To You Charles Clark We Dedicate This 1972 Yearbook

The Man Who Dared

Our Superintendent, Charles Clark, is completing his twelfth year as head of the Floyd County Schools, and has been unanimously chosen to serve another four years. This in itself will make his tenure by far the longest of anyone who has held the position.

Mr. Clark has truly been the Floyd County Superintendent who has dared to do whatever seems to be the greatest good for the greatest number of our children. He has dared to eliminate practically all our small schools and consolidate them into larger, more efficient units, as witness Stumbo Elementary, Clark Elementary, Osborne Elementary, McDowell Elementary additions, and the Right Beaver consolidation of Wayland, Garrett, Maytown and Martin High Schools. Currently under construction are six additional rooms at Martin, ten at McDowell and on the drawing board an addition and lunch room at Betsy Layne. He dared to institute the first 100% Rural Lunch Program in the state. He dared to provide one of the most complete Adult Education Programs in Kentucky from which have gone 350 eighth grade and 600 high school graduates to productive employment.

Mr. Clark dared ask some 75 of our teachers to leave their homes and go to the University for training in the New Science–Process Approach. Floyd County was the first Rural School District in America to receive such training, and as a result children are benefiting as never before. He also dared, without waiting for help from the federal government, to provide Vocational Shops for our boys, and now dares to add three new shops in order that our girls may be included.

In addition to the above, special reading programs have been added for both those at the high school and elementary levels who are experiencing difficulty with that all-important subject, and for those not emotionally or physically able to cope with our normal school situations, seven additional Special Education units have been added while two full time teachers now reach the homebound and hospital confined students.

Truly, this man has dared where the welfare of girls and boys was at stake. Daring to do the things that he thought was right has not always been popular at the time, but has proven to be right in the long run.

To the man who has held the office of Superintendent the longest; to the man who has held the greatest good for the greatest number of children uppermost in his thinking; to the man who has led our school system to be first in many worthwhile educational enterprises; to the man who has dared to do when doing nothing might have been easier; to Charles Clark, Superintendent re-elect, we hereby say, "Keep Daring," and with pride dedicate this 1971-72 Floyd Countian.

Superintendent's Message

To All Graduates

I wish to extend my own personal congratulations to each graduate for this year. Opportunities for further education at the higher level are greater now than ever before, and I would encourage—even challenge you to take advantage of these opportunities. The process of education must be a continuing one and we shall be hoping for the best for each of you in this life of education.

Board of Education

These dedicated men, members of the Board of Education, render great service to our schools by capably determining board policy of the educational system. We, the people of Floyd County, are deeply indebted to this School Board for the interest they have shown in improving the educational facilities of our county. The most noticeable and appreciated accomplishment of the Board is the fabulous new High School at Eastern. At least one of their dreams has come true. May they continue to reach out for more and better opportunities for our youth of tomorrow.

Comfort

There is a day
of sunny rest
For every dark and
troubled night:
And grief may bide
an evening guest,
But joy shall come
with morning light.

For God hath marked
each sorrowing day,
And numbered every
secret tear,
And Heaven's long age
of bliss shall pay
For all His children
suffer here.

