New plan offers major changes for Big Sandy

Kentucky lawmakers approved a state redistricting plan Wednesday that pulled Floyd County out of the 25th Senatorial District and added two Martin County districts for Representative Greg Stumbo.

Floyd County picked up the Sam Moore and John Davis precincts out of Martin County and the lost districts in the 25th were given to State Senator Benny Ray Bailey, who gave 10 districts from Floyd County to Pike County Senator Kelsey Friend.

The 25th district lost seven precincts in Floyd County which represented about 8,500 people. To balance out the loss, the district picked up precincts in Elliott and Magoffin counties.

Boundaries for the 25th District will include three Elliott County precincts and four Magoffin County precincts representing approximately 10,300 people.

Big winners in the redistricting plan were Senator David LeMaster of Paintsville and Representative Hubert Collins of Wittenville who picked up more constituents under the plan.

Johnson County's 30 precincts remained in the 25th and 97th Legislative Districts.

State lawmakers had to approve a redistricting plan because Kentucky lost population according to 1990 census. Kentucky also lost a seat in the U.S. Congress.

Slick Rock man dies in house fire

A midnight fire claimed the life of a Floyd County man at Cow Creek, Wednesday night.

Donald Ray Goble, 35, of Slickrock, tentatively identified by Floyd County Coroner Roger Nelson, was dead at the scene following a blaze that leveled his hillside home. Goble's wife, Jane, and three children escaped without injury through a bedroom window, according to Nelson.

The origin of the blaze was not known at presstime Thursday, but a rescue worker at the scene said he believed everyone must have been sleeping when the fire began.

"By indications, I don't think the fire started in the area that he (Goble) was at. They're still running the investigation. There's still a lot of things we don't know," Chief Jim Caldwell of the Cow Creek Volunteer Fire Department said Thursday.

The Cow Creek Volunteer Fire Department received a call at 11:57

p.m. from an unidentified young person and arrived on the scene by 12:08 a.m. to find that the house was already engulfed in flames, according to Caldwell, who said he did not know how long the fire had been in progress when it was reported.

The fire department was able to respond quickly to the call because it is located only a mile from the scene, Caldwell said.

The roof of the structure collapsed at approximately 12:12 a.m., according to county deputy Linzie Hunt,

who was at the scene during the fire and is a resident of the area.

"Goble's body was found in the living room, adjacent to the front door," Nelson said.

Witnesses to the tragedy expressed conflicting statements to officials on the scene as to why Goble was still inside the burning home. Several individuals thought Goble had exited the building, but had re-entered. Others thought he had been overcome by the blaze or smoke and had collapsed while attempting to escape.

The Floyd County Rescue Squad

was also on hand to render assistance to the coroner's office Wednesday by providing lighting to the scene following the blaze.

An autopsy was performed on Goble in Lexington yesterday by Dr. John Wolfe, forensic anthropologist, and Dr. John Hunsacker, assistant chief medical examiner. Results are pending. The incident is being investigated by both the coroner's office and the Kentucky State Police.

Funeral arrangements were incomplete Thursday at Hall Funeral Home in Martin.

Blaze claims life

The home of Donald Ray Goble was still smoldering at Slickrock on Cow Creek Thursday morning following the midnight fire which destroyed the structure and killed one. Tentative identification of the victim as Donald Ray Goble was made by Floyd County Coroner, Roger Nelson, at the scene. Goble's wife escaped with three children. The incident is being investigated by the Floyd County Coroner's office and by the Kentucky State Police. (photo by Dodie Webb)

Payments to the construction manager on the Left Beaver High School project were resumed Wednesday by the Floyd County Board of Education after an attorney for the company threatened to take legal action against board members.

Board members voted at the December 12 meeting to suspend payments to Martin Engineering and Construction Company on the advice of their attorney Cliff Latta. Latta told the board he had "serious questions" if the monthly payments were a contractual obligation and asked them to stop payments until he reviewed the issue.

Robert Rowe Jr., an attorney representing Martin Engineering, sent a letter dated December 16 to members of the board which said "unless the breach of contract by the Floyd County Board of Education... is cured within forty-eight hours of the date of this letter, Martin Engineering and Construction Inc., will have no choice but to pursue every legal means available to resolve this matter."

Rowe's letter also said that Martin Engineering's business reputation has been damaged by publicity arising

from the board's decision to suspend payments.

After reviewing payment records to Martin Engineering, Latta sent a letter to board members outlining two options for them to consider.

The first option recommended temporarily suspending payments to the construction manager (CM) until "such time as the percentage of contract completion (54 percent) achieves a realistic level of the approximately 85 percent construction manager fees" paid.

Option two recommended paying the December invoice and five additional monthly payments required under an addendum to the original construction manager contract and "make no extensions of contract obligations for any phase of the Left Beaver school construction" without a clear understanding of what the contract entailed.

A lack of construction activity during periods in 1990 and 1991 on the Left Beaver project was an issue raised in Latta's letter.

"The disparity between construction manager fees paid and percentage of project completion is best illustrated by the following: during

Warrant issued for suspect

An arrest warrant was issued Thursday for a Floyd County woman who allegedly tried to run down a Floyd County deputy in his driveway early Tuesday morning.

Floyd County Sheriff Paul Hunt Thompson said Thursday that the arrest of Rita Tackett of Tackett Fork in Mud Creek was imminent Thursday evening. The warrant charges Tackett with first degree wanton endangerment for allegedly trying to run over deputy Larry Newsome.

Newsome said someone pulled into his driveway about 4 a.m. Tuesday morning and blew the car horn. Newsome said when he went outside to see if it was someone who needed help, the car sped toward him and tried to run him down.

The driver of the vehicle tried to run over Newsome again before pulling it onto the highway where the engine stalled, Newsome said, and the driver of the vehicle got out of the car and into a pickup truck that drove off.

Tackett was questioned Tuesday evening about the incident, Th-

Public meeting to be held:

Incinerator opponents get chance to be heard

Floyd Countians in Action have successfully lobbied to have a public meeting in January concerning the operation a medical waste incinerator.

Bill Eddins, commissioner for the state Department for Environmental Protection, said Tuesday that no date has been set for the meeting, but it will be held before an operating permit is renewed for Medisin Inc., which operates the incinerator.

Eddins said the emission and toxins emitted by the incinerator are not "significant enough" to require a public meeting, but said there is enough public concern to warrant discussions.

Floyd Countians in Action have been trying to close the incinerator because they claim emissions from the incinerator have led to health problems for residents who live near the facility. Members sent two dead doves to an independent laboratory

in October for autopsies. The group said they believed the birds died because of toxins released into the air by the incinerator.

Eddins reported that the doves died from congenital syphilis.

A risk study conducted by the state in September found that toxins in the soil surrounding the incinerators were not higher than in soil in other areas of the state. The study found the chemical levels were well below those the state EPA considered to be a dangerous level.

Medisin's incinerators are operated by the company that runs Highlands Regional Medical Center at Auxier, near Prestonsburg. The company has been using the incinerators to burn medical waste from area hospitals, clinics, nursing homes and other medical care facilities.

Eddins said the meeting would most likely be used as forum to discuss and explain the state's permit-

ting process for incinerators. Eddins added that Floyd Countians in Action may raise some issues that the state department may have overlooked.

Allen firm fined by OSHA

An Allen construction company was fined \$303,800 by the Occupational Safety and Health Administration this week in connection with the deaths of two employees who were working on a bridge in Lincoln County, West Virginia.

Bush & Burchett Construction Company was fined \$259,700 for 10 willful violations and \$44,100 for 25 serious violations for allegedly using improper platform cranes, overloading cranes and failure to use safety nets for employees working above water.

Ralph Snyder, 40, of Bancraft, West Virginia and Greg Pridemore, who was in his early 30s, of Ratliff, Ohio, were killed in June when a crane buckled beneath the weight of a concrete beam while they were working on a bridge. The construction crew is building a bridge over the

Guyandotte River. Pridemore died after he was knocked into the river and Snyder was crushed on top of the pier by part of one crane.

OSHA cited the company after an inspection of the work site and found that overloading the crane contributed to the accident, according to Steve Elliott, OSHA regional director for Charleston, West Virginia.

The company can file an appeal to the charges within 15 days.

OSHA defines a willful violation as an intentional disregard of, or plain indifference to, OSHA regulations and laws. A serious violation is defined as one in which there is a substantial probability that death or serious injury could result and the employer knew or should have known of the hazard.

Perkins, Rogers to be foes under new alignment

A redistricting plan approved by the General Assembly Wednesday will put U.S. Democratic Congressman Chris Perkins in a district with Republican contender Congressman Hal Rogers.

Reaction to the state's plan brought mixed reaction from the congressmen and a warning from the state's Democratic chairman.

"It makes it possible for the Republicans to win the congressional district in the east," said Grady Stumbo.

Perkins made several visits to Frankfort during the special session of the legislature and visited Governor Brereton Jones Wednesday to ask for his assistance to keep his district intact. Perkins opposed the

plan adopted by the legislature. Meanwhile, Rogers had his staff monitoring the entire process.

Perkins narrowly defeated Republican challenger Will T. Scott in the 1990 race that was expected to be an easy win for Perkins. Rogers is considered to be a stronger opponent for Perkins.

Eastern Kentucky lawmakers consider the redistricting plan a slap in the face by central Kentucky legislators. Herbie Deskins, D-Pikeville, had harsh words for the central Kentucky leaders.

"We are going to show those people in central Kentucky that we are better than they are and we want our turn," Deskins said.

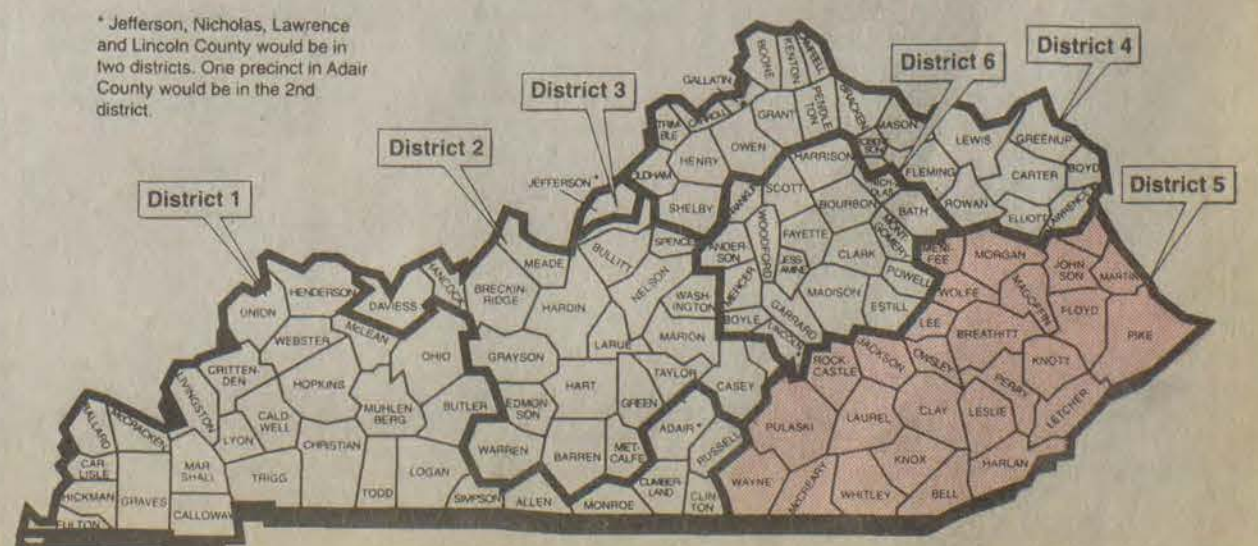

Whitesburg Democratic represen-

tative, Paul Mason, said the people of Eastern Kentucky have the greatest need for representation in the U.S. Congress and said "Eastern Kentucky is being butchered like a hog."

Representative Rocky Adkins, D-Sandy Hook, said, "Eastern Kentucky has lost today, but we'll be back tomorrow."

Alternate plans centered on putting Pulaski County, Roger's home, into a different district. The most favored alternate plan would have put Rogers into Democratic U.S. Representative William Natcher's district. Natcher fought and won the battle to block those efforts.

