

## Court Starts Paying on Bill For Vandalism

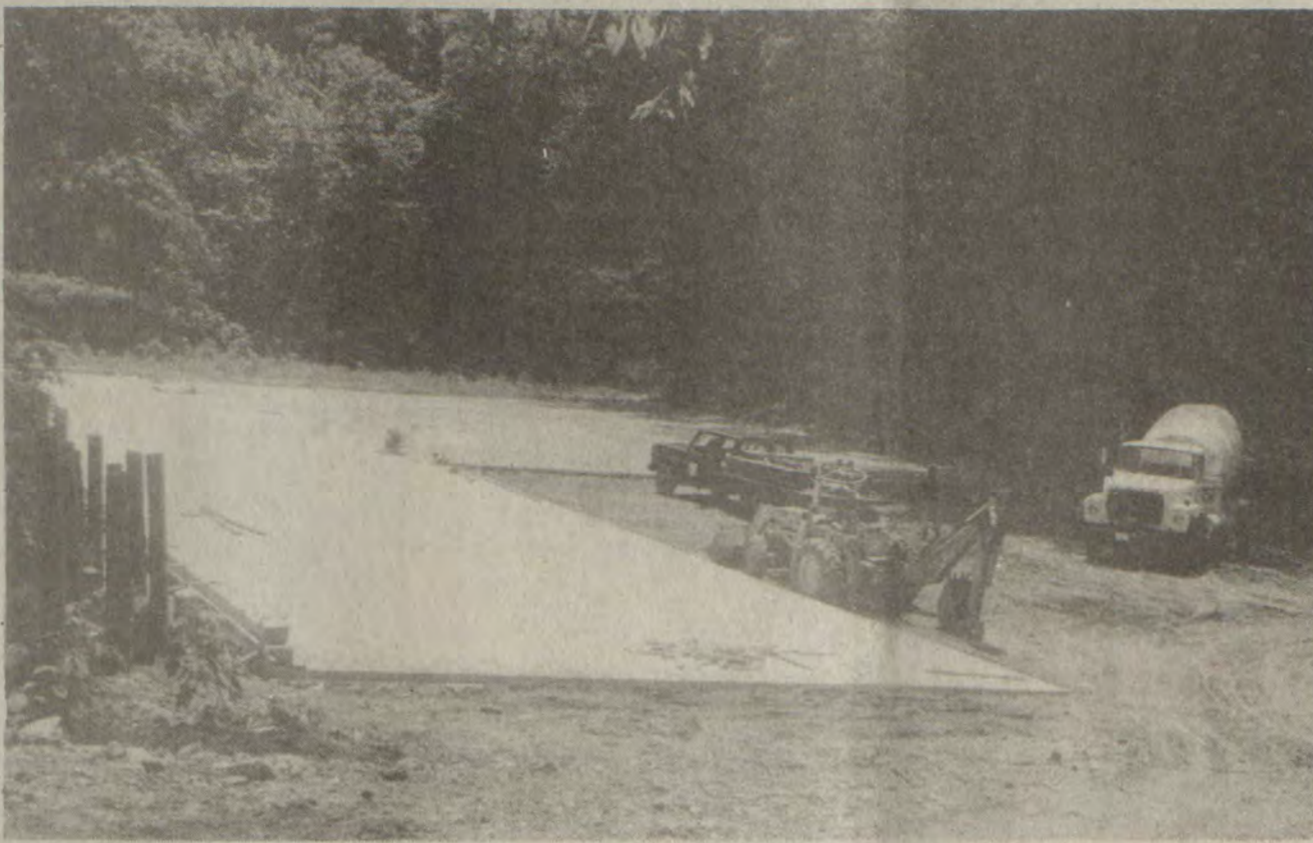

The magistrates grumbled but agreed in the end that there is no way to nail those responsible for the sewer blockage which recently closed down the courthouse for a week. In a special session of the fiscal court last Wednesday, they voted to pay \$435 to four women who helped in the clean-up, the first in a series of bills expected to amount to more than \$2000.

Judge-Executive John M. Stumbo was authorized to negotiate with contractors to build concrete abutments for county bridges washed out during the May flood. By declaring an emergency, the court bypassed a state law requiring that competitive bids be sought for such work.

In an uncommonly cooperative spirit, Magistrate Kenneth Roberts voiced no objection to the county's paying \$37,380 to Floyd County Solid Waste, Inc., while the court approved without question the return to the county payroll of Roberts' daughter. Roberts abstained but was otherwise silent on the solid waste subsidy, to which he has usually objected in the past.

Vickie Roberts Martin was hired at a rate of \$6.50 an hour to do "flood-related work and any other duties that may be

CONVENIENCE FOR SHOPPERS, in the form of increased parking in downtown Prestonsburg, is the aim of a new parking area nearing completion on the riverbank behind the Playhouse and Hobbs.

The project was initiated about three months ago by James Arthur Hughes, of Hughes & Associates Co., who has leased the site to the City for 30 years at \$1.00 per year. Work began after the city council agreed to a proposal by Councilman Bill R. Collins whereby Hughes would be reimbursed for having the work done.

The cement parking area, which is expected to be completed within the next week, will accommodate 60 vehicles and all the spaces have been rented, it was said, by employees of downtown stores at a rate of \$9.00 per month.

The work is being done by Ousley Contracting, of West Prestonsburg.

Floyd county schools damaged in the spring flooding will receive \$825,000 immediately in federal disaster assistance, U.S. Senators Wendell Ford and Walter D. Huddleston announced Thursday.

Damage to 10 county schools and a maintenance building caused by the May flood was estimated by school and federal officials at \$1.7 million, of which about \$600,000 is expected to be covered by insurance.

Of the remaining \$1.1 million, last week's grant represents a first payment. Additional payments may be made later, said a spokesman for the senators.

While repairs will not be completed for some months and some supplies may be lacking, all Floyd schools will be ready to receive students on August 13, the start of the new school year, Superintendent E.P. Grigsby, Jr. said this week.

Schools damaged by high water include the grade and high schools at McDowell; grade schools at Garrett, Maytown, Drift, Martin, Allen and Harold, Betsy Layne high school and the Prestonsburg grade school gymnasiums. A maintenance building at Allen was also damaged.

## Health Care Doctor Fights To Hold Job

An elderly physician who has worked the last six years for a Prestonsburg-based health agency will go to court next week in a bid to prove he is not too outdated for the job.

Dr. Thomas L. Boneta, 73, last month prevailed on a circuit court judge to restrain his employer, Big Sandy Health Care, Inc., from firing him, pending a hearing on his claim that he is a victim of prejudice and discrimination. After the breakdown of talks between their attorneys, the two parties were scheduled to argue their case next Wednesday before Magoffin Circuit Judge J. Robert Morgan.

A general practitioner and former U.S. Army surgeon, Dr. Boneta joined Big Sandy Health Care in April, 1978, serving mostly in the agency's Salyersville clinic, although he also works part-time at its Mud Creek clinic and—while it was still in business—worked at a clinic the agency operated at Wheelwright. He lives in Paintsville.

Last month, Ellis G. Buchanan, Big Sandy's executive-director, decided Boneta would have to go. The physician was competent, Buchanan conceded, but not up to the standards the agency—or its federal backers—insist on, he said.

### This Town...That World

Speaking of four-letter words, try "diet" for a starter.

#### THE NONPAREIL

It just may be that the song-bird is the finest creature under the sun. How many of all the others, human or beast, wake up singing and at day's end say their good-nights with a song that continues into the dusk till it finally ends in a sleepy sort of benediction?

#### FISHING REPORT

It may sound like a fish tale, but it's so true that we who decided the water was too hot for fishing with any hope of success are, as the late Jimmy Durante was wont to say, "covered with confusion." What I'm trying to tell you is that James L. Laferty and a fishing buddy spent a day trolling Dewey Lake, some two weeks ago, and landed 32 fish, including 13 muskie and 16 bass. Color me green.

## 4 Scholars Added to Faculty As PCC Sees Record Enrollment

In anticipation of a record enrollment this fall, Prestonsburg Community College recently added four scholars to its faculty and urged prospective students to delay no longer in getting their applications in.

Dr. Henry A. Campbell, director of the college, said 1225 students were enrolled last spring and that registration day for the fall semester—scheduled for Thursday, August 23—may well see 1400 or more students on the books.

The tighter economy of recent years has sent many adults back to school to upgrade their skills, Campbell said, explaining the steady growth in the campus population. Better qualified instructors have enhanced the school's reputation as "a place where you can get a good background," the director added.

Dr. Boneta practises "an old style of medicine," his employer said.

But Boneta said a "personality conflict," not the quality of the medical care he gives, is the reason for his ouster. He was denied due process by Big Sandy, he said, and was being discriminated against on account of his age and ethnic background. Although he has lived in this country almost his entire life, he was born in Spain.

At Boneta's request, Judge Morgan issued a restraining order on June 27, days before the doctor's firing was to take effect. The order kept him on the payroll at least until a hearing on his complaint could be scheduled.

A hearing set for July 24 was cancelled when it appeared a settlement might be worked out, under which Boneta would retire voluntarily in six months. The physician reportedly rejected that compromise, however.

Buchanan insists he had no choice but to let the physician go, for what he calls "differences in philosophy" of health care. While agency staffers are expected to spend time teaching their patients how to take better care of their health, Dr. Boneta—who graduated from medical school over 40 years ago, when patient education received little emphasis—was unable to adapt to the newer style, he said. Boneta is "a duck out of water," Buchanan said.

For a government-funded organization like Big Sandy Health Care, philosophical considerations are not merely academic, said Buchanan, who

## Dr. Stumbo, Others Sue State Registry

Dr. Grady Stumbo and two of his supporters who have been under fire from the state Registry of Election Finance did some firing of their own last week.

They filed a lawsuit in the Franklin Circuit Court, naming as defendants the Registry and Attorney-General David Armstrong.

Joining Dr. Stumbo in the action were B.F. Reed, of Drift, and Howard Norrell, of Frankfort, and they maintain that the Registry has selectively hounded them by ignoring the legitimacy of loans totalling \$300,000 from Reed and Norrell to Stumbo during the 1983 gubernatorial primary campaign.

The suit says that state laws limiting campaign contributions to \$3,000 per individual, and including under that limit any loans not made by banks, unconstitutionally restrict a candidate's ability to use his assets to raise money to get his message to the voters.

The suit also attacks the state's campaign-finance laws as unconstitutionally vague and discriminatory against individuals who wish to support candidates.

Last week, the registry found "probable cause" to believe that Stumbo and his supporters willfully violated state election laws in connection with the \$300,000 in loans, which helped Stumbo

stage a late-hour media blitz that nearly won him the Democratic gubernatorial nomination.

By a 3-1 vote, the five-member registry approved a sharply worded rebuke of the three men and sent the case to Armstrong for possible prosecution.

Armstrong has since referred the case to Knott County Commonwealth's Attorney Afton McHenry Smith.

Smith and Dr. Stumbo attend the same church, are friends, and it was not clear if the Knott prosecutor will take the case. If he does not, the attorney-general may provide a special prosecutor.

Stumbo, who headed the Cabinet for Human Resources under former Gov. John Y. Brown Jr., denounced the registry's action last week as unwarranted and politically motivated.

Stumbo has said he avoided using legal loopholes to inject money into his fast-finishing primary campaign and followed the advice of his lawyer when he borrowed \$200,000 from Reed and \$100,000 from Norrell in May, 1983.

The lawsuit repeats Stumbo's contention that the transactions, which allowed him in turn to lend \$300,000 to his campaign, were legal and above board.

## Water Suppliers Said Repeated Violators

Five public water supplies in this county were among 65 statewide which were classified as "persistent violators" this year by state water inspectors. The five were said to be remiss in sending monthly reports to the Division of Water.

Water Division officials said public water systems are expected to submit water samples to them every month. The water is checked primarily for clarity and bacteria.

In this county, the Allen Water Commission, Alpike Mobile Home Park, Sandy Valley Water District, Weeksbury Water Supply, and Wheelwright Utility

Commission were all cited for failing to submit water samples or operating reports some months between October, 1983 and March this year—the first six months of the federal fiscal year.

A persistent violator is any system with more than three infractions of state water regulations, division officials explained. This year's list represents a 32 percent reduction of last year's, in which 95 community water systems were named.

"Those supplies are receiving top priority," for enforcement action, said John Smither, manager of the Water Division's drinking water branch. The nature of the violations raises questions about whether the drinking water in the 65 systems is safe, Smither said. If he were a customer of one of the systems, he added, he "would at least try to find out why (the violation) is occurring and put pressure on the owner to correct it."

Smither said all 65 water systems that were branded as persistent violators had been referred for enforcement action. State officials said stricter enforcement is the cause of the steep drop in the number of water supplies cited for violations this year.

But Tom Fitzgerald, an environmental attorney, said smaller water systems need help in upgrading their plant and training their operators and he criticized the Division of Water for not monitoring private wells, from which most rural Kentuckians draw their drinking water.

### Blood Drive Slated At Highlands Regional

The Central Kentucky Blood Center and the Highlands Regional Medical Center have scheduled a blood drive for Thursday, Aug. 9 at the hospital from 10 a.m. to 6 p.m.

Since some donor groups find it inconvenient to schedule blood drives during the warm weather months when many donors are involved in vacations and other summer activities, summer blood drives are particularly important in fulfilling blood needs, it was pointed out.

RELIEF IS IN SIGHT for residents of the Hobson's Branch-Ford's Gap area, some of whom saw their wells dry up last summer. A \$10,500 grant to the county from the Area Development Fund will allow the extension of water lines to that section by the Auxier Water Company. The new lines will also mean that Auxier residents will have a back-up water supply in the Prestonsburg system, which will be connected with the Auxier system at East Point.

Presenting the ADF check to Judge-Executive John M. Stumbo, left, this week was Rep. Greg Stumbo who assisted local residents in resolving their water problems.

**Treatment That Few Get**

Most of the 22 million Americans who suffer from phobias do so needlessly because they don't know that quick and reliable treatment is available. Reader's Digest reports in its August issue.

A person can have a phobia about virtually anything: flying, driving, closed spaces, open spaces, dogs, bridges, darkness, crowds, fire, death, strangers or snakes. While fears and anxieties grip everyone periodically, a phobic generates uncontrollable panic when there is no real danger.

Left untreated, victims become prisoners of their fears and avoid situations that might provoke panic. Therapists try to break this stranglehold by encouraging their patients to face their fears in real-life situations.

There are a number of clinics throughout the country where such help is

available. During typical treatment, a phobic meets privately with a mental health professional, and then joins a group-counseling session. Just knowing that others suffer such terrible afflictions and that help is available is in itself truly therapeutic. The next step is for a person to work up enough courage to confront his or her phobia.

Patients have been shown that if they repeatedly endure a feared situation for 15 to 20 seconds the panic will subside. It also helps to distract their thoughts from panic by doing such things as counting the numbers on license plates, talking out loud or fingering a good-luck piece.

The Digest reports that with correct treatment, more than 90 percent of phobics show marked improvement—on the average after only 8 to 16 sessions. The reason that some phobics fail to recover is that they either refuse or are afraid to confront their fears.

Despite the fact that successful treatment has been available in recent years, only one-half of one percent of all phobia victims receive it.

For more information in finding help on treatment for phobias, send a self-addressed, stamped envelope to the Phobia Society of America, 6191 Executive Blvd., Rockville, Md. 20852.

**Worker Total Sets New High**

Kentucky set another record in June as the total number of working Kentuckians topped the 1.6 million mark for the first time in the state's history. At the same time, figures released by the Cabinet for Human Resources show the state's jobless rate declined slightly, down from a revised 9.0 percent in May to a preliminary rate of 8.9 percent for June.

It marked the second straight month for record employment in Kentucky, according to state labor market analyst Ed Blackwell. "Our reports place total employment for June at 1,615,300. That's a gain of 26,300 over May's employment of 1,589,000 and up 78,400 above the figure of 1,536,900 working in June 1983," Blackwell said. "Major gains were made in agriculture (13,600), other non-agricultural employment, including domestic and self-employed individuals (5,800), construction (4,500), manufacturing (2,800), trade (2,800) and services (1,800)."

Kentucky's 8.9 percent unemployment rate is the lowest since November 1981, when the rate was also 8.9 percent. Nationally the unemployment rate for June was 7.4 percent, up from 7.2 percent in May.

Blackwell said normally Kentucky's unemployment rate would also rise in June, due to the influx of job-seeking high school and college students. "The main factor that steadied Kentucky's unemployment rate remains the availability of jobs in the agriculture and entry-level non-agriculture segments of the work place," he said. "Students looking for work for the most part found employment, especially in the fast food businesses."

