### United Way To Begin Fund Drive

Gail King, chairperson of United Way of Eastern Kentucky, announced this week that Faye Mullins of Banner has been hired as the new executive director for the organization.

The local United Way will kick-off the '88 campaign Saturday, Oct. 8, at 10 a.m. in front of the United Way sign at 130 North Lake Drive, Prestonsburg (formerly the tourist information center). The public is invited to attend and participate during the Jenny Wiley Festival. The Highland Festival Band will perform from 10 a.m. until noon.

United Way of Eastern Kentucky covers the five-county area of Floyd, Johnson, Pike, Martin and Magoffin. The agency works as an independent community resource that collects donations and funnels that money to health and human service agencies.

"The agency is more than a fund raiser—it works through its volunteers, putting people in touch with the services they need," said Mullins. The 1987 donation provided funds for 16 local organizations such as Hospice, Multiple Sclerosis, Girl Scouts, Kidney Foundation, Food Bank, Rescue Squads, Salvation Army, Spouse Abuse Center, Veterans Organization, Rainbow Girls, Civic League, and Little Leagues.

The United Way of Eastern Kentucky is a member of the United Way of America. Contributions are tax deductible. If interested in assisting United Way as a volunteer, contact Faye Mullins, executive director, at 886-8985, or in person at 130 North Lake Drive, Prestonsburg.

### 70 Attend Jenny Wiley Theatre Fund Raising Event

An estimated 72 people paying \$100 each, attended the Jenny Wiley Drama Association's fundraising dinner Thursday, Sept. 29 at May Lodge, according to Jim Deaton, general manager of the association.

Guest speakers for the event were Dr. Lanette Thurman, Kentucky commissioner of the Arts, Dr. John Brock, Kentucky superintendent of public instruction, and Mayor Ann Latta of Prestonsburg.

Deaton said the speakers praised the theatre and drama association for its efforts in building and maintaining an outstanding arts program.

"Jenny Wiley Theatre is an important cultural and tourist industry with an economic impact of \$4.6 million in the region," Deaton concluded.

Dr. Thurman and Dr. Brock stressed the arts as an essential part of a child's education, but said it would take the combined efforts of a school's PTA and concerned citizens to get programs started.

### Housing Authority Receives HUD Grant

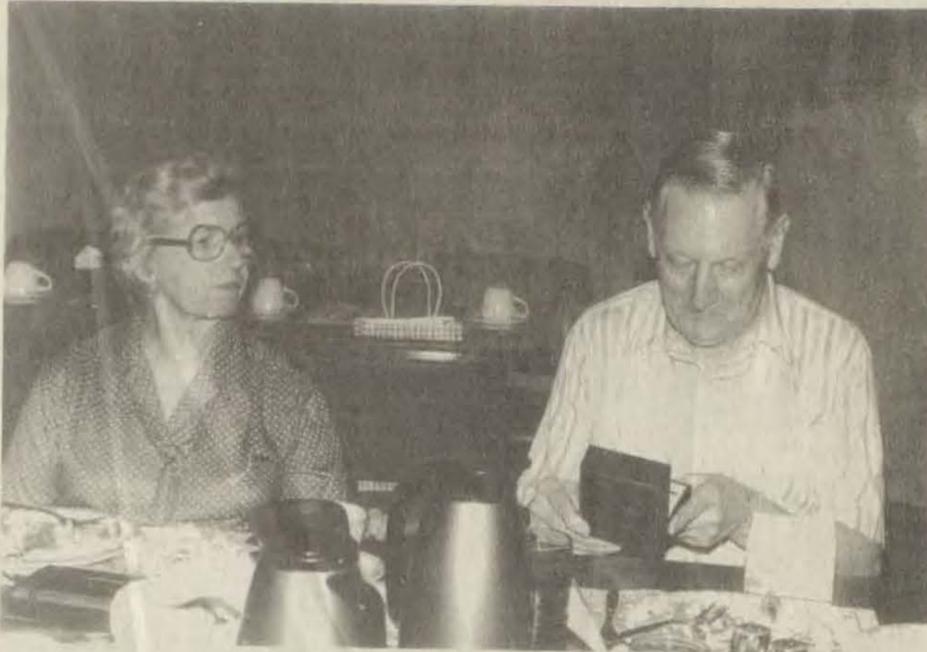

The Martin Housing Authority has received a \$539,500 grant from the Department of Housing and Urban Development for modernization of the Pageant Hill Project, according to director Helen Ison.

The 40-unit facility was constructed in 1964.

Grant funds will be used to renovate and upgrade the interior, exterior and grounds, said Ison. The work to be done includes correction of existing draining problems, planting shrubs, installing vandal-proof mailboxes, providing a basketball court and playground equipment, additional external security lighting, screened walls separating units on the front porches for privacy, energy-efficient entry doors, closet doors, replacing interior doors, installing photo-electronic smoke detectors, limiting thermostats, upgrading bathrooms with showers, ceramic tile, fixtures and accessories, and completely replacing floor tiling throughout the units.

Additional work will include new kitchen counter tops and stainless steel sinks, refrigerators, dryer hook-ups and painting all interior areas.

"We're happy to receive the grant, and will begin construction in 1989—possibly around the first of the year, but we don't know for sure at this time," Ison said.

Happy Retirement

Jimmy Goble and his wife Marie admire the watch he was given in honor of his retirement at a luncheon Friday.

### After 50 Years' Service, Goble Retires From Floyd County Times

Many things have changed in 50 years, especially in the newspaper business.

Fifty years ago, a newspaper page was composed of hundreds of metal letters placed side by side.

Now, a computer creates the words to be printed.

Fifty years ago a newspaper page to be printed weighed over 100 pounds.

Now, a page to be printed weighs only ounces.

Fifty years ago, the *Floyd County Times* cost a nickel.

Today it costs 35 cents.

There is one man at the *Floyd County Times* who has seen all these changes through the years, and his name is Jimmy Goble.

He is putting away his ruler and x-acto knife and getting out his retirement dreams—well, at least part-time.

You can get newspaper off your hands, but you can't get it out of your blood.

Goble has done news makeup and job printing at the *Times* since 1938, although he has been around it since he was a little boy, watching his father, "Printer" Goble, and his two brothers work.

"I feel I got into it because of my dad and two brothers," he said. "My dad was doing this by at least 1904—it's a family tradition."

He proclaims that he has seen the business "come from handset moveable type to what we have now."

His first newspaper job was cleaning brass rules while in grade school, Goble said. In high school he spent his time hanging around the shop and working part-time doing news makeup and job printing.

After graduating from high school in 1937, Goble worked for the *Pike County News*, and in 1938 he came to work beside his father at the *Times*.

In the weekly newspaper business, Mondays and Tuesdays are long days

when the paper has to be "put to bed" so it can be on the newsstands on Wednesday. But when some folks are winding down those nights, Jimmy Goble energetically darts around the composition room in a sort of ritual dance.

It has never been easy, Goble said. The newspaper business has always meant long hours and hard work.

"A page used to weigh 100 to 115 pounds," he said of when pages were made of moveable metal type. "As far as back-breaking labor is concerned, it was."

Although the work has been long and hard, Goble has lived many memorable moments, from the floods to the year a fire destroyed the office on Third Avenue.

During the flood of 1957, the staff was unable to get the newspaper out that week, he said.

On Monday they printed half the

### State Democratic Chairman, Area Officials Backing Dukakis

State Democratic Chairman Bill Patrick said in Prestonsburg Tuesday that the Republican party has been "pounding away at the Appalachian Regional Commission," and Vice President George Bush, if elected, would deliver "the knockout blow."

Calling for party unity from local to congressional levels, Patrick said electing Dukakis would "save" the commission, which he said has come under heavy fire from the Republican administration.

Citing steady budget cuts in the ARC funding cycle during the past eight years, Patrick added that without leadership of Democrat Congressman Chris Perkins and Sen. Wendell Ford, road construction of US 119 and US 23

in Eastern Kentucky would have been stopped.

ARC helps fund roads, water systems, vocational schools and rural health care facilities.

Patrick was joined at the press conference by Floyd County Judge Executive John M. Stumbo, State Sen. Benny Ray Bailey, and Pike County Judge Executive Paul Patton.

Both Patton and Bailey stressed that Appalachian residents are "better off today than they were 25 years ago," and Patton called for continued funding for ARC to promote economic diversification and development in Eastern Kentucky.

Added Bailey, "The only possible hope we have for the infrastructure needs we have are the monies from

the Appalachian Regional Commission."

Stumbo noted that 70 percent of the U.S. population lives on the East or West Coasts, adding, "The Republicans play to these people, and they let rural American go. We've got a lot to do, and we need Democrats in Washington to get it done."

Stumbo pointed to completion of U.S. 23, creation of a water supply for the county from Dewey Lake, and extending the water project at Allen, noting, "If we don't get the money now, we won't ever get it."

The conference Tuesday with area leaders was one of seven in Eastern Kentucky made by the group to promote Dukakis' support of ARC.

### Seventh Annual Jenny Wiley Festival Kicks Off In Prestonsburg

The seventh annual Jenny Wiley Festival, which began Monday and ends Saturday, is "coming along great," according to festival chairperson Maxine Bierman.

Festival officials are hoping that Mother Nature will cooperate with their plans.

"I think it rained the last three (festivals in the area), but we are hoping for nice weather," Bierman said.

The theme of the week-long festival is "The Year of the Youth." The festival began with a poster contest and window displays in downtown Prestonsburg, and on Monday, a dinner at Riverview Manor Nursing Home and the Jenny Wiley Children's

pageant.

The rest of the week will feature the Miss Jenny Wiley Pageant tonight and the Jenny Wiley Bowl between the Prestonsburg Elementary and Allen Elementary football teams on Thursday.

Saturday will be an eventful day, with craft and food booths sponsored by area groups and organizations, a volleyball tournament, horseshoe tournament, car show, costume contest (where there will be "so many beads and feathers you won't believe it," Bierman said), a rubber duck race, terrapin trot, parade and street dance.

The grand marshal for this year's parade is Robynn Stone, 18, of

Salyersville, who is Grand Worthy Adviser of the Kentucky International Order of Rainbow for Girls, Bierman said. Rainbow is a worldwide organization of girls 12 to 20 years old which stresses citizenship, character, and belief in God.

The Kentucky Historical Society History Mobile will be on Court Street Saturday, Bierman said. There will be an exhibit about 19th century agriculture in Kentucky and a slide presentation about the citizen soldier.

The festival "was started to preserve our heritage and to promote tourism in Eastern Kentucky and improve our county and communities," Bierman said.

### Prestonsburg Earns Award

Prestonsburg has been named one of 19 Certified Cities Silver Award winners, according to Mayor Ann Latta.

Nearly 58 Kentucky communities were designated certified cities by the Kentucky Chamber of Commerce. Of those, 22 were named Gold Award winners, signifying five or more consecutive years of certification, and 19 were named Silver Award winners, signifying at least three consecutive years of certification.

The Certified City Award is presented annually to cities that undergo an extensive evaluation and meet specific standards in economic development, community organizations, community planning, utilities, downtown revitalization and community appearance. It was formerly named the All-Kentucky Cities Program.

"We're very excited about the fourth year award, and we are looking forward to 'going for the gold' in

1989," said Latta. "It's very important to us in terms of economic development to have this certification."

Latta said that a major criteria this year was the tourism industry; since last year, the city has instituted a Recreation, Tourism and Convention Commission and instituted a 2 percent hospitality tax.

Latta noted that as part of the evaluation process, the state Chamber sends a report to each city making recommendations for improvement.

"That gives us a plan to work with to try to make improvements, and one of the things they recommended was for us to try to find some funding for tourism promotion," she added.

Latta said another recommendation made last year was for local officials to work to have U.S. 23 completed between Prestonsburg and Paintsville.

### Voter Registration Deadline Is Oct. 11

Voter registration deadline for the November General election is Tuesday, Oct. 11.

Anyone who has moved within the county or who is changing a party preference must re-register before the deadline.

According to Carla Robinson Bolton, Floyd County Clerk, a registered voter must be a citizen of the United States, or at least 18 years old by Nov. 8, and

a resident of Kentucky. A voter must also be a resident of the precinct for at least 30 days prior to the election. No individual convicted of a felony or pardoned by executive order may vote, Bolton added.

Voters may register at the County Clerk's office, Monday through Thursday, from 8 a.m.-4:30 p.m. and Friday, from 8 a.m.-8 p.m.

# 11 To Compete For Miss Jenny Wiley Honors

Robynn Stone, Grand Worthy Advisor of Kentucky International Order of the Rainbow for Girls, will serve as the Grand Marshall of the Jenny Wiley parade Saturday, Oct. 8.

Stone is the 18-year-old daughter of Sam and Kaye Stone of Salyersville and a graduate of Magoffin County High School, where she achieved a 3.82 grade point average.

Stone was an active member of the National Beta Club, the International Quill and Scroll, the MCHS marching and pep bands, and the majorette squad where she served as a drum majorette during her high school years. She was also a reporter of the Quill and Scroll and a member of the school

yearbook and newspaper staff where she served as a typist.

Stone received many honors, including *Who's Who Among American High School Students*, and the Society of Distinguished American High School Students. She also won the National High School Achievement Academy Awards for academics, leadership, math, history and government.

Also sharing parade honors will be Miss Jenny Wiley, who will be selected tonight (Wednesday) at 8 p.m. at the National Guard Armory.

The 11 contestants competing for the title include:

Annie Mar-Shalle Collins, 16-year-old daughter of Brady and Pat Collins of

Prestonsburg, sponsored by her father.

Gina M. Wells, 16-year-old daughter of Ralph and Barbara Wells of Prestonsburg, sponsored by Mike's B & W and Eastern Telephone Co.

Betty Joe Taylor, 17-year-old daughter of Donald and Ruth Taylor of Prestonsburg, sponsored by Gold Stone Transmission Service.

Katie Jo Harmon, 16-year-old daughter of Paula Shamon and Randy Harmon of Prestonsburg, sponsored by Goble Lumber Co., and Randall Burchett Architect.

Lavonne Slone, 16-year-old daughter of Columbus and Nola Slone of Blue River, sponsored by the David Volunteer Fire Department.

Janell Lee Stapleton, 17-year-old daughter of Bill and Janet Stapleton of Harold, sponsored by Tommy Boyd and East Ky. Eye Care (Kendal Cecil and Paul Layne).

Helen Louise Hammonds, 16-year-old daughter of Harold and Rebecca Hammonds of Prestonsburg, sponsored by Dr. James D. Adams.

Amy Delores Akers, 17-year-old daughter of Patty and Everett Akers Jr., of Allen, sponsored by Big D. Excavating.

Karen Renee Slone, 18-year-old daughter of Ray and Karen Slone of McDowell, sponsored by her parents.

Wilma Lee Miller, 16-year-old

daughter of Ancil and Wanda Miller of Prestonsburg, sponsored by Mountain Pipeline.

Krystal Gaye Chaffins, 16-year-old daughter of Paul and Molly Chaffins of Prestonsburg, sponsored by local merchants.

Winner of the Miss Jenny Wiley title will receive a \$1,000 savings bond and the first runner-up will receive a \$500

savings bond, as well as various gifts donated by local merchants.

Vying for the title of Teen Miss Jenny Wiley, who will also be selected Wednesday, are Abbie Annette Preston, Kristi Hall, Elizabeth Ann Ousley, Belinda Kaye Collins, Renee McCoy, Jerri Lynn Kinzer, Mira Angela Huffman, Nicole Elaine Flannery, and Stephanie Preston.

# A&T Provides Equipment To Appalachian Project

American Telephone and Telegraph Company "reached out and touched" the Christian Appalachian Project in a big way on Saturday and Monday.

Six tractor trailers full of office and educational equipment and furniture donated by AT & T arrived at CAP's West Prestonsburg warehouse and will

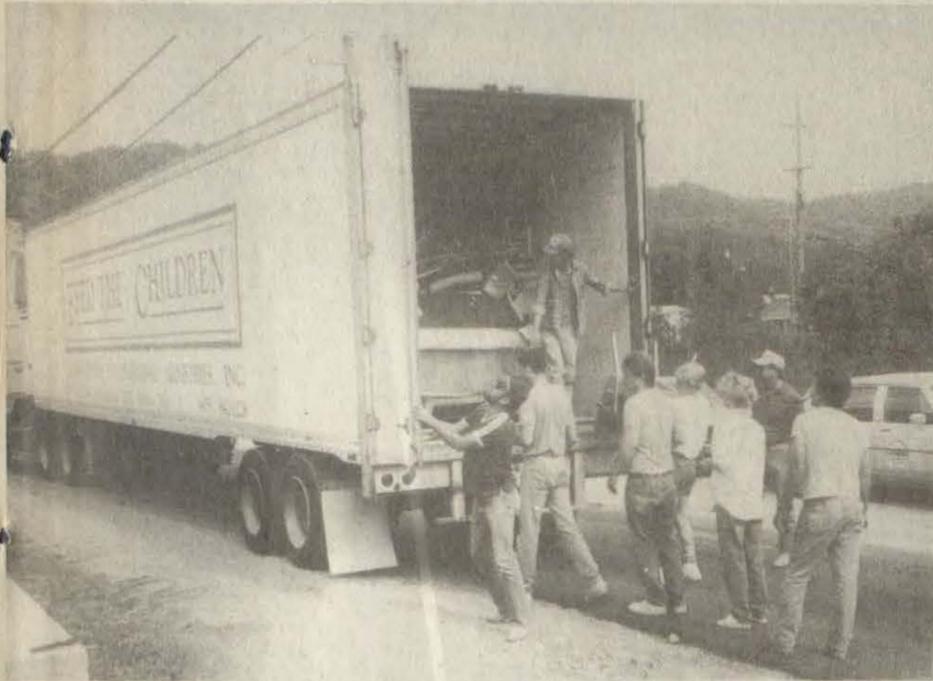

be available for their programs, Mountain Christian Academy and other social programs and churches in the Big Sandy area, according to Mike

Sanders, CAP's director of operations. "It will save a lot of money for a lot of people," Sanders said. "Office furniture is so expensive."

CAP actively seeks grants from groups and organizations, said Glen Taul, CAP's director of public relations in Lancaster. CAP friends put founder Father Ralph Beiting in contact with the president of AT & T. He was impressed by the project and decided to make about \$300,000 worth of equipment available.

The cost to transport the equipment from AT & T headquarters in New Jersey to Kentucky was going to be about \$16,000, but Feed the Children, a charitable organization based in Oklahoma, contributed the trucks. "We are very fortunate to get this kind of donation," Taul said.

Because the programs will not be using capital funds to buy furniture, they will be able to use the money for operations, he said.

**Helping Hand**

Christian Appalachian Project got their first two truckloads of equipment donated by AT and T Saturday at their West Prestonsburg warehouse. The equipment will be distributed to various programs in the area.

## Trio Injured In Separate Accidents On Wednesday

A three vehicle accident Wednesday, Sept. 28, on Main Street in Prestonsburg, resulted in injuries to three people, according to Prestonsburg police officials. Injured were Nora McKenzie of Prestonsburg, Rita Arnett and Mary Martin, both of Salyersville.

The accident happened, John Burchett of Emma told officer Woodrow Lafferty, after he had stopped on Harkins Street at a stop sign, and turned onto Main Street. Burchett was hit by a vehicle driven by Nora McKenzie of Prestonsburg. McKenzie was travelling north on Main.

A spare tire fell from the Burchett vehicle and struck a third vehicle parked in front of a church. Passengers in the parked vehicle were Ram Perkins, Mary Martin, and Rita Arnett, all of Salyersville.

Squad Six rendered first aid at the scene of the accident. McKenzie, Arnett and Martin were transported to Highlands Regional Medical Center by P & B Ambulance Service.

McKenzie and Arnett were treated at the hospital for minor injuries and released. Martin, whose injuries were more extensive, was admitted and released Saturday, Oct. 1, a hospital spokesperson said.

In an unrelated accident Wednesday,

David R. Tackett of Hurley, Va., made a right turn from West Prestonsburg onto U.S. 23, when a bulldozer roller he was hauling fell from his flat bed truck.

The roller went under a vehicle driven by Gregory P. Stump of Phelps, damaging the front end and underneath the auto. Capt. G. Hall said no one was injured and no citations were issued to Tackett.

A third accident occurred Wednesday on Central Avenue involving Gary Kidd and John Bailey, both of Prestonsburg. Woodrow Lafferty, Prestonsburg police officer, said no one was injured and no citations were issued.

Tuesday, Sept. 27, Larry Lewis of Prestonsburg, was travelling north on North Lake Drive in Prestonsburg. Lewis signalled to make a left turn. Gregory Rowe of Auxier attempted to pass, hitting the left front end of the Lewis auto.

Rowe told investigating patrolman, Ralph Frasure, he did not see Lewis' turn signal. No citations were issued and no injuries were reported.

Mathew Lemaster of Flat Gap struck a truck driven by Vinson Shepherd of West Prestonsburg, Thursday, Sept. 29, on U.S. 23, near the entrance to Archer Park. No citations were issued.

## Floyd County Judge Executive Sets Fire Prevention Week October 9-15

John M. Stumbo, county judge executive, has proclaimed Oct. 9-15 as fire prevention week, according to forestry division officials.

Ninety-six forest fires have already destroyed 4,241 acres of Floyd County forest land during the spring fire season, officials said. Last year 141 forest fires destroyed 17,369 acres of forest in Floyd County.

The average scorched tree loses 15 percent of its volume to decay from diseases and insects gaining entry through fire wounds. Once a tree is infected through a fire scar, it never recovers.

Forestry officials stated that most Floyd County forest fires were caused by debris burning such as hillside or garden clearing during the fall and spring seasons.

The fall fire season began Saturday,

Oct. 1 and will end Dec. 15, when burning may be done from 4:30 p.m. through midnight only.

## Martin Gas Co. Customers Will See Rate Hike

The Public Service Commission recently granted Martin Gas, Inc. a rate increase that will produce \$35,770 in additional annual revenues.

Gas customers' average monthly bill, \$49.91, has increased to \$56.55. The rate increase became effective Friday, Sept. 16.

## Letters To The Editor

### Reader Applauds FCEA Advertisement

Dear Editor,  
I would like to stand up and applaud—in response to last week's ad by the Floyd County Education Association concerning teachers in Floyd County.

Hip, hip, hooray!

### Everly Questions Administrative Wages

Dear Editor,  
Two very informative ads caught my attention as I was reading the Times last Wednesday.

First, the FCER ad which addressed the monies teachers pay out of their own pockets in order to keep their classrooms supplied with the basic learning materials.