February, March and April 1991 when a total of \$43,954.40 in construction management fees were paid, there were no payments to any other sub-contractors, or vendors indicating an absence of activity on the project," Latta said. "Similar scenarios occurred in April and May of 1990, August and September 1990 and in October and November of 1991. In short, management fees were paid during periods of time when virtually no construction was in progress. This is not a prudent expenditure of school construction dollars."

Sam Martin, owner of Martin Engineering, Rowe, Martin Engineering employees and board members James Duff and Tommy Boyd met Thursday morning to discuss the issues Latta raised in his letter.

Weekly summaries of daily work reports from Martin Engineering indicate that several contractors were performing work at the site during the periods Latta noted records showed no other vendors were paid. Byron Hughes, who works for Martin, said that there were no payment records for February, March and April of 1991 because there was a disagreement between the architect, James Ellis, and Martin concerning what work the architect was required to verify. The board did not approve payments to contractors during that time.

Bartley, Music will wed Saturday

The wedding of Jamie Bartley to Brent Phillip Music will be Saturday, December 21, at 2:00 p.m. at the First Presbyterian Church in Prestonsburg with a reception immediately following in the church fellowship hall. The gracious custom of open church will be observed.

"We've been able to establish that there was significant amounts of construction going on at all times when Mr. Latta said there was virtually no construction in progress," Rowe said.

Hughes also read from invoices submitted to the board from contractors for work performed during that time period.

Latta stood by his recommendations to the board saying, "I received the checks the board gave me and unless they gave me erroneous information, it still shows no other contractors or vendors were paid during that time."

Latta's letter also recommended the board re-evaluate the construction manager concept in school construction projects.

"All three parties (the construction manager, architect and school district) must stay actively involved in the project for it to be successful and to achieve the desired result of saving money," Latta's letter said. "In the case of public school projects, and particularly the Left Beaver project, there has been absolutely no supervision or oversight on the part of the school district and this can, and in all probability will result in excessive, rather than reduced costs of school construction."

Martin defended the construction manager concept and said he felt the general public did not understand the concept.

"We play an active part in trying to verify or estimate, along with the architect and his consultants, to try to establish a working number for what dollars have been allocated at that time of the year that this board can receive for bond sales," Martin said. "We did not develop some of these concepts."

Martin said the public did not realize what the school board directed them to do concerning construction at Duff Elementary. Martin said he and his staff had to attend numerous meetings in Frankfort to extend construction time and acquire extra funding for the project because it was

underbudgeted.

"We were the ones going to Frankfort, setting up meetings, showing them ways through the bid package language, we could take what dollars that was available to us and develop that school to that point," Martin said. "We were taking earned interest income... and come back and activate that bid package, if the contractor was nice enough to hold his dollar amount."

"I'm not tooting my own horn, I'm just saying that I think the general public's conception of what construction management does is not understood," Martin added. "We have a good rating. Our rating can be checked on from both the level from Mike Luscher's office as from the level of Mr. Woody Barwick's office. I don't think from either side we'll get anything other than a good compliment on our business."

Luscher is director of the state Department of Education's facilities management and Barwick is director of the School Facilities Construction Commission, the agency that funds school construction projects.

Duff and Boyd were satisfied that work had been performed on the project during those times and praised Martin and his company for past performance.

"I think Mr. Latta doesn't have the correct information and, hopefully, he will get it and it'll be cleared up," Duff said. "I'm convinced that eve-

rything has been documented well and there's been supervision on the grounds at all times. I think they're doing a good job. To begin with, on the CM concept, I wasn't sold on it, but the people in Frankfort said that's the way to go. Having seen the contractor concept and the CM concept, I think the CM's the best. The taxpayers get their money's worth"

"I think we save money that way," Boyd said.

Boyd said he voted to suspend payments at the December 12 meeting on the advice of the board's attorney.

BOB BABBAGE

To the People of Kentucky
Honorable Wallace G. Wilkinson, Governor
Honorable John M. Stumbo, County Judge/Executive
Members of the Floyd County Fiscal Court

Independent Auditor's Report

We have audited the statement of receipts, disbursements, and excess fees of the County Clerk of Floyd County, Kentucky, for the year ended December 31, 1990. This financial statement is the responsibility of the County Clerk. Our responsibility is to express an opinion on this financial statement based on our audit.

We conducted our audit in accordance with generally accepted government auditing standards and the Audit Guide for County Fee Officials issued by the Auditor of Public Accounts, Commonwealth of Kentucky. These standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

The County Clerk is required to prepare her financial statement on a prescribed basis of accounting that demonstrates compliance with the cash basis and laws of Kentucky, which is a comprehensive basis of accounting other than generally accepted accounting principles.

In our opinion, the accompanying financial statement referred to above presents fairly, in all material respects, the receipts, disbursements, and excess fees of the County Clerk for the year ended December 31, 1990, in conformity with the basis of accounting described above.

As required by Government Auditing Standards, we have reported on the County Clerk's statement of receipts, disbursements, and excess fees for the year ended December 31, 1990, her internal control structure, and compliance with laws and regulations.

We found the County Clerk's accounting procedures and compliance policies in good order. We wish to commend the County Clerk for her effort and urge that similar efforts be made in the future.

Sincerely,

Bob Babbage

A five-part series on the special talents of Floyd Countians participating in the Main Street Arts Expo.

Romance and Fantasia

By Beth Jones
Contributing Writer

Betty Popp, a resident of Prestonsburg, is a lady who has been exposed to many different cultures. She was born in Ohio and lived in Floyd County approximately 28 years; originally, Ms. Popp came here to work as a nurse in a local hospital. The longer she stayed in Prestonsburg, the more she liked it.

She is a very talented artist. Her handmade angels are truly heavenly, and her decorated baskets and hats are beautiful works of art. Popp has her own unique style, which she attributes to her travels and experiences. She believes that living in Europe affected the way she creates, especially when she makes angels. Her style is a combination of things she has seen in other countries, blended with her own creativity.

While working, Popp found little time to devote to art. However, after her retirement, she took several art classes at Prestonsburg Community College. She found that the classes helped to enhance her own natural talent. She gives much credit to instructor Tom Whitaker. "He is a very special individual," she said. Popp decided to display her works at the Expo after Whitaker encouraged her to do so.

She is a woman of many talents. She constructs angels; many of them have been sold at the Arts Expo. In addition, Popp enjoys painting very much. She also likes to decorate baskets and hats. "I enjoy decorating them with dried flowers. I like natural things. They are much more beautiful than anything manufactured," she remarked.

"Romance and Fantasia" is the saying on her cards. She explained that romance is taking the prettiest parts of items and accentuating them,

Betty Popp

making something beautiful. Fantasia, she says, is simply her imagination.

Popp says that inspiration comes to her as she works. She explained that things she creates never come out the way she had planned. "It's almost a spiritual experience," she said. Popp believes in a passage from the Bible that says everything one lays their hands on prospers. She tells herself that before she starts her projects and they always turn out to be beautiful. "In this way, you can transfer something from your head to your heart to your hand. Then the project will be successful," she explained.

Of course, Popp's works will be on display for the duration of the Arts Expo. She encourages all to come by and look around, even if they've been there before. New works are being displayed everyday and people should come out and see them all.

Shepherd to head Cabinet

One of the state's leading environmentalists was selected Thursday to head Kentucky's Natural Resources Cabinet.

Phil Shepherd, a Frankfort attorney who has represented groups such as Kentuckians for the Commonwealth, was appointed by Governor Bereton Jones in what Jones called an end to "business as usual" in the cabinet which is seen by many to be held by special interest groups.

Shepherd's partner in his legal practice is Pikeville native Joe Childers, who is also well known for his work in environmental issues.

ompsom said, but she was not charged. Further investigation into the matter led to the warrant being issued for Tackett, the sheriff said.

Newsome impounded the stalled vehicle and a license plate check showed the tag belonged to Tammy Charles of Martin. Charles said she did not know the tag was missing and did not report it stolen.

Newsome said someone threw a homemade bomb onto the driveway of his home about six weeks ago. No one was injured in the explosion. Newsome said someone also set fire to a doghouse located beside his residence.

In an unrelated matter, deputy Newsome found a vehicle Thursday evening that was stolen from the parking lot of a church at Betsy Layne Wednesday.

Deputies recovered a 1989 maroon Toyota Tercel that belonged to Jerry Spears of Shelbiana. A Betsy Layne volunteer fireman reported the vehicle was stolen from the lot at the Betsy Layne Free Will Baptist Church located behind Velocity Market.

Newsome said the vehicle was found laying on its top in a creek in Branham's Creek with the tires gone.

Deputies had a suspect in the case Thursday evening.

Childers represents Floyd Countians In Action, a local citizens group that is trying to shut down a medical waste incinerator in Floyd County.

Childers said he was pleased with the governor's choice and that Shepherd was dedicated to improving Kentucky's environment while treating all sides equally.

Reportedly industry lobbyists were disappointed with the governor's choice.

Tom Fitzgerald, director of the Kentucky Resources Council who is also concerned with the environment, said critics of the governor's choice were disappointed because the appointment was not given to someone in the industry.

ABC's Prime Time Live television crew films Floyd County CAP segment

Prime Time Live comes to Prestonsburg

John Quinones, correspondent for ABC television's Prime Time Live, interviewed Christian Appalachian Project's, Mike Sanders, Thursday during CAP's Christmas basket distribution in West Prestonsburg. The interview should be included in a segment of Prime Time Live which will air Thursday, December 26, at 10 p.m. as part of an overall feature on the Delbarton, New Jersey high school boys who annually travel throughout Eastern Kentucky aiding needy families during the Christmas season.

by Dodie Webb
Staff Writer

The spirit of Christmas was evident in West Prestonsburg Thursday as over 200 Floyd County families received food boxes, clothing, and gifts from the Christian Appalachian Project and a Delbarton, New Jersey high school boys group.

An ABC television crew featuring correspondent John Quinones was also on hand filming a segment for "Prime Time Live," which is scheduled to air Thursday, December 26, at 10 p.m.

CAP sponsored a Christmas basket program for many of the agency's past clients in need of help during the holiday season. Food baskets were distributed by CAP and the Delbarton boys who, themselves, donated gifts and clothing to county residents.

The television crew has been following the Delbarton boys group throughout Eastern Kentucky over the last five days as part of a feature on the New Jersey school and their efforts to help needy families during the Christmas holidays. Delbarton High School is a private Catholic school in New Jersey. The boys will

be in Magoffin County Friday distributing gifts of clothing, toys, and some food items to area residents.

The Floyd County families who received the gift items were sponsored through CAP donations and the food boxes were provided by the Christian Appalachian Project.

Christmas stars

Christmas is right around the corner and the stars have once again come out to benefit children's services at Methodist Hospital of Kentucky.

The Stars Come out for Christmas is the title of a Christmas album now available at area Happy Marts. The Stars Come Out for Christmas was first produced two years ago to benefit a children's hospital in San Diego, California. Because of the success of the album, other hospitals across the United States are now offering it as a means of generating additional funds.

For those who missed the album last year, or like it so well and want to give the cassette as gifts, stop by an area Happy Mart and pick up The Stars Come Out for Christmas while supplies last.

A blue Christmas

by Scott Perry

According to recent news reports, Lexington retailers are crying the recessionary blues as their holiday shopping seasons are beginning to look like anything but Christmas.

One cause of their woes could probably be pinpointed by a stroll through the Lexington mall parking lots, where the Eastern Kentucky license plates are likely to be as scarce as hens' teeth.

Most flatland merchants are well aware of the impact mountain shoppers have on their pocketbooks and those who aren't are, no doubt, getting a crash course on economics this holiday season.

When the mountains suffer, the rest of the state feels the pain, too.

It's unfortunate that it takes a blue Christmas for some to recognize that fact.

Editor:

I've always been interested and concerned in the quality of education in Floyd County, Kentucky, being a product of the system myself. My children have each attended the Wheelwright schools, as have my grandchildren. I served the City of Wheelwright as it's mayor for more than 20 years, and in that capacity, had reason to meet and associate with members of the Floyd County Board of Education.

In recent years, the Floyd County system has come under attack, from without and within and, for the most part, justifiably. Their unwise budgeting and spending, for political reasons, is to be deplored. I know the state board has intervened and I had high hopes that while the eyes of the state were upon us, political cronyism would cease to be. Unfortunately, this doesn't appear to have made a dent in the "old boys' stronghold. The money, and since the increase in school taxes there's more, seems to go into the same hands.