William Cullen Bryant

In Memoriam

Jack Frost Wells

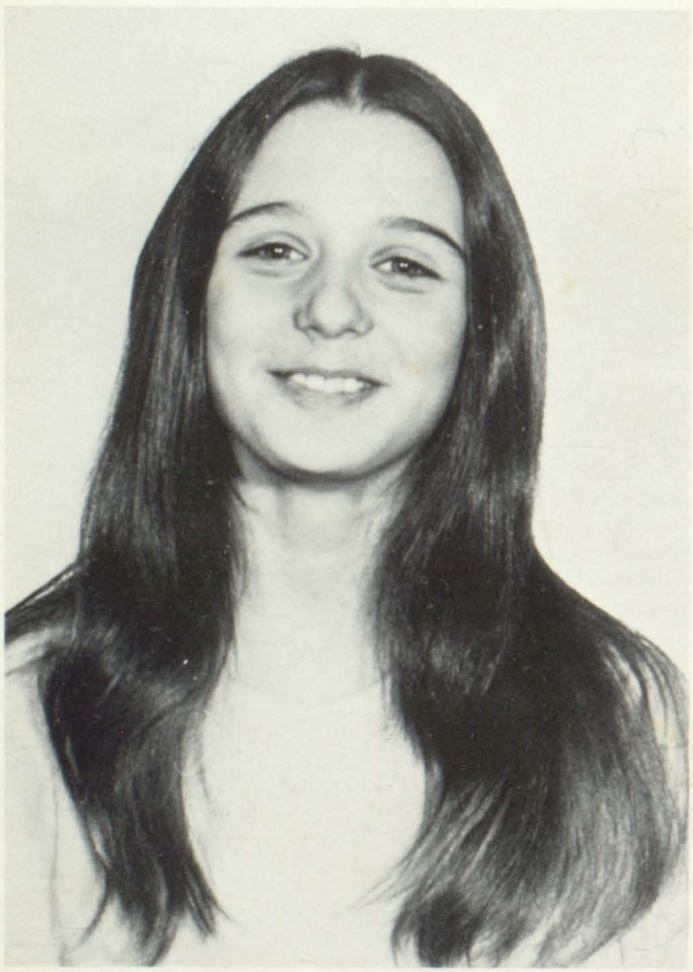

People are of two kinds, and he
Was the kind I'd like to be.
Some preach their virtues, and a few
Express their lives by what they do;
That sort was he. No flowery phrase
Or glibly spoken word of praise
Won friends for him. He wasn't cheap
Or shallow, but his course ran deep,
And it was pure. You know the kind.
Not many in life you find
Whose deeds outrun their words so far
That more than what they seem, they are.

Seniors . . .

WHAT IS A SENIOR YEAR?

Plenty of sweat, goofing off, tears on Senior night, anxiety over college entrance exams, Hamlet, excitement in the ice-cream room, (gimme a "fudge") devilment on the Senior trip, changing from mischievous juniors to angelic seniors, becoming beautiful for the last prom, supporting our teams, reforming for Baccalaureate, dreading graduation . . . these are the memories of SENIOR YEAR.

before Ann and Rhea? What secret is shared between Patty and Larry? What devilish scheme does State plan? Tune in to the future and learn the answers to all these questions.

Dreaming, Planning, Playing

Visiting the Health Department, Sharon finds that she needs a booster.

Registering for the Yearbook workshop, Senior girls get a chance to visit the Community College.

In Memoriam

Death, be not proud, though some have called thee
Mighty and dreadful, for thou art not so:
For those whom thou think'st thou dost overthrow
Die not, poor Death; not yet canst thou kill me.
From Rest and Sleep, which but thy picture be,
Much pleasure, then from thee much more must flow;
And soonest our best men with thee do go—
Rest of their bones and souls' delivery!
Thou'rt slave to fate, chance, kings, and desperate men,
And dost with poison, war, and sickness dwell;
And poppy or charms can make us sleep as well
And better than they stroke. Why swell'st thou then?
One short sleep past, we wake eternally,
And Death shall be no more: Death, thou shalt die!

—John Donne

Hi Times

Mrs. Prater, sponsor, and the fearless editors of the Hi-Times, Sally and Allen.

"BUT MRS. PRATER!" another rewrite for our sports editors, Mark and Ricky.

The Blackcat editors, Cathy and Greg.

"You mean THIS goes THERE?" Linda and Suzanne have a hard time with the camera.

Phil and Janie don't have any trouble keeping Debbie and Modell laughing with their "special art work."

David gets caught in the act as he photographs Harold and Mark.

There's plenty of typing when there are two papers to put out and Marsha, Helen, Tomi, Debra, and Barbara are always on hand.

Mrs. Prater is always willing to sign hall passes. Jackie, Susie, Ada, and Thelma are glad she's glad.

The first issue of the Blackcat came out great. Greg, Vina, and Cheryl laugh it up on the joke page.

Bimbo, Sandy, Janie, Marc, and Sally take a break after a hard day at the press.

Pam, Susan, Rita and Carolyn can tell anyone that distributing the Hi-Times is no easy job.

Terri, Greg, and Donna work rain or shine on ad sales.

