Superintendent's Message

Although this past school year was very trying in many respects it was also a year of change and progress in our school system. It was also a year of overcoming a devastating flood in the Spring of the year that nearly wiped out several of our schools and put our school system in a very difficult and serious situation. But once again our people in the schools and communities rose to the challenge and overcame the near-destruction of our school system. I don't know how much longer our schools can continue to take this kind of abuse and punishment and still provide an adequate atmosphere in which to educate the youth of Floyd County. Somewhere in the near future the citizens and educators of Floyd County are going to have to do something to rectify and improve the current school facilities and structures in our county. Together, we should muster appropriate pressure on our senators and representatives, who represent us, to provide revenue for new school buildings and repair work on existing structures in the coming General Assembly of 1986. Better facilities and proved structures for our school system should be of the highest priority to help improve schools in Kentucky.

We certainly improved as a county on our CTBS scores for the school year 1983-84. Floyd County improved its position to rank 148th in the State and showed an overall increase of 13% in its scores from the previous year. We hope to duplicate this accomplishment again this year. Floyd County ranked higher than any of its neighboring county school districts of Knott, Pike, Magoffin, Johnson, Martin and others. When you consider that we test nearly 2,500 pupils as compared to the one or two hundred in the Pikeville and Paintsville Independent School Systems, thus one realizes the scope and magnitude of our achievement as the State's 7th largest school system compared against smaller and better financed school districts. I certainly congratulate our pupils, teachers and administrators

for a job well done! Keep up the good work!

This year also marked the beginning of joining forces with Floyd County communities in fighting alcohol and drug abuse in our schools. The Floyd County Educational Task Force, The Floyd County Drug & Alcohol Abuse Organization, along with the Floyd County Board of Education, have joined together to combat these problems in our schools and communities.

Former Governor Julian Carroll addressed over 4,000 students in the Floyd County Schools at a Rally in the Prestonsburg High School Fieldhouse on November 16, 1984 to help identify and stem the tide of using drugs and alcohol as young Floyd Countians in our schools and communities. Positive responses from civic and private organizations and from parents, teachers, and administrators were detected by everyone who worked with this project. With continued support and interest by everyone this beginning could mark a significant milestone helping to improve and rid our schools and communities of these threats to our society and individuals.

It's exciting to look ahead and realize what needs to be done in our public schools throughout Kentucky and to also realize that all of us have a significant place in the assistance and support of improving our schools in Floyd County and Kentucky. However, let us remember, that if this task is accomplished, it will take everyone as individual, and every organization and the school and legislative people, working *Together* to achieve this monumental task which lies ahead.

Will you join us in this endeavor?

Pete Grigsby, Jr., Superintendent Floyd County Schools

The following message by Superintendent Grigsby was given to honored students and parents at the 1st Annual Academic Banquet of the Floyd County Board of Education. This event will occur annually in the Floyd School System beginning last May, 1984.

I want to take this opportunity to welcome everyone to the First Annual Banquet of the Floyd County Board of Education in recognition of our top academic students in our school system. We plan on making this

event an annual occurence.

For too long our major academic achievers have gone unrewarded and unrecognized by the general public. This is an attempt to reconcile this oversight with the proper participants and reward these outstanding students accordingly. Upon my recommendation your Board of Education sanctioned this event and with the help of school personnel and community leaders it has become a reality.

Tonight, on behalf of the Board of Education, I shall honor all Valedictorians and Salutatorians in our county as making our First Annual All Floyd County Academic Team for the school year 1984-85. The underclassmen as selected in their respective schools by their Principals and Teachers will be recognized and placed on the All Floyd County Academic Second Team for this year.

I want to thank the parents, students, and teachers for making this event possible. Also all Central Office Staff, Cooks, and other school personnel and contributing businesses certainly deserve a great big Thank You from all of us for your support.

Joining in the effort against alcohol and drug abuse are, from left, Governor Julian Carroll, Chairman of the Governor's Task Force on Drugs and Alcohol; Pete Grigsby, Jr., Superintendent; Ray Brackett, Ass't Superintendent of Finance; Ray "Shag" Campbell, Board Member, District 2; and John M. Stumbo, County Judge-Executive and former Chairman of the School Board.