To demonstrate my contention, I enclose a copy of a recently proposed cost to the Floyd County School Board from the Wheelwright Utility Commission, to provide water for the new Left Beaver School, and ask you to compare it to the proposal made to the board by Beaver-Elkhorn Water District. Should the board accept the Wheelwright proposal, there should be little on-going expense, due to the gravity flow of the water, eliminating the need for many large, expensive pumps having to be maintained, to get the water to the school. We taxpayers realize the cost of this on-going maintenance will come out of our pockets.

I spoke with Ms. Audrey Yates of the Wheelwright Utilities and she advised that she received no response to her proposal from the school board.

I believe that the school tax increase was necessary, only if true reform is implemented in the expenditure of these monies. I further believe, in Floyd County, this has not even begun. If it has, why did not our school board explore every feasible source of water to make sure our tax monies are spent in such a manner that every possible dollar will be used for the students, not those administering the funds?

Editors note: This is a letter sent to Dr. Thomas Boysen and is reprinted with the author's permission.

Dear Sirs,

First of all I want to comment on the open letter of protest written by Ned Pillersdorf in last Friday's paper. Congratulations, Ned, on your honesty, courage and willingness to speak out on issues most people are afraid to address. Ned has long been willing to defend those oppressed by the crooks, political machines of the area and those whose rights have been violated. I wonder where the teachers and many others would be without him.

It's true, one of the things that has bothered me most since moving here years ago has been that there are two sets of rules... one for the powerful and wealthy and one for the rest of us. Without equality of justice, we have no justice system. But, it goes on in other counties too. Just ask the state police about Pikeville's beloved mayor and how many times he was stopped last year for supposed DUI (was it 2 or 3?) and how many times he went to jail (was it zero?). Ask the sheriff and commonwealth attorney in Letcher County about how many times they have had drug raids only to find no one home because the folks being sought were tipped off from the inside. It happens all year but needs to stop if we are to grow and prosper as a modern state. Corrupt good old boy politics belong in the history books as a relic of the 50's and 60's not as a way of doing business in the 90's. The local school boards in Floyd and Letcher counties are about to find that out, like Harlan County just has. When Tom Boysen and Penny Sanders get finished maybe we'll find out that waste, open ended contracts and corrupt land deals will end and the money saved can go to

fine arts, computer labs, science labs, sports facilities ect... instead of into someone's pockets.

It's not Ned Pillersdorf's job or my job to speak out on issues and corruption it's up to all the people. It's your tax dollars being spent. Whether they are spent wisely or wasted is up to the voting public. Whether the right people serve in office is up to all the people. If someone is a crook, if they don't represent you honestly and diligently, it's up to you to throw the rascals out. You don't have to be rich, well educated or even employed to have power. No one can stop the people if they band together and use the vote or demand from the public servants what they paid for. Good schools, good roads, honest representation is your right.... get off your butt and make sure that you and your family get it. You and the rest of the people in the area can effect change. Don't think so? Look at the civil rights movement of the 50's and 60's. It started with just a few people and grew into an avalanche of popular support. It can happen in Eastern Kentucky too!

The mountains and her people are beautiful. Don't let anyone steal from them or you or trash them.....

The National Safety Council suggests that we not burn colored gift wrappings this Christmas because they may release lead and other toxic metals. Yet the Kentucky Environmental Protection Agency says, "(Medisin's) emissions are not big enough. . . and the toxins are not significant enough to require notice". This fact alone points out the hypocrisy of our so called Environmental Protection Agency and only further goes to prove that the E.P.A. is really the P.P.A. (Polluters Protection Agency). The E.P.A. may consider chemical levels in the soil safe for now, but these levels can only rise as the burning continues. The fact is that Medisin's incinerators are emitting toxic chemicals such as mercury, lead and dioxin, and that these chemicals will accumulate, eventually one must conclude, to unsafe levels. I believe that Medisin's incinerators at H.R.M.C. are detrimental to not only the health and economy of Floyd Counties but also their pride.

Do we need an excuse to have school? It seems that education has taken a back seat to numerous excuses. I tried to be understanding to the teacher's strike last year, not to mention the weather (rain or snow) and the fact that my son had three first grade teachers (not including the substitutes). Then this year we had a bus driver's strike, a flood, the flu and the snow hasn't even arrived yet.

Why is it that other school systems manage to have school? We worry about money and a bus wreck that happened thirty years ago. We are conditioned to look for excuses not to attend school. What kind of message are we giving our children? In an area of poverty, high unemployment and low education level, we need to attend as much school as possible, not less.

I think some attitudes need changed about the importance of a good education. This will take some time, hopefully, not another thirty years.

Report to Kentucky

by Senator Wendell Ford

KENTUCKY FARES WELL IN NEW HIGHWAY BILL

On balance, I believe that Kentucky fares very well in the massive six-year highway authorization that passed Congress just before the year-end recess.

Under this legislation, Kentucky will receive about \$1.70 billion — approximately double the amount we received under the previous highway bill. Our state will average approximately \$287 million per year over the next six years, compared with \$176 million under the previous highway bill.

Among the projects to be funded are:

- \$72.4 million to complete construction on the Cumberland Gap Tunnel
- \$7.6 million to widen U.S. 119 between Huddy and Sydney in Pike county
- \$15.78 million in funding to begin construction on a bridge between Maysville and Aberdeen, Ohio;
- \$49.5 million to complete the Watterson Expressway in Louisville;
- \$4.7 million for road work as part of the redevelopment of Louisville's downtown riverfront, specifically:
 - * A four-lane extension of Preston Street from Market Street to River Road;
 - * A four-lane extension of Witherspoon Street from Bingham Way to Clay Street;
 - * A two-lane section of Washington Street between Brook and Preston streets
 - * A four-lane extension of Brook from Washington to River Road;
 - * Upgrading U.S. 25E from Corbin through the Cumberland Gap to Morristown, Tennessee;
 - * Four-laning U.S. 27 near Nicholasville;
 - * Improvements on KY 92 from Interstate 75 to U.S. 27.

The bill will allocate to Kentucky \$320 million for bridges, \$357 million for surface transportation and \$79 million for additional special projects.

In addition, I-66, which is proposed to run from Bakersfield, CA, to Washington, D.C., was added to

the bill. The proposed six-lane highway will eventually run west to east through Kentucky and should do much to stimulate the economy across the state.

I am pleased to see Kentucky fare so well under this new highway bill. This is not just a transportation bill, which will help us improve Kentucky's infrastructure, but is a jobs bill as well. It is a shot in the arm for the highway construction industry, and the jobs it will create are what this state and the rest of the country need to help get back on our feet in these troubled times.

Legislative Perspective

By Rep. Greg Stumbo

The overwhelming task of redrawing Kentucky's congressional, legislative and judicial districts is taking shape as the special session called strictly to redistrict unfolds.

The redistricting effort is more difficult this time around in that Kentucky will lose one congressional seat. The state population has not kept pace with growth in such states as California, Florida and Texas, each of which will pick up additional seats in the U.S. House.

Redistricting is required every 10 years after the federal government completes the census. At the congressional level, it is carried out in accordance with a statutory formula established in 1941 which limits the number of U.S. Representatives to 435.

To stay abreast of redistricting activities in Frankfort or to speak to your legislator while he is in session now or during the regular legislative session convening in January, please use the appropriate toll-free number: Bill-Status Line, 1-800-382-2455; message line, 1-800-372-7181; calendar line, 1-800-633-6950; and education hot line, 1-800-242-0520.

State resolution honors memory of Bert Combs

State House Majority Floor Leader Gregory Stumbo and State Representative Paul Richardson co-sponsored a resolution honoring the memory of former Governor Bert T. Combs.

Both representing districts in East Kentucky; Stumbo a democrat from Floyd County and Richardson a democrat from Winchester, brought special attention to the man most East Kentuckians considered their voice in state government by adjourning the House of Representatives in his honor.

The resolution highlighted the many accomplishments of Governor Combs' many faceted life that included the establishment of the community college system, the park system, the expansion of Kentucky's highway and turnpike system in addition to the creation of the merit system for state employees and a department of child welfare—which was the first in the nation.

His final triumph for Kentucky children, the resolution expounded, was the historic lawsuit regarding school district funding equalities. It resulted in the innovative education reform statute that has the nation watching Kentucky's school system.

The resolution overwhelmingly passed the House. A similar resolution was also passed in the Senate.

Stumbo and Richardson told House members that the state had lost its number one citizen with Governor Combs' passing. They added their encouragements to members of the House of Representatives to use this hallowed life as a guiding constellation for the tough decisions that lay ahead of lawmakers.

Risner appointed new postmaster

Edith Risner, who joined the postal service in 1978 as a city carrier at Prestonsburg, has been named postmaster at the Prestonsburg Post Office. She succeeds former Prestonsburg postmaster, Don Osborne, who retired in November. Risner, a native of Prestonsburg, attended Prestonsburg High School. She is involved in the booster club and other school activities in Prestonsburg. She and her husband Bobby, have one son.

Veterans News

Following are representative questions answered daily by VA Counselors. Full information is available at any VA Office.

Q. — My G.I. insurance policy lapsed three years ago. How many premium payments must I make up in order to be reinstated?

A. — You must make two payments: one for the month in which the policy lapsed, and one for the month in which it is reinstated.

Q. — As a widow of a veteran, I draw Dependency and Indemnity Compensation (DIC) based on myself and my daughter. My daughter will be eighteen this month. When will she be eligible for DIC benefits in her own right?

A. — The effective date of eligibility is the first month following the eighteenth birthday, provided your daughter is attending a VA-approved school and is unmarried. The upper age limit is twenty-three.

Q. — I draw 40 percent disability compensation from VA. My divorce will be effective this month. When will my spouse be dropped as a dependent?

A. — You spouse will be removed from the dependent's list the first of the month following the effective date of the divorce.

Cardiac Cath Lab up and running

The staff of the Methodist Hospital Cardiac Catheterization Lab, along with Dr. Ahmed Malik of Pikeville, welcomed its first patient on December 19 inside the brand new facility located behind the Methodist Hospital building.

The lab operates in conjunction with St. Joseph's Hospital in Lexington. Dr. Malik, along with doctors from Lexington Clinic and Cardiology Associates of Lexington, will perform cardiac catheterizations at Methodist Hospital. The lab is staffed by registered nurses and registered radiologic technologists.

A large percentage of patients in eastern Kentucky are afflicted with cardiovascular disease. Kentucky

men rank fifth in the nation for the number of early deaths related to heart disease, and Kentucky women rank tenth. In general, one life is lost every 30 minutes to cardiovascular disease in Kentucky.

"Adding this service provides earlier identification and diagnosis of cardiovascular disease to the patients in this area. It's a definite plus for Methodist Hospital," said Libby Carter, R.N., director of the cardiac catheterization lab.

The Cardiac Cath Lab will have an open house on Friday, January 10 from 2 until 5 p.m. at the new facility. The general public is invited to attend.

Methodist expands facility

Hard hats are on and detour signs are up for the one-year, \$2.8 million construction project at Methodist Hospital of Kentucky in Pikeville.

"Thanks to careful planning, the expansion project is on schedule with completion expected in the fall of 1992," said Larry Webb, assistant administrator of general services.

Ground was broken in October for a two-story expansion project that will encompass a larger emergency facility and pediatric urgent care center, new outpatient surgery center, centralized admissions, new

school for medical technology, new radiology area with a new MRI unit and CT scan, larger medical records area, and a physician's library.

Richardson and Associates of Whitesburg is the architect and Burwil Construction is providing construction management services for the project.

Due to the construction, the emergency room and pediatric urgent care center entrance has been temporarily moved to the physician's parking area located on the left side of the hospital building.

COA presents gift for Christmas

Coal Operators & Associates, Inc. of Pikeville has made its yearly donation of \$2,500 to six area nursing homes.

The funding was divided among the nursing homes, depending on the number of patients the facility had.

Charles J. Baird, chairman of COA said, "Of the many charitable contributions COA makes each year, this

annual gift to the patients of our fine area nursing homes is the one which always gives us the most satisfaction. It is always our distinct pleasure to be

able, in a small way, to assist those who have no family support at a time of the year when attention becomes focused on family celebration and gift giving."

