Office of Education Accountability:

We growl and sometimes we bite.

by Scott Perry Times Editor

Readin', 'ritin and 'rithmetic, education's legendary "three Rs," have a new sibling thanks to Kentucky's General Assembly, Dr. Penney Sanders announced Monday at Prestonsburg Community College.

What's it called? "Revolution," Sanders said.

Speaking to a crowd of future teachers at PCC Monday, Sanders, head of the state's Office of Education Accountability, said 1990 legislation establishing the Kentucky Education Reform Act (KERA) would be appropriately titled the "Kentucky

Education Revolution."

"This is a massive overhaul of a system which has not served the children of Kentucky," Sanders told professor Leo Weddle's Modern Social Problems class. "During the next three years we won't just focus on changing our schools, we'll focus on changing our way of thinking."

The need for an education revolution, Sanders added, was prompted by a variety of issues including "disgusting" high school graduation rates and equally disturbing dropout rates.

"Our graduation rate in Kentucky is between 60 and 65 percent," Sanders said. "That means we have a failure rate of 40 percent."

"In any revolution, we're going to lose some brothers and sisters..."

-Dr. Penney Sanders

"One out of four ninth graders won't finish high school," she added in reference to the state's 25 percent dropout rate. "I for one am not ready to write off 25 percent of the ninth grade."

Addressing those in the class who indicated they were studying to become teachers, Sanders offered some pointed advice.

"If you can't treat every child as a cherished item," she said, "do us all a have to be involved. After all, the

Defense is next:

Sanders said the "true heart" of the education revolution was in "systemic change," which she explained was a shift in the way Kentucky schools are operated.

The "true promise" of that type of change begins with school based decision making, she said.

"Imagine what we're doing," she stressed. "With school based decision making, we're turning control of the school over to school councils made up of two teachers, the princi- ture and they would become the casupal and, God forbid, two parents."

"Parents become partners in the process," Sanders continued. "They

parent is the first teacher. Some are good, some aren't."

Sanders said the shift in the educational power structure would be "painful," particularly in areas like Eastern Kentucky where schools are often a county's biggest employer and often the centers for political

Sanders said some long-time educators, school administrators and board members would not be able to adapt to the changing power strucalties of change.

"In any revolution," she noted,

Testimony will continue Wednesday (today) in the trial of Adams Middle School principal Thomas Tackett who is charged with abusing and harassing a teacher at the school

A charge of terroristic threatening was dismissed Tuesday afternoon by special Judge Miller Kent Carter of Pike County, who sustained a motion by the defense for a directed verdict on that charge.

Gwendolyn Hammonds, who brought the charges against Tackett, spent approximately an hour and a half on the witness stand Tuesday, describing the incident which allegedly occurred May 14.

Hammonds testified that she was taking a student who had cut her wrists in a suicide attempt to the guidance counselor's office when Tackett verbally harassed her over a cartoon that had been placed on Tackett's desk early that morning.

Hammonds said that she had to go through the school's office complex, where Tackett's office is located, because there was no answer to her knock on the outside door of the counselor's office. She explained that there are two access doors to the office; one in the outside hallway and one through the vice principal's of-

"I saw the counselor, Miss Meek, in the hallway and told her I had a student who needed to see her when Mr. Tackett recognized my voice and began screaming at me, 'You put that FCEA trash on my desk," Hammonds said. "I screamed to Miss Meek to take amended. the child to her office immediately." Hammonds said. "I was afraid for that child to call her parents until the

counselor had talked to her.'

Airport or industrial park? Those are the questions circling the future of Combs Field, but whether the answers will be buzzards or blue-

birds is yet to be determined. The debate over the fate of Combs Field, an airport jointly operated by the cities of Prestonsburg and Paintsville, was rekindled last week during a meeting of the Prestonsburg City Council and the flames of controversy continued to be fanned this week

the airport continue to operate as an airport or should it be closed to make way for the development of an indus-

The solution appears to be considerably more complex, with a cast of dozens forming battle lines on either side of the issue.

Proponents for closing the airport include Mayor Ann Latta of Prestonsburg and Mayor John David Preston of Paintsville, the state's Office of Aeronautics and the board of directors for the Big Sandy Area Development District, which last governor.

The issue is fairly simple: should week adopted a resolution endorsing an effort to designate the airport as an industrial site.

Opponents include officials of

homeowners whose newly constructed houses may have to be razed if the airport continues to operate.

The Combs Field Debate

A NEW PURPOSE

Caught in the middle are two dent proponents of converting Combs Field into an industrial site, indicating the prospect of new jobs is their top concern. Paintsville Mayor John David

Preston has taken the lead on the effort to close the airstrip, often running afoul of his own council along the way. Preston's efforts earlier this year to stack the Combs airport board with appointees who favored converting the airport to an industrial site drew immediate rejection from the Paintsville City Council, who didn't to Preston's methods.

"We didn't necessarily take a stand one way or the other on the proposal to close the airport," Paintsville City Councilman Robin Cooper said of the panel's rejection of Preston's airport board appointees, "We just didn't like the way he tried to do it."

Cooper said Paintsville members of the airport board had been replaced by Preston without notice and it seemed "unfair to treat them that way after they had spent so much time and effort" maintaining the air-

group of pilots and business leaders and quite possibly a candidate for The mayors of Prestonsburg and Paintsville are among the most ar-

officials about acquiring several hundred feet of the company's right of way for the road.

Hall maintained he owned land located about 100-feet from where the road needs to be moved and he was willing to give it to the county in order to correct the problem.

"Kids who ride the school bus in that area have to wade the water in order to get to school," Hall said. "It's about the worst road conditions I've ever seen in Floyd County."

The court took no action of the issue, but promised to work toward resolving the problem.

In other action, a feud between David Volunteer firefighter Larry Adams and magistrate Jackie Owens continued over the actions of volunnal violations.

Adams asked Owens for an apology for remarks Owens made at the September meeting that David firemen misused fire department funds and "played policemen."

"I think we both said some things at that meeting that we shouldn't have," Adams told Owens. "If a David firemen sees a drunk on the highway or someone peddling dope and gets on the radio to notify authorities, I support that. But, I think you owe us an apology.'

Owens said he didn't feel he owed Adams an apology, but agreed that he had made some remarks that he probably shouldn't have.

"I don't feel I owe you an apology and I didn't call anybody a crook,' Owens said. "And I think that the teer fireman using their personal radio person that was misusing the radio transmitters to report suspected crimigot suspended from the department

called it in on himself. But, I do agree that you all do a good job."

A few weeks ago we talked about the difference between Circuit Court (upstairs court) and District Court (downstairs court). We talked about how Circuit Court is the most important court any one of us will ever have contact with. This court handles the more serious cases, such as murder, rape, child abuse, robbery and burglary. It is the court that handles divorce cases, where decisions of child custody are made.

As you can see, the job of Circuit Judge is important to all of us. Not only is it important, but in Floyd County it is a very difficult and time consuming job. In recent years, the Floyd Circuit Judge has been ranked as the 4th busiest in the whole state of Kentucky.

The Supreme Court recommends that a Circuit Judge have a case load of 750 cases per year. This is based on the number of cases filed in that court during the year, including criminal cases, civil cases, divorces and adoptions. Last year Floyd County had nearly 1300 cases, almost double what the Supreme Court recommends that a Judge handle. Our retiring Circuit Judge realized that job required an energetic man to handle it when he said it was time to turn this job over to another generation.

I am 43 years old with 17 years of trial experience. I believe that I am the person who can handle the Floyd Circuit Court for the next 8 years.

TAG field trip okayed by board

Forty-nine talented and gifted (TAG) students won approval to attend a field trip to Florida from the Floyd County Board of Education at a special meeting Monday.

Concerns that only 49 of the county's 200 TAG students could make the field trip to Earth Shuttle at Florida's Epcot Center were raised at the board's October meeting.

At that meeting, board member Dr. Mary Hall said she felt that if all the students couldn't go on the field trip, no students should attend.

Mary Lee Frazier, spokesperson for the county's three TAG teachers, convinced the board that all the TAG students had had the opportunity to raise the funds needed for the trip and that some parents of the students did not want their children to go.

The trip, which costs \$579 per student, includes a day long visit to Earth Shuttle at the Kennedy Space Center and a cultural day at the Epcot

Frazier told the board the trip was planned last school year and several fund raisers held raised over \$8,000 toward the \$25,000 it will cost to take

The voted 4-0 to approve the trip. Board member Eddie Billips was absent at Monday's meeting.

Handyman hired at Warco project

Floyd County Housing Authority members met in special session Monday to hire a maintenance worker for the Warco housing project.

Members called the special meeting because no vote was taken in open session at the October 9 meeting after the issue was discussed in closed session.

After approximately 15 minutes in closed session, the board voted to hire Thomas Skeens to work at the Warco project.

Board members Eddie Patton and Hamlet Lovely were absent at Monday's meeting. The next regular board meeting is scheduled for Wednesday, November 13 at 6 p.m. at the housing authority office at Green Acres.

