Pilot killed in crash at Combs Field

A NASHVILLE, TENNESSEE MAN WAS KILLED Tuesday when he attempted to make an emergency landing at Combs Field. Witnesses said the single-engine plane appeared to have lost power before crashing nose-first on the runway. The fatality was the first at Combs Field in its 30-year history. (photo by Mike Burke)

The pilot of a single-engine aircraft was killed Tuesday when his plane crashed nose-first onto the runway at Combs Field and burst into flames.

The victim was identified by Johnson County Coroner J.R. Frisby as Michael D. Cashion, 66, of Nashville, Tennessee. Cashion was believed to have been returning from a service clinic in Massachusetts on Beechcraft airplanes, the type he was flying when he crashed. Officials said Cashion was thought to be an airplane maintenance specialist.

Johnson County deputy sheriff Don McFaddin said his office received a call at about 3 p.m. Tuesday notifying emergency personnel that a plane had lost power and was attempting to make an emergency landing at Combs, near the Floyd-Johnson County

Voters can move countyseat but petition must specify new location

by Susan Allen Staff Writer

The spectre of relocating Floyd County's countyseat was raised again the fiscal court.

Magistrate Jackie Edford Owens in the last county election. directed County Attorney Jim Hammond to have a petition to relocate the countyseat ready to file with the county court clerk by the August 3 filing deadline.

Fiscal court members have been discussing the possibility of moving the countyseat out of Prestonsburg for the past two months because of a controversy involving the city's municipal parking lot.

The fiscal court has proposed building a new multi-story courthouse on the parking lot. Prestonsburg City Council members have questioned the court's move and a lack of public discussion on the project and because the court apparently has not explored

alternate sites. At the May court meeting, Rose Collins, apparently in response to rumors of moving the countyseat, outlined the procedures necessary for

Threat, pleas add variety to public hearing

Public input ranged from threats to pleas Monday evening as Floyd County board of education members collected comments on the system's four-year facility plan.

A Middle Creek citizen threatened to file a lawsuit to halt all school construction in Floyd County if the local board of education does not vote to build a new Prestonsburg High School at the Middle Creek site.

Derek Hicks, speaking for proponents of the Middle Creek site, threatened to file a class action lawsuit if the school board goes ahead with a plan to renovate the current Prestonsburg High School.

Hicks said that it would be a "misuse of public funds" and would constitute misconduct in office if the plan to renovate the high school is approved by the board..

"(If the board proceeds). . . it would be misfeasance and malfeasance in office all because a new board member wants to fulfill a promise to political cronies to keep the high school in Prestonsburg," Hicks said. "We are prepared to file a class action lawsuit to stop all construction in Floyd County.'

Hicks accused board member Eddie Billips, who has opposed building a new school at Middle Creek, of pushing "his plan" on the local planning committee, who developed the new four-year facility plan.

Hicks also questioned the legality of a proposal to condemn property adjoining the high school football board already purchased property for a new high school, condemnation

Also speaking in favor of the Middle Creek site at Monday's hearing was Vicky Sizemore, who read a letter from John D. Sammons, another advocate of the Middle Creek

Sammons' letter said that the cur-

rent high school facility is in the floodplain; that there is a traffic congestion problem; and that there is limited accessibility to the school.

Sammons urged the local planning committee (LPC) to change the facility plan and called the Middle Creek property "the best piece of commercial real estate in Floyd County."

Floyd County Circuit Judge John David Caudill dismissed the charges on grounds the men had not been

Daniels asked that the committee be dissolved and that any action on the facility plan be suspended until a new committee is named to "go forward, unbiased and create a plan of equality for each student in the Floyd County school system."

Speaking for children who live in the Big Mud Creek area, Chester Newsome and Paul Tackett asked that a proposal to build a middle school beside Betsy Layne High School be reconsidered.

Tackett said that children who live in Big Mud Creek would have to travel an hour by bus to reach the Southern Exposure Band, 9 p.m.-9:45 middle school if it is built beside

A second hearing, conducted by an officer from the Kentucky Department of Education, will be held Tuesday, July 27, at 6p.m. at Allen Elementary. The hearings are open to the public.

Back room boycott

by Scott Perry

Hats off to Hattie.

When Floyd County school board member Hattie Owens declined last week to participate in a closed session of the board, she did something uncommon to many elected officials.

She obeyed the law.

All too often our public officials agree to conduct the public's business in private without regard for the legal limitations on such activities.

More times than not those closed sessions are called under the pretense of employing one of the few exceptions to state law permitting secret meetings then the discussions involve everything under the sun but the stated purpose.

That's illegal.

Rarely have we seen a public official boycott a closed session

because its legitimacy was called into question. Most are reasonably comfortable breaking the law because they know nothing is likely to be done about it.

Last week, however, Hattie Owens sat out of a meeting that most likely violated the state's Open Meeting laws and we should all stand to applaud.

While the remainder of the board settled in for illegal business as usual, at least one of its members thought enough of the law and enough of the public's right to know to sit this one out.

It's hard to say if her position on the issue will have any lasting effect on the boys in the back rooms, but it's refreshing to see the law obeyed every once in a

journalistic fairness

There has been a very good relationship between us since I started contributing articles to The Floyd County Times a few years ago. Your staff, in particular, had been helpful. However, I find it difficult to accept your reason for not publishing my response to Dr. Boswell's "Other Voices" article (July 9th), i.e., that your were (as I learned) "tired" of the issue. (Maybe, also, my response was a bit too long!)

It is journalistically ethical or fair to allow one party three opportunities (June 16, 18 and July 19) to make a point about a controversial issue, and allow the other (myself) only one (July 7)? It just isn't good math...never mind common sense and science!

As Editor you may say, "I have the right to do what I please." No one contests that, but how about the rights of contributors and of those readers who are equaliy entitled to know my response to the above, which deals with a vital issue of concern to everyone, i.e., HIV and AIDS? Should our rights be overlooked while no one contests yours?

I am distributing copies of my response to anyone who requests it and have informed Dr. Boswell that I am doing so. I hope that you will eventually realize the importance of re-consideration and availing it to the public in the newspaper, in the interest of journalistic fairness and, more importantly, public awareness.

However, on June 18, I was devastated when I saw a copy of the Floyd County Times. The feature story was no longer journalism! The words and photograph of the car were like a harpoon which forcefully roared through my chest cavity and ripped my heart out! In the accident described, I lost my nephew. To many, it was just another issue of the biweekly newspaper; but to Brandon's family, it was a cruel reminder that somewhere along the way, our nation has lost its sensitivity to others.

Our family was already in such deep pain due to the tragic loss of Brandon. My sister and brother-inlaw lost their oldest son. Justin lost his only brother. My parents lost one of their nine grandsons. Many students at Wheelwright High School lost a friend...

Did you, as editor, every consider how any of us would feel when we saw the picture of the car? Wasn't it enough that we lost him? Now, I can't close my eyes to sleep without the photograph coming to my mind. Honestly, I feel that photograph was not necessary and photos of this nature are used as a tactic to sell papers.

It is my opinion that this type of photojournalism continues to be a common practice because people who find it unacceptable don't speak out

In both cases mentioned the Floyd County Times was within their constitutional rights; but as American citizens we know that this is an ambiguous statement which omits the reality that too often innocent people are tormented by the words and/or photos which are classified as jour-

In all fairness, I must add that the article "...Remembering Brandon" touched the hearts of our family. We are very thankful to Ed Taylor for taking the time to focus on the happiness that Brandon brought to his family, friends, church and community.

Even though the article was submitted by a sports editor, I haven't figured out why it too couldn't be a front page story...

I have elected to exercise my constitutional right of freedom of speech to express my concern about the ethics (or lack of) by printing photographs of an accident scenes in which someone loses their life. On this topic, you, as editor, will have the final say since you have the right to chose what material gets printed by exercising your rights granted under the freedom of press!

On July 4, 1916 your newspaper, the Floyd County Times, printed a picture of two of the Civil War Veterans who were kin to me, Bill and Johnse Osborne.

Please, if anyone could tell me of them, I would be very interested and really appreciate hearing from someone who is kin. My father Cline Simpkins, his mother Ida Osborne, were born in Menifee County. William Osborne was her dad. William had a brother, Johnson.

Coffee - E Break

We were all set this week to extol the virtues of greyhound racing as an alternative to the on again, off again plans to bring harness racing to Eastern Kentucky.

Then we took time out for a reality check.

According to some estimates, as many as 50,000 racing dogs are killed each year because they can no longer compete. Some are euthanized by vets, some are shot, many are just abandoned to die of starvation or exposure.

Thousands are saved, however, by caring groups and individuals who work to find homes for retired racers.

Greyhound racing is a fast-paced, exhilarating sport that could have a future. But, as long as the participants are required to run for their lives, it's obvious that, where racing is concerned, man is no friend to man's best friend.

We doubt you could find a segment of our country's population more sympathetic to the plight of those folks along the Mississippi Riverthan those of us in Eastern Kentucky who are reminded too frequently just how unforgiving Mother Nature can be.

Thumbing through one of those mailorder catalogues the other day, we came across some considerable and consistent evidence of how dependent our country's economic future is on other countries.

For instance, few of the items of clothing advertised were made in the U.S.A., coming instead from cheap labor countries like Korea, Thailand and Bangladesh.

The tragic irony of that situation is that folks in those countries are earning pennies to produce clothing Americans pay high prices for so they can look fashionable in the unemployment lines.

U.S. companies which use cheap foreign labor say they must do so to remain competitive.

Who will they compete with, we wonder, when the rest of us are selling pencils to each other on the street cor-

If you think things are tough here, in Russia people often have to wait years for delivery of merchandise they order.

As the story goes, a Russian ordering a new car was told his vehicle would be delivered on July 6, 1998.

"Morning or afternoon," the buyer asked.

"What possible difference does it make whether it's delivered in the morning or in the afternoon?" the seller asked, "That's five years from now."

"The plumber is coming in the morning," the Russian replied.

Who is she? Why do we care about a cheerleader who thinks she has a hand for journalism? Believe me it will get a laugh in Florida. Who wants to read about her daughters getting perms or how hard it was for them (as cheerleaders) to raise money? And who is Ron Frasure? Nobody wishes to read this sort of article on selfimaging. I hope Kim doesn't get a salary. Hopefully she's getting pity for not realizing how valuable other people are in the community. And as it always seems, she uses her family to contribute or exploit her article. If Kim's Korner wishes to succeed she should emphasize people who weren't popular in school and who have succeeded elsewhere, instead of her own. Tobacco Tax Would Devastate Southeast

by George W. Abbott

Of all the regions of the country, the Southeast has consistently weathered recessions and quietly provided its people with jobs and steady growth. Now, all that could change.

Various proposals are now being considered in Washington to substantially increase the federal cigarette tax. But whether we end up with a doubling of the current 24-cents-apack federal excise tax, or a \$1 increase, or ever the \$2 "monster" tax, as the Washington Post labeled one another 89,250 Americans to unemproposal, the economic impact on ployment in the Southeast. our region would be devastating.

logging is to the Northwest...as petroleum is to the Gulf states and billion in paychecks-gone. Alaska...as wheat is to the Midwest. Here in the Southeast, tobacco provides about 200,000 jobs just in farming and manufacturing. Hundreds of thousands of other jobs are supplied in retailing, warehousing and many other direct and non-direct ways.