The donations will be used to help pay for Christmas parties and help provide patients with Christmas gifts.

Checks were presented by COA Chairman Charles Baird and President David Gooch. Also taking part in the presentation was Elkhorn City mayor and member of COA's board of directors, Richard "Hank" Salyer.

Education capitol style

Allen Elementary's sixth, seventh, and eighth grade social studies class, taught by Mr. Kenny Caldwell, had the opportunity to explore our state's capitol and to visit the grave of the great explorer, Daniel Boone, then traveled on to the Kentucky Military Museum. At the Capitol, students had the privilege of visiting Representatives Greg Stumbo's office, where they learned of some of his personal interest and hobbies. (By Jennifer Hayes and Tonya Lowe).

Harold Elementary students have best attendance record

The students at Harold Elementary had an average daily attendance of 96.47% for the school year 90-91 which exceeded the average for all other Floyd County Schools. This accomplishment makes five consecutive years that the Harold School students have had the best attendance in the Floyd County School System. The students greatly appreciate the trophies presented to them by Superintendent Ronald Hager and Director of Pupil Personnel Maurice Allen.

Harold students did it again!

Drug awareness at BLHS

Betsy Layne High School's Champions Against Drugs Club has really gotten into the spirit to promote drug awareness on "The Hill".

"Our goal this year is to show students they can have fun without the use of drugs", says Renee Allen, faculty sponsor of the Club.

It has been an exciting year so far for the Club members. To start things off, three members of the Club, Della Frasure, Hattie Hall, and Wayne Stevens participated in a regional Teen Leadership Conference held the

weekend of October 12th. While there, they took part in various workshops on such subjects as drugs, teen pregnancy, and peer pressure. During Red Ribbon Week, the Club decorated the school with red ribbons and posters. On the Wednesday of that week, the members went to Frankfort to take part in a state-wide Red Ribbon Rally.

These are just a few of the many activities that the Champions Against Drugs Club will be doing throughout the school year.

THAT SLUGGISH FEELING

Since Christmas is only a week away, it was good to hear that we are not in the midst of a recession. The last report to come out of our nation's Capitol is that we are simply going through a sluggish period. According to economic prognosticators, this slow period should rectify itself when consumers have the money to purchase things.

Somehow this revelation is of little consolation because the word "sluggish" suggests: lazy, stagnant, and inactive; similar to being hooked up to a "Kevorkian IV".

At last count, I had purchased zero gifts. Zilch. Nada. Goose eggs. So if Washington is waiting on me to help spur on the economy, they can consider themselves in "do do" up to their wallet.

The stereo system with speakers our son wanted for Christmas now looks as if it will be an AM/FM deluxe radio with headphones. He also wanted a CD player so we opted for a turn-table that plays 45's. This

won't hurt him, but not getting the specific college sweat shirts he asked for probably will. At \$49.95 a crack, not only is it almost impossible to send a child to college, you can't even dress him for high school.

The only bright spot to my Christmas present list is that my husband and I are giving each other the same thing we did last year. Thankfully, the economy did nothing to change the fact that nothing plus nothing still adds up to what it always did.

It was refreshing to see President Bush and his wife buying their seasonal gifts at J.C. Penney. They appeared to be elated to purchase socks and undershirts for their grandchildren at such fair prices. Although they seemed pleased, I'd bet their grandchildren would have preferred Nintendo tapes and Teenage Mutant Ninja Turtles which cost slightly more than items of clothing. All in all, it's good to know that the President didn't let the word like "sluggish" dampen his Christmas spirit.

I wish someone would tell the

AS THE STUDENTS SEE IT

I couldn't seem to get any exciting topics in my head this week so I did the next best thing — I stole some material from my students. (Seriously, I asked the students for their permission before submitting these journal entries.) I took some of the entries from the students' journals, and I offer them to you as proof that our students can do excellent writing. I hope you enjoy these entries — I did.

MOM'S COOKING

By Matt Johnson
Good old home cooked food. It's the best. What's behind the food is better though. All mothers seem to be

the best cooks. It is as if the day you are born they turn into a gourmet cook. My mother barely slides into this group. She is one of those "can" cooks. If it comes in a can, she can fix it and make it real good.

Take Mom's chicken. It's bought from the store. She doesn't go outside and pluck the thing, but when it is done, it is the best fried chicken in the world.

Don't mess around in the kitchen when a mother is already in there. This is a law learned early in life. If you walk into the kitchen and Mom is cooking, she will stab you with whatever she can find. Of course, when she has finished and the dishes are to be done, you know you won't find her there. It will be either me or Dad doing all the dirty work as usual.

I gladly give up the non-dishpan hands for the treat of eating Mom's home cooking.

AN ANT'S VIEW

By Carla Shepherd
Well, today I'm an ant and I want to describe to you those horrible, scary looking monsters that roam around here. They are called human beings and, boy, do they think they are a superior race or something.

Just today one of those creatures tried to squash the living life out of me. I was just out for a stroll when I had the greatest urge to fill my sweet tooth. Just so happens the humans were having a picnic and all those delicious sweets just made my mouth

water. I couldn't help myself...I had to have a piece of that wonderful cake. So while the humans were laughing and jumping off in the distance, I made a dash for it.

Boy, was I lucky an ant hole was close by because as soon as I started to take a bite of the delicious cake...Whack!! A gigantic something (I don't know what) almost left me a little black spot on that picnic blanket.

Why are those creatures so greedy? Don't they know us little creatures need food too.

Now that's what people are like from an ant's view. When you are an ant in a human's world you are always fighting for your life.

Mr. Daniel Branson assisted Danny McCoy and Clarence Elkins of the Allen Fire Department in filling balloons with helium for each student at Allen Elementary to release during Young Authors Week. Parent helpers were Rose Stephens and Terri Ison.

Young Authors blast-off week at Allen

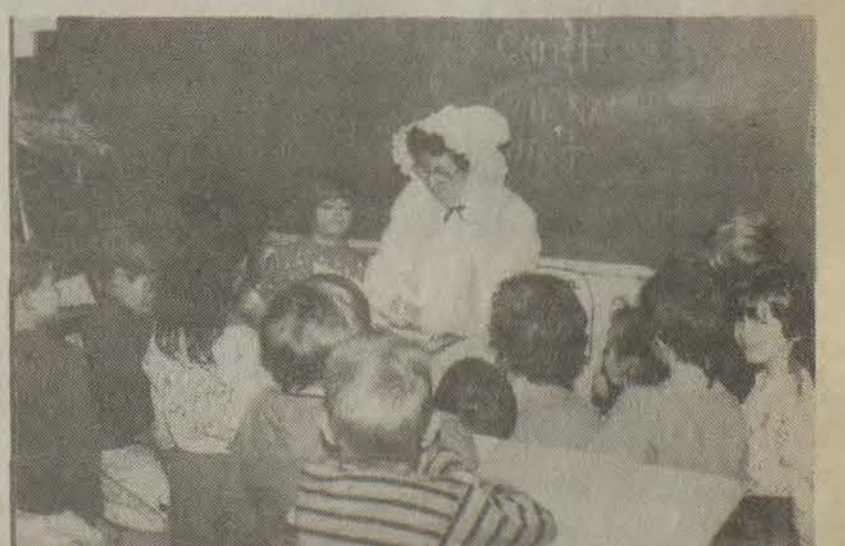

During the week of November 11-15, students at Allen Elementary participated in Young Authors Blast-Off Week with a variety of activities. Some of the activities were sustained silent reading, oral readings, a writing presentation, and on the final day all students did writings that were put into helium filled balloons and released at the last hour. At this time two of the balloons have been found, one in Hinton, West Virginia and the other in Roanoke, Virginia.

The students and faculty would like to express their thanks to Mrs. Danese Amburgey, Mrs. Imogene Caldwell, Mrs. Draxie Newsome, and principal of Allen Elementary, Mr. Daniel Branson, for the oral readings; Kim Frasure and Ed Taylor for the writing presentations; Danny McCoy and Clarence Elkins from the Allen Fire Department; Terri Ison, Rose Stephens, Debbie Crisp, and to anyone else who helped make the week a great success.

Former Times advertising manager, Kim Frasure and sports editor, Ed Taylor visited Glenda Blackburn's 8th grade reading classes during Young Authors Week. They explained to the students the writing process they use in writing their weekly columns for the Times.

Congressman teaches class

What better way to learn about American government than having a U.S. Congressman teach the class! Our U.S. 7th District Congressman, Chris Perkins, did just that this past school year in B.L.H.S.'s political science class. His visit allowed the students to understand the typical day of a congress person, and the inner workings of Congress.

He fielded the typical questions asked of politicians like "Why are we giving away so much money and aid to other nations when we have so many domestic problems of our own?" The students felt very honored that Mr. Perkins took time out to visit their classroom and this year's class is hoping he'll repeat his visit this year.

Harold Elementary holds Fall Festival

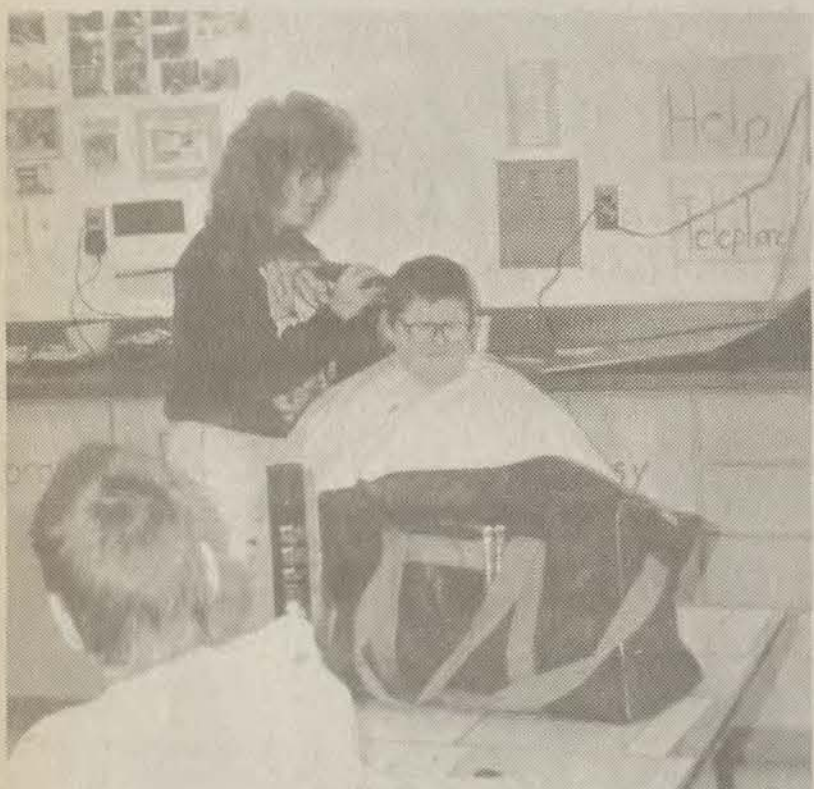

The annual PTO Fall Festival was recently held at Harold Elementary School. This event began as a fund raiser for the school but in recent years has become more of a fun activity for the students. The games and food booths were run by the parents, teachers, principal, cooks, and community members who support the school.

Some of the favorite events for the student were the Jail and Pie Throw. This year the Pie Throw was the big event and all the students wanted a

chance to hit their basketball coach in the face with a pie. The students had 138 hits this year. Maybe this will increase their free throw percentage in their next basketball game.

The events closed with the crowning of the Fall Festival Royal Family. The members of the royal family were elected by popular vote of their classmates. This year's winners were king- J.P. Skeens, prince- Joey Hall, duke- Tyler Mullins, Queen- Kelli Stanley, princess- Brandi Lykens, and duchess- Rene Kidd.

were held by the FHA were storytelling, crafts and songs. Earlier in the month local ladies from the Betsy Layne

Transfer Guide lists course match-ups

Morehead State University recently revised its Transfer Guide, a booklet designed to show transfer students how courses taken at a University of Kentucky community college will match up with Morehead State's courses.

"The Transfer Guide allows quicker, more accurate and more accessible information to students and their advisers," said Dr. John C. Philley vice president of academic affairs and dean of faculty.

Students transferring to MSU from any of the 14 University of Kentucky community colleges will find a listing of approved course "match-ups" that automatically plug into their selected MSU program of study.