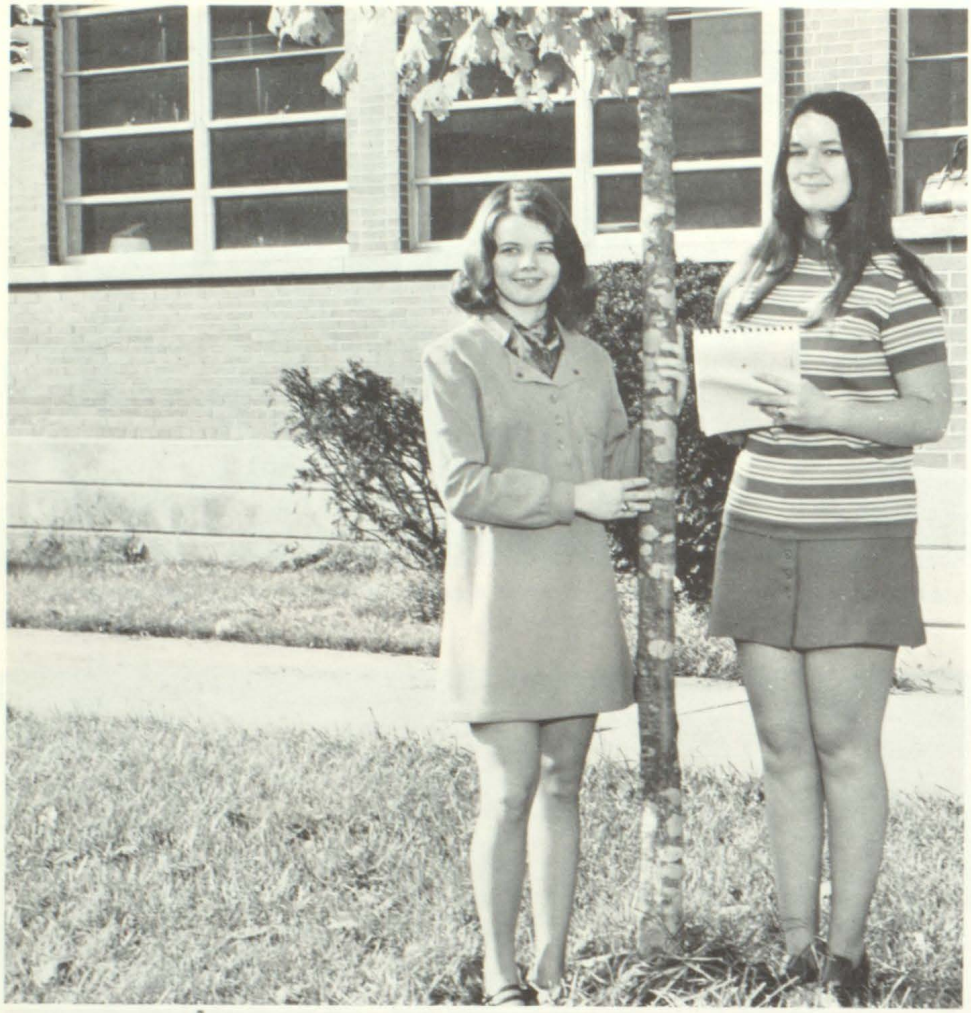

Linda, Polly, Tim, and Paul make those much needed lay out sheets.

Helen, Janna, Linda, and Patty enjoy keeping track of the money matters.

Jeff, Mary, and Don helping to keep the room looking great.

Prestonsburg vs. Hazard

A huge crowd turned out to see the "Cats" play the Hazard "Bull Dogs."

The Blackcats were defeated 14-8, but Teresa, Polly, Suzanne, Dianne, Debbie, Susan never gave up yelling and cheering for their heroes playing in all that rain.

"We could have used a larger umbrella," smiled Jeannie, Carol, Kathy, Sarah, Marsha, Jonell, Sally who enjoyed homecoming even if the rain did come down in buckets. Jennifer seems undecided as to how she feels!!

Some of the plac... nere in those days are now gone but they are remem... many. A few of the more interesting places were ... ilroad station were Susan Compton now lives and the ...el owned by the Sutton's in the vacant lot beside of the pool hall; if you look closely you can see the foundation of the hotel and the side walk that went in front and beside it. Other places of interest was the silent movie theater, known as the Hollie B., in the building beside the post office, the old girls swimming hole on the other side of the railroad, and the old mill on the lower end of town across from the Comb's house. Langley Supply Co., where Ed Stewart now lives, used to be one of the largest stores in this area, selling clothes and shoes and the requalr things of a general store. The house that Judy Stewart now lives in was once a feed store where wagons pulled by horses used to pull up and get the feed needed by the many local farmers for their live stock. Many of you do not realize that Maytown once had cows, pigs, and other livestock living right in town in the various yards and on the creek bank.