Tuesday, October 15, 1991 is a day all non-violent and all compassionate people should remember. Let us mark it with box car letters indelible in our minds. This was the date that Judge Clarence Thomas was confirmed to the U.S. Supreme Court. This is a great day for all the little babies. This could possibly be the "beginning of the stopping" of murdering little children while in their mother's womb. The left wing liberals in the U.S. Senate in their heart of hearts know that Judge Thomas was

My wife and I will someday look our two little adopted children in the eyes and say to them from the bottoms of our hearts "your birth parents may not have wanted or could not have provided for you-but, I think almighty God that they did not butcher and murder you." These words may seem crude, but it is time we take straight aim at these bellicose left wing killers and all their sympathizers. We Must Build On Good News From TVA In Averting Coal-Market Disaster

Recent staff recommendations from the Tennessee Valley Authority come as nothing but good news for Western Kentucky coal miners, their families, our coal industry and the entire economy of this state.

These very gratifying recommendations call for the continued use of Western Kentucky coal at the TVA's Paradise power plant in Kentucky and its Cumberland plant in Tennes-

Under this very promising plan, we can look forward to maintaining crucial TVA markets now absorbing about 18 million tons of Western Kentucky coal each year.

As many Kentuckians know, we have been fighting for months to head off the potential loss of these markets to low-sulfur coal producers from Western states in connection with the implementation of the Clean Air Act of 1990.

I believe that this new plan reflects great credit on the TVA and on the many Kentucky leaders who have been doing everything in their power to find a solution to this potential economic disaster for our state.

I hope and believe that this bill extending the jurisdiction of state public utilities commissions to TVA implementation of acid-rain provisions of the Clean Air Act — will no longer be necessary.

The TVA has made a good start toward solving a great problem. But we must build upon this foundation by doing all we can to see that this new plan is finalized and carried out successfully by the TVA.

It is gratifying to me that this plan is based on provisions we were able to include in the Clean Air Act with the goal of improving our environment without wreaking havoc on our

The plan takes advantage of the act's incentives for installing scrubbers to reduce emissions from highsulfur coal. By virtue of these incentives, the TVA can become eligible for so-called bonus allowances leading to adjusted emissions standards in a later stage of implementing the

The TVA now sees an opportunity to gain the allowances needed to develop a cost-effective plan by adding scrubbers at Cumberland. With this plan, the TVA can keep burning Western Kentucky coal at Cumberland and Paradise, preventing a significant loss of TVA markets for Western Kentucky coal.

I plan to cooperate fully with the TVA in this effort to save more than 5,000 Western Kentucky coal-mining jobs. I also plan to continue the fight for clean-coal technologies and other energy-efficiency and conservation programs under the National Energy Security Act of 1991 now pending before the Senate.

The approach to alcohol: Positive education—not negative

But for a different set of social disservice. We will be writing a lessproblems, those relating to misuse of than-happy ending to what otherwise alcohol-which is a legal product and socially accepted—getting tough on the product and its consumers is precisely the wrong posture to assume.

Very few people today would consider an "alcohol-free America" a realistic goal. We went down that road earlier in this century, through 14 years of disastrous Prohibition.

A positive, broad-based educational approach to alcohol-related problems; sound, peer-reviewed research; and improved treatment capabilities have proven effective-not stricter controls. The alcohol-beverage industries have long been concerned and have made significant contributions in helping to reduce these problems.

In recent years, the beer, wine and distilled spirits trade associations and their member firms-often in partnership with health and public-interest groups and universities-have dramatically increased their support for education, consumer information programs and independent research.

Training for Intervention Procedures by Servers of Alcohol (TIPS), for example, has been growing steadily throughout the 1980s. More than 200,000 individuals have been trained in preventing alcohol misuse or in dealing with the situation after it has occurred in settings ranging from bars to private parties.

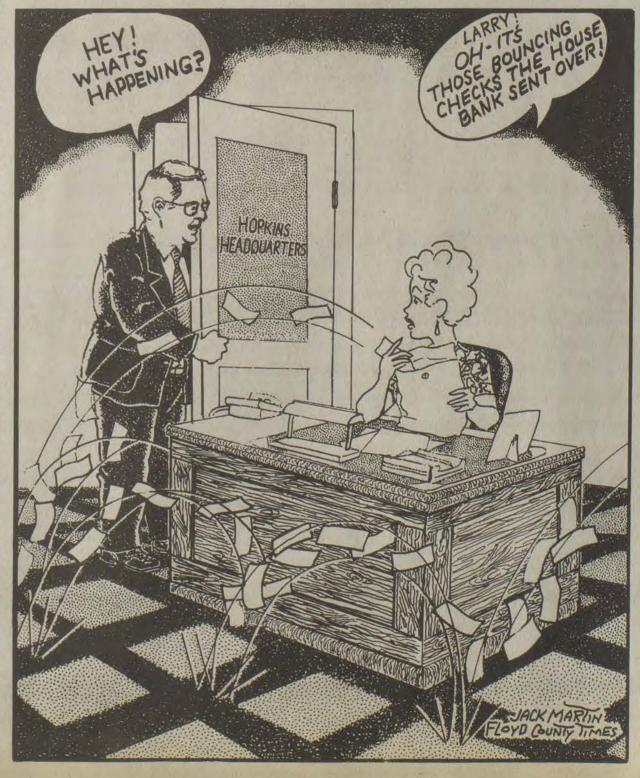

Numerous national and local public service campaigns also have been initiated. "Think When You Drink," "Healthy Mothers-Healthy Babies" and "Friends Don't Let Friends Drive Drunk" are three with widespread distribution, Brewers also produce responsible drinking com-

These efforts, along with campaigns carried out by other organizations, such as Mothers Against Drunk

Driving and the National Commission on Drunk Driving, have created a much needed increase in public awareness and public support to deal effectively with these problems.

Other vital improvements have taken place only after decades of hard work. One is the greatly reduced stigma on alcoholism and alcoholic

filed the initial charge against Tackett six days after the incident because she had filed a grievance with Floyd superintendent Ron Hager. "I was waiting to see what Mr. Hager would do," Hammonds said. "He came to the school and was supposed to return two days later for a full investigation, but he never came back. Hager didn't take care of it."

The charges were amended, Hammonds said, on the advice of the county attorney's office.

McCann asked why the initial charge did not include allegations that Tackett had threatened to kill her or harassed her.

"When I came to the county attorney's office, I told them everything," Hammonds said. "That (the complaint) was typed incorrectly and that's why it was amended. There's not room on that page to put down what he did to me that day.

McCann made an issue of the location in the office complex where Hammonds encountered Tackett. He walked Hammonds through a diagram of the complex and asked specific questions as to how she entered the complex and what rooms were located in the area.

Hammonds explained she did not enter Tackett's office and met him in the hallway leading to the counselor's office. Hammonds also said Tackett

The most recent examples of the Office of Education Accountabilty's bite have come in Boyd County, where superintendent Delmis Donta has been suspended, and in Harlan County, where a full-scale OEA investigation is currently underway.

Sanders hinted Monday that Floyd County schools were also under scrutiny, but she offered no specific information on the situation here.

She did say, however, that the answers to all school problems were not as easy as the removal of school administrators, noting that in some areas such removals would be similar to "rearranging the deck chairs on the

McCann tried to tie the August 1990 teacher's strike issue into the case, but Judge Carter would not allow that line of questioning.

Middle school teacher Tom Pack testified to a conversation with Tackett in the school's lunchroom on that same day where Tackett allegedly said he would kill FCEA members at the May 14 school board meeting.

"Mr. Tackett said Jodi Sword (principal at Allen Central High School, the site of the May board meeting) said that they (administrators) could use the outer office at the high school to store their guns and shoot them some teachers.'

Pack said Tackett told him that "battle lines had been drawn" and that "there would be a lot of trouble."

McCann asked Pack if he took Tackett's statements seriously.

"I think it was an irrational statement that he made," Pack said. "I didn't feel personally threatened. If it was a joke, it was in bad taste, I didn't think it was funny then and I still don't think it was funny.

Pack said he told Tackett that guns didn't bother him because his house looked like an arsenal.

Also testifying was middle school cerning Tackett. teacher Jane Spurlock who was a witness to the exchange between Hammonds and Tackett. Spurlock said Tackett first accused her of placing the cartoon on his desk.

pening Monday In Prestonsburg First Guaranty National Bank

After months of anticipation, First Guaranty National Bank will open a brand new full-service bank in Prestonsburg next Monday (October 28, 1991). Complete banking services including a full-time Loan Center, checking account and investment services will be available.

We're very excited about becoming an integral part of Prestonsburg and the surrounding area. Excited about providing extra convenience for our regular customers and eager to welcome new ones. We already love Prestonsburg, and we think you'll like us too!

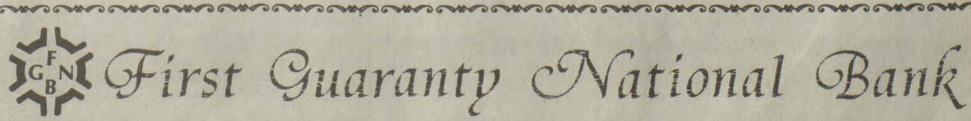

> In our Loan Center, the quality of service isn't determined by the size of the loan. It's based upon our commitment to establish a lasting relationship with each customer. That's the same philosophy we embrace throughout the bank.

> > We know it's not always easy to keep \$500 in your checking account. And certainly not \$1000! So, at First Guaranty National Bank, we don't penalize you for that. We charge no service fees at all for checking accounts that maintain a \$300 minimum balance.

