

Detective Says Titlow Admits Shooting Ray

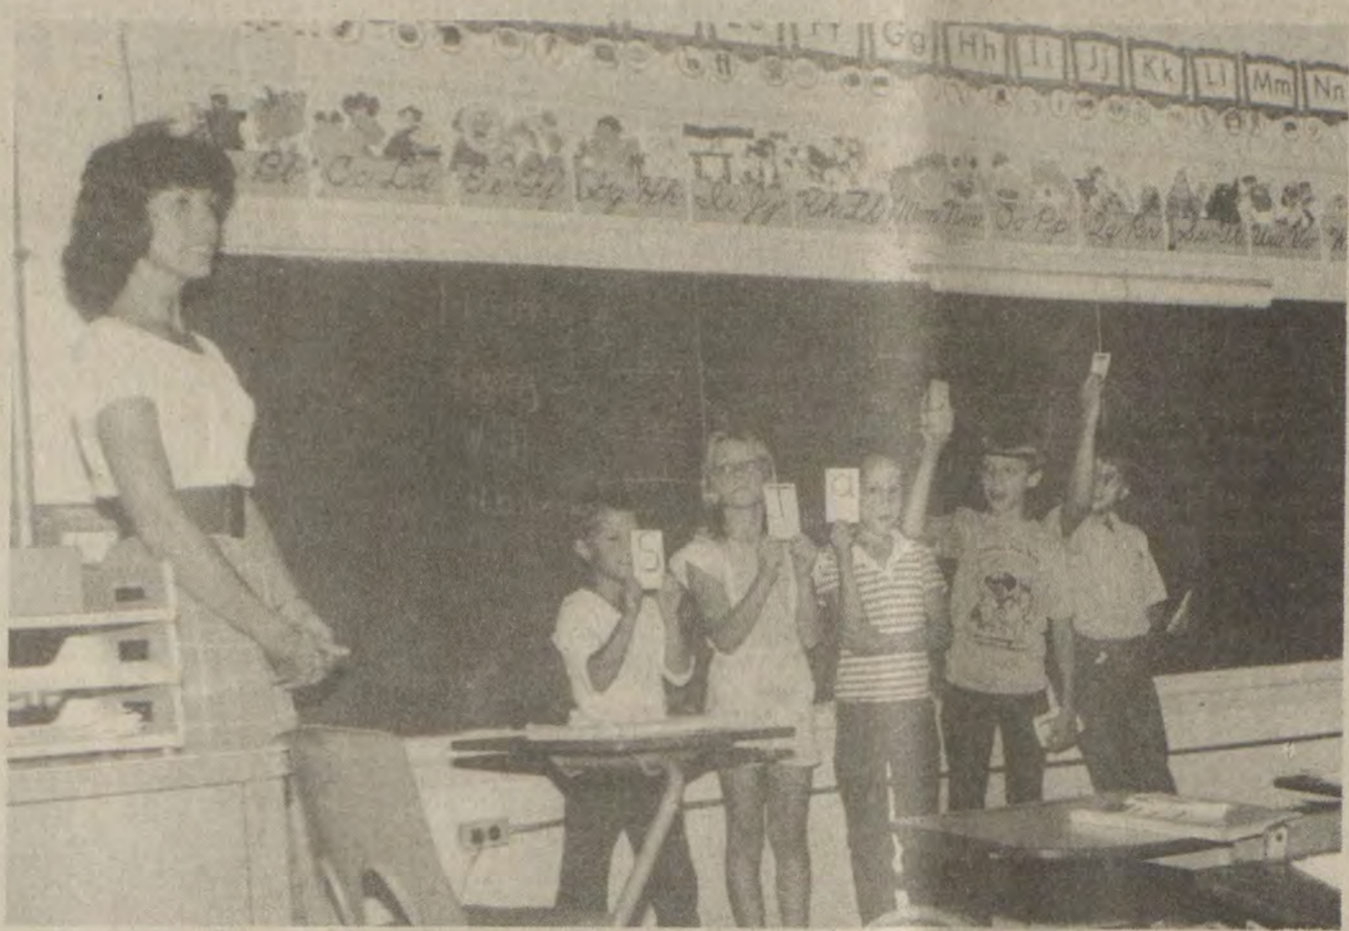

Donald Titlow, 26, admitted firing the shot that killed Larry Ray, Jr., 21, in Wheelwright on Aug. 10. Det. James Rederick testified in district court here Thursday. But questions by the attorney appointed to defend Titlow, who has been charged with murder, suggest that the accused will contend he fired in self-defense.

According to a statement made by Titlow after his arrest in the early Sunday morning hours, Rederick said, he had just driven Kimberly Moore home to Wheelwright when Ray accosted her and began to beat her.

After telling Ray to desist, Titlow went to the Branham Hollow house where he was staying but Ray followed him, according to the statement. When Ray approached the front porch, it was said, Titlow picked up a .16 gauge shotgun and fired a single shot from inside the house. The blast struck Ray in the lower abdomen. He died in the roadway.

Cross-examined by Public Defender Norm Bennett, Rederick acknowledged.

Barber Charges Root of Trouble Dislike of Allen

It was unannounced; there was no written agenda; and it was not in fact a meeting of Floyd Fiscal Court, Judge-Executive John M. Stumbo insisted. Nevertheless, all members of the court met last Wednesday in the judge-executive's office to plan strategy for a meeting scheduled next Tuesday with the state Public Service Commission in Frankfort.

The main question on the agenda then, County Attorney David Barber told the magistrates, will be why they have not dumped East Kentucky Utilities, Inc. as operator of a county-owned gas system which is in such disrepair and so heavily in debt that its main wholesale distributor has announced it is shutting off the supply.

There will be other questions, the county attorney said—like why the utility has yet to institute electrical protection for its corroding steel pipe, as required by the 1968 federal Pipeline Safety Act, or why the leaky steel pipes have yet to be replaced with plastic lines—for which the magistrates should have their answers ready. "We can contradict everything they've said," Barber assured them.

But, behind its apparent concern for safety and efficiency, Barber charged, the state regulatory agency has another objective: "The PSC staff does not like John Allen. They want the court to get rid of John Allen."

It was John Allen, Sr. who, in 1954, was appointed receiver for the bankrupt gas system serving a string of Right Beaver communities and, a couple of years later, leased it from the county. The system is now officially run by his son, David D. Allen, who insists his father's long management has been above reproach.

"He has done nothing but provide a good system. There have not been more than five complaints in 30 years as to service," David Allen—who, besides being president and board chairman of East Kentucky Utilities, is also Floyd county treasurer—told the magistrates.

If the system is \$400,000 in debt to its wholesale suppliers—most of it to Kentucky West Virginia Gas Company, which has announced plans to abandon the system, and the balance to Southeastern Gas Co.—that is because it is impossible profitably to operate a

Tight Funding Said Cause Of Detention Center Woes

Build a cavernous, windowless, cement box. Bolt heavy iron frames to the walls for beds. Better still, pour a row of monolithic concrete slabs. For lighting, hang three fluorescent tubes high up the naked walls. Call it a dorm.

It will still be as grim a cell as the toughest law-and-order advocate might design for society's most hardened predators.

The Floyd County Juvenile Detention Center, it is home in fact for the region's youngest offenders.

Not that the half-dozen kids who make up the center's average daily population are innocents. Authorities have long stopped taking truants and runaways. The juveniles housed here may be awaiting trial on charges of robbery, assault, even murder. At 17, the oldest of them can be strapping, cynical scrappers.

The fact that the top floor of the

courthouse annex, designed as a secure facility to begin with, has been so reinforced it now begs comparison with a medieval dungeon is itself testimony to the surprising damage embittered young men can do with their bare hands:

—Steel bedframes ripped from the dormitory walls are now being replaced with raised concrete platforms for bunks.

—Skylights in the 12-foot ceiling were so often breached they have been covered with sheet steel.

—A spacious and once well-appointed recreation room has been long disused because games and stereo equipment are in ruins and some furnishings, like pool cues, are considered too likely to be used as weapons.

—Bedding and clothing are regularly stuffed down toilets and, as soot-blackened ceilings attest, are sometimes set ablaze.

Especially in the course of escape attempts—which have been less frequent this year but still occur, successfully, at the rate of one a month—unarmed center personnel are vulnerable to assault. In the most recent break, four inmates, including a Magoffin youth being held on two murder charges, last Wednesday slammed a steel door against a staff member when he opened it to let them out for supper. Three of the boys then locked James P. Osborne and Wanda Miller—the only attendants on duty at the time—in a security cell, stole Mrs. Miller's car, and escaped.

In some cases, desperate youths will injure themselves sufficiently to require medical attention and so create an opportunity for flight. A 14-year-old boy contrived in May to break his wrist, center officials reported, in order to be taken to the Highlands Medical Center emergency room, from which he fled.

The result, frustrated officials concede, is that the juvenile detention center now exists in a tense and permanent state of lockup of a kind imposed only rarely even in the state's adult prisons.

Confined to their dormitory for 24 hours a day except for meals, the in-

Hobbs Joins List Of Closed Stores

The R. H. Hobbs Store will soon become the latest in a growing line of firms that have closed their doors here in the wake of declining sales.

Employees at the Front Street store, which has been in business here for more than 40 years, were told yesterday (Tuesday) by James G. Hobbs, who operates the department-store chain from its Pikeville office, that Thursday would be their last day on the job. Four fulltime and one parttime worker will be affected by the decision.

For Avonelle Crider, a 20-year veteran of the store, and for Bessie Lynn Hill, who has worked there for 18 years, most recently as manager, it will mark the end of a long relationship with the firm and its customers. But "things have been slow all round," said Mrs. Hill, who added, "We just want to express our appreciation to all the customers we've done business with."

Hobbs closed its Paintsville store last week. In downtown Prestonsburg, it follows recent closings of a number of established stores, including Cox's, Richmond's, Ben Franklin's and Thomas Hereford's.

Board Member Role Is Program Topic

The role of a school board member will be addressed here next week by the president of the Kentucky School Boards Association, Dr. David Keller, whose visit is being sponsored by the Floyd County Education Forum, Chamber of Commerce, Kiwanis and Rotary clubs.

"In its subject and the co-operation of its sponsors" the event is "unprecedented," said Jean Rosenberg, FCEF president. Moreover, while the presentation is designed to make voters more informed in choosing school board members, "it is totally non-partisan," she said.

The event is scheduled for 7 p.m. Tuesday, Aug. 26, at May Lodge.

Clerk's Audit Concludes Spending Was Justified

A review of invoices shows that all purchases made in 1985 by County Clerk Carla R. Bolton "were proper and necessary," the Lexington accountant who audited her books concluded in a report presented last week to Floyd Fiscal Court.

The clerk spent nearly \$15,000 on microfilming for which no bids were sought, repeating a violation for which she was also taken to task in her 1984 audit. But the transgression occurred in April, 1985—before the 1984 audit was complete—and she has since instituted a policy of bidding on any item above \$7500, in accordance with state

law, said the accountant, J. W. Bryan.

In another violation of state statute, Mrs. Bolton did not turn over to the fiscal court by March 15 her excess fees—the money left over after all her expenses are paid—Bryan noted. But partial payment was made on June 28 and the balance was paid on July 31, he said.

The tone of the audit report, which the fiscal court received without comment, was markedly different from that of a state Department of Local Government official, who blasted the clerk last May for reckless spending, urged the fiscal court to exercise more control over her office, and suggested that the state attorney-general might be asked to investigate her financial records.

Al Howell, a DLG supervisor, said expenditures for supplies had tripled in the clerk's office between 1984 and 1985 and that equipment purchases had doubled in the same period. Much of the equipment, including some purchased without bids, would turn out to have been bought from Joe Bolton, whom the clerk later married, Howell suggested. And her extravagance would mean that money turned over to the county would be only a fraction of what it had been in previous years, he said.

On the question of excess fees, the amount turned over to the county treasury proved to be even more meager than Howell anticipated. According to his reckoning, \$13,113 would be left over—a sharp drop from the \$78,039 turned in the year before, and an embarrassment to county budget-makers, who had counted on receiving at least \$60,000 in excess fees for 1985.

In fact, the clerk's audit shows an unanticipated deduction of \$3600, listed as "expense allowance," in addition to her \$31,815 salary, the maximum allowed by law. The deduction reduces to \$9,566 the excess fees turned over to the county.

In other areas, however, the auditor's figures suggest more restraint than do those cited by Howell. Where the state official listed \$91,480 in expenditures for office equipment and

City Gets ADD Grant But Council Isirate

Prestonsburg was one of eight cities and counties to receive funding for special projects at Monday night's meeting of the Big Sandy Area Development District. But many city officials were upset with the award because they had no hand in the application process.

An emergency meeting of the city council was called last night (Tuesday) for council members to question Mayor Ann Latta on the decision to request \$17,000 for a computer for use in administering city business. Many council members argued that a more beneficial request might have been for equipment such as police cruisers or a new fire

truck, though their biggest complaint concerned not being consulted before the application was submitted.

Councilman Harry Ray Porter scolded Latta saying that she should have been more aware of options open to the city in making the application. Bill Callihan questioned the value of a computer at all, especially in the face of other city needs, while Margie Osborne complained a greater need existed for replacing city vehicles.

Latta reminded the council that the city already has two police cars budgeted, which should be delivered

Do-It-Yourself Defense Brings Fast Acquittal

It was against the judge's advice but Tom Bartrum said he was not going to spend any more money on a lawyer. He would defend himself against a charge of terroristic threatening brought by his erstwhile neighbor, Ted H. Salisbury.

The decision proved sound. After Assistant County Attorney Robert Rowe, Jr. had made the prosecution case and Bartrum made his reply with little of the formality that usually attends courtroom proceedings, the jury took only a few minutes to acquit him.

Salisbury, a retired ABC agent, testified that Bartrum drove up to his Martin home last April 6, demanded that he come out, and threatened to "stomp me into the concrete."

Bartrum, a 32-year-old truck driver, acknowledged he had asked to speak to Salisbury—he said he wanted to talk about a boundary-line dispute between them, the subject of a pending circuit court case—but denied making any threat.

Radio Figures In Recovering Injured Man

A Banner man suffered a broken leg Sunday after a tree he had cut to improve television reception at his home fell on him and stranded him on a hillside.

According to Captain Chuck Akers, of the Floyd County Emergency and Rescue Squad, Richard Lee Bevins, 23, and a friend climbed a hill behind Bevins' home, after they had decided a tree there was interfering with reception provided by Bevins' satellite dish. The two took a two-way radio with them to communicate with another person at Bevins' house, who was to tell them when television reception improved.

The radio proved to be more important than anyone had anticipated, as it was used to call for help after the tree fell on Bevins' leg. The person left to watch for improvement in the signal called the rescue squad, who dispatched 15 volunteers to the scene. Rescue workers from Respond Ambulance were also dispatched, and a van-load of members of the Pikeville Fire Department on their way home from fire school stopped and gave assistance, after noticing emergency vehicles on the scene.

Akers said the rescue was among the more treacherous he has been involved in. "The grade was straight up," he said. "You had to hold onto bushes just to stand up."

Rescue workers had to use chain saws to cut brush and trees as they moved Bevins. They had to take him around the hill and up to a stripmine site, where a 4-wheel drive vehicle was waiting to take him off the hill.

Akers said water run-off from the mine formed waist deep ruts which rescue workers had to cross at a number of points to get Bevins to safety. The victim was taken by ambulance to Highlands Regional Medical Center, suffering from a compound fracture. He was transferred the same day to St. Joseph's Hospital in Lexington.

Nyberg in ROTC Camp In Fort Lewis, Wash.

Cadet James E. Nyberg, son of Beulah Keal, of Auxier, received practical work in military leadership at the U.S. Army ROTC advanced camp, Fort Lewis, Wash.

The six-week camp, attended by cadets normally between their third and fourth year of college, includes instruction in communications, management and survival training.

Successful completion of the advanced camp and graduation from college results in a commission as a second lieutenant in either the U.S. Army, Army Reserve or National Guard for the cadet.

Guardianship Aids Mentally Disabled

John, 32, lives alone in a town in southern Kentucky. He has neither family nor close friends to help him. And John has been declared by a judge to be mentally unable to care for himself.

John is not really alone. He is but one of the 2,300 adult Kentuckians found legally disabled from the normal abilities of other self-reliant people. John and the others have been made wards of the state, to be assisted and protected by the Guardianship Program of the Cabinet for Human Resources.

"Guardianship may range from very limited financial decision-making all the way to responsibility for determining whether the client must reside in a nursing home or can live independently," said John Clayton, Human Resources Ombudsman and director of the state's adult guardianship program.

"However," he said, "the role of the guardian is carried out only to the degree needed by each client. If those needs change, the extent of involvement by the guardian in the affairs of the client is modified accordingly."

The Cabinet for Human Resources becomes a guardian when someone or some agency becomes concerned that a person's disability has reached the point that he or she can't manage personal or financial affairs, according to Nancy Varney, manager of the cabinet's Guardianship Support Services branch.

"The circuit court is petitioned for a declaration of disability," Varney said. "If the judge determines state guardianship is the only resort, an evaluation team made up of a doctor, a psychologist and a social worker advises the court on the level of guardianship needed."

There are four degrees of guardianship to which a Kentucky court may appoint the Cabinet for Human Resources:

—"Full guardianship" authorizes total involvement in the ward's affairs, including place of residence, medical treatment, financial commitments and regular monitoring of care. While the client is consulted, these decisions rest with the guardian.

Miller Retiring After 35 Years in Government

Commissioner Cattie Lou Miller has announced her retirement from state government after 35 years of service.

Miller, currently commissioner of the Department for Administration in the state Finance and Administration Cabinet, began her career as a secretary to Gov. Earle C. Clements in 1947. She worked in the office of five governors and served as a cabinet member for three others.

State Finance Secretary Gordon C. Duke said that she will be missed in state government. "She has a wealth of knowledge and insight that has proved invaluable to this administration. On behalf of Gov. Collins, we wish her well, but we are reluctant to let her go," Duke said. Her retirement becomes effective July 31.

Miller remained with Clements until 1950 and continued as secretary to Gov. Lawrence W. Wetherby from 1950 to 1955. She served as an executive assistant to Gov. Bert T. Combs in 1959 and 1960, and as an administrative assistant to Gov. Edward T. Breathitt in 1966 and 1967 and to Gov. Wendell H. Ford in 1971 and 1972.

She became the first woman to head a department in Kentucky state government when she was appointed commissioner of the Department for Public Information by Gov. Combs in 1960. She has also been executive director of the Public Service Commission, the Crime Victims Compensation Board and the Board of Claims and commissioner of the state Department of Personnel.

"I've been working for 44 years and that's a nice square number to rest on," she said.

She was selected as the 1985 Woman of Achievement in Kentucky State Government by the Network, a women's organization in Frankfort.

Miller is a native of Horse Cave and attended the University of Louisville and Bowling Green Business University. She currently is vice-chairman of the National Association of State General Service Officers.

"Limited guardianship" allows the client to retain some rights such as voting, marriage and disposal of certain property. The guardianship order is often for a definite period of time, in which the staff make some decisions and attempt to convince the client of the right decision in other cases.

"Conservator" is the designation when the client is unable to handle the management of personal finances. Other rights and responsibilities of the client are unaffected.

"Limited conservator" empowers the state to control only certain finances, such as social security or retirement benefits.

"Nearly 95 percent of our clients fall in the category of full guardianship," Varney said. "However, as we expand our ability to meet the needs of clients in the other categories, those figures will change."

Regional offices in Hopkinsville, Lexington, Louisville and Prestonsburg are home to a staff of twenty field workers who keep up with the lives of Kentucky's adult wards.

"Obviously we have a severe shortage of manpower with a client-to-staff ratio of 1-to-150," Clayton said. "As more people learn of the value of the guardianship program, I believe the support for additional staff will grow and the need will be answered."

Persons wishing to inquire about Kentucky's guardianship program are encouraged to contact the regional offices by calling: Hopkinsville (502) 886-4431 ext. 391; Lexington (606) 255-1431 ext. 371; Louisville (502) 588-4052; or Prestonsburg (606) 886-9423.

ledged Titlow had said Ray was "advancing toward him" just before the fatal shot was fired. Titlow did not claim that Ray had anything in his hand or made as if to reach for a weapon, nor was a weapon found near his body, the detective said.

Michael Moore and Kevin Hamby, whom he interviewed as witnesses, confirmed Titlow's version of events. Rederick said. The two described Ray as drunk and violent that evening, confirmed that he had beat on Kimberly Moore, and noted that his father had tried unsuccessfully to dissuade Ray from pursuing Titlow, the detective said.

