Tourism Spending Increases

by Anne Chaney, Editor

Tourism is on the move in Floyd County, according to the latest figures released by Kentucky Tourism Secretary May Ray Oaken.

At a press conference Tuesday, Oaken said tourism receipts in Floyd County rose about \$200,000 from 1987 to 1988 (from \$17.3 to \$17.5 million).

This week is National Tourism Week, and as part of a local observance, Prestonsburg Mayor Ann Latta has proclaimed it Tourism Awareness Week in Prestonsburg.

Additionally, Thursday, May 18, is Tourism Awareness Day, in keeping with a hospitality training seminar planned Thursday from 2 to 5 p.m. Thursday afternoon at the Holiday Inn.

According to Ted Meadows, executive director of the Prestonsburg Tourism, Recreation and Convention Commission, the workshop is free and open to the public. Business owners, managers and their employees are encouraged to attend.

"Hospitality is, simply, treating

people nicely, with a smile and a hello," said Meadows. "In this area, if we don't know a customer personally, we're not necessarily nasty, but sometimes there is an indifference. It's hard to define — what we're working toward is trying to get these employees to have a smile on their faces, greet customers and ask them where they are from, talk to them a little, and help them as much as they can."

Melinda Armstrong, seminar conductor, is affiliated with the Lexington Vocational-Technical School, and was recommended for the workshop by the Kentucky Tourism Federation.

Armstrong will do practical, audience-participatory exercises, and present a variety of information, Meadows added.

To help boost the seminar and tourism awareness, county residents are asked to wear red Thursday.

Grand Jury Issues Indictments

Floyd County grand jury this week turned in indictments in more than 30 cases, ranging from manslaughter to food stamp fraud.

Harbit Hall of Betsy Layne was charged with second degree manslaughter relating to the death of Christine McKinney, who was killed

when she ran into the path of a truck on US 23 at Betsy Layne early in the morning of April 29.

The indictment alleges that Hall chased the 17-year-old into the highway where she was struck by a truck driven by a Catlettsburg man.

In a separate case, Hall is accused

of operating a motor vehicle while his license was suspended or revoked for driving under the influence on a third or subsequent offense.

Seven persons were indicted for fraud regarding state assistance programs. Viviani Akers of East McDowell is charged with intent to defraud

in regard to the Food Stamp Program of the Department of Social Insurance. The charge involves \$1,189 in food stamp bonus coupons.

Mary Tackett of Hager Hill was indicted for intent to defraud for failure to report changes in her eligibility for Aid to Families with Dependent Children (AFDC) and Medical Assistance benefits. The charge reflects \$320.15 in medical assistance and \$935 in AFDC benefits.

Also charged with intent to defraud in connection with the food stamp program was Ray Moore of McDowell, with false benefits of \$1,536 in food stamp bonus coupons.

Patricia Kurzejeski of Prestonsburg was indicted for intent to defraud the food stamp program and AFDC. Totals named in the indictment are \$1,419 in food stamp coupons and \$2,240 in AFDC benefits.

Intent to defraud in connection with food stamp eligibility was also the charge against Cheryl Stowers of Martin. The amount, while over \$100, was not listed.

Tammy Slone of Martin was indicted on intent to defraud in determining benefits for food stamps, AFDC and medical assistance. The particular totals are \$708 for food stamps, \$1,217 for AFDC and \$20.14 in medical assistance.

An indictment on intent to defraud in reporting food stamp eligibility was also brought against Joan Mullins of Hi Hat. The charge lists \$2,476 in food stamp bonus coupons.

Campaign Spending: Up, Up And Awaay!

by Pam Shingler, Assistant Editor

Time was when running for public office amounted to how much time and energy a candidate could garner in shaking hands, jawing on the street corner and kissing babies in stores on Saturdays.

Today, with a larger, busier population and the media thrust into everyone's lives, a big pot of money generally has to accompany the investment of time and energy. All of those advertisements, bumper stickers, posters and assorted campaign paraphernalia that candidates use to make themselves known cost money — in some cases, big money.

A look at the costs of some campaign items can provide a clue as to the amount of money spent in local campaigns this spring in preparation for the May 23 primary election.

Wallet-sized calling cards, used by most candidates who work crowds or go door to door, cost about \$180 for

10,000, according to Bill Jack Darby of Statewide Media in Prestonsburg. For about the same amount, a candidate can purchase 5,000 books of matches that tout his candidacy.

The standard-size, 11"x14" posters that decorate utility posts, doors of public buildings and bulletin boards run about \$240 for 1,000. Larger posters that pop up on lawns and at highway intersections can be purchased for \$1 each with a minimum order of 500.

Bumper stickers sell for about \$50 per 100, Darby said, adding that pens and pencils with the candidate's name cost between 10 and 15 cents apiece.

Campaign buttons run about 13 cents each, according to Rhonda Blackburn of Vantage Point in Betsy Layne. Many other specialty items are available, she said.

For a longer lasting impression, candidates can buy tee shirts pro-

Rules Of Polling Places: A Brief Refresher Course

With a heated primary election slated for next Tuesday, many voters and candidates may need a reminder of the revised Kentucky statutes on behavior at the polls.

Among the rules legislated in the last few years to insure aboveboard elections are:

**No one is allowed in the voting room except election officers, law enforcement officers authorized by the election board and the voter.

**Election officers cannot campaign for a candidate on election day.

**No one is permitted to electioneer on election day within 500 feet of any entrance to the polling site. That includes displaying signs, distributing campaign literature, cards or handbills, soliciting of signatures for any petition, and soliciting of votes for or against any candidate or question on the ballot.

**All campaign signs, posters and

handout cards must be removed from within 500 feet of the polling places before election day.

**Exit polling is permitted only if the exit poller has a document showing he or she has registered with the county clerk. This registration to conduct exit polls must be obtained at least seven days before the election.

**The voter is not allowed to converse with others while in the voting room about support or non-support of any candidate, party or issue that is on the ballot.

**Any person who receives a bribe for a vote at an election or for services or influence in getting a vote, by law, will be fined between \$1,000 and \$10,000 or receive a jail sentence of from one to five years, or both. Also, that person, if convicted, cannot run for office or vote.

Machines Don't Tell, Despite Voter Misgivings

The average Kentuckian's fear of machines is, in some instances, well founded. Many a coal miner has lost his job because of them.

But the mistrust of voting machines that some voters harbor is not warranted, according to the Kentucky County Clerks Association, made up of the officials who have to oversee the machines during elections.

Many people, accustomed all their lives to marking their ballot on a piece of paper that was easily tampered with, find it hard to believe that a machine can be trusted any more than a person.

Not uncommon around election time are comments such as: "They can tell how someone votes." "They can fix the machine so a candidate

other than the one you voted for gets your vote." "The people who set the machine can set it to produce any results they want."

Not so, says the KCCA.

"The only way you can tell how someone voted is if everyone voted the same way," says a KCCA spokesperson. "If only two people voted and they voted differently you cannot tell how and who voted for what without asking the voters."

The public counter on the front of the voting machine shows only how many people have voted at that machine; it is not connected to any candidate's counter inside the machine. Thus, according to the KCCA,

Authorities Close Pet Store, KSP Cites Owner For Cruelty

by Pam Shingler, Assistant Editor

After securing a court order to close Pet World in Prestonsburg's ClynView Plaza and overseeing the transport of the animals last Friday, local authorities thought an investigation that stretched over several months was nearly wrapped up.

But Monday afternoon, Kentucky State Police Trooper Stacey Trees responded to a complaint that the same animals were at a residence in Ivel. Trees reportedly found the animals to be in need of food and water.

On Tuesday, the trooper went back to Ivel with a citation for cruelty to animals for Glenna Thacker, owner of Pet World. A court date of May 23 was set.

Attempts to reach Thacker for comment Tuesday evening were unsuccessful.

Trees said she found about 40 dogs and cats in cages in the garage area of a private residence. "The animals' condition appeared to confirm the complaints," Trees said in a KSP report.

The animals, according to police, were given to private individuals or released to Pet World customers who had previously made down payments on them.

The allegations against the pet store owner began shortly after Thacker bought the store in the winter,

said Prestonsburg building inspector Joe Kendrick.

Responding to complaints from customers and other businesspersons in the plaza, Kendrick said he investigated the store. "The odor was awful, the animals were very unkempt," he said. "The animals looked as if they had never been bathed. Their hair was matted."

Kendrick said animal feces was dried on the floor, and white mice, to be sold as pets, were "running everywhere."

When city fire marshal Larry Adams investigated, he said he found numerous fire code violations. He listed inadequate aisle space, absence of exit lighting, too many extension cords, carelessly stacked combustible items, and generally unsanitary conditions.

Adams said he gave the owner time to correct the problems and on reinspection was convinced "a good effort had been made." However, subsequent checks revealed "they went right back to the way it had been," he said.

Adams and Kendrick were called as witnesses in a civil suit involving Thacker and plaza businessman Roy Ramey in Johnson County Circuit Court on May 5 when the court ordered the pet store closed. Adams said the owner was ordered to remove the animals from the premises

Parent Concern Prompts Closing

by Tess A. Whitmer, Staff Writer

On Monday, Garrett area parents kept more than half of the school's student body home protesting reported unsafe conditions at the school.

A group of concerned parents met late last week at Garrett to discuss the status of the proposed Garrett/Wayland Consolidated Elementary School. They voted unanimously to reactivate a committee formed in 1985 that originally fought to get funds for a new elementary school.

Several parents said they feared "just talking" would not get the construction started. It was voted upon, and Principal Ralph O'Quinn agreed to cancel school on Friday, May 12, due to the condition of the building,

The group also insisted on another inspection before children would return.

According to O'Quinn, Superintendent Ron Hager was supportive of the parents' concerns, and agreed to have Jerry Fryer, structural engineer from Lexington, inspect the building Friday at the board's expense.

Hager and other board members will attend the next parents' meeting scheduled for Wednesday (today), May 17, at 6:30 p.m. at the school lunchroom, to answer questions first hand.

Fryer's inspection apparently confirmed parents' suspicions that the school needed repair. He said that the only "priority repair" was loose

brick on the roof, and work has begun on that Tuesday.

"Like any other building of equal age, it needs maintained and inspected annually and after flooding," said Fryer. He could not assure the parents the safety of the building in the future, and added "this building has been here a long time."

According to Hager, the school has received damage in the past years, in part due to Route 80's construction, rerouting back water toward the school.

In 1985, one of its buildings was condemned, and Randy Burchett, county architect, noted several areas in need of repair before the other two buildings could be reoccupied.

At that time, parents formed

Concerned Citizens for the New School at Garrett and employed Fryer to inspect the building and give recommendations. He concurred with Burchett's findings and also found other structural defects.

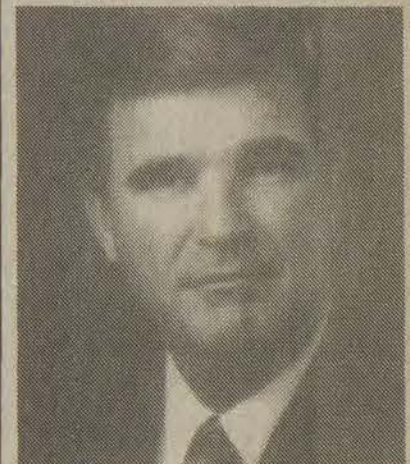

Fryer's report said, in part, "The repairs called for are of a temporary nature. The need for these repairs is caused in part by damage from flooding, decay and insects, and as none of these causes are being corrected, the structures will continue to deteriorate. This structure should be inspected at least annually and after any flooding that allows water to flood the crawl space."

Pet World Closing Forces Removal of Animals

Two cage mates were among the few animals left Tuesday afternoon after Kentucky State Police Trooper Stacey Trees cited Ivel resident Glenna Thacker for cruelty to animals. Thacker, who was forced by Prestonsburg authorities to close her pet store last week, reportedly moved the animals to an Ivel residence. Trees, responding to complaints, found homes for about 40 cats and dogs, a KSP report said.

Let The Sunshine In!

The silver lining is nigh. Today's forecast, according to the National Weather Service in Jackson, is "mostly sunny" with a high of 75-80 degrees. Tonight's temperatures are expected to range between 55 and 60.

Thursday's forecast is for partly cloudy skies with temperatures in the low to mid-80s.

While you're waiting for the mildew to dry, consider this tidbit from the weather service. Southeastern Kentucky has had almost twice as much rain as average for the first half of May — 3.46 inches as opposed to a norm of 1.76 inches.

ELECT JOHN K. BLACKBURN SHERIFF

I STAND ON MY RECORD

Dear Fellow Citizens,

I would like to thank each and every person that I have had the privilege to come into their home and express my ideas to better the office of sheriff. As the election is drawing near, and it is evident that there is no possible way that I can see all the people that I wished to see. I would like to ask of you to please accept this letter as my personal request for your vote for the office of Floyd County Sheriff. I have enjoyed meeting and talking with the many fine people of this county.

I have worked hard during my campaign and traveled many miles to meet the people of this great county. I have ran a clean campaign just as I will run the Sheriff's office if given the opportunity. I promise to serve you to the utmost of my ability and I will expect no less of my deputies. I've had a deepened burden for the past 7 1/2 years for the problems with drugs in our schools and communities. I have the experience and the means to help stop the flow of drugs to our youth. Law enforcement runs in my veins; and dreams and goals to improve our county occupy my mind. I have the experience, the knowledge and the ability to serve Floyd County with the kind of law enforcement it deserves. If you put your trust in me I promise a sheriff's office that not only the people of this county, but the whole state of Kentucky will be proud of.

"God Bless and Keep You"

Thank you.

John K. Blackburn

I was born, raised, and educated in Floyd County. I seldom heard of drugs in the 60's in Floyd County, but the things we used to see on T.V. from places like Detroit, New York and other large cities are here at home today-things such as drugs in our schools and in our communities. I have felt a burden for the future of our youth in Floyd County for 7 1/2 years. We, the people of Floyd County, have to unite in one major common cause. This cause is to fight the use and sale of drugs. These drugs are our number one threat to our youth and future of our county today. With my experience in law enforcement, I am confident that I can wage a real war on drugs, and win. In a few short weeks the people of this county will pick a man for sheriff. Before you choose your next sheriff please, think of our children and their future. Put politics last and experience first. Our children, and our children's children are at stake.

Floyd Countians

I have pride in our county. I promise each of you after the primary election (May 23rd) I will clean up all my campaign literature.

John K. Blackburn

Mud Wrestling, Anyone?

The hillside behind Uptown Mining in Prestonsburg mimicked a volcano last Thursday, but the lava lookalike was really oozy, squishy mud. The mud slide did enough damage to the company's coal storage building to prompt the city's fire department to order the facility pulled down. Damage amounted to about \$50,000, said mine manager Hayward Scott. Slides have been occurring on the hill for several years, Scott said, but this was the worst, as mud pressed to road level, resulting in the closing of KY 1428 for a few hours. Scott seemed undaunted by the occurrence, however, since he said the company has "quit mining here." He attributed the closing to the coal economy.

Woman Files Suit Against Hospital

A Prestonsburg woman filed a civil rights suit against Highlands Regional Medical Center last week in US District Court in Pikeville. A former respiratory technician at HRMC, Sabrina Jo Little claims she was fired last year after she failed to respond to alleged sexual advances by two supervisors, according to published reports. In her suit, Little reportedly accuses Don Nunnery, HRMC personnel director, and Paul Hutchinson, director of diagnostic and therapeutic services, of alleged sexual harassment. The two men are not named as defendants in the suit. Reports indicate Little is asking for \$50,000 in damages and reinstatement in her job, with back pay. The former technician reportedly said the official reasons for her firing were insubordination and excessive absenteeism.

In a county where the average income per person is about \$8,817, salaries of public officials might appear to some to be downright attractive.

Salaries for magistrates, for instance, when expense allowances are included, nearly triple the average Floyd County income.

Talk about higher elected offices, such as sheriff, judge executive, county clerk and jailer, and the salary jumps to well over four times the average citizen's income. None of the offices rules out involvement in other money-making operations such as businesses and real estate.

But even with these salaries, decent by local standards, we can't help but be intrigued by how much money it costs to campaign for office. A modest, low key, district-based campaign easily costs \$5,000.

Look at the countywide races and it's obvious that some candidates' campaign coffers yield five- and even six-figure sums. That's enough money being spent on campaigning to support a good many Floyd Countians for a year, based on average income figures.

Not that we should complain. All of the area media — newspaper, radio, television, sign companies — as well as printers and novelty vendors, are bringing in handsome profits as candidates scramble for public attention.

But despite our fat pockets, we still can't help but wonder about some things. For instance, in a county purportedly as poor as ours, where does the money come from? Unlike regular advertisers hawking a product, politicians have to furnish the money up front before their ad is run or their commercial is aired or their cards printed. No credit here.

We're also having a hard time justifying the expenditure of, say, \$10,000 for a job that pays \$20,000 — or, even more perplexing, spending \$80,000 for a job that pays less than a third of that. It's enough to baffle a Harvard economist.

And the big question: What do the voters get from all this flurry of money changing? (We're sorely tempted to mouth off to the effect that we get what we pay for.)

Well, primarily, we get a garbage bag full of promises. Promises from incumbents that the positive activity

we see right before the election is normal and will continue. More honestly, the implicit promise is that the mediocrity that has carried us through the last term will go unchecked.

From the challengers we often get promises that could pass for sieves — full of holes. Their promises frequently reflect their estimation of the voting public: that we're dumb, apathetic, uninformed and, above all, totally selfish.

Unfortunately, they're partly right. Too many of us want our hollows paved, but we don't want our taxes raised or even collected. Too many of us preach the need for justice and fairness, but we expect our speeding tickets (or worse) to be fixed.

Too many of us will grab onto an innuendo or an outright lie and pass it on to our neighbors without a question or a wince. Too many of us cast our ballot without ever checking out the background or character of the candidates or without knowing the duties, responsibilities and requirements for offices.

And far, far too many of us cannot read the names on the ballot without an all too obliging helper.

It may be an impossibility, but what we'd really like to see is a few people win who have a more noble goal than being an officeholder. What we'd like to see is a slate of public officials who have the welfare of all Floyd Countians foremost in their minds and actions, and not just the welfare of themselves and their cronies.

We'd like to see some officeholders who truly believe and act as if justice is blind and applies equally to all — not to be winked at depending on who's your daddy or how many votes you can deliver or how much money you can contribute to the next campaign.

We'd like to see some officeholders who are willing to sacrifice some future votes, if that's what is required to take a stand for what is right, positive and progressive.

If some potential candidates are out there who meet these criteria, then we won't question what we get for the money. Unfortunately, the current crop of candidates leaves us with a relaxed case of Eastern Kentucky fatalism and a lot of questions about money.

Federal aid to education already approved in the Senate, and now facing House hearings, will almost double funds for Kentucky's schools, it was estimated here this week. If the House concurs in the Senate action providing \$300,000,000 a year to schools the result would be \$16,000,000 added to the \$19,000,000 fund now available through state sources . . . Prestonsburg's City Council, at its meeting Monday evening, took initial steps toward annexation of suburban Prestonsburg all the way from the highway bridge at Cliff to Ball Alley at the other end of the community . . . Surfacing of the Prestonsburg Salyersville highway was begun this week from the Prestonsburg end, with contractor's employees starting at the junction of the highway with the David road . . . Fire which destroyed the Central Service store and a neighboring residence caused damage estimated at \$50,000 at Estill early Tuesday morning . . . There died: George W. Message From McConnell

by Sen. Mitch McConnell

KENTUCKY TO RECEIVE ADDITIONAL WATER FUNDS UNDER NEW LEGISLATION

For over 100 years, Kentuckians have been mining the thick black veins of coal that run throughout our state's hills and valleys to fuel America's industrial growth. Before strict mining laws were enacted, very little attention was paid to reclaiming the mined land and ensuring that water tables were not upset. Today, many Kentucky communities are faced with stripmined areas incapable of supporting any plant growth and ground water so contaminated that it is not safe to drink.

On May 3, I introduced a bill that will go a long way in helping communities get funds to clean up areas that

suffered damage from coal mining activity.

It will amend the Abandoned Mine Land (AML) Reclamation Program to require that all funds collected from Kentucky coal operators be sent back to Kentucky for use in the state reclamation program.

For too long, Kentucky has been getting the short end of the stick when it comes to the federal government returning money for reclamation projects. For example, the Office of Surface Mining and Reclamation Enforcement (OSMRE) has collected over \$379,206,888 in reclamation taxes from Kentucky coal operators since 1978. To date, only \$167,786,763 has been returned to the Commonwealth

for reclamation projects. This stands in stark contrast to many of the smaller coal states who are currently receiving much more than they are contributing to the program.

Specifically, the bill will force OSMRE to return all funds collected under the AML program to the state in which they were collected. Additionally, the bill will raise the priority of projects for the purpose of constructing or repairing public water distribution facilities, including water treatment plants, to replace water supplies affected by coal mining practices.

Not long ago a woman in Butler County sent me a jar of water drawn from her well; it was pitch black. In her accompanying letter, she told me

how the well water had been contaminated by mining prior to 1977 and that she and her neighbors had to haul their water each day from a well several miles away. Land reclamation is important, but I think that first and foremost our top priority should be to provide clean water to families whose wells have been contaminated by coal mining activity.

Currently, this legislation has been referred to the Senate Energy and Natural Resources Committee for further consideration. As the nation's leading producer of coal, the time is long overdue for the federal government to start giving back to Kentucky its fair share of reclamation funds.

Letters to the Editor

Festival Was 'Just Right,' Says Jessen

Dear Editor,
"It's no how long you make it, but how you make it long." Paraphrasing an old commercial slogan, I want to thank the Festival of FACES and especially the Prestonsburg Jaycees for a parade that was "just right."

—It had lovely young ladies—the Music Festival and Miss Floyd County contestants—but not so many to make spectators tired;

—It had public officials and "politicians" but not too many to bore us;

—It had the first-rate All-County Band;

—It had community groups—like the Scouts;

—It had a Floyd Countian who recently has been recognized beyond our County, Danny Greene and his family, heading the parade, not some "bigwig" from afar no one ever heard of; (since the theme was "Education," Danny's choice was obviously appropriate);

—It had mainly local floats and participants, and was not dominated by outsiders showing off for us.

Lastly, it did not tie up traffic on U.S. 23 for miles around, thus saving us from the ire of travelers and tourists alike on a busy weekend. Next

year, we know the Festival will be better, but the parade does not have to be much "bigger" or longer to top this one — a community-oriented event focusing on local "faces" and families in our county. Hats off to you, Jaycees!

Fitzpatrick Pleased With Litter Cleanup

Dear Editor,
It pleases me to see that the citizens of Floyd County are becoming more aware of the litter problem. Also, it seems that our county officials are becoming more aware of this problem, especially before the election this month. I only hope that they are as concerned after the election as they seem to be beforehand.

I believe that the key problem in this county is our lack of enforcement of our litter law. The courts have gotten tough on drunk driving, why can't we get tough on littering? We have a first class garbage pick-up program in Floyd County, and there are no longer any excuses for garbage being thrown in our creeks and streams and along our highways.

Please, do not litter!

UMWA Group Did Not Endorse Political Candidate

Dear Editor,
As chairman of the United Mine Workers of America COMPAC, I would like to clear up a misconception that was published in last week's political advertisements.

Our COMPAC voted not to endorse any candidate in any race in Floyd County. It is against UMW rules for locals to endorse any candidate and as members of the UMW, we want everyone to know that we are not endorsing any candidate in the May primary.

Sincerely,
Jake Layne

Bill Calling For Changes In Compensation Law Fails

By WICKLIFFE R. POWELL
Assistant Managing Editor
FRANKFORT—Attempts to make major changes in a workmen's compensation bill that had been hashed out in the House, in various committee sessions and conversations that started even before the special session began, failed in the closing hours of the General Assembly Saturday night.

The final measure, House Bill 28, passed with a unanimous 38 to 0 vote after lengthy debate over amendments supported by Sen. Jim Hammond, D-Prestonsburg, and opposed by Sen. Lowell Hughes, D-Ashland.

One of the failing amendments would have greatly expanded public access to information workmen's compensation insurance firms file with the state in seeking rate increases, while the other would have reduced the percentage of the current manual rates paid by self-insurers into the special fund.

Both amendments had been submitted by the Senate Labor and Industry Committee after committee sessions earlier this week. The

public access amendment would have required insurance firms seeking rate increases to file with the Department of Insurance for public inspection all manuals, schedules and other information used in supporting the decision to seek a rate increase; widely publicize notice of public hearings on rate increases; and information about the firm's administrative costs and investment profits and losses.

Hammond and other backers of the proposal argued that such information was necessary to individuals or groups wishing to challenge rate increases.

"How can someone challenge a rate increase if they don't have this information available," Hammond asked, pointing out those challenging rate increases should have access to the same information as those seeking the increases.

Hughes said that current law provides for such things as public notice of hearings on rate increase proposals, and that most insurance firms writing workmen's comp policies in the state would quit doing business here rather than

expose information about their operations that would make them vulnerable to competition.

He said he considered "this amendment a witchhunt" against the state's insurance department and Commissioner Harold McGuffey, who has come under heavy criticism in recent months for granting workmen's comp rate increases of 32.5 per cent earlier this year.

Sen. John Lackey, D-Richmond, supported the amendment by saying it was necessary to have the information, which currently must be held in confidence by the insurance department, in order to make sure the rate reductions expected as a result of other parts of HB 28 materialize.

The effort backed by Hammond was another of his attempts during this special session to provide more public participation in workmen's comp rate making.

A bill introduced Dec. 13 by Hammond to set up a rate-making board with broad-based membership and the power to conduct public hearings never got out of committee since it was opposed by the ad-

ministration, although Hammond did gain from Gov. Julian Carroll a promise to form by executive order by the middle of next year a board that would have review and possible rate-making influence over all types of insurance in the state.

Hammond also introduced a resolution asking the governor to put a moratorium on rate increases for all types of insurance until the governor acted. That resolution was introduced Friday and got nowhere.

The other failed amendment to alter the workmen's comp bill would have reduced from 50 per cent to 35 per cent of the current manual rate the amount self-insurers pay into the state's special fund.

The special fund of the Department of Labor is made up of assessments on workmen's compensation insurance premiums and pays disability awards not covered by an employer's policy.

Hammond, Lackey and Sen. Kelsey Friend, D-Pikeville, contended that the change in percentage would be an incentive for firms to be self-insurers because they

would pay a lower rate into the special fund.

Hughes, and those agreeing with him, maintained that the reduction would merely shift about \$1.4 million in payments to the special fund from self-insurers, who are large and financially stable companies, onto smaller firms that are forced to purchase workmen's compensation coverage from insurance firms because they cannot afford to insure themselves.

Hammond said the measure would be an incentive to self-insurance since HB 28 makes it possible for two or more firms to combine to form a workmen's comp self-insured fund.

Neither of the amendments had administration support, although the administration did seek a minor change with which the House agreed, that would give the governor authority to determine which department within state government would have jurisdiction over self-insurers.

That will likely mean the Department of Insurance, instead of the Department of Labor that runs the

workmen's compensation program now.

That amendment, passed by voice vote, makes no significant change in HB 28, which was approved by the House 96 to 0 earlier this week.

Basically, the measure implements the recommendations of the governor's review commission on workmen's compensation which wanted a reversal of the state Supreme Court's Apache decision that established a minimum to be paid for disabilities of a temporary nature; increased overall compensation from 55 per cent to 66.66 per cent of a worker's average weekly wage, although it can be no more than 60 per cent of the state average minimum wage; and established payments of \$10,000 to the estates of workers with no dependents who are killed on the job.

It's estimated the bill will represent an overall 10 per cent savings to firm's paying for workmen's compensation coverage.

State Senator Tells Of Threats Received

State Senator Jim Hammond repeated here this week his claim that he has been threatened with either physical or professional harm by unnamed persons who, he thinks seek to deter him from backing legislation which would set up a seven-member board to regulate all Kentucky insurance rates.

He added that, disturbing as the threats are, they have not "persuaded" him to desist from his support of the legislation. In fact, he said, he attended a meeting in Frankfort last Tuesday of the sub-committee planning to push the Workmen's Compensation rate regulation bill which he unsuccessfully sponsored at the last General Assembly session. He added that he has learned that the full committee, in a meeting the following day, adopted a resolution supporting the bill.

Hammond said the threats came by telephone—the first, shortly after ad-

journalment of the General Assembly session at which he was the principal sponsor of Senate Bill 26, to establish a workmen's compensation insurance rate board that would take rate controls from insurance companies themselves.

"Since the last session," Hammond said, "I was threatened four times. They said if I didn't lay off Senate Bill 26, I would be hurt either professionally or physically."

The senator said he received the first call at his law office here. The last also was received here, he said, on April 16, the morning of the Governor's Prayer Breakfast at May Lodge.

"He (the caller) first represented himself as a reporter and said something to the effect, 'Are you going to pursue Senate Bill 26 in the regular session of the General Assembly?'"

"I said, 'Yes,' and he said, 'Lay off, or we'll get you, either professionally or physically,'" Hammond recalled.

Senator Hammond said he decided to "go public" with this information. "The press," he said, "is the only thing that can protect me, because if I go public and anything happens to me, people will suspect something. I hope I am not being paranoid."

He added that the legislation which he plans for the 1978 General Assembly session will aim for a single board to regulate all insurance rate adjustments in the state—"increases as well as decreases."

He said such legislation could cut into insurance company receipts.

He added that he had no intention of casting suspicion on legitimate business but indicated he thought organized crime may be involved.

"I'm afraid organized crime has moved into some banks and especially the insurance companies," he said.

Jim Hammond has the courage to stand up to the insurance companies for all the people, including the excessive charges for workers compensation coverage on business, our coal industry and state and local governments; excessive charges for fire insurance and automobile insurance on our people, on our state and local government. Jim Hammond has the courage to stand up to the dope dealers who will destroy our government, families and children through the sell of illegal drugs for profit.

"I swear and pledge to you, before God as my Judge, as soon as I am sworn-in as your Floyd County Attorney I will assemble a **STRIKE FORCE** with federal officials, the state police, and the Floyd County Sheriff to **immediately hit the KNOWN DOPE DEALERS** in Floyd County and immediately arrest them and shut them down so that we can have a drug free Floyd County for **"ALL THE PEOPLE."**

Hearing Held To Ease Fund Restrictions

The US House of Representatives Subcommittee on Mines and Minerals held a hearing Tuesday to discuss HR 1315, a bill introduced by Congressman Chris Perkins to provide greater opportunity for communities to use abandoned mine funds for water line extensions.

In addition to Perkins' testimony, Judge John M. Stumbo and County Attorney David Barber of Floyd County, Judge Paul E. Patton of Pike County and Judge John Calliham of Martin County testified before the subcommittee.

"Water is a pressing problem in Eastern Kentucky — clean water,"

said Perkins. "I believe it is the single most important problem as a result of abandoned mine lands."

HR 1315, as defined by Perkins, would put the responsibility of determining the eligibility on each state and would allow the state to use up to 50 percent of their state share of funds for water line extensions or treatment plants to solve mining-related water problems.

The bill provides that the water supplies would have had to be predominantly affected by mining activity which took place prior to 1977. According to Perkins, bureaucrats

with the federal Office of Surface Mining have tried to stop efforts to extend water lines through the abandoned mine program.

"Some may say that this is a pretty tough bill, and they are correct. This would be unnecessary if the bureaucrats would simply carry out the intent of the 1977 statute," Perkins said. "I am tired of all the promises and assurances of good faith, none of which have been fulfilled. The only way to carry out the intent of the 1977 statute is through the statutory language I have proposed."

County Attorney Barber spoke of families traveling up to 10 miles to get clean water. Calliham of Martin County echoed this sentiment, emphasizing the need to "get clean water into the hollows."

Pike County's Patton noted the problems in dealing with the bureaucratic red tape. Judge Stumbo said "the program requirement of 'proven beyond a reasonable doubt' that our

water supply has been 'impacted' by coal mining would take superman's x-ray vision to do so."

Perkins also questioned Robert Gentile, director of the Office of Surface Mining, about recent instances in Eastern Kentucky in which the emergency response time of the OSM has been criticized. Perkins stressed the need for the OSM to attend to immediate problems of people and property affected adversely by abandoned mine sites.

Floyd Jury Finds State Senator Not Guilty

By Bryan Wilkins
East Kentucky Bureau

Prestonsburg, Ky. — State Senator, Jim Hammond was found not guilty Wednesday on a charge of reckless homicide arising from a multi-vehicle accident that left one man dead last fall.

After two hours of deliberation the 12 Floyd Circuit Court jurors returned the unanimous not guilty verdict.

The charge against Hammond grew out of a wreck which occurred September 13, 1977 on Ky. 114 near Prestonsburg. William Derossett, 52, Kendallville, Indiana, was fatally injured in the wreck.

A police investigation and court testimony showed that Hammond had just completed passing two cars including the Derossett vehicle, when an oncoming truck owned by Power Line Construction Co., Campton, went out of control on the road shoulder, came across the road, hit the rear of Hammond's car and collided head-on with the Derossett vehicle.

Derossett was killed and his wife was seriously injured.

Hammond's car plunged over a road embankment and the senator suffered minor injuries.

The two-day trial heard two different reconstructions of the accident. Senator Kelsey Friend, Hammond's attorney, called Dr. John Hutchinson, a University of Kentucky civil engineer, as an expert witness. Dr. Hutchinson theorized that the truck was already out of control after hitting a guardrail when it brushed the Hammond car and hit the Derossett car.

The prosecution which was handled by Fayette Commonwealth Attorney Larry Roberts, based its case on the testimony of the driver of the first car Hammond passed. Roberts attempted to show that Hammond had enough time and space to pull in behind the Derossett vehicle, rather than pass it.

Hammond testified Wednesday that he did not see the oncoming truck until he had completed passing the Derossett car.

Hammond also testified Wednesday that as soon as he saw the truck, he saw lumber fly out of it, indicating that it had hit the guardrail.

Hutchinson testified Wednesday that paint samples he found on the guardrail came from the truck. The guardrail was 180 feet from the site of the collision, he said.

A crowd of Hammond supporters and family let a cheer when the verdict was read by Special Judge, Montgomery Circuit Judge Caswell P. Lane.

In all, seven witnesses took the stand during the trial. A Kentucky State Police trooper testified Tuesday that an accident investigation indicated Hammond's passing did not precipitate the accident.

Civil litigation arising out of the accident is still pending. Derossett's widow has filed a civil damage suit in U.S. District Court in Pikeville against Hammond and the Power Line Construction Co.

Hammond said after the trial. "The facts show that I was clear at the time of collision. There was no other conclusion possible."

Roberts had no comment either on the outcome of the trial or whether he would try to appeal the verdict.

Office of the Clerk
SUPREME COURT OF KENTUCKY
State Capitol Frankfort, 40601

Room 208
(502) 564-4720

CERTIFICATION

I, John C. Scott, Clerk of the Supreme Court of Kentucky, do hereby certify the records in this office show that Jimmy Martin Hammond having met the necessary requirements for admission to the Bar, took the oath prescribed by the Constitution of this Commonwealth on April 6, 1972 and thereupon was admitted to practice as an attorney before this and all other courts of the Commonwealth of Kentucky, as certify that Jimmy Martin Hammond is an attorney at law in good standing, as such, in all the courts of the Commonwealth.

I further certify that the Supreme Court is the Court of highest jurisdiction for the Commonwealth of Kentucky.

Done at the Capitol at Frankfort, Kentucky this 16th day of November, 1988.

JOHN C. SCOTT
CLERK

BY Beth Whitten
Chief Deputy Clerk

Jimmy Martin Hammond having met the necessary requirements for admission to the Bar, took the oath prescribed by the Constitution of this Commonwealth on April 6, 1972, and thereupon was admitted to practice as an attorney before this and all other courts of the Commonwealth of Kentucky, and certify that Jimmy Martin Hammond is an attorney at law in good standing, as such, in all the courts of the Commonwealth.

1. That the car accident was not Jim Hammond's fault nor caused by him and no alcohol was involved, that he did not collide with or hit the Derossett car but in fact was hit on his side of the road by the Power Line Construction truck and was knocked over an embankment, and that the Power Line Construction truck hit the Derossett's vehicle on their side of the road.
2. That Jim Hammond was completely restored to the practice of law and is an attorney in good standing in the Courts of the Commonwealth of Kentucky and the Federal Judicial System, being a practicing attorney since April 6, 1972.
3. That State Sen. Jim Hammond was absent only two days from the legislative session in 1976 - February 12-13 - because of the death of his father Martin Hammond of Martin Kentucky.
4. That Jim Hammond never used his position to buy or lease up right of way for new roads - when his home was taken from him, he sold it to the state for the purchase price plus the interest he had paid on his home mortgage plus the cost of improvements he had made and his moving expenses; and he had represented his clients, people of Floyd County, in jury trials for payment from the state for their homes and property taken and/or damaged by highway construction only.
5. That Jim Hammond is drug and alcohol free; that he has never used, sold, shared or given dope to anyone and that he will prosecute dope dealers to the fullest extent of the law.

That the real issues in this campaign are:

- A. A drug free county and government that provides safe neighborhoods in which all the people of Floyd County can take a deserved and earned pride.
- B. Good Paying Jobs for all the people.

Rules of Polling Places

(Continued from page 1)

**On the other side, any person who bribes, conspires to bribe or assists to bribe another person is subject to the same penalty.
 (The law's definition of bribe includes "any reward, benefit or advantage, present or future, or the promise of such reward, benefit or advantage," as well as "money or other thing of value given or lent to be wagered on the result of an election, or the promise thereof, or a bet with another that such other will vote for a named candidate...")
 **No candidate or person working on the candidate's behalf can knowingly make a payment for serv-

ices rendered or goods received that amounts to more than what the service or goods would normally cost. The fine is between \$50 and \$500 or a jail sentence of between 10 and 90 days.
 **In regard to transportation to the polls, no one can pay a driver/car owner more than "reasonable value" for transporting voters to the polls. Payments must be made by check and cannot be made to the person being transported. A fine or jail sentence is also attached to this rule.
 **No one is allowed to sell, loan, give or furnish intoxicating liquor to any person in the state on election day.

Prestonsburg police chief Dick Campbell said his department will have extra people, in plain clothes, at city polling places to guard against voting irregularities. Residents of the city should call his office, 886-1010, to report suspected violations.
 Officers of the Kentucky State Police will also patrol voting sites.
Clarification
 The Betty Porter of Prestonsburg who is a teacher at Prestonsburg High School is not the same Betty Porter as the one listed in Courthouse News, district court, last week for shoplifting.

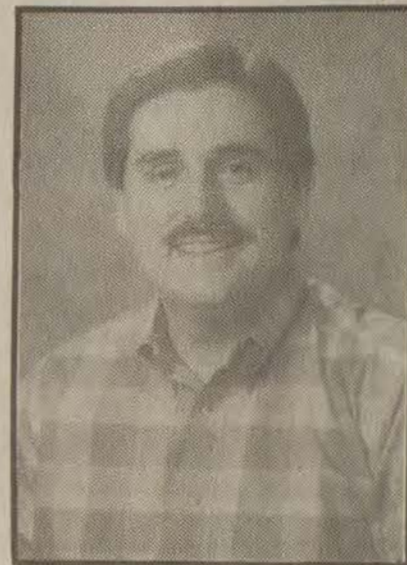

I CLARENCE "COBB" TURNER

Would like to take just a minute of your time to ask you to vote for my son Allen VAN Turner. Although I have visited with a lot of you there is still a large number that I haven't been able to see.

Please ask your friends and neighbors about VAN. I have enjoyed visiting with old friends and making new ones. I feel the people that I have talked to see the need for a honest, hard working young man with the desire to see our district and Floyd County become a better place in which to live and raise our children.

I know in my heart that VAN is qualified to do this job, and will do it to the best of his ability. I want to thank each of you that have been so nice and welcomed me into your home, shared a cup of coffee and good conversation. Thank you and may the Lord bless you.

Take Pride in Floyd County

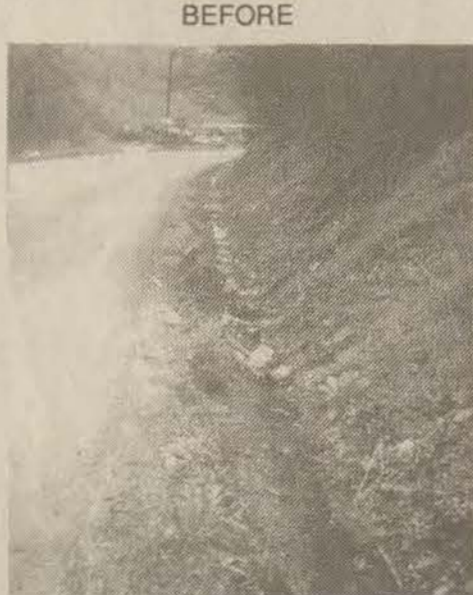

Re-Elect

David Allen Barber

Floyd County Attorney

LEFT BEAVER BEFORE AND AFTER TRASH CLEAN UP PROGRAM ORGANIZED BY COUNTY ATTORNEY DAVID ALLEN BARBER.