> > Our goal has always been to serve our customers well -- to provide friendly, efficient service regardless of the account balance. Our competitors say a bank can't operate that way in the nineties. Well, we've been operating that way for 46 years. We've enjoyed steady and constant growth and we're proud to have become a strong, sound, and safe financial institution without changing our philosophy.

As we await Monday's opening of our new full-service bank, we look forward to continued growth, one customer at a time. Not because of our new facilities and not because our state-of-the-art technology will give us a competitive edge. But because we are bringing with us our commitment to serve each customer so well that he/she will keep coming back and will recommend us to family and friends.

If you need a loan, a low cost checking account, investment services, or financial planning, First Guaranty National Bank welcomes you.

Prestonsburg Mayor Ann Latta has been less vocal in the bid to have Combs converted to an industrial site, but she called the switch "inevitable."

Latta said last week that state Transportation Cabinet Secretary Milo Bryant had recommended closure of the airport and she pointed to various shortcomings at Combs which supported that proposal, Latta said Combs presented a potential safety liability for both cities if it remained opened but, if closed, it could become a jobproducing asset.

Bob Bodner, director of the state's Office of Aeronautics, confirmed Monday that he had "recommended closing" the airport, stressing though that the final decision would be a local matter. Bodner said the state no longer contributed funds toward the operation or maintenance of the air-

THE REST OF THE STORY

Dozens of other concerns have been raised in association with the Combs

Atop the list are questions over ownership of the airport property should it no longer be used as an airport. Rumors that the property would revert to orginal landowners under that circumstance are unfounded, Paintsville Mayor John David Preston said Tuesday. Preston, an attorney, said he had reviewed individual deeds for the property and he had found no clauses permitting the land to revert to original owners.

Other questions concerning title to the airport property were addressed in a December, 1980 letter from Edward LaFontaine, director at that time for the state's Division of Aeronautics, to Transportation Secretary Frank Metts.

Solid waste permit renewal review to involve comparison with local plan

Kentucky Natural Resources and Environmental Protection Cabinet Secretary John Nichols said Tuesday that "the spirit of local determination is alive and well at the Cabinet." The comment came as Nichols clarified his agency's position about the point at which local solid waste planning should take effect in the circumstances of a disposal permit with sizable, already-approved acreage.

The issue arose in connection with the BFI landfill in Franklin County, which has an estimated permitted lifespan of about 19 years. An earlier Cabinet interpretation of Kentucky's solid waste legislation-known as Senate Bill Two-pegged the time for local determination in the BFI case at the point when the facility runs out of space.

Nichols said that as of now, the Cabinet will review permit renewal applications for their consistency with the local plan, approved by the local waste management authority. In addition, Kentucky Waste Management Division reviewers will also examine the permitee's compliance history, updated facility information, key employees' disclosure statements and other data critical to the renewal

Secretary Nichols also pointed out that the Cabinet has an obligation under the law to assure disposal ca-

pacity for all wastes generated in Kentucky, "and with half our facilities closing in 1992, it may be necessary to divert waste to other counties.

I. Judicial Experience is taught and learned through many years of service. I have served as Judge, Prosecuting Attorney and Defense Attorney through the years. This covers the Judicial System.

II. I have encouraged strict enforcement of Drug Laws and I know our people in this County want Drug Pushers off the streets. So do I. I have lectured School and Church Groups about drugs and I support Rehabilitation Programs.

III. I have been an Advocate for stronger and stricter enforcement of Child Protection and Domestic Violence Laws.

IV. I have enforced the State Mandated D.U.I. Law. These cases are not dismissed unless a Motion is filed by a Representative of the Commonwealth and a Hearing is conducted and there is a legal reason to dismiss the case.

V. On collecting fines imposed by the Court, in The Tate Case decided by the Supreme Court of The United States, it was stated that a person cannot be imprisoned for non payment of a fine unless a Representative of the Commonwealth files a Motion and introduces evidence that the person is financially able to pay the fine. JUDGES DO NOT COLLECT FINES.

VI. I am always present in the District Courtroom to hear cases that are scheduled. My Trial Commissioner and/or I are always available at the office during office hours and on call after hours and on week-ends at home. You will find us at the Jail on weekends performing our duties.

VII. I believe in Speedy Trials so Justice can be obtained in the Courts.

IN THE CLOSING DAYS BEFORE THIS ELECTION WE HAVE MUDSLINGING WITH A RECKLESS REGARD OF THE TRUTH. THIS IS NOT MY IDEA OF A GOOD CAMPAIGN. I PREFER THE TRUTH. IN THE END, TRUTH ALWAYS PREVAILS.

CONSIDER THE ABOVE QUALIFICATIONS AND EXPERIENCE AND VOTE FOR AND ELECT HAROLD STUMBO FOR YOUR NEXT CIRCUIT JUDGE.

YOUR VOTE WILL BE APPRECIATED.

Area fire department to receive \$10,000 in financial assistance

A Floyd County volunteer fire department received financial assistance as a result of a state grant announced recently by Gov. Wallace G. Wilkinson.

A \$10,000 grant from the Area Development Fund has been awarded to reimburse funds used to construct a fire station for the David Volunteer Firs Department. The new building will be utilized to store fire truck equipment, and to conduct meetings and training sessions. It will serve as a central disaster location for residents in the David community.

Area Development Fund is a capital projects program administered by the Department of Local Government

in the Office of the Governor. The state's 15 area development districts make recommendations to the department on the basis of state law and policy for project funding. The Big Sandy Area Development District Board of Directors recommended this project.

I have been asked many times, over the last few weeks, why I decided to run for City Council. The main reason is concern for the future of my Hometown. I have lived in Prestonsburg all my life and I have seen many changes over the years. I want to make sure that this Town lives and flourishes from this point on, so that my children can grow up in the same atmosphere that I did. Involvement is the only way to have a voice in our future. This is why I have chosen to run for City Council, because I care for this Town and I want to make a Difference.

Dear Daddy

The Lord is your shepherd, you shall not want. He has made you to lie down in green pastures. He leadeth you beside the still waters. He will surely restore your soul. He leadeth you in the path of righteousness for His name sake.

You have walked through the valley of the shadow of death. I hope you feared no evil for surely God was with you. God's rod and staff comfort you.

God preparest a table before you in the presence of your enemies. I am sure God will anoint your head with oil.

Surely goodness and mercy shall be with you through all eternity. And you will dwell in the House of the Lord forever and ever.

Statewide poll reflects state employees desire for political freedom and collective bargaining

Employees released the results of a statewide salary, benefits and working conditions survey today. The survey, which was mailed to all 34,000 state merit employees in the spring of 1991, measured their responses on important issues as their salary benefits and working condi-

Over 4,800 state employees responded to the survey conducted by KASE of those who responded 29% of the state employees were KASE members and 71% were not. The 4800 responses reflect a return rate of 14% which by industry research standards produce a very credible measurement of state employee opinions.

According to KASE President Lee A. Jackson, "Two of the most important findings that came out of this survey are how state employees feel about Political Freedom and collective bargaining. According to the employees want more political freedom. This confirms what we have been hearing from state employees across the state for years." In terms of collective bargaining for public employees, the KASE poll showed that 78% of those who returned their surveys supported collective bargaining for state employees.

KASE worked during the 1990 Legislative session to pass legislation that would have increased protections for state employees against political harassment while restoring their political freedom (Kentucky Law now prohibits state employees from most political activities). Jackson stated, "This survey dispels earlier arguments against our freedom legislation that state employees don't want more political freedom, it is now clear that they do."

The survey also reveals that 68% of state employees do not feel that the

The Kentucky Association of State survey, two out of every three state merit system adequately protects them from political patronage. "The reason the legislature passed these political restrictions was to protect the employees. The freedoms are gone but we continue to see the political abuse. Its time to stop punishing the victim in order to stop the crime' continued Jackson.

Other results form the survey

48% cited low pay as the most troublesome aspect of their job while 26% pointed to lack of promotional opportunities.

-78% supported the right of state employees to choose a union to represent them for the purpose of negotiating a contract which would spell out hours, wages and working condi-

-35% called their job conditions excellent or very good, while 38% rated conditions no better than average. The remainder rated their job conditions as poor.

Huff relatives sought by L'ville facility

Former Prestonsburg resident John Wilson Huff died in Louisville on October 17, and Louisville hospital officials are searching for his rela-

Huff, who was born October 5, 1925, was a patient at General Care Nursing Home in Louisville at the time of his death. Before entering the nursing facility, Huff lived for several years in Wayside Mission on West Market Street in Louisville.

Medical records dating from 1965 indicate Huff lived in Knott County at one time and in Prestonsburg, possibly around 1965. No relatives are listed in the file, said a spokesperson for the nursing care facility.

Personnel at the nursing facility hope to locate members of Huff's family soon so arrangements may be made for his burial. Huff did have a savings account, said the spokesperson, and that amount will be applied toward the cost for his burial.

The University of Louisville's Humana Hospital is also assisting in the search and anyone who has information about Huff, or who has questions about his burial arrangements, should call Humana Hospital at 1-502-562-3008, Monday through Friday, from 8-4:30.

WHEELWRIGHT HOSPITALITY...