I would like to say to those teachers, "Hallelujah," it's about time you tell the people of this county that you all are paying what is the responsibility of board members to provide from a \$19 million budget.

How much would the four superintendents be willing to take out of their collective \$211,000 salaries in order for the students to have paper, pencils, workbooks, etc. Would they be willing to forgo the expense account checks they get each month?

Secondly, an ad for a school board member talks about the salary increases that certified central office personnel have gotten or will get on the indexing program. There is something almost obscene about this, when you compare it to what is being paid to cooks, janitors, and bus drivers in this county.

A cook that has been working for the school system for some 15 years gets an hourly wage of approximately \$3.85. (I wonder how long our superintendents would last on that job with those wages?)

It is my hope that we are reaching a turning point in education involvement in this county. I am proud of the members of FCER for having the courage to speak up about a problem that has been on going.

The only people that can change the additional atmosphere, demand quality and accountability are the citizens of Floyd County.

Now is the time!  
JOYCE EVERLY

### Reader Outraged By Cemetery Abuse

Dear Editor,  
I am a native of Kentucky but after what I have seen going on at the Bingham cemetery, I'm ashamed to admit it.

Where are all the Christians? Have you people of God given up? My people are buried on that cemetery today, but maybe—just maybe—tomorrow

The greatest advance royalty paid for any book is five million dollars for an unpublished work by James Clavell.

some of your people will be blasted and bulldozed over the cliff—all in the name of progress.

Seems the state says it's a problem for the federal government and the federal government says it's a problem for the state!

If they can't decide then don't you people think it's about time to get off your porch swings and make this person pay through the courts for the state and federal crimes, he is still committing against your town, not to mention the moral crime.

If he goes unpunished, what's to stop the next person from building on your mother, father or child's grave. Think about it.

### Gives Thanks To Friends

Dear Editor,  
I would like to take this means to thank the many friends who showed kindness to me during my recent illness, hospitalization and stay in the nursing home.

I wish it were possible for me to thank each and every one of you for what you did for me, but since that is not possible, I trust you will accept this note of thanks.

### College Seeking Former Students

Dear Editor:  
Those of us at Lindsey Wilson College are trying to find former Lindsey Wilson students who have been lost from our mailing lists.

We currently mail a quarterly newsletter to about 6,000 former students. Since Lindsey Wilson has been here 85 years, we know there are hundreds more "out there somewhere" whose addresses are unknown to us.

Former Lindsey Wilson students who would like to know more about the present state of the college, or who might be interested in joining old friends for the 1988 Homecoming November 19, should contact me care of the alumni office. The address is Lindsey Wilson College, 210 Lindsey Wilson Street, Columbia, Ky. 42748. The phone number is (502) 384-2126 or 384-2101, Extension 2048.

### Sheriff Praised

Dear Editor,  
I believe in giving credit where credit is due, and I wish to commend Sheriff Henry Hale and his deputies as well as the State Police for their crack down on Drugs and Drunk Drivers.

If any school groups, church group, or club want to have a good educational talk on drugs and alcohol, contact Sheriff Henry Hale. Only through education and rehabilitation can we overcome this menace.

### Broad Form Deed Causes Landowner Serious Problems

I am writing to ask all the good people of Kentucky to vote yes on constitutional amendment No. 2 on November 8.

It's a shame the way the people of Eastern Kentucky have been treated by these broad form deeds. My husband and I operated one of the first cable television systems in Eastern Kentucky. When a coal company started strip mining our land where our television antenna was, we tried to stop them.

We have never received compensation for all the damage done to us. My husband was even arrested for trespassing on our own property. A court order forced him to stay off the land where our antenna was located.

Let's give landowners the freedom we all should have a right to as citizens and taxpayers—the right to protect our land from destruction—by voting yes on constitutional amendment No. 2.

### GRANDPARENTS' DAY

By Wilmay

We let it pass but it deserves recognition the same as Mother's Day and Father's Day. The following is from Sonny's (Arthur Smith's) Scrap Book, and the poem was written by Alice E. Chase.

**WHO WILL TAKE GRANDMA!**  
Who will take Grandma/ Who will it be/ All of us WANT her/ I'm sure you'll agree/ Let's call a meeting/ Let's gather the clan/ Let's get it settled as soon as we can. In such a big family there's certainly one/ Willing to give her a place in the sun!

Strange how we thought that she'd never wear out/ But see how she walks/ it's arthritis no doubt/ Her eyesight has faded. Her memory's dim/ She's apt to insist on the silliest whim/ When people get older they become such a care/ She must have a home/ But the question is where?

Remember the days when she used to be spry/ Baked her own cookies and made her own pie? Helped us with lessons and tended our seams/ Kissed away troubles and mended our dreams/ Wonderful Grandma/ We all loved her so/ Isn't it dreadful she's no place to go?

One little corner is all she'd need/ A shoulder to cry on... Her Bible to read... A chair by the window with sun coming thru/ Some pretty spring flowers still covered with dew/ Who'll warm her with love, so she won't mind the cold/ Oh, who'll take Grandma now that she's old?

What? Nobody wants her/ Oh, yes, there is ONE willing to give her a place in the sun/ Where she won't have to worry, wonder, or doubt/ And she

won't be our problem to bother about. Pretty soon now God will give her a bed/ But who'll dry our tears when Grandma is dead?

Sometime in life most of us have known cases as described in that poem. A few families are negligible but most do not fit the category it portrays. Lest some reader who knows I am in twilight years ask if it is personal, NO! My daughter could not be more solicitous and thoughtful. She is really unsurpassed. I'd not trade my son-in-law for another anywhere. Truth is he once said they would move in with me if I ever got old!

And we got a very special bonus when Tom Flanery joined our family over three decades ago, for his mother

is Alva Flanery of Maytown who founded and for years taught the first church nursery in the community. In addition, she has lovingly reared two orphaned children, one closely related, the other distantly. It takes the best people in the world to do that. Alva did it voluntarily. She will leave her Christian imprint on many young people. If any woman is the epitome of the beautiful chapter, Proverbs 31 unquestionably it is she. If she is not making something gorgeous for a grandchild she is doing it for one of her many great-grands! A fundamental part of her nature is to be doing something for others.

It should be said here that my only son lives in Kansas and remembers his mom regularly in various ways though ill himself.

**STRENGTH FOR THE STORM**  
The Ray Maumaw family was visiting our home in Roanoke, Va., just before we moved back to Prestonsburg. We had taken our friends from Kokomo, Ind. to the Peaks of Otter, which is located on the Blue Ridge Mountain Range. A storm had taken place along the Purgatory Mountain Range.

Coming back, we noticed leaves and limbs scattered across the parkway; they had been dislodged by the wind and hail. Of course, the hailstones were small and not nearly large enough to send strong, sturdy branches crashing to the ground. The wind was no Hurricane Gilbert either.

Just as small limbs are tumbled downward by small hailstones, a medium sized 20 mile-an-hour wind, or even the weight of some junior-sized bird—it is the weak and shallow spirit that stumbles over pint-sized stumbling blocks.

Sometimes people will say, "I quit living the Christian life because some brother disappointed me," or, "I gave up the church because they never listened to my suggestions," or, "I slacked off because I felt that God let me down by allowing bitter disappointment and pain to come into my life."

Jesus warned, "It is impossible but that occasions of stumbling should come," (Luke 17:1). He was fair in letting us know that the lives of all of us would have inclement weather, "rains descending, winds blowing, floods coming," (Matt. 7: 24-29). We can't help it if winds mount to a gale and gentle rains give away to beating hail. We can help whether we allow these things to blow us over or knock us down.

Paul and Silas were beaten and thrown in jail in Philippi. In spite of the tornado-like pressures of Macedonia, they reacted by singing and praying in the midnight storm.

Never say, "The circumstances..." "the problems..." "the pressures..." "the difficulties..." beat upon me and made me weaken, or fall, or quit." If you have to throw in the towel, be mature enough to admit it: "I was too weak to stand up." Better still, "Be strong in the Lord; stand firm, play the man, be of good courage," no matter what.

**JESUS MINISTRY CHURCH**

A new ministry has opened up in Allen, Ky., above the grade school. It is called the Jesus Ministry Church. We are a free church, and believe in the Holy Ghost running the church not men, from the start to the finish. We believe in all nine gifts, and the miracle power of God. Here you will find it all, if you sing or are into music, or have a gift or calling of God of any kind, we want you to come to our church, and obey God. We will make you so welcome that you will think that you are at home. Here you will be so free that you will know that there is not another place like it.

We do need you, and we want you to know that we need you. We don't care if you are Baptist, Catholic, Church of God, or whatever. Let's come together and do a work in Floyd County that has never been done before. Also, the Shining Brothers Band will be there each service. These are four young people that have sold out to God and singing. This is one of the best bands in Ky. because they are doing it for God. You have to see them to believe how great they really are. We have young people working like you have never seen before. We let them know that they are wanted. We also preach the word of God here because it is the greatest thing in the world today, but we preach it as the Holy Ghost reveals it, not a doctrine. We have Bible study like you have never seen before, because we teach it as the Holy Ghost reveals it. I have written over two hundred books on everything from, "Is it wrong the way that people dress?" "Is tongues the evidence of the Holy Ghost?" "Is there life in outer space?" "What does the dead know on the other side?" to "Is Jesus coming soon?" and many, many more. I wrote them all as the Holy Ghost revealed it to me. God also gave me a special ministry to help people with any problem that they may have, and I have helped hundreds. The Holy Ghost shows me what the problem is and what to do about it. You can say that we are a Holy Ghost church from our head to our toe, because we do everything in the Holy Ghost. Here you can get help with any problem, and in any way. We believe in women preachers. Here you can preach any time. We are more than just a church, we are like a family. We want you to be a part of the family. We believe the only way to build a church is with a family love where the people in the church love each other just like their family. We have church on Saturday nights at seven o'clock, and Sundays at three o'clock in the evening. If you want to come and don't have a way, call me at 606-886-9679 and we will help you get here. If you need help of any kind call or write Rev. Woodrow J. Burchett, Martin, Ky. 41649. We also have revivals and we could help build your church with the band, the gifts and preaching the word. Call if you need us to help. We love everybody and can work with anyone. The pastor is Rev. Woodrow J. Burchett, the assistant pastor is Billy Hayton and one of our evangelists is Lee Crumb. See you in church Sunday.

**CARD OF THANKS**

The family of Velva Delong McGuire wishes to express our deepest love and appreciation to all the friends, neighbors, and loved ones, who sent food, flowers, or expressed their sympathy in any way.

A special thanks to Rev. Steve Hopkins for working with the family in his own special way. Also to Carters' Funeral Home for their kind and efficient service.

**GRAHAM McGUIRE AND FAMILY**

**THANKS**

From the bottom of my heart I would like to thank all my neighbors and friends for attending the funeral of my brother Kenneth Ray Isaacs.

Thanks for the food and kind words and everything else during this time. Special thanks to my brother's and sisters of the church for being there. May God bless each of you. Also Halls Funeral Home for their help during this time. Special thanks to our uncles: Vernon and Demas Reynolds and Kenny's many friends from Ohio. For the friendship they showed him during his life and death.

May God bless each of you.  
HIS SISTER: BRENDA AKERS

**CARD OF THANKS**

The family of Mary "Kathy" Mitchell would like to express our thanks and appreciation to our friends and neighbors from the Dwale and Endicott communities and to all our friends and relatives who sent flowers, food, cards and expressed sympathy in any way during the illness and passing of our wife and mother. A very special thanks to all the ministers and friends for providing the beautiful music, and to Nelson/Frazier Funeral Home for its kind, helpful and efficient service.

## Card of Thanks

The family of Ellis Ousley wishes to thank all those friends, neighbors, and family who helped them in any way upon the passing of their loved one. Thanks to those who sent food, flowers, prayers and words of comfort expressed. A special thanks to the pallbearers, Charlie Johnson, Theodore Spradlin, Dean Coleman, Allen Bolling, Doug Ousley, Eugene Ousley, Jason Ousley, the Regular Baptist ministers for their comforting words and to the Hall Funeral Home for their kind and efficient services.

THE FAMILY

## Card of Thanks

The family of Mae Wohlford would like to express our sincere gratitude and appreciation to the many friends and relatives who showed their concern and compassion during the illness and death of our mother. Please accept our heartfelt thanks for the flowers, food, cards and expressions of sympathy so generously given at this time.

We deeply appreciate the care and kindness the staff of Our Lady of the Way Hospital extended to our loved one during her confinements. Also, we will never forget Nurse Alice Hall who tended her so professionally and compassionately.

We are especially grateful to Reverend George Akers and Reverend Lorie Vannucci for their kindness to our mother during the long months of her illness and later for their comforting words. A special thanks to the singers for the beautiful songs and to the Hall Funeral Home staff for their gracious and efficient service.

## In Memory of Arnold Hunter

September 29, 1922 - August 10, 1986

If a miracle could happen, and God to me would say, "One wish I aim to grant you, on this, your Dad's birthday." My heart would leap with gladness, anticipation, too. For my life I've spent wishing that my greatest dreams come true. Once I would say, "Lord give me wealth and fame before I die. For surely I'll be happy, for what I want I'll buy." But now I know that one could have all the earthly gain, And still find no relief from sorrow, agony or pain. So now I'd say, "Lord let me gaze just once upon Dad's face, And if it's not too much to ask, to feel his warm embrace. To hear his voice, so full of love, to sense his presence near, To say I love you Dad, and know that my voice he could hear. Though wishes are for children, yet hope to me must say, There'll be a great reunion time, somewhere, somehow, someday.

"None knew thee but to love thee"

## In Remembrance

In Loving Memory of James Walter Gunnell  
September 30, 1885--October 10, 1980

Days of sadness still come over us,  
Tears of silence often flow,  
For memory keeps you often near us  
Though you died eight years ago.

"We realize that U.S. 23 is important to us, and it is helpful to have the state Chamber feel the same way," said the mayor.

The award presentation will be made at a luncheon Thursday, Nov. 17, at the Marriott Resort in Lexington. Latta expects approximately 20 people from Floyd County to attend.

"These cities have demonstrated that they are prepared for economic growth and jobs," said Jim Wiseman, Kentucky Chamber president. "Their community leaders have completed a detailed questionnaire and on-site

evaluation by economic development professionals. They are eliminating any obstacles to growth."

Among the first-time award winners was Pikeville, which had applied for the award twice previously.

Green Mile record set in 1984 by "D.C." (male), owned by Chris Hicks of Prestonsburg. Time: 47 seconds. Slowest race: 1984 - 20 minutes, 13 seconds. Rent a Tarp (turtle) for \$5 per festival!

**RULES, HELPFUL HINTS, INFORMATION, ETC.**

**Terrapins must run under own power.** Once into starting gate or area, no one may touch them except the officials. Owners and rooters may scream their charges into trotting, of course.

**No stimulant -** To be doused on, or injected into critter. This includes paint, oils, ointments, etc. Turtle must race in his own birthday suit. The Wildlife Division in Frankfort does approve our races!

**Terrapins only!** These may go under various names as Box Turtles, Box Terrapins, Land Tortoises, "Hard Hats", Hard Shells, "Tarpins", and Poppers (when hit by a ton and a half of factory-built metal). Ugh!

**No Water Turtles!** Again, may go under various names as "Snappin Turtles", Leather uglies, mean sliders, mud turtles, mud duddies and stinkers. Ugh! Double Ugh! Don't worry - remember the old tale, "they don't let go till it thunders"? True story!

**Losing terrapins to be turned into paddock after races to be returned to different woods (unless family pet).**

**All proceeds go to Our Lady of the Mountains School with donations to Apple Day and Jenny Wiley Festival.**

**What do you feed your entry?** Plenty of water to drink only, earth worms, bugs, garden vegetables and raw fruits and, as you well know from last year, an occasional finger! We also had an incident of a nose bite. Some terrapins do not like to be kissed - even if he did win a heat! They also like dirt, moisture, sunlight, warmth, shade and leaves to sleep in.

**WHERE TO FIND A SUPER DELUXE RACING STEED**

**Four Natural Habitats:**

**First - Soup!** Mashed Potatoes! Yuck! The best place to find your trotters is on the worst possible inaccessible curve on your local highway. It's nearly impossible to collect (or save) one of these guys amidst the honking of horns and screeching of tires as you nimbly dash out in front of two tons of factory-made machine. BE CAREFUL!

**Second -** The second place is your prized vegetable garden. Critters are found nibbling away glorious hunks of tomatoes, lettuce, melon, etc. Save them, though, they may pay you back.

**Third -** From your kid, baby brother, sister and/or family dog! These are the real aggressors - the real fighters. Don't be alarmed should these fellers not be "all together". Remember, a three-legged hoss won a race a couple of years ago! At least, you did it again. You saved HIM!

**Fourth - NOWHERE!** Good. Rent one of ours. \$5 per turtle. Available at track racing day.

**Goble Retires**

After more than 50 years' service to the *Floyd County Times*, Jimmy Goble retired Friday. He was honored by the newspaper with a dinner at May Lodge. Above, he is pictured with his father, H.L. "Printer" Goble, who was also an employee of the *Times*. His father was about 70 years old in the photo. At right, Jimmy Goble is shown as he designed a page recently. paper. On Tuesday, about 27 inches of flood water came into the building (luckily, the section that had been printed was put up high), he said. After the water receded, they cleaned out the press and printed the other half of the paper, and got the paper out the next week.

A funny moment was once provided by a complaint about a man's newspaper subscription.

"A man came in saying he didn't get his paper (he lived up in the county)."

Goble said. "Our stock answer was 'Maybe the postmaster is taking it home and reading it.' The man then said 'But I'm the postmaster.'"

During his last 50 years, Goble has also seen changes in the news.

"It seems to me we're getting more coverage because we are printing a bigger paper," he said. "Communication is better—in the early days it was hard to get around."

Since the newspaper business is a family tradition, working long hours was just accepted by his family, it's just the way it was.

His family is his wife of 47 years, Marie, their children Lynn, Lou, Lana

and Edward, and grandsons Michael and Benjamin.

But work has not been the only thing in his life. He has been an elder in the Presbyterian Church since 1946, been a member of the Zebulon, Masonic Lodge for 42 years, serving as secretary 29 of those years, and was president of the local American Association of Retired Persons for three years.

But now that Goble is retiring, what will he do?

At first he said he would just lounge around for a while, but Monday he came into the office, "just to help out a little."

**School Board Race**  
(NOT A TRUTH OR CONSEQUENCES GAME)

There seems to be two sides to Ricky Hamilton's campaign. He spent all last week telling voters at Wheelwright, he was responsible for the school site at Hi Hat being selected and could prove it in writing, but I can't help but wonder if he is just saying this to get votes or is ashamed of being one of the leaders in the fight to have the non-existent school built at Minnie!

In sixteen years with Mary Hall on the School Board, we see fat salaries for the central office personnel, while our children at Wheelwright High School have no heat in the winter and McDowell High School is held together with steel cables. Plus the fact that, at the same time, she has the two communities fighting over a school that, in my opinion, was never meant to be built!

If you don't want a full time doctor or a full time mine inspector as your part time board member then your best choice is a budget-conscious, penny-pinching mother, who would be a full time board member.

Each time I don't put an ad in the paper, the other candidates try to convince you I have dropped out of the race, when in fact, I don't buy an ad every week to save money, because I will not accept contributions from special interest groups and when I am elected, I will not be obligated to anyone except you the Voters and Your Children.

## Battle With Leslie County Is Do Or Die For Blackcat Hopes

It wasn't bad enough that Belfry was fresh off their first loss of the season, falling short at Pikeville. Prestonsburg had to walk smack into a Pirate Homecoming.

It isn't bad enough that after playing Paintsville, Kentucky's third-ranked Single A team, and CAPE, Ohio's number-two rated team in division III, the Blackcats had to play at Belfry, 6-1 and one of Kentucky's best 3A squads.

Just when Prestonsburg players and followers thought things were getting tough, they now have to travel to Leslie County for a district game that could go a long way in determining the fate of the Blackcat playoff hopes for this season.

"If we win, our playoff hopes are alive. If we lose then our chances will be pretty bleak," Bill Letton, Prestonsburg's coach, said of the upcoming district contest.

The Blackcats, coming off a 29-6 loss to Belfry where Letton found plenty to be proud of, are 1-1 in district play, and if they beat Leslie County Friday night they would be in contention for one of the two playoff spots.

"Playing against Paintsville and CAPE must have helped us, because we definitely played better," Letton said of his team's performance against the Pirates. "Hopefully this game will help us get ready for this week, because we've got a biggie coming up."

Leslie County, which lost two of its first three games to begin the season, and is 4-3 on the year, has won its last two games, thrashing Betsy Layne and turning back Wayne County 24-22 Friday.

"I don't think they're as good as they were last year (the Blackcats lost at Prestonsburg in a high-scoring game against Leslie County last year) but they're peaking right now."

"They played Belfry (6-1) and Bell County (6-0) tough, which is hard to do," the coach said. "They're a tough defensive team, and a big, strong, physical team."

Prestonsburg wouldn't guarantee itself a playoff spot with a win, but if they defeat Leslie County, get help from Whitesburg or some other district team, and win their final two district games, they would earn a post season position. The Blackcats haven't been to the playoffs since 1985.

Prestonsburg, though, is coming off one of its better performances of the season, although the final score wouldn't indicate it.

The Blackcats, 1-6, scored on their first offensive possession of the game, taking a 6-0 lead, but a bad snap and a questionable call figured in nine Belfry first half points, helping the Pirates to a 15-6 halftime lead.

Belfry scored two points on a safety when Prestonsburg mishandled a punt play as the snap from center wound up in the end zone.

The Pirates added a touchdown on a fourth down play which Letton thinks could have been stopped short of the goal line.

"They scored in the second quarter on a fourth and one, from the one—which I thought was a questionable call. But the official apparently saw him cross the goal line, so that's what we had to go with," Letton said.

Prestonsburg had scored on the first offensive drive of the game, marching 61 yards, and scoring when quarterback Tim Trusty hit wide receiver Jamie Howell with a 12-yard touchdown pass.

The Blackcats had moved the football effectively in its scoring drive, but that was the last time the squad

managed to find paydirt, leaving them still looking for their second victory.

"We really played well in the first half, but we had a little let down in the third quarter that hurt us, but I was pleased with the way we played," Letton said.

Prestonsburg, which was held to under 200 yards of total offense, had one goal line stand that stopped the Pirates without points when the Blackcats intercepted a pass. They again stopped Belfry later in the game after the Pirates had marched deep into Blackcat territory.