As a result of a recent case decided by the Kentucky Appellate Court, we have started using non-violent offenders to clean up the roads, creeks, and cemeteries in Floyd County. The public support has been great! Since we started the program, many civic groups and communities have joined in with their own clean-up efforts. We are glad to see this kind of pride so that Floyd County can be as beautiful for our children as it was when we were children.

PRIDE IN SENIOR CITIZENS

SHOW YOUR PRIDE IN FLOYD COUNTY AND RE-ELECT

DAVID ALLEN BARBER

YOUR FLOYD COUNTY ATTORNEY

I have been delighted to visit all the Floyd Senior Citizen Centers. As advisor to the Fiscal Court, I can promise my loyal support for the continued funding of these Centers. The Centers at Wheelwright, Martin, Betsy Layne and Prestonsburg provide a wonderful service to the people who have helped build our community. We are also hopeful that in the near future we will be able to establish a center at Wayland.

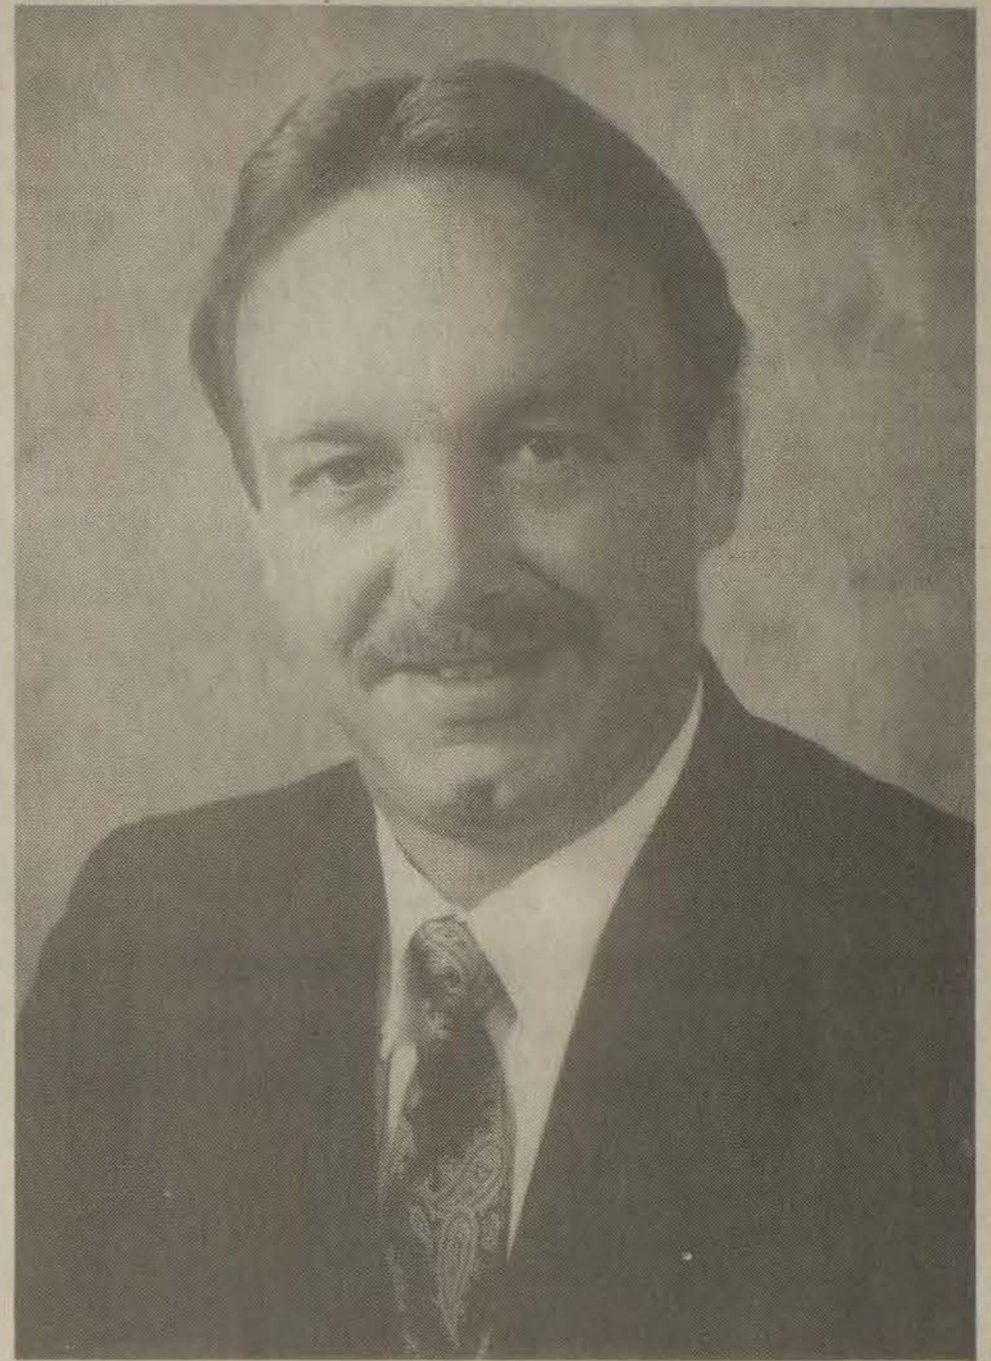

I promise the County Attorney's Office will continue to offer free advice at the Centers for the next four years. I have found that these senior citizens and civic groups share the same pride I have in Floyd County.

Show your pride in Floyd County and re-elect David Allen Barber, your Floyd County Attorney.

DERWIN DALE MERION'S FINAL APPEAL TO THE VOTERS OF FLOYD COUNTY!

"By now most of you know that I am a candidate for the office of FLOYD COUNTY CORONER. Honest, Competent and Professional, that's the kind of Coroner I'll be when elected. With election day next Tuesday, I want to thank the many people of this great county that has allowed me to come into their homes to visit and make them aware of my desire to serve them in public office. It's truly impossible to see and meet everyone and for that I must apologize. This campaign has been a new experience for me and I have tried to run a clean, honest, and professional campaign and this is an indication of how I will hold that office."

DERWIN DALE MERION

ELECT

Derwin Dale MERION

FLOYD COUNTY CORONER

- Working For You -

TO MY FRIENDS IN FLOYD COUNTY:

Since in the middle 1940's I've had the privilege and honor to serve many families in Floyd County, I have not made it a practice to involve myself in local politics. I feel I can no longer stay silent. I feel that it is important as a businessman and a friend to endorse my associate and employee DERWIN DALE MERION as your next FLOYD COUNTY CORONER. The reasons why I am going to vote for and support DERWIN DALE MERION are his honesty, his dedication, and his professionalism.

As many of you know he is the son of the late Dale Merion, former Funeral Director and Embalmer in the Wheelwright and Martin communities, and Dale Merion was my friend. I certainly feel that the Coroners Office should be held with the highest of ethical standards, with compassion to the families in which the office encounters - DERWIN DALE MERION has made this promise. I urge all my friends to consider this fine young gentleman as our next Floyd County Coroner.

'For Veterans' Only' TV Show Tapes Locals

The nationally televised PBS program "For Veterans Only" will tape Friday, May 19, at the Veterans' Referral Center in Paintsville, according to Ken McAskill, a board member at the center.

The show is to be aired May 29. The taping is open to all area veterans and their families, McAskill said.

"For Veterans Only" is a program directed to the issues, problems and concerns of America's veterans, said McAskill. Each week it looks at different problems and places.

In the episode to be taped locally,

issues and problems of the Appalachian veteran and programs at the center will be reviewed, he said.

Topics such as services from the area VA medical centers, lack of services by the Bureau of Veteran Affairs to area veterans, veteran unemployment and lack of employment training funds will be discussed.

The center's concept is a national model, which presently serves the five county Big Sandy area, but plans involve service to the entire Congressional District 7, said McAskill.

Presbyterian Church Celebrates Anniversary

It is a coalition of all the veterans service organizations of the area. The center emphasizes four key values—pride, loyalty, unity and service—from which the corporate name, PLUS, comes, McAskill said.

The First Presbyterian Church of Prestonsburg is celebrating its 90th anniversary as a Christian congregation in Prestonsburg, in conjunction with its national General Assembly's 200th anniversary, on Sunday, May 21.

The Rev. Tim Jessen is also observing his 10-year anniversary at the church. He has served the church longer than any of its past ministers.

The congregation will mark the Assembly's bicentennial with a special churchwide communion service

and a choir concert on Sunday at 7:30 p.m. The choir, under the direction of Jim Ratcliff, will present a number of works of different eras, including "Jesus, Joy of Man's Desiring" and "The Last Words of David." Hymns will also be included.

The new church organ, a gift of Mary Elizabeth Powers, will be played by Gordon Formosa, and Libby Ratcliff will accompany the choir on the piano.

The concert is open to the public, and a reception will follow.

Machines Don't Tell

(Continued from Page 1)

it is unlikely that an unscrupulous power broker will ever know how a voter votes unless the voter tells him or someone else.

The machine also has a protective counter on the side which is never reset. It, too, only keeps up with how many people vote, not for whom or what.

Some folks suspect ulterior motives when asked to sign their names when they vote. By law, the signature simply attests to the voter's identity. The signature is not connected in any way to a candidate's counter inside the voting machine.

The machine itself has built in protection against a voter's vote going for a candidate other than the voter chooses. The mechanism, according to KCCA, incorporates the following process:

(1) On the front is the candidate's name. (2) Behind the name is a re-

movable metal plate inserted with the name in front of the counter. When the machine is activated, the metal strip may not be removed or else the machine will lock and not allow any further voting.

(3) Behind the metal plate is a three digit counter, which starts with all zeros in the morning when election officers open the machine. Only the election officers can activate the machine.

(4) The candidate's lever goes completely through the machine, through the name, through the metal insert, through the counters and out the back. Only one space can be mechanically turned when a candidate's lever is activated. If someone attempts to change a vote, the machine jams.

Voting machines, says KCCA, have "changed for the better the elections of our state. They have been designed by humans with the fullest degree of integrity and accuracy—designed with protection against all these attempts to corrupt."

Cliffside Merits Award and Smiles

Proud of the designation of Cliffside as the most improved apartment complex in the state are, from left, Julia May, management agent; Randall Carver, resident maintenance manager; Bill H. Howard, chairman of Church Housing Association; Mary Belle Short, project manager, and Barbara Dunn, assistant project manager.

Cliffside Receives Recognition

Cliffside Housing Complex in the Cliff section of Prestonsburg was recognized as the most improved apartment complex in Kentucky at the recent spring conference of the Kentucky Housing Corporation and US Department of Housing and Urban Development.

The 94-unit complex, opened in 1981, originally had tenant problems, according to Julia Mayo May, managing agent for the non-profit organization that operates the complex, Church Housing Association.

The problems stemmed, she said,

from the density of apartments and "the fact that many tenants were unaccustomed to living so close to their neighbors."

The CHA board of directors, in an effort to improve living conditions at the complex, revamped its management structure, establishing an on-the-premises office and hired additional personnel, she said.

Mary Belle Short was employed as project manager to oversee operations from an office in the complex. A resident maintenance manager, Ran-

dall Carver, was also hired, along with assistant project manager Barbara Dunn.

With close cooperation among the board and the new personnel, "the problems at Cliffside were significantly reduced," May said. The complex, she added, has received good reports from government housing inspectors for the last four years.

The CHA consists of pastors and lay persons from eight local churches. Chairman is Bill H. Howard and vice chairman is the Rev. Timothy Jessen.

Politician's Challenge For Garbage Pick Up Planned This Saturday

The Left Beaver Community Service Club will be picking up garbage Saturday morning, and will be joined by at least two non-members: State Sen. Benny Ray Bailey and State Rep. Greg Stumbo.

Stumbo earlier issued a challenge to all political office holders and candidates to join in the clean-up effort.

Participants are asked to meet at the Minnie Park at 10 a.m. Saturday morning, according to club president Bobby Stumbo.

Stumbo also expressed thanks to the Floyd County Chamber of Commerce for awarding the club a service award recently, and to the *Floyd County Times* for coverage of its efforts.

Donors Thanked

Members of the Wheelwright Volunteer Fire Department Ladies Auxiliary would like to thank the following businesses and individuals who have donated items for fund-raising events:

Hester's Florist, Shawn's, Carrie's Video, Compton's Grocery, Sue Roope Florist, Jackee's Restaurant, Shirley Reed, Lisa Osborne, Wheelwright Auto Parts, Family Drug, Karen's Styling Shop, S&T Florist, Video Land and Slone's Market.

The group is continuing its work to improve city's appearance.

CARD OF THANKS

The family of Bertha Cole would like to extend their appreciation and thanks to all the friends and neighbors who sent flowers, food, and comforting words during our time of sorrow.

A special thanks to Respond Ambulance; Our Lady of the Way Hospital; Dale Adkins, MD; Lowell Martin, MD; the Old Regular Baptist ministers, and Nelson-Frazier Funeral Home for their kind and professional service.

Elected

Sheriff of Floyd County

It's Time For A Change...

To all of my friends, and neighbors, I can't stress enough how important it is for you to go to the polls and vote May 23rd. Now is the time for you to ask yourself a question. Are you satisfied with the way the sheriff's department is being run? People it is time for a change!

Those of you who know Paul Hunt know his word is good when he tells you he will do everything he possibly can to getting the drugs out of our schools. He saw this problem developing several years ago and it has progressively gotten worse.

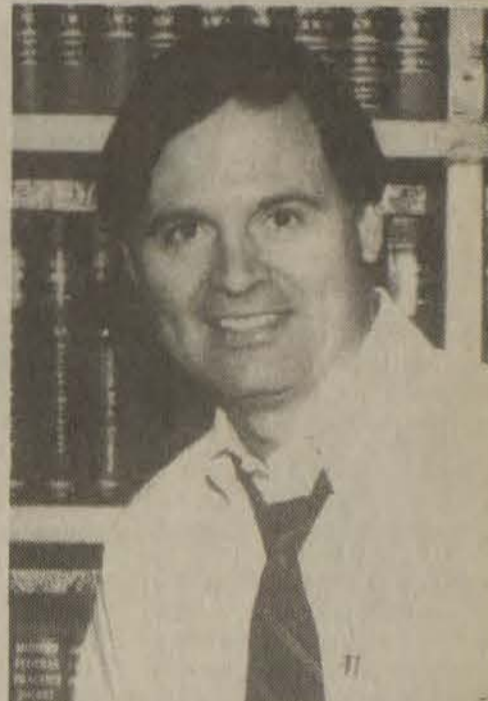

Here is just a little of Paul Hunt's background. When a lot of young men were leaving the country to avoid the draft he left college and joined the Marine Corps. As most of you know, an only son would never have gone to war, but Paul Hunt volunteered to go to Vietnam and spent thirteen months. After he was honorably discharged in 1969, he joined his father in the family business in Prestonsburg. He has served on several committees in Floyd County including the Floyd County Housing Association, which built new apartments for low income families. He is also still active in all the Veterans Organizations. He has proven over and over again that he is committed to serving the people of Floyd County.

I ask you to vote for PAUL HUNT THOMPSON for SHERIFF of FLOYD COUNTY, because given the opportunity I know he will do a fine job.

THANK YOU

Shirley B. Thompson

FLOYD COUNTY ATTORNEY

Knowledgeable, Concerned, Understanding & accommodating.

DECLARATION OF WAR ON DOPE DEALERS

The sale for PROFIT of ILLEGAL DRUGS is destroying our children, our families and our government. As your Floyd County Attorney, I will prosecute illegal dope dealers to the fullest extent of the law. Together, we will have a safe and drug free Floyd County. As your Floyd County Attorney, I will work all the time, not just at election time, with all the people in our partnership to provide the quality leadership to achieve the following objectives in our war on dope dealers:

1. Prosecute illegal dope dealers to the fullest extent of the law.
2. Provide a mandatory drug and alcohol rehabilitation program for drug users and alcohol abusers with a support and follow-up service. These people and their families will be treated with compassion and understanding, because they and their families are the VICTIMS of the DOPE DEALERS.
3. Provide an alcohol and drug abuse educational program for the public and especially for our school children. This is a necessary preventive program to teach our children to "SAY NO" to drugs and dope dealers.
4. Provide, through the Sheriff's Department, 24-hour a day police protection and patrol for every area of Floyd County - we shall have a safe county, neighborhoods and homes.
5. As required by Floyd County Fiscal Court of the Commonwealth of Kentucky, said requirement being duly voted upon and enacted on Friday, April 21, 1989, requiring all county employees to certify that they are drug free. I hereby state and swear as follows:

"I swear that I am drug and alcohol free --- that I have never used, sold, shared or given dope to anyone and that I will prosecute dope dealers to the fullest extent of the law and will treat the victims of the dope dealers with understanding and compassion."

ments on drug-related charges. Charles Cheek of Prestonsburg was charged on three counts, two involving the Schedule II drugs of Tylenol 3 and a narcotic, Percocets, and one for possession of marijuana.

Lon Neeley and Doug Neeley of Prestonsburg were also indicted on three counts. Two counts involved Schedule II controlled substances, cocaine and Tylenol 3. The third count was for marijuana possession.

Four other persons were indicted on charges of operating a motor ve-

hicle while their licenses were suspended or revoked for driving under the influence on a third or subsequent offense. They are Frank Solomon of McDowell, William Mullins Jr. of Wayland, Jerry Holbrook of Rockhouse and Hardy Kilburn of Martin.

Charges of theft by deception were brought against Michael Prater and Diana Prater of Prestonsburg. These six counts all involved checks to M/M Sloane Oil Co. which were not honored by the bank they were drawn

on. The checks listed in the indictments total more than \$13,000.

A charge of theft by deception was also made against Barry Risner of Martin for issuing a check for \$2,779.55 which was not honored by his bank.

Theft by deception was also the charge against Sam Shepherd of West Prestonsburg. According to the indictment, he received several purchases from Kentucky Oil and Refinery Co., valued at more than \$100, "knowing that said purchases would

not be paid for."

Lloyd Kidd of Lackey was presented with two separate indictments. One was for theft of services "when he used Consolidated Cable Services Inc. employees and materials and obtained payment for services in the name of Rickman Supply... which he divested to his own benefits."

The other indictment against Kidd involved second degree forgery in which he allegedly forged Betty Rickman's name to a title and transferred the vehicle into his name.

Assault charges were brought against two, Jerry Wayne Hopson of

Auxier was charged with second degree assault on Geisella Sue Rodebaugh. Russell Jarrell of Prestonsburg was also charged with second degree assault on Woody Jarrell.

Three indictments for third degree burglary were turned in. Joe Wallen of Allen was charged for allegedly entering the house of Ann Bentley with intent to commit a crime. David Craft of Prestonsburg and Billy Ray Craft of Auxier reportedly entered a building owned by Frank Fitzpatrick. Charges of unlawfully entering Harold Hardware were made against Shane Yates of Honaker and Charles Hamilton of Galveston.

Flagrant nonsupport charges were brought against two men. Hubert Baugus of Austin, Texas, allegedly failed to support Jennifer Baugus by

failing to pay \$250 per month in child support which he had previously been ordered to pay. Joe Paul Hicks of Lexington reportedly failed to support Joe Paul Hicks Jr. at the court-ordered assessment of \$100 per month.

Ricky Hamilton of Prestonsburg was indicted on charges of wanton endangerment for shooting a firearm into and near a house occupied by seven other people.

Timothy Bryant of Teaberry was indicted for criminal possession of a forged instrument in the first degree by possessing and/or uttering a check with a forged endorsement. Billy Hutchinson of Teaberry was charged with unlawful taking by taking a three-wheel bike, and George Robert Brown of Fredville was indicted for first degree criminal mischief for causing more than \$1,000 damage to a car.

Tourism

(Continued from Page 1)

County by tourists last year, and that's a lot of money," adds Meadows.

According to Bill Francis, chairman of the Northeastern Highlands Tourism Matching Grants Commission, Oaken presented the organization with a symbolic \$35,000 check Tuesday for use in regional publications promoting tourism in a 15-county area.

Francis said the Jenny Wiley Summer Music Theatre has sought a separate matching grant, also to promote tourism, from state tourism officials.

Noting tourism receipts rose by \$200,000 from 1987 to 1988, Francis

said, "We're somewhat disappointed that it wasn't higher, but we feel that with the new plan developed by the Prestonsburg tourism commission to do its own advertising, tourism is going to become a dominant industry in our immediate area."

Francis pointed out that plans to construct one new motel were announced last week, and that another motel is likely; each will have about 100 rooms.

In addition, the City of Prestonsburg and Jenny Wiley Summer Music Theatre jointly sponsored an ad earlier this year in USA Today's Weekend section. To date, 3,100 re-

quests for information have been received.

"We hope that it will eventually approach 4,000," Francis added.

In a separate event, a legislative panel studying economic development and tourism will hold two hearings in Eastern Kentucky for a firsthand look at projects in the area, according to State Rep. Jim Maggard, D-Jackson.

Maggard, who is a member of the Task Force on Economic Development and Tourism, said the hearings in Campton and Prestonsburg May 25-26 are to provide legislators with information on programs that are creating jobs in the area.

"We want to focus on resources and opportunities that are available for economic development in Eastern Kentucky," Maggard said. "A good number of people are making efforts in these areas, and legislators

will be told about our success stories at these meetings."

The task force will meet at 9:30 a.m. at Jenny Wiley State Park in Prestonsburg on Friday, May 26. Oaken is among those scheduled to testify before lawmakers. According to Latta, a reception for the group will be held Thursday evening, May 25, at the lodge.

Also on the program are Jim Deaton, general manager of Jenny Wiley Summer Music Theatre; Roger Recktenwald, executive director of the Big Sandy Area Development District, who will discuss the welcome center at Slade; and Raymond Bradbury of the Big Sandy Airport Board, who will discuss the airport. In addition, Jarrett Woods of Prestonsburg Community College will address Project 2000.

The Friday meeting is open to the public.

Parent Concern

(Continued from Page 1)

Hager said, the board obtained a \$200,000 loan to rent/purchase mobile units.

About the same time the Floyd County School system was allocated \$14,000,000 for four new schools, in Prestonsburg, Allen, Garrett/Wayland and Wheelwright/McDowell, in that priority order.

At some time the number of new schools was dropped to three.

Patricia Rister, committee member, said that "at one of our meetings with the school board (attended by State Representative Greg Stumbo and State Senator Benny Ray Bailey) Bailey said that all three schools would be started simultaneously and priority numbers did not matter since there was plenty of money to complete all three projects."

"We must start with priority one first, that is the law," Hager said. "After that we can go to number two, three or four in any order, which ever is ready next, but we can not move to number five."

"Each stands alone, on its own budget. You cannot take funds from one school for the next," he added.

Frank Francis, supervisor of buildings and grounds for Floyd County, said the major delay of construction was due to the new guideline passed

in January 1989 by the Department of Housing Building and Construction, stating that a reliable source of water supply to adequately serve the sprinkler system be available before construction begins.

A verbal confirmation on the water supply was given to George Mann, plan reviewer with the Department of Housing, Building and Construction, on Friday morning.

Francis said construction should begin as soon as the written confirmation is available. "There are a lot of agencies and red tape involved. It's not as simple as 'Let's sit down and build a school,'" he added.

As of Friday, the school will not be getting a gymnasium as originally planned, according to Francis, but that could all change depending on what Judge Corns' decision is about equal funding of schools in Eastern Kentucky.

Hager agreed with Francis and added that a second delay, for a permit for sewage treatment and disposal, also was holding up the project. Hager said that both permits had been obtained as of Monday, and the "local board has fulfilled all of its obligations in getting the building moving. It's in the hands of Frankfort now."

Road Work Projects Continuing, Says Official

Rebuilding US 23 from its intersection to just past the Prestonsburg Community College entrance is expected to begin this summer, according to a spokesman for the state Department of Transportation.

Bids were let for the project in April, with Mountain Enterprises submitting the sole bid for \$212,084.

The work will repair the road, literally, from the ground up, according to Mark McDaniel, transportation department spokesman.

In separate work, contracts were let to Mountain Enterprises, again the only bidder, for resurfacing of three miles of the Martin-Allen Road from its junction with KY 122 to Betsy Clark Branch Road. Mountain Enterprises bid \$130,642.

The company also submitted a successful bid of \$231,327 to resur-

face 4.3 miles of the Garrett-Salyersville Road (KY 7) going from just north of the intersection with KY 550 to the Magoffin County line.

Additionally, preliminary survey work is underway for a proposed new road beginning at Minnie at the junction with KY 1086, going over Sizemore Mountain, and coming out on Rt. 80 about one mile east of Garrett.

Once preliminary survey work is completed, the proposed project, if feasible, will move into the design stage, then to right-of-way appraisal.

**ELECT
BETTY
CAUDILL
MAGISTRATE
DISTRICT 3**

Hello! My name is Betty Caudill and I am running for Magistrate in District Three on May 23, 1989.

Before you cast your vote on May 23, I ask each and everyone of you to stop and closely look at each candidate.

Stop and remember how you have been treated by all the candidates in the past, not just since the campaigning started.

Then ask yourself who has always been there when you needed help for someone in your family, when you needed official support for your rescue squad, when on Saturday morning a relative passes away and you can't get to the cemetery or dig the grave, when the past floods washed away your roads and bridges and we worked in the rain and snow with whatever materials available to repair them. Ask yourself who served on the garbage commission that established our present system, who was the person that played a big part in getting the park at Minnie and who has worked hand in hand with the Beaver Elkhorn Water District in trying to get water and fire hydrants for every person in District Three.

I think the answer to the above is quite obvious. With my husbands experience and expertise we will continue to obtain additional water for District Three and I will try to obtain additional federal and state monies to up-date our park at Minnie to accommodate the residents of District Three.

Again, I urge you to be absolutely sure when you cast your vote on May 23. Don't vote for the wrong person for the wrong reason and then regret your decision after the votes are counted.

Remember it's totally up to you, do you vote for someone you know, someone that has proven themselves over the past years, and someone that will continue to serve the residents of District Three full time or do you take a chance and maybe lose the experience and service you have been accustomed to.

I ask all my relatives and friends to take this election serious and to please come out and vote for Betty Caudill, Magistrate, District Three. Remember, make your vote count.

**BETTY CAUDILL FOR MAGISTRATE, DISTRICT THREE
YOUR VOTE AND SUPPORT WILL BE APPRECIATED**

(Pol. adv. paid for by the candidate, d. 11pd.)

TO THE VOTERS OF DISTRICT NO. 2:

We want to take this opportunity to ask you to vote for James Slone for magistrate.

We believe that the office should have a full-time magistrate in order to address the needs of all of the people. James will be a full-time magistrate.

We know that the public will be better served by a candidate who is obligated only to the people of this district. James has only had the help of those who believe that he will make a good magistrate for all of the people and that he deserves the chance to try.

We have known James since he was born. You will be proud of him and his wife, Kim.

Please give him your vote and help to give this office back to the people of District No. 2.

Sincerely,
RONDAL AND IRENE HAYES

Campaign Spending

(Continued from Page 1)

claiming their names and slogans. According to Jerri Smith of The Shirt Gallery in Martin, candidates can order six dozen lightweight shirts at a special promotional price of \$2.80 each. Those who want a step up in quality naturally have to pay the price;

Smith's mid-weight shirt sells for \$4.25 each for six to 11 dozen.

The biggest seller, according to Smith, is a cap bearing the candidate's name. The savvy politician who wants to leave his image on voters' heads, if not their minds, can purchase 72 dozen (864 caps) for \$1.89 per cap. The Shirt Gallery also markets "sign stoppers" for the backs of car windows for \$125 per 100.

Prices for billboard space range from \$150 to \$175 per month, with the cost of paper extra, according to spokespersons for two local advertising companies, Dick's Signs and Jerry's Signs. To cover the county, candidates have been renting an average of five billboards, the sign company officials said, although some have taken triple that number.

To have a five- or six-line campaign message run on WPRC cable station every 10 minutes or so, 24 hours a day, costs \$125 a month.

A 30-second commercial, produced by the candidate, will be run on several cable channels for \$288 a

month, according to Cathy Newsome of the Harold-based station. The station will produce the commercial for the candidate and run it for \$360 a month.

Many candidates advertise on area radio stations. On WPRT and WKKZ, each time a candidate's 30-second commercial is aired, the candidate pays \$3. A minute-long commercial costs \$5.

On WDOC, a candidate can purchase 50 spots per month at a special rate of \$2.25 per 30-second commercial. For under 50 spots, the cost is \$2.40 each. A 60-second commercial runs \$3.75 each at the special rate.

At WDOC's sister station, WQHY, the rate is slightly higher, ranging from \$5.45 per spot to \$11.58 each, depending on how long the commercial is, when it is aired and for how many months.

WMDJ in Martin offers 15-second commercials at \$2 each, 30-second spots at \$4 and 60-second spots at \$6.

Because broadcast media are government regulated, Jeff Meek of WPRT/WKKZ said that each station is required to produce, on request, its "public file" which includes political advertising contracts. Citizens, he said, may go to the station and simply ask to see the file, and the station is obligated to show it.

Television rates vary considerably, depending more than anything on when the commercial is broadcast. A candidate's commercial that is running during a popular prime time show can run as high as \$275 for 30 seconds on Hazard's WYMT-TV. At early morning or late night, the same spot can cost between \$30 and \$40.

The station will produce the commercial for an additional fee.

Newspaper advertising rates depend on size, or the number of column inches used. The cost of a full page advertisement in the Floyd County Times, for instance, carries the going rate of \$484, according to advertising manager Brenda Crouch.

Candidates ante up a little over \$119 for the popular quarter-page ad. Also common for candidates is a two-inch by two columns ad which costs right around \$15. The paper also offers a 10 percent discount to candidates who bring in their ad copy on the Friday before publication.

Untold money is also eaten up in gas station fill ups as candidates and their helpers travel around the county for meetings and door-to-door campaigning. Added to this are the costs of wear and tear on automobiles, meals at special luncheons and dinners, tickets for public events, and junk food to buy a couple of minutes of conversation at countless diners and grocery stores.

While tighter state regulations have curtailed some campaign spending, Statewide Media's Darby still estimates that many candidates are spending at least "their first year's public salary on running for the office."

"Still," he contends, "it's not as bad as it used to be. The new state laws have taken some of the fun out of it."

Signs On Poles May Pose Danger

Nailing signs to utility pose may seem like a good way to promote a local candidate, or garage and yard sales, but the sign could endanger a utility repair worker who has to climb the pole, according to South Central

Bell local manager Art Willett. "A lot of people don't realize that the signs and nails that hold up the signs can make pole climbing more difficult, resulting in more danger of falls," he said. "For example, a nail can prevent the 'gaff' used by the pole climber from entering the pole, or it may cause the gaff to give way."

"It also may damage the point of the gaff and cause problems later. Even the signs can pose a danger," Willett said. "Cardboard signs may get in the climber's way, and metal signs could pose a risk of injury in the case of a slip."

Three Arrested In Drug Case

Kentucky State Police arrested three persons on drug trafficking charges Sunday at about 9:30 a.m. in Prestonsburg.

Lester Hall Jr., who listed his address only as Floyd County, and Jeffery Collins and Barbara Elkenbery, both of New Madison, Ohio, were charged with trafficking in marijuana, possession of cocaine and possession of drug paraphernalia, according to a KSP media release.

Police reportedly confiscated two pounds of marijuana and an undetermined quantity of cocaine.

Seven state police officers participated in the seizure.

ELECT PAUL HUNT THOMPSON

FOR A REAL CHANGE AND PROGRESSIVE LEADERSHIP

Over the last 4 months I have discussed the issues with as many of you as possible, and I have found that the vast majority of you, the people of Floyd County, want a change in the Sheriff's Department.

I WANT TO BE THAT CHANGE

Whenever I have been able to serve you, such as working on, and helping acquire, 109 low rent apartments at the Warco and Ivy Creek Housing projects, plus a 20% increase in Sec. 8 Housing assistance for you. I have done so.

The people in the Goble-Roberts addition needed a bridge, and we went to work, by putting local, state, private, and Federal money together, they now have a new bridge.

I have proven through the Rescue Squad, DAV, VFW, various Fire Departments, and other Civic Organizations that whenever I could serve them I did. Whether it was computers for the High Schools or candy for needy children, I have always done my part.

I am now asking you to let me serve you in the Sheriff's Dept.

Leadership is needed to stop Drugs in our schools, and to stop the crime and harassment that is now in this county.

Don't be fooled by smiles, smooth talk, pictures, and promises that can't be kept.

I have proven for over 20 years that I will do what I say and I want to make you a promise that will be kept, If you elect me as your Sheriff, that at the end of 4 years:

**THERE WILL BE NO DRUGS IN THE

McDowell Women Lose Softball Title To Cardinals

by Ed Taylor
Sports Editor

Coach Meredith Slone's Lady Daredevils of McDowell lost in the championship game of the 45th District Girls Softball Tournament to the Sheldon Clark Lady Cardinals, 11-6, at Allen Park Friday evening.

Both teams will compete in the regional tournament at Morgan County this week.

The Lady Cardinals scored in the

first inning. Linda Slone was hit by a pitch (in slow pitch), and Vanessa Marcum tripled to score Slone and to give the Lady Cardinals a 1-0 lead.

McDowell took a 2-1 lead with two runs in the bottom of the first. Debbie Page singled in opening the inning. Kathy McQuate followed with a base hit to score Page. Priscilla Crawford singled to drive in McQuate.

Sheldon Clark pushed across five runs in the Lady Cardinals' fourth to take a 6-2 lead. Tammy Mills and Paula Dials opened with singles and both scored on a double by Bridget Harmon. Kirk's single scored Harmon. Devonda Mills singled, bringing in Kirk. A base hit by Bowers scored Mills. Sheldon Clark scored again in the top of the fifth with three runs. Dials singled, and Harmon fouled out to the catcher. After Kirk

popped out to the pitcher, Mills lined a base hit to center to score Dials. Mills scored on a double by Bowen.

In the bottom of the sixth, McDowell rallied for four runs to make it 9-6. McQuate doubled, leading off the inning. Crawford followed with another double in scoring McQuate. Gloria Mullins hit a third double to bring in Crawford. Debbie Fannin's base hit scored Mullins. Fannin scored

on a wild pitch and pass ball.

The Lady Cardinals added two in the top of the seventh to take the title game 11-6. Whitt gets the win, while Slone gets the setback.

The 45th District All-Tournament team was named also. The players selected are:

Tammy Mills, Paula Dials, Devonda Mills, Linda Slone, Sherri Whitt of Sheldon Clark.
Debbie Page, Priscilla Crawford,

Gloria Mullins, Debbie Fannin, and Kathy McQuate of McDowell.

Veronica Slone was voted the Most Valuable Player.

Home Run Trot

Stuart Robinson rounds third and heads home after hitting a third-inning home run at the Allen Park against Allen Central in the finals of the 58th District Tournament Saturday. Robinson had four RBIs in the game, two coming on this shot.

Robinson's Four RBI's Help PHS Capture Title

The rains stopped long enough for the championship game of the 58th District Tournament to be played Saturday afternoon at Allen Park, with the Allen Central Rebels falling to the Prestonsburg Blackcats, 7-4.

Allen Central advanced to the finals of the tournament with a 22-7 victory over the Wheelwright Trojans. Prestonsburg took a close 3-2 victory over the Betsy Layne Bobcats.

Junior Stuart Robinson drove in four runs with a home run and a double as Thomas Nairn went the distance for the Blackcats in recording a 7-4 title game victory over the Rebels. Chris Slone also had a solo shot for Prestonsburg.

Allen Central senior Todd Duff had two hits for the Rebels, giving him seven for 10 in the two-game set. Duff went five for six in his first game.

Robinson hit his home run in the top of the second with Nairn on base to give the Blackcats a 2-0 lead. Prestonsburg scored four times in the third when Slone led off with a drive over the left field fence. Tim Trusty reached on an error, and Todd Justice singled. Robinson brought Trusty and Justice home with a double to center field that almost cleared the fence. Tim Watkins doubled to score Robinson.

Allen Central scored two in the bottom of the inning. Jamie Hall walked and went to second on a ground out by John Martin. Duff tripled to right center to score Hall.

Duff scored on a wild pitch.

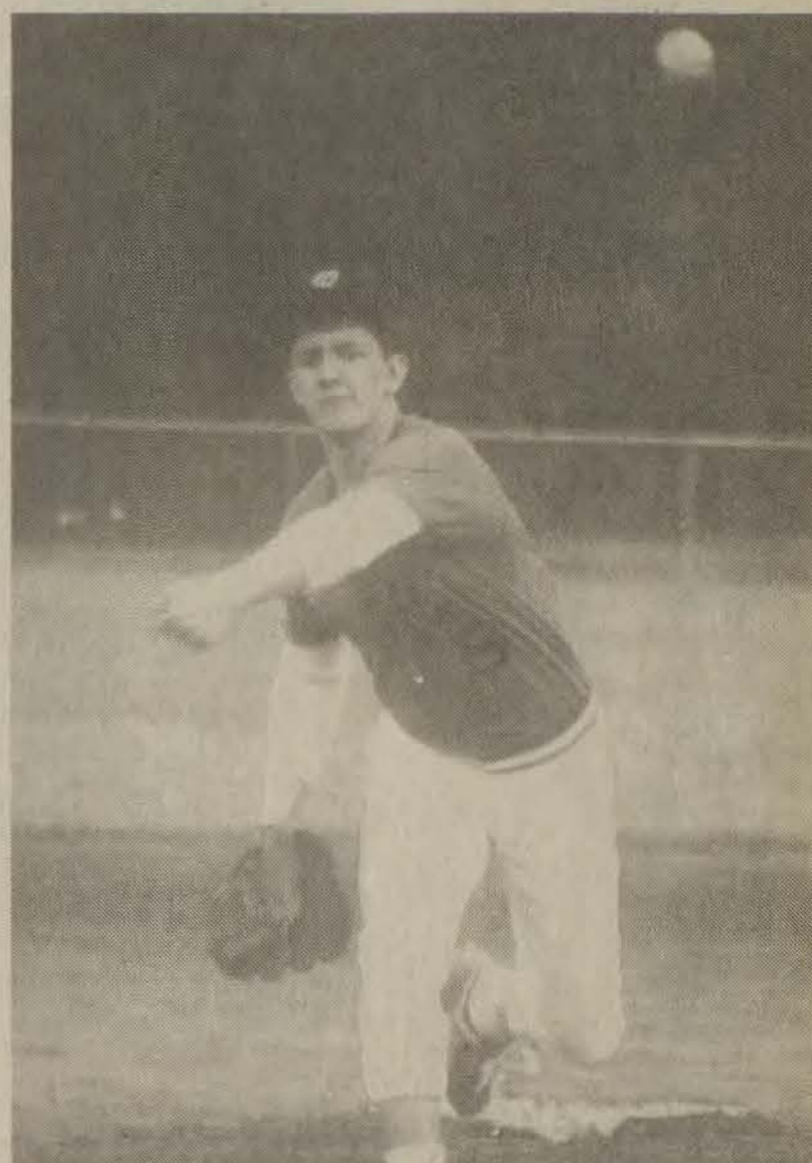

The Rebels added runs in the bottom of the sixth and seventh innings. Kevin Spurlock had a lead off single in the sixth. He advanced to second on a wild pitch and scored on a base hit by Kevin Webb. In the seventh with two outs, Duff and Parsons singled. Spurlock walked to load the bases and bring the tying run to the plate in Webb. Webb was hit by a pitch to force in Duff from third. Meadows grounded to the pitcher to end the game.

Prestonsburg advances to the winner's bracket of the 15th Region Tournament at Pikeville. Prestonsburg will play Johns Creek tonight at 8 p.m.

An all-tournament team was selected by the coaches and each member received a trophy. The following players were named:

Rady Martin, Mike McQuate of McDowell; Chris Thornsbury, John McCoy of Wheelwright; Duran Newsome, James Keith Hall of Betsy Layne; Todd Duff, Mickey Parsons, Kevin Spurlock, Kevin Webb, Pete Castle of Allen Central; Thomas Nairn, Chris Slone, Ray Collins, Tim Trusty, Todd Justice, Stuart Robinson of Prestonsburg.

Thomas Nairn of Prestonsburg pitched the Blackcats to victory over the Rebels of Allen Central Saturday afternoon. The Blackcats won the game 7-4 to advance to the 15th Region Tournament at Pikeville. Prestonsburg will play Johns Creek tonight at 8 p.m.

Keepers!

A point, quite simply, is a finger of land protruding out into the body of a lake or creek. Because points are normally abundant on most lakes,

and because bass like them as much as I enjoy my electric blanket, points are one of the structures most often targeted by bass anglers.

Points provide a highway of sorts

which link deep water sanctuaries with shallow water feeding grounds. And while most anglers understand the basics of point fishing, many of us overlook the enormous potential

these bass highways have to offer.

Like cornbread and soup beans, crankbaits and points are an inseparable pair. Gordon Elkins, a 41-year-old professional angler from LaGrange, Ga., has taken the combination to even loftier heights and has developed a tremendously successful point fishing system. His technique, which has produced largemouths of over 13 pounds for him, is a consistent year-round producer of big bucketmouths.

"We've known for years that most of the big fish remain deep all year long with the exception of a few weeks during the spawn," Elkins says. "The problem is that there has never been

a technique to effectively work deep water very quickly. When Mann's developed a crankbait (the 20+) which would break the 20-foot mark, I realized that problem could finally be solved."