The Wheelwright Trojans defeated the Berea Pirates 54-24 in their homecoming game Saturday night but the Trojans' booster club took the Pirates in after the game and fed them a very good supper at the school's cafeteria. It was good to see the two teams eating together just after battling on the gridiron. I'm sure that the Berea coaching staff and players left with a good feeling about the hospitality shown them that night. It was a very good gesture on part of the football boosters.

WHAT, ANOTHER PACK

That's right! Not only do the Wheelwright Trojans have a Jackie Pack as head boys' coach, but brother Tommy was named new girls' head basketball coach at the school this past week. Everyone knows brother number three (actually number 1) Frankie Pack who is principal at McDowell Elementary School. Frankie used to be in the basketball wars when he coached at Wayland Elementary. Frankie's Wasps used to be one of the top programs in the county back then.

Says Becky Allen, returning senior guard at Wheelwright, "he is running us to death."

GIRLS' DISTRICT PREDICTIONS...

Here goes as I put my life on the line. It should be a good year in girls' high school basketball. Although I may pick one team as winning the Floyd County Conference this year, that doesn't mean it will be a run away. I feel the teams will be evenly matched and all really have a chance to finish first. But here goes. PRESTONSBURG

LADY BLACKCATS

Definitely number one, Returns all starters except All-District, All-Conference Kathy Slone. A big loss for the Lady Cats, but a boatload of talent coming back. This should be Prestonsburg's year. Outside shooting plus the inside play will be hard for other county teams to match.

ALLEN CENTRAL LADY REBELS

Two time defending District champions. Lost a lot in Teresa Gibson, Darnella Bradley and Stacy Moore. However, another Staci Moore is still around plus a very capable Jenny Wiley. Good juniors returning, but Pam Webb will have to take up the slack because of the loss of Bradley. Well-coached team. MCDOWELL

LADY DAREDEVILS

Will definitely miss Player of the Year Lori Bryant. Will need to come together as a team and has good talent coming back. Look for the Lady Daredevils to surprise a lot of people this year (including mc)

BETSY LAYNE LADY CATS

Lost a boatload of talent from last year. Definitely a rebuilding year for Coach Bill Newsome. Very good prospects on this team and more on the way. A year away from compet-

WHEELWRIGHT LADY TROJANS

It never helps any team to have to switch coaches every year. Confusing to the returning players. This year will be no different as new coach Tommy Pack must teach the team his system. Becky Allen will be the team leader as she comes back for her senior year. A good outside shooter but Vicki Johnson and company will have to

pitch in. WHAT A WEEK LAST WEEK WAS...

I didn't think it would ever end. Basketball and football each night. Car show and Pop Warner Football Saturday. But I love it! The Right Beaver Classic was a big success. Good crowds each night and Rick Hancock and the rest did a great job hosting the tournament. Maytown will also host the Section 1 playoffs as well as the county tournament this year. Please move it to the Allen Central gym if possible. The crowds are just too big for the Maytown gym.

Football was very heavy last week as Allen Central and Wheelwright battled on Thursday night at Allen Central's homecoming. The Trojans held their homecoming last Saturday night.

Blackcats Stun Sheldon Clark Cardinals

Rushes for 75 yards

Prestonsburg's John Goble (44) carried the football for good yardage against Sheldon Clark Friday night as the Blakcats handed the Cardinals their first loss of the football season, 28-24. (photo by Ed Taylor)

There's a saying among high school football fans that your backfield is only as good as your offensive line. That was true of the Prestonsburg Blackcats when they nailed previously undefeated Sheldon Clark 28-24 in a big district game for both clubs last Friday night at Cardinal Stadium. It was the young offensive line that has grown up since the 1991 football season began back in late August. The Blackcats line opened the holes for runners like Dwayne Garza, Seth Hyden and John Goble. The result was 173 yards on the ground for the Blackcats.

But, it wasn't just the ground game of the Blackcats that gave Prestonsburg their fourth district win and, at the present, the top spot in the district with the playoffs on the horizon, it was the air attack of the Cats which was very evident, also. Blackcat quarterback Aaron Tucker just kept improving as he had four completions for 92 yards passing - one being a 42 yards strike to receiver John Clark, Clark, on an option play, connected up with Josh Hyden on a 49 yard pass play for the first score of the game. The Cats had a total of 141 yards passing on five completions.

It was evident that the offense was moving the football, but when it became crunch time with Prestonsburg clinging to a precious 28-24 lead and the Cardinals with the football, it was the defense that arose to the challenge of stalling a late effort on the part of Sheldon Clark to

take the game away. The Cardinals, on the strength of an on-side kick that resulted in a touchdown to pull Sheldon Clark to within four points, had the football in Prestonsburg territory with 4:11 showing on the scoreboard. Sheldon Clark's outstanding running back, Donnie Slone, moved the football from the Cardinals' 14 yard line to the Prestonsburg 44 for excellent field position. After Jesse Watts' pass was incomplete to wide receiver Bruce Stepp, Watts elected to go to the air once again, only to have the ball intercepted by strong safety Seth

Prestonsburg took control with 3:45 remaining in the all important district match up. The Cats were called for a clipping and were unable to pick up the first down as they were forced

Wheelwright Posts 54-24 Win Over Berea

The Wheelwright Trojans guaranteed themselves a .500 season with a solid 54-24 win over visiting Berea this past Saturday night, homecoming for the Trojans. All the pomp and pageantry was held before the start of the football game and Missy Slone was chosen "Miss Homecoming Queen, 1991" at the ceremonies.

Wheelwright came into the game with a 4-4 record, the best record since 1985 for the Trojans when Roger Johnson's ball club finished 6-4. The Trojans have a chance to equal that mark but must win the final game of the season against Elkhorn City at

It was an easy victory for the Trojans as coach Donnie Daniels gave his bench plenty of playing time. Leading rusher Steven Jackson saw limited playing time as did Arnold Adams due to the large margin between the two teams.

Jackson carried the football only three times during the game for 28 yards, but he scored the first touchdown in the first quarter. Adams, although he carried only three times, had 95 yards and two TD's. A third was called back on a facemasking call against the Trojans.

Berea received the football on the initial kickoff and picked up a first down on the first play of the game when Shane Cope carried the ball for 10 yards. However, the Pirates quarterback was sacked for a long loss on a third down play and the Pirates were forced to punt. The punt was a poor one and the Trojans took control on the Berea 22 yard line. Jackson ran the first play for the Trojans and went in from 22 yards out for the score. Quarterback Steven Shelton kicked the point after touchdown (PAT) for a 7-0 Trojan lead.

The game bogged down on just one of the field, Berea's, for most of the first quarter. Berea punted the ball after their second possession and Wheelwright had the ball on the Pi-

rates' 48 yard line where Shelton, on a keeper, raced in from 18 yards out and then kicked the extra point to give the Trojans a quick 14-0 lead.

Wheelwright struck again in the first period on an Arnold Adams' 48 yard TD run Shelton's extra point made it a 21-0 ball game.

Speaking about the play of his backfield, Daniels said, "I like to think that we have one of the most talented backfields in the region. They are good kids who work hard and give forth a good effort,."

Many players saw some playing time for Wheelwright in the backfield as nine players carried the foot-

Adams scored his second TD on a 36 yard run in the second quarter, a score that was set by Jonathan Carroll's 22 yard run at the start of the period. Shelton kicked his third extra point for the 28-0 game.

The game quickly slipped away from Berea after Muntu Oden intercepted an Ashley Pennington pass on the Pirates' 44 yard line. On first down, Hutton found an opening and jaunted in from 44 yards out for the touchdown to give Wheelwright a 34-0 advantage at half time.

In third quarter action, Shelton hit Oden for a 49 yard completion and then connected with Cruise Caudill for a touchdown pass. Shelton PAT but the Trojans up 41-0 as the rout

Maytown Defeats Melvin 56-42 **Behind Shannon's 17 Points**

Grade school basketball play consecutive baskets to cut the lead continued through last week as the Maytown Wildcats and Melvin Cougars squared off in quarterfinal game at the Maytown gym. Maytown followed the 17 point performance of Jason Shannon and rolled to a 56-42 win over the Cougars.

The game was close until the third period with Maytown clinging to a slim one point lead, 27-26, the Wildcats outscored the Cougars 9-0 and then 5-2 at the start of the fourth quarter to build a 13 point lead at 41-28. It was Shannon who lead the way for the Wildcats with seven of the 14

Melvin struggled at the free throw line where they had several chances at the charity stripe. Melvin shot 31 free throws in the game but only connected on 11. Several of those were the front ends of bonus shots.

Maytown went out to an 11-8 lead at the end of the first quarter and held a four point advantage, 21-17 at the sic half. Melvin scored the first three within one of the Wildcats. Back-toback baskets by Chad Martin gave Johnson, 0 2-4 2; Burke, 0 0-4 0 Maytown a five point cushion, 25a 27-22 game. Jeremy Mullins scored Twiss, 2 0-0 4; Hicks, 0 1-4 1

back to one, 27-26. It was then that Maytown ran off nine consecutive points for a 36-26 third quarter lead. The Cougars could come no closer than nine points after that.

Jeremiah Johnson led all scorers with 22 points for Melvin. Newsome added 14 points for a very good Melvin team.