Governor Julian Carroll addressing more than 4,000 students assembled at the Prestonsburg High School gymnasium. Students in grades 7 through 12 came there from schools over the county.

RECEIVES RECOGNITION Mr. Tim Salisbury received this recognition from Gregory D. Stumbo, member of the House of Representatives: The House of Representatives of the Commonwealth of Kentucky hereby recognizes the Daniels Creek One Room School and teacher Mr. Tim Salisbury, for their excellent contribution in providing educational opportunities for grades 1-8. Pictures from left to right are Fred Newsome, Board Member, Educational District #3, Tim Salisbury, Teacher and Pete Grigsby, Jr., Superintendent of Floyd County Schools.

FLOYD COUNTY SCHOOL SYSTEM AND GOVERNOR CARROLL ATTACK ALCOHOL & DRUG ABUSE IN FLOYD COUNTY SCHOOLS

We were very proud and elated to have had former Governor Julian Carroll to address our Junior High and Senior High School students in the Prestonsburg Fieldhouse on November 16, 1984. Over 4,000 people were there to hear his message and words of wisdom on how to prevent alcohol and drug abuse in schools. We certainly appreciate Governor Carroll taking the time to come into our school system and help us with this problem. Governor Carroll complimented the leadership of our school system by stating that Floyd County was always alert to its problems and got out in front of them and tried to solve them before many other school districts had even identified their problems.

Besides addressing over 4,000 students he made appearances on WPRT Radio and spoke at a luncheon banquet at May Lodge to civic and local leaders of Floyd County. He was very excited about the support in Floyd County for the Alcohol and Drug Abuse Program, from both the schools and the community.

Among those who met at May Lodge, November 5, to observe the 20th Anniversary of the Head Start Program nationally were, from left, first row, Sandy Cole, supervising teacher, Charlotte Collins, Floyd County Director of Head Start, Mrs. Carl D. Perkins, who accepted certificates honoring her late husband, and Charla Crowell, representing the National Head Start Association, rear, Floyd County Judge-Executive John M. Stumbo, Clifford Austin, Head Start Director, Big Sandy CAP, and Pete Grigsby, Jr., Superintendent of Floyd County Schools.

CONGRATULATIONS to the Martin Junior Pro Girl's Basketball Team for winning the Eastern Kentucky Championship on March 3, 1984 and then winning the Kentucky State Championship in Lexington on March 17, 1984. Then on March 31, 1984 the Martin Junior Pro Girl's Basketball won the NATIONAL JUNIOR PRO GIRL'S BASKETBALL CHAMPIONSHIP in Knoxville, Tennessee. The Martin Junior Pro Girl's Basketball Team is the only basketball team from Floyd County to ever have won a National Championship. They were under the direction and leadership of Jim Hopkins, Edgel "Bide" Click, Garvin Crum, and Glenn Floyd.

Three girls from Martin were selected to the State's All-Tournament Team. They were JoAnn Conn, Tonya Foley and

Michelle Floyd.

Pictured from left to right, 1st row: Patsy Rose, Ida Faye Meade, Debbie Rose, Tiffany Click, Leslie Wallen, 2nd Row: Angie Martin, Teresa Akers, Tina Jo Crum, JoAnn Conn, Michelle Floyd, Kristi Bevins, Tonya Foley, Beth Horn, Tonya Crum, 3rd row: Glenn Floyd, Edgel "Bide" Click, and Garvin Crum.

