darkness, with nothing to be seen except a distant hilltop against the skyline, is not my dish. Give me the daylight hours, when I can at least enjoy the scenery and, even if I catch nothing, lose no sleep.

Besides, the night fisherman, returning to port empty-handed, has no alibis that will stand up in court. No boaters to blame for making the water too rough or for driving all the fish to unplumbable depths.

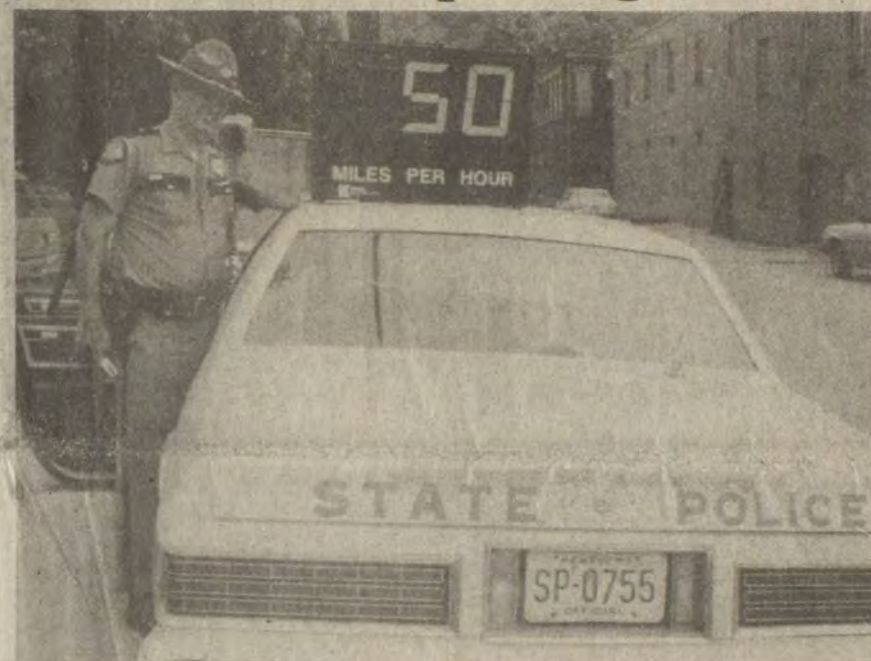

Man and boy, I've seen the days on Dewey Lake when any fish that ventured within two feet of the surface stood a better than even chance of being filleted on the hoof by a whirling propeller. But it was daytime, and I could exercise the right of comment.

#### QUESTION

I can't shake this "60 Minutes" television rerun that I saw for the first time, the other night. It shakes me.

## Aim To Alert Speeding Drivers

In an attempt to get drivers to stay within the 55-mph speed limit, state police this week unveiled a new roadside radar unit, operated here by Trooper Phil Tucker.

The new radar units—which will be in operation in 51 counties, including Floyd, on the July 4 holiday and on subsequent holidays and at peak traffic periods—uses a screen that displays a driver's speed.

Motorists will be advised by a sign that they are entering a radar check zone and should notice their speed. The vehicle's speed will be projected onto the screen so it is visible to the driver. The unit is designed to alert, rather than ticket, speeding drivers.

## Robbery Counts Dismissed After Story Changed

Robbery charges against two Bevinville men were dismissed Tuesday in Floyd Circuit Court after a key prosecution witness changed the story he had allegedly told police earlier.

David Lee "Crazy Dave" Slone, 25, and Ell Johnson were accused of stealing clothing from The Wearhouse, a Bypro clothing store, in the early hours of December 14, 1982.

Wiley Keith Pennington, 19, earlier this year confessed to his role in the break-in, as part of a plea bargain with prosecutors in which he pleaded guilty to three charges and received a five-year prison term. He was returned to Floyd county from the Kentucky State Reformatory at LaGrange to testify against his alleged confederates but indicated to prosecutors shortly before the trial that he was not willing to cooperate further.

Pennington was given a 10-year sentence last month, following his conviction on a charge of beating and robbing James Chaffins on Mud Creek in April last year.

Items listed as missing by Darrell Wayne Bates, owner of the Wearhouse, after the store was burglarized, were valued at \$2183. According to a report by State Det. Roger Castle, Pennington

## Tenants Are Sued Following Blaze

Owners of the building at Allen which housed Mountain Truck Parts, Inc. until it burned down recently have sued their former tenants, charging that the fire was a result of their negligence.

George and Euna Laven claim in a suit filed in Floyd Circuit Court that Tommy Joe Reitz and Donnie Halbert, owners of the truck parts firm, "negligently and carelessly" set fire to garbage next to the building, causing the structure itself to ignite.

Plaintiffs seek \$130,000 damages. (Suits filed in court present only one side of the issue in dispute.)

## Two Convicted Here This Week For Drug Sales

Two more cases stemming from a 1982 state police undercover investigation resulted in drug-trafficking convictions this week, despite an attorney's contention that the dragnet snared users but let the pushers go free.

A Floyd Circuit Court jury Thursday convicted Randy Mullins, 33, of Kite, of selling three grams of PCP to State Det. Leroy Buckner, who was working as an undercover agent, in December, 1982. On Monday, John T. "Tom" Spradlin, 30, of Lancer, was found guilty of selling Buckner about one gram of the same drug. Mullins was said to have been paid \$300 for the drug; Spradlin, \$100.

The jury recommended a five-year prison sentence for each conviction. Circuit Judge Hollie Conley set a July 10 sentencing date for Mullins, July 13 for Spradlin. Each of the two men was acquitted of a second trafficking count.

The two were among about 30 persons indicted in the wake of an extensive investigation by state police in late 1982, in which confessed drug dealer Curtis Gardner, of Tram, set up drug transactions between suspected dealers and Det. Buckner, who was posing as Gardner's cousin.

Public Defender Ned Pillersdorf, who represented the two convicted this week, described Gardner as "a savvy dealer" who was paid by police and had drug charges dropped in return for his arranging at least 10 "buys." To fill his "quota," Gardner turned on friends he knew to be users and harmless; he did not name dealers, who might have retaliated with violence, the attorney said.

Johns Creek, Youngest Chapter Rated Tops in DAV Growth

The 57th annual convention of the Disabled American Veterans, Department of Kentucky, was held in Lexington, June 14-17.

Department Commander Ben Green has stressed membership as the No. 1 goal for the department for the year of 1983-'84. Through the leadership of Commander Green and Senior Vice-Commander Wiley Willis, the result was a unifying of the Department and the leading of Kentucky to the top in membership. The National D.A.V. organization named Ben Green as Commander-of-the-month, nationwide for the months of April, May and June, 1984.

The Department of Kentucky consists of 100 local chapters with a combined membership of 21,649 members, which is 84% of All the Disabled veterans in Kentucky.

At an award ceremony, Commander Green and Vice Commander Willis presented the John's Creek Memorial Chapter 166 with a bronze plaque for being the No. 1 Chapter in Kentucky.

Accepting the award for the John's Creek Chapter 166 were Burnis Stanley, chapter commander, Perry T. Hall, chapter adjutant, and J.T. Maynard, Jr., treasurer.

State Energy Cabinet To Join Acid Rain Study

The Kentucky Energy Cabinet will be one of the participants in a U.S. Environmental Protection Agency study designed to accumulate scientific information on ground level and airborne pollutants that may contribute to acid rain.

The study, code-named VENTEX (Venting Experiment), is being conducted by the University of Kentucky, Battelle Pacific Northwest Laboratory, Argonne National Laboratory, and Research Triangle Institute. Venting refers to the process of cloud formation.

The study will utilize two aircraft outfitted with equipment to collect samples from the atmosphere from ground level up to 3000 feet. Ground stations will monitor air quality and collect rain samples. The study will provide information on the vertical mixing and chemical reactions of various pollutants in the atmosphere, particularly in different cloud formations. Meteorological and cloud observations and ground samples will be taken at the Kentucky Center for Energy Research on Iron Works Pike in Lexington, and the aircraft will operate from Lexington's Bluegrass Field. Samples will be analyzed in the Energy Cabinet's laboratory. Researchers will be looking for sulfur dioxide, nitric acid and ammonia concentration as well as other pollutants thought to cause acid rain.

VENTEX is part of the federal acid rain research program and the results will be included in an annual report to the President and Congress. The tests will begin July 8 and end August 18.

The first major league baseball umpire to wear eyeglasses was Eddie Rommel, in a Yankees-Senators game on April 18, 1956.

Andrew Crider, Jr., of Chapter 166, was recognized as one of the Top 20 Recruiters in Kentucky. Mr. Crider was listed as No. 17 in the state.

Wiley Willis was commander of the Kentucky D.A.V. for the 1984-'85 year. Commander Willis presented the charter to the John's Creek Chapter in September last year. He congratulated the Chapter in going from youngest chapter to the top in only nine months.

## Is Wheelwright Native... Boot Camp Workout Album Puts Dower on Talk Show Circuit

Former Wheelwright boy Bill Dower—who, as a Marine Corps drill instructor, trained Lou Gossett for his Academy Award-winning role in "An Officer and a Gentleman"—has cut a record that has him making the talk-show rounds.

The Today Show... Good Morning America... 20/20... stories in the L.A. Herald and Washington Post... all in the cause of trim thighs and hard bellies.

Dower, the son of Mrs. Lillie B. Hood and a master gunnery sergeant stationed in San Diego, has decided to put to wider use his experience in getting new recruits into shape for the Marines. He has recorded his boot camp exercise routine on an album entitled "Armed Forces Workout."

Move over, Jane Fonda. "You don't need any leg warmers or fancy running suits," Dower bellows in the album's introduction, set to Sousa marches and preceded by reveille. "I'll tell you what you need. What you need is discipline. What you need is desire."

Dower, 45, is a 28-year Marine Corps veteran who was the first black to serve as chief instructor at the USMC's drill instructors' school, a prestigious assignment awarded only two Marines at any one time.

"I use the same concept on the album that I use with recruits," he told Washington Post reporter Carol Krucoff recently. "To turn civilians into lean, green fighting machines, the first thing I do is get the word 'can't' out of their vocabularies. It's up to me to show them what's buried inside, to show them what they can do."

The program includes a warm-up of calisthenics, aerobics done to popular music—including Michael Jackson's "Beat It"—finished by a cool-down stretch. A videocassette version is also available.

## An Exercise in Futility?

The wheels of progress, like the mills of the gods, grind exceeding fine. And the grinding with its discouraging results is perhaps more evident in Eastern Kentucky than elsewhere.

Surface mining of coal, highway-building, earth-moving for construction projects, even farming activities—all these over the years have poured into streams tons of silt in periods of heavy rainfall till the threat of flood has mounted from year to year. Stream beds are filled with silt and the refuse from homes and businesses. Lakes impounded to hold back the floodwaters have become little more than catch-basins.

As matters now stand and are apparently destined to remain, those who have suffered find their only encouragement in concerted planning and preparing to meet the next disaster.

We all should be grateful to every agency, organization and individual involved in planning how best to cope with the next flood emergency. But over the long haul emergency plans offer no real hope.

As we see ahead coming flood disaster we are in the same position as the nation is in while contemplating the inevitability of nuclear war. We build fallout shelters, stock shelters with food, water and medical supplies, cities plan evacuation routes—but all this will not keep the deadly rain from falling.

The foregoing, we admit, is little more than an exercise in futility. What is to be done?

Something that will effect an immediate cure. The situation was generations in the making and it cannot be changed. But there is a long-range program that projects at the end of the long tunnel. It will afford not only protection against nature's rebellion against its people, but also give our people more of a oneness with that rebellious nature. That includes reforestation, sowing seeds not to grass, care of the trees and ground cover to protect against woodland fires and an end to the old procedure of tossing every unwanted log into the nearest stream.

The first thing we need to change is our thinking.

...a single concrete

...the argument over...comes down to the definition...age, which FEMA officials...grow as possible for the...reason that they are putting up...the money for repairs. For...is equally obvious, county of...take a broad view of the damage...what it will take to repair it. And...say the Corps of Engineers—Anxious to justify the construction of flood-control dams—has its own reasons for inflating flood damage estimates.

If a highwall slips and blocks a road, for example, FEMA will pay to have the dirt and rock removed from the pavement and ditchline. County officials say the repair is not complete until the highwall is stabilized, and the Corps generally agrees.

If a fast-flowing creek has badly eroded a road, the branch may need to be channeled from one end to the other and the road bed supported by rock-filled wire baskets—called a gabion wall—say road authorities. FEMA argues it is not responsible for silt and debris that has been accumulating in the branch for years; nor will it pay for gabion walls when the road bed can be shored up with a bit of pick and shovel work.

FEMA will generally reimburse a heavy equipment operator at a rate of \$6.50 an hour, in line with the county pay schedule. The trouble with that reckoning, says Stumbo, is that it does not take into account the fringe benefits the county provides its employees. When the additional costs—like social security, workers and unemployment compensation, and medical benefits—are taken into account, the hourly rate for a heavy equipment operator is \$9.56, he said.

Stumbo said he would protest about 95 percent of the estimates figured by FEMA but, unless he can persuade the federal agency to increase its settlement substantially, he fears a lot of county residents will be disappointed.

"They left people with expectations—I did myself—that they'd be putting money out for these jobs," the judge-executive said. "But when they get through with all their deductions there just won't be enough money to do the work."

told him that he and Slone broke into the store while Johnson waited in a car outside as a lookout.

Commonwealth's Attorney James Allen said prosecutors had neither a tape recording nor a signed statement by Pennington, however. In the face of the witness' unwillingness to cooperate, he had no alternative but to recommend that charges be dropped. The prosecutor said.

Slone and Carlos Little, 30, of Melvin, also await trial on a charge of stealing the wheels from a car in the custody of Russell Hamilton at Price last November.

### ANNOUNCE BIRTH OF SON

Mr. and Mrs. Morris Joe Hall, of Hi Hat, announce the birth of their son, Dustin Joe.

Dustin was born May 24 at Pikeville Methodist Hospital. The grandparents are Conard and Norma Isaac, of Melvin, and Morris Ray and Chatty Hall, of Hi Hat.

tion of your county road program. You will decide what, when and where the work will be done."

The "cooperative agreement" he urged fiscal courts to sign has "no down side" that he could see, Ingram said. And, if problems were to develop, a fiscal court could cancel the agreement at any time.

Floyd fiscal court last month signed the pact, which entitles the county to an initial allotment of \$291,929—80 percent of the gas tax money it is estimated Floyd will be entitled to receive this fiscal year. The remaining 20 percent will be distributed in January or February, when new state revenue projections will be available.

Transportation Secretary Dr. Floyd Poore said a decision on proposed road projects will be reached by the middle of this month, after he has received input from county judges and citizens. But Stumbo was relying last week on a line in his letter from Ingram.

For the past four years, the commissioner pointed out, fiscal courts have had "absolutely no control" over the money they received from the county road-aid program. The new plan, he promised, will "provide you with total control of the flow of money."

"It can't be any plainer than that," Stumbo commented.

### Corps of Engineers Slate Meeting Here

Plans and studies for Big Sandy River flood protection will be aired at a public meeting to be held at 10 a.m. Saturday at Prestonsburg High School, it was announced Tuesday by the office of the district engineer, Army Corps of Engineers, Huntington, W. Va.

(The Saturday date is a change from the Friday date announced earlier.)

Congressman Carl D. Perkins will attend the meeting, and a presentation of projects and studies for flood control will be made by Col. John W. Devens, Huntington district engineer. His presentation will be followed by a period for public comment and a question-and-answer session.

The meeting here will be the third in a series of five being held in the valley. The meetings are not intended to cover recovery activities related to the recent flooding.

## LETTERS To the Editor

The views expressed here are those of the writer, and not necessarily those of this newspaper. No unsigned contributions will be published.

### Most Precious Possession

If you will please, I hope you will print the following in your paper, as it seems to me to be very appropriate, especially at this time, as follows.

I heard a young minister talking or preaching about the following yesterday. His words were piercing and arousing, his subject was on the Holy Bible, of course, and also about our country in relation to it. He spoke of how our people, the people of America, are drifting away from the most precious gifts that our people had from the beginning, a land in which we could worship spiritually as we pleased, a land of freedom in general. A land given to our forefathers abundant in riches, a place to be free and build for themselves a society unto themselves, to their own liking unto themselves.