Senior fullback Kevin Dotson led the Prestonsburg rushing game, running nine times for 38 yards. Aaron Flannery rushed for 20 yards.

Tim Trusty completed seven of his 18 passing attempts for 118 yards and the one touchdown to Howell.

Howell, in addition of the touchdown reception, caught two other passes. Tight end Danny Hamilton, who had knee surgery two weeks ago, hauled down three passes as well.

Hamilton, a senior, wasn't expected to see much action in Friday's game, but Letton said he decided to use Hamilton sparingly, and added that the end did a good job.

Tailback Dennis Smith suffered an injured ankle in the first half, and may not be available for this week's contest at Leslie County. Smith shares the tailback position equally with junior Aaron Flannery.

Prestonsburg will take next week off before returning home Oct. 21 for a district game with Morgan County. This week's game will determine the importance of the upcoming battle with the Cougars.

## Short Sports

Despite repeated mention of releasing Pete Rose from his managerial duties if the Cincinnati Reds did not win the NL West, Marge Shott, majority owner in the Reds, signed Rose this past week to a new contract.

Shott said at the least, Rose would have to take a pay cut if he expected to manage Cincinnati come 1989, but the manager said he did not sign for less than the \$500,000 per year he had been receiving.

Rose and Shott agreed to a two-year pact Friday, but exact terms of the deal were not disclosed.

Rose has managed Cincinnati for four complete seasons, in which the Reds have finished second each year. Since taking over the club in 1984, Rose has compiled a 365-322 record. That is one of the best records for the period.

The Reds, which fell short this season to Los Angeles, won 10 of their last 12 games. Rose says they finished the season a much better team than when 1988 began. He also says that he is the man to manage the Reds, because he cares more about the Cincinnati Reds than anyone on "God's little earth."

Two Florida State basketball players and several present and former Kansas basketball personnel, including former coach Larry Brown, were all questioned Friday by the NCAA.

According to reports, the NCAA spoke last week to George McCloud, the team's leading scorer, and Aubry Boyd as part of its investigation into Florida State's athletic program. Recently, the NCAA spoke to members of the FSU football coaching staff.

Friday afternoon several people met with the NCAA, which is investigating 14 different charges suspected of the Kansas basketball program.

Some of the allegations involve boosters, and because of that school officials do not expect major penalties as a result of the current probe.

The NCAA is looking into several other rumors of rule breaking at schools across the nation.

The University is the most highly publicized and controversial but Western Kentucky University may soon come under investigation, and U of L is conducting its own, looking into allegations that forward Tony Kimbro might have received higher grades in high school than he deserved in order to qualify for a scholarship.

The National League Championship

Series opened last night in Los Angeles as the Mets, winners of the East, tangled with the Dodgers, winners of the West. Orel Hershiser, who Wednesday established a new mark for the most consecutive scoreless innings, 59, pitched against Dwight Gooden.

Hershiser, the odds on favorite to capture the Cy Young award, will probably pitch again in game four Saturday in New York.

The AL Championship Series opens today with Oakland and Boston doing battle in Bean Town. The Athletics, which won more games than any other Major League team, is expected to throw Dave Stewart while Boston will probably counter with Roger Clemens. Clemens led the AL with 291 strike outs and Stewart found 192. Game time is set for 1:20.

The NLCS continues tonight at 10:08 when 20-game winner David Cone will do battle with either John Tudor, who was forced from his last start to hip problems, or possibly Tim Lincecum. Cone is also a Cy Young candidate. He finished the regular season with a 20-3 record, and a 2.22 ERA, the lowest among all Major League starters.

The National League will take Thursday off for a travel date before resuming play Friday at 8:20 in New York. The Mets will probably pitch Sid Fernandez while LA could go with either Leary, Fernando Valenzuela, or Tudor.

The fourth game will be played at 12:20 in New York. Then, if necessary, the teams will move back to LA for games Tuesday and Wednesday nights, starting both times at 8:20.

The Dodgers, which have a one game home field advantage in the series, finished with a better road record than home record, only 10 games above .500 in LA.

Oakland, having the one game advantage in the ALCS, returns home after playing in Boston Thursday. The Athletics have Bob Welch scheduled to pitch that game against Red Sox left Bruce Hurst.

The two play Saturday and Sunday in Oakland and, if necessary, the fifth game Monday will be played in Oakland. The series then switches back to Boston for games six and seven Tuesday and Wednesday.

Thursday's game begins at 8:20. Saturday's first pitch will be thrown at 8:20, and Sunday's game is scheduled to begin at 3:00. Both League Championship Series will be televised by ABC. The World Series this year will

GETTING AWAY: Vic Cotton avoids the tackle of Bear Halbert (35) during a carry Friday night. Cotton scored two touchdowns as Wheelwright defeated the Rebels.

## Speed Bests Size As Trojans Turn Back ACHS 26-2 Friday

Roger Johnson was concerned about Allen Central's bigger linemen. Donnie Daniels had himself all worked up over Wheelwright's superior speed and quickness.

In high school football, it's better to be fast than huge, or at least Friday night's contest at Brackett Field proved that fact as the Wheelwright Trojans ran by Allen Central 26-2 in a hard-hitting district contest.

"I was worried coming in about their size," Roger Johnson, Wheelwright coach, said after the game. "They're a lot bigger than we are, but we were quicker. Our speed won it for us."

Wheelwright's speed, which is well divided among several players, resulted in scoring plays that covered 34, 35, and 37 yards, and turned possible big Allen Central plays into turnovers and big plays.

"We missed tackles all night," Rebel Coach Donnie Daniels said. "That contributes to their athletic ability. They've got a lot of God-given abilities."

The Trojans shut down Allen Central's offense, intercepted two passes, and recovered two fumbles in winning its first district game of the season. Wheelwright, 2-4, turned all four of those turnovers into touchdowns.

"We just didn't execute," Daniels said. "I thought we could run the football against them. We came out and tried to run it, but we missed a lot of blocking assignments."

"They played good defense," Daniels continued, "and I'll have to contribute that to good coaching. They showed us a lot of different formations. They kept shooting six and eight guys at us and we just failed to pick them up."

Wheelwright held the Rebels to under 200 yards of total offense, giving up 93 in the first half and 99 in the second half. They held Allen Central to under a four yard per rush average, and let the Rebels complete only three passes.

"We ran multiple fronts at them," Johnson said, describing Wheelwright's defensive scheme of things. "We ran three different fronts at them. I don't think we could have stopped them with just one front."

Allen Central's offensive line averages about 20 pounds per player more than Wheelwright's defensive line, so Johnson and company opted to keep the Rebels off stride rather than simply knock heads with the bigger squad.

"We worked hard at it," Johnson said of his defense. "Our defense just did a good job."

The defense gave Wheelwright's offense good field position on its first scoring drive by recovering a Rebel fumble on the AC 22 yard line.

The Trojans, on its first possession of the game, drove the football to the Allen Central nine before eventually being turned away scoreless when they missed a field goal attempt of 33 yards. A two-yard loss on a running play, and a delay of game penalty had pushed them back.

But Wheelwright, thanks to the running of quarterback Bobby Hood, wouldn't be denied on this chance. After Hood, who rushed the football five times for 60 yards, ran to the four, and from there Vic Cotton, the Trojans' leading rusher, barely broke the plane of the goal line to give his team a 6-0 lead.

Cotton, who ran for 89 yards on 11 carries, swept around right end, and, when hit, the Trojan runner stretched his arm and the football across the goal line. Although Allen Central came up with the football, officials ruled the play a Wheelwright score.

In the third quarter, trailing 6-0,

Allen Central quarterback B.J. Aldrich, looking for tight end Jamie Hall, had his pass picked off, and that turnover led to a Trojan score as well.

Defensive back Handy Jackson made the diving pickoff on the Trojan 34 with 7:25 remaining in the period.

Three plays later, just after a clipping penalty negated a long Cotton run, Hood threw off to his left to Chad Hall, who ran on into the end zone, completing the 34-yard scoring completion.

Hood, according to his coach, is improving with every game, and Friday the junior quarterback accounted for 140 yards, 80 through the air. He completed six of 11 passing attempts.

Just over two minutes after he had thrown a touchdown pass, Hood intercepted a pass, taking one away from Hall, who almost pulled the throw from punt formation in.

On the next play Wheelwright transformed the turnover into six points as Handy Jackson broke loose for a 35-yard touchdown scamper, putting the Trojans up 20-0 with 3:04 left in the third period.

Wheelwright scored its final time with 10:28 left in the game. After Chris Thornberry recovered a Rebel fumble on the 37, Cotton scored on the first play

from scrimmage, dashing straight up the middle for the touchdown.

The win gave Wheelwright one more than they had all of last season, and they are 2-2 in district play.

"It's a district game, and anytime you win a district game, it's nice," Johnson said. "Of course, we're a lot better off now than we were this time last year."

The Trojans, who beat Fairview at home for their other win, will play at Brackett Field this week, taking off Virgie Friday in an 8 p.m. kickoff.

Allen Central, 2-5, travels to Hazard this week for another district battle, taking on the Bulldogs, who are battling Paintsville and Raceland for the two playoff spots.

"We'll have to start over again. We'll start Monday preparing for Hazard, and hopefully we'll look better against them," Daniels said after the game.

Allen Central, which had won two of its last three games, scored their only points in the fourth quarter when Brian Wallen tackled Handy Jackson in the end zone for a safety.

The Rebels were led in rushing by Mickey Parsons, who ran 25 times, picking up 85 yards. Jamie Hall caught three passes for 26 yards.

## The Sporting Times

My Mom thought I was crazy. My Dad thought about killing me.

Think what you might, parents, but I had good clean fun, and I had good clean heroes.

I guess just about every American male since the advent of radio can relate to the youthful game of being every major league hitter going head up against every major league pitcher.

Give me a warm summer day, a pile of rocks and a well-rounded stick, and life couldn't have been better, especially with the Reds on radio.

About 15 minutes before air time, I would start the preparations; hunting out the best gravel from the driveway and making sure my supply of Louisville Sluggers (which consisted of a tobacco stick or broken hoe handle) were sufficient for the all-important upcoming contest.

Al Michaels and Sparky Anderson would chat for awhile, and I absorbed all that, making mental notes of every tip or hint a major leaguer would need. The On-Deck Show, hosted by Joe Nuxhall, would follow, and most of his guests would be players—probably the ones who had enjoyed success lately, but not enough to warrant a star-of-the-game appearance.

This was the time to sit under the window, which served as a holding place for the radio, allowing the upcoming broadcast to be heard on the other playing field... our front yard.

Every thing a player said was baseball gospel to me. I can still quote 90 percent of each public comment Tom Seaver ever made. When the old lefthander had a hitter for a guest, my duty for the day was to work on the tips I had heard.

As is the format today, they would go through the pitching matchups, playing of the National Anthem, and other details leading up to the big moment.

The tummy thing is every game seemed like the last game of the World Series, regardless of whether Cincinnati was 12 games up or 20 games behind. From age eight through 16, I never turned off a broadcast, regardless of the score.

But back to the game. When the Reds batted, I batted. I was a Pete Rose singles hitter, throwing the gravel

away, and taking it to the opposite field.

Johnny Bench brought out the homerun swing in me, and sometimes I would even clear the creek that ran beyond our cornfield.

When the Reds played defense I listened, too frightened to play in fear of the opposition scoring runs.

My mom couldn't understand why I was so upset after three gravels managed to elude three swings in a row. I never walked, probably from listening to too many Rennie Stennett at-bats.

Dad, he was amused by the whole thing, but didn't appreciate it much by season's end. That load or two of gravel he had bought early in the spring had suddenly turned into a bad topsoil for next year's corn.

Those days were spent mostly as an offensive player, hitting sharp, biting Steve Carlton sliders and John Matlack fast balls. That '73 Mets pitching staff never seemed to get me out, and for several glorious years the Reds and I enjoyed tremendous success.

But on one warm summer day while sitting in the shade of the house's overhang, I heard Nuxie ask Pedro Bourbon, "How did you get your arm so strong to be able to throw just about every day?"

"Threw a lot of rocks," the Cincinnati reliever answered in his broken, but understandable English. "I threw a lot of rocks as a boy."

Well, that did it. I'd always admired Seaver and Jack Billingham. My first senior league season and my first-ever year of organized baseball had just started, and all of a sudden I thought that maybe if I threw a lot of rocks my arm would someday be like Pedro's.

My offensive exploits had depleted the driveway of its smaller gravel (they went farther), but to strengthen my arm it would take heavier rocks. It worked out just great, seeing that the big rocks were about the only ones left.

Now, when Cincinnati played defense, I pitched. My hitting had taken a back seat. Heck, I couldn't hit much anyway.

Somewhere along the line I had learned that about 100 pitches was

OFF THE FINGER TIPS: Allen Central end Jamie Hall barely misses this B.J. Aldrich pass Friday night. Hall, though did haul down three passes.

**Earns Shutout**

The Prestonsburg Grade School junior varsity football team recently shutout Paintsville, earning a 20-0 shutout.

**Kentucky Fishing Report**

Fishing activity over the Oct. 1-2 weekend was light to moderate statewide. The fall fishing season is in full swing, as most lakes reported bass and crappie being caught in shallow water. The lake-by-lake report:

**Kentucky:** Largemouth bass were hitting plastic worms 5-10 feet deep along drop-offs and along creek channels; catfish were hitting minnows and nightcrawlers 30-40 feet deep along main lake river channels; clear, stable at one-half foot above summer pool and 75 degrees.

**Barkley:** White bass were taking crankbaits, spoons and buzzbaits 5-10 feet deep along creek channels and (ditches in flats) in open water; largemouth bass were hitting crankbaits and plastic worms 10-15 feet deep along shallow rocky points, drop-offs and shoreline cover; clear, stable at one-half foot above summer pool and 76 degrees.

**Barren River:** Crappie were taking minnows 10-15 feet deep over brush piles; largemouth bass were hitting top-water lures and spinnerbaits from the surface to 5 feet deep along stump rows, weed beds and shallow cover; clear, stable at one foot below summer pool and 70 degrees.

**Nolin:** Largemouth bass were hitting plastic worms and crankbaits 5-15 feet deep off rocky points and drop-offs; crappie were hitting minnows 15-20 feet deep along drop-offs; clear, falling, one foot below summer pool and 74 degrees.

**Rough River:** Largemouth bass were hitting plastic worms 5-10 feet deep off points; crappie were hitting minnows 10-15 feet deep along creek channels; clear, stable at four and one-half feet below summer pool and 74 degrees.

**Taylorville:** Largemouth bass were hitting crankbaits and plastic worms 10-15 feet deep along creek channels; crappie were taking minnows 10-15 feet deep along stump rows; murky, stable at four feet below summer pool and 74 degrees.

**Herrington:** Largemouth bass were hitting plastic worms 5-15 feet deep along the shoreline; bluegill were hitting crickets 10-15 feet deep in submerged cover; clear, stable at 19 feet below summer pool and 76 degrees.

**Green River:** Crappie were hitting minnows and jigs 5-15 feet deep along stump rows, creek channels and over submerged trees; largemouth bass were hitting spinnerbaits, crankbaits and plastic worms 1-15 feet deep off rocky points and along drop-offs; clear, rising, at summer pool and 73 degrees.

**Upper Cumberland:** Kentucky bass were hitting live crawls 15-20 feet deep off rocky points; largemouth bass were hitting spinnerbaits 1-5 feet deep along creek channels; clear, stable at 33 feet below summer pool and 75 degrees.

**Lower Cumberland:** Striped bass

**Bobcats True To Form In Winning At Elkhorn City**

Betsy Layne head coach Vince Tucker seems to think his Bobcats like to play hard one Friday night, doing the things that make the coach happy, then come back the following Friday and do close to nothing.

After losing big last week at Leslie County, it was the Bobcats' turn this week to play their impressive game. And they did.

Betsy Layne, leading 3-0 at halftime, scored 14 points in the third period, and their defense held Elkhorn City scoreless, allowing the Bobcats to record a 17-0 shutout on the road.

The Bobcats, 3-4, have won two of their three games on the road. They had won earlier at Magoffin County, which was their first victory of the season.

"We finally put it together," Tucker said, mentioning a slow first half as compared to a successful third period.

"It was one of those weeks," he continued. "It seems like we play well every other week. In the Fleming-Neon game (a 32-0 loss) we didn't play that well, but we came back the next week and did the job. The next week was a bad one for us, but then we came back to play well against Johnson Central."

"We beat Sheldon Clark, but the kids weren't ready to play against Leslie County. I don't really know what it was. But we came back this week and had a pretty good second half."

Betsy Layne, after struggling in the first two quarters, scored twice in the third period on a long run from Chris Kidd, and a pass completion as Kevin Spurlock connected with Brian Osborne for a touchdown.

"Their biggest problem was their size," Tucker said of Elkhorn City, which played the Bobcats tough in the first half. "They had one big kid, but overall they were real small. Their ends were like 5'9", 150, and I think they kind of wore down as the game went on."

The Cougars, which defeated Betsy Layne at Mile High Field last year to break a six-game, season beginning losing streak, held the Bobcats scoreless until Chuck McKenny kicked a 25-yard field goal late in the second quarter.

"In the first half they gave us fits. They were stunting their linebackers and we failed to pick them up and give Kevin time to throw the ball," Tucker said.

"In the second half we ran some dif-

ferent plays we hadn't been running, and our line picked up on their blocking," the coach added.

At least on two plays whatever they did differently worked, especially on their first play from scrimmage. Chris Kidd, Betsy Layne's leading rusher this season, broke loose for a 45-yard touchdown run. Following McKenny's kick, the Bobcats lead 10-0.

Elkhorn City, which had won two games coming into Friday's contest, never mounted a successful scoring threat. "Defensively, we played well," Tucker mentioned. "But they didn't really do anything to hurt us. They just had one or two big plays."

Betsy Layne, the winningest team in Floyd County, scored its last points near the end of the third quarter when Spurlock, who took over the quarterbacking duties in the Sheldon Clark game, threw a 15-yard touchdown pass to Brian Osborne.

The Bobcats, who hasn't beaten a team with a winning record yet, plays this Friday at Whitesburg, a district contest that could be the stiffest yet for Betsy Layne.

The Yellow Jackets, led by all-state candidate Charles Mathew, defeated Fleming-Neon 13-7 Friday in overtime. Fleming-Neon shutout the Bobcats in the school's season opener.

"Coming off this win, I hope we go up there with the attitude that we can play," Tucker said. "They jumped on us last year, and I know they'll be coming for us again."

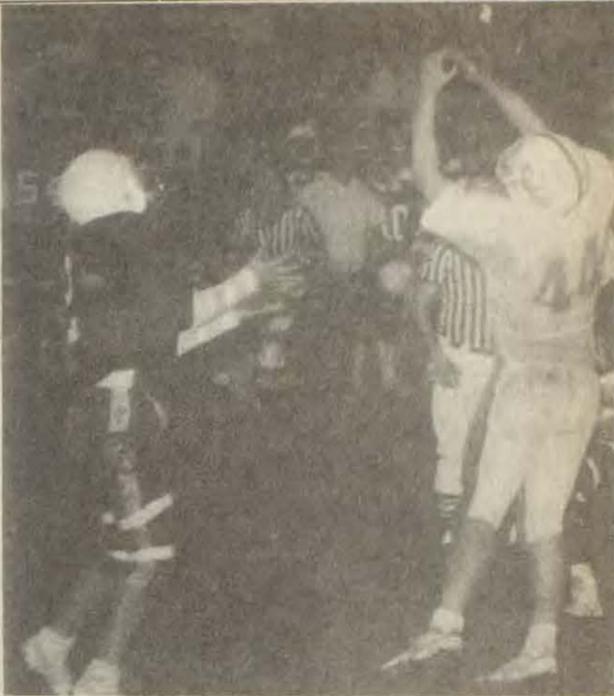

"Whitesburg is always a tough team. If we can contain some of the things they do offensively, and put some points on the board I think we'll be alright."

Mathews is one major reason why Tucker is concerned with Whitesburg, and the talented tailback is the major reason why the Yellow Jackets are the favorite to capture a district title.

"We're definitely going to have to contain him. From what other coaches have told me, he's really doing the job this year."

Mathews, a senior, is one of the state's leading rushers, averaging nearly 150 yards per game on the ground.

Betsy Layne, 0-2 in district play, returns home next Friday night after playing four consecutive games on the road. They will be playing another district foe, this time taking on Morgan County.

usually a good number for a pitcher to throw during a successful start, so that's how many I threw. It wasn't hard counting out 100 rocks—but these were the larger ones, and carrying them back to within earshot of the radio was.

It didn't help much, though. I never could throw hard, although I did manage to pitch a game or two in high school. I guess I should have kept working on my hitting, at least occasionally, because in two years of high school baseball I had one hit—a bunt single that stopped itself in the mud at Sheldon Clark.

Now that I look back on those days, I wonder if any youngsters still practice the art of playing with the big leaguers, or whether their days spent with Nintendo games and HBO comedy specials.

I guess, though, that playing along with Cincinnati isn't as much fun as it was in the '70s. There aren't many Johnny Benches and Tom Seavers left to rely on.

Now we have an NFL filled with drugs, which the courts won't allow to be corrected. Drugs aren't the only problems in professional sports.

In my days as a professional baseball player, even though I never got any further than my front yard, nothing was heard about drugs. Maybe the problem now with drugs, and poor role models, is the media's eagerness to find negativity.

A Charles White might not be the perfect role model, but Hollywood Henderson said it best when he said that when a kid has to look beyond his supper table for a role model, something's wrong in the house.

Stop the foolishness about drugs. We're spending millions on a problem that we've made worse trying to solve. When you're talking about setting bad examples for our children, just mention Wade Boggs and his traveling companion, someone other than the one he had pledged his loyalty to.

Throw in the name of Mark Gastineau. He took Rambo's woman,

for goodness sake!

"Where have all our heroes gone?" Bill Anderson asked in a country song. Look around your house; they'll probably be sitting right beside you.

If not, just go outside, find some nice rocks (as round as possible), and be Willie Pops' Stargell for awhile.

Kentucky let one slip away, and Eastern finally won one, in college football this week across the state. UK, flirting with the year's biggest upset, led Alabama by 17 at halftime, and by 13 going into the fourth quarter, but lost 31-27 as the Crimson Tide scored with less than 10 seconds to go.

The Wildcats, 2-3, got 132 yards from Alfred Rawls on the ground, but still lost. They are now 0-2 in the SEC.

Eastern, which won its first OVC game, broke a two-game losing streak by beating Tennessee State 10-0 in Richmond Saturday. The Colonels take to the road this week, traveling to Austin Peay for a battle with the Governors.

