

PLEASE NOTE

SUSPENSE

7/26/23

June 1, 1923

Mr. Thos. S. Haymond, Genl. Mgr.,
Fleming, Kentucky.

Dear Sir:

We are in receipt of copy of letter, dated May 26th, from Chief Engineer of Construction of the L & N Railroad at Louisville addressed to you at Fleming and Wayland, with your footnote relative to delay in furnishing the L&N with deeds for certain rights of way.

In discussing this with President Fleming today, he suggested that you write the L & N's Chief Engineer of Construction and say that the papers referred to in his letter of May 26th are in the hands of Judge Young.