Of course they had to fight for it and since many have had to fight to hold on to it. But in these later days many weak-kneed, complacent drifters are forgetting the wonderful value of it all and are drifting into the clutches of those who would take it all and freedom would be no more and our religious way of life would be under the same likeness as it is now behind the iron curtain, no freedom of worship, no freedom of going your own way, or speaking out on your own thoughts, or to have your own free enterprise. We are drifting toward another Sodom or Gomorrah. Many, many leaders in our society are now duped into, or being sucked into the quicksands of the loss of our freedom as we now know it. They say no prayer in schools, not even on voluntary basis, for those that want it, and those that don't don't have to participate. Just because some communist didn't want it, our courts had to jump in and ban it. We will bear the consequences of this horrible ban. When a nation turns against God, they will perish.

I would not vote for anyone that does not uphold religious principles. If they fail on religious principles they also will fail on FREEDOM.

Freedom under God is the most precious possession that any society could ever have. I hope and pray our people wake up to see and understand where we are drifting.

Let's hold onto what we have, let's reach out spiritually to God for his help.

From a listener,  
C.M. MCCOY

### Grateful to Foresters

We want to extend our sincere appreciation to the Kentucky Division of Forestry. Steven R. Brackett, district forester, Joe Ferguson, forest guard, John Ward, forest guard, and Michael Ratliff, deputy warden, were very cooperative in locating our 10-year-old son June 12 when we discovered he was missing at Jenny Wiley State Park.

They were very quick and efficient in a situation where others were uncooperative. It is reassuring to know that there are professional agents who perceive potential danger and take action. In the case of a missing person, time is of the essence, and in this day and age of dangers such as drunk drivers and exploited children, the better choice is to act immediately.

Once again, the Forest rangers have gained our highest regard.

### Reunion of Old Outfit

My old army outfit of World War II is having a reunion in Louisville over the Labor Day weekend. Several members of this outfit are from your area. There are several of us that keep in touch with each other, but would like to get the whole gang together once again. I would appreciate if you would run the following in your newspaper:

The 775th Field Artillery Battalion, World War II, will hold a reunion in Louisville, Kentucky, September 1-3. This battalion trained at Camp Beale, California in 1943. For further information concerning this reunion, contact the undersigned.

### Thanks For Laugh

I would like to thank the person who wrote the letter about "Sue-happy Eastern Kentuckians."

I never fail to be impressed by those who have been up north, seen the light, and are now "back home" trying to teach the rest of us to mend our ignorant ways.

Once again, thanks. Even "dumb hillbillies" need a good laugh now and then.

## Second Suit Challenging Unmined Coal Tax Filed

A second lawsuit challenging the constitutionality of Kentucky's tax on unmined coal has been filed in Franklin Circuit Court.

The tax—one-tenth of a cent per \$100 of valuation—is so low that it is impractical to collect and amounts to an exemption from taxation, the suit claims.

This situation, the suit alleges, violates Section 3 of the state constitution, which says that "no property shall be exempt from taxation."

Unextracted oil and natural gas are taxed at the same rate as other real estate, and there is "no rational basis" for treating unmined coal differently, the suit says.

The plaintiffs in the class-action suit—J.D. Miller and Elaine Stoltzfus, both of Harlan county, and Alison Moore, of Hopkins county—are members of the Kentucky Fair Tax Coalition, according to Phillip Shepherd of Frankfort, one of their attorneys.

The coalition in recent years has pushed unsuccessfully for legislation to restore full taxation of unmined coal. The tax was reduced to the present level by the 1978 legislature.

The plaintiffs are suing on behalf of all who pay property taxes on automobiles. Named as defendants are state Revenue Secretary Gary Gillis and the

county property valuation administrators of Harlan, Hopkins and Muhlenberg counties. The three administrators are representatives of a defendant class, the suit states.

It is the second class-action suit challenging the tax to be filed last month in Franklin Circuit Court.

Shepherd said a suit was filed earlier in U.S. District Court for the Western District of Kentucky, and the issue of the federal court's jurisdiction in the matter is pending before Judge Edward Johnstone.

### In Medical Honor Group

Among the 33 graduating medical students inducted recently to Texas Alpha Chapter of Omega Alpha National Medical Honor Society was William D. Biediger, of San Antonio, Texas.

Dr. Biediger was graduated from the School of Medicine, University of Texas, Medical Branch at Galveston. He is the son of Mrs. Julie D. Stewart, Universal City, Texas, formerly of Floyd county. Prior to entering medical school, he was graduated, summa cum laude, from Texas A&M, where he received the B.S. degree in biochemistry. Dr. Biediger is doing his pediatric residency at Wilford Hall USAF Medical Center.

### Craft Festival Set July 13-15, At Berea

High quality, functional, handmade products are the trademark of the Berea Craft Festival, set for its third showing July 13-15 in Berea College's Indian Fort Theater.

"The Festival attracts professional craft producers from 15 states," says Lia Bellando, co-owner of Churchill Weavers and President of Festival sponsor Berea Craft Enterprises. "Some of the finest Appalachian craft centers—such as Coker Creek Crafts, Red Bird Mission, and Berea College—will be joined by more contemporary craftspeople such as Warren A. May, Greg Kuharic, and Robert Wolchock. About half are from Kentucky, and the others come from as far away as Maryland, Oklahoma, Alabama, and Missouri."

About 120 exhibitors will set up displays in Indian Fort Theater for the three day Festival, which was started in 1982 as a regional showcase during the Knoxville World's Fair. "The craftspeople urged us to make the Festival an annual event," reports Bellando. "Now, we draw over 10,000 visitors to Berea."

Other officers of Berea Craft Enterprises, Inc., are Rude Osolnik, Garry Barker, and Joseph Osolnik, all long time participants in state and regional craft activities.

The Berea Craft Festival will also feature strolling minstrels, colorful dancers, and a variety of food booths. Free parking, picnic areas, and hiking trails, all part of Berea College's recreational area, add to the festive atmosphere.

For more information, write the Berea Craft Festival, P.O. Box 528, Berea, Ky. 40403, or phone the Berea Tourism Center at 606-986-2540.

**PRESTONSBURG FIREFIGHTERS** will practice until they can set up the city's new ladder truck in 90 seconds, Capt. Larry Adams, pictured, said last week, shortly after he and Capt. Paul Burke drove the \$179,000 truck here from Nebraska. The new unit has a 104-foot ladder with a telescoping water hose, which will enable fire crews to reach the city's tallest structures and perhaps will lower insurance rates as well.

**To Lead Weekend Revival, Here**

The Georgetown College Summer Youth Team, above, from left, Greg Barr, preacher, Jennifer Henderson, pianist, Bob Goodwin, music leader, and Doug King, recreation leader, will conduct a weekend revival, Friday, Saturday, and Sunday, July 6, 7, 8, at the First Baptist Church, here. The four students have been leading revival and working in Baptist camps all over the state. The revival here will begin with a service at 7 p.m., Friday, which will be followed by a youth fellowship with the team. Saturday, they will meet with the group for a picnic at Jenny Wiley State Park and will spend the afternoon there. The Saturday evening service will begin at 7, and afterwards everyone is invited to experience the magic of Doug King. Sunday services will be at the regular worship time, 10:50 a.m. and 7 p.m. The church extends an invitation to the community to join this weekend revival.

**COMPUTERS CAN BE** fascinating contraptions, at least that's the impression one gets by the look on the face of this youngster, one of many who took part in the Floyd County Public Library's Summer Reading Program, a couple of weeks ago. The program featured a film, "Microcomputer: An Introduction," followed by "hands-on" experience. Another program session was held this week. The Summer Reading Program has 70 children enrolled.

**Lucky Prize Winner at Cox's**

Carolyn Rowe, of Prestonsburg, is the happy winner of \$500 being presented to her, above, by Katie Setser, manager of Cox's Department Store, here, Monday. The drawing was part of the Super Value Days being held in celebration of the company's 75th anniversary by stores in Kentucky, West Virginia, and Ohio.

**Named Miss Ky. American Coed**

Miss Jeannie Hale, 17-year-old senior at Allen Central High School, was chosen Miss Kentucky American Coed 1984 at the Kentucky state pageant held June 16. In competition with 120 girls from the state, Miss Hale was the winner of the title of Miss Kentucky American Coed as well as being chosen the academic achievement winner in another phase of the competition. Her escort for the evening wear competition was Ron Lester, of Martin.

Miss Hale was crowned at the Hyatt Regency in Lexington by Miss Alabama Coed, Heather Howard, of Huntsville. She received a cash award of \$300 and an all-expense paid round-trip flight to the national pageant which is to be held August 16-22 at the Sheridan Surfside Hotel on Waikiki Beach, Hawaii. There she will be competing not only for the national title but cash and college scholarships being offered by participating colleges.

Runnersup in the state pageant were: First runnerup Shawn Powers, of Corbin; second runnerup, Dawn Russell, of Danville; third runnerup, Cindy Decker, of Bee Springs; fourth, Stephanie Porter, of Russell Springs.

Miss Hale is the daughter of Mrs. Marena Hale, of Manton, and the late Hershel Hale. Her maternal grandparents are Mr. and Mrs. David Watson, of Martin. Her paternal grandparents are Mr. and Mrs. Clyde Hale, of Martin. She is the great-granddaughter of Mr. and Mrs. O.P. May and Crockett Watson.

The new Miss Kentucky American Coed was sponsored by First Guaranty Bank, Hall Funeral Home, Randy L. Martin Construction Company, M.I. Coal Company and Jeans Fabric.

**In PCC Day Camp**

Pictured is Danny Hamilton, one of 60 participants in the PCC day camp being held at Archer Park. The current session began Monday, June 25 for the two-week camp. Session II begins July 9.

**To Wed July 14**

Mr. and Mrs. James A. Waddles, Sr., of Prestonsburg, announce the engagement and forthcoming marriage of their daughter, Kimberly, to Mr. William K. Adams, son of Mr. and Mrs. Billy R. Adams, of Oil Springs.

Miss Waddles is a graduate of Prestonsburg High School. Mr. Adams is a graduate of Johnson Central High School and will be a junior at the University of Kentucky this fall, majoring in pre-medical studies.

The wedding will take place at 4 p.m., Saturday, July 14, at the First United Methodist Church in Prestonsburg.

Open church ceremony and reception will be observed and everyone is cordially invited to attend.

**Exchange Vows, June 2**

The marriage of Miss Elaine Frances Childers to Mr. Carl Mark Johnson was solemnized Saturday, June 2, at St. Thomas Catholic Church in Ruston, La., by Father Kevin Domas and the Rev. Fred Paige.

The bride is the daughter of Mr. and Mrs. Sam Childers, of Friendswood, Texas, formerly of Garrett, and is the granddaughter of the late Mr. and Mrs. William Henry Childers, who resided at Garrett.

Mr. Johnson is the son of Mrs. Albert Sidney Johnson, of Ruston, and the late Mr. Johnson.

Given in marriage by her father, the bride wore a formal gown of sheer white organza over taffeta. The fitted bodice, with sweetheart neckline, was overlaid with Venise lace and scattered pearls, and the short pouf sleeves were fashioned by English net with insertions of lace. The A-line flowing skirt ended in a deep ruffle which continued around the full chapel-length train. Her fingertip veil of imported silk illusion was double-tiered with scattered pearls and fell from a garland of lace and pearl flowers. She carried a bouquet of white roses.

Miss Christine Childers, sister of the bride, was maid of honor, and bridesmaids were Miss Cathy Childers, also a sister of the bride, Mrs. Alan Sandow, Mrs. Terry Doughty, and Miss Danette Hyde. Stephanie Banta was flower girl.

Mr. Chris Smith served as best man, and groomsmen were Greg Hilburn, Larry Causey, David McLeane, and Jim Pearce. Steve Childers, brother of the bride, and Steve Pierce were ushers.

Following the wedding, a reception was held at the church. Mr. and Mrs. Johnson are residing in Ruston, Louisiana.

**AT MYRTLE BEACH**

Mr. and Mrs. Amos Leslie, of Emma, and Mrs. Paul Neil Allen, of East Point, spent a few days last week in Western North Carolina and at Myrtle Beach, South Carolina.

**IN APPRECIATION**

The family of Bailey Crum would thank all of our friends, neighbors, and relatives for all the kindness shown to all the family in our hour of sorrow. Thanks to all the singers and to those who sent food and flowers, and thanks to the minister, Freeman Justice, and all others who helped, and especially the Hall Funeral Home for being so kind.

THE FAMILY

**GRADUATE FROM DAVID SCHOOL**

Billy Joe Lazar, left, of Spurlock Fork, and Phillip Harless, of David, were among recent graduates of the David School.

"I've been to a lot of graduations, but never to one as warm as this," board member and guest speaker Rose Price told David School graduates recently. Price told outgoing seniors that making mistakes was part of growing up and how a person deals with those mistakes and learns from them is what is important. It was an unusual graduation program, marking the 10th year the David School has opened its doors to students who had dropped out or are pushed out of the traditional school systems.

Graduates marched in to the tune of "Wildwood Flower" and closed the ceremony with "Amazing Grace," lined-out Old-Regular-Baptist-style by teacher Tim Sizemore. As each student stepped forward to receive a certificate, slides of that student taken during the school year were flashed on the wall as principal Jean Ford recognized the accomplishments each one had made during the year.

Ford received a handmade mirror with a plaque which commemorated 10 years of service to the David School. "Jean has always taught the student that a good self-image is important," director Danny Greene told the students. "The mirror is symbolic."

The David School, located in the former Princess-Elkhorn company store in David, is a private, non-profit alternative school supported by grants and donations. For further information, call 886-8374.

**At FFA Officers' Meet**

Dewey E. Stephens (center), of Prestonsburg, is greeted at the National FFA Center in Alexandria, Va. by Bill Carraway, of Clovis, N. M., and Carol Irvine, of Gaithersville, Md., both national officers of the Future Farmers of America. Stephens, who is secretary of the Kentucky FFA Association, is attending a four-day National Leadership Conference for state officers in Washington, D. C. this week. He is the son of Mr. and Mrs. Edgar Stephens, of Prestonsburg.

**Southern States Meet Here To Elect Board**

Election of local Advisory Board members, Farm Home Advisory Committee members, as well as operations reports, will be among the highlights of the Southern States Cooperative annual membership meeting for Prestonsburg on July 13 at 6:30 p.m. The meeting will be held at the Prestonsburg Farm & Home Store.

The theme of the meeting will be, "Southern States: Teaming Tradition and Technology."

Rondel Prater, of Hueysville, will serve as chairman of the local meeting.

John McCallister of Huntington, W. Va., a member of the Southern States Cooperative's regional staff, will report on Southern States supply and marketing operations for the 1983-'84 fiscal year.

Local operations and services rendered to agriculture in the community will be discussed by Kenneth Meade, manager of the Prestonsburg Farm and Home Store.

There will be special recognition of Advisory Board and Farm Home Advisory Committee members who retire this year.

Nominees for the local Advisory Board are: Bill Hicks and Donald Hicks, both of West Prestonsburg; Arnold Lowe, of Eastern; Palmer Martin and Perry Prater, both of Hueysville.

Women nominated for the Farm Home Advisory Committee are Mrs. Alma Lowe, of Eastern; Mrs. Eukie Merritt, Mrs. Ethel Ratliff and Mrs. Ruby Scutchfield, all of Prestonsburg, and Mrs. Priscilla Prater, of Hueysville.

District election meeting delegate and alternate nominees are Charles Hicks and Joe Hicks, both of Blue River, and Ernest Prater, of David.

Another feature of the meeting will be a "Share-A-Craft" display arranged by the FFA Committee. Members are being urged to bring their handmade crafts for display.

**Major Bluegrass Fests Set Next Two Weekends**

Bluegrass music fans in the area will have all the entertainment they could ask for over the next two weeks as the Festival of the Masters starts today (Wednesday) at Pikeville, and The Goins Brothers Festival at Archer Park, July 13-14, brings the music even closer to home.

The five-day Festival of the Masters (today through Sunday) features nearly every well-known Bluegrass act in the business. In addition to names like Bill Monroe, Ralph Stanley, The Country Gentlemen, J. D. Crowe, Larry Sparks, The Osborne Brothers, Doyle Lawson, Dave Evans, the Goins Brothers and many others, the Pikeville festival will feature the country-bluegrass-pop style of Ricky Skaggs. Along with Skaggs will be another group known for their mixture of styles, The Whites.