Kentucky's total labor force for June rose to 1,722,800 as compared to 1,746,100 in May and 1,747,800 in June 1983. Total unemployment increased statewide by 400 to 157,500 in June, up from 157,100 in May but down 53,400 from the 210,900 figure for June 1983.

## The Toad in the Rose Garden

If anybody doubts the worth of the cleanup operation now under way at Jenny Wiley State Park, along the shorelines of Dewey Lake, they should read a letter to the editor of The Courier-Journal which was published in Monday's edition.

This letter voices the disappointment and indignation of an Owensboro woman who with her husband and daughter had undertaken a walk over one of the park hiking trails, this one skirting the lake in the vicinity of May Lodge. The hillside on both sides of the trail was littered with almost every conceivable kind of trash, and the trail itself had its share of the same unsightly litter.

The visitor incorrectly assumed that the hillside had been made the park dump. She did not know that this unsightly mess was what had been carried downstream from perhaps a hundred homes and businesses by high water and left there when the water receded.

The scene, she wrote, "was heartbreaking to one who loves the park."

We have the rose garden, but she found too many toads in it. And that is the tragedy of this beautiful mountain area of the state.

The work now being done at the park will make those woodland and lakeside trails inviting again. Though it cannot remove the disappointment of visitors who have already beheld the litter, or wipe out the effect of the letter which was given statewide circulation through the newspaper, others who come to the park later this year will find no such disappointment.

That is the hope for this year. For next year? More litter when the water rises? Another cleanup. Funds have been appropriated to take care of the situation next year—but what of the years past that?

Our people must be taught a greater appreciation of what we have, and the teaching may have to include fines and jail terms for those who cannot or will not otherwise be taught.

assigned" by the judge-executive. She was one of 20 roadworkers laid off last December. Also hired was roadworker Donnie Gearheart, at an hourly rate of \$5.49.

Edward Patton, Jr., of McDowell, former state highways official and now head of Floyd schools' transportation, was named to the county housing board.

The county park at Allen could become a maze of signs if magistrates have their way. Magistrate Roberts asked for one warning model plane enthusiasts to keep clear of youngsters playing ball; Magistrate Ed Caudill wanted another advising managers and coaches that they are responsible for their players, while Magistrate Lowell Samons would like to see a \$1000 reward posted for information leading to the conviction of anyone damaging plumbing fixtures there.

It says the interest-free loans were fully secured by Stumbo's assets—interests in a grocery, an office building, coal reserves and a family-owned trucking company.

"Such loans were not made to any political campaign committee and the loans were not intended to be contributions to the political campaign of Dr. Stumbo," the suit says. It says the loans were "armslength transactions" and legal. State law only prohibits large loans by individuals to candidates when the loans do not place all of the risk of loss on the candidate, the suit says.

The registry "totally ignored all facts" presented during hearings on the case, which the suit says provided "not a scintilla of evidence that Howard Norrell, Dr. Stumbo or B.F. Reed had acted willfully in violation of the Campaign Finance Regulation Act."

The suit notes that Stumbo has repaid half of the loan from Norrell and has forfeited his collateral to pay off his remaining debt to the two men.

(Reports of lawsuits represent only one side of the case.)

noted that patient education and "preventive medicine" are taken seriously by the federal agency which still provides 58 percent—\$1.2 million this year—of the local agency's budget.

"We are not charging that (Boneta) is incompetent as a physician, but that his philosophy of care is inconsistent with what the government defines as primary care," Buchanan said. ## Ten Years Ago

(July 31, 1974)

Bids will be opened by the Floyd County Board of Education today (Wednesday) for construction of a physical education building to serve the Martin Elementary School. At the same time bids will also be let for renovation work on the old Martin High School building. Medical Alcohol Emergency Detoxification Services (MAED) through an affiliation agreement between Mountain Comprehensive Care and Highlands Regional Medical Center, will provide a three-bed unit at Highlands Regional to deal exclusively with the health problems of excessively intoxicated persons who normally would be admitted to the "drunk tanks" of county jails where adequate medical facilities are not available. State Police continued this week the investigation into the armed robbery early last Thursday morning of Mrs. Beatrice Adams Collins, widow of Dr. M.M. Collins, at her Lackey home, and the identities of at least three men were being sought in the case. Solid waste disposal will get the lion's share of the \$425,190 revenue sharing budget adopted last Friday by the Floyd Fiscal Court and approved by State Finance Officer D.M. Magill. A total of \$188,000 was allocated for the founding of a waste disposal program designed to serve every section of the county. Richard E. Fitzpatrick, Prestonsburg attorney, Tuesday became Floyd county's first juvenile court judge. Miss Kathalene Casebolt, 16-year-old daughter of Mr. and Mrs. Forest Casebolt, of Williamsport, was named Miss Big Sandy RECC of 1974. Born: here to Mr. and Mrs. Frank McGuire, Jr., of the Auxier Road, a son, Adam Ryan, May 31 at the Pikeville Methodist Hospital; to Mr. and Mrs. Kenneth Ratliff, of Wayland, a daughter, Nikki Lynn, July 14 at Highlands Regional Medical Center. There died: Jack Johnson, 75, of Orkney, at a nursing home, here, Friday; Willie Smith, 31, of Rochester, Ind., at his home there, Friday; Mrs. Lizzie Kidd, 65, of Stanville, at a hospital here, Saturday; Lonzo (Lonnie) Kiser, 92, of Topmost, at Mountain Manor Nursing Home, Saturday; William F. Jenkins, of Summit Station, O., formerly of Wayland, at Mt. Carmel Hospital, last Tuesday; Frank Martin, 89, of Mousie, at a Lexington hospital, Saturday; Stella Mae Thornsby, 59, of Melvin, at the McDowell hospital, Sunday; Samuel Green Conn, 51, of Detroit, Mich., formerly of this county, in Detroit, Saturday.

## Twenty Years Ago

(August 6, 1964)

The new Prestonsburg Community College building was occupied Friday for the first time by college personnel as the director, Dr. Henry A. Campbell, and assistants moved in. Body of Claude Douglas Rice, 36, of Pikeville, native of Little Paint, was recovered Sunday from Dewey Lake in which he drowned the preceding afternoon. Truck mines which failed to reopen after the expiration of the miners' vacation period returned to work last week, but a one-day strike at David marred the coal mining picture temporarily. An adult education program with twice-a-week classes is planned under joint sponsorship of the Floyd County Board of Education and the State Department of Education, it was announced Monday by James W. Salisbury, program director. The First Presbyterian Church decided by unanimous vote of a congregational meeting, Sunday noon, to sell its Third avenue church structure and manse to the Roman Catholic Church. The purchase price was \$45,000. Born: to Mr. and Mrs. Billy Robinson, of Bull Creek, a daughter, Billie Jean, July 18. There died: Carl D. Riffe, 47, Sunday at his home here; Mrs. Laura M. Frazier, 74, of Martin, Friday at the Prestonsburg General Hospital; John Henderson Neeley, 78, Monday at his home at Lackey; Ollie Wallen, 61, of Water Gap, Saturday at the Prestonsburg General Hospital; Mrs. Susie Sexton, 74, of Garrett, Friday at a Lackey rest home; General Lee Sanders, 58, Saturday at his home at McDowell; Auxier Ratliff, 88, of Betsy Layne, Monday, July 27 at the Pikeville Methodist Hospital.

## Thirty Years Ago

(August 5, 1954)

The Floyd fiscal court waded into the pile of bills before it Wednesday and began paying old claims on a pro rata basis, since it did not have more than a fraction of the funds necessary to pay itself clear of debts. Construction on the addition of two rooms to the crowded McDowell school will be begun as soon as possible, the Floyd County Board of Education said Tuesday. Following an incident which saw the Prestonsburg garbage truck on the receiving end of shotgun fire from an irate citizen, the City Council voted to move the city garbage dump from its former location at the mouth of Middle Creek farther up the branch. Six persons have been saved from drowning at the Stratton Branch swimming area on Dewey Lake by Lewis Ford, lifeguard there. Tom Clarke, manager of the Dewey Lake State Park dock and recreation area, said this week. Born: to Pfc. and Mrs. Gene H. Boyd, a son, Gene Howard, July 31 at Petersburg, W. Va.; to Mr. and Mrs. Paul Fairchild, of Prestonsburg, a son, Aug. 3, at the Paintsville Clinic; to Mr. and Mrs. David Reed, formerly of Maytown, a son, Gary Douglas, July 20, at Huntington, W. Va. There died: George P. Archer, 87-year-old Floyd county banking pioneer, at home at Prestonsburg, Sunday; Mrs. Christine Thompson, 80, at her home on Cow Creek, Tuesday; Mrs. Lula May Horn Burchett, 73, of Bays Branch, Sunday; Mrs. Lula L. Bevins, 67, of Emma, Sunday here.

## Forty Years Ago

(August 3, 1944)

Completion of the Salyersville-Prestonsburg highway was assured this week as the State Highway Department awarded contract on grade, drain and slag surface for the unfinished end of the route in Magoffin county. Mrs. Hollie B. Hall was named Tuesday by the Floyd County Board of Education acting Superintendent of Floyd county schools to serve in the absence of her husband, Superintendent Town Hall, who recently volunteered for Navy service. Deputy Constable Silas Johnson, 36, died Sunday night at the Methodist hospital, Pikeville, a few hours after he was shot near Wheelwright. Seven Floyd county soldiers reported killed in action: Pvt. Tommy James Fairchild, 19, of Abbott Creek; Pvt. Darwin L. Snipes, 21, Bonanza; Roy Burchwell, of Langley; Pvt. Matthew Short, of Garrett; Olva Spradlin, formerly of Bonanza; Amos Tackett, of Melvin, and Pvt. Carl Wright, formerly of Martin. Clarence Potter, 35, was killed Friday by a slatefall in the Inland Steel Company's mines at Wheelwright. There died: Walker Horn, 78, at his home near Cliff, Saturday; William J. Johnson, 72, at Weeksbury; Mrs. Emma Jean Holt, 17, of Ligon, Wednesday; Jarvey McCoy, 41, Floyd deputy constable, Tuesday at Melvin; James Ratliff, 60, of Wilson Creek, Saturday; Mrs. Laura Fitzpatrick, 54, Thursday at home at Garrett; Dan Stephens, Monday at home at Auxier.

## Fifty Years Ago

(August 3, 1934)

Contract for the construction of the Martin water system was tentatively awarded Friday to the Pittsburg-Des Moines Steel Company. Relief work projects have been approved for almost every section of Floyd county, it was said at county relief headquarters here this week. Two prisoners escaped from the county jail here Sunday afternoon and had not been apprehended, Tuesday. Dr. John Sizemore, Prestonsburg physician, and M. H. Blevins were seriously injured Saturday morning when their auto skidded on the highway near Paintsville and plunged over an embankment. The two-room school building on the head of Jack's Creek burned to the ground Saturday night. The home of Sam Keel, at Dock, was destroyed by fire Friday night when wallpaper caught fire from a gas light. Wesley L. Jenkins Rice, two years old, of Ivel, died of dysentery last week, the fifth child-victim of that disease which has been so prevalent in the Ivel section this summer. There died: Mrs. Euclair Smith, 37, of Betsy Layne, Friday; Ben Hale, 60, wealthy Nebraska rancher, native of Floyd county, July 18 in Cody, Nebraska; Mrs. Martha Jane Spears, 75, at home at McCombs, Saturday.

#### HISTORY, ACCORDING TO HARTLEY

Things turn up on this desk in the strangest fashion. The clipping before me is from an unidentified newspaper (I suspect it's from North Carolina), and I have no idea who supplied it. It purports to be the reminiscences of a character labelled Stafford Hartley. The yarn told therein goes back to Civil War days and tells of three Hartley youngsters—two boys, ages 10 and 11, and a 12-year-old girl—who managed on a Sunday to "get the drop" on two of Gen. George Stoneman's Raiders (rapers, the narrator says he prefers to call them), tied them up and decided to have a necktie party.

It's a gory story. They tied their prisoners' feet with rope around and beneath their horses' bellies, and a chain was used to tie around the neck of the first to be nominated for an early demise. The chain was attached to an overhanging branch of a tree, the horse was given a whack and off he took. And, since the youngsters had forgotten to untie the rope around the horse, the victim's head was jerked off.

I recount all that to get around to this part of Hartley's story of the affair:

"Some time later at church the preacher preached that it was a sin to hang a Yankee on Sunday, and old Grandpappy didn't like it a darn bit. He walked up to the pulpit and told the preacher Christ taught that it is lawful to do good on the Sabbath—will you deny that, or are you just jealous because the Lord chose my younguns to do his good work, his wonders to perform?"

#### THE SECRET

And a friend, Lucius Chiaraviglio, of Atlanta, Ga., comes to the rescue with this yarn:

Searching for the secret of longevity, a researcher decided to track down the oldest man in the world and get a direct answer. So he ranged the globe till, finally, it was obvious he had found what he was looking for. There he was—his face a network of wrinkles, his body stooped and twisted, his voice a faint croak. This man before him just had to be the oldest man in the world.

"Well," said the researcher, "tell me how you did it."

The ancient one quavered, "I smoke 24 packs of cigarettes a day, I down eight quarts of Jack Daniels a day and..."

"Amazing!" cried his interviewer.

"By the way, just how old are you?"

The Methusalem's chin quivered and he finally contrived to gasp: "Twenty-four."

#### It says here;

A lot of people are like wheelbarrows—no good unless pushed. Some are like trailers, they have to be pulled. Some are like kites, full of wind and ready to blow up. Some are like footballs, you can't tell which way they'll bounce. And, then, some are like a good watch—open face, pure gold, quietly busy and full of good works.

## 'King' Kelly Tales Die Hard in O'boro

By OSCAR RICE

(Oscar Rice, part of the local Babe Ruth organization, was surprised to hear of the fame of former Wayland star Kelly Coleman as he accompanied the North Floyd All-Stars to the state tourney in Owensboro over the past weekend.)

Upon our arrival in Owensboro we found that the local paper had run a very timely article on Dwight Higgs' breaking of the legendary "King" Kelly Coleman's career scoring record at Kentucky Wesleyan College there. It should be noted, as several Owensboro residents pointed out with pride, that it took Higgs four years to score more than the "great one" did in two-and-a-half seasons.

Time and time again local sports enthusiasts stopped us to ask, "Isn't North Floyd where 'King Kelly' was from?" or "Is that anywhere near Wayland?" There were also frequent "let me tell you a story about Kelly" situations and nine times out of 10, as sports stories go, the person went to school or had classes with Kelly or was a participant in the tales, themselves.

Coleman, of course, was the sensational schoolboy from tiny Wayland High School who led the nation one year, averaging more than 44 points per game, took Wayland to the state tournament in the early 1950's, and still holds marks set during the state series. He went on to a short college and professional career and was Floyd county's only professional basketball player in this writer's memory.

So, Coleman may take heart that he and his home county and community are still remembered and loved in Owensboro, Kentucky.

#### RETURN TO LAS VEGAS

William Howard Castle and daughter, Camille, have returned to their home in Las Vegas, Nevada after spending two weeks with his mother, Elizabeth Castle, of Water Gap and other relatives. While here he also attended his 20th year class reunion, the Prestonsburg High School class of 1964. They were entertained by his former classmates and their families.

#### BLUEBIRD MAKING COMEBACK

The sorely missed bluebird, whose population is said to have decreased by as much as 90 percent in the past 50 years, may be making a comeback, says the National Wildlife Federation. The songbird, that ranges only in North America, has several thousand tenacious volunteers to thank for putting up man-made bluebird nesting boxes across the country.

Funeral services were held Saturday at 2:30 p.m. at the Floyd Funeral Home Chapel with the Rev. Raymond Spears officiating. Burial was in the family cemetery at Pin Hook.

Pallbearers were Luke Kidd, Newberry Howell, Willie Akers, Charles Lowe, Phillip Bartley, John Jayne, Charles Lee Roberts and Buel Spears.

Mary Lou Boyd, who also lived at Harold, was born September 23, 1929, a daughter of the late Worley and Elizabeth Hunt Kidd. A member of the Harold Church of Christ, she was preceded in death by her husband, Henry Boyd.

She is survived by her son, Barry Lynn Boyd, of Betsy Layne; five daughters, Lynette Boyd and Natalie Boyd, both of Harold, Rhonda Boyd, of Lexington, Valarie Boyd, of Wakeman, Ohio, and Dorothy McClanahan, of New London, Ohio; a step-daughter, Margaret Dillion, of New London; five brothers, Miles and Tommy Kidd, both of Honaker, Donnie Kidd, of Shaker Heights, Ohio, Henry Kidd, of New London, and Glenn Kidd, of Martin; six sisters, Loretta and Wanda Spears, both of New London, Lula Clark, of Wellington, Ohio, Maxine Wright, in Florida, Ollie Mae Collins, of Ezel and Malta Bias, of Elyria, Ohio; and seven grandchildren.