The testimony came in a preliminary hearing, after which the case was referred to a grand jury scheduled to convene next month. The defendant was lodged in the county jail in lieu of a \$75,000 property bond.

system so corroded that much of the wholesale gas escapes into the air long before it reaches customers' meters, Allen explained.

Moreover, the reason it has taken so long to replace the rotting pipes, he said, is that the PSC refuses to approve the rate increases and surcharges that would enable the utility to maintain the system and pay its bills.

What of PSC charges that the utility's spending habits and its cozy relationship with several Allen-family companies make it undeserving of rate relief? Questionable expenses have been discontinued and continuing arrangements between East Kentucky Utilities and family firms are demonstrably in the utility's best interests, David Allen said.

Discontinued are directors' fees of \$83 and medical insurance premiums of \$187 formerly paid monthly to Allen family members who serve as EKU's board of directors. His father is no longer on salary as the firm's legal adviser, Allen said. And "operating expenses have been cut to the bone," he said.

Allen is paid \$29,336 as manager and his wife, Barbara, earns \$15,526 a year as secretary-treasurer but there have been no raises in three years and the system's contract laborers are hired at bargain rates, he said.

The manager still drives, and charges to the company, a 1983 Buick Riviera but Allen feels it is a justifiable expense. Also justified on economic grounds, he said, are contracts by which EKU buys computer services and leases four trucks from the family-owned Computer and Utilities Services Co., receives auditing services from his brother, Stephen R. Allen, and leases office space from the family.

"The utility gets these things for half of what other firms would charge," he said. "I can't see anything wrong with that."

Nor did the magistrates or county attorney find fault with Allen's stewardship. "I think you're doing a good job," said magistrate Gerald DeRossett. And County Attorney Barber noted that it would not be easy to find anyone else to manage the beleaguered gas system. "If we put the Allens out, who's going to run it? If we can't find someone else, we're going to end up running it ourselves," he warned.

The rate charged EKU customers—\$7.50 for the first thousand cubic feet and \$4.85 for each additional thousand—is "one of the lowest in the state," said Barber, who also noted that, despite the PSC's niggardliness on rate increases, the utility has replaced about 40 percent of its old lines and cut line loss from a staggering 27 percent in 1982 to 14 percent today.

A rate increase request by EKU is currently pending before the PSC. In the meantime, the regulatory agency has summoned Floyd Fiscal Court to appear next Tuesday to explain why it has not terminated EKU's operating lease.

There is no information the county can provide that the PSC does not already have, Barber said. "They already know what (Allen) eats for breakfast," he said. The real challenge, he indicated, will be convincing the agency of the integrity of John Allen's 30-year record.

"If they've got facts and figures where somebody is stealing, that's one thing," said Magistrate DeRossett. "But if it's just that they don't like somebody, I'll not go along with that."

"If they've got figures to show somebody is stealing," said Barber. "I'll go to the grand jury and indict them myself."

Announce Test Results

Superintendent of Public Instruction Alice McDonald is expected to announce today (Wednesday) the results of statewide achievement tests administered in Kentucky's public schools in April.

District Judge Harold Stumbo earlier ruled that Bartrum could afford to hire an attorney and was ineligible for the services of a public defender. When Bartrum insisted on conducting his own defense, the judge warned him, "You're treading on dangerous ground; you're at a disadvantage when the other side is represented by an attorney and you're not."

But Bartrum, who chose not to question potential jurors or to exercise his right to strike any of them from the panel, trusted he would be vindicated by the jury's decision. "I just want to tell my side and let them decide," he told the court.

If convicted, he could have been jailed for up to a year, fined up to \$500, or both.

Two alleged drunk drivers who took their cases to district court juries this week argued that arresting officers were mistaken in thinking they were the drivers of the cars. Michael Tackett, 25, of Grethel, who was facing a second offense charge, was acquitted after he persuaded jurors his sister was driving when his car ran off the Mud Creek road on June 14. John A. Cantrell, 24, was convicted and fined \$200 after failing to convince a jury his wife was driving when his car ran into a ditch on the Daniels Creek road the same day.

Roger Dale Perry, 19, of Prestonsburg, was convicted of a second DUI offense and of driving on a beginner's permit without a licensed driver being present, after Trooper S. L. Trees said she found him driving a black Trans Am around the Regency Apartments parking lot at Auxier in the early hours of May 10. He was sentenced to seven days' jail and ordered to pay \$557 in fine and costs.

Others convicted of second drunk driving offenses and earning similar sentences were James Poston, Jr., 37, of McDowell; Sonny Ward, 43, of Prestonsburg; Tivis Adams, 27, of Beaver; Jerry Taylor, of Nippa; and Bert D. Cartmell, 27, of Auxier.

Convicted of first offenses were Oscar R. Johnson, 25, of Martin; Harold E. Jarvis, 46, of Orlando, Fla.; Elsie Flannery, 56, of Martin; Delmer Howell, 54, of East McDowell; Richard A. King, 29, of Morrison, Tenn. Mark G. Begley, 22, of Ivel; Sidney L. Cline, 32, of Stanville; Phyllis Crider, 37, of Prestonsburg; and Robert L. Saylor, 22, of Salyersville.

A bench warrant was issued for Darin Wiley, 21, of Estill, who did not appear to answer a charge of disorderly conduct. He was sentenced to two days in jail and ordered to pay \$77 after allegedly being involved in a fight in the Lloyd's Hardware parking lot on March 17. Nelce G. Barnett, 21, of Martin, was ordered to pay \$557 for failing to carry auto insurance.

Our Yesterdays

Ten Years Ago

(August 18, 1976)

Three former Floyd countians were killed and a fourth man was critically injured early Friday morning in a single-car wreck near Pierceton, Indiana. The dead: Charles M. Allen, 20; David D. Gill, 21; and Michael O. Hale, 21. John Horne, 23, listed as driver of the vehicle, is in critical condition. Between 200 and 300 families will be displaced by the construction of KY 80 between Water Gap in this county and Hazard, in Perry county, it was estimated at a meeting held at the Tourist Information Center here last Thursday by officials concerned with the approaching situation which will demand relocation of displaced families and the replacement of housing lost. Burl Osborne, 50, of Wheelwright, veteran of 29 years experience in mining, was killed at 9:30 Tuesday morning at Island Creek Coal Company's Price preparation plant when he was caught between two coal gondolas. His body is said to have been severed when the gondolas collided. Construction has been begun by the J. A. Coleman Co., Paintsville, on the Kentucky National Guard Armory building and grounds on U.S. 23, north of here, and completion is expected within 12 months, it was announced this week. Harris Stephens Howard, Prestonsburg attorney, was one of 14 Kentuckians named Monday by Gov. Julian Carroll to judgeships on the newly constituted Court of Appeals. June 14 was the 23rd anniversary of his service to the Spurlock Community Church as its pastor, and the congregation recognized that service by presenting the Rev. Dan Heintzelman a new Caprice Classic. The Prestonsburg Blackcats 1976 football season will open August 27 with a game at Johnson Central High School. At both the Prestonsburg and Almar Drive-in Theatres tonight (Wednesday) through Friday: "Food of the Gods" and "The Land That Time Forgot". Married: Miss Myra Bays, of the Auxier Road, and Mr. Gary Blackburn, of Endicott, July 17 at the home of the bride. The double-ring ceremony was performed by Elder Paris Music, the bride's grandfather. There died: Willis Conley, 85, at his home at Wayland, Thursday; Joseph Childers, 79, of Lexington, formerly of Martin, Saturday at Good Samaritan Hospital, Lexington; Mrs. Catherine, (Sissie) Martin, 93, of Eastern, Saturday at Our Lady of the Way Hospital, Martin.

Twenty Years Ago

(August 18, 1966)

Water in the beach area at Stratton Branch on Dewey Lake is less polluted this year than last, but it still leaves much to be desired. Congressman Carl D. Perkins and U.S. Senator John Sherman Cooper announced last Friday that the chief of engineers, U.S. Army Corps of Engineers, has allocated \$59,000 for channel improvement and flood protection measures on Left Beaver Creek. Two persons have been jailed here within the week on cutting and wounding charges. The AMVETS Club at Martin, which had been closed for several weeks, was permitted last Thursday to reopen until a final hearing is held. Born: to Mr. and Mrs. James Lafferty, a daughter, Lisa Anne, August 14 at the Prestonsburg General Hospital. Married: Miss Jennifer Cheryl Frasure, of the Abbott Road, and Mr. Steward Ray Horne, of East Point, July 15; Miss Mary Elizabeth Rowe, of Melvin, and Mr. Denzil Curtis Whitten, of Prestonsburg, July 30. There died: Mrs. Mae Dingus Gearheart, 57, Monday at her home at Huntington, W. Va.; Miss Lillie Ross, 55, of Hi Hat, Friday at Cabell-Huntington Hospital, Huntington, W. Va.; James Leslie Childers, 60, of Auxier, Tuesday at the Prestonsburg General Hospital; Elcana Conn, 80, of Martin, last Wednesday at the McDowell Appalachian Regional Hospital; Mrs. Emilou H. Clark, 59, of Wheelwright, Monday at a Lexington Hospital; Mrs. D. R. Tackett, 70, August 9 at a Mt. Sterling hospital; Oliver "Tommy" Smith, 33, formerly of Estill, Sunday at his home at Albion, Ind.; Eaf Little, 87, of Wheelwright, last Thursday at the Jenny Wiley Rest Home, Auxier; Marion Kidd, 90, of Drift, Monday at the McDowell Appalachian Regional Hospital.

Thirty Years Ago

(August 16, 1956)

Bus service between Prestonsburg, Wayland, Wheelwright and Hazard and way points was resumed a few days ago by the Allen Brothers Bus Company which recently purchased the franchises and equipment of the defunct Sparks Brothers Bus Company. The heaviest Floyd circuit court liquor docket since Prohibition days helps add up to the 147-case total that will engage attention of the court during the next criminal term which will convene on the morning following Labor Day. The Floyd County Board of Health at its special August 9 meeting called on the Floyd fiscal court to direct the County Court Clerk to place the issue of a health tax of 9 cents per \$100 valuation on the coming November election ballot. Karl Cecil Tucker, Jr., 38, of Prestonsburg, and James D. Spears, 29, of Blaine, formerly of this county, were killed Friday in separate accidents in Lawrence county. Married: Miss Violet Ann Hall, of Wheelwright, and Mr. Harold LeRoy Twaddle, of Alliance, Ohio, July 21 at the home of the bride. There died: Guy Rorer, Jr., 28, of Cliff, last Thursday at the Prestonsburg General Hospital; Davie Howell, 78, of Bonanza, Friday at McDowell Memorial Hospital; John Horn, 54, of West Prestonsburg, last Friday; Lawrence E. Wills, 72, Tuesday at his home at Garrett; Paul Garver Hackworth, 19, Sunday at the home of his parents; Alex Meade, 74, of Boldman, last Wednesday; Willie Howard, 69, Monday at his home at Garrett; Josephine Webb Esteppe, 68, last Wednesday at her home at Bonanza; Henry David Ray, 74, Aug. 5 at his home at Orkey.

Forty Years Ago

(August 15, 1946)

As a result of failure of Local No. 214, Transport Workers of America, to approve applications for membership of two drivers, Bernard Francis and Ponso (Hoover) Harrington, buses of the Sparks Brothers Bus Company sat idle again Wednesday, less than a month after their operation was resumed after a three-month strike. After escaping injury from a "kettlebottom" which fell from the roof of the Island Steel Company mine at Wheelwright last Wednesday afternoon, John C. Childers, 29 years old, was instantly killed by a second face as he prepared to blast the first face and remove it. Henry Allen, 47, was found Wednesday night on the railroad tracks near Lackey in a serious condition after having been struck by a train during the night. Prestonsburg's state championship baseball team will leave here Friday morning for Wichita Falls, Kansas, where it will compete next week for the national title. Of the 123 cases docketed for trial at the September term of the Floyd circuit court, beginning with Labor Day, deadly weapons figure in 44 of them—knife or gun wounding some individual or being carried or recklessly used. Married: Miss Dorothy Preusser, of Ft. Wayne, Indiana, and Mr. Robert J. Salisbury, of Prestonsburg, recently at Ft. Wayne; Miss Noma Jean Osborne, of Hite, and Mr. Eugene Crisp, of Bypro, Saturday evening at Salisbury. Born: to Mr. and Mrs. Henry Davidson Fitzpatrick, Jr., of Prestonsburg, a daughter, Jane Mayo, Monday at Hazard General Hospital; to Mr. and Mrs. James Brewer, a daughter, Frances Ann, August 9 at the Prestonsburg General Hospital. There died: Wiley Carver, 86, at his home at Alphoretta, Friday; Mrs. Robert Chaffins, 69, Sunday night at home on Rock Fork Creek.

Fifty Years Ago

(August 14, 1936)

Despairing of finding sufficient funds to repair the Floyd county courthouse and build an addition to the present structure, the fiscal court Thursday contemplated having only necessary repair work done at the smallest possible outlay. Construction of a 35-room, two-story brick hospital, new home to be of the Gearheart Hospital, is well under way at Martin, according to Dr. Orris Gearheart, head of the hospital. Melvin J. Meador, 38 years old, was shot and killed in a gunfight here early Monday morning. A seven-foot wall of water swept Stone Coal Creek, near Garrett, Monday afternoon as the result of a cloudburst, creating extensive property damage. Alex Stone, 36, of Garrett, was killed Monday afternoon when he was caught beneath a slatefall in the mine of the Elk Horn Coal Corporation of Stone Coal, near Garrett. Married: Miss Dora Goble, of Prestonsburg, and Mr. Ernest B. Osborne, of Allen, July 10; Miss Alta Hall, of Morehead, and Mr. Edward B. Leslie, of Emma, July 30 at Sandy Hook; Miss Garnet Griffith, of West Williamson, West Virginia, and Mr. Dale Roberts, of Osborne, August 1; Miss Gladys Hyden, of West Prestonsburg, and Mr. Victor Reed, West Liberty, August 9. There died: Mrs. Sallie Calhoun Branham, 70, at her home near Cliff, Saturday; Ben Franklin Hale, 25, of Blue River, Thursday evening; Mrs. Dick Patton, of West Prestonsburg, Monday at the Paintsville Hospital; Delmas Warix, at the home of his parents on Bull Creek, August 4; Elisha McDowell, 28, at his mother's home on Salt Lick Creek, last week.

mates have no scheduled exercise or recreation. While there are separate dormitories for boys and girls, the youngest inmates share quarters with the oldest. And although most are of school age—the youngest current resident is 11—and their stay may extend for months or even years, there is no provision for schooling.

"It is no place for children to be," said Margie N. Osborne, who took over in April as center supervisor. "And it's mentally exhausting. It takes its toll on everyone who works here."

What the new administrator describes is a vicious cycle: assaults and mayhem on the part of inmates mean they cannot be safely released from their dormitory-cell; but 24-hour days in the dorm's harsh, concrete confines could arguably drive anyone to desperation and violence. How to break that cycle, Mrs. Osborne says, is a challenge she lives with "seven days a week."

Whatever the final solution, two elements, she said, are beyond question: The center needs more staff, and the staff need professional training.

There are those, Mrs. Osborne acknowledges, who could guarantee order if only they were allowed to carry nightsticks and a can of Mace. Apart from its being proscribed by state law, it is not a method she would want to employ. "You can't hit children with a stick," she says flatly.

But the only alternative, she insists, is to have sufficient staff to be able to maintain discipline with a minimum of force on the part of staff and a measure of freedom for their youthful charges.

That is patently impossible, she argues, at the present staffing level. A supervisor and two attendants are present by day, only two attendants at night. They are responsible not only for security, but for secretarial, cooking, cleaning, and laundry duties.

Nor can the staff be expected to respond humanely in a threatening situation, she points out, without proper training—which none now has—and without salaries adequate to attract the right kind of staff to begin with.

Some instruction is now being given by a specialist from the Morehead Training Center. But it is hard to ask staff members to invest much time in professional training, she argues, when they are being paid only \$3.50 or \$3.70 an hour.

Because the facility's financial support is derived from various sources, assigning responsibility for an adequate budget is not easy. Under the present arrangement, the state Human Resources Cabinet pays staff salaries—\$75,942 in the current budget—in return for which the center is required to take all juvenile offenders referred by the state. Floyd Fiscal Court contributes \$36,750, the bulk of it in the form of space and utilities. The remaining operating expenses—\$27,400 this year—are contributed on a per diem basis by the dozen counties which lodge juveniles in the Floyd facility, one of only five juvenile detention centers in the state.

Whatever improvements might yet be made in staff numbers, remuneration, and training, Mrs. Osborne says, a solution to the current impasse at the detention center is not likely to be found unless she can involve members of the community in its operation.

Citizens who would be willing to shoot pool or play cards with the kids, ministers to conduct a religious service for those who want it, teachers to help them with their schooling—all could play a part, she says, in freeing juvenile offenders from the deadening monotony of their confinement.

"It could give them something to look forward to," she said. "None of these kids needs to be lying around all day."

Kiwanis District Picnic Held at Dewey Spillway

The Prestonsburg, Martin and Paintsville Kiwanis Clubs hosted a picnic for all Kiwanis clubs in this district, last Saturday at the Dewey Dam spillway. Other clubs represented included Martin county, Salyersville, and West Liberty. The outing was organized by Tim Jensen, president of the Prestonsburg Kiwanis, Eddie Clark, president, Martin Kiwanis, and Bob Hefner, president, Paintsville Kiwanis.

Dr. Grady Stumbo addressed 45 Kiwanians and their guests at the clubs regular meeting, August 14, at the Holiday Inn, here, speaking on the needs and concerns of Eastern Kentucky.

Tomorrow (Thursday), the club will meet at the Holiday Inn at 6 p.m. with entertainment by Dan Delafeld, artistic director of the Jenny Wiley Drama Association.

Bike-A-Thon Set At Martin

The Martin Youth Center will hold a Bike-A-Thon Saturday, August 23 at 1 p.m. at the First Guaranty Bank at Martin. All proceeds will go to Joe Bieschke, a cancer victim.

Anyone wishing to participate may obtain a form at the Martin Youth Center or call Peggy Nelson at 285-9668.

In 1981, disabled women who were employed were twice as likely as non-disabled women to be self-employed. One in every 9 (10.8 percent) employed disabled women were self-employed, compared with just over 1 in every 20 working women with no disabilities, according to a fact sheet on working women published by the Women's Bureau of the U.S. Department of Labor.

within 30 days.

But the question returned again and again to the council's desire to be consulted in such matters. Thomas Tackett said the council has "been following a strong mayor who's made some strong decisions." But Tackett added that sometimes the mayor needed to take advice from the council.

One councilmember who sided with Latta was William O. Goebel, III, Goebel, who said that, other than basics such as pencils and paper, he couldn't remember allocating money for the city administration during his tenure. He said that in the past it was difficult to keep track of the budget, but the computer should make things easier.

Latta said she requested the computer in the grant application because Big Sandy ADD officials told her it would have a good chance of being approved. It will make up for a computer the city had expected to receive on loan from the city utilities commission. Latta declined to speculate why the utilities commission had not gone through with the loan. She did say that a request last year for funding for a police cruiser was rejected.

In addition to council members, the heads of the street, police and fire departments were upset at the nature of the grant application.

"You can look right down the list and ours is the only one that's out of line," said Fire Chief Tom Blackburn. His question as to how other communities knew to ask for several items—Salyersville was awarded over \$40,000 for two police cruisers and radio equipment, and Martin received over \$5,000 earmarked for a police cruiser and police radio while Prestonsburg only asked for money for a computer—went unanswered.

By end of the meeting, the council seemed in agreement that the computer will be beneficial to city government. City Administrator Fred James outlined some of the benefits it will provide, such as keeping track of the city budget and making such information readily accessible.

Council asked that the mayor request additional funding from Big Sandy ADD. She explained that most of the ADD's funds have already been expended, but admitted, "It doesn't hurt to try."

When asked if council members and/or department heads will be consulted regarding future grant applications, she replied, "Council members will."

Bits and Pieces

LET'S HEAR IT!
Somehow in the last decade, the postal service has come to be almost on a par with the IRS in a lot of people's opinions. And I am as guilty as anyone, leveling criticisms right and left—just and unjust. But I have always known that you won't find nicer people than those at the postoffice here.

For instance, the other evening, a member of the Times staff made a monumental and potentially costly boo-boo. She gave her young son a batch of letters to mail. Later, a bank deposit containing mostly cash was missing. After turning the house upside down, going into a deep depression—and a gauge of how deep is the fact that she says her husband didn't even yell at her—she was inspired by sheer deperation to call everyone she knows at the postoffice with her sad story.

At 7 o'clock the next morning her phone rang, and the missing loot was reported found. Now, how's that for courtesy and good old-fashioned honesty?

Let's hear it for the postoffice crew!