For Maytown, besides Shannon's 17 points, Nick Halbert hit double figures with 11 points. Chad Martin finished with eight. Todd Howard, a sixth grader, tossed in six as did Tommy Brown. Charles Twiss, who played a good game on the boards, added four while Stumbo scored four. Brandon Hicks had one point for the

Fourth Quarter Spurt Gives McDowell 38-28 Tourney Win

McDowell Elementary Daredevils used a balanced scoring attack to defeat the Maytown Wildcats 38-28 in the semifinals of the Right Beaver Classic at Maytown Friday night and earned the right to advance to the finals on Saturday evening.

Mike Stephens and Terrance Mullins each scored eight points and T.T. Pack tossed in seven to lead the Daredevils.

Maytown held a 24-20 lead at the end of the third quarter, but it was the the Daredevils' 9-0 run at the start of the fourth quarter that put the Daredevils on top to stay at 29-24. Mullins' two pointer at the start of the period made it a 24-22 game, and Pack tied the game with a basket. Stephens hit a shot from the outside to give McDowell their first lead since the end of the first half when they led 15-14. A free throw by Jason Tackett and a two pointer by Mick Little extended the lead to five points. Estill Stumbo connected on two free throws for Maytown but Mullins hit a lay up to keep the advantage at five points.

After Charles Twiss scored to pull Maytown back to within three points, the Daredevils then scored the final seven points of the game to win for the second time in the tournament.

Maytown, trailing 10-6 at the first stop, took their first lead at 12-11 by scoring six unanswered points. Todd Howard hit back-to-back baskets and Twiss' basket gave Maytown their first lead.

The Wildcats scored the first eight points of the third quarter to jump on top by seven points, 22-15. Baskets by Twiss, Chris Bailey, Stumbo and Howard put Maytown on top. McDowell scored the next five points on a free throw by Ryan Adams and field goals from Stephens and Pack to cut the margin to two, 22-20 until Tommy Brown's two pointer gave Maytown a 24-20 lead at the third

Twiss led Maytown in scoring with 10 points. Howard added six for the Wildcats. Bailey and Stumbo finished with four points each. Brown and Halbert tossed in two points.

Maytown drops out of the tournament with a 2-1 record while McDowell goes to 2-0.

Bevins' 19 Points Leads Martin Past John M. Stumbo

to lead the Martin Purple Flash to a come-from-behind 43-30 win over the Mustangs of John M. Stumbo in the first round of the Right Beaver Classic at Maytown last Thursday

Bevins dominated the game inside as the big Martin center looked good. Martin is the defending champion from last year's first Right Beaver Classic.

The Purple Flash scored the first eight points of the third quarter to erase a 22-18 Stumbo half time lead. The run put the Flashes up by four at 26-22. Free throws by Chris Hamilton, Josh Akers and a basket by Rocky Newsome, following a basket for Martin by Adam Coleman, cut the lead back to two, 28-26. Martin then ran off five straight points just before the third quarter ended. Bevins hit a basket underneath, Kevin Robinson tossed in one of two free throws and Beau Tackett's basket made it a 33-26 game as the third period ended.

Toby Newsome and Hamilton fouled in the fourth period with Newsome leaving with 4:45 remaining and Hamilton departed with 3:18 left in the game.

Free throws by Tackett and Bevins plus Coleman's two points gave the Purple Flash a 37-26 lead. Stumbo scored only four points in the fourth period as they could not overcome

Car Show-

once again won yet another first place conversation piece and it took first prize - Modified Camaro 1969 and below. The Camaro was also voted Best of Show.

Judging a car show could be a

very hard thing to do. Many of the people looking at cars stated that they were glad they didn't have to do the judging. That part of the car show fell to several people who were not strangers to the task.

"I have been judging cars for the past six years," said Joe Bailey. "I used to help Tom Williams and then he quit. I just kept on doing it."

Bailey said that cleanness of a car is very important when a judge looks one over. Originality and exterior of the body are closely examined. Exterior paint and chrome are checked for cleanliness, finish and originality or the degree of modification. Glass is checked for cracks and cleanliness also. Same size of tires and wheels

The general interior of the carpet (cleanliness, condition, fade) are looked at by the judges. The trunk, engine compartments and under carriage are also taken into consideration. Each part of the car judged is awarded points of 12, 10, 8 or six. The one totaling the most points is declared the winner in each class. Total points possible are 220.

are important in judging a car.

Pikeville's Steve Porter has been entering car shows with his "88 S10 pickup that has a dump bed.

"I have to work on my truck around two weeks in advance of a car show," explained Porter. "Eighty-Five percent of getting one ready is washing and waxing one. Then, when I get to the show, I just have to detail it out."

Porter, like the Salyers, built his truck himself, but unlike the Salyers, he did his own painting. Under the hood of the 88 S 10, the motor looked as if someone slung purple and gold paint all over it.

"No, I did that myself," said Porter laughing. "I took a screwdriver and after I thinned my paint down, I dipped the screwdriver into the paint and just slung it over the parts of the motor. Of course, I had the parts all out when I did it."

Walking away with the hardware for this car show was Martin's own Tom Williams, Williams' 1957 Chevy (everyone's favorite) was the People's Choice winner. Williams came away also with two first place finishes, one second place and a third place finish.

Assistant Superintendent Gary Frazier won second place with his Red 1957 Chevy in the Classic Chevy Modified class. Ann Stumbo's 1931 Ford A Model won first place in the Street Rods and Coupes 1935 and below class. While cleaning the car, her husband Danny, claimed the car as his own. "He says that, but the sticker in the window has my name on it," she said.

added the PAT.

Berea scored again again in the fourth quarter on Vasey's 7 yard run and he also added the conversion. The Pirates scored their final touchdown late in the final stanza on a 4 yard run by Bruce Chasteen and the conversion run by Vasey.

Wheelwright's final score came on Phillip Johnson's 12 yard jaunt in the fourth period.

Cope was the leading rusher for Berea with 147 yards on 17 carries. Vasey had 104 yards on 14 attempts. Berea totaled an even 300 yards on the ground on 42 carries and had just 12 yards passing on a one for 10

The Pirates had no penalties and had one pass intercepted.

Wheelwright lost the ball once on a fumble and was penalized 35 yards on five calls. The Trojans managed 350 yards on the ground led by Hutton's 101. Matt Johnson carried the ball five times for 32 yards. Eddie Shelton finished with 25 yards on five attempts. Shelton passed for 58 yards on three completions. Oden was the leading receiver with two receptions for 57 yards. Shelton kicked four PAT's with Tackett getting one.

Wheelwright goes to 5-4 on the season and will close out their season with a home game (Senior, Parents night) on November 2. The Trojans will be off this Friday night.

place in the Original Trucks 1950 and below class. "He just got the truck," explained Taylor's wife, who along with the kids were busy polishing the bright red '31 truck with all the old time Busch beer crates in the back. "I got the crates from Anheiser-Busch," said Keith Taylor. "They are

just replicas of the originals."

As the car show progressed, the weather turned a little cooler than what was originally forecast as the skies became overcast. But that did not dampen the spirits of those viewing the car show, and the hundreds of car enthusiasts kept looking at a little bit of the past, many saying "I remember when.'

WPRG-TV, Channel 5 was on had to videotape the ball game to be played back on television. Dr. Don Bevins spoke of the event. "I really enjoy doing this," he said. "They always do a great job at putting on a car show. This is great!'

"We were really pleased with the turnout for the car show," said Tina Mills, car show director. "Maybe next year it will be even bigger and bet-

Lady Cougars Edge Maytown 27-26 In Right Beaver Classic

The Prater Lady Cougars scored five straight points to take a 27-24 lead in the fourth quarter od a quarterfinal match with the host team, Maytown, as the Right Beaver Classic continued last week.

Maytown held a 24-22 lead until the Lady Cougars went on a 5-0 run. Myra Akers' basket tied the game at 24-24, and Heather Nelson hit a bucket that gave the Lady Cougars a 26-24 lead. Mandy Rowe's free throw made it a 27-24 game. Crystal Martin hit a shot with 37 seconds left to pull her team to within one point of the Lady Cougars, but the clock expired as Prater held on to win.

Nelson led all scorers with 17 points, and Akers finished with eight. Christine Boydand Rowe each scored one point for Prater.

Martin led the Lady Wildcats with 10 points, while teammate Jessica Prater tossed in seven points. Pam Goble and Drema Kilgore each tallied four points while Melanie Hagans scored one.

Maytown held a two point lead at the first stop, 4-2, but Prater outscored Maytown 11-5 in the second period to take a 13-9 half time lead. Maytown scored the last six points of the third period to go on top 20-19. Jessica Prater scored four of her seven points in the run.

A free throw by Boyd tied the game 20-20 at the start of the fourth quarter, and the lead went back and forth until Prater took their 27-24 Maytown falls to 1-1 and out of

"A trailer or stinger hook may be the answer if bass are just nipping at the lure and not taking it aggressively," explains Guy Eaker, a member of the Evinrude Outboards Pro Staff and a 20-year veteran of

professional tournament competition. "Sometimes you find bass that just won't engulf the lure, and you'll never catch them because all they're doing is biting the skirt."

short shank trailer hook he hides in the skirt. He doesn't want a long trailer hook dangling out behind the lure, and he doesn't use a plastic trailer, either. The trailer hook is attached by inserting the spinnerbait barb through the trailer hook eye. It is held in place with a small piece of surgical tubing or even a tiny piece of plastic worm.