The following weekend, The Goins Brothers, who established a highly successful festival nine years ago at Archer Park, will present an impressive lineup as well. Joining the Goins Brothers will be Ralph Stanley and the Clinch Mountain Boys, Dave Evans and River Bend, The Outdoor Plumbing Company, Bill Grant and Delia Bell (from Oklahoma). The Gum Branch Heartbreakers, Lowell Varney-Landon Messer and Riverside Grass, The Woodettes and Coal Town Grass.

The festival starts at 5 p.m. Friday. For further information contact: Melvin Goins, Rte. 4, Box 137, Catlettsburg, Ky. 41129.

Drunk driving is everyone's problem. Last year drunk drivers killed 19,500 people, injured another 650,000 and, according to the July Reader's Digest, cost society an estimated \$24 billion.

# 'Annie' Returns To Jenny Wiley

"Annie," last year's smash hit, is back at the Jenny Wiley Theatre this summer. Opening Saturday, July 7, the production again features Sabrina West as Orphan Annie, a little girl searching for happiness in the mid-Depression 1930's. "We had such fantastic success with 'Annie' last year, we actually had to turn people away. This year, we want everybody to get in! We fully expect 'Annie' to be as wonderful as it was last year," said Keith Stevens, managing director of the Jenny Wiley Theatre.

Returning along with Sabrina to 'Annie' are Marmanda Horn as the orphan Molly, Misty Daniels as Pepper, and Malisha Ratliff as Tessie. Other girls joining the cast as orphans are Amy Grigsby as Kate, Joy De'Shea Bush as July, and Angela Coleman as Duffy.

"Our opening nights have been fantastic. The audience loved 'Fiddler on the Roof' and 'Joseph and the Amazing Technicolor Dreamcoat.' We have a great season with three good shows and a lot of fun," Stevens said.

Saturday's opening night of "Annie" will be followed by a cake and coffee

reception for the audience. "We've done this with the past two opening nights—it's just our way to thank all the people that are making this a great summer," Polly E. King, facilities manager, said. Tickets are available through the Jenny Wiley Box Office. Subscriptions for the summer season will be sold throughout the season. Single tickets are also available through the Box Office. For reservation information, call the Jenny Wiley Theatre Box Office at (606) 886-9274.

**CARD OF THANKS**  
The family of Mae (Mammy) Darby thanks everyone for the kind thoughts, prayers, food, and flowers that were sent during our bereavement. We would like to thank each member of the Rock of Revelation Church, the Cow Creek Free Will Baptist Church, and the Benedict Baptist Chapel for their support. We would also like to thank Dr. Hyden, the H.R.M.C. fourth floor nurses, and the Floyd Funeral Home for their kindness. God bless you all.

## Home Improvements Having Boom Year

Surveys by the trade publication Hardware Age and studies conducted by giant home improvement retailer 84 Lumber Company at its 376 stores nationwide, indicate that more than 16 million home improvement projects valued at \$100 or more were made in America in 1983. And this year the industry expects an increase of 20-25 percent over last year's record figures.

"The increase in do-it-yourself interest is just staggering," said 84 Lumber president Joseph A. Hardy. "Homeowners are tackling many jobs today that they wouldn't even have considered just a few short years ago."

The reasons for the increase in home improvement activity are varied, but most experts see climbing new housing prices, and increases in home mortgage interest rates as a key to the DIY explosion.

"Many people," Hardy explained, "just can't afford a new home at today's inflated building and interest costs. So, rather than move, they are opting to stay in their current homes and get the benefits they want from new additions or remodeling."

The most popular home improvement project is paint-wallpapering, followed closely by a complete array of kitchen and bath renewal projects ranging from changing light fixtures to out-and-out remodeling. The simplicity of new cabinet installation techniques and planning makes the "kitchen/bath" the fast growing segment of the DIY industry.

Next on the list are those projects associated with summer and outdoor living. More and more homeowners are building their own decks, for example, forsaking the more traditional approach of contracting the job with a builder.

The studies show that many homeowners—about one third of the DIYers—spend an average of 10 hours per week on their projects. About one-fourth spend between 11 and 17 hours per week improving their homes. Highest levels of DIY activity are in the 25-38 age bracket, with another surge of participation over age 55.

"Manufacturers are packaging their products so that homeowners can do the projects themselves," Hardy explained. "Also, the industry has recognized the potential in this market and is striving to provide good, solid how-to information to assist the DIYers."

## Floyd Students Among 14 Who Will Receive Honor Scholarships

Pikeville College has awarded 14 Appalachian Honor Scholarships to incoming freshmen and transfer students for the 1984-85 school year. Those receiving a 3.00 grade point average and at least an 18 composite score on the ACT will be awarded up to \$950. Students who scored at least a 3.00 G.P.A. and a 15 to 17 composite score on the ACT are eligible for up to \$750. The scholarship is renewable for up to four years of uninterrupted study.

Those receiving scholarships are Kellye D. Adkins, Virgie; Kitty L. Adkins, Pikeville; Linda B. Adkins, Fishtrap; Tammy A. Damron, Kimper; Sherry H. Hall, Martin; Jennie A. Hubbard, Neon; Karen D. Johnson, Virgie; Karen A. Jones, Price; Carolyn Justice, Robinson Creek; Margo R. Russell, Grundy; Timothy A. Stanley, Elkhorn City; Karen M. Thompson, McAndrews; Stephen J. Wallace, Jenkins; and Anita T. Webb, Varney.

Sherry H. Hall is the daughter of Mr. and Mrs. Roy Hale, of Martin, and is married to Gregory S. Hall, a graduate of Pikeville College. She attended Prestonsburg Community College where she received an associate degree of applied science in business. She was named to the Dean's List four semesters and nominated to Who's Who in America's Junior Colleges. She plans to major in accounting and economics at Pikeville College.

Karen Jones is a 1978 graduate of William Horlick High School, Racine, Wisconsin, and attended Prestonsburg Community College. She is married to Bruce E. Jones and plans to major in elementary education.

Tommy Shepherd, son of Brenda Greene Shepherd, of the Middle Creek Road, and grandson of Tommy and Virginia Greene, celebrated his first birthday, Saturday, June 23, at the home of his great-grandparents, Jobie and Ruby Puckett. He was presented with a Kermit the Frog cake and many gifts from family and friends.

#### Four Floyd Students To Attend Alice Lloyd As Memorial Scholars

Bill Melton, director of admissions at Alice Lloyd College, has announced recipients of ALC's most prestigious scholarship. Ella Kristine Lawson, daughter of Gary and Alice Lawson, of Dana; Melissa A. Samons, daughter of J. B. and Marie Samons, of Martin; Charlotte B. Patton, daughter of Charles and Emogene Patton, of Hueysville, and Sherry Madden, daughter of David and Barbara Madden, of Teaberry, have accepted the Memorial Scholarship for the 1984-'85 school year as incoming freshmen.

The Memorial Scholarship guarantees the student will have no out-of-pocket expenses for room, board, and tuition at Alice Lloyd College for the academic year. It is the equivalent of a \$3930 yearly grant. The scholarship is renewable each year the student is at Alice Lloyd College as long as the student maintains a "B" or better average and while completing a minimum of 15 hours each semester.

NAME OMITTED

The name of Mrs. Patsy Evans was unintentionally omitted from the list of persons attending the local Church Women's breakfast, at the First Baptist Church, Friday morning, June 22.

There are three bedrooms, two ceramic baths, a room-size utility area and a two-car carport. This home sits back from the road with a large front lawn and nice shrubbery. City water and cable TV. Priced at \$69,500.

Office and home in the heart of Prestonsburg. Wonderful visibility for your office, wonderful neighborhood for your family. Great access, plenty of parking. A real buy at \$73,500.00

Commercial building with two apartments upstairs. Abundance of parking, was formerly used for auto repair but would be excellent office space if remodeled. Allen location.

Building lot—high and dry with additional land to Big Sandy River. Small barn, great place for kids. Approximately 1 1/4 acres. We'll try \$16,500 on this.

Five Farmers Home houses in the Johnson County area. Eligible for Farmers Home or conventional financing. If you think you can't afford a home, try one of these. Priced from \$15,000 to \$33,500.

Baby farm—perfect setting for a new home just outside Prestonsburg.

Four-bedroom home which has the nicest space and has had the best of care. Fenced yard, carport, city water, gas, stove, refrigerator, washer, dryer, and freezer to stay. Priced under \$40,000.

Four-bedroom home just off 4-lane 80. This home has had tender, loving care: fireplace, eat-in kitchen-family room, 12 x 15-foot storage building. All on a 100' x 100' lot and priced at \$43,500.

Extra special building lot in Rolling Hills Subdivision in Paintsville. Leave the trees and have your own wooded seclusion. A bargain at \$12,500.

Three good building lots at Emma—hurry—the bond money deadline is almost upon us! We'll suggest a contractor and help you with plans. \$7500.-\$8500.

One of the largest and most beautifully built and decorated homes it has been our pleasure to offer this year. Built of white stone (brick) from North Carolina, with privacy (10 acres), yet within three miles of Prestonsburg. Approximately 3200-sq. ft. of living space, plus oversize garage of 750-sq. ft. and 100' patio in rear give great spread-out room for family or parties. Space for pool if desired. Old bond 8 7/8% partial assumable mortgage available. Shown by appointment.

Three-bedroom home with great space in a very handy location in Martin. Raised out of flood plain, covered with aluminum siding, improved with central heat and air, and an exceptionally nice kitchen, this could be the affordable home you and your family have been looking for. Value priced at \$30,000.

Two-story, value-priced home in Auxier on a level, fenced lot within walking distance of school, grocery and post office. Front porch for summer evenings, living room and family room, kitchen with appliances to stay, two bedrooms, bath and big utility area. Aluminum siding and storm windows to help keep maintenance easier and utility bills lower. Fruit trees will add to your enjoyment. \$28,000 for all this!

Brick ranch home on a 90' x 90' chain-link fenced lot in Mayo Subdivision, Prestonsburg. Many extras including a wood-burning fireplace, nice decorating, kitchen appliances, and a carport with built-in storage. If you're looking for something close to town—but not right in town—this could be it. Call for details!

New brick home ready for occupancy in a lovely area just outside Prestonsburg. Front porch, living room with picture window and fireplace wall, dining room, eat-in kitchen with GE appliances, sliders to patio, master bedroom suite, two other bedrooms, two ceramic tile baths, utility area and two-car garage. Central heat and air, fully insulated for energy efficiency. City water, cable TV. Floyd County Bond Money available.

### To Exchange Vows

Mr. and Mrs. Edison Crace, of Salyersville, Ky., announce the forthcoming marriage of their daughter, Terri, to Mr. Kenton Dickerson, son of Mr. and Mrs. James Dickerson, Jr., of Prestonsburg.

The bride-to-be is the granddaughter of the late Luther and Anna Tackett, of Salyersville. Mr. Dickerson is the great-grandson of the late Z.S. Dickerson, of Prestonsburg.

The wedding will take place at the Fitzpatrick Baptist Church, July 14, at 1 p.m.

The gracious custom of open church will be observed.

### Has Fourth Birthday

Lisa Nicole Osborne, daughter of Carson and Brenda Osborne, of Teaberry, celebrated her fourth birthday, Sunday, June 10 at her home. She is the granddaughter of Buster and Mildred Osborne, of Beaver, and Allard and Nellie Newsome, of Shalbiana. Guests attending were Michael Newsome, Leslie Newsome, Michelle Newsome, Rebecca and Tiffany Osborne, Leonard and Eugenia Osborne, Rebecca and Melissa Bentley, Vickie Watkins, Rita Bentley, Mary Ann Tackett, and Doug and Holly Hamilton. Many gifts were received.

### Pike Chamber Honors Banking Commissioner

State Banking Commissioner Ballard Cassidy, Jr. has been named "Outstanding Business Man of the Year" by the Pike County Chamber of Commerce.

Cassidy received the annual award for his accomplishments in the banking industry as a whole and for his personal accomplishments which have benefited Pike county, according to chamber officials.

At the age of 32, he is the youngest person to be appointed banking commissioner in Kentucky. Two years earlier, he was the youngest chief executive officer and vice president of a Kentucky bank with more than \$100 million assets, Citizens Bank of Pikeville.

Cassidy, a Pikeville native, has been active in the community. In 1981, he joined the adjunct faculty of Pikeville College to teach corporate finance. He also has been on the board of directors of the state YMCA, and a member of the Pikeville Rotary Club of America.

In Frankfort, Cassidy serves on the board of regents of Kentucky State University.

### Floyd Produced 5.1 Million Tons...

## Coal Production for Area Down Last Year from 1982

But for the strong possibility of a strike, come September, Eastern Kentucky coal mines would be expected to be a sure thing to show an increase in total coal production this year over 1983 when the production total dropped below that of the preceding year.

Last year's production figures are in, as reported by the state Department of Mines and Minerals, and they show that Pike county led the state with 21,727,634 tons. But that was a drop of 2.55 million from the county's total for the preceding year. During 1983 Pike county had 445 mines—122 surface and 323

underground—operating and employing 6151.

Only Breathitt county, where all but six of its 90 operations were surface mines, showed a gain last year. Its 1269 mine employees produced 6,920,930 tons, but the gain over 1982 was only 79,621 tons.

Floyd county was one among the counties that lost production last year when it produced 5,131,616 tons from 76 surface and 121 underground mines. These operations employed 1939 workers.

Martin county ranked No. 2 last year, as it did in 1982. Although it had six more mines working, their production in 1983 was "only" 12,516,908 tons, 3 1/2 million tons below the county's 1982 total. Its 106 mines employed 3691.

Knott county, a comparatively late starter in the coal mining industry, was ahead of Floyd in production last year with 5,727,384 tons from 197 mines which employed 2569 in its 131 surface and 66 underground operations.

Neighboring Perry county, with 164 surface and 29 underground mines which employed 3113, produced 7,082,375 tons.

Letcher county's 132 surface and 56 deep mines had a total of 3,503,862 tons. These mines employed 2107.

All of Magoffin 49 operations but 11 were surface mines. The county produced 2,376,534 tons last year, according to the Mines & Minerals report. They employed 926.

Johnson county had the lowest production in the lot—501,831 tons from 38 mines (only 5 underground) which employed 363.

Creative Dramatics Camp At Jenny Wiley Theatre

The Jenny Wiley Theatre has announced that registrations are now being taken for its annual Creative Dramatics Day Camp which will run for two consecutive weeks, July 16-27, on Mondays through Fridays.

"We expect the registration to be as great as last year's. Sponsoring this day camp is just one way we can show our appreciation to the area people for all their support," said Keith Stevens, managing director of the Jenny Wiley Theatre.

This year's camp director, Rhonda R. Ritchie, has planned various activities with which the children will work. "I want to introduce the children to theatre and acting in a fun, active way. Every day they will learn a little more than before," said Ritchie.

To enroll in the day camp, call the Theatre office at 886-3691 from 9 to 5, Monday through Friday. Pre-registration is encouraged, since no children will be admitted to the camp after it has begun.

INTRODUCING

The Landing

In the early 1900's, the riverboat would steam into town. At the sound of the whistle and the calliope, all Prestonsburg would gather at the Upper Landing to see what news, goods, or travelers had come up the Big Sandy.

At this same location, the carefree charm of a bygone era is recalled today at "The Landing," the new name for Prestonsburg's foremost address...at an affordable price.

PHASE I

A luxurious new Town House-Condominium Complex on the Riverside in Prestonsburg. Each private entrance leads to a distinctively designed home. Spacious interiors and graceful architectural lines provide an elegant background for your own good taste.

Downtown Shops and Offices are within easy walking distance, while a private Court Yard lets you forget you're only minutes from restaurants, schools and churches.

SPECIAL FEATURES INCLUDE:

- Fireplaces • Ceramic Baths • Recessed Lighting • Oak or Cherry Cabinets • Private Balconies/Patios • Walk-In Closets • Refrigerators/Dishwashers • Cathedral Ceilings • Jenn-Air Ranges • Individual Garages • Insulated Custom Windows • Low Maintenance Fee • Financing Available • Low Down Payment

### Five Lead Children's Programs

Eileen Recktenwald, PCC camp director, registers children for the first session of summer camp which began June 25. The second session begins July 9.

Children's programs at Prestonsburg Community College have been growing, thanks to the efforts of five people: Eileen Recktenwald, camp director; Mike Conley, who teaches piano and voice; Cynthia Manuel, who directs Children's Theater; Dorothy Howard, instructor of jazz and tap, and Robin Carlson who teaches gymnastics and ballet.