Funeral services were conducted Saturday at 11 a.m. at the Hall Funeral Home chapel, with James Harmon officiating. Burial was made in the Boyd cemetery at Harold.

## 20 Years Asked As 'Baldy' Hall In Guilty Plea

Shortly before he was due to be tried for murder in the March shooting death of a 17-year-old Hunter youth, Harlos "Baldy" Hall, 40, of Drift, pleaded guilty Tuesday morning to a lesser charge.

In a deal worked out with prosecutors, Hall pleaded guilty to first-degree manslaughter in the death of Robert Gene Shepherd. Commonwealth's Attorney James R. Allen recommended a 20-year prison sentence. Circuit Judge Hollie Conley set sentencing for August 24.

The burly grocer was accused of felling Shepherd with a high-powered rifle shot as the teenager rode in his uncle's wrecker up a Drift road shortly after 11 a.m. on Saturday, March 10.

According to a police report, Jack Shepherd, who operates a wrecker service, and his nephew were towing a disabled car toward the elder Shepherd's home on Old Drift Hollow when they were flagged down by Hall and his son, Tim. Hall allegedly pressed Jack Shepherd for payment of a \$400 grocery bill and, when Shepherd continued to drive on up the hollow, opened fire on the wrecker, first with a .22-caliber pistol and then with a .303-caliber rifle.

As Shepherd was about to pull into his yard, his nephew was struck above the right ear by a shot fired through the wrecker's rear window, police said.

Hall told police he returned fire after an unknown person or persons began shooting at him. Bullets were "bouncing off his vehicle and all around him" when he opened fire with a .22 pistol, he said. He was armed only with a .22-caliber pistol and a .22-caliber rifle, he said.

## Former Patient Sues Podiatrist, Hospital

A Paintsville podiatrist who operated on her foot at Highlands Regional Medical Center was not on the hospital's medical staff and was not authorized to do surgery without the approval or supervision of a physician, a former patient claims in a suit filed in Floyd Circuit Court this week.

Carolyn S. Jervis claims that Jess D. Songer was negligent in recommending and performing the operation, which has left her, she says, with "severe, permanent, disabling and painful injuries to her feet." The hospital was negligent in letting the podiatrist perform surgery without supervision, she said. She seeks \$1,020,000 in damages.

In another suit filed this week, South Central Bell claims a right to run telephone lines over the Bull Creek property of W.R. "Bob" and Eula Jean Hatfield and seeks to enjoin the property owners from cutting the lines down.

The phone company alleges that one of the Hatfields cut phone lines on their farm on Shop Fork in May and won't let phone workers on the property to make repairs. The severed lines served the Hatfields' neighbors, Alvin Nelson and Vernon Nunnemaker.

(Claims made in filing lawsuits give only one side of the issue in dispute.)

#### Karate Offered

Tue Kwon Do or "Korean Karate" will again be offered at PCC. Taught by Jeff Weddle, this class in self defense and character development will begin August 13 and continue through August 30. Tue Kwon Do improves flexibility, concentration, stamina while building self confidence and self defense techniques.

#### RECEIVES DEGREE

Galib Elias Kawaja, formerly of Prestonsburg, was one of 66 graduates who received degrees from Golden Gate University's Langley Air Force Base, July 14 at the Base Theater, during the University's 83rd annual commencement exercises. He is the son of Halem Kawaja, of Prestonsburg.

**Inez Banker Named to Committee**

Mike Duncan, left, president of the Inez Deposit Bank and the First National Bank of Louisa, has been appointed a member of "Kentucky Tomorrow: The Commission on Kentucky's Future". Duncan's appointment was announced during a July 25 luncheon in Frankfort. The commission, which will be chaired by Lieutenant Governor Steven L. Beshear, right, is a privately funded citizens' group formed to develop long-range plans for Kentucky.

**"Downed Plane" Tests Rescue Skills**

A mock disaster at the head of Cow Creek last week gave both the Civil Air Patrol and Highlands hospital staff a chance to test their skills in responding to an emergency.

A simulated plane crash on a stripmine site was one of several exercises conducted by the CAP in Prestonsburg and Hazard. Twelve "injured" persons were transported from the scene in three ambulances for "treatment" at the medical center.

Both CAP and hospital officials said they were well pleased with the mock rescue effort.

In the picture, CAP Major Denzil Allen, right, briefs Lt.-Col. John E. Bean, USAF, and Magistrate Gerald DeRossett before the exercise.

**State Talking Book Library Offers Special Dictionary**

The Talking Book Library of Kentucky now has available the first recorded dictionary for the blind and physically handicapped.

Recorded from the Houghton Mifflin Concise Heritage Dictionary, the cassettes contain all 55,000 word definitions from the printed edition.

Produced for the National Library Service for the Blind and Physically Handicapped (Library of Congress), the recorded edition contains 55 cassettes housed in a compact binder which uses only six inches of shelf space.

**Letters to the Editor**

The views expressed here are those of the writer, and not necessarily those of this newspaper. No unsigned contributions will be published.

**Protests Group System**

I want to speak out on the grouping system in our Floyd county grade schools.

This is the most unfair treatment you can put upon a little child.

Why is it so important to put numbers such as 1, 2, 3 and 4 on our children? (After all, they are not in prison).

All children cannot be smart, but if they were all in the same room all day long the children who are slow to learn could actually benefit from the smart ones.

This grouping system should come to an end. The children in group 1 won't even associate with the children who are in lower groups. They call them names such as "You're a big dummy." Can't you see now what this grouping system has done to our children?

Personally, I think the schools are discriminating against poor, little children who have learning problems. If the Floyd county principals would put our kids back to one classroom all day, you watch Floyd county's test scores get higher.

I'm not the only one who agrees on this theory.

Last April the state department came to our schools and recommended that we go back to one classroom. They said we're losing one hour of teaching time by changing classes and calling the roll in every class. Evidently, Floyd county doesn't pay any attention to what the state recommends.

I hope my letter will help principals realize what they're doing to our children.

**Friend of the Unloved Needed in Frankfort**

The editor of The Floyd Co. Times has written many splendid editorials, but few (if any) better than the one on Dr. Grady Stumbo, July 18, 1984. It was magnificent and 100% true!

I'm a Westerner by birth; but my home has been Eastern Kentucky for many years. The finest Kentuckian I ever knew—tho it has been years since I've seen him—was from Floyd county: Bert Combs, the man who had a heart for retarded children! I wish that we could have an Eastern Kentuckian in the governor's office today—Dr. Grady Stumbo, or another of like calibre, who would, once again, remember the most unloved, unwanted, uncared, for of all our citizens, the severely retarded.

The present program has nothing. We know. They took our child for one day. She was so afraid and so she caused "trouble." There was no one to understand or to help," and, since our local council had to close our school, she has been here at home for twelve long, dreary, sad, heart-breaking years for her and us. No one invites her to their home to spend 3-4 hours; no one comes to our home for several hours a week to give us a "break," except a lady I am able to hire. Galatians 6:2 is a verse unknown to local believers, it seems.

I wish Dr. Stumbo would run for governor, and help us all; especially aiding the retarded, as did this home's "hero"—Gov. Bert Combs.

**Says System Unfair**

I have been married twice. My first husband fathered two children and left me on my own when I was 19. My son was 7 and my daughter was 5 when I finally got enough money to file suit against him for child support. I had never been paid any child support. At this point he was well over \$8,000 behind. Judge Conley put him in jail after eight times of going to court, and said that was all he could do.

To date, four years later, I still haven't received any money from him.

I have been married to a hard-working man for almost four years. He has a daughter from a previous marriage. His ex-wife has had us in court approximately once a month during the last four years. Judge Conley issued a warrant for his arrest three days after his ex-wife cashed that month's check for child support.

Last week, at the latest court appearance, we were informed that not only were all future child support payments going to be taken out of his salary, but her attorney's fees were also going to be deducted. Since we can't afford an attorney of our own, how can Judge Conley play God and force us to pay hers?

The court agreement was that my husband was to pay a set amount of child support every month and he was to get his daughter every week-end. When my husband gets behind in his payments he is held in contempt of court. It is my opinion that she (his ex-wife) has broken the agreement several times herself.

My questions are: How does the Honorable Judge Conley decide which ex-wife and children practically starve and go half naked, like me and my children did, and which ones will receive what is due them, like my husband's ex-wife and child?

I know several men that are thousands of dollars behind in child support and nothing is done. What is the difference? I thought our judicial system was to protect all the people, not just a select few.

(Photo by Wade Moore)

The Andy J. Blanton Disabled American Veterans, Chapter 18, held a memorial program, July 4, at the Archer Park War Memorial, in honor of all deceased veterans. Approximately 100 people attended the ceremony which included the placing of a wreath on the memorial by Chapter 18 and the chapter's Women's Auxiliary.

(Chapter 18 expressed appreciation to Bill R. Collins and the ball players who paused during their game to pay tribute to the war veterans.)

## NOTICE OF INTENTION TO MINE

Pursuant to Application No. 836-5039

(1) In accordance with the provisions of KRS 350.055, notice is hereby given that Coal Mac, Inc., P.O. Box 3428, Pikeville, Ky. 41501, has filed an application for a permit for an underground mining operation. The proposed operation will affect a surface disturbance of 6.39 acres and will underlie an additional 211.00 acres located 1.02 miles north of Galveston, Ky., in Floyd county.

(2) The proposed operation is approximately 3.03 miles southeast of the junction of Branham's Creek Road with State Route 979 of Big Mud Creek. The latitude is 37-26-29. The longitude is 82-37-45.

(3) The proposed operation is located on the McDowell & Pikeville U.S.G.S. 7 1/2 minute quadrangle maps. The surface area to be disturbed is owned by Goldie Clark. The operation will underlie land owned by Goldie Clark, Thurman Newman, Delmar Keathley, Sterling Hamilton, and Tammy Akers. The proposed operation will affect an area within 100' of the public right-of-way of Branham's Creek Road.

(4) The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 503 South Lake Drive, Prestonsburg, Ky. 41653. Written comments, objections, or requests for a permit conference must be filed with the Director of the Division of Permits, 6th Floor, Capital Plaza Tower, Frankfort, Ky. 40601.

This is the final advertisement of this application; all comments, objections, or requests for a permit conference must be received within thirty (30) days of today's date.

Two Floyd girls—Pamela Caldwell (left), daughter of Earl and Thelma Caldwell, of Weeksbury, and Betty Messer (right), daughter of Bill and Betty Messer, of Bypro—recently completed a six-week Medical and Allied Health Science (MAHS) summer program at Lees College, Jackson, Ky.

The summer enrichment program held June 18-July 27 was provided by the Lees Health Sciences Department for the third consecutive year. The program was offered to recent Kentucky high school graduates interested in the health field.

## UK Sets International Conference On Mine Safety

A major international conference on mine safety will be conducted by the University of Kentucky mining engineering department of the College of Engineering Aug. 6-8 at Lexington's Hyatt Regency.

Registration for the second International Conference on Stability in Underground Mining begins at 4 p.m. Aug. 5 in the Regency ballroom foyer of the hotel. A welcoming party will be held from 5 to 6 p.m. in the ballroom.

The morning session Aug. 6 will be devoted to mine evaluation and design criteria. The luncheon address will be given by Z.T. Bieniawski, The Pennsylvania State University, on "Tunneling in Coal Mines—Designing Development Entries for Stability." Mine roof stability and support will be the topic that afternoon.

D.A. Zegeer, assistant secretary for mine safety and health administration, Washington, D.C., will be the luncheon speaker Aug. 7.

Longwall mining and subsidence will be the topics on the final day of the meeting, Aug. 8.

The registration fee is \$295 and \$75 for qualified students. Further information may be obtained from Juanita Snedegar, conference coordinator, (606) 257-3973.

**Preston Publishes Work On Civil War in Valley**

Paintsville attorney John David Preston last week announced the publication of his book, entitled, "The Civil War in the Big Sandy Valley of Kentucky." The book discusses the war and its effects on the Big Sandy counties of Pike, Floyd, Johnson and Lawrence. It contains a description of the social, economic and political situation in the valley before the war, a review of the military campaigns affecting the valley, and an analysis of the effects of the war on the region. The book includes a list of 1860 slaveholders and a list of Union and Confederate soldiers grouped by county of residence, regiment, company and rank. Copies are available from the author or from local bookstores.

## Rabies and Wildlife

Mention rabies and most folks immediately think of a "mad" dog. Although dogs are most closely associated with this dread disease, almost any animal can contract rabies and transmit it to man.

There's a "reservoir" of rabies among wildlife populations, which sometimes reaches epidemic proportions, particularly during the summer months.

Because of this constant threat of rabies among wild animals, its important that any pets which might have contact with wildlife be vaccinated and that children be instructed to leave wild animals strictly alone.

A rabid animal often does not exhibit the fear of humans that is normal with most wild creatures and will often allow itself to be picked up. In some cases, children (or even adults) have taken rabid animals home, thinking they are lost pets.

Television programs which depict wild animals as cuddly, friendly creatures don't help the situation any, since they can foster false ideas about wildlife in children's minds.

Skunks are responsible for most outbreaks of rabies in the wild, according to wildlife biologists with the Kentucky Department of Fish and Wildlife Resources. Foxes are probably the second most serious threat. As populations of these two species increase, so do the chances of rabies outbreaks.

Skunks can apparently carry and transmit the rabies virus for six months or longer without showing any symptoms of the disease. This means that even a "deodorized" skunk obtained from a legal source after a quarantine period could still suddenly contract rabies. To compound this problem, immunization of skunks isn't very effective. All in all, the risk of rabies would seem to outweigh any advantages of skunks as pets.

Any animal which is acting sick or suspicious should be reported immediately to the proper authorities—either the county health department, the sheriff's office or a fish and wildlife conservation officer.

And remember that a rabid animal doesn't necessarily have to bite you to give you the disease, since the rabies virus can enter your body through any open wound. Since the virus is carried in the infected animal's saliva, a bite is the most common means of transmittal.

Anyone bitten by a suspected rabid animal (or any animal, for that matter) or even coming in close contact with one should see a physician immediately. If at all possible, try to capture or kill any animal which attacks a person or a pet. Health department officials can make positive determination of rabies and decide whether the individual needs to take the painful series of shots which are the only known preventative. If the animal cannot be located, the victim of a bite usually must undergo the rabies treatment as a precaution, since there is no cure once the disease is contracted.

In 1896, George Harbo and Frank Samuelson rowed across the Atlantic. They were 56 days at sea.

## Club Holds Carr Fork Tourney

Pictured, left to right: Don Bryson, Alan Sublett, Paul Hagans, Paul Horn, Tee Watkins and Gary Hackworth.

The Bassin' Buddies held their July tournament Saturday, July 7 at Carr Fork Lake, and, as expected, the fishing conditions proved to be quite challenging.

A total of 13 participants hit the water ready to tackle the odds, but after eight hours of grueling fishing in 90-degree weather, an all-time low of four fish were brought to the scales. All the fish were good, solid keepers, though, thanks to the state's shad stocking program, last year.

Three of the fish were taken on crank baits, while the other fell victim to a worm, and, despite the heat, all the fish were released alive.

First place went to Don Bryson and Tee Watkins; second to Paul Hagans and Paul Horn, while third was taken by Alan Sublett and Gary Hackworth. The biggest fish was caught by Don Bryson.

The Carr Fork Tournament was sponsored by Jones-Preston Funeral Home and Bob Daniels Sporting, of Paintsville, and Reid Pharmacy, of Martin.

The Bassin' Buddies' next tournament, Aug. 18, will be a night trip to Woods Creek, home of the new state record largemouth.

## Huntin' & Fishin'

By DOUG HENSLEY  
7th District Commissioner, Fish & Wildlife Resources

I guess many of our Eastern Kentucky sportsmen are wondering what to do. It's too hot to fish and another two months until squirrel season. Well, it's a good time to do some night fishing, or maybe a little ground hog hunting. However, there's one important thing our sportsmen can do, especially this time of year; that is almost three million hunting and fishing dollars will go into our state's general fund for the next two years. Do you realize that the Department of Fish and Wildlife is the only state agency that is self-contained? In other words, the department operates on the sale of hunting and fishing licenses and certain matching funds, with no state funds required.