Morehead State, playing without head coach Bill Baldrige, failed to hold a 17-6 halftime lead, and fell to Division 11 Samford 18-17 at home. The Eagles, which open conference play this week, saw their record slip to 1-4 when Samford scored a touchdown with 48 seconds left.

Morehead will open OVC play this week when winless Murray State comes to town Saturday. The Eagles and Blue Racers may be playing for who stays out of the bottom of the final OVC standings.

Louisville, which has proven explosive in their last two games, scoring over 70 points, plays at home against Tulsa, and Western is also at home, taking on Illinois State.

# Tulsa Provides Homecoming Opposition

Records Fall for Jay Gruden—Jay Gruden became the all-time passing leader at U of L when he threw for 234 yards vs. So. Miss., surpassing the mark held by Ed Rubbert (5,496/1983-86). Gruden now has 5,673 passing yards... Gruden broke John Madeya's all-time touchdown record (34) vs. So. Miss. when he threw for three TDs. Gruden now has 35 career touchdown passes... Gruden also broke Ed Rubbert's all-time offensive attempts record (966) when he had 36 offensive attempts vs. So. Miss. He now has 994 offensive attempts in his career... Gruden (5,311 total yards) moved into first place on the all-time total offense list when he had 287 total yards vs. North Carolina, passing Ed Rubbert (4,989)... He needs just 36 passing attempts to break Rubbert's 873 career passing attempts... During the North Carolina game he also became the all-time leader in pass completions when he had 26 completions. He moved past Ed Rubbert who formerly held the record (430). Gruden now has 451 pass completions... In his three years at U of L he has completed 52.1 percent of his passes. The career mark of U of L is 50.6 set by Tom LaFramboise (1962-64).

Deon Booker—Booker's 106 rushing yards vs. So. Miss. marks the first time U of L back has rushed for over 100 yards in three consecutive games since Nathan Poole carried for 161 vs. Memphis State, 151 vs. Tulsa and 136 vs. Dayton in 1977, an 11-year span. Booker had 154 yards vs. Memphis State and 125 yards vs. North Carolina. He needs just 231 rushing yards to move into fifth place on the all-time rushing list ahead of Calvin Prince (2,108/1976-77). Booker now has 1,828 rushing yards. Booker (102 points) also moved into sixth place on the all-time scoring list with his two TDs vs. North Carolina. He needs 39 points to move past Calvin Prince (140/1976-77). In U of L's first five games last season Booker rushed for 197 yards (100 vs. Tulane, 3 vs. Cincinnati, 0 vs. Purdue, dnp vs. Murray State and 94 vs. So. Miss.). This year he has gained 476 yards (49 vs. Maryland, 42 vs. Wyoming, 154 vs. Memphis State, 125 vs. N. Carolina and 106 vs. So. Miss.). Booker's 95.2 rushing average puts him on pace to break the 1,000-yard rushing mark. The last U of L back to gain over 1,000 yards in a season was Nathan Poole in 1978 (1,394).

Last Week—Louisville (2-3) lost to So. Miss., 30-23 despite holding a 10-0 first quarter edge. A heavy rain hampered play, but with five minutes remaining and the score tied at 23, the Golden Eagles scored the decisive touchdown when Shelton Gandy scored on a three-yard run with 1:12 left in the game. On the day Gandy rushed 29 times for 110 yards and three touchdowns. Jay Gruden became U of L's all-time passing leader when he threw for 234 yards. He also became the all-time touchdown passing leader with his three TD passes. Anthony Cummings' two touchdown pass receptions equaled a career high. Deon Booker also rushed 17 times for 106 yards, the third straight week he's carried for over 100 yards.

Tulsa (1-3) lost to Oklahoma State 56-35 as Barry Sanders ran for 304 yards and five touchdowns for the 13th-ranked Cowboys. Sanders, who leads the nation in rushing, scoring, kickoff returns and all-purpose running, ran from scrimmage 33 times. He scored on runs of 35, 26, 11, 7 and 9. Tulsa, unable to get past the OSU 44 in the first half, scored all of its points in the second half. Quarterback T.J. Rubley completed 20 of 49 passes for 297 yards.

Notes—Deon Booker's 106 rushing yards marks the third straight week he's rushed for over 100 yards. The last rusher at U of L to gain over 100 yards rushing in three consecutive games was Nathan Poole in 1977, an 11-year span... Anthony Cummings two TD receptions vs. So. Miss., equaled a career high. He had two vs. Tulsa last season... Calvin Dixon's touchdown catch vs. So. Miss. marks the first TD reception since he caught one as a freshman in 1965... Jay Gruden's three TD passes vs. So. Miss. marks the fourth time in his career he's thrown

three or more TD passes... Ron Bell's 46-yard field goal vs. So. Miss. was the longest of his career... Louisville's four fumbles vs. So. Miss., marked a season high... Keith Stephens ranks 11th (167.8) nationally in all-purpose rushing with nine punt returns for 105 yards, 18 kickoff returns for 396 yards, 48 rushes for 243 yards and nine receptions for 105 yards. He had his longest punt return (37) of the season vs. North Carolina... Gruden ranks 19th nationally in total offense with 234 yards per game. Gruden is on pace to break the 2,000 yard passing mark like he did a year ago. Last season after five games he passed for 971 yards (Tulane 296, Cincinnati 119, Purdue 266, Murray State 219, So. Miss. 71). This season he has thrown for 1,254 yards (Maryland 319, Wyoming 207, Memphis State 171, North Carolina 323, So. Miss. 234), 283 yards more. No quarterback in U of L history has ever passed for 2,000 yards in back-to-back seasons... For the first time all season, Chad Fortune failed to catch a pass vs. So. Miss... Eric

Broomfield had the finest day of his career when he caught five passes for 95 yards. His 65 yards receiving are the most by a U of L receiver all season... U of L's passing offense rank 13th nationally with 261.4 yards a game... Anheuser-Busch will give away free nerf footballs of the Tulsa game.

Schellenberger Quotes—(So. Miss.) "So. Miss. played a very good game, worked and struggled and came back. I think they beat a heck of a football team. I'm very disappointed we didn't win, but I'm proud of my players as if they had won. Some of the errors we made, made it a lot more difficult to win, but we slugged it out with them for a full 60 minutes."

(On Tulsa) "I'm proud of the way the kids have responded and we will need added improvement against Tulsa and the rest of the schedule to continue the development of this program. It's our Homecoming game against Tulsa and that should be incentive to play well against a tough club that we fought long and hard last year."

# Slug Hunting For Deer

By Ron Schara

A few deer seasons ago, a shotgun slug hunter was tramping the woods with a severe and sometimes mysterious handicap. It wasn't the wrong wind direction, or a trail of noisy oak leaves. It wasn't bad body odor, or packs of deer-chasing dogs, or a dozen other hard luck dilemmas a deer hunter may face.

It was the shotgun slug. Specifically, the deer hunter's handicap was the weapon's accuracy. And the only thing mysterious about it was the shotgun slug's direction of flight. It seldom flew in the same spot twice.

And the first shot was always considered a miracle. A miracle? Oh, yes, it was a miracle when the slug DID go where it was aimed. The first time I hunted with the shotgun slug, the biggest buck in the woods was safer than the tree it was standing by.

Frankly, that was the idea.

As the remarkable comeback of the nation's whitetail deer spread into farm county during the last several decades, wildlife managers looked for a way to allow deer hunting without over-harvesting the population. In the wide open farm country, the deer would be more vulnerable to hunting pressure, state game managers figured, particularly with rifles.

Thus, the shotgun slug zone was created.

Today, most states from the Mississippi River eastward have all or portions of the state established as deer hunting zones for shotguns only, which usually means shotgun slugs.

Early on, the shotgun zones had a special purpose.

The shorter range of the shotgun slug was viewed as a safety measure in deer country where farms and homes might be over the hill.

History will show the shotgun slug has performed as expected on both accounts. While it was reasonably safe for use in rural hunting areas, the slug's accuracy certainly didn't jeopardize the deer population.

Times change, so do deer management and shotgun slugs.

Now we know the whitetail deer has a remarkable ability to live and prosper in close proximity to farms and

suburbs. Over-hunting is seldom a threat in today's regulated seasons. In fact, the opposite is true. Many farmland states are reporting record numbers of deer.

But one problem persisted: Shotgun slug hunters were still carrying that handicap—aim and hope.

The times are changing again, however; finally, the shotgun deer hunter has received a much-deserved break in his quest for whitetails. In recent years, both the shotgun and the lead slug have been redesigned for a more accurate combination afield.

For example, the makers of shotguns have developed "deer models," designed with shorter, more accurate barrels.

A major breakthrough in accuracy occurred with the development of rifled slugs and technological improvements in uniformity. One major manufacturer, Federal Cartridge Co., redesigned its slugs with a hollow point to improve shocking power.

In addition, Federal applied rifle ammo savvy to the question of accuracy in its rifled slugs. As a result, Federal increased muzzle velocity and slug energy (measured in foot-pounds) until the Federal slug was resembling a .30-30 deer rifle at 50 yards.

Yet, a shotgun slug is only as accurate as the shooter. Today's rifled slugs are reasonably accurate to distances of 100 yards—in the right hands, of course.

To summarize, the key to accuracy is:

1. Select a shotgun with a barrel designed for deer slugs.
  2. Utilize the new-generation slugs, such as Federal's Hi-Shok that may drop less than 12-inches at 100-yard distances.
  3. Equip the shotgun barrel with adjustable sights or a low-power scope.
- The bottom line in all of this, of course, is the deer and the hunter. The deer deserves to be hunted with an accurate weapon and the hunter deserves a reasonable chance to shoot where he's aiming.
- The shotgun rifled slug isn't a joke anymore. In more ways than one, it's where the buck stops.

Next Week—Louisville will play its second straight home game when it faces Virginia at 4 p.m. (EDT) on Oct. 15. Tulsa will play at Houston at 2:00 p.m. (CDT).

History—U of L and Tulsa's game Saturday marks the 20th meeting between the teams. Tulsa holds a 12-7 series advantage in a series that dates back to 1962 when Tulsa won 25-7. From 1962-1979 the teams met every year before Louisville left the Missouri Valley Conference. U of L won four straight games between 1968-71. Tulsa won five straight from 1972-76. The largest margin of defeat came in 1964 when U of L lost 58-0 in Fairgrounds Stadium. Louisville won the last contest in Cardinal Stadium, 24-7.

Last Meeting—(Oct. 31, 1987) it was Halloween the last time these two teams met, a 26-22 victory for Tulsa on their home field, despite Louisville's 22-12 third-quarter lead. Quarterback Jay Gruden completed 26 of 46 passes for 282 yards and three touchdowns. It was the third straight week Gruden passed for more than 275 yards. Anthony Cummings caught passes of 29 and 10 for touchdowns for U of L. Gruden's other TD pass was a five-yard toss to Rodney Knighton. U of L failed to hold Tulsa on the ground as it rolled up 324 yards, compared to Louisville's 18 rushing yards. Joey Hamilton led all receivers with seven catches for 120 yards. Tulsa's T.J. Rubley completed 15 of 28 passes for 129 yards and had one interception.

A SOLID NIGHT : Wheelwright's quarterback Bobby Hood take a hit here, but the junior passer accounted for 140 yards and intercepted a pass on defense.

# Boy Scout Golf Tourney Planned

Luther Conley, golf pro at Paintsville Country Club, has announced that there will be a golf tournament for the benefit of the Scouts in Lonesome Pine District, Blue Grass Council, this Saturday at 1 p.m.

The format is a scramble for A, B, C, and D players, and prizes include golf bags for the winning team, putters for second place and golf balls for the third place finishers.

First Federal Savings and Loan is the major sponsor of the tournament, which is the first of its kind for the Lonesome Pine District. Scout officials hope support for the tournament is sufficient that this can be an annual event. With tee off time set for early in the afternoon, all ties should be played off in time for participants to have a good time and still be home for an early dinner.

The entry fee for the tournament is \$25, and entries are due at Paintsville Country Club by Friday, Oct. 7.

The youngest first lady in the nation's history was Frances Folsom Cleveland. She married the President in the Blue Room of the White House when she was 21 years old.

# NFL News & Notes

They were supposed to be the AFC Central's cellar dwellers. They were the team without a defense. They were the team that didn't know how to win.

After losing several games in the final minutes in 1987, the Cincinnati Bengals were tabbed as the team most likely to find a different way to lose a football game. But through five weeks of the 1988 season the Bengals, with a recharged defense and a super-charged offense, have formed a way to win more times than any other team in the NFL.

Heading into Sunday's play, three teams boasted undefeated records. Later that evening, only one—Cincinnati—feared a perfect win-loss work sheet.

The Bengals' defense still isn't great, but its offense, led by quarterback Boomer Esiason, is Esiason, the league's leading passer, threw for 332 yards and three touchdowns Sunday as Cincinnati upended the Los Angeles Raiders on the road 45-21.

Cincinnati, ranked as one of the AFC's lesser defenses, intercepted four Jay Schroeder passes, and the Bengals rolled up nearly 500 yards of offense in remaining perfect.

Through five games, the Bengals have met every challenge, winning games in Philadelphia, Pittsburgh, and Los Angeles, while defeating division foe Cleveland in Riverfront Stadium.

Their five wins are one more than they had all of last year when they finished in the bottom of the Central Division standings with a 4-11 record. They are now the NFL's only team which has a chance of going undefeated this year.

They earned that distinction with their impressive win in LA, a game which saw their quarterback complete 21 of 28 passing attempts, and with some help from Phoenix and Chicago.

The Cardinals, a team Cincinnati defeated on opening day, outgunned the Los Angeles Rams, now 4-1, and earned a 41-27 victory on the West Coast.

Quarterback Neil Lomax threw for 342 yards and two touchdowns, and Phoenix, trailing 14-10, scored two touchdowns, one on a Ron Saddle fumble return, late in the second quarter to take a 24-14 lead into the locker room at halftime.

With the win the Cardinals moved into a tie with the New York Giants, which barely held off Washington, in the top of the NFC East.

The Giants, blessed with the return of all-pro linebacker Lawrence Taylor, took a 17-9 halftime advantage, and got help as the Redskins' Chip Lomiller missed an extra point and a 36-yard field goal attempt.

New York and Phoenix both improved to 3-2. Taylor, in the Giants' second win over Washington already this season, had two sacks and one forced fumble which led to a New York fumble. Taylor had been out the first four games serving a drug suspension.

The Philadelphia Eagles kept pace with the rest of the NFC East pack by beating Houston after trailing 16-0 in the first quarter.

The Oilers, 3-2 and tied with Cleveland for second place in the AFC Central, blocked two punts in the opening period, but eventually lost the game in Philadelphia 32-23.

The Eagles, despite their poor start, is only one game off the divisional pace set by Phoenix and New York.

The Buffalo Bills, like New York, welcomed back an all-pro defensive performer Sunday, but defensive end

Bruce Smith wasn't as effective as Taylor, and the Bills weren't as successful as the Giants.

Jim McMahon, who had not thrown for more than 200 yards in any game this season, threw for 260 and two touchdowns as Chicago handed the Bill's their first loss of the year, 24-3.

Chicago, which got help from Miami's surprise victory over Minnesota, held the Bills for zero yards rushing while improving to 4-1. McMahon hit on 20 of 27 passing attempts.

Buffalo, though, was able to maintain their hold on first in the AFC East, helped out when Kansas City played the second placed New York Jets to a 17-17 tie.

**Defying All Odds:** Doug Flutie, after winning a Heisman Trophy while at Boston College, has always been told that he, at 5'9", is too short to be an effective passer in the NFL. No one is telling him that this week.

Flutie came off the New England bench Sunday and sparked a comeback that carried the Patriots to a 21-17 win over division rival Indianapolis. He threw for one touchdown, and ran 13 yards for another as New England improved to 2-3.

Indianapolis, the East's defending champion, fell to 1-4, and is three games behind Buffalo. The Colts got over 100 yards rushing from Eric Dickerson, and held New England to under 300 yards offensively, but still lost the important contest.

**Injury Report:** Eric Hipple and Bubby Brister joined the ever-growing list of injured quarterbacks Sunday. Hipple, Detroit's backup who was replacing Chuck Long, suffered a broken ankle against San Francisco, and Brister, Pittsburgh's starting quarterback, dislocated a finger in the Steelers' loss at home to Cleveland. The win was only the Browns' third ever at Three Rivers Stadium.

Cleveland quarterback Bernie Kosar threw last week on the sidelines, and may be ready for Sunday's game against Seattle.

Mike Quick, a starting wide receiver for the Philadelphia Eagles, suffered a broken leg against Houston, and will be out eight to nine weeks.

**Monday Night Football:** The Dallas Cowboys are back. At least they were for most of Monday night's affair in New Orleans.

After falling behind 14-0 early, Dallas rallied to tie the score on two Steve Peller touchdown passes to Kelvin Martin. The Saints, staying even with the 49ers and LA Rams, got a field goal from Morten Andersen, going up 17-14, but again Dallas evened things up, this time with 24 seconds left.

But New Orleans, with only seconds remaining (and in their own territory), won the game when Andersen, the league's best all-time percentage kicker, nailed a 49-yarder with time running out.

The Saints had just completed a long pass play from Bobby Hebert to Brett Perriman, which took only five seconds to pull off.

**Games To Watch:** The Seattle Seahawks have struggled this season since losing Dave Kreig, their starting quarterback, and Cleveland has done much of the same after their number one signal caller Bernie Kosar.

Seattle, under the direction of rookie Kelly Stouffer, has remained near the top in the AFC West. The Browns, down to their third string passer, is two games behind Cincinnati in the Central.

The Seahawks have won the last three meetings between the two teams, and seven of the nine overall, but seven have been played in Seattle. This time Cleveland gets the chance to play at home.

The Denver Broncos and San Francisco 49ers hook up in the Bay Area in what might be a more important game for the Broncos than San Francisco. Denver has defeated the 49ers in each of their last three meetings.

Buffalo, fresh off their first loss of the year, welcomes in Indianapolis in a must win for the Colts. The Bills may be without linebacker Shane Conlan, who injured a leg Sunday.

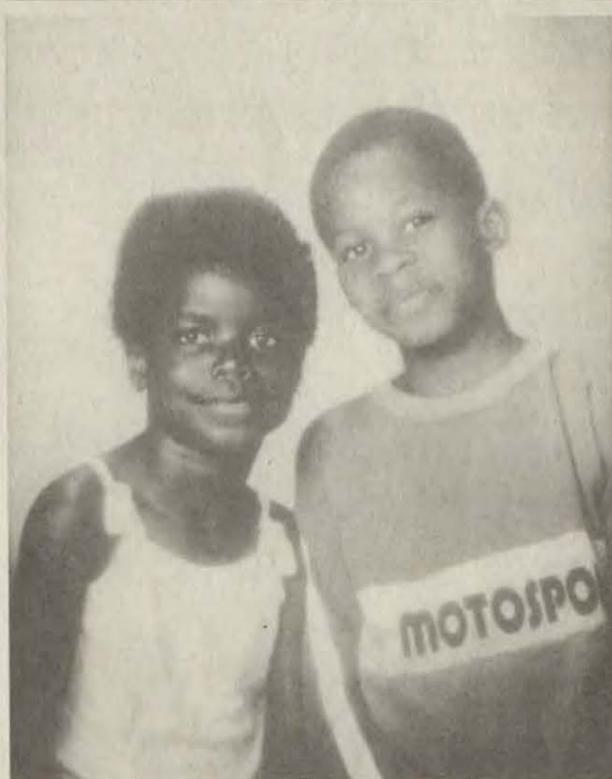

Washington travels to Dallas, and

the Cowboys proved Monday night that they can play with the best in the NFL, taking New Orleans to the end.

The Redskins won both meetings last year, one during the strike, but victories for them in Dallas are few and far between.

Monday night's game also features a key NFC East matchup, pitting the New York Giants against Philadelphia. The Eagles apparently put their game together against Houston, and have always been tough at home.

New York, though, has won six straight games from the Eagles, and always seem to rise to the occasion in important games.

GiGi and Bennie

## Brother, Sister Need Family

If you enjoy outgoing, animated children this is the pair for you!

Nine-year-old Bennie will keep you entertained with his "tall tales." He is a third grade student who loves to draw and is good at it. He was born with hemiparesis, a condition similar to cerebral palsy that affects the left side of his body. While it is something to be dealt with, it does not slow him down.

Talking is one of the things seven-year-old Sachatawana (known as GiGi) does best. She is a delightful little girl who quickly lets her thoughts and ideas be known. GiGi is a second grader who appears to be very bright. She often feels compelled to interpret conversation for her older brother. GiGi enjoys playing outside and with her dolls.

Benny and GiGi want a family of their own but are a bit nervous about meeting them. They want them to be nice people and can accept a black family with or without other children. Benny and GiGi have a bright, exciting future to share with an adoptive family. How about yours?

## Our Lady Of The Way Begins Mammography Service

**Mammography Service Begins**

Pam Stumbo, AART and Rex Music, AART, Radiology Supervisor, inspect OLWH's new mammography unit, the Senographe 600T.

Our Lady of the Way Hospital will officially begin mammography service Wednesday, October 5.

The radiology department's two female technologists, Pam Stumbo and Tammy Maggard, will use a GE/CGR Senographe 600T to perform exams.

"It is exceptionally easy to operate so our female technologists can concentrate on the patient rather than the equipment," said Radiology Supervisor Rex Music.

Mammography uses radiation to create an image of the breast on film. A mammographic examination usually consists of two x-rays of each breast, one taken from the top and one from the side.

"A mammogram can't prevent

cancer," explained Dr. Chandra Varia, chief of Our Lady of the Way Hospital's medical staff. "But it can reveal tumors too small to be felt by the patient or her doctor. However, when we catch cancer in its early stages, it is treatable and usually curable."

Mammographic screening is usually recommended for women in three high-risk categories: age 50 or older, age 40 or older with a family history of breast cancer and age 35 or older with a personal history of breast cancer. A doctor may recommend a mammogram for any woman when a sign or symptom of breast cancer is found through self-examination, during an annual physical examination or by chance.

Several groups advocate a "baseline" or first mammogram. The American Cancer Society recommends a baseline mammogram between ages 35 and 40. The American College of Obstetricians and Gynecologists recommends that women between ages 35 and 50 have a mammogram done in connection with a clinical physical examination.

"From the results of this baseline evaluation and other examinations, the physician should determine the frequency of mammography," their statement says.