Evinrude pro, "is to pull the skirt further down so it helps hide the trailer. Sometimes I even use scissors to trim the skirt a particular way so it s a little thinner, too.

"It extends just past the barb, so if a bass nips at the skirt, I'm going to hook it." Eaker remembers just such an incident at Georgia's Lake Lanier where he was missing as many as half the strikes he was getting. After he added the trailer hook and changed the skirt, he caught nine of the next 10 fish that hit.

'The best way to use a spinnerbait," explains Eaker, "is to throw it where other anglers don't, which is

There will be various dealers with tables set up, dealing with baseball, basketball, football, hockey and other cards that fans love to collect. There will be a \$1 admission charge, and you can stay all day. This is one card show collectors don't want to miss.

For all you sports card collectors, "What I usually do," explains the Jenkins High School is the place you want to be on Sunday, November 17. One of the largest Sports Card Shows will take place between the hours of 10 a.m. and 4 p.m.

position for the first time when they started out on the Trojans' 46 yard

line. But prosperity was not the thing for Allen Central when they fumbled the football again on a third and 10 at the 46. Wheelwright recovered the football when Jamie Slone was hit at the 40 yard line.

Wheelwright took advantage of the turnover and, on a 1 yard run, Chuck Hutton put the Trojans on top 26-0 with Shelton adding his third PAT.

With 8:09 remaining in the first half, Allen Central lost the football on their third consecutive fumble with Wheelwright recovering on the Rebels' 41 yard line. However, on a fourth and four play, the Trojans returned the favor when Slone recovered the football at the Trojans' 38 yard line and Allen Central marched the 38 yards when Slone carried the ball in from 1 yard out for the touchdown. Slone ran the conversion play for a 27-8 half time score.

The Rebels received the kickoff to start the second half and put together a good drive that stalled out on the Trojans' 44 yard line. Wheelwright took over the football and on the first play from scrimmage, Jackson jaunted 56 yards for the score. Shelton's PAT gave Wheelwright a comfortable 34-6 advantage.

Early in the fourth quarter, Wheel-wright moved the football to the Allen Central 6 yard line where Hutton scored his second touchdown on a 6 yard run and Shelton hit Cruise Caudill with a short pass on the two-point conversion pass.

Allen Central's next score came when Brad Scott took a Trojan kick off and returned the football 43 yards inside Trojan territory. Rebel quarterback Brad Blackburn hit David Gilliam with a 32 yard pass, Slone picked up 5 yards on a carry moving the ball to the Trojan 18 yard line. Slone took the hand off from Blackburn and raced into the end zone for the touchdown and a 42-14 score.

It was 49-14 late in the fourth period when Arnold Adams scored for Wheelwright on a 1 yard plunge and Marty Tackett kicked the extra

point

The final score came for Allen Central on an option play when Slone took a pass from Blackburn behind the line of scrimmage and headed downfield where Slone hit him with an 81 yard pass. Slone ran the conversion play for the final 49-22 score.

For Allen Central, the Rebels had 224 yards total offense. Allen Central had 111 yards on the ground on 35 carries. Blackburn had one completion good for 32 yards and Slone threw the 81 yard TD pass for a total passing yards of 113. Slone rushed for 87 yards on 18 carries and Gilliam collected 37 yards on 12 carries. Brad Scott had 59 yards on two returns.

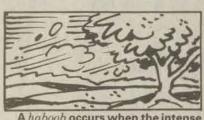

The Rebs fumbled the football four times, losing it three. Blackburn was intercepted one time.

Wheelwright totaled 294 yards with 254 via rushing on 41 carries. Jackson led the ground game for Wheelwright with his 104 yards. Adams had a good game with 85 yards on eight carries. Hutton 63 yards on 11 attempts.

Shelton was four of eight in passing for 40 yards. Oden was the top receiver with three catches for 37 yards. Shelton kicked four PAT with Tackett kicking one. Wheelwright was penalized 10 yards on two flags and they fumbled the football twice, losing it once.

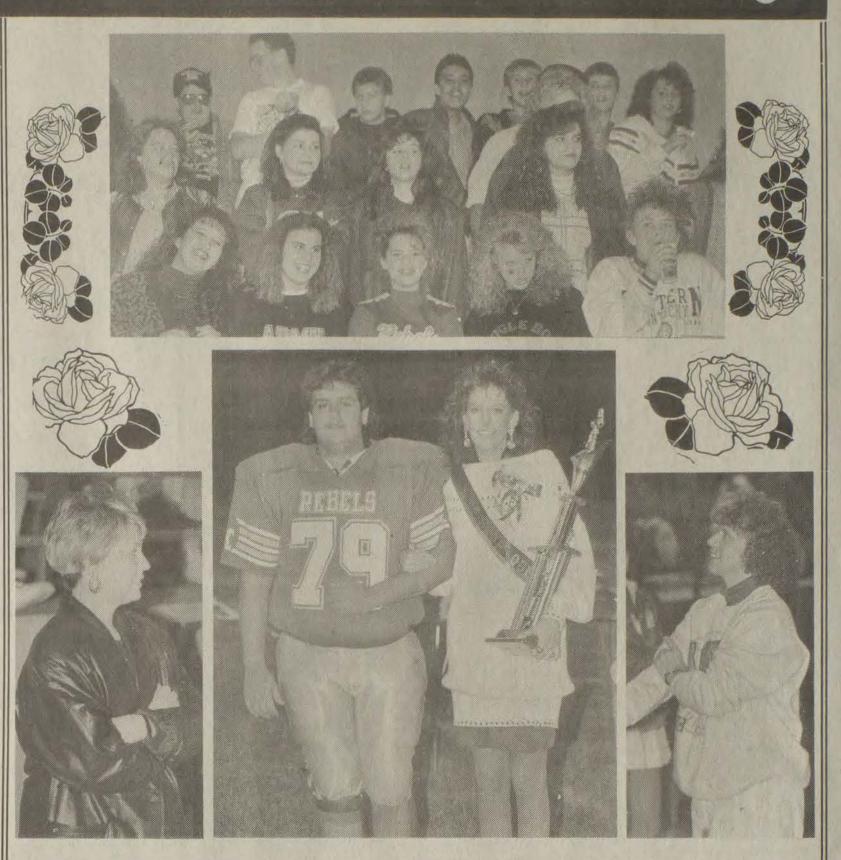

The Rebels fall to 0-8 overall and are 0-5 in the district. Wheelwright evens their record at 4-4 overall and goes to 2-3 in the district.

Allen Central travels to Leslie County next Friday night. Wheelwright will have an open date.

Martin Advances To Finals With 46-19 Win Over Adams

The Martin Purple Flash came one step closer to defending their cham- on the scoreboard at the start of the Beaver Classic played at Maytown this past Friday night. Martin won the tournament last year when they defeated John M. Stumbo in the finals. Jason Bevins tossed in 19 points

to lead the Flashes in scoring and Kevin Robinson added 14.

It was expected by many to be the biggest game of the tournament between Martin and Adams. Adams defeated the Purple Flash in the county championships last season. But, according to Adams coach Jack Goodman, the Blackcats are not the same this year.

'We are down from what we were and Adams falls to 1-1. last year," he stated. "We had problems reading switches in defense and we just got beat to death by Martin."

Martin, who has three six-footers sic on their grade school team, looked impressive from the start. Adams just couldn't seem to get into their running game because of the Martin defense. Bevins dominated the inside and scored 10 of Martin's 14 first quarter points. The Flashes led by nine at the end of the first quarter

to punt the ball from their own 39 first quarter lead. yard line with 1:18 on the clock.

On the punt, Prestonsburg was called for a personal foul and a 15 yard penalty ensued, placing the football into Prestonsburg territory. First and ten for the Cards, Watts looked to pass with 1:13 left in the game. The pass was intercepted on a great catch by free safety John Clark on the Prestonsburg 16 yard line, ending the Cardinals' drive. Sheldon Clark was out of time outs and Tucker just downed the ball as the clock ticked down and the Blackcats cele-

The inability of the Cardinals to score their extra points was a big factor in the final score. Sheldon Clark did not successfully complete a conversion play.

Trailing 28-12, Sheldon Clark pushed across a touchdown with 7:19 left in the game on a 1 yard run by Jason Stephens to make it a 28-18 game. Sheldon Clark then tried what every one thought they would do and that was an on-side kick. The strategy worked as the Cardinals recovered the ball after it touched a Prestonsburg player. The Cards took control on the Prestonsburg 44 yard line and four plays later struck pay dirt and a 28-24

The on-side kick the second time backfired on the Cardinals as Dwayne Garza grabbed the football and returned it to the Cardinals' 18 yard line, giving them excellent field position. However, the Cats could not take advantage of the good fortune and failed to score as penalties and a sacked quarterback stalled the drive, giving the ball to the Cardinals on downs.

Prestonsburg jumped to a very quick 7-0 lead on the Clark-to-Hyden pass and Clark's first PAT. The pass was on target as Hyden didn't break stride in completing the 49 yard TD

Sheldon Clark did not waste any time getting on the scoreboard either as they completed a drive that started on their own 46 yard and cumulated when Neil Parson ran the ball in for the touchdown from 8 yards out. The two-point conversion failed.