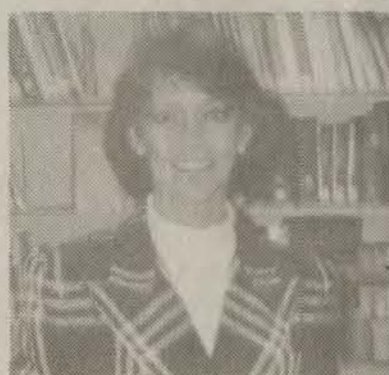

In fact, the Transfer Guide dovetails with the innovative computerized checksheet implemented by Morehead State last fall which allows an adviser computer access to a current picture of the students' progress.

Most, if not all, of a student's community college credits are transferable and can be applied toward a degree at MSU, either satisfying specific program requirements or as elective credits, the vice president said.

Use of the Transfer Guide helps students better prepare themselves academically for the degree they have chosen by indicating which courses will fulfill requirements in their program of study, in the area of general education, or as an elective, according to Dr. Philley.

Copies of the MSU Transfer Guide are available at all the community colleges in the MSU service region or in the offices of all MSU department chairs.

WEATHER, FLU PLAYED HAVOC ON SPORTS

Wow, what a confused state local sports has been in this past week. No one knows anything about what's going on. I had 18 phone calls Monday seeking information that even I didn't have. "The games are going on as schedule. Now wait a minute, I believe they just canceled them, or is that a maybe there?"

David Mosley said, "You were right in your column recently that there's nothing but confusion around the county." Mosley was having trouble fielding enough teams for his tournament that he had scheduled. Porter Elementary called on the day the tournament was supposed to begin and was canceled out. That left a hole. So Osborne was given the automatic bye into the semifinals. Then, all of a sudden, McDowell says they can not play Paintsville in the tournament. Now what! Mosley got Martin into the tournament to play Paintsville.

State of confusion number two. The Section 3 grade school tournament got underway Monday night and was to continue on Wednesday night. No school, no ball is the rule out of the Board of Education. So, the tournament was put on hold until after the holidays, so says the athletic director, Frankie Francis. Section 1 was all set to be played this week, also, and now has been canceled until after the holidays — or has it. Who knows? According to tournament manager Rick Hancock, the tournament will get underway on January 2.

High school games have been canceled as well because of the "bug" that is going around. The Betsy Layne Bobcats have been hard by the bug and had to cancel two conference games with McDowell and Prestonsburg. The McDowell game will be played this Monday evening starting with the girl's game at 6 p.m.

No word yet on the scheduled date for the make up of the Prestonsburg/Betsy Layne game. The canceled Allen Central/Prestonsburg game will be played in early February. Whew!

Now, Gordon Parido's troops have not been able to play since they beat McDowell back on December 10. The Blackcat coach hopes to be able to get in the Pikeville and Elkhorn City games this weekend. As of this writing, the games are on go as scheduled and will feature the Blackcats against the Pikeville Panthers this evening at 8 p.m. Saturday night, Parido's team will face the Cougars of Elkhorn City at 8 p.m. Both games will be played at the Prestonsburg Fieldhouse.

Allen Central continues to switch their games around and canceling homecoming became a necessary evil when it was announced that the new playing surface at the Rebel gym would not be ready for tomorrow night's game. So, coach Johnny Martin flip-flopped the game and will travel to Fleming-Neon tomorrow night to play Neon at home on January 21. As for homecoming, we don't know when it will be rescheduled. Allen Central hasn't played since December 11 when the team defeated Magoffin County.

Betsy Layne is probably enjoying the delays until they can get everyone healthy again. Out has been Shawn Wallen (injured foot), Jason Newsome (flu), Chris Potter (flu) and Brian Hunter (flu). The Bobcats will be in action tonight at the D.W. Howard Fieldhouse as they host Johnson Central. How many are able to play is anybody's guess?

McDowell hasn't missed a beat as far as sickness to their team goes. They have been canceled because the flu bug has hit the

Laferty quits team...

Kiser's Free Throw Gives Wildcats 78-75 Victory Over McDowell

The McDowell Daredevils lost twice this past Tuesday night — once in basketball and the other in personnel. The Daredevils dropped their second consecutive game with a 78-75 hard breaker to the Shelby Valley Wildcats at Virgie. Chuck Laferty, who transferred from Allen Central at the start of the school year, decided to leave the McDowell basketball team. According to reports, Laferty felt he wasn't getting equal playing time and felt that leaving the team was the best. The departure of Laferty is a reflection of last year when the Daredevils lost Mike Duddleson and later Britt Stumbo. Duddleson has returned this year and is playing some very good basketball. Stumbo graduated last school year.

It was on the basketball court that McDowell felt the sting as they had a

chance to win the game and saw it disappear. Rod Kiser sank the front end of a bonus shot to give Shelby Valley a 76-75 lead with 31 seconds remaining. Matt Baker hit a lay up with two seconds to go for the three point margin at the end of the game.

Before Kiser's winning free throw, McDowell's Earl Cook went to the charity stripe and missed two free throws that would have given the Daredevils a one point lead with 1:20 remaining.

McDowell caught up with the Wildcats in the fourth quarter, after trailing by five going into the final period, when Dale Hinkle hit a lay up underneath and the Daredevils took the lead on a basket by Doug Hopkins with 4:02 remaining. The basket came off a turnover by the Wildcats. Two free throws by Nathan Burger, for-

mer Osborne Grade School player, tied the game at 69-69 at the 3:54 mark. After Hinkle put McDowell back on top 71-69, Chad Justice connected on two charity tosses to knot the score once again. McDowell reclaimed the lead with 2:41 showing on the scoreboard on two free throws by Matt Johnson. Jeremy Johnson tied it for the score for the third straight time at 73-73. MacDowell, on a basket by Johnson, took their final lead at 75-73 with 2:15 remaining. With 40 seconds showing, Baker tied the game at 75-all and Kiser then hit the winning free throw.

McDowell held a seven point lead in the first quarter on the scoring of Johnson. Johnson was a one man team in the first period when he scored 12 of his 20 points. Down by one, 5-4, Johnson scored eight unanswered

points to give McDowell a 12-5 lead. Justice and Kiser scored back-to-back buckets and after Johnson's fifth basket of the stanza, Bobby Keys made it a 14-11 game. Johnson scored the next two baskets by for a 16-11 game but a three-pointer by Jeremy Johnson and Justice's basket tied the game. Duddleson hit a three-pointer to give McDowell a 19-16 lead. Keys hit one of two free throws for a 19-17 first quarter score.

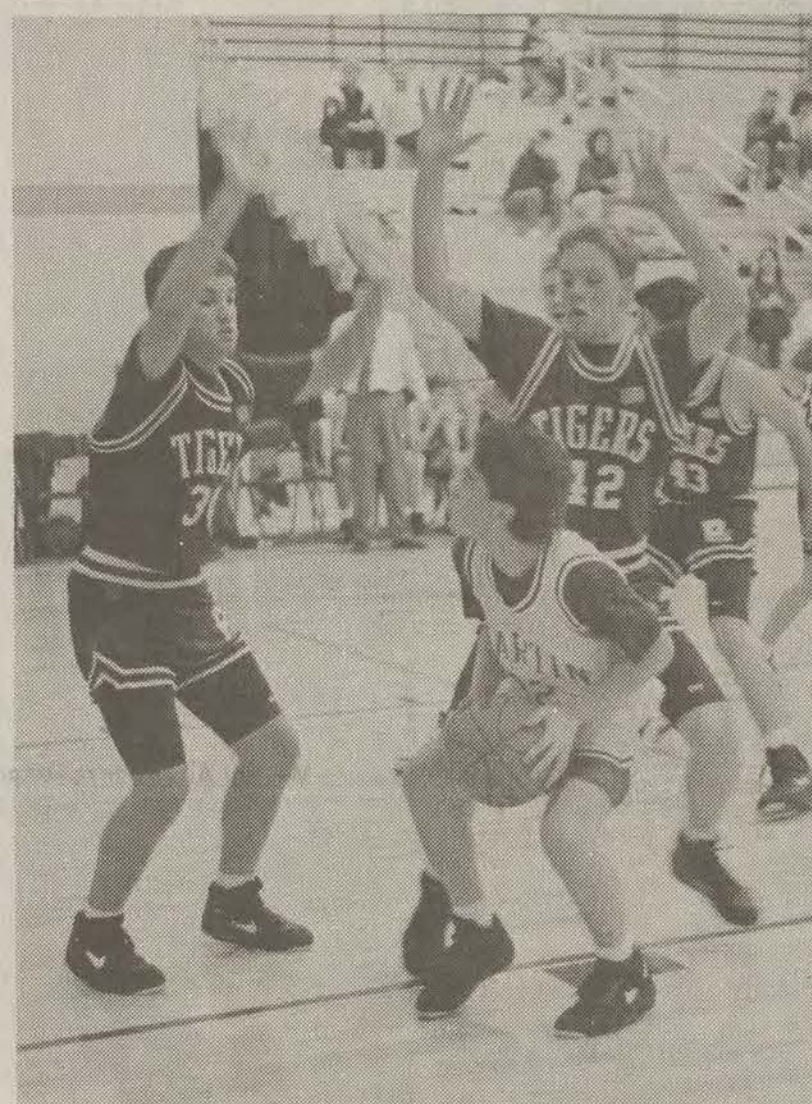

Hinkle hit a basket to start the second quarter and gave McDowell a 21-17 lead. Justice hit a field goal with 3:46 remaining in the first half to tie the game at 25-25. On the strength of Greg Johnson's trey, McDowell went back out by three, 28-25. Jeremy Johnson duplicated the feat and again the score was tied at 28-28. Doug Hopkins hit a basket

for a 30-28 McDowell lead and then scored again to give McDowell a 32-30 lead.

Kiser's three-point play and two free throws by Justice gave the Wildcats a 35-32 advantage before Kiser nailed a three-pointer just before the horn for a 38-32 half time lead for Shelby Valley.

McDowell fell behind by 11 points in the third quarter before a 5-0 run cut the margin to six, 45-39. Duddleson hit a jumper and Hinkle completed a three-point play. After Jeremy Johnson score for Shelby Valley, Duddleson scored a basket and was fouled. He sank the free throw to cut the lead back to five as the Daredevils continued to play catch up with the Wildcats.

Nowhere to go!

Beau Tackett (32) of Martin found the path to the basket a little crowded as he was confronted by John Herald (34) and Aaron Marcum (42) of Paintsville. Martin defeated the Johnson County team 52-47 in the first round of the Shag Campbell Invitational at Allen Tuesday night. (photo by Ed Taylor)

Martin Defeats Paintsville, 52-47, In Battle Of Elementary Powers

It would have made a great final game of the Shag Campbell Invitational basketball tournament being held at the new Allen gym. It would have even made a great semifinal matchup between the Martin Purple Flash and the Paintsville Elementary Tigers. But both teams were scheduled to meet in the opening round on Tuesday night.

"I would love to have seen these two teams meet in the semifinals of this tournament," said David Mosley, tournament director.

The game was all it was figured to be — a close game with some good basketball played. Martin used a second half spurt to come from behind and hand the undefeated Tigers their first loss, 52-47. The win improved Martin's record to 18-1 overall.

Jason Bevins topped all scorers with 20 points and Thomas Jenkins added 15 points. Bevins had 11 rebounds in the game and four blocked shots. Jenkins pulled down eight boards.

Martin, leading by two, 35-33, scored the first five points of the fourth period to take a seven point lead, 40-33. Bevins hit a basket underneath and Beau Tackett hit one of two free throws with Bevins coming back with a short jumper.

Baskets by E. Marcum and Melvin

cut the lead back to three before Martin ran off the next six points for their biggest lead of the game, 46-37. Adam Coleman scored on a bucket in the paint. Jenkins went for a basket on an outstanding move and was fouled. After Jenkins missed the free throw, Bevins stuck the ball back in to give Martin a nine point cushion.

The Purple Flash had their second nine point advantage at 48-39 on a basket by Tackett, a short jumper off the left of the key. Bevins hit two free throws after a basket by Aaron Marcum for a 50-41 score. Paintsville wasn't ready to throw in the total yet as they got back-to-back field goals from Aaron Marcum to cut it down to five. Kevin Robinson dropped in two free throws and Aaron Marcum scored on a lay up for the final 52-47 margin.