Based on a Price Waterhouse study, a \$1-a-pack increase in the excise tax would remove from our region more than \$485 million in annual tobacco-farm leaf sales. More than 25,675 farming jobs would be

wholesale trade jobs would be gone. Thousands of businesses—from paper companies to computer manufacturers to advertisers—supply the tobacco industry. With a \$1-a-pack excise tax increase, more than 14,500 jobs in the Southeast alone would evaporate from this tobacco-supplier sector of the U.S. economy. With this loss of workers and paychecks that buy food, clothing and everything else families require, a destructive ripple of tobacco unemployment would reach far and wide, adding

The total economic damage in Tobacco is to the Southeast as terms of unemployment with a \$1-apack increase: 144,247 jobs and \$3.4

> At \$2 a pack in tax increases, the pain in our part of the country would be unthinkable: more than 287,000 workers currently participating in the American economic system-earning paychecks totaling more than \$6.8 billion and paying taxes—would be told to start collecting unemployment checks from the government while they look for work elsewhere. Taken from our Southeastern economy would be \$972 million from tobacco leaf sales.

Even a "simple" doubling of the federal cigarette tax—to 48 cents a pack-would be a severe blow to our region. More than 42,400 workers would face unemployment and more than \$1 billion would be lost in pay-

But that's not all. Cigarette taxes traditionally have been a source for generating revenue at the state level. A large increase in the federal cigarette tax will reduce sales of tobacco products. That will reduce state cigarette-tax revenue. While tobacco excise taxes are low in the Southeastreflecting tobacco's contribution to the region's economy in many other ways-a \$1-a-pack federal tax increase will cost Southeastern states \$155 million. Will other taxes be raised to make up the difference? What will be cut? Education? Support for the elderly?

A federal cigarette tax increase is

a bad idea for other reasons as well. Cigarette taxes unfairly hit those least able to pay: low- and middleincome taxpayers. No matter how high or low a person's income, he or she pays the same amount of cigarette taxes-and that's not fair eco-

The government will not get the money it expects by raising taxes. In 1990 and 1991, Canadian cigarette tax rates rose 45 percent. But revenue increased only 1.4 percent. Canadians are crossing the border to buy their brands in U.S. stores. Smuggling and black markets are thriving.

Smokers already pay their fair share. According to an article in The Journal of the American Medical Association (March 17, 1989), "...On balance, smokers probably pay their way with the current level of excise taxes on cigarettes." And that statement was made before the last two federal excise tax increases and the scores of state tax increases enacted

If America's health-care is broken, the government should fix itnot just throw more money a the problem. At both the state and federal levels, cigarette taxes are being proposed to finance health-care reform. Americans spent \$838 billion on health care in 1992. But, according to Consumer Reports, at least \$200 billion was thrown away on "overpriced, useless... treatments, and on a bloated bureaucracy."

A major tax increase will not deter youth from smoking. Where this has been tried, the tax didn't do what its supporters said it was supposed to do. Last year, health authorities got together to review the results of a major tax increase enacted in California three years earlier. To the dismay of conference participants, a spokesman for the California program reported that the tax appeared "to have had little effect" on adolescents, and that their rate of smoking was virtually

Given all the reasons why a major tobacco excise tax increase is a bad idea, a surprisingly large percentage of Americans seem to favor such a tax. Or is it so surprising? Threefourths of American adults do not smoke-and proponents of the tax have been doing nothing to discourage the public from assuming that, if they don't smoke, there will be no economic price to pay for this tax.

Workers and employers all over the country will be paying the price, but it will hurt far more in the Southeast. Not since Reconstruction has the Southeast faced such a critical economic issue.

Competency hearing scheduled for Burchett

A competency hearing is scheduled next week for the Oil Springs man accused of killing Johnson County Sheriff Gene Cyrus.

Pike Circuit Judge Bayard Collier will hold next Wednesday's hearing to determine if Flem Burchett, 64, is mentally competent to stand trial for the March 18, 1992 shooting death of Sheriff

Gene Cyrus. Burchett recently underwent an evaluation at the Kentucky Correctional Psychiatric Center. Dr. Eric Johnson, a psychologist with Mountain Comprehensive Care Center, said in a March hearing that Burchett didn't remember any of the events leading to Cyrus' death. Johnson also said Burchett had an IQ of 57.

State law prohibits prosecutors from seeking the death sentence if a defendant's IQ is below 70. - The Paintsville Herald

Man honored for trying to save duck

A Lexington man who was struck by a car while trying to save a wounded duck has won a humane society award.

William Fraley, 40, was awarded the Above and Beyond Award by the Lexington Humane Society for his efforts.

Four charged in coal cases

The disposition of several cases related to mine health and safety standards in Eastern Kentucky was announced last Friday.

Ershel Thornsberry, 44, of Kite and Thomas L. Yonts, 45, of Halo entered pleas of guilty last Wednesday to a criminal information charging each of them with violating mandatory health and safety standards for coal mines. Both pled guilty to charges of failing to take respirable dust samples in the mine in May 1992 as required by the Federal Mine Safety and Health Act of 1977. Both men face not more than one year in prison and a fine of up to \$100,000. Sentencing was set for October 5.

Thornsberry operates the Daves Branch No. 2 mine near Kite in Knott County. Youts is the operator of the Franklin Collieries No. 1 mine, also near Kite.

Two other men were sentenced Thursday to one year probation and fined \$2,000 for failing to take respirable dust samples.

Leonard C. Clark, 39, of Honaker and Paul G. Smith, 42, of Sidney pled guilty to the same charges as Yonts and Thornsberry in May 1993. Clark was the operator of Diamond C. Fuels Mine No. 1 at Eastern, now closed. Smith was superintendent of Kiah Creek Mining Company No. 2 Mine near Virgie - Staff report

KET plans Somerset studio

Kentucky Educational Television plans to establish its first regional production studio at a rural development center in Somerset.

The Farmers Home Administration Monday gave Somerset Community College a \$500,000 grant for design and construction of the studio, which will be the first for KET outside of its Lexington headquarters.

The studio could have uses ranging from teleconferences to production of education and training classes to broadcasts of local and regional cultural events for statewide distribution.

KET will need \$2.5 million more to equip the studio. The network has begun applying for federal money. - Lexington Herald-Leader

History is like an iceberg. Most of it lives under the surface.

It's good to know it's all taken care of...

When a death occurs, many decisions have to be made for a funeral and burial. And they're all part of a seemingly endless number of things that need attention. Rather than leaving these decisions to your family, you can take care of them ahead of time with Forethought funeral planning.

Then, when the time comes, a single call to the funeral home should be all that's needed to put the process in motion.

The records for those offices must be kept at the countyseat.

A spokesman for the Legislative Research Commission said Friday that since a county can only establish branch offices for the county court clerk and sheriff "outside the countyseat," it is "common sense" that the courthouse would be located in the countyseat.

According to Black's Law Dictionary, which is the generally accepted legal dictionary across the nation, a countyseat is defined as: the chief town of a county, where the county buildings and courts are located and the county business transacted.

Hammond said Friday that he didn't see a need to move the countyseat, but added that the court would be "remiss" if it didn't look at other sites. He added that the Mountain Parkway would be completely "four-

clerk offices outside the countyseat. laned" in this decade and that the road would run through David, Eastern and connect with the new road at Minnie and then continue to the Little Mud Creek and Harold area.

Hammond said that a \$500,000 appraisal on the Prestonsburg parking lot was high and he didn't think the Administrative Office of the Courts would approve the cost.

Hammond also said that the county had decided against locating a new courthouse on the Middle Creek property owned by the Floyd County Board of Education. That suggestion has never been publicly discussed at a fiscal court meeting.

Webb was accused of conspiring with Sam Shepherd and Rick Blevins in November 1988 and February 1989 to burn the home of Bill Delong. Roger Parsons was also indicted in connection with the arson case for allegedly assisting Webb and Delong in the removal of furniture from Delong's residence.

Also indicted was Columbus Slone for allegedly starting a fire in a building he owned in order to collect insurance proceeds. Judge Caudill dismissed the charge against Slone on the same grounds.

The charge against Parsons was not dismissed because Parsons was not represented by an attorney at the time of his arraignment, Judge Caudill said.

Ned Pillersdorf, who represented Delong on charges of second degree arson, said Monday that his client was also denied a speedy trial. He said that under Kentucky law, there is a three-year rule which provides that someone charged with a criminal offense, who does not waive the right to a speedy trial, must be brought to trial within a three-year period.

In Memoriam of Jimmy Penix

Passed away July 19, 1984

Sometimes we walk along a path

Beneath a cloudy sky, There's nothing to the right or left To lift our spirits high. Then soon we turn a corner, And there, burst in our view, A scene of light and beauty, And the world seems all anew. So always hold this little thought That cares are bound to end, For there's a better day ahead Just waiting around the bend. We miss you so much.

When we all get to Heaven, as Jesus said, "Come unto me all ye that are heavy laden and I will give you rest."

Carolyn Sue Wilson, consumer operations manager at First Commonwealth Bank, was recently awarded a diploma for completing the Kentucky Schools of Banking two-year program. GBS is the only nationally accredited banking school in Kentucky. It is currently a twoyear program run by the Kentucky Bankers Association. The KBA organizes the school into two one-week sessions with students attending classes for one week for two consecutive years at the University of Louisville.

The program also requires students to participate in an intersession exercise between the first and second year sessions of the school. 1993 graduates of the Kentucky Schools of Banking GBS are now eligible for admission into graduate level banking programs.

IS THE FRONTIER LEAGUE IN TROUBLE?

Back in March, the groundwork was laid for the formation of a semipro baseball league that would afford opportunities for young men who had finished their college obligation or young men with aspirations of some day playing major league baseball.

Thus was born the Frontier League, an all-rookie league that was set up in two divisions and accumulated eight teams.

It was hopeful, after the initial year, that some major league teams would see the need of such a league in the area and adopt each of the eight teams.

However, last Thursday the league was served a blow when two teams pulled out and disbanded citing the lack of fan and businesses' support.

The Tri-State Tomahawks (Ashland) and West Virginia Coal Sox ceased operations leaving but six teams in the fledgling league.

Although the two teams have dropped their franchises, powers that be in the league believe that is going to make the other six stron-

"I think it ultimately makes the league stronger," said Kentucky Rifle manager Roy Cutright. "There were two teams not doing so well, and now they are no longer in existence."

"I talked to every team owner around the league," said Rifle General Manager Raymond Ferrell, "and every one of them is relieved this is over."

"It has been a stressful two or three weeks," said league commissioner Bud Bickel. "The league decided that it was time for the strong to move and the weaker links to fall."

Another reason for the demise of the two folded teams and perhaps a warning to those teams that still exist, is the lack of local talent that fans can identify with. League rules prohibited a team from having more that five local players on the roster. However, if you look close at the Rifles roster you will find only two local players and both are virtual unknowns. Adam Smith hails from Paintsville and Rob Taylor is from the Johns Creek area and played college ball for Pikeville last year.

Ferrell wanted to put together a team that could compete for a league title in its first year instead of going with local players. But the problem now exists that a league title may not be anyone's if the rest of the league folds.

The league has the entire month of August to play out their regular season schedule with the Rifles scheduled to finish against Lancaster at Paintsville on August

Before the loss of two teams, a championship playoff series was to start on August 29.

The league is no longer divided into two divisions but is but one at the present.