The American College of Radiology's mammography policy states: "For asymptomatic women, the first, or

baseline, mammograms should be obtained by age 40."

All the groups agree that the need for and frequency of mammography exams must be determined on an individual basis by a physician. Therefore, Our Lady of the Way Hospital is accepting appointments for a mammography exam by physician referral only.

Doctors who wish to schedule a mammographic exam for their patients can do so by calling 285-5181, ext. 354.

The results will be interpreted by Our Lady of the Way's chief radiologist, Dr. Peter Jakobson, and his associate, Dr. Jose Pizarro.

## Riverview Manor Receives 'Superior' Rating By State

The Cabinet for Human Resources has awarded a Floyd County nursing home the state's highest rating for the two levels of patient care provided to residents of the long-term care facility.

The "superior" ratings cover the skilled nursing and the intermediate care units at the Riverview Manor Nursing Home in Prestonsburg.

Kentucky nursing homes are rated for each level of care offered following the annual inspections by the cabinet's Division of Licensing and Regulation.

Woodrow Dunn, licensing and regulation director, said, "Kentucky's nursing home reform law established the rating system for individual levels of care, so the public could get an idea of the quality of service provided by a facility."

An "unrated" status indicates that the service is in compliance with the minimum standards. A "conditional" rating means that deficiencies have been found which must be corrected before that level of care will be in compliance.

Dunn said, "It's important for people to realize that each level of care is rated individually. Facilities offering more than one level of residential care have separate ratings for each unit."

Kentucky licenses personal, intermediate, nursing home, skilled nursing and intermediate care/mental retardation-developmentally disabled levels of care.

A facility level of care earning a "superior" rating is in compliance with the minimum standards for licensing and has exceeded those standards in at least six of the 11 areas inspected. Those 11 areas are administration, drugs and biologicals, dietary and nutrition services, life safety code, nursing services, physical environment, physical and restorative therapy, social services and activities, medical services, patients' rights and record keeping.

Dunn said, "The real incentive for nursing homes to achieve a 'superior'

rating is in the message it gives the public about the home's quality of care."

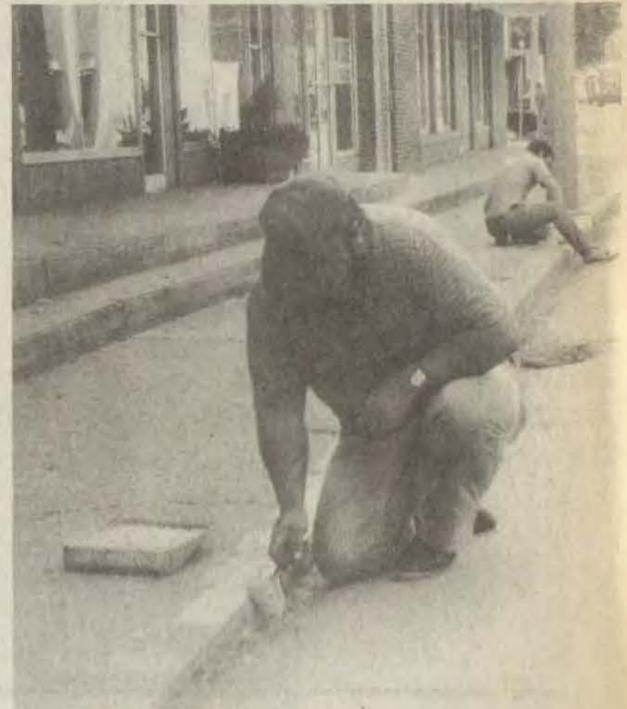

## Financial Planning Workshop Slated

A workshop on financial planning is set for two weekends in October at Prestonsburg Community College.

Financial planning consultant Homer Forster will lead the workshop, which will run Fridays, Oct. 21 and 28 from 6:30 to 9 p.m. and Saturdays, Oct. 22 and 29, from 9 a.m. to 12:30 p.m. Classes will be in room 113 of the Pike Building.

Forster will provide up-to-date information on tax shelters, estate planning, wills and trusts, real estate investment, banking, credit, property and casualty insurance, life and health insurance, retirement plans, securities, investments and annuities. The workshop is designed to serve as an introduction to financial planning, as well as an update for those who have had previous courses.

To register, contact PCC's Office of Continuing Education and Community Service at 886-3863, extension 215 or 289.

Prestonsburg is receiving a new look this week as city employees, Mike Shepard of Drift and Wendell Burke of Cliff, apply paint to city sidewalks.

## Floyd County Literacy Council Earns Award

The Floyd County Adult Literacy Council was one of eighteen recipients of an Outstanding Performance Award at the Literacy Commission/Adult Education Conference held in Louisville, Sept. 14-16. The award was given to the council in recognition of its excellent program and for meeting all of its goals this past year.

The joint conference theme was "Adult Learning Catches On", and was attended by over 800 people, including adult educators, volunteers and students, and was sponsored by the Kentucky Department of Education,

the Kentucky Literacy Commission and KET. The conference allowed national experts, state level policy makers and other providers of adult education and literacy services to share experiences and knowledge, as well as provide an excellent opportunity to solidify program networking on a regional basis.

Those attending from Floyd County were members of the David School staff: Daniel Greene, Ann Greene, Carol Hall, Marcie Menster, Jill Rudisill and Monica Schieber.

The Floyd County Literacy Council received an Outstanding Performance Award at the Literacy Commission/Adult Education Conference in Louisville Sept. 14-16. Examining the award are Floyd County Literacy Coordinator Marcie Menster and Ann Greene, director of the David School Adult Education Program.

## Course Offered For Nurses

Our Lady of the Way Hospital will offer a two-hour course for nurses titled "Pre-post Operative Care" on Friday, Oct. 12, at its Seton Complex on Main Street in Martin.

The course will be offered from 1 to 3 p.m. and repeated from 4 until 6 p.m. The course is approved by the Kentucky Board of Nursing for two contact hours, according to Naewana Nickles of Our Lady of the Way Hospital.

The program was designed for nurses who work in operating rooms, recovery rooms, medical and surgical floors, obstetrical departments, outpa-

tient surgery, and patient and staff education, but others may apply. An update on effective pre-operative and post-operative care will be presented with special emphasis on patient teaching, Nickles said.

Class size is limited to 20 participants. Pre-registration by Wednesday, Oct. 12, is required.

For registration or more information, contact Nickles at 285-3909 or write Education Department, Our Lady of the Way Hospital, Box 910, Martin, Ky. 41649.

## Changes In Available Blood Supply Means Difference Between Life, Death

A lot of changes take place in the fall - school begins, cooler weather sets in, and the leaves begin to turn colorful shades.

While these changes can be good, others are not. For example, a critical change in the blood supply can mean the difference between life and death for a patient, according to Gina Bryant of the Central Kentucky Blood Center.

At CKBC, said Bryant, 200 pints of blood are needed every day to main-

tain a safe and adequate supply. Hospitals and patients depend on the supply and, in an emergency situation, Bryant says there is no time to waste.

Officials of the Prestonsburg Blood Donor Center are asking the public to donate blood Oct. 8, at the Jenny Wiley Festival from 10 a.m. to 2 p.m. at the Bloodmobile in front of the city parking lot.

For more information, contact CKBC, 886-1557.

## Urgent Care Center To Open

The recently-established Tri-County Immediate Care Center, Inc., announces the opening of its urgent care center in Paintsville, at Turner Branch on Route 23 North.

It is under the direction of Dr. Arthur B. Richards, an area physician. Richards is an accredited family practitioner of over 30 years experience. For the past 8 years, his practice has been devoted to emergency medicine.

The center will be open from 8 a.m. to 11 p.m. seven days a week, except Christmas Day, and will offer the types of services needed for lesser episodes of illness and injury, to include x-ray and laboratory, at times when the family doctor is not available.

There will be an open house for the public on Thursday, Oct. 6 from 4 to 6 p.m., and the center will be open for business on Saturday, October 8, at 8 a.m. No appointments will be necessary.

## Stumbo Sponsors Measure Urging Support Of Day Care Improvement

Kentucky House Floor Leader Gregory D. Stumbo recently sponsored a resolution urging the United States Congress to enact the Act for Better Child Care.

Stumbo, a Prestonsburg democrat, urged members of the Legislative Research Commission, which is made up of state House and Senate leadership, to throw their support behind this issue, noting it is "critical to Kentucky."

Stumbo pointed out that Kentucky has 135,427 children under the age of 6 with mothers in the work force, but only 54,190 licensed day care slots.

"Many of the state's 120 counties have no licensed care," Stumbo told LRC members.

"We need to encourage our low-income families to enter the productive work force of our state. The Act for Better Child Care will go a long way in creating an encouraging atmosphere for our mothers who need to work to do so," he added.

Stumbo was pleased that the resolution passed but added that he was discouraged that more Republican

members of the LRC failed to support the concept.

"The current administration in Washington continuously pledges their support to a stronger family unit and care for our young people, but fail to put their money where their mouths are," Stumbo said.

The Act for Better Child Care would provide more funding to help working

low income parents pay for child care. The additional funding would increase the availability of services and provide more training and standards to assure quality of care.

The Act for Better Child Care is now pending in Congress. Stumbo urges the public to write or call their Congressman to generate Kentucky support for the legislation.

## VOTE FOR HATTIE "COOLEY" OWENS

For **SCHOOL BOARD MEMBER**  
District #5

*Our Children's Education Is My First Priority*

I have requested some information from the Floyd County Board of Education that I think the people of District 5 should know. District 5 consists of **WAYLAND, LACKEY, GARRETT, ROCK FORK, BOSCO, BEECH GROVE, JACK ALLEN** of Middle Creek, Left Fork of **MIDDLE CREEK, JOHN POSSUM, and JIM BANKS** of Bull Creek. I will be **NUMBER 1** on the **BALLOT** in the school board race in **ALL** of the above precincts.

#### INFORMATION REQUESTED:

- (1) Minutes of the last 3 years regular and special meetings.
- (2) Salaries of all school board personnel, along with their classification and job title.
- (3) Price paid for school sites at Allen, Minnie, and Eastern.
- (4) Price of excavation and landscaping of school sites at Allen, Minnie, and Eastern—if they have been awarded.
- (5) Total costs projected for school at Allen. Total costs projected for school at Minnie. Total costs projected for school at Eastern.
- (6) Name of previous landowners of Allen site, Minnie site, and Eastern site.

I was told in a letter from Superintendent Ronald Hager that it would take his staff **2 or 3** weeks to compile the information requested. Don't worry people—it will still be in time before the election to let you know where some of your 24 million dollars a year is going.

I hope the people of Garrett and Wayland haven't forgotten how they were treated when the location of the new Garrett-Wayland School was being picked—How they couldn't get their own board member—**JAMES ARVILLE DUFF**—to listen to their complaints on where the new Garrett-Wayland School should be built. Some wanted it in Garrett; some wanted it in Wayland; some even agreed that a location in between Garrett and Wayland would be suitable—but our board member and school board decided to build it at Eastern and not satisfy the people of Garrett or Wayland.

Let us not forget when the Garrett School was falling in on the students at Garrett—the parents couldn't get any help from their board member. Both the husbands and wives had to picket the Garrett Grade School along with keeping their children out of school in order to get the problem solved. Remember parents what you were told when you asked your board member to go to Prestonsburg with you—You were told to go on, that he wasn't going with you.

AFTER 16 YEARS—DON'T YOU THINK IT'S TIME FOR A CHANGE.

**Vote HATTIE "COOLEY" OWENS**  
For **SCHOOL BOARD—November 8, 1988**  
**NUMBER 1 on BALLOT—NUMBER 1 for EDUCATION**

P.S.—All these little "political" jobs being given around these schools right now will fade away after the election—No matter who is elected—Don't be fooled by these old "political" tricks. When being approached by your **board member or sheriff** trying to get you to vote for James Arville Duff—tell them what you have to do to get along with them—but on November 8th **VOTE FOR ME—VOTE FOR A CHANGE—VOTE FOR**

**HATTIE "COOLEY" OWENS—SCHOOL BOARD**

# State Day Care Allotment Is Raised

Adults in Kentucky's 165,000 food stamp households are sometimes hindered in finding employment because of the high cost of placing a child or elderly family member in day care. That situation should be eased by a federal measure called the Hunger Protection Act of 1988.

The legislation raises the monthly dependent care deduction for food stamp recipients. In effect, the household's income used to determine eligibility goes down, causing the family's monthly benefits to go up.

"The new rules change the maximum deduction from \$160 a month per household to \$160 monthly for each dependent," said Commissioner Mike Robinson of the Kentucky Department for Social Insurance.

"Therefore, we're now able to deduct significantly greater amounts for so-called 'countable income' to set the monthly food stamp allotments for families with more than one child or a combination of young and elderly dependents.

"For example, a single mother who

makes \$800 per month and pays \$105 each week for day care for three children would see her monthly coupon allotment jump from \$187 to \$300 per month," he said.

Robinson, whose department is responsible for administering the federal food stamp program in Kentucky, said the change does not increase the number of families on the state's food stamp rolls.

"However, the benefit allotment for eligible families with two or more dependents enrolled in day care pro-

grams could increase dramatically," he said.

"The additional coupons lower household food costs, making money available for the working adults in the home to pay the necessary day care expenses."

The commissioner added the amount of increase will vary for each family depending on income, number of dependents and how much is paid for day care.

"We do expect the number of food stamp recipients taking advantage of the deduction to significantly rise above the current level of approximately 1,000 families," said Robinson.

"People who are able to work, but who previously couldn't afford quality day care because of the old deduction levels, may now enter the job market without penalizing their families and having to cut short their already low household budgets."

# ROGER JONES

For  
**SCHOOL BOARD  
MEMBER**

Educational District #5

I feel, as a candidate and parent, several issues need to be addressed immediately concerning the education and welfare of our children.

A lot of our kids are graduating without knowing how to read and write.

MY GOALS AND OBJECTIVES AS BOARD MEMBER ARE AS FOLLOWS:

- 1) To improve reading, writing, spelling and math scores at all grade levels in our schools.
- 2) To decrease the drop out rate.
- 3) To increase attendance rate
- 4) To move Floyd County to the top of the state school rating system and off the bottom.
- 5) To improve teacher, board, and community relationship.
- 6) To do something about the drug problem in our schools.

I think it's about time that the board, teachers and we, as parents, pull our heads out of the sand and face the problem of drugs in and around our schools. This problem is very serious and needs all our attention. The problem won't go away if we close our eyes.

# ARH Celebrates Its 25th Anniversary

## Anniversary Events Held

The Environmental Protection Agency arrived with the "Clean Air for Kentucky" balloon for ARH's 25th anniversary celebration. Eight stories high and almost as big as the ball field, the magnificent structure of yellow, white, and blue began to rise as it was filled with hot air. Attached to the ground with ropes, the balloon lifted many of the young—and young at heart—approximately 100 feet.

Oct. 1, following a month of festivities, over 500 friends, supporters and employees of McDowell Appalachian Regional Hospital celebrated the 25th anniversary of Appalachian Regional Healthcare with an all-day picnic at Minnie Park.

Motorists on Route 122 could follow their noses to Saturday's "grand finale" picnic. The charcoal was lit about 10 a.m. and the aroma of hamburgers and hotdogs filled the air. Vernal Turner, dietary supervisor, said over 830 hot dogs and hamburgers with all the trimmings were served. In addition, about 100 pounds of baked beans, 25 pounds of potato chips, 25 gallons of ice cream, 75 gallons of soft drinks, a pig roasted and donated by Dr. Ruben Singayao and a giant cake

decorated in ARH colors of maroon and silver with the ARH logo (donated by Diane Adams) were served.

The sounds of the McDowell First Baptist Church, Hi Hat Church of God of Prophecy, and Drift Pentecostal Church Choirs were heard. ARH was honored with a song, "God Bless the ARH," in a marionette show presented by the First Baptist Church of McDowell. The hand puppets, dressed in hospital type uniforms, representing the McDowell ARH healthcare team. Alf, Alien from Melmac, said he enjoyed the show more than anything besides eating hot cats (organizers think he meant hotdogs).

The Environmental Protection Agency arrived with the "Clean Air for Ken-

tucky" balloon for this special day. Eight stories high and almost as big as the ball field, the magnificent structure of yellow, white, and blue began to rise as it was filled with hot air. Attached to the ground with ropes, the balloon lifted many of the young—and young at heart—approximately 100 feet.

While waiting to ride the balloon, entertainment was provided by local talent Tiffany Slone, doing a medley of popular songs. She was followed by Ralph Slone, who sang a number of all-time favorite country songs. Then, as

daylight turned to dusk, the lively sound of the Midnight Highwaymen livened the tempo with its country rock sound.

ARH is a not-for-profit health care system celebrating 25 years of service to Appalachia. ARH has hospitals, primary care centers, and other related facilities and services in Hazard, Whitesburg, Harlan, Middleboro, West Liberty and McDowell and South Williamson in Kentucky; Beckley, Man, and Grafton in West Virginia; and Wise, Va.

## Lonesome Pine District Cub Scout Campout Will Be Held This Weekend

The Lonesome Pine District Cub Campout has been set for this Friday and Saturday at Paintsville Lake. After having been rained out in September, this weekend was selected to make another try.

Glenna White, Campout chairman, says that all events originally set for the camp will still be held. These include a campfire Friday evening and competitive events Saturday morning. Cubs and their families will be com-

ing from a five-county area, and will be cooking their own meals or having sack lunches Friday and cooking breakfast Saturday morning. Since open fires will not be permitted, all people attending are asked to bring stoves or charcoal grills for cooking.

The fee for the camp is \$4, and includes a patch, insurance, and all materials for the competitive events. Check-in time is from 5 to 8 p.m. Friday.

## Paul B. Hall Honors Staff Members

Paul B. Hall Regional Medical Center, Paintsville, honored staff members Wednesday, Sept. 28, as part of its 50th anniversary celebration.

Debbie Trimble Meadows, hospital administrator, said employees were served a special luncheon by the hospital's administrative staff during Employees Recognition Day. Those

employees with five or more years of service at the hospital and the old Paintsville Hospital were also awarded a Certificate of Service. Trimble said, "Two employees had served more than 35 years, she commented.

# Services Available To Abused Spouses

(Editor's Note: Following is the first of a four-part series focusing on domestic violence as part of a national month-long campaign during October to heighten awareness concerning spouse abuse.)

In the Big Sandy region and throughout the nation, most crimes against women are connected with domestic violence.

Nationally, a wife-beating occurs every 30 seconds. Almost half of all married couples have violent episodes, with 12 percent having frequent violent episodes. The practice of wife abuse is as common in middle and upper income groups as among the poor.

In Kentucky, one in 10 women were abused in 1979. Thirty-six percent of them would have liked to have received shelter or emergency housing; only 3 percent did. Forty-six percent wanted to receive counseling; 7 percent did. Thirty-six percent would have welcomed child care; 2 percent received it.

According to Gay Amburgey, outreach coordinator with the Big Sandy Family Abuse Shelter, spouse abuse centers on two things: power

and control. It can take many forms: Isolation — controlling what a woman does, who she sees and talks to, where she goes.

Emotional abuse — putting her down or making her feel bad about herself, playing mind games.

Economic abuse — trying to keep her from getting or keeping a job, making her ask for money.

Sexual abuse — making her do sexual things against her will, physically attacking the sexual parts of her body.

Using children — making her feel guilty about the children, using them to give messages, using visitation as a way to harass her.

Threats — making or carrying out threats to do something to hurt her emotionally, threatening to take the children, commit suicide, or report her to welfare.

Using male privilege — treating her like a servant, making all the "big" decisions, and acting like "master of the castle".

Intimidation — putting her in fear by using looks, actions, gestures, loud voice, smashing things or destroying her property.

The Big Sandy Family Abuse Shelter offers women "the most im-

portant things — safety, security and peace of mind for her and her children," says Amburgey.

The shelter staff works with battered and abused women to help them rebuild their lives, beginning from the moment the women arrive. A psychologist is on hand to talk with the client, offer counseling for the children; women's groups meet weekly to provide an opportunity for women to discuss their experiences.

"Someone is there on staff 24 hours a day," says Amburgey. "Often, the women are depressed or crying, especially at night. Our staff is available to be there to talk to them; the women are dealing with a lot of stress and pain."

The shelter staff can also help clients obtain Aid to Families with Dependent Children, food stamps, housing, and to complete their GEDs.

Despite the cycle of abuse, and the long periods for which most women undergo domestic violence, success stories are possible.

A case in point, relates Amburgey, involved a woman in the Big Sandy region (some facts have been altered to assure confidentiality).

The woman had been severely

bruised and battered by her husband — beaten with a belt, resulting in cuts and bruises covering her chest, back and arms. The couple's children were present when the incident occurred.

Amburgey says the woman called the police, who brought her to the local shelter — the location of which is kept strictly confidential.

Arriving late at night, she was taken to a nearby hospital and treated for abrasions and contusions. The children stayed at the shelter.

Shelter staff obtained an emergency protective order, which restrains the abuser from committing further violence, from destroying or damaging the victim's property, and can order the abuser to leave the victim's home.

Amburgey says the woman stayed at the shelter with her children — free of charge — while restructuring her life. The staff helped her find housing. While this woman was employed, the staff can help other clients with rehabilitation services and job referrals.

"It's a success story. The woman was near middle age, and felt very beaten, hopeless, and had low self-esteem," says Amburgey. Today, the woman has gone on to complete her GED, is continuing her education, working part-time, and has custody of her children — in an abuse-free environment.

Showcase '88

Pictured at the Floyd Chamber of Commerce booth for the Kentucky Economic Development Showcase '88 are Thomas Hereford III, president of the Floyd County Chamber, and Tim Hites, vice-president.

# County Well-Represented At Recent Showcase '88 Expo

Attending the Kentucky Economic Development Showcase '88 last week at the Kentucky Fair and Exposition Center in Louisville, representing the Floyd County Chamber, were Thomas Hereford III, president; Tim Hites, vice-president; Burl Wells Spurlock, board member; Henry Lewis Mayo, board member; Sam Blankenship, board member and Fred James,

Prestonsburg city manager.

While talking with industrial prospects, Hereford also talked with Governor Wallace Wilkinson and Economic Development Secretary Gene Royalty, and invited them to Floyd County to look at area industrial sites.

The group also attended the Governor's Industry Appreciation Luncheon. Over 200 exhibitors were present at this two-day Expo.

Roger Recktenwald and staff of the Big Sandy Area Development District provided space for the Floyd County Chamber booth, where a video film on Floyd County was shown and information pamphlets on Prestonsburg and Floyd County were distributed. A weekend vacation at Jenny Wiley State Park was given away and was donated by the state park. In addition three one-night lodgings were given away by the Holiday Inn of Prestonsburg.