Gearheart, Williamson Will Exchange Vows Sat.

Mavis and Chester Gearheart, of Hueysville, announce the engagement and forthcoming marriage of their daughter, Beverly Ann to Farley Williamson, son of Bill and Pearl Williamson, of Prestonsburg.

The gracious custom of an open wedding will be observed Saturday, August 23, at 4 p.m. at the Hueysville Church of Christ at Hueysville. A reception will be held at the church immediately following the wedding.

Mrs. Hall Replies

Brenda Bowling Hall has taken issue with a claim made by a prosecutor, and reported here in a July 31 story on the trial of Forrest "Bud" Tuttle, Jr., that she "failed to answer a court subpoena." While she received and honored a subpoena for a May 13 court date, she received none for July 24, when the case was tried, Mrs. Hall said, adding that she had been "willing to testify" in the case.

A court clerk said that, when the case was postponed on May 13, witnesses who had been subpoenaed were instructed to return on July 24 under the same subpoenas.

Artist Marc Chagall produced his two magnificent murals for the N.Y. Metropolitan Opera House at the age of 79.

Church Honors Retired Teachers

Members of the Cow Creek Free Will Baptist Church held a dinner and program in the cafeteria there, recently, honoring Floyd County Retired Teachers. Following these events, pictures were made. The above photograph shows from left, Mrs. May K. Roberts and Mrs. Norma S. Stepp, former presidents, F.C.R.T., present officers, Mrs. Danese Amburgey, president, Miss Ruby Akers, past vice president, and Mrs. Carlos Haywood, second vice president. Kneeling is the Rev. David Garrett, pastor of the host church.

Documentary Eyes Successful Dropout Prevention Programs

"If we fail to get a handle on this (dropout) problem, we will have created... a permanent underclass who can't read, who can't participate in the mainstream, who are unemployable," said San Antonio (Texas) Mayor Henry Cisneros.

Cisneros and other Texans are among the officials and experts featured in "Dropout Prevention Works," when it airs Tuesday, September 9, at 8:00 p.m. on KET. This KET-produced documentary, narrated by Kentuckian Ned Beatty, examines successful school and community dropout prevention programs. "Dropout Prevention Works" is an hour of motivation and inspiration for anyone concerned about our future. The documentary is designed to bring together all sectors of the population—educators, parents, business and civic leaders, state and federal officials—to combat the dropout problem in our schools.

Sites visited include Covington's Holmes High School where during the 1985-86 academic year students with a year's average attendance of 98 percent were eligible to win a refurbished 1980 Mustang.

At Wolfe County Middle School, located in the historic Hazel Green Academy, students while in the seventh grade formed the 90 Club for investment purposes. By staying in school, the students will receive either stock certificates or market value for their stock when they graduate in 1990. An investment club for the class of 1991 also has been started. Any student moving or dropping out will lose his or her investment.

At Henry County's Campbellsburg Elementary if you are feeling down, you always have a pal. Pal is a dropout prevention program geared toward students in grades K-6 who exhibit problems which could lead to their dropping out of school.

At the Laurel County Alternative High School, you don't have to wear designer clothes or drive a fancy car to be somebody special. In a building away from the traditional high school, students learn at their own pace. Many of the students are quick to say that they had planned to drop out of school until someone asked them if they wanted to try the alternative school.

Other programs geared toward keeping students actively involved in school are featured from West Virginia, New York, Wisconsin and Georgia. Each of these programs surveyed is applicable to other communities and has been proven successful.

One of these programs, YOU, Youth Opportunity Unlimited, is conducted each summer on the campus of South West Texas State College in San Marcos and is geared toward 14 and 15 year old potential dropouts. The University of Kentucky-based SOAR, Superintendent's Occupational and Academic Retreat, is modeled after YOU. Scenes

from this summer's SOAR will be included in the documentary.

Beginning at 9:00 p.m., KET will air "Dropout Prevention Call-in." This live, viewer call-in program will feature experts in dropout prevention, including members of the KET Dropout Prevention Outreach Alliance.

Guests featured on the call-in special will be Jan Novack and Barbara Dougherty from the University of Wisconsin Vocational Studies Center. Novack and Dougherty have developed a variety of successful dropout prevention programs and have conducted seminars on the subject across the country.

"Dropout Prevention Call-in" is designed to respond to viewer questions about the "Dropout Prevention Works" documentary and provide information for citizens wanting to get involved in local dropout prevention efforts.

"Dropout Prevention Works" is produced by KET with funding obtained from the Appalachian Regional Commission. "Dropout Prevention Call-in" is a KET production.

Miss Johnson Accepted Into UK Law School

Jina Johnson, of Richmond, has been accepted for admission to the University of Kentucky College of Law.

Miss Johnson attended Model Laboratory High School and the University of Kentucky. She has been nominated to the National Dean's List and will complete requirements for a BBA degree at Eastern Kentucky University prior to entering law school in August.

She has been employed as office manager of EKV Billings and Collections and is active in political and civic organizations. She serves as a member of the Madison County Democrat Executive Committee, the Holiday Parade committee, Pops at the Park committee, and as a director of the Heart Association. She is the immediate past vice president of the Kentucky Young Democrats.

Miss Johnson is the daughter of Mr. and Mrs. Jimmie Johnson and the granddaughter of Mattie Miller, of Richmond, and Dora Johnson, of Floyd county.

Sons Of The Amer. Rev. To Meet At May Lodge

The Ashland Chapter, Kentucky Society, Sons of the American Revolution, will have a luncheon-meeting at May Lodge, Jenny Wiley State Resort Park, at noon Saturday, September 6, in commemoration of the United States Constitution.

Membership in the society is based on authenticated descendancy from a person active in the American Revolution. James B. Goble, chapter president, urges all members to be present.

Nighttime a land of limited opportunity for Penghlis

By Constance Pace

"There's definitely life after 'Days of Our Lives,'" declares Thaa Penghlis, the swarthy actor who departed the daytime soap last year after four years as the tremendously popular Count Antony DiMera.

Thaa Penghlis

This statement is made by almost every starry-eyed soon-to-be-former soap actor when he or she tries to leap from a secure daytime job into the "real" world of nighttime TV and films. Ironically, Penghlis, who has done moderately well following his own leap, doesn't sound like he really means it.

Take his role in the Aug. 30 CBS-TV movie "Powers Play," about a tug of war over the control of some valuable land. "I play a businessman, a man who is romantic at heart, but like most businessmen is diabolical," Penghlis says. "He's out to win. He's the kind of man you are charmed by, but at the same time, shouldn't trust." And what's his character's name? "I don't remember," says Penghlis, "we shot it so many months ago."

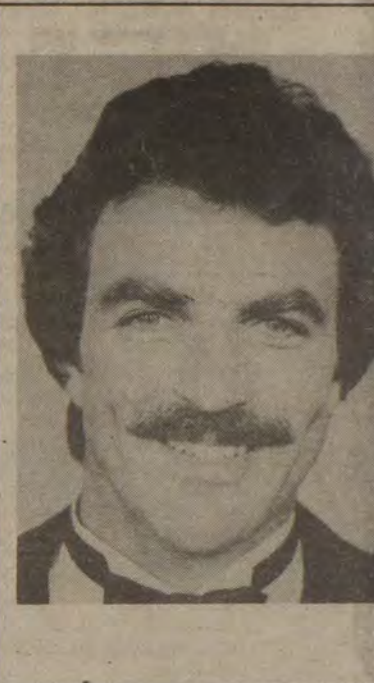

Penghlis does have one excuse for his lapse of memory. The day of the interview, he was preparing to depart for Australia, his homeland, for three months of work. In Australia, he'll play a lead in the movie farce "Les Patterson Saves the World," host a popular talk show for a week and visit with a myriad of relatives.

Immediately following his departure from "Days of Our Lives," Penghlis got a role that looked like the ideal transition to other work. He chillingly played an international terrorist, based on Achille Lauro highjacker Abul Abbas, in last February's NBC-TV movie "Under Siege." "After that, I got so many offers to play terrorists," he says. "But I turned them down, because you really do have to watch what you play."

In fact, Penghlis says that his choices have been limited in the world of nighttime television and film. "There are only so many movies being made, and there's a limit to interesting subject matter in nighttime TV," he says. "So the material isn't really that good."

So will Penghlis be making the inevitable re-entrance into the soap world, like so many other actors who have left and come running back? Penghlis hedges. "I'm not going to be smug like most actors and say, 'I'm never coming back,'" he says. "I'm not ruling it out."

VIDEO SCENE

Max Headroom lends his trendy presence to new clip

By Barton Weiss

The Art of Noise has done some great clips, but the band members prefer not to appear in them. The star of their new clip, "Paranoia," is the hottest performer in the video biz: Max Headroom, who managed to squeeze this video appearance in among his Coke ads, his own Cinema show and his various other projects.

Max Headroom

Max, of course, is the oh-so-cool computer-generated talking head who is the epitome of trendiness at the moment. And trendiness is the elusive factor that has been missing of late from MTV (which got so hip that it went flat).

In "Paranoia," Max appears on a monitor that's placed on a hospital bed, tries to go to sleep and mumbles on about almost anything, while the Art of Noise provides backup music.

EURHYTHMICS RETURN — After a year off, the Eurhythmics are back. The song that marks their return, "Missionary Man," is a good one, but the video is merely passable.

Annie Lennox looks and sings as well as ever, but

for some reason, her image has been processed in a manner similar to that used in Peter Gabriel's "Sledgehammer," with in-sync-but-jagged motion, and she is presented as some kind of sex goddess. (In one extreme close-up shot, the camera moves up her leather-clad body.) Lennox is a woman with class and style. Unfortunately, this clip makes her look like a cheap follower, rather than an audio/video leader.

HE DIDN'T? — Robert Palmer newest clip, "I Didn't Mean to Turn You On," goes a step further than his clip for "Addicted to Love." Once again, he sings with an all-girl band consisting of long-legged look-alike beauties wearing short black dresses. He is also joined by a three sexy back-up singers dressed in white.

And if that's not enough to distract attention from Palmer, the director and the camera women, all knockouts and all wearing white, are also shown.

LET'S SEE MORE TWINS — The movie video "Nothing in Common," by the Thompson Twins, contains the best music from this trio in quite some time. Unfortunately, viewers are shown too much of the film and not enough of the Twins.

The snippets from the film won't make much sense to anyone who hasn't seen it. It's not a particularly effective tease to encourage viewers to see the film, but it will tempt viewers to buy the album.

PERFECT STRANGERS

Bronson Pinchot (l.) is Balki Bartokomous, who arrives from a small Mediterranean island to seek the American dream. Mark Linn-Baker is his photojournalist cousin, Larry Appleton. "Perfect Strangers" airs **WEDNESDAY, AUG. 27** on ABC.

Effective this fall, all out-of-state students taking classes at MSU's off-campus centers will be eligible for in-state tuition rates.

Specific information on the classes and registration procedures may be obtained by calling the regional coordinator James Ratcliff at (606) 886-3863, or MSU's Office of Graduate and Special Academic Programs toll-free, 1-800-262-2044.

Legislators Back Efforts To Alter Bridge Approach

Efforts to effect the removal of the mound of rock obstructing the view of motorists at the intersection of KY 1427 and 1428 continued last week with the combined efforts of Abbott Creek residents and state legislators.

At a meeting of the Abbott Development Club last Friday at the Bonanza Free Will Baptist Church, state Senator David Lemaster read a letter he had sent to both Governor Martha Layne Collins and Transportation Secretary C. Leslie Dawson. The letter, which called for the removal of the rock left during construction of approaches to the new Cliff Bridge, scheduled for completion in about four months, included a recent Times story and photograph illustrating the problem.

Lemaster's letter pointed out that highway officials had demurred on the removal of the rock because the cost of such a project would approach \$100,000. Lemaster countered that a serious accident there could cost the state just as much, as the state Board of Claims raised the maximum claim an individual could file against the Commonwealth to \$100,000 during the 1986 legislative session.

"Even if the decision were made from a purely mercenary point of view, with little consideration for the public safety, it is easy to see that if one citizen suffers death or serious injury as a result of this dangerous condition, the state will be forced to pay out as much, if not more, than the total cost of solving the problem now," Lemaster wrote.

In addition to Lemaster, House Majority Leader Greg Stumbo, Representative-elect Sidney Adams and Floyd Schools Transportation Director Ed Patton attended the meeting. All seemed in agreement that the obstruction should be removed.

"I think we should push to get that rock removed," said Stumbo. He added that, even if the opening of the new bridge would make the approaches safer, as highway department officials insist, the obstruction could be ground into filler material to "improve the grade coming up that hill" at KY 1427 just prior to the intersection with KY 1428.

Though only about 50 people attended Friday's meeting, organizers had managed to collect 815 signatures on

petitions requesting removal of the obstruction.

Lemaster commended the group's determination. "I'm glad everybody is sticking together on this. It's the squeaky wheel that gets the grease, and we need some grease here."

Lemaster said he had spoken with Louis Bizzack, of Bizzack Brothers Engineering, Frankfort, a firm which was sub-contracted to do much of the construction on the approaches. Bizzack told him that he had told Highways Department officials the rock should be removed before construction there was completed, Lemaster said. (Neither Bizzack nor Kirby Ison, head of the highway department's Pikeville office, was available for comment Tuesday.)

Abbott Creek residents and legislators alike expressed frustration that highway officials, though invited, were not at the meeting. One Abbott Creek man offered a possible explanation for the conspicuous absence. "I think the state people were afraid to come back over 1427," he said.

Patton, who earlier said he believed the opening of the new bridge would solve the problem, said Friday, he had misunderstood the angle at which the roads will then intersect. "I think it'll be worse," he said.

Patton himself has directed traffic during morning hours when school buses use the intersection, but said that responsibility belongs to the highway department, not the school board. He said Tuesday that the Board of Education had unanimously agreed to back efforts to remove the rock. A similar vote of confidence was given by the Floyd Fiscal Court during its Friday meeting.

Firefighters, Court, Grapple Over \$1 Million

"We'll get a lawyer. We're going to tie that \$1 million up for you real good," Terry Triplett, a Garrett firefighter, warned members of Floyd Fiscal Court Friday.

The \$1 million he referred to was a gas tax windfall which the county has decided to invest but which representatives of the Floyd County Firefighters Association and Magistrate Jackie Owens argued should be tapped to pay rural fire departments' insurance premiums.

"Get it out of the bank," Owens urged his colleagues, after Triplett told the court that skyrocketing premiums were threatening to drive the county's 13 fire departments out of business. "That million dollars is not helping anyone," the fire officer said. "You're going to lose your fire departments."

Judge-Executive John M. Stumbo insisted, however, that letting the windfall draw interest—estimated at from \$90,000 to \$100,000 annually—would better serve the county's needs in the long run. If the county were to pick up the insurance tab, "the only place it can come out of is the road fund," he said. The magistrates had earlier decided not to spend the road fund on anything but road repairs, he reminded them.

Owens moved to take up to \$30,000 from the road fund to pay the insurance premiums but he never looked like winning the support of his colleagues. The motion died for want of a second.

In response to an appeal by Abbott Creek resident Delmas Saunders, the court agreed to ask the state Highways Department to improve safety conditions near the Cliff Bridge, where the Abbott Creek and Abbott Mountain roads converge. "I've never been so many people upset about anything in my life," Saunders said of the highway construction, which he described as a hazard to motorists.

Saunders also asked for assurances that citizens would be consulted in designing the new U.S. 23 link between Paintsville and Prestonsburg. When the new highway is built, U.S. 23 will be a major north-south route, taking some of the traffic that now plies U.S. 75, he predicted. Abbott residents want to make sure there will be an underpass to give them access to Prestonsburg.

"without having to cross four lanes of traffic," he said. Among road complaints, Rita Davis asked for blacktop and drainage repairs for a street in Dwale. Magistrate Gerald DeRossett berated state highway officials for not surfacing the Cow Mountain road, and Ernest Jackson alleged that a neighbor, Bernice Scott, keeps moving her fence further into the roadway on Stonecoal.

The next fiscal court meeting is scheduled for 10 a.m., Sept. 19.

Arts Forums Set For Eight Sites

The Kentucky Arts Council and the Kentucky Department of the Arts will be conducting a series of eight open-door forums throughout the state to get views and ideas from the public concerning future plans for the arts in Kentucky.

Do you have an opinion or a question to ask about the arts in Kentucky or in your area? Well, state arts officials are ready to listen. These are the people responsible for drawing up the long-range action plans that will shape state support for the arts in Kentucky into 1990.

"This is your chance to be heard," said Arts Commissioner Crit Luallen. "We want people to think about ways the state can help support the arts in Kentucky. We want input from artists and arts organizations, board members, arts managers, teachers, volunteers, patrons, and Kentucky citizens who love and appreciate the arts."

The format for the meetings will include an afternoon session from 3:30-5:30 p.m., with special focus on artists, arts administrators and organizations, board members and other art professionals. This will be followed by a reception hosted by a local arts organization and Kentucky Citizens for the Arts.

The evening sessions, again with Arts Council board members on hand to field questions, will be for all interested Kentuckians. Public sessions are scheduled from 7:30-9:30 p.m. All sites are accessible to individuals with disabilities.

"It's not often citizens have such a marvelous opportunity to be heard before vital funding decisions are made," said Arts Council Board chairman Margaret Trevathan of Murray. "Everyone with an interest in the arts should take part."

Arts Council Director Roger Paige stressed that council board members and Department of the Arts staff would listen and incorporate recommendations into a plan of action. "This is the first step in our long-range planning," said Paige. "If you take part in a forum your concerns are part of the plan."

According to arts officials, the meetings will be open for views and comments on all art disciplines—visual and performing arts, media arts, arts education, etc.

Participants at the meetings will be asked to briefly offer their views to council members, then, if they choose, to develop their case more fully in writing. Those unable to speak at the forums may send written recommendations to the Kentucky Arts Council in Frankfort through Sept. 5, 1986.

Regional forums, dates and locations closest to this area are as follows:

August 25 at Ashland, Paramount Arts Center, 13th & Winchester; August 26 at Whitesburg, Appalshop Auditorium; August 27, Lexington, Arts Place, 161 N. Mill.

Yard Sale Will Support Hospice

Hospice of Big Sandy, an organization which offers support to terminally ill patients and their families in Floyd and Johnson counties, will be having a yard sale on Saturday, Sept. 6 from 9-4 in the parking area of the First Presbyterian Church in Prestonsburg. All of the proceeds of this sale will go toward helping Hospice continue to offer its service to those in need. Anyone with items to donate is asked to contact Chris Conley at 886-2721 or 886-8091.

CARD OF THANKS

I would like to express my sincere thanks to all relatives and friends for their thoughtfulness, kindness, and helpfulness, during the illness and following the death of my husband, N.B. (Sheriff) Martin. I am grateful for the food, the flowers, and the donations made in his memory; to the staff at the Floyd Funeral Home for their special help; to the ministers, the Revs. Bill Campbell and Jack DeRossett, for their consoling words, to the choir of the Third Avenue Free Will Baptist Church and to the trio from the First United Methodist Church for their beautiful singing, and to all persons who helped in any way, when help was needed most.

May God bless each and every one of you.

EKU Tips Give Help To Freshmen, Parents

Heaven help us, it's time for Junior or Little Suzi to go off to college for the first time.

They've packed all their earthly possessions into the back of the car—including teddy bears, large quantities of food, and several attractive pieces of the family's furniture—and are now waiting to depart for the shores of academia.

"Tell them to keep luggage to a minimum on the first day," said Claudia Kerby, a residence hall adviser at Eastern Kentucky University's Clay Hall.

"I've seen so many students bring everything they own and try to cram it into the dorm room. It just won't fit into the room with another student who has brought an equal amount of stuff."

"So keep it light," Kerby said.

"There's always another trip home." EKU officials shared additional tips for the parents of new college students during a recent campus orientation program. For example:

"If you move to a different state during the first semester, be sure to tell your son or daughter," quipped Dr. Skip Daugherty, dean of student services. "Freshmen get up tight when they don't know where you live."

The first six weeks of college are crucial, Daugherty said, because students form campus habits during this time that last them throughout their college careers.

"Ideally the student would come to campus in August and not go home until Thanksgiving," he said. Students mature greatly during the first months of college, and this process is speeded up by getting involved in campus life.

"They'll tell you, 'Everyone's gone home for the weekend, and there's nothing to do.' OK, they've been here five days and who do they know? They know their roommate and the person across the hall. That's everybody to a freshman the first week," Daugherty said.

Instead of inviting your son or daughter home every weekend, "come to the campus to visit," Daugherty said. "We have six home football games this year—that means if you come up for every game, their bed will be made at least six times this semester!"