Sportsmen, the time has come to get involved. Well, what can I do? Get active in your local fish and game clubs. If there's not a club in your area, start one. Also, join the League of Kentucky Sportsmen. The league is continuously working to protect our rights as Kentucky sportsmen.

The League of Kentucky Sportsmen has approximately 20,000 members at present, but I believe if we had 100,000 members the Department of Fish & Wildlife would be almost 3 million dollars richer. I also believe the key to protecting what we have is communications between the sportsmen, the clubs, the League, and the Dept. of Fish & Wildlife.

At the recent League of Ky. Sportsmen's convention held at Owensboro the 7th District was honored with the selection of Dorothy Chapman from Breathitt Co. as the Wildlife Conservationist of the year. Congratulations, Dorothy, and keep up the good work.

The Department of Fish and Wildlife has just completed its annual quail stocking program and the 7th District received 11,200 baby chicks. The department has also been stocking a lot of fish in our new Paintsville Lake. We've put 85,000 Red Breast Sun Fish, 267,885 Walleye, 25,250 Small Mouth Bass, and plan to stock 57,000 Channel Cat Fish later on this summer. Also, Carrs Fork Lake received 35,260 Walleye earlier this month.

Another thing we're doing statewide is obtaining wild turkeys for various stocking sites. George Wright, our turkey biologist, is wheeling and dealing with other states to obtain turkeys.

Turkey hunting is fast becoming a preferred hunting sport in Kentucky. We had a record kill this year of 254 birds, with Harlan Co. taking 35 and Letcher Co. taking 33. Hey, those two counties are in Eastern Kentucky and they lead the state.

Not only have we got turkeys in Eastern Kentucky, but we're going to have white-tailed deer. At our last commission meeting in Frankfort we not only budgeted 19 million dollars for the fiscal year 1984-1985, but we agreed unanimously to keep the white-tailed deer stocking program active in areas of Eastern Kentucky that have suitable habitats. However, there is a real serious problem that we'll have to confront during this deer restoration period; wild and stray dogs. I believe that if Eastern Kentucky is ever going to be a Sportsman's Paradise, we'll have to establish Dog Wardens and Dog Pounds in all our counties. You know, we could stock deer from now to eternity, but if we don't have a fawn crop every year, we've wasted our time and money. I believe that the wild and stray dogs in Eastern Kentucky are not only devastating to our deer herd, but are also dangerous to our people. How can a two or three month old fawn deer or a small child possibly escape a pack of dogs? Also, dog owners, you should license your dogs. This \$1.50 license fee is not much and will help fund the dog warden and dog pound program. It will also protect your rights of dog ownership. This license can be purchased at your county court house.

I understand that, thanks to Mary Wells and an understanding county government, Pike Co. will be our next county in the 7th District to obtain a dog warden and dog pound. Congratulations, Pike Co., for meeting and dealing with the responsibility to your people and for helping wildlife restoration in your county.

The Knott Co. deer stocking will be completed in early 1985. The University of Kentucky and the Department of Fish and Wildlife will be conducting a study to determine the habits and the range of the deer we're transporting from Ballard Co. Wildlife Mgt. Area to Eastern Kentucky. We will collar about 30 adult does with radios and track their movements. Hopefully, this study will be very beneficial for future deer stockings.

Good news for our 5th and 6th grade kids. Conservation camps have begun and the Department is very proud of our camp facilities and their staff. I'm also proud of the fact that our 7th District didn't have to run any kids down this year from camp. The Department is continuously up-grading camp facilities so that we can accommodate all our youngsters wanting to attend conservation camp.

Mickey Craig, one of our conservation education officers, is transferring to law enforcement. He was one of our most loyal and dedicated education officers; and I'm certain all the kids and everyone who worked with him will greatly miss him and his contributions.

The Kentucky Department of Fish and Wildlife is doing everything in its power to enhance the opportunities for hunting and fishing in our great state, but you have to help too.

Sportsmen, get involved, join a local fish and wildlife organization, report fish and game violations, either through your local conservation officer or our toll free number (1-800-25 ALERT), support the League of Ky. Sportsmen, communicate and work with your local conservation officer, share your game and fish with farmers and landowners, but most important, be concerned and dedicated sportsmen. By doing this we shall all reap the rewards of good huntin' and fishin'.

If anyone has any comments or suggestions, please feel free to write Doug Hensley, Box 775, Hazard, Ky. 41701; or call 606-439-1703 daytime, or at night 606-436-2526.

## Kenny Rice To Work Hambletonian for ESPN

WTVQ-TV (Channel 36) sports director Kenny Rice has been signed by ESPN (Entertainment Sports Programming Network) to be an announcer for the million-dollar Hambletonian at the Meadowlands race course in New Jersey on August 4.

The Hambletonian, along with the Yonkers Trot and the Kentucky Futurity, is part of trotting's triple crown of racing. Annually attracting the nation's best three-year-old harness racers.

Rice, a native of Floyd county, worked for ESPN on its Kentucky Derby telecast and who hosted the nationally syndicated Jim Beam Stakes at Latonia this year. He will share the microphone with Sharon Smith, Jim Kaat and Sam Jones at the Hambletonian.

Pictured from left, above, are Belinda Stumbo, Danita Hall, Kitty Moore, Patti Howell, Sandra Scaif, Lisa Martin and Sherri Tackett, McDowell High School majorettes who recently attended the Fred J. Miller Camp in Huntington, West Virginia. The squad received the first-place trophy for competition in their division, and they also were awarded the spirit trophy for the entire camp. All members of the squad also received several ribbons for individual participation. The squad is under the direction of Mrs. Ernestine Shelton and mascot for the group is Kim Reynolds. Squad members expressed appreciation to those whose support made the trip possible.

### Catch of the Day

Karen Kirk, of Honaker, caught this 27-inch blue catfish while fishing at the German Bridge, Dewey Lake, with her husband, recently. She landed this one on a rod and reel, using chicken liver as bait.

### No. Floyd Babe Ruth Team Takes Fifth Place In State

By OSCAR RICE  
The North Floyd 15-year-old All-Stars, with a 7 to 5 loss to Daviess County, Saturday night, finished a respectable fifth in the state tournament, held July 26-30 at Owensboro.

The Floyd team's first game, Friday, ended with an 8 to 5 loss to Louisville's St. Matthew, but it was not without its dramatics. With two outs and two on in the bottom of the seventh inning Greg Shepherd hit what looked to be the game-tying home run as the ball flew well out of Kentucky Wesleyan College's huge field, but the umpire ruled it hooked around the foul pole by about a foot. Shepherd struck out on the next pitch.

Shepherd took the hard luck loss for the Floyd countians. John Goble had two hits and an r.b.i., while Duran Hall and Davie Mitchell had r.b.i.'s as well. Saturday, the Owensboro crowd saw the only shut-out of the tournament as North Floyd's Bud Newsome, of Betsy Layne fielded powerful Lexington Southeastern, the defending state champs, to five harmless singles. Keeping Lexington off balance with his curve, knuckle curve and knuckle ball, young Newsome had only three balls hit out of the infield on him as he struck out seven hitters. Oddly, Newsome went 0 for 4 at the plate as he reached base on two fielders choices and scored three runs.

Catcher John Goble went 3 for 3. Greg Shepherd had 2 r.b.i.'s, Duran Hall went 2 for 4 with 1 r.b.i., and Davie Mitchell hit a double to drive in two runs.

North Floyd next faced Daviess County, this year's winner of Owensboro's Regional Tournament, on Saturday night.

Brian Hall, Mark Perkins and Greg Shepherd pitched for North Floyd allowing only three earned runs, although Daviess County took the 7 to 5 win on a series of lucky turns and outstanding play by their fine left fielder, David Goins. North Floyd hit the ball hard six straight times against

Goins, and, in the bottom of the seventh Goins made two sensational diving catches for the first two outs and these were followed by a single by John Goble, a double off the fence by Greg Shepherd, a double over the fence by Duran Hall and a two-run single by Davie Mitchell as suddenly North Floyd had the tying run at the plate.

North Floyd's comeback chances fell short, however, as a ground ball out sent Floyd County home on Sunday morning with fifth place honors for the state.

The North Floyd team was well liked by Owensboro fans and officials and it seemed everywhere people were talking of the squad's never-say-quit attitude and the hard-luck losses. Team coaches received compliment after compliment and Don Butler, president of the state Babe Ruth Federation said, "Owensboro fans and helpers will long remember North Floyd County."

As far as actual performance, the team definitely left an impression as tournament director "Buzz" Van Meter called Bud Newsome, the North Floyd pitcher who shut out Southeast Lexington, "the best pitcher I've seen in many years in a state tournament."

Catcher John Goble impressed college scouts as he hit a whopping 7 for 10 in three games, and third baseman Duran Hall raised eyebrows with his fielding and clutch hitting. Hall made some sensational catches at third base as well as picking up two doubles and a triple at the plate.

"Burly" Greg Shepherd, as the Owensboro newspaper called him, hit shot after shot hard during the tourney and two doubles as well as the 400-ft. "almost homer."

Slick-fielding shortstop Davie Mitchell continued his great hitting as "Mr. Clutch" drove in five runs in the three-game series.

During the eight-game All-Star series, John Goble hit .552, Brian Wallace .500, Greg Shepherd .476, Duran Hall .444, Davie Mitchell .370, and Bud Newsome .345.

### School Wraps Up Two-Week Camp

About 100 students recently completed a two-week summer camp at Mountain Christian Academy in Martin. Thirty tutoring and enrichment classes were offered in the morning, including classes in basic math and reading, typing, drama and speech. In the afternoon, a sports program was offered—at Jenny Wiley State Park the first week, Allen park the second—with students choosing from a variety of sports including swimming, archery, volley ball and golf. Preschool and daycare programs were offered enabling parents of students to help run the camp.

### Goins Brothers Slated At McLain Band Fest

The popular Goins Brothers will be featured performers at the seventh annual McLain Family band festival, August 10, 12 at the McLain Family's Big Hill farm, near Berea. The festival of family bands will feature 16 bands from across the country, plus a group from Japan. The Goins Brothers will be performing twice on Friday, August 10.

In keeping with the family emphasis, the McLains request no drinking and no drugs. No dogs allowed in the concert area although family pets may be kept at the campsite if leashed at all times.

The McLain Family farm is on US Highway 421, eight miles southeast of Berea on top of Big Hill. For further information contact The McLain Family Band, CPO 1322, Berea, Ky. 40404 (phone 606-986-8111).

### Free Diabetes Classes Scheduled at HRMC

"I've learned more about diabetes in four hours of classes at Highlands Regional Medical Center than I had in the seven years I've had diabetes," said a class participant in the new "Living Well With Diabetes" program.

The classes at Highlands Regional provide valuable information to diabetics and their families at no charge. The next scheduled class sessions will be August 8 and August 15 from 3 p.m. until 5 p.m. each day. They are repeated on a monthly basis and held in the Medical Center cafeteria.

Wednesday, August 8, hospital experts will discuss skin, foot and mouth care, medications, complications and how diabetics can stay in good control. The following Wednesday, August 15, the program will feature the topics of diabetic meal planning, exercise, urine testing, and home blood glucose monitoring. Since diabetics share common problems, problem-solving discussions will be an important part of these classes. Recipes and information on diabetic concerns will be available to class members. Also, diabetic refreshments will be served.

For further information on "Living Well With Diabetes" classes, call Sue Wilkerson, HRMC Food Services Director at 886-8511, extension 556.

**RON HAGER**, Floyd county schools assistant superintendent, spoke with KET's director of field services, Paul Smith, during the recent KASA conference in Louisville. Mr. Hager was among approximately 1200 participants attending the annual meeting of school administrators.

### The Kentucky Garden Journal

**COOPERATIVE EXTENSION PROGRAM**  
**KENTUCKY STATE UNIVERSITY**

Most of would probably say that flowers are for looking, sniffing and arranging, and vegetables are for canning, freezing and eating. Right? But how about the reverse? Many decorators make table arrangements with vegetables so why can't we eat flowers? We can, and the summer flower garden provides many delicacies.

Actually, one of our favorite cool season vegetables is just a collection of unopened flower buds—broccoli. Since we eat every other part of various vegetable plants—roots, stems, leaves and fruits—why not also eat the flowers.

Take the common marigold. European cooks have long used the petals to color and flavor salads, soups, custards, cookies and other baked goods. If we can make dandelion wine, let's make marigold wine. And just as candied violets and roses are considered a delicacy, so too are candied marigolds.

A flower that finds its way into many Oriental recipes is lilies. The buds are often pickled or used in stir-fry combinations. And lily, squash and elderberry flowers are good dipped in batter and fried for fritters.

Rose petals aren't just for perfumes, potpourri and sachets, but find their way into jellies and jams, vinegars and cakes. The rose flower's fruit, the orange to red colored "hip", has long been known to be a source of vitamin C.

Though some of us may be less than fond of yuccas in many landscape situations, the buds and flowers, when boiled or fried, have an asparagus-like flavor.

Thumbing through wild food and flower cookbooks, one finds many of our summer flower garden standards listed—carnations, daisies, geraniums, gladiolus, hollyhock, honeysuckle, snapdragon and sunflower. From the spring garden various bulb flowers, pansies, peonies and primroses can be used.

The names on some of the recipes are very tempting sounding. Whole meals can easily be built around flower cookery. How about an appetizer of Rose-Cream Cheese Tidbits followed by Nasturtium Salad with Flower Vinegar

and a bowl of Daylily Soup or Marigold Chowder. For the main course try Marigold Chicken Pie or Flower-Stuffed Swordfish with Peas with Water-Lily Buds and Marigold Carrots with Almonds. Of course we'll need Lime-Geranium Muffins with Rose Petal Jelly and some Dandelion Wine or Lime Geranium Lemonade to wash it down. And for dessert White Rose Pudding with Orange-Blossom Fudge.

If this sounds like a good way to perk up dull family meals, check bookstores and your library for flower cookery books. Good luck, and you probably better bring the flowers in before you nibble on them—some neighbors just might not understand your newfound passion for grazing on your flower bed.

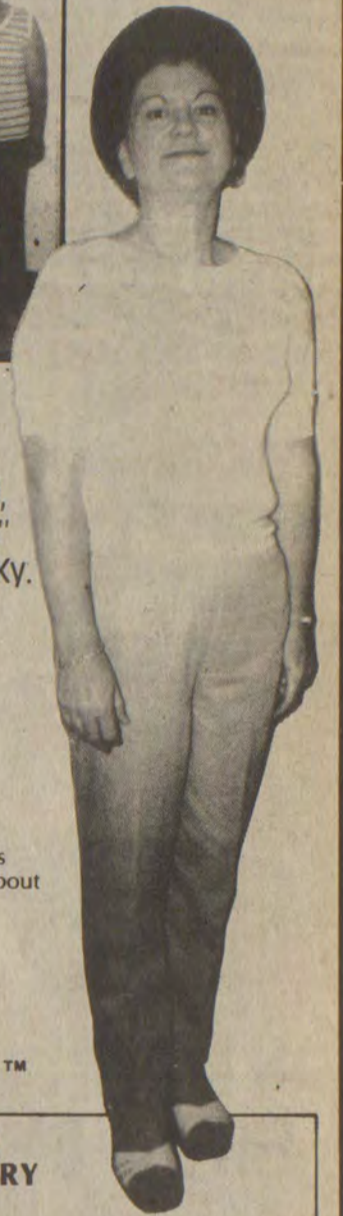

Timely Tip: By this time of year a good way to perk up flowering annuals is to pick off dead flowers, cut back stem growth and apply a fertilizer.

## Prisoners Post Cash Bond For Another in Jail Here

A Martin man who was booked at the county jail on consecutive days recently had his bond paid each time by inmates at the jail.

Alvis Randall Frasure, 39, who is free on bond pending his trial on a charge of murdering a man at a Bucks Branch residence last year, was arrested by State Trooper Barbara Thomas on U.S. 23 south of here, on July 20, and charged with drunk driving, driving without a license, and having prescription drugs which were not in a proper container.

District Judge Harold Stumbo fixed his bond at \$8000 in property or \$800 in cash. Court records show the cash was put up the same day by Harlos "Baldy" Hall and Randy Hall, who were themselves in jail awaiting trial.

(Harlos Hall, represented at state expense because he could not afford a lawyer, pleaded guilty to a manslaughter charge Tuesday and awaits formal sentencing. Randy Hall is

being held as a parole violator following his June 7 arrest on a public drunk charge.)

Frasure was again picked up on July 21, this time by Deputy Sheriff John Blackburn on the Town Branch road, and charged with public intoxication. Bond was set at \$2000 property, \$200 cash. Randy Hall put up the money two days later.