VICA Officers

The Floyd County Area Vocational Education Center held its VICA (Vocational Industrial Clubs of America) officers election Sept. 16. The VICA Club trains students in leadership, parliament and procedures, and the American way of life. It brings together young men and women who share common interests for an exchange of ideas, a discussion of problems and the opportunity to work toward common purposes. Officers are, front row from left, Phillip Chaffins, president; Theresa Jackson, secretary; Scott Lambert, vice-president; second row, John Branham, parliamentarian; Bryan Clark, club advisor; back row, Michael Chaney, reporter, and Michael Mullins, treasurer.

## PCC Students Take Innovative Approach To Studying Subject

By L.J. Cooley

Although in some college courses students learn from the teacher, one course offered at Prestonsburg Community College lets students try to experience the subject.

Instead of Professor Leo Weddle lecturing to his class about "Modern Social Problems," he lets the students learn about it by planning three days of classes themselves.

"When students put themselves into (a project), they find it very exciting," Weddle said. "I don't put limits on them, and they jump out in terms of creativity."

The groups in the class choose a subject and then plan a field trip, presentation and panel discussion, he said.

The topic last week was "death and dying," and the students chose to present the subject in a way that everyone could participate in the experience.

Four of the students decided to act events leading up to a young man's

death and his funeral so the class could understand the emotional aspects of dealing with the experience, they said.

"We got the whole class to participate," said David Carpenter, one of the students who put the project together.

The group spent about five hours making a video of the events leading up to a young man's death after an automobile accident, they said.

At the class presentation the group showed the video and had displays about mortality and studies on mourning, and then held a make-believe funeral, which the class attended. Carter and Nelson-Frazier funeral homes and Jenny Wiley Florist provided

props for the "funeral."

The video was about how a family would react to death, said David Gibson, a member of the group.

"I learned things about death I didn't know," said group member Tina Davis. "I guess I feared it (before), but it's just a natural part of life."

Carpenter said that they hoped the class learned a new perspective of life—death is not all black and morbid. "Death is a part of life and we must accept it," said group member Carolyn Sue Dyer.

"From my standpoint as a teacher I was extremely impressed of the time and effort used without me saying 'do it,'" Weddle said.

### City of Wheelwright Receives HUD Award

The City of Wheelwright has received an award through the Department of Housing and Urban Development's (HUD) National Recognition Program for its outstanding work on rehabilitating housing and utility systems.

Kentucky Sen. Mitch McConnell

praised the city for its efforts to boost economic growth. "It is an honor for Wheelwright to be recognized by HUD," McConnell said. "It is a first-class example of the creative, responsible use of government funds for a very deserving project."

### Municipal Clerks To Meet This Thursday

Municipal clerks from Floyd, Pike, Johnson, Martin and Magoffin counties will hold an organizational meeting to try to form a local chapter of the Kentucky Municipal Clerks Association on Thursday in Prestonsburg.

According to Sam Campbell, public administration specialist with the Big Sandy Area Development District, the clerks will meet at 10:30 Thursday morning in the Big Sandy ADD offices to organize a chapter. In addition, they will discuss issues affecting their offices and ways to improve minute-taking.

At 1 p.m., they will attend a municipal ordinance workshop co-sponsored by Big Sandy ADD and the Municipal Law Center of Northern Kentucky University.

Prestonsburg Mayor Ann Latta was recently elected vice-chair of the Municipal Law Center's Board of Overseers. State Rep. Joe Myers serves as chair.

Junior Class Officers

The Wheelwright High School Junior Class has elected its officers for the 1989 school year. The president is Missy Thornsby, the 16-year-old daughter of Sylvia and Clark Thornsby of Wheelwright. The vice-president is April Bradford, the daughter of Bill and Belinda Bradford of Weeksbury. Tina Branham, the daughter of Terry Branham of Bypro and Rita Campbell of Grethel, was elected as the secretary, and Shelia Branham, the daughter of Reba Branham of Weeksbury, was chosen as treasurer. The junior class sponsors are Norma Fairchild, Terri Heinisch, and Judy Eversole.

## Susanne Smith: 16-Month-Old 'Miracle Baby,' Say Her Physicians

A "miracle baby" is what 17-month-old Susanne Smith is being called by her Louisville doctors and her family, after having surgery to correct heart defects.

Susanne, daughter of Ron and Janie Smith and granddaughter of Sid and Marcella Bailey, had surgery Sept. 15 at Kosair Children's Hospital in Louisville to prevent a blood vessel in her heart from shutting the blood off to the rest of her body.

Her parents were told about the procedure Susanne's surgeon, Dr. Constantine Mavroudis, was planning to

do, but once he began, the plan changed, Janie Smith said.

What he decided to do was reconstruct the pulmonary artery and valves in her heart instead of bypassing the defect as originally planned, she said. It was the first procedure of its kind.

The surgery was also very delicate because a baby's heart is about the size of a walnut, she said. "Working on a baby's heart is like working on threads."

Susanne was called a miracle baby by one of the doctors at Kosair because, although the heart defects were severe, she was able to hold up during her 17 months of life, Smith said.

Susanne's success encouraged parents of children with heart defects

at a Wee Hearts support group meeting in Louisville recently, Smith said. If Susanne does well overcoming her defects, children with less serious defects have a better chance.

When she left the hospital last week, her EKG (a graph that records heart-beat) was normal, Smith said. There is also a chance that she may never have to have surgery again, but the procedure is unique, so no one really knows.

"She's doing very well, but she is very sore from the procedure," Smith said.

Before her surgery, Susanne's heart beat raced, but now it has slowed down, she said.

## An Open Letter To Representative Greg Stumbo, House District 95

Mr. Stumbo,

In response to your letter concerning the health insurance selection for state employees and the fact that the General Assembly does not actively participate in insurance policy selection, we want to remind you of our system of checks and balances. We are very much aware that the Governor cannot enact legislation without the approval of the legislature. All monies spent must be approved by your membership.

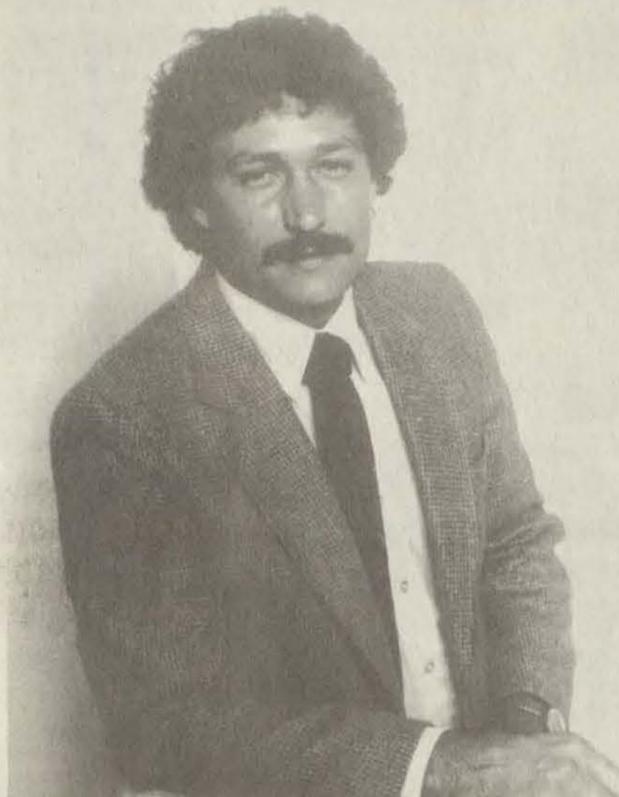

We want you and your colleagues to be aware that the teachers and staff of Floyd County are more than a little upset about the inequities in the insurance program. We have signed and sent to the governor a petition stating our objection. The teachers and staff of this county are united in their objection to the coverage we are being offered and do not intend to accept this latest degradation.

Since you were elected to represent the people of this district, we expect your active participation in seeing that this will be changed. We teachers and our families make up a goodly portion of your representative district; therefore we are informing you that we must have better insurance.

## FLOYD COUNTY EDUCATION ASSOCIATION

# THE NEW LEFT BEAVER HIGH SCHOOL—

## The Shape Of The School, Not The Site Of The School, Is The Real Issue

To try and hide the true issues of who should represent Left Beaver Creek on the Floyd County School Board, my opponent and her supporters spread rumors about the location of the proposed Left Beaver High School. Let's look at the **"FACTS"**.

In 1985, the Legislature in "Special Session" approved the School Facilities Construction Commission to try and upgrade the school buildings throughout Kentucky. Floyd County schools, based upon their facilities report, had the highest amount of unmet building needs in Kentucky. The facilities plan of the Floyd County Board of Education listed the top three priorities as a new middle school at Prestonsburg, a new grade school at Allen and a new high school for Left Beaver Creek. In the 1986 regular session of the Kentucky General Assembly, the Legislature approved an additional \$50 million in funds so Floyd County could build a new grade school at Garrett to replace the old building there. Then a remarkable thing happened!!

The Floyd County Board of Education, with our present board member as a voting member, voted to change the priorities and substitute a new grade school at Betsy Layne for the Left Beaver High School! The minutes of the Board and the listed priorities will confirm this. Fortunately for the children of Left Beaver Creek, the State Board refused to go along with the Floyd County Board and insisted they build the new high school on Left Beaver Creek. Our present board member participated with the Floyd County Board to replace the Left Beaver High School with a new grade school for Betsy Layne. **"UNBELIEVABLE"!!** These are facts and the record speaks for itself.

Now that the State Board of Education has **"FORCED"** the Floyd County Board to recognize the needs of the people and children of Left Beaver Creek, and a site has been selected, let's think about the shape of the new high school.

All other high school children in Floyd County attend high schools that are a minimum of 30 years newer than McDowell or Wheelwright; the other high schools have spacious gyms and football fields. What is planned for the children on Left Beaver? A new gym? **NO!** A football field? **NO!** It is apparent that the Floyd County Board is committed to building a high school for the children of Left Beaver Creek that meets the very minimum requirements. Don't the children on Left Beaver deserve the same as the others?

Where has our board member been? Noticeably silent! In fact, while other areas have had new schools, new athletic facilities, and other new facilities, Left Beaver has limped along with "renovations," "additions," and portable facilities for the past 16 years. Just imagine, a child that entered Wheelwright or McDowell School when the present board member was elected, completed grade school, high school and college, returned to teach at either Wheelwright or McDowell High School would find absolutely no changes in the high school buildings, except their rapid deteriorating state, since they began the 1st grade! Students at any other high school in the county would recognize the positive changes made in the facilities in their area. On Left Beaver Creek, neglect of the facilities is the only noticeable thing.

## PHS Academic Team Hoping For Banner Year

Members of the Prestonsburg High School Academic Team are preparing for what they hope will be another outstanding season of academic competition. The team is looking forward to competing in the Jenny Wiley Academic Conference during the 89-89 season.

Eager to defend their title as Hart County Academic Invitational champions, the quick recall team will travel there Oct. 21-22. Other prestigious tournaments in which the quick recall team may compete are the Mr. Gatti's Holiday Bowl and the University of Kentucky Academic Invitational. Ulti-

mately, members hope to meet the challenge of the Governor's Cup competition.

Members of the varsity and junior varsity are Mark Blackburn, Holly Bond, Bryan Crider, Ernest Croot, Matthew Goodwill, Dustin Haley, Carter Hamilton, Paul Horn, Mamata

Majmundar, Hayden Milligan, Mike Partington, Adam Recktenwald, Wendy Reed, Connie Spencer, David Thompson, Jody Wallen and Stacy Webb.

A recap of previous success by the academic team and its members is worth noting. During the 1985-86 season PHS was district and regional champion for the Governor's Cup competition. That team went on to finish second in the statewide Governor's Cup. Chris Croot, now a sophomore at Centre College, won first place in the state in science. During the 1986-87 season, Prestonsburg once again won the district and regional Governor's Cup crowns. Prestonsburg's quick recall

team finished its conference season with a perfect 26-0 won-lost record. The quick recall team advanced to the championship match but lost to powerful Lexington Lafayette, the eventual Governor's Cup Champion. David Spiggle, Mike Rosenberg, Tony Skeans, and Scott Wells turned in fine performances on the written assessment portion of the Governor's Cup competition.

Overall, Prestonsburg finished ninth in the state. During the 1987-88 season the PHS academic team extended its winning streak in the Eastern Kentucky Academic Conference to 39 quick recall matches. The team finished its regular season with a record of 27 wins

and one loss. For the third consecutive year, Prestonsburg won the District Governor's Cup.

Other highlights of the 87-88 season include winning the Hart County tournament; placing second in the regional Governor's Cup; being ranked consistently in the top 20 of the coaches' academic poll; having Byron Crider, Mike Rosenberg, David Spiggle and Dusty Weathers named to the all-conference academic team; and having David Spiggle named to the Academic All-State Team.

This year's academic season begins Thursday, Oct. 6. Parents and students are welcome to attend the competitions.

### Pikeville Lawyer Speaks To BLHS Classes Recently

By Kristy Ryan  
Larry Webster, lawyer and columnist for a Pike County newspaper, came to Betsy Layne High School Sept. 23 to speak about writing. The classes who had the opportunity to hear Webster were Mrs. Porter's journalism class and Bonnie Hall's first period English class. Webster has written the column

"Red Dog," since the 1970s. He satirizes things such as local politics and current events. He told the students that if writing a satirical article, never be too specific about a subject. He said that in being too specific, you may run out of things to write. Webster talked about the discipline it takes to be a writer and said that without deadlines, nothing would ever

get finished. He also spoke on the wide use of English language in the work place. He feels that being an English major in college has prepared him for many different fields. Webster is only one of several speakers, Hall has planned to have here this year. She hopes these speakers may inspire students to enjoy writing.

**Neutral Ground**

Democrats and Republicans met on neutral ground recently to discuss current issues. Held at Allen Central High School, the forum was part of the school's U.S. History project.

**Political Parties Meet On 'Neutral Ground' For Discussions At ACHS**

Democrats and Republicans met on neutral ground at Allen Central High School, Sept. 14, to debate and discuss current issues of the political scene as part of a school US History project.

Representing the individual parties for presentations were Delores Dingus, chairperson of the Floyd County Democratic Party; representing the

Republican Party were Gorman Collins Sr., and Gorman Collins Jr.

The party representatives made opening statements regarding their political positions, then fielded questions from the students. The discussion ranged from the upcoming national election to local issues, to concerns regarding vote buying—which was considered by both parties to be the most unpatriotic act an American could commit. Both parties stressed the importance of voting.

The debate was part of a US History class project which has allowed students to actively experience election issues in order to make a voting decision regarding a candidate. The class

teacher, Patricia Murphy, has divided U.S. History classes into political parties with emphasis to the current presidential elections. Students have responsibilities similar to those of the actual party representatives and campaign supporters, including writing speeches, and campaigning.

Each class has a Mike Dukakis and George Bush, and activities within the classes correspond closely to those at the national level. A mock student election is coming up in November for those who have registered to vote. An upcoming election rally will be the next part of the project. Students from Martin and Wheelwright will participate with Allen Central students.

**Floyd County School Lunch Menu Announced**

The breakfast and lunch menus for Floyd County Schools for Monday, Oct. 10, through Friday, Oct. 14, has been announced by school officials.

Meals, all of which include milk, will be:

**Monday, Oct. 10:** Gingerbread and applesauce for breakfast; chuck-wagons, mashed potatoes, green beans and hot rolls for lunch.

**Tuesday, Oct. 11:** Oatmeal, buttered toast and juice for breakfast; cheeseburgers, french fries and fruit cobbler for lunch.

**Wednesday, Oct. 12:** Poptarts and juice for breakfast; beef stew, cole slaw, pears and corn bread for lunch.

**Thursday, Oct. 13:** Gravy biscuits and juice for breakfast; tacos, salad and fruit cocktail for lunch.

**Friday, Oct. 14:** No school.

**Excellent School Attendance Necessary, Says District Official**

By Maurice Allen  
Director of Pupil Personnel

Why is excellent school attendance so important? A student who has excellent school attendance will be more likely to master the essential skills for each grade level, and thus be prepared for the next grade.

As a result of very good attendance, a student will realize his or her potential and score higher on tests given to compare his or her achievement with those students of the state and nation. Excellent school attenders will have a more favorable attitude toward school work and school activities. They will realize their responsibilities as citizens, and be prepared to live happily and productively in our society.

High attendance in school will pave the way for future responsible employees who are not a liability because of absenteeism.

In short, students who have excellent

attendance will experience success, which will provide them with high self-esteem.

Each school system in our state receives funding through the Minimum Foundation Program, based on average daily attendance of pupils. Higher pupil attendance means more funds for our school system to spend for a better education for the children of Floyd County.

The goal of high student attendance must be sought by parents as well as school personnel. Parents teach values to their children. If parents say they value education for their children, then they will see that their children are excellent school attenders.

Parents should plan vacations at a time when school is not in session. They should also realize that tardiness or leaving before school dismisses results in losing valuable learning time, and also tells the child that school is not

that important. Doctor and dental appointments should be scheduled after school hours, whenever possible.

Parents are urged to cooperate with teachers and other school personnel in giving their children the best possible education by first making sure that their children are excellent school attenders!

Working together will produce the desired result: Quality education.

**Folklore On Tour At Allen Elementary**

Allen Elementary students enjoyed a play presentation of "Tom Sawyer" Sept. 12, given by Folklore On Tour, Chad Blanton and Greg Askew of Spartanburg, N.C. The performance was unique in that the two actors performed all playing parts of Tom Sawyer.

**McDowell's Tackett, Bevins Attend Recent Appalshop Writer's Seminar**

During the weekend of Sept. 9-11, Patricia Tackett and Kristina Bevins attended the Kentucky Highland Festival's Appalachian Writer's Workshop at the lodge in Jenny Wiley State Park.

The workshop was sponsored by the Appalshops of America Association. Sessions concerning novels, short stories, poetry, and screenplays were conducted for both students and adults.

The students were able to try their hands at writing a screenplay, using a prompt given to them by M. Ray Allen, a McDowell native. They were told to write the opening to a screenplay about Clay Johnson, who, despite being confined to a wheelchair, masters the art of karate. Some of the suggestions were very touching, stated Tackett and Bevins.

A roundtable poetry contest was held Friday night. Several poets read some of their work, and then were given an hour to come up with their own poem on the topic "Mountain Roots." The winner, John Clarke, from Virginia, received a \$50 prize. Although they received no cash awards, Kristina Bevins came in second and Patricia Tackett finished in third place.

The two students said that the workshop provided them with a new insight into the literary world.

Instructors for the workshop were S.T. Allen, M. Ray Allen, Judy Axford, Alice J. Kinder, George Ella Lyons, Jim Wayne Miller, and Al Stewart.

**Attend Workshop**

McDowell students Patricia Tackett and Kristina Bevins recently attended a literary workshop. They are shown with instructor M. Ray Allen, a native of McDowell.

**Parent-Teacher Conferences Slated Oct. 10**

The first parent-teacher conference for this school year will be held Oct. 10 from 5 to 8 p.m., according to district officials.

All teachers will be at their respective schools to discuss students' progress with parents.

# New Club Is Begun At WHS

By Brian Boyd

Wheelwright High School has begun a new club this year—the Investment Club.

It was formed to teach the students more about the stock market and Wall Street. The club will begin to invest money donated from local banks into selected stocks that the members of the club choose, such as IBM, AT & T and General Motors.

Twenty-eight students came to the first meeting recently to learn more about what the club has to offer. The leaders expect more students to become involved later on, but the strong turn-out last week showed that many were already interested.

The meeting was conducted by Doris Osborne, the faculty sponsor, and Brian Boyd and Amy Payne. These two students attended a workshop given by

the Kentucky Appalachian Foundation to learn about what it would take to get a club, such as the Investment Club started in the school.

There are plans to have the *Wall Street Journal* at the school. With this

paper, the students will be able to keep track of their stocks. The paper will not only benefit the club, but other students will also be able to read about the stock market.

In the meeting, Osborne told the

group how a Tax I.D. number will have to be issued if the students invest in stocks, and she also stated that a name should be given to the club. As of yet, the club hasn't decided on a group name, but one will be chosen later.

Spruce Pine School

The two-room rural schoolhouse was once a normal occurrence; now it is becoming endangered. One of the last such schools in Eastern Kentucky is Spruce Pine Elementary, in the Floyd County School System. Spruce Pine, located at Honaker, is a two-room school which has two teachers and 42 students. Those attending Spruce Pine are Crystal Boyd, Rena Boyd, Brent Collins, Jeremy Collins, Doug Collins, Shawn Collins, Jackie Collins, Kim Collins, Barry Collins, Tasia Collins, Angie Damron, Carry Damron, Mona Damron, Gred Damron, Tina Damron, Joshua Howell, Shannon Howell, David Howell, Heather Howell, Carlena Harrison, Dean Hunter, Keith Hughes, Jamie Howell, Junior Hall, April Hall, Rebecca Kidd, Tara Kidd, Angie Kidd, Artina Kidd, Adam Kidd, Joe Kidd, Justin Kidd, Brent Kidd, Wesley Lawson, Melissa Lawson, Crystal Seraberry, Kelly Yates, Mistie Yates, Stevy Yates, Curtis Yates, Nora Gail Tackett and Grady Yates.

## GED Foundation Offering 'Free' Saturday Test Dates

The Division of Adult and Community Education, in cooperation with the GED Foundation, is reinforcing statewide promotional efforts with offering "free" Saturday test dates in November, according to Pete Grigsby Jr., Floyd County Education official.

The GED exam will be administered at Prestonsburg Community College on Saturday, Nov. 5. Adults without high school credentials, who are enrolled in Adult Basic Education/GED classes, are eligible to participate in the testing program. If the need is sufficient, an additional Saturday test date to accommodate all students who register for the exam may be requested. Participants may register for this test by calling 886-3863, extension 295.

The next scheduled Adult Basic Learning examination for teacher aides is Wednesday, Oct. 12, at 10 a.m. in the Pike Building, Room 203. Proper identification and a \$10 test fee is required. This examination can also be scheduled by appointment if needed, said Grigsby.

### For Cash, country music taps into emotions

By Wendy Wallace

"Country music offers a clarity of feelings that are expressed," says singer Rosanne Cash. "It's soul-stirring, even if it's about a complex situation. But sometimes it can be hard to define because it's constantly being redefined."