Since then, Elkins has turned his set of Mann's 20+ crankbaits into virtual bass magnets, and his technique is centered around points.

"During the coldest months of the year (January through mid-February), I'll use a Mann's 30+ crankbait. Most of the fish that I find during the winter are holding in 17 to 22 feet of water and usually at the end of the point where it drops into deep water. The reason for using Mann's 30+ crankbait

is that, because it dives virtually straight down and goes so quite rapidly, I can keep it moving along the bottom at a snail's pace.

"I position the boat out in deep water off of the end of the point and cast up onto it. Once the bait hits bottom, I'll slow it down to a crawl and simply bump it along, making sure that I keep in contact with the bottom. One of the greatest attributes of these ultra deep-diving crankbaits is that you can work them slowly and they will maintain that bottom-digging depth."

When the water temperature moves into the 50s, Elkins trades his

Wallen Takes First In Discus

by Ed Taylor
Sports Editor

Brian Wallen of the Allen Central Rebels won first place in the discus throw on his first try last week at the Bob Amos Park in Pikeville.

Participating in the regional track and field meet, Wallen had a throw of 144' 6", to take first place.

"Brian's other throws (he threw six times) were farther than the second place finisher," Coach Dewey

Jamerson says. "That's good, too, because that shows he is becoming more consistent."

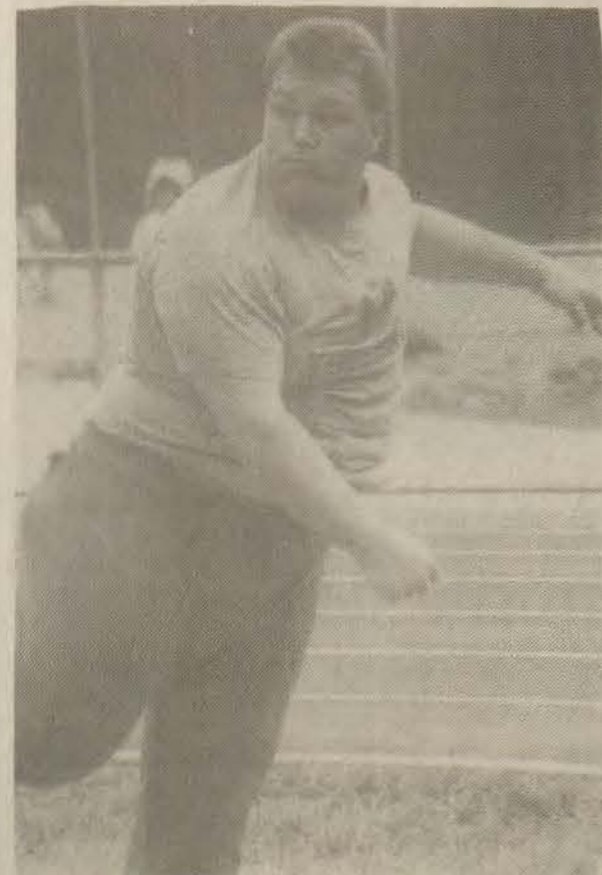

Wallen will advance to the sectional meet at Clay County this coming Saturday. If Wallen finishes first or second, he will advance to the state meet at Lexington.

The Rebels finished seventh overall in regional competition. Freshman Chris Yates took second in the 800 meter dash with a time of 2:17. Yates will also advance to the sectional meet

at Clay County this Saturday.

Eighth grader Mike Slone placed fifth in the two mile run with a 12:35 time. Allen Central's mile relay team (Rondal Stewart, Teddy Bates, Rady Shepherd and Jason Johnson) finished sixth.

High hopes ride on Wallen's performance. He will be competing at the Class A level and, according to Jamerson, the records show that his throws are about 20 feet better than the other competitors in the state.

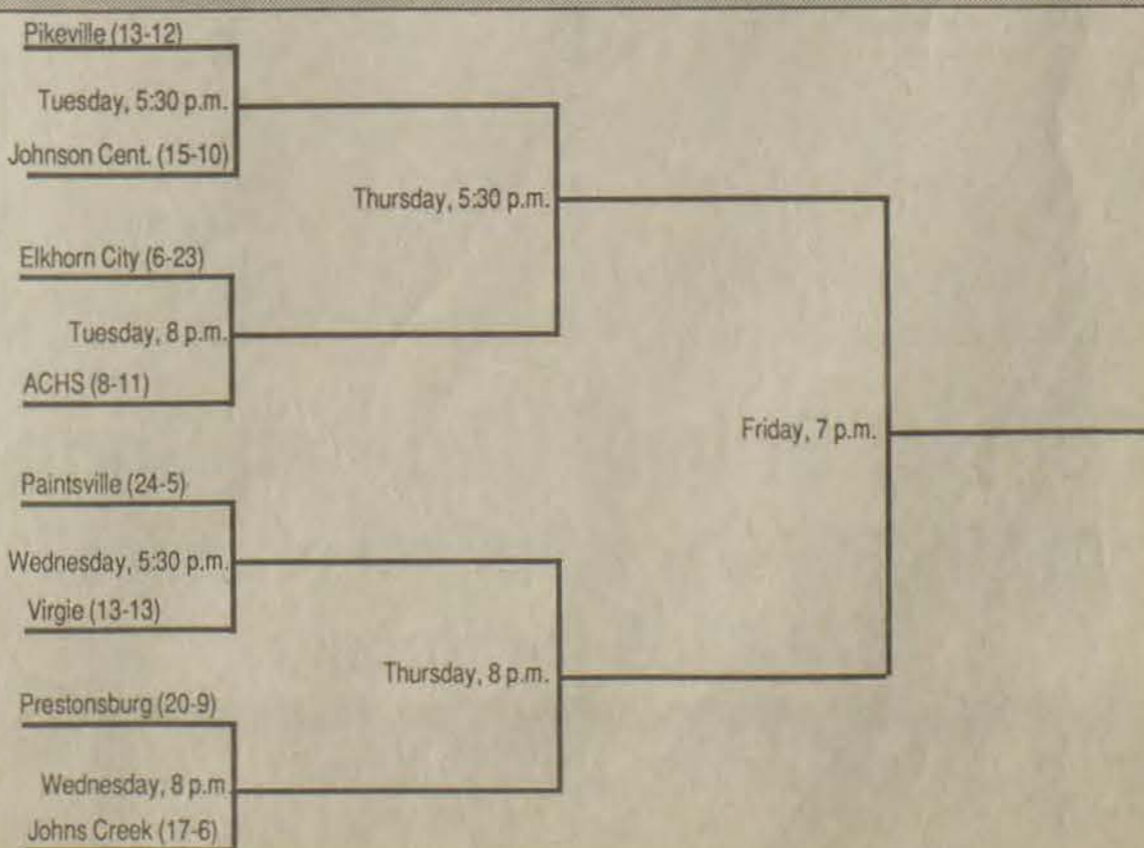

Good for First Place

Brian Wallen, a sophomore at Allen Central, took first place in the discus throw with this toss for 144' 6" at the regional track and field meet at Pikeville Saturday. Wallen advances on to the sectional at Clay County this Saturday.

30+ bait for Mann's 20+ model. "During the pre-spawn period, the fish will usually hold about 12 to 15 feet deep. At that time, I'll still position the boat off the point and cast the 20+ up onto the point so that it hits bottom well above the 12-foot mark."

Until the water temperature hits 58 degrees, Gordon Elkins retrieves the bait just as he did during the winter months: with a slow, bottom bumping retrieve. Once the water temperature breaks the 58 degree mark and the bass enter the pre-spawn period, he increases the speed of his retrieve and fishes a bit more shallow.

"I really like to speed the bait along then. If I start hooking fish on the rear treble hook, I'll slow the retrieve just a bit. But I've found that once the water temperature hits 58 degrees, you can't keep the fish away from

your lure if they want it. And most often, I'll use a stop-and-go retrieve."

Elkins, a strong contender on the Red Man and B.A.S.S. tournament trails, utilizes this technique throughout the spawning season.

"All of the fish don't spawn at the same time," he states. "While some are spawning, others are preparing to drop their eggs and some are recuperating from the spawn. Whatever the case, there will be fish on the points throughout the spring."

While some anglers might not agree with the use of an ultra-deep diving crankbait in the spring, Elkins says it is tremendously productive.

"You've got to remember that you're not fishing the bait 20-feet deep in the spring. Rather, you're fishing it in water from about 8 to 15 feet deep. The reason for using the deep diving plugs is so that you can crawl it along

while keeping it in contact with the bottom."

During the summer months, Elkins continues to toss a Mann's 20+ bait, but he slows the retrieve to a "medium-fast" speed. "During hottest summer months, the fish become a bit stressed and they don't like to chase a bait, so I slow the retrieve a little."

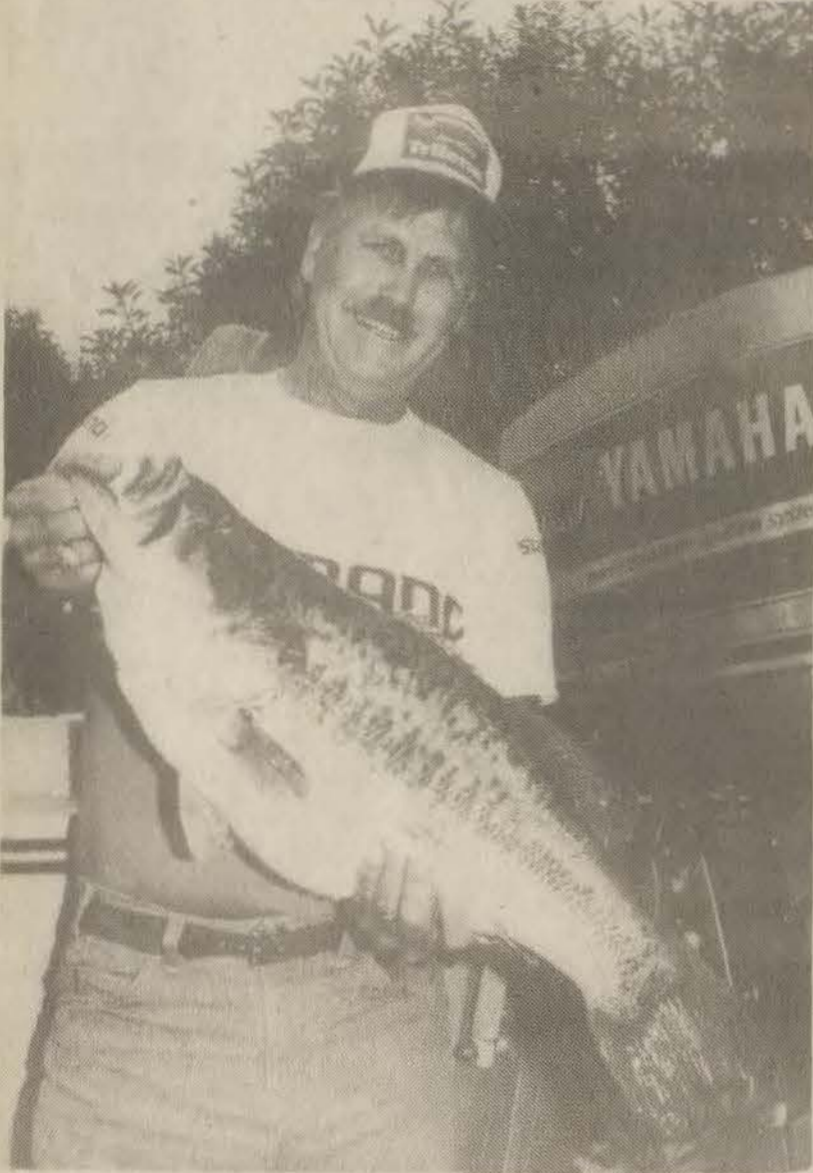

During the months of autumn, Elkins situates his boat on the shallow end of the point and casts into the deep water off the end of the point. "In the fall, bass hold on the lip (or ledge) off of the deep water end of the point. For some reason, I've found that the fish hit the crankbait better when you bring it up the ledge of the point rather than down it."

"Basically, you want the bait digging bottom before it reaches the end of the point so that it digs its way up the ledge. The fish will usually hit it just as it comes up over the lip."

Elkins recommends working a point from every possible angle. "Unless I've already determined how the fish are orienting to the point, I'll work my way in a semicircle around the point. Many times, the angle of your approach is the most important factor to contend with when fishing points."

How effective is Gordon Elkins' technique? I can tell you this much: the first morning that I tried it, my brother Jim and I landed an 8-pound and a 7-pound largemouth, and oodles of fish 4-pounds and under (that was at West Point Lake in Georgia). As the season progresses, I'm sure that the technique will grow even more productive.

Get yourself a few of these baits and start crawling them along points. I predict you will get bit! Good Fishing!

Crankbait System

Gordon Elkins' crankbaiting system is designed to pull big bass, like this 10-pound giant, from their deep water haunts. For more details, see "Keepers!"

Garrett Pirates Defeat Martin Cards

Larry Hunter had two doubles and Brad Lyons scattered three hits as the Garrett Pirates scored four runs each in the first, third, and sixth innings to hand the Martin Cards a 14-3 defeat.

The loss dropped the Cards to 0-2 for the season. Josh Hansford also had a double for the Pirates.

Jeremy Hall got the loss for the Cards. Jamie Kilburn had a double and a triple for Martin.

Prestonsburg Baseball Squad Eliminates BLHS Bobcats, 3-2

by Ed Taylor
Sports Editor

Lefthander Todd Justice pitched seven strong innings scattering five hits, two being home runs, to lead the Prestonsburg Blackcats to a 3-2 victory over Betsy Layne in the 58th District Tournament at the Allen ballpark Saturday afternoon.

Sophomore Keith Hall suffered the loss. Hall also gave up just five hits to the Blackcats. Christ Bias and senior Keith Hall each had solo home runs for Betsy Layne.

The game was close all the way, as both pitchers pitched excellent baseball. Despite the weather, a good crowd was on hand to watch the tournament semi-finals.

Bias led off the game with a solo shot over the fence in left center to give coach Junior Newsome's Bobcats a quick 1-0 lead.

Prestonsburg took a 2-1 lead with two runs in the bottom of the first. Ray Collins doubled and moved to third on a sacrifice by Chris Slone. Tim Trusty scored Collins with a double, and he scored on a ground out to first by Thomas Nairn. Nairn picked up an RBI.

The Blackcats got an insurance run in the third. Trusty singled to open the inning. Justice followed with a line shot to right. Both runners moved up on a wild pitch, and Trusty came home on a sacrifice fly to center by Nairn to make it 3-1.

Neither team was able to score in the fourth and fifth innings. Hall retired the last 10 Blackcats he faced. Betsy Layne scored in the top of the

inning with two out, on a long home run to left center by senior Keith Hall. In the Bobcats' seventh, with one out, Hall was hit with a pitch with the top of Betsy Layne's order coming up. Bias forced Hall at second and Barry Hamilton popped out to second to end the game.

The regional track and field meet was held Saturday at the Bob Amos Park in Pikeville. Allen Central High School represented the 58th District in the meet.

Betsy Layne Defeats Garrett

Betsy Layne starting pitcher Chuck Lafferty hurled a two hitter in Babe Ruth action last Sunday afternoon at Allen Park in leading his team to a 15-5 victory over Garrett in the season opener for both teams as the Floyd County Babe Ruth League got underway.

Lafferty experienced control problems in the game in walking 10 batters, but the Betsy Layne offense and some timely defensive plays helped the righthander to record his first win. Jamie Martin took the loss for Garrett. Martin yielded nine hits to Betsy Layne while walking 10 batters.

Duff Leads Allen Central In Win Over Wheelwright

by Ed Taylor
Sports Editor

Senior Todd Duff went five-for-six, including two doubles, in leading the Rebels of Allen Central to a 22-7 baseball victory over the Wheelwright Trojans in the 58th District Tournament last Friday evening at Allen Park.

Pete Castle was on the mound for the Rebels and picked up the win with some relief help from Randy Watkins who recorded the save. Junior Kevin Spurlock had five RBIs for Allen Central. Chris Thornsby took the loss.

The Rebels scored in every inning, picking up eight runs in the top of the seventh on six hits, including doubles by Chris Kidd, Duff, and Mickey Parsons. Parsons also tripled in the third driving in two runs as the Rebs pushed across three runs.

Senior Bobby Hood had three RBIs for the Trojans, and Steve Johnson brought in two.

Allen Central scored three first inning runs on one hit. Duff singled in opening the game, Parsons reached on an error by Thornsby sending Duff to third, and Spurlock lifted a fly ball to right for a sacrifice fly in scoring Duff from third.

Kevin Webb walked and continued to second. Parsons came home on an attempt on Webb at second base. Webb came to score on a ground out by Bret Meadows.

The Rebels crossed the plate four times in the top of the second without

the benefit of a base hit. Three walks, two errors, and a hit batsman opened the way for the four unearned runs. The four runs gave the Rebels a 7-0 lead.

Wheelwright picked up two in the bottom of the inning. Steve Johnson got a one out single and went to second on a wild pitch. After John McCoy hit a long drive to right that was caught, Castle walked the next two batters to load the bases. Hood then doubled to bring two runs.

The Trojans dented the plate with three in the bottom of the sixth after two were out. Mike Justice walked

and advanced to second on a wild pitch. Hood singled to score Justice. Kevin Isaac walked. Jim Helton then lined a single to left to score Hood, and Isaac came home on a base hit by Brad Compton.

The Rebels picked up their eighth win against 10 defeats.

TO THE VOTERS OF DISTRICT #3

I Would like the voters to keep one question in mind. ARE YOU READY FOR A CHANGE? I think the answer is YES! I honestly feel that I represent that change. Since the taxpayers money is used to pay the salary of the magistrate, people need to look closely at the candidates and choose the person they feel is the best qualified: I AM THAT MAN!

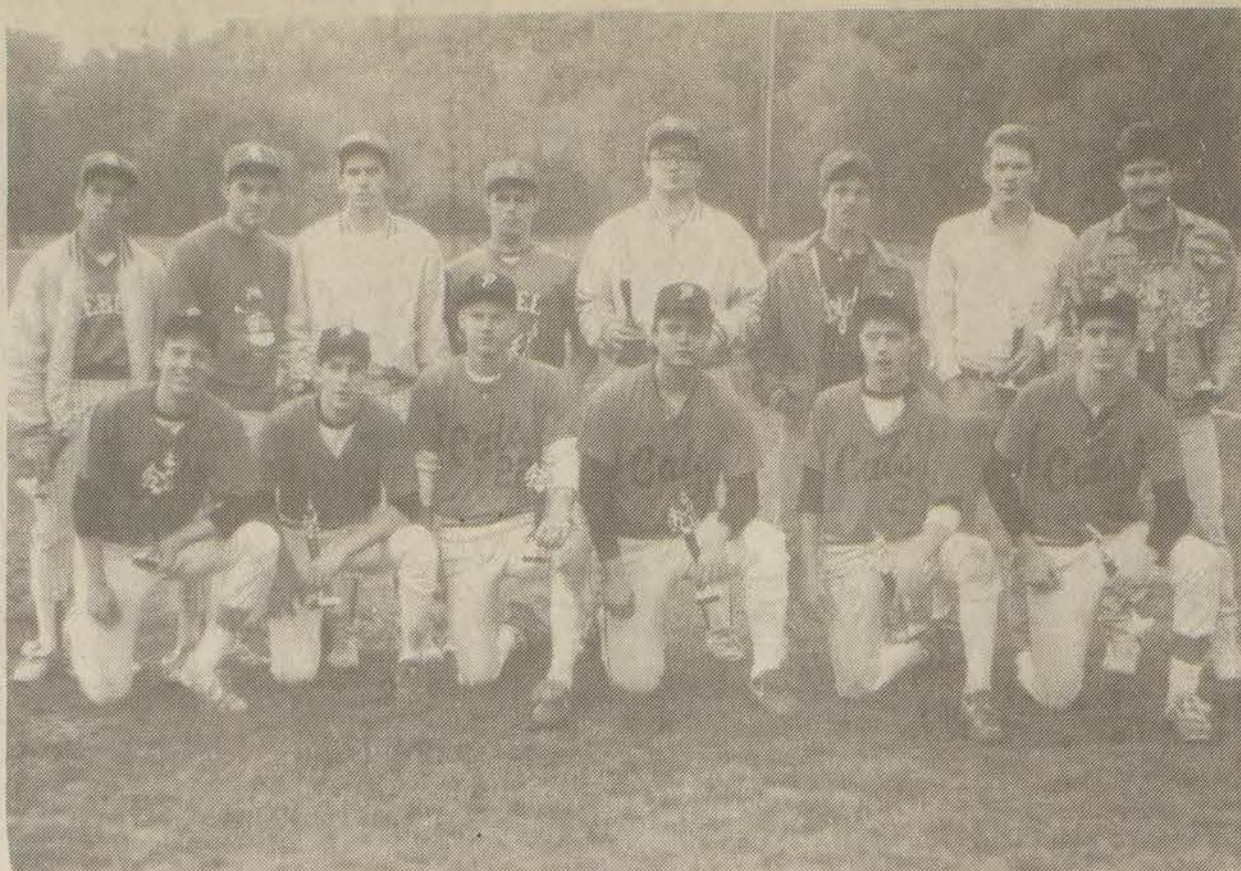

I make no promises of false hope. The only promise that I can make is to represent my district with HONESTY and INTEGRITY. I will also pledge to represent ALL of the people of District#3.

Drift Giants Fall To McDowell

Coach Terry Mullins' McDowell Stars punched out 24 base hits enroute to a 16-9 victory over Ed Moore's McDowell Stars in the Beaver Creek Little League last Saturday at Minnie Park.

Terrence Mullins, 1-0, picked up the win in going all the way for the Stars. Mullins also had nine strike outs. He has struck out 19 batters in the two games he has pitched, striking out 10 in his first outing.

Mark Waters, who went three for four, had a double for the Stars. Brian Adams also had a double for McDowell. Jonathan Page tripled for the Stars picking up three RBI's.

Drift banged out 14 hits in the losing cause. Teddy Pack, 0-1, absorbed the loss for the Giants. Pack had a double for Drift in going three for four at the plate. Ryan Hamilton was two for four.

McDowell will meet the Martin Cards at Martin Friday. Drift takes on East McDowell Thursday afternoon.

East McDowell, Minnie Split Two

The East McDowell A's and the Minnie Yankees played two games Saturday afternoon — the first game finished one called earlier because of darkness.

The second game made up an earlier rain out. The Yankees won the first game, 16-3, scoring eight runs in the first two innings. The game ended after the fourth because of the "mercy rule." T. Hicks had a home run for Minnie.

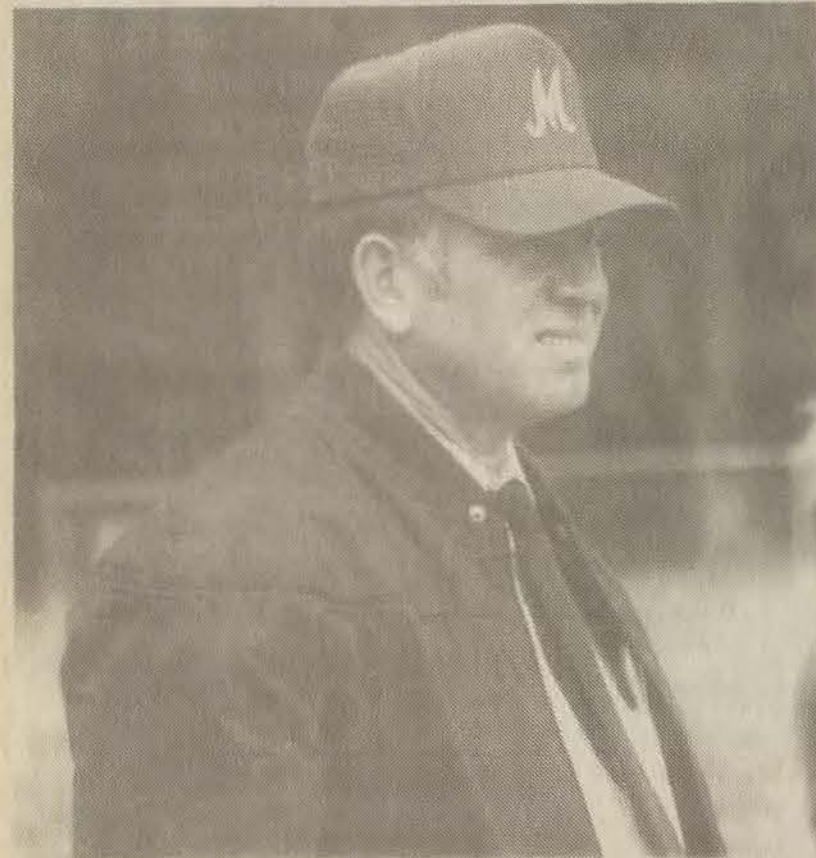

Carl Bentley got the win, while Chris Rackey suffered the setback.

In the make up game, East McDowell scored three times in the first and one in each of the fourth and fifth innings to take a 5-3 win over the Yankees.

Philip Castle, 1-0, got the victory and Scott Little took the loss.

Scott Hall had a double for the A's. East McDowell will host Drift Thursday. Minnie will play the Garrett Cubs Friday at Minnie.

Martin Blue Jays Roll By Drift, 18-7

The Martin Blue Jays rolled past the Drift Giants 18-7 in Little League action Saturday afternoon.

Kevin Stumbo picked up the win in going 1-0 on the season. Morgan Stone went two for four at the plate and Brian Conn was two for five for the Blue Jays.

The Martin team scored 12 times in the top of the fourth after trailing 5-2.

R. Hamilton had two hits in five at bats for the Drift Giants.

Election is Here Again

What's Our Problem

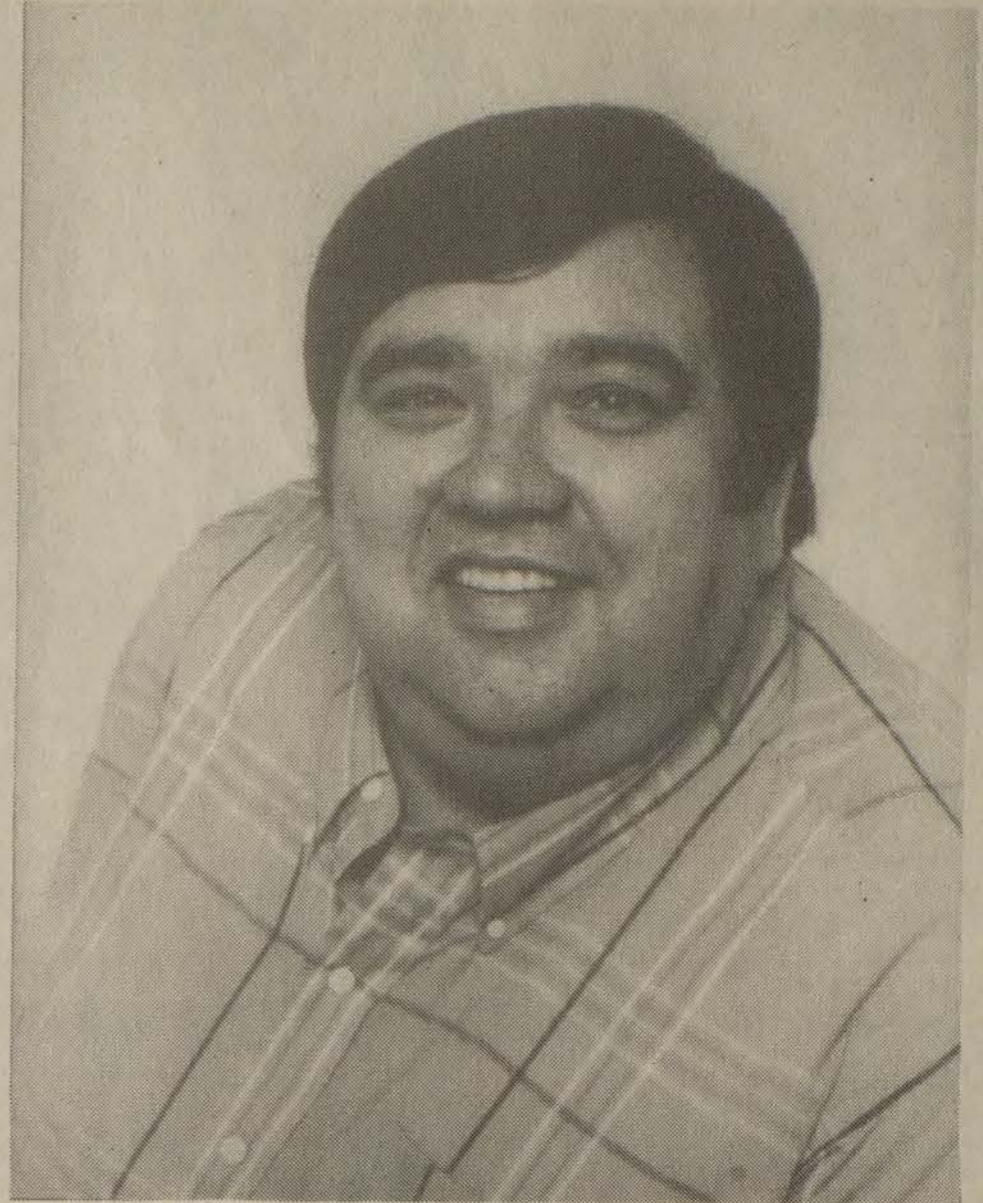

This disgraceful road is Frasure's Creek

All winter this road has been traveled by twenty four families who must use it to reach their homes. Worse yet, a school bus carrying about forty eight of our children travels this unsafe road twice a school day. Do we have to wait until some or all of our children are hurt or killed before the road is repaired? What's our Problem? We are taxpayers and good people of district three. We are ready for a change. We want to vote for a man who cares about all the people. Please join with me in supporting Grover Samons for our next magistrate in District Three.

Countdown To Number 10 On The Ballot May 23rd 1989

Below are ten issues that I feel are important in the upcoming election. These are things that I will try to do if elected Magistrate in District #3:

1. To make sure every precinct has a clean and well lit voting place.
2. To make sure every voting place has a clean, healthy water supply.
3. to make sure every citizen in each community has a voice in county government.
4. To see that each voter has a road that any car, truck, or bus can travel.
5. To see that all bridges are strong and safe for all traffic.
6. To make sure the Floyd County Solid Waste is open on Saturday, and that there is not a charge for dumping large objects.
7. To see that the public has more input into the Beaver Elkhorn Water System and the Floyd County Solid Waste.
8. I will meet with the citizens of each precinct at the local elementary schools—Martin, McDowell, Osborne and Melvin, to discuss the agenda of the Fiscal Court.
9. I will work hard with other politicians to get jobs that will stay in Eastern Kentucky. Jobs that our children can hold until retirement.
10. To make sure tax money is spent to benefit all people of our District.

The magistrate's office has been isolated too long in District #3. Voters have told me they have lost respect for the office of magistrate. I think I can return respect to the office of magistrate with honesty, sincerity and integrity.

I will make all voters of District #3 a part of this office. In this way they can be proud of local government and the office of magistrate.

I ask the people of this District to help me achieve these goals.

We need to change to honesty, not indictments—to achievement, not felony.

As the former coroner of Floyd County, I know first hand the duties involved in the office, and the professionalism, compassion and impartiality needed to be an ethical coroner. It is for these reasons that I am giving my Vote and Support to **DERWIN DALE MERION**, as our next Floyd County Coroner. I sincerely feel he shows all these needed qualifications to be an outstanding Coroner.

Every elected Coroner in the state of Kentucky must attend training sessions at the Department of Justice on the Campus of Eastern Kentucky University at Richmond, Kentucky. Derwin Dale Merion had talked with me about the duties of the coroner's office, he will promptly notify all officials on any investigation and he will make himself available for any and all of the training classes offered. He, above all, is an outstanding young man, one in who I have absolute confidence in his ability to serve the people of Floyd County. I am asking all my friends and neighbors to vote for Derwin Dale Merion for Coroner.

Pictured with me is my father, Thurston Endicott. Many of you know him because of his job. He has been working for the City of Prestonsburg's Sanitation Department for the past 22 years. He's the big guy that drives one of the City's two Sanitation trucks. You probably also know him for another reason, his personality. He's always friendly and helpful. He's always willing to help you out in any way that he can.

My friends this is exactly the kind of person I am. I think that the Magistrate that we elect should also have this same quality. We in District No. 1 need someone like this to represent us. We need someone who will be there when we need them. Things don't get done by themselves. Bridges don't get built, roads don't get paved, and ditches don't get pulled by just promising it done.

We in District No. 1 need more than just promises. We need a dedicated, full-time, accessible Magistrate. We need someone who is Honest, Dependable, and Qualified for the job. You see, it takes more than just being able to run a piece of equipment to be a good magistrate.

A good magistrate should also be a good manager, economist, and accountant all in one. Before you vote, ask yourself, "Don't the people around me and I deserve the most qualified person for the job?"

A few of my qualifications are listed above.

Bowling Results

American Carpet and East Kentucky Beverage had to have a roll-off game to decide the championship of the Blockbusters Bowling League at Classic Lanes in Pikeville.

American Carpets defeated East Kentucky Beverage by 47 pins, 3,168 to 3,141.

American Carpets led by a total of 99 pins going into the third and deciding game. East Kentucky Beverage made a tremendous comeback and took the lead in the eighth and ninth frames. The league championship was decided in the 10th frame. Both teams battled all through the regular season and had to have a roll off to determine the winner.

For American Carpets, high series, Oscar Rice, 627; high game, Oscar Rice, 220.

For East Kentucky Beverage, high series, Allen Goss, 604; high game, John Tackett, 228.

Wayland Dodgers Remain Undefeated

The Wayland Dodgers improved their record to 4-0 to remain undefeated in the Beaver Creek Little League with a 7-3 win over the Martin Braves.

The Dodgers scored two runs in each of the first, second, and fourth innings and pick up a single run in the fifth.

Angus Caudill had a home run for the Dodgers with two men on. Jy Shepherd got the victory while C. Tish took the loss. Donnie Caudill had a double for Wayland getting two RBF's.

Wayland will play the Martin Reds Thursday, and Martin will beat home against the Martin Cards.

5K Run Draws 75 Participants

by Ed Taylor
Sports Editor

Seventy-five runners took part in the first Festival of FACES 5K run in Prestonsburg Saturday. Doug Bonk, a former Eastern Kentucky University runner, blasted the competition with a 15:22 clocking enroute to winning the race.

Bonk, a one-time assistant cross county coach at E.K.U., held a 5-second lead over Chris Parsons of Huntington, W. Va. at the halfway point. Parsons, a former Marshall University runner, couldn't go the distance with Bonk as he finished second, 16:07.

Women's pre-race favorite Debbie Biddle of Cynthia won the women's title in 19:08, good for 10th place overall. Cynthia Beatty, Philadelphia, Penn., took second with a time of 20:58.

Local runner Rick Roberts of Allen, still recovering from injuries and sickness, managed a fifth place showing in 17:41. Roberts was the top finisher for Floyd County.

In the team division, Nike Athletic Attic won first place with 11 points. The Road Warriors of Whitesburg finished second with 20 points. Prestonsburg's Cawood Cats took third with 99 points.

Some of the local runners who

were in the race and their times were:

David McGuire, 17:45; Don Willis, 22:20; Ronald Whitt, 22:33; Ryan Ortega, (11 years old), 23:27; Jeffrey McGuire, 23:36; Andrew Reed, 23:48; David Lumpkins, 25:36; Gary Burrus, 25:37; James Derossett, 25:40; Rob Shepherd, 25:41; Mike Conn, 25:49; Jaime Ratliff (12 years old), 26:06; Mary Cawood, 26:09; John W. Mann, 26:44; Quentin Scholtz, 26:45; Randall Tincher, 27:02; Janie McGuire, 27:14; Nichole McGuire, 27:43; Annette Wells, 39:41. The Unknown Runner, 40:01.

Female Award Winners (14 and under): Jamie Ratliff, Prestonsburg, 26:06; Nichole McGuire, McDowell, 27:14.

Race coordinator Rick Roberts talked about the community support for the 5K race.

"They were out there cheering us on," Roberts stated. "Mayor (Ann) Latta was one of them hollering for us. That was something."

The Festival of FACES 5K run is the second largest in Eastern Kentucky, according to Roberts. The Citizens Bank Run in Pikeville is the largest, drawing 85 runners. Paintsville's run drew 67.

"This will be an encouragement for others next year," Roberts said.

Every minute, the average person breathes seven quarts of air.

Junior Varsity Receives awards

Wimpy Clark passed out awards at the sports banquet at Prestonsburg High School last Friday evening in recognition of players' contributions this season. All players were honored.

McDowell Defeats Maytown, 10-9, In Babe Ruth Action

Bud Kidd of McDowell came on in relief to pick up a victory over Maytown, 10-9, in the opening round of the Floyd County Babe Ruth League, Sunday afternoon. The high scoring affair was the result of 14 walks by McDowell pitching and five walks given up by Maytown pitching.

Charles Ratliff took the loss. Ratliff gave up 10 runs on only four hits while fanning 10 McDowell batters. Ryan Osborne of Maytown had five RBI's in the contest.

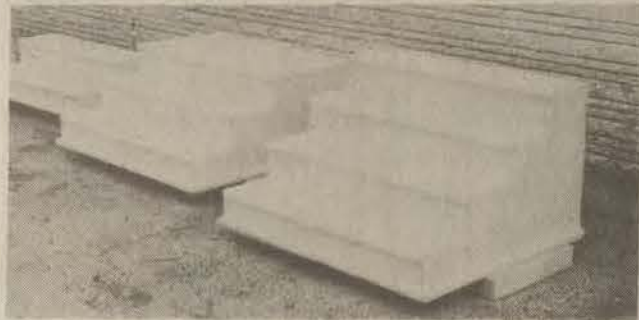

KGAA Amateur Championships Slated June 27-30

The Kentucky Golf Association's Amateur Golf Championship will be held June 27-30 at the Danville Country Club in Danville according to golf pro Luther Minor of the Green Meadows Country Club in Pikeville.

Local qualifications will be held at the Green Meadows Country Club on June 10. Entry fee into the meet will be \$50. Entry forms may be pick up at the pro shops at the Paintsville Country Club, Jenny Wiley Country Club, or at the Green Meadows Country Club. The deadline for entering the meet is June 2 at noon.

KEEP
Leadership
AND
Experience

THE OFFICE OF THE SHERIFF HAS TWO CONSTITUTIONAL DUTIES:

Law enforcement and collection of taxes. As your sheriff, I have made good on the pledges I have made to you, the citizens of Floyd County.

LAW ENFORCEMENT:

When I took office, I promised to work endlessly to upgrade the sheriff's department. I started out with only (1) patrol car and no working radio system. My sheriff's department now has ten (10) official patrol cars that are all clearly marked, painted official brown and gold, and easily recognized. The cars range from 1988 cruisers to a 4-wheel drive vehicle.

My sheriff's department has five (5) fulltime salaried deputies in uniform who service each district. These officers are well trained and fully experienced in law enforcement. I also have uniformed auxiliary deputies to assist in all law enforcement.

My sheriff's department now has a powerful radio communication system which is operable over the whole of Floyd County. There are two federally funded radio dispatchers on duty after 4 p.m. to contact deputies on evening and night patrol. This way the deputies can respond to problems promptly 24 hrs. a day.

My sheriff's department has assisted the Department of Human Resources on their investigations of child abuse and neglect. This is ongoing 24 hrs. a day. We are always ready to be of help to our youth.

My sheriff's department has been in the forefront in the war on drugs. This has been and always will be a priority of my sheriff's department. The record shows that we have confiscated and destroyed thousands of marijuana plants, arrested and successfully prosecuted drug dealers.

My sheriff's department will continue to provide **FREE** law enforcement for all school functions when requested. All funerals will continue to have the sheriff's department for escort and the directing of traffic.

COLLECTION OF TAXES:

As many of you know, the sheriff's department is strictly a fee office, basically operated on fees by the collection of taxes and service of legal papers. The sheriff's department does not have unlimited funds to perform our essential services; but we've accomplished improvements in all areas.

My office staff is knowledgeable, efficient, and courteous. They stand ready to serve you in person or by phone to help resolve any problem or question you may have in regard to your taxes or legal papers.

Financial management has an excellent record. We are audited each year by both state and county—never has one cent not been properly accounted for. I believe in taking care of **YOUR MONEY**. Your tax money collected goes toward the operation of our schools and county services. The past year we acquired a computer to better document the paperwork and save workhours for the essential law enforcement duties.

My opponents would have you believe from their ads that they are going to begin programs that I have had in place since I was elected. But our people in Floyd County know better. Through my leadership, Floyd County now has a sheriff's department of which Floyd Countians can be proud. Let's keep up the good work and keep **MY** sheriff's department **YOUR** sheriff's department.

Touching Home

Tim Trusty touches home plate for the Prestonsburg Blackcats in the semi-finals of the district tournament contest against Betsy Layne. The Blackcats defeated the Bobcats, 3-2.

Bite Your Tongue

Prestonsburg's Eric Blackburn bumps into Todd Justice as both go after a pop foul against Betsy Layne. Neither player was hurt in the collision, and Blackburn made the catch.