Eileen Recktenwald has directed the very successful PCC summer day camp for three years. She is a graduate of the University of Maryland and has directed many afterschool enrichment programs. She has a varied list of craft, camping, and recreation skills which accounts for the wide variety of camp classes as well as the fun children have at camp. A new camp session starts July 9.

Mike Conley is a Paintsville native. His BME is from Morehead State University and his MA from Northern Kentucky University. He spent 11 years as a teacher in public and private schools, and has been an organist and choir director for over nine years. Currently, he is the organist at the First United Methodist Church in Paintsville.

Cynthia Manuel is a BS graduate of Alice Lloyd College, where she not only took theater classes but also worked and performed in plays and musical productions. She was active in the Appalachian Summer Theater and Voices of Appalachia.

Dorothy Howard has a BA in theater and dance from Western Kentucky University. She also studied in Beirut, Lebanon. She has her own successful dance studio in Salyersville. She has been a professional choreographer for the Lakeside Singers and choreographed for Jenny Wiley Summer Music Theater in 1980.

Robin Carlson's BS is from Northeastern University in Boston where she graduated, summa cum laude. She studied, taught and performed with the Baton Rouge Ballet. In addition, she did master dance class work at LSU. While in Boston she danced and taught for Northeastern University, studied with the Boston Contemporary Ballet and taught for Boston Parks and Recreation. In addition, she has studied with the Lexington Ballet and danced and choreographed for the Montpelier, Vermont Players. She is on the Jenny Wiley board.

#### Drift Club Honors Mrs. Sophia Cahill

The Drift Woman's Club held its June meeting at the Drift Clubhouse. Anna Sue Stumbo, Education chairman, announced the scholarship awards for 1984.

The George L. Moore Scholarship was to Cindy Osborne, with Bobby Caudill as alternate. The Lloyd Stumbo Scholarship was awarded to Sara Newman, with Jeff Potter as alternate.

Preliminary plans were discussed for the club's 15th annual horse show.

The meeting was also an occasion to honor Mrs. Sophia Cahill, who will soon be moving to Ohio. Mrs. Doris Ann Lawson, vice-president, presented a certificate to Mrs. Cahill in recognition of her many years of service to the club, community and church. Mrs. Anna Sue Stumbo read a poem recalling incidents and activities, involving the honoree. Other members, mentioned happenings over the years. Miss Ruby Akers, president, presented her a gift of jewelry from the club.

Mrs. Cahill has lived in Drift for 45 years and is a charter member of the Drift Club and a past president. She is also a charter member of St. Juliana's Church at Martin and a past president of the Altar Society; past president of the Mountain Deanery Council of Catholic Women which comprises 13 southeastern Kentucky counties; has served on the board of directors of the Covington Diocesan Council of Catholic Women, the Bishop Selection Committee for the Diocese of Covington, advisory board of the Floyd County Library and the advisory board of Our Lady of the Way Hospital.

Mrs. Cahill worked for the Department of Mines and Minerals, Martin district office, for 18 years and retired May 1 as office supervisor. She was assistant to Willard Stanley, executive secretary of the Big Sandy Elkhorn Coal Mining Institute, for 11 years.

Hostesses for the meeting were Mrs. Geraldine Ward and Mrs. Beth Ward. Members present were Sophia Cahill, Doris Ann Lawson, Ruby Akers, Cheryl Hall, Jerry Turner, Celia Little, Christine Kidd, Anna Sue Stumbo, Mildred Salisbury, Geraldine Ward and Beth Ward.

#### HERE FROM OHIO

Mrs. Nora Decker had as her houseguests recently her daughter, Mrs. Gertrude Owsley, and a relative, Mrs. Audrey Owsley, of Ashland, Ohio. While here, Mrs. Audrey Owsley also spent some time visiting Mrs. Avel Hicks.

#### PLAQUE BUILDUP

Q. How quickly does plaque form on teeth?

A. Actually, film begins to collect on teeth only moments after they have been thoroughly cleaned. This film, called "acquired pellicle", is primarily made up of protein material from the saliva in the mouth. Soon after this pellicle is formed, mouth bacteria begin to collect on it, secreting polluting enzymes that are a destructive by-product of plaque.

This build-up continues over a period of hours until the plaque reaches maximum thickness. Measurable amounts can be noted within 6 hours after teeth have been cleaned. However, the rate of build-up varies from person to person and from tooth to tooth.

#### VISIT IN LEXINGTON

Mrs. Rebecca Rasnick and her granddaughter, Miss Sandra Harris, who is employed this summer at Archer Park, were in Lexington last week for a visit with Miss Harris' mother, Mrs. Joyce R. Harris, her son Frank and daughter Becky. While there they joined in the celebration of Mrs. Harris' birthday with a small party for family members at the Harris home on Saturday, and dinner at the Bob Evans Restaurant on Monday. The honoree was presented gifts from family members, and from an aunt and uncle, Mr. and Mrs. Bill Pettrey, of Prestonsburg, and another uncle, Rudolph Spencer, of Garrett.

The earliest known set of dentures was dug up in a field in Switzerland and is believed to date from some time in the 15th century.

## More Kentuckians Working

The number of working Kentuckians reached an all-time high in May as the state's unemployment rate dropped to its lowest point in more than two and a half years. Figures released by the Cabinet for Human Resources show a decline from the revised April rate of 9.5 percent to a preliminary May rate of 8.9 percent.

"The last time Kentucky's unemployment rate was that low was November 1981, when it also was 8.9 percent," said state labor market analyst Ed Blackwell. "In fact, we have to go back to October 1981 to find a lower rate—7.0 percent."

Nationally the unemployment rate was 7.2 percent in May, compared to 7.6 percent for April.

"May proved to be a record month in Kentucky both for the number of people employed and for the size of the state's civilian labor force," said Blackwell. "There were an estimated 1,590,000 Kentuckians working in May out of a total labor force of 1,746,100. Both figures easily outdistanced previous highs and are signs of an overall improvement in

Kentucky's economy. This is not merely one of our normal, seasonal employment jumps."

The 1,590,000 Kentuckians working in May was 19,300 more than in April and 78,200 more than in May 1983. Total unemployment was estimated to be 156,100 in May, down 9,100 from April's 165,200, and 53,800 below the 209,900 unemployment figure for May 1983.

Employment gains were made in agriculture (7,400), construction (5,300), trade (4,700), manufacturing (1,900) and in other nonagricultural employment (1,500), which includes domestic workers and people who are self-employed. "Trade is up 7,400 over last May, and our data shows the most recent increase is in restaurant trade," Blackwell said.

"We also saw an improvement in bituminous coal mining, where employment was up by 600 over April and last May," he said. "In finance, insurance and real estate, employment was up by 900 over April. Our data shows recent employment increases in banking and publishing."

Kentucky's civilian labor force estimate surged to a record 1,746,100, up from 1,735,900 in April and 1,721,700 in May 1983. "As the economy continues to improve, employers have more job openings, and more people enter the job market in search of work," Blackwell said. "We would hope to see this trend continue through the summer months." The civilian labor force includes only non-military persons who are employed and unemployed people who actively are seeking work.

### FINAL PUBLIC NOTICE

The Federal Emergency Management Agency (FEMA) hereby gives final notice to the public of its intent to provide Individual and Family Grant (IFG) program funds to provide bridges or protective structures under Section 408 of the Disaster Relief Act. The public notification of FEMA's intent, which invited the public comment, was previously published in this publication.

The bridges and protective structures will be located in the areas and counties which were designated as part of the major disaster declaration made by the President on 5-15-84.

FEMA determined that there was no other practicable alternative to building these private bridges and protective structures because access was needed to the homes and protective structures will mitigate against future damages (by flooding or slides) to private individuals.

Before choosing this course of action, FEMA evaluated other alternatives according to social, economic, environmental, safety and technological factors. FEMA also requested and considered the views of the State Department of Disaster and Emergency Services, which administers the IFG program, and other State officials.

Further information about the action may be obtained by writing to: Paul E. Hall, DRM, at P.O. Drawer 1686, Paintsville, KY 41240, or by calling 606-789-4344 between the hours of 8 a.m. and 5 p.m. Additional comments should be received within 10 days from publication date of this notice.

### Floyd Teacher Says Institute 'Stimulating'

Forty outstanding Kentucky teachers are ready to apply the enrichment experiences from the first Commonwealth Institute for Teachers to their home communities and classrooms.

Participants in the weeklong institute at the University of Kentucky, Lexington, which ended June 26, included Carol Stumbo, of McDowell, a teacher at Wheelwright High School.

Miss Stumbo summed up the value of the institute in this way:

"The week of activities gave me the opportunity to hear outstanding speakers from across the United States and an opportunity to explore the consequences and implications of the ideas presented in small group discussions led by University of Kentucky professors. In addition to being exposed to the intellectual stimulation of the speakers, participants were also encouraged to exchange viewpoints with the 39 other teachers from various parts of the state."

"The institute was a valuable, stimulating experience and has given me new resources to use in the classroom," she added.

Superintendent of Public Instruction Alice McDonald described the participating teachers as "ambassadors of the classroom" and urged them to share the experiences of the institute with fellow teachers and community members.

The teachers who took part were selected by the Department of Education on the basis of applications and letters of recommendation. Each teacher received a stipend of \$400, in addition to free room and board at UK.

The 40 participants will return for two follow-up weekends during the 1984-85 school year. They have been asked to submit written papers at the weekend seminars giving community opinions and suggestions for future institutes and for the improvement of education in Kentucky.

### BIRTH ANNOUNCEMENT

Mr. and Mrs. Luther Tackett, of Grethel, announce the birth of a son, Trenton Luther Tackett, born June 20 at the Pikeville Methodist Hospital. Trenton was welcomed home by his eight-year-old sister, Amy, and by his six-year-old brother, Mark. Grandparents are Mr. and Mrs. Waltust Reynolds and Mr. and Mrs. Azzie Tackett, all of Teaberry.

 All Master Masons are invited to attend.

**Earns Baseball Grant**

Bill Melton, ALC Eagles' head baseball coach, announced last week that Douglas M. "Shad" Stumbo has signed a baseball letter of intent at Alice Lloyd College for the 1984-'85 year.  
 Stumbo batted a .634 his senior year at Allen Central High School and had a 6-2 pitching record. These statistics have won him the best offensive and the best defensive player awards. In addition, he has earned the MVP award all four years in high school.  
 "Shad Stumbo is a welcome addition to the ALC baseball program," Melton said.

**Goble Lumber Wins Tourney**

The Floyd County Babe Ruth program ended its regular season with the all-conference tournament, which ran from June 26 till Friday, the 29th.  
 With teams from both the North and South divisions it was thought the Goble Lumber Indians, with a sparkling 11 and 1 record, would end up facing in the championship game the Garrett Pirates, who were 12 and 1 on the season, but all teams from the South division, including Garrett, were upset in the first round.  
 Coach Rice's Goble Lumber Indians won the championship, 14 to 0, in a rain-ending 5 inning affair over Harold Case's Martin Cardinals.  
 Coach Case's championship hopes were shattered when starting pitcher, Ronnie Dean Ousley, reported to the field with a badly swollen ankle and didn't play at all in the contest.  
 With Greg Shepherd going for the Indians, the Cardinals managed one hit by Pete Hayes in the five innings.  
 The Indians were led by catcher

**John Goble with a perfect 4 for 4, while Bryan Wallace, B.D. Nunnery, Jimbo Frazier and David Martin had 2 hits each. For the winners, every starter had a hit as the team ended its 14 and 1 championship season with a team batting average of .371.**

Leading hitters for the Indians were Greg Shepherd with a robust .543, John Goble .513, Bryan Wallace .512, and Jimbo Frazier with .457.  
 "All-Star picks were to be announced this week, with teams from North Floyd and South Floyd playing July 14 at Johnson Central's park, Paintsville, in the district tourney.  
 A new format this year gives the 14-year-olds their own All-Star tournament, as the boys not picked on the 14-15-year-olds All-Stars team could have a chance to make a 14-year-old only All-Star team.  
 The 14-year-old All-Stars will be coached by Harold Case and Dave DeRossett, Jr.; the 13-year-olds by Rabon Flanery and Ellis Spurlock; and the 15-year-olds by Oscar Rice and B.J. Newsome.

**Disaster Hotline Closes on Weekends**

Effective Saturday, July 7, the toll-free Disaster Hotline will cease weekend operations, but will be in operation, Monday through Friday, it was announced by Paul E. Hall, federal coordinating officer for the Federal Emergency Management Agency (FEMA).  
 "There has been a significant decrease in the number of calls the Hotline has received overall and, in particular, on weekends," Hall said. "This leads us to conclude that we can provide adequate service to flood victims in eastern and central Kentucky with a weekday-only operation."  
 From May 18, when the Hotline opened, through Friday, June 29, Hotline operators had taken nearly 7,500 calls at 1-800-422-1044. However, Hall noted, the number of weekend calls has fallen off to less than 50 in recent weeks and in the past week, weekday calls to less than 200.  
 Operators will continue to be on duty from 8 a.m. until 5 p.m. Monday through Friday until further notice, Hall said.  
 He urged flood victims who have not yet applied for disaster assistance and applicants who have any questions or require assistance with application forms to use the Hotline. "Our operators may be able to assist directly and if not, they can refer callers to the appropriate agencies," he said.  
 Hall also reminded Kentuckians who may be eligible for disaster assistance that the deadline for making application to most programs is July 16.

**AT HOME HERE**

MASTER COMMISSIONER'S SALE

FLOYD CIRCUIT COURT 82-CI-687

Family Federal Savings And Loan Association, Paintsville, Ky. Piff. VS: NOTICE OF SALE Palmer Crider, Betty Lou Crider, United States of America and Floyd county... Defts.

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the March 5 and May 3 terms, 1984, in the above-styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 5th day of July, 1984, at 11 o'clock a.m., same being a day of the regular term of the Floyd Circuit Court, for cash or upon a credit of three (3) months, the following described property, to-wit:

That certain tract or parcel of land, lying and being on the waters of Woods Branch, a tributary of Cow Creek in Floyd County, Kentucky, and being the same land conveyed to Palmer Crider and Betty Lou Crider, by deed from W.T. Foley and Pauline Foley, his wife, on May 23, 1977, recorded in Deed Book 229, page 197, Floyd County Clerk's Office.

That certain tract or parcel of land lying in Floyd County, Kentucky, on Woods Branch, a tributary of Cow Creek, containing 4 acres, more or less, and being more particularly described as follows:

Beginning at an iron stake on east side of Woods Branch and also joining line with Laura Belle Herald's line approximately 40 feet from culvert of State Road; thence running with State Road approximately 550 feet southeast to Edd Hunt's line to the top of the point of Laura Belle Herald's line; thence down the point with old fence to the beginning at Wood's Branch.

If the purchaser is other than the Plaintiff, Family Federal Savings and Loan Association, Paintsville, Ky., they shall make a cash deposit of \$1,000.00 on date of sale.

The amount of money to be raised by this sale shall be in the sum of \$15,167.06 plus interest, the sum of \$11,323.58, and the principal sum of \$33,118.02 with interest thereon at 12% annually from the 5th day of March, 1984 on both debts plus \$558.21 accrued interest until satisfied and the costs of this action, including costs of advertising of this sale and the fees and commissions for conducting this sale.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force the effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this 18th day of June, 1984.

MARSHALL DAVIDSON, Master Commissioner 6-20-3t.

**GHOSTBUSTERS.** (PG-Columbia Pictures) Starring Bill Murray, Dan Aykroyd and Sigourney Weaver. ★ ★ ★

By J.T. YURKO

The secret of a successful business is being at the right place at the right time. In "Ghostbusters," Bill Murray, Dan Aykroyd and Harold Ramis play three slightly daffy professors of parapsychology who are fired from their university. Their experiments in the occult didn't sit well with the department chairman, and Murray seems to be more interested in some of the coed's biology than in his research in psychology.

Undaunted, the three soon become the entrepreneurs of ectoplasm, the salesmen for the supernatural, the soothers of the spiritual — in other words — ghostbusters. And their timing is perfect.

Ghosts, gremlins and pesky poltergeists are popping up all over Manhattan. The basement of the New York City library has been visited by creatures from the beyond, and a ritzy hotel has a particularly hungry ghoulish roaming the 14th floor. The lovely Sigourney Weaver opens her refrigerator door and finds a temple of doom. Soon after, Murray, Aykroyd and Ramis — the

Three Musketeers of ghostdom — become mankind's last hope in the face of the apocalypse.

