My dear Mr. Caulfield:-

I have yours of the 2nd with reference to the deeds for rights of way desired by the L. & N. Railroad. I had a talk with President Fleming some time ago as well and my own judgment is that the deeds prepared are not what you want. It don't hurt to let this matter go along, and if they come after it again we can have them have the deeds changed to conform with our views. I don't see that the company should be in any special hurry about this. I have the deeds and blue prints.

Very truly yours,

Allie W. Young