Frasure and Linda June Wilson face trial in the shooting death of Larry Wilson on Bucks Branch, May 29, 1983. Circuit Judge Hollie Conley recently postponed the trial until January 7, 1985.

## IRS Has Free Loan Film On Examination Process

A 28-minute film entitled "Why Us, the Lakens?", highlighting taxpayer examination and appeal rights, is available on a free loan basis.

The film, in 16mm color/sound and 3/4" video tape, is especially suitable for local showings to educational groups and community organizations. Anyone wishing to borrow the film should write Internal Revenue Service, Public Affairs Office, P.O. Box 1735, Louisville, Kentucky 40201. Reservations should be made as soon as possible prior to the date issued.

Lyle Waggoner, whose acting credits include motion pictures, television and the legitimate stage, narrates the film. Waggoner appeared on the "Carol Burnett Show" for seven years and played opposite Linda Carter on "Wonder Woman".

In "Why Us, the Lakens?", Waggoner narrates the story of Jeff and Kathy Laken who have been notified by IRS that their tax return has been selected for examination. As the story unfolds, the audience gets an overview of IRS functions in general, and a description of the steps taxpayers may take when they disagree with an IRS examination decision.

## Details of Pot Raid Near Price, Meagre

Curtis Rogers, 61, of Tolers Creek, was booked at the county jail last week on a charge of growing marijuana.

A raid by state police and sheriff's deputies on a field behind Rogers' house on Tuesday evening netted 236 plants, authorities said. "He had them fertilized and cultivated real neat," said Deputy Sheriff John Blackburn.

Also participating in the raid, which followed a citizen's tip, were Deputy Sheriff Harold Johnson and State Troopers Lee Weddington and Bill Slone.

Rogers was released on a \$20,000 property bond. The marijuana plants were destroyed.

On Sunday, a field of marijuana containing 1246 plants was discovered by State Det. Ernie Dudleson and Trooper Steve Zellers near Price and destroyed. Police said they have no idea who was cultivating the crop. "No arrests have been made and none are expected," said Trooper Philip Tucker, public relations officer at the Pikeville post. Pressed for more details, including the location of the raid and the person on whose property the marijuana was growing, Tucker said the police report did not include that information. Trooper Zellers declined to answer questions about the operation.

## NOTICE OF PERMIT CONFERENCE Pursuant to Application Number 636-8021

In accordance with the provisions of 405 KAR 8:010 Section 11, notice is hereby given that a permit conference is scheduled for August 7, 1984 at 10:00 a.m. o'clock at the Prestonsburg Department for Surface Mining Office, concerning the above application filed by Left Beaver Coal Company, P.O. Box 159, Drift, Ky. 41619. The application is for a permit for a surface coal mining and reclamation operation approximately 0.10 miles east of Ligon in Floyd county.

The proposed operation is approximately 0.5 miles south from State Route 979 junction with Clear Creek Road and located 0.75 miles south of Ligon Post Office. The latitude is 37° 22' 09". The longitude is 82° 40' 28". The surface area is owned by Turner Elkhorn Mining Co., Stanislaw Platkus, Lite Slone Estate, Gordon Meade, Will Slone, Ed Johnson, Bennie Thomson, Millard Newsome, Hafe Harris, Lucy B. ## Johnson Court Convicts Four Floyd Co. Men

Four Floyd county men, including three brothers, were convicted by a Johnson Circuit Court jury last week on charges of receiving stolen property. The jury was unable to agree on whether two of the men should also be branded persistent felony offenders.

Charles Brown, 25, his two brothers, Ballard Brown, 23, and David Brown, 19, and Terry Bartlett, 23, were convicted Wednesday of having merchandise stolen from Tackett Furniture Co. at Allen on March 29. Bartlett and the two older Browns were also found guilty of having household items stolen from Danny Akers on March 23.

After a four-hour deliberation which began Tuesday afternoon, the jury returned guilty verdicts Wednesday morning in the stolen property charges, recommending a one-year prison term on each count. That afternoon, the jury declared itself deadlocked on the question of whether Charles and Ballard Brown, who recently finished their sentence on an earlier stolen property conviction, should be declared persistent felons, a designation carrying a five-to-ten-year prison term.

An August 20 sentencing date has been set for Bartlett and David Brown. No date had been set this week for sentencing of the other two. Pending sentencing, the men are being held in the Johnson county jail.

The four were arrested in a Johnson county residence in March, hours after the Tackett Furniture break-in was discovered. Property taken from the store and the Akers residence was found there.

Bartlett and the two older Browns yet face a number of charges in this county, including burglary counts stemming from a March 19 break-in at Jerry's Restaurant—in which a \$1500 safe, a \$300 handgun and \$4000 in cash was allegedly stolen—and the Tackett Furniture heist, in which merchandise valued at \$2500 was reported missing.

Bartlett and Charles Brown are accused of stealing \$1783 worth of household items from Danny Akers' mobile home. Charles and Ballard Brown face a charge of receiving a safe containing \$1300 which was stolen last November from Wendy's Restaurant here and Charles Brown is charged with receiving a battery charger stolen from Denis Adams in March.

Bartlett and Charles Brown escaped from the Johnson county jail in April but were returned to custody about a week later. No indictment has yet been returned in connection with the escape.

## Think Twice About 'Benefits' Of Legalizing Marijuana Use

By GEORGE R. ROSS, Ph.D.

Recently, an attorney argued in an article appearing in the Lexington Herald-Leader (September 12, 1983) that he thought people who became emotional about marijuana "hadn't thought the subject through...and that they hadn't researched any of the scientific studies on it or that they could have a real emotional bias against any forms of intoxication whatsoever." He further explained that since "the American public is willing to spend billions of dollars for marijuana either medicinally or recreationally," then we ought to legalize it as a cash crop in Kentucky. He explained, "I don't think we should allow anybody to take the lead in the production and distribution of Marijuana..." If we're talking about "Maintaining the farming heritage of Kentucky."

Unfortunately, this lawyer's viewpoint is indicative of many adults in Kentucky and nationwide who have not taken the time to carefully review the facts on the effects of marijuana use.

A careful scrutiny of the facts would indicate that:

—Marijuana contains 418 chemicals other than THC that could be potentially harmful.

—Regular use, even once or twice a week, means the user is never entirely free of the drug.

—In 1976, lung researchers reported that smoking 3 to 5 joints a week is equivalent to smoking 16 cigarettes a day.

—Marijuana smoke contains larger amounts of cancer-producing hydrocarbons than tobacco.

—Physicians warn that marijuana's effects on heart function may pose an increasing health problem if use continues to spread among older adults and if youthful users keep smoking pot as they grow older.

—Acute marijuana intoxication impairs learning, memory and intellectual performance.

—Marijuana usage may reduce fund-

amental cellular defenses against disease.

—Heavy and continuous marijuana use can possibly result in subtle and lasting changes in brain function.

—Marijuana used daily and in substantial amounts may adversely impair some aspects of the reproductive function.

—Smoking a joint has the objective of getting "high," that is, intoxication in a way that alters judgement, self-perception, memory and other aspects of psychological function.

—Marijuana is a psychologically addicting drug that can result in damaging personality and behavioral changes.

In addition, careful review of this issue would take into consideration the opinion of Associated Press writer John Barbour, who wrote "The evidence is visible and convincing—millions of American families must cope with drunk or stoned teenagers or deal with the probability that their teenagers are daily confronted with this growing hazard"; or Dr. Robert Dupont, former director of the National Institute of Drug Abuse, who warned in 1979: "The marijuana problem is truly epidemic, a nationwide epidemic. It also...leads to other use problems."

George R. Ross, Ph.D., serves as the Executive and Clinical Director of POSSIBILITIES UNLIMITED, INC. Dr. Ross is nationally recognized as a leader in the field of teenage substance abuse.

### New Huck Finn Adventures

To Be Filmed in Maysville Area  
Maysville, Ky. is not Hannibal, Mo., nor is the Ohio River the mighty Mississippi.

"But, I think that Mark Twain, whose life and writing was influenced so vitally by the mighty Mississippi, would approve of this Northern Kentucky area as a location for the filming of 'The Adventures of Huckleberry Finn,'" said Jim Toole of the state's film office.

The office is presently assisting Great Amwell Productions of New York City in preparation for a remake of the beloved Twain classic.

"The three-hour production for PBS may eventually be shown on cable-TV as well," said Toole. It will be made in and around Maysville, Mays Lick, Washington, Augusta and Manchester Islands on the Ohio. Toole said that the production company had seen the Augusta area in the film CENTENNIAL, came to check it out and loved the whole area. "They got such overwhelming support from the local people, and crucial help from Mr. and Mrs. Andrew Duke of Maysville, that they were sold on Kentucky," Toole said.

Production offices have been set up at the new Ramada Inn in Maysville, with shooting expected to begin Aug. 29 and continue through mid-October. According to executive producer Bill Perry, there will be an extensive crew of 50-60 people and a cast of 60 or more, many of whom will be hired locally. Stars for the production will be announced closer to the start of filming.

In addition to the Maysville project, RASTAR-Columbia Pictures are due in the Lexington area to begin production on the feature film, "Sylvester" (about an eventing horse that reminds his owner of Sylvester Stallone). Producer Martin Jurov, who was co-producer of "Terms of Endearment," said his stars will be Melissa Gilbert (Laura of "Little House on the Prairie") and Richard Farnsworth, who received critical acclaim for his role in "The Gray Fox" last year and who is presently being seen in "The Natural" with Robert Redford.

### Social Security... Must Have Itemized Bill

Many people in the Big Sandy area wait longer than necessary to get payment from their Medicare medical insurance because they fail to submit itemized bills with their request for payment form.

Medical insurance is the part of Medicare that helps pay for doctor bills, outpatient hospital services, and other items and services not covered by hospital insurance.

To receive payment under medical insurance, a person generally submits a request for payment form and the doctor or other supplier provides an itemized bill to send with the form.

The trouble, Kelly said, is that often the bill does not provide enough information about the services provided and, therefore, a decision cannot be made as to whether they are covered. As a result, the patient must be contacted for more information and payment is delayed.

To prevent this delay, the person should be sure that each bill shows: a description of each service provided, the date the service was provided, the place the service was provided, the charge for each service provided, the doctor or supplier who provided each service, and the person's name and health insurance claim number exactly as they are shown on the person's Medicare card.

It is helpful if the diagnosis is also shown.

(For more information, ask for a free copy of the leaflet, "How to Complete the Patient's request for Medicare Payment." Copies can be obtained at the Big Sandy Area Social Security office, located on U.S. 23 between Prestonsburg and Paintsville.)

**Tom Henry Music**

Tom Henry Music, 72, of Spradlin Branch, died Tuesday morning at Riverview Manor Nursing Home, here.

He was a son of the late Thomas J. and Thursa Osborne Music, and was born May 24, 1911 at Cliff. A member of the Community United Methodist Church and the East Point Masonic Lodge, he served with the United States Navy during World War II, and was a retired equipment operator with the C. & O. Railroad.

Survivors include his wife, Mrs. Mary Badgett Music; a daughter, Mrs. Ann Bolling, of Hazard; a son, Tom Henry Music, Jr., of Lexington; two sisters, Anna Douglas Ruland, of Springsboro, Pa., and Millie Music, of Merida Beach, Fla.; two brothers, Graham Music, of Ft. Myers, Fla., Charles Music, of Amarillo, Tex.; six grandchildren, and one great-grandchild.

Funeral rites were conducted Friday at the Carter Funeral Home Chapel with the Rev. Roy Tinchler and James T. Doughton officiating. Burial will be made in the Richmond Memorial cemetery here, with the D.A.V. Chapter 18, performing graveside rites.

A masonic service will be held Thursday at 7:30 p.m.

**Grant Promotes Use, Preservation Of State's Historical Legacy**

Kentuckians soon will have a better understanding and appreciation of the state's rich historical resources, thanks to a project announced last week by the Kentucky Department for Libraries and Archives.

"Reflections of the Past: Archival Resources in Kentucky," a two-year undertaking with major funding from the National Endowment for the Humanities (NEH), will highlight the Commonwealth's documentary heritage by focusing on a wealth of historical materials available for research use in repositories throughout the state. The \$143,183 grant, made to the Department, will be jointly administered by the Department for Libraries and Archives and the Kentucky Historical Society.

The project, under the direction of Deputy State Archivist and Records Administrator Richard N. Belding, is designed to increase public appreciation and use of written, oral, and pictorial record of Kentucky's past. Committees composed of librarians, historians, archivists, museum personnel, and university faculty, have planned an array of events to involve Kentuckians in the discovery and exploration of their local and state heritage. The grant's project coordinator is Molly M. Cone, of Lexington.

State Librarian and Commissioner James A. Nelson observed that the generous assistance from the Endowment "allows the project to build on previous or on-going programs, improving public use and understanding of the records of our past." Nelson noted that the project "will work to encourage wide public participation in activities offered through local libraries."

Belding indicated that the project will include an extensive program of public speakers, slide tape presentations for local community organizations, traveling photographic and museum exhibits, and a series of radio programs featuring oral history materials. Also planned are workshops for librarians, archivists, and classroom teachers, designed to help make them more aware

of the range of original documentary resources available in Kentucky and to encourage the wider use and preservation of such materials.

According to Belding, the NEH project builds on previous work by the Department's Public Records Division through their Kentucky Guide Project. Begun in 1979, the Guide Project located, surveyed, and described archival and manuscript holdings in more than 300 non-profit, publicly accessible libraries and repositories across the state. The Guide is now in an editorial phase, and the work of this new grant will encourage researchers to make use of materials first identified in the Guide.

**BUSY AS A BEE...**

To collect a thimbleful of honey, the forager honey bee has to visit over a thousand flowers and fill, empty, and refill its special honey-stomach (about the size of a pinhead) some 60 times. According to the August Reader's Digest, the foragers in a single hive can collect as much as 15 pounds of nectar in a day.

Wooded, secluded building lots in May's Branch. Call for details.

Approximately 4500-sq. ft. business building between Maytown and Eastern. Shown by appointment.

Custom built tri-level on just less than half acre at Banner, just off four lane. Stone foyer with cathedral ceiling, living room with stone fireplace, full dining room, kitchen by Creative Kitchens, with Jen Air oven and cooktop. Master bedroom suite, bath has jacuzzi, two other bedrooms and bath, lower level with family recreation room and a fireplace with Forrester insert, office, large utility area and bath. Deck, abundance of parking, big level yard area. City water, cable TV.

One of Prestonsburg's quietest residential "walking distance to town" streets for this three bedroom home. Large living room for family gatherings, full dining room, eat-in kitchen with sitting area overlooking the back yard. Floored attic for extra storage. Priced at \$69,900.

175 acres—head of a hollow-home, garage workshop—extra building lot already graded. Just off Mt. Parkway at Floyd, Magoffin county line. Really Special! Call for an appointment to see this.

Large stone ranch on an oversized lot on Abbott Creek. Stone wall fireplace in the living room, full dining room, kitchen and family area with sliders to privacy-fenced back yard. There are three bedrooms, two ceramic baths, a room-size utility area and a two-car carport. This home sits back from the road with a large front lawn and nice shrubbery. City water and cable TV. Priced at \$69,500.

Office and home in the heart of Prestonsburg. Wonderful visibility for your office, wonderful neighborhood for your family. Great access, plenty of parking. A real buy at \$73,500.00

Commercial building with two apartments upstairs. Abundance of parking, was formerly used for auto repair but would be excellent office space if remodeled. Allen location.

Building lot—high and dry with additional land to Big Sandy River. Small barn, great place for kids. Approximately 1 1/4 acres. We'll try \$16,500 on this.

Five Farmers Home houses in the Johnson County area. Eligible for Farmers Home or conventional financing. If you think you can't afford a home, try one of these. Priced from \$15,000 to \$33,500.

Baby farm—perfect setting for a new home just outside Prestonsburg.

Four-bedroom home just off 4-lane 80. This home has had tender, loving care: fireplace, eat-in kitchen-family room, 12 x 15-foot storage building. All on a 100' x 100' lot and priced at \$43,500.

Extra special building lot in Rolling Hills Subdivision in Paintsville. Leave the trees and have your own wooded seclusion. A bargain at \$12,500.

Three good building lots at Emma—hurry—the bond money deadline is almost upon us! We'll suggest a contractor and help you with plans. \$7500.-\$8500.

One of the largest and most beautifully built and decorated homes it has been our pleasure to offer this year. Built of white stone (brick) from North Carolina, with privacy (10 acres), yet within three miles of Prestonsburg. Approximately 3200-sq. ft. of living space, plus oversized garage of 750-sq. ft. and 100' patio in rear give great spread-out room for family or parties. Space for pool if desired. Old bond 8 7/8% partial assumable mortgage available. Shown by appointment.