As you can tell the town was quite different from what it is now, but the school was even more different. There was always a school of some sort in Maytown even from its very beginning, but the leaders of the community have always strived toward the improvement of the schools in the community. Unknown to most there were schools on Wilson Creek, Turkey Creek, Brush Creek, Prater Fork, and at the mouth of Goose Creek. There were many one room schools before these, but these were the main ones when the school, on this sight, was built. There are many tales behind these schools and they will be described in detail in later articles.

The main point of the first article is to get you interested in the history of your community. One can easily see that Maytown is a little more interesting than many have ever realize before.

In later issues of the paper you will hear more about the people, the various schools, and about the wild goings on of a town that many of you consider very dull.

Till next month.

Rebecca Lin Stewart

MAYTOWN HISTORY

This continous article will be the Times dedication toMaytown and its history. Not only a history of the schools but, a history of the community and surrounding creeks and "hollers" as well. This first article is an introduction into the life of early Maytown, its earliest townspeople, its establishment, and its events that helped to shape the town into a booming community of the early 1900's.

John May was the first May to come to this area of Floyd County and gave Maytown its name. When he arrived there were two other white families in the area of our present day Maytown; they were the Allens and the Martins. Ruben May, son of John May, is considered the founder of Maytown. His family first came to this area from Virginia in 1800. He established the town around 1825-30.

The post office was established in 1890. It was named Langley after the Congressman John Langley. There was already a post office established in Morgan County by the name of Maytown but, the peo le did not want to change the name of the town so the two names have been in use since then.

There were few Negros ever to live in Maytown. Two of the best known Negros were Fan and her brother Ike. They were born under slavery but never sold into bondage, since the Emancipation occured in their childhood. Fan was given to Nancy Hagans by Nancy's father as part of a dowery when Nancy married Jack May. Ike belonged to Mahala Hagans, Nancy's sister, and wife of Rev. George May, Jack's brother. Both Jack and George were sons of Ruben May. Fan lived in the house now occupied by Mrs. Elizabeth Baker. Fan lived to be around 90 years old but many thought she was over 100. She died in 1943.

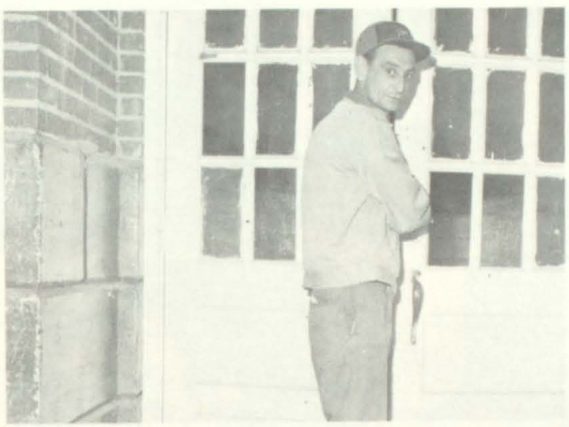

The industries around the area of Maytown did not appear until the turn of the 20th century. In 1909 the black carbon plant came into being. The people of course were excited and did not really know what a black carbon plant was, but when they found out it was actually soot they called it the soot plant. No matter what

This section in the FLOYD COUNTIAN is the Maytown High School Annual Staff's parting gesture. Farewell, and a sincere "Thank-You" to the town that arose to every occasion to see that M.H.S. excelled in all phases of school work . . . . . "Small But Very Much Alive—The community of Maytown (Langley Post Office) is perhaps unique in this area" . . . . wrote Norman Allen, Editor of The Floyd County Times in a recent editorial. ALIVE has been our keyword for the past few decades, as we saw our students compete and triumph with students from every state in the union.

We feel that we have been taught well at Maytown. Our education has been comprehensive, including the factual and the things in life—social and spiritual concepts—that are a vital part of education. Thanks to our beloved faculty members throughout the years, whose knowledge, untiring patience, sympathy and understanding gave us our added initiative.

Though, next year we'll move on to assume our rightful position at the new Allen-Central High School our added fondness for the SMALL but ALIVE town will never falter. The residents of Maytown, our faculty members, and our M.H.S. school-day chums will always occupy a special spot in our hearts.

Goodbye!