Daugherty said at EKU every student is encouraged to get involved in at least one of the 160 registered student organizations.

"If they're not involved in organized activities, they're likely to become involved in unorganized activities, and we think the first option is better."

Education at a university is not limited to the classroom or laboratory, he said. "You learn a lot outside of the classroom," he said. "These organizations include athletic clubs, departmental organizations, social organizations and special interests."

Daugherty offered three points to parents about sororities and fraternities. "First of all it's not like 'Animal House,'" he said. "And secondly it's not like what you may have been exposed to

15 or 20 years ago. And thirdly the Greek-letter organizations—and EKU has 26 of them—stress leadership skills as well as strong academics. We get many of our campus leaders from the ranks of the EKU Greeks. So let the student make the decision on whether or not to join a Greek organization."

Daugherty urged parents to ask about the student's new life at college. "Ask who your son's or daughter's teachers are, and ask about their new friends."

He had another important tip for parents. "Strongly encourage your children to leave their dirty laundry here. We have the machines, and someone pursuing a college degree should be smart enough to figure out how to use a washer or dryer. Make their first home a quality one, not a laundry day for Mom."

Dr. John D. Rowlett, vice president for academic affairs and research and dean of the faculties, adds "I always warn parents that before the first snow falls, many of our freshmen will have changed their majors once, twice, or more times. Don't worry. This is normal, and we're equipped to handle it."

In fact, nearly 700 of EKU's 2,500 incoming new freshmen usually remain undeclared for their first semester or two, Rowlett said.

"The University probably offers degree programs the student may not have known existed. They learn about majors from experience and from friends, teachers, and members of our professional staff."

One of these staff members is Laura Melius, assistant director of EKU's Division of Career Development and Placement. Her office helps graduating students find jobs.

"You need to tell your freshman four things right from the start about what he or she will need at graduation," she said.

Employers like graduates with good communication skills. In-coming freshmen should realize they will need to speak and write fluently to find a good job once they leave, she said.

Employers also like students with the ability to learn, Melius said. This ability is usually measured in the student's grade point average. "Some employers have cut-off levels. If students don't have a GPA of 2.0 on a 4.0 scale, the interviewer won't talk to them."

Employers like to see students with a blend of academics and involvement on campus. "They're looking for leadership skills here," she said. "And a well-rounded person."

Leadership roles are available in student government, fraternities and sororities, the campus media, and in service organizations, she said.

"And employers like to see career-related experiences," Melius said. "We try to provide that kind of experience."

Daugherty offered one final thought for parents worried about leaving a first son or daughter at college.

"Don't worry. You've done a good job. The students are ready to start making decisions for themselves."

Owners Say Dogs 'Part of Family'

Ninety-nine percent of those who participated in a recent survey of dog owners call their pooch "a part of the family" and most say their dog is a constant source of companionship and love and a very important part of their lives.

The survey, sponsored by the Purina® Dog Chow® brand dog food, appears to support recent studies, which assert that pets can be good for the owner's overall health and well-being and can help alleviate stress.

The survey of 1,000 dog-owning households was conducted by Purina Dog Chow to mark the opening of the fourth annual Search for the Great American Dog contest. This year's contest officially opened July 15. Entry details are in packages of Purina Dog Chow. Survey respondents were among those who entered last year's Search, an annual contest that identifies, through photo and essay entry, America's top dog.

Nearly nine out of ten (86 percent) surveyed say their pet is a very important part of family life. Sixty-eight percent of those questioned cite companionship as the key benefit of owning a dog, while a third (30 percent) say their dog is a source of love. One out of five surveyed say their dog provides protection and the same number say owning a dog is beneficial to their children's growth and development of responsibility. Eight percent say that owning a dog helps to relieve stress.

Dogs are owned by the family as a whole in just over half of the households. And unlike the predominance of females to males in the human race, male dogs outnumber female dogs, 54 percent to 46 percent in this poll.

There are more "mutts" than any one breed (31 percent). Popular breeds included German shepherd, golden retriever, and Labrador retriever.

"Duke" came in first in the most popular name category followed by "Brandy," "Max," "Sam," "Shadow," and "Sheba".

The survey also indicated that today's dogs are in tune with the national fitness trend. About half of those questioned say their canine enjoys jogging better than any other sport.

"If he were a child, I'd have 12 of them," said Tom House, of Islip, N.Y. Nancy Honey of Houston, Texas, feels that her dog "contributes to the emotional well-being of the whole family." And John Degrazio, of Colts Neck, N.J., says his pet is a part of the family because "he loves us as much as we love him."

"I don't think he knows he's a dog," says Karla Hines, of Cygnet, Ohio, about her dog. "He does everything we do and goes everywhere with us."

Respondents in general frequently referred to the dog as "one of the kids." "He was here before any of the children; he's like our first baby," said Sheri Tuell, of Tacoma, Wash.

Other survey results: the most popular "people" food was hot dogs, followed by ice cream and pizza. Other favorites owners mentioned include kidneys, Kielbasa sausage, squash, strawberries, broccoli and Chinese food.

Close to one-third of those surveyed say their dogs resemble a member of the family in both looks and personality. Others responded to the question, "Who does your dog most look like," with answers ranging from "Cookie Monster" to "our pet frog" to "Santa Claus" to "Winston Churchill." But to Debbi Wadler, of Lowell, Mass., the answer was simple: "She is special. She looks like herself."

Miss Miller, Mr. Hall Will Wed August 30th

Kimberly Jo Miller and Rickey Thomas Hall announce their forthcoming marriage, Saturday, August 30, at 10:30 a.m. at the home of the bride's parents, Mr. and Mrs. Hugo E. Miller, of Drift.

Mr. Hall is the son of Mr. and Mrs. Adrian Hall, of Minnie. The gracious custom of an open wedding will be observed. A reception will follow.

Youth Center Picnic At Camp Shawnee

The Martin Youth Center held a picnic at Camp Shawnee, August 10. Activities included a cook-out, football, basketball, volleyball, swimming and canoeing.

Those attending were Kara Hall, Leslie Wallen, Jimmy Carroll, Roy Pack, David Hamilton, Jimmy Patrick, Peggy Nelson, Billy and Kim Porter and the Martin Youth Center staff.

VISIT HERE

Mrs. Troy B. Sturgill has had members of her family with her at her home here, recently. These included Mrs. Elizabeth Roberts and children, of Louisville, and Mrs. Jim Dings, and children, of Lexington. Visiting with Mrs. Sturgill at various times during the past few months have been her daughter and son-in-law, Dr. and Mrs. Forrest Skaggs, of Lynch.

NEW METHODIST CIRCLE

A new circle for women has recently been organized at the First United Methodist Church, which meets in the church parlor, on the first Thursday night, at 7 o'clock of each month. Its officers are Mrs. Sandra Robertson, president; Mrs. Ann Callihan, vice president, and Mrs. Alice Cole, secretary-treasurer. Women of the church are cordially invited to attend this, or meetings of the other two circles, there.

FIFTH BIRTHDAY

Robert Lee Spradlin celebrated his fifth birthday at the home of his parents, Mr. and Mrs. Kenny Spradlin, last week. Those in attending were the honoree, his parents, his grandparents, Mrs. John Rodebaugh, and Mr. and Mrs. William Spradlin, and his aunt, Mrs. Dewana Kay Robinson. "Superman" birthday cake and other appropriate refreshments were served, and Robert Lee was presented gifts.

ATTEND MARTIN KIWANIS MEET

Among those attending the dinner-meeting of the Kiwanis Club of Martin, Thursday evening, were Robert Wallace, H.C. (Huck) Francis, and Jack Friar, all of Prestonsburg.

ATTEND MEET IN INDIANAPOLIS

Members of Tau Chapter attending the Delta Kappa Gamma International Convention in Indianapolis, August 4-10, were Mrs. Delphia Hicks, of Prestonsburg, Mrs. Anna Sue Stumbo, of McDowell, and Mrs. Barbara Conley, of Paintsville. Mrs. Hicks is the first vice president of the Kentucky State Chapter of Delta Kappa Gamma International. While there, they visited the Indianapolis Children's Museum, where they viewed the "Going for the Gold" exhibit, valued at more than four hundred million dollars, and a 1622 shipwreck of sunken treasure, found by Indiana native, Mel Fisher, off the Florida Keys in 1985. Mrs. Hicks and Mrs. Stumbo of this county, and Mrs. Zella Archer, who now resides in Paintsville, will be attending a workshop in Owensboro, September 12-13, where they will participate in planning programs for the forthcoming year.

PASSES NURSING BOARD EXAM

Mr. and Mrs. Walter Snaveley have recently learned that their niece, Miss Elizabeth Blevins, daughter of Mr. and Mrs. Larry Blevins, of Muskogee, Oklahoma, has passed the State Board Examination for Nursing in that state and will be employed in one of the nursing homes there. The Blevins family are formerly of Floyd county.

Announce Engagement

Mr. and Mrs. Richard S. Webb, III, of Lexington, Kentucky, announce the engagement of their daughter, Lillian Pitman Webb, of Chicago, to Henry L. Parr, Jr., of Greenville, S.C., son of Mr. and Mrs. Henry L. Parr, of Route 3, Headspring Farm, Newberry, S.C. The wedding will be on September 6, at 3:30 p.m. at the Second Presbyterian Church in Lexington, Kentucky.

Miss Webb is an attorney at the firm of Defrees & Fiske in Chicago, Illinois. She received her J. D. Degree from the University of Virginia School of Law. Following graduation from law school, she served as law clerk to the Honorable Thomas Hunter Lowe of the Maryland Court of Special Appeals. She received a B.A. degree in science, cum laude, from Hollins College and also graduated from Sayre School of Lexington, Kentucky. She is currently completing a Masters of Taxation Law at DePaul University of Chicago, Illinois, serves as a deacon at Fourth Presbyterian Church, Chicago, Illinois, is a trustee and past president of The Chicago Three Arts Club of Chicago and is a member of the American Opera Society of Chicago and the Junior League of Chicago.

Mr. Parr is a member of the firm of Wyche, Burgess, Freeman and Parham, P.A. in Greenville, S.C. He received his J. D. Degree from the University of Virginia where he served as notes editor for the Virginia Law Review and was a member of the Order of the Coif. Following law school, he served as law clerk to the Honorable Clement F. Haynsworth, Jr., Chief Judge of the United States Court of Appeals for the Fourth Circuit and as law clerk to the Honorable Warren Burger, Chief Justice of the United States. He received a B. A. Degree from Furman University in history, summa cum laude, in 1973, and was a graduate of Newberry High School in 1969. He currently serves as president of the Greenville Symphony and is a member of the American Law Institute.

Miss Webb is the granddaughter of the late Mr. and Mrs. William C. Rimmer, of Prestonsburg, and the daughter of the former Patty Rimmer.

Coach Expects Competitive Effort From Young Team

The 1985 Prestonsburg Blackcat football season will long be remembered as one of the most successful of any eastern Kentucky team during the past several years. On their way to a 12-2 record the Blackcats defeated triple A power Belfry and humiliated Paintsville, both of which ended up in the state championship game of their respective classes.

Prestonsburg came up a single victory short of being one of the two double A finalists themselves. However, the only thing left of Prestonsburg's '85 season is the memories.

Graduation hit hard in Blackcat country as fans said goodbye to 19 senior football members. Those 19 players took with them all 22 starting offensive and defensive positions, 24 counting the punter and kicker.

1985 also gave six Blackcat players an opportunity to play college football after receiving offers from schools such as Union College and Marshall University.

Even though Prestonsburg will be without this talented group Blackcat coach Chuke Williams is neither throwing this season out nor is he promising a winning season but Coach Williams does say his squad will be competitive.

"We're not throwing in the hat on this season and I'm not making any excuse, I won't do that," Coach Williams said. "But we lost 24 slots last year and we're trying to fill those mostly with

sophomores."

Although Prestonsburg will have to depend heavily on its younger players, possibly starting as many as eight sophomores, the Blackcat brain trust believes this year's squad can become a solid team before the season ends.

"I'll have to be patient with this team because we are green and inexperienced but we have the potential to be a good team before this season is over," Coach Williams said.

A competitive spirit is also a requirement when playing for Chuke Williams, the only thing the Prestonsburg coach promises from this year's team.

"We will be a competitive team," Williams said. "When they put the gear on and go out to represent Prestonsburg High School they have to be ready to be competitive football players," Coach Williams said.

The talent Prestonsburg had last year could have been matched against that of any school in the state which would lead one to think the Blackcats may struggle to match the '85 output but according to Coach Williams, his team may be only a year or two away from returning to domination.

"I'm excited about this team," Williams revealed. "I've enjoyed coaching them and they are working hard on being a good football team so we're not making any concessions on

losing."

"We will be starting from scratch but we have as good a freshman team that has been here in several years," Coach Williams continued.

"I hope no one expects us to do what we did last year because we are a young and inexperienced team but we will be competitive," Williams reminded.

The 1986 Blackcat roster will be made up of ten juniors and seniors while boasting a total of 32 younger classmen, a factor which brings about the developing process and Chuke Williams has proven he is capable of bringing about an athletes full potential.

If Prestonsburg returns to or continues its eastern Kentucky football domination it will more than likely come about in three A. Blackcat football people have placed an application for the move from two A but the change won't happen this year.

Coach Williams said the reasoning behind this move was both financial and competitive. The coach said Prestonsburg would like to play teams such as Johnson Central and Belfry, gaining better competition and sparing those troublesome trips to far away district foes.

In the meantime Prestonsburg will be battling in their familiar class in hopes of returning to the playoffs.

SOME SKULL WORK: Coach Chuke Williams discusses technique with his young Blackcats. Williams' talk inspired an effort against Russell that the coach said he was real proud of.

THE SPORTING TIMES

By Alton Huff

Late August and early September weather brings about a strange feeling within myself. Knowing football season is just a weekend or two away brings increased anxiety while the ringing of school bells echo carefree days of yesteryear.

As autumn approaches I'm reminded of three things: football, the starting of school, and housing tobacco.

I attended school for 17 years and have had my share of working in tobacco but unfortunately never had a chance to play football. My high school stupidly put their sports interests toward basketball but somewhere between grammar and high school I luckily fell in love with the sport.

While other students were hustling to complete their accounting assignments our trio of football prognosticators were busy comparing notes and predictions of the previous Sunday, preparing for the upcoming weekend of football.

No, I didn't become a CPA but no other member of that particular class is getting paid for doing something they did strictly as a natural hobby, nor are they getting the opportunity to watch the best student athletes this state has to offer perform on a regular basis.

During those football predicting days none of our efforts were ever made public and I never thought anything we did in this form would. However, due to my never ending quest for public humiliation I've decided to share my thoughts of how they will finish with you.

I'm sure some of you will disagree with some of the things I'm about to say so if you decide your knowledge is better than mine then jot down your predic-

tions and send them in.

If you elect to do so don't forget to list all teams in the order you think they will finish in their respective divisions. Also make note of your prospective wild card teams and super bowl members and winners.

Four points will be awarded for a division winner while wild card teams receive three points. Also, for every team you pick correctly in order of finish you will earn two points. Now here is the biggie. If you correctly choose the superbowl squads ten points will be awarded in your favor. 15 if you have the winning team.

If you elect to challenge me and are lucky enough to better my efforts then your name and total score will be printed in the Floyd County Times Sports Section following next year's super bowl. Do not forget to include your name, age, and address with your predictions.

You can mail these in to I Do Challenge, Floyd County Times, P.O. Box 391, Prestonsburg, Ky. 41653. Now for what you have to challenge, my 1986 football predictions.

AFC WEST LOS ANGELES RAIDERS/ SEATTLE SEAHAWKS/ DENVER BRONCOS /SAN DIEGO CHARGERS /KANSAS CITY CHIEFS Four reasons why LA will win this division; Howie Long, Matt Millen, Rod Martin and Marcus Allen. I need say no more.

EAST MIAMI DOLPHINS /NEW ENGLAND PATRIOTS /NEW YORK JETS /BUFFALO BILLS /INDIANAPOLIS COLTS This is of course if Buffalo signs Jim Kelly.

CENTRAL CLEVELAND /CINCINNATI BENGALS /PITTSBURGH

STEELERS /HOUSTON OILERS In the 3-4 defense which most NFL teams play, the linebackers are the most influential portion of a team's success. The Browns have the best unit in the AFC and Bernie Kosar will grow up this season. This is one I hope will be wrong because my heart is with the Bengals.

NFC EAST NEW YORK GIANTS /DALLAS COWBOYS /WASHINGTON REDSKINS /PHILADELPHIA EAGLES /ST. LOUIS CARDINALS Dallas hurt themselves more than helped by signing Hearshel Walker. Walker, in his first NFL season, makes more than proven Tony Dorsett and the later is upset. Even if Dorsett receives a pay increase there will continue to be dissension between the two. The only solution is to trade Dorsett and go into the season with a lesser tailback than you had before. The USFL signees won't bring Washington back either.

WEST LOS ANGELES RAMS /SAN FRANCISCO 49ers /ATLANTA FALCONS /NEW ORLEANS SAINTS The City of Los Angeles could very easily boast both Super Bowl teams this season. The Rams have running fenom Eric Dickerson and with expected improvement from Dieter Brock will have an explosive offense to go with their usually tough defense. The Rams are physically tough, much more so than the 49ers.

CENTRAL CHICAGO BEARS /DETROIT LIONS /GREEN BAY PACKERS /MINNESOTA VIKINGS /TAMPA BAY BUCCANEERS Two spots are shored up here, first and last. Chicago had the most successful season of any 16 game team and won more games than any team in the NFL's history, 19 counting the Pro Bowl. TB lost their chance to get out of the cellar when Bo Jackson opted for a baseball career. Many things will change before late January due to injuries and holdouts, but considering team depth and many other things this is the way they should finish.

Remember, if you disagree let me know in the I DO CHALLENGE contest. Deadline for challenging is September 6. It should be fun so join in and with all due respect to you, I hope we don't have to fill a section solely of your predictions because I'm trying to gain some football respect here.

Oh yea, I almost forgot my wild card selections. In the AFC NEW YORK and NEW ENGLAND, in the NFC SAN FRANCISCO AND DALLAS. My Super Bowl will consist of Chicago and Los Angeles with the Bears winning by six.

Floyd County, Barbourville Make Football Connection

Late last winter into early spring Union College football recruiting personnel conducted an extensive talent search throughout eastern Kentucky which landed several talented prospects for the Barbourville school and head football coach John Ross has been smiling the whole summer.

Ross signed players from schools such as Belfry, Paintsville, Hazard, and Pikeville but the veteran coach said the players who committed from Prestonsburg represented the best four player sweep his program had acquired from any other school.

Union received a total of nine commitments from Floyd County players but the final total has slipped to five. However, Bulldog football people are expecting a major contribution from those Blackcat and Bobcat ex-grid stars.

Former Prestonsburg lineman Donnie Ray, tight end/defensive back Pete Greene, and linebacker Phil Lewis, along with Betsy Layne products Darwin Kidd and Bobby Jones all reported for school this past Sunday.

Workouts began Monday for these, along with other members of the Union College football program as the Bulldogs look for a successful season.

Union head coach John Ross says he expects all of his Floyd County players to become impact players before they conclude their careers at the Barbourville school.

Also assistant coach Gary Barnett is high on the recruits from this county and gave a quick summary on their individual talents and expectations.

Barnett on Donnie Ray: We're expecting Donnie to contribute from day one. He is a physical player and has a good nose for the football. He will probably play defense and Donnie is a player that won't take a step back. That's the type player we need at Union.

Barnett on Pete Greene: Another player that has a nose for the football. Pete will be used in the defensive backfield. He has good hands and good height which will be a big asset. Pete along with Donnie will have a real possibility to start.

Barnett on Phil Lewis: We have received great reports on his football ability. He missed his final year and will have to be re-acquainted to the game. Phil will probably be used somewhere in our offensive or defensive line. He has good size and our line positions are wide open.

Barnett on Darwin Kidd: May be used in a different capacity than running

back. He may lack physical strength but will see considerable action before he leaves Union. Our first look at Darwin will be at fullback. He probably won't beat anyone outside but likes to ram it up the middle and will get the extra two yards for you after receiving contact.

Barnett on Bobby Jones: A fundamentally strong football player. Will be used on the offensive line with his first look coming at tackle.

"It's untelling what a contribution the players will give," Coach Barnett said. "We recruited many good players from the mountains and they are surely some starters in that bunch. We expect them to come out and contribute from day one to the team's success."

"We had a lot of success recruiting in that area," Barnett added. "Those players were over looked by other schools and we took advantage of that and I think those boys will group together and show other teams in this state and other states that eastern Kentucky football can't be beat," Coach Barnett projected.