Rosanne Cash

On Monday, Oct. 10, host Dolly Parton will join country music's finest at Nashville's Grand Ole Opry for "The 22nd Annual Country Music Association Awards," airing live on CBS. This is the first time Parton has hosted the special and the first time the broadcast has been expanded to two hours. Awards will be presented in 13 categories, with Cash nominated for Single of the Year, Female Vocalist of the Year and Vocal Event of the Year (sharing honors with her husband and producer, Rodney Crowell).

"The Grammys cover the whole music industry," says Cash. "It has a lot of meaning. But with the Country Music Association Awards, you work with these people all the

time. It's nice to think that you're recognized by your peers in the industry for really doing good work."

Cash, the eldest daughter of singer Johnny Cash, was born in Memphis, Tenn. Although her parents were divorced when she was 11, she and a step-sister joined her father's show after her high-school graduation. Cash signed with Columbia Records in 1979 and debuted with her first album "Right or Wrong." It was followed by "Seven Year Ache" (1981), which gained her a Grammy nomination, and "Somewhere in the Stars" (1982). "Rhythm and Romance" (1985), which included the song "I Don't Know Why You Don't Want Me" (1985) won her a Grammy for Best Country Female Vocal Performance. Her fifth album, "King's Record Shop," includes a version of "Tennessee Flat Top Box" (written by her father), which is a nominee for "Single of the Year."

As always, the singer's music reflects her unique views as a recording artist.

"I don't put out an album every year," she says. "I listen to a lot of music, but I listen to people, not trends. The human being is a pretty versatile instrument. We have a lot of emotions so it's just a matter of tapping into it."

"My ultimate goal is to continue to be a great writer and singer. To see what I can do and be happy. And to grow as a human being."

**GORILLAS IN THE MIST (PG-13/Universal).** Starring Sigourney Weaver ★★★

By J.T. YURKO

Sigourney Weaver is once again sharing the spotlight with wild creatures, but these are considerably more docile than their otherworldly counterparts from "Aliens." She plays Dian Fossey in this true story of Fossey's life among the mountain gorillas in central Africa. This is the role of Weaver's career so far, and she makes the most of it.

Fossey was an ambitious woman with little formal training in anthropology or primatology when she convinced Dr. Louis Leaky that she could head up a long-term study of the mountain gorillas. She left behind her fiancée, hair dryer and appendix (she had it removed "just in case"), and headed for Africa with lots of ambition but little experience.

Almost before she started, a civil war in what was then the Congo propelled her from that country, and she was forced to begin her study in neighboring Rwanda. With perseverance and a little luck, Fossey managed to find, study and

make friends with the rare animals. She was so successful that her photographs and films became widely known throughout the world, not just in National Geographic but on "The Tonight Show."

The animals became an obsession with Fossey. She fought fiercely with poachers who would kill the gorillas just to make an ashtray from a gorilla's hand. Indeed, she felt they were *her* gorillas. Her efforts almost single-handedly saved them from extinction, but the obsession ultimately led to her tragic end.

Filmed in Rwanda with the actual mountain gorillas, the film is remarkable. Weaver's scenes with the animals are, for the most part, genuine and touching. The joy on Weaver's face when she gets close to those unique creatures is not just Yale drama school.

Weaver also gets a chance to show her range as she grows from naive student to maniacal scientist. Watching her and the gorillas is reason enough to watch the film.

# Forest Fire Hazard Season Is Designated

Natural Resources Secretary Carl Bradley reminds Kentuckians that Kentucky law designates Oct. 1 to Dec. 15 as "Forest Fire Hazard Season."

During the period, the law prohibits burning anything capable of spreading fire within 150 feet of the woods. The no-burning provisions are in force throughout the day except between the hours of 4:30 p.m. and midnight.

The cabinet's Division of Forestry advises that even after 4:30 p.m., no one should burn unless the wind is calm. It is also illegal to start a fire at any time on or near one's timberland without taking all reasonable precautions to prevent the fire from spreading. The law requires that all outdoor fires be attended until extinguished.

Forestry Director Donald Hamm explained that reasonable precautions include: the ground should be cleared

around a fire, tools should be handy, the fire should be fed slowly, and it should be manned until it is completely out.

"Burning only in late evening and taking adequate precautions would rid Kentucky of one of the leading causes of forest fires," Hamm said, referring to fires which accidentally spread when people burn trash and other unwanted material.

Hamm said that the division field personnel are now making final preparations for the fall fire season with the hiring, training, and equipping of emergency fire fighting crews.

To report a forest fire, residents are encouraged to call the Division of Forestry in Prestonsburg, at 886-8562. Residents outside of the Prestonsburg calling area can call collect to report a forest fire.

## State's General Fund Receipts Increase 5.2 Percent Over August One Year Ago

The state Finance Cabinet has announced that General Fund receipts for August amounted to \$207 million, an increase of 5.2 percent more than August of last year.

According to Dr. James R. Ramsey, Director of the Office for Investment and Debt Management, collections for sales and use tax and individual income tax were the best performers of all major state tax categories. "Growth rates of 8.8 percent for the sales and use receipts and ten percent for individual income tax receipts indicate a growing state economy," he said.

In other tax categories, corporate income receipts were up by 7.9 percent as compared to August 1987. Coal severance collections increased by 8.5 percent and property taxes decreased by eight percent. Audit collections for

sales and use tax, coal severance and corporate income tax were down a total of about \$3.3 million versus August 1987.

Year-to-date growth is at a level of 3.1 percent when compared with the same period of last year.

## 'How To' Books Available From PCC Library

By Trisha Morris,  
PCC Librarian

In an effort to be of service to members of the community, as well as a resource to students, the library staff at PCC orders many "how to" and consumer information books. The following titles are a sample of these books.

**Information USA**, by Mathew Lesko. Chosen as one of the "Outstanding Reference Books of the Year" by the American Library Association, the first edition of *Information USA* marked the first time a \$20 paperback ever made the "New York Times" bestseller list. This revised edition is more of the same with up-to-date, accurate information on almost any subject.

"The best way that taxpayers have of getting their money's worth from their government is by knowing about it and using the information it generates." This philosophy was the impetus that caused Mathew Lesko to compile *Information USA*.

The US Government is a vast treasure trove of free, or nearly free, publications and services and this book tells how to find them. By knowing who to call, Uncle Sam just might stock your pond, seed your forest, or sell you a cheap jeep; there are hot lines for federal jobs, run-a-ways, and reporting fraud; there's a list of freebies, gifts from everyone's favorite Uncle, and ways to find his red tag specials of surplus property. *Information USA* pinpoints sources of information on consumer products, to tens of billions of dollars worth of government research and analysis.

Easy to use because of a very good index, this book is good to find information from the government.

**Cocaine and Crack**, by Julian Chomet. In the 1960s and '70s, cocaine became linked with the rich and famous. Movie stars and musicians told sensational stories of wild parties heightened by the drug. At that time, cocaine was so expensive it was no threat to the ordinary person. In the last few years a new, cheap form of cocaine has begun to flood the streets. It is known as "crack" and is "the most dangerous and the most addictive drug" ever made available to the public.

Because of its low price and the continuing myth that cocaine is a harmless drug that can be controlled, crack has become a national tragedy that cuts

across all levels of society. This book, one of the titles in the series "Understanding Drugs," has been written to inform and warn. In a straightforward, sympathetic manner, the author gives in-depth information about cocaine, what it is, where it came from, its effects and what can be done about it. There are sources of help, instructions for emergency treatment and lots of pictures and warnings.

**Cold Cures**, by Michael Castleman. Americans suffer a billion colds each year and spend \$5 billion dollars annually treating them. Michael Castleman, the editor of the authoritative health magazine "Medical Self Care," says that most of the money spent on cold remedies is wasted. His philosophy is, "once you understand how colds are transmitted, you can often avoid getting them and giving them to others."

*Cold Cures* represents the state-of-the-art in cold self care. It covers everything: what colds are, preventative measures, and the best orthodox medical treatments. It also contains information on the latest development in cold research and thorough, clear discussions of alternative cold treatments.

Michael Castleman's style is full of wit and wisdom, but the bottom line is that it is medically sound advice that experts say really works.

**The Compact Disc Book**, by Bryan Brewer. The compact disc (CD) sound quality, convenience and durability has pushed the recording industry into the 21st century, and the listening public has responded enthusiastically. Annual CD player sales exceed \$4 million, and disc sales easily outstrip those for traditional LPs. This explosion of the industry has opened a search for consumer information, and this book is intended to answer that search. It authoritatively—and in plain English—covers all aspects of the CD revolution; development history, CD technology and expert consumer guides to equipment and discs.

Generously illustrated and featuring low-tech talk that demystifies the high-tech world of digital audio, *The Compact Disc Book* is indispensable reading for anyone contemplating a CD purchase.

particularly pleasant reading material, but it is a medical fact and, according to the author, can be prevented. Dr. Potter, director of the Vincent Lombardi Cancer Research Center at Georgetown University, has written this book to demonstrate his thesis that cancer can be prevented. His steps for prevention include adopting a healthier lifestyle and instituting a personal cancer detection regimen to detect cancer at its genesis, when treatment is most successful.

Illustrated with several actual case histories, this expertly-written guide is designed to help the reader take control of his or her own health. Dr. Potter identifies the carcinogenic in-

fluences in the environment and outlines ways to avoid them. He offers specific methods for detecting cancer and explains what to do if it is actually found.

**The Dean Witter Guide to Personal Investing**, by Robert Gardiner. Making dollars work harder has never been more challenging. People are faced with a tremendous variety of choice—common or preferred stock, bonds, annuities, trusts, Ginnie Maes, CDs, commodities—and financial independence and security may depend on the ones selected.

The author cuts through the confusing rhetoric that surrounds financial questions and presents, in a clear and

concise way, the options that are available and the risks and rewards that accompany each of them.

Written by a Wall Street figure who has spent his entire professional life in the investment arena, this knowledgeable book offers sound, easy-to-follow advice on how to reach financial goals.

**The Dean Witter Guide** is must reading for the serious investor.

**1987 Kentucky Workers Compensation Law**, by Sen. H. Edward O'Daniel. In October of last year, House Bill 1 took effect, significantly revising the state's workers' compensation law. This book provides the full text of the bill with important comments from Sen. O'Daniel. His text focuses on the four main areas of his task force's recommendations—administration, procedures, black lung programs and the special fund—and compares prior law to this '87 revision. It provides the background necessary for a thorough understanding of the issues.

This book is the first in-depth review of the act's content and operation.

**How To Incorporate**, by Michael Diamond. *How To Incorporate* is the first comprehensive layperson's guide to incorporation. Covering every essential topic—from special agreements and forms of incorporation to securities laws, stockholders and dividends—the

authors lay out all the options in clear, understandable language. These guidelines, strategies, and specific requirements hold for virtually any size business operating in the United States and covers the sweeping Tax Reform Act of '86.

Packed with sample forms along with the instructions for completing them, *How to Incorporate*, is the one book every business owner and professional needs to beat the risks and reap the rewards of a well executed incorporation.

**How to Evaluate and Select a Nursing Home**. As the population gets older, a real concern facing many families is quality care for aging parents. This non-nonsense book explains how to select them, and how to make certain that the resident is getting the most out of the facility and its staff.

Written by the People's Medical Society, America's most hard-hitting and responsible medical consumer group, this book is a tool designed to assist and direct readers through the maze of items, people and decisions required to evaluate and select a facility.

Ample charts and checklists enable readers to compare facilities and a complete list of Nursing Home Licensure Offices throughout the United States can help make with this important decision.

**Bradley-Frasure**

Pam Bradley, daughter of Dingus and Vivian Bradley of Wayland, and Moses Frasure Jr., son of Mose and Roberta Frasure of McDowell, were united in marriage Saturday, Sept. 10 at the Steele's Creek Regular Baptist Church with the Rev. Bill Tackett of McDowell officiating. The bride, given in marriage by her father, wore a Victorian wedding gown trimmed in lace which was given to her by her grandmother. The groom was attired in Navy regulation uniform. The couple is residing in Little Creek, Va., where Frasure is stationed.

### Nichols Completes Armed Forces Training

Marine Pvt. Bruce V. Nichols, son of Roy E. and Mary L. Goodson of Prestonsburg, has completed recruit training at Marine Corps Recruit Depot, Parris Island, S.C.

During the 11-week training cycle, Nichols was taught the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional

standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

A 1988 graduate of David School, David, he joined the Marine Corps in May.

## KFWC/GFWC SPONSORS FESTIVAL FOOD BOOTH

The K.F.W.C./G.F.W.C. Prestonsburg Woman's Club will sponsor a food booth in the Jenny Wiley Festival. The booth will be located in the main parking lot.

The menu includes hickory smoked barbecued sandwiches, hotdogs with home-made chili sauce, fruit pies, soft drinks, and coffee.

Proceeds will be used for one of the many causes sponsored by the club.

## MIRIAM LODGE NAMES REBEKAH RECIPIENTS

Miriam Rebekah Lodge No. 31 held its semi-monthly meeting Tuesday evening, Sept. 20, with the Noble Grand, Teresa Maynard, presiding.

Kelly Sue Moore, former Noble Grand, was presented. Moore recently served as page during the Kentucky State Assembly.

The following persons received the Rebekah degrees: Mary Sue Martin, Deloris Reichenbach, Minnie Pearl Robertson, and Phyllis C. Joseph.

Those in attendance were reminded of the cookbooks for sale by the Lodge, and anyone interested in the purchase of one of these should contact one of the members.

The installation of officers and the Halloween party will be held Tuesday evening, Oct. 18, at the I.O.O.F. Hall. The Noble Grand expressed the hope that all officers and members be present for this event.

Lorena Wallen and Beverly Hackworth, newly-elected Noble Grand and Vice Noble Grand, respectively, named their officers for the year 1988-89, and these will be listed next week.

Mary Zemo gave a report on the district meeting, which she attended Sept. 17, at Pikeville. It was decided to have only two district meetings per year—the spring meeting in March at Paintsville, and the fall meeting in Sept. at Prestonsburg. A Christmas meeting will be held this year at the lodge.

Mary Zemo, lodge deputy, instructed the new candidates on rules and regulations of the lodge. "Happy Birthday" was sung to Delcie Gayheart.

Preceding the meeting, a pot-luck dinner was enjoyed by Lorena Wallen, Teresa Maynard, Beverly Hackworth, Maman Leslie, Mary Ann Prater, Sue Moore, Venelia Rinehart, Mabel Jean LeMaster, Debbie Johns, Violetta Wright, Paulena Owens, Kelly Sue Moore, Donna Thomas, Mollie Hyden, Dottie Lafferty, Jewell Bays, Pauline Crisp, Orbie Vaughn, Nola Stepp, Clara Harris, Effie Hopkins, Mary Zemo, Belle Conn, Delcie Gayheart, Dora Johns, Claudine Johns, Margaret Baldrige, Vina Nuckles, Hope Whitten, Mary Sue Martin, Deloris Reichenbach, Minnie Pearl Robertson, and Phyllis Joseph.

**"I was relieved to discover I was an alcoholic."**

*One man's story.*

The word "alcoholism" is so loaded with shame, it's hard to imagine anyone ever being relieved to discover it applied to them. This is a glimpse of what one man went through to come slowly to that realization.

**"The very first time I drank, I got drunk, I got sick, I had a blackout. I didn't intend any of that to happen."**

Often from their very first drink, alcoholics seem to respond differently to alcohol. If you sometimes drink so much that you don't recollect certain events, then by definition, you have an alcohol problem.

Normal drinkers rarely lose control to the extent that they have a blackout.

**"Within six years, I was drinking round-the-clock, a quart of vodka a day. I didn't care what happened."**

As the disease of alcoholism progresses, more and more you don't control alcohol, it controls you. Once you start drinking, you can't be sure whether you'll have two drinks, or twenty.

The consequences—family difficulties, health problems, arrest, loss of job—cease to matter. All you care about is the next drink.

**"I thought I drank because I was crazy. I never realized I was crazy because I drank."**

The more you drink, the more trapped

you become. That's because drinking at your present rate has devastating consequences. But the thought of cutting down is equally awful.

So subconsciously you seek a way out by flatly denying you have a problem, and laying the blame for your misfortunes elsewhere. You're going insane, people have it in for you or you're simply unlucky.

**"Towards the end, I lay in bed, a half gallon on the floor, soaking wet with sweat, a gun in my mouth."**

The possibility of suicide is one reason CareUnit likes to treat people as early as possible.

Last year, our program helped over 55,000 people stop using alcohol and drugs.

Treatment is covered by most insurance plans, and includes medical supervision, education, group therapy and free lifetime aftercare.

Incidentally, there's no charge for the initial consultation, which may involve the drinker, or someone close to him.

**"Once I admitted my real problem, the worst was over."**

It may be hard to believe—and it may not happen until you've been in treatment for a while—but once you admit you have a problem with alcohol, you'll feel a strong sense of relief and release. Then—and only then—can you start to rebuild your life.

The man whose story you've read has been sober 15 years, he's a highly successful senior executive in a major corporation, and he owes his life to one phone call.

And that's the point. If you don't call, we can't help.

**Dr. Fox Addresses Club, Discusses Trip To China**

Members of the GFWC/KFWC Lackey-Garrett-Wayland Woman's Club were taken last Monday evening on a trip to China, via colored slides and descriptive narrative by Dr. Mary Pauline Fox, director of health services for Pike County, at the home of Rita Osborne, daughter of club member Elizabeth Duff of Hueysville.

Dr. Fox advised that the medical group who went from the United States, of which she was a member, were guests of the Chinese Medical Association, with three of the group being from Pike County. The trip, she explained, was part of the "People-to-People Ambassadors" program instituted by President Eisenhower, and Dr. Fox's group was the first public health group to go to China.

Many interesting facts were related by the speaker: Chinese couples are not permitted to have more than two children (with one preferred), and if they do have a third child, it will not be allowed to have an education, and will be ostracized by the Chinese government as well as the public in general. She also advised that stealing in China is not only breaking the law, but is also a grave moral offense and a "loss-of-face" act. It is, therefore, practically unheard of in China.

clinics and pharmacies are divided, one for modern treatment and medicine, the other for traditional Chinese treatments such as acupuncture and herbal medicine, with a separate entrance for each. She did advise, however, that in their modern pharmacies they have very up-to-date drugs, but their hospital equipment and facilities are several decades behind those in the U.S., though she did learn of some startling results from acupuncture.

Dr. Fox displayed a shopping bag of souvenirs and conducted a question and answer session following her presentation.

Prior to the program, Marsella Bradley gave a devotional. Elizabeth Duff read the Club Collect, and LaFaye Hughes led the Pledge to the Flag.

Following the serving of refreshments by Osborne, a short business meeting was conducted by the club

president, Louise West. It was decided to sell pecans again, as has been done for many years. Get-well cards were distributed for sale. The upcoming KFWC District Meeting was discussed and volunteers were called for to represent the club. Alma Souleyrette agreed to accompany West.

Those present were guests Dr. Mary Pauline Fox and Mrs. N.D. (Eddie) Howard, a former member of the Wayland club who now resides in Pikeville, and Karen Hall and daughter Nikole; club members Loretta M. Martin, Louise West, Alma Souleyrette, Marsella Bradley, Lula Coburn, Vera Allen, Marie C. Mullins, Maxine Martin, Blanche Bamer, Elizabeth Duff, Betty Mullins, LaFaye Hughes, Libby Martin, and the hostess, Rita Osborne.

The next meeting will be Oct. 17, at the home of Alma Souleyrette, Wheelwright.

**Anderson-Willis**

**Anderson, Willis Plan Dec. Wedding**

Mr. and Mrs. Hillard Anderson Jr., of Halo, announce the engagement of their daughter, Lisa, to Ronald A. Willis, son of Mr. and Mrs. Donald A. Jillis of Langley.

Anderson is a graduate of Wheelwright High School and Eastern Kentucky University. She is employed with the Floyd County Board of Education.

Willis is a graduate of Prestonsburg High School and Mayo State Vocational and Technical School. He is employed with Highlands Regional Medical Center.

The wedding will be held at 4:30 p.m. Saturday, Dec. 17, at the Community United Methodist Church in Prestonsburg. The custom of an open church will be observed. A reception will be held in fellowship hall.

**Assistance Available To Homebound Elderly**

The Respite Caregiver's Referral Program offers assistance to those who are caring for the elderly in their homes and are in need of a break from the tremendous responsibilities the home care requires.

The program offers help with housecleaning, shopping, daily chores, transportation to the store or doctor, or help in caring for an elderly person. Reasonable hourly rates are charged for these services.

The respite program also needs nurses, homemakers and caregivers, who will be paid for their services.

Sponsored by the Big Sandy Area Development District, over 100 individuals have been helped with home care and approximately 50 individuals have jobs in their communities.

For more information write Taunya Shelton, Ombudsman, Respite Care Program, Big Sandy Area Develop-

ment District, 31 North Lake Drive, Prestonsburg, Ky. 41653, or call 886-2374.

**Excel Picnic Held Recently**

Excel College of Paintsville held a cookout, and picnic for their students and faculty Sept. 15 at the Dewey Dam picnic area.

The families of the students were also invited to attend.

A student there, Lisa Stricklin, enjoyed the occasion along with her mother, Sybel Stricklin of Auxier, and sisters Carolyn Case and daughter Jennifer of Harold, and Pam Watkins of East Point.

**Pharmacy Footnotes**

By HAROLD COOLEY

**DIFFERENT BUT EQUAL**

A "generic drug" is a prescription drug that is equal to a brand name drug, often at a lower price. Under law, a generic drug must demonstrate that it is the bio-equivalent to its brandname "alter ego" in order to have the approval of the Food and Drug Administration. In other words, the generic must have the same active ingredient as the brand-name drug. It must also be of the exact same strength and dosage form. In addition, it must be taken by the same method, and must release an identical amount of drug to the body as the brand-name drug. While it is the responsibility of the generic manufacturer to demonstrate the quality, strength, and purity of his product, it is the consumer's responsibility to find it at a price lower than its brand-name counterpart.

COOLEY APOTHECARY meets the highest level of professionalism in our business and would be honored to become your pharmacy. Our records are fully maintained for all drug warnings, drug interactions and personal drug allergies here at #2 Town Center Bldg., 886-8106. We are small enough to know you, yet large enough to serve you. MasterCard and Visa honored plus we welcome all third party payments. Open: Mon.-Fri. 9-5:30, Sat. 9-3.

**HINT:**

There is no evidence that generic drugs produce more side effects than their brand-name equivalents.