Burchett Advances To Tennis Sectional

The men's and women's regional tennis meet was played recently at Ashland, with Prestonsburg's men's and women's tennis teams taking part.

Even though the teams didn't fare too well, junior Joe Burchett won his way to the quarter finals.

Burchett defeated Anthony Roarke of Hazard 6-2, 6-1 in the first round. Burchett later defeated Rowan County's Steven Thomas 6-0, 6-0, and will play in the quarter-finals Friday against John Ton of Ashland Paul Blazer.

If Burchett takes that match, he will be pitted against the number one player in the region, Toby Bryant of Boyd County.

In doubles play, Brian Stewart and Keith Sloan won their first round over Boyd County (scores not available), and lost to Russell.

In women's doubles Shea Hunt and Tonya Thornsberry defeated Rowan County in the first round (scores not available), and dropped their second match to Hazard.

Beaver Golf Course Dedication Ceremony Well-Attended Saturday

by Ed Taylor
Sports Editor

The sun came out Saturday afternoon as golf enthusiasts from around the county, as well as politicians and invited guests, attended dedication ceremonies of the grand opening of the John M. Stumbo Beaver Valley Golf Course at Allen Park.

The reopening of the old golf course, closed since the late 1950s, was greeted with many positive reactions.

Tommy Boyd, an avid golfer, remembers playing golf at the old course. "We had to walk across the old swinging bridge," Boyd recalls. "We would come here and play from daylight to dark. Being a teacher, in the summer time that's all you had to do. I played here 15 years."

Willard Adkins, golf pro at the old Allen Golf Course, was present for the dedication ceremonies.

"I was the golf pro here from 1950-1960," Adkins, who lives in Allen, recalls. "I used to come here and caddy while I was growing up here in the '30's and '40's. There used to be an old swamp and lake on the back side of this course. If you hit your ball in it, you just lost it."

Burchell Duff of Garrett was eager to play the new course. "I shot a 36," he confessed. "The course is in real good shape to be new sod."

County attorney David Barber was the Master of Ceremonies at the dedication of the new course.

Roger Recktenwald, director of the

Big Sandy Area Development District (ADD), spoke of the average cost of a course similar to Beaver Valley. "A course like this would cost you over \$100,000," he stated. "This course cost far less than that (\$58,000)."

Charlie Mason of the Economic Development Association (EDA) spoke of the responsibility of local golfers. "You can make this what you want it to be," he said. "You can be proud of these facilities. I may live in Lexington, but I'll be back."

"The Beaver Valley Golf Course is another way of promoting tourism in our area," said Prestonsburg Mayor Ann Latta. "Floyd County used to be 28th in tourism and has moved up to 23rd, out of 120 counties. This will help all of Floyd County. Spread the word."

Pike County Judge Executive Paul Patton said "these facilities reflect the changes that are coming to Eastern Kentucky."

State Rep. Greg Stumbo related to the golf course as an opportunity for the children in Floyd County. "This course will afford our children in Floyd County the privilege and opportunity to learn to play the game of golf, to learn the game," he said.

Floyd County Judge-Executive John M. Stumbo read a list of those who had contributed to the development of the new golf course. He had high praise for Gene Ball of the County Extension Office who was respon-

"The greens are in good shape," Ball said to a crowd of about 75. "We've had a lot of problems getting it in shape. With the drought of last summer, and diseases and insects, we've had to reseed some of the course, but in all it's in good shape."

The judge executive was presented with a framed map of the new course by Ball.

Free golf was offered on the official opening day at the Beaver Valley Golf Course. Mike Auxier has been in charge of the upkeep of the grounds.

Helton Leads Wheelwright Over Martin

Jimmy Helton of Wheelwright hurled a one-hitter against the Martin Expos, leading his squad to a 18-2 victory over Martin in the opening of the Floyd County Babe Ruth baseball league Sunday afternoon.

Playing at the Allen Park, Helton struck out nine batters and walked four in going the distance.

Doug Hopkins suffered the loss for the Expos. Blaine Depoy had the lone hit for Martin.

ARCO HUNT ENDORSES

LAWRENCE HALE FOR JAILER OF FLOYD COUNTY

LAWRENCE HALE has been jailer of Floyd County for 28 years. During this time he has become a good friend of mine. During the times that I was in jail, there were always clean jail cells and I was provided with good country food. Several times while I was in jail, I needed a doctor and Lawrence saw that I got one. Also, the deputy jailers that worked for Lawrence were required to treat all inmates the same as Lawrence, whether the person was from the country or the city. So, I urge all of my friends and my relatives to vote for Lawrence Hale—THE PEOPLE'S JAILER!!!!!!!

Kentucky Fishing Report

Fishing activity over the May 13-14 weekend was primarily light, with only a few exceptions. Continued poor weekend weather kept fishing activity slow. In water temperatures ranging from 58-70 degrees, crappie, white bass and largemouth bass were most active. The lake-by-lake report:

Dewey Lake: Largemouth bass were taking spinnerbaits, plastic worms, and nightcrawlers 1-5 feet deep along drop-offs; crappie were hitting minnows and jigs 5-10 feet deep brush piles; murky to muddy, falling, one foot above summer pool and 63 degrees.

Paintsville Lake: Kentucky bass were hitting crankbaits and nightcrawlers 5-10 feet deep off rocky points and along the shoreline; largemouth bass were hitting spinnerbaits and jig-and-pig combinations 5-10 feet deep along drop-offs and the shoreline; murky, stable at summer pool and 59 degrees.

Fish Trap: Crappie were hitting minnows and jigs 5-10 feet deep over brush piles; largemouth bass were striking crankbaits 1-5 feet deep off rocky points; clear to murky, stable at summer pool and 58 degrees.

Buckhorn: White bass were hitting minnows and jigs 10-15 feet deep in open water, largemouth bass were hitting spinnerbaits 5-10 feet deep over brush piles; murky, rising, one-half foot above summer pool and 68 degrees.

Grayson: Catfish were hitting cut bait and nightcrawlers 1-5 feet deep along the shoreline; crappie were hitting minnows and jigs 1-5 feet deep over submerged trees; largemouth bass were hitting all types of artificial

lures off rocky points and along the shoreline; murky, rising, one foot above summer pool and 65 degrees.

Kentucky: Largemouth bass were active on plastic worms and buzzbaits from the surface to five feet deep along the shoreline; white bass were hitting spoons 15-20 feet over creek channels; clear, stable at summer pool and 66 degrees.

Barkley: Catfish were hitting nightcrawlers and cut bait 1-5 feet deep off rocky points; bluegill were taking red worms and crickets 1-5 feet deep along the shoreline; clear, stable at summer pool and 66 degrees.

Barren River: Largemouth bass were hitting top water lures and spinnerbaits from the surface to five feet deep along the shoreline; bluegill were taking crickets 5-10 feet deep in the backs of coves; clear, falling, 13 feet above summer pool and 62 degrees.

Nolin: Largemouth bass were hitting crankbaits and spinnerbaits 5-10 feet deep along stump rows and creek channels; crappie were taking minnows and jigs 1-5 feet deep over submerged trees and along the shoreline; clear, rising, one half foot above summer pool and 66 degrees.

Rough River: Crappie were hitting minnows and jigs 5-10 feet deep off rocky points, over submerged trees and along the shoreline; largemouth bass were hitting minnows, top water lures and plastic worms from the surface to five feet deep off rocky points and along the shoreline; clear, stable at summer pool and 62 degrees.

Taylorsville: Crappie were hitting minnows and jigs 1-5 feet deep over brush piles and submerged trees; largemouth bass were hitting spinnerbaits and jigs 12-5 feet deep off shallow banks; murky, stable at summer pool and 63 degrees.

Herrington: Largemouth bass were hitting crankbaits 1-5 feet deep along the shoreline; white bass were hitting jigs 1-5 feet deep along creek channels; clear, rising, four feet above summer pool and 61 degrees.

Green River: Largemouth and Kentucky bass were hitting crankbaits and buzzbaits from the surface to five feet deep along stump rows and the shoreline; crappie were hitting minnows and jigs 10-20 feet deep over submerged trees and creek channels; clear, stable at summer pool and 63 degrees.

Upper Cumberland: Walleye were

hitting minnows, nightcrawlers and spoons 1-20 feet deep off rocky points at night; striped bass were hitting crankbaits and top water lures from the surface to 15 feet deep; clear to murky, falling, one foot above summer pool and 64 degrees.

Lower Cumberland: Striped bass were hitting live bait and jigs 1-25 feet deep in open water; large mouth and smallmouth bass were hitting spinnerbaits and crankbaits 1-5 feet deep off rocky points and along the shoreline; clear, falling, one foot above summer pool and 61 degrees.

Dale Hollow: Largemouth bass were hitting crankbaits 1-5 feet along the shoreline; crappie were hitting minnows 10-15 feet deep over brush piles and submerged trees; clear, stable at summer pool and 61 degrees.

Laurel: White bass were hitting

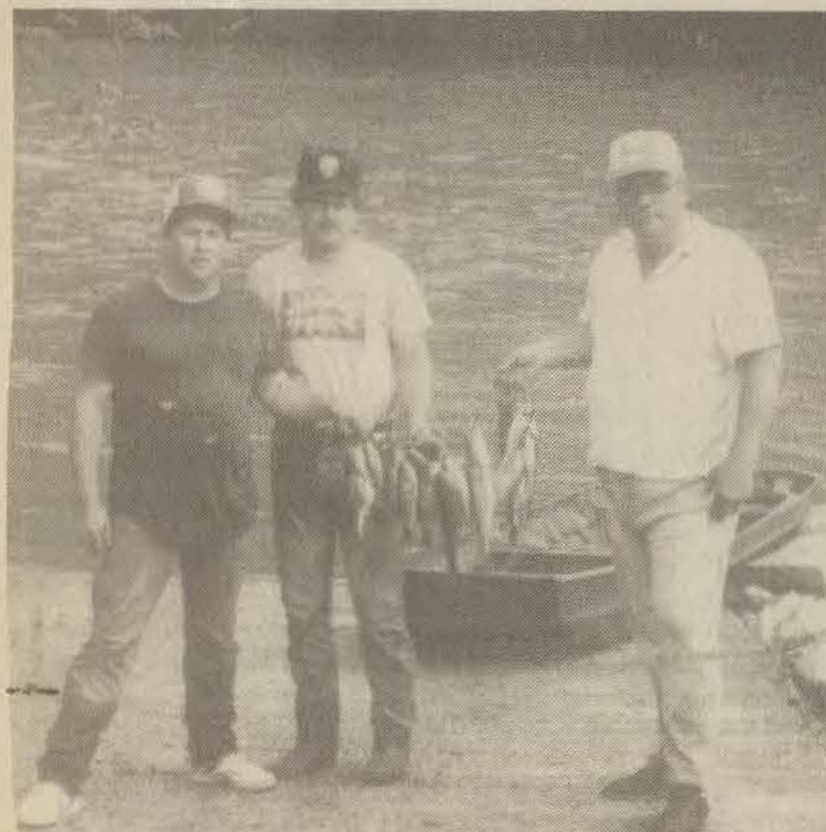

small spinners 10-15 feet deep along the shoreline; trout were taking nightcrawlers at night 10-20 feet deep in open water; clear, stable at summer pool and 62 degrees.

Cave Run: Crappie were hitting minnows and jigs 5-10 feet deep over

brush piles and submerged trees; largemouth bass were hitting spinnerbaits and jig-and-pig combinations 5-10 feet deep over brush piles and along drop-offs; clear, falling, four feet above summer pool and 60 degrees.

Big Sandy Yields Catch Of The Day

Proving the Big Sandy River still has good fishing, three Prestonsburg men display the yield from their day on the river. Kenny Crisp, left, Gerald Clark, center, and Thomas Blackburn recently put their flat bottom boat in the water at Ivel and floated to the Prestonsburg boat ramp behind The Playhouse restaurant. During their trip, which lasted from 8 a.m. to 6 p.m., the trio caught 17 "keepers," including largemouth, smallmouth and Kentucky bass, crappies and walleye. Blackburn, Prestonsburg fire chief, said he believes his group was the first to use the new boat ramp this season. Crisp is also a firefighter and Clark is a local police officer.

Re-Elect Gerald DeRossett

We would like to take this means to ask everyone living in District #1 to vote for and re-elect Gerald DeRossett for magistrate (No.6 on the ballot). He is in our opinion, the best qualified, most experienced, most humble and above all the most honest person for the job. He does not boast or brag about all of the good things he has accomplished. Gerald, has black-topped and graveled more roads, worked on more school projects, and cleaned-up more parks of our area than any person we know of. He also has done a great deal for the Senior Citizens and continues to do so. He is there to serve you the people 24 hours, day or night. We can verify this by the hard work which he does every day, and by the roads on which you drive.

Update Given On Cap On Federal F&W Funds

President Bush directed the Office of Management and Budget, in its consultations with Congress, "to take the position that there should be absolutely no caps on the vital fish and wildlife programs," according to a statement issued from the president's media relations office last month.

President Bush has supported these programs in the past, but if his directive goes unheeded, Kentucky stands to lose an estimated \$1.9 million in federal aid to fish and wildlife next year. Virtually all of the Department of Fish and Wildlife Resources' Program will be affected if the proposed \$100 million caps on Federal

Aid in Wildlife Restoration and Federal Aid in Sport Fish Restoration funds are allowed to pass.

Monies for both funds come directly from sportsmen who pay excise taxes on sport hunting and fishing arms and ammunition, a 10 percent tax on pistols and revolvers and an 11 percent tax on certain archery equipment. Half the income derived from taxes on handguns and archery equipment is available for state hunter education programs.

Distributions of the wildlife restoration fund is based on each state's land area and number of hunting license holders. Hunter education

monies are based on state population.

Sport fish restoration money comes from a 10 percent excise tax on fishing equipment, a 3 percent tax on electric trolling motors and sonar fish finders, and from a portion of the federal tax on motorboat fuels and import duties on fishing tackle and pleasure boats.

Distribution of this fund is based on each state's land and water areas and number of fishing license holders.

During 1989, Kentucky will receive a total of \$2.9 million from the Federal Aid in Sport Fish Restoration Fund, \$1.6 million for wildlife and \$461,000 for hunter education - a grand total of over \$4.9 million to carry out its fish and wildlife programs.

Former U.S. Fish and Wildlife Service Director Frank Dunkle was enthusiastic over the nearly \$300

million available to state fish and wildlife agencies in 1989 when he said, "The willingness of America's hunters, anglers, and sporting equipment manufacturers to provide this kind of financial support to wildlife through federal excise taxes on hunting, fishing and boating equipment is outstanding. It is a prime example of a user pay program that really works."

Both federal funds have attained yet another record with a total of \$321.9 million for apportionment to all state fish and wildlife agencies in

1990. This means user fee monies are in hand, ready for next year's distribution.

According to Merv Depoy of Merv's Guns in Allen, the taxes paid on guns, pistols, archery equipment, and ammo goes to help restock the game in our state and county.

"The money is used to stock turkey, deer, and our lakes," Depoy stated. "A percentage is returned to the sportsman on equipment he buys, through the wildlife resources program."

"I believe its the anti-gun characters that are behind trying to put a cap on the monies allocated for fish and wildlife," he added. "The same ones that don't want the game kill are the very same ones that won't donate a dollar to stock the fields, or fisheries, so the hunters and fishermen, in buying equipment, pay the taxes, and are glad to do it."

If the proposed caps are allowed to remain in the budget proposal, \$121.9 million will be withheld from fish and wildlife agencies nationwide.

Tips Help Anglers Learn To Finesse Bass

Years ago bass fishermen would "horse" bass into the boat as quickly as possible, skipping them across the surface without giving the fish a chance to run or fight.

Now, anglers have been forced into the opposite corner and are learning to "finesse" bass into the boat.

"In its most basic terms, finesse fishing simply means slowing down your lure retrieve and really trying to tempt a bass to strike," explains Evinrude Outboards Pro Staff member Ken Cook.

"What has happened is that the increased fishing pressure on large-mouth bass on lakes throughout the nation has made the fish lure-wary. They haven't changed locations as many fishermen would believe, but instead, they have become conditioned to the presence of spinnerbaits, crankbaits, and other lures.

"Scientists have proven many times that bass have memories and are able to learn. What we're seeing is a learned behavior; the bass are learning to avoid certain lures," Cook says.

The result, explains Cook, himself a former fisheries biologist with the state of Oklahoma, is the technique of finesse fishing, developed by professional bass anglers whose livelihood still depends upon catching these

educated fish.

"Finesse fishing does not necessarily mean switching to a smaller lure," explains the Evinrude pro, "although in many instances we do change sizes. What we're really doing is changing our retrieve so the lure we're using stays in front of the bass longer.

"Basically, this applies to plastic worms, grubs and jigs, the lures we can slow down and still work efficiently. Instead of hopping a plastic worm by a bush and then reeling it quickly back for another cast, we bring the worm up to that bush, then leave it there. Instead of raising the rod tip to hop the worm up and away, we may shake the rod tip gently from side to side to give the worm a little action, but it stays there by that bush."

Finesse fishing also involves the use of lighter lines, generally those testing between six and 10-pounds. The reasons for this are because lighter lines are more sensitive and provide a better feel, and because lures work better with lighter lines.

"Because we're using lighter lines, we often have to use smaller, lighter lures," says Cook. "My favorite finesse lures are three and five-inch plastic grubs, but you can finesse bass with an eight-inch worm, too."

Cook has become a true believer in finesse fishing by watching how bass in the clear stream behind his Oklahoma home react to lures.

"I can see the fish and I cast to them," he explains, "and when they're not really active, a fast-moving lure can come right by them without getting a second glance. When I switch to finesse fishing and let the lure stop in front of the bass, they begin to take an interest in it. They change positions slightly and they look at the lure, as if they're actually trying to decide if they want to hit it," Cook explains.

"Next, they go through a type of stretch and yawn motion, in which they open their mouths, flare their gills and actually shake their tails. Then, if the bait is still there, they hit it," Cook said. "I've seen this very same thing in the big tanks we use in our fishing seminars. Those bass have

been caught many times in the past, and the only way now to make them hit is by finessing them into striking.

"Several national tournaments have already been won by fishing this way, and I'm sure we'll see a lot more won with it. We're going to have to slow down if we want to catch more bass in the years ahead," the Evinrude pro explained.

To: JIM HAMMOND
April 13, 1989

Dear Jim,

I've been thinking about you a lot lately. Remember when you gave me a card down at Allen, Ky. stating that you, Jim Hammond, are a candidate for Floyd County Attorney. I gave you my support then and I still intend to keep my word. I have been campaigning for you, and Jim, I always try to maintain a positive and a healthy attitude about anything I try to do.

I admire you so much, especially the way you are campaigning—you're doing a great job of running a clean race. You're a perfect gentleman in every way. I've known you since you were a little toddler in diapers living in Maytown across the road from my family. We all loved you and your family so much.

You have a lot of potential and a great future lies ahead of you. You've got a lot of supporters working for you. I want to encourage all of my friends, neighbors—relatives, the Ousleys, Praters, Bentleys (and you name 'em) to go to work also and help elect this fine young fellow, Jim Hammond, as our next Floyd County Attorney.

Jim, stand tall, shake all the hands you can. "You're a Winner!"

May God Bless and Keep You Always.

TO: JIM HAMMOND

We would like to take this opportunity to thank you for handling the Law Suit that was brought against us. We feel you did an exceedingly fine job.

We feel proud and very fortunate to have had you as our attorney. Since the time we made acquaintance, we have found you to be one of the most unselfish, accommodating and a reliable person.

Even though you must have been exhausted from the combination of campaigning and your regular work schedule, you took the time for us, and above all, declined any pay; and at your own expense provided transportation to Martin County Court. We remember you as saying, "You people did the work for charity and I don't have the heart to take any attorney fee."

We are so very grateful to you. This world could use more good people like you.

We wish you the best!

Shirley Morgan, Gary Slone, Rita Slone and Sheila Jackson

P.S. A special thanks also to your secretaries. We found them to be extremely nice and courteous.

[Pol. adv. paid for by Shirley Morgan, Gary Slone, Rita Slone and Sheila Jackson]

Thank you Marcella Bailey, Sheila Jackson, Shirley Morgan, Rita Slone, and Gary Slone. I deeply and humbly appreciate the confidence that you have shown in me, and I promise that I will work hard to continue to deserve your confidence and support. Through our partnership as your Floyd County Attorney we will have honest, effective service with dignity and integrity.

My family and I give thanks to all of the supporters who have called, have continued with and joined in our partnership, and shown the courage to stand up for a Floyd County in which we will have good paying jobs and have a drug free county; a Floyd County in which we can take deserved and earned pride in a safe and clean county, neighborhoods, and homes for our children and families.

In Food Preparation, Wild Game Differs From Domestic Varieties

Preparing special wild game and fish dinners for family and friends is a delight many sportsmen enjoy, yet some hunters have difficulty getting the knack of cooking wild game and fowl because they fail to realize that wild meat is somewhat differently than domestic meat.

Here are some suggestions and recipes for preparing tasty wild game dinner:

Do not overcook wild fowl or wild game. Perhaps the biggest mistake

novice wild game chefs make is overcooking, which can produce dry, tough meat.

Wild game contains far less fat than domestic meat, so the cooking method should preserve the meat's own moisture and juices, or moisture should be added.

By using a water pan during the cooking and smoking process, steam will help insure moist, succulent meat.

Marinades and sauces should enhance the meat's own special flavor, not overpower it or cover it up.

Smoking is one of the best ways to add subtle flavoring to meats. The choice of wood used in smoking will not only influence flavor, but can add color. Cherry wood, for instance, will make a turkey appear reddish, while mesquite makes the bird's color bronze, and hickory yields a golden coloration.

Ducks and geese will be more moist when cooked with the skin on. If the fowl is skinned, consider wrapping the bird in bacon (holding bacon in place with toothpicks) when grilling or smoking to prevent drying. This will hold true for upland birds, too. Try serving duck medium to medium rare.

A CHANGE IS NEEDED!

We, the residents of Betsy Clark Branch feel that it is time for a change in District No. 2. We, too, have roads and bridges that are in desperate need of repair.

Flooding Sets Ballpark Schedule Back About A Week

Recent flooding of the ball fields at Archer Park will only set the park schedule back about a week, according to park director Ralph Little.

"We had a preseason softball tournament scheduled here at the park and had to postpone it," Little said. "We hope to be able to reschedule it. I've thought of maybe playing it at Salyersville, but I'm afraid they may be flooded too."

The men's softball league will consist of 11 teams this season. The regular season was scheduled to start this past Monday evening, but the fields have been drenched by rains.

Fans will notice the absence of

women's softball at Archer Park this season, the director says.

"We just could not get enough women to play," Little says. "We only had enough for three or four teams, and we needed a couple more teams to have enough."

The softball games are scheduled at 6:30 p.m. for the first game, 7:30 for the second game, and 8:30 for the third game. Some evenings only two games will be played, with the first starting at 7:30 and the second game at 8:30.

The League will have its annual tournament over Fourth of July holidays.

AN IMPORTANT MESSAGE TO THE VOTERS OF DISTRICT 1:

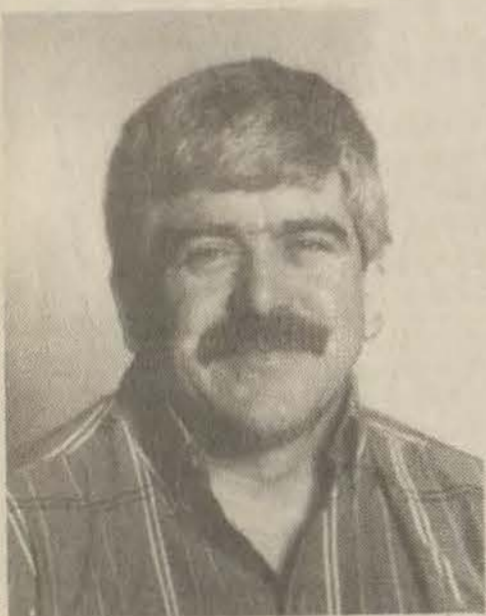

My wife and I would like to take this opportunity to ask you for your vote and support of our son, Johnny (Keith) Endicott. Johnny is a Democratic candidate for Magistrate in District 1. We, like other parents, are proud of our son. He is honest and sincere. Although our son has a handicap, he has never let this stop him from doing the things he's wanted to do. If you vote for our son you can rest easy in knowing that he will not let you down.

If he tells you something you can believe it. He is also the most qualified for the job. He has worked hard getting his education and he will work hard for you, the good people of District 1.

Our tax dollars pays the salaries of our elected officials and we think it's time we started getting our vote's worth. Our son will give you that and more. He will be there when you need him. God Bless You.

Sincerely,
Thurston and Delcie Endicott

(Pol. adv., 11 pd.)

Elect
Bobby Mosley
For
Magistrate District #3

To All Voters In District 3:

I am Bobby Mosley and I want to be your Magistrate. I am using all my free time to visit voters and I would like to thank you for your kindness for you have made me feel welcome. My job has kept me from seeing all of you but I will keep walking until May the 23rd and I will see many of you. If you don't know me, call anyone in the Jacks Creek, Melvin, Wheelwright area and they will tell you about me because my reputation precedes me.

You have not seen any sign, posters and stickers or caps because I didn't buy any. I wanted to meet all of you, not litter our country, plus I have no money to spend on these items.

As your Magistrate, I will work with the court to see that my district gets its "fair share". I will stand up for you and see to it that our county roads are maintained because I know what it is like to drive over them.

I work six days a week so I am not afraid of hard work. I know being a magistrate is a difficult job but I have had a difficult job all my life. It takes hard work to make things work and I promise you that if elected I will be a full time magistrate. If I make a promise—I will keep it.

RE-ELECT CARLA "ROBINSON" BOLTON "YOUR" FLOYD COUNTY CLERK

During the past few months and especially during the past few weeks, I have become very disappointed in the way that campaigning has been conducted by my opponent. It seems that with a country as great as ours there would be laws against maliciously lying and making false statements. It does not matter whether you are always in the public's eye a person should not be accused of statements that are absolutely false.

I DO NOT OWN A BLUE GRASS FARM, NOR DO I OWN A HOME IN FLORIDA, NOR DO I OWN A CONDO IN TENNESSEE, NOR DO I OWN A FARM IN LAWRENCE COUNTY. I DO OWN A HOME ON TURNER'S BRANCH AT EASTERN, KENTUCKY WHERE I LIVE. THE FIRST GUARANTY NATIONAL BANK HAS THE MORTGAGE AND I PAY PAYMENTS EACH MONTH. THAT COMES FROM MY SALARY NOT FROM ANYTHING ELSE. JOE AND I DID PURCHASE THE PROPERTY THAT WAS SOLD AT AUCTION ON JOHNS BRANCH THAT WAS OWNED BY MY UNCLE, C. "OLLIE" ROBINSON. THIS PROPERTY IS ALSO MORTGAGED AND JOE PAYS THIS MORTGAGE. DID YOU KNOW . . . THAT ALL DEEDS AND MORTGAGES ON PROPERTY IN FLOYD COUNTY ARE RECORDED IN THE FLOYD COUNTY CLERK'S OFFICE. ANY PERSON CAN COME INTO THE CLERK'S OFFICE AND LOOK AT THESE DEEDS AND MORTGAGES.

I, PERSONALLY, OWN ONE VEHICLE, A 1986 JEEP WAGONEER. THIS INFORMATION CAN ALSO BE CHECKED AT ANY COUNTY CLERK'S OFFICE (SINCE ALL THE COMPUTERS ARE LINKED TO THE SAME MAIN FRAME.)

For the past 5 1/2 years I have been "your" County Clerk. I have given more than 100% of myself to the county in fulfilling the position of "your" County Clerk. My family has had to sacrifice their time with me so that I could spend the extra hours needed at the County Clerk's office. I gave this time freely and without any regret. I want OUR County Clerk's office to be one of the best in the state. My family realizes that this is my ambition in making OUR COUNTY CLERK'S Office the best in the state.

WE HAVE COME A LONG WAY SINCE I WAS ELECTED TO OFFICE IN 1983 AND RE-ELECTED IN 1985:

- (1) January 1984 the State enacted that personal property tax would be paid at the time of renewal on a vehicle to the County Clerk instead of to the Sheriff.
- (2) January 1985 the State enacted that upon renewal of a vehicle, proof of insurance would be given to the County Clerk's office.
- (3) July 1987 Financing Statements changed. Fixture Filings appeared.
- (4) July 1988 stricter voting laws were enacted and are now enforced.
- (5) January 1989 personal property tax on vehicles is now paid at time of renewal or paid after being transferred to another owner.
- (6) April 1989 Federal odometer laws changed on vehicles 10 years old or less.
- (7) Coming January 1990 . . . Boat registration and paying taxes at time of registration will be in the County Clerk's office instead of the Circuit Clerk's office and Sheriff's office.

The above items are only the major changes made by law. These laws are made and passed by our Kentucky State Senators and State Representatives and by our United States Senators and United States Representatives . . . NOT YOUR COUNTY CLERK.

The taxable value on all vehicles are regulated by law. The NADA (National Automobile Dealer Association) prints a price booklet that our State Revenue Cabinet uses for listing the values on the vehicles. The County Clerk does not have a choice on what to charge; the value of the vehicles are either already in the computer system or we must use the NADA book sent to our office.

IN all the allegations against me . . . DON'T YOU THINK THAT IF THERE HAD BEEN ANY TRUTH TO THEM THAT PROSECUTION WOULD HAVE TAKEN PLACE. INSTEAD OF ONLY HAVING THESE THINGS BROUGHT UP BY MY OPPOSITION EVERY TIME THAT I RUN FOR OFFICE. YOU CAN GO TO THE FLOYD COUNTY TIMES OFFICE AND SEE THAT THESE ITEMS WERE RAN BY ONE OF MY OPPONENTS EACH TIME I HAVE RAN FOR OFFICE.

IT SEEMS THAT IF A PERSON IS RUNNING FOR AN OFFICE HE OR SHE WOULD SAY WHAT THEY WOULD DO AS YOUR COUNTY OFFICIAL INSTEAD OF ALWAYS TRYING TO CUT DOWN THEIR OPPOSITION.

I have been "your" County Clerk for the past 5 1/2 years and was also a deputy clerk (full-time and part-time) for 14 years under C. "Ollie" Robinson. I feel that I know the County Clerk's office. I try to stay abreast of any changes. I am a member of the Kentucky Clerk's Legislative Committee. I not only help the people of Floyd County but I assist the surrounding counties when needed.

I have worked since I graduated from school. I have always had one full-time job and usually a part-time job, too. I have never been fired from a job nor have I felt like I needed to change jobs for personal reasons.

Whether my position was a deputy clerk, a bank employee or a secretary, I gave more than 100% of myself. I am dedicated to working for you as "your" County Clerk.

I know that I have been unable to see as many of you as I would have liked too, but I am asking that each registered voter STUDY the candidates for County Clerk. Make sure you know each candidate. You know what improvements have been made since I was re-elected in 1985.

The County Clerk's office is your office. My Staff and I are there to serve every person in Floyd County. Whether you like me or disperse me, I am there to serve you and to make your County Clerk's office the best one.

WHEN RE-ELECTED FOR ANOTHER TERM AS "YOUR" COUNTY CLERK, I WILL:

- **CONTINUE TO SERVE YOU THE HOURS THAT YOU CAN BE SERVICED IN ALL OFFICES...
- **CONTINUE TO IMPROVE THE RECORD KEEPING OF THE OFFICE...
- **CONTINUE TO WORK WITH THE COUNTY JUDGE/EXECUTIVE FOR MORE OFFICE SPACE. AS OF THE PRESENT TIME, WE ARE ALMOST OUT OF SPACE FOR MORE BOOKS FOR RECORDING...
- **CONTINUE TO PURCHASE UPDATED EQUIPMENT TO ENHANCE OUR SERVICE TO YOU THE CUSTOMER...
- **ALWAYS HAVE AN EFFICIENT AND COURTEOUS STAFF TO SERVE YOU...
- **CONTINUE TO STAY ABEAST OF THE EVER CHANGING LAWS SO THAT WE WILL ALWAYS KNOW WHAT HAS BEEN AFFECTED...
- **I WILL BE "YOUR" COUNTY CLERK...

I ASK THAT ON TUESDAY, MAY 23rd THAT YOU EXERCISE YOUR RIGHT TO VOTE... GO TO THE POLLS AND

- **VOTE FOR RESPONSIBILITY
- **VOTE FOR DEPENDABILITY
- **VOTE FOR CAPABILITY
- **VOTE FOR CARLA "ROBINSON" BOLTON

THANK YOU,

Carla Robinson Bolton

YOUR SUPPORT AND YOUR VOTE ARE APPRECIATED.

MICROFILM
 IN 1985 and 1986 the Floyd County Clerk's office received two separate State grants from the Department of Libraries and Archives. These grants paid for microfilming marriage licenses and deeds and mortgages.

Campground Cooking: Goodness Gracious, It's Good!

by Ed Taylor,
Sports Editor

Lakeside retreats and campgrounds are filling up with people who enjoy a special family activity—camping.

When people think of camping, they think of food. Many consider food cooked outdoors to be the best eating around. Luckily, all it takes to be a great campground chef is some advance planning and a little creativity.

Take along as many canned items or pouch mixes as possible. Campers can cook stew or pork and beans in cans over the fire, or stir up the mixes in their pouches.

More tips include:

— Use large plastic bags as disposable mixing bowls.

— To take eggs along, break them at home into a plastic container with a tight seal. They will pour out one at a time, and are best if used in four days.

— Prepare cake or muffins in orange cups. Simply cut a cap off an orange, scoop out the pulp, fill with batter, replace cap and wrap tightly in foil. Place directly on hot coals and bake about 15 minutes, or until done.

— Pack bread and potato chips in shoe boxes to prevent smashing.

— Soap the outsides of pots and pans before using on an open fire. This will make it possible to wash the black off the pans more easily.

— Take a can of vegetable spray to help ease cleanup. Spray the insides of pots and pans to prevent sticking.

Also, spray on the grate over the fire to cut down on sticking food.

Remember, camping tends to make for very hungry campers, so be sure to have plenty of food on hand.

Here is a quick, easy recipe for a hearty meat and potatoes meal without a lot of fuss.

STEW 'N BISCUITS

1 can (40 oz.) beef stew; 1/3 cup water or milk; 1 package (5 1/2 ounces) Martha White Bix Mix.

Pour stew into a lightly greased Dutch oven or saucepan. Pour water or milk into pouch of biscuit mix and stir to blend. Place small dollops of biscuit mix on stew. Cover with lid or foil. Place over low fire 25 to 30 minutes or until biscuits are done. Biscuits will not brown, but will be cooked. Makes four to six servings.

FISH FRY

(for catfish, blue gill, crappie and bass)

These recipes come courtesy of Nick Morris of Van Lear.

Combine in a gallon size baggie: 8 cups flour, 8 cups cornmeal, 3 Tbsp salt, 1 Tbsp black pepper, 1 Tbsp red pepper (optional).

Shake fish fillets inside the baggie. (This will provide about three days worth of batter.)

Hint: Cooking grease can be carried in a ziplock bag as well. Cook in grease as you normally would.

HUSH PUPPIES

Using the same mixture as above, add dehydrated onions. Add equal amounts of canned milk and water to form a thick paste. Roll into balls or spoon into grease. When very golden, they are done. Hint: add onions to milk and water and let set to re-hydrate onions.

SUCCOTASH

1 can cream style corn, 1 can pork and beans; combine together, heat and serve over bread.

BANANA BOATS

Bananas, chocolate bar, and mini-marshmallows.

Leaving peel on banana, slit length-wise along inverted side. Place desired amount of chocolate pieces and marshmallows inside slice, close, wrap in foil, place into coals of fire. Cook about 10 minutes, remove from fire, peel back foil, let cool and enjoy.

— For cooked potatoes, just wrap in foil and bury in coals about 45 minutes for a small potato.

— Corn on Cob: leave in husk, soak in water, wrap in foil and bury in coals for 30-45 minutes.

Onions, salt and pepper are basic spices needed when camping. Corn and potatoes are good camping foods because they will not spoil.

All-Tournament Women's Team

Five McDowell softball players were named to the all-tournament team for the 45th District Tournament. The McDowell squad fell to Sheldon Clark, 11-6, in the title game.

Roselle Keynotes Banquet; Achievement Awards Given

More than 130 people attended the Floyd County Chamber of Commerce's annual membership and awards banquet Thursday night, hearing comments from University of Kentucky President David Roselle about education, athletics and the university's impact on Floyd County.

In addition, a number of awards were presented to various individuals and organizations for their work during the past year.

Tim Hites was also installed as the new Chamber president.

Roselle told the audience that despite NCAA investigations into UK's basketball program, the year was the most successful, athletically, the university has ever had. He cited a number of awards various athletic programs have received.

Speaking of the basketball program, Roselle added, "Hopefully, we're just about done with that problem. I hope we've handled it in a manner that will make every friend of the university proud."

Roselle said that economically, he sees a bright future for Kentucky. He noted that demographically, the state is in the center of the United States, has good transportation systems and good climate.

"However," he added, "the economy is not where we want it to be."

He called on the audience to become involved, learn about issues and contact legislators.

"I'd have you speak up and say what you want," Roselle said.

In a separate portion of the program, a number of awards were given to Floyd County businesses and individuals.

Awards, and the recipients, were:

"Outstanding Achievement in Community Service" was awarded to the Left Beaver Creek Community Service Club, Inc., Bobby Stumbo president, for its clean up and litter removal along Floyd county roadsides. Their efforts in recycling have helped to create a new job with the proceeds of the project.

"Outstanding Achievement in Tourism" went to the city of Prestonsburg, Ann Latta, mayor, for adopting a new tourism tax and creating a new Recreation, Tourism and Convention Commission to use the proceeds to make tourism the number one industry in the city. The funds made it possible for Prestonsburg to be featured as a Main Street City in the May American Heritage publication.

"Small Business of the Year" went to Floppy Mart, Greg and Yvonne Crum owners, for its change of appearance, sales strategy and operations during the past year. It has tripled its staff and outfitted them in uniforms to provide a full service operation.

"Special Achievement Award" was received by the Floyd County Times, Marty Backus, publisher, and Anne Chaney, editor, for improving the paper by adding a section focusing on academics, extensively covering clean-up projects, promoting tourism ventures, and providing accurate and unbiased accounts of governmental activities in the county.

The "Outstanding Achievement in Beautification" award was earned by Mountain Enterprises of Allen, Leonard Lawson, president, and Robert Bell, company representative, for its commitment to the Adopt-A-Highway program. The company assigned two full-time employees to the effort, who in one week, gathered 1,500 pounds of trash per day along U.S. 23.

"Outstanding Achievement in Education" went to R & S Truck and Body Co., Inc., Bill and Delores Smith,

owners, for the educational programs it offers to its employees. The company was honored by the Kentucky Department of Education as a Partner In Adult Literacy Programs. Twenty of the firm's 125 employees have signed up for the program and will graduate this spring.

James A. Hughes and Associates was awarded the "Outstanding Achievement in Economic Development and Expansion" for its investment of \$22 million in new and expanded ventures in the city of

Prestonsburg during the past few years, including the purchase and renovation of the Prestonsburg Village Shopping Center, which added 14 new businesses and dozens of new jobs for Floyd Countians.

Lastly, Floyd County Judge-Executive John M. Stumbo was the recipient of the "Outstanding Achievement in Community Development" award for his effort to provide new water service and fire protection to thousands of residents of the county for the first time. He saw that more than 500 fire hydrants were installed and directed the extension of water lines to many rural areas.

Keynote Speaker

UK president David Roselle was the keynote speaker for Thursday's Floyd County Chamber of Commerce annual membership and awards banquet. Roselle discussed the university's academic and athletic departments, as well as its impact on Floyd County.

Special Achievement

Marty Backus, publisher of the Floyd County Times, accepts an award from Chamber president Tim Hites for special achievement. The newspaper was recognized at the Chamber's banquet Thursday for its involvement in the community, support of various programs, unbiased accounts of governmental activities in the county, and development of an entire section devoted to academic news.

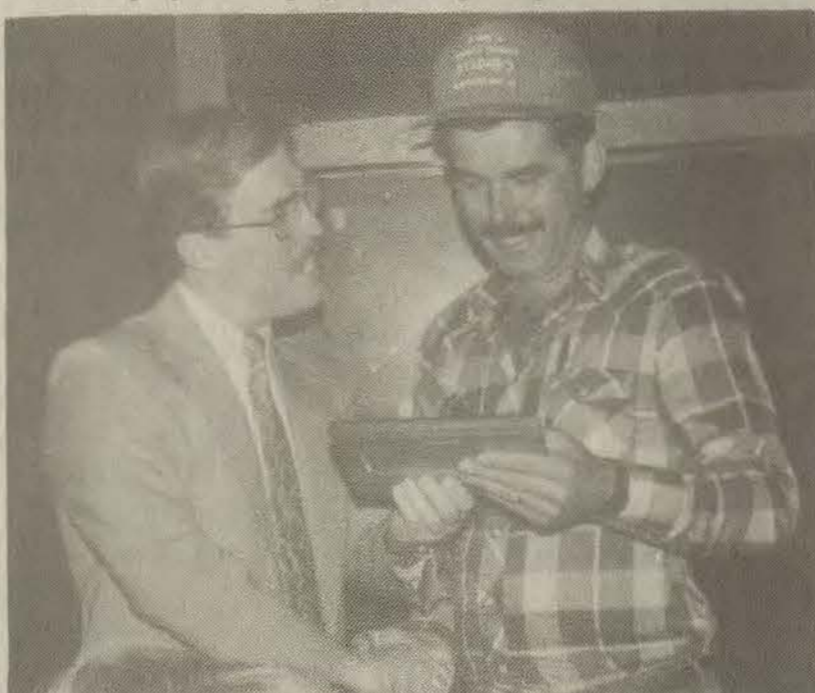

Achievement in Education

Dolores Smith, vice president of R & S Truck Body Co., Inc., in Allen, is shown accepting the Chamber of Commerce's "Outstanding Achievement in Education" award from Tim Hites, Chamber president. The company offers educational programs to its employees through a partnership project with David School. R & S furnishes a facility, supplies and some volunteer tutors, and David School provides instructors, for GED classes. To date, 20 of the company's 125 employees have signed up for the first course.