If the remaining six teams survive, and that will depend on promotion, a big question mark remains if the league will return next season. If it does, the Rifles may have to become a one city team and more local players added to the roster. No longer will they be able to split their playing between Pikeville and Paintsville. Promoting the team in the rest of the area such as Prestonsburg and up Highway 80 toward Hazard is a must.

I for one hope the league survives and that valuable lessons have been learned by those in

A semipro baseball league needs someone who knows how to promote. A team needs the best PR man that they can find. If there has been one thing lacking in the directing of the Rifles team it has been communication and promot-

Floyd County 14-year-olds win district championship

by Ed Taylor Sports Editor

The Floyd County 14-year-old Babe Ruth All-Stars Friday evening had a big day and a big game as they defeated Johnson County 5-4 to capture the district baseball championship and move on to state competition this weekend.

Eric Cook was voted the tournament's Most Valuable Player as he and a Floyd County error. But Castle, collected four hits and drove in three runs for the two-game series. Both Floyd County wins were by identical 5-4 scores.

Chris Moore started for Floyd County and picked up the win although he hurled but the first two innings. Moore was relieved by Brandon Castle in the fourth inning.

Moore allowed just two runs on one hit while striking out four. He issued two walks. Castle went the remaining four innings and allowed two runs on two hits. Castle recorded nine strikeouts and walked one bat-

He surrendered the two runs in the sixth inning when Johnson County mounted an attack. Floyd held a 5-2 lead but Johnson County caused some concern to coach Tom Holbrook when they pushed the runs across and had the tying run at third base.

A leadoff single by Shane Hensley to start the sixth and a one-out error

Yates powers Floyd 13-yearolds past Johnson County, 9-3

Kaleb Yates just about did it all. He tripled, doubled, collected half of his team's hits and scored three

The result of such an output was a 9-3 win for his team and a trip to Lexington to play in the Babe Ruth

State Tournament this weekend. It was a happy team that handed the Johnson County All-Stars the loss in earning the trip to Lexington. The team will play at 6:30 p.m. this Satur-

day at Veterans Park. Chad Case was impressive on the mound for Floyd County as he recorded 10 strikeouts in going the distance. He scattered three Johnson County hits.

Floyd County scored three runs in each of the fourth and sixth innings to open up an otherwise close game.

Johnson County took a 2-0 lead in a two-run first. The two runs scored after Case fanned the first two batters. An error at third and stolen base by Mike Bowling led to the first run. He scored on Blake Skeens' base hit. Skeens later scored on a balk call.

Floyd came back with a single run in the bottom of the inning to make it 2-1. A walk to Shannon Potter and Craig Johnson put runners on first and second. Yates was hit by a pitch to load the bases against Johnson County starter Jarrod Cowens. Mike

Pack then drew a walk to force home Potter with the run. Matt Kidd grounded to short to end the innning.

Johnson County made it 3-1 in the second but Floyd came back with two in the third to tie the game at 3-3. Johnson, who has singled, scored on Yates RBI double. Pack then laced a base hit to center, scoring Yates.

Case retired the next six batters he faced and Floyd County plated three runs in the fourth inning to assume a 6-3 lead. Yates tripled with Case and Johnson on board. He later scored on a wild pitch.

Three more runs crossed home plate in the sixth as the game was put in the win column. Consecutive walks to Potter and Johnson set the stage for Yates' third hit of the game as he drove in Potter. Johnson scored on an error in center field.

Derek Stanley, Johnson and Pack

had the other three hits for Floyd. Case did not allow a base hit after the second inning. Johnson County only had two base runners after the second and that came on two walks in the

FC15-year-olds lose heartbreaker, 14-8

by Ed Taylor Sports Editor

The Floyd County 15-year old All-Stars suffered a heartbreaking loss at Johnson Central Sunday afternoon as they saw their tournament and state tournament hopes fade with a 14-8 setback to the Johnson County All-

The heartbreak of the loss was that they had fought their way out of the losers' bracket and defeated Johnson County to force a final game. To make matters worse, Floyd held a 8-4 lead moving into the bottom of the fourth inning.

Coach James Skeens tried several pitchers to hold off the Johnson Countians. Five pitchers took the hill for Floyd but could not stop the late inning rally by the host team.

Matt Crawford, who won against Carr Fork Saturday, worked four innings but Rocky Newsome started for Floyd County, going just one in-

Newsome was reached for four runs in the bottom of the first inning as Johnson County sent eight batters to the plate. Shawn Hall had a tworun single and Alex Ward picked up an RBI for the winners.

Floyd County sent eight batters to the plate in the second inning and closed to within a run with three in the second. John Moore had a tworun single and Willie Meade drove in a run. Adam Coleman, who singled, scored on Meade's base hit.

Johnson County didn't make any noise in the second and third innings. While they were finding Crawford hard to hit, Floyd County built a 8-4 lead with a run in the third to tie the game at 4-4 and then four in the fourth for a 8-4 advantage.

Brent Akers had a two-run double for Floyd as Johnson County made two costly errors.

In the bottom of the fourth Johnson County began to rattle their bats as they tied the game at 8-8 with four big runs. All the scoring came after Crawford had retired the first two

Floyd High School to accept the coaching position at Johnson Central High School, local parents wasted no time in circulating a petition as to who they want as the next coach at the new Left Beaver School.

Floyd County School Superintendent Steve Towler stated that he would take into consideration the input from the two communities (McDowell and Wheelwright) when hiring a new coach. So a petition was circulated and 1,700 names signed backing fomer Wheelwright coach Jackie Pack as the new head coach.

Pack has been hired at Allen Central next season where he will be an assistant to coach Johnny Martin. But Pack's success in the two years at Wheelwright has the fans in both towns wanting the popular coach back.

Other coaches' names have entered the picture since Turner announced that he was leaving. There are some that say the job should go to Jimmy Hopkins because he has paid his dues in the grade school ranks where he was one of the most successful elementary coaches in the county. Hopkins guided the McDowell girls' program the last two seasons. Jim Rose, who coached at Knott County Central, has been metioned in connection with the opening. Rose also showed interest in the Sheldon Clark and Johnson Central positions.

Rumors have it that former McDowell basketball coach David Turner is itching to get back into the basketball wars and is interested in the South Floyd

I tried to reach Coach Pack but was unable to get up with him for a comment. But I will go on record as saying that Pack has proven what he can do with a basketball team and there is a boat load of talent going to meshed together at the new school and speaking of a district title is not out of the way.

Whoever lands the job, I will be there to support them all the

WILKINSON CALLS FROM MISSOURI..

G.N. Wilkinson, former Wheelwright Trojan alumni, called me Monday morning from the St. Louis area and he is looking for a former Wheelwright

Wilkinson is searching for the whereabouts of Robert E. Harlow who coached at Wheelwright from 1936 to 1940.

'He was the most successful coach at Wheelwright until Don Wallen came along," said Wilkinson. "The last contact that I had of him was in Independence, Missouri and I have tried to reach him there but could find no listing.

Wilkinson is seeking to find the former coach and hopefully have him as part of the Wheelwright Homecoming Festivities in September.

"I thought it would be good to have him there," said Wilkinson. "I understand that Garnis Martin (former Bardstown football coach) was the last person to have seen him. Even Elmer Ferguson doesn't know where he is. So, I would like to find out his presence. Whether he is living or deceased.

"He had a brother that was a dentist in Louisville," explained Wilkinson, "and his name was Julian Harlow. But I couldn't find a listing for him."

Anyone with any information about Harlow is asked to contact Wilkinson at 314-921-1694 or write: G.N. Wilkinson, 2330 Oriole Drive, Florissant, Missouri 63033 or notify the Floyd County Times sports department.

GOOD LUCK TO ALL FLOYD COUNTY TEAMS I wish the Floyd County 13 and 14-year old Babe Ruth teams the best as they go to the state

tournament this weekend. Until Friday, good sports everyone and be good sports!

Paintsville 11-year-olds win twice over HAP All-Stars to capture title

by Ed Taylor Sports Editor

The Paintsville 11-year-old Little League All-Stars did what many teams find hard to do--to defeat a team twice in two games.

But the host team accomplished the feat as they handed the Harold-Allen-Prater (HAP) 11-year-old All-Stars a 9-3 setback in the second game to win the invitational tourna- easily, 22-8.

HAP had won the winner's bracket of the tournament and was awaiting the winner of the losers bracket.

Paintsville pushed across five runs in the bottom of the fifth inning to secure the win. Leading 5-3 HAP starter Brandon Hansford ran into trouble in the inning. A walk and three consecutive singles made it a 7-3 game. With one out, Austin laced a base hit to center scoring Cox and Austin later scored on Harmon's base

HAP scored first in the initial inning taking a 1-0 lead. Chase Gibson scored Josh Kidd who had walked. Paintsville roared back with a threerun first and a 3-1 lead. HAP made it 3-2 as Hansford, who walked, scored on Wes Senters' base hit.

Kinner scored for Paintsville in the third inning as the host team took a 4-2 lead and could have done more damage but left the bases loaded.

HAP scored their final run in the fourth for a 4-3 game before the drastic fifth inning.

Senters had three hits for HAP and Josh Kidd collected two. Chase Gibson, Justin Hughes and Grant Newsome each had a base hit.

Garnett's (early) shopping list: South Carolina, North Carolina, Michigan, Cincinnati and yes, Kentucky.

Alex Sanders, 6-8 forward at Oak Hill Academy, Va., is considering Louisville, Seton Hall, UK and Syracuse.

Andre Patterson of Abilene, Tex. is thought to be leaning to Indiana ahead of Duke and UK, but hunch here is Pitino will get him.

HOOSIERS, TAR HEELS MOST KNOWLEDGEABLE

Anybody else this side of the river take note of Bill Friedkin's remark

The director of the movie Blue Chips, currently filming in Frankfort, Ind., told a reporter he moved his crew from LA because he was looking for the most knowledgeable fans who best appreciated the subtleties of basketball.

"...I came to the conclusion that only in Indiana—possibly North Carolina, but definitely Indiana could you get that kind of knowl-

edgeable fan response."
In (y)our face, Kentucky.

READERS (RIGHT) WRITE Speaking of Tar Heels, a letter came this week from Winston Salem,

Richard G. Bell would like to see a UK-North Carolina basketball series. 'It seems to me that big time college basketball teams should play, if not continuous, at least frequent intermittent regular season, series against their (generally year-to-year)

against their (generally year-to-year)
equals. Examples, of course are UKUNC and UK-Duke. (We currently
remember UK-Duke in the '92NCAA
Tournament game and how contemporary followers of the sport characterize it. True, but I have not forgotten another game [which I saw] of
UK and Johnny Cox versus West
Virginia and Jerry West—and what

Adolph Rupp said about West!)."

Bell says he "has no basis to know how anyone in this Tar Heel state reacted to UK's season (but) there were lots of televised games to watch the Wildcats. My guess is that fans of the college game here were certainly aware of UK and its record and, with respect to UNC, are quite willing to play anybody, anywhere, anytime—and expect to, and nearly always do, win!"

COMMENT I: Bell's view is well taken. An occasional intersectional meeting between college hoops' two winningest programs say, home and

away in alternating seasons, or at the Meadowlands, would be excellent.

COMMENT II: Carolina will open defense of its NCAA crown in November against Western Kentucky.

COMMENT III: Thank you for writing.