Prestonsburg took the football on their own 35 yard line and marched 65 yards on seven plays, which included a 42 yard completion from Tucker to Clark, for a touchdown on a 5 yard run by Garza. Clark added the extra point for a 14-6 Prestonsburg

With just 59 seconds remaining in the first half, Prestonsburg took a 21-6 half time lead to the locker room with them on a 3 yard touchdown run by Garza. Clark kicked his third PAT of the game.

Sheldon Clark scored on their first possession of the second half on a 66 yard touchdown pass from Watts to Stepp. The Cardinals were in a thirdand-eleven situation when Watts elected to throw long. Again the Cardinals were unable to convert the two-point conversion.

Prestonsburg's final score was set up by Josh Hyden's first interception of the game when he picked off a Watts pass on the Blackcats' 35 yard

Prestonsburg took 16 plays to move the football 65 yards for the score. The ball was spotted on the Cardinals' 4 yard line where the Cats moved to the one-on-three plays as Sheldon Clark tried for the goal line stand. But, on a fourth-and-goal, Garza scored his third touchdown of the game on the 1 yard plunge, and Clark was a perfect four-for-four as he added the PAT.

"Dwayne can really carry the football," said Blackcat assistant coach Bill Hoppman. "He can get hit and just bounce off tackles and keep

Garza rushed for 96 yards on 18 carries for the Blackcats, scoring three touchdowns. John Goble managed 75 yards on 26 carries in the Prestonsburg win.

James Derossett was the leading receiver for Prestonsburg with three receptions for 50 yards. Hyden had one for 49 yards and Clark had one for 42 yards. Defensively for Prestonsburg, Robby Watson and Seth Hyden had six solo hits with Hyden getting one assist. Brian Horn had five solo hits plus one assist. Glenn May and James Derossett each had three hits. Derossett had four assists on defense. Todd Clark had two solos but five assists, and Brad Wells finished with four assists and two solo hits. Adam McGuire and Kyle Fitzpatrick each had two solo tackles. Ronnie Goodman collected two assists and one solo while Tucker had five assists and one solo.

Prestonsburg was penalized three times for 35 yards, and they had no turn overs in the game. Prestonsburg picked up 11 first downs.

Sheldon Clark had 11 first downs,

yards. Watts was 10 of 30 in passing for 250 yards. The Prestonsburg defense kept Sheldon Clark's ground game in check as the Cardinals rushed for 137 yards on 24 carries. Donnie Slone picked up 89 yards for the Cardinals on six carries as the leading gainer for Sheldon Clark.

Prestonsburg improves to 4-4 on the season in winning their fourth consecutive game. The Blackcats are 4-1 in the district, holding to the number one spot by virtue of their win over the Cardinals who also are 4-1 in the district. Overall, Sheldon Clark falls to 7-1 in suffering their first defeat.

Watts was intercepted three times, and the Cardinals had no fumbles. They were penalized for 50 yards on four flags.

Prestonsburg needs to win their remaining two games to assure themselves of the top spot in the district and a home field advantage in the upcoming playoffs. The Blackcats will travel to Morgan County to face a 3-2 Pirate team in a district match

also, and had a total yardage of 387 up. Prestonsburg then will finish the regular season with the Navajos of M.C. Napier on November 2.

MAIL ORDER MIRACLES?

I am simply amazed that people by some of the products advertised on T.V. I'm talking about those mail-order items that we are bombarded with on the television. These items range from steam irons to teeth whiteners. Now that's variety!

Probably the most outlandish of these item is the "revolutionary" Azara. This Azara is a glue-like substance that, when applied to the skin, will pull hair directly out from the roots. How nice! Is that disgusting or what? Really now, what fairly-normal, fairlysensible person would squeeze out some of the gook, roll it into a ball, spread it over the skin, wait three seconds, and pull it off? And such easy directions, I might add. "The same ball can be used over and over," screams the ad. Sure, just keep a ball of hairinfested, ear wax-looking stuff in your medicine cabinet just so you can remove that unsightly hair over and over. Yeah, right. I see it happen-

What about the mail-order will kit? I'm sure that is a sound legal decision. I'll bet there's just millions of people that think, "Hmmm, I'll just send in \$19.95 and write my own will. That'll be the easiest way to divide my \$27 billion." Again, I think not.

Probably the mail-order commercial that irritates me the most is for the album by Zamfir, master of the pan flute. The first time I saw the ad, I expected to see that stupid pink bunny come rolling across the stage. Excuse me for asking, but what is a pan flute? And who would want an entire album of it? I'll just bet Zamfir's latest has gone platinum as I write.

Informicals are the new wave of "mail-order miracles". A thirty minute commercial is a concept that is truly American, I'm sure. Shamefully, I admit that I have seen the "Super Snacker" sandwich machine informical more that once. I'd really like to have one if they work as well as the ones on the commercial.

Of course, I cannot leave out the "mother of all mailorder commercials," the ads for Ginsu knives. What truly all-purpose knives they are! I don't know about you, but I don't want to use a knife sharp enough to cut through a nail to slice my tomatoes. Evidently, some people want them, or the company couldn't afford all that advertising. Actually, I think the commercial had been run for about twenty years.

Okay, everyone, get out those credit cards (no C.O.D.'s please) and order that solarpowered battery charger. You know you want it. Let me know if it works. "Til later."

I can't keep from saying it while I have the chance, "Go Braves." After ten years of faithful devotion, my Braves are finally in the World Series. I'm so proud. Atlanta's gonna' win it all.

"Oh my stars," I was screaming, I'm gonna win my first race. The horses were on the other side of the track and out of sight, and I continued to jump with

Finally, we could see them in sight once again. "Where's Salesman? Where's #7? Deej, Where's Salesman?"

"I don't know Kim? I can't see him," she said.

Oh, no! Where's my horse? Dragging his tail, that's where he was.

Can you believe this? I kept asking Deej. She was just laughing at me while this horse had me really upset.

Secondrace—There's no way on earth I could lose this one. This horse was named Crumbs For Tiffany, this is my winner. WRONG! This one got scratched before the race even began. I was lost. None of the rest of the horses meant anything to me.

None of them were named for anybody in my family, and none of us had ever been to Rio either.

At any rate Kari wanted me to bet on "Going Down to Rio" for her, so I did. No luck, we lost.

Like the old saying goes: "It's not if you win or lose, it's how you play the game that counts." Well, with that in mind, I had a ball, even if I did come home broke.

Sunday evening I began flipping through the channels on the TV. As I flipped to channel 5, WPRG, I saw our very own Ed Taylor, mike in hand, at my Alma Mater. Wow, there's Ed, and this is Wheelwright's Homecom-

Ed's good at this. He's not only the best sports editor, he's a darn good sportscaster. Ed interviewed W.H.S.'s principal, Mr. Berkhimer, the dedicated band director, and gave play by play comments. I was so proud of him. I'm not so sure how many Floyd Countians know Ed Taylor's schedule or even care for that matter. But they should. Ed is a one man band, so to

We don't have a sports department here at the Times. We have Ed. He's one man, covering five Floyd County high schools in every sport they participate in. He covers our elementary children's events and is also pastor of his church.

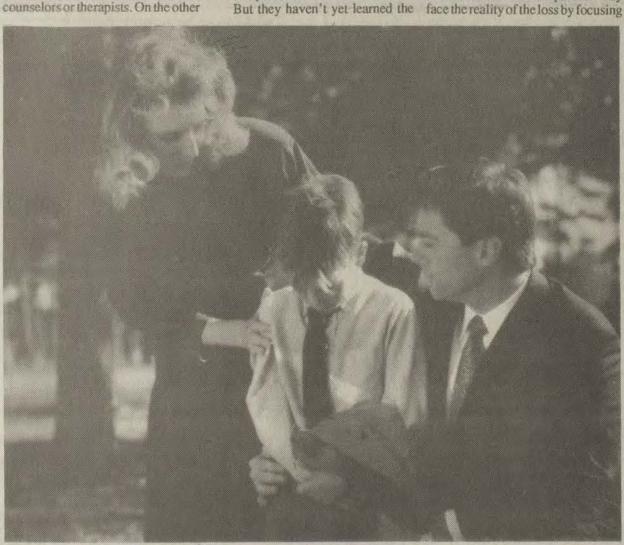

He's one exceptional, kindhearted, hard-working individual. I just wanted to say thanks to Ed and to WPRG for covering our children's extra-curricular

In some ways, grieving children behave as "little adults." Where grownups who encounter grief may lose themselves in work, children may seek relief in active play that can be unusually noisy, disturbing those around them. For the most part, what I found were several boxes of old, mustysmelling books. But, the one gem that I managed to sniff out was certainly worth the time spent sniffing, and worth many times more than the quarter it cost me. It was a 1941 paperback version of Ripley's Believe It or Not.

I always found Ripley's tales of the strange and unusual to be interesting, even if they were a tad hard to believe sometimes. (He did, however, claim he could furnish proof of any statement he made.)

At least one of his efforts needed no proof, though. I can't remember the details - and I'd love to see a copy of the drawing again - but during World War II, he even featured the Thealka Post Office. As I recall, he called it "the biggest little post office in the world," because it was so tiny and processed so much Robert Ripley fascinated me even mail every day. We did have a lot of

Anyway, as I flipped through the yellowed pages of my newly-found volume, I still found Ripley to be as entertaining now as he was over 40 years ago. Like, for instance, his report of the little girl from France who was born with only one eye - right slap in the middle of her forehead. He didn't give her name, but it might have been Cindy Cyclops. I liked the one, too, about the chicken, owned by a James Cook of New Bedford, Massachusetts, that laid a perfectly

With sincere appreciation

It's been said that "if you want to know what people are really like, take a trip with them and you'll know.'

