## THE IMAGE OF A PROGRESSIVE SCHOOL SYSTEM

## CREATING THE IMAGE FLOYD COUNTY BOARD OF EDUCATION

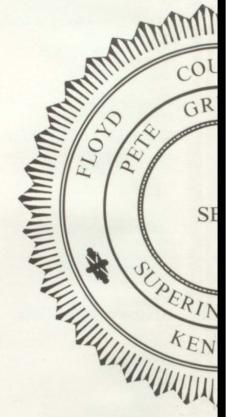

Pete Grigsby, Jr. Superintendent

Ronald Hager Assistant Superintendent

Dr. James D. Adams Member, Educational District 1

John M. Stumbo, Chairman Educational District 3

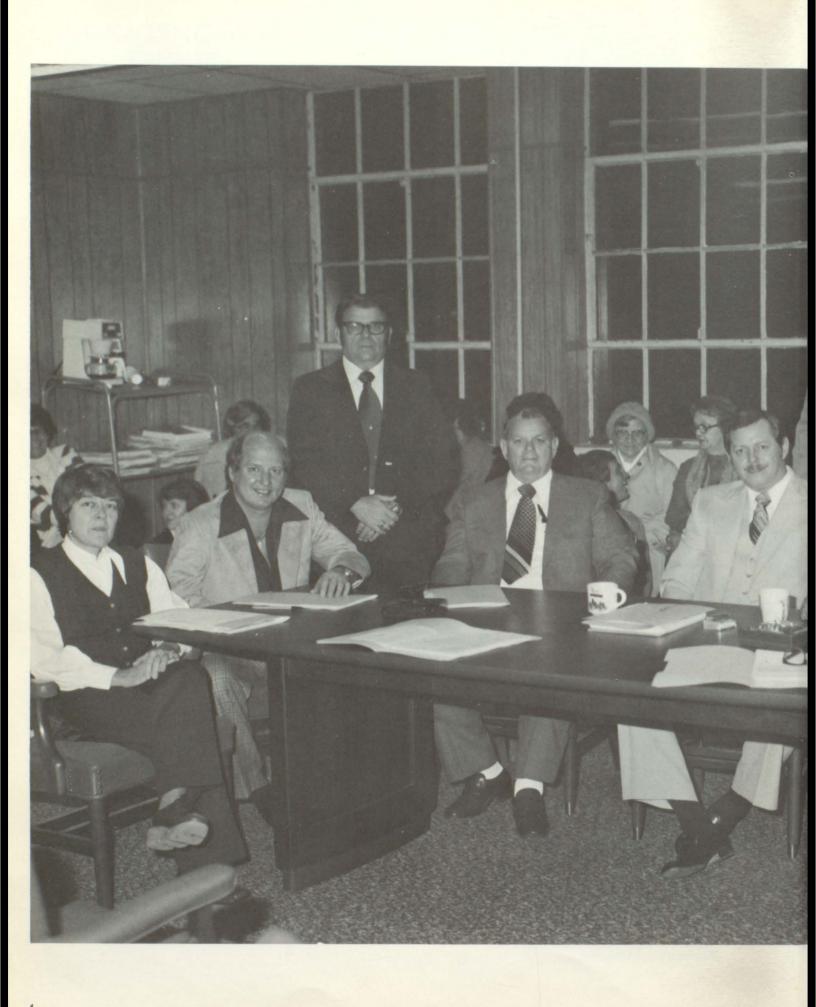

James A. Duff, Vice Chairman Educational District 5

Dr. Mary A. Hall Member, Educational District 4

#### SUPERINTENDENT'S MESSAGE

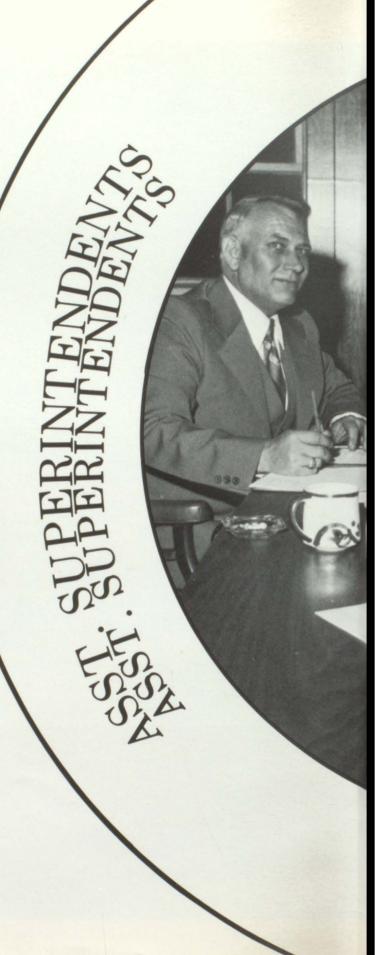

I would like to take this opportunity to thank all the people who made this annual possible. It took many hours of work and dedication to complete a major task such as this. Certainly all of Floyd County would join with me in congratulating those responsible for such a splendid piece of work. Our annual has been acclaimed by many as being one of the best and most unique productions of its kind. We can rest assured that this year's book is in keeping with these high standards.

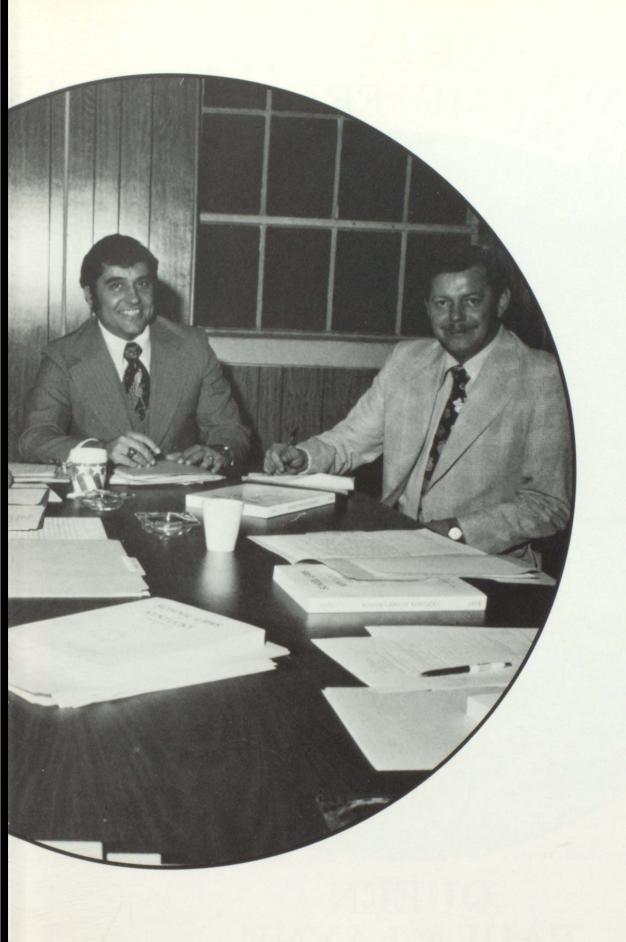

The school year of 1978-79 has, in its own way, been most unique and progressive. The school curriculum has been enriched and made very productive with the addition of many new programs to enhance learning opportunities for boys and girls of all ages. A year round Kindergarten and Head Start Program were initiated for the pre-school age and early-school aged students. Practical Arts, a new vocational education program, was inserted into the county curriculum for Jr. High and Sr. High students alike. Also, Career and Character Education for boys and girls of all ages were made available in our grade and high schools. We continued to completely implement Title IX for girls in our curriculum and athletic opportunities. All of these new programs plus adding several courses to our secondary offerings certainly suggests that the past school year was very progressive when related to the goals of improving the curriculum.

We added further the testing of students in certain grades in elementary and high school. These tests will be given annually and will help us to evaluate more completely the achievements and growth of our students. With the aid of teachers and administrators we have intiated an evaluation program for all certified personnel in the school system, and with the help of state funds we are attempting to up-grade the quality of our administrative personnel with work-shops and innovative instructional programs for their development as leaders in our schools!