## Youth Art Contest Celebrates KET's 20th

KET is celebrating the 20th anniversary of its 1968 sign-on. In honor of the anniversary, children 18 years old or younger are invited to submit artwork showing an appreciation of KET.

All entrants will receive a certificate of participation. The 18 winning artists will receive ribbons and \$50 United States Savings Bonds. The artwork will be displayed at KET special events and broadcast on KET during programming breaks.

The contest is divided into three age groups: grades two and under, grades three through six, and grades seven and up. Artwork should be no smaller

than eight inches by 10 inches and no larger than 11 inches by 17 inches. The elements "KET" and "20" must appear somewhere in the work, and all work must be at least one inch from the edge of the paper. The artist's name, address, telephone number, age, grade, and school must appear on the back.

Artists whose works are chosen will be notified of air date and time. All artwork becomes the property of KET.

For more information, contact Susan Britton at (606) 233-3000.

## Bradie Shepherd Recuperating At Child's Home

Bradie Shepherd is recuperating at the home of his daughter in Johnson City, Tenn., after having a cornea transplant at the Johnson City Eye and Ear Hospital.

He was accompanied by his wife and daughter, and will remain in Tennessee for approximately two weeks.

**Birthday**

Kisha Rosemarie Hinton, daughter of Kenneth and Vanessa Hinton of Prestonsburg, will celebrate her second birthday, Saturday, Oct. 8. She is the granddaughter of Rhoda and Doug Stanley of Prestonsburg and Shirley Scott and Gene Hinton of Prestonsburg. Her great-grandparents are Emit and Juanita Ousley of Lancer; Fred and Ruth Ousley of Spurlock; Carmia Stanley of Middlecreek, and the late Roosevelt Stanley. Great-grandmothers are Flora Gayheart, of Riverview Manor and Crecie Joseph of Prestonsburg.

The sun was 35 to 40 percent dimmer 4.5 billion years ago.

## Delayed Retirement Means Bigger Check

People in the Big Sandy area who are approaching 65 and do not plan to retire should be aware that their Social Security check will be larger when they finally do apply for it, said Jim Kelly, Social Security Director for the Big Sandy Area.

The reason is because of "delayed retirement credit," he said. This credit increases a person's retirement checks for each month he or she does not get a benefit after 65 and before 70.

The credit adds one-fourth percent for each month—3 percent for each full year—a person does not get a check

because of work, Kelly said. It also applies to widows and widowers benefits.

The credit will gradually increase to 8 percent a year between 1990 and 2009.

In addition to these credits, a person's earnings after 65 may also result in a larger check than would have been payable at 65, he said.

Of course, a person who starts getting checks at 65 can still work and earn a significant amount before his or her benefits are affected, Kelly said. In 1988, people 65 through 69 can earn \$8,400 and still get a full year's benefits. There is no limit for people 70 and

older.

If earnings go above \$8,400, then \$1 in benefits is withheld for each \$2 of earnings above this amount. This annual exempt amount will increase automatically to keep pace with increases in average wages. The exempt amount for people under 65 is \$6,120 in 1988.

People who are working and estimated they would not earn more than the exempt amount should make

sure the estimate is still accurate. Any change in a person's estimate should be reported to Social Security, Kelly said.

For more information about Social Security retirement benefits, call the Big Sandy Area Social Security office, located on U.S. 23 between Prestonsburg and Paintsville. The telephone number is listed in your local telephone directory under U.S. government.

## Legendary Bluesman Buddy Guy To Perform

A brilliant and innovative guitarist, intense vocalist, and an incredible showman electrifies the stage when the Buddy Blues Band kicks off the third season of *Kentucky Center Presents: The Lonesome Pine Specials* on KET Saturday, Oct. 8 at 10 p.m.

This popular KET music series enters its fall season with 10 new shows composing this year's Lonesome Pine Summer Festival held at the Kentucky Center for the Arts and taped by KET.

Funding for the series, and other programs in the Kentucky Center Presents series, is made possible by the Fund for the Arts, a program in the KET Fund for Excellence.

*Kentucky Center Presents: The Lonesome Pine Specials* is a co-production of KET and Kentucky Center for the Arts. The series airs in more than 110 markets throughout the United States. The series is distributed nationally by the Southern Education Communications Association (SECA).

At the age of 13, Buddy Guy made a guitar utilizing window screen wire and taught himself to play blues. In 1957 he arrived in Chicago and quickly became known for his intense style of play. In the early '60s, he became the last blues "star" for the Chess Records label.

Buddy Guy's frenzied live performances have made him a legendary figure. He has won the admiration of everyone who has tried to play blues and guitar, from B.B. King to Jimi Hendrix. He has been called the best guitar player in the world by rock 'n' roll star Eric Clapton.

Buddy Guy Blues Band members include Danny Nichilo, piano and harmonica; Garrick Patten, alto saxophone; Greg Rzab, bass guitar, and Jerry Porter, drums.

The KET production of *Kentucky Center Presents: The Lonesome Pine Specials* is an effort to bring concerts, plays and other Center events to the entire state via the KET network.

# Let's Be Fair To All School Employees

Floyd County teachers have not had an increase in pay from local sources for over 20 years! I will support an increase! Non certified personnel had to take a reduction in pay in 1985 and 86 and only received a 2% increase in 1988-89. How can you reduce a woman or man's pay that only makes \$24.00 a day for driving a bus or \$29.00 a day as a cook, custodian, or clerk?

Let's take the fear out of teaching in the Floyd County school system! Let's give our teachers the materials to work with!

We can only put our children first if we put the people who have everyday contact with the children first!

## Veterans Questions And Answers

The following are representative questions answered daily by VA Counselors. Full information is available at any VA Office.

**Question:** I understand that there have been some changes in the Veterans Administration's Home Loan Guaranty Program. Did the amount of the maximum VA-guaranty on a conventional home loan change?

**Answer:** The Veterans' Home Loan Program Improvements and Property Rehabilitation Act revised calculations for determining the percentage of the loan guaranteed by the VA. Previously, the maximum VA-guaranty on a conventional home loan was \$27,500. Under the new law, for loans of \$45,000 or less, 50 percent of the

loan is guaranteed. For loans above \$45,000, 40 percent of the loan is guaranteed, up to a maximum of \$36,000, but not less than \$22,500.

**Question:** I understand that there have been some changes in the Veterans Administration's Home Loan Guaranty Program. Did the amount of the maximum VA-guaranty on a conventional home loan change?

**Answer:** No. Only compensation and pension benefits can be directly deposited to a personal bank account.

# Wells Family Reunion Held

The descendants of Richard Wells, born Feb. 11, 1760, died March 28, 1838, and Susanna Hutchinson Wells, born 1779, died 1862, met for their annual meeting on Sept. 3 and 4, at Johnson Central High School, according to Mary Wells Walton, treasurer of the Wells Family Association.

Members enjoyed fellowship and exchanging of genealogy and a variety of music, provided by the "Anointed" from Dayton, Ohio. Members of the "Anointed" are Laconda Couch, Marluta Burgess, Haskell Burgess, Darlene Burgess, Greg Sammons and Bob Buskirk.

The Wells members were unable to tour the grave sites of ancestors because of rain, but are looking forward to taking the tour at the 1989 reunion.

The association provided the members with items of interest, including the Wells Family cookbook, and the 1988 Memorial Book, which includes genealogy and pictures of family members back to 1800.

The following members were recognized for their outstanding work and were presented with a certificate by president Pat Williams; Wanda Wells, Manford Walton, Lyman Porter, Lloyd Wells, Beluah Keel, Clay Wells, Virginia Edgel, Woodrow Allen and Darlene Burgess.

A memorial service in memory of the members who died since the 1987 reunion was conducted by the devotional chairperson, James E. Wells.

The following officers and board members were presented by the Nomination Committee and elected by

the group for 1988-89. President, Pat Williams; Vice-President, James E. Wells; Secretary, Patti Volota; Treasurer, Mary W. Walton; Chaplain, James Wells; and Parliamentarian, Bobby Wells.

The 1988-89 board members are Beluah Keel, Mabel Allen, Opal May, Lloyd Wells, Ramona W. Newman, Paula Wells, Clayton Wells, Lyman Porter, Pauline Gaze, Deloris W. Booth and Virginia Edgel.

The committee members for 1988-89 include: Historian Committee—John B. Wells III, Charles C. Wells and Bobby Wells; Activity Committee—Darlene Burgess and Wanda Wells; Nomination Committee—Clara Preston, Manford Walton and Woodrow Allen; Serving Committee—Deloris W. Booth; and News Reporters—Co-Editors Phillip E. and Wanda F. Wells.

The president will be announcing the time and date for the October board meeting.

The following people attended and enjoyed the fellowship and pot luck dinner together.

## Lagniappe

By Lorraine Beach

Pikeville's Lost In The Shuffle Bridge Club met at Meyers Towers Tuesday night. The winners of the Mixed Doubles Event were North/South: Mrs. Betty Grudin and Mr. John Rupley, first; Mrs. Sara George and Mrs. Gerry Barnard, second; and Mrs. Evelyn Waggoner and Mr. Griff Griffith rounded out third. Sitting East/West: Mrs. Phyllis Coe and Lorraine Beach, first; Mr. Lawrence Barnard and Mr. Robert Pinson, second; and Mrs. Colobo Pseudomania and Mrs. Vicki Pinson were third. Applaud!

The club members enjoyed the Duplicate Session last Tuesday night, especially using the scoring method which determined the top, average and low boards.

Next week the 2-Club Convention (Stayman) will be repeated for less ex-

perienced players who want to perfect their skill in bidding.

Another full bridge program is being offered at both local colleges. Beginners' bridge classes began on Oct. 3 at Pikeville College and will begin Thursday, Oct. 13 at Prestonsburg Community College. The two-hour class will consist of lecture, demonstration and practice.

You are encouraged to join either class. Let us all promote bridge in Eastern Kentucky.

The We Bid It Our Way Bridge Club met Monday at the home of Marie Looney and the coveted positions went to Mrs. Jonell Robinson, first; Mr. Griff Griffith, second and Mrs. Marie Looney, third. Congratulations! While there, Mrs. Looney served a pretty dish of au gratin with porc and a brocca of tea.

## Stephens Family Reunion Held Sept. 11

Those attending were W. H. Martin, Garrett, Ky.; Mr. and Mrs. Billy Hite Martin, Prestonsburg, Ky.; Mr. and Mrs. Robert Martin, Russell, Ky.; Mr. and Mrs. David Chafin, Lexington, Ky.; Mr. and Mrs. Jodie Chafin, Martin and Joshua, Pikeville, Ky.; Mr. and Mrs. Grover Mason Collins, Kathy, Kelly and Kim, Lawrenceburg, Ky.; June Stephens, Lawrenceburg, Ky.; Greg Collins, Estill, Ky.; Mr. and Mrs. Clyde Stephens, Martin, Ky.; Mr. and Mrs. Dale Hall and Jeremy, Martin, Ky.; Mr. and Mrs. Johnny Clyde

Stephens, Susan and Michael, Hunter, Ky.; and Mr. and Mrs. Stevie Stephens and Samantha, Martin, Ky.

Blessings were given by Joyce Martin and Grover Collins.

Guests attending were Jenny Artrip, Martin, Ky.; Jerri Campbell, Prestonsburg, Ky.; Eileen Bort, Lexington, Ky.; and Pete Dawson, Hi Hat, Ky.

The oldest attending was W. H. Martin and the youngest was Joshua Chafin.

Those unable to attend were Steven Chafin, Lexington, Ky.; Mr. and Mrs. Keith Chafin, Pikeville, Ky., and Rolla Chafin, Bronston, Ky.

## Rent to Own

**COLORAMA MAKES IT EASY!**  
10 GOOD REASONS TO RENT-TO-OWN

#1 YOU CAN HAVE ANYTHING ON A MONTH TO MONTH BASIS.

Try getting that kind of deal from an ordinary store or finance company.

#2 IT'S AFFORDABLE!

Your first weeks rent on a 19" color TV can be as low as \$8.75.

#3 NO DEPOSITS OR DOWN PAYMENTS REQUIRED.

#4 NEVER TIES YOU UP IN A LONG-TERM DEAL YOU MAY NOT WANT.

Why obligate yourself to months or even years of finance charges, when you can RENT-TO-OWN on more convenient terms.

#5 IF IT BREAKS WE FIX IT - FREE !!!

If you finance, you have to pay extra for a service policy, or pay the repair bill yourself. With COLORAMA RENT-TO-OWN, service is a no-charge deal.

#6 NO WAITING FOR A CREDIT CHECK, BECAUSE NO CREDIT CHECK IS NEEDED.

With financing you have to meet credit requirements. With COLORAMA RENT-TO-OWN, this unpleasant step is eliminated.

#7 YOU CAN BUY OUT YOUR RENTAL AT ANY TIME.

All your rental fees are applied in full to the purchase price.

#8 THE VERY BEST TVS, VCRS, STEREOS, HOME ENTERTAINMENT CENTERS, APPLIANCES AND FURNITURE.

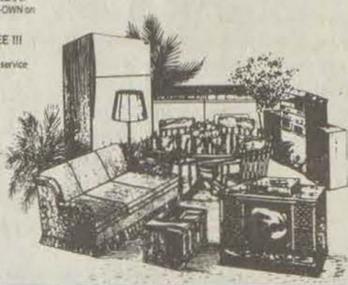

No promotional or second-quality merchandise in our stores. All our items are first-line, top quality items.

#9 YOU CAN EVEN RETURN YOUR RENTAL AND GET IT, OR ONE OF EQUAL VALUE, BACK AGAIN.

And you get all credits from your former contract. It's our 60-day reinstatement policy.

#10 SAME DAY DELIVERY AND SET UP.

COLORAMA will deliver and set up anything in the store the same day you pick it out, and we'll make sure you're satisfied before we leave.

## OUR LADY OF THE WAY HOSPITAL ...DEDICATED TO A MISSION

Dr. Peeter Jakobson

Our Lady of the Way Hospital's 41-year-old mission commits the hospital to the provision of optimal primary health care services in a manner consistent with and expressive of the healing ministry of Jesus.

Our radiology department has continually expanded its services and acquired modern imaging equipment to offer "optimal" preventive and diagnostic care.

With our ultrasound service, we can verify and clarify radiology findings and identify cystic or solid masses, fetal ages and fetal abnormalities. Our ultrasound unit can also image other organs of the body such as the liver, pancreas and aorta.

The latest improvement in our radiology department is a new mammography unit. It is the only GE/CGR Senographe 600T in the area and the most advanced system available on the market today. We have also purchased a special extended-time processor in order to give better film detail and reduction in radiation to our patients.

Behind these good machines are caring, qualified, experienced people.

Dr. Peeter Jakobson, our chief radiologist, is an associate member of the Radiologic Society of North America. He has a special interest in diagnostic imaging: CAT scanning, magnetic resonance imaging, ultrasound and mammography. He and his associate, Dr. Jose Pizarro, interpret the results of all radiographic and imaging procedures at Our Lady of the Way.

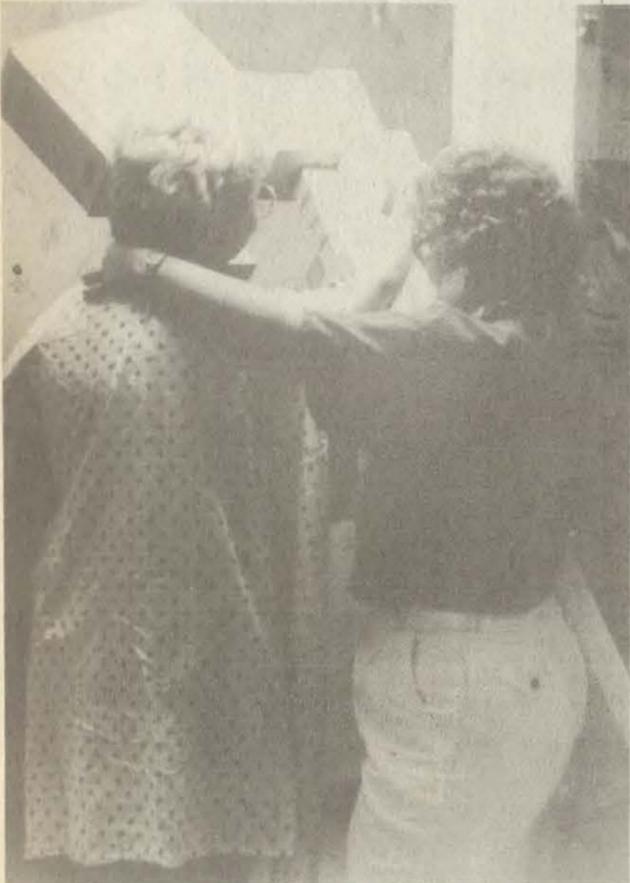

All our radiologic technologists are certified by the state of Kentucky and registered with the American Registry of Radiologic Technologists. They average eight years of experience each. All mammography exams are done exclusively by our female technologists.

To heal as Jesus did, means offering you our best. Our Lady of the Way Hospital's radiology department is just one expression of the goodness of God our mission enables us to share!

**CALL 285-5181 FOR MORE INFORMATION

## OUR LADY OF THE WAY HOSPITAL'S NEW MAMMOGRAPHY UNIT

Our Lady of the Way Hospital's Radiology Department is now scheduling appointments for its newest service — mammography.

Mammography is a method for screening and diagnosing breast cancer. Mammography uses radiation (x-rays) to create an image of the breast on film called a mammogram. It can detect tumors and precancerous changes which may not be felt by a patient or her doctor. A mammographic examination usually consists of two x-rays of each breast, one taken from the top and one from the side.

Our Lady of the Way Hospital's new mammography unit — a GE/CGR Senographe 600T — is the only one in the region and is the most advanced mammography system available. It uses advanced x-ray tube technology to produce optimal imaging of breast anatomy. It gives excellent detail with a minimal amount of radiation because it uses short exposure times.

Mammographic exams at Our Lady of the Way Hospital are performed exclusively by our female, registered radiologic technologists — Tammy Maggard and Pamela Stumbo.

If you are a woman who is more than 35 years old or who has a personal or family history of breast cancer, ask your physician about whether a mammographic exam is appropriate for you.

For more information about this new service, or to schedule a mammographic exam, call 285-5181, ext. 354.

## East Kentucky Speech & Hearing Clinic

### Problem Hearing?

Been told that you must learn to live with it?  
Or that a hearing aid won't do you any good?  
In most cases, **this is simply not so!**

Hearing Statistics tell us:  
• Over one million hearing aids were fitted last year.  
• Most people with hearing problems can be helped.  
• People with successful hearing aid fittings benefit greatly in their daily routine.

When did you last have your hearing tested? If it's been more than one year, why not take advantage of this opportunity to see if you are one of the many who would benefit through the use of a hearing aid.

**“April On The Avenue”**  
is Your Center for the  
very finest of clothing lines.

In just 3 years April Adams has brought specialty items in contemporary styles that make you first class. Most of these lines you can't find in department stores, as most are specially purchased in New York and Atlanta.

For instance, did you know April does not order more than one evening gown of each style? No duplications walking in during that big dance.

And don't forget—special orders can be made for evening wear and prom gowns.

**EMA...  
Because You Deserve  
A Lot of Credit  
For Owning Your Home**

The Bank Josephine offers you the opportunity to use that credit with our new EQUITY MANAGEMENT ACCOUNT. The name isn't as important as the advantages it offers...an opportunity for you to use the equity in your home for borrowing power with low interest rates.

**9.75% apr\***

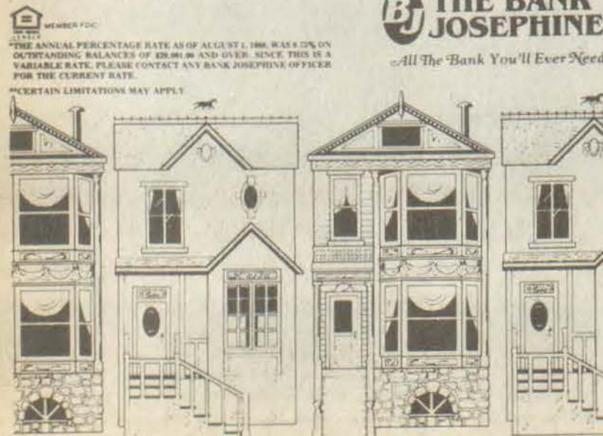

You can use that "power" to purchase: Home Furnishings • Vacations • New Car • Home Improvements • Education • Debt Consolidation

Under the new tax law, home equity loans will retain their tax-deductible status. And, with your EQUITY MANAGEMENT ACCOUNT your funds are easily accessible by writing a check.

Just like any loan with the Bank Josephine, you can apply for your EQUITY MANAGEMENT ACCOUNT by phone or in person. Call us at (606) 886-9101 about an EMA for your credit needs.

## HOROSCOPE

### October 9 through October 15

#### LIBRA (September 23 - October 22)

Cultivate new relationships or interests. Structured environment may provide surprise source of pleasure. You fare better than expected.

#### SCORPIO (October 23 - November 21)

A reunion is probable. Energy level intensifies as you are driven to make resolutions. Greener pastures are waiting around the corner.

#### SAGITTARIUS (November 22 - December 21)

Material goods are of little importance now. Insulate yourself against being taken for granted. Examine alternatives for income gains.

#### CAPRICORN (December 22 - January 19)

A ray of hope shines over complications at work. Status is likely to improve. A tongue-in-cheek remark may be misinterpreted. Use care.

#### AQUARIUS (January 20 - February 18)

Inner strength helps you pull through an emotional period. Pleasure may be found by participating in events with newfound friends.

#### PISCES (February 19 - March 20)

Emulate a respected peer. A sudden burst of prosperity is most likely momentary. Travel plans turn out somewhat disappointing.

#### ARIES (March 21 - April 19)

Focus is on individuality; don't follow the pack. What may sound good in theory, unfortunately, is impractical. Avoid whims.

#### TAURUS (April 20 - May 20)

Take note of changes occurring around you. A happy occasion gives rise to celebration. Acting on impulse injects life into routine.

#### GEMINI (May 21 - June 20)

Sense of humor is needed in dealing with edgy loved one. Don't assume the brunt of the work. Clearly express your needs, desires.

#### CANCER (June 21 - July 22)

Family and home are highlighted. Jump on the chance to correct past mistakes. Keep an open mind regarding financial adjustments.

#### LEO (July 23 - August 22)

Pencil in more time for entertainment. New experiences prove favorable. Originality positions you for taking on a leadership role.

#### VIRGO (August 23 - September 22)

Formulate a plan of action concerning an unexpected financial matter. Concentrate on preserving your privacy and independence.