No one need tell you this is a farce filled with spirits, but it's one full of spirit as well. Murray's sarcastic, dry-as-a-bone comments are some of the film's chief laugh-getters, but neither Ramis (Murray's co-star in "Meatballs" and "Stripes") nor Aykroyd are denied moments of hilarity. As the lovely damsel in occultish distress, Sigourney Weaver has a fine sense of playing along with the farce.

The special effects are also a mix of the silly and the spectacular, with Richard Edlund ("Star Wars" and "Raiders of the Lost Ark") as visual effects supervisor.

Aykroyd and Ramis penned the screenplay, giving the film the absurdity of a "Saturday Night Live" skit stretched out to 90 minutes. Cast and crew, however, keep everything moving full speed ahead, and that makes "Ghostbusters" one of the sure-fire hits of the summer.

**STARVIEW**

By David Gabriel

**NO NAIL BITING** — Although the "Falcon Crest" cliffhanger had almost every member of the cast on a doomed jet plane headed for a fall, **Laura Johnson** was not worried that her character would be killed.

Miss Johnson plays Terry Hartford, a reformed hooker now married to Dr. Michael Ranson (**Cliff Robertson**). Although Ranson will be killed in the crash, his wife emerges from the debris "with my hair looking great," says Miss Johnson. "Terry is chameleonlike and will go through certain transitions," the actress adds, revealing that she'll be confronted by a male friend from her past.

**EXPLOITATION** — **Jon-Erik Hexum**, who bared almost all in the television film "The Making of a Male Model," will again play a model for CBS in "Cover Up" with **Jennifer O'Neill**. Hexum plays a model and Miss O'Neill is an undercover investigator posing as a fashion photographer.

Hexum knows he will be exploited as a hunk but says that it's all right "because it is just a matter of how much." He had no control in "Male Model," in which **Joan Collins** played his manager. "That turned out to be far more exploitive than I anticipated," he says. "I was shirtless for no reason. It wasn't a lot of fun." Not even with Joan Collins?

**NEXT GENERATION** — **Olivia De Havilland's** talented daughter **Gisele**, who just starred in a French television movie, has become a free lance journalist. She is also writing a book and pursuing a serious career as a lawyer.

But that doesn't mean she's given up acting. Her father, French director **Pierre Galante**, may give Miss De Havilland a starring role in one of his next films.

**An All-Star quiz to stump even the best**

By Wendy Wallace

Willie McCovey

On Tuesday evening, July 10, ABC will cover the 55th annual All-Star Game live from San Francisco's Candlestick Park. The game's honorary captains are a pair of hard-hitting first basemen — Hall of Famer Hank Greenberg (who was named to four All-Star teams) for the American League and Willie McCovey (a six-time All-Star) for the National League.

Beside Greenberg and McCovey, fans will witness the talents of the brightest stars from both leagues as they take their spots among the immortals.

This year's contest coincides with the 50th anniversary of one of the most memorable accomplishments in All-Star history — when Carl Hubbell, then in his seventh season with the N.Y. Giants, struck out in succession eventual Hall of Famers Babe Ruth, Lou Gehrig, Jimmie Foxx, Al Simmons and Joe Cronin.

Here's a short quiz to see if you can recall other highlights from past All-Star games.

1. Who originated the idea of the All-Star game?
2. Only one other game has been played in Candlestick Park. When did it occur and who won the game?
3. Seven players from the first contest went on to

manage in the major leagues. Who are they?

4. In what city and year did the first night All-Star game occur?

5. Which two players have been elected to start the All-Star game on a write-in vote?

6. Who is the first player in All-Star game annals with home runs in both leagues?

7. What All-Star record was set in the 1963 game?

8. Who was the M.V.P. in last year's All-Star game?

Answers: 1. Chicago Tribune sports editor Arch Ward. 2. In 1961, the National League won 5-4. 3. Yogi Berra, Ken Boyer, Dick Howser, Eddie Mathews, Frank Robinson, Maury Wills and Don Zimmer. 4. Philadelphia, in 1943. 5. Rico Carty in 1970 and Steve Garvey in 1974. 6. Frank Robinson. 7. Stan Musial's 24th All-Star appearance. 8. Fred Lynn of the California Angels.

Wed, June 22

Mr. and Mrs. James A. Francis, of Wayland, announce the marriage of their daughter, Miss Katrina Lynn Francis, to Mr. John Glenn Thompson, on Friday, June 22. Mr. Thompson is the son of Mr. and Mrs. Wilton Thompson, of Prestonsburg.

**CARD OF THANKS**

The family of Eva Prater Frasure would express thanks and appreciation to all who helped in our time of need. We would like to thank the Highlands Regional staff, the Coronary Care Unit staff and Drs. Hieronymous and Reedi who helped with her care. We also wish to thank the Brush Creek United Baptist Church and the Rev. L. P. Tussey, the Maytown Methodist Choir, Geneva Mullins and Danette Flannery for their comforting words and music. And to those who sent flowers, food, and helped in other ways by just being there in our time of need, thank you so much. A very special thank-you to Hall Funeral Home for creating a family atmosphere in their establishment.

"Let us exalt His Name together"  
—Psalms 34:3

"To all who mourn and need comfort, to all who are friendless and need friendship, to all who are homeless and need sheltering love, to all who pray, and to all who do not, but should, to all who sin and need a saviour, this church opens wide its doors and makes free a place, and in the name of Jesus, the Lord, says welcome!"

**INSPECTION PERIOD  
FOR THE PROPERTY TAX ASSESSMENT ROLL**

The Floyd County property tax roll will be opened for inspection from July 9, through July 21, 1984. Under the supervision of the property valuation administrator or one of the deputies, any person may inspect the tax roll.

This is the January 1, 1984 assessment on which state, county, and school taxes for 1984 will be due about September 15, 1984.

The tax roll is in the office of the property valuation administrator in the county courthouse and may be inspected between the hours 8 a.m. and 4 p.m.

Any person who wishes to appeal an assessment must file a written letter or petition with the county clerk within the above period of time. This letter or petition must state the reasons for appeal, identify the property in question, and state the taxpayer's estimate of actual fair cash value. (KRS 133.120)

**Mrs. Alice Slone Hall**

Alice Slone Hall, 89, of Middle Creek, died Friday at the Highlands Regional Medical Center following an extended illness.

She was preceded in death by her husband, Mingo Hall, in 1973. A daughter of the late Isom and Vera Slone, she was born March 17, 1895 in Knott county.

Survivors include a daughter, Mrs. Thomas A. Poe, of Middle Creek; two half-sisters, Mrs. Lettie Thomas and Miss Meldia Slone, of Whitesburg.

Funeral services were conducted Sunday at 2 p.m. at the Carter Funeral Home chapel with Elder Bill Campbell officiating. Burial was made in the Poe family cemetery at Ivyton.

Pallbearers were John Thomas Hill, John Sparr, Thomas A. Poe, John Clark, Henry Hackworth, Bud Shepherd, Ed Allen, and Al Fraley.

**Obituaries**

**Mrs. Elizabeth J. Howard**

Mrs. Elizabeth Josephine Lynch Howard, 70, of Dwale, died Friday at St. Joseph's Hospital, Lexington, following an extended illness.

A daughter of the late John Jack and Lava Johns Lynch, she was born February 20, 1914 at Dwale. She was a member of the Martin Church of Christ and is survived by her husband, Kermit Howard.

Other survivors include a son, Jackie Howard, and a daughter, Sandra Janelle Steffey, both of Dwale, and four brothers, Jack and Thomas Lynch, both of Ashland, Leo Lynch, of Russell, and Fred Lynch, of Akron, O. She also leaves five grandchildren and two great-grandchildren.

Funeral services were conducted at 1 p.m., Monday, at the Floyd Funeral Home chapel with Michael Curry and Ronnie Chaffins officiating. Burial was made in the Davidson Memorial Gardens at Ivel.

Pallbearers were Delano May, Bobby Dale, David, and Randy Lynch, and Brad Walls.

**LAST MEETING OF YEAR**

The Prestonsburg Kiwanians held their last luncheon-meeting of the current year at May Lodge last Thursday noon, with the president, Mrs. Garnet Fairchild, presiding. The devotions were given by Mrs. Lucy Regan.

The president announced that the period of six months, which had been given her and others to start a Hospice program here, had been extended for six more months, and she expressed the hope that this goal could be accomplished. Monetary aid and persons to help establish this program are needed. The concert, featuring Jean Ritchie, folksinger, at Prestonsburg Community College, Friday evening, June 29, on behalf of the Hospice program, was discussed.

Mrs. Fairchild appointed the following members to serve on the nominating committee for the selection of officers for the new club year: Mesdames Jane Wallace, Orpha Meece and Jane Bond.

A new member, Mrs. Ada Meade, was welcomed. Others present were Mesdames Garnett Fairchild, Vera Ford, Mabel Jean LeMaster, Hope Whitten, Ora Bussey, Margaret P. Alley, Jane Wallace, Elizabeth Ramey, Rebecca Rasnack, Zella Archer, Edith James, Docia Woods, Virginia Shivel, Dolly Pettrey, Opal Dingus, Lucy Regan, Myrtle Allen, Orpha Meece, Anna May Mellon, Margaret Collins, and Mary Lou Layne.

The next meeting will be in September.

**CARD OF THANKS**

The family of Mary Brown wishes to express our heartfelt thanks to all the friends, neighbors and relatives for your kind expressions of sympathy during the illness and loss of our mother.

**Levi Belcher, Jr.**

Levi Belcher, Jr., 64, died Friday at his home at Wheelwright following a long illness.

A son of the late Jordan and Alice Coleman Belcher, he was born January 22, 1920 at Regina, Pike county. He was a veteran of World War II and was a retired shipyard supervisor at Jacksonville, Florida.

Survivors include his wife, Mrs. Veree Patty Wattles Belcher; two sons, Darrell Levi Belcher, of Allen, and Larry James Sutton, of Jacksonville, Fla.; a brother, Ed Belcher, Regina; two sisters, Oma McCoy, of Bypro, and Auda Ratliff, of Winchester, and six grandchildren.

Funeral services were conducted at 11 a.m. Sunday at the Joppa Regular Baptist Church, at Melvin, with ministers of the church officiating. Burial was made in the Arvil Hall cemetery at Kite under direction of the Floyd Funeral Home.

**Rickey Lee Burgey**

Funeral services were conducted at 1 p.m. last Thursday in the chapel of the Carter Funeral Home for Rickey Lee Burgey, 22-year-old Abbott Creek resident who drowned Saturday, June 23, in Lake Howard near Winter Haven, Florida.

Born July 27, 1961 at Paintsville, he was the son of Hope Horn Goble, of Abbott Creek, and the late Robert Burgey. He was employed in the collections department of the First Commonwealth Bank, here.

In addition to his mother, he is survived by his wife, Rose Cochran Burgey, and a half-sister, Sharon Lynn Crum, of Abbott Creek.

The officiating minister was the Rev. Bobbie Joe Spencer, and burial was made in the West Prestonsburg cemetery under direction of the Carter Funeral Home.

Pallbearers were Larry Prater, Donny and Gary Ousley, Sammy Horn, Allen Conley, Jerry Morgan, Manis Prater, William Holbrook.

**New Payment System At Floyd Hospitals**

Patients may not have noticed anything different at Highlands Regional Medical Center or Our Lady of the Way Hospital but, as of July 1, both changed very much. That was the date the hospitals began their new Medicare fiscal year and came under the federal government's Medicare Prospective Payment System. All hospitals in the country must adopt this system by September 1.

The system is Medicare's new method of reimbursement for inpatient care. Previously, Medicare paid the nation's hospitals through a cost-based system. With prospective payments, Medicare will pay all hospitals according to a pre-determined schedule of prices.

The prospective payment system is based on 468 diagnosis related groups (DRG's). There is a DRG classification to cover every ailment that lands a patient in the hospital.

What does this mean to the patients of Highlands Regional Medical Center and Our Lady of the Way Hospital? "The citizens of our community who have Medicare health insurance will experience no changes in the high quality of their treatment, nor see any changes in their bills for hospital care due to our implementation of the prospective payment system," said Clarence Traum, HRMC administrator.

"The changes will be with our financial management," continued Traum. "It won't be easy because we will be required to make major adjustments in how we do things to stay within the prospective payment rate."

"No one, not even health care experts, knows for certain all of the implications of prospective payments," added Sister James Edward Roach, administrator of Our Lady of the Way. "But we will adapt to working under these governmental regulations, and see that patient care is not compromised."

Area residents with questions about the new Medicare Prospective Payment System can get information by calling Roy Shepherd, Highlands Regional Medical Center's Controller, at 886-8511, extension 120, or Our Lady of the Way Hospital at 285-5181, extension 56.

Among some primitive people it was considered bad luck to refer to soldiers by name. They were spoken of as birds instead.

**In Memoriam**

(In loving memory of our Mother, Judith McLanahan Akers, who died July 4, 1983.)

Time has passed, a year has gone, Since our Lord came to take you home.

You suffered for so many years, We still are shedding many a tear. We are learning to realize it was best,

Because you are Home, at peace, and finally at rest.

A day doesn't go by That you don't cross our minds. But that's okay.

Because we'll, too, be Home one day, Where we'll never be apart again. We Love You and Miss You.

Theresa, Brian, and Missy.

**HRMC Offers Diabetes Classes**

Carol Hollon, registered dietician, instructs diabetics and their families in the Highlands Regional Medical Center "Living Well with Diabetes" classes which are next scheduled for July 11 and 18.

"Is low blood sugar a sign that you may be at risk of diabetes?"

This and many other questions were answered during the first "Living Well With Diabetes" program at Highlands Regional Medical Center. Area residents attending the classes were newly diagnosed diabetics, the families who care for diabetics and those who have coped with the disease for years. The group discussions encouraged questions and problem-solving. Registered nurses, dieticians and a physical therapist instructed the classes.

"I have a notebook full of helpful information from this program," said class participant Eva May, of Prestonsburg. Recipes for diabetic diets, newsletters and other information on diabetic concerns were given to

those who attended.

Free "Living Well With Diabetes" classes are held monthly at Highlands Regional Medical Center. They are taught in two sessions and are held in the HRMC cafeteria. The next scheduled class is Wednesday, July 11 from 3 p.m. until 5 p.m. when experts will discuss skin, foot and mouth care, medications, complications and how diabetics can stay in good control. The following Wednesday, July 18, the program will feature the topics of diabetic meal planning, exercise, urine testing and home blood glucose monitoring.

All interested persons are welcome to attend these classes at no charge. For further information on "Living Well With Diabetes" classes, call Sue Wilkerson, HRMC director of food services at 886-8511, extension 556.

**Teachers' Workshop Slated for Study Of Environment**

For years environmentalists have said that the danger was not what nature would do with man, but what man would do with nature.

The sixth annual East Kentucky Environmental Education Workshop is an effort to ensure that man's interactions with nature will be beneficial, not detrimental.

The workshop will be held July 6-8 at Robinson Forest, near Jackson. It is being sponsored by the Kentucky Department of Education, the Kentucky Division of Conservation, the Kentucky Division of Forestry, Morehead State University, the U.S. Forest Service and the U.S. Soil Conservation Service.

The workshop is being coordinated by Ann R. Seppenheim, program manager for environmental education at the Kentucky Department of Education.

She said the organizers hoped "to encourage teachers to take information back to their classrooms and use it in a way to instill an environmental ethic in students."

Forty participants will attend the weekend session. Most will be elementary school teachers, but several high school teachers and college students will also attend.

College credit is being offered through Morehead State University. Participants who want such credit must attend a second session on July 27 on the Morehead campus.

The activities for the weekend will concentrate on forest, soil and water studies and will include sessions on the development of outdoor classrooms, simulation games and awareness techniques.

Workshop participants will be introduced to Project WILD, a curriculum guide that outlines activities for acquainting students with the environment.

A land-use simulation game will also be featured. Participants will be assigned a parcel of land and directed to decide how it should be used, taking into consideration various interest groups.

Teachers will be given access to curriculum resource materials, including printed matter and films, which they may wish to acquire for classroom use.

**Jewish Hospital Copter To Visit Mud Creek Clinic**

Jewish Hospital's Skycare helicopter will be at the Mud Creek Clinic around 11 a.m., Friday, July 13, when services available from the helicopter will be demonstrated to the clinic staff. The visit will serve a dual purpose in that it will also mark the beginning of the clinic's annual Health Fair.