Three-bedroom home with great space in a very handy location in Martin. Raised out of flood plain, covered with aluminum siding, improved with central heat and air, and an exceptionally nice kitchen, this could be the affordable home you and your family have been looking for. Value priced at \$30,000.

Two-story, value-priced home in Auxier on a level, fenced lot within walking distance of school, grocery and post office. Front porch for summer evenings, living room and family room, kitchen with appliances to stay, two bedrooms, bath and big utility area. Aluminum siding and storm windows to help keep maintenance easier and utility bills lower. Fruit trees will add to your enjoyment. \$28,000 for all this!

Two story home in Martin on big creekbank lot—room for garden. Living room with fireplace, dining room, den, eat-in kitchen, utility room, three bedrooms, 2 1/2 baths. Partial basement. Forced air furnace, concrete block double garage, downtown location. Great family home.

We again have Kentucky Housing money available for new homes in Jenkins. Old-time interest rates for a few lucky buyers. Call for details.

High, dry building ground within walking distance to hospital. Could be two home sites or professional or business office. 192' front x 150' deep. City water available.

78-acre quiet and secluded farm on a blacktop road with main house, two smaller houses and a large barn. The main house has 2-3 bedrooms, living room, kitchen and bathroom and best of all—FREE GAS. The smaller houses are unimproved but could be brought into shape. The barn is large enough to take care of any horses or cattle you might want to keep. Good gardening area and plenty of developing timber. If you would like to get away from it all but be 5 minutes from four-lane, call us for an appointment. Better hurry—this type of property doesn't last.

**Gardening With Wildlife Kit Offered By NWF**

Any backyard, from several acres to a few square yards—even a window box—can become a wildlife refuge-in-miniature.

The National Wildlife Federation's new "Gardening With Wildlife" kit is designed to help create a backyard environment where birds, butterflies, small animals, trees and flowers can thrive. Developed by NWF's expert naturalists, the kit is the official "Backyard Wildlife Habitat" planning and planting guide with activities and suggestions that can provide years of pleasure for gardeners and the wildlife they'll attract.

Included in the kit's 33 items are a planting guide, a wildlife habitat log for your personal records, a bird feeding preferences booklet, and patterns to build birdhouses and feeding tables.

For more information about the "Gardening With Wildlife" kit, write to National Wildlife Federation, Dept. 170, 1412 16th St., NW, Washington, DC 20036.

**'Risky Business' airs**

By Amanda Bruce

What can a suburban boy do when his house is over taken by prostitutes? Make a profit, of course. Tom Cruise stars as the son who runs amok when his parents go out of town in "Risky Business," airing on Showtime Aug. 5 and 10. The awkward adolescent's preoccupation with sex leads him to invite a prostitute to his home — and she invites another and another and another.

Cruise is priceless as the boy who finds his fantasies coming true and then wishes they hadn't. Rebecca De Mornay is the hooker who comes calling and never leaves. This one's pure fun.

Tom Cruise

more relaxed second-year law student James T. Hart returns to Showtime on two new episodes of "The Paper Chase" this month.

**THE WRIGHT STUFF**

— "The Architecture of Frank Lloyd Wright," airing Aug. 10 on the Arts & Entertainment Network, is a 90-minute profile of the premiere architect of the 20th century.

The program, narrated by Wright's granddaughter, actress Anne Baxter, traces how Wright brought architecture out of the dark rooms and closed-in areas of the Victorian era into the light and spaciousness of the modern age. Beautiful photography of his famous works add to the program, as do discussions of his controversial private life.

**THE TRIALS OF LAW SCHOOL**

— The moral, upstanding and infinitely

The series, once carried by CBS and PBS, still stars James Stephens as Hart and John Houseman as the fear-inspiring contracts professor who makes first-year law students quiver. But although their first year is over, Hart and the boys have other problems.

In "Advocates," the episode airing Aug. 7, the students learn video skills to give them an edge in their moot court competition. And in "Billy Pierce," Hart's friend Bell must extricate himself from a cheating scandal. In that episode, real-life football star Lynn Swann plays the football player-turned-law student who gets Bell involved.

**Leon discovered while pumping gas**

By Nancy M. Reichardt

"My career goal is to be the very best actor I can be," says Michael Leon, star of "Days of Our Lives." Leon portrays Pete Jennings, the strong-willed bad boy from the wrong side of the tracks, on the NBC soap.

"I was pumping gas in Los Angeles when a producer drove his overheated car into the station and later asked me if I'd like to make some money working on a film," remembers Leon, who was raised in California's San Fernando Valley.

"After that job, I was called to do three days of shooting on 'Days.' After those scenes aired, NBC seemed to like what they saw," he says. "The fan mail and phone calls poured into the studio, and I signed a three-year contract with the show."

Of his character, Leon says, "I'd like to see Pete have a little more adventure. But basically I think we're hitting the right subjects with him. Pete says things from the heart — he doesn't think before he speaks. Everything is straight from the gut."

"Pete's only in love with one girl (Melissa Anderson, played by Lisa Trusel)," Leon says, "and it's very hard for him to even tell her that he likes her."

Michael Leon

Dedicated to his fans, Leon confides, "I answer every piece of my mail myself with my computer. I also send out a periodical newsletter. I feel an obligation to my fans because they really got me the job on 'Days.'"

The soap star adds, "A lot of guys write to me, too. The character of Pete comes to life for them. They really believe Pete could live in their town. Pete's so real that the fans can almost touch him, and I think that's why they wanted to see him regularly on the soap."

Leon is currently working on several projects outside of the soap. "I just sold a screenplay titled 'The Hood,' about Beverly Hills boys," Leon says. He has also produced a play called "Forbidden Broadway," a spoof on Broadway musicals.

9:00 3 3 57 2 MOVIE: 'Wait Till Your Mother Gets Home' A football coach, who switches job roles with his wife, finds out her 'job' is not as easy as he thought. Paul Michael Glaser, Dee Wallace, David Doyle. 1982.

# Deer Hunt Deadlines

By EMILY MORSE

If you plan to don the orange and deer hunt this year, application deadlines are near. Advance applications are necessary to hunt on several wildlife management areas and federal installations.

Random drawings determine who hunts on all these areas and if you hope to hunt on your favorite area, applications need to be sent before the cut-off dates. Be sure to get yours in on time.

At two military posts, timing is most important because applications are rejected unless received between specified dates.

At Ft. Knox, applications for weekend bow hunts will be accepted only between July 14 and July 29. Those wishing to participate in the Nov. 24-25, Dec. 8-9 and Dec. 15-16 gun hunts should apply between Aug. 11-26. Weekday bow hunting during the Oct. 13-Nov. 11 season will be on a first-come, first-served basis.

Applications forms can be obtained from Moral Support Activities, Hunt Control Office, Ft. Knox, Ky. 40121; the Department of Fish and Wildlife, Bowman Field Administration Building, Louisville, 40205, or the Department of Fish and Wildlife, No. 1 Game Farm Road, Frankfort, Ky. 40601.

The Bluegrass Army Depot hasn't set its actual hunting dates yet, but applications will be accepted only between Aug. 10 and Sept. 11. Hunters may not apply for both the gun and bow hunt. Applications must be made on a postcard, with one name per card. Husbands and wives or adults and juveniles wishing to hunt together should staple their cards together and mail them in an envelope. Cards should contain name, address and telephone number of the applicant and specify whether gun or bow hunting is desired. More than one postcard from an individual will disqualify that applicant.

Mail applications to Chairman, Wildlife Mgt. Subcommittee, Lexington Blue Grass Army Depot Activity, Lexington, Ky. 40511. Successful applicants will be notified of hunting dates and will be billed the \$15 post fee.

The deadline for applying for quota gun and bow hunts at Land Between the Lakes is July 25. Applications must be made on LBL computer forms. Write to Land Between the Lakes, Golden Pond, Ky. 42231, or call (502) 924-5602 (no collect calls, please) for complete hunting rules, dates and application forms. The hunting fee is \$10.00.

Reelfoot National Wildlife Refuge in

Fulton County has not set deadlines yet, but advance application is required. You should contact Reelfoot National Wildlife Refuge, Rt. 2, Union City, TN 38267, or phone (901) 538-2481 for application procedures.

Other areas requiring advance applications are: Beaver Creek, Case Creek, Dewey Lake, Higginson Henry, Kleber, West Kentucky and Yellowbank. The deadline is Aug. 31 and application forms for these areas are available from the Division of Wildlife, Department of Fish and Wildlife Resources, Frankfort, Ky. 40601. Include a self-addressed, stamped legal-sized envelope with your request for forms. Up to four hunters may apply per form, but you will need a separate form for each area. Hunting dates and complete instructions for applying are on the form.

For a copy of the 1984 Deer Guide, which contains information about deer hunting rules and regulations in Kentucky, write to the Division of Public Relations, Department of Fish and Wildlife Resources, Frankfort, Ky. 40601 for your copy.

### Special County Nights At Summer Theatre

The Jenny Wiley Theatre continues County Nights for its Wednesday and Sunday performances through August 15. Residents of area counties receive a special discount on those evenings when they attend the Theatre.

This Wednesday night, August 1, Lawrence and Magoffin counties will cash in on the discount tickets. Every ticket ordered by Lawrence and Magoffin county residents will be discounted by \$1.00. This discount cannot be combined with any other discount or coupon.

Wednesday evening's performance will be "Joseph And The Amazing Technicolor Dreamcoat." A modern retelling of the Bible story, the production tells the story of Joseph and his coat of many colors entirely through song and dance. The musical contains many different styles of music from a Country-Western number to an Elvis impersonation.

Sunday, August 5, Floyd county residents will receive the same discount on any ticket they order for that evening's performance of "Fiddler On The Roof."

An old favorite, "Fiddler On The Roof" tells the story of Tevye, the dairyman, and his family as they encounter changes in tradition and life. The play features such familiar showtunes as "If I Were a Rich Man" and "Matchmaker."

"When ordering tickets for these special county nights, simply tell the Box Office staff which county you live in and they will discount the tickets accordingly," said Keith Stevens, Managing Director of the Jenny Wiley Theatre.

Other county nights coming soon are: Martin county for the Wednesday, August 8 performance of Annie; Perry and Knott Counties for the Sunday, August 12 performance of "Joseph And The Amazing Technicolor Dreamcoat"; and Pike county for the Wednesday, August 15 performance of "Fiddler On The Roof."

The Jenny Wiley Theatre's season continues through August 19 with performances of "Annie", "Fiddler On The Roof", and "Joseph And The Amazing Technicolor Dreamcoat." All performances are at 8:30 p.m., Tuesday through Sunday at the Jenny Wiley State Park Amphitheatre. For ticket information, call the Box Office at (606) 886-9274.

### PIKEVILLE

#### OLD 'BUNCO' GAME

The old saying, "Truth is sometimes stranger than fiction," has been verified in Pike county. Sometime ago the Kentucky and West Virginia Power Company secured from the land owners on Shelby Creek a right-of-way for the extension of their electric power line.

Last week a strange gentleman, presumably clothed in power came into their midst, and gathered together about fifty men to assist him in trimming trees and doing the work necessary for the completion of this electric power line, paying them from \$3.75 to \$5.25 per day, according to the amount of work done. One citizen, it is said, bought a new axe and sharpened it, saying, "I will show them what a day's work is," hoping to be able to make at least \$10 per day.

This impostor seemed to be familiar with the way the work should be done,

and no one seemed to have any apprehension as to his authority or power for hiring them. Knowing the Kentucky and West Virginia Power Company to be a big corporation, these mountain people unhesitatingly honored his checks, and cashed them for him. When lo! and behold, last Tuesday morning when these laborers went to their labors, this mysterious personage had disappeared, having taken with him several hundred dollars of money, and has never been heard of since, nor has there been any clue to his identity established. He was in no way connected with the company and had no authority whatever. He gave his name as a Mr. Hatfield, using a name, familiar in the history of Kentucky and West Virginia.

#### MAY DIE FROM WOUND

Casey Kirk, aged 24, of Leckieville, Ky., who was struck in the head last Saturday night while returning to his home from Williamson, is still in a very serious condition at the Pikeville

hospital, to which Kirk was brought Saturday night.

The way in which Kirk was injured is unknown, although examination showed that he is suffering a fracture of the skull and authorities believe that it was inflicted by some person intent on robbing Kirk. He was rushed to the hospital at Pikeville soon after he was brought to Williamson from where he was found Saturday night.

#### WHERE WAS HER RAZOR?

On Thanksgiving morning at the C. and O. railway crossing, near the Sunshine Hotel, a fatal shot was fired. Margaret Wood fired three shots, one proving fatal to the life of Stephen Haywood. He died instantly after being struck with the bullet. It entered his body through the stomach, presumably entering a large artery and causing instant death. Haywood had been rooming at the Sunshine Hotel, and the evening previous to the killing he accused Margaret Wood of having burned some window curtains, and she told him that unless he took back that accusation she would kill him. She claims she had loaned him some money and he had refused to pay her. She surrendered to the officers of the law and was placed in jail.—News.

### LOUISA

#### FACTORY PRACTICALLY ASSURED

Establishment of an overalls factory in Louisa was practically assured Tuesday when a contract was signed by J. A. Auxier, promoter of the enterprise. George Kouns acted as trustee for the Louisa subscribers to the \$5,000 fund.

The contract stipulates that the factory shall be equipped with not less than \$5,000 worth of machinery and shall employ 50 persons to start. Upon the commencement of operations the owner of the factory is to be given \$5,000. And should he suspend operations within five years, the factory and \$3,000 worth of additional collateral will become the property of the donors of the \$5,000 fund.

Approximately \$4,400 of the necessary \$5,000 has been subscribed. Thus, the establishment of the factory depends upon raising the remaining six hundred dollars.

Mr. Auxier went to Cincinnati Wednesday to purchase equipment for the

factory. He says that after operating 90 days he will be distributing a payroll of \$600 a week.

#### WINS 5, LOSES 4

Louisa High School's victory over Pedro 46 to 0 on the gridiron here Thanksgiving ended a football season which, though not as victorious as last year's, has been successful, and is deserving of praise.

Louisa played the strongest high school teams in this section of the country, winning five games and losing four.

Louisa defeated Russell, Catlettsburg, Wayne, Matewan and Pedro, and lost to Ceredo-Kenova, Paintsville, South Charleston and Ashland.

No schedule with stronger opposition could have been arranged in this section and for Coach Young's players to have won a majority of the games is fitting reason for Louisians to maintain unshaken faith in their school's ability to produce a winning football team.

Outlook is encouraging for a victorious team next year. Five players will graduate this year, but Coach Young has been drilling a squad of 26 men and, despite the five graduations, will have a regular team intact next year.

#### WOMAN IS TRAIN VICTIM

Mrs. Carrie Wylie, aged 37, was killed instantly on Wednesday night of last week when struck by a west-bound freight train at the Madison street crossing near the depot here.

It is presumed she attempted to beat the train and had miscalculated its rate of speed. She was hurled several feet and then dragged to about midway of the platform. Practically every bone in her body was broken, her skull fractured and a hand and foot cut off. Mr. Curtright and others took her body from under the train, and Mr. Curtright prepared it for burial.

The unfortunate woman was said to be a mental deficient, and until two months ago she and her small child were inmates of the county infirmary. She was a daughter of Harve Church of near Lowmansville. Burial was made Friday. She is survived by three children, one of whom is married.

#### DEBATE SCHEDULE ANNOUNCED

Louisa High School's debating team will meet Catlettsburg, Greenup, Pritchard High of Grayson, and Holy Family of Ashland this year, according

to a schedule made public this week.

The subject for debate this year will be: "Resolved, That the McNary-Haugen Farm Relief Bill Now Pending in Congress Should be Enacted Into Law."

Students who have announced their intention to try for places on Louisa team are: Miss Juanita Dixon, Wm. Crutcher, Leonard Sargent, Wm. Davis, Wm. Sparks, Hubert Prichard and Bruce Williamson. Others will announce later. Prof. Young will coach the team.—Big Sandy News.

#### DEC. 14 DESIGNATED AS 'NATIONAL PARK SUNDAY'

Sunday, December 4, being the day before the drive for \$2,500,000 to make the Mammoth Cave area a National Park opens throughout Kentucky, has been designated as "National Park Sunday," and is being observed in that way in all parts of the state. The churches of Kentucky are co-operating in this way in bringing the cause, which will mean such great progress for the state, to the attention of the people. Ministers will tell their congregations of the project, prayers will be offered asking divine guidance, and thoughts turned to the movement in a spiritual way.