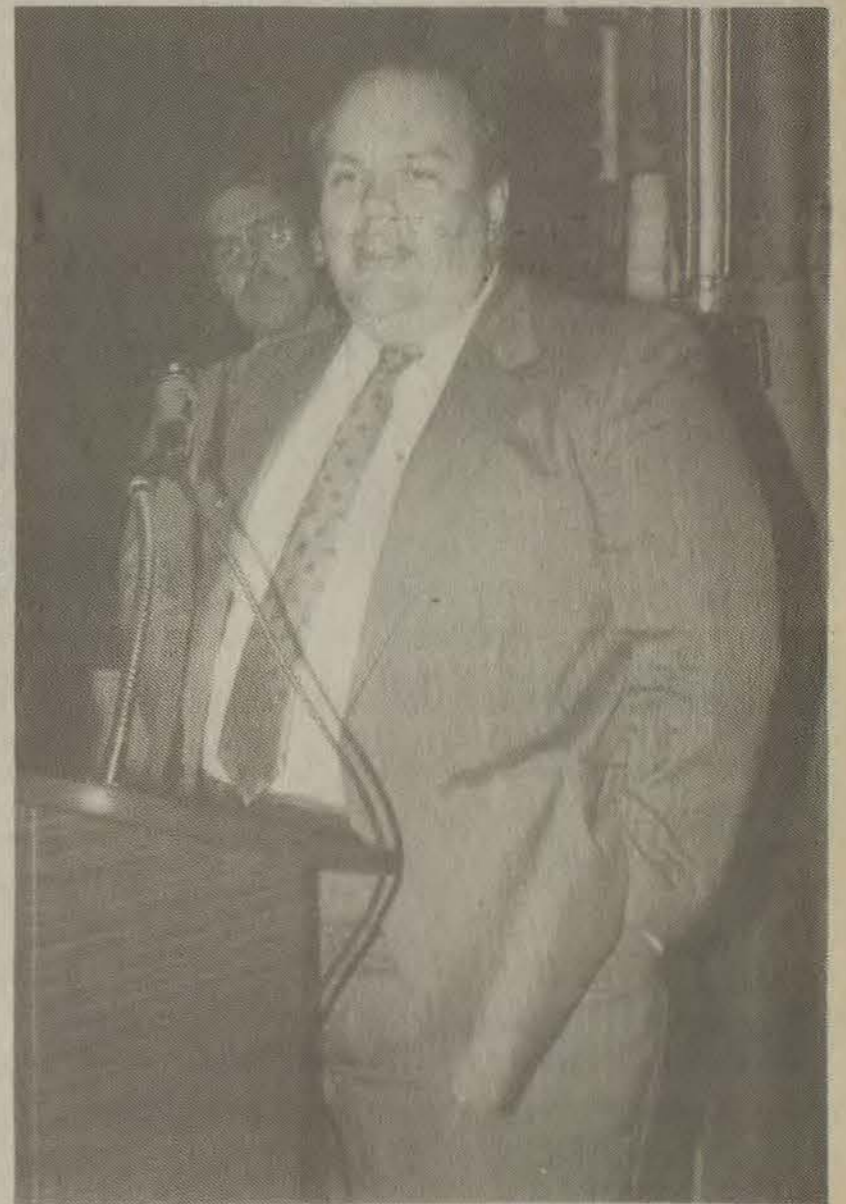

Community Development

County Judge John M. Stumbo was the recipient of the Chamber's "Outstanding Achievement in Community Development" award. Stumbo spearheaded work last year to provide new water service and fire protection to thousands of residents of the county for the first time.

Community Service

Bobby Stumbo, president of the Left Beaver Community Service Club, Inc., is shown accepting the Floyd County Chamber of Commerce's "Outstanding Achievement in Community Service" award from Chamber president Tim Hites.

Economic Development, Expansion

James A. Hughes, above, of James A. Hughes and Associates, was presented an award for "Outstanding Achievement in Economic Development and Expansion" by the Chamber of Commerce. The company has made an investment of over \$22 million in new and expanded ventures during the past few years. Above, Hughes accepts the award, and at the same time announces that a new motel is slated for construction in Prestonsburg.

Small Business Of The Year

Greg Crum, right, accepts the "Small Business of the Year" award from Floyd County Chamber president Tim Hites at the Chamber's annual membership and awards banquet Thursday night.

Tourism Achievement

Mayor Ann Latta and the City of Prestonsburg received the Floyd County Chamber's "Outstanding Achievement in Tourism" award Thursday for measures to promote tourism in the area.

Achievement in Beautification

Leonard Lawson, president, and Robert Bell, company representative of Mountain Enterprises in Allen were recognized at Thursday's Chamber of Commerce banquet. The company received the Chamber's "Outstanding Achievement in Beautification" award for participating in the state's Adopt-A-Highway program. Two employees were assigned to pick up trash from US 23 from near Prestonsburg to the Pike County line. Chamber president Tim Hites, above, presents the award.

Druther's To Promote Vacations in Kentucky

Druther's restaurants in Prestonsburg and Martin are two of 97 throughout Kentucky helping to promote tourism through a campaign announced May 12, by Gov. Wallace Wilkinson and Druther's Interna-

tional, Inc., according to Terri Morgan, company representative.

She said the five-week program, through June 10, will encourage more than 2.5 million of the restaurant chain's customers to vacation in

Kentucky.

During the campaign, each Druther's restaurant will offer a special edition 32-ounce plastic cup featuring a color map of Kentucky that highlights tourist attractions and

gives the Tourism Cabinet's toll-free information number, 1-800-225-TRIP.

The big cup, with an anti-spill lid, will be offered free with the purchase of a 32-ounce soft drink and more than 500,000 are expected to be distributed, according to Morgan.

Druther's will also promote Kentucky tourism through the use of one million special tray liners with artwork depicting legendary heroes and landmarks in Kentucky, she said.

chief executive officer of Druther's, said his firm's participation is another example of Druther's commitment to the communities it serves.

"We are a Kentucky-based firm," he said, "and we feel that this kind of participation by businesses is part of being a good corporate citizen."

According to Morgan, as one of the largest restaurant chains in Kentucky, Druther's and its franchisees

have 2,700 employees and an annual payroll of nearly \$20 million. She said with 1988 Kentucky sales of \$62.5 million, the company, its franchisees and their employees contributed more than \$4 million in taxes.

In addition to the 97 restaurants Druther's currently operates in the state, 1989 plans call for the addition of six to seven new restaurants, officials say. Corporate headquarters are located in Louisville.

Local Medical Lab Technician Receives AMT National Award

Sharon K. Hall of Hi Hat will receive the Distinguished Achievement Award from American Medical Technologists, a national registry for clinical laboratory and medical assisting professionals.

The award will be presented during the organization's 51st Educational Program and National Meeting to be held in Chicago in July, according to officials with McDowell Appalachian Regional Health Care. The award is granted for superior service to the profession and the AMT organization.

Hall has been employed since 1969

as a medical laboratory technician at McDowell Appalachian Regional Health Care. Prior to taking her present post, she worked at Our Lady of the Way Hospital in Martin. She has studied at the Career Academy in Columbus, Ohio, and at Prestonsburg Community College.

An AMT registrant since 1973, Hall served on the Proctoring Committee of the Kentucky State Society of AMT from 1984 to 1988 and was a member of the Audit Committee in 1988.

She is a member of the Wheelwright Eastern Star.

SHARON K. HALL

Paul B. Hall Holds Awards Ceremony

Paul B. Hall Regional Medical Center of Paintsville held its Quarterly Awards Ceremony May 10, at 2 p.m., according to hospital administrator Debbie Trimble Meadows.

Those recognized at the quarterly event were: Edythe Hazelett, honored as the Employee of the Quarter; Leaora Dutton, recipient of the Nursing Excellence Award; and Dottie Coffey, recognized as the Supervisor of the Quarter.

Hazelett is employed in Paul B. Hall's business office. Dutton is a nurse in the hospital's Step-Down Unit, and Coffey is supervisor of the hospital's laboratory.

Anna Jane Beam, director of nursing, presented each honoree with a plaque and a cash award. Each quarterly award winner is eligible for annual recognition by the hospital's corporate parent, Health Management Associates.

To The Voters of District #2

I would like to take this last opportunity before the election to once again ask the people of Dist. 2 for their support

Throughout my campaign I have made no promise that if elected I can not keep. The only promise I have made is that I will work for all the people of Dist. 2 to the very best of my ability. I will do my best to improve road conditions in my district. I will continue to work for the fire depts. of this area. I have served with the Wayland Fire

Dept. for the past 17 years and served as Fire Chief for the past several years. I know what hardships our vol. fire depts. face and I will do everything I can to get help and support for our fire depts. So come on Dist. 2 get behind me and let's work together to make it better.

MAGISTRATE DIST. #2

To The People of Dist. #2

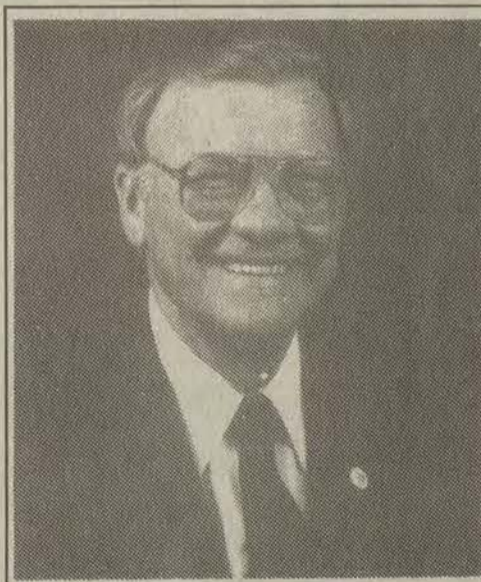

I have worked very hard during my campaign. I have walked many miles to see the people of this district. I have campaigned door to door during this election. I have talked to many, many people and know the needs of your district.

People, this is 1989 not 1985. Two different elections. I have a great chance to be elected your magistrate. I feel that a magistrate that needs the job to support his family will do a better job than someone who does not have to depend on that source of income.

People, I do not have a lot of money, nor do I have excess to sway your vote, I am asking you to search your heart and vote for a candidate that stands for honesty and fairness to all the people of district 2.

RE-ELECT

HENRY C. HALE

KEEP **LEADERSHIP** AND **EXPERIENCE**

TO THE VOTERS OF FLOYD COUNTY:

FRIENDS, I want to share a few final thoughts with you before we go to the polls on May 23. I value the friendship and the trust you have placed in me by allowing me to serve as your Sheriff. We have worked well together. I know most of you as you know me. We have the same goals and hopes to help Floyd County prosper and strive to make a safe and secure place to live and raise our families.

I have worked hard to achieve the goal of a modern, efficient Sheriff's Department. In the face of economic hardship and reduced funds, Floyd County has a staff of hard-working deputies to patrol our county and protect the citizens night and day. Some counties in Kentucky have had to cut back on this vital service, which is so important to our rural county. Floyd County, we've come a long way together.

FRIENDS, WE MUST CONTINUE OUR PROGRAM OF:

- Strict and fair law enforcement without abuse.
- Protection and service for the citizens.
- A concentrated effort against drugs in cooperation of all other law enforcement agencies.
- An honest and true accounting of your tax money.
- And, most important, a sheriff you can depend on and trust, who has your needs and welfare at heart.

I trust you to make the right decision to Re-Elect me. You can always come to me for any help I am able to give. My door is always open and my phone is listed.

DO NOT BE MISLED by campaign tactics, let's continue the progress you and I have worked for. The achievements made and pledges kept are a matter of record. Go to the polls and vote for sensible, fair and experienced law enforcement.

Bring a friend. See you at the polls next Tuesday.

Van Stone, Tromp To Highlight Banquet

DORIE VAN STONE

MELISSA TROMP

The speaker for the annual spring Mothers-Daughters and Friends banquet, May 20, will be author and missionary Dorie Van Stone.

Sponsored by Independent Christian Fellowship, the banquet will be at 5:30 p.m. at May Lodge, Jenny Wiley State Resort Park.

A graduate of St. Paul Bible Institute, the speaker, with her late husband, served in the New Guinea mission field and is now on the staff of Precept Ministries. Her book, "Dorie... the Girl Nobody Loved," shares her testimony as a rejected child, reared in an orphanage, beaten by the director and foster parents and told she was "ugly and unlovable."

She also relates her emergence from that background.

Melissa Tromp of the "Children's Bible Hour" in Grand Rapids, Mich.,

will be another special guest at the banquet, which is sponsored by the Independent Christian Women's Fellowship of Floyd County. The banquet is in its 13th year and is open to females 8 years of age and older.

Reservations are recommended and can be made by calling 358-4300 or 285-9312.

Re-Elect

MORGAN JOSEPH

CONSTABLE
DIST. # 1
NO. 5 ON THE BALLOT

Fellow Democrat Voters of Dist. #1. When I was elected Constable, I promised I would fulfill the duties of a Constable. While serving as your Constable, I've served:

- Bench Warrants • Contempt of Court Orders
- Warrants of Arrest • Domestic Violence Summons
- Criminal Summons • Civil Summons and Subpoenas—Not only for the plaintiffs, but for the Circuit and District Courts.
- Compulsory Summons for the Floyd Co. Board of Education — to eliminate the absenteeism in our schools.
- Child Support Summons for the Child Support Division of the Floyd Co. Attorney's Office.

While patrolling Dist. # 1, I

- Issued citations for violations • Made arrest for D.U.I.'s • Made arrest for Possession of Marijuana • Assisted the County Deputies in confiscating over 250 marijuana plants • Recovered Stolen Vehicles • Escorted Funerals. I can be reached day or night, 886-6664.

I am certified by the Department of Criminal Justice, EKU Richmond, Ky.

I'm asking my friends, neighbors, relatives and past supporters to go out and vote on May 23 to re-elect me.

With your support and vote, we can continue progress in Dist. 1.

Pol. adv. paid for by the candidate, 11-pd.

AS YOUR NEXT COUNTY CLERK

I will seek to establish a branch clerk's office in the upper Left Beaver Creek area. This will make the clerk's office more accessible, not only to the Left Beaver Creek residents, but also for the people of Mud Creek and upper Right Beaver as well.

I will have the clerk's office open on Saturday, for the convenience of the people who work during the week. This will bring people into our county from surrounding counties to do business in the clerk's office, and will generate business for the local merchants.

I will seek to have installed a toll free number for the people of District 4. And, above all, I will be a friend and a servant to the people of Floyd County.

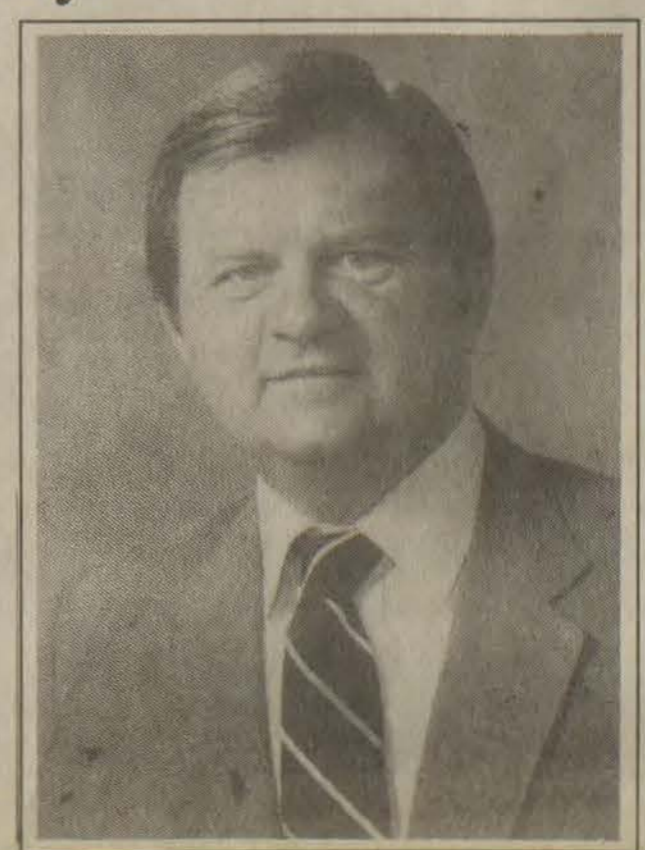

I would like to thank each and everyone of you for welcoming me and my family into your homes, and for your support and encouragement during my campaign.

I want to apologize to everyone that I did not have the opportunity to meet and talk with personally. Please take this as a personal request for your vote and support on May 23rd. Just remember this: I am no stranger, just a friend you haven't met. A vote for Roger Webb is a vote for the people of Floyd County.

ELECT

ROGER WEBB

JW Theatre Honors Sponsors, Volunteers

The Jenny Wiley Theatre held its annual awards reception recently, honoring sponsors and volunteers.

Honored were corporate sponsors: Martin County Coal Corporation, Citizens National Bank, HBK Corporation, and First Commonwealth Bank; Volunteer, Loretta Hammond of Paintsville; and Audience development, Boots Adams, pictured second at left.

Nancy Martin, pictured at left with Adams, and Nancy Sturgill, pictured below with theatre general manager Jim Deaton were jointly named "Stars of '88" as outstanding trustees.

The theatre anticipates an overflow crowd for the 1989 season, according to Deaton. Preseason ticket sales are up 500 percent over 1988 and sales are expected to go even higher before opening night on June 9, Deaton said.

OWENS FIGHTS TO KEEP CLEAN WATER AND CLEAN AIR FOR FLOYD COUNTY

The Floyd County Fiscal Court was offered \$3,000,000 per year by 2 businessmen to take Pennsylvania's incinerated ash at the rate of **200 RAILROAD CARS per day—THAT'S RIGHT—200 RAILROAD CARS A DAY.** I felt like this would affect everyone in Floyd County. This would affect our well water, our city water, and the air that we and our kids breathe. A lady from New Jersey who is originally from Floyd County—with her and her husband reaching retirement age and having plans of maybe someday in moving back to Floyd County—seen in the Floyd County Times that she subscribes to, where I was fighting to keep the fly ash from Pennsylvania from coming into Floyd County. She gave me a call from New Jersey on my answering machine and left me her name and number for me to return her call because she wanted to make me aware of the GREAT DANGERS of Pennsylvania's incinerated ash and what a fight they had with it.

After I called her back in New Jersey, being concerned about this, she agreed to send me news articles from papers in Pennsylvania and New Jersey. She hoped that these articles would help me with our fight to keep Pennsylvania's incinerated ash out of Floyd County. She said that she was very proud that I was **STANDING UP and FIGHTING FOR FLOYD COUNTY.** Here are just two of the articles that she sent me.

Firm to remove Philadelphia waste from Haiti

Associated Press

PORT-AU-PRINCE, Haiti — Haitian President Leslie Manigat said a ship will arrive tomorrow in Haiti to begin removing 4,000 tons of Philadelphia waste dumped in the northern part of Gonaives earlier this year.

Speaking on state television Tuesday night, Manigat said technicians from the Maynard and Curtis Environmental Control Company were already in Haiti and have started loading the incinerated ash into 55-gallon contain-

ers yesterday to be taken out of the country. He did not say what country the company was from.

The cargo ship Khian Sea dumped the waste along the wharf in Gonaives, 100 miles north of the capital Port-au-Prince, in early February, and slipped away on the night of Feb. 7 after being ordered to reload it.

Although the ship's bill of lading identified the ash as fertilizer, the environmentalist group Greenpeace said it was highly toxic and contained cancer-causing dioxins

and heavy metals.

Manigat, referring to a report by the World Health Organization, admitted June 3 that the waste would become a public health hazard when it was absorbed into the ground and washed into the sea.

Health officials say about 300 people in the Gonaives area have reported symptoms such as shortness of breath, stomach pains, fever and skin irritation that may be related to the waste.

The government has done nothing to isolate the material. . . . A good part of the toxic waste has already been washed by rainfall into the sea," said Bobby Chauvet, co-leader of the environmental group, Federation of the Friends of Nature.

Another group called Honor and Respect for the Constitution said Monday that Greenpeace should supervise the removal of the incinerated ash. It also called on the government to prosecute those guilty of exposing Haitians to the risk of chemical poisoning.

Phillips said Amalgamated simply wanted to unload the ash without any responsibility for its disposal. Paolino's position was that Amalgamated's contract made it responsible for disposal of the ash. Phillips said Paolino sought the injunction because it did not want to be blamed for any other inappropriate disposal of the ash.

If Amalgamated had made arrangements for the disposal, Paolino would have made available its dock at Pier 2 in South Philadelphia, according to Phillips.

On May 22, the Khian Sea left Delaware Bay against Coast Guard orders.

Khian Sea must tell contractor before dumping ash

By Mark Jaffe

The Khian Sea must notify the local contractor who gave the ship its cargo of Philadelphia incinerator ash before unloading the refuse, under an injunction issued yesterday by a federal judge.

The order by U.S. District Judge Donald W. Van Arsdale requires that Joseph Paolino & Sons Inc. be notified of where and when the 10,000 tons of ash are going to be deposited.

Paolino sought the injunction last week after the Khian Sea left its anchorage in Delaware Bay. The ship's captain told the Coast Guard that the vessel would return in six days.

However, the ship has not returned, and the environmental group Greenpeace has said it thinks it is headed toward the Caribbean.

A hearing on the request for an injunction had been set for Wednesday, but officials for Amalgamated Shipping Corp., which operates the ship, declined to appear in court and consented to the order, according to Paolino's attorney, Bruce Phillips.

Reached by telephone yesterday at Amalgamated's headquarters in Freeport, Bahamas, company president Carl Cordes said, "I am aware of the litigation, but I can't make any comment."

Cordes also declined to discuss the whereabouts and destination of the Khian Sea.

The Khian Sea was loaded with about 14,000 tons of ash by Paolino in September 1986. Paolino had a contract with the Philadelphia Streets Department to dispose of the ash.

Under a contract between Paolino and Amalgamated, the Khian Sea was going to deposit the residue on a man-made barrier island in the Bahamas.

When the Bahamian government blocked the plan, the Khian Sea began a 20-month odyssey to find a place to dump the ash. The cargo however, was

rejected by Honduras, the Dominican Republic, Haiti and Guinea-Bissau in West Africa. The ship did manage to unload 4,000 tons of ash in the Haitian port of Gonaives before being ordered to leave.

Finally, on March 1, it arrived in Delaware Bay, hoping to return its cargo to Philadelphia. But negotiations between Amalgamated and Paolino broke down.

"They wanted everybody to solve their problem for them," Phillips said. "We put them in touch with a landfill in Ohio, but they didn't like the price."

Phillips said Amalgamated simply wanted to unload the ash without any responsibility for its disposal. Paolino's position was that Amalgamated's contract made it responsible for disposal of the ash. Phillips said Paolino sought the injunction because it did not want to be blamed for any other inappropriate disposal of the ash.

If Amalgamated had made arrangements for the disposal, Paolino would have made available its dock at Pier 2 in South Philadelphia, according to Phillips.

On May 22, the Khian Sea left Delaware Bay against Coast Guard orders.

Its captain said the ship was going to cruise about 200 miles offshore to empty its bilges, test its engines and use its evaporators to make fresh water.

The ship was expected to return by May 29. It has not returned, and there is no official word on its location. According to the Coast Guard, it is operating without radar or sonar and its Liberian registration has lapsed.

Should it return to Delaware Bay, its operators would face civil fines of up to \$25,000 for leaving against the orders. The Coast Guard did not want the ship to depart without the aid of a tugboat or a pilot because of broken equipment.

I'm very glad that this little lady from New Jersey kept up with the news in Floyd County and want to thank her very much for her articles that DID HELP ME stop Pennsylvania from getting their TRAINLOADS of incinerated ash into Floyd County. We WON this fight with the support of the people of Floyd County because THEY helped me put the heat on. Now, I am asking ALL MY FRIENDS and SUPPORTERS to help **RE-ELECT ME—JACKIE EDFORD OWENS** as **Your MAGISTRATE** in Dist. 2 by calling your family and friends, talking to your neighbor and getting involved in standing up for me as I have done for you the last 3 1/2 years. Your **VOTE and SUPPORT** on May 23rd, **WILL BE APPRECIATED.**

Paring Health Costs Is Subject Of Seminar

A seminar on "How to Contain Your Group Health Care Costs and Still Get The Best Coverage" is set for Tuesday, May 23, at the Holiday Inn in Prestonsburg.

The seminar is sponsored by Consolidated Health Systems and has a \$30 advanced registration fee or \$35 at the door.

Clarence C. Traum, president CHS, said that "health care coverage and

cost are among the biggest challenges for managing in the 1990s." The seminar, he said, is designed for owners and managers of businesses who want attractive health care benefits that fit the smaller company budget.

The seminar will begin with registration at 8 a.m., and then move to the first presentation by Lucille Stewart Fannin and Herbert Brune, consultants for William M. Mercer Meidinger Hanser in Louisville, on "Future Trends in Health Care Coverage."

The next speaker will be Tom Colvin, president of the Eagles Administration Ltd., who will present "The Advantages and Disadvantages Of Self Insurance", followed by Jim Dingus, representative of Mutual

Benefit Life Insurance Company, presenting "What an Employer Can Do To Reduce Health Care Costs," and "How To Choose The Appropriate Medical Coverage For Your Corporation."

In the afternoon the panel will hold a workshop where they will address questions from the audience.

To register, write or call Consolidated Health Systems, Box 0787, Prestonsburg, 41653, 886-9558.

MOUNTAIN COMPREHENSIVE CARE CENTER

Johnny (Keith) Endicott, Democratic Candidate for Magistrate in District No. 1, recently spoke to a group of parents at the Floyd County Parents Resource Center for Handicap Children. The Center is located in the Mountain Comprehensive Care building located in Prestonsburg. Mr. Endicott discussed his life and background in relation to his handicap. Mr. Endicott stated, "We must make the best of what we have to work with and pray that God will give us strength to carry on." Although, Mr. Endicott has a handicap, he has never let this interfere with his getting an education and helping his fellow man. He believes that we are put here to help one another and to lead as productive a life as possible. Mr. Endicott commends Mr. Harmon Leedy, Director of the organization, by stating, "Mr. Leedy is doing a wonderful job. He is helping the people of Eastern Kentucky, especially those with handicap children, in a way in which few others could."

THE WAR ON DRUGS IS EVERYONE'S BUSINESS

Sheriff Henry C. Hale after a major cocaine and marijuana bust.

The war on drugs began seven years ago when I took office as your sheriff. The Floyd County sheriff's office, under my direction and supervision, has completed more drug raids and arrested more drug dealers than anytime in the history of our county. A twenty year reign of terror was ended due to the efforts of the sheriff's department when the most notorious drug dealers in the county fled the county and state trying to avoid prosecution. They will be found and brought to trial for their crimes.

I have, and will continue to see the full force of the sheriff's department to insure a drug free environment in our schools, places of work, and in all of Floyd County. The youth of our county face more problems today than you and I did when we were growing up. As your sheriff, I will continue to work with our youth, visit our schools to provide drug educational programs, and work with our school administrators, principals, teachers, and parents to provide a drug free school environment. How can our youth make proper decisions about life and their future while being influenced by the use of drugs?

Anyone found to be dealing in drugs and destroying the dreams and hopes of our youth will be arrested and prosecuted to the fullest extent of the law. Our youth must learn to **JUST SAY NO.**

We lost our will to live the day we lost you. We said a million prayers, we finally got them through. God said He'd never leave us. He always takes our hand. He picks us up when ever we fall. His truth will always stand.

We never lose the ones we love, for, even though they're gone, Within the hearts of those who care, their memory lingers on. God has Dwayne up there, but we have him in our hearts. And with these memories of him, we will never part.

This was Dwayne's last picture made before his death. He was called away before his graduation on June 1. He never saw this picture.

A proud tradition

Our funeral home has been responding to the needs of the community for many years. To continue this proud tradition of helping families in their time of need, we now offer the Sunset Security™ Plan.

Sunset Security™, offered by us as a member of the Kentucky Funeral Directors Burial Association, is a plan that lets you reduce the stress your loved ones will experience at the time of a funeral.

Through Sunset Security™, you can pre-arrange a funeral now. The plan offers an inflation-proof feature that lets you save money by freezing the cost of a funeral at today's prices. And it provides special tax-saving advantages.

We'd like to give you a "Personal Record Guide" and tell you about the Sunset Security™ Plan. Just complete the coupon below and send it to us.

Floyd County Attorney's Office

1986-1989 Prosecution

- 1) Enforced the new DUI Law so that Floyd County has the best record in the area.
- 2) I have made more successful drug prosecutions than ever before. On five occasions I have gone on drug raids with the law enforcement authorities to assist in making an "air-tight" case against the drug dealers.
- 3) Expanded our CHILD SUPPORT COLLECTIONS over 400 percent. I believe the parents should support their children, not the TAX-PAYER.
- 4) We have a very fine drug and alcohol treatment program available at Mountain Comprehensive Care Center and call upon their staff frequently to counsel drug users, alcoholics, and juveniles.

WATER

Water lines have been expanded in many areas of the county. We are working with our State and Federal legislators to obtain additional funding to help realize our goal of providing safe drinking water to every house possible.

I am going to Washington on Tuesday, May 16, 1989, to speak with a sub-committee about using abandoned mine land money to install additional water lines.

ROADS

We have blacktopped over 100 miles of county roads. Over a five year period of time it is cheaper to blacktop roads than to put gravel on them. We pay for hauling and putting down the blacktop and the state pays for the blacktop, which is the biggest expense.

FISCAL COURT

As legal adviser to the fiscal court we have made important financial decisions affecting the county for many years to come.

FIRE PROTECTION & INSURANCE

We have installed fire hydrants everywhere we could in Floyd County. I believe that fire protection is critical to all Floyd Countians in protecting their safety and property. The fire hydrants have resulted in lower insurance rates to the homeowners. As our waterlines increase, the fire hydrants and protection increases.

We also help all volunteer fire departments with funding and obtaining equipment.

RECREATION

This past week we officially opened the county golf course at Allen. This was the completion of a three-year effort in getting the grants and volunteer services to build a recreation area we can all be proud of. People from all over Eastern Kentucky will travel to Floyd County to use our park, resulting in increased business and tourist money to our County.

We also have worked on and try to maintain the recreational parks in the communities.

GARBAGE PICK-UP

Initiated a garbage pick-up using non-violent criminal offenders. Through this program we have cleaned many miles of Floyd County and are making Floyd County a county we can be proud of.

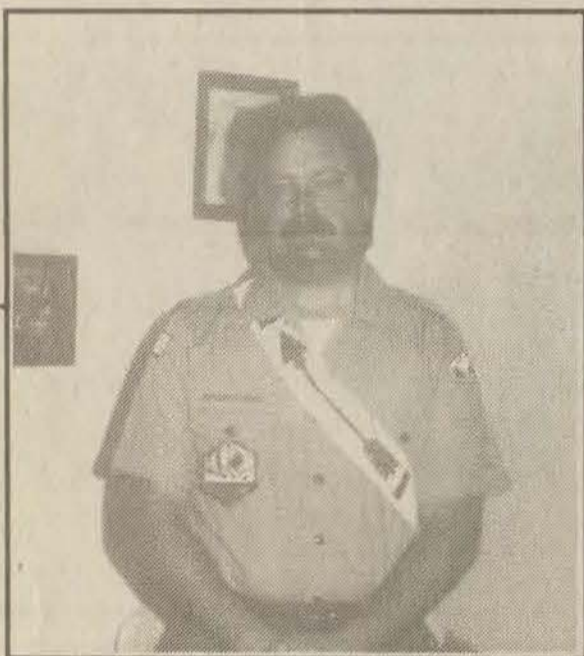

DAVID ALLEN BARBER

1986-1989

Margo, Megan, and I are proud to have served you during this past term. We are expecting our second child in September.

We have enjoyed the many public and private events we have been invited to. I particularly want to thank the LONESOME PINE DISTRICT OF THE BOY SCOUTS OF AMERICA for allowing me to serve as their DISTRICT CHAIRMAN from 1987 through 1988, and on the Executive Committee from 1986-1987. I am very proud of my association with the young men. At a recent Eagle Scout award presentation I was reminded of the oath I took when I obtained my Eagle Scout Award "To return more to scouting and my community than Scouting gave to me." I have always tried to live up to that oath.

Of all the awards and public recognition I have received, the most fulfilling is the hand shake and pat on the back given by a Floyd County citizen when telling me that they think I have done a "good job" as County Attorney.

FLOYD COUNTY ATTORNEY—1990-1994

My long-term goal for the next term is a basic one:

To make Floyd County a better and safer place to live. To accomplish this goal I intend to continue strict enforcement of drunk driving, drug and child support laws.

I have begun the formation of a committee composed of representatives from the County Attorney's Office, the Commonwealth Attorney's Office, all Law Enforcement Agencies and The Floyd County School System to develop a plan in doing away with drugs in the schools. Drugs didn't come into Floyd County overnight AND they are not going to be wiped out overnight. It is going to take community wide involvement effort to make Floyd County DRUG FREE.

I am also dedicated to establishing a shelter and a network of foster homes for neglected and abused children. One of the most shocking problems in our county is the number of abused children and the lack of shelter for those children.

SENIOR CITIZENS

We have helped all Senior Citizen Programs with funding. Further, we are working to establish a Senior Citizen Center at Wayland.

My office gives free legal advise to all Senior Citizens, and we have a lawyer that goes to each Senior Citizen Center once a month for legal counseling.

I ASK ALL FLOYD COUNTIANS TO HELP ME IN MOVING FLOYD COUNTY FORWARD INTO THE 1990'S IN A POSITIVE WAY..

**BE SAFE, NOT SORRY
RE-ELECT**

Forum Slates Meeting On Future of Education

"The Future of Education in Kentucky and Floyd County" is the topic of the annual meeting of the Floyd County Education Forum, set for Monday, May 22, at 6:30 p.m. at Allen Central High School.

Five special guests are scheduled to discuss the topic and answer questions. They include Ron Hager, superintendent of Floyd County

Schools; Dr. Betty Steffy, deputy superintendent of public instruction for the state; Dr. Robert Sexton, executive director of the Prichard Committee for Academic Excellence; Carol Stumbo, Wheelwright High School teacher and member of the Governor's Council on School Performance Standards; and State Representative and House Majority Floor Leader Greg Stumbo.

The presentations will be followed by a reception to honor students, teachers and parent volunteers who are involved with "Mountain Magic," the school system's literary publication.

In addition to the panel discussion and recognition ceremonies, a reception will be provided by students from the school.

The meeting is open to the public.

The Forum is a group of Floyd Countians who meet to discuss ways to improve the educational system, and to take action to work for change. It is open to anyone in Floyd County; the Monday meeting will serve as the organization's annual meeting.

Singayao Becomes US Citizen

by Kristina Bevins

Alelei Singayao, a student at McDowell High School, recently became a United States citizen, after living in the country for 13 years.

Singayao, born in Cotobato, Philippines, moved with her family to New York in 1975. In 1980, she moved to McDowell, where she lives with her parents, who also became citizens.

When asked why she had waited so long, Singayao replied, "It wasn't my decision... I had to first fulfill the requirements of obtaining a green card and a residential card. Qualification to take citizenship has been met after having each of these cards for five years."

Singayao had to go to the Immigration and Naturalization office in Louisville to take tests, but because her parents were already citizens and Singayao is under 18 years of age, she was not required to take the interview portion of the test. She readily admitted, however, that it "relieved me because I was nervous about the consul asking me questions, so I studied American history and government, just in case."

Singayao added, "After saying the Oath of Allegiance, I felt great, but it really didn't change me much, because I was mostly raised in the US and have always felt like an American."

She concluded, "Even though immigrants don't need to become US citizens, I feel they should. Being a US citizen doesn't give you only rights and privileges, but the feeling of pride to belong to a great country."

Child Care Focus Of PCC Workshop

A two-day workshop on working with exceptional children, for child care center employees, is set for May 20 and 23 at Prestonsburg Community College.

The Saturday session runs from 9 a.m. until 12:30 p.m. The continuation on Tuesday is scheduled for 7-9:30 p.m.

Covered in the workshop will be an introduction to exceptional children, identification of exceptional qualities in the classroom, working with parents, and discipline problems.

The workshop is designed to help child care center employees fulfill state-mandated continuing education requirements and to acquaint them with special children who may be in their care.

Drs. Dorothy Carlson and Terry Milon, PCC faculty members, will present the workshop.

For information, call PCC's office of continuing education at 886-3863, ext. 215.

McDowell Teachers Noted For Dedication

by Dickie Jo Shannon, student and Willie Elliott, instructor

Every school needs a dedicated faculty to present worthwhile information to the student body, but to be truly effective, schools need individuals who will go behind the normal teaching day and devote extra time and energy to activities outside the regular curriculum.

When a school has such an individual, the students and staff are fortunate. When a school has two who work well as a team, the results are not just doubled — they are increased several times. McDowell High School has two such educators in Bobbie Lynn Moore and Sally Miller.

For seven years, Moore and Miller were the senior sponsors, doing the chores that go with the position. When they conducted senior trips, it was not all the glamour of traveling to

Florida and other southern points. Behind every mile of each trip were the menial tasks of fixing hot dogs, popping corn, mopping floors and attending to the needs of 60 to 70 seniors.

In a sense, this was their greatest asset. Each senior used both teachers as a mom away from home.

Both teachers were asked what the opportunity to work with students meant to them as educators and individuals.

"I never consider it work," replied Moore. "Helping the students at McDowell and doing extra duties makes my job worthwhile. The students are what teaching is all about. My problem is that I get too close to my students. I have spent more sleepless nights than anyone can imagine, but I love it!"

Miller answered a bit differently:

"I consider teaching to be a complete and all-encompassing life work. My duties as a teacher do not begin and end with the ringing of the bell. My life has been blessed with many rich and rewarding moments of sharing both knowledge in the classroom and fun-filled moments on the outside."

Each year, Moore and Miller take time to plan the annual honor banquet, when students are honored for their academic achievements.

The program is especially touching for many seniors, and both Moore and Miller agree that the banquet is their "finest moment."

"This night brings honor to all involved — parents, honor students and teachers. Each year, we always try and 'outdo' the year before — to make each awards banquet a unique and memorable experience so that 10 or 20 years later, honor graduates may look at this high school experience with pride and love."

Music Festival Queen

Beth Hall, a student at Prestonsburg High School, was named the 1988-89 Festival of FACES Music Festival Queen Thursday night at Prestonsburg High School.

Sturgill Is KAGE Winner

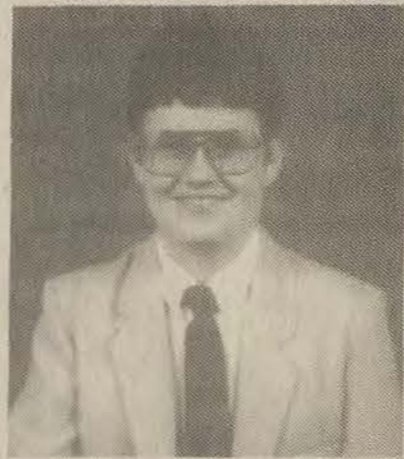

Steven B. Sturgill, son of Mr. and Mrs. Ronnie Sturgill of Harold, has received the KAGE Foundation Scholarship to attend the Program for Verbally and Mathematically Precocious Youth at Western Kentucky University this summer.

He is the grandson of Mary B. Sturgill of Harold and Mr. and Mrs. Leonard Dotson of Hurley, Va.

The KAGE Foundation is a non-

profit organization, established for the purpose of promoting the educational welfare of Kentucky's brightest young scholars, according to the officials of the foundation. It is funded through business, corporate and private donations on behalf of gifted children.

To qualify for the KAGE Foundation assistance, a student must be properly identified as gifted and in a school's gifted program, or be recommended by the district gifted coordinator or the school principal, said officials.

**THOMAS D.

MAGISTRATE
DISTRICT #1

THOMAS D. LAFFERTY HAS THE EXPERIENCE TO GET THE JOB DONE:

- | | | |
|---|---|----------|
| 1) Prestonsburg Tax Assessor | - | 2 years |
| 2) Prestonsburg Police Judge | - | 4 years |
| 3) Floyd County District Court Trial Commissioner | - | 3 years |
| 4) Floyd County Deputy Judge Executive | - | 1 year |
| 5) Part Owner & Operator of Kentucky Motel, Inc. | - | 20 years |

With this experience, Thomas D. Lafferty knows how to handle the financial responsibilities of preparing and working with a county budget that is fair to all. Thomas D. Lafferty will use his government and private business experience to work for you on a full time basis so that government can work for all our citizens.