Yes, we feel that 1978-79 was a good year for boys and girls in our school system as a result of an improved instructional program because of these efforts. We invite all Floyd Countians to join with us and the members of the Board of Education in an unified effort to continue to work for the improvement of our educational system.

## IN MEMORY

Robert L. Jones, Sr.

Date of Birth: April 9, 1917 Deceased: September 30, 1977

He was an asset to his community where he lived, and many lives have been made richer and fuller because he passed this way. He has left a portion of himself in the Floyd County School System where he taught for 31 years. The following lines are a tribute to those years of dedicated service:

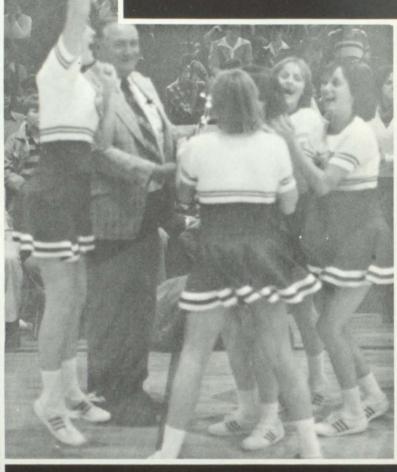

Dear friend, said a fellow pilgrim near — you're wasting strength in building here, Your journey will end with the end of day; you never again will pass this way.

You have crossed the chasm deep and wide — why build you this bridge at even tide? The builder lifted his graying head, ''good friend, in the path I've come,'' he said

There followeth after me today, a youth whose feet must pass this way, The chasm that has been naught to me, to that fair-haired youth may a pitfall be.

He, too, must cross in the twilight dim, ''Good friend, I'm building that bridge for him.''

### IN MEMORY

#### Ralph Smock

DEATH IS A DOOR

Death is only an old door Set in a garden wall;

On gentle hinges it gives, at dusk When the thrushes call.

Along the lintel are green leaves, Beyond the light lies still; Very willing and weary feet Go over that sill.

There is nothing to trouble any heart; Nothing to hurt at all. Death is only a quiet door In an old wall.

## IN MEMORY

#### SPECIAL DELIVERY FROM HEAVEN

Sorry I had to leave you right away, I look down and smile at you everyday, Little Priscilla ask to say ''Hi, I love you.'' I'M happy, so please don't cry.