The forces of the state which will ask contributions from every man and woman in the state, are rapidly mobilizing. The mayors of Kentucky cities are issuing proclamations calling for the participation of every citizen; organizations are endorsing the effort and promising active assistance, and merchants are broadcasting the cause in their advertising, as well as preparing to join the individuals as subscribers to the fund. The week starting Monday, December 5, which will inaugurate the intensive drive, has been set aside as "National Park Week."

The \$2,500,000 raised through the chase of 70,618 acres in the area to be drive will be used entirely for the purpose to the Federal Government for perpetual maintenance and development as a National Park. When Mammoth Cave region, hundreds of this status has been created in the thousands of tourists will visit the state, and thus, it is pointed out, Kentucky will secure its share of the \$3,000,000,000 American tourists are spending annually for out-of-door recreation.

### Penny Tuberculosis Seals For Health

Ten million tuberculosis seals, enough to provide every person in Kentucky with five seals, are being distributed throughout the state by the Kentucky Tuberculosis Association from Louisville and its sixty-five affiliated county agencies.

For the past twenty years these penny Christmas Seals, sold during December in every state, have been the means of helping stamp out tuberculosis and promoting good health. The success of the campaign has been due to the earnest work of thousands of citizens who give their services freely every year to help organize and conduct the seal sale in their communities and who later aid the state and county associations carry on a definite program.

In Kentucky the Christmas Seal and its sponsors have done much to promote public health. They have helped get increased appropriations for sanatoria and last year were instrumental in getting an additional appropriation to provide free beds in the State Tuberculosis Sanatorium. The field work of their nurses and a medical specialist in diagnosis who assisted in holding clinics for early discovery of tuberculosis, has resulted in greater interest in the cure and prevention of tuberculosis. The investigations made of health conditions and demonstration programs conducted by the staff workers in many counties have helped to bring about the employment of full-time health officers and public health nurses.

These seals are on sale in 5 counties in the state. Yours is one of them. You are urged to call upon your seal sale chairman, Mrs. W. P. Mayo, and offer your services to help in this life saving work by purchasing and aiding in the sale of seals to others.

Our eyes are placed in front because it is more important to look forward than to look back. Cultivate foresight.

## Fishing Made Worthwhile

By EMILY MORSE

If you do a lot of fishing in the Ohio River, it could pay off. The Department of Fish and Wildlife Resources is offering cash rewards for certain tagged fish caught from the river.

The prize money may be just enough to buy your bait, or it may yield enough to buy a brand new motor for your boat. The values of the tagged fish range from \$1 to \$1,000.

Approximately 375 fish were tagged in the western part of the river this year. The rewards provide fishermen with an incentive to return the tags. Fisheries biologist Ralph Jackson uses the tags to study fish movement, age and growth rates.

Jackson estimates that without the tags the return rate would be around five percent. Last year's overall return rate was 16 percent. Approximately \$669 was split among 67 fishermen. Some of the \$1,000 fish from three previous years of the study are still in the river.

Cash rewards also encourage fishing in the Ohio River, which has become a much cleaner place in recent years because of stricter anti-pollution laws.

Among the different species, around 25 percent of the bass tags and 25 percent of the crappie tags have been returned. Only three to six percent of the catfish and carp tags were returned. Jackson said although catfish and carp were considered rough fish, they were included in the study because some fishermen do fish for them.

The biologists use electrofishing gear to catch the fish or tagging. The AC current stuns the fish until they can be tagged and returned to the same area.

Jackson said the brightly-colored tags look much like a "plastic price tag that you would find on clothes." The tag is a small piece of plastic tubing sticking out of the fish's back, just below the dorsal fin, with "KY FISH" and a number on it.

Special envelopes for returning the tags are available from fish and wildlife conservation officers, at local bait and tackle shops or docks. In addition to the information requested on the envelope, the department needs a few scales from the fish. Complete details are printed on the mailing envelopes.

If you're a catch-and-release fisherman, you can clip off the tag and remove a few scales from the fish's side just behind the gills. Measure the length of the fish and release it, then fill out and return the special mailing envelope.

## Six Vocational Schools In Area To Open Soon

The six vocational schools in Region 11—Mayo State Vocational Technical School and the Belfry, Garth, Martin county, Millard and Phelps area vocational education centers—will be opening soon for another school year.

Long-term adult programs at these schools are open to anyone who is 16 years of age or older and is available for training. Cosmetology and LPN have minimum educational requirements. Tuition for long-term adult students is \$20 to register and \$10 per month. Tuition for out-of-state students is \$40 to register and \$50 per month. There is no tuition charge for secondary students and secondary programs are open to all students 15 years of age or older. All programs, both secondary and long-term adult, are open to students regardless of race, color, national origin, age, religion, marital status, sex or handicap. Persons interested in attending one of the vocational schools in the Big Sandy Region should contact the school immediately. Mayo State Vocational-Technical School registration will begin at 8:30 a.m., Tuesday, August 7.

Danny O'Neal, of Paintsville, has been appointed the Title IX Coordinator. If a student feels that he or she has been discriminated against regarding enrollment or other school practices because of race, color, national origin, age, religion, marital status, sex or handicap, and if the problem cannot be resolved at the school, the person may appeal to Mr. O'Neal who will conduct a hearing. The decision of any hearing conducted by the Title IX Coordinator may be appealed.

## McDowell Class of '74 Hold 10th Year Reunion

Over the past weekend, the McDowell High School graduating class of 1974 held its 10th year reunion. The events began with a get-together Friday, July 27, at the old Girl Scout building at Jenny Wiley State Park.

A dinner and dance were held Saturday at the McDowell High School lunchroom. When classmates and their guests registered, each of the ladies was presented a yellow carnation with a blue ribbon representing the school's colors of blue and gold.

The program began with comments by the senior class sponsors, Mrs. Frances Turner and Mrs. Violet T. Moore. Ten years did not dim the memories of Mrs. Turner and Mrs. Moore who reminded their old pupils all of things many had long forgotten. After their comments a class roll was called as each classmate was asked to introduce his or her guest and to convey a message to their fellow-classmates. Various class members were recognized and presented plaques in each of the following categories: who traveled farthest, who had been married longest, who had the most children, who had the most marriages, who had changed most and who had changed least.

Out of a graduating class of 79 students 38 were able to attend the weekend events. Some traveled 500 miles to attend.

NEW STUDENTS...Morehead State University's freshman orientation-early registration program recently brought new students and their parents to the MSU campus for a day. From left to right are Margarita and Lora Ann Borders, of Prestonsburg.

One of Hollywood's most famous movie stars, nine times nominated for Academy Awards and once an Oscar winner, has appeared in 125 films and been commemorated on stamps in four far-off countries. The May Reader's Digest suggests you might have missed the answer to this trivia question. It's none other than Donald Duck.

## Collins Assumes Command

(Photo by SFC David Curtis)

Col. Paul G. Collins, left, accepts the colors and command of the 149th Separate Armored Brigade, Kentucky Army National Guard, from Maj. Gen. Billy G. Wellman, State Adjutant General, during weekend ceremonies in Louisville. Brig. Gen. Robert D. James, the outgoing commander, looks on. The 149th, also known as the "Kentucky Brigade," is the largest unit in the Kentucky Guard with five battalions and 33 companies and detachments in 29 cities, including Prestonsburg.

Col. Paul G. Collins, a native of Helena in Mason county, Sunday became commanding officer of the largest unit in the Kentucky Army National Guard, the Louisville-based 149th Separate Armored Brigade.

A veteran of more than 26 years of National Guard service as an artillery officer, the Eastern Kentucky University graduate received the colors of the "Kentucky Brigade" from Maj. Gen. Billy G. Wellman, The Adjutant General of Kentucky, in a change of command ceremony at the Fairgrounds Army.

The 149th Brigade consists of five battalions and 33 companies and detachments in 29 cities across the state and has an authorized strength of more than 4000.

Collins, 51, who will be nominated for promotion to brigadier general, was described by Gen. Wellman as "an outstanding senior officer who is well prepared for this most important assignment of his career."

A former commander of the 138th Field Artillery Brigade in Lexington and state chief of staff, Collins initially served two years in Germany with the 8th Infantry Division (Mechanized) after being commissioned through Army ROTC at EKU.

In civilian life, he is sales manager of the Square D Electrical Manf. Co. plant in Oxford, Ohio. He previously was assigned to the firm's Lexington plant. The new commander is married to the former Pat Deal, of Wheelwright. They have four children.

Collins is a graduate of the Artillery School, Command and General Staff College and the Industrial College of the Armed Forces. His awards and decorations include the Meritorious Service Medal and the Armed Forces Reserve Medal.

### We're glad you asked!

John C. Hall  
Founder  
Hall Funeral Home

### REASONS FOR PRE-PLANNING?

We are frequently asked why one should consider pre-planning one's own funeral now. There are several basic reasons:

- First, economy. You save money by stipulating only as much as you wish to spend.
- Second, inner security. You have taken a weight off your mind, knowing that your personal arrangements are complete. And the cost won't become a burden on your family.
- Third, personal choice. You can choose your own service—your own minister, music, extent and kind of service, right down to the smallest detail.
- And fourth, simply so that your family won't have to. We can help you, as we've helped so many others in the community, in making pre-arrangements.

You may wish to call for an appointment to discuss pre-arranged funeral services with me or one of our directors. There is no obligation, of course.

## Group of 23 Named In Move To Halt High Dropout Rate

State Superintendent of Public Instruction Alice McDonald last week announced the appointment of 23 educators and community leaders to a new commission aimed at preventing school dropouts.

The new Dropout Prevention Advisory Commission will hold an organizational meeting at 10 a.m. Aug. 2 in the state board room on the first floor of the Capital Plaza Tower in Frankfort.

Noting that Kentucky ranks last among the 50 states in the percentage of residents 25 and older who have completed high school, McDonald said that statistic reflected a dropout rate that was "totally unacceptable."

"I am seeking the advice of legislators, school officials, local board members and leaders of business and industry, as well as community organizations, as to how public education can best address this problem," she said.

Members of the advisory commission will be asked to look at the overall climate in the state's schools as they formulate recommendations to the State Board of Education for reducing the dropout problem, McDonald said.

Among those serving on the commission are state Rep. Kenny Rapier, D-Bardonia, a member of the Interim Joint Committee on Education; Mildred Robinson, of Ashland, a member of the State Board of Education; and Jefferson District Judge Richard Fitzgerald.

Members include two school superintendents, John Willis Smith, of Jackson county, and Wandel D. Strange, of Hart county; and two local board members, Susan Keith, of the Elizabethtown Independent School District, and Dennis Human, of Menifee county.

Representing business and industry are Owensville Mayor Marshall Coyle, Kentucky Farm Bureau; Donald K. Snyder, executive vice-president of Begley Drug Co., of Richmond, Kentucky Chamber of Commerce; and Josephine Richardson, of Appalshop, Inc., Whitesburg.

Other members are Virginia Maurer, of Louisville, representing the Kentucky Parent-Teacher Association; Rafael Cordoves, principal of Leestown Junior High School in Lexington; Danny Whitlock, principal of Hickman County Elementary School in Clinton; Donna Ludwig, principal of Waggener High School in Louisville; and Syble Brady, a teacher in the Henderson county schools, representing the Kentucky Education Association.

Also on the commission are Steve Gamble, a social worker in the Madison county schools; Stuart Sampson, direc-

### CAUGHT FLOSS

Q. My dental floss often catches between my teeth and is very hard to move. How can I prevent that?

A. Sometimes, when teeth are close to each other, floss meets resistance in getting between them or getting out again. To make this easier, there is a gadget available at pharmacy counters which permits a better finger grip and more leverage in flossing between tight teeth. Extra-fine floss may help, too.

Other patients may run into flossing difficulties because of rough edges or overhangs of fillings which catch and fray the floss. This happens when amalgam fillings crack or roughen at their margins, creating uneven surfaces. Floss catching can also occur around crown (cap) margins that do not fit properly. Your dentist should be able to remedy any of these problems.

NOT Just Another Study...

# Governor Tells Panel Result Must Be Action

The newly appointed Governor's Council on Educational Reform—a panel of 34 Kentucky leaders—met with Gov. Martha Layne Collins recently at the Mansion in Frankfort and listened as she said, in clear, uncompromising terms, "You are not a study group. Your task is to come up with specific recommendations for action."

With this clear mandate, Gov. Collins outlined her charge to the group, a charge that council chairman Al Smith noted, "leaves no doubt what she is expecting from us."

Gov. Collins told council members, "During the past session of the general assembly we made an important beginning. But it was only a beginning. I see this group as a catalyst for ensuring that we continue the work started then. I intend to see better schools before I leave office."

The governor urged the council to weigh the valuable information and ideas about the schools already compiled by the Chamber of Commerce, the Prichard Committee, various educational task force reports and recent general assembly efforts.

"...I want you to sift through their work and determine those things we can implement now and in the next few years. I want you to assess where the public schools stand today and suggest

where I should focus my energies," said the governor.

Dr. Ray Nystrand, secretary of the Education and Humanities Cabinet, will prepare a draft for the council—hopefully for a mid-September meeting—based upon review of all the issues, problems and conclusions from these prior studies and laws.

Then the council will evaluate this information, consider any new, pertinent aspects they think have not been covered, set priorities and make recommendations for action by the governor and the general assembly.

## Conservation News

Wildlife food plots can really benefit our local birds and animals. Scattered grain patches near cover serve as a "pantry" for many species. It can be helpful to think of an animal's habitat as a house in which there are several rooms.

For instance, animals need a "bedroom" to sleep and take refuge in. We often refer to an animal's bedroom as "cover" which is provided by trees and shrubs. Depending upon species, an animal's kitchen could be a mast tree, a clover patch, or a grain field.

Some animals require several rooms. Studies reveal that quail spend time in four different types of rooms: woodland, grassland, shrubland and cropland. In Floyd county "cropland rooms" near cover are usually the limiting factor. Animals can't stay in a house without a kitchen or pantry, any more than humans can. To correct this situation landowners and landusers are encouraged to plant crops such as corn near cover such as trees or shrubs. This can be accomplished by leaving a couple of outer rows of corn in a farm operation. Others may want to put out a special plot of grain specifically for wildlife use.

ASCS has a cost-share program to assist in the cost of these special plots. Call the local Conservation District at 886-3128 for more information.

What serves as a lip gloss, make-up remover and a moisturizer—all in one? Petroleum jelly, that's what. The August Reader's Digest says it's a great buy.

## Wedding Solemnized, June 15

Kathy Layne Howard, daughter of Mr. and Mrs. Jake Layne, of Manton, and Jack O. Burchett, son of Mr. and Mrs. Jack R. Burchett, of Pikeville, were married at 6:30 p.m., Friday, June 15 at the Martin Freewill Baptist Church. Bobby Baldrige officiated at the ceremony. Music was provided by Gina Marshall.

Given in marriage by her father, the bride was attended by Ramona Hall, of Martin, maid-of-honor. Bridesmaids were Kimberly Burton, Stanton, Ky., and Kimberlea Lindemann, Pikeville. Kerry Michelle Meria, of Prestonsburg, was the flower girl.

The groom's brother, Tommy Burchett, served as best man. Groomsmen were Burt Ricky Layne, Manton, brother of the bride, and Kevin Skeens, Pikeville. The ringbearer was Robert Jacob Merion.

A reception followed at the church. Following a wedding trip to the Smokey Mountains, the couple is now living at Manton. The groom is a graduate of Eastern Kentucky University and is employed by Pikeville National Bank. The bride is currently attending Alice Lloyd College.

## Miss Hinchman To Wed Mr. Patterson, Saturday

Mr. and Mrs. Joe Hinchman, of Allen, announce the forthcoming marriage of their daughter, Cheri Ann, to Mr. Jeffrey L. Patterson, son of Mr. and Mrs. Junior Patterson, of Nancy, Ky.

The ceremony will be performed at 1 o'clock Saturday afternoon, August 4, by the Reverend Terry Lester at Redhouse Baptist Church in Richmond, Ky. The custom of open ceremony will be observed, and friends and relatives are invited to attend. A reception will follow immediately after the ceremony at the church.

# SOUL INSURANCE How To Get It Free!

By Town Hall, 5433 Ruby Place, Sarasota, Florida 33581

No doubt you have fire insurance on your home; insurance on your car; insurance on your health. Such forms of insurance are very necessary and they cost you money. But do you have any **Soul Insurance**? This is the most important insurance you can have, and it is free for the asking. **Jesus himself issues the "policy".** "For by grace (God's mercy) are ye saved, through faith, (in Jesus), and that not of yourselves. It is the gift of God: Not of works, lest any man should boast." (Ephesians 2: 8-9). God's blessed Son, Jesus, gave his life, and spilled his precious blood on Calvary, to provide **Soul Insurance** for all who would repent of their sins, and receive Him into their hearts, through faith, trusting Jesus for eternal life. (Romans 5: 8).