**ADDITIONAL SURVIVORS**

In the obituary of Creed Martin, which appeared in the June 6 issue of The Times, two step-daughters were not listed. They are Joyce L. Walker, of Annandale, Va., and Helen C. Leach, of Parkersburg, West Virginia.

**OBITUARY CORRECTION**

In the obituary of Ernest Dewey Maynard, which appeared recently in The Times, the name of one son was mistakenly omitted. He is John Coleman Maynard, of Emma. Another son, Arlie Lloyd Maynard, should have been listed as residing at Endicott.

**ATTEND KIWANIS CONVENTION**

Mr. and Mrs. "Huck" Francis and Mr. and Mrs. Marvin Music, Sr. have returned from Phoenix, Ariz., where they attended the annual convention of Kiwanis International.

**FLOYD COUNTY HEALTH NEWS**

By JANE BOND Health Educator

Cervical cancer kills approximately 11,000 women each year yet this is one of the most curable of all cancers if the disease is detected in its earliest stages. The pap test is a simple test which can detect cervical cancer in its earliest and most curable stages.

This test takes only a few moments of a woman's time and it could save her life.

The Floyd County Health Department is having a Pap clinic on Monday, July 9, from 8:30 until 11:30 and from 1 until 2. This clinic is a free service of the Health Department and is open to women of all ages, but those women age 45 and over are especially urged to take advantage of this free service.

A nurse from the health department will be in Wayland at the Methodist Church, Monday, July 9, where she will offer T.B. skin tests, urinalyses, anemia screening, blood pressures, immunizations and pap tests. This clinic is a free service of the health department and the public is welcome.

Kentucky law requires that children entering school in Kentucky be adequately immunized against the childhood diseases—measles, rubella, tetanus, diphtheria, pertussis (whooping cough) and polio. Students entering school in Kentucky for the first time are also required to show proof of having had a T.B. skin test. These tests and immunizations are available at the Floyd County Health Department every Monday, Wednesday, and Friday.

**CARD OF THANKS**

I would like to thank everyone who was so thoughtful when my dear husband, James L. Kilgore, passed away. I especially thank all those who sent flowers or expressed their sympathy in any way, and all the family who helped to ease my burden.

You will always be remembered in my prayers. God bless you all.

How To Tell...

# When Your Child Is On Drugs

By DR. GEORGE R. ROSS.  
Last year one out of every 16 high school seniors nationwide got high every day. Four out of 10 young adults currently get high on marijuana or harder drugs on a regular basis. There are an estimated three million teenage alcoholics in America.  
Today, while many experts are labeling teenage substance abuse a national medical problem, millions of parents are asking themselves how they can recognize the problem in their children. There are many helpful indicators:  
School. Has the adolescent brought home lower grades and developed a negative attitude toward school? Skipped classes, been suspended or expelled? Heavy drug users usually drop out of school.  
Dishonesty. Has the adolescent concealed drug use and either denied or minimized it when discovered? Has he or she been caught stealing from parents or shoplifting? Has there been cheating at school or forging of school excuses?  
Personality changes. Has the child changed friends, started using foul language, or begun lying about his or her activities? Withdrawal, irritability and fits of anger with little provocation are

common. There is a loss of motivation, lowering of ambition.  
Sexual behavior. Promiscuity is common, with consequent venereal disease or pregnancy. Girls may be on birth control pills.  
Lawbreaking. Traffic violations, vandalism, shoplifting, breaking and entering may occur.  
Physical condition. Personal grooming and hygiene may deteriorate. Speech, gait, clothing and hairstyle may change.  
Younger teenagers may have decreased sexual development; in girls, menstruation may become infrequent. They may lack vitality and need long sleeps at unusual times. They may lose weight.  
Bloodshot eyes, dilated pupils, excessive or inappropriate talking or laughing, along with slowed speech and decreased coordination may indicate marijuana use. The adolescent may attempt to conceal bloodshot eyes with eye drops.  
Medical conditions. Infections of the skin and respiratory tract are common. A chronic cough may develop. Extreme fatigue, frequent colds and chest pain are other signs.  
Family relationships. Immaturity and withdrawal from family relationships may be noticed. The adolescent may avoid being seen with parents or siblings and avoid family outings. Household responsibilities and chores may be neglected. The teenager may accuse parents of "haunting" or not trusting him or her and may try to create conflict between parents.  
Although many of these indicators appear in any teenager as part of normal puberty, if an adolescent demonstrates many of these characteristics, there is a high probability that he or she is harmful involved with drugs.

## National Award Winner

The National Secondary Education Council has announced that Stefanie Pahr has been named an Academic All-American. Miss Pahr attends Evangel Christian High School of Louisville. Pahr is the daughter of Peggy Martin Pahr. The grandparents are Lexie Martin, of Galveston, Ky., and Mr. and Mrs. Geza Pahr, of Buffalo, N.Y.

## Group Talks Efforts For Flood Recovery, Action for Future

A meeting of interested persons, ministers and officials was held recently at the United Methodist Church at Martin, to discuss the volunteer flood recovery efforts in Floyd county. Current efforts at recovery and the need for a definite long-term plan of action for future disasters were discussed.

The Rev. Timothy Jessen, president of the Floyd County Ministerial Association, led the discussion. Rev. Alan McCrae, representing the Kentucky Council of Churches, spoke on the possible assistance through the Kentucky Council of Churches and the need for local churches to develop an organizational mechanism through which such assistance can be channeled.

This organization, through a director, would coordinate efforts, skills and needs of the people in Floyd county. It was decided that a steering committee would meet to further develop the plan. Miss Johnnie B. Stephens volunteered to act as director until a director can be hired. Any person with flood related needs may call her at 285-3184 for assistance.

The organization, known as the Christian Ecumenical Recovery Effort (CERVE), will meet again July 24 at 9 a.m. at the United Methodist Church, Martin. All interested persons are welcome to come and share their ideas and needs.

## Named Teacher of Year By Scioto, O. District

The Scioto Valley Local School District at Piketon, O. honored its Teachers of the Year at a breakfast for teachers on National Teacher Day, recently. The breakfast was sponsored by the board of education.  
Among the four who were chosen by their fellow teachers for the honor was Euggie Robertson, language and math teacher at Piketon Junior High School. She is the daughter of Mr. and Mrs. Moses Frasure, of McDowell.

## Special Thanks

ORDINANCE NO. 5-84
AN ORDINANCE OF THE CITY COUNCIL OF THE CITY OF PRESTONSBURG ESTABLISHING A PARKING ORDINANCE AND SUCH RULES AS MIGHT APPLY.
WHEREAS: The City of Prestonsburg desires to enforce their parking regulations in a more orderly manner; and
WHEREAS: The Kentucky State Legislature has passed an act relating to parking enforcement in cities of the first four classes; and
WHEREAS: The City Council of the City of Prestonsburg wishes to establish and maintain a Parking Ordinance as allowed by law, NOW, THEREFORE BE IT ORDAINED BY THE City Council of the City of Prestonsburg as follows:
Section 1:
Definitions
1. "Local Government" means the City of Prestonsburg.
2. "Hearing Board" means a body established by this ordinance and empowered to conduct hearings pursuant to this ordinance and also means any hearing officer or officers appointed by the board. Any action of such hearing officer shall be deemed to be the action of the Board.
3. "Parking Ordinance" means an ordinance regulating parking, standing, or stopping upon the public streets or ways within the local government.
Section 2:
The City of Prestonsburg does hereby enact a parking ordinance and does hereby impose penalties shall be deemed civil penalties. The City of Prestonsburg does hereby elect to enforce this Parking Ordinance.
Section 3:
1. If any motor vehicle is found parked, standing or stopped in violation of this parking ordinance, the vehicle may be cited for the appropriate parking violation. The citing officer shall note the vehicle's registration number and any other information concerning the vehicle which will identify it and, if the driver is not present, shall conspicuously affix to the vehicle a notice of the parking violation.
2. The form of the notice of the parking violation shall be a colored ticket that shall contain the following information:
a. A statement that the notice represents a determination that a parking violation has been committed by the owner of the vehicle and that the determination shall be final unless contested as provided for in this act.
b. A statement that a parking violation may result in impoundment of the vehicle for which the owner may be liable for a fine and towing, handling and storage charges or fees.
c. A statement of the specific parking violation for which the citation was issued.
d. A statement of the monetary penalty established for the parking violation.
e. A statement of the options.
Section 4:
1. Any person who receives notice of a parking violation shall respond to such notice as provided in this section within seven (7) days of the date of the notice, by either paying the fine set forth in the notice or requesting a hearing pursuant to this ordinance.
2. If the owner of a vehicle cited for a parking violation has not responded to the notice within seven (7) days, the City of Prestonsburg shall send a second notice by certified mail to the last known address of the registered owner of the vehicle as listed on the certificate of title. Such notice shall state that if the owner of the vehicle does not respond to the notice by either paying the fine or by requesting in writing a hearing before the hearing board, within seven (7) days of the receipt of the notice, the owner shall be deemed to have waived his right to a hearing and the determination that a violation was committed shall be considered final. Any person who fails to request a hearing or pay the fine within the seven (7) days shall be deemed to have refused to pay the fine levied by the citation.
3. The registered owner of a vehicle at the time the violation occurred shall be liable for all fines, fees and penalties which he has refused to pay.
Section 5:
1. Any person cited for a parking violation under Section 3 of this ordinance may contest the determination that a violation occurred by requesting in writing a hearing before the hearing board. Such hearing shall be held no later than fourteen (14) days from the date of receipt of the request, unless prior to the hearing the person requesting such hearing requests an extension of time not to exceed fourteen (14) days. No less than seven (7) days prior to the date set for the hearing, the board shall notify the registered owner of the vehicle of the date, time and place of the hearing. Any person requesting a hearing who fails to appear at the time and place set for the hearing shall be deemed to have refused to pay the fine levied by the citation.
2. At the hearing, after consideration of the evidence, the board shall determine whether a violation was committed. Where it has not been established that the violation was committed, an order dismissing the citation shall be entered. Where it has been established that a violation was committed, the board shall uphold the citation and order the owner to pay the citation within seven (7) days. A copy of such order shall be furnished the owner. Any person ordered to pay the fine who fails to do so within seven (7) days shall be deemed to have refused to pay the fine levied by the citation.
3. The board may consider the parking citation and any other written report made under oath by the officer who issued the citation in lieu of the officers personal appearance at the hearing.
4. An appeal from the hearing board's determination may be made to the district court of Floyd County within

seven (7) days of the board's determination. The appeal shall be initiated by the filing of a complaint and a copy of the board's order in the same manner as any civil action under the rules of civil procedure. The action shall be tried de novo and the burden shall be upon the City of Prestonsburg to establish that a violation has occurred. If the court finds that a violation has occurred, the owner shall be ordered to pay to the local government all fines, fees and penalties occurring as of the date of the judgment. If the court finds that a violation did not occur, the local government shall be ordered to dismiss the citation and the plaintiff shall be authorized to recover his cost.
5. The judgment of the district court may be appealed to the circuit court in accordance with the rules of civil procedure.
Section 6:
The City of Prestonsburg may impound a motor vehicle stopped or standing upon a street or public way within its jurisdiction in violation of an ordinance or statute prohibiting parking, stopping or standing in the location manner or at the time the vehicle is cited or for any other lawful reason.
2. In addition to the fines levied for the parking or traffic offense, the owner of the motor vehicle will be required to pay all reasonable towing, handling and storage charges upon such impounded vehicle.
3. The City of Prestonsburg may condition the release of an impounded vehicle upon the payment of the towing, handling and storage charges imposed thereon unless the owner or other person entitled to possession challenges the validity of the impoundment pursuant to Section 6 (4). A vehicle may be released to the owner or other person entitled to possession only upon proof of ownership or right to possession. The City of Prestonsburg may require a \$500.00 security bond or other assurances of indemnification from a person who is not the registered owner of the vehicle prior to releasing the vehicle to such person.
4. The owner of a motor vehicle which has been impounded pursuant to this section or other person entitled to possession, may challenge the validity of such impoundment and request in writing a hearing before the hearing board. The hearing shall be conducted within ten (10) business days of the date of the request, unless the owner or other person entitled to possession waives the limitation or the City of Prestonsburg shows good cause for such delay. The local government shall retain possession of the vehicle pending the hearing, unless the owner or other person claiming right of possession posts a bond in an amount equal to the fines and fees accrued as of the date of the hearing request or seventy-five dollars (\$75.00) whichever is less. If the owner or person claiming possession of the vehicle is unable to pay the amount of the bond, the hearing shall be held within seventy-two (72) hours of the date the request for hearing is received, unless such person requests or agrees to a continuance.
5. a. No less than five (5) days prior to the date set for the hearing, the City of Prestonsburg shall notify the person requesting the hearing of the date, time and place of the hearing. In the case of a hearing required to be held within seventy-two (72) hours of the date of the request as provided in subsection (4) of this section, the person requesting the hearing shall be informed at the time of his request, or as soon thereafter as is practicable, of the date and time of the hearing.
b. Any person who refuses or, except for good cause, fails to appear at the time and place set for the hearing shall be deemed to have conceded on his and the owners behalf the validity of the impoundment.
c. At the hearing, after consideration of the evidence, the board shall determine whether the impoundment was valid and reasonable. Where it has not been established that the impoundment was justified, an order releasing the vehicle shall be entered. All fines and fees paid on amounts posted as bond because of the impoundment of the vehicle shall be returned where it has been established that the impoundment was justified, the board shall uphold the impoundment and condition the release of the vehicle upon payment of all fines and fees accruing thereto. If bond has been posted as security for release of the vehicle, said bond shall be forfeited to the local government. Any fines or fees in excess of the amount of the bond posted shall be ordered to be paid by the owner of the vehicle to the City of Prestonsburg. The board shall furnish the owner or person appearing on the owner's behalf with a copy of its order.
d. The board may consider a parking citation and any other written report made under oath by the issuing officer in lieu of the officer's personal appearance at the hearing.
e. An appeal from the hearing board's determination may be made to the district court of Floyd County within seven (7) days of the board's determination. The appeal shall be initiated by the filing of a complaint and a copy of the board's order in the same manner as any civil action. The action shall be tried de novo and the burden shall be on the City of Prestonsburg to establish that impoundment was justified. If the court finds that the impoundment was justified, the owner shall be ordered to pay all fees and fines accruing as of the date of judgement. If the court finds that the impoundment was not justified, the City of Prestonsburg shall be ordered to release the vehicle, if applicable, and to return all fines and fees paid as a result of the impoundment and the plaintiff shall be authorized to recover his costs.
f. The judgment of the district court

may be appealed to the circuit court in accordance with the rules of civil procedure.
Section 7:
1. If within ten (10) business days of impoundment a motor vehicle impounded by a local government has not been claimed, or a hearing has not been requested pursuant to Section 6 of this act, notice shall be mailed by certified mail to the registered owner, if known, and lienholders of record, if any, affording such parties the right within ten (10) days from the date of notice to claim the vehicle or request a hearing pursuant to Section 6 of this act. The notice shall state that, if no hearing is requested, the vehicle shall be deemed abandoned unless the charges thereon are paid within ninety (90) days of receipt of notice.
2. After ninety (90) days from the date of notice required by subsection (1) of this section, an impounded motor vehicle shall be deemed abandoned and the vehicle shall escheat to the City of Prestonsburg.
3. If the vehicle is judged suitable for use, the local government may obtain a certificate of registration and ownership from the Floyd County Court Clerk pursuant to KRS 186.020 and either use the vehicle for governmental purposes or sell the vehicle at public auction to the highest bidder. If the vehicle is not suitable for use, it may be sold for its scrap or junk value.
Section 8:
1. The City of Prestonsburg shall possess a lien on a motor vehicle impounded pursuant to Section 6 for all fines, penalties, and towing, handling and storage charges and fees imposed thereon. Such lien shall be superior to and have priority over all other liens thereon.
2. Nothing in this ordinance shall otherwise affect the rights or obligations between the owner of the motor vehicle and those persons who claim a security interest therein.
Section 9:
1. The hearing board shall consist of one (1) individual whose duty it will be to conduct hearing pursuant to this ordinance. This individual shall act as the hearing officer in all cases.
2. One individual shall be appointed as deputy hearing officer whose job it will be to act as hearing officer in the absence of the chief hearing officer.
3. The hearing officer shall be compensated at a rate of \$50.00 per month and the deputy hearing officer shall be compensated \$50.00 per month for conducting these hearings.
4. The hearing officer and deputy hearing officer shall be appointed by a majority vote of the Prestonsburg City Council.
5. The hearing officer and deputy hearing officer shall be appointed for a one (1) year period starting from the date of first appointment. They will be allowed to serve more than one term. The City Council of the City of Prestonsburg may remove either person at their pleasure with due cause.
Section 10:
1. There is hereby created the position of traffic enforcement officer whose duty it will be to enforce this traffic control ordinance and issue citations as appropriate as well as other duty deemed necessary by the City Administrator.
2. The traffic enforcement officer shall be hired by the City in the manner prescribed by the city's personnel policy the same as other city employees.
Section 11:
1. The charges for the parking and traffic violations are as follows:
Overtime Parking \$1.00
Double Parking 5.00
No Parking Zone/Unloading Zone 5.00
Blocking Alley 10.00
Blocking Driveway 10.00
Parked on Sidewalk 10.00
Parked at Fireplug 5.00
Improper Parking 5.00
Other 5.00
A penalty of 100% shall be added to the above costs if the tickets is not paid within six (6) days of its issuance.
2. Only those violations mentioned in this ordinance shall be enforced by the traffic control officer and the hearing officer.
3. The City of Prestonsburg reserves the right to place wheel locks on the motor vehicle after non-payment of tickets in lieu of impoundment of vehicle. The owner of the vehicle shall pay all fines, fees or other costs before the wheel lock will be removed.
4. The traffic control officer will be responsible for collecting and keeping record of all parking and traffic violations mentioned in this ordinance.
Section 12:
1. All ordinances or parts of ordinance in conflict herewith are hereby expressly repealed to the extent of such conflict.
Section 13:
1. This ordinance shall take full force and effect upon adoption and publication according to law.
Adopted this 25th day of June, 1984.
HAROLD W. COOLEY, Mayor
SUE WEBB, City Clerk
7-4-2.