Thomas D. Lafferty has programs that will work:

ROADS—A program of regularly scheduled maintenance of all roads in District #1. Planned road maintenance would eliminate expensive and unnecessary major reconstruction of road beds. It also allows people to know when repairs are scheduled for their roads; this way you will know that you received your fair share.

PUBLIC UTILITIES—Establish a program to work in cooperation with the Prestonsburg City's Utilities Commission, the Department of State and Local Government, and the Farmer's Home Administration to secure funding for expansion of existing water and sewer lines throughout our district. In the past, Thomas D. Lafferty helped organize, obtain funding and make a reality the Bullcreek/Watergap Water District. He also was instrumental in obtaining grants from the office of state and local government to complete the Spurlock, Middlecreek, and Bucks Branch water projects. The City of Prestonsburg has the water to sell, the state of Kentucky has grants available, and the Farmer's Home Administration has loan monies for these projects. As your magistrate, Thomas D. Lafferty will use his experience and hard work to make these expansion programs a reality.

COMMUNITY PROJECTS—During the budgeting process, funds would be set aside in a district account for projects that benefit our community. Although the county now allocates equal sums to special types of community service organizations, this does not address emergency situations or items that would qualify for matching funds. It also completely leaves out consideration of many deserving community oriented nonprofit organizations that need support from time to time. As magistrate, Thomas D. Lafferty, would continue the direct allocations currently budgeted plus establish the district account so all deserving organizations can receive their fair share based upon need.

Thomas D. Lafferty believes that government can and should work fairly and equally for all our citizens.

Thomas D. Lafferty is committed to full time work at a full time job to make each of these proposals a reality.

Fraternity Initiation

On Tuesday, May 9, at the Pike Auditorium of Prestonsburg Community College, Phi Theta Kappa, an honors fraternity, held its initiation ceremony to induct the new members from the 1988-89 school year.

Six County Students To Participate In PEP

Six Floyd County students will be among approximately 90 Kentucky graduates participating in a program this summer to help students from areas with too few doctors or dentists in their pursuit of a career in medicine or dentistry.

Selected from among more than 160 graduates for the state program were Gina Lynn Johnson of Bypro, Morris Underwood Hylton III of Ivel, Robin L. Burchett of Prestonsburg, Elizabeth Carol Hamm of David, Patricia Gayle Tackett of Hi Hat and Martha Katherine Potter of Prestonsburg.

Potter, Tackett, Hamm, Burchett and Hylton will attend the six-week Professional Education Preparation (PEP) Program workshop at Kentucky State University in Frankfort. Johnson will attend a five-week PEP workshop at the University of Louisville. Programs are also being conducted at the University of Kentucky in Lexington.

All six students will receive college-prep instruction in math, chemistry, study skills improvement and problem solving, and will attend classes to improve reading and writing skills.

According to Larry Fowler of the Kentucky Council on Higher Education, the state agency that coordinates

the PEP Program, all of the instruction is designed to improve the participating students' chances of doing well in their premedical or pre-dental college studies.

"We're anxious for the program and the students to succeed," said Fowler. "The students' success will show in their gaining a medical or dental degree, and the program's success will show in the students going back to practice in their home areas. An evaluation of the program conducted in 1987 indicates that PEP students have been extraordinarily successful in gaining admission to medical or dental school."

The program, established by the state Legislature, is in its ninth year.

The workshops for incoming freshmen are the first of three stages of activities the council plans for participating students. Additional programs and services designed to help them succeed in becoming doctors or dentists will be provided throughout their undergraduate and professional school studies.

High school seniors-to-be who are interested in participating next summer should contact their school counselor for information and application forms next January or February, said Fowler.

Johnson is the 18-year-old daughter

of Jimmie Lou and Billy Gene Johnson, and plans to attend Morehead State University in the fall. Hylton, the 18-year-old son of Marcia and Morris Hylton Jr., plans to attend Rhodes College. Burchett, the 18-year-old daughter of Rhonda and Gayle Burchett, plans to attend Georgetown College.

Hamm, who plans to attend the University of Kentucky, is the 17-year-old daughter of Judith and Cecil Hamm. Tackett, the 17-year-old daughter of Shirley and Donald Ray Tackett, plans to attend Berea College.

Hale Qualifies In Talent Search

Matthew A. Hale, son of Rick and Ruth Carol Hale of Prestonsburg and a student at Prestonsburg Elementary School, will be honored for his academic achievement at a statewide ceremony on June 1 at Western Kentucky University in Bowling Green.

The recognition ceremony is sponsored by the Duke University Talent Identification Program to salute the seventh graders from Kentucky who qualified in TIP's ninth annual Talent Search. All students invited to the ceremony have earned scores on the Scholastic Aptitude Test (SAT) or the American College Testing Assessment (ACT) comparable to college-bound high school seniors, according to Ramon Griffin, spokesman for the TIP program.

The students will receive certificates of distinction at the ceremony and the highest scorers will also receive scholarships and books, Griffin said.

TIP conducts recognition ceremonies in each of the 16 states it serves in the Southeast, Midwest and Southwest. Over 50,000 mathematically and verbally gifted seventh graders are identified by this program each year, he added, and TIP offers additional educational opportunities for gifted students in grades 7-10.

TIP is a non-profit educational organization established in 1980 with a five-year grant from The Duke Endowment. The program receives continuing support from student fees, individuals, corporations and foundations, according to Griffin.

Betsy Layne High School Seniors Publish Oral History

by Tess A. Whitmer
Staff Writer

"In the fall of 1987, the Floyd County School System implemented a Writing-Cross-the-Curriculum program in each of its schools. The teachers who became involved in the program gave their students freedom to choose the type of project they wished to use through which to gain skills in the writing process.

"And so it is that a senior English class at Betsy Layne High School decided that they would like to gather information about the history of their community and publish their findings in a magazine."

So reads the introduction of *Along the Big Sandy: An Oral History Collection*, the result of a semester long project by Thelma Spears' third and fourth period English IV classes at Betsy Layne High School.

On Wednesday, May 10 the students gave a reception in honor of those who helped them to complete their second volume of the magazine, which covers the Civil War battle at Ivy Mountain and World War II.

The presentation included a musical drama, "Fabric Of Freedom," performed by Billie Jean Osborne's fourth and fifth period Chorus Classes and featured solos/skits by Marty Harris, Jeff Case, Kevin Stewart, Sabrina West, Bobby Wise, Tommy Mays, Jack Jarrell, Michael Weddington, Rayetta Damron and Kim Carter.

The purpose of this year's project, according to student Robin Trimble, "was to learn more about the men and women in our community who had made sacrifices to help preserve the freedom of our country."

Trimble began the ceremony by telling the guests, "You have taught us many things that are not found in history books and, more importantly, we have learned that freedom is not free—that it always has to be maintained, at great cost."

Those honored were: David Preston, whose grandfather James Hereford (Confederate) was taken prisoner in the Civil War Battle of Ivy Mountain. Preston directed the students to the Confederate military

leader Andrew Jackson May's house, which still stands across from Wendy's restaurant in Prestonsburg; Robert Castle of Auxier, who also had relatives in the Battle of Ivy Mountain, and John David Preston of Paintsville, author of *The Civil War in the Big Sandy*, contributed details about the conflict.

Also, World War II veterans Orbie Boyd, Willie "Auxier" Damron, and Ellsworth "Ted" Stumbo described their capture and the fear and horror of living in the prison camps.

Other veterans featured include Sid Salisbury who was wounded in Normandy, Guy Roberts who suffered in Belgium and Eddie Akers who almost drowned on the beaches of Normandy.

Finally, the students honored James Brooks who was a "sitting duck" while stranded at sea for 37 days, and Shadrick Hall and Virgil Hamilton who shared memories of fighting on foreign soil and their feelings about losing loved ones at home while they were away.

The students also interviewed Erma Damron, wife of Willie, and Arietta Hall, wife of Shadrick, to get the point of view of the wife left home to wait, worry and pray.

All of the guests of honor were presented with a gift and a copy of the magazine.

Many professionals visited the students and were used as resource people to help them with their writing skills, photography and lay-out and design. These included writers Albert Stewart, James Still and Chessie Cornette; photographer Steve Porter; Eliot Wigginton of Georgia, creator of *The Foxfire* books; and Carol Stumbo of Wheelwright High School, advisor to the *Mantrip* publication.

The first volume of the magazine was a "great success," according to English teacher Spears, project coordinator. It was funded through a grant from Wigginton and monies from the Kentucky Department of Education for a Pilot Writing Project. Its sale funded the cost of this year's volume.

The class is selling the 60-plus page magazine, printed by TMC Printing in Paintsville, for \$4 each. Copies of

A man of 10,000 words. That, experts on vocabulary have calculated, is what the average American is.

ENDICOTT
Magistrate District #1

last year's publication sell for \$2 each. Anyone wishing to purchase a copy can contact the school.

Spears said the project "really helps the students to take a better interest in their English classes. They learn a little history along the way, and it draws them closer to the people in their community."

Billie Jean Osborne, a retired music teacher who came back to help the students get ready for the ceremony, said the "project was a positive thing for the students to do." She added, "The schools need to have more musicals, plays, concerts and projects such as this magazine to keep the children interested in attendance and

to give them something to do with their time."

The project has increased from involvement by one English class to two this year. "The help of all our resource people, especially Albert Stewart, who has contributed enormously both years, has been quite an encouragement."

Local Heroes Honored

The students at Betsy Layne High School held a reception recently to honor the members of the community who gave them interviews and photographs for their Magazine entitled "Along The Big Sandy Vol. II." pictured with the honorees are Billie Jean Osborne, music teacher, Thelma Spears, faculty advisor, and Tom Boyd, school board member.

Local Teacher Oversees Magazine Publication

Thelma Spears, Betsy Layne High School English teacher, has headed the Mountain Magic project at that school for the past two years. She is pictured here with James Still, local writer, who assisted her 4th and 5th period class with writing styles and was a resource person in other areas.

Wells Discusses Funds With US Rep. Chris Perkins

The daughter of a Prestonsburg couple met recently with US Congressman Chris Perkins to urge increased federal support for education, families and children.

ZELLA WELLS

Zella Wells, daughter of Robert and Jane Wallace, is a member of the National Education Association's Congressional Contact Team and head of the mathematics department at Johnson Central High School in Paintsville.

Wells, who met with the Congressman on May 9, said the NEA is "concerned about the continued erosion of federal support for education in recent years." The Congress is involved in the budget process for the 1990 fiscal year.

"It's crucial that Congress earmark sufficient funds to protect education programs from cuts and inflation, as well as to provide resources to restore education services lost over the past eight years," Wells said.

Floyd Students To Attend ALC As Memorial Scholars

Bill Melton, director of admissions at Alice Lloyd College in Pippa Passes recently announced recipients of the college's most prestigious scholarship.

Accepting Memorial Scholarships for the coming academic year will be freshmen Barry Renis Hamilton, son of Mr. and Mrs. Hayes Hamilton of Beaver; William Frederick Conn, son of Mr. and Mrs. William C. Conn of Dana; Lyndia Newsome, daughter of Paul Newsome of Virgie; Marty Kyle Salisbury, son of Mr. and Mrs. Ronald Salisbury of Harold; and Angela Marie Mullins, daughter of Gloria Sue Mullins of Bypro.

The scholarship guarantees that the student will have no out-of-pocket expenses for room, board or tuition for the academic year. The scholarship is the equivalent of an \$8,158 yearly grant, said Melton, and is renewable each year the student attends ALC, so long as the student maintains a "B" or better grade point average while completing a minimum of 15 hours each semester.

Brown Earns Degree

Georganne Brown of Prestonsburg was among the 1988-89 graduates of the Salmon P. Chase College of Law at Northern Kentucky University, according to school officials.

Humanities Council Workshop Held At Jenny Wiley Recently

by Tess Whitmer, Staff Writer

"The fiddle is known as the 'devil's instrument' because once you pick one up everything else goes to hell so you can spend more time playing!" noted Ron Penn, musicologist/ethnomusicologist from the University of Kentucky, presenting "Anatomy

of a Fiddle Tune" to members of local organizations at a Kentucky Humanities Council workshop held recently at May Lodge.

He played several tunes as he lectured and demonstrated the "basic skeleton of a fiddle tune." He also explained the differences between a fiddle and violin, the purpose of a fiddle tune ("to let the dancers know where their feet should be at any given time"), and the process of learning such tunes.

Penn is one of many speakers available through the KHC Speakers Bureau. Topics range from religion and values to arts and literature.

According to Ramona Lumpkin, KHC executive director, humanities defines a list of subjects such as history, literature, folklore and philosophy, to name a few.

Lumpkin spoke of other programs offered by KHC such as its resource center, which circulates film, video and slide/tape materials. She said it also has reading and discussion packets on Kentucky history and culture, available to public libraries.

The KHC recently co-sponsored a program to get Kentucky's first full-time state folklorist, and they offer "Museums to Go," a humanities exhibit service, according to Lumpkin.

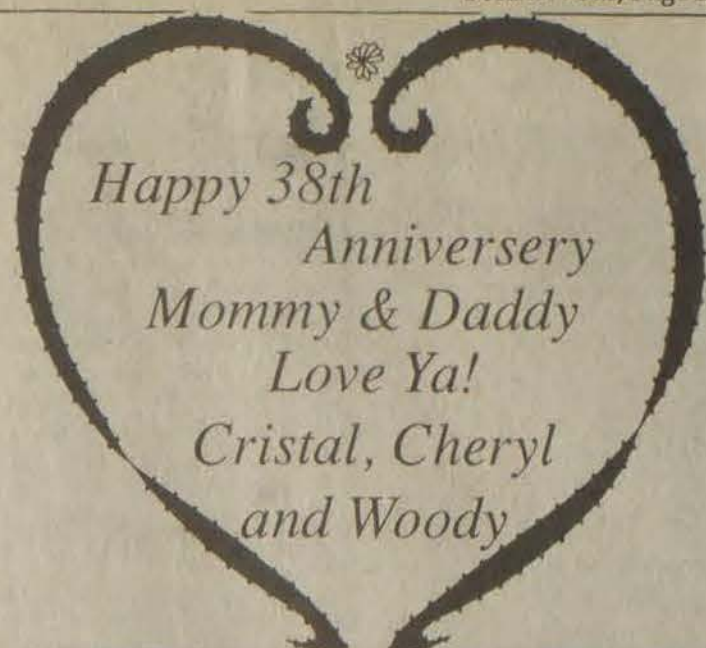

"Many organizations have good ideas for community humanities programs but not the funding. So, KHC offers grants to those organizations which meet the requirements, two of which are, it must be an open-to-the-public, community project, with an adult audience and, its focus must be on humanities," she said.

One new program recently funded by the council is entitled "New Books for New Readers" which has commissioned a group of writers to create history and cultural subject books, on the third grade reading level, taking into consideration the understanding and experience of adults, to support the adult literacy efforts in Kentucky, said Lumpkin.

The groups represented at the

workshop included Prestonsburg Community College, Highland Folk Festival Committee, Big Sandy Community Action Program, Belfry High School, Johnson County schools, Pike County Tourism and Pike County Chamber of Commerce.

For more information on the Kentucky Humanities Council and what it can offer to community organizations contact: 417 Clifton Avenue, University of Kentucky, Lexington, KY 40506.

Junior Miss

Rachael Leanne Johnson, 9-year-old daughter of Ray and Leah Johnson of Martin, was crowned Junior Miss Floyd County Saturday, May 13, at the Allen Convention Center. She was also named Junior Miss Floyd County Photogenic Queen. She received a crown, trophy, scepter, banners, crown pin and crown necklace. Her maternal grandparents are Pauline McKinney of Martin and the late Hillard McKinney; her paternal grandparents are Raymond and Stella Johnson, also of Martin.

Miss Teen Floyd County

Summer Dawn Bailey, 11-year-old daughter of Bob and Donna Bailey of Martin, was crowned Miss Teen Floyd County on May 12 at the Allen Civic Center. She also won the photogenic and sportswear divisions. She received a banner, trophies, scepter, jewelry, flowers. On May 7, at Allen Civic Center, she was also crowned Miss May Sparkle Teen Miss, along with Miss Photogenic Queen, Sportswear Queen, prettiest hair, eyes, smile, and overall High Point queen. She received banners and trophies. Bailey is the granddaughter of the late Birchie and Johny Caudill Jr., Maxine Patton of Martin and Joe Bailey of Gattsburg.

Christ United Methodist Women Meet May 9

The monthly meeting of Christ United Methodist Women was held at the church in Allen on May 9 with Pat Allen, president, presiding.

Debbie Adkins gave the treasurer's report for April.

After the business session closed, Allen gave the program in Maria Hale's absence.

Hostesses Jewel Allen and Delores Bradley served refreshments to members Jeri Mullins, Debbie Adkins, Mary Adkins, Kay Lemaster, Patty May, Kiki Vass, Glenna Reynolds, Tammy Derosssett and Pat Allen.

In June, Teresa Wells will give the program and hostesses will be Lois Marshall and Kiki Vass.

ENDICOTT SPEAKS AT PCC

Johnny (Keith) Endicott, Democratic Candidate for Magistrate in District No. 1, recently spoke in a seminar with other community leaders at Prestonsburg Community College. The topic of the seminar held by Prof. Leo Weddle and his Modern Social Problems Class was Poverty. Mr. Endicott stated that "before the problem of poverty can be solved the cycle of poverty must first be broken, and this sometimes can be accomplished by direct government intervention." Mr. Endicott believes that helping the poor, especially on the local level, should be a primary concern for government.

Other individuals who spoke at the seminar included: Marcie Minster, Charles Masner, Joe Foley, Charles Hackworth, and Debbie Hamilton.

Caudill To Exhibit Watercolor Artwork

Iris Caudill, Martin artist, will exhibit of original watercolors at the Emma May Wells Culture Center, Floyd County Library, through May 26. Caudill uses a fluid watercolor technique whereby the paper is totally saturated with water and color. This method requires several hours to allow for each stage of the painting to thoroughly dry. Caudill actively exhibits in regional and national professional juried exhibits and has won numerous awards for her work. She is affiliated with the American Watercolor Society, Kentucky Watercolor Society, Georgia Watercolor Society-Exhibiting member, Lexington Art League, and Paintsville Art League.

Tiny Mr. Kentucky

Jason Goble, 5-year-old son of Kenny and Wilma Goble of Middle Creek, competed in the Majestic System's beauty pageant in Elizabethtown on Saturday, May 6. He was named Tiny Mr. Kentucky and Sunshine Prince. He also won 10 other categories, receiving trophies, crowns, banners and gifts. On Sunday, May 7, he was named May Sparkle King, Dream Boy and High Point winner at the Allen Convention Center. His grandparents are Arthur and Edna Mae Goble of Lancer and Lee and Clara Bailey of Magoffin County.

THE ISSUES AND YOUR MAGISTRATE

During the race for Magistrate in District 3, only one candidate has consistently talked to the people about the issues as they affect you. **THAT CANDIDATE IS JAMES C. "BUB" REYNOLDS.**

ROADS All candidates talk about " fixing roads. BUB REYNOLDS has outlined a system of road improvements that guarantee each individual county road will be brought to class A status and the maintenance program will assure that it is kept in good condition.

GARBAGE Our countryside is beautiful! However, unsightly trash along our roadsides, streams, and hollows create health hazards and are a blight on our land. BUB says this is UNACCEPTABLE. BUB will see to it that our roadways and streams are clean. "We'll clean it up and I'll join with the people in a partnership to SEE TO IT THAT OUR GARBAGE LAWS ARE ENFORCED AND THAT ALL OUR PEOPLE HAVE ADEQUATE AFFORDABLE USAGE OF OUR GARBAGE DISPOSAL SYSTEM."

HOUSING One of the most pressing problems in our district and in our county is affordable housing for our people. BUB has outlined a unique program for housing, using county bond money to assure all our people have ADEQUATE AND AFFORDABLE HOUSING.

CEMETERIES Our people here in Floyd County have a healthy respect and reverence for our deceased. Many of us have relatives living in distant parts of the nation who visit only once a year, on Memorial Day. BUB has outlined a unique program of using non violent inmates at the county jail to clean up all our cemeteries at least once each year, before Memorial Day.

SENIOR CITIZENS Our senior citizens are our mothers, fathers, and relatives. We must support them by providing centers within reach of all senior citizens. WITH BUB REYNOLDS ON THE FISCAL COURT, OUR ELDERLY RESIDENTS WILL HAVE AN AGGRESSIVE CHAMPION SPEAKING FOR THEM.

EQUIPMENT I'll see to it that our district has the same types of equipment the county has. Our needs will not be neglected!

WATER The RIGHT to a safe, adequate drinking water supply is central to our RIGHTS. I'll work on the Fiscal Court to see that the water lines are extended until no household in District 3, is without adequate, safe water supplies.

RECREATION We must provide recreational facilities to all our people, especially our YOUNG PEOPLE. I'll work on the Fiscal Court for a series of MINI PARKS complete with walking tracks and exercise facilities for all our people, in each community.

Friends, I have lived here all my life. One family has represented us on the Fiscal Court as long as I can remember.

Let me ask you this. ARE YOU SATISFIED WITH THE CONDITIONS OF OUR ROADS, WITH THE UNSIGHTLY GARBAGE POLLUTING OUR STEAMS AND HOLLOWES, WITH THE STATE HAVING TO TAKE OVER YOUR FISCAL COURT, WITH DANGEROUS DRUGS BEING SOLD TO OUR YOUNG PEOPLE, WITH THE LACK OF HOUSING IN OUR DISTRICT, WITH THE LACK OF WATER SUPPLIES TO MANY OF OUR COMMUNITIES?

I AM NOT SATISFIED AND I KNOW WE CAN DO BETTER. I ran for Magistrate to change the political leadership in our District. WE CAN DO IT BUT WE MUST DO IT TOGETHER. IF YOU'D LIKE A CHANGE I AM THE CANDIDATE FOR MAGISTRATE. I HAVE OUTLINED FOR YOU A POSITIVE PROGRAM FOR OUR DISTRICT, BUT IT CANNOT WORK WITHOUT YOUR VOTE AND SUPPORT....

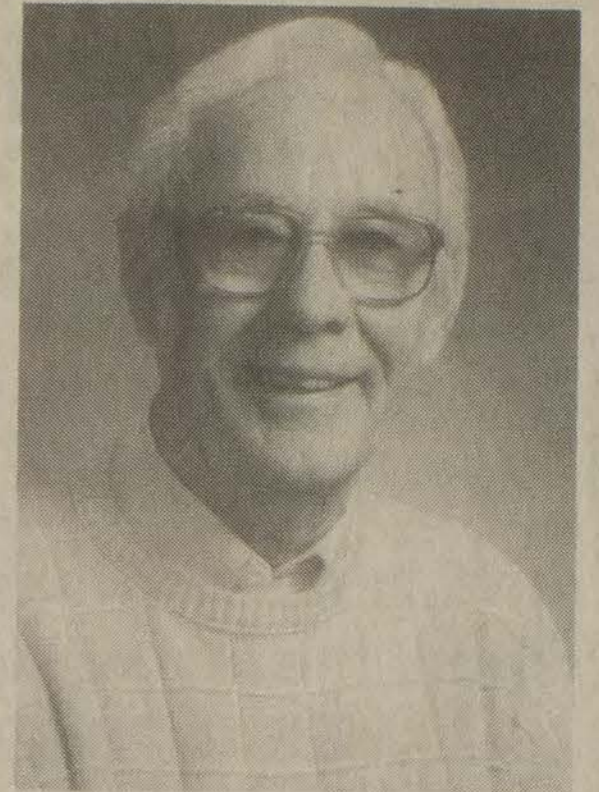

"WHY NOT THE BEST"

VOTE FOR
JAMES C. "BUB" REYNOLDS
DEMOCRATIC CANDIDATE FOR MAGISTRATE, DISTRICT #3
#5 ON THE BALLOT

"A MAGISTRATE FOR THE PEOPLE"

GROVER IS COMING

**DISTRICT #3's
NEGLECT IS OVER**

A Message From Grover Samons:

As this campaign comes to an end, I want to thank you for your kind words of encouragement. You have invited me into your homes to discuss the concerns of your community. When I am elected your magistrate, I will work to see that water will be provided to every home in our district. Every home will be provided a fire hydrant within 1000 feet of their home. This will reduce fire insurance premiums 34-47%. This is no wild promise—this can and should be done for the good people in District Three. There are now in Districts One and Two, miles of fire hydrants, within 1000 feet of every home. We have the revenue in our county "now" to provide these services. I will not be a sleepy public servant but one that will demand that our district gets our fair share of your tax money to provide for the needs of our people. Remember, we can win this race if the opposition vote, in large part, units behind me. I thank you for my near victory four years ago. Then you gave me 1,300 votes; we have since made many new and dear friends. If you want a candidate that can defeat our incumbent magistrate, then I believe I am your candidate. If you want a change, I ask for your support and vote. Please tell your friends and neighbors: Grover Samons promises that the neglect and "back-burner" treatment of District Three is over, if you will elect him your next magistrate.

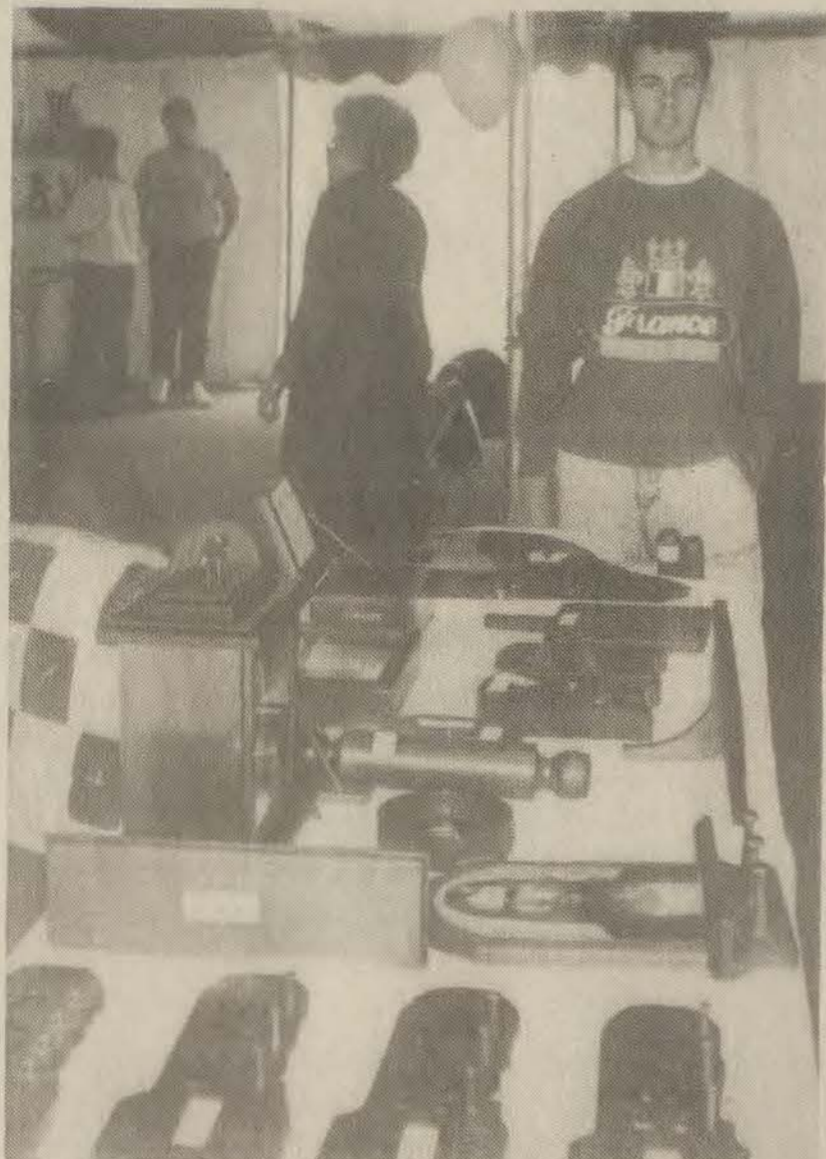

**LET'S STAND UP TOGETHER,
LET'S PULL TOGETHER.**

Your Vote Will Be Appreciated!

Festival Of FACES Features Local Crafts

Wares Of Wood

Dennis Smith of Allen showed off his woodworking ability during Festival of FACES last weekend. The young craftsman had a variety of wood pieces for sale.

Pair Hawk Hometown Along With Crafts

Selling homemade crafts on behalf of the Auxier Historical Society at Saturday's Festival of FACES were society members Josephine Hopson and Robert Castle.

In The Father's Footsteps

While his artist father, Tom Whitaker, was elsewhere, Mike Whitaker manned display of art works in the crafts tent at Festival of FACES. The elder Whitaker is an award-winning artist and professor of art at Prestonsburg Community College.

Showcasing Mountain Talents

Representing David Appalachian Crafts at the Festival of FACES crafts tents was Julie Johnson of Harold. The crafts store in David showcases handcrafted works by artisans throughout the area.

Partners in Craft

Melvin residents Rucilla Hamby and Gail Hall displayed their wares during the Festival of FACES Saturday. The two worked together on an assortment of wood crafts, wreaths and other handmade goods.

With the arrival of spring comes the arrival of a task that is both dreaded and anticipated — spring cleaning. With all the rain of late, now is a good time to start on the task.

These answers to common concerns will make the job easier, helping homeowners be prepared to get out of the house and enjoy the sunshine when it finally arrives:

Question: My brass accessories tarnish so quickly after polishing. Any solution?

Answer: Apply a thin coat of window cleaner with a soft cloth, let dry and rub lightly to polish. Brass will be tarnish-free for months.

Question: How can I dust pleated lamp shades easily?

Answer: A 4-inch paintbrush is great for dusting lamp shade pleats, window pane corners, etc.

Question: Dust clings to the mini-blinds just as soon as I clean them. Is there any way to prevent this?

Answer: Wipe mini-blinds or vertical blinds with damp fabric softener

sheets to eliminate static that attracts dust. This trick also works well on the TV screen and stereo.

After the house is clean and shiny, what could be better than relaxing in the sunshine with a pitcher of iced tea and a loaf of refreshing lemon tea bread with ginger cream spread? Or perhaps some rosy rhubarb preserves?

ROSY RHUBARB PRESERVES

(by Marie Goble of Prestonsburg)

5 cups rhubarb
4 cups sugar
1 can (8 1/2 ounces) crushed pineapple

1 package (6 ounces) strawberry gelatin

Mix all ingredients together and cook 30 minutes. Pour into sterilized glasses and seal, or may be stored in refrigerator without sealing. Mixture will thicken as it cools. Makes 5 cups.

LEMON TEA BREAD

1/3 cup butter or margarine
3/4 cup sugar

2 eggs, lightly beaten
3 tps grated lemon rind
2 cups sifted self rising flour
3/4 cup milk
1/2 cup chopped walnuts
1 Tbsp freshly squeezed lemon juice

2 Tbps sugar

Heat oven to 350 degrees. Grease an 8 1/2x4 1/2x2 1/2-inch loaf pan. Cream together butter and 3/4 cup sugar until light and fluffy. Add eggs and lemon rind; beat well. Add flour to creamed mixture alternately with milk, beginning and ending with flour. Stir in walnuts. Pour into prepared pan. Bake for 55 minutes to 1 hour.

Combine lemon juice and 2 tablespoons sugar. Spoon over hot bread immediately after removing from oven. Cool in pan 10 minutes. Turn out of pan and allow to cool completely on wire rack.

Note: If using plain flour sift 2 1/2 teaspoons baking powder and 1 teaspoon salt with flour.

GINGER CREAM SPREAD

Soften one 3-ounce package of cream cheese with 1 teaspoon milk, blend in 2 tablespoons finely chopped crystallized ginger and 2 tablespoons finely chopped almonds.

Note: This bread will be best if prepared one day and served the next. Bring it out as your reward for a job well done.

You may have called them halfmoons, mule ears or even crab lanterns. But by whatever name, fried pies bring back fond memories of freshly-made biscuit or pastry dough, rolled over so carefully, filled with fruit and fried in a big skillet.

If that difficult and time-consuming process has made you avoid these traditional favorites, this "unfried" variety is for you.

The secret ingredient is pizza crust mix, which creates an easy-to-make pastry dough that bakes up flaky and tender right in your oven.

"UNFRIED" FRUIT PIES

2 packages (6 1/2 ounces each),

Martha White Pizza Crust Mix

1/4 cup (1/2 stick) butter or margarine, melted

1/2 cup plus 2 Tbps water

2 1/4 cups cooked dried apples*

Preheat oven to 400. Place pizza crust mix, butter and water in bowl; blend well. On lightly floured surface, roll dough as thin as possible. Using a small bowl or saucer (about 5 inches in diameter) as a guide, cut rounds out of pastry.

Place a heaping tablespoonful of filling in the center of each round. Dampen edges of pastry, fold in half, and seal with a fork. Pierce the top of the pies with a fork several times to vent. Place pies on large, greased baking sheet. Brush with melted butter or margarine, if desired. Bake 15 minutes. Brush again with butter. Makes 16-18 pies.

*Cooked Dried Apples: In a large saucepan, place 1 package (6 ounces) dried apples, 2 cups water, 1 cup sugar and 1 tablespoon lemon juice. Cook 1 hour or until water is absorbed.

Add 1/4 cup butter or margarine (melted), 1/2 teaspoon cinnamon and 1/2 teaspoon nutmeg. Mash until well blended. Makes 2 1/4 cups.

These hints will help you make perfect fried pies every time:

— Use as little flour as possible on the rolling surface. Too much flour toughens the dough.

— Keep flour on the fork as you seal the edges of the pastry and vent the pies to keep the fork from sticking to the dough.

— Use pre-cooked fillings, or the crust will be done before the filling has cooked.

— Pre-cooked dried fruits make the best fried pie fillings. Try dried peaches using this variation: place 1 package (7 ounces) dried peaches, 2 cups water, 1/2 cup sugar and 1 tablespoon lemon juice in a large saucepan. Cook 1 hour or until water is absorbed. Add 1/4 cup butter or margarine (melted), 1/2 teaspoon cinnamon and 1/4 teaspoon almond extract. Makes 1 3/4 cups.

Local Minister Begins 31st Year On Program

by Ed Taylor,
Sports Editor

Dan and Sylvia Heintzelman left Grand Rapids, Mich., to establish their roots in the mountains of Eastern Kentucky in June 1954, after he accepted the position as pastor of the Spurlock Bible Church.

That was 35 years ago — milestone for the Heintzelmans.

May 21, Heintzelman will pass another milestone in his ministry since moving to Kentucky. He will begin his 31st year on WDOC with his radio program, "Sunday Morning Gospel Hour," which began in 1954. He opens the a.m. portion every Sunday at five o'clock, playing gospel music until 6 a.m., at which time he has his "The Living Word Hour" until 6:30 and resumes playing gospel music.

"I've traveled roads in the winter time with eight inches of snow on

them," the broadcaster said. "I never missed a Sunday morning because of the weather."

Heintzelman plays gospel by request from people in the area. They will phone in a request or a song to be dedicated to someone. However, his program has not been limited to just Floyd County.

"We've received letters from Hendersonville, N.C., Kalamazoo, Mich., and Madisonville," Heintzelman stated. "Of course, they picked us up on 'skip' when we were doing the New Year's Eve programs some years back between the hours of 11 p.m. and 3 a.m." The New Year's Eve program no longer airs on the station.

Sometimes the early morning hours and Sunday's long day in radio work and pastoral care of a church can be tiring. However, Heintzelman finds encouragement in letters he

receives from his listeners.

"I received a letter from a man named, well, we'll just call him Mr. George, who is deceased now, and he wrote that he hasn't missed a program in 21 years. He just wanted to say 'thank you'. That encouraged me," Heintzelman related. He said he gets letters like that quite frequently.

Heintzelman freely talks of the cooperation he gets from Gorman Collins, owner of WDOC, in putting on the program.

"I can't say enough about Gorman," he says. "He is easy to work with. He helps any way he can."

Heintzelman's program has been rated by ARBITRON, a rating company, as the number one gospel program in the area. Heintzelman's wife, Sylvia, does all his secretarial work for him. "Without her it would be

impossible to do a lot of things," the pastor notes.

Mrs. Heintzelman is not without her own responsibilities. She sees to the prison ministries the two have for inmates in different prisons in the US.

"She sends Bible courses to prisoners — those who want them — and to prisons all over the country," he explained. "They take a test and she will grade it and return the next lesson to them. She has about 75 to 100

enrolled in the course.

"If they have no Bible, we see that they get one. We will pay all the postage," the pastor says. "We don't ask for anything."

The Heintzelmans have been to the Holy Land, and have been active in Bible conferences throughout the United States. He works in pastoral care at the Our Lady of the Way Hospital in Martin. He is spiritual coordinator with Hospice, which deals with the terminal ill.

If that isn't enough, Heintzelman finds time to work on the staff at Camp Nathaniel in Hindman. There, he teaches, keeps the telephones repaired, and rebuilds the radio facilities at the camp.

To request a gospel song on Heintzelman's program, may write Sunday Morning Gospel Hour, Box 850, Martin, KY 41649

Sneezes have been clocked at 100 miles an hour.

30 years and Counting

Dan Heintzelman of the Spurlock Bible Church will begin his 31st year on radio May 21. Heintzelman started doing the Sunday Morning Gospel Hour on WDOC in 1958. He has been pastor of the Spurlock Church since 1954.

Elect
DANNY ALLEN
Magistrate, Dist. 2
Lucky #7 on the Ballot

- Q. Why elect Danny Allen?**
A. Because he's fair and will treat all the people equal. Just ask over 500 coal miners that I've supervised over the past 16 years.
- Q. Is one of the qualifications of magistrate being a diesel mechanic, a heavy equipment operator, or a dentist?**
A. NO—although I am mechanical minded and run heavy equipment and also a Ky. Certified E.M.T.
- Q. Why do I want the job of magistrate?**
A. The big reason is, I want to get out of the coal mines. I'll put as much time in as it takes to fulfill the job of Magistrate in Dist. 2. A magistrate's job is a full time job, and I'll put as much time in as it takes. I put in over 6200 hrs. last year in the coal mines, when regular hours would have been just over 4100 hours. So now you know I'm not scared of hard work or long hours.
- Q. Why do candidates put negative ads in the paper about other candidates?**
A. My personal answer would be that they are either running scared or they have a lack of intelligence. If you do your job, you shouldn't have any problem getting re-elected.

There's one promise I'd like to make to the people of Dist. 2. I promise to give 100 percent to fulfill the magistrate's job and when I send a road crew out for the daily duties, I'll go the other way and talk to the people to find out what problems they have. If elected, and I feel I haven't done my job to the fullest of my ability, you'll not see me running for re-election.

A QUESTION OF PUBLIC TRUST

**DAVID ALLEN
BARBER**

This man was appointed by the Chief Justice to serve on a committee to draft **ethical standards** for prosecutors

This man has gained state-wide recognition for his **aggressiveness in prosecuting drunk drivers**, and his tough stance against crime

This man can be found in his office every day, **working** at the job the people elected him to do.

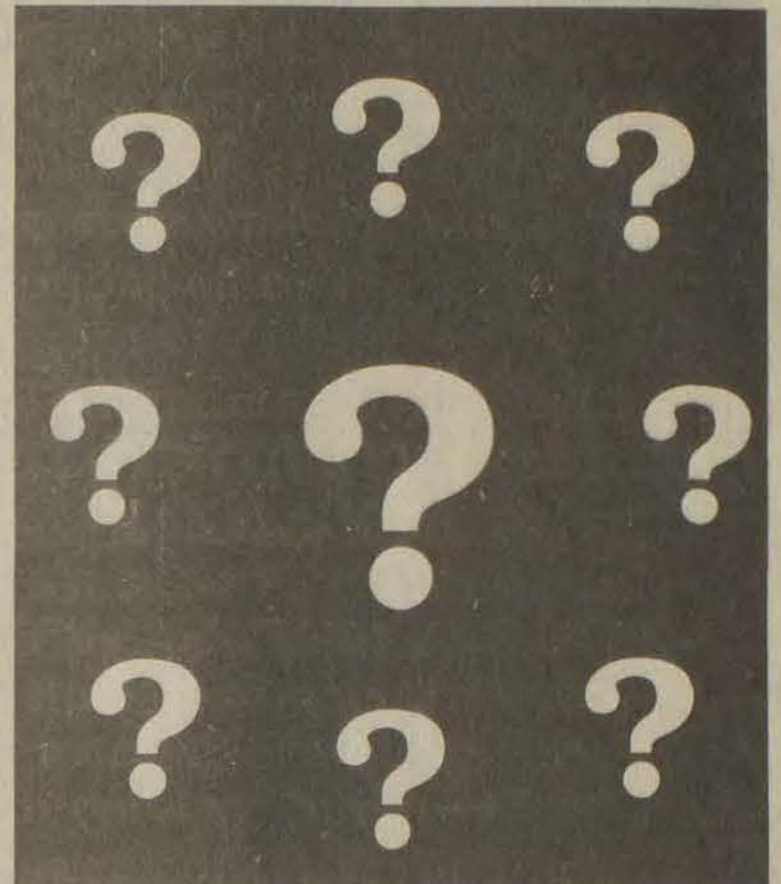

This man has **never** been arrested.