Coach Barnett echoed earlier thoughts of John Ross by pointing out that most of these players were transition players and could change positions and sides of the ball before the season gets underway September 6th at Georgetown.

Although Union football people are expecting good things from their eastern Kentucky players, one member of that unit, Donnie Ray, may expect more from himself than Bulldog coaches do but Ray wants to excel in the class room as much as he does on the football field.

"I expect a lot. I always expect a lot from myself," Ray said. "I know I'll have to start all over and work my way back up but I want to make the grades before I make the team."

"I don't have a career in football unless something big happens so I'll need a good education," Ray continued. Although incoming football freshmen will be faced with a totally different environment and system Ray says this situation may not affect him as much.

"I grew up with them (Greene and Lewis) and 13 of the 25 people who played in the K-Bowl are going down so that will help a lot."

Union College plays in Division Two and could soon become a member of a new conference trying to be formed. The conference will include schools from Kentucky, Tennessee, and Ohio and is expected to provide additional awards and incentives for everyone involved.

SHORT SPORTS

Recent NFL signings of former USFL players have sparked both rousing enthusiasm and intra-team controversy as talented additions could improve a team's playoff chances but at the same time the big salaries accompanying newcomers also has brought jealousy.

Hearshel Walker may have been a back sent from football heaven for the Dallas Cowboys but it cost the Cowboys one million dollars per year for five years and possibly talented tailback Tony Dorsett.

After Walker signed with Dallas, Dorsett demanded either a trade or a pay increase. Dorsett, who has given the Cowboys nine years of quality play, was furious when he learned that Walker, who has never proven his worth in the NFL, would be making more money than he was. However, Dorsett has toned down his demands and may team with Walker in the Cowboys backfield.

Nobody is jealous in Buffalo but San Francisco's Joe Montana may be asking for a pay increase soon. Montana was the highest paid NFL player until the Buffalo Bills signed Jim Kelly Monday. Kelly will make a reported seven and one half million dollars over the next five years, a much larger salary than Montana's 1.3 million per year.

Kelly, who once threw 44 touchdowns in one USFL season, is expected to be Buffalo's ticket out of their division's cellar.

The Washington Redskins helped their playoff cause by signing USFL refugees Kullen Bryant and former Tampa Bay quarterback Doug Williams.

Bryant led the now defunct USFL in rushing two of its three year existence. The big back is expected to start where John Riggins left off and for his efforts will receive three million dollars during the next four years.

Williams could very well be Washington's number one quarterback, especially if Joe Theismann's broken leg doesn't heal and Jay Schroeder can't repeat his late season feats of a year ago.

Earl Campbell announced his retirement recently from the NFL New Orleans Saints. Campbell rushed for over 9400 yards in his nine year career.

Campbell, a former Heisman trophy winner and rookie of the year, managed to gain only 639 yards for the Saints last season and had been described as a mere shadow of his former self. The big back from Texas led the Houston Oilers to the playoffs in his early career, once all the way to the AFC championship game.

With Campbell's retirement the Saints (Continued on Next Page)

SOLID DEFENSE: Wheelwright tacklers move in for the kill against Whitesburg Saturday.

Johnson Not Happy With Trojan Performance

Although winning wasn't Wheelwright football coach Roger Johnson's main objective in Saturday's gridorama he did expect a better showing from his talented Trojans.

"I'm disappointed," Coach Johnson said after his Trojans fell to Whitesburg 14-0 in the Jenkins hosted Eastern Kentucky Mountain Conference gridorama. "Our offense didn't move the ball at all," Johnson continued. "I thought our defense played pretty well and I believe we'll come along."

Unofficially Wheelwright could manage only 19 net yards and penetrated enemy territory only once, moving the pigskin from their own 40 to the Whitesburg 38 but Quarterback Johnny Isaac was thrown for an eight yard loss to spoil the Trojans only threat.

Wheelwright's inability to move the ball consistently led to both Whitesburg scores. The Yellow Jackets scored their first touchdown in the first quarter when tail back Junior Mathews plunged over from one yard out. Mathews' run capped off a seven play, 44 yard Whitesburg scoring drive.

Two plays later, (kicking wasn't a part of the gridorama), Whitesburg once again found themselves with excellent field position after recovering a Wheelwright fumble on the Trojan 43.

The Yellow Jackets once again took advantage of that convenient field position, crossing the goal line five plays and 2:16 later when Tim Casper hauled in a one handed grab from Dell Thomas. The pass play covered 11 yards and, after an unsuccessful two point try, gave

Whitesburg a 14-0 lead.

Even though the second year Wheelwright coach wasn't pleased with his team's output he did receive encouraging news recently on injured quarterback John Justice.

Justice was to have been Coach Johnson's starting quarterback but due to a knee injury was expected to miss the entire season. However, after surgery, Justice will be able to get off crutches within the next week and could return to the Wheelwright lineup as early as four weeks from now.

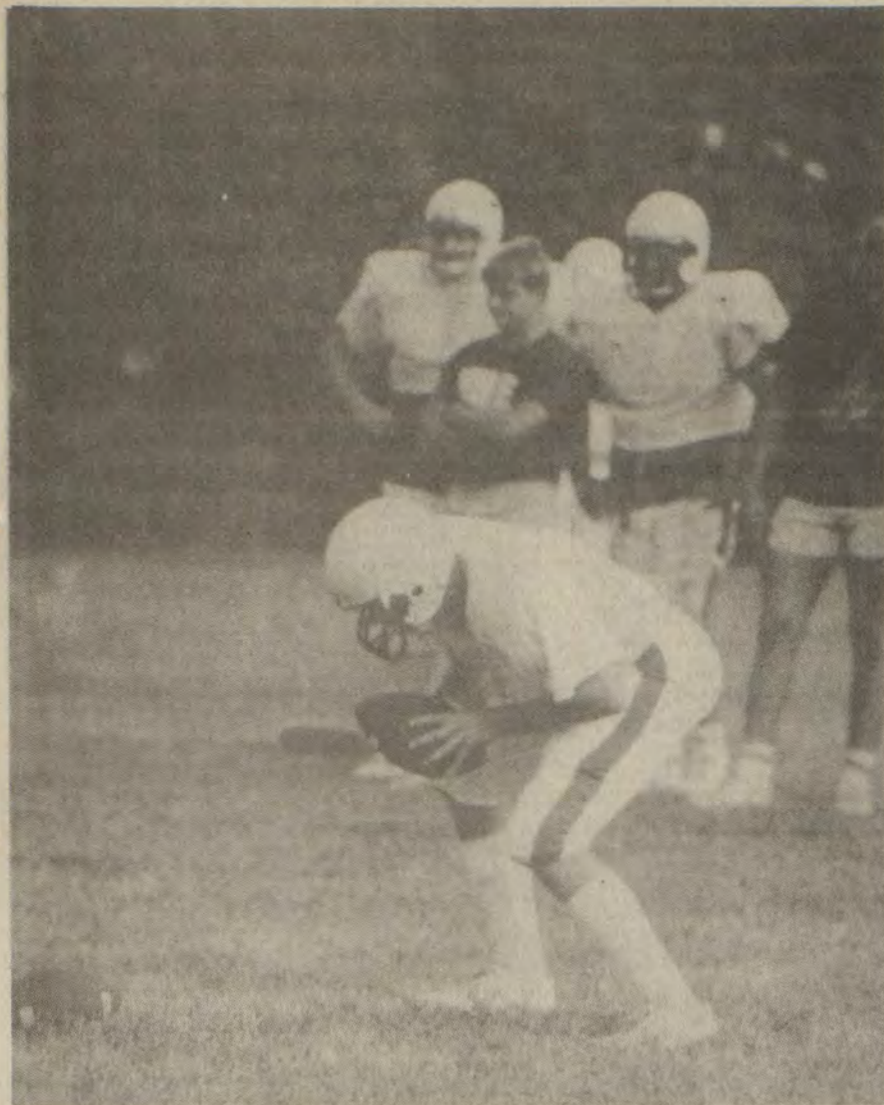

As of now Coach Johnson is unsure where he will use Justice but said probably at linebacker but added it depends on how well the current quarterbacking situation works out. Johnson said his team is still a bit

unorganized but the Trojans have over a week to round into form because their season opener this Friday has been canceled but Wheelwright will open the regular season Friday August 29 and Coach Johnson is confident his team will improve from now to then.

Weeksbury Softball Tournament Begins

Weeksbury softball league's softball tournament will begin August 22-August 24 at the John M. Stumbo Park at Allen. The tournament will be a double elimination and an entry fee will be charged.

For more information call 452-4533, or 452-2227. Individual 1st place trophies and first, second, and third place team trophies will be given.

MAY BE NUMBER ONE: Cliff Miller is expected to quarterback a youthful Blackcat squad this season.

Big Catch

While vacationing in Destin, Florida, Aaron Derossett caught a 9½ pound, 26" grouper deep sea fishing. The fish was prepared and served to his parents, Aaron and Pat Derossett, of Allen, his sister, Aarona Derossett, his aunt, Bonita Porter and friend, Kathy Craft. Derossett, a seventh grade student at Allen, is a member of the Harold-Allen-Prater Little League All-Stars.

EKU Selects Top Juco Coach George Cox To Lead Lady Colonel Basketball Program

George N. Cox, a proven winner on both the high school and junior college levels, was named Tuesday afternoon as the new head coach of Eastern Kentucky University's Lady Colonel basketball program. He succeeds Dr. Dianne Murphy who resigned the position on June 3 following a seven-year stint.

Cox, 39, a native Texan, was one of three finalists for the job out of some 30 applicants. He becomes the sixth head coach of ECU's women's basketball team and is the first man to hold the position.

The 1969 graduate of Abilene Christian College in Canyon, TX, has coached girls' and women's basketball in Texas for the past nine years and has compiled a remarkable 266-43 overall record. His high school record for six seasons was 180-29 and during the last three seasons he has led the Tyler Junior College women to a 86-14 mark. His Tyler JC teams have been ranked among the NJCAA's top 10 in each of his three years at the helm and over that same span were among the top five JUCO teams nationally in scoring offense with averages of 92, 89 and 86 points per game. Cox was rewarded in 1984 and 1985 as the NJCAA Region XIV Coach of the Year.

During his tenure at Tyler JC, Cox produced four NJCAA All-Americans and seven All-Region XIV players. In capturing the Texas Eastern Conference Championship each year, Cox's teams compiled a 29-3 conference record.

In six years of high school coaching, Cox achieved success at all levels. His first team at Nazareth High School won the Texas Class B Championship with a 40-4 record. He followed that with a five-year stint at Carthage, TX, High School where he compiled a 140-25 slate and took that school to the state finals in 1982 and added four straight district titles. Under Cox's direction, Carthage compiled a 70-2 record in district play, including 58 consecutive wins during his last four years there. He was named the 1982 Texas Girls High School Coach of the Year.

In his nine years of basketball coaching, Cox's teams have never won fewer than 25 games in a season and never lost more than seven. His best record at Tyler JC was 32-3 in 1983-84.

The personable Cox, who is married and has two children, has been involved in athletics nearly his entire life. After a standout high school career in football, basketball and track, he went on to Abilene Christian College where he lettered four years in football. In addition to athletics, Cox was also involved in school activities having served as vice president of the Abilene Christian College Student Association, vice president of the ACC Rodeo Club, and was a member of the award-winning ACC intercollegiate livestock judging team. He was also a popular man about campus and was selected Mr. ACC runner-up in 1969 after being voted "class favorite" in 1966 and 1969.

His professional activities have included membership on the Kodak All-American Basketball selection committee and director of the Texas High School Girls Coaches Association.

In making the announcement of the new coach, ECU athletic director Donald G. Combs said Cox made a very good impression before the selection committee and his outstanding record indicates his knowledge of the game. "We are extremely excited to have one of the fine young coaches in women's basketball accept the challenge of leading our program to bigger and better things," said Combs.

In accepting the position, Cox said he was looking forward to moving to Richmond and getting settled into his new job. With obvious excitement in his voice, he said, "I am really excited about the future of the ECU women's program and I can't wait until Oct. 15 when practice begins. I really hope to get the campus and Richmond community excited about Lady Colonel basketball. With the return of some quality players and the addition of a couple of girls next year, I feel this program is just about ready to take off."

SHORT SPORTS

(From Preceding Page) will rely heavily on the quick development of talented rookie Dalton Hilliard, an exciting tailback from LSU.

Former New York Met outfielder George Foster was picked up Friday by the Chicago White Sox. Foster was released by the Mets last week on waivers.

The White Sox will reportedly pay Foster 19 thousand dollars for the remainder of the season while New York will have to pick up the tab on the remainder of a two million dollar a year salary.

Chicago is expected to use the power hitting Foster as a designated hitter with hopes he will return to form when he led the majors in homeruns as a Cincinnati Red.

Marvelous Marvin Hagler has agreed to fight Sugar Ray Leonard in a bout expected to come about next March.

Hagler refused Leonard's challenge last month but the champion's manager says his fighter doesn't want to duck any challenge.

Leonard, a former champion in his own right, has considered retirement for a second time but would delay that retirement for a title shot with Hagler.

The Chicago Bears bolstered an already devastating defense with the recent signing of veteran defensive back Todd Bell.

Bell, a former Bears' starter, sat out last season due to a contract dispute and with the knee injury to cornerback Leslie Frazier, Bell could move from safety to the vacated position.

All-Star Softball Tournament Scheduled For Martin County

The Martin County Softball League is sponsoring an All-Star softball tournament August 29 and 30 at Warfield Park, Warfield, Kentucky.

Teams invited include a touring Air Force Team from Andrews Air Force Base in Maryland. It is hoped that teams from throughout the Appalachian Coal Fields will participate.

Teams from Logan, Williamson, Huntington, West Virginia, teams from Pikeville, Prestonsburg, and Salyersville in Kentucky have been invited, along with two all-Star Teams from Martin County.

All proceeds go to the Martin County Softball. An entry fee will be charged plus hit own Blue Dot Softball. Entry deadline is Wednesday, August 27. Contact Martin County Recreation Department at (606) 298-7723 to enter. First place and individuals, second place team, third place team and most hits and homerun trophies will be given away.

Thanks!

Dewey Lake Fish and Game Club would like to thank the following members who have worked very hard on the Dewey Lake Management area. RADIO PROGRAM WINS NATIONAL AWARD

"Kentucky Afield," a five-minute radio program produced by the Kentucky Department of Fish and Wildlife Resources, has won top honors in a competition sponsored by the Association of Conservation Information (ACI), a nation-wide association of wildlife communicators.

The weekly program, produced by Bruce Smith, a senior radio-television specialist, with the fish and wildlife department's Division of Public Relations, is provided to radio stations across the state as a public service. The award-winning program was an interview with Jim Wayne Miller, poet-in-residence at Western Kentucky University. One of the judges called the show "the best interview I've heard on a fish and game show in 14 years."

Radio stations interested in carrying the "Kentucky Afield" program may call Bruce Smith at (502) 564-4336 for additional information.

Senior Golf Classic Next Week

In just one week, the fourth annual Bank One Senior Golf Classic will be underway in Lexington.

On Wednesday afternoon, August 27, an exciting special event has been scheduled to open the 1986 Senior Classic. A Senior Shootout game will be held from 1 to 4 p.m. at the Marriott's Griffin Gate Golf Course. Ten of the Senior Tours' most exciting and talented players will compete head to head in a 9-hole, \$9,000 prize purse competition. The Senior Shootout players will include:

Miller Barber, 1985 winner of the USGA Senior Open, first on the Lifetime Career Money Winning List.

Gay Brewer, 1984 Senior Classic Champion, Lexington native and 1967 Masters Champion.

Billy Casper, 1985 Senior Classic Skins Game winner, two time PGA Player of the Year.

Bruce Crampton, 1986 Mory Syracuse Seniors Classic winner, won Australian Open at age 20, 15 PGA Tour victories in career.

Lee Elder, 1985 Senior Classic Champion, 2nd on 1985 Senior PGA Tour Official Money List.

Gene Littler, 1985 Legends of Golf Champion, 5th on 1985 Senior PGA Tour Official Money List.

Bobby Nichols, 1986 Senior Tour Rookie, Louisville native, 12 PGA Tour victories including 1964 PGA Championship.

Chi Chi Rodriguez, most recently winner of Digital Seniors Classic, "Hot Rookie" is leading 1986 Senior PGA Tour

Official Money List.

Peter Thomson, #1 on the 1985 Senior PGA Tour Official Money List, five time British Open Champion.

Additional player to be announced.

We are also very pleased to announce this morning that WKYT-TV of Lexington has once again agreed to televise portions of the 1986 Senior Golf Classic. Television coverage will start with the Senior Shootout Game and include play on the final rounds Saturday and Sunday. The television schedule is as follows:

Thursday, August 28, Senior Shootout, coverage from 8:00-9:30 p.m.

Saturday, August 30, PGA Senior Tournament, coverage 7:00-9:00 p.m.

Sunday, August 31, PGA Senior Tournament finals, coverage from 9:00-11:00 p.m.

Television coverage of a golf tournament requires a major commitment and we are extremely pleased that WKYT-TV once again will be a part of the Senior Golf Classic event. There is no doubt that this coverage increases the awareness of the Senior Golf Classic locally and throughout.

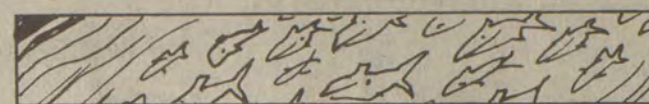

The leading money winner on the Senior PGA Tour is charity. In Lexington, proceeds from the Senior Classic go to the Senior Citizens Enhancement Foundation.

We feel that with the events like the Senior Shootout Game and television coverage, the 1986 Senior Golf Classic will provide exciting entertainment while benefitting a very worthy cause.

Kentucky Fishing Report

Frankfort, Ky., August 18—Fishing activity for the weekend August 16-17 varied from light to heavy across the state. Angler success was also varied with best catches coming from lakes in areas which received rain. The lake-by-lake rundown, as reported by conservation officers or creel clerks at each lake:

KENTUCKY: Crappie were taking jigs and minnows over submerged structure in 14-18 feet of water; white bass were being taken by casting roostertails and slab spoons in the main lake flats 12-22 feet deep; clear, falling slowly, 3 1/2 feet below summer pool and 82°.

BARKLEY: Black bass were hitting artificial worms and crank baits fished in brush over drop-offs in 12 feet of water; catfish were taking cut bait and minnows along riverbanks 35 feet deep; clear, falling slowly, two feet below summer pool and 85°.

BARREN: Crappie were being taken still fishing minnows over treetops 12-15 feet deep; bluegill were being caught still fishing crickets and red worms over steep banks 8-10 feet deep; in the tailwaters, crappie were being taken on minnows and catfish on nightcrawlers; clear, stable at summer pool and 82°.

NOLIN: Black bass were hitting plastic worms at night off steep points and drop-offs; bluegill were located off deep walls and rocky banks; some walleye were being caught by trolling deep running crank baits; clear, stable at summer pool and 83 degrees.

ROUGH RIVER: Bluegill were being taken on crickets drifting steep banks; crappie were caught on minnows over submerged cover 12-15 feet deep; a few black bass were being caught on spinner baits and artificial worms casting points at night; clear, stable at summer pool and 86°.

TAYLORSVILLE: Black bass were taking crank baits and plastic worms over drop-offs; bluegill were taking worms or crickets near shallow banks; murky, stable, one-half foot below summer pool and 82° degrees.

HERRINGTON: Black bass were being taken by casting crank baits and nightcrawlers over drop-offs; one foot below summer pool.

GREEN RIVER: Crappie were taken on minnows over drop-offs about 20 feet deep; bluegill were hitting on minnows and crickets; muskie were being taken on topwater spinner baits close to the surface; clear, falling slowly and 80°.

CUMBERLAND: Bluegill were hitting crickets and mealworms still fished deep rocky bluffs and over treetops in 4-12 feet of water; black bass were being taken by casting crawfish over deep rocky points 10-12 feet deep; clear, stable, 19 feet below summer pool and 81°.

DALE HOLLOW: Black bass were taking plastic worms over deep banks; bluegill were biting worms and crickets by still fishing off deep banks and over submerged cover; clear, stable, one foot below summer pool and 87°.

LAUREL: Trout were taking cheese, corn and worms along drop-offs at night; clear, falling slowly, 8 1/2 feet below power pool and 84°.

CAVE RUN: Muskie were being taken on crank baits in backs of large coves 5-10 feet deep; black bass were taking plastic worms over standing timber; clear, stable at summer pool and 80°.

PAINTSVILLE: Trout were taking corn still fishing the main creek channel 25 feet deep; black bass were hitting buzz baits on the surface and over rocky points at night; clear, rising, three feet below summer pool and 82°.