This I truly believe, and never more so than this past Friday, after I'd gone with Edna and Delmas Saunders to attend the 75th anniversary dinner, honoring Alice Lloyd, at the school bearing her name.

I won't attempt to mention all the thoughtfulness they manifested on that trip, but I believe it was Emily Post or Amy Vanderbilt, who, when asked for the definition of "good manners," replied, "Good manners simply means following the 'Golden

In my opinion, Edna and Delmas practice that wise definition in full measure, for no two people could've tried harder to have "done unto others as they'd have had others done unto them.

Thanks, friends, and fellow church members. I'm glad I made that trip to join in honoring Alice Lloyd - and that I made it with two persons of whom I feel that Great Lady would be proud.

Cabbage Patch

The gardener's biggest problem is not, as many think, blights and bugs. It is crows, pigeons and ground squirrels. How many times have we gone out into the early corn patch after a warm rain, in the mornings expecting to see our sweet corn coming through the ground. When we get there all we see is every hill of the corn has been pulled up or a tiny hole along the side where it has been dug up. The work

of either or all three of the above I were to try to list all the different mentioned varmints. Generally people accuse all birds of the damage. Not so. After you kill one of our regular birds (if you do), please cut it open and see what it has eaten. 99 times out of a 100 you will find only cut worms and other such insects. NO corn.

Raising a garden is a toss up between you and the varmints from the day it is planted until the day it is harvested. Each and every year we think we have maybe found the magic folklore to keep out the wild life. We try about every scare tactic known; if

things I have used the list would be at least two columns long. The only thing that will work is proper fenc-

Scarecrows, strips of plastic, plastic owls, rubber snakes on tree limbs, string stretched across the plants, along the outside of the garden, blinking lights or recordings of loud noises;

NONE of these things will work, for long. Maybe at first for a little while. Regular fencing will not do a job good enough to pay for the cost of the wire and work of installing it.

My husband and I have both re-

fused to shoot at crows-they sel- setting some steel traps throughout dom bother our crops, yet they will riddle a near patch owned by someone who uses any excuse to shoot small patch of corn right next to the them. Why? I have no idea. The deer house. that is a problem of many gardeners are not one of mine to date. Yes, we do see the deer as they come off of the hill, run through our garden on to the

One year I ask my husband to go out into the new corn patch to gather us some for dinner. He came back in asking why I had gathered it and piled the cobs up in the patch. I had not been out there, but the grey fox had as we found out that night after

the patch. I think he trapped and killed around a dozen in that one

A couple years ago the rabbits

would sit back in the weeds and wait for me to set out cabbage plants and other vegetables, then here they would come. In plain open day light there would be dozens of those pests in the garden. They were not afraid of us. our cats nor the dogs. They would just move over a little and start cating some where else. I started shooting them with the 22 and leaving them

lay. I was fighting a losing battle, so I cut loose with the 410. Did better as it would get more and more each shot. I am not telling anyone to shoot and kill the varmints, but until I find a better way, I myself will continue to do in the future as I have in the past. Have any good and better ideas I would love to have them. Really I would as I do not like to kill any living creature, but we need some of the garden produce too.

to make up stories in an effort to soften the impact of the loss, can do more harm than good over the long term, psychologists say. To tell them that "Grandpa is sleep-

ing" may lead them to believe he will soon wake up and play with them. And to try to explain death by saying "To die is to sleep, "can cause severe sleeping problems for the young child. If children are told "Grandpa has

gone away for a very long time," their young minds may reason that Grandpa has deserted them because our loss. of something they did that displeased him. Young children often blame themselves for bad things that happen in their lives.

"Grandpa is now in heaven" can be confusing to children because they may know that Grandpa is buried in the cemetery. Even telling them that "Grandpa died because he was sick" can spark fear that anybody who gets sick will die.

One of my fellow funeral service professionals who is especially sensitive to the emotional needs of chilexplaining the death of an aged grand-

ing. Sometimes when a person is as old as Grandpa was, his body doesn't get better when it is sick, like ours do. It's not as strong as our bodies are. It stops working and it can't be fixed, so the person dies. That's what happened to Grandpa. And that's why everyone is so sad.

Child psychologists say that, by they were glad they did. holding children lovingly, explaining Grandpa's death as calmly as possible and allowing them to grieve help youngsters by openly showing in their own way, parents can provide their own grief. Since parents serve the reassurance that is badly needed as role models for their children, their by youngsters who are facing the loss of someone they loved.

Experienced professionals also recommend that youngsters seven and older be encouraged, but never forced, to attend the funeral of someone who played an important role in their lives.

This advice is based on their opinion that children, as members of the family, should participate with the family on every important occasion, including sad ones.

They point out that attending the funeral helps children face the reality that a death has occurred and helps them to acknowledge their personal loss. The funeral ceremony recognizes the value of a life that has been lived and helps all of us give vent to honest feelings of grief and pain at

Being with others at a funeral helps the child realize that he or she is not alone in experiencing the loss. This is important, experts say, because children often interpret a death in the family as punishment for any negative feelings they may have held toward the deceased. The support and comfort provided by parents and others at a funeral can help relieve those feelings of guilt.

Rites, rituals and ceremonies are the means by which people throughdren has suggested this approach to out the world work through their feelings. And experts say that these rituals can be particularly helpful to "A very sad thing happened to children, who may not fully compre-Grandpa. > As a funeral service professional, I have seen many children attend funerals for someone they loved. And some of their parents have told me that, although they had hesitated to bring their youngsters to the services,

ABSOLUTE AUCTION MAPLE HEIGHTS FARM

Jackstown Rd., Paris, Bourbon County, Kentucky Wednesday, October 30, 1991 – 10:30 A.M

430-Acre Breeding and Training Farm

This is a rare opportunity to buy at absolute auction a fully developed breeding and training operation for thoroughbreds. The 430 acres are complimented with a superb training barn with an indoor working area around the stalls, well-built and in excellent condition. Broodmare barns, stud barns, tenant houses and 16 miles of plank fencing and good roads are laid out in orderly fashion making this a wellorganized farm. The Hughes Management Company will consider continuing their income-producing breeding and training operation under new owners.

INSPECTION: Sundays, October 20 and 27, 2-5 P.M. or By Appointment.

Please call or fax the Auctioneers for free color brochure.

Billions available for home repair grants & subsided loans Most homeowners are unaware that re-

gardless of their income there are Federal, state and local programs that will help them repair and remodel their homes.

Government at all levels recognizes that neighborhoods are the basis of life in our country. When a neighborhood deteriorates, many things happen both physically and socially. Homes that are shabby seem to make a neighborhood more attractive to crime and criminals. An area in decline is like a spreading cancer. As homes become rundown and in need of maintenance, the residents lose their desire to keep up the neighborhood. Streets become receptacles for trash, schools lower their standards and very quickly the selling price of homes in the area drops sharply.

This accelerates the cycle of degeneration. In order to keep and maintain the nation's housing and neighborhoods, government at all levels have programs to give homeowners money (that does not have to be repaid) for repairs or to lend them money at below market levels or at no interest. In many areas utility companies will do energy conservation work free or at low cost and in other places will lend homeowners money at no interest to pay the contractor of their choice for the necessary work. In addition there are tax incentives to promote efficient energy use.

These programs are not restricted to lowincome people, slum areas or urban neighborhoods. Owners of single or multi-family dwellings are eligible for some programs regardless of income. Most of the loans offer long terms and low payments.

Some of the other home improvements covered under these programs are: attic and wall insulation, new windows, outerwall siding, security doors and locks, window guards, sidewalks and masonry work, bathrooms and

kitchens, electrical and plumbing work, new roofs, gutters or downspouts.

Consumer Education Research Center, a national non-profit consumer group, has just published Consumers Guide to Home Repair Grants and Subsidized Loans, a 208-page book which lists over 8,500 sources of loan and grant programs offered by all levels of government, utility companies and others, typical programs offered and eligibility requirements. Form letters for inquiries to these loan and grant sources are included as well as detailed instructions on determining your debtto-income ratio for eligibility. The book can be obtained for \$10.95 plus \$2 shipping and handling from CERC Grants, 350 Scotland Road, Orange, New Jersey 07050 or by calling 1-800-USA-0121 for credit card order.

Robert L. Berko of CERC, tells us, "Some of these programs have no income ceiling and others allow income of as much as \$100,000 per year. There are even programs for which tenants are eligible and many allow loans or give grants to poor credit risks. One of the authors of this book received a \$5,000 New Jersey grant plus a \$4,000 interest free loan from his utility company. In many areas, people with disabilities can receive grants to pay for needed repairs such as access ramps and widening of doorways.'

Since it is important that the work be done properly, the book describes in detail how to pick a reputable contractor, negotiate a contract and insure that work is done properly and for a fair price.

For more information about Consumers Guide to Home Repairs Grants and Subsidized Loans, contact Robert L. Berko, CERC, 350 Scotland Road, Orange, New Jersey 07050, (201) 676-6663 or outside New Jersey, 800-872-0121.