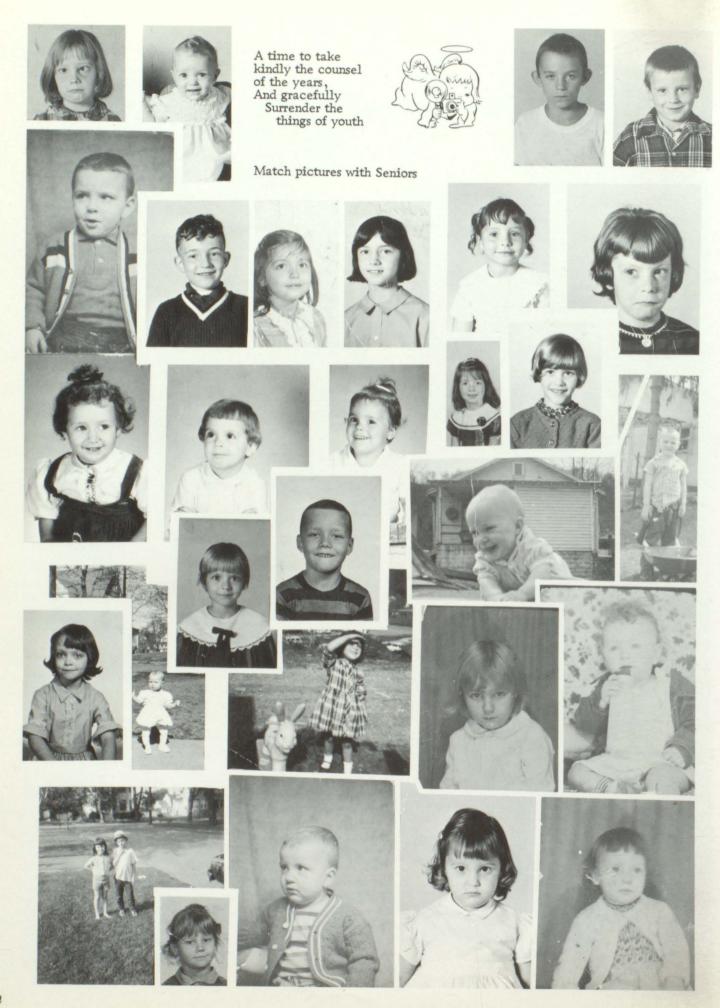

And Joan I'd like to say, How proud Sissy was of you that day. When you stood like a lady and watched me go by, And doing as Mommy did, you tried not to cry.

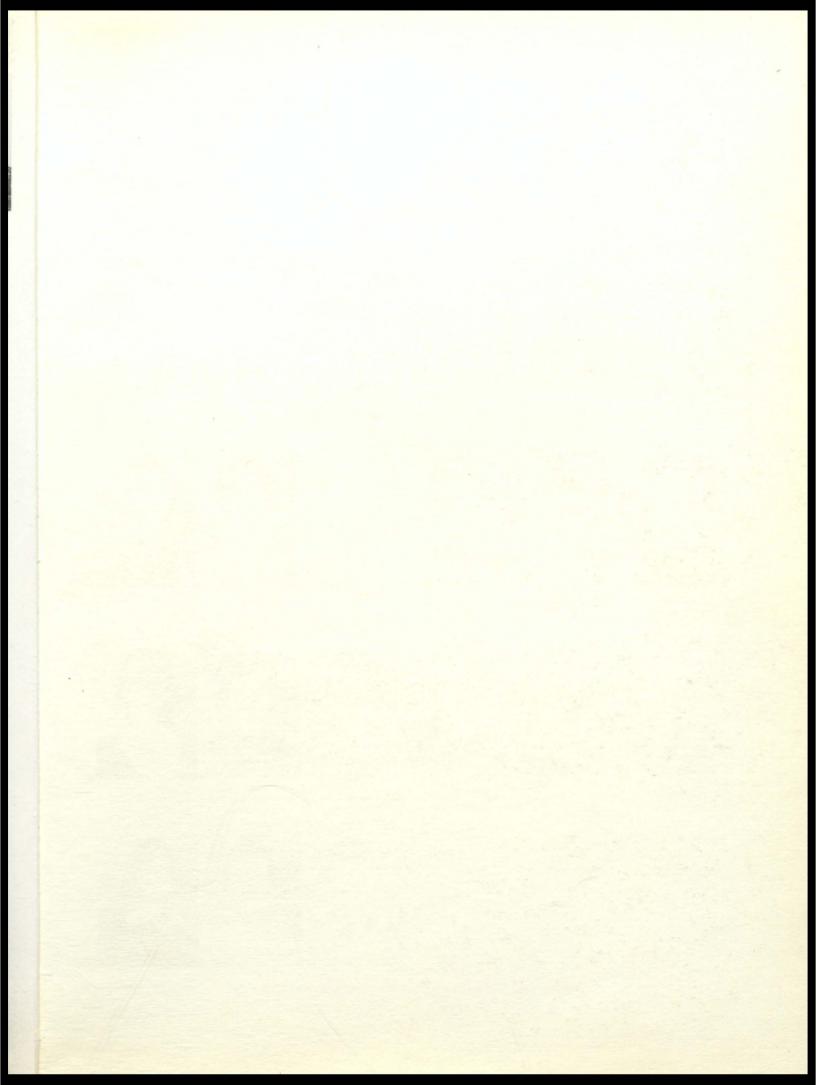

Little Walter now you're the big man, So take care of Mommy the best you can. You were just like an adult who's mind was so brave, Thanks for the flowers that you placed on my grave.