BUCKHORN: Crappie were hitting crank baits being trolled 10-12 feet deep over old river channels; bluegill were being caught on worms and crickets fished 6-10 feet deep over beds; clear, falling, 4 1/2 feet below summer pool and 84°.

GRAYSON: Black bass were taking crank baits and spinner baits cast over mud flats and submerged cover three feet deep; bluegill were being caught by still fishing red worms and crickets over mud flats in three feet of water; clear, stable, one foot below summer pool and 80°.

DEWEY: Bluegill were being taken still fishing wax worms and red worms in creek channels 1-3 feet deep; black bass were hitting plastic worms and spinner baits cast over grass beds on the surface to three feet deep; clear to murky, stable at summer pool and 79°.

FISHTRAP: Black bass were caught casting crank baits and topwater lures early and late around heavy cover from the surface to five feet deep; catfish were taken still fishing nightcrawlers 12 feet deep; bluegill were taking red worms over deep banks; in the tailwaters, crappie were taking minnows and small jigs; clear, stable at summer pool and 82°.

To Appear at Folk Festival

In addition to the traditional songs, dances, and story-telling to be enjoyed at the Kentucky Highlands Folk Festival, this year there will be two puppet shows, one at 11 a.m., the other at 2 p.m., Saturday, September 6. Both will be held at the amphitheatre parking lot by members of the Berea Summer Puppetry Caravan who have entertained audiences in Alabama, Kentucky, and Ohio.

Poogey Wilcox, a 10-foot puppet clown, put together with help from the audience, required two years to design, build and choreograph a skit to perform. "We hope parents will bring their children to enjoy these performances," Mrs. Kathryn Frazier, director of the festival, said.

Another group new to the annual festival is the Live Longer and Like It Band, scheduled to perform at the amphitheatre, Friday evening. Its members are senior citizens from Winchester, and they are reported to put on a lively show.

Appalshs To Foster Literacy, Writing

In conjunction with the Kentucky Highlands Folk Festival, a new organization, Appalshs of America, will meet at May Lodge, Saturday morning, September 6.

Founded by M. Ray Allen, McDowell native who teaches at Allegheny High School in Roanoke, Va., aims of the association are to improve literacy in Appalachia, preserve the area heritage, and promote all types of writing. Mr. Allen has a wide range of experience including that of Hollywood screen writer, teacher, and coach.

The meeting will include a writers' workshop and poetry reading.

Haley To Speak For Partnership Program

Noted author Alex Haley, who has been touring eastern Kentucky talking about the importance of education, will be the keynote speaker at the second Governor's Conference on School-Community Partnerships.

The conference, to be held Sept. 24 and 25 at the Radisson Plaza Hotel in Lexington, will offer a showcase of successful school and business partnership programs and a resource fair for information on partnership possibilities for anyone who is interested.

Haley will speak at 1 p.m., Sept. 24. "We've invited partnership representatives from all school districts. That includes business people, parents, school personnel and other interested citizens," said Linda Griffith, partnership liaison at the Kentucky Department of Education.

The conference will include two panel discussions, awards for outstanding partnership programs, and speeches by Superintendent of Public Instruction Alice McDonald and Gov. Martha Layne Collins.

The conference is sponsored by the governor's office, the Kentucky Department of Education, the Kentucky Educational Foundation Inc. and the Jefferson County Public Education Foundation. Funds have also been received from the Appalachian Regional Commission.

PLANNING

IRS AUDITS AND YOU

There are some steps you can take to make an audit of your tax return less likely and, in the event that you are audited, steps that you can take to make that experience less painful.

To avoid being audited, your best defense is a good offense. File an accurate, complete return, and keep good records and supporting documentation for income items and deductions that you claim. Keep your records long enough to meet the statute of limitations for the tax return related to them. The federal statute is three years from the later of the date the return is due or is actually filed. The statute is six years if over 25% of gross income is omitted from the return, and there is no time limit on fraudulent returns or where no return has been filed.

Two kinds of audits are conducted by the IRS. The first is the office audit, an examination done by correspondence or at an IRS office. The IRS will ask for information or documentation related to specific items on your return. These audits can often be concluded very quickly by providing the requested information. The second kind of audit is the field audit which is usually conducted at the taxpayer's home or place of business. Questionable items on the return have been identified by the IRS, but the agent is not limited to these in his examination.

The IRS uses a complex system to select returns for audit. In general, your return will be at higher risk for an audit if you take certain kinds of deductions (deductions for tax shelters, home office, or travel and entertainment, for example), if your occupation involves cash income, (taxi drivers and waiters, for example), or if your income is high.

If your tax return is actually selected for audit, your best strategy is to be cooperative and provide the requested information promptly. Unless the problem is simple and routine, contact your accountant immediately. A professional can put your mind at ease and very likely save you time and money.

Thanks to the minister, Bennie Blankenship, the Lancer Church of Christ, and to the Hall Funeral Home for its kind and efficient services.

IN MEMORIAM

In memory of Grover Cleveland Conn. who passed away August 12, 1985.

You are safely sleeping, now, where the flowers gently wave, the one whom we loved so dearly, but whom we could not save.

Sad memories flood our minds knowing our loved one has gone to rest, and those who think of him each day are the ones who loved him best.

No one knows the heartache, only those who have lost can tell the pain we bear for the one we loved so well.

Oh we miss you so dearly, memories are all we have left now to keep deep in our hearts. Thinking of that tragic day when you were taken away from us, tearing our family apart.

Sadly missed by your family, Fannie, Brenda, Kevin, James, Tim, Matthew, Connie, Billy, Buddy.

LOCAL CHURCH WOMEN MEET

The Local Church Women held their regular meeting at St. Martha Church, Friday morning, August 15, at 10:30. The president, Mrs. Eileen Burchett, presided. Prior to the meeting, Mrs. Burchett, her daughter-in-law, Mrs. Sandy Burchett, and Mrs. Lucille Nunnery served refreshments from a table centered with a bouquet of mixed zinnias from Mrs. Sandy Burchett's flower garden.

Mrs. Eileen Burchett introduced Mrs. Chris Conley, director of Hospice of Big Sandy, who told of work being done there, including support for terminally ill patients and their families. Mrs. Conley stressed the program's need for volunteers and finances, and the importance of publicizing the need for this program. She asked that persons interested in furthering this cause, please call her at the Hospice office here, or at her home, at 886-8091.

The devotionals, based on the writings of St. Francis of Assisi, were given by Mrs. Sandy Burchett.

Mrs. Eva Collins, director of the Loaves and Fishes Food Pantry, gave a report on this project, and a discussion regarding the seriousness of the drug problem throughout the country was held, with suggestions being made as to ways help might be offered.

The group expressed its gratitude for the work done last year by Mrs. Jane Wallace, third vice president, who sponsored the "Keep Christ in Christmas" and other projects, and Mrs. Zella Archer, recording secretary, who also helped in other capacities.

Mrs. Garnett Fairchild conducted installation services for officers for 1986-87, as follows:

President, Mrs. Eileen Burchett; first vice president, Mrs. Eva Collins; second vice president, Mrs. Elma Jessen; third vice president, Mrs. Lucy Regan; Mrs. Dorothy Osborne, and Treasurer, Mrs. Dot Marshall, Secretary. Renamed director of publicity was Mrs. Docia B. Woods.

The next meeting will be Friday morning, October 17, at 10:30, at the First United Methodist Church.

Present were Father Meunch, of the host church; Mrs. Chris Conley, speaker, and the following members representing these local churches: Mesdames Eileen Burchett, Mabel Donahoe, Lucille Nunnery, and Sandy Burchett, St. Martha Catholic; Garnett Fairchild, First Christian, and Eva Collins, Lucy Regan, Dorothy Osborne, Myrtle Allen, and Docia Woods, First Baptist (Irene Cole Memorial).

CARD OF THANKS

The family of Thelma Orsborn would like to express their thanks to all who helped during the passing of their loved one. Thanks to all who sent food, flowers, prayers, and words of comfort during this time of sorrow. A special thanks to the minister, Bob Martin, for his comforting words, and to the Hall Funeral Home for its kind and courteous services.

WHAT SHOULD I DO FIRST?

The hours following the passing of a loved one are always difficult. Decisions must be made, arrangements must be put into action. It's important that you know how to go about making this time a little easier.

The survivor most seriously affected by a death—a spouse, for example—should be comforted by friends who can help with the little things, like meals or transportation. The family clergyman should be notified as soon as possible, for he will want to offer support to the bereaved. And a call to the funeral director, to make arrangements for services or to put into force plans that were previously made, should be made as quickly as possible after the death. That means anytime, day or night. We are available 24-hours a day to serve the needs of our community. Business associates, relatives and close friends should be told of the death, so they can attend funeral services or to be of whatever assistance is needed.

In any case, the primary concern is for those closest to the deceased, for they will feel the loss most deeply.

Your questions and comments are invited. We will answer them in private or publicly, through this column.

New History Includes Floyd Scenes

Dr. Stuart S. Sprague, Morehead State University professor of history, displays his most recent book, "Eastern Kentucky: A Pictorial History." Published by Donning Publishing Co., Norfolk, Va., the book explores the rich heritage of 49 Eastern Kentucky counties through text and nearly 500 photographs. (MSU photo by Ray Bradley)

Dr. Stuart S. Sprague, Morehead State University professor of history, is the author of a new history of 49 eastern Kentucky counties, including Floyd, from pioneer days to the present.

"Eastern Kentucky: A Pictorial History" is described by Dr. Sprague as a "fresh look at a region that is all too often seen as just a series of stereotypes. The volume is a visual feast with nearly 500 photographs taken primarily between 1884 and 1940 which record the region's rich heritage," the Kentucky historian explained.

A map and description of the Civil War Battle of Middle Creek, Floyd county coal camps—including Wheelwright in its prime, David and Weeksbury—and an undated coal and oil land map are among the book's highlights.

Other items of interest to Floyd residents include a 19th century birdseye view of Prestonsburg, construction workers putting in the county's first railroad, the K.F. Hatcher store at Harold, rafting on Beaver Creek circa 1910, vintage photograph of grave houses at the mouth of Dry Creek and the dedication of Prestonsburg High School.

Many of the photographs are either from his own postcard collection or the Clayton collection of circa 1915 candids. Dr. Sprague also gathered additional photographs from the National Archives and Library of Congress in Washington and eight Kentucky repositories.

"Eastern Kentucky" is the second pictorial history compiled by Dr. Sprague. His first, also published by Donning, was "Frankfort: A Pictorial History." A noted Kentucky and Appalachian scholar, Dr. Sprague has been teaching at MSU since 1968. Receiving both his B.A. and M.A.T. degrees from Yale University, he earned his doctorate from New York University.

Information on how to obtain copies of "Eastern Kentucky" is available by writing the author, UPO 846, Morehead State University, Morehead, Ky. 40351.

Women's Equality Day To Be Observed Aug. 26

With a picnic dinner, the public is being invited to settle in for some old-fashioned fun as the Kentucky Commission on Women and the Women in State Government Network serve as hosts for Women's Equality Day. From 5 to 8 p.m., August 26, Kentucky will be celebrating the 66th anniversary of the 19th amendment which gives American women the right to vote.

By utilizing Kentucky's archival and historical sources and studying both pro and anti-suffrage figures, Lexington playwright Lucinda Zoe has constructed an historical piece which will be performed by, among others, Lexington actresses, Selby Ewing and Lisa Rothell, and Frankfort actor, Dave McPherson.

Scheduled music includes performances by several local artists. Caren Jones and Bev Futrell, of the Reel World String Band, will play folk originals, Shelby countian, Carla Quinn, will perform ballads and Lexingtonians, Sherry Shannon and Kelly Richey, will play original acoustic and electric guitar selections. Students from Midway College will model antique clothing throughout the event which will be held on the Capitol grounds in Frankfort.

In case of rain, all activities will be held at the same time at the Dudgeon Civic Center, 405 Mero Street, Frankfort.

The word theatre comes from the Greek word *theatron*, meaning "a place for seeing."

OUR COMMON SHAME

This week The Times publishes a story of shame. A story written in the original with the red blood of murder and carrying with it shame for all Floyd county.

It is a feeling which should pervade every Floyd countian worthy of the name. Ours is the degradation of the mark of Cain!

Why? Why is it a matter of country-wide disgrace that three men lie dead as one day's toll of the gun, while two others lie at the point of death and the widows and orphans and all the kindred of these dead mourn?

It is a public shame, because one day's toll is not the sum total of the loss in human life in this county at the hands of the killer, and because we accept these murders almost as indigenous to Floyd county.

Human passion is inherent and as old as Adam, and the mightiest of our endeavors cannot insure the race against the act of the killer. Yet there is a way leading from wholesale murder.

Every man and woman has a task to do. And almost every man and woman in this county has, to date, failed that duty.

Officers of the law are the most obvious offenders against all sense of right, but they are joined in their culpability by the great mass of the people.

Only, the officials of this county have the road blazed for them to follow by their solemn oath to protect the laws of the Commonwealth. These laws are plain—and yet, as they come to mean most for the common good, are as badly overlooked by these "servants of justice" as they are violated by the bootlegger, the moonshiner of the murderer.

Arrests must be made. Then strict administration of justice. Intelligent juries must be procured. The fight must be relentless.

And the inevitable result must be, if murder would be checked in Floyd county, THE CHAIR for some of our murderers.

Citizens of the county must awaken to the challenge offered to their womanhood and manhood. Their support is needed. They must respond to the call of the courts in the solemn business of meting out justice.

This is written in the sincere hope that those who read will think; and, thinking, will act. Every man to his post! Away with the slacker! If he be an official, out with him.

All are secure for the moment. But—Nero fiddled while Rome burned. And—What did Nero amount to?

WHAT MAKES A NEWSPAPER

A mistaken idea with some people is that the newspaper is an individual proposition. If they don't like the editor, they feel they must knock the paper and stand in the way of its success whenever possible.

You may not like the editor and the editor may not love you any too well—but the paper he is responsible for does just as much for you as the service rendered others. There is nothing personal with it, it is here for a purpose and that purpose is to do what it can in every way and the greater the support of those it undertakes to serve the better service it can render.

Few publishers make more than a comfortable living and scarcely one is reported wealthy from money made in the newspaper business. They deserve to be trusted and to be understood by the people—it is the editor and not the plant that makes a newspaper useful in a community, though a liberal patronage is necessary if the paper is to be a credit to the town.

SAM A. SOLOMON, PEDDLER, IS KILLED

The murder of Sam A. Solomon, well-known pack-peddler to many residents of this county, killed in Blue Grass Hollow, near Hazard, is being investigated, and arrests are expected.

leg, and died largely from loss of blood, it is said. He was going into Hazard by a short cut across the mountain from Domino, a nearby mining town.

Fred Music, who has been sick for some time, is able to work again.

CLERKS WORK WITHOUT PAY

(Continued from page 1)

The law in its new form requires that the clerks figure the tax on the various items, and keep each as a record in their office. They contend this causes much extra work and many of them have hired auditors to do the work, expecting to pay them from their "twelve cents a line," as stated in the bill.

Ben Marshall, secretary of the State Tax Commission, and one of the founders of the bill, said the county clerks were entitled to every cent the law allowed and expressed hope that the ruling would be modified so the clerks could get their claims paid.

"The new system will be worth twice the money it will cost the state as a public record," Marshall said. "It now shows whether the tax on property was paid, whether the property was sold for taxes, and if sold, to whom. It will be invaluable in the future to persons wishing clear titles to land," the secretary added.

"The entire cost to the state would not exceed \$25,000," Marshall said, "and in five years the records will be invaluable.

"The new system also gives the county clerk a chance to prove and check his work, while all the systems used in the past have been uncheckable," he added.

B. W. HOWARD, Manager

WEST PRESTONSBURG,

KENTUCKY

President Coolidge's determination to quit the White House at the end of his present term was prompted by the condition of his health more than by consideration of politics, it was learned in Washington Monday. SCOTT INSANE A coroner's jury, hastily recruited from Wayfarers in the cheap lodging district in Chicago, decided Monday in an hour that Russell Scott was insane, an issue over which learned lawyers and alienists had fought for three years while the life of Scott, erstwhile Canadian financier who turned robber and killer, hung in the balance. Scott, who hung himself with his belt in his cell in the Cook county jail last Saturday night, committed suicide while insane, the jury decided, thereby giving Scott in death a victory for which he fought three years in life. Five times Scott, who with his brother killed a drug clerk in a holdup, stood in the shadow of the gallows and when he took his life he was awaiting a new sanity hearing. His body riddled with bullets from machine guns, rifles, shotguns and pistols in the hands of more than 100 police officers, Charles Pinkard, negro, was slain in a barricaded house late Monday after he had shot and probably fatally wounded Deputy Sheriff Sam Williams, of Birmingham, Ala., and seriously wounded eleven other persons and for an hour and a half successfully defied all efforts to dislodge him. The Gomez Almada rebels have been decisively defeated and routed by the Federal troops in a six-hour battle, and the revolution is ended, it was announced Monday night by the Mexican government. Within a week of his trial on a criminal conspiracy charge growing out of the lease of Teapot Dome, Harry F. Sinclair lost in the Supreme Court Monday his fight to retain possession of that Naval Reserve in Wyoming. In ordering the return of the vast petroleum field to the government, the highest court held that "all the facts and circumstances require" a finding that the lease and agreement attending its transfer were "made fraudulently by means of a collusion and conspiracy" between the wealthy oil operator and Albert B. Fall, Secretary of the Interior.

Series Seeks To Solve Non-Academic Problems

WASHINGTON, D.C.—A series of books on the most serious non-academic issues facing our nation's students during 1986-87 was announced here recently by the National Education Association.

Titled "How Schools Can Help Combat..." the books address drug and alcohol abuse, teen pregnancy, eating disorders, child abuse, and teen depression and suicide.

For over a year now, NEA has been in the forefront of the struggle to reduce the nation's high school dropout rate, which is now over 30 percent. A million young people a year drop out of school before graduation.

"Being sensitive to the complex lives of those we teach will help teachers prevent a student from becoming another dropout statistic, or another cocaine fatality, or another teen who becomes

pregnant," said NEA President Mary Hatwood Futrell. "We're in the business of teaching, and we can't teach those students who are suffering from anorexia nervosa, or traumatized by physical abuse, or drinking themselves into oblivion."

Futrell cited statistics showing that—
•About one-fourth of all high school students regularly smoke marijuana—and more than two-thirds use alcohol. Eight percent of sixth graders use marijuana.

•If current trends continue, four out of 10 girls who are now 14 will get pregnant in their teens.

•Some 15 percent of young American women will be anorexic during part or all of their teenage years if today's trend remains steady.

•One out of three girls and one out of eight boys under 18 have reported incidents of sexual abuse.

•Suicide is still the third most common cause of death among young people 15 to 24 years old, after accidents and homicide, and the second most common cause of death among 15- to 19-year-olds.

The new NEA series includes:

•How Schools Can Help Combat Student Drug and Alcohol Abuse, by Richard L. Towers, director of the interagency alternative and supplementary programs for the Montgomery County (Md.) public schools. The Montgomery County school district is one of the few in the country that runs its own treatment program for teenage drug and alcohol addicts.

•How Schools Can Help Combat Student Eating Disorders, by Michael Levine, a professor of psychology at Kenyon College, Ohio.

•How Schools Can Help Combat Student Pregnancy, by counselors Nancy Compton and Mara Duncan and University of Massachusetts associate education professor Jack Hruska.

•How Schools Can Help Combat Child Abuse and Neglect, by Cynthia Crosson Tower, an associate professor in the human services program at Fitchburg State College in Massachusetts. Tower is also the author of NEA's training kit to help prevent child abuse released two years ago.

"As unusual as it may seem for a school to take on these issues, it's vitally important that we address these sensitive problems," Futrell said. "They are being brought into our classrooms. They affect learning."

"Troubled students can alter a school's learning environment," the NEA president added. "Teachers care about all students' being able to learn effectively and creatively. We want to help students to believe in themselves, to develop self-esteem, to meet high standards—and not to fall victim to social pressures."

The books will be available beginning in September. For more information, write to the NEA Professional Library, 1201 16th Street, N.W., Washington, D.C. 20036. The books will range in price from \$10 to \$12.

Honored On Birthday

Mr. Graham Music, of Findlay, O., formerly of Prestonsburg, celebrated his 70th birthday July 28 at his home.

Many family members and friends attended the celebration. He received a special phone call from his sister, Mellie Sebring, of Maderia Beach, Florida.

Mrs. Amburgey Honored On Birthday, August 13

Mrs. Bernice Amburgey was honored on her birthday, Wednesday night, August 13, with refreshments served at the church at the conclusion of worship services. A time of fellowship was enjoyed, and she was presented with many nice gifts and cards, which she graciously acknowledged.