Martin struggled big time in the first quarter as they watched while Paintsville built a 13-6 first quarter lead. The Tigers pressure defense caused the Purple Flash to take some ill advised shots plus turning the ball over. Bevins gave Martin a short lived lead at 2-0 and then Paintsville outscored the Floyd County team 13-4. Coleman had a basket and Jenkins, two free throws. J. Herald scored six points in the quarter for Paintsville.

Martin took better care of the ball in the second quarter and seemed to be able to handle the press better. But

the thing that Martin did in the second quarter but didn't do in the first was get the ball down on the block to Bevins. Bevins, who was fronted by Paintsville's defense, took some loop passes for layups as Martin climbed back into the game. Bevins scored eight points in the period and got the last six to draw the Purple Flash to within two at halftime, 23-21.

Boat Load Of Free Throws Spells 84-80 Loss For Trojans

The Wheelwright Trojans were riding a four game winning streak and were all set to take part in the scheduled Hazard Invitational basketball tournament at Hazard this week. Instead, the flu bug caused the cancellation of the tournament. But that did not stop the desire of the Wheelwright Trojans to go ahead and play some ball games.

"After the tournament was called off, the coaches at Whitesburg in Leslie County and I talked and scheduled our games against each other," explained Jackie Pack, head coach at Wheelwright.

Pack and his squad traveled to Leslie County on Tuesday night as the first of three games scheduled during the week. It was a pleasant trip for the Trojans as they were hampered by some very early foul trouble that hindered the type of defense they wanted to play.

"We couldn't go out and play our pressure defense like we wanted to," said Pack. "We had to sit back in a 3-2 zone and weren't able to pressure the ball."

Leading scorers Harold "Boo" Johnson and Mike Newsome each were saddled with three personal fouls by the time the second quarter got underway. By halftime a third starter, John Hall, had been whistled for four personals.

But there was more. Insecurity seemed to set in with one of the officials and he whistled two technical fouls on Pack plus, for an added attraction, caused two Wheelwright fans to be ejected from the gym.

"In a matter of three minutes he called two technical fouls on me," explained the Wheelwright coach. "A couple of our fans questioned a call he made, and he came over to

them and told them to leave the gym. He stated that there would be no more basketball until they left."

The Trojans found themselves down by 16 points but did not quit and mounted a comeback that fell four points short. Johnson scored nine of his game high 30 points in the fourth quarter that cut the lead down to two points. The Trojans misfired on some shots and never could get the ball back.

"It was a good ball game," said Pack. "If we hadn't got into early foul trouble, it may have been a different story. Anywhere else besides Leslie County we would have won the game. We were down by two points with three minutes to go and just couldn't get a shot to fall for us."

Greg Couch and Reggie Stidham each scored 25 points to lead Leslie County. Another Couch who is making a mark for himself, Tim, scored 15 points in the win. Tim is the younger brother of Greg Couch and is just an eighth grader. Stidham found some easy shooting from behind the three-point circle as he hit five treys. Greg Couch went to the free throw line 25 times connecting on 19 of them. The Leslie County team had 42 foul shots total. Wheelwright attempted only 18 for the game, causing Coach Pack to holler foul.

"There were a lot of free throws in the game," he stated. "The Couch kid shot a bunch and we just couldn't touch him. We outscored them by 18 points from the field. So, you can see how many free throws they shot."

"The Leslie County coach asked me after the game if I thought that my team had played a good game. I told him if having to stay back in 3-2 zone

Allen Eagles Place Seven In Scoring Column With 38-12 Win Over Prater

The Allen Eagles limited the Prater Creek Cougars to one first halfpoint and posted a 38-12 victory in the opening round of the Shag Campbell Invitational basketball tournament at Allen Elementary Tuesday night.

Timmy Nunnemaker tossed in nine points to lead the Eagles in scoring. Corey Patton, Jon Estep and John Hurd each scored six points. Chad Spurlock scored five points while Billy Mitchell netted four. Tony Craft had two points. Jeremy Conn had eight points to lead the Cougars. Danny Akers and Jamie Kidd each scored two points.

Allen took a 7-0 first quarter lead on baskets by Patton, Chad Spurlock, Nunnemaker and a free throw by Spurlock.

Prater didn't score until late in the second period when Kidd hit a free throw after the Cougars had missed

nine straight.

Allen led at the end of the third quarter 29-8 with Nunnemaker scoring six points in the period. Patton tossed in four points. Conn scored six points for Prater in the third period.

Prater had to play with two of their starters out with the flu.

Prater ended their season while Allen will advance on to face Osborne (Wednesday night).

Pack Is Still Trying To Figure What Happened In 53-51 Loss At Whitesburg

Wheelwright lost. Yet another close game, but the Trojans lost. Ask Wheelwright coach Jackie Pack what happened and he will tell you he is still trying to figure out what happened.

The Trojans lost their second straight close game in as many nights when they dropped a 53-51 contest to the Yellowjackets of Whitesburg Wednesday night at Whitesburg.

It was the seventh road game of the season for Pack's ball club and fatigue seems to have set in.

"We're a tired ball club," said Pack of his loss at Whitesburg. "The kids have played seven of their first eight games on the road, and I think we are just tired. As far as what happened at Whitesburg, I haven't figured it out yet."

What Coach Pack hasn't figured out was the called that went against

his team down the stretch of the fourth quarter. Wheelwright owned a one point lead and had the ball with 26 seconds remaining in the game. The Trojans were in their delay game with Layne Bailey taking care of the basketball. Layne made a move toward the middle and was called for steps by one of the officials. Whitesburg got the ball back with 19 seconds remaining and Minnie Bates went down court, sank a shot and was fouled. Bates connected on the free throw with five seconds to go.

Wheelwright set up a last second shot that went astray and ended up in the rafters.

"I still don't understand the call the official made," explained Pack. "We were in our spread offense and Layne had the ball. All of a sudden he was called for walking, and he was still dribbling the basketball. He never

quit dribbling and that's what I can't understand.

"Of course, the way we played it should have never come down to that anyway," the Wheelwright mentor stated. "We had a lot of turnovers in the game, but our kids were just tired. They had no spring in their jumping and our movement was not good at all."

According to Pack, his team learned a lot in the past eight games that they have played.

"We have played under a lot of adversity the past two games," explained Pack. "But our kids have played tough and never, never quit. They won't quit on me. They have shown a lot of character after playing seven games on the road. They are a class group of young men and they have played hard."

Wheelwright seemed in charge in the first half holding a two point lead at the first stop but went to the locker room at half time with a 30-23 lead. Things started coming apart for the

Trojans in the third period when Whitesburg outscored them 16-9 to tie the game at 39-39 going into the final quarter.

Harold Johnson led the Trojans with 15 points and Bailey added 12. Mike Newsome hit double figures with 10 points while Jimmy Helton tossed in eight. Bates led the Yellowjackets with 16 points and Boggs added 15.

The loss evened the Trojans' record to 4-4 on the season while Whitesburg improved to 4-0.

Pack said that his team would take off until Monday and Tuesday when they will practice. The Trojans will have Christmas day off and return to the basketball floor on Thursday to prepare for the Rebels on Saturday night.

"I believe we can play with anyone around," said Pack. "I believe we can win some games in the conference this year."

McDowell (Continued from B 3)

Hinkle's offensive rebound basket kept the lead at four points, 52-48, before the Wildcats ran off five straight points for a nine point, 57-48, lead.

Hinkle's two free throws, a basket by Cook and Duddleson's field goal made it a 59-54 game after three quarters.

Hinkle led the Daredevils in scoring with 30 points and Johnson had 20. Duddleson finished in double figures with 10 points. Barry Hall, who averages in double figures, was almost nonexistent in the game. Hall finished with just two points on one field goal. Two other scorers for the Daredevils were not factors in the game. Hopkins scored only four points and Stanley also had four. Hinkle and Matt Johnson each had seven rebounds in the contest. Johnson picked up four assists. Duddleson and Hall had three assists, also. The Daredevils out rebounded Shelby Valley 25-20 and hit 14 of 15 free throws. Hinkle was a perfect nine of nine from the charity stripe.

Shelby Valley's big center, Bobby Keys, led the Wildcats with 20 points. Justice tossed in 17 and Jeremy Johnson netted 15. Shelby Valley hit

six three-pointers with Johnson drilling three. Burger hit two treys.

McDowell turned the ball over 18 times against the Shelby Valley defense. The Wildcats committed 15 miscues.

It will be homecoming night at the E.P. Grigsby Fieldhouse tonight as the Paintsville Tigers come to town to provide the opposition. McDowell will then entertain the Betsy Layne Bobcats Monday in a make up of a previously canceled conference game. Starting time for the Monday night game will be 6 p.m. for the girls' game and the boys will play at approximately 7:30 p.m. WMDJ will have all the action for those who are not able to attend the game.

Martin (Continued from B 3)

C.K. Dingus got the start in the third quarter and nailed a short jumper to tie the game at 23-23. After Marcum put the Tigers back out in front 25-23, Bevins tied the game with a leaper in the middle and Jenkins gave Martin the lead, 27-25, on another good move inside. Aaron Marcum knotted the game at 27-27, but Martin responded with baskets from Dingus and Jenkins to give Martin a four point lead, 31-27.

Jenkins kept the Purple Flash out in front as he scored on back-to-back baskets for a 35-29 lead. Martin's offense returned to first quarter similarities as they turned the ball over twice and baskets by Melvin and Marcum cut the six point lead to two, 35-33 as the third period ended.

It was then that Martin scored the first five points of the fourth quarter to take a 40-33 lead.

Aaron Marcum led Paintsville with 17 points. Herald added 10. E. Marcum tossed in eight.

Allen Central Football To Hold Fund Raiser In Spring

The Allen Central Rebel football team will be conducting a "Luck of the Drop" fund-raiser this spring but tickets are on sale right now for just \$2.

According to Rebel head football coach Dewey Jamerson, the Allen Central football field will be marked off in square yards and sold for \$2 per square.

"There are 6,360 square feet in a football field," explained Jamerson. "We will mark off the field in square yards and if any one wants a certain number on the field we will sell them that one. In late April we will turn a cow loose on the field and someone will have a chance to win \$2,000. (Wherever the cow stops to, uh, well, you know, will be how the winning square is selected)

Jamerson said that the money is being raised for the football program at Allen Central and was the brainchild of Jerry Fultz at Allen Central. "Jerry said that they do this down in Alabama and so we thought we would try it," said the Rebel mentor. "We want to sell \$4,000 worth of tickets and then we will give away \$2,000 of it."

Jamerson said that the football team is now selling the tickets for (See Allen Central, B6)

and not playing pressure basketball was a good game then I guess we played a good game."

Mike Newsome added 23 points for Wheelwright in their loss. Newsome played a strong inside game for the Trojans and has become a

force to be reckoned with underneath. After Newsome, the scoring for the Trojans dropped off considerably. Steven Jackson, off the bench, tossed in 11 points. Layne Bailey added nine and Hall finished with six. Jimmy Helton scored five.

The loss snapped the Trojans' four game winning streak and dropped their record to 4-3 on the season. Leslie County remained undefeated with a 4-0 mark.

Wheelwright will be off until after the Christmas holiday and will host the Allen Central Rebels Saturday night, December 28, in their first conference game.

Wheelwright has had a very busy week of basketball that began in a state of confusion concerning the canceled Hazard Invitational. The Trojans then went and made a schedule of their own for the week where they had three games scheduled. Two were played — Leslie County and Whitesburg — but the third with Jenkins for tomorrow night (Saturday) was canceled by Jenkins. **RIPLEY CENTRAL OF NEW YORK AT THE DEVIL'S DEN AFTER THE HOLIDAY**

CONGRATULATIONS TO BROTHER BOB ON HIS RETIREMENT JANUARY 1

I am proud of the accomplishments of my brother, Bob Taylor, who has been superintendent at the Georgetown Exempted Village Schools for the past 19 years. He has done an excellent job and now he is going to call it quits come January 1.

Bob played basketball for the Martin Purple Flash under the coaching of someone I consider the best to coach a game — Denzil "Hoss" Halbert. Hoss always had a nick name for all of his players. He called Bob "Ikie" and my brother Bill, "Pepsi."

Bob says that he will be doing what all retired people do, and I guess that means seeing some of the country. We wish him the best because he is the best.