This man has **never** been indicted.

This man has **never** used his public office for his own personal financial gain.

Both of these men have been elected to public office, hence, both have public records that need to be examined. What does the record show?

**MY
OPPONENT**

This man was **DISBARRED** from the practice of law for unethical standards, changing medical documents and **falsifying records!**

This man has been **arrested** several times for **DUI!**

This man had the 3rd **WORST ATTENDANCE** record of all Kentucky state senators when he was in office!

This man has been **arrested** many times; worse he was **arrested** while he was serving in public office.

This man was indicted by the **FLOYD COUNTY GRAND JURY** for **MANSLAUGHTER.**

This man used his position as state senator to buy and lease up right of way for new roads **receiving hundreds of thousands of taxpayers dollars!**

The **FLOYD COUNTY ATTORNEY** is the **CHIEF LAW OFFICER** for the County. **HE DOESN'T BUILD** roads, airports, factories, or zoos. When a person runs for the office of Floyd County Attorney, he should know that his major job is to see that laws are enforced and that those who break the law are dealt with. If he can't face up to these issues and talk about this job, he shouldn't seek the office.

Both of these men are **WELL KNOWN IN KENTUCKY.** However, as you can see, they are **KNOWN FOR FAR DIFFERENT REASONS.** Floyd Countians are **INTELLIGENT, GOD FEARING, FAMILY ORIENTED AND HARD WORKING.** They want and deserve a County Attorney as **GOOD** as they are. Never in the history of our County has the choice between two candidates been **SO CLEAR**—One of the above two men will be elected our **CHIEF LAW OFFICER** on **MAY 23.** The person we choose **WILL SAY A LOT** about the kind of people we are.

WOMEN EDUCATORS MEET AT PARK

Alpha Gamma state members of Delta Kappa Gamma Society International were welcomed by members of Tau and Nu, hostess chapters, at the recent convention at May Lodge, Jenny Wiley State Resort Park.

About 175 women educators attended the convention which had as its theme, "Challenge of the Nineties—Excellence in Education."

A reception, prepared by Tau members, was followed on Friday evening by the honoring of state treasurer Gertrude Collins, who is retiring after 37 years of service. She was presented letters of commendation and congratulations from Pres. George Bush, Gov. Wallace Wilkinson, Sen. Wendell Ford and DKG president Marjorie Allen. Dr. Judy Rogers presided as various past presidents and friends related events from the past.

State president Delphia J. Hicks presided at a Saturday morning executive session.

In alternative sessions, Sally Miller, McDowell High School teacher, presented "Appalachia: My Place," which included a slide presentation of Right Beaver Creek as it was before, during and after the mining industry came to Floyd County. Merdith Slone, also a McDowell teacher, played and showed dulcimers he makes.

Marsha Sanson and George Ramey, instructors at Mayo State Vocational Technical School, presented a computer update. Local and/or Appalachian authors were presented by Sandra Robertson, Prestonsburg Community College librarian, and a talk on Appalachian lore was given by Betty Jo Peters, assistant professor of English at Morehead State University.

At a luncheon, hosted by Nu chapter members, chapter president Dr. Lola Doane presided, with Ann E. Carty giving the invocation. Judy Carter, president of Tau chapter, introduced Prestonsburg Mayor Ann Latta, who welcomed the group to the area.

Members of Alpha Gamma chapter from Jenkins sang a song they had written to honor their mother chapter, Nu. Marcella Mountjoy, Lambda chapter, was in charge of the birthday celebration. After the luncheon, entertainment was provided by Jerry Wadell, Pikeville College vocalist, accompanied by Mike Cooley, Allen Central High School, at the piano. Door prizes were presented.

The climax of Saturday's meeting was the Presidents and Founders Banquet. The procession of past state presidents was directed by Carolyn Wells, first vice president. Jean Baugh, second vice president, directed the procession of current chapter presidents.

Invocation was given by Roberta Davidson, Tau chapter. A medley of songs was presented by the Prestonsburg High School Honor Choir, directed by Elizabeth Frazier, a member of Tau chapter.

After the meal, Carolyn Wells introduced the speaker, Dr. Theresa Fechek, executive coordinator of DKG International in Austin, Texas. Judith Carter, president of Tau, presented

the speaker with a framed certificate from Gov. Wallace Wilkinson, commissioning her as a Kentucky Colonel.

Delphia Hicks, state president, was honored by her chapter members with a silver tray engraved for the years she served as president of Tau and as state president. Judith Carter made the presentation.

The convention closed on Sunday morning with a Ceremony of Remembrance conducted by Jean Baugh, assisted by Judith Carter and the membership committee. The Rhythmic Choir of First United Methodist Church presented "The Lord's Prayer." White roses and tributes were presented in honor of Alpha Gamma state members who have died during the past year.

KFWC/GFWC WOMAN'S CLUB NEWS

On behalf of the KFWC/GFWC Prestonsburg Woman's Club Phyllis Herrick, incoming president, presented Boots Adams, outgoing president, with a pin and a book, entitled "Kentucky," by Dr. Thomas Clark.

CLARA BALDRIDGE HONORED BY CHURCH

The Community United Methodist Church honored Clara G. Baldrige on Sunday, May 7, during morning services. Baldrige and her husband, Clifford, have since moved to Lexington.

She was a church organist for 11 years. On behalf of the congregation, the pastor, the Rev. Ron Masters, presented her with a VCR; Paul Smith, choir director, presented her with framed prints of the Prestonsburg High School, from which she graduated, and of Dewey Lake, both by local Kentucky heritage artist Russell May; and, from the United Methodist Women, a crystal bowl was presented by Ernestine Collins.

Baldrige expressed her thanks for the love and kindness she had always felt from her church family, and quoted her favorite Bible scriptures, Proverbs, 3:5-6.

Masters offered a special prayer for the Baldriged as they stood before the congregation.

Thank you,
WALTER and GERTRUDE STUMBO
Minnie, Ky.
(Pol. adv., 11-pd.)

TO THE VOTERS OF DISTRICT ONE

On Tuesday, May 23rd, you will make an important decision. That decision will be to change your magistrate or keep your tax money in the hands of a competent leader.

During my time in office I have turned creekbeds into roads, paved highways, scattered gravel, upgraded recreational facilities, built parks, pulled ditches, removed snow, graded roads, installed drain pipe, upgraded school facilities, and aided volunteer fire depts. and the senior citizens. I have worked in cooperation with city, state, and other county officials to create a Floyd Co. we can all be proud of.

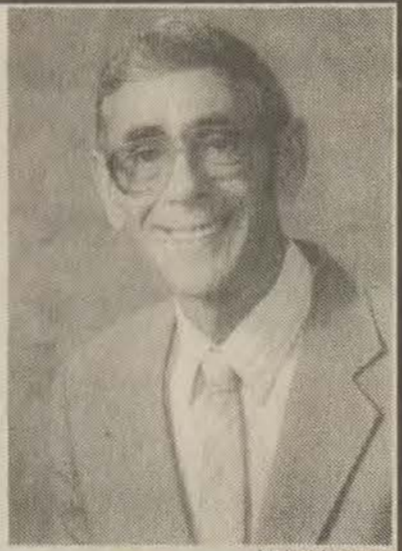

I have done all of this while managing your money with honesty and efficiency. Audit after audit the state has praised Floyd County for the financial management of your funds. All these things have happened during a time of cut-off in revenue sharing for county governments.

I approach the job full time and with the utmost sincerity for the people of District One. So when you go inside the voting booth, let honesty and service to the people be known. Pull lever #6 and keep District One moving forward.

Your Vote Will Be Deeply Appreciated

Sincerely,
Gerald DeRossett

Barnette Wins DKG Scholarship

A Floyd County teacher is the winner of the \$1,000 Ethel Parker Scholarship, given by the Kentucky chapter of Delta Kappa Gamma Society International.
Patricia S. Barnette, a teacher in the talented and gifted program at Clark and Prestonsburg elementary schools, was presented the award by state president Delphia J. Hicks, at the recent DKG convention at Jenny Wiley State Park.
Barnette is to use the scholarship in pursuing Rank I in elementary education at Morehead State University. She is the daughter of Atty. and Mrs. Barkley Sturgill of Prestonsburg. She, her husband George, and two sons live at Martin.

The scholarship is named for Dr. Ethel Parker, founder and first president of the state organization. Established in 1970, the scholarship aims to fulfill one of the purposes of the society: "To endow scholarships to aid outstanding women educators in pursuing graduate study."

Dear Floyd Countians:

With all due respect to Bert Combs, I think I know a little bit more about politics and people than he does.

I urge all Floyd Countians to vote for my granddaughter, Janet L. Stumbo, as Court of Appeals Judge.

As an eighty-seven year old great-grandmother I am very proud of Janet and her family. Janet is married to Prestonsburg Attorney, Ned Pillersdorf, and they have blessed me with two beautiful great-granddaughters (Sara 3-1/2 and Nancee 2-1/2).

I have watched Janet grow and mature from her childhood days in McDowell and Lancer, and know that with her experience as a Court of Appeals Staff Attorney, she'll make a great Court of Appeals Judge. Please support her.

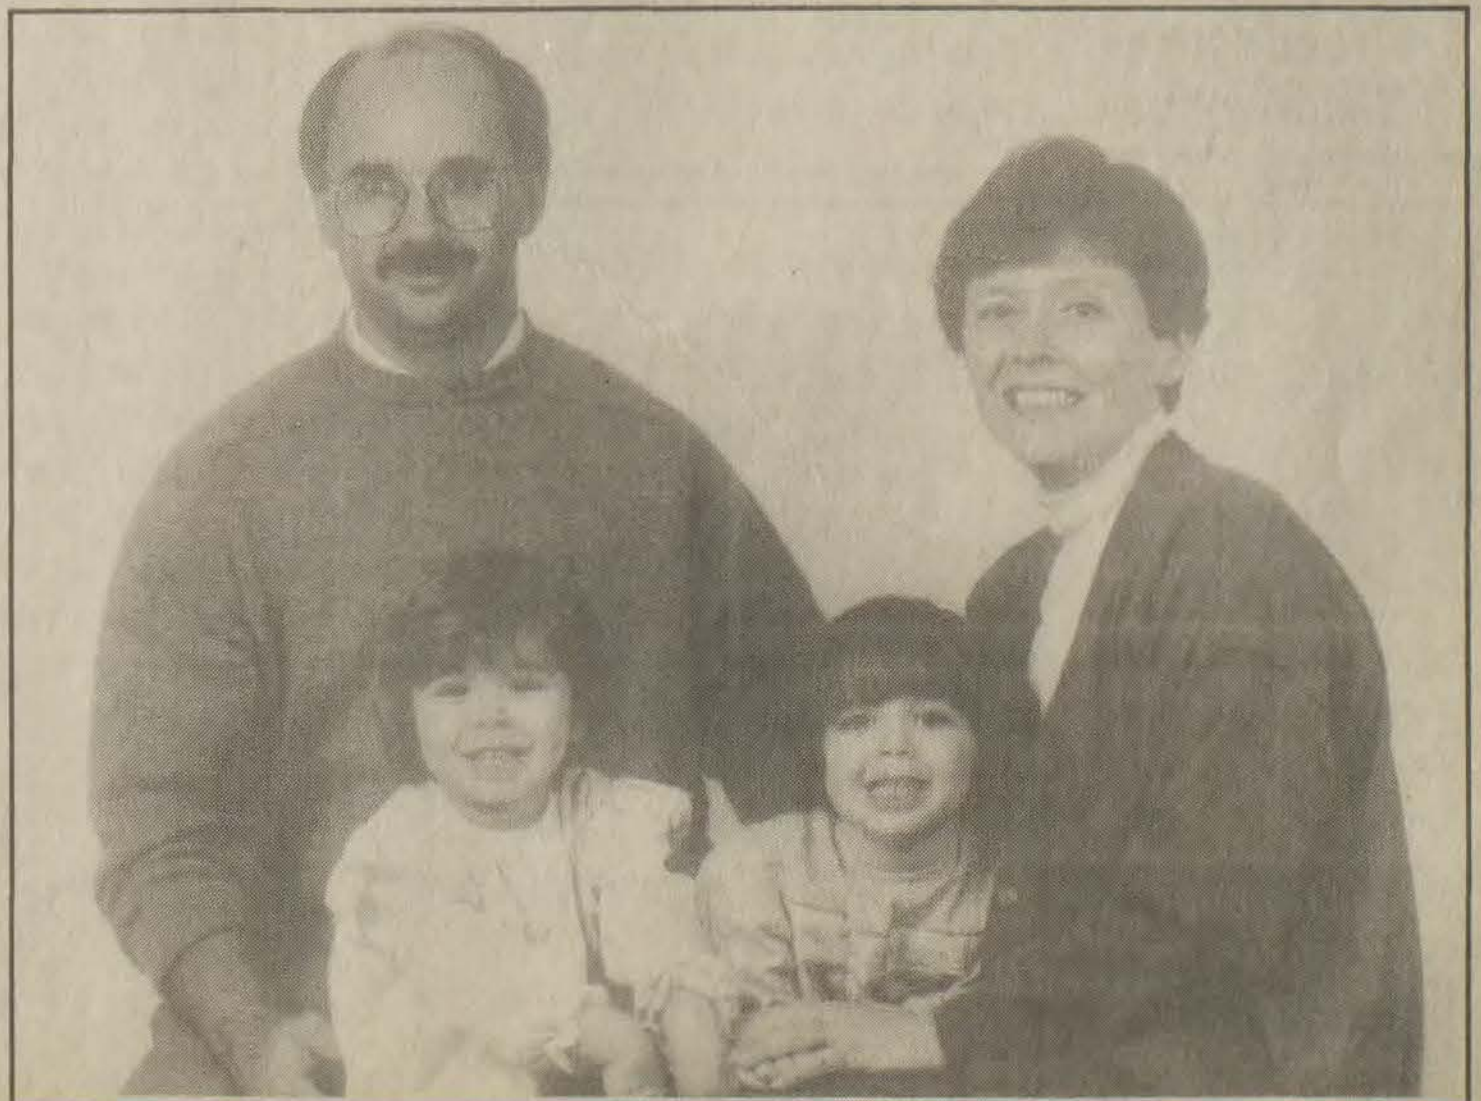

Sincerely,
Mrs. Charles (Ber) Stumbo

Hello,

I'm Dr. R.D. Marshall, your candidate for Magistrate, Dist. #2. **OPEN YOUR EYES, WAKE UP, STAND UP FOR THE RIGHTS** that each of you should have already been receiving.

Floyd County is my home, as it is yours, I love Floyd County and OUR goal should be to make it a better place in which to live. Join with me and together we will fight to keep our county clean from litter, reach out to the highest authority that will ensure safe water and proper sewage systems for every household. Let us see that all roads are paved and not graveled.

My friends, are we living in the past? You tell me!

Is your quality of life better now than it was 4 years ago?

But first let me tell you that I want to be your Magistrate, to show you that Dist. #2 has not shown overall improvement.

I am sick and tired, as you are, of hearing all of the negative criticisms about Floyd County. Let us work together and together we will be a force that will make things happen.

ADAH CHAPTER #24 MEETS

Adah Chapter #24, Order of the Eastern Star, met in regular session Monday, May 8, at 8 p.m. with the worthy matron, Paulina Owens, presiding.

It was decided that due to the weather, the rummage sale which had been planned would be postponed until a later date.

Members who had been sick will be mailed get well cards.

Owens said that attendance at the meetings had been down, and she urged all members to attend future meetings.

Present were Paulina Owens, Janie Hicks, Maman Leslie, Mabel Jean LeMaster, Patsy Evans, Billie Murdock, Thelma Hebner and Jewell Bays. The next meeting is scheduled for Monday, May 22, at 8 p.m.

GREENES VISIT

Mr. and Mrs. Henry C. Greene of West Palm Beach, Fla., were in town recently for the funeral of her sister-in-law, Pauline Dotson, wife of Everette Dotson.

While in town he stayed with his mother, Zella Greene, of Prestonsburg.

WORLAND HAS VISITORS FROM COVINGTON

Atty. and Mrs. Edward Worland and their family of Covington, spent the Mother's Day weekend with his mother, Mrs. Edward Worland Sr. and other family members in Prestonsburg.

On Sunday, they attended services with her at the First United Methodist Church.

MARTIN'S GRANDDAUGHTER GRADUATES FROM MU

Mr. and Mrs. William Martin of Martin, returned last week from Oxford, Ohio, where they attended the 150th Commencement of Miami University on Sunday, May 7.

Their granddaughter, Ann Deirdre Yabroff, graduated with a bachelor's degree in science.

Also attending were Yabroff's parents, Dr. and Mrs. Ronald M. Yabroff, and sister Jennifer of Wilmington, Delaware. Another sister, Karen Robinette Yabroff, came from Ann Arbor, Mich.

After a two-week vacation at her sister Karen's, she will leave for a three month work program in London, England.

TO THE VOTERS OF FLOYD COUNTY... WHY SHOULD HENRY C. HALE BE RE-ELECTED TO THE SHERIFF'S OFFICE?

- (1) His record speaks for itself. I think the people of Floyd County knows Henry has done his job well.
- (2) How many drunk drivers has he taken off our roads, that were a constant threat to you, me, and our kids?
- (3) Henry Hale has confiscated, burnt, and destroyed more dope and other drugs than anyone in the past history of Floyd Co. I know he was one of the first to declare war on drugs. He has and he will push as hard as he can to stop drugs in this county, and help in other agencies in cooperating to get rid of drugs.

Vote for a well patrolled county and good law enforcement. Just let Sheriff Hale keep this county under control. With someone else in charge, who know's what will happen to our safe place to live!

LET'S KEEP HENRY HALE!

**Grethel Homemakers
Hold May 2 Meeting**

The Grethel Homemakers met Tuesday, May 2, at the Grethel Baptist Church Annex at 6:30 p.m.

The meeting was called to order by Arietta Hall, president, and the devotional was lead by Glenna Evans on the word "if" — constituting circumstances in people's lives and their reactions to them.

Roll call was answered with the title of a book read recently by the member. The financial report was given by Shirley Hamilton and the lesson was "Decorating with Lamps," taught by Frances Pitts, Floyd County Extension agent. Booklets entitled "Electricity for Family Living" were distributed to each homemaker.

Apple cake, made by Hamilton, and coffee was served to Hall, Evans, Barbara Newsome, Pitts and Eileen Martin.

A Tupperware storage container was presented to Pitts to show the club members appreciation for her leadership.

The next meeting is scheduled for Sept. 5.

**A Message to the Voters of
Magisterial District No. 2.**

Please allow me to introduce myself. My name is Frank Martin, and I am a Candidate for Magistrate, District No. 2.

I have been married for over 38 years to Billie Jean Bailey, daughter of Beech and Cornelia Brown Bailey. I am the son of Fred Martin and Ada Hall Martin. My father, Fred Martin, was a school teacher and a businessman. We presently reside at Garrett, Ky. We own and operate Martin's service station and the Garrett Restaurant.

The People of Magisterial District No. 2 need a full time and hard-working magistrate.

1. A magistrate who is honest.
2. A magistrate who is dependable.
3. A magistrate who makes decisions on his own.
4. A magistrate who has the ability to get the job done.
5. A magistrate whose top priority is roads. More gravel and blacktop. Take politics out of the county road programs. More money for road equipment.
6. A magistrate who knows quite a bit about building roads.
7. A magistrate who owns and knows how to operate bulldozers, backhoes, dump trucks, and end loaders.
8. A magistrate who is concerned about little children and senior citizens.
9. A magistrate who will not shirk or dodge.
10. A magistrate who will know you and work for you after he is elected.
11. A magistrate who will treat everyone fairly and equally.

As your magistrate, I feel that I can play a considerable role in the future development of both our district and our county.

Your vote and support in my upcoming campaign will be greatly appreciated. Give me an opportunity to work with you in making a stronger, even better Floyd County.

I will be a magistrate that District 2 can be proud of.

County Residents Admitted Free To Kentucky Horse Park May 21

Residents of Floyd will be the guests for a "County Day" celebration at the Kentucky Horse Park on Sunday, May 21.

For residents of the county, admission is free to the Horse Park, according to Nore Chigaudy, Kentucky Horse Park official. Among attractions covered in the park's general admission are the two horse movies, the horse museum, the motorized park tour, the Parade of Breeds, the walking farm tour, and the Hall of Champions, home of champion thoroughbreds John Henry, Forego and standardbred Rambling Willie, she said.

A valid driver's license from Floyd County admits the driver and other family members.

Other County Days are scheduled to be conducted throughout most of 1989, said Lee Cholak, the park's executive director. By the end of the year, all 120 counties will have been honored with a County Day.

Tourism Secretary May Ray Oaken said the program was designed to make more Kentuckians aware of the Horse Park's attraction.

"We want more Kentuckians to know the Horse Park belongs to them," she said.

Appreciation Week Set; Girl Scouts Say 'Thanks'

The week of May 15 is "Girl Scout Community Appreciation Week" in Floyd County.

"The Girl Scouts of Floyd County are known for their service to the community," said Brenda Wilson, service unit chairperson. "The support we receive from these businesses and school principals makes it possible for us to continue with our service projects and with our commitment to helping girls grow into capable, confident and caring women."

As a sign of appreciation for their support, the Floyd County Girl Scouts will be honoring the following businesses, organizations and individuals with gift certificates:

Columbia Gas Company; Thomas Tackett, principal at Prestonsburg Elementary; Virginia Jamerson, principal at Osborne Elementary; Gleason Stone, principal at Melvin Grade School; Ralph O'Quinn, principal at Garrett Elementary; Gail Curry, principal at Prestonsburg Christian Academy; Tim Jessen, pastor at First Presbyterian Church; Howard Doc

Whitaker, pastor at St. James Episcopal Church; Joseph Muench, priest at St. Martha's Church, and Sue Charles, manager of Prestonsburg Food Lyon.

These people have shown their support of the Girl Scouts by providing meeting places, cash and food donations as well as promoting Girl Scouting in Floyd County, said Wilson.

Four To Attend State Club Meeting

Four Floyd County homemakers will be attending the state homemaker's annual meeting in Lexington this week, according to Frances Pitts, Floyd County Cooperative Extension Service home economist.

Homemakers from across the state will participate in business meetings, learning sessions, a health fair and will be entertained by nationally known speakers.

Attending from Floyd County will be Mary Sue Moore, Dorothy Stover, Judy Kittle, Carma Sturgill and Pitts.

Mr. and Mrs. Billy Joe Justice of Pikeville announce the wedding of their daughter, Angelique Kezia, to Arnold Brent Turner, son of Mr. and Mrs. Arnold Turner Jr. of Allen. The wedding will be held at Immanuel Baptist Church, Mullins Addition, Pikeville, Saturday, May 20, at 1:30 p.m. with the groom's father presiding. The custom of open church will be observed.

Turner, Combs To Exchange Vows

Turner-Combs

Mr. and Mrs. James W. Turner of Hueysville announce the forthcoming marriage of their daughter, Melissa Ann, to Shawn W. Combs, son of Mr. and Mrs. T. Allen Combs of Langley.

The bride-elect is a graduate of Allen Central High School, attended Transylvania University, and currently attends the University of Kentucky.

The groom-elect is a graduate of Allen Central High School. He attended Alice Lloyd College and attends the University of Kentucky.

The wedding will be solemnized on Saturday, May 27, at 2:30 p.m. at the Hueysville Church of Christ.

The custom of open church will be observed.

Johnson, Rowe Will Exchange Vows

Johnson-Rowe

Lloyd Johnson of Prestonsburg and Jo C. Conner of Sodas, N.Y., announce the forthcoming marriage of their daughter, Kimberly Mae, to Billy Wayne Rowe Jr., son of Bill and Roberta Rowe of Shelbyana. The bride-elect is a graduate of Betsy Layne High School and Alice Lloyd College. She is attending the University of Kentucky College of Pharmacy. The groom-to-be is a graduate of Virgie High School and has completed three years of course work at Alice Lloyd college. In the fall, he will also attend the University of Kentucky College of Pharmacy. The wedding will be at 1:30 p.m. Saturday, June 3, at the Presbyterian Church of Pikeville. The custom of open church will be observed.

Pikeville's Lost in the Shuffle Bridge Club met at the Pinson Hotel Coffee Shop Tuesday night.

Guilene Smith won first place over 15 others with 3,710 points. Placing second, Betty Grudin held 3,160 points, while Marie Looney came in third with 2,810 points. The club members are especially proud of Looney, a senior citizen, who has been playing bridge less than a year and is already a frequent winner.

College Square Bridge Club winners: Second place went to Betty Grudin; third was a tie between Cynthia Mulliken and John Rupley.

Midnight Madness winners were Evelyn Waggoner, first; Robert Pinson, second; and Betty Grudin, third.

Robert and Vicki Pinson entertained the bridge club with a potluck and bridge dinner last week honoring Grudin and Rupley. The club presented Grudin with a farewell gift, a box of Congress cards. Jerry Bar-

nard gave Grudin a straw hat with an invitation to the next Hillbilly Days parade. Grudin gave each member instructions on how to get to her home in Ohio for a game of bridge.

Grudin won the "Player of the Month" award for April.

VOTE FOR

GLENNIS RAY CAUDILL

My name is Glennis Ray Caudill. I am running for County Judge-Executive. I am the son of Ralph and Reva Caudill of Wheelwright, Kentucky. I married Charlene Harris, daughter of Robert and Irene Harris of Melvin, Ky. We have one son, Joseph Glenn. We live at Melvin, Ky.

If elected to the office of County Judge, I think all the people in the county should be able to state their opinion on matters in this county openly and without fear of the people whom they elect to a public office. We are elected to oversee and take care of the needs of each and everyone in our county. I feel if I am elected to the office of County Judge-Executive, I would like for all the people in Floyd County to come see me on any matter that they may have. I think that the county judge should run the office that they are elected to and NOT try to run the rest of the county. The judge's office is a part of the government because of the taxes that help run the county. It is the judge's duty to try to bring in money for roads, disasters, emergency services, water works, fire departments and parks for the people and to help bring in jobs to help all the people in Floyd County. There should be a program in the county to help clean up all the garbage along the roads and the creeks. I also would like to hire a project crew to work on the graveyards and the hollows.

THIS IS WHAT I WOULD LIKE TO DO IF ELECTED TO THE OFFICE OF COUNTY JUDGE-EXECUTIVE.

- | | |
|--|---|
| <p>(1) To be a full time judge-executive in Floyd County to help all people in the county.</p> <p>(2) To help build better roads for all the people in Floyd County.</p> <p>(3) To help clean up all road and creeks. This is pertaining to the garbage along the roads and creeks.</p> <p>(4) To help all fire departments to help better their services.</p> | <p>(5) To help get water for all the people.</p> <p>(6) To set up a committee to help people during a disasterous time.</p> <p>(7) To set up a committee to work with all the officials in the county to go to Frankfort top get money for better roads, jobs and bring industries to Floyd County.</p> <p>(8) To stop all surrounding counties from bringing in their garbage to our landfill.</p> |

JUNIOR JOSEPH

CONCERNED CITIZENS OF FLOYD COUNTY:

We all know that we have problems in our current Floyd County jail system. It is really sad to say that inmates have committed suicide in our jail facility. And that one inmate had to die suffering from lack of medical attention that would not be permitted by our current jailer.

Citizens, inmates serve time for crimes committed to pay their debts to society, but they also need protection. Citizens, to look at it, hasn't Floyd County had enough Hale long enough? I would think so. It is an utmost necessity that we put strong security and safety back into our jail system. We need to have cleanliness and provide decent meals for the inmates. We need to abolish inmates hurting one another or themselves, we also need to provide proper medical attention to our inmates when in need.

We need progress to move forward to have fine equipment in our jail as big city jails have, we don't need to keep falling backwards. When elected I will strive hard to make your jailer's office one you can and will be proud of.

MY PLANS ARE:

- 1) BRUTALITY—The Floyd County jail can do without this, and will, if I am elected.
- 2) MAKE JAIL HUMANE—By holding staff as well as residents, legally responsible for their actions..
- 3) MAKE THE JAIL SAFE—By cracking down on interpersonal violence such as inmates hurting one another or themselves.
- 4) MAKE JAIL SENTENCE TOUGH YET FAIR—BY SEGREGATING ALL VIOLENT AND DANGEROUS inmates from non-violent inmates while providing all inmates the opportunity to earn "GOOD TIME" and work their way into less restrictive environments.
- 5) TREAT INMATES AS INDIVIDUALS WITH INDIVIDUAL PROBLEMS—By offering therapeutic programs & choice of religious confrontation.
- 6) PROVIDE ALL MEDICAL ATTENTION NEEDED—We must consider inmates as human individuals as we are by giving any & all medical attention that is needed among them.
- 7) PROVIDE TROUBLED INMATES WITH PROFESSIONAL & CONFIDENTIAL COUNSELING—By counselors employed by agencies outside the jailing administration.
- 8) ENCOURAGE FAMILIES TO STAY TOGETHER—By facilitating private inmates and personal contact visits.
- 9) STOP USING THE JAIL AS A DUMPING GROUND FOR VICTIMLESS CRIMES—Such as gambling or probable drug use by inmates that may be brought to them by relatives or neighboring friends.
- 10) PLACE A RENEWED EMPHASIS ON REFORMING THE FLOYD COUNTY JAIL—By providing the resources necessary to have a truly effective rehabilitative institution for inmates to pay thier debts to society.

SHOULD YOU BE CONCERNED?

1. One Deputy Jailer fired for assisting police.
2. Inmates go on hunger strikes.
3. One female inmate committed suicide Nov., 1983.
4. One male inmate committed suicide May, 1985.
5. One male inmate suffers death due to a heart attack—while begging and pleading to our current jailer for medical treatment but was denied Dec., 1986.

YES. You should be. This is all poor negligence and uncaring concern on our present jailer's behalf.

Sister files suit in Spriggs Death

Before her brother died of an apparent heart attack in Floyd County jail in December, Jailer Lawrence Hale had "deliberately ignored" his request for medical attention.

On his admission to jail on Dec. 15, Spriggs told jailers he had had previous heart attacks: indeed, he had.

For two days before the fatal seizure, Spriggs complained of severe chest pains, requested immediate medical treatment, and asked to be taken to his doctor, but was ignored by the jailer and his deputies, the suit alleges.

Settlement Is Made In Case Against Floyd Jailer, Deputy

Spriggs's death, State Pathologist John Hunsager, M.D., and Ken Katsaris, a nationally know expert on jail procedures, testified that Spriggs's civil rights had been violated.

REGARDLESS OF THE CRIME, ALL INMATES WILL RECEIVE MEDICAL ATTENTION WHEN NEEDED.

Meet the Candidates . . .

Magistrate, District 1

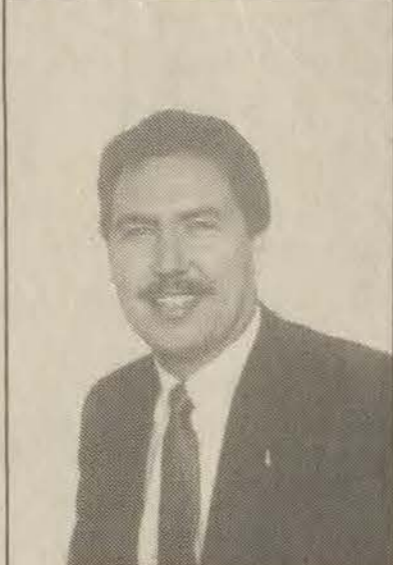

GERALD DEROSSETT

BIRDIE HICKS

THOMAS LAFFERTY SR.

CURTIS RISNER

(Editor's Note: There are seven candidates in the Democratic primary for magistrate of District 1. They are Curtis G. Risner, Gerald DeRossett, Thomas D. Lafferty Sr., Robert H. Robinson, Birdie Hicks, Dennis Lafferty and Johnny "Keith" Endicott. Not responding to the Times' questionnaire were Robert H. Robinson and Dennis Lafferty; Johnny "Keith" Endicott's response was received past deadline.)

The duties of magistrates are of an administrative nature. Do you feel the day-to-day operation of the county could be improved and, if so, how?

DeRossett: With over 300 miles of county roads in District 1 and 16 precincts, I don't see how it would be feasible to eliminate jobs. Currently in the district, employ six workers — just enough to keep the equipment running. In fact, I am currently working on plans to increase summer employment for high school and college students.

Hicks: I would have to take a close look at District 1's operation. It would be restructured for improved benefits. I will also establish a day office where I can be reached for help.

Lafferty: The day-to-day operations of the county can be improved by efficient use of the men, material and equipment now available. I have proposed increasing efficiency by scheduling road maintenance, direct supervision of the work crews and scheduling use of equipment. Planning and supervision are the keys to improving day-to-day operations.

Risner: The day-to-day operations of the county consist of maintaining the present road, water, fire protection, sewer, solid waste, and other systems. The maintenance of these

systems must be continuous and must be monitored to assure that all personnel are doing quality work.

Maintenance of the county's road system is a primary responsibility of the Floyd County Fiscal Court. What would you do, if elected, to improve the local transportation system?

DeRossett: Continue to maintain the roads of District 1 with consideration to all people. All roads have been upgraded during my time in office. Problems with drainage will continue to be a major concern in maintaining any road surface. Each year, several roads will continue to be blacktopped until all county roads are paved.

Hicks: By inspecting all roads, not showing respect to just a few areas. Working not just to repair, but working to improve, hopefully, heavier traveled roads receiving blacktop.

Lafferty: I have proposed regularly scheduled maintenance for all roads in District 1. By keeping roads properly graded and ditched, water is kept off the roadway to prevent the destruction of the roadbed. Planned road maintenance would eliminate expensive road reconstruction and wasting gravel on mudholes that only last a few months, or even weeks, in this weather.

Risner: Our goal must be to pave every road, because maintenance would be less difficult and less expensive than constantly grading and graveling. Proper water runoff and ditching maintenance must also be done to avoid slips and washing away of existing work.

If elected, would you promote economic development in the county? If so, how and in what business areas?

DeRossett: I will work in cooperation with city, county and state leaders to recruit new industry to this area. Stress our strategic location through access from Highway 80, 23, and the Mountain Parkway. I want to encourage economic growth in all areas of District 1. While doing this, I would also work with city leaders to encourage stability and growth of downtown Prestonsburg.

Hicks: Tourism has grown substantially, but there is room for more growth. I'll work with development agencies to promote our strong points. We also need a regional civic center for promotional activities in this area.

Lafferty: Economic development is best promoted by projecting your area is a good place to live. I have proposed expanding utility service and improving the quality of life in our district to make this a better place to live. Economic development should be directed primarily to small sales or service oriented industries due to unavailability of large flat land tracts. I would work primarily through the Big Sandy Area Development District, Prestonsburg Development Corporation and the Floyd County Chamber of Commerce to achieve these goals.

Risner: Economic development is the key to the future. This expands our revenue base. Quality basic services of roads, water, fire protection, solid waste, etc., must be in place to receive new business. Specific target businesses should include expanding timber industry, furniture manufacturing and solid waste recycling.

In what other ways would you improve the county? DeRossett: Keep building and encouraging the education of our

youth; economic growth through recruitment of industry, tourism, cultural heritage and yearly festivals; build more recreational facilities for children and adults; removal of unwanted brush, weeds and garbage from county roads.

Hicks: Water distribution to outlying areas. Fire protection will also be a high priority. I will also work closely with the Chamber of Commerce to develop activities to enhance our county.

Lafferty: I have proposed budgeting funds in a district account for community-oriented non-profit organizations to request funding for emergency and demonstrated need situations. I believe that through cooperation with existing organizations and government agencies, much more can be done without duplicating expenses to improve our county and our lives.

Risner: I would work to initiate discussions and joint efforts with local, state, federal and neighboring county governments to develop regional industries, parks, better solid waste disposal and recycling, litter control, tourism and recreational facilities.

Personal Information

DeRossett: None listed.
Hicks: None listed.
Lafferty: Married, 55 years old, two children. Prestonsburg Tax Assessor, two years; Prestonsburg Police Judge, four years; Floyd County District Court Trial Commissioner, three years; Floyd County Deputy Judge executive, one year; partowner and operator of Kentucky Motel, Inc., 20 years.
Risner: None listed.

Magistrate, District 2

(Editor's Note: There are eight candidates in the Democratic primary running for magistrate of District 2. They are R.D. "Doc" Marshall, Frank Martin, Kenneth Roberts, Doc Edd Moore, Jackie Edford Owens, James E. Slone, Danny Allen and Sammy G. Bentley. Frank Martin, Kenneth Roberts, Doc Edd Moore, James E. Slone and Sammy G. Bentley did not respond.)

The duties of magistrates are of an administrative nature. Do you feel the day-to-day operations of the county could be improved and, if so, specifically how?

Allen: I think instead of staying with the road crew, that the magistrate should visit different locations in the district to talk to the people to see what problems they have, or what problems they see in the future. Although there will be times that the magistrate will have to stay with the road crew.

Marshall: You are correct that the duties of the magistrate are administrative, and not who can operate

heavy equipment. Over \$12 million has been budgeted through the county in the last four years. Every dollar should be seen as an opportunity to serve all the people, and not just the magistrate and his friends. Every job, every purchase, every dollar should benefit only the tax-paying citizens of District 2.

Owens: In Floyd County, I've found that the duties of magistrate are more than of an administrative nature. There's always ways of improving anything. Being an active member of the Floyd County Fiscal Court, we are always trying to better living conditions for our people in District 2 and Floyd County.

Maintenance of the county's road system is a primary responsibility of the Floyd County Fiscal Court. What would you do, if elected, to improve the local transportation system?

Allen: I think that ditches, culverts and bush hogging are very important. After we get these things under

control, maintaining roads will be easier. I really think having all the roads in the district blacktopped is not totally out of the question; it will just take time.

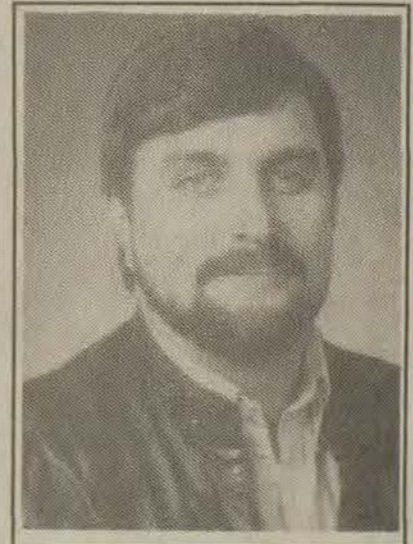

DANNY ALLEN

Marshall: First, the problem with our roads is not that men can't be found who know how to operate heavy equipment. There are many men who are capable. We are sup-

R.D. "DOC" MARSHALL

posed to elect magistrates, and hire equipment operators. Our dollars are enough, if used intelligently, honestly and unselfishly. Give every road reasonable maintenance, and demand

JACKIE OWENS

that all monies be spent wisely. Owens: I would work just as I have done for the last three and a half years to keep county roads so the people can travel them safely.

If elected, would you promote economic development in the county? If so, how in that business areas?

Allen: I would promote economic development through voting in the Fiscal Court for funds to promote jobs and industry; ask Fiscal Court to form a new business advisory committee to find ways to get jobs; and ask the Fiscal Court for a grant writer.

Marshall: First, coal mining must be helped by every public official because we need the jobs desperately. Economic development in our county requires that we bring the basic services (roads, sewers, water, fire protection) to our citizens. No new industry will come into an area where they have to provide these services themselves. We cannot vote against these services.

Owens: I would like to see the wood industry and the metal worker's industry grow in this county.

In what other ways would you improve the county?

Allen: I'd work on the sleazy politics image of Floyd County. We're better folks than our image shows us to be. As our image gets better, we'll have a better chance for jobs, industry and other paying financial programs.

Marshall: I would like to see a greater sense of togetherness among the towns and communities of our county. Let us not battle each other. We have enough problems in common, like sewer, fire protection, crime, etc. Let's stop seeing this office as an opportunity to help ourselves and close associates, but assist all the people all the time and not just at election time.

Owens: By putting a total ban on garbage coming into Floyd County. Continue to work to improve our road system and bridges, upgrade our city water, and develop more recreation

Personal Information

Allen: Married, four children, life member of DAV, member of VFW. I've been a resident of Floyd County all my life.
Marshall: None listed.
Owens: Present magistrate of District 2, Floyd County.

Magistrate, District 3

(Editor's Note: The candidates in the Democratic primary for magistrate of District 3 are Clinis Hall, Brad Martin, Bobby Turner, Elmer "Bob" Caudill, Jo A. Elliott, Bobby Gene Mosley, Robert "Bobby" Stumbo, Betty J. Caudill, Allen Van Turner, Herschell Elswick, Stoney Newsome, Grover Samons, James C. "Bub" Reynolds, Jimmy Jones, Dale Hall, Hie Samons, Robert Kay Harris and Clinton G. Little. Not responding to the Times' questionnaire were Clinis Hall, Brad Martin, Jo. A. Elliott, Betty J. Caudill, Herschell Elswick, Stoney Newsome, James C. "Bub" Reynolds, Jimmy Jones, Hie Samons and Robert Kay Harris.)