In addition to the honoree, guests included her husband, Elder Brody Amburgey; Ricky Bentley, Jason and Rodney, Debbie Thacker, Kevin and Melissa, James and Bertie Caudill, Glenda Fay Allen, Arthur Bayes, Kathy Sexton, Carol Dooley, Ruth Sexton, Irene Wicker, Clarice Horne, Opal Hale, Laura Crisp, Virginia Nicholson, and Mattie Compton.

We Do It Right!

ATTENTION:

The members of the Floyd County Fire Fighters Association would like to respectfully request the presence of our County Officials at our next meeting, 7:00 P.M., September 4, 1986, at the Garth Vocational School.

This is the third time that this invitation has been issued but as of this date only Magistrate Jackie E. Owens has shown enough interest to attend. Where are our other members of the fiscal court? We mean them no harm, we only want to discuss how better fire protection (and lower insurance rates) can be made available to the citizens of Floyd County.

As volunteer departments we cannot do this alone, even with the fire tax districts. We need desperately to be able to buy new equipment but with gasoline, maintenance and insurance, no money is left.

We need county help! But it seems our officials don't care enough to talk to us.

Mayo Court Reporters Attend Nat'l Meeting

Sarah Buchanan Cross, Anita Smith, and Dianne Muncy, court reporting students at Mayo State Voc-Tech School, attended the National Shorthand Reporters Convention in Boston, Mass., August 6-9. There, they gained new information on court reporting on the national level, how it functions, and will share this information with other students at Mayo.

Court reporters are responsible for making a verbatim transcript of court proceedings, to read back from notes when requested, and to prepare transcripts for use of litigants and the court.

Seminars, held throughout the week, included Realtime/Closed Captioning, which is used for news broadcasts and selected television programs for the hearing impaired; Computer Law, dealing with ways in which computers can expedite the litigation process and increase the efficiency and effectiveness of counsel and the courts; Videotape Playback in the Courtroom, an explanation of the techniques, problems, and troubleshooting in various forms of editing videotapes when used as trial evidence.

FLOYD CIRCUIT COURT 85-CI-654

The First Guaranty Bank (Now the First Guaranty National Bank) Plaintiff VS: NOTICE OF SALE

Gary Caldwell and Joan Caldwell; United Federal Savings and Loan Association and Floyd County, Kentucky Defendants

By virtue of a judgment and order of sale of the Floyd Circuit Court rendered at the July 28 term, 1986, in the above styled cause I shall proceed to offer for sale at the Courthouse door in Prestonsburg, Kentucky, to the highest and best bidder, at public auction, on the 4 day of September, 1986, at 10:00 o'clock a.m., same being a day of the regular term of the Floyd Circuit Court, for cash or upon a credit of thirty (30) days, the following described property, to-wit:

Those two certain tracts of land, lying and being on the waters of Left Beaver Creek in Floyd County, Kentucky, described more particularly as follows:

DAIRY CHEER PROPERTY

Beginning at State Highway Number 122 and Bernard Little and Hazel Little line; thence running with said line a distance of (41) forty-one feet, thence making a right turn and running a distance of (57) fifty-seven feet, thence making a right turn and running to Kentucky State Highway No. 122, thence making a right turn and with Kentucky State Highway No. 122, a distance of (61) sixty-one feet to join Bernard Little and Hazel Little's line and the place of beginning, so as to include all inside these boundaries, including all equipment that the Caldwells own located in the building located on the described premises.

Being the same property conveyed to Gary and Joan Caldwell by deed dated April 24, 1981 from John Luxmore, et al, recorded in Deed Book 255, page 495, Floyd County Clerk's Office.

RESIDENTIAL PROPERTY

A certain tract or parcel of land, lying and being in Floyd County, Kentucky, on the head of Left Beaver Creek at Weeksbury, and being the same land conveyed to Gary and Joan Caldwell by Haskell Hall and Virginia Hall, his wife, by deed dated September 7, 1976, recorded in Deed Book 226, page 414, Floyd County Clerk's Office, and described as follows:

Beginning near the pumphouse at the W.J. Turner Heirs property line; thence running West to main C & O right-of-way; thence south with main C & O right-of-way to a stake cemented in ground; thence east to a stake cemented in ground on Route 122; thence north back to the beginning point, so as to include all land in said property.

The above tracts are to be sold separately.

The amount of money to be raised by this sale shall be in the several sums of \$37,818.26 with 16% interest from August 15, 1985; \$35,978.40 with 16 1/2% interest from July 29, 1985; \$4,258.28; \$2,187.13 with 13% interest from August 22, 1985; \$1,350.00 with 12% interest from October 31, 1985, late charges of \$20.25; \$25,653.12 with 9% interest from October 31, 1985 until satisfied and the costs of this action, including costs of advertising of this sale and the fees and commissions for conducting this sale, and Attorney fees of \$607.58.

For the purchase price the purchaser must execute bond with approved surety or sureties, bearing legal interest from the day of sale until paid and having the force and effect of a judgment with a lien retained upon said property as a further security. Bidders will be prepared to comply with these terms.

Given under my hand, this August 18, 1986.

Japanese Beetle/Mole Dilemma Seen Ahead For Homeowners

An ideal Japanese beetle breeding season this year is likely to mean an abundance of the garden-devouring insects next year—plus an increase in the mole population.

The beetle/mole situation is a classic example of how the appropriate action regarding one pest depends upon the actions being contemplated in regard to another.

Japanese beetles spend most of their life cycle in the form of white grubs. Moles love white grubs. Kentucky homeowners and gardeners are going to be faced with some tough choices about moles and Japanese beetles in their lawns and gardens for the rest of this year and much of next. And the decision made in regard to one will affect the decision made in regard to the other.

"Japanese beetles mate and lay eggs shortly after emerging in the early spring. The wet weather we had during that period means more than the usual number of those eggs will survive," said Rudy Scheibner, Extension entomologist in the University of Kentucky College of Agriculture.

Moreover, the population of Japanese beetles this year has been larger than usual. That all adds up to the potential for an even larger 1987 population of Japanese beetles.

And that's where the moles come in to the picture. Moles typically have three to five offspring a year in March or April. Moles' favorite food is white grubs, the larval form of Japanese beetles. Kentucky lawns and gardens are currently home to far more white grubs than usual. That means that more than the usual number of baby moles will survive the winter. And that could mean more mole traffic through gardens and lawns next spring.

The decisions lawn and garden owners must make revolve around what type of control they will want to attempt and when.

"With the higher than normal white grub population the moles will not have to tunnel as far to feed themselves. This will mean less tunneling activity than usual for the rest of this summer and greater than usual survival of the young moles," said Craig Huegel, UK Extension wildlife specialist.

Moles tunneling in lawns probably do more good than harm, especially in the heavier soils typical of many Kentucky residential areas. Moles do not feed on grass roots and the air introduced into the soil as they tunnel about at seven to eight inches beneath the surface helps improve the performance of the soil.

It is the white grubs that feed on the grass roots. Natural control of the grubs means leaving the moles alone. Chemical control of the grubs means the moles will have to tunnel more extensively in search of a meal. That's not all bad in a lawn, but the heaviest infestations of white grubs are likely to be near shrubs or gardens, where Japanese beetles find their favorite food. And in gardens and around shrubs mole tunneling can be damaging.

Scheibner said lawns can be checked for white grubs by cutting three sides of a one foot square into the lawn and lifting the resulting flap of sod. Try to cut the slab about three to four inches deep. Examine the soil and the grass roots on the underside of the flap. If there are more than six white grubs in the flap of sod some control measures are warranted.

"Use Diazinon granules and water them in according to label instructions. That will kill the white grubs without killing the earthworms that may be present," Scheibner said. That will increase the moles' activity in search of food, however, and they will go after the beneficial earthworms.

The need for control might be avoided by accommodating the one-eighth-inch-long grubs. Frequent watering may promote sufficient growth in the lawn that the grass is able to tolerate the feeding of the grubs. This would leave the grubs in the soil for the moles to eat, and they would leave the worms alone to assist in improving the soil and removing thatch from the lawn.

That would also mean a greater than usual population of moles next spring. And that could mean mole problems where none had occurred before.

"Moles are fairly solitary animals. You'll only see about three per acre. So, if you're raising a healthy family of baby

moles in your yard this summer and through the fall and winter, you may be exporting moles to your neighbors next spring. And maybe they'll be glad to have them, and maybe they won't. If it rains next year during the Japanese beetle mating season a few moles in the lawn might be a handy thing to have," Huegel said.

"There's really no 'right' step to take. If you control the grubs this year you'll promote mole activity. They'll be eating more earthworms and you don't want

that. If you control the grubs and the moles you may wish you had a few moles around next year when what may be a bumper crop of Japanese beetles emerges in your neighbor's yard and re-infests your lawn with white grubs.

"Really this is kind of typical. When you start messing with one part of an ecosystem, even one as small as your front yard, you throw other parts of it out of whack and you find yourself needing to take further action to compensate for that," Sheibner said.

Lotteries For Years Prove Winning Ticket

If you think lotteries are a product of the 20th century, think again. Reports the August Reader's Digest, the first American colonists were subsidized by lotteries held by the Virginia Company of London, with the blessings of King James I. Massachusetts and Virginia held lotteries to finance the French and Indian War. The Continental Congress authorized a lottery in 1776 to raise more than \$1 million for the Continental Army.

"The lottery is a wonderful thing," said Thomas Jefferson. "It lays taxation only on the willing."

Lottery revenues funded the creation of King's College—later Columbia University—Harvard, Princeton, Yale, Dartmouth and William and Mary.

Well into the 19th century, lotteries raised money for schools and churches, and provided financing for bridges, roads, wharves and public buildings. But after a spate of scandals, lotteries were outlawed, not to be revived until New Hampshire held one in 1964.

Today, 22 states plus the District of Columbia, the Virgin Islands and Puerto Rico offer lotteries, raking in \$9.9 billion last year alone. Over half the population lives in those states, and an estimated 60 percent of those participate in the lotteries—often reducing their taxes as they do. In Connecticut, for example, lottery earnings enabled legislators to avoid imposing an income tax and start cranking down the state's steep sales tax.

The odds of winning a lottery may be six million to one—the odds of picking six correct numbers out of 48—but you don't have to be in it to cash in. In Maryland, every homeowner, whether or not he played, last year realized a \$120 savings in property taxes as a result of lottery earnings.

Nearly three out of four passenger cars bought for personal driving are second-hand.

Insurance Load On Local Govt. Is Talk Topic

Rising liability insurance rates for local governments is among the topics to be addressed at the 1986 Governor's Local Issues Conference, Gov. Collins announced. The conference will be held Aug. 20-22 at Louisville's Galt House East hotel.

"In recent years, liability insurance rates for local governments have increased to such an extent as to be prohibitive to local budgets," Gov. Collins said. "At the 1986 Local Issues Conference, we will hear from both sides of this crucial issue—trial attorneys and representatives of the insurance industry. New studies, comparative analyses and other vital data will be offered as well as suggestions and alternative sources of assistance."

Among the conference highlights will be a keynote address by David Broder, syndicated Washington Post columnist. Workshops scheduled for the conference will address topics such as the role of local governments in economic development, reductions in revenue sharing and alternative funding sources, the regional jail system and local waste reduction programs.

"The burdens and responsibilities facing local elected officials continue despite ever-diminishing sources of funding for local governments. It is the purpose of this conference to open the lines of communication and establish a spirit of cooperation among local officials as a means to effectively address issues which affect all Kentuckians," Gov. Collins said.

Pharmacy Footnotes

By HAROLD COOLEY

AN ACCESSIBLE EXPERT

The most accessible and inexpensive dispenser of expert advice on the effective and safe use of medicines is a pharmacist who fills prescriptions and sells non-prescription remedies. For over-the-counter drugs, he is the one health professional who is readily available to guide an individual in handling his/her health concerns. For both prescription and non-prescription drugs, the pharmacist often has the broadest, most up-to-date information on drug effects. It includes recently discovered side effects and interactions between drugs and other substances. He can also advise when and if to purchase drugs by their generic name. Armed with such information, one can achieve greater control over his/her own health care.

COOLEY APOTHECARY can provide you and your family with your total prescription needs as well as any over-the-counter remedies you require. Our entire staff keeps up-to-date on the latest developments in our industry. Complete patient profiles are maintained here at No. 2 Town Center Bldg., 886-8106 and Master Charge and Visa are honored plus we welcome all third party payments. Open: Mon.-Fri. 9-5:30, Sat. 9-4.

HANDY HINT:

A generic name refers to a drug's chemical composition rather than its brand name.

AFDC Helps Families Stretch Paychecks

Jenny is a young working mother of two children. Without the benefit of a working husband in the home, she discovered that her paycheck alone just wasn't enough to pay all the bills and keep food on the table, too.

A friend of Jenny's suggested she go to her local Department for Social Insurance office and see if she was eligible for Aid to Families with Dependent Children (AFDC). Now, Jenny and her children receive an extra \$197 each month to help pay living expenses and buy groceries.

"Last year, more than 60,000 Kentucky families received help through the AFDC program," said Social Insurance Commissioner Mike Robinson. "With an average payment of \$193 per family, the program can help ease the costs of raising children in families with no more than one working parent."

The AFDC program in Kentucky was implemented in 1942 under the authority of the Social Security Act of 1936, said Robinson. Since then, the program has grown tremendously.

"During the 1943-44 fiscal year, the first for which we have complete records, 9,100 Kentuckians received a total of \$809,521 in supplemental payments," Robinson said. "By last year, the Kentucky AFDC program had grown to serve 161,530 Kentuckians with total assistance of \$139.2 million."

The AFDC program was developed to help meet the basic needs of children who do not receive parental support due to death, absence or incapacity of one or both parents, explained director Janie Miller of the department's Division of Management and Development.

"The loss or absence of a parent, especially one who would provide the main financial support, can severely strain a family's budget," said Miller. "Many AFDC recipients are single mothers who are widowed, divorced or have had a child born out of wedlock. They receive no support payments and are trying to live on a small income. By the time you pay for rent, groceries and a babysitter, there's not much left over."

AFDC also can help out if one or both parents have been disabled, either temporarily or permanently, and the family's income level and resources total are below the AFDC limit, she added.

"If a mother is working part-time for minimum wage to try and keep the family going, she's going to need our help," Miller said. "Families receiving AFDC are automatically eligible for Medicaid. Most also may be eligible for food stamps."

Families may receive AFDC for a child who is 17-years-old or younger.

CITIZEN'S OF LOWER BURTON ARE PROUD of the improvements they have made in their community in the past year. Displaying a sign recently unveiled are, from left, in front, Lee Rollins, Gladys Gullett, Haskell Gullett, Bill Jones, Speed Hall, Hollis Daniels, and Anita Daniels. In second row, from left, are Ricky McCoy, Houston McCoy, Gary Day, Sr. and in back, from left, are Kevin Daniels, Gary Day, Jr., and Phil Jones.

August 9 was an evening of celebration for the community of Lower Burton as they dedicated their two new mini-parks. One park was proclaimed Burton's Meeting Place—a park to be used to congregate, chew, whittle, or shoot the bull. It was dedicated in memory of Tom Dusina, Clarence Thornsby, Can Collins, and Ervin Little; the four who initiated the community's progress. Another park was erected for the children and was proclaimed Burton's Playground dedicated to the pioneers of Lower Burton; those who have lived here 25 or more years. In this park are a swing set, seesaw, climbing dome, gigantic tires, benches, and picnic tables.

At the first annual Lower Burton Day the park sign was unveiled and the park was officially opened. Approximately 70 people attended the event which began with an official welcome and prayer by Rev. Speed Hall. Hollis Daniels presented documented facts about the origin of the money and what it is to be used for. The sign was unveiled by Gary Day, Sr., and Arthur "Lee" Rollins. Wilda Kohler won the door prize, and Rev. Glen Dusina said grace over the dinner. A pot-luck supper was served and a few of the locals brought guitars and filled the community air with song.

The Burton City Improvement Committee was started August 10, 1985 and has tried to meet the desires and needs of the community. The committee would like to thank all who helped them, especially the good people of Lower Burton.

The second annual Lower Burton Day is set for the second Saturday in August, 1987. Try to attend if you live in, have lived in, or if you have relatives who live in Lower Burton.

Another First For Highlands

Highlands Regional Medical Center has signed a contract with Bellarmine College as the regional base for BSN (Bachelor of Science in Nursing) and MSN (Master of Science in Nursing) courses. Classes will begin this Fall.

Pat Willis, RN and former education coordinator at HRMC, said "It's like a dream come true. From the beginning our goal was to offer an HRMC based BSN/MSN program for local Registered Nurses and Bellarmine College responded."

The Nursing Outreach Program developed by Bellarmine offers the registered nurse undergraduate and graduate level classes leading to baccalaureate and master's degrees in nursing. The classes are designed to meet the needs of the working registered nurse. The unique program offers:

—Classes designed to meet the needs of the adult learner; flexible class schedule.

Teresa Collins, RN commented "To get my BSN without this program would mean quitting my job at Highlands and moving my family to someplace like Lexington."

If you would like to know more about the Outreach Program at HRMC, there will be a meeting Thursday, August 28, in the Floyd Room at Highlands Regional. Come anytime between the hours of 1 p.m. and 4 p.m. You may also call Nancy Slone, education coordinator at (886-8511 or 789-6548).

McConnell Is Member Of Impeachment Panel

U.S. Sen. Mitch McConnell is one of 12 Senators named to a committee that will gather evidence leading to the Senate impeachment trial of U.S. District Judge Harry Claiborne, of Nevada. McConnell chairs the Senate Subcommittee on Courts.

"It's been 50 years since the Senate has held an impeachment trial of a federal official," McConnell said. "And because the committee process has never been used in past Senate impeachment trials, we will be performing an historical task. We have no precedent to draw upon."

The Senate committee, scheduled to meet following the August recess, will report to the full Senate where the impeachment trial is expected to begin by late September. The House voted unanimously in July to impeach Judge Claiborne, currently serving a two-year prison sentence for tax evasion.

Spread a meat loaf mixture into a pie pan and build up sides into crust shape. Bake until partially done and spread with filling of mashed potatoes. Dot with butter and paprika and bake until potatoes are browned.

Mayo Nursing Program Will Hold Open House

The Mayo State Voc-Tech School's nursing program will hold an open house August 25, 2-6 p.m. at 1010 Cline Street, Pikeville.

Horse Shows' 'World Series'

The "world series" of horse shows, the "World Championship Horse Show," will air Saturday, September 13, at 7:00 p.m. on KET.

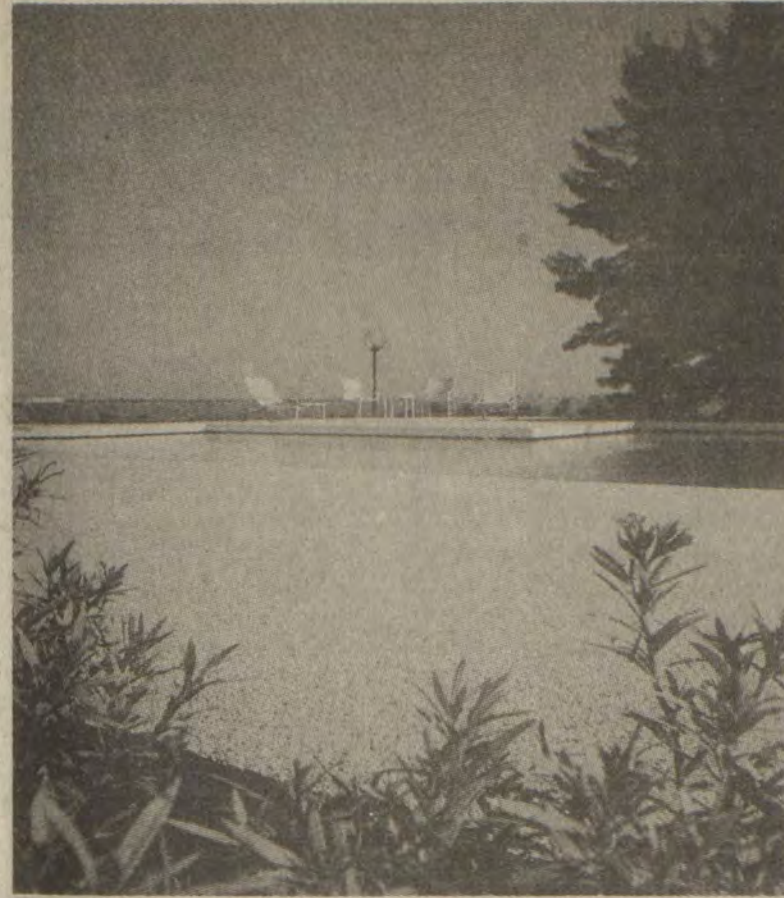

Filmed at the Kentucky State Fair 1986, the program will highlight four of the show's competitive classes. Three-gaited, fine-harness, roadster-to-bike and five-gaited classes will be featured.