And Mommy there was no time for good-bye, But I'm sure you could read the ''farewell'' in my eyes. Watch over the children and love them for me, I'll treasure their love through eternity.

So please carry on as you did before, Until all of us meet on Heavens bright shore. Remember I love you Remember I care, I'll always be with you, though you don't see me there.

> Love, June

#### **MEMORANDUM**

Sam Eversole, Jr.

Sam, in a short period of time, captured the hearts and friendships of his students and peers alike. He accomplished this feat by exemplifying ideal characteristics of the teaching profession. He was unselfish, fair, dedicated, and gave of himself beyond the call of duty to his job and his students. He was truly a teacher dedicated to the task of educating the youth of Floyd County and spent long hours, all unpaid momentarily, expressing an unique philosophy among today's educators that is the exception rather than the rule. We are all losers because of Sam's untimely death. Yet, we are all winners because of his brief stay with us in this life and the love and devotion he exemplified to all who knew him.

Sam was always loyal and hard working. At an early age, he accepted extra responsibilities while a student at McDowell Grade School as a basketball and baseball manager for the high school teams. While in this capacity, he developed the skills that were later to be the sole support for his college education.

With the help of his high school coach, Sam received an athletic scholarship to Morehead State University as a student-trainer for the basketball and football teams. After his Freshman year, Austin Peay University offered him a full scholarship and extra benefits if he would leave M.S.U. and become their sole Basketball Trainer. Sam accepted the offer and while at Austin Peay met his future wife, Judy Mason.

Sam returned to his native Floyd County to teach at Prestonsburg Elementary in August of 1977. He later transferred to Martin Elementary during the same year. His wife, Judy, became the women's coach at Allen Central High School.

While teaching and coaching in Floyd County, he won the respect and admiration of his students and players. He taught his players how to win with a sense of self-accomplishment and pride, while he also taught how to lose with dignity and self-respect. He may have lost several games in football and basketball during his short tenure as a coach, but to all of us who knew him — Sam was a winner in the game of life and a credit to his family, friends, and profession.

Sam was a graduate of McDowell High School in 1973 and a graduate of Austin Peay University in 1977. He was raised in East McDowell and was the son of Sam Eversole, Sr. and Reba Eversole.

#### IN MEMORIAM

You Cannot say you must not say, that she is dead. She is just away! With a cheery smile, and a wave of the hand She has wandered into an unknownland And left us dreaming how very fair It needs must be, Since she lingers there; So think of her faring on, as dear In the love of there as the love of here, think of her still as the same, and say She is not dead, she is just away.

#### OUR SCHOOL PHILOSOPHY

#### PHILOSOPHY OF PRESTONSBURG ELEMENTARY SCHOOL

The Prestonsburg Elementary School exists for one main purpose, that is to meet the needs of all pupils regardless of race, creed, color and mental ability. We, the faculty, recognize that each child is a unique individual and that we must educate him to his fullest potential — intellectually, personally, socially and physically.

Intellectual development is concerned with the optimal development of the individual for his and society's benefit. While we are unable to solve the problems of all students, we must provide them with the necessary information, knowledge, and assistance whereby they can evaluate themselves, solve their own problems, and plan their future.

Personal development represents all that a person is and does. This development is influenced by how the individual looks, feels, acts and gets along with himself and others. Personal development blends together all characteristics — physical, social, intellectual and emotional.

Social development involves aiding the student in acquiring attitudes, knowledge, and skills that equip him/her for effective participation and responsible behavior in an evolving society.

Physical development involves teaching our young people the physiological facts of their body functions, the diet, exercise and rest needs of their bodies, the effect of harmful habits and practices which exist in today's society, the sport skills which will provide enjoyable recreation throughout their lives, and motivation to apply this knowledge for the foundation and maintenance of good health and lifelong physical fitness.

### IN MEMORY

#### In Memory

There is a reaper whose name is death, And with his sickle keen, He reaps the bearded grain at a breath, And the flowers that grow between. O, not in cruelty, not in wrath, The reaper came that day; Twas an angel visited the green earth, And took that flower away.