The duties of magistrates are of an administrative nature. Do you feel the day-to-day operation of the county could be improved and, if so, how?

Caudill: I would have a crew to dig graves and also keep those roads in drivable shape. I will create enough jobs to take care of our district as the budget will allow.

Hall: The office has been run primarily as a construction type office with respect to roads and so forth, which is fine, but we need the administrative qualities returned. We need good leadership and a magistrate that will try to work with the Fiscal Court, not hinder progress at every turn.

Little: Time, expense and labor could be saved if one job is thoroughly completed before moving equipment to another job (unless an emergency develops). Monthly in-

spection by the magistrate.

Mosley: The operations of the county can be improved by using the resources available in a strictly business manner. "Need" should be the top priority of each magistrate so that each district may be maintained in high standard.

Samons: I feel the day-to-day operations of the county could be improved by having a magistrate that is willing to work six days a week and to be available to all the people at all times. We need to always be aware of the needs of our district and to always be prepared to meet those needs with well-maintained equipment.

Stumbo: Yes, I feel they could be improved. I don't feel any jobs should be eliminated. There should be more manpower, if it takes part of my salary.

Allen Van Turner: Communications: As magistrate, I will hold a monthly meeting for all interested citizens in the district to discuss needs, concerns and suggestions for improvement. Accountability: The public's right to be informed (money spent, projects, etc.)

Bobby Turner: Definite amounts in the budget for each magisterial district; open-door decisions on solutions to problems in the county.

Maintenance of the county's road system is a primary responsibility of the Floyd County Fiscal Court. What would you do, if elected, to improve the local transportation system?

Caudill: I would keep the school bus routes fixed and I would see to it that all hollows have busses. All children should be treated equally. I will do everything in my power to help our people because you are the ones who pay me.

Hall: I feel the county road crews should start at one end of the district and work every road to the other end, not skip around. This would ensure good roads all of the time, not just every four years.

Little: By widening the road, installing more drain pipes, removing the water from the roads to avoid expensive and time-consuming repairs.

Mosley: To improve the transportation system there must be daily maintenance and utilization of equipment and resources. Daily maintenance will cost less in the long run.

Samons: I will do my very best to see that our dangerous bridges and rough, broken roads are repaired. I have been all over District 3 and I am fully aware of the serious problems we have with our county road system. I plan to begin with the most serious problems and attack them to the very best of my ability.

Stumbo: I would get more equipment to get the job done, which, if no funds were available, I would again donate part of my salary, plus I would donate my own dump truck to help the people in District 3.

Allen Van Turner: I would see that the roads have a proper foundation

for graveling or blacktopping. I would also ensure that the roads have a proper drainage system and are maintained on a regular basis.

Bobby Turner: Be aware of the problems and needs; be available; provide transportation for elderly.

If elected, would you promote economic development in the county? If so, how and in what areas?

Caudill: I would build youth centers for our children to go to. I would try for one every five to seven miles so our children don't have to go 20 miles away from home to enjoy themselves. Video games, arcade, pool tables, etc.

Hall: Yes, I think we should make a package of all the good things this county has to offer, then go out and sell that package to industries and entice them to come in and locate here. It could be anything from automobile plants to farming for canning companies.

Little: The key to all economic development begins with good roads. No business, large nor small, can succeed without good transportation to and from that business.

Mosley: I would promote economic development by cleaning up the county; promoting our education system; maintaining our transportation system; and promoting our natural resources. Then we can develop economically.

Samons: Yes, I would promote economic development in our county.

I am interested in the coal industry because it is the main livelihood of our people. I am also interested in tourism because we, as Floyd Countians, live in a beautiful section of our state and, with proper development, we can share our beauty with others.

Stumbo: Yes. More jobs, more help for District 3, more state and federal money brought into this area for the people.

Allen Van Turner: I would recommend formation of a committee to contact outside business and service industries to locate in Floyd County, such as tourism, furniture factories, cottage industries, small parts and fixtures to be distributed to other areas. We have the work force, we just need to utilize it.

Bobby Turner: Yes. Feeder industries for existing businesses such as mining, services and education.

Questionnaire Information

Following are several candidates' responses to a questionnaire sent to them by the Floyd County Times.

Questionnaires were not sent to unopposed candidates in either Democratic or Republican primary elections, nor were they sent to candidates for constable.

Additionally, in the coroner's and jailer's races, none of the candidates seeking office returned questionnaires.

County Clerk

CARLA R. BOLTON

(Editor's Note: Candidates for county clerk are Carla "Robinson" Bolton and Roger Webb. A third candidate, Willis R. Hall of Minnie, withdrew from the race. Webb did not reply to the Times' questionnaire.)

The county clerk is responsible for issuing and registering, recording and keeping records of various legal instruments, voter registration and purgation, election duties, and tax duties, as well as clerical duties for the fiscal court. Would you change the office's current practices? If so, why? If not, why?

Bolton: As monies, whether locally or through a state grant, become available to purchase more economical indexing system for records, purchase updated microfilm equipment. The clerk's office has no control over what the laws are on licensing vehicles collecting taxes or in registering people to vote, or in conducting elections. These are set by legislation on the state and federal level.

If elected, what changes would you make, if any, in administration of the county clerk's office?

Bolton: In administrative duties, I would not change anything. The county clerk's office is run from fees

taken in the office that are over and above what each county and state agency get each month. These monies are turned over to the proper agency each month. The county clerk's office pays employees salaries, benefits, medical insurance and office expenses, and any other claim needed to operate the office.

Other information you feel is im-

portant:

Bolton: Work with senior citizens and state legislators in trying to get a bill passed to where motor vehicle personal property taxes could be reduced or exonerated on persons 65 or older, as it is with real estate. I will continue to serve all the people of Floyd County with honesty and integrity.

ATTENTION VOTERS

Election day is just 6 days away. I strongly urge all the good friends of mine and all the voters of district #3 to consider the candidates running and their qualifications for the job of magistrate then go to the polls on may 23 and vote for the man that has the ability, know how and the qualifications to handle the job of magistrate. That man is me Stoney Newsome. A man that will bring back honesty and integrity to the office of magistrate, the voters of district #3 must unite and back a man that can and will do the job. As to my campaign, I have enjoyed meeting and talking to the people about their problems and concerns. I have seen many roads that needs repairs. And when elected I will pledge to the people of district #3 their roads will be repaired. I also pledge to have streams cleaned out, highways cleaned of all litter in district #3. I also pledge to have the Floyd County water system extended to all sections of dist #3 and have fire hydrants installed in locations so the insurance rates be cut lower on peoples property. I will support my district at all fiscal court meetings. I will vote to have the garbage from other counties from being brought into our county. The people of district #3 wants this stopped and so do I. I also will help the senior citizens to see that they have access to health care when needed. On election day go out and vote for a man that wants only the best for the people of district #3. All pledges that I have made will be carried out. This is not just a bunch of campaign promises.

I'm Asking For Your Support of Paul Hunt Thompson

Determination and leadership are two very necessary qualities in a sheriff.

I personally know that Paul Hunt Thompson is a determined young man, who if given the chance, will help you solve the problems of law enforcement in Floyd County.

He has proven, time after time, that he is a leader to all of Floyd County and to us that know him. I believe that these qualities can best be used, to serve you, with Paul as your sheriff.

I'm asking you, my friends in Floyd County, to go out May 23rd to vote for and support Paul Hunt Thompson.

A man who will get the job done.

(Continued From Page 1)

In what other ways would you improve the county?

Caudill: I would put a swimming pool in at Minnie Park and I would keep the parks clean and safe for our little children, as well as the big ones.

Hall: Improve the water systems, clean up the garbage, provide jobs, develop new industries, construct safe bridges and provide good quality roads of all of District 3.

Little: I feel that a good magistrate should be able to unite with the citizens, county workers and Fiscal Court to improve Floyd County. Also, the county can be improved if the magistrate could at all possible attend the Fiscal Court meetings.

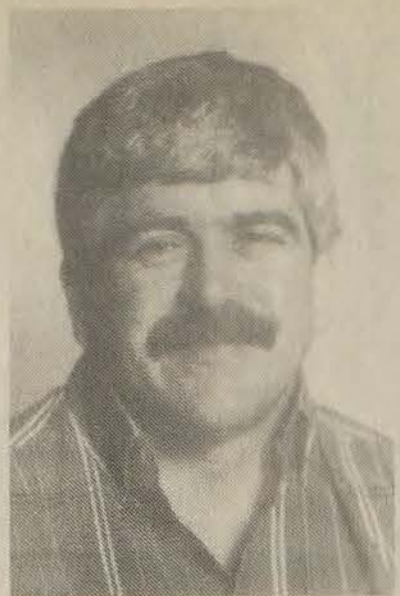

Mosley: I would help to upgrade all of our volunteer fire departments and help get working water systems in all areas. This would assist everyone with insurance.

Samons: I would improve our county in several ways. I feel our public water system should be extended to all our people. We also need to define, establish and enforce our litter laws until they are effective and consistent. We need to stop our litter problem at the source. I am interested in maintaining our public parks for our children, making them a safe place to play that is clean and well-equipped.

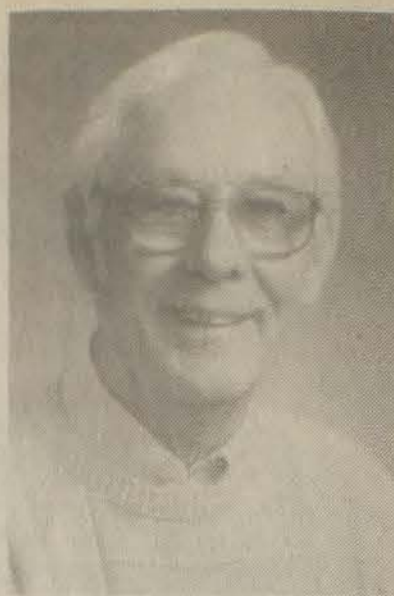

Stumbo: To up keep roads, creeks, hollows, parks, cemeteries, and to provide a better service to all the people in our district. Anything it takes to help.

Allen Van Turner: I would strive to reestablish a standard of honesty and integrity for public officials, by dealing fairly with the people and their tax money. I would also recommend to the Fiscal Court the improvement of the roads, water and sewage systems.

Bobby Turner: Encourage tourism, industry and better schools.

(Editor's Note: There are four candidates for the Democratic nominee for magistrate of District 4. They are Ermal Tackett, Don Riley, Arnold "Red" Salisbury and Herman Conn. Not responding to the Times' questionnaire were Ermal Tackett, Arnold "Red" Salisbury and Herman Conn.)

The duties of magistrates are of an administrative nature. Do you feel the day-to-day operation of the county could be improved and, if so, specifically how?

Riley: I personally feel we should hire more people in each district. To try to solve the health hazards of our garbage problems. When not repairing roads, our county employees need to help remove the garbage so the citizens of this district won't have to pick it up themselves.

Maintenance of the county's road system is a primary responsibility of the Floyd County Fiscal Court. What would you do, if elected, to improve the local transportation system?

Riley: any road must have drainage. Without proper culverts and ditches cleaned out, it is a waste to put blacktop or gravel on roads such as this.

If elected, would you promote economic development in the county? If so, how and in what business areas?

Riley: I know that coal is the backbone of our county, and we should try everything we can to help in any way possible this industry and coal truckers. Without coal this part of Kentucky is dead.

In what other ways would you improve the county?

Riley: With my own two hands, get the garbage out of our ditches and streams. Also see that the people of Daniel's Creek and Ivy Creek have water lines to their homes.

Personal Information

Riley: A life-long hard worker.

County Judge-Executive

(Editor's Note: Democratic candidates for county judge-executive are Glennis Ray Caudill, John M. Stumbo and Dickie Hall. A fourth candidate, Devon Scalf of Stanville, withdrew.)

The county judge-executive is responsible for the day-to-day administration of county business. Do you feel the operation of the county could be improved and, if so, specifically how?

Caudill: Yes, I feel the administration of county business could be improved. I would be aware of all the problems of the county and work with the people in solving these problems for all of Floyd County, not just for a select few. Floyd County should not be the "dumping ground" for surrounding counties. The water lines should be made available to everyone, and I would work towards connecting these lines to these people.

Hall: I feel that the Floyd County Judge-Executive could improve the operation of the county by doing away with "one-man rule." To improve operations, the judge must delegate responsibilities to qualified employees. Specifically, the county lacks a qualified road foreman, a county planner and other office personnel that can effectively answer everyday questions presented by the public, so as to allow the judge to have a hands-on approach dealing with county-wide problems.

Stumbo: My tenure started in May 1983. I have reduced staff and computerized operations, I have been complimented by the state auditor's office. I have blacktopped over 125 miles of county roads and will continue my program. I have also secured 25 miles of water pipe and overseen installation.

Would you, if elected, make any substantial changes in budget allocations? If so, what changes, and why?

Caudill: I would allocate more

money for recreation areas or parks to bring in more tourism, which would, in turn, bring more money into the county. I would also allocate more money for the priority problems, such as roads and water lines.

Hall: I would make substantial changes in budget allocations in the areas of economic development, recreation facilities, senior citizens' facilities, volunteer fire departments, fish and game clubs throughout the county, and a central location for a county youth center. I would stress the county youth center in hopes of keeping our children away from and free of drugs and crime by giving them a place of congregation in a chaperoned environment.

Stumbo: I have prepared the budget for five years, and do not foresee any changes with the current revenue. I will continue to blacktop roads, fund senior citizens, fire departments, maintain parks and overall water and sewage.

If elected, would you promote economic development in the county? If so, how and in what business areas?

Caudill: Yes. Floyd County is rich in timber and I would work to promote the timber in order to bring the industry interested in our county. We have land in Floyd County that could be developed into potential business sites, such as malls, etc., and this could be in all areas of the county.

Hall: I would promote economic development in the county by building an industrial park to relocate existing business and/or to locate new businesses. Next, I would promote economic development by giving tax incentives to the residents of this county and businesses that will assist in the cleaning up and maintaining of a safe environment, and would aggressively encourage the resurrection of the family-operated small coal

mines and coal-related facilities, in concert with the development of manufactured wood products such as furniture, and the exportation of lumber, such as hard wood flooring.

Stumbo: I have spent many hours and will continue to on economic development, securing water and sewage grants. For example, Floyd County received \$403,000 for water and sewage for the development of the two shopping centers, GlynView Plaza and Prestonsburg Village, and Holiday Inn, which now employ about 460 new workers.

In what other ways would you improve the county?

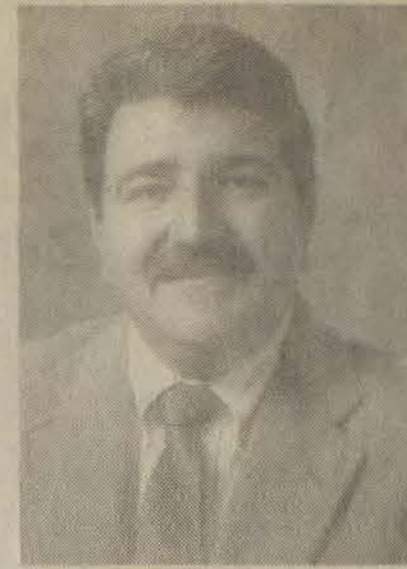

Caudill: I would be there to listen to the people and their problems and work with them on their problems and serve all the people. I would start a "clean county" program and in working together, we could change the county's rural image. I would also stand behind the people, not the politicians.

Hall: I would improve the county by having a qualified county planner knowledgeable on ways of obtaining grants and low-interest loans so as to update and expand water, road and sewage systems throughout the county, in hopes that our "bed pans" could be thrown into the garbage.

Stumbo: County-wide sewage and water, and with the help of our citizens, remove litter and make Floyd County clean and green.

Re-Elect Gerald DeRossett for Magistrate

We are taking this means through the newspaper to ask you our friends and relatives to go vote for my nephew Gerald. Gerald is the youngest son of my late brother Alex DeRossett. I have been around Gerald all of his life, and he is very close to me. I know beyond a shadow of a doubt (and it speaks for itself) that Gerald is the most qualified, honest, and experienced man for the office of magistrate.

We are moving in the right direction in District #1. Let's keep it moving.

ELECT ERNIE RAY LAFFERTY

Constable, Dist. #1

Qualified

NO. 4 ON THE BALLOT

As Your Constable In District #1:

1. I will keep our office open to the public.
2. My home phone will remain listed for 24 hr. assistance.
3. I will work with all law enforcement.
4. I will fight against drugs and the sale of alcohol to children.
5. I will fight against child abuse.
6. I will work for you.

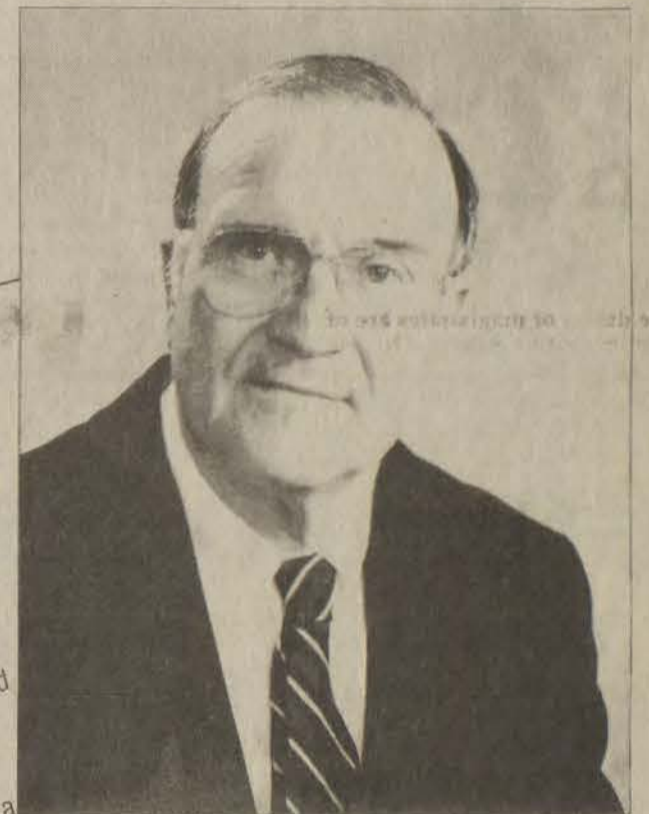

Why vote for you for public office if you cannot call or contact them?

Again, my phone will remain listed for you. We can make Dist. #1 a better place to live. I am asking each and everyone for your vote and support. Help elect me,

ERNIE RAY LAFFERTY
AS YOUR NEXT CONSTABLE.

Why I Want to be Your Next Judge on Kentucky's Court of Appeals

STURGILL FOR JUDGE

Dear 7th. Judicial District Resident:

Why should you elect me to the Kentucky Court of Appeals? Why am I asking for your vote?

I believe both answers are similar. Simply put, we have great feeling for our region!

This District has been my lifelong home. Its well-being is important, and that is why so much of my time and energy have been devoted to doing what is in the best interest of all who live here.

As a practicing attorney for 36 years, I have made time available as a volunteer working with various civic groups and others on projects like the East Kentucky Leadership Conference. Additional effort has gone into work with the Big Sandy Area Development District, the Kentucky Law Enforcement and Crime Commission, and the Governor's Economic Development Commission.

I am a former Chairman of the Kentucky Public Service Commission, appointed by then Governor Wendell Ford, and the people of Floyd County elected me their County Attorney for three terms.

This background, training and experience help provide a unique understanding of our region, including its difficulties and challenges. So I want to keep working on your behalf, in your best interest, just as I have in the past on both the local and statewide levels.

Serving you on the Court of Appeals is the highest honor I can receive. I pledge to devote to my every working hour the same degree of maturity, judgment and integrity I have offered in the past. Remember, this is a non-partisan race. Your vote will be appreciated.

Respectfully,

Barkley Sturgill

County Sheriff

(Editor's Note: There are four Democratic candidates for sheriff—Henry C. Hale, Bert T. Hall, Paul Hunt Thompson and John K. Blackburn. Thompson did not respond to the Times' questionnaire.)
Do you think law enforcement in the county can be improved? If so, how?

Blackburn: Definitely. By having 24-hour dispatching and patrol service, by having all full-time deputies, including the sheriff, certified. By establishing a merit system for all full-time deputies. Having a sheriff that will be available to the public 24

hours a day, seven days a week, in case of emergencies. (If not in person, at least by phone.)

Hale: Yes, I feel that any department may be improved and the sheriff's department is no exception. The sheriff's office is desperately in need of more financial assistance in order to update the department so we can give more efficient and better service to the public.

Hall: Voting all of Floyd County dry, not just two.

Does the county need more, fewer, or about the same number of

deputies, and why?

Blackburn: I think that eight certified deputies (two for each district) would be an ideal amount. I feel that it is not the quantity of our deputies that is the problem, it is the qualifications. All deputies should be trained and certified.

Hale: Yes, I do feel that we should have more full time deputies in the sheriff's department. Although the sheriff's department is funded solely from fees from your taxes and the fees charged for service made on court documents, the Fiscal Court has the authority to set the number of deputies and their salaries which the sheriff may employ.

Hall: More; need around the high schools because kids are taking their lunch money and buying beer with it. Anyone can be a deputy, coal miner, truck driver, etc. They all qualify to me.

How would you, if elected, address drug problems in the county?

Blackburn: If elected, I will declare a real war on drugs by starting a drug educational program in all Floyd County schools. Then our children will learn how to say "no" to drugs. By starting a reward fund for informants for the arrest and conviction of drug dealers.

Hale: We need more drug education; more concerned citizens to stand up and report drugs; stiffer penalties for drugs; funding to help educate and make the public aware of drug users.

Hall: Get rid of all liquor and beer in our county because that's where the drugs start.

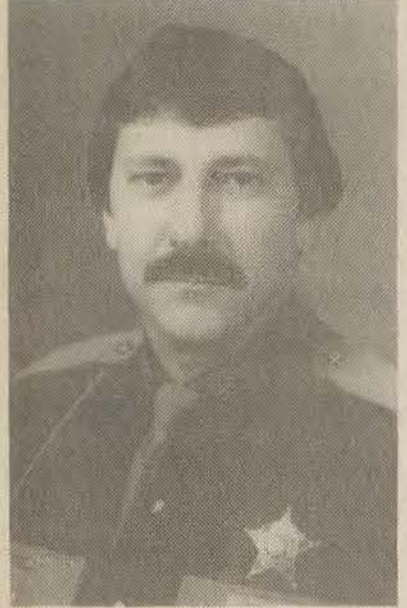

What other aspects of the sheriff's office do you feel are important, why, and are changes needed?

Blackburn: A toll-free number for people in District 4. These people are in Floyd County, too, and deserve access to the Sheriff's Office. Establishing a better working relationship between the city police departments and Kentucky State Police. This would be a big improvement in the law enforcement in Floyd County. All law agencies can better serve the people in Floyd County if they unite together.

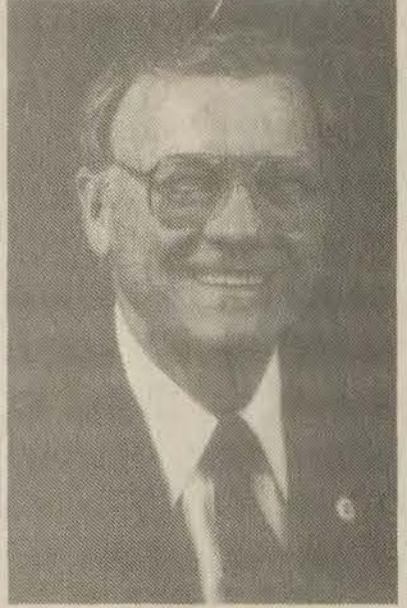

Hale: I feel that every aspect of the sheriff's department is important, whether it be law enforcement or collection of taxes. The sheriff's department should have a department that is run efficiently and knowledgeably at all times.

Hall: No abuse in the office to anyone.

Personal Information
Blackburn: Prestonsburg High School graduate, seven and a half years law enforcement experience, law enforcement course at Prestonsburg Community College.

JOHN K. BLACKBURN

HENRY HALE

County Attorney

(Editor's Note: Candidates for county attorney are David Allen Barber and Jimmy Martin Hammond. Hammond's response was received past deadline.)

The county attorney must prosecute all violations of the criminal and penal law in district court. Would you change current prosecutorial practices and, if so, how?

Barber: The district court in Floyd County is extremely busy, and works hard in very limited space. My office has handled over 6,000 warrants, 1,000 juvenile hearings, 11,000 traffic cases and thousands of other moving traffic citations. Within the present limitation, I feel the court system is extremely efficient to handle this heavy case load. I will work to further improve our system, including trying to

develop better procedures so that those serving on jury duty will not be required to wait as long before being notified whether they are dismissed for the day.

A large number of cases are regularly dismissed in district court. Would you change this and, if so, how?

Barber: This is an interesting question since my opponent has been charged twice with DUI and both charges were dismissed without going to a jury. I intend to continue strict enforcement of drug laws and DUI laws. Additional emphasis will be placed on litter violations. A recent article in the Lexington Herald-Leader showed we have one of the lowest dismissal rates of any sur-

rounding county.

How many additional attorneys would you employ, if you are elected, to assist in prosecution?

Barber: The county attorney and his assistants hold a position of public trust which requires honesty and integrity. I will employ as many assistants as the county and state provide funding for, so long as each is honest, has never been convicted of a crime, and does not have a drug or alcohol problem.

Democrat Candidate For
MAGISTRATE

DISTRICT No. 3

Your Vote & Support Appreciated

Hello, my name is Clinton Little. I am running for the office of Magistrate in Dist. #3. I am the son of Mack and Lila Little of Wheelwright. I am married to Eva Jacobs Little, daughter of the late Melvin Jacobs and Grace Jacobs of Price.

I have been a Floyd County bus driver for over 20 years. So I am very familiar with the condition of the roads.

I have never been arrested in District 3. I will work hard with the Fiscal Court to improve the conditions in Dist. 3. Thank you for your time and consideration. Number 18 on the Ballot.

Citizens we ask you to vote for **GERALD DEROSSETT**

We would like to take this opportunity to ask you to re-elect Gerald DeRossett as magistrate of District #1 (No. 6 on the ballot). We can not say all of the good things this honest man has done for us. Gerald is always there for the people of District #1 regardless of the hour, day, or night. This is proven by the many times Gerald has worked after 1 a.m. Gerald has worked on holidays such as Christmas Eve and Thanksgiving Day. Gerald, along with his two main volunteers Gerald Douglas, James Alex and John Bryan DeRossett have cleared many roads on Saturday night to allow church services to be held the next day. We know that Gerald DeRossett is the most experienced, and the best qualified person to serve in the magistrate's office. Gerald DeRossett gets things done by working for us all of the time. If Gerald should have some spare time, you will find him with his wife Katie watching his as well as your children in various school activities.

To You, THE VOTERS of **FLOYD COUNTY**

It is at this time of any election year that we are all tired of reading the negative political ads and hearing empty promises, and this year even if we refuse to read the paper or turn the radio on, each day as we drive to and from work we are greeted with a new addition to the "BILLBOARD WARS". Won't you be glad when the old familiar Pepsi or Coke ads are back up?

In response to all this, I feel it necessary to speak up and comment on one particular race and, that is, the County Clerk's race. I am sure that there are many of you who don't know me, but those of you who do know that I am not, by nature, a person who gets involved in politics, but when I see an office upgraded and improved, as has been done with the Floyd County Clerk's office, then I feel the person responsible for that deserves our praise and our vote, and that person is Carla "Robinson" Bolton.

You have seen in Carla's ads only a brief summary of the improvement and changes which have been made in the County Clerk's office since she was elected. These aren't promises but reality, and remember that these records are "yours", specifically, your deeds, mortgages, marriages and veteran's discharges, to mention a few. Carla has modernized the manner in which the records are indexed for quick location, and safeguarded, by backup micro-filing. These improvements are invaluable to you, since they are preserving your historical records, "now and for future generations", and your personal records, which have been earned by your sweat and blood, and are simply irreplaceable.

I spend a great deal of time in the course of my work, as an attorney, in this office and the Clerk's offices in other counties in our State, and I can tell you without reservation that you have a County Clerk's office which is "one of the best" and second to none. Since I spend more hours working in the Floyd County Clerk's office than anyone else in the County, with the exception of Carla and her staff, it's been my observation that she and the entire staff are efficient and courteous to anyone seeking information or assistance, whether looking for their deeds or other records.

As for one particular ad ran by one of her opponents, Roger Webb, reprinting a 1983 news article about a former County Clerk, the people of Floyd County are smarter than that. Give us some credit, we don't live in the past, this is 1989. We want a winner with a proven track record, and I'm sure even he would bet on a winner, right, Roger?

I ask you to vote for a proven winner, Carla "Robinson" Bolton, to continue running an office that we, as Floyd Countians, can all be proud of. "Your County Clerk's Office."

NOTICE OF INTENTION TO MINE Pursuant to Application No. 836-0168 Amendment #1

In accordance with the provisions of KRS 350.055, notice is hereby given that Sandy River Mining Corp., Box 218, Ivel, Ky. 41642, has filed an application for an amendment to an existing surface and underground coal mining and reclamation operation. This amendment proposes to add 1.91 additional acres of surface disturbance and will delete 1.27 additional acres of surface disturbance and will add underlying acreages of 56.00 acres and will delete 1.51 underlying acres for a total proposed permit acreage of 154.43 acres located 3.50 miles west of Harold in Floyd County.

2. The proposed amendment area is approximately 1.50 miles southwest from KY 2030's junction with KY 1426 and located 3.50 miles west of the Levisa Fork of the Big Sandy River. The latitude is 37° 31' 20". The longitude is 82° 40' 37".

3. The proposed amendment is located on the Harold U.S.G.S. 7.5 minute quadrangle map. The surface area to be disturbed by this amendment is owned by Bernard Clark, Ronald Newberry, Willie Lawson. The proposed amendment will underlie land owned by Bernard Clark, Ronald Newberry, Willie Lawson, Arron Tackett, John P. Hall, Henry Harvey, Parson Estate, George Kidd, Vernon Case. The operation will use the contour & auger and underground methods of mining. This operation is proposing a post mining land use change from forest land (pre-mining) to pasture land (post mining), also this operation is proposing to mine within 100' of public road Ky 2030. This operation will not involve the relocation of KY 2030. This operation proposes to retain the access roads "B,C,D & E as permanent facilities.

4. The amendment application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 503 South Lake Drive, Prestonsburg, Ky. 41653. Written comments, objections, or requests for a permit conference must be filed with the Director of the Division of Permits, #2 Hudson Hollow Complex, U.S. 127 South, Frankfort, Kentucky 40601. 5-3-89.

The operation is approximately 1 mile south from State Route 122 junction with State Route 680 and located 0.01 miles east of Left Beaver Creek. The latitude is 37° 26' 56". The longitude is 82° 44' 19".

The proposed major revision is located on the McDowell U.S.G.S. 7 1/2 minute quadrangle map. The surface area to be disturbed is owned by J. C. & Sarah Cooley, and Nick A. Cooley.

The application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 503 South Lake Drive, Prestonsburg, Ky. 41653. HOROSCOPE

May 21 through May 27

GEMINI (May 21 - June 20)
 An Aquarius may confuse your emotions this week. Talking about your problems with an authority figure will prove helpful. Keep a sharp eye on finances.

CANCER (June 21 - July 22)
 Writing letters to influential people may bring you rewards you never dreamed of. You should give in to your creative whims in the areas of love and work.

LEO (July 23 - August 22)
 It is time to get yourself together. A friend needs to be consoled, due to a great loss. Take time for your family; they, too, need your support.

VIRGO (August 23 - September 22)
 Your career needs your attention this week. An authority figure will drive you crazy at work. Just bide your time, it will all be over soon, maybe.

LIBRA (September 23 - October 22)
 Your life could greatly improve in the romantic sector this week. Tell those worried about your financial picture that everything is OK.

SCORPIO (October 23 - November 21)
 Shopping will cheer your waning spirits even if you don't buy anything. You may also run into a forgotten acquaintance while you are out.

SAGITTARIUS (November 22 - December 21)
 Someone in your family needs to know if you can be depended upon. A Leo could bring you terrific luck this week. Be wary of relatives trying to sell you on an idea.

CAPRICORN (December 22 - January 19)
 Your life is a little mixed up this week. Actually things haven't been going well for a while. That may change soon. An inexpensive trip could prove interesting.

AQUARIUS (January 20 - February 18)
 You must make a difficult decision in the love sector this week. Go with your instincts and you can't go wrong. A relative could be the key to solving a difficult question.

PISCES (February 19 - March 20)
 A problem at home could make things difficult at work for you this week. Take a little more time with important matters and check everything twice.

ARIES (March 21 - April 19)
 Slow down and enjoy the simple things in life. Starting a new exercise program could help you and those close to you get rid of stress.

TAURUS (April 20 - May 20)
 A specific problem in your community needs your immediate attention. If you haven't yet made improvements in your appearance, now is the time.

Wild America Yosemite is home to six species of chipmunks. The life stories of several of these are seen amid the grandeur of the park.

MOVIE: Southern Comfort A routine weekend maneuver by a nine man National Guard patrol in the Louisiana bayou turns into a horror scene. *Keith Carradine, Powers Boothe. 1981. 'R'*

Sean Connery brings maturity to role in 'The Presidio'

By Cary Pepper

Two men are deeply involved in an argument. The younger man complains that the "old man" is a know-it-all; he responds that "the kid" is a self-destructive hot head. Sounds like a turbulent but typical father and son relationship... but it's really a seasoned Army colonel and a young cop disagreeing about how to solve a murder and getting nowhere fast. The argumentative pair is Sean Connery and Mark Harmon in the taut crime drama *The Presidio*, premiering June 10 on Cinemax and June 17 on HBO.

In *The Presidio*, Connery portrays Lieutenant Colonel Alan Caldwell, the gruff, by-the-book provost marshal of the 1,400-acre San Francisco Army base for which the film is named. The movie gets off to a slam-bang start when a burglary at the camp leaves an M.P. dead. Then it spills into the city for a stomach churning car chase, the likes of which could only be filmed on those daunting roller coaster streets. This in turn leads to more dead bodies—and a shared investigation by the U.S. Army and the San Francisco Police Department.

Representing the S.F.P.D. is inspector Jay Austin (Harmon), a former M.P. himself, who used to be stationed at the Presidio under Caldwell's command. The two neither like nor respect each other and an old feud between them picks up where it left off years ago. Complicating matters is Caldwell's pretty daughter (Meg Ryan). She and Austin are instantly drawn to each other, giving Caldwell one more reason to dislike his ex-M.P.

But there's a killer loose, and the only way they're going to find him is to find a way to work together. Even-

tually, trading leads as they exchange insults and outbursts, the two men begin to heal old wounds and build respect for each other.

Over the years Connery has played everything from Robin Hood (*Robinhood and Marian*) to a space station sheriff (*Outland*). Of course, the inevitable association is James Bond. Ian Fleming's personal choice to portray the indomitable secret agent on screen, Connery played Agent 007 seven times—and for many fans he remains the definitive Bond.

Just as in the Bond films he epitomized suave sexuality, cunning and agility, so now he seems to have become the embodiment of mature wisdom, experience and quiet strength. In *The Name of the Rose*, he plays a Sherlock Holmes-like monk who solves a series of baffling murders at a remote abbey. In *The Untouchables*, he's a street-wise cop who helps capture Al Capone. That performance earned him a 1987 Oscar as Best Performing Actor. *The Presidio* followed and next he will star opposite Harrison Ford in the next *Indiana Jones* movie as Indiana's father.

But don't make the mistake of thinking he's traded one sort of typecasting for another. Connery has clearly proven he has the talent to bring something different to each character he plays, while adding his special presence and energy to every film he's in.

Whether gritting his teeth over the impetuosity of his young partner, trying to impose his will on his daughter, seeking advice from an old friend or shedding tears, he makes *The Presidio* an entertaining action drama that leaves a strong impression.

TV Q&A

'Dolphin Cove' served its purpose for CBS

By Polly Vonetes

Q: I loved the show Dolphin Cove that was on only a short time. Are they making more, will it come back? Or are we going to spend our time wondering if they found the treasure and if the girl is going to talk? Please answer, I'm sick of writing letters and not getting an answer! —Rochelle Amburgey, Linwood, N.Y.

A: Yes, it is frustrating to write letters and feel you are being ignored. As you can see, space for this column is limited. I must choose the questions whose answers will have the widest appeal. Since many viewers have written in about *Dolphin Cove*, I chose yours to answer. The ratings were not what CBS was hoping they would be for this series, therefore it was canceled and probably never to be heard from again. Sorry about that, but at least I answered you.

Q: When will Bonanza The Next Generation be back on again. Is it a series? Is Pernell Roberts still alive? What other movies has he made? You must not answer all your mail. This is my fourth letter. —Marilyn McCallister, Anchorage, Alaska

A: Well Marilyn, I do the best I can in answering the many questions I receive. With space limitations and little time to answer personally, you'll have to forgive me. But be assured, all the letters are read. *Bonanza, the Next Generation* was to be a movie. However, if the ratings warrant it you may see it as a series one day. Pernell Roberts is alive and was seen recently in NBC's *Around the World in 80 Days*. His other films include: *Desire Under the Elms* and *Ride Lonesome*.

Q: On the show High

Frank Converse

Mountain Rangers there was a boy named Cody. How old is he? Where does he live? Are they still making the show? —Chad Acuff, Mankato, Minn.

A: The character Cody on *High Mountain Rangers* was played by Shane Conrad, the 17-year-old son of Bob Conrad. He is a student at Montclair High School in Los Angeles. The series, now called *Jesse Hawkes*, has returned to the CBS Saturday evening schedule.

Q: I would like some information on a western movie starring John Wayne. It was called The Three Godfathers. When was it made? Who else was in it? Will it ever be out on video? —Judy Thompson, Glendive, Mont.

A: *The Three Godfathers* was released by MGM in 1948. It starred, along with Wayne, Pedro Armendariz, Harry Carey Jr. and Ward Bond. The film is dedicated "to the memory of Harry Carey, bright star of the early western sky." So far, it has not been released on video.

Seller Financing Not A Last-Resort Option

Seller financing has been seen as a last-resort option for home-buyers during periods of high interest rates because many otherwise qualified buyers can't meet underwriting requirements to qualify for the larger monthly payments a higher interest rate causes.

Seller financing should be a priority option, according to H. Parker Blount and Shauna Blount, whose article, "Consider the Seller as a Lender," appears in the April issue of Real Estate Today, the official publication of the National Association of Realtors. "It is an attractive option not only in times of high interest rates, but also in times of low interest rates," maintain the authors.

Shauna Blount is a salesperson with Williamsburg Ltd., Realtors in Lithonia, Ga.; H. Parker Blount, Ph.D., is an associate professor of educational psychology at Georgia State University in Atlanta.

Seller financing is simply a form of a loan, much like one from a lending institution. "The difference is that the lending institution lends hard dollars; the seller, on the other hand, lends his equity to the buyer," state the authors.

The borrower is obligated to repay the loan, generally securing the note with the home as collateral, and the consequences are the same for the holder of the note whether it is held by a lending institution or by the seller.

To make a mortgage loan, a lending institution withdraws money from its accounts and pays it to someone on behalf of the borrower. The borrower then repays the amount borrowed, plus an agreed-upon interest rate. The seller may receive the same interest rate as the lending institution, but his profit is based on appreciation, not actual dollars. "In other words," the authors assert, "the yield represents money the seller never had in his possession."

"There are three variables, referred to collectively as terms, that sellers should keep in mind when financing their property," advise the authors. They are: The amount of loan—limited to the amount of equity the seller has in the property; time of payback—negotiable, as is the schedule of payments; and interest rate—sellers may charge as high a rate as they wish so long as they don't violate usury laws.

"Often sellers charge little higher than current rates, since they're saving the buyer closing costs and the considerable time involved in qualifying for a mortgage," according to the authors.

Sellers should consider two points before deciding to proceed with owner financing. If the home is free and clear with no liens, or if the mortgage is assumable, then seller financing is a viable option. Due-on-sale clauses in mortgages make it difficult to transfer title and keep the mortgage in force.

A second point the owner should consider is his or her financial status. "If the owner doesn't clearly need all the money immediately, he may have a basis for owner financing," advise the authors.

"As a marketing strategy, seller financing magnifies a property's sales potential," according to the authors. The seller has the advantage of controlling both price and terms. "The seller can manipulate either or both to make the property more attractive and not necessarily lose anything in the process," assert Blount and Blount.

"Although seller financing is an alternative for every seller, there may be circumstances that make it par-

ticularly fitting," maintain the authors. The article outlines several scenarios, suggesting situations in which seller financing is a viable option.

An owner contemplating seller financing must consider the possibility of the buyer failing to make payments. "The time to plan for that possibility is before the sale is consummated," advise Blount and Blount.

With a real estate agent's assistance, the seller should make sure the

purchaser is qualified to buy the property on the agreed-upon terms. The seller should maintain a business relationship with the buyer and be prepared if the buyer defaults, outlining all terms in advance of the sale, including the consequences of a missed payment.

"Unless the sellers must have the cash from the sale of their house, seller financing should be considered a priority option, not a last-ditch effort," conclude the authors.