The horses will not be judged on speed, as is the case in racing. Instead, these saddlebreds will be judged on the precision of their gait; and the shape, or confirmation, of the individual horse.

The first showing, or workout, may be repeated a second time in order to better compare the style and accuracy of the gait. The object of the World Championship Horse Show is style, making the event a spectacle of beauty and excitement.

SHE'S A WINSOME LASS, and, with ears at half mast, seems to be listening for someone to take her home. This is one of the dogs available at the animal shelter, near here. The shelter is open from 10 a.m. to 4 p.m., or call 886-3189.

Rainbow epoxy decking products...the Ultimate surfacing materials... Beauty with Durability!

- The epoxy decking pebble is comprised entirely of natural stone, one of the most durable substances on earth.
- Each individual stone is firmly bonded with crystal clear Rainbow Products Epoxy Polymer, one of sciences strongest adhesives.
- Tough Epoxy surface offers high resistance to wear.
- The Glistening protective coating is resistant to gasoline, oil, salt, and other common chemicals.
- Safe, non-skid, smooth and comfortable surface.
- Eliminates puddling water... drains instantly through permeable surface.
- Virtually maintenance free... a quick hose down and it's ready for use.

Tells Untold Story Of U.S. Communists

"Seeing Red," a 90-minute documentary premiering Wednesday, September 10, at 9:00 p.m. on KET, explores the heyday of the American Communist Party in the 1930s and 1940s.

"Seeing Red" delves beneath the surface of the Communist era to profile 15 ordinary Americans who lived and breathed their beliefs in the Communist movement. Fighting for the causes of unionization, unemployment and social security benefits, the eight-hour day and civil rights, these men and women committed themselves to what they believed was right for America.

Using present day interviews intercut with archival materials, "Seeing Red" traces the ups and downs of American Communist activities from large-scale marches and protests of the 1930s to the party's collapse in the mid-1950s. Among those appearing in the program are Pete Seeger, Dorothy Healey, Bill Bailey, Howard "Stretch" Johnson and a dozen other former and current Communists. Officials appearing in "Seeing Red" include Ronald Reagan, Hubert Humphrey, J. Edgar Hoover and Richard Nixon.

Thirty years after the McCarthy Era and the red-baiting of the House Committee on Un-American Activities, many Americans remain fearful of admitting their involvement with the Communist party. At its height, the American Communist Party numbered well into the millions. For many of the people interviewed in "Seeing Red," it was the first time they had spoken openly of their involvement with communism.

Preparing Taxes Can Be More Than A Good Way To Earn Money

Thousands of tax preparers find their work not only gives them extra income but satisfaction in being able to help others.

H&R Block has been teaching tax preparation for over 30 years and is now offering its basic income tax course starting September 2. Morning, afternoon and evening classes are available.

Because income taxes have become increasingly complicated over the years, many people are looking for help with tax situations they don't understand. Working as a tax preparer is one of the few ways you can make money and also get job satisfaction by helping others. Thousands of tax preparers tell us that the best part of their job is the pleasure they give people by saving them money on their tax returns.

Classes are held over a 13-week period. An experienced Block instructor will guide students through various phases of income tax preparation. Classwork will include discussion, practice problems and actual experience preparing individual tax returns. New tax laws will be explained.

Qualified course graduates may be eligible for a job interview with H&R Block when the course is complete. Many people feel employment with Block gives them the freedom of flexible hours. Block, however, is under no obligation to offer employment, nor are graduates under any obligation to accept employment with H&R Block.

One low course fee covers all textbooks, supplies and tax forms required for class. Certificates and 7.5 continuing education units will be awarded upon successful completion of the course. Registration forms and a brochure for the income tax course may be obtained by contacting the H&R Block office at 8B Richmond Plaza, Prestonsburg, Ky., 886-3685. Courses are being offered at 2 area locations, Pikeville & Prestonsburg. Don't forget to ask about our early bird special tuition price.

Presidential Honor Guard

Airman W. Michael Gunter has been selected to serve a two-year tour of duty in Washington, D.C., as a member of the U.S. Air Force Presidential Honor Guard.

Amn. Gunter entered the Air Force in May and completed his basic training at Lackland Air Force Base in San Antonio, Texas, where he served as squad leader for the BMTs 3702. He received recognition for excellence in leadership.

Gunter is currently receiving training as a security specialist. He will graduate September 4 and return home before reporting to Bolling Air Force Base in Washington, D.C.

Amn. Gunter is a 1985 graduate of Prestonsburg High School, and a former student at Prestonsburg Community College. He is the son of Al and Judith Gunter, of Prestonsburg.

4-H Vegetable Judging

Six Floyd county junior 4-H members participated in the East Kentucky 4-H vegetable judging contest held last week at the University of Kentucky Quicksand Experiment Station.

Floyd members were champions in both the 9-10-year-old category and the 11-14-year-old group.

Winner of the 9-10 year old group was Ben Moore with a score of 999 of the 1100 possible. Third place was won by Frank Martin.

The 11-14-year-old champion was John Martin with a 1014 score. Runner-up was Jeff Moore with 999 points. Travis Martin was 5th with 970 points and Jamie Martin was 8th with 955 points.

John and Frank Martin are the sons of Mr. and Mrs. Thomas Martin, of Langley. Ben Moore is the son of Mr. and Mrs. Budge Moore, of Garrett. Jeff Moore is the son of Mr. and Mrs. Bennie Moore, of Garrett.

The 4-H members will judge at the state vegetable contest at the Kentucky State Fair.

Kentucky's Farmers Hit By Drought, Too

Kentucky Agriculture Commissioner David Boswell today appealed to Kentucky farmers with hay to spare to consider donating some of that hay to their beleaguered fellow farmers in parched counties of Southern Kentucky.

Reports indicate that farmers are experiencing such hay and feed shortages for their livestock that some may soon have to sell their animals. "We are hearing especially alarming reports out of Wayne county that the lack of rain is having disastrous effects not only on the livestock feed situation, but on tobacco and other crops," Commissioner Boswell said.

"I would urge county agents in some of the Commonwealth's less dry areas to be in contact with their counterparts in Southern Kentucky to work out arrangements whereby some emergency hay might be made available by farmers who have it to spare," Commissioner Boswell said. "This, of course, would be over the short haul to just let those farmers in trouble have some respite."

Commissioner Boswell today formally requested Kentucky ASCS Director Lillian Hart to expand an ongoing county-by-county drought survey in Southern Kentucky to counties further north as Lincoln, Garrard and Casey. "We have reports that dry conditions are severe farther north than just in the border counties," he said.

A drought disaster declaration that might come from the surveys would extend to farmers benefits not now available, including relief from capital gains liability should farmers be forced to sell their livestock for replacement later.

"Many farmers have told me that they wonder whether or not they can afford to feed their cattle hay through next spring, with hay prices at their current level," Boswell said. "Many may, indeed, have to sell."

The Commissioner recommended that farmers with extra hay to ship, but with pastures and some stored hay

available consider accepting cattle for feeding on their farms through the winter. "Many farmers have said it makes a great deal of sense to bring the cattle to the hay, particularly when shipping would be costly and they can afford to feed free of charge. I recommend our county agents investigate this possibility as well. Our Department personnel will be available to help."

Meantime, Boswell expressed his thanks to Kentucky farmers across the Commonwealth for their generosity in the recent donation of 24-hundred tons of hay delivered to Charlotte, N.C. for distribution to needy North Carolina farmers.

"Kentucky farmers saw a need and an opportunity to help someone who was hurting," Boswell said. "This has not been the best growing season in Kentucky, but our farmers shared what little they had to spare. They came through, and we have continuing reports that they are individually sending truckloads of hay to the South, still today."

"I told our friends in North Carolina that the other day that if our ox ever got in a ditch, I hope someone would come along and help us out like Kentucky farmers did in this effort."

The 71,000 bales and 370 large rolls of hay were delivered to parched North Carolina in a weekend freight train donated by CSX Railroad. The hay filled 114 box cars.

ADDITIONAL SIGNS . . . by Wilmay

No. 17. Gen. 4:21. Days preceding Christ's return will resemble those of Noah when it was an age of music. Has any period in history been more characterized by music than this? If sums spent on sports and clothing by youth do not win the top position of shoppers in every age group, music with its multiple varied industries surely will. Good music is beautiful, inspiring, helpful, and challenging, but much of it today is harmful if published reports are correct. Many spiritual leaders say certain types of it have sinister meanings. A good way to get rich and famous is to write a song whose words or music capture hearts of youth, and you've got it made. Compare incomes of noted song writers, composers, musicians, entertainers, etc. with incomes of renowned educators and clergy and see Mt. 6/21. Where your treasure is there will your heart be also.

No. 18. II Tim. 3:2-5. lists more than a dozen signs of closing days not previously mentioned in this series. People will be heady, (conceited,) false accusers, boasters, lovers of pleasure more than lovers of God, truce breakers, (man's word no longer considered as good as his bond,) unthankful, full of pride (isn't that a continuous battle for all?) They will be traitors (espionage increasing, some in the military selling our enemies secrets pertinent to national security,) high-minded, (though the Bible says God is no respecter of persons. He loves the worst reprobates, most ignorant aborigines no less than he does the highest potentates.)

No. 19. II Tim. 3:2 includes lovers of self. Totally unscriptural, selfish is humanism, growing by leaps and bounds, even in churches, and often hard to identify since it has many disguises. Some fail to see what humanism teaches. Though it claims to be a faith, it denies God. The Humanist

Manifesto I written in 1933, and the same No. II written in 1973 contradict the Bible and Christianity. Manifesto II says: "No deity will save us; we must save ourselves." It places man before God, so cleverly camouflaged millions are accepting it, never realizing it is a delusion. There have been presidential nominees who were humanists. II Thess. 2:11 warns that the very elect will be blindly deluded in the last days, gradually forsaking former standards and beliefs until the process makes the world ready to accept the antiChrist himself when his presence becomes known. Not until he reveals his true colors midway of the tribulation will his deception be obvious.

No. 20. II Tim. 3:2. Man will be unholly and godless in the period prior to Christ's return. Once indecent conduct, attire, language, etc., were rare in public, to say the least. This is no longer true. For decades the hall marks of the outstanding Methodist faith have been holiness and sanctification. The latter means to be set apart, to be unlike the group. Holiness means godliness and righteousness. The time is near when the line of demarcation between saved sinners and lost sinners will be even more dim than it now is. Often, instead of the church going into the world, the world comes into it, with its beliefs!

No. 21. II Tim. 3:3. Men will be despisers of those who are good. Peer pressure is almost unbelievable, from the days of the kindergarten child who gets called teacher's pet because he excels, to maturity, and beyond sometimes. In adolescence it is join the gang; follow the crowd; do as they do, regardless, or be wallflowers who suffer isolation and rejection frequently. Ask youth who find it hard to resist, yearn to belong, crave excitement and adventure, good times. It's a wonder more have not succumbed to temptation and trod the downward path until some climactic occurrence compels many to alter their course, sometimes when it's too late! Hasn't the apathy of adults and love of materialism permitted this to happen? Isn't our silence responsible?

The next column will end this series about the type of days to be present when Jesus returns to the earth.

Miss Kidd, Mr. Higgins To Wed August 30th

Mr. and Mrs. Manfred (Freddie) Kidd, of Grethel, announce the engagement and forthcoming marriage of their son, Jerry Marvin, to Donna Luan Higgins, daughter of Kenneth E. Higgins, Jr. and Martha E. Higgins of Coeur D'Alene, Idaho.
The ceremony will be held Saturday, August 30, at 2 p.m. at the Pilgrims Rest Old Regular Baptist Church at Price with Louie Muncey officiating. Everyone is invited to attend.

Parents Can Foster Child's Education

Many parents want to be involved in their children's education, but they often don't know what to do or how to get started. To solve the problem, the National PTA has developed suggestions for parents as they prepare themselves and their children for the coming school year.

"One study after another has verified that the most successful students are those whose parents become actively involved in the educational and decision-making process," says Ann Kahn, president of the 5.8 million member National PTA. "There is no doubt that parent involvement represents a powerful way of making schools more effective, and of dramatically enriching children's academic experience."

"Survival" Celebrates Resilience Of Spirit

"It was something that lived in between us, and it made us more near together. That was the wonder of the music."
—Sister Catharina

As the Japanese swept across Southeast Asia in the early stages of World War II, thousands of resident Europeans were taken prisoner in sordid jungle camps. The perseverance of one such group of captives is told in "Song of Survival." This one-hour documentary airs Wednesday, September 10, at 8:00 p.m. (ET), 7:00 p.m. (CT), on KET.

This group, some 30 Dutch, British and Australian women, was captured on and around the island of Sumatra in early 1942. Separated from their husbands and male compatriots for four years, these women and their children were held in a succession of prison camps where poor nutrition, wretched sanitation, disease and death were daily facts of life.

One diversion that helped them cope with the torment of captivity was their modest camp choral group. The guiding forces behind this project of survival were Margaret Dryburgh, an English missionary, and Norah Chambers, who had studied at London's Royal Academy of Music. Using their voices as musical instruments, Dryburgh and Chamber's "vocal orchestra" practiced and performed the works of such composers as Handel, Brahms, Mendelssohn, Chopin, Bach and Tchaikovsky.

"Song of Survival" is highlighted with the music of the Peninsula Women's Chorus of Palo Alto, California, based on Dryburgh and Chambers' original manuscripts.

In a recently published guide, "Parent Involvement: What Your PTA Can Do," the National PTA has divided parental involvement into three areas: Parents acting as participants in their children's education at home, as school volunteers and supporters, and as participants in school decision making.

Kahn noted that "parents are the first and probably the most important teachers their children will ever have. In the early years, parents prepare their children for later teaching by a professional," she said.

Parents have contact with their children or much of the 92 percent of the time they are not in school, Kahn added. Among the areas many parents like to help their children with is homework. A 1985 study on effective schools found that students whose parents help them with homework do better in school and have a more positive attitude toward education than students who do not receive such assistance.

Among the suggestions the PTA makes to parents is that they establish homework routines early and distinguish between showing an interest in a child's homework and actually doing it for him or her. Some ways parents can establish a homework routine for their child are to:

—Set a regular time and place for studying. In the primary grades, take 10 minutes daily to read and talk to your child before doing homework. In the upper elementary grades, set aside a half hour for studying and reviewing.

—If the homework includes directions, read them or have your child read them aloud. Make sure your child is following the directions. If not, demonstrate an example, try one together, then have the child try one alone.

—When your child is finished, check the work and circle errors to be corrected. Sign the homework. This will help foster the home-school connection.

—If you don't understand an assignment your child has received, ask the teacher for clarification. Write notes to teachers from time to time indicating what you've observed about your child's homework progress.

"Parent Involvement: What Your PTA Can Do" offers specific suggestions to parents about how to get involved in their children's education. The guide is available for 50 cents from the Publications Department at National PTA, 700 North Rush Street, Chicago, IL 60611.

Art Grants Deadline Set For October 15

The Kentucky Arts Council has announced the 1986 fall deadline for grants to support and develop the arts in Kentucky communities. Oct. 15 is the postmark deadline for the following grants.

Challenge Grants match private contributions raised by arts organizations for general operating grants.

Arts Development Grants support overall programs and services of an arts organization.

Project Grants provide funds for arts or community organizations to expand or develop their arts programs and services.

Consultant Grants enable nonprofit organizations to bring in individuals with expertise in certain arts areas (such as marketing or planning) to consult with staff or board.

New Communities Grants are available to groups in communities with little or no existing arts activity.

Teacher Incentive Project Grants are designed for teachers to develop artist-in-residence programs in their classrooms on a short-term basis.

Those interested in information about initiating new arts events in their communities or helping existing arts programming are encouraged to contact the Kentucky Arts Council for guidelines. It has staff available to advise on organizing new arts groups, program planning and grant preparation.

The Kentucky Arts Council, a division of the Kentucky Department of the Arts, is a 16-member citizens board appointed by the Governor. The council receives arts grant applications and allocates state and federal funds throughout the state.

Council Chairwoman Margaret Trevathan of Murray said, "These grants continue a 29-year tradition of support for the arts in Kentucky's cities, neighborhoods and towns. The council is grateful to the panels of arts professionals whose reviews and recommendations on each of our grants assure the highest standards of quality."

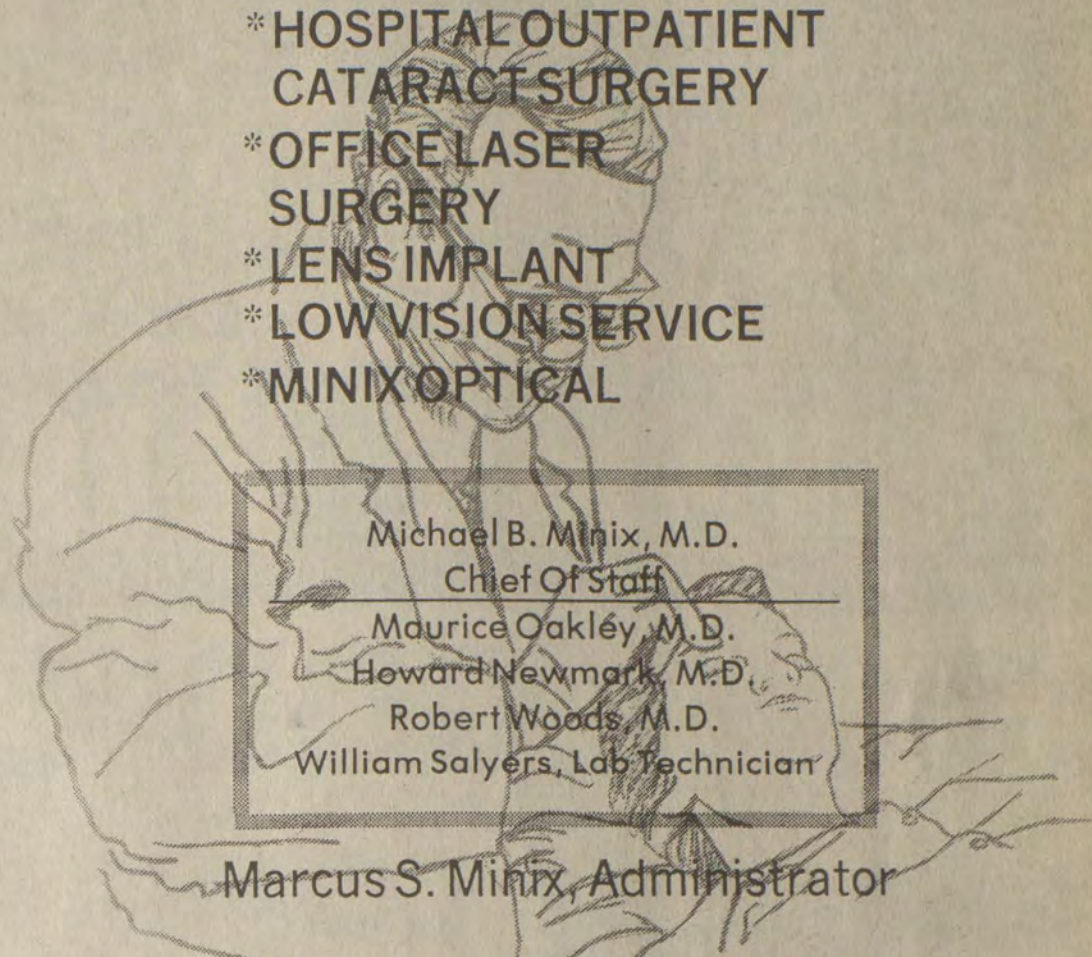

For more information, call or write the Kentucky Arts Council, Berry Hill Mansion, Frankfort, Ky. 40601; telephone: (502) 564-3750.

A work-disabled person is defined as one under age 65 who has a physical or mental condition that prevents her or him from working or limits the amount of work that can be done, or who is retired because of ill health, according to a fact sheet on working women published by the Women's Bureau of the U.S. Department of Labor.

The Heil heat pump delivers year 'round comfort with year 'round dependability.

If you're looking for a heat pump that delivers both comfort and dependability, you're looking for Heil heat pumps.

Comfort. A Heil heat pump uses the latest technology to guard your family's comfort year 'round. It efficiently pumps heat out of your house in the summer

and into your house in the winter.

Dependability. Like all other Heil products, our heat pumps go through our product testing lab—one of the

toughest in the industry—before

they go to market. If it doesn't measure up, it doesn't go to market.

Year 'round comfort.

Year 'round dependability. Heil heat pumps.