 John Kruk. After Randy Johnson's annie-over in the All-Star Game, wonder what pitch Kruk will get from Rob Dibble in a tight spot next time Phils visit Cincinnati?

• Cincinnati's Kevin Mitchell didn't show up for a Reds' game last week. If fined one game's pay, Mitchell forfeits \$21,000.

• Dick Vitale. I'm embarrassed for the guy. Again.

PARTING SHOT

Bob Uecker eulogizing Don Drysdale: "If you slept at his house and weren't up by five or six o'clock he'd make the bed if you were in it or not."

At a spring training batting practice Brooklyn Dodger teammate Duke Snider asked Drysdale to throw him a fastball down the middle.

Drysdale did and Snider hit a screamer back up the middle.
"Get back in there," Drysdale

shouted.
"See ya later, Don," Snider re-

plied.

Floyd County 15-year-olds hold off Knott County, 10-8

by Ed Taylor Sports Editor

The Floyd County 15-year-old All-Stars collected 14 hits and got a strong pitching performance from Matt Crawford in holding off the Knott County All-Stars for a 10-8 win.

Rocky Newsome collected three hits and picked an RBI to lead the hit parade against Knott County's Ricky Moberry. Newsome had a double in the seventh inning.

Crawford went the full seven innings for Floyd and allowed eight runs on 10 hits. He struck out eight and walked one.

Knott County mounted a late seventh inning threat but came up two runs short in the rally.

Down 10-5, pinch-hitter Brad Thomas singled to start the seventh and Josh Combs followed with a base hit off Crawford. Shane Amburgey legged out a bunt single to load the bases for Knott County.

Crawford failed to come to a set while on the mound and was called for a balk moving the runners up a base with Thomas scoring. Crawford got Randy Campbell on strikes for the second out but Moberry singled home two runs to make it a 10-8 game. Moberry was caught off of second and tagged out in a rundown that ended the game.

Two runs in the first inning gave Knott County the 2-0 lead on a double by Danny Sorrel and Amburgey's base hit. Moberry doubled home Amburgey for the lead.

Floyd came back with three in their half of the second for a 3-2 lead. Rocky Newsome, T.T. Pack and Crawford each had base hits in the inning. Pack and Crawford drove in a run each with their singles and the third run scored when Shanna Clark dropped a base hit in to short right field, scoring Shawn Rose.

Jeremy Adams doubled and scored on an error at first base in the bottom of the second and Greg Hall came home when Combs grounded to short to put Knott County in the lead 4-3.

Floyd tied the game at 4-4 in the fourth. J.P. Skeens singled leading off, moved to second on an error and later scored on a balk call on Moberry. The local all-star team made it 6reached on a base hit and stole second. He later came around on pinchhitter Joseph Risner's RBI single. The ball got away from the first baseman and Risner moved on to third where he scored on Newsome's RBI single with one out.

Knott County scored a lone run in the fifth inning but Floyd came back and plated two in the sixth on a base hit by Pack, who scored on a fielder's choice after moving to third on a passed ball. Rose had the RBI on the score. Rose scored when Moberry was called for a balk. Willie Meade doubled in the inning.

Two runs in the seventh proved to be the winning margin for Floyd County as they held off Knott County

in the bottom of the seventh. Brent Akers, subbing for Adam Coleman, singled and scored when Newsome doubled and J.P. Skeens scored on Matt Crawford's base hit.

Moberry suffered the loss for Knott

At Pikeville Methodist Hospital,

We Make A Difference In Children's

Lives.

The Special Care Nursery at Pikeville
Methodist is the regional Level II Neonatal
Intensive Care Unit for the Big Sandy area.
The majority of high-risk infants who are sick
during the first few hours and days of life can
receive special care and treatment in this unit.
A full-time neonatologist (pediatrician specializing in the care of sick infants) is on staff
at the hospital to care for sick babies. The unit
also has its own specially equipped ambulance and transport team to pick up sick
babies at other area hospitals and bring them
to the NICU.

Hearing In Newborn Testing Program (HINT)

Pikeville Methodist Hospital has the only hospital program for testing hearing in newborns in Eastern Kentucky. The program is run by specially trained volunteers and is a free service. All babies born at Pikeville Methodist receive the test, and results are interpreted by an audiologist. This test can detect hearing loss early, enabling the child to receive help during the critical period of language development.

At Pikeville Methodist Hospital, we know that each child is special — a bundle of hopes and dreams for the years ahead. We want to give your child every chance for the best possible future.

When you choose Pikeville Methodist Hospital for children's services, you're choosing a caring, highly skilled staff of doctors, nurses, and technicians, as well as a number of unique options and services for your child.

And, we have the high-tech equipment it takes to care for your child in diagnosis, treatment, and recovery.

We even have a separate emergency room just for children called the Pediatric Urgent Care Center. It's open when the doctor's office isn't; from 4:30 p.m. to midnight on weekdays, and 2 p.m. to midnight on week-ends

You see, after taking care of children for more than a half-century, we know that they deserve extra special care and attention. Pikeville Methodist is ready and waiting to provide quality care close to home and make your stay as comfortable — and as brief — as possible.

For more information, call Director of Children's Services Cheryl Hickman at 437-3977.

Pediatric Unit

Dedicated to the care of children, the pediatric unit specializes in making children and their parents as comfortable as possible during the stressful time of illness. Parents are encouraged to stay with their child, and sleep chairs and meals are provided during their stay. Little red wagons transport the child to and from other departments in the hospital for necessary procedures. And, as the child begins to feel better, he/she can play in Kids Korner, a playroom filled with toys, books, games, and videos

Neonatal Developmental Follow-Up Clinic

Anyone who has had a sick baby wonders how the illness will affect the child later in life. The Neonatal Developmental Follow-Up Clinic was formed to answer that question. Babies who have been treated in NICU receive a free examination at the clinic at six months and one year. A neonatal nurse, developmental therapist, neonatologist, and social worker all check the baby for developmental and growth problems. Families are frequently given exercises to stimulate their baby's development at the appropriate age.

Spinnerbaits are one of the number one choice lures of the top pros. They are a bait that can cover a lot of water very quickly and effectively. They can be fished on the surface, on the bottom, and/or any depth in between. They are virtually snag-free and they flat out will catch fish just about any time of the year. Spinnerbaits come in a variety of sizes and colors. First we will talk

A one-eighth ounce spinnerbait is one that gets overlooked a lot. The light weight of this bait will move more slowly in the water which means that you can keep it in front of the fish longer. This is especially good when fish tend to not chase a faster moving bait. You can obtain the spinnerbait in a number of different sizes starting from a one-eighth ounce that we just

mentioned to a one-quarter, threeeighths, one-half or a one-ounce size. You must check to see what weight the fish may be on. Experimenting with this bait leads to learning.

There is a never ending list for blade combinations but try to keep it from becoming too complicated. I use a number four willow leaf on the back with a number two Colorado blade when fishing the clearer water. When fishing the stained water, I will usually throw a number four Colorado in the back with a number two Colorado in the front. As far as the color of blades go. I use nickle blades in the lakes where there are a lot of thread fin shad and gold blades where there may be shiner, especially in the Florida and Georgia lakes. To me. this something you should also experiment with.

Skirt color and size can really make

a difference and there are a lot of different colors to choose from but once again I try to keep it as simple as possible. Preference is also a key. I will usually throw a Nichols Pulsator with a clear or white skirt 80 percent of the time. I've found this to be a good color around the country. I'll use it with nickle blades in the lakes and rivers that have thread fin and gold blades in the ones that have golden shiners. In really stained water I'll use a chartruese color.

I always trim the skirt to the size of the bait that I'll see in the area that I'm fishing. I like to keep things as natural as possible. Be sure to always remember to experiment and learn.

Keep a positive attitude, Keep casting, and Keep Fishing!!!

Prizes galore, good competition will highlight Kiwanis golf outing

by Ed Taylor **Sports Editor**

The Kiwanis Club will hold their ninth annual Kiwanis Golf Outing on July 31 and this year the tournament promises to be even better than the previous eight according to director Teddy Hall.

"We are going to have a bigger tournament than we ever had before and more prizes than before to give away," he said. "We're looking for a big turnout for this year's tournament, although we may lose some of our regulars because of vacation time. But I have talked to others who haven't played in the tournamet before, and they tell me that they will be taking part this year."

Prizes will be given away at the tournament that will be played at the Jenny Wiley Golf Course. While the weather has been rough on the greens at the local course, Hall was given the assurance that the course would be up to par by tournament time.

"They told me that they would have the course in good shape," he said. "The greens have been in bad shape but should be ready by tourna-

CASTING ACCURACY CRITICAL FOR CATCHING MORE BASS

How accurate is your casting when you're bass fishing? Can you hit a can at 20 yards--a dime at 10 yards?

You need to if you want to compete with America's best professional bass tournament fishermen — or if you just want to become a better bass fisherman yourself.

"Casting accuracy is far more critical than many anglers realize," explains Stanley Mitchell, winner of the 1981 Bass Masters Classic and a member of the Evinrude Outboards Pro Staff.

"I'd say at least 90 percent of my strikes come right after my lure lands and begins falling beside a target. This is particularly important when you're fishing jigs and plastic worms, but even when you use moving lures like spinnerbaits, you have to be able to put the lure into tiny openings in the brush if you want to catch bigger

Mitchell, recognized as one of the most accurate casters in professional bass fishing, began perfecting his casting ability while still in high school years ago.

"I'd come home and practice casting at different targets in the yard," remembers Mitchell. "Eventually, the targets became smaller and smaller, so instead of trying to hit a tree stump I'd be aiming for a can or a small

"Then some of my friends joined me and we began competing against each other to see how accurate we could be. Finally, we were casting at a dime in the grass 10 yards away."

The best thing about practicing like this, says the Evinrude pro, is that it really pays off in bass fishing.

"We all know bass spend much of their time around very thick cover, like flooded bushes, fallen trees and vegetation," Mitchell explains, "and the biggest bass are always in the thickest, heaviest cover.

"To catch these fish, you have to be able to put your first cast right into the heart of that cover. Most of the time, you don't get a second chance, either, because a bad cast will scare

"Often, you'll need to cast beneath overhanging limbs and into a tiny opening in the brush that may be only five or six inches wide, and you'll have to do it cast after cast as you move down a shoreline.

"The top bass pros do this all the time, and they're the ones that catch

the most fish." The keys to casting accuracy are controlling spool speed with a baitcasting reel, and controlling line speed with a spinning reel. This is accomplished with the thumb and index finger, respectively, but takes a lot of practice.

"Start with a large target and gradually make it smaller," Mitchell advises. "Don't worry about long distance accuracy as much, because when you're fishing heavy cover for brush, most of your casts will be

"Just keep practicing, and before long you'll be amazed at the accuracy you can achieve."

FISHING JERK BAITS REQUIRES SPECIAL RHYTHM

One of the most popular types of lures used by bass fishermen these days is known as the "jerk bait," and it is fished, naturally, by jerking your rod tip to make it dive.

"That's just the beginning," laughs tournament pro Mickey Bruce, a member of the Evinrude Outboards Pro Staff and an accomplished angler with these shallow running

"The most important part of fishing jerk baits is establishing a rhythm as you jerk your rod. That's what moves the lure, and once you learn how to do it, you can make a jerk bait dive, stay in one place beside cover, or even move backward."