NONGAME NOTEBOOK
The Great Blue Heron
What's four feet tall, goes fishing with a spear and lives in waterfront condominiums?
You guessed it: the Great Blue Heron.
These birds build large nests high in trees at the tips of what look to be very small limbs, and, if you see one nest you're likely to see dozens or even hundreds more. Ornithologists call this "colonial nesting".
In Kentucky there are far fewer of these heron colonies than in former times. If we continue to drain our swamps and clear our stream banks Kentucky might become "hard of heron". Don't turn a deaf ear to these birds. Want to know how you can help? Take a closer look at your Kentucky income tax form or

## Williams Named New Grid Coach At High School

The search for a football coach at Prestonsburg High School to succeed Phillip Haywood, who resigned, ended this week.

Supt. of Schools Pete Grigsby, Jr. announced that he would recommend to the Board of Education at its meeting last night (Tuesday) that Charles "Chuck" Williams, head football coach at Sheldon Clark High School, Inez, be employed for the coaching job here.

Williams, who quarterbacked the Paintsville High School team and played the same position at Morehead State University, is a native of Paintsville. He will have two paid assistants—Royce Mayo, who was the only paid assistant to Haywood last year, and John "Wimpy" Clark, Prestonsburg High and MSU graduate who for the last two years has coached the Betsy Layne High School grid team.

Supt. Grigsby said Booster Club members and board chairman, Dr. J.D. Adams, joined in the search for a successor to Haywood. At least four other applicants were interviewed, in person or by telephone. Two of the applicants were from Kentucky, one was from Kansas and one from Ohio.

"Of the four or five we talked to, this boy (Williams) was the most impressive," Dr. Adams said. Williams' teaching assignments will include work in the Physical Education department and some science classes, it was said.

Phillip Haywood resigned as coach here to become head football coach at Belfry High School.

## Haysi Project Wins Funding

Two new flood control projects, including the Haysi, Va. dam on the Levisa Fork of the Big Sandy, are in the Energy and Water Development Act approved last week by the U. S. House of Representatives and expected to be an easy winner when it goes to the Senate.

The bill provides \$600,000 for engineering work on the Haysi project which would cost an estimated \$80 to \$90 million.

Corps of Engineers studies, cited by Congressman Carl D. Perkins, show that the dam would reduce flooding at Elkhorn City by four feet and cut the water level for Pikeville, Prestonsburg, Paintsville and other river communities in varying degrees ranging down to one foot at Louisa.

The measure passed by the House was a conference committee compromise combining earlier versions approved by both House and Senate, said Dave Whalin, aide to Congressman Perkins.

Other projects winning funds from the bill are:

—\$15 million for the Yatesville Dam under construction in Lawrence county.

—\$800,000 to relocate the Line Fork road, which was blocked by water when the new Paintsville Reservoir was filled this year.

\$500,000 to explore flood-control alternatives for Salyersville.

—\$3 million for design work and possible land acquisition for a flood-wall at South Williamson on the Tug Fork of the Big Sandy.

## To Install Pavement Reflectors

The state Transportation Cabinet will install reflecting pavement markers on 80 percent of the interstate system by the end of next year.

The small reflectors have been used in some areas to mark the center line. The reflectors are more easily seen than painted lines, especially at night and during rainy or foggy weather.

The cabinet has already taken bids to install the markers on a total of 573 miles of the total 738 miles of interstate highway in Kentucky. Reflectors will be installed on the remaining miles over the next few years.

The project is funded with 100 percent federal funds.

## Lone Bid Received On Airport Paving

Only one bid on Phase II construction of the Big Sandy regional airport was offered June 25, and that by Adams Construction Co., which asked \$1,484,746 for the work.

Phase II includes paving and lighting. A decision on the bid is expected within 30 days after the proposal is reviewed by airport engineers who will confer with the Federal Aviation Administration and the state Office of Aeronautics.

Phase I construction involving grade and drain work and relocation of utilities has been under way for several weeks. Utilities relocation is almost complete and grade and drain is "over 50 percent finished," Allan Perry, airport board chairman, said.

The airport is located off KY 3, near the junction of the Martin, Johnson and Floyd county boundary lines. These three counties and Magoffin county are joint sponsors of the project, which will be 90 percent financed by federal funds.

## Auxier Schedules Fireworks Display

In observance of the Fourth of July, the Auxier Community Development Club is sponsoring a fireworks display, Wednesday, at the Auxier Community Park. The display will begin at dusk and everyone is welcome.

Mr. James H. Osborne, of Prestonsburg, and Mrs. Avonell Osborne, of Wheelwright, announce the forthcoming marriage of their daughter, Sherri Lynn Osborne, to Mr. Monroe Jones, II, son of Mr. and Mrs. Monroe Jones, of Bevinville, Ky.  
 The ceremony will take place Saturday, July 7, at 2 p.m. at the Wheelwright Methodist Church in Wheelwright, Ky. The gracious custom of open church will be observed.

**Attention Electricians!**

The city of Pikeville passed an ordinance relating to the license of electricians and permitting and inspections of electrical work done in the city.  
 This ordinance becomes law July 14, 1984. For further information check with Pikeville Building Codes Inspector, Jim Fosyth for your license.

**Pharmacy Footnotes**

By HAROLD COOLEY

Antacids are commonly used to fight off indigestion. When compounds such as aluminum hydroxide are over-used, however, nutrients in the body can be depleted. Antacids combine with phosphates in the digestive tract, blocking the absorption of phosphorous, an important mineral that makes up part of the bone structure. Occasional use probably does no harm, but when antacids are taken frequently, problems can arise. The best way to avoid nutritional deficiencies brought on by antacids is simply to avoid overuse. If antacids have been prescribed and are being used on a regular basis, ask your doctor about taking a regular phosphorous supplement.

At COOLEY APOTHECARY you will find a large selection of over the counter items including antacids and phosphorous supplements. Discover for yourself why we are considered by many in this area as the drug store with a difference. We are located in the No. 2 Town Center Bldg., 886-8106. Open: Mon.-Fri., 9-5:30, Sat., 9-4.

Aspirin has been implicated as a cause of B-vitamin deficiency in heavy users.

**Mobile Home Pad Bids For Floyd Site Asked**

Bids are being sought for the development of 14 mobile home pads on a site in Floyd county, according to Mike Polny, temporary housing director for the Federal Emergency Management Agency (FEMA) at Paintsville.

"The park which will contain the pads is being developed for the placement of families who are eligible for temporary housing and homeless after the recent floods," Polny said.

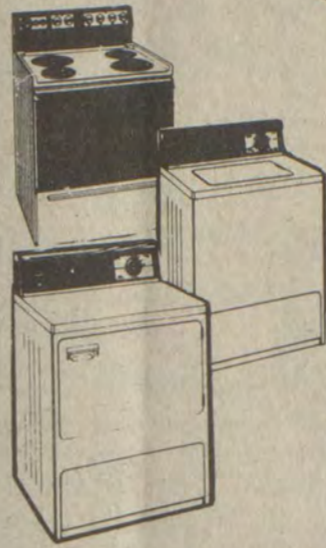

Bid packages for development of pads on the Little Mud Creek site near Harold will be available to contractors at 10 a.m. Sunday, July 1, at the Federal Disaster Field Office (old Star Musicland building), Highway 23 South, Paintsville. The deadline for submitting bids is 2 p.m. Thursday, July 5.

Additional information is available to contractors by calling Larry Durette, FEMA contracting officer, at (606) 789-6773.

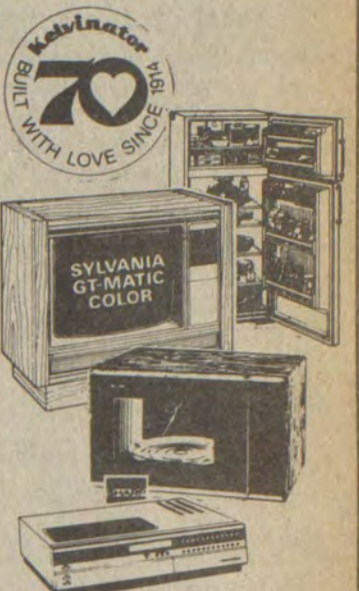

Two other sites, already under construction in Pike county, are progressing on schedule and are expected to be completed by the end of this week, when the installation of the mobile homes will begin.

The Douglas Park site, near Robinson Creek, will accommodate up to 56 mobile homes, while 14 units can be placed on the Johnson's Bottom site, near Freeburn.

John C. Hall  
Founder  
Hall Funeral Home

**HOW DOES ONE DEAL WITH A DECEASED'S BELONGINGS?**

One of the most painful jobs the family of the deceased must face after the funeral is the disposition of the deceased's personal possessions. Hastily discarding possessions is not always the wise thing to do. Memorabilia can become valuable with time; not intrinsically, perhaps, but sentimentally. Clothing, jewelry, books, a stamp collection, a camera, a pocket watch—are these items to be discarded? Or retained as keepsakes? We've observed that many articles, like jewelry, or a watch, are not discarded; rather they are prized by members of the family as precious mementos. Nostalgia often takes over and a simple item, like a small pocket knife, becomes a son's pride and bitterness pleasure. Clothing, on the other hand, may find its way into the hands of the needy by way of a favored charity; or, very often, many mourners take great pleasure in seeing a close relative regaled in a favorite suede jacket, a suit, a fur.

### Historical Society To Hear Former Virginia Publisher

The former editor and publisher of a Franklin county (Va.) newspaper will be the guest speaker at the July meeting of the Big Sandy Valley Historical Society. Kermit W. Salyer, who published The Franklin News-Post at Rocky Mount, Va., for 28 years before selling it in 1981, will speak to the regional group when it meets at Breaks Interstate Park at 12 noon, July 7.

Salyer, who was born in Russel county, Va., will present a slide presentation about his distant cousin, Col. Loan H.N. Salyer, commander of the 50th Virginia Infantry Regiment in the Civil War.

Col. Salyer fought in the battles of Bull Run, Cotton Mountain, Big Swell Mountain, Fort Donelson, Fayetteville, Frazier's Farm, Winchester, Chancellorsville, Gettysburg, The Wilderness, Spottsylvania Court House, Manassas, Petersburg, Richmond, Boonsboro, Malvern Hill, Gaines Mill and others of lesser note. "I served from the beginning of the war until I surrendered with Gen. Lee at Appomattox," he recalled.

After the war, Col. Salyer practiced law in Scott and Wise counties, Virginia, and in Perry and Letcher counties in Kentucky. He died at Whitesburg, in 1916 at the age of 81. He was a federal judge for the Eastern District of Kentucky when he died.

Kermit W. Salyer has recently visited all the 17 battlefields where Col. Logan Salyer fought and made slides to illustrate his talk at the July 7 meeting.

### DAV Chapter To Hold Archer Park Program

Andy J. Blanton Chapter No. 18, DAV, will hold its Independence Day program at the Veterans' Memorial at Archer Park, Prestonsburg, July 4 at 11 a.m. Everyone is invited, especially veterans and their families. The program will be under the direction of the chapter's program director, Wade Moore.

# NOTICE

## NOTICE OF PROPOSED RATE INCREASE

Rates contained in this notice are the rates proposed by Kentucky Power Company. However, the Public Service Commission may order rates to be charged that differ from these proposed rates. Such action may result in rates for consumers other than the rates in this notice.

### TERMS AND CONDITIONS OF SERVICE

#### EMPLOYEES' DISCOUNT.

Regular employees who have been in the Company's employ for 6 months or more may, at the discretion of the Company, receive a reduction in their residence electric bills for the premises occupied by the employee.

#### TARIFF R.S. (Residential Service)

**RATE.**  
Service Charge . . . . . \$7.00 per month  
Energy Charge  
First 500 KWH per month . . . . 6.057 cents per KWH  
All Over 500 KWH per month . . . 4.638 cents per KWH

#### SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service.

#### TARIFF RS - LM - TOD

(Residential Load Management Time-of-Day Electric Service Schedule)

#### AVAILABILITY OF SERVICE.

Households eligible to be served under this Tariff shall be metered through one single-phase multiple-register meter capable of measuring electrical energy consumption during the on-peak and off-peak billing periods.

#### RATE.

For the service provided under this Tariff, the rate shall be:  
Service Charge . . . . . \$9.50 per month  
Energy Charge  
All KWH used during on-peak billing period . . . . . 7.481 cents per KWH  
All KWH used during off-peak billing period . . . . . 3.036 cents per KWH

For the purpose of this Tariff, the on-peak billing period is defined as 7:00 a.m. to 10:00 p.m. local time, for all weekdays, Monday through Friday. The off-peak billing period is defined as 10:00 p.m. to 7:00 a.m. local time for all weekdays and all hours of Saturday and Sunday.

#### CONSERVATION AND LOAD MANAGEMENT CREDIT.

For the combination of an approved electric thermal storage space heating system and water heater, both of which are designed to consume electrical energy only between the hours of 10:00 p.m. and 7:00 a.m., local time, for all days of the week, each residence will be credited 1.179 cents per KWH for all energy used during the off-peak billing period, for a total of 60 monthly billing periods following the installation and use of these devices in such residence.

#### SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service.

#### SEPARATE METERING LOAD MANAGEMENT PROVISION.

Customers who use electric thermal storage space heating and water heaters which consume energy only during off-peak hours specified by the Company, or other automatically controlled load management devices such as space and/or water heating equipment that use energy only during off-peak hours specified by the Company, shall have the option of having these approved load management devices separately metered. The service charge for the separate meter shall be \$3.00 per month.

#### TARIFF G.S. (General Service)

#### AVAILABILITY OF SERVICE

The rates for service at 2.4 KV and above as listed below are available only where the customer furnishes and maintains the complete substation equipment including all transformers and/or other apparatus necessary to take the entire service at the primary voltage of the transmission or distribution line from which service is to be received. The rates set forth in this tariff are based upon the delivery and measurement of energy at the same voltage. Existing customers not meeting the above criteria will be permitted to continue service under present conditions only for continuous service at the premises occupied on or prior to December 5, 1984.

**RATE**  
For Capacity Requirements less than 5 KW.  
Service Charge per month . . . . . \$10.25  
Energy Charge per KWH:  
First 500 KWH per month . . . . . 7.252 cents  
All Over 500 KWH per month . . . . . 4.399 cents  
Monthly Minimum Charge . . . . . \$10.25

For Capacity Requirements of 5 KW and Above.