HAPPY BIRTHDAY WISHES TO:

Betsy Layne Lady Cat Dee Dee Martin, who will be a "sweet" 16 this Sunday. Also turning 16 this coming Sunday will be my good friend Dale Kimbler of the Betsy Layne Bobcats. Happy birthday Dee Dee and Dale. Now after you get your permits and licenses, mom and dad will get you a brand new car. Well, it's your birthday: you can wish can't you?

Call us with your birthday wishes, and we will print them for you.

NEWSPAPERS SOUND LIKE THEY WANT PITINO TO GO!

Why doesn't the state papers and television media want to accept the word of Rick Pitino in regard to his not leaving Kentucky? The man has said time and time again that he plans to remain in the Bluegrass state and to make his home here. Why can't they accept that as fact? Of course, reporting the other way stirs up the UK fans and perhaps that is what the state papers are trying to do? Maybe, now that probation is over they want to cause some other controversy. We had better be writing things encouraging him to stay — unless we don't want him to!

WEDNESDAY PAPER, TUESDAY

You don't have to wait until Wednesday to get the sports section. You can get it on Tuesday this coming week. We will have all the sports of the weekend in there for you and then we will welcome a sort of lull during Christmas but will be chopping at the bits to get back after the holidays. I have logged many miles on my car and put in a bunch of hours these past two weeks and the old body needs a little rest. I expect to enjoy the holidays and prop my feet up in my recliner and rest.

Until next Tuesday, good sports everyone. Be good sports and have a very Merry Christmas and a great New Year. I hope that you get everything you wanted for Christmas and what you don't get you can go to Sears and get it after Christmas.

Adkins Scores 34 Points:

Auxier Has Easy Time With Virgie

"This is more like a Mutt and Jeff game," stated Auxier coach Ashland Gearheart just before his undersized Hornets faced a taller Virgie Eagle team in the first game of the Shag Campbell Invitational basketball tournament at Allen Tuesday night. The Hornets evidently weren't awed by the size of the Virgie team because they ran the court as they have all season en route to a convincing 62-41 win. The victory ran the Hornets record to 12-5 on the year and placed them in the semifinals of the tournament.

Auxier's outstanding eighth grader, Steve Adkins, poured in 34 points in an effortless outing to lead the Hornets and everyone else in scoring. B.J. Ousley added nine points in the win. Ervin Osborne tossed in eight.

Auxier blistered the Eagles in the first quarter by rolling out to an 18-6 lead in the first period. Adkins scored eight points in the first stanza with Ousley scoring four. Adkins scored the first four points on his first two shots at the basket and the fans knew

what kind of night was in store for the sharp shooter. Shane Hall made it 6-0 with a basket underneath. Patrick Damron broke the ice for Virgie with a jumper. Auxier ran off the next seven points to take a 13-2 lead. Jeremy Bell scored the last two field goals for Virgie in the first quarter.

Auxier's biggest lead was 25 points, 60-35 late in the fourth period. Virgie scored seven unanswered

points to cut the lead to 19. Adkins basket at the close of the game gave the Hornets the 65-41 win.

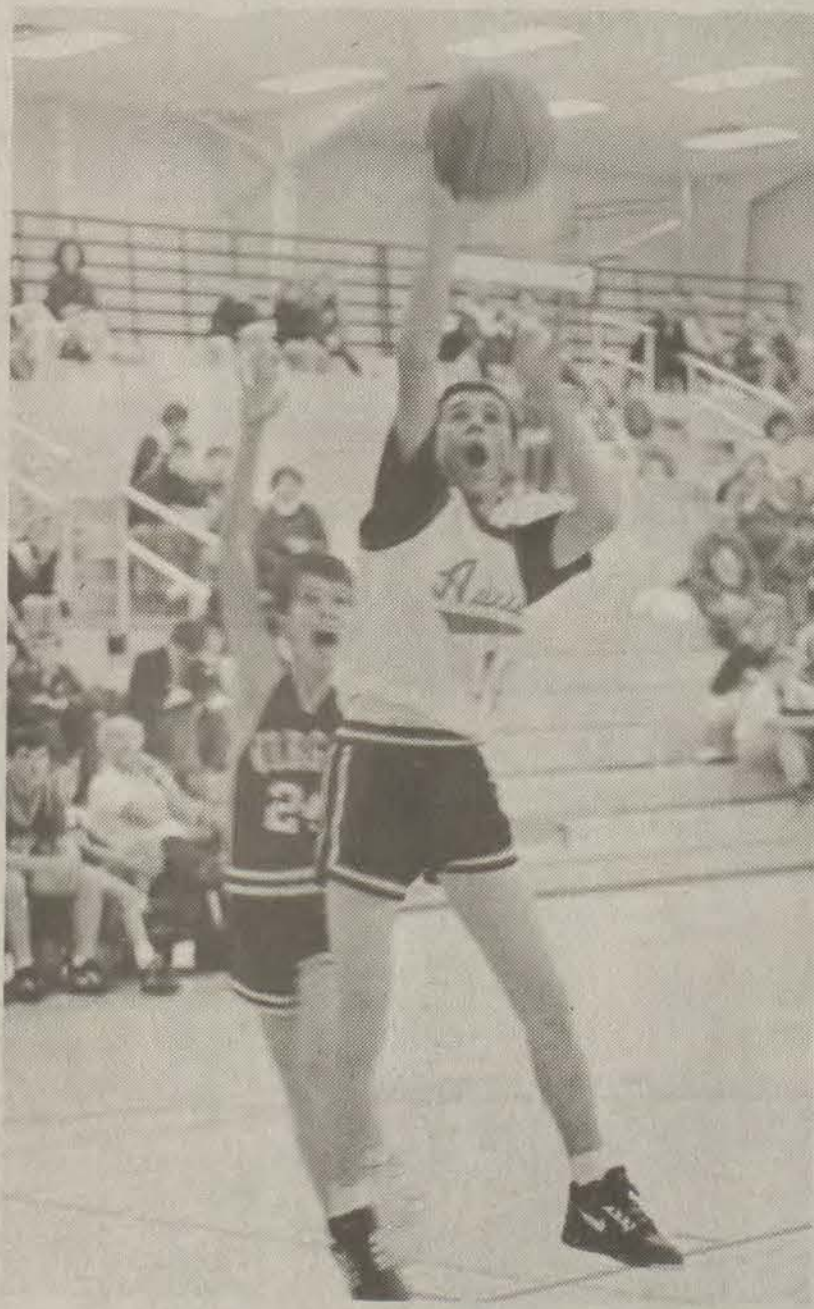

Auxier held a 24 point lead in the third period at 47-23 with Adkins scoring eight points. Adkins also added eight points in the fourth period and tallied 10 in the second.

Damron led the Eagles in scoring with 12 points. Bradley Johnson and Matt Newsome tossed in six each and

Patrick Honaker scored five.

Hall finished with five points for Auxier and Catrell Farler scored four.

Auxier kept full court pressure on Virgie throughout the game and came up with several steals that resulted in an easy basket. Virgie seemed to wear down against the smaller Hornets. Auxier hit on 12 of 19 free throws while Virgie connected on five of 16.

Open your mouth and say ahhhhh!

Ervin Osborne (14) laid in two points for the Auxier Hornets as his team posted an easy 62-41 win over the Virgie Eagles Tuesday night in the Shag Campbell Invitational at Allen. Osborne had eight points in the game. (photo by Ed Taylor)

"We will be selling chances at the home basketball games this year," said Jamerson. "Several people could just buy one a week and have more of a chance to win. HOROSCOPE

December 22 through December 28

- By C.C. Clark**
- CAPRICORN (December 22 - January 19)**
You may be a little peeved when you are excluded from a special meeting. Don't worry, in fact be grateful you didn't have to attend, as it wasn't much fun for anyone.
- AQUARIUS (January 20 - February 18)**
Your verbal talents will help you get out of some sticky situations. Take some time out of your hectic schedule to spend with someone who means a great deal to you.
- PISCES (February 19 - March 20)**
Angry feelings may get in the way of productivity in the workplace. Confront those feelings and the source and you will soon feel better.
- ARIES (March 21 - April 19)**
You don't enjoy facing down others, but it is a necessity when all their energy is focused on causing you trouble. You have the power to change the things you dislike in your life.
- TAURUS (April 20 - May 20)**
The temptation to get your own way can be almost overwhelming, but if you misuse your influence now, you will be sorry. Don't be so stubborn in domestic matters.
- GEMINI (May 21 - June 20)**
If you make a mistake, you need to admit it right away or face the consequences. An unfriendly person could try to make it into more than it is.
- CANCER (June 21 - July 22)**
Stay away from people whose greatest wish is to rule your life; you don't need their help. You are perfectly capable of making the right decision.
- LEO (July 23 - August 22)**
Be positive in the face of adversity and prove to those who would do you harm they cannot win. Authority figures may develop unrealistic expectations.
- VIRGO (August 23 - September 22)**
Don't trust others, especially those close to you, with financial matters. It's not that they mean to cause trouble, it will simply happen.
- LIBRA (September 23 - October 22)**
Family and friends are there to listen, but don't use them as a punching bag. They aren't the source of your problems; you'll have to look in the mirror to see that culprit.
- SCORPIO (Oct. 23 - Nov. 21)**
A young person may cause you a great deal of frustration. Keep your temper and work things out. Kindness and love can help in a tense situation.
- SAGITTARIUS (Nov. 22 - Dec. 21)**
You have many choices to make, and most of them will be difficult. Consider your family when making decisions concerning your work or school environment.

Gregory Peck on video: important body of work

By Steven Alan McGaw

It's time once again for the esteemed Kennedy Center Honors, and one of this year's honorees is Gregory Peck. Since 1944, Peck's commanding presence (that voice!) has made him an important, influential figure in American film.

One of Peck's earliest successes came in *Gentleman's Agreement*, Elia Kazan's version of Laura Z. Hobson's searing novel about anti-Semitism. Peck plays a writer who poses as a Jew in order to experience prejudice first-hand, and his portrayal is marvelous, evolving from curiosity to rage. John Garfield and Celeste Holm also star.

No list of Peck's achievements can fail to include

1962's *To Kill a Mockingbird*. His quiet, powerful Atticus Finch towers over everything in this film, and that's no small feat. Horton Foote's screenplay from the Harper Lee novel is spare and eloquent, Robert Mulligan's direction is superb, and Robert Duvall, in his film debut, excels as the shy, reclusive Boo Radley. Still, it's Peck who makes the movie, and he received the Oscar for his trouble.

Other notable Peck vehicles include Alfred Hitchcock's *Spellbound*, *The Man in the Gray Flannel Suit*, the original *Cape Fear*, and 1987's *Amazing Grace and Chuck*. His recent performance in *Other People's Money* has also won wide acclaim.

TV PIPELINE

Anderson, Van Damme top week's request list

By Taylor Michaels

Q: I am a MacGyver fan. For three years, I have been watching the show. I was wondering where I could write to Richard Dean Anderson? —Tawny Archibald, Oakley, Idaho.

A: Write to Anderson c/o MacGyver, Paramount Television, 5555 Melrose Ave., Los Angeles, Calif., 90038.

Q: I am a very big fan of Jean-Claude Van Damme. I have all of his movies and daily watch him. If you could please provide any information on him and tell me where I could write him, that would be great. —Linda Lou Farcher, Greenfield, Ind.

A: Van Damme was born and raised in Brussels, Belgium. In 1982, he came to the United States and took a variety of odd jobs until he debuted in *No Retreat, No Surrender*. His first starring role came in the 1987 release *Bloodsport*. He is very active with the Make-A-Wish Foundation, which helps make dreams come true for terminally ill children, and is also a supporter of animal protection. He is married to health and fitness professional Gladys Portugues and has two children. He is based in California. You can write him c/o Jean-Claude Van Damme Fan Club, P.O. Box 4149, Chatsworth, Calif., 91313-4199.

Q: I am a Madonna fan and I would like to get some information about her. I also want to know if there is an address to order posters, shirts, etc. —M. Fredenburg, Nacogdoches, Texas.

A: Write to Madonna Fan Club, 8491 Sunset Blvd., Suite 485, West Hollywood, Calif., 90069. The cost for membership is \$29; a brochure costs \$2.