Jerkbaits come in many different sizes and shapes, explains Bruce, but most are long, narrow minnow-imitation plugs that only dive two to three feet deep. They are excellent lure choices in both the spring and fall months, and in clear water where they may attract bass from deeper

"The best way to work a jerk bait is with a shorter five and a half-foot rod with a limber tip," says the Evinrude pro. "The short length does not hit the water when you jerk, and the light tip gives you better control over the lure.

"You begin by holding your rod tip down and simply jerking it to you. You may jerk three times and pause, or two times, or just one time, but eventually you'll find the particular cadence bass want that day.'

Most fishermen crank the reel a partial turn as they jerk the rod tip, and this keeps the lure moving forward, explains Bruce. To make a jerk bait remain in place, the rod is jerked

with a slack line and held down, and the reel is not turned. To make a jerk bait go backward, the rod is jerked on a slack line and immediately raised

Throw to first!

Second baseman James Sandlin (4) of the Carr Fork All-Stars threw to first after forcing Floyd County's John Moore at second base. Sandlin's throw to first was late for the double play and Floyd went on to post a 10-8 win in the 15-year-old Babe Ruth tournament. (photo by Ed Taylor)

Floyd County went out in order in the first as did Johnson County in the top of the second.

Floyd pushed home a run in the second to tie the game at 1-1. A oneout base hit by Doug Keathley and a walk to Brandon Hicks set up Eric Cook's RBI single for a tie game.

Johnson County reclaimed the lead at 2-1 with a lone run in the third inning as Brad White, who reached on an error, stole second, went to third on Meek's base hit and scored on a passed ball.

Floyd County sent eight batters to the plate in the bottom of the third and scored four runs to take a 5-2 lead that

County starter Shane Hensley was going to "wiggle off the hook" when he got Keathley to foul out to the catcher and Castle to pop to short for the first two outs.

However, Wesley Collins reached on an error at shortstop, scoring Moore. Robinson came in on a wild pitch and Cook later singled home two more runs to make it a 5-2 ball

Floyd County squandered a chance to score in the fifth inning when they loaded the bases on a double by Castle, a walk to Keathley and a single by Collins. But Floyd left the bases loaded as Cook struck out on a bad

slightly to keep the line slack; the reel tile lures that can be fished several is not turned then, either.

"It takes a lot of practice to use these lures to their full potential," says Bruce, "but they're sensational bass-catchers.

"Jerk baits are not lures you simply cast and crank back, the way many anglers use them," he concludes. "They are extremely versa-

different ways under a variety of conditions."

Paintsville gearing up for state tournament next week

by Ed Taylor Sports Editor

If you like good hard played baseball then you would like the Paintsville Big League team that will be trying to comeback and win a state championship that gets underway next week in Greenup County.

Coaches Paul David Brown and Johnnie Lemaster believes this year's team has the talent to win their second state tournament.

"In six years we have never finished worst than state runners-up," said Brown. "Johnnie and I expect nothing less than that this year."

The Paintsville team, which has six Floyd County players on the roster, just completed their regular season with a split of a doubleheader with the Kentucky Rockers in Lexington this past weekend.

Paintsville won the first game, 5-2, behind the pitching of Hatler Riddle, who has been the workhorse of the pitching staff. Riddle went the distance for Paintsville and improved his personal record to 7-1 on the year. Riddle fanned four batters but he gave up seven walks in the game.

Brad Tiller, Bud Kidd and Justin Hall each collected two hits in the win.

The Paintsville team fell 4-3 in the nightcap as Brent Hamilton went five innings on the mound giving up four runs on seven hits. He walked three and struckout three.

Tiller, John Holbrook and Barry Hall had two hits for the Tigers.

Paintsville now prepares for next week's state tournament having already qualified for the event. They will be joined by area winners from London, Greeup County, Lexington, Louisville, Bowling Green and Murray.

Paintsville Big League completes regular season as scouts take a look

Paintsville Big League (16-18 year old) has completed another regular season and is preparing for the state tournament at Greenup County High School. Big League is the oldest division of The Little League Association and, in Paintsville's case, is a Tri-county effort. Johnson, Floyd and Martin Counties are represented on the Paintsville-based team.

With the support and hard work of the Paintsville Little League Board of Directors, the people of the three counties, and the hard work of the coaches, (Paintsville residents), Eastern Kentucky Baseball Alumni Paul David Brown and previous San Francisco Giants Shortstop Johnnie Lemaster, the Paintsville Big League has become an annual contender for the State Big League Title. Paintsville has never finished lower than state runner-up and won the state title in 1991. The team also is proud to have over 70 percent of the eligible players placed in a college program somewhere.

This year's team has members which have the college and pro scouts streaming to the games. Representatives from the Phillies, Cardinals, Reds, Blue Jays, Dodgers, Brewers, Pirates--to mention a few of the professional scouts, have been present at numerous games as well as over 25 colleges and universities including scouts from as far away as Florida.

In an area that is usually considered a weaker sister to the metro area (Lexington, Louisville) sports programs, Paintsville has proved that the kids of Eastern Kentucky are more than up to the challenge. Players who have come through the Paintsville Big League program have been placed in schools such as Louisville and Western not to mention the numerous junior colleges and smaller schools.

In addition to the Big League team, Paintsville has some 500 kids involved in the Little League program. This is outstanding considering the whole town has just 5,000 people. With the help of Paintsville tourism. city council, plus numerous volunteers, the community has built top quality facilities. This year's 11-12 year old state tournament is at Paul B. Hall Little League Field, and next year's Big League State Tournament is at Charlie Adkins Field, which has had a twenty thousand dollar overhaul this summer. Charlie Adkins Field is also the home of the Kentucky Longrifles Professional Base-

Coach Brown likes the makeup of this year's ball club.

"We have a solid team with good pitching," said Brown. "Hatler (Riddle) is 7-1 and Billy Elam is 5-2. We have six other players who have

thrown well for us this season."

But Brown sees the success of this year's team a tool to get the other teams ready to play.

"This year's Big League team has reached a stage where people get fired up when playing us," he said.
"We have to go out and be prepared to play everyday."

While playing baseball all summer long, the team has found time to donate some work hours in the reno-

vation of Charlie Adkins Park in Paintsville where they play their home

"We have had team members come out and pick up paper, rake, shovel along with other community volunteers," said Brown. "They have donated numerous hours of hard work. It shows the commitment of the team to help improve the park facilities. These kids work hard at playing baseball and also work hard for the community."

Coaches Brown and Lemaster encourage all fans to come out and watch the Paintsville Big League play and help them to another state tournament championship.

FOSSILS

Tlash! Dinosaurs are not extinct! At

Like for example, the four veteran teachers (myself among them) who sat talking the other day about "how it used to be" in education. With nearly 120 years of experience among us, and with all the changes (too many negative) that have occurred during the span of our careers, we came to the conclusion that the four of us were merely fossils; beings from the far distant past, trying to figure, as the old Bellamy

Brothers' songs says,

whether "to hold on to the

old, or grab on to the new." Of course, there are some things that never change. Almost with the regularity of Yellowstone's Old Faithful, concerns spew forth from Frankfort about too much money being wasted in public education; about too much duplication of services by over-paid administrators; about too much this and too little that.

Time was, when all this talk usually ended with some ole boy saying, "What we orter do is git rid of these little bitty independent districts."

However, this time around there seems to be a positive: suddenly, someone has decided that the purpose of public education is to actually educate the public. (Is that a novel idea, or what?)

And, since by every method used thus far to determine who is and who isn't being educated has indicated that smaller school districts have more than held their own, even people who once preached "bigger is better," are apparently starting to think twice. (Of course, that's not to suggest that some of the bigger districts are not getting it done. Of course they are. By the same token, some little ones aren't.)

There's some positive thinking going on all right. This time, the familiar rhetoric from Frankfort seems to be accompanied by the idea that some legislators and higher-ups in education are no longer lumping all independent districts into one big pile. What I'm sensing is thatfinally—a common-sense approach is being employed (or at least is about to be) whereby individual districts will be scrutinized and judged entirely on their merit (or lack of same, as the case may be).

In this day of government waste-where tax dollars are spend on \$500 toilet seats, \$300 claw hammers and a study costing thousands to determine whether or not some sheep are gay-isn't it refreshing that denying quality education to our young people may NOT be added to the list of ways to save a dollar?

Why, with that kind of thinking, one might not need to go to Jurassic Park to see a dinosaur. Some of us just might be encouraged to hang around a bit longer... just to see what's going to happen next.

St. Vincent's:

Mission of compassion

by Polly Ward Times Feature Writer

Service without devotion is rootless; devotion without service is fruitless. -Elton Trueblood

This month marks the anniversary of St. Vincent's Mission in Floyd County, a Christian ministry that has quietly worked to assist Floyd Countians through social service and community action for a

quarter of a century.

To celebrate the 25th anniversary, the staff and volunteers at St. Vincent's Mission have planned an afternoon of craftsmaking demonstrations, story telling and mountain music on the mission grounds at David. The celebration will take place this Saturday, June 24.

According to the mission's director Sister Ida Marie Deville, over 100 families who were connected with St. Vincent's Mission from the beginning to the present—by volunteer work, service or contributions to the mission — will be on hand for the festivities. The public is also invited.

"They saw the need"

St. Vincent's Mission opened in June 1968 when the Brothers of Charity came from Pennsylvania to Floyd County "to be a service to the people in Floyd County," explained Sr. Deville. The Brothers settled in Martin at the old St. Juliana School and, under the direction of Brother Matthew Burns, began meeting the immediate needs of the people.

By 1970, the mission was ready for expansion and the Brothers chose

the town of David as the base for mission programs. Once a thriving model coal town, David had fallen on hard times. Princess Elkhorn Coal Company, which owned and developed the town, closed in 1968 and the town was sold. The community fell into disrepair and some residents left. But many longtime residents

chose to stay. "The town closed down because the company mined the coal out," said Sr. Deville. "That left the people

without jobs. They lived in company houses and the company had kept up the houses and property. Some men were able to get mining jobs in other areas.

"In 1970, the Brothers of Charity moved to the community of David," Sr. Deville said. "They saw the need."

"A pride in ownership" The Brothers purchased one of the Princess Elkhorn buildings as mission headquarters. Later, the building was sold to the David School, where it is now a faculty house. The Brothers, along with a group of out-of-state volunteers, began social service programs, outreach for elderly and shut-ins, home repair services, summer Bible schools and a day care center for children so mothers would be free to work.

In 1975, the David Community Development Corporation, consisting of the townspeople spearheaded by resident "Hawk" Ashland Howard, purchased the town from owner Woodrow Branham. The corporation was assisted by the Brothers of Charity, who offered their resources, and Appalachian Research and Development Fund of Kentucky which provided legal services.

"The town had to have a decent water system," recalled Sr. Deville. "The

mission helped them to get grants to put in water and sewage systems. The Brothers loaned the people a great deal of money to make this work out.'

The development corporation then sold the houses to citizens to foster "a pride in ownership," said Sr. Deville. "To help them become independent and selfsufficient.'

"Our biggest function is to provide employment"

center into the second floor of the mission

The purpose of the center has remained unchanged since that time.

"People in the area do crafts and we market their crafts," Sr. Deville said. "We have over 100 local craft members. We have a wholesale and retail business. We ship items to places all over the states."