In Memory

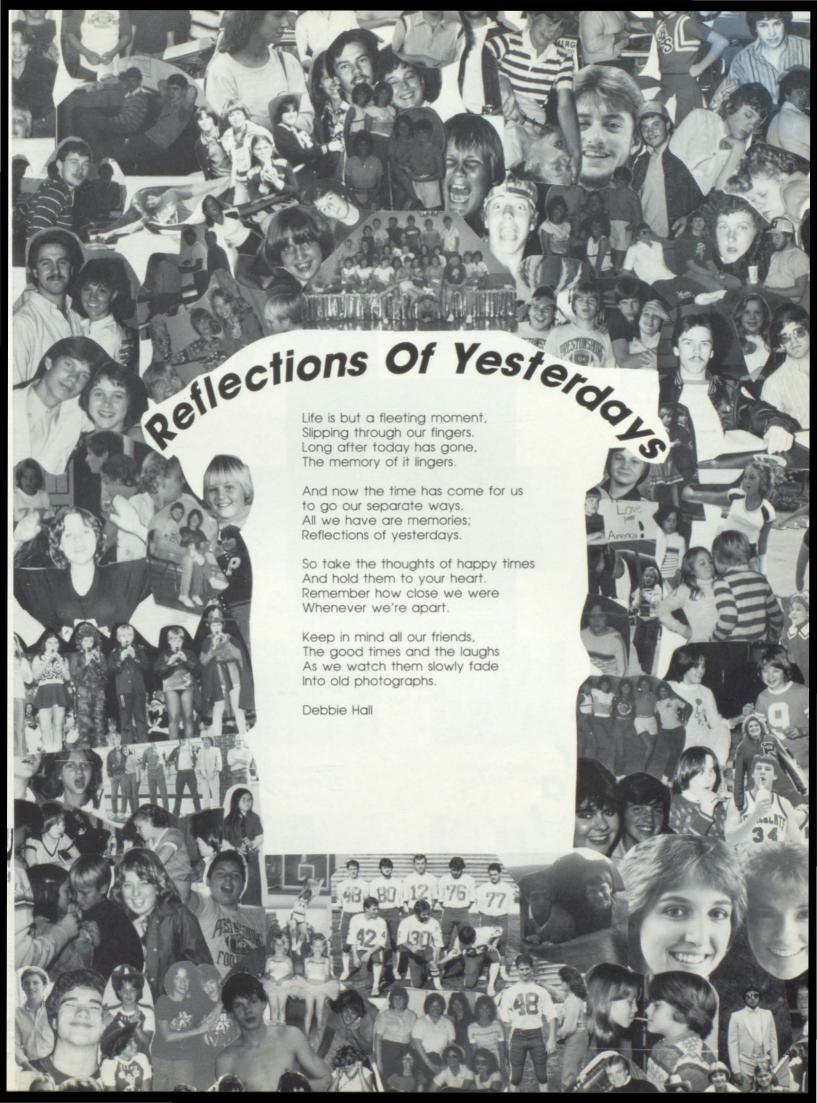

SOMEONE SPECIAL

A brother is Someone Special someone very dear to you You will surely treasure the moments with him because they are dear and very few.

A brother is a person who can never be replaced by another because he was a one and only.

And when you've lost a brother you can truly say you've lost Someone Special.

Your Loving Sister, Birdie. I'll love you always, Bubby.

In Memory

Patty Adkins

I'll lend you for a little time, a child of mine, He said.
"For you — you to love while she lives, and mourn when she is dead"
"But will you till I call her back, Take care of her for me."
"She'll bring her charms to gladden you and shall her stay be brief."
You'll have her lovely memories or solence for your grief."

I've looked the wide world over in my search for teachers true." "I have selected you"

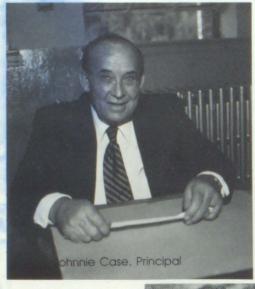

"Now will you give her all your live, nor think the labor vain, When I come to call her back again "For all the joy, thy child shall bring the risk of grief I'll run,

"But shall the angels call for her, much sooner than we planned.

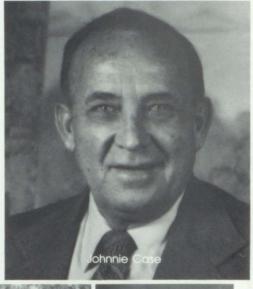

"We'll brave the bitter grief that comes and say, Dear lord, thy will be done."

HEAD START'S 20th ANNIVERSARY

Congressman Chris Perkins, whose father, the late Congressman Carl D. Perkins, was the driving force behind the Elementary and Secondary Education Act of 1965 and other legislation furthering education, addressed the gathering who met at May Lodge, November 5, 1984, to observe the 20th anniversary of the Head Start Program nationally.

Children from all Head Start Centers in the county gave recitations and songs.

In recognition of the late Congressman's distinguished service to education, especially his initiation of the Head Start Program, certificates were presented to his widow and son by Charla Crowell, of the National Head Start Association.