Many people died last night. Where did their immortal souls go? The Bible, God's Holy Word, pictures two places — Hell and Heaven. The only way to stay out of Hell and get to Heaven is through Jesus, God's son, and the **Soul Insurance** he gives to all who repent and believe. "He that believeth on him is not condemned; but he that believeth not is condemned already, because he hath not believed in the name of the only begotten Son of God." (John 3: 18).

For all have sinned and come short of the Glory of God." (Romans 3: 23) There is none righteous, no, not one." (Romans 3: 10). **Any God-called preacher should preach often about Hell and the awful punishment in Hell, which burns with fire and brimstone. "Where their worm dieth not, and the fire is not quenched."** (Mark 9: 43-48). Moreover, the Soul's Destiny is fixed when death strikes.

Coming back from a trip to Kentucky this summer, I noticed a large sign along the road in Tennessee, which read

If you go to Hell It's your own fault

"How true that is," I thought.

God does not arbitrarily put a person's soul in Hell. "God sent not His Son into the world to condemn the world, but that the world through him might be saved." (John 3: 17) A person's soul goes to Hell because he will not accept God's love, and his remedy for sin — Jesus Christ, God's Son. A person's soul goes to Hell because he will not repent of his sins, and come to Jesus and receive Him into his heart as his own personal Savior and Lord. "He that believeth not the Son shall not see life, but the wrath of God abideth on him." (John 3: 36) "The unbelieving shall have their part in the lake which burneth with fire and brimstone." (Rev. 21: 8)

Let me add quickly Jesus died and spilled his precious blood at Calvary for sinners. But this does not automatically keep sinners out of Hell or take them to Heaven. I wish preachers would give more emphasis to this point. Jesus only provided the remedy for man's sins by his death on Calvary. There is something for man to do himself before the saving process is completed. Man must seek Jesus and accept Jesus; man must repent of sin and believe in Jesus. Jesus himself came into Galilee, preaching the Gospel of the Kingdom of God, and saying "the time is fulfilled, and the Kingdom of God is at hand. Repent ye and believe the Gospel." (Mark 1: 14-15) Jesus does not force any man to accept him. The predestinated choice belongs to man. If a man refuses to receive Jesus, he has already rejected him and is headed toward Hell. Beware! Jesus himself says, "Behold I stand at the door (of your heart) and knock; if any man hear my voice, and open the door, I will come in to him, and will sup with him, and he with me." (Rev. 3: 20)

You can go to your doctor, and get medicine for your ailments, but if you do not take the medicine, it will do you no good. I can hold out my hand with a twenty-dollar bill in it, meaning to give it to you, but it is not your money until you receive it into your own hand. The choice is yours. Likewise with Jesus. He came to call sinners to repentance, but Jesus' love is effective in

a sinner's life, only when the sinner repents of his sins, and receives Jesus into his heart, through faith, as his own personal Savior and Lord. "As many as received him, to them gave he power to become the sons of God," even to them that believe on his name." (John 1: 12)

There is a Hell to shun, and don't you ever forget it. Let's see what the Bible says about Hell. It is a lake of fire. (Rev. 20: 15) Hell is a bottomless pit into which the angel from Heaven will cast that old serpent, the Devil. (Rev. 20: 1-3) Jesus himself speaking in Matthew 25: 41 to those on his left hand who had no soul insurance "Depart from me ye cursed, into everlasting fire, prepared for the Devil and his Angels." Jesus talking in Matthew 13: 41-42 says "the Son of Man shall send forth his Angels, and they shall gather out of his kingdom all things that offend, and them which do iniquity, and shall cast them into a furnace of fire; there shall be wailing and gnashing of teeth."

A most vivid description of Hell is given by Jesus himself: "There was a certain rich man, which was clothed in purple and fine linen, and fared sumptuously every day. And there was a certain beggar named Lazarus which was laid at his gate full of sores, and desiring to be fed with the crumbs from the rich man's table. And it came to pass that the beggar died, and was carried by the angels into Abraham's bosom," (referring to Heaven). The rich man also died and was buried; and in Hell he lifted up his eyes, being in torment, and seeth Abraham afar off and Lazarus in his bosom. And he cried and said, "Father Abraham, have mercy on me, and send Lazarus that he may dip the tip of his finger in water and cool my tongue; for I am tormented in this flame." (Luke 16: 19-31).

Thus you can see the contrast between Lazarus and the Rich Man. Lazarus did not get to Abraham's bosom because he was a Poor Man. But he did get there by believing in God. He had **Soul Insurance**. The rich man did not go to Hell because he had barrels full of money. He went to Hell because he worshipped his money, and had left God out of his life. He had no **Soul Insurance**. The rich man is still in torments in Hell, and he will be in Hell forever and forever. Poor Fellow! And millions more are there with him. The Bible says, "for what is a man profited, if he shall gain the whole world, and lose his own soul." (Matthew 16: 26).

There is a Heaven to gain, where all is peace and joy, love and happiness. Only those who have soul insurance will go to Heaven. Jesus speaking in John 3: 16 says, "for God so loved the world that He gave his only begotten Son, that whosoever believeth in him should not perish, but have everlasting life." Neither is there salvation in any other (except Jesus), for there is none other name under Heaven, given among men, whereby we must be saved." (Acts 4: 12). Jesus himself speaking in John 14: 6 says, "I am the Way, the Truth and the Life; no man cometh to the Father, but by me." Another scripture says, "Believe on the Lord Jesus Christ, and thou shalt be saved." (Acts 16: 31). Another scripture says, "that whosoever believeth in Him (Jesus) should not perish, but have eternal life." (John 3: 15). First John 5: 11-13 puts it this way: "and this is the record, that God hath given to us eternal life, and this life is in His Son. He that hath the Son hath life, and he that hath not the Son of God hath not life. These things have I written unto you that believe on the name of the Son of God, that ye may know that ye have eternal life, and that ye may believe on the name of the Son of God! God does the saving through His Son Jesus; Man, through faith in Jesus, does the believing in this same Jesus. It is clear from the scriptures, and many more, that God, the Father, entrusted into the hands of Jesus, His blessed Son, all aspects of salvation and complete soul insurance.

You have now heard the Gospel, dear friends, enemies, and sinners. Today is the day of salvation

"Behold now is the accepted time; behold now is the day of salvation." (II Corinthians 6: 2) You might not be alive tomorrow. This might be your last chance to get in touch with Jesus, God's Son, "in whom we have redemption through his blood, the forgiveness of sins." (Ephesians 1: 7). "The blood of Jesus Christ, His Son, cleanseth from all sin." (First John 1: 7). Choose you this day whom ye will serve." (Joshua 24: 15).

The Sinner's Prayer. Won't you pray this Sinner's prayer with me, right now, and mean every word of it from the bottom of your heart, and get your soul insurance from Jesus, this very minute? "Lord Jesus, I know that I'm a sinner, and deserve to go to Hell because of my many sins. But I now confess all my sins to you, having been led by the Holy Spirit, and I now repent of all my sins, and ask you to blot them out with the precious blood you spilled for me at Calvary; through faith in you, dear Jesus, I now accept you and receive you into my heart as my Savior and Lord. I believe, dear Jesus, that you are God's Son; that He raised you from the grave on the third day, and that you are alive forevermore up there with the Father in Heaven making intercession for me. I believe that there is none other Savior except you, dear Jesus. And right now, I trust my immortal soul into your hands. Thank you, dear Lord, for saving my soul, and giving to me — eternal life, now, and forevermore."

Jesus was listening; he heard your prayer. He has already written your name in his Lamb's Book of Life. God's Holy Spirit has already taken up residence in your body, and there is rejoicing in Heaven because you have repented of your sins and have accepted Jesus as your only Savior and Lord. You are now a new creation, you have been born from above spiritually.

Now Jesus wants you to go further with him: (1) He wants you to be baptized by immersion. Jesus himself was baptized in the Jordan River by John the Baptist. "And straightway coming up out of the water, he saw the Heavens opened, and the Spirit, like a dove descending upon him; And there came a voice from Heaven, saying, Thou art my beloved Son, in whom I am well pleased, and immediately the Spirit driveth him into the wilderness." (Mark 1: 9-12) Jesus was already perfect before he was baptized. He was God's Son, without sin, and He needed nothing. But His baptism marked the beginning of his earthly ministry, and gave us an example in humility. His baptism showed a picture of his death, his burial and his resurrection from the grave. Go thou and do likewise!

(2) Jesus wants you to join a church which preaches the fulness of God's word, the Bible: one which preaches Jesus, God's Son, as the pre-eminent Savior and Lord of Life, and the only Savior and Lord of Life. If a church does not preach these Bible truths, I would never join it. Jesus is the head of the Church. The Church is the body and bride of Jesus, the body of believers, not the building where the church assemblies to hear the word preached and songs of praise sung. Moreover, Jesus wants you to attend his church regularly, and support his church with your money, time, and talents.

(3) Jesus wants you to get glory and fellowship out of you. He wants you to grow in his grace by reading the Bible daily, by praying frequently and witnessing to others, especially sinners; telling them about the precious soul insurance which Jesus gave to you, and gives to all who will receive it. Jesus wants you to love your neighbor and help those in need. Jesus wants you to do his commandments and follow him.

The greatest decision you ever made was to accept Jesus as your Savior and Lord, and to get this Soul Insurance from Jesus, which assures you a home in Heaven — far away from the torments of Hell!

And they all said "Amen."

**INTRODUCING The Landing**

In the early 1900's, the riverboat would steam into town. At the sound of the whistle and the calliope, all Prestonsburg would gather at the Upper Landing to see what news, goods, or travelers had come up the Big Sandy.

## ★ Cancer Hopeline

Q. Can you tell us something about multiple myeloma? One of our friends has just found out he has this kind of cancer. We had never heard of it.

A. Multiple myeloma is a cancer of the blood-forming organ, the bone marrow, in which a form of white blood cells called plasma cells grow abnormally. They group together forming tumors that may crowd out the normal bone marrow, and eventually they may grow into the bone itself and spread to other parts of the body.

There are about 9,400 new cases of multiple myeloma in the U.S. each year. Medical scientists do not know what causes this disease. Men are more likely to have it than women, and it almost always occurs in people over 40.

Myeloma is often a low-growing cancer. People with this disease may not have any symptoms for years. The first symptom is almost always bone pain, often in the back or neck. This pain, which usually seems worse at night, is mild and occasional at first, but becomes increasingly severe as the disease progresses. Other possible symptoms of multiple myeloma are abnormal bleeding and increased susceptibility to infections.

Bone tumors associated with multiple myeloma usually develop in bones which contain the most bone marrow: the ribs, spine, skull, pelvis and long bones of the arms and legs. If the disease is not treated, these tumors can cause bone fractures and collapsed vertebrae.

Chemotherapy is the treatment most frequently given for patients who have active multiple myeloma. Radiation therapy also may be used to control the bone tumors.

A patient who responds well to treatment usually feels better, has less bone pain and is more active within three to five weeks. Some patients treated with chemotherapy have full remissions in which all signs of the disease are gone.

For more information on multiple myeloma, call, toll free, 1-800-4-CANCER or write to Cancer Information Service, McDowell Cancer Network, 915 South Limestone Street, Lexington, Ky. 40536. Ask for the free publication, "What You Need to Know About Multiple Myeloma."

## Provides Warm Environment

Oma Elkins, of Pikeville and her newborn son, John Tate, utilize the new radiant warmer at Highlands Regional Medical Center. Her nurse, Barbara Clark, R.N., adjusted the temperature for comfort.

It was important to Oma Elkins, of Pikeville to be with her baby right after his birth at Highlands Regional Medical Center. However, for safety reasons, many physicians prefer that newborns stay in a nursery warmer for their first four to five hours of life.

The new over-the-bed radiant warmer in the HRMC Obstetrics Department satisfied the wishes of both mother and doctor. The unit provides warmth for the new mother and baby in her hospital room. This has several benefits such as facilitating the bonding process and soothing afterbirth pain.

"This feels like sunbathing", said Mrs. Elkins when experiencing the radiant warmer. "It is wonderfully relaxing."

The radiant warmer equipment was purchased by the Medical Center Obstetrics Department with a \$1500 grant award from the March of Dimes and matching funds donated by the HRMC Auxiliary.

## ★ GOOD NEWS REPORT ★

By THOMAS W. PAUKEN

This is the story of a guitar player, a juggler, a playwright and a retired Polish American, 82 year old Leon Stobnick. Leon, who emigrated to Brazil just before the beginning of World War II, became a successful businessman there and later settled in Manhattan, becoming an American citizen.

When he retired 17 years ago, he looked around for something to do. He was unmarried with plenty of time on his hands. He'd dabbled in poetry, but now he took up painting. To learn techniques, he attended the New School in New York City and studied privately. It was pleasure and it was fun—but he soon realized there was something missing from his life. Then, by chance, a friend suggested he become a volunteer, "a volunteer, doing what?" he asked.

And his friend told him about ACTION's Senior Companion Program in which men and women who have retired offer companionship and assistance to their less able contemporaries. "But that takes training," said Leon.

Indeed it does, and for the next year under the guidance of the United Neighborhood Houses of New York, Leon became a trainee. In so doing he learned the manner, the methods and the psychological approach necessary to be a companion to the handicapped, particularly to those who are blind.

That was 10 years ago, and since then Leon has spent an average of four hours a day, five days a week with his clients, building relationships that are meaningful and through which real friendships are established.

Today he has three clients. "Issac Daise is my guitar player," he says. "He's blind, and he lost a leg to diabetes, but he can play the guitar, and I've been able to encourage him to do that, mostly by arranging for him to play with different groups. I bring him to the center, and that way he keeps active and interested, you know. He's a widower, and we spend a lot of time just talking together."

Leon's juggler, Don Ricardo, offered a different challenge. An entertainer who had lost his juggling capability, he had become withdrawn and morose—not caring. Leon recognized he had to find a way to get Don to re-juggle his focus in life. He found it by involving him in his own creative efforts. He would bring his art work to Don and ask him for an opinion; he would do the same with his poetry. And slowly, Don the 73 year old former juggler became Don,

the art critic and literary judge. In this way he regained his confidence. "A sense of importance, that is the thing," Leon said. "I manage to encourage that and also to stimulate his interest in my painting."

Marcel Strauss is Leon's third man. A playwright and former stage director, he just celebrated his 90th birthday. His past is filled with memories of stage and screen, and the stars of yesteryear. He was the author of "Grand Hotel" and many other dramas. His latest play, "The Burnt Wind," was taken from a story by the noted 19th Century/Russian writer, Artzibashev, and he hopes to see it produced. But along with his creativity, Marcel craves companionship. Very few of his old theater friends are still around, and Leon is the one who fills the great gap of loneliness.

Indeed for all three of Leon's clients, there is much to look back on, but as a Senior Companion to them, he has stimulated a guitar player, a juggler and a playwright to look ahead. "For that," he says, with a big smile, "is what living is all about."

**Number of Employed Increased During 1983**  
The total number of persons who held a job during all or part of 1983 was 117.7 million, 1.4 million more than the previous year. This increase reflected primarily a gain in year-round full-time employment, the Bureau of Labor Statistics of the U.S. Department of Labor reported.

**Named to Who's Who**

Terry Michael Boyd has been nominated for the second consecutive year to receive award recognition for achievements and to have his biography published in, "Who's Who Among American High School Students."  
Nominations are received from over 12,500 high schools and most of the nation's prominent youth organizations. Only 5 percent of the junior and senior class students are included in Who's Who each year.  
Boyd is a 1984 graduate of Allen Central High School, and is the 18-year-old son of Charles and Helen Boyd, of Langley.  
Terry was nominated for this award by Mrs. Leona Fouts, his English teacher. This award was given for English, leadership, and foreign language.

**Blood Drive Slated At Highlands Regional**

The Central Kentucky Blood Center and the Highland Regional Medical Center have scheduled the next blood drive for Thursday, August 9 at the hospital from 10 a.m. to 6 p.m.  
Some donor groups do not find it convenient to schedule blood drives during the warm weather months, since many donors are involved in vacations at this time of year. Summer blood drives such as the one to be held by Highlands Regional Medical Center are particularly important to patients in area hospitals, a Blood Center representative said.  
Don't drop out this summer, plan to donate on Thursday, August 9. Call Barbara Whitt at 886-1557 for more information about donating or to make an appointment.