Julie Johnson is marketing director for the center. She noted, "We have people

from all over who come to the crafts center. The week before last we had a couple from the Caribbean come here. We have had visitors from New England, New York, California, Texas. We are listed in Off the Beaten Path, a publication for people wanting to see unusual places, and we are listed in the Kentucky Travel Guide."

She added, "Our biggest function is to provide employment in the area.'

"Something I could plug into." Although the crafts center is the probably most publicized program of the mission, St. Vincent's has retained most of its other programs and added a few more, such as: an emergency needs program "which helps people with food, medical assistance and getting eyeglasses," said Sr. Deville; an education program which offers financial help to those seeking a college education; and a Christmas store project. Last year, the Christmas project provided new clothes, toys and food to 130 families in Floyd County and sec-

tions of bordering Magoffin County. "All the programs are for Floyd Countians and reach out into Magof-

fin County," said Sr. Deville. Deville said that she stays "very busy" as

"I direct

all programs, except the crafts center which is directed by Sr. Pat Glaab. I answer the phone for needs of the various people, correspond with people who want to know what the mission is about because they are interested in helping out...I coordinate work of volunteers and set up all

The Mission

> Just as the town of David has undergone changes, so has St. Vincent's Mission.

Although the last Brother left the mission in 1979, the Brothers of Charity still support the work of the mission. The mission is governed by a board of directors made up of seven members - four who are local and three out of state. The mission is funded by donations and money generated from the mission's second-hand clothing store.

Today, the mission offices are located on the ground floor of a neat, two-story building just down the road from the mission's original site in David. The nowfamous David Appalachian Crafts Center takes up the upper floor.

The center came about when Mary Pineau, the director of the mission in the 1970s, realized that Appalachian craftsmaking was a potential small industry that could provide work and income for people in the area. All that was needed was skilled workers and an outlet for their works. So Pineau began the first step toward a plan for a crafts center.

"She went house to house to teach people how to sew and to do simple crafts," said Sr. Deville. "Finally, it grew enough that she could move a crafts

repair service."

She even does the yard work. Sr. Deville, a former high school prinicipal in Texas, came to the mission in August 1981, "During my last three or four years as principal, I decided I'd like to do some type of missionary work. Someone suggested I check out Eastern Kentucky. We had a Sister here at that time. I saw David and saw that the mission was well-organized, something I could plug into. After I was at the mission one year, I was asked if I would take over

Sr. Deville has felt at home ever since. "I think this is where God is calling me to do my ministry...I think there is a calling to be with the people and to work alongside the people. I feel their warmth and their hospitality and this is what is drawing me to be with the people here. I feel very much love for them and loved by them."

the directorship of the mission."

In addition to the crafts demonstrations and live music during Saturday's celebration, the crafts center will be open. The event starts at 1:30 p.m. and will last until 4:00 p.m. St. Vincent's is located on Highway 404, six miles off the Mountain Parkway.

Clyde and Betty Brown of Ada, Ohio, spent two days recently with Betty's mother and sister, Alta and Phyllis Hall of Abbott, before joining Lloyd and Amanda Hall of Goble Roberts Addition for an eleven-day vacation in North and South Carolina.

En route to Garden City Beach, South Carolina, they stopped for an overnight visit with Mr. Hall and Mrs. Brown's sister and brother-inlaw, Kaye and Bob Cottage at their home in Maggie Valley, North Carolina. They enjoyed a cookout given by the Cottages for them and three other guests who were visiting from Wisconsin. Then they left for a twoday visit with Mr. and Mrs. Hall's daughter, Dr. Karen Hall, who recently moved from Lexington to Florence, South Carolina, and is employed by the McLeod Regional Medical Center. They entertained Dr. Hall and her friend, Dr. Brandon Sick (who is also employed at McLeod) to dinner at a local restaurant while vis-

When they departed for their condo at the beach, Dr. Hall joined them to spend the 4th of July holiday weekend. On Monday, July 5, they hosted the following friends and co-workers of Dr. Hall: Dr. Brandon Sick of Rochester, New York; Dr. Matt Luedke and his wife, Holly, of Lincoln, Nebraska; Dr. Jamie Lueders and wife, Cynthia of Little Rock, Arkansas. The group spent a day of swimming and games on the beach and were treated to a dinner cooked by Mr. Hall before their return trip to Florence that night.

The Halls and the Browns were visited on Friday by Dr. Hall and her house guests, her brother, Lloyd Keith

Hall of Prestonsburg, and friend, Ted George of Lexington. After a deep sea fishing trip, they enjoyed swimming, visiting and the music of a live

band at a nearby fishing pier.

Mr. and Mrs. Hall, Mr. and Mrs. Brown have now returned to their homes in Prestonsburg and Ada, Ohio.

WHEN THE LEVEE BREAKS

The Mississippi continued to rise. After waking up in Keokuk, Iowa, Marty and I found out that we couldn't continue south down Highway 61 because the rains in the Midwest had caused Old Man River to overflow its banks and cover the road just south of our mighty metropolis. We were in a flood plain during the beginnings of the worst flood in decades. Fifteen miles of backtracking uncovered an alternate route into Missouri.

We never found out exactly what Keokuk meant. No one seemed to

At breakfast that morning, we read, to our ultimate horror, that Julia Roberts had run off and married Lyle Lovett. Aghast, we decided that this was obviously one of the signs of Apocalypse just around the corner and it was up to us to avert disaster. We went to the local Wal-Mart and bought a Barney doll (on Car & Driver's expense account, of course) and threw him in the trunk for later. We knew what to do to appease the angry forces afoot in the world. More on that later.

After getting back on track, we drove across rural Missouri to Hannibal, known to most literary folks as the home of Samuel Langhorne Clemens, aka Mark Twain.

Hannibal has a well-preserved historic district where the tourists (us included) wandered around taking pictures of Twain's home, the famous white picket fence that Tom Sawyer got his friends to whitewash for him, the Indian Cave just outside the city, and other places and details found in his stories.

We were directed by an older local woman who worked in the information booth to Ole Planters restaurant, which is notable because they serve the world's best German Chocolate Pie anywhere. Be careful, there's at least two pounds of butter per slice-but it's worth the risk.

Hannibal had finished a new levee that winter to hold out the river in case of major floods. It looked to us like they'd finished just in time. The Old Man was trying to get through, and we could see a couple of leaks in the bottom of the wall. I hope it's still holding, but I'm not hopeful, judging by what I've seen on CNN recently.

We parked the Viper near the Chrysler dealership in Hannibal while we were there (they used us for all the publicity we were worth) and we spent a few minutes before we blew town taking the salespeople's children for spins around the block. There's something magical in a child's face when he or she is pinned back into the seat by acceleration.

Winding through rural Missouri, we discovered that people in the Midwest haven't quite got the hang of numbers. All the county roads are lettered, so you get byways like County Road Q. I had to wrestle the wheel away from Marty when he tried to take a detour down Double-D road to see what he could see. Or maybe he tried to stop me-I really don't remember...

We continued on our merry way towards St. Louis, which was where we figured to find some real blues action. On the way into town, we saw ominous black clouds and lightning up ahead and felt the wind pick up. A deejay on a rock station said: "We're all under a severe thunderstorm warning and a tornado watch here in the

St. Louis area. We're hoping that a We managed to hang on to the broken couple of funnels will pop out of the sky 'cause they're so much fun to

We pulled to the shoulder and raced the rain to get the top on. We somehow nosed back into St. Louis rush hour traffic and got going at a pretty good clip. I had just asked Marty a question when there was a loud sound of metal wrenching.

I looked up and saw sky. The top had come loose at the right front side and had sheared away,

How old is old enough for a child to be on his own? How do you keep a child occupied and away from danger? These are simple questions without simple answers.

Young children should be closely supervised by an adult or in a day care or camping situation. Older kids may need less supervision, but that's where the simple answer becomes very complicated.

Generally kids who are old enough to be under less supervision are at least 10 years old and have enough skills to avoid creating emergencies and how to handle one should it arise. But those skills are not always age related. Some kids are older than 10 before they can be left without close

Information supplied by individuals to the Census Bureau is kept confidential by law. Only statistical totals are published.

After wandering around LeClade's Landing, the music and social area, and trying to find a couple of other blues and jazz places in the city, we came up empty. Actually, we found a bar where a college rock band was playing. They started doing a nauseating cover of "Knockin' on Heaven's Door" and we left in a hurry. We settled on the hotel nightclub, where we spied a couple of members of the Philadelphia Phillies, who were in town. My hero, John Kruk, was not among them. We turned in early.

Marty and I were halfway down the highway and we still hadn't found any blues. Memphis was our next stop. We assumed we'd have to find something there.

We weren't disappointed. Barney sat silently in the trunk, awaiting his fate, sweating purple. Later days.

Excerpts from: DARLENE'S STORY

"I just want to be alone. If I could go to some kind of camp where I could meet new people, I could talk to them and may help some of them with their problems. Also, they could help me," she thought to herself. As she sat around thinking about her life she remembered what had happened to her as a child up until now.

In a small town called Williams lived a little girl named Darlene. She was a very happy child with light brown hair, green eyes, a pug nose, small mouth, fair skin and chubby. She wore nice, cheap dresses mostly. She liked to sew, to play volleyball and especially to play with mudpies.

One day, Darlene and her quiet, shy cousin were outside playing in sand. Maggie, Darlene's cousin, said, "Let's make mudpies."

So, they got a bucket and filled it up with water from the creek bed.

it baked in the hot sun for a little around the mud pies like the weeds were lettuce or something. They mud, it would be a sight to see. They had mud all over them.

Darlene was very happy that she would be eight years old soon. Her mother was going to give her a birthday party. All her friends and family were going to be there. They all ate that if she ever told anyone that he cake and ice cream. When they all got finished eating, Darlene opened her gifts. She got three dolls, some money, a dress and a puppy, which she named

Then, they got another bucket and Darlene played with Blackey every put some sand in it. Darlene got a big day. One day, he got sick and her stick to stir it with. When they got mother wouldn't let Darlene play with slimy mud mixed, they both got some him. She went into her room and said in their hands and patted it out round she was going up to Darlene's and put it on a big rock to dry. After grandmother's. Jimmy, her brother, was in the living room. After a little while, they would get weeds to put while, Jimmy came into the room, picked her up off the floor and started kissing her. He was touching her all would pretend to eat the mudpies. over, Darlene told him to leave her When they got finished playing in the alone, but he wouldn't. He laid her down on the bed and pulled all her clothes off her. As he held her down with all his might, Darlene screamed, kicked and hit on him, but she couldn't get away from him. She was so scared!

After he was finished, he told her would hurt her. Darlene just laid there on the bed crying. She didn't understand what he had done to her. All she knew was the pain. After the pain went away, she got up and put her For the next three months, it clothes back on and went outside to seemed like the days just flew by. get away from him and everyone.

Darlene saw her brother, she would turn away and start to walk away. Even if she had to sit beside him at dinner time, she would get her plate and go into the living room to eat. That went on for a long time. Darlene really didn't know if her family suspected anything. Darlene's brother Jimmy sexually abused her for a little over four years. Darlene was so scared of her brother that she didn't tell anyone until two weeks after her eleventh birthday. Her brother tried for the last time when Darlene was in the fifth grade. She told a teacher at the

Darlene thought the teacher would keep her secret, but the teacher called a social worker and talked to her parents about what her brother did. The social worker listened to Darlene tell her about what had happened. The social worker gave Darlene the right to choose either to have her brother put in jail or have him move to a different state. Darlene chose to have him leave the state, so no one would have to go to court.