Q: My mom came to visit me from Denmark. She is 72 years old and, well, to make a

Richard Dean Anderson of MacGyver

long story short ... she saw Kirk Douglas on television and she swears up and down she went to school with him. My mother is not crazy, believe you me, but we are from Denmark and Mr. Douglas is from the United States. Could you please let me know where I can write to Mr. Douglas? I want to set my mother's mind at ease. —Ge Ge Bray, Watkinsville, Ga.

A: Moms are great, aren't they? Douglas was born Issur Danielovitch (Americanized to Isadore Demsky) on Dec. 9, 1916, in Amersterdam, N.Y., the only boy among six girls in the family of a Russian peddler. He worked his way through college and went to drama class with Lauren Bacall. A Hollywood producer saw Douglas in a flop play and signed him to play opposite Barbara Stanwyck in the 1946 drama *The Strange Love of Martha Ivers*. He has since appeared in over 70 films. You can write him c/o CAA, 9830 Wilshire Blvd., Beverly Hills, Calif., 90212.

Send your questions about the world of entertainment to Pipeline, Features Dept., P.O. Box 961009, Fort Worth, Texas, 76161-1009.

Friday, December 20, 1991 B 10

To raise the sum of \$39,589.60 principal, plus an interest credit subsidy granted in the amount of \$17,508.00, plus interest in the amount of \$5,692.07 as of June 14, 1991, and interest thereafter on the principal at \$12,883.1 per day from June 14, 1991, until the date of Judgment, plus interest on the Judgment amount (principal plus interest to the date of Judgment) at the rate of 5.57%, computed daily and compounded annually, until paid in full and for the costs of this action, pursuant to Judgment and Order of Sale, being Civil Action No. 91-103 on the Pikeville Docket of the United States District Court for the Eastern District of Kentucky entered on October 8, 1991, in the case of United States of America vs. Edna M. Ritchie, formerly Edna M. Johnson, I, or one of my Deputies will sell the following described property at public auction to the highest and best bidder at the front door of the Floyd County Courthouse at Prestonsburg, Kentucky, on the twenty-fourth day of January, 1992, (January 24, 1992), at the hour of 11:00 a.m., local time, on terms of ten percent (10%) of the bid price on the day of sale with good and sufficient bond for the balance, bearing interest at the rate of 5.57% per annum until paid, due and payable in thirty (30) days and said bond having the effect of a judgment, or the purchaser may pay cash at time of sale. Upon a default by the purchaser, the deposit shall be forfeited and retained by the Marshal as a part of the proceeds of the sale and the property shall again be offered for sale subject to confirmation by the Court.

A certain tract or parcel of land situated in Floyd County, Kentucky, located near Prestonsburg, on Stevens Branch, and more particularly described as follows:

Being Lot No. 3 of Plat showing property of Henry L. Setser on Stevens Branch, Cliff, Kentucky, filed November 14, 1983, in the office of the Floyd County Court Clerk, Drawer No. 4, File No. 557.

Beginning at a stake in the center of Stevens Branch, the northeast corner of Lot No. 2; thence leaving the creek and crossing the bottom with the east line of Lot No. 2 S 11-41-20E 20 feet to a stake on the bank of the creek; thence

same course 75.00 feet to a stake the southeast corner of Lot No. 2 and corner to the lands of George Laven N 74-10-20E 100.00 feet to an iron pipe; thence N 11-41-20 75.00 feet to a pipe; thence same course 15 feet to a stake in the center of the creek; thence leaving the lands of George Laven and with the center of the creek running upstream approximately 100.00 feet to the point of beginning, being all of Lot No. 3 as shown on plat of survey for the property of Henry L. Setser of date November 10, 1983.

Being the same property conveyed to Edna M. Johnson from Henry L. Setser and Shirley Setser by deed bearing date March 21, 1984 and of record in the Floyd County Court Clerk's Office, Deed Book 282, Page 635.

Such sale shall be in bar and foreclosure of all right, title, interest, estate claim, demand or equity of redemption of the defendants and of all persons claiming by, through, under or against them provided the purchase price is equal to two-thirds of the appraised value. If the purchase price is not equal to two-thirds of the appraised value, the deed shall contain a lien in favor of the defendant's right to redeem during the period provided by law (KRS 426.530). Sherman Hansford, United States Marshal, Eastern District of Kentucky.

NOTICE OF INTENTION TO MINE

Pursuant to Application Number 836-5238 Amdt. 1

In accordance with the provisions of KRS 350.055, notice is hereby given that Consolidation Coal Company of Kentucky, 15345 Highway 542, Lambrick, Ky. 41340, has filed an application for an amendment to an existing underground coal mining and reclamation operation. This amendment proposes to add an additional 8.06 acres of surface disturbance and to delete 0.55 acres (and underlie an additional 260.00 acres) for a total proposed permit acreage of 570.33 acres located 0.9 mile northeast of Handshoe in Knott and Floyd Counties, Kentucky.

The proposed amendment area is approximately 0.2 mile west from County Road 1280's junction with Kentucky Route 2029 and located along Lick Fork. The latitude is 37°-28' 47". The longitude is 82°-53' 38".

The proposed amendment is located on the Handshoe U.S.G.S. 7 1/2 minute quadrangle map. The surface area to be affected by this amendment is owned by Consolidation Coal Company of Kentucky and Leslie Bradley. The proposed amendment will underlie land owned by Consolidation Coal Company of Kentucky, Leslie Bradley, Mitchel Stephens, Kirk Shepherd, Sharon Chaffins, Kermit Handshoe Heirs, Harris Handshoe Heirs, Willie Shepherd Heirs, Sammie Handshoe, Levisa Coburn Estate and Henry Bolen. The operation will use the underground method of surface mining. The operation will affect an area within 100 feet of public road Lick Fork Road. The operation will not involve relocation of the public road.

This amendment application has been filed for public inspection at the Department for Surface Mining Reclamation and Enforcement's Prestonsburg Regional Office, 1346 South Lake Drive, Prestonsburg, KY 41653-1397. Written comments, objections or requests for a permit conference must be filed with the Director of the Division of Permits, #2 Hudson Hollow, U.S. 127 South, Frankfort, Kentucky 40601.

This is the final advertisement of this application; all comments, objections, or requests for a permit conference must be received within thirty (30) days of today's date. F-TFN.

NOTICE OF BOND RELEASE PHASE III

In accordance with the provisions of 405 KAR 10:040, notice is hereby given that Coal Mac, Inc., P.O. Box 3428, Pikeville, Ky. 41502, intends to apply for bond release on Permit Number 836-8023 Inc. 2, which was last issued on 8-31-84. The application covers an area of approximately 9.0 acres located 0.2 miles West of Harold in Floyd County.

The permit is approximately 0.8 miles North from Ky. 979's junction with Ky. 1426 and located 0.1 miles North of Mud Creek. The latitude is 37° 32' 18". The longitude is 82° 38' 18".

The total bond now in effect is a surety bond for \$1,350.00 of which approximately 100% is to be released which would constitute a phase III release.

Reclamation work thus far performed includes: backfilling, final grading, seeding, mulching completed in Fall 1986. Results achieved include growth of vegetation as per the revegetation plan and the establishment of the post mining land use.

Written comments, objections, requests for a public hearing must be filed with the Director of the Division of Field Services, #2 Hudson

Hollow, U.S. 127 South, Frankfort, KY 40601, by date 30 days from the last advertisement.

A public hearing has been scheduled for Feb. 11, 1992 at the Department of Surface Mining Reclamation Office, 503 South Lake Drive, Prestonsburg, KY, at 1:00 p.m.

The Hearing will be canceled if the Department does not receive any public request within the time frame stated above.

Hicks wins Holiday Cookbook contest with her mom's chocolate cake recipe

Contest Winner

Roger Hill, manager of the Prestonsburg Food Lyon, presents Carlene Hicks with a \$100 grocery certificate after her Caramel Chocolate Cake recipe was drawn as the winning recipe of the Holiday Cookbook Contest. The contest was co-sponsored by Food Lyon and the Floyd County Times.

The Holiday Cookbook Contest, co-sponsored by the Prestonsburg Food Lyon and The Floyd County Times, was won by Carlene Hicks of Minnie, Kentucky.

The winning entry, Chocolate Cake with Carmel Frosting, was drawn from among numerous entries at the office of the Floyd County Times by Food Lyon manager, Roger Hill.

Hicks was ecstatic about winning. "I read about the contest in the paper and started to send it (the entry) in twice. One night, I just decided to do it because everyone else was. I feel lucky. This is the first time I've ever won anything."

Hicks has been cooking since she was a little girl. Her mother taught her the winning recipe except she used spice cake instead of chocolate. Hicks now likes to bake for her 15-year-old son, Tommy, and her father.

Dozens of recipes, festive holiday favorites and entrees fit for a king, were submitted by many area residents and out-of-state participants. Contestants were vying for the grand prize of a \$100 shopping spree at the Prestonsburg Food Lyon and the opportunity to have their recipe included in this special Holiday Cookbook.

Many of the recipes entered appear to have been handed

CHOCOLATE CAKE WITH CARAMEL FROSTING

12 to 16 servings

1/2 cup shortening	2 cups packed brown sugar
3 eggs	1 teaspoon vanilla
2 ounces (2 squares) unsweetened chocolate melted and cooled	
2 cups all-purpose flour	1 teaspoon baking soda
3/4 teaspoon salt	1 cup buttermilk

Cream shortening and sugar in large mixer bowl. Add eggs one at a time, mix in vanilla and melted chocolate until blended. Combine flour, baking powder, soda and salt, add all dry ingredients alternately with buttermilk to cream mixture. Pour into 13x9x2 inch pan, spread evenly, bake at 350° 30-39 minutes, cool completely

CARAMEL FROSTING

3 tablespoons milk	3 tablespoons butter or margarine
1/2 cup packed brown sugar	1-2/3 cup confectioner's sugar

Combine milk, butter and brown sugar in saucepan. Heat until sugar is dissolved. Cool to room temperature, stir in confectioner's sugar, beat until frosting is spreading consistently. Spread frosting over cool cake.

down through generations of Eastern Kentucky cooks and bakers. The "Can't Sit Still and Eat 'Em Sweet Potatoes," submitted by Bobbie L. Moore of Drift is a delight. "Mel's Corn Pudding," "Aunt Mary's Fruit Cake," and "Granny Horn's Apple Stack Cake," as well as Hicks' "Chocolate Cake" are included in this Holiday Cookbook for everyone to enjoy.

All of us at the Floyd County Times and Roger Hill of Food Lyon send a special thanks to everyone who entered this year's contest and express to Carlene Hicks, a heart-felt congratulations.

Additional Holiday Cookbook recipes will be published in the County Kettle, December 24th issue of the Floyd County Times.

FROZEN COCONUT CAKE

3 c. sugar
12 oz. sour cream
18 oz. frozen coconut
1 box Duncan Hines butter yellow cake mix
1 large container frozen whipped non-dairy topping, thawed
Mix sugar, sour cream and coconut together. Refrigerate in covered bowl for 24 hours. Bake cake according to package directions in two 9-inch cake pans. When completely cool, split into 6 layers and spread each (except top) with coconut filling, using all of filling mixture. Ice with large container of non-dairy topping. Sprinkle coconut on top. Refrigerate in covered air-tight container for 5 days before serving. This cake is extremely moist and will keep for a week.

May decorate with jelly beans or maraschino cherries for holidays.
This cake is unusually perfect for busy, house-filled holidays such as Christmas because that it is prepared so far in advance. One less dessert to rush to prepare the last minutes in a crowded kitchen or the busy nights before. I get rave reviews on this one.

CAN'T SIT STILL AND EAT 'EM SWEET POTATOES

1 lg. can (32 oz.)
or 2 sm. cans of sweet potatoes
1 stick of margarine
4 eggs
1 lg. can of cream
2 c. sugar
Dash of cinnamon
Dash of salt
Heat potatoes in their own water and drain. Add margarine and beat. Beat eggs, sugar and cream, dash cinnamon and dash of salt. Mix with potatoes. This makes a thin mixture, but it will thicken. Pour into a greased 2 qt. baking dish. Bake 20 minutes at 400°.

Topping:
1 1/4 c. crushed cornflakes
3/4 chopped pecans
1st margarine (room temp.)
3/4 c. brown sugar
Mix together and put on top of potato mixture. Bake 20 minutes more.