Service Charge per month	Delivery Voltage	
	2.4 KV	2.4 KV and Above
\$12.50	\$12.50	\$18.75
Demand Charge per KW	\$1.00	\$1.00
Energy Charge Per KWH: KWH equal to 200 times KW of monthly billing demand	5.918 cents	5.316 cents
KWH in excess of 200 times KW of monthly billing demand	4.840 cents	4.598 cents
Monthly Minimum Charge as determined below.		

#### MONTHLY BILLING DEMAND.

Billing demand shall be taken monthly to be the highest registration of a 15-minute integrating demand meter or indicator, or the highest registration of a thermal type demand meter. The minimum billing demand shall be 5 KW.

#### MINIMUM CHARGE.

This tariff is subject to a minimum charge equal to the sum of the service charge plus the demand charge multiplied by 5 KW for the demand portion (5 KW and above) of the rate.

Industrial and coal mining customers contracting for 3-phase service after October 1, 1959 shall contract for capacity sufficient to meet their normal maximum demands in KW, but not less than 10 KW. Monthly billing demand of these customers shall not be less than 60% of contract capacity and the minimum monthly charge shall be \$4.45 per KW of monthly billing demand, subject to adjustment as determined under the fuel adjustment clause, plus the service charge.

#### TERM OF CONTRACT.

Contracts under this tariff will be required of customers with normal maximum demands of 100 KW or greater, except for 3-phase service to industrial and coal mining customers as provided elsewhere in this tariff. Contracts under this tariff will be made for an initial period of not less than 1 year and shall remain in effect thereafter until either party shall give at least 6 months' written notice to the other of the intention to terminate the contract. The Company will have the right to make contracts for periods of longer than 1 year and to require contracts for customers with the normal maximum demands of less than 100 KW.

#### SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service.  
This tariff is also available to customers having other sources of electrical energy supply but who desire to

purchase service from the Company. Where such conditions exist the customer shall contract for the maximum demand in KW which the Company might be required to furnish, but not less than 5 KW. The Company shall not be obligated to supply demands in excess of that contracted for. If the customer's actual demand, as determined by demand meter or indicator, in any month exceeds the amount of his then-existing contract demand, the contract demand shall then be increased automatically to the maximum demand so created by the customer. Where service is supplied under the provisions of this paragraph, the billing demand each month shall be the contract demand instead of the billing demand defined under paragraph "Monthly Billing Demand" and the minimum charge shall be as follows:

Service Charge . . . . . \$12.50 per month  
First 5 KW or fraction thereof of contract demand . . . . . \$22.00 per month  
Each KW of contract demand in excess of 5 KW . . . \$4.45 per month per KW

This tariff is available for resale service to mining and industrial customers who furnish service to customer-owned camps or villages where living quarters are rented to employees and where the customer purchases power at a single point for both his power and camp requirements.

#### LOAD MANAGEMENT TIME-OF-DAY PROVISION.

Available to customers who use energy storage or other load management devices with time-differentiated load characteristics approved by the Company, such as electric thermal storage space-heating furnaces and water heaters which consume electrical energy only during off-peak hours specified by the Company and store energy for use during on-peak hours.

Customers eligible to be served under this provision shall have the load management devices separately metered by a time-of-day meter.

#### MONTHLY RATE.

Service Charge . . . . . \$3.00 per customer per month  
Energy Charge . . . . . 8.243 cents per KWH for all KWH consumed on-peak  
 . . . . . 3.337 cents per KWH for all KWH consumed off-peak

For the purpose of this Tariff, the on-peak billing period is defined as 7:00 a.m. to 10:00 p.m. local time, for all weekdays, Monday through Friday. The off-peak billing period is defined as 10:00 p.m. to 7:00 a.m. local time for all weekdays and all hours of Saturday and Sunday.

#### SPECIAL TARIFF PROVISION FOR RECREATIONAL LIGHTING SERVICE.

Available for service to customers with demands of 5 KW or greater who own and maintain outdoor lighting facilities and associated equipment utilized at baseball diamonds, football stadiums, parks and other similar recreational areas. This service is available only during the hours between sunset and sunrise. Daytime use of energy under this rate is strictly forbidden except for the sole purpose of testing and maintaining the lighting system. All Terms and Conditions of Service applicable to Tariff G.S. customers will also apply to recreational customers except for the Availability of Service.

#### RATE.

Service Charge . . . . . \$12.50 per month  
Energy Charge . . . . . 5.600 cents per KWH

#### TARIFF L. G. S. (Large General Service)

#### AVAILABILITY OF SERVICE

Available for general service. Customers shall contract for a definite amount of electrical capacity in kilovolt-amperes, which shall be sufficient to meet normal maximum requirements but in no case shall the capacity contracted for be less than 100 KVA nor more than 1,000 KVA. The Company may not be required to supply capacity in excess of that contracted for except by mutual agreement. Contracts will be made in multiples of 25 KVA.

The rates for service at 2.4 KV and above as listed below are available only where the customer furnishes and maintains the complete substation equipment including all transformers and/or other apparatus necessary to take the entire service at the primary voltage of the transmission or distribution line from which service is to be received. The rate set forth in this tariff is based upon the delivery and measurement of energy at the same voltage.

Existing customers not meeting the above criteria will be permitted to continue service under present conditions only for continuous service at the premises occupied on or prior to December 5, 1984.

#### RATE.

Service Charge per month	Delivery Voltage		
	Under 2.4 KV	2.4 KV - 12.5 KV	34.5 KV - 69 KV

Demand Charge per KVA	\$3.50	\$3.50	\$3.50
Energy Charge per KWH	4.440 cents	3.738 cents	3.105 cents

#### MONTHLY BILLING DEMAND

Billing demand in KVA shall be taken each month as the highest 15-minute integrated peak in kilowatts as registered during the month by a 15-minute integrating demand meter or indicator, or at the Company's option as the highest registration of a thermal type demand meter or indicator, divided by the average monthly power factor established during the month corrected to the nearest KVA. Monthly billing demand established hereunder shall not be less than the customer's contract capacity except that where the customer purchases his entire requirements for electric light, heat and power under this tariff; the monthly billing demand shall not be less than 60% of the contract capacity. In no event shall the monthly billing demand be less than 100 KVA.

#### MINIMUM CHARGE.

This tariff is subject to a minimum monthly charge equal to the sum of the service charge plus \$3.50 per KVA of monthly billing demand.

#### TERM OF CONTRACT.

Contracts under this tariff will be made for an initial period of not less than 1 year and shall remain in effect thereafter until either party shall give at least 6 months' written notice to the other of the intention to terminate the contract. The Company reserves the right to require initial contracts for periods greater than 1 year.

#### SPECIAL TERMS AND CONDITIONS.

This tariff is subject to the Company's Terms and Conditions of Service.  
This tariff is available for resale service to mining and industrial customers who furnish service to customer-owned camps or villages where living quarters are rented to employees and where the customer purchases power at a single point for both his power and camp requirements.

#### TARIFF Q. P. (Quantity Power)

#### AVAILABILITY OF SERVICE.

The customer shall own, operate and maintain equipment, including all transformers, and other apparatus necessary for receiving and purchasing electric energy at the voltage of the transmission or distribution line from which service is delivered.

The rate set forth in this tariff is based upon the delivery and measurement of energy at the same voltage.

#### TARIFF C. I. P. - T. O. D. (Commercial and Industrial Power - Time-of-Day)

#### AVAILABILITY OF SERVICE

Available to a designated group of commercial and industrial customers pursuant to Public Service Commission Order dated February 28, 1982, in Administrative Case 203. The Order mandates that this experimental time-of-day tariff be implemented to the target group of customers for a 1-year period. At the conclusion of the 1-year period, customers will continue to be billed under this tariff until a final order is issued by the Public Service Commission in Administrative Case 203 on time-of-day rates. These customers shall contract for a definite amount of electrical capacity in kilowatts sufficient to meet normal maximum requirements but not less than 7,500 KW. The Company may not be required to supply capacity in excess of that contracted for except by mutual agreement. Contracts will be made in multiples of 100 KW.

The rate set forth in this tariff is based upon the delivery and measurement of energy at the same voltage. The customer shall own, operate, and maintain equipment, including all transformers, switches and other apparatus necessary for receiving and purchasing electric energy at the voltage of the transmission or distribution line from which service is delivered.

**Fireworks, Source Of Eye Injuries**

"Don't close your eyes to the problem." That's the new slogan of the Kentucky affiliate of the National Society to Prevent Blindness and the July Fourth festivities provide a good time to introduce it.

If you mention July Fourth, people think of family outings, parades and "bombs bursting in air" at public fireworks displays.

However, not all bombs burst in air, as an estimated 8,277 Americans found out last year when they were treated in hospital emergency rooms for injuries caused by fireworks.

According to the Consumer Products Safety Commission, an estimated 1,232 of those people suffered some type of eye injury. The materials most often causing them were firecrackers, cherry bombs, M-80s, salutes, roman candles and fountains.

"Fireworks are not toys, although some people may think they are," says Roy Strange, chairman of the Society's Eye Safety Committee. "Not surprisingly, last year an overwhelming 72 percent of fireworks injury victims were between the ages of 5 and 24 years old."

According to the Society, even "safe" fireworks such as sparklers, pose high risks to unprotected eyes. Sparklers burn at more than 1,800 Fahrenheit. That is almost the same temperature it takes to melt gold. Upon contact with an eye, sparklers could cause severe burns.

Despite the continued high incidence of fireworks-related injuries, some states have eased fireworks controls over the past few years. However, that trend now seems to be reversing itself. A prime example of this is the state of Washington. In 1982, the state liberalized laws restricting the type of fireworks available for sale. A study conducted by the Washington State Department of Social Health Services sampling hospital emergency rooms in nine counties showed conclusively that fireworks-related

injuries more than doubled during the July 4, 1982 season over the same period for 1981. Earlier this year, Washington State Governor John Spellman signed a bill outlawing firecrackers, noisy and explosive ground devices.

The National Society to Prevent Blindness has long advocated that fireworks be limited only to licensed public displays.

"We hope everyone has a great Independence Day," Strange adds. "And, the best way to do that is to make it a safe Fourth by enjoying fireworks the safest way possible—at a licensed public display."

The National Society to Prevent Blindness, founded in 1908, is the oldest voluntary health agency nationally engaged in preventing blindness through a comprehensive program of community services, public and professional education and research.

**School Bus Garage Marked for Seminar**

Peter Grigsby, Jr., superintendent of Floyd schools, announced this week that the Floyd school system has been selected by the State Department of Education's Division of Transportation as the site for training seminars in maintenance and new products for Eastern Kentucky counties.

Sam Jackson, director of transportation for the State Department of Education will supervise the clinics. His selection of the board's bus garage at Martin as the site is due, Grigsby said, "to the vast improvement of the maintenance department of the Board of Education under the supervision of Jess Martin, the board's service manager."

The Division of Pupil Transportation will conduct a new product maintenance seminar June 26 at the Floyd county school bus garage.

**State To Open Ten Child Support Offices, Two in East Kentucky**

The Kentucky Cabinet for Human Resources is opening 10 local child support enforcement offices to decentralize operations. The move will make it easier for the cabinet to begin using administrative process to determine and enforce child support obligation.

"The 1984 General Assembly authorized the cabinet to perform some of the child support enforcement functions now handled by the courts," said Hanson Williams, director of the Department for Social Insurance's Child Support Enforcement Program.

Williams said existing court orders will be enforced administratively, and in some cases, new orders for child support payments will be established and enforced by administrative procedure.

"This will involve serving notice on delinquent payers, executing affidavits certifying delinquency, and serving orders to employers to withhold payment," Williams stated.

According to Williams, decentralizing child support enforcement will make implementing the new law more efficient. "Obviously, it will be more cost-efficient to handle what is required of us if we move the operation closer to the people affected," he said.

Offices will be opened in Ashland, Covington, Danville, Elizabethtown, Frankfort, Hopkinsville, Lexington and Paducah. The sites for two Eastern Kentucky offices have not yet been selected. The local child support offices are expected to be in operation by Oct. 1.

The offices will be housed in property already owned by the state, where possible. In cities where no state-owned property is available, leasing contracts will be awarded by competitive bidding.

## Disaster Office Adds Day Here

Because of the heavy response in Floyd and Pike counties, disaster assistance teams are increasing the number of days they will be on hand each week to serve victims of the severe storms and floods that hit eastern Kentucky in May, Martha Martin, disaster field manager of the Small Business Administration (SBA), said last week.

"Because of the large number of new applications we've been taking for disaster assistance, we are going to be in Pikeville two additional days and in Prestonsburg one additional day," she said. "We will begin the new schedule July 2, and continue it as long as there is a demand."

The teams will be at the Floyd County Department of Social Insurance Office on North Lake Drive in Prestonsburg on Tuesdays and Wednesdays. The phone number there is 606-886-3871.

On Mondays, Wednesdays and Fridays, they will be at the Pike County Department of Social Insurance at 216 College Street (basement level) in Pikeville. That phone number is 606-432-8166.

Although no temporary housing personnel will be present, those needing housing may call the Disaster Information Hotline to learn how to make an application. For that and other disaster information, the number is 1-800-422-1044.

### Announce Annual Seminar

Persons interested in family history are looking forward to the tenth annual genealogical seminar sponsored by the Kentucky Genealogical Society. This year's event is on Saturday, August 4th, at the New Capital Plaza Hotel, 405 Wilinon Blvd. in Frankfort, Ky. Sessions are open to anyone with an interest in the subject.

More than 300 genealogists from throughout Kentucky and surrounding states are expected. This year's theme concerns early migration in and out of Kentucky—"Footprints to Kentucky and Beyond".

## Attend EKU Summer Program

These students from Eastern Kentucky are among 108 attending Eastern Kentucky University's 1984 Summer Enrichment Program for gifted students in grades 5-9. The program on EKV's campus provides the students with two weeks of stimulating educational experiences not normally offered in the regular classroom. The students include Michael J. Rosenberg, of Prestonsburg; Sarah Chellgren, Ashland; Carla Paulette Gover, Whitesburg; Laura LaBrie, Ashland; Robert Stephen McGinnis, Greenup, and Cindy Rowlett, Neon.

### Pets, Parked Cars: A Deadly Mix

Dogs and cats have more to fear from automobiles than being run over by them. Parked cars can kill pets too.

Warm wather weekends prompt many people to load the family pet in the car and head for the park, pool or river. However, a short stop along the way during which the pet is left in a locked car with the windows up can prove fatal to the animal.

Allan Worms, Extension community recreation specialist with the University of Kentucky College of Agriculture, warns that the temperature in a parked car rises quickly and can result in physical harm to animals in minutes.

"The temperature in a closed car is often 20 F to 35 F higher than the outside temperature. When it's 85 or 90 degrees outside, it can be 120 degrees in a car," Worms said.

Dogs do not normally sweat. They cool themselves by panting. But a dog left in a parked car may be so distressed that it will begin to sweat. When this happens the dog is in serious trouble.

"If outside temperatures are 70 F or more, the animal may be put into the initial stages of heat stress in about five minutes. If outside temperatures are 90 F or above, the animal is in hyperthermic stress immediately," Worms said.

Hyperthermic stress is the condition of too much heat. More heat is entering the pet's body than the pet's respiration system can expel.

When this happens the animal begins to suffer from lack of oxygen and protein damage resulting in brain damage is possible.

Leaving pets unattended in parked cars is against the law in some parts of Kentucky. But whether it's against the law or not, it's a cruel thing to do to a family friend.

### USAA Award Winner At Paintsville High

**IRS To Offer Special Tax Aid For Flooded**  
 As part of its Outreach Program, the Internal Revenue Service will conduct a series of free seminars to discuss federal tax assistance for individuals who suffered losses in the recent floods in Eastern Kentucky, and to help taxpayers prepare their casualty loss claims.  
 Those taxpayers who are interested in receiving help in the preparation of the IRS claim form, or want to learn about the federal tax options available, should attend one of the IRS sessions. Taxpayers may be able to amend their previous year's tax returns and obtain a refund of taxes.  
 With any claims for casualty losses, certain documentation is required. Taxpayers who come to one of the sessions should bring the following documents: A copy of your 1983 federal tax return; a list of deductible items for 1983 even though you did not itemize on the original return; a list of losses showing: item; cost of item; fair market value before and after casualty; appraisals (if you have any); amount of insurance reimbursement.  
 In the Floyd county area, taxpayers may attend an assistance session at the municipal building, Prestonsburg, on July 19 from 9:30 a.m. to 3:30 p.m.