When Darlene was sixteen years old, she dated a guy named Joshua. Darlene and Joshua are at the age where teenagers will have sex. Joshua and Darlene had talked about sex and having kids. Darlene said her body didn't feel right to her. She was really scared of sleeping with him even though she really, really wanted to. She loved him with all her heart, but the memory of her brother's actions July of 1993. filled her with fear.

Finally, she told him how she felt. "My life sucks! I'm sick of school, my parents and myself for the way I treat you. You mean the world to me. If it weren't for you, I would kill myself. If I could just be alone for about a week, just a week, to think about all of my problems - mostly to think about what I'm going to do at Christmas." She was supposed to go away with Joshua.

If things went as planned, they would have sex while they're there. Darlene was sick of having to push him away every time they get close together. Darlene made him a promise that they would have sex, but he told her if she didn't want to do anything that he wouldn't make her.

But Darlene said that there is nothing to stop me from doing that. As

A couple of days later when Christmas approached, Darlene and her parents went Christmas shopping. Darlene decided to get Joshua a white button-up shirt, a pair of black dress pants, a bottle of Stetson cologne and

A couple of days before Christmas, Darlene's brother came in for the holidays. Darlene didn't care. It didn't bother her because she was with her boyfriend, even though she hates Jimmy. As she sat alone in her bedroom, she thought about what he did and wrote down her feelings.

"I hate being around my damn brother. I wish he was dead. He makes me so sick. I feel like killing him. I hate thinking about what he did to me. If I had thought about killing him when I was younger, I would have. God rest my soul, but I hate him with a passion. I feel like my parents blame me for what happened. When he comes in for a visit I leave and go up to my grandmother's house to stay even if she is gone or not. When my brother got married last year, we took a family picture and I had to be seated in front of my brother. It really made me mad. I hate his guts."

On Christmas Eve, Joshua and Darlene exchanged gifts. Joshua got Darlene a watch, a very big stuffed dog and a bottle of Lady Stetson. Darlene was hoping for an engagementring. She is still happy. Darlene's seventeenth birthday is coming up and she can't wait to party. Darlene and Joshua are getting married in

1 16-oz. can crushed pineapple 2 10-oz. jars cherry preserves

1/4 cup lemon juice 1 tsp. ground cinnamon

Prepare turkey roasts, following package directions. Drain pineapple. In saucepan combine pineapple, cherry preserves, lemon juice and cinnamon; heat. Before serving, spoon some of the hot pineapple mixture over turkey. Pass remaining

GREEN AND BEANS SALAD

2 cups salad oil

sauce. Serves 22.

1/2 cup vinegar 1 Tbsp. sugar

1 tsp. celery seed 1 tsp. paprika

4 16-oz. cans cut green beans, 16 cups torn lettuce, chilled

8 cups torn fresh spinach, chilled 8 oz. natural Swiss cheese, shredded (2 cups)

In large jar with tight-fitting lid, combine first 5 ingredients and 2 teaspoons salt; cover and shake to mix. Pour over beans; marinate in refrigerator at least 2 hours. Just before serving, drain beans, reserving marinade. In several large salad bowls or a large plastic bag toss beans with lettuce, spinach and cheese. Add enough of reserved marinade to thoroughly coat greens. Serve in large salad bowls. Makes about 30 servings.

Softened butter

3 cups cottage cheese

4 Tbsp. gelatin 1/4 cup cold water

I cup finely chopped chicken, ham or tuna

1/2 cup chopped celery

4 Tbsp. chopped pimento 4 hard-cooked eggs

1/4 cup crumbled crisp bacon

1/2 cup shredded carrots 2 Tbsp. chopped parsley

1 small green pepper Mayonnaise

Force the cottage cheese through a strainer twice. Add gelatin to cold water, stir until well mixed, and set in a pan of hot water until the gelatin is dissolved. Add 2 tablespoons of dis-

Mix the chicken, tuna or ham, celery and 2 tablespoons pimento with enough mayonnaise to make a spreading mixture; add 2 tablespoons of the dissolved gelatin.

In another bowl, mix chopped, hard-cooked eggs, crisp bacon, shredded carrots and parsley. Add remaining dissolved gelatin.

Remove the crusts from at least day-old loaves of bread and cut slices lengthwise 1/2-inch thick. Place a buttered slice of white bread on a platter and spread with meat or fish mixture. Top with a slice of buttered whole wheat bread, then butter the other side, also. Spread with eggcheese mixture. Butter another slice of white bread and place on top; frost with creamed cottage cheese.

Garnish with green pepper and pimento. Chill at least an hour before

SEX TO POLITICS?

This past weekend a few friends and I got together and had what we called a mini-reunion.

There were only six of us and with only six,

one would think a particular conversation would be an easy task. Wrong! There were three different conversations going on nearly the entire time.

Of course, we began our gettogether by discussing the upcoming Wheelwright Reunion, which led us on our trip down memory lane.

We covered from 1974 through 1978 to the present in four hours.

I have to admit my friends have a few memories of yours truly that have evaded my memory bank all

But still it was hilarious to hear these memories and to actually relive those four years the six of us had shared.

Our topics of conversation were so widely ranged I nearly lost my marbles at one point.

The conversation (in one breath) mind you, went from sex to politics. And then once I'd brought this to my dear friends attention, one quickly reminded me they were indeed tied together.

You know, it's amazing how miles, years, husbands and children can change a person's life as time passes. And then a weekend like the last one comes along and you realize you're still that same person you were back in high school, with just a few wrinkles and a gray hair or two.

I can't begin to describe the fun it was to be able to sit up till the midnight hour with friends like we'd done so long ago and just talk till we were losing our voices.

It just didn't last long enough. Time sure does pass quickly. And as far as our reunion, we can't wait for the big one.

So, if there are any of you reading this who shared a memory at good ol' Wheelwright High, don't miss September 4, 5, and 6. I know none of us who got to catch up with each other last weekend will. You won't regret it either.

So, until next week, looking forward to seeing you!

Sun damage to skin is cumulative

prevelant forms of cancer diagnosed in the United States today.Current data from the National Cancer Institute reveals that the incidence of skin cancer has increased dramatically.

Cancer of the skin is a disease of cells, the tiny structures that make up all parts of the body. Although cells of various organs differ in shape and function, all cells reproduce themselves by dividing. Normal growth and repair of tissue takes place in this

When cell division is not orderly, abnormal growth occurs. Masses of tissue called tumors build up. Tumors may be benign or malignant. A malignant tumor is a cancer. Benign tumors do not spread, but cancerous, stroy surrounding normal tissues as

skin cancer are basal cell carcinoma and squamous cell carcinoma. These skin cancers account for over 90 percent of all skin cancers in the United States and rarely spread when found and treated early. Most basal and squamous cell carcinomas appear as a skin change, growth or a sore that does not heal on an area of the body frequently exposed to the sun. They can start as smooth and shiny, waxy lumps or as firm red lumps that either scale or develop a crust and bleed. Pain is not a symptom of skin cancers. In fact, skin changes should only be considered significant if they persist for more than two weeks. If symptoms do persist, a physician should be contacted immediately. Treatment usually consists of removing the skin cancer by one of several medical procedures and follow-up monitoring of the area by a physi-

Melanoma is a more serious form of skin cancer. Melanoma begins in certain skin cells called melanocytes. Melanocytes are the groups of cells that cluster together and release the pigment that forms moles. Therefore, the first sign of melanoma is usually a change in the color, size or shape of an existing mole or the apperance of an abnormal new mole.

The National Cancer Institute recommends the "ABCD" method for monitoring moles for melanoma. High risk moles will have asymmetry (one half does not match the other), a border with ragged, notched, or blurred edges, an uneven color (shades of black, brown, tan, white, grey, red or blue may be present), and a change in diameter (size). The mole may become hard, lumpy or scaly and may itch or bleed, but it usually does not cause pain. Melanomas can be treated effectively if the cancer is found before it has deeply invaded the skin. If a melanoma is not removed early, it may grow and invade existing healthy tissue. Treatment usually consistsof a medical procedure to remove the melanoma and anti-cancer therapy (chemotherapy, biological therapy, radiation therapy or a combination of these methods). Certain factors increase the risk for developing all types of skin cancers, but the most important is exposure to the sun. It is important to limit outdoor activities between 10 a.m. and 2 p.m. (11 a.m. to 3 p.m. during daylight saving time) in the summer

Skin cancer is one of the most months. Therefore, play golf, tennis, swim, etc. in the early morning or late afternoon.

> If you get minimally sunburned at midday, beware of further exposure later in the afternoon. The late afternoon sun can turn a minimal sunburn into a severe one.

> Clouds and particulate matter in the air scatter sunlight. Therefore, you may recieve a "surprise sunburn" even on a cloudy or hazy day. Sand, snow, concrete and water can reflect large amounts of sunlight onto the

Some drugs and cosmetics may increase susceptibility to sunburn. These "photosensivity reactions" also may be caused by birth control pills. Your physician or pharmacist can or malignant tumors invade and de- advise you about medications that can cause a problem in the sun.

Apply a sunscreen to all exposed The two most common types of body areas one hour before sun exposure. The sunscreen should be reapplied generously every two hours while in the sun. Sunscreens labeled with an SPF (sun protection factor) of 15 or greater provide the best protection. Use a sunscreen on your face even if you wear a hat. Some sunscreens may cause allergic reactions. If this should occur, change to another brand or consult your physician. Remember to reapply sunscreens after swimming or heavy perspiring. Sunscreens in an alcohol or gel base require more frequent reapplications. (men should not forget to apply sunscreen to the top of their ears). Individuals who are at high risk for skin cancer and degenerative changes (i.e., outdoor workers, outdoor athletes, fair skinned people and people who have had skin cancer) should apply sunscreens daily during the summer or when on vacation in sunny climates.

> It is important to remember that sun damage is cumulative over a lifetime. Children should be taught to use sunscreens at an early age.

> Tanning booths add further damage to that received from natural sunlight. Tanning booths contain bulbs which emit UV light that can cause sunburn, skin cancer, and premature aging of skin. While a tan provides some protection against sunburn, skin damage continues to occur even in the presence of a tan.

> The Cancer Committee at Highlands Regional Medical Center urges you to use good common sense concerning exposure to the sun and to be aware of the risk factors associated with developing skin cancer. Prevention, early dectetion, and early intervention are your best defenses.

Mended Hearts

Mended Hearts volunteers Joe Adams, Beverly Goble, Walter and Arnila Snavely, Dean Adams and Freddie Goble recently planted flowers at downstream recreation area at Dewey Lake.

Mended Hearts volunteers at Dewey recreation area

members of the Big Sandy Mended Hearts, Chapter 220, better known as "The Care Givers," have "done their thing" at the Corps of Engineers Dewey Lake.

On May 14, six "Care Givers" planted a variety of flowers in planters located near the picnic shelters. The geraniums, marigolds and impatients add a touch of color to the manicured lawn and natural beauty of this riverside recreation area. "These folks really had lots of fun planting, fertilizing and watering their plants. I didn't realize working that Corps of Engineers Ranger.

For the third consecutive year, dam. Participants this year were Joe Adams, Beverly and Freddie Goble, Walter and Arnila Snavely and Dean

"We want to thank all of those Downstream Recreation Area at members of the Mended Hearts Organization who helped this year, as well as those who helped in past years," said Patricia Williams, Resource Manager at Dewey Lake, "The flowers really brighten up the project."

The services provided by the Mended Hearts were at no cost to the government and are considered volunteer contributions. The Corps of Engineers encourages groups and individuals to participate in the Volhard could be that much fun," said a unteer Program at Dewey Lake. yield potential than corn that was

planted in May. I would advise you to

adjust your nitrogen rate to reflect

this lower yield potential. Be careful,

however, some data suggest optimum

nitrogen rates do not vary with plant-

ing date. Anhydrous ammonia, aqua

ammonia and nitrogen solutions are

most effective when placed at the

proper depth. Anhydrous should be

injected 6- to 8-inches deep. Liquids

should be applied 1- to 2-inches deep

for the most efficient use of the nitro-

gen. If the soils are too wet to allow

proper sealing of the knife track, you

may see some ammonia damage to

the leaves. This damage is usually

insignificant compared to applying

no nitrogen at all. If the corn is too tall

for ground equipment, apply the ni-

trogen with a high-clearance sprayer

or aerial equipment. To minimize

leaf burn from high-clearance spray-

ers, attach a hose over the nozzle, and

let the hose drag on the ground.

Dear Dr. Bohling, Our area experienced a delay in planting. Should I expect increased European corn borer problems? If so, how should I scout for them?

Probably not. At least first-brood populations of counts of corn borer larvae were at record lows last fall. There are a few areas experiencing high activity this year, but they are minor. Also, with the late planting many farmers have experienced this year, the corn crop will still be small when the borers are most active, which will help prevent damage. DIMBOA, a natural chemical that occurs in plants less than 18-inches tall, helps deter corn borers. Despite the limited opportunity for borer problems, I would advise you to scout your fields to be on the safe side. I recommend that you scout fields with corn beyond 18 inches in height. Check 10 consecutive plants in 10 randomly selected areas of each field, and look for shot-hole feeding. Do a count of those damaged plants. Take two of the damaged plants and pull out the whorl of the plant, unroll the leaves and look for the corn borer larvae. If none is there, one of two things has most likely occurred. Either the larvae have tunneled into the stalk, or natural enemies may have killed them. If you find borers, consult your pesticide supplier or county extension agent to determine treatment thresholds. Remember, secondgeneration borers could build to economic levels if weather conditions later in the season favor their sur-

Dear Dr. Bohling, Last summer I had a lot of barren corn stalks in my field. Overall, there was very little cob development. What caused this, and how can I prevent the same thing from occurring this year?

pinched-ear syndrome or beer-canear syndrome—occurred in isolated parts of Illinois, Indiana, Missouri and southern Iowa. Plants and ears looked normal but when ear husks were peeled back, anything from no cob at all to stubby ears that were one-third of normal length were found. There have been various thoughts about what might have caused this problem. Some researchers say drought stress followed by favorable weather conditions may have disrupted the hormonal activity of the developing ear shoot. Another thought was that the unusually cold weather experienced in some of these areas last spring, between the six-and 12-leaf stage of corn growth, contributed to the problem. Management practices seemed unrelated to the problem. Since this seems to have been strictly a weather related phenomenon, I don't anticipate seeing it

Dear Dr. Bohling, I've had a significant amount of flooding, wind and hail damage this year in my corn fields. Are there any particular diseases that may become a problem as a result?

Yes, two in particular: crazy top and common smut. Crazy top is a fungal disease (downy mildew) that results where fields have been flooded when com is in the four- to six-leaf stage. It's a problem most often along ditch banks and in low lying areas of the field. The infection occurs only when the whorl has been under water for 24 to 48 hours. The crazy top fungus produces a spore, which swims to the whorl and affects the growing tip, causing the plant to become stunted with excessive tillering and rolled or twisted leaves. One of the most common symptoms of crazy top is a proliferation of the tassel tissue into a mass of leaves. Gener-A phenomenon last year-called ally, there are no recommended con-

trol measures for this problem.

Common smut also results from turbulent weather conditions. Any time injury occurs to plant tissues, your crop may get an infection from smut. All of the above ground portions of the plant are susceptibleespecially active, growing tissue. Once the plant is infected, a gall will often form on the leaves, stalks or tassels about one to three weeks after infection. Gall development is favored by dry conditions and temperatures above 80 degrees. The small galls are covered by a greenish white to silvery membrane. As galls mature, their interior darkens and turns into powdery brown to black spores. Often, these membranes rupture during harvest. Yield losses from smut are usually minimal, but they can be serious if the ears are affected. Since losses usually are minimal, there are no recommended control measures.

Because of the late planting season, I took your advice from an earlier column and delayed amy nitrogen application in favor of getting my crop planted. What advice can you give me now regard-

Fertilized pasture will increase grazing capacity

Kentucky farmers should start thinking now about lime and fertilizer needs for fall seedings of alfalfa or grass. Topdressing time is also here for stockpiling fescue pastures.

Stockpiling has become a common practice for many beef producers, said Ken Wells, Extension soils specialist at the University of Kentucky's College of Agriculture.

"The amount of fescue stockpiled can be significantly increased if fields are topdressed with nitrogen," he said.

UK research indicates that topdressing fields with 40 to 80 pounds of nitrogen in the latter part of July or early August is a cheap way to increase fall grazing capacity, especially with fescue.

Wells suggested producers keep animals out of fescue fields after the nitrogen has been applied, and to not graze them until after frost.

"A good cold snap and low temperatures in the fall dramatically increases the amount of sugar in grass and greatly improves nutrient value," Wells added.

With appropriate stocking management, such as strip grazing, producers can often graze their animals well into December or even January in mild winters on stockpiled fescue.

Ammonium nitrate or urea are widely available nitrogen sources for topdressing, Wells said. When using urea, there is a possi-

bility of losing 15 to 25 percent of the nitrogen if rain does not occur within a couple of days after application.

"Rain washes urea through the grass and into the soil," Wells said. Therefore, the best time to use urea is just ahead of a predicted rain."

Producers should also be preparing for fields to be seeded with alfalfa this fall. Wells suggested farmers pull soil samples now to determine need for lime, phosphate, or potash. These nutrients can then be spread and mixed into the soil when the seed bed is

Fabulous Fresh Fruits

(NAPS)-Picnics, barbecues and dinners al fresco, that's what summertime is all about. Using fresh produce and ingredients at their best makes it simple and easy on the cook. New Zealand Brown Rice Salad is a flavorful salad to pair with simple grilled kabobs or as a light lunch for calorie conscious beachcombers. It's packed with crunchy vegetables, nuts and two fabulous fruits from New Zealand for extra refreshing flavor.

You might not think of apples as a summer fruit, but you should! New Zealand apples are crisp, juicy and bursting with "just-picked" flavor. Innovative apple grow

ers have produced several new varieties to add to our abundance of summer produce. Gala and Royal Gala apples are the first to arrive in April. Next to appear is the familiar Granny Smith apple and New Zealand's new star, the Braeburn apple. The bright green skin and tart, tangy flavor of Granny Smith apples make a beautiful contrast to the red striped, tangy-sweet Braeburn apples in your fruit bowl or salad. Last to arrive in early June are the Fuji apples—a sweet, aromatic apple with a red striping over a golden green background.

While you're at the market, keep your eye out for kiwifruit-New Zealand's other summer fruit. Fuzzy brown on the

outside, its interior reveals a sparkling green center flecked with tiny black seeds. Allow kiwifruit to ripen fully for the sweetest flavor; it is ripe when soft to the touch, like a peach or avocado. Like apples, kiwifruit can be stored for several weeks in the refrigerator in a plastic bag, making them extra convenient for snacking.

There are a wide variety of fruits that are nutritious, but kiwifruit boasts an exceptionally good profile. Two kiwifruit have twice the vitamin C of an orange, as much potassium as a medium banana, as much dietary fiber as 2/3 cup bran flakes with only 90 calories-45 per fruit! So take advantage of

summer's warm weather and eat outdoors with New Zealand Brown Rice Salad. It is simple, nutritious and delicious.

For additional recipes write: New Zealand Kiwifruit and Apple Recipes, 2001 W. Garfield, C-128, Pier 90, Bld. A-500, Seattle, WA 98119.

New Zealand Brown Rice Salad

1 cup brown rice 2 New Zealand kiwifruit 1 New Zealand Braeburn

or Fuji apple 1/2 cup thinly sliced

celery 1/2 cup red pepper strips

1/4 cup toasted walnut pieces 1/4 cup thinly sliced

green onions 2 Tablespoons

chopped parsley 3 Tablespoons sherry vinegar

1 Tablespoon olive

Cook rice in water according to package directions. Drain and cool. Peel kiwifruit and cut into 1/4-inch thick slices. Cut slices in half to form half circles. Core and dice apple into 1/2-inch cubes. Toss together rice, kiwifruit, apple, celery, red pepper strips, walnuts, green onions and parsley in salad bowl. Mix together vinegar and oil; drizzle over salad. Toss to mix well. Cover

Tips On Swimming Pool Safety: Recreational Do's And Don'ts

(NAPS)—Dive into summer-but do it safely, say the experts at the National Swimming Pool Safety Committee (NSPSC).

Safe diving habits can prevent accidents which occur when swimmers hit the bottom of the pool, resulting in severe spinal cord injury and paralysis. As part of its "Operation Water Watch" program, the safety experts at the NSPSC offer these do's and don'ts for divers and parents of children who may dive:

·Do know the depth of the water is sufficient for your dive. Many recreational swimmers are seriously injured each year as a result of diving into shallow areas of lakes, ponds, streams or swimming pools.

Do plan your dive path. Make sure there are at least 20 feet of clear water ahead.

Look before you leapand dive safely.

·Do be sure there are no submerged or floating obstacles, such as other swimmers, rocks, tree branches, etc.

·Do remember to steer your body upwards as you dive. Keep your head up and your arms extended over your head. Steer up with your hands once you enter the water.

·Do keep your dives simple. • Do take diving lessons

from a qualified instructor.

Don't dive into the shallow end of a pool or

into shallow water. . Don't dive into an above ground pool. ·Don't drink and dive. Statistically, more than 50 percent of all diving

accidents involve alcohol. ·Don't attempt any fancy or competitive-style dives in residential pools.

· Don't try to dive through an inner tube or other pool toy.

·Don't push or throw anyone into the water. · Don't dive off the side

of a diving board, slide or any other pool equipment. · Don't slide head first

down a pool slide. · Don't take a running

· Don't forget to be

careful, and have fun! Learning how to dive

properly is as important as earning how to swim. For proper diving instruction, contact the local YMCA, Red Cross or area schools. For free safety brochures, call 1-800-323-3996.

Sizzlin' Summer Special!

Have we got a red hot deal for you?! Now through August 31, 1993 you can subscribe, renew your subscription or extend your subscription to THE FLOYD COUNTY

TIMES for just a fraction of its regular, newsstand price.

If you live in Floyd County, you can get 104 issues of THE FLOYD COUNTY TIMES for just \$22. This sizzlin' bargain will save you \$30 off regular newsstand prices and six dollars off our regular, in-county subscription rates.

*The rate for out-ofcounty subscribers is \$32 for one year.

Remember, if you are already a subscriber, you can still take advantage of this offer to renew or extend your present subscription.

This deal can't last forever, so get your order in with a check or money order before August 31, 1993.

You get more, for less, with

THE FLOYD COUNTY TIMES
